

Regan Has Slight Lead Over Bean

College Building Amendment In Doubt

Lead For Bill Is Slight

By The Associated Press
The college building amendment to the state constitution held a slight lead early Sunday, but outcome of the election on the proposal to give state supported colleges a 30-year, \$60,000,000 building program remained in doubt.

Returns to the Texas Election Bureau at 12:30 a. m., from 191 out of 254 counties, including 26 complete, showed 73,410 votes for the amendment and 66,040 opposed. Returns from El Paso, which voted four-to-one for the proposal, boosted the percentage of favorable votes to 53.3 per cent. This reversed a trend throughout the evening which steadily cut down the vote for the amendment.

The 12:30 a. m. tabulation included 139,450 of the 200,000 votes the bureau estimated were cast in the election. Supporters of the amendment had hoped for a vote of 300,000. Usually 150,000 to 175,000 votes are cast in a special election on a constitutional amendment.

Clark W. Thompson of Galveston held the lead he took early in the evening in the 16 Congressional District election for the post of the late Joseph J. Mansfield. Thompson had 12,975 votes at 12:30. Louis J. Sulak of La Grange was second with 9,874 votes. J. C. Trahan, of Texas City was third with 3,469.

The college building program amendment was the only state-wide issue in the election. It would set up a 30-year, \$60,000,000 program to provide more buildings and equipment for 16 state-supported colleges and universities.

The proposal would permit the University of Texas and Texas A&M College to float a bond issue on the permanent University Fund to raise \$15,000,000. The University would get \$10,000,000 and A&M College \$5,000,000.

Voting on the proposal was heavy in some districts and light in others. Depending on whether there were local issues at stake.

Housing Needed For Teachers

Citizens are asked to contact Frank Monroe, superintendent of schools, at telephone number 287, if they have housing for teachers. Rooms, apartments and houses are needed and badly, according to Monroe.

Monroe thanked the citizens for splendid cooperation in the past and expressed a hope for it this school year.

Kent Auto Service re-open for business, 909 W. Kentucky, phone 396. (Adv.)

Britain's Cabinet Is Called

LONDON —(P)—The British cabinet Saturday night was called to meet Monday in its second "crisis" meeting in less than two weeks, perhaps to decide upon the cuts in foods and other supplies the British people must endure in the current economic storm.

The call coincided with a warning from Deputy Prime Minister Herbert Morrison, "general" of the British economic campaign, who declared in a nationwide broadcast the British people were not working hard enough or fast enough to avert an economic collapse and must be prepared for a stream of drastic government orders under its recently granted emergency powers.

"Time is running against us faster even than the drain of dollars," he said. His speech punctuated a week of developments which included the British-American agreement in Washington to put a moratorium on the drain on Britain's \$3,750,000,000 American loan by other nations converting sterling balances into dollars, and to "freeze" the \$400,000,000 undrawn balance of the loan.

The British government announced the step meant Britain would have to trim her U. S. purchases drastically to come within her dollar resources.

Noted Economist To Arrive Here Monday For Industrial Survey

Dr. Sydney Miller, nationally prominent economist and member of the faculty of the University of Pittsburgh, will arrive in Midland Monday morning to investigate possibilities of industrial development.

Advance notice of Dr. Miller's arrival was sent to Delbert Downing, manager of the Midland Chamber of Commerce, who was asked to make arrangements for the economist to talk to business, ranching and oil leaders here.

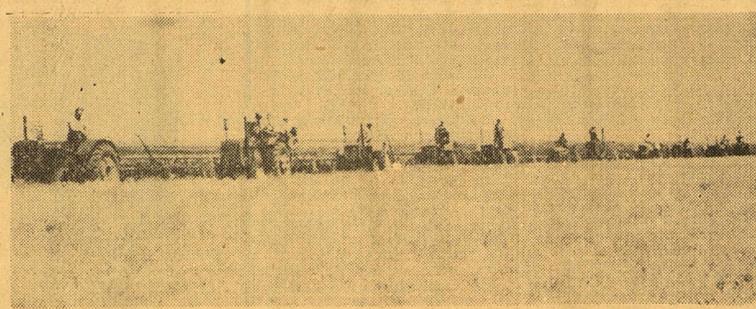

Dr. Miller has been engaged by the West Texas Chamber of Commerce and the T & P Railroad to make an industrial survey of the territory served by the road.

A. C. Silers of the T & P and Joe James of the WTCC will accompany the economist to Midland, Downing was advised.

BIG SPRING HAS FIRE
BIG SPRING —(P)—The E. T. Tucker grain elevator was partially destroyed by fire Saturday morning. Damage was estimated at \$15,000 by the owner.

The fire, started apparently when a motor shorted out, burned for four hours before it was brought under control.

Neighbors Save Day For Farmer

(NEA Telephoto)
Twenty-three good neighbors descended on the farm of Cecil Henson, Cheney, Kansas, and in a few hours the plowing for next year's crop was finished. Henson, resting in a Wichita hospital after his left eye was seriously injured by a thrown crank from his tractor, said, when he heard the news, "I've got the best friends in the world."

Argentina Sticks To Her Demands In Conference

QUITANDINHA, BRAZIL —(P)—Argentina Saturday adhered to her stand against force to stop international American conflicts but admitted that aggression should be branded as such whether from within or without the Western Hemisphere.

This position, together with Argentina's insistence on an unanimous vote in taking joint hemispheric action against aggression, rather than the two-thirds majority rule favored by the United States, constitute the two main obstacles to agreement on a mutual defense pact in the 20-nation Inter-American Conference.

Argentine delegate Pascual La Rose told a closed session of a subcommittee on aggression treaty measures permitting individual or collective employment of force in the event of attack from without should be adopted. He added, however, in such cases the United Nations Security Council should be informed and a "reunion of the American states" convoked for consultation.

Contrary To American Spirit
Argentine spokesmen maintain any use of force against a hemisphere aggressor would not coincide with hemispheric international law which they said had maintained peace for decades without "recourse to methods of coercion in inter-American relations, which is contrary to the American spirit."

However, some Argentine delegation sources foresaw grounds for possible agreement by the conference on this point in Argentine Foreign Minister Juan Bramuglia's statement his country's stand was "not orthodox."

Enrique V. Corominas, secretary-general of the Argentine delegation, defended his country's position on hemispheric unanimity in an interview but added:

"We are democratically inclined to go along with the majority."

Exponents of the opposite view say the principle of unanimity would give one country a veto on actions against an aggressor.

Corominas said his country's position would be made clear at the "proper time" in the conference committee on procedure.

Midland County Gives Ken Regan 10 To 1 Majority

In an overwhelming endorsement of Ken Regan for congressman, Midland County citizens Saturday gave their entry in the 16th Congressional District race a 10-to-1 majority.

Final tabulations of three of the five boxes, leaving not more than 50 votes uncounted, gave Regan 1,369 votes and only 136 for the other candidates.

Woodrow Bean, El Paso's favorite, received only 73 votes in Midland County; Victor E. Gilbert got 38, Louis A. Fall 2, Ord Gary 11, Pat Hargrove 6, and W. J. Metcalfe 7.

Precinct 1 (courthouse box) gave Regan 783 votes; Gilbert 13, Fall none, Gary 6, Hargrove 5, Bean 33 and Metcalfe 1.

Precinct 5 (City-County Auditorium box) gave Regan 571, Gilbert 25, Fall 2, Gary 5, Hargrove 1, Bean 40 and Metcalfe 6.

Precinct 2 (Prairie Lee) registered only 15 votes—all for Regan.

U.S. Is Fearful Greek Rebels May Get Control

WASHINGTON —(P)—The United States government is apprehensive, it was indicated Saturday night, Communist-dominated guerrilla forces may try to seize control of the Greek government with foreign support.

Loy W. Henderson, director of the State Department's Office of Near Eastern Affairs, spoke of that possibility in a radio broadcast even as the Greek coalition government fell in bitter dissension over plans to reshuffle key posts.

Before he went on the air: 1. Reporters were given to understand there is some American optimism over the prospects of getting a new, more efficient Athens regime which can, with American help, speed restoration of Greek economy.

2. In a formal statement, the State Department accused the Greeks' three northern neighbors—Albania, Bulgaria and Yugoslavia—of supporting the guerrilla warfare in Greece, and repeated its contention that international action is necessary to maintain Balkan peace.

Amendment Issue Loses In Midland

Most Midland County voters opposed the proposed college building amendment Saturday, when complete returns from three precincts showed 792 votes against the amendment and 619 in favor of it.

Final tabulations were received Saturday night from Precincts One, Two and Five. It was estimated not more than 50 votes remained to be counted in the other two boxes, which are in rural precincts.

British Plan To Put Jews On French Land

LONDON —(P)—Britain announced Saturday the 4,000 Jews of the exodus were being taken to Germany where they presumably will be disembarked by force if necessary with the objective of returning them to France by rail.

But at the same time the Jewish Agency of Palestine instituted habeas corpus proceedings against British officials on behalf of the refugees which agency officials said might prevent the Jews from being put ashore in Germany or anywhere else outside British territory.

Storm Is Nearing Galveston

GALVESTON —(P)—A sneak tropical storm took on dangerous proportions late Saturday as it approached this section of the rich Texas coastal country.

A 9 p. m. (CST) weather Bureau advisory placed the swirling disturbance only 100 miles Southeast of the Texas coast and said it probably would strike near here before dawn.

Latest reports, the weather bureau said, indicated winds attending the storm have increased to 75 miles an hour near the storm center. Previously, the velocity was reported around 50 miles, indicating the disturbance was increasing in intensity as it neared the shoreline.

The bureau warned the storm might reach full hurricane proportions when it strikes the coast. It placed the storm center at a latitude of 28.4 and a longitude of 93.6, moving Northwest or West Northwest about 10 miles an hour.

The storm slipped close to the shoreline before being discovered by ever alert weather observers. Immediately after the first warning was issued at 1:45 p. m. 200 miles of the Texas coastal country, dotted with mammoth oil refineries and other rich industries, were battered down.

At 9 p. m. no unusual tide actions were noted in Galveston. Tides were moderately high, but the water had not reached the seawall that protects Galveston from the open gulf. The coast guard lifeboat also reported no unusual tide or wave actions along the island beach.

Texas Democrat Irks Visiting Republican

MARSHALL —(P)—Sen. William Langer (R-ND), chairman of a U. S. Senate post office subcommittee hearing complaints against super-postoffice, said Saturday he was asking U. S. Attorney General Tom Clark "to take whatever action is necessary, criminal or civil, for trying to intimidate a committee of the U. S. Senate."

Langer made the announcement at the opening of the hearing after first reading a news story in the Marshall News Messenger for Aug. 15 in which Myron Blacklock, National Democratic Committeeman from Texas, was quoted as saying the announced visit to Marshall by Republican Senator to investigate alleged mistreatment of Marshall postoffice employees "is interesting and amusing."

Ken Regan Gets Big Majority In Upton

MCCAMEY —Upton County voters gave Ken Regan of Midland a big majority over all other candidates in the congressional race in Saturday's special election.

The count: Regan 24, Bean 24; Gary 20; Gilbert 28; Metcalfe 4. Fall and Gary failed to score.

A total of 93 votes were cast for the college building amendment, and 194 against.

TREATY TALKS MAY START LAKE SUCCESS —(P)—The possibility of four-power talks on the deadlocked German and Austrian peace treaties in New York during the forthcoming session of the United Nations General Assembly was developing Saturday night.

Margin Is 1,000 In Late Count

By The Associated Press
Ken Regan of Midland and State Rep. Woodrow Bean of El Paso were in a close race early Sunday in the 16th Congressional District for the unexpired term of R. Ewing Thomason who resigned to become a federal district judge.

Regan, who overcame Bean's early lead, was still leading with 5,580 votes on the basis of unofficial incomplete returns from Saturday's election. Late returns from El Paso, however, boosted Bean's total to 4,469.

Victor B. Gilbert, El Paso county judge, was a poor third with 780 votes.

Returns from 17 of the 19 counties in the large district, including two complete; Regan 5,580, Bean 4,469, Gilbert 780, Ord Gary 483, Louis A. Fall 119, W. J. Metcalfe 95, Pat Hargrove 61. Metcalfe is an Odessaan. Bean, Gilbert, Gary, Fall and Hargrove all reside in El Paso County.

The Midlander who is an independent oil operator and businessman is a veteran of World Wars I and II. He has engaged in farming and ranching and is familiar with the problems of the congressional district.

Expresses Appreciation
Regan, who received election returns at his home here, said at midnight he was very grateful for the fine support given him throughout the district. He was particularly appreciative of the huge majorities given him in Midland and adjacent counties.

He expressed appreciation to all citizens throughout the district who supported him and who voted for him in Saturday's election.

Regan had substantial leads in Midland, Ector, Pecos, Reeves, Winkler, Upton, Ward, Loving, Crane and Crockett counties, while Bean was leading in El Paso, Jeff Davis, Brewster and Presidio counties.

The returns from the Texas Election Bureau included 36 of the 50 El Paso precincts complete and Regan's supporters were sure that the vote of the other boxes would not upset the trend.

The tabulation of El Paso's ballots was slowed by the vote on several municipal propositions election day. Returns from other counties came in promptly.

Regan Gets Majority In Ector County Vote

ODESSA —Ken Regan received 657 votes to 161 for Woodrow Bean, his nearest opponent, in Saturday's congressional election. Gilbert polled 38; Metcalfe 28; Hargrove 2; Gary 10 and Fall 4.

The vote on the college building amendment was 464 for and 392 against.

TRAIN COLLISION KILLS BRAKEMAN
RISON, ARK. —(P)—A Cotton Belt passenger train, Eastbound from Dallas to Memphis, crashed into the rear of a freight train at a siding near here Saturday, killing a brakeman.

The victim was J. C. Garnett, Pine Bluff, who was in the caboose of the freight. The caboose overturned. There were no other casualties.

The freight also was running from Dallas to Memphis.

LATE NEWS FLASHES

ANNFIELD PLAIN, ENGLAND —(AP)—Nineteen Durham coal miners lost their lives Saturday in Britain's second mine explosion in little over a week.

WASHINGTON —(AP)—The United States Saturday took directly to Moscow its efforts to save Nikola Petkov, Bulgarian anti-Communist leader, from the death sentence imposed by a "People's Court" in Bulgaria.

LONDON —(AP)—The Moscow radio said Saturday night Soviet Foreign Minister V. M. Molotov had agreed to U. S. Secretary of State Marshall's proposal for a report from the deadlocked joint American-Russian Korean Commission.

STOCKHOLM —(AP)—A high Finnish source said Saturday night Finland would open negotiations in Moscow early in October for a new trade agreement with Russia.

ATLANTA —(AP)—The Atlanta Journal's veteran political reporter, C. E. Gregory, narrowly escaped death Saturday night when his home was bombed.

Bill Odom Checks His Plane

(NEA Telephoto)
Bill Odom, left, famous round-the-world solo flyer, checked over his P-47 plane in Dallas with his supervising mechanic T. Carroll Salk. Dallas, Texas, Odom will fly the "mongrel" P-47 in the Bendix Air Race. Later in a converted B-32 he will attempt to fly around the world over the poles.

Premier Maximos' Greek Government Collapses; King Orders New Cabinet

ATHENS, GREECE —(P)—King Paul Saturday night instructed Constantinos Tsaldaris to form a new Greek cabinet a few hours after an internal dispute brought about the collapse of the government of Royalist Premier Demetrios Maximos.

Tsaldaris is a former Premier and like Maximos is a member of the Royalist Populist Party—the strongest political organization in parliament.

On leaving the palace Tsaldaris told newsmen he had been given carte blanche by the King in forming the new government. He declared he would endeavor to include all political parties—including

the liberals and those whose withdrawal caused the crisis—in the cabinet. Tsaldaris added he expected to announce his list of ministers Monday.

Maximos' cabinet fell unexpectedly after its members disagreed over the effectiveness of Rightist measures against Communist-led guerrillas. King Paul promptly told political leaders Greece's current peril precluded her being without a government for "even a few hours."

As soon as possible after the new government is formed parliament will be convened and new elections will be held, Tsaldaris said. The word "party" will be deleted in the functioning of his cabinet, the premier-designate added.

Tsaldaris did not say whether he would name Napoleon Zervas as a minister. The fall of the Maximos cabinet was provoked in part by a demand Zervas be removed from the key Ministry of Public Order.

Although it was understood Tsaldaris probably would ask Zervas to stay, there was some speculation he might be offered another portfolio.

This marks the second time Tsaldaris has been called to head the government. He was vice premier and foreign minister in Maximos' cabinet.

Economic Shoals And Political Storms Hamper Efforts To Revive Jap Trade

By JAMES D. WHITE
AP Foreign Affairs Analyst

American efforts to revive Japanese foreign trade are heading for economic shoals and may run into political storms.

Necessary to reduce occupation expenses and vital to Japan's future, revival of Japanese trade nevertheless is repugnant to some of Japan's neighbors.

Foreign buyers arriving in Tokyo find what Japan has to sell is high in price.

For example, before the war I. J. Marcus of New York says he used to buy felt hats in Japan for \$2 a dozen. Now they are 2,000 yen a dozen. At the present rate of exchange that would be \$40 a dozen.

If, as is hoped, a special rate for foreign trade is set, he might get them for \$10 a dozen.

Politically, thunderheads loom over the horizon, because so many people in the Orient are anti-Japanese.

In Manila, public outcry against resuming trade with Japan has become so strong the Roxas government has been trying to cancel an

order for more than 8,000,000 yards of Japanese cotton cloth, even though Filipinos badly need such material.

A Filipino dealer in a public market says because of what the Japanese did to his family "any mention of relations with Japan are odious to me," and "I would not sell Japanese goods even at a nice profit."

After much argument, the Chinese state council has approved limited resumption of trade with Japan, provided China buys only what she needs and sells only what she can spare. This was in spite of opposition that came not only from Chinese businessmen and the non-government press, but also for a time from the Control Yuan of the government itself.

Chinese criticism of reviving Japanese trade is but a facet of a widening Chinese criticism of American policy—this runs America is coddling Japan at the expense of her wartime victims, and in one way or another supports the Nanking regime in the Chinese civil war.

Model Jet Plane

It takes off with a roar and trails an orange streak of flame—but Ralph Ross of Columbia, S. C., doesn't claim supersonic speed for his jet powered model plane. He displayed it at International Model Plane meet in Detroit.

Fort Stockton Man Heads Press Group

SAN ANGELO—George Baker of Fort Stockton was elected president of the West Texas Press Association at the closing session of its 17th annual convention here Saturday. Wendell Bedichek of Coleman was named first vice president; Forest Weimhold of Levelland, second vice president; and Willard Jones, Snyder, secretary-treasurer. James N. Allison of Midland was chairman of the nominating committee.

The convention opened Friday morning and closed Saturday noon. N. H. Pierce of Menard is the retiring president.

Speakers Friday included Wick Fowler of the Dallas News; Attorney General Price Daniel and Roy Craig of Stamford. A barbecue was held Friday night on Lake Nasworthy.

Convention delegates were guests of the West Texas Chamber of Commerce at a breakfast Saturday morning, with Max Bentley, activities director of the WTCC, presiding. Bill Collins of Midland and Austin Callan of Menard were the speakers.

"Report from Washington" was the subject of an address by Congressman George Mahon of Colorado City at the closing session.

The Bronte Enterprise was judged the best all-around weekly newspaper in cities under 2,000 population, and the Hamilton Herald-News in cities with more than 2,000 population. The Pecos Enterprise won the community service award offered by the West Texas Chamber of Commerce.

On his second voyage to America, Columbus observed Indians playing with rubber balls.

Midland Organizes Chapter Of National Infantile Paralysis Foundation

By TANNER LAINE

Midland took a step toward protection of its citizens Friday night with the organization of a Midland County Chapter of the National Infantile Paralysis Foundation.

You may not be aware that for at least a couple of years Midland was not a member of the national organization and should there have been an emergency, local funds could not have footed the bill. We were in a sort of grave danger and many did not know it. Thank God, we were spared an emergency.

Midland took out some insurance Friday night when public-spirited and civic-minded persons met in a community meeting at the City-County Auditorium and organized a chapter. For now if cases should arise to drain our local funds we may lean on the national organization.

March of Dimes campaigns in the future will bring in money, of which one-half stays here in Midland and one-half goes to the national organization. But if extra help be needed by Midland we can get this from the national organization.

Caretaker of funds from the March of Dimes campaigns in recent years has been the Midland Junior Chamber of Commerce, which turned over \$1,373.47 to the new Midland County Chapter.

JayCeers felt their organization should not be solely responsible for the administration for infantile paralysis relief in Midland County. They believed this challenge and charge should be to all organizations of the city.

Officers Elected
At the community meeting Friday night, Ray Gwyn was elected county chairman. Vice chairman is the Rev. Lennox Hester. Secretary is Mrs. John M. Hills. Cecil Waldrep is treasurer. Five directors include: Wesley Martin, Mrs. Vaughn Maley, Mrs. W. G. Epley, Hamilton McRae and Mrs. George Putnam.

Any citizen of Midland is invited to membership in the foundation chapter and the support of all citizens is urged. Organizations are asked to affiliate and participate through representation in the chapter.

Wilmer Sims, West Texas representative of the National Foundation for Infantile Paralysis, was present at the meeting Friday and he conducted a question and answer panel informing the participants of the workings of his organization.

Those were present at the meeting with the organizations they represented listed: Henry Schlichting, JayCeers; John J. Redfern, Jr., Lions; Ernest Neill, JayCeers; Mrs. Epley, City-County Federation; Mrs. Merrill Patton, Fine Arts Club; Mrs. Art Cole, Children's Service League; Art Cole, Rotary Club; O. M. Pulliam; Alfred Petty, JayCeers; Frank Monroe, schools; James L. Daugherty, Lions; Wesley Martin, Kiwanis Club; Ray Gwyn, Chamber of Commerce; H. A. Ireland, Kiwanis Club; Mrs. L. S. Page, Children's Service League; Mrs. Alan B. Leeper, Children's Service League; Mrs. W. B. Collins; Keith Stuart, JayCeers; Ernest Nance, JayCeers; Paul Wicker; Ted Thompson, JayCeers; the Rev. Lennox Hester.

Permian Basin OIL & GAS LOG

James C. Watson
Oil Editor

Magnolia To Continue North-Central Winkler Prospector To Ellenburger

Magnolia Petroleum Company No. 1-DD State-Wallon, North-Central Winkler County wildcat, about three miles north and a little east of Kermit, and 2,310 feet from south and 990 feet from east lines of section 7, block B-3, psl survey, was making hole below 8,434 feet in Devonian chert.

It has not reported having developed any free oil from that formation. Some slight signs of petroleum have been logged, however. Operator has filed an amended application with the Railroad Commission, asking for a permit to continue the project to at least 10,000 feet. That destination is calculated to take the wildcat into the Ellenburger. It is a considerable distance from any well now producing from that horizon.

Magnolia No. 1 Wheeler, Central-East Winkler County prospector, five miles west of the Wheeler field, and 660 feet from south and east lines of section 13, block 40, psl survey, had reached 9,495 feet, and was making more hole in a chert formation.

PHILLIPS SPOTS ANOTHER WILDCAT IN SE PECOS

Phillips Petroleum Company has filed an application with the Railroad Commission, requesting a permit to start drilling at once on its No. 1 Viv, (sic) as a 3,500-foot wildcat in Southeast Pecos County. This is the second such project that concern has staked recently in that region.

The prospector will be 661 feet from west and 570 feet from north lines of section 23, block 134, T&STL survey, and approximately 20 miles southeast of Fort Stockton. Rotary will be used.

OLSON-WAHLENMAIER ARE TO START SUTTON PROJECT

Olson Drilling Company of Midland, and E. M. Wahlenmaier, of San Angelo, are moving in machine to spud their No. 1 Arthur Stuart, to be a wildcat to 5,800 feet in Central Sutton County, about 18 miles southeast of Sonora.

It is 600 feet from south and west lines of east half of section 68, block 7, TW&NG survey.

That puts it three miles east of Shell Oil Company, Inc., No. 1 Duke Wilson, completed in May 1946 as a 9,270,000 cubic foot per day gas well from 4,220-45 feet in the Strawn section of the Pennsylvania.

W-C HOCKLEY DISCOVERY FLOWS AT 21 BOPH RATE

James FitzGerald, Jr., and others, No. 1 Coble, West-Central Hockley County discovery for flowing production from the upper San Andres-Permian, about one and one-half miles west of the Levelland field, and 440 feet from north and east lines of west half of sub-division 46, league 69, Hardeeman County School Land survey, was flowing to clean out and test.

After treating with 8,000 gallons of acid in the pay at 4,756-4,830 feet, operators swabbed out the acid

Huddle in Rio---American Style

Members of the U. S. delegation get their heads together during a general session of the Inter-American Defense Conference in Petropolis, near Rio de Janeiro, Brazil. Left to right are William D. Pawley, U. S. ambassador to Brazil; Norman Armour, assistant secretary of state; Sen. Arthur H. Vandenberg, president pro tem of the Senate; and Secretary of State George Marshall.

House Cites Survey To Show That U. S. Is Not Facing Oil Shortage

America stands in no danger of running out of oil, and the problem of supplying today's demand for petroleum products is primarily one of transportation, according to John W. House of Midland, division manager of Humble Oil & Refining Company. House is West Texas chairman of the oil industry's permanent study committee.

"The entire petroleum industry has been concerned over the apparent shortage in some areas and the resulting 'scare talk' about exhaustion of our oil reserves," House said Saturday, in a statement, on behalf of the committee. "A very thorough analysis of the entire supply-demand situation has been in progress for some time and has now been completed.

Industry Able To Keep Up

The report also took cognizance of an analysis of the supply-demand situation just completed by the Economics Advisory Committee of the Interstate Oil Compact Commission, and pointed out that those findings confirm a favorable appraisal of the industry's ability to keep supply pace with demand.

In doing its part to meet rising future demands, Hamon referred to the industry's record capital investments of more than four billion dollars in 1947-1948 to expand facilities. Production will account for half the additional investment; 35,000 new wells, including 5,000 for purely exploratory purposes, will be drilled. Refinery facilities totalling 450,000 barrels daily capacity will be started, and pipe line capacity will be substantially enlarged.

The public, the report pointed out, can help in the present situation by driving conservatively, maintaining moderate temperatures in home heating this winter, and by filling and keeping filled all domestic fuel oil tanks to utilize storage capacity.

Richfield To Drill In Central Chaves

HOBBES, N. M.—Richfield Oil Corporation is to drill another deep wildcat petroleum exploration in South Chaves County.

The new prospector will be Richfield No. 1 Blanche S. Trigg. It is contracted to go to 9,500 feet, unless it gets oil, gas or water in the Ellenburger—or encounters granite—before that depth is reached.

Deepest Wildcat Plugged

The deepest wildcat ever drilled in Chaves County, Richfield No. 1 Mullis, 20 miles east of Lake Arthur, in the southeast sector of the county, and 660 feet from north and 1,980 feet from west lines of section 21-15s-29e, has been plugged and abandoned on a total depth of 12,153 feet in granite. Operator reported that the top of that formation was at 12,110 feet.

The exploration drilled through a considerable section of Ellenburger dolomite. No fluid of any nature was encountered in that formation.

Continental Oil Company No. 1 Lankford, about one and one-half miles northeast of Hagerman, 1,980 feet from east and 660 feet from south lines of section 2-14s-26e, and also in South Chaves County, had reached 5,960 feet in dry lime, and was making more hole. It is due to drill until the basement rocks are encountered—unless it gets production in some of the pre-Permian beds before reaching the igneous formation.

Conoco No. 1-A-24 State, wildcat to 4,000 feet, in North Eddy County, between the Artesia and the Rus-

E. R. LLOYD GOES TO CANADA ON SPECIAL ASSIGNMENT JOB

E. Russell Lloyd, Midland consulting geologist, will fly to Calgary, Alberta, Canada, Monday, and will work out of that city for approximately 30 days. He will be on a special consulting geological assignment for Imperial Oil Company, the Canadian affiliate of Standard Oil Company (New Jersey).

SHELL HAS COMPLETED TRANSFERS TO MIDLAND

Shell Oil Company, Inc., has completed the transfer of executive and supervisory personnel to Midland from other offices of that concern in connection with the reorganization program which has been underway about a year in connection with expanding the office here into an area headquarters.

—During that enlargement Shell's number of employees in Midland has been increased approximately four times. There are now about 250 persons working in Shell's offices in this city.

It has been learned that any further additions to the Shell employ list in Midland, will likely be in the clerical workers, which may be needed, from time to time, to handle detail and routine work.

It is expected the Shell organization, in its Midland area headquarters, will ultimately total more than the present 250 employees—but, in-

formed sources reveal that there will not be any important, or major increases, in the local Shell personnel at any time in the near future.

—Rumors that a large number of additional office and technical workers are yet to be moved here by Shell, are entirely without foundation, an official spokesman for that concern said Saturday.

RUCKMAN BACK ON JOB AFTER RECENT OPERATION

J. P. (Pat) Ruckman, assistant superintendent in Midland for the West Texas division of Humble Oil & Refining Company, is back on the job, after recovering from an operation, which he underwent a short time ago, in a Houston hospital.

SPIC TO BUILD LINE TO ADAIR OIL FIELD

Stanolind Pipe Line Company, according to reports from Houston, is to build a six-mile, six-inch pipe line from the Adair field, in Terry and Gaines Counties, to a connection with the Texas-New Mexico Pipe Line Company's trunk line from the Slaughter field to Midland.

The Adair area now has 12 producing oil wells, all owned by American Petroleum Corporation. That Company and Tide Water Associ-

ated Oil Company are both drilling more explorations in that district.

EVERETT L. SMITH GETS PROMOTION WITH RRC

Everett L. Smith, member of the staff in the Midland office of the oil and gas division of the Railroad Commission of Texas, has been promoted to junior engineer, according to Joe Greer, district supervisor for the regulatory body.

—The promotion carries an increase in salary for Smith.

MIDLAND DISTRICT WELLS AND ALLOWABLE STILL UP

—Average daily allowable of the 18,772 producing oil wells in the Midland district of the Railroad Commission (District 8) for the seven-day period which ended at Midnight August 23, was 676,252 barrels per day—on a calendar basis.

—The allowable was 3,730 barrels above the average for the preceding week. Number of producing wells, on the RRC schedule for the last week, was an increase of 47 from the 17,725 wells shown during the previous week.

CONTINENTAL SUPPLY MAKES PERSONNEL CHANGES

Changes in personnel of Continental Supply Company in the Permian Basin, recently announced, include:

- N. K. Keller, former field salesman at Kermit has been named store manager at the same place.
- G. R. Pike, former store manager at (Continued on Page 7)

State Softball Meet Scheduled In Midland

With the winner advancing to the national tournament in Phoenix, September 21-23, the National Softball Congress state meet is scheduled to begin in the Midland Softball Park September 8. It will continue through September 13 or 14 if enough entries warrant the extra day of play.

At present entries are indicated here from San Angelo, Lubbock, El Paso, Odessa, Dallas and Midland. Other cities from the state at large probably will file entries.

The National Softball Congress was formed this year in Phoenix under the same constitution and by-laws as the Amateur Softball Association except tournament money from gate receipts will go to competing teams on a 50 per cent basis.

Forty per cent will go to the winning teams and 10 per cent to the other teams traveling to the meet.

A. T. Pierce of Midland is state commissioner of the NSC, therefore Midland was chosen the site of the state contest. Also Midland has some of the best softball playing accommodations in the state.

Phoenix Is Capital

Phoenix long has been the softball capital of the nation and it is

obtained from the national office of the NSC in Phoenix or the state office in Midland, Box 947. Pierce will be glad to give team interested all available information, well-chosen site for the national Phoenix has a new \$100,000 park meet of the new organization. Its capacity is 7,500 fans with bleacher additions holding some 2,000 more.

Information regarding the state meet or the national contest may

Spikes Dig Deep As Dodgers Win From Reds, 8-5

BROOKLYN—(P)—The Brooklyn Dodgers ripped the Cincinnati Reds, 8-5, Saturday to maintain their six game lead over the St. Louis Cardinals but the victory may prove to be a costly one for the Brooks.

Ed Stanky and Pee Wee Reese, the Dodgers' star keystone combination, both suffered spike wounds during the hard fought game by hard-running base runners.

The Reds, apparently incensed by the knee injury suffered by pitcher Ewell Blackwell at the plate two days ago when he collided with Brooklyn's Pete Reiser, came at the Dodgers with spikes flying.

Stanky was spiked over the left kneecap by Tom Tatum in the first inning. Outfielder Carl Furillo also was spiked going into third, but stayed in the game.

The Dodgers sewed up the game in the very first inning, scoring five times on as many hits off Johnny Vander Meer.

Cincinnati . . . 021 010 001—5 11 0
Brooklyn . . . 510 001 10x—8 14 3
Vander Meer, Heki, Riddle and Lammanno; Lombardi and Edwards.

Tribe Edges Sports

SWEETWATER—The Midland Indians ruined Joe Dotlich Night here Friday by defeating the home Sports, 8 to 7, after a stirring battle all the way.

Midland gave thanks for early strength that netted enough runs to win.

Joe Dotlich, Sports manager, was presented gifts and cash by Sweetwater fans. A 400 hitter, Midland kept Dotlich hitless for the night.

Currently on a hit streak especially of the home run variety, the Indians got three circuit smashes by Carroll Nipp, Hank Ramsdell and Arnold Davis. Murphy hit two homers for Sweetwater.

Blair Pitches

Blair started pitching for Midland and did well for several frames then he got into trouble and was relieved by Lefty Grove. Claud Gray also had to come in and help the cause in the last inning.

Sweetwater jumped ahead with a home run by Murphy in the first inning. But Midland came back strong and got two tallies in the second and three in the third, one in the fourth and two more in the seventh. Sweetwater had a big rally of three runs in the seventh after having gotten two in the fifth. The Sports added one in the eighth.

The box score:

Midland	AB	R	H	O	A
H. Mellilo, 2b	4	0	1	1	1
E. Mellilo, ss	5	0	1	1	2
Ramsdell, 1r	5	2	3	2	1
Prince, lb	4	1	1	0	0
Alvis, 3b	5	0	0	1	4

Totals	39	7	14	27	14

SL—We are tossing a little raw meat to the Midland High Bulldogs to make them mad. Not at us, for we are a friend of the Bulldogs. We want to tell the boys of the fact a newspaper of this district (not ours) conducted a poll and this poll said Midland would be on the bottom in 3-AA this year.

SPORTSLANE doesn't see it that way, boys, and we know you don't either. So let's show whoever the neighboring paper got their dope from, they are sure wrong.

SL—The Rice Owls are going to win the 1947 football championship of the Southwest Conference. Who said that? We didn't. But that's the opinion of the newspaper reporters, sportswriters and team sports announcers of Texas. They were polled in a pre-season opinion and of the 101 quizzed, 64 picked the Owls. Only eight placed the Owls lower than third. We put Rice third. We picked Southern Methodist with Texas second. The Baylor Bears were picked for the cellar.

SL—It looks as if night baseball will someday make its inroads in the majors as it dominates the minors now. Fans like night baseball, most of the major league players don't. But you know who will win out in that one. Many baseball followers believe night baseball makes the "day" of high percentages over. Babe Ruth says: "I played 22 years but do you think I could have lasted so long playing night baseball? Emphatically 'No.'" Joe Cronin says: "Night baseball has made it utterly impossible to compare great players of today with the stars of the pre-light era."

Yankees Defeat Indians, 13-6

CLEVELAND—(P)—Batting around and scoring eight runs in the second inning, the New York Yankees crushed the Cleveland Indians, 13-6 Saturday to allow former Indian Allie Reynolds to coast to his 16th win. Tommy Henrich and Johnny Lindell led a 17-hit Yankee attack with four hits apiece.

The score: New York . . . 281 110 000—13 17 0
Cleveland . . . 001 011 300—6 12 3
Reynolds, Page and A. Robinson; Embree, Willis, Stephens and Hegan, Ruzskowski.

he showed up with his hand in a cast, "broke" he says, and the next night he started a game, sans cast . . . Anything for attention, we guess . . . "Your poor devil," says Ramsdell to Ty-bone Varona when the Bronx leftfielder came in to pitch . . . Ramsdell is also a leftfielder and has tried pitching . . . In 25 games played with Big Spring, Midland won 13 and the Cubans took 12 . . . Midland now has won more from other clubs than they have from us . . . It's going to be a battle between Dee Bivens and Dave Hyatt for the blocking back spot in the Bulldog backfield . . . We are asking Webb to get Pete a decent uniform, and in the home colors too, please, Sir Harold . . . Twice this season the Midland Indians have homered three times consecutively in the same inning . . . The first time was against Ballinger at Ballinger . . . Ever notice Midland gets lots of home runs against Big Spring? . . . They would say, yeah, well the pitching is good, we counter, sure, good to hit hard . . . Here's a mark for Ramsdell or Davis to shoot after . . . Ty Cobb stole second, third and home in one inning three times during his career for an all-time record . . . Big league clubs are not offering enough for Hank Ramsdell, according to Webb . . . We believe Jim Prince will edge out Bob Cowser for home run honors in the Longhorn League this season . . . Official records show Cowser 33 and Prince 30 . . . That's through August 21 . . . We got spurs that jingle-jangle-jingle and that's all for strays.

Oops, My Dear!

Subaltern S. Cochrane is made to look rather awkward taking a cut at the ball for the Auxiliary Territorial Service side in cricket match with ex-ATS girls at Chelsea, London.

Bowlers To Meet Tuesday

Location of a meeting of the Midland Bowling Association originally scheduled at the Scharbauer Hotel Tuesday night has been changed to Plamor Palace.

The meeting is slated at 8 p. m. Officers will be elected and plans for the winter leagues will be made at the meeting.

All interested bowlers are invited to attend the meeting.

Sixteen Softball Teams Entered In San Angelo Meet

SAN ANGELO—(P)—With many city and district championships yet to be decided this week-end, 16 Texas cities already were represented Saturday in the entry list for the Texas Amateur Athletic Federation state softball tournament here Thursday, Friday and Saturday.

Public drawing for opponents in first round play which starts Thursday at 6 p. m. will be held Monday at 8:30 p. m., 30 minutes after the entry deadline. Three and possibly four local fields will be used, with the finals to be played in Kiwanis Park Saturday night.

San Angelo Electric Service, defending champions, is in the midst of a city championship playoff here for the right to enter the tourney.

Already entered are Hub Motors, Lubbock; Dowell Chemical, Midland; Refrigeration Equipment, Austin; Hutto's Magnolia Oilers, Temple; Steve's Safe, Waco; Southern Select, Fort Worth; Hooker-Vandergriff, Arlington; Fairview Nursery, Tyler; Armor Auto Glass, Houston; Regal, Galveston; Hi Way Inn, Harlingen; Legionnaires, El Paso; and Duncan Furniture, Corpus Christi.

This Week With The Tribe

Nine games remain on the regular Longhorn League schedule of the Midland Indians including a tilt at Sweetwater Sunday.

Here is the remaining schedule for the Warriors of Webb:

Sunday (today): at Sweetwater.
Tuesday: Ballinger here.
Wednesday: Ballinger here.
Thursday: Ballinger here.
Friday: at Vernon.
Saturday: at Vernon.
Sunday: at Odessa.
Monday (Labor Day) at Odessa.

Fans are reminded only three games remain to be played in Midland—the series with Ballinger, Tuesday, Wednesday and Thursday.

Pittsburgh Pirates Win Two From Giants

NEW YORK—(P)—Preacher Roe blanked the hard-hitting New York Giants, 4-0, on five hits in the second game of a double-header for the Pittsburgh Pirates Saturday after the Bucs had won an 11-10 slugfest in the opener. The score:

First Game

Pittsburgh . . . 010 024 220—11 14 2
New York . . . 110 050 005—10 12 2
Singleton, Bagby, Higbe and Howell; Koslo, Beggs, Trinkle and Lombardi.

Second Game

Pittsburgh . . . 020 200 000—4 10 3
New York . . . 000 000 000—0 5 1
Roe Klutz; Hansen, Koslo and Cooper, Livingston.

Boy Scout Council Will Hold Swim Meet In City

The Buffalo Trail Council of Boy Scouts swimming meet will be held in Midland at Pagoda Pool next Saturday.

Contests and events of the 10-district council get underway at 9 a. m. Only district winners compete here. Midland swimmers are included in the meet.

Midland Boy Scout leaders will run off the meet. Spectators are invited.

Coaches And Officials To Hold Meeting

Midland coaches and officials will merge with Odessans at 8 p. m. Tuesday in the Ector County Courthouse for a meeting of a new joint organization.

In a recent meeting the Odessa and Midland organizations were merged. It will meet alternately in the two cities.

The Midland Coaches and Officials Association is now affiliated with the Southwestern Conference Officials Organization (SFOO).

Cherry Hopes To Turn T Into UT Victories

AUSTIN—(P)—Next month a quiet, friendly man will bet a cool 20 years coaching experience he can take a strong single wing team and in 30 days mold it into a smooth operating "T" team capable of beating some of the nation's top teams.

Blair Cherry, head football coach of the University of Texas, has turned down several college coaching jobs while he was an assistant coach. Now he has a university team, and with it, problems aplenty.

Although Cherry has been a close student of the "T" for the past four years, only one man on his staff has had actual experience with it.

During Cherry's seven-year stay in Amarillo, his teams lost only four games. For three consecutive years, his undefeated Golden Stud-storm swept to the Texas school-boy championship.

Very pleased with the 30-day Spring workout, Coach Cherry and his assistants plan long workouts to make the most of the 20-day period before actual competition begins.

Doc Curtis, newest addition to the Texas coaching staff, is the "T" expert who will handle the backfield.

Donkey Baseball To Entertain Kermit Fans Next Tuesday

KERMIT—Donkey baseball games may be common affairs in many communities, but in Kermit, where entertainment has to be managed for, a donkey ball game is something new and creates a bit of interest.

Members of the local American Legion and Veterans of Foreign Wars Posts have conspired to sponsor the first such game to be held here. Date has been set for Tuesday night, C. E. (Chief) Blundell will umpire, and J. C. Sewell will handle the public address system.

Signing up of the players, has been underway for several days. The American Legion team will include such individuals as Tommy Thompson, assistant superintendent of Kermit schools; George Mitchell, local bank officer; and Wayne Blackburn, chief deputy sheriff of Winkler county. Other Legion players include Gene Reneau, Dick Dwell, A. C. Williams, Bill Bartlett, Bill Cameron, E. M. Taylor, Fritz Estill, Reuben Hall, Earl Richardson, Daniel Fleming, Cecil Triplett and Alton East.

The opposing VFW team includes Sheriff L. B. Eddins, Hank Kaley, Earl Smith, Spike Gerdis, LeRoy Fuller, Jerry Bolton, Elmo Glass, D. A. Lawson, Bob Lease, L. L. Gray, C. O. Jones, Charles Wright, J. E. Reneau, L. R. Nutt, C. W. Wright, and Seth P. Woltz.

A ballyhoo parade is to be staged downtown at about 7 p. m., featuring donkeys, players, scoopers and a "three-piece" brass band. Advance ticket sales are reported brisk. All proceeds will be used to retire present indebtedness against the new American Legion hut.

Place your bet on a Y-B when pleasure is at stake. Made of fine imported Cuban and Puerto Rican filler tobaccos, Y-B Cigarettes score satisfaction every time with men who know a good cigar. There's no gamble on perfection . . . Make it a Y-B.

ERNE NELSON

Well, I see Ole Round Man Harold Webb had a night, which we say was very fitting indeed as he has had his Midland Indians in either first (shortly) or second place all season and that is all any one can ask; and incidentally more than most baseball fans get to enjoy. We baseball fans here in Midland have been very lucky to be represented by a young, hustling, home-owned team that has been in the thick of the pennant race all season and a team we believe will overtake the Big Spring team in the next few days. Thank you baseball fans for showing Ole Round Boy that we appreciate his efforts and thank you for your spontaneous gift to the deserving Ernie Nelson, the best pitcher in the Longhorn League.

Boston Braves Lick Chicago Cubs, 10-4

BOSTON—(P)—Red Barrett's mates made four runs in the first off starter Johnny Schmitz and then five off relief man Doyle Lade in the second and sailed on to a 10 to 4 win over the Cubs in the last game of the series Saturday, the winners making 15 hits for 23 total bases. The score:

Chicago . . . 100 200 100—4 12 1
Boston . . . 450 001 00x—10 15 0
Schmitz, Lade and Scheffing; Barrett and Masi.

And while baseball is in order, the Fort Worth Cats have really taken out after the Houston Buffs and took five straight from the league leaders after dropping the first two games of a seven game series, which makes it look like a stretch finish between these two teams for the Texas League flag.

Just one more week until Coach Barnes "Foots" Milam will issue a call for the 1947 edition of the Midland High School "Indians." We are looking forward to seeing this eleven as we feel that Ole Foots may have a sleeper up his sleeve this season.

Hey! you dove shooters. Better get Ole Betsie out and pour a little oil on her and load up with your favorite shells as the dove season is just around the corner. In fact it opens on Labor Day, September 1st. Don't forget your 1947 hunting licenses which are now ready at Carleton & Brumbelow's. Also the new artificial lure fishing licenses are now ready and your old one expires on August 31st.

We have a complete line of shells for you dove shooters—12 ga., 16 ga., 20 ga. and also an added attraction plenty of three inch #10 ga. shells in number 9 shot. We also have a limited number of both shot-guns and rifles, which are getting scarcer each day without any hope for any improvement in the supply, at least in the near future.

Boy, Fall is really in the air. For the past several weeks the store has been full of powder smoke as the boys plan their big game hunting trips into the Canadian Rockies. Among the fellows making these preparations and telling tall stories of previous trips are "Ish" McKnight, Bill Lane, "Curley" Murphy and Phil Yeckel who are leaving for Canada by plane this Thursday. Also R. E. "Bum" Cowden and J. Louis Thomas are leaving for the North Woods of Canada in "Bum's" Bonanza plane.

Hey! you tennis players—Carleton & Brumbelow have a sale on packaged Wright & Ditson and Dunlop balls. These well known balls are on sale at a real saving, three for one buck and they are all this season's balls.

How about you Midland Indians football fans chipping in that \$2.50 and getting your 1947 Midland Booster Club card? This is a fine organization and have such things planned as a new bus for the Midland High School's athletic teams and band's transportation. Let's all get in fellows.—(adv.)

Coach Named For Junior High; Is North Texas Ex

J. D. Lane, former all-around athlete at North Texas State, has been named coach of John M. Cowden Junior High School of Midland. Lane already is in the city and seeks a place to live. He is married and has one child. Lane participated in football, basketball and track at the Denton college and was in athletics in the service at Del Monte Pre-Flight.

ATHLETICS DEFEAT BROWNS, 7 to 0

ST. LOUIS —(P)—A four-run sixth inning with two-bagger by Pete Suder and Bill McCoskey highlighted the attack of the Philadelphia Athletics as Dick Fowler held the St. Louis Browns to four hits for a 7 to 0 victory Saturday. Philadelphia ... 000 104 002-7 13 2 St. Louis ... 000 000 000-0 4 3 Fowler and Rosar; King, Potter, Zarilla, Moulder and Moss.

Deafened Now Hear With Tiny Single Unit

Science has now made it possible for the deafened to hear faint sounds. It is a hearing device so small that it fits in the hand and enables thousands to enjoy sermons, music, and friendly companionship. Accepted by the Council on Physical Medicine of the American Medical Association. This device does not require separate battery pack, battery wire, case or garment to bulge or weigh you down. The tone is clear and powerful. So made that you can adjust it yourself to suit your hearing as your hearing changes. The makers of Beltone, Dept. 7081, 1450 West 19th St., Chicago 8, Ill., are so proud of their achievement that they will gladly send free descriptive booklet and explain how you may get a full demonstration of this remarkable hearing device in your own home without risking a penny. Write Beltone today.—(Adv.)

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, AUG. 24, 1947-5

Lose, 7-6; Play Sugar Tilt Sunday

The Midland Indians and the Sweetwater Sports play at 3 p. m. Sunday at Sweetwater in the final tilt of a three-game series.

Boosters Will Meet

A meeting of the Bulldog Booster Club has been called at 7:30 p. m. Tuesday at the high school. Committee assignments will be announced.

Cardinals Need Luck To Beat Phils, 5-3

PHILADELPHIA —(P)—The St. Louis Cardinals needed a three-run homer by Joe Medwick, a startling eighth inning triple play and another piece of air-tight defense in a threatening ninth inning situation to subdue the last-place Philadelphia Phillies 5-3 Saturday. Medwick's homer in the sixth overcame a 3-1 Phillies lead and gave the Cardinals an even split in their final series here.

Wranglers Club To Meet Monday

The Wranglers of the Midland Chamber of Commerce will hold a night meeting at the Dunagan Farm at 6 p. m. Monday.

Top Wrangler of the month will be announced and other business of the club discussed, according to Bill Collyns, boss Wrangler.

Wranglers Jack Ellington and L. M. Freels are in charge of food arrangements for the night meeting.

Fervent Breaks Record For Three-Year-Olds

CHICAGO —(P)—Fervent, leggy chestnut colt owned by Warren Wright's Calumet Farm, ran the fastest mile and a quarter ever run by a three year old on record for an American track in winning the \$93,250 American Derby at Washington Park Saturday.

Fervent defeated the pace setting Cosmic Bomb by a neck, with the Eastern invader, Phalanx, generally regarded as the leading three year old of the year, struggling back in third place, six lengths back of the flying leaders. Capt. Flagg, only other starter in the four horse race, finished last.

Fervent returned \$7.00 and \$3.20, with Cosmic Bomb paying \$3.80 to place. There was no show betting.

RUSSIANS CLAIM ENGINE INVENTION

MOSCOW —(P)—A Soviet newspaper said recently a Russian invented the steam locomotive 200 years before George Stephenson, generally accepted as the locomotive inventor, turned out his steam-powered "Blucher" in 1814.

Komsomolskaya Pravda, published for the Communist youth of the Soviet, also claimed a little-heralded Russian beat the famous James Watt in inventing the condensing steam engine.

Komsomolskaya Pravda, which devoted an entire page to outlining Russian accomplishments in the field of steam propulsion, but did not name the alleged Russian inventor, said the first modern steam locomotive built in Russia was put in operation in the Ural Mountains.

THE CRAZY TRADER SAYS, ARE ALL USED CAR DEALERS CROOKS? Not by a long shot!!! We do have a hard time getting good used cars since most cars on the road are old enough to vote. But it can be done and May Motor Co. does it.

Another thing when you look at a car here, you'll get as complete a lineup on its condition as is possible. I'll see that you get Honest Top Value for every one of your automobile dollars. My aim is to buy and sell a lot of cars and make a little on each.

This is my lineup of "steampunk Buggys" for this week. Heading my list is a 1946 Ford, green convertible, with every extra you can put on a car.

Here is a lineup of some "Dream Boats." Two 1947 Chev. Sedans one is Sky Blue, other turtone green. 1940 Ford Sedan \$1175

MOORE'S DEEP PROJECTS IN CROCKETT ARE MAKING HOLE
John I. Moore No. 1-E Hoover, slated 7,500-foot wildcat in Crockett County, now located 2,023 feet from south and 669 feet from west end of section 1, block GG, HE-d&WT survey, is making hole below 5,268 feet, in an unidentified lime. This project is deepening an old dry hole drilled in 1943 as George Atkins No. 1 Hoover. It was carried to 1,972 feet, in lime, and was abandoned at that point.
Moore originally staked the location for his No. 1-E Hoover to be 1,983 feet from south and 669 feet from west lines of section 1, block GG, GC&SF survey.
However, after that had been done, the old dry hole was entered and it was found that it could be deepened. Operator drilled it to 2,294 feet, and cemented 8%—inch casing at that point, and is now going ahead without trouble.
The location originally staked has been abandoned.
Moore No. 1-D Hoover, slated 8,000-foot exploration in the shallow Shannon field in Crockett County, and 660 feet from north and east lines of section 17, block 1, GC&SF survey, had reached 5,600 feet in

Oil & Gas Log—
(Continued from page 3)
making production tests on the section down to total depth at 10,033 feet.
That horizon had flowed oil at an estimated rate of from 50 to 75 barrels per day, and showed a gas volume of between two and one half and three million cubic feet per day.
After the production of that zone has been determined, operators will drill ahead.
SIGNAL PLUGS SHALLOW
PROJECT IN N-C SCURRY
Signal Oil Company of Los Angeles, Calif., No. 1 J. G. Whatley, shallow wildcat in North-Central Scurry County, four miles northeast of Dermott, and 660 feet from north and east lines of section 548, block 97, H&TC survey, has been plugged and abandoned on total depth of 2,065 feet in lime and shale. It did not encounter any signs of oil or gas production, and made a small amount of salt water at the bottom.
GULF FINISHES ELLENBURGER DISCOVERY IN GOLDSMITH
Gulf Oil Corporation No. 430-E Goldsmith, discovery well for production from the Ellenburger in the Goldsmith field in Northwest Ector County, and 1,992 feet from north and 2,001 feet from west lines of section 15, block 44, TP survey, T-1-S, has been officially completed for a 24-hour potential of 301 barrels of 46 gravity oil, flowing natural. Gas-oil ratio was 593-1.
The production is through casing perforations opposite saturated section in the Ellenburger at 9,495-9,555 feet. The project drilled to total depth of 9,460 feet and developed water. It is now on a plugged back bottom of 9,565 feet.
SUNRAY WILDCAT IS STILL DRILLING IN PERMIAN
Sunray Oil Corporation No. 1 Parker, Central Ector County prospector to 10,000 feet, to test into the Devonian, two miles north of the Harper field, and 660 feet from north and west lines of section 10, block 44, TP survey, T-2-S, had reached 8,063 feet, in lower Permian lime, and was drilling ahead.
DEEP PENWELL EXPLORATION IS DRILLING ON DOWN
Phillips Petroleum Company No. 1 Forbess, stepout from the lone Ellenburger producer in the Penwell area of Southwest Ector County, and 660 feet from south and west lines of section 26, block B-15, psi survey, had reached 5,953 feet, and was making more hole, in a lime and chert zone.
NW DAWSON WILDCAT IS PLUGGED AND ABANDONED
Childress Realty Company of Monahans, No. 1 Scanlan, Northwest Dawson County wildcat, three and one-half miles west of the Welch field, and 1,980 feet from north and west lines of section 83, block M, EL survey, has been plugged and abandoned as a dry hole, on total depth of 5,000 feet, in the San Andres-Permian. It did not report having logged any indications of oil or gas production.
SKELLY PROSPECTOR TAKES DST IN MIDDLE PERMIAN
Skelly Oil Company No. 1 Doss, West Gaines County prospector, about 12 miles west of Seminole, and 1,990 feet from south and 660 feet from west lines of section 394, block G, CCSD&RGNG survey, was at total depth of 6,068 feet in middle Permian lime and was taking a drillstem test.
Union Oil Company of California No. 1 Kuehn, one and one-half miles southeast of Seminole, and 660 feet from north and west lines of section 10, block C-44, psi survey, has been plugged and abandoned on a total depth of 5,305 feet in San Andres-Permian lime.
This project was high, geologically, to some dry holes in the vicinity, but it found the section which was expected to produce, to be dense and it carried no petroleum.
Amerada Petroleum Corporation No. 9 Riley, slated 10,500-foot wildcat two and one-half miles northwest of Seminole, 660 feet from south and 725 feet from east lines of section 29, block G, WT survey, had reached 3,915 feet in anhydrite and shale, and was continuing.
It is adjacent to producers from above 5,000 feet, in the regular Seminole field pay. However, this project will not attempt to complete from that zone, but will go on down to investigate the Devonian.
Moore No. 1-E Hoover, slated 7,500-foot wildcat in Crockett County, now located 2,023 feet from south and 669 feet from west end of section 1, block GG, HE-d&WT survey, is making hole below 5,268 feet, in an unidentified lime. This project is deepening an old dry hole drilled in 1943 as George Atkins No. 1 Hoover. It was carried to 1,972 feet, in lime, and was abandoned at that point.
Moore originally staked the location for his No. 1-E Hoover to be 1,983 feet from south and 669 feet from west lines of section 1, block GG, GC&SF survey.
However, after that had been done, the old dry hole was entered and it was found that it could be deepened. Operator drilled it to 2,294 feet, and cemented 8%—inch casing at that point, and is now going ahead without trouble.
The location originally staked has been abandoned.
Moore No. 1-D Hoover, slated 8,000-foot exploration in the shallow Shannon field in Crockett County, and 660 feet from north and east lines of section 17, block 1, GC&SF survey, had reached 5,600 feet in

Richfield -
(Continued from page 3)
sell fields, and 1,980 feet from south and west lines of section 24-18-28e, had penetrated past 1,260 feet, and was drilling ahead in anhydrite.
Likely Will Shoot
O'iver and Kovtza No. 1 Federal-Smith, another North Eddy County prospector, 1,963 feet from north and 1,963 feet from west lines of section 29-17s-27e, and about three miles southeast of the town of Artesia is on a total depth of 2,514 feet in lime.
It drilled through a section between 1,635 feet, and about 1,900 feet, which developed some free oil. It is expected that the operators will shortly plug back, shoot the oil bearing zone with nitro glycerin, and try to develop some sort of a well, and a discovery.
Mid-Continent Petroleum Corporation No. 2 A. B. Reeves, Central-Esser Lea County exploration, approximately five miles south of Monument, and 440 feet from north and east lines of section 29-20s-37e, has been plugged and abandoned on total depth of 7,150 feet in lower Permian lime. It failed to encounter any possibilities of production in that zone.
A drillstem test was taken at 7,030-7,150 feet, with the tool open for two hours. There was a slight blow of air for a portion of the period. Recovery was 210 feet of drilling mud, with no shows of oil or gas.
Checked Low On Structure
It has been reported that the project was 259 feet low, structurally, to the nearest producer in the Drinkard field, to the south. It was 143 feet low to the same company's No. 1 Marshall, another failure in the Drinkard pay—but which has been recompleted as an oil well from the shallow Monument field pay section.
Tide Water Associated Oil Company No. 1-DD Marshall, about two miles northwest of the Drinkard field, in East Lea, and 1,980 feet from north and 660 feet from east lines of section 13-21s-30e, has also been abandoned and plugged as a dry hole. Total depth is at 7,087 feet, in lower Permian lime.
Another One Plugged
It took a one-hour and 45-minute drillstem test at 6,838-7,087 feet. Recovery was 270 feet of drilling mud and 3,840 feet of salty water. There were no evidences of oil or gas in any section which was penetrated.
Culbertson & Irwin, Inc. No. 1 Shepherd, five miles west of the Lynch field, in Central Lea County, and 330 feet from south and 2,310 feet from west lines of section 1-21s-32e, tested for 1,800 feet of sulphur water in two hours at 3,439-45 feet, in the basal rates of the upper Permian. Slight shows of oil were logged at 3,418-26 feet. They were not sufficient to make a well and abandoned on total depth of 3,445 feet.
Amerada Petroleum Corporation No. 5 Phillips, deep wildcat in Central-East Lea, in the shallow Monument field, and 660 feet from north and west lines of section 1-20s-36e, had progressed under 7,190 feet in an unidentified formation and was continuing.
Amerada No. 2 H. S. Record, 1,880 feet from north and 668 feet from east lines of section 25-19s-35e, was making hole under 4,334 feet in lime.
Cole-Darden Oil Company No. 1 Phillips-State, wildcat in West-Central Lea County, about one and one-half miles southwest of the Vacuum field, and 660 feet from south and east lines of section 30-17s-34e, was boring ahead past 4,087 feet in lime. It is due to drill to around 4,600 feet.
Conoco Project Drilling
Continental No. 6-B-23 Skaggs, stepout from production in the Skaggs-Cass field, in East Lea County, between Eunice and Hobbs, and 660 feet from north and east lines of section 23-20s-37e, had reached 8,023 feet in an unidentified lime, and was making more hole.
Olsen Oil Company No. 1 Wimberly, wildcat to around 12,000 feet, in extreme Southeast Lea County, three and one-half miles east of Jal, and 1,980 feet from north and 660 feet from east lines of section 23-25s-37e, had penetrated below 6,430 feet, in middle Permian lime, and was continuing.
Mid-Continent No. 4 Lynch, 2,200 feet from south and 440 feet from west lines of section 1-22s-37e, and a wildcat to the Ellenburger, in East Lea County, had reached 7,204 feet, and was continuing in lime. It is several miles east of the Brunson-Ellenburger field.
Bird songs are now believed to be a means of warning intruders away from territory appropriated by the singer.
dry lime, and was making more hole.
STEPDOWN TO COLEMAN RANCH FIELD TRY TO P&A
Tobe Foster No. 1 Womack, stepout from production in the Coleman Ranch field, in Northwest Mitchell County, 330 feet from south and 2,310 feet from west lines of section 22, block 26, H&TC survey, has been plugged and abandoned as a dry hole, on a total depth of 3,064 feet, in lower Permian lime. It logged a slight rain-bow of oil at 2,717 feet.
Humble No. 1 Pratt, Northeast Mitchell County prospector to about 8,000 feet, four miles northwest of Loraine, and 780 feet from north and 660 feet from west lines of section 28, block 25, TP survey, had reached 6,598 feet in dry, black shale, and was continuing.
GARZA OUTPOST FAILED TO PRODUCE PETROLEUM
Herman and George R. Brown, and Comanche Corporation No. 1 Mason-Bingham, one-quarter of a mile east of Post, in Central Garza County, a stepout from production in the Garza field, and located in section 2, certificate 10, survey 1236, EL survey, failed to encounter any evidences of oil or gas, in drilling to total depth of 3,112 feet, in lime, and has been plugged and abandoned.

Building Permits In Midland Push Two Million; Total Is \$1,724,170

Building permits in Midland pushed toward the \$2,000,000 mark with \$66,700 in permits issued for the week ending Saturday bringing the 1947 figure to \$1,724,170.

Permits for dwellings in the \$3,000 to \$5,000 class helped establish a good figure for the week.

There were no large permits but a good number of average ones.

H. R. Fleming received a permit of \$10,000 to build a dwelling and one car garage attached at 1802 West Illinois Street, size to be 49 by 39 feet, with materials of lumber and asbestos siding.

Henry F. Oliver took out two permits, each for \$5,000 residence at 2401 and 2403 West Louisiana Street. Size of each will be 20 by 40 feet, materials lumber. Total of the structures will be \$10,000.

The Bootery was issued a business construction permit to make alterations of its interior. Location is 100 North Main Street. And Angelo Luggage Company on North Main received a permit of \$900 for front alterations.

Church of God in Christ (negro) received a permit to build a \$5,000 church building at 200 North Tyler Street, size 40 by 60 feet, materials concrete, tile and lumber.

Other permits of the week included: Oren Stephens, \$1,500, to move from out of town to 610 South Marshall Street, a dwelling, size 20

New Merchants Are Red Chain Dealers Here

Clarence Jordan and B. J. Caudill, who recently purchased the Midland Feed Store at East Wall and Terrell Streets, have been appointed exclusive distributors in Midland of Red Chain feeds, they announced last week.

Both are from Hobbs, N. M., and Caudill has been a Red Chain dealer for 13 years.

by 24 feet, lumber; O. H. Carr, \$6,000, to build a residence at 943 North Fort Worth Street, size 39 by 36 feet, one-car garage attached, materials concrete blocks and tile;

M. P. Wood, \$5,000, to move from out of town to 2210 West College Street, 28 by 30 feet residence, lumber; R. C. Rumble, \$4,500, to build a two-car garage and servants quarters at 2300 West Kentucky Street, size 20 by 30 feet; Jewell and Francis Davidson, \$4,000, to build a dwelling and one-car garage attached at 2207 College Street, size 49 by 21 feet, materials lumber; S. T. Allega, \$6,000, to build a residence at 2308 College Street, size 34 by 39 feet, one-car garage attached; E. G. Warner, \$1,500, to move from out of town to 405 South Mineola Street, residence, 28 by 32 feet, lumber;

George Ratliff, \$900, to move a dwelling to 110 South Marshall Street, size 12 by 24 feet; Midland Land and Development Company, \$4,000, to build a residence at 920 Edwards Street, size 24 by 25 feet, lumber; W. H. Walton, \$3,000, to move a residence to 906 Edwards Street, and alter, size 20 by 24 feet, lumber.

Crane Schools Will Open September 8

CRANE—Due to the fact that new additions to the elementary schools have not been completed, the public schools of Crane will not open until September 8, school officials announced. The faculty is complete except for one teacher.

HUBBARD VISITORS LEAVE

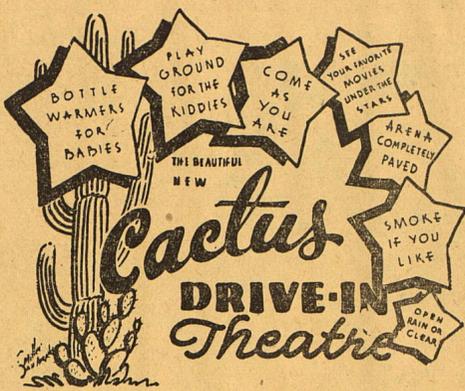

Eva Joe Flynn and Arlene Miller left for their homes in Ballinger Saturday morning after visiting Norma Jean Hubbard, 2001 West Texas Avenue.

Another visitor in the Hubbard home was Mrs. Ed Stone of Winters, Texas.

MIDLAND, TEXAS, SUNDAY, AUGUST 24, 1947

SECTION TWO

Jane Trulock Weds Sam Majors, Jr., Midlander's Brother, In Ceremony

COLORADO CITY—Miss Jane Trulock became the bride of Sam L. Majors, Jr., son of Mr. and Mrs. Sam L. Majors, Sr., of Colorado City and brother of Mrs. L. G. Mackey of Midland, in a single-ring ceremony at the First Christian Church in Colorado City, August 15.

The Rev. John Zaratofinis, pastor, read the vows before a flower-decorated altar, flanked by baskets of white gladioli against a background of fern. Cathedral tapers in floor candelabras lighted the altar. Marking the pews were white candles and flowers. White satin aisle runners were used for the entrance of the wedding party.

The bride, daughter of Mr. and Mrs. V. R. Trulock of Colorado City, was given in marriage by her father. She wore an ivory satin gown, fashioned with heirloom chantilly lace and seed pearls accenting a sweetheart neckline, long fitted sleeves tapering to points over her hands, and a closely-fitted bodice. Her full skirt, designed with a poplin sweep into a cathedral train, and the fingertip veil of bridal illusion fell from a tiara of seed pearls. She carried a fan-shaped bouquet of white roses, centered with a single white orchid.

Attending her were her sister, Mrs. Curtis Latimer, as matron of honor, and Mrs. Ned Nickson, of Roswell, N. M., sister of the bridegroom, Mrs. M. L. Moss of Paris, cousin of the bride, and Evelyn Russell, as bridesmaids. Attendants

wore identical dresses of aqua moon-beam faille.

Curtis Judge of Houston was best man. Graham Mackey of Midland was a groomsman. Other groomsmen were Bob Mitchell of Roswell, N. M., cousin of the bridegroom, and O. B. Trulock, Jr., cousin of the bride. Curtis Latimer and Ned Nickson were ushers.

Mrs. Jack Womack of Lubbock supplied wedding music, and Mrs. Oren Trulock sang "Ah, Sweet Mystery of Life" and "The Lord's Prayer."

Following the ceremony, a reception was held at the ranch home of the bride's parents. Mrs. Lloyd Mackey of Midland, sister of the bridegroom, served the three-tiered wedding cake. Mrs. Joe Skidmore of Paris, who presided at the punch service, was assisted by Mrs. D. N. Andrews, Mrs. Lewis Blackburn, and Erna Lou Merrill, Jane Merrill, and Irene Bagley of Paris. Others in the house party were Mrs. Rose Daniels, who had charge of the guest registry; Mrs. Oscar B. Price, Mrs. John Reese, and Mrs. P. K. Mackey.

Immediately following the reception (Continued on Page 8)

'Coke' Party Fetes Lois Terry, Bride-Elect

The round of pre-nuptial parties honoring Lois Terry, bride-elect of Arvid W. Auguston, began Saturday morning when Mrs. Tom B. Watson and Beth Prothro gave a "coke" party for her at the home of Mrs. N. G. Oates, 610 North Main Street.

Miss Terry was presented with miscellaneous kitchen gifts. Refreshments were served from a table laid with fiesta and centered with two baskets containing melon balls and grapes with colored picks. The honoree, whose corsage was of white gladioli, was given a recipe file containing a favorite recipe of each guest.

The guest list included Frances Umberson, Mrs. Charles Reeder, Mrs. Howard Atwater, Mrs. Dub Brown, Juanita Huskey, Lily Gilbert, Mrs. J. R. Smith, Mrs. Herman Brewer, Mrs. Paul Bowman, Mrs. Artie Shaw, Vivian Adamson, Joyce Meannon, Mrs. Terry Tidwell, Carolyn Oates, Mrs. Hugh Bliss, the honoree, and the hostesses.

The marriage of Lois Terry and Mr. Auguston will take place August 30.

There are about 50,000 granules of finely crushed coal in the mouthpiece of each telephone.

Alma Cowden, Evelyn Wemple Enter Hockaday

Miss Alma Faye Cowden and her parents, Mr. and Mrs. Clyde Cowden, 111 North D St., and Miss Freda Evelyn Wemple and her parents, Mr. and Mrs. Fred A. Wemple, will arrive in Dallas Sunday, September 1, where the young ladies will enter Hockaday Junior College as freshmen. They will join other new students and parents in a series of functions on the campus which will include tea with members of the faculty, an all-fresco supper, and the first Sunday evening vesper services of the school year.

Monday and Tuesday Miss Cowden and Miss Wemple will have orientation classes and get acquainted parties before the sophomores return and regular classes begin on Wednesday.

Returning to Hockaday September 16 for the opening of the Hockaday Preparatory School will be Miss Jessica Turpin, daughter of Mr. and Mrs. Robert Turpin, 811 Outburt. Miss Turpin is a member of the Sixth Form and will graduate in 1948.

Bride-Elect Honored In McCamey Saturday

MCCAMEY—Miss Mary Frances Shafer, bride-elect of Douglas Gilliland, was honored Saturday morning with a kitchen shower, by Mrs. H. F. Copeland, at her home in the Shell Pipe Line Camp.

Each guest wrote her name in the bride's cook book. Several kitchen games were played.

After the gifts were opened, fruit cookies and coffee were served to the following: Mrs. Dave Gregory, John Sheehan, Charles Bixler, Bob Gilliland, O. K. Furr, Clint Acuff, Wade Morris, Walter Putnam, J. B. Copeland, Leonard Shafer and Cecil Faulkner.

Former Midland Girl Marries

In an impressive ceremony in Abilene, the former Miss Quincy Belle Ryan, above, daughter of Mr. and Mrs. William Riley Snow, Abilene, became the bride of Edward Frederick Fenstermaker Saturday evening. Mrs. Fenstermaker is the daughter of the late Dr. W. E. Ryan of Midland, and several Midlanders attended the wedding. The bridegroom is the son of Mr. and Mrs. Leo A. Fenstermaker, Cleveland, Ohio. The bride is a graduate of Ward Belmont High School, Nashville, and attended Hardin-Simmons University, Abilene, immediately following a reception at the home of Dr. and Mrs. Snow, 702 Sayles Drive in Abilene, the popular young couple left on a wedding trip to Colorado. They will make their home in Boulder, Colo., where the bridegroom is attending the law school of the University of Colorado.

Quincy Belle Ryan Exchanges Vows With E. F. Fenstermaker In Abilene

Miss Quincy Belle Ryan, the daughter of Mrs. William Riley Snow of Abilene and the late Dr. W. E. Ryan of Midland, exchanged marriage vows Saturday evening with Edward Frederick Fenstermaker in an impressive ceremony at the Church of the Heavenly Rest (Episcopal) in Abilene, attended by many Midlanders.

The bride given in marriage by Dr. William Riley Snow, wore an original white satin gown fashioned with a sequined sweetheart neckline and long, tight sleeves terminating into sequin points over her wrists. From a molded bodice, the full skirt extended into a long train. The bridal illusion veil, extending from an oval bridal hat, was floor-length. Her bouquet was of orchids on a white prayer book.

The ceremony was performed by the Rev. P. K. Kemp of San Angelo before an altar banked with assorted white flowers.

Reception Follows Mrs. Robert R. Burnett, aunt of the bride, attended her as matron of honor, and bridesmaids were Nona Mae Snow, Mary Beth Snow, and Dottie Ryan, sisters of the bride. Edith Bohert and Joan Williams of Abilene, and Jo Kirk of Ranger, Jeanette Harter of San Angelo was flower girl.

Frank Bonnas of Abilene was best man. Groomsmen were W. E. Ryan, Charles Ryan, and Jo Snow, brothers of the bride, and Immie Issacs, John Sterling, and Jim Lookey of Abilene. Ushers were Robert Burnett of Amarillo and Robert Clark of Tipton, Okla., a cousin of the bride, and Wayland Yates of Abilene.

Presenting the music was Mrs. Dub Wooten, organist, while Roy

ANCIENT TREES While the sequoia trees of California are estimated to be between 3,000 and 4,000 years old, the famous "Cyprus of Tule" in Mexico is believed to have lived between 4,000 and 6,000 years.

What's New And Where To Find It

BY BARBARA

Hear Jerry Roberts And His Orchestra—

Say, there's a real treat in store for you at the LOG CABIN INN on West Highway 80 this week—and every week. Jerry Roberts has whipped up one of the neatest little bands you've ever heard—with a drummer that really has rhythm, the rhythm you love to dance to. Go out to the Log Cabin and hear them this week. You can have dinner and hear the music with no cover charge up till 9 p.m. Dancing begins at 9. The Log Cabin is open every night except Monday night.

The Final Touch To A Perfect Evening—

There's only one thing that can add that final touch to a perfect evening—flowers. If you're taking her out to dine, or plan an evening of dancing, add that something special with a corsage from the CITY FLORAL COMPANY. They'll have the flower of her choice—spray orchids, roses, carnations, gardenias, gladioli, chrysanthemums, and sweet peas in dainty pastels. Don't reserve buying flowers only for weddings or funerals—enjoy them every week. City Floral telegraphs flowers, and is open until 7 p.m. Call 2077 to place your order, night phone—1420-M.

Don't Be A 'Stay-At-Home'—

You don't have to stay home simply because you can't take the children along. Your child will receive the best of attention at the MIDLAND DAY NURSERY, 306 N. "D" Street. Mrs. Freddie Lou Pate provides experienced care for infants and supervised play for pre-school children with well-balanced meals and Ozarka water. The nursery is open to all age children. Special rates are offered for working mothers. For complete details call 855. The nursery is closed on Sundays, except to those making week end engagements.

Have You Been 'Framed' Lately—

If you haven't, you'd better visit Simmons Paint and Paper Company. They specialize in framing—of a different kind—photos, prints, and oils. They have a wide variety of attractive moldings from which you may select. Have that favorite picture mounted in a modern style. If you have prints of different sizes you'd like placed in matching frames SIMMONS can plan an attractive wall arrangement for you. Or, you might like an unusual group arrangement. For the newest ideas in framing see Simmons this week and let them help you plan something pleasingly different.

A New Motor With 12 Months To Pay—

For a completely new engine go to MID-WEST MOTOR COMPANY. Ask about their new C.I.T. payment plan—up to twelve months to pay. New motors and parts in for DeSoto, Plymouth, Dodge, and Chrysler are factory tested and, installed by Mid-West mechanics, will give your car its original power and drive. Mid-West Motors has just installed the latest Bean front-end machine to give you the best service in wheel aligning and balancing.

Homogenized Milk In Handy Paper Cartons—

"Something new has been added" at the Morris System this week—grade A homogenized milk in Pure-Pak cartons. No more making bottle deposits or returning bottles—no extra weight in shopping bags, and these square cartons are space-saving in your refrigerator. For all your needs in dairy products shop at the MORRIS SYSTEM. You'll find the finest cheeses—Philadelphia cream, Borden's chive wedge cut, Mel-O-Pure natural, Imperial cheddar, Kauna smoked, Cloverbloom Gouda, limburger, roquefort, grated Parmesan for soups and fancy dressings, and complete line of Kraft's cream spreads.

New Fall Styles For Mothers-To-Be—

Well, mothers-to-be, they're here! All those latest fall creations by Babs Deceivers in lovely colors and figure-flattering styles—gabardines, Fortune crepes, worsteds and other materials in rich browns, neutral, American Beauty, and other color. Stork Daters are wonderful buys—from \$9.50 up, sizes 9 to 20. You'll find all these and new fall suits at the MOTHERS-TO-BE SHOP, 1800 W. Texas. Mrs. Rothwell has a complete line of maternity lingerie. The Mothers-To-Be Shop is open until 9:30 p. m. on Wednesdays.

Sanders Gives Furniture New Life—

You can have a new sofa, chair, or love seat and spend very little for it. Just keep the old framework of your favored pieces of furniture and let SANDERS FURNITURE WORKS expertly re-upholster and refinish it to look like new furniture. Sanders Furniture Works has a complete selection of beautiful fabrics from which you may choose—silk brocades, cotton crash and weaves plain and fancy in every color and design. You can have rickety, marred chairs and tables reworked and refinished, adding years of wear and beauty. Call 752 for estimates this week.

Just Drive Up And Toot Your Horn—

PRONTO-PUPS You always appreciate that extra service offered you. Then you're sure to enjoy eating at Buck's PRONTO-PUP on West Highway 80. Just drive up and toot the horn and a waitress is at your service immediately. You can order delicious sandwiches, lunches, fried chicken, and steaks cooked-to-order. Buck's always has plenty of cold beer. You can order a bottle with your meal or order a whole case to take home with you. If you haven't tried a Pronto-Pup in its tasty, crunchy coat, try one this week.

Roped And Tied—

Just like being roped and tied—once you've tried one of those delicious chicken dinners at the RODEO-TEL CAFE on East Highway 90, you'll go back again and again. Plan to take the family out for Sunday dinner today and try the Rodeo-Tel's Sunday special. You'll enjoy eating in air-conditioned comfort in the friendly Western atmosphere of the Rodeo-Tel Cafe.

Apply In A Jiffy—

Do you get the "willies" and smear your nail polish when giving pointers to a manicure? Then you haven't tried Naylon with the handy improved Naylon applicator. It is as surely balanced as a pencil, with its slender aluminum tube extending above the cap. You can make polish strokes as sure and swift as signing your name. And, the balanced triangular bottle is more tip-proof, more spill-proof than any nail polish bottle you've ever used. CAMELTON'S PHARMACY has Naylon in a wide variety of popular colors.

For The Right Time—

You need to be able to depend on your timepiece for all business and social engagements. The fellow who makes a habit of being late or off schedule is soon replaced, even on the party list. Whatever type of watch or clock you have in need of repair it can be fixed at THE "TIME" SHOP, 401 S. Mariefield, phone 2628. Mr. Geyer repairs all makes of watches—damaged or imported—and all types of clocks to work precisely. All work is guaranteed. Quick service is given on alarm clocks.

'Boys Will Be Boys'—

"Boys will be boys." How true. Sometimes they are quite the roughest, but whether they admit it or not they like to feel well-dressed for school. So take your boy to WILSON'S this week and outfit him for school days. Wilson's has boys' suits, sport jackets, and trousers in plain wools, tweeds, and worsted plaids in sizes from two years on up... as well as blue jeans and khaki pants. For the best in sport and dress shirts by Tom Sawyer, Western belts, colorful ties, caps and hats styled to suit boys—a shop at Wilson's. They have a complete wardrobe for the school boy.

Bowl Free At Plamor—

Here's good news for all you bowlers—and anyone who'd like to learn to bowl—you can bowl as many free games as you like at the Plamor Palace. It's really true. Every afternoon except Saturday and Sunday from 1-4 p.m. every third game you bowl will be free at the Plamor. If you're just learning you'll be given free instruction. The more you bowl the better you'll like it—and, the less it will cost you. Plan to bowl at PLAMOR this week.

Tiny Tot Art School To Open In New Studio—

Registration has begun for the fourth term of the PROGRESSIVE TINY TOT ART SCHOOL in a new studio at 1008 W. Indiana, phone 798-W. The 15-week term will begin September 4 and close December 20. Children between the ages of three and six years may enroll. Mrs. W. M. (Tommy) Thompson offers child development through creative arts—drawing, painting, clay modeling, dancing, dramatics—and group singing. The new 16x40 studio will be available to various dancing teachers on week-day afternoons and Saturdays.

Nylons Made With You In Mind—

Have you visited DUNLAP'S lingerie department in the last few days? If you haven't be sure and go this week. They have Mustang-wear Nylons, custom-made with you in mind, knitted and fitted in both shape and length. You'll welcome the variety of cobweb weights in three proportioned sizes—the latest fall shades. And, for the last word in comfortable figure control, see the Vassarette—controlling, yet cool and comfortable. The Vassarette at Dunlap's is fashioned of exclusive knitted fabrics that are cool, porous, and long-wearing.

Kruger's Has New 'Morning Star'—

"Morning Star." Community's dramatic new pattern featured this week at KRUGER'S, harmonizes the traditional and modern in silverware design. This lovely pattern is reminiscent of regal antique silver with its deeply carved floral ornament set in plain surfaces. The rare design motif is carried out completely, back and front. A 52-piece set for eight sets for \$69.75 complete with anti-tarnish chest. Kruger's also has Coronation, Milady and Lady Hamilton by Community, and silver plate by 1847 Rogers and Holmes & Edwards.

Select Your New Fall Hats Early—

Now is the time to select your new fall hats. Shipments are arriving daily at EVERYBODY'S—any and every kind of hat your heart could desire. You'll find the ideal companion for fall satin dresses—satin chapeaus, supreme for fall. Nothing else could be quite so perfect an accessory. For tailored and dress wear choose from Caspar-Davis and Dolly Madison fur felts—plain, tailored lines or feather, sequin and satin trimmed. The Brewster hat, college girl favorite, has that extra style for campus wear with casual clothes.

A Free Facial At Our Beauty Shop—

If you have a dinner engagement or plan a special evening out this week you'll want a DuBelle facial to help you look your best. Any day this week you can get a complimentary DuBelle facial at OUR BEAUTY SHOP. A specially trained DuBelle demonstrator will be at Our Beauty Shop every day this week. Call 822 and make your appointment early. Our Beauty Shop carries a complete line of DuBelle cosmetics. Visit them this week at the convenient location, 306 N. Main.

For Food With A 'True Touch Of Texas'—

"Ain't no man had real feedin' til he's tasted meats, fish, fowl, wild game and salads made with seasonin' an' sauces in my Bar-B-Q Chuck Box," says Old Chuck. And that's right! You'll find new thrills in cooking and eating with Old Chuck's seasonings. MIDLAND HARDWARE has a complete line of these Old Chuck products—thirteen different "Texas taste-tested" spices, herbs, and sauces. Try them, and buy an Old Chuck recipe book to guide you in getting new and added flavors in all kinds of meats and salads. And, you'll want some of the brand-designed napkins and individual barbecue trays.

Be Proud Of The Looks Of Your Car—

How does your car look inside? If you're one of those people who takes just as much pride in the looks of your car as your home then you should see MILLER BROTHERS about new seat covers and upholstery. Miller Brothers Trim Shop, 114 E. Wall (rear), has new patterns in nylon—plaids in soft shades of gray, green and blue to harmonize with most any color, and a silver-background check-plaid. The colorful nylons will add years of service and matchless beauty to your car.

Right Color, Right Styles, Right Price—

The skirts and sweaters at FRANKLIN'S this week make one wish that fall days were here already. There is such a variety of styles and colors you'll have to choose several—gathered plaids, belted gabardines in bright solids, worsteds and crepes in dark or colorful tiered skirts. You'll find sweaters with long or short sleeves, cardigans, zip-ons, twin sets—in black, white, soft pastels, or bright shades. For dresses that are just the thing for school see the sporty wool plaids with white or plain-colored collars and cuffs.

This Week Is Your Last Chance—

Only six more days to take advantage of THE BOOK STALL'S special offer. All this week you can still order double the usual quantity of Rytek Flight stationery printed with your name and address—120 sheets and 80 envelopes—for only \$1.75. For those personal notes and thank-you cards you'll like Rytek Gay Notes in blue or white with dainty floral designs. Or for something a bit fancier, in stationery there's Rytek Coronado. Go to The Book Stall this week and see the Rytek designs or call 1165 and place your order.

Mrs. H. A. Ireland Entertains A.A.U.W. Literary Group

Mrs. H. A. Ireland, 1605 West College Street, entertained the Literary Group of the A.A.U.W. and presented the program at a meeting Thursday evening.

The program consisted of colored pictures taken on a recent vacation trip made by the Irelands to Mesa Verde, Yellowstone National Park, Glacier National Park, the Black Hills of South Dakota, and Colorado Springs.

A short business meeting followed in which the group discussed its play project. Those attending were: Mrs. Jack A. Dolman, Mrs. R. B. Hollingsworth, Mrs. J. W. Carroll, Mrs. Edmund Boys, Mrs. M. C. Milton, Mrs. Earl Johnson, Mrs. Lucien Thompson, Mrs. Walter Warren, Mrs. Hardwick, Mary Lee Cooper, and the hostess.

In 1939 Britain was the world's leading exporter of livestock.

New pledges are Sydney Smith, Jo Ann Nelson, Ann Stephens, Gloria Anguish, Peggy Charlton, Betty Wilson, Suzanne Young, Sue Johnson, Jean Blackwell, Nancy Gray, Jo Ann Boykin, Pat Hoppe, Swan Heiger, Ann Boring, and Toya Chappie.

Maud Leonard To Resume Classes In Piano, Voice

Maud Leonard has returned from her Summer vacation in California and Colorado to resume her classes in piano and voice.

Classes will begin September 1, she announced.

Women's voices are somewhat harder to understand over the telephone than men's.

MIDLAND CAREER WOMEN—

Mrs. Raynee Carroll: She 'Belongs' In The Tax Collector's Office

If you walk into the south side entrance of the courthouse and enter the second door on the right, you will find a sweet, matronly-looking woman who has made for herself a career that few people in Midland can overlook, because virtually everyone who owns a car or pays taxes of any kind has done business with Mrs. Raynee Carroll, chief deputy in the county tax collector's office.

Mrs. Raynee Carroll

Mrs. Carroll calls herself a "real old-timer," and she is justified in doing so for she has been in Midland since 1907 and has been buzzing about the tax collector's office since 1921. Mrs. Carroll, who is originally from Big Spring, has worked for three different tax collectors, Mr. Bradford, A. C. Francis, and J. H. Fine. Most Midlanders, therefore, just think that Mrs. Carroll is at home in the courthouse, because for a long time they have found her busying herself over state and county reports, registering cars, and collecting taxes. Performing all these duties just constitutes another day for Mrs. Carroll, who still finds time to cook dozens of fruit cakes every Fall for Midlanders who want them for the festive occasions.

Of course, Mrs. Carroll has not confined herself to the tax collector's office the whole time since 1921—she is what you call an all-around "jack of all trades." Having worked as a telephone operator, a movie cashier, a post office clerk, a Western Union clerk, and made cakes to be sent all over the country and abroad during the war, Mrs. Carroll proves that part of the success of being a career woman is possessing a knowledge of other things beside the work that is your career.

"I have done a little bit of everything," says Mrs. Carroll smiling proudly, "and I'm just a Texan." Mrs. Carroll did go to San Diego for five years, where she worked for the Division of Motor Vehicles, but she returned in 1930 and went back immediately to the tax collector's office which she knew so well.

Mrs. Carroll has everything nice to say about Midlanders, old-timers and new-comers alike. "The people

that I come in contact with are regular citizens who come into pay taxes or register," she says, "and I've never had any unpleasantness with my customers."

When speaking of careers for women, the deputy chief says that she believes a woman can hold any job that a man holds—if she tries. Mrs. Carroll is proud of the way her sex has made a place for itself in the business world, and she will cite two women who graduated with her from Midland High School and who later held excellent positions in the courthouse at the same time she was employed there—Mrs. Susie G. Noble, former county clerk, and Lois Patterson, former county treasurer.

Mrs. Carroll, 515 West Storey Street, is the daughter of the late Mr. and Mrs. Ben Ethridge. She has another commendation beside her name, too, because she has not only risen to a good career, but she has reared a son, Jack R. Carroll, a graduate of Midland High School, who is now employed as a government auditor in the RFC in Houston.

More Than 30 Attend First High School Band Practice Friday

More than 30 students attended the Midland High School Band practice Friday night, according to H. N. Lawhon, band director.

Rehearsals will continue at 7:15 p. m. Monday through Friday of next week, Mr. Lawhon announced.

Among those present Friday night were Jessie Armstrong, Helen Calhoun, Raymond Doyle, Pat Flanagan, Roger Fuller, Loretta Hall, Nick Harrison, John Klingler, Bennie Scott, Dow Scott, Charles Sheehy, Dorothy Smith, Obie Stalcup, W. L. Thompson, Joan Torbett, Leroy Hall, Irma Driver, Richard Hull, Bobby Davis, Beverly Keisling, Martha Scharbauer, Carolyn Claiborne, Janis Davis, Ruth Wanelle Green, Glenda Hambleton, Marian Richardson, Nancy Lou Klingler, Tony Dunagan, Charles Crabtree, and Barbara Hayslip.

McCamey News

MCCAMEY — Dr. Jim L. Adrian, Jr., local veterinarian and son of Mr. and Mrs. Jim L. Adrian, Sr., of this city, was appointed state veterinarian effective Monday, August 25. Dr. and Mrs. Adrian and two children, Sharon and Jim L. III, will make their home in Fort Worth. Mrs. Adrian is now visiting her parents in Amarillo and will join her husband later.

Twin Girls
Twin girls were born last Tuesday, August 19, at the Cooper Hospital to Mr. and Mrs. D. J. Hopper. At birth Green weighed seven lbs. and 4 oz., and Coleen weighed 6 lbs. and 5 oz. Mrs. Hopper is a triplet having two sisters living in Fort Worth. Her father and mother were both twins. The Hoppers have two other children, Richard, 4½ and Betty Ann 2½.

Mr. and Mrs. Joe Reynolds are the parents of a 7 lb. baby boy, born at the Clinic-Hospital in San Angelo on August 17. He has been named Ronald Joseph. Mrs. Reynolds taught in the McCamey schools and the family now resides near Roswell, New Mexico. Mrs. Reynolds is the sister of Mrs. A. L. Ohlenburg of McCamey.

Mr. and Mrs. W. A. Simpson attended the wedding of Mr. Simpson's brother in Odessa last Friday. Rayford Simpson was married to Mrs. Sarah Martin, both of Odessa. Mrs. Simpson was a teacher in the Odessa school before her marriage and Mr. Simpson is employed by the Western Chemical Co.

Farewell Party Fetes Mrs. Pierce

Mrs. Norene Pierce was honored at a surprise farewell party given Thursday by Mrs. W. B. Shattuck, 308 North Weatherford Street. Mrs. Pierce and children plan to leave for McComb, Miss., about September 1.

The group presented the honoree with a red carnation corsage. She also received a basket of handkerchiefs for winning a spelling bee.

Refreshments were served to Mrs. Annie Collier, Mrs. Katie Merrell, Alta Merrell, Mrs. Minnie Hughes, Mrs. Mildred Hilburn, Mrs. R. O.

Walker, Mrs. Lela Hodges, Mrs. Eva Beauchamp, Mrs. Fannie Drummond, Wanda Jean Beauchamp, Mrs. Julia Wesson, Mrs. Nelle Drummond, Stella Shattuck, the honoree, and the hostess.

Those sending gifts were Mrs. E. G. Brittain, Mrs. Zack Timmons, Mrs. J. V. Hobbs, Daisy Teasdale, and Mrs. Stella Harrison of Ranger, Texas.

There are 2,268 carats in a pound.

Sherry Kay Reeves Feted By Mother On Fourth Birthday

Mrs. Robert Reeves, 307 West Illinois Street, honored her daughter, Sherry Kay, on her fourth birthday with a party Friday.

Cake and ice cream were served at Mrs. Reeves' home to Susie Webb, Leslie Lunt, Carol Covington, Rona Reeves, Karen Harrison, and the honoree, followed by games played at Pagoda Park.

Skirting the News

By BEVERLY

In a thrilled voice Mrs. R. E. Dupuy, 407 North Colorado Street, told of a long distance call she, her husband, and daughter, Cynthia Ann, received Monday night. What a lot of excitement that one little call aroused in the Dupuy family—every mother can imagine the way Mrs. Dupuy's heart beat when a voice said, "this is the overseas operator and T/5 Robert E. (Gene) Dupuy, Jr., is calling from Anchorage, Alaska."

Gene is Mrs. Dupuy's 19-year-old son, who has been overseas for one year. It will be at least six more months before Gene can return to the United States, but his call will make the time seem shorter.

Gene enlisted in the Army March 1, 1946, for a three-year term. At present, he is working in the Engineer Warehouse Supply and Property office at Fort Glenn in the Aleutian Islands. All is not work for him, however, because his call was from Anchorage, where he is spend-

ing his furlough on a sight-seeing tour. Mrs. Dupuy can display proudly many beautiful pictures that her son, a camera-artist, has taken in Alaska.

P. S. He reports he is "plenty gold."

HAVING A ROLLICKING TIME Thursday night were the BUSINESS and PROFESSIONAL WOMEN at their big "round-up" party, when they "corralled and branded" 10 new members. And for the fried chicken, ranch-style beans, and other delicacies the guests, new members, and old members must thank MRS. J. B. MCCOY, FLOSSIE VAUGHN, MRS. DEWEY POPE, MRS. VERA MCLEROY, and MRS. NELLIE FEELER.

ANOTHER BIG SOCIAL this week chalked-up was the picnic given by the W. W. VIRTUE EMPLOYEES for their families. More than 45 attended.

THE FAMILY NIGHT BAPTIST BARBECUE proved socials did come big this week . . . more than 145 attended the barbecue sponsored by the Baptist Brotherhood, of which W. T. HAGLER is the newly elected president.

HAPPY BIRTHDAY GREETINGS to four-year-old C. W. FOUNTAIN, 37-year-old REV. R. E. CAIN, pastor of the Cotton Flat Baptist Church, and to SHERRY KAY REEVES.

A round of parties began this week feting FRANCES UMBERSON, bride-elect of JOHN C. LUCCOUS, JR., and LOIS TERRY, bride-elect of ARVID W. AUGUSTON, who will exchange vows in a double wedding August 30. . . MRS. JOHN C. LICCOUS, SR., was one of the first hostesses for this round, when she honored her son and daughter-in-law-to-be at a party for the Eastern Star and the Star Study Club. Parties are also scheduled next week for the girls.

Visiting JANICE KNICKERBOCKER this week was PHOEBE LEWIS of Wichita, Kan. . . VELMA GILMORE is visiting BILLIE JANE GERMAN.

WE ARE SORRY TO LOSE JOE ERICKSON and family. . . Mr. Erickson has left to assume his position as manager of the Sandford Hospital in PERRYTON, TEXAS.

A PERSON WHO CAN GIVE YOU MANY INTERESTING TRAVEL TIPS AND RELATE SOME INTERESTING VACATION ACCOUNTS is MRS. J. L. GREENE, who returned this week from a two month's trip to California, the Northwest states, Canada, and Alaska. A boat trip up the Yukon River must have been merely one of the interesting things Mrs. Greene and two children did. . .

TO AND FROM MIDLAND: MR. and MRS. HARRY S. MURRAY are visiting in MICHIGAN. . . MR. and MRS. EARL JOHNSON have returned from RUIDOSO. . . MR. and MRS. B. J. CALLAWAY have been to COAHOMA, TEXAS. . .

HOUSEHOLD HINTS: Won't eggs whip for you? Try a dash of salt added to egg whites for best results. When making an angel cake, always add the salt called for in the recipe to the egg whites before beating.

DO YOU WANT SOMETHING DIFFERENT ON THE DINNER TABLE? Try baked bananas. Place whole, peeled bananas in a well-buttered baking dish, brush with melted butter, sprinkle with salt. Bake at 375 degrees for 15 minutes or until bananas are fork tender.

Spencer Individually Designed Supports

T. N. Wilsons Attend Family Reunion In Christoval

Mr. and Mrs. T. N. Wilson of Midland and their daughter, Mrs. Katherine Shepard of San Angelo, attended a family reunion last Sunday at Christoval Park.

Others present were Mr. and Mrs. L. T. Wilson of Eldorado, Mr. and Mrs. J. W. Wilson of Junction, Mr. and Mrs. R. E. Polk of Mason, Mr. and Mrs. L. T. Wilson, Jr., and children of Eldorado, Mrs. Mattie Kinsey of Mason, Mr. and Mrs. J. M. Logan and Pete Delma and Jack of Eldorado, Mr. and Mrs. R. E. Key of Merton, Edd Kinsey and family of San Angelo, and Mrs. Vada Burns and two sons of San Angelo.

Mrs. Billie Avery Honored In Stanton

STANTON—Mrs. Billie Avery was honored Wednesday with a bridal shower in the home of Mrs. W. L. Clements. Hostesses included: Miss Tillie Morrison, Miss Frances Anderson, Mrs. C. F. Rodgers, Mrs. W. L. Clements, Mrs. C. A. Castleberry and Mrs. Hoyt Britton.

Mrs. Hoyt Britton was at the bride's book. Misses Lila Winter and Tillie Morrison were at the punch bowl. Mrs. W. L. Clements greeted guests at the door.

Summer flowers decorated the house throughout. The bride's book was hand made, a gift from Mrs. Hoyt Britton. Around 100 gifts were sent and brought. Among the gifts were a set of dinner pottery, services for four from the bride's parents, and a set of silverware.

Engagement Announced

RANKIN—Mrs. Elizabeth Rains Rankin has announced the approaching marriage of her daughter, Reba Lou, above, to Max G. Schulz, son of Mr. and Mrs. M. G. Schulz of Artesia, N. M. The ceremony will be read by the Rev. R. L. Herring in the First Methodist Church of Rankin, Sunday morning, August 31. The bride's only attendant will be Mrs. Charles Kappelman of Alpine, while the groom's best man will be his brother, Perry Schulz.

Home Demonstration, 4-H Club Encampment Concluded Friday

JAMIE Manning was elected sheriff of the Midland County 4-H Club Girls' encampment at Coverdale Park Thursday and Friday. Mary Lynn Manning was named recreation leader, and Barbara Hall was elected camp song leader.

The encampment concluded Friday evening with a dinner served by home demonstration club members. Thursday, the girls divided into two groups, one called itself the "pippen ranch," and the other the "buzzard on a rail" ranch. For men of these groups were Martha Olliff and Julia Edith Midkiff, respectively.

The girls practiced making bracelets and necklaces of plastic gimp and lapel pins of felt. Thursday night, in a hat-modeling contest, Patsy B'anscott won first place with a straw hat decorated with 12 vegetables; Martha Olliff won second with a number she called "Miss Dolly of 1947"; and Frances Bond took third place with a "variety store" hat. The headpieces were made by the girls.

Friday, home demonstration club members joined with the girls for an all-day session which was interrupted several times by showers. They were addressed, during the day, by Dr. F. E. Sadler, director of the Midland-Ector-Howard County Health Unit. Following the evening meal, laudatory talks from County Judge Clifford C. Keith, Chamber of Commerce Manager Delbert Downing, and District Home Demonstration Agent Grace Martin were heard by club members and their husbands.

Helen Hickey, Sand Hills, Married In Odessa Church

McCAMEY—Miss Helen Hickey, daughter of Mr. and Mrs. J. P. Hickey of Gulf Sand Hills, became the bride of B. H. Mansell, Thurs-

Helen Hickey

day, August 21, at the South Side Church of Christ parsonage in Odessa, with Rev. E. E. Meyer officiating.

The bride was attractive in her grey costume with black accessories. She was graduated from the Odessa High School last year and was president of her senior class. She has been employed as bookkeeper at the Co-Op Store during this summer.

Mr. Mansell is in the employ of the Gulf Oil Corporation, in Odessa. The couple left on a honeymoon trip to El Paso.

Dr. Pemberton Returns; To Open Dental Offices

Dr. and Mrs. L. B. Pemberton and son, Berneal, have returned from an extended 2,000-mile trip, during which they visited their daughter, Mrs. Charles E. Nelson, in Huntington Park, Calif.

Dr. Pemberton will open his new, modern dental offices at 811 West Wall Street in 30 or 40 days.

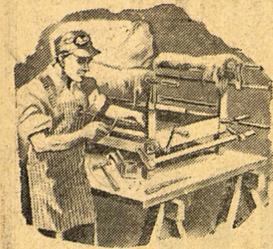

JayCee Directors Will Meet Monday

There will be a directors meeting of the Midland Junior Chamber of Commerce at 7:30 p. m. Monday in the health unit office of the City-County Auditorium.

Important matters of the organization will be discussed and projects outlined. Also some committee assignments will be made.

STANTON NEWS

STANTON — Mrs. Jack Turner honored her husband with a surprise birthday supper in their home Thursday evening. Fried chicken, potato salad, ranch style beans, potato chips, cake and ice cream were on the menu. Those attending were Mr. and Mrs. Ohmer Kelly, Mr. and Mrs. Ray Wright, David and Norman, Mr. and Mrs. Owen Kelly and Bobby, Mr. and Mrs. Wallace Kelly and Carolyn.

Mr. and Mrs. Roy Ebersol have returned from El Paso where they visited their daughter, Mrs. Odell, and granddaughters.

Mr. and Mrs. Edmund Tom have returned from their vacation which took them to Oklahoma City, Dallas where they visited his sister, and Temple to visit her parents, Mr. and Mrs. Rufus Deavenport.

Mr. and Mrs. Jim Toms have returned home after a two weeks vacation in the northwestern states.

Mr. Eiland, the County Agent, and Mrs. Leadbetter, the home demonstration agent, will leave for College Station to the 4-H Club Roundup, each accompanied by three boys and three girls respectively, Sept. 1-6.

Morgan Hall is on vacation at Mineral Wells this week.

Coach Green and the football boys left Friday on the annual football trip. This year they went to Water Valley and plan to be gone until the first of September.

A daughter, Ann Wilson, weighing 7 pounds, 7 ounces, was born on July 29 to Lt. Col. and Mrs. Woodrow W. Wilson, at 115 Station Hospital in Yokohama, Japan. They have two other children, William II, age 6 and Kay, age 4. Col. Wilson, son of Mrs. Lee Wilson, formerly of Stanton, is a graduate of U. S. Military Academy at West Point. He has served with the Engineer Section of the Eighth Army since June, 1944. He arrived in Japan in September 1945, followed by his wife and children last August. He is now executive officer for the section.

The Tarzan Baptist Church is holding a 10-day meeting under the leadership of Rev. W. T. Johnson of Fort Worth.

Rev. and Mrs. I. E. Biggs of Paducah, visited their son, James Biggs and Mrs. Biggs. Mr. Biggs was former pastor of the local Methodist Church. He now is pastor of the Methodist Church in Paducah.

Hall Kennedy is nearing the completion of a new dwelling one and one-half miles west of Stanton.

The Martin County Memorial Hospital has received a new X-ray machine.

Mr. and Mrs. J. S. Lamar gave a piano to their granddaughter twins, Jane and June Lamar, as a present on their ninth birthday.

Tommy Combs of Arch, N. M., is

here visiting his uncle, J. N. McAdams.

Mr. and Mrs. William Vutech and son Jack, of Cleveland, Ohio, and Mr. and Mrs. Vutech of Midland, were recent visitors in the W. L. Clements home.

Mr. and Mrs. Edmund Morrow and son, Billy, spent last weekend visiting in Santa Anna.

Ruby and Hatty McDurmon of Dallas are spending their vacation with Mr. and Mrs. Bland Cross and Mamie McDurmon.

Mr. and Mrs. C. L. McDurmon of Imperial spent the weekend with Mrs. Mamie McDurmon and Mr. and Mrs. Bland Cross.

Franchelle Moore, daughter of Mr. and Mrs. J. W. Moore of Haleyville, Ala., is visiting her grandparents, Mr. and Mrs. J. E. Kelly.

Mr. and Mrs. Hoyt Gilbreath and son, Ronnie, have returned from a week's visit with friends and relatives at Weiner.

Mr. and Mrs. Milton Moffett and two sons, of San Angelo, brought back home Becca Bentley who had been visiting them the past month.

Coming Events

MONDAY

The following circles of the First Baptist Church will meet at 3:15 p. m.: the Lockett Circle with Mrs. Fred Wycoff, 721 West Kansas Street; Mary Elizabeth Truly Circle with Mrs. G. G. Johnson, 1610 West Texas Avenue; Annie Barron Circle with Mrs. W. B. Preston, 707 North Marientfield Street; Mary Martha Circle with Mrs. V. A. Wals-ton, 510 North San Angelo Street.

The circles of the First Methodist Church will meet in the Scharbauer Educational Building at 3 p. m.

The WSCS of the Asbury Methodist Church will meet at 3 p. m.

TUESDAY

The YWA of the First Baptist Church will meet at 7:30 p. m. at the home of Martha Jane Preston, 707 North Marientfield Street.

WEDNESDAY

The Modern Study Club will have a called meeting at 10:30 a. m. at the home of Mrs. Lamar Lunt, 510 Holmsley Street.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barcentrate (formerly called Barcel Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly blot disappears—how much better you feel. More alive, youthful appearing and active.

First Cotton Bale Produced In County Brings Owner \$470.67

H. T. Crawford, producer of Midland County's first 1947 bale of cotton, received a total of \$470.67 in premium awards, sale price of the cotton, and returns from the seed in an auction sale held at the corner of Main and Wall Saturday at 10 a. m.

Buyer of the bale at \$36.55 per hundredweight, was the Farmers Cooperative Gin, represented at the auction by Manager Perry Collins. The competing bidder was the Midland Co-Co Gin, represented by Manager Floyd Countiss.

The bale, weighing 508 pounds, brought \$185.67 in the sale. Seed bid for \$33. And premium awards, contributed by Midland business firms, amounted to \$252. Mac McNeal was auctioneer.

Last year's first bale sold for 55 cents per pound, Countiss said.

Texas' First Traffic Tunnel For Houston

HOUSTON—(AP)—In 1949 Texas will have its first underwater highway traffic tunnel.

The Harris County Commissioners Court is receiving bids on construction of a \$5,000,000 vehicular tunnel at Pasadena that will run 2,200 feet under the Houston ship channel and replace a ferry service that slows both highway and channel traffic.

It will be the first such project in Texas and the second in the South. The project is the first of two being planned to facilitate handling of the tremendous increase of highway and channel traffic that has accompanied the coastal industrial boom.

A second tunnel, a cooperative project between Harris County and the state highway department, will be constructed at Spillman's Island in San Jacinto Bay at the base of the ship channel.

Pre-Nuptial Tea Held For Miss Dorothy Craig In Crane

CRANE—A lovely gift tea at the Community Hall in Crane was a pre-nuptial compliment to Miss Dorothy Craig, daughter of Mr. and Mrs. E. F. Craig, Sr., who will become the bride of Derwood Gaires

Dorothy Craig

in a double-ring ceremony at the Methodist Church, August 27, at 7 o'clock. Chas. E. Whitt, minister of the Church of Christ, will conduct the ceremony.

The hall was colorful with roses, dahlias and hydrangeas. Vases from Japan and lace covers from Brazil were table appointments featured. The register, piano, gift and tea tables becoming vantage points in particular.

Jean Erwin poured punch and Billy Lovelace served the clever individual white cakes decorated with "Dot" and pastel colors. Miniature lambs were favors. Hydrangea formed an attractive centerpiece in a low bowl.

Zoe Reynolds presided over the guest register. Those listed included the hostesses: Mmes. C. P. Brunette, O. S. Reynolds, M. E. Noble, Pete Lovelace, Leroy Brockover, George Teague, W. L. Gregory, R. V. Wilson, Frank Craig, Jr., S. T. Ragsdale, Buck Kelton, John Webb, W. C. Bower, J. H. Hughes, C. B. Hudson, J. C. Regan, Thos. Hogan, Jr., Olen Padgett, E. F. Craig, Sr., and Misses Zoe Reynolds, Jean Erwin, Billy Lovelace, Donna Miller, Berna Lou McCully, Doris Collins and Martha Ellen Murray.

Mrs. Tom Hogan, Jr., presided at the piano during tea hours. The honoree was presented a corsage of pink carnations which she wore on her white dress.

Revenue Department OKs Michigan's Act

WASHINGTON—(AP)—An official of the Bureau of Internal Revenue has reported the federal government has approved Michigan's new community property tax law as entirely legal and constitutional.

The bureau also is understood to regard favorably similar laws pending in Pennsylvania and Nebraska, which will become effective September 1 and September 7, respectively. The Michigan act became effective July 1.

Michigan thus becomes the 11th state with an effective community property act besides the Territory of Hawaii, the states of Arizona, California, Idaho, Louisiana, Nevada, New Mexico, Oklahoma, Texas, Washington, and Oregon to enjoy the splitting of incomes between man and wife for tax purposes.

Mrs. Hudman Fetes Daughter, Son-In-Law With Melon Feast

Mrs. J. C. Hudman, 210 South Marienfield Street, entertained her daughter and son-in-law, Mr. and Mrs. D. L. Lindsey, of Baylor University with a watermelon feast on the lawn of her home at 7:30 p. m. Saturday.

Guests were Mr. and Mrs. C. A. Barton, Mr. and Mrs. D. L. McDearman, Eva Barton, Mal Kidwell, Thelma Jo Brown, Martha Jane Preston, Mr. and Mrs. Fred Arnett, Mr. and Mrs. J. C. Angel, Rev. and Mrs. Raymond Hall, the Rev. and Mrs. Vernon Yearby, and Mr. and Mrs. J. B. McCoy.

Mr. and Mrs. Hudman and Mr. and Mrs. Lindsey will leave Sunday for a week's vacation in Ruidoso.

JayCees Will Erect City Street Markers

Volunteer JayCee workers will meet in the lobby of the Crawford Hotel at 5 p. m. Tuesday to form a group to go and erect street markers in the Southside area of Midland.

These street markers are necessary for mail service in the sector and their erection is a project of the Midland Junior Chamber of Commerce.

Crane Couple To Observe Golden Wedding Day

CRANE—To celebrate their Golden Wedding Anniversary, Mr. and Mrs. J. V. Neeley will hold open house Sunday afternoon.

Mr. and Mrs. Neeley are pioneers of Crane, having come here in 1927. They have three children, 11 grand children, and two great-grandchildren. Four generations are due to be represented when three from Midland arrive for the celebration. Mrs. Clyde Callaway of Midland, is a daughter of the Neeleys; her daughter, Mrs. Tommy McMullins, and daughter, Lynn will add the four generations.

Mrs. Eddie Hawkins of Crosbyton, is the other daughter; and Leon Neeley, Crane, is the son.

Mr. and Mrs. J. V. Neeley were married on a Sunday, August 24, 1897, in Fate, Texas. She was Ethel McCord before the marriage.

Location For County Fair Is Announced

A location to hold a Midland County Fair has been obtained. It will be held at 303 South Colorado Street in a building formerly occupied by Chicago Pneumatic Tool Company and owned by Clarence Scharbauer, Jr.

Dates of the fair are September 19-20 and the public is invited. Exhibits will be shown by communities, clubs, individuals and organizations.

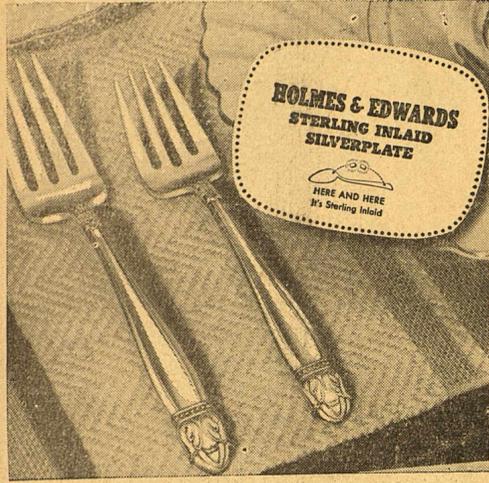

The fair is a project of the Midland Chamber of Commerce.

Community Meeting Tuesday Postponed

A community meeting at Prairie Lee scheduled Tuesday night to which the Midland Chamber of Commerce planned to send a good-will delegation has been postponed. The meeting was to celebrate the opening of a farm-to-market road from Prairie Lee to Midland.

The meeting will be held but a definite date has not been announced.

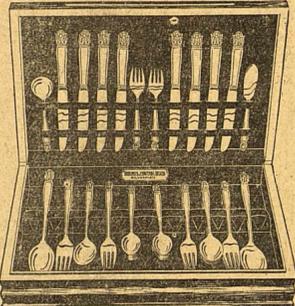

Women's vocal cords are usually shorter than men's, with the result that their voices are higher pitched.

New Practical Gadgets Rate Preferred On List Of The Masculine Vacationer

Waterproofed fortisan fishing shirt and hat weighs 12 ounces, folds up into an envelope between showers.

By KAY SHERWOOD

NEW YORK—(NEA)—New gadgets designed to intrigue men tackle masculine problems with practical, no-nonsense directness. Because of their feather-weight lightness, efficiency or small-sized size, many new accessories devised for the vacationer will rate preferred positions in his luggage.

Rainy day protection for fishermen, for example, which adds only 12 ounces to his gear, is offered by a voluminous "shirt" and hat made of waterproof fortisan. What proves the garment's practicality are the roomy shoulders of the shirt, which allow the caster free swing. Drawstring fastened cuffs and collar keep raindrops from trickling up arms or down a neck.

Protestant Clergy Is Convinced Yugoslavia Is Misrepresented

BELGRADE, YUGOSLAVIA—(AP)—After a two-week tour at Yugoslav Government expense, seven American Protestant clergymen have issued a joint statement here saying they found Yugoslavia to be the victim of misrepresentation and falsification abroad.

"What we have seen has made us deeply conscious of the misrepresentation and outright falsification which are today provoking ill will toward Yugoslavia, whose story, stripped of political and ecclesiastical propaganda, ought to receive a sympathetic and informed interest of world opinion," said the statement, signed by all members of the party.

In the party are Dr. Guy Emery Shipley of New York, Editor of the magazine Churchman; the Rev. William Melish, Associated Rector of the Church of the Holy Trinity, Brooklyn; the Rev. Emory Bucke, Editor of the Zion's Herald; the Rev. George Buckner, Editor of the World Call of the Disciples of Christ; Dr. Samuel Trexler, President of the Lutheran Synod of New York; Claude Williams, Director of the People's Institute of Applied Religion, Birmingham, Ala., and Philip Elliott of the First Presbyterian Church of Brooklyn.

The statement said the clergymen were permitted to move freely and talk with whomsoever they pleased without supervision by Government officials.

Texas Employment Commission Has Difficult Task

AUSTIN—(AP)—Four thousand job-seeking Texans monthly create a mammoth human jig-saw puzzle for the Texas Employment Commission. To fit workers and jobs together properly in the puzzle, commission job counselors have combined equal parts of modern science and old-fashioned horse sense, explains commission chairman, Harry Bengt Crozier.

"Just any job that will pay a living wage" is the frequent request made by the steady stream of job-seekers into the commission's 108 offices throughout the state.

But "just any job" won't do, counselors know.

Among the 20,000 ways a worker has to earn a living today, they must select one way which will satisfy the worker's special abilities, personality traits and interests. Else he will soon be back and the job will have to be done over.

Crozier, receiving a counseling expert showing how a man's recreational interests can fit him for work in a new occupation.

Musician Finds Spot
An orchestra leader with his own band found it necessary to give up his profession because home problems conflicted with his nocturnal working hours.

His only work experience had been as a musician, and, when he came into the commission office, he had no idea what type of employment he would turn to. After several interviews in which various possibilities related to his musical background were discussed, the counselor discovered that during his off hours the musician was an enthusiastic and active sportsman. He also possessed an excellent knowledge of various kinds of sporting equipment.

The counselor suggested he might fit into a selling job with a sporting goods firm. The musician immediately became interested. He liked dealing with people. Employers were contacted and an opening developed with a large sporting goods company. At latest report, the former orchestra leader had become one of the firm's best salesmen and was enjoying his new work.

TEXANS TO SPEND MILLIONS ON PLUMBING

NEW YORK—(AP)—Texas residents, engaged in the largest home-building and repair program in history, will purchase more than \$14,000,000 worth of plumbing fixtures this year, according to a report of the Tile Council of America.

Construction to relieve the housing shortage is responsible for most of this outlay.

The trend toward more than one bathroom in the home is accelerating demand for both plumbing supplies and tile, the report indicates.

One of the first direct mail services in America was established between Worcester, Mass., and Hartford, Conn., Jan. 23, 1846, when Giney Twichell rode the 60 miles through deep snow in two hours and 20 minutes.

Had Extras

Gerald D. O'Neill, 51-year-old bald, bespectacled, paunchy movie extra, had some extra wives—seven, in fact—according to Hollywood police, who charge he married eight women without bothering to get divorced in between dashes to the altar. The women, all middle-aged widows, described him as a fine gentleman.

Midlander Eligible For Science Degree

AUSTIN—A Midland student, John August Behrens, is one of the 114 seniors making up largest Summer graduation class in the history of the University of Texas College of Engineering, school officials have announced. He will be a candidate for a Bachelor of Science degree at commencement exercises August 31.

tion, the young couple left on a wedding trip to Colorado Springs, Colo. They will return to Colorado City to live.

The bride is a graduate of Paris High School and attended Paris Junior College, where she was chosen homecoming queen, best all-around girl, a class officer, and member of Phi Theta Kappa. She is a graduate of North Texas State College, Denton, where she was a member of Delta Chi Delta and was elected Yucca queen for 1943.

The bridegroom is a graduate of the Colorado City High School, attended Texas Technological College, Lubbock, and Texas University. He served in the AAF for three and one-half years and since his discharge has been associated with his father in a jewelry firm in Colorado City.

Midland High School Registrations Friday Total 510 Students

High school principal, Charles F. Matthews, announced Friday a total of 510 students had registered for this year's term. These included 141 seniors, 142 juniors, 83 sophomores and 144 freshmen.

An estimated 50 high school students have not registered, Matthews said, and he emphasized all these should make arrangements to register before the opening of school September 2.

This year's enrollment is slightly larger than last year's, Matthews said. At the end of the 1946-47 term last Spring there were 560 students in high school; by the end of the 1947-48 term next Spring enrollment is expected to total between 560 and 580.

'Papa' Wyche, Lee's Command Prober Is Called Real 'Doughboy's General'

Maj. Gen. Ira T. Wyche and GI: He was like a kindly parent.

WASHINGTON, D. C.—(NEA)—The man Gen. Dwight D. Eisenhower has sent to look into Lt. John C. H. Lee's command in Italy is a real "doughboy's general."

Maj. Gen. Ira T. Wyche, the Army's Inspector General, won that designation as wartime commander of the crack 79th Division. Officers and men of that division attributed no small amount of the outfit's high morale to Wyche's habit of making a daily round of every company command post in his area.

Wyche commanded the 79th's dash across France, the assault on the Siegfried line from Alsace and the Rhine crossing at the Ruhr.

Doughboys on front line posts were accustomed to seeing the diminutive general plough through the mud to inspect their positions, ask questions and give them advice and encouragement. His manner was that of a kindly parent. Behind his back they called him "Papa" Wyche.

CALIFORNIA DEMOCRATS SEEK 1948 CONVENTION

LOS ANGELES—(AP)—California Democrats are out to bring the 1948 Democratic National Convention to California.

State Chairman James Roosevelt appointed a committee, headed by William V. O'Connor of Los Angeles, to work toward landing the convention for Los Angeles, San Francisco, Oakland, Long Beach or San Diego.

The Midland Reporter-Telegram

FIRST WITH THE NEWS

MIDLAND, TEXAS, SUNDAY, AUGUST 24, 1947

SECTION THREE

One Out Of Every Eight Texans Gets Living Out Of Petroleum Industry

DALLAS—One out of every eight Texans gets his living out of the petroleum industry which provides \$1,500,000,000, or 23 per cent, of the state's income, a survey by the Texas Mid-Continent Oil and Gas Association revealed Saturday.

The industry's 48-page annual report, "Texas Oil and Gas, 1947", a source book of official figures in the petroleum activity of the state, emphasizes the scope of oil and gas production, refining, and marketing and its effect on the economy of Texas.

Sitting atop 11,500,000,000 barrels of crude oil in underground formations (55.8 per cent of the nation's known reserves, Texas in 1946 produced more than three-quarters of a billion barrels which was more than the combined output from four leading foreign producing countries—Venezuela, Russia, Iran and Saudi Arabia.

The oil and gas industry spent \$1,524,104,000 in Texas in 1946, the association report showed. Out of each dollar spent 31.5 cents went for wages and salaries, 16.3 cents for leases and royalties, which added together meant that Texas workers, farmers, ranchers and other landowners received nearly half of each dollar spent.

The whole thing is based on good sense and safe driving practices," Garrison emphasized. "Good drivers have been doing most of the things stipulated in the code for years."

As an example of legal modernization, Garrison cited the 1917 clause that required a motorist to slow at sight of a wagon and team and to stop if the wagon driver threw up his hand.

"Texas horses are about convinced that the automobile is here to stay," Garrison said. "We don't need this old law any more. But we do need one permitting passing on the right on multi-lane thoroughfares, and that's one provision of the code."

The code, passed by the recent Legislature, is patterned after uniform laws in effect in 22 other states. One of its chief features is that persons travelling from city to city or from state to state will find traffic laws, signs and signals of the same type.

Hamburger Customer Certainly Was In Bad Humor, Yes, Sir

BALTIMORE—(AP)—The customer definitely was in a bad humor. Mrs. Emma Sullivan, a lunch-room waitress, told police a man ordered a hamburger, and meaning no offense, she asked "How do you want it?"

"Never mind how I want it, just cook it," was the reply. Then, police were told, he picked up a bottle and smashed the glass top of a cash register.

Smashed a glass pie case. Picked up a seated patron and tossed him on the floor. And before getting into an automobile and driving away, it was further reported the disgruntled customer struck another man outside the restaurant.

Baptist World Alliance President Will Speak During Midland Rally

Recently elected president of the Baptist World Alliance, Dr. C. Oscar Johnson of St. Louis will be principal speaker for an all-day rally at the First Baptist Church of Midland Tuesday, September 2.

One thousand church officers representing 34,285 Baptists in this area will attend the meeting to hear reports on the World Alliance meeting in Copenhagen and to plan their church financial programs to meet increasing world needs.

Dr. C. O. Johnson

One of the most popular speakers for club and civic meetings as well as for the pulpits of the nation, Dr. Johnson has been termed "The Will Rogers of Baptist Circles." He is pastor of the Third Baptist Church of St. Louis.

Dr. J. Howard Williams, executive secretary of the Baptist General Convention of Texas, recently returned from the World Alliance, will describe the relation of the Texas Baptist program to world organization.

To aid individual churches in financial planning, demonstrations and conferences led by outstanding laymen and ministers will be featured in the rally. A large evening mass meeting, especially for men unable to attend the day sessions, will have as speaker A. D. Foreman, Sr., prominent Houston business man and past president of the Baptist General Convention of Texas.

Senator Claims Yucca Can Be Valuable Crop

WASHINGTON—(AP)—Rep. Murdock (D-Ariz.) says a new type of agriculture must be employed to get "maximum results and the greatest possible production" from the semi-arid lands of the Southwest.

"This new type of agriculture should use less water for the same monetary value in production, and that may be accomplished, in my opinion, by making the available water supply go further in satisfying needs and also in producing crops which require less water," the Arizona said in a statement in the Congressional Record.

The problems of making the water supply go farther, and finding crops which require less water must be overcome or the Southwest will be "cruelly limited in its population growth," Murdock predicted.

Need New Crops

"Undoubtedly, new crops must be introduced into the semi-arid region which will produce as much economic wealth as is now being produced and which will require much less water than present crops require," he continued.

"I believe that is possible. Most of the plants we grow in our semi-arid regions are importations from other lands."

Among new crops which Murdock said he believes may be developed are safflower, a plant native to India, and Yucca, which already grows wild throughout the west.

He added there is "no doubt" about the value of yucca products. "The only question is—and I think that has almost been solved—in regard to the harvesting of yucca foliage and extracting its products with labor saving machinery at low cost."

"If the harvesting of natural yucca from the desert can within the near future be profitably done, the next step would be the cultivation of yucca as a row crop. I am informed by scientists this is easily possible, and there is no reason to suppose yucca under cultivation would require any more water than it requires in natural growing on the desert."

Murdock's statement did not list the uses to which either safflower or yucca may be put.

Refrigerator Units Up For Spot Bid Sale At Midland Air Terminal

Opportunity knocks for buyers in the Midland area who are interested in walk-in refrigerators and compressor units, air-conditioning units, heaters, and cafeteria equipment. These and other miscellaneous items will be sold on informal bid at a spot sale at the Midland Army Air Field (Midland Air Terminal) according to an announcement made Friday by the El Paso Customer Service Center of War Assets Administration.

Inspection and bidding will be August 27 and 28 from 9 a. m. to 4 p. m. Awards will be made August 29 at 10 a. m.

The property is offered for sale in odd lots and is open for sale to all buyers on a non-priority basis. Further information may be obtained at the El Paso WAA Office, 620 Magoffin Avenue.

Cub Scouts Of Crane To Visit Caverns

CRANE—All boys between the ages of 9 and 12 who are Cub Scouts or interested in being, are invited to make a trip to the Carlsbad Caverns Monday.

A bus will transport the boys, leaving at 5 a. m. from the school gymnasium. A competent driver, H. G. Bell has been secured, and men will accompany each den, or group. Among them will be F. F. Adams, R. N. Hester, P. O. Vines, Bill Preslar, and Slim Miller, with others to be named as they can make arrangements to go.

Breakfast is scheduled in Pecos, dinner in the caverns. The sack lunch taken along will suffice for supper on the return trip home in the evening. Cub masters and officials stressed the fact that the boys would be well taken care of.

WEATHER BALLOON FIRES IMAGINATION

EASTON, WASH.—(AP)—A Forest Service lookout excitedly reported by shortwave radio he had spotted a fire burning high in the mountains.

Seven fire fighters toiled four hours over tortuous trails to the scene, while the lookout kept up a running commentary on the "blaze." Finally they found it.

A red weather balloon parachute was flapping gently in the wind atop a tree.

MIDLAND VISITORS

Jimmie Don Nelson of San Angelo and John Keith Nelson of Wichita Falls are visiting with their cousin, Jerry McDonald, son of Mr. and Mrs. J. M. McDonald.

Texas oil and gas pipelines total 65,720 miles with 22 major Texas projects totaling 8,584 miles currently under construction or planned, of which 1,530 miles will be laid entirely within the state.

Texas plants in 1946 refined 66.2 per cent of all the oil produced in the state, a total of 503,431,000 barrels. Refining added \$273,564,000, or one-fourth, to the value of Texas crude oil.

Texas in 1946 furnished 44 per cent of the nation's natural gas—more than 1,750,000,000 cubic feet. Nearly 13,000,000,000 cubic feet of new gas reserves were discovered during the year. By processing methods, the industry also recovered from gas wells 65,196,131 barrels of petroleum products, which included condensate and crude oil, natural gasoline, and propane and butane.

Chiropractic offers you **NEW HOPE!**

Chiropractors teach that you have all the elements of health in your body at all times. The secret is to let it out, to clear the nerve channels, to give nature a chance and all will be well.

As chiropractors see it, the nervous system directs and controls all bodily functions. That being true the nerve force within must have free access between the brain cells and the tissue cells that make up the glands, organs, and other structures of the body, if health and normal function are to be maintained.

In the body economy, the spinal cord with its spinal nerve trunks form the link between the brain and the body. The spinal cord is encased within the spinal column and gives forth its branches through grooves, between the vertebrae. That being true, the spine must be in normal alignment at all times, else nerve trunks will be pinched. This results in lowered resistance, disturbed function and eventually ill health. Chiropractors are trained to locate and adjust this spinal cause of disease. They set free nature's forces and she begins at once to build and repair the structures of the body.

V. L. Case No. 10,055, woman, age 48, had headaches, was nervous and suffered with a tension in her neck. There was also pain at the end of her spine, indigestion and a feeling of tiredness all the time. Under Chiropractic care, all these symptoms disappeared.

V. L. Case No. 11,767, woman, age 39, complained of low back pain and extreme nervousness. She had some headaches but was distressed more with a choking sensation that she thought came from her heart. There was also a tired feeling that was present all the time. After spending much time and going to considerable expense with other methods, she tried Chiropractic and is now feeling fine.

McCamey News

McCAMEY—Mr. and Mrs. L. C. Steele, Jr. and children left Friday to visit the Carlsbad Caverns and to visit his brother Mr. and Mrs. Gordon Steele and family at Eunice, N. M.

Mr. and Mrs. W. E. Grimes and family of Eunice, N. M., are visiting in the home of L. T. Grimes and family.

Ruth Javne Steele has been visiting her sister Mrs. Beth Dahn at Garland the past week and returned home Wednesday accompanied by Mr. and Mrs. Dahn, who will visit her parents Mr. and Mrs. L. C. Steele Sr. Before returning to their home they will visit his brother in Eunice, N. M.

Paul Patterson and Mrs. Patterson are visiting with friends in McCamey the past week. They have just returned from Mexico City where they were seven weeks studying the Spanish language. The Spanish Language Seminar, sponsored by the U. S. Office of Education, was held at the National University of Mexico.

Mrs. Louise Gibson and children, Freddie and Rhonda Beth, left Monday for Houston where they will visit Mrs. Gibson's sister, Mrs. Stanley Kokimor. They will visit another sister of Mrs. Gibson, Mrs. L. L. Work of Victoria and her father, Mr. J. E. Rains of Tom Ball.

Mrs. Fronie Hitt returned Tuesday to her home in Wink after several days visit in the home of her daughter, Mrs. G. W. Wilson and family. Mrs. Witt had just returned from Salt Lake City where she had visited a granddaughter. She was accompanied by Mr. and Mrs. Bart Bascom of Hobbs, N. M., and Mr. and Mrs. Frank Bascom of Iran.

Mr. and Mrs. Howard E. Stoker left Thursday for Fort Worth where Mr. Stoker will attend a meeting of the district presidents of the State Teachers Association.

At a regular meeting of the McCamey Lions Club, M. O. Woolam of Andrews, Lions district Governor, gave an encouraging lecture on Lionism. The speaker also gave a report on the International Convention of Lions held in San Francisco last month, and told of interesting and jovial incidents of the trip.

Guests of the club Monday were the speaker, his wife and daughter; Jesse Russell, A. M. Moore and T. E. Coleman of Kingsville.

BACKING HUBBY UP TO THE HILT

PHILADELPHIA —(AP)—Leonard Snyder, World War II veteran, has seven children instead of four, and a firm belief in the saying that a true word often is spoken in idle jest.

Recently Snyder told friends, "This time my wife is going to have triplets."

Mrs. Snyder gave birth to a girl and two boys.

Eyes Have IT

Maybe it's the heat wave, but the Hollywood press agents have had a million-dollar dream about comely film actress Janice Carter. They say Janice has applied for that many bucks worth of insurance on her eyes because, her studio claims, she has "the sexiest pair of eyes in the world."

Amnesty Is Given 'Little Nazis'

BERLIN —(AP)—A proclamation issued by Marshal Vassily D. Sokolovsky, Russian military governor, has granted amnesty to the thousands of "little Nazis" in their occupation zone in Germany.

The action, similar to steps taken previously in the American zone, grants the right to vote and to hold office to all Germans in the Soviet zone who formerly had been nominal members of the Nazi party but had not committed "crimes against the peace and security of the peoples of Germany or other nations."

Sokolovsky said the decree would permit those affected to participate in "the democratic reconstruction of Germany."

The proclamation also charged German administrative officials "with the task of removing, within a period of three months, the former active fascists and militarists who hold public and semi-public offices and corresponding posts in important private enterprises."

PHILADELPHIA —(AP)—The police at the Eighth and Jefferson Street station say they have no use for cats who seem to regard their office as a maternity ward and are too well fed to bother with such trivia as mice.

Says Sgt. Frank Harkins: "The cats seem to regard this station as a kind of a maternity ward. They run in here, give birth to their litters, and then they run out."

They get fed so well by the policemen, including the sergeant, that they refuse to chase mice.

HONG KONG DESTRUCTION

It is estimated that 70 per cent of Hong Kong's European dwellings were destroyed or damaged during the Japanese attack and occupation.

South Takes Care Of Its Veterans

MONTGOMERY, ALA. —(AP)—Eighty-two years after the war between the states ended, the South still pays more than \$3,000,000 a year to care for its Confederate heroes and the widows of their fallen comrades.

Eleven states maintain separate pension systems for veterans of the War Between the States. Oklahoma did, too, until this year, when the legislature abolished it and turned the affairs over to the Public Welfare Commission which administers the old age pension program.

Some states provide assistance for negro servants who waited on their Confederate soldiers, and one, Virginia, cares for needy daughters of the veterans.

But for the most part, the pensions go to the fast-thinning ranks of those who fought the battle of Dixie, and to the widows of others who have died.

Less than 100 veterans are listed on the pension rolls in the 12 Southern states, but the rolls of widows total about 5,000. This is explained by the fact that many of the ex-warriors married women considerably younger than themselves.

Nearly one-fourth the total amount spent each year for Confederate assistance comes from Texas, whose annual pension roll is \$715,200 and whose pension rate ranks with Alabama's as the highest.

Two married veterans in the Lone Star state draw \$150 a month each, and 11 others who live in the Confederate Home receive \$100 a month. Alabama, which no longer maintains a home, pays each of its four remaining veterans \$150 a month—a payroll of \$338,000 a year.

Alabama pays \$50 a month to each of its 553 widows, and Texas has 1,144 former Confederate wives who draw the same allotment, plus 40 who live at the home and get \$25 a month.

Next to Texas, the largest yearly expenditure is in Georgia, where the pension payroll totals about \$524,000. Georgia pays its six veterans \$75 a month and its 867 widows \$50.

Five veterans are still living in Arkansas. Total yearly pension payments are estimated at \$8,500.

Most birds keep their mates for one season and then often change to another.

Citizens Urged To Attend Council Meet

The proposed million dollar bond issue for the city will be discussed at the regular meeting of the City Council at 8 p.m. Tuesday, when individual citizens and representatives of civic organizations are urged to be present to express their opinions and suggestions concerning the calling of the bond election.

City officials said this is the time for citizens to express themselves on the proposed bond issue for civic improvement, and they hope to have numerous suggestions.

The meeting will be held in the City Hall.

The land of which Arlington Cemetery, Va., is now a part was sold in the 17th century for six hogshead of tobacco.

Plan To Train DP's In U.S. For Argentine Jobs Is Hinted By Brewster In Backwash Of Hughes Hearing

Senator Brewster heads home. There's more in the brief case than the Hughes hearing.

WASHINGTON—(NEA)—Widening ripples of the Howard Hughes-Senator Owen Brewster feud are lapping on far away shores of Europe and Argentina.

The State Department is in on the matter, examining a plan backed by Brewster, Maine Republican, and other Maine citizens to bring displaced persons from Europe to Maine and train them there for technical jobs in Argentina.

First news of the hitherto unpublished plan leaked from Brewster himself in a telephone conversation from his home in Dexter, Me., where he has gone for his vacation—and to recover from the rigors of his clash with Hughes before the Senate War Investigating Subcommittee.

In answer to a question regarding his controversy with millionaire plane maker Hughes, Brewster answered irreverently with the news of his plan for DPs.

"They are plotting to attack me on this (the plan)," he said.

He continued:

"The State Department and the War Department know about this plan. I'm trying to get European displaced persons into Argentina to relieve us. (Presumably he meant the United States.) They are plotting to attack me on this. I speak as an American citizen and I suggest before you approach this from the news point of view you do it from the point of view of your country."

A high State Department official confirmed that the department was looking into the plan, but would not reveal its exact nature except that it was formulated by "a group of people in Maine" with Senator Brewster's backing.

Sources outside the State Department said the Brewster plan was to bring the displaced persons from Europe to Passamaquoddy, Me., a now deserted village built as part of a giant but never-completed project to harness the tides for power.

At Passamaquoddy, which the War Surplus Administration now has up for sale, the DPs would be trained in technical subjects. After several months, they would be sent to Argentina to take technical jobs.

The nearby city of Eastport, Me., reportedly would benefit in that its tax structure to pay for the utilities it extended to the now-defunct Passamaquoddy would be broadened by the addition of the displaced persons. This would presumably relieve

Deserted Passamaquoddy: Brewster would turn it into a technical training center for European DPs destined for Argentina.

the tax burden on those living in Eastport.

When he revealed his plan to train the DPs for Argentina, Brewster also lashed out at Hugh Fulton, former counsel for the Senate War Investigating Subcommittee. Fulton, who more recently had been a legal aid to Hughes, last week accused Brewster of falsely stating that Fulton had threatened Brewster with

"brickbats" if he didn't call off the Hughes probe.

Fulton said Brewster is a "paid representative" of the Argentine government. It is known that Fulton has been considering a job as Argentina's representative in the U. S., but sources close to him claim he has not actually accepted the assignment, despite having talked it over with the White House.

BOY'S WOUND DRESSED ON ADVICE FROM HAM

LAS ANGELES, CALIF.—(P)—An amateur radio operator relayed medical advice from Los Angeles to Polynesians in the South Seas to enable an anthropologist there to treat a 6-year-old native boy who had suffered a serious head wound.

The operator, Frank Cuevas, Jr., said he had been in touch with Thor Heyerdahl, 32, leader of a group of Norwegian scientists who sailed 4,000 miles on a log raft from Callao, Peru, to Rarotonga Island in the Polynesians, arriving Aug. 7. He said Heyerdahl asked for instruction on how to treat the native boy. Cuevas got it from Dr. Alfred Scheffel at Los Angeles' Georgia Street Receiving Hospital and radioed it to Heyerdahl.

U. S. ARMY PURSUES BIGGEST BOMB TESTS

FARGE GERMANY—(P)—The United States Army has dropped three nonexplosive samples of the world's biggest bomb, the 25,000-pound "Amazon," to test penetration power, but the bomb's indicated effectiveness still is an official secret.

On the third trial recently, bombardiers in a B-29 who had waited six days for good weather were several yards off the target—a one-time Nazi underground U-boat factory with 24 feet of steel and concrete on top.

On the first two tests, within the last few weeks, direct hits were scored. No demolition test was attempted.

Why Congressmen Fight To Get Chairman's Job

By J. FRANK TRAGLE
WASHINGTON—(P)—What's so hot about being the chairman of a congressional committee? Why do men strive—even fight—for the job?

Well there's more to it than the satisfaction of hearing yourself called "Mr. Chairman."

Become a chairman and you can pack a political wallop. You can, if you're in the mood, influence legislation like a Caesar on stilts. And with little effort you can get more attention than a two-headed calf.

There are two kinds of committees in the House and Senate:

1. Standing committees. These are permanent, like agriculture or labor. Bills are sent to them for consideration. They can even write their own bills and recommend them for enactment.

2. Special committees. These are not permanent. They are set up for a special purpose. For instance, the Senate's special committee to study problems of American small business.

Lets take the chairman of a standing committee. He gets in the news because he runs the hearings, frequently does most of the questioning.

Important bills prepared by his committee almost always bear his name. Other bills assigned to his committee he can push by calling them up for prompt consideration. Or he can kill them by refusing to have them considered.

A committee—or the House or Senate—can overrule a committee chairman. But it doesn't happen often.

Now look at a special committee. It doesn't write legislation and so its chairman may not have any bills named for him. But he does all right. Because usually the committee comes to be identified in his name.

Of course, if a committee comes a cropper, the chairman stands to collect the blame too.

But any member of Congress is willing to take the chance. He figures the odds are with him. Harry S. Truman once headed the Senate War Investigating Committee. And look where he is.

In the 11th Century, William the Conqueror took steps to protect the fair name of British beer and ale, by appointing a royal taster or "conner" of the brew.

Austin Girls Declare Skirt-Length Should Not Get Any Longer

AUSTIN—(P)—Rebellion is being incited among the shapely-legged fairer sex at the State Capitol.

In so many words, they told fashionable dress designers that skirts should not be longer any longer.

Banded together under the title of Anti-Down-With-the-Skirt-Girls, the mutinous maidens and matrons remained anonymous behind the state policy opposing personal publicity for its employees.

But a charter petition in circulation, nevertheless, was said to have claimed the signatures of all the girls in two state offices and was on its way to other offices.

Three men also had signed. "With longer skirts, much of the pleasure of the passing parade is lost," explained a male supporter. He also was opposed to the added expense of buying the new models for the little woman.

Said Paragraph 4 of the girls' charter:

"Now we don't claim to have

"Grable gams, nor prettily turned ankles a la Turner, but the average American gal, thank goodness, does have a decently passable pair of underpinnings. And we certainly don't intend to regress to the days of our grandmothers and hide them in yards and yards of ruffles and faces (however dainty they may be). We'll bet you have heard comments from mothers and grandmothers and maiden aunts that envy our freedom in clothes—that in their day a girl couldn't be comfortable outside her own boudoir."

The main protest, according to the instigator and her coworkers, is that the added expense is unjustifiable, and that the near-ankle-length skirts will compel the working girls to replace their entire wardrobe.

Privately owned timber comprises about 80 per cent of the commercial forests of the United States.

Fight Against Menace Of Venereal Disease Goes On Silently In Midland

Every 11 days a bus goes from Midland to San Antonio. It carries VD patients from Midland, Odessa and Big Spring, and it's usually well filled. "VD" is a trade term for venereal disease, a public health enemy which its staunchest fighters believe will never be entirely whipped in America but which must be battled constantly in an effort to keep its ravages at a minimum. Dr. F. E. Sadler, director of the Midland-Howard-Ector County Health Unit, last week reported there is a growing number of persons riding the free bus to San Antonio. This is not necessarily an indication of increased number of persons infected with a venereal disease. It is the result of the work here, during the past two months, of a special VD representative from the State Health Department in Austin. Transported to San Antonio C. G. Haley, the representative, came to Midland about two months ago to work under Dr. Sadler and assist in the fight here against the elusive syphilis and the dreadful gonococcus. Though his official sphere of operations takes in a 23-county area, he has found so much to do in Midland, Howard and Ector Counties he has not worked in the rest of his district recently. In July, records at the health unit show, 22 syphilis patients were sent from the tri-county unit to

the Mission Medical Center in San Antonio. These patients were indigent, unable or unwilling to receive treatment here. They were transported to San Antonio at state expense, kept there 10 days, given an intensive penicillin treatment and brought back. During their treatment they were furnished clothing and excellent food. The majority of the patients were negroes or Latin-Americans, but there were also numerous whites in the group. Figures for August were not available last week, but Haley and Sadler said considerably more patients have been taken to the medical center this month than in July. Only syphilis patients are taken to San Antonio for treatment. Gonorrhea patients who decline to pay for their own treatment are taken care of in the local medical unit. A private physician in Midland works there one day each week. As a VD representative, it is Haley's job to seek out persons afflicted and see to it they take proper treatment. He has no official authority to compel a VD victim to accept treatment—even treatment at state expense. Neither has anyone else, for that matter. Only in a dictatorship, Haley says, would a person be forced to undergo medical treatment. However, city and county law enforcement officials are empowered to confine persons carrying VD and hold them until they decide to be treated. Midland County officers, Haley said, have been cooperative especially in this respect. VD victims usually are discovered as "contacts." That is, they are reported by other victims to whom they have passed the disease. For example, when a patient checks in at the San Antonio hospital, an interrogator asks him where he might have picked up the disease. Names given the questioner are sent back to the unit from which the patient was sent, and the investigator checks to see that the

Seven More Rooms To Be Built In Kermit's New County Hospital
 KERMIT—Construction of Winkler County Hospital facilities and estimates of supplies and equipment have progressed far enough the county is now assured of adding seven additional rooms to the Kermit unit now under construction. This announcement was made this week by George H. Berryman, county hospital administrator. Excavation was started this week for this addition, which will measure 45 feet by 35 feet and will include four semi-private rooms, two four-bed wards, and a furniture storage room. This will give the Kermit hospital a total of 32 beds, with a maximum of 45 beds in case of emergency. The enlargements will add approximately \$30,000 to the cost of the buildings and equipment. Increases in construction costs, after the county voted a \$325,000 bond issue, caused a curtailment in original plans, and a smaller local unit than first planned is now under construction.

Winkler County Will Have Representatives At Highway Meeting
 KERMIT — Representatives of Winkler County Commissioners Court are to appear before the Texas Highway Commission in Austin on September 9 to request straightening of Highway 115 from Kermit to Wink, according to an announcement by County Judge J. B. Salmon. Judge Salmon stated the changes to be requested would eliminate a dangerous curve on the route where a number of fatal accidents have occurred, and also would shorten the distance between the two towns from 10 to eight miles. Judge Salmon also said he will be in Austin the day before the hearing, Monday, September 8, when the State Highway Commission is scheduled to make an announcement regarding the designation of the proposed Broadway to Big Bend Highway.

JayCees Will Erect City Street Markers
 Committee chairmen of the Midland Junior Chamber of Commerce have been appointed and are announced. They will direct various projects of the organization for 1947-48. Committee heads include: Americanism and government affairs, Irby Dyer; agriculture and aviation, Alfred Petty; Christmas activities, Ernest Neill; safety, cleanup and fire prevention, James Mims; public health, Riley Parr; youth welfare, I. B. Ridgeway; personnel and membership, Pat Stanford; publication and public relations, Johnny Rhoden, inter-club relations and extension, Ernest Nance; finance, Don Sadler; social affairs, Tommy Henderson; sports, H. C. (Nub) Jones. Dr. H. L. Schlichting and Frank Woods will alternate every six months as program chairmen. Parr is secretary of the board of directors of the JayCees.

FAMOUS CHURCH GETS NEW PAINT
 NASHUA, IOWA—(P)—The Little Brown Church in the Vale, immortalized in religious hymn, is getting its first coat of brown paint in nearly a decade. Mecca of 50,000 visitors yearly, it was built 87 years ago. South Africa has no jungles, being in the South Temperate zone.

Uninitiated onlookers at south Georgia's bright leaf tobacco auctions are generally puzzled at what seems a complete lack of bids. The reason is that buyers, trying to keep their bids secret, use a series of weird signals—winks, grunts—then pinches—to mystify other buyers. Above, during auction in Nashville, Ga., the camera catches auctioneer Carlton Morris, center, receiving a sharp pinch-bid from warehouseman Bob Dale, while Dale's competitors, left, go on examining tobacco, unaware that a bid has been made.

Dirt, Squirt And Quirt

— FARM, DAIRY AND RANCH NEWS —

Andrews County ranches are in better condition than those in many other parts of the Southwest. In fact, according to word received in Midland last week, ranchmen of that county are adding more cattle to their ranges.

Ellison Tom purchased 600 cows and calves in the Roswell area to put on his Andrews County ranch. And ranchmen from the Cheyenne N.M. section are pasturing 1,000 cows, half of them with calves, in the county.

J. Smiley Triplett, Amarillo cattle buyer who handles about as many Texas cattle as anybody in the state, recently wrote, in his opinion, the cattle market is pretty safe as far as prices are concerned. However, summer heat in the Mid-West and general weather conditions indicate unfavorable feed prices and may possibly be reflected in softening cattle prices later, he said.

He and his associates have contracted large numbers of West Texas calves for fall delivery at up to 20 cents a pound straight across. They have about 20,000 feeder steers to receive in October alone for California buyers.

Forrest King and Frank Williamson, directors, and C. O. Thomas, secretary, of the Midland Production Credit Association, went to Houston last week for a visit in offices of the Federal Intermediate Credit Bank.

Fifty-six years ago this month, there was a drought in West Texas. Only a few in Midland remember that summer or the attempt by Department of Agriculture scientists to bring forth rain by man-made explosions.

"There's always a lot of rain during a war," people have said since the discovery of gunpowder. "It must be the explosions."

Under command of General Robert S. Dyerforth, a group of chemists, balloonists, electricians and meteorologists landed in the city and began explosive preparations on the C Ranch north of here.

J. Arthur Johnson, who was living here and ranching on the Pecos River at the time, remembers the experiments. Most Midland County residents were prone to josh the scientists, he says, but still there were plenty of people who thought there might be something to the rain-follows-explosions idea.

"All my cowboys quit the ranch to help with the experiments," he remembers. "But they finally went back to work."

The first explosives were touched off Aug. 10. The scientists were just practicing, they said, and were not making a serious attempt to bring forth rain for the parched prairies. Nevertheless, 10 hours after the explosion it rained in Midland. General Dyerforth proclaimed there would be an honest-to-good-

MILK PRODUCTION UP

In the two decades prior to World War II, milk production per capita remained fairly constant, but during the war per capita consumption of whole milk and cream rose 26 per cent.

3,950,000 ALCOHOLICS

DWIGHT, ILL.—(P)—James H. Cughton, Jr., director of the Keeley Institute, a medical institution for the rehabilitation of alcoholics, estimates there are 3,950,000 alcoholics in the United States.

Maybe this is the job for you!

Is getting a job your big problem right now? Maybe we can help.

Have you ever thought about being a telephone operator? It's a girl's job—and a good one too!

No experience? Doesn't matter—you learn (and earn, of course) as you go along. And telephone work has always held a fascination that's hard to describe. Why not see whether you can qualify?

The chief operator at the telephone office will be glad to talk it over with you.

ness, he-man explosion on Aug. 15. Fifty balloons filled with explosive gas and 50 kites with tails of dynamite would be set off all at once, he said. Furthermore, 50 big charges of explosives on the ground would be fired at the same time.

Everybody figured if these 150 explosions all rolled into one didn't bring moisture, the drought would just naturally have to wear itself out.

Something interfered with the general's plans, and the explosions were postponed until Aug. 20, and then only two balloons were fired. Two hours later, Midland got a pretty fair shower, according to dispatches sent out by the flock of newspaper correspondents sent to cover the experiments.

These reports brought Midland to national attention. And in Washington, Department of Agriculture officials were convinced the showers following the explosions were no mere coincidences.

Then, bad news went from Midland to the outside world. The scientists began to argue about their respective duties. Some of them claimed they were not supposed to fool with explosives. Soon they had disappeared. Cowpunchers dragged off pieces of abandoned equipment at the ends of their lariats, news-men reported, and all was chaos.

"All I remember about it," J. Arthur Johnson said last week, "is that it didn't amount to a thing in the world."

Mrs. W. A. Hutchison reported a three-quarter-inch rain fell Wednesday afternoon on her ranch on the line between Midland and Glascock Counties.

Just to the west, on the Frank Midriff ranch, heavy showers were reported the same day.

Roy Priest of Rankin was in Midland last week and reported he has a bunch of two-year-old ewes for sale at \$17 per head.

Morris Cooper of Midland reports that in the last week or 10 days he has sold 400 calves to a local buyer and has purchased 250 cattle in Pecos County.

C. T. Mahler of San Angelo and his son, Gus, of Garden City, were visitors in Midland last week.

John Reed of Sterling City, here on business last week, reported his ranch is certainly in need of rain. However, he has had a good summer. Two months ago he shipped his crossbred lambs to Fort Worth and received from \$23.50 to \$25.75 per hundredweight for them. They weighed around 75 pounds, returning more money than John expected when he marked them last spring.

AFRICAN WARRIORS
The Zulu and Masai tribes in Africa were formerly great warriors and training started at an early age. Warriors were forbidden to marry until they attained the age of 40 and were too old for the warrior class.

No flowering plants occur within the Antarctic circle adjacent lands.

HOUSTON—Continuing gains in passenger traffic are shown in figures for the month of July released by Robert J. Smith, president of Pioneer Air Lines.

During June the company established new records for passengers carried only to have them exceeded in July.

A total of 5,858 passengers provided 1,568,019 revenue passenger miles of flight during July as contrasted with 5,627 passengers flying 1,504,969 revenue passenger miles in June. In July 1946, 1,761 passengers flew a total of 508,084 revenue passenger miles, which illustrate the growth of Pioneer Air Lines in the last 12 months.

Express shipments during July were up to 11,828 pounds carried from the previous record in June when 11,577 pounds were flown. Pioneer carried 28,927 pounds of mail during July.

Free India Gets Off on the Right Track

"The Spirit of New India," first of 16 streamlined locomotives to be built for the railways of newly-independent India by the Baldwin Locomotive Works, is pictured during ceremonies at Philadelphia, Pa., where the streamliner was christened with a bottle of wine.

Rotary Club Picnic To Be Held Aug. 29 At Cloverdale Park

The annual Midland Rotary Club barbecue and "get-together" for members, their families and guests will be held at Cloverdale Park at 6:30 p.m. next Friday, T. Paul Barron, general chairman of the event, announced Saturday.

This event will replace the regularly-scheduled Thursday luncheon, he said.

Tom Sealy is in charge of the evening's program, which will include musical entertainment.

The committee in charge of food preparation includes H. S. Collings, Paul Ebooks and J. L. Tidwell.

The serving committee, of which Chester Shepard is chairman, is comprised of Barney Greathouse, Fred Fromhold, W. C. Tillman, Henry Murphy, Don Sadler and H. C. Cheshire.

Percy Bridgewater, Barnes Milam and Alfred Petty make up the policing and parking committee.

Pioneer Air Lines Reports Big Gains

HOUSTON—Continuing gains in passenger traffic are shown in figures for the month of July released by Robert J. Smith, president of Pioneer Air Lines.

During June the company established new records for passengers carried only to have them exceeded in July.

A total of 5,858 passengers provided 1,568,019 revenue passenger miles of flight during July as contrasted with 5,627 passengers flying 1,504,969 revenue passenger miles in June. In July 1946, 1,761 passengers flew a total of 508,084 revenue passenger miles, which illustrate the growth of Pioneer Air Lines in the last 12 months.

Express shipments during July were up to 11,828 pounds carried from the previous record in June when 11,577 pounds were flown. Pioneer carried 28,927 pounds of mail during July.

First Graders, New Students To Enroll Monday And Tuesday

First grade students here will report to their respective schools for enrollment between the hours of 9 a. m. and 4 p. m. Monday, school officials announced. Parents should accompany the beginners.

The students are urged to bring birth certificates and summer roundup forms.

All students who did not attend Midland schools last year, with the exception of first grade and high school students, will report to their respective schools Tuesday.

The Midland schools will open the Fall term Tuesday, September 2.

Registration for all new students in the Sixth, Seventh and Eighth grades will be Monday and Tuesday, August 25 and 26. This registration includes all students of these grades who did not attend Midland schools last year.

NEW TEETH GIVEN OLD SAW SCORNING PENNY - WISDOM

RANGELEY, ME.—(P)—For three years, Clarence Ellsworth of Eastley, S. C., had been saving spare pennies by dropping them through a crack in his attic floor.

On a fishing trip here, he learned in a letter from his wife the weight of the 1,672 pennies broke through the ceiling of his living room.

A carpenter said it would take three-fourths of the nest egg to repair the damage.

Chamber Of Commerce To Stage Membership Meeting Tuesday Noon

The fifth general membership luncheon of the year of the Midland Chamber of Commerce will be held at noon Tuesday in the Crystal Ballroom of the Scharbauer Hotel, John P. Butler, president, announced Saturday.

A program of interest to all citizens will be presented, and members, both men and women, are urged to attend. Visitors also are invited.

Chamber of Commerce officials pointed out the luncheons are for the membership and afford members an opportunity to express ideas and suggestions concerning management, operation and planning of their organization. The attendance at previous meetings has been most gratifying, they said.

RAFT IS NO GOOD IN DRY RIVER BED

FORTH WORTH —(P)—The drought dealt two Fort Worth boys an ace from the bottom of the Trinity River.

Kenneth Chenault, 17, and Bill Neitach, 18, got as far as Dallas in their rubber life raft on their way to the gulf.

There, they were told the river was dried up near Ennis.

They said they might try it again soon, starting at a point below Ennis.

GREEK NAVY CREWS WILL TRAIN IN U. S.

ATHENS—(P)—Dwight P. Griswold, head of the American aid mission in Greece, has announced Greek naval crews would be sent to Norfolk, Va., for training and would return with six motor gunboats recently transferred to the Greek Navy.

Good Relations And The Labor Law

It may be that the Taft-Hartley Act, like the 18th Amendment, will be honored more in the breach than in the observance. At least a pattern has been set by concessions granted the big mine workers' and auto workers' unions which neatly sidestep any liability for unauthorized strikes.

How well these concessions hold up remains to be seen. Some lawyers argue that even if a company signs a contract like the present Ford-UAW agreement promising not to bring suit because of an unauthorized strike, it can still sue the union for damages without liability for breach of contract. The theory is that a federal law is bigger than an agreement between private parties. Other lawyers think that a no-penalty contract would be legal and binding.

Another obscure point concerns a third party injured by such an agreement. A parts supplier might have to close down or lay men off because of an unauthorized strike at Ford. A railroad might have to cut its service or an industry might have to shut down because of a similar strike by coal miners.

What should the injured party do—sue the union or the company? Or should he place a charge of unfair labor practices, under the Taft-Hartley Act, with the National Labor Relations Board and ask for an injunction?

There are plenty of features of this law, as of any new and complicated law, that must be interpreted by the courts. The various evasions worked out even before some parts of the law go into effect are only going to add more complications. But these added difficulties need not be too troublesome if there are enough intelligent executives like David Dubinsky, president of the AFL International Ladies' Garment Workers' Union, and D. W. Figgis, president of the American Can Company.

Dubinsky does not like the Taft-Hartley Law. But he is not going to refuse to sign no-strike contracts where ILGWU retains a union shop.

Figgis has this to say to his employees: "The company will operate under the new law with full respect for its responsibilities to its employees and their authorized representatives. There is no thought other than to continue the sound principles of human relationships which we have followed in the past, and to improve them wherever we can."

The noteworthy thing about these two examples is that relations between ILGWU and the garment industry are a shining example of labor-management co-operation, while the American Can Company has had, as Figgis says, "relatively few misunderstandings" with its workers.

Dubinsky apparently doesn't hear any chains rattling in the law. Figgis doesn't seem to consider the new law a license to take advantage of labor. So it may turn out that the many intelligent managements and unions now enjoying happy relationships will find that this pleasant state can continue under the Act of Congress which, some labor spokesmen promised, would spell the end of democracy and establish fascism in America.

No Long Engagements

CIO President Murray wants his organization and the AFL to relegate their "minor differences" to the background and get together on political action. AFL President Green insists that there must be an AFL-CIO merger before anything else is done. The future of these two organizations may not be blissful, but Green is going to insist that it be wedded.

"Divorce Denied!"

Number Of Polio Cases Rise In 32 States, But Average Is Low

By The Associated Press

The year's sharpest rise in the number of infantile paralysis cases occurred the week of August 10-16—with increases noted in 32 states—but the 1947 total to date remains the lowest since 1942.

Only two communities in the nation found it necessary to take unusual precautions during the sudden upsurge. Swimming pools have been closed in Wilmington, Del., and swimming has been prohibited at a summer camp on Long Island Sound, Conn.

Furthermore, reports from 30 states which have figures on deaths available, show only 30 so far this year, compared with 338 in those same states a year ago, when the nation suffered its worst outbreak since 1916.

In Delaware, 28 of the state's 48 cases have occurred in Wilmington—12 of them in the past few days. Swimming pools were ordered closed in Wilmington as a precautionary measure.

The swimming ban at the Connecticut summer camp followed discovery of a single case.

The public health service noted sharpest increases in Illinois, Michigan, Iowa, Delaware, New York, Idaho, Minnesota, and California.

Decreases were noted by the health service in figures for Wisconsin, Missouri, the Dakotas, Kansas, Georgia, Tennessee, Louisiana, Texas, New Mexico and Utah.

Remount Service Will Be Ended By Military

WASHINGTON—(AP)—The Army Remount Service, a subject of much debate in both Houses during the last session of Congress, is busy sending 1,000 mules to Greece.

It is also carrying on its regular horse breeding program, though the Army has stated it intends to drop this activity because the need for horses in military operations has virtually disappeared.

In line with its plans to abandon the Remount Service, headquarters of the Northwest Area at Sheridan, Wyo., of the central area at Lexington, Ky., of the Southwest at San Angelo, Texas, and West Central at Colorado Springs, Colo., have been discontinued.

The breeding farms at Front Royal, Va., Pomona, Calif., Ft. Reno, Okla., and Ft. Robinson, Neb., are still operating by virtue of a \$350,000 appropriation tucked into an appropriation bill near the close of the session when it became evident legislation proposing a transfer to the Agriculture Department could not be passed before adjournment.

The Remount Service has just reported its 1946 breeding program produced 7,293 foals in 1946.

It said 467 stallions are at stud, most of them in the hands of agents outside the stations.

The Maori people of New Zealand, once a dwindling race and believed headed for extinction, are now increasing in numbers.

EQUIPMENT FAILS, DIVER IS RESCUED

WOODS HOLE, MASS.—(AP)—A student at the marine biological laboratory was rescued recently when the oxygen supply in his diving outfit apparently became exhausted at he sought specimens in 12 feet of water off the bureau of fishers pier.

Leonard E. Stiegel, 23, of Orchard Place, Cedar Knolls, N. J., was brought to the surface by Roy Andrew de Metri of Porterville, Calif., who located Stiegel on his third dive.

De Metri was informed of Stiegel's plight by botany instructor Hannah Crossdale of Hanover, N. H., who noticed the life line to the student had become slack.

Dobie's Future At University Is Up To Administration

AUSTIN—(AP)—J. Frank Dobie's future as a professor at the University of Texas "depends on the administration" the Summer Texan, University student newspaper, has quoted the folklorist as saying.

Dobie, outspoken critic of the University administration and Board of Regents since the dismissal of Dr. Homer P. Rainey as president, has been on leave of absence four years. A new rule adopted by the regents in January, requires faculty members to return to duty after one year's leave of absence.

The Texan said Dobie has applied for another leave this fall and quoted him as saying: "I do not intend to teach at that time, and as for whether I will teach in the spring, depends on the administration."

University President T. S. Painter said the matter would go before the English Department in the next few weeks but declined to comment further, the Texan said.

New Zealand is about 1,000 miles long, divided into North Island, South Island and Stewart Island.

STANTON NEWS

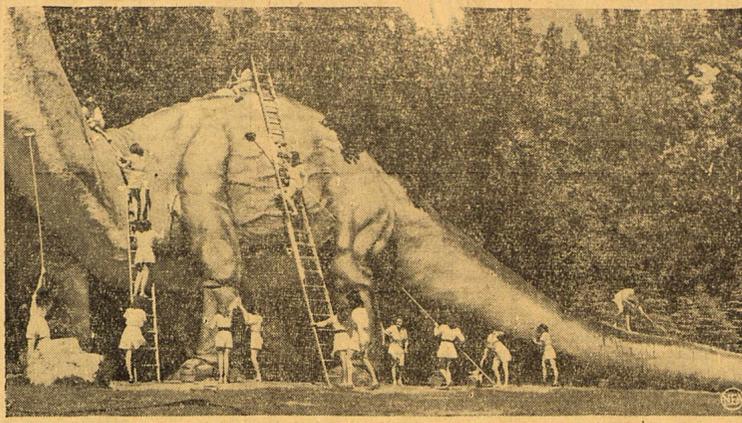

Sir Laurence Graffey-Smith, 55, has been appointed the first high commissioner to represent Great Britain in the new dominion of Pakistan, India. A veteran diplomat, he has spent most of his career in the Moslem countries of the Near East.

STANTON—Mrs. B. J. Stroub left Tuesday for Tucson, Ariz., to visit her mother.
Mrs. Beatrice Stoub left Tuesday to visit friends in Houston.
Tom Smith of Courtney was the first in Martin county to gin a bale of cotton this year. It was ginned at the Co-op gin and weighed 550 pounds. He received 35 cents per pound which netted him \$218.22 plus a premium of \$165.
Gene Douglas celebrated his 15th birthday Tuesday with an outing at the Big Spring City Park. Those present included Earl Flowers, William Tendsay, Guy Henson and Ellis Bennett.
Mrs. Wilma Bell of Tucson, Ariz., is in Stanton for a two weeks vacation with her mother, Mrs. John Payton. Mrs. Bell is employed with the telephone company in Tucson.
The Lion's club met Monday night with 28 Lions present. The Methodist friendship Sunday School Class served luncheon to the group.
From New York
Mr. and Mrs. Earl Buchanan stopped over Tuesday night from New York where he has been attending college on his way to Bisbee, Ariz., to visit his parents. He

visited his uncle and aunt here, Mr. and Mrs. Mason Coggins.
Eual and Vivian Ferguson have returned from a vacation trip to Comanche and the Long Horn Cavern.
Mr. and Mrs. Ben Carpenter and Ben, Jr., spent Tuesday in Lubbock.
Drivers licenses were issued Tuesday to Betty Carroll Bennett, Sam Rhodes, R. B. Robinson, Tasy Wilderson, Sue Houston.
Edwin Bond's house burned Tuesday in the Courtney community when an oil stove exploded. Mrs. Bond received burns and is in the Stanton hospital.
An ice cream supper was staged Tuesday night for the Courtney ball team by sponsor, Oliver Von. Those present: Bob Cross, Taylor Cross, Billie J. Smith, Len Hull and family, L. R. Shoemaker, Benny Kelly, Jimmie Gasple, Burnet Howard, Charles Kenimer, Glen Stewart, Mr. and Mrs. Troy Bradshaw, Mr. and Mrs. Dub Graham, and family, Leslie Hull and family, Lea Williams and daughter, C. Howard, Patsy Smith, Ruth Parker and Lila Flanagan.
Farewell Party
A farewell party was given at the Baptist parsonage Monday night in honor of the Rev. and Mrs. Robert Lee Hugley, who will make their home in Roby, Texas. Ice cream and cake were served to approximately 75 guests.
Mrs. W. M. Blocker and Mrs. George Blocker of Hobbs, N. M., visited in the home of their mother, Mrs. Alice Myrick, recently. Mrs. Myrick returned home with them for a few days.
Mrs. Wallace Kelly and Caralyn have returned from Houston where they have been visiting her father, S. M. Glick.
Horace George, Bill, John Jr., Marshall, J. W. Earl and Walter Blocker and Mr. and Mrs. J. W. Blocker and Mrs. W. H. Mun of Odessa attended the Blocker and Bennett reunion in Hillsboro, last weekend.
Sheriff and Mrs. Morris Zimmerman spent last weekend with relatives in Pecos.
Mrs. Bob Latimer has returned from Andrews where she has been visiting her parents.
Anita Shankle left Wednesday for Amhurst to attend a four-day house party at the home of Dr. and Mrs. Birdsong.
Mrs. H. L. Halle and son R. T., and daughter, Carol Ann, of Hale Center visited Mr. and Mrs. Jack Turner Monday.
Mr. and Mrs. Peter Tom have as their guests their daughter-in-law, Mrs. Ronald Tom, and daughters of St. Louis.

BIG BUSINESS
The U. S. postal savings department ranks in size and amount of business with the largest U. S. financial institutions, with deposits totalling \$2,659,600,000.
Some varieties of fuchsia, grown in New Zealand, achieve the size of a small tree.

'Scrub Team' Tackles 'Monstrous' Job

Girl members of the Sat-Teen Club and Beta Sigma Phi tackled a caveman-sized job when they offered to give reproductions of prehistoric monsters, in St. George's Park, Calgary, Alberta, their annual scrubbing. Photo above shows girls, some of them on 35-foot ladders, at work on "Dinny," model of a 90-foot brontosaurus

More than 7,500 varieties of American apples are recorded but only about 50 varieties are of commercial importance.
Only a quarter of the area of the Union of South Africa has a mean annual rainfall of more than 25 inches.
Timber from soft-wooded trees is sought for lumber and pulp; from hard-wood trees, for furniture and veneer manufacture.

Charley Keller . . . at Home

Sidelined for the rest of the season—and the World Series—Yankees' outfielder Charley Keller recuperates at his Frederick, Md., home following a spinal operation. While getting a good long rest Charley explains a few pointers on a pet hobby—fishing—to his three youngsters. Left to right, Donald, seven; Martha Jean, four and Charley Jr., nine.

Men Sometimes Rebel Against Apparel Style

By JACK RUTLEDGE
Associated Press Staff
Texas women aren't the only ones protesting new styles—Texas men are rarin' back on their heels, too.

The movement has been slow, and not as sensational as the revolt led by Dallas women, a revolt that has become nationwide. But it has been steady and in the long pull may have more results.

A male comfort club, started years ago, rebelled against the wearing of coats and ties in Summer months. 'The club is strong in Fort Worth. It has spread to Sherman, Tyler, Corpus Christi, elsewhere.

Bob McCracken of Corpus Christi long has advocated sports shirts for men on Summer days—and they now have a Bob McCracken day down there.

Newest of the male comfort clubs is the one sponsored in Tyler by the Courier-Times-Telegraph. Slogan of the club is no coat, no tie, no neck to fry. It also has a little poem: shuck your coat, shed your tie; look at the girls—they don't fry.

Advocates Shorts
And a brave gentleman named Neil Fletcher of Dallas recently appeared on the main street dressed in shorts, T-shirt and moccasins.

A Chicago visitor commented he wore shorts all the time back home, and added Europeans all wear shorts in formal clothes. He said—and we still wonder how he got away with it—Texas men just haven't the courage to follow suit.

As to the new Fall styles—well, for one thing, men don't have the incentive women do to raise Cain. Regardless of changes, they won't have to discard current wardrobes, because there aren't any current wardrobes except in the upper brackets, and they can afford it.

Men's clothing didn't bounce back like women's clothing—many items are still scarce.

Anything men buy is just that much grayer, and not a replacement. Last Fall many experts said the derby hat was coming back. Well, it isn't. We got it straight from the horse's mouth—that makers aren't going to offer derbies again because they last too long. They last for years, killing annual sales which are low enough as it is. A survey indicated American men buy one-half a hat a year.

The big trend, therefore, seems to be toward Summer comfort. There's not much to argue about this Fall. Except to back up the women in their campaign, as every good red-blooded American boy certainly will.

GAME CASINOS PLANNED

LOS ANGELES—(P)—Sanford Adler, operator of hotels in Las Vegas, Nev., and Del Mar, Calif., told the Examiner recently that negotiations are under way for opening gambling casinos in Agua Caliente and Tijuana, Mexico, at a cost of \$1 million.

McKenney on Bridge

By WILLIAM E. MCKENNEY
America's Card Authority

While the squeeze play is quite common in bridge, it is always a thrill to make one. The player who finds himself caught in the squeeze is in a most uncomfortable position, which quite often he could avoid.

Any time that the opponents get into a seven contract, and you hold high cards in two suits, you may feel quite sure that you are going to be squeezed.

Suppose that you held the West cards shown today. West should realize that his opening lead tells the opponents where the queen of hearts is, and the thing to do next is to try to mislead the declarer.

South wins the opening lead with the ace of hearts, and leads a small diamond to dummy's jack. West can see that he must make five discards. If he discards the

FUNNY BUSINESS

—By MERRILL BLOSSER

Employment Service Is Integrated To Provide Statewide Assistance

For every 100 workers placed on jobs in their own community through services of the Texas Employment Commission, one is sent to a job in other localities, a recent report from the commission stated. Employers frequently call for workers with skills not to be found in their own community, and it is then necessary to try to find workers elsewhere. However, as a result of exhaustive tests of workers' capabilities, it is possible for the commission to send an employe to a distant job with confidence the worker will prove satisfactory. TEC offices throughout the state work together, listing with each other jobs and workers which they are unable to bring together locally, the report explained.

MANILA BUSINESS DELEGATION EMBARKS

MANILA—(AP)—A small but influential group of Manila business men embarked recently on a movement to erect trade barriers to safeguard Philippines industry from what it calls "a colonial economy."

Driving force behind the movement is J. Salvador Araneta, acting president of the Philippines chamber of commerce. He opposed American equal opportunity as provided in a recent national plebiscite.

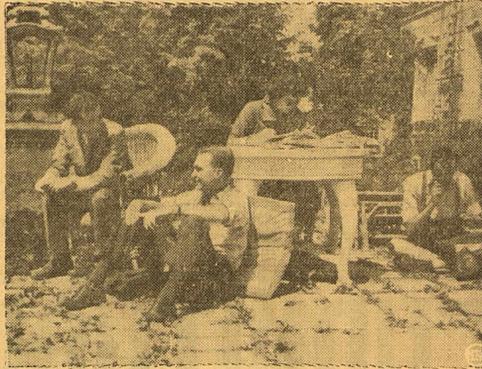

The announced aim is to set aside some restrictions of the U. S. Bell trade act, which authorized the presidents of the two countries to reach executive agreement covering trade relations for the next 27 years.

Araneta said "many of us believe that free trade with the United States and tying our peso to the dollar at the high two-to-one rate of exchange established a colonial economy for the Philippines."

Former Enemies Are Now Students Who Study U. S. Culture In Salzburg, Austria, Private Seminar

Prof. Wassily Leontiev of Harvard lectures on economics in the library of Castle Leopoldskron. His ideas will reach several national economic planning boards whose members are in the class (above).

New outpost of American ideas: On the terrace of Castle Leopoldskron, Clemens Heller, who conceived the Salzburg Seminar, Prof. Benjamin Wright of Harvard, Mrs. Alfred Kazin, wife of a literary critic, and Vittorio Gabrieli, once jailed for anti-fascist activities, discuss and study American culture.

The lungs of many birds are extended by connections with hollow bones.

Editor's Note: Last June NEA Service and The Reporter-Telegram brought you a preliminary report on the first postwar effort to get world students—from both the Allied and enemy nations—together at Salzburg, Austria, to study American culture. Here is a story on what is happening there now, at what may become a new international university.

By KENNETH LYNN
NEA Special Correspondent
SALZBURG, AUSTRIA—(NEA)—An ex-Luftwaffe pilot and a Dane sit quietly talking about American literature.

Elsewhere in the baroque Castle Leopoldskron here, once home of dramatist Max Reinhardt and now site of the first postwar international university, are a Czech priest and a Czech Communist, a Viennese journalist who was chief contact man for his nation's underground, and more than a hundred other students studying together peacefully.

Only the Russians and Poles are missing. The Russians ignored the invitation. When the Conference of Foreign Ministers in Paris broke down, the Poles sent regrets on the grounds that they hadn't been given sufficient time to send someone to the school this year.

Restored Castle
The Salzburg Seminar, a private enterprise, is jointly sponsored by the student council of Harvard University and by the International Student Service, an education organization with headquarters in Geneva, Switzerland. It was the idea of Clemens Heller, formerly of Vienna and since a graduate student at Harvard.

Students from all over Europe were invited. No political strings were attached. The only requirement was that they know how to read and speak English and that they be a student of some phase of American culture.

Thirty Americans and more than

100 Europeans from 16 different countries started arriving more than a month ago.

American money and the energy of Austrian and DP workers rushed restoration of the Castle to make it livable after years of neglect and bombing during the war. Windows had to be installed, walls and ceilings repaired and furniture located. Some of the results have been incongruous; in the fantastic bedrooms of the old Castle stand starkly utilitarian beds released by an Austrian war hospital that closed last Winter.

The political beliefs of the students vary as widely as their nationalities. For a while this worried the Seminar's sponsors. The danger of an explosion never materialized.

If the French and Germans have not become friends, they now at least talk and argue together instead of ignoring one another as they did when the Seminar first opened. The idea of inviting Germans—while not Nazis, at least members of the Wehrmacht—seems to be paying off; for the first time since 1933 American books and ideas are getting through to young German scholars.

The effect of this study of American culture, from the U. S. Constitution to incidental revelations in informal sessions between American professors and their students, has been incalculable.

Classes are held every morning except Sundays. Smaller discussion groups meet in the afternoons. The most popular subjects are American literature and economics.

Prof. Wassily Leontiev a Harvard economist, considers students working with him as among the best he ever had. Many are members of the national economic planning boards in their native countries.

Today the Seminar has become a

Try It On a Moose

Fish ignore fish-caller tried out by Chicago outdoor editor Bob Becker in Lake Michigan. They swam to opposite end of tank in similar test at aquarium. When Becker wrote that he had never heard of a fish-caller that worked, he was deluged by irate replies from 38 states. H. C. Stotts of Kalispell, Mont., forwarded the fish-caller.

new and effective outpost for American ideas and ideals in Europe.

Students will stay on at the castle this Winter, using it as a rest home. Next Summer the Seminar will reopen.

If it can continue, it may become the first permanent world university.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, AUG. 24, 1947—5

ITU HEAD SAYS HE'LL DEFLY LAW

CLEVELAND—(AP)—President Woodruff Randolph of the AFL-International Typographical Union said recently no matter what laws were passed, he did not believe union printers and mailers would work alongside non-union employes or handle non-union products.

Addressing approximately 1,000 persons at the Union's opening convention session, Randolph declared ITU members would "do what comes naturally" if attempts were made to change working conditions in newspaper composing rooms or printing plants.

The Taft-Hartley bill bans the closed shop.

PATIENCE AND HOUSING GROW SHORT TOGETHER

LEXINGTON, KY—(AP)—An elderly widow went to police recently for housing relief—16 persons in her six-room house were too many, she said.

It started with two daughters, a lady friend and herself. Her son married and brought home his bride, she said.

In order, the extra tenants were the bride's mother; her son's sister-in-law and three children; two more sisters-in-law of her son, and finally three of her son's newly acquired brothers-in-law.

The best the police could do was to advise civil action to remove the extra tenants.

New Autopilot Shows Twice Old Power

MINNEAPOLIS, MINN. —(AP)— First autopilot of a new design and part of a \$2,000,000 Army Airforce order for installation on B-50 and B-36 bombers have been delivered by the Minneapolis-Honeywell Regulator Company, the manufacturer. Alfred M. Wilson, Vice-President of the aeronautical division of the company, described the new autopilot as about half the weight, twice as powerful but smaller and more accurate than the autopilot the company built during the war. The new autopilot has been designated as the F-6.

be engaged at any time by the push of a button no matter in what position the plane is flying. It also has an automatic recovery feature, he said, whereby the pilot may push a button to put the plane quickly into a straight and level flight even if it is in a stall at the time.

Wilson said the safety feature was developed to insure safe flight if the pilot is temporarily incapacitated by smoke in the cockpit, by a bird crashing through the windshield, or in other similar emergencies.

Auto Age Samaritan Does Favors For Friends And Now He Hasn't Any Friends And Is Broke Besides

CLEVELAND —(NEA)— If a smooth-talking stranger approaches you, says he can get new autos, and suggests you pass the word around, don't call your car-hungry friends.

Call a cop.

Chester Budny, Cleveland, learned that lesson the hard way. A month ago he was a prospering young businessman, with a thriving music store. He did a favor for a friend—he arranged for the purchase of a new car.

Today, the 27-year-old Budny is broke. His store is gone and his days and nights are hounded by threats and lawsuits. His future is desperate, his family frantic.

Budny, father of two children, veteran of the Pacific jungles, got mixed up as an innocent go-between in a \$100,000 automobile swindle and his world fell apart.

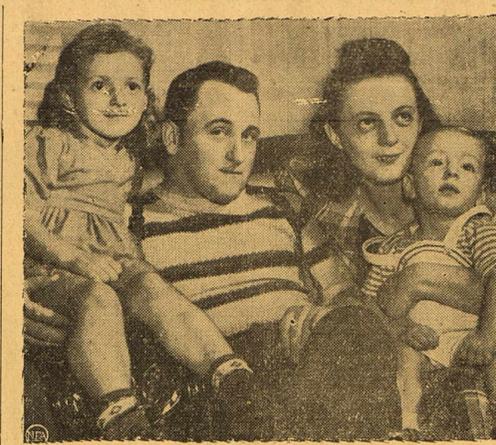

Police believe that Budny never cheated anyone of his 25 close friends who gave him \$38,350 to "get me a new car in a hurry." The friends are close no more.

Police know that someone took the \$38,350, delivered three cars and gleefully skipped town with the money.

For days, now, the 22 others who insisted that Budny "be a good fellow" have been harassing him. Budny did what he could to appease them. He sold his half-interest in his music store for \$3500 scraped together \$600 more and gave the \$4100 to five of the most desperate of the swindle victims.

"I paid back what I could, and what I could was all I had," Budny said today. "Look, I have \$26 in my pockets, all the money I have in the world. I don't know what I'll do. I never cheated anybody. I got gyped, too."

Three lawsuits have been filed

Chester Budny and family: After losing his business, they're all he has left, except for \$26.

against Budny, and one already has resulted in a judgment.

The slick "automobile agents" were at work approaching workers in industrial plants late last month, glibly offering to get them new cars, urging them to tell friends.

Favor For A Friend

One of those approached was a friend of Budny's. He knew that Budny wanted a new car, gave him the rooming house address of the "agents", Budny went to see them, gave them \$2400 cash for a car for himself and his brother.

Then the word got around that Budny "knew someone."

A friend asked him for that fatal favor. He wanted a Plymouth. Budny approached the "agents". Sure, they just happened to have a Plymouth, they grinned. And, say, why didn't Budny take orders from his friends, they asked. They would give him \$25 on each car.

Within a day they delivered the Plymouth and word flew around the neighborhood.

Budny took a few cautious orders, and the "agents" promptly turned over two new Buicks. That

Army Maneuvers In Snow Planned

WASHINGTON—(AP)—Heat both-ering you? Then give a look at the War Department's plans for "operation snowdrop."

Gen. Jacob L. Devers, commander of Army ground forces, recently pinned that label on large-scale maneuvers to be held by air and ground forces at Camp Pine in up-state New York.

Beginning Nov. 1 some 2,800 soldiers will be taught how to build snowhouses, dig foxholes in ice-crusted terrain and try to keep warm. And, of course, how to fight when it's cold.

It will be the first tactical test of much of the equipment put to experimental use last winter in Alaska by task forces "Frigid" and "Williwaw."

The 1947 winter maneuvers will be commanded by Gen. Courtney H. Hodges, commander of First Army which has headquarters in New York.

New York City, in a six-week campaign against ragweed, sprayed 3,000 acres with 850,000 gallons of a killer solution, with a total cost of \$33,000.

really clinched it. People telephoned, sat on his doorstep before he awakened, harassed him until he went to bed. He took 25 orders, turned over the \$38,000.

Then Budny became more cautious. He began refusing his friends. He wanted to see more than three cars before ordering others.

Suddenly, the "agents" said they were going to Detroit for the cars Budny waited three days at his home with his brother and a buyer. They never left the house.

The call to come for the cars never came, but the awakening did.

BURBANK HOAX

An American seed house purchased, sight unseen and for a large sum, a trunk in which the late Luther Burbank, famed horticulturist, stored batches of seeds. The trunk yielded only one new variety: a giant zinnia.

DRUG FOR PLANTS

A new drug, first used by Carnegie Institute, may be brushed on the tip of a plant to shock it. The result has included a bottleneck squash to grow without its neck; spearmint with lemon flavor.

Benjamin Franklin was the first head of the U. S. postal service.
