## Nazareth home gutted by fire

THERE'S NOTHING LEFT BUT ASHES AND MEMORIES ... W.F. Clifford home after early morning fire last Thursday.

The home of Mr. and Mrs. W. F. Clifford of Nazareth burned to the ground early Thursday morning.

The house, located 5 1/2 miles east and 1 1/2 miles south of Nazareth, was a total loss, according to Nazareth Fire Marshall Carroll Gerber.

Gerber said the Nazareth Volunteer Fire Dept. received the call at 6 a.m. Thursday and that the Dimmitt Dept. sent out their tanker unit for a water supply.

Gerber said that by the time they were called to the scene, the fire was out of control and had already done extensive damage. The firemen had to let the fire burn itself out before turning the hoses on it to extinguish it completely.

The Clifford family was out of town at the time the fire occurred.

Cause of the blaze is still under investigation at this time.

HART'S HOMECOMING QUEEN — Andrea Guzman, the 1987 Hart Homecoming Queen, stands with her escort, Rodger Velasquez. This year's Bonfire King was Steven Reyna and Cody Myrick was chosen Pep Squad King.

### Elevators full!

## Corn harvest is in full swing

Corn harvest is in full swing in most areas of the county, as is evidenced by the long lines of grain trucks at local elevators.

Corn harvest is progressing well, according to Bill Clark of Dimmitt Agri Industries, and they are seeing some good yields and a good quality crop.

Clark said the recent drying out spell has enabled everyone to be in the field cutting at the same time, causing some long lines at the elevator.

Fred Bruegel Jr., of Bruegel and Sons Elevator, said he expects the harvest to peak this week and start slowing down. Bruegel said they are seeing corn that is good or better than normal and yields that are normal and above.

J. R. Brown, of Flagg Grain, reported that they were probably a little past the halfway mark in their harvest. He said they are getting all the corn they can receive right now, but he expected things to slow down by this weekend. Brown said the quality of the corn looks great

and the yields are great, too.

Jarrell Sewell, of Farmers Grain in Hart, said their corn harvest is going strong and should last about another week. He said the quality is good and the yields seem to be a little above average.

Sunnyside corn harvest should wind down quickly with continued good weather, according to Sport Byers of Sunnyside Grain and Supply. Byers said harvest could be finished up this weekend, if the weather holds up. Byers said the yields are as good as last year. The quality is also good, he said adding that the corn has a lower moisture content than normal because the recent rains delayed harvest.

Corn harvest in the Easter area is barely getting started, according to Eddie Matthews of Easter Grain. He said harvest could continue for another six weeks.

What they have received is good quality, he said, but the moisture content is still high. The yields have been good so far, he added.

## County adopts 87 - 88 budget

County Commissioners adopted the new budget for fiscal year 1987 - 88 which goes into effect Oct. 1.

The new budget represents an increase of just over \$100,000 from last year. The increase includes salaries for two new jailors and a constable, as well as, a salary increase for present employees of \$52 per month.

The county will also begin longevity pay for its employees. Full-time county employees who have worked at least three consecutive years will begin receiving \$5 per month longevity pay Oct. 1. At the beginning of each fiscal year, employees who have met the minimum three-year requirement during

the previous fiscal year will begin receiving the longevity payments. After fiscal year 1987 - 88, the individual payments will increase \$5 a month for each year of employment beyond three years, with total monthly payments not to exceed \$100. There are currently nine county employees who qualify.

The Commissioners voted to take bids on four radios and five to six harness attachments for the radios for Precinct 3. They also voted to take bids on a motor grader lease for Precinct 2.

Justice of the Peace Marshall Young presented a proposal suggesting a change in the pay scale

for county ambulance drivers. The present salary for ambulance drivers is \$335 per month for on call time of approximately 100 hours plus \$25 per ambulance run to Lubbock or Amarillo, \$18 per run to Hereford, Plainview or Clovis, New Mexico, \$15 per run inside the county, \$10 per run inside the Dimmitt city limits and \$7.50 per run to the Nursing Home in Dimmitt.

The proposal suggests \$250 per month for base on-call salary plus \$50 per ambulance run to Amarillo or Lubbock, \$40 per run to Plainview, Littlefield or Clovis, New Mexico, \$35 per run inside the county, \$20 per run inside the Dimmitt city limits, and \$15 per run to the Nursing Home in Dimmitt. The cost of each ambulance run would be charged to the patient, therefore making no extra expense to the city, county and hospital.

Young said each of the five ambulance drivers is on call approximately 144 hours each month.

Young reported that, if this proposal is adopted, the county's share

of the ambulance drivers salaries would amount to about \$417 per month. At the present rate of \$335 monthly for each ambulance driver, the county is providing about \$558 per month.

Young said a joint meeting of the Hospital Board, the Commissioners Court and the City Aldermen would have to be called in order to adopt the proposal.

In other action the Commissioners voted to get an easement to allow them to erect a fence around a survey marker east of Dimmitt. County Surveyor John Allredge reported to Court that the marker, which was placed in 1935, needed to be fenced to be protected from damage.

## TTU to study effects of dump

Texas Tech University researchers announced last week that they will be conducting an extensive study in Castro, Parmer and Swisher Counties to determine the potential economic and environmental impacts of locating a nuclear waste repository in Deaf Smith County.

This research project is being done at the request of the Castro, Parmer, Swisher Counties Repository Assessment Commission (CPSCRAC).

"Our mission is to try to get to the truth," said Dr. Gary Condra,

Project Leader/Investigator. "The Commission will use that truth to mitigate the impacts."

The research project, which began Sept. 1, has three main facets, according to Condra, the first of which will be a study of the potential economic impact of a repository on the agricultural markets and productivity of agricultural land and groundwater. Impacts on the economy, land values and tax bases will be traced.

The research will also study the

### DHS plans activities for Homecoming

Homecoming activities at Dimmitt High School are in full swing. Monday was hat and shade day at Dimmitt schools, Tuesday was toga day, Wednesday was jam day, today (Thursday) is purple and white day, and Friday is dress-up day.

Pinning ceremonies for the Flame Queen and King were at 8:30 p.m. Wednesday at the football field. Candidates for Flame King and Queen were Debbie Stanton and Jim Nelson, seniors, Maggi Paxton and Kelly Howell, juniors, Dana Ralston and Berry Hill, sophomores, and Carol Petty and Dennis Petty, freshmen. Winners names were not available at press time.

Homecoming Queen candidates are Kristi Petty, Stacy Wilson and Carla Pybus, all seniors. The Homecoming Queen will be crowned at the pep rally Friday afternoon.

## Bailie tells locals to question DOE

Tom Bailie, a third generation farmer from Washington state, gave a grim picture of what can happen when a nuclear industry enters an agricultural community during his recent visit to this area.

Bailie lives and farms just a few miles down the road from the Hanford Nuclear Reservation where the nation's first full-scale nuclear reactor was built in the mid 1940's. Hanford is also the nation's largest nuclear waste storage site. Bailie said that when the government proposed the Hanford plant in the 40's, the people felt it was their patriotic duty to comply. The government told them the facility would be safe, and they blindly believed what they were told, Bailie said.

For many years the two industries co-existed fairly well, then, in 1959 and 1960, the deaths began, Bailie said. From that time, the communities showed an unusually high rate of cancer, thyroid disease, infant deformation and animal deformation. The people began to wonder if their nuclear neighbor could be blamed for the high incidence of disease.

In 1985 many of their fears were confirmed when the government released Department of Energy (DOE) documents confirming that huge amounts of radioactive material had been released into the atmosphere around the Hanford plant. It began with a deliberate release of radioactive material in 1949. The releases have continued and the total now stands at over one million curies of radioactive material released into the atmosphere around Hanford — an area where people live, crops grow, and rivers flow. Less than 15 curies of radioactive material were released at the accident at 3-Mile Island.

The DOE documents referred to the people living in that area as

"down-winders", and yet, the DOE denies any connection between the releases and the diseases. For that matter, DOE denies that the incidence of cancers and thyroid diseases are unusually high.

One week before Bailie left his home to visit this area, the DOE released documents stating that radioactive iodine had been found in water wells off the Hanford site. The DOE had said it would take 1000 years for the iodine to move into the water, Bailie said, and it has taken only 40.

Bailie said his purpose in coming to this area was to make sure that the people understand the risks involved in allowing a nuclear industry to come into an agricultural community. He stressed the need for being cautious in dealing with

the DOE and to question their activities every step of the way.

"My parents didn't ask questions," Bailie said. "You should."

"There is a serious responsibility here for the community leaders... the community fathers," he said. "Don't take things at face value, and don't take things lightly."

Bailie said he is not against nuclear energy or nuclear weaponry, but he has begun to question whether the two industries, nuclear and agricultural, can co-exist.

In considering the placing of a high-level nuclear waste repository in this area he asked, "Do you want to continue farming, or give it over to the DOE and put a big skull and crossbones on the county."

BAILIE URGES LOCALS TO QUESTION D.O.E. — Tom Bailie, a Washington state farmer, addresses the Dimmitt Rotary club about the problems people in his state have had with the Department of Energy and with contamination from the Hanford Nuclear Reservation there. Seated at the table is Eddie Sutton, Dimmitt Rotary President.

When you have the right tools and accessories, you can save a lot of money on maintenance and repairs. Plains Memorial Hospital doesn't have many of the tools it needs for in-house maintenance, and is strapped for money to buy them.

If you have any of the following tools or accessories that you don't use anymore and would be willing to donate to the cause, you'd be doing our hospital a big favor:

- Circular Hand Saw
- Drill Press
- Bench Grinder
- Electric Sander
- Work Bench
- Two Nail Bars
- Combination Square
- Tin Snips
- Rivet Gun
- Framing Square
- Set of Drill Bits
- Allen Wrenches
- Router
- Small Air Compressor
- Wood Chisel Set

The estimated cost for buying all these tools new is a little over \$1,000. If you don't have any of these tools but would like to help, the hospital would appreciate donations. Any checks written for this purpose should be made out to Plains Memorial Hospital and stubbed "Tools."

(By the way, to answer your obvious question, the hospital dis-

trict is trying to work its way out of the red, and the income from the recent tax-rate increase, plus the unpaid accounts it can collect, will all have to go for that purpose during the coming year.)

Congratulations to Mark Stroebel, Hart High School's head football coach and athletic director, on being named as the Class AA Coach of the Year by the Amarillo Southwest Chapter Football Officials Association.

When a coach gets that kind of recognition from those who officiate his games, it says a lot about him. The selection was made on the basis of sportsmanship, ability, conduct and attitude, as well as the conduct and attitude of the coach's team.

Congratulations also to Percy Parsons of Dimmitt, newest member of the Texas Funeral Service Commission, and to Marie Winders of Flagg, new state president of Women Involved in Farm Economics (WIFE). Our county is still providing more than its share of leaders at the state level.

# On the Go

with Mary Edna Hendrix, 647-3343

Now is the time to buy your season Community Concert tickets—the first concert in Hereford will be the Johnny Mann singers and dancers today (Thursday) at 8 p.m. in the Hereford High School Auditorium. The first concert in Dimmitt will be the Smith Sisters, Tuesday night at 8 in the Dimmitt High School Auditorium.

Ruby Ramsey entertained com-

pany in Lubbock recently when all the family came in for the wedding of Sonya Andrews and Richard Cranford in Lubbock.

Those attending were Brenda and Jim Truitt, Lloyd and Janet Pitts of Dallas, John and Yvonne Pitts of El Paso, Charles and Mary Pitts of Amarillo, John and Nancy Cranford and Elizabeth of Virginia Beach, Vg., Mrs. Cranford from Chillicothe, Bob Cranford of Plain-

view, Ray and Madeline Pitts and children of El Paso, Brandon and Linda Pitts and children of El Paso.

Janet, Linda, Jan and Madeline Pitts were hostesses for a luncheon held at Jeremiah honoring Sonya. Those attending from Dimmitt were Betty Huckabay, Cindy Adams, Carolyn Jones, Martha Isaacs, Oleada Hance, Phobe Clayborn, Ruby Ramsey and Sandra Honea of Dumas.

David and Sandra Honea, Shari and Ashley Mason of Dumas spent the weekend with C.A. and Oleada Hance after the wedding.

The Castro County Museum held their monthly meeting on Thursday night with Lon Woodburn presiding and Clara Vick reading the minutes. Other members present were Mary Woodburn, Madge Robb, Beral Hance, Helen Richardson, Mary Edna Hendrix, H.C. Nelson, Irvin Ott, Don Moke, and Ralph Lambright.

Out-of-town visitors at the Museum were E.C. and Blanche Hudson of Earth and W.O. and Grace Hudson of Amarillo. They really enjoyed touring the museum as well as reminiscing about the days when they lived in Dimmitt. Mrs. E.C. Hudson writes the "Scrapbook" for the *Earth Weekly News* and she reads "On the Go" every week.

Beral Hance has returned home from Austin where she attended the swearing in of her son, Kent Hance, to the Texas Railroad Commission.

Connie Ivey played for the group and Renise Blair played her flute for the residents at the Canterbury Villa Thursday morning. Richard Young led the singing.

Kate Beecher brought a delightful devotional on "Hope". Renise sang several songs including *More Than Everything*. Ettie McDermitt and Mary Edna Hendrix joined in the group singing.

Saturday I went to Tulia to go with my sister, Lynna Cloer and the Tulia Senior Citizens to Amarillo to see the Ice Capades. While we were waiting for everyone to arrive, we toured the Swisher County Museum where they were having a quilt show. The Senior Citizens have a new bus that seats 21 pas-

sengers and it is a pleasure to ride in.

It had been several years since I had seen the Ice Capades and there have been several chages. All the children loved the Ewoks as they performed and then went to the crown to greet and hug the children. Of course the clowns and comedy acts brought laughs from the crowd.

Mrs. George Ray, Jr. (Monette) and her mother-in-law, Mrs. George Ray, Sr. (Tera) from Lubbock, and Monette's mother, Faye Kenmore of Amarillo attended church at the First Baptist Church in Dimmitt Sunday morning. They are all former Dimmitt residents. Rev. George Ray, Sr., was pastor at the FBC several years ago and George Jr. is a pastor at a Baptist Church in Lubbock.

Kristi (Peggram) Pennington also attended church Sunday morning with her parents, Jim and Shirley Peggram. The Penningtons are missionaries in Costa Rica and they will be on furlough in the states for a year.

Garner and Ysleta Baall celebrated their 37th wedding anniversary by going to Hereford to eat on Wednesday evening.

Oleta Gollehon and I attended the Amarillo Symphony Orchestra Concert Sunday afternoon. Robert Bernhardt is the director and conductor. The music in the first half was so soft and relaxing that we almost went to sleep, but after the intermission, John Bayless, pianist, was the guest artist and he was so entertaining that we couldn't get sleepy. His improvisations were exciting. He started improvising at the age of four when he began studying piano. John is from Borger and he has made appearances in New York, Cleveland, Carnegie Hall, London, Vienna, Japan and Budapest.

The Friday Bridge Club met at the Senior Citizens Center for lunch and a day of bridge with Polly Holland as hostess. Dorothy Elder won high score and Betty Renfro won second high score. Others playing were Ruth Coleman, Cletha George, Retta Cluck, Gladia Shipley and Anita Morris.

## DISD considers new disease policy

Concerns nationwide over Acquired Immune Deficiency Syndrome (AIDS) and a recent memo from the Texas Education Agency (TEA) and the Texas Department of Health have prompted the Dimmitt ISD Board of Trustees to study amendments to its communicable disease policies.

Commissioner of Health Robert Bernstein and Commissioner of Education William Kirby are now recommending that school districts have policies in place before the need for a policy arises in the local district.

In a memorandum issued jointly by the two commissioners, school district officials have been told that Human Immunodeficiency Virus (HIV), the virus causing AIDS, "is not transmitted in everyday school settings." Affected individuals should be dealt with on a case-by-case basis, depending on the risk of transmission.

Generally, students must be placed in a regular classroom, except in unusual circumstances. The State Board of Health's communicable disease chart for schools specifies excludable conditions that include open sores or skin eruptions, biting behavior, and lack of toilet training as relevant factors in making that decision. Students who must be excluded from the regular classroom must nevertheless be provided education, most often through the special education program.

Employees must be allowed to continue in their work duties in

most circumstances, according to the commissioners. Whether the district maintains an individual in the regular work assignment will depend on whether the condition interferes with the performance of regular duties.

The Texas Association of School Boards, of which DISD is a member, has prepared sample policies, reviewed by TEA and the Health Department. The policies reflect the latest legal developments and recommendations from medical and education experts.

Under new laws passed this summer by the Texas Legislature, test results or any statements as to whether a particular person does or does not have the virus are strictly confidential, with only a few selected individuals having the right to know.

By law, school districts are also prohibited from requiring AIDS testing of its employees and students, except under extremely limited circumstances, such as by Health Department or court order. An employee or a student's parent could also consent to the tests.

DISD Superintendent Robert Ryan pointed out that the board and administration wants to be prepared if a student or employee contracts HIV. Additionally, district officials are studying various methods by which to educate employees, parents, and students on the nature, effect, and prevention of the virus, as recommended by TEA and the Department of Health.

## Mr. and Mrs. Patton are home in Dimmitt following wedding

Mr. and Mrs. William C. Patton are home in Dimmitt following their Aug. 15 wedding and a wedding trip to Ruidoso, N.M.

The bride is the former Raneta Kay Adams, daughter of Bobby Adams of Tulia and Anita Adams of Dimmitt.

The groom is the son of Mr. and Mrs. Jack Patton of Dimmitt.

The couple stood underneath a garden gazebo decorated with greenery and pastel pink bows and ribbons and recited their wedding vows at the E.B. Black House in Hereford.

Vernon O'Kelly, pastor of the First United Methodist Church in Dimmitt officiated at the formal, double ring ceremony.

Jimmy Reed of Dimmitt sang *I'll Still Be Loving You*. Cindy Clayton of Dimmitt sang *Time in a Bottle*. The two formed a duet and performed *To Me*. They were accompanied by organist Linda Davis of Hereford.

The bride, given in marriage by her father, wore a full-length white satin gown designed with a Priscilla neckline, fitted bodice and short puffed sleeves. The dress was created with insets of lace embroidery on the sleeves and the bodice featured a sheer yoke inset with embroidered lace. The long skirt featured a petal-cut train.

For something old, the bride carried a peach silk handkerchief that had been carried in her great-grandfather's wedding. A pin belonging to and featuring a picture of her great-great-grandmother was attached to the handkerchief. Her dress was new and she borrowed a pair of pearl earrings from a friend. She wore a traditional blue garter.

She wore a white lace hat with an attached veil of bridal illusion.

The bridal bouquet was created of pink roses and white daisies and was accented with greenery, babies breath and ribbons.

Sha Adams of Dimmitt, sister of the bride, was maid of honor. Kim Hargrove of Dimmitt, friend of the bride, was bridesmaid.

The two attendants each wore a dress of pastel pink taffeta designed with an overlay of pink lace. The tea-length dresses featured Priscilla necklines and cut-away backs.

The bridesmaids wore pink hats with an overlay of pink lace and carried small hand bouquets of daisies and a single pink rose.

Tim Patton of Amarillo, the groom's brother, was best man. Danny Heard of Dimmitt, friend of the groom, was groomsman.

MR. AND MRS. WILLIAM PATTON  
... She's the former Raneta Kay Adams

Tyler Ehly, son of Mr. and Mrs. Glen Ehly of Nazareth was ring bearer.

Amanda Reed, daughter of Mr. and Mrs. Jean Reed of Gonzales, served as flower girl.

The couple were feted with a reception at the E.B. Black House following the wedding ceremony.

The table was covered with a white lace cloth and was accented with pink bows. It held a three-tiered strawberry cake with white frosting. It was decorated with pink roses, carnations, greenery and babies breath. The topspiece fea-

tered a miniature bride and groom and was decorated with flowers matching the cake.

Silver serving appointments completed the table decor.

The groom's table was covered in a grey tablecloth. Ribbon sandwiches and mint tea were served from the table.

The bride is a 1981 graduate of Aspermont High School. She works at the ASCS Office in Dimmitt.

A 1985 graduate of Dimmitt High School, the groom is employed at Tidwell Spraying in Dimmitt.

## Young Homemakers plan annual Christmas Bazaar

The Dimmitt Young Homemakers will sponsor its annual Christmas Arts and Crafts Bazaar Dec. 5 from 9 a.m. to 5 p.m. in the County Expo Building.

Only 38 booth spaces are available and anyone wishing to reserve a booth must do so by Nov. 24. Booths will be assigned when they are paid for.

Two banquet size tables will be available for each exhibitor. Both single and double occupancy booths are 8 X 10 feet.

Booth fee is \$30. The walls are metal, so no nails can be put in. There are electrical outlets, but the exhibitor must provide his or her own extension cords.

All participants will be responsible for their booths and items on display.

Anyone wishing to reserve a booth may clip the coupon below and return by Nov. 24.

## Nazareth

By Uirke Gerber, 945-2669

Kick-off celebration for the RENEW program in the Diocese of Amarillo, began with a Mass at 4 p.m. at St. Lawrence Cathedral, followed by a barbecue supper. There was a very good attendance of group leaders and others. There

has been a good response to signing up for RENEW.

Dora Albracht and Thelma Wethington attended a Lay Franciscan Conference over the weekend at the Glorietta Conference Center

in New Mexico. The theme of the Glorietta Conference Center in New Mexico. The theme of the Conference was "Francis in the World Today."

Our sympathy to the family of Christine Braddock, who died suddenly with a heart attack. Funeral services were held Thursday morning in Holy Family Church with Father Brendan Sherry and Monsignor Harold Waldow of Amarillo officiating. Burial was in Holy Family Cemetery.

Cary Stork of Baytown, Stan Stork of Carthage, Dwayne Stork of Houston and Debbie Dayhoff of Longview were here a couple days to visit their grandmother, Meta Stork who is in Plains Memorial Hospital in Dimmitt.

Jean Bell of Fort Worth spent most of last week in Dimmitt with her mother, Meta Stork.

Pam Bogle of Center, Colo., and Brenda Conrad of Colorado Springs spent a few days here with their parents, the LeRoy Pohlmeiers and also visited with their grandmother, Meta Stork.

Anita Fishbacher of Canyon spent Sunday here with her family, the Arnold Husemans.

Ray Schulte is a patient in St. Anthony's Hospital in Amarillo. He is doing fine.

Sherrie Cole and Lee Browning

## Cole, Browning to wed

Mr. and Mrs. Ken Cole of Dimmitt announce the engagement and approaching marriage of their daughter, Sherrie, to Lee Browning, son of Mr. and Mrs. Jeane Browning of Plainview.

The couple plans to exchange wedding vows Dec. 19 at 2 p.m. in the First Baptist Church at Dimmitt.

The bride-elect is a 1983 grad-

uate of Iowa Park High School. She is a senior marketing major at Wayland Baptist University in Plainview.

Browning is a 1981 graduate of Plainview High School. He studied communications at Texas Tech University and is currently farming. The couple will make their home in Plainview.

## Spelling bee study books available now

The 40th annual National Spelling Bee for area students will be sponsored by the Amarillo Globe-News and West Texas State University. County Judge Polly Simpson will serve as bee director for Castro County. The competition is for students in the eighth and lower grades and those who will not reach their 16th birthday by the end of the current school year.

Interested students and school officials should contact the director for information concerning participation.

Each county winner is to be named by March 19 in order to compete in the Regional Bee on the WTSU campus in Canyon on April 16.

One of the 46 participants will win the trip to Washington, D. C. to represent the area in the 1988 National Spelling Bee. The Amarillo Globe-News will provide expenses for the winner and one parent.

Some of the other top finalists will be given special awards. Gene Parker, director of place-

ment at West Texas State University is bee coordinator.

"I urge all students to participate in this worthwhile educational program. All of us at the university are proud to be associated with the Amarillo newspaper in recognizing the accomplishments of young students," Parker said.

Additional information is available from Parker and also from Jeane Bartlett, spelling bee editor of the Amarillo Globe-News.

The 1988 issue of "Words of the Champions", the study booklet used in the schools, is available from Jeane Bartlett at 50-cents each. Orders may be placed directly with Mrs. Bartlett by contacting her at the newspaper, Box 2091, Amarillo, 79166. The booklet contains more than 3,000 words.

Each county director has the option of conducting a Junior Bee for grades six and lower. Junior county winners do not compete unless they also win the secondary championship.

The sponsors will provide special awards for each county Junior champ.

Four states are assigned the WTSU-AGN sponsors. They include parts of Texas, Oklahoma, New Mexico and Kansas.

## Unbeaten Swifts top Valley, 42-21

Nazareth's offensive line held Valley defenders at bay and allowed the offensive backfield to perform 482 yards of magic Friday night in Valley.

The Patriots, 4-0 on the year, came back from a 7-0 deficit in the first quarter to demolish the Patriots, 42-21.

The kids started the game off slow," said Rex Minshew, Nazareth head coach. "I think they read the papers and let the state rankings get to them. They pulled their heads out and played a good second half, though."

Offensively, Nazareth quarterback Chris Schmucker was accurate on 15 of 37 tosses for 349 yards and three touchdowns. He found end Brad Hoelting twice for 67- and 38-yard scoring plays. Hoelting led Nazareth's receiving with seven receptions for 200 yards.

Gregg Gerber was responsible for all but 11 yards of Nazareth's 116-yard rushing performance, picking up 105 yards and two touchdowns on 18 carries.

"We threw the ball well, but we didn't run very well. We threw the ball 40 times and carried it 29."

Valley's offense worked a little magic of its own, but its success wasn't reflected on the scoreboard when the final buzzer sounded.

The Patriots, in a balanced attack, amassed 470 yards offense, just 12 less than Nazareth. Valley gained 247 yards on the ground and went to the air for 223 yards.

Defensively we had a couple of mental breakdowns in the secondary and allowed them to score, but the kids came back and didn't let it get them down," Minshew said. "I felt like Howie Annen played a real good defensive game."

The teams traded punts for most of the first quarter, until Valley scored on a 78-yard bomb.

With 1:04 left in the period, Patriot quarterback James Taylor let the ball fly and it was caught by Brandon Smith, who raced for the end zone. Kirk Martin booted the PAT to give Valley an early 7-0 edge over Nazareth.

The Swifts scored on the ensuing drive, after running 15 plays and eating over five minutes off the clock.

WHAT DO I DO NOW?—Nazareth's Heath Schulte (30) eyes a group of Patriot defenders headed his way Friday night in Valley. Schulte

had just hauled in a 33 yard pass from quarterback Chris Schmucker as time expired in the first quarter. Nazareth ran away with a 42-21 victory.

Schmucker found his mark in the second quarter, hitting Heath Schulte with a 33-yard pass, then finding Hoelting for an additional 17 yards to move the ball to the Valley 24-yard line. 11 plays later on fourth down and inches, Brian

Schmucker snuck in to put the Swifts on the scoreboard. Schulte added the PAT to tie the score at 7.

With under two minutes to go in the half, Nazareth recovered an Eric Scoggins fumble, then drove 50 yards in two plays for their next touchdown.

Schmucker hit Hoelting for 17 yards, then connected with Damon O'Daniel in the end zone for a 33-yard scoring strike with :40 left in the half. Schulte kicked the extra point to put the Swifts up 14-0 at halftime.

Two minutes into the third period, Valley's Taylor was intercepted by Schulte. One minute later, Smith picked off a Schmucker pass and Valley regained possession deep in its own territory on the 3-yard line.

On the next play, Nazareth dropped Scoggins in the end zone for an apparent safety, but the call was overruled by a line judge.

With 4:30 left in the period, Valley's kicker, Martin, punted the ball into the line of scrimmage and Nazareth fell on it at the Valley 1-yard line.

Gerber punched through the line into the end zone and Schulte added the extra point to give the Swifts a 21-7 lead with 4:05 left in the third stanza.

Nazareth struck again as time ran out in the third quarter.

Starting from its own 20-yard line, Nazareth drove 80 yards in three plays to extend their lead, 28-7.

Schmucker found Hoelting for 11 yards to open the drive. Two

game. Valley took over on its own 37-yard line and gained 53 yards on two plays before Nazareth recovered a Taylor fumble at its own 10-yard line.

The Patriots finally got their offense running with six minutes left. They capped off an 80-yard drive in two plays with a 76-yard flip from Taylor to Smith. Martin's PAT pulled Valley to within 21 points, 35-14.

Nazareth's final offensive drive was kept alive with the help of a Valley penalty on a fourth down play.

The Patriots were hit with a roughing the kicker penalty as

Schmucker attempted to punt the ball, and Nazareth got the chance to kick it again.

Nazareth lined up in punt formation on fourth down, but Schmucker took the snap and completed a 36-yard pass to Hoelting for the first down.

Gerber scored his second touchdown when he raced 11 yards with 2:43 left in the game. Schulte kicked his sixth point and Nazareth went ahead, 42-14.

Valley drove 67 yards for its final touchdown—a 25-yard run by Bubba Clardy with :23 left on the clock. Martin's extra point was good to make the final score, 42-21.

LEADING THE WAY for Hart tailback Larry Brown (23) is teammate Cody Garrity. With the help of well placed blocks by Garrity, Brown was able to pick up extra yardage to give Hart a first down.

## Hart edges Kress to win Homecoming

A stingy Hart defense held the Kress Kangaroos to 30 yards of offense and intercepted three passes to squeak out a narrow 12-7 Homecoming victory Friday night.

"We did pretty well. We held them to 30 yards on offense," said Mark Stroebel, Hart's head coach.

The Longhorns tore apart the Kress defense, gaining 291 yards on the ground and 78 yards in the air.

Hart had several shots at the end zone in the first half, but fumbles and mental mistakes stopped the drives.

Hart kicker Junior Washington missed an 18-yard field goal wide right in the first quarter and a Longhorn ballcarrier ended a 72-yard march toward the goal line with a fumble early in the second quarter.

"We looked a whole lot better on

offense and defense, but we made a lot of mental mistakes.

The Longhorns finally got their offense on track in the third quarter, driving 91 yards in just eight plays.

Larry Brown and Danny Valadez picked up all the real estate on the drive utilizing well-placed blocks by teammates.

Valadez put the Longhorns on top 6-0, plowing into the end zone from one yard out. The PAT failed.

Hart traveled 57 yards to the end zone, capping off the drive when Valadez found Jimmy Martinez behind Kress defenders in the end zone. The two point conversion failed, giving Hart a 12-0 edge in the fourth quarter.

Kress's only score of the night came after the Roos picked off a Hart pass.

With 1:55 left in the game, quarterback Shawn McClure flipped the ball nine yards to Danny Flores. Jim Lanier booted the PAT and Kress pulled to within five points of the Longhorns, 12-7.

Hart bettered its record to 2-2 on the year with the victory over Kress.

ENMU GRIDDER—Bobby Nino, a 1985 graduate of Dimmitt High School is a kicker for the Eastern New Mexico University football team in Portales, N.M. Nino, a 5-10, 210 junior is a 1985 graduate of Dimmitt High School. He is the son of Mr. and Mrs. John Nino. Nino transferred from Cisco Junior College and is majoring in physical education at Eastern.

## Dimmitt Freshmen win; JV lose at Abernathy

Dimmitt's Freshman scored on runs of 1, 2, and 4 yards to down Abernathy, 19-14, last Thursday in Abernathy.

The JV Bobcats didn't fare as well as they dropped their first game of the season to host team Abernathy, 8-6 last Thursday.

The Freshmen improved their record to 4-0 while the JV dropped to 3-1 on the season.

### DIMMITT JUNIOR VARSITY 6, ABERNATHY 8

Dimmitt	0	0	6	0	-	6
Abernathy	8	0	0	0	-	8

The DHS JV gave it a valiant effort, but it just wasn't meant to be.

Down 8-0 at half-time, the JV came back to score on a 3-yard run by Oscar Velasquez, but couldn't add the extra two points to tie the score in the third quarter.

Offensively, Dimmitt was able to move the ball. In fact, they out-gained the Antelopes on total offense, 163-146.

"Our kids gave a great effort in the second half trying to win it," said Coach George Rasor.

Abernathy jumped out quick, scoring on a 36 yard touchdown pass, the Antelopes' third offensive play of the game.

On the ground, the JV picked up 131 yards, led by Barry Hill, 12 rushes for 61 yards; Leo Castro, 3 for 17; and Velasquez, 14 for 47 and a touchdown.

Quarterback James Flores completed 3 of 7 passes for 32 yards, hitting Josh Gonales for 20 yards and Castro for 12 yards.

### DIMMITT FRESHMEN 19, ABERNATHY 14

Dimmitt	6	13	0	0	-	19
Abernathy	8	0	0	6	-	14

Abernathy won the battle as far as net yardage went, with 164 yards to Dimmitt's 132, but the Bobcats were able to hold off a second-half surge by the Antelopes to win the game.

Miguel Ontiveros scored on runs of 1 and 2 yards and Freddie

Martinez scored from four yards out to lead the Freshman Bobcats.

Ontiveros put the Freshmen on the scoreboard first with a 1-yard run in the first quarter, but the Bobcats weren't in the lead for long.

Abernathy struck back with a 53-yard touchdown run and pass conversion to put the 'Lopes ahead by two, 8-6 in the first period.

The Bobcats regained control of the scoreboard in the second period when Martinez scored from four yards out. Ontiveros kicked the extra point, then added a 2-yard touchdown run later in the period to send the Bobcats to the locker room at half-time with a 19-8 lead.

Abernathy made a run in the fourth quarter, scoring from 15-yards out, but it wasn't enough and the Bobcats held on for the victory.

Martinez completed 5 of 10 passes for 69 yards. Daniel Espinosa was on the receiving end of two tosses for 24 yards. Other receivers catching passes were Michael Ethridge, 1 for 20 yards; Ontiveros, 1 for 14; and Henry Rocha, 1 for 11.

Leading the ground attack were Rocha with 11 carries for 47 yards and John Oregon, two totes for 9 yards.

# Big plays boost Lopes past Bobcats by 16-7

Dimmitt's Bobcats were the victims of a pair of "big plays" again Friday night as they lost a 16-7 decision to District 3-AA power Abernathy.

Playing before an Abernathy High School Homecoming crowd, the Bobcats outgained the Antelopes 230-214 and racked up more first downs (14-10). But two big plays gave the Antelopes the statistic that counted — on the scoreboard.

The first came early in the second quarter when Antelope quarterback Flint Bigham turned a "busted play" into a 46-yard touchdown gallop. On fourth-and-one at Dimmitt's 46, Bigham handed the ball to his fullback on an inside power play, but the Bobcat defense rushed in and seemed to have the play stopped for no gain during the handoff. Bigham pulled the ball back, spun out of the pile-up, raced toward the left side—and found clear sailing all the way to the goal line.

Bigham's TD run broke a scoreless deadlock, giving the host Antelopes a 6-0 advantage.

Later in the second, Abernathy kicker Mikael Klausen — an exchange student from Denmark—added a 32-yard field goal to hike the Antelopes' lead to 9-0.

The Bobcats got back into the game with just 26 seconds left in the half when junior tailback Chad Davis punched the final two yards for a TD to cap a 63-yard scoring drive. Jim Nelson added the extra-point kick to cut Abernathy's lead to 9-7.

Davis carried the ball on six of the Dimmitt drive's 11 plays, including a beautiful spinning run for eight yards and a 20-yarder on fourth down that gave the Bobcats a first-and-goal at the Antelope 4. Davis, playing his best game so far, finished the night with 150 yards on 28 carries to spark the Dimmitt offense.

After a scoreless third quarter, Abernathy got its second big play early in the fourth when Bigham

**SHOVING MATCH**—Dimmitt wingback Emilio Arce (white jersey) meets Abernathy's Terry Norris after a two-yard gain in the fourth quarter of Friday night's Bobcat-Antelope match. This drive ended at the Abernathy 19 with a missed field goal attempt by the Bobcats. The Antelopes won, 16-7.

found flanker Abel Barrera all alone in the end zone for an 18-yard touchdown pass. Klausen added the extra point to make the final score 16-7, Abernathy.

It was the third loss for the Bobcats, who had tasted victory the week before at River Road. Abernathy's record is now 2-2.

"We played hard, but just good enough to lose," Dimmitt Head Coach Clifford Smith said. "We had three defensive breakdowns that resulted in three big plays for them. Except for that, we had a big defensive effort."

Pacing Dimmitt's defense were linebacker Ricky Zimmer with 15 tackles, linebacker Rene Enriquez and strong safety Chad Davis with eight apiece, cornerback Mat Bradley and tackle Rodrigo Jackson with six each, and free safety Kelly Howell with an interception.

Davis, Enriquez, Emilio Arce and Jon Bruegel were credited with a fumble recovery apiece.

"The big plays by Abernathy made the difference," Coach Smith commented. "We had two good drives going where we should have gotten some points. And we didn't convert when we needed to."

"Mainly, they did and we didn't."

## 8th Bobcats extend undefeated record

The Dimmitt eighth grade Bobcats extended their unbeaten streak to 11 games last Thursday night with a 16-8 win over Abernathy.

The eighth grade team has not lost a game since last year and stand at 2-0 on the 1987 season.

Robert Reese led the team with 11 carried for 109 yards and two touchdowns, and caught three passes for 62 yards.

Reese scored on a 30 yard run in the second quarter to bring the Bobcats to within two points of the Antelopes, then went over from three yards out in the third quarter to put Dimmitt up 14-8. Billy Ray Thomas added the extra point after the second touchdown.

Bobcat quarterback Thomas completed 3 of 3 passes for 62 yards in the game.

Santana Garza sacked an Antelope in the end zone in the final period to give Dimmitt its final victory margin, 16-8.

Defensively, Casey Summers recovered one fumble and intercepted

an Abernathy pass for the Bobcats.

The seventh grade Bobcats are still searching for their first victory of the season after suffering a 24-6 defeat at the hands of the Antelopes last Thursday.

Kyle Hanes rushed for 130 yards to lead the Bobcat offensive attack and Zach Smith rushed for 25 yards and scored Dimmitt's only touchdown, a 14-yard jaunt in the first quarter.

## Cotton farmers could face bark contamination

Cotton farmers across the South Plains are facing the prospect of bark contamination which can reduce their payments for ginned fiber. Because of the late crop, excessive moisture and rank growth in many fields, the problems of barked cotton could be serious again this year, said Dr. James Supak, cotton agronomist with the Texas Agricultural Extension Service.

One thing growers can do to minimize the problem is to pay strict attention to the way their strippers are adjusted before harvesting, Supak said.

He said the Extension Service has a limited number of copies of a videotape which can help farmers combat bark and stick content which reduce the grade of the fiber.

The tape, which runs less than 10 minutes, would be appropriate for use at gin offices or producer meetings, he said. It is available from Supak.

The tape explains basic adjustments and stripper modification developed by USDA engineers. The modification has been shown in area demonstrations to reduce the stick content in stripped cotton.

It has been shown, in USDA and Extension tests with producers, that stick content is closely related to the bark content of ginned cotton. "Reducing the stick content is a good way to reduce the number of barked bales," Supak said. In USDA tests, this modification reduced the number of barked bales up to 65%.

### Mendoza finishes army basic

Army Reserve Pvt. 1st Class Francisco Mendoza Jr., son of Francisco and Lucia T. Mendoza of Dimmitt, has completed basic training at Fort Leonard Wood, Mo. During the training, students received instruction in drill and ceremonies, weapons, map reading, tactics, military courtesy, military justice, first aid, and Army history and traditions. He is a 1985 graduate of Springlake-Earth High School in Earth.

## Social Security in Castro County

By TERRY J. CLEMENTS

Some wives receiving Social Security benefits on the earnings record of their husbands fear that they will lose their benefits if their marriage ends. Social Security has not forgotten divorced women who have been married at least 10 years. Divorced husbands are also covered by Social Security and have the same rights to benefits on their former wife's earnings record as a divorced wife has. Women, however, are often financially more affected when the marriage ends. Maybe this is because some years ago the number of working wives and mothers were fewer, or because generally women stop working when they marry to raise a family and that prevents them from earning enough Social Security credits. If you are a wife, 62 or older, and in the process of getting a divorce, you should know that your benefits will continue if you were married to your husband at least 10 years.

However, a divorced spouse of a worker who has not applied for retirement benefits, but who is fully insured and 62, can become independently entitled to benefits on the worker's earnings record. You do not have to wait until your former spouse retires to apply for Social Security benefits.

To do so under this provision you must be at least 62; file an application for a divorced spouse's benefits; must have been married to the worker for 10 years or more before the date the divorce became final; must have been divorced from the worker for at least two years; and not be married.

There are some differences for a surviving divorced spouse who is claiming benefits on the earnings record of the deceased worker.

For instance, the claimant must be 60 or over, or under 60 if the worker's entitled child under 16 or disabled is in her or his care; age 50-59 if disabled; or any age if caring for an entitled child (under 16 or disabled) of the deceased worker.

In this case, he or she could have been married less than 10 years.

Remarriage of a surviving divorced mother or father will prevent him or her from becoming entitled to mother's or father's benefits on the deceased spouse's Social Security record. When the subsequent marriage ends, whether by death, divorce, or annulment, the individual can become entitled beginning with the month the subsequent marriage ends.

## County 4-Hers show top barrows at fair

Wesley Ralston, Danna Ralston and Kevin Bruton, members of the Castro County 4-H club, were winners in the barrow show at the Tri-State Fair in Amarillo.

82 youths from 4-H and FFA groups from around the Panhandle competed in the show.

Wesley Ralston captured fifth place in Class One and Class Three.

Third place in Class Two and fourth place in Class Four were awarded to Danna Ralston.

Kevin Bruton took home a fifth place ribbon in Class Three and a tenth place ribbon in Class Four.

Prize money in the show was

awarded with \$750 and a banner going to the Grand Champion Barrow. Reserve Champion earned \$500 and a banner. Money was also awarded to the top 10 places in each class with first starting at \$75; second, \$60; third, \$50; fourth, \$40; fifth, \$30; sixth \$25; and the final four places, \$20.

**ESSENTIAL TOO!**  
The boys on the field are carrying the bulk of the game, but all the boys on the bench are eagerly awaiting their opportunity to get in the game. Some will get to play, others won't, yet each is essential to the team. During practice each week their efforts help build a better team.  
To function properly, a church must work as a team. The Pastor and his associates carry most of the load. Many others are needed to help train and teach, or do many other tasks. However whether or not you can serve the Lord in some capacity, *your presence* in the worship services does help you and others too.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

# Graham enters race for Texas Senate seat

Will Graham of Borger has announced his candidacy for the Republican nomination for Texas Senator from District 31.

Graham, a former Pampa city councilman, said his priorities would be education, law enforcement and highway-farm road system.

"I'm not running for something to do," Graham said. "I'm running because something needs to be done."

"When I served on the Pampa City Council, I was acutely aware of the responsibility one assumes in public service. To make wise decisions, leadership and maturity are certainly required—but to be truly effective, one must also listen carefully and constantly to citizens he represents in order to accurately reflect their views. I would carry that conviction to the Texas Senate, along with the experience of understanding how many bills passed by the Legislature impact upon our Panhandle cities and towns," Graham said.

Graham said a state income tax will probably be considered in the

next session of the Legislature and he said that "To a burdensome tax such as a state income tax, I can assure you my vote would be 'No!'"

A lifelong resident of the Panhandle, Graham was born and raised in Tulia. He has lived in Hereford, Amarillo, Pampa and Borger. He and his wife, Evelyn, have been active in church and community affairs all during his adult life, except for active duty in the Navy. The couple have two children, John and Barbara, and four grandchildren.

Graham attended Baylor University where his major was pre-dental. He attended Baylor College of Dentistry, was a medical combat assistant and National Naval Medical Center, and studied orthodontics at St. Louis University, Indiana University and Southwestern Society of Orthodontics.

Graham has served on the Texas State Board of Dental Examiners,

**Will Graham**

in addition to being a member of the Pampa City Council.

"I've always been committed to the Panhandle, and this new challenge is invigorating after a fulfilling professional career in dentistry and by duties in public office and community service at the local level," Graham said.

## Legislators seek limits on farm program payments

A New York Democrat and a Massachusetts Republican have joined forces to effect a tightening of payment limitations so severe as to threaten destruction of the most successful cotton program the industry has ever seen.

So say officials of Plains Cotton Growers, Inc. who last week urged the administration and congress to stand firm against changing current limitation rules.

### AIDS test offered Oct. 6

The Panhandle AIDS Support Organization and the Bi-City, Bi-County Department of Health will be offering HIV testing Tuesday, Oct. 6 for those who wish it. This service will be offered the first Tuesday of each month for as long as seems necessary.

The test is free and confidential and is open to everyone. A name is required on the serology form used by the Department of Health, but it can be a pseudonym. No address or telephone number is required.

Information as to the site of the testing will be given to anyone who calls 372-4557, gives a first name and a telephone number. The call will be returned and the information as to the time and place of the testing will be given.

U. S. Representatives Silvio Conte of Massachusetts and Charles Schumer of New York are pushing a bill aimed at closing "major loopholes: in the eligibility requirements for farm program payments. Boiled down, the bill would allow one \$50,000 payment to one taxpayer identification number. And that only if the number represents a person or entity "actively engaged" in farming, i.e. providing personal labor or active management, plus contributing cash, equipment or land to the operation. The bill's sponsors say such a law for the final three years of the 1985 Farm Act, 1988 through 1990, could save the government in excess of \$2 billion.

But that calculation, PCG argues, fails to look beyond the bare projection of the difference between direct payment costs as the limitation is currently administered and direct cost under the Schumer-Conte proposal.

What we see for cotton in the wake of such legislation, says PCG Executive Vice President Donald Johnson, is a complete breakdown of the program's production Vice President Donald Johnson, is a complete breakdown of the program's production control mechanisms. "Medium and large-scale farmers would be forced outside the program, there'd be a big increase in production and a rebuilding of surplus stocks, followed by much higher government storage costs,

dirt cheap market prices, per-pound deficiency payments back at maximum rates and a resumption of big export subsidies."

The House Agriculture Committee in last year's debate on agricultural appropriations was instructed to tighten up on payment limitations. The House Cotton Subcommittee, led by Chairman Jerry Huckaby (D-LA), has responded with a legislative proposal somewhat less restrictive than the Conte-Schumer measure. A person would be allowed one \$50,000 payment on his individual operation and, through participation in no more than two other entities, could collect up to another \$50,000. It carries a similar definition of "actively engaged in farming," but would retain payment eligibility for all landlords receiving crop share rent.

Reportedly Schumer and Conte were invited to join subcommittee members backing Huckaby's bill but elected to write their own measure. They have announced their intention to get around opposition in the agriculture committee by attaching the bill to the budget reconciliation measure.

"Industry observers," Johnson says, "are less than optimistic about chances to defeat Conte and Schumer in the House." If the bill gets through the House, he continues, the remaining hope is that the Senate will refuse to allow a limitation rider on its budget bill and refuse to agree with the House bill rider in conference committee.

Bro. Bentley and Kathy Gwyn visited with his dad, Bentley Gwyn Sr. in Tulia Monday.

Emma Jean King attended the funeral service for J. B. Raper in the First Baptist Church of Dimmitt Saturday afternoon.

Ezell and Verba Sadler visited with Howard and Monarae Cummings of Earth Sunday night after the church service.

Emma Jean King and Marshall and Kaye King attended the Dimmitt Eastern Star Friendship supper in Dimmitt Saturday night. Marshall and Kaye had charge of the event which involved a meal and a program for all the Eastern Star members or Chapters in the area.

C. B. and Gean Lunsford of Danville, Ark. visited Monday afternoon the 28th with Larry and Sharon Sadler.

Sharon Sadler and Judy Loudder attended the funeral services for Jerry Helton in Muleshoe Monday morning the 28th

Terri Loudder, Lacy, Jake and Katy spent the weekend in Amarillo. They went to the Ice Capades with Terri's parents, Dr. and Mrs. W. R. Fleming, and her niece, Kayce Haenisch Friday. Saturday they went out for barbecue with the Flemings and Terri's sister, Linda Haenish, her husband Barry and her children Kyle and Kayce. Saturday afternoon Terri visited with her former college room-mate Renae Hauduk and her daughter Annie. Sunday they attended the 25th anniversary of St. Stephen United Methodist Church where her father was pastor from 1969 - 1975. That afternoon before coming home, they visited with an old friend of Terri's, Camilla Quirk. Camilla is a former Dimmitt resident. She is the daughter of Bruce and Selma Taylor of Stanford. The Taylors, Bruce, Selma, Annabelle, Marthnell, Butch and Camilla, moved from Dimmitt to Amarillo in 1969.

Verba Sadler reported that the Hereford Bluegrass group will play at the Canterbury Villa Nursing Home in Dimmitt Saturday starting at 3:15 p.m.

Alberto Robles Valdez, 20, of Dimmitt was arrested for failure to appear on charges of having no drivers license and no proof of insurance.

A 29-year-old Hereford woman was arrested Sunday for having no drivers license and speeding.

There was one arrest for public intoxication this week.

environmental effects of a repository. A major concern over the repository involves the storage of materials, including a mound of salt which the Department of Energy specifications state would be 38 feet tall and cover 55 acres. Condra's team of researchers will build wind tunnels to study the effects of wind erosion, surface runoff and groundwater movement on the salt pile. These factors are important because sodium salts can alter soil structure by making the land less able to absorb water and support plant growth, Condra said.

The third aspect of the project will be a survey of public opinion in the three counties. Residents will be questioned, probably through a mail survey, about their attitudes and opinions regarding a high-level nuclear waste site in Deaf Smith County, according to Condra.

This public opinion survey is an attempt to assess the fears and perceived risks of a high-level nuclear waste repository.

"If we have a concern, whether or not it is real, we will react according to that perceived risk,"

Condra said. And that reaction will transfer into an economic effect, he added.

Previous studies by the Texas Department of Agriculture on the effects of site location in Deaf Smith County have not addressed Castro, Parmer and counties at all, Condra said.

"These three counties stand very little chance of benefiting if the site is located in Deaf Smith County," Condra said. "In the immediate area, near Hereford, there may be increased trade and construction because of people moving in, but that won't affect these three counties. They do, however, stand the chance of being negatively affected if the businesses in their counties and in Deaf Smith County leave and refuse to buy agricultural products and livestock for fear of contamination."

The CPSCRAC has allotted \$295,000 of its federal funding to the first year of the Texas Tech study. CPSCRAC is made up of the county commissioners and county judges in each of the three counties.

## More about

## 1:1

(Continued from Page 1)

Dimmitt has produced a state senator, a congressman, and now a state railroad commissioner. Of course, it's all the same guy.

When Kent Hance was sworn into office on the three-man Texas Railroad Commission last Wednesday, guess who was sitting with him on the stage in the capitol rotunda? You're right—his mother, Beral. She didn't have anything else to do that day, anyway.

Also on the stage were Kent's wife, Carol; their children, Ron and Susan; and Carol's mother, Nancy Hays.

As it turned out, it was a good thing they had reserved seats.

"I never saw such a crowd in my life," Beral said. "The building was completely filled, and men were standing in all the aisles. They estimated the crowd at 2,000. I saw people I had known back in East Texas many, many years ago. And I'm still getting letters nearly every day from people I used to go to school with."

Gov. Bill Clements appointed Kent to the seat held by Mack Wallace, who was the commission chairman when he resigned recently to go into private law practice. Kent plans to run for election in 1988 to complete Wallace's term, which runs through 1990. He's serving with John Sharp and Jim Nugent on the powerful commission.

If Kent wants the commission chairmanship, he can probably have it, despite being the first Republican ever to serve on the RRC. Sharp teamed with Wallace last January to oust Nugent as chairman, so Sharp and Nugent most likely wouldn't vote for each other. The commission skirted the chairmanship issue in its first meeting, and could decide, for the sake of harmony, to operate without a chairman, since state law doesn't require the RRC to have one.

The appointment could be a new turning point in Kent's political career. Running for election in 1988 as the "inside track" candidate will enable him to continue building a statewide campaign organization. That's where he fell short in his statewide races for the US Senate and the governorship.

Of course, Kent isn't making any commitments beyond next year's Railroad Commission race. Asked after the swearing-in last week if he had any gubernatorial ambitions, he told reporters, "I don't even want to talk about that. That's something that's a long way off. Right now, I want to be the best railroad commissioner I can be. If other things open up, fine. If they don't, fine. I

may like this job so well that I'll want to do this in 1990, 1996 or whenever the voters will vote for me."

Kent has already made some waves as a railroad commissioner by calling for an effective national energy policy.

The energy crisis has affected not only the oil and gas industry which the RRC regulates in Texas, but also real estate, banking, farming, small business, state government and education, he said.

Helping make the oil and gas industry viable again, increasing state revenue from the energy industries to benefit public education and state government, eliminating the "boom or bust" periods, trying to establish safeguards for the price of oil — these are some of the problems the Texas Railroad Commission is having to address.

Kent has his work cut out for him.

## Historical Commission meets Oct. 8

The Historical Commission will meet Thursday, Oct. 8 at 2 p.m. in the Rhoads Memorial Library.

The commission will discuss a date for the dedication of the monument which has been ordered for the old Flagg Cemetery.

Commission member Teeny Bowden urges all former Flagg residents to attend the meeting.

The meeting is open to the public.

*What is man's most deadly enemy in the wildlife world? The lion? The polar bear? According to National Wildlife magazine, mosquitoes may be man's deadliest foe.
