650 Warplanes Recalled By Army

Speakers At Hospital Campaign Meeting

Hartman McCall, left, safety engineer with the H. H. Oil and Refining Company; Henry Orson, center, credit manager for The Reporter-Telegram; and Paul H. Smith of the Industrial Relations Department of the Shell Oil Company, spoke at the sponsors' dinner of the Midland Memorial Hospital fund campaign Tuesday night in Hotel Scharbauer. McCall presided at the event which was attended by more than 100 representative employees of Midland business firms. Orson discussed the need for additional hospital facilities, and Smith spoke on the plan of operation of Midland Memorial Hospital and the benefits to be derived from the institution by employees and their families.

Cpl. Marion Flynt Services Will Be Held Here Sunday

The body of Cpl. Marion Flynt, Jr., the first of Midland's World War II dead to be returned from Europe, will arrive here Saturday morning, his father, Marion Flynt, was advised Friday by the War Department.

Funeral services will be held in the First Baptist Church at 3 p. m. Sunday, with the Rev. Vernon Yearby, pastor, officiating. Interment will be in Fairview Cemetery, with the Ellis Funeral Home in charge.

Corporal Flynt's body arrived in New York October 27 aboard the USAT Joseph V. Connolly. He was killed December 27, 1944, in the Battle of the Bulge, and was buried in Belgium. Corporal Flynt was a member of the 99th Division Field Artillery, and while the unit was in training at Camp Maxey, Texas, he was adjudged, in April, 1944, as one of the outstanding soldiers in his company of 300 men, by Major General Walter E. Lauer, commanding general.

A member of the 1940 graduating class of Midland High School, Corporal Flynt attended Texas A&M College three years before entering the U. S. Army in 1943. He was a member of the popular junior cow-boy roping team of Midland.

A Purple Heart, awarded by the War Department, was presented posthumously to his father.

Palbearers at the services here will be Clarence Scharbauer, Jr., Roy Parks, Jr., Buster Cole, Bob Preston, Jr., Joe Midkiff, Hugh Corrigan, Jr., Courtney Cowden and Jimmy Harper.

Survivors include the father, Marion Flynt, Sr., a sister, Tela Flynt; an aunt and uncle, Mr. and Mrs. O. J. Hubbard of Midland; and the grandparents, Mr. and Mrs. J. P. Flynt of Ballinger.

The memorial services will be open to the public.

Auction Here Sets Records For Prices And Number Cattle

A record number of cattle and record high prices Thursday marked the first sale of the Midland Livestock Auction under management of the new owner, Don Estes and his assistants "Mac" McConal and "Tab" Marchant.

More than 800 cattle went through the ring, and an unprecedented number of packer buyers were on hand to bid. Major packers represented among bidders included Armour, Swift, Cudahy, Wilson. Fifteen smaller packers also competed for the offering.

More than 50 consignors brought cattle to the sale, which lasted until 9 p. m. Prices were steady to considerably stronger than in recent sales, and topping the entire market was a 1,200-pound Ratliff and Bedford steer fed by J. E. Hill which sold for 26 cents per pound.

Total receipts amounted to approximately \$60,000.

Enthusiasm High In Hospital Drive

Interest and enthusiasm in the Midland Memorial Hospital finance campaign remained at a high pitch Friday as volunteer workers continued their task of contacting citizens for gifts to the fund to erect and equip a modern 75-bed, four-story general hospital here.

Never before in Midland's history have so many men and women been so active in a community project, and never before have the citizens in general been so enthusiastic. Campaign officials and workers are optimistic and predict the drive will be brought to a quick and successful conclusion.

Texas Is Big Puddle Of Water

"Texas was a big puddle of water Friday," the Associated Press reported, "with the most general rains of the season drenching the state from the Red River to the Rio Grande."

Midland County was not exactly a solid lake, but the City Barn gauge registered a snappy 59 of an inch and parched ranges of this area received beneficial relief.

George Glass, in a flying reconnaissance of ranches here Friday, found water standing in pastures all around Midland, although the rain appeared much lighter 20 or 25 miles Northwest of the city.

Amarillo Has Snow

Cotton farmers, going into the final stretch of their picking operations, were not particularly glad to see the rain, since moisture on the ripe fiber now will tend to lower the grade and slow the harvest. However, they said they were not surprised, since moisture is expected sometime during their picking season. As for ranchmen, when asked if the rain would be of any value at this time of year, they said:

"Rain always does some good, regardless of when it falls."

A light snow fell in Amarillo, where temperatures as low as 33 degrees were reported. The heaviest rainfall was at Corpus Christi, 2.6 inches. Dallas received 1.49, Lubbock .75, Fort Worth .85, Amarillo .56, El Paso .37, Wichita Falls 1.36. "Good rains" were reported in South and Southwest Texas.

Department of Agriculture officials said the widespread moisture would not give assurance of a wheat crop, but would sprout volunteer wheat and that planted in dust and would serve to start winter grass and weeds in the Edwards Plateau country.

Five Men Die In Plane Crash

SPOKANE, WASH.—(AP)—Five men were killed Thursday night in the flaming crash of a B-29 Superfortress on Mount Spokane but two enlisted men survived the accident when the tail section of the plane was knocked loose by trees before the plane plowed into the ground.

The two men are Tech. Sgt. Marshall F. Fine, who suffered a possible neck fracture and cuts, and Sgt. Truman W. Haley, who received cuts and lacerations. The condition of both was described as good.

Three deputy sheriffs suffered severe facial burns two hours after the crash when an explosion roared out from the still burning bomber.

Retail Food Prices Hit New Record High

WASHINGTON—(AP)—Retail food prices in September hit a record high, sending the cost of living up another two per cent for moderate-income families, the Bureau of Labor Statistics reported.

The September index is 12 per cent higher than a year ago, 23 per cent above June, 1946, and 66 per cent over the August, 1939 level.

Considerable cloudiness with rain in Panhandle and South Plains Friday night. Colder Friday night, Saturday partly cloudy with moderate temperatures. Maximum temperature Thursday was 53 degrees, minimum 49 degrees. Minimum Friday was 45 degrees.

Violence Flares In Palestine

JERUSALEM—(AP)—Four Britons—two police and two soldiers—were slain Friday in a continuing wave of Palestine underground violence which has cost a toll of 11 dead and 30 wounded in three days.

The police were killed on the Jaffa road in Jerusalem by attackers who fled. The two soldiers were slain in Tel Aviv by bullets from a speeding car.

Police said the Stern gang, a Jewish underground organization, probably was engaged in a campaign of reprisals.

Authorities said the two Jerusalem policemen, both constables, were unarmed and in civilian clothing, when they were shot in the back.

Claim Girl Wounded

However, Jewish sources at the scene said one of the constables was armed, and that as he fell he turned and fired at the attackers. They said his shots injured a small Jewish girl.

Police said a crew of an armed car pursued the attackers through an alleyway and that one was believed to have been hit by gunfire.

Police fatalities in the current wave of violence now total four. One was killed and three were wounded in Haifa Tuesday when a gunman, believed by police to have been a Sternist, fired into a coffee shop. Another was killed and one was wounded in Jerusalem Thursday night when bombs were tossed into a cafe. A British soldier also was killed, and 27 persons in all were injured in that attack.

Tension Heightened

The Tel Aviv shooting Friday morning came during funeral services for five young Jews who were killed Wednesday when British authorities raided a house near Tel Aviv believed to have been a terrorist training school.

Tension created by the wave of bloodshed was heightened by reports that a small ship carrying 1,000 uncertified Jewish immigrants was expected off Haifa some time Friday night.

A Jewish agency spokesman expressed "horror and disgust" at Thursday's underground attacks here and in Haifa, during which four British oil men and a policeman were killed, a British soldier was fatally wounded and 27 other British soldiers and a policeman were wounded.

Squirt-Gun Navy Ready For Battle

NEWARK—(AP)—The heralded engagement between the battleship New Mexico and Newark's "squirt-gun navy" was postponed Friday after the decommissioned dreadnaught arrived outside the harbor three hours behind schedule, too late for the morning tide.

The Coast Guard reported that the towing company whose tugs are bringing the venerable vessel into port said the ship now is due to enter the harbor on Saturday.

A spokesman for the towing company said, the 30,000-ton New Mexico stood five miles southeast of Ambrose Channel lightship, in tow of two tugs. Her progress was hampered by strong headwinds during the night.

Newark's tiny defending force, two 30-foot fire launches armed with chemical sprays and fire hoses, manned "battle stations" at dawn, determined to prevent the decommissioned dreadnaught from keeping its rendezvous with a Newark scrapper which city officials say she must not reach at any cost.

Order Is Issued

Mayor Vincent J. Murphy declared war on the 33,000-ton "New Mex" Armistice Day, ordered the fire boats to patrol the bay channel and block the entry of the once gallant flagship of the Pacific Fifth Fleet. Officials have ordered that no more ships be junked within the city.

As a prelude to the engagement, Newark was under heavy bombardment from many sources. The State of New Mexico entered the fray with an avalanche of outraged telegrams. A New Jersey naval hero, Adm. William (Bull) Halsey, a native of nearby Elizabeth, refused his services and the opposition, in a surprise move, bolstered its ranks with the addition of nine tugs to the three already escorting the New Mexico.

"We're heading right for Port Newark and that blockade have been reading so much about," Walter P. Messick, president of the towing company, said in a defiance pre-battle communique. "Those little boats had better run for cover when we get there."

Blow Which Hurt

The venerable vessel now is owned by Lipsett, Inc., a New York salvage firm which bought it for scrap and leased part of the Newark Naval Base for the junking job.

The blow that hurt most of all was delivered by Admiral Halsey who refused the plea of a Newark friend to give some free advice on how to block the channel.

"I can't help Newark on strategy," Halsey said. "I don't know a damn thing about patrolling channels. I patrolled oceans."

The London Daily Chronicle cabled Newark to find out if a revolution was impending.

"Let there be no dancing in the streets of London," cabled John B. Keenan, city public safety director and "admiral" of the defending fleet. "This is no civil war and no insurrection. This is a battle with a private corporation who wants to make a junkyard out of our seaport."

Trainmen Get Wage Increase

CHICAGO—(AP)—Two railroad operating brotherhoods and the nation's railways announced Friday a 15-cent an hour wage boost for the 200,000 members of the two unions.

The increase, which a joint statement said amounted to \$100,000,000 annually, was made retroactive to Nov. 1. It totals \$1.24 for an eight-hour day.

The unions are the Brotherhood of Railroad Trainmen and the Order of Railroad Conductors.

NEWSBOY INJURED IN FALL THURSDAY NIGHT

John Barnes, a Reporter-Telegram newsboy, was injured in a fall Thursday night and was treated at Western Clinic-Hospital.

The boy fell when stepping off the fender of a car.

SEEK HIT-RUN CAR

Stanton officers Thursday asked Midland officers to watch for an automobile pulling another one in connection with a hit-run case in Stanton.

★ LATE NEWS FLASHES ★

WASHINGTON—(AP)—President Truman declared Friday "disloyal and subversive" employees must be removed from the federal payroll, but promised that no one will be the object of a "witch hunt."

NEW YORK—(AP)—The United Nations Assembly Friday disregarded Russian boycott threats and approved a United States plan for establishing Korea as an independent nation.

TOKYO—(AP)—Another typhoon is headed toward the Philippines.

WASHINGTON—(AP)—Contentions that the French government is clamoring for outside help while its people have some \$2,000,000,000 or more in gold cached away complicated the European aid program Friday. When French assets in the United States are added to the top estimate of gold hoarded in France, the figure runs up to \$4,340,000,000.

LONDON—(AP)—Britain's senior ministers, their faces grim, met in emergency session Friday. The Labor Party prepared to meet a full-scale Conservative onslaught in the wake of a scandal which forced the resignation of Hugh Dalton as chancellor of the exchequer.

Air Force To Bring Strength To 55 Groups

WASHINGTON—(AP)—The United States Air Force is bringing 650 combat airplanes—250 B-29 bombers and 400 fighters—out of storage to bring its strength up to 55 "fully operational groups" by December 31.

An announcement Friday said that approximately 130 B-29s will be assigned to already-active Air Force units in order that groups now only partially operational may be brought up to full strength.

The 400 fighter aircraft will be P-51s and P-47s. The announcement said that no acceleration of the program to recall reserve personnel to active duty was necessitated by the transfer of the 650 airplanes to the operating force. Existing groups to which the planes will be assigned have sufficient personnel, the Air Force said.

The B-29s will be assigned to presently active groups of the strategic air command in numbers depending on requirements needed to bring the groups to full strength of 30 airplanes each.

Churchill Demands Inquiry

LONDON—(AP)—Britain's harassed Labor government rallied Friday to stave off the possibility of a ruinous cabinet crisis resulting from a budget "leak" scandal which forced the resignation Thursday night of Chancellor of the Exchequer Hugh Dalton.

Prime Minister Attlee promptly appointed Sir Stafford Cripps, the nation's economic czar, to succeed Dalton as Treasury chief.

Sir Stafford thus emerged as the undisputed "strong man" of the Labor regime. He now holds the reins of both the Treasury and the drive for economic recovery.

In the House of Commons, Winston Churchill, opposition leader, disclosed he had demanded a full investigation of the incident which led to Dalton's resignation. Some observers saw in this the possibility of a full-blown effort to oust the Attlee cabinet.

Attlee issued a statement in which he said the resignation resulted directly from Dalton's "indiscretion."

Bank Loot May Total \$100,000

ROSEBUD, TEXAS—(AP)—Two unmasked men broke into the First National Bank here at 2 a. m. Friday and rifled safety deposit boxes of papers and valuables which may run as high as \$100,000.

V. D. Nicholson, bank president, said he could not give an accurate estimate of the loot taken, but told Sheriff Brady Pamplin he wished he knew that "it was as little as \$100,000."

The men gained entrance after typing up a nightwatchman. Pamplin, investigating the robbery, remarked to Nicholson: "They may have gotten \$100,000 worth of valuables."

Nicholson replied: "I wish I knew it was as little as \$100,000, but of course I don't know how much or how little."

Nicholson said he had asked renters of the boxes to list their losses with him. The loss was not insured by the bank, he said. It included securities and negotiable bonds.

The night watchman, Melvin Lucas, 52, said that two men came to his office, about 2 a. m., forced him to go with them to a small barn not far from the bank, where they bound and gagged him.

"It was dark," he said, "and I couldn't recognize them."

Lucas said he finally freed himself about 5 a. m., and reported the robbery to City Marshall J. B. Curtis.

When Curtis went to his car to go to the bank to make an investigation he found that two tires of his automobile had been punctured with an ice pick.

Door Is Forced

Entrance to the bank was gained through a rear door, which had been pried open. The knob on a vault was knocked off.

The main vault was not disturbed, only the safety deposit vault, which contained 52 boxes.

Rosebud, a community of 2,000 inhabitants, is in Falls County, approximately 25 miles south of Waco.

The bank is across the street from the Planters National Bank. An attempt was made Oct. 19 to burglarize it. Pamplin said he believed the burglary was committed by the same persons.

When the attempt was made to burglarize the Planters bank, the nightwatchman was slugged.

But the burglars were frightened away when the operator at the telephone exchange near the bank suspected something amiss and turned off the electric lights in the exchange.

Record Price Is Paid For Steers

CHICAGO—(AP)—Doland Ludeman and Company, commission house, reported Friday it handled a carload of black Angus steers which sold at a new record price of \$33. Previous highest was \$37 paid last November.

The firm said the cattle had been fed and shipped in by Schmidt Brothers Farm at Delmar, Iowa, and were bought by Charles Gachop, New York City, who has a hotel and restaurant supply house. The steers graded prime and averaged 1,325 pounds.

Burglary Suspect Nabbed By Officers

Police Chief Jack Ellington and Deputy Sheriff Ed Edwards said Friday they had arrested a 23-year-old Abilene man in connection with the \$300 burglary at Mac's Conoco Station in Midland, October 30.

The officers said they also expected to apprehend another man in connection with the burglary.

McMILLEN TO DRILL WILDCAT IN SOUTHEAST ECTOR REGION

J. W. McMillen of Midland is to start drilling at once on his No. 1 J. H. Emmons, as a 5,000-foot wildcat in Southeast Ector County, about five miles south of Odessa.

The project will be 660 feet from west lines of section 8, block 42, TP survey, T-3-S. It is approximately one mile southeast of the nearest oil wells on the south side of the South Cowden field.

The venture is at about the center of a spread of 2,000 acres owned by McMillen. It will try to develop production in the middle Permian lime, which is the pay section in the nearby field.

Contract to drill the wildcat with rotary has been let to Westlund & Johnson, Inc., of Midland.

OHIO SPOTS PROSPECTOR IN SOUTHEAST CROSBY

The Ohio Oil Company has filed an application with the Railroad Commission of Texas, requesting a permit to start drilling at once on its No. 1 Morgan Jones, as an 8,200-foot wildcat in Southeast Crosby County, about 10 miles southeast of Crosbyton. The exploration will be 660 feet from north and 1,980 feet from west lines of section 140, block 2, H&G survey.

It is on a block of 16,849.25 acres of leases which Ohio owns in that region. The wildcat will be drilled with rotary tools.

E-C WINKLER VENTURE IS DRILLING AHEAD AFTER DST

Magnolia Petroleum Company No. 1 Wheeler, East-Central Winkler County deep wildcat, about 12 miles southeast of Kermit, five miles west of the Wheeler field, and 660 feet from south and east lines of section 13, block 40, psl survey, was due to drill ahead from 11,610 feet in an unidentified line.

The project ran a drillstem test at 11,593-610 feet, with the tool open 30 minutes. Recovery was the 2,000-foot water blanket. There were no shows of oil, gas or water, and no drilling fluid was included in the recovery.

There is no official information available regarding whether or not the current formation might be the Ellenburger.

1 ALFORD IS TESTING ON 11,831-870 FOOT ZONE

Slick-Urschel Oil Company, The Plymouth Oil Company, et al., No. 1 Alford, East-Central Upton County Ellenburger wildcat, 12 miles northeast of Rankin and in section 50 1/2, block Y, P. B. Scott survey, was making a drillstem test at 11,831-870 feet.

The drilling mud showed slight signs of oil and gas while the zone now being investigated was being penetrated.

SE HALE EXPLORATION DIGGING IN BASALT

Stanold Oil & Gas Company No. 2 Fishler, one location diagonal northeast stepout from the lone producer from the Cisco-Pennsylvania in the Petersburg field of southeast Hale County, was making a hole below 8,259 feet in basalt, a volcanic material.

SECOND ELLENBURGER WELL AT DOLLAR HIDE COMPLETES

Magnolia No. 5-DD-B E. P. Cowden, second well to be completed from the Ellenburger on the north side of the Dollar Hide field in Southwest Andrews County, and 660 feet from north and 1,980 feet from west lines of section 4, block A-55, psl survey, reported a 24-hour flowing potential of 1,320.13 barrels of 43.7 gravity oil, natural, from pay at 10,444-124 feet.

The flow was through a one-half inch tubing choke. Gas-oil ratio was 517-1.

HO&C SETS O&G SIGNS IN SE ECTOR PROSPECTOR

Humble Oil & Refining Company No. 1 Vest, Southwest Ector County wildcat, 25 miles southwest of Odessa, five miles north and west of the discovery well for flowing production from the Ellenburger in the Farborough & Allen field, and 660 feet from north and west lines of section 17, block B-8, psl survey, was making hole under 11,519 feet in a dolomite section, unofficially reported to be in the top of the Ellenburger.

It took a drillstem test at 11,480-510 feet. The tool was open two hours. Recovery was the 2,100-foot water blanket, which was cut with oil, gas and drilling mud. Some observers estimated that the fluid was approximately 10 per cent 41 gravity oil.

Thirty-Nine Persons Are Injured In Fire

PROVIDENCE, R. I.—(AP)—Thirty-nine persons were injured, two critically, in a fierce explosion punctuated flash fire which swept the sprawling Recreation Center bowling building Thursday night.

Police said many of the 400 persons who fled "in panic" from the structure escaped or were blown through windows jammed with bowlers seeking exits as the fire spread with "flame-throver speed" through the 150 by 120 foot building.

One death was attributed indirectly to the fire. A spectator dropped dead of a heart attack.

METHODIST YOUNG ADULTS TO COMBINE WITH OATES' CLASS

The First Methodist Church's Young Adult Fellowship Class held a business meeting in the home of Dr. and Mrs. J. F. Gaines Thursday night, during which it voted to consolidate with the class of N. G. Oates, with Oates as teacher.

The group plans to have a Thanksgiving dinner November 22, proceeds of which will be contributed to the class charity fund.

Following the appointment of a committee to arrange the Christmas parade float, coffee and pie were served to Mr. and Mrs. Ralph Mesky, Mrs. Kenneth Shoemaker, Mrs. Freddie Lou Pate, Mr. and Mrs. Keith Stuart, Mr. and Mrs. Paul Wecker, Mr. and Mrs. Bill Smith, Dr. and Mrs. Gaines, Mr. and Mrs. Shorty Nance, Mr. and Mrs. Rex Galloup, Mrs. Johnny Rhoden, and Ella Simmons.

Helen Armstrong Is Honored At Tea

The home of Mrs. Warren D. Anderson, 1209 West Texas Avenue, was the scene of a recent tea honoring Mary Helen Armstrong, bride-elect of Frank Seton of Denver, with Mrs. W. Arthur Yeager co-hostess.

Artistic floral arrangements of yellow ranunculus and white chrysanthemums decorated the reception room, with a bowl of lavender asters and stock centering the tea table which was laid with a white Madiera cutwork cloth. Candlelight highlighted the silver service over which Mrs. Irma Mancill and Mrs. Eleanor Wheeler presided.

Guests were greeted at the door by Mrs. Harris Eastman and Mrs. Lloyd Edwards. Patsy Yeager had charge of the guest register.

In the receiving line were Mrs. Anderson wearing a long afternoon dress of black crepe with a corsage of white gladioli, the honoree attired in a period dress of periwinkle blue fashioned with off-shoulders and a deep hem ruffle extending up the back of the skirt, with a pink carnation corsage, Mrs. Yeager in a purple crepe dress with a pink gladioli corsage, and the honoree's mother wearing a royal blue crepe with white gardenias.

The house party included Mrs. George Glass, Mrs. M. C. Ulmer, Mrs. Ross Williams, Mrs. O. C. Harper, Mrs. Fred Wright, Mrs. Nelson Puett, Mrs. Marion Self, Mrs. Dan Harston and Lula Elkins, all of whom wore gladioli corsages.

In the New England region three-fourths of the farm houses are about 60 years old, according to estimates made recently.

Contract Awarded On Kermit-Andrews Road

AUSTIN—(AP)—The State Highway Department late Thursday announced tabulation of low bids totalling \$1,907,209 on 14 construction and maintenance projects.

Of the low bids, the largest was for \$389,157, submitted by Ernest Loyd of Fort Worth on 20.9 miles of grading, stabilized foundation course, and double asphalt surface treatment. Work will be on Farm-to-Market Highway 703 from Kermit in Winkler County to the Andrews County line.

Warren Enters GOP Presidential Race

SACRAMENTO—(AP)—Governor Earl Warren, only chief executive of California ever to be elected as the nominee of both the Republican and Democratic parties, was a candidate for the Republican nomination for president Friday.

Warren entered the race with only two reservations. He will not make an active personal campaign and will not seek delegates in other states.

Under the circumstances, he is willing to have his name presented by the California delegation at the Republican convention as a candidate.

Recer Transferred To Wichita Falls

Lt. Col. B. W. Rezer, distribution supervisor for the Texas Electric Service Company here, has been promoted to superintendent of electric distribution in TESCO's Wichita Falls district, and will leave Monday for Wichita Falls. He has been with the company here since 1935, with the exception of five years spent in the Army during World War II.

Achievement Day Held By McCamey HD Clubs

MCCAMEY—Achievement Day for the McCamey and Garden Home Demonstration Clubs was held last week at the First Christian Church reception hall.

The exhibits were set up representing different types of handwork accomplished during the year. The displays were of a variety including articles of crochet, embroidery, weaving, handmade dresses, aprons, toy cloth dolls, etching and stenciling.

Area Students Enter Collegiate Rodeo

ALPINE—Jim Watts and John Larsh of Midland and Charlie Hall of Iraan and Eddie K. Norris of Kermit are among Sul Ross College Rodeo Association delegates participating in the John Tarleton Inter-Collegiate Rodeo contests this weekend at Stephenville.

A saddle will be awarded the cowboy with the highest number of points. Winning contestants in each event will receive shopmade boots.

About nine pounds of plastic parts are used in a modern passenger automobile.

ONE LAXATIVE IS ENOUGH

SOME FOLKS keep many kinds of laxatives on hand. They include weak, mild, strong and harsh types for different members of the family. Actually, all you need is a single bottle of **ADLERIKA, THE FAMILY LAXATIVE**. It's a scientifically compounded fine old product originated by a doctor... works quickly, but gently, to move waste through the digestive tract. Stimulates sluggish intestinal muscles equally well for youngsters or older people. Try it—learn why over 20,000,000 bottles have been sold.

Caution: use only as directed. You'll always be your "better self" with **ADLERIKA** on the shelf.

ADLERIKA THE TONE-UP LAXATIVE

Baptists Reelect Dr. Wallace Bassett

AMARILLO—(AP)—Delegates to the Texas Baptist convention which closed Thursday night were told Texas Baptists have increased to 1,000,000 members in more than 3,300 churches and that one out of every two Texas church goers is a Baptist. Last year they raised \$25,000,000.

Dr. Wallace Bassett, husky, genial pastor of Dallas' Cliff Temple Baptist Church was reelected president of the convention for a second term. He had no opposition. Other officers named are Dr. A. D. Foreman, Jr., pastor of the First Baptist Church of Amarillo, first vice president, and Dr. M. L. Rhodes, Houston, second vice president. D. B. South and Roy L. Johnson were reelected secretaries and J. Earl Mead will continue as secretary of the corporation.

U. S. AID IS TOO LITTLE

NANKING—(AP)—Sun Fo, vice president of China, Friday denounced the proposed \$300,000,000 in U. S. aid to China as "a drop in the bucket" and observed "I've always had a hidden suspicion that American friendship was not dependable."

Greek Troops Battle Guerrilla Forces

ATHENS—(AP)—Dispatches from Western Macedonia Friday said fierce fighting was continuing around more than a dozen villages west of Grevena as the Greek Army put pressure on guerrilla forces in what appeared likely to blossom into a major offensive.

VALUE OF CHINESE DOLLAR DROPS SHARPLY

SHANGHAI—(AP)—The value of China's dollar dropped sharply Friday, apparently because proposals for U. S. aid to Chiang Kai-Shek's government fell far short of what had been expected. Latest black market rate was 99,000 Chinese dollars to \$1 U. S. Two days ago it was 86,000 to \$1.

WHEAT AREAS GET RAIN

WOODWARD, OKLA.—(AP)—Rains which measured up to two inches at Hollis in Southwestern Oklahoma fell in the state's wheat growing areas Friday.

Bulldogs Meet Steers Friday

Elementary Contests Are Postponed
West vs. South, elementary schools, games of boy's football and girl's kickball scheduled Thursday afternoon were postponed because of weather.
The games probably will be made up Monday, Wesley Martin, director said.

LEGAL NOTICES 86
STATE OF TEXAS
COUNTY OF MIDLAND
WHEREAS, the following petition has been received by the City Council of the City of Midland, Midland County, Texas, for change in the boundary line of the area in which beer may be sold or dispensed:
To the Mayor and City Council of the City of Midland, Texas,
We, the undersigned citizens and property owners of Midland County, Texas, respectfully request the City Council of the City of Midland, Texas, to amend Section 4 of an Ordinance adopted September 12, 1932, by eliminating certain areas from the areas wherein beer shall be permitted to be sold, such additional prohibited area being described as follows:
BEGINNING at the southwest intersection of Wall Street and Baird Street at the northeast corner of Block 67, Original Town of Midland, Texas, and thence east along the boundary line of Baird Street to the northwest intersection of Baird Street and Kentucky Avenue, thence south along the northeast boundary line of Kentucky Avenue to the northeast intersection of Kentucky Avenue and the alley running north and south through Block 96, Original Town of Midland, Texas, same being the southwest corner of the east half of Block 96; thence north and along the alley through Blocks 96, 95, and 66 to the intersection of said alley with Wall Street, the northwest corner of the east half of Block 67, original Town of Midland, thence east along the south line of Wall Street to the point of beginning.

'B' Bulldogs Play Stanton
The Midland High "B" Bulldogs will play the Stanton Buffaloes at 7:30 p. m. Friday in Stanton.
A good game is promised the fans as it pits Midland's Purples against the first team of Class-A Stanton.

Six District Titles At Stake
By The Associated Press
Barring upsets, six district titles will be decided Friday and Saturday in Texas' Class AA schoolboy grid race.

Odessa, Amarillo, Lublin, Longview, Goose Creek and Arlington Heights (Fort Worth) can clinch championships by winning.
Longview's unscored on Lobos go after their first 11-AA crown in five years Friday against once-beaten Marshall.
Odessa, defending state champion, is an overwhelming favorite to wrap up the 3-AA title against Lamesa, which has won only one game in eight starts this year.

Other Games
Lublin can clinch 12-AA honors by downing Nacogdoches Friday night and Amarillo can do the same in 1-AA with a victory over Pampa Saturday.
Goose Creek needs only a win Friday night against South Park (Beaumont) to settle 14-AA. Arlington Heights faces North Side (Fort Worth) in 7-AA.
Lamar and John Reagan battled to a scoreless tie Thursday night in Houston, leaving Lamar clinging to a slender lead in 13-AA. It is undefeated in district play, with two underdog opponents coming up.
Poly (Fort Worth) easily defeated Fort Worth Tech, 20-0. St. Thomas (Houston) beat Milby (Houston), 13-6, and Beaumont downed Galena Park, 20-13, in other games Thursday night.
Forest (Dallas) and North Dallas had their scheduled 8-AA tilt postponed because of rain and a muddy gridiron.

Pepperdine College Gets Four Fine Bids
LOS ANGELES—(AP)—Little Pepperdine College, which two years ago didn't even have a football team, was bowled over Friday with four post-season game possibilities.

RETURN TO CINCINNATI
Mrs. Joseph L. Greene left Friday for her home in Cincinnati, Ohio, after an extended visit with her daughter, Mrs. B. R. Schabarum, 103 Ridgela Drive.

LEGAL NOTICES 86
CITATION BY PUBLICATION
THE STATE OF TEXAS:
HORD ALLEN
GREETINGS:
You are hereby commanded to appear before the 10th District Court of Midland County, Texas, in the Court House of said County in the City of Midland, Midland County, Texas, at or before 10:00 o'clock A. M. of the first Monday after the expiration of forty-two (42) days from the date of issuance of this citation; that is to say, at or before 10:00 o'clock A. M. on Monday, the 22nd day of December 1947, then and there to answer a petition filed in said Court on the 5th day of November, 1947, in a suit numbered 4646 on the docket of said Court, wherein Clarise Allen is plaintiff and Hord Allen is defendant, to whom this citation is issued, the nature of which said suit is as follows:
Plaintiff prays for a judgment of defendant, dissolving the marriage between plaintiff and defendant and for general and special relief, at law or in equity.
If this citation is not served within ninety (90) days after the date of its issuance, it shall be returned unserved.
Issued this 6th day of November, 1947.
NETTIE C. ROMER
CLERK OF THE DISTRICT COURT OF MIDLAND COUNTY, TEXAS.
Given under my hand and seal of said Court at office in Midland, Midland County, Texas, this 6th day of November, 1947.

AP Sports Writer Sticks Neck Out
NEW YORK—(AP)—Coming right back for another try of picking the weekend's football winners and using the same formula which brought 73 correct guesses out of 82 selections last week for an average of 890.
That lifted the season's total to 333 correct picks, 90 incorrect for an average of 813.
Michigan-Wisconsin: The Badgers have scored more points in four Big Nine games than have the Wolverines in the same number of contests but the all-around balance of the crisper men should wear out the Wisconsin players, Michigan.
Army-Pennsylvania: This is virtually the same Penn team which the Cadets have pushed around for the last two seasons—but it isn't the same Army team. Penn to win in a close game.
Favors Georgia Tech
Georgia Tech - Alabama: Alabama to halt Tech's unbeaten string.
Notre Dame-Northwestern: The Wildcats didn't lose to Ohio State last weekend until three minutes after the final gun. They won't have to wait that long this time. Notre Dame.
Oklahoma - Missouri: Missouri needs only a victory and a tie in its final two games to win another Big Six Championship. Missouri.
Penn State-Navy: Yale-Princeton. Princeton, Illinois - Ohio State; Illinois, Holy Cross-Columbia, Washington-UCLA: UCLA - Arkansas - Southern Methodist; Doak Walker has thrown off the cold which hampered him a week ago. Southern Methodist.
Southwest: Baylor over Tulsa, Rice over Texas A&M, Texas over Texas Christian, Hardin Simmons over Texas Mines.

Turf Is Firm, 3AA Game Starts 8PM
Firm footing in the Big Spring stadium Friday night for the Bulldogs-Steers 3-AA football game was promised when rain reports indicated only a quarter of an inch of moisture fell in that city Thursday night.
Kickoff time is 8 p. m. Friday and the whistle will bring together two fighting outfits, both seeking a conference win.
Midland will be patched up for the encounter with Dunny Goode, great back, out of the game with an injured shoulder.
Big Spring is at full strength.
There is little to choose between the two elevens as far as season records go. Big Spring has won two games and Midland has copped one. However, Big Spring edged San Angelo, 20 to 19, a team which beat Midland, 33-13.
The Steers seem to have found themselves in the last two weeks while Midland has struggled desperately searching for a scoring punch.
With Goode sidelined, Midland's backfield probably will contain Larry Messersmith, utility back; Dave Hyatt, big runner; R. A. (Bull) Whitson, the blocker; and Bill Little, the breakout runner.
Serogins Returns
Jarring John Serogins, 200-pound letterman, is back in the Midland line for this game. He will take a guard slot Friday night. With Whitson in the backfield the presence of Serogins in the line is a welcome sight.
Big Spring indicates some fancy maneuvers Friday night, having junked the T formation temporarily and taken up the box formation. This is an act Midland committed several weeks ago. Midland also adopted the single wing.
Here are the probable starting lineups:
Midland Pos. Big Spring
Dunn LT Houser
Deel LE Little
Scrogins LG Robb
Morier G Hale
Lefwich RG Lamb
Branham RT Turner
K. Goode RE Davis
Berry QB Messersmith
Hyatt HB Lees
Little HB Shaeffer
Whitson FB Madison
The Bulldogs were scheduled to leave by bus for Big Spring at 4:15 p. m.

Stinnett Grid Will Start Grid Career
STINNETT, TEXAS—(AP)—Frankie Groves starts a revolution Friday night—a one-grid uprising against the unwritten rule that has barred the feminine gender from rock 'em and sock 'em team sports.
Frankie will play right tackle for Stinnett High School in this little town perched atop the Panhandle where men are men and Frankie Groves thinks she can tackle and block just as well.
The 16-year-old pretty brunette, a junior in Stinnett High, asked Coach Truman (Chief) Johnson if she could play. He said it was O. K. by him if her parents didn't object. They didn't say she couldn't, so Frankie is going to battle for dear old Stinnett against arch-rival Groom in the last game of the season here.

Humble Broadcast Schedules Listed For SW Grid Tilts
As excitement mounts in the closing weeks of Southwest Conference competition, interest in Humble Oil & Refining Company's football broadcasts is due to reach a new peak this weekend.
At 2:20 p. m. Saturday Humble's broadcast of the TCU-Texas battle goes on the air. It will originate in Austin and will be heard over stations: KCRS, Midland; KOSA, Odessa; KIUN, Pecos; KGKL, San Angelo; and KBST, Big Spring.
The SMU-Arkansas game is to be aired starting at 1:50 p. m. from Dallas. Carrying this broadcast will be stations: WFAA-WBAP, San Antonio; WCAI, San Antonio.
Rice and Texas A&M tangle in Houston and the game will be broadcast starting at 2:20 p. m. over stations: KRLD, Dallas; KWFT, Wichita Falls; and KTTA, San Antonio.
Tulsa will be scene of the Baylor-Tulsa set-to and Humble will begin broadcasting it at 2:20 p. m. Stations include: WRR, Dallas.

VOTE FRAUDS CHARGED
MANILA—(AP)—Minority party leaders said Friday they would ask President Roxas to investigate reports of wholesale vote frauds in Tuesday's national elections. Late returns showed five Liberals and three opposition candidates leading in the Senate race.

**Pyote AAF Buildings
Are Offered For Sale**

W. C. Boring, utilization analyst for the U. S. Army Engineers, Albuquerque Division, said here Friday he is disposing of 17 buildings at the Pyote Army Air Field by negotiation. Bid forms and information concerning the sale may be obtained from Boring at the Scharbauer Hotel. He will be here through Saturday.

**Oil Nominations In
Texas Are Higher**

AUSTIN—(AP)—The Texas Railroad Commission met here Friday to receive testimony at its monthly statewide oil production hearing preliminary to setting December allowances. Chairman Ernest O. Thompson reported the U. S. Bureau of Mines estimate of December market demand for Texas crude oil was 2,300,000 barrels daily, unchanged from the estimate for November. Advance nominations of purchasers totaled 2,708,256 barrels daily, up 5,118 barrels above those for November. Texas is currently producing 2,337,000 barrels of crude oil daily, Thompson said.

**WOMAN FINED FOR
RECKLESS DRIVING**

A 43-year-old Midland woman was fined \$25 in City Court Friday for reckless driving. She was arrested by police Thursday.

MARRIAGE LICENSES

Kenneth C. Anderson and Holly E. Smith; and Seth W. Moore and Myrtle Dee Beall have received marriage licenses from the county clerk's office here.

Piping an officer or notable aboard a ship is believed to have originated in sailing days when visitors often had to be hoisted aboard in a boatswain's chair in heavy weather and the pipe was used to signal the men handling the ropes.

**Good Weather
Is Promised
Deer Hunters**

AUSTIN—(AP)—Rains which were general over the parched hill country of Texas, with a prospect of clearing and cool by Sunday, Friday promised ideal weather conditions for the opening of the 1947 big-game season. The Weather Bureau said precipitation was reported from every section of the state where deer and turkey range. It was not generally heavy, but it was enough to minimize the danger of fire, the Weather Bureau said.

Howard Dodgen, executive secretary of the Game, Fish and Oyster Commission, has warned hunters to exercise extreme caution this year lest they set fire to dry woods and brushlands. Game is plentiful Sunday should be moderately cool and partly cloudy, the Weather Bureau predicted. Prospects are that there would be record-breaking numbers of hunters this year. Game is plentiful, but in the Hill Country, deer are smaller and leaner than usual. The supply of wild turkeys is the same or better than last year, field biologists for the game commission said. Open season on deer, bear and wild turkey starts November 16 and closes December 31. West of the Pecos, the season opens November 19 and lasts through November 24. The bag limit on deer and turkey is two. West of the Pecos, the bag limit is one mule deer and one white tail.

About 2,100,000 permanent dwellings were built in the United States between 1940 and 1945.

WAA To Unload Last War Surplus In Biggest 'Close Out' Sale In History

By DOUGLAS LARSEN
WASHINGTON — (NEA) — Bargain hunters, here's the opportunity of a lifetime.

The War Assets Administration is holding the biggest closing-out sale in history. Chief federal huckster, Maj. Gen. Robert M. Littlejohn, WAA's boss, says positively the doors will be locked after June 30, 1948.

Then what's left of his \$9 billion worth of assorted items will be dumped in Congress' back yard.

Items Are Varied
A few choice items Littlejohn's salesmen will be pushing for the next eight months include:

60,000 pajama bottoms with no tops, and 33,000 pajama tops with no bottoms.

Uncounted thousands of jars of black cold cream.

150,000 stretchers — enough to supply the U. S. need for 10 years.

Several hundred thousand unmatched shoes.

A warehouse full of five-cadaver mortuary cabinets.

Several million rolls of non-sterile, olive-drab bandages.

Offers Two Ghost Towns
The General offers also a couple of ghost towns, any number of artillery ranges, numerous powder plants with tons of explosive

powder in all their pipes and in the ground, and many other interesting pieces of real estate buyable for a song.

These items altogether cost Uncle Sam about \$9 billion. Littlejohn willicker over their present price.

By the time WAA's wind-up is completed next spring, it is estimated that about \$29 billion dollars worth of domestic goods and property left over from World War II will have been declared surplus. That's what Uncle Sam originally paid for the stuff. To date \$20 billion worth has been disposed of in the following way:

Approximately 8 1/2 billion dollars worth was transferred to other Federal agencies, given to states, educational and other institutions, or checked off as scrap with no

salvageable value. Included in that figure is \$1 billion worth of property leased to private companies. The \$11 1/2 billion worth sold for cash brought \$3 1/2 billions back to the Treasury.

It has cost about six cents for every \$1 received in these sales. So the Treasury actually has received less than 25 cents on every dollar originally paid for the items.

WAA officials admit that what's left has little sales value. Such things as the pajamas and the shoes would cost more to match up than they could be sold for. And most of what is left is machine tools and real estate that industry couldn't use. Heavy price cutting and ingenuity will move some, nevertheless.

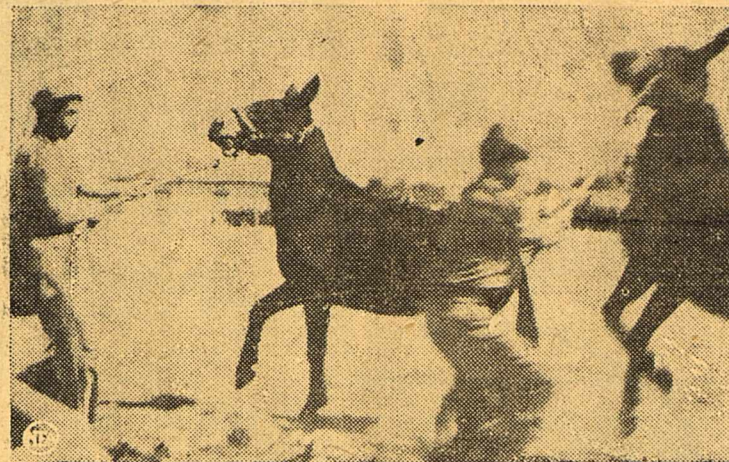

What to do with what is left, when the sale ends, will be up to Congress. Provision will have to be made to handle leases and guard still - dangerous powder plants for years.

The surplus disposal project has been one of the screwiest and most fantastic operations in the history of either Federal administration or merchandising.

The FBI is still investigating several hundred complaints of various degrees of crookedness in connection with the disposal job. Thus far no major scandal has been uncovered and less than 100 persons got jail sentences for yielding to the easy temptations that the operation provided.

Giving veterans their legal priority caused much uproar, but that was ironed out by Littlejohn and a special committee of representatives from veterans' organizations. Vets got about \$1 1/4 billion worth of the surplus and used it to set up 16,000 new businesses that employ about 250,000 persons.

Greeks Will Long Remember D-Day For 500 U. S. Mules

The situation is under control—the mules, that is. A couple of Greek soldiers try to lead a pair of U. S. mules—or vice versa.

ATHENS — (NEA) — Greek officers and men stationed at an army remount camp here will long remember a recent Wednesday.

That was D-Day for 500 U. S. Army mules.

The mules had the situation pretty well in hand shortly after landing on Grecian soil.

Part of America's \$350,000,000 Greek aid program, these mules today are packing artillery equipment and other supplies over Greek mountains, helping the Greek army put down the guerrilla rebellion. But there were moments on the evening they arrived when it appeared doubtful whose side the mules were on.

No Experience With 'Giants'
Fresh from the ships, the mules were in fine fettle and ready for action—any action. Corralled at the remount station, they reared, bucked, kicked and in general made life miserable for the Greek soldiers who were trying to stable them.

The soldiers had had plenty of experience with small mules and donkeys but none with these American-bred giants.

Some of the mules were purchased in the American Midwest; others were obtained from U. S. Army stocks. All were given special training in the mountains of Colorado and Oklahoma.

At New Orleans, 400 of the 500 mules already had been loaded aboard ship when the hurricane

of September 19 struck. When that passed, the loading was finished. At sea, the ship ran into the fringe of a second hurricane.

The mules proved better sailors than the 54 GI's who were serving as their nurse maids. But despite difficulties the GI's brought their charges into Piraeus without loss of a single animal.

Now the U. S. Army group, which is part of the American Mission here, is lining up more mules. A second shipment will come from the U. S. and other cargoes from Palestine and Burma.

Bollworm Invades Texas Cotton Fields

By TEX EASLEY
WASHINGTON — (AP) — The pink bollworm has shown up in many Texas counties this fall for the first time, the Agriculture Department reports, but the extent of the invasion hasn't been determined fully.

Chief P. N. Annand of the Entomology and Plant Quarantine Bureau, writing to Rep. Ken Reagan of Midland, says this spread may be checked somewhat between now and cotton planting time in 1948 if various climatic conditions prevail and if suppressive measures are adopted.

Among measures recommended by the department is the plowing under of old cotton stalks in infested fields.

Infestation Light
"While our information is not complete at this time," wrote Annand, "it is believed for the most

part these infestations may be found to be light but they serve to indicate that this destructive insect has invaded new territory and adjacent counties in which infestation has never been found are much nearer to possible sources of infestation."

After noting that the situation in South Texas and in the vicinity of Corpus Christi "does not appear to be substantially worse" than last year, he adds:

"Unfortunately the effort to control and prevent the spread of the pink bollworm of cotton this year has been somewhat hampered because funds available were reduced for the current fiscal year."

Since the beginning of the Christian era it is estimated about 40 billion persons have lived on the world.

Lovesick Postman Is Jailed For Courting Daughter Of Peer

LONDON — (AP) — A lovesick postman was ordered jailed for trying to court the unwilling daughter of a peer.

Short, bespectacled Richard Harrison, 34, who delivered mail to the home of Lord and Lady Norton of Fillongley, Warwickshire, fell in love with Mary Norton, 25, and took to walking into his lordship's hall unannounced to ask her to go for walks.

A week ago Lord Norton obtained a court order banning him from the mansion for life. Accused of violating the order, Harrison was ordered committed for contempt of court. When the court asked what excuse he had, he replied: "I'm in love with his lordship's daughter—that's sufficient excuse."

FRED ASTAIRE, interviewed at his New York Dance Studio. Other Fred Astaire Studios to be opened soon in key cities.

Del Monte Reporter: "What makes a good dancer, Mr. Astaire?"
Fred Astaire: "More than one thing, certainly. It takes many special qualities, skillfully combined."

"A dancer must start with a natural sense of rhythm. And develop the particular skills for balance, posture and timing. Then work on the talent for individual style and expression.

"Master each one. Put 'em all together — and you'll see that it's a combination of many special qualities that makes a popular dancer."

...and that holds for good coffee, Mr. Astaire—
7 great coffees make Del Monte's fuller flavor!

That's a lot of coffees to make one blend. But look at it this way. Our aim is to give you complete coffee enjoyment—an all-round better cup of coffee.

Ordinary blends of just three or four coffees can't deliver the rich satisfying flavor you find in Del Monte.

Flavor like that calls for seven of the world's finest coffees—blended with care, roasted to perfection. Ground fresh, and packed fresh.

We search the world, looking for just the coffees that provide the particular characteristics of flavor we want. Blend these special qualities together and you've got the richer, deep-down flavor of Del Monte Coffee.

Next time you buy coffee, ask for Del Monte. Make a cup. Taste the hearty real-coffee flavor folks praise so much. Yes, you'll be delighted to find a coffee that's so satisfying, so full of flavor. Try Del Monte Coffee.

The UN Needs A Press Agent

Cincinnati is a mature, cultured, prosperous and economically well-balanced city. Its university is more than a century old. It has excellent newspapers, and one of the country's pioneer radio stations. Its symphony orchestra and Summer opera company are nationally famous. Cincinnati's residents have good reason to be proud of their city's history and tradition.

Yet 30 per cent of Cincinnatians have never heard of the United Nations, if a recent poll by the American Association of the UN is accurate. And, of those who had heard of it, more than half thought that its job was to work out peace treaties—which, of course, is entirely outside the UN's province.

Such a report from one of the most cultured cities in "the best-informed country in the world" is shocking and alarming. How can it be possible? Have the press and other mediums of communication fallen down on the job? Have the schools neglected to mention the existence of a United Nations? Is provincialism the trouble? Or has the UN failed to publicize itself properly?

Perhaps all those questions give a clew to the answer, though the clew would be slight in some cases. It is impossible to believe that only 70 per cent of the people of Cincinnati read the newspapers.

We should like to poll Cincinnati with our own questions. And we would be willing to bet beforehand that more than 70 per cent of those questioned would know who won the 1947 world series, and whether our government is on good or bad terms with the Russian government, and whether Ted Williams is a ball player or a movie star, and whether Miss Margaret Truman is a singer or a dancer.

In short, we believe people do read and listen. And, while we have no illusions that any educational program will produce a hundred-per-cent crop of silk purses from the material at hand, we do think that the major responsibility for the discouraging returns from Cincinnati—or any other city—must rest with the UN's Public Information organization.

Certainly, in the past two years, the nation's press has given more space and prominent display to the UN than it has to the world series, Williams or Miss Truman. But somehow, it would seem, one of the most hopeful, fateful, vitally important experiments of this century, an experiment whose outcome so intimately affects all our lives, just hasn't made very snappy reading.

We do not know what the UN's budget for public information amounts to. But perhaps it would be a good idea to invest the bulk of it in the services of some of our better American publicists. They are a gifted lot who have often proved their ability to make trivial things seem important. Surely, given the UN to work with, they should be able to make it come alive in the minds of the world's people.

Until that happens, there can be little hope that public opinion will exert any influence toward remedying some of the UN's obvious defects. Any campaign to overcome indifference cannot get far when it is not indifference but ignorance which seems to be the most immediate obstacle.

Borrowers, like horses, should be judged on past performances.

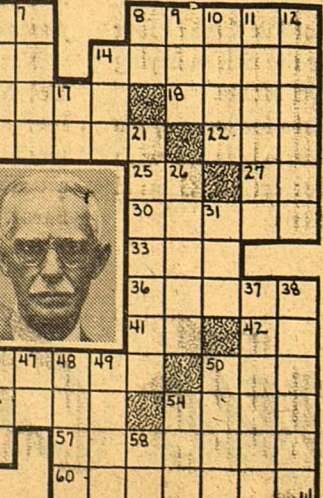

An optimist is a man who is always going to pay the pessimist what he owes him.

Texans Swap Tall Tales On Recent Caribbean Cruise

By JACK RUTLEDGE
 Associated Press Staff

Of three things you an always be certain—taxes, tides and Texans. No matter where you go you'll find a Texan. They're more certain than tides. Some places don't have tides.

Take Caribbean cruises. Ship officials say they never sail without a handful of Texans aboard.

On a cruise that left New Orleans October 18th the passenger list included Mr. and Mrs. Henry R. Bone of Sherman; Helen L. Poe of Dallas; Col. and Mrs. Hoxie Thompson of Trinity; Gladys Walter, Mary Walter, and Mr. and Mrs. John Majors, all of Dallas.

Texans In Crew
 There were a lot of Texans among the crew members, too. The chief purser was Murray F. Paige of Fort Worth.

Texans have fun, no matter what happens. Bone, for example, had trouble buying a fly swatter in Havana. He couldn't talk Spanish, and his hissing, flying and swatting motions caused willing but puzzled clerks to bring out everything in stock except fly swatters. He finally got the swatter. And he has a lot of fun telling the story.

Another Texan brought back the story of the store owner who kept a pet rattlesnake as a watchdog. The snake, the store owner said seriously, would grab a robber by

the leg, then stick its tail out the window and rattle until a policeman was attracted by the noise and investigate.

Captain Adds Tall Tale

The ship's captain (Captain Walter W. Koch) matched Texans' tall tales with this one: A Cuban was milking his cow in a barn. A plane accidentally dropped a bomb which exploded over the barn, blowing it and the cow to bits.

"What happened to the man?" one woman asked.

"He was left holding the bag," said the captain.

Mrs. Clara Wohl, who operates the Siboney Shop in mid-town Havana, said there were more Texans than Americans in Cuba during the war. Men and women in uniform made her place headquarters, and she still cherishes pictures and letters of scores of Texans who call her "mom."

And believe it or not, Texans on board our ship did less bragging than persons from other states.

Dead Goose Makes Landing In Backyard

BISMARCK, N. D.—(P)—Guy Larson is grateful to a hunter for a goose, but he has no idea which one to thank.

Larson followed his barking dog into the backyard the other day to find a dead Canadian goose on the lawn.

The goose had been shot in the breast, but apparently continued flying until it dropped in the Larson yard.

ROOM ENOUGH FOR IT

A six-inch ledge affords ample room for a mountain goat to turn around. The animals can climb along mountain walls inaccessible to others.

Frankfurt Children Are Victims Of Hunger

FRANKFURT—(P)—More than half of 1,051 Frankfurt school children examined by a German doctor in a recent survey were declared to be seriously undernourished.

The survey was made by Dr. Armin Rotzel, Frankfurt municipal medical officer. The results were made public by Orphans Inc., and American volunteer relief agency.

Of 851 school children born in 1940, there were 402 "considerably underweight with underdeveloped constitutions and definite symptoms of diseases caused by lack of certain foods," the report said. Most common ailments were spinal curvature, chronic bronchitis and skin diseases.

Wichita Celebrates Its Recent Celebration

WICHITA, KAN.—(P)—It cost Wichita merchants and townspeople \$18,000 to put on the Chisholm Trail Jubilee—celebrating 75 years of growth since the days when Texas longhorns ended the long overland trek at rail's end in this southern Kansas city.

But all celebrating is beginning all over again.

Members of the Inter-Club Council, jubilee sponsors, voted to repay all donations in full—from the \$19,000 realized through shows and exhibits.

Americans with incomes under \$500 a year contribute as large a proportion of those incomes to churches as those with incomes of from \$5,000 to \$10,000 a year and more than twice the proportion contributed by those with incomes over \$10,000.

RETURN RUSKIN'S HOME

LONDON—(P)—Because of the high costs of maintaining John Ruskin's home, Brantwood, on Lake Coniston, Oxford University is seeking high court leave to hand it back to Howard Whitehouse, the original donor.

The university had planned to use Brantwood as a study center.

LOVE TRIUMPHS IN 54 DIVORCE CASES

ATHENS—(P)—The district court of Henderson County ordered 54 divorce cases dismissed from the docket. The cases had been filed, but in each one, matrimonial differences apparently had been patched up.

Getting telephones for those waiting

1 Besides a telephone instrument, we need cables and switchboards to furnish telephone service.

2 Factories are turning out this equipment faster and faster.

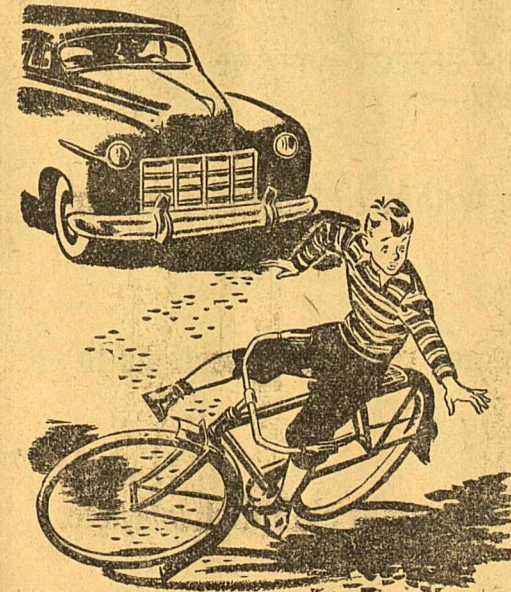

3 But the need is nation-wide. In the Southwest alone equipment is needed in 700 cities to serve 235,000 people.

We are getting our share of what the factories produce and we're putting it in as quickly as we can.

By ingenuity and hard work, we'll have this job licked one of these days.

Lost in a sea of umbrellas, a few lonely posters stick out in a drenching rain as Italian Communist demonstrators stage a rally in Milan. Nearly 25,000 workers took part in the damp meeting to protest industrialists' rights to discharge surplus labor.

McKenney on Bridge

By WILLIAM E. MCKENNEY
America's Card Authority

Charles H. Goren's teacher's convention, held recently at the Hotel Pierre in New York, was the first convention of bridge teachers held since before the war. It was a pleasure to see many of the old-timers there.

The first teachers' convention that I attended was back in 1928 with Milton Work. Bridge teachers are in demand right now because more and more people are discovering that bridge has a lot to offer them, not only as an intellectual pastime, but also in sociability and companionship.

Mrs. A. Leonard Guitar of St. Joseph, Mo., showed me some of the hands she uses in lessons, and today's hand is one of them.

Well-Dressed Robber Takes Cash, Whiskey

INDIANAPOLIS—(AP)—Wanted: A well-dressed holdup man who drinks little but demands the best.

Frank J. Cler, clerk in a package liquor store here, reported to police Sunday he had been robbed of \$100 by a neatly dressed man who threatened him with a revolver.

As an afterthought, he said, the man took a half-pint bottle of bonded whiskey.

Advertise or be forgotten.

DENT-PROOF
So resilient is hardwood that it will return to its former shape a short time after receiving slight indentations from heavy falling objects.

Do You Like To BLOW YOUR HORN?

Just turned 60

HONK HONK HONK HONK

You can make both pedestrians and other motorists angry by simply blowing your horn loud and long at the driver ahead just as the light turns "go." This is particularly annoying if the first car is waiting for pedestrians to get to the curb.

The courteous driver uses his wits instead of his horn. The courteous driver is the careful driver. We will gladly write your automobile insurance if you are a courteous driver.

MIMS and STEPHENS
Phone 24 205 W. Wall

the average player might lay down the queen of clubs, declarer would trump it, pick up the adverse trumps and make ten tricks in diamonds and hearts.

Mrs. Guitar pointed out that the ten and deuce of spades are ideal cards in East's hand. West had bid spades, so instead of trying to cash a club, declarer would return the ten of spades. South covers, West wins with the ace and cashes the queen of spades, on which East plays the deuce. This tells West that East has no more spades.

South does not have the ace and king of hearts in his hand and therefore, in order to justify the bidding, he must hold the ace and king of diamonds. It may be that South's opening bid was made without a top honor in hearts, and on that basis, Mrs. Guitar said that West can make a very fine defensive play by leading the jack of spades. This gives East the opportunity to ruff with the queen of hearts and set the contract.

DISEASES DECREASED
Despite the wartime hazards to health, death totals from all infectious diseases in Great Britain decreased each year during World War II.

Garden City Road at City Limits
Elder B. R. Howze, Big Spring,
Pastor.
Regular services at 11 o'clock on
second and fourth Sunday morn-
ings. Services at 11 a. m. on sec-
ond Saturdays.

CHRISTIAN SCIENCE SOCIETY
Private Dining Room
Scharbauer Hotel
Wednesday
8:00 p. m.: Second Wednesday
night services
Saturday
11:30 a. m.: Radio program.
Sunday
11:00 a. m.: Morning worship
with "Mortals and Immortals" as
the Lesson-Sermon topic.

The Golden Text is: "He that
loveth his life shall lose it; and he
that hateth his life in this world
shall keep it unto life eternal"
(John 12:25).

Among the citations which com-
prise the Lesson-Sermon are the
following from the Bible: "Where-
fore thou art no more a servant,
but a son; and if a son, then on
heir of God through Christ" (Gal-
latians 4:7).

The Lesson-Sermon also includes
the following passage from the
Christian Science textbook, "Sci-
ence and Health with Key to the
Scriptures" by Mary Baker Eddy:
"The real man being linked by Sci-
ence to his Maker, mortals need
only turn from sin and lose sight
of mortal selfhood to find Christ,
the real man and his relation to
God, and to recognize the divine
sonship" (page 316).

GREENWOOD BAPTIST CHURCH
Route 1, Midland, Pastor
Rev. Lee Bailey, Pastor
10:00 a. m.: Sunday School.
11:00 a. m.: Morning worship.
7:30 p. m.: Training Union.
Wednesday
8:00 p. m.: Midweek prayer ser-
vice.

CHURCH OF THE NAZARENE
Indiana and Big Spring Streets
Rev. F. W. Rogers, Pastor
10:00 a. m.: Sunday School.

*If possible, read the whole of
Psalm 119, noting the references to
Law, Statutes, Precepts, Command-
ments, Judgments and Testimonies.*

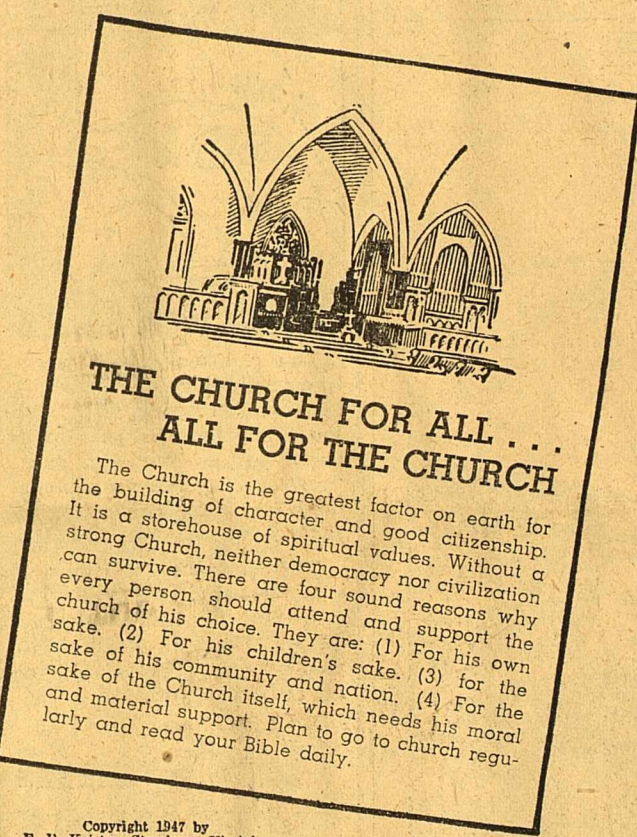

*If you desire a schedule of daily
readings for 1948, ask your minister,
write to your denominational head-
quarters, or send request to Ameri-
can Bible Society, Dept. U, 450
Park Avenue, New York 22, New
York.*

In the little tube of uranium shown in this picture there is vast latent power—power to create or power to destroy. The power of the atom, if harnessed to peacetime uses, can turn every wheel in the world and open up new avenues of scientific and industrial progress. Made into atom bombs, it can destroy thousands of lives and wreck our civilization. Such vast power in the hands of reckless men is a menace to all humanity.

The teachings of the Bible are our best defense against this threat to civilization. Our great task is to spread these teachings far and wide so that man's destructive tendencies may be turned into the channels of peace.

Fortunately there is a trained agency—the American Bible Society—with 131 years of experience, ready to perform this task of getting the Bible to the people in the furthestmost parts of the world. This agency deserves our support and cooperation.

Since its organization in 1816, this Society has published and distributed more than 365,000,000 copies of the Scriptures in 74 different languages. It works in more than 40 countries in its effort to carry the Bible message to every quarter of the globe.
