## County Sells Road Bonds At 'Very Favorable' Rate

Coke County bonds in the amount \$400,000 have been sold for a surprisingly favorable interest rate, County Judge D.W. Sims said this week. The bonds will bear an interest rate of 5.169 per cent. Underwood, Neuhaus & Co., Inc., of Houston was the low and successful bidder on the

## Jr. Golf Tourney Winners Named

The annual junior tournament sponsored by Mountain Creek Golf Association was played Saturday with 23 entries in the four age groups.

All the young golfers played 18 holes. A trophy for being the most improved player in the 8-9 year old group was awarded to Joel Herring.

First through third places and scores in the various age groups were:

- 15-16 years old--1. Brian Burrell, 78; 2. Coy Edge, 79; 3. David Mozell, 83.
- 12-13-14 years old--1. G. Rodriguez, 89; 2. Jim Herring, 102; 3. Jamie Sawyer, 102.
- 10-11 years old--S. Alexander, 92; Brad Connell, 127; 3. Wade Tinkler, 133.
- 8-9 years old--1. Steve Herring, 118; 2. Jason Herring, 125; 3. Robert Runnion, 133.

## Fine Rains Fall As Month Ends

The last week of June closed out with fine rains falling all over the area. A 3½ inches measurement on Frank Percifull's place south of town was the heaviest amount reported to the Observer. J.E. Quisenberry reported his gauge in town caught 1.47 inches.

Other measurements reported were: H.L. Bloodworth, Silver, 2.0 inches; Ben Boykin, Valley View, 2.5; Dave King and David Key, west of town, 1.7; Sterling Lindsey, Hayrick, .9; Don Fields, .2.

Some clouds were still around Wednesday, but the sun was shining most of the day.

bond purchase. A total of 10 bids for the bonds was received.

Judge Sims said the effort by the commissioners' court to have the bonds rated before they were sold was the main factor in securing the low interest rate. Moody Investors of New York City gave the Coke County bonds an A-1 rating before they were put up for sale. This top rating attests to the good condition of the county's finances and its prospects for continued ability to pay off the bonds on schedule.

Bob Davis, Robert Lee native now associated with Baker & Associates of Amarillo, served as financial advisor for the county in promoting the favorable transaction.

Davis said the interest rate was the best his firm had been able to secure on a bond sale in Texas this year. He stated, also, that the 10 bids matched the maximum number they had received on any bond sale this year.

The \$400,000 bond issue was passed May 22 by Coke County voters. Purpose of the bonds is to finance repairs on existing county roads and city streets. Plans call for repair of holes and cracks in pavement and seal coating all county-maintained roads and streets.

Commissioners are hopeful there will be a small amount of the bond money left to pave a few more streets in Robert Lee and Bronte.

Bids for the road work will be opened Monday by the commissioners' court.

Mrs. Lorraine Rubottom of Healdton, Okla. and Mrs. Theda Miles and Brett of Boise, Idaho, visited several days last week with their grandmother, Mrs. Pearl Lacey, and Mr. and Mrs. Ted Haley. Doyle Haley, of Wichita Falls, arrived in Robert Lee the first of the week to spend a few days with his parents, the Ted Hales.

## School Board Employs Three New Teachers

The board of trustees of Robert Lee School had a busy session Tuesday night when they met to discuss personnel matters. The board voted to offer contracts to three new teachers, accepted the resignation of one teacher and shifted one teacher to another assignment.

Roddy McIver, who has taught social studies and coached high school boys basketball, resigned to take a position

## JACOBS IS HOME

Richard Jacobs, son of Mr. and Mrs. John Jacobs, is home after being hospitalized for treatment of injuries received in a motorcycle accident. The accident occurred June 10 at the motorcycle track south of Bronte. Jacobs was reported to be much improved this week.

Father's Day guests of Mr. and Mrs. T.E. Pitcock were Mr. and Mrs. Gaylon Pitcock, Blake and Korey, Mr. and Mrs. Marshall Millican and Kannan, Mr. and Mrs. Bryan Gartman, Mr. and Mrs. Forrest Meadows all of Robert Lee and Mr. and Mrs. Darrel Pitcock, Audra, Judd and Jerrod of Crane.

## Coke Livestock Show to Be Changed Next Year to Two Day Exhibition

The 1980 Livestock Show of Coke County will have a changed format. Show directors recently voted to go to a two-day show to be held on Friday and Saturday, Jan. 4 and 5, instead of one day show which has been held on a Monday early in January for the past 20 or more years.

Plans are already unfolding for good participation by the 4-H and FFA young people of the county.

Five club members certified calves this week to be shown in the county and other shows next winter. John and Michael Cervenka certified four steers; Douglas Roberts certi-

as principal at Megarel. His position was filled when the board voted to reassign Ed Poehls from junior high to high school boys basketball coach. He will also teach social studies. The board voted to employ Bobby Bolding as social studies teacher and junior high girls coach.

## Business Firms To Close July 4

Most Robert Lee firms will be closed Wednesday, July 4, in observance of Independence Day. Some businesses, however, will remain open in order to serve a large crowd of visitors which is expected at Lake Spence.

Robert Lee State Bank will take a holiday, along with all other banks in the country. The U.S. Post Office will be closed. County and federal offices in the courthouse will be closed, as will the city hall in Robert Lee.

There have been no reports of expected gasoline shortages in Coke County, so Fourth of July celebrants who come here should be able to get home after their mid-week holiday.

fied one steer; and Lynn Gulley and Rickey Drennan certified two steers each.

More than 100 lambs are already on feed and others will be on feed shortly.

Judges for the 1980 show will be Norman Kohls, County Extension Agent in Glasscock County, who will judge the swine, and Ross Appleton, County Extension Agent in Concho County, who will judge lambs and calves.

Coke County Extension Agent Sterling Lindsey said a great deal of interest is being exhibited and everyone connected with the show is expecting the 1980 event to be the best ever.

Janie Raughton Coulter was hired as seventh and eighth grade math teacher. She will receive her degree in August from Angelo State University.

The board also employed a new band director. Mary Grace Ray of Imperial will direct the school's band program next year. She is a graduate of Hardin-Simmons University.

Supt. Jimmy Bickley said the meeting was called especially to deal with personnel matters.

## Observer to Close All Next Week

The office of the Robert Lee Observer will be closed during the next week. The newspaper has made it a custom for the past several years not to publish a paper during the week of July 4.

We hope that you have arranged any business you may have with the Observer to be taken care of ahead of time so that our closing will not inconvenience you.

Pat and I are not planning on making a trip, but we are planning on having a lot of fun hanging around home.

Our daughter, Mrs. Thom Easterling, of Decatur, Ill., is due to arrive Friday afternoon with our two grandchildren. We are expecting to have a full week during our week off playing with our little granddaughter, Heather, and grandson, Casey.

While I am on this personal note, may we wish each of our readers and friends a very happy July 4 holiday and, above all, a safe one.

Another personal note: The next issue of the Observer, on July 13, will mark the beginning of the 90th year of Coke County's oldest continuous business firm. It all started at Hayrick 90 years ago before the county seat was moved to Robert Lee.

Have a happy holiday. Ben Oglesby, Publisher

### Curtailment of Outside Funds May Bring Belt Tightening at Local Level

Coke County taxpayers may come in for some jolting news in the next few years, if they wish to continue receiving services which are now furnished by the county.

Chances of the county's losing some of its outside financial assistance in the next few years are very good, according to the County Judge D.W. Sims.

Judge Sims called attention to a veto of a bill this week by Gov. Bill Clements which provided for state assistance for county-maintained roads. Funds for this state assistance have come from the state tax on gasoline since 1951. The governor's veto will cost Coke County about \$14,000 a year, Sims said.

The judge noted that "this is no big thing but we will have to make it up from somewhere or cut services." He also stated that this cut in money from the state is just a beginning of further cut-offs and more belt-tig-

htening to come.

He pointed out a story in Tuesday daily newspapers which stated federal budget officials are contemplating a 30 per cent slash in revenue sharing. Coke County received \$83,000 in revenue sharing funds last year.

Another small item pointed out by Judge Sims was the auto tax exemption recently passed by the Texas Legislature. This will cut approximately \$5,000 from Coke County's annual income.

Sims said he is concerned with the recent turn of events and with the yet-to-be-implemented tax valuation restructuring which is coming to Texas. He said, "The tax relief amendment may not give us much tax relief when it finally becomes a reality in 1980-81."

Make sure that electric and gasoline-powered garden tools are sharp and well-lubricated. Properly maintained tools use less energy.

## Wednesday Rites For Mrs. Bennett

Graveside services for Berta Mae (Denman) Bennett, 73, of Cleburne, were held Wednesday, June 20, in Robert Lee Cemetery with the Rev. Roy L. Epperson officiating.

Mrs. Bennett died at Cleburne after a long illness.

She was a native of Coke County and lived in the Graham Valley Community for several years. She was a graduate of Robert Lee High School.

Survivors include a son, Dr. Jim Bennett of Euless; two grandsons; one sister, Mrs. Albert (Lois) Baze of Ft. Worth, and one brother, Roy Denman of Cleburne.

## HOMEMADE ICE CREAM SAFETY

---The time is at hand for some refreshing homemade ice cream. But certain precautions are necessary to avoid food poisoning. Never use cracked or dirty eggs or milk or cream of questionable quality. Fruit to be added should be clean and firm, not overripe. Always cook the ice cream mix before freezing.

Mr. and Mrs. Don L. Robertson and children of Houston recently visited in Robert Lee with his parents, Mr. and Mrs. Doc Robertson. Rene, age 11, and Steven, 3, remained in Robert Lee to spend the summer with their grandparents. Don Robertson is a pilot for Thunder Bird Airways and he and his wife flew on to Anchorage, Aka, to spend two weeks with her parents, Mr. and Mrs. C.J. Fox.

## New Program To Aid Elderly

A new program is being operated in the county under the supervision of Margaret Martin, director of the Coke County Neighborhood Center.

The new program is "Experience Unlimited," a job referral program for the elderly. The purpose is to provide opportunities for senior citizens to supplement their fixed income and perhaps, more importantly, to provide opportunities for them to remain active and feel needed in their communities.

The program works in the following way: A consumer calls the program to locate someone to perform a job for him. The program refers (does not recommend) three names of persons from a file of senior citizens, who have expressed a desire to perform the type of work requested, to the consumer. The consumer then calls the senior citizens and selects one of these for the job.

The consumer and the senior citizen determine the amount to be paid for the job.

There are no income eligibility requirements, the program is designed to serve persons age 55 and older and is a referral program only. Recommendations are not made from the office and there is no charge for the service.

All senior citizens, age 55 and older, wishing to work are to call the Neighborhood Center in Robert Lee, 453-2314, to put your name on the list or Margaret Martin in Bronte, 473-6714.

Those who need workers should call the above numbers and make a request.

## THERE'S NO PLACE LIKE HOME.

That's why Army Reservists choose to serve at home. More than the extra income of over a thousand dollars a year, more than the chance to learn a valuable job skill part-time, it's serving in the community that's important, too. Working in medical clinics, building parks and ball fields for kids, improving the environment—at the same time they're serving their country. Interested? Call your local Army Reserve Recruiter.

MRS. ED HICKMAN

## Mrs. Ed Hickman To Be Honored

Mrs. Ed Hickman, of Robert Lee, will be honored with an early celebration of her ninetyeth birthday on Saturday, July 7, at the Recreation Hall in Robert Lee.

The occasion will be hosted by the honoree's children and grandchildren from 2 until 5 p.m. All relatives and friends are invited to attend.

Mrs. Hickman, the former Malindy Herron, will be 90 years old on Aug. 9, but since the annual family reunion is scheduled for Saturday and Sunday, July 7 and 8, it was decided to have an early birthday celebration along with the regular family gathering.

Helping their mother receive guests at the open house will be Mrs. Hickman's seven children: Mrs. Ruth Sandusky and Mrs. Robert (Bill) Forman of Bronte, Mrs. Oscar (Georgia) Higginbotham and Mrs. Hadley (Lee) Richards of Robert Lee, Ed Hickman of Killeen, Johnny Hickman of Big Lake and Fred (Pete) Hickman of Ft. Stockton.

Mrs. Hickman also has 14 grandchildren, 24 great-grandchildren and 10 great-great-grandchildren.

**BALE EXCESS FORAGE---** Forages are becoming abundant throughout Texas due to good moisture conditions. A forage specialist advises baling excess forage rather than leaving it for livestock to graze in late summer when grazing usually gets short. Grass should be cut for hay early in the season since its protein, palatability and digestibility drop sharply with age.

Only wild roses come from seed. Name varieties are hybrids and every seedling will be different.

## Seal Is Important In Home Canning

By Kathy Jobe

Sealing failures in home canning can result from some common mistakes.

Avoid making mistakes in home canning by following these suggestions:

1) Read and follow package instructions for using caps and lids. Don't take it for granted that all home canning caps are alike and are used exactly the same way.

2) Leave correct amount of head space when filling jars.

3) Take time to "knife out" air bubbles before sealing the jar.

4) Remove particles of food, seeds or seasonings from jar top or threads with damp cloth before putting on lid.

Particles left on jar rim can cause lid to seal, then, loosen.

5) Screwing band too tight can cause lid to buckle. A band must be tight enough to hold the rubber sealing compound closely against the jar top.

However, if the band is forced as far as it can be turned with a strong hand, the jar cannot vent. When the jar cannot vent, pressure within the jar causes the lid to buckle.

Therefore, tighten bands only comfortably tight to prevent buckled lids.

6) Screw bands tight enough.

7) Heat sufficiently to seal the lid. Follow recommended processing time and method.

8) Exhaust (vent) steam-pressure canner for a full 10 minutes, or until a stream of "blue steam" is visible, before closing petcock.

If steam is not exhausted, there is an uneven amount of steam pressure in the canner. As a result, some lids may seal while others in the same canner load may not.

9) Don't let pressure in canner fluctuate. This can cause food particles to be forced between jar and lid which will cause sealing failure.

The same thing may happen if steam is released too quickly after processing. Let pressure in canner reach zero degrees naturally before removing cover. Do not run cold water over canner to reduce pressure.

10) Don't reuse jars in which commercial foods are sold. These jars are designed for

use on high speed packing machines and with caps developed especially for that product, but not for home canning.

11) Don't use warped, rusty, worn bands, or old commercial caps.

12) Don't reuse lids. The lid of a two-piece metal cap should not be used more than once. This applies to all brands.

The compound is not guaranteed to seal a second time and the lid itself is often bent or warped when removed the first time.

13) Don't use old jar lids. If jar lids are old, the sealing compound may harden and not soften sufficiently to obtain a good seal.

As long as the sealing compound is resilient when mashed with the fingernail the lid will probably seal. It is preferable to use jar lids the same year as purchased.

When kept longer, they often stick together and must be heated in boiling water to separate them.

If jars do not seal, you may reheat and process over again.

However, the product will be over-cooked and lose food value, flavor and texture.

You may keep a few jars in the refrigerator and use them within a short time instead of reprocessing.

### SUMMER LAWN PROBLEMS---

Summer lawn problems include drought, weeds, insects and diseases, notes a turfgrass specialist. Dry spots, thin turf and weeds can result from improper watering, fertilizing and mowing. Certain grass diseases increase when lawns are under stress due to hot weather and dry conditions. Also, chinch bugs and white grubs can cause heavy damage to lawns during mid-summer, so an insecticide should be applied.

## 'Ole Coke County' Rehearsals Start

Rehearsals are under way for the production of the annual musical history OLE COKE COUNTY—Home of The Rabbit Twisters.

Dates of production are the last two weekends in July - July 20-21, 27-28, in Mountain Creek Amphitheatre, Robert Lee, the facility owned and operated by Coke County Pageant Association, Inc.

Author-director Lucile Bryan reports good cooperation from all parts of the county, and several of the 150-member cast travel many miles to practice. John C. Odom of Killeen will again play his grandfather, Col. Odom of Fort Chadbourne.

Several new scenes and songs are to be used, and many family names not called before are added, as well as additional history, especially concerning the east side of the county. A group from Bronte is preparing a scene to take place in The Blue Goose, a saloon in town at the turn of the century, before Larkin Haley drew up the petition to bring liquor to a vote. Temperance women "got their dander up" and determined to make Coke County "PLUM BONE DRY." Leroy Moore of Ballinger will be the piano player in the bar room scene.

Your purchase of a membership in the Association will help to finance the equipment needed for the best possible show! City hall is the place to choose from several levels. "Please show your concern by helping out with this type of deductible contribution." Mrs. Bryan said.

Membership makes you eligible to vote in association general meetings, and to purchase reservations in the best viewing area at time of production. See or Call Diane Lockett, County Judge's office, Box 28, Robert Lee; or Box 21, Bronte; or call 453-2641, 473-3501.

Save energy by using cold water instead of hot water to operate the sink food disposer.

## TWO 4-H'ERS WIN AT DIST. HORSE SHOW

Two Coke County 4-H Club members were among the 112 participants in the District 7 Horse Show held at Sweetwater Saturday, and both placed among the top contestants.

Jana Ragsdale, member of the Bronte Senior 4-H Club, placed second in the grade mare class, while Lynn Gulley of Robert Lee place eighth in the registered mare class.

Both Miss Ragsdale and Gulley were winners in the Coke County 4-H Horse Show held the previous Saturday in the roping arena at Bronte.

## It'll Be Crazy At Dead Cow

Some zany activity is going on at Dead Cow Raceway, located east of Bronte on the Ballinger highway. An old Volkswagon which has been rolling regularly for a long time has been refusing to turn over since drivers have been trying to make it take a roll in front of the stands.

The old Beetle is No. 0-6 and has been named Heinz Catsup since "it runs so slow."

Pete Plant of Lake View is owner of the old 0-6 and he has been offered a small premium for his work if he can make the Bug take a double roll in front of the stands. Nolan Northington, Alfred Woods and other drivers also are in on the effort to make the old car do their bidding.

The VW has taken a total of 13 rolls at various places along the track, with two of them occurring this season. But in spite of its inclinations to roll around in the dirt, it refuses to perform right in front of the audience.

Jimmy Bell, operator of the track, said everybody is hoping old 0-6 will be on good behavior and give a good performance Saturday night.

Races start Saturday at 8 p.m.

**KEEP STOCKING RATES DOWN---**Ranchers should resist the temptation to increase stocking rates even though pastures now have abundant vegetative growth. Since warm season perennials are still recovering from drouth conditions of the past few years, ranchers should shape up herds now by reducing overall numbers or by keeping numbers constant.

## GOODFELLOW CLINIC TO REDUCE HOURS

Effective June 30, the Goodfellow clinic will cease its extended hours of operations and will remain open only during normal duty hours, 7:30 until 4:30 p.m., Monday through Friday.

Under present policies, a physician is available at the clinic from 4:30 through 8 p.m. on weekdays and from 1 to 4 p.m. on Saturdays. This service will be terminated June 30.

Active-duty military living off base and dependents, retirees and their dependents should go directly to whatever local civilian facility they desire after the regular duty hours. Persons desiring add-

itional information on clinic procedures or civilian medical care facilities should contact the clinic's CHAMPUS advisor, extension 4249, or the clinic registrar, extension 4250.

**ATTENTION ROBERT LEE SCHOOL TAX PAYERS**

Recently the Governor signed another tax relief law which will benefit all those who are 65 years old and over. If you were 65 years of age on or before Jan. 1, 1979, you should come by the school tax office and sign an application for this tax benefit. Cut off date is July 31, 1979. This benefit is in addition to the application signed earlier for homestead benefits. 52-4tc
