Buddy Hill Is State 4-H Club Santa Fe Award Winner

Word was received Wednesday by County Agent, R. L. King from J. W. Potts, 4-H Club Specialist of College Station, that Buddy Hill, son of Mr. and Mrs. Homer Hill of Hart was winner of one of the coveted Santa Fe Awards, which includes an all expense paid trip to the National 4-H Club Congress and Livestock Show at Chicago, December 1st through 5.

Buddy is one of 19, 4-H Club boys and girls in Texas to receive this award and the 6th 4-H Club boy from Castro County to receive this high award in the last 6 years.

Buddy has been an outstanding Beef Calf feeder and has also carried demonstrations in Swine, having won a Sears Gilt last year, and wheat and grain sorghums. He was recently elected President of the Hart 4-H Club and has been a leader in all the activities of his club. Formal presentation of the award will be made later. Other boys in the county who have won this award are: Trellis Summers, Edward Bennett, Rodney Smith, who is now adult leader of the Hart club, Cecil Ray Jones and Doyle Davis.

Another State winner from Castro county was Floyd Acker, son of Mr. and Mrs. Jacob Acker who was state winner of the Farm Safety Contest. This award is a \$25.00 War Bond and was awarded to Floyd for his safety work, which includes making a survey of his home farm and practicing safety as well as his other 4-H Club work.

Floyd has been an outstanding swine demonstrator and is in the registered swine business with his father and brother as a result of having won a registered gilt in the Sears program a few years ago. Floyd recently showed the reserve Champion Fat Barrow at the State Fair of Texas at Dallas. Floyd was recently elected secretary of the Nazareth Senior 4-H Club and has been a leader in Club work a number of years.

County winners have not been determined as yet and will be announced at a later date.

Veterans Must Get Certificates to Buy Surplus War Goods

AMARILLO (Special)—Veterans throughout the Panhandle area who have not previously applied to War Assets Administration for the necessary certification to participate in surplus property disposals will have two days Wednesday and Thursday, November 13 and 14, during which WAA field representatives will be in Amarillo. Doyle Smith and James L. Adkins from the Fort Worth WAA regional office will be at the Old Library Building, 6th and Taylor Streets each day from 9 to 12 and 1 to 5 in the interests of veterans of this area who seek to be certified or desire current information on surplus property available in coming sales.

Smith stated that with two huge "site sales" nearing opening dates, one at the Fort Worth Quartermaster Depot later this month and another at Camp Bowie, near Brownwood, early in December, veterans seeking to exercise their priority buying rights at those sales should apply for certification now. Presentation of an honorable discharge at the time of making application is the only requirement. Smith added that a number of veterans who had desired to buy at the recent "site sale" at Pantex Ordnance Plant had been disappointed, since no certification is done at "site sales."

The two WAA men will make a return visit to Amarillo November 25 and 26 but Smith stated that applications not made until then would be too late to get certification in time.

County H. D. Council to Meet November 12

The Castro County Home Demonstration Council will meet Tuesday, November 12 at 2:30 p. m. in the District Court room. All members are urged to be present.

Castro County Exceeds U. S. O. Quota In Drive

According to an announcement this week by Mayor Jack Cowser, Castro county U. S. O. Fund Campaign Chairman, the quota for the county in the current U. S. O. fund drive has been exceeded. To date \$460.00 have been contributed, while the quota was set at \$400.00. All communities in the county except one have made their reports.

Drive-Inn Cafe Will Be Host to Bobcats Fri. Night

The Drive-Inn Cafe will be hosts to about twenty-five members of the Bobcat team, and their coaches Friday night following the game with the Hereford Whitefaces, according to a statement made this week by Mr. W. R. Mears, owner and manager of the Cafe. A steak supper, with all the accessories, will be served to the football squad, by their ardent supporters, Mr. and Mrs. Mears, who have encouraged the Bobcats with their presence at every game of the season. Bread and pies for the occasion will be contributed by Mr. Jack Gladman of Jack's Bakery, another staunch supporter of the Bobcats.

"Site Sale" Slated At Hereford POW Camp For Nov. 13

All roads throughout the Panhandle will lead to Hereford next Wednesday Nov. 13 as the War Assets Administration throws open the doors of the former wartime Prisoner of War Camp in a huge "site sale."

Lumber, plumbing and heating equipment and supplies; electrical equipment and fittings, all stocked by WAA to offer for sale to aid in alleviating the critical housing shortage or World War II veterans, will be offered November 13, 14, 15, 18 and 19 to holders of HH priorities.

For the opening five days of the sale each holder of an HH Priority will be limited to buying materials not to exceed an amount sufficient to complete construction of one five-room dwelling.

It will be a case of "first come, first served" among the HH Priority holders when the doors are thrown open at 9 a. m. on the morning of Nov. 13. World War veterans exercising a priority to build their own homes, contractors buying material to build a home for a veteran or contractors buying materials to construct homes for re-sale to veterans—all will line up according to their arrival at the Hereford POW Camp.

WAA officials advise veterans to take US highway 60 west of Hereford and to follow "site sale" markers over the grounds of the old POW Camp to the "site sale." Prospective purchasers are advised that no deliveries will be made on the opening day of the sale, and purchasers will obtain purchased materials starting the morning of Nov. 14.

A large number of the former POW Camp buildings have been demolished and the materials carefully stockpiled for this event. Should any materials remain beyond the initial five day selling period, WAA announced that it will then be offered to established sellers of building material who certify to WAA at the time of purchase that all such material will be publically offered for sale to eligible priority holders. There will be no limitation on quantities which may be purchased after the opening five day period.

Hospital Offers Blood Typing Service to Public

The Plains Memorial Hospital urgently request that all those whose blood has not been typed to come by the laboratory for this service. When blood is needed, it is frequently urgent and time is a life saving measure. Knowing your type greatly shortens the time in giving or receiving a transfusion. It may save your life. Come any day, except Sunday, from 11: a. m.—1:00 p. m.

Bobcats to Tangle With Whitefaces Friday Night

The Dimmitt Bobcats will be pitted against the Hereford Whitefaces Friday night on the Hereford gridiron, in the annual grudge game that probably attracts more attention than any other game played in the district. This season has proven that the Bobcats are a hard luck squad, that has only chalked up one win out of six starts, despite the fact that a number of the games were lost after they were apparently Bobcat victories. Although the Bobcats will enter the game with the Whitefaces Friday night with only the under side of a long chance to win, many Dimmitt fans hope that the long-awaited teamwork, in a class with the individual type of playing turned in by practically every Bobcat, will upset the dope bucket and get revenge for the shakelings the Whitefaces have given the local gridstars for the past two years. A Bobcat victory would throw the district into a three-way tie which would be broken next week in the Hereford-Tulia game, the winner of which would be tied with the Canyon Eagles. If Hereford, however, defeats Dimmitt and Tulia they will be the undefeated champions of the district.

Local Girl Gets Promotion

Jeanette Graham, daughter of Mrs. Perry Graham, who is with the Lone Star Gas Co. in Dallas as Home Economist has been assigned with promotion to their office in Waco, Texas. Her duties will begin there December 1. She has also been selected by the Home Economics teacher in Baylor University to represent the June graduation class of '46 in the Journal of Home Economics.

THE ARMY AS A CAREER
Many advantages await the young men who enlist in the Regular Army of today and the future. Good pay, security, travel adventures and a substantial retirement pay are only a few of the advantages.

A young man 18 years old may upon completion of 20 years service retire at \$48.75 to \$107.25 per month, and after 30 years service from \$84.35 to \$185.63 per month depending on his rank at time of discharge. After 20 years service the young man is only 38 and still able to obtain a good paying job on education he received while in the Regular Army, at the same time he will draw his retirement pay from his military service.

Travel and a chance to see far off places that most people would never see are also available to those who enlist now.

Education is still available to those who desire to take advantage of it on a basis of service prior to the official termination of the war. This means that if a person serves 90 days before the official termination of the war then will receive a one year refresher course of schooling for each month served.

Judith Ann Maples says: "Just Look Folks All Nine of Them." Judith Ann, daughter of Mr. and Mrs. C. G. Maples Jr., of Dimmitt, has five great grand parents and four grand parents. Reading from left to right the back row the great grand parents are: Mr. and Mrs.

T. J. Maples, Dimmitt, Texas; Mrs. Fannie Brown, Lockney, Texas; Mr. and Mrs. C. Andrew, Bethany, Okla., Front row, the grand parents are: Sheriff and Mrs. Garland Brown, Dimmitt, Texas; Mr. and Mrs. Clem Maples, Dimmitt, Texas.

Rev. U. S. Sherrill At Conference

Rev. U. S. Sherrill, pastor of the Dimmitt Methodist Church, left Wed. for Pampa to attend Annual Conference. Rev. Sherrill has been pastor of the Dimmitt church for the past four years, and aside from increasing attendance and membership of the church, he has been a strong advocate of a definite building program.

Due to a new ruling which will change the Annual Conference meeting date from November to June, Methodist pastors will receive appointments for seven months.

Music Notes

The student making the highest averages this month were: Wanda Gollehon, 1st; Nelda Bagwell, 2nd; Sue Bagwell, 3rd and Tommy Allen, 4th.

Carolyn Rothwell turned in the most practice hours which was 35. The pupil making the most progress was Bennie Bib Gollehon.

Mrs. O. B. Trimble to Review Book

The Book Club will meet November 13, at 3 o'clock in the Court room. Mrs. Ola Mae Trimble will review "Though Long The Trail," by Mabel Hobson Draper. This book is practically an epic of frontier America—the story of the characteristically restless American moving from far place to far place—seeking bonanza or God knows what. The whole family is attractive and decent and human. Everyone is invited.

Price Control Board Folds Up

The Price Control Board at Hereford, serving the counties of Deaf Smith, Castro and Palmer, will close on November 4, 1946, Mont E. Baker, Chairman of the local board announced today.

"This step marks the conclusion of almost five years of unprecedented patriotic service by the many citizens of Castro, Deaf Smith and Palmer counties who, through their thousands of hours of volunteer work, have prevented inflationary dangers from taking effect and saw that their neighbors had an equal right to their fair share of scarce commodities during the days of rationing," Mr. Baker said.

"Members of the Hereford Price Control Board stayed on the job for more than a year after the end of the war. Production has had a chance to catch up with demand. Now that President Truman has announced the program for accelerating the remaining wartime controls, Price Administrator Paul A. Porter has determined that the remaining functions of local boards can be continued by the district OPA office at Fort Worth."

Mr. Baker gave the following information as to the conducting of OPA business in the future:

1. Trade and consumer inquiries about price control formerly handled by Price Control Boards should be addressed to the OPA District Office in Fort Worth.

2. Certificates of Transfer covering sales of used passenger automobiles may be obtained from principal auto dealers. Dealers should request additional supplies from the OPA Regional Mail Center at 3221 Commerce, Dallas, Tex.

3. Sugar rationing has been administered from the District Office since last January. In the future sugar forms required by the trade and consumers may be obtained from the District Office.

4. Pending compliance actions by the board will be transferred to the District Office.

5. The local board office will be closed for the transaction of the public business on November 4. However, the paid clerical personnel will continue on duty during the month of November in order to transfer records to the District Office and to perform the many other duties involved in closing the board.

Local Man Buys Surplus Vehicle

WICHITA FALLS. — William C. Webb, Box 218, Dimmitt, was among the 338 successful purchasers of surplus motor vehicles at the first "high bid" sale held by War Assets Administration this week at Shepard Field.

Webb bought a 1942 Dodge weapons carrier for \$325.00.

A total of 382 items were offered for sale to the highest bidder, of which 338 were sold in a two-day sale. Veterans paid a total of \$154,000 in cash for vehicles that originally cost the government \$461,000.

All vehicles were offered on a "where is, as is" basis and were located at 10 army camps and air fields in West Texas. WAA officials considered this sale one of the most successful disposals of surplus vehicles to veterans.

Moving Hospital Building Here to Begin Friday

Moving of the hospital building acquired from the War Assets Administration by the Plains Memorial Hospital, Inc., from its site at the Hereford Prisoner of War Camp to its new location in Dimmitt will begin Friday. According to a statement of a member of the hospital building committee, it is believed that the hospital building will be ready for occupancy by January 1, if not sooner. When completed the new building will comprise sufficient office space, examining and operating rooms, laboratory, kitchen, dining room, nursery, and approximately 40 patient rooms.

In a statement to a representative of the News Mr. Ester Noble, business manager, declared that due to the increased facilities for handling patients in the local hospital, a renewal of solicitations for new members at the old established rates would be conducted. The advertised rates are \$50.00 for a lifetime membership and annual dues as follows: \$12 for 1 person; \$18.00 for 2 in family; \$22.00 for 3 in family; \$25.00 for 4 in family; and \$2.00 per year for each additional member in family. The rate of \$6.00 per year will still prevail for dependents.

Greathouse-Arnold Vows Read Oct. 25

A rose entwined trellis flanked by tapers and baskets of white chrysanthemums formed the altar for the wedding of Morleen Greathouse, daughter of Mr. and Mrs. Richard Greathouse, of Dimmitt and Lilburn Arnold, son of Mr. and Mrs. J. E. Arnold, also of Dimmitt, on Friday, October 25, in the home of the brides parents.

Rev. M. J. Lee, pastor of the First Baptist Church of Dimmitt read the single ring ceremony.

As Royce Dowell played "As Long as I Live" Miss Fayrene Greathouse, sister of the bride, lighted the tapers. She was attired in a blue crepe dress and wore a corsage of yellow spoon chrysanthemums with white ribbon.

Royce Dowell accompanied Miss Kathryn Easter as she introduced the ceremony by singing "Because" and "Always." The traditional wedding march was used for the processional and soft music accompaniment was used during the ceremony.

Miss Elouise Greathouse, a sister entered with the bride as her maid. She wore a gold crepe dress with black accessories and her corsage was a gold centered white spoon chrysanthemums with white ribbon.

The bride was very beautiful in a blue crepe street length dress with brown accessories and carried a white bible topped, with giant white chrysanthemums tied with white satin streamers.

Odell Arnold, brother of the groom, was best man.

For her daughter's wedding Mrs. Greathouse wore a black crepe dress: Her corsage was multi-colored chrysanthemums. Mrs. Arnold mother of the groom, wore a green crepe dress with a corsage of multi-colored chrysanthemums.

Following the ceremony the couple was honored with a reception. Mrs. Joe Sanders presided over the guest book.

Mrs. J. D. Sanders served the three-tiered wedding cake and Mrs. A. A. Dodd presided at the punch bowl.

For her going away dress the bride chose a coral gaberline with tan and brown accessories and wore a white corsage.

Mrs. Arnold was graduated from the Dimmitt High School, Wayland College, Plainview, and received her degree from West Texas State Teachers College, Canyon in July.

Mr. Arnold attended school in Brownfield. He was in the U. S. Army eighteen months. He received his training in California and served twelve months overseas, in the Philippine Islands and Japan.

The couple is at home on the Arnold farm south of Dimmitt.

There was the Scotchman who saved his toys for his second childhood.

The legend of the 1947 American Junior Red Cross poster, "You Can Help," means youth can help in international programs of service. During the past year and a half, the school children of the United States of America have sent more than \$2,000,000 worth of supplies to children abroad through the American Junior Red Cross. They have given large sums to the American Junior Red Cross National Children's Fund, have sent many correspondence albums, and have packed hundreds of thousands of gift boxes. The gift box goal for the fall of 1946 is 1,000,000 gift boxes. The poster painted by Rico Tomaso will be distributed during the Annual Enrollment for Service Campaign, which enlists members for such service.

CATTLE LICE CONTROL

During winter and spring, cattle lice cause more injury to animals than at any other time of year. County agent, R. L. King says that cattle lice treatment should be given in the fall.

Cattle infected with lice are very unthrifty and can't keep up their own weight, the etomologists say. Another symptom is rough, coarse hair, and sometimes large bare patches appear on the neck and body where the animal has rubbed against fences and trees to relieve the irritation caused by the lice.

Both rotenone and DDT are good treatment for cattle lice. Whether you use rotenone or DDT, two treatments, 14 days apart, must be given to control the lice successfully. You can mix a spray or dip with one pound of five per cent rotenone and 10 pounds of wetttable sulphur with 100 gallons of water. If you use DDT, mix four pounds of 50 per cent wetttable DDT with 100 gallons of water. You'll also control lice, say the etomologists, when you treat cattle for hornflies in the spring with 25 per cent DDT. No lice treatment is necessary the following fall unless louse infected animals are added to the herd.

For details on controlling cattle lice and other external parasites, see your county agricultural agent and ask for a copy of Extension Publication MS-760, "External Parasites of Cattle and Their Control."

HART 4-H CLUB NEWS

Yesterday was another day for the 4-H Club meetings in Hart High School. The purpose of the meeting was to elect our Gold Star candidate. Peggy Jobe was elected candidate and with her election we received a very nice speech on what she had accomplished this past year in her 4-H work. We are confident that Peggy stands a very good chance as Gold Star Girl.

As the meeting was opened we had our business as usual and in addition we had a game and I think that it was enjoyed by everyone.

Mrs. Brooks was in to help us with our meeting and she gave us several good pointers as to what our Gold Star candidate should possess and we closed our meeting with our club prayer.

Although heel flies, the parents of the cattle grub, do most of their damage in the spring, the first treatment against grubs should be given in the early fall, says R. L. King, County Agent.

Loss of weight is the greatest damage that heel flies do to beef cattle. They lose weight by running from the pests or by refusing to feed and standing in water to protect themselves from the flies. The grubs spend from seven to eight months tunneling around in an animal's body. From 10 to 15 percent more feed is required to fatten a grubby steer than a healthy animal, and two pounds of choice meat is lost every time a grubby steer is slaughtered. Grubs also ruin hides which are valuable for shoe leather and other purposes.

Most farmers and ranchmen produce their own heel flies, because the flies do not fly over half a mile, the entomologists say. Therefore, a thorough treatment should rid a farm or ranch of the parasites.

In the early fall, when the cattle grubs are mature and ready to fall to the ground, the first treatment should be given. Roteone is the most effective insecticide against the cattle grub, and it can be applied either as a dust for small herds, or as a spray for large herds. An effective treatment according to King, consists of spraying the backs of the cattle with a mixture of seven and a half pounds of five percent rotenone for each 100 gallons of water. Several companies are now putting out a good treatment which contains Rotenone and other mixtures.

Forces of Attraction
 Hold the Moon "Up"
 in the Sky....and
OIL-PLATE
 Your Engine!

THE moon isn't really "up" in the sky, but it is held from flying off into space by gravitational attraction between it and the earth.

Exploring the realms of molecular attraction, Conoco chemists have been able to bring America new and better oils. In fact, the force of molecular attraction bonds a special ingredient in Conoco Nth motor oil to working surfaces of your engine. So strong is this attraction that cylinder walls and other parts are OIL-PLATED.

And because molecular attraction holds Conoco OIL-PLATING up where it belongs... prevents it from all draining down to the crankcase, even overnight, you get these benefits:

- added protection when your engine starts up
- added protection from corrosive action
- added protection from wear that leads to fouling sludge and carbon
- added smooth, silent miles

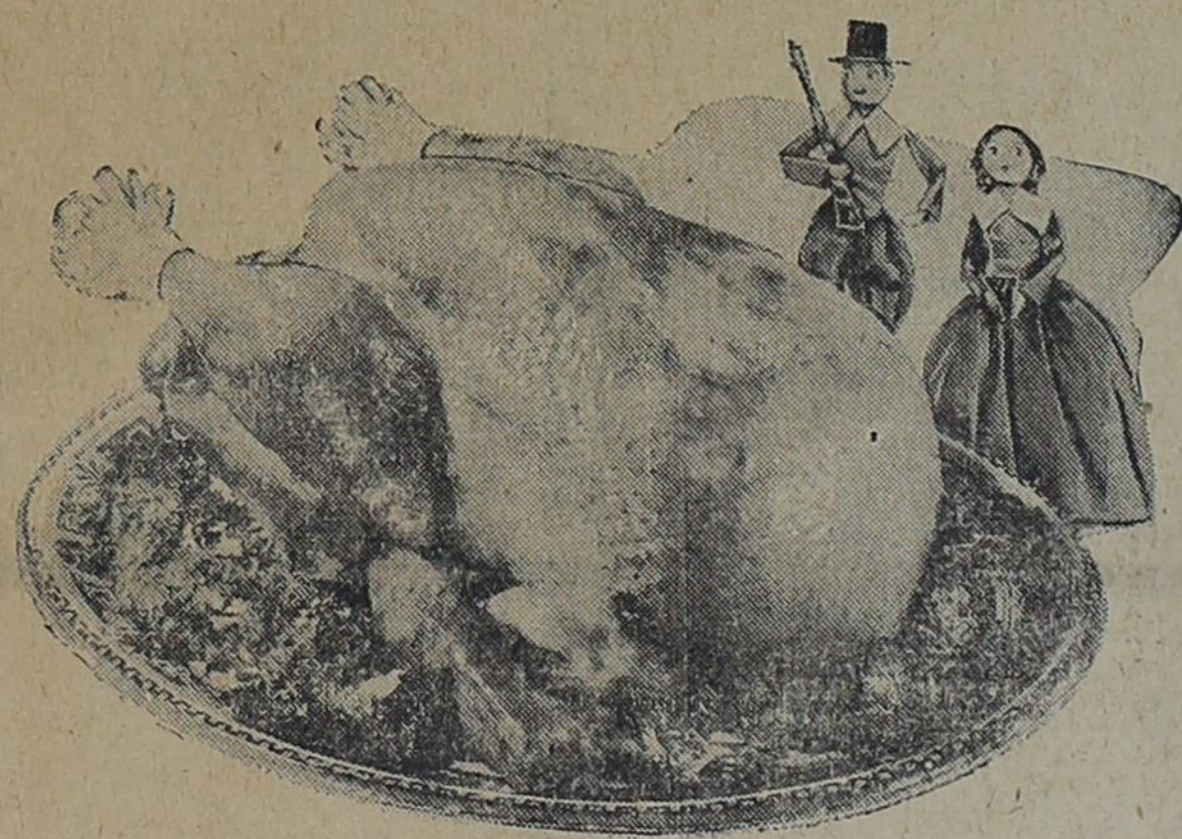

That's why to OIL-PLATE now... at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Co.

YOUR THANKSGIVING TURKEY

Will Be

More Tender... More Delicious

When Baked In A

CP GAS RANGE

MORE tender and more delicious, because only in the fresh-air oven of a Live-Flame Gas Range, with CONTROLLED and sustained low temperature, do you get finest baking results. Not only will the turkey be uniformly done throughout, tender and juicy, but with low temperature, so easily and accurately maintained, you have minimum shrinkage. Nothing equals GAS for superb baking or roasting.

FIXING UP the HOME
By Diane Greeter

LIGHTING THE KITCHEN

THE kitchen is the workroom of the home. The average housemaker spends from five to seven hours a day in the kitchen. Yet kitchen lighting has been altered little in the past decade. Tests made in factories during the war proved that light is the greatest single factor in combating fatigue.

It is true that most kitchen planners nowadays locate the sink beneath a window, yet in actual practice not all kitchens lend themselves to this arrangement. In too

many cases the housewife stands in her own light when she prepares foods and is consequently tired and nervous without realizing the cause of the trouble.

An inexpensive light fixture above the sink will pay dividends in convenience and increased efficiency far beyond the cost and trouble of installation. This is true even when the sink has a window above it, for at least a portion of all kitchen tasks must be performed after sun-down.

Fluorescent tubes recessed in the wall above the sink give excellent light and a look of streamlined modernism, but ordinary incandescent bulbs, properly shaded, are equally satisfactory. Well-insulated, shock-proof fixtures are a wise choice.

Mark Twain, the famous author, was red headed.

There is nothing on earth more useless than an airplane.

Trouble with most politicians is that they build their fences so high they can't get over them.

Every time we come home late at night the wife is hoarse the next morning.
