NUMBER 16

## Kitty's Korner

By  
Kitty Montgomery

Monday morning was one of those typical Monday mornings around here. We arrived at the office to find the shop foreman, picking up glass from shattered coke bottles, beer bottles and even from what looked like a shattered pottery coffee cup. We didn't know whether we'd been vandalized during the night and the missiles missed the windows, or whether the new thing to do at night is throwing bottles. Then too, we were just lucky to find a place to park at the park across the way. There was a van and trailer with a pretty little blonde hawking peaches and watermelons, a pickup-camper with watermelons for sale and another pickup-camper with potatoes for sale. All were parked at different angles, and it left very little room for working people to park. Oh, and I almost forgot, in front of Davy Crockett there was a station wagon full of tourists. They had unloaded and were repacking their auto. The woman was diapering a baby on a pallet in the parking area. This is the space which says "no parking at any time." It looked very much like a market-place plaza in Old Mexico. If we have all that during the county fair, July 3, we'll really have a big mess. I doubt the vendors will donate their profit to a permanent bicentennial project, like the other booth operators plan to do.

Speaking of the county fair, it seems to have a little bit of everything but the old-fashioned street dance to follow. I remember street dances as being such fun. Don't believe I've been to one since I've been big enough to dance. Now it looks like I won't see another one till I'm too old to dance. Oh well, that's life. Times change and we all change with them.

We'd like to welcome Bill Morrison back to these pages. His column should be especially good this week, because it took him eight weeks to write it. We don't know whether Bill is a deep thinker, has a lazy writing finger, has too many ministerial duties, or whether he's putting us on, but he's been telling us he had an article in the making for at least eight weeks. As delightful as Bill is, charming in manner, religious, and all the good things, we hope he never decides to write a weekly column for a living. He'd starve to death.

CURBING THE NORTH SIDE OF THE PARK began last week, and at mid-week it was almost finished. The county rushed up the job in order to have it completed before the Bicentennial Celebration July 3-4. Most of the celebration will take place in the park, including the county fair and the Sunday services with picnic

lunch. Some experts predict a flooding of the business district south of the park when it rains, if ever. Before, water drained from the high part of town into the park. What will happen to the water now, will not really be known until rain visits Ozona again.

## Three Teams Tied Midway In Second Half Of LL Play

After this week's play three Little League teams were tied for the championship, the same three teams tied for the first-half championship, Moore Oil, Crockett Automotive, and Ozona Oil. With three games to go, officials hope the tie will be broken. If not there will be a play-off between the three teams. If one team should emerge as second-half winner, it will be declared the season champion and there will be no play-off for the top spot.

Thursday night Moore Oil downed Ozona National 3-2. Ozona National has been unable to get into the win column all season, in spite of playing good ball, and losing by only 1 several times. Winning pitcher was Varlyn Aldridge and loser was Ken Stokes. Leading the attack for Moore Oil with one hit each were Brad Elliott, Aldridge, Blake Simpson, and Robert Massey. Albert Borrego, Kelly Bucknew and Russell Winkley had a hit each for Ozona National.

In the second game, Ozona Oil downed Crockett Automotive 5-2. Winning pitcher was Hector Leal and losing pitcher was Dale Perry. Leading hitter for Ozona Oil was Henry Delgado. Rudy Enriquez had a two-run homer and a single for Crockett Automotive.

Monday night Moore Oil downed Ozona Oil 5-1. Winning pitcher was Blake Simpson and losing pitcher was Hector Leal. Simpson

## Clark To Perform In Tent Theatre

Johnny Clark III is performing this summer in the New Harley Sadler tent show in Lubbock. The revival of the old-time traveling show, a Bicentennial project of the University Theatre of Texas Tech University, brings three plays in repertory June 28 through July 16.

Clark has roles in "The Awakening of John Slater," "A Texas Steer," and "One Foot in Heaven." The New Harley Sadler show will be presented under canvas on the grounds of The Museum and Ranching Heritage Center in Lubbock, and will tour several West Texas towns during July and August. Clark, son of Dr. and Mrs. Johnny Clark, Jr., 2303 Bowie School Drive, Baytown, attended Olton High School, is a graduate of Hereford High School, and taught speech, drama and English at Ozona High School the past two years.

led the hitting for his team with two singles and a double. Ernie Borrego had a three-run homer for the winners. Willie Payne got the only hit for Ozona Oil.

In the second game Crockett Automotive downed Ozona National 8-4. Winning pitcher was Dale Perry and losing pitcher was Kelly Buckner. Frank Galvan led the hitting for Crockett Automotive with a double and a single. Ken Stokes and Randy DeHoyos had a hit each for Ozona National.

## Marijuana Bust Nets Over 300 Lbs.

Two narcotic agents, operating out of San Angelo, confiscated an estimated 300 to 400 pounds of marijuana in a night time seizure in the northern part of Crockett County Friday night.

The officers were apparently tipped off, as the arrests took place on an isolated road near the A & M Experiment Station. Two San Angelo men were arrested as they were loading the drug into their car. They took the load from a plane which landed on the John Dublin Road. The plane and pilot were not apprehended.

Charged with possession of marijuana with intent to deliver were Manuel Grimaldo, Jr. and Jerry Demarinas, both of San Angelo. They were lodged in Crockett County Jail under \$50,000 bond each. Both made bond and were released Monday.

## July 4 Choir To Rehearse

Those who would like to sing in the 4th of July joint worship service in the park, are asked to rehearse with the combined choirs of the Ozona Churches.

The next rehearsal will be on Sunday afternoon, June 27, at 4:30 in the auditorium of First Baptist Church. If you sing in a church choir or any singing group, or if you just like to sing, you should attend the rehearsal.

## AMOCO To Drill Wildcat

Amoco Production Co. will drill the No. 1-D J. F. & M. E. Sudderth, a 9,520 foot wildcat in Crockett County, seven miles northeast of the Adams-Baggett Ranch (Canyon gas) field, 1 3/8 miles northeast of its No. 1-B Sudderth, assured producer, 3/8 mile west of a 9,600-foot failure and 27 miles southeast of Ozona.

Location is 1,833 feet from the south and 3,728 feet from the east lines of 3-K-GC&SF.

The firm's No. 1-B Sudderth, in 7-K-GC&SF, at last report was shut in after flowing gas at the rate of 1,011,000 million cubic feet daily, through perforations at 9,141-645 feet.

H & D Water Well Drilling & Service, Inc., Junction, will drill the No. 3 Shannon Estate, a 1,600-foot wildcat in Crockett County, 12 miles northwest of Ozona, one location east of the Ellenburger opener and lone producer from that pay and one mile north-northwest of Shallow oil production in the Wyatt field, separated by shallow failures, and approximately 300 feet north of a 1,023-foot failure.

Location is 797 feet from the south and 467 feet from the west lines of 36-UV-GC&SF.

Shallow production in the Wyatt field is at 1,224 feet. Currently, four wells are producing marginally.

## Ozonans Attend ACS Meet

The District Annual Meeting of the American Cancer Society was held at the San Angelo Holiday Inn last Thursday.

Attending from the Crockett County Unit were Mrs. Randy Upham, Mrs. Dwight Childress, and Mrs. M. E. Nicholas.

Mrs. Upham will serve as Crockett County Crusade Chairman for the year commencing in September, and she attended the Crusade session at the seminar. Mrs. Childress will be the county Education Chairman and attended the Public Education session.

Mrs. Nicholas, who presided over the Crusade session, was elected Chairman of the District Executive Committee at the San Angelo meeting.

## July 3-4 To Mark Ozona's Bicentennial Celebration

Ozona's two-day Bicentennial celebration gets underway Saturday July 3, with an old-fashioned county fair in the park, followed on Sunday, July 4, with an old-fashioned camp meeting and dinner on the ground, or if you prefer, sermon in the park with basket lunches.

Activities get underway Saturday morning with the fair in the park opening at 10 o'clock. Booths will be open and activities continued until 6 p.m.

Various organizations and clubs will offer many items for sale plus games and several demonstrations.

The Alpha Alpha Mu Chapter of Beta Sigma Phi, sponsoring organization will have an arts and crafts booth with items for sale, plus a sand sifting for children under 10 years of age. For a small fee, children will be allowed to sift sand until they come up with a prize.

The Womans Forum will have a "Chores of the Past" demonstration booth. This will take in churning for butter, tating, possibly soap-making, and other chores from years past.

Hot dogs, drinks and commemorative balloons will be for sale at the Womans League booth, which will also feature a fishing pond for children.

The Veterans of Foreign Wars will be selling popcorn and snow cones, and the ladies of the Church of Christ will hold a quilting demonstration, in separate booths, of course.

The Ozona Volunteer

Fire Department will have a water-dunking booth. Firemen will take turns sitting above a large vat of water, while contestants throw balls in an attempt to trip a lever and give the fireman a dunking in the water.

The Home Demonstration Club will have a booth featuring a country kitchen, with miniature fruit pies and other baked items, and the Ozona Girl Scouts will have a lemonade stand. The Crockett County 4-H Clubs will have a watermelon booth.

Crockett County Womans Club will be in charge of childrens games, dart throwing, boat-floating, etc. There are tentative plans for the Mexican-American community to have a Mexican Foods booth.

The Eastern Star Chapter will sell homemade cakes in its booth and the Lions Club will distribute literature on its various projects.

The Chamber of Commerce is having a map of the City Park, with placement of all booths made for distribution to any person attending the fair. They will also distribute pamphlets with information on giving interesting facts about Ozona and Crockett County. A scroll will be available at the booth as a quest registry to register attendance at the fair.

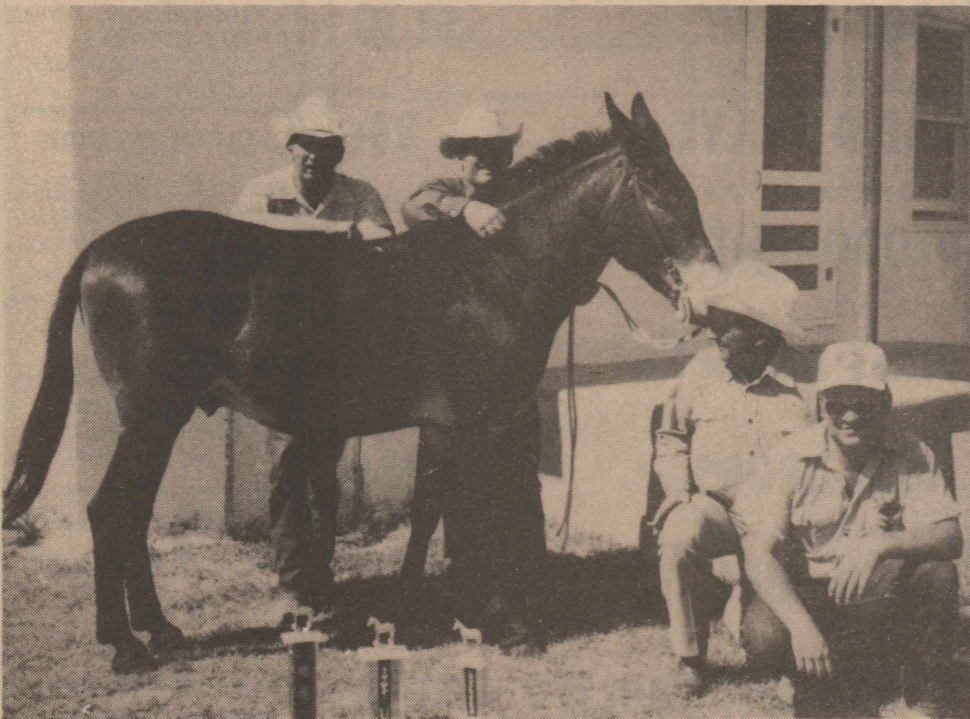

This scroll will be presented to the Crockett County Museum. Card tables and chairs will be available for those who want to come and

visit during the day. Also, dominoes and horseshoes will be offered.

The Ozona Ministerial Alliance has reported that most all churches in town will be dismissed at 10:00 the following Sunday morning in order that everyone may attend the services in the park. Harold Shaw is in charge of the Sunday activity, and says that chairs and a platform will be set up in the north end of the park for the worship services which will start at 11:00 o'clock. Rev. Ben Bohmfalk, pastor of the Ozona United Methodist Church will give the sermon. All other pastors in Ozona churches will take part in the services, and an all-church choir, under the direction of Mike Jeffreys will furnish music. Everyone is asked to bring dinner for their own family. The meal will follow the services.

Other activities planned for the two days include the opening of the Possum Hollow Nature Trail, a club golf tournament at the Country Club with bridge.

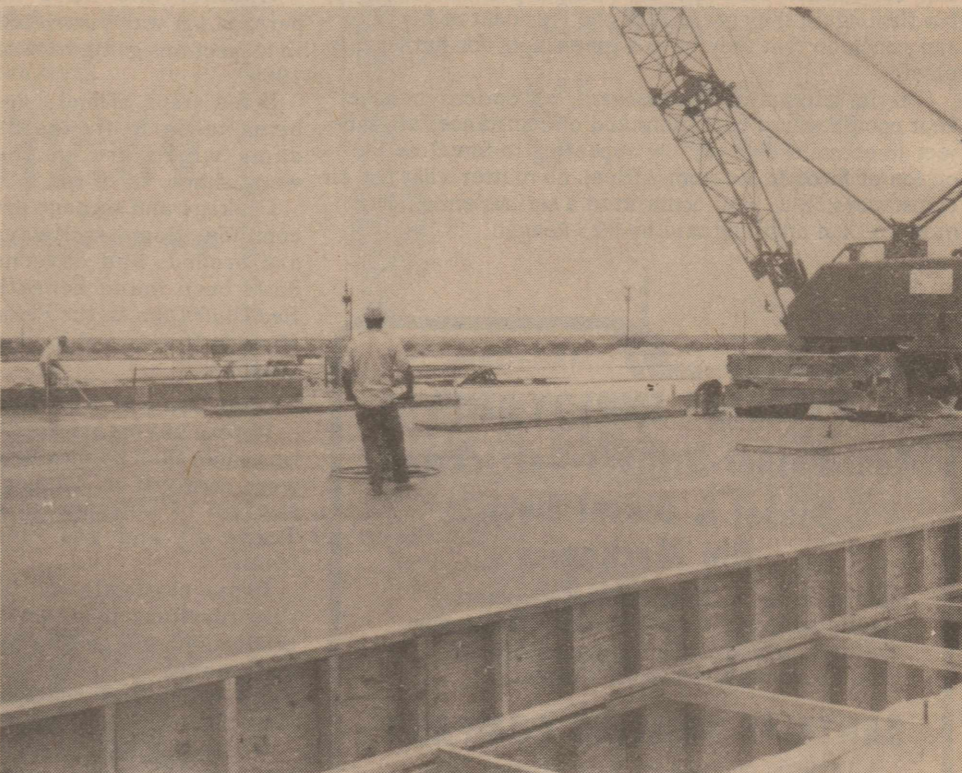

Mr. and Mrs. H. O. Lytle of San Bernardino, Calif. have been house-guests in the home of Miss Leta Powell this week. Mrs. Lytle, a cousin of Miss Powell and Mrs. Luetta Beal, attended a cousins' reunion hosted by Gladine Teel at Big Lake over the weekend. There were twelve cousins at the reunion, including the two Ozonans.

FASTEST MULE IN THE WEST -- "Jake" owned by the 7U Ranch Company is the fastest mule in this part of the country. He has run five times undefeated at the Iraan Bicentennial Celebration and "World's Fastest Mule Race." His last win was Saturday in Iran. Shown with Jake are Jeff Sutton, James Childress, Harry Holmes and Bob Childress.

ALL SPRUCED UP FOR THE BICENTENNIAL - Bill Watson put in a new store front to match the inside of his store recently. Aluminum and plate glass windows replace the old ones and a new glass and aluminum door has also been added.

YARDS AND YARDS OF CONCRETE were poured for the truck stop part of the combination, motel restaurant-club-truck service, being built on Taylor Box Road by Mr. and Mrs. Tom Mitchell, last week. The construction is underway just east of Ozona on Hwy 290, and will be one of the most elaborate establishments of its kind in Texas.

**Angola Mercenaries and the Cuban Pot**

There is a very old saying about "the pot calling the kettle black". It is especially apt in the case of the kangaroo court that is trying 13 mercenaries, including two Americans, in Angola as of this writing.

Webster defines "mercenary" as a "soldier serving for pay in a foreign army." While the definition may not fit precisely in the case of Cuba, it remains true that up to 15,000 Cuban soldiers at a time were sent to Angola to win the day there recently for a pro-Marxist faction - which, incidentally, was supported by a very small percentage of Angolans.

And the soldiers-who remain on Angola's soil despite Fidel Castro's smoke screen promise to start sending them home - have in essence been "serving for pay" from a foreign source. To no one's surprise, that source is the omnipresent Soviet Union which trained, equipped, and headed its puppet client state for Africa.

Because of a defeat owing to the twin factors of Communist resolve and lack of Western will, however, today Cuba's 15,000 "mercenaries" are hailed as heroes by Angola's government, while the pitiful handful of British and American soldiers of fortune are on trial for their lives.

Which brings us back to the plight of these 13 men. Regrettably for them, the mercenary has no standing in international law. He risks everything when he chooses to go abroad on his own to fight - regardless of the merits of the cause he espouses. Thus, there is probably very little that either the United States or Britain can do for these men who are virtually on their own from a legal standpoint.

At the same time, it would take a heart of flint not to feel empathy for these 13 men. As Americans we are naturally attracted in particular to the plights of Gary Aker, 21, of Sacramento, California, and Daniel Gearhart, 34, a Vietnam veteran with a wife and four children waiting anxiously at their home in Kensington, Maryland, for word from Angola.

The Angolan regime almost certainly will dispose of the case of the 13 men based on political rather than humanitarian considerations. We can only hope and pray that Angola will see its political interest to be, in this case, the course of mercy.

**Ford, Reagan, and Southern Africa**

The best thing one can say about President Ford's attempt to make political capital out of Ronald Reagan's remarks on the possible employment of troops in Rhodesia is that it simply did not work. Not in California, at least where Mr. Ford went down to a crushing 66-34 per cent defeat. The voters were evidently not impressed with the charge that Reagan is an irresponsible warmonger.

We wish the whole thing could be left at that - just the normal give and take of two politicians in a close struggle for very high stakes. But in seeking to discredit Reagan, Mr. Ford unfortunately made the kind of categorical statement that may come back to haunt him. He vowed that he would not "under any circumstances commit U.S. military personnel to Rhodesia or southern Africa."

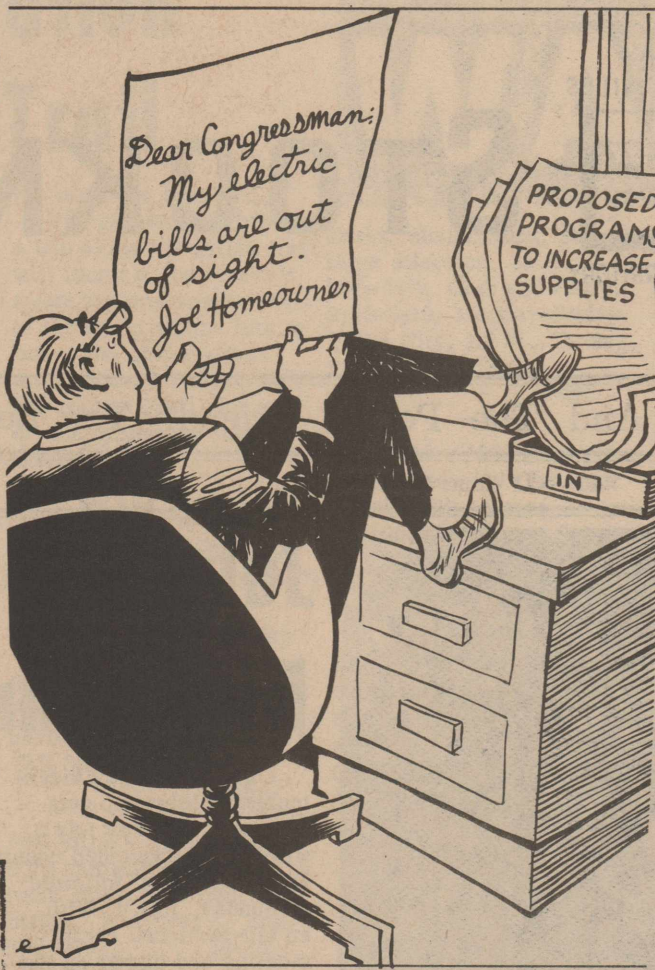

Not under any circumstances? He should never have gone that far. We wonder if there was not a quivering of antennae in Moscow and Havana. His words recalling the fateful pronouncement of then Secretary of State Dean Acheson when, early in 1950, he failed to include South Korea within the U.S. defense perimeter in the Pacific. Many historians blame the Korean War on that omission.

Lest anyone forget, there is still a Cuban military force in southern Africa - in Angola - and it is not hurrying to withdraw, whatever Castro's promises. Secretary Kissinger has been trying to warn off the communists against any further adventures there. The U.S. "will not tolerate" any more Angolas, he has said.

Mr. Ford's statement can only undermine this warning. The communists may take it as simple political rhetoric, but then again they make take the President at his word and conclude that they have a green light for further mischief.

On the international chessboard, all options must be kept open because conditions and circumstances are subject to constant change. By appearing to foreclose the option of force in southern Africa, no matter what the circumstances, Mr. Ford committed a serious error. Far more so than anything said by Mr. Reagan.

**THE NEWS REEL**

A re-run of "The Ozona Story" as gleaned from the files of "The Ozona Stockman"

Thursday, June 26, 1947

Dr. and Mrs. Royce W. Pruett of Ozona are the parents of a daughter born last Thursday in a San Angelo hospital. The baby has been named Cynthia Pruett.

29 yrs. ago Nat Read and Joe Ross Huffstetler were selected from Ozona High School's Lion Baseball squad for a try-out last week at Kerrville with the New York Yankee's baseball school.

29 yrs ago Mrs. Rusty Smith is in Stephenville this week visiting relatives and friends.

29 yrs. ago Carl Conklin, son of Mr. and Mrs. Bill Conklin of Ozona, has been released from a Houston hospital where he underwent a series of muscle transplant operations.

29 yrs. ago Miss Jane Augustine was in Odessa last week for a few days visit with Miss Betty Moss.

29 yrs. ago Alan Saunders, chief of Ozona's newly organized volunteer fire department, received delivery on 500 ft. of 1 1/2 inch fire hose Tuesday, the gift of the City of Sonora to the Ozona Department.

29 yrs. ago Vic Montgomery suffered a sprained foot sliding into second base in the second game of the double header baseball meet in Alpine Saturday.

29 yrs. ago The WSCS of the Methodist Church met Tuesday in the home of Mrs. L.B. Cox, Jr., with the president Mrs. Floyd Henderson presiding. Mrs. N. W. Graham led the devotional.

29 yrs. ago Miss Rosalie Friend, daughter of Mr. and Mrs. W. E. Friend, Jr., was one of the entries in the contest for Carnival Queen at the Fort Stockton Water Carnival last week.

Does your den need re-doing? Take a look at the new den furniture at BROWN FURNITURE.

AUSTIN—Texas doctors have expressed increasing concern about the swine flu (A/New Jersey) immunization program.

The medical risks probably will be low for patients. But health care providers may suffer from a plague of liability suits, said Dr. Jack Haley, president-elect of the Texas Academy of Family Physicians.

Haley told public health workers here doctors probably will participate fully in the massive immunization in spite of feared legal risks.

Haley predicted pharmaceutical firms and physicians will be major targets for lawsuits. Such claims, he stated, could "prove troublesome at the least," though collections are unlikely.

A/New Jersey flu immunizations should prove "low-risk" to patients who are not allergic to eggs, doctors report.

"It now appears the federal government and the Texas Department of Health Resources will be unable to provide liability protection," Dr. Haley said. "Some doctors will have to supervise huge clinics immunizing hundreds of people very quickly. There is no way a physician can personally oversee each injection and still have everyone immunized before flu season."

Haley reported a Texas Medical Association survey shows more than 50 per cent of physicians responding have quit doing surgery and delivering babies, procedures which cause many suits.

The survey showed another fourth of Texas doctors will lose their malpractice insurance within a few months.

**Dams Need Repair** Sixty-two Texas dams need major correction, and more than 600 are in need of repair or some changes.

Another 250 have no permits, as was discovered in inspections going back to 1968.

Some steps already are being taken to fix the 62 dams which are in the worst shape.

Leakage and seepage are common. Some spillways are eroded, and caverns have been found beneath Red Bluff Dam on the Pecos River in Reeves and Loving counties.

**Leases Draw \$5.6 Million** Bonus payments totaling more than \$5.6 million were received in a recent auction of University of Texas oil and gas land leases.

Bonus payments and future royalties, in event of production, will go into the Permanent University Fund which now contains more than \$800 million.

Nearly 100,000 acres of University lands were leased for oil and gas exploration at the auction last week.

Biggest bonus payment was \$410,000 bid by a

**AG Opinions**

A school district's records on names, sex, ethnicity, salary, title and dates of hiring of employees and officers are subject to public disclosure, along with student achievement test scores and racial-ethnic composition. Atty. Gen. John Hill held.

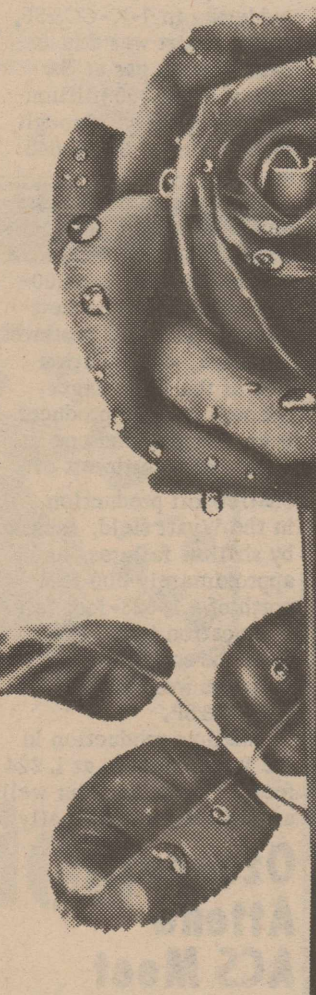

In other recent opinions, Hill concluded: The state cannot require the Veterans Administration to obtain a state certificate of need or exemption to construct a hospital.

Date of an offense is the controlling event in violation of probation of a suspended driver's license.

The fee for citation in small claims court is four dollars.

**Humphrey-Hawkins**

WASHINGTON—If you believe in Santa Claus and the Easter Bunny, then the Humphrey-Hawkins Full Employment and Balanced Growth Act is for you.

The Humphrey-Hawkins bill is purported to be the greatest cure-all since they stopped selling that medicine show elixir that was supposed to heal everything from consumption to warts. The bill is supposed to wipe out unemployment, even out recessions and hold down inflation—and do it all at negligible cost to the taxpayer.

There are two parts to the Humphrey-Hawkins bill. The first part would set up a mechanism for central economic planning. The second would set into motion a massive—and frightfully unrealistic—public jobs program.

The first part of the bill would, among other things, declare the right of every adult to a well-paid job, and establish a goal of three percent adult unemployment within four years after enactment.

The second part of the bill would set up a variety of jobs programs to be used if other methods failed to bring unemployment levels down to the three percent target.

Pay scales for all the jobs programs would be set according to a formula provided in the bill. In general, wages for public services jobs would be equal to or higher than those prevailing for similar jobs in private industry.

All these goodies don't come cheap. Sponsors of the bill admit it would cost from \$20 to \$40 billion a year. More impartial economists think the cost could exceed twice that amount.

Nothing better illustrates the "Alice in Wonderland" quality of Humphrey-Hawkins than the goal of three percent unemployment. An unemployment rate that low has been achieved only for a brief period in the last 30 years, and then only at the price of war and rampant inflation.

A renewal of double digit inflation which would destroy more jobs than the bill would create would be, in fact the most likely consequence of passage of the Humphrey-Hawkins bill.

To begin with, the bill would attempt to reach its full employment goals with the kind of bureaucratic tinkering with the economy that led to the recession we are just now recovering from.

If the economic tinkering failed—as history indicates it would—the various jobs programs would go into effect.

However funded, the effect of the public service jobs programs would be to take employment away from the productive sectors of our economy to put people to work on makework projects.

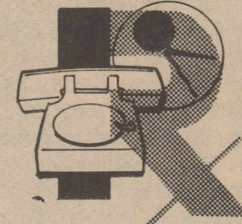

There is a way to fight unemployment effectively. That is to make it possible for the private sector to expand and produce more jobs, real jobs that contribute to the economic well-being of all Americans.

President Ford's economic policies are effectively reducing unemployment. The unemployment rate has been trending downward steadily, month by month. Last month a record 87.7 million held jobs. We should not forfeit these solid gains for the illusory promises of Humphrey-Hawkins.

**Debra Says**

by Debra Price

There are so many ways to use oats to make foods taste better and cost less that oats may well be considered the homemakers' friend. Oats have gone a long way beyond the breakfast table.

Look how they can be used when preparing Golden Oats Fried Chicken. Oats, Parmesan cheese and chopped blanched almonds are blended with salt, pepper and thyme. If a very fine texture is desired, you can place these ingredients in a blender for a few seconds. This mixture is used to coat the chicken after the pieces are first dipped in melted butter (and garlic, if you wish), then baked for about an hour.

When oats are roasted, they can be sprinkled on salads. They can be combined with butter and grated cheese and sprinkled atop vegetable casseroles before baking, too. Oats are versatile.

Oats are the main ingredient in many cookie recipes, some calling for chocolate, others for peanut butter. In bread recipes they add a very special texture. Pie crusts made with oats are wonderfully rich and crunchy.

The very best recipe, according to many cooks, is Paper Bag Apple Pie. It's easy, different and guaranteed to please.

- PAPER BAG APPLE PIE**
- 8 apples (approx. 7 cups)
  - 1 cup brown sugar
  - 2 tablespoons oats
  - 1 teaspoon nutmeg
  - 9 - inch unbaked pie shell
  - 1 tablespoon water
- TOPPING**
- 1 cup sugar
  - 1 cup oats
  - 1 tablespoon flour
  - 1/2 cup butter

Pare, core and coarsely slice apples into a mixing bowl (should have about 7 cups of apple slices). Sprinkle brown sugar, 2 tablespoons oats and nutmeg over apples and toss to coat well. Spoon into the unbaked pie shell. Sprinkle with water. Prepare topping by combining sugar, oats and flour. Cut in the butter and mix until crumbly.

Sprinkle on top of the apple mixture. Slide pie into heavy brown bag to cover pie loosely. Fold open end over twice and fasten with paper clips. Place on baking sheet. Bake in 425 degree oven for one hour. Split bag open and remove pie to cooling rack.

A remainder: Do not allow the paper bag to come in contact with a heating element in the oven.

**COUNTRY CLUB BRIDGE**

Mrs. Dale Bebee was hostess for Country Club Bridge last Thursday at the club.

Mrs. Cuatro Davidson won high, Mrs. Evart White, second high, Mrs. Arthur Kyle, low, and Mrs. George Bunger, bingo.

Others playing were Mrs. Clay Adams, Mrs. John Childress, Mrs. Hugh Childress, Mrs. Joe Clayton, Mrs. Joe Couch, Mrs. Tommy Harris, Mrs. Sidney Millsbaugh, Mrs. Kirby Moore, Mrs. Hillery Phillips, Mrs. Jake Short, Mrs. Sherman Taylor, Mrs. Frank Tillman, Mrs. Gene Williams, Mrs. Jack Williams, Mrs. Billy Carson, Mrs. Lou Deaton, Mrs. Dick Kirby, Mrs. Rip Sewell and Mrs. Bill Cooper.

Get your in-house gardening things at BROWN FURNITURE CO. You will find pots, tools, sprayers and other accessory items to properly care for your plants.

Sheriff, Crockett Co.

MRS. WELDON NICKS

**Miss Williamson Is Wed To Mr. Nicks**

Miss Cynthia Marie Williamson became the bride of Weldon Nicks in a double-ring ceremony at the Ozona Church of Christ Friday evening, June 18, with Bill Morrison, minister, officiating.

Parents of the couple are Mr. and Mrs. Cliff Williamson and Mr. and Mrs. Weldon Nicks.

The bride, given in marriage by her father, wore a formal gown of white satin. The lace yoke featured a stank-up collar and long white sleeves of French re-embroidered organza. Her elbow length veil was attached to a lace cap. She carried a bouquet of white roses, and white carnations.

Teresa Brown was maid-of-honor and David Bean was best man. Duane Williamson and Randy Allen, the bride's brother and uncle, served as ushers. A reception followed the wedding at the Grammy Miller Hall. Rhonda Yeager registered guests.

The couple will be at home in Ozona where the bride is a student at Ozona High School and the bridegroom, a graduate of Ozona High School, is employed

with his father at Nicks Chevron.

The couple took a wedding trip to Dallas following the reception.

The bridegroom's parents hosted the rehearsal dinner Thursday evening at the El Sombrero.

Parties honoring the couple prior to the wedding included a tea at the Grammy Miller Hall hosted by Mrs. Donald Yeager, Mrs. Charles Preddy, Mrs. Armond Hoover, Sr., Mrs. Jeff Owens, Mrs. W. C. McKinney, Mrs. Dan Cullins, Mrs. Claude Montya, Mrs. R. L. Brown, Mrs. Doyle Easterwood, Mrs. Larry Arledge, Mrs. Bill Watson, Mrs. T. C. Goodman, Mrs. R. A. Barfield, Mrs. Jack Gillit, Mrs. Jerry Perry, and Mrs. R. B. Babbitt.

A swimming party June 16, hosted by Kathleen Appel, Teresa Brown, Lisa Easterwood, Michelle Jones, Gigi McKinney, Jeannine Perry, Lucy Pomeroy and Debbie Whitley.

Mr. and Mrs. Joe Bean honored the couple with a barbecue at their ranch home June 14.

TV's, radios, stereos, and appliances by Admiral at BROWN FURNITURE.

**Tips For Gardeners**

From the Ozona Garden Club by Mrs. Bailey Post

Long established as the most common of hardy perennials in the Southern garden, the long-lived iris is a traditional favorite. Our grand-parents lined their walkways with white, blue and yellow "flags". In recent years, flags have undergone much improvement via hybridizing. You may have any color you wish, and many different varieties.

In our area dig and divide iris from June to October if they have become crowded. Usually this should be done every three to five years. Cut foliage to about six inches when replanting, but do not cut back foliage on one's not to be moved.

If you intend to order new rhizomes, now is the time to make your selections while many garden centers have sales.

Bearded iris, the most commonly grown in the South, need a neutral or slightly acid soil, and good drainage is very essential. Full sun is a must, so don't plant other flowers or plants near enough to shade iris.

Too much fertilizer is worse than none at all, yet iris need a moderate feeding - potash and phosphorus are essential, but too much nitrogen is harmful. It produces soft growth which is susceptible to rhizome rot. November and Feb. are the best months to fertilize.

During its period of flowering, an iris planting commands attention in any garden. They are most effective planted in clumps or with other flowers where they contribute seasonal color. If your garden is small, select a few of the same variety and use them for a spot light of color.

Always hand cultivate bearded iris as shallow-growing rhizomes are easily injured with a sharp hoe.

The beautiful pink althea on the east of the Bill Seahorn home is one of the most attractive shrubs now in bloom.

Make use of the cooler temperatures of early morning and late afternoon for spraying, watering and fertilizing.

Will Rogers said that there were three stages in American history: "The passing of the buffalo, the passing of the Indian, and the passing of the buck." While I do not possess the wit and wisdom of Will Rogers, I would like to add another aspect to our history - the passing of the blush!

Once another nation - Israel - reached this condition and Jeremiah, a prophet of God, gave the reasons for the existence of this condition. (Jeremiah 6:9-15) About Israel Jeremiah says: "The word of the Lord has become a reproach to them; they have no delight in it" and he adds; "Everyone is greedy for gain, and from the prophet even to the priest, everyone deals falsely." (verses 10, 13) Then Jeremiah says: "Were they ashamed because of the abomination they have done? They were not even ashamed at all; they did not even know how to blush." (verse 15).

These words are as contemporary as the headlines of today's newspaper; religious skepticism, corruption, moral decay, and lawlessness. Like Israel, the wickedness and unrighteousness of our society has slowly caused it to become a society that does "not even know how to blush."

In 1939, when the movie Gone With the Wind was released, people were horrified when the movie ended with Rhett Butler saying to Scarlett O'Hara, "Frankly, my dear, I don't give a damn." Have you been to a movie recently? Most "G" rated movies - general audience - are generously salted with profanity. Even the educational value of the daily newspaper is offset by the filth of the motion picture advertisements.

Whatever happened to the old-fashioned people who could blush? Is it really a mark of sophistication to hold nothing as sacred, pure, and righteousness? Someone has said: "It's a poor joke when a lady blushes with embarrassment a heart carries away an ache a sacred thing appears common a person's weakness is the cause for laughter a word of profanity is needed to make it funny a little child is brought to tears. Another prophet, Ezra, was also embarrassed by the sins of Israel. He fell

to his knees and said: "O my God, I am ashamed and embarrassed to lift my face to Thee, my God, for our iniquities have risen above our heads" (Ezra 9:16) The iniquities of our country are stacking higher and higher, but like Israel we do "not even know how to blush."

**SNIPS, QUIPS AND LIFTS** by Lottie Lee Baker  
Happy the nations whose annals of history are boring to read.

It's folks like me who make sales brisk, of pocket calculators - For any math done in my head, is

strictly calculated risk.

In gardening it is a race between your back and your enthusiasm to see which will give out first.

In today's world of inflation a man is a big spender if he is supporting a wife and kids.

There are people in the world today who, given a ride on a magic carpet, would complain about the pattern.

**WORLD OF PROMISE**

It looks like fun outside. A bright, happy, wonderful day - and a pal to share it with. A world of promise.

As the future unfolds in every life it looks like a world of promise. Whether it lives up to our expectations depends less on what's outside than what's inside. Human character tends to shape the events and experiences of life.

Our tremendous responsibility as parents is to nurture a human soul, foster its spiritual growth, cultivate the crucial development of our child's character.

As a window lets light reach inside, the teaching of moral and religious truth lets faith find its rightful place in each youthful heart. To discover all the Promise in this world the soul must begin by realizing the promises of God.

PHONE NEWS TO THE STOCKMAN

## LETTERS TO THE EDITOR

16 June 1976  
2305 Duval Dr.  
Monroe, La.  
Dear Mrs. Montgomery:  
We thought the attached news article would be of interest to our friends there

in Ozona, if you want to publish it.  
Enclosed is a picture of Wally, if you care to use it with the article. Also enclosed is a stamped envelope for your use in returning the picture, please.

The attached check is payment for another year of pleasure in receiving the Ozona Stockman. We enjoy reading it so very much each week and look forward to its arrival.

Sincerely,  
Tincy Kirby  
McMakin

Ed. note: Article on Wally follows.

Wally McMakin, LSU standout pitcher-third baseman, has signed with the Minnesota Twins baseball club and has reported to their team in Wisconsin Rapids, Wisconsin.

Wally is the 22-year-old son of Mr. and Mrs. Joe W. McMakin of Monroe, Louisiana. His mother is the former Tincy Kirby a one-time resident of Ozona. He is a cousin of L. D. Kirby.

McMakin, who is 6'2" tall and weighs 190 pounds, had an outstanding collegiate baseball career at LSU in Baton Rouge, Louisiana, where he was ranked among the career and single season leaders in virtually every statistical category, including hits, doubles, triples, total bases, runs, RBI's batting average and walks.

Wally was chosen on the All Western Division

Team, All SEC Team, All Regional Team and was the only LSU player ever to be named to the All SEC Academic Team three times. He had a 3.3 average in Allied Health Sciences.

McMakin became a great favorite in Baton Rouge with the fans and press alike who referred to him as "Big Wally."

### Miss Jacobs Is Engaged To Mr. Griffin

Mr. and Mrs. Bob Jacobs of Lovington, N.M. have announced the engagement and approaching marriage of their daughter, Tina Lynn, to Mr. Gary Charles Griffin, son of Mr. and Mrs. Johnie Griffin of Andrews, and grandson of Mr. and Mrs. A. O. Fields.

The couple will be married in the Jacobs home in Lovington August 14.

The bride-elect is a 1975 graduate of Lovington High School and is a student at West Texas State in Canyon.

Griffin is a 1975 graduate of Andrews High School and is also a student at WTSU. He is employed as a summer engineer for Amoco in Odessa.

The couple will continue their education at WTSU after their marriage.

If it is a new bedroom suite that you need--come in at BROWN FURNITURE and select your new group now.

MISS JACOBS AND MR. GRIFFIN  
.... Plan August Wedding....

## Krueger To Keynote Annual TS&GR Meet

United States Congressman Bob Krueger will be the keynote speaker at the opening general session during the 61st Annual Convention of the Texas Sheep and Goat Raisers' Association. Convention headquarters will be the LaQuinta Motor Inn in San Angelo and convention dates are July 16 and 17.

Registration will get under way at 9:00 a.m., Friday, July 16, at the LaQuinta. Committees will meet that afternoon. The general session will begin at 9:00 a.m., Saturday, and Congressman Krueger will speak mid-morning. National Wool Growers Association president, Floyd Myers Marsh of Williams, California, will head up the lineup of speakers for the afternoon session. Also on the agenda are Carl

Bareither, estate planner from Grand Junction, Colorado, and James T. Hunt, president of the Mohair Council of America. The afternoon session will also take in election of officers and presentation of special awards.

Under the heading of entertainment, the Association will hold a country and western dance at the LaQuinta Friday evening and will host a Special Recognition Barbecue Saturday evening at the San Angelo Coliseum. American Cyanamid Company will host a reception prior to each function.

Main guest of honor at the Special Recognition Barbecue will be Texas Congressman Bob Poage, a longtime friend and supporter of the sheep and goat

industry. Mr. Poage has been instrumental in the establishment of many programs beneficial to the industry, one of the main ones being the incentive program on wool and mohair.

Woman's Auxiliary activities will include a coffee for all interested persons at the TS&GRA headquarters, 233 W. Twohigh. This event will include showings by several local artists and sculptors as well as demonstrations of spinning, weaving and natural dyeing with wool and mohair. The Twin Mountain Unit of the Auxiliary is in charge of refreshments. A luncheon and style show are on tap for Saturday at the San Angelo Country Club. The Auxiliary's general business meetings will be held at the Association headquarters Friday afternoon in the Board Room.

Mr. and Mrs. Bob Bailey recently returned from Nashville, Tenn. where they attended the wedding of their nephew, Lt. John Rosenberger, June 19.

Mr. and Mrs. Beecher Montgomery returned Sunday from Waco where they spent several days with friends and he played in the annual Waco Country Club golf tournament.

LaDon Vickers of Aberrath is here this week visiting Shannon Dockery.

### Baptist Girls To Paisano

Thirty nine girls and their counselor from the combined churches of Calvary Baptist and First Baptist left Monday morning for a week at the Baptist Paisano Encampment near Alpine, Texas.

## MEET THE BRUSH CONTROL SUPERSTARS

**Dee Sims-Three Rivers Flying Service and TORDON\* 225 Mixture can help you get more forage from your range.**

Dee Sims is a professional. He, his crews and equipment are licensed by the Texas Department of Agriculture. Call Dee Sims today. Ask him to help you set up a program of brush and weed control. He has the product and the know-how to help increase the quantity and quality of your forage... the carrying capacity of your range.

TORDON 225 Mixture Herbicide is a brush control superstar, too. It's a consistent performer against mesquite, pricklypear, tassel and many other undesirable species threatening to take over your valuable rangeland. It kills brush above and below the ground. When applied according to directions by a certified, professional applicator, it will give you good long-lasting control. Effective brush control helps you improve both the quantity and quality of forage... increase the livestock carrying capacity of your rangeland.

Make sure the Brush Control Superstars, DEE SIMS-THREE RIVERS FLYING SERVICE and TORDON 225 Mixture, are on your side. You'll be a winner more ways than one.

**Dee Sims**

**Do Not Advertise For Burglars When You Leave Your Home**

Would you put up a sign in your front yard that read "Burglars Welcome?" You may not realize it, but most people do advertise their absence from home one way or another. Obviously they don't plant a sign in their front yard welcoming the thief, but what they do leave behind is almost as inviting. Have you noticed what happens when a family goes on vacation, or out of town for the weekend? Suddenly, their house looks like the family has gone on vacation, or is out of town for the weekend. It doesn't have to look that way, but it usually does. Their garage is always left open except when out of town. "Burglars Welcome?" Certainly not, but when we leave the invitation to crime in the wide open spaces, we are asking for trouble. The fact is, most burglars live within a few blocks of his intended victim. Therefore, he has an excellent opportunity to observe who is away and who isn't.

But how can we decrease criminal opportunity? By having a trusted neighbor check our home each day, changing the positions of curtains, and rearranging the interior lighting. In short, making our homes look lived in. We should begin closing the garage

at all times so when we are away, with the garage closed, the appearance would be normal. With the use of an inexpensive timer (usually less than ten dollars) we can have our lights turned on and off at predetermined times.

The radio or television can also be worked off the timer, and the neighborhood thief won't risk entering your home, if he has reasons to believe someone is present. All of these steps are important in reducing the likelihood of a crime occurring. However, it is folly if we depend too heavily on any one precaution.

What is required is a coordination of various efforts working together to increase physical and procedural security. First of all, we should have all of our valuable property marked for proper identification. To do this, any sharp pointed object that can scratch metal will do. However, an electric etching tool is ideal and can be purchased from any variety of hardware store, or borrowed from most law enforcement agencies. Once you have inscribed your driver's license number as a permanent identification mark, the next step is to let the potential thief know your

valuables are inscribed by placing a small sticker on the front and back doors advising that all valuables are marked. After all, no self respecting fence will purchase from a thief, property that is marked, or property that has had the mark filed off. The stickers can also be obtained from variety or hardware stores.

Identifying your property with a driver's license number discourages most thieves, but others will still take the chance of being caught with marked property, if we make it easy for them to enter our homes. Therefore, properly installed locks become the next major barrier against crime.

Most home owners are unaware that their "Security" locks offer no more security than a bathroom lock. In fact you can make a quick check of your household locks by first looking at the spring latch on the front door. You should be able to depress the latch back into the housing just as it does when you close the door. Now examine the spring latch on your bathroom door. If the latches look the same, you're in trouble. You know already how insecure the bathroom lock is.

All exterior doors should incorporate a spring latch with a small (usually half circle) metal plunger on the trailing edge of the latch. This deadbolt plunger remains depressed while the door is closed, and thereby keeps the latch from being jimmied open. If your exterior door locks do not have this small security device as part of the lock, see your local hardware store, or lumber company for a replacement lock. If you do not want to change out the entire lock, you may consider replacing your present latching bar with one that has the deadbolt plunger. The cost of the latching bar is usually under a dollar, and can be installed in less than three minutes with a screwdriver.

But even then, a few thieves will try to force the door open, if they can do so without arousing suspi-

cion. In this respect good observation is very important. A daytime thief appreciates a lot of shrubbery that is tall enough to hide behind, and nighttime thieves appreciate the home owner turning off outside lights.

The moral of the story is, if you mark your valuable property for positive identification, lock your home with a lock that "Locks", and light your property at night, you will be doing your part in reducing criminal opportunity.

MISS PAYNE AND MR. MURRAH .....plan August Wedding.....

**Show Appliance Labeling Postponed**

Energy labeling requirements for several major appliances will be delayed for a year or more, reports Mrs. Janice Carberry, a family resource management specialist.

"Since the means for determining energy use has not yet been worked out, the Energy Act of 1975, making efficiency labeling mandatory, has proven difficult to administer," she said.

Mrs. Carberry is with the Texas Agricultural Extension Service, The Texas A&M University System.

"Appliances due for energy labeling by September 30, 1976, have a year's delay. These appliances include color and black and white televisions, gas and electric ranges, microwave ovens, gas fireplace inserts and electric room heaters. "Energy labeling for washers, humidifiers and central heating and air conditioning originally scheduled for June 30, 1977, will have until September 30, 1977," she reported.

Subscriptions to the Ozona Stockman were due June 1, annual prices are \$5.25 in Ozona and \$7.50 elsewhere.

We have CARDS! Birthday, get well and all occasion at THE BOOK SELLER'S.

At BROWN FURNITURE CO, we use and recommend Morning Glory bedding.

**CROCKETT COUNTY WOMANS CLUB MEETS**

The Crockett County Womens Club met Thursday evening at the home of Debbie Vordick.

Shelly Conner, president, called the meeting to order. A Club prayer was selected and a year-book committee appointed. This marked the club's final meeting until September 9.

Others attending were Susie Deaton, Judy Farris, Beth Pagan, Debora Mayfield, Kathy Mayfield, Linda Ayers, Pattie Coates, Pam Coates, Nikki Easterwood and Sandy Henry.

"Once I kept my Sunday clothes on all day long, and no one came to see us." From A Box of Peppermints, at THE BOOK SELLER'S

# Bicentennial Celebration To Feature Nature Trail

Possum Hollow Nature Trail will be one of the features during the Bicentennial Week here in Ozona which ends with a worship service and dinner on the ground in the park Sunday, July 4. The nature trail welcomes Ozonans to the Environmental Study area of the town.

Development of the nature trail began in April of 1975. The Ozona Garden Club made the trail their two-year Bicentennial project, and one of the permanent Bicentennial additions to the city, as suggested by the Crockett County Bicentennial Steering Committee.

This area, located at the corner of Ave. D and Fairview Drive, is owned by Mrs. Ben Williams, and has been kept in its native state for many years. She has most generously donated the use of this property for the nature trail project.

The trail which visitors will follow was mapped and cleared as a joint effort of the Crockett County Soil Conservation Service with C. C. Wiendenfeld and C. H. Sinclair, Jim Leech, vocational agriculture instructor at Ozona High School, and his senior students; Bill Cooper of the Crockett County Water District, and Warren C. Wilkes, Consultant Geologist Exploration Service, Inc. of Midland.

Development of the trail is not complete at this stage, however, visitors are welcome to view it. Difficulty in making the identification posts secure in almost solid rock delayed the printing of a brochure describing each numbered plant. This should be completed by fall for school tours, and

will make the trip more interesting for everyone. Presently, the plants are numbered and named on a leaflet. Listed are 69 species in all of grasses, trees, native flowers and shrubs.

The area has not been as beautiful this year as last, due to lack of rainfall. Most of the plants are perennials and the native flowers bloom at different times, but there will be something of interest to see at all times. Even

## Lori Clayton Places In Lamesa

Lori Clayton placed in many events and was third high individual in the junior division, showing her mares at the Lamesa 4-H Horse Show last weekend. The Dawson County show had over 125 participants with 64 junior contestants.

Showing Patricia "67" in the junior division, Lori placed in five events, the maximum per horse. Using an electric eye in the timed events, the top five places in each event were only a fraction of a second apart.

Lori placed fourth in barrels and poles, fifth in flags, ninth at halter, and fourth in showmanship. Lori also entered Royetta Cody, and placed fifth in western horsemanship and sixth in registered mares, halter class.

NOTICE: Carlisle Clinic will be closed Monday, June 14 thru Monday, June 28, while Dr. Carlisle is in Galveston at the University of Texas Medical School. During this time he may be reached, if necessary, by calling the Clinic number, 392-2549. Dr. Carlisle will be in Tuesday, June 29, with hours as usual (9 a.m.-11:30 a.m.; 2 p.m.-6 p.m.).

the rocks are beautiful.

The garden club hopes a trip along the nature trail will increase the viewer's awareness and appreciation of the world around him or her. The club suggests a trip through Possum Hollow Nature Trail, for everyone during the July 4 activities.
