## Aid Program May Result In Food Shortage

### Coalition Cabinet Formed In France

PARIS —(AP)—Premier Robert Schuman announced Monday the formation of a new coalition cabinet and immediately plunged into the task of dealing with a spreading wave of strikes that threatened the nation with economic disaster.

Already tied up by walkouts were nine out of every 10 railroads in France. All the country's harbors and most of her coal mines were idle, and all grade schools in the capital were closed.

The situation was further complicated by the threat of disturbances arising from a one-franc increase in subway fares in Paris, which went into effect Monday morning.

To meet the threat, several thousand mobile guardsmen were rushed into the city Sunday night and reservists of the 1947 class, who recently were recalled to duty, were assembled in readiness at Fontainebleau, 40 miles south of the capital.

Schuman announced the formation of his new government after 36 hours of negotiating with the leaders of all major political parties except the Communist and Gen. Charles De Gaulle's Rally of the French People (RPF).

The cabinet—France's seventh since her liberation from German domination—is composed of six members of Schuman's Popular Republican Movement (MRP), five members of the Socialist Party's radical right wing, three middle-of-the-road Radical Socialists and one moderate Independent Republican, Bidault retained.

Retained as foreign minister in the new government is Georges Bidault, a member of the MRP, who is scheduled to depart for London Monday night to participate in the Big Four Foreign Ministers Conference, which opens there Tuesday.

The remainder of the cabinet was constituted as follows: Interior—Jules Moch (Socialist). Justice—Andre Marie (Radical Socialist). Armed Forces—Pierre Henri Teitgen (MRP). Social Affairs, including Labor—Daniel Mayer (Socialist). Overseas—Paul Coste-Floret (MRP). Public Works—Christian Pineau (Socialist).

### Cattlemen Called To Meeting With Governor In Austin Tuesday

H. G. Bedford and Roy Parks, Sr., Midland directors of the Texas and Southwestern Cattle Raisers Association, left Monday to attend a called meeting of the association directorship Tuesday in Austin.

The board of directors will meet at 10:30 a. m. with Gov. Beauford Jester to discuss recent alarming reports that the foot-and-mouth-disease epidemic in Central and Southern Mexico is spreading beyond control.

#### North Texas Manhunt Centers At Saint Jo

SAINT JO, TEXAS—(AP)—Saint Jo was surrounded Monday by peace officers from several North Texas counties as a manhunt continued for two escaped convicts believed still inside the city limits.

Police at Gainesville said six cars carrying three officers each patrolled Saint Jo Sunday night, and more were due Monday.

The two men, Gene Ballard, 21, and Glenn Whitley, 21, fled from Throckmorton County Sheriff W. T. Rankin here early Sunday night.

The break came at a filling station just off the main plaza in the heart of this small, Montague County city.

Rankin said the men were believed to be unarmed and were handcuffed together at the time of the escape.

They were being transferred from Paris, Texas, to Throckmorton by Rankin, to stand trial for the September 30 burglary of the Throckmorton County Court House and a school building.

MOTHER OF FAMOUS EVANGELIST SUCUMBES HERMOSA BEACH, CALIF.—(AP)—Mrs. Minnie Kennedy, revivalist and mother of the late Almee Semple McPherson, one of the world's foremost evangelists, from whom she was often estranged, died Sunday at the age of 78.

### Meyers' Troubles Increase

WASHINGTON —(AP)—Quadruple trouble built up for Maj. Gen. Bennett E. Meyers Monday as a possible new Senate inquiry threatened uneasy moments for "many others" whose idle cash went "joy riding" on wartime government bonds.

The quoted words are those of Senator Foley (R-NH). He hinted that his Senate Banking Committee may take up where the War Investigating Committee left off after disclosures which brought denunciations of the retired air force general ranging from "rotten apple" to "snake."

First, however, federal grand juries here and elsewhere were due to hear a review of testimony in which Meyers was accused of holding aircraft stocks and pocketing profits from his own secretly owned sub-contracting firm while deputy chief of Air Force purchasing.

Still a fourth question also remains to be answered: whether the two-star officer will be ordered back into uniform to face a court martial.

Meyers Not Alone —Meyers testified he once made a paper profit of \$90,000 by buying \$4,000,000 worth of government bonds on margin, but that he did not make anything on the transaction because he did not sell at the right time.

Tobey said Meyers wasn't the only one who had the idea, that "many others—individuals, corporations and even banks"—profited by it.

Meyers entered the War Investigating Committee's records in connection with an inquiry into wartime airplane contracts awarded to Howard Hughes.

A subcommittee, headed by Senator Ferguson (R-Mich.), devoted eight sensational-packed days to the balding, 52-year-old retired officer.

With that statement and others, Mrs. Mildred LaMarre, wife of B. H. LaMarre, former president of the Aviation Electric Company of Dayton, denied Monday in a copyrighted interview by The Dayton Journal the testimony of Maj. Gen. Bennett E. Meyers given last week before the Senate War Investigating Committee that she was the retired Army officer's "girl friend."

Breaking a silence she had maintained since Meyers testified he had set LaMarre in business as head of Aviation Electric, the comely former Miami (O.) University beauty queen was quoted as saying:

"Both of us went out of our way to be nice to Meyers, but that is all. His statements are all lies."

Talking to newsmen in the presence of her husband and Robert C. Kneeb, LaMarre's attorney, she declared: "A suit for slander seems the only answer."

### Removal Of Lower Income Groups From Tax Rolls Proposed

WASHINGTON —(AP)—A movement of undetermined strength is afoot on Capitol Hill to write into the next tax-cutting bill a provision which would remove about 6,000,000 (million) low-income persons from the tax rolls.

Chairman Knutson (R-Minn.) of the House Ways and Means Committee said the new \$4,000,000,000 (billion) tax-slashing measure will be introduced in mid-December probably will include no such provision.

"But," he told reporters, "it might be written into the bill when it reaches the Senate."

### Earthquake Rumbles Across Montana Sunday

By The Associated Press —A 6.8-second earthquake rumbled across Montana early Sunday, cracking plaster in two cities, and startling residents of a dozen more.

The quake brought down a Main Street cafe ceiling in Hamilton, cracked plaster in several Butte homes, and shook buildings in Helena, Harlowton, Malta, Havre, Glasgow, Kalispell and Bozeman.

Neither the State Highway Patrol nor the Red Cross received reports of injuries or property damage.

### Big Spring Man Dies In Midland

Charles V. McGee of Big Spring died about 12:30 p. m. Sunday at the home of a brother, M. V. McGee, 904 East Davis Street, here. He was returning to Big Spring from El Paso and had stopped for a visit in Midland.

The body was taken to Big Spring Sunday night by the Ellis Funeral Home.

Funeral arrangements are incomplete.

### Terrorist Raids Bring House-to-House Search

After terrorist attacks in Haifa and Jerusalem had killed five Britons and wounded 27 others, British Palestine forces made a dawn house-to-house search of Jewish homes. ### James G. Harper Dies In Denton; Services Tuesday

James G. Harper, Sr., 47, real estate man and a Midland resident 15 years, died suddenly Sunday morning in Denton of a heart attack. He had gone to Denton to get a daughter, Betty Lou, who is a student in Texas State College for Women there. The body was returned to Midland Sunday night.

Harper was born April 25, 1900, at Wills Point, Texas, and came to Midland in 1932. He was married at Denton in 1918 to Miss Verna Marchman.

### World War I Veteran

He was a veteran of World War I and was a member of the American Legion. He also belonged to the Presbyterian Church.

Funeral services will be held at 10 a. m. Tuesday in the Ellis Funeral Home Chapel, with the Rev. R. Matthew Lynn, pastor of the First Presbyterian Church, officiating. The body will lie in state in the chapel until time for the service. Interment will be in Fairview Cemetery.

Survivors include his widow; two sons, James G., Jr., and Bill Harper, both of Midland; and two daughters, Mrs. J. O. McCall and Betty Lou Harper, also of Midland.

Palbearers are P. F. Bridgewater, Bob Pattison, Carl Reeves, Addison Wadley, Duke Kimbrough, T. R. Wilson, M. F. Turner and A. E. Cameron.

### Boiler Explosion On Freight Train Fatal To Three

ODESSA —(AP)—Three men were killed near here Sunday when a Texas and Pacific freight engine boiler exploded.

Dead from the blast, which occurred approximately 20 miles west of here about 3:20 p. m., were B. O. Bunn, 40, engineer; T. A. O'Brien, 29, fireman, and B. R. Wilkerson, 21, brakeman. They were from Big Spring.

Conductor J. E. Hendrick and Rear Brakeman J. W. Pamley were uninjured.

Witnesses said the boiler rose end over end from the engine.

Bunn and O'Brien were caught in the cab, which landed on the north side of the tracks, and Wilkerson was thrown about 40 yards on the other side.

The train was headed west.

### Russia Says Britain Delays Palestine Vote

LAKE SUCCESS —(AP)—Russia charged Monday that Britain was trying to prevent a solution of the Palestine problem.

The charge was made by Semen K. Tsarapkin, who told the United Nations Assembly's 57-member Palestine Committee that Britain's attitude could be interpreted only as "a decision to work against a settlement of the Palestine problem."

Tsarapkin declared Britain had "come up with reservations that have deprived the (U.N.) organization of all means of settlement."

Tsarapkin spoke as the committee approached a vote on a plan to partition the Holy Land into separate Jewish and Arab countries. Britain has refused to make any British troops available to help enforce the partition plan.

### 'Big Four' Hopeful On Austria Treaty

LONDON —(AP)—Approximately 500 aides, secretaries and experts put the finishing touches Monday to preparations for the Big Four Foreign Ministers Conference, which convenes here Tuesday for what many observers believe may be a last attempt to reach unified peace settlements with Germany and Austria.

Soviet Foreign Minister V. M. Molotov arrived Sunday by plane, and French Foreign Minister Georges Bidault—last of the four principal participants in the conference—was expected Monday night.

Doubts over the identity of France's representative were cleared away with Bidault's retention in the new coalition cabinet formed by Premier Robert Schuman.

British informants said Britain's foreign secretary, Ernest Bevin, probably would see Molotov and U. S. Secretary of State George Marshall some time Monday. Marshall arrived Friday.

Vishinsky Is Aide —The Soviet Embassy has announced that Molotov's principal aide in the discussions would be Deputy Foreign Minister Andrei Y. Vishinsky, expected to depart for London as soon as his duties at the United Nations Assembly in New York permit.

British government sources said the opening session would be devoted to formalities, with Bevin welcoming the visitors.

On Wednesday the foreign ministers were expected to start discussing an agenda.

While there was wide speculation over the probable outcome of the conference, official sources carefully refrained from comment on the possibilities of any agreement being reached with respect to either Austria or Germany.

Whatever optimism existed appeared to center chiefly around the possibility of completion of a treaty for Austrian independence.

Pessimism over the chances for an agreement on Germany were not enhanced by utterances from Moscow, where the Soviet press launched a new attack on Marshall Sunday.

### House Action Sought On Contempt Citations

WASHINGTON —(AP)—Rep. Thomas (R-NJ) told the House Monday his un-American Activities Committee has staged "only the beginning" of what he terms its drive to force Communists out of the motion picture industry.

Thomas asked the House to uphold contempt citations against ten Hollywood witnesses who refused to tell the committee in recent hearings whether they were or had been members of the Communist Party.

### WEATHER

Fair and continued cold Monday night and Tuesday. Lowest temperatures expected during Monday night and early Tuesday, 22-38 degrees in Panhandle, 26-32 degrees in South Plains and other parts of West Texas.

### House Rebels At 'Blank Check' Idea

WASHINGTON —(AP)—Senator Bridges (R-NH) said Monday there is a "strong probability" the Administration's plan for emergency aid to Italy, France and Austria will result in a serious food shortage in the United States.

Bridges, chairman of the Senate Appropriations Committee, made that statement as Secretary of Agriculture Anderson testified before the group in support of President Truman's request for \$597,000,000 for emergency aid to the three countries.

Congress has been given only a promise that shipments of grain to Europe will be curtailed if next year's grain crops are poor, Bridges said. He added:

"If the State Department takes the purchases to the full amount and a bad crop ensues, the American people will be subject, not only to rationing, but possibly to meager rations."

In the Senate branch of Congress, the situation on the President's request was the subject of a hearing.

The Foreign Relations Committee has approved legislation to authorize expenditure of up to \$597,000,000 on emergency aid. That bill went before the Senate Monday with supporters predicting passage by Wednesday.

House Controls Funds —But before any actual aid is sent, a separate bill must be passed appropriating the money to pay for it. This will have to come from Bridges' committee.

Bridges declared his group will write no "blank check" for such aid, "no matter how persuasive the argument in favor of such a foolish procedure."

Truman, in his personally-delivered message presenting the program, told the legislators it would add to economic strains here at home.

To cope with those stresses and the continuing rise in cost of living, he asked for broad economic controls, including authority to put on some price and rationing controls if he found them necessary.

The President made his request only in general terms. Administration aides are now presenting more detailed proposals to various committees of Congress.

Less Meat In 1948 —Before the Senate-House Economic Committee, a group of Agriculture Department officials asked that the government be given power to buy the entire wheat crop, if necessary, to see that it is parcelled out to the best interests of the country as a whole.

This would be one of the so-called "allocation" powers asked. Carl C. Farrington, head of the department's production and marketing division, said that even if this and other measures are undertaken, Americans each will have 10 pounds less meat in 1948 than this year and it will cost them more.

F. Marion Rhodes, an aide who appeared with Farrington, said the

### Christmas Seals Are Distributed

Midland residents early this week will receive sheets of 1947 Christmas seals, enclosed with letters from the Midland County Tuberculosis Association asking support for its next year's program of tuberculosis prevention and control. Dr. Homer B. Johnson, association president, said.

The forty-second annual Christmas seal sale opened Monday and will continue until Christmas Day, 1948 Program

The proceeds received from the seal sale will be put to work early in 1948 patch testing school children, making X-rays of suspected cases, and dispensing general information on the disease, Doctor Johnson said. The Midland County goal this year is \$5,000. John J. Redfern, Jr., is campaign chairman.

The 1947 seal was designed by Raymond H. Luffkin of Tenafly, N. J., nationally known free lance artist, typographer and illustrator of children's books, who won a special citation from the Treasury Department for his War Bond posters during World War II.

Mrs. Linnie Davidson, executive secretary of the Midland Association, said many individuals and organizations, including Girl Scouts and B&P.W. Club members, have assisted in preparing the seals for mailing. She expressed appreciation to all who assisted in the task.

# Schoolboy Playoff Pairs To Be Settled This Week

By HAROLD V. RATLIFF  
Associated Press Sports Editor

The play-off bracket for the Texas schoolboy football championship will be completed this week with one district title on the line Wednesday, three Thursday and one Friday.

Eleven champions await the results.

Forest (Dallas), with one of the most remarkable records in schoolboy gridiron history—four victories and four ties in eight games—battles North Dallas Wednesday night for the championship of District 8. The winner will take the laurels, but if the teams tie there will be a three-way deadlock for first, provided Sunset (Dallas) wins over Crozier Tech (Dallas) Thursday.

Thursday will find the championships of Districts 5, 9 and 15 in the balance.

In District 5, Denison plays at Sherman and Greenville at Paris. If Denison and Paris win, they will close out in a tie for first, but Paris will get the championship since it had more yardage than Denison.

## Southwest Loop Lays Bowl Plans

By WILBUR MARTIN  
Associated Press Staff

The Southwest Conference was thinking about bowl teams Monday, and a couple of games this week into the scheme.

Southern Methodist University is already assured host spot in the Cotton Bowl, while Texas and Rice could land post-season bids by thumping Texas A&M and Baylor respectively this week.

The undefeated, untied Southern Methodist Mustangs scored all of their points in the final five minutes in clinching a tie for the conference crown against Baylor last week, 10-0.

The Ponies play Texas Christian Saturday, but a defeat would only spoil their record. They gained the right to enter the hometown Dallas Classic on the tie. Texas, the team which could share the championship should Southern Methodist lose, dropped its only game of the season to the Mustangs, 14-13.

Rice, which has snapped an early season slump, took over third place in the conference standings with a 7-0 win over TCU last week.

Blair Cherry, who installed the T formation and guided the Longhorns to eight victories and one defeat this year, won't be around for the season final against A&M.

An appendectomy operation Friday sidelined Cherry, and assistant coaches will be in charge Thursday.

Donk Walker, Southern Methodist spiker, boosted his season's scoring to 74 points on a field goal and extra point against Baylor. Byron Gillery of Texas continued as runnerup with 42 points.

when they played to a 7-7 tie. First downs and penetrations were even.

In District 9, Breckenridge needs to beat Cisco to clinch the championship. In that event Breckenridge would end up in a tie for first with Brownwood, provided the latter defeated Stephenville. Breckenridge then would take the title, since it licked Brownwood in regular season play.

**Brack Vs. Jefferson**

In District 15, Brackenridge (San Antonio) plays Thomas Jefferson (San Antonio). Defeat or tie for Brackenridge would hand the title to Corpus Christi, which has finished its schedule. Victory would give Brack the title, since it won over Corpus Christi when they met.

The other championship will be decided Friday when Waco plays Temple. Waco boasts a half-game lead in the District 10 race over Corsicana and Waxahachie and needs only a victory to clinch the title. Corsicana, of course, must beat Cleburne, and Waxahachie must down Hillsboro.

Championships already determined are: District 1, Amarillo; District 2, Wichita Falls; District 3, Odessa; District 4, Austin (El Paso); District 6, Highland Park (Dallas); District 7, Arlington Heights (Fort Worth); District 11, Longview; District 12, Lufkin; District 14, Goose Creek; and District 16, Harlingen.

Lamar of Houston will represent District 13 despite what may happen Wednesday, when Lamar meets Milby (Houston). Should Milby win, Lamar and Saco Jacinto (Houston) would finish as co-champions, but Lamar would play in the state race because it beat San Jacinto when those teams met.

**Two Play-Offs Carded**

Sites of two bi-district games already have been determined. Amarillo and Wichita Falls will play at Wichita Falls, probably December 7. Longview and Lufkin will clash at Longview, December 6.

At least one undefeated team will enter the state play-off. Goose Creek, which has finished its schedule, has won nine and tied one. Other undefeated teams are Odessa, Wichita Falls and Longview, each of which has won nine, and Forest, which is undefeated but has been tied. All except Goose Creek have games this week.

Records of undefeated Texas schoolboy football teams:

Team	W	L	T	Pts	Opp
Odessa	9	0	0	324	35
Wichita Falls	9	0	0	306	14
Longview	9	0	0	108	0
Goose Creek	9	0	1	189	33
Forest (Dallas)	4	0	4	50	7

## The Chiropractor and You

No. 10 in a series of articles published in the public interest to explain and illustrate the practice of Chiropractic.

**HOW LONG WILL IT TAKE TO GET WELL?**

No one can tell exactly how long it will take a peach to ripen, nor can a Chiropractor say with any degree of certainty how long it will take you to get well. The healing process is like the growing of corn; it is an effort of Nature, and we cannot dictate to her how long she must take. The Chiropractor by adjustments opens the door which was closed against this healing process, and then Nature gets to work. The time she takes depends upon the amount of repairing that has to be done. The forces within your own body necessarily govern the process of getting well. If you take reasonable care of your spine while taking adjustments you will get well much quicker. One should avoid heavy lifting, straining or twisting, etc., to preserve and increase the benefit he may have received from adjustments. The majority of cases start to improve in a few days. Some after the first adjustment.

**CASE HISTORY NO. 2006**—A man 70 years old who for 25 years... one third of his life had been under treatment for diabetes. He had been told repeatedly "Once a diabetic all the time." Hearing about Chiropractic through a friend, his curiosity prompted him to visit a Chiropractor's office. He agreed to have spinal X-rays taken and in them he was shown a misaligned vertebra which the Chiropractor declared was the cause of his trouble. Spinal adjustments were commenced and two months later a urinalysis and blood test showed complete freedom from diabetic indication.

## From Alley to Satin Cushion

From a hungry alley cat to a first-prize winner on a satin cushion in two days is the success story of "Mr. Silver," shown above with his blue ribbons. A hostess in the Hamilton Hotel in St. Louis, Mo., found him strolling into the hotel lobby just two days before the city's cat show started. So she fed, groomed and entered the cat in competition with fancy breeds. Result: "Mr. Silver" walked off with best color class award for kittens and a first for participation in the non-championship class.

## Crane And Sanderson To Play Bi-District Grid Tilt In Crane

CRANE—The bi-district game between the Crane Golden Cranes and the Sanderson eleven will be played on the Crane gridiron Friday, December 5, with a record attendance expected.

Arrangements for the championship bout were made following the Sanderson-Fabens game in Sanderson Friday night.

The Golden Cranes, coached by George Crane, won ten straight games to annex the district 5B crown. They were scored on only twice by non-conference teams.

## 14 College Teams Have Perfect Records

NEW YORK—(P)—Two college football eleven—Upper Iowa and Southern Oregon College of Education—were knocked off the unbeaten and untied list last week, leaving 14 teams with perfect slates.

Of these, Notre Dame, Penn State, Michigan and Southern Methodist, are major eleven. The Irish and Mustangs each still have one game left on regular programs.

Upper Iowa was beaten, 6-0, by Evansville Saturday. Southern Oregon College lost Friday night to the California Aggies, 21-6.

Others with all-winning records include Cameron Aggies of Oklahoma, West Chester (Pa.) Teachers, Denison, Missouri Valley, Loras of Iowa, Pepperdine, Jacksonville (Ala.) Teachers, Wesleyan and Montclair (N. J.) Teachers. Missouri Valley owns a string of 29 straight victories.

## Five Bigtime Grid Teams In Bowl Picture

By JOE REICHLER

NEW YORK—(P)—Except for all-conquering Notre Dame and once-tied Pennsylvania, five of the nation's seven undefeated major college football teams Monday were either bowl-bound or were awaiting "feelers" to participate in post-season clashes.

Three of these elite eleven, Michigan and Southern Methodist, each with a perfect slate, and once-tied California already were "in," no matter what happened from here on. The other two, unscathed Penn State and twice-tied Kansas, haven't received a next definite offer, but both were reported being under consideration for appearances in bowl games.

Undefeated Notre Dame already has announced its antipathy toward any post season games, as has once-tied Penn. Each still has one game to play on its regular season schedule. The Irish meeting Southern California December 6, and the Quakers engaging Cornell in a traditional Thanksgiving-Day game.

## The Rose Bowl

No matter what the outcome of the Notre Dame-USC game a week from Saturday, the Trojans will face Michigan in the Rose Bowl at Pasadena, Calif., New Year's Day. Saturday's 6-0 win over U.C.L.A. insured it for the Trojans. The Wolverines clinched their entry last week when they swamped Wisconsin for the Big Nine title. The 21-0 triumph over Ohio State Saturday had no bearing.

Southern Methodist, the last of the four unbeaten and untied teams, is a certainty to be the host team in the Cotton Bowl at Dallas, January 1.

Although Jordan C. Ownby, president of the Cotton Bowl Athletic Association, has stated that the guest team has not been decided as yet, it is felt that Penn State will get the bid. Penn State concluded its first undefeated, untied season since 1912 Saturday by walloping Pittsburgh, 29-0.

## Kansas Considered

Other schools under consideration include Georgia Tech, Mississippi and Kansas. Kansas, sharing the Big Six Conference title with Oklahoma, was being mentioned prominently not only for the Cotton Bowl, but for the Sugar and Orange Bowls.

Kansas, with one more game to play, earned the Big Six tie by conquering Missouri, 20-14, Saturday while Oklahoma was eking out a 14-13 win over Nebraska.

Alabama has been chosen as host team in New Orleans' Sugar Bowl. The Crimson Tide gave a pre-bowl performance Saturday by whaling Louisiana State, 41-12. No teams have been announced for the Orange Bowl in Miami.

## McCamey Couple Back From Central America

MCCAMEY—Mr. and Mrs. S. R. Braly returned to McCamey, Tenn., early from a two-week vacation in Louisiana and Central America.

They drove to New Orleans and, after visiting with relatives and friends there, flew to Tegucigalpa, Honduras, on a DC-4 Taca Airlines plane. The trip from New Orleans to Tegucigalpa took approximately 5 1/2 hours, with only one stop in San Salvador, El Salvador.

While in Tegucigalpa, they visited in the home of Mrs. Braly's sister, and brother-in-law, Dr. and Mrs. R. B. Nutter, who own and operate Hospital Viera.

They were entertained in Tegucigalpa by Col. and Mrs. Nathan A. Brown, Jr., U. S. military attaché, and Col. and Mrs. G. J. Adams, head of the U. S. Military Mission to Honduras.

Mr. Braly was a guest of the Honduran Hunt Club on several occasions. He spent several days on the Pacific coast hunting and fishing at Buena Vista ranch, which is owned by Doctor Nutter and operated by his son, John. Braly reports he saw most of the ranch from horseback and got in a lot of hunting for deer, wild birds, alligators and snakes, including boa constrictors. While at Buena Vista he visited the sawmill where the Nutters are also engaged in the lumber business.

## Wink School Man Resigns Position

WINK—Cody Fondren, tax collector for the Wink Independent School District and secretary to the school board, has resigned his position here effective December 1.

He has accepted a similar position with the Phillips, Texas, schools where he will serve under Lee Johnson, former superintendent of Wink schools.

Mr. and Mrs. Fondren have resided here since 1937 and have been active in civic, social and church work.

## Crane News

CRANE—Mr. and Mrs. V. H. Russell and children have as their guests Mr. and Mrs. Noble Coffee and Mrs. J. B. Alley of Houston.

Mr. and Mrs. John Webb and son, Johnnie, left Saturday for Gorman, where Mr. Webb will enter the hospital for surgery. Mrs. Webb and Johnnie will visit her parents there. Her father is a doctor in the Blackwell Hospital.

Mrs. George Dickens of Marion, Ind., is a guest of her sister, Mrs. Lula Chaney of Crane.

The Roy Masons, who have been ranching East of Crane, have moved to a ranch near Fort Stockton.

Mr. and Mrs. Leon Nealley have moved to their new home in the Northwest part of Crane.

R. V. Wilson, Jr., is in a Lubbock hospital for surgery.

Mrs. Orian Faircloth, Mrs. E. T. Coleman and Mr. and Mrs. Smith were business visitors in McCamey Friday.

Mrs. Jake Cochrum and daughter, Mary Alice, were San Angelo visitors Saturday.

## Fire Fails To Stop Waco Church Services

WACO—(P)—The Rev. Woodson Armes was about to begin his morning sermon Sunday when told his house was burning. He continued the service and concluded it at the scheduled time.

"I knew the firemen would try to save the house and I didn't see how I would be of any help to them," he said.

Damage to the home, owned by the church, and the pastor's personal belongings was estimated at \$7,000 to \$8,000.

## 3-AA Elevens Play Turkey Day Games

Final action in 3-AA football is scheduled this week. Six schools meet in three annual Turkey Day classics Thursday. Midland invades Odessa. San Angelo travels to Abilene and Sweetwater goes to Big Spring.

This will be the end of the 1947 football trail for all but the district champion.

Midland vs. Odessa: The Bronchos are too deep, too powerful and too ambitious. The 1946 state title is held by Odessa, and the mighty Bronchos are out to repeat. Midland is a barrier. Odessa has beaten all 3-AA opponents to date with ease and buried each under a blanket of touchdowns. Only the extreme loyalists and those not acquainted with Odessa's strength could pick Midland. Midland could put up the battle of the year and hold down the score—for this, Bull-dog followers are wishing. A Midland win would be the biggest upset in football history.

The Midland-Odessa game will be played in the afternoon Thursday in the Odessa stadium.

San Angelo vs. Abilene: The Abilene Eagles were doped to run second in the district this year and have stayed true to form. The Eagles lost only to Odessa. How-ever San Angelo has a big, bruising ball club, which is very capable of knocking off the Eagles. We predict Abilene to win despite the threat of an upset by San Angelo. Playing at home, the Warbirds will be tough to take.

Odessa is "in" for the district championship and here is the picture going into Thursday's final games:

## Cowboys, Red Raiders To Meet For Crown

By The Associated Press

Hardin-Simmons Cowboys and the Texas Tech Red Raiders meet next Saturday under circumstances similar to their meeting last year in the game that decided the Border Conference football championship.

A year ago the Cowboys were enjoying an unbeaten season and the Raiders had lost only to a couple of the best teams in the Southwest. Both were unbeaten in the conference.

Neither has lost in the conference so far this season, but the Cowboys have dropped a pair of contests outside the league and the Raiders have been beaten four times.

Once more their Saturday meeting at Lubbock is expected to decide the conference championship, won last year by Hardin-Simmons. After Saturday the Cowboys will have only a game with Arizona State (Tempe) to play, while the Raiders will be through for the year.

In preparation for the tilt, the Cowboys rested Saturday while the Raiders took a 26-20 decision from New Mexico University's Lobos.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, NOV. 24, 1947-3

## 'Years Ago' Warmth To Supplant Dreary Victorian Stage Set

"Years Ago," the next Community Theater production, will supplant with 1913 warmth and friendliness the dreary Victorian set of "Angel Street" on the City-County Auditorium stage.

Casting will begin at 8 p. m. Tuesday in the auditorium on the light comedy, which is the tale of a stagestruck girl and her attempts to become an actress despite her retired sea captain father, who has other plans for her. The play is set in a 1913 home in Wollaston, Mass.

"Years Ago" enjoyed a long run in New York recently, starring Fredric March and Florence Eldridge in the roles as father and mother.

Among the roles open are several teen-age parts, and that of a lady physical education instructor, considered one of the better comedy roles in the play. Several other adult roles complete the cast.

Members of the casting committee selected are Mrs. D. L. McKibbin, Mrs. William Y. Penn and Albert S. Kelley.

A second tryout session will be held at 8 p. m. Wednesday. Any one in this area may read for roles in this year's sixth production.

## 'Kidnap' Breakfast Given For B&PW In J. B. McCoy Home

The order of service will include the reading of a lesson-sermon on the topic of "Thanksgiving," and opportunity is afforded for testimonials of gratitude to be expressed appropriate to the occasion.

The public is invited to attend these services.

**MRS. HUGHENS FETES BELMONT BIBLE CLASS**

Mrs. J. M. Hughens, 501 North Weatherford Street, entertained members and guests of the Belmont Bible Class Friday afternoon.

Appearing on the program were Mrs. W. L. Sutton, who presented the lesson, and Mrs. R. Chanslor and Mrs. Harvey Kiser, who led the group in prayers.

The next scheduled meeting will be December 5 in the home of Mrs. R. R. Gray, 600 North A Street, it was announced.

Mrs. Hughens served refreshments to Mrs. Gray, Mrs. O. L. Harper, Mrs. W. M. Craft, Mrs. Velma Smith, and two guests, Mrs. H. Merrill and Mrs. Lockley Hall.

**GETTING UP NIGHTS GETTING YOU DOWN?**

Here's good news for you folks who have to get up at night to pass water, have backache, too, because of minor functional kidney disorders.

Three generations ago, a famous doctor developed a medicine for this very trouble. Now millions have used it, often with amazingly fast, effective results. The medicine is Dr. Kilmer's Swamp-Root, made of 16 herbs, roots, vegetables, and balsams — truly nature's own way to relief. Instantly you take it, it starts to work flushing out kidneys . . . increases the flow of urine, helping to relieve excess acidity . . . so irritated bladder gets a good flushing out, too. Caution: Take as directed. You'll say it's marvelous!

For free trial supply, write: Dept. E, Kilmer & Co., Inc., Box 1245, Stamford, Conn. Or — get full-sized bottle of Swamp-Root today at your druggists.

**Do You Suffer Distress Of Monthly FEMALE COMPLAINTS With Uncomfortable Fullness?**

Are you troubled by distress of female functional monthly disturbances? Does this make you suffer from pain, feel so nervous, restless, weak — at such times? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms!

In a recent medical test Pinkham's Compound proved remarkably helpful to women troubled this way. It's what doctors call a uterine sedative. It has a grand soothing effect on such distress. Also a great stomachic tonic!

**Dear Santa Claus:**

"I would like a Sparkle Plenty doll. I also would like a baton, a story book doll, too. I would like nuts and candy in my stocking and a ring."

DARLENE ALDRIDGE

"Dear Santa Claus, I would like a Sparkle Plenty doll most. I am a good girl and mother says I deserve this much consideration."

Love, MARY JANE

"Dear Santa Claus: I am a little girl six years. I am in the first grade. Please bring me a doll, a buggy, doll house with furniture, and nuts. I have a little sister two years old who would like a doll, rockie horse and a ball. If you don't have all of this, anything will do."

Your little friends, JOHNIE LOUISE and BETTY SUE HOUSTON

**PROGRESSIVE CLUB TO MEET THIS WEEK**

The Progressive Study Club will meet at 3 p. m. Wednesday in the home of Mrs. W. C. Mitchell, 1406 West College Street, for another in the series of programs on the year's study, "Open Door to World Understanding."

The program will consist of discussions on "Immigration Trends," "Uniform Health Laws," and "Don't Divorce Your Child," by various members of the club.

## Noted Dutch Artist Visits Here This Week

Cornelis Christiaan Zwaan, portrait painter and distinguished Dutch artist, has arrived here for a visit and portrait painting in the Crawford Hotel. He is enroute to California.

Zwaan left his home in Amsterdam, Holland, while still a young boy because his parents frowned upon his artistic tendencies, and at the time of the coronation of Queen Wilhelmina, Her Majesty was presented with several of the young artist's original studies by the faculty of one of the leading art schools there. The Queen, in accepting these studies, personally thanked and congratulated Zwaan, and later provided the scholarship necessary to carry him through five years of study at the Ryks Aca-

## Sul Ross Band Of Ex-GI's Will Play

Music by an orchestra composed of ex-GI's from Sul Ross College, will be featured at a public dance Wednesday night in the VFW recreation hall at Midland Air Terminal.

This entertainment, a pre-Thanksgiving event, is sponsored by the Midland Junior Chamber of Commerce.

## PISTACHIA TREE SEEDS—BEING DISTRIBUTED HERE

Home Demonstration Agent Nettie B. Messick Monday was distributing to 4-H Club and Home Demonstration Club members pistachia tree seeds for planting in the county.

She got the seeds from Woodward, Okla., she said, but the pistachia tree itself is a native of China. It is reportedly an ornamental tree which grows to a height of 30 feet, bears attractive berries and leaves are especially brilliant in the fall. And, Mrs. Messick said, the tree is supposed to be adapted to dry regions.

In newborn calves the store of copper in the liver is about eight times that in adults.

Texas Towns Face Curtailed Gas Supplies

DALLAS —(P)—Approximately 15 Northeast Texas towns faced curtailed gas supplies Monday while one college and one school system were forced to close when a natural gas line developed a major leak.
Lone Star Gas Company officials said the break occurred Saturday between Royce City and Caddo Mills.
East Texas State Teachers College at Commerce and the Greenville public schools shut down. Students at the college were dismissed for the Thanksgiving holidays and will not return until December 1.
Gas officials at Greenville said they believed towns affected were Commerce, Greenville, Sulphur Springs, Caddo Mills, Celeste, Leonard, Wolfe City, Cooper, Ladonia, Campbell, Pecan Gap, Cumby and several other small communities in the area.

Rites Scheduled For Veteran Newsman

AUSTIN —(P)—Mark L. Goodwin, a newspaperman for nearly 50 years, will be buried here Monday.
The 76-year-old former Washington correspondent of the Dallas Morning News died at his home here Sunday. He had retired from active work in 1939.
Goodwin was at one-time managing editor of the Austin Statesman, state capitol correspondent for the old Fort Worth Gazette and had worked for the Denison Herald, Houston Post, Fort Worth Star-Telegram, El Paso Times and the old Kansas City World. He first came to Texas in 1902.

Forty Former Nazis Face Polish Tribunal

### FBI Agents Crack Down On White Slave Ring In Three States

PORTSMOUTH, OHIO — (AP)—FBI agents brought two more prisoners to the Scioto County Jail Monday, raising to 50 the number collected in a crackdown on a white-slave ring that operated in three states.

The new prisoners, a man and a woman, were added to the 15 men and 28 women taken into custody Saturday night at Ironton, who were to appear Monday before U. S. Commissioner Laurence M. Kimbel. The woman was held as a material witness, and FBI agents questioned the man. Interrogation of other prisoners also continued.

The FBI swept into Ironton, bustling little city of 20,000 located just across the Ohio River from several West Virginia and Kentucky cities, about midnight Saturday.

Almost simultaneously, agents arrested five persons in Illinois, Missouri and California, and a man and a woman at Columbus, Ohio.

The sudden smash was directed primarily at a two-block "call house district" in Ironton, known as "the line" for 60-odd years.

Most of the 48 were detained as material witnesses. Eleven were charged with violation of the White Slavery Act.

### Garners Observe 52nd Wedding Anniversary

UVALDE — (AP)—John Nance Garner, the "grand old man" of Texas politics and former vice president who celebrated his 79th birthday last Saturday, Monday was observing his 52nd wedding anniversary.

Garner, a sandy-haired young lawyer at the time, married Ettie Reiner in the little town of Sabinal in 1895, 52 years ago.

Ettie, as capable as she was pretty, knew typing and shorthand, and throughout his long political career helped him with his work.

Together they went ahead to the Texas Legislature, on to the National Congress, up to the speakership of the House and finally to the vice presidency.

They observed their golden wedding anniversary in 1945.

### Ellis May Manage Texas Prison System

HOUSTON — (AP)—O. E. Ellis, manager of the Shelby County Penal Farm at Memphis, Tenn., may be the new general manager of the Texas Prison System, it was learned here Monday.

Ellis, in a telephone conversation with the Chronicle, would not comment other than to say "I don't think this is the proper time to discuss the matter."

He did not confirm or deny the report that he had been offered the position, but indicated as much when he said, "Let's await the outcome of tomorrow's meeting."

Ellis referred to a special meeting of the Texas Prison Board called for Tuesday by Chairman W. C. Windsor, Tyler, to select a successor to Maj. D. W. Stakes, who resigned as general manager of the prison system at the board's November 3 meeting.

### Jehovah Witness Sentences Upheld

WASHINGTON — (AP)—Convictions of three Jehovah Witnesses on charges of violating the Selective Service Act by refusing to work at civilian public service camps were upheld Monday by the Supreme Court.

Justice Reed delivered the 5-4 decision. Justice Murphy wrote a dissent in which Justice Rutledge joined. Justice Douglas also delivered a dissent in which Justice Black concurred.

All three of the "witnesses" were classified by their draft boards as conscientious objectors. But each contended he was a minister of religion and should have been exempted from all training and service.

### Sweetwater Attorney Discusses Problem Of Juvenile Delinquency

Charles Griggs, Sweetwater attorney and former member of a party of Nolan countians who appeared on the program at the Kiwanis Club meeting here Monday noon, told his Midland audience that juveniles between the ages of 13 and 15 years constitute the second largest crime group in the United States.

Fifty per cent of the crimes in this country, he asserted, are committed by persons 18 to 23 years old, with the 13-15 age group ranking second.

"I don't know what it costs you here in Midland County," he said, "but in Nolan County, every juvenile sent away to the reform school costs the State of Texas \$1,600."

**No Pat Solution**

He had no pat solution to the problem, he emphasized, but he decried the reform schools obviously are not the answer. "Regardless of efforts to segregate first-offenders with habitual law-breakers, reform schools are really high schools for education in crime."

Slums, poverty, and broken homes are factors in juvenile delinquency, he said, but probably even more important than these in turning normal boys into criminals is the attitude of parents. Mothers and fathers who encourage and justify criminal acts of their children are guilty of fostering juvenile delinquency, he declared. He lauded as promising steps in the right direction the establishment by many cities of "boys ranches", to which youngsters may be sent instead of to state-operated reform institutions.

**Popular Entertainers**

Extremely popular entertainers with the Sweetwater Kiwanians were Kim Polk and Gaylon Gee, 10-year-old fifth-graders who provided accomplished musicians. While Kim played himself a versatile vocalist, with a repertoire ranging from "White Christmas" and "Red Silk Stockings and Green Perfume" to "Sentimental Journey," Gaylon demonstrated a surprising ability as accompanist.

Other Sweetwater Kiwanians here for the meeting included B. F. Gee, D. W. Crain, Bill Rice, S. O. Cress, M. O. Weygant and Bailey Choate.

### Girl Scout Workshop To Have Second Session

The Girl Scout Intermediate Workshop will meet for the second and last session from 9:30 a. m. to 11:30 a. m. Tuesday at the Children's Library in the courthouse.

The workshop, which is open to any Girl Scout worker or interested citizen, will feature charting badge activities in the second session, according to Mrs. I. A. Searles, volunteer trainer.

### Aid Program—

(Continued from page 1)  
government also should have allocation authority over petroleum, coal, steel, lumber, fibers (cotton, wool, rayon), chemicals and some manufactured equipment.

J. M. Mehl, commodity exchange authority administrator, said authority to regulate cash payments, or "margins," on grain and other commodity trading is needed to curb speculation in the food markets.

Meantime, the Senate Banking Committee was hearing opposition from banking and automobile interests to a return to consumer credit controls.

Through such controls, which were in force during the war and up until last November 1, the government fixes terms under which a merchant sells goods on credit or installment buying.

**Object To Credit Curbs**

The suggestion from Agriculture Department officials that the government might under some circumstances find it necessary to buy the entire wheat crop had already gotten attention in Congress.

There was no secret about the stand the American Bankers Association planned to take on restoration of controls over installment buying. The ABA Sunday night made public testimony prepared for submission by Kenton R. Cravens of St. Louis.

"The inflationary pressures on prices do not stem from installment buying," Cravens' text said, "but from the vast purchasing power in the hands of the public, generated by the wartime fiscal practices of the government and continued excessive spending by government."

However, Chairman Tobey predicted the Senate Banking Committee will give speedy approval to a bill restoring the retail credit curbs.

**Permanent Program**

Across the capitol, meanwhile, House members focused their attention on a new report by Chairman Herter (R-Mass) of the special House Committee on Foreign Aid. This document, expected to form the background for the eventual House bill on long-term European aid, repeatedly stressed the word "remuneration."

In brief, it recommended:

1. In cases where hard-pressed European countries cannot pay for U. S. aid in dollars, "other arrangements for repayment must be made."
2. Long-term "stock piles" of strategic and critical materials should be built up in the United States, contributed by the European countries as their war-devastated production begins to flow.
3. Assets held by foreign governments in the United States should be accepted as security for American loans.

### Wink Bank Will Open Next Month

WINK—The new Winkler County State Bank of Wink will open its doors for business December 15, R. A. Lipscomb, president, announced.

The bank's new building, one of the most modern in West Texas, is nearing completion and fixtures will be installed soon.

The bank here is the first in the history of Wink, which long has been an important center in the oil industry of the Permian Basin area.

Word has been received from Washington that the new bank has been approved for Federal Deposit Insurance.

Plans are underway for a formal opening of the new West Texas financial institution.

### Heroin Found In Dead Man's Luggage

LOS ANGELES — (AP)—Four packages of yellowish powder, found in the luggage of an airplane passenger who died aloft, turned out to be pure heroin, federal narcotics agents announced Monday.

The passenger was stricken, apparently with heart disease, as the United Airline plane from New York approached Los Angeles. He was given oxygen but was pronounced dead on arrival at the airport Sunday.

Carpenter said papers on the body gave the name of Ralph Massey or Macey, aged 45, with various addresses in New York City and Brooklyn.

**For Quick Cough Relief, Mix This Syrup, at Home**

Here's an old home mixture your mother probably used, but, for real results, it is still one of the most effective and dependable for coughs due to colds. Once tried, you'll swear by it. It's no trouble at all. Make a syrup by stirring 2 cups of granulated sugar and one cup of water a few moments until dissolved. No cooking is needed. Or you can use corn syrup or liquid honey, instead of sugar syrup.

Now put 2 1/2 ounces of Pinex into a pint bottle, and fill up with yoursyrup. This makes a full pint of splendid cough medicine, and gives you about four times as much for your money. It keeps perfectly and tastes fine. And you'll say it's truly excellent, for quick action. You can feel it take hold swiftly. It loosens the phlegm, soothes the irritated membranes, and helps clear the air passages. Thus it eases breathing, and lets you sleep.

Pinex is a special compound of proven ingredients, in concentrated form, well-known for its quick action on throat and bronchial irritations. Money refunded if not pleased in every way.

## Unique Volume On Texas Politics Reads Like Letter From Author Ray

By DAVE CHEAVENS  
Associated Press Staff  
AUSTIN—(AP)—Worth S. Ray's memories of Texas politics carry him back to the post-reconstruction speeches of Richard Coke. His active participation began with Tom Campbell's administration as governor.

Ray is editor and publisher of the Texas Supreme Court Reporter at Austin. He is still very much on the job in the scramble for opinions each Wednesday in the Supreme Court clerk's office, but he has taken time out to share these political memories and others in an unique volume entitled "Down in the Cross Timbers."

Worth Ray's book is "different" for several reasons.

So far as he knows, it is the first volume picturing life in the cross timbers of Texas through a string of incidents stretching from the days following the War Between the States to the well-known present.

Ray notes that hundreds of

books have been written about the plains, the pine-burr country of East Texas, and "at least one writer has wasted reams trying to heavenize what is called the brush country."

**Refreshing Appearance**  
"But our region, we would have them know, was different from all those, where the hackberry and blackjack grows, and the Trinity, Elm and Clear Fork flows."

The book is unique and refreshing in appearance. Printed off-set, it is for the most part type-written, with illustrations by Ray. Published recently in a limited edition of 500 copies, it seems more like a conversation with the author, or a personal letter from him, than what most of us consider "a book."

"I had been raised up to vote for Joseph Weldon Bailey, right or wrong, which I always did, both in the elections at the polls and as a member of the legislature after he had been investigated," Ray writes. "I loved him and his friends and despised and hated his enemies, who were just as strong against him."

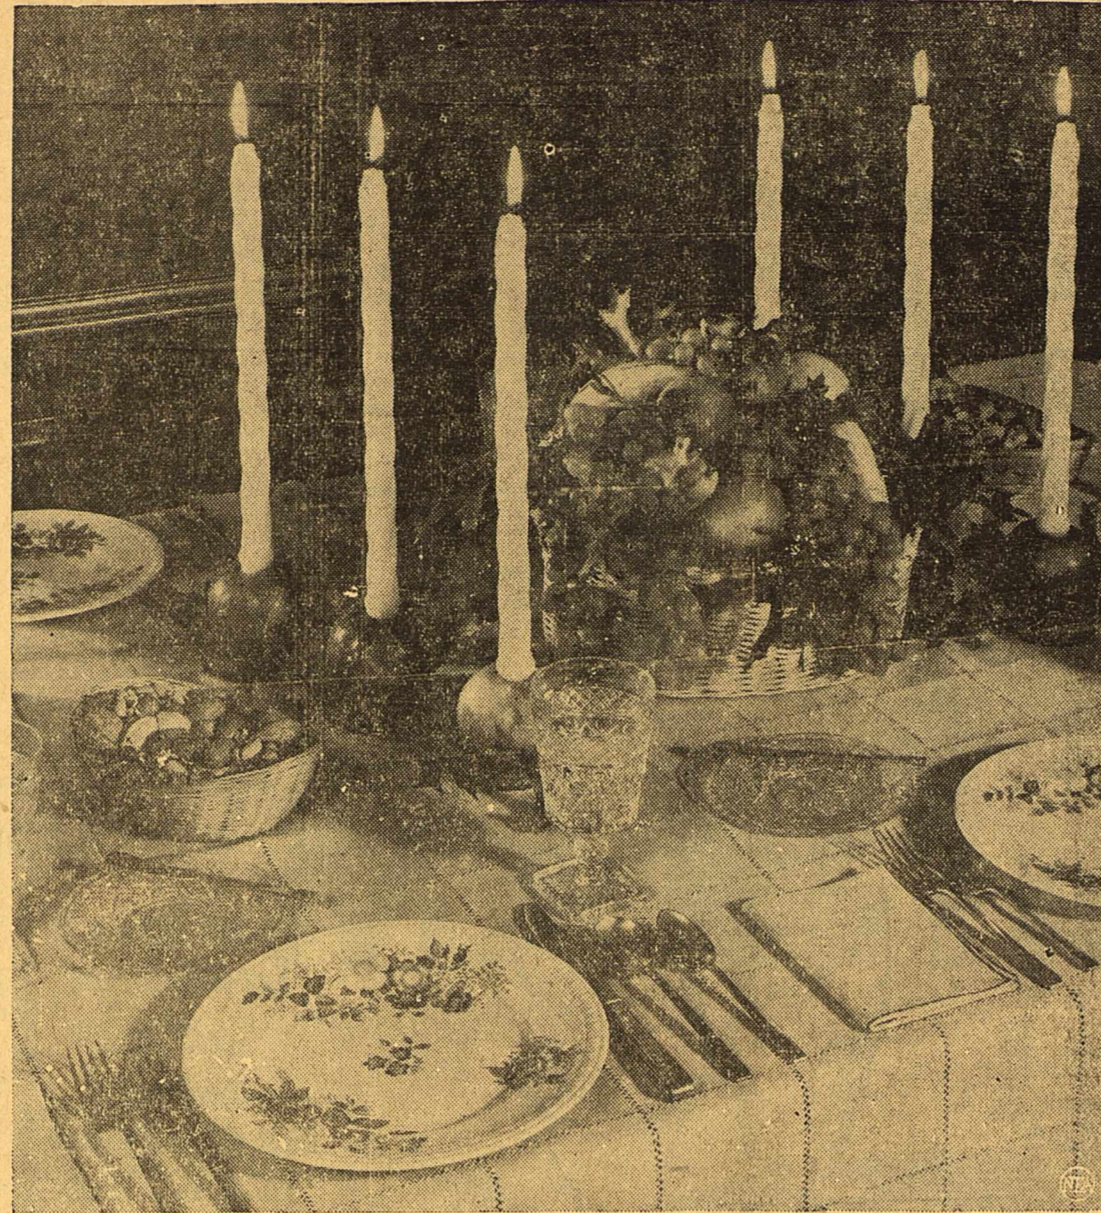

Ray refers to the Texas Almanac's geographical location of the cross timbers as "narrow ribbons of upland timber, composed chiefly of blackjack and post oak trees, which cross the prairies of the state in a north-south direction." But his anecdotes of the effect of the bull-tongue plow, the country merchant, the cross timber barbecue, the old brass kettle and "square dances and play parties," are more than geographical in definition.

He locates the cross timbers in one phase of the history of Texas with these words:

**Ferguson Stevedore**  
"The sandy land section of Texas and the cross timbers were Jim Ferguson's political strongholds. For twenty-five years the hired hands and farmers (particularly the tenant farmers) flocked on every available occasion to hear Jim deliver his fiery, sarcastic diatribes."

And coming more up to date is the caption of one illustration.  
"As a sandy land farm hand in

## Thanksgiving Table Setting

the cross timbers around Tioga, Gene Autrey was a good guitar player."

Then there was the story of Bud Carson's efforts under Professor Luce in a cross timbers school to phrase the sentence, "See the dog run after the cat." Bud—described as one who later became "editor-in-chief of a certain well-known Fort Worth newspaper"—managed to write: "Dog is a noun."

And so it goes, for 160 pages of choice, grass-root talk of Joe Bailey, Jim Ferguson, Col. Bill Sterrett, Sam Bass, Jim Hogg, Cone Johnson, country editors and all the cross timber men.

Worth Ray, who came to the legislature 40 years ago from Denton county, knows. He was there.

### Marshall Plan Will Not Affect World Bank

WASHINGTON—(AP)—John J. McCloy, president of the world bank, has indicated the bank will make further loans before Congress completes action on the Marshall Plan. He told a news conference the bank is not "just marking time," while the United States program of aid to Europe is being shaped.

The bank has loaned a total of \$497,000,000 thus far to France, The Netherlands, Denmark and Luxembourg.

In 1939, shipbuilding was considered such an important occupation in this country that shipbuilders were exempted from military service and other public duties.

## Child's Reading Should Suit Child's Taste, Not Your Own, Says Expert

By JAMES MARLOW  
WASHINGTON—(AP)—Do you blackjack your child into reading what you liked when you were a kid or what you think he ought to like?

Or do you treat him as an individual with likes and dislikes different from yours and with interests in reading that are different too?

Maybe you liked stories of Indians. Okay, for you. But maybe your kid would rather read a book on chemistry. Let him read it. That's the point Mrs. Dorothy Canfield Fisher, American novelist and grandmother, tried to make in a recent article.

**Books For Christmas**  
"Since we're moving into the Christmas season, with a lot of books being bought for children, some of Mrs. Fisher's ideas are given here."

Writing a stimulating piece on choosing books for children in the New York Times book review section, she said:

"Whenever anybody speaks about the art of choosing books for children, I ask 'what children?' There are as many different kinds of readers among children as among adults, naturally, since children are people."

"To help your children to the right reading, right for them, requires everything you can bring to the effort—and rewards you with one of the most golden of all ways of sharing life with your sons and daughters. x x x"

**Help Is Available**  
Mrs. Fisher suggests that when you choose a book for a child, it would be good to have some idea of his taste, temperament and development.

But suppose you're puzzled about the kind of books your child might

like. Can you get some help in choosing them?

Mrs. Fisher points out you can ask for help from the child's teachers, from the local librarian or from the Department of Education of your state.

The Departments of Education in the various states, she says, always have book-lists of "supplementary reading" for children of different ages.

## Transients Pay \$10 For Lodgings In Jail

DALLAS—(AP)—Two transients asked L. O. Jones, Police Desk Sergeant for lodgings in the Dallas jail.

"Costs money to run this jail," Sergeant Jones said discouragingly. "I'll have to charge you."

"How much?" one of the men asked.

"Ten dollars."

"How long do we get to stay?" "Three days."

"We'll take it," said the weary wanderers and handed the sergeant \$10.

## Are you on a party line?

If you have a party-line telephone, here's a suggestion...

Party-line service is best when everyone on the line is thoughtful and courteous. You can get the most value from your party line by doing these simple things:

1. Keep your calls short and space them as much as possible. That will give the other fellow a chance to call, or be called.
2. Hang up quietly if the line is in use when you try to call. Wait awhile before calling again.
3. See that everyone in the family does his or her part at observing party-line telephone courtesy.

THE WALL STREET JOURNAL SAYS:

# "Dealers Handling Kaiser-Frazer Cars Offer the Highest Trade-In Allowances"

"I hope that's true of our dealers everywhere!" says Joseph W. Frazer

I don't know that all of the more than 4,000 Kaiser-Frazer dealers are offering "highest trade-in allowances," as reported by the press, but I sincerely hope so. For personally, I feel that the used-car allowances being made by many automobile dealers today are far too low.

We have constantly urged our dealers to offer fair trade-in allowances, based on what cars will bring when they are re-sold, less the cost of handling and reconditioning.

Such fair practices, we tell our dealers, will build for them sound and continuing business.

Before you come to a decision on your next car, I hope you will find out what your Kaiser-Frazer dealer will allow you on your old car. Dealing with him, you'll not only receive fair treatment on both sales and service, but you'll get the most modern automobile built today.

The Eisenhower Boom

One of the remarkable aspects of the Eisenhower-for-President movement is the attitude of a number of writers toward the general's continued reticence. They keep asking, with variations, this basic question: "Why doesn't he say no?" It must be obvious to them why General Eisenhower does not and cannot say yes. As Army chief of staff, one of the two top military men entrusted with this nation's defense, he is in no position to play politics. But since he can't say yes, is he then obligated to say no? The chief of staff has indicated quite clearly, it seems to us, that he is disposed to consider the talk of his candidacy with favor. Nor does it constitute an endorsement of that unannounced candidacy to inquire, "Why shouldn't he?" Is it a disgrace to seek the highest office that the citizens of the United States can bestow? And, once offered that office, should the offer's acceptance be approached through an elaborate Oriental routine of false modesty and hypocritical negation?

Most Americans deplore the horse-swapping and back-stage maneuvering that often accompany the choice of a presidential candidate in convention. The term "smoke-filled room" has come to symbolize such undemocratic practices. The Eisenhower boom—if boom is not too strong a word—at least is something that hasn't been developed and sustained solely by professional politicians. Most Americans also seem to like their candidates coy. The spectacle of a presidential aspirant busily rounding up delegates while showing an outward disinterest in the candidacy is not uncommon. Neither is that of a candidate who knows he has the nomination in the bag and affects complete surprise when a convention delivers it to him. But the voters never seem to object to these transparent performances.

A traditional selling point of the American system of government has been the possibility that any mother's son might grow up to be President. We think it's a sound point, and not outdated. It doesn't seem unnatural to us that a citizen might view the prospect of the presidential nomination with pride as well as humility. So we can't see why General Eisenhower is being criticized for not taking himself out of the picture simply because he can't say yes in his present job. A straight-forward "Barkis is willin'" would be admirable and perfectly proper at the proper time. Whether a political convention—and, later, the American people—would proceed to choose him is another matter.

The Wrong Victim

Under "Oddities," file the name of Helene Schwaerzel. She probably is the first person to be jailed for turning in an assassin to the cops. Fraulein Schwaerzel got \$400,000 for putting the finger on Dr. Karl Goerdeler, former mayor of Leipzig, who thereupon was hanged for concocting a plot to kill the chief of state. Ordinarily that would be the whole story, and it would be distinguished only by the size of the reward. But Goerdeler was an anti-Nazi, and the chief of state he wanted killed was Adolf Hitler in 1944, and that changes the whole picture. So the fraulein gets six years at hard labor.

Splinters on the ladder of success bother only those who are sliding down.

U. S. Doctors Report Medical Standards In Germany At Low Level

NEW YORK — (AP) — Infantile paralysis deaths due to disorganization of German medicine are described by Dr. Thomas Gucker, III, of Children's Hospital, Boston, who went to Berlin this fall for the National Foundation for Infantile Paralysis. Gucker's team, himself and Miss Anna Teresa Fallon and Mrs. Elizabeth Zausmer, took two iron lungs. They found another in Berlin, borrowing it from an American Army Hospital. Dying infantile victims were rushed into the three lungs by the Americans. But the lungs required 110 volts current, and Berlin's current was 220. This was solved by operating the lungs bellows by hand until American Army intervention produced transformers. Army Aids Berlin's electricity was cut off two to six hours daily, to save electric current, but Army Intervention provided the three lungs with continuous current. Then one night a fuse blew out in the hospital. Nobody operated the hand bellows of the lungs, and two of the patients died in fifteen minutes, the third in an hour. Dr. Gucker, after his return said: "An American interne knows more about the fundamental needs of a patient than most German doctors. Doctors and nurses are scarce, hospitals overcrowded, transportation so bad doctors can't get about with facility. Doctors generally must take one or two days off weekly to forage for food. "Under these adverse circumstances one can perhaps understand why German medicine has deteriorated." 1,500 Polio Cases Berlin, population now 3,300,000, had 1,500 case of polio up to early October when the American team left after getting more iron lungs and helping the German physicians set up standard treatment that included the Kenny hot packs. Dr. Gucker said that in visiting hospitals they never saw a face mask, a standard piece of equipment for contagious wards. The general rule was one towel for all hospital personnel. Soap and water were scarce. There were no hot water bottles. Polio patients were getting almost no food. The menu for one evening meal for polio was raw apples, hard bread and water.

Some Thanksgiving Dinner Tips

By GAYNOR MADDOX  
NEA Staff Writer  
Thanksgiving dinner is purely American. But there's no reason why we can't take a few hints from a noted New York restaurateur who was born in Italy. Frank Bonacchini, once a head-waiter on the Orient Express (Paris to Constantinople), now host at Cor Reuse in New York, is one of the leading men in his profession. He thinks that our big feast should, of course, be planned along traditional lines. But with so much need for our help in Europe, with food costs so high here, he believes we should plan a regal meal that omits the usual legness and indigestion. This is Bonacchini's suggestion: Melon cup, plain consommé, roast baby turkey (without stuffing or gravy), braised celery, candied sweet potatoes, watercress and beet salad, French dressing, pumpkin pie, coffee.

Prune Cream Mousse  
One-half cup unsweetened prune juice, 1 cup stewed prune pulp, 1/2 cup sifted Graham cracker crumbs, 1/2 cup sugar, 1/2 cup whipped cream, 2 teaspoons finely chopped nuts.  
Boil the prune juice and sugar together 3 minutes. Mix thoroughly the pulp and half of the cracker crumbs. Add the juice after it has cooled. Fold in the whipped cream. Sprinkle the remaining crumbs in the bottom of the prune mixture. Top with nuts and allow to freeze undisturbed for four or more hours.

SEVEN-YEAR SAVING FOR HOME IS STOLEN ST. LOUIS—The \$3,000 which Mr. and Mrs. George S. Blau of St. Louis had saved for a down payment on a new home is gone. Burglars invaded the Blau home. Beside \$3,000, which was in a can secreted in a cedar chest, the burglars also took a piggy bank containing \$100, a \$500 diamond ring, a \$150 diamond and emerald ring, and a \$15 bracelet. Mrs. Blau said the \$3,000 represented savings from her household and personal allowances during the last seven years.

## Surprise Pumpkin Pie Delights

Surprise pumpkin pie with cheese cutouts shaped like pumpkins on top for Thanksgiving dessert.

By GAYNOR MADDOX  
NEA Staff Writer

Here's one for the book of good living. It's a new variation of Thanksgiving pumpkin pie.

### Surprise Pumpkin Pie

Crust: 1 cup sifted flour, 1/4 teaspoon baking powder, 1/2 teaspoon salt, 1/3 cup shortening, 2 to 3 tablespoons ice water.

Filling: 1 1/2 cups canned pumpkin, 1 cup evaporated milk, 3/4 cup brown sugar, 1/2 teaspoon salt, 1/2 teaspoon ginger, 1 teaspoon cinnamon, 1/4 teaspoon nutmeg, 2 table-

spoons butter, 2 eggs, 1 cup mincemeat.

Garnish: 6 slices American cheese. Crust: Sift together flour, baking powder and 1/2 teaspoon salt. Cut in shortening with fork or pastry blender until it is size of peas. Add ice water a little at a time, mixing only enough to hold ingredients together.

Place dough on lightly floured board and roll to about 1/8 inch thickness. Line a 10-inch heat-resistant glass crinkle edge pie plate. Allow pastry to extend about 1/4 inch beyond top edge of pie plate. Tuck pastry under so that it just comes to top of pie plate and press pastry into flutes on pie plate.

Filling: Combine pumpkin, evaporated milk, brown sugar, salt, ginger, cinnamon, nutmeg and butter in a saucepan. Cook over low direct heat until the butter is melted.

Beat together one whole egg and the yolk of the second egg. Remove pumpkin mixture from heat and stir in beaten egg. Beat the remaining white until it is stiff and fold into pumpkin mixture.

Spread mincemeat in pastry lined pie plate. Pour pumpkin filling on top of mincemeat. Bake in hot oven (425 degrees F.) and continue baking for 10 minutes. Lower temperature to 325 degrees F. and continue baking for 30 minutes. Garnish with cheese cut in the shape of pumpkins.

The first American agricultural experiment station was founded in Connecticut 70 years ago.

## Congressmen Are Talking More

WASHINGTON — (AP) — Congressmen, it seems, are talking more than ever.

The annual report of public printer Augustus E. Giegengack, a 207-page document reports "extremely heavy" printing requirements of Congress during the fiscal year ending June 30.

As an example of this, Giegengack told with statistics how the Congressional Record, which reports the utterances of the statesmen, has grown.

The daily record for the second session of the seventy-ninth Congress included 155 issues, totaling 16,452 pages, an average of

## Residents Of Western States Witness Eclipse

SAN FRANCISCO. — (AP) — A ring eclipse of the sun darkened Hawaiian skies, made the California sunshine a little less brilliant and gave dark glasses and overexposed films a workout over most of the United States November 12.

Generally fair weather made the eclipse visible to millions, especially in the Western States, although the ring feature of the

phenomenon could not be seen from this continent. For the United States, it was merely a partial eclipse.

Ring or annular eclipses occur when the moon is relatively far away from the earth and its outline too small to cover the entire face of the sun. The result is a fiery solar ring visible for a few minutes along a certain curved, narrow path of the earth's surface.

### Ends In South America

The path of the annular eclipse began just south of the Aleutian Islands in the morning, extended southeastward in the Pacific until it neared the equator and then turned eastward, ending in the

northern part of South America at sunset.

For hundreds of miles on each side of this path, the show was an ordinary partial eclipse. In Hawaii, it covered more than half of the sun's face; in New York City about 2 per cent. California had about a 40 per cent dimming for a few minutes. It was even less in most of the states, and not visible at all from Maine, New Hampshire, Vermont and Michigan.

### Chance For Astronomers

The dimming of the sun was noticeable throughout much of the partial eclipse area but the moon's shadow could be seen only through smoked glasses, dark films or tele-

scopes with filters. It showed up as a dark arc first on the western side, then on the bottom and finally on the eastern side of the sun.

It gave some astronomers a chance to make further calculations on the exact position of the sun. They now know its position well enough to forecast an eclipse to within one or two seconds of

time but they would like to do even better than that.

Measurements which may aid in these calculations were taken at the Students Observatory of the University of California under the direction of Dr. Leland Cunningham.

Here is a very pretty end-play hand played by Joseph E. Low of New York, who had to make the correct deduction on it. The hand came up in a duplicate game at the Cavendish Club.

Low knew his partner had a very strong hand when he jumped to four hearts. The important play came on the very first trick.

East had bid four spades, and the opening lead of the three-spot definitely marked East with the king of spades. Therefore the correct play from dummy was the small spade.

Low won the trick with the ace, ruffed a club in dummy, led a heart back to his hand, ruffed another

### Here's The Story Of Susan And Her Magic Harp

By ADELAIDE KERR  
AP Newsfeatures Writer  
NEW YORK—This is the story of how an Irish harp transformed a youngster who thought she was an ugly duckling into a glamor girl.

This winter, as she plucks her harp or cradles a zither, you may hear her singing ballads of Scotland, Ireland, England and the southern Appalachians in concert, in movies or on a record. Watching her copper colored hair flowing over the shoulders of her simple frock, noting the golden freckles that dust her nose and the curve of her round young arm, listening to her clear voice as it sings its simple songs, you may think of cool crystal waters splashing in green dells and suddenly find your eyelids stinging with tears.

The singer is 20-year-old Susan Reed, daughter of playwright Dan Reed and Isadora Bennett of the American Theatre Wing. She grew up in the South, where her father was then director of the Columbia, S. C. Town Theater, and with him she rode through the sand hills on Sunday afternoons to hear the singing in Negro churches. She began to

sing then, adding songs to her repertoire every year. "But I never expected to be a singer," she said the other day, tucking one foot under her as she sat in her New York sitting room. "I was going to be an artist. After we moved to New York I kept studying. I was a sad girl in those days. I read too much T. S. Elliot, I think. You know how kids are when they are 17.

"And anyway I was so plain. I was plump. And I had freckles and braces on my teeth. I would never smile because I couldn't bear to show my teeth and I was always wanting to hide. I would have been awfully unhappy if I hadn't been so busy singing and being in school plays.

"Then one day," she went on, "a friend gave me an Irish harp. It's a magic harp—green with gold designs on it. It transforms me. When I take that harp in my arms and play I don't feel plain any more. It changed the whole world for me.

Soon, to the strains of her Irish harp, Susan began to sing for friends when they came to the house, and then for soldiers in hospitals. In time she began serious study. One day a friend told the manager of the night club Cafe Society Downtown about her and, without telling her parents, Susan took her harp and went—in her dimity dress and her hair in a braid—to play for him. She sang one song and then five or six more.

Result was a six weeks' engagement there, and later an 18 months' engagement at Cafe Society Uptown.

After that things began to happen fairly fast. Recently Susan completed her first movie "Glamour Girl," made in nine days, she says this winter she will sing in concert in 30 American cities. As soon as she can find time she will make 80 recordings of her ballads for The Library of Congress.

Between times she haunts second-hand shops, adding to her collection of harps, zithers and lutes, which now totals 20. In the

club, returned to his hand with a heart and ruffed the king of clubs. Now he had to decide what East's probable holding in diamonds was. With no clubs in the North hand, Low felt that East would have at least four clubs. West's opening lead of the three of spades marked East with seven spades, so Low decided that East could not hold more than two diamonds. On this basis he led a small diamond from dummy to his own hand, and returned a diamond to dummy's ace. Then he led the queen of spades, which East won.

Low's deduction proved to be correct, as East had no diamond to cash. He had to lead either a club or a spade, either of which would give the declarer a sluff and a ruff.

Egypt is estimated to have been 90 per cent Coptic Christian when it was conquered by Moslem Arabs in 641 A. D., but Coptic Christians now constitute barely five per cent of the population.

## Abundance Of Traditional Thanksgiving Dishes, Including Turkey, Available

By ALEXANDER R. GEORGE (AP) Newsfeature Writer  
 WASHINGTON — Almost all of the traditional "makings" for Thanksgiving dinner — from turkey to pumpkin pie — are in good supply for American families this year.

Plenty of cranberries, pumpkins, apples and nuts, along with large stocks of turkeys, ducks, and chickens, are indicated by food supply reports of the U. S. Department of Agriculture. Huge stocks of wine still are on hand from the record crush of grapes in 1946.

This year's sweet potato crop is somewhat smaller than usual.

White potato production is down considerably from last year's huge output, but there are no signs of a potato shortage.

**Cranberries Aplenty**  
 There are large stocks of canned cranberries, and prices are expected to be somewhat lower than last year. About 130,000,000 pounds of pumpkin were canned last year, and the carry-over is substantial. The crop of the four principal tree nuts—almonds, walnuts, filberts and pecans—is 17 per cent larger than the 1936-1945 average.

In some markets you can get your turkey in a wide variety of sizes and parts. There has been

### Set For Thanksgiving

Take your cue from Puritan costumes to dress up your Thanksgiving dinner table with imaginative but inexpensive decorations. In the Puritan gray and white

table setting above, a Pilgrim Father's hat, accented with fruits and flowers of the harvest season, is used for the centerpiece. The open "stovepipe" crown is made of one strip of dark gray blotting paper, banded with black paper and ornamented with a silver paper buckle. Concealed beneath the crown is a vase holding the Autumn flowers and stalks of ripened grain. Fruits and nuts are arranged around the brim.

Placecards are peanuts dressed up in Puritan costumes made from semi-circular pieces of gray and white paper.

Color-matched to the clever decorations are the gray Irish linen tablecloth and the milky white china.

Turkey is being marketed in halves, quarters, cut-up pieces and steaks. Turkey packers also are offering full-drawn, frozen "ready-to-cook" turkeys.

**Smaller Turkey**  
 To meet the need for a handy-weight bird, the Department of Agriculture in 1934 started development of a small turkey with an abundance of meat. By 1941 the Beltsville small white turkey named after the department's research center at Beltsville, Md., was developed. It met specifications, and distribution of surplus turkey eggs was made to state agricultural colleges.

The bronze, White Holland and Black varieties, the wild turkey and the White Austrian turkey, imported from Scotland, were first

used in developing the small bird. In 1943 Broad Breasted Bronze blood was introduced.

Breeding work is being continued with the latter in the hope of further improving the type. The dressed weight of the Beltsville young toms at market age (24 to 26 weeks) is 10 1/2 to 15 pounds, average 13 pounds. Weight of young hens is 6 1/2 to 9 pounds, average 8 pounds.

Although there is a growing demand for the streamlined turkey and turkey parts, many folk still prefer to tackle a gigantic golden-brown bird like those which highlighted the Thanksgiving gorges of yesteryear.
