

Resurrection City Not What Student Expected

"Mostly, we shook hands," Dimmitt High School Senior Ronnie Burks reports about his visit with 900 other US youths in Washington, D.C.

Congressmen and national officials shook 71 Texans' hands during a "Youth In Action" tour of the nation's capitol June 6 to 18. RONNIE WON the right to represent Dimmitt when he took top honors with his speech, "My Future in Rural Texas," in a contest sponsored by the Deaf Smith County Electric Cooperative.

Judy Hollingsworth of Hereford won in the girls' division of the contest and represented that city on the capitol tour.

Ronnie, 17, is the son of Mr. and Mrs. Charles E. Burks of Arney. SEVENTY-ONE young Texans who won top honors in area contests, sponsored by the Texas Association of Rural Electric Cooperatives, met in Waxahachie June 6 to board chartered buses for the cross-country trek.

"We were all kind of curious about Resurrection City," Ronnie explains. "So we passed by there several times. It was quite different from what we thought it would be.

"Once we stopped in front of the Lincoln Memorial right across from the Resurrection City and sang 'This is My Country' as we had done in front of other national monuments, and some Negro members of the City came over and asked a member of our group, who was the only Negro with us, if he felt this really was his country and if he thought it was all that great.

"He let them have it. He told them if they went home and worked maybe they wouldn't have to be out there.

"THE CITY huts are made of unpainted boards, and a few tents are set up there. A few first aid stations have been provided by the government. When City dwellers picketed the Department of Agriculture, we saw a man dressed hippie-style and a 3-year-old girl carrying a 'Free Food' picket sign get out of a Cadillac for the demonstration," Ronnie said.

The touring Texans then gathered with other youths on Rural Youth Day, June 12, to hear a special speech from the Texan who heads the nation. President Johnson told the group, "You are the progress of tomorrow," at the White House reception.

THE CAPITOL tour also included trips to Arlington National Cemetery for a stop at the graves of John F. and Robert Kennedy, as well as the Tomb of the Unknown Soldier. Then the tour continued with trips to Mount Vernon and the Smithsonian Institute and a Potomac River cruise.

"We saw many tourists, and actually, Resurrection City only took about a city block in space. We saw few people at the City, and our party was kept away from the violence-torn areas of Washington. When we sang in front of the monuments and national institutions, people visiting Washing-

Job Opening In Hereford

A Civil Service Examination will be held soon at Hereford, to fill the position of Executive Secretary at the Local Selective Service Board office in Hereford.

The current salary for Executive Secretary is \$5565 per annum.

APPLICATION for the examination must be made between June 18 and July 2. Applications must be postmarked not later than midnight July 2. Date of the examination will be announced later.

All applicants must live in the vicinity of Hereford and only residents of Deaf Smith, Parmer, Randall, and Castro Counties will be considered for this position. Applicants should request form CSC 500-AB, Application Card from the Local Board Office, Selective Service System, 321 Sampson Street, Hereford, Texas 79435, or from post offices in the vicinity.

A detailed announcement about the examination, which includes qualification requirements, will be posted at the Hereford Local Board Office and at the post office there.

THE APPLICATION form (CSC 500-AB) should be forwarded immediately to the Interagency Board of U.S. Civil Service Examiners for South Central Texas Area, P.O. Box 2709, Federal Building, San Antonio, Texas 78206.

The applicants will then be advised when and where to report for the examination in Hereford.

Bible Thoughts

WE MUST HAVE LIGHT

By Ronnie Parker

Without light, man cannot see. But with light the eye is able to discern form and color. You have experienced being in a place so dark you could "feel it." Physical darkness is not pleasant and man has gone to great lengths to produce light for the eye.

Neither is spiritual darkness pleasant. Spiritual light has been provided and finding that light should be the earnest ambition of everyone. David said: "The Lord is my light and my salvation" (Psalms 27:1). Jesus declared, "I am the light of the world; he who follows me will not walk in darkness, but will have the light of life" (John 8:12). It was John who proclaimed, "If we walk in the light, as He is in the light, we have fellowship with one another, and the blood of Jesus His son cleanses us from all sin" (1 John 1:7).

David gave us the key. "Thy word is a lamp to my feet and a light to my path" (Psalms 119:105). There is no need to fumble in darkness. We must, however, understand that the natural man is incapable of receiving spiritual light inasmuch as he lacks the capacity for spiritual things. Hence believers are told: "Ye must be born again" (John 3:5). Your daily life can be illuminated with the light of God if you will be born again and walk in the way of right.

MAKING WAY...

The drawbridge makes way for the boat to come into the city and down the canal. Dredges make canals in open waters such as the gulf to make way for ships to travel an inter-coastal waterway. Police officers and secret service men clear a path in the crowds to make way for an important foreign potentate so that he might arrive at his destination.

Church members are the ones who can clear the way, and show the right path to those who have not found the way to our Lord.

Isaiah 40:3B reads, "Prepare ye the way of the Lord, make straight in the desert a highway for our God."

Support your church in every way you can. Ask someone to attend church with you this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

'Our Girl in Colorado' Reports on Assignment

By IRENE KEATING
It is very pretty here at Fort Collins, Colo., on the Colorado State University campus. My term here is nearly completed. It certainly is fun. Both the courses I have are very interesting.

ing or decorative slipcover. First the nonwashable "shell" must be removed. Remove and wash ticking separately because this fabric is so closely woven that it keeps suds and water from circulating through the filling.

can be dried automatically at low heat. If you wash pillows by hand, a deep tub or bathtub allows plenty of room for suds and rinses. Use a squeezing motion to circulate suds through the millions of tiny spaces, and at least three rinses to remove all residue of soiled suds.

'Texas' to Open Season Saturday

The lights will blaze for the opening of the 1968 season of "TEXAS" Saturday when the cast will start the third season of the Paul Green spectacular musical drama.

Donna Summers On Dean's List

Miss Donna Summers, Dimmitt High School graduate and daughter of Mr. and Mrs. Elbert Summers of Rt. 1, has been named to the spring semester Dean's Honor Roll at Abilene Christian College.

MISS SUMMERS, a sophomore business education student, was valedictorian of her high school graduating class. She is a member of Delta Theta social club.

Tommy Garza Have Daughter

Mr. and Mrs. Tony Garza of Dimmitt are getting accustomed to being grandparents, since their first granddaughter was born last week to their son and his wife, Mr. and Mrs. Tommy Garza of Lubbock.

MRS. GARZA went to Lubbock to stay with the younger Garzas during the baby's arrival. Tommy is a Dimmitt High School graduate, is now a senior at Texas Tech.

the side extensions have been put together and are in place, the sound tests are complete, the lights on the six hundred foot bluff behind the stage are focused to outline the boulders and crevices, one horse has been trained to pull the surrey, others have practiced with the flags and the lights, the tickets for the season are racked in the box office, and the proofs of the Souvenir program have returned to the printer.

PEOPLE from all walks of life make up the cast. A former member of the honor guard of the President of the U. S. is dancing with a professional ballet dancer. A student of the Dallas theater center is facing a television actor with many credits to his name.

The choreographer is talking about spacing instead of basic movements. The musical director is mentioning projection and balance and taking placement and tone quality for granted for the moment.

The show will run from June 29 through Labor Day, Sept. 2. For reservations write "TEXAS," Box 268, Canyon, Texas, 79015.

NEW CHARTER — Boss Lion Desi Pesina Jr. (standing, left) accepts the charter of the new Dimmitt United Lions Club from District Governor Kenneth Waugh during the charter night banquet last Thursday in South Grade School cafeteria.

Castro Lodge AF & AM 879, Regular meeting, 3rd Monday. Practice every Thursday. Milton Hedcocke, Worshipful Master; Ira E. Brown, Secretary. Visitors Welcome.

Advertisement for the Versatile Eversman 329 hydraulic scraper, highlighting its features like longer, heavier blades and lower cost. Includes a small image of the machine.

Large advertisement for Shurfine 'INDEPENDENTS' DAYS, featuring various food items like canned pop, pork & beans, lemonade, coffee, tuna, charcoal starters, frozen food, catsup, towels, tomato juice, napkins, biscuits, avocados, potatoes, lemons, and plums. Includes the 'UNCLE SHURFINE SAM' character and the 'PIGGY WIGGLY' logo.

HART NEWS

Vietnamese Newspaper Tells of Scout Project

By WANDA MILLER
Mr. and Mrs. Duard Harris of Hart received a letter from their nephew, Sfc. J. J. Golluhugh at Plei Ku, Vietnam, with the enclosed clipping, printed in a Far East service newspaper:
"A SIMPLE project, which began by sending candy to a soldier in Vietnam, has grown into a major clothing collection program to assist victims of the Tet offensive.
"Capt. Bob Evans of the US Military Assistance Command, Vietnam (MACV) assigned as an advisor to the 22nd Vietnamese Infantry Division near Qui Nhon, has received 47 large boxes of clothing for women and children from Girl Scout Troop 381 of Plainview, Tex.
"The Girl Scouts sent their first package, a large box of cookies and candy, to Evans last Christmas.
"They sent so much that I took most of it to the children of soldiers in the Vietnamese ordnance company that I work with," he said. The captain wrote the troop and told the girls what he had done, and they decided to periodically send other packages for the Vietnamese children.

"THEN CAME the wave of enemy attacks during the Tet holidays in late January. Evans mentioned in a letter that many people in the Qui Nhon area had lost everything they owned because of the VC attacks. In just a week Troop 381 responded with four boxes containing clothes, soap, toothpaste and candy.
"The troop continued to collect clothing for families in the Qui Nhon area and the project grew. The people of the Plainview area responded following an editorial in the local newspaper.
"Two more Girl Scout Troops, 287 of Plainview and the Hart Girl Scout Troop of Hart, Texas, joined the effort.
"A portion of the first boxes received were distributed recently to the dependents of members of the ordnance company mentioned earlier. A small ceremony was held at their housing area in Phu Tai village near Qui Nhon. There the clothing was distributed to the most needy by the captain and his Vietnamese counterpart, Capt. Nguyen Van Chieu.
"The remaining boxes of clothing and all additional clothing that arrives will be turned over to the civil affairs officer of the Vietnamese division's American advisory team for distribution to other Tet attack victims."

Hardy and Leader Wanda Miller. Next meeting will be July 10 at the bank community room.
THE YOUNG people of First Baptist Church were treated Friday night to an outing at Buffalo Lake.
The group enjoyed a picnic supper, skiing and swimming. A campfire devotion was given by Youth Director Mike Johnson. Twenty-five young people and eight adults attended.
Paul Vaughn Ross will teach high school science next school year. He is now employed as a registered sanitarian with the Texas Department of Health. He is married but has no children. He graduated from Wayland in 1967.
DON EWING was paid a surprise visit by his 1967-68 girls' basketball team Monday night. He is the guest pastor Sunday morning at the First United Methodist Church.
DR. COATS will join the Disciples School of Theology in Lexington, Ky., next month as professor of Old Testament.
He is a graduate of McMurry College and Perkins School of Theology at SMU, Yale University, and has been a Fulbright scholar at the University of Goettingen, Germany. He served Dimmitt's church as summer youth director while attending McMurry College.
Dr. Coats, nephew of Mrs. T. E. Harrison of Dimmitt, is also the author of a new book, "The Wilderness Murmurings," which was published in May by the Abingdon Press. The book deals with the exodus of the Israelites from Egypt and the sayings that came from the people's wilderness wanderings.

Dr. George Coats

Methodists Will Hear Dr. Coats Sunday Morning

Dr. George Wesley Coats, assistant professor of religion at McMurry College in Abilene, will be the guest pastor Sunday morning at the First United Methodist Church.
DR. COATS will join the Disciples School of Theology in Lexington, Ky., next month as professor of Old Testament.
He is a graduate of McMurry College and Perkins School of Theology at SMU, Yale University, and has been a Fulbright scholar at the University of Goettingen, Germany. He served Dimmitt's church as summer youth director while attending McMurry College.
Dr. Coats, nephew of Mrs. T. E. Harrison of Dimmitt, is also the author of a new book, "The Wilderness Murmurings," which was published in May by the Abingdon Press. The book deals with the exodus of the Israelites from Egypt and the sayings that came from the people's wilderness wanderings.

Frio

'Camera Bugs' Finish Course

By Mrs. Owen Andrews
The Unit II Photography Group of Frio Jolly Workers 4-H Club met Tuesday with their leader, Mrs. David Hutchins, at the Easter Community Center, for their final meeting. They made portraits and brought record books up to date. Members practicing

ing were David Hutchins, Earl Behrends, Diana and Kenneth Adams, Raymond and Eugene Warwick.
The first-year clothing group of 4H girls met Wednesday in the home of their lead, Mrs. Milton Jones. Diana Adams, junior leader, discussed lines and colors for each girl. Present were Patricia Ycrby, Diane and Linda Jones.

formed about 10 days ago. She is still in the Hereford hospital. Their daughter, Mrs. Bill Colton and children of Spavinaw, Okla., have been here with her.
J. C. Simpson took his parents, Mr. and Mrs. John Simpson, to Wellington Monday to visit Simpson's brother, Joe, who is critically ill in the hospital. They came home Tuesday.
Visiting the John Simpsons last weekend were Mr. and Mrs. Earl Simpson of Midland and Mrs. Homer Pullen of Brian.

MRS. B. H. BALDWIN, who had been visiting a few weeks with her children downstate, returned home Saturday with Mr. and Mrs. Godfrey Baldwin and Randy of Austin. They were coming for a visit with relatives here. Also accompanying the Baldwins were Mrs. Robert Baldwin and Kristi of Houston, who were coming to visit her parents, the George Deloziers and other relatives, for a while. The Godfrey Baldwins left Randy here with Mrs. Baldwin's parents, the W. H. Andrews, while they went for a short mountain vacation in the Colorado Springs area, leaving here Thursday. They expect to move about Aug. 1 to Washington, D.C., where he will begin a new job.
Nancy Gripp spent last weekend at home with her folks, the Spicer Gripps. She is attending summer school at Tech. Also attending Tech summer school is Jana Cole. Mrs. Spicer Gripp is attending summer school at WTSU. Monte Gripp is spending the summer at home. He attended Tarleton State, Stephenville, last year. He is helping Howard Hunter do custom farm work.

THE GLENN Gripp family visited his mother, Mrs. A. G. Gripp, at Conway last Sunday. The special occasion was son Dean's birthday.
Mr. and Mrs. Harlan Barber and Virgil Barber spent last weekend with the Jimmy Barbers at Hutchinson, Kan.
Mr. and Mrs. E. F. Vogter, Mary Ann and Harry James visited Simpson's brother and sister-in-law, Mr. and Mrs. Ben Drager at Choctaw, Okla., last weekend. The Drager's were celebrating their 40th wedding anniversary Sunday. Another brother, F. S. Drager, and his wife of the Jumbo community accompanied the Voglers on the trip.
THE E. F. VOGLERS are among relatives of Richard Drager who have been staying near an Amarillo hospital since he underwent head surgery Wednesday. He had been ill several days and in the Hereford hospital a few days prior to going into the Amarillo hospital.
Mr. and Mrs. Carl Miller of Pampa spent the weekend with the D. C. Millers and other relatives here.
Mrs. Laura Littrell, Mrs. Allie Burris of Texico, Alma Andrews and Mrs. W. H. Andrews took Ilene Spruill of Dunca, Okla., home last weekend and at Marlowe they visited an elderly relative, Mrs. Kate Lamb, who is critically ill. Miss Spruill had visited the relatives here for several days.
Mrs. Laura Littrell's granddaughter, Mrs. Jim Exum and family, visited her Wednesday night. They live in California and had been to Kansas to visit relatives. Mrs. Littrell went home with them to visit her children and grandchildren for several weeks.

RALPH COLE and sons of New Orleans and Thurman Cole of Yuma have been here visiting their parents, the Earl Coles and others of the family.

NEWS of HEMIS FAIR '68

The driver Arnold Palmer used to win the Masters Golf championship in 1964 - Sam Huff's football helmet with an impressive dent in the side - the helmet worn by Knute Rockne during his playing days with Notre Dame and the Massillon Tigers from 1911 to 1919. These are all part of the unexpected surprises greeting sports lovers at the San Antonio World's Fair.

THE ABOVE items are part of a showcase full of intriguing sports memory makers on display in the United States Pavilion exhibit. They are joined by Ty Cobb's bat, the track shoes worn by Jim Ryan in setting two world records - Joe Louis' boxing gloves - the tennis racket used by Joseph S. Clark in 1885 to win the National Doubles championship - Willie Mays' baseball glove and the Olympic Gold Medal won in 1952 by Andrea Mead Lawrence in the Slalom events in Norway.

The United States exhibit is not the only one attracting sports buffs. The \$10 million Institute of Texas Culture has quite a display of medals, awards and equipment from famous Texans.

Perhaps the most impressive of the displays at the Texas pavilion championship belt won by Curtis Cokes of Dallas. The large showcase also features the Most Valuable Player award won by Ernie Banks of the Chicago Cubs in 1959 - the Rookie of the Year award presented to Lucious Jackson of the Philadelphia 76ers in 1964-65 - the all-star football awards of Dick 'Night Train' Lane and Art Powell - the American Football League Player of the Year award won by Abner Haynes and Charley Taylor's trophy for topping the National Football League in pass receptions in 1966.

HEMISFAIR visitors are taking advantage of a four-wheeled train complete with microphone-equipped guides to get a sit-down look at the World's Fair.
"El Trenecito" is a 72-passenger capacity train that rolls around the 92.6-acre grounds, offering riders a 25 minute lecture tour and four stops.
Each time the train passes a station the customer's ticket is punched, allowing him to get on and off anytime during the day until the ticket has four punches.
Fare is 50 cents for adults and 25 cents for children. The seven-train system has stations at Gates One and Three, in front of the Arena and at the Institute of Texas and Cultures.

A PICTURE of two HemisFair hostesses being photographed in front of the German Pavilion has netted a \$200 German camera for a Fort Sam Houston photographer.
Ernst Golgowski, resident commissioner of the pavilion, said Leonard's photo was chosen because it speaks of life and people rather than showing only the pavilion.
Cameras will be awarded each month through the end of the World's Fair to the photographer capturing the most unusual aspect of the pavilion.

NOTICE
Wallace Monument Co. is no longer associated with Dennis Funeral Home selling concrete burial vaults, monuments and curbing.
The same fine service can still be obtained by calling our office direct - 806-874-2442, Clarendon Texas.

No Debate Set, Clayton Claims

Rep. Bill Clayton said Tuesday an announcement of a debate between him and his Republican opponent is "misleading" and that no debate has been set.
"I was concerned about the misleading statement issued to some newspapers in our area by my Republican opponent," Clayton said Tuesday.
Frank Ford of Hereford is seeking the House seat now held by Clayton.
"His headquarters stated that a debate has been set between us," Clayton said. "My opponent has not contacted me about any such debate."
CLAYTON said he "doubted" much could be accomplished by debate, but added he would "be delighted to meet with any organization or group to express my views and answer any questions pertaining to state government."
Ford told the News Tuesday that the debate announcement attributed to him "was a mistake and unintended," and added, "I regret that it happened."
He said the story, which appeared in a Lamb County newspaper originally, resulted from the misinterpretation by a reporter of a personal note from Ford.

"IT WAS a surprise to me to read about the supposed debate also," Ford said.
CLAYTON also said, "My Republican opponent referred last week to a tax bill introduced by Rep. Red Simpson of Amarillo and myself. Our proposed tax bill was introduced to raise needed monies for fiscal year 1969. The tax bill was also designed to help meet the needs of the 1970-71 fiscal year by accumulating enough surplus to take care of increasing higher education costs, a teacher pay raise, vocational training and vices without having to pass another tax bill next January when the Legislature meets again."
HANDY "AMMO"
If you're right-handed, which most of us are, sew a couple of loops on the back of your left-hand glove for carrying two spare shotgun shells. This will permit faster reloading. It eliminates trouble getting another shell out of your pocket while wearing gloves in cold weather.
Of course, if you shoot from the left shoulder, sew the loops on the right-hand glove.

DENNIS FUNERAL HOME is no longer associated with Wallace Monument Co. of Clarendon, due to it being out of the Dimmitt territory. We are now associated with a fine monument firm closer to home, Browder Memorials. We have a complete display of monuments, and handle a complete line of concrete vaults.

Letters To The Editor:

'New Gun Law Won't Deter The Criminal'

Dear Editor:
 Senate Bill 3604, by Sen. Thomas Dodd of Connecticut, would require the registration of all fire arms in the nation under a system to be set up by the Secretary of the Treasury. Registration would commence 90 days after enactment, and the registration period would be six months. PERSONS choosing not to register their firearms could, instead, within the six months' registration period, turn them in and thereby avoid prosecution under the Dodd Act. Further, no person would be allowed to sell, deliver or otherwise dispose of any ammunition to any person who did not furnish proof that the firearms for which he was purchasing ammunition had been registered.

I'm afraid a lot of people don't realize the seriousness of the threat created by this bill. Guns don't kill people — people kill people. And until the courts (the Supreme Court, mostly) stop coddling criminals and stop handcuffing the police, we will continue to have lawlessness.

ANY GUN registration law will cause only the law-abiding citizen to conform. The criminal will never voluntarily report his gun. The National Rifle Association has a program and bill that will cut down on lawlessness.

Senate Bill 3604, its companion bill, SB 3605 (which would include rifles and shotguns and ammunition in the Crime Control Act signed by President Johnson last week), and House Resolution 17735 (prohibiting mail-order and interstate sales of long guns and ammunition, prohibiting those 18 and under from buying guns, and setting license fees for ammunition manufacture) will not curtail murders, muggings, rapes, burglaries, and other such crimes. Only the punishment of those committing these crimes will do so.

ELVON DeVANEY

LCB Agents Nab Plainview Man

Cecil Roberts, 31, of Plainview was fined \$132 last Thursday on charges of transporting alcoholic beverages.

HE WAS arrested at 9:45 the previous night by Liquor Control Board officers. Arresting officers said Roberts had five cases of beer quarts, when he was arrested two miles south of Nazareth.

White of Victoria, Glenda Goebel of (Round-Top-Carmine) Fayetteville, Chris Edmiston of Eldorado, Karen Bilbo of (Little Cypress) Orange, Mary Lynn Pritchard of (Winters) Wingate, and Gail Moore of (Johnson City) Blanco, guards.

Dimmitt Girl Is Student Nurse

Kathy Graham, daughter of Mr. and Mrs. Billy I. Graham, Rt. 2, Hart, has entered the Northwest Texas Hospital School of Nursing.

MISS GRAHAM has completed 36 weeks of prerequisite academic courses at West Texas State University and Amarillo College.

She is expected to graduate in 1970.

The next nursing class will enter Northwest Texas Hospital School of Nursing in June, 1969.

Dimmitt Girl On All-Stars

Allan Webb of Dimmitt will participate in the North-South All-Star Girls Basketball Game July 20, 8:15 p.m. in the Duncanville High School gymnasium.

MISS WEBB will be a forward for the North team.

The All-Star game is held in conjunction with the Summer Clinic of the Texas High School Girls Coaches Association, July 18, to 20 in Duncanville. These are the third consecutive summer clinic and all-star game.

Members of the North All-Star team include Susan Britton of Springlake-Earth, Cherri Rapp of Estelline, Miss Webb of Dimmitt, Lara Sloan of Rivercrest-Talco, Ann Riggan of (Trent) Merkel, Judy Drury of Granbury, Linda Moore of Sanford-Fritch, and Lnette Bond of Burleson, forwards, and Barbara Bingham of (Stan-ten) Slaton, Luann Plunk of Stratford, Glenda Daughtry of (Chapel Hill) Tyler, Molly Freeman of Decatur, Karen Phillips of Sundown, Vina Whitmire of Slidell, Lala Stanley of Boyd, and Marsha Sehumann of Spearman, guards.

Members of the South All-Star team include Mary Rosebrock of George West, Wanda Sue Anderson of (Neches) Palestine, Anna Mitchell of Hamshire-Fannell, Thelma Berwick of High Island, Janet Bishop of (Mauriceville) Orange, Marsha Strauss of Bellville, Omarine Burrell of Evadale, and Sharon Voils of Pearland, forwards, and Laraine Dietz of Gregory-Portland, Carol Pustejovsky of Hallettsville, Linda

MINI-MILO 50
 introduces a new cropping system to the Sorghum Belt

For areas with short growing seasons
 Destined to push the sorghum belt Northward — MINI-MILO 50 can be planted when the soils warm up and will produce a summer feed grain crop safely.

In longer season areas
 Its earliness makes it ideal for double cropping. MINI-MILO 50 sprouts on quick after winter wheat or following vegetables. Now those idle acres can produce a cash crop.

After a full season crop has failed
 A sure way to make those wasted acres pay if wind, hail, drought, excessive rain or any misfortune destroys your crop. Start again — Prepare the seed bed, plant thick and MINI-MILO 50 will shoot up to produce a good crop of grain on those barren acres.

CLYDE H. DAMRON

Shelly's Chatter

Fishermen Seek Luck in All Directions

By MYRTLE SHEFFY
It seems the fishing season is here, with so many folks going to the lakes.
SATURDAY, Mr. and Mrs. Doyle Underwood and daughters, Darla, Debbie and Teresa, were on Buffalo Lake with their friend, Bill Hackleman, and his nephew, Russell Stringfield, in Bill's boat. Deanna Hargrove and Patti Jackson were also enjoying the summer weather at the lake, Ruby Lu made a freezer of cream.
Joe Carver took his camper and traveled to Ute Lake in New Mexico. Marilyn and the kids joined him Sunday.
Ralph Smith and boys, and the Duboses traveled to Lake Conchas. Tom and Johnny Davis have

been there for several days, fishing and resting.
Ann Touchstone and children and her parents, Noel and Oleta Gollehon, spent a few days at Lake Meredith suntanning.
FARMERS are busy cutting the prettiest wheat crop. The money won't be so much, due to the market price. We saw a bit of corn on the Summers place south of town. This is the garden spot of the country.
Mrs. Van Earl Hughes and daughter, Karyn, of Dallas were here for a visit with her parents, Mr. and Mrs. Gaines Neill.
POLLY SIMPSON said her father-in-law, Stickum Simpson, was voted "Father of the Year" in

Hereford. His sons, M. L., Bill and Bob, and daughter, Mrs. Joe Nelson, all live in Castro County. Mrs. Frank Pinkard was voted "Mother of the Year." The families of the two outstanding people settled in Jumbo years ago. The awards were made by Radio Station KPAN.
Don Alexander of Corona, Calif., visited in Dimmitt with his stepmother, Mrs. Lollie Alexander of Colonial Inn, and old friends, the Sid Sheffys, Nora Mae Newsom and others. Don was born in 1900 and raised in Dimmitt.
Mr. and Mrs. A. J. Shadden of Lubbock visited with their niece, Mrs. Earl Morgan and her husband for a few days.
Mr. and Mrs. A. R. Brandaway of Wichita Falls were guests for a few days of their daughter and her husband, Mr. and Mrs. Shorty Barlow and children. The family and guests were at the Little League Giants and Pirates game where grandson, Joe Barlow, played with the Giants.
Mr. and Mrs. Cecil Ginn visited her sister in Memphis. While there, they fished at Greenbelt Lake.

HARLEY DANIEL, one of the voices at Radio Station KDHN, left this week for summer camp at Fort Hood, near Killeen. Harley is with the National Guard. Also at that summer camp is Donnie Nelson, son of Mr. and Mrs. Woodrow Nelson.
Mrs. Bruce Taylor hosted a party Wednesday evening honoring the fifth grade Sunday school class at the Methodist Church. She was assisted by her daughter, Martha Nell, and Harley Daniel, life-guard for the swimming party at the Colonial Inn pool. The group hiked back to the church yard, where Rev. and Mrs. Jim Pickens grilled hamburgers for the 20 members.
Martha Nell Taylor is here for a visit with her parents, Mr. and Mrs. Bruce Taylor. She is a registered nurse with the Institute of Research and Rehabilitation in Houston.
MRS. ALLAN WEBB is in Lubbock hospital recuperating from recent surgery. Friends have been doing her morning program at KDHN radio.
Dr. Dennis Blackburn and wife, Jane, are the parents of a new baby girl. The Blackburns have three sons.
Mr. and Mrs. Carmon Pigg and two sons moved to the Rex Sheffy house on Estes Street. They come here from Hart. Carmon drives a truck for Ray Nelson. Mrs. Pigg is the daughter of Eldon Shive.
Mr. and Mrs. Olen Burt of Hart were shopping in Dimmitt in preparation for a trip to South Texas to visit HemisFair and other vacation spots. She is the sister of Ray Riley.
MR. AND MRS. Bryan Sinclair are home from a relative-visiting trip to Houston, New Braunfels and Kerrville.
Little Karla Sheffy of Canyon is spending the week with her grandmother, Polly Bell of Dimmitt, while her parents, Don and Karen, and her sister, Kristi are vacationing in Colorado.
Mr. and Mrs. Earl Brock traveled to Phoenix, Ariz., to take their grandson, Rebbie, to the new home of Dr. and Mrs. Bob Brock.

his parents, Mr. and Mrs. Alvin Frazier; his grandmother, Mrs. Mary Lou Frazier; Gwen Davis; Brenda Ivey of Lubbock; Mr. and Mrs. Merton Powell, Cindy and Kenny; and Mr. and Mrs. Bennett of Olton. The Bennetts and the Powells stopped in Arlington for a visit with the Bennet children, Vicki and Joe. They all went to Six Flags on Saturday.
Mr. and Mrs. Francis Jackson attended the wedding in Dalhart of her niece, the daughter of the Thelbert Newtons.
Mrs. Faun Welker flew to California Friday to attend the funeral of a nephew.
Mrs. Faye Kenmore visited Pete and Hollie Whitlow in Happy this week.
LEROY AND Annette Hargrove of Abilene were weekend guests of his parents, the V. R. Hargroves, and his brother, Don, and sister, Hazel Britt, and their families.
Ruth Hackleman is getting around on crutches. She was struck down by a car a few months ago. Mrs. Ann Commack of Hopewell, Va., her sister, is here and will visit with her until July.
Mrs. Loys Raymer of Kerrville is here for a visit with her brother, Joe Carver and family, and mother, Ollie Carver. Mrs. Raymer is a well-known portrait painter and plans to do some painting while here.
Mrs. Charlie Armstrong and children are visiting a few days with her mother in San Angelo. Courtenay says that city is working hard for the Miss Wool Pageant. Plans include a river parade on the Concho. Their sons, Scott and Brent, were at a four-week camp in Durango, Colo.
MRS. HELEN BRAAFLADT is the proud grandmother of her first grandson, Charles Todd, who came June 11 to live with Chuck and Pat Braafladt. Joan Braafladt is staying with her grandmother, Mrs. Charles Galloup, in Amarillo for the summer while attending summer school.
Kathy Godfrey of Guymon is a guest of Darlene Dodd.
Es and Katy Noble have as guests in their home, Wilma Jo and husband, Rex Williams, and children of Gainesville. Rex is a Baptist pastor there. Bob and Martha Rose Myers and sons, were also visiting with the Nobles. Other guests in the Es Noble home are Maggie Gollehon, Stella Burch and their brother, Dixon Turner and wife of Mineral Wells.

MR. AND MRS. W. W. Gilbreath moved from Hereford to a farm in Sunnyside.
Andrea Davis hosted guests, Donita and Anita Kelly of Earth this week.
The Raymond Wilsons visited his relatives in Tulia Sunday.
Visiting Mrs. Janice Hastings were her daughter, Dorothy, and husband, Jack Gantt of Pickens, S.C. Also visiting with Mrs. Hastings were her son, Joe Richard Hastings of Littleton, Colo., and grandson, Bennie Hastings, stationed at Camp Walters, Mineral Wells. Bennie is home on leave and is the son of the Odus Hastings.
BASCOM and Penny Nelson and daughter, Susan of Beeville, visited this weekend with his parents, Mr. and Mrs. B. M. Nelson, and brother, Don, and family. Bascom teaches journalism at the junior college there, and also writes for several magazines.
Scott Moran is doing carpentry work for the contractor who is building the new Travis Campbell house. He says he manages to hit his finger instead of the nail half of the time.
The M. E. Cleavingers hosted a party for a group of teenagers Sunday after church.

BULBS FOR COURTHOUSE — Milady Garden Club members, posing during a planting session along the side of the Castro County Courthouse Monday afternoon, expressed hope that other citizens will follow in their footsteps in city and county beautification. Planting bronze red huntsman cushion mums are, from left, Mrs. Ted Robb, secretary-treasurer; Mrs. George Sides, Mrs. Charles Rickerd, pres-

ident; and Mrs. Edgar Dennis. The club set out nine dozen of the mums as part of their work with the Chamber of Commerce civic improvement committee. "We hope the townspeople will enjoy our effort and help us keep the area around the courthouse pretty," Mrs. Sides said. "We hope they take as much pride in it as we do."

ASCS Outlines Changes On Withdrawal, Burning

A producer will not be allowed to withdraw from the wheat, feed grain, or cotton program after certification compliance unless he withdraws from all programs, Charley E. Hill, manager of the

Castro County ASCS office, announced this week. The announcement came with a list of changes in the 1968 farm programs.

Maturity dates are grain sorghum, June 30; corn, July 31; soybeans, July 31.

More About:

A Marine

(Continued from Page 1) Anglo boy, but Emilio says races and colors don't matter to the boy fighting together.

"When I sent a small Catholic saint's medal for Emilio to wear around his neck, I sent one to Johnny even if he wasn't Catholic. And Emilio always asked us to pray for both of them."

THEN ONE DAY several months ago, the Nino family was saddened when they received a hurriedly-written note on a piece of thin cardboard paper that said simply, "Johnny is dead."

Emilio received three promotions in less than eight months while in Vietnam. He said in one letter he had killed about 12 North Vietnamese soldiers. He was wounded in November.

His last letter came on a Monday, when he said he would be going on his last operation. He asked that his father fix his car and mail him a road map of Texas. He said it would be six to eight days before he returned from the final operation.

On Friday, Mrs. Nino received one of those telegrams that anyone with kin in Vietnam reads.

A saddened hometown buried him here Saturday.

BUT THOSE who knew him remember.

"His baby looks just like him, so we have a constant reminder that our son actually still lives," his mother smiles from behind quietly tearful eyes.

"He loved sports and he used to train his brother John's older son, Johnny, to play as a halfback though little Johnny is barely 5 now," Emilio Nino Sr. adds.

"Emilio was always laughing — and not just a smile, either," his sister, Lupe, recalls. "He would have a grin spread out on his face all the time. And his baby is just like him when it comes to laughing and being happy."

"He was one of the hardest-working lads we as coaches ever had in Dimmitt," Coach Kenneth Cleveland said. Cleveland coached Emilio during three years of football and basketball at Dimmitt High School. "He was the kind of kid coaches like to coach. I thought the world of him."

The committee determined that "deliberate burning of any crop residue, other than flax, will be considered a practice tending to defeat the purposes of the agricultural conservation program except in the cases where the county committee determines that the burning of stubble from an irrigated small grain crop is necessary to permit the plant of a following crop on acres that were not burned the previous year."

A REQUEST approved by the county committee is required before any burning of stubble.

Certification of row crop acreages for farms participating in the current cotton and feed grain programs should be made to the ASCS office as soon as the condition of crops will permit.

All acreages should be carefully measured. An error of more than the larger of two acres or five percent of the allotment or base, not to exceed 15 acres, in excess cotton or feed grain, or a deficiency in diverted, will result in loss of all program payments on all commodities unless approved by the Texas State ASCS Committee and the deputy administrator of state and county operations.

Errors found by spot checks after the final date for certifying acreages, Aug. 15, will require a reduction in payment equal to three times the diverted acre payment for the commodity.

PRODUCERS may offer eligible grain sorghum, corn or soybeans for purchase to CCC. Notify the county office on or before the applicable maturity date for the commodity.

Producers with eligible grain sorghum, corn, or soybeans for which loans have not been disbursed during the regular loan period may participate in the 1967 Resale Program, provided they notify the County Office not later than the maturity date.

Buses Will Run To Public Pool

A public swimming program beginning Monday will feature bus service to young people in the East Dimmitt area.

THE BUS will leave at 3 p.m. at its regular pickup point and return children from the pool at 5 p.m. The swimming program is part of the President's Summer Youth Program.

More About

About Dimmitt

(Continued From Page 1)

was dispersed, and those that showed signs of making trouble were quickly carted away in padded wagons. An opportunity for another disastrous riot was averted in the nation's capital.

Most of the people you talk to have definite opinions about gun control laws that should, or should not, be passed. It just so happens that the issue is one that has many good arguments both pro and con and it would take a Solomon to arrive at the right decision. The fact that some prominent, well known, people have been assassinated has been the cause for the current demand for gun control laws.

The big need for some type of restriction or restraint on the promiscuous distribution of firearms, however, arises from the sad fact that thousands of people are killed annually by guns in the hands of incompetents and criminals. At least an effort should be made to reduce the carnage that results from the misuse of guns of all descriptions.

Another pressing need for gun control laws was exemplified in a recent news cast by our own congressman, Bob Price. The congressman, in one of his many uncalled for appearances on television, was shown cradling a rifle in his arms while making his pitch against any type of gun control law. He concluded his diatribe with a statement to the effect that so long as Stokely Carmichael was allowed to urge his followers to bear arms that he, the congressman, wanted his trusty gun nearby. With that statement he moved the gun into ready position.

A congressman that will make a statement of that nature and use a gun to punctuate his remarks, is not only unfit to be a lawmaker but fails to grasp the meaning of the type of government he is a part of. We have authorized law enforcement agencies who are charged with the responsibility of taking care of the Stokely Carmichaels and the Minutemen, without the aid of congressmen who are supposed to pass the laws and not enforce them.

Teague's Mother Dies in Childress

Funeral services were held in Childress Monday for Mrs. Della Adaline Downing, 84, mother of Elzie Teague of Dimmitt.

MRS. DOWNING died Sunday morning in Childress General Hospital.

Last rites were conducted in Newberry Funeral Chapel of Childress. Burial was in Hollis, Okla., beside her first husband, Tom Teague, who died in 1925.

Born in Lampasas, Mrs. Downing had been a Castro County resident in the late 1920's and early 1930's. She had lived in Childress since 1959, after her marriage to Almer Downing there.

SURVIVORS include her husband; her son, Elzie Teague of Dimmitt; a daughter, Mrs. Laura Odessa Jones of Kirkland; two brothers, John D. and W. C. Medlock of Lubbock; a sister, Mrs. Daisy Yancy of Lubbock, five grandchildren and one great grandchild.

More About:

TEA Urges

(Continued from page 1)

tion unit. Acquire 15 to 20 acres of land adjacent to this campus and build a football stadium, track, baseball diamond, field house, and provide additional parking. Provide additional vocational facilities, an art room, and other facilities as needed for additional subjects and larger student body.

"Acquire an adequate site for another elementary school as a part of the long-range planning."

THE PRESENT school campuses are too small, but land is available at the high school and by removing the shacks from the old (junior high) campus. Providing facilities at the high school for a complete program will provide some relief to the old campus.

The district could well use a central warehouse. "There is a general lack of storage in all the buildings and this should receive attention at the proper time."

While suggesting these improvements, the TEA men commended the school district on "the construction of an economical high school" and "refurbishing the old high school as a junior high school and enlarging the cafeteria in South Elementary."

SEVERAL of the TEA suggestions for improvement of the physical plant were similar to those made last year by Dr. Morris Wallace of Texas Tech after an exhaustive evaluation of the school system by a visiting team of administrators, consultants and teachers.

However, Dr. Wallace felt differently about the junior high building, and set different priorities. He seemed to feel that the construction of a new junior high school plant and enlargement of Dimmitt High School should come ahead of plans for a new elementary school — although he said expansion was needed all up and down the system.

ALSO, he wondered if the present junior high school building couldn't be utilized as a third elementary school, although he felt that it really should be abandoned because it is taking up ground needed by the two nearby elementary schools.

He said the site that now contains North and South Elementary Schools, Dimmitt Junior High, the football stadium, track, multiple barracks and swimming pool "is less than one-third the size of the recommended standard for the school enrollment now contained in the buildings located on this space."

BUT ABOVE all, Dr. Wallace recommended that no school facilities be remodeled, refurbished or removed until a comprehensive, long-term study of future needs can be made by a competent specialist.

"Further piece-meal or stop-gap construction will not resolve the school building needs for the community, and might well contribute to additional complication and, ultimately, to more expensive correction and replacement," Dr. Wallace said in the 121-page evaluation report.

NO MATTER how you weigh and balance the various recommendations of the TEA team and Dr. Wallace's committee, it looks as if the physical future of the school system could be expensive.

And underlying all these suggestions for new buildings, new land and new facilities is one big question — would the school district's property owners approve another major school-bond issue?

Three Pay Fines In Justice Court

Cecil Roberts, 31, of Plainview was fined \$132 when he pleaded guilty to charges of transporting alcoholic beverages Monday.

Bobby Lee Robinson, 24, of Dimmitt was fined \$57 last week on charges of theft under \$50.

Margarito Sanchez, 36, of Dimmitt, was charged with carrying a pistol and was placed on probation after he was fined \$64 last week.

FOIL FOILS SOOT Eliminate cooking pots blackening from campfires by wrapping the outside of the pot with aluminum foil. The foil will transfer heat, but not the soot.

AROUND SHE GOES! — What's more exciting for a youngster on a summer Saturday than taking a spin on the city park merry-go-round? The park is a busy place almost every afternoon, and activity is expected to pick up also at the nearby tennis courts, which were re-surfaced two weeks ago by the city.

Conservation Practices Must Keep Pace With Ag Technology

A laborer, 40 acres and a mule composed a farming unit a half-century ago.

A generation ago, the farmer got a small tractor and farmed land.

Now he has even larger tractors, precision equipment, and can farm hundreds of acres — that is, if he can run the large farming equipment on large fields that are relatively free of obstructions.

A FARMER can't make a living today with 40 acres and a mule. He has been forced to mechanize because of labor shortages, high wages and the narrowing gap between the cost of production and the price he gets for his product.

And thereby hangs a tale about the revolution in conservation farming in America. Practices installed through local soil and water conservation districts have revolutionized farming, but now the

requirements for large scale farming with big machinery are revolutionizing conservation planning and farm layout.

"TERRACES snaking across the hillsides could be farmed well with small equipment," H. N. Smith, state conservationist with the Soil Conservation Service, points out. "The crooked, irregular rows were worrisome but posted no serious problem. But times have changed."

Today the farmer still wants to farm in a conservation pattern, but he wants that pattern to be as modern as his equipment. This calls for a high degree of perception and skill on the part of conservationists and technicians who work to help the farmer.

The conservationist must be able to see — with the help of soil and engineering surveys — an entirely new layout for flat, bottomland,

or sloping plains farms. He must visualize the land with the old ditches filled, old farm roads gone, and even some buildings removed. In its place he must plan fields of even width, as long as they can possibly be made.

IN TEXAS, parallel terraces are replacing old terraces. In the interval between the ridges, in most cases, there is a predetermined number of rows with no land left to point rows. The irregular areas that formerly existed between every pair of terraces are now found between just a few of the terraces. There they may be farmed in point rows or planted to a sown crop. This has reduced the temptation to plant or plow over the terraces and destroy them.

The design for other farms is undergoing a transition, too. There will be new drainage ditches to conform to the new field arrangement. Open ditches may give way to underground pipelines to save space and remove obstructions.

FIELD arrangement is just as important to the modern farmer on sloping uplands as it is to the flatland farmers.

Lions to Install At 'Ladies Night'

Dimmitt Lions Club will install new officers Tuesday night when it holds its annual Ladies Night and Installation Banquet in the Colonial Inn Restaurant.

BO BRYANT will be installed as New Boss Lion, succeeding J. R. Brown.

The banquet will begin at 8 p.m., and will feature \$2.50 steaks for Lions, wives and guests. Lions planning to bring guests should notify J. R. Brown by noon Tuesday, according to Jody Minnick, banquet chairman.

Speaker will be Hub King of Brownfield. The Lions Club will not hold its regular noon meeting Tuesday because of the evening banquet.

If you have a long-haired hunting dog and hunt in burr country, rub the dog's ears and tail with petroleum jelly. It makes combing burrs out very easy.

Social Security Help Available

A representative of the District Social Security office will be in the Castro County Courthouse in Dimmitt, July 3, 17 and 31.

The field representative is on a meetings schedule with area residents who need help in filing claims for benefits, answer questions about Social Security and Medicare.

The Amarillo district office is available on a regular basis, Travis C. Briggs, district manager, said.

BABSON'S FORECAST

Farmers' Share of US Economy Could Be Bigger in Last Half

By Publishers' Financial Bureau

Roger W. Babson, Founder
By most standards, first-half 1968 has been a very good period for business: Numerous new records in production and shipments; a Gross National Product gain of close to \$38 billion; economic strength abounding despite social, economic, political, and international crises.

EVEN SO, it is obvious that this prosperity has not been shared by all segments of the economy. Farm income has lagged. Dollar gains in personal income have been whittled down — in some cases to the vanishing point — by heavier total tax levies and rising living costs.

Our Babson Forecast for July-December is for further overall betterment in business — although at a slower rate than recently.

GROSS NATIONAL PRODUCT
Best estimate is that the Gross National Product will average out at \$848 billion for the year. This would represent a gain of \$63 billion, or a little more than 8 percent. Roughly 5 percent of this boost has already been attained in the first half.

Reasons for the anticipated slowdown in the upward momentum of GNP: Expected heavier taxes, possible cutbacks in federal spending, and a slowing of the upmove in capital expenditures.

INDUSTRIAL PRODUCTION
The difficulties besetting the economy in this eighth consecutive year of cyclical upturn are more fully reflected in the recent fall performance of the Federal Reserve Index of Industrial Production than in the exuberant GNP.

Whereas GNP includes the zooming SERVICES, and is reckoned in DOLLARS (hence nearly half of recent gains stem from higher prices), industrial production is calculated on QUANTITY OF GOODS produced.

Despite the excellent rate of activity in steel, the FRB Index has been able to make only modest gains in recent months. Prospect is for some further easing in the third quarter followed by later recovery — no big letdown, but no big upsurge either.

MONEY AND FINANCE
Major financial and monetary problem of the time ahead is twofold: (1) Within the U.S.; (2) throughout the whole international field. And the two are closely interwoven. For if the fires of inflation here are not cooled, the dollar — already weakened — could collapse abroad. Higher taxes will do little to reduce the fever, if the nation offsets this action by whooping it up on the spending front. And, even forbearance on spending will not remove the threat, if some unexpected foreign aggression puts new pressure on our military posture — with attendant financial drain.

With interest rates at century-high levels, look for continued — but perhaps not quite so lofty — money costs to rule between now and Christmas.

CONSUMER SPENDING

Throughout this economic upswing that began early in 1961, consumer spending has been a major growth factor. While the rate has varied, the direction has been consistently up. It promises to continue upward in the coming six months, even though paraded by heavier tax burdens. In fact, consumer purchases will be one of the mainstays of the economy, averaging at least 5 percent above a year ago.

We predict moderate gains in both durable and nondurable goods buying, and fully expect Christmas retail sales to reach an all-time high.

PERSONAL INCOME

Our bullish forecast for consumer spending is predicated on the belief that personal income will climb to new record highs during the period under review, with disposable income (after taxes) running about 6 percent above a year earlier. Total personal income gains over the 1967 last half should be even greater, possibly 8 percent, reflecting still rising

FHA Totals \$976,980 in Castro County

Credit programs of the U.S. Farmers Home Administration loaned or granted \$976,980 to Castro County home owners, farmers and communities during fiscal 1968, Supervisor Donald R. Jennings of the agency's county office in Dimmitt said.

Jennings reported that the FHA, which supplements all other credit available to rural areas, has added through a range of programs, \$3,374,330 to the county's resources with loans and grants during the past two years.

With the turnover of funds invested by borrower families, associations and communities, the agency's work is estimated to have had a \$23,620,310 impact on the county's economy during 1967 and 1968.

Jennings said that \$160,000 of the 1968 fiscal year lending total through his office were accounted for by FHA insurance of loans funded by private lenders.

FIFTEEN FAMILIES benefited from loans for construction or improvement of family homes in the county during the year. Housing credit has grown from the level of zero in 1965 to \$107,010 in 1968.

Family farmers who lacked other sources of credit turned to FHA for \$40,000 in loans to secure farm ownership and improve their farms, and \$203,230 in loans for operating purposes during 1968.

"MANY OF the 64 farm families served by FHA might have been forced off the land except for this last-resort source of financing," Jennings said.

The agency also loaned \$613,300 to 50 farmers in the county to overcome losses suffered in natural disasters.

A LABOR housing loan of \$570,000 and a labor housing grant of \$387,380 was approved in 1967 and the facility was completed in 1968. This housing facility was to assure local farmers of adequate housing for their farm labor needs. In 1967, an organization made up of 300 rural families applied for and received a loan of \$267,220 to furnish recreational facilities composed of golf course, club house, swimming pool and other outdoor oriented facilities.

wages, bigger social security and other government payments, and higher dividend and interest rates.

LABOR DEVELOPMENTS

During the first six months of this year, wage increases have been the largest in the nation's history. And this trend will continue in the second half, spurred by the record raises expected in aluminum and steel.

Basic patterns will likely contain multi-year raise guarantees of at least 6 1/2 percent annually and, in many instances, across-the-board pay provisions substantially higher. Fringe benefits will be either expanded or initiated where contracts face reopening or expiration. Labor will also move to tighten the security of private pension plans — which cover upwards of 25 million employees and involve assets of more than \$100 million.

AUTO OUTLOOK

So far, buyer interest has been very well maintained and there is good reason to expect 1968 output to top 8,500,000 units. As usual, there will be a letdown during model changeovers. However, we predict that last-half output will top the strike-diminished year-earlier figure by about 10 percent.

BUILDING AND CONSTRUCTION

Despite high costs for land, materials, and mortgage money, we feel that home building will make nominal gains over year-ago levels, with apartment units continuing to be favored.

Public construction will be hurt by cutbacks in federal spending, especially roadbuilding — dipping below recent levels but holding close to final-half 1967 outlays.

Commercial construction prospects are likewise dim; expenditures could drop as much as 5 percent below the first half though holding some 10 percent above a year ago.

FARMING

We are moderately optimistic about the over-all position of farmers in the next six months.

Quotations for livestock should be edging up and we expect that harvest prices for some key crops will be a bit higher than they were late last summer and in the autumn.

While farmers' expenses are still on the rise, the climb should be at an appreciably slower pace than in the first half. Looks to us as if net farm income could rise fractionally in the July-December period.

WAR AND PEACE

All the foregoing predictions are based on our conviction that the road to peace in Vietnam will be long and rocky. So far, the Paris talks have gotten nowhere; and the conflict rages more fiercely than before we cut back our bombing of North Vietnam. If peace comes to Vietnam this year — and it will only if the US makes far-reaching concessions to the Reds — it will come so late in the year as to have minimal impact on the economy.

The balance between war and peace elsewhere in our troubled world has seldom been more delicate. Sentiment for resumption of the Korean War is strong in North Korea. In the Middle East it is becoming harder to hold the lid on the boiling cauldron of mutual fear and hatred between Arabs and Jews. More than any other nation, Russia holds the key to peace in Korea and in the Middle East; but there is no more than a 50-50 chance that she will quench the embers now smoldering.

POLITICS

Politics will hold center stage in the US right through the second half. Vietnam will continue to be a big issue politically, but Ho Chi Minh's tactics on the battlefield and at the conference table could cause anger and resentment sufficient to weaken the position of political doves running for office.

Crime, civil rights, and the war on poverty will be given equal billing with Vietnam as campaign issues.

We forecast also that leaders of both parties will be in general agreement as to national goals — differing only in methods of attaining them. This, as much as anything, could make for a close election — perhaps close enough to give the House of Representatives the chance to make the final decision.

Fund Is Raised For Mrs. Nino

Lion Tamer Raul Ramos and Treasurer Moises Murillo presented \$147.75 in donations Monday to Mrs. Emilio Nino Jr. of Dimmitt Monday.

THE FUND was collected as a memorial to the Vietnam war victim buried here Saturday. The fund was a project of Radio Station KDHN and the recently chartered United Lions Club.

Individual citizens from Hereford, Black, Easter and Dimmitt and other surrounding areas contributed from 25 cents to \$10 to make the total sum presented to Mrs. Nino.

Russell Nelsons Moving to Kansas

Russell Nelson, now assistant manager of Dimmitt 66, will leave Dimmitt for Hutchinson, Kan., where he and Mrs. Nelson will accept teaching positions Aug. 1.

NELSON has been with Dimmitt 66 for five years, and his wife, Rosalind, has taught high school business courses. The Nelsons have two sons, Scott, who just graduated from Dimmitt High School and who will attend North Texas State University this fall, and another son, who is a chemist in New York.

Nelson is a native of Kansas.

Wesson Enrolls In Auto School

Carol Mac Wesson of Dimmitt is enrolled as an automotive machinist at Oklahoma State Tech in Okmulgee during the trimester.

Over 1,343 students are enrolled in the vocational or technical training at the institution.

DESIGNED to serve the area of industry lying between the semi-skilled crafts and engineering technicians, Tech offers education in over 35 fields plus numerous specializations in management, advanced mechanical techniques and other vocational-technical fields.

Students may complete any of the post-high school courses offered in two years or less since the school is operated on a year-round basis with three 16-week trimesters.

Leading in enrollment for the summer are the automotive department, 267 students; business, 261; electronics-electricity, 174; diesel, 170; drafting, 142; refrigeration and heating, 103; and foods, 64.

Early enrollment for the fall trimester beginning in September will begin July 9.

FREES FROZEN FERRULES

Here's an easy way to free stick rod ferrules.

Heat the ferrules, then put on a few drops of penetrating rust solvent. Heat will create a vacuum that will cause the solvent to work its way between the frozen parts.

Then the ferrules can be pulled apart.

Blood Donors Respond to Call

By MRS. J. T. STEHR 617-4221

Our community was very thankful late Monday when through the help of Radio Station KDHN, blood donors were located for Mrs. Martin Young, who had undergone surgery and was in desperate need of blood.

Mrs. Young gave birth to a daughter last week, had been given blood and seemed to be doing better, when she became worse, making surgery necessary. So, thanks to all who helped our neighbor.

★ THE DELBERT Timmins family wishes to thank all their friends for visits, calls, cards, food and every kindness shown them after the death of Mrs. Jerolyn Lewis, Timmins sister, who was killed in a one-car turnover near Levelland last week. Her 15-month-old son, Jeffery, was injured but is out of the hospital. He and his father, Larry Lewis, are at the home of the C. E. Timmins family, where the baby is recovering.

MRS. LOIS AUSTIN, who has been managing the Tam Anne Cafe, is home after surgery last week in Deaf Smith County Hospital at Hereford. Her mother, Mrs. Nellie White, is staying with her, and her son from Camp Pendleton, Calif., Ricky Austin, is also visiting here.

Mrs. Delbert Timmins has been taking her daughters, Debbie and Mellony, her nephew and Mary Jane Austin for swimming lessons in Earth.

Recent visitors in the home of Mr. and Mrs. Jack Phares were her sister and family Mr. and Mrs. H. C. Wallace of Amarillo.

Mrs. Milton Bagwell gave the program, "Teaching Your Children How to Handle Money" at club. Hostesses were Mrs. Leiland Smith and Mrs. G. A. Shwen. Members present were Mrs. Earl Lust, Vern Lust, Gaines Neill, B. E. Sinclair, Jack Phares, Houston Lust, Jim Howell, Moss Howell and Milton Bagwell.

★ JIM AND JEAN Bradford visited their grandparents, the Earl

Lusts.

Mrs. Gaines Neill was hostess to her Birthday Club on her birthday, June 19. Guests were Mrs. W. E. Kirkpatrick, Mrs. G. C. Maples Sr., Mrs. N. H. Hamilton, Mrs. F. J. Mears, Mrs. Margaret Boren, Mrs. Edwin Ramey, Mrs. H. T. Bartlett, Terry Brown and Mrs. V. E. Hughes and daughter, Karyn, daughter and granddaughter of Mrs. Neill. It was also Mrs. Neill's anniversary.

The Moss Howells have been visiting the Oran Howells at Stratford.

Trent Finck of Tulia spent a week with the Houston Lusts, he is Mrs. Lust's nephew. Flo Lust fell through a window and cut her arm while playing.

★ THE LYNDON SMITHS of Levelland and son, Terry, spent the weekend with the Moss Howells. Mrs. Jack Howell and sons accompanied Jack to Amarillo Sunday and returned home Tuesday after a special buying spree.

The Jack Howells had a fish fry at their home Saturday night.

Guests included her parents, the Carl Lees of Summerfield; her aunt, Mrs. Jessie Patrick of Fort Worth and her sister and family, the Carlyle Sargents and Dennis and Donna. Mrs. Howell and sons fished Wednesday, lost her watch, went back to the lake later and found it!

MRS. GLENN LUST and children visited the Vern Lusts and the Houston Lusts last week.

Recent visitors in the George Sides home were the Horace Sides and son, Jack, Mr. and Mrs. Benny Sides and son, Brad, and Mr. and Mrs. Ray Weaver.

Mr. and Mrs. Homer Thomas and Mr. and Mrs. Glenn Thomas of Hereford visited the Elbert Smiths and returned the Smith's sons who had been visiting in Hereford.

The Leland Smiths' grandson, Jerry of Amarillo, has been visiting them.

Mr. and Mrs. Charles Rickerd returned from Oklahoma last week after harvesting their wheat there.

Braves Top Olton By 15-11 Sunday

The Dimmitt Braves handed their visitors from Olton a defeat Sunday as winning pitcher took his second win in two trips to the mound.

THE Braves had a perfect batting record, defeating the Olton team 15-11.

Named outstanding Braves during Sunday's game were Manuel Catano, who went six for six and had three RBI's; Johnny Brown, who went three for six and had two RBI's; and Frank Agüero, who went to bat with two men on and blasted a three-run homer.

Jenaro Gomez was most effective in clutch situations. He went four for six at the plate and brought in three runners as well as himself.

DIAZ pitched nine strikeouts in five innings of relief work.

Team manager Santiago Barrios praised his team after Sunday's game. He said John Chapman will play his first game with the Braves next week when the Braves host the Sudan Red Sox.

Umpiring Sunday's game were Jimmie Chapman behind the plate and Nasario Reyes on the bases.

A daughter, Maria Teresa, was born June 17 to Mr. and Mrs. Pablo Martinez of Rt. 4, Dimmitt, weighing 4 pounds, 3 ounces.

A daughter, Damas, was born last Thursday to Mr. and Mrs. David Chavora of Dimmitt, tipping the scales at 6 pounds, 12 ounces.

A daughter, Glenita Rosanne, was born last Thursday to Mr. and Mrs. Glen Dale Smith of Rt. 2, Muleshoe. Glenita weighed 7 pounds, 14 ounces.

A son, Billy Don, was born Friday to Mr. and Mrs. William Thomas Martin of Rt. 2, Hart, weighing 5 pounds.

A son, Aquilino Juan, was born Friday to Mr. and Mrs. Aquilino C. Flores of Rt. 2, Hereford. He weighed seven pounds.

A daughter, Heather, was born June 18 to Dr. and Mrs. J. D. Blackburn of 508 W. Belsher, Dimmitt. She weighed seven pounds, 12 1/2 ounces.

WHEN doing your family's laundry, you may or may not get a washing advantage by underloading your machine, but you're very likely to lose cleaning power if you overload.

Sleese-Sadler Wedding Planned

Mr. and Mrs. Oscar M. Sleese of Austin announce the engagement of their daughter, Linda Jan, to Dr. Myles Freeman Sadler, DDS, son of Mr. and Mrs. Embree R. Sadler of Dimmitt.

AN EVENING wedding July 13 is planned. The ceremony will be at 8 p.m. in the First Baptist Church in Austin.

Miss Sleese graduated from Austin High School and received a BS degree in home economics with a major in fashion merchandising from Texas Woman's University. At TWU she was awarded a scholarship from the Dallas Textile Association, was named to the Dean's List for two years and was a member of the Campus Government Assembly and Fashion Merchandise Club. She was formerly employed as an assistant buyer for Foley's in Houston.

Dr. Sadler graduated from Dimmitt High School in 1959 as valedictorian. He attended Texas Tech until 1964, majoring in mechanical engineering and chemistry. He was an officer in Pi Kappa Alpha fraternity, a member of the Saddle Tramps, and served on the student council and student resident government. He then attended the University of Texas Dental Branch in Houston from 1964 to 1968. He received his degree of Doctor of Dental Surgery June 3. While in dental school, he was a member of the Xi Phi dental fraternity. He will be entering the US Army July 29.

The View From Your Library

By VIRGINIA NEWSOM
Summertime is good for the library, if the books coming in and going out are any indication. As of June 21 we have seen a total of 716 books checked out. We are on our way to a record breaking month as things look now. This is most wonderful.

THE LIBRARY has a telephone now and we are indebted to a number of people for this. First, thanks go to the Farm Home Administration office for giving us permission to have an extension on their phone. Next, to Jack Miller, another "Friend" of the Library for speaking to Don Jennings and Myra Hays in our behalf and to Judge Raymond Wilson for giving us approval.

It is a very convenient addition for us. We would ask that people needing to call us would please limit their calls, whenever possible, on Tuesday and Thursday when the Farm Home Administration office is open and conducting their business in Dimmitt. Our phone number is 647-3532.

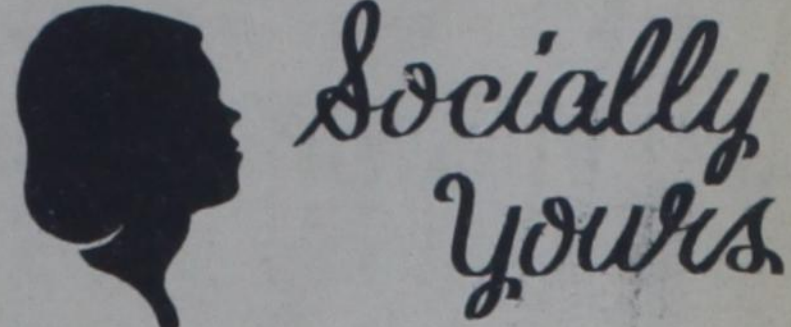

We have received and put on our shelves a new long term loan from the Texas State Library. This collection consists of 300 books. At our request, the major children from pre-school through high school age. There are some excellent books, so please come down and browse a bit.

THE FRIENDS of the Library have been very busy on our behalf. We owe our thanks to Jo Eddy Riley for having a beautiful sign done for us, and placed in the lobby of the courthouse, telling the location of the library. At a future date their will be another with the hours the library is open.

My assistant, Sylvia, is getting a workout this summer, but she is up to it. She is excellent help and I hope she will one day be an expert librarian. I feel very lucky to have her and am most grateful to the government program that makes it possible. If the other youngsters working on this program are doing as well as she is we really have something going for us.

A THOUGHT for this week: By putting his best foot forward, many a man pulls his worst foot back.
—Ralph W. Sockman

AFTER a family picnic is over, be sure and wash the inside of your cooler to prevent unpleasant odors. However, don't dunk an insulated cooler — water might damage the insulation or cause rust in steel models. Store the cooler in a dry place with the lid partly open so it can air out.

Starkey - Morgan Wedding In July

Mr. and Mrs. Homer Starkey of Earth announce the engagement and July wedding of their daughter, Linda, to Hoy J. Morgan of Dimmitt.

The prospective bridegroom is the son of Mr. and Mrs. Arnold Morgan of Dimmitt.

MISS STARKEY is a 1967 graduate of Springlake-Earth High School, attended Merriman's Business College in Lubbock and is presently employed by Robert & Abbe CPA in Tahoka.

The bridegroom elect is presently on leave from the armed forces following a tour of active duty in Korea. He will be stationed at Fort Hood.

A July 4 wedding is planned with an 8 p.m. ceremony in the First Baptist Church Fellowship Hall of Earth.

Miss Starkey

Tops Club Picks 'Queen of Month'

Ann Armstrong was honored as queen of the month by the SOS Tops Club for her loss of over 11 pounds.

She was presented a fruit basket by the SOS Tops Club members who were relegated to the "pig pen" during May.

JUANITA WELCH was named queen for the week after a loss of four pounds.

Barbara Hargrove succeeds Clara Langford as leader of the group. Jo Hankin was elected vice-leader. Mrs. Langford is moving to De Kalb after helping organize the Dimmitt club.

Coleen Newman is social director, succeeding Jonalyn Jones. Virginia Hargrove is assistant weight recorder. Shirley Wise is assistant song leader.

THE CLUB reported a loss of over 36 pounds among the 14 members. Virginia Hargrove and Arlene Oldfield shared the week's crown with a six-pound weight loss each.

On the Go

Mr. and Mrs. Willis Birdwell and son, Jim, visited her folks in Roscoe last week.

SINGING BLUE BIRDS — Merry Maker Group 15 first sang "Blue Birds Forever" at a father-daughter banquet here April 5. Now the group will travel to HemisFair to perform during Camp Fire Girls Day festivities Monday. The song, written by Mrs. Bobby Jones, was chosen as

one of six to be sung at the special ceremonies. Posing after singing the song for the first time are, from left, Cara Morrison, Teresa Adams, Martha Dowty, Sabra Hargrove, Lisa Pollard, Cheryl Nossaman, Mary Beth Jones and Mibele Barton.

Blue Birds Will Compete At World's Fair Monday

With the help of several civic-minded organizations Dimmitt will be represented by five 8-year-olds at HemisFair in San Antonio, Monday as they sing an original song written by Mrs. Bobby Jones of Dimmitt.

THE MERRY MAKER group of the Blue Bird Girls will sing the song in final competition with five other songs at the closing ceremonies of the observance of Camp Fire Girls Day Monday.

Lisa Pollard, Mary Beth Jones, Cheryl Nossaman, Martha Dowty and Teresa Adams will travel to San Antonio Sunday. Camp Fire Day begins Monday with flag raising ceremonies at 10 a.m. on the HemisFair grounds, then a tour of the Camp Fire Girls exhibits.

The Dimmitt Blue Bird group will sing "Blue Birds Forever," accompanied by Mrs. Jones, at the 7 p.m. closing ceremonies in front of the Confluence Theater.

THE SONG was first sung by the group at the Camp Fire Asso-

ciation's annual Father-Daughter Banquet April 5 here. It was then selected as one of six top songs from Camp Fire and Blue Bird groups to be sung in competition at HemisFair. Plans were quickly developed to allow the Dimmitt Blue Bird group to perform the song for the HemisFair audience. Awards to the top songs in the final competition is expected the closing ceremonies. The Lions Club, Rotary Club, Jaycees, Chamber of Commerce, Family Mart and Western Armionia lent financial support for the trip. Mrs. Norman Nossaman, group leader, and Mrs. Jon Pollard will accompany the group on the trip.

Farm Safety Week Coming in July

Agriculture currently ranks third among the nation's industries in accidental death rate.

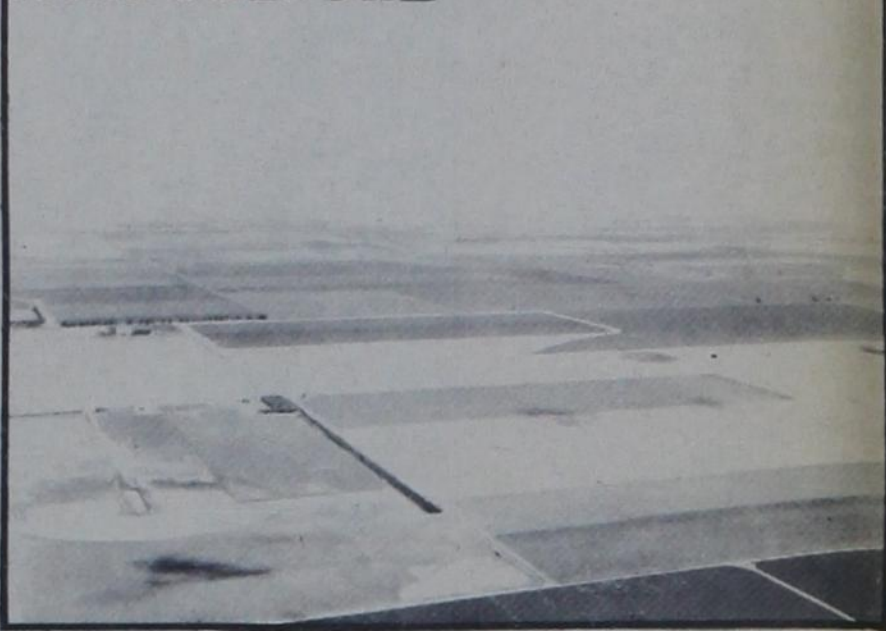

IN 1967 about 8,000 farm residents were accidentally killed and nearly 750,000 more suffered disabling injuries. Traffic accounted for about 40 percent of the deaths, followed by farm work and home accidents.

Safety Council is asking all rural residents to participate in the 1968 observance of Farm Safety Week, July 21-27, and to join friends and neighbors in community programs to reduce accidents.

MITTENS WARMER

In cold weather wear a finger glove on your trigger hand and a mitten on the other.

MODERN AGRICULTURE

Beet Association Fights Labor Bills

"The agricultural employer now confronted with frustrating and costly labor conditions is not capable of adding to his burden labor union legislation that would give farm workers an opportunity to bargain collectively for wages as employees of other areas of the US business and industry."

THIS PLEA for farmer to voice opposition to two bills in committees in the Senate and House of Representatives came from the Texas-New Mexico Sugar Beet Growers Association Inc., in Hereford.

Farmers should urge a continuation of a 30-year status quo of agriculture's exemption from the National Labor Relations Act.

"THIS LAW, if enacted, would bring the labor union into farming

House Okays \$892,000 For Water Import Study

Mills Cox, chairman of the Texas Water Development Board, said Friday he is "hopeful" that the Congress will follow the House Appropriations Committee's recommendations to allocate \$892,000 to the Bureau of Reclamation and the Corps of Engineers to continue their studies of importing water to Texas and New Mexico from outside the two states.

"THE TEXAS Water Development Board and I were gratified by the committee's action which recommended \$467,000 for the Bureau of Reclamation for its part of the study and \$425,000 to the Corps of Engineers to coordinate the study aimed at providing a long-range source of water for a large part of Texas and eastern New Mexico," Cox said.

possible source of water is available from the lower Mississippi River and recommended aiming future studies in that direction.

Texas Water Development Board studies indicate that underground water resources on which crop irrigation in West Texas is dependent, cannot be counted on beyond the year 200. Declining availability of irrigation water in some parts of West Texas, particularly in the southern High Plains, is expected to produce a water shortage for irrigation by 1980.

NEW ENTOMOLOGIST at Dimmitt Wheat Growers, Inc., is Gary Herzog, 21, recent Texas Tech graduate. He will concentrate mainly on corn-insect research in this area, Manager Aaron Isaacs said, but he also will work with DWG members on insect problems in cotton and grain sorghum.

First Baptist News

With all of the excitement and anticipation of having a full time pastor on the field also comes the sadder part, and that is giving up someone who has become very dear to the hearts of the people of the First Baptist Church. Brother Bert Dominy has served as our interim pastor for the past eight months, coming to our church in November, 1967. He is at present Professor of Bible at Wayland Baptist College at Plainview. He got his B.S. Degree from Baylor University at Waco, and graduated from the Southwestern Seminary at Fort Worth. He is now at work on a thesis that will complete his Th.D. degree. Brother Dominy has worked close to our people, visiting the sick, tending the bereaved, and befriending the flock while he has served us. It is with much remorse that we say goodbye to him.

As Brother Dominy leaves us, he goes to a new and exciting position as Theology Professor at the Seminary in Fort Worth. He assumes his duties there with the beginning of the fall semester. Congratulations, Brother Dominy, and we pray God's richest blessings on you and your family as you start this new undertaking.

If you are looking for a church home with many friendly people and good gospel preaching, come worship with us. We pray you will find a warm friendly welcome and an encounter with Jesus Christ, Our Lord.

Castro Farmers Get \$47,500 From FCIC on Damaged Wheat

The Federal Crop Insurance Corp. said this week it will pay an estimated \$47,500 in damages to insured wheat farmers in Castro and 23 other North Texas counties and Curry County, N.M. **DAMAGES paid in Castro County** were \$47,500, more than 10 percent of the total.

The estimate puts losses slightly above the \$423,000 paid a year ago, but still indicates relatively minor damage to the crop, Ben A. Jordan, Jr., state director for FCIC, reports.

"About 350 insured farmers already have indicated some loss due to extreme weather factors, but it is not anticipated the loss situation will become much greater," he says.

COUNTIES in the Panhandle where losses have been reported and the estimates include Castro, \$47,500; Dallam, \$18,000; Sherman, \$39,000; Hansford, \$40,000; Lipscomb, \$20,000; Moore, \$50,000; Carson, \$30,000; Gray, \$15,000; Deaf Smith, \$15,000; Randall, \$20,000; Parmer, \$17,000; Swisher, \$46,250; Hale, \$3,800; and Floyd, \$5,500.

Screwworms On the Rise

The number of screwworm cases in the Southwest continues to increase and is the highest since 1963. Weather conditions continue to be near ideal for the propagation of the costly livestock pest.

OFFICIALS of the eradication program continue to emphasize the importance of livestock producers checking their animals at frequent intervals and submitting worm samples from all infested wounds. Knowing where the new cases are permits the dropping of sterile flies at the earliest possible time, the officials said.

TIRES FOR TARGETS

An old tire makes a good archery target. Stuff rags or straw between pieces of cardboard fitted between the tire openings. Prop up the tire with a stick in the back, or if you want a moving target, let it roll down a slope.

Chinch Bugs Are Emerging

Norris Daniels and John Jacobsen, both of the Bushland Research Station, reported this week that false chinch bugs are beginning to come out of the grasses and wheat into grain sorghums and sugar beets.

Both Daniels and Jacobsen urged farmers to check upon these bugs daily, as they can damage crops. These bugs can be eliminated by spraying one-half pound parathion or three-fourths pound of malathion per acre on the crops which may be infested.

'69 Wheat Acres Down 13 Percent

The 1968-crop wheat program has been announced by the US Department of Agriculture and features a national allotment of 51.6 million acres, down 13 percent from '68.

DIVERSION payments at the maximum rate authorized by law will be offered to farmers for planting less than their acreage allotment and diverting this land to conserving uses. Details on the program are, or soon will be, available from county ASCS offices.
