

County Wheat Farmers Approve Acreage Limit

Only about one-fifth of Castro County's eligible wheat farmers voted to voice their opinion on the wheat market quota measure, but 93.3 per cent of those casting their ballots said yes.

The vote was 334 for and 23 against. 3 votes were challenged, making a total of 360 ballots.

Despite the small number of the turn-out, it was actually better than has been shown in farm measure referendums up to this time.

Nation-wide, in 36 major wheat-producing states where the Department of Agriculture conducted the referendum were 254,197 for marketing quotas and 73,852 against.

In a similar election a year ago, farmers voted 208,623 for and 76,023 against quotas for the 1955 crop, a 73.3 majority. This year's election gave a slightly higher 77.5 per cent approval of the more stringent controls. Castro County led the national average in the approval by 15.8 per cent.

Governmental and other farm leaders had expected a much tighter contest, with a chance that controls would fail to win the necessary two-thirds majority. Doubt as to the outcome had developed in the face of official suggestions that the government would offer a new wheat aid program if quotas were rejected. One big purpose of the measure will be to help lower some of the tremendous wheat surpluses in government granaries.

Under the approved program, the government will apportion 55 million acres among individual farms for production of wheat. On the county level, 109,416 acres have been allowed Castro county, a 7,479-acre decrease over last year.

In approving the measure, the nation's farmers agreed to accept about 76 per cent of parity as the government-guaranteed price for wheat. In Castro County, this amounts to \$1.81 per bushel with parity at \$2.36. Any farmer who produces wheat on more acres than his allotment calls for will have to pay the government a penalty of about \$1.13 per excess bushel. This means that if he sells his excess at parity, he will receive only 55 per cent of the wheat's full value, or \$1.23 per bushel after paying the government. Parity is a standard for measuring the value of farm commodities in relation to the cost of production.

"Approval of the market quota measure will undoubtedly result in substantially smaller 1956 wheat production than would otherwise be the case, but the problem of accumulated wheat stocks remains an extremely serious one," said Secretary of Agriculture Benson.

In Washington, Senators from the nation's grain belt reportedly have been urging high wheat support, up to 90 per cent of parity if possible. Aiding in their fight was the National Farmers Union, well-known for its firm approval of Democratic party farm policies and a Benson foe.

A bill to restore 90 per cent support has been passed by the House of Representatives, but it faces a presidential veto and it is doubtful if Congress would choose to override it.

Agents Study Farm and Home Improvement

Bradley Farm Move Cited As Example In Dimmitt Meet

Texas A & M extension personnel from over the High Plains area met Friday to study a relatively new Farm and Home Development Program.

The program, begun two years ago, is still in its early stages. At the meeting, reports were heard from the county Agents and Home Demonstration Agents on their work in the series.

Studied particularly at this meeting was the Jack Bradley farm. The Bradley family is moving all its buildings, machinery, and miscellaneous items from the center of the South side of the farm to the Northwest corner. It is expected the farm will be as ideal as conditions will permit. Later, the extension service hopes to have enough information from farms such as this one to be able to advise farmers planning modernization programs.

Attending the meeting were County Agents Gene Southall, Amarillo; John Brazzil, Canyon; C. G. Franks, Oldham County; Hugh Clearman, Hereford; Joe Jones, Parmer County. Home Demonstration agents were Mrs. Paulene Lokey, Amarillo; Mrs. Mona Hildreth, Canyon; Mrs. Arvin Draper and Mrs. Loyce Sullivan, Hereford; and Miss Corinne Stinson, Parmer County.

District Agents Mr. Knox Parr and Miss Doris Leggett and the Farm and Home Development Team from College Station, Mrs. Elsie Short and T. H. Bates also attended.

Mrs. Jane Bailes Is Appointed To Baylor Post

Receives Job As New Assistant Dean of Women

Mrs. Jane K. Bailes of Dimmitt, a graduate of Baylor and Columbia Universities has been named assistant dean of women at Baylor University.

Her appointment is announced by Dr. Gladys Hicks, dean of women, who referred to Mrs. Bailes, formerly Jane Kirkpatrick, as "one of the finest members of Baylor's centennial class of 1945," valued for personality and specialized training in guidance and counseling.

The daughter of Mr. and Mrs. W. E. Kirkpatrick of Dimmitt, Mrs. Bailes was married the same year of her graduation from Baylor to Joe Bailes, a Marine Corps pilot who returned to Baylor to complete his degree in business administration. He was recalled into active service during the Korean conflict and was killed in action while serving as a Marine Corps captain in 1953.

While a student at Baylor, Mrs. Bailes was elected to Who's Who in American Colleges and Universities and was chosen from the campus Most Representative Woman in 1945.

At Columbia University in New York where she took her master's degree in 1954-55, Mrs. Bailes was a Departmental Affairs board member, served on the Student Personnel Administration Council and was secretary of Whittier Hall Residence Council. She also served as a volunteer worker for the United Nations.

She is a member of Pi Lambda Theta, Psi Chi, Phi Gamma Nu, Alpha Omega and the National Association of Women.

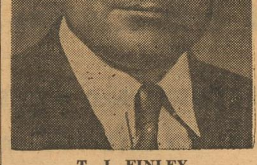

MYSTERY FARM NO. 23—Can you identify this farm? If you can, it may be worth a year's free subscription to the Castro County News. If you think you know the owner's name and the approximate location of the farm, call 88 and give the information and your name. At the end of the week the names of the people who call in will be put in a box and one, the winner, will be drawn out.

Last week's winner was Mrs. Clyde Darron, Route 4, Dimmitt. It was the Paul Chance Place on the farm to market road between Earth and Dimmitt near the Southedge Community. The irrigated farm for the past six years has been owned and operated by Mr. and Mrs. Paul Chance. The Mystery Farm Series appears through the courtesy of Blanton Butane, Inc.

Church of Christ Minister Resigns Goes to Orange

Quova Nell Towry Goes to Hospital

T. J. Finley this week resigned as minister of the Dimmitt Church of Christ to accept a position in Orange, Texas.

"It is with much regret," he said, "that I leave the fine people of Dimmitt and the people of the High Plains Area where I have worked with four congregations. But I look forward to my new assignment since it offers a great challenge and offers fine opportunity for growth."

Mr. Finley was for two years the local Church of Christ minister. "During this time," he said, "our church membership has grown from 235 to 325." Also during this period the Church completed its new auditorium and is now in the process of constructing a new educational unit.

"Speaking for myself and my family," Mr. Finley said, "I would like to express our sincere appreciation for the fine way the people of the entire community have treated us since our arrival. We would be happy for anyone in Dimmitt to visit with us if they ever pass through Orange."

Earl Greathouse Separated From Navy

Mr. and Mrs. Earl Greathouse and daughter, Carrie, are expected in Dimmitt this week-end for a visit with her parents, Mr. and Mrs. Elmer Youts and his sister Mrs. Liburn Arnold.

Mr. Greathouse was discharged from the Navy Thursday in Seattle. He had spent four years in the service, 9 months of which was in the Indo-China-Korea Theatre.

After a week's visit with relatives in Dimmitt, Mr. and Mrs. Greathouse will go to Austin where he will attend the University of Texas in pursuance of his master's degree.

Four Students From Dimmitt and Hart Attend McMurry Methodist Meet

ABLENE, (Spl.)—Four students from Dimmitt and Hart are among the 400 young people attending the 39th annual Methodist Youth Fellowship assembly of the Northwest Texas Conference here June 27-July 2 at McMurry College.

They are Hazel Rogers and Judith Dyer of Dimmitt; and Nancy Murray and Joy Ruth Bowden of Hart.

Miss Rogers, daughter of Mr. and Mrs. R. D. Rogers, is a sophomore at Dimmitt High School. She is a member of FHA, and serves as pianist for the DHS chorus. A member of the Dimmitt Methodist Church, Miss Rogers is publicity chairman of MYF, and secretary of her Sunday school class.

Miss Dyer, daughter of Mr. and Mrs. P. W. Dyer of Dimmitt, is a sophomore in high school. She is a member of FHA and the chorus.

Miss Murray, a junior at Hart High School, is the daughter of Mr. and Mrs. J. D. Murray. She is a member of FHA, girls' basketball team, Choral Club, and was elected Halloween Princess. At the Hart Methodist Church, she is a member of the choir and vice-president of the MYF.

Miss Bowden, daughter of Mr. and Mrs. E. H. Bowden, is a junior at Hart High School. She is a member of the choir and vice-president of the MYF. In high school, she is in FHA, Choral Club, girls' basketball team, 4-H Club, Who's Who, and also participates in volleyball and baseball.

Main speaker for the youth conference is the Rev. Howard Ellis, director of youth evangelism for the Methodist Church. He is preaching each day on the assembly theme, "To Do What Thou Wouldest Do."

Students at the assembly are housed in McMurry College dormitories and are taking their meals at the college dining hall.

4-H Trip to Plant X Tops Electrical Study

A July 9th trip to Southwestern Public Service's Plant X near Earth will highlight an electrical training program for Castro County 4-H boys.

Purpose of the program is "to teach 4-H boys to carry out simple electrical projects and the fundamentals of maintenance and safety."

The ninth and final meeting of the group will be July 15th when the boys turn in their project books to group leaders Hank Grindstaff and Earl Brock, both of Southwestern Public Service in Dimmitt. The meetings have been held both at Nazareth and at Dimmitt.

First and second prizes in the junior and senior 4-H divisions will be awarded to the best record books for the Electrical Workshop series. Other appropriate awards will be made to all participating boys.

Palmetto Polo Gets Off To Galloping Start As Dimmitt Takes All Comers at Rodeo Arena

There's a new game getting a toe-hold in the Dimmitt sports world this summer—it's called Palmetto Polo.

Palmetto Polo is not played like the ordinary variety that's going strong back East and in Argentina—but it's still played with horses and it's a good game. It's a good enough game to coral enthusiastic following of participants and fans in Castro County. As to a brief description of the game, it's played on a court 100x 40 feet. The field is marked off in five equal sections of 20 feet each. One player from each team is stationed in each section. No player can get out of his section. Play starts in the center section of the field like a baseball toss-up.

The ball used is similar to a beach ball and the players use chunks of sponge rubber on the end used to hit the ball. As the ball enters a player's section, he and the opposing team members fight over it until one player knocks the ball into another section nearer his goal. Goals are on each end of the field and the ball has to go through the center of the goal for a score to be made.

If both horses and players are in good practice and top condition, Palmetto Polo is a fast, tight, and exciting game.

Each quarter is called a chucker. Four 15-minute chuckers, with a five-minute rest between the first and last two chuckers and a ten minute halftime period, compose a game. Rules of the game, according to local officials, are similar to those of soccer or girls' basketball.

District rules on game admission charges are due to be set

this week, but so far practice games have been free to spectators.

Of five practice games with teams from Slaton, Plainview, Abertown, Hereford and Dalhart, the Dimmitt team has won 2 and lost 3. The local team has been practicing for about nine weeks. Most of the games are scheduled to be played either Saturday night or Sunday afternoon, on a home and home basis. According to present plans the conference games will be played at the Dimmitt Rodeo Arena between the Tulsa and Plainview highways.

The first conference game was against Hereford here Saturday night at the Rodeo grounds. Dimmitt dropped the game to Hereford, 11 to 7. Following the game, Cashway Food Store treated both teams to refreshments. The next conference game is scheduled sticks with big pear-shaped

of people interested in the game got together and set up a formal Palmetto Polo organization for Billy and Ronald Henderson, Merton Powell, Billy Brooks, Jodie Weatherford, Mrs. J. A. Wise, G. L. Willis and Ed Wilson. Some of the players use their own horses, while J. A. Wise furnishes the rest. Anyone wanting to join the organization are urged to contact any member of the team.

The following is a list of the conference games:

Hereford* June 25
Amarillo July 2
Cactus July 9
Dalhart* July 16
Fritch July 23
Hereford July 30
Amarillo* August 6
Cactus* August 13
Dalhart August 20

1955 Farm Tour to Colorado Scheduled July 24 Thru 29

Fort Worth and Denver Railways this week announced its annual Farm and Ranch Workshop Tour would begin Sunday, July 24th and extend through Colorado to Cheyenne, Wyoming for six days.

The tour is a public service to Texas farmers by the railway connecting Dimmitt and Hart to Plainview.

Each year the Fort Worth and Denver system conducts the tour to acquaint Texas farmers with the practices of top farms through Colorado. People making the trip are only required to pay \$94.39 for chair coach train accommodations plus the cost of one meal for the six day trip.

Topping the entertainment program for the trip will be the Frontier Day Rodeo in Cheyenne the afternoon of Wednesday, July 27th. Most of the time will be spent observing irrigation projects, soil erosion controls, fertilizer practices, and planting and growing methods. The trip will also include a stopover at the famous Monfort Feedlots at Greeley, Colo., and other cattle enterprises.

People of Dimmitt and Castro County making the trip in former years have reported it was time well spent.

A reservation fee of \$10 can be made to Mr. T. A. Singer, Castro County Tour Chairman of the West Texas Telephone Company, or County Agent Marvin Simms at the County Court House. Full particulars of the trip can also be explained by these two men.

A ten-dollar deposit as soon as possible is required so Fort Worth and Denver can make room reservations. Since only 150 persons can be accommodated from all over the state, the railway agricultural officials said the reservations should be made quickly. Reservations will be made on a first come, first served basis.

Tentative plans call for the Castro County entourage to leave Dimmitt about 6 p. m. on Sunday, July 24th to arrive in Amarillo in time to catch the 9 o'clock train out of Amarillo.

Growers Urged To Dispose of 'Excess Cotton'

Twenty Days Given To Make Disposal After Formal Notice

Any farmer in Castro County whose cotton acreage is in excess of his farm's allotment is reminded that he must dispose of the excess acreage within 20 days after the date of the County Committee's notice of such excess acreage. According to Doyle Thomas, Secretary of the County Agricultural Stabilization and Conservation Committee, the majority of these cases involve small acreages.

If it is not possible to dispose of the excess cotton acreage within the time limit because of circumstances beyond the farmer's control, it is suggested that he immediately get in touch with the County ASC Office. In such cases the County Committee may allow an individual period of not more than 10 days for disposing of the excess acreage. The cost of rechecking any acreage disposed of must be paid by the producer.

If the planted cotton acreage is not adjusted to the farm allotment, the "excess" cotton will be subject to a penalty, which must be paid even though no cotton is marketed from the farm. Mr. Thomas further explains. The rate of the penalty will be 50 percent of the parity price as of June 15, 1955. Until the parity is paid, the entire crop of cotton produced on the farm will be subject to a lien in favor of the United States.

Farmers who are knowingly overplanted and who do not adjust their cotton acreage likewise are ineligible for price support on the 1955-crop cotton produced on the farm.

Cotton growers who believe that their cotton acreage measurement was incorrect may obtain a measurement by depositing with the ASC County Office an amount equal to the cost of the re-measurement. The deposit will be refunded if it is found that the acreage to cotton is not in excess of the allotment.

4-H Fire Program Begins July 15th

The 4-H Safety and Fire Program, sponsored by the Dimmitt Fire Department, fuel dealers and the county agent, will get under way July 15, which is the final date for filling out entry forms and turning them in to the County Agent.

The program will stress eradication of hazards as a means of fire prevention. County 4-Hers will vie with each other in hazards reported and corrected, a record of their work consisting of before and after pictures, news clippings, and records of devices installed and number of hours spent in the program.

Also they will be graded 20 per cent on their respective efforts for prevention and correction. Safety devices procured and installed and a demonstration of attendance and operation will count 10 per cent each.

Commercial firms sponsoring the program are Dimmitt Cann-sumers, Joe Benson, Concho Wholesale, Kirkpatrick Sales Co., R. C. Lay, and Buddy Birdwell.

Sheriff's Posse Rides in Lamesa Rodeo Program

The Castro County Sheriff's Posse last Thursday was a guest in Lamesa of the Dawson County Sheriff's Posse.

The local organization participated in the Dawson County Rodeo Parade and were treated to a western-type supper. After the meal they rode in the Grand Entry of the rodeo and later attended the bull-dogging, bronc-riding and calf-roping program.

There were thirteen riders making the trip. On July 7th the Castro County Sheriff's Posse will journey to Mangum, Oklahoma.

Baptist Camp Slated July 4th

The Baptist General Camp will meet Monday, July 4th at the Plains Baptist Assembly near Floydada. A large entourage from the Dimmitt Baptist Church is expected to attend.

Starting at 10 a. m., the program will last until the closing message at 9 a. m. and will be planned for the entire family.

Dr. Levi Price, pastor of the First Baptist Church in Monahans, will do the preaching.

A special event is slated for 8 p. m. when dedication services will be held for a building to be presented to the Plains Baptist Assembly by Mr. Jim Willson of Floydada. Mr. E. D. Morgan, Camp manager, will accept the building.

The dedicatory message will be given by Dr. Earl Allen of Floydada.

The YVA Camp will continue through Tuesday and Wednesday of next week.

Mr. and Mrs. C. J. Mapes In Automobile Accident

Mr. and Mrs. C. J. Mapes went to Las Vegas, N. M., for a last week-end visit in the home of their son, Bob Mapes, and family. They had the misfortune of being in a car collision at Dalhart on their return home. Mrs. Mapes was only slightly injured in the accident while Mr. Mapes escaped injury. The car was damaged considerably.

Dimmitt Golfers In Tourney July 3-4

All local golfers are invited to participate in a 4th of July weekend tournament for Dimmitt golfers on the Hereford course Sunday and Monday.

Entry deadline is 6 p. m. Saturday at the Hereford course office and the fee will be two dollars. Each game will be for 18 holes for the club team matches. The four persons in each four-some will be designated as player A, B, C, D or Lady Player.

The Hereford course officials said one point will be counted for each bogey on each hole, two points for each par, 3 points for each birdie, 4 points for each eagle, and 10 points for any hole-in-one that may be made.

Merchandise prizes will be awarded the winners.

We would like to make the statement that there was an error in last week's Castro County News when the story was carried that the County's first plastic irrigation pipe had been laid on the H. C. Baird farm. Fred Hamm who lives in the extreme southern edge of Castro county and 3 miles south of Hart, installed 2703 ft. of 8 inch plastic pipe about March 15th of this year. This pipe was laid to bring some terraced land under irrigation.

Wheat and truck crops are irrigated. Mr. Hamm reports that his wheat was hailed on twice afterward yielding 20 bushels per acre. He also finds the plastic pipe is giving good service.

50 inches of rain fell in Hart on Monday night, June 27th.

22nd MYSTERY FARM IDENTIFIED

The twenty-second mystery farm as published in the News has been correctly identified by Mrs. Clyde Damron, of Route 4, Dimmitt. It is the Paul Chance Place on the farm to market road between Earth and Dimmitt near the southern county line.

The farm is owned and operated by Mr. and Mrs. Paul Chance. They bought the place ten years ago and for the past six years it has been irrigated.

The farm was formerly part of the Halsell Ranch which had headquarters in Lamb County. The Chances have three children, Patsy, 14; Julia, 10; and Steve, 4. Paul and Dorothy

Chance belong to both the Southedge and Big Square Community Clubs.

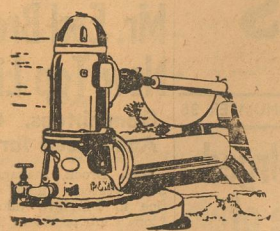

In the lower right of the picture is a brand-new house just completed by the Chance family. It has six rooms and was nearing completion when the photo was taken.

Cattle and sheep compose the bulk of livestock on the Chance farm. They concentrate on row crops with 283 acres in cultivation and this year plan to raise 55 acres of cotton.

Mrs. Chance reported remembering the day the photo plane flew over their farm since it caused considerable consternation among her turkeys. She is shown standing outside their original home.

Funeral Services In Madisonville For T. W. Malone

Funeral services for T. W. Malone of Alamo, Texas were held at Madisonville, Texas June 7. Mr. Malone died in the home of a son in Odessa June 4th. Burial was at Midway, Texas Cemetery. The Malones will be remembered by friends in Dimmitt as operators of a Dry Goods and Grocery Store where Manning's Department Store now stands. They sold their store and moved to a farm east of Dimmitt about 1930. In 1934 the Malones moved to the Rio Grande Valley and have been engaged in farming most of the time. Mr. Malone is survived by his wife, Fannie, who will make her home in Odessa; two sons, Don, of Odessa; Ollie of Lufkin, and five grandchildren. Mrs. Margaret Boren is home from a fishing trip in Colorado. She reports catching one trout.

Miss Marilyn Dickey to Wed Tommy Beam in July 3 Ceremony

The engagement of Miss Marilyn Dickey of Wellington, the daughter of Mr. and Mrs. Floyd Dickey of Dimmitt, and Tommy Beam, son of Cameron Beam of Wellington, has been announced. The approaching marriage was revealed recently when Mrs. Dickey entertained in the home of her mother, Mrs. Joe Thompson of Wellington. The guests were received by Mrs. Thompson and presented by Mrs. Dickey, Miss Dickey, and Mrs. Innes McCrary and Mrs. Tommy McCrary of Vernon, aunts of the groom-to-be. Miss Mary Ann Hunter registered the guests. The refreshment table was covered with a white Madiera cut-work cloth and centered with a heart covered with pink carnations. It rested in a bed of carnations and lilies, surrounded by pink maline and tied with pink satin ribbon. A tiny bride and groom stood just in front of the floral piece. Table appointments were of silver and crystal. Miss Nancy Elliott was at the punch service and Miss Effie Spear served the individual cakes. As she was served, each guest was handed a tiny parchment scroll held in a miniature wedding ring, in which was tied a dainty spray of lilies of the valley. These scrolls revealed the engagement and wedding date, July 3. Other members of the house party were Mrs. Emory Hunter, Mrs. F. R. Hitchcock of Amarillo, both aunts of the bride-to-be, and Miss Sandra McCrary and Mrs. Clarence Bearder visited relatives at Hollis, Okla. last week.

4-H Club Rank Comes By Work

The best 4-Hers of the Nation are not chosen by ballot, but earn their honors by merit and accomplishment. This deserved recognition goes to the top ranking of the Nation's 2,100,000 club members through three National 4-H Award programs, Achievement, Citizenship and Leadership. Each of the programs recognizes the different qualities by which people are judged and success is measured. In the Achievement program, boys and girls are honored for over-all accomplishments in projects and activities, based on long time records. Awards are provided on the county, state, sectional and national levels by the Ford Motor Company. Medals are available to four winners in each county. The winning boy and girl in the state receive a set of two miniature statues, and 24 sectional winners are given all-expense trips to the National 4-H Club Congress in Chicago, Nov. 27-Dec. 1. At the Congress, six boys and six girls will be presented \$300 scholarships as national winners. 4-H members who have developed and put into practice the qualities of a good leader are honored in the National Leadership program. The top-ranking boy and girl in each county are eligible to receive a medal of honor, and the two state winners are given 19-jewel watches. At the Club Congress, eight sectional winners will be guests of Edward Foss Wilson, donor of awards. Four national winners, two boys and two girls, will receive \$300 scholarships. The first place boy and girl will be selected and presented with silver trays at the Congress. The Citizenship program emphasizes those attitudes, qualities and acts which reflect a good citizen's concern for the welfare of family, community, state and nation. The boy and girl winning state honors will be presented a certificate of honor. The top boy and girl in the Nation receive expense-paid trips to the Club Congress, and \$300 scholarships

Put A Stop To The Thieves In Your Garden!
Each year insects rob you of many dollars. They kill your plants — they steal your food. It's just like money out of your pocket! Stop these thieves with Watkins Insect Dust. Hehe's a general all-purpose plant insecticide that kills most common garden and crop insects. It contains .75% Rotenone, one of the safest, yet most effective of the insecticides developed. Special ingredients help Watkins Insect Dust cling to the foliage.
Get protection against insects — get Watkins Insect Dust the next time I call.
Nationally Advertised in Successful Farming and Farm Journal.
We also have an insect dust which will help prevent tomato blight. Mail orders appreciated. A post card will do.

Who's showing its heels to the high-priced cars? The Motoramic Chevrolet! The other low-priced cars aren't even in the running!

GO ..and you're gone!

IT'S EXCITEMENT ON WHEELS!
The light turns green . . . you nudge the accelerator ever so gently . . . and you're gone! That's the way it is in the Motoramic Chevrolet. When your toe says "Let's go," a hoodful of high-compression horsepower explodes into action, sweeping you away from traffic tangles, making short work of steep hills, putting new fun in your driving life!

RECORD-SMASHING ACTION!
That's what you get with Chevrolet's new "Turbo-Fire V8"! In the recent NASCAR* stock car competition at Daytona Beach, Chevrolet showed its heels to all other low-priced cars. In the one-mile straightaway run, the first two cars—and six of the first ten—were Chevrolets! And in acceleration runs from a standing start against all comers, Chevrolet beat all low-priced cars—and every high-priced car except one! Chevrolet's two new "Blue-Flame" sixes have plenty of sizzle, too. In fact, they're the highest powered sixes in the low-price field!

TREAT YOURSELF TO ADVENTURE
Come in and drive the car that is making 1955 famous! That's the only way you'll discover all the exciting reasons why Chevrolet's stealing the thunder from the high-priced cars!

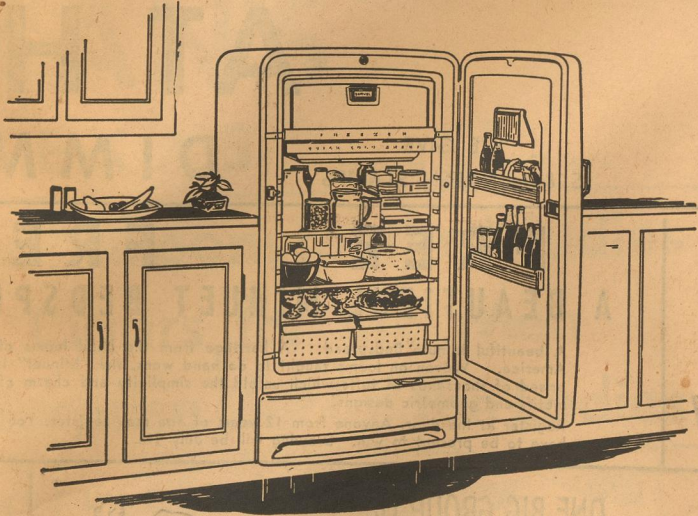

Combine your new Chevrolet purchase with your vacation plans!
Order a new Chevrolet through us, then pick it up at the plant in Flint, Michigan, see Chevrolets built, if you like, and drive yours home. Chances are, you'll save a substantial share of your vacation travel costs!

THE Bel Air Sport Coupe. You'll find your favorite model among Chevrolet's complete line of Fisher Body beauties.

Texas Viewpoint In Washington

By PRICE DANIEL
U. S. Senator

The pending resignation of Robert B. Anderson from his post as Deputy Secretary of Defense was a shock and surprise to most of us here in Washington. Bob Anderson has distinguished himself as one of the most able men of this Administration. He first served as Secretary of the Navy and was later promoted to the position he will now leave. The amount of work and knowledge necessary to hold down these responsible positions is apparent from the fact that the biggest part of our tax dollar goes to the defense establishment. Anderson's resignation is a great loss to both the Administration and the country.

These views are shared by Democrats and Republicans alike. President Eisenhower once said to me that he considered Bob Anderson one of his best appointments, and it was generally believed that Anderson would be promoted to the post of Secretary of Defense in due time. Even before this is printed, some of the reasons for this resignation may be known to the public. Whatever they are, his shoes will be hard to fill.

Senate Majority Leader Senator Lyndon B. Johnson is receiving praise throughout the country for his excellent job as majority leader of the Senate. Newspapers, magazines, columnists and commentators agree that he is having greater success than any other majority leader in modern times. Whether they agree with him or not on the various issues presented, most members of the Senate also pay tribute to his ability to get the work done. Mention has been made of one day when the Senate passed 90 bills, confirmed an Ambassador and a Federal Trade Commissioner, and then recessed because it was temporarily out of pending business.

For the first time in many years, the Senate is ahead of the House in its legislative program. Usually the House is ready to adjourn far ahead of the Senate. It is pretty certain that Speaker Sam Rayburn is not going to be outdone. He will see

that the House catches up on its work before August 1. That is the date the leaders predict Congress will adjourn.

Atoms for Peace Conference
In Geneva, Switzerland, August 10-20, there will be a world-wide conference on peaceful uses of atomic energy. As a member of the Senate Interstate and Foreign Commerce Committee, I have been invited to attend this conference and am now making plans to do so. In the future it is anticipated that we will be dealing more and more with nuclear energy as a source of power. The major nations of the world, including Russia, will present in Geneva exhibits and reports showing the latest information on possible uses of atomic energy for constructive rather than destructive uses.

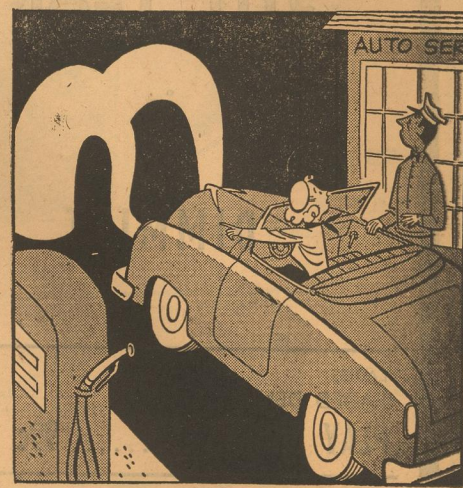

Originally devised as a destructive weapon, atomic energy may yet play a most important role in bringing about peaceful relations among the nations of the world. The time has about arrived when military men of all countries realize that atomic warfare could mean destruction of civilization. There are so many atomic bombs available on both sides of the world-wide conflict that all may be forced to the conclusion that war cannot be used as a method of settling differences in the future. Cooperation toward peaceful uses of atomic energy may help in preventing its destructive uses.

Battles of Peace
Even if we are able to prevent fighting wars in the future, there will be victories to be won in peaceful pursuits. The Communists will continue their propaganda of political and social revolution. It will be up to us who believe in Christianity and

Democracy to reach the minds, hearts and souls of men and women and boys and girls throughout the world. We have principles, ideals, and ideas which are far more appealing than ath-

eistic Communism. The only trouble is that we are not doing as much as the Communists toward selling our principles and philosophy to people of other nations. If they knew more about us, they would understand us and know that our way of life with all of its moral and spiritual ideals is far better than the materialistic preachments of the Communists.

It's the new kind of hardtop—The 4-Door Riviera!

You drop the side windows down on this airy beauty of a Buick with the solid steel roof—and it's as wide open as a Convertible, with no center posts to mar your view. That's what makes it a hardtop.

But what makes it a very special kind of hardtop is the fact that it has *four* doors instead of two.

Cheers? Brother! — they're really rolling out for Buick's 4-Door Riviera!

Now, you see, you can have the tremendously popular styling of a *true* hardtop combined with the room, comfort and full convenience of a 4-door Sedan.

And it took a completely new kind of body design to come up with this marvel—a new kind of body built to wholly new structural principles.

So it looks like Buick's done it again —

because the 4-Door Riviera is a sweeping sensation across the nation.

It's rolling off the assembly lines in volume numbers to meet the demand — in the high-powered CENTURY Series, and in the bedrock-priced SPECIAL Series, illustrated here.

And each one is all Buick—with record-high V8 power, the level steadiness of all-coil-springing, the extra roominess of a full-size Buick Sedan—and, most certainly, with the instantaneous getaway response and bettered gas mileage of Buick's spectacular new Variable Pitch Dynaflo.*

Come in for a look at the brand-new kind of hardtop—the 4-Door Riviera. You'll find it priced at the modest extra cost of a 4-door model over a 2-door model—and a buy too thrilling to pass up.

*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

Meeting At The "Summit"
The thinking as to the advisability of the proposed "summit" meeting is decidedly divided. The thinking as to the results that will flow from such meeting is decidedly divided. In other words, there are two distinct schools of thought. One is that communists cannot be trusted and that it would be simple folly to enter into negotiations with such a group. These people argue that experience shows that in past meetings with communists, the entire game was fixed in advance. That is the communists had no qualms or quibbles about the promises they made because they didn't intend to keep them anyway. Their purpose was to drive as hard a bargain as possible, but to get their objectives regardless of price, also to gather together as much propaganda material as possible.

The second school of thought is subscribed to by people of this country who are just as patriotic as the first group, but who believe that the interest of peace would be best served if we give the communists an opportunity to meet at the conference table and to carefully and searchingly examine the entire world picture to the end that the peace objectives of all people may be obtained.

This second school of thought is very noble in purpose and exemplifies the thinking of Americans if they are dealing with each other or with other countries whose words and commitment can be honored.

Personally, I am inclined toward, and shall support, the first school of thought unless and un-

til I am firmly convinced that an international meeting at which Russia, or any other communist nation is a party, is governed and controlled by effective and enforceable rules of conduct and ethics—enforceable not only at the meeting itself, but to the conclusions arrived at in such meeting.

The Gas Bill

The fight on the gas bill continues at increased tempo. The very close vote (16 to 15) by which the bill cleared the committee seemed to give life to much of the opposition. Propaganda was immediately spread that the gas bill was dead for this session. Some of the staunchest supporters against federal control of gas were caught off base by this unfair propaganda and made public statements to the effect that the gas bill was in serious trouble. The truth is that the gas bill is not in any more trouble now than it was before. If there are any members of Congress for free enterprise and against federal bureaucracy as advertise themselves to be, the gas bill will pass by an overwhelming vote. There is no better time to bring this bill to the Floor than right now. The bill is in keeping with the recommendations of President Eisenhower's Advisory Council. This Council was appointed by the President to gather the facts and give him the truth about the whole problem. I feel sure that the President had confidence in these men or he would not have appointed them. Since he did appoint them and since they came forward with a recommendation, I think it behooves the President to come out specifically and publicly stand behind his own appointees. If he will do this, the bill abolishing federal bureaucratic control over the production and gathering of gas will be passed by the great majority that it deserves.

Whether it passes the Congress or not, it should be brought to the Floor of the House and the Floor of the Senate and voted on at the earliest possible moment. The entire record should be made available to all the people of this country concerning this legislation, and especially the misrepresentations that have been made to the consumer groups in the cities. No battle was ever won by retreating. The battle of the gas bill in this session of Congress is the best opportunity that has been presented in the last ten years to separate the sheep from the goats on the question of who is or who is not for centralized government and bureaucratic control. It is time to stand up and be counted, and we should not miss the opportunity or the occasion.

Building Americans

Last week on two occasions I attended gatherings at which there was a number of representatives of foreign governments. In fact, I shook hands with no less than 22 representatives of foreign governments scattered throughout the world. They were all wonderful people (none from communist satellite countries). Many of them from this hemisphere. Of course, I always get a thrill out of meeting a new person, and I was pleased to meet and shake hands with these people whom I had not had the pleasure of meeting before. However, the greatest thrill that I got last week was when I shook hands with a young farm boy from Wildorado, Texas. He was one of two boys from Texas who won a trip to Washington to attend the National 4-H Club Camp from June 15th to June 22nd. This is the highest honor that the National 4-H Club awards each year. His name is Roy Milhoan, and he is an American as a fishing pole and swimming hole. I don't know where you could find a better advertisement for the Panhandle of Texas than was Roy Milhoan during his stay

Obvious Risks Assumed By Spectators

The outlook wasn't very bright for the home team with the score tied; two opposing players on base and only one out. "Spec" Tator, a rabid fan, leaned forward or his seat in the left field bleachers. The pitcher got his signal, the ball sped toward the plate.

Then came two sharp cracks. The first was the bat on the ball. The second was the ball on Spec's head. Spec was seriously injured.

To recover damages for his injuries and medical bills, Spec filed suit against the baseball club. He charged it with negligence in failing to put a wire screen in front of the bleachers where he sat and in failing to warn him that batted balls might come into those bleachers and injure him.

But the court said, "No" to Spec. He had chosen to sit in the unscreened bleachers in preference to sitting behind a screen where the tickets cost more. Therefore, he had "assumed the risk" of being hit by a batted or thrown ball during the playing of the game. No recovery was allowed.

If such cases, the courts say that the spectator is an invitee to whom the invitor (the ball club) owes the duty to exercise ordinary care to render the premises reasonably safe for him.

"But," say the courts, "the invitor is not an insurer of the safety of the invitee; neither is the invitee protected against all hazard, nor relieved of all duty to himself for his own safety. And to the extent that the duty of self-protection rests upon the

invitee, the duty of the invitor to protect is reduced."

The same rules as to "assumption of risk" are applied to most places of amusement and amusement devices. A swimmer must anticipate that a diving board will be wet and slippery. A person who rides on an amusement device and sees flying sparks takes the chance that a flying spark may strike his eye.

And one who goes upon a revolving floor device for the purpose of being thrown from it, accepts the dangers inherent in the sport so far as they are obvious.

On the other hand, if the danger is not obvious, the operator of the device has a duty to warn the rider or spectator. It is the ordinary risk that is assumed, not the unusual. Where, for example, a device was operated on a particularly fast speed so that it jerked and jolted violently, a rider who was injured by these unusual conditions was permitted to recover.

A patron of a place of amusement is entitled to be protected from hidden dangers, but he cannot go into a place of danger which he appreciates and understands, and then recover damages if he is injured.

(This column, based on Texas law, is written to inform, not to advise. No person should ever apply or interpret any law with-

out the aid of an attorney who knows the facts, because the facts may change the application of the law.)

MRS. PHELAN REVIEWS BOOK AT SUNNYSIDE HD CLUB

Mrs. C. J. Johnson was hostess to the Sunnyside Home Demonstration Club Wednesday, June 15, at the Community Building. Mrs. Roy Phelan reviewed "Root Out of the Dry Ground," by Argye Briggs. A picnic was planned for the families of the club members for

Friday evening, July 8. Refreshments were served by the hostesses to these club members: Mrs. Robert Duke, Mrs. Roy Phelan, Mrs. J. E. Shirey, Mrs. R. A. Axtell, Mrs. Billie King, Mrs. Irving King, and Mrs. Cecil Curtis.

Rev. and Mrs. Raymond Van Zandt, Mrs. Sid Sheffy and Mrs. B. M. Nelson visited Mrs. Percy Estes in Plainview Tuesday.

Sonya Kay Lowe and Ted Godfrey Wed In Baptist Church Ceremony on June 19th

In a mid-afternoon ceremony read in the First Baptist Church in Dimmitt, Sonya Kay Lowe and Ted Godfrey exchanged wedding vows, Sunday, June 19, at 3 p. m.

Parents of the couple are Mrs. Ethel Lowe of Dimmitt, Mr. W. W. Lowe of Clovis, N. M., and Mr. and Mrs. J. W. Godfrey of Dimmitt.

Before an arch entwined with jade greenery flanked by baskets of white gladioli and stock. Bob Wear performed a double ring ceremony.

Miss Louise Simpson sang "Because," and Mrs. Radney Fisher sang "I Love You Truly" accompanied by Mrs. G. E. Ray at the organ.

Given in marriage by her father, the bride wore a duster of white bridal lace, over a white

fitted linen dress, appliqued with seed pearls. Both were trimmed in velvet cord. She wore white lace mitts also trimmed in velvet cord. Her headdress of matching white lace leaves was trimmed with seed pearls. She carried white stock centered with white carnations on a white Bible.

Serving the bride as Maid-of-Honor was Miss Jimmie Carrol Hyatt. She wore a fitted pink organdy dress over taffeta and carried a nosegay of pink carnations.

The bride's brother, Keith Lowe of Dimmitt and the bride's cousin, Dolores Battles of Dimmitt, were candlelighters. Carolyn Godfrey, sister of the bridegroom was ring bearer.

Alton Whitworth of Dimmitt served as best man and ushers were Clinton Glenn and Bryce

Boothes Celebrate Golden Wedding Sunday, July 3

Mr. and Mrs. C. W. Boothe will celebrate their Golden Wedding anniversary Sunday, July 3rd from 3 to 6 p. m. in their home in Dimmitt.

Mr. Boothe this week extended a cordial invitation to all local acquaintances to visit their home during Sunday afternoon.

Mr. and Mrs. Boothe were married fifty years ago in Abilene, Texas and have made their home in Dimmitt for the past 27 years. They have had seven children during this period. Mr. Boothe, now retired, for 21 years operated the Boothe Elevator in Dimmitt.

Dowell. Bryce Dowell also sang the Lord's Prayer in Mid-ceremony.

A reception was given in the home of the bridegroom's sister, Mrs. Wade Birdwell, immediately following the ceremony.

The bridal table was covered with a lace cloth over pink, decorated with centerpiece of blue daisies and pink roses, a wedding cake, pink tapers and the bride's Maid's of Honor bouquets.

Assisting with hospitalities were Mesdames Maurice Powell and Rex Wooten.

After a wedding trip to points in New Mexico the couple will make their home on a farm north of Dimmitt.

Mrs. Loyd Trulock Shower Honoree

Mrs. Jack Cowsert was hostess Monday afternoon at a tea and bridal shower for Mrs. Loyd Trulock, the former Wanda Cook. Mrs. Wilbur Cook, mother of the bride, Mrs. Trulock, of Earth, mother of the groom, Mrs. Green, grandmother of the groom, and Wanda Trulock were in the receiving line. Mrs. Cowsert and Mrs. Sid Sheffy greeted the guests at the door.

The tea table was set with a cut glass punch bowl and crystal with a beautiful flower arrangement of pink snapdragons, carnations and roses.

Mrs. Brad Fulfer, Mrs. George Bradford, Mrs. Raymond Wilson, and Mrs. Marvin Witt served the fruit punch and cakes. Carol Cowsert presided at the guest book.

Mrs. Conrad Clark, Mrs. Harold Damron, Mrs. E. B. Wright, and Mrs. Clyde Damron assisted in showing the gifts.

About fifty guests called during the receiving hours.

Out of town guests were Mrs. J. H. Trulock of Earth, Mrs. Ernest Green of Springlake, Grandmother Green of Earth, and Mrs. Pete Duree of Lubbock.

Mrs. Bob Estes is in Plainview with her mother-in-law, Mrs. Percy Estes, who underwent major surgery in a Plainview hospital, and whose condition is reported as excellent.

BIG SQUARE H. D. CLUB

The Big Square H. D. Club met Friday, June 24 in the home of Mrs. Fred Helf with nine members and one guest present. A program on good citizenship was given by Mrs. Wes Anthony

and Mrs. Fred Helf. Plans were made for a family picnic to be held July 15 at the home of Mr. and Mrs. Forrest Collins. No club meetings will be held during the month of July.

Accidents Fourth in Death Causes
AUSTIN, June 16—Accidents rank fourth as a cause of death in Texas. According to Dr. Henry A. Hollis, Commissioner of Health, 5,372 Texans died last year of this one cause, while thousands more were crippled. There are no figures available on the number of days lost because of accidents, there can be no doubt but that it was tremendous.

Automobiles caused 2,519 deaths or 4 percent of the total. The dangerous curves and intersections on the highways in Texas are well marked and drivers can assist greatly in reducing accidents by carefully observing them.

Many accidents could be avoided if motorists would drive below the legal speed limits when tired, sleepy, in rainy weather and when other hazards exist. One should adhere closely to the law regarding the dimming of lights for approaching cars. It is an old saying but true, that those who drink should not drive.

Many deaths are caused by accidents in the home. A total of 350 deaths were caused last year by falls. In homes most of these fatal accidents occur on either outside or inside stairways. Of course, there are many locations in the home where accidents can and do happen.

Disorderly housekeeping, poor furniture arrangement, slippery waxed floors, worn floor coverings, unanchored rugs, neglected re-

FRIO NEWS

By Veradelle and Francis Andrews

Patricia Roberts of Wellington is visiting with relatives, the R. L. Simpsons, John Simpsons and Glenn Roberts for a short time.

The young people of the First Baptist Church of Hereford entertained the young people of Frio Friday night with a volley ball game at the Jimmy Allred home. Those from Frio were Olagene Baldwin, Francis Andrews, Veradelle Andrews, Eugene Baldwin, Glenn Andrews, Darold Baldwin, Joe Andrews, Robert Baldwin, Clark Dobbs and Godfrey Baldwin.

Mr. and Mrs. Clagk Andrews and Rocky, Mr. and Mrs. E. B. Berryman and Brenda White were in Amarillo Sunday visiting relatives.

Mr. and Mrs. Olin Parris and Walker and Mr. and Mrs. G. W. Parker were in Wilson, Texas, Sunday to attend the wedding of Miss Venita Stone and Chester Watley at the Baptist church there. Mrs. Parris sang at the wedding.

Rev. and Mrs. B. H. Baldwin and Robert were in Brownfield and Wellman Thursday night and Friday.

The C. B. Class enjoyed a picnic at the park in Hereford. Those attending were Messrs. and Mesdames Weldon Stephan, Floyd Cole, Edgar Vinson and girls, Herb Schmidt and boys, James Dobbs, Clark Andrews and Rocky, T. L. Sparkman, Jr. and family, Frank Robbins and children, Leonard Buttrill and children, E. H. Little and girls, B. H. Baldwin and Miss Alma Andrews.

mand for raccoons than supply. Castro County youngsters with a yen for mimicking the fabled hero David Crockett will have to start hunting for their coonskin caps before long—either in department stores or along the few draws running through the County. It seems last year's drought

killed off a lot of the varmints all over the state, and coonskins are getting in short supply. There had been more than ever two years ago. If the Texas Game and Fish Commission is right, Frio Draw will have about as many coonskins as Dimmitt's Department and variety stores before long.

The makers of Super-Refined No-Nox, the clean-burning gasoline, now bring you a new super-refined motor oil...

New Gulfpride H.D. Select

...the only motor oil in the world super-refined by the Alchlor Process for modern high-compression engines.

Not a compromise, multi-viscosity oil that tries to be an "all-season," "three-grades-in-one" oil. Contains no artificial thickeners that break down in your engine and increase oil consumption.

This completely new kind of motor oil—made possible by Gulf's exclusive Alchlor Process—is available in 3 grades to give you the finest protection, the best oil mileage for your make of car—in every season.

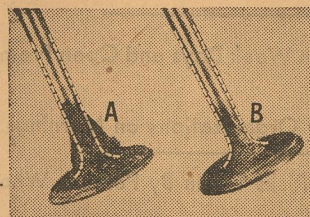

- Controls carbon—cause of knock, pre-ignition, valve failure and loss of power in high-compression engines.
- Combats corrosive acids, rust and deposits that build up on engine parts. Keeps hydraulic valve lifters quiet and free-acting.
- Assures lower oil consumption than the multi-viscosity "all-season" motor oils, because it has natural viscosity and contains no artificial thickeners that break down in your engine.
- Provides the toughest protective film ever developed in a motor oil... assures better engine protection for all cars under all driving conditions.

Available in 3 grades—SAE 10W, SAE 20/20W, SAE 30. Lets you follow your car manufacturer's recommendation for each season.

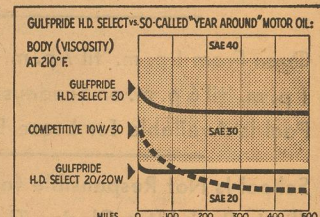

Now! For the ultimate in working octane performance and engine protection, always use Gulf's super-refined gas-oil team...

New Gulf No-Nox Gasoline New Gulfpride H.D. Select Motor Oil

"Coked" valve "A" is from engine using a so-called "all-season," multi-grade oil. Coke-like carbon deposit is a cause of sluggish performance and ultimate valve failure. Clean valve "B" is from engine using new Gulfpride.

See how Gulfpride H.D. Select holds its "body" (viscosity). This new oil contains no artificial thickeners that break down under heat and pressure. But note how quickly a typical multi-viscosity 10W-30 oil starts to lose its body.

Farm Bureau News

It has been some time since this column has appeared in print. Perhaps long enough that most people have forgotten that it was ever written.

We were all busy in our farming operations, and didn't have time to keep an eye on the Washington front very well. That gives the ones who are interested in getting legislation passed that farmers are opposed to, an excellent opportunity. We refer particularly to minimum wage legislation and amendment of Mexican Farm Labor bill. This bill is Senate Bill 2168, and House Bill 3822.

One farm organization and the CIO appeared before senate committee in support of the \$1.25 per hour minimum wage scale. Apparently this testimony was not the thinking and feeling of farmers in this area, and as one farmer stated, and we quote, "I don't believe farmers had a say in what that organization did."

A delicious buffet-style supper Farm Bureau's stand concerning an increase in the minimum wage scale has been on the contrary. It has opposed any increase in as much as it (alho we have been successful in getting farm labor exempt so far) indirectly affect the farmer and widen the already increasing spread between the prices farmers receive for their products and the prices of things farmers buy. This bill is being considered by the House Education and Labor Committees.

House Bill 3822 came out of committee without an amendment of the labor unions and the Secretary of Labor being approved which would regulate domestic farm labor as well as Mexican Nationals. There will be a strong effort to get this amendment tacked on when the bill reaches the house floor by the above proponents. This issue is much broader than the Mexican Farm Labor Program. The real issue is whether the federal government shall regulate employment of domestic workers by farmers.

edy skit. Sunnyside entertained with musical numbers.

The Rayphard Smithson and the Clyde D. Davis families were among those attending the Cotton John television program June 22 honoring the Fairview Community as first-place winners in the rural neighborhood progress program. All those present were feted with a fried chicken supper at 7 p. m. in Thompson Park.

Mrs. Pete Duree of Lubbock visited Monday with her sister, Mrs. Wilbur Cook.
