GO LIONS GO—MAKE IT 10 IN A ROW

Ozona Lions Undefeated As Finale With Sonora Looms

By-Brian Gries

The Ozona Lions became the only undefeated team in 7-AA competition by defeating the Kermit Yellow Jackets 35-3 in Kermit last Friday for nine wins in a row. They host Sonora Friday night in the most important game of the season.

The first half of play was poor by Lion standards. The first score in the game was a field goal by the Yellow Jackets during the first minute of the second quarter. The kick covered 25 yards and left the Lions 3 points behind. This was to be the only Kermit score in the entire game.

The Lions finally got a drive initiated and with one minute 33 seconds left in the first half, Vaden Aldridge connected with Gary Warren for a three yard touchdown pass. This drive covered 19 yards, took four plays, and lasted one minute thirty seconds. The PAT attempt failed. At the end of the first half, the Lions led 6-3, but had less than half as many total offensive yards as the Yellow Jackets had acquired.

Coach Sewell had a discussion with the Lions at half time, and a completely new Lion team ran onto the field to begin the second half.

Ozona had to kick off to start the second half, but on their first possession the Lions marched 30 yards for a touchdown. Warren topped off the drive with a one yard dive for the six points. This drive lasted four minutes and took 8 plays. The Lions were determined to make up for the PAT that was missed in the first half, so Aldridge connected with John Galvan who plowed through defenders to give the Lions a two point PAT. The Lions now led 14-3.

Thirty-three seconds later, Orlando DeHoyos grabbed a Kermit pass and dashed back 20 yards for another touchdown. This time, Galvan kicked the extra point to make it 21-3 Lions.

About two minutes into the fourth quarter, Warren found daylight again and plunged two yards for six points. This drive covered 47 yards, took seven plays, and lasted two minutes and 33 seconds. Again Galvan adding the extra point to give the Lions a tremendous 28-3 lead. But, the Lions were not through.

Midway through the fourth quarter, Blake Moody scam-

bled 10 yards to give the Lions another touchdown. This play topped off a 44 yard drive which lasted 3 min. 46 seconds and took 9 plays. Again, Galvan toed the extra point, and the game ended 35-3 Ozona. Although outdistanced in the first half, the Lions managed to hold their opponents to a grand total of three yards rushing in the second half.

Leading rushers for the Lions were Warren with 102 yards, Moody with 49 yards, and Aldridge with 25 yards.

Outstanding defensive players were Clyde Bailey with 12 tackles, Mike Fay with 11 tackles, Douglas Bean with 10 tackles, John Galvan with 9 tackles and 3 recovered fumbles, and Ricky DeHoyos with 9 tackles. Eugene Hood and Ricky DeHoyos were both put out of the game with knee injuries. DeHoyos is expected to return for this week's game, while Hood is not. Hood was replaced by Felipe Castro, and DeHoyos was replaced by Max Schroeder. Both of these players did an exceptionally fine job.

When asked about this week's game with Sonora, Coach Sewell said that Son-

ora was tough, but so is Ozona. He said Sonora passes well and has a very strong offense.

If Ozona beats Sonora, the Lions will be the district champs. If Ozona should happen to lose, and if Kermit beats Crane, there will be a three way tie for district champs between Ozona, Sonora and Kermit. To resolve this situation, the teams would flip a coin.

Coach Sewell said the easiest thing to do is for the Lions to do it themselves by beating Sonora. This week's game is the most important the Lions have played all year. All Lion fans are urged to attend the game and give the Lions support.

The statistics showed that the Lions were the true winners, as usual. The Lions had 12 first downs to the Jackets' 7. Ozona had 178 yards rushing and 10 yards passing for a total of 188 yards to Kermit's 54 yards rushing and 61 yards passing for a total of 115 yards. The Lions attempted 6 passes, completed 3, and had one intercepted. The Jackets attempted 10 passes, completed 4, and had one intercepted. Ozona punted 4 times for an average of 37.3 yards, and Kermit punted 3 times for an average of 29 yards. The Lions received 6 penalties for 50 yards, and the Jackets received 6 penalties for 82 yards.

Ozona Lions Undefeated This Season

Kitty's Korner

By
Kitty Montgomery

No matter who we voted for on election day, we got Jimmy Carter. And we're going to be among the first to give him all the support we are able, to hope to goodness he has more answers to the nation's ills than we ever thought he had, and to wish him well in a difficult job at best. He was elected on the Democratic ticket, but now he is the President of all the United States, Democrats, Republicans, and agnostics alike, and it would behoove us all to give him our wholehearted support.

There is nothing to gain by going around with a long face because the candidate you supported lost out. We may take comfort in the fact that President-elect Carter is a good, Christian man, and surely has the best interests of the nation at heart. So, let's hold no post-election grudges, and do our part toward healing the wounds caused by pre-election rhetoric.

We endorsed President Ford and supported him wholeheartedly. He failed to get a majority of the vote by a mighty slim margin, but a miss is as good as a mile. We have better things to do with our time than sit around and cry over spilt milk, and we sincerely hope you do too.

A WORD ABOUT ANONYMOUS LETTER WRITERS - In a nut-shell, they have no guts. The receipt of two of the above this past week prompts this outburst on my part. One was from a Carter supporter, not really a nasty letter, just a "beag to disagree" type letter, however, it was not signed. This always gets my hackles up. I think if a person is going to take the time and trouble to write a newspaper editor, he or she as the case may be, should sign their name. The second letter was really insulting, and contained some of the most unfair accusations we have yet been faced with. I was sorely tempted to print it in spite of our policy of not printing letters unless they are signed. I can, of course, see why the writer of this letter failed to sign a name. If I'm ever tempted to write such garbage, heaven forbid, I won't sign my name either. It is my opinion that an anonymous letter writer is sneaky, irresponsible, fanatic, and without the nerve to stand behind whatever he espouses.

Team members are, left to right, bottom row, Ricky DeHoyos, Clifford, Ben Badillo, Vaden Aldridge, Dan Sewell, Orlando DeHoyos, Sam Longoria, Jim Sosa, Joey Borrego and Cruz Garza. Middle Row are Randy Allen, Felipe Castro, Max Schroeder, Steve Pagan, Victor DeLaGarza, Estalfo Vargas, Javier Reyes, Mike Fay,

Clyde Bailey and Head Coach, Rip Sewell. Top Row includes John Henderson, Eugene Hood, Bruce Whitley, Douglas Bean, Sterling Lay, Bill Dudley, Gary Warren, John Galvan, Blake Moody and Assistant Coaches Tom Wilson and Jim Williams. [Joel Sanchez, Photo]

Swine Flu Immunization Clinic Set

A Public Health free immunization clinic for swine flu shots will be held November 30, from 11 a.m. to 7 p.m. at the Ozona Community Center, according to County Health Officer David Blanton and Mrs. Joe Bean, First Ladies Volunteer Program Chairman for Crockett County.

Anyone not allergic to eggs may take the vaccine, but elderly people and those with chronic lung disease are especially encouraged to take the vaccine. Infants and small children do not need to be immunized.

A form must be signed in order to receive the vaccine. These forms may be obtained at the center when residents come for their shots. Those receiving the vaccine are requested to wait in the clinic area for 10 minutes after receiving the vaccine.

The State Health Department will furnish the vaccine and nurses to administer it. Volunteers from Crockett County will be assisting in the Clinic. Anyone wishing to help who has not been contacted may call Mrs. Bean.

1st Crockett County Pecan Show Slated November 18-19

Crockett County Pecan Show will be held November 18 and 19th in the Civic Center in Ozona, Texas. The show is sponsored by the Crockett County Program Building Committee according to County Extension Agents Debra Price and Billy Reagor. Joe Couch is the Chairman of the committee and Mrs. Floyd Hokit is elected chairman of the Pecan Show.

The show is open to Crockett County and surrounding counties. There will be two divisions, a pecan division and a food division.

In the Pecan Division, \$50.00 cash for Grand Champion Entry, \$25.00 cash for reserve Champion entry, and \$15.00 cash for runner up. Each entry must have 45 pecans of the same variety per entry. A contestant need not know the variety in order to enter, the judge will classify or identify the entry. Ribbons will be awarded for the first, second, and third placing pecan in each division. Pecans must be exhibited in their natural state, no artificial alterations. All entries must be in by noon, November 18th at the Civic

For Further Study----- Commissioners Court Tables Grand Jury Recommendation

Crockett County Commissioners Court met Monday in regular monthly meeting and after a lengthy discussion, voted to table recommendations of the Crockett County Grand Jury until further studies can be made.

Recommendations from the Grand Jury included an immediate raise for all deputy sheriffs of \$75 per month, a quarterly raise of \$25 per month on a successful review of deputies. They also recommended that the sheriff be provided raises in the same manner. Also, the jury recommended the deputy staff be raised from the present 4 to 5.

After determining the present salaries, \$12,270 per year for the sheriff, \$865 per month for the chief deputy, and \$825 per month for the other deputies, the court voted to get salaries of like officials in Sutton, Reagan, Schleicher, Tom Green, Pecos, and Val Verde counties in order to compare. County Judge Troy Wil-

liams expressed the opinion that salaries should differ for certified and non-certified deputies. It was further noted that in the past any time the sheriff had asked for raises for his deputies, the court had granted them. As for the periodic raises, the court was of the opinion that neither the grand jury nor the court could set the raises when they were unable to determine the effectiveness of the personnel.

The jury recommendations asked for a janitor to clean the jail, but the court's discussion on this segment was around a jailor. Judge Williams said that eventually the county would have to have a jailor, but that a jailor should live in the jail and there were no kitchen facilities. Also it was brought out that the jailor should be a certified officer. At present, the sheriff and his family have living quarters in the jail.

Commissioner Jesus Castro suggested the court meet with Sheriff Mills to determine his needs as far as the recommendations were concerned. Commissioner Jack Williams motioned that the studies be completed before the court meets with the sheriff.

The grand jury recommended that something be done about the lack of a working county attorney. The court was in agreement with the jury, but was unable to recommend a solution. A lengthy discussion was held on the recommendation that the county hire an assistant district attorney to relieve the present D.A. of county attorney duties. It was decided that since District Attorney Dixon Mahon has a good record obtaining guilty pleas, and doesn't seek an indictment unless he has a good case, that a guilty plea was better than holding a jury trial.

After hearing all the pros and cons about the recommendations, it was decided to table the entire thing until the studies were in and the court meets next month.

Dudley McCary was instructed to improve the lighting in the ven barns and secure new venian blinds and repaint the inside of the

courthouse. McCary asked for the obsolete blue ambulance. He asked for the court's decision before the day was over. No action was taken.

Representatives of Pritchard and Abbott, Jim Rapiere and Bob Three, met with the court to discuss a new two-year contract. Pritchard and Abbott evaluate property taxes for the county and prepare the tax rolls. Their fee for the current year was \$40,181. The men asked for a 5c contract and 12c per line for the tax rolls. They offered to renegotiate if legislation makes it necessary. The court was in favor of the new contract agreement.

County employees G. Flanagan, Dick Kirby, Jim Dudley and Al Fields asked to buy county retirement for the years they were in military service and that the county match the amount dollar for dollar. The court agreed with the understanding that this apply to anyone reaching 10 years service in the future. Judge Troy Williams asked that his annual salary of \$2,600 for the post of ex-officio County School Superintendent be turned over to the county and that his county judge's salary be raised that amount in order that he might get retirement on it. The court agreed to find out if this can be done and act on it next month.

County Auditor Dick Kirby was instructed to transfer \$60,000 to the hospital and care center fund. Included in this amount is the cost of the new ambulance. General election ballots were canvassed.

The court hired Philip L. Bryant and Associates, Landscape Architect and Land Planners of San Angelo, to divide and prepare for sale the county property located on I-10. The firm will take the responsibility of assessing the selling price and of selling the property. A two year contract was signed, giving the county the option to continue the contract or take over the property.

Three automobiles for the sheriff's department were purchased from Stuart Motor Co., after bids were opened from Stuart's and L-B Motor Co.

Kincaid Heads Foundation

T.A. Kincaid of San Antonio and Ozona, long-time trustee of the Southwest Animal Health Research Foundation (SWAHRF), has been named president of the livestock industry support group, and Ed Ketchum of Duncan, Okla., vice president. Jerry Puckett of Fort Stockton is the new secretary-treasurer.

Foundation trustees, at a recent meeting in Austin, voted to continue the efforts of the Foundation "as long as the screwworm problem poses a threat to the United States and Mexico" and will cooperate with the Joint U.S. - Mexico Screwworm Commission in current efforts to eradicate the costly livestock pest from both countries.

SWAHRF was organized in 1961 to assist in launching the Southwestern Screwworm Eradication Program at Mission, and has aided livestock industry efforts in the screwworm control program through the years.

Garden Club Plant Sale Is Tuesday

The annual Ozona Garden Club bulb and plant sale will be held November 16 in downtown Ozona in the south end of the park, weather permitting.

Club members have the annual sale each fall and use proceeds for their many civic and club projects. Bulbs, which should be in the ground soon for spring bloom, include daffodils, anemone, tulips, grape hyacinth and hyacinths plus a variety of precolored bulbs for forcing house plants.

There will also be a variety of plants, potted by individual club members, for sale for use as house plants. These are usually the first items to go, so those wishing to add to their house plant collection need to be on the scene early.

GETTING A JUMP ON THE SEASON? Not really. Beth Marks bagged this big elk in Colorado after the hunting season began there. She estimates the animal weighed in the neighborhood of 800 pounds. Husband, Jim, bagged a big 'un too, but not like this trophy kill. Hunting season begins Saturday in Crockett County, but the biggest white tail deer only weighs a fraction of this elk.

OUR TAX-HAPPY CONGRESS

While most of the national news focus has been upon the campaign for the Presidency of the United States, of equal or possibly even greater importance will be the direction which will be taken by the newly elected Congress. Will it be any better than the last Congress? We can only hope so, because the record of the 94th Congress left a lot to be desired.

First, there can be no question but that our national defense - a major responsibility of the Congress - has suffered greatly. While pinching pennies in military spending, the House and the Senate managed to find ways to increase spending in other areas of government by billions of dollars. As a direct result of Congressional delinquency, the world balance of military power has moved perilously in favor of the Soviet Empire.

President Ford, in his campaign, stressed our "quality of life" as a major government objective. But it must be emphasized that whatever improvement we have enjoyed in our "quality of life" has been due to the private and business sector of our society, not government. Better automobiles, better refrigerators, better washing machines and stoves and homes are a direct result of business competition for the consumers' dollars. The only "contribution" made by government is in the form of regulatory overkill, which has added considerably to the cost of goods and services.

No, there can be no question. The two greatest "achievements" of the 94th Congress were that it extracted the largest number of tax dollars from the American people of any Congress in our history, and it managed to spend more than any other in our history.

Someone has suggested a Constitutional Amendment which would make it impossible for any Congress to spend more money than it takes in. Although that would not completely solve the problem, it would certainly be a step in the right direction.

TRANSKEI INDEPENDENCE

The enemies of any kind of peaceful solution to the racial problem of southern Africa have raised a great hue and cry against the first black state to be given independence by South Africa - the Transkei. This 17,000 square mile homeland of the Xhosa tribe, bordering the Indian Ocean and inhabited by some 1.3 million people, became independent on October 26th. It is more populous and more economically viable than many other Third World states, but in the eyes of its critics this is quite irrelevant. What they cannot stand is the possibility that the new state will be a success and in succeeding that it will serve as a model for other independent national homelands.

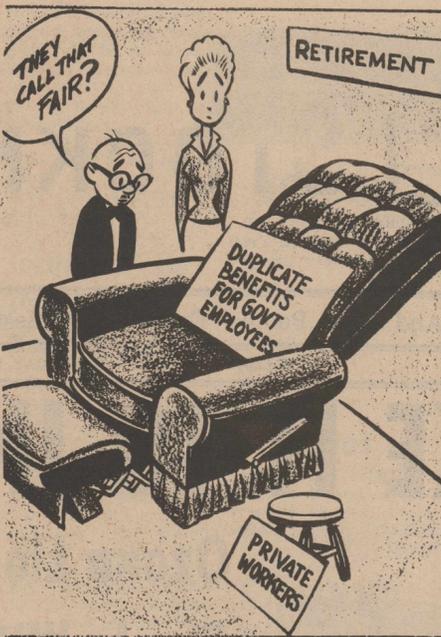

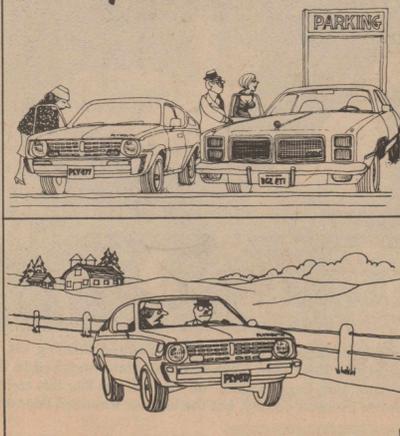

The opponents of South Africa want violence. Listen to them talk and this becomes immediately obvious. They want to see the white society there utterly crushed, and the more blood that flows in the process the more they will enjoy it. They mask their mindless hatred by a simple ideological slogan - "black majority rule" - as if the blacks in question were a simple homogeneous group.

But this has no relation to reality. The tribal groups in South Africa have different languages, different cultures, and to some extent historical enmities. They are as different from each other as Germans and French. Why is it always assumed that South Africa must remain as a single political unit? There is no guarantee that the Transkei type solution will work either, we hasten to add. There is the very large problem of the urban blacks who no longer feel any tribal kinship or political loyalty to their homelands. South Africa must still confront this problem and has not really found an answer.

Nevertheless, we say, give the homeland idea a chance. Just because the Transkei has evolved into statehood peacefully does not automatically doom it to failure. Those who argue that we must reject it out of hand are people who have nothing but malice in their souls.

Family Foibles - By JOSEPH FRARR

STATE CAPITAL Highlights AND Sidelights by Lyndell Williams

AUSTIN — Gov. Dolph Briscoe is backing an \$850 million boost in state spending for schools.

He unveiled his plan to a meeting of school officials here last week.

Addressing 3,000 school superintendents and board members, he also specified this condition: his legislation is conditioned on establishment by lawmakers of a ceiling on local school taxes.

A key provision in the Briscoe program would hike the state's share of support for the Foundation School Program from 75 per cent to 90 per cent of the total, at a cost of \$640 million. The state now spends about \$2 billion a year on the program.

Indications are the resulting decrease in "local fund assignment" would bring a saving to taxpayers of about 26 cents on the \$100 property valuation.

Briscoe also presented proposed new market value statistics for school districts, estimating the state's taxable property for school purposes is \$238 billion, an increase of \$78 million over the values used by legislators in writing the 1975 school finance act.

The governor's program did not provide money for an increase in teacher salaries, although he may make a separate recommendation later.

Briscoe also suggested a \$50 million increase in school operating and maintenance spending, a \$25 million increase in transportation allocations, \$15 million for staffing in small rural schools, a \$100 million increase in equalization aid for districts with low tax bases and \$10 million to upgrade school district tax offices.

Revenues Increase Texas state government collected a record \$8 billion in revenue during fiscal 1976 and spent \$6.4 billion, leaving a cash balance of \$1.6 billion. The balance increased by \$200 million since the beginning of the fiscal year, according to Comptroller Bob Bullock's annual report.

Bullock said total state revenues climbed 16 per cent over fiscal 1975 levels, while expenditures rose 15.3 per cent.

"Texans regained confidence in the economy quicker than the average national consumer, and their spending — combined with inflation — pushed all consumer tax revenues to new highs," Bullock said. "And oil and gas production tax income has never faltered."

Bullock calculated tax revenues of 3.9 billion, \$1.8 billion in federal funds, \$340 million in licenses and fees, \$234 million in investment income and \$246 million in income from state-owned lands.

Seadock Approved Gov. Briscoe announced approval of the application of Seadock Inc. to construct and operate a deepwater

THE NEWS REEL A re-run of "The Ozona Story" as gleaned from the files of "The Ozona Stockman"

Thursday, Nov. 13, 1947 Sonora chalked up a district win over Ozona for the first time in 7 years Friday.

29 yrs. ago The high school annual staff has been chosen. Members are Ralph Carden, Lillian Schneemann, Chas. Mankin, Judy White, Darlene Thompson, William Meinecke, Bud Hoover and Joe Albert Brown.

29 yrs. ago A program, led by Mrs. R. A. Harrell was presented at Thursday's meeting of the Ozona Music Club.

29 yrs. ago Encouraging the Lions at the Sonora game Friday were several exes. Among them were Carlton Smith, Gordon Bufford, Max Word and Joe Ross Hufstelder.

29 yrs. ago The fifth and sixth grades presented a play called "The Special Town Meeting" this week.

29 yrs. ago Mrs. D.L. Scott was hostess to I-Deal Bridge Club Monday. High went to Mrs. Marvin Barnes.

29 yrs. ago Daphne Meinecke was here from Midland Saturday for a visit.

29 yrs. ago Mrs. Boyd Clayton was hostess to Tuesday Bridge Club.

SNIPS, QUIPS AND LIFTS by Lottie Lee Baker

Anyone who thinks he knows all the answers just isn't up to date on the questions.

Too many calories add up to an awfully big future.

Women will not be the equals of men until they have a big bald spot on top of their heads and think they are handsome.

Some think they are big shots because they explode.

Tax is like golf-you drive hard to reach the green only to wind up in the hole.

If you were busy being good, and doing just the best you could, you'd not have time to blame the man who's just doing the best he can.

Most of us, like phonograph records, have a flip side which may not be very good.

Middle age is when actions creak louder than words.

For some reason people who are forever talking seldom have anything to say.

What we need now is fewer people who live across the street and more neighbors.

Nothing has more lives than an error that you refuse to correct.

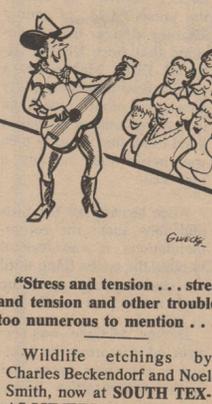

Solar-Powered timepieces are not new. The sundial has been around for centuries.

People who choose not to vote forget what so many did to insure that option.

How many apples were eaten in the garden of Eden? Answer-11. Eve ate, Adam too, the Devil won.

A Lift For The Week We should strive to preserve the fire of the past-not the ashes.

The Ozona Lions made Kermit their 9th win of the season. The score was 35-3. Keep it up LIONS

There was a booster club meeting Tuesday night at 7:30 in the High School Auditorium. All members were urged to come.

Saturday the band went to marching contest in Brady. They received a III rating. In spite of what the judges thought the audience applauded the show and were very disappointed at the rating. We're proud of you band.

The Varsity Football Team wants to thank the Junior Varsity for staying out and helping them run plays to prepare for the upcoming game.

The Lions will be hosting the Sonora Broncos here Friday night. We're behind you all the way Lions.

Roland Flanagan was awarded a plaque for selling the most Band Booster Memberships. Congratulations Roland.

There was an FFA meeting Tuesday night. Mr. Mike Morris, area public relations man for the Texas Parks and Wildlife Department was the speaker. He talked of new regulations and laws. He also presented a film on hunting and fishing. Helen Bunger, the 1976-77 FFA Sweetheart was awarded a jacket at the meeting by President, John L. Henderson.

The annual Band Booster Poor Man's supper will be held tomorrow night before the game. Tickets are being sold by band members and will also be sold at the door. Please buy a ticket and help the band.

This week is quarter exam week. This is the first year OHS has had exemptions. If you weren't exempt this time maybe you will think twice next time. Have fun!

UIL Twirling Contest was also held Saturday. The OHS Twirlers received a I on their ensemble. Karen Kirby, Hope Phillips, and Nancy Womack each made a I on their solos. Helen Bunger and Gigi McKinney made II's. In division three Kristi Kirby and Lisa Mitchell made II's and Debbie Wallace and Debbie McCracken made III's. Congratulations twirlers.

NAME THAT PERSONALITY. Every month we are going to feature one personality from each class in the Roar! Be looking because it may be you!

Freshman: She loves riding horses. She "nearly"

Forecast: Ozona beating Sonora and winning district 7-AA; Good grades on semester tests; BIG pep rally; lots and lots of spirit!

Happy Birthday: Mrs. Harrison, James Hokit, John Galvan and Coach Sewell.

Riddle of the week What is black and blue and red all over? Answer: The Sonora Broncos after the Ozona Lions get through with them.

For Sale This Week: Bronco eggs. But don't count your Broncos before they hatch!

Where Did You Get That Symbol?

STONE AGE SYMBOLS—Even today there are times when a simple design can say it all.

From the early cave paintings of reindeer, used by Stone Age men as a kind of magic for hunting, to the well-known trademarks of today, symbols have been a part of human culture.

Modern patriotism has found a revered symbol in the flag, as in the Stars and Stripes or Old Glory of the United States. Scientists, especially in chemistry and mathematics, have made wide use of symbols.

Tips For Gardeners
From the Ozona Garden Club by Mrs. Bailey Post

From this date on through the winter months everyone will look forward to the beautiful sunny days we have most of the time. As the days grow shorter, the importance of timely gardening chores increases. The coolness and moisture offer the gardener the opportunity to plant many hardy ornamentals - trees, shrubs, bulbs, perennials, and even some annuals.

From now until late spring pansies are the most colorful bedding plants. Planted in masses, whether large or small, these cheerful plants provide a spot of color when least expected. Pansies should have full sun and fertile, well-drained soil. Set plants no more than 4 to 6 inches apart. Apply a light mulch that will help protect the plants against killing frosts.

When selecting plants, one of the most popular and hardiest evergreens for our area is the Loquat. It can be used for a specimen plant, in groups, or a hedge if ample space is available. If not kept pruned they will reach 15 to 20 feet height at maturity. For best performance of growth they need full sun and rich, deep, loamy soil, and be sure drainage adequate. They need water every three or four days during dry weather. Their leaves and sprays are widely used for texture and greenery in arrangements.

Cut tops of dead foliage on peonies back to a few inches above the ground. Add a cup of bone meal to soil around the plant and mound over with soil for the winter.

Chinese hibiscus and dahlias also need to be protected from freezes. Hardy types growing in the ground outside should be cut back and mounded with soil.

Fall foliage color is on display all over our city in the ash trees - Tallow, Crepe Myrtle, Elm, Nandina, Redbud, Sumac, Red Plum, Oaks, Pecans and others.

TOPS CLUB MEETS
The weekly meeting of T.O.P.S. Club 937 was held Friday in the Chamber of Commerce Building.

The total weight loss for the week was seven and three-fourths pounds. There were 11 members present. Queen of the week was Oleta Reed and Queen of the month was Patty Wells.

A bake sale will be held November 20 in the Shopping Center. The Coffee Break will be November 12 and 13 at the rodeo grounds. Meetings are held each week at 9:00 a.m. in the Chamber of Commerce Building. New members are welcome.

The T.O.P.S. Club will be selling Poppies for the V.F.W. on Thursday, Nov. 11.

Large Number Attends Dist. Garden Club Meet

A large crowd of delegates from 28 garden clubs was on hand last Thursday at the Civic Center for the Annual Fall Meeting of District VIII Garden Clubs.

Twenty-eight garden clubs from Haskell on the north to Del Rio on the south had a total of 173 delegates and members registered. The meeting was hosted by the Ozona Garden Club, the Mildred Parker Garden Club of Iraan and the Reagan County Garden Club.

In separate activities, the Iraan Club sponsored the morning coffee and the Reagan County Club was responsible for the decorations for the luncheon. The luncheon tables were beautifully decorated with tree stumps planted with plants, by the Reagan County Club.

State President Mrs. Lee Coil of Lubbock and State President-elect Mrs. Henry Horn of Del Rio were both on the program. District VIII Director Mrs. Tom Ridgeway of San Angelo presided after being presented by Ozona Garden Club president Mrs. Bob Childress. New officers were elected and will be installed in the spring.

Forum Meets With Mrs. Walker
The Woman's Forum met in the home of Mrs. C.O. Walker Tuesday, Mrs. John Coates and Mrs. Deane Holden were hostesses.

The meeting opened with club members singing the Federation song. Roll call was answered with whether members had voted in the general election. The president, Mrs. Kirby Moore, gave a report on the district meeting in San Angelo which she and Mrs. T.J. Bailey attended.

The program for the day was "The Glory and the Dream". Mrs. Marshall Montgomery talked on the "Limitations of Our President". "The Power of Congress" was discussed by Mrs. Arthur Phillips. Mrs. James Baggett concluded the program with "Are We a Second Rate Power?"

Club members brought gifts for the State Hospital in Carlsbad to be used in their Christmas Gift Shop.

Other members present were Mrs. Charlie Black, Mrs. Ralph Jones, Mrs. Lowell Littleton, Mrs. Arthur Kyle, Mrs. George Bunger, Mrs. Beecher Montgomery, Mrs. Brock Jones, Mrs. W. T. Stokes, Mrs. J.D. Brown, Mrs. W.H. Whitaker, Mrs. Gene Perry, Mrs. Vernon Jones, Mrs. Ele Hagelstein, Mrs. Dempster Jones and guest, Mrs. Zona Halcomb.

Too early to think about Christmas? Not really! Come in today at **BROWN FURN. CO.** and start your shopping early. Free gift wrapping.

Debra Says
by Debra Price

I hope you read the article on the County Pecan Show in this week's paper. We are very excited about working on the show and hope everyone will consider entering.

Corduroy today is more versatile than ever. It's a soft, smooth lightweight fabric available in on-wale, or wide-wale. Corduroy made from 50 per cent cotton/50 per cent polyester is easy care and can be machine washed and dried. That made from 84 per cent cotton/16 per cent polyester will bleed to give the faded washed-out look.

Corduroy may be knitted as well as woven. It is popular because it can look dressy or casual; it holds its shape; and it is adaptable to men's, women's and children's wear. It's durable and can be printed in vibrant designs or just plain solids.

Corduroy is a napped fabric, which makes the fabric look darker and richer when the nap is running up. When it runs down, the fabric looks lighter and shinier. Napped fabrics wear better when the nap runs down. When sewing at home, choose whichever look you like, just be sure all the pattern pieces are running in the same direction to avoid shading. Purchase fabric by the "with nap" yardage and use the "with nap" pattern layout. If you cut the garment in both directions, it will look different colors.

Wide-wale corduroy can be used effectively to make chevrons, diagonal stripes meeting in points at the seams and should be treated like a striped fabric.

When machine stitching corduroy, use a slightly longer stitch than regular and a small needle. Avoid using a needle smaller than size 14 with American-made polyester or cotton-covered polyester threads that are not long staple. Basting the seams by hand may be necessary to prevent slippage. Loosen the thread tension to prevent puckering and lessen the pressure on the pressure foot, if the machine has one to avoid marking the fabric. A zig-zag seam finish will keep seams from raveling.

Topstitching on corduroy may be undesirable because stitching on the right side of a napped fabric roughs the pile.

Finger press seams with steam on the wrong side as you sew. Needle boards or a Turkish towel used on the nap side of the fabric prevents the nap from flattening when pressing. If a needle board or Turkish towel is not available, press with a scrap of the napped fabric on the underside. Put the napped side to the napped side. A final steaming by dry cleaners gives a more professional look.

COUNTRY CLUB BRIDGE
Mrs. Evert White was hostess for luncheon and bridge at the Country Club Thursday.

Winning high was Mrs. Gene Williams, second high went to Mrs. Gene Perry. Mrs. Clay Adams won the low score prize and bingos were won by Mrs. George Bunger and Mrs. Byron Williams.

Others playing were Mrs. Bob Bailey, Mrs. Joe Bean, Mrs. Bud Cox, Mrs. James Dockery, Mrs. Beecher Montgomery, Mrs. Tommy Harris, Mrs. Arthur Kyle, Mrs. Bruce Mayfield, Mrs. Joe Friend, Mrs. Sidney Millsbaugh, Mrs. Tom Montgomery, Mrs. J.B. Parker, Mrs. P.C. Perner, Mrs. Sherman Taylor, Mrs. Pat Wester, Mrs. Jack Williams, Mrs. Sam Fowler of Floydada, Mrs. Joe Clayton, Mrs. Joe Couch, Mrs. Tom Mitchell, Mrs. Bill Cooper and Mrs. Eddie Arnold.

LADIES GOLF ASSOCIATION
Low team golfers at the weekly ladies golf play were Mrs. Pat Wester, Mrs. Demp Jones, Mrs. S.L. White and Mrs. Bill Clegg.

Mrs. White also won legs on the low gross and low putts trophies. Mrs. Jones won legs on the low net trophy, and Mrs. Byron Stuart tied for the low putt trophy leg.

Other golfers were Mrs. Jack Baggett, Mrs. Gregory Stuart and Mrs. Byron Williams.

New lady golfers are meeting in a class with an instructor once a week. Any interested country club member is welcome to join the group.

OHS Lion Band News

By Michelle Jones-Reporter

Saturday the band participated in the Marching Contest at Brady. The band showed a tremendous amount of spirit and pride, but received a rating of III. The band had a number of Ozona fans there and we really appreciate this.

The mighty Lions defeated the Kermit Yellowjackets Friday night in Kermit. The Lion Band backed them all the way.

"The Pride of Lion Country" will once again present to the public a very exciting and interesting half-time presentation. We will back the Lions, during the most important game of the season, for another victory. The Lion Band will be backing the Lions against Sonora Friday night.

THANK YOU
I would like to thank everyone who supported me during the general election. A special thank you to Helen Owensby, my campaign manager and all the people who helped with my campaign. Again, my many thanks.

Jim Goss

LOSE UGLY FAT
Start losing weight today OR MONEY BACK. MONADEX is a tiny tablet that will help curb your desire for excess food. Eat less-weight less. Contains no dangerous drugs and all the people and strenuous exercise. Change your life start today. MONADEX costs \$3.25 for a 20 day supply and \$5.50 for twice the amount. Lose ugly fat or your money will be refunded with no questions asked by VILLAGE DRUG.

PRIME OF LIFE

A country gets to be two hundred years old! All at once flags are billowing against the azure sky, people are waving red, white and blue banners, souvenir buttons and coins and all sorts of keepsakes are for sale. But what's it really all about?

As countries go, we're in the prime of life, but we're still old enough to know better about a lot of things.

So, on our united birthday, it might be a good idea to sit down and think about where we've been and where we're going. Let's conjecture about democracy. Let's realize that under our system, we can change things in an orderly fashion. And let's give thanks for our blessings, because we Americans still have many of them.

You need a place in which to think, in which to give thanks. The right kind of a place. How about the church?

Hard work, dedication and long hours are still essential to success in farming or ranching. But they no longer assure it. Today, it takes capital. And good money management with careful attention to cash flow. That's why there are Federal Land Bank loans on so many of America's best-managed farms and ranches. Long-term Land Bank financing is a dependable way to maintain a sound operation.

Sixty years of lending gives us more faith than ever in American agriculture.

Proper Energy Management Can Save You Money!

In Your Home Laundry

- ★ Utilize the washer's full capacity. Wash larger loads — wash less often.
- ★ Same goes for dryers: dry more than just a few items at a time.
- ★ Use the washer's load selector to save on hot water when you must wash small loads.
- ★ Use a cold rinse whenever possible to conserve hot water.
- ★ For more efficient drying, clean the dryer lint screen after each load.
- ★ If your dryer has an automatic cycle, use it to prevent unnecessary overdrying. Also, when allowed to overdry, clothes tend to wrinkle, thus require more ironing.

Child Abuse and Neglect, How To Identify And Call

It was late on a wintry night and six-month-old Barbara was crying.

It wasn't a whisper or a soft sobbing. It was a full blown wail that wound up like an air raid siren. Whether she was hungry, grumpy or wet, no one will ever know. After all the terror and pain that followed, it didn't seem to matter much what it was that Barbara was trying to say.

Her mother, already pregnant with her second child, remembers lying in bed and beginning to hate. She hated Barbara for her crying and herself for her hate. As the cries from the nursery crossed that line into shrill screams, Barbara's mother also crossed a line in her mind.

First, she went to the kitchen assuming that the baby was hungry. She plopped a bottle into a saucepan filled with water and turned the flame on full. After the water had come to a boil, she tested the formula on her forearm to make sure it wasn't too hot. But she wasn't sure of this, and that didn't really matter either.

Because what Barbara's mother did was set the bottle aside on a counter and walk into the nursery with the pan of scalding water. She stood over the crib and poured the water on Barbara, the child she had so desperately wanted through three barren years of marriage.

Barbara's screams changed, becoming higher, louder, more urgent. Her father roused himself, went into the nursery and found his critically burned child writhing in her crib. Nearby was his wife, pan held limply at her side, eyes blank.

Barbara's bed clothing kept enough of the scalding water from reaching her skin that she survived to join a sad army of children attacked and grievously hurt by their parents each year in America.

So how do you identify child abuse and neglect? The American Humane Association's Children's Division suggests some key signals of abuse and neglect which may be present in a child's appearance or behavior.

1. Clothing inappropriate for the weather.
2. Unusual fatigue or listlessness.
3. Lack of proper nourishment.

4. Physical injuries or complaints.
5. Unattended medical problems, such as glasses or dental work.
6. Unusual shyness or aggressiveness.
7. Frequent tardiness or absence from school, or early arrival and delayed departure from school.

The Texas Department of Public Welfare divides child abuse into three categories:

- 1) physical abuse, or inflicting physical injury on a child; 2) sexual abuse, or forcing a child to engage in sexual activities; and 3) emotional abuse, which is regularly and over an extended period of time, demanding that a child do more than he is capable of doing and criticizing and humiliating him for not living up to the demand; or making such unclear requirements that the child simply cannot understand what he is supposed to do.

Child neglect is divided into two categories: 1) physical neglect, or the failure to provide sufficient food, clothing, shelter, medical care, education, guidance and supervision; and 2) emotional neglect, or the failure to provide a child with love and affection.

Doctors, emergency hospital staff members, social workers and judges usually list a number of methods when referring to child abuse and neglect. These include beating both with hands and weapons, kicking, torture, strangling, incest, rape, other sexual abuses, suffocation, drowning, shooting, stabbing, scalding, burning, poisoning, dismemberment, starving, imprisonment, freezing and crushing.

"There is no act too violent or sadistic that has not been carried out on some child, somewhere," an intern in a children's ward said.

No national statistics exist for child abuse and neglect, but many experts believe at least two million children are seriously abused each year by adult attacks. About 25 percent are said to be seriously, sometimes permanently, injured. Perhaps 6,000 are killed.

According to CANRIS (Child Abuse and Neglect Report and Inquiring System of DPW), there were 34,828 reported cases of child abuse in Texas in the last annual reporting period (March 1975 through March 1976), including 20,112 cases which were proven. At least 86 Texas children died as a result of abuse last year. It is one of the leading causes of infant mortality in the United States.

"The most startling statistic of all," said Barry Fredrickson, regional administrator in Abilene for the State DPW, "is the number of situations involving abused children which are not reported. Abused children range in age from infants to adolescents, with 50 percent of the abused being six years of age or younger.

We've also found that there is not a socio-economic barrier for child abuse and neglect. The upper income, the middle income and the lower income have all been reported for child abuse and neglect.

"We encourage everyone to call their local welfare office or the statewide hotline number if they know of any cases of possible child abuse and neglect," said Fredrickson. "The hotline number is 1-800-292-5400. In any case, you may save a life."

Karen Smith Wed To Mr. Nelson Kymes

Miss Karen Elaine Smith and Nelson Roy Kymes were wed in an evening ceremony October 9 at the First Baptist Church in Kermit.

Parents of the couple are Mr. and Mrs. Ivy Smith, Jr. and Mr. and Mrs. N.C. Kymes of Monahans. Mr. and Mrs. Ivy Smith of Ozona are the bride's grandparents.

After a wedding trip to Juarez, Mexico, the couple is at home in Odessa.

The bride graduated from Kermit High School and attended Odessa College. She has been employed at a food market. Her husband is a graduate of Davenport High School in Davenport, Okla., attended a technical school in Drumwright and is an employee of Randall Corp. in Odessa.

Poor Man's Supper Is Friday Nite

Ozona football fans are invited to a Poor Man's Supper, sponsored by Ozona Band Boosters, prior to the Ozona/Sonora football game on Friday night.

The supper will be held from 5 to 7 p.m. at the Civic Center when beans, cornbread, salad, and tea will be served for \$1.75 adults, \$1.25 children under 12. Cokes, pie, and cake will also be available.

All funds raised will fund band projects and support will be appreciated.

Thanks To Crockett County Folks

For the grand vote of confidence in last Tuesday's election.

It has been most gratifying that by your vote you have repudiated the torrent of untruths that were spread during the campaign. I pledge you continued efficient and impartial law enforcement as in the past, with the further pledge that with my new staff of deputies a new era of scientific enforcement and investigation will be available from this office.

Again my thanks for your vote.

PORK AND VEGETABLES, ORIENTAL-STYLE--Stir-Fried
Pork and Vegetables is a sure way to add flair to a meal, says the Texas Department of Agriculture home economist. Pork, a good source of protein and B vitamins, teams up with vegetables in this quick dish. Served with steaming hot rice, it makes a balanced meal.

STIR-FRIED PORK AND VEGETABLES

- | | |
|--|--|
| 1 lb. lean pork (tenderloin, chops or roast) | 2 Tbsp. vegetable oil |
| 1 pkg. (8 oz.) frozen broccoli spears (thawed) | 1 pkg. (8 oz.) frozen broccoli spears (thawed) |
| 2 Tbsp. cornstarch | 3 medium tomatoes, cut in eighths |
| 3 Tbsp. soy sauce | 1 tsp. sugar |
| 1 tsp. sugar | 1/2 cup dried carrots |
| 1 clove garlic, crushed | Fluffy Rice |
| 1/2 tsp. ground ginger | |
| 1 cup water | |

Slice pork into thin strips. Blend 1 tablespoon each of the cornstarch and soy sauce, sugar, garlic and ginger; stir in pork and let stand 15 minutes. Meanwhile, combine water with remaining soy sauce and cornstarch. Heat vegetable oil in large frying pan or wok over high heat about 1/2 minute. Add pork and stir-fry about 3 minutes, or until pork is tender. Stir in broccoli, tomatoes, carrots and soy sauce mixture. Cook, stirring gently, until sauce thickens and vegetables are heated. Serve immediately with Fluffy Rice. Yield: 4 servings.

For additional pork and rice recipes send a postcard request to Commissioner John C. White, Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 78711.

RUTH CLASS MEETS

The Ruth Class of the First Baptist Church met Tuesday evening, Nov. 2, in the home of Sandra Childress for their regular monthly social. Co-hostesses were Lynda Falkner, Louetta Beall and Marie Mixon.

The meeting was called to order by the president, Marge Smith and the opening prayer was given by Betty Allen. The secretary read the minutes of the last meeting and the treasurers report was given by Audrey Glynn.

During the business session a long range project was discussed and letters were read from missionaries, the Tenneyson's and Lola Mae Daniels.

The program was presented

by Pam Riley. She gave an interesting review on her experiences as a summer missionary in Europe.

The meeting was closed with prayer and prayer partners were revealed. The following members were in attendance: Pat Wester, Letha Loudamy, Maxine Brown, Mae Lay, Francis Lanham, Mozelle Houston, Ann Mayfield, Virginia Hubbard, Audrey Glynn, Nell Davee, Lou Ingram, Grace Williams, Pam Riley, Mae Lewis, Elaine Williams, Virginia Cotten, Sandra Childress, Joyce Maness, Marge Smith, Betty Allen, Shirley Halydier, Geniece Childress, Marie Mixon, Lynda Falkner and Louetta Beall. Two visitors attended. They were Kathy Reavis and Lucille Littleton.

New Tax Legislation To Affect Estate Planning

The new tax legislation that has just become law will have a big effect on farm and ranch families, contends Tom Prater, an economist with the Texas Agricultural Extension Service. Most of the legislation is effective after Dec. 31, 1976, although gifts are effective as of Sept. 8, and trusts as of April 30.

"One item in the legislation that will affect the estate planning and management of Texas farm and ranch families will be the 'current use base' for establishing the value of farm and ranch lands," says Prater. "This will reduce the valuation below the fair market value approach which is now used."

However, there are qualification considerations for using the "current use" value:

Fifty per cent or more of the adjusted value of the gross estate consists of real and personal farm and ranch property.

Such properties use for which five of the past eight years before the descendant's death was qualified

and was used in business in which the descendant or a member of the descendant's family materially participated.

"The new tax law will also increase the exemption level as far as estate taxes are concerned," points out Prater. "A unified tax table would include estate taxes and gifts."

The economist cites these examples of estate taxes. Starting in 1977, there will be a tax credit of \$30,000 for any estate having a death; \$34,000 in 1978; \$38,000 in 1979; \$42,500 in 1980; and \$47,000 in 1981 and thereafter. Comparing this to the exemption equivalent would mean \$120,667 in 1977; \$134,000 in 1978; \$147,333 in 1979; \$161,563 in 1980; and \$175,625 in 1981 per individual.

The new tax bill also provides a change in marital deductions, enabling one spouse to leave \$250,000 or one-half of the estate, whichever is greater, to the surviving spouse. In addition to this deduction, there is an additional \$100,000 lifetime

marital deduction gift exemption that one spouse can give to the other spouse with no tax, notes Prater. This has to come from separate property.

"Another important feature is the privilege of paying estate taxes over 15 years at 4 per cent interest if 65 per cent of the adjusted tax estate qualifies as a farm, ranch or closely held business. The federal government will have a first lien on property during this period of tax payout," explains Prater.

The recapture of estate taxes is also affected by the new legislation. If a farm or ranch is sold out of a family within 10 years, estate taxes on the total fair market value can be recaptured. If the property is held 10 to 15 years, the taxes can be partially recaptured.

State of Texas inheritance laws remain the same.

"All of these plus other changes brought on by the new tax legislation make it important for managers and owners of farms and ranches to review and revise estate plans so that all management opportunities are realized," emphasizes Prater.

Estate Planning Seminar To Cover Tax Changes

New tax legislation affecting estate planning is of prime interest to farmers and ranchers. And the Texas Agricultural Extension Service is trying to do as much as possible to enlighten agricultural producers on this issue.

A major effort in Extension's educational program relating to estate planning will be a seminar Dec. 9-10 at the Rudder Center on the Texas A&M University campus.

The two-day event will deal with many of the key points in estate planning, with particular emphasis on the estate planning section of the 1976 tax reform bill. Also discussed will be the preparation of estate tax returns, community property as it relates to estate tax, various forms of farm ownership, transfers of property, estate liquidity problems, and estate administration, points out Tom E. Prater, Extension economist in management and chairman of the upcoming seminar.

Five major areas of estate planning will be discussed in

depth in special work sessions—legal matters, trust aspects, tax considerations, Internal Revenue Service procedures, and insurance.

According to Prater, the seminar will feature an outstanding slate of speakers who are attorneys, IRS officials, bank trust officers, insurance representatives, and professors at Texas A&M University.

The opening address will be by Dr. Daniel C. Pfannstiel, Extension Service director.

Prater emphasizes that the seminar is for professionals as well as anyone else interested in obtaining a deeper understanding of estate planning, especially those working with agricultural producers.

He encourages anyone interested in attending the estate planning seminar to register in advance. For registration information, write Tom E. Prater, Texas Agricultural Extension Service, Texas A&M University, College Station, Texas 77843, or contact any county Extension office.

Gov. Briscoe Approves Crime Grants

Governor Dolph Briscoe has approved two criminal justice grants to Concho Valley of Governments.

Criminal justice planning will be continued with a grant of \$31,882 for the 13 counties.

A \$26,786 grant will provide law enforcement training for more than 200 peace officers in the 13-county region.

The local grants were among 101 approved by Governor Briscoe with funds from the Law Enforcement Assistance Administration under the Crime Control Act of 1973.

you and the LAW

PRESENTED BY THE STATE BAR OF TEXAS

Q: A tenant in my rent house signed a one-year lease, but she moved after five months when she decided she could no longer afford the rent. I spent more than twice the amount of her security deposit on repairs. Am I obligated to return her deposit or provide her with an itemized accounting of my costs?

A: State law requires you to return your tenant's security deposit, after subtracting for unpaid rent, repairs or other deductions allowed under the lease, within 30 days. However, if your tenant owed rent when she moved, an itemized accounting of deductions is not required. The tenant also remains liable for the rent due for the remainder of the lease, but this liability is reduced by the amount of any rent collected if the property is leased again.

Q: I've been trying to get some family property straightened out since my father died in 1968 and left the land to me and eight other heirs. Someone has been grazing cattle and keeping a mobile home on it for nine years without paying rent. Is it possible to have the cattle and mobile home moved off the property until all of the heirs agree on what to do with the property?

A: You may find it necessary to file an application in court for administration of the estate in order to estab-

lish your authority to remove the unauthorized users of the land. Although such applications normally must be filed within four years after death there is an exception to this time limit in cases involving the recovery of property of the deceased person.

Q: My son was recently injured in an auto accident. We asked him not to sign any legal papers, but he signed a settlement to pay for the injuries he suffered in the accident. My husband and I believe the settlement is too low. My son is 20 years old—can I void the settlement?

A: Any person over the age of 18 is free to enter into a contract. Unless a court determines a person to be incompetent, that person's contracts could not be rescinded by a parent. As his parent, you have no right to contract for your son or to reject his agreements after he is 18.

Q: If I file for divorce, and then return to my husband but we still can't get along, do I have to start the divorce proceedings again?

A: No, the original petition in a divorce case is not automatically dismissed if the couple attempts reconciliation.

Send your questions to "You and the Law," State Bar of Texas, P.O. Box 12487, Austin, 78711. Answers may appear in columns in hypothetical terms; personal answers not possible.

Texas Economy Is Strong

Comptroller Bob Bullock said Monday that the numbers in his annual report show that state government finances and the Texas economy have grown as strong as a Brahman bull.

The state collected \$8 billion in total revenues and spent \$6.4 billion during fiscal 1976, which ended

August 31, Bullock said. "That left a record cash balance of \$1.6 billion," he said, noting that the cash balance had swollen by \$200 million since the beginning of the fiscal year.

The Comptroller said that total state revenues during fiscal 1976 climbed 16 percent over fiscal 1975 levels, while expenditures rose by 15.3 percent. Both revenues and expenditures were record highs.

Economic trends which led his office to issue a rosy revenue forecast in April have held true, Bullock said. "Texans regained confidence in the economy quicker than the average national consumer and their spending combined with inflation-pushed all consumer tax revenues to new highs," he said. "And oil and gas production tax income has never faltered."

The result was record tax revenues of \$3.9 billion, said the Comptroller. He added that all other state revenues were at record highs—including \$1.8 billion in federal funds, \$340 million in licenses and fees, \$234 million in investment income and \$246 million in income from state-owned lands.

Foot Care Puts Spring In Step

Question: What part of the body receives the most abuse, carries the heaviest load, but many times gets the least care?

Answer: Feet. Marlene Odle, a clothing specialist, points out that daily foot care should include bathing for cleanliness, creaming for softness, hot and cold baths or alcohol for stimulation, exercise for relaxation and powder for protection.

"Wash the feet thoroughly with soap and a washcloth. Use pumice or an emery board on callouses to remove dry skin while the feet are soft from water.

"Use a lotion to soothe and soften tired feet. Massage the entire foot with the fingers while applying creams or lotions.

"By alternating hot and cold water, foot baths will stimulate circulation and relax tense muscles. You can also use it to warm feet in cold weather."

She noted that periodically exercising the feet relieves tension and reduces tiredness.

"With shoes off, try to curl toes under, attempting to pick up an imaginary pencil.

"Another exercise is to stand with feet side by side, about six inches apart and hands on hips, rock from the heels forward on the outside of the foot toward the little toe and then up on the ball of the foot with most of the weight on the big toe. Rock back. Repeat.

"Powdering the feet and shoes helps to absorb moisture and eliminate odors. Powder also helps combat fungus growth by keeping the feet dry," she said.

A weekly pedicure keeps feet looking nice and prevents wear on socks and hosiery. File nails relatively straight across, keeping toe nails shorter than the toes, she advised.

This specialist said that most foot problems are caused by ill-fitting shoes. New shoes should feel as good as old shoes. Shop for shoes in the afternoon when feet are the largest. Consult a specialist at the first sign of foot problems, she advised.

Kitchenware at BROWN FURN. CO.

Bell Is Phony - Is The Rate Hike Really Necessary?

As Southwestern Bell Telephone officials, public utilities commissioners and intervenors have been preparing their cases for the current statewide telephone rate hearings, an Austin accountant and telephone rate consultant has been busy doing his homework, too.

The result is - Bell Is Phony - a book interpreting the telephone company bookkeeping practices which justify periodic rate increases for subscribers.

Citing documented sources from within the telephone company, author Bryan Sloan answers some often-asked questions about Ma Bell. "Why do telephone rates keep going up?" "How are periodic rate increases justified?" "Does Bell really keep two sets of books?" "Are we paying more for phone service than it's worth?"

To support his study of Bell's "unique" accounting system, Sloan offers detailed tables, itemizing information on AT&T subsidiaries, profit patterns, growth rates, stockholder return, investment and expenditure records, and others.

Bell Is Phony makes an interesting supplement to daily news reports from the Public Utilities Commission hearings in Austin. The hearings are currently in the first of two phases. Arguments are being heard from Southwestern Bell in defense of its multimillion dollar rate increase request, as well as from consumer groups which oppose the measure. Cases will also be presented by the Texas Municipal League, the state Attorney General's office, and the federal government.

At the end of these initial hearings, phone company revenue requirements will be determined and statewide allocations set.

Author Sloan predicts that evidence unearthed during these initial hearings will require all the major parties in the case to restructure their arguments significantly as the hearings progress. By the time allocations are set, Sloan says, there may be some surprising changes made in the original request.

During the second phase of the hearings, cities in ten "rate-bands" will present

arguments concerning rate-setting in their own particular areas. Commissioners hope to have a final decision made by January 4.

The new rates would go into effect during the first week in February, unless Bell is allowed to post a bond. In that case, the rates as requested would go into effect immediately, retroactive to October 7. If the final rate increase is less than Bell's original request, the difference would be reimbursed to subscribers.

Bell Is Phony, is available from your bookseller or by mail from Oasis Press, Box 1825, Austin. Cost of the book is \$3.95, plus 50 cents postage and handling. Texas residents should add 5% sales tax.

Make The Most Of Coffee

With coffee prices continuing to rise, consumers want to be sure they're using and storing coffee to the best advantage, Mrs. Sally Coble, a foods and nutrition specialist, says.

"Economically-minded coffee drinkers brew only the amount of coffee they will drink right away. This is because coffee is at its peak of flavor immediately after brewing. If it must stand before serving, hold below boiling temperature, because boiling ruins coffee flavor. Never reheat brewed coffee—this breaks down coffee components and gives the coffee an 'off' taste, she said.

"Remember to use the right amount of grounds for the desired strength of coffee. Bitter coffee will result when brewed coffee is repoured back through spent grounds," she noted.

Coffee grounds are difficult to keep. The oils and other constituents which provide coffee's tempting flavor and aroma are easily lost, especially if coffee is exposed to air for any length of time, she said.

"Once a coffee can is opened, it should be kept tightly covered in the refrigerator to maintain best quality. Also, buy amounts that can be used within a fairly short period of time. For top quality, store no longer than two weeks, but coffee will be satisfactory for up to six months," she advised.

New! Men's gifts at BROWN FURN. CO.

Sgt. Kerby Honored By President

Sgt. Reginald L. Kerby, an administration specialist at the 67th Supply Squadron U.S. Air Force, and son of Mr. and Mrs. Herbert Kerby of Ozona, received a high honor for a suggestion he submitted and had approved. His suggestion, on deleting the Base Operations duty driving, which annually saves the government \$10,080, not only provided him with a \$555 cash award but, also a personal letter from President Gerald R. Ford commending him for his efforts to reduce the cost of government.

Sgt. Kerby, a graduate of Ozona High School, is stationed at Bergstrom AFB. He is married to the former Kip Sharp of Ozona, daughter of Mr. and Mrs. E.F. Sharp.

30-30 Rifle Cartridges Recalled

Minneapolis, Mn - Federal Cartridge is recalling certain 30-30 rifle cartridges and empty unprimed 30-30 cartridge cases which have a structural weakness making them potentially dangerous to shoot.

The recall is for 30-30 ammunition or empty 30-30 cases with lot codes ending in -5289 through -6285. Lot codes are stamped on the back of each box. Boxes may have the brand names of Federal, Revelation, Wards, or Hiawatha.

Shooters who have this ammunition should call 800-328-7525 (in Minnesota call collect to 612-333-8255) or write Customer Service, Federal Cartridge, Anoka, Minnesota 55303 for proper disposition and refund information.

The case heads of a small number of these cartridges may separate on firing, resulting in a jammed rifle and possible injury from escaping gas. Although no serious injury has been reported, they should not be used.

Only a fraction of one percent of the several million cartridges and unprimed cases produced are suspect.

Cool Weather Due To Slow Screwworm

According to a report released from Mission, Crockett County has had 475 screwworm cases January through October, 1976. There were 174 alone in October.

Maggots collected from wounds in 27,082 animals in 194 Texas counties this year have proven to be screwworm.

This report comes from Dr. M.E. (Cotton) Meadows, Jr., of the U.S. Department of Agriculture (USDA) Screwworm Eradication Program.

Noting 7,104 of these samples were identified during October, the screwworm fighter says he expects cooling fall and winter weather to slow the problem. In only three of the past 14 years have November cases outnumbered those identified in October.

Screwworms are flesh eating larvae of the screwworm fly. Adult females of this species mate only once in their lifetimes. The Screwworm Eradication Program, operated for USDA by the Animal and Plant Health Inspection Service (APHIS), is based on this fact.

Sterile flies, produced in the APHIS insectary, are released to mate with wild flies. Eggs produced as the result of a sterile to fertile mating will not hatch, ending the life cycle.

Starting the second week of November, Program officials intend to concentrate all sterile flies produced at the Mission plant in the overwintering areas of South Texas. Cool winter weather is expected to eliminate screwworm populations farther north.

At the same time, sterile flies produced by the Mexico-U.S. Screwworm Program, will be released in Mexico just south of the Rio Grande. It is hoped this two-pronged attack, coupled with strong preventative efforts by livestock owners, can bring about complete eradication of the parasite in Texas.

Gifts, Gifts and more Gifts arriving daily at BROWN FURN. CO.

Water that has been boiled before cooling will freeze faster, because the boiling drives out some air bubbles.

Olson Cited By Highway Department

Ozona resident George D. Olson has received a 25 year Certificate of Service and lapel emblem from the State Department of Highways and Public Transportation. George began his career in Stamford, Texas in 1951 as a rodam on the survey crew of Resident Engineer B.C. Rogers. After going to work for the Department, George took an International Correspondence School course in Highway Engineering. He was promoted to Senior Inspector of construction projects for Mr. Rogers in 1956.

The planned construction of Interstate Highway 10 through Crockett County in the 1960's increased the need for an engineer's office in that area. When that office was created, George came to Ozona on the staff of Supervising Resident Engineer William F. Dixon. Since then, he has worked on plans and construction estimates for a number of Interstate 10 projects. He received promotion to his present classification of Engineering Technician in 1966.

George and his wife, Ruby, have two sons, Gerald of Ozona and Donald, presently attending Texas Tech in Lubbock. Donald has two children, a boy and a girl. The Olsons are active members of the Lutheran Church. George likes to fish, garden, and do wood and metal work.

District Engineer D.R. Watson of San Angelo congratulated George upon his length of service and wished him "many more happy and productive years."

Bond Sales Reach 38% Of Goal

August sales of Series E and H United States Savings Bonds in Crockett county were reported today by County Bond Chairman Lowell Littleton. Sales for the eighth-month period totaled \$11,310 for 38% of the 1976 sales goal of \$30,000.

Texas sales during the month amounted to \$26,412,532, while sales for the first eight months of 1976 totaled \$188,888,470 with 69% of the yearly sales goal of \$272.4 million achieved.

KK-

[Cont'd from Pg. 1]

Everybody is excited about the current Ozona Lions Football team, and we can expect an over-flow crowd in Ozona Friday night for the big shoot-out with Sonora. This is the first time in Ozona High-School history, as far as we have been able to determine, that the Lions have gone all season undefeated up to the last game that is. It is also the first time, in the years I have been here, that the Lions have shut out so many teams. Sonora will be scrappy and it won't be the first time they've arrived in Ozona with "upset" on their minds. Hopefully, the Lions' amazing defense will hold the Broncos to zip, while the offense piles up an impressive win. Let's all be on hand to cheer the district champs.

Time to Plant Spring Bulbs

Just because winter is closing in doesn't mean it's time to stop planning or planting your garden, says the Texas Agricultural Extension Service.

Now is the time to plant the sleeping beauties of the garden -- spring flowering bulbs. These include tulips, hyacinths, daffodils and crocus, and October through early November is an excellent time to make your purchases.

Most failures with bulbs are due to holding them too long so that they become desiccated, or planting them so late in the season that there is insufficient time for the roots to grow before freezing temperatures arrives.

Plant daffodils and crocus as soon as possible after purchase. However, tulips and hyacinths require a little extra preparation. They require pre-cooling before planting, and gardeners can do this by chilling the bulbs in the refrigerator until mid-December.

When planting spring flowering bulbs, place them in a well-drained, raised bed in full sunlight. Till the soil well and add two pounds of a complete fertilizer for every 100 square feet of bed area.

Plant the bulbs so the base of the bulb is at a depth that is three times the diam-

eter of the bulb. Plant bulbs slightly deeper in sandy soils. Firm the soil around the bulbs to prevent air pockets and then soak the ground immediately to assure settling.

To array your garden with a spectacle of color, mass one variety and color together, planting each bulb three or four inches apart.

Indian Wells Purchases Kathol Shares

Kathol Petroleum, Inc., a Kansas based company engaged in oil and gas exploration and gas processing, announced today that more than 90% of its shares had now been purchased by Indian Wells Oil Company in connection with the outstanding tender offer of Indian Wells, and that, according to information furnished by Indian Wells, payment for such shares had been made to the bank depository and would shortly be distributed to the former Kathol stockholders. Management also announced that a new Kathol board of directors comprised of Indian Well's representatives, including James E. Ferrell, John Heim, Richard E. Karkow, and B.F. Brim, had been named and that James E. Ferrell was elected as Kathol's president and that George J. McLernon will continue on in the capacity of director of operations.

Sales Tax Rep. To Visit Ozona

Comptroller Bob Bullock announced that a representative from his San Angelo office will be in Ozona Tuesday, November 16, 1976, to answer questions from taxpayers and provide assistance in filing tax returns.

Bullock said Enforcement Officer Eugene Honea will be at the Library Room in the County Courthouse from 1:00 p.m. to 2:30 p.m.

"I hope local merchants will take this opportunity to get any questions they have about the sales or franchise taxes answered," said Bullock. "A little straight information can save us both headaches."
