

Pioneer Teacher, 82, Dies Tuesday

Mrs. Percy Estes, who taught classes in a dugout at Frio in the early 1900s and gave many pioneer youngsters here their only formal schooling, died at noon Tuesday in Plains Memorial Hospital.

Mrs. Percy Estes

MRS. ESTES, 82, had been hospitalized here since Dec. 31. She had broken her leg on Christmas eve while enroute to Wichita, Kan., and had spent a week in a Wichita hospital before being flown back to Dimmitt.

Her funeral will be at 3 p.m. today (Thursday) in the First Methodist Church, with Rev. H. Weldon McCormick officiating. She will be buried in Castro Memorial Gardens beside her husband, Percy, who died last June.

Dimmitt public schools will dismiss at 2 p.m. today in her honor.

Gilliland Funeral Home of Hereford is in charge of funeral arrangements.

PALLBEARERS will be B. M. Nelson, Sam Glibreath, Russell Moran, Swain Burkett, Ted Shetty, Billy Hackleman, John Merritt and Jerry Watt.

Born and christened Lenna Greer on July 25, 1884, in Rosebud, Mrs. Estes came to the Panhandle from Falls County as a young girl with her parents, Mr. and Mrs. Crawford Greer, and her three younger brothers. The family settled first in Canyon then bought land between Dimmitt and Hereford.

She was only 17 when she received her teaching certificate and formed her first one-room, all age class here.

"SOME OF MY pupils were older and bigger than I was," she recalled later, "but in those days we used stern discipline and a spanking now and then, so I had very little trouble."

In a dugout at Frio, in one-room schools at Summerfield, Cleo (then Ragtown), Center Plains and Higgins, in her home at Bethel, and in a multi-room school at Hereford, she taught everything from the ABC's to algebra every school day from 1902 to 1908.

"It was primitive teaching without a doubt," she said.

Rev. Kennedy

Presbyterians Have New Pastor

Rev. C. Mitchell Kennedy assumed the pastorate Sunday of the Presbyterian Church in Dimmitt.

Rev. KENNEDY, 30, is a native of Uvalde. He is a 1962 graduate of Baylor University and received his seminary training at Vanderbilt Divinity School in Nashville, Tenn., where he received his master's degree in sacred theology this month.

This is his first full-time pastorate.

He and his wife, Margaret, live on Western Circle Drive, in the church manse.

MRS. KENNEDY, a native of Memphis, Tenn., met her husband while they were undergraduates at Baylor. She holds a bachelor's degree in piano pedagogy from Baylor, and recently accompanied the Texas Girls' Choir in its Christmas concert in Fort Worth.

Funeral services for Frank Conard, 81, were held at 2 p.m. Sunday in Hart's First Baptist Church. Mr. Conard died at 1:15 p.m. Friday in Plains Memorial Hospital.

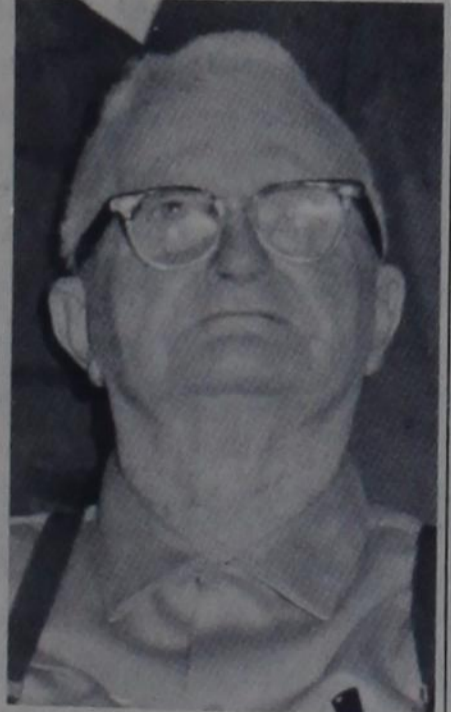

Rev. Jimmy Bass, pastor of the Primitive Baptist Church of Littlefield, officiated, assisted by Rev. Frank Pollard of the First Baptist Church in Dimmitt. Burial was in Hart Cemetery, under the direction of Lemons Funeral Home of Plainview.

MR. CONARD was born Feb. 5, 1885, in Decatur. In 1906 he married Bertha Beulah Burrs in Ardmore, Okla., which was then Indian territory. The Conards moved to Hart in 1940, and had made their home in the Golden Spread Rest Home since June 8, 1966.

He was a long-time custodian and luncheon supervisor in Hart's public schools, and also served many years as custodian of the American Legion and First Baptist Church in Hart.

He and Mrs. Conard joined the Primitive Baptist Church in Plainview in 1928, and had been members there ever since.

about dimmitt and castro county by b. m. n.

We are in the midst of the "Age of Confusion." Probably more people are confused about the trend of national and world affairs than ever before in our nation's history. Ordinarily issues are fairly clear-cut, with the pros and cons in some measure of agreement. Apparently that is not the case at present.

So far as world affairs are concerned, there are as many opinions as there are people, and any type of crackpot movement will receive a certain amount of support and backing, no-wit.

If someone is opposed to the draft, just let it be known and call a meeting. A certain number will show up for the draft card burning.

If someone is opposed to bombing military targets in North Viet Nam, just an announcement will get out a goodly number for a demonstration.

If someone thinks North Viet Nam is being mistreated by resisting their effort to gobble up their neighbor, just let it be known and supplies for the enemy will come rolling in.

If Congress kicks out one of its members for cheating, shady conduct and thwarting court orders it is easy to organize a demonstration upholding the right of a congressman to do as he pleases.

If someone wants to go to North Viet Nam and gather a bunch of statistics and testimonials about the horrible way that aggressor country is being treated, it is easy to find sympathetic listeners back home to demonstrate for the bearers of sad tidings.

While passing laws at home to provide equal rights for all citizens, we have those who holler loud and long about the evils of sanctions against the white supremacy rulers of Rhodesia.

Confusion seems to be the order of the day.

Isn't it about time that people settled down and gave a little credence to the decisions of our duly elected officials. We have been told, and made to believe, that the spread of communism by armed aggression must be stopped. That is what the United States is doing in Viet Nam. We are told that we signed an agreement that committed our armed might to the protection of South-east Asian countries from armed aggression. That is our purpose in South Viet Nam.

We have nuts in this country, such as the Minute Men, who say that our government is controlled by communists and that it is their bounden duty to arm and liberate us from our elected officials. One of these yahoos has recently been sentenced for his defiance of the federal Arms Act. Then we have the Tcm Andersons who write syndicated columns charging our presidents, past and present, and other governmental department heads with treason. Columnists of this type are Minute Men, using a typewriter instead of a gun.

Regardless of any pet peeve we might have about some part, or all, of the Great Society program or the conduct of our affairs with other countries, it is time for Americans to give their full support to President Johnson, our Defense Department, and our fighting men in Viet Nam as they resist communist armed aggression.

Mike Bruegel, a 6-2, 205-pound Dimmitt lineman, was named last week to the second team all-state football squad by Texas coaches and sportswriters.

HE IS believed to be the first official all-state football team.

Bruegel, son of Mr. and Mrs. Fred Bruegel Sr., was one of only 22 Texas schoolboys named to the squad.

The honor capped many others Bruegel has earned during his schoolboy sports career. He has been named three years in a row as an all-conference guard in District 3-AA. And this year he and teammate John Hewell, 180-pound senior center, were named to the Lubbock Avalanche-Journal's Class AA All South Plains first team. Bruegel was also elevated to the All-South Plains "Dream Team", comprising players from all classes, with Hewell selected second team center on the "Dream Team."

Bruegel's coach, Brown L. Smith, felt the latest honor was well deserved.

"MIKE is one of the finest football players I've ever been associated with and that includes several who are now doing outstanding jobs in the Southwest Conference," Smith said. "He has always been a hard worker and an easy guy to coach. He'll always listen to you, and he tries to excel in whatever he does."

Regardless of any pet peeve we might have about some part, or all, of the Great Society program or the conduct of our affairs with other countries, it is time for Americans to give their full support to President Johnson, our Defense Department, and our fighting men in Viet Nam as they resist communist armed aggression.

10 Are Killed In 119 Wrecks Here in 1966

The Texas Highway Patrol investigated 15 accidents on rural roads in Castro County during December.

Sgt. W. E. Wells, patrol supervisor for this area, said these 15 crashes resulted in 11 persons injured and an estimated property damage of \$15,240.

DECEMBER'S accidents raised the county's 1966 total to 119 crashes resulting in 10 persons killed, 92 injured and an estimated property damage of \$118,452. Because of persons still hospitalized the traffic books can't be closed until later.

"When the final reports are tabulated, we will find that more people were killed in Texas traffic accidents during 1966 than in any prior year in the history of our state," Sgt. Wells said. The final count is expected to be about 15 percent higher than the 3,028 traffic deaths in 1965.

Only two other counties in this 31-county patrol district had more rural traffic deaths than Castro. They were Wilbarger County with 17 and Hardeman County with 15. Carson and Donley Counties tied Castro with 10 highway deaths each in 1965. In number of persons injured on rural highways, Castro's 92 ranked below Gray County's 122. Carson's 101 and Potter's 101, but was higher than the 27 other counties of the district.

Bruegel Makes All-State Team

Mike Bruegel, a 6-2, 205-pound Dimmitt lineman, was named last week to the second team all-state football squad by Texas coaches and sportswriters.

"He has always been a hard worker and an easy guy to coach. He'll always listen to you, and he tries to excel in whatever he does."

Directors of the Plains Memorial Hospital District — which includes all of the county — Friday set Feb. 11 as the date for a \$135,000 bond election to build a 20-bed annex to the hospital.

MEETING IN a special noon session, Board Chairman N. F. Cleavinger and Directors Anthony Acker, W. A. Epperson and George Bennett voted unanimously to call the election. Director Vaden Kirby was absent.

Full details of the election call and bonding terms are in a legal notice on Page 11 of this issue.

Precincts in the hospital bond election will be different than for a general election. To cut costs of the balloting, the hospital board has incorporated the county's 15 regular voting precincts into 10. The News will print the complete breakdown on hospital voting precincts in its Feb. 9 issue, two days before the election.

THE ELECTION will be open to all resident qualified voters who own property (real or personal) and have rendered it for taxation.

The board proposes to add a 20-bed wing with storage and classroom facilities to the east end of the present hospital, plus a new laundry at the end of the north wing.

Expected cost of the project is \$270,000. The board plans to apply for Hill-Burton federal matching funds to finance the other half of the project's cost. But application can't be made unless the board issue meets the approval of county voters.

THE BOARD based its payoff period on the proposed bonds at 14 years, which would mean a tax hike of nine cents. The present hospital district tax rate is 30 cents per \$100 assessed valuation.

ARE YOU REGISTERED to vote this year?

If not, County Tax Assessor Kent Birdwell urges you to get your name on the voter lists for the important city and county bond elections coming up. Registration is free, but voters must register each year, and Jan. 31 is the 1967 deadline. So far, only 1,350 Castro Countians have registered — about half as many as were registered in 1966. If you filled out the voter registration form on your last county

tax bill, you're registered. If you didn't, you need to pick up a form at Birdwell's office in the courthouse. If you're a city resident, you must register separately at city hall to vote in municipal elections. For bond elections, you must register to vote AND render your personal property for taxation if you own no real estate. If you own real property, it is already on the tax rolls, Birdwell said.

10 Make Dream Band

Ten Dimmitt High School musicians all girls — won berths in the all-regional band during auditions this week.

THEY WILL perform in the all-regional band concert Saturday at 7:30 p.m. in Lubbock's Coronado High School auditorium. Along with other top instrumentalists in the region, they'll rehearse tonight and all day Friday and Saturday for the concert.

Five DHS clarinet players set

a record of sorts during the auditions. They competed with almost 80 other clarinet players from throughout the region for 28 positions in the dream band, and all five made it. Their accomplishment gave DHS more clarinet positions in the band than any other school in the region.

The five girls are Janice Mooncock, Paula Birdwell, Sharon Barker, Betsy Simpson and Marsha Baldrige. It was the second year for Miss Mooncock to make the all-regional band.

AND BOTH of the contrabass clarinet positions in the dream band will be held down by Dimmitt girls. They are Teresa Cranford and Sheila Hamilton. This is Miss Cranford's second year in the all-regional band.

Paralyan Render, cobe, and Carolyn Dunn, bassoon, also set a record when they made the honor band for the fourth year in a row. Both girls are seniors.

Elaine Davis won one of the two baritone saxophone chairs in the dream band. This will be her

second year in the all-regional band. All but two of these students have received all their public school band training in Dimmitt schools, under the direction of Director Ralph Smith.

DIRECTING THE all-regional band will be A. Clyde Roller, University of Houston orchestra director and assistant conductor of the Houston Symphony.

Four FFA Boys Win at Denver

Teddy Smithson, son of Mr. and Mrs. Rayphard Smithson of Dimmitt, had the grand champion barrow this week in the National Western Stock Show at Denver, Colo.

HE WAS ONE of four Dimmitt boys to win prizes with show pigs.

His barrow, a Chester White, was bred by Hubert Edwards of Dimmitt. On the way to becoming grand champion, Smithson's pig was named grand champion of the Junior Show and champion of the crossbred and other classes, which included Chester Whites, in the Junior Show. Monday, his pig was named the best of all divisions in the National Western.

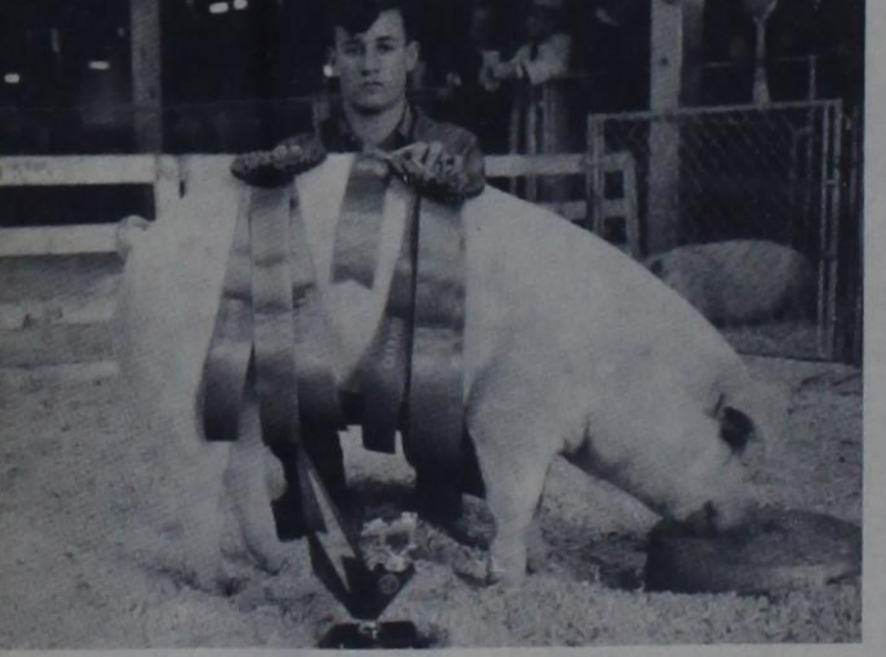

Richard Jackson showed the reserve champion of the crossbred and other classes. His pig, also a Chester White, was one of several show pigs Jackson raised himself this year.

JOHNNY DAVIS had the champion of the Berkshire class in the Junior Show. His pig was bred by Jimmy Cluck of Sunnyside.

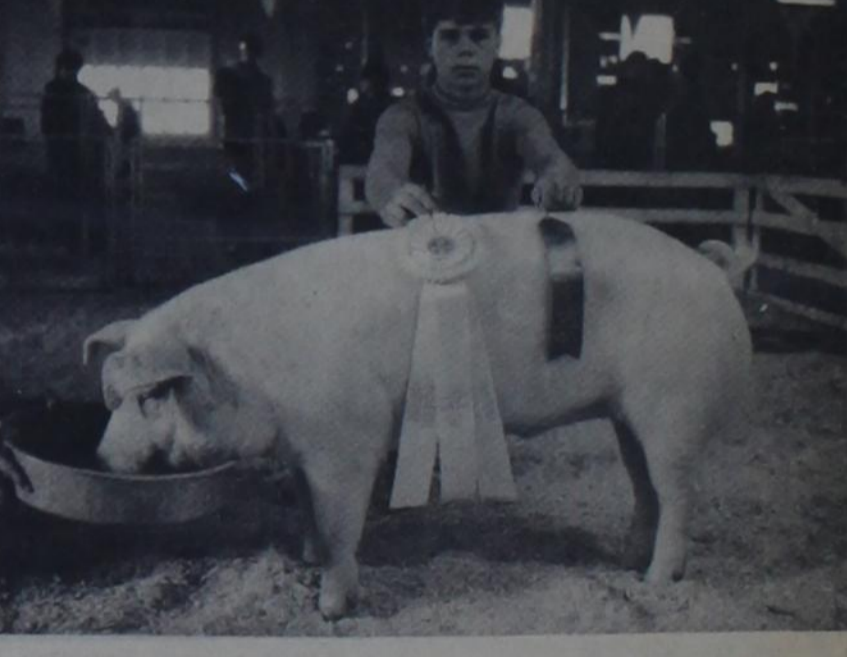

Jackie Matthews had the reserve champion of the Hampshire class. Matthews also bred his own pigs this year.

All four boys are members of Dimmitt's Future Farmers of America. Other FFA boys showing animals in the Denver show were Dana Wall, Darrel Pope, Keith Gross and Carl Dean Carson.

ELROY OTTE, D.H.S. vocational agriculture teacher, left last Thursday with the boys for Denver. They returned Wednesday.

First Christian Fry to Speak Again Sunday

Othela Fry, First Christian Church board chairman who lives in the Dodd community, will fill the pulpit again Sunday for Minister Bedford W. Smith, who is recovering from a recent auto accident.

FRY also filled in during the past two Sundays.

The minister, who was dismissed from the hospital last week, was able to attend worship services Sunday, but was not yet able to resume the activities of his ministry. He expressed his gratefulness to Fry and the church's elders for carrying on the work until he is well enough to serve again.

Golden Spread Rest Home

BY LILLIAN HAWKINS

The residents of the rest home have had their troubles since Christmas and the New Year.

Flu has been trying to get a start, but has been mild because most residents had two flu vaccine shots this fall and winter.

Several have been to the hospital for different reasons.

MISS ANNIE Browder was in the hospital over last weekend, but is better and back home with us now.

Addie Minor was admitted to the hospital for three or four days. She is back also and recuperating nicely.

Mrs. Pearson was admitted to the hospital but is better and will be back soon.

MR. AND MRS. W. T. Harlan of Denton have come to live with us. They three married sons in this area and one in Afghanistan.

Mr. and Mrs. Elam Lewis had a visit Sunday from their son and daughter-in-law from Borger.

Mr. Hieman was out visiting with the Frank Hoelting family in Nazareth Saturday.

Carl Moore visited in the home Sunday with his wife Mamie.

Miss Nannie Tedford had visitors Sunday — her two brothers, Dr. N. L. Tedford of Plainview and N. O. Tedford of Tulia.

WE OF THE Golden Spread, the employees and residents all extend our sympathy to the families of Frank Conard and Elbert Hist.

Mrs. Nellie Stevens was treated to a weekend on the farm of her youngest son near Tulia last week.

Bill Smiley and Henry Connelley were visited by an old friend this last Friday, Jack Smitherman of Hart.

IN CLOSING our news we would like to say a great big "Thank You" to all the many, many people of this area who helped in so many lovely ways to make Christmas cheerful for all the guests in the rest home.

There were many lovely caroling groups, many baskets of fruit, cookies, lovely aprons and well chosen individual gifts for every man and woman registered at the Golden Spread.

It gladdened our hearts to see how all the churches, businesses and individuals shared their Christmas with all our senior citizens here.

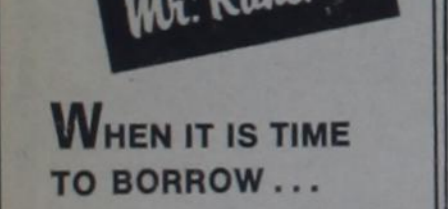

Maynards Visit Patient

Mr. and Mrs. Sam Maynard visited Mrs. L. G. Allen in the Crosbyton Hospital Sunday. Mrs. Allen, a former Dimmitt resident, underwent surgery Friday.

Income Cards Mailed to Vets

More than two million veterans and dependents receiving pensions from the Veterans Administration have been mailed cards on which to report their annual income, Jack Coker, manager of the VA regional office in Waco reported.

The check-sized income report cards, enclosed with the November pension checks, must be filled out and returned to the VA by Jan. 31, or payment of the pension will be stopped, Coker reminded. The law requires that payments be stopped if income is not reported.

THE FORMS have been simplified this year, and designed for faster processing in automatic accounting machines. It is important that the cards not be folded, torn or mutilated.

The income questionnaires are going to all veterans and dependents of deceased veterans on VA's non-service connected pension rolls, and to parents of deceased veterans who are receiving dependency and indemnity payments.

Dimmitt Joins Study Project

Dimmitt was one of 300 small towns in West Texas to receive a questionnaire from the Small Town Task Force of the West Texas Chamber of Commerce last week.

DOROTHY MAGNESS, CoC secretary, is currently filling out the questionnaire to show the problems, assets and potentials of the city.

In addition to the questionnaires sent to 300 cities with less than 12,000 population, the Small Town Task Force is conducting pilot

studies of 15 small towns in the area.

Next step is the holding of hearings on various subjects vital to the proper analysis and solution of small town problems. The first of these hearings will be in Tulia next Thursday, and Mrs. Magness said the chamber board has voted to send a delegate to this hearing.

ing.

FOLLOWING the six scheduled hearings the Task Force will publish a report on all the testimony by specialists and small town representatives, and make recommendations to the towns on methods of attaining their potentials and solving some of their problems.

Bible Thoughts

"SERVICE THAT EXCELLS"

By Ronnie Parker

The scribes and Pharisees of Jesus' day considered themselves to be models of righteousness and goodness. They were not. Jesus found them to be proud, pious, hypocrites. He said, "For I say unto you, that except your righteousness shall exceed the righteousness of the scribes and Pharisees, ye shall in no wise enter into the kingdom of heaven" (Matt. 5:20). The follower of Christ was not permitted to measure himself by the Pharisee for Christ wanted his followers to excel such "righteousness."

Jesus also asked, "What do ye more than others?" (Matt. 5:47). The Saviour was teaching that His disciples must not be satisfied to live as other men. The false standards of men were below the standards of Christ. The Christian calling demands that Christians surpass others. They are to "exceed." They must "do more" and "be better" than others of the world. But they must never be filled with pride.

The Pharisee who went into the temple to pray made the error of measuring himself by other men. He said, "God, I thank thee that I am not as the rest of men." His error was pride. True greatness in the kingdom of God comes through humble service to God and to men. Jesus himself was the perfect example who "came not to be ministered unto, but to minister, and to give his life a ransom for many" (Matt. 20:28). True Christian service is "greater than," it "exceeds," it "does more" than others!

WORLDS TO Conquer!

Many Young People have just recently stepped out of the world of training and study, and now look to make their spot in the world. These words of encouragement are written for you.

New frontiers are still there to be conquered, there is a place of service for you. Do not be afraid, for in the strength of your youth, you can accomplish much, however, do not shun the advice and help of others. Above all, seek the knowledge of the Lord.

"Thou shalt guide me with thy counsel." Psalm 73:24

ATTEND CHURCH REGULARLY

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

CELEBRATING the TG&Y chain's "Over 500 Stores" observance this week will be these department heads of the Dimmitt variety store. From left are Sharon Ward, stationery; Mrs. Louise Cathey, cashier and floor lady; Mrs. Edith Acevedo, notions; Mrs. Lola Mundell, hardware; Mrs. Pauline Waldrop, toys and hobbies department; and Fred Lemme, store manager. Dimmitt's is one of more than 500 TG&Y stores now operating in 13 states from Florida to California. The chain started with a single store in Norman, Okla., in 1936.

Dimmitt TG&Y Observes 'Over 500' Celebration

TG&Y Stores across the southern US are heralding their "Over 500 Stores" celebration this week, according to Fred Lemme, local TG&Y manager.

The nationwide variety store chain is celebrating its new plateau of growth with a sale, Lemme said, "in appreciation for the wonderful customers who have shopped our stores over the past 30 years, beginning with our first one in Norman, Okla."

SINCE IT WAS first formed in 1936, TG&Y has grown into a chain of more than 500 stores in 13 states, from Florida to California. This year, TG&Y became recognized as a national concern by the magazine, "Chain Store Age."

Lemme, 28, joined TG&Y in 1962 at El Reno, Okla. — although he has been in the variety store business since he was a senior in Borger High School. After graduating from BHS in 1957, he continued working in variety stores while attending West Texas State and Frank Phillips College.

LEMME WAS an assistant store manager in Lawton, Okla., when he resigned to go into management training with the TG&Y branch in El Reno.

After a year's training in El Reno and Plainview, he managed two TG&Y stores in Amarillo — first the Second and Western Branch, then the 46th and Georgia store.

After helping with the grand opening of Dimmitt's new store in 1963, he moved here from Amarillo in 1964 to manage it, when the store was only nine months old.

During his three years here, Lemme has been active in the Lions Club, Chamber of Commerce and Dimmitt Volunteer Fire Dept.

THE "SENIOR staffer" of the Dimmitt store is Mrs. Louise Cathey, cashier and floor lady, who has been with the store since its opening day. Other department managers are Mrs. Lola Mundell, hardware; Mrs. Pauline Waldrop, toys and hobbies; Mrs. Edith Acevedo, notions; and Sharon Ward, stationery. They are responsible for stocking and selling more than 11,000 items carried by TG&Y.

TG&Y was formed Jan. 1, 1936, as a partnership composed of three Oklahoma men — R. E. Tomlinson of Frederick, E. L. Gosselin of Cordell and R. A. Young of Kingfisher. The store name was taken from the three partner's initials.

The chain's general offices and main warehouse are now in Oklahoma City. The company also operates warehouses in Lubbock, Shreveport, La., and La Mirada, Calif.

'Follies' Rehearsals Underway

BY MYRTLE SHEFFY
We met Mr. Burrus of Olton recently while having barbecue. He is the husband of our Kathleen, who is directing the "Lions Club Follies."

The Follies are composed of local talent and the proceeds will go to our foreign exchange student fund.

Rehearsals are starting, so if you can "warble" or dance a jig, see Kathleen or the Lions and do come Thursday night to Methodist Fellowship Hall for practice. I will look for you.

Courtney Armstrong said she and Charles and their three sons, Clay, Brent and Scott, were in Dallas to see some of the ball games and just to see the big city.

I learned from Mrs. Cliff Cook that their son, Steve Meyers, is now Airman 3rd Class in the US Air Force. He's stationed at Charleston, S.C. Friends send him cards.

MRS. EDWIN Ramey cooked the birthday dinner Saturday for the twins, Edwin and Edgar. Also, it was Cotton John's 47th birthday. Edgar says they are 30 years his senior. Guests were O. J. and Dessie May Beene of Friona, Bub and little Edwin Ramey of Amarillo, Louie Allen, J. R. Brown, H. S. Hilburn and J. D. Buckhannon of Plainview and J. B. Nolan of Summerfield. We all wish for the Ramey boys many more good years.

Janis Dobmeier and her sister, Judy and David Erlbeck, Daniel

and Brenda Erlbeck went to Happy to see the balgame between Happy and Dunbar High of Plainview. It was quite a game, I hear! Janis works for Schaeffer and Harden.

Mr. and Mrs. P. L. Cunningham, Mr. and Mrs. N. F. Cleavinger and Mr. and Mrs. Homer Newton went to Cotton John's Travel Club party at KGNC TV Saturday. His film of the last trip to Europe and all around was shown. That will make you go again.

J. R. AND MARY JO Brown were hosts at a coffee and bridge party Saturday night. Didn't find out the high winners. Guests were the Jimmy Rosses, the Dr. Dennis Blackburns, John Gilbreaths, Bill Bennetts, and the Jay Lee Touchstones.

I HEARD that Rev. C. Mitchell Kennedy and his wife Margaret have moved here from near Fort Worth. Rev. Kennedy will pastorate the Presbyterian Church. Margaret is said to be the prettiest little lady. How about that?

The congregation had a big dinner at the high school cafeteria Sunday after services with 75 or more there. Everyone not going to church someplace else is invited to come to church there. Special invitation from Mrs. Charles Armstrong and Mrs. Howard Cook.

KATHY AND Terry Hill of Levelland were weekend guests of their parents, Mr. and Mrs. Charlie Hill and Florene Leinen. Terry is a student at the college there.

Kathy is with the ASC office in Levelland.

Several merchants are in Dallas for the spring showings of merchandise. Mike and Loretta Cornelius and Mrs. Cornelius, the mother of Mike; Don Moke and Gene Johnson, David Harpole and Jerry Warren are the people I heard of who went.

Alvena Hill and children, Terri, Judy, and Mike of Canyon were weekend guests of her parents, Mr. and Mrs. Brown of Brownie's Cafe. Alvena is a student at WT SU.

Mr. and Mrs. Goodwin Miller and Mrs. Pearl Sheffy visited their brother, P. D. Miller, who fell and broke a few bones and is in the hospital at Hobbs.

Mrs. Leen Sanders visited her uncle, who had surgery last week in a Wellington hospital. Mrs. Sanders teaches music in the Dimmitt school.

ALLIE MAE WILLIS and her mother Mrs. G. L. Willis Sr. and grandson, Charles Copeland, had fun at the antique auction in Amarillo Friday. They have collected many fine things.

Quida Willis (Mrs. G. L.) was hostess at a party Friday afternoon. Bridge and food was enjoyed by Anita Morris, Gladys Benson, Doris Gabel, Grace Giles, Aural Davis and Bernice Wright, Dugan Butler, Vaudins Hill.

Mrs. Norman Johnson of Peecos and sons Jack and Larry of Sul Ross College at Alpine, and Mr. and Mrs. Hcrace Carlile were guests at a steak supper with Jack and Clara Patton. Jack is a brother of Mrs. Johnson.

TED AND Sherri Collins and little daughter, Collene, of Sharon Springs are here for a visit with their parents, the Shorty Mannings and the Joe Collins. Little Collene has been ill in the hospital - doing O.K. now. Bob and Jennie Estes of Bo-

mina took daughter Kay to Temple for a check-up. Mrs. Percy Estes is still very sick in Plains Memorial Hospital.

Peggy Webb visited daughter, Kristi and Steve Wesson Saturday, and they all attended church at St. John's Methodist Sunday.

Mr. and Mrs. George Bradford attended the funeral of her brother, Mr. Roden, in Fort Worth Thursday. It would be nice if they can go on to Austin for the governor's inaugural ceremony and the gala affairs.

NANCY ROSS was hostess to a group of friends Tuesday afternoon with bridge. The girls all dressed up in the "teen" type with long spotted so and skirts just for fun. I saw a few of them run into the stores to choose these things. A dessert plate was served to Reba Touchstone, Ruth Jackson, Jane Blackburn, Betty Beothe, Millicent Bennett, Andrea Fry, Mona Merritt, Peggy Prather, Joy Baker, Mary Bechtol, Katy Graham and Betty Parsons.

Mr. and Mrs. Jack Cowsert went up to Denver Wednesday on business. While in Colorado they went on to Fort Collins to visit son Jim and Myrna's sister and brother-in-law Eleanor and Ray Koehler.

Harold and Shirley Stephens spent the weekend with his folks Mr. and Mrs. Ozro Septhens in Amarillo. His sister Karen is recuperating from surgery.

ASK JESS and Lester Womack and Leslie Heard about prairie dogs! Dana Wall collects animals - he has a crow, another bird and the little prairie dog that bit Leslia. He says, "I was all shock up" - besides having a sore finger.

The courthouse girls gave a salad supper and party at Zonell Maples' house Thursday night for Mrs. Faye Holland, who served as county treasurer for 26 years.

THE CHANTERS of McMurry College will present an evening concert at the First Methodist Church next Thursday at 7:30 p.m. The choir from Abilene is currently on a 10-day tour covering 13 cities, 11 of them in the Panhandle. Traveling with the choir will be the "Windjam-

mers," a trio of collegiate entertainers who have appeared on stage and TV, and who are among the stars of the Campus Talent 1967 show, televised statewide this week. Their concert here will include compositions of the masters, Gregorian chants, spirituals and folk songs.

Singers Will Practice Tonight

Mrs. Florene Leinen is now the treasurer. A pretty white wrought iron chair was given to Faye by Florene Leinen, Ruth Carter, An Leonard, Frankie Reed, Betty Vaughan, Dorothy Wright, Irene Keating and Zonell.

The chorus of the Lions Club Follies will rehearse tonight (Thursday), and more voices are still needed.

SECTIONAL rehearsals will begin at 6:30 in First Methodist Church, with the entire chorus rehearsing at 7:30.

Mrs. Kathleen Burrus, director of the Follies, said the chorus still needs more singers in all sections - especially tenors. And she added that anyone who can car-

ry a tune is eligible for the chorus, "whether you can sing parts or not."

The "get-acquainted" rehearsal was held last week. The chorus will perform medleys from "Show Boat" and "Gypsy" in this year's amateur musical show, which is scheduled for Feb. 24 and 25.

JIM AND GAIL Ratcliff will live in Dimmitt now. Jim will be with Schaeffer and Harden Accounting Firm. They plan to live in the J. R. Brown house on Third Street. Jim is the son of the Glen Ratcliffs. Gail is the daughter of the Jim Elders.

Jackie Johnson, bride-elect of Joe James, was honored at an old-fashioned shower Saturday afternoon in the home of Mrs. John Roberts out near Five Point. Mrs. Courtney Armstrong assisted with hostess duties. Many lovely gifts were presented. Jackie is the daughter of Mr. and Mrs. Bob Johnson; Joe is the son of C. W. and Peggy James. A refreshment plate was served to 27 friends.

Mrs. Bob Johnson and Rochelle took Jackie back to school at WTSU, Canyon, on Sunday.

Mr. and Mrs. Coleman and son Garland were Sunday guests of their daughter, Shirley and Frank Wise and children.

I met Wanda Murdock while shopping. Her husband, Bobby, works with Southwestern Public Service Co. as a serviceman. They have two children, have lived here since August and attend

ANN SCARBOROUGH, student at a business college in Amarillo, spent the weekend with her parents Mr. and Mrs. J. S. Scarborough, who live north of town.

Mr. and Mrs. Billy Smith of Lubbock were weekend guests of her sister, Bessie Strickland Butch and family. Butch is with Taylor and Sons Grocery.

Mrs. Annie Strohmeier, known by friends as "Granny," has returned from a month's visit with her son and daughter-in-law, Al and Lorene Tittle, and grandson Tommy, who live in Arkansas. Annie says she saw cousins and other relatives not seen in 50 years.

Mrs. Ann Laysoya of Roswell has been here for a visit with her daughter and son-in-law, Olivia and Nick Gonzales and child for several days.

Vicki Hathaway of Plainview has returned home after a visit with her grandmother, Mrs. Ed Hathaway. Her dad, Nicky was with the Dimmitt Motor Co.

How Did Our First Ladies Meet the Task?

By Susan Walker

This country has had many outstanding presidents, but behind each of these great men was an outstanding woman. The first ladies of the United States have had many different kinds of duties and each had to meet her duties and handle them the best way she could.

THE FIRST woman to ever meet the duties of First Lady was Martha Washington. Martha's girlhood was filled with learning to keep house, cook and sew. Martha's first marriage was to Daniel Custis. They lived a happy life until 1757 when Mr. Custis died. After a long period of mourning Martha was married to George Washington. The first years of their marriage was devoted to the War. After the war the people of this new country elected Washington as their president. Martha had her difficulties as our First Lady. She was greatly criticized because of her actions. Her parties were not liked

because they ended at 9:00, because this was the time that the president retired.

The Washingtons retired to Mount Vernon after serving two terms as "First Family." They lived a quite life until Washington died December 14, 1799. Three years later Martha died.

ABIGAIL ADAMS was married to John Adams on October 25, 1764. Adams was sent as ambassador to France and England with Abigail attending all court balls and acting as a buffer between Adams and the high officials of these countries.

After returning to America, Adams was elected President of the United States. When he was elected President, Abigail became First Lady. She was well qualified for this position because of her training in England and France. She was the first woman to ever live in the White House and the only one that was the wife of a president and the mother of a president.

THE MOST popular lady of this era was Dolly Madison. Dolly's childhood was very colorful because she lived in a world of her own. Her religion forbade her all the pretty clothes and parties that she wanted. Dolly's first marriage

was to a Quaker lawyer named John Todd. In 1793 an epidemic of yellow fever took the lives of John and his baby girl. This left Dolly and her son alone with her husband's estates.

For a time Dolly's masculine acquaintances were limited to legal advisors and Aaron Burr. Burr is said to have been Dolly's secret love; however, he is the one who encouraged Dolly to marry James Madison. Dolly was then "read out of" the Quaker religion because of her marriage to Madison. This did not bother her for now she would be able to have the things she wanted and loved. When Madison became President, Dolly became the center of attraction.

SHE PERFORMED the duties well. During the War of 1812 she was responsible for saving the picture of Washington and the Declaration of Independence. In her own way she was responsible for our National Anthem because she requested that Madison let Key go to Fort Mifflin. She also started the Easter Egg Roll at the White House. She was the first woman ever voted a seat in the House of Representatives. Dolly was known throughout as the most popular and most glamorous first lady. When she died July 12, 1849, she was buried in the Congressional Cemetery; however, six years later her body was moved to lay beside that of James Madison.

Now, What's Your Excuse?

"Excuses, excuses, always excuses." I'm sure that this has run through the minds of the first period office workers, Kita Struve and Joe Bill Butler.

These excuses run from "my alarm clock rang late," to "I had a wreck." There are many excuses: "I was sick," which is the usual excuse; or, "I had a flat,"; or, "I was stopped for speeding while trying to get to school." There are a thousand other excuses which have been given. Of course, some of them are valid, but most are just ways to skip first period.

IT IS VERY easy to get someone to write an excuse for you, and most of the time, you get by with it. But if you think you are putting anything over on the teachers, then you are badly mistaken. The teachers are not dumb enough to fall for a reason such as "I was detained." Really now! But what can the teachers do about it? After all, the pass is signed and excused, so they just have to accept it even though they know the person is lying through his or her teeth.

PLEASE TRY to remember one thing. Honestly if the best policy. This was not spoken by a man who was lying either. It really is. If you tell the truth, then you will never regret it.

"Hurray, hurray, school's out." "It sure is nice to be cut for at least one extra day."

"That's right. It's not very long, but just wait until I tell you what I'm going to do."

I IMAGINE this is what many of you said after those horrible semester tests.

I've been checking around, and I found out that several people did very unusual things.

For instance:
 Charles Hodge — Went to Hart and worked in the chain.
 Beth Moore — Went to Amarillo.
 Peggy Godfrey — Went to Olton and see?
 Mrs. Hedrick — Teachers don't have holidays!
 Bill Hunt — Started moving.
 Keith'a — Caught up on sleep and went to Hereford.
 Deanna — Worked for Mrs. Smith.
CAROLYN DUNN — Went to all-regional band tryouts.
 Fungus Hasley — Went to WT and goofed off!

Springlake Girls Defeat Bobbies

Friday night, Jan. 6, in the grade school gym the Bobbies played the Springlake Wolverines who last year played in the state finals.

ACTION Friday night had Debra Summers scoring 31 points while Allan Webb followed with 26. The Bobbies hit 54 percent from the field and 50 percent of the free shots.

This was a game in which the Bobbies are still first in district running. Friday night they saw district action again when they played Ulton there. Saturday night they played Hale Center here.

Let's all get out and support our Bobbies and Bobcats and help them win district.

To Tickle Your Funnybone

Woman (over telephone): "Are you the game warden?"
 "Yes, madam."
 "Well, thank goodness, I have the right person at last! Would you mind suggesting some games suitable for a children's party?"

Neighbor: "You have a nice collection of books, but it seems to me you ought to have more shelves."
 Second Neighbor: "Yes, I know, but no one ever lends me any shelves."

"What was that?" asked the nervous Cockney lady, who was taking her first trail ride through the rugged Canadian Rockies.
 "That was only an owl, ma'am," replied the guide.
 "I know it was an owl," said the lady, "But what was it that 'owled'?"

School Study In Final Stage

Twenty-one local committees have completed the fact-finding phase of their ambitious evaluation program on Dimmitt's public schools, and this week they're getting ready to write their final reports.

The evaluations, which were initiated last July at the urging of Supt. Paul Hilburn, were conducted by faculty members, administrators, business and professional people from throughout the community.

WEDNESDAY, Dr. Morris Wallace of Texas Tech met with the school faculty to discuss the writing of the final reports under guidelines set by the Southern Association of Schools.

The evaluation reports are expected to provide guidelines for upgrading, altering and expanding the public school system here in future years.

NOTICE TO PARENTS Of School Age Children

The school census is being taken during the month of January this year. All children who are six years old on or before Sept. 1, 1967 but will not be 18 or older on or before that same date should be counted in this census. It is very important that all children six to 18 years be counted in this census. The child should be counted even though he may not be in school and even though he or she may be married.

If you, as a parent, have not received and filled out a school census blank on or before January 31 you are being overlooked and should do one of the following:

1. Phone the school office and ask for a census blank (647-3108).
2. Call in person at any of the Principals offices and get a census blank and fill it out.

Remember, if your child will be six years old next September 1, he should be counted in the census now, even though he is not in school now. If he is six but not 18 or older next September 1 he should be counted now. All children from six to 18 should be counted. The six year olds who start next September to school are the ones most overlooked in the census. Failure to count them costs the school and taxpayers extra money. Please help us not to overlook anyone.

Sign-up Period Shorter in '67

BY CHARLEY HILL
County ASCS Manager

The sign-up period of the 1967 annual programs will begin Monday, Feb. 6 and close Friday, March 3. This is a shorter sign-up period than in 1966, so don't let the dates slip by, if you intend to participate.

You can ask for an advance payment on one-half of the cotton diversion and one-half of the feed grain price support payment at the time of sign-up. These payments will have to be mailed at a later date, due to an IBM Scanning Process of typing the drafts. There will be some delay because or ASCS office has only one typewriter that is equipped to do this job.

MEASURED YOUR WHEAT?
You (each farm operator) will be called upon to report farm acreages just as was done in 1966. You will be expected to report your 1967 wheat acreage (the acres seeded for harvest) at the time you sign up for the 1967 program(s). If you have not carefully measured your wheat acreage, we suggest that you do so before you come in to sign up.

Measurement service is available! If you would like for one of our men to measure your wheat acreage for you, please file your request at your earliest convenience.

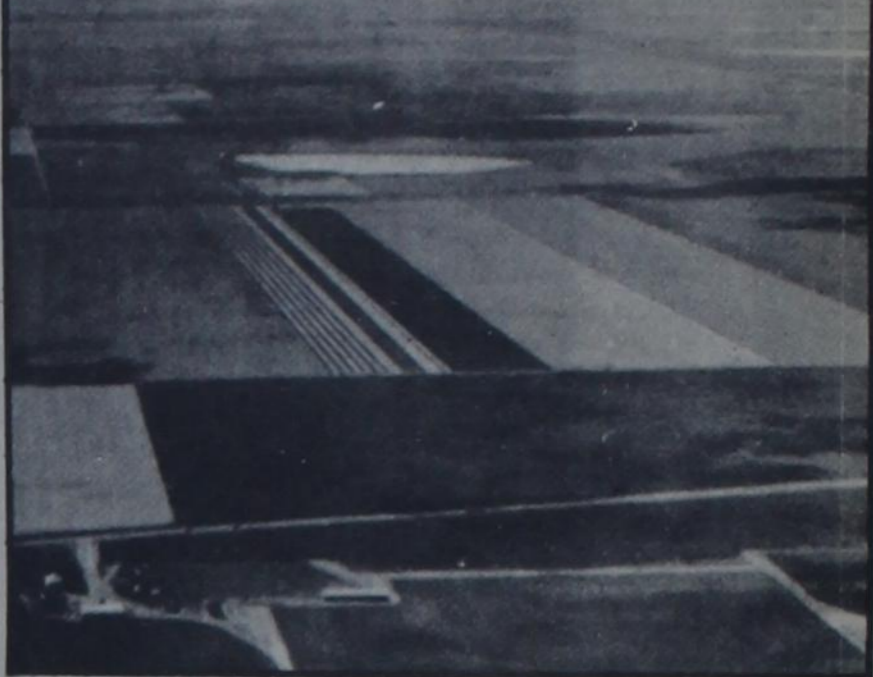

PROGRAM FACTS
There is no diversion under the

wheat program. There is only 20 percent diversion (layout) under the feed grain program with no diversion payment, and with a price support payment available. The minimum diversion under the cotton program is 12 1/2 percent and the maximum diversion is 35 percent. Basically, the cotton program is the same as that we had in 1966. The only difference is — the payments are higher.

Soil Testing Points the Way On Fertilization

Expanded use of fertilizer in the Panhandle has increased the importance of using professional soil testing as a guide to profitable fertilization, according to an Extension Service soil chemist serving the area.

THE RECENTLY published Panhandle Economic Program (PEP) report shows fertilizer use multiplied more than three times from 1959 to 1965, says Jim Valentine, who operates the Extension Service soil testing lab at Lubbock.

Panhandle farmers used about 73,000 tons of fertilizer in 1959, compared with more than 225,000 tons in 1965, according to the PEP report.

Valentine says all of the fertilizer probably contributed to increased yields, but in many cases a soil test would have indicated that a different rate and analysis of fertilizer would have produced a more profitable yield. Optimum use of fertilizer could be worth \$10 million more annually to the 26 Panhandle counties, the PEP report said.

TO GET AN accurate fertilizer recommendation for a field, the Extension soil chemist says a farmer must do two things:

First, he says the sample should be taken from 10 to 15 representative locations in a field.

Second, an information form should be carefully completed so the recommendation can be based on crop history, available irrigat-

OUR TASTING TEA and Operation Tablecloth brought over \$650 into our treasury for hospital equipment and scholarships.

Don Newman reported on the proposed bond issue for the much needed enlargement of our hospital. The growth in our population and the launching of Medicare have made it necessary to enlarge our hospital facilities. There were 33 patients week before last in our 30-bed hospital. If an emergency involving several people had arisen, and you read about that every day in the papers, it would have been difficult to find places to put them.

There has been a thorough study made of the cost to taxpayers of the bond issue. If the amount of \$135,000 is paid off in 13 years, it would mean less than \$1.50 per year for the average home owner and only \$52 for the full 13 years for the owner of the best half section of land in Castro County!

In order to get matching Hill-Burton funds the bond issue must be passed by May 31.

Bible Study Draws 59

By Mrs. Owen Andrews
A church-wide Bible study has been held at Frio Baptist Church this week, with the pastor, Rev. Ogan, teaching adult classes. Fifty-nine persons had been enrolled by last Thursday night. Mrs. Bill Struve has been in charge of refreshments, which were served midway during the study session.

★ **VISITING** the Earl Harkins Thursday were her parents, Mr. and Mrs. A. McDaniel of Edmondson, and an aunt, Mrs. Alton Chidix of Plainview. Sandra and Terry Harkins went home with their grandmother for a few day's visit.

Mr. and Mrs. Z. P. Pilgreen of Vernon visited the home of their granddaughter, Mrs. Joe Andrews and family, Tuesday and Wednesday.

The Andrews left last Thursday for a weekend trip, going that night to Abilene to visit her parents, the Herbert Hasseloffs, and planning to go on to the Uvalde area, where part of the Powers vegetable industry is located.

On Saturday morning, Clark Andrews helped the George Zetsches move to the place where his parents, the J. B. Zetsches, have lived. The J. B. Zetsches have moved into a new home in Friona. The George Zetsches now live 20 miles west and four south of Hereford, or nine miles north of Friona on a farm to market highway from Harrison Highway to Friona. The J. B. Zetsches improved the place about four years ago when they moved there from Bowie.

Visiting the John Simpsons during the weekend were their daughter, Mrs. Leon Roberts and her daughter, Mrs. Ronnie Ford and baby from Dodson. They and the Robert Simpsons and J. C. Simpson family had dinner with the Simpsons Sunday.

★ **TOMMY SPARKMAN** spent last week helping G. C. Merritt care for the Collins Hereford cattle in the National Livestock Exposition at Denver. T. L. Sparkman Jr. went Friday to see the show.

Mrs. Laura Littrell and Miss Alma Andrews spent Tuesday night with Mrs. Littrell's sister, Mrs. Allie Burris at Texico and visited Wednesday in the home of their brother, W. F. Andrews at Melrose.

Others attending the meeting were Mrs. Eugene Baldwin, Mrs. Tommy Sparkman, Mrs. T. L. Sparkman Jr., Mrs. Owen Andrews and Miss Alma Andrews.

★ **HERBERT HASELOFF** of Abilene spent the night of Jan. 5 in the home of his daughter, Mrs. Joe Ed Andrews and family. It was his first opportunity to get acquainted with the new grandson and his namesake, Jason Herbert. Recent visitors of the Walter Hodges Jr. were Mr. and Mrs. Jim Hyeppock. He is Mrs. Hodges' nephew, is from California, and currently is stationed with the Air Force in Wichita Falls.

Rev. and Mrs. Truett Allen, Benny, Stanley and Ray of Roswell spent a weekend recently in the T. L. Sparkman, Jr. home.

Post Office Sets New Rates, Faster Delivery on Parcels

Now your package mailing is easier with the use of ZIP Code. But it's more costly, too.

POSTMASTER JOHN Hardy Wood said new rates and a new system for identifying parcel post zones went into effect Sunday.

Use of the ZIP Code in the recipients address will enable the sender or a mail clerk to quickly determine the proper zone and rate for the package. The zones will be based on the distance a parcel travels between the 532 sectional PO centers in the country, Wood said.

The new system and rates were signed into law by President Johnson last September.

BY CONSULTING a simple chart — which is available at all post offices — the zones can be readily identified because the first three numbers of the ZIP Code represent the sectional center to which the package will be sent, Wood explained.

This replaces a method in which a directory often had to be consulted to locate the proper zone for each of the nation's 33,000 post offices.

THE NEW rate schedule established under the same law will range from 40 cents for a three-pound parcel designed for local delivery to 60 cents for the same parcel to Zone 3 (150 to 300 miles) to \$1.05 to Zone 8 (over 1,800 miles).

The new zoning method will also apply to air parcel post, catalogs, and publications that pay zone rates on the advertising portion of their periodicals.

Wood noted that all parcels mailed between the 100 post offices within the Amarillo sectional center will be charged at the Zone 1 rate.

ALSO, THE same law provides for a series of size and weight increases, beginning July 1, on packages mailed between first class offices. These increases will be made in five annual steps, with the last one coming on July 1, 1971. This increase will affect the Dimmitt post office, which is a first class office.

The new rates are expected to provide an additional \$74 million a year for the Post Office Dept. The later size and weight increases will add another \$32 million a year.

The additional revenue is intended to help keep the Post Office Dept. within 4 percent of cost on parcel post as the law requires, Wood said.

Program Building Committee, HD Council Elect Officers

BY IRENE KEATING

The 1967 Castro County Home Demonstration Council held its first meeting Jan. 10. New officers who assumed duties were Mrs. D. L. Cleaver, chairman; Mrs. Murray Snyder, vice-chairman; Mrs. Robert Yates, secretary; and Mrs. Donald Gilreath, treasurer. They plan to have a good year ahead.

THE COUNTY Program Building Committee met Wednesday at 10 a.m. There were 20 members present. James Murphrey, coordinator of the Panhandle Economic Program, was present to discuss how Castro County could benefit from PEP.

New officers elected were Bob Anthony, chairman; George Sides, first vice-chairman; Bill Simpson, second vice-chairman; and Mrs. S. R. Hutto, secretary.

Here is a poem I think all of us can greatly benefit from.

IF EVERYONE
If everyone who drives a car
Could lie a month in bed,
With broken bones and stitched-up wounds,
Or fractures of the head,
And there endure the agonies
That many people do,
They'd never need preach safety
Any more to me or you.

If everyone could stand beside
The bed of some close friend
And hear the doctor say "No
Hope"
Before that fatal end,
And see him there unconscious
Never knowing what took place,
The laws and rules of traffic
I am sure we'd soon embrace.

If everyone could meet
The wife and children left behind
And step into the darkened home
Where once the sunlight shined,
And look upon the "vacant chair,"
Where Daddy used to sit,
I am sure each reckless driver
Would be forced to think a bit.

If everyone who takes the wheel
Would say a little prayer,
And keep in mind those in the car
Depending on his care,
And make a vow and pledge himself
To never take a chance,
The Great Crusade for Safety
Would suddenly advance.
—Seymour Taylor

I KNOW all of you have been very interested in who our new district home demonstration agent will be. Effective Feb. 1, Mrs. Sue Farris from Marshall, Harrison County will be our new district agent. I know we'll all like her. I got to know her when I trained last February-April in Gregg County, right next to Harrison County where she is county home demonstration agent. I know you are all anxious to meet her.

THE TEXTILE term, "spandex," is one which is becoming part of the vocabulary of the American consumer. Spandex is a 100 percent man-made elastomer and does not contain any natural rubber. Basically, it is stronger than natural elastic thread, yet it is

lighter in weight and more durable. It stretches like rubber and snaps back into place.

It is used in three forms: bare or uncovered, covered or core-spun. The use of bare spandex will produce a very lightweight garment because the weight of the covering yarn is eliminated. The amount of stretch in a fabric can be regulated if covered spandex is used. Bare and covered spandex is used mostly in fabrics for foundation garments and other types of support garments. The third use of spandex as a core-spun yarn is in garments which have the correct amount of stretch for a comfortable fit.

Garments containing spandex should be washed according to the fiber content other than spandex yarns. If the garment is wool, for example, or contains wool if must be treated as wool. Washing in general does not affect the spandex yarns, with the exception of white fabrics which discolor when washed with a chlorine bleach. Oxygen type bleaches such as sodium perborate may be used safely and are recommended even though they are not as active as the chlorine type.

BECAUSE some brands of spandex are not as resistant to heat as others, it would be advisable to reduce tumbler temperatures to 140 to 160 degrees F, if tumbler drying. Care should be taken during press finishing not to distort the shape of garments containing spandex.

Correction

In last week's Nazareth news, it was reported that "Mrs. Andy Schummucker" had suffered a heart attack. This misspelling by the News led many readers to believe that Mrs. Andy Schumacher of Dimmitt was the heart attack victim. It was Mrs. Anton Schummucker of Nazareth who suffered the attack.

Jaycees to Honor Winner Tonight At 'Boss' Dinner

Dimmitt's Junior Chamber of Commerce will announce this year's Distinguished Service Award winner and will pay tribute to the county's Outstanding Young Farmer of 1966 when it holds its annual "Bosses' Night" tonight (Thursday).

THE BANQUET will begin at 7:30 in the Colonial Inn Restaurant.

Jaycees will host their wives, their bosses, city and county officials and prospective new members at the annual banquet. Main speaker will be Rev. Frank Pollard, pastor of the First Baptist Church.

Highlight of the program will be the presentation of this year's Distinguished Service Award to a young man 21 through 35 who has performed outstanding service to his community during the past year.

The DSA winner has been selected by a committee of Dimmitt businessmen appointed by the Jaycees.

LAST YEAR'S winner was Jack Miller, former county attorney, who is a partner in the law firm of Moran and Miller.

The Outstanding Young Farmer award for 1966 will also be officially presented at tonight's banquet. This year's winner, announced last week, is Robbie Hawkins of Hart.

Tonight's "Bosses' Night" banquet coincides with National Jaycee Week, Jan. 15-21.

CARD OF THANKS

We would like to take this means to express our thanks and appreciation to all who helped in any way; food, floral offerings, cards, those sitting up, and all other acts of kindness and expressions of sympathy. Also to Dr. Blackburn, the nurses and staff of Plains Memorial Hospital, who made the last hours of our loved one more comfortable, we are grateful, and we say thanks to each and everyone and May God Bless each of you. Families of Eula Sheehan Adams P. M. Adams, children, grandchildren and other relatives

In my 40 years of driving many hundreds of thousands of miles, my recent auto accident was the first in which I was involved where anyone had to have even first aid, and I am so glad it was I alone who was hurt enough to be hospitalized.

It was several days before it was discovered that I had a crushed left hand because I could move at will all my fingers, but X-rays showed no other broken bones, just loosened cartilage and bruises to my ribs, lacerations in my forehead, bruises about my jaws and knees with sore muscles over much of my body extremities. But I was not hurt as much as it first seemed.

I am especially grateful to Mr. Luther Fcllis and others who assisted in getting the ambulance to me in such short time, with word to my wife and Dr. Bisehoff, who took care of me in such a wonderful way.

I wish, too, to especially thank the two or three nurses at the hospital who were so efficiently administering first aid to me pending the doctor's arrival, and who assisted him until I was safely placed on a hospital bed at Plains Memorial Hospital in Dimmitt, where the service to my needs was so graciously given.

Then I wish to add my thanks to friends and members of my congregation who followed through with gifts, visits, cards and prayers, which hastened my comfort and recovery to this point.

And thanks to the Castro County News for printing this word of appreciation.
 —Minister Bedford W. Smith

CARD OF THANKS

I wish to publicly thank Mrs. Janie Snider for taking me to the clinic when I became ill recently; Dr. B. H. Lee and everyone for outstanding care; Mrs. Pat Hardy for taking me from the clinic to the hospital; and everyone at Plains Memorial Hospital for the care they gave me.

I appreciate also my visitors, the Hospital Auxiliary ladies, the cards, flowers and fruit, and above all, the prayers.

Pioneer Teacher

out the aid of modern equipment, but the personal satisfaction derived from teaching was the same then as it is now," she said in 1956, when her former students gathered here to honor her.

On Aug. 28, 1956, she married Percy Estes, member of another pioneer family here. They joined the First Methodist Church in Dimmitt the same year.

TWO YEARS after her marriage, Mrs. Estes gave up teaching and devoted the rest of her life to her family.

The Estes became one of the best-known families in Castro County. In addition to his farming and ranching, Mrs. Estes served as county judge from 1926 to 1932. Their two-story family home at Fourth and Belsher was among the first in South Dimmitt and was for many years a landmark of the city.

MRS. ESTES is survived by a son, Robert, of Bovina; a daughter, Mrs. Helen Richardson of Dimmitt; three brothers, Glenn Greer of Hereford, Joe Greer of Amarillo and Charlie Greer of Waco, and three grandchildren. Her oldest son, Greer, for whom the American Legion post here is named, was killed in action in World War II.

Walleyes Do Well At Lake Meredith

Cold-insulated Panhandle fishery crews caught 236 walleyes in new Lake Meredith, according to fishery biologist Jack Crabtree of the Texas Park and Wildlife Department.

THEY ALSO learned that Meredith walleyes, released during the last two summers, have shown remarkable growth. Fish from last year's stocking averaged 13 inches with a few going above this mark. Walleyes are a slender fish and 15-inchers will probably weigh between 1 and 1½ pounds, related Crabtree.

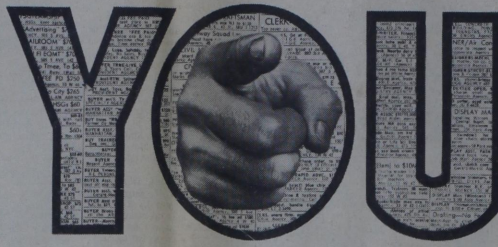

Other game fish released in Lake Meredith are also showing rapid. White crappie were the second most abundant fish caught, averaging three-fourths of a pound each.

Five juvenile blue catfish were also captured in check nets, two of which weighed five pounds. Blue catfish may exceed 100 pounds in large lakes under favorable conditions.

Game fish captured during the survey made up 77 percent of the catch. Rough fish (carp, chub, bullheads, etc.) comprised 23 percent.

And then there was the student who knew everything, but had a very bad memory.

Draft Deferment Tests Scheduled

Around 60,000 bulletins of information about an upcoming draft test for students, plus application blanks for taking it, are scheduled to be mailed to state draft boards Friday.

THE TEST will be administered March 11 and 31 and April 8. Applications for taking it must be postmarked no later than Friday, Feb. 10.

Col. Morris S. Schwartz, state Selective Service director, said students could get the bulletins and blanks by writing their local boards, or calling at any board.

To be eligible to take the test, the applicant must, on the testing date, (1) be registered with a draft board, (2) intend to request occupational deferment as a student, and (3) not previously have taken the test.

Full details about the test will be found in the bulletins of information, available at the draft boards. The test is being given at 23 colleges and universities in Texas.

DEBRA SUMMERS, Bobbie forward, tries to steal the ball from a Hale Center guard during Friday night's conference game here, but is called for fouling. The desperate Bobbies attempted robbery often during the fourth quarter of Friday night's frustrating game, after the Owlettes had

built a steady lead by playing "freeze out" — stalling the ball and playing the percentages with safe shots and charity tosses. The Owlettes handed the Bobbies their first conference defeat, 42-36, in the lowest-scoring game of the season.

TOMMY STAFFORD (10) fires from the corner after teammate Kent Lindsey had stolen the ball and fed it to him during the fourth quarter of Friday night's conference game against Hale Center. Stafford's shot bounced off the rim, but Billy Glidewell followed the shot, recovered the ball and sank the basket to give the Bobcats a commanding 52-35 lead. At left, Dimmitt's John Howell turns to follow the toss.

THE U.S. TREASURY Dept. cited the Castro County News this week with a 25th Anniversary Award "for patriotic service in support of the United States Savings Bond program." Judge R. E. Wilson (left), county Savings Bond chairman, presents the award certificate to B. M.

Nelson, News publisher. Castro County far exceeded their Savings Bond quota in the first 11 months. "Our newspaper doesn't deserve the award," Nelson said. "It really belongs to all the people here who invested their money in bonds last year."

Legislators Tackle Money and Tax Bogies

By Vern Stanford Texas Press Association

Texas legislators went back into session at the state capitol Tuesday.

Pressing money matters and certain new taxes head the "worry list" confronting the lawmakers.

Gov. John Connally in his "state of the state" message to the solons later this month will outline spending recommendations which will require more than \$100 million in new taxation.

NUMEROUS tax proposals are expected to be offered. These include expansion on the sales tax, a one-cent-per-gallon boost in gasoline taxes, a franchise tax raise and many other proposals.

Growing cities, with finance problems of their own, will occupy much of the Legislature's attention.

While most legislators apparently are prepared to vote for new taxes, few indicate they will support a \$44 million raise in state college tuitions.

HEADLINE topics before lawmakers this year will include: —Teacher pay raise — teachers want raises ranging from \$61 to \$100 a month.

—Legalized sale of mixed drinks and horse racing.

—Annual legislative sessions.

—A long-range plan for water pollution control.

—A 20 percent pay raise for all state employees.

—Driver safety legislation: increasing the minimum age for drivers to 16 and requiring periodic re-examination of all drivers.

—Among other measures to be considered are a minimum wage bill, an industrial safety act, increased workmen's compensation benefits, reconsideration of some provisions of the new code of criminal procedure, daylight saving time (should Texas accept it or pass a special act to retain standard time?) and a \$75 million bond-financed, 12-year program advocated by the governor to acquire and develop new state parks.

LIQUOR SI, BETTING NO An Associated Press survey of Texas senators and representatives indicates that while horse-racing again doesn't seem to have a chance in the 60th Legislature legalized mixed drinks may.

In 1965 the Legislature let the horse-racing proposition die in a sub-committee. And the liquor-by-the-drink bill, which has been up in every session since World War II, was killed in committee.

tionnaire, approximately three-fourths of the senators and representatives figures that new taxes will be in order for the 1967 session. But there was no unanimity as to what kind of taxes.

Only one senator — Henry Grover, Houston Republican — said he would vote for few or no more taxes. No member of the House said he would vote against new taxes. However, several legislators did say they were undecided.

WHITMAN'S INSURANCE Group Life and Health Insurance Company of Dallas has asked a district court to rule on who should receive the benefits of a \$10,000 life insurance policy on the late Kathleen L. Whitman.

She was the wife of Charles J. Whitman, the UT tower sniper.

Mrs. Whitman was stabbed to death by her husband before he began his shooting rampage Aug. 1.

Numerous claims have been filed against Whitman's estate as a result of his shooting spree. He had been named beneficiary under his wife's policy.

The insurance company is ready to pay but wants the court to say — to whom.

AIRPORT AID Increased responsibility for the development of Texas air transportation systems will be placed on the state government, says Charles Murphy, director of the Texas Aeronautics Commission.

This, because the federal government is reducing its aid.

Murphy made his statement after studying details of the federal aid program for 1967 as announced recently by the Federal Aviation Agency. Allocated was \$72 1/2 million in matching funds for improvements at 31 civil airports. That's \$12 million less than for 1966. Of that total, \$5,680,359 will be available to 29 cities and towns in Texas, including Dimmitt.

"It has been obvious for some time that the federal government will concentrate on giving assistance for the development of airports in cities that are linked with the national air commerce system and is withdrawing support from small cities that are not in the national air commerce plan," Murphy said.

Stanford Finishes Hospital School

Hospitalman Gary L. Stanford, USN, son of Mr. and Mrs. Gordon Stanford of 705 Maple, Dimmitt, has graduated from the basic Hospital Corps School at the US Naval Hospital in San Diego, Calif.

The four-month course teaches hospital corpsmen and corps-waves to assist in the applying of bandages and dressings, taking of temperatures and care of ward patients.

With further on-the-job training, he will be able to assist in physical examinations, perform first aid and be trained in operating room, laboratory and X-ray room procedures.

SBA Business Loan Program Now Available in This Area

The Small Business Administration's Economic Opportunity Loan program is now available throughout the Lubbock region, it was announced by Jack Teddlie, SBA regional director.

THE LOANS will be made to existing and new businesses by SBA's regional office at 204 Federal Office Building, 1616-19th St., Lubbock, and by 72 other SBA field offices throughout the nation. Previously the program was available on a limited basis in 44 communities.

To find those low income and other handicapped people with the best potential to successfully operate a business, SBA will work agencies, neighborhood centers, regional organizations and other groups throughout the Lubbock area, Teddlie said.

These organizations also will be asked to assist in providing volunteers from the business community to work with SBA personnel in advance to loan recipients.

In announcing the expanded loan program in Washington, SBA Administrator Bernard L. Boutin said:

"WE DO NOT intend to make bad loans under this program, but neither do we intend to set up inflexible road-blocks. Our people will go out into the ghetto areas in the cities, to the poor sections on the peripheries of the suburbs and to the rural areas. We will look for the loans which can expand viable businesses, exploit new ideas, establish small manu-

facturing plants—the kinds of businesses which can have a healthy effect on the community, which can expand employment opportunities, which can stimulate the economy and be in concert with our national goals.

And, we intend to work closely in the EOL program with local groups, such as community action agencies and neighborhood centers, as well as with areas and regional organizations devoted to stimulating the development of the disadvantaged and lower-income groups.

"Wherever authorized by the Office of Economic Opportunity, SBA will cooperate with Small Business Development Centers in providing counseling guidance and management training. SDCs shall refer applicants for financial assistance, coming to their attention, to SBA.

"In addition, SBA will make available to EOL recipients all of our management assistance tools in a combined effort to assure the success of these small businesses."

A KEY feature of the expanded EOL program is that it will also seek to assist for the first time those who are above the poverty level, and yet cannot qualify for SBA's regular business loan program.

"For too long," said Boutin "this group of people has been in a sort of financial no-man's land. We intend to help them."
