Oil Allowable Is Increased

Almost Maximum Production Rate Will Be Granted

AUSTIN—(AP)—Amendment of the August 2 general shutdown order to boost the average calendar day crude oil allowable by 20,841 barrels was announced Friday by the Railroad Commission.

The increased production was made possible by exemption of fields from shutdown or by increasing the number of producing days.

Commissioner W. J. Murray, Jr., issued a statement in connection with the special order, saying:

"In response to urgent requests by the oil industry, the Railroad Commission has taken into account the fact that the capacity of pipe lines to move crude oil is increased during the hot summer months, and in order to allow all of these lines to operate as nearly as possible at their maximum capacity, we have amended our general shutdown order so as to either exempt from shutdown days or increase the number of producing days for every field in the state where by so doing we can increase the daily allowable without allowing it to exceed the maximum rate at which that field can efficiently produce."

A new field remains whose allowables are less than their maximum rate of efficient production, said Murray, "but to increase the allowables of these fields would require a complete reworking of the proration schedule, which we have not yet had time to issue."

After this reworking is done, the only way to further increase production would be to deliberately assign allowables in excess of the MER, Murray said.

Murray added that the commission was taking this subject under advisement at the present time and would probably hear considerable discussion at the statewide oil and gas hearing here August 20.

Price Fixing Investigation Is Extended

AUSTIN—(AP)—Attorney General Price Daniel announced Friday that his investigation of reported price-fixing has been extended to a list of more than 20 commodities.

The department's preliminary inquiries into gasoline, milk, bread and other products has produced information indicating possible violations of the anti-trust laws in other commodities, including liquor, he said.

Daniel said he could not at this time say just which additional commodities would come under scrutiny for fear of hampering the investigation.

Daniel said his assistants have finished their preliminary examination of records of The Texas Company, the Gulf Company and the Humble Company at Houston. Next week two will be assigned to study Magnolia Petroleum Company records in Dallas, and two will work on the books of the Sinclair Refining Company at Fort Worth.

When this work is finished, the inquiry will move to Ponca City, Okla., where assistant attorney's general will study the records of Continental Oil Company.

LATE NEWS FLASHES

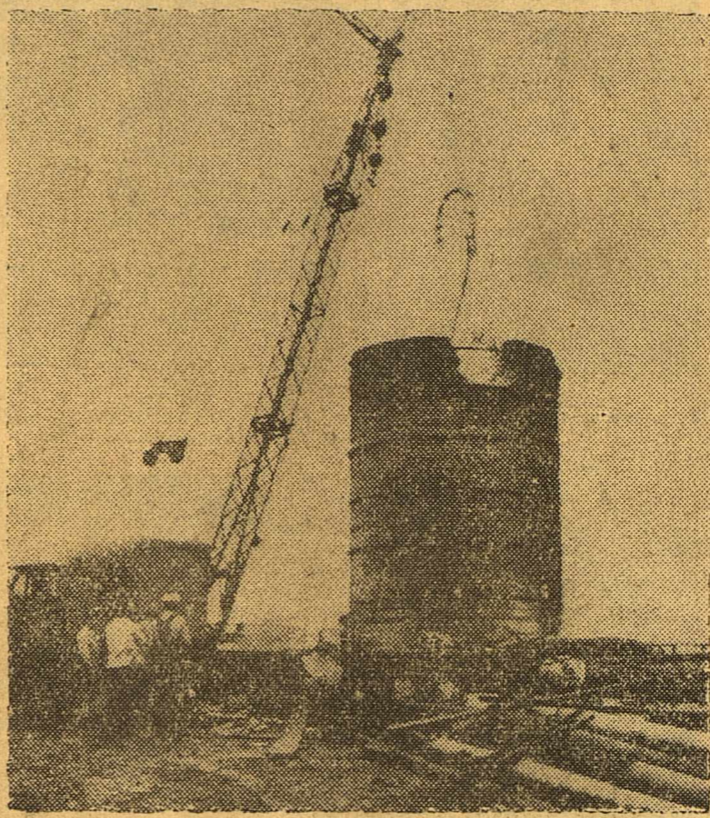

LOS ANGELES—(AP)—Reinforcements of 150 firefighters, parachuted to Condor Peak in the Angeles National Forest, joined in the battle Friday as the big Tujunga Canyon brush and light timber fire raged uncontrolled for its fourth day.

SAN ANTONIO—(AP)—A widespread search extending from Mexico through Texas and six other states to the East Coast is underway by the F. B. I. in an attempt to locate members of an auto theft ring, according to Maurice W. Acers, special agent in charge of the F. B. I. office here.

BUDAPEST—(AP)—A reliable informant said Friday he had seen a Soviet letter reporting the death of Bela Kovacs, former secretary-general of the Smallholders Party whose arrest by the Russians provoked protests from the United States government.

WASHINGTON—(AP)—Senator Brewster (R-Me) said Friday he regrets making a press statement that an airline hostess was afraid to travel alone with Howard Hughes.

Federal Spending Will Be Close To Original Estimate From White House

WASHINGTON—(AP)—President Truman's entry into the battle of the budget bolstered evidence Friday that federal spending this fiscal year—as the Administration adds it up—will be close to the original White House estimate of \$37,500,000,000.

Taking an indirect poke at claims of big savings by the Republican Congress, Truman announced he has ordered a "detailed and exhaustive" study of federal outlays and income.

When this is completed he will issue a review and analysis of "all the facts," presumably in the customary mid-August budget review.

Administration budget officials immediately after Congress adjourned, said that despite numerous cuts in appropriations the government probably will spend fairly close to the amount estimated by Truman in his budget message last January.

But while Truman himself stated he would make no "hasty predictions," other administration officials said Friday their further studies of the new legislation bear out that conclusion of 10 days ago.

They calculate that the congressional savings amount to about \$1,600,000,000, but that additional costs—not foreseen when Congress went to work in January—will eat up a sizeable part of that sum and bring the expenditures total only a few hundreds of millions below the original \$37,500,000,000 estimate.

The new expenditures include the \$400,000,000 Greek-Turkish aid program, and the virtual certainty of Britain's using perhaps \$500,000,000 more of her loan than was budgeted for this year. Also, Congress voted expenditures of \$150,000,000 for stockpiling materials, \$40,000,000 to fight hoof-and-mouth disease, \$35,000,000 for veterans, and other items which were not in the original budget estimate.

WEATHER

Partly cloudy Friday night and Saturday. Little change in temperature. Maximum temperature Thursday was 92 degrees, minimum 70 degrees. Minimum Friday morning was 71 degrees.

Don Davis Dies At His Home Here

Don Davis, 48, prominent Midland oil man, and a former city councilman, died at 3:20 p. m. Thursday in his residence, 307 North G Street, of a heart ailment. He had been ill several weeks. Davis had resided in Midland 31 years.

Davis was vice president of York and Harper, Inc., an independent oil company, and also was vice president of the oil well servicing firm of J. P. (Bum) Gibbins, Inc. He was active in several oil and gas associations and was well known throughout oil circles of the Southwest.

He retired as a member of the City Council last April after serving during one of the city's major periods of growth and expansion. He did not seek reelection.

Born in Anson, Texas, Davis was born Nov. 28, 1898, in Anson, Texas, the son of Lige Davis and Martha Paxton Davis. He moved to Midland June 1, 1916, and for several years engaged with his father in the ranching business in Midland and Andrews Counties. He was married to Miss Edna Cooper of Palo Pinto, July 16, 1927.

Funeral services will be held at 10 a. m., Saturday in the First Presbyterian Church, with the Rev. Hubert Hopper, pastor, officiating. Interment will be in Fairview Cemetery.

The body will lie in state at the Ellis Funeral Home Chapel. Survivors include the widow, and three sisters, Mrs. R. T. Bucy of Lubbock, Mrs. Ben Dublin of Midland, and Mrs. Teague Hutchinson of Winston, N. M.

Funeral services will be held at 10 a. m., Saturday in the First Presbyterian Church, with the Rev. Hubert Hopper, pastor, officiating. Interment will be in Fairview Cemetery.

Second Midland Cafe Ordered Closed By Health Authorities

Another Midland restaurant was closed Friday by order of health authorities. W. M. Howard, senior sanitarian of the Midland - Ector-Howard County Health Unit, announced the establishment was closed temporarily because sterilizing equipment in the kitchen was not functioning.

The owners of the restaurant were advised not to resume operations until adequate facilities for sterilizing dishes and utensils are installed and properly used, Howard said.

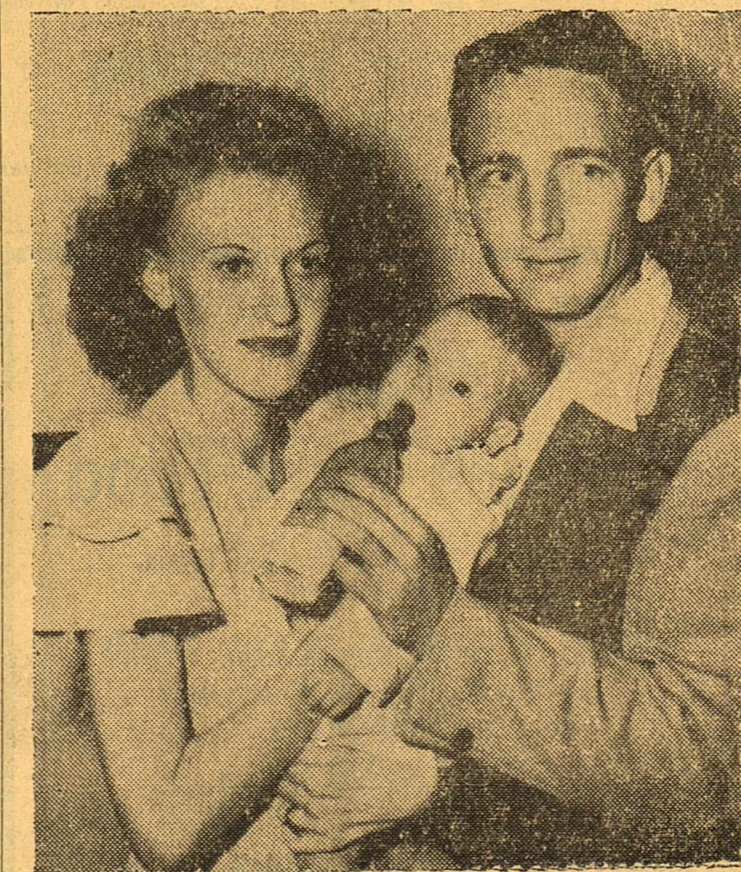

Little Girls Are Sad, Pet Killed

Sharon and Susan, little twin girls of Mr. and Mrs. Bob White of Midland, loved their collie dog. Their pet was poisoned.

And died. How can you explain to these little girls there are such fiends among us, who would use poison to take the life of a beloved pet?

Midland has more dog poisoners than it needs. One is too many.

All Controls On Installment Buying To End

WASHINGTON—(AP)—President Truman Friday signed legislation killing all controls on installment buying November 1, 1947.

The President said he regretted that Congress did not follow the recommendation of the Federal Reserve Board and of the council of Economic Advisers "by enacting legislation to provide for continuing, as long as necessary, regulation of consumer credit as a means of helping to promote economic stability."

Truman had asked for specific legislative authority to regulate the American institution known as the "easy payment plan," as a bulwark against inflationary tendencies.

But Congress, instead, sent him a bill intended to force an end to the credit curbs in three months. Critics' Legislation.

In a statement criticizing the legislation the President said: "It is unfortunate that the Congress did not provide for restraints on over-expansion of installment credit in order to diminish inflationary pressures arising from this course."

Truman observed that continuation of present controls for the next three months has been "permitted and implied by the Congress," and he added that "this is preferable to immediate abandonment of these restraints."

"For that reason," the President continued, "I have signed the joint resolution."

He said it would be "far better to reduce prices rather than to relax terms in seeking new customers."

The restraints on installment buying were instituted in wartime under economic control authority within the Trading-With-The-Enemy Act.

Existing controls, which continue until Nov. 1, require one-third down payment, with the installments running no longer than 15 months, on automobiles, stoves, mechanical dish washers, ironers, refrigerators, washing machines, radios and some other goods.

A 20 per cent down payment, with installments limited to 15 months, is required for furniture and rugs.

Gen. Eaker Expects Another World War

LOS ANGELES—(AP)—Lt. Gen. Ira Eaker, deputy commander of the Army Air Forces, says there will be a World War III and that the United States "won't be on the winning side unless we prepare for it."

"World War III will consist of a short, sharp paralyzing bombardment, followed by an immediate airborne invasion," General Eaker, soon to be retired after 30 years' service, told the Institute of Aeronautical Sciences.

"Fewer than 300,000 men could descend under silk and take this country," he added.

Without mentioning any country, Eaker said such a war will come from a country "with tremendous manpower and industry potential."

"We know it will come across the Arctic, as the shortest air-route, but we don't know when," he declared.

British Approve Crisis Bill

LONDON—(AP)—Britain's Socialist-dominated House of Commons approved Friday the government's sweeping "crisis powers" bill, described by Winston Churchill as "a blank check for totalitarian government."

The House gave the bill a second reading—approving it in principle—without a record vote. The government hoped to push the measure through all remaining parliamentary stages before the Commons' scheduled adjournment next Wednesday.

An amendment to reject the measure was defeated 251 to 148.

The Socialist government says the bill is necessary for effective dealing with the British economic crisis. It would empower the government to tell men and women where they must work and to take over the management of firms considered to be operating inefficiently.

Home Secretary Clutter Ede, backing the bill, said "We believe that this is a crisis likely to move forward with such rapidity that we should have power to deal drastically and swiftly with awkward situations that may arise."

Churchill snapped: "Hitler said that."

Churchill Attacks Program. Launching an all-out Conservative attack on Prime Minister Attlee's spartan plans for meeting the economic squeeze which labor spokesmen asserted were "appropriate and necessary"—Churchill declared:

"The government's proposals will mean the abrogation of Parliament and of all our long cherished rights."

Government-requested legislation to implement the Attlee program would extend and strengthen government powers, dating from wartime, to direct labor into "necessary" industry and intervene in "inefficient" industries. The program itself was aimed at cutting down imports and boosting production for export.

Speaking just before Churchill took the floor, Deputy Prime Minister Herbert Morrison declared:

"We are not going to be cross-examined in advance as to exactly what we will do with the powers when we get them."

Churchill maintained that the labor and industry controls asked by the government would destroy British freedom.

Prosecutor's Wife Kills Father-In-Law At Arkansas Home

HOT SPRINGS—(AP)—Prosecutor Sidney S. McMath said Friday his pretty 26-year-old blonde wife killed her father, Hal P. McMath, 56, at their swank suburban home Thursday night while "hysterical with fright."

McMath declared he was requesting Circuit Judge Clyde E. Brown to call a special meeting of the grand jury to investigate and also was requesting appointment of a special prosecutor to present the case.

McMath, who spearheaded an ex-servicemen's ticket which unseated a powerful Hot Springs political organization last year, said the judge had indicated he would comply. Brown and McMath, a wearer of the Navy Cross earned with the Marines in the Pacific, are law partners.

Haggard, unshaven and attired in rumpled shirt and trousers McMath handed reporters a prepared statement covering the investigation of the shooting.

McMath's account included: "My father has been running my farm, coming to the farm in the morning and returning to his home in Hot Springs in the evening. For years he has been an excessively

Body Of Child Is Recovered From Ocean

FALMOUTH, MASS.—(AP)—The body of Nancy Perini, 4, niece of Lou Perini, millionaire contractor and part owner of the Boston Braves Baseball Club, missing since Thursday, was recovered Friday from the ocean.

The body was recovered while District Attorney Frank E. Smith's investigators were proceeding on the theory she had been kidnapped.

Police said the little girl apparently wandered alone from the yard of her home to the beach and waded to death while the resort was deserted.

HUMBLE IS SWABBING TO TEST AT NO. 1 MITCHAM

Humble Oil & Refining Company No. 1 Mitcham, Northeast Crockett County Ellenburger discovery, 14 miles northeast of Ozona, was swabbing, to try to kick the well off to flow and test.

Located 810 feet from north and 660 feet from east lines of section 12, block AB, D&S survey, this exploration is at a total depth of 8,165 feet. Casing, which had been cemented on bottom, has been perforated at 8,092-8,105 feet and at 8,112-22 feet.

Those sections had flowed oil natural on drillstem tests taken while drilling was in progress. Operator was swabbing with water.

Operator swabbed with wash water and the project kicked off and flowed 78 barrels of oil, with no water, in 10 hours, through a one-half inch tubing choke. Gas-oil ratio was 2,700-1. Operator is continuing to flow.

SUN GETS FLOWING ON L&N EXTENSION TO JAMESON

Sun Oil Company No. 1-A Tubbe one location north extension on the northwest side of the Jameson field, in Northwest Coke County, was flowing to cleanout, test and complete as a producer.

The well is at total depth of 6,500 feet in the crinoidal reef lime. Casing which was cemented on bottom, had been perforated at 6,448-53 feet.

Operator swabbed with wash water and the project kicked off and flowed 78 barrels of oil, with no water, in 10 hours, through a one-half inch tubing choke. Gas-oil ratio was 2,700-1. Operator is continuing to flow.

DEEP S.-C. COCHRAN WILDCAT HAS RESUMED HOLE MAKING

Stanolind Oil & Gas Company No. 1 Hall, South-Central Cochran County deep wildcat, 1,980 feet from south and 538 feet from west lines of section 13, block L, psl survey, was making new hole under 7,570 feet, in dry, lower Permian lime.

A fishing job which delayed progress on this exploration for several days, at 7,504 feet has been cleaned up.

REAGAN PROSPECTOR SHOWS MUCH SALT WATER IN DST

Humble No. 1-D Sawyer, East Reagan County prospector to approximately 10,000 feet, to explore into the Ellenburger, 14 miles north and east of Big Lake, and 660 feet from north and west lines of section 78, block 1, TP survey, was bottomed at 9,810 feet in an unidentified lime formation and was taking a gamma ray under 7,570 feet.

Took a two hour drillstem test at 9,765-9,810 feet. Recovery was 280 feet of drilling mud and 6,390 feet of salt water.

It is presumed that operator plans to drill ahead after completing the survey now being taken. No official information has been released regarding the lime formation in which the project is currently bottomed. However, it is rather definite that the Ellenburger has not been reached.

DEEP GOLDSMITH DISCOVERY RUNNING CASING TO TEST

Gulf Oil Corporation's 430-E Goldsmith deep exploration in the shallow Goldsmith field of Northwest Ector County, which has shown for flowing oil in commercial quantities from the Ellenburger, is preparing to run 7-inch casing to allow taking production tests on the newly discovered pay zone for that region.

The project is 1,992 feet from north and 2,001 feet from west lines of section 15, block 44, TP survey, T-1-S. It is on total depth of 9,620 feet. Top of the Ellenburger is at 9,495 feet. That gave it a datum of minus 6.368 feet.

SW CRANE PROJECT SHOWS SLIGHT SIGNS IN DST

Gulf No. 7-E Wristen, Southwest Crane County wildcat to 7,800 feet, 2,004 feet from north end 679 feet from east lines of section 17, block B-28, psl survey, and six miles northeast of Grandfalls, was preparing to drill ahead from 3,071 feet in middle Permian lime.

A 100-foot casing was run and a drillstem test was taken for one hour at 2,998-3,071 feet. Recovery was 60 feet of drilling mud, with a rainbow show of oil.

DRY PROSPECTOR IN SOUTH CONCHO HAS BEEN PLUGGED

Southern Minerals Corporation No. 1 Henderson, South Concho County wildcat, three miles southwest of Ruth, and 467 feet from south and east lines of section 63, block 8, H&C survey, has been plugged and abandoned.

It drilled to total depth of 4,095 feet in dry Ellenburger lime and then plugged back to 3,260 feet to test shows of oil and gas in the Strawn-Pennsylvania. Those indications failed to develop commercially. (Continued on Page 6)

Railroad Commission May Close Two Offices

AUSTIN—(AP)—District offices at San Angelo and San Antonio may be closed after August 31, Railroad Commission sources said here Friday.

That is the effective date of the new departmental appropriation bill, which did away with 30 jobs in the commission.

A commission spokesman said the San Angelo and San Antonio offices are the least busy of the agency's 10 branches, and that work previously done at San Angelo would likely be put in the hands of the Midland office. That from San Antonio would go to the Refugio office.

Vernon is the opposition, Friday and Saturday nights and Sunday. Then Odessa comes over for two. Midland needs every one of these games and every fan is needed to support them.

North Basketeers Win At El Paso 55-27

EL PASO—(AP)—Southern Methodist University appears to have plucked the prize prospects from the 1947 crop of Texas schoolboy basketball players.

Two of these youngsters, Jack Brown and Marous Frieberg, who will be on the SMU varsity in 1949, stood out here Thursday night as the North easily whipped the South 55-27 in the annual all-star game of the Texas Coaching School.

Three-thousand fans turned out in steaming heat to watch Brown, the Crozier Tech (Dallas) star, direct the North team to victory.

Dive-Bombing Bird Pestiers Dog

It shouldn't happen to a dog... but it does. Tom-tom, a beagle owned by Jack Kunze man, of Fort Wright, Ky., has an unrelenting enemy in a mocking bird that apparently hates him. Every time Tom-tom goes for a walk the bird "dive bombs" him, swooping down and nipping him unmercifully. The poor pooch has little recourse but flight. When Tom-tom flops on the ground, the winged pest flies to nearby telephone wires and waits until he starts to walk again. Then the "bombing" starts all over. Nobody knows how the feud started.

Tom-tom's wagging tail, left, is the target. At right, he lets out a yip and tries to flee from the feathered foe.

Giving up the one-sided battle, Tom-tom sinks to the ground and the mocking bird chestily struts off.

Midland's Hopes Are On Upswing

By The Associated Press
Midland's hopes of overtaking Big Spring in the Longhorn League were on the upswing Friday.

The Indians dumped Ballinger, 9-8, Thursday night while Big Spring bowed to Sweetwater, 10-9.

As a result Midland is only three games back of Big Spring, with the season nearing the finish line.

Odessa knocked off Vernon, 15-6, for the easiest victory of the night. Nine runs in the fourth inning beat the Dusters.

Joliet and Marquette, the explorers, found coal near Utica, Ill., in 1673.

Tulsa Oilers Climb Into First Division

By The Associated Press
Tulsa paid off for fans who had it tagged for the Texas League's first division, holding down fourth place Friday on a 7-1 decision over Dallas Thursday night.

Thus the Oilers climaxed a long, uphill fight which brought them from the depths of the second division to within a half-game of Dallas' third position in the standings.

While the Oilers were replacing Shreveport in fourth place—the Sports took it on the chin 5-4 from Houston, Fort Worth dropped three full games back of league leader Houston by losing to Oklahoma City, 4-3.

Beaumont squared its series with San Antonio, 6-3.

In taking their second straight from Dallas, Tulsa pounded Quentin Alitzer, Rufus Gentry and Hank Oana for 10 hits.

Weary Dodgers Hope To Get Off Toboggan

By The Associated Press
Brooklyn's weary Dodgers, their 10-game lead sliced to four by a series of disasters in Chicago and Boston, stagger back to home cooking Friday night, banking on a .700 winning record at Ebbets Field to halt their toboggan slide.

World Series talk has evaporated and the question of the day in Flatbush is "What's the matter with the Dodgers?" The fellow who knows the answer could command a princely salary from President Franch Riskey.

Red Barrett, a choice target for Leo Durocher's barbs in other years, tripped the Dodgers all by himself Thursday, throwing a three-hitter and doubling to start the Braves' winning rally, 3-1.

Giants Win
The Giants took another fall out of the injury-riddled Phillies for a third straight 5-2 win.

Enos Slaughter led the blazing Cardinals with a pair of singles and a triple, driving in three runs in the 9-2 romp over Cincinnati's Kent Peterson.

Kirby Higbe lived up to his high price tag by hurling a seven-hit 3-0 shutout for Pittsburgh against Chicago.

The Boston Red Sox, who open a last ditch stand Friday night against the New York Yankees whom they trail by 13 1/2 games, warmed up with a 12-2 slaughter of Washington.

Only 698 cash customers braved the 96-degree heat to watch the St. Louis Browns lose another one, this time to Chicago, 8-4.

A scheduled Cleveland at Detroit game was rained out and the other clubs were not scheduled.

Gene McCollum Heads Coaches Association

EL PASO—(AP)—Gene McCollum of Port Neches, formerly head coach of Midland High School, was elected president of the Texas High School Coaches Association at its business session held in connection with the annual coaching school which closes Friday.

The five-day school drew 842 coaches, the largest registration in history.

Standard Lambert of Austin was named vice president, and Bill Carmichael of Bryan was reappointed executive secretary.

Keiser And Hogan Set Pace As Esmeralda

SPOKANE, WASH.—(AP)—Tall Herman Keiser of Akron, Ohio, and little Ben Hogan of Hershey, Pa., already five under par, moved into the second round of the \$10,000 Esmeralda Open Golf Tournament Friday with their sights set on the 1945 course record chalked up by Byron Nelson.

Nelson that year butchered 22 strokes off the Indian Canyon route's par for 72 holes, but the Keiser-Hogan assignment is tougher. Par for the 18 when Nelson played it was 72. Now it's 70.

Eighteen of the 125 entrants go into the second round at even par or better.

Rev. and Mrs. Hall Give Melon Party for Baptist Trainers

A watermelon party Thursday night at the home of the Rev. and Mrs. Raymond Hall, 905 West Kansas Street, feted the out-of-town duty members of the First Baptist church Training School being sponsored by the Training Union. The group was shown movies taken at the Ridgcrest, N. C., Baptist campment, which was attended by six Midland Baptists, including the Halls.

Guests included Mrs. A. Adamcik Smithville, Sue Barksdale of Dallas, Mrs. Edna Lang of Dallas, Mrs. Robert Elsie of Tulsa, Mrs. J. W. Christian, and Dorothy Almes, Training Union director of the First Baptist Church.

One-Yard Aprons

8216
14-44

By Sue Burnett

The simplest sort of sewing with a minimum of fabric—that's your ABC Special today. These clever, practical aprons require just one yard of pretty material for each style. A gay fruit applique gives a finished look.

Pattern No. 8216 comes in sizes 14, 16, 18, 20, 40, 42 and 44. Size 16, one yard of 39-inch for each apron. For this pattern, send 25 cents, in COINS, your name, address, size desired, and the PATTERN NUMBER to Sue Burnett, Midland Reporter-Telegram, 530 South Wells Street, Chicago 7, Ill.

Ready now—the new Summer FASHION, 52 pages of style, color, fashion news for every woman who sews. Send twenty-five cents for your copy today.

Smart, Simple Styles Will Highlight Soft Beauty Of Distinctive Gray Hair

Gray-haired Eleanor Dakin, New York model, wears her hair in a simple pageboy bob which looks neat, smart and youthful.

By ALICIA HART
NEA Staff Writer

"I've never been tempted to dye my hair," says gray-haired Eleanor Dakin, top-notch New York model. Instead, she believes in giving nature a hand. The whitening nimbus that accents her sun-bronzed skin and adds to her distinction as a model is proof that both nature and Eleanor know what they're doing.

She thinks the styling of gray hair should be smart but simple. Her page-boy bob is chosen for its youthful look and head-molding neatness. Hair-length like Eleanor's lends itself to frequent trimming and thinning which, if you have a white and dark mixture, allows for a modern uniform blending.

Gray hair presents two problems: an inclination toward dryness, and a tendency to take on a yellowing tinge. Both problems can be licked with the right kind of care, says our model.

If you are pursuing a tan, as Eleanor is, keep your head covered when you go in the sun. The sun has a way of heightening a yellow tinge in gray hair.

Shampoo your hair often to em-

Eleanor wields two brushes to polish her gray hair to a high luster. To stimulate circulation around the hair roots while she brushes, she lets her head dangle over the side of the bed.

phasize clean shimmer. Use bluing to heighten whiteness. The inclination toward dryness—a constant bugbear if you have gray hair—can be combated by oil treatments and cream dressings.

Brushing is a must if you want your hair to wear a natural, bathed-in-luster look. Eleanor's method of brushing is to dangle her head from the side of a bed and to ply two brushes, one in each hand.

So much for the methods of care used by a famous model, whose lovely hair is her stock in trade and a badge of distinction.

From Victor Vito, whose hair-dressing skill helps many a New York lovely to up her glamor-rating, come some tips on how it's done.

Purple and platinum rinses, says Vito, will dramatize silvery crests and may be used to neutralize salt-and-pepper mixtures in gray hair. Before using these, however, Vito urges you to make a color test on a strand of hair.

Have you a silver streak weaving its lonely way through your dark hair? Dramatize this beauty mark by making it whiter with a coating of magnesia paste, applied with a brush. This whiter, which will make capital of one of nature's most charming caprices, can be floated out with a hair brush.

H. L. Winfield Buys Controlling Interest In Stockton Bank

FORT STOCKTON—The purchase of the controlling interest in the Pecos County State Bank here by State Senator H. L. Winfield from T. B. Rhodes and his son, Coke Rhodes, was announced late Thursday.

Winfield will continue as president of the bank, having held that position since 1930. He bought 251 shares of stock from T. B. Rhodes and 10 shares from Coke Rhodes. The price was understood to have been at book value.

Senator and Mrs. Winfield, who have been living in San Antonio, have sold their home there and are constructing an eight-room residence here. They have been vacationing in New Mexico and Colorado.

Karl Butz will remain with the bank as executive vice president.

Young Hero Has Been Unconscious 11 Months

SAN ANTONIO—(P)—Dickie Armstrong of Somerset will be 11 years old next Tuesday—but his birthday may mean little to him. Dickie has been unconscious for almost a year because he made a heroic attempt to halt a runaway horse. He was injured Sept. 11, 1945, when he was thrown from his own horse in an effort to catch up with one which his seven-year-old sister was riding.

The girl was not injured, but Dickie was hurt badly.

He was rushed to a San Antonio hospital suffering from severe concussion of the brain. An emergency operation revealed he had sustained multiple "pin-point hemorrhages."

Dickie has outlived predictions that he would not survive, but he has never regained consciousness.

He stayed in the hospital four months and then was removed to the home of his parents at Somerset. The physicians explained that all that was possible had been done for him.

The younger sister, whom he attempted to save, will be with Dickie Tuesday—Dickie's 11th birthday.

Jester Will Fly To Guatemala

AUSTIN—(P)—Gov. Beauford H. Jester will leave here next Wednesday for Brownsville on the first leg of a vacation flight to Guatemala.

The Governor, Mrs. Jester, Beauford, Jr., and Joan will spend approximately a week as guests of Ambassador E. J. Kyle, former dean of Texas A&M College.

Ship Explosion Kills 10 Workers

MELBOURNE, AUSTRALIA—(P)—The bodies of six of the 10 Australian dock workers who died Thursday in a fire and explosion aboard the 10,000-ton British freighter Mahia were recovered Friday from the fire-scattered hulk.

Port authorities meanwhile, continued their investigation into the cause of the blaze, which raged for more than five hours.

A spokesman for the Shaw, Savill and Albion Company, owner of the Mahia, said her cargo consisted in part of sodium chlorate, which was being delivered here for use in the manufacture of matches. He theorized that a spark from a hoisted boot might have ignited some of the chemical spilled from a drum.

MRS. B. W. STEVENS' MOTHER IS BURIED IN ARKANSAS

Funeral services were scheduled Friday in Little Rock, Ark., for Mrs. Brunck Lewis, mother of Mrs. B. W. Stevens of Midland, who died there Thursday after an extended illness. Mr. and Mrs. Stevens were with Mrs. Lewis at the time of her death.

Cotton Forecast Is 11,844,000 Bales

WASHINGTON—(P)—The Agriculture Department Friday forecast this year's production of cotton at 11,844,000 bales of 500 pound gross weight.

This estimate, based on conditions of Aug. 1, compares with last year's abnormally small crop of 8,640,000 bales and with a 10-year (1936-45) average of 12,390,000 bales.

Condition of the crop as of Aug. 1 was reported at 78 per cent of normal compared with 72 a year ago and 76 for the ten-year average.

Do You Suffer Distress Of
Monthly **FEMALE COMPLAINTS**
With Uncomfortable Fullness?
Are you troubled by distress of female functional monthly disturbances? Do these make you suffer from pain, feel so nervous, restless, weak—at such times? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! In a recent medical test Pinkham's Compound proved remarkably helpful to women troubled this way. It's what Doctors call a uric acid sedative. It has a grand soothing effect on one of women's most important organs. Taken regularly—Pinkham's Compound helps build up resistance to such distress. Also a great stomachic tonic!

WHY GET UP NIGHTS DUE TO KIDNEYS?

USE THEM OUT THIS DOCTOR'S WAY
When you get up at night—have frequent desire to pass your water—but have only tiny passages—yes, and have backache, or to excess acidity in the urine, be glad you're reading this.

Three generations ago Dr. Kilmer, a noted doctor, found hundreds of his patients with this trouble. Painstakingly made a medicine of 16 herbs, roots, getables, balsams—Nature's own way to relief. He called it "Swamp-Root" and millions of grateful men and women have seen it—often with amazing results.

Swamp-Root goes right to work to flush out your kidneys. . . . increases flow of urine, helping relieve excess acidity. . . . so your irritated bladder gets a good flushing, too. Many report getting a good night's sleep after the first few doses. . . . take as directed.

For free trial supply, send to Dept. T, J. C. Mer & Co., Inc., Box 1255, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your drugstore.

Luling To Have Silver Anniversary Jubilee

LULING—(P)—Saturday the city of Luling will commemorate the discovery of the Luling oil field with a silver anniversary oil jubilee.

Highlight of the day's celebration will be a thanksgiving service at the discovery well, honoring 77-year-old Edgar B. Davis who invested his entire fortune 25 years ago in his steadfast belief that oil existed at Luling. Davis drilled six dry holes. The seventh test found oil. Since its discovery in 1922, the field has produced 89,920,000 barrels of oil.

The first Diesel-powered steam-line train was placed in service in 1934.

Fort Worth Hospital Receives Large Gift

FORT WORTH—(P)—The bulk of the estimated \$1,000,000 estate of Mrs. M. M. Barnes was left to the Fort Worth Children's hospital, according to her will filed for probate here, Mrs. Barnes died July 25.

Relatives and friends were left individual bequests totalling \$87,500. Mrs. Barnes was the daughter of E. B. Harrold, a banker and cattleman who settled in Fort Worth in 1880.

AUTOS FOR SALE

Not by a long shot !!! We do have a hard time getting good used cars since most cars on the road are old enough to vote. But it can be done and May Motor Co. does it. ANOTHER thing, when you look at a car here, you'll get as complete a lineup on its condition as is possible. I'll see that you get Honest Top Value for every one of your automobile dollars. My aim is to buy and sell a lot of cars and make a little on each. This is my lineup of "steambots" Buggys" for this week. My list is a 1947 Chrysler convertible, with every Extra that you can put on a car. Maroon. This will not be somebody's baby. I just received the cutest green Studebaker Champion 4-door sedan you ever seen. People say these cars can't be beat and I agree with them; the price is \$2575.00. This is too high but try and buy one from somebody that owns one. One 1947 Chevy. It is a tudor sedan. Here is a lineup of some "Dream Boats": I have a black 41 Ford, one owner, this car \$1275. 39 Buick tudor coupe \$775 Olds Sedanette \$2690 Nearly New \$1175 1941 Ford Sedan \$1175 1940 Club Coupe \$2275 1941 Chev Sedan \$1175 1940 Chev Sedan \$1250 1941 Merc Sedan \$1150 36 Chev Run \$75 1937 Ford \$375 1946 Aero Chev \$2275 19

PROWLERS STAY OUT ... and so do SUMMER HEAT STORMS DRAFTS PRYING EYES When you have the original patented all-metal CLEARVIEW OUTSIDE VENETIAN BLINDS!

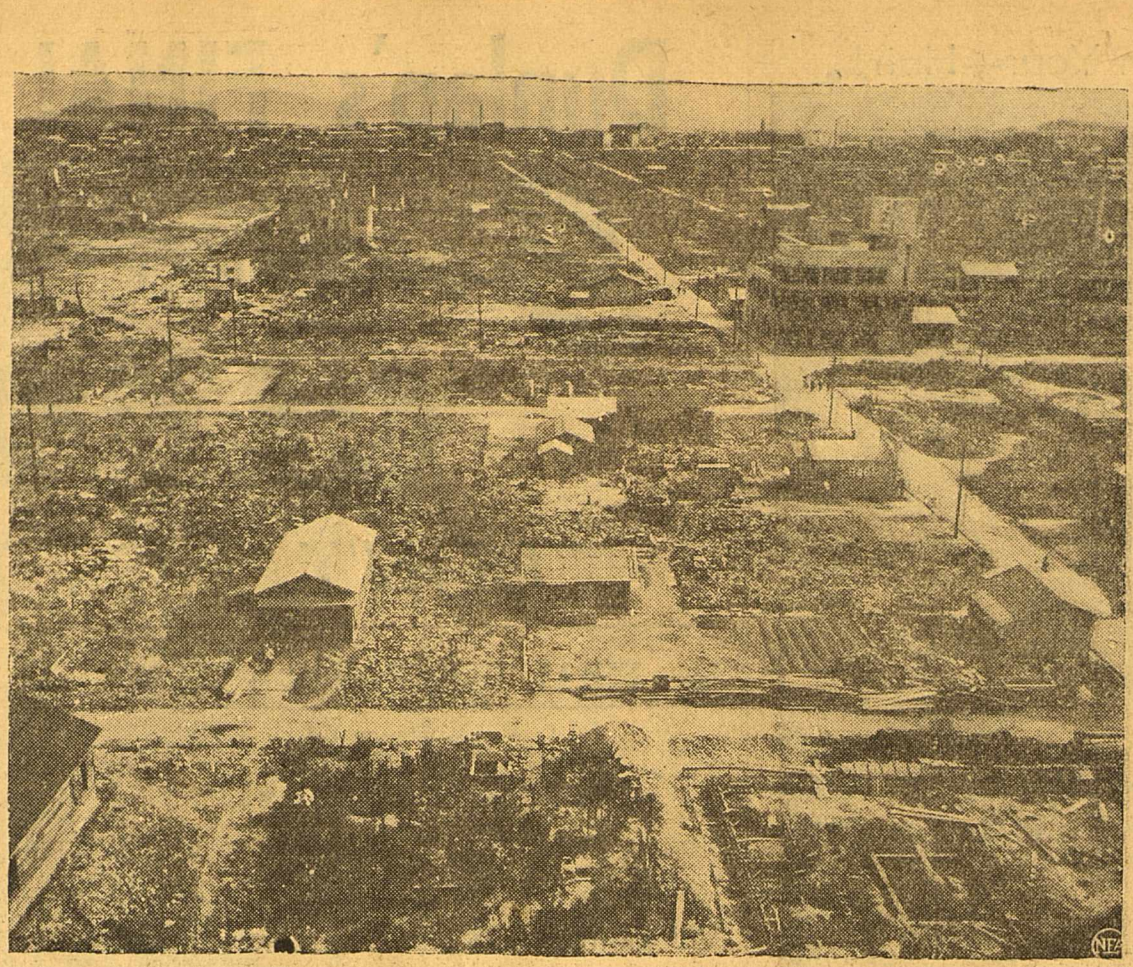

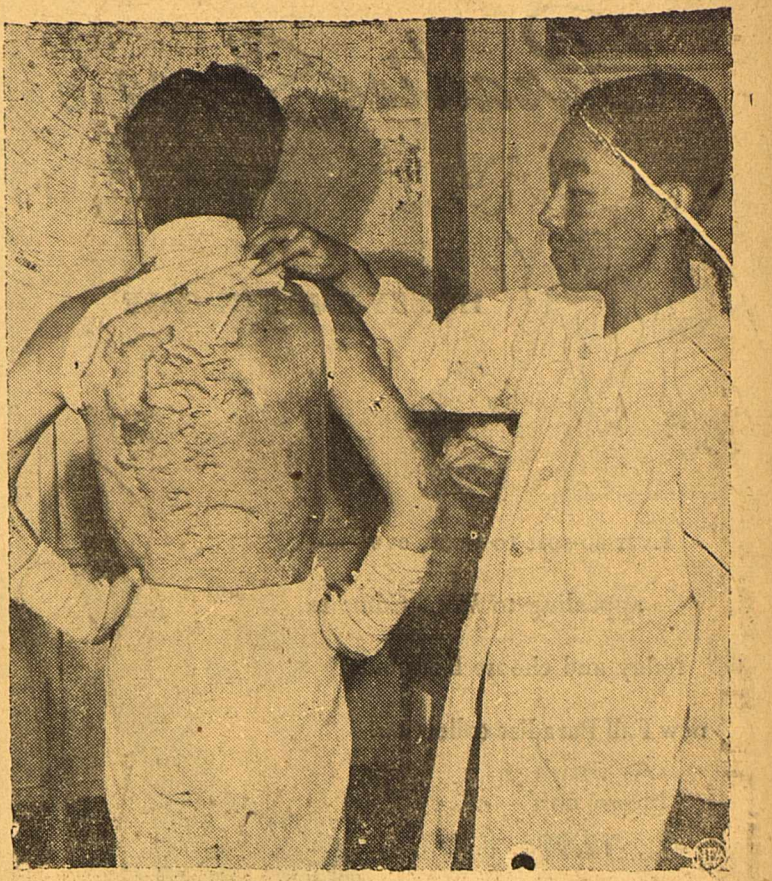

Photo above shows the western section of Hiroshima's business district, still a desert of rubble one year after the atomic bomb exploded. Photo below, taken as the second anniversary neared, shows the same area, now largely rebuilt. Three-story modern building, whose walls withstood the blast although the building was gutted, has had windows replaced and is again in use.

Hiroshima, Two Years After ...

... the first atomic bomb used in warfare exploded over this city of 348,000 people, causing 306,545 casualties, is still painfully trying to pick up the pieces. The blast killed 78,150 people and simply obliterated 69 per cent of the city. Today, approximately 50 per cent of the stricken area has been rebuilt and much of the debris removed. But there is still plenty of evidence of the terrible fate that overtook Hiroshima on Aug. 5, 1945. These pictures, all taken by NEA staff photographers, show contrasting scenes and some of the highlights of the city today.

Bodies, as well as the city, are still scarred two years after the A-bomb blast hit the city. Above, Dr. Koji Takeshima, resident surgeon at Hiroshima Red Cross Hospital, examines results of plastic surgery operation on back of bomb victim who survived.

The A-bomb killed 3,000 people in Hiroshima's main post office. Today, a stone block, marking site of the building's entrance, makes a simple memorial. Women who lost relatives in the blast decorate it with flowers. Steel tower, with Japanese inscription, marks the center of the blast.

Wrecked framework of the Museum of Science and Industry as it appears today. First plan was to rebuild it, but Hiroshima officials recently decided to preserve the ruins as a memorial.

Howard Hughes Gives Records To Committee

WASHINGTON (AP)—Howard Hughes agreed Friday to make available to the Senate War Investigating Committee his private papers which Chairman Ferguson (R-Mich) had ordered seized under subpoena.

The millionaire plane builder announced his readiness to produce the papers when the committee met Friday afternoon.

In a forenoon session of the committee's hearings on his \$40,000,000 warplane contracts, Hughes insisted he would turn over only such papers as his attorney advised should be surrendered.

Ferguson then issued the subpoena for the papers. As Hughes strode into the committee room in shirt-sleeves, for the beginning of the afternoon session of testimony, both committee officials and Hughes' attorneys said they had been unable to locate Johnny Meyer.

Meyer, pudgy free-spending publicity man for Hughes, failed to appear at the hearing Friday and Ferguson issued a subpoena for him. Spectators Applaud

As Hughes walked into the room, accompanied by his lawyer, Thomas Slack, there was a burst of applause from the spectators. "We'll have quiet in the room," cried Ferguson, thumping the committee table with a glass ash tray.

Slack told a reporter that the agreement on the papers was this: William P. Rogers, committee counsel, will go over Hughes' private papers with Noah Dietrich, head of the Hughes Tool Company, and any the committee wants will be made available.

Slack said he has "no idea" where Meyer is. The latter was released from subpoena Thursday night, when the previous subpoena expired, and Ferguson said he had promised to be on hand Friday.

Storming Session In one of the stormiest scenes of the inquiry, Hughes Friday charged Ferguson was trying to put him and Meyer on the stand at the same time to "grab publicity."

"Now just a minute Mr. Hughes," Ferguson shouted. Hughes said he would not produce Meyer because Meyer twice had been brought before the committee.

Meyer, publicity man for Hughes, has testified to spending \$164,000 in promotion of Hughes' ventures, including airplane contracts. His detailed list of expenditures included many items of entertainment for Army officers, government officials and others.

Earlier, the Senate investigators found an expense account item by Meyer's predecessor as Hughes' publicist which listed entertainment for Jesse Jones—and immediately got an affidavit that Jones was not entertained.

The committee turned to Hughes' wartime plane contracts after a truce agreement in the controversy between Hughes and Senator Brewster (R-Maine) over past events in the senatorial inquiry.

Election Amendment Discussed By Speaker

William Kerr, Midland attorney, discussed a proposed amendment to the Texas Constitution regarding building funds for state colleges, which will be voted on August 23, at a meeting of the Junior Chamber of Commerce Friday noon in the Scharbauer Hotel.

Kerr merely pointed out the provisions of the amendment. His talk was not partisan. He urged the JayCees to "turner study of the proposed amendments before voting."

John Rhoden was program chairman and introduced the speaker. President Ted Thompson announced JayCee committee assignments for 1947 would be announced Sunday.

England To Get No More American Movies

NEW YORK (AP)—Eric Johnston, president of the Motion Picture Association of America, announced Friday directors of the Motion Picture Export Association had voted to discontinue immediately shipments of American feature films and short subjects to England.

Johnston said the ban would continue indefinitely. The action came after the British government authorized the imposition of an import tax on films which the organization estimates will absorb 75 per cent of the earnings of American films in Great Britain.

Dutch May Oppose Any Compulsory Arbitration Plan

LAKE SUCCESS (AP)—The Netherlands government was reported Friday to reject any plan for compulsory arbitration of the Indonesian dispute.

Informed quarters described the Dutch position as follows:

1. They already had agreed to accept the "good offices" of the United States to help settle the undeclared war.

2. They would have no objections to a United Nations commission to supervise the present truce.

3. They would accept no UN commission either to mediate or arbitrate the dispute.

The Netherlands views were made known as the Security Council put the Indonesian question aside until Tuesday to give the delegates a chance to study a new communication from the Indonesian government proposing creation of an arbitration commission.

Vets Administration Will Discharge 8,000

WASHINGTON (AP)—The Veterans Administration Friday ordered the discharge of 8,000 administrative employees "as soon as possible," for economy reasons.

The agency estimated that as many as 500 of its 877 offices throughout the nation may be closed as a result. A press announcement said 700 employees will be discharged in Washington, and about 7,300 elsewhere.

Appropriations for the 1948 fiscal year slashed 10,000 administrative workers from the Veterans Administration budget.

Drinking caused him to become irrational, abusive and violent. Arrangements for proper care and hospitalization for him were to be completed this week.

"Yesterday he started drinking again after I had left town. He returned to our home in my absence. He started mistreating one of our horses. Anne pleaded with him to stop. He became enraged and violent and threatened to kill the horse. He also threatened her. She ran into the house to get away from him. He followed her, threatening and cursing and with his fist clinched. She picked up my .45 automatic, which I keep in my desk, with the idea of frightening him away.

"He started into the house after her. Anne knew he was not himself. She became hysterical with fright and began firing." Coroner Foster Jarrell said there were no powder burns around any of the three wounds suffered by the elder McMath. He said the bullets struck McMath from the front and ranged downward. Jarrell said he did not plan to pursue the investigation.

Clark Is Asked To Take Definite Stand

AUSTIN (AP)—A demand for a "clear and definite" statement to the people of Texas telling how he stands in regard to ownership of tidelands, faced U. S. Attorney General Tom Clark here Friday.

Clark was coming here to be honor guest at ceremonies Friday night inaugurating the new Tom Clark Chapter of an honorary legal fraternity at the University of Texas.

The demand for the tidelands declaration came from Bascom Giles, commissioner of the Texas Land Office, who said in a formal statement that apparently Clark has been "talking one way for Texas consumption and another way for Washington."

Giles and other state officials are in the midst of a campaign to thwart what they say is a threat to Texas title in its tidelands, growing out of the decision of the United States Supreme Court in the California Case. Clark argued the federal government's side in that litigation, in which California lost ownership of tidelands it claimed.

Germans Say They Cannot Live On Pay

BERLIN—(P)—The fact that the average German worker can't make both ends meet any longer under wage controls in effect since the Nazi era has led to loud demands for increased wages.

Trade union leaders have been seeking permission authorities for approval of wage adjustments.

Because of present out of line, a number of important industries, particularly building and metal working, are having constant difficulty in recruiting and holding labor.

A study made by the statistical offices of the three German states in the American zone reported that the average essential expenditures of a normal consumer's family of five ranged from 170 to 185 marks in a four week period. However, there wasn't a single industrial group in which the average earnings of unskilled male workers reached that level.

Earning data available up to last September showed that unskilled building workers averaged only 131 marks in a four-week period. Even semi-skilled and skilled workers in a number of industrial groups earned wages below expenditures.

The study emphasized that the figures on expenditures were a conservative estimate of the cost of essential goods and services and actually represent a lower level of consumption than the one on which the cost-of-living index is based. On the latter basis, a family of five outlay each four weeks totaled 210 marks last March.

92-Year-Old Teacher Will Stick On Job

CHATTANOOGA, TENN.—(P)—Miss Yula Beatty says she'll be right back on her teaching job when school begins in Coaling, Ala.,—her 92 years notwithstanding.

Visiting here, Miss Beatty said she would teach the Bible one more to the youngest at Coaling High School. She has taught more than 70 years.

Miss Beatty, who says she has no retirement plans, said she had found just one flaw in teaching— "I've always wanted to have just one grade to teach, just to see what I could do with the students. But that has never been possible for me. Even when I was principal of my school I had more than one grade."

Businessmen Join Forces With Science To Finance Nation-Wide Fight Against High Blood Pressure

CLEVELAND, OHIO—(NEA)—The fictional idea of a scientist-obsessed by a brilliant humanitarian theory but too poor to do more than brood about it—may be a thing of the past.

Science has found an angel. Starting in Cleveland, and mushrooming all over the nation, an organization of businessmen has decided that high blood pressure and hardening of the arteries are causing entirely too much absenteeism—too much of it permanent.

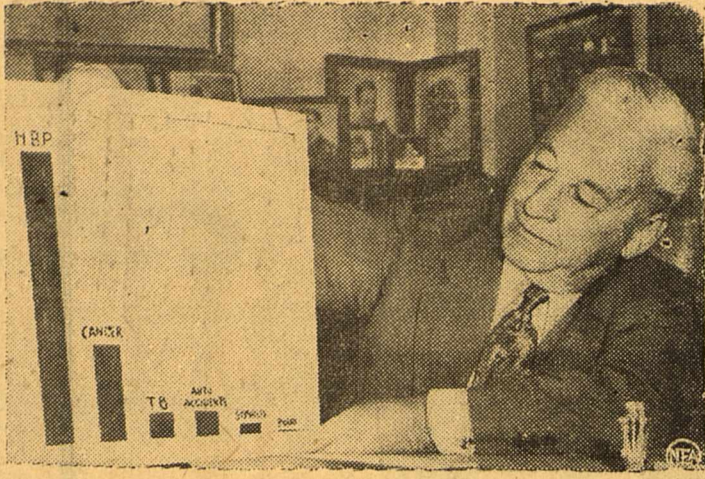

So the scientists and the businessmen-angels have combined forces: the first contribute skill and ideas, the others the capital to finance adequate experimentation.

This American Foundation for High Blood Pressure is an aftermath of the death of Charles L. Bradley, prominent Cleveland businessman. In November, 1940, doctors said hypertension would claim him in 90 days. But his brother, Alva Bradley, ex-president of the Cleveland Indians, heard that Dr. Irvine H. Page at the Lilly Clinic in Indianapolis was doing some remarkable things with high blood pressure patients.

"I took him to the Lilly Clinic," says the silver-haired Alva Bradley, "and Dr. Page added nearly three years to his life."

Financial Aid Research
During his many visits to his brother's bedside, Alva Bradley became acquainted with Dr. Page and with the whole problem of circulatory diseases. After Charles Bradley's death in 1943, the basic idea of the foundation developed.

"It's a new idea," Bradley says, "and we don't want to run before we can crawl."
They're progressing slowly, but

Alva Bradley and high blood pressure chart: When the soaring "HPB" line hit his brother, he got an idea for a foundation.

steadily. They plan no national fund-raising campaign.

The main function of the foundation is financial aid to research. It works this way:

A scientist has a theory. He thinks it's pretty good, but it'll take \$10,000 for experimental animals, chemicals and laboratory assistance for research. He submits an outline of his idea to the foundation's medical advisory council.

The council, 31 top-notch scientists, investigate. Their allocations board decides if the idea warrants the foundation's investment. If so, Dr. X gets his \$10,000.

The foundation expects to spend \$1,075,000 to assist the first 22 projects the council has deemed worthwhile.

It also acts as clearing house for ideas. An experimenter in Chicago has a theory; through

the group, a man from Texas tells him the results of a parallel experiment which might be of help.

At the moment, hypertension and arteriosclerosis rank first on the list of causes of death in the United States. They account for three times as many victims as cancer, for example.

Businessmen, tired of seeing promising executives of 45, as well as rank-and-file employees, disabled by high blood pressure, have flocked behind the Cleveland drive. Word has been spread by the scientists themselves.

Nuclei for committees have been formed in New York, Boston, Chicago, Baltimore, Cincinnati, Dallas, Milwaukee, Minneapolis, Philadelphia, St. Louis, New Orleans, Indianapolis, San Francisco, Los Angeles, Montreal, and other smaller cities.

Research on high blood pressure now is mainly concentrated in four channels: a surgical attack on the nervous system, a study of the effect of kidney functions on circulation, research on the use of drugs, and a rice diet.

The last grew out of the fact that an observing scientist noted the Chinese were amazingly free of high blood pressure.

Businessmen behind the American Foundation for High Blood Pressure can't work with test-tubes themselves, but they can buy a few for the men who can.

Soldier Gets Shot In Line Of Duty
FORT GEORGE G. MEADE, MD.—(AP)—When it comes to being shot at in the line of peacetime duty, officers at this Army post believe T/S Raymond Sanders is the man who knows most about it.

The other day—a routine day, too—Sanders was under fire of 90 machine guns, blasting away with 2,400 rounds of ammunition.

Sanders drives an especially prepared tank which serves as the moving target in target practice. He does it almost every day.

"I'm not yet used to that feeling of being under a tin roof in a hail storm," says Sanders.

The team-of-four championship at the recent Mississippi Valley tournament in St. Louis, Mo., was won by Charles H. Green of Philadelphia, John E. Simon and Gordon Scherck of St. Louis, and Mr. and Mrs. David C. Carter of Kansas City, Mo.

John Simon does not play a great deal of duplicate bridge, and the fact that he prefers rubber bridge is borne out by his bidding on today's hand during the St. Louis tournament. Only a rubber bridge player dares to bid three no trump with a void suit.

However, after getting into the contract, and especially when void in his partner's suit, the rubber bridge player would decide that he had better make it. Making

today's hand helped Simon and his teammates to win the championship.

Simon (South) won the opening diamond lead in dummy with the ten and took the queen of clubs finesse. He cashed the ace of clubs and led another club, hoping to see the suit break. East won with the jack of clubs and returned the five of hearts. This trick was won in dummy with the king and Simon led a heart back from dummy, finessing the ten-spot.

Another club was led, East winning with the king. East returned another heart, Simon won with the ace and cashed his good club.

West had made the mistake of blanking down to the ace of diamonds and the king-queen-ten of diamonds, forcing West to win. When West led the king of spades, Simon let him hold that trick.

Then the ten of spades was led, Simon won with dummy's jack and cashed the ace of spades for his ninth trick.

11:00 a. m.: Morning worship with the sermon, entitled, "Spirit."
The Golden Text is: "Teach me to do thy will; for thou art my God; thy spirit is good; lead me into the land of uprightness (Psalms 143:10).
Among the citations which comprise the Lesson-Sermon is the following from the Bible. "God is a Spirit; and they that worship him must worship him in spirit and in truth" (John 4:24).
The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health With Key to the Scriptures" by Mary Baker Eddy: "We worship spiritually, only as we cease to worship materially. Spiritual devoutness is the soul of Christianity" (Page 140).

When we view this beautiful little home with its elegant architectural lines, situated in such lovely surroundings—we are compelled to wonder whose home it is.

It has been well said, "It takes a heap of living in a house to make it home." We might add that God is only interested in the kind of living it shelters . . . wholesome living if you please. The Almighty wants all houses to be a shelter in the time of storm—a haven of happiness and a peace where His will is supreme . . . where love abounds and greedy selfishness is not known.

Architects design houses. Builders put them together. But only the church of the living God builds homes. Through its teaching the church challenges humanity to drink of its waters of life and live . . . live the wholesome kind of living which only is pleasing in His sight.

What the church does. The church pictures to humanity the world's greatest designer of living . . . Jesus Christ, the Son of God. "Except the Lord build the house, they labor in vain that build it," Psalms 127:1. Home implies mutual affection, gentleness, meekness, refinement, and a genuine forbearance.

YOU IN THE CHURCH
THE CHURCH IN YOU

Character is a byproduct of the church. It is here that young and old alike are showered with benediction and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. You in the Church and the Church in you—form a combination for good.
