

House Overrides Labor Bill Veto

Dragnet Spread In West

PINECLIFFE, COLO.—(P)—A dragnet Friday was spread across the far West for a retired school teacher, wanted for questioning in the slaying of his friends, Emily Griffith, 65, famed Denver educator, and her invalid sister, Florence, 67.

The sisters were found dead Thursday in the mountain cabin they had made their home since Emily Griffith's retirement in 1934 from adult education in which she had pioneered. Each had been shot once through the head from the rear.

The man sought was named by Undersheriff Donald Moore of Boulder County as Fred W. Lundy, 65, one-time teacher in Denver's Emily Griffith Opportunity School. It was Lundy who helped build the small, book-lined Griffith cabin, took the sisters on mountain rides, cut their firewood and did many of the chores around their rustic home.

Police had reconstructed this sequence of events near the time of the slaying:

Lundy asked Emily Griffith a few days ago to go to Illinois with him, hoping to ease the days of her older age. She refused. He expressed to neighbors his fear of old age and said, "when people get this old, they should be shot."

Thursday morning neighbors, noting a lack of activity at the Griffith cabin, investigated. They found the bodies of the sisters. In the kitchen they found an untouched supper which the sisters customarily ate with Lundy about 4:30 p. m. daily. Deputy coroner, Norman Howe, said death occurred about 4 p. m. Wednesday.

Investigating police found in Lundy's car \$350 and a note saying: "If and when I die, please ship my body to Roscoe, Ill. No autopsy. Correspond with Roy Cummings, Roscoe, a cousin. No funeral here. Money in this briefcase can be used for immediate expenses. Thank you. Please embed in Boulder, Colo." (Signed) Fred Lundy.

President's Action Is Revoked By Huge Majority Of 331-83

WASHINGTON—(P)—President Truman Friday vetoed the Taft-Hartley bill to curb labor unions and an aroused House swiftly and overwhelmingly passed it over the veto.

That put it up to the Senate to decide on whether the bill is to become law over the President's disapproval. It will vote late Friday or, possibly, Saturday.

The Senate is expected generally to override the veto, but both sides concede the vote will be close.

With a two-to-one margin needed to override a veto, the House vote was 331 to 83. That was 165 more "ayes" than necessary.

In his big battle with Congress over the issue, Truman called in a group of leading Democratic senators for a White House luncheon—presumably to talk over the veto. He also announced plans to go on the radio Friday night and give the people directly his arguments against the bill. He will speak over all networks at 9 p. m., (EST).

Senator Taft (R-Ohio), one of the measure's sponsors and chairman of the Senate Republican Policy Committee, arranged to follow Truman at 9:45 p. m. with his side. He will speak over MBS.

In a 5,500-word message to the House, Truman laid down four general and 32 specific points of opposition to the bill to check strikes and unions. He labeled it "unfair" and "unworkable." He said it would promote strikes.

The House listened while a clerk droned through the long message. Then came the vote which smothered the veto under a deluge of both Republican and Democratic votes.

That action did this:
1. Overrode the labor issue directly into the 1948 political campaign.

2. Eradicated whatever vestiges may have remained of White House-Congress teamwork on domestic affairs.

3. "Plain Defiance"
Carroll Reece, Republican national chairman called the veto a "plain defiance of the will of the American people" and an "open bid for a fifth term for the New Deal."

Truman summed up his displeasure of the labor bill in five terse sentences:

"It contains seeds of discord which would plague this nation for years to come."

"It would contribute neither to industrial peace nor to economic stability and progress."

"It would be a dangerous stride in the direction of a totally managed economy."

"It contains seeds of discord which would plague this nation for years to come."

"It would deprive workers of vital protection which they now have under the law."

"The bill would establish an ineffective and discriminatory emergency procedure for dealing with major strikes affecting the public health or safety."

"It would deprive the government of the right of free speech by union newspapers on political issues; (B) would invite the states to put harsher curbs on union security, by abdicating the federal authority wherever 'more restrictive policies' exist; (C) the denial of Wagner Act rights to unions with Communist officers would force such unions to strike for their demands, 'which is exactly the result the Communists desire.'"

"The bill raises serious issues of public policy which transcend labor-management difficulties."

Under the last heading Truman declared bill would (A) abrogate the right of free speech by union newspapers on political issues; (B) would invite the states to put harsher curbs on union security, by abdicating the federal authority wherever "more restrictive policies" exist; (C) the denial of Wagner Act rights to unions with Communist officers would force such unions to strike for their demands, "which is exactly the result the Communists desire."

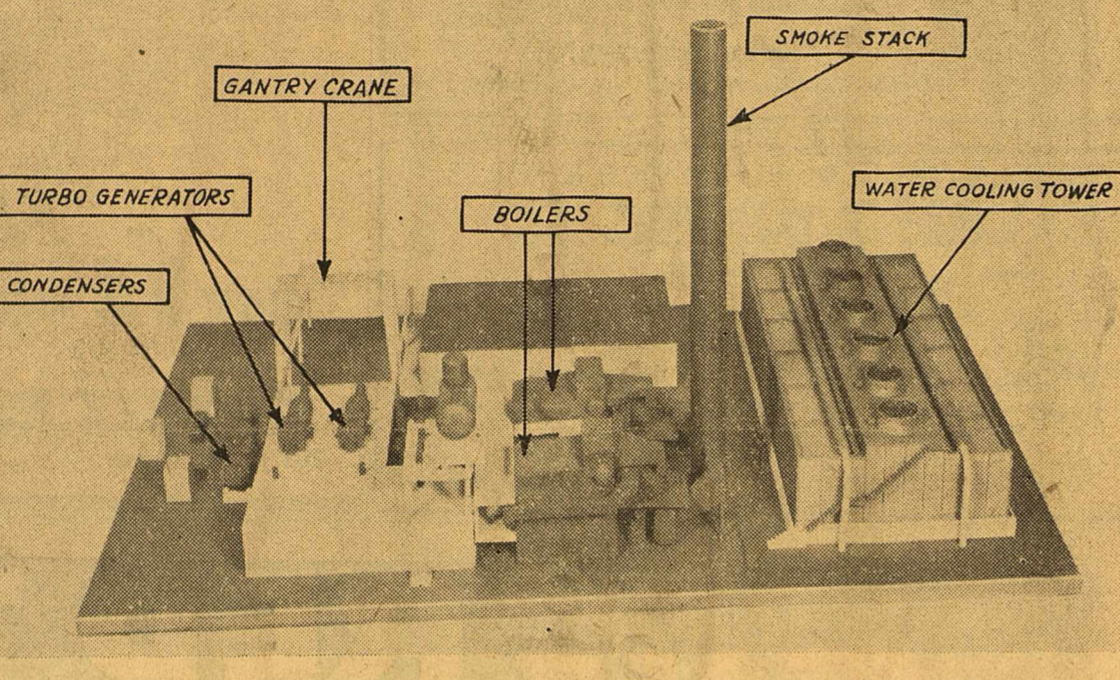

Taylor argued every tenant who wanted to retain his accommodations would have to agree to a 15 per cent boost soon or "maybe 100 or 200 per cent after the controls go off."

Oklahoma City—(P)—Directors of the Texas and Southwestern Cattle Raisers Association favor an immediate federal appropriation for control of foot and mouth disease.

They also voted to support the government's control program, in a session Thursday.

C. B. Weymouth of Amarillo, president of the association, said the control appropriation was "imperative." Directors termed the foot and mouth disease, now infecting Mexican herds, the "number one economic problem of the country."

Miniature Model Of Permian Basin Power Plant

Here is a scale model of the new 25,000 kilowatt power plant to be constructed by the Texas Electric Service Company in Ward County, west of Monahans. The arrows indicate the locations of the major components of the plant which will provide an additional source of power for rapidly growing cities and oil fields served by the company in the Permian Basin area.

Bevin Tired Of Dilly-Dallying On Unity Plan

LONDON—(P)—British Foreign Secretary Ernest Bevin vows that in launching a cooperative effort for European economic recovery under the Marshall Plan he intends to brook no delays such as those which stymied the recent foreign ministers conference in Moscow.

Eagerly awaiting a response from Russia to a joint British-French request that the Soviet Union participate in drafting an aid-to-Europe program, Bevin declared in the House of Commons Thursday night "the guiding principle I shall follow in any talks I have on this matter will be speed."

"I spent six weeks in Moscow trying to get a settlement," he asserted. "I shall not be a party to holding up the economic recovery of Europe by the mess of procedure, terms of reference or all the paraphernalia which may go with it."

The British press gathered from the tone of Bevin's speech that Britain and France definitely intended to go ahead with work under the suggestions made two weeks ago by Secretary of State George C. Marshall—either with or without Russian participation.

Army Jet Plane Sets New World Speed Mark Of 623.8 MPH Average

MUROC, CALIF.—(P)—An Army jet plane, the P80-R, has regained the world speed record for the United States—at 623.8 miles per hour.

Striking but 50 feet above the Mojave Desert near Muroc Army Airfield, Col. Albert Boyd of Asheville, N. C., Thursday guided the Lockheed bullet fighter on four runs over a 1.88-mile (three kilometer) course. The average topped by 7.8 MPH the 616 MPH mark set by a British Gloster Meteor jet plane Sept. 7, 1946.

With the wind, the P80-R reached speeds of 623.5 and 630.5 MPH. The upwind runs were made at 617.1 and 614.7 MPH.

The record will not be official until certified by the Federation Aeronautique Internationale in Paris. Official observers, however, pointed out the new mark was made over the standard course and according to all other international speed rules.

It was the first time in 24 years the United States moved into the top position.

The pilot, Colonel Boyd, is chief of the flight test division of the Air Forces' air materiel command at Wright Field, Ohio.

Texas Malaria Increase Noted; Polio Is Down

AUSTIN—(P)—Malaria showed a significant increase last week, 128 cases being reported, the state health department report noted Friday.

This was the highest weekly occurrence of malaria this year. However, the figure is below the incidence of malaria for the corresponding week last year, the report added.

Health department officials said it was "encouraging to note only four reported cases of poliomyelitis compared with 39 cases this time last year." A total of 63 polio cases have been reported this year.

New Power Plant To Add To Supply Of Basin Current

Plans for construction of a new steam-electric power plant in the Permian Basin were announced Thursday by J. B. Thomas, president of Texas Electric Service Company. The new 25,000 kilowatt plant will be known as the Permian Basin Power Plant and will be built in Ward County, west of Monahans, where abundant natural gas resources will be utilized. The company plans to have the plant in operation early in 1948.

"The Permian Basin Power Plant, which will feed into the West Texas end of the Texas Electric Service Company's power transmission system, is an important part of the company's confidence in the future of West Texas. The availability of large quantities of natural gas for fuel and a dependable water supply were important factors in selection of the location. The Permian Basin Power Plant will augment the present power supply of the company's system in West Texas," Thomas said.

British delegate, Sir Alexander Cadogan promptly challenged the Soviet position. He said he was unable to understand the basis for Gromyko's argument.

"There is no provision to bar discussion," he said.

The council voted 9 to 0 to consider the gubernatorial issue Friday afternoon in a closed session. Russia and Australia abstained.

Four Texans Federal Appointments Likely To Be Acted On Soon

WASHINGTON—(P)—Final Senate action on federal job appointments of four Texans before next week ends was being predicted here Friday.

The following nominations received the recommended approval of the Senate Judiciary Committee Thursday: Judge Marvin Jones, Amarillo, to be chief justice of the United States Court of Claims; Henry Moursund, San Antonio, to be district attorney for Western Texas; and Frank Potter, Fort Worth, to be district attorney for Northern Texas.

The nomination of Joe B. Dooley, Amarillo, as federal judge for Northern Texas already has been given the nod by the committee. Committee officials believed the nominations of Potter and Moursund stand a good chance of being taken up Friday. The decision on Dooley probably will come up Tuesday with consideration of Jones expected at almost anytime.

Dooley is here in order to be available when the Senate takes up his name.

Senator W. Lee O'Daniel (D-Texas) led the opposition to Dooley's appointment. Last week O'Daniel reiterated in Texas his personal belief Dooley would not be confirmed. Senator Tom Connally is backing the confirmation of Dooley.

Moursund and Potter were expected to be approved without opposition. They were nominated on recommendation of O'Daniel.

However, there was belief that the shift of Judge Jones from being a member of the Court of Claims to chief justice might be opposed in the Senate as it was in the committee.

Quiet Juneteenth'

Police reported a pretty quiet "Juneteenth" in Midland. A couple of affairs and that was it, officers said.

UN Council Over-Rides Soviet Pleas

LAKE SUCCESS—(P)—The United Nations Security Council Friday overrode a Russian attempt to block immediate consideration of a governor for Trieste.

The vote was 9 to 1, with France abstaining. Russia was alone in opposing the British proposal to take the Trieste governorship out of the hands of the big powers and placing it on the council's agenda.

Soviet Deputy Foreign Minister Andrei A. Gromyko objected strenuously to the British proposal. He contended the council could not discuss the selection of a governor for the new internationalized territory until the Italian peace treaty was ratified by all the big powers concerned.

British delegate, Sir Alexander Cadogan promptly challenged the Soviet position. He said he was unable to understand the basis for Gromyko's argument.

"There is no provision to bar discussion," he said.

The council voted 9 to 0 to consider the gubernatorial issue Friday afternoon in a closed session. Russia and Australia abstained.

Two Bills Are Vetoed By Governor Jester

AUSTIN—(P)—Gov. Beauford H. Jester Thursday vetoed two legislative measures, signed 37 others and continued to ponder the controversial ones.

Vetoed were house bills which would have set up rules of procedure relating to citations in delinquent tax suits.

He noted that power to make such rules had been vested in the Supreme Court by the 46th Legislature and "to prevent confusion" the court should be permitted to exercise the power with which it had been vested.

LATE NEWS FLASHES

LAKE SUCCESS — (AP) — The Soviet representatives Friday withdrew from a meeting of the United Nations Military Staff Committee after a disagreement on procedure.

WASHINGTON — (AP) — President Truman Friday received an official invitation to visit Brazil and the White House said he hopes to be able to go.

CHICAGO — (AP) — Two-dollar corn Friday was chalked up on the blackboards for the first time in the 99-year history of the Chicago Board of Trade. The previous high for any corn rature here was 199 1/8 on July 10, 1919.

HANNIBAL, MO. — (AP) — The mighty Mississippi River, fed by rampaging streams in Iowa and Missouri, appeared headed for record crests Friday as flood waters threatened communities and farmlands in the Hannibal-Quincy (Ill) area. Hundreds prepared to evacuate as the Mississippi continued to rise steadily.

KARACHI, INDIA — (AP) — The Pan American Clipper carrying a party of U. S. editors and publishers on a round-the-world flight took off for Calcutta at 5:35 p. m. (6:05 a. m. CST) Friday.

SUN TO RUN TESTS ON TWO JAMESON PROSPECTS

Sun Oil Company No. 2 Allen Jameson, first exploration in the Jameson field, Northwest Coke County to show free oil in the Ellenburger, is due to drill plug, and make a natural swabbing tests Saturday.

That project, located 3,300 feet from south and 1,980 feet from west lines of section 253, block 1-A, H&TC survey, topped the Ellenburger at 7,085 feet, and in a drillstem test from 7,086 feet to total depth of 7,110 feet, recovered 20 feet of free oil and gas cut drilling mud.

A string of 5 1/2-inch casing was cemented at 7,085 feet. The open hole section will be thoroughly investigated before the project is deepened. If it shows for commercial production from the section already cut it probably will be completed as it is.

Sun No. 1 W. I. Tubb, about three-eighths of a mile north-west of discovery for production from the crinoidal reef lime, in the Jameson field, and 660 feet from north and east lines of the Anthony survey No. 253 1/2, was drilled plug on 7-inch casing which had been cemented at 6,245 feet, over total depth of 6,440 feet.

That interval had indicated, on preliminary tests, that it would make an oil well from the crinoidal zone. The open hole will be tested natural and then it will probably be treated with acid.

AMERADA COMPLETES SECOND WELL IN ADAIR DISTRICT

Amerada Petroleum Corporation No. 1 Elkins, diagonal northwest steepout from the discovery well of the Adair field, in South-Central Terry County, about 15 miles south of Brownfield, and 990 feet from south and 330 feet from east lines of section 4, block C-37, ps1 survey, has been completed for a calculated 24-hour swabbing potential of 478 barrels of 33.1 gravity oil. This is the second well to be officially completed in the Adair area.

The production is through casing perforations at 4,835-90 feet and at 4,900-10 feet.

Operator reported that the producing formation had been treated with 5,000 gallons of acid.

The potential test was based on an actual swabbing recovery of 158 barrels of oil in eight hours. No longer test was taken on account of all storage on the lease being filled.

OUTPOST TO DISCOVERY SHOWS FIRST FLOWING OIL

Amerada No. 1 Hicks, on location southeast of the Adair field's initial producer, and 448 feet from north and 486 feet from east lines of section 19, block C-31, ps1 survey, was flowing to test on casing perforations at 4,816-914 feet, which had been washed with 500 gallons of mud acid, and treated with 5,000 gallons of regular acid.

Operator reported that the project flowed 12 barrels of oil in 22 hours, through a three-quarter inch tubing choke. The oil was cut seven per cent sediment and drilling water.

This is the first well drilled in the Adair area which has indicated it may be completed as a flowing producer.

PRODUCTION TESTS BEING RUN AT CROCKETT PROJECT

Amerada No. 1 CTA University, East Crockett County Ellenburger wildcat, 665 feet from south and 1,987 feet from west lines of section 23, block 42, University survey, drilled to total depth of 8,104 feet, and then plugged back to 8,445 feet.

The casing, which had been cemented at 8,706 feet, was perforated with 72 shots at 8,388-8,466 feet. Operator swabbing to clean out and test the Ellenburger, which has indicated that it will produce oil and gas in commercial quantities.

WEST CROCKETT WILDCAT TO TAKE POTENTIAL GAUGE

Cities Service Oil Company, The Plymouth Oil Company and Humble Oil & Refining Company No. 1-B Owens, discovery for flowing oil production, with a heavy gas volume, from the Wolfcamp-Permian, at center of southwest quarter of northwest quarter of section 6, block GG, H&OB survey, was preparing to take potential test and complete from above plugged back (Continued on Page 2)

Senate Group OK's RFC Extension But Orders Thorough Investigation

WASHINGTON—(P)—The Senate Banking Committee Friday voted unanimously for a "full and complete" \$50,000 investigation of the Reconstruction Finance Corporation.

By the same vote, Senator Buck (R-De) told reporters, the committee approved a resolution extending the life of RFC for one year beyond June 30.

Both the investigation and the extension are subject to approval by the Senate itself.

The House Banking Committee Thursday approved a two-year extension of the lending agency, but voted to curtail its operations and to remove it from competition with private lending institutions. The Senate committee's resolution would continue RFC without change.

Here Are Veto Reasons Given By President

WASHINGTON—(P)—President Truman said Friday he applied these four "basic tests" to the union-curbing Taft-Hartley bill in finding it would violate "principles essential to our public welfare:

1. "Whether it would result in more or less government intervention in our economic life. x x x I find that this bill is completely contrary to (the) national policy of economic freedom."
2. "Whether it would improve human relations between employers and their employes. x x x It would encourage distrust, suspicion and arbitrary attitudes. Cooperation cannot be achieved by force by law."
3. "Whether the bill is workable. There is little point in putting laws on the books unless they can be executed. I have concluded that this would prove to be unworkable."
4. "The test of fairness. x x x The bill provides unequal penalties for the same offense. x x x It would discriminate against workers by arbitrarily penalizing them for all critical strikes."

Truman said the bill contains these more specific "defects":
1. "The bill would substantially increase strikes."
2. "The bill arbitrarily decides, against the workers, certain issues which are normally the subject of collective bargaining, and thus restricts the area of voluntary agreement."
3. "The bill would expose employees to numerous hazards by which they could be annoyed and hampered."
4. "The bill would deprive workers of vital protection which they now have under the law."
5. "The bill would establish an ineffective and discriminatory emergency procedure for dealing with major strikes affecting the public health or safety."
6. "The bill would discriminate against employees."
7. "The bill would disregard in important aspects the unanimous convictions of employers and labor representatives at the National Labor-Management Conference in November, 1945." (The conference recommended that the government withdraw from collective bargaining with the end of the war emergency.)
8. "The bill raises serious issues of public policy which transcend labor-management difficulties."

Under the last heading Truman declared bill would (A) abrogate the right of free speech by union newspapers on political issues; (B) would invite the states to put harsher curbs on union security, by abdicating the federal authority wherever "more restrictive policies" exist; (C) the denial of Wagner Act rights to unions with Communist officers would force such unions to strike for their demands, "which is exactly the result the Communists desire."

"The bill raises serious issues of public policy which transcend labor-management difficulties."

Under the last heading Truman declared bill would (A) abrogate the right of free speech by union newspapers on political issues; (B) would invite the states to put harsher curbs on union security, by abdicating the federal authority wherever "more restrictive policies" exist; (C) the denial of Wagner Act rights to unions with Communist officers would force such unions to strike for their demands, "which is exactly the result the Communists desire."

Taylor argued every tenant who wanted to retain his accommodations would have to agree to a 15 per cent boost soon or "maybe 100 or 200 per cent after the controls go off."

Oklahoma City—(P)—Directors of the Texas and Southwestern Cattle Raisers Association favor an immediate federal appropriation for control of foot and mouth disease.

They also voted to support the government's control program, in a session Thursday.

C. B. Weymouth of Amarillo, president of the association, said the control appropriation was "imperative." Directors termed the foot and mouth disease, now infecting Mexican herds, the "number one economic problem of the country."

Police Called Out In Texas Tomato Farmers' Strike Over Price Drop

CLARKSVILLE—(P)—Farmers in the Avery and Dekalb areas went on strike Thursday when tomato prices dropped, and officers were called to deal with what they said was threatened violence.

The strike was called when the price of green wrap tomatoes dropped to four cents a pound.

Many farmers refused to sell and officers were called out when some growers wanted to interfere with others willing to market their day's harvest.

The market at Clarksville, which remained open, was over-run.

Jester Reduces Young's Sentence To Life Term

AUSTIN—(AP)—Walter Crowder Young, 27, of Dallas convicted on a charge of rape and sentenced to die in the electric chair, will live.

His death sentence was committed to life imprisonment in the Texas penitentiary by Gov. Beauford H. Jester.

In his action, the governor followed the unanimous recommendation of the state board of pardons and paroles. He noted along with the board, this was "another illustration of the necessity for revising our code of criminal procedure."

Young was one of three men convicted in Dallas county district court on charges of rape of three Dallas county school girls. One of the others, Billy Joe Riddle, 18, was given a five-year suspended sentence. All three had been convicted on virtually identical evidence.

"In view of this marked inequity I agree with the prosecuting officials and with the board of pardons and paroles it would not be right to let this man die. I have therefore commuted his death sentence to life imprisonment."

Thompson Tells About Convention

Ted Thompson, president, who has just returned from the United States Junior Chamber of Commerce convention at Long Beach, Calif., reported on the party at a meeting of the Midland JayCees Friday noon in the Seharbauer Hotel.

Thompson said the convention was the 25th held by the organization. A Texan, John Ben Sheppard of Gladewater, was elected national president. There were 115 Texas JayCees and 97 wives at the convention.

It was reported at the Friday luncheon that the JayCees profited \$1,317.71 from concessions at the Midland World Championship Rodeo this year.

WAA Sale Underway At Midland Field

Bids on approximately \$500,000 worth of surplus war materials at the Midland, Pecos and Poyote Army Air Fields and at the Fort Stockton Pacific Air School were being opened and purchase certificates awarded Friday in the post theater at Midland Air Terminal. The sale opened at 9 a. m., with bidders from a wide area in attendance.

The clearance sale of surplus properties is being staged by the War Assets Administration. Bids were accepted Tuesday, Wednesday and Thursday at the four fields.

Kermit Man Killed In Car-Truck Crash

BAIRD—Newton Carter, 22, of Kermit, died in a hospital here at 11:15 p. m. Thursday of injuries received when the automobile he was driving figured in a collision with a truck on Mt. Airy Hill west of Baird about 8 p. m. Thursday. Seven other persons were injured.

They are Mrs. Newton Carter, facial cuts, body bruises and a fractured knee; the Carter's infant daughter, shock; Mrs. Floeste Lee Kincaid, head injuries and facial abrasions; her four children; Gwen, William Woodrow, Dale, and two-year-old baby, all of whom received cuts and bruises. They are in the hospital at Baird.

The Kincaids all were passengers in the Carter car which was en route to Kermit from Oklahoma.

The driver of the truck was not injured.

Oil & Gas Log-

(Continued from Page 1)

total depth of 5,684.5 feet.

The well will be completed through casing perforations above that point.

A-POC ABANDONS GAINES WILDCAT TEMPORARILY

Anderson-Prichard Oil Corporation No. 1 Dalmont, South Gaines County wildcat, about 10 miles south of Seminole, and 660 feet from north and 1,980 feet from east lines of section 3, block A-22, psal survey, was bottomed at 5,000 feet, and has been temporarily abandoned.

The section at 4,828-5,000 feet swabbed an average of four barrels of fluid per hour—approximately 90 per cent of water and ten per cent oil.

E-E WINKLER PROJECT GETS WATER IN LOWER CLEAR FORK

Magnolia Petroleum Company No. 1 Wheeler, East-Central Winkler County wildcat, about 12 miles southeast of Kermit, and 660 feet from south and east lines of section 12, block 40, psal survey, and five miles west of the Wheeler field, was drilled ahead below 6,948 feet, in lower Clear Fork lime.

It ran a two and one-half hour drillstem test at 6,750-6,880 feet. Recovery was 1,560 feet of salt water and 300 feet of drilling mud. No shows of oil or gas were developed. This project was originally started to go to about 12,500 feet, to explore the Ellenburger.

MOTOR BIKE STOLEN

James Ramsey of Midland reported to police Thursday the theft from him of his motorscooter.

"Mail-Me-Monday" A BOOKKEEPING AND TAX SERVICE BY MAIL Phone 2182 Odessa, Texas Box 1241

Flving Pines Around Mountains

This unusual picture of the snow-capped peaks of the Andes Mountains was taken by NEA correspondent Harry Leder, at 21,000 feet altitude on a flight from Lima to Cuzco, Peru. It was made through the air plug hole in the plane window which causes the circle around the peak.

Hollowell Returns To Pulpit Sunday

The Rev. Howard H. Hollowell will return to the pulpit of the First Methodist Church Sunday, after an absence of 16 days during which time he attended the Rotary International Convention in San Francisco.

The Rev. Hollowell, in-coming president of the Midland Rotary Club, was a delegate to the convention.

His wife and daughter, Helen Joyce, accompanied him on the trip to San Francisco and on visits to the Grand Canyon, Yosemite National Park, Los Angeles and San Diego.

Hutchinson County In Need Of 150 Combines

BORGER—(AP)—One hundred and fifty combines will be needed by July 1 to aid in the harvesting of the estimated 1,650,000 bushels of wheat expected to be produced in Hutchinson County, according to county agriculture agent, John Nielson.

He said only 25 combines were on their way to Stinnett, five coming from Canada. There was no severe labor shortage, Nielson said, although an employment office has been established. Harvesting in the county is expected to get underway about June 25.

FINED FOR ASSAULT

Charged with assault and battery, a Midland Latin-American was fined \$47.20, including costs, in justice court Thursday.

SERVICES SCHEDULED FOR WARREN AMBROSE

FORT WORTH—(AP)—Funeral services were set for 2 p. m. Friday for Warren D. Ambrose, 57, independent oil operator, who died Thursday at his home, Eagle's Nest, on Eagle Mountain Lake.

Ambrose took part in the development of the East Texas field and had oil properties in other sections of Texas and in Louisiana. He was active in the Independent Petroleum Association of America and other oil industry organizations.

Born in Belton, Mo., he moved to Corsicana when he was about three years old. He had lived in Fort Worth 20 years.

LELAND BRASHEARS ARE PARENTS OF DAUGHTER

Mr. and Mrs. Leland Brashears of Marshall, formerly of Midland, are the parents of a nine-pound daughter born Thursday at Marshall. The young lady is the granddaughter of Mr. and Mrs. R. S. Brashears of Midland.

ON SHOPPING TRIP

Mrs. Josephine Ligon, who will leave Friday on the all-Texas train for the Federation of Women's Club convention in New York City, will combine business and pleasure on the trip as she plans to buy Fall merchandise for the Kiddies' Toggery while in New York.

FROM FORT WORTH

Joel Starnes of Fort Worth was a Midland visitor Friday.

MARRIAGE LICENSE

Glynn Rupert Pearce and Lometa Ann Hodge have received a marriage license from the Midland County clerk's office.

COLLISION REPORTED

Police reported a collision Friday at the intersection of Big Spring and Florida Streets between machines driven by Jack Brown and Oran Whiteaker.

TEXAN GOES TO OIL HEARING IN WASHINGTON

KILGORE—(AP)—Ray O. Armstrong, chairman of the Federal Petroleum Board here, said he will leave for Washington to testify before a committee which is trying to iron out Senate and House differences over appropriations for the interior department.

The House cut approximately half the allotment for enforcement of the Connally hot oil act, which is administered by the Petroleum Board. The Senate restored most of the cut.

Armstrong was summoned by Max Ball, director of the department's oil and gas division.

DON DAVIS' CONDITION REPORTED 'IMPROVED'

The condition of Don Davis, Midland oil man, who suffered a heart attack earlier this week, was reported by hospital attendants Friday to be "some improved." He was admitted to Western Clinic-Hospital Thursday night.

COLLISION REPORTED

Police reported a collision Friday at the intersection of Big Spring and Florida Streets between machines driven by Jack Brown and Oran Whiteaker.

Child Welfare Workers Meeting Here July 1-2

A regional meeting of child welfare workers from El Paso, Amarillo, Abilene, Sweetwater, and Odessa will be held in Midland July 1 and 2, it was announced by the local child welfare office Friday.

The meeting will be held in the commissioner's court room at the court house. It is sponsored by the state division of child welfare and will be conducted by Miss Rosalind Giles, assistant director. Miss Lydia Gage, consultant on community organization, will assist in the meeting, also.

WATCH STOLEN

Fred Phillips, 321 South Baird Street, reported to police Thursday the theft of his Swiss watch.

West Point Cadets Study In El Paso

EL PASO—(AP)—Three hundred West Point cadets were to start a study here Friday on organization, mission of light bombardment groups, employment of light bombardment in the European Theater, night attack doctrine and use of jet-propelled aircraft.

The group arrived here Thursday from Fort Worth as part of a 28-day tour of Army air fields. They are to be graduated in 1949 as ground force officers.

The cadets will inspect P-80s, jet engines, armament and guns and A-26 planes of the 47th bomb group. They also will study the mission and organization of their air service groups in the AAF.

Home Demonstration Agent Attends School

Midland County Home Demonstration Agent Nettie B. Messick left Friday for Fort Collins, Colo., where she will attend a three-week course being offered extension agents by Colorado A. and M. Mrs. Messick said she planned to devote special study to a rural health course offered at the summer session.

Senate Confirms West Texas U. S. Attorney

WASHINGTON—Henry Mouraud of San Antonio Thursday was confirmed by the Senate Judiciary Committee for United States attorney of the Western District of Texas.

TO ATTEND CAMP

Bill Hamilton, Donna Manning and Carolyn Schaeffer, young people of the Trinity Episcopal Church, will leave Sunday to attend the week's camp session of the Episcopal camp near Amarillo.

Three Midland Women Board All Texas Train Bound For Federation Of Women's Clubs Meet

By CRYSTAL POWELL
Holding down a seat of importance on the all-Texas train leaving the state Friday over Texas and Pacific rails, bound for the General Federation of Women's Clubs convention in New York City, June 23-28, is Mrs. J. Howard Hodge, Midland, who is secretary of the executive committee of the Texas Federation.

Mrs. Josephine Ligon and Jo Anne Proctor also are making the convention trip and they, with Mrs. Hodge, will join Mrs. H. B. Dinkler of Marfa and Miss Ethel Foster of Sterling City in Big Spring and continue traveling together from that point.

Aboard the train with the Texas women will be great enthusiasm and excitement, for the large Texas delegation is determined to see its candidate, Mrs. Volney W. Taylor, Brownsville, elected to the office of recording secretary. Pullmans for the special train will originate in Houston, San Antonio, Dallas and Fort Worth.

Women Only
The six-day convention is to be an "all women's" affair—women speakers only. Some of the most noted women of America whom delegates will be privileged to hear are Anne O'Hare McCormick, only woman member of the New York

Times editorial staff and only woman ever to win a Pulitzer Prize for distinguished foreign correspondence; Clara Booth Luce, author and former United States congresswoman; Dorothy Kenyon, former judge of the Municipal Court in New York City and an active crusader in behalf of social reforms; Louise Leonard Wright, secretary to the Chicago Council on Foreign Relations; Pearl S. Buck, noted writer; Frances Perkins, former secretary of labor and appointee of President Truman to the Civil Service Commission; and Mrs. Franklin D. Roosevelt.

The convention program will demonstrate the tremendous broadening of women's interests and force in the 58 years of the general federation's active participation in public affairs.

An important part of the convention will be the election of officers for the coming three years.

Two Tours
Two tours, one to Hyde Park and the other to Lake Success, Secretariat of United Nations, will be entertainment features. The women will be given the opportunity to attend a conference of the United Nations and will have additional time off from convention sessions to see New York.

One of the highlights of the convention for the Texas delegation will be the Foreign and Territorial Club luncheon, for at this time a gift of \$550 in cash, contributed by Texas clubwomen, will be presented for the restoration of the Manila woman's clubhouse, destroyed in the fall of the Philippines.

Mrs. Hodge, who is a member of the committee on train arrangements for the Texas delegation, said this week she and the other women in the group from this area plan to return to Midland by way of Washington, D. C., where they will spend a few days.

Bright, Light, Plastic Luggage Is Ready And Waiting For Traveler

New plastic coated fabric luggage is lightweight, bright colored. Leather-bound, cushioned edges offer extra protection. Aluminum case on top of redcap's rack is airtight and dustproof.

By KAY SHERWOOD
NEA Staff Writer

New luggage is ready for peaceful travel.

Thanks to streamlined styling and new manufacturing techniques, present-day luggage is lighter, brighter, and roomier than prewar models.

For the first time since before the war, travelers can fill every luggage need from tiny cosmetic cases to 18-hanger wardrobe trunks. Many are ensembled in matched sets.

Molded plywood frames reinforced at corners, instead of steel-rib frames, lighten the traveler's load without sacrificing luggage strength. Fine leather, welcomed back by veteran globe-trotters, gets stiff competition from new materials. Plastic-coated fabrics in bold checks and gay plaids are not only eye-catching but also able to withstand the rough handling and strain of a journey.

Aluminum makes its debut in sleekly styled cases that are air- and water-tight and dustproof. Woven nylon makes a feather-weight covering for another line

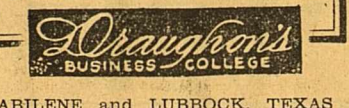

of luggage. Easier and more convenient packing is the promise of restyled luggage interiors. Laundry bags, for instance, are built into the dust flaps of wardrobe suitcases to separate soiled clothing from clean during a journey. Removable, waterproof pockets permit the traveler to tailor his packing space to fit his needs. Sliding straps in fitted cosmetic cases can be adjusted to hold odd-sized bottles or jars.

The problem of linings that pull away from frames has been solved for some luggage. One designer stitches the lining to the covering around the edges. Another uses plastic cement, war-tested for long-lasting adhesive strength, to glue the lining firmly in place.

Of special appeal to the feminine traveler are handbags designed to match her luggage. For a quick plane trip these carry-alls hold cosmetics as well as cash and tickets, thus helping to keep luggage weight within airline requirements.

MODERN LIVING CLAIMS VICTIMS

SOFT, refined foods and lack of exercise are responsible for increasing thousands of constipation victims. Intestinal muscles become sluggish, waste matter accumulates and gas is formed. Often there is a tired, restless, listless feeling. It's cases like this that the new improved ADLERIKA is designed to help. This scientifically compounded Tone-Up Laxative is quickly absorbed by the gastro-intestinal system... gas pressure is relieved and waste matter is moved gently through the digestive canal. When you eat well and digest your food well, you'll find a new joy in living. Order a bottle of ADLERIKA today.

Caution: use only as directed.

Amateur Carpenters Will Replace Actors At Community Theater Friday

Camp Louis Farr May Be Attended By Midland Girls

Mrs. C. E. Bissell, commissioner of the Midland Girl Scout Council, announced Friday Midland Girl Scouts may register for the July 20-29 period of camp at Camp Louis Farr, Mertzon.

Camping fee for each girl is \$17, plus a two dollar registration fee. All fees must be paid at the Girl Scout office, 304 West Avenue A, San Angelo.

The camp is located on beautiful Spring Creek, two miles west of Mertzon, where the girls live in units of 16. Each unit is under the guidance of a unit counselor and two assistant counselors. Under lovely oak trees, the Brownie Scouts keep house in rock cabins and the Girl Scouts in tents.

Leaders Needed
Camp director is Mrs. Victor Drllea, executive director for Tom Green County Girl Scout Association.

Mrs. Bissell said she had been notified that a waterfront director, archery specialist and assistant unit leaders are needed for the camping period to begin July 7. Salary is based on past experience and maturity. Further information can be obtained by writing Mrs. Drllea at the San Angelo Girl Scout office.

No Services Wednesday At Trinity Episcopal

No services will be held next Wednesday at Trinity Episcopal Church as the Rev. R. J. Snell will be at Ceta Glenn Canyon attending the Young People's Camp.

If interested in carpentering—professionally or on a strictly amateur basis, the welcome sign is out for 7:30 p.m. Friday at the City-County Auditorium when workers will go to work building the set for the "Kiss and Tell" production June 26-27.

Workers are urgently needed to complete the set, and the regular workshop session Friday is open to anyone—being a member of Community Theater is not necessary.

The stage committee is planning to serve cooling refreshments to the workers.

Helen Manning, chairman of publicity, said Thursday Mrs. Boaz Hoskins will be in charge of furnishing the set and props and Cornelia Patton will be supervisor of costumes. Lew Ground and Beryl Womack will "hold the book" as promoters.

Boys in Community Theater have planned, as their project, under the supervision of Grace Waldschmidt, to sell punch from a stand in the lobby during intermissions between acts.

A cooling system will be installed for both performances of "Kiss and Tell."

Earliest records indicated that buttons were first used as decorations. They became fasteners by the 15th Century.

Congratulations To

Mr. and Mrs. J. T. Robison on the birth, Thursday, of a daughter, Sandra Kay, weighing seven pounds and three ounces.

OZARKA WATER CO. welcomes these new arrivals. Phone 111 and a bottle of OZARKA will be delivered to you free.

400 Million Dollars for telephone growth in the Southwest...

We'll spend an estimated 400 million dollars to carry out the five-year telephone construction and improvement program in the Southwest.

A year ago it seemed that we could do the job for 250 million dollars.

But today the job is bigger, largely because of the continuing heavy demand for telephones; and costs have gone up for both materials and labor.

There are about 235,000 people waiting for service in the 700 towns we serve in Missouri, Arkansas, Kansas, Oklahoma, Texas, and a part of Illinois. Applications are still coming in, at a rate of about 50,000 a month.

We have outgrown the expansion plans we made a year ago, even before new equipment we ordered could all be delivered.

That means new and bigger plans to enlarge telephone exchanges. They include: more sections of switchboard... more cable and copper wire, more conduit... more poles,

more trucks, more tools... more new buildings and additions.

We need more and then still more of most of the thousands of things used to give telephone service. They take time to make and they must fit in with present equipment.

We'll have the trained men ready to install the new equipment as it arrives, construction crews ready to string wire and place cable, splicers to connect tens of thousands of wires, installers to put in telephones.

It's the largest construction program the telephone company has ever undertaken, and it's marked RUSH.

We want to catch up with the demand for service and then get ahead faster with the program to provide the most adequate and modern telephone service ever known.

A new triumph in plastics. It's Glostex, the new, sensational plastic coated material developed especially for automobile seat covers. They are available in blue, brown, red and green. Only Glostex offers these amazing features: tailored for style and comfort, simply installed, resists spots and repels water, resistant to acids, oils and grease, easily sponge-cleaned, seams securely bound with contrasting heavy piping. Waterproof and wears like iron. Exclusive streamlined designs in lovely colors and completely covers all surfaces exposed to wear. It has a smooth surface and saves wear on clothing due to its smooth surface. They are available for immediate delivery.

Come in and see the Velon Plastic Seat Cover material. These seat covers will not stain or deteriorate from exposure to sun or rain. Grease, Candy, and ice cream spots can readily be removed with a damp cloth. Velon will outwear all other conventional upholstery materials. We also have a nice supply of Foam Rubber cushions for your automobile.

WILD WESTERN STORIES BY GENE MAY THE KRAZY TRADER Don't suppose any of you folks have missed my Columbia lately, but in case you have, will beg your pardon. What with playing arrangements to all these Orphan "Klunks" down on the lot, and the water home chicken repairs, I haven't had time to bring the recent Northern, plus the other hazards of trying to stay right side up on the snow and ice here in this part of Sunny Texas, I haven't been too much in the humor to worry you with my troubles. All of which leads up to the point that you don't have to have two heads on your back to see some real Bargains down here. This is a growing crowd of "Beauties," I'll sell 'em for Cash - Credits or trade - maybe even for fun if you catch me feeling that way. Here's our line-up of Bargains - Read 'em and Rejoice!

TED SAYS: ★★★★★

Did You Know... that fires are burning a bigger hole in your pocketbook than ever before in history. Fire alarm bells ring once out of every 52 seconds. A home is destroyed or damaged by fire every 79 seconds. The annual damage in dollars and cents exceeds \$800,000,000. You do not know for sure just when a fire will start in your home, but here are a few things you can do for sure: Don't throw matches or cigarettes around in your house; don't try to install or repair your electrical wiring; don't leave home with your stove burning; don't allow rubbish or trash to pile up in your basement, attic or storerooms. In case of a fire, keep a level head, report the fire immediately to the Fire Department giving them the correct address. These will help in case of a fire.

BUT JUST PLAY SAFE AND HAVE YOUR PROPERTY AND VALUABLES COVERED WITH SUFFICIENT FIRE INSURANCE THROUGH THE WORLD'S LARGEST AND MOST RELIABLE STOCK COMPANIES.

We make GI, FHA and Conventional loans to buy or build. All of this service is as close as your phone.

LEGAL NOTICES

ADVERTISEMENT FOR BIDS FOR REMODELING OF THE MIDLAND AIR TERMINAL FOR THE CITY OF MIDLAND, TEXAS

NOTICE TO BIDDERS:

SEALED BIDS, addressed to the Mayor and City Council of Midland, Texas, for the remodeling of Building T-66, Midland Army Air Field No. 1, will be received at the City Hall Council Chamber or the office of the City Secretary, until 8:00 P. M., Central Standard Time, July 8, 1947, and then publicly opened and read.

The work included in this proposal will involve concrete work, painting work, sheet metal work, electrical installations, carpentry work, plumbing work, roofing work, and masonry work.

A Certified or Cashier's Check or a Bidder's Bond executed by some corporate surety authorized to do business in the State of Texas, in the amount of Five Percent (5%) of the lump sum bid, payable without recourse to the City of Midland, Texas, must accompany proposals.

Complete copies of the plans, specifications and contract documents may be obtained by prospective bidder at the office of the Avery-Stanford Company, Rm No. 2, Crawford Hotel, Midland, Texas, upon a deposit of Twenty Dollars (\$20.00). This deposit will be refunded to each actual bidder upon return of such documents in good condition within ten (10) days after receipt of bids.

The City of Midland, Texas, reserves the right to accept or reject all or any part of any proposal, to waive technicalities, to make any investigation deemed necessary of a bidder's ability to perform the work covered by the Specifications, and to accept what in the judgement of the Mayor and City Council is the best bid.

The bidder's attention is directed to the fact that bids or proposals shall be submitted only on forms provided therefor in the book of Specifications and Contract Documents. Bids submitted in any other form will be considered irregular and returned to the bidder unopened.

Remount Station Is Moved To Oklahoma

SAN ANGELO—Col. J. H. Dornblaser, commanding officer of the Southwestern Remount Station here, said Thursday removal of the station from San Angelo to Port Reno, Okla., is in progress and is to be completed within the next week.

Removal is necessary, Col. Dornblaser said, from the point of economy since five states, Colorado, Kansas, Missouri, Arkansas and Louisiana, have been added to the area, thus making it economically unsound for the staff to serve such a wide territory from headquarters in San Angelo. Previously Colonel Dornblaser's area included only Texas, New Mexico and Oklahoma.

FROM LUBBOCK Jimmie Wilson of Lubbock was a Midland business visitor Thursday. He is connected with the office of the housing expediter for this district.

Good Softball Tourney Is On

Real softball, the best in the West and the kind that tingles, is being played in the invitational tourney now in progress in Midland. Large crowds are attending.

Friday night's schedule: at 6:15 p. m., Gabriel's Aces of Odessa vs. Cuthbert of Colorado City; at 7:25 p. m., Moore Brothers of Odessa vs. Monahans Coca-Cola; at 8:35 p. m., Midland JayCees vs. Roberson Sinclair of Midland; and at 9:45 p. m., Dowell Chemical of Midland vs. Electric Service of San Angelo (brother, what a battle).

Semi-finals are ticketed Saturday night at 8 p. m. and 9:15 p. m.

The championship tilt will be played at 3 p. m. Sunday.

Thursday night, Barney Hightower of Roberson Sinclair out-pitched Odessa Guff's Billy Moorman, 2 to 0. Hightower allowed two hits, Moorman allowed three. Pete Garrison of Dowell Chemical gave only two safeties to Big Spring Hardware and struck out 17, winning, 2 to 0. Roy Weaks of San Angelo socked three hits in three trips in Electric Service's win, 2 to 1, over Primm Drug of Brownfield. He pitched and allowed only two hits.

Midland JayCees won on forfeit from Big Spring Motors.

SPORTS

6—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, JUNE 20, 1947

Indians Meet Oilers Friday

Not so long ago Midland was riding high in the Longhorn League on 22 victories out of 25 games. They went to Odessa. And what happened? Odessa won three straight games, inflicting one humiliating 37 to 5 stinging on Midland.

The worm turn! Webb hopes tonight. Friday night at 8:15 Midland opens a series with these bad, bad Oilers from over there.

Three games will be played—Friday and Saturday nights and Sunday afternoon.

Midland has just whipped Big Spring two out of three. Midland is on top of the league, by a game.

What a setup! Oh yeah, watch the Indians drill the Oilers Friday night?

For revenge! Ossie Kolwe will pitch for Midland.

MAJOR LEAGUES Looks Like Cards And Red Sox Will Take Over Races

By The Associated Press

Baseball's dizzy pennant races are reverting to form as the clubs approach the one-third mark with another Boston Red Sox-St. Louis Cardinals world series a distinct possibility.

Mention of such a pairing would have prompted loud hoots and a hurry-up call for the booby wagon two weeks ago. Now the Red Sox are in first place with an unbroken eight-game winning streak and the Cards have surged from last to fifth, only 4 1/2 games out of first, by winning their last seven straight.

The Red Sox moved into the American League lead Thursday, while enjoying an open date, on the strength of Chicago's 6-4 victory over the New York Yankees. Boston's Braves became the national league pace setter, while watching the rain wash out their scheduled game in Cincinnati, because New York fell before Pittsburgh, 12-2.

Brooklyn swept the entire three-game set from the Chicago Cubs, elbowing into third place, on a 5-1 success against Johnny Schmitz. Ralph Branca posted his eighth win on an eight-hitter.

Those amazing Philadelphia A's knocked over Detroit, the Tigers fifth straight loss, 8-4.

Washington eked out a 3-2 margin over Cleveland for Early Wynn's eighth victory.

Boston and St. Louis in the American and Philadelphia and St. Louis in the National were not scheduled.

Oklahoma City Indians May Go Places Yet By The Associated Press The Oklahoma City Indians might go places yet in the Texas League if what they've done in the last three games becomes habit-forming. Each time the Indians got behind, only to slip out in front when time came for the score book to be closed and the fans to go home. Thursday night they did it against San Antonio, handing the Alamo City crew a 7-3 spanking and a shove deeper into the gloomy regions of the loop cellar. In the other two games Thursday night (Shreveport and Dallas had an off day) Fort Worth downed Beaumont 6-5 in 12 innings and Tulsa humbled league-leading Houston, 4-3.

Tribe Atop Loop; Sports, Oilers Win

By The Associated Press

Midland and Big Spring continue to secesaw in the battle for the lead in the Longhorn League.

Thursday night was Midland's time and they beat Big Spring 5-1 as Weldon Stewart gave up only three hits.

Odessa hit three home runs in crushing Ballinger 19-6 and Sweetwater beat Vernon 7-1 as Roy Jones fanned 11 batters.

Indians Win 5 To 1 Over Big Spring

BIG SPRING—Midland's upsurging Indians took the sugar game of a three-game series here Thursday night and a full-time hold on the Longhorn League leadership, whipping the Big Spring Bronces, 5 to 1, behind steady-pitching Weldon Stewart.

The Webbsmen, while Stewart had the Bronces on his hip, got one run in the first and one in the sixth, two in the eighth and one in the ninth. Big Spring scratched in the third.

And John Alvis, who really is a "hoss" on home runs lately, got another one.

Box score table showing stats for Midland and Big Spring players. Midland totals: 34 5 9 27 5 2. Big Spring totals: 3 1 1 13 1.

Runs batted in Alvis, Prince, Ayers, Stewart, Moreno. Two base hits—Nipp, Home runs—Alvis, Moreno. Earned runs—Midland 3, Big Spring 1. Struck out—By Patterson 7, Stewart 11. Base on balls—Patterson 7, Stewart 3. Caught stealing—Nipp by Traspuerto. Stolen Base—Del Toro. Umpires—Gigliello, Evans. Time—1:55.

Whaia Day! Midland Nines Win Six Till

Midland ball teams sure had the rabbit foot Thursday. Midland nines won six games. The Indians, professional baseball team, beat Big Spring.

Three Midland softball teams won in the tournament in progress here—JayCees, Dowell Chemical and Roberson Sinclair.

And the Midland Skyscrapers, negro baseball team, won two games, beating Big Spring and Monahans.

Wadkins, Odessa, Is Qualified In PGA

DETROIT (AP)—Defending champion Ben Hogan, hard-hitting, methodical little man, and medalist Jimmy Demaret, top tournament money winner of the year, led 64 qualifiers into match play for the national PGA championship Friday.

Hogan, defending champion, qualified automatically. The qualifiers included: Lloyd Wadkins, Odessa, Texas, 73-71-144.

Tomato seeds were brought to South America by the Spanish.

President's New Flying White House Said To Be Safest Airplane; Is Dubbed 'Cow Number Two'

Maj. E. F. Smith, co-pilot of the new Presidential plane, "Independence" (commonly called "Cow Two") tests the radio-telephone in the President's flying office. Plane has been double-checked and double equipped for safety.

SANTA MONICA, CAL.—(NEA) —When President Truman makes his flight in his new plane, the Independence—planned for July 4th—it is claimed he will be the safest air traveller ever to go aloft.

That is the contention of the President's pilot, Col. Henry T. Myers. While the huge DC-6 was being made in the Douglas Aircraft plant here, Col. Myers spent as much time as he could find away from his other official duties, seeing that every nut, bolt and screw which went into the giant plane was put in properly. And this was in addition to the double checking and inspecting which the Douglas engineers did.

It was announced that the plane has every known safety device. It goes even further than that. There is much equipment being installed for the President's protection which is as yet a military secret and known only to the Army Air Forces.

Two sets of all the radio equip-

Big Spring, Tex Hotel Every 2nd & 4th Mon. From 7 to 11 a. m.

ment have been put in the plane. This means two of even the standard auxiliary equipment. Where there is usually one safety light on the instrument panel to tell a pilot such things as whether the wheels are up, etc., a double safety system has been installed.

All the known navigation equipment systems are in the plane. This in spite of the fact that Col. Myer could probably fly to any spot on the globe without any equipment, he has flown around the world so much. With such equipment it would be practically impossible for the Independence to get lost.

The radar installed in the plane is the most advanced type science has produced. In blind flying conditions it can show the contours of the land below on the scope with more accuracy than a map. It shows the presence of any plane within miles as well as mountains and even small hills.

On all the pressurization and air conditioning equipment there are double safety valves and gadgets.

In addition to voice radio, the Independence has a radio teletypewriter for sending and receiving printed messages. Other special instruments include a radio altimeter which gives actual height over terrain or water, radio compass, electronic auto-pilot, and an instrument landing system which includes a glide path receiver, marker beacon receiver and localizer.

The name "Independence" was arrived at after much deliberation. But like its predecessor with the unofficial name of "Sacred Cow," the Independence is also getting an unofficial title which is used more than the official one. With crew members, maintenance men, guards and all who have anything to do with it, the plane is simply "Cow Two."

It's a big question in Col. Myer's mind whether the name "Independence" will ever be used more than "Cow Two." The first "Cow" got

its name, according to Col. Myers, because of the special maintenance it always had and the special guards which were always used for it.

The original Sacred Cow now goes into general service with the Air Transport Command. It has been flown approximately 431,000 miles since 1944 carrying two presidents and many high ranking officials and dignitaries of the U. S. and foreign countries. President Roosevelt took his first ride in it in June, 1944. Since then it has touched 53 nations around the world.

It is the earnest prayer of the ATC that "Cow Two" performs as successfully as the first one.

Borneo Sultan's Party Makes Arabian Nights Look Like Second Runs

By STAN SWINTON
AP Newsfeatures

PONTIANAK, WEST BORNEO.—If things are getting a little dull around your town, drop around to a sultan's party out West Borneo way.

Home is never like this unless the little woman is doing housework over an acre or so and doesn't object to a few dozen veiled Oriental beauties around the living room.

Take that little affair Sultan Hamid II of Pontianak gave for a few hundred friends when Prime Minister Beel of Holland was in town. Free Scotch.

There's free scotch at the Harmony Club while you wait for the cutter which will carry you across the swirling, brown Kapeas River to the palace.

On the landing deck across the way there's an honor guard. What an honor guard! Twenty beautiful native girls, with soft brown eyes peeping out through veils. They're dressed in something yellow and silken and swirling. Not sarongs—sort of baggy Arabian trousers and jackets. But terrific!

Straight ahead is the palace, strung with rows of lights right up to the peaked roof. It's like a giant Christmas tree in a fairy tale.

You walk down an eternally long lane lighted by hundreds of flickering candles to reach it. On both sides hundreds of curious, chattering Malays and Chinese stare.

Three flights of stairs lead into the palace. And on each side of each stair is another veiled lovely, crouching humbly. It's sensational—makes a new thing out of stair climbing.

In a reception hall roughly the size of a football stadium is your host—handsome, 34-year-old Hamid, who speaks perfect English. Maybe you better bring the wife along, too. He's the dark-haired descendant of an adventurous Arabian seafarer who had the foresight to go into the sultan business back in the 18th century.

His Highness (commonly known as Max) wears a little number strictly from Hollywood—a bright green cocked kopiah on his head, yellow silk blouse, baggy green silk trousers and deadly ceremonial kris dagger.

A swing band flows from Batavia is on the right; on the left, an inexhaustible bar across which flows scotch (four cases in one hour), gin, fruit punch, beer and—well, there were other kinds.

Bhami (a sort of noodles), salads and cakes fed those who stop staring long enough to eat.

Outside scores of tables served by more palace beauties dot the lighted garden.

Around 11 p. m. male Arabs perform stick dances, slashing at each other with long poles which are dodged with incredible agility.

About 2 a. m. the Arabian Nights party begins to break up and—what? You here already?

A modern primitive tribe, the Bushmen, consider termite eggs a food delicacy.

FLOWERS SAY IT BETTER!

When you have a special message of love . . . send a box of exquisite roses. They can express your feelings far better than any of your words might.

But is now made manifest by the appearing of our Saviour Jesus Christ who hath abolished death, and hath brought life and immortality to light through the gospel.—II Timothy 1:10.

Congressional Humor

In a footnote to a recent article by Senator Alexander Wiley in the New York Times Magazine, the editors explain that one of the Wisconsin senator's pet ideas is to dress up the Congressional Record in a snappier format and have it sold to the public.

Wiley's article, we assume, is a sort of trial balloon. Titled "Congress Has Its Fun," it consists of nifties culled from House and Senate debate and now available only to the Record's limited readership.

But it is possible that the senator's samples have kicked his pet idea in the head. Maybe today's Americans, nourished on the one-line gag, aren't geared to the tempo of frock-coated congressional wisecracks. At any rate, it's hard to imagine the New Yorker's editors feeling perturbed after reading them, or to predict a sudden pulic clamor for the Congressional Record.

The senator seems to have some doubts himself. He starts out with a provocative bit of promotion: "Clever repartee, witty punning, funny yarns—these are grist for the congressional humor mill." But a half dozen lines later he loses heart: "To be sure, some of them (the jokes) may appear comparatively flat in print." (Senator, you ain't kidding.)

"Congress Has Its Fun" contains such mirthful moments as the time when Representative A starts out, "Does the gentleman think—" and Representative B interrupts him to remark, "Occasionally." (End of joke.)

But the real show-stopper should be included here in toto, complete with names. It happened in the Senate when Barkley had been discussing the Green-Pepper amendment to a labor bill. Take it away, Senator Wiley.

Tobey: "Has the senator been reading seed catalogs lately? He spoke about green peppers."

Barkley: "I have not. I have been so busy lately that I have not been able to do any garden planning. Therefore, I have not been interested . . . in red or green peppers."

Tobey: "The senator has some hot stuff now."

Barkley: "I rejoice in hot stuff."

Pepper: "Mr. President, will the senator yield?"

Barkley: "I yield."

Pepper: "Should not the senator say to the senator from New Hampshire, 'Tobey sure?'"

Barkley: "I am not interested in whether it is 'Red Pepper' or 'Tobeyasco,' both of which I enjoy."

Wiley says that even "tame jokes" relieve congressional tensions and dissolve them in gales of laughter. Such jokes, we feel, will also tend to give the average radio comedian a new stature.

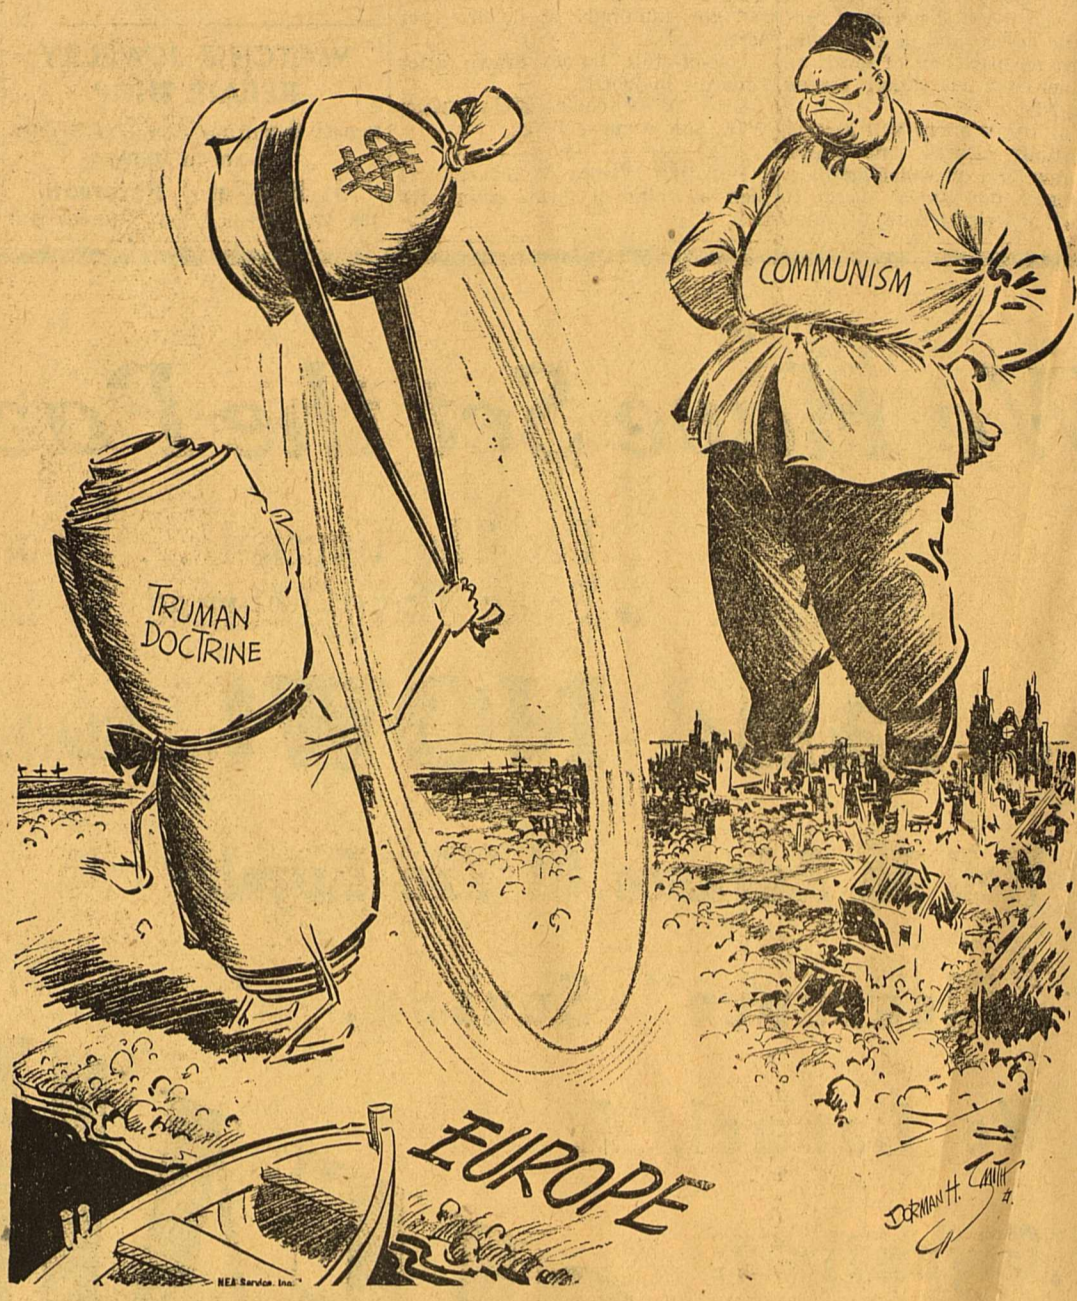

Having digested "Congress Has Its Fun," we can only say that we care not who makes the nation's laws if only the making of the nation's jokes can be entrusted to capable characters.

Many motorists have no sense of right and wrong, according to a traffic expert. And many have a poor idea of right and left.

It's hard to say which is worst for an auto—a loose tire or a tight driver.

Sometimes it's hard to borrow money from friends because those who have it have it because they refuse to lend.

Little David's On His Own

Age-Old Governments Of Princely States In India Will Have To Go

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

India's turbulent progress toward independence—sadly divided as she is religiously, racially, politically and socially—is producing exactly the problem close observers anticipated in connection with this disposition of the more than 560 princely states which are governed by autocrats of great wealth who broadly speaking have the power of life and death over their subjects.

These potentates, by and large, are anachronisms who have ridden down to us from out of medieval times on their regally caparisoned elephants, to continue their Arabian Nights lives in the midst of a primitive splendor which has to be seen to be believed. There are, of course, great and good princes who have caught up with the times and have served their people well. However, there are many more who toll not but vie life through the eyes of ancestors who lived on the sweat of their unhappy subjects.

These relics of by-gone days now stand, bewildered and unloved, at the cross-roads of their existences. They are on their way out, but the manner of their exit will be determined as India progresses in self-government. Many of the minor rulers of tiny states can be disposed of summarily, but there

are powerful sovereigns of great states who can't be dismissed so lightly.

Two-Fifths Of Country

The so-called native states ruled by the princes comprise two-fifths of the territory of India and have a population of some 90,000,000—over one-fifth of the total population. The rest of the country is made up of the provinces of British India.

These two vast areas present entirely different problems. In British India we have the Hindu-Moslem feud which has resulted in that part of the country being partitioned into two independent states—Hindustan (Hindu) and Pakistan (Moslem). But complicated as is the position in British India, it is 10-fold more so in the native states.

The British government has said it will give every encouragement to the hundreds of princes to affiliate either with Hindustan or Pakistan. England aims at achieving as united an India as possible, but will not deny the native states the right to establish an independent status if they so desire.

So there are plenty of prospects of further civil strife before the princely problem is settled. While the extent of that can't be foreseen, one thing is clear: the whole set-up is such that the Indian potentates are headed for eventual extinction.

EXPORT OF COTTON FREED IN INDIA UNTIL AUG. 31

NEW DELHI, INDIA.—(AP)—India's Commerce Department has announced free export of cotton from now until Aug. 31 as a temporary measure "in view of the commodity's easier supply position in the country."

Richardsons Attend A&M Short Course

J. A. Richardson and son, John K., have returned from College Station where they completed the Nurserymen's Short Course sponsored jointly by the Texas Association of Nurserymen and A. and M. College. Forty-seven Texas nurserymen qualified for the course. Subjects included: material and equipment for the control of insect pests; nature and damage of soil pests; new fungicides; nursery inspection service; crown gall; certified trees; soil reaction and the use of commercial fertilizers; portable irrigation equipment and practices; native plant material; artificial defoliation and digging and storage of shrubs and roses; and diseases and insect pests affecting lawn grasses and their control. The lectures were by outstanding nurserymen and agriculturists of the state and nation.

DAILY TRAIN SERVICE RESUMED IN IRELAND

DUBLIN.—(AP)—Following improvement in the fuel situation in Eire as a result of the import of American coal, mainline daily passenger train services was restored June 16. Services were cut Jan. 20 to four days a week and Feb. 24 were completely suspended.

The trumpet is believed to have been invented around 1500.

NEW CITY BUS SCHEDULE

Effective Friday Morning

Bus leaves at 7 a.m. going West from N.E. Corner of Texas and Loraine stop, going on regular West run, return on Wall Street to Main then North to Texas, stopping at N.E. Corner of Texas and Loraine. Bus leaves at 7:15 a.m. going North on regular North run, returning by Illinois to Colorado to Court House stop. Bus leaves at 7:30 a.m. going South on regular South run, Rankin Hiway, return to Garden City Hiway, then return to Post Office stop. Bus leaves at 7:45 a.m. going East to Skyhaven Airport, returns to N.E. Corner of Texas and Loraine stop at 8 a.m.

Bus leaves at 7 a.m. going South from Court House stop (same route as above).

Bus going East at 7:15 a.m. from Post Office to Skyhaven Airport.

Bus going West at 7:30 a.m. from N.E. Corner of Texas and Loraine stop. (same route as above).

Bus going North at 7:45 a.m. from N.E. Corner of Texas and Loraine stop (same route as above).

This schedule is maintained at 30 minute intervals until 11:00 p.m.

Navy Champion

Seaman first class Dan Buceroni added the All-Navy heavyweight championship to international amateur honors in San Diego. The tournament was last held in 1938. An instructor in the service, Great Lakes warrior will be discharged this fall. A product of Philadelphia, he will either seek a place on the Olympic team of next year or turn professional.

Treasury Department Hands Over To Congress Tax System Reports

WASHINGTON—(P)—The Treasury has handed Congress some tax revision ideas to think over until what President Truman calls the "right time" for changing the revenue laws arrives.

Specifically withholding recommendations of its own, the Treasury turned over to the House Ways and Means Committee studies of four plans to equalize federal income taxes on married couples in all 48 states.

Three of the four plans would increase taxes by as much as \$997,700,000 for as many as 1,400,000 couples and 7,200,000 single persons.

The other would save 4,900,000 couples \$743,500,000 by giving those living in 38 states the same "income splitting" rights now enjoyed by couples living in the 10 states which have community property laws.

The Treasury avoided endorsing any of the plans, describing its 60-page report on them as "factual findings", but Secretary Snyder, in earlier testimony before the committee, has indicated the Administration considers the plans to be among the "right kinds" of changes in the tax setup.

The ways and means committee is studying possible general revision of the tax structure at some future date. Its investigation was under way even before President Truman vetoed the tax bill.

The Treasury report said the present income tax law "discriminates" between families by favoring those with income from investments over those with earned income as well as by favoring community property state residents over others.

Persons with investment income have the right to split it among members of their families.

The Treasury's four plans for equalization:

1. Require all couples, including those in community property states, to pool their income in one return, thus eliminating any saving through income splitting. This would add \$542,000,000 taxes on 1,400,000 couples.

2. Tax all earned income to the earner, and all community property income to the husband or wife exercising "management and control" of the property. This would add \$82,000,000 taxes on 600,000 couples in community property states.

3. A "dual-rate-schedule plan" which would eliminate the tax advantage of filing separate returns to get the benefit of lower percentages of tax. It would keep the same surtax percentages, but make them apply on income brackets 50 per cent lower than now. This plan would be costly also to single taxpayers.

It would add \$1,000,000 taxes on 1,400,000 couples who now benefit by filing separate returns and 7,200,000 single persons with surtax-net incomes of over \$1,000, which means those with gross income of about \$1,650 and over.

4. The split-income plan, which would simply let married couples in all states divide their combined incomes for tax purposes instead of restricting that right to community property states.

Truman Notes Safety Record, But Declares Roads Still Unsafe

WASHINGTON—(P)—President Truman recently applauded a "sharp and gratifying decline" in the nation's traffic casualties, but called on highway users and officials to reduce still further the "appalling" annual toll.

"We have won a major victory in the campaign against carelessness," said Truman in an address prepared for the opening session of his second highway safety conference.

Noting at least 6,500 lives were saved last year as measured against "the bleak record" of prewar 1941, when 40,000 fatalities occurred, Truman declared the safety campaign is "well started, but it is by no means done."

"Last year 33,500 men, women and children died as a result of highway accidents, and well over 1,000,000 were injured," he said. "That is a tribute to inefficiency this nation cannot afford to pay."

Truman urged improvements in the state licensing of drivers. He recalled his assurance at the first conference last year that the federal government has no desire to "encroach on state jurisdiction in this field," but he said Congress will "not sit idly by in the face of a greivous national accident toll."

In too many sections, Truman declared, "the licensing laws are nothing more than revenue measures and their administration a travesty on public safety."

Uniform license systems which eliminate the "dangerously unfit and the dangerously irresponsible from our streets and highways," he said, are a basic weapon in the war on accidents.

There are as many as 1000 knots to the square inch in some Persian rugs.

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY America's Card Authority

Many of you will want to sit right down and write me a letter about how bad the bidding was on today's hand. I certainly would not like to play a hand with a void suit at three no trump—but suppose you were sitting in the East position, and your opponents did get to three no trump on the hand.

That happened to Mrs. Edwin L. Marks of Albany, N. Y., winner of the Metropolitan Championships at Montreal, Can., and Mrs. Marks was confronted with an interesting point of play.

Strangely enough, several other pairs reached three no trump on the hand. The opening lead was won by declarer with the jack of clubs, a small diamond led to dummy's ace and the jack of hearts played. When East failed to cover,

2♦ Pass 3♣ Pass
3N.T. Pass Pass
Opening—♠6 20

declarer let it ride, played the other heart from dummy and finessed the ten-spot, thus making four hearts, five diamonds and a club.

However, when declarer led the jack of hearts against Mrs. Marks, she recalled that South had bid hearts, and if he held five of them, her partner, West, might have the blank king. Mrs. Marks decided that would be the only way she could lose by covering, so she covered the jack of hearts with the queen. This held the contract to three no trump as declarer could make only three heart tricks.

Beware of letting acid foods, such as tomatoes, lemons and vinegar, touch the porcelain enamel on the outside of your range or refrigerator unless the finish is acid-resistant. These foods will leave a stain that won't come off.
