'All Top Reds In U.S. Are Spies'

K W & D TO DRILL WILDCAT IN SE MARTIN COUNTY AREA

Drilling is to be started immediately on a wildcat to around 4,800 feet to explore the San Andres-Permian in Southeast Martin County, about three miles east of Stanton.

The prospector will be King, Warren and Dye, of Midland, No. 1 Martin. The location is to be at center of northwest quarter of southeast quarter of section 9, block 35, TP survey, T-1-S.

The development is on a lease formerly owned by Phillips Petroleum Company, and which was turned to King, Warren and Dye, to drill the well. Phillips contributed other acreage, as did The Plymouth Oil Company. Both those concerns retain considerable acreage in the area. King, Warren and Dye have a checkerboarded spread of about 2,400 acres around the drill site.

Rotary drilling equipment is slated to be moved in and rigged up during the week. Actual digging will start as soon as the machinery is ready.

CROCKETT DISCOVERY FINDS WATER TABLE

Sinclair Prairie Oil Company and The Atlantic Refining Company No. 1-66 University, Central-Northeast Crockett County Ellenburger wildcat, about eight miles northeast of the Todd Deep field, and 1,980 feet from north and east lines of section 30, block 46, University survey, and which flowed at the rate of 80 barrels per hour from section at 7,512-62 feet, and flowed 12.5 barrels of oil in one hour at 7,562-7,608 feet, had a recovery of 900 feet of fluid in the drill pipe when the tester was pulled after the drill stem test of the 7,562-7,608-foot interval.

Of that fluid, 870 feet was oil, and 30 feet was sulphur water. Operators ran another drill stem test on the bottom 10 feet of the hole—at 7,598-7,608 feet. The tool was open one hour. A blow of gas showed at the surface after six minutes and continued the remainder of the period. The gas volume was not sufficient to measure.

At last report operator was coming out of the hole with the drill pipe.

It appears that the water table for the Ellenburger has been encountered in this discovery. Interested observers predict that the pay section logged above the water will be sufficient to complete a good oil well. Top of the Ellenburger was at 7,396 feet. The oil came in about 7,500 feet. Above that was heavy gas and condensate.

UPPER MARKERS PICKED ON NW CROCKETT PROSPECTOR

Byrd and Frost No. 1 Mayberry-Tippett, Northwest Crockett County wildcat to 9,000 feet, six miles south-west of the Crockett field, and 660 feet from northeast and southeast lines of section 39, block 31, H&T survey, had reached 4,420 feet in lime, and was drilling ahead.

Top of the San Andres-Permian had been called at 1,925 feet. Top of the dense lime was picked at 2,490 feet. Derrick floor elevation is 2,662 feet.

SKELLY STARTS DIGGING AT WEST GAINES WILDCAT

Skelly Oil Company No. 1 Doss, West Gaines County wildcat, three-quarters of a mile south and one-quarter of a mile east of Honolulu Oil Corporation No. 1 White and Shelton, recent discovery from the Clear Fork-Permian, and located 680 feet from north and west lines of southwest quarter of section 394, block G, C&S&D&R&NG survey, had spudded to 270 feet in redbeds and caliche, and was reaming the hole, preparatory to cementing surface casing. When that has been done operator will start boring ahead to around 7,500 feet. C. J. (Red) Davidson is the drilling contractor. Rotary is being used.

S-C HALE EXPLORATION MAKING MORE HOLE

Barnsdall Oil Company No. 1 Camp, South-Central Hale County wildcat, 1,980 feet from north and 660 feet from west lines of section 13, block D-18, EL survey, about four miles west and one quarter of a mile south of the discovery well of the Petersburg field, had reached 7,010 feet in lime and gray and black shale and was drilling ahead. Identity of the current formation has not been definitely established. This project is due to go to at least 7,500 feet.

It is understood that some of the lower formations have been showing slight thinning, and if that should continue the development might be carried below 7,500 feet.

MABEE COMPLETES STEP-OUT TO SHAFER FIELD

Guy Mabee Drilling Company No. 1 Williams, one location north step-out to the Shafer Lake field in North-Central Andrews County, and 660 feet from south and east lines of section 10, block A-36, psd survey, has been completed from pay at 4,375-4,457 feet, for a 24-hour pumping potential of 116 barrels of 32-gravity oil. Gas-oil ratio was 100-1. The producing formation had been treated with a total of 3,000 gallons of acid.

AMERADA COMPLETES TWO NEW WELLS IN ADAIR FIELD

Amerada Petroleum Corporation has completed two new pumping producers in the Adair field of South-Central Terry County, about 15 miles due south of Brownfield. (Continued on page 2)

GOP May Go To House In Clark Probe

WASHINGTON —(P)—With the Senate stalled on demands for a congressional investigation into Attorney General Clark's handling of Kansas City vote fraud charges, prospects mounted Tuesday Republican leaders might turn to the House for help.

Senator Kem (R-Mo) said he still has not given up hope the Senate will approve his resolution authorizing an inquiry.

But with time running out on the Saturday adjournment goal, Democratic senators showed no inclination to let the matter come to an early vote.

Meanwhile, a highly-placed House Republican who asked his name not be used said a number of representatives have been pressing for an inquiry by their chamber. He said the matter might be brought before the House Administration Committee Tuesday.

Volcano Active In Nicaragua

MANAGUA, NICARAGUA—(By Telephone to Mexico City)—(P)—Sandy ash from erupting Cerro Negro volcano covers an area about 45 kilometers (28 miles) in diameter but so far no casualties have been reported.

By day smoke sometimes is visible here from the volcano 125 kilometers (78 miles) Northwest and at night the reflection of flames can be seen.

Trains sent by the government have evacuated many from among ancient Leon's 70,000 people who fear the nearby eruption may become disastrous. Others think the volcano is growing quieter and that soon the fall of ash and sand will cease.

Sand is kept swept off the cathedral's roof to avoid excessive weight which could cause a collapse of the old structure. Roofs of other buildings are cleared periodically.

Cerro Negro, close to Leon, puffing out black smoke and sand every 30 seconds day and night. There have been four previous eruptions of the 1,500-foot cone which first was active in 1856 and spouted again in 1867, 1914 and 1927.

'Police Measures' Are Necessary Dutch Claim

LAKE SUCCESS —(P)—The Netherlands government informed the United Nations Tuesday it had been compelled to "resort to police measures" against the Indonesian Republic because of continued "acts of violence."

At the same time, it was disclosed the Indonesian government itself had sent a communication to the Security Council. The contents were not known, but the note was presumed to be an appeal for aid.

The Dutch note charged the Indonesians with "senseless destruction" with maintaining a food blockade and with carrying on "hostile and inflammatory propaganda."

Indonesian Commander-In-Chief

Capitol Talk Is Conflicting About Whether Ad Valorem Hike Is New Tax

AUSTIN —(P)—The "I told you so's" were being exchanged in the capitol Tuesday following the automatic tax board's action in virtually doubling the state property levy Monday.

One group was insisting the additional 35 cents levy on the \$100 valuation was in no sense a new tax; that it has long been authorized and has almost always been necessary.

The other side said it was a new tax insofar as any comparison between 1946 and 1947 was concerned. The board's action brought a sharp statement from Rep. Frank C. Oltorf of Marlin, whose comment was:

"That is the direct result of the failure of the legislature to enact by a natural resources tax. Every member of the legislature who voted against or otherwise opposed such tax shares in the responsibility."

Gov. Beauford H. Jester, chairman of the automatic tax board, said in his report to the people Monday night, a few hours after the board met, the legislature had greatly expanded state services including aid in education "without imposition of new taxes on the people."

Gov. Jester held firm Tuesday to his claim no new taxes have been levied.

Selby Funeral Rites To Be Held Wednesday

Funeral services will be held at the Ellis Funeral Home Chapel at 10 a. m. Wednesday for V. Earl Selby, 50, Midland painter, who was found dead in his room at 105 South Peecos Street here early Sunday. The Rev. Vernon Yearby, pastor of the First Baptist Church, will officiate.

A military service will be conducted by the Woods W. Lynch Post No. 19 of the American Legion. Officers said Selby died as a result of injuries suffered in an altercation in front of the rooming house where he lived. A murder charge was filed against Jerry B. Cook, 32, of Midland. He was released under \$2,000 bond and his case bound over to the grand jury.

Selby came to Midland in October, 1941, and was employed by the A. and L. Housing and Lumber Company. He was born July 18, 1897, at Prague, Okla. He was a World War I veteran.

Survivors include a son, Daryl, Midland; a daughter, Earlene, Midland; two brothers, Jesse of Denver, Colo., and Theodore, Shamrock, Okla.; and a sister, Carmen Selby, of Tulsa.

Ex-Soviet Officer So Testifies

WASHINGTON —(P)—Victor Kravchenko Tuesday told Congress "every responsible representative of the Soviet government in the United States may be regarded as an economical or political spy."

Kravchenko, former official of the Soviet purchasing commission in New York, testified before the House Committee on Un-American Activities.

He said a Mr. Sedov, who was deputy chairman of the purchasing commission, actually was superior to the Russian ambassador from the Communist Party point of view.

Andrei Gromyko, now representing Russia in the United Nations, was ambassador at the time, Kravchenko said.

The one-time Russian army officer described Sedov as the "main personality representing the central committee of the Communist Party in the United States."

He said no decisions could be made without Sedov's participation, adding when secret conferences were held at the purchasing commission, Sedov presided rather than the general who was head of the agency.

Kravchenko later broke with the Russian government, renounced Communism and told why in a book, "I Chose Freedom."

Robert E. Stripling, chief investigator for the committee asked Kravchenko for information on actual assignments to spy work made by the Communist Party in this country.

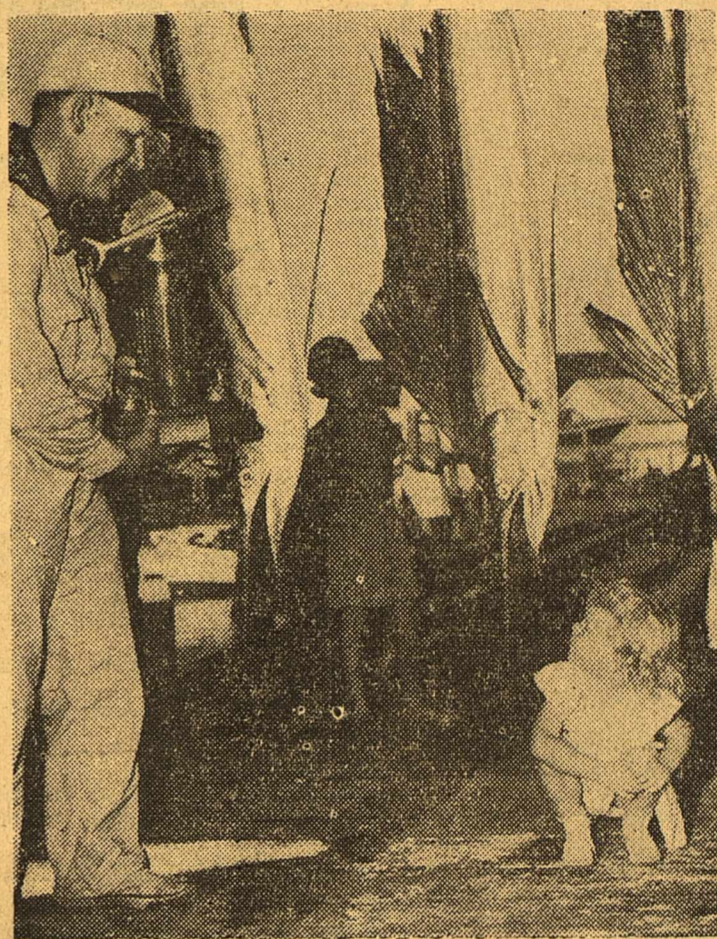

In general, the witness said, no person holding a position in connection with economic affairs arrived here from Russia "without a specific assignment with reference to collection of secret documents."

Then he went on to say that every responsible Soviet representative here may be regarded as a spy.

Kravchenko said a metallurgical engineer named Khimushkin, who worked in the purchasing commission, actually was a doctor of technical science and a university professor who collected "enormous confidential material concerning the American aviation industry."

The witness said he had seen this material personally, that it contained various secret documents, photographs, blue prints and notes, and it was sent to Moscow by plane.

Where's Your Hook, Mister

(NEA Telephoto) Dick Tronson, Houston, Texas, proudly displays the trophy he won as Sail Fish Champion of the 12th Annual Port Aransas Deep Sea Fishing Rodeo. Little Sandra Nelson, 3, of Port Aransas, who had been listening to Tronson tell how he landed the three beauties between 10:30 a. m. and 2:00 p. m. (which established a new record for Gulf Sail Fishing) unexpectedly walked into the picture and started looking into the mouths of the sails for "hooks."

Six-Year-Old Changes Mind About Killings

MASSILLON, OHIO—(P)—Mrs. Roger Gue of Navarre, mother of the six-year-old boy reported by Police Chief Stanley W. Switzer to have admitted the accidental killing of two babies in City Hospital last month, said Tuesday her son again had changed his story and she did not now believe her son dropped the infants.

Mrs. Gue said the boy reverted Monday night in questioning by his parents to his original story, told authorities earlier this month, of seeing a big boy in a white coat enter the nursery.

"If Roger continues to stick to his original story of seeing the boy in the white coat enter the nursery, we plan to call prosecutor D. D. McLaughlin to inform him of the child's change of mind," she said.

She added she did not believe the boy's story, released by the Massillon police chief Monday, of dropping the babies accidentally while playing nurse.

Investigating authorities earlier were disagreed on how the two infants met their death at City Hospital despite the widely publicized story released by Chief Switzer.

S. P. Railroad Strike Settled

SAN FRANCISCO —(P)—A strike by the Brotherhood of Locomotive Engineers which immobilized the Western lines of the Southern Pacific Railroad ended Tuesday morning, six hours and 45 minutes after it began.

Thirty-nine minutes later the first of hundreds of locomotives idled by the strike puffed back into service. It was a switch engine in the railroad's Oakland, Calif., yards.

Some 3,500 engineers were affected by the strike. Trains en route when the strike began continued to division points, where engineers left them. Points at which the engineers walked off included Cakeland, Bakersfield, Los Angeles, San Francisco, Sacramento and Roseville, Calif., Reno and Sparks, Nev., Eugene, Ore., El Paso, Texas, Ogden, Utah, and Yuma and Tucson, Ariz.

Some passengers slept aboard halted trains, and others wandered about stations awaiting word from the negotiations in San Francisco. Before the strike ended, the company had begun arrangements for transporting passengers by buses.

WEATHER

Becoming partly cloudy Tuesday afternoon, night and Wednesday. A few scattered thundershowers in Panhandle area Tuesday afternoon and warmer. Maximum temperature Monday was 98 degrees, minimum 70 degrees. Minimum 73 degrees.

HOUSE AGREES TO PAY EL PASO FOR DAMAGES

WASHINGTON —(P)—A bill passed by the House to reimburse El Paso, Texas, for a \$3,293 judgment awarded by a county court went to the Senate Tuesday.

The award was made by the court in the death of Lionides Radofo Mendoza, who fell from a temporary walk on the Park Street bridge over Franklin County.

The canal and bridges are owned by the federal government. The accident occurred June 9, 1943.

LATE NEWS FLASHES

LAKE SUCCESS — (AP) — The United States Tuesday warned the Balkan states any refusal to cooperate with the proposed Border Watch Commission might bring punitive action by the United Nations Security Council.

SINGAPORE — (AP) — Sutan Sjahrir, former premier of the Indonesian Republic, announced Tuesday he would visit the United States as well as India and Australia on a special mission for President Soekarno.

WASHINGTON — (AP) — A \$225,000,000 Army construction program in the United States and abroad was approved Tuesday by the House Armed Services Committee.

JERUSALEM — (AP) — General alarm sirens Tuesday called British troops to action stations in Jerusalem, and first unofficial reports said one of the Holy City's security gates had been grenaded.

Taft Will Make 'Feeler' Trips

WASHINGTON —(P)—Senator Taft said Tuesday he will make a Western speaking trip to test reaction to the Republican-controlled Congress before he decides finally whether to seek the 1948 GOP presidential nomination.

The Ohio senator will discuss Congress' record when he makes the principal address at a homecoming dinner for Ohio Senate and House Republicans to be given by the party's state committee at Columbus July 31.

This is looked upon in some quarters as the start of a Taft-for-President campaign inasmuch as a national radio hookup will be provided. Thus far the Ohio senator has three definite speaking dates on the Pacific Coast, one of them non-political.

Three Of Four Escaped Prisoners Are Captured

VERNON —(P)—Vernon Edward Hill and Donald Davis, two of four prisoners who escaped from the Carson County jail at Panhandle Sunday, were taken into custody near Seymour, Tuesday by Texas ranger, Jim Geer, of Vernon and members of the state highway patrol.

This left only one prisoner still at large, Thomas Binkley, Jr., 37, of Graham, having been arrested at Pampa Monday night. The one now being sought is Leo James.

France Takes Up Mediator's Role

LAKE SUCCESS —(P)—France took the lead Tuesday in a move to reconcile conflicting views between Russia and the United States on the Balkan problem.

French delegate, Alexandre Parodi, told the United Nations Security Council he had prepared a series of amendments to the American proposal for creation of a semi-permanent border watch along Greece's troubled Northern border.

It was disclosed Russia had approached the United States with "feelers" regarding the possibility of watering down the American proposal and had met a "flat refusal."

Now delegates expected Russia or her voting partner—Poland—to attempt to amend the American plan to such an extent as to bring it into line with the Soviet ideas.

EL PASO OFFICERS HOLD MAN WANTED FOR MURDER

EL PASO —(P)—A 28-year-old Jacksonville, Fla., man was held here Tuesday in connection with the slaying of Myron D. Sutherland, 35-year-old Jacksonville resident, on July 13. The man and his bride of three days were taken into custody late when they stepped off a San Francisco bound bus. Detective Captain W. C. Woolverton said.

Woolverton said they had in their possession three large pieces of luggage and one long, slender cardboard box containing two rifles. The man had approximately \$800, the detective added.

HOW TO USE THE TELEPHONE SKILLFULLY

Even the simplest things—and telephoning is one of them—are easier and more satisfactory for the person who knows the best way to do them and then DOES them that way.

If you know the right answers to these four questions about using the telephone, you'll have a key to better telephone service.

Question: What is the best way to answer the telephone?
Answer: It's usually best to identify yourself at once. "Mr. Hopkins speaking" helps start things off right—especially if the caller may not recognize your voice. It's much better than "Hello."

Question: Can the person I'm calling hear me better if I talk loudly?
Answer: It's better to speak in a normal voice—clearly and distinctly—with your lips about a half inch from the transmitter.

Question: Can I get the operator's attention faster by "jiggling" the receiver hook up and down rapidly?
Answer: No! When you move the hook too fast, it often brings in no signal at all. Move it slowly for better results.

Question: When I'm talking on a party line, how do I know if another party wants to call?
Answer: You may hear him lift the receiver. If so, the neighborly thing to do is finish your conversation as soon as convenient so he can make his call.

Louis V. Spain Fills Newly-Created Post In Midland School System

Louis V. Spain of Denton has been engaged to fill a new position in the Midland school system, Superintendent Frank Monroe announced Tuesday.

A graduate of North Texas State Teacher's College, where he is about to take his Master's degree in business administration, Spain's title in the school system here is that of Coordinator of Auxiliary Agencies.

In reality, he is a sort of business manager, Monroe explained. He will keep an account of school finances, cafeteria accounts, handle ticket sales to athletic events, fill out purchase orders to be signed by the superintendent, attend to such things as expenses of athletic teams away from home, and handle a multitude of other matters which heretofore have been extra duties of other members of the faculty, including the superintendent.

Spain is no stranger to this part of the state. He taught commercial courses in the Odessa schools about two and one-half years before joining the Civil Service in 1942. He served in the Army a little more than two years, and last year taught two courses in business administration in NTSC. He and Mrs. Spain are buying a home here, he said.

Thomason Eulogized As He Resigns In Congress

WASHINGTON—(AP)—Rep. Ewing Thomason (D-Texas) Tuesday submitted to Speaker Martin his resignation from Congress July 31.

Thomason recently was appointed a federal judge for the Western District of Texas.

Thomason was eulogized by his colleagues following the announcement, the speakers including Representatives Rayburn (D-Texas), Andrews (R-Tx), Mahon (D-Texas), Arends (R-Ill), Leroy Johnson (R-Calif), Zimmerman (D-Mo), Spence (D-Ky), Plumley (R-Vt), Gossett (D-Texas), Brooks (D-La), Kilday (D-Texas), and Monroney (D-Okla).

Thomason received a rising ovation when he responded to the plaudits of his colleagues.

Bride Luncheon Monday Fetes Marcille McClure

Miss Marcille McClure, the bride-elect of James Flint Graham, was honored by Jane Butler with a bridge luncheon at 1 p. m. Monday at her home, 1603 Holloway Street. Three tables were set with a yellow and gray color scheme and centerpieces of white Summer bouquets.

Joan Steinberger won high score, with Miss McClure getting low score. The group presented the honoree with two bridge covers, each bearing the autographs of all the girls present.

The guest list included the honoree's mother, Mrs. James Duvall McClure, Joan Steinberger, Marjorie Morrison, Mrs. Mary Ellen Connor, Janice Knickerbocker, B. J. Germain, Peggy Bissell, Mrs. Dayton Bliven, Betty Britt, Shirley Culbertson, Peggy Ayers, Mrs. Pat Brewer, Patsy Butcher, Ann Cleveland, Mrs. James Velvin, Jr., and Dorothy Watson.

Mrs. Clint Dunagan Entertains Monday For Lockett Circle

Mrs. Clint Dunagan, 1508 West Missouri Street, entertained the Lockett Circle of the First Baptist Church Monday afternoon. A business meeting, led by Mrs. Arnold Scharbauer, followed the opening prayer by Mrs. Fred Wycoff. Mrs. Dunagan gave the lesson, "To Whom Much Is Given."

Refreshments were served to two new members, Mrs. W. J. Haman and Mrs. E. G. Haley, and the following members: Mrs. G. G. Hazel, Mrs. Alta Merrell, Mrs. R. O. Walker, Mrs. Joe Wright, Mrs. Bernice Hunter, Mrs. Fred Wycoff, Mrs. D. E. Jimerson, Mrs. Doris Hagler, Mrs. Arnold Scharbauer, and the hostess.

Only one-third of its income is spent for food by the average American city family.

Mary Martha Circle Has Monday Meeting

The meeting of the Mary Martha Circle of the First Baptist Church was held at 3:30 p. m. Monday at the home of Mrs. J. P. McDowdrey, Magnolia Tank Farm.

Mrs. Raymond Leggett, chairman, called the meeting to order, after which was the prayer by Mrs. O. L. Stalcup and a short business session. Mrs. J. R. Cotton reviewed several chapters from the mission study book, "To Whom Much Is Given" by G. Ernest Thomas. Mrs. J. S. Griffith closed the meeting.

Refreshments were served to the following: Mrs. George Hyatt, Mrs. J. S. Griffith, Mrs. E. F. Conner, Mrs. O. L. Stalcup, Mrs. Ernest Nell, Mrs. Floy Boles, Mrs. V. L. Red, Mrs. V. A. Walston, Mrs. J. R. Cotton, Mrs. Raymond Leggett, and the hostess.

Home Demonstration Club Builds Furniture

Members of the Garden Addition Home Demonstration Club will meet Wednesday at 2 p. m. at the home of Mrs. Robert Hord to build household furniture.

Nettie B. Messick, home demonstration agent here, issued a request for members to bring with them to the meeting orange crates and carpentry tools necessary for converting the crates into such things as book shelves and other handy furniture items.

Serve Beef Round In Different Ways

By GAYNOR MADDOX
NEA Staff Writer

Beef round is always one of the best buys. But it can get monotonous unless you try new recipes.

Savory Steak
(Serves 4-5)

Flour, 2 1/2 pounds beef round, one inch thick, 4 slices bacon, 1 1/2 teaspoons salt, 1/8 teaspoon pepper, 1 1/2 cups boiling water, 2 tablespoons ketchup, 12 teaspoon prepared mustard, 1 sliced small onion.

Found as much flour as possible into both sides of the beef. Fry bacon until crisp. Remove bacon and brown beef on both sides in bacon fat. Sprinkle with salt and pepper. Then combine boiling water, ketchup and mustard and pour over the beef. Add onion, cover and simmer about 1 1/2 hours or until tender. Remove meat to a hot platter. Thicken gravy, using 2 tablespoons flour mixed with 3 tablespoons water for every cupful of liquid. Add salt and pepper to taste and pour over meat.

Stuffed roast shoulder of lamb is an impressive and reasonable company dish. Try this special stuffing:

Spinach-Rice And Mushroom Stuffing
(Serves 4-6)

One large onion, chopped, 1/2 pound mushrooms, cut up, 1/3 cup fat, 1 1/2 pounds spinach, chopped, 2 cups cooked rice (use about 3/4 cup raw rice), 1 teaspoon thyme, 1 egg, well beaten, salt and pepper to taste.

Brown onion and mushrooms in fat; combine with rest of ingredients in the order given. Fill lamb shoulder cavity with stuffing. Sew edges together and sprinkle with salt and pepper. Place on a rack in an open roasting pan and roast at 325 degree Fahrenheit, allowing 45 minutes per pound.

NEW LIQUID TINT FAKES NATURAL TAN

Model Ginger Johnson tries out new bronze-colored liquid which puts a convincing sun-tan on pale skin.

By ALICIA HART
NEA Staff Writer

Don't fret because you can't take a suntan.

Ready to oblige women who can't or who don't want to make a burnt sacrifice of their skin for a deep, rich tan is a clear liquid tint that fakes one. This new cosmetic puts a convincing bronze color on arms, hands, legs and midriff as well as on the face and neck.

The tint is easily applied with a cotton swab. It doesn't streak or mottle on the skin. Such a convinced sun-color will be a welcome aid to those who are out for a regular tan as well. The make-believe tan, which doesn't block out sun rays, can be used to keep winter pallor hidden until a real bronze develops.

Women who never tan as uniformly as they would like to can use the tawny cosmetic cover this liquid tint provides to bring pale skin up to par with darker sun-smacked areas.

Hard Job Of Education

A majority of the UN commission which investigated the border fighting in Greece held Yugoslavia chiefly to blame for the frontier incidents, with Bulgaria and Albania responsible to a lesser extent. The vote approving these conclusions was 9 to 2. Russia and Poland abstained.

Now the Soviet government, through its representative, Gromyko, has offered the Security Council a different proposal for settling the Balkan dispute. It starts out by rejecting the UN commission's findings and holding the Greek government entirely responsible—on the basis of the commission's investigation.

This odd reasoning is not Gromyko's, of course, but his superiors'. Still it might be suspected, from the Soviet representative's angry speech which accompanied the proposal, that it all seemed perfectly logical to him. This is not very encouraging, if true. But neither is it very remarkable.

Andrei Gromyko was eight years old when the Communist Party took over in Russia. He is one of a new generation reared and nourished on Soviet ideology. That generation has been taught to suspect and reject not only non-Communist politics and economics, but also non-Communist thinking.

Among the rejected concepts is the acceptance of majority decisions. In Russia's political and economic life there are two sides to every question—the right, or government, side, and the wrong one. The party sanctions no opposition.

Suggestion, debate and differences of opinion seem to be permitted in minor matters. But on any matter of major policy there is no such freedom. The party-government decrees, and the citizens must obey.

This is not a new system. It is ancient absolutism. Most of Russia's neighbors discovered long ago that the way to avoid constant turmoil or severe repressions in national life was to let both sides have their say on a question. The resulting decision by a majority of the people or their representatives won't leave everybody happy. But there will be fewer dangerous frustrations and disappointments.

Democracy puts its faith in the collective wisdom of the majority. Communism insists on the collective obedience of all. Each system is foreign to the other. Yet both can and must exist side-by-side on a national basis.

When these systems clash in world deliberations, real trouble starts. Gromyko, in the United Nations, shows that he feels his government is absolutely right in international as well as national affairs, and that its decisions must be obeyed. If the rest of the UN takes the opposite view, no matter—he will sulk, denounce, abstain, veto or walk out. Gracious acceptance of majority opinion seems beyond his comprehension.

It is men like Gromyko who soon will be running Russia. Generalissimo Stalin and his contemporaries are the architects of Russian communism, not its products. They deliberately planted the idea of government infallibility. It has now flowered into a national state of mind. And it is not a state of mind which lends itself to peaceful, productive world relations.

There seems no discernible way to combat this ideology except by the continuous pressure of world opinion. That does not mean that Russia will always be wrong or that all her policies should be opposed. It means that Russia somehow will have to be convinced that world deliberations must really be worldwide.

The UN cannot go very far, even in strengthening itself, until Russia comes to realize that, in world decisions, a deadlock is not the only alternative to a unanimous approval. The process of bringing Russia to that realization promises to be a slow one.

A Little Softer Than Brass Knuckles

Security Council Still Hasn't Any Arms Plan Made

By HAL BOYLE

LAKE SUCCESS — (P) — Watching the Security Council try to pick a world police force for the United Nations is like listening to a bad phonograph record.

The music comes out pretty as you please until a certain point. Then the needle sticks, and all you hear is a grinding noise—"ur-r-r-uh, ur-r-r-uh, ur-r-r-uh."

The Security Council has been stuck at the same point since last April 30.

It gets stuck whenever the Council starts to take up the question of what size military or police force the United Nations should have or how much each country should contribute.

This is pretty much as if an apartment house roof caught fire, and the tenants began quarreling over which fire station to call and how many firemen to ask for. The more they quarrel the closer the fire spreads toward their own apartments.

It took 15 months for the Military Staff Committee—made up of Chiefs-of-Staff of the five big powers—to bring out a report of any kind on setting up a United Nations police force. The report came then only after strong British pressure.

Russia promptly took exception to a third of the report's sections. And since that report was handed up the Security Council has been unable to reach agreement on a single point disputed by Russia. Here is the point where the needle sticks:

Basically, Russia wants the United Nations navy, airforce and army made up on a principle of equality—that is, each country would contribute the same number of ships, planes, tanks and foot soldiers.

The United States and the other leading powers think this is militarily screwball, as all countries don't have the same kind of fighting equipment. China, for example, could contribute plenty of infantrymen but couldn't dig up an aircraft carrier.

Andrei Gromyko's answer to this is such "variations" could be considered and worked out later. The other countries think it would be better to start out with the idea of each country contributing proportionally more or less of each kind of weapon, depending on the quality it has.

So there the matter rests. But the Security Council is still trying to play the record through. Like this:

The British delegate proposes the Military Staff Committee go ahead and determine how large an overall United Nations force will be necessary, thus postponing the question of its makeup until later.

"No!" says Gromyko.

The French delegate, Alexandre Parodi, tries another compromise. Let the Military Staff Committee take the smallest United Nations force hypothetically possible, he says, and see if it is possible to make up such a force along the lines of the Russian proposal—that is, each country contributing ship for ship, tank for tank, plane for plane.

"No!" says Gromyko. He says he wants no hypothetical problems. He just wants the Security Council to agree on his "equality principle" first, then work it out later.

Dark Prophecy

The newscamera catches Leon Henderson, former OPA chief, in prayerful attitude as he warns a joint congressional economic committee that the nation is headed for a price collapse such as followed World War I unless consumer buying power is increased. He spoke as a representative of "Americans for Democratic Action."

Boy Scout Officials Are Trying To Untie Knotty Office Problem

Read the Classifieds

The Boy Scouts of America in Midland still have an office problem. It was reported Monday by headquarters of P. V. Thorsen, executive.

Since offices of the Buffalo Trail Council were moved here from Sweetwater recently, Thorsen, his family, and the council offices all have been housed at 707 West Storey. And it's crowded.

Meanwhile, as the search for office space continues, the executive and his staff are busily preparing for the Summer outing at Camp Louis Farr, Mertzon. Midland Scouts will attend the camp during two periods—August 4-11 and August 11-18.

Gromyko's 'No' Fast Becoming Big Attraction

By HAL BOYLE
LAKE SUCCESS—(AP)—Soviet Russia's boy wonder of the diplomatic world, Arndel Gromyko, is now the leading tourist attraction of the United Nations.

What Grant's Tomb is to Riverside Drive, what Coney Island is to Brooklyn, what Frank Sinatra is to the bobby sox brigade—that is what this poker-faced Russian has become to visitors who flock to the verbal arena of the UN Security Council.

Many of them secretly come for the reason given by a middle-aged Long Island matron:

"I just want to hear him say 'No'."

They are a little dismayed to learn when Gromyko says "No!" He may do it in a speech lasting longer than a banker's lunch.

The 39-year-old career diplomat, who worked up from a farmboy to the post of spokesman for Russia here, is the youngest member of the Security Council. He is tall, powerfully built, and has black hair. His dark eyes look small behind a large nose set in a face slightly too full for his forehead.

"He's the caveman type dressed up," is the way one secretarial employe describes him.

Gromyko is strongly neat in appearance without the dapper polish of an Anthony Eden.

Rarely Glances At Others
He sits on the same side of the horseshoe-shaped wooden table as the British, American and Australian delegates, but rarely glances at them.

All other delegates appear to aim their speeches at him, as he sits rocklike behind the severe horn-rimmed glasses he dons at the table. When representatives of the smaller nations speak, Gromyko listens often with an expression of bored disdain. But his attention is keen when the big powers speak. With set face he notes down objections.

There is complete silence—almost a holding of the breath—when Gromyko suddenly lifts up his pencil. It is his signal he wants to be heard.

When he finishes, there is again a gap of silence. The other delegates shift uneasily. Gromyko sits back, remote, impassive. But as the interpreter begins to translate his speech, he leans forward to correct him—to get exactly the right English expression he wants. Some speeches Gromyko delivers himself in English.

As another delegate starts to reply to him Gromyko again settles back—cold, withdrawn, a roof to objections, his black brows half-frowning.

One lady from Georgia (U. S. A.) listened intently to a Gromyko speech. Her son asked her opinion of it.

"He makes me think of a bear when he talks," she said. And that's a good picture of Gromyko—the young Russian bear with a tone of old injury.

During recent years about a third of the tomato crop used for processing has been purchased on the basis of U. S. standards.

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY
America's Card Authority

Primarily the difference between rubber bridge and tournament bridge is this: In rubber bridge you are interested only in making your contract, while in tournament bridge you have to play for the maximum number of tricks no matter what your contract is.

If today's hand were played in a rubber bridge game, the bidding probably would stop at four hearts. The second spade trick would be ruffed by declarer, who then would take two rounds of trumps, and try to break the diamond suit. When West showed out on the second round of diamonds, declarer would probably try the club finesse. Even when that lost, he would not feel too badly because he still would make his contract of four hearts.

However, in tournament bridge you cannot take life so easily. When this hand was played by Edward Taylor of Los Angeles, Calif., who recently became Life

Master No. 83, he ruffed the second spade, then led the queen of hearts and another heart, winning in dummy with the king.

Now he ruffed dummy's last spade and took two rounds of diamonds. When West showed out, he played the ace and a small club, and he did not care whether East or West won the second club trick.

If East won, he would have to lead back a spade and give Taylor a sluff and a ruff, or a diamond, which Taylor could let ride to dummy's ten-spot.

Actually, of course, West won the second club trick with the king and had to lead a club or a spade, which was ruffed in dummy. Taylor discarding the losing seven of diamonds.

If some eggs have cracked shells, use them first.

TRAINABLE
Contrary to popular opinion, African elephants can be trained. In fact, there seems little doubt that Hannibal's famous elephant army of several hundred animals was made up of the African species.

FIRST ALARM CLOCK
Ancient Chinese, wishing to be awakened at a certain time, placed a grass rope between the toes and lighted the end. As the burning rope shortened, its heat aroused the sleeper.

Mackey Trims Roberson, 5-4; JayCees Nip RockyFord, 7-3

'The Winner!

The Western Retail Restaurant Association, in Hollywood, provided food for thought when they chose screen starlet Barbara Bates, above, as "Miss Delectable of 1947."

Mackey Motors laid it on high-ranking Roberson Sinclair, 5 to 4, in the city softball league Monday night. The JayCees defeated Rocky Ford, 7 to 3.

Roberson out-hit Mackey but couldn't quite cut the cake. Henderson pitched two-hit ball allowing the Jakes to take the Rocks into camp.

With Innacito Gone, Burns McKinney Leads City Softball Loop In Batting

Before leaving Midland for the coast, Captain George Innacito Jaycee shortstop, was sitting atop the city softball league batting race with an average of .693, collecting 11 hits in 17 times at bat.

Innacito had three doubles, one triple, and two home runs to his credit which continue likely to keep him on top of the league. The Jaycees have missed, and will continue to miss this slugging, as they are fourth in league batting at the halfway mark.

Below is a list of .300 or over hitters that have been a bat more than 15 times for the first half.

Hobble Broncs, 12-6 Open Sports Series

The Midland Indians open a two-game stand against the Sweetwater Sports at 8:30 p. m. Tuesday in the home wigwam.

BIG SPRING—Harold Webb's fighting mad Indians took the second win in three games with the Big Spring Broncs, 12 to 6, here Monday night.

The victory cut the Big Spring league leadership to one-half game. Midland won Sunday from the Broncs, 10-5.

Again two consecutive home runs started the back-breaking of the Cubans. Carroll Nipp and Bob Price hit the round-trippers, one-two, just like that.

Bob Martin hit a home run for Big Spring with two on the sacks in the last of the ninth.

Ossie Kolwe pitched the win for Midland and he had the stuff in a clutch. He struck out nine Broncs. Parlier started for Big Spring but Midland soon showered him. Two more hurlers saw service for the home nine.

The first place Buffs—a comfortable three and one-half games ahead—move into Oklahoma City for another crack at the sixth place Indians.

Shreveport is going to have say about Texas League pennant

By The Associated Press

Everybody changes partners in the Texas League Tuesday—most gladly.

In the shakeup, Shreveport moves over to Fort Worth for a crucial three-game series that can pretty well shape some pennant chances.

For the finale of Southern teams' opening series in the North, Fort Worth used Beaumont for batting practice, 12-0; Dallas bowed to Shreveport, 4-2; Houston spanked Tulsa, 4-1, and Oklahoma City blanked San Antonio, 5-0.

Shreveport, trailing second place Fort Worth by four and one-half games, could do Houston a good turn by knocking off the Cats three straight. It wouldn't hurt the Sports' chances of finishing in second.

MAJOR LEAGUES Looks Like Cards And Brooks Will Battle To Wire

By The Associated Press

Baseball fans are hereby given fair warning to be prepared for another hectic down-to-the-wire finish in the National League pennant race with the Brooklyn Dodgers and St. Louis Cardinals once again assuming the leading roles.

Despite the Brooks' handsome four-game bulge—six and a half over the fourth-place Redbirds—the Cardinals are not as bad off as first glance would seem to imply. The schedule is heavily in their favor.

The Dodgers staged a temporary farewell party at Ebbets Field Monday by knocking off the Cincinnati Reds in both ends of a double header, 7-4 and 4-3.

In the only other game played Monday in the majors, the Phillies whipped the Pirates in Pittsburgh in a night game 8-1 to stay out of the National League cellar.

No other teams were scheduled, although the New York Yankees met the Boston Braves in the annual Hall of Fame Game at Cooperstown, N. Y., with the Braves eking out a 4-3 decision in 10 innings.

The New York Yankees, in 1944, failed to hit at least 100 home runs for the first time in 20 years.
