A. N. Hendrickson, chairman of the Big Gifts Division of the Midland Memorial Hospital building fund campaign, said Friday he has received favorable reaction con-cerning hospital gifts from numerous oil companies and is confident the report of his group at the Round-Up luncheon Wednesday noon will be most encouraging to all workers in the community-wide drive.

The Special Gifts Division, headed by John W. House, also is expected to report many additional gifts at the Wednesday luncheon in the Crystal Ballroom of Hotel Scharbauer. All division chairmen, team captains and campaigners are invited to attend the meeting.

The half-million dollar mark in the drive was hurdled last week when leaders pointed out additional funds will be needed to erect and equip the size and type hospital needed here. They advocated a new goal of \$1,000,000 and urged workers to continue the campaign until every citizen has been given the opportunity of contributing to the hospital fund.

## KIDNEYS GETTING YOU UP NIGHTS?

• If you get up nights-have frequent desire to pass your water—but have only scanty passages—yes, and have backache due to excess acidity in the urine, be glad you're reading this:

Three generations ago Dr. Kilmer, a famous doctor, found hundreds of his patients with this trouble. Painstakingly he made a medicine of 16 herbs, roots, regetables, balsams—Nature's own way to relief. He called it "Swamp-Root" and millions of grateful men and women have taken it—often with amazing results.

Swamp-Root goes right to work to flush out kidneys...increases the flow of urine, helping torelieve excess acidity...so the irritated bladder gets a good flushing out. too. Many report getting a good out. too. Many report getting a good out, too. Many report getting a good night's sleep after the first few doses. Caution: take as directed.

I led the queen of diamonds from dummy, and North played the six of hearts. Yes, a red card—and I

never imagined that South would be mean enough to hold five diamonds against me. So when South played a diamond, I assumed that everybody had followed, and that I had picked up all the trumps with three more leads. I next led a small heart and took the finesse North won with the king and returned a spade, so I trumped with my last diamond, spread the hand and claimed the balance. I thought I had made the contract.

We were vulnerable, so we

would have had a plus score of

1350 points. But the little girl

sitting South insisted upon playing

the hand out. I ran another heart

she trumped, and then she spread

her hand, claiming the balance!

Down I went, 1400 points, all be-

cause I thought that North's red card at trick two was a diamond. It was a difference of 2750 points.

Of course five diamonds could

have been made by overtaking the

first diamond lead when North

showed out, and taking the heart finesse immediately. This would
