### Miss Nell Reynolds To Become Bride Of Capt. C. L. Beavers

LUBBOCK, Aug. 31 (Special)—Announcing the engagement and approaching marriage of her daughter, Nell, to Capt. C. L. Beavers, Mrs. Carlos E. Reynolds entertained at an eight o'clock breakfast this morning in the Reynolds home here. The wedding will take place in December.

Military decorations dominated the dining room where miniature dunk's track team's sweat and rise so high that a belt could be worn like a holster.

The juke coat is a solid thread. It's a women's jacket long to look like the men's.

### Action Planned For Violation Of Price Ceilings

WASHINGTON, Sept. 3 —The Office of Price Administration announced it would file actions in Federal courts in 18 cities today in connection with a campaign against alleged violators of price ceilings on beef and veal. More than 100 meat packers and wholesale distributors are involved.

The OPA defined "up-grading" as stamping and selling meat of inferior grades at prices established for higher grades. Under the regulations, all carcasses and wholesale cuts of meat must be accurately stamped and sold at prices not exceeding the legally established maximum prices for the particular grades.

Moore, Ruth Monk, Joy Ann Walters, Tess Jeffcoat and Frances MacArthur, some week-end guests in the Reynolds home, Carolyn Oates and Mrs. Dick Rhinehart of Midland, Mary Lane Hendricks of Estelline; Winnie Merle Adair of Ballinger; Dorothy Graham, Peggy Maps, and Bernice Broadstreet, all of Dimmitt.

Miss Reynolds is a daughter of Mr. and Mrs. Carlos E. Reynolds of Lubbock, formerly of Dimmitt. She is a graduate of Dimmitt High School and attended McMurry College, Abilene.

Captain Beavers is a son of Mr. and Mrs. G. M. Beavers of Apex, N. C. He received his B.A. and B.S. degrees from Wake Forest College in North Carolina, and M.D. from Pennsylvania State University, and served his internship at Columbia in New York City.

He is stationed with the 52nd Medical Training Battalion at Camp Berkeley.

### Aussie Fliers Drop Empty Beer Bottles On Japs

SAN FRANCISCO, Sept. 3 —Australian fliers, their bomb racks emptied, dropped empty beer bottles on the scurrying enemy at Tulagi in the Solomon islands because they whistle on the way down; it scares hell out of those below.

The incident was related to newsmen yesterday by Lieut. Commander George Huff of San Francisco, the first U. S. Navy man to arrive from the Solomons since their occupation by Allied forces.

The bombing of Tulagi with explosives and beer bottles was just a preliminary to actual invasion of the strategic islands, Commander Huff said in paying glowing tribute to Australian pilots.

"They are a great bunch of aviators," he said. "They're absolutely happy-go-lucky. Our men are a lot more serious."

In the preliminary bombing of Tulagi, American fliers went along with the Aussies to drop a few bombs.

"Our boys were ready to come home when the job was done, as it was the first action for most of them," Huff related, "but those Aussies had brought along a couple of cases of empty beer bottles."

They stuck around another half hour to drop them.

### FIRST BAPTIST CHURCH

Next Sunday, during the morning worship hour, a suitable memorial to the boys in service will be erected and dedicated in the auditorium. A special sermon will be given for the occasion and all the parents and near relatives of those in service will be the honor guests for the occasion.

Program for the week: Sunday, 9:45 a. m., Sunday School; 7:30 P. M., B. T. U. Worship services at 11 A. M. and 8:30 P. M.

Wednesday evening at 8:30, church conference and prayer meeting. Friday, Sept. 11, the annual meeting of the Tierra Blanca Baptist Association at Tulia. A large number are planning to attend from our church. If you do not have a way to go, please see the pastor, or if you have a car that is not loaded for the trip, see him also in order to get some passengers for it.

V. E. Temple, Pastor.

### DEFERRED

TOPEKA, Kas., Sept. 3 —State selective service headquarters says bashing isn't permissible.

Officials said a departing draftee at Great Bend, Kas., reached out the train window to bash his draft board chairman over the head, injuring his hat and his dignity. The youth got his deferment—a six-months jail term.

### Worley Returns To Washington

WASHINGTON, Sept. 3 —Members of the American Armed Forces are interested not in figures on war production but in "the kind that will fly and shoot," Lieutenant-Commander Eugene Worley said on returning from eight months of active service in the Pacific.

The Democratic representative from the Texas Panhandle, who saw service in Pearl Harbor, Australia and New Guinea, returned to his office yesterday.

He said that figures on how superior our production is to that of the enemy aren't "altogether true" and expressed dismay that controversies continued in war industries.

Americans should realize, he added, that their boys were fighting with odds favoring the enemy. "Our heavy bombers are unquestionably superior," he declared "but Axis-dominated lands as well. But Mr. Roosevelt remarked he fully expected the Axis to jam the airwaves to drown out his message.

### Allied Mutual Assistance Pact Being Clarified

WASHINGTON, Sept. 3 —President Roosevelt told young people of all the world today that German Nazis, Italian Fascists, and Japanese militarists have nothing to offer but death while "the cause of the United Nations is the cause of youth itself."

His words were broadcast internationally and were directed to young men and women in the United Nations and in Axis nations and Axis-dominated lands as well. But Mr. Roosevelt remarked he fully expected the Axis to jam the airwaves to drown out his message.

The President's immediate audience was the International Student Assembly, gathered in Washington.

The cause of the United Nations, Mr. Roosevelt declared, is "the hope of the new generation—and the generations that are to come—hope for a new life that can be lived in freedom, and justice, and decency." He added:

"This fact is becoming clearer every day to the young people, where the Nazis are trying to create youth organizations built on the Nazi pattern. It is a pattern devised by Hitler and imposed upon youth by a form of mental forcible feeding—a diet of false facts, distortions, and prohibitions—all backed up by the guns of the Gestapo."

Any who wonder what the decent youth of Europe think of this, he said, have but to consider the brave young men in occupied countries who prefer firing squads to life long "slavery and degradation under Hitler."

Throughout the world, men in America's fighting forces were listening to the commander in chief. Much of the address was directed specifically to them and he gave assurance that "we here at home are supremely conscious of our obligations to you," now and in the future, and "we will not let you down."

The United Nations, Mr. Roosevelt asserted, have the technical means, physical resources, courage, vision and will required to build and sustain the kind of world order which alone, he said, can justify youth's sacrifices now.

"But we must keep at it—we must never relax, never falter, never fear—and we must keep at it together," he said.

"We must maintain the offensive against evil in all its forms. We must work and we must fight to insure that our children shall have and shall enjoy in peace their inalienable rights to freedom of speech, freedom of religion, freedom from want, freedom from fear.

"Only on those bold terms can this total war result in total victory."

We exult, Mr. Roosevelt said, in the thought that the young, free men and women of the United Nations and not the "wound-up robots of the slave states" will mold the shape of the new world.

### Hundreds Need Relief In Gulf Hurricane Area

WASHINGTON, Sept. 3 —The Matagorda Bay area, in the heart of the Texas coastal district, devastated by a hurricane last Sunday is in dire need of plumbers and bread, W. N. Blanton, general manager of the Houston chamber of commerce, said yesterday after touring the storm area.

Raymond Barrows of St. Louis, Midwest director of Emergency Disaster Relief, said at Victoria that hundreds in the Matagorda Bay region needed relief.

Blanton declared that residents of Matagorda, Port O'Connor, Palacios and Seadrift asked that bread and plumbers be sent immediately.

"Few people have any conception of the damage inflicted," he added. "Only about one-tenth of the story has been told."

Red Cross relief centers were being established at Matagorda and Port O'Connor and a more definite figure on the number needing aid would be available later, Barrows said.

Twenty-three Red Cross workers, including representatives from the St. Louis and Washington offices were in the area giving assistance.

Every house in Rockport, Barrows said, was either destroyed or damaged, and heavy damage was suffered by Matagorda, Seadrift and Refugio.

### 2 Bodies Recovered

PALACIOS, Tex., Sept. 3 —Recovery of the bodies of two drowned soldiers raised to five the death toll in the storm which struck the Texas gulf coast last week end.

Corp. Robert A. Hefley, 19, of Pasadena, Calif., and Sgt. Earle E. McGregor, 25, of Benton, Ky., were lost apparently after abandoning a truck which slipped off a highway into high water.

They were returning to Camp Humble after making several trips to El Campo and Wharton to evacuate persons driven from their homes.

The bodies were found several hundred yards from the highway.

### METHODIST CHURCH

URAL S. SHERRILL, Pastor The revival which closed Sunday night was a success. There were eleven conversions and recommitments and twelve additions to the church. Rev. E. L. Stanford did some splendid preaching. The singing lead by Rev. C. W. Williams was good. We were greatly helped by the work of these two Christian workers. We hope they may come our way again.

If you are not obligated elsewhere we cordially invite you to worship with us. You will always find a welcome to all our services. If you are a stranger here, or a visitor to our community come and worship with us while here. Services: Sunday: Sunday School 10:00 a. m. Preaching 11:00 a. m. and 8:30 p. m. League services at 8:00 p. m. We have a class in Sunday School for each member of the family.

### FIVE CASTRO COUNTY MEN ENLIST IN AUGUST

Figures released today, crediting the North Texas recruiting district with enlisting 3,243 men during August, showed that Castro county, with a quota of 4 recruits, contributed 5 recruits to the monthly total, the highest in the history of the district.

Encouraged by the banner month of enlistments, 243 above the assigned quota and 1,116 more than ever before sworn in during a single month in the district, Lieut. L. H. Ridout, Jr., officer in charge, established 3,600 recruits as the September quota.

### Campaign Off To Good Start

The subscription campaign being conducted by the News started Sept. 1. Those working on the project say subscriptions are coming in splendidly.

Our aim is to have every citizen of Castro County a reader of the News and, whenever possible, when you are contacted be ready to renew or become a new subscriber.

Due to the tire situation this year we will not be able to see each individual more than once. The very low rate of One Dollar (\$1.00) per year will be in effect only during the campaign. If you are not a subscriber, see any of the News force or send your subscription to the News office.

Any organization in the county interested in conducting the campaign in their respective community, on a fifty-fifty basis, is asked to see the editor or either Mrs. Singer or Mrs. Whitlow.

We believe this is going to be the best campaign we have ever had, so make your plans now to help your club or P. T. A. organization. Your finance committee will welcome this opportunity to raise needed money in this easy and worthwhile manner.

Remember, you not only get the Castro County News for one year, but fifty cents of every dollar for your club.

### Allied Cause Is Cause Of Youth, Says Roosevelt

WASHINGTON, Sept. 3 —The United States, Great Britain, Australia, New Zealand and Fighting France concluded today a series of reciprocal aid agreements designed to clarify the principles of mutual assistance in their common struggle against the Axis.

Signed on the third anniversary of the French and British declaration of war against Germany, the agreements specify and formalize the principles and procedures covering aid to the armed forces of the United States by the other parties to the agreements on the same terms as those under which the United States supplies lend-lease aid to them.

Such reciprocal aid already has been furnished to the United States also by the other signatories without conclusion of formal agreements and, a state department commentary points out, "this aid is rapidly increasing in importance as the intensity of the American war effort increases in the various theaters of operations."

All of the agreements emphasize that the general principle governing mutual aid is that the war production and war resources of each of the signatories should be used in ways most effectively utilizing the available facilities and shipping space.

They further specify the elimination, as far as possible, of monetary transactions. That is, a maximum of the articles and services provided by each party to the other shall be in the form of reciprocal aid in services or materials, thus reducing to a minimum "the need of each for the currency of the other."

The agreements formalize the obligations of the other parties to furnish the armed forces of the United States with military equipment, munitions, military and naval stores, and other supplies, facilities and services whenever these can be most effectively obtained in their respective countries.

### Workers Are Needed For Cotton Harvest

DALLAS, Sept. 3 —Harvest of the 1942 Texas cotton crop will require the cooperation of every farmer, farm worker and private citizen, W. L. Worthington, manager of the United States employment service office, warned yesterday.

He asked that all farm laborers, operators and members of farm families now only employed part-time register at their local uses office to make their services available for part-time work on other farms.

Miss Mary Ann Baird left Thursday for Dallas where she will visit friends. She will return to Vernon where she will teach music in the public schools.

Miss Margaret Simpson, who is a student at St. Anthony's in Amarillo spent the past week at home. Mrs. M. T. Sparkman and her son Wayne Thomas, were in Lubbock Wednesday.

Miss Geraldine Hochstein of Nazareth graduated from St. Anthony Hospital, Oklahoma City, Oklahoma, August 30, after serving a year of internship. She has completed the requirements of the American Dietetic Association, which includes a four year college course and a year's internship in a hospital approved by the American Dietetic Association. St. Anthony Hospital is among the 58 schools now approved.

Miss Hochstein received a bachelor of science degree from Texas Technological College in June 1941. To do her bit for Uncle Sam, she has accepted a civil service position as dietician of the William W. Hastings Hospital, Tahlequah, Oklahoma.

### Farmers Urged To Plant Wheat For Good Quality Yield

As the sowing of next year's wheat is now started now is the time that will determine the quality of wheat Castro county will grow next year. This year's wheat crop was of excellent quality according to M. U. May, county agent of the Texas A. and M. College Extension Service. Last year the county only had 2 per cent of its crop in undesirable varieties of early blackhull and chiefkan. The main factor to watch is to keep down rye mixtures.

Recently Mr. F. T. Dines of the Texas Wheat Improvement Association and E. A. Miller of the Texas Extension Service inspected a great number of seed wheat samples and praised their purity.

There are still a large supply of pure seed for planting in the county of the recommended varieties, turkey, tenmarq. Farmers having a supply of these pure seed are W. E. Kirkpatrick, Dimmitt; Frank Pinkert, Jumbo; Cliff Esson, Mulkey; Morgan Dennis, Dimmitt; and Ira Clingsmith, Dimmitt.

County Agent May warns that Turkey, Tenmarq and Standard Blackhull are the three recommended wheat varieties for Castro county and if too much early blackhull and beardless chiefkan are planted there will probably be no market for Castro county wheat for these varieties have very poor baking qualities. If these varieties are planted in large enough acreages and with the present storage problem it could prove very serious next year.

The recommended varieties Turkey, Tenmarq and Standard Blackhull have in most cases outyielded the varieties with poor baking qualities which should be another reason why farmers should plant only the improved varieties.

Anyone interested in sources of good seed wheat can get this information from the county agent.

### Women Workers May Be Doubled In War Program

WASHINGTON, Sept. 3 —Secretary Stimson reported today the War Department intended to meet a growing manpower shortage by possible doubling the number of women workers in army arsenals, depots and office jobs.

About 300,000 women already are working on guns, planes and tanks and filling clerical and supervisory posts, and Stimson told his press conference as many more could be absorbed.

The War Department, he said, has adopted a policy of using women employees in all capacities for which they are qualified or may become so by training.

"As far as practicable, women will be employed in preference to men of war service age or capabilities," will not limit the employment of qualified men who are ineligible for military service by reason of age or physical disability."

War Department employing and training officers have been directed to "fully utilize, immediately and effectively, the largest and potentially the finest single source of labor available today—the vast reserve of women power," Stimson said.

### July Fatalities In Traffic Were Lowest For Year

AUSTIN, Sept. 3 —Motor vehicle traffic accident chopped down 91 Texans in July to record the lowest monthly fatality rate for 1942.

The Department of Public Safety reported today that 84 fatal traffic accidents occurred in July, boosting the total of accidents for the year to 670 and traffic deaths to 794.

Highway accidents exacted the greatest fatality toll with 49 deaths, followed by cities with 27.

Among cities of over 100,000, Dallas led for the first seven months of 1942 with a population rate of 7.0. (The population rate is the number of deaths annually per 100,000 population and is computed on the assumption that fatalities will continue to occur during the remainder of the year at the same monthly average as they have for the period covered by this report.)

Houston was second with a rate of 10.3, Fort Worth third with 11.6 and San Antonio fourth with 16.2.

For cities between 50,000 and 100,000 population, Amarillo led with no traffic fatalities followed by Galveston with a rate of 2.8, El Paso with 8.8, Beaumont with 11.6, Waco with 12.2, Austin with 15.6 and Corpus Christi with 20.9.

Lubbock, San Angelo and Tyler among cities between 25,000 and 50,000 population recorded no fatalities. Port Arthur had a rate of 7.5, Abilene and Laredo 13.1 each and Wichita Falls 15.2.

Deaths for the state by months included: January, 150; February, 99; March, 132; April, 94; May, 113; June, 115.

### Treasury Asking Additional Six Billion Taxes

WASHINGTON, Sept. 3 —Treasury Secretary Morgenthau asked the Senate finance committee today for legislation to levy an additional \$6,500,000,000 in taxes on individuals, over and above the \$6,271,000,000 tax bill passed by the House, with provision for a \$4,500,000,000 post-war debate to individuals.

If the new program were enacted, it would boost to approximately \$14,000,000,000 the amount over and above existing taxes which the Treasury would drain from national income.

Total tax collections would be increased to approximately \$30,500,000,000 for a full year's operations, with \$4,500,000,000 to be credited to individuals for post-war rebates.

Presenting the plan personally to the Senate finance committee, Secretary Morgenthau said he was proposing a tax on consumer spending "which will reach into the lowest income groups above the level of bare subsistence and will provide high penalty rates for luxury spending."

In addition, he urged a further lowering of the exemptions for the income tax applying to family income, involving a cut back to \$5,000 exemption for an individual, \$1,000 for married couples and \$250 credit for dependents.

The finance committee recently cut the latter credit from the \$400 level approved by the House to \$300.

### Milk Shortage Seen For Texas

HOUSTON, Sept. 3 —The south may be confronted with a milk shortage unless a means is found to overcome a shortage of dairy helpers. Houston milk distributors warned yesterday.

Higher wages in industry and the armed forces are drawing laborers from the farms—hence dairymen are unable to find labor to milk their cows and keep their barns clean.

"The men just aren't there," said C. Ebelk, district supervisor of the United States employment service after conferring with dairymen, county agricultural agents and officials of the manpower commission.

In Southern Texas, dates, bananas, avocados, papayas and some other tropical fruits are grown in varying quantities.

Spreading Of Poison For Grasshoppers Urged By M. U. May

Grasshoppers are hatching in large numbers in most parts of the county according to M. U. May, county agent of the Texas A. & M. College Extension Service.

There are larger numbers hatching than in previous years and the hoppers will most likely prove a serious menace to the young wheat that is now being sowed.

The mixing station at Dimmitt is now open and mixing days have been set for Monday's and Friday's, however, County Agent May states there is enough demand for poison that the mixing station will be operated every day.

The mixing station will be located at the site of the old Wilson Lumber yard.

There are enough grasshoppers hatching in some areas to eat a lot of wheat and if they are not poisoned they will destroy much wheat and last year's experience shows that the time to poison is when the hoppers are still small.

Hoppers destroyed a great deal of wheat around the edges of fields last year and with the increased numbers will not likely do more damage this year.

All farmers are urged to bait for hoppers this year for if the numbers are not cut down we will likely have increased numbers stand next spring.

Castro County News: Dear Editor and Friends of Castro County: Here I come again with just a few lines to say hello and how are you.

I guess I have been a little careless about writing to the paper, but there just doesn't seem to be anything of interest happening down my way.

The five hundred men that were assigned to us on the 16th of May have almost finished their training period, and I can't say that I'm a bit sorry, either, because lecturing to five hundred men is no easy job. I hope it has rained as much in Castro County as it has in Port Bliss these last few days, that is if it was needed. We sure have had some nice rainy weather here the last few days.

Well I had a happy day the 11th of this month, when the Captain handed me a warrant, promoting me from Sgt. technician fourth grade to Technical Sgt.

Retreat has just been sounded, so I retreat as will retreat for me too as it is almost CHOW time.

Zoot Suits And Juke Coats Due For A Trimming

WASHINGTON, Sept. 3.—You jitterbugs in the zoot suits with the drap shapes and the juke coats are also in a jam—jettison the live and give with the ears while the War Production Board swings out on the down beat.

Hitting the blue note soft, this is it. Male rug-cutters with long, coiled, baggy knees and chest-high britches are due for a scissors session. And the gals gates with low-slung jackets are slated to meet the same Uncle Sam shears.

Frank Walton, deputy chief of WPA's textile, clothing and leather branch, says these "so-called garments," as he put it, violate the men's and women's clothing simplification orders.

The men's zoot suit is a hep-cat's garb and the coat is something sharp. It swirls from knee to angle-length and flaps when the tune gets poppy. The trousers are ankle-mug and loose at the knees—like Poldunk's track team's sweat pants—go rise so high that a gun in the belt could be worn like a shoulder holster.

The juke coat is a solid set of thread. It's a women's jacket, cut long to look like the men's.

unpatriotic when "we have a war on our hands that requires saving all the cloth" for "our soldiers and sailors and for necessary civilian clothing."

"We are going to recommend that action be taken against all manufacturers violating these orders, as well as distributors handling these suits and coats," he said.

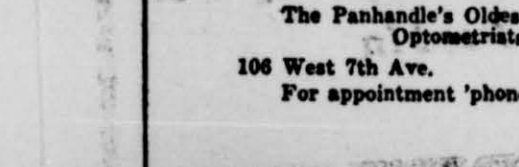

So that's the tune, and in this case it may have a hearty chorus. Swing those scissors, gals!

Libbey, the CIO committee members declared, "was fired for telling the truth" in a report "exposing the failure of the dollar-a-year WPA iron-steel branch men." Board officials, however, said the engineer was discharged for discussing a confidential report on iron and steel operations with outsiders and for other personnel reasons.

NOTICE OF HEARING ON COUNTY BUDGET

Notice is hereby given that there has been filed with the County Clerk a copy of the proposed budget of county receipts and expenditures for the year of 1943, and that same is for the inspection of any and all interested tax payers of the county.

ALSO NOTICE IS HEREBY GIVEN that a public hearing will be had on said proposed budget of the receipts and expenditures of county funds on the 14th day of September, A. D. 1942, at which time any and all interested tax paying citizens may participate in said hearing.

Given under my hand this 10th day of August, A. D. 1942. P. L. CUNNINGHAM, County Judge and Budget Officer.

Navy Wants 3,600 Men To Enlist In North Texas District

Castro county was assigned 5 Navy recruits today as its quota for September in the North Texas district's drive to enlist 3,600 men between the ages of 17 and 50 during the thirty-day period.

"During August, more than 3,100 men left their homes in North Texas to join the Navy. The month's quota, which was the highest ever realized in the district, was only 3,000 recruits. That is why our September quota has been set twenty per cent higher."

Thus Lieut. L. H. Ridout, Jr., officer in charge of the district, stated simply plans to make the district as representative as any other in the nation in the Navy's combined fighting force.

"We can enlist 3,600 men in thirty days because we have only started our campaign to sell the Navy," he insisted. "The country is becoming more war-conscious every day. Washington dispatches predict that 3-A classifications will be tapped before Christmas. Increasing numbers of men are convincing themselves daily of the immediate need for all the manpower we can possibly muster."

He expressed again the sense of gratitude felt by the Navy department for all of its volunteer civilian recruiters, saying that "twice the effort from now on will mean victory in half the time."

U. S. Army Can Match Hitler's Efficient Force

CHICAGO, Sept. 3.—The U. S. Army show, which opened last night, demonstrated to 35,000 Chicagoans that Uncle Sam's doughboys have what it takes to match Hitler's efficient legions.

To one able to recall the stomping goose-step of green-grey German troops at a Hitler birthday parade, it was not more precise than the easy swinging step of the army tank crew crack drill companies here.

The American boys, brought up in knickers and scuffed shoes, not Hitler youth uniforms, marched like veterans. Bowed, tough from months of hitting the dirt in battle maneuvers, they looked equal to anything ever put in the field.

Sturdy, well armed M-3 tanks which smashed over barricades and flattened old auto hulks like tin cans still looked like easy targets, compared with German tanks of similar weight which presented a much lower silhouette.

The six-ton Army rubber pontoon bridge on exhibit, to the layman's eye, seemed to be an advance over the smaller German bridge.

German ingenuity hasn't matched the handy five-pound walkie-talkie radio with which a company commander can talk to his headquarters as far as a mile away.

What American Army men call a "tank destroyer"—A French 75mm gun mounted on a fast, well-protected scout car—offers the soldier much more speed and protection than do the early models of a similar German gun. The Nazis, however, have developed an effective "assault gun" mounted in a tank with a low silhouette.

The German army has striven to replace its light anti-tank gun, comparable with the American 37mm manned by the task force here, with a heavier, longer-barreled, three-wheeled weapon.

A JOINT RESOLUTION

proposing an amendment to Article 3 to the Constitution of the State of Texas authorizing the lending of Two Million Dollars (\$2,000,000) of the Permanent School Fund for the construction of a State office building or buildings; providing for repayment to the Permanent School Fund; providing for the submission of this Amendment to the voters of this State; and providing for the necessary proclamation and expense of publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 3 of the Constitution of the State of Texas be amended by adding thereto a new section to be known as Section 49-b, which shall read as follows:

"Section 49-b. The Legislature may provide by law for the issuance of not more than Two Million Dollars (\$2,000,000) in bonds or obligations of the State of Texas to the Permanent School Fund for the construction in the City of Austin of a State office building or buildings, and the State Board of Education is hereby directed to invest not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund therein. Such bonds shall be executed on behalf of the State of Texas by the Governor and Comptroller, and shall bear a rate of interest not to exceed three (3) per cent per annum, payable annually; they shall be of such denomination as may be prescribed by law, and shall be payable in not to exceed twenty-five (25) equal installments beginning one (1) year from date of issuance; and the State Treasurer is hereby authorized and directed to set aside into a special fund annually at the beginning of each fiscal year until all of said bonds shall have been paid off and discharged, a sufficient amount of the first moneys coming into the Treasury for the use and benefit of the General Revenue Fund not otherwise heretofore obligated to the payment of bonds and interest, a sufficient amount to pay the interest becoming due and the bonds maturing during such fiscal year. From said Fund, the Treasurer shall pay the interest on said bonds as it comes due, to the credit of the Available School Fund; and shall pay off said bonds as they become due and deposit the amounts so paid to the credit of the Permanent School Fund. The power hereby granted to issue bonds is expressly limited to the amount stated and to five (5) years from and after the adoption of this grant by the people."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State of Texas at an election to be held on the third day of November, 1942, at which election all voters favoring such proposed Amendment shall write or have printed on their ballots the words:

"For the Amendment to the Constitution of the State of Texas authorizing the investment of not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund in bonds of the State of Texas to be issued for the construction of a State office building or buildings and providing for the repayment of the said sum of money to the Permanent School Fund."

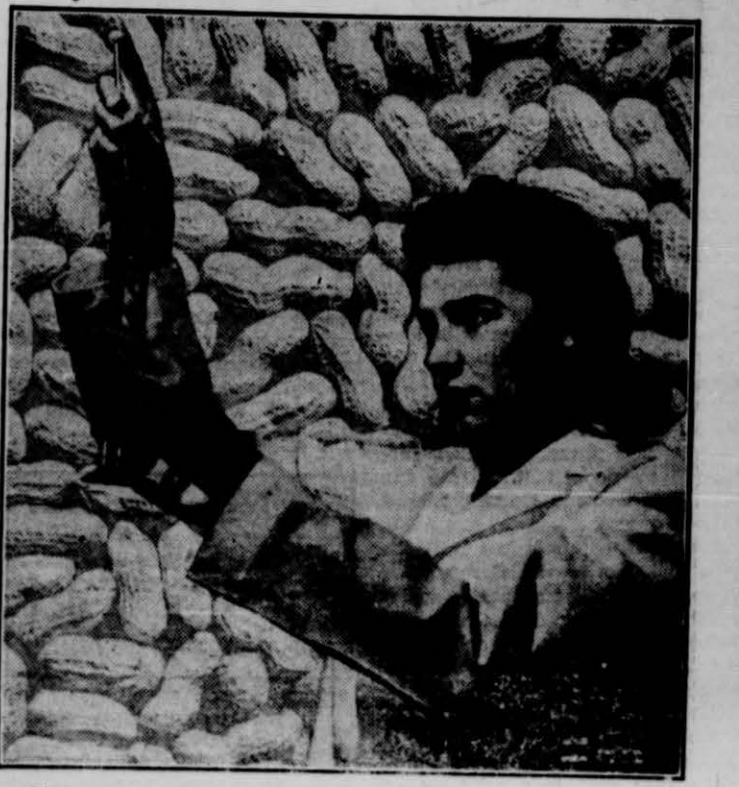

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and have the same published as required by the Constitution and existing laws of the State.

Sec. 4. The sum of Eight Thousand Dollars (\$8,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of said publication and election.

Peanut Oil Becomes U. S. Weapon

Almost five million acres of peanuts—twice as many as were produced in any single year before! That's one of the contributions U. S. farmers are making this year toward keeping this Nation at its maximum hitting power. Most of these peanuts will go into oil—oil from which thousands of necessary items for both civilian and military purposes can be made. This chemist and hundreds of others are busy finding and improving these new and potent uses for peanut oil.
