

American Legion Votes To Sponsor Boys Baseball Team

The Greer H. Estes Post of the American Legion voted Monday night to sponsor a baseball team for boys who will not be 19 years of age before August 1st, opening the door for a summer program of the boys in High School and for some that have already graduated.

The team will be entered in Zone 1 of the American Legion Department and will compete against teams from Tullia, Canyon, Hereford, Nazareth and Childress and possibly some other towns that get their application in before the May 15 deadline. The four teams from Amarillo will not compete in the district play this year due to the fact that they were awarded the State tournament which is usually held in Austin. The host town automatically gets to enter the tournament so the four Amarillo teams will have a playoff of their own. Dimmitt will however make an effort to get several practice games with the four Amarillo teams.

Jimmie Chapman and Murray Hall has been designated to coach and manage the team and all boys interested in playing ball this summer should get a certified copy of their birth certificate and sign up with Chapman at the Castro County News Office. Any boy living in surrounding towns, providing their Legion Post is not sponsoring a team, is also eligible to try out for the team.

Chapman has had seven years experience in the Legion baseball program at Littlefield and urges the boys to sign up as soon as possible. Other teams in the district have High School baseball so therefore will have a three month head start on Dimmitt. A lot of practice and hard work will have to come in to take up the slack, Chapman stated.

PONY League Meet To Be Planned Soon

All interested parents and sponsors of the planned PONY League baseball program that has been planned for this year are urged to contact John Wood as early as possible so that an organizational meeting can be set.

Interested persons from Hart and Nazareth are also urged to get in contact with Mr. Wood so that five officers can be elected and the sanction application can be sent in. The application must be sent in by the last of this month or there will be no program.

Boys, 13 and 14 years of age are still requested to sign up with Jimmie Chapman at the Castro County News Office immediately.

Woods stated that the program must have the help of the citizens of Dimmitt and NOW in order for the program to be put into operation.

W.M.U. Sponsors Film "Bottle & The Throttle"

The W.M.U. of the First Baptist Church is sponsoring a film "The Bottle and The Throttle" Sunday night during Training Union at 6 p.m.

This film is sponsored through the W.M.U.'s Community Mission.

HONORED FOR 45 YEARS of dedicated and faithful service to the First State Bank Saturday was Ester Noble shown here with his wife after they received gift of appreciation. The Nobles were honorees at the 57th anniversary celebration of the First State Bank Saturday morning. Other highlights of the morning are shown in the background where Uncle Jay is interviewing Helen McLean. See story for details.

First State Bank Celebrated 57th Anniversary Saturday Morning

The low musical notes of numerous people conversing with each other, visiting with friends and congratulating the McLeans, the Nobles and Bank directors filled the Hospitality Room of the First State Bank as the 57th anniversary celebration of the Bank was held Saturday morning.

Friends throughout the area attended the Open House and enjoyed coffee and cake, looking through old records dating back to 1907. These records show names of the first depositors.

Ester Noble, vice-president, and his wife were special honorees at the 57th anniversary celebration. Noble has dedicated 45 years of faithful service to the banking institution. The couple received a

\$251,000 Motel is Planned

The current building boom in Dimmitt will be accented with erection of an estimated \$251,000 motel and restaurant.

Ralph Cox, J. M. Latham and

John H. Hodges, all home builders in Amarillo, will own the proposed motel. Six lots purchased from John Will Nichols and located directly east of King's Furniture on

Highway 385 is the site for the motor inn. Plans for the motel include a two-story building with 20 units located in rear, 10 efficiency apart-

ments on south alley, large swimming pool and large modern restaurant on Highway side of property.

Owners plan construction to be begun within two or three weeks. Colonial-style architecture will be featured in the proposed motel.

Brockman Funeral Conducted Today

Funeral rites for Louis H. Brockman, 47, will be conducted this morning at 10 a.m. in Holy Family Catholic Church at Nazareth with Father Wilmer Riechel officiating. Rosary was recited at the church Wednesday at 7:30 p.m. for Brockman. Burial will be in the Holy Family Cemetery at Nazareth under direction of Wallace Funeral Home of Tullia.

Brockman died at 8 a.m. Tuesday in his home five miles southeast of Nazareth. He was a farmer.

He was born August 20, 1916, at Nazareth and was married to Juliana Birkenfeld on October 15, 1946, at Nazareth.

He was a veteran of World War II and a member of the Knights of Columbus and the American Legion Post at Nazareth. Survivors include his wife, of the home; four sons, August, Bernard, Howard and Vincent, all of the home; five daughters, Paulet, Patricia, Catherine, Mary Lou, and Edna Lou, all of the home; and two sisters, Mrs. Helen Burt and Mrs. Margaret Acker, both of Nazareth.

Robert Leinen Files For City Commissioner

Robert (Bud) Leinen has filed for a place on ballot as city commissioner for April 7 election.

Leinen has lived in the county for 34 years and the city of Dimmitt for 18 years after returning from the Army where he served six years. Leinen achieved rank of First Lieutenant with Battle Field Commission in Italy.

The candidate and his wife, Florence and three children reside at 500 W. Bedford.

"I would appreciate the vote and support of all the people of Dimmitt," declares Leinen. He continued, "If elected, I will carry out the city business to the best of my ability and co-operate to the fullest extent with all concerned."

Modern Math To Be Discussed At High School P-TA

"Modern and Conventional Conceptions of Mathematics" will be demonstrated and discussed at the meeting of the Junior and senior high school P-TA next Monday evening, March 16 at 8:00 in the high school auditorium.

Cason Smith and Roy Dale Wauson will present the Discussion, and parents are urged to avail themselves of this opportunity to be brought up-to-date on the latest trend in mathematics.

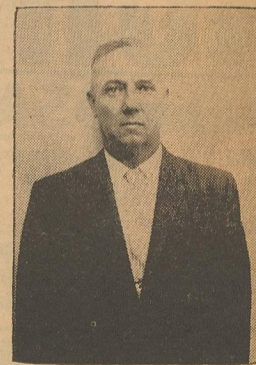

Support the school by attending and taking part in P-TA.

Richards Injured In Car Wreck

James Gerald Richards of Littlefield was taken to Plains Memorial Hospital Sunday following a two-car accident three and eight-tenths miles south of Dimmitt.

Richards was released Monday morning with minor injuries.

Richards was driving a '53 Studebaker south and started to pass Henry Baker of Dimmitt who was driving a '51 Ford Coach. Baker started to turn left and hit the Studebaker in the left rear end. The collision turned the Ford over on its top on the east side of road. The Studebaker landed in a bar ditch on the west side.

E. L. (Gene) Morrison President of TIGA

Morrison Elected TIGA President

E. L. (Gene) Morrison, Dimmitt, was elected president of the Texas Independent Ginners Assn. in the second annual meeting of the association Saturday at th Pioneer Hotel, Lubbock.

Morrison succeeds Houston Sweet Lubbock. Morrison is the immediate past vice-president of TIGA. Bill Quattlebaum, Lubbock is new vice-president.

New directors include R. C. Stevens, Plainview; Leon Keene, Lorenzo; Millard Townsend, Morton; and H. C. Nickles, Littlefield. They replace George Bradford, Dimmitt; Kirk Dean, Lubbock; R. B. Terrell, (Continued on Page Eight)

Committee Meets And Discusses Community Project

Steering Committee for the proposed library and community building met in the Hospitality Room of the First State Bank Monday afternoon to discuss preliminary plans for the project.

Preliminary plans were presented to the group by Don Nelson of Tullia and Bill Chisum of Lubbock who represented the Stout Steel Builders, Inc. This company's plans called for 7900 square feet of floor space in a steel and brick building. The building would include two club rooms, a lounge, library, kitchen and storage cabinets and 40 x 60 ft. Assembly Room.

Also the plans called for 20 tons of refrigerated air mahogany paneling for partitions, terrazzo floor, formica cabinet tops and accasional tile for ceiling. Total estimated cost for a turn-key job was \$51,000.

Killingsworth Construction Co. presented a preliminary floor plan which included large Assembly Room, library, lounge, two Club Rooms, kitchen and storage space. Proposed building would be of masonry and wood.

Floor plan adoption discussed and tabled until committee could view other proposed plans.

Firemen Extinguish Flames At Cafe

Firemen were called Monday afternoon about 3:30 to extinguish fire at Willie's Cafe, 200 N.E. 6th.

The cafe which served as a combination business and residence was completely burned on the inside. Source of fire unknown.

Firemen extinguished a garage fire at the Melvin Summers farm Saturday, March 7 at 9:45 p.m. The Mickey Hathaways lived in the house next to garage. A deep freeze and other belongings were lost in th fire. Source of fire unidentified according to firemen.

Acker-Cleavinger Seek Reelection To Hospital Board

Anthony Acker of Nazareth and N. F. Cleavinger of Dimmitt are on the ballot for reelection to the Hospital Board.

Election will be April 4 in conjunction with school board election.

Gerald Broadstreet Leaves For Basic Military Training

Gerald Broadstreet, 22, left Wednesday for Marine Corps Recruit Depot at San Diego, California for 12 weeks of basic military training. Following basic, he will be transferred to Camp Pendleton in Southern California.

Broadstreet has worked over a year at the U. S. Post Office in Dimmitt and served as Dimmitt's first mail carrier.

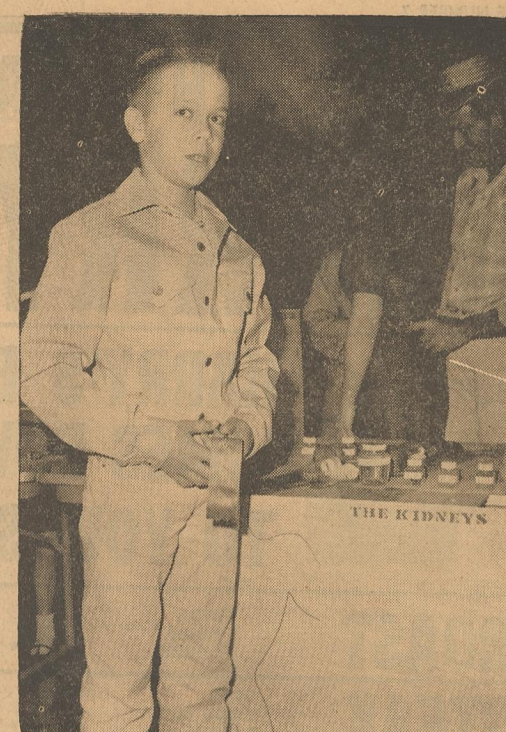

Dimmitt Volleyball Team Loses To Springlake

Dimmitt Volleyball team competed Tuesday night in the Springlake Tournament and lost to the Springlake fens 38-10.

The team will play for consolation Friday night at 7 p.m. Members of team include Jo Nan Mills, Beth Mullin, Evelyn Albracht, Dawn Endebrook, Georgene Snider, Sue Clifton, Edeana O'Brien and Nelda Thomas.

HAROLD BENNETT, 6th grader, is pictured here with his first place project in the Hart Science Fair held last Thursday in Hart gym. Bennett's project concerns "The Urinary System." He will enter this project at the Science Fair in Amarillo, April 3-5. —Staff Photo

Hart Science Fair Winners Announced Thursday Night

Hart Schools will be entering 11 students in the Texas Panhandle Science Fair in Amarillo, April 3-5. These students were selected from the top winners of the local science fair conducted last Thursday evening in Hart gym.

Seven students will represent Hart in the Junior Division. Four students will be entered in the Intermediate Division of the Fair.

Junior Division entrants are: Gary Rambo, 7th grade, will be entering a project in the Earth and Space division of the show. His project "Water Purification For A City" is designed to show method of reservoir system for large city.

Rebecca Futrell, seventh grade, will be entering her project "The Importance of a Steady Diet" in the Medicine and Health division. Purpose of her project is "do animals with controlled regular diet live healthier than those without?"

Seventh grader, Margaret Swindle, is entering her project "Testing Bounce of Various Objects" in the Physics division of the Fair. Purpose of her project is to determine substance with bounce in comparison to other substances.

Dimmitt Senior Class Plans To Sell Toothbrushes

Dimmitt High School seniors will be giving prospective customers a sales talk Thursday as they start a class fund-raising project by selling toothbrushes.

The seniors are offering the bargain of month as they plan to sell three toothbrushes, one child and two adult, for only \$1. These brushes are valued at \$2.07 but will be available from any Dimmitt senior for \$1.

Proceeds will go to the senior class. "If needing a toothbrush contact a member of the senior class or they will contact you," says class president.

Large Crowd Expected To Hear Senator

A large crowd is expected to hear the Honorable Ralph Yarborough, Senior Senator from Texas, at the annual Chamber of Commerce banquet Friday night at 7:30 p.m. in new High School gym.

Ed Coltharp urges everyone who has not purchased a ticket and are planning to attend to contact the C of C in order the estimate turned into the caterer may be corrected.

Senator Yarborough is an outstanding speaker and in great demand by Chamber of Commerce and civic groups. He will be speaking Saturday night at 6:30 in a County Barn Panhandle-wide barbecue at Dumas.

CONSERVATION CONVERSATION

"... First and most essential we must know the physical realities which we face. Too long we have reckoned our resources in terms of illusion. Money, even gold, is but a metrical device. It is not the substance of wealth. . . . Soil, water, minerals, vegetation, and animal life—these are the basis of our existence and the measure of our future."

Ralph Speer, 7th grade will be entering his project "Uses of Arc Electricity" in the Physics division. Purpose of the project is to show using arc electricity for heating homes.

Roger Cleaver, 8th grade, will be entering his science project in the Chemistry and Biochemistry division. His project entitled "What Carbonic Acid Does to Meat" will be used to observe and study the effect of carbonic acid on different meats.

David Brooks, 8th grade, has entered his work "Can Plants Grow Without Soil" in the Botany division. Purpose of his work is to experiment with and study the growth of plants without soil.

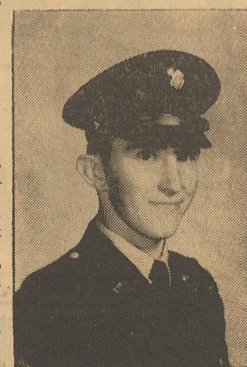

David A. Harris, 8th grade, will enter his plan "Effect of Artificial Light on Plants" in the Botany division. Purpose of this project is to study effect of light on plants.

Junior division entrants include: Harold Bob Bennett, 6th grade, will enter his project "The Urinary System" in the Medicine and Health division. His work will show the human urinary system and compare it with other animals.

Robert Brooks, 6th grade, will enter his work "Effect of Colored Rays on Life" in the Medicine and Health division of the Fair. His project was used to determine whether various colors of lights effect living things.

Fifth grader, Maria Perez, will enter her work "How Water Gets Inside A Seed" in the Botany division. Purpose of her project is to show that seed will not germinate or swell if water can not get in through the micropyle.

Kathy Kennedy, 4th grade, will enter her project "Ions Conduct Electricity" in the Chemistry and Biochemistry" division of the Fair. Her work will prove that liquids with ions conducts electricity and liquids without ions will not conduct electricity.

PVT. KENNETH D. ODOM

Kenneth Odom Completes Basic Army Training

Pvt. Kenneth D. Odom, son of Mr. and Mrs. M. B. Odom has recently finished his basic training for the army at Fort Polk, La. He is now stationed in Meteorology School at Fort Monmouth, New Jersey.

Odom was a 1962 graduate of Dimmitt High School. Before entering the service he was employed at C & S Equipment here in Dimmitt.

Letter Addressed To Veterans Of Foreign Wars

March 3, 1964
TO: All members of the Veterans of Foreign Wars, Department of Texas

Dear Comrades:
We have received the following letter from our Department office: "Chaplains Service Corps 4128 Wilshire Blvd Los Angeles, California

Dear Fellow American:
The right of the government of the United States to pay Chaplains to teach religion to service men has been challenged by a chapter of the American Civil Liberties Union, according to the Los Angeles Time, September 9, 1963. "Recognizing the danger of such attacks, Congressman F. J. Becker (New York) has inserted the following in the Congressional Record of October 9, 1963: "I do not know how many members are aware of the fact that today the Secretary of Defense has been notified that action will be taken that CHAPLAINS ARE IN VIOLATION OF THE CONSTITUTION OF THE UNITED STATES."

Chaplains have served in the Armed Forces of our country before we were the United States. At Valley Forge, Washington asked a Chaplain to lead the men in prayer to God for help.

"Since that time Chaplains have given spiritual guidance and counsel to the men who have served and are serving our country in all parts of the world both in peace and in war.

"To deprive these men of this rightful American Heritage is unthinkable.

"Are we to remain silent and inactive while an aggressive few bring about this tragedy?"

"Something can and should be done about it. And immediately. And you can do it.

"Write to your Senators, to your Congressman, to the Secretary of Defense, and to every member of the Supreme Court.

"WRITE! WRITE TODAY! WRITE NOW!"

Sincerely,
CHAPLAINS SERVICE CORPS
Mrs. Shelby Lee Chambers, Pres."

This matter has been dealt with in the Chaplain's Column for the March issue of the Texas VFW News.

In addition to this each member, or at least each Post, in the Department of Texas is requested to protest vigorously in writing to our Senators, Congressmen, the Secretary of Defense and the Supreme Court of the United States. Such a concerted action in addition to our effort to greatly increase our membership strength this year will have a real impact upon the heads of our government in Washington.

This is one more effort on the part of those Godless-minded people, who desire to overthrow our entire structure and form of life in America, to use another subversive means of striking at the soul of our country. This must not be allowed! but it will be an accomplished fact unless those of us who represent great majorities of the American people make our position clear in advance of any legal act that may be undertaken by the "American Civil Liberties Union."

I earnestly request your assistance in this and will be happy to receive a copy of any letter written (Please mail such copy to me at Box 603 in Denison).

With prayers for God's blessing upon you always, I am
Yours in comradeship
David A. Jones
Department Chaplain

VISIT PARENTS

Mr. and Mrs. Gary Compton and daughter Tracey of Dallas arrived Friday to visit her parents, Mr. and Mrs. Raymond Hance. Mr. Compton returned to Dallas Sunday and his family remained in Dimmitt for a week's visit.

Slow Moving Farm Vehicles Spell Disaster

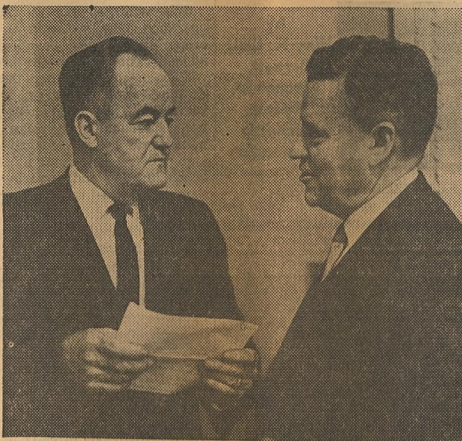

Using the farm tractor for an all-purpose runabout is a dangerous practice. Do not use a tractor for trips not directly related to field work.

Slow moving vehicles are one of the major problems of rural highway travel. Many of them are inadequately lighted or lack proper identification with which to warn motorists.

It is up to the operators of slow moving farm vehicles to practice courtesy whenever they can. When it is possible the farm operator should pull his equipment onto the shoulder and allow faster moving traffic to pass. Although the farm operator has a privilege to move his farm vehicles and equipment upon the roadway he should be willing to pull off the roadway for his own protection. This may prevent himself, his farm vehicles and farm equipment from being involved in an accident.

It has been observed that many farm tractors, vehicles, and motorized equipment while upon the roadway are so designed or pulling other vehicles and equipment that the operator is unable to ascertain the approach of traffic from the rear. Under such conditions these vehicles and equipment should have a rear view mirror like on a truck and bus enabling the operator to see the approach of traffic from the rear. However, in many instances where there were no such obstructions in rear of the operator it has been observed the operator has been negligent in failing to turn his head around to check for the approach of traffic from the rear. This type of operator becomes a "road hog", creating traffic congestion, and endangering the lives of others as well as himself. Farm vehicles should be operated only by mature, responsible persons upon the highways.

Senator Yarborough Helps Pass Tax Cut

Senator Ralph Yarborough of Texas, right, talks over the legislative program of the 88th Congress with Senate Majority Whip Hubert Humphrey of Minnesota. One of the major goals of the Senate leadership was passage of the bill for a tax cut. Senator Yarborough was an active supporter of the tax cut, which will mean more than \$407 million a year more income for Texans.

Utilization of a farm tractor as an all-purpose runabout is a dangerous practice that can sharply increase the chance of a serious accident. The farm tractor is not built or equipped for all-purpose travel. The increasing tendency of farmers to jump on the tractor for short trips not directly related to field work must be discouraged. In many areas of our state, the use of farm tractors as utility vehicles is becoming an increasing problem in highway safety.

Besides offering little protection for the driver, the farm tractor has poor brakes, instability and low speed. Tractor operators should allow extra time when crossing travelled roads and not try to beat

approaching across traffic. If he has attached farm trailers, or equipment it will take him even longer to clear the crossing.

Problems Involving Farm Vehicles, Equipment and Other Vehicles.

Most rural two-lane roadways are 16 to 20 feet wide. In this problem let's use the 20 foot width. The stop sign on the side road is 40 feet from the pavement edge plus about 12 feet for the length of the tractor, adding up to a total of 72 feet the tractor operator must go in order for the rear of his tractor to clear the pavement edge on the far side of the roadways. Here are some actual results that were conducted using a tractor 12 feet in length with no equipment

attached. It took anywhere from 7 to 8 seconds, occasionally 9 seconds to cover this 72 feet. An approaching automobile traveling 60 miles per hour or 88 feet per second is approaching from the tractor's right side then taking the minimum second count of 7 (7 x 88 equals 616 feet) the automobile would have to be 616 feet back down the roadway when the tractor started in motion from the stop sign. In other words just as the tractor cleared the pavement on the far side the car would whiz by, close shave!

The second test involving the same tractor crossing over a distance of 100 feet. This represented the 20 foot pavement width plus 40 feet to the stop sign, plus 12 feet length of the tractor plus 26 feet for a cotton trailer and coupling adding up to a distance of 98 feet, so 100 feet was used for practical purposes. No attached trailer was used in this test only the tractor itself traveling the distance of 100 feet. The time tests varied anywhere from 11 to 12 seconds, occasionally 13 seconds. It an approaching automobile traveling 60 miles per hour or 88 feet per second is approaching from the tractor's right side then taking the minimum second count of 11 (11 x 88 equals 968 feet) the automobile would have to be 968 feet back down the roadway when the tractor started in motion from the stop sign. Again as the tractor cleared the pavement on the far side the automobile would whiz by.

With equipment mounted, attached to the tractor plus pulling other equipment and trailers will increase the time length in crossing the roadway. Also the engine may sputter, or die in the process of crossing. So Mr. Tractor Operator allow plenty of time and distance for crossing roadways.

An overtake problem involving a pickup pulling a cotton trailer making a right turn upon the roadway and an automobile approaching from the rear.

This type of trailer if exempt from regular registration fees must bear a distinguishing license plate which can be secured for a fee of \$5.00 a year. The gross weight cannot exceed 10,000 pounds and cannot exceed 10,000 pounds and

If it takes the pickup and trailer 22 seconds to accelerate to 30 miles per hour over a distance of 484 feet, then an approaching automobile from the rear in 22 seconds at 60 miles per hour would cover 1936 feet minus 484 feet equals 1452 feet back down the road when the pickup and trailer entered the roadway. The operator of the pickup and trailer must be certain that when he enters the lane of a two lane two way road that the other lane is open for the approaching vehicle behind him to pass to the left safely. Many vehicles and trailers pull out onto the roadway just over the crest of a hill. In doing so they had better be certain that an automobile topping the hill behind them can pass to the left safely.

A pickup pulling a cotton trailer going 30 miles per hour down an open highway, or 44 feet per second. An automobile is one mile back of the pickup and trailer traveling 60 miles per hour, or 88 feet per second. The rate of overtaking of the automobile is 30 miles per hour or 44 feet per second. It will take the automobile two minutes to overtake the pickup and cotton trailer.

Another frequent hazard encountered on country roads is the blind corner. Rural intersections are often obscured by high crops, brush or large trees.

Owners can perform a valuable service to themselves and the public by cleaning corners of fields which border intersections. They can keep their driveways clear so that they can see traffic before pulling onto the road and so that they can be seen by drivers on the road.

Intelligent use of road requires understanding courtesy and judgment. Caution, forethought and consideration are the basic ingredients for all prescriptions for rural highway safety. A typically rural American characteristic-neighborliness

Judge Proclaims March Research Foundation Month

Castro County Judge Raymond Wilson, Wednesday morning signed the following proclamation:

That, whereas, the High Plains Research Foundation at Halfway, Texas, was founded at the request of and by the people of the High Plains, and is a free enterprise organization dedicated to agricultural and industrial development of the High Plains through ag research and Whereas, the foundation in only seven short years has contributed immeasurable in furthering our growing prosperity through its many achievements, and Whereas, the Foundation, solely supported by the contributions of farmers, businessmen, and other citizens, will attempt during the month of March to raise the financial support necessary for continued and expanded research on the area's behalf. Now Therefore I Raymond Wilson, County Judge of Castro County, do hereby proclaim March as High Plains Research Foundation Month in Castro County and urge the citizens of this county to wholeheartedly support this fund raising effort. Signed and the seal of the county of Castro hereunto affixed this 4th day of March, 1964.

Swiftettes Finish With 14-13 Record

Nazareth Swiftettes combined a lot of hard work and team spirit to make this a good year for their school. The Swiftettes finished with a 14-13 record.

In district play, the Swiftettes finished with a 3-5 record. Girls making the All-District team were Janis Dobeiner and Carol Schulte. The Swiftettes made 1,013 points during the season. Average points per game was 52. Opponents average was 39.3 points per game. The Nazareth girls grabbed 496 rebounds during the season, stole the ball 244 times and lost the ball 419 times. Swiftettes outscored their opponents in district play. The team made 41.1 pts. per game while opponents made 41 pts. per game.

Carol Schulte, forward, made 614 points for the Swiftettes for an average of 22.4 points per game. Alverna Birkenfeld sank 258 points for a 9.7 average. Francis Irbeck, forward, hit 335 points for a 12.5 average.

Nazareth guards did a good job defensively for the Swiftettes. Guards include: Delores Birkenfeld 92 rebounds, 24 steal s; Janis Dobeiner, 56 rebounds, 33 steals; Linda Pohlmeier, 25 rebounds, 13 steals;

In Elevators

and in Long Distance, too

Service is Fastest When You Call by Number

The elevator operator knows exactly where to stop when you call your floor by number! Your telephone operator, too, can give you better long distance service—fastest service—when you call by number.

For quickest, long distance service, keep a list handy of the numbers most frequently called.

Jaycee Jake Says

Big things are happening in Jaycees!

Talent Show on April 4 and this promises to be the best ever. The best talent from Dimmitt and surrounding area and the biggest show of the year.

The New Hampshire primary is not the only election item of importance. Things are getting hot and heavy in the Jaycee Presidential race. Candidates Horace Henley and Larry Allen are wheeling and dealing. This kind of competition makes the Jaycees a stronger organization. Elections will be March 26. Be sure and inform yourselves Jaycees and vote.

The Jaycees have a big project at the airport—all Jaycees need to be present to decide what course of action is best for us in this undertaking.

Big tournament this weekend in Hereford (Basketball?). Dimmitt Jaycees are entered and will play in this event Thursday, Friday and Saturday. Get your name in the pot if you are not signed up to play, cause ole Jake will need a lot of help.

Remember April 11, Jaycee installation banquet and ball. That is where those left standing after the election will be recognized by those they have slandered as their leader.

JAYCEE JAKE

AMMO NOTES

by Wm. F. (Bill) Bennett, Agronomist, Western Ammonia Corporation

FERTILIZER SOLUTIONS

Fertilizer solutions or liquid fertilizers are a relatively new type of fertilizer for West Texas. They have been used for several years in some areas, but their availability over a wide area has increased. Fertilizer solutions are available in different forms. Straight nitrogen fertilizers are available in solutions. They range from aqua ammonia which is 20 per cent nitrogen, to a straight urea solution containing 41 per cent nitrogen. Various combination of ammonium nitrate, ammonium sulphate and urea can be dissolved into a solution. The proportions of each will determine the per cent nitrogen. One common nitrogen solution is a urea-ammonium nitrate combination containing 32 per cent nitrogen. Aqua ammonia, which is ammonia dissolved in water, is gaining in popularity.

Fertilizer solutions containing both nitrogen and phosphorus are becoming more common. These are made by combining aqua ammonia and phosphoric acid, resulting in an ammonium phosphate in solution. A common grade is 7-21-0. Potassium can also be added where needed. A common grade is 6-18-6. Straight phosphorus solutions can also be obtained. This is primarily phosphoric acid and can be obtained as 0-52-0 or 0-54-0.

The question often arises as to whether fertilizer solutions will do the same job as a comparable dry fertilizer. The answer is that they will if applied properly and in the same manner as the dry fertilizer. This was substantiated as early as 1956 when USDA Agricultural Research Service Report 22-35 stated, "When properly applied, liquid nutrients are as effective as solids for promoting plant growth."

The main advantage of fertilizer solutions is that they are labor-saving. Materials are transferred from tank to applicator by pump and no lifting or handling of solids is required.

Since liquid mixed goods can be applied with a dual applicator, one trip across the field gets the job done. The phosphorus is banded, which usually results in more efficient use of applied phosphorus.

From the standpoint of affecting growth, both dry fertilizer and fertilizer solutions will give the same benefit. The main point to consider in deciding which to use is whether phosphorus is needed, and the rate. Then choose, and use the one of your choice.

Research Plant Launches Fund Raising Campaign

The High Plains Research Foundation, its scope now more than doubled with the acquisition of 504 more acres, launched a massive fund raising campaign March 1 designed to put \$2 million behind its research program for the next five years.

Foundation trustees in seven Texas counties on the High Plains will direct the month-long fund raising effort. Staff members from the Foundation's headquarters at Halfway will assist them in dozens of meetings and conferences designed to bring the Foundation success story to the people of the High Plains.

A successful drive will undergird the research program which in the past seven years has contributed much to the agricultural prosperity of the High Plains. The funds will be used to further the Foundation's fourfold purpose:

1. Increase the efficiency of production of existing crops through variety and strain testing, fertilizer usage, and cultural practices.
2. Evaluate and develop new crops that can be used to strengthen the agricultural and industrial economy of the High Plains and West Texas.
3. Conserve soil and water through the recharging of surface water and development of sound conservation practices.
4. Determine more efficient method of soil and water management.

A list of accomplishments chalked up by the Foundation in these areas is already extensive. Acquisition of the new acreage 10 miles southwest of Halfway will enable the program to be broadened with new emphasis on cattle, grasses, and large scale demonstrations of proven laboratory methods.

The farm was purchased from J. Frank Triplett of Amarillo. Harold Hinn, Chairman of the board of trustees of the Foundation, announced the significant event at the regular semi-annual meeting of the trustees last Saturday.

With the new acreage, the Foundation will have a total of 814 acres with which to work to put dollars into the pockets of High Plains farmers and agri-businessmen. Dr. Earl Collier, Foundation Director, said following Hinn's announcement of the purchase, "The addition of the Triplett farm will enable us to demonstrate on a large scale many research programs which have been proven in the

laboratory, small field and test plots."

"We will be able to put into operation new research in soils, crops, and cultural practices," he added. "The lake on the property will be used to further the work in lake water recharge, and research will be conducted in the area surrounding the lake to demonstrate the advantages of soil and water conservative through bench leveling and terracing."

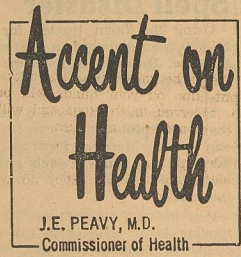

"The Triplett farm will be set up as the best example of well-rounded diversified agriculture on the High Plains," Dr. Collier said.

Soils on the farm will enable research in land representative of that found as far south as Midland. Previous research at the Halfway farm has been limited to Pullman clay loam and Amarillo clay loam found in much of the area of the High Plains north to the Oklahoma Panhandle.

It is significant to note that the Triplett farm has already played a important part in High Plains agriculture. J. Frank Triplett said his father, L. H. Triplett, grew the first crop of grain sorghum in Texas on the farm in the early 1890's and cut the first crop of wheat on the High plains there in 1898.

M. and Mrs. Triplett donated \$25,000 toward the purchase of the land by lowering the purchase price \$50.00 per acre from its estimated value. Both voiced their approval of the fact that in the future the farm will continue to play a vital role in improving the agricultural economy of the High Plains.

A weekly public service feature from the Texas State Department of Health

J.E. PEAVY, M.D.
Commissioner of Health

"Children act fast, and so can poisons."

That's the theme of National Poison Prevention Week this year.

The same child who won't drink his fruit juice will chertfully and quickly gulp such unappetizing things as detergent, insect spray or kerosene. In recognition of the more than 500,000 U.S. children who swallow such unlikely things as household sprays, lye, gasoline aspirin, bleach, rat poison and furniture polish. NPPW will be observed March 15-21, throughout the nation.

One review of 2,133 cases of accidental poisoning, conducted by the National Clearinghouse for Poison Control Centers, found that in 63 percent of the cases the offending substance had been returned to its customary storage place after use.

soning is becoming so acute that the American Academy of Pediatrics lists it as the most common medical emergency among youngsters.

National Clearinghouse authorities say prime poisoners of children are not the bug killers or insect sprays which are clearly stamped with the skull and crossbones, but the headache pills, the caustics used to clean drains, the fluid used to fill lighters.

"Skeptics must be convinced of this fact," says the Clearinghouse.

If you're convinced, the Clearinghouse recommends a clear course of action; clean out the medicine cabinet, keep toxic materials under proper storage, keep them labeled and in their proper containers, and when dealing with children refer to medicine as medicine rather than as "candy."

Meanwhile, it is well to understand that 23 poison control centers (PCC's) are in operation in Texas to help physicians handle poisoning emergencies. PCC's work like this: Operating under local physician's guidance, they never close, and answer questions from the physician attending the patient, not from the patients.

Assume a child drank some skin lotion. His mother calls the family's physician, who immediately calls the nearest PCC and reports the lotion by brand name. A quick check is made of an index card file and the physician is advised of its toxic ingredients and the proper antidote.

From 1500 to 2000 calls are

Cleaver Speaks In High School Oratorical Contest

Dennis Cleaver, 17, a senior at Dimmitt High School, represented the Greer H. Estes American Legion Post 445 at Dimmitt in the National High School Oratorical contest held in Amarillo Sunday.

He is the son of Mr. and Mrs. D. L. Cleaver, Rt. 1, Dimmitt. He is outstanding student, active in civic affairs and considered a top speaker.

Cleaver chose the topic "Checks and Balances—Our Basic Governmental Principle" for his prepared oration. In the extemporaneous division, Cleaver drew the topic "Article VI, Paragraph 3 (oath or Affirmation required of Congress) of the United States Constitution."

Attending the contest with Cleaver were Dimmitt Legionnaires Jack Flynt, 18th District Commander, Burr Morris, local Chaplain, and H. K. (Red) Hill, district adjutant. Also attending was Mrs. Jack Flynt of Dimmitt.

Burr Morris gave the invocation for the oratorical contest and Hill served as tally judge during the contest.

handled each month in PCC's. The volume will undoubtedly increase as potentially hazardous compounds are marketed for use.

CHILDREN ACT FAST... SO CAN POISONS!

PROTECT YOUR CHILDREN

THIS YEAR HALF A MILLION CHILDREN WILL SWALLOW POTENTIALLY POISONOUS SUBSTANCES—500 WILL DIE!!

This unnecessary slaughter can be stopped if parents "poison-proof" their home.

How many times can you say "Yes . . . my home is poison-proof."

Grain Sorghum Planting Discussed

Plant grain sorghum drilled or two rows per bed, use 8 to 10 pound seed per acre, and take advantage of chemicals to keep the weeds out. This is the production combination that can yield more grain, more profit, with less work.

Tests at the Southwestern Great Plains Field Station at Bushland, Texas, and at the South Plains Research and Extension Center, Lubbock, have shown narrow-row grain sorghum a yield-booster when properly managed. Billy Gunter, Area Extension Agronomist, emphasizes fertility level of the soil is a determining factor in getting high yields from narrow-row sorghum. Water must also be available when needed to maintain high grain yields, Gunter stresses. According to the agronomist, the fertility and irrigation levels should have a potential of at least 6500 pounds grain per acre or more before narrow-row planting could be expected to out yield regular 40" rows.

At the Bushland Station, experiments were conducted with different row spacings and planting rates over a three-year period. The 12 and 20-inch spacings consistently produced grain yields of 1000 pounds per acre higher and also produced more grain per inch of water used than the 30 or 40-inch row spacing. This is the report from Dr. Kenneth Porter, Texas Agricultural Experiment Station agronomist headquartered at Bushland.

Dr. Porter says rate of seed planted per acre had little influence on grain yields. Pounds of seed planted per acre were 4, 8, and 12 pounds at each new spacing. The higher planting rates produced the higher forage yields—but not more grain. According to Dr. Porter, about 8 to 10 pounds seed per acre should give sufficient plants for maximum grain yield under most conditions, regardless of row spacing used. If the crop is being produced for grain, seed planting rates higher than 10 pounds per acre would then serve no useful purpose—in fact. These tests showed the fertilizer may not be as efficient for grain production as at lower seed planting rates.

Comparable increases in yields are possible by planting two narrow rows on beds spaced about 40-inches apart. Many Plains farmers are going to this planting method-spacing rows on the bed 12-16 inches apart. But, as Gunter emphasizes, to obtain the most benefit from narrow-row spacing, adequate fertilizer and moisture levels must be maintained.

Narrow-row spacings also have the advantage over wide rows in weed control. Plants in narrow rows will shade out many of the weeds. With the addition of a new herbicide, propazine, to the grain sorghum chemicals list, weed control in narrow row sorghum is made even more efficient.

The herbicide is ideal for irrigated fields and is especially useful in narrow row plantings where mechanical cultivation would be difficult. Gunter says application recommendations call for spraying

the chemical on immediately after planting at a rate of 1 to 2 pounds herbicide in 20-40 gallons water, per treated acre. For careless or pigweed control, use the one-pound rate. But for annual grass control, use the two pound rate on silty clay loam soils. On fine shady loam or coarser soil, use the one pound rate as a maximum. Apply the chemical immediately after planting so the first rain can leach it into the root zone. If rainfall occurs before chemical application, weeds may germinate and grow through the propazine on the soil surface.

The chemical will control both grasses and broadleaf weeds. It is not toxic to cotton if drift occurs. With propazine, weeds are controlled for a month or more if the soil is not disturbed.

A point to consider is "mapping" of fields where propazine or chemicals for other crops are applied. Many chemicals have a long residual action which can seriously damage germination and plant growth of susceptible crops. Propazine, for example, should be used only where grain sorghum or corn can be grown the second crop season. Other crops could be subject to damage if planted too soon on soil that was propazine treated. According to Gunter, keeping an accurate map of what crops were grown and what chemicals were applied to all crops is well worth while.

Mrs. Stanford Presents Review To Ruth Circle

The Ruth Circle of First Methodist Church W.S.C.S. heard parts of Norman Vincent Peale's book "Live While You Are Alive," presented by Mrs. Lee Stanford Monday afternoon.

Parts emphasized by Mrs. Stanford were "give of yourself to others thereby enriching the center of everything, read the better books, listen and look at the good things such as music, words, the universe and its elements, adopt people in your heart such as the beautiful child and the unusual person."

Mrs. George Webb was hostess for the Circle meeting. Mrs. Elmo Bell presented the meditation.

Cake and coffee were served to Bill, Dewey Wright, Jack Cowsert, Clarence Bearden, Sid Sheffy, P. L. Cunningham, Lee Stanford, George Blanton, Iris Touchstone and Hugh Blaylock.

VISITING GRANDPARENTS

Keith Hughs of Oklahoma City is visiting his grandparents, Mr. and Mrs. George Hughs, Mr. and Mrs. Hughs have recently moved to Jones St. from their farm home east of town.

HERE FROM CANYON

Mrs. Don Sheffy and little daughter, Kristi of Canyon are visiting in the home of her parents, Mr. and Mrs. Elmo Bell this week while Don is attending to business in Lubbock.

Tips For Outdoorsmen

Free Hands of Gas

It's a wise fisherman who carries a small jar of soap powder in his tackle box. The odor of gasoline on your hands will be transferred to the bait and will be offensive to any fish.

Buy Red Bath Towels

Deer hunters, why not ask your wife to buy some red bath towels? They are perfect for use in the woods as scarfs, seats and for rub downs.

Furthermore, when tied around the horns of the buck you're lugging from the woods, they make good insurance against being shot. And of course the towels can be used in the home when you're not in the field.

Trapping the Ant

A glass jar, or several of them, buried to the neck around the camp traps ants and keeps the ant population under control.

Plastic Tubes Hold Maps

Those plastic tubes that new golf clubs come packaged in make perfect containers for nautical charts or topographical maps.

Spray Gun Starts Fire

Here's a good tip for the camper. Take along an old hand pump fly sprayer filled with kerosene. Propitious squirts help start stubborn fires.

Use Seine For Duck Blind

Don't throw away your old minnow seine. It will make a good portable duck blind this fall. A few streaks of dark paint help camouflage it.

Bind "Hoppers to Hook

Live bait like grasshoppers and worms will stay alive longer on the hook if you fasten them with small rubber bands rather than hooking them the conventional way.

Candles for Heat

Take along with you to your next deer camp a couple of those thick, heavy-wax candles used by plumbers. Some cold night or early morning you'll find they can take the chill off a fairly large tent or trailer in a surprisingly short time.

Double Your Warmth

If your sleeping bag isn't warm enough for extremely cold weather, just put on a suit of insulated underwear before climbing inside. The combination of the two will keep you warm as toast.

Keeps Matches Dry

Druggist's snap-lid pill boxes make good containers for carrying a waterproof supply of matches in the field.

Tight Drag Stops Snag

Chief cause of tangles with spinning tackle is loose line on the spool. Be sure to reel it under sufficient tension.

A-1 Fish Stringer

Take an old (or new) brass chain, a box of high grade shower curtain rings and you've got the makings for a store-bought fish stringer.

Fit the rings through the chain at regular intervals. Rings open and close more easily and are the ideal size to hold fishes' lips.

Brush The Rust Away

Take an old shaving brush and soak the bristles in oil. Then store in your tackle box.

A fast pass over spoons, spinners and such before they go back in their compartments keeps 'em bright and shiny. Oil stays in the bristles for weeks.

To Quick-Dry Boots

For a quick-dry job on a pair of hunting or fishing boots in camp try heating rocks and dropping them in the boots. Repeat until the interiors are entirely dry.

Bobbypins for Clothespins

Bobbypins make handy clothespins in camp. Ordinary fishing line will serve as a clothesline.

Simple Coon Trap

Put a 55-gallon steel drum next to a tree and bait it with corn.

RICHARD G. SCHACHER

Airman Schacher Reassigned To Amarillo AFB

Airman Richard G. Schacher, son of Mr. and Mrs. Alfred K. Schacher of Nazareth, Tex., is being reassigned to Amarillo AFB, Tex., for technical training as a United States Air Force aircraft maintenance specialist.

Airman Schacher, who enlisted in the Air Force a short time ago, has completed his initial basic military training here.

The airman is a 1963 graduate of Nazareth High School.

German Honorary Fraternity Plans Spring Initiation

The Texas Tech chapter of Delta Phi Alpha, national German honorary fraternity, will hold its spring initiation of new members this week.

A talk by Prof. Wolodymyr T. Zyla, entitled Nietzsche and Christianity, followed by a tea and reception honoring the initiates, will be held immediately after the initiation ceremony.

Students to be initiated are Beverly A. Bryant, Sherman; Carol Ann Cochran, Phillips; Kathie A. Cherry, Lorenzo; Carl R. Ezell, 318 Royal Oaks Dr., San Antonio; Patrick R. Harris, Saint Jo; Cheryl L. Hunter, Phillips.

Stephen Pat Magee, Lubbock; Michael Swanson, Spur; and Connie M. Pajot, 2610 Rebecca, Big Spring.

Prof. Zyla, assistant professor of foreign languages, will also be initiated.

Officers for the 1963-64 year for Delta Phi Alpha are William G. Elmore, 308 North St., Dallas, president; John M. Hasehke, Harwood, vice-president; and Norma D. Battles, Dimmitt, secretary-treasurer.

Faculty advisors are Theodor W. Alexander, associate professor of foreign languages, and Alexander P. Hull Jr., associate professor of foreign languages.

Airman Sletten Reassigned To Chanute AFB

Airman Arlan W. Sletten, son of Mr. and Mrs. Knute O. Sletten of Hart, Tex., is being reassigned to Chanute AFB, Ill., for technical training as a United States Air Force metals processing specialist.

Airman Sletten, who enlisted in the Air Force a short time ago, has completed his initial basic military training here.

A coon can jump into it from the tree but can't jump out. Makes a good trap!

Rubber Boot Anchor

An old rubber boot filled with cement makes a cheap, handy boat anchor. Thread a steel rod in it for an eye.

Being rubber covered the anchor won't scrape, scratch or scar the boat will hold her steady. Also it makes a quiet anchor when carried inside the boat.

What Line Cast Thou?

When you put a new line on a reel, write the type and test on a piece of paper and tape it under the reel seat with clear tape. This way you'll always know what size line you're using.

get out of the Red

Through a hard-hitting, Conscientious Advertising Program

Competition is a demanding taskmaster—but it can also be the greatest rewarding factor in merchandising or servicing. It is a taskmaster when competition defeats, when it sets the rut that engulfs the businessman. Competition is rewarding when the merchant forces it to become his tool, when he knows he has a thriving, growing business that will never want for customers. Business goes where it is invited—and competitive prices, outstanding courteous service with a good selection, and promotional advertising will do the most inviting.

Do yourself, your customer, and your community a favor by using the pages of the Castro County News to sell your goods and services. It is not only good business but it will help you gear your operation to today's quickly changing trends and increasing competition.

Success stories of large businesses almost always hinge around concentrated advertising and other sound business practices. Start a campaign now—you'll be amazed at how quickly you will feel the difference. Just telephone 647-3488 and a salesman will call on you at your convenience.

ENTERED AS SECOND CLASS MATTER IN THE UNITED STATES POST OFFICE AT DIMMITT, CASTRO COUNTY, TEXAS, UNDER THE ACT OF MARCH 3, 1879

U. S. Supreme Court says the present line-up of congressional districts is unconstitutional. But the day for redistricting still is far away, according to Gov. Connally and Atty. Gen. Waggoner Carr.

Texas' 22 Congressional districts have the greatest variance in size of any state, ranging from 214,000 to 980,000 population. This, the high court said, is not fair and it must be corrected.

Because the 1964 elections already are under way the Supreme Court allowed Texas 30 days in which to ask a three-judge Federal court in Houston to delay the effectiveness of the order.

Governor Connally is sure the court will recognize the fact that absentee voting will begin on April 12 and that filing deadlines already have passed.

He insists that the major legislative surgery required cannot be done in a 30-day special session of the Legislature and should be left to regular 140-day session which starts January 12. He felt the Court would agree that it now is too late to redistrict for 1964 elections.

TRAINS GOING—
Passenger trains continue to disappear from the Texas scene.

Latest moves are by the Chicago, Rock Island & Pacific Railway Co. and the Fort Worth & Denver Railway.

They want to do away with the Fort Worth to Houston run of the Twin Star Rocket.

Texas Railroad Commission will hear this proposal on May 12 in the Dallas City Hall.

SALT WATER—
Texas Water Pollution Control Board agreed, after three public hearings, to outlaw the use of oilfield surface pits for disposal of oilfield salt water in eight South Plains Counties.

Oil and gas operators were given until September 1, to make other arrangements for disposal of their brine. Water-users in the area, which contains the greatest irrigation section in Texas, had complained that the oilfield salt water was seeping into the fresh water strata known as the Ogallala formation.

Covered by the no-pit order are Bailey, Cochran, Dawson, Hale, Hockley, Lynn, Swisher and Terry Counties.

COURT SPEAKS—
Texas Supreme Court, in a decision with far-reaching consequences, has ruled that holders of paid

political office are ineligible to run for the Legislature during their present terms.

Specifically, the Court ordered Taylor County Democratic Committee to remove the name of 104th Dist. Atty. Tom Todd from the ballot as a legislative candidate.

State Democratic Committee Secretary Frank Erwin Jr. said copies of the opinion will be sent to all county chairmen for their guidance. Erwin earlier had advised of the ineligibility of paid officials to run for the Legislature.

Supreme Court also ordered a new trial in a case hinging on the question of whether newspaper carriers are independent merchants or employees of the publishing company.

Suit was brought by Gerald Witt Love against Newspapers, Inc., and C. E. Cargile, contract carrier for the newspapers, following an auto collision. Lower courts found for love. However, the new decision held the independent contractor issue had been improperly submitted to the jury. Earlier decisions have supported the position that a newspaperboy or carrier is an independent agent and not an employee of the publication.

In other action the Supreme Court—Held a legislative act cannot be nullified by a state agency's regulations. Case involved coastal fishermen absolved of violating an agency order outlawing net fishing in the Chambers County part of Galveston Bay.

—For the second time refused to accept a mandamus petition aimed at keeping all who say telecasts of the slaying of Lee Harvey Oswald off the Jack Ruby Murder trial jury.

—Reversed lower courts and ruled that a physician hired part-time as a company doctor is not an employee of the company.

UPPER-AGENCY BACKED—
Governor Connally's Committee on Education Beyond the High School will recommend that the Legislature set up an 18-member state coordinating agency with jurisdiction over both junior and senior colleges and universities, says Chairman H. B. Zachry.

Committee has been under fire from state capitol newsmen for holding closed-door sessions. Zachry defended the policy but hinted that reporters will be allowed in on at least part of future meetings.

CAMPAIGN HEADQUARTERS—
To date the following candidates for state-wide offices have opened campaign headquarters in the capital city:

Don Yarborough, Democrat for governor; Bill McIntyre, Navasota automobile dealer, campaign manager.

Lt. Gov. Preston Smith (D), for

re-election; Oice Greene, Lubbock public relations consultant, campaign manager.

U.S. Sen. Ralph Yarborough (D) for re-election; Emerson Stone Jr., Jacksonville attorney, campaign chairman.

Gordon McLendon, Democrat for U. S. Senator; George Sandlin, Austin realtor, campaign manager.

Congressman-at-Large Joe Pool (D) for re-election; Jack Fisk, Wharton public relations and businessman, campaign manager.

Railroad Commissioner Jim C. Langdon, for re-election.

Judge Jack Pope, Democrat for Supreme Court; Bob Sneed, Austin attorney, campaign manager.

TEACHING STANDARDS APPROVED—

Texas Board of Education approved new standards for training of school teachers and administrators and a special in service training linguistics course to help teach students to express themselves better.

Minimum foundation school program costs were pegged at \$555,000,000; the 1964-65 local fund assignment (local school district share) at \$111,000,000.

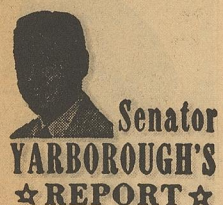

A pilot program of concentrated study for migrant students now operating in Edinburg, McAllen, Pharr-San Juan-Alamo, Weslaco and San Benito will be expanded to 10 districts next fall.

Board members approved a request to dissolve the Liberty County Junior College District, dormant since its creation in 1958.

SHORT SPORTS—

Governor Connally used some of his constitutional money-spending authority to allocate \$2,350 to pay National Guard troops called to active duty on February 4 during the Panhandle blizzard.

Dr. Dorman H. Winfrey of the Texas State Library reports that 42 Texas cities spent \$13,100,000 on library construction during 1963—State Selective Service Director Morris Schwartz said Texas' draft call in April will be 449, against March's 610—Texas Industrial Commission's short courses on local industrial attraction, called Texas Industrial Planning Seminars or TIPS, are becoming so popular that the commission's director, Harry W. Clark, has scheduled three a week throughout the month of April and May—Air Pollution Control Association gave the State Department of Health a certificate of award for its work in educating Texans as to the need for prevention of air pollution—Governor Connally named Thomas F. Anderson, operation's manager of the Alcoa plant at Point Comfort, as manufacturers' representative on the Texas Water Pollution Control board to replace C. M. Shigley of

Senator YARBOROUGH'S REPORT

Dear Fellow Texan:
The United States Senate has approved funds that will double the size of our highly successful Peace Corps.

Currently, the Peace Corps is staffed by 7300 people serving in almost every part of the free world. Almost 200 of them are from Texas.

The Senate has approved a bill authorizing an increase in money for the Peace Corps from 196 million to \$515 million.

With this increase we will raise the number of Peace Corps workers from 7300 to 14,000 by June of this year, by which time the Peace Corps will be nearing its fourth birthday.

Where will they serve?
By August 31, 1965, the Peace Corps will have 5,900 workers in Latin America, 4,250 in Africa, 2,150 in the Far East and 1,700 in the Near East and South Asia.

You will note that the Peace Corps is planning to double its operational power without doubling its budget. This is being done because the Peace Corps, still a fairly young organization, is learning how

to cut down on operational costs. For example, there are fewer Peace Corps employees in Washington than there were a year ago. Supplies furnished Peace Corps volunteers in one area are being re-used in other areas. Printing, telephone and travel costs have been cut. And the Peace Corps expects countries making use of our volunteers to put up a bigger share of the cost.

The Peace Corps is staffed 40 per cent by women and 60 per cent by men. Most are teachers or community development workers. Some volunteers have special technical skills. This is a good way to utilize some of the fine young minds of America.

The 88th Congress and this administration are seeking other ways as well. The Senate has passed the Youth Conservation Corps Act, now pending in the House, to provide work for young people between 16 and 22.

They would work in conservation, development and management of natural resources and recreational areas, such as our great national parks.

Walter Rogers' WASHINGTON NEWSLETTER

Dear Fellow Texas:
I'D LIKE VERY MUCH TO have your views on twenty of the major issues still facing the country and the Congress. To enable you to "get on the record" with little difficulty, I've listed the twenty issues below—ten foreign, ten domestic. You need only to scratch through the words in two of the three brackets in each sentence to make your feelings clear in each matter. I'd appreciate your mailing the newsletter to me here at 1330 new House Office Building, Washington, D.C., or to me at my office in Pampa—P.O. Box 1699, Pampa, Texas. I would appreciate your sending along any additional comments you'd care to make on these important matters.

FOREIGN AFFAIRS—

1. I (FAVOR) (OPPOSE) (HAVE NO OPINION ABOUT) the sale of United States wheat to Russia.

2. (FAVOR) (OPPOSE) (HAVE NO OPINION ABOUT) continuing our foreign aid program.

3. I (FAVOR) (OPPOSE) (HAVE NO OPINION ABOUT) cutting off aid to nations trading with Cuba.

4. I (FAVOR) (OPPOSE) (HAVE NO OPINION ABOUT) military action to bring freedom to Cuba.

5. I (FAVOR) (OPPOSE) (HAVE NO OPINION ABOUT) withdrawing U. S. troops from Europe.

7. I (FAVOR) (OPPOSE) (HAVE NO OPINION ABOUT) a higher level of U. S. defense spending.

8. I (FAVOR) (OPPOSE) (HAVE NO OPINION ABOUT) direct intervention in the Viet Nam war.

9. I (FAVOR) (OPPOSE) (HAVE NO OPINION ABOUT) admission of Red China to the United Nations.

10. I (FAVOR) (OPPOSE) (HAVE NO OPINION ABOUT) building a canal to replace the Panama Canal.

DOMESTIC AFFAIRS—

1. I (FAVOR) (OPPOSE) (HAVE NO OPINION ABOUT) repealing Federal excise taxes.

2. I (FAVOR) (OPPOSE) (HAVE NO OPINION ABOUT) "medicare" proposals.

4. I (FAVOR) (OPPOSE) (HAVE NO OPINION ABOUT) an accelerated public works program.

5. I (FAVOR) (OPPOSE) (HAVE NO OPINION ABOUT) Federal participation in urban renewal.

6. I (FAVOR) (OPPOSE) (HAVE NO OPINION ABOUT) changing the Presidential succession act.

7. I (FAVOR) (OPPOSE) (HAVE NO OPINION ABOUT) Federal development of new recreation facilities.

8. I (FAVOR) (OPPOSE) (HAVE NO OPINION ABOUT) Federal aid to education.

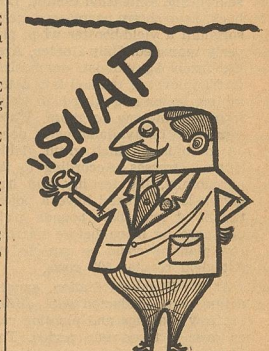

9. I (FAVOR) (OPPOSE) (HAVE NO OPINION ABOUT) speeding the program to build interstate highways.

10. I (FAVOR) (OPPOSE) (HAVE NO OPINION ABOUT) Federal help to cities in mass transit development.

NO OPINION ABOUT) Federal help to cities in mass transit development.

May I have your name and address?

Sincerely,
Walter Rogers
Your Congressman

by Mrs. Robert McDaniel
Northedge Community 42 Club Met
The Northedge Community 42 Club members were entertained in the home of Mr. and Mrs. Scott Crum Thursday evening.

Those attending played 88, 84, or 42. Members attending were Mr. and Mrs. George Hughes, Mr. and Mrs. Woodrow Nelson, Mr. and Mrs. John Crum, Mr. and Mrs. Robert McDaniel, P. L. Hoyler and Mrs. Dan Heard.

Visitors were Mr. and Mrs. Roy McElroy and Walter Hoyler. Refreshments were served to those attending.

Doris Bennight spent the weekend with Mr. and Mrs. Royce Davis, her sister and family. Mr. and Mrs. L. W. Bennight, Mrs. Davis' parents, were Sunday visitors. Mary Davis was a visitor Friday afternoon enroute to Denver to make her home. She will marry Wednesday.

Mr. and Mrs. Loyd Glidewell went shopping in Hereford Saturday. They were in Amarillo on business Monday.

Mr. and Mrs. Donald Wright visited Mr. and Mrs. Don Carpenter in Dimmitt Sunday night.

Mrs. John Crum visited Mrs. Percy Shepard who is ill Sunday. Ben Barrett of Seattle was a visitor of the John Crums Wednesday. They had not seen him in 20 years.

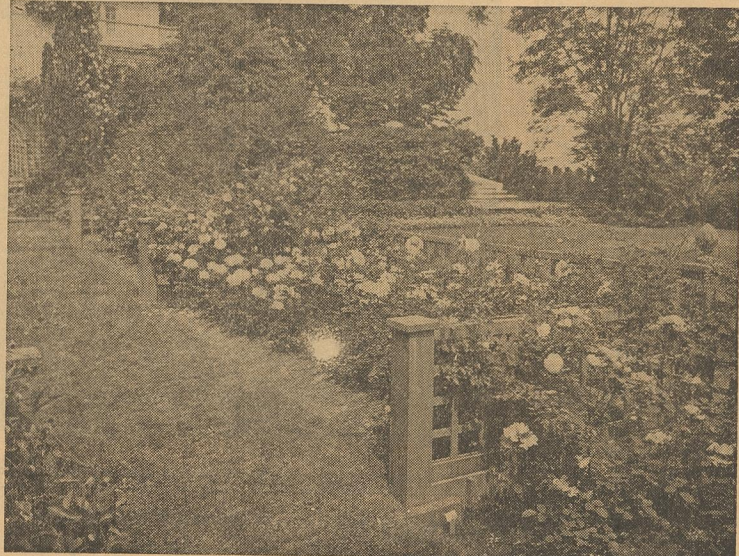

Rita Womack was in Mrs. Hershey's piano recital Thursday evening.

Prayer for the Week— Dear Lord, we rise to meet this day;

North edge we pray you'll stay, With you near we can be strong, For you can right each wrong, Thy ways are marvelous indeed, Surpassing exceedingly man's creed.

When we think of you upon the cross We realize all but Thou art dress.

Rose Garden Planted In Sections

Attractive rose gardens can be made a beautiful focal point of home landscaping by the use of fencing and sections planted to different varieties and colors. This makes it easier and more effective to change a section over to the newest roses each year, says the American Association of Nurserymen.

North Grade School Has Science Fair

Four students from Dimmitt North Elementary School will enter their science projects in the Texas Panhandle Science Fair in Amarillo

April 3-5.

These students were top winners in a local science fair held in North Grade School Friday. Thirty-two students had entries in the fair.

Winners include Fred Bennett - Randall Haulme, Craig Vandiver, Jean Hamilton and Jackie Schaffer-Ruth Dyer. Alternates selected are Don Hrabal and Jeff Myers.

JOE COWEN AGENCY

March Designated As Red Cross Campaign Month

March has been designated as Red Cross month announces Walk Boston, Red Cross Drive chairman. The drive will be conducted throughout the entire month. Anyone wishing to donate is urged to call Boston. Castro County has a goal of approximately \$1,000 for the Red Cross campaign.

In aiding the Sunnyside community following a tornado four or five years ago, the Red Cross gave \$9,000 to the community. Recently the Red Cross gave \$100 to a colored family in Dimmitt who lost their home.

One of the main services rendered by the Red Cross include services to members of the Armed Forces, veterans and their families. The Red Cross aids service men to return home in cases of emergency and death.

The American people through their Red Cross spent: \$38,400,000 or 39 per cent of the total Red Cross expenditures for Services to members of the Armed Forces, Veterans, and their families \$14,000,000 or 14 per cent of the total Red Cross expenditures for Blood Program services; \$9,200,000 or 9 per cent of the total Red Cross expenditures for Disaster Services; \$8,600,000 or 9 per cent of the total Red Cross expenditures for Nursing and Safety Services; and \$4,000,000 or 4 per cent of the total Red Cross expenditures for children and youth services.

Dimmitt volunteer firemen are presently working on a first aid program which is sponsored by the Red Cross.

Boston says, "Help the Red Cross to continue to help your neighbor and possibly you in case of emergency or disaster by donating this month to the Red Cross Drive."

Lee St. Baptist WMU Met For Week Of Prayer

Ladies of the Lee Street Baptist Church WMU met Sunday, March 1 for early breakfast at the church to commence a week of prayer.

The women brought salad lunch Tuesday, March 3 for an all day meeting at the church in recognition of prayer week.

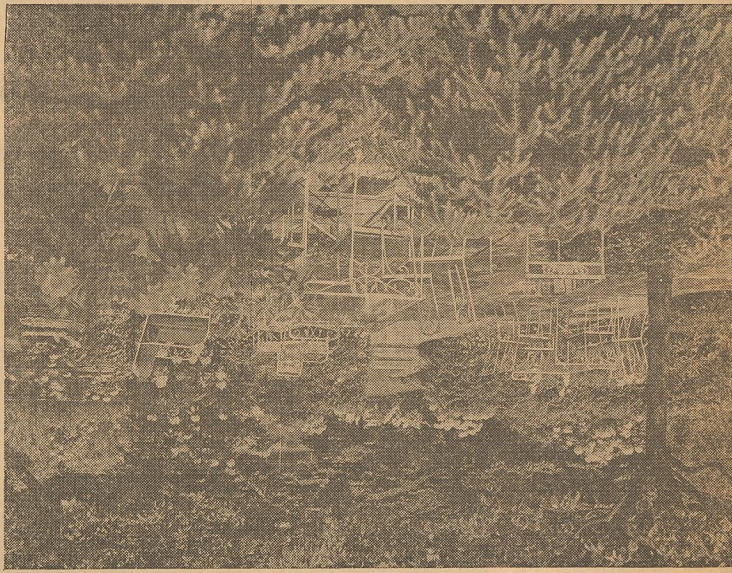

The WMU met Tuesday, March 10 at 9:30 a.m. and Mrs. Georgie Henderson presented a program on "Prayer."

Those participating were: Mexdames Durwood Strickland, E. R. Waggoner, Bert Huggins, Anton Anderson, Bill Shore, Joe Thommarson, Joe Wall and visitor from Tulia, Mrs. Turner.

VISITS IN MULESHOE

Mrs. Joe Benson and daughter, Susan visited Wednesday with Mr. and Mrs. Eugene Morton who are patients in the hospital at Muleshoe following injuries they received in a car wreck several weeks ago. They also visited Mrs. Andy Thompson, formerly of Dimmitt and now is owner of a dress shop in Muleshoe.

All-District 4-B Girl's Basketball Team Announced

All-District basketball girl's team was selected recently for District 4-B which includes Hart and Nazareth.

First team All-District forwards include Marcella Irlbeck of Happy, Ireta Bowe of Happy and Linda Gleason of Lazbuddie. First team guards selected were Janis Dobbmeier of Nazareth, Alice Womack of Happy and Linda Estes of Bovina.

Forwards named to the second team include Carol Schulte of Nazareth, Dixie Kendrick of Hart, Sandra Patterson of Bovina and Martha Toles of Happy.

Guards listed on the second team were Betty Gaylon of Hart, Jeanie Tiry of Happy, Mary Ann McKinney of Bovina and Kay Smith of Lazbuddie.

RETURNS HOME

Mrs. Louis Coke has returned home from a visit with relatives at Aransas Pass, Cleburne and Dublin. She was accompanied home by her sister, Mrs. B. V. Musick of Beeville. Next week they plan to return to Beeville where Mrs. Coke will visit with her sister.

RETURNS FROM HOUSTON

Mrs. Buster Cooper visited her daughter and family in Houston last weekend. She was accompanied home by her two grandsons Clifford and Joe Ranson, for a week's visit.

VACATIONING IN ARIZ.

Mr. and Mrs. Ray Riley are in Phoenix, Ariz. where they will spend two weeks before going to Calif. for a visit.

Morrison Electd—

(Continued from Page One) Savage and D. L. Adock, Lamesa. Ed Martin, immediate past president of the Dallas Cotton Exchange, gave the main address at the gathering of approximately 200 persons throughout the South Plains.

He urged members of TIGA to participate "in a national appeal to save cotton as an industry, to keep it from fading from our national economy."

In the main address, Martin pointed out "30 years ago American cotton was universal king." "Every American mill was wholly dependent on American cotton for their needs, and we could rest with sound assurance that a fair share of the spinning needs of every market in the world would be coming our way," he added.

The cotton merchandising official pointed out that one-third of the American cotton spinning market today is supplied by synthetic fibers and noted that "not a single world market is dependent on U. S. cotton for its survival."

TIGA approved a legislative proposal calling for an immediate 2 1/2 cent price support out to 30 cents per pound for middling one-inch at average location with an 8 per cent increase in acreage.

Opposing "All subsidies except as a stop-gap measure," the association favored a domestic subsidy equal to the export subsidy to allow American mills to buy U.S. cotton at the same price as foreign mills.

With a reduction in price supports the first year, officials explained, the export subsidy would be reduced from 8 1/2 cents at present to 6 1/2 cents, which also would be the level of the domestic subsidy.

Vic Herring, Lubbock, the association's executive secretary, said the proposal would be a five-year plan. It calls for a world market price in the fifth year with no acreage controls and no export or domestic subsidies.

Herring also reported to the group that the TIGA has grown from a membership of 65 area gins last year to 103 at present. He said the association also has 35 associate members.

VISITING IN ROGERS HOME

Mr. and Mrs. James Rogers and baby spent last week-end here with his parents, Mr. and Mrs. R. D. Rogers.

MRS. BESS JONES VISITS

Mrs. Bess Jones of Amarillo is a guest in the homes of Mrs. George Bradford and Mrs. Nettie Graham this week.

Mary Behrends Elected President By Tech Coeds

Eight officers have been elected for the Association of Women Students by Texas Tech coeds.

Chosen were Mary Behrends of Dimmitt, president; Betty Newby, Borger, first vice president; Susan Wood of Vernon, second vice president; and Nelda Laney of Hale Center, third vice president.

Also selected were Carol Dennison of Liberty, secretary; Patty Pownder, 6453 Malvey, Fort Worth, treasurer; Jane Deaver, 3627 Sun Valley, Houston, judiciary chairman; and Jenny Matthews, Andrews, International AWS representative.

HERE FROM DALLAS

Mrs. J. W. Spence and children of Dallas were guests in the home of Mrs. Nettie Graham and Mrs. A. J. Kemp this week.

BASCOM & DON VISIT PARENTS

Bascom Nelson of Beeville and Don Nelson of Globe, Arizona were here this week for a visit with their parents, Mr. and Mrs. B.M. Nelson.

Are We Prepared?

"Be Prepared" is a good motto to follow in our advanced age of invention and technology. Every year, our society becomes more and more complex, and it becomes more difficult for a person to prepare himself to live in a complex environment. A high school education has become more and more important through the years. In the nineteenth century, a man with no schooling at all could function as a normal citizen, but that age has long gone past. Our civilization has created a multitude of technical jobs, and there are not enough people to fill them, while automation takes over the jobs of the common laborer. Since there is no demand for unskilled laborers, the student who is now in high school will have a very difficult time finding a job unless he has a good education. A high school diploma has become almost a compulsory requirement of applicants looking for a job. Therefore, the first objective of a high school student is to GET THAT DIPLOMA!!

A student who drops out of school before graduation shows that he is not willing to try hard enough. Therefore, when he looks for his first job, his employer can assume that he also will not be willing to try hard enough in his profession. Drop-outs get hired last and laid off first.

A high school student should also GET GOOD GRADES!! This will help in promotions later. Finally, the high school graduate should GO TO COLLEGE, if possible. Each year of College training is worth \$25,000 in future life earnings.

The high school student who has successfully prepared himself for the future has adopted the motto: GET GOOD GRADES—GET THAT DIPLOMA—GO TO COLLEGE—AND BE PREPARED—IF YOU WANT TO WIN!!

Bobcats Fail To Second In Regional Play

The Dimmitt Bobcat's basketball season is now over; but aren't we proud of them for they took us to regional play in Lubbock and brought glory and honor to Dimmitt High as they brought home a second place trophy in regional play.

Dimmitt's Bobcats played one of their better games of the season Saturday afternoon as they scalped the powerful Comanche Indians 62-47. The Cats hit 51 per cent of their field goals and 67 per cent of their free throws. The Bobcats moved out to a fast start as they jumped to a 21-9 first quarter lead and rolled to a comfortable 35-16 halftime lead. The Bobcats held on to their lead through out the third and fourth periods and Coach Kenneth Cleveland sent in his second team to round up the victory as they played the final minutes of the fourth period.

Jack Nichols led the Cats to victory over the Indians as he netted 21 points. Landol Frazier netted 14 points for the Cats and held Comanche's big Hugh Fletcher (6'5") to 10 points. Clint Summers also brought in 13 points for the Cats and Steve Hutton trailed close behind with 11 points.

The Dimmitt Bobcats were not so successful as they met the Canyon Eagles in regional finals Saturday night. The Bobcat's held on with the Eagles until the final minutes of the game as Jack Nichols and Clint Summers fouled out.

Canyon jumped to an early lead in the first quarter with a 12-5 score but the Cats came storming back in the second period to tie up the score at half time 17-17.

The Cats fell behind again as the Eagles ended the third period with a 31-28 score. The Bobcats were only 4 points behind 42-38 when the Eagles began to click. At this time Nichols and Summers fouled out for the Bobcats and then the Eagles went all the way. The Cats did not hit as well as they did earlier in the afternoon as they played Comanche. The Cats hit 37 per cent of their field goals and 55 per cent of their free throws.

Clint Summers led the Cats with 13 points and Landol Frazier netted 12 points.

Jack Nichols was placed on the all-tournament in the double A division and Clint Summers and Landol Frazier were given consideration for the all regional team.

We, of the journalism staff, would like to congratulate the seniors and all the rest of the Bobcats on their success of this past season.

Peaks Of The Twenty-First Century

As of February 28, in the year nineteen hundred and sixty four, the Journalism Class of Dimmitt High School started a class study of the Journalism book. As an extra project, it was decided that a paper, other than the regular Bobcat Tales, would be printed and sold for 10 ten cents a copy. This paper will symbolize Dimmitt High School as the imaginations of the journalism students picture that it will be in the year 2000.

The paper will be composed of the present articles paraphrased in the "lingo" of the 21st century. Ideal boy and girl robot, astronaut of the week, senior class trip to Venus, the "Snooping Spaceman", and other articles possibly written by children of today's paper staff.

We hope that this paper will not only be a looking to the future for the students of Dimmitt High School but also as a humorous side to the world of journalism.

Funny Noises

Bang, boom, and bam are the noises coming daily from the small room in the agriculture building. Could this mean that the boys in vocational agriculture are building something? No, it only means that the homemaking IV. Girls are up to something again.

But what could it be? To find the answer, let's slowly open the door to the building and take a peek inside. Upon opening the door, we see that wonderful La Dawn Kemp struggling away with that table of hers. Wait, is she about to strangle Mrs. Snider with those pieces of cloth? Pshaw, she is only tying the legs to the rest of the table while the glue is drying. As soon as she figures out how to get her fingers untied, she'll be all set to do something else.

Moving across the room, we now see Glenda Minchew nailing her material on to the chair that she is re-upholstering. Oh goodness, Glenda, we're sorry that you hit your finger so hard with that hammer!

Who is that over there in the corner? Of course, it's Ricki Goodwin, Sandra Schreck and Sue Boothe all working on one little chair. It looks as though they have too many helpers and no boss. Uh-oh, that was soon fixed; here comes Mrs. Snider again, telling them to get busy.

Just a few feet away stands Suzie Davis. Poor thing, she's still standing on that table of hers. It seems the table, someone comes along and that everytime she wants to paint finds another place she forgot to sand.

Now what's happening? Why, Sandra Lively and Edna Slough are jumping around as though something has bitten them. Oh, there is no need to worry; they just told me that they spilled some paint remover on themselves. From what I hear, that stuff not only eats away paint; it also eats skin.

Anna Gable really looks happy, and she has good reason to be. She has just finished recovering a chair for her dining room. Now she can spend her time helping all of the other girls.

Near the door, we see two other girls. What in the world can they be doing? Thelva Morgan and Wilda Powell are down on the floor sitting on a chair cushion. Now I understand; they've just explained that they stuffed the cushion too full and are having to try to mash it flatter.

Before leaving this interesting scene, let's once again look upon our star student, La Dawn Kemp. She finally got herself untied, but now she somehow has managed to get paint in her hair.

Well, now we know what some of our senior girls are doing. Maybe we can come to see them another time.

High School Menu

MONDAY—
 Beef stew with vegetables, pineapple slice with cheese, cinnamon rolls, corn bread, crackers, milk.

TUESDAY—
 Steak, mashed potatoes, green beans, apple sauce, rolled wheat rolls, butter, milk.

WEDNESDAY—
 Tacos with meat and cheese, lettuce and tomato salad, range style beans, apple pie, rolls, butter, milk.

Letters To Josephine

Dear Josephine,
 I have a very difficult problem that I do not know how to cope with.

There is a girl here in Dimmitt High School that I would like to go with very much. She does not go with boys very often although she is allowed to go when she pleases. I have asked her for a date several times but it seems like she does not want to go with me, but I have fallen hard for her. When she sees me in the halls she always speaks and is real friendly, but I do not seem to appeal to her.

Josephine, please let me know how I can get her to go with me, and I will be very grateful to you. Do not tell me to forget her because I have fallen real hard. Thank You.

Fallen
 Dear Fallen,
 I feel that the best policy in your case would be to either have a friend to find out whether she wants to date you or to ask her yourself. If she does not want to go with you, it is better for you to find out now. However, don't give up too soon.
 Josephine

Dear Josephine,
 I am a freshman in D.H.S. and I have been noticing some of the new girls that have enrolled. There is one who I think is terribly cute. The problem is that she is wearing a F.F.A. ring and everyone is scared to ask her for a date. I am sixteen and would like to look into this matter of the ring.
 Lonesome

Dear Lonesome,
 If you would like to have a date with this girl, why be afraid of her? By asking her for a date you will almost surely find out about the ring, while at the same time becoming more than just another face to her in a new town. Actually I really do not see how you can hurt yourself by asking her for a date; so ask?
 Josephine

Snooper

Well this was the end of the six weeks and the students of D.H.S. were temporarily put out of commission. But still some of them were active.

Nancy Hays, did you have a good birthday party? Ask LaDawn and Sharon what the original plans were for the party. Wow, what a plot!
 Back to the Latin room. Ask Miss Gattis about some of the pranks her students pull on her. By the way, Steve, what is the little poem of yours? It starts out "Ra-Ra-Ree, Kick them in the knee—!"
 Ask Johnny Linn why he says he is a foreign exchange student from Medford? Boy, you must have Oregon on the brain!!

Personality of the Week

She is small and dainty with dark hair and she answers to the name of Kaye. Kaye Derrick entered our world sixteen years ago on September 23, 1947, in Gatesville, Texas. Mr. and Mrs. G. W. Derrick have since been blessed with two additional members to the family. Glen and Glenda are the fourteen year old brother and sister who are attending Junior High School.

Mr. and Mrs. Derrick and family moved from Odessa, Texas, just a week ago and Mr. Derrick is presently engaged in farming.

Since Kaye entered our school system last week she has found that we gave her quite a hand full for her sophomore schedule. She is taking biology, P.E., Spanish I, Algebra I, and a study hall. Those study halls come in very handy at times, don't they, Kaye? Kaye has no particular hobbies but she likes to pass her time listening to music by the Beatles because her favorite song is "I Want to Hold Your Hand." Among Kaye's other favorites are: Car, Chevrolet; color, red; and food, good old southern fried chicken. Her pet peeve is stuck up people but who doesn't like people who are not friendly?

We asked Kaye what she thought about Dimmitt, about D.H.S. and about the students, and this was her reply, "I think Dimmitt is a nice little town, but it is so much smaller than I had expected. It seems like one big happy family here. I liked D.H.S. from the first because it was small and new. I was sure that I wouldn't get lost so easily in this school. I love it here. About the students: I think all of them here are so friendly. They seem as anxious to get to know me as I am to get to know them. In fact I think this is the friendliest school that I have ever gone to."

She has been wondering where all of the sophomores are. I don't guess she has met many of you so get out and make yourself known. Kaye likes us so let's show her that we like her too.
 Kaye, we welcome you and your family to our school and community and we hope you will find this a pleasing place to live.

Senior Of The Week

On February 21, 1964, a very talented and well known senior girl came bouncing into this world. Her proud parents are Mr. and Mrs. Arnold Morgan. Mr. and Mrs. Morgan named their darling little girl Thelva.

Thelva, as we all know, is one of the sweetest girls in high school. Thelva is always willing to help whenever she is needed.

Thelva's favorite color is blue. Her dream car is a Thunderbird. Can't you just see Thelva driving down the street in a 1964 blue Thunderbird? Just to keep Thelva's hopes up let's wish her good luck on a Thunderbird.

When you see Thelva at the show she is probably seeing her favorite movie "Come Blow Your Horn". In this show she is also watching her favorite actor Frank Sinatra. Thelva's favorite actress is Doris Day.

When food enters Thelva's mind she thinks of salads. You might also hear Thelva saying "Let's eat a salad." Not only is it her favorite food but she also likes to go on diets every once and awhile.

When Thelva's song comes on which is "Exodus", she just about goes into hysterics. This is a beautiful song which fits our Senior of the Week to a T.

Thanks, Thelva, for being our Senior of the Week.

Boy Talk

Jane is a typical "36-24-36" medium height well built and beautiful aren't they all? She works in the beauty parlor every afternoon.

She exists for the most part on a can of mescaline. She doesn't smoke, drink or eat any foreign food or any food for that matter, and she has never learned to like coffee. Jane has gone with you to two really swell movies and has been to the powder room ten times to check her hair and makeup in both of them. For your birthday she has your carport restacked with spray net, mirrors, and makeup and gives you a five-year subscription to SEVENTEEN.

You know that she cares for you because she wrinkles her nose at you and you are the only boy she lets carry her books to class. She never goes out with anyone else but she was once overheard telling her fellow girlfriends that marriage has ruined the beauty of a woman.

What to do??
 Try to make her see that boys are very necessary. Get interested in beauty secrets. If you can just once come up with a fashion designer or a beauty expert she does not know which is nearly impossible) she'll never stop being impressed.
 If there is a movie you really want to see hide her purse and make her sit all the way through it.

When she starts wrinkling her nose at you ask her if she needs to blow her nose. Make her carry her own books and tell her how awful her makeup looks.
 Tell your friends, while she is within listening distance, how ridiculous you think marriage is (or some other rash statement.)

Grade School Menu

MONDAY—
 Beef stew with vegetables, pineapple slice with cheese, cinnamon rolls, corn bread, crackers, milk.

TUESDAY—
 Steak, mashed potatoes, green beans, apple sauce, rolled wheat rolls, butter, milk.

WEDNESDAY—
 Hamburgers, pork and beans, sliced onion, lettuce, pickles, potato chips, cup cakes, chocolate milk.

THURSDAY—
 Texas hash, buttered corn, lettuce and tomato salad, peach halves, rolls, butter, milk.

FRIDAY—
 Macaroni and cheese, vienna sausage or lunch meat, green peas carrot sticks, peanut butter cake with icing, bread, butter, milk.

Castro Lodge AF & AM 879, Regular meeting 3rd Monday. Practice every Thursday, Clyde R. Davis, Worshipful Master, Wayne Gipson, Secretary.

"An Affair To Remember"

The Best Beau Banquet of 1964 was truly "An Affair to Remember." Beauty and excitement graced the Dimmitt High Cafeteria Saturday night as over two hundred and ten students and guests attended the annual banquet.

The walls of the cafeteria were lined with pink and white streamers carrying out the color design of these two colors. Hearts made of pink net served as center pieces with smaller hearts scattered along the center of the tables. At the head table was a beautifully arranged center-piece of pink carnations. Different surprises placed in heart-shaped pink boxes served as clever favors. The main center of interest was a backdrop of a Gentleman and his Lady standing among the background of trees, singing birds, and ringing bells.

The program began with Michele Bertonneau giving the Invocation. Mistress of Ceremonies, LaDawn Kemp, then announced that Glenda Minchew would give the welcome. The response was given by Larry Scoggin, last year's Best Beau and then a marvelous dinner was served. Fruit cup, Filet mignon, baked potato, asparagus with cheese sauce, tossed salad, hot rolls, strawberry chiffon pie, and iced tea were on the menu, and it might be added that the delicious food was enjoyed by all.

Two lovely songs which corresponded with the banquet theme, "An Affair to Remember," were sung by Johnny Burnett. Presentations were then made. Mr. Alvis Fuquay presented the Betty Crocker Award to Kay Bradley. Megalai Best Beau, Clint Summers was presented by Linda Schreck, and Jay Nelson, Mikrai Best Beau, was presented by Eva Giles, Junior Delegates were given by Jonnie Holcomb.

Megalai Miss FHA, La Dawn Kemp was presented by Mrs. Joanne Snider. Mikrai Miss FHA, Ann Scarborough, was presented by Estella Hotel. New officers for Megalai, the Big Sister Club, were presented by La Dawn Kemp. They were as follows: Linda McColum, President; Linda Schreck, Vice-President; Jane Cleavinger, Secretary; Shari Willis, Treasurer; Linda Davis, Reporter; Pat Moran, Historian; Ginger Kemp, Parliamentarian; Kathy Graham, song-leader; and Sue Hendrix, Pianist.

Penny Hays then presented the Mikrai new officers: Kay Bradley, President; Genita Aldridge, Vice president; Paralynd Render, Secretary; Karen McColum, Treasurer; Carolyn Simpson, Reporter; Janice Baldrige, Historian; Sue Lust, Parliamentarian; Cecilia Vandiver, Song Leader; and Paula Birdwell, Pianist.

Ginger Kemp then recognized the Chapter Parents: Mr. and Mrs. Jim Hays, Senior parents; Mr. and Mrs. Russell Moran, Junior parents; Mr. and Mrs. Carl Kemp, Sophomore parents; and Mr. and Mrs. Jim Aldridge.

The guest speaker was Dr. Charles Vandiver, who gave an appropriate and educational speech. The banquet was then ended by Kathy Gollehon singing "April Love" and "An Affair to Remember."

Student Senate

The Student Senate met March 4, 1964 with Jim Axe presiding. Jacky Nichols gave a financial report of \$270.69.

The Student Senate received letters from Friona and Tulia saying that their foreign exchange students would be on the panel for the Foreign Exchange Assembly.

The Littlefield choir will sing in school Tuesday at 9:30. Linda Schreck, Jacky Nichols, and Donna Summers are on a committee to district the town for the selling of the Student Senate candy. The Senate members will sell candy and then go to Mr. Newman's for supper. Clint Summers, Linda McColum, and Don Minchew are on the committee for food for the supper. The meeting was then adjourned.

Our Campus

—Congratulations team, for winning second place at the Regional Tournament!

—The F.I.A. wishes to express their thanks to the girls for their expert help on the Best Beau Banquet. They felt it was a great success.

—The date for the Athletic Banquet has been set for March 26, on Thursday night.

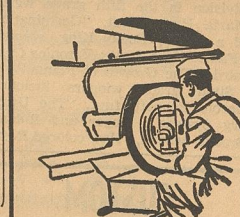

Yes, Chemistry students, Were heard many wild stories about your projects lately. Mr. Tompkins, you really shouldn't be so hard on those poor students and their mice and hamsters! The story is that Janis Moore had to get out of class the other day to go bathe a —mouse?? Those precious, ugly, little scrawny things have been having to take alcohol and dope! Now, really girls, isn't this going a little too far? The poor little urchins were staggering around their cages like little lost chickens. Even though this seems cruel, the students are learning a lot by these experiments, and getting just a few funny tales out of the deal. Just BEWARE fellow students, mice are on their way!!

—Be on the look out for an out of date newspaper to be put on sale soon! Did I hear someone say, "an issue of the year, 2,000??"

Does BLADDER IRRITATION

MAKE YOU NERVOUS?
 After 21, common kidney or bladder irritations affect twice as many women as men and may make you tense and nervous from too frequent burning or itching irritation both day and night. Secondly, you may lose sleep and suffer from headaches, backaches and feel old. Used, depressed. In such irritation, GYREX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get GYREX at drugstore. Feel better fast.

THIRD GRADE first place winner in the Hart Science Fair Thursday night is Gay Lynn Reed (left) with her project "Fire Needs Oxygen." First place winner in the second grade is Jim Tucker. His project concern "Magnetism."

Hart Schools Enter Eleven In Science Fair

Hart Schools completed a successful science fair and open house Thursday night in recognition of Texas Public School Week.

Six top winners will be selected from the fair to represent Hart at the Texas Panhandle Science Fair in Amarillo, April 3-5.

Local winners were selected from each grade in Elementary and Junior High School. Three students were students selected as winners in High School division.

First grade winner was Maria Martinez with her project "Evaporation of Water."

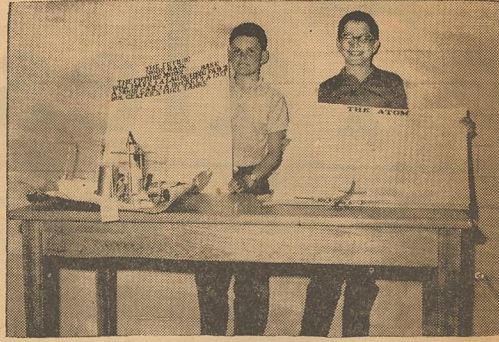

First place winner in the second grade was Jim Tucker with his project "Magnetism." Second place was won by Gerald Johnson with his project "Conductors of Electricity." Dannie McKay was third place winner with his project "Gravity."

Third grade winners were: Gay Lynn Reed, first place, "Fire Needs Oxygen;" Ricky Black, second place, "Solar System"; and Duane Cleavinger, third place, "Dry Cells."

Winners in the fourth grade include: Kathy Kennedy, first place, "Conductor of Electricity"; David Jackson, second place, "Simple Engine"; and Paul Harris, third place, "Hydrometer."

Students placing in the winners' division in the fifth grade were: Maria Perez, first, "Germination of a Seed"; Becky King, second, "Fabric Heat Test"; Veronica Cox, third, "The Growth of Plants."

Sixth grade winners include: Harold Bennett, first, "The Urinary System"; Roger and Robert Brooks, second, "How colored Rays

ALTERNATE WINNERS of the North Grade School Science Fair are Jeff Myers (left) and Don Hrabal (right). Projects were "The Future Moon Base" and "The Atom."

NEWS FROM SUNNYSIDE

Mrs. J. C. Holbrooks and Betty Sue and Mr. Wayne Holbrooks attended the Dimmitt games at the Regional Tournament in Lubbock last Saturday. Mr. Holbrooks visited last week-end in Weatherford with relatives. Mrs. Wayne Holbrooks went to Austin Thursday night to see McAdoo play in the State Tournament.

Mr. and Mrs. Troy Blackburn, Janice and Ute Unger were in Abilene last week-end to attend the State YWA Houseparty at Hardin-Simmons.

Rev. M. D. Durham was in a revival at Whitharral this week, including Sunday. He led the singing for the meeting except Sunday night. He came home Tuesday night and Friday night.

The Week of Prayer for Home Missions was held this week Monday through Friday mornings except the Wednesday program was held Wednesday night. 7 attended Monday, 8 Tuesday, 9 Wednesday night, 11 Thursday and 6 Friday.

Mrs. Earl Phelan, Prayer Chairman, had charge of the programs. Mr. and Mrs. W. H. Fowlkes of Rockport, Texas arrived Monday morning for a visit with Mr. and Mrs. E. R. Sadler and to attend the funeral services at Post Tuesday for his sister. Mr. and Mrs. E. R. Sadler also attended the funeral Tuesday.

Mr. Rex Jenkins was dismissed from Medical Arts Hospital in Littlefield Monday.

17 attended the Spanish Story Hour at the church Tuesday afternoon.

Mr. and Mrs. Milburn Haydon left Wednesday for Truth or Consequences, New Mexico for a few days rest and treatments.

Mrs. H. E. Groff of Clarksville visited Wednesday with Mrs. Alton Louder and also with Mrs. E.R. Sadler.

A trace of snow fell Tuesday night, but melted off quickly Wednesday. Another trace of snow covered the ground Monday morning.

Kenneth Fincher of Hart High School was chosen recently for the All-District 4-B Basketball Team. He will play on the Second Team.

Mr. Eldon Lilley and Mr. Dave Patterson of Summerfield returned home Wednesday from a week's

fishing trip at Mathis Lake near Corpus Christi. Mrs. Patterson and the children spent much of that time with Mrs. Eldon Lilley and Twila.

Mr. Alford Crisp had charge of the Men's Bible Class Wednesday night in the pastor's absence. Mr. Roy Phelan had charge of the Prayer Meeting Service.

The Beginners Sunbeams met Thursday afternoon for their regular meeting.

Mrs. Glenn Reid and Mrs. Bob Walke and daughters of Levelland visited Friday with Mr. and Mrs. J. E. Shirey and Jimmy.

Mrs. E. R. Sadler left Friday with her parents, Mr. and Mrs. M. H. Fowlkes, for their home at Rockport. She will visit with them several days and with her brother who is ill and his wife.

Mr. and Mrs. Kobert Paschal, Janie and Keith of Wingate arrived Thursday night to visit over the week-end with relatives and friends. They spent Thursday night with Mr. and Mrs. Ezell Sadler and David and Friday and Saturday night with Mr. and Mrs. Earl Phelan, and attended the Sunday morning services.

Joan Sanderson of Earth spent the week-end with Mr. and Mrs. Alford Crisp and girls.

Mr. and Mrs. Raymond Lilley, Mr. and Mrs. J. C. Holbrooks, Mr. and Mrs. J. T. Holcomb and Mr. and Mrs. R. A. Axtell attended the Annual PCA Dinner in Plainview Saturday.

Mr. and Mrs. Clyde Akers and Kenny of Lubbock spent Saturday and Sunday with Mr. and Mrs. John Spencer.

Rev. and Mrs. Paul McClung and children of New Home visited Saturday with Rev. and Mrs. M. D. Durham and had lunch with them. Rev. and Mrs. Durham visited with Marvalyane in Plainview Saturday afternoon.

Mrs. M. D. Durham taught the Junior GA Home Mission Book "James Robb, Pioneer" to the Junior GA Wednesday night.

Mr. and Mrs. H. F. Moore, Jackie and Nelda of Weatherford spent Saturday night with Mr. and Mrs. Roy Phelan.

TOP YIELDS depend on the timing

And now is the right time to put down that ammonia. The fair weather we are having makes conditions perfect for applying nitrogen. A wet spring could keep you from giving your soil sufficient nitrogen... and you'd lose profits. While you're planning your soil fertility program, don't forget phosphorus. Remember, Western Ammonia offers you an all new dual applicator to put down phosphorus and ammonia at the same time. This step could save you needed time and money. Don't delay... call 647-3488... and get complete details on all your fertilizer needs at Western Farm Chemicals. Remember... top yields depend on timing.

Western Ammonia Corporation

THIS TEAM won the State Championship in 1955 in Austin. Members of the team are to be honored this weekend, March 12-14 at Austin. Members are (left to right) Mary Ann Witt, Ann Speer, Betty McDermitt, Sandra Adams, Faye Howard, Darlene Cates, Shirley Tucker, (back row) Wilda Smithson, manager, Jimmy Hyatt, Mary Beth Alley, Dovie Smithson, Shirley DeLozier, Margaret Odom, Kay Killingsworth, Sonya Lowe and Coach Leo Fields. See story for further details.

Bobbies Of '55 To Be Honored This Weekend

The Dimmitt Bobbies who won State Championship in 1955 will be honored at Austin this weekend, March 12-14.

Ex-Bobbies planning to attend the recognition ceremony are Mrs. Rex Easterwood of Dimmitt, Mrs. Ted Godfrey of Summerfield, Mrs. Troy Stafford of Dimmitt and Mrs. Clinton Glenn of Canyon.

In 1955, Bobbies won the Round Robin in district play but lost in the District Tournament. Happy won district tournament. The Bobbies played Amherst, Sudan, Kress, Springlake, Friona and Happy in the District 2-A Round Robin.

Dimmitt and Happy played for district honors in a best two out-of-three game playoff. Happy won the first game 62-60. Dimmitt won the second game 73-63 and the third game to claim the district championship.

The Bobbies met Panhandle in bi-district playoff and won 63-52. At regional tournament in Lubbock the Bobbies defeated Sonora 93-52 and New Deal 60-56 to win a berth to the State Playoffs.

The Bobbies went to Austin with a 32-5 record. Their only losses were to Whiteface, 56-49; Bula, 87-78; Springlake, 59-40; Springlake 55-47; and Happy, 62-60.

The Bobbies opened play Friday night, March 11, 1955 by beating Goltswaite, 49-40. Dimmitt then beat Granbury's Pirates, 62-44, in the championship finals.

Members composing the 1955 state champions team were: Mary Ann Witt, starting guard, Mrs. D. Stamps of Littlefield; Ann Speer, starting forward, Mrs. Raymond Buff of New Deal; Betty McDermitt, guard, Mrs. Betty Welch of Dimmitt; Sandra Adams, guard, Mrs. D. D. Simms of Dimmitt; Faye Howard, forward, Mrs. Whitehead of Odessa; and Darlene Cates, starting forward, Mrs. Rex Wooten of Dimmitt.

Also Shirley Tucker, guard, Mrs. Rex Easterwood of Dimmitt; Wilda Smithson, manager, Mrs. Bobbie Ramey of Hereford; Jimmy Hyatt, guard, Mrs. Clinton Glenn of Canyon; Mary Beth Alley, forward, Mrs. Max Booker of Azle, Tex.; Dovie Smithson, forward, Mrs. Ronnie McQuire of Greenville; Shirley DeLozier, starting guard, Mrs. Robert Baldwin of Amarillo; Margaret Odom, starting forward, Mrs. Francis Parks of Galveston; Kay Killingsworth, guard, Mrs. Troy Stafford of Dimmitt; Sonya Lowe, starting guard, Mrs. Ted Godfrey of Summerfield; and Leo Fields, Coach, presently of Sudan.

Bobbies Margaret Odom and Shirley DeLozier made the All-State team. Mary Ann Witt and Darlene Cates played on the squad for four years and the Bobbies won State three out of these four years. The Bobbies took the state title in 1952, 1954 and 1955.

FLAGG NEWS

The Flagg Home Demonstration Club met Friday, March 6 at the community building.

There were 13 members and 3 guests present.

Roll Call was answered with "My Favorite Type of Dress and Why." Plans were made for the club's annual tour to be held later this month.

Miss Ute Unger, foreign exchange student from Germany spoke to the club. She gave a very interesting talk on her life in Germany. She also showed slides of her native land. Miss Unger is living in the home of Mr. and Mrs. Troy Blackburn of Sunnyside and is attending Springlake High School.

Refreshments were served to the following ladies: Mildred Bradford; Darlene Wooten, Marie Winders, Othella Barron, Fay Damron, Bobbie Damron, Mary Lu Smithson,

MISS CAROLYN SHIPMAN

April Wedding Planned By Couple

Mr. and Mrs. W. R. Shipman of Tullia are announcing the engagement and approaching marriage of their daughter, Carolyn, to Teddie Jack Thompson, son of Mr. and Mrs. W. E. Thompson of Dimmitt.

Miss Shipman is a graduate of Tullia high school and is presently employed as secretary to the County Judge and Attorney in Tullia. Mr. Thompson, a Dimmitt High School graduate, attended Hardin-Simmons University and West Texas State University. He is now engaged in farming near Dimmitt.

Vows will be exchanged April 10, at 7:30 p.m. in the First Methodist Church of Tullia.

Blanche Ginn, Velma Birchfield, Ruby Brandon, Billye Gwyn Davis, Ruby Wooten, Dorothy Birchfield, Lorene Carroll, Ute Unger and Juanita Blackburn.

Mr. and Mrs. Clyde R. Davis attended the funeral of Clyde Ray's aunt, Mrs. Flora Davis in Littlefield on Wednesday of last week.

Mr. and Mrs. Dwain Carroll and children visited relatives in Comanche last week.

Mr. and Mrs. Robert Yates are the proud parents of a baby boy, born Feb. 29 at Plains Memorial Hospital. He was named Robert Kyle and weighed in at 7 lbs. 11 oz.

Mr. and Mrs. Yates have two other boys: Brad and Ricky. Mrs. Yates' mother, Mrs. C. D. Westfall of Dimmitt spent several days with them.

Marla Winders, young daughter of the Dale Winders underwent a tonsillectomy last Wednesday at Littlefield hospital.

Mrs. Marvin Axe visited with Mrs. Jesse Wooten last Tuesday afternoon.

Mr. and Mrs. Cecil Ginn attended church services at Earth Methodist Church Friday night.

Sunday afternoon visitors in the Waymon Birchfield home were, Mr. and Mrs. Rayphard Smithson and family, also visiting in the Birchfield home were Mr. and Mrs. J. W. Birchfield.

Mrs. Buck Brandon and Mrs. Tracey Cowell were visitors in the home of Mrs. Carl Easterwood Friday.

Saturday night supper guests of the James Bradford were Mr. and Mrs. Earl Lust, Mr. and Mrs. George Bradford, Mr. and Mrs. Burl Bradford and Mr. and Mrs. Ralph Smith and boys. All present enjoyed a fish fry.

Lucille Cook and children of Amarillo were weekend visitors in the C. T. Damron home.

Ricky Smith, son of the Ralph Smiths of Dimmitt spent Friday night with Kent Bradford.

Grain Sorghum Chat

by Wes Anthony

While attending the Southwestern Agricultural Trade and Farm policy conference at Texas A & M we were told: The purpose of the meeting was to pool the ideas and differences of many of the top men of the nation, that the world is getting so small that our future depends on the whole world and that it is imperative that the nations get together and come to a mutual understanding, more cooperation and we must learn to compromise and to give and take because each nation has a different problem.

We were also told that our exports far exceeded our imports. It is estimated that \$500,000,000 of Texas products were sold outside the U.S. last year (or about 20 per cent of our total production) and that 50 percent of our exports went to Europe.

Canned crab from Russia had more English written on the label than it did Russian languages. No one was wondering if the U.S. was ahead of Russia in producing agricultural products. We only import 4 per cent of our national income while England imports 40 per cent of their national income.

Over one-half of our imports are not raised at home. Over one million people are given jobs in business of imports. One person of every five benefits from imports. Amount of feed grain exports are second to wheat and wheat flour, only.

A Republican family moving from Michigan to Texas had warned their young son that he would have to be very careful when he got down here for Republicans were so different from Democrats. So after having been in the swimming pool with only one beautiful little blond he came home and said to his mother: "Gosh Mom, I didn't know there was so much difference in a Republican and a Democrat."

Blanton Sisters Listed On WTSU Dean's Honor Roll

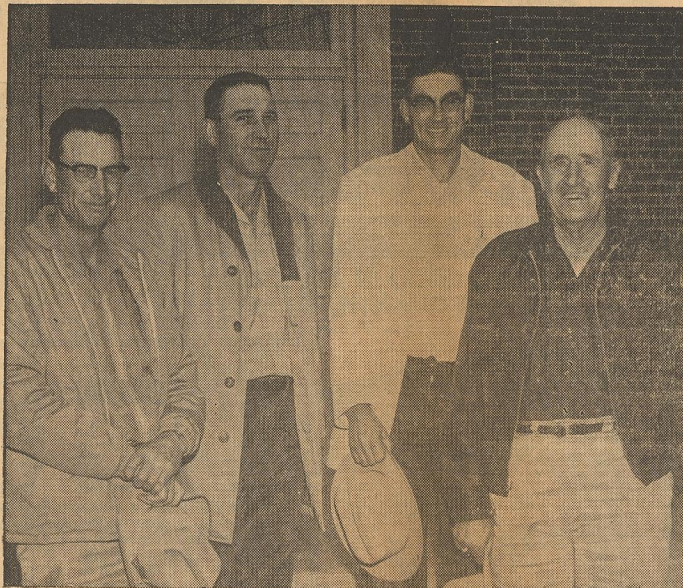

CANYON, Mar. 12 - Lanelle Blanton Stevenson and Mary Georgene Blanton both of Dimmitt were among 76 students at West Texas State University listed on the Deans Honor Roll for the Fall Semester, 1963.

The list is composed of undergraduate students who have a semester average of 2.5 or higher for a completed semester load of at least 15 semester hours.

Mrs. Stevenson is the daughter

of Mr. and Mrs. George Blanton 304 S.W. 12th, Dimmitt. She is a senior majoring in music. She is a member of the W.T. Band; the W.T. Touring Chorus; Mu Phi Epsilon, national music fraternity for women; Tau Beta Sigma, National honorary band fraternity for women; and Alpha Chi, national honor society for juniors and seniors. In addition she was chosen "Whos Who Among American Colleges and Universities", has received two "Best Actress in a Musical" awards and was named outstanding vocal recitalist.

Miss Blanton is also the daughter of Mr. and Mrs. George Blanton of Dimmitt. She is a freshman majoring in art education.

DELIVERING shipment of hay recently to Methodist Home in Waco were (left to right) Fate Shannon, Ted Sheffy, Bill Graham and Bryan Sinclair. See story for further details.

Methodist Church Sends Hay To Children's Home

"Wonderful friends from the Dimmitt area have following recent gifts of grain with an equally generous shipment of hay which was sorely needed by the Methodist Home's young beef herd," noted Superintendent Hubert Johnson. "Drought in the Waco and Central Texas area has greatly curtailed natural food supply and the shipment of hay is a life saver in every sense of the word," added Supt. Johnson.

Donors of the hay included George Bagwell, the Methodist Bible Class, Lee Stanford, Wes Anthony, Earl Lust, Floyd Stanford, Dewey Wright Dilmond Neumeyer, H. E. Hershey, Dan Bruton, and Jack Flynt. Contributing to help defray expenses were Mrs. Haberer, Vern Lust, Cecil G. Ginn, George Webb, A. Dodd Willie Gipson, and Mrs. Lippard.

Friends and preparing the child for school.

All members of Dimmitt Young Homemakers Chapter and their families are invited to attend, also all young married couples and their families are invited to attend. They do not have to be members of the Young Homemaker Organization.

and Mrs. Estes.

The Methodist Home cares for children separated from their parents by death, divorce, poverty

and other human failings. The beef herd is being created to help provide food for the 450 children who live at the Home.

HART NEWS

By Virginia Reed
(Delayed from last week)
Delegates to Represent School
Eddie Nicholson and Jim Graubraugh have been appointed from the Hart Schools as delegates to district Texas State Teachers association executive committee meeting in Amarillo High School at 6:30 p.m. May 12. These are two of the five delegates from Castro County. The other three are select-

ed from Dimmitt and Nazareth.
Felder named President
Jerry Felder, son of Mr. and Mrs. W. H. Felder Sr. of Hart has been named president of Tech's Chapter of Future Farmers of America.
Felder, a senior student, is now doing practice teaching at Monterey School in Lubbock. He was a 1961 graduate of Hart High School. He served as president of the

FFA in 1959, 1960 and 1961. In 1960 and 1961, he was area vice-president. While in the Hart FFA, he exhibited one grand champion and four reserve grand champions. He received the State Farmers Degree and won the Frank M. Carter Scholarship at Pampa.
Methodist Preachers Meeting
The District preachers meeting was held Thursday at the Methodist church.
The group met for an all day study on the Book of Acts led by Dr. Marshall Rhew, pastor of the First Methodist Church in Plainview and Dr. J. E. Shewbert, District Supt. also of Plainview.

There were fifteen preachers from this district present at the meeting.
The ladies of the W.S.C.S. served the noon meal for the men.
Women's Society
The Women's Society of Christian Service met Thursday Feb. 27 at 9 a.m. in the Fellowship Hall of the Methodist Church for

AN INSIDE VIEW of the new K Bar K Beauty Mart shows the newest in beauty equipment which is in use to offer better service to patrons. a regular meeting.
A continue of their study on South East Asia was led by Mrs. E. H. Phillips. The devotional was given by Mrs. E. E. Foster. Members present were, Mrs. Hubert Maples, Mrs. Mabel Aven, Mrs. E. E. Foster, Mrs. Edd Bennett, Mrs. Paul Armstrong, Mrs. C.B. B. Landers, Mrs. E. H. Phillips and guests Bro. E. H. Phillips and Mrs. A. E. Baker.
Chi Psi Chapter

The Chi Psi Chapter of Beta Sigma Phi met Wednesday, February 26 at 7:30 p.m. in the home of Mrs. Newton Rowland with Mrs. Howe Parker as co-hostesses.

The program was presented by Anthony Steieret on "Drama".
Members present were, Mesdams Malcolm Atwood, Joe Hart, Willis Hawkins Jr., Lanny Tucker, Bill Rich, David Willis, Glyn Reed, Bob Bennett, W. T. Sanders, Melvin Aven, Bob Reed and the hostesses and guest Mr. Steieret.

The next meeting will be held March 19 at 7:30 p.m.
Westinghouse Science Talent
Senior Gary Patterson, 17 son of Mr. and Mrs. Eugene Patterson and grandson of Mr. and Mrs. E. Patterson of Hart was selected for the honors group in the Westinghouse Science Talent Search.
The top 10 per cent of the students who competed in the Talent Search were chosen to be among the 314, 40 will go to Washington, D.C. to compete for the \$34,500 in scholarships.
The preliminary application for

the talent search paper explaining the students science projects, a 75 word summary for publicity purposes and a three hour test to determine scientific aptitude in all major areas of scientific endeavor.

Group project for the competition dealt with nuclear magnetic resonance spectroscopy. Simplified this means determining the kinds of atoms in a molecule and how these atoms are chemically bonded to the other atoms in the molecule.

"I formulated a theory that the resonance frequency of a proton is directly proportional to the ionic character of the chemical bond", Gary said.

Gary first became interested in nuclear magnetic resonance spectroscopy during a trip to California Institute of Technology. There he saw a nuclear resonance spectrometer in operation and heard a lecture on the subject by in nuclear magnetic resonance spectroscopy.

Gary is and has been a straight A student and has never missed a day of school or been tardy.
His father, Eugene is a former Hart resident and attended school here, later joining the navy and serving 20 years, went back to college and will receive his masters degree this year.

ASC OFFICE NEWS

1964 Feed Grain Program—
We still have a number of operators who have not signed their application to participate in the 1964 Feed Grain Program. You are again reminded that March 27, 1964 is the end of the sign-up period; therefore, if you are interested in participating, please don't wait until the last day.

This is a voluntary program, but if interested in participating, don't let the deadline date slip by you.

1964 Wheat Program
All known wheat producers have post card regarding the wheat on your farm. Whether or not you have your wheat measured for History Purposes is your business, but we would appreciate your returning the card to this office and so indicate on such card in order for us to know your wishes.

We will not measure any farms for which a card has not been returned requesting measurement. It will then be presumed that your allotment has been exceeded and according to the present law will effect your 1966 allotment approximately 6 to 8 per cent plus any other cut the county may receive.
Excess wheat must be destroyed no later than May 1, 1964.
Please return your cards today or check with the Castro County ASCS Office concerning the above. Agricultural Conservation Program
We will have our next Agricultural Conservation Program sign-up Thursday, April 9, 1964 on a first-come basic. Producers who have already received \$500.00 in 1964 will not be eligible to participate.

You save enough to buy

2 MONTHS SUPPLY OF MILK
when you DRY WITH GAS

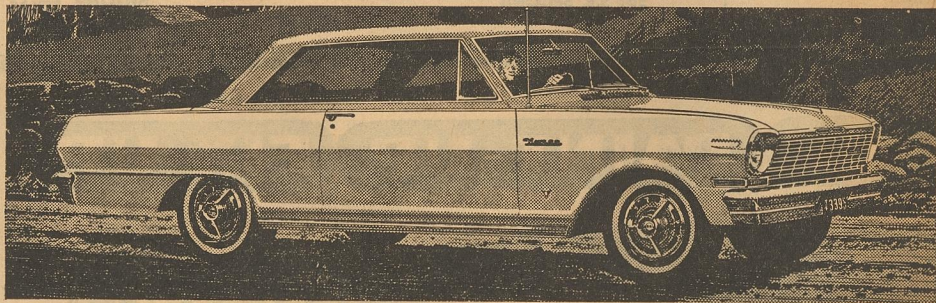

You can save \$24.00 a year on your utility bill when you dry with GAS. That's enough to buy a two months supply of milk for an average family of four. And GAS dries your clothes faster, yet so gently.

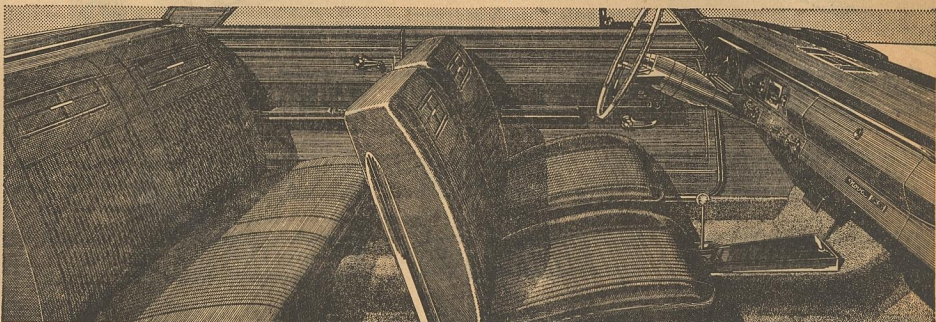

SAVE ON INSTALLATION AND MAINTENANCE, TOO. A GAS clothes dryer costs less to install and maintenance costs are the lowest of any dryer. A GAS burner, the heart of your dryer, carries a lifetime guarantee.

'64 Chevy II Super Sport with V8 power

...and just the place to enjoy it

Chevy II Nova Super Sport with Bucket Seats

Find out for yourself what this Chevy II can really do. If there are hills nearby, let it give them a good going-over. Then see it give slow-moving trucks the run-around. With its new extra-cost V8 you need but give the accelerator an inch, and this Super Sport will take a mile.

And this great highway performer looks the part it plays so well. A glance at its all-vinyl interior and door-to-door carpeting will tell you that. There's your choice of either the floor-mounted Powerglide or Four-Speed Synchro-Mesh

transmission. Both are optional at extra cost, along with a Positraction rear axle, AM-FM radio, and many other accessories. And for all its new power, Chevy II rides so softly it seems to glide along the highway. That's because it has high-mounted independent coil springs in the front and Mono-Plate single-leaf springs in the rear.

With everything Chevy II Super Sport has going for it, it's no surprise your Chevrolet dealer is anxious to show you its price tag. Because that's the only thing about it that isn't super.

Mr. and Mrs. Deryl Clevenger and family were honored Sunday afternoon with a surprise housewarming in their new home east of Hart. Calling hours were from 2 to 4:30 p.m.

Mrs. Ben Kennedy received approximately 125 friends. Refreshments of coffee, punch, date and banana bread were served.

Hostesses for the occasion were, Mrs. Tom Burrus, Mrs. Ben Kennedy, Mrs. Paul Armstrong, and Mrs. Dwight Miller of Hart and Mrs. Alton Wiginton of Edmonson. **Birthday Party**
 Lee Harris was honored with a surprise birthday party in his home Tuesday night.

Refreshments of coffee and cake were served to guests, Mrs. and Mrs. Kenneth Lambert, Mr. and Mrs. Roland Shepard, Mr. and Mrs. Hubert McLain, Mr. and Mrs. Percy Hart and Mr. and Mrs. Judd Davis.

Games of 42 were played. **Methodist Church News**
 Dr. J. E. Shewbert, District Superintendent from Plainview filled the pulpit Sunday at the First Methodist Church of Hart at the evening worship service. Following the worship, Dr. Shewbert conducted the 4th quarterly conference.

The following were elected to office for the conference year beginning June 1st: Stewards, E. E. Foster, Robert Brooks, W. A. Hawkins Sr., T. J. Morrison, Worth Jones, David Nelson, Jack Dyer, Dudley Aven, Bob Bowden, Mrs. Edd Bennett, David Willis, Mrs. T. B. Cox, W. A. Hawkins Jr. and Melvin Aven. Trustees, W. L. Aven Ed Harris, and T. B. Cox.

Chairman Christian Social Concern, Mrs. T. J. Morrison, Chairman Education, Mrs. Ena Bowden, Sunday School Supt., Paul Armstrong, Superintendent, youth, Mrs. Dudley Aven, Supt., children, Mrs. Paul Armstrong, Wamon Foster, Church lay leader, G. C. Graves, chairman missions, Mrs. W. A. Hawkins Sr., chairman membership evangelism, Mrs. M. L. Aven, chairman finance, Edd Bennett, Dist. steward, Wamon Foster and chairman missions, Mrs. W. A. Hawkins.

Ninth Birthday Honored
 Jerry McAdams, 9 year old son of Mr. and Ms. Doyce McAdams, was honored Saturday Feb. 29 with a birthday party in his home. Guests were Lonnie Davis, David Jackson, Vic Nelson, Scott Rice, James and David Warren of Hart and Joe Bob Daugherty of Olton. The group went bowling in Plainview.

Blue and Gold Banquet
 Cub Scout Pack 246 held their annual Blue and Gold Banquet in the Hart School Cafeteria Thursday, February 27.

Top awards went to Kim McGill, son of Mr. and Mrs. Sam McGill and David Warren son of Mr. and Mrs. Lyndall Warren. Both earned the Webelos award the highest award in cub scouting, and were given graduation certificates from cubs to Boy Scouts.

Wolf Badges were earned by Duane Clevenger and bear badges were presented to Vic Nelson and Lonnie Davis.

One year pins went to Richard Atwood and Keith Lemmons. Denner Badges were presented to Lonnie Davis and David Hawkins. Three earned assistant denner badge and David Watten. Paul Harris earned one silver arrow point under the bear badge and Lonnie Davis earned one gold arrow under bear.

Opening the program was the pledge of allegiance and invocation by the Rev. Denzil Leonard.

Box suppers were served on tables decorated in blue and gold. A poem, "A Boy In Blue" was read by Mrs. Walt Hansen and a game was led by the chairman, Miles Jackson. After the awards, the program closed with a short talk by Jackson and the reading of a poem "Scouting's Magic Light", by Mrs. Miles Jackson by candlelight.

FOR FAMILY OR FRIENDS, HERE'S CORNED BEEF BURGERS WITH CORN

When it's moving day for your neighbors, or there's a new family on the block, it's a thoughtful custom to take over a simple lunch or supper as a welcome.

Here's a hospitality gesture from the friendly Midwest — a hearty casserole dish called "Corned Beef Burgers with Corn."

It's easy to make these tasty burgers with canned corned beef, which flakes with a fork for mixing with soft bread crumbs and egg. This makes a burger mixture designed to provide new flavor treats for family dining.

The corned beef burger casserole is a wonderfully good meal, for it combines the high protein of canned corned beef with the vitamins, minerals, and flavor of vegetables—kernel corn, onion, green pepper, and a tomato soup sauce. Canned corned beef, you'll find, is an inspired item for the pantry shelf, because it combines with so many foods so well.

At the same time you're preparing this casserole for a neighbor, it's no trouble to make a second for your own dinner. Tall glasses of cool lemonade and chocolate cup cakes round out the menu.

CORNED BEEF BURGERS WITH CORN

- 1 can (12 ounces) corned beef, unchilled
- 1 slice whole wheat bread
- 1 egg, slightly beaten
- 1 medium onion, sliced
- 1/2 green pepper, cut in rings
- 1 can (12 ounces) vacuum pack whole kernel corn, undrained
- 1 can tomato soup

Flake corned beef with a fork. Separate bread into soft crumbs; add to corned beef with egg; mix well. Shape into four patties. Cook onion and green pepper a minute or two in a little fat. Season corn with a little salt and pepper, if necessary, and place in a buttered casserole. Top with corned beef burgers. Cover with onion and green pepper rings and pour tomato soup over burgers. Bake at 350-degrees for 30 minutes. Makes 4 servings.

HART NEWS

Boy Scout Troop 246
 Boy Scout Troop 246 met Monday, March 2 in the Legion Hall with Scout Master, Deryl Clevenger in charge.

A business meeting of completing plans for trip to Camp Haynes was discussed. New rules were made.

Rickey Bennett passed his first class badge, Danny Rice and Tony Miller began work on Safety Merit Badge, Clifford Ray, Harold Bennett, and Danny Rice were presented merit badges.

Mr. Malcolm Atwood furnished and served refreshments to members, Billy Sanders, Terry Newman Clifford Ray, Ralph Spear, James Jackson, Jerry Heller, Donnie Black, Donnie Burress, Richard Humphrey, Tony Miller, Mike Armstrong, Harold Bennett, Quincy Hawkins, Danny Rice, Martin Atwood, Mark Porter and one new member, Johnny Sanchez.

The scouts will go to Camp Haynes March 12, 13, 14 and return March 15.

Hart School officials announced
 Hart School officials have filed this week that four men have been nominated for three places in the school trustee election to be held the first Saturday in April.

Doyle Davis and Lorenzo Lee are seeking re-election to the board but a third incumbent, Milton Sharp, has decided not to run after serving 13 years on the board.

Cleve McLain and Ralph Futrell are the two other candidates who have announced.

All four men are farmers. The school officials also announced that contracts of the head football coach, W. L. Cleveland and the head basketball coach, Charles E. Nicholson have been renewed. Cleveland and Nicholson will enter third year at Hart.

High School honor roll
 The Hart High School honor roll was announced recently by Malcolm Atwood. There were no seniors on the honor roll and one junior, Neoma Brooks with all A's.

Rene Brooks was the only sophomore with all A's Doug Martin and Retta Henderson made all A's and one B. In the Freshman class Sherilyn Morrison made all A's and Rosemary Lee all A's and one B.

The junior high honor roll is as follows, David A. Harris, eighth grade, all A's and one B.

HIGGINBOTHAM - BARTLETT CO.

WAYLAND COLLEGIANS take honors: Linda Baten, White Deer, is first runner-up for title of "Miss Secondary Teacher of Tomorrow" and Richard Cheatham, Hart, is "Mr. Secondary Teacher of Tomorrow" chosen at 1963-64 Texas Student Education Association in Houston.

Richard Cheatham Named Teacher Of Tomorrow

Richard Cheatham, son of Mr. and Mrs. H. L. Cheatham, Hart was named "Mr. Secondary Teacher of Tomorrow" at the recent Texas Student Education Association Convention in Houston.

He was a nominee of the TSEA chapter at Wayland Baptist College, Plainview, where he is a sophomore. As part of the competition he spoke on the convention theme, "Responsibility: Formula for Educational Excellence," before the judges and later before some 700 persons at the House of Delegates. Named first runner-up in competition for "Miss Secondary Teacher of Tomorrow" is Linda

Baten, White Deer, sophomore at Wayland. In his division Cheatham won over nominees from North Texas State University, Texas A&M Abilene Christian College and other colleges. A nominee for parliamentarian at the state level, he was a close contender in this race. The mathematics and religion major and speech minor is vice president of the Wayland TSEA.

Vow Exchange Planned June 22

Mr. and Mrs. David Green will be remarried in Hereford Baptist Church June 22 at 2 p.m.

All friends and relatives are invited to the ceremony. The couple were originally married in Juarez, Mexico February 12 by the Justice of Peace.

Mrs. Green is the former Sherry Kourperneck.

Nazareth News

Miss Faye Annen of Amarillo, spent the weekend with her parents, Mr. and Mrs. Raymond Annen.

Miss Linda Pohlmeier daughter of Mr. and Mrs. Leroy Pohlmeier came home from the hospital in Plainview Friday, where she had surgery on her knee, which she injured playing basketball several weeks ago. Linda hopes to be able to be back in school in a few days.

Little Wayne Backus, son of Mr. and Mrs. Hubert Backus is still seriously sick at this time in Dimmitt hospital. Hubert Backus was in the hospital a few days last week having some tests made.

Edwin Pohlmeier is back in Plainview hospital. He is improving after being real sick again.

Mrs. Agnes Brockman, Mrs. Helen Backus and Mrs. Lillian Venhaus visited in Clovis Thursday. They visited their aunt Mrs. Annie Hilvers, also their cousin and family Mr. and Mrs. Francis Kaplan.

Mr. Jack Craig of Littlefield an army buddy of Phillip Brockman, spent the weekend with the Brockmans.

Bee Schulte daughter of Mr. and Mrs. Clarence Schulte had an appendectomy in Dimmitt hospital last week. She is home again and doing O.K.

Three new homes are being built in the community. Those building new homes are Mr. and Mrs. Charles Heck Jr, two miles south of town on Hart highway. Mr. and Mrs. Ed Ramaekers, two miles south a half west of town. Urban Klemm of Tulia Contractor. Mr. Floyd Schulte one mile north, one mile west of town. Contractor, Urban Klemm of Tulia.

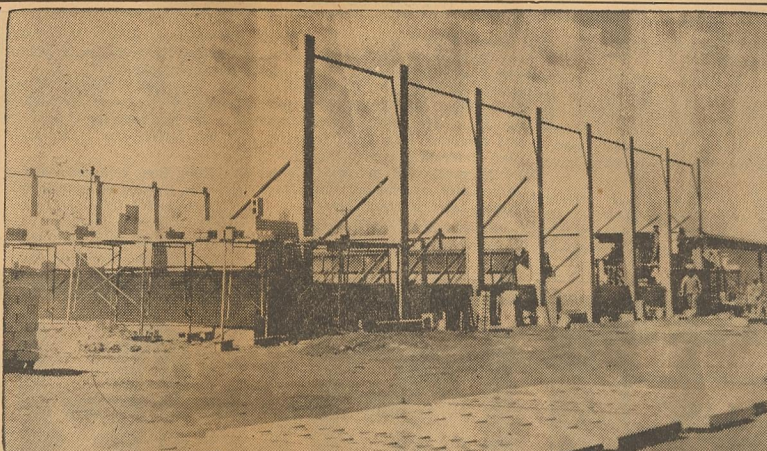

Mr. and Mrs. Tom Farrell of Corpus Christi spent several days visiting in the Leonard Conrad home. Mrs. Farrell is Mr. Conrad's sister.

Mr. and Mrs. Tom Farrell of Corpus Christi spent several days home. Mrs. Farrell is Mr. Conrad's sister.

Mr. and Mrs. Francis Wilhelm took their son Douglas and Donnie Lee Pelzel back to St. Lucien's Seminary in Amarillo, Sunday March 8th. Donnie Lee Pelzel of Olfen spent the weekend with the Wilhelms.

Mr. om Annen is recuperating at home after spending a week in Dimmitt hospital.

Mrs. August Huseman spent Wednesday in Hereford visiting Mrs. Frank Annen.

CONSTRUCTION is well underway on the new Hart High School. Building will cost approximately \$321,694. Tentative completion date is June 12, 1964. Knox, Gailey and Meador are the general contractors for the building. —Staff Photo

KITCHENS GUESTS FROM ARK.

Visiting in the home of Mr. and Mrs. Bill Kitchens and Billie recently was Mrs. Kitchens sister and family Mr. and Mrs. Stanley Tharp, Gary, Jimmy, Dennis and Kim of Pangburn, Arkansas. They also visited in the homes of Mrs. Doris Portwood and Karen and Mr. and Mrs. Marvin Anderson, Pam and Candy.

Relatives and friends helping Mrs. Paulie Klemm and family move last Friday to Vian, Oklahoma were Mr. and Mrs. Walter Schulte, Herman Birkenfeld, Elmer Schulte, Paul Venhaus and Greg Hoelting. Paulie has been there several weeks building some rooms on their home. They purchased this place last year. Best Wishes of the Community go with them to their new location.

Little Trina and Malia Hubbard of Amarillo spent the past ten days in the homes of their grandmother Mrs. Raymond Annen and Great Aunt Mrs. Tom Annen, while their mother Mrs. Ruby Hubbard attended a convention in Dallas for Surgical Nurses.

Mrs. Raymond Annen, Mrs. Tom Annen, Mrs. Harry Klemm, Trina and Malia Hubbard spent Friday in Hart with their sister Mrs. Frank Bauman, the occasion being her birthday.

The Orchestra members and wives to which Paulie Klemm belonged gave Mrs. Klemm a farewell party Wednesday nite in the home of Mr. and Mrs. Hermon Birkenfeld.

P-TA Planning Meeting Conducted

Mrs. Woodrow Killingsworth of Dimmitt, District P-TA president, presided over a recent planning meeting for the District P-TA Conference to be held in Tulia, April 3 in the Methodist Church.

Mrs. Killingsworth announced Mrs. Bill Ledbetter from Donna will represent the State Board at the Conference along with Mrs. Clyde Harden from Dallas, who is Pre-school State Chairman.

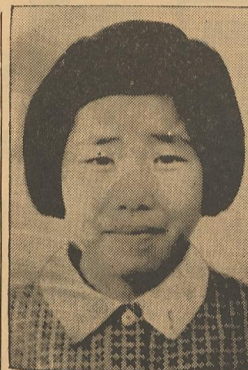

The speaker for the afternoon session will be Ben Moore of Amarillo High. He will speak to the group on "Trying to Identify High School Drop-outs in the Early Stages."

Life Membership recipients will be recognized along with local units which have completed study courses since the last conference.

No leadership conferences will be set up, but workshops will be provided to help present programs for the coming year. All leadership training may be obtained at the School of Instructions which will be held the first week in May.

YI WHA CHIN

Haydons Adopt Yi Wha Chin

"We felt that we should do something for those less fortunate than we are," stated Mr. and Mrs. Milburn Haydon in Hart. So they "adopted" thirteen-year-old Yi Wha Chin in Korea from Christian Children's Fund in Richmond, Virginia. Helpful, good-natured Wha Chin lives at the CCF-supported Christian Children's Home in An Yang, Korea. This sixth grader enjoys reading, singing and outdoor games.

es. "Beautiful Flower" is the English translation of Wha Chin's name. Her father deserted the family. Too sick to support her three daughters, Wha Chin's mother finally had to abandon them. The children were brought to the Home by welfare authorities. Christian Children's Fund is the largest organization of its type presently assisting over 44,000 children. CCF reports a long waiting list of orphanages requesting help and the orphanages in turn have waiting lists of children needing assistance. There are always more hungry children than sponsors. Sponsors send \$10.00 a month toward the child's care, choosing a boy or a girl from above the Arctic Circle to below the Equator. They are encouraged to exchange letters and Christmas cards with their "adopted" child. Many sponsors send gifts, provide for higher education, and in some cases, even take trips abroad to meet their "child." Beginning by sending aid to one small orphanage in China, Christian Children's Fund soon found millions of Americans eager to "adopt" homeless children. And since "every other child in the World will go to be hungry tonight," there is still a lot of work to be done. CCF was one of the first to use this unique "Adoption Plan," back in 1938. Christian Children's Fund is affiliated with 512 Homes, representing 35 Protestant denominations in 55 countries. More than simply a relief agency, it gives children physical, mental, religious and vocational care. CCF superintendents try to develop children into well-adjusted, responsible citizens of their country.
