Two Children Beaten To Death

DETAILS OF DST AT ANDREWS DISCOVERY ARE REPORTED

The Pure Oil Company and Humble Oil & Refining Company No. 1 Cowden, discovery for flowing production from the Devonian in Southwest Andrews County, one-half mile east and three-quarters of a mile north of nearest wells from that zone in the Dollar Hide field, and 1,980 feet from west and 660 feet from south lines of section 24, block A-52, psi survey, was drilling ahead below 7,743 feet in lime and chert.

Official report on the drillstem test at 7,682-7,743 feet, showed that the drill pipe started flowing oil one hour and 16 minutes after the tool was opened.

Oil was flowed to pits for 34 minutes before the tool was closed. It was then shut in 10 minutes to run a pressure build-up test. Operators waited one hour and 45 minutes for the oil which was in the drill pipe to unload, before they started pulling the string.

Since there was no storage at the well, all the oil went to pits. There was no gauge of the production, and no estimate on the total recovery of oil.

NEW PROJECT STAKED IN DOLLAR HIDE DISTRICT

Pacific Western Oil Company, (Skelly), has filed application with the Railroad Commission for a permit to start drilling at once on No. 2 E. P. Cowden, a new exploration to the Devonian, in the Dollar Hide area.

It will be 660 feet from north and west lines of west half of south-west quarter of section 4, block A-55, psi survey.

Drilling will be to 8,400 feet, unless the project gets production, or water, in the Devonian, at a higher level. It is 1,320 feet due north of the same company No. 1 Cowden, a producer from the Devonian.

LION COMPLETES FLOWING WELL FROM DEVONIAN PAY

Lion Oil Company No. 2 Cowden, (Tennie), an outpost to production in the Dollar Hide field, and 1,980 feet from north and 660 feet from east lines of section 6, block A-55, psi survey, completed for a 24-hour flowing potential of 703.68 barrels of 40.1 gravity oil, through a 32/64-inch choke, natural. The pay is at 7,970-8,173 feet. Gas-oil ratio was 518-1.

AMERADA TO DRILL ANOTHER WILDCAT IN HOCKLEY

Amerada Petroleum Corporation No. 1 W. B. Beakley, is a new wildcat in North-Central Hockley County. It will be 694.5 feet from south and 694 feet from west lines of labor 12, league 734, State Capital Land survey.

That puts it three miles east and north of the Levelland field, and one and one-half miles southeast of same company No. 1 J. B. Shofner, recently abandoned dry hole, which failed to get any signs of production in the San Andres above 5,000 feet.

Drilling with rotary, to 5,000 feet, will start at No. 1 Beakley, in a few days.

NO CONFIRMATION OF RUMORS ON CSOC-SPOC NO. 1 WOOTEN

Rumors of various sorts are still floating regarding Cities Service Oil Company and Sinclair Prairie Oil Company No. 1 Wooten, Southwest Ector County wildcat, six miles west and a little north of the discovery well of the Jordan-Ellenburger field, near Permian.

The only official report available from the project was that it had reached 8,270 feet, and that it was supposed to be making more hole.

There was no confirmation of unofficial reports that the wildcat had entered the Devonian and had logged some slight shows of petroleum in that zone.

Neither is there any confirmation of rumors of several days ago that the exploration recovered 2,040 feet of oil and a small amount of mud, in a drillstem test at 8,065-8,100 feet, in a zone of the Pennsylvanian.

DRINKARD EXTENDER MAKES OIL AND SOME WATER

Barusdall Oil Company No. 1 Elliott-Federal, wildcat one mile north and about the same distance west of nearest completed producers from the lower Permian on the northwest side of the Drinkard field, in East-Central Lea County, New Mexico, and 660 feet from north and west lines of section 20-21s-37e, swabbed and flowed 15 hours and recovered 110 barrels of oil and 32 barrels of water, from open hole at 6,670-97 feet, which had been treated with 1,000 gallons and 2,000 gallons of acid.

Source of the water had not been determined. Some observers think it may be coming from around the plug at 6,697-6,709 feet, which had been set to shut off bottom water.

RANGERS JOIN HUNT FOR JAIL ESCAPEE

LLANO —(P)—Texas Rangers Wednesday joined with local authorities in a search for Nicholas Duke Muse, who broke jail here Monday. Muse, sentenced to five years in the penitentiary last month after conviction on a car theft charge, used a part of his jail out to pry open bars in a window and gain his freedom.

Uniform Code For Auto Drivers In Texas Is OK'd

AUSTIN—(P)—Gov. Beauford H. Jester Wednesday signed legislation setting up a new uniform traffic code.

Under the new code, which becomes effective September 5, there will be uniform traffic laws throughout the state highway system. Cities and towns will retain their police powers where they do not conflict with state statutes.

The 50th legislature finally passed the code in the last day of its session, numbering Texas as 33rd in the line of states which have adopted similar uniform codes. The bill was sponsored by the Texas State Association in an effort to secure national adoption of uniform highway and municipal traffic laws.

Violation of most provisions of the new code will result in fines ranging from \$1 to \$200 upon conviction. The penalty for hit-and-run driving is imprisonment up to five years and/or fines up to \$5,000.

Major provisions

Among major provisions directly affecting motorists are the following:

Accident reports required within 24 hours in cases of death, injury or property damage exceeding \$25.

Drivers striking unattended vehicle must leave a written notice giving name and address of the driver.

Overtaking and passing school buses require full stop, then proceeding at speed of not more than 10 miles per hour.

Dimming of lights required when approaching and passing another car.

Use of spotlight prohibited when approaching another car.

Dimmed lights on parked vehicles on highway required at night.

Highway patrol granted authority to remove abandoned vehicles from highways.

Uniform arm-and-hand signals required.

Minimum standards set for lights and brakes, subject to inspection by highway patrol.

Huge Forest Fire Is Spreading In Alaska

ANCHORAGE, ALASKA —(P)—Smoke darkened the Alaskan sky Wednesday as a great forest blaze, covering an estimated 100 square miles, ravaged the Kenai peninsula's rich spruce, hemlock and fir forest.

The fire, which has spread to the west, is burning in the region's many lakes.

"The smoke is rising to 25,000 feet—so high we must fly around it," said Pilot Gentry Schuster of the Seward Safeway Airways, adding he saw flames leaping 100 feet into the air.

Termed it the "biggest fire I've seen in seven years," Pilot Ward Gay of Sea Air Service said he feared the entire peninsula would be swept, unless rain came to check the flames.

The Weather Bureau said and a little north of the discovery well of the Jordan-Ellenburger field, near Permian.

The only official report available from the project was that it had reached 8,270 feet, and that it was supposed to be making more hole.

There was no confirmation of unofficial reports that the wildcat had entered the Devonian and had logged some slight shows of petroleum in that zone.

Neither is there any confirmation of rumors of several days ago that the exploration recovered 2,040 feet of oil and a small amount of mud, in a drillstem test at 8,065-8,100 feet, in a zone of the Pennsylvanian.

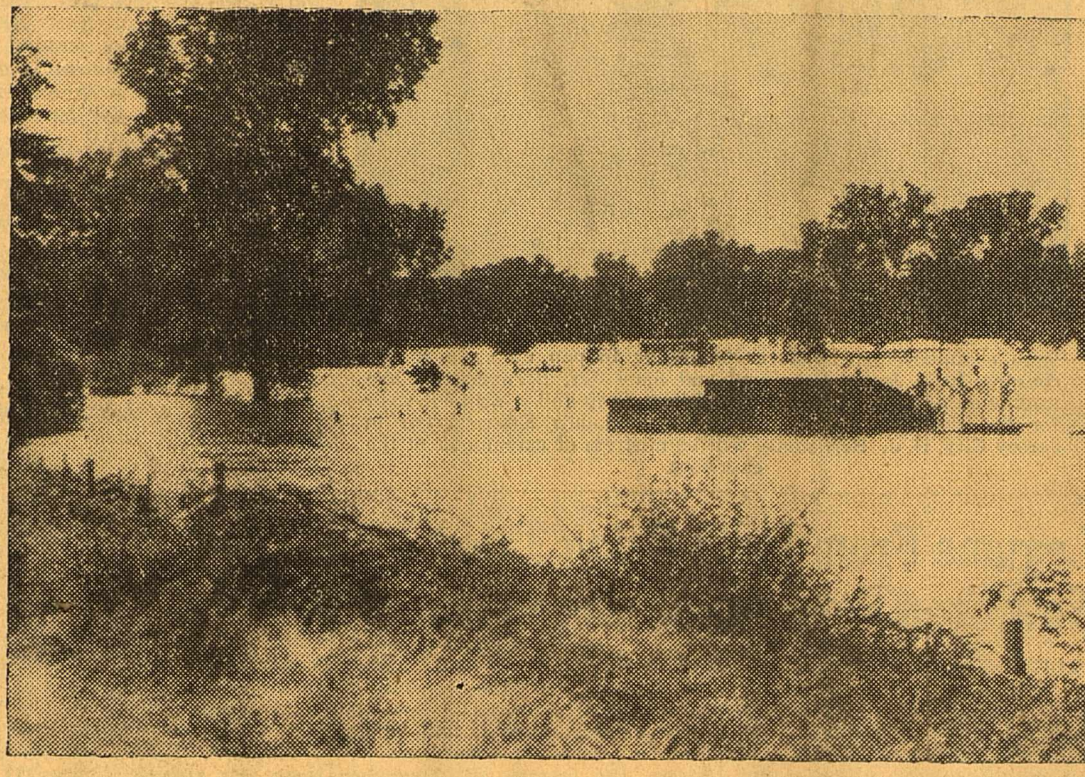

DRINKARD EXTENDER MAKES OIL AND SOME WATER

Barusdall Oil Company No. 1 Elliott-Federal, wildcat one mile north and about the same distance west of nearest completed producers from the lower Permian on the northwest side of the Drinkard field, in East-Central Lea County, New Mexico, and 660 feet from north and west lines of section 20-21s-37e, swabbed and flowed 15 hours and recovered 110 barrels of oil and 32 barrels of water, from open hole at 6,670-97 feet, which had been treated with 1,000 gallons and 2,000 gallons of acid.

Source of the water had not been determined. Some observers think it may be coming from around the plug at 6,697-6,709 feet, which had been set to shut off bottom water.

Operator is continuing to test and likely will set a pump and complete the project in a few days.

Boys Frolic In Flood

(NEA Telephoto) A group of boys atop a chicken coop amuse themselves by rolling small building in a flooded farm yard near Elwood, Kan. The area is about one mile from the Missouri River. Thousands of acres of rich farmland in Northwest Missouri and Northeast Kansas are inundated as a result of damaging Spring floods.

Pioneer Merchant-Rancher And Winters Woman Shot To Death

WINTERS—(P)—Ben Spill, 69, pioneer merchant and landowner, and Mrs. Ella Rhea Daniels, 58, were found shot to death near here early Wednesday.

Justice of the Peace J. W. Meadows returned a verdict of murder and suicide. Meadows said Mrs. Daniels shot Spill twice in the head and then shot herself with a .38 calibre revolver.

The bodies were found by Walter Adams, Spill's nephew. Officials said the shooting apparently took place Tuesday night after the couple had left here to attend a party in Ballinger.

Spill, resident of Winters for 55 years, owned more than 2,000 acres of rich farming land here. He is survived by a son, Clarence and a daughter, Bendina. Mrs. Daniels is survived by a son, Bill Daniels, a hatchery operator here and a World War II veteran.

Plans To Berth Famous Texas Battleship Made

AUSTIN—(P)—Preliminary plans for berthing of the battleship Texas at the San Jacinto battle grounds early in November have been outlined by Adm. D. C. Ramsey, vice chief of Naval operations, in a letter to Gov. Beauford Jester.

The 50th legislature provided for a commission to accept and berth the battleship.

Ramsey said in his letter made public at a recent governor's press conference, present plans anticipate moving the Texas to the Norfolk Navy Yard about August 1, towing to Houston to begin after the hurricane season about October 15, and arriving at Houston about November 5.

Daniel Backs Plea Of Railroad Commission

AUSTIN—(P)—Oil companies opposing the Texas Railroad Commission's order closing the Seeligson Field until beneficial use is made of flare gas are "extending open arms" to federal control of oil, the state Supreme Court was told Wednesday.

This argument was voiced by attorney general Price Daniel, defending the commission's order. Enforcement of the order had been enjoined in district court here. The case was on direct appeal to the Supreme Court from the district tribunal.

The daily burning of more than 30,000,000 cubic feet of casinghead gas in the Seeligson Field of Nueces county is an "unlawful waste" of natural resources and should be stopped by approval of the commission's order, Daniel told the court.

Daniel contended Texas statutes authorize the Commission to flare gas waste and that such action is necessary to halt "sinful waste of billions of cubic feet of natural gas daily."

Weather

Partly cloudy Wednesday afternoon, night and Thursday. Not quite so warm Wednesday afternoon and night in Farmland and South Plains and Pecos Valley areas. Maximum temperature Tuesday in Midland was 98 degrees, minimum 71 degrees. Minimum Wednesday morning was 74 degrees.

President To Decide Friday On Labor Bill

WASHINGTON —(P)— President Truman decided Wednesday to forego his weekly news conference to work on a message to Congress on the labor union control bill.

Truman will send a message to Congress Friday, regardless of whether he signs or vetoes the bill.

Eben Ayers, assistant press secretary, said a heavy volume of mail continued to pour into the White House concerning the legislation with "a heavy majority favoring a veto." Ayers said the volume of communications about the measure is by far the greatest ever received by Truman on any single legislative issue or other controversy.

Top Democratic and Republican leaders have predicted the House will vote to override in event the President decides to veto the legislation. But they were uncertain of the outcome in the Senate.

Ayers estimated 157,000 to 158,000 cards and 25,000 telegrams had been received through Monday.

Ayers said one pile of letters in the White House mail room is "larger than a cord of wood," measuring 12 feet long, five feet high and four feet wide.

He said around 10,000 letters a day still are coming from individuals, groups and organizations. He did not estimate the percentage favoring a veto other than to say the majority was "heavy."

Court Upholds Ruling City-Acquired Property Not Taxable By Schools

AUSTIN—(P)—Lower court rulings that when a city acquires property, it is no longer taxable by a school district were in effect upheld Wednesday by the State Supreme Court.

It found no reversible error in trial and district court findings adverse to the San Antonio independent school district versus the Board of Trustees of the San Antonio electric and gas system.

The district had sought payment of \$113,750 a year for 30 years, or a declaratory judgment establishing its rights, in a dispute arising from operation on behalf of the city of the electric and gas system. The trial court had held the school district could take nothing, denying the declaratory judgment, and this was upheld by the El Paso court of civil appeals.

The Supreme Court's refusal to grant the writ of error sought by the school district leaves the civil appeals judgment in effect.

The contest grew out of the much-litigated purchase by the city from the San Antonio Public Service Company of a light and power plant and gas distribution system. The civil appeals court had held that the property was no longer taxable by school district and that the city could not donate its funds to the district.

Lions Honored For Attendance

John Sewell, James Daugherty and John Biggs received perfect attendance awards for a year at a luncheon meeting of the Midland Lions Club in the Scharbauer Hotel Wednesday noon.

Rotarians were present to make a challenge to the Lions Club for a baseball game to be played as a benefit event. Mike Brumbelow was appointed Lions captain when the challenge was accepted.

J. P. (Kit) Carson announced the annual inaugural barbecue of the club would be held July 2 at Cloverdale Park.

Pat Stanford, John H. Wheeler and C. D. Templeton were inducted as new Lions.

Mayor R. H. (Rusty) Gifford spoke on the status of the City of Midland and its Air Terminal.

House Passes Social Security Tax Freeze

WASHINGTON—(P)—The House Wednesday unanimously passed a bill freezing the social security payroll tax at present rates for two years.

It passed by the Senate and accepted by President Truman, the measure will block an automatic \$2,000,000,000 annual increase in the levy on January 1.

The legislation provides, however, for an increase in the tax in 1950 to from one per cent to 1.5 per cent each against employees' pay and employers' payrolls. In 1957 the tax would jump to two per cent against each.

Without the freeze, the levy would have increased January 1 to 2.5 per cent against employer and employee. The present one per cent tax collects about \$1,500,000,000 annually for the social security old age and survivors insurance program.

Raging Father Also Shoots Neighbors

MIAMI, FLA. —(P)— A sobbing 59-year-old father Wednesday told Detective Sergeant John L. Deas he had beaten his two children to death and then shot two of his next-door neighbors because he didn't want to see the children "placed in a home."

The father, Chris Russell, operator of a cafe, attempted to take his own life as detectives rushed into his restaurant, Deas said.

The blood-stained and battered bodies of Peggy Russell, 11, and John Russell, 6, were found in a bedroom of their little home in the Northwest section.

Next door, Mr. and Mrs. Walter L. Wolfe were found on the floor of their real estate office, both suffering from bullet wounds.

Another business neighbor of Russell's, Mrs. B. Poppelauer, told detectives Russell had rushed into her store and fired his gun at her "point blank" but missed.

Detectives took a revolver from Russell who pointed the gun at himself and snatched the plunger on an empty shell as they went into his cafe, Deas said.

Between sons, Deas said Russell admitted at police headquarters he had killed his two children for fear they would be taken from him and put in a home.

The detective sergeant said Russell blamed the Wolfe's for his troubles.

"Those people were always bothering me," Deas said Russell told him. "They aren't going to put my children in a home."

At city-owned Jackson Memorial hospital, physicians said both Wolfe and his wife, Ethel, might die from their wounds. Wolfe was shot twice, one bullet entering his throat and the other his left hand. Mrs. Wolfe also was wounded twice, in the left shoulder and in the left side.

Deas said he was informed Russell was separated from his wife.

Wool Bill Passage Is Seen By Rep. Hill

WASHINGTON —(P)— Representative Hill (R-Co.) Wednesday predicted President Truman will sign the wool bill, which passed the House over the objections of the State Department.

"I don't see how the President can do otherwise," Hill, a member of the conference committee which drafted the final version of the measure, told a reporter.

The measure faced a last congressional hurdle in the Senate. Hill said, however, he was confident of Senate approval.

Chief objection of Secretary of State Marshall and other State Department officials to the bill is a section providing for import fees on foreign wool, if imports threaten to impair the domestic price support program.

Hill contended the proposed fees are in no sense a "higher tariff," and the President can refrain from imposing them if he feels they will jeopardize reciprocal trade agreements.

FORMAL ORDER FILED

AUSTIN—(P)—The formal order denying a writ of mandamus under which Heman Marion Sweat, Houston negro, sought to gain admission to the University of Texas law school, has been entered in 126th District Court.

LATE NEWS FLASHES

WASHINGTON — (AP) — Thomas J. Har- grace, president of the Eastman Kodak Company, Wednesday was named chairman of the Army-Navy munitions board to succeed Richard R. Deupree.

LONDON —(AP)— A globe-circling Pan American Constellation plane, carrying a party of American editors and publishers, landed at London Airport Wednesday with only three of its four engines functioning.

BUDAPEST—(AP)—Soviet Lt. Gen. V. P. Sviridov Wednesday told Allied Control Commission the Russians "had nothing whatever to do with the recent change in the Hungarian government."

COHASSET, MASS. — (AP) — Mayor James M. Curley of Boston Wednesday was reported still in a critical condition even though he had a "better night."

ROME — (AP) — The newspaper Messagero Wednesday said in a Genoa dispatch 15 persons were believed killed when the motorship Maria Stella hit a mine near the Island of Giglio.

TOKYO — (AP) — Yoshio Kodaira, Japanese "bluebeard," Wednesday was sentenced to hang for the rape slayings of seven Japanese women.

Commission Is Approved By Britain, France

PARIS—(P)—France and Britain Wednesday agreed to convoke a European economic commission "within the framework" of the United Nations economic commission for Europe to implement Secretary of State Marshall's offer of U. S. aid.

The French cabinet then voted formal approval of the French-British alliance, signed this Spring in Dunkerque. The alliance provides for the closest possible economic cooperation.

A cabinet spokesman said France and Britain would jointly invite Russia to participate in the new commission's work. Foreign Minister Georges Bidault and British Foreign Secretary Ernest Bevin reached the agreement to convoke the new commission in conversations here and the French cabinet immediately approved.

The cabinet spokesman said the creation of the European commission had been determined on the basis of French proposals to place reconstruction plans in the hands of several technical committees, dealing with such problems as transportation, food, power, steel, iron and machinery.

Airport matters, including operation, zoning, leasing of buildings and terminal building remodeling, received the attention of members of Midland's City Council at a three and a half hour special session Tuesday night.

The city now is in position to lease out the scores of buildings of all classifications at Midland Air Terminal, formerly Midland Army Air Field, and soon will advertise a date when lease negotiations will be started. Methods of submitting lease applications, buildings available and rental rates will be announced later.

The Midland Chamber of Commerce will be asked to appoint a three-man board to survey the warehouses and other type buildings at the airport, and to recommend to the council fair and equitable rental rates. Rates will be on a per square foot basis, with prices to be established on different type buildings.

An airport zoning plan, submitted by City Manager R. C. (Bob) Hoppe, was approved by the council. The plan includes industrial, retail business and housing areas.

The city again will ask for bids on the remodeling of the airport terminal building, with the bids to be opened July 8.

A hearing was set for June 24 on the application of H. L. Gunter to erect a 14 by 20-foot business building at the corner of East Louisiana and North Weatherford Streets here.

Senator Wiley Presses For De-Centralization

WASHINGTON —(P)— Senator Wiley (R-Wis) recently said transfer of many government functions out of Washington would result in "better governing" and "better relations with the public."

Announcing he will continue his efforts to have moved from the Capital as many as 100,000 of the approximately 250,000 government workers here, Wiley said—

"I do not believe that the national security is served by concentration of the federal government in Washington. On a bomb could wipe out the nerve center of American defense."

Senator Bridges (R-NH) said he wanted answers to these questions from officials of the war, state and treasury departments at a public hearing set for Wednesday afternoon.

WASHINGTON —(P)— Senators on the trail of multi-million dollar American bookkeeping losses in Russian-printed German marks demanded to know Wednesday:—

1. What official handed over to the Russians on April 18, 1944, the engraved plate from which the so-called "invasion marks" were printed by Soviet occupation authorities.

2. Who allowed American Army finance officers to accumulate \$380,000,000 worth more of the German and Japanese invasion currencies than Congress had provided funds to redeem.

Senator Bridges (R-NH) said he wanted answers to these questions from officials of the war, state and treasury departments at a public hearing set for Wednesday afternoon.

Walgreen Anniversary Show On Air Thursday

Top ranking comedy stars of screen and radio will be heard here over station KCRS from 8 to 9 p. m. Thursday when the Midland Walgreen Agency Drug Store presents a special one hour broadcast celebrating the company's 46th anniversary.

This special show is highlighted by such stars as Bob Hope, Dennis Day, Groucho Marx, Cass Daley, Art Linkletter, The Sportsmen Quartet and Lud Gluskin and his orchestra.

Convention Reports Made At Luncheon Of Real Estate Board

Reports on the annual convention of the Texas Real Estate Association held last week in Fort Worth were made by Laura Jesse, Floyd Boles and L. A. Burnside at the regular meeting of the Midland Real Estate Board in the private dining room of the Scharbauer Hotel Tuesday noon. B. G. Grafa, president of the Midland board, was named a director of the state group.

Ray Upham presided at the Tuesday session, at which W. Ben Franklin was elected an associate member, and Houston Hill, an affiliate member, Burnside was named program chairman.

Joe Mims, county attorney, made a brief talk, and Burnside discussed real estate sales advertising.

The next meeting of the group will be held July 1.

Shrine Club Picnic Scheduled Wednesday

The annual barbecue and picnic of the Midland Shrine Club will be held at 7:30 p. m. Wednesday at Cloverdale Park, with all club members and their families invited to attend.

The Midland Lions Club Philharmonic Hill Billy Orchestra will furnish special entertainment. John Biggs is the director.

A softball game will be a feature of the outing.

Legion Discusses Building Campaign

A called meeting of the Woods W. Lynch Post Number 19 American Legion of Midland Tuesday night discussed a proposed plan for staging a drive for funds to complete a legion home now under construction.

No definite action was taken Tuesday night but the legion here plans to discuss the drive further at a meeting next Tuesday night at the courthouse.

LIVESTOCK

FORT WORTH (AP)—Cattle 6-500; calves 2,200; good and choice slaughter steers and yearlings 20.00-24.50; common to medium kinds 11.00-19.00; good fat cows 16.00-17.50; common to medium 11.00-15.50; bulls 10.00-15.50; good and choice fat calves 18.50-22.50; common to medium calves 12.50-18.00; most stocker and feeder steers, yearlings and calves 14.00-21.00; one load strictly fancy calves topped at 22.50; stocker cows 10.00-13.50.

Hogs 700; good and choice 180-270 pound butchers topped at 24.50; good and choice 280-400 pounds 20.00-23.00; sows mostly 19.00-50; few to 20.00; stocker pigs 15.00-23.00.

Sheep 23,000; very slow; medium to good spring lambs 18.00-21.50; common to medium grades 14.00-18.00; medium grade shorn lambs and yearlings 14.00-17.50; aged wethers and old ewes 4.00-8.00; feeder lambs steady; medium to good kinds 14.50-15.00.

Graduation '47—Pony Edition

With commencement pictures beginning to pop up all over the country, little James Schollard and his sister, Bernadette, make as cute a one as any. He's pictured in the cap and gown he'll wear for his graduation ceremony at St. Michael's and down he'll wear in Jersey City, N. J. Bernadette will be mistress of ceremonies at the exercises.

Committee Urges Halt To Train Liquor Sale

CHICAGO (AP)—A committee of the American Association of Railroad Superintendents in convention here has recommended the elimination of liquor sales on passenger trains.

The committee said that railroad men have "experienced difficulty from the sale of alcoholic beverages on trains."

The resolution said: "There are always some persons who cannot exercise the privilege reasonably and who after imbibing freely become deeply objectionable to other passengers, causing considerable discomfort."

Jess Ward Services Wednesday In Odessa

Funeral services for Jess Ward, 49, Odessa, contractor, who died Monday night of a heart attack in an Odessa hospital, were to be held at 5 p. m. Wednesday at the First Baptist Church in Odessa.

Ward, a son-in-law of Walter Cowden of Midland, moved to Odessa from Wichita Falls about a year ago.

A 32nd degree Mason and a Shriner, Ward was active in Masonic affairs at Wichita Falls. He was a member of that city's Lodge No. 635, R.A.M. Chapter No. 202, Council No. 149 and Commandry No. 59. He was a member of the Dallas Consistory, and a past-director of Wichita Falls Court No. 85, Royal Order of Jesters. He also was a trustee and first ceremonial master of Mascat Shrine Temple, Wichita Falls, and a past-captain of the temple patrol.

Survivors include his widow, two sons, Cowden Clark Ward of Wichita Falls, and Jess C. Ward, Jr., of Odessa; a daughter, Mrs. Mac Oliver of Wichita Falls, and three grandchildren.

Portion Of Bell Ranch Is Sold In Two Deals

ALBUQUERQUE, N. M. (AP)—Sale of 197,000 acres of the huge Bell Ranch, between Las Vegas and Tucumcari in eastern New Mexico, was announced Wednesday by Albert K. Mitchell, one of the three owners.

Mitchell said the deals involved \$1,480,000.

He and the purchasers announced these details:

Dr. and Mrs. Thomas B. Hoover of Tucumcari will take possession on July 1 of 117,000 acres between Las Vegas and Conchas Dam. The purchase for \$78,000 brings the Hoovers' T-4 Ranch to 200,000 acres.

Sam C. Arnett, Sr., Lubbock banker, paid \$708,000 for 80,000 acres, located 10 miles west of Tucumcari and stretching to Conchas Dam, and 1,200 head of cattle. The Arnett land includes a 1,000 acre irrigated farm.

Mitchell said about 260,000 acres remain of the old Bell Ranch property and it also is to be sold.

WICHITA FALLS VISITORS

Albert Ellis, E. E. Scannell, Mr. and Mrs. Eli Morgan, E. M. Burt and Wayne Gillispie, all of Wichita Falls, stopped for a brief visit in Midland Wednesday enroute to Odessa to attend funeral services for Jess Ward, formerly of Wichita Falls, who died in Odessa Monday.

Congratulations To

Mr. and Mrs. C. W. Beasley on the birth, Monday, of a daughter, Sharon Lou, weighing seven pounds and four ounces.

Mr. and Mrs. W. A. Edwards on the birth, Tuesday, of a daughter, Laura Ellen, weighing six pounds and two ounces.

Mr. and Mrs. T. V. Drury on the birth, Tuesday, of a son, Clifford Neal, weighing six pounds and 13 ounces.

Mr. and Mrs. H. E. Benton on the birth, Wednesday, of a son, Michael Rand, weighing six pounds and eight ounces.

Legume From India Being Tried As New Crop For Southwestern Farms

TUCSON, ARIZ. (NEA)—Farmers in southern Arizona and the adjacent corner of California are beginning to plant a new crop which they hope will add to their cash income and, at the same time, improve their soil for other crops.

This is guar, a drought-resistant legume from India, which was introduced to this country as a green manure and cover crop, but now is being considered as a possible major domestic source of vegetable gum.

Vegetable gums have become increasingly important, during the past 10 years, for various purposes. They are used to stabilize and thicken salad dressings, ice cream mixes, bakery products; they appear in textile warp sizes, printing pastes and finishes, and are used in sizing paper and hydrating cellulose fibers.

Locust bean flour, the most widely used, has been uncertain. No domestic source has been developed. Guar is believed to show promise of furnishing a consistent, easily-regulated supply of gum-containing seed.

A major milling company has been promoting cultivation in this area, and working on processing problems, for four years now.

One advantage of guar from the farmer's standpoint is that it can enable him to use his land year around. Barley and wheat, for example, are planted here between the middle of December and the end of January, and harvested between May 15 and June 15. Flax is planted Nov. 1 to Dec. 15, and harvested from the first of June to the middle of July.

The same land can be used for guar, planted between the middle of June and the middle of July and harvested between Nov. 1 and the end of the year.

The new crop utilizes surface water to advantage; its tap root stirs up and benefits heavy soil, to the advantage of the next crop. It is resistant to insects and diseases.

Experiments will be made to determine whether guar can be grown in other parts of the South. Thus far, however, it has been achieved only in the irrigated areas of high productive valleys, where the growing season is long, the mean annual temperature ranges from 69 to 74 degrees F. and rainfall is so low that moisture can be controlled rigidly. It prefers loamy to sandy soil, and is allergic to both weeds and high alkalinity.

FINED ON DRUNK CHARGE

On a charge of being drunk in a public place, a man was fined \$23.20, including costs, in justice court here Wednesday.

ATTENDING CONVENTION

R. J. (Doc) Graham is in Dallas attending an agency convention of the Southwestern Life Insurance Company. It is the company's first agency convention since Pearl Harbor.

MARRIAGE LICENSES

Two marriage licenses were issued Tuesday afternoon by the Midland County clerk's office: one to George W. Black and Vergie Montgomery, and one to Oscar Lee Campbell and Winnie Mae Parks.

Clark-Harmon Wedding Solemnized At Methodist Chapel In Kermit

KERMIT—Ruth Clark, daughter of Mr. and Mrs. Leonard D. Clark of Brownwood, and William Jack Harmon were married here last Sunday afternoon in the Methodist Memorial Chapel. The Rev. M. V. Williams read the double-ring ceremony before a background of tall baskets of gladioli, peonies and greenery.

The bride's gown was fashioned of white slipper satin with fitted bodice and sweetheart neckline, and long fitted sleeves. Her finger-tip illusion veil was crowned with a coronet of seed pearls and she wore a strand of pearls which was a gift from her parents. For something old and borrowed the bride wore her mother's engagement ring, and for something blue she carried a handkerchief which was a gift from the bridesmaid. The bridal bouquet was of white gladioli, rose buds, and lilies of the valley.

Mrs. Robert B. Saunders of Brownwood, sister of the bride, was matron of honor. Her gown was of pastel blue marquisette styled similar to the bride's gown. Kenneth G. Welch, Kermit, was best man.

4-H Club Round-Up To Be Held In September

The second annual statewide 4-H Club Round-Up at College Station will be held the first week of September this year, Mrs. Nettie B. Messick, home demonstration agent, announced Tuesday.

Last year a total of more than 1,000 boys and girls attended the event. Each county may send two boys and girls to the round-up, in addition to other club members who participate in special events. All members making the trip must be at least 14 years old. Mrs. Messick said she and Hubert Martin, Midland County Agricultural Agent, plan to take club members from this county to the meeting this year.

Midland boys and girls who went to College Station last year included Lanelle Howard, Glenn Drake, Julia Edith Midkiff and Janie Manning; adults accompanying them included Mrs. Messick, V. G. Young, Weldon Free and Mrs. L. O. Free.

Get Welcome Relief From Stomach Gas, Sour Food Taste

Do you feel bloated and miserable after every meal? If so, here is how you may rid yourself of this nervous distress. Thousands have found it the way to be well, cheerful and happy again.

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with overdoses of soda and other alkalis which you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

Ushers were Clarence Holcomb, Earnest Skeen, John Y. Line, and Eugene Reneau.

Mrs. Harmon is a graduate of Centennial Rural High School, Valera, and is the daughter of long-time residents of that area. She formerly was employed at the post exchange in Camp Bowie, and has been employed here some time with L-B Drug Company. The bridegroom is the son of Mrs. Earnest L. Skeen of Albuquerque, N. M., and formerly lived in Gainesville. He is employed here with Richardson-Bass Oil Company.

After a short wedding trip to the Davis Mountains, the couple will make their home here at 512 Bryan Street.

Water Scarcity Does Not Mean Floral Shortage—Try Zinnias

Water, the vital element for development of the west, already has been rationed for the summer in Abilene.

Although the system is a voluntary water rationing plan adopted by the city commission, it clearly proves the importance of planning a yard so it will require little water and yet afford colorful beauty.

It can be done. Flowers such as cosmos, zinnias and marigolds actually thrive in hot weather, growing and blossoming under hot bright sunlight and with little water. These flowers offer a wide range of colors, sizes and types.

They may be planted with full exposure to the sun. Zinnias, usually a plant requiring much water, are suitable for growth in dry climates if they are planted in trenches like sweet peas. As soon as the plants have the first two large leaves, the trench should be filled. The plants should be kept in a mass, so they will shade the ground and simplify summer watering. Planting may be done from May to July.

Watering of these flowers is best accomplished by letting water run slowly from a hose over the flower bed. Sprinkling will do no good. In fact, in warm weather it will cause zinnias to mildew.

It is good to remember that the quality of flowers is increased by cutting. Blooms and part of the stem should be removed at the first sign of wilting. Blooms should never be allowed to go to seed. Frequent cutting of blooms will increase the flowering period of the plants and give more perfect blooms.

Margie Shumate YWA Plans Breakfast For Early Sunday Morning

The Margie Shumate Young Women's Auxiliary of the First Baptist Church initiated six new members and completed plans for a Sunday morning breakfast at the meeting held this week. Hostess was Gwendolyn Simpson.

The meeting opened with the singing of "Give Of Your Best to the Master" and "O Zion Haste". Ruby Hale led the group in prayer. New members initiated were Ruby Padgett, Martha Jane Creston, Barbara Brown, Nancy Woodruff, Ruby Hale and Frances Phillips.

The group discussed plans for the breakfast to be held at 7 a. m. Sunday at the home of Mrs. S. M. Erskine, 802 West Storey Street. The breakfast was planned for this hour so members of the class could listen jointly to the W. Y. A. assembly at Ridgecrest, North Carolina, broadcast over the Baptist hour at 7:30 a. m. Sunday.

Missionary Report
A report was read from the missionary in Italy who received boxes sent by the group some months ago. During the program, Nadine Clement told the story of a Chinese girl and Fay Shelburne read a letter from Margie Shumate, missionary in China for whom the auxiliary is named. A box of clothing and school supplies was packed by the group to be sent to Margie Shumate to aid her in her work.

Hood Joins Staff Of Employment Office

Clarence A. Hood joined the staff of the Texas Employment Commission at Midland Tuesday, taking a position as an interviewer. He has owned property here since 1940, but since that time has done war work and Red Cross work in various parts of the country until about two months ago.

Coming Events

THURSDAY
Christian Youth Fellowship to meet at the First Christian Church at 7 p. m.

FRIDAY
Men's Supper Meeting at the First Presbyterian Church at 6:30 p. m.

Ladies' Country Club Golf Association meeting at 9 a. m.

Children's Service League will meet at 9 a. m. in the work room.

SATURDAY
Children's Theater groups will meet at the City-County Auditorium. Group one will meet at 10:30 a. m.; Group two, 1:30 p. m.; and the Junior Workshop at 3:15 p. m.

"UNBLOCK" your DIGESTIVE TRACT

And Stop Dosing Your Stomach With Soda and Alkalizers

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalis if the true cause of your trouble is constipation.

In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when the lower part gets blocked food may fail to digest properly.

What you want for real relief is something to "unblock" your lower intestinal tract. Something to clean it out effectively—help Nature get back on her feet.

Get Carter's Pills right now. Take as directed. They gently and effectively "unblock" your digestive tract. This permits all 5 of Nature's own digestive juices to mix better with your food. You get genuine relief from indigestion so you can feel really good again.

Buy Carter's Pills today. "Unblock" your intestinal tract for real relief from indigestion.

HOT FLASHES?

Women in your '40's—this great medicine is famous to relieve hot flashes, nervous tension—when due to the functional "middle-age" period peculiar to women. *Worth trying!*

K E C K SOMETHING NEW IS BEING ADDED Recently the Federal Communications Commission granted K E C K a sister station K E C K-FM. FM means Frequency Modulation, a new system of radio broadcasting that eliminates static, fading and gives full beautiful tones to programs never realized in the present system of AM Broadcasting (Amplitude Modulation). This means that the new K E C K-FM will give WEST TEXAS listeners the most modern radio facilities possible. If you contemplate buying a new radio make sure it is equipped for FM or it may be obsolete in a short time. Use the station "Most people listen to MOST in West Texas". The news and music station that is a relief from daytime network drudgery.

TED SAYS: ★★★★★
Did You Know . . .
that fires are burning a bigger hole in your pocketbook than ever before in history. Fire alarm bells ring once out of every 32 seconds. A home is destroyed or damaged by fire every 78 seconds. The annual damage in dollars and cents exceeds \$600,000,000. You do not know for sure just when a fire will start in your home, but here are a few things you can do for sure: Don't throw matches or cigarettes around in your house; don't try to install or repair your electrical wiring; don't leave home with your stove burning; don't allow rubbish or trash to pile up in your basement, attic or storerooms. In case of a fire, keep a level head, report the fire immediately to the Fire Department giving them the correct address. These will help in case of a fire.
BUT JUST PLAY SAFE AND HAVE YOUR PROPERTY AND VALUABLES COVERED WITH SUFFICIENT FIRE INSURANCE THROUGH THE WORLD'S LARGEST AND MOST RELIABLE STOCK COMPANIES.
We make GI, FHA and Conventional loans to buy or build. All of this service is as close as your phone.

LEGAL NOTICES
NOTICE OF HEARING
Notice is hereby given that a public hearing will be held before the City Council of Midland, Texas, at the City Hall on June 24, 1947, at 8:30 o'clock P. M. on the application of H. L. Gunter for permission to erect a building and operate grocery business on the south hundred feet of the west half of Block 16, Homestead Addition to the town of Midland, said location being outside the "business zone" as defined by the city zoning ordinance. All property owners and/or residents within 1,000 feet of the above described location may appear at the aforesaid hearing and give testimony in regard to the application. Done by order of the City Council this 17th day of June, 1947.
C. C. HUDMAN,
City Secretary 6/18

Poor Josephine, white-faced chimpanzee fresh from the Belgian Congo, has a trying day. She makes her camera debut and eats her first ice cream cone all at the same time. But the newest resident of New York City's Bronx zoo is more suspicious of the ice cream than the black contraption the cameraman holds as he records her reaction. But one good taste, and she becomes as good an ice cream cone fan as your Junior.

With his outer clothing and sandals beside him, this bearded Chicagoan looks like a character right out of the Old Testament, as he basks in the early summer sun reading his Bible on the steps of an old church.

Congo Chimpanzee Becomes 'Americanized'
Biblical Scene, 1947
Red Barrett Is Big Noise In Braves' Success
By JOE REICHLER
Associated Press Sports Writer
Charlie Barrett, who is being hailed as the number one "come-back" of 1947 today owes his success to his remarkable control pitching.
The rambunctious redhead, whose decline from a 23-game winner in 1945 to a three-time winner last season caused his banishment from the world champion St. Louis Cardinals to the Boston Braves last winter, currently is the hottest hurler in the majors. Including Tuesday's 11-1 triumph over the Cincinnati Reds, Barrett has won five straight to bring his season record to six wins and three defeats.
The amazing part of his mound work is that in his last 45 innings, Barrett has issued only two bases on balls.
Barrett was tagged pretty solidly by the Reds, being clubbed for 12 hits, but Cincinnati left 10 men on the basepaths. In fact it took a home run by Grady Hatton to produce the Reds' only run.
The Braves one-sided triumph, their fourth straight, increased their first place margin in the National League pennant race to a full game over the runner-up New York Giants.
The upsurging St. Louis Cardinals gained their sixth consecutive victory when they came from behind with a three-run uprising in the last of the ninth to eke out a 7-6 triumph over the Philadelphia Phillies. The win put the Cards into fifth place, five and a half games off the pace.
Carl Scheib, 20-year-old right-hander from Gratz, Pa., pitched his second complete game of his career in organized baseball, and, for the second time within a week, defeated the Detroit Tigers as the Philadelphia Athletics won 5-2.
Bob Feller fanned nine batters to raise his season total to 96 and pitched the Cleveland Indians to a 5-3 victory over the Washington Senators.
The defending American League champion Boston Red Sox registered their seventh victory in a row by defeating the St. Louis Browns 6-5. The win put the Sox in undisputed possession of second place one game behind the New York Yankees.
The scheduled night game between the Giants and Pittsburgh Pirates in Pittsburgh was postponed by rain as was the day game between Brookland and the Cubs in Chicago. The Yankees and Chicago White Sox were not scheduled.
BACK FROM TRIP

Heap Big Indians— Now Lead League, Winning 25 To 19

BIG SPRING—The Midland Indians wrestled the Big Spring Broncs for the Longhorn League leadership here Tuesday night and threw the Big Springers, 25 to 19, in a wild score-feast.

Before the war, the two teams were deadlocked. The victory gives Midland a one game advantage.

Boys Tourney Pairings Are Listed By MTC

Midland Tennis Club announced Wednesday drawings for boys' singles and doubles matches for a city tournament.

There are nine entries in the singles and four doubles teams entries.

In the first round of the singles, John Steinberger will play Joe Birdwell, with the winner going against Donald Johnson in the second round.

Other second round matches will be Lloyd Henderson against Charles Moncrief in the upper half and Robert Roripaugh against Benny Stanley and Edward Prichard against Goss Yeager in the lower half.

In doubles, Johnson and Stanley will play Birdwell and Roripaugh and Prichard and Moncrief will play Yeager and Henderson.

Johnson and Stanley are seeded in the singles and doubles teams of Johnson and Stanley, Yeager and Henderson are seeded.

Entries for the open tournament will be accepted through Sunday, June 22.

It was free-hitting, high-scoring melee of 47 hits. John (Hoss) Alvis, currently on a home run streak, hit two of the four baggers Monday night.

The game required two hours and 50 minutes to play. Losing pitcher was his Majesty, Humberto Baez, the league's leading pitcher.

Midland and Big Spring meet again at 8:15 p. m. Wednesday in Big Spring. This is the second game of a three-game series.

The Monday night box:

Softball Meet Opens Tonight

Shell And RS Win In Softball

Shell Oil beat the Midland JayCees, 7 to 5, in a city league softball game Tuesday night at the Midland Softball Park, packing all seven runs in the last of the fourth inning to turn the trick.

A wild and protested game between Mackey Motors and Roberson Sinclair resulted in a 12-10 victory for Roberson. An argument ensued after an infield fly was dropped. The tilt at one time had been forfeited to Mackey.

In the Shell-JayCee melee, Pierce pitched and Dimmy caught for the winners, and Henders and Taylor were batteries for the Jakes.

Yarborough was the big gun in the Roberson "win". He hit a home run with two men on base.

Longhorn League— Indians, Cats, Oilers Get In LL Win Column

By The Associated Press
Midland had first place in the Longhorn League to itself Wednesday after taking a wild 25 to 19 victory over Big Spring Tuesday night. In this contest, the two deadlocked leaders racked up 47 hits recorded.

Scores in the other two league games were a bit milder. Odessa came from behind in the ninth inning to beat Ballinger, 10 to 9, and Vernon defeated Sweetwater, 9 to 7.

Texas Longhorn Nine Not In Top Condition

AUSTIN—(AP)—The University of Texas baseball team, leaving Wednesday for the NCAA Western division playoffs at Denver, has Coach Bibb Falk wishing for more time to practice and for a pitching staff that is in condition.

The Longhorns have worked out only twice as a team since the close of the Southwest Conference season more than a month ago.

Five-Day Event Is Scheduled

BY TANNER LAINE
A top-flight West Texas softball tournament opens in Midland Wednesday night and all Midland is invited to watch.

Some of the outstanding teams and players of this area will be on hand for the five-day affair.

Things get underway at 7 p. m. Wednesday at the Midland Softball Park with Gabriel's Aces of Odessa taking on Colorado City.

At 8:15, the Monahans Coca-Cola nine will play Moore Brothers of Odessa. The Cokes represented West Texas in the state tourney last year.

Then at 9:30 p. m. Wednesday the tourney favorites, Electric Service of San Angelo will engage Frimm Drug of Brownfield.

Other first round games carded Thursday are: Joe Roberson nine of Midland vs. Gulf Oil of Odessa at 7 p. m.; Big Spring Motors vs. Midland JayCees at 8:15 p. m.; and Big Spring Hardware vs. Dowell Inc. of Midland at 9:30 p. m.

Second round games will be played Friday night with Semi-finals Saturday night and the big finale at 3 p. m. Sunday afternoon. Is Big Event

Attractive prizes are offered the four top teams.

The Midland Amateur Softball Association has brought this event to this city and fans are urged to turn out in support of the all-West Texas get-together.

A glance at the entries will show all teams to be of highest playing caliber in softball. There is not a "weak-sister" in the lot. Favored is Electric Service of San Angelo, state champs, but any of the challengers could knock off the favorites.

Three of Midland's best are in the battle. And don't sell the home boys short. Roberson Sinclair, Dowell and Midland JayCees are up to anybody's softball.

CORONA LOSES

SAN JOSE, CALIF.—(AP)—Arturo Baron, 140, Los Angeles, knocked out Morris Corona, 141, Port Arthur, Texas, in the fifth round of their scheduled 10-round fight here Tuesday night.

High School Junior Takes Look At Army's Teen-Age Training; Says, 'I'll Take It'

EDITOR'S NOTE: Dave Lewis is 16. Next year he'll be a senior in high school. Like a lot of his fellows and their parents, he's been wondering what kind of military training, if any, the future has in store for him. The Army flew Dave to Fort Knox, Ky., to get a teen-age view of the Universal Military Training Experiment which Congress has under consideration. Here is the first of his two-part report.

By DAVID D. LEWIS
Written for NEA Service

FORT KNOX, KY. — (NEA) — Nothing better could happen to a boy than to become a UMT for six months after he graduates from high school.

That's my conclusion after a first-hand look at the Universal Military Training Experimental unit here. After a three-day visit during which I ate, slept, marched and attended classes with the UMT's, I'll take it.

I believe most fellows will go for the course. It isn't any kid glove treatment. You have to work hard. But many of the fellows I talked with told me it gave them a swell chance to toughen up, learn new skills and become better all-around citizens.

Even if we never have to fight another war, this training will be a good thing, they told me. Most of the trainees are about the age of my fellow students back at Pelham, N. Y., High School, but there's a difference. For one thing, the UMT's seem to have grown up quite a bit from ordinary high school kids in their knowledge of right and wrong.

If any Moms and Dads have been afraid military training would spoil their boy, they should visit the UMT camp. Lots of boys now attend church regularly who never did before and say they're glad they do. Dirty language is out. Officers and non-coms get results without cursing and any trainee who swears in the presence of an officer gets demerits.

Code Of Conduct
Boys who violate the UMT "Code of Conduct" by cursing, staying out after bed check, neglect of their weapons and other minor offenses, are tried by special courts of their own members. The UMT's are not subject to the Articles of War like the regular services.

The chaplain runs citizenship classes, half an hour every week. He covers everything from out-of-camp morals to how to be better citizens. He must get his stuff across. The guys say they like it and there has been only one V.D. case since the experiment started nearly six months ago.

Most of the boys are continuing their education. Courses range from writing radio continuity to repairing automobiles. Civilian instructors help the boys with high school and college correspondence courses.

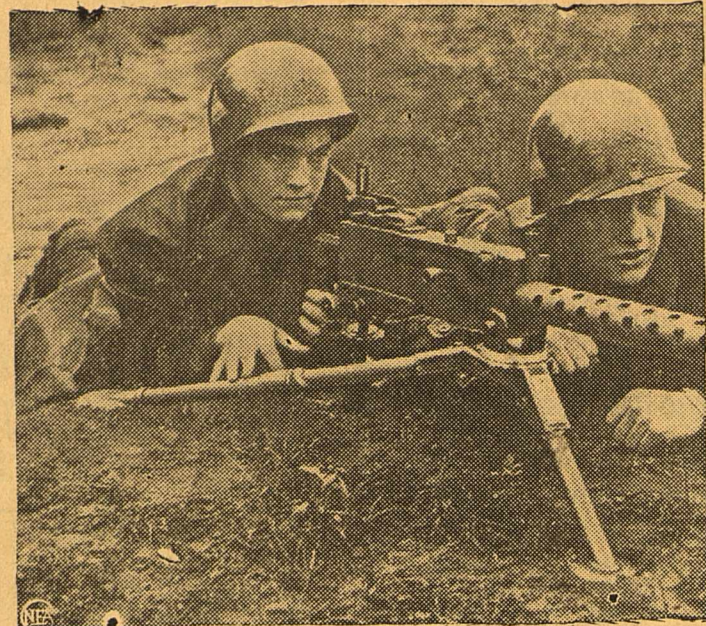

By the end of June, 40 boys will have received high school diplomas. I mention these things at the start because they differ from the old-style Army training—at least from the popular idea of it. But don't get the idea the UMT's are handled with kid gloves, just because they have curtains in the mess hall and don't take bayonet drill. I sloshed around in the mud with them and saw 30 engineers throw a 45-foot Bailey bridge across a river in six hours, mostly in the rain.

Officers from the regular army told me the UMT program was turning out well-disciplined, physically and mentally fit men, who know more weapons better than their "tough" wartime counterparts.

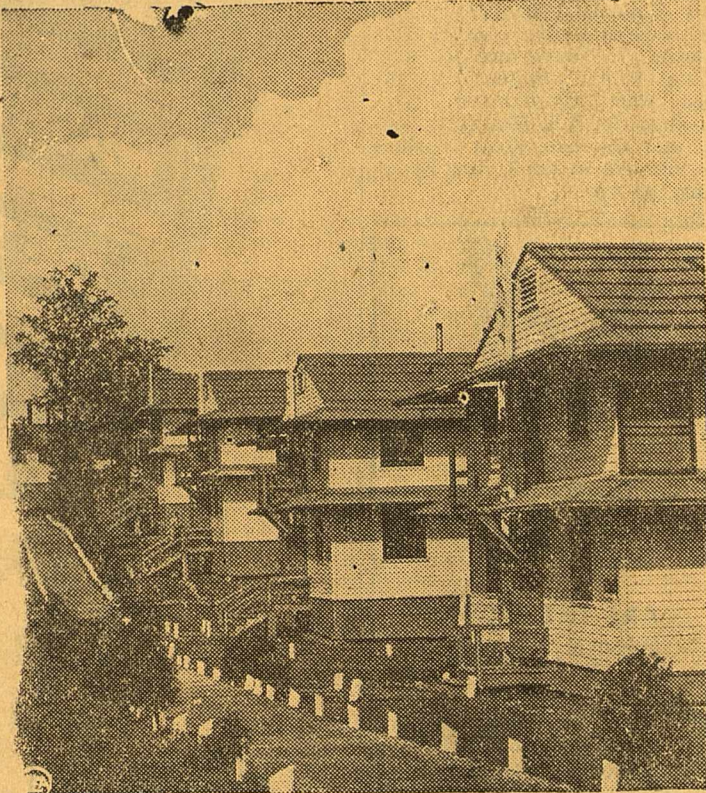

Challenge
The boys resent public misconception of their program. One husky, 19-year-old PFC challenged "any newspaperman who is tough enough" to come out and serve six months as a UMT and "see what he'd write about it then."

In UMT, the Army is trying out new ways of fitting the country's youth to bear arms. What has been learned at Fort Knox will be applied all over the country if Congress passes a compulsory military training act as urged by Secretary of War Patterson. The first six-month program ends in the middle of June and another has been authorized.

I flew out from Washington in a C-47 and arrived shortly before lunch. I found a place at a table of sergeant-instructors. We were

SIGHTING THE FUTURE: In mud and drizzle at Fort Knox, teen-ager David Lewis (left) gets a boy's-eye view of the UMT experiment. His trainee-guide is Harold Garoutte, Springfield, Mo.

SCHOOL FOR UMT: The Army's teen-age trainees are housed in these trim barracks. But the tree-shaded walks do not mean kid-glove treatment, even if UMT experiment differs from old-style training.

served roast lamb, mashed potatoes and gravy, stewed corn, carrots and peas, bread and butter, milk and ice cream.

The food was well cooked and plentiful. By dinner time I had developed an appetite to test Army chow and discovered you can order seconds in the UMT.

"UMT is a great idea," the sergeants told me. Other comments were: "The boys seem to like it" and "I hope Congress passes the UMT law." From then on I had no direct contact with officers or instructors. The commanding officer gave orders that I was to be allowed to join up with an infantry platoon

Practice Limited To The Foot

Kettering, Inventor, Retires From GMC

NEW YORK —(AP)— Inventor Charles F. Kettering ended his 27-year association with General Motors Corporation June 3 as he retired as Vice-President in Charge of the Research Laboratories.

The Corporation Board of Directors named Charles L. McCuen, Vice-President in Charge of the Engineering Staff, as General Manager of the Research Laboratories Division, succeeding Mr. Kettering.

Since GM acquired Kettering's research laboratories in Dayton, Ohio, in 1920, the retiring Vice-President has been credited with developing the two-cycle Diesel engine, tetra-ethyl lead—the basis of ethyl gasoline, the new iron refrigerator and a new fuel-saving high compression gasoline engine. His earlier inventing include the automobile self-starter, the electric cash register and the Delco farm lighting system.

Kettering, reported to have an investment of \$33,000,000 in GM stock, will continue as a director and consultant, the Corporation announced.

British Funds' Curb Is Aid To Swiss

LONDON —(AP)— The British Treasury disclosed that the Swiss Government has clamped a 50 pound (\$200) limit on the amount of Sterling British tourists may spend on visits to Switzerland.

Chief purpose of the limitation, the Treasury said, was to halt the stripping of Swiss shops by British tourists.

Under the new arrangements, British visitors are allocated Swiss francs, a large amount of which are earmarked for covering hotel bills and travel expenses while only a small portion are "free" for expenditure on consumer goods.

SWISS TO BUY 75 VAMPIRE PLANES

BERN —(AP)— The appropriation committee of the national council (lower house) of the Swiss parliament has approved a proposal by the federal council that parliament appropriate 64,450,000 Swiss francs (about \$15,000,000) for the purchase of 75 Vampire airplanes for the military department.

Your Electric Refrigerator GIVES YOU...

1. Constant Food Protection

Your electric refrigerator is waging a continuous war against food waste in your home by providing constant temperatures of forty degrees and below - the food safety zone.

2. Economical Operation

Electric refrigerators have long enjoyed an enviable record of economical operation. Operating costs of new electric refrigerators now making their appearance in ever-increasing numbers average well under one dollar a month.

3. Dependable Service

More than half the electric refrigerators now in use are eight or more years old. Many electric refrigerator owners have refrigerators that have never faltered during their years of dependable day-and-night service.

HELPFUL HINTS FOR BETTER REFRIGERATION

- Don't place hot foods in your refrigerator. Let them cool first.
- Don't open the refrigerator door more often than necessary.
- Defrost frequently, at least once a week. Thick frost lowers efficiency.
- Leave space between refrigerator and wall to allow air to circulate.

TEXAS ELECTRIC SERVICE COMPANY

Luxury, Hmph! Purse Is Necessary

Starting her own private war between the sexes, Mrs. Frederick L. Wakeman, of the New York Federation of Women's Clubs, empties her handbag on the table with a crash in her testimony protesting the "silly" 20 per cent tax law on women's purses. "A man has at least 20 pockets, including his overcoat," she cried. Women have none and must have something in which to carry their plunder, she insisted. But the all-male committee found no laws prohibiting women from having pockets, too.

Seal Catcher Is Ready To Retire At Age Of 94

By HAL BOYLE
SANTA BARBARA, CALIF.—(AP)—The greatest salesman of untrained seals in history is retiring at the ripe age of 94.

"I'm having a little trouble with my heart," said Peppery Capt. George M. McGuire, who is the Henry Ford of the live seal business. "I guess I had better take it easy for a while."

For 42 years the white-mustached little man has boasted: "I supply the world with sea lions," and he holds a practical international monopoly of the industry. He has caught and shipped more than 2,500 California sea lions—a variety of eared seals—to zoos and circuses throughout the world.

"I'm selling off the business now to my nephew and putting my money in G-bonds," said the venerable captain.

The seals he caught were always uneducated. Trainers and zoo keepers have had to teach them how to slap up steps with ball balanced on their nose and other stunts which delight youngsters.

When McGuire first went into the business he merely walked out on the beach and knocked the sluggish and unsuspecting creatures over the head with a club. He gave this up for two reasons: (1) It killed too many seals, and (2) it made others so punchy, circus trainers complained they didn't have enough left in their noggin's to learn tricks.

Tricked Into Capture
In recent years his raw product has been captured near Santa Cruz Island, 20 miles off Santa Barbara, by sea-going cowboys with lassos. His two "seal punchers" first spread strong strand nets disguised as kelp around their sea haunts. When a seal becomes entangled in the net, the cowboys row over and lasso him as he comes up for air. He is then herded into floating cage.

Seals are something of a problem to ship. They eat from 20 to 30 pounds of fish a day, but they can go a couple of weeks without eating. Yet they can't live without frequent shower baths. They have to be hosed down with water several times during long trips.

Seals never mate in captivity but they live twice as long as they do when free in the wild ocean wastes. "They go blind after about 10 years in the sea and starve to death because they can no longer find food," explained McGuire.

Seals look cute and friendly in the zoos but McGuire himself has never had the inclination to pet one.

"They bite hard," he said, "particularly the old ones. I never was bit in 42 years by a seal, and at 94 I don't think I want to spoil my record."

Many early New England homes had secret hiding closets for the protection of women and children during Indian attacks.

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY
America's Card Authority
Written for NEA Service
The American Contract Bridge League is dedicated to the fight against cancer. One of its well-known activities is the children's unit at Memorial Hospital in New York, which is devoted exclusively to the treatment of tumors and cancer in children. The Whist Club of New York runs a card party annually for the benefit of this activity, and this year raised over \$3,000.

The League sets aside the proceeds of the Eastern States Regional mixed team-of-four championship each year for this cause. This event was won recently by Mrs. Paula Bacher of East Orange, N. J.; Maurice Levin of Newark, N. J.; Mrs. J. D. Gardner of Brooklyn, N. Y., and Lewis M. Jaeger of New York City.

Mrs. Gardner (Phyllis to tournament-players) is always a contender for championship honors when she competes in an event. She

takes her time in the play of a hand and avoids careless mistakes. If she had received a spade opening on today's hand, her contract would have gone down to almost certain defeat. But the three of clubs was opened, and Mrs. Gardner did not make the mistake of winning the first club trick. She let East hold the trick with the queen, and East was powerless then to get the two quick spade tricks.

He returned a club, Mrs. Gardner won with the ace, took two rounds of trumps and then led the ten of diamonds, taking the finesse. East won with the king of diamonds, and all he could do was to cash the ace of spades.

If Mrs. Gardner had won the first trick with the ace of clubs, she could have picked up the trumps, but when she finessed the diamond, East would have won, put West in the lead with the king of clubs, and a spade would certainly have been led right through the king. Thus East and West would have made two spades, a diamond and a club.

A Scotch-Canadian, Sandford Fleming, in 1878, proposed the plan for adopting 24 standard time meridians, 15 degrees apart in longitude, starting from Greenwich.

The slang phrase, "third degree," is believed to have been suggested by the third masonic degree, that of master mason, which is conferred with considerable ceremony.

Wonder Plants May Be Grown With Just Little Water And Chemicals

By ALTON L. BLAKESLEE AP Newsfeatures Writer

NEW BRUNSWICK, N. J.—Hydroponics—the trick of growing flowers and vegetables without soil through the use of a few easily obtainable chemicals, a box of sand or some glass jars—has opened a new hobby realm for the home gardener.

Now the amateur can grow carnations, roses, tomatoes, strawberries, radishes, lettuce, cucumbers, or almost anything he chooses, in as little space as a window box or single flower pot. The expert can branch out into sandbeds out of doors for more abundant production. One very useful application is to give tomato and other plants a head start before transplanting to regular gardens.

Hydroponics takes as much art as growth in soil, but it offers better control of the plant's diet, of insects, and diseases. It is being used widely in experimental studies to learn more of plant nutrient needs and the effects of changes in nutrients, for commercial growth of some plants, and in such places as Japan to grow some vegetables in acres of sand beds for American troops.

Here are pointers for hydroponics at home from Dr. W. Rei Robbins, associate professor of plant physiology at Rutgers University: In place of soil with all its plant foods and fertilizers, make up a nutrient solution. The formula for one simple solution which will feed most kinds of plants is: Five gallons of water, two level teaspoons of superphosphate, one level teaspoon of sodium nitrate, 2 1/2 of epsom salts, and one of muriate of potash (potassium chloride).

Dissolve each salt separately in a pint of water, discarding any sediment. Mix the four pints and add water for total volume of five gallons of solution. The easiest set-up is to use a box or pot of sand, Dr. Robbins says. Seeds can be placed in the clean sand at usual depth either as is, or after germination. The sand, being inert, serves only to give support to the roots and growing plant, and also to let air reach the roots.

The nutrient solution can be sprinkled over the sand at regular intervals daily, draining off at the bottom. Dr. Robbins recommends, for better results, a continuous flow of the solution. Take a two-quart jar as a "reservoir" for the solution. This is filled and then inverted into a glass dish, with the whole apparatus supported to one side and above the pot or box. A siphon of glass tubing or a wick draws the solution in continuous drip onto the sand.

A little more complicated system is to suspend the plants in a large jar containing only the nutrient solution. A cork stopper with holes, or mesh netting, may be used to support the plant, with the roots extending through the holes into the solution.

The elevated reservoir jar leads a continuous drip of solution into this growth jar, and another siphon leads the excess solution into a discard jar, placed at a lower level on the other side of the growth jar. This system, however, requires another tube to force air into the growth jar.

E Bond Cash-Ins Top Sales Second Straight Month

WASHINGTON—(AP)—Cash-ins of series E bonds, the former war bond issue, exceeded purchases in May for the second straight month.

Treasury officials said redemptions outstripped buying by \$23,953,000, or \$329,015,000 against \$305,062,000. Cash-ins held a \$16,259,000 edge in April after buying had topped redemptions in the first three months of this year.

The Treasury still shows a net "gain" of \$285,934,000 on E bonds for the first five months of the year, having sold \$1,953,873,000 for that period while paying out \$1,666,949,000 for redemptions. The changeover to an edge on the side of cash-ins, however, gave support to conclusions of some officials that much of the heavier buying earlier was by wealthier investors who load up at the start of each year with the limit of \$5,000 (face value) of these bonds.

Counting F and G bonds in with the E issue, savings bond buying has been only four per cent below last year. Purchases, amounting to \$1,954,038,000, have exceeded cash-ins by \$1,335,325,000, more than doubling the edge achieved in the same months of last year.

URGES PINE TREE PLANTING

KIRBYVILLE, TEXAS—(AP)—Pine trees should be planted in more than 1,000,000 acres of Texas land worn out for agricultural purposes, D. W. Thompson, president of the Texas Forester's Association, said here. He made the remark at the 16-day county agents forestry school, which was held at the E. O. Sieck state forest near here.

Wholesale Prices At Highest Level Since Last April

WASHINGTON—(AP)—Wholesale prices rose 0.3 per cent during the week ended May 31 to the highest level since mid-April and 30.8 per cent above a year ago, the Bureau of Labor Statistics reported.

The rise to 147.4 per cent of the 1929 average, was led by increases for farm products and foods.

The index was 1.3 per cent lower than the wholesale price peak at the end of March. Market prices of farm products rose 0.7 per cent during the week ended May 31.

Cotton prices declined, reflecting reduced mill consumption and sales of surplus cotton by some mills. As a group, farm products were 2.2 per cent higher than a month ago and 28.5 per cent above the corresponding week of a year ago. Food prices rose 0.8 per cent during the week, led by increased prices for fruits and vegetables and cereal products.

Announcements of the government's buying program for shipment of lard to Germany brought a substantial rise. As a group, prices of foods were 0.7 per cent lower than the first week of May and 44.6 per cent above a year ago.

SUMMER ENROLLMENT SETS RECORD AT TECH

LUBBOCK—(AP)—Topping all previous summer enrollment records at Texas Technological College, 2703 students are now attending classes, the registrar's office has announced.

Men are in the majority at Tech, with 1956 males and 747 women. The student body includes 1648 veterans.
