

### Leaders Stretch Lead In Texas Loop Chase

The rift between the upper and lower divisions of the Texas League widened enough Thursday that the leaders had breathing room.

The circuit campaign roiled past the two-thirds mark with a flock of close games Wednesday night, Dallas Rebels edging Beaumont 4-3 in 14 innings, Oklahoma City's Indians nosing Houston 2-1, Fort Worth slipping by Shreveport 3-1 and San Antonio winning 8-2 over Tulsa.

With every club having played 100 games or more, Houston held a two and one-half game lead over Fort Worth. The Cats were six and one-half ahead of Shreveport and Shreveport boasted an edge of only two over Dallas.

Home runs decided two games. Gene Markland slugged one over the fence for Dallas' 14-inning victory. Circuit smashes accounted for all the runs in Oklahoma City's win over Houston, Ray Boone blasting one in the second for the Indians, Tom Glaviano of the Buffs matching it in the fourth and Ray Murray breaking up the battle in the seventh with a mighty wallop that cleared the palings.

### MARSHALL FIELD WANTS TO EXPAND NEWSPAPER FIELD

CHICAGO —(AP)— Marshall Field, publisher and editor of the Chicago Sun, announcing a plan for the "expansion of my Chicago newspaper interests," has offered to purchase the Chicago Daily Times, afternoon tabloid, and proposed to pay \$60 a share for the stock or a total of \$5,338,820.

Richard J. Finnegan, Times publisher, said he and two of his associates have accepted Field's offer but the proposal is to be submitted to stockholders. He said there were 88,977 shares of Times' stock outstanding and "Mr. Field will buy all shares that are offered to him."

### PECOS ATTORNEY DIES

PECOS —(AP)— Thomas Frank Slack, 87, county attorney of Reeves County, died here Thursday night after a two-weeks illness.

### Kent Auto Service re-open for business, 909 W. Kentucky, phone 396. (Adv.)

When Gen. George E. Oglethorpe, founder of Georgia, urged the inhabitants of Savannah to tidy up their city in 1739, he supplied bread and beer as encouragement.

## Watson Predicts Bright Oil Future For Permian Area

A bright future for the oil industry in the Permian Basin was predicted Thursday noon by James C. Watson, oil editor of The Reporter-Telegram, in an address to Midland Rotarians at their regular meeting.

"The oil business is doing and has done a lot for Midland," Watson said. "Five years ago there was little activity in this area despite a heavy demand for oil and oil products. The demand for Permian Basin oil, however, was slim.

"In 1942 the Permian Basin area of West Texas and New Mexico produced about 312,000 barrels of oil per day. Our average daily production now exceeds 750,000 barrels. Proposed new pipe line improvements plus the planned new line to Oklahoma will increase our oil production to more than 940,000 barrels, and if the proposed new line is constructed by the Shell and others to California, the output will be increased to more than a million barrels per day by 1949.

"We can look into the future with confidence and safety with planning on a reasonable basis in Midland and the Permian Basin."

**Estimates Population At 19,000**

Watson estimated the present population of Midland at 19,000 and explained how this figure was determined.

"We have in the basin today an extremely active and extensive oil development program. This is the most interesting area in continental United States for the oil industry.

"The United States is 70,000 oil wells behind what it should have now due to the war. Many refineries are short of crude oil due to depletion of wells in other states.

"Permian Basin oil now is in demand," he declared, and discussed types of oil and production methods in the area. More development will come when more materials are available. More rigs now are running in the Permian Basin than ever before.

"We have a steady, even, sound, safe development program and no boom. The average cost of an average well in the area six years was about \$40,000. Today it is above \$140,000. Three wells were drilled in Midland County within the last year and each cost more than \$400,000.

"Midland will be the capital of the oil industry of the Permian Basin area so long as it receives the oil industry and takes care of it as it has in the past."

Watson was introduced by Tom Sealy, program chairman. The Rev. Howard Hollowell, president, presided at the session.

P. V. Thorsen and Frank L. True were elected to membership in the club.

## Oil & Gas Log—

(Continued from Page 1)

hours, and in so doing deepened two feet to 8,077 feet. Packer point for the upcoming drillstem test had not been reported.

### TEXACO DEVELOPED A LITTLE OIL IN NW CRANE WILDCAT

The Texas Company No. 31 Connell, Wildcat in Northwest Crane County, two miles west of the shallow Jordan field and 1,977 feet from south and 662 feet from west lines of section 23, block B-16, ps1 survey, was swabbing to test on zone at 6,920-55 feet, through casing perforations.

After treating that zone with 500 gallons of mud acid it flowed an estimated one barrel of oil per hour, for an unreported period of time.

Operator then re-treated with 1,000 gallons of regular acid. The project swabbed to pits nine hours to clean and it then flowed one hour and 55 minutes and produced 8.97 barrels of oil, cut with seven per cent sediment. Testing was continuing.

The section under investigation is in the Clear Fork-Permian. The project drilled to total depth of 9,964 feet, in the Ellenburger. That zone failed to show for any sort of production, and the hole was plugged back to 7,200 feet.

### Sailor Girl

Britain's Princess Margaret makes a charming sailor lass as, garbed in uniform of the Sea Rangers, she reviews Girl Guides from all over Europe during their London parade.

### Indonesia Appeals To Australia For Help

CANBERRA—(AP)—A representative of the Indonesian Republic said he had appealed to the Australian government to mediate the current dispute in Indonesia.

The official, Dr. R. Usman, chief of the protocol division of the Indonesian foreign ministry, said in Canberra he had sent the appeal to Australian Prime Minister J. B. Chifley and was now awaiting a reply. Chifley is at present in MacKay, Queensland.

### UNDERGOING TREATMENT

J. C. Miles, Midland stock farmer, is in Paris, Texas, where he is undergoing medical treatment. He expects to return here soon.

Kent Auto Service re-open for business, 909 W. Kentucky, phone 396. (Adv.)

### 4-H CLUB BAKERY SHOW, HD COUNCIL MEET FRIDAY

Midland County 4-H Club girls will hold a baking exhibit in the assembly room of the courthouse at 10:30 a. m. Friday, Mrs. Nettie B. Messick, home demonstration agent, announced Thursday.

Friday afternoon at 2:30, the home demonstration council will meet in the assembly room, Mrs. Messick said.

## 'Coke' Party Fetes Mrs. Frank Manning At Anderson Home

Mrs. Frank Manning, who is moving to Amarillo soon, was honored from 10:30 to noon Wednesday with a "coke" party at the home of Mrs. Payton Anderson, 504 Holmes Street. Mrs. Frank Ashby was co-hostess to the more than 50 guests who called during the morning.

The refreshments were served from a table decorated with a red and white color scheme. The centerpiece was of red and white zinnias.

Others serving in the house party were Mrs. B. R. Schabarum, Mrs. William Kerr, and Mrs. Bob Franklin.

## Mrs. Ewing Hill Honors Daughter On Third Birthday

Mrs. Ewing Hill, 1401 West Kentucky Street, honored her daughter, Marilyn Ruth, with a party on her third birthday Wednesday. Mrs. Paul Murray and Mrs. W. V. Stafford were co-hostesses.

Refreshments were served to the following: Patricia Ann Stafford, Kay Fowler, Mary Jane Armontrout, Betty Lee Davis, Jimmy Cotton, Bobby Gene Davis, John Ewing Hill, and the honoree.

Those sending gifts were Jimmy Bozarth, Wilma Bea Rose, Miss Anne Smith, Mrs. Hugh Story, Mrs. William Curnow, and Mrs. C. E. Hill.

## Mrs. Jack DeBarbie, Gift Coffee Honoree

Mrs. Jack DeBarbie, the former Billie Jo Waddill, was honored at a gift tea Saturday at the home of Mrs. Jack Petosky, 514 West Holmes Street. Mrs. Aldridge Estes, Jr., was co-hostess for the tea, which was attended by more than 70 guests.

White daisies and bouquets of Summer flowers decorated the house. The table from which punch was served, held a centerpiece of Shasta daisies.

Included in the house party were Miss Christine Mims, Mrs. Boyd Ridgeway, Jeannie Waddill, sister of the bride, Mrs. William V. Waddill, mother of the bride, and Miss Joyce Melanson.

Mrs. Petosky was Mrs. DeBarbie's matron of honor at the wedding which was held Wednesday morning.

## Brinson-Witt Betrothal Told At 'Coke' Party

Mrs. Frank Abbott entertained Wednesday afternoon with a "coke" party at the home of Mr. and Mrs. Dwight McDonald, 805 West Storey Street, announcing the engagement and approaching marriage of her daughter, Mildred Joyce Brinson, to Bates Witt, Jr., of Lubbock, Texas.

A color scheme of yellow and white was carried out with bouquets of pom-pom chrysanthemums distributed at vantage points throughout the house. A lace-covered "coke" table held a centerpiece of white mums in a crystal bowl, fashioned with novelty lace-bordered hearts lettered in gold with the words, "Mildred and Bates—Aug. 16, 1947."

The honoree wore a black and chartreuse dress with black accessories. Mrs. E. H. Benedict of Fort Worth assisted Mrs. McDonald in the house party.

Guests were Monta Jo Glass, Patricia Flanagan, Hazelle Midkiff, Helen Calcote, Virginia Stewart, Loyce Midkiff, Maydelle Midkiff, Catherine Lee McDonough, Alice Midkiff, and Joan McDonald.

**Coming Events**

**FRIDAY**

Mr. and Mrs. Ben Reinicke of Houston visited Mr. and Mrs. James Kendrick, 106 South Pecos Street, here Wednesday.

**FROM FORT WORTH**

Lyle R. Spores of Fort Worth is a business visitor in Midland.

**HD Agents Conclude Landscape Discussion**

Home demonstration agents of District 14 Thursday were concluding a two-day discussion of landscaping under leadership of Sadie Hatfield of College Station. Wednesday, they visited the home of Mrs. L. H. Moncrief for a field study of insect control, and Thursday they went to the Frank Elkins home for discussions of plant diseases. Study of crown gall was emphasized, since it is a shrub malady thought to be caused by mesquite and other shrubs indigenous to this section.

Attending the sessions were Miss Hatfield and Grace Martin, district agent, also of College Station; Pauline McWilliams, Stanton; Odella Hunt, Monahans; Mrs. Leslie Wray, Pecos; Irma Sealy, El Paso; Mrs. Hettie Owen, Odessa; Mrs. Sally Ferrell, Kermit; Vera Martin, Sierra Blanca; and Mrs. Nettie B. Messick, Midland.

**LEGAL NOTICE**

IN THE DISTRICT COURT OF THE UNITED STATES FOR THE WESTERN DISTRICT OF TEXAS, PECOS DIVISION.

IN THE MATTER OF A. & M. PACKING COMPANY, Debtor.

In Proceedings for the Reorganization of a Corporation.

TO ALL CREDITORS OF A. & M. PACKING COMPANY, Debtor: YOU ARE HEREBY NOTIFIED that the District Court of the United States for the Western District of Texas, Pecos Division, has entered an order in the above entitled and numbered cause now pending in said Court prescribing a period of limitation within which all proofs of claims against the estate of A. & M. Packing Company, Debtor, shall be made and filed in the office of the Honorable Joseph G. Bennis, Referee in Bankruptcy of said Court, at No. 208 O. T. Bassett Tower, El Paso, Texas, and you are accordingly hereby notified that all claims against the estate of A. & M. Packing Company, Debtor, in said cause, are to be filed with said Referee at said address not later than the 15th day of August, 1947.

WITNESS our hands and the seal of the debtor corporation at Midland, Texas, this 23rd day of July, 1947.

A. & M. PACKING COMPANY, Debtor in Possession.

By: J. E. HILL, President.

M. W. COLLIE, JR., Secretary.

**Senate Will Take Up Clark Inquiry Case**

WASHINGTON — (AP) — Senator Taft (R-Ohio) said after meeting of Republican congressional leaders the Senate will decide whether to investigate Attorney General Clark's handling of a Kansas City vote fraud inquiry.

Taft, chairman of the GOP group, made his announcement to reporters after Senator Kern (R-Mo) issued a statement saying he had asked Republican leaders of the House to take over the investigation.

Kern said he asked House Speaker Martin (R-Mass) and majority leader Halleck (R-Ind) "to secure an investigation of the failure of the attorney general to properly investigate and prosecute the Kansas City vote frauds."

**County Tax Rate Has Varied From 36c To \$1.50 In Thirty Years**

During the last 30 years, Midland County's tax rate has varied from a low of 36 cents per \$100 valuation to as high as \$1.50, according to figures compiled by the county assessor-collector's office.

In 1917, the rate was 36 cents, and it remained the same in 1918. In 1919 it went to 40 cents, then to 60 cents in 1920. In 1920 it jumped to 60, then fell to 53 in 1921 and to 45 in 1922. It was 55 in 1923, 60 in 1924, and jumped to \$1.25 in 1925.

For the next seven years, through 1932, it reached the all-time high of \$1.50. In 1933 it fell to \$1.10, then to \$1 in 1934 and 90 cents in '35. In 1936, 1937 and 1938 it was stable at 85 cents, went to \$1.10 in 1939, and then back to 85 cents in '40, '41 and '42. Since then it has been 80 cents.

**Attempts To Break In Doctor's Office**

Dr. Charles S. Britt reported to police Thursday an attempt had been made to break into his office on North Colorado Street sometime Wednesday night.

The doctor reported the front door to his office had been jimmied but the attempt to get in was unsuccessful.

**MAJOR LEAGUES**  
**Ralph Kiner Does Well As Pirates' Only Bright Light**

By The Associated Press

Ralph Kiner, who represents one of the few bright spots in the Pittsburgh Pirates' dismal season, Thursday had realized one of his three main ambitions and stood a fairly good chance to achieve the other two.

The hard hitting Bucco outfielder, who during spring training announced he was out to lead the National League in home runs and runs batted in as well as set a new Pirate homer mark, walloped his 24th and 25th four bagger of the campaign Wednesday night to break the Pittsburgh record held jointly by himself and Johnny Rizzo. Rizzo had smashed 23 round trippers in 1938 and Ralph duplicated the feat last year.

Kiner now is only three homers behind Johnny Mize of the New York Giants who leads both majors with 28. He also is in the running for R. B. I. honors, having sent 67 runners over the plate to rank fourth behind New York's trio of Willard Marshall (75), Mize (73) and Walker Cooper (71).

**Bats in Four Runs**

The 24-year-old sophomore slugger from Santa Rita, New Mexico, batted in four runs Wednesday night to lead the Pirates to a 6-2 victory over the Philadelphia Phillies.

Signs of an impending stretch fight for the National League flag between Brooklyn and St. Louis became more evident when both the Dodgers and Cardinals won their games, the Dodgers defeating the Reds at Cincinnati 5-2 and the Cards nipping the New York Giants in St. Louis 6-5.

The runner-up Boston Braves remained five games behind the Dodgers by thrashing the Cubs in Chicago 12-4.

Ellis Kinder allowed only six hits and Willard Brown cracked four singles in five times at bat to lead the last place St. Louis Browns to an 8-2 victory over the American League leading New York Yankees.

The Detroit Tigers lost a fine opportunity to whittle a game off the Yankees' 10 1/2 game margin when they were shut out by the Washington Senators 5-0.

The Boston Red Sox went 14 innings before besting the Chicago White Sox 8-7 in a night game at Fenway Park.

A three-run homer by Eddie Joost in the sixth inning provided the Philadelphia Athletics with a 6-3 victory over the Cleveland Indians.

**SPORTS**

8—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, JULY 24, 1947

**East Meets West—**  
**Longhorn Loop Star Game Slated At 8:30**

East is East and West is West, and Thursday night they meet. It is the first annual all-star game of the Longhorn League at 8:30 p. m. in Ballinger's park.

**Announce Softball Schedule**

**MONAHANS**—The schedule for the District 26 softball tournament, July 28 through August 2, here, has been announced.

First games start at 6:15 p. m. nightly. The stands can seat 1,500. Admission is 25 and 50 cents.

Here is the slate:

Monday (July 29): first, Fort Stockton American Legion vs. Wickett Gulf; second, Midland Jay-Cees vs. Pyote Rattlers; third, Fort Stockton Lions vs. Odessa Moore Brothers.

Tuesday (July 29): first, Monahans Coca-Cola vs. Crane All-Stars; second, Pecos Firemen vs. Midland Roberson-Sinclair; third, Midland Dowell Inc. vs. Monahans 20-30 Club.

Wednesday (July 30): first, Monahans Shell vs. Kermit Standard Food; second, Wink All-Stars vs. Fort Stockton Jay-Cees; third, Crane Gulf vs. Winner Monday game one.

Thursday (July 31): winner Tuesday two vs. winner Wednesday one; winner Monday three vs. Monahans S&S; winner Monday two vs. Sanderson All-Stars.

Friday (Aug. 1): winner Tuesday three vs. winner Wednesday two; winner Tuesday one vs. winner Thursday three; winner Wednesday three vs. winner Thursday one.

Saturday (Aug. 2): winner Thursday two vs. winner Friday one; winner Friday two vs. winner Friday three; winner Saturday one vs. winner Saturday two, title game.

**Toots Mansfield Tops Ace Field In Cheyenne**

**CHEYENNE** — (AP) — Toots Mansfield of Big Spring, Texas, who is one of the handiest men in the country with a lariat, held first place in the calf roping at the end of the first go-round at Cheyenne's 51st Frontier Days Celebration.

Mansfield, winner of the calf roping here in 1939, roped and tied his calf in 16.5 seconds Tuesday. The time stood up under the assault of more than half a hundred other ropers who completed the go-round Wednesday.

Second in the go-round was Jim Shively, Pawhuska, Okla., with 17.4. Royce Sewalt, Brownwood, Texas, 1946 winner here, was third with 19.4. Hugh Bennett of Falcon, Colo., was fourth with 20.3.

Carl Arnold of Buckeye, Ariz., whose roping feuds with Bob Cross of Roswell, N. M., have been famous in the Southwest, clinched first go-round money in the steer roping with 22.3, made Tuesday. Fred Lee, Clovis, N. M., and Van Irvine, Midwest, Wyo., split second and third with 23.6 ties.

First go-round bulldogging honors went to Dub Phillips of San Angelo, Texas, who twisted down his steer in the fast time of 12.4 seconds despite a muddy arena. Trailing were Mickey McCrory, Reno, Nev., 14.1; Hank Mills, Pueblo, Colo., 14.6 and Ken Boen, Danville, Ill., 1946 winner, with 15.1.

There are approximately 4,000 weather observers on ships. These send their observations regularly to weather stations.

**Game Called—Wet Grounds**

A scheduled Longhorn League baseball game at Indian Park Wednesday night between the Midland Indians and the Sweetwater Sports was postponed because of wet grounds.

The two teams were at the diamond and had completed infield workouts when a fresh shower of rain made the playing field too wet to play. An earlier rain also had soaked the diamond.

**Longhorn League—All-Star Tilt Occupies Loop; Rain Wednesday**

By The Associated Press

The Longhorn League takes time out from the pennant battle for its all-star game at Ballinger Thursday night.

Ballinger became the site of the contest through leading the circuit in attendance.

No games were played Wednesday night, with Odessa at Big Spring being postponed because of wet grounds and Sweetwater at Midland and Ballinger at Vernon being rained out.

# A Story Of Hard Work—Midland VFW Converts Air Base To Recreation Spot

Where once the soldiers played will be a recreation spot to be enjoyed by civilians, our Midland populace.

The Veterans of Foreign Wars post is converting the swimming pool and non-commissioned officer's club formerly of Midland Army Air Field for civilian use.

This move is one not only to enhance the membership of the VFW but to serve the public as well.

For the swim pool will be open to the public and later the hamper club-house will be a recreation hall available to Midland organizations.

The VFW organization is opening the pool Sunday. Hours will be 10 a. m. to 10 p. m. daily. A competent manager of the pool has been employed. He is Dub Cunningham, experienced and capable.

This pool is one of the best in West Texas. Its water system is elaborate. Fresh water circulates into the pool at all times and is chlorinated continuously. Also the water is constantly filtered. Size of the pool is 60 by 96 feet. It contains 350,000 gallons of water. Depth ranges from four feet to nine and one-half feet.

Admission prices will be 25 cents for persons over 16 years of age and 15 cents for the youngsters.

**A Story Of Work**

The story of how the VFW got the swimming pool and recreation hall is a story of cooperative effort, good hard work for short and the assistance of many.

About two weeks ago, the City of Midland was contacted through its council by representatives of the VFW—"let us have the swimming pool and recreation hall of your now Midland Air Terminal; we can use it to the pleasure of our membership and other citizens of Midland. We will pay for use."

That sounded like a good proposition to the city. But the city doubted the VFW could get the pool in shape to open very soon.

"Give us two weeks," the VFW representatives said.

And, by gosh, the VFW came through; the pool is ready—and only two weeks was required. Volunteer members of the VFW attacked the pool with steel brushes.

and got it ready for two coats of paint which were donated by a cooperative firm. An oil company supplied a water pump. Many other deeds of cooperation were extended. The ex-soldier boys, veterans of foreign service, got the job done with the vim they had "over there".

Although the VFW certainly isn't begging any help or asking donations, it would accept assistance, financially or otherwise. Landscaping is needed by the pool and building. Many other things must be renovated and the treasury of the VFW is not very bulky.

**Community Proposition**

This swimming pool is a community proposition and the VFW is merely taking the lead. They, its members, wish to make it a credit to Midland.

A swimming meet will be held at the pool, August 2. This will be a dual meet between Midland and Odessa.

The recreation hall has not been made ready for usage yet. But it will be. It will be available for public meetings, dances, entertainments of all kinds where a large hall is needed. VFW has the welcome mat at the door. Midland organizations are notified of this fact.

VFW members and families will pay for using the swimming pool the same as other persons.

The VFW has taken a step for recreation for all of Midland. It got the site. You are the customer, the person who may enjoy it.

Our truck will be in Midland each Wednesday. Leave calls at MIDLAND HDWE. & FUR. CO. or BARGOW FUR. CO.

# Kermit Man To Attend Theaters 'For Free'

KERMIT—J. C. Sewell, manager of two variety stores, will see picture shows "for free" during the coming year, but he claims he "really wasn't the guilty party."

Immediately after Griffith Theaters started construction of a new theater here, officials of the company staged a city-wide contest to name the new show. Entries poured into the Kermit Chamber of Commerce office, and when the deadline, July 15, arrived, all names were forwarded to K. C. Blackledge, Lubbock, district manager for Griffith.

Blackledge soon notified the Chamber of Commerce that the winning entry was "Oasis" and had been submitted by "Mr. J. C. Sewell", and to please find out if the winner wanted his pass for a year which was the prize to be awarded, to be effective immediately or wait until the new building is completed.

Sewell, apparently taken by surprise and a bit off his guard when

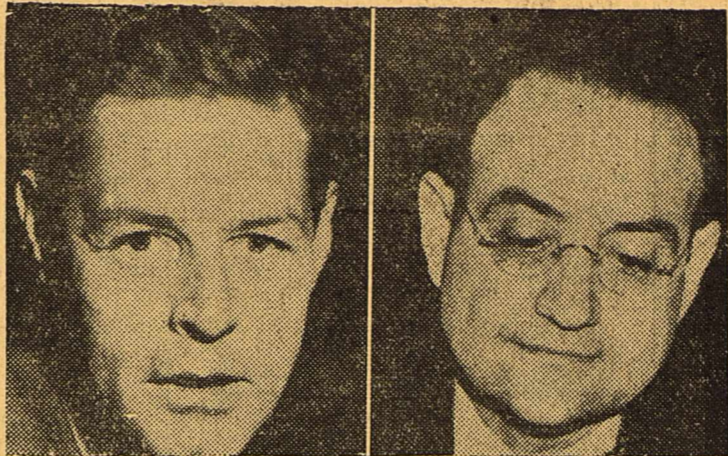

informed he was the winner, immediately replied that his 11-year old son, Robert, had submitted all the names suggested by the Sewell family. It seems Robert wasn't sure just how many names one fellow could suggest, so he sent in several theater names, under different names of relatives, including his father.

Regardless of who suggested what, Papa Sewell will see picture shows, beginning immediately, on a pass and Son Sewell will still pay cash to see them—but he probably won't have to put up much of a spiel to get the money—especially after the "Oasis" is in operation.

Extract of witch-hazel is prepared from the leaves of the shrub, found in North America from Texas to Nova Scotia.

A wraith is, in popular parlance, the opposite of a ghost for it means the appearance of the spirit of a living person.

# Cohen And Successor

(NEA Telephoto) Benjamin F. Cohen, right, last of the original "brain trust" of the early Roosevelt Administration, has bowed out of the State Department with President Truman's acceptance of his resignation as counselor. To succeed him, the President nominated Charles E. Bohlen, left, veteran foreign service officer and State Department's Russian expert.

# French Stowaway Gets Social Security Card

HOUSTON (AP)—Alec Stewart looked at his brand new social security card and wondered if he could ever put it to use.

Only one thing stands in his way—U. S. citizenship papers.

The 28-year-old French-born youth, who got to like America through U. S. soldiers he met overseas during the war, stowed away aboard a ship landing at Galveston early in July.

He couldn't prove he was a citizen, so immigration officers held him. He can't return to France because he is an orphan and his birth records were lost.

As a matter of fact, he doesn't even know his real name. He took the name of Alec Stewart from a story book soldiers gave him.

The social security card was issued to him recently by Fred L. Rogers, chief of the Houston Social Security Office, because if he did get to stay in the United States he would be ready to go to work.

# Kermit Rodeo Club Slates Sunday Show

KERMIT—First show by the recently organized Kermit Rodeo Club is scheduled to be held at 2 p. m. Sunday on the grounds southwest of town.

A \$500 purse has been set up for a matched calf roping contest. Sam Beckham and Bill Eaton will rope six calves each, with Charlie Mitchell and Jack Lineberry trying their roping skill on four calves. Eaton is from Jal, N. M., and the other ropers live in Winkler County.

Jackpot and ribbon roping also are on the afternoon's program.

Plans for the affair were made Monday night at a meeting of the club. Officers elected are Alf Hodges, president; Aubrey Bolding, vice president, and C. F. Koch, secretary-treasurer.

Directors are T. M. Maxwell, Tom McClure and M. D. Ross.

Where Fighting Is Going On

Dutch troops have effected seaborne landings at Banjoewangi and Pasir Potih (1), while other Dutch forces, advancing south from Semarang (2) are driving toward Jogjakarta, Republican capital, in an attempt to cut the island in half. In Western Java, heavy artillery fire was in progress at Sukarbumi (3), and Republicans claimed they damaged one of the Dutch warships which shelled Merak (4).

Mars' Canals Are Here Today And Gone Tomorrow

By RENNIE TAYLOR  
AP Science Reporter  
SAN FRANCISCO—The mysterious "canals" of Mars have a tricky way of appearing and disappearing in a few seconds, Dr. Edison Pettit of Mt. Wilson observatory, has noticed in a series of weird experiences while observing the strange markings on the red planet.

He thinks this phantom-like quality may be the reason some experts believe the Martian canals are only an optical illusion. For 70 years they have been a puzzle to astronomers. Only a few keen-eyed observers have reported seeing them. Of all the photographs taken of the planet, not one indisputably shows canals.

Along with a lot of other astronomers, Dr. Pettit would like to have photographs actually showing the mysterious markings. He made a series of observations in an attempt to determine what would have to be done to catch the lines on a photographic plate.

With one eye at a small tele-

scope and with sketch book and pencil in hands Dr. Pettit spent many nights making drawings of the planet's face. He didn't have much hope of seeing the canals but thought he might get an idea for using a camera.

That was back in 1939 when Mars was in a favorable position for observation, but the uncanny things he saw were reported only recently in the "Publications" of the Astronomical Society of the Pacific.

One morning about 1:30 o'clock when optical conditions were nearly ideal he saw a dark line shoot northward from a point near the Martian equator, starting like a wriggling bolt of lightning and steadying as it progressed, to a spot not far from the planet's north pole. The length of the streak appeared to be about 2,500 miles and it made the jump in less than a second.

Third Shows Up  
Almost simultaneously a second dark line shot from another point south of the equator to the

same spot near the north pole. A third one appeared almost as quickly. The three of them made a pattern something like the prongs of a pitchfork. A short time later a fourth line appeared.

Through a larger telescope Dr. Pettit later detected additional lines, some of which crossed, forming intersections which suggested oases in a desert. Some of the lines were twins, running parallel and close to each other.

He also noted that with the advance of the Martian season the large shaded areas of the planet's surface turned from green to brown. As the color changed new lines appeared against the brown background.

To photograph the pattern, Dr. Pettit said, exposures of not more than one second will have to be made. In terms of star photography that is unheard-of speed. Astronomical photographs require exposures sometimes lasting hours. Dr. Pettit and an associate, Dr. Edwin P. Hubble, will be in charge of the 200-inch telescope now nearing completion on Palomar Mountain.

BOMB GROUP SLURS DENIED BY GENERAL

WASHINGTON—(AP)—Maj. Gen. Leslie R. Groves, who directed the Army's development of the atomic bomb, made a heated formal denial recently of "innuendoes" that he sought to discredit the job done by the civilian commission which has taken over atomic affairs. Groves, in an unusual official statement through the War Department, said "erroneous reports have been widely circulated in the last few days concerning my position on atomic energy matters."

Lions Officials Off To International Meet

James L. Daugherty, president of the Midland Lions Club, and Ernest Sidwell, a director, left Thursday for San Francisco where they will attend the annual convention of Lions International as delegates of the club here. Following the convention they will visit Sidwell's son, Bill Sidwell, at Cody, Wyo., and Yellowstone National Park.

HOUSE FAVORS INDIAN CITIZENSHIP MEASURE

WASHINGTON—(AP)—The House passed unanimously legislation making it easier for Indians to obtain all the rights of United States citizenship. The measure, now goes to the senate.

Most Indians are now wards of the federal government and special laws apply to them.

Under the bill, an Indian who wants full citizenship rights can apply to the local courts for a writ of competency. If the writ is granted, the Indian would then be given all the rights of a white citizen.

# Why Nazi Industrialists Face Trial As War Criminals; Cartels Breed Human Atrocities

Reporter-Telegram Classifieds Bring Results

This sprawling eight-story building in Frankfurt, Germany, was headquarters for the giant IG Farbenindustrie. Now it serves as headquarters for the American Military Zone forces.

Hitler to the Chancellorship. Their agents in this country—as elsewhere—ostensibly acting only as business men... formed the core of Nazi intrigue to spread German anti-war propaganda, to perform secret intelligence tasks, to carry on economic and military espionage designed to keep this country out of the war and weaken our defensive power.

They made almost 2000 cartel tie-ups which hampered American production of such critical war materials as magnesium, synthetic rubber, synthetic nitrogen, explosives, atabrine and many others.

Nor was this all. By no means. The indictment charges that they used hordes of slave laborers (including women and children) selected from Nazi concentration camps, in their factories. When these abused slaves weakened so they no longer were useful, Farben provided poison gas with which to kill them—and incidentally to test efficacy of the gas—and pharmaceuticals to be tried on these human guinea pigs.

When they were killed—and sometimes before—their bodies were burned to provide Farben factories with the raw materials

of soap and fertilizers. The fact that such things were done by the Nazis has been widely publicized. But this indictment charges that they were done also by I. G. Farben, the respectably chemicals combine, headed by these 24 men—done with their knowledge and acquiescence and, as the record shows, with their approval.

It is for these things that the

24 Farben leaders are waiting trial. The fact that they and their now dead instructors—the late Dr. Karl Duisberg and Dr. Karl Bosch—not only made World Wars I and II possible by their scientific and industrial contributions, but were also active participants in both the politics, the international intrigue and the inhuman atrocities that distinguished the second war in particular.

By HOWARD W. AMBUSTER  
Written for NEA Service  
NEW YORK—The top priority criminals in World War II were not the "half mad Nazis and street-

fighting thugs" who earned the hatred of every decent-thinking citizen, and many of whom already have been tried, convicted and executed.

They were 24 educated, intelligent, suave, respected industrialists and scientists, recognized throughout the world for their attainments, known and liked by industrial and scientific leaders of other nations, including the United States.

They were the 24 high executives of the colossal I. G. Farbenindustrie who were indicted at Nuremberg last May 3, and now scheduled for trial about Aug. 1.

This appraisal of them is not mine alone. It is the considered judgment of the American prosecutors who investigated their actions and prepared the war criminal indictment against them, and who then said:

"If their guilt is unexposed and unpunished these (Farben leaders) will be an immeasurably greater threat to the future peace of the world than would Hitler if he were alive today."

There is a regrettable tendency on the part of Americans to assume that these 24 highly-placed German civilians were indicted

EDITOR'S NOTE: For 20 years Howard W. Ambuster has made a career of trying to warn the American people against international cartels. As a chemical engineer, lecturer, and author of "Treason's Peace," he tried to focus public attention on how Germany's fabulous I. G. Farben combine was duping and weakening the U. S. In this dispatch, first of two, he tells why 24 Farben leaders are to go on trial at Nuremberg (now scheduled for Aug. 1) as war criminals more dangerous than Hitler himself if he were still alive today.

in a spirit of vengeance—that having won the war, we propose to punish them for making munitions for the losing side.

It is true that I. G. Farben, under these very efficient leaders, did contribute enormously to Germany's industrial war potential. They were utterly essential to it.

Nazi armies rolled over Europe with tanks, artillery and motor transport on Farben electric metal wheels, shod with Farben buna rubber, powered with Farben synthetic gasoline. Nazi bombers armored with Farben aluminum and magnesium dropped Farben high explosive and incendiary bombs on defenseless cities as well as on allied armies.

Backed Nazi Mobsters  
But it is not for this alone that the 24 top Farben executives have been indicted. It is also for alleged crimes which I have tried for almost two decades to publicize to the United States—for years of international crime which I discuss in detail in my book "Treason's Peace." The narrative of our people about believing that anybody could do what they did—is evidenced by the fact that for years no publisher dared publish a book telling the history that lies behind these indictments.

The indictment says that these men were actual instigators and leaders in every step that led up to World War II, and participants in some of its most heinous crimes.

They encouraged and financed the rise of the Nazi mobsters from Munich's gutters. They deliberately helped to destroy the Weimar Republic. They helped

## Recovery Without Russia

Not since the war has the world seen anything in the field of international relations like the Paris conference on European economic recovery. The conference was begun in a spirit of gravity, as well it might. But there was also evident a spirit of friendliness and a unanimity of purpose that have been absent too long.

The reason for this was clearly evident. Russia was not represented—Russia, with her tactics of opposition, obstruction, delay and general trouble-making. Without a Soviet delegation, the 16 governments present were able to make a start at doing a job which they all agreed must be done.

The conference is not a truly European meeting without Russia and her satellites. Considerable industry and much agricultural land which are part of the European economic picture do not figure in the Paris plans. But one could almost get a feeling of relief from reading reports of the conference. Russia had dropped the other shoe. Despite the serious aspects of her withdrawal, the air seemed clearer now that the threatened East-West split had become fact.

The rest of the world got along pretty well without the Soviets in pre-1934 days, and perhaps it can again. There are differences of course. Russia is politically stronger since the war. She has gathered a family of neighboring nations about her, by fair means or foul, and up to now has been able to dictate their international behavior.

Russia's ban on normal relations between these Baltic and Balkan nations and their non-Communist neighbors will not assist Europe's recovery. Neither will the paralysis of Germany, if it continues much longer. At the same time the Soviet Union has acquired some economic responsibilities along with its political successes.

Russia is economically weaker than in 1939. Yet if she denies her satellites assistance from the United States and the rest of Europe, she will have to make it up to them out of her own production. The new five-year trade treaty with Czechoslovakia is an indication of what Russia intends to do—but promising and delivering are two quite different things.

The so-called Molotov plan has some participants who are obviously reluctant. The Marshall plan has the hearty co-operation of 15 Western European nations and Turkey. These nations, at Paris, have denied any threat to individual sovereignty. They have left the door open for Russia and other countries to come in. They have agreed on a program of self-help to supplement American assistance. They have not overlooked the United Nations in their planning.

All this gives the United States a political advantage to match Russia's similar advantage in the East. But here again there are economic problems. In America's case, too, promising and delivering are not the same things. As yet this country does not know how much help it can afford to give. Nor is there assurance that a bipartisan foreign economic policy will back up the bipartisan political support of the Marshall plan and turn promises into actualities.

Until those two questions are settled there is no room for blithe assurance that non-Communist Europe can recover and grow strong without Russia.

## UNRRA

United Nations Relief and Rehabilitation Administration has officially gone out of business in every country except China, but the auditors as well as the memories linger on. The auditors will be around till the end of the year at least, trying to balance the books on the world's greatest experiment in international co-operation to relieve human suffering.

Whether that experiment is regarded as success or failure, the final audit should bring out in much clearer focus what was done with the money received from the sale of UNRRA supplies in the 17 war-torn nations.

The general impression is that all these supplies were given away in a gigantic soup-kitchen operation. That's far from the truth. One of the original conditions of the UNRRA set-up was that, wherever possible, relief and rehabilitation supplies should be sold in the country that got them. The idea was to start the wheels of normal trade relations and exchange of goods rolling again.

Money received from the sale of UNRRA supplies was not, however, to be returned to the 31 countries that paid for them. Instead it was specified that the receipts should be spent in the country of sale for permanent reconstruction or further relief and rehabilitation. For every dollar put into UNRRA it was hoped that another dollar's worth of good might be done in the reinvestment turnover.

How close UNRRA came to achieving this goal, nobody knows. Of the \$3,700,000,000 UNRRA fund, \$2,900,000,000 went for supplies. The other \$800,000,000,000 covered administration, shipping and distribution costs.

Tomorrow is the day that always gets here just when you have today's problems all figured out.

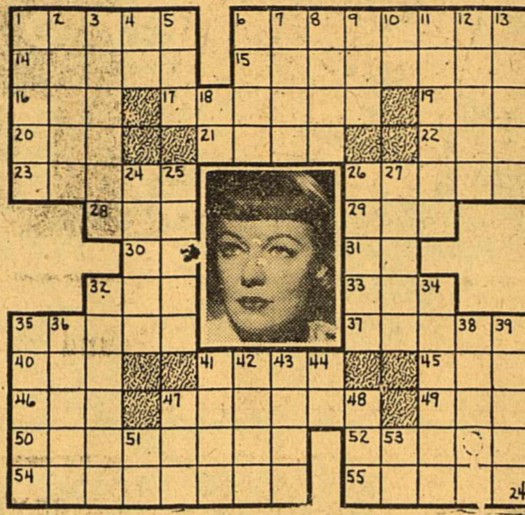

If everybody cursed you, you'd be contrary, too—so don't blame the weather.

Successful people are the ones who keep overhead expenses under foot.

## Scout Swimming Meet Slated Here Saturday

A swimming meet for Boy Scouts of the Midland District will be held from 10 a. m. to noon Saturday at Pagoda Pool here, Dr. H. A. Ireland, district chairman, announced.

Winners at the meet will represent this district in the Buffalo Trail Council swimming meet to be held here August 30. Clown diving, fancy diving, free style speed, crawls, underwater swimming, back stroke, and novelty swimming and diving are among the scheduled events. An exhibition on water safety also will be presented.

All Midland Scouts are invited and urged to participate in the contests.

From where I sit... by Joe Marsh

## "Not Responsible For Wife's Debts"

A young man came rushing into the Clarion office the other day and wanted me to print an ad—"right quick"—saying he won't be responsible for his wife's debts from now on, as he's leaving her for good immediately.

I allowed as how the forms were all closed up, and it was too late to take his ad. He says: "All right, Monday then"—and we agreed on Monday.

Of course, the forms weren't closed. But I had kind of an inkling of what might happen. Then Sun-

day he phones me, and says, kind of sheepishly: "You can forget that ad. Me and the missus have everything all patched up. And we're having a friendly glass of beer, right now."

From where I sit, if you give folks time enough to think things over, those hasty quarrels that come so often from misunderstanding will give way to tolerance and common sense.

## ACA Employees Receive Notice They Need Not Look For Other Jobs

James A. Boyd, administrative officer, and Mrs. Marie McSpadden, chief clerk, of the Midland County Agricultural Conservation Administration office, received pleasant tidings Wednesday.

They were informed officially the ACA program is to be continued.

Along with this news, the office received instructions from the state office to notify agricultural producers of the county that the office now is ready to resume 1947 operations and will take applications for payment for the following conservation practices:

"Terraces, wells, fireguards, elimination of destructive plants, and leaving feed stubble."

The office here also repeated advice to farmers to report contour farming operations by July 31 in order to receive payment.

ACA employees, as in all other counties, have had no assurance until now that the Agricultural Conservation Administration would not be discontinued by edict from Washington.

Cork legs are not made of cork, but received their name in memory of Dr. Cork, inventor of artificial limbs.

Cool off with frosted cranberry juice.

**By GAYNOR MADDOX**  
NEA Staff Writer

Even the sight of a tray of iced fruit drinks brings down the temperature. Particularly if the rim of the glass is "frosted."

That's an easy trick. Break an egg into a small bowl. In another bowl place a little sugar. Now place the top of the glass into the egg about 1/2 inch and then swirl the top about in the sugar to coat. That's your "frosted" glass ready for a chilled drink.

Fruit or berry sherbet added to

a tall glass of sparkling water makes a delightful "special" drink. Here's one sherbet recipe with a tangy refreshing flavor and vivid color.

**Cranberry Sherbet**  
(Serves 6)

One 1-pound can jellied cranberry sauce, 2 tablespoons lemon juice, 1/4 cup orange juice, 2 teaspoons grated orange rind, 2 egg whites beaten stiff, or 1/2 cup heavy cream, whipped.

Crush cranberry sauce with a fork. Add juices and rinds. Pour into freezing tray of automatic refrigerator and freeze with control at coldest setting, until sherbet is mush. Fold in stiffly beaten egg whites or whipped cream and continue freezing mixture until stiff.

Ever try this easy and bright flavored cooler? Combined chilled tomato juice, in proportion—2 parts grapefruit juice to 1 part tomato juice.

Make fresh berry juice for tall coolers. For each pint of fresh berries, add about 3/4 cup of sugar. Stand 2 hours. Drain off juice, depending on sweetness of berries. (Use less sugar for frozen berries). There will be a little less than 1 1/2 cups. That will make about 6 drinks, particularly if you add a few drops of lemon juice. Allow 4 tablespoons to each drink. Pour over crushed ice in tall glass. Then fill glass with sparkling water or gingerale.

**Armed Forces' Unity Bill Is Explained**

**By JAMES MARLOW**  
WASHINGTON—(P)—Here's an ABC on the new national defense set-up okayed by Congress:

(It's supposed to "unify" the armed forces. It isn't law yet. But it's expected to be.)

Secretary of national defense—He's boss of the Army Navy and Air Force, but only up to a point. He'll be a civilian, appointed by the President. The job is brand new.

For the first time the Army Air Force, now part of the Army, becomes a separate department. It, too, will have its own secretary.

Each of the three secretaries—Army, Navy, Air Force—will run his own department but all will be under the secretary of national defense.

His job will be to tell them how to work better together. If they dislike his orders, they can go over his head and appeal to the President.

National security resources board—To make continuous surveys of America's resources, such as manpower, oil, iron, electric power, coal, food.

National security (no defense) council—To help the President handle our foreign relations, resources, and armed forces. In short, to help advise him on our ability to defend ourselves and wage war if necessary.

Central intelligence agency—to gather information on the military strength of other nations and what they're up to.

War council—To advise the secretary of national defense on problems of the Armed Forces to get better team-work out of them.

Research and development board—To suggest the best ways of getting scientific research done for the Armed Forces with the least lost motion.

Munitions board—To keep constant check on this country's industrial capacity for waging war. Example: how many plants can make tanks.

Joint chiefs of staff—To plan military operations, help combine the education and training of men in the three services, and act as military advisers to the President.

**COTTON LOAN IS ARRANGED**  
WASHINGTON—(P)—Export-Import Bank officials have worked out a tentative agreement to lend \$20,000,000 to the American and British zones of Germany for financing American cotton purchases.

The tentative proposal calls for \$19,000,000 to be granted by the bank and an additional \$1,000,000 by American cotton exporters.

**Stretch That Meat But Keep Nutrition**

**By GAYNOR MADDOX**  
NEA Staff Writer

Today, with meat prices higher, every ounce of meat should do double duty. Here are two recipes that extend meat nutritiously and with fine flavor.

**Sausage and Corn Casserole.**  
One pound liver sausage, thuriner or bologna, 2 cups medium white sauce, 1 cup grated cheese, 2 tablespoons minced onion, 1 teaspoon Worcestershire sauce, 1/2 teaspoon each garlic salt and celery salt, 2 1/2 cups whole kernel corn, 1 1/2 cups cooked noodles.

Melt cheese in hot white sauce and add onion and seasonings. Cut several slices, 1/4-inch thick, from the sausage and save. Cube remainder of sausage. In a greased casserole arrange alternate layers of well-drained corn, noodles, cubed sausage and white sauce. Bake in a 375 degrees F. oven for 15 minutes, then top with sausage slices and bake an additional 10 minutes.

**Ground Beef and Vegetable Casserole**  
One pound ground beef, 1/2 cup chopped onion, 1/2 teaspoon salt, 1/8 teaspoon pepper, 2 1/2 cups cooked green beans, 1 medium tomato, 2 cups medium white sauce, 1/2 cup grated sharp cheese, 1 cup buttered crumbs.

Brown onion in a small amount of fat. Add ground meat and brown well. Add salt and pepper. In a greased casserole place layers of green beans and ground meat. Slice the tomato and lay on top. Melt cheese in hot white sauce. Pour cheese sauce over all and top with crumbs. Bake in a 375 degrees F. oven for 25 to 35 minutes or until crumbs are browned.

## Javanese Do Not Like Their Dutch Uncle Any More

By HAL BOYLE  
NEW YORK (AP)—The most exciting family scrap on the horizon is the effort of 70,000,000 little brown people to say goodbye to their old Dutch uncle.

The uncle has had a lot of trouble in the last three centuries keeping them under his empire roof, where they've always paid a big share of the rent.

The American policy in the Philippines is one reason Holland—the Dutch uncle—is confronted with its biggest crisis since it "adopted" the East Indies.

For, looking across the Pacific waters to their cousins in the Philippines, the 70,000,000 little brown men of the Indies were heartened in their own quest for independence by the action of Uncle Sam in promising and delivering full freedom to his nephew Filipinos.

This United States policy was little to the liking of European imperialists.

But there are other factors that helped put the Netherlands home government in dutch with the inhabitants of its green and profitable Pacific paradise.

One was the growing of the independence movement in India. Another was the loss of face the Dutch suffered when the Japanese army occupied the East Indies and indoctrinated the natives with its heady pie-in-the-sky prospect of the greater East Asia co-prosperity sphere.

The Japs also trained the Indonesians in modern warfare and turned over much of their own equipment on Java to them after the end of the war.

With this dubious rusted armament the 200,000-man Indonesian army thus now faces a Dutch army of 120,000 men well-equipped with British and American tanks, guns and planes.

But if full scale war develops, the Indonesians by guerrilla attacks and wanton destruction of Dutch productive property may take reconquest of the East Indies too expensive for the Hague's slim pocket-book.

They know that, historically, Great Britain faced a roughly similar problem with India and bowed to the situation despite the clamor of her more ardent imperialists.

Most Javanese are Moslems and traditionally good warriors. They led many savage revolts against white masters until the Dutch government instituted notable reforms that finally won at the reputation of being the most enlightened of colonial powers.

Today Republican leaders demand full freedom for the 70,000,000 people in the rubber, oil, rice, and copper-rich East Indies, Holland's empire plum. They think they are at last in a position to get it.

If you fold sheets and bedding carefully when you hang them, they won't need ironing. The same goes for towels.

## McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY  
America's Card Authority

Tournament players do not confine themselves to one or two partners. On the contrary, they will be found with different partners in practically every tournament. As a result, before the start of the questions about handling certain situations, such as, "Do you use weak no trumps or strong no trumps?"

One often hears a player ask another, "Do you use Blackwood?" The expert usually will reply, "Only when it is obvious." The Blackwood convention is a valuable asset if it is not overdone, so the expert restricts its use.

When today's hand was played, the North player was Sidney Silodor.

Hand analysis table showing cards and dealer information.

Tournament—Both vul.

2 Pass 4 N.T. Pass  
5 Pass 6 Pass  
Opening—4 5

Philidor of Philadelphia, Pa., one of the nation's outstanding players. With his hand some players might be tempted to employ a two-bid, but Silodor preferred to open the bidding with one heart.

When his partner bid two diamonds, Silodor knew that he had at least a trick and a half. If he happened to have any two aces, Silodor was safe for a slam.

Therefore, over two diamonds he used the Blackwood four no-trump bid, and it was quite obvious that it must be an ace-request bid. When South showed his two aces with the bid of five hearts, Silodor bid the small slam in hearts.

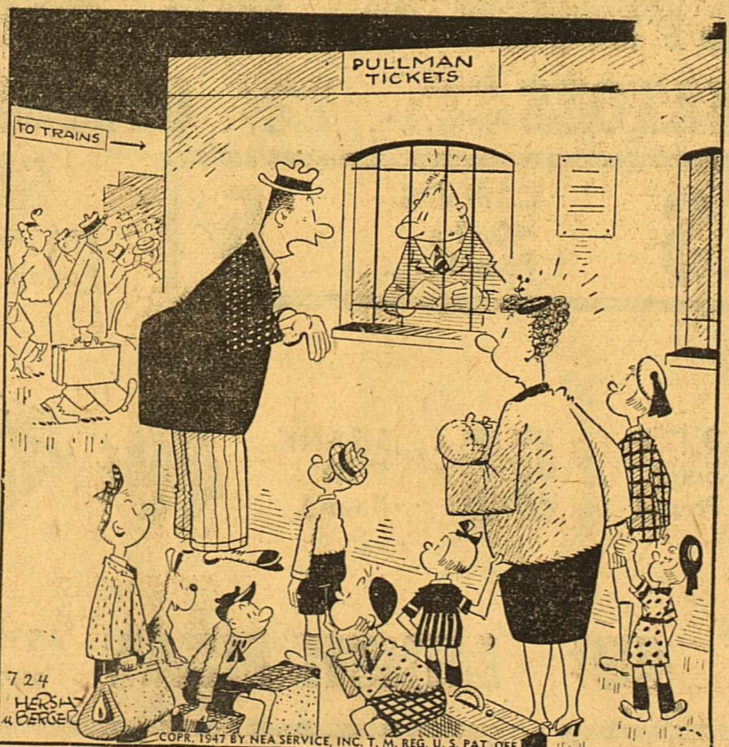

More tomatoes were canned as juice last year than were packed in any other way. The pack totalled 29 million cases.

Sauerkraut juice is an invigorating first course at dinner. Serve it straight or with a dash of lemon juice.

Plastic models the size of a grapefruit are now used in a London museum to show how diamonds are cut.

**Pounding Along in Great Shape**

Single candle on this huge birthday cake marks an important milestone in the life of Elizabeth Anne Palm, of Seattle, Wash., pictured celebrating her first birthday. Born 10 weeks prematurely, she weighed only two pounds, six ounces. After thriving in an incubator, she now bounces around an even 22 pounds.

**Jellied Veal For Sunday Supper**

By GAYNOR MADDOX  
NEA Staff Writer

For the substantial Sunday supper buffet when the weather is sizzling, to take the place of dinner in the middle of the day, try this unusual jellied veal and green pepper loaf served with a cream horseradish sauce.

**Molded Veal and Green Pepper** (Serves 6-8)  
Three pounds veal (chuck, breaux or neck), boiling water, 2 teaspoons salt, 1/4 teaspoon pepper, 2 onions, 2 stalks celery, 2 whole cloves, 1 tablespoon unflavored gelatin, 1/4 cup cold water, 1 1/2 cups boiling veal stock, 2 green peppers.  
Wipe meat with damp cloth and place in large kettle. Cover with boiling water and boil 5 minutes. Skim. Reduce heat and simmer, covered, about 2 hours until meat is very tender. Add salt, pepper, onions, celery and cloves after meat has been cooking 1 hour.  
When done, remove meat from broth. Shred green peppers into long thin shreds. Soak gelatin in cold water, then dissolve in boiling veal stock. Cool. Rinse mold in cold water. Dip shredded peppers in gelatin, then remove quickly and line the mold with the pepper. Let gelatin on pepper shred set. Next, pour in a little veal stock and gelatin mixture and more shredded veal. Repeat until mold is filled, ending with a layer of the gelatin. Place in refrigerator until firm. Unmold. You will have a beautiful dish, a veal mold coated with the bright green pepper shreds. Slice and serve with creamed horseradish sauce.

**Jellied Meat Loaf** (Serves 6-8)  
Two cups ground cooked beef, veal or pork, 1 tablespoon unflavored gelatin, 1/4 cup cold water, 1 1/2 cups meat broth, 2 tablespoons lemon juice, 1 teaspoon salt, 1/2 teaspoon onion juice, 2 tablespoons chopped pimiento, 1/4 cup sweet pickle relish, 1/4 cup chopped celery, 1 hard-cooked egg.  
Soak the gelatin in cold water, then dissolve in boiling meat broth. Add lemon juice and salt. Cool and when mixture starts to jell, add all other ingredients except egg. Rinse loaf pan in cold water. Slice egg and arrange slices on bottom of pan. Pour a little of the meat mixture over the egg slices and allow to harden. Then add remaining meat mixture. Place in refrigerator to become firm.  
Speed of sound at sea level is 760 miles an hour, but decreases to 663 miles an hour at 35,000 feet.

**Another 1,000 Gallons Of Oil Used To Combat Mosquitos In Midland**

In a continuing battle against Midland mosquitoes, 1,000 gallons of crude oil was sprayed on the city sewage disposal field Wednesday, V. M. Howard, sanitarian with the Midland-Ector-Howard County Health Unit reported. The oil was donated by the Atlantic Tank Farm. Howard predicted such treatment of the "sewer farm" will eliminate mosquitoes around the disposal field and will enable picnickers to enjoy outings at Cloverdale Park. The hordes of mosquitoes which have infested the park have come from the disposal field, he said. The sanitarian pointed out prevention of breeding will eliminate mosquitoes, but the average life of the insects is about two weeks, so it will take at least that long for those already alive to die out.

**Breeding Places**  
In investigating numerous complaints of mosquitoes around Midland homes he has found in several cases, there were nearby mosquito breeding places such as overgrown storage tanks not properly covered, fish ponds, lily ponds, or empty trash cans and bottles which make ideal breeding grounds for the insects. Storage tanks used only for irrigation purposes should be treated with a little kerosene oil to kill mosquito larvae, and then should be covered so tightly that adult mosquitoes cannot get in, he said. If such tanks are used to store drinking water, owners should inquire at the health department for

advice on how to kill larvae with chlorine before covering the tanks. All citizens should strive to do away with empty cans, old pet bottles or other receptacles of rain water, because it will be impossible to eliminate completely all mosquitoes as long as such breeding places are available to the insects, he added. As for fish ponds, lily ponds, etc., these should be provided with enough fish to consume mosquito larvae. San Francisco Bay, large enough to hold the combined fleets of the world, is believed to be the sunken valley of an ancient river.

**It's Time To Streamline For The Beach**

By ALICIA HART  
NEA Staff Writer

If that mild discontent which you feel about your figure remains too mild to spur you to action, get into your bathing suit. Side up to your mirror for a side-view appraisal. If what you see is not what you want your public to see when you make your beach debut a few weeks hence, better start exercising. An hour's brisk walk taken daily—brisk enough to clip off one mile in 15 minutes—will whittle down bulges. More fun, though, is bicycling. Borrow Junior's

wheel and peddle a few miles a day. But take in a road that makes you climb with your wheel. If fleshy pads on hips are the trouble spots, localized exercise is best for slicing these off. Best is the side scissor-kick. For this, lie on right side on floor, right arm stretched flat. Now brace yourself with left arm touching floor in front of you, and to the count of one, kick left leg forward and right leg back. To the count of two, kick right leg forward and left leg back. Continue kicking as vigorously as you can 20 times on each side.

Experiments are being made with airplane seats which support the spine and head so effectively passengers will not be injured when a plane is brought from 200 mph to a full stop in nine feet. Very high frequency sound waves are being tested as an aid to removing dirt from clothes.

'Royal' Family

Russian actress Tamara Desni and English actor Raymond Lovell are pictured as they were married in a colorful Russian Orthodox wedding in the Russian Parish Church, London. The crowns, held over the couple's heads, are part of the ancient traditional ceremony. They symbolize his becoming king, and her queen, of a family.

More About Names Of Texas Towns Such As Blessing And Dime Box

By JACK RUTLEDGE  
Associated Press Staff

Dime Box, Texas, always first to go over the top in the March of Dimes campaign, and frequently in the news otherwise, has caused many to wonder where and how it got that name.

A gentleman from Corsicana whose signature is vague but looks like Hugh Loper gives this explanation: early settlers paid a dime each to a stage coach from Waco to leave their mail in a box located near the center of the community.

When the post office was established there, it was automatically named Dime Box, which was a familiar name to all the citizens.

Mark was named for two persons—Dodge Mason and Tom Eubank.

Eustace was named, you might say, for a roosting address. A lawyer named Capt. W. L. Eustace made a roaring talk when the little town was organized on the railroad, and his listeners were so impressed they named the place for him.

From El Campo, W. W. Duson writes to tell how Blessing got its unusual name. When C. C. Duson was routing the branch of the Southern Pacific from Bay City to the prospective town of Palacios, the right-of-way passed through the large ranch holdings of the late John Pierce, brother of the famed Shanghai Pierce.

When someone asked him what name he wanted given to the station on his ranch, Pierce immediately said, "Thank God." Officials said that wouldn't be very appropriate, so he compromised on "Blessing". He said he had waited so long for the coming of the railroad it was surely a blessing to have one.

Midland was named that because it is located half way between Fort Worth and El Paso—300 miles each way.

Engelking also passes on an interesting story told him by his grandfather, Adolph Blaschke of Cat Spring. Blaschke says as a boy he would creep through the weeds to Red Mound, near Cat Spring, and watch Indians get the clay with which they concocted their war paints.

He also points to a common error in pronunciation. Frydek is pronounced "free deck" and not "fry-deck" as one might think.

Ancient Victoria was first known to Americans as Cypress Grove, to the Mexicans as Las Sabinas. But when it was founded by Martin De Leon in 1824 it was named Guadalupe Victoria in honor of his friend, the first president of Mexico.

Swiped His Name  
The president's true name was Juan Felix Fernandez, but he took the name Guadalupe Victoria for this reason: Guadalupe Victoria, the Virgin Protectress of Mexico, Victoria to commemorate a victory over the Spaniards. That's what Leopold Morris of Victoria says, quoting Judge Fulmore's "story of county names."

John L. Bailey of Nacogdoches tells how that town got its name: an old Caddo chief lived on the bank of the Sabine. Twin sons were born. He named them Natchitoches and Nacogdoches.

Just before the old chief died, he called his two sons, commanded them that immediately after his death one, Natchitoches, should take his wife and children, turn his face toward the rising sun, and after three days march, build his home and raise his tribe at the spot he had reached.

The other, Nacogdoches, was instructed to travel a like distance toward the setting sun. Thus, says Bailey, were the twin tribes of Nacogdoches and Natchitoches founded 100 miles apart.

Further, he says Nacogdoches was a blonde Indian, with fair complexion and blue eyes and yellow hair. He was the father of the Tejas, the white Indians of East Texas.
