Truman Requests Authority For Rationing

Wage Ceilings Also Proposed

WASHINGTON—(AP)—President Truman asked Congress Monday to restore authority for rationing important consumer goods and imposing wage ceilings once more.

The Chief Executive handed his combined program for helping Europe and fighting inflation to the special session of Congress as it met to consider those two allied problems.

The President laid down a 10-point program of what he called "drastic measures" to halt the tide of rising prices.

While urging continued voluntary attempts to combat inflation, Truman proposed that Congress legislate to:

1. Authorize "consumer rationing on products in short supply which basically affect the cost of living."
2. Authorize "price ceilings on products in short supply which basically affect the cost of living or industrial production and to authorize such wage ceilings as are essential to maintain the necessary price ceilings."
3. Extend and strengthen rent control.

4. Authorize allocation and inventory control of scarce cost of living commodities.
5. Authorize regulation of speculative trading or commodity exchanges.

6. Restore consumer credit controls and restrain inflationary bank credit.
7. Extend and strengthen export controls.

8. Continue authority to allocate transportation facilities and equipment.
9. Provide measures to induce livestock and poultry marketing, so as to obtain the most efficient use of grain.

10. Allow the Agriculture Department to expand a program for encouraging conservation practices and authorize measures intended to step up foreign food production.

Truman addressed Congress in person at a time when, he said, "the future of the free nations of Europe hangs in the balance" and "the future of our own economy is in jeopardy."

He repeated the administration's bid for \$597,000,000 of interim aid to Italy, France and Austria through next March.

But here at home, he said, inflation is an "ominous threat" to prosperity. It no longer can be treated as "some vague condition we may encounter in the future," he admonished.

Inflation already is here "to an alarming degree" and it is "getting worse," he declared.

Accordingly the President set forth his program to combat it by three types of measures:

(1) To relieve monetary pressure.
(2) To channel scarce goods into most essential uses.
(3) To deal with specific high prices.

Elaborating on his proposals for authority to restore rationing and price controls, the President said ceilings should be permissible on "vital commodities in short supply that, basically affect the cost of living."

Food, clothing, fuel and rent, he said, are the basic elements in living costs.

In addition, he said, the legislation he wants from Congress should be broad enough to allow imposition of price ceilings on scarce vital commodities basically affecting industrial output.

"This," he said, "will enable us to stamp out profiteering and..." (Continued On Page 8)

Hospital Workers Report \$56,081

Explosions Rack Army Warehouses

IKECO, JAPAN—(AP)—Seven big warehouses packed with ammunition exploded at the U. S. Eighth Army Supply Base here Monday, sending flames and shrapnel high into the air.

Security officers refused to permit firemen to enter the area. The fire, which broke out at mid-morning, raged completely out of control late in the afternoon.

At nearby Yokohama, U. S. Eighth Army Headquarters reported later that seven Americans and four Japanese were injured, one seriously. Most were nicked by flying shrapnel. The Army said it believed all personnel had been accounted for. One of the Americans was hurt seriously when the ambulance he was driving plunged off a 25-foot embankment.

Explosions were decreasing. Some 450 First Cavalry soldiers were making headway against brush fires which had threatened other warehouses and caves filled with explosives.

Some 200 personnel, including 90 Americans, are attached to the dump, which is 35 miles southwest of Tokyo.

Italy Moves To Eliminate Bloody Riots

ROME—(AP)—The Italian government, plagued by widespread political disorders that have claimed 10 lives in the past week, moved swiftly Monday to strengthen the national police force and announced it was prepared to "deal energetically with any assault on democracy."

Mario Scelba, minister of the interior, disclosed the strength of the Carabinieri was being increased from 65,000 to 75,000 men and said all security forces were being overhauled and tightened.

Scelba's statement coincided with a new blast against Premier Alcide de Gasperi's Christian Democrat government by Communist Leader Palmiro Togliatti, who declared in a speech at Milan that the government was "loyal to 'foreigners' and was 'allied to the neo-Fascists.'"

The Communist leader accused Scelba of "collusion with bandit groups," the news agency Ansa reported, and asserted that the Christian Democrats were "allied to the enemies of religious faith, tightly bound in a bundle with Truman, the Masons and Croce."

Benedetto Croce, elderly historian, philosopher and statesman, served in the Badoglio and Bonomi cabinets in 1944.

Italian press dispatches, meanwhile, reported fresh disorders Sunday in several small communities in the vicinity of Rome, Siena and Venice.

Posse Corners Two Suspects In Murder-Assault

NEILLSVILLE, WIS.—(AP)—The Clark County sheriff's office said Monday that two ex-convicts, sought on the story of rape and murder told by a University of Michigan co-ed, had been cornered in an isolated farmhouse by a posse, which had called for additional arms and men.

Sheriff Ray Kutsche, tipped by an informant, left before dawn with about a dozen deputies for the farmhouse which is 24 miles northwest of this city in the heavily wooded Clark County back-country.

His office said he determined the pair was in the house and that the two were armed. However, because of the nature of the farm and closeness of the woods, Kutsche determined to pen the fugitives in the house rather than try to force an entry. His office said he had asked for FBI forces and for help from other law enforcement officers. Chippewa County Sheriff Ray Thornson left immediately with a force of deputies.

The men were sought after a University of Michigan co-ed "spontaneously identified" them, Sheriff Loren F. Marshall said, as the youths who killed her brother-in-law and raped her during a wild automobile ride.

Witness Says War Plant Was Owned By Meyers

WASHINGTON—(AP)—B. H. LaMarre, president of the Aviation Electric Company of Dayton, Ohio, said Monday Maj. Gen. Bennett E. Meyers put up all the money to organize the firm but that his name was later crossed out of the records.

LaMarre testified before the Senate War Investigating Committee, which heard last week that the Dayton concern received over a million dollars worth of war business.

Lawrence D. Bell, president of the Bell Aircraft Corporation, said he sent \$1,053,000 worth of sub-contracts to Aviation Electric at Meyers' suggestion.

Meyers, now retired from the Army, was deputy chief of Air Force procurement (purchasing) during the war.

The Senate committee is inquiring into his activities in that post. Individual senators have noted publicly during the hearings that statutes provide penalties up to two years imprisonment for government purchasing officers convicted of dealing with firms in which they have a financial interest.

Meyers' Name Removed
LaMarre said he removed Meyers' name from the articles of incorporation at Meyers' direction.

He had testified earlier that he was brought into the war contract company to "protect" Meyers' financial interest in the company.

LaMarre said he had a \$35 a week job and his wife was secretary to Meyers when the Army officer gave him the job with the Dayton concern.

LaMarre testified that Meyers put up the \$500 for the original capital investment, although the 500 shares of stock were not issued in his name, and that he later paid bills amounting to \$6,000 and received six per cent demand notes in return.

Owned All of Stock
He said further that Meyers made the original entries in the firm's books at his home at Wright Field, Dayton, in LaMarre's presence.

Committee Counsel William P. Rogers asked him: "There was no doubt that he (Meyers) was the boss and he owned all the stock?"

"That is right," LaMarre said. "The firm was organized in late 1939."

Before calling LaMarre to its witness chair, the committee raised briefly the fact that the War Department received an anonymous letter in 1945 accusing Meyers of profiting personally from knowledge of what firms were to receive Air Force contracts.

Ector County Votes School Bond Issue

ODESSA—(AP)—Ector County voters approved a \$1,600,000 bond issue for new school construction, 79 to 30, here Saturday.

The issue would provide for two elementary school buildings to cost \$384,247 each, an addition to the high school costing \$263,558, a \$122,697 addition to the junior high school and landscaping, sidewalks and a water system for the new schools.

Paris Alert As Cabinet Shift Looms

PARIS—(AP)—Former Premier Paul Reynaud was reported by friends Monday to have left for the country home of former Premier Leon Blum, head of the Socialist Party, to enlist Blum's support for a new cabinet Reynaud may form this week.

Reynaud was expected to resign as soon as Blum's support for a new cabinet was secured, sources said.

Reynaud secured pledges of 310 Assembly votes in order to assure a stronger government to cope with mounting unrest.

About 500 police and soldiers ringed city hall, where Pierre De Gaulle, brother of Gen. Charles De Gaulle, was to be elected president of the municipal council Monday.

De Gaulle's new French People's Party recently carried many municipal elections throughout France. Police said the precautions were taken against the possibility that left wing elements might start a riot, as they did last week in Marseille, under similar circumstances.

Reynaud Is Busy
The strike in the coal fields of Northern France spread to the Pas De Calais department, bringing to 10,000 the total of miners on strike.

Reynaud, who was busy Monday morning "conferring with various political leaders, is expected to overcome the difficulties of establishing a majority in the National Assembly by basing his government as widely as possible, the source added.

He is already assured of Socialist and Popular Republican (MRP) support as well as the support of his Independent Republicans, it was said.

Persons close to Ramadier said the white-bearded Socialist felt he should give way to a stronger government which could maintain republican institutions in the face of assaults from the Communists and from Gen. Charles De Gaulle's Rally of the French People (RPF).

Inflation already is here "to an alarming degree" and it is "getting worse," he declared.

Accordingly the President set forth his program to combat it by three types of measures:

U.N. Debate On Palestine Now Near Conclusion

LAKE SUCCESS—(AP)—The long drawn-out United Nations debate on the Palestine problem was expected to come to a head this week with the formal presentation of two completely different plans for the future political, economic and social makeup of the Holy Land.

The special 57-member U. N. Palestine Committee, called upon by Chairman Herbert V. Evatt of Australia to meet twice Monday, was hopeful of receiving reports from its two subcommittees before the end of the week.

The sub-group—one composed of nations favoring the partition plan and the other made up of nations which seek an independent Arab country in Palestine—were long overdue in presenting their reports.

The subcommittee on Arab proposals for a unitary nation has completed its work but will not divulge its final plan until the group assigned to implement the partition scheme makes its findings known.

Both subcommittees originally were to have submitted their reports October 29.

Arab Countries Protest
The six Arab countries in the U. N.—Egypt, Syria, Lebanon, Iraq, Saudi Arabia and Yemen—are staunchly opposed to any proposed solution which would divide Palestine into two separate Arab and Jewish nations. They also question the competence of the U. N. to attempt to enforce such a plan, even if it should receive the necessary two-thirds majority vote in the General Assembly.

The U. S. and Russia, in a compromise move for implementing partition, sought to have Britain end her mandate over Palestine by May 1. The Soviet-American plan set July 1 as the day of independence for the proposed two new countries.

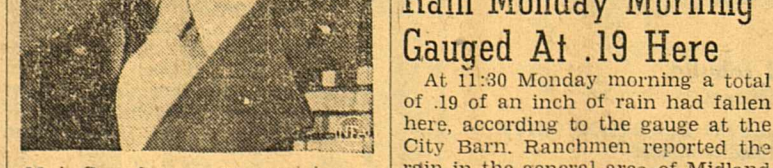

However, Britain announced last week that British troops could not be withdrawn completely from the Holy Land until August 1.

Rain Monday Morning Gauged At .19 Here

At 11:30 Monday morning a total of .19 of an inch of rain had fallen here, according to the gauge at the City Barn. Ranchmen reported the rain in the general area of Midland was about the same as in the city.

Cotton picking in the county was halted again, and farmers were pessimistic regarding the length of time it will take to gather the rest of the crop. It was estimated approximately three-fourths of the crop already has been picked.

Texas Schoolboy Race Nears Finale

By HAROLD V. RATLFF
Associated Press Sports Editor

Seven district champions have been determined while two and possibly three more will be crowned this week in Texas schoolboy football.

The other six won't be decided until next week unless there are some startling upsets that could unexpectedly ease a team or two into the title throne.

Ready for the opening of the state play-off in December are Amarillo, District 1; Odessa, District 3; Austin (El Paso), District 4; Arlington Heights (Fort Worth), District 7; Longview, District 11; Lufkin, District 12, and Goose Creek, District 14.

Going on the line this week will be the championships of Districts 2, 6 and 16.

Vernon plays Wichita Falls for District 2 honors at Wichita Falls Friday.

Highland Park of Dallas and Denton settle District 6 at Denton Friday.

Harlingen and Brownsville get together at Brownsville in District 16 Friday to determine whether Harlingen takes the title or if it ends up in a three-way tie—that is, unless Kingsville should lose to Robstown.

Middle in District 10

The District 9 race, now in a virtual four-way tie, can be cleared somewhat as the four leaders meet—Breckenridge playing Mineral Wells and Weatherford tackling Brownwood.

There is no way to clear up District 10, where Waco and Corsicana are tied for the lead (not counting unbeaten but one-tied Temple, which is ineligible for the title). Waxahachie tied Temple and is waiting to see what Corsicana and Waco do against the Wildcats.

Austin plays Corpus Christi in an important District 15 game. Corpus Christi, Austin and Brackenridge (San Antonio) are in a virtual tie for the top. Brackenridge, however, has the inside track. Since the Eagles beat both Corpus Christi and Austin they can win the title by defeating in their return games.

When teams remain in a tie and two of those have been tied. With perfect records are Wichita Falls, Odessa and Longview, the latter unscathed on in nine games. Goose Creek and Forest (Dallas) are undefeated but have each been tied. Odessa is the leading scorer, having rolled up 324 points in nine games.

Records of undefeated Texas high school football teams:

Team	W	L	T	Pts	Opp
Odessa	9	0	0	324	25
Longview	9	0	0	108	0
Wichita Falls	8	0	0	268	7
Goose Creek	8	0	1	149	26
Forest (Dallas)	4	0	3	50	7

Border Circuit Race Nears Final Stages

By The Associated Press

The Buffaloes of West Texas State and the Sun Devils of Arizona State (Tempe) Monday were uncomfortable occupants of third place in the Border Conference standing along with the University of Arizona Wildcats.

Arizona's conference schedule is completed.

One Or More Of Collegiate 'Big Four' May Fall

NEW YORK (AP)—The odds Monday were against all of the "Big Four" of college football—Notre Dame, Michigan, Penn State and Southern Methodist—staying unbeaten and untied for the balance of the campaign.

Not a week has gone by without one of the major teams being knocked off the unbeaten and untied list. Last Saturday, for instance, Penn, Georgia Tech and Utah were sent sprawling off the spottish perch. SMU had a close call, coming from behind to win.

As it stands now, SMU, with eight straight wins, is in the most precarious position of the current list. The Mustangs, who downed Arkansas 14-6 last Saturday, still have to hurdle troublesome Baylor next Saturday and Texas Christian the following week.

The next toughest job confronts Notre Dame, winner of seven games. The Irish, who either took it easy or were hard pressed when they emerged with a 26-19 win over Northwestern Saturday, face a real test in what will probably be called "the game of the year" when they engage Southern California on December 6. During the interim, Notre Dame will take on off-subdued Tulane in a breather. The Trojans also are unbeaten, although their record is marred by a 7-7 tie with Rice. They have won six.

Michigan and Penn State are almost certain to end the regular campaign undefeated. The Rose-Bowl-bound Wolverines should make it nine in a row when they meet a deflated Ohio-State team in their final game of the season next week. Ditto for Penn State, which meets off-beaten Pittsburgh next Saturday.

In addition to Southern California, Penn and Kansas remain unbeaten, although tied, among the major elevens.

Texas Conference May End In Three-Way Tie

By The Associated Press

A three-way tie for the Texas Conference grid title is in prospect unless Southwestern, Howard Payne and Austin come through with upset victories.

The season ends this week, excepting one Thanksgiving Day game.

Abilene Christian, Hardin and McMurry are tied for the lead with three victories and one defeat each.

Hardin and McMurry finish play against underdog Austin and Southwestern respectively. Abilene Christian College closes out Thanksgiving day against Howard Payne.

Last week, ACC slapped the Kangaroos, 41-7, Hardin downed Southwestern 15-13, and McMurry beat Howard Payne, 13-6.

The McMurry-Southwestern tilt will be played Friday night at Georgetown. Hardin plays before the home folk at Wichita Falls.

Midland Plays Lamesa—

Odessa Idle; Rest Of 3-AA In Action

It's the next-to-last go-around in District 3-AA this week and all teams but mighty Odessa will be in action.

Lamesa invades Midland. Sweetwater travels to San Angelo. Big Spring goes to Abilene.

At least a tie for the crown already cinched, Odessa will grind its teeth getting ready for the Thanksgiving Day feast on Midland, it hopes. The Bronchos do not need the rest but the schedule says so.

Sweetwater Firm Is Low Bidder On Midland Road Job

A low bid of \$36,002 was made by Ted E. Smith of Sweetwater for 5.38 miles of grading, drainage structures, flexible base and double asphalt surface treatment on a farm-to-market road from a point two miles southeast of Midland on State Highway 158 South, according to information received here.

The bid was among those tabulated by the State Highway Department in Austin.

Martin County Gins 21,847 Bales Cotton

STANTON—A total of 21,847 bales of cotton had been ginned in Martin County up to November 1, Henry Houston, government cotton crop reporter, announced. The crop this season is expected to reach near-record proportions.

Crane To Get First Big Tourist Court

CRANE—In stride with Crane's extensive building program, a proposed tourist camp, the city's first, will be under construction within the next 60 days. The Consolidated Architects and Engineers of Fort Worth have the contract for the plans, and after they are approved, Mrs. Myrtle E. Cook will advertise for bids.

Estimated cost of the project is \$65,000, providing for a 20-unit court and a 6-room residence adjoining.

Mrs. Cook came to Crane 18 years ago after a two-year residence in Midland.

The Chiropractor and You

No. 9 in a series of articles published in the public interest to explain and illustrate the practice of Chiropractic.

CAN CHIROPRACTIC "CURE" DISEASE?

Chiropractors do not "cure," "heal," or "treat" diseases. By scientific adjustments they correct the cause of disease and thereby open the way for Innate Intelligence to restore normal conditions to the body, and health flows naturally. Chiropractors adjust the cause of disease instead of treating the effect. There can be no effect without a cause. First the cause, then the effect. If you wish the effect to cease, get the cause adjusted. Don't say it is impossible. That's what they told Edison, Marconi, and others. Chiropractic is nature's assistant; adjustments free the nerve circulation, thereby causing the refuse to be thrown out of the body through natural channels. Chiropractic gives Nature a chance to make you well. Nature is the only curative agent.

CASE HISTORY NO. 117—(Typical of the many cases of epilepsy that have responded to Chiropractic adjustments is this case of a boy who from age 4 to age 8 had as many as five seizures a day. He had been taken from specialist to specialist without sign of improvement. The parents were advised to place him in an institution but decided to try Chiropractic first. A Chiropractor took charge of the case in February. By July the fits had entirely ceased and ever since the boy has developed normally in every respect.

CASE HISTORY NO. 1569—Five days after birth this infant developed a rash over his entire body. It failed to respond to treatment and he was under the care of specialists until he was 10 months old. The case was variously diagnosed; the final conclusion being that it was eczema. He was sent home from the hospital as incurable and in desperation the parents decided to give Chiropractic a chance. Spinal adjustments to relieve nerve pressure were begun in May and in October the skin was free from lesions and hair had commenced to grow.

FOR FURTHER INFORMATION concerning the modern Chiropractor and what he can do for you, phone 1256 for your appointment.

VFW Auxiliary Fetes Mrs. Lucille Midkiff

Mrs. Lucille Midkiff, VFW Auxiliary president who will move to California soon, was honored at a "Coke" party recently in the home of Mrs. Pat McMullan, 509 West Tennessee Street.

"Cokes" and doughnuts were served to more than 35 guests by the hostess, assisted by Mrs. Dotie Carr, who has recently been elected by the group as president to fill the vacancy being left by Mrs. Midkiff.

Among the guests was Mrs. Mabel Anthony, district president, Mrs. Anthony and the hostess presented gifts to the honoree.

It's No Joke, Folks—
WE STILL MUST **SAVE USED FATS**

says Bert Lehr
famous comedian, now starring in bit comedy Burlesque

Now how can some people be so foolish as to forget used fats are still needed? Look at the situation. Our government says the world shortage of fats and oils isn't very much better than last year. Clinton P. Anderson, our Secretary of Agriculture, says: "It is still necessary to conserve every pound of used fat." Now those boys aren't fooling! So let's all continue our good old wartime habit—save that grease and turn it in! Lady, let's do it!

Splendid Cough Relief Is Easily Mixed at Home

To get quick and satisfying relief from coughs due to colds, mix this recipe in your kitchen. Once tried, you'll never be without it.

First, make a syrup by stirring 2 cups granulated sugar and one cup of water a few moments, until dissolved. A child could do it. No cooking needed. Or you can use corn syrup or liquid honey, instead of sugar syrup.

Then get 2½ ounces of Pinex from any drugist. This is a special compound of proven ingredients, in concentrated form, well-known for its quick action on throat and bronchial irritations.

Put the Pinex in a pint bottle, and fill up with your syrup. This makes a full pint of splendid medicine and you get about four times as much for your money. Never spills. Tastes fine.

And for quick, blessed relief, it is surprising. You can feel it take hold in a way that means business. It loosens the phlegm, soothes the irritated membranes, and eases the soreness. Thus it makes breathing easy, and lets you sleep. Money refunded if not pleased in every way.

Pinex Is Swift Acting.

You Women Who Suffer HOT FLASHES then FEEL CHILLY!

Are you going through the functional "middle-age" period peculiar to women (38-52 yrs.)? Does this make you suffer from hot flashes, feel so nervous, high-strung, irritable, weak? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. It's famous for this! Taken regularly—Pinkham's Compound helps build up resistance against such "middle-age" distress. It's what Doctors call a uterine sedative. It positively contains no opiates—no habit-forming drugs. It helps nature (you know what we mean). Pinkham's Compound is also a great stomachic tonic!

Teacher Group Hears Odessa's Assistant Superintendent Speak

W. A. Miller, assistant superintendent of the Odessa public school system, spoke on "What the Public Expectations of a Teacher" to members of the Beta Kappa chapter of Delta Kappa Gamma sorority at a "harvest" luncheon in Odessa's First Methodist Church Saturday afternoon.

Five things named by Miller as debts of the teacher to the public are: a sympathetic understanding of the problems of the parents, a professional attitude, preparedness, an awareness of her high position, and a consecration and dedication of herself to the job. Miller then challenged the teachers to keep up their high level of living in the minds of the public.

The luncheon tables were decorated with cornucopia, Autumn leaves and red pyranthas, while arrangements of red roses and mums were distributed elsewhere in the entertaining rooms.

Miss Oran Jo Pool played music softly during the arrivals of members and guests, and Louise Johnson, music coordinator in the Odessa school system, presented the first movement of Beethoven's "Moonlight Sonata" and Bach's "Solfeggietto."

Miller was introduced by Mrs. Mattie Bell Moran, program leader. Midlanders attending were Theresa Klapproth, Ruth Pearce, Lucy Moore, Mary Lowry, Mrs. Elsie Magee and Mrs. Elsie Ellington.

Odessa members present were Dorothea Crenbaum, Nell Rayburn, Florence Close, Pauline Bulsterbaum, Ida McDown, Wilma Baze, Ethel Cooke, Doll Birdwell, Berta Ourlin, Julia Lederer, Essie Ames Stewart, Juanita McCarty, Sarah Beecroft, Onata Boyd, Frances Goodall, Maxine Robinson, Ed Jean Smith, Betty Berekman, Lucille Todd, Rita Cox, Oran Jo Pool, Ruby K. Jones, Helen Brewer, La-Marylis Wall, Grace Robertson, Minnie Johnson, Virginia Felder, Anne Martin, Mrs. W. A. Miller, Mrs. Virginia Yates, Mrs. Doris Hall, Mrs. John L. Morris, Mrs. Ruth Crabtree, Mrs. Leora Upham, Mrs. L. R. Croft, Mrs. Mattie Belle Moran, Mrs. Murry H. Fly, Mrs. J. T. Long, Mrs. Gertie Morris and Mrs. Eunice Curtis.

Odessa guests included Halle Nell Mercer, Lucille Biggerstaff, Robina Dawson, Louise Johnson, Jessie Miller Pool, Mrs. Jack Rodgers, Mrs. Floyd Quinry, Mrs. Ed Worden, Mrs. Ruth Bartley, Mr. and Mrs. Floyd McCrury and W. A. Miller.

Those from Big Spring attending were Letha Amerson, Martha Ann Hardin, Zaida Brown and Mrs. J. P. Jones.

Increased Attendance At Crane WMS Meeting

CRANE—The First Baptist WMS noted a marked increase in their attendance Wednesday afternoon, having 13 present. Mrs. J. R. Robinson was in charge of the program from "Secret Power."

Two changes were announced: Bible study will be observed twice a month, and the time of meeting was changed from 3 o'clock to 4 p. m.

Present were: Mmes. R. G. Taylor, O. E. Coleman, G. L. Griffin, Ben Smith, H. D. Christian, A. P. Stark, James Edwards, B. E. Bennett, K. H. Gray, L. L. Greenfield, T. E. Plemister, W. V. Stel and Robinson.

Moment Musical Club Hears Second Recital By Newest Students

Six guests and 31 members of the Moment Musical Club of the Watson School of Music Saturday morning heard the second in a series of recitals being presented by students who have been studying music since the opening of school this fall.

The following piano program was given: "Chord Frolic," by Barbara Timmons; "Stepping Stones," by Nanette Hayes; "Go to Sleep, Dolly Dear," by Judy Orson; and "The Man in the Moon," by Gay Dower.

The business session was under the direction of John Charles Godwin, first vice president, and Louise Ervin and Jimmy Walton presided at the attendance cards.

Guests present were: Barbara Clem, Kenneth Brown, Sue Dower, Berta Gunter, Mary Wilson Ervin and Dorothy Bay.

Members attending included Wanda Lou Steel, Carolyn Gray, Helen Sue Thompson, Barbara Long, Juanda Bradshaw, Wanda Moore, John Charles Godwin, Zannie Bryant, Patsy Wilkinson, Dineva Merrell, Louise Ervin, Allen McCree, Barbara Timmons, Judy Orson, Simone Walker, Jimmy Mashburn, Nanette Hayes, Eddy Eubanks, David Klapproth, Wynne Warren, Jan Houck, Roger Walker, Gay Dower, Jan Scott, Marjorie Walker, Barbara Gunter and Cynthia Dupuy.

The club motto closed the meeting.

AAUW Creative Arts Group To Make Gifts

The Creative Arts Group of the AAUW will engage in handblocking, stenciling and making sheer scarves at a meeting at 8 p. m. Tuesday in the Mrs. W. M. Thompson studio, 1008 West Indiana Street.

All materials except yardages will be furnished at the studio, it was announced. For making two neck scarves, one and one-half yards of material are required, while head scarves require less. Celanese is recommended.

Congratulations To:

Mrs. F. E. Lesley on the birth Friday of a son, Allen Ross, weighing eight pounds, nine ounces.

Mr. and Mrs. G. A. Landrum, Jr., on the birth Saturday of a daughter, Charlotte Suzanne, weighing seven pounds, 15 ounces.

10 ways you can help yourself to good telephone service

Telephoning is easy. But more depends on the user than people realize. What you do when making or receiving a call often has a lot to do with how satisfactory that call is. Here are ten suggestions:

- Before you call, make sure of the number. If you're not sure of it, look in the telephone directory, and thus avoid wrong numbers.
- Give the called party time to answer. He or she may be some distance from the telephone. A minute isn't too long.
- Speak directly into the mouthpiece. About an inch between it and your lips is right for best results.
- Move the switch hook slowly up and down to recall or signal the operator. "Jiggling" the hook rapidly often won't cause a signal to come in and is useless.
- Replace the receiver carefully when you have finished talking. A receiver partly off the hook puts the whole line out of order.
- Answer calls promptly. It's courteous to do so and often keeps the caller from hanging up—thinking you're not at home.
- Identify yourself when you call or answer. Not everyone recognizes you by your voice. Telling who you are saves time and sometimes embarrassment.
- Space calls on party lines. If you have a series of calls to make, allow a few minutes between each one so others can use the line to call or be called.
- Keep calls brief on party lines. Other folks on the line will appreciate your thoughtfulness and—who knows—may follow your good example.
- Avoid calling in busy hours if possible. Switchboards are usually busiest during midmorning and late afternoon.

Three Differences

We Americans often make the mistake of interpreting Old World politics in terms of our own issues and ideologies. We should be particularly on guard against that danger in appraising the current series of upsets in Europe.

It would be easy to interpret these results as a revolt against Marxism and a reaction toward the system of free competitive enterprise. Easy—but incorrect. When we think of European politics, we shall be misled unless we keep in mind at least three differences between their politico-economic situation and our own.

First, we must remember that most people in Europe are suffering from shortages almost, if not quite, as severe as in wartime. They looked to "peace" for a return to individual security and comfort.

Second, we must recall that Moscow not only kept many countries out of the "Marshall Plan," but is using its fifth columns in other countries to sabotage the plan if possible.

And third, except to a limited extent in England, the swing is not "to the right" at all. It is anti-Communist, reflecting fear of Soviet nationalism and expansionism, and resentment against Soviet meddling and muddling and refusal to co-operate in the search for permanent peace.

We might as well reconcile ourselves to the fact that ours is the only major nation that is thinking about free competitive enterprise as we know it. Canada, Australia and Switzerland may be the only secondary countries that even understand what we mean by the expression.

The alternatives in Europe are not socialism or our type of free enterprise. They are socialism or private cartel controls. Even the Conservative Party in England does not propose to undo the nationalization of coal or of the Bank of England, or to tamper with the established government ownership of railroads, utilities, and other public services.

We can safely interpret the European "swing to the right" as at least a temporary repudiation of Communism and as a deliberate slap at Soviet Russia. But beyond that, it is no more than a vote of resentment against post-war austerity. It is not a vote for free competitive enterprise.

Alphonse And Gaston

Soviet Deputy Foreign Minister Vishinsky, in a UN speech, added the names of Defense Secretary Forrestal and Commerce Secretary Harriman to his list of American "warmongers."

It may be that since Wallace so frequently sees eye-to-eye with Russian foreign policy and so often parrots its propaganda line, Vishinsky decided it was only fair to return the compliment and, for once, copy Wallace.

Leonard-Schuelke Vows Exchanged

STANTON—Miss Frankie Leonard became the bride of Herbert Schuelke in a double-ring ceremony Friday in the Baptist parsonage with the Rev. T. S. Hawkins, pastor, reading the marriage vows.

The bride was attired in a grey dress with brown accessories. Mr. and Mrs. Ed Lawson attended the young couple as best man and matron of honor.

Immediately following the ceremony, the couple, accompanied by Mr. and Mrs. Lawson, left on a wedding trip to El Paso and Juarez, after which they plan to reside in Midland.

The bride attended Stanton High School, and the bridegroom, who has resided in Stanton since 1934, is a graduate of Courtney High School.

DEE BEAL HONORED WITH BRIDAL SHOWER

Miss Dee Beal was honored with a surprise bridal shower recently in the home of Mrs. John D. Beal, 1404 1/2 West Washington Street, with Kathryn McCurry, Betty Wilson and Mrs. Wina D. Beal assisting as co-hostesses.

Coffee and cake were served to more than 30 guests from a table laid with white linen cloth and centered with an attractive bouquet of bronze and white chrysanthemums.

Conspiracy To Kill Siam's King Bared

BANGKOK, SIAM—(AP)—A spokesman for the military regime which seized control of the Siamese government in a bloodless coup last week warned Monday that a would-be assassin is enroute to Lausanne, Switzerland, where King Phumiphon Aduldet is now studying.

The spokesman said an attempt to assassinate the 19-year old king had been planned as part of a conspiracy to overthrow the monarchy and set up a republic—a conspiracy which he declared the November 9 coup forestalled.

The conspiracy was to have been carried out on November 30, he said.

A message has been sent to King Phumiphon advising him that the man assigned to the mission of killing him already has reached Europe, the spokesman added. He said the government had asked European authorities to try to intercept the would-be killer. Seven Suspects Held.

Sunday the new regime announced it was holding seven persons as suspects in connection with the death of King Ananda Mahidol, Phumiphon's brother and predecessor, in 1946. The announcement said the seven confessed they had acted as lookouts while the young ruler was slain in his room in the palace by a former naval lieutenant.

Following Ananda Mahidol's death from a gunshot wound in June, 1946, a medical inquiry commission, including American, British and Indian physicians, said his death could have been suicide, assassination or an accident.

Services Held For Cpl. Marion Flynt, Jr.

Funeral services were held Sunday afternoon in the First Baptist Church for Cpl. Marion Flynt, Jr., 99th Division Field Artillery, USA, whose body was returned from Europe for burial here. Corporal Flynt was the first of Midland's war dead to be returned home. He was the son of Marion Flynt of Midland.

The Rev. Vernon Yearby, pastor of the First Baptist Church, of which Corporal Flynt was a member, officiated at the services. Interment was in Fairview Cemetery.

Flags at Midland public schools flew at half mast Sunday, and a brief period of silence was observed by citizens at 3 p. m., at the request of Mayor R. H. Gifford, in memory of Midland service men who lost their lives in World War II.

Corporal Flynt was killed Dec. 27, 1944, in the Battle of the Bulge and was buried in Belgium.

He was a graduate of Midland High School and attended Texas A&M College three years before entering the service. He went overseas in October, 1944.

More Bales to Tote This Year

This year's cotton crop, says the estimates of the Department of Agriculture, will be the heaviest since 1944. Large amounts of open cotton still in the fields have resulted in strong demand for harvest hands at near record wages. Chart above shows year-by-year cotton production since 1939. This year's total is estimated at 11,505,000 bales.

FUNNY BUSINESS

"I was always slicing my shots!"

Do You Like To BLOW YOUR HORN?

Just turned 60. You can make both pedestrians and other motorists angry by simply blowing your horn loud and long at the driver ahead just as the light turns "go." This is particularly annoying if the first car is waiting for pedestrians to get to the curb. The courteous driver uses his wits instead of his horn. The courteous driver is the careful driver. We will gladly write your automobile insurance if you are a courteous driver.

The "Horten 6," 78-foot, swept-back wing glider built by two German youths in 1944, is now being studied by American flight engineers in Hawthorne, Calif., for possible design improvements on the flying wing principle. Described as "the nearest thing to a bird ever designed," the one-man craft is credited with setting world's altitude record of 39,000 feet. Pilot must kneel to operate the glider.

Everyone working with the Midland Community Theater is in readiness for the opening of the thirteenth major production, "Angel Street," a popular Victorian thriller, in the City-County Auditorium at 8:15 p. m. Monday for a three-day run.

Director Art Cole is at the helm of a vivid cast and backstage staff composed of Midland talent.

Heading the cast are: Loretta Marsh as Mrs. Manningham; Shepard Menken as Mr. Manningham; Bob Boyle as detective Rough; Edelle Dailey as Elizabeth; Carolyn Menken as Nancy and Jim Morris and J. F. Johnson as two policemen.

The play, which is set in the Pimlico district of London in the 1880's, centers around a handsome, sinister man who is attempting to drive his wife into insanity.

The stage manager is Louise Showalter, and those responsible for set construction are Jim Morris, Bill McCutchen, Harold Hammond, Don Bowling, Mr. and Mrs.

Ellis Scooby, E. J. Elliott, Bill Pennebaker, Marilyn Murray, Beverly Littlejohn, Ruth Shepard, Wade Whately, Barbara Davidson, H. A. Ireland, Dorena Elledge, and E. E. Reisle.

Stage hands include Bill McCutchen, Harold Hammond and Don Bowling. Those working on properties, under the direction of Janie Jimerson, are Mrs. Olin Prather, Duke Jimerson, Mary Lee Cooper, Mrs. Ray Snyder, Mrs. H. A. Gossett, Mrs. E. E. Reisle, Billie Spencer, Mrs. R. Gates, Mrs. C. Shure, and Mrs. Raymond Lynch.

Lighting and effects are under the direction of Randy Rubin, J. F. Johnson and Jim Morris, while Chris Swanzy will hold the script.

Costumes have been designed by Dorothy Perkins, assisted by Dorothy Gates, Elsie Ireland and Maedee Roberts.

Other backstage workers include: Dorothy Perkins, wardrobe mistress; Maedee Roberts, hair styling; Dr. and Mrs. H. A. Ireland, make-up; Beverly Littlejohn, publicity; W. A. Waldschmidt, ticket booth and reservations; Ruth Shepard and Barbara Davidson, box office; Marie Wall, Peg Fitzgerald and Louise Showalter, "The Prompter"; Mickey Fitting, John DeFord and Joe Koeger, casting committee; and Mrs. W. Y. Penn, William H. Pomeroy, Jr., S. C. Giesey, Mrs. R. E. Roark, Mrs. DeLo Douglas and Ronald DeFord, play selection committee.

Dear Santa Claus:-

"Dear Santa Claus: I am a little girl of five years and my birthday is Christmas Day. I'd like to have a doll buggy and a dollie that drinks its bottle."

"I also would like to have some skates and a housecoat, but if it will cause some other little boy or girl to do without, just send buggy and dollie."

"And Santa, I have a little sister three weeks old. Please don't forget her. And the little boys and girls in Europe."

Your friend, Myrna D. Barber"

BUSY WEEKEND IN JUSTICE COURT HERE

In justice court here during the weekend, Justice of the Peace B. C. Girdley fined two men \$14.20 each, including costs, when they pleaded guilty to being drunk in a public place; two other men were fined the same amount for driving without operators' licenses; and three men, arraigned on charges of driving while intoxicated, were bound over to County Court under \$500 bond.

The curtain will rise at 8:15 p. m. Monday in the City-County Auditorium on the Midland Community Theater's three-day presentation of "Angel Street," popular Victorian thriller starring, left to right, Bob Boyle as detective Rough, Shepard Menken as Mr. Manningham, and Loretta Marsh as Mrs. Manningham. The play closed in New York in 1945 only after 1,265 performances, and it opened to London audiences in 1938 as "Gaslight," the name of its American screen version.

Midland Poloist Wins Trophies In Tourney At Waggoner Ranch

Jay Floyd, Midland ranchman, has a handsome polo trophy which he will get to keep for at least a year, as well as an individual winner's cup which is his for good.

The larger prize is known as the Tom Mix Trophy. The movie star gave it in 1934 to the winning team of the El Rancho polo tournament; the victorious team each year wins possession of the trophy until the next tourney.

Floyd recently played in tournaments at the Waggoner Ranch near Vernon; he was a member of the El Rancho team, which represents the ranch. This team took one of the tournaments, winning over San Antonio in the finals; in the other tournament the San Antonio team eliminated the El Rancho four and went on to win from San Angelo in the final fracas.

Floyd said it was the fastest, best polo he had ever seen in Texas and the play compared with many national and international matches he has seen. Other teams competing for the prizes included Abilene, Wichita Falls and Dallas. Teammates of Floyd's were Harold Barry, who was seriously injured in the final game; Jesse Smith, and "Shorty" Switzer.

A league of West Texas teams is being organized, Floyd said Monday, and poloists from San Angelo, Big Spring, Vernon, Lamesa, Abilene and Lubbock will meet in one of those cities regularly. Several of the teams boast high-goal players, Floyd said. Among these are Roy Barry, playing with Big Spring, and Dutch Evinger with San Angelo. Floyd plans to play with the Big Spring or Vernon (El Rancho) team.

Report Burglary Of Cigar Stand

Police reported Monday a cigar stand in the Leggett Building was burglarized. Officers said it was discovered Monday morning that a lid on the cigar case had been pried up and articles taken from the case, including several lighters and a quantity of cigars.

speculation in these important areas."

He said this does not mean that price ceilings should be imposed on all items in the classes he mentioned. Ceilings would not be necessary, for example, he said, for stable food and clothing items that are not scarce, or for delicacies or luxuries. And the same kind of selection would apply to industrial items.

He called for authority to restore consumer rationing as a "preparedness measure," which would permit rationing of basic living cost items on a "highly selective basis."

Truman said he thought that even should shortages of a few commodities at the consumer level remain serious for a while, he believes fair distribution can be accomplished largely without consumer rationing.

But no one can tell how serious some shortages might become, he said, so rationing authority should be on hand.

He pointed out that it takes months to set up the necessary organization for price control and rationing.

The President said that authority to clamp the lid on wages also should be provided "in all fairness," although he thought there would be "few occasions for its use."

"All the actions I have described," Truman said, "are essential to a fair and effective anti-inflation program. I look upon them as short-run insurance against the impairment of our prosperity and a threat to our future development."

Long range programs, the chief executive said, must stress "ever increasing production."

Stress Production For agriculture, he said, this requires a comprehensive farm program.

He counseled that programs to boost the domestic use of farm products will be needed at the time other countries become more nearly able to supply themselves. National measures will be needed, he said, to protect farmers against "ruinous deflation."

To boost industrial production, the President said, a long range program is needed to overcome "basic shortages in capacity and equipment."

And to supply the markets for higher production from farm and factory, he said, we shall need "long range programs to raise the standards of living, particularly for families of low income."

But the first step toward this progress in the future, he said, is to deal with the critical present.

Truman said he is confident Congress "will take the right course on this occasion."

American Opportunity He went over again some of the reasons help is needed for Austria, France and Italy. He told of crop failures and fuel shortages, together with lack of money to keep on buying much longer from other nations.

Americans, he said, must make the most of an opportunity to make sure that "men and women of all the world can move out of the shadows of fear and war into the light of freedom and peace."

Prompt action by Congress to supply \$597,000,000 in Winter aid to France, Italy and Austria, the President said, will be convincing proof that this country is determined to support the nations of Western Europe in efforts to remain free and become entirely self-supporting.

Cannot Abandon Aid That action is followed by the enactment of the long-range European Recovery Program," Truman said, "this Congress will have written a noble page in world annals."

Truman said that we can no more abandon foreign aid than we can "abandon our people to the ravages of unchecked inflation."

The President said nobody realizes more than he the necessity for considering the "drastic measures" he proposed.

"But if we face the facts squarely," he said, "it is apparent that no other methods can safely be counted upon to protect our people from the dangers of excessively high prices and ruinous inflation."

The American people want adequate protection from these dangers and they are entitled to it. It should not be denied them. Nor should they be misled with half measures."

At Least Twelve Texans Killed In Weekend Violence

By The Associated Press

Five Texans were shot to death in a weekend violent death toll of at least 12 persons. Traffic took five lives and two persons burned to death.

Randolph Carter, Jr., son of a San Antonio attorney, died Sunday night in a Corpus Christi hospital of a head wound received in a hunting accident Sunday morning near Rockport.

Charles A. Shelton, 36, was killed by a shot from his own rifle Sunday afternoon on his farm near Dallas while he picked pecans with a group of friends.

Luther H. Sandlin, 15, of Fruitdale, died Sunday as he attempted to keep a hunting companion from falling into the Trinity River at Dallas.

Shootings Accidental When Calvin D. Beatty, 16, of Dallas, fell down the bank of the river, Sandlin grasped the barrel of Beatty's 22-caliber rifle to pull him to safety. The rifle was discharged, killing Sandlin.

Justice of the Peace W. E. Richburg ruled the shooting of Shelton and Sandlin accidental.

Sandra Sue Bradford, six, daughter of Mr. and Mrs. Wade T. Bradford of Childress, was accidentally shot and killed with a 22-caliber rifle late Saturday while playing with her brother.

Isidor Flores, 22, was pronounced dead on arrival at a hospital in San Antonio late Saturday following a fight, police said Sunday. Officers said he had been shot in the neck by a small caliber pistol.

Two Die In Fire Mrs. Steve Hatzie, about 25, and Charles T. Grigsby, about 25, burned to death when fire swept Mrs. Hatzie's two-room house in the cotton mill district just outside Denison early Sunday. Officers said the blaze apparently was due to explosion of an oil stove.

Francisco Flores, 48, of San Antonio was killed just before midnight Saturday when hit by an automobile.

Clem B. Robertson, 26, of Waco was killed Saturday when he was struck by a truck in downtown Waco.

Miss Mary Gilley, 17, and David Fischer, 20, both of Tyler, were killed in a three-car collision on the Longview-Kilgore highway early Sunday. Four other persons were injured in the accident.

The eight-year-old son of Mr. and Mrs. Robert C. Knight of Wichita Falls was killed Sunday at Goree when he stepped from a bus into the path of an automobile.

Stassen Favors Aid And Income Tax Cuts

AMARILLO —(P)—Harold Stassen, candidate for the Republican nomination for President, Monday called for a \$3,000,000,000 cut in federal taxes and advocated a \$6,000,000,000 aid program for Europe in 1948.

In a prepared statement here, the former governor said Sunday night that a high national income and rate of production would allow the tax cuts and European aid and still leave a surplus.

He declared the reductions should be made mainly in income taxes, with some reductions in taxes on small businesses.

The candidate stopped here overnight enroute from Denver to Little Rock. A reception was given him by Texas Panhandle GOP leaders. He made arrangements for speeches in the Panhandle and the Rio Grande Valley for January.

Calling for "clarification" of the national financial program, he said there was "considerable talk that if we feed Europe, we cannot cut taxes or if we cut taxes, we cannot aid Europe."

"These statements are absolutely incorrect," he declared.

Truck Crashes, Explodes, Burns

WACO —(P)—A large truck loaded with ammunition and screen wire hit a concrete bridge rail and burst into flames three miles from McGregor early Monday, killing the driver and sending exploding shells over the countryside.

The accident occurred at dawn on a bridge on the McGregor-Moody Highway.

At mid-morning officers were still attempting to identify the charred body of the driver. He was believed to be a Houston resident, employed by the Peden Iron and Steel Company.

Traffic was blocked for more than two hours before workers could remove the body of the driver and pull the charred bed of the truck to the side of the road. The driver was the only occupant of the truck.
