

E. L. Carpenter Dies Unexpectedly While On Vacation

Funeral services for Elmer Lee Carpenter, well-loved Dimmitt resident, were held at 3 p.m. Saturday in the First Baptist Church here.

The Rev. Frank Pollard, pastor, officiated. He was assisted by Rev. U. S. Sherrill of Abert, former pastor of Dimmitt Methodist Church. Burial was in Castro Memorial Gardens under direction of Dennis Funeral Home.

Mr. Carpenter, 54, was a Castro County resident for 23 years. He moved to Dimmitt from Anson. He was formerly a farmer and was head of the meat department of Ben's Food Store. He was well-known as a fellow who enjoyed life and loved his fellowman. He was gifted with his hands. He invented a two-steering wheel mail truck which could be operated from both sides of the truck. Just before going on vacation, he built a small chuck wagon into the back of the familiar orange truck for use while camping during the family vacation.

Mr. Carpenter left a big vacancy at First Baptist Church in Dimmitt where he was an active member and served as chairman of the deacons.

He and his wife were visiting their daughters, Joyce and Floyce, and families when he passed away unexpectedly from a heart attack. He was enroute Thursday from Joyce's home to Floyce's home when he got a choked feeling and found it difficult to breathe. They rushed him to Rocky Ford, Colorado, to a hospital where he was pronounced dead on arrival.

He is survived by his wife, Irene; two daughters, Mrs. Joyce Autry of Rocky Ford, Colorado and Mrs. Floyce George of Ordway, Colorado; three brothers, J. O. of Dimmitt, L. O. of Lafayette, Louisiana, and O. B. of Dallas; one sister, Mrs. Wynona Pitman of Ft. Worth; four granddaughters and one grandson.

Active and honorary pallbearers were friends and deacons of First Baptist Church.

Active pallbearers were Lester Dowell, Elmer Yosts, Jim Hays, Claude Millsap, Ivor Bagwell and Ben Hill.

Funeral Services Held Monday For Mrs. Mary Brock

Funeral services for Mrs. Mary A. Brock, 83, mother of Earl Brock of Dimmitt were held at 3:30 p.m. Monday in Bowman Chapel of First Methodist Church, Lubbock with Dr. J. O. Haynes and Rev. E. E. White officiating.

Burial was in City of Lubbock Cemetery under direction of Sanders Funeral Home.

Mrs. Brock died in a San Angelo hospital Saturday afternoon after an illness of about two years.

She was a member of the First Methodist Church, Lubbock. She was a Lubbock resident since 1924.

Survivors include five sons, Earl of Dimmitt, Arthur of Hereford, Charles of Tahoka, Donald of Longview and Ralph of Lubbock; three daughters, Mrs. R. M. Dalton of San Angelo, Mrs. William Hovestadt of San Antonio and Mrs. C. A. Holcomb, Jr. of Andrews; a brother, Elbert Marsh of Whitney; 22 grandchildren and 24 great-grandchildren.

Above Average Onion Crop Made By J. G. Davis

Another success story is recorded for Castro County in the vegetable growing line. Known sometimes as "the garden spot of the world," Dimmitt is maintaining this title by producing such onion crops as reported by grower, J. G. Davis.

The Sweet Spanish onions graded 98 per cent number one's and our of this percentage, 85 per cent of the onions were Jumbos.

The onions were processed and sacked by Pacific Fruit and Produce Co., Dimmitt. Davis onions were sent to Miami, Florida, Montgomery, Ala. and Baltimore, Maryland.

The buyer in Miami called the packing company here and said "this was the best load of onions we've ever received." He asked the company to send him more of Davis' onions.

The 7.8 acres of onion land farmed by Davis, produced 5,400 sacks of the vegetable. The sacks weighed 53 lbs. each. The acreage produced about 286,200 lbs. of onions.

Dave Campbell, manager of Pacific Food and Produce said this was an above average crop of onions. The onion harvest started around the first part of July for the county. Harvest is nearly completed in the county according to Campbell.

When Davis was asked concerning his growing success of onions he replied, "I don't know of anything special I did except to spray the onions quite frequently and keep them bug free." This was Davis' first time to grow the vegetable.

LANELL LAFON

Miss Grain Sorghum Of The Nation

An audience of approximately 800 watched Miss Lanell Lafon of Muleshoe crowned "Miss Grain Sorghum of the Nation" for 1966 Saturday night at the Dimmitt High School auditorium.

The young beauty achieved the honorable title out of 26 High Plains and Oklahoma beauties. The 5 ft. 7 in. Lanell is 19 years old and weighs 116. Her measurements are 33½-23¼-35½.

She will be a freshman in college at Texas Tech this fall. She is a graduate of Southwestern Junior College Academy. She is the daughter of Mr. and Mrs. Rufus Gilbreath, Muleshoe. She was sponsored by the Muleshoe Chamber of Commerce.

"Miss Grain Sorghum" was crowned by outgoing queen, Cheryl Potoc of Olton. She was handed a dozen roses and presented the winner's gigantic trophy plus \$500 scholarship to the college of her choice.

Miss Lafon won the winner's crown twice in two nights running. She was crowned Bailey County Farm Bureau queen Friday night and Miss Grain Sorghum Saturday night.

The young queen is a member of the Young Republicans at Texas Tech. She was first alternate in Maid of Cotton contest, Lubbock. She is Bailey County Farm Bureau queen for 1965.

In the talent portion, Miss Lafon sang "It's Almost Like Being In Love."

First runner-up to Miss Grain Sorghum was Miss Christine Sheets of Guymon, Oklahoma. The personable young girl was awarded a trophy and \$200 scholarship to the college of her choice. Sponsored by Guymon Rotary Club, she is 13 years of age, weighs 110 and measures 35-22-35. She plans to attend Oklahoma University this fall. She was Miss Guymon, 1965 and placed fourth runner-up in Miss Oklahoma, 1965.

Second runner-up, Elsie Mae Fare, was awarded a trophy and \$100 scholarship. Sponsored by Holman's Clothing Store, Booker, she is the

daughter of Mr. and Mrs. H. E. Fare, Booker. She is 18 years old, weighs 110 and measures 34-23-34. She is a graduate of Booker High School. She was selected Miss Booker, 1963. She has been basketball captain, All-District forward for two years, track captain and church pianist.

A touch of the new was added to the sixth annual beauty pageant. The 26 contestants voted among themselves at the noon luncheon for "Miss Congeniality." This honor was presented to Dianne Rodgers of Midland before the crowning of Miss Grain Sorghum. Miss Rodgers was selected by the other contestants as being the most friendly and good-natured of the girls. She was awarded a \$25 gift certificate.

Top ten contestants included two Dimmitt girls. Top ten and their

sponsors were: Kathy Leinen, Dimmitt Jaycees, Dimmitt; Peggy Woolridge, Armstrong Co. Farm Bureau, Claude; Dianne Rodgers, Rawlings Hotel, Dimmitt, Midland; Lanell Lafon, Muleshoe Chamber of Commerce, Muleshoe; Eva Giles, Community Grain Co., Dimmitt; Dianne Mosely, Collingsworth Chamber of Commerce, Wellington, Quail;

Elsie Mae Fare, Holmans Clothing Store, Booker; Christine Sheets, Guymon Rotary Club, Guymon, Oklahoma; Tanga Kay Neel, Memphis Jaycees Memphis; and Jane Scanlan, Amarillo Jaycees, Amarillo.

Another award was presented to

a deserving person Saturday night. Mrs. Dorothy Magness, secretary of the Chamber of Commerce was presented a gift certificate by Pete Wright, chairman of Miss Grain Sorghum Committee for the outstanding job she has also done as an out-letter and shouldering a big part of the work load on Miss Grain Sorghum. She has 190 done an outstanding job as secretary of Castro County Activities committee and helping write letters and get plans rounded up for Roundup Week.

Judges for the pageant were Mrs. Howard Dolly Lynch of Amarillo, Otis "Pop" Echols of Clovis, N. M. and Charlene White of Lubbock.

Johannie Linn of radio station KDHN in Dimmitt gave a polished job as master of ceremonies for the event. He interviewed Miss Grain

Roundup Week Fun

Kids Enjoy Contest Day

Contest day got underway Monday with plenty of excitement as children gathered on the east side of the courthouse square to enter Playday Activities sponsored by the Dimmitt Lions Club.

First event on the agenda was the "Bubble Blowing Contest." This award was won by the windiest or the one able to blow the biggest bubble. Winners were Patty Jackson, 5th grader; Jon Cook, third grade; and Sherry Singer, third grade.

Winners of the bicycle obstacle race for first, second and third graders were Terry Thompson, first place with a time of 27.3; Keith Crum, second place with a time of 29.9; and Jerry Schaeffer, third place with a time of 30.1.

Bicycle flag race for grades 4, 5 and 6 included following winners: Susan Woods, first with a time of

24.1; Stephen Fry, second with a time of 25.4; and Jimmy Davila, third with a time of 25.5.

Tricycle obstacle race for pre-school youngsters had the following winners: Linda Wise, first, 20.3; Donna Schilling, second, 21.6; and Jo Beth Bates, third, 23.8.

In the jump rope contest for girls in the 4, 5 and 6 grades the following winners were announced: Martha Bates, first; Anita Singer, second; and Vicki Bates, third.

In the Junior High School, winners of the football throw for distance were Mark Cleavinger, first; Gene Gee, second; and Kenny Doss, third.

Basketball handling and dribbling contest for Junior High girls the following were winners: Cathy Woods, first with time of 20.1; Ruth Dyer, second with time of 21.2; and Delores Wilke, third with time of 23.4.

In the boys' tug-o-war between

fourth, fifth and sixth graders the team called the Tigers won over the Eagles. The losers were doused with water from firehose as a stream of water flowed across the middle of the rope.

Water Polo Fights Wet General Area

Water polo fights Monday afternoon provided "wet" entertainment for both spectators and participants on the east side of the square.

Two teams composed of fire boys, Junior Goolsby and Guy Waldrop, and Harry Hauf and Pat Harbour started the water game with a session called "wetting the hose" or getting the hose ready for newcomers to the game.

Waldrop and Goolsby won the first bout.

Second game was between KDHN disc jockeys, Lee Henry and Bob Slay and the Dimmitt Jaycees, Jimmy Presley and Don Robb. The inexperienced team of Henry and Slay slaughtered the inexperienced Jaycee team on the first water bout.

That was it, the Presley and Robb team went to town to beat the disc jockeys in next go-around. After such experience, the Jaycee team defeated Bill Birdwell and Don Schilling in the fourth water polo fight.

The water polo games continued until after 5 p.m. Junior High girls and boys battled the ball back and forth under reduced pressure on the fire hoses.

New Sales Manager At Dimmitt Motor

Barney King of Plainview assumed his duties recently as sales manager at the Dimmitt Motor Company. King was formerly employed in the sales department of the A. C. Benson Chevrolet Company at Plainview.

King, his wife Judy and little 19 months old daughter, Kayla, will move to Dimmitt just as soon as a residence can be secured.

Thrills—Chills—Spills

Dimmitt Rodeo Opens Gates Tonight; Record Crowd Expected To Attend

Dimmitt rodeo will get underway tonight at 8 p.m. with plenty of wild west thrills, spills and chills for spectators and cowboys. The rodeo highlights the latter part of Castro County Roundup Week and the gates will open Friday and Saturday nights at 8 p.m. also.

Spectators will be treated with spiningling excitement of bull riding, bareback bronc riding and saddle bronc riding. There will be tie down calf roping to test the skills of the ropers. Also features of the Dimmitt rodeo will be bull dogging event and barrel racing.

A calf scramble for the kiddos has been arranged. In this scrambled affair, either the calf or the youngster will come out as winner.

Glenn Green of Amarillo will be furnishing the rodeo stock this year. Area contestants have been invited to compete during the three nights of top-notch rodeoing.

"All-Around Cowboy" will win a sterling silver belt buckle in addition to prize money. Fifty dollars

has been added to the saddle bronc riding purse.

A barbecue is on tap for tonight at the Catholic Recreation Center, southeast of Dimmitt starting at 5:30 p.m. Plenty of beef, beans, bread have been ordered to feed over 600 people says Dale Carmichael, chairman of the barbecue.

Tickets to the barbecue will be available at the door this evening.

ASCS Community Committee

Election To Be Held Soon

Community Committee election for Castro County ASCS for 1966 will get underway August 20 with ballots being mailed to all known eligible voters announces Charley Hill, ASCS manager.

The following list of nominees for the five communities listed below have been selected by the present Community Committee. In the event that any other individual wants other nominees placed on the ballots to be voted on, they should submit the names of the person or persons whom they want on the ballots by petition, signed by at least six eligible voters.

Nominees should be currently engaged in the operation of a farm or ranch, well qualified for committee work and representative of the various sections and types of agriculture of his community.

Petition must be in the Castro County ASCS office on or before Friday, August 13.

Persons nominated by petition will be placed on the ballot if they are found eligible and willing to serve.

Community Committee is responsible for determining the eligibility of nominee and will promptly notify any ineligible person nominated by petition of their ineligibility and right to appeal.

The County Committee is responsible for seeing that the community committees select minority races so that the total of such nominees is in the same proportion as they are in the total farm population (owners, tenants, and sharecroppers) in the county.

The Committee has the right to select additional nominees as desired and as required to comply with the requirements for selecting the slate of nominees.

Ballots will be mailed to all eligible voters on Friday, August 20 and must be returned to the Castro County ASCS office no later than September 6. Ballots will be tabu-

lated on September 8 with the County convention being held on September 22. County and Community Committees will take office on October 1.

Following is list of nominees for five communities:

Air Show Attracts Crowd

Considered a big success, Jaycee Air Show day went off with smooth perfection Sunday afternoon at the airport, north of Dimmitt.

Rayphard Smithson, chairman of the air show and chief chef said 700 lbs. of barbecue were consumed and 500 lbs. were sold to the public. It was reported some of the Jaycees

came begging for some meat around 5 p.m. but were too late — the whole lot had been sold.

The Jaycee-ettes kept the thirsty crowd supplied with plenty of cold drinks at the concession stand.

First big event of the air show following the barbecue and all its trimmings was the Fort Hood sky divers.

Eight men took the first jump from Dan True's "Fairchild 71" at 7,500 feet. After a 30-second elapse, the good landings were made as the divers were able to stay on their feet when they hit the ground. All the divers hit the landing area on the first jump.

Second skydive was taken from the 10,000 ft. level. Eight Fort Hood skydivers opened parachutes after a 45-second free fall period. Seven of the divers hit the target. The last jumper missed the intended area by a short distance.

Another exciting event of the afternoon was stunt flying by local pilot Bob DuLaney. The daredevil pilot averted the crowd by his impossible-looking stunts. He thrilled the audience with loops, barrel rolls and a dead stick landing. These were among a few of the many stunts the pilot gave the audience.

Airplane rides throughout the day kept most of the aircraft busy off the ground. Many youngsters and oldsters experienced their first thrill of being off the ground.

The second event of the big Roundup Week was a well-attended success.

Bedford Street Church Of Christ Plans Bible School

Church of Christ, 4th and Bedford, is having Vacation Bible School program August 16-20, announces Ronnie Parker, minister.

Classes for two year olds through 7th grade will be held 9 a.m. to 11 a.m. daily.

Father Of Joe Cowen Succumbs

Funeral services were held Sunday for John R. Cowen, 83, father of Joe Cowen of Dimmitt. The services were at 2:30 p.m. in the Presbyterian Church, Clifton.

John Withers, pastor, officiated. He was assisted by Chaplain W. T. Gigstad. Burial was in Clifton Cemetery.

Mr. Cowen expired Thursday night August 5 in Sunset Lutheran Home after two years of illness.

Survivors include three sons, Joe of Dimmitt, Wilson of Bethesda, Maryland, and Hardy of Seattle, Washington; one daughter, Mrs. Jeff Richard of Belton; six grandchildren; and four great grandchildren.

LOOKING AT AN ABOVE AVERAGE crop of onions are John L. Spencer, farmers southwest of Dimmitt, J. G. Davis, onion grower and Jack Goodloe, shed foreman at Pacific Fruit

Gov. John Connally's future plans re the talk of the capital.

On his decision hinges the political future of many Democratic candidates for numerous federal and state offices.

No one in his party wants to run against the popular Democratic party leader and top vote-getter, but there is talk of his possible retirement. This would change the complexion of many races in 1966.

Connally has indicated that he will make his plans known before the General Election in November. This in order that other state political figures, whose moves depend on his, can set their own sails.

In the latter category are Lt. Gov. Preston Smith and Atty. Gen. Waggoner Carr. Both want to run for governor.

A race by Smith and Carr for the higher office would place their own jobs up for grabs - and plenty of candidates would file for these posts.

Connally says that neither the four-year-term amendment, which will be voted on November 2, nor the possibility of a federal appointment will play a part in his decision whether or not to retire.

Other speculation is that he may run for the US Senate next year against the incumbent, Republican Sen. John Tower.

There also is talk that, regardless of Connally's decision, US Senator Ralph Yarborough may enter the Governor's race next year. He could do this without relinquishing his present post.

So goes the talk in the state capital where speculation always runs high.

NOT SO BAD - Dr. James Schless, director of the state's TB hospital system, isn't claiming perfection. But he doesn't think the number of persons leaving the hospital against medical advice is alarming.

"We don't bat a thousand," said

Schless, "but a layman looking at the figures could easily get the wrong impression."

Figures he referred to reveal that out of the 2,914 persons who left the state's TB hospital's last year, 601 were non-contagious. They were of them left without medical advice.

Dr. Schless says most of those 601 cured and they are not a menace to public health. But they left before receiving the 18-24 months of treatment necessary to give a 98-percent chance of never having TB again.

Those who leave before getting past the contagious stage usually are returned quickly by health authorities. After "going over the hill," such patients usually are quarantined.

ORANGE POLLUTION - State Water Pollution Control Board has asked officials of the City of Orange to try again to get voter approval of a bond issue to provide funds for cleaning the city's pollution of the Sabine River.

Orange voters recently turned down a \$3,000,000 bond issue by a mere 29 votes. It would have corrected the city's sewer troubles.

Mayor Neil Miller Jr. admits that the city's sewer system is polluting the river at six points within the city limits. He said the city must re-submit the matter to the voters.

INTERSTATE HIGHWAY - Plans for development of a section of Interstate Highway 10 west of Fort Stockton in Pecos County have been approved by the Texas Highway Commission.

Area extends from 5.9 miles west of Fort Stockton to 7 miles east on the present US 67.

HIGHWAY HEARINGS - Texas Highway Commission, working on its busiest docket in years, heard 19 county delegations request \$82,167,010 for highway construction projects.

By far the largest requests came from Dallas and Harris counties.

The Falcon Tourist Route Association gained a generally favorable reaction from the Commission when it asked that a 207-mile route from San Antonio to Zapata be given a single number.

They preferred that it be designated as US 233 or Texas Highway 15. Route through Bexar, Atascosa, McMullen, Duval, Jim Hogg and Zapata counties now has a number of designations.

SALES UP - June retail sales in Texas was up 2 per cent over May, reports the University of Texas' Bureau of Business Research.

Ordinarily, June sales are down an average of 6 per cent from May. Bureau's only explanation for the rise was the fact that June was the state's first month of consistently sunny, pleasant shopping weather.

COMMITTEE APPOINTMENTS - Additional interim committees have been named by House Speaker Ben Barnes and Lt. Gov. Preston Smith.

Barnes appointed Reps. Paul Floyd Wayne Gibbens, Gene Hendryx, Geo-

rge Hinson, Randy Pendleton, Tommy Shannon, Richard Slack, James Siler, Terry Townsend and Ralph Wayne to the Legislative Council.

Smith named Sens. A. M. Alsen Jr., Dorsey Hardeman, Grady Hazlewood and Bill Moore to the Budget Board.

He also appointed: Sens. Tom Creighton, Ralph Hall, Jr., and Don Kennard to study elections.

Sens. Criss Cole, Martin Dies Jr., Franklin Spears to study the nursing profession.

Sens. Roy Harrington, Andy Rogers and Pete Snelson to study college faculty compensation.

TEXAS TOURISM GETS NEW BOOST - A Texas movie entitled "TEXAS - Land of Contrasts" soon will be available for showings before civic groups throughout Texas and the nation.

It is a professional job produced entirely within the Texas Highway Department, except for the guest commentator. Its estimated value is \$70,000. But the department self-produced it for \$9,300.

The 28-minute production was filmed by Hal Stegman. Script was written by Keith Elliott. Dave Smith Austin public relations executive, is commentator.

More than 100 copies of the color film now are being made by the Department.

In discussing the film Herb Petry, chairman of the Highway Commission, said: "This is Texas as it really is - a Fun-tier State - offering recreational attractions to suit every taste. It features our forests, mountains, plains, seashore, caverns, lakes and may cultural attractions.

Said Tom Taylor, director of the Travel and Information Division, "Texas is so large that to depict its many wondrous attractions in a single 30-minute film is virtually impossible. This, therefore, is the first of a series designed to make Texas better known to both residents and outsiders as a recreational center."

First to sign up for a showing was the Texas Press Association. TPA scheduled the film for its 15th Annual Advertising Convention in Galveston on September 11. Bob Warner, former newspaperman now a Highway Department information officer, will handle the Galveston presentation.

VISITORS GET BREAK - Free parking for tourists who wish to visit the state capital has proved a boom.

Perennial parking problem around the capitol for years has kept many visitors away. But no more.

Where the Old Walton Building once stood, directly in front of the capitol grounds at 11th and Congress, the state has provided plenty of parking space exclusively for tourists.

Two hours of free parking are furnished in a supervised lot.

Result is a noticeable increase in the number of in-state as well as out-of-state visitors.

Cong. John Tower's Washington Report

It is most disheartening to me that continued incorrect governmental actions are resulting in a steady and oppressive increase in the cost of living. Unwise agriculture policies are a major culprit as is continued federal spending of more money than the government takes in.

An unbalanced budget can be disastrous to a family. A nation likewise pays a price. And, the price is paid by the Nation's citizens whether or not they agree with the government policy of spending non-existent dollars.

The cost of living shot up in June by one-half of one percent for the biggest increase in two years. But the worst result of federal fiscal ineptitude was a whopping 6.1 percent increase - in just one month - in the cost of meat, poultry, and fish, coupled with a June increase of 3.7 percent for fruits and vegetables and a 10 percent hike in the cost of potatoes.

Federal "number experts" were quick to point out that the take-home pay of factory workers with large families increased in June by 50 cents. What they did not point out is that 33 cents of that increase was wiped out by the same month's cost-of-living increase.

June consumer prices - and we all are consumers - were up more than 10 percent from their 1959 level. That inflation has lowered the purchasing power of the \$10 bill to \$9.08. The increased cost of food parallels this general consumer price inflation.

Mistaken governmental policies continue. A failure to come to grips with the Bracero question resulted in a labor shortage that left some crops rotting in the fields. Result: higher food prices. A failure to balance the federal budget, even in a time of high national prosperity, has caused the government to "create" the deficit dollars it wants to spend.

Each of those "created" dollars cheapens every other dollar. Result: It takes more dollars to buy things. This nation must return to fiscal sanity and more sound labor and farm policies or we are doomed to perpetual cost-of-living increases, increases that will be far harder on the poor and on the middle-income family with children to educate than they will be upon the rich.

COMFORT IS A TENDER TRAP

Dear Blabby: I am 37 years old (more or less) and I've been trying to get George to ask me to marry him. We've been going together for five years, and he takes me out all the time. He says I'm beautiful, a good sport, wonderful company and all that . . . but he won't say anything about wedding rings or altars. What more can I use to persuade him? —LIVE ALONE AND DON'T LIKE IT.

DEAR LIVE-ALONE: Let's start at the beginning. First, he takes you out. Let's stop that, instead, you entertain him in your home. Let him loaf around your house and enjoy himself. Seat him in your most comfortable chair, cook some delicious meals and when he admires your cooking and comfortable home, let him know, that you shop at ALLENS HOME FURNISHINGS. That'll prove to him you know good value, and how to furnish a home with quality and economy. Do this . . . and I'll be there to catch your wedding bouquet.—BLABBY

A. W. Benner Resigns Scout Post In Area

Oscar Crain, President of the South Plains Council, Boy Scouts, announced today the resignation of Council Executive, A. W. "Gus" Benner, who has served this area since February, 1957. Gus announced today that he had accepted a position with the National Council, Boy Scouts of America, as Deputy Regional Scout Executive of Region Seven, with headquarters in Oak Brook, Illinois, near Chicago. This new position will entail a service area which includes seven Councils in Southern Wisconsin. The effective date of leaving the South Plains Council will be September 14th. The south Plains Council has had an outstanding growth during this period in all phases of the Council Program, reaching a membership of over 10,000 boys registered. Gus has been active in Rotary, as a member of the Lubbock Rotary Club, and in the Westminister Presbyterian Church of Lubbock, where he is an Elder and the teacher of an Adult Sunday School class. Before coming to Lubbock Mr. Benner had served as a Scout Executive at Paris and Dallas, Texas; Joplin, Missouri; Dothan and Selma, Alabama. During World War II he served with the 36th Division in France and Germany. A Selection Committee, appointed by the Council President, will start its work immediately to fill this vacancy.

Quality is usually higher with pre-packaged products because the amount of handling is reduced by store personnel and by shoppers. Quality is also maintained by the package itself, since moisture loss is kept down and bruising is held to a minimum. Honey is quite plentiful this summer. Exports have been so small that there's a larger than usual amount on the domestic market, according to the U. S. Department of Agriculture. Honey stores easily and will keep for months. As it gets older, it may crystallize if kept at refrigerator temperatures or lower. This is a natural process and no cause for worry. Put the jar in a pan of warm water, and the crystals will disappear.

Self-help clothing for youngsters can do much to build a child's confidence. Such clothing need not be expensive or even "fashionable." It is clothing that a child can handle himself without having to ask for help. Easy-care, washable fabrics are important for the small fry. And, when little garments can be put through the washer and dryer quickly, mother needs to buy fewer of them. Self-help features to look for when shopping or buying patterns to make garments for a child include elastic banding instead of buttons or buckles wherever logical; a few larger buttons and buttonholes instead of a dozen very tiny ones; and no complicated sashes on little girls' dresses, which mother or teacher has to tie.

Few cake frostings freeze well. However, for best results when freezing a cake, cover the cake with an uncooked frosting made of confectioners' sugar. The fat will keep it moist and creamy for four to six months. Frostings containing egg whites are not suitable for freezing because they dry out and become crystalline. Whipped cream fillings are also unsuitable. With the supply of fresh vegetables presently on the market, many of you will be interested in the bulletin "Vegetables - Selection, Care and Cooking," available in the extension office. A variety of recipes are given for such favorite vegetables as green beans, cabbage, cauliflower, cabbage corn, egg plant, okra, potatoes, squash, and tomatoes. Call or come by for your copy.

An investment in Your Future ...ATTEND CHURCH

It is no Secret...

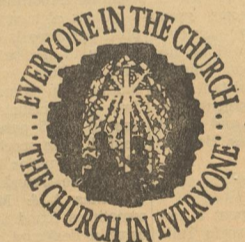

One of the great joys that children have is in telling a secret. This is one way that secrets have of becoming known.

However IT IS NO SECRET what God can do for you. This was never intended to be a secret, for God wants all to know the good news.

Isaiah said: "The Lord hath anointed me to preach good tidings ...to proclaim the acceptable year of the Lord."

Attend church regularly and hear God's word preached.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Edna Rae Hoelting - Rodger Schilling Wed Tuesday In Double Ring Ceremony

Edna Rae Hoelting, daughter of Mr. and Mrs. Edward Hoelting of Nazareth and Rodger John Schilling, son of Mr. and Mrs. Walter Schilling, Rt. 5, Dimmitt, were united in marriage Tuesday, August 10 at Holy Family Church, Nazareth. The Very Reverend Wilmer Reichel read the double ring ceremony.

were caught at bottom to form fullness. The chapel train of taffeta fell in graceful soft pleats to the floor. The bouffant veil of bridal illusion was attached to a forward headress of tiny lace flowers beaded in pearls. She carried a bouquet of white gardenias and pink roses. Cynthia Hoelting of Nazareth, sister of the bride served as maid of honor. Bridesmaids were Lavonne Schwertner of Slaton, cousin of the groom and Judy Brockman of Lubbock.

Attendants wore dresses of pink lace over taffeta. The dresses featured a bell skirt and detachable jacket with cap sleeves. They carried bouquets of white and pink pom-poms. Headpieces consisted of pink crowns and net. Shoes were pink also.

Danny Schilling of Dimmitt, brother of the groom, served as best man. Groomsmen were Philip Brockman of Lubbock and Jimmy Hoelting of Nazareth, brother of bride. Ushers were Richard Reissig of Lubbock, Ray Schmucker of Nazareth and Tommy Hoelting of Nazareth.

A reception followed the ceremony at the Nazareth Community Hall. Dance was held in the evening at the Community Hall.

For going away, the bride wore a pink and beige checked suit and beige accessories. She wore a gardenia corsage taken from the bridal bouquet.

Following a wedding trip to Colorado, the couple will be home at Route 5, Dimmitt.

The bride is a 1963 graduate of Nazareth High School. She was employee at the Joe Cowen Agency. The groom is a 1963 graduate of Nazareth High School and is engaged in farming, six miles northwest of Dimmitt.

Stop Short Strikes

Often when trailing a pork rind on your lure, especially from a bait equipped with a treble hook, the fish will strike short. There are two ways to remedy this.

First is to switch to a tailhook pork rind.
Second, open the eye of another hook and attach it to the shank of one of the treble hooks.

MR. AND MRS. JOE BIRKENFELD

Mr. and Mrs. Joe Birkenfeld Celebrate 50th Anniversary

Mr. and Mrs. Joe Birkenfeld of Holy Family Parish celebrated their Golden Wedding Anniversary Thursday, August 5. Preceding the High Mass of Thanksgiving, the couple renewed their marriage vows in the presence of their pastor, the Very Reverend Wilmer Reichel.

Four of their grandsons served as altar boys for the mass.

Participating in the High Mass of

Thanksgiving were the couple's ten children; five sons, Clarence, Herman, Harry, Eddie and Jerome, all of Nazareth; five daughters Lillian (Mrs. Paul Venhaus), Thelma (Mrs. Tom Wethington), both of Nazareth, Velma (Mrs. Walter Warren) of Hereford, Rita (Mrs. Bob Klemm) of Nazareth, and Sister M. Josella O. S. B. of Fort Smith, Arkansas. Also present were fifty grandchild-

ren and two great grandchildren and many relatives and friends.

Following the Mass, the family enjoyed a dinner with a large number of friends and relatives at the Community Hall, Nazareth. A reception was held in the Community Hall during the afternoon.

Mr. and Mrs. Joe Birkenfeld were married in Holy Family Church in 1915 in the presence of Father Peter Post O. S. B. Mr. Birkenfeld was born in St. Bernard, Nebraska in 1890 and Mrs. Birkenfeld, the former Blanche Wagner, was born in Benton, Wisconsin in 1889. They have been members of the Parish, residing on farms in northeast Nazareth and now living in Nazareth.

Out-of-town guests included: Mr. and Mrs. Leo Frerick of Brackettville; Mr. and Mrs. Harold Shaeffer and Mrs. Albert Littleken of Dallas; Albert Birkenfeld of Pryor, Oklahoma; Mr. and Mrs. Bill Bauer of Umberger; Mr. and Mrs. Mike Birkenfeld; Mr. and Mrs. Francis Birkenfeld and Nick Kahula of Rheinland, Texas; and Marcella Birkenfeld of Plainview.

County 4-Hers Meet Team Of Reporters

On July 22, at the Coronado Inn in Amarillo, Jana Cole, Carolyn Simpson, Ronnie Burks, and the county extension agents, Rebecca Gaddis, and Charles Hottel, attended an informal coke party and received a 4-H report to the nation via a team of 4-H reporters.

This team was composed of Patty Porter, Terrell, Texas; Margaret Edmondson, Carson City, Nevada; Jack Harper, Keithsville, Louisiana; and Wayne Dabney, Verden, Oklahoma. These four 4-H members are typical of outstanding youth living in town, city and suburbia throughout the fifty states and Puerto Rico, and are members of a group of eleven selected at the 1964 National 4-H Club Congress to make this report.

The Texas trip included visits to the College Station - Bryan area, Houston, Lubbock, Midland, Odessa, El Paso, Amarillo and Fort Worth.

For several years, from seven to eleven reporters have been chosen at the National 4-H Conference held in April at Washington, D. C., for the 4-H Annual Report to the President of the United States. Reporters have always been selected on the basis of their outstanding 4-H club records.

This report acquaints the public with significant trends, developments and accomplishments in 4-H throughout the nation.

These reporters inform leaders in business, industry, government, agriculture, education, civic affairs, and the communications field about today's modern 4-H program, demonstrating how it contributes to better living for youth through the development of Head, Heart, Hands and Health.

The 4-H reporters seek to increase public awareness and understanding of the objectives of the 4-H program in the community, state, and nation. And, appreciation is expressed for the important partnership role of "Friends of 4-H" in the advancement of 4-H work.

Accompanying the Texas group were Kenneth Anderson, associate director of the National 4-H Service Committee, Inc., Chicago, Illinois; Mrs. Fern S. Kelley, assistant director, 4-H Youth Development, Federal Extension Service; and Ralph Kirsh, director of resources, National 4-H Club Foundation.

TULIA TRIP
Mrs. Etta Brashears spent a few days with Mrs. Gus Barron in Tulia last week.

In 1964 the Patent Office received 87,482 patent applications.

Dessicant Named For Grain Sorghum

Sodium chlorates with metaborate has been registered as a dessicant for grain sorghum on a no residue basis. The registration is for rates up to six pounds per acre applied when the sorghum is fully mature and seven to ten days prior to harvest. Dr. Jack Price, Leader-Agricultural Chemicals was notified by the USDA Pesticide Regulation Division that a letter accepting the registration was mailed to the company July 9, 1965. Release for registration was mailed to the company July 9, 1965. Release for registration was made July 14, 1965.

Until further notice this is the only dessicant cleared for use on grain sorghum harvested for feed or food. In previous years sodium chlorate with metaborate has not been registered, although use of the material was permitted by periodic extension to a specified date (June 30) each year. Often it was several weeks before use of the material was again extended. Registration of the dessicant has now relieved this situation.

Under certain conditions, a dessicant may be helpful in harvesting grain sorghum. Most often it will be for special or emergency situations. Seed producers sometimes use dessicants to permit earlier harvest of seed and avoid weather damage. Grain producers may use it to aid in drying weeds and upper sorghum leaves that interfere with or delay the harvest.

The dessicant partially kills the plant, allowing the heads and leaves to dry more rapidly. If weather conditions are not favorable for drying the grain, grain moisture will not lower significantly even if a dessicant was used. Rapid drying will occur only when there is high temperature and low humidity following application.

Most sodium chlorates with metaborate contain 2 lbs. per gallon. Studies conducted by the Texas Agricultural Experiment Station indicate 2 gallons of magnesium chlorate applied per acre is adequate for satisfactory dessication. Experience with sodium chlorate has been similar. In some cases after ten days the moisture content of grain was 10 to 15 percent less than untreated grain sorghum. It should be added that under less favorable conditions the Foundation Seed Section of Texas A & M University has sometimes found little advantage by using a dessicant. Again it will be in special situations that a dessicant for grain sorghum may be suggested.

Ideas cannot be patented.

FREEMAN MAKES STATEMENT CONCERNING FARM BILL

"This is in reply to the large number of inquiries received by the Department of Agriculture concerning provisions of the legislation relating to wheat, feed grains and cropland adjustment contained in the Farm Bill, H. R. 9811 recently approved by the House Agricultural Committee, and to its ultimate effect upon farm income and consumer costs, particularly questions concerning a so-called "bread tax".

Major provisions of the House Bill are:

1. A wheat program basically similar to the one in effect last year would be improved and would increase wheat producers' incomes by \$150 million a year while continuing to reduce Government costs and improve production and marketing flexibility.
2. The feed grain program which has successfully reduced carryover supplies of feed grain from 84 to 56 million tons since 1961, and added \$3 billion to farm income while achieving market stability, would be extended and improved.
3. A cotton program that would continue the one-price approach which has successfully placed domestic processors in a competitive position with foreign processors and increased domestic consumption while giving cotton farmers more freedom of choice in planting and marketing.
4. A new cropland adjustment program that would assist farmers in shifting acreage from allotted crops into conservation and recreation uses.
5. A dairy program that would

make available to dairy producers in Federal order market areas a class I base provided the plan is approved in a referendum.

6. The present wool incentive program, designed to encourage domestic production of wool, would be continued for four years with the minimum support level to be set at 77 percent of parity.
7. Under the bill approved by the House Agricultural Committee, the voluntary wheat certificate program would be continued for four years. Basic provisions of the bill would:
 1. Suspend marketing quotas while the program is in effect.
 2. Continue and simplify computation of state, county and farm allotments. Allotments would be computed on the basis of the preceding year's allotment instead of five and ten-year averages.
 3. Benefits would be computed on the basis of projected yields instead of being tied to historical averages.
 4. Acreage allotments with payment for diversion to acreage to conserving use would be continued.
 5. Diversion payments authorized on additional voluntary diversion up to 50 percent of farm allotment.
 6. Domestic marketing certificate would be issued for not less than 500 million bushels annually.
 7. Wheat with domestic certificates would be supported at or near 100 percent of parity, or about \$2.50 a bushel.
 8. Support non-certificate wheat through loans at a level based on competitive world prices and feeding value of wheat related to feed grains.

Savings Bond Sales Are \$35,842 First Six Months Of 1965

Mr. Raymond Wilson, Chairman of the Castro County Savings Bonds Committee, reports that E and H Savings Bond sales in Castro County totaled \$35,842.00 for the first six months of 1965. This is 40 percent of the 1965 goal. June sales for the county were \$11,400.00.

Texas sales were \$74,878,853 for the first six months of the year, and 49 percent of the yearly goal has been achieved.

"During the first six months of 1965, over 34,000 Texas employees' signed-up-to-save in the Payroll Savings plan for the purchase of U. S. Savings Bonds. I can highly recommend this plan to all employers and employees for it's one of the finest ways of saving money ever devised. If any employers of our county would like further information about the Payroll Savings Plan, I suggest they write to the U. S. Savings Bonds Division, Room 502, 1314 Wood Street, Dallas, Texas (75202), and complete information will be forwarded to them promptly," Chairman Wilson stated.

High Plains Research Foundation Field Day Set For September 9

The High Plains Research Foundation has set the date for the 9th Annual Field Day for Thursday, September 9, 1965.

Activities for the day will begin at 1:00 p.m. with field tours of the farm to show the visitors the latest research done at Halfway. Guests will be able to ride over the plots on trucks equipped with benches for the comfort of those wishing to view the results.

The evening activities will begin with a free barbecue at 5:30 p.m. and the guest speaker will highlight the program with the major address of the evening.

Any one interested in agriculture, or in the future of the economy of the High Plains is invited to attend. One reminder to the ladies, you are invited also.

Proposed CONSTITUTIONAL AMENDMENT NUMBER SIX ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.

HOUSE JOINT RESOLUTION NO. 11 proposing an Amendment to Article III of the Constitution of the State of Texas authorizing loans to students at institutions of higher education; creating the Texas Opportunity Plan Fund and making provisions relating thereto.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article III of the Constitution of the State of Texas be amended by adding a new Section to read as follows:

"Section 50b. STUDENT LOANS. (a) The Legislature may provide that the Coordinating Board, Texas College and University System, or its successor or successors, shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed Eighty-five Million Dollars (\$85,000,000). The bonds authorized herein shall be called 'Texas College Student Loan Bonds', shall be executed in such form, denominations and upon such terms as may be prescribed by law, provided, however, that the bonds shall not bear more than four per cent (4%) interest per annum; they may be issued in such installments as the Board finds feasible and practical in accomplishing the purposes of this Section.

(b) All moneys received from the sale of such bonds shall be deposited in a fund hereby created in the State Treasury to be known as the Texas Opportunity Plan Fund to be administered by the Coordinating Board, Texas College and University System, or its successor or successors to make loans to students who have been admitted to attend any institution of higher education within the State of Texas, public or private, including Junior Colleges, which are recognized or accredited under terms and conditions prescribed by the Legislature, and to pay interest and principal on such bonds and provide a sinking fund therefor under such conditions as the Legislature may prescribe.

(c) While any of the bonds, or interest on said bonds authorized by this Section is outstanding and

paid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the sinking fund at the close of the prior fiscal year.

(d) The Legislature may provide for the investment of moneys available in the Texas Opportunity Plan Fund, and the interest and sinking funds established for the payment of bonds issued by the Coordinating Board, Texas College and University System, or its successor or successors, in income from such investment shall be used for the purposes prescribed by the Legislature.

(e) All bonds issued hereunder shall, after approval by the Attorney General, registration by the Comptroller of Public Accounts, of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under this Constitution.

(f) Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such acts shall not be void because of their anticipatory nature.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed on them the following:

"FOR THE CONSTITUTIONAL AMENDMENT authorizing the Legislature to provide for loans to students at institutions of higher education to be known as the Texas Opportunity Plan."

"AGAINST the Constitutional Amendment authorizing the Legislature to provide for loans to students at institutions of higher education to be known as the Texas Opportunity Plan."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.

HOUSE JOINT RESOLUTION NO. 11 proposing an Amendment to the Constitution of the State of Texas, amending Section 51-a and Subsections 51-a-1 and 51-a-2 of Article III so that the same shall consist of one section to be known as Section 51-a; providing that the Legislature shall enact appropriate legislation which will enable the State of Texas to cooperate with the Government of the United States in providing assistance to and/or medical care on behalf of needy aged persons over the age of sixty-five (65) who are citizens of the United States or non-citizens who shall have resided within the boundaries of the United States for at least ten years, needy persons under the age of sixty-five (65) who are totally and permanently disabled and who are citizens of the United States, and needy children under the age of twenty-one (21) years who are citizens of the United States and to the caretakers of such children; providing rehabilitation and other services included in the Federal legislation providing matching funds to help such families and individuals attain or retain capability for independence or self-care; authorizing the Legislature to prescribe residence requirements, providing for the acceptance and expenditure of funds from the Government of the United States for such purposes; authorizing appropriations for such purposes out of State funds; providing that the maximum amount paid out of State funds to any individual recipient shall not exceed the amount that is matchable out of Federal funds; providing that the total amount of such payments for assistance and/or medical care out of State funds on behalf of such recipients shall not exceed the amount that is matchable out of Federal funds; provided that if the limitations and restrictions herein contained are found to be in conflict with the provisions of appropriate Federal statutes as they now are or as they may be amended, to the extent that Federal matching money is not available to the State for these purposes, then and in that event the Legislature is specifically authorized and empowered to prescribe such limitations and restrictions and enact such laws as may be necessary in order that such Federal matching money will be available for assistance and/or medical care for or on behalf of needy persons; and in providing rehabilitation and other services further that the amounts expended out of State funds for assistance payments only to recipients of Old Age Assistance, Aid to the Permanently and Totally Disabled, Aid to the Blind, and Aid to Families with Dependent Children shall never exceed Sixty Million Dollars (\$60,000,000).

"Nothing in this Section shall be construed to amend, modify or repeal Section 31 of Article XVI of this Constitution; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision. Nothing herein shall be construed to permit optometrists to treat the eyes for any defect whatsoever in any manner not to administer nor to prescribe any drug or physical treatment whatsoever, unless such optometrist is a regularly licensed physician or surgeon under the Laws of this State."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Monday in November, 1965, at which election all ballots shall have printed

thereon the following:

"FOR the Constitutional Amendment providing for assistance to and/or medical care for the: (1) needy aged; (2) needy individuals who are permanently and totally disabled; (3) needy blind; and (4) needy children and the caretakers of such children; authorizing the Legislature to cooperate with the Government of the United States in providing assistance to and/or medical care on behalf of such needy persons, and in providing rehabilitation and other services included in the Federal legislation providing matching funds to help such families and individuals attain or retain capability for independence or self-care, and to accept and expend funds from the Government of the United States for such purposes; provided that the total amount of such assistance payments and/or medical assistance payments out of State funds on behalf of such recipients shall not exceed the amount that is matchable out of Federal funds; provided that the total amount of such payments for assistance and/or medical care for or on behalf of such recipients shall not exceed the amount that is matchable out of Federal funds; provided that if the limitations and restrictions herein contained are found to be in conflict with the provisions of appropriate Federal statutes as they now are or as they may be amended, to the extent that Federal matching money is not available to the State for these purposes, then and in that event the Legislature is specifically authorized and empowered to prescribe such limitations and restrictions and enact such laws as may be necessary in order that such Federal matching money will be available for assistance and/or medical care for or on behalf of needy persons; and in providing rehabilitation and other services further that the amounts expended out of State funds for assistance payments only to recipients of Old Age Assistance, Aid to the Permanently and Totally Disabled, Aid to the Blind, and Aid to Families with Dependent Children shall never exceed Sixty Million Dollars (\$60,000,000)."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have the same published and held as required by the Constitution and the Laws of the State of Texas.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965. SENATE JOINT RESOLUTION NO. 14 proposing Amendments to Section 4, 22 and 23 of Article IV of the Constitution of the State of Texas, so as to provide a four-year term of office for the Governor, Lieutenant Governor, Attorney General, Comptroller of Public Accounts, Treasurer, Commissioner of the General Land Office and Secretary of State; and certain statutory state officers; providing for the necessary election and the form of the ballot; and providing for the necessary proclamation and publication of the Amendment. RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 4, Article IV of the Constitution of the State of Texas be amended so as to hereafter read as follows: "Section 4. The Governor shall be installed on the first Tuesday after the organization of the Legislature, or as soon thereafter as practicable, and shall hold his office for the term of four years, or until his successor shall be duly installed. He shall be at least thirty years of age, a citizen of the United States, and shall have resided in this state at least five years immediately preceding his election. Sec. 2. That Section 22, Article IV of the Constitution of the State of Texas be amended so as to hereafter read as follows: "Section 22. The Attorney General shall hold office for the term of four years, or until his successor is duly qualified. He shall represent the state in all suits and pleas in the Supreme Court of the state in which the state is a party, and especially inquire into the charter rights of all private corporations, and from time to time, in the name of the state, take such action in the courts as may be proper and necessary to prevent any private corporation from exercising any power or demanding or collecting any species of taxes, tolls, freight or wharfage not authorized by law. He shall, whenever sufficient cause exists, seek a judicial forfeiture of such charters, unless otherwise expressly directed by law, and give legal advice in writing to the Governor and other executive officers, when requested by them, and perform such other duties as may be required by law. He shall reside at the seat of government during his continuance in office. He shall receive for his services an annual salary in an amount to be fixed by the Legislature." Section 3. That Section 23, Article IV of the Constitution of the State of Texas be amended so as to hereafter read as follows: "Section 23. The Comptroller of Public Accounts, the Treasurer, the Commissioner of the General Land Office, and any statutory state officer who is elected by the electorate of Texas at large, unless a term of office is otherwise specifically provided in this Constitution, shall hold office for the term of four years, or until his successor is duly qualified; receive an annual salary in an amount to be fixed by the Legislature; reside at the Capital of the state during his continuance in office, and perform such duties as are or may be required by law. They and the Secretary of State shall not

receive to their own use any fees, costs or perquisites of office. All fees that may be payable by law for any service performed by any officer specified in this Section or in his office, shall be paid, when received, into the State Treasury." Sec. 4. PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965. HOUSE JOINT RESOLUTION NO. 5 proposing an Amendment to Section 49-b, Article III of the Constitution of Texas so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor. RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows: "By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finance. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature. "The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present. "The Veterans' Land Board may provide for issue and sell not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, two hundred million Dollars (\$200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, as that phrase is commonly understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half per cent (4 1/2%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund. "When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses hereon authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion of said Board (although hereafter there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party. "The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be sold at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund. "The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, and at such prices, as shall be provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold

shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold, and to pay interest on the bonds, with any expenses provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein. "This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and intent of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary. "Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature. "This Amendment shall become effective upon its adoption. Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed thereon the following: "FOR the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by \$200,000,000; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be used in accordance with instructions and requirements that may be provided by law;" and "AGAINST the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by \$200,000,000; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be used in accordance with instructions and requirements that may be provided by law." If it appears from the returns of said election that a majority of the votes cast were in favor of same Amendment, the same shall become a part of the State Constitution and the Governor shall issue a proclamation in keeping therewith. Section 3. The Governor of the State of Texas shall issue such terms and conditions provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965. SENATE JOINT RESOLUTION NO. 24 proposing an Amendment to the Constitution of the State of Texas by amending Article VII, Section 17, providing a method of payment for the acquiring, constructing and equipping of buildings and other permanent improvements at certain state institutions of higher learning; providing for allocation of funds therefor; authorizing the issuance of bonds or notes and the pledging of other funds for the payment of same; providing for an election and the issuance of a proclamation therefor. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 17 of Article VII of the Constitution of the State of Texas be amended so as to hereafter read as follows: "Section 17. In lieu of the state ad valorem tax on property of Two Cents (2¢) on the One Hundred Dollars (\$100.00) valuation heretofore permitted to be levied by Section 51 of Article III, as amended, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Two Cents (2¢) on the One Hundred Dollars (\$100.00) valuation for the purpose of creating a special fund for the continuing payment of Confederate pensions as provided under Section 51, Article III, and for the establishment and continued maintenance of the State Building Fund as provided in Section 51b, Article III of the Constitution. "Also, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Ten Cents (10¢) on the One Hundred Dollars (\$100.00) valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equipping buildings or other permanent improvements at designated institutions of higher learning provided that none of the proceeds of this tax shall be used for auxiliary enterprises; and the governing board of each such institution authorized to pledge all or any part of said funds allotted to such institution as

hereinafter provided, to secure bonds or notes issued for the purpose of acquiring, constructing and initially equipping such buildings or other permanent improvements at said respective institutions. Such bonds or notes shall be issued in such amounts as may be determined by the governing boards of said respective institutions, shall bear interest not to exceed four per cent (4%) per annum and shall mature serially or otherwise in not more than ten (10) years; provided further, that the state shall be permitted to be levied by Section 9 of Article VIII, as amended, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall not exceed Thirty Cents (30¢) on the One Hundred Dollars (\$100.00) valuation. All bonds shall be examined and approved by the Attorney General of the State of Texas, and when approved shall be incontestable and all approved bonds shall be registered in the office of the Comptroller of Public Accounts of the State of Texas. Said bonds shall be sold only through competitive bids, and shall be sold for less than their par value and accrued interest. Night Circle Of WMS Met Tuesday, August 3

Night Circle of WMS of First Baptist Church met Tuesday night, August 3 in the home of Mrs. Pirron Winters. Ten members were present.

After the program, refreshments were served to Mesdames O. O. Reid, Raymond Hance, Clarence Hance, Fay Pinner, Sam Maynard, Norris Wesson, Gene Ivey, Lester McDermitt, Elzie Teague, Glover Frazier and hostess, Mrs. Winters.

lunge importers of competitive foreign goods not identified as to country of origin.

It is my conviction that the same theory should be applied to meat and meat products. The housewife in the supermarket is able now to cannd hams and mats com from tell from the label whether certain canned hams and meats come from the United States or abroad, but most meat products are not so identified. In the bill I have proposed, labels identifying the importing country would be required on all meat products consisting of more than half, by weight, of meat from abroad. This would remove the doubts shoppers now face as they inspect the selections at supermarket meat counters.

Beef cattle prices are much improved now over the situation of a year ago. Our cattlemen were in trouble then because of an increased level of beef imports. I am glad to report that imports for the year ended June 30 were approximately one-third lower than during the previous year.

Treatment for Burns

Camp burns can be treated with at least two common substances that doctors suggest.

First is tea. Tannic acid in tea soothes blistered skin and is excellent for treatment of sunburn.

Second is the white of an egg. Albumen is the stuff in eggs that dyes and heels.

Apply one or the other and let dry. Then repeat the treatment.

Hosts and hostesses for the event will be their children: Mrs. Sylvia Duran of Wapato, Washington; Mrs. Edna Ewing of Dimmitt; Mrs. Mabel Ewing of Dimmitt; Mrs. Agnes Pennington of Billings, Oklahoma; Clarence Behrends, Rt. 2, Hereford; and Mrs. Ethel Lockridge of Scott City, Kansas.

The honored couple have 28 grandchildren.

Walter Rogers' WASHINGTON NEWSLETTER

FOR LABELS ON IMPORTED MEAT

At last, the Department of Agriculture is moving another step toward a goal I have been advocating for many years — a goal of protecting producers of this nation against excessive imports. The Department also is taking another worthy step to provide further protection to Americans who purchase imported meat and meat products.

While most products processed for sale within the United States must bear "establishment numbers" identifying specific plants in which they were prepared, no such requirement has been in effect for imported products. Now, under its authority granted by the Congress in laws governing meat inspection, the Department will require this kind of identification on imported products so that they may be readily identified as to source. In addition, the proposed new regulations will require

that the "principal display panel" of the product bear in English the true name of the product and the name of the country of origin. Designations in English are not now required.

Last year and again this year, I introduced in the House a bill proposing a Federal law to require that imported meat and meat food products bear a label showing the country from which it originated. I am certainly pleased that the Department of Agriculture is strengthening its own position in this regard. However, the Department's regulations affect meat and meat products as they reach ports of entry — not as they reach grocers' shelves — for the majority of meat imports. It is estimated by officials of the Department of Agriculture and men acquainted with the meat processing industry that while country-of-origin labeling regulations affect 75 to 90 percent of imported meat as it reaches this country, the labels identifying exporting countries remain on no more than 20 percent of these imported products on supermarket shelves. The reason is that substantial quantities of the imports consist of manufacturing types of meat—meat combined with U. S. meat in

the manufacture of frankfurters, bologna, soup and the like.

Meanwhile, I am going to continue my efforts to obtain enactment of a responsible and effective Federal labeling law, one whose provisions would apply uniformly across the United States. I think it is proper that consumers be fully protected as to quality of food products, with standards of inspection and identification applied equally to imported and domestic products. In addition, I believe it to be proper for imported products to be fully identified as to countries of origin.

Years ago, U. S. labor organizations took the lead in urging the Government to establish standards by which foreign goods being imported to compete with U. S. manufactured products could be identified. It was the position of these organizations that American consumers would be deceived if, unknowingly, they purchased imported articles thinking they were made in this country. The law has supported this view that, all things being equal, American consumers prefer American-made products. The Federal Trade Commission enforces, on a case-by-case basis, the right of American manufacturers to chal-

Grain Sorghum Chat

by Wes Anthony
We were privileged to have as our guests for the evening meal in our home last Saturday evening, the members of the GSPA and their wives and Miss Nelda Thomas.

Those officers attending were Elbert Harp of Abernathy, president; Bill Nelson of Amarillo, executive vice-president; R. G. Peeler of Hereford, vice-president; Pat Northcutt of Silverton, vice-president; and A. W. Anthony of Friona, secretary-treasurer.

We feel that GSPA is in good hands as long as men like these are in charge.

Mr. Nelson just returned from Europe in an effort to establish better markets for grain sorghum and Mr. Harp and Mr. Peeler represented the farming industry at recent discussions in Washington, D. C.

Mary Sue Burt To Graduate From Nursing School

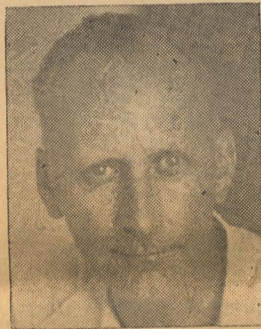

Mary Sue Burt of Nazareth will graduate from the St. Paul Hospital school of Nursing Sunday, August 15, at 3 p.m. ceremonies in the hospital's Chapel of St. Catherine La-boure.

Miss Burt is the daughter of Mr. and Mrs. Carl M. Burt of Nazareth. Bishop Thomas K. Gorman of the Dallas-Fort Worth Catholic Diocese will present the diplomas. Commencement speaker will be the Rev. Charleen Vaughan Takes Food Course In Hawaiian School

HONOLULU — Charleen Vaughan, of Dimmitt, Texas, has completed a six-week course in "food of the Pacific" during the 39th annual summer session at the University of Hawaii this summer, June 22 - July 31.

During the daily sessions, students prepared Hawaiian, Japanese, Chinese, Korean, Filipino and Hapahale foods (locally grown tropical foods adapted for American recipes).

Included in the regional course were movies and guest lecturers wearing native costumes, who spoke on the cultural backgrounds of the various races. Students were taken through fish markets, oriental shops, oriental restaurants and a sugar mill.

Some 14,000 students enrolled during the first term of the University of Hawaii summer session; some 2,400 from the mainland and 460 foreign students.

ATTENDS FUNERAL

Mr. and Mrs. C. W. Anthony and Mr. and Mrs. B. M. Nelson attended funeral services for Mrs. Mary Brock at First Methodist Church, Lubbock Monday. Mrs. Brock was the mother of Earl Brock of Dimmitt.

The first U. S. patent was issued to Samuel Hopkins of Vermont in 1790 for an ash-making process.

Mrs. Herman Birkenfeld, Mr. and Mrs. Edwin Schacher, Mr. and Mrs. Clem Neibur, Mrs. Anna Albracht, Mr. and Mrs. Leroy Hoelting, Mr. and Mrs. Ray Schmucker and Sister Norbert and Sister Ann Michele of Fort Smith, Arkansas. The nuns had an overnight layover on their flight to Canon City, Colo. where they are attending a four day Workshop on the "Bible and Liturgy". Sister Norbert stopped in Oklahoma City for the graduation of her niece Sister Gerard at St. Joseph's Hospital.

School Personnel Attend Classroom Teachers Meeting

Over four hundred classroom teachers from all parts of Texas have just concluded the Third Annual State Conference of the Texas Classroom Teachers Association in Austin.

The theme for this year's conference was, "Together - Let's Build a Better Profession." The classroom teacher leaders attending were given information regarding their state organization's plans for the year. Most of the meeting time, however, was devoted to workshop sessions where the participants shared ideas on how to better carry out activities in the fields of programming, legislation, professional and economic security, teacher education and professional standards, and professional rights and responsibilities.

Mrs. Para Render of the Dimmitt Classroom Teachers Association was one of several local persons participating in this conference. She teaches Fifth grade at the North Elementary where Mr. Weldon Skinner is principal.

It is interesting to note that Mrs. Render has been teaching for 15 years and is the Vice-President in the local organization. Mrs. Render is also active in many other responsible professional groups who are working together for the over-all improvement of the teaching profession.

SPORTS AFIELD

By Ted Kesting

Among the advantages of the folding trailer is convenience in towing and overall handling. You don't need special rear-view mirrors, brakes or complex trailer hitch.

The trailers are exceedingly light in weight and thus present no towing-handling problem for the family-size automobile. This is a feature in cruising the open straightaway turnpikes, on long hill ascents and descents - and in negotiating truly rough backcountry roads. You can take camp trailers where you can take no standard-size travel trailer or lofty pickup coach. For what you get, they are truly inexpensive. They are no larger than the average utility hauling trailer, and so the camper doesn't have to go to great lengths equipping his automobile for heavy-duty towing. All of the foregoing considerations impress the budget-minded family man. But there is another advantage above economy and mobility. The camping trailer is part house trailer and part tent, and many people find it valuable convenient to have their hauling trailer and well-designed, commodious tent in one indivisible functional unit.

*If you enjoy family-style conven-

tional tent camping chances are excellent you'll be happy with a camping trailer," points out John Jobson, Camping Editor of Sports Afield Magazine. For family-type auto camping, it is far and away more convenient than the straight tent set-up. Generally, all you need is self-contained in one superbly engineered unit. As the great canvas portion (the main living quarters) blossoms out from the neat trailer box, everything is at your fingertips. There are, of course, the storage sections of these rigs, and full-size beds and - or bunks are immediately ready for use. The bottled-gas stove is ready to go, and so is the

icebox or refrigerator. Some models have private toilet facilities and water-storage tanks. This style of camping is not easily classified. It is not exactly conventional tent camping, nor is it travel-trailer or pickup-coach living afield. It is a way of life of its own - camp-trailer adventuring.

Sen. John Tower's Washington Report

The Senate today passed a major oceanographic research bill co-sponsored by Senator Tower. Here are excerpts from his remarks to the Senate during consideration of the bill:

"Our vast oceans, like the infinite expanse of space, present a new frontier for Americans, a frontier of immense proportions and of vital importance, both economically and militarily. As Sir Walter Raleigh observed in the 16th century, the nation that commands the sea commands the world itself. And the importance of the sea has continued to increase since the time of Sir Walter. Today, we are aware of potentialities far beyond his imagination; and we must take steps to develop those potentialities into realities.

"Our expanding population presents us daily with new problems that must be solved. We must find new sources of food to feed the world and new sources of minerals for use by our expanding economy.

"We now harvest 35 million tons of fish a year and could increase this ten-fold if we knew just a little more about their environment. And, already we know that the continental shelves contain 40 percent of the known oil reserves. Virtually all of the world's commercially recoverable magnesium and bromine is found in the sea. Heavy mineral sands contain gold, platinum, iron, titanium, chromium, zirconium, columbium, tantalum, tin, tungsten, and other elements. And it has been learned that manganese, cobalt, and nickel are accumulating on the Pacific floor alone at a rate many times that of the present world consumption.

"In addition to food and mineral resources, knowledge of the oceans could well be the key prediction of hurricanes and tornadoes and general weather patterns. Our ability to predict weather conditions accurately could be of invaluable economic and military assistance.

"Mr. President, knowledge of the oceans is power — national power to exert military and economic influ-

C of C Directors Enjoy Mountain Retreat Recently

Two weeks ago the directors of Castro County Chamber of Commerce were invited to the cabin home of Mr. and Mrs. Jack R. Miller for the weekend.

Those directors able to attend certainly enjoyed a most pleasant vacation according to reports. The home is set in a charming place. It is located a few miles from Cowles, N. M. and is at 9,000 feet elevation. The cabin is situated on a gentle mountain slope in the midst of green grass, wild flowers and tall cool pines.

The cabin, on a 16 acre plot, has seven bedrooms, a large kitchen, dining room and den about 35 feet square.

The directors would like to thank the Millers for a real nice time.

The purpose of the meeting for the weekend was to discuss many of the problems for the ensuing year. The group spent several hours planning and building for the immediate future of Castro County.

ence around the world. America's ability to project military power over wide areas in the politically turbulent Mediterranean and the Far East is an accepted fact. But present American sea power is based upon only the most circumspect knowledge of the real secrets of the oceans. The Communist world knows that and is taking steps to outdistance us in this area.

"The Communists conduct the most vigorous oceanographic program in the world today. They also operate the largest, most modern fishing fleet, a fleet that often

seines for things other than fish. "The Soviet navy has more than 2,500 ships and some 400 submarines, and has declared war on the West. It has a Northern Fleet, a Baltic Sea Fleet, a Black Sea Fleet, and a Pacific Fleet. The Soviet merchant marine has more than 1,000 ships and has declared war on the West where merchant navies are concerned."

Midge Report Made By Entomologists

The ninth report concerning sorghum midge on the South Plains and in the Panhandle area has been released. Charles Hottel, county agent.

Making the report are Norris E. Daniels, Assoc. Entomologist, Southwestern Great Plains Field Station; James A. Harding, Assistant Entomologist, South Plains Research and Ext. Center; and Don R. Rummel, Area Entomologist, Texas Agricultural Extension Service.

Sorghum surveys have been conducted in all of the Panhandle counties north of Highway 86. Midge have emerged in Johnson grass in Hall and Parmer counties.

Midge numbers have become less than last week and last year in the South Plains area. Some of the counties in this area now appear midge free. This could possibly be due to the extensive acreage of grain sorghum now available which would not be conducive to concentration of adults which causes damaging build-ups say the entomologists.

Adult midge movement this year appears to be less than in 1964 according to entomologists. This is following the pattern of last year.

Midge remain very low in grain sorghum. This is a similar situation to 1964. A sharp increase in midge infestations in the next two weeks is still very possible even though it does not appear so at present. This year's midge populations are following last year so the possibility of severe damage might well be like that experienced on the 1964 sorghum crop.

The first adult midge on grain sorghum was seen in a staggered planted field in Lubbock County on July 26. They averaged less than one per head. Oviposition was occurring. If enough adult concentration occurs, these may well be the fore-runners of the generations that cause damage.

Miss Grain Sorghum ...

(Continued from page 1)

Keith Ann Howard was responsible for the organ music for the pageant.

The top ten contestants presented thirty minutes of talent for the final part of the pageant. The impressive program moved forward swiftly an smooth-working gears to its thrilling climax of crowning "Miss Grain Sorghum, 1965." The pageant was under the able leadership of Pete Wright and Miss Grain Sorghum Committee members, Mrs. Dorothy Magness, Mrs. Martie Benton, Bob Anthony, Gary Huffines, Vaden Kirby, M. J. Reed and John Stokes.

A tremendous amount of behind-the-scenes work goes into the presentation of a large pageant such as "Miss Grain Sorghum." The committee did an outstanding job of preparation. The stage decorations of a garden scene provided an adequate setting in which the young beauties modeled. John Stokes constructed a flowing fountain which enhanced greatly the garden scene with two air conditioner motors.

Jack Miller, president of Castro County Chamber of Commerce made the welcoming address. He also presented the trophies to the runners-up and the spray of roses to Miss Grain Sorghum, 1965.

In attendance at the annual pageant was the Executive Committee of Grain Sorghum Producers Association. Committee members are Elbert Harp, Abernathy; A. W. Anthony, Friona; Pat Northcutt, Silverton; R. G. Peeler, Hereford; Bill Nelson, Amarillo; and Frank Moore, Plainview.

Bill Nelson, executive vice-president of GSPA made a short speech concerning grain sorghum and the functions and activities of Grain Sorghum Producers Association.

He told the audience that "agriculture is one of the great success stories of all times." He said, "We sometimes emphasize the problems of the farmers rather than the assets of farming."

"America is known as the super-market of the world," he told the crowd. One third of the nation's income comes from farming. In this area, one fourth of the income derives from agriculture products.

Nelson stated, "Castro County is in the center of the production of grain sorghum. It is one of the few counties which has grain sorghum as the largest money crop in the county."

The speaker said, "There are more acres of grain sorghum than wheat and cotton combined in the state of Texas."

Nelson said one big reason for the existence of GSPA was "to make the farmer a 'profit' for his crop of grain sorghum."

The sixth annual beauty pageant attracted news media in Amarillo, Lubbock, Clovis, N. M., UPI, Dallas and Plainview.

ATTENDING SCHOOL Connie Sheffy, Bruce Fuller, Ken Campbell, Irene Thornton and Victor Jean Hugh are attending a journalism school at Texas Tech.

Art Gallery Open During Roundup Week Festivities

Castro Countians are urged to visit the "Art Gallery" which is open during Roundup Week festivities. The gallery is located in the old lumber building, north of Bruegel Elevators.

All local artists are exhibiting in the art show. One hundred paintings are on exhibit at "The Art Gallery."

While visiting the gallery, you may sign up for oil painting lessons which will start in September. Mrs. H. H. Smith, artist and instructor, will be teaching the classes Tuesday nights starting at 7:30 and Friday afternoons from 2 til 5 p.m.

Mrs. Smith has studied under Jean McGee, Hereford; Bill Brand, Amarillo Air Force Base graphic artist; Junior Robles, New York, portrait painter; and Merlin Enabitt, color expert known as "color wizard." Mrs. Smith has been painting over ten years.

Mrs. Becky Maxwell will be instructing Children's Art Class this fall. Eight lessons will be offered starting September 7. There are a few openings. Ages 10-15 years will be taught in the art classes.

Thelva Morgan Honored With Bridal Shower

Miss Thelva Morgan, bride-elect of Jay Stone of Turkey, was honored with a bridal shower Thursday, August 5 in the home of Mrs. A. J. Kemp Jr.

Mrs. Kemp met guests at the door and in the receiving line were the honoree, Mrs. Aron Morgan, mother of the bride-elect and Mrs. Leroy Stone, mother of the prospective groom.

The serving table was laid with a white embroidered linen cloth and the centerpiece was an epergne arrangement done in a silver candelabra in the bride's chosen colors of pink and white. In the arrangement of roses, snap dragons, and baby breath were four lighted pink tapers reflecting in the mirror. Silver completed the table arrangement and coffee and tea were served from a silver service by Wilda Powell. Sharron Morgan, sister of the bride-elect served ice cream balls and tea cookies from a silver tray. Carla and Camille Kemp assisted in the serving.

Linda Bruton presided at the guest book where guest registered from four until six. Gifts were displayed throughout the house.

Hostesses include Mesdames: A. J. Kemp Jr., Joan Merritt, Charles Vandiver, Charlie Hays, Steve Taylor, and Miss Hazel Merritt.

Kids Enjoy ... (Continued from page 1)

Tigers team was composed of Curtis White, John Brooks, Jim Bob El-Reed, Joe Sheffy, Tim Massengale, Santos Perez, Stephen Fry, David Schaeffer and George Olvera.

In the final tug-of-war, the Junior High girls challenged the Junior High boys. Winners of the first go-around were the Junior High girls. They included Susan Benson, Joan Braafladt, Beverly Newman, Kay Willis, Karen Lytle, Jackie Schaeffer, Ruth Dyer, Debbie Wilson, Debra Reed, Trudy Elder, Jill Braafladt, Sue Stokes, Cindy Rountree, Pamela Barker, Connie Rogers, Keri Kirkpatrick, Linda Bennett, Vicki Vaughan, Marsha Baldrige, Terrie Newton, Becky Sanders and Susan Wood.

Behind this victory story of the Junior High girls stands the fact there were 25 girls versus 11 boys. The Junior High boys grabbed a few more recruits and took the girls on in another tug battle. You guessed it, the boys were winners though the girls put up a valiant fight.

Time ran out on the contest and Bill Hunt, chairman of the Lions games had to cancel the Co-Ed sack races, bean bag relay and softball throw contests.

Assisting Mr. Hunt were the coaches of Dimmitt Schools. Coaches participating were Brown L. Smith, Kenneth Cleveland, Bill Narrell, Jerry Anderson, Roy Hunter, and Mrs. Harold Miller.

Marion McKinney Directs New Bible Study Center

Marion B. McKinney, former pastor of Bedford Street Church of Christ here, is directing the Bible Study Center connected with Angelo State College in San Angelo.

The new center is located on Johnson Street at Delmar directly across from Angelo State College. The Bible Study Center is for study of the Bible and related subjects. Facilities are provided by Churches of Christ.

The Center is accredited by ASC and is under direction of Mr. McKimney, B. A., M. A. in religion.

The Center includes a student's lounge, a classroom, counseling room soundproof library, the director's office and a recreation room. The building is constructed so it can be expanded to the rear and by adding another floor.

Bible classes for credit by the college and noncredit will be taught on a non-denominational basis by McKimney. Accredited courses will be Old Testament Survey, New Testament Survey, Old Testament Prophecy, Life of Christ, Comparative Religions and Marriage and the Family.

Mr. McKinney will also be teaching an adult evening program covering Old Testament Survey at the Center.

First Methodist Church Starts Paving Project

First Methodist Church in Dimmitt has started a paving project this week. Work started Monday on the project.

In a called session of the Official Board last Sunday evening, the church decided to pave both the East and West parking lots and, with the help from City of Dimmitt, the alley west of the church will also be paved.

The project will greatly improve the appearance and accessibility of parking areas on the church property.

A number of Methodists worked Wednesday, August 4 in a general Spring Cleanup of the church area. Trimming, edging, digging, burning of weeds and hauling off trash added a neat look to the church premises and enhanced the general look of Dimmitt.

Mrs. Hopson Injured In Two Car Accident

A two car collision Monday afternoon about 1:30 p.m. on Highway 168, 4.8 miles north of Hart resulted in multiple injuries of persons involved.

Mrs. Dorothy Hopson, driver of '65 Rambler, was taken to Plains Memorial Hospital with a compound fracture of the ankle. Passengers and driver, Elda Rodriguez of the other car were taken to Olton Hospital for treatment. Driver suffered cut on the head and other five passengers were injured from sore fingers to bloody noses.

According to highway patrol investigating the accident, Mrs. Hopson was headed south when accident occurred. She had stopped to deliver mail to box on the west side of the road. As she pulled back onto the pavement, she reached over to pick up some mail and while doing so she pulled the car into the north bound lane. Mrs. Rodriguez who was driving '63 Chevrolet coach in the north bound lane pulled to the

CARD OF THANKS

We are so very thankful for our friends who have shared our sorrow, and expressed your love and sympathy for us through the many floral offerings, the food that was served, the memorial gifts and the cards. Your presence sustained us and the kind words you said is such a high tribute paid to our beloved E. L. and father.

May God Bless each of you.
The family of E. L. Carpenter

CARD OF THANKS

Card of thanks and sincere appreciation to all of my many friends for all visits, cards, food and every act of kindness shown me while in hospital.

With a special thanks to all of my nurses and my Drs. Bischoff and Stanley.

God bless each and every one is my prayer.
Mrs. Effie Dodd

CARD OF THANKS

The Dimmitt Jaycees wish to take this means of expressing our sincere appreciation and thanks to the wonderful people who loaned and contributed supplies and tools for our Annual Air Show and Barbecue. The day was a tremendous success and we are truly grateful to all our friends for making it so. We wish we could name them all, but the long list prohibits this, so please accept this in token of our gratitude.

The Dimmitt Jaycees

CARD OF THANKS

A special thank you to every one sending cards or visiting and all other acts of kindness bestowed upon me and my family during my confinement in the Henrietta Hospital and after my return home. My convalescence was made easier by your remembrances.

Thanks ever so much.

State offices are playing a game of musical chairs.

Better make note of these departmental moves that have just taken place, are now being made or will be completed this month:

Teacher Retirement System of Texas has moved from the fourth floor of the Sam Houston State Office Building, formerly State Office Building No. 1, to the third floor of the Lowich Building.

Texas' new Coordinating Board of Higher Education soon will occupy the entire sixth floor of the Sam Houston State Office Building.

Parks Division of the Texas Parks and Wildlife Department moves out of the Sam Houston Building - into the newly acquired American Legion Building - to make room for the Board of Higher Education.

State Building Commission will move from the Reagan State Office Building (State Office Building No. 2) into the west wing of the Sam Houston Building.

Texas Tourist Development Agency now in the Sam Houston Building will move into offices in the Reagan Building vacated by the Building Commission.

State Water Commission will move from the American Legion Building into the east wing of the Sam Houston Building.

AG OPINIONS - Atty. Gen. Waggoner Carr reached these conclusions in official rulings:

City employees installing rest room facilities in municipal parks must be paid the prevailing wage rate.

Board of Pardons and Paroles has no authority to recommend, and the governor no power to grant, a posthumous full pardon to a deceased convicted felon on application of a relative or other interested party.

An act authorizing Grayson County Commissioners Court to appoint a juvenile officer and assistant is unconstitutional as a "local and special" law.

State employees can collect \$12 a day travel allowance if staying at regular public lodgings, but only \$7 if they stay on military installations or at educational or eleemosynary institutions.

APPPOINTMENTS - Governor Connally has named Judge James Ellis of Lubbock's County Court at Law as judge of the new 137th District Court in Lubbock County.

Lt. Governor Preston Smith ap-

pointed to the interim committee on state and local tax policy Sens. Gallo way Calhoun Jr. of Tyler, David Ratliff of Stamford and Jack Strong of Longview. On the committee for restoration of the flag of Santa Anna, he placed Sens. Dorsey E. Hardeman of San Angelo and Charles Herring of Austin.

House Speaker Ben Barnes selected five public-at-large members of a committee to study the problem of salt pollution of underground and surface water of inland areas and recommend legislation that's needed. They are former Congressman Joe Kilgore of Austin, former Smith County Judge Harry Loftis of Tyler, Charles P. McGaha of Wichita Falls, Rannels County Judge W. H. Rampsy and former Atty. Gen. John Ben Shepperd of Odessa.

Barnes named Reps. G. F. Mutschler of Brenham and Maurice S. Pipkin of Brownsville to the Legislative Budget Board. Reps. W. S. Healy of Paducah and Ben Atwell of Dallas automatically are budget board members since they are chairmen of appropriations and revenue and taxation committees of the House.

Earlier Barnes picked a committee composed of Reps. Roger Thurmond Jr. of Del Rio, Bill Rapp of Raymondville, John E. Blaine of El Paso, Dick McKissack of Dallas and Jack McLaughlin of Fort Worth to study the Texas liquor control act.

ANT-POVERTY PROJECTS OKAYED - Three more Community Action programs and four additional Neighborhood Youth Corps applications have been approved by Governor Connally.

Community Action projects in Houston, San Antonio and Mercedes carry federal grants totaling more than \$2,000,000.

NYC grants of \$155,040 will permit employment of 393 students in Luling, Anderson County, San Jacinto County and Trinity County.

CHEMICAL PLANT AT DIBOLL - Borden Chemical Company has purchased a 100-acre site at Diboll on which to construct a synthetic resins plant, Governor Connally announces. An initial \$1,000,000 expenditure is contemplated. Company reportedly will market resins in East Texas for such applications as plywood and particle board adhesives and foundry core binders.

Selection of Diboll for the new-

plant site attests to the growth of and prospects for the southern pine plywood industry in Texas, said Connally.

INTERCOASTAL CANAL DILEMMA Joe Moore has a \$400,000 problem and, so far, no solution.

Moore, a member of Gov. John Connally's staff, is trying to find a way to allow Texas to live up to its commitment made by Gov. Allen Shivers exactly 10 years ago.

In August of 1955, Governor Shivers gave the state's endorsement to a proposal for the widening and deepening of the Intracoastal Waterway from the mouth of the Sabine River to just south of the Brazoria County line across West Bay.

He assured the U. S. Army Corps of Engineers that local sponsors would meet the cost of the right-of-way so that the canal could be widened to 140 feet from 125 feet. "All that was needed to keep the project going in 1955 was the state's commitment," Moore said. "There was no need to produce the right-of-way money then. But there is now, if we're not going to lose the project. The state has at least a moral commitment to aid in getting local sponsors."

Although no firm figures are available, Moore believes acquisition of right-of-way for the project through Jefferson, Chambers and Galveston Counties would cost about \$400,000. The federal government's cost of widening and deepening the waterway is expected to be in excess of \$6,000,000.

Completion of the project would open the channel to Mississippi River Barges.

TRAIN Lakes 8 changing times were reflected in three recent actions of the Texas Water Commission.

Actions amend West Texas Water permits at the request of the Gulf, Colorado and Santa Fe Railway Company.

Company built three lakes years ago - in Nolan, Lampasas and Mills Counties - so that their steam-boiler engines would have water supplies.

Permission to use the lakes for recreational purposes now has been granted, since today nearly all engines are diesel and don't need water.

Nolan County's lake also will provide irrigation water for the Sweetwater Country Club.

SHORT SNORTS - Texas Railroad Commission has ordered its staff to devise tests for oil fields over the state similar to those used in East Texas.

Texas Parks and Wildlife Department will send hunting and fishing licenses to 2,500 dealers earlier this year to avoid the usual last-minute scramble.

Detailed hunting and fishing regulations for key areas now are available from the Parks and Wildlife Department.

Texas Railroad Commission is hearing opponents of an application

to approve lower interstate rates on mixed shipments of interstate and intrastate products. Truck lines oppose the practice long followed by railroads.

Cigarette tax receipts increased \$280,118 in July over the same month in 1964, but liquor stamp sales dropped off \$108,182 and wine stamp receipts declined \$53,458, according to Comptroller Robert S. Calvert.

Charles H. Huff of Austin is the new executive secretary of the Texas Veterinary Medical Association.

State Auditor reports that as of August 31 last year the University of Texas system held investments worth nearly \$463,000,000.

Fourteen Texas cities have filed applications to participate in the Texas Aid Airport Program, which will have \$200,000 to spend during the coming fiscal year. They include Brownwood, Caldwell, Clarksville, Comanche, El Campo, Floydada, Gatesville, Hallettsville, Hearne, Jacksboro, Lampasas, Paducah, Pinland and Post.

Attorney General Carr says his office will sponsor a series of 14 regional seminars over the state to acquaint law officers with the new Texas Code of Criminal Procedure and recent US Supreme Court decisions pertaining to criminal laws, planning to go to Japan on October 20 with a group of Governors participating in an exchange program sponsored by the Japanese government and the US State Department. A Viet Nam side trip still is uncertain.

Texas League of Women Voters has issued the first of two guides that will be published relative to this year's Constitutional Amendments.

Indications are that more than the initially predicted 1,600 youths will participate in the Attorney General's Youth Conference on Crime to be held in Austin on August 19-22.

Texas draft boards will be inducting a "considerable number" of 19-year-olds by fall, if draft calls remain high, according to Col. Morris S. Schwartz, state Selective Service director. Amended September quota for Texas is 1,459 men; estimated October call, 1,780. This compares with recent monthly quotas of 700 to 900. Schwartz said that mostly 21-year-olds will be called in August.

Business outlook is bright for the last half of 1965, according to UT's Bureau of Business Research. On the basis of reports from 20 cities, the Bureau found business activity 13 per cent better for the first six months this year than January-June, 1964, and saw "nothing to dim prospects of continued prosperity" for the rest of 1965.

Rubber Bands on Trotlines Trotlines usually tie lines ashore to timber tree branches that will give with the strike of a heavy fish.

In places where there are no branches to tie to, use large rubber bands cut from old inner tubes and tie to a stake driven into the bank.

Reversing Line Reversing the line on a reel can be a dreary job at best. But you can make the operation ten times easier by using your home as a king-size spool.

Tie free end of the line to a corner post, or door knob, or any other handy projection, then walk around

the house until reel is unwound. This is guaranteed to prevent tangling.

For Cleaner Windshields Add a teaspoon of detergent to the water in your windshield cleaner reservoir and see how fast tough road grime washes away.

Silencing the Bow Why take a chance that even the slightest twang of a bow string might scare game and give away your position?

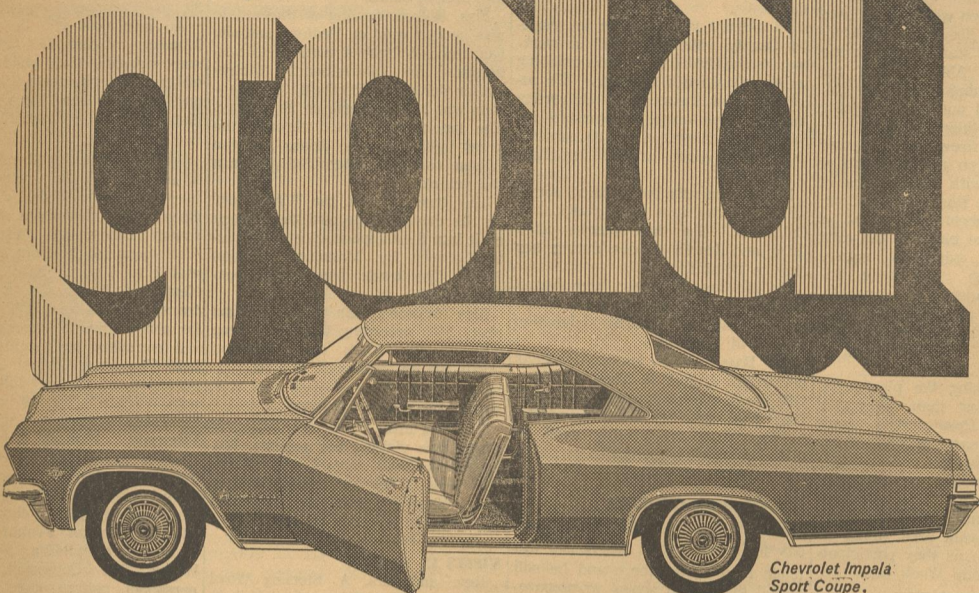

You can silence your bow string with rubber bands cut from an inner tube. Bands should be at least six inches long and tied top and bottom

to bow string about two inches from tip.

Wire for Sinkers You can make emergency sinkers out of discarded electrical wire bent to form a loop.

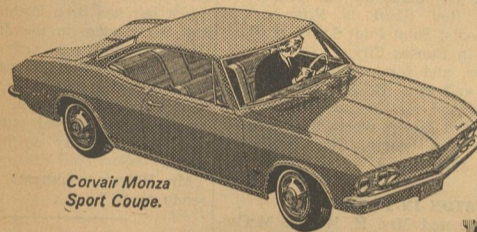

Sinker slides over the catchingest bottoms, yet still gets the bait down.

Fireworks And Dance Attract Large Crowd

On a rough estimate over 900 people attended Roundup Week fireworks Tuesday night as cars and cars streamed from the rodeo grounds following the colorful display.

Many compliments were heard being paid to firemen who worked hard in shooting the fireworks. Colorful flashes of light started the people "Ohing" and "Ahing" and the children screaming with delight. As one little girl put it, "I'm going to dream about this all night."

Following the fireworks, a square dance was held on the east side of the courthouse with Sid Perkins of Amarillo doing a fine job of calling.

Hundreds of spectators watched as five square dance clubs in the area gave several exhibition square dances. Visiting clubs were Hi-Plains Promenaders of Amarillo, Ready Squares of Amarillo, Star Righters of Bovina, Sugar Squares of Hereford and Rodeo Swingers of Nazareth.

The Club winning the plaque for traveling the most man miles was the Hi-Plains Promenaders from Amarillo with a party of nine attending the square dance.

Young Homemakers sponsored an Old Fashion Cake Walk Tuesday night at the dance. Between numbers, the cake walk area would be filled with people as they participated in the Roundup Week activities.

Mrs. Wilson Hurt In Car-Truck Wreck

Mrs. Ed Wilson was injured in a truck-car accident Wednesday afternoon about 1:30 p.m. at the intersection of Broadway and Bedford.

She was taken to Plains Memorial Hospital via Dennis Ambulance where she was checked for bruises and broken bones.

Mrs. Wilson, driving a '64 Pontiac was headed west on Bedford and she ran the red light according to witnesses. An International tractor-trailer driven by Bonita Little Chapman was headed north on Broadway. The truck had started through the green light when the driver saw the Wilson car and attempted to miss the vehicle.

The truck struck the Wilson car on the driver's side and then knocked it into the telephone post on northeast corner by Mannings Fashion Shop. The truck driver was from Brownsboro.

Mrs. Wilson's car was damaged about \$500 according to investigating officer. The truck was damaged about \$25 on right side of cab.

Hilburn Says To Register Children Before August 27

Paul Hilburn, superintendent of schools, announces that school will start August 27. Registration should be completed before Friday, August 27. Classes will start Monday, August 30.

All principals will be on the job, Monday, August 16. Parents can start bringing their children and register them, pay their workbook fees and purchase lunchroom tickets. Registering now will save standing in line later says Hilburn.

School starts for teachers August 25 at 8 a.m. with a general faculty meeting in the High School auditorium. Two workshops will be presented concerning "Visual Aids." Workshops will be from 10 to 12 a.m. and 1 to 4 p.m. Eric Burtis from Keuffel & Esser Co., producers of transparencies as teaching aids will be conducting the workshops.

A workshop for teachers will be held Thursday, August 26 on "Conservation of Water, Soils, Minerals and Wildlife" from 9 to 12 a.m. Workshop personnel include E. P. Fitzgerald, Colorado Interstate Gas Co., in charge of mineral section; Tom McFarland, District Manager, High Plains Underground Water Conservation District. In charge of water section; Weldon Fromm, Amarillo, in charge of wildlife; and Running-Water Soil Conservation Service personnel, charge of soil and range conservation.

Building faculty meetings will be at 3 p.m. August 26.

Building program is not making much progress, however, arrangements will be made to compensate for the lack of cafeteria space. New snack bar has been installed for 7th and 8th graders in the Junior High Building. Buildings are cleaned up and ready for the starting of school says Hilburn. Buses are all overhauled and ready to roll. The maintenance crew started putting on 25 new tires Tuesday on local school buses.

Mr. Hilburn comments, "School is ready to go."
