GOOD RAINS IN SOME SECTIONS

Heavy in Spots and in Others Only Light Showers - Situation Very Much Relieved

The long continuous drouth in West Texas has been partially broken. Reports from various sections have been to the effect that several good showers have fallen. On the line of the Midland & Northwestern Railway, good rains are reported, in fact, at Fasken, the best rain fell Wednesday and Thursday that has fallen in three years. Rains are reported at several places on the Central Plains, West-brook, Colorado, Iatan and light rains at Big Spring and Stanton. In fact, a larger section of the country has been wet this time than has been in 12 months. This rainfall, coming as it has, will give ample time for good fall and winter pasture.

In the immediate vicinity of Midland the showers have been very light, and we may yet say that the drouth with us is still on, with the situation is partly relieved. Other spots in the Midland Country are still dry. In fact the recent rains will serve only to start the grass and to provide fall and winter grazing other rains, good seasons, must be visited upon all sections of the country.

Conditions now, however, are far more promising than two weeks ago. We may even hope for some pretty fair late feed crops.

THE RESIGNATION OF OUR BAPTIST PASTOR

On Sunday, July 8th, our pastor, Rev. Ernest Quick, tendered his resignation, which was accepted by the church to take effect on or before October 1st, 1917.

Brother Quick has been pastor of our church since January 1st, 1915, during which time he has proven himself an earnest and faithful pastor, always ready to lend a helping hand to those who were in trouble and to sympathize with and encourage those in sorrow. We can recommend him as a man who is sound in doctrine and who is fearless in his denunciation of sin.

Brother Quick is a pastor who has good ideas of system in the financial movement of the church and has been a great help to our church along that line.

Mrs. Quick is an excellent, Christian woman of sterling qualities and is loved by all who know her because of the sweet Christian spirit which she exemplifies in her daily life. She is far above the average pastor's wife because of her willingness and ability to help.

Our prayers shall go with them to whatever new field they are called.

J. M. Cowden,
C. S. Karkalits,
W. A. Dawson,
Committee.

By order of the church.

GOOD RAIN REPORTED ON THE "O4" RANCH

The "O4" ranch is 8 miles southwest of Midland. Dr. W. K. Curtis owns it, and he gave us a good report from there this week. A dandy rain. That is the finest news that can be reported. It seems to have covered a good deal of territory, too, for other ranchmen of that section are all smiles again. Incidentally, too, we shall sometime have to tell off on the Doctor as the champion gardener of the west. He has made a wonderful garden down there this year, from which he will preserve great quantities of vegetables and fruits. Such efforts are both patriotic and personally profitable, to say nothing of the added pleasures of ranch life.

MIDLAND COUNTY COUNCIL OF DEFENSE

Duly Appointed Recently and Went Into Organization and Elected Officers Wednesday

Midland County Council of Defense has been appointed by the State Council of Defense and consists of Messrs. B. C. Girdley, W. R. Chancellor, C. C. Watson, M. F. Burns, J. F. Haley, W. J. Moran and J. M. Caldwell. This council met and organized on August 1st, by electing J. M. Caldwell chairman and M. F. Burns, secretary. On account of the fact that Messrs. Burns and Haley and Moran were absent, complete organization by the committee was not had.

Those present discussed to some extent the work of the County Council of Defense as outlined in the suggestions in the organization of the council, and also suggested some other matters that it was desirable for this council of defense to take up and consider. Among the things which the council will have charge of will be the promotion of the patriotic spirit of the people, aid in recruiting both the National Guard and the regular army; and in getting idle workmen and boys below military age to help in any form of labor which will be productive in its nature; aid in the distribution of loans by the Government, and in the promotion of a proper spirit among the people, with relation to affording the Government unstinted co-operation during the present war; to aid in the promotion of the production of such things as the country will produce for sustenance of the people; the conducting of campaigns looking to the reduction of waste in the homes and elsewhere, and should it become necessary, in the future, the formation of home guards.

Some of the matters discussed informally by those present at the first meeting were as follows:

1st. To arouse among the people, who are not called into the army at the present time, the neighborly spirit which will aid and assist in taking care of the business of any station who may be called into the army, while they have to be so absent, and in every way possible to look after and care for those dependent upon the men who are called into the army, so that the business affairs of those called into the army may not suffer more than is absolutely necessary during their enforced absence.

2d. To tabulate of the resources of this county, and if desirable of the surrounding country so that at a moment's notice the actual resources of the country may be known.

3. The prevention of waste in its various forms, two of which were discussed specially, the first being waste now obtaining in the delivery of retail goods and which was suggested that with the co-operation of the housekeeper and the merchant a system of deliveries might be worked up to where there would be deliveries only once daily, each house wife or other person ordering, taking the pains to formulate and systematize their purchases for the current day, and in that way save an immense expense for this purpose. The educational value of this system was thought by the committee to be worth infinitely more than the actual saving of money.

4th. By an attempt at co-operation between shippers of live stock and the railroad company, looking to a thorough understanding between the two so that there might be the least amount of waste and energy on the part of the shipper and on the part of the reduction of damage consequent upon the lack of care and failure to get cattle shipped out at proper times.

The subsequent regular meeting of this council will be on Wednesday evenings at 8:30 and called meetings upon call of the president.

This council takes the present means of impressing the people of

BOUGHT ALFALFA FARM NEAR PHOENIX

Scharbauer Cattle Company Makes an Arizona Investment to Facilitate Trade Territory

An article we publish below appeared in the Phoenix, Ariz., Messenger in its issue of July 21st. It speaks of an investment in Salt River Valley alfalfa land near Phoenix by Scharbauer Bros., of Midland. The investment was made by the Scharbauer Cattle Company. Scharbauer Bros. was a firm that passed out of existence when C. Scharbauer sold his interest in the Lone Star Herefords to Scharbauer & Edison. Under the new name the herd is no less important and is yet perhaps the largest herd of registered Hereford cattle in the world. The Scharbauer Cattle Company takes in all the Scharbauers, we believe, John, Phil, Chris and Clarence. With this explanation and correction, we reproduce the article from the Phoenix Messenger as follows:

"John Scharbauer, one of the firm of Scharbauer Bros., of Midland and Fort Worth, Texas, was in Phoenix, last year and spent considerable time looking over the valley. The result was he likes it fine. He returned about one month ago and has just closed a deal for a half section of land about twelve miles west of Phoenix, heretofore known as the Pan-American Ostrich Farm. This is one of the best half sections in the State. It is well improved and in every way suited for the purpose for which he intends to use it.

"For years Scharbauer Bros have been among the foremost Hereford dealers of the world, and now own the largest herd of Hereford cattle in the west, and have been shipping cattle all over the United States, and especially to New Mexico, Arizona and California.

"In order to facilitate matters this ranch has been purchased that they may more readily supply the western territory with Hereford bulls, which is their specialty.

"Their idea is to produce these calves on their large ranch near Midland, Texas, and ship them to Phoenix and finish them out on alfalfa and other feed products of Salt River Valley. This firm raises and sells annually something over twelve hundred head of Hereford bulls.

"Mr. Scharbauer, the head of the firm, owns large possessions in Texas in addition to his ranch interests, including the Worth Hotel at Fort Worth, Texas, but he will spend a considerable portion of his time in Phoenix. However, his ranch here will be managed by R. L. Scott, of Douglas, Arizona, who has been with Scharbauer Bros. for years and is well suited for the position.

"Mr. Scharbauer is a friend of Attorney A. S. Hawkins, whom he has known for the past twenty-five years, and Mr. Hawkins represented him in his attorney in this deal."

Mr. Hawkins will be remembered by all in Midland who have been here for any considerable length of time. He moved from Midland to Phoenix only a few years ago. In Midland he was distinguished not only as an attorney, but throughout all West Texas for his strong, able championship of clean politics.

Midland County that we are now engaged in a struggle which may last for years and it may tax to the point of breaking all of the resources of the government and the resources of private individuals, and to urge earnest thought on the part of all of the people to the end that ways may be devised to conserve and take care of all the resources which we have.

Due publicity will be given through The Reporter of the subsequent meetings of this council.

PLANS EXTENSION TO ROSWELL, N. M.

It is Not Unlikely The Midland & Northwestern May Develop Into Trunk Line

Contractor Stark, of the Midland & Northwestern, has begun the building of the Midland & Northwestern, depot on Pecos street. The excavation for the foundation and heating plant is complete, and by the next issue of The Reporter, the depot will be under way. Blue prints have been received at the office of the Midland & Northwestern, showing the exchange tracks between the Texas & Pacific Ry., and the Midland & Northwestern.

T. J. O'Donnell and H. N. Garrett were over to Roswell last week, looking over the conditions of the country around Roswell, with the view of working up an interest to extend the railroad from Seminole to Roswell. They were highly pleased with their visit, and are firmly convinced that a railway from Midland to Roswell would be a paying venture. The products of the Pecos Valley, such as hay, apples and other fruits, have their markets in Texas. This line would shorten the haul, and place the products of the Pecos Valley on Texas markets, and be a great saving to the consumer. In return, Texas products, such as cotton, seed, cake, lumber, etc. could reach Roswell, and very materially aid in the up-building of the Pecos Valley.

We sincerely hope that the management of the Midland & Northwestern will receive such encouragement as will interest them in the building of this line. No doubt, with the building of this line to Roswell, it will mean the ultimate extension to the coal fields in northern New Mexico, and in southern Colorado. With the settlement of the Plains, it will necessarily follow that a large amount of fuel will be required. Northern New Mexico and southern Colorado have mountains of this fuel that needs the market, and the whole of West Texas has, at different times in the past few years, been up against it for fuel during the winter months.

The men who are at the head of the Midland & Northwestern are an aggressive bunch, and we predict that out of this short line of railroad to Seminole, in the near future, a great trunk line will develop.

We may add that these railroad builders are acting altogether in good faith with the people and interests of this section. That our people are and will act in equally good faith with the railroad management is but reasonable to suppose. Midland people, western people, are that kind.

CATTLE SHIPMENTS OF THE PAST WEEK

Amongst shipments of the past week, Inspector M. L. Bell reports the following:

On the 28th, Girdley & Nobles, 9 cars of cows to Stratford, Texas, to grass.

Same date, Joe Jay, 3 cars of cattle from Fasken to the Fort Worth market.

Same date, Earl J. Moran, 1 car calves to Fort Worth market.

Same date, C. P. Benedict, 1 car cows to Fort Worth market.

July 27th, L. J. Beard, 9 cars cows from Stanton to Roswell, N. M.

GOOD RAINS REPORTED OUT IN ANDREWS COUNTY

A. J. Graham and J. D. Chester were here Wednesday, from near Stanton. While here they had the good news of a fine rain on their ranches in the northwest part of Andrews County. Oscar Bell also has a place out in that section, and the same glad tidings came to him early in the week, he being here for a few days, on business.

THIRTEEN CHARGES AGAINST FERGUSON

Charges Filed by Speaker Fuller Within Fifteen Minutes After House Had Convened

Representative E. R. Bryan left Midland last Monday to be on hand when the second extra session of the thirty-fifth legislature convened Wednesday, upon the call of Speaker Fuller or Governor Ferguson, whichever he is who gets the honor of this call, both having called.

Anyway, on Aug. 1st the extra session convened, and within fifteen minutes after the House had convened Speaker Fuller, in his own behalf and under oath, filed charges against Governor James E. Ferguson, asking that they be investigated to determine whether or not the House will present a bill of impeachment to the Senate. Their introduction was immediately followed by a resolution by W. M. Fly, of Gonzales, providing for an investigation of the charges made by Mr. Fuller in their broadest scope, and authorizing the employment of stenographers, summoning of witnesses and other acts necessary to get at the facts. It also stipulated that the investigation shall proceed before the whole House sitting as a committee of the whole.

By unanimous consent the charges and the resolution went over until 2 o'clock Thursday afternoon, giving time for their publication in the House journal and examination by members. There was no debate. It was expected to come up yesterday.

The Reporter, not having been a supporter of Governor Ferguson, dislikes, at this time, to express an opinion relative to the matter that now is up for consideration. We refrain for the reason that we desire to base an opinion upon rumor. There are some ugly charges against a governor. There are some ugly circumstances that would tend to turn these charges into truth. On the other hand the governor may come out with clean shirts. There are certain things that place him in a fair position, and it is possible that an investigation may greatly strengthen him in his position or pose as a champion of the people's rights. The investigation, though, is altogether essential, and we favor that, to be made fully and without reservation. We believe Gov. Ferguson's closest friends wish no less than this, since matters have come to such a pass as at present.

AMERICA FIGHTING FOR CAUSE OF HUMANITY

An associated press dispatch dated at London, July 31st, and coming by wireless from Amsterdam, says:

"The German authorities at Liege, Belgium, arrested, tried and sentenced to death within three days an influential Liege merchant named Groneret, his wife and their two daughters, aged 20 and 14 years, on the unproved charge of espionage.

"The father and mother were both shot to death in the presence of their daughters. The latter were offered their freedom if they revealed the names of their parents' accomplices. The girls refused, the eldest stating: 'If we speak we might cause fifty people to be killed. We would rather die alone.'

"She was immediately shot. The youngest girl was then tortured, outraged and also shot."

For the punishment of such inhuman outrages is one of the reasons why America is today at war with Germany, and is one of the reasons why we will stay at war with Germany until Germany is suppressed and the world knows peace again.

NEW ARRIVALS OF THE WEEK

Silk Skirts, Wool Skirts, Coats and Coat Suits

We have Just Unpacked These and the Lines are Lovely

In other lines, too, we have some special bargains. Come in and look them over and when you do, don't overlook our grocery department. This is of course a time of high prices, but as the price has soared we have shaved our profits close. We are protecting you all we can. Call and see.

STANDING BEHIND OUR FIGHTING MEN

Upon Support Given Them Depends Their Safety as Battles Rage for World Freedom

America to day is filled with young men of the country who wear their country's uniform and who have offered their lives to the service of their country.

These are men who are to go to the battle front. How effective they will be there, how safe they will be there depends on the support that their country gives them.

It is not to be believed that some national catastrophe, some calamity that will be shameful to us if it comes from lack of preparation or from our failure to stand behind our soldiers, must occur to awaken our people to their duty.

The soldiers of the United States are standing by their country with a steady courage and devotion to duty that should inspire the nation with pride and patriotism and loyalty.

The Liberty Loan of 1917 was authorized for the purpose of, and its proceeds are being spent in arming, equipping, supplying, and caring for the soldiers of the United States and assist our Allies who are fighting by their side in France.

In this time of war there is a special duty laid upon every American citizen. Some have to bear arms and risk their lives and safety on dangerous seas and on the battle fronts in Europe.

The farmers of America have an important duty, a vital national economic function imposed upon them. They must provide food for our armies, food for our families at home and food for our Allies abroad.

The service that the farmers of America are to perform is in the highest degree patriotic, but it is to be profitable, too. Never before has the American farmer had such a market for his products or such tremendous purchasers as he has now in the governments of the United States and our Allies.

The President's patriotic call to the people of America made July 11th will find a ready response from the farmers of our country.

"No true patriot will permit himself to take toll of our soldiers' heroism in money, or seek to grow rich by the shedding of their blood. He will give as freely and with as unstinted sacrifice as they. They are giving their lives. Will he not at least give his money?"

The farmers of America are given an easy way to serve their country, show their patriotism, and greatly benefit themselves. Money is needed to feed, equip, arm, and clothe our soldiers at the front.

Odessa, Texas, July 30.—Two sisters and three brothers, the oldest of whom is 75 and the youngest 62, are enjoying a family reunion at the home of J. H. Ratliff of this city.

Odessa, Texas, July 30.—Two sisters and three brothers, the oldest of whom is 75 and the youngest 62, are enjoying a family reunion at the home of J. H. Ratliff of this city.

The Ratliffs are also prominent in Midland, there being at least two families of them here, who are directly related to those mentioned above.

Ed Russell was in from Coleman this week.

Citation by Publication

THE STATE OF TEXAS, To the Sheriff or any Constable of Midland County—Greeting:

You are hereby commanded to summon A. Lieb by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published to appear at the next regular term of the District Court of Midland County, to be held at the court house thereof, in Midland, on the first Monday in September, A. D. 1917, the same being the third day of September, A. D. 1917, then and there to answer a petition filed in said court on the sixteenth day of July, A. D. 1917, in a suit, numbered on the docket of said court No. 1440, wherein B. C. Richardson, a feme sole is plaintiff, and A. Lieb is defendant, and said petition alleging in substance as follows, to-wit:

Plaintiff's suit is in trespass to try title for lot No. 8, block No. 36, of the original town of Midland, Texas, as per map or plat of said town in the deed records of Midland County, Texas.

Plaintiff further says that she, and those under whom she claims, claiming to be the true and lawful owners of the said land, have had and held the same by open, notorious, continuous, peaceable and adverse possession thereof, cultivating, using and enjoying the same for more than ten years preceding the date of the filing of this suit.

Plaintiff further says that she, and those under whom she claims, claiming to be the true and lawful owners of the said land, have had and held the same by open, notorious, continuous, peaceable and adverse possession thereof, cultivating, using and enjoying the same for more than ten years preceding the date of the filing of this suit.

Plaintiff further says that she, and those under whom she claims, claiming to be the true and lawful owners of the said land, have had and held the same by open, notorious, continuous, peaceable and adverse possession thereof, cultivating, using and enjoying the same for more than ten years preceding the date of the filing of this suit.

Plaintiff further says that she, and those under whom she claims, claiming to be the true and lawful owners of the said land, have had and held the same by open, notorious, continuous, peaceable and adverse possession thereof, cultivating, using and enjoying the same for more than ten years preceding the date of the filing of this suit.

Plaintiff further says that she, and those under whom she claims, claiming to be the true and lawful owners of the said land, have had and held the same by open, notorious, continuous, peaceable and adverse possession thereof, cultivating, using and enjoying the same for more than ten years preceding the date of the filing of this suit.

Plaintiff further says that she, and those under whom she claims, claiming to be the true and lawful owners of the said land, have had and held the same by open, notorious, continuous, peaceable and adverse possession thereof, cultivating, using and enjoying the same for more than ten years preceding the date of the filing of this suit.

Plaintiff further says that she, and those under whom she claims, claiming to be the true and lawful owners of the said land, have had and held the same by open, notorious, continuous, peaceable and adverse possession thereof, cultivating, using and enjoying the same for more than ten years preceding the date of the filing of this suit.

Plaintiff further says that she, and those under whom she claims, claiming to be the true and lawful owners of the said land, have had and held the same by open, notorious, continuous, peaceable and adverse possession thereof, cultivating, using and enjoying the same for more than ten years preceding the date of the filing of this suit.

tiff therefrom, and now unlawfully withholds possession from this plaintiff thereof. Plaintiff further says that she, and those under whom she claims, claiming to be the true and lawful owners of the above described real estate, have had and held the same under deeds duly registered, have had and held continuous, open, notorious, peaceable, and adverse possession thereof, cultivating and using and enjoying same and paying all taxes thereon for more than five years next preceding the filing of this suit.

Plaintiff further avers that she and those under whom she claims, claiming to be the true and lawful owners of the said land, have had and held the same by open, notorious, continuous, peaceable, and adverse possession thereof, cultivating, using and enjoying the same for more than ten years preceding the date of the filing of this suit.

Plaintiff further says that she, and those under whom she claims, claiming to be the true and lawful owners of the said land, have had and held the same by open, notorious, continuous, peaceable and adverse possession thereof, cultivating, using and enjoying the same for more than ten years preceding the date of the filing of this suit.

Plaintiff further says that she, and those under whom she claims, claiming to be the true and lawful owners of the said land, have had and held the same by open, notorious, continuous, peaceable and adverse possession thereof, cultivating, using and enjoying the same for more than ten years preceding the date of the filing of this suit.

Plaintiff further says that she, and those under whom she claims, claiming to be the true and lawful owners of the said land, have had and held the same by open, notorious, continuous, peaceable and adverse possession thereof, cultivating, using and enjoying the same for more than ten years preceding the date of the filing of this suit.

Plaintiff further says that she, and those under whom she claims, claiming to be the true and lawful owners of the said land, have had and held the same by open, notorious, continuous, peaceable and adverse possession thereof, cultivating, using and enjoying the same for more than ten years preceding the date of the filing of this suit.

Plaintiff further says that she, and those under whom she claims, claiming to be the true and lawful owners of the said land, have had and held the same by open, notorious, continuous, peaceable and adverse possession thereof, cultivating, using and enjoying the same for more than ten years preceding the date of the filing of this suit.

Plaintiff further says that she, and those under whom she claims, claiming to be the true and lawful owners of the said land, have had and held the same by open, notorious, continuous, peaceable and adverse possession thereof, cultivating, using and enjoying the same for more than ten years preceding the date of the filing of this suit.

Plaintiff further says that she, and those under whom she claims, claiming to be the true and lawful owners of the said land, have had and held the same by open, notorious, continuous, peaceable and adverse possession thereof, cultivating, using and enjoying the same for more than ten years preceding the date of the filing of this suit.

Plaintiff further says that she, and those under whom she claims, claiming to be the true and lawful owners of the said land, have had and held the same by open, notorious, continuous, peaceable and adverse possession thereof, cultivating, using and enjoying the same for more than ten years preceding the date of the filing of this suit.

Plaintiff further says that she, and those under whom she claims, claiming to be the true and lawful owners of the said land, have had and held the same by open, notorious, continuous, peaceable and adverse possession thereof, cultivating, using and enjoying the same for more than ten years preceding the date of the filing of this suit.

Plaintiff prays for judgment of the court, and holding for naught all the defendant as in and to the above described real estate and that plaintiff recover the title and possession of said land and that all clouds be removed from plaintiff's title and that the plaintiff have her writ of possession and restitution and have relief general and special.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Midland, Texas, this the 18th day of July, A. D. 1917.

W. J. Sparks, Clerk District Court, Midland Co. adv 41-4t

ARRIVED IN MIDLAND TO PERMANENTLY ABIDE

W. A. Dawson, Jr., was never in Midland until last Saturday. He was safely conducted hence from Denison by his mother and her sister, Mrs. J. E. Red. The subject of this comment is without doubt an important personage, especially and gravely so in the mind of the senior Dawson, and it is so arranged that he take up permanent abode in our midst is an event of happy moment. He, too, is together new; a new Texan, his first appearance being in Denison some weeks ago, when he was welcomed with unbounded joy. Mrs. Red will spend some weeks with her sister.

VICTORY

Fidelity and of Top

roads of Texas were built and are maintained for your benefit. They are necessary for your peace and happiness, else they would not have been built or constructed.

It is the duty of the railroads to furnish you with a reasonably adequate and expeditious transportation service.

When these other necessary expenses are deducted, it will be seen that the railroads of Texas have earned during the year ending June 30 not over 6 per cent upon the value of their properties that are used exclusively for transportation purposes for your benefit.

For the eight preceding years the railroads of Texas had been operated at a net loss of over twenty million dollars.

While other legitimate business is paying dividends of from ten to fifty per cent per annum, surely no just man will object to the railroads occasionally earning such a small return on the value of their property.

Unfortunately, the inability of the railroads to earn anything like adequate returns makes railroad invest-

ment very unattractive and accounts for the almost complete cessation of railroad construction.

More and better railroads are needed, but until the business and earnings of the railroads improve so as to favorably compare with other business, men with money will not invest in railroads, there being so many other avenues of investment where the returns are much larger and much more certain. Whenever the operation of railroads becomes reasonably profitable, money will be readily obtainable for building additional lines.

An analysis and understanding of the conditions of the railroads, physical and financial, will convince any fair-minded man that they cannot stand a reduction in either their freight or passenger rates, and give to the people anything like adequate service. If passenger-rates were reduced, freight-rates would necessarily have to be increased. Everyone who buys anything, shipped by rail, has to contribute to pay freight rates.

Only those who travel extensively would want passenger rates reduced and freight rates increased. These few are more able to pay the present reasonable passenger fares, than the masses of the people to pay greater freight rates.

To you who pay the expenses and are entitled to know the facts, this simple statement of the condition of these public service utilities is submitted and we most respectfully and earnestly ask your fair and intelligent consideration.

Respectfully submitted,

W. J. Sparks,
Court, Midland Co.

PROVISIONS FOR STATE UNIVERSITY

President Robt. E. Vinson Writes that Institution Will Open as Per Printed Schedule

The Reporter is in receipt of the following communication, which is fully self explanatory:

The Board of Regents of the University of Texas, at its meeting in Galveston, instructed me to announce that adequate financial provision has been made for the maintenance of the institution for the session of 1917-18, and that the University will open in accordance with the following schedule, as printed in the last catalogue:

September 17, Monday. Examinations for admission begin, continuing through Thursday, September 20th.

September 26, Wednesday. Registration begins, continuing through Saturday, September 29.

Candidates for degrees in 1918 may register on any of the four registration days; other former students only on Friday and Saturday; first year students only on Wednesday and Thursday and the afternoon of Saturday. Students who register after Saturday, September 29, will be required to pay a fine of three dollars.

September 27, Thursday. Postponed examinations, examinations for advanced standing, and examinations to remove course conditions. On or before Thursday, September 20, the student must make application, either in person or by mail, to the dean of his department.

September 27, Thursday. Registration begins in the Department of Medicine, continuing through Monday October 1.

September 29, Saturday. Last day for handing in applications for degrees.

October 1, Monday. Opening exercises for the Department of Medicine.

October 1, Monday. Fall term begins.

Robert E. Vinson, President.

CONDITIONS VERY BAD IN LIMESTONE COUNTY

A. F. Curry and family have returned from a 5 weeks visit in Robertson, Falls and Limestone counties. Report conditions bad in that section. Corn a total failure and poor cotton.

ONLY ONE MAN IN THIRTY KILLED IN WAR

Roger Babson, the eminent statistician of Wellesley, has gathered the following figures from a close study of war casualties:

Fourteen men out of every fifteen have been safe so far. Under present conditions, where man power is being saved, not more than one in thirty is killed. Only one man in 500 loses a limb, a chance no greater than in hazardous conditions at home.

Mr. Babson's conclusions are based on the mortality figures of the French army for the full three years of the war, and attention is called to the fact that present fighting is not resulting in anywhere near the number of deaths recorded for the first two years.

"Most of the wounds sustained in the trenches," said Mr. Babson, "are clean-cut and of a nature that a few weeks in the hospital makes the subject as fit as ever. But 300,000 French soldiers have been discharged on account of wounds during the three years of the war."

Fighting in the trenches, most of the wounds are in the top of the head simply scalp wounds. Practically speaking, a wound is either fatal or slight, but with few in between these two extremes."

Citation by Publication

THE STATE OF TEXAS, To the Sheriff or any Constable of Midland County—Greeting:

You are hereby commanded to summon Lou A. Myers, Mabel Coggin and G. G. Coggin, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 70th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest district to said 70th Judicial District, to appear at the next regular term of the county court of Midland County, to be held at the court house thereof, in Midland, Texas, on the 2nd Monday in September, A. D. 1917, the same being the 10th day of September A. D. 1917, then and there to answer a petition filed in said court on the 20th day of June, A. D. 1917, in a suit, numbered on the docket of said court No. 657, wherein John S. Myers is plaintiff, and Lou A. Myers, Mrs. Hostettler, John Hostettler, LeRoy Hostettler, Mabel Coggin and G. G. Coggin are defendants, and said petition alleging: Plaintiff alleges that on application of Lou A. Myers, a purported will of Calvin N. Myers was admitted to probate July 11th, 1913, that said will was fraudulent; that at the time of writing said purported will Calvin N. Myers was of weak mind,

easily influenced and incapable of proper judgment, and wrote said writing through undue influence, and said instrument was not in fact a will; that at the time said instrument was written such person as Lou A. Myers existed; that said writing was not more than a unilateral agreement, without consideration, could not be probated, because it was contradictory, indefinite; no actual disposition of property could be made under it. That said instrument gave no title to any property mentioned therein to Lou A. Myers; that said purported will was not properly probated, in that only a part of the deceased property was bequeathed therein, while the probate covered the entire estate of deceased, that none of the requisites of a will were complied with. That plaintiff interested in said estate, and is a legal heir to said estate, being a son of Calvin N. Myers, and has been damaged \$2,000.

And further, Lou A. Myers was appointed executrix of said purported will, that Mabel Coggin, G. G. Cog-

gin, Mrs. Mary Hostettler and LeRoy Hostettler are beneficiaries in said purported will, and are made parties herein to determine all rights; that John Hostettler is the husband of Mrs. Mary Hostettler, and in joined proforma.

Plaintiff prays for citation of each of said defendants, for annulment of said probate proceedings and appointment of said Lou A. Myers as executrix, for the setting aside of the probate of said purported will, that the will, the probate thereof and all proceedings thereunder be annulled and a satisfactory account had, for general and special relief.

Herein Filed by Plaintiff

County Court of Midland County, Texas, this 10th day of July, 1917.

**MAYBE SO, SOMETIME
 HELL BE A GOVERNOR**

We've known Attorney Jno. B. Howard, now of Pecos, some 'steenty years, we don't know how many. Always he has been an ardent champion of whomsoever and whatsoever was anti prohibition. And so honest in it has he been that we've wondered, at times, why he has not risen high in state and national preferment by reason of such championship—especially so, since his side of the Texas democracy has known enough to hang together and has predominated in State affairs. But we never thought of a Jno. B., Jr. There is such a personage, however. New? Oh, yes; on the 28th of last month he bloomed to blush unseen? None whatever. The dad never blushed in his life and he is always seen in all scenes of activity—and heard. Now, as to the youngster, it is a little early to place him categorically, but it is safe to guess and to guess ponderously—perhaps gubernatorially. Anyway, here is our congratulations—an' hopin'.

**NOW ON SUMMER TRIP
 TO "KOOL KOLORADO"**

Last Wednesday morning W. H. Spaulding and wife and son, Herman, and daughter, Mrs. Allen, left Midland for a summer outing in Colorado. Mr. Spaulding had just bought of his firm, W. H. Spaulding & Sons, one of those handsome Lexington cars, and it is especially equipped for an outing. They, too, have a splendid camping outfit, and in every way are prepared to thoroughly enjoy their splendid outing. Besides Colorado Springs, Pike's Peak and other points of interest near by, they may extend their trip still further northwest and visit the national park and other scenes. We wish them a merry six to eight weeks, the duration of their outing.

**CONTINUED REPORT
 DRY IN NEW MEXICO**

Our esteemed friend and former townsman, Chas. B. McGonagill, accompanied by his wife, was in Midland the first of the week from near Lovington, N. M. Mr. McGonagill reports the country out there very dry, but not so much so as here. Says cattle are doing fairly well, and August rains will put things in good shape.

**STAND
 UP**

President F. G. Jones, of Midland College, addresses an interesting comment to The Reporter this week. He has made a special study of the effect of the world war on schools and colleges, and the result of his investigations follow herewith:
 Editor Reporter:

College boards and college authorities have been earnestly studying the probable effect upon the American colleges of a declaration of war by the United States against the central powers. The public at large have also manifested a similar interest. And it is a daily question the college man must answer upon inquiry from his friends, whether selective draft will decrease the attendance of the colleges the coming September.

The writer has devoted much time and investigations to the answer of this query. Upon the one hand, the normal student attendance of peace times will suffer diminution from several sources. First, the draft will withdraw directly many young men within the age of draft. Again, some will volunteer below the age of selection. In addition to these two direct withdrawals, timidity and vague misgivings on the part of some parents will keep a few boys at home. Other boys will be kept at home to take the place of older brothers called to the colors. Finally mere war excitement may cause a few excitable young men to remain at home.

But on the other hand there are strong compensating influences at work to increase our college attendance. The first of these is the tremendous impetus given to technical education by the experience of the war. Every movement of the army, whether on sea or upon land, must be guided by a brain proceeding to its conclusions through the formulas and instrumentation of applied science. The lives of thousands are in the power of these subtle minds every moment of day and night.

Then this crying need for technical skill in every department of army life, brought out the prior necessity for a broad foundation of general education as a basis of the required technical training. For such training cannot be acquired by poorly prepared minds. Definite courses of study lead up to this applied science. And these courses of study are to a large degree the ordinary high school and college courses of study. Hence the immediate effect upon the popular mind of realizing vividly the stern and unquestioned necessity of highly specialized knowledge and skill, was the logical inference that the college course is the vestibule that must be crossed before reaching the technical goal. These lessons of the war were soon

rest, our far-
 pick to sound th
 encouragement
 outh of our own country. He
 ly announced that the young
 no does not enlist can render
 ble service to his country by
 college and preparing himself
 earnestly for the new age of activity
 and opportunity that shall follow the
 declaration of peace. He suggested
 the inference that the pursuits of
 peace will require no less knowledge
 and technical skill than the pursuit
 of war. He expressly declared that
 the young man who entered college
 and prepared himself for intelligent
 citizenship was rendering a service of
 no less value than the brother who
 bore a gun. His urgent advice was
 that our American colleges be filled
 to overflowing by young men not en-
 listed.

The loss of educated young men to the country will be great. Thousands of upper classmen left the colleges and universities for the training camp. Who will take their places? How familiar is the statement of our older citizens that the civil war came up just at the time to prevent their education. Will the present war leave the same painful gap in the education of our young men? Not if our chief executive can impress his convictions upon this country.

The educational program of the War Department announced by the Committee of National Defense and sent out by the National Commissioners of Education, P. P. Claxton, gives the following instruction:

"The number of students in colleges, universities and technical schools should increase rather than diminish. Many of the older upper classmen will volunteer for some branch of the military service, but all young men below the age of liability for selective draft, and those not recommended for special service should be urged to remain and take full advantage of the opportunities offered by the colleges, universities and technical schools, to the end that they may be able to render the most effective service in the later years of the war and the times of need that will follow. Practically all women students should remain, and all boys and girls graduating from high schools—should be urged to enter colleges, technical schools or normal schools. Patriotism and the desire to serve humanity may require of these young men and women the exercise of a very high type of self restraint, that will keep them to their tasks of preparation until the time comes when they can render service which cannot be rendered by others." These words of advice to young men and young women speak for themselves.

The National Commission of Education publishes some important facts showing the importance of education in American life. These may be appended to this article as being upon the subject.

By the census of 1900 in the United States above thirty years of age, 14,700,000 men; without education, 1-

WITH THE CHURCHES

The Ministers of the City are Cordially Invited to Use this Column as They Care

PRESBYTERIAN CHURCH
 The forces of Christianity are today re-emphasizing the Kingdom of God. It is the missionary age in which Jesus Christ is being emphasized. Christianity does not mean a few good folks meeting for fellowship and worship; it does not mean keeping up the church; it does not mean saving a few folks for another world. It means a new world here, where the will of God shall be done for the good of men in home and state and business. The church is here for that end. Christ came to that end, and to that end every Christian, so far as he is really a Christian, is pledged with life and substance. How are you lined up with such a world-wide force?

A welcome is extended to all at the services at this church the coming Sabbath.
 Sunday School at 10 a. m.—J. F. Clark, Supt.
 Morning worship at 11. Subject of sermon, "The Revelation of Light."
 Evening worship at 8:30. Sermon by the pastor.
 Prayer meeting Wednesday evening at 8:30. The prayermeeting

**HAD INDIFFERENT LUCK
 ON THEIR FISHING TRIP**

Sheriff W. E. Bradford and family, John W. Price and family, and S. E. Cole and family all went down on North Concho last week for a fishing trip. Mr. Cole and family extended their trip on to Coleman County for a visit to friends and relatives. The others returned to Midland Tuesday night. Report a pleasant outing, but very indifferent fishing. The fish are not biting much and there are great crowds down there for summer outings.

**IMPROVING AFTER
 A PROTRACTED ILLNESS**

Mrs. George Price, daughter of Mr. and Mrs. J. W. Hampton, has been quite ill for some time. Her condition is now reported much improved.

**FORMER MIDLAND MAN
 WILL MOVE BACK SOON**

Our former commercial club secretary, J. L. Roberson, who moved away from here in 1915, has accepted a position as manager of the Texas Company at this station. Mr. Roberson says he will move his family here from Snyder just as soon as he can find a dwelling house.

**REPORT PRETTY FAIR
 RAIN IN UPTON COUNTY**

W. J. Higgins and W. W. Miller were visitors this week from Upton County. They report a pretty fair rain down there, in the neighborhood of Rankin, the first of the week.

WARNING TO OUR BOYS LIKELY TO ENLIST

The Reporter has been requested, by some of our boys, to refrain from publicity of their acts of enlistment, claiming that such publicity may interfere with their plans. We shall respect their wishes in this. However, there is a matter that we wish attention called to. In Midland the New Mexico National Guard has been heavily recruited, and it has worked a distinct imposition upon us. Midland is patriotic and wants to do heroic work in this world war. We want credit for it, though, and that we haven't received in recruiting the New Mexico guards. As a result Midland is forced to furnish much more than her quota to the several departments of the army. We urge, then, that our boys listen to no more arguments favoring an enlistment where Midland will receive no credits. There are many and equally desirable opportunities for enlistments where Midland will receive due credit for every boy she furnishes for the army and navy.

Try a Pecos Valley cantaloupe at the Warnock Cafe. They are the finest ever. adv 43-3t-p

A CRATE OF CANTALOUPE FOR THE REPORTER

We have a most esteemed friend over in the Pecos Valley, near Pecos. He is Bill Arp Oden and a former townsman. Used to be that he was a stockman. He is yet, but not exclusively so. Now he raises cantaloupes over there, and they are especially fine or he would have nothing to do with them. We further know for the reason that one day recently this office received a whole crate of them. The whole force enjoyed them, and pronounced them second not even to the famous Rockyford product. Further proof of quality is that Mr. Oden furnishes cantaloupes to the Paso del Norte of El Paso, the Adolphus of Dallas and Warnock's Cafe and the Yeakel Hotel of Midland. But, thanks, old man, for your remembrance to The Reporter force. The whole outfit will testify to the quality of your product.

STOCK AND RANGE GOOD IN GAINES

P. S. Lovelady and Ben Dunn were down from Seminole Monday. They gave very fair reports of range and stock. Cattle are in good shape, though they have had none too much rain.

PANHANDLE COUNTRY IN PRETTY FAIR SHAPE

W. H. Lundy and son, Fred, returned this week from near Amarillo, where they visited Mr. Lundy's sister, Mrs. B. W. Boman. Mr. Lundy reports that section in pretty fair condition from a range point of view, though crops are short.

Sheriff's Sale (Real Estate)

THE STATE OF TEXAS, County of Midland.

In the Justice Court, Precinct No. One, Midland County, Texas.

The Midland Mercantile Company, a corporation, plaintiff against Miss Nettie Dublin.

By virtue of an execution issued out of the Justice Court, Precinct No. 1, Midland County, Texas, on a judgment rendered in said court on the 25th day of June, A. D., 1917, in favor of the said Midland Mercantile Co., a corporation, and against the said Miss Nettie Dublin, I did on the 16th day of July, A. D., 1917, at 2 o'clock p. m., levy upon one-sixth interest of the following described tracts or parcels of land situated in the county of Midland, State of Texas, and belonging to the said Miss Nettie Dublin, to wit:

All of section 23, certificate 3131, Block 39, Tsp. 1-South, 640 acres. All of section 14, certificate 3126, Block 39, Tsp. 1-South, 640 acres. Each of said sections located about 2 and 3 miles north of Midland. All of Block 39 West End Addition to the city of Midland. All of Block 48 Homestead Addition to the city of Midland. All of the west one-half of Block 39 Homestead Addition to the city of Midland. Said city property as shown on map or plat on file in the county records of Midland County, Texas.

All of the above described property being in Midland County, Texas.

And on the 4th day of September, A. D., 1917, being the first Tuesday of said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m., on said day, at the court house door of Midland County, Texas, I will offer for sale and sell at public auction, for cash all the right, title and interest of the said Miss Nettie Dublin, and to said above described property. Dated at Midland, Texas, the 26th day of July, A. D., 1917. W. E. Br...

CATTLE DOING WELL OUT IN GAINES CO

John Reynolds came in again week from a visit to his Gaines County ranch. He did not report any but said cattle are doing nicely, no losses have been noted up to.

THE EFFICIENCY OF THE UNITED STATES

An Enumeration of Some of Our Accomplishments During Four Months of War

German efficiency has been held up as a degree of excellence unattainable by a Democracy. The accomplishments of the United States since April 5th last refute the truth of the claim. In the short space of time since that day the United States has accomplished the following:

Declared a state of war as existing between this country and Germany.
 Seized 91 German ships and begun repair work on them.
 Authorized unanimously a war fund of \$7,000,000,000.
 Appropriated \$600,000,000 for merchant shipping and as much for air fleets.
 Agreed to loan our Allies \$3,000,000,000 and advanced them a large proportion of that sum.
 Passed a selective draft law and in a single day registered nearly ten million men for military service.
 Enlisted 600,000 volunteer soldiers in the regular army and in the National Guard of the States.
 Sent a commission to Russia to aid Democracy there and a body of railroad men to Russia and another to France to advise and assist in railroad transportation in those countries.
 Begun the construction of 32 camps for our soldiers.
 Sent to England a fleet of destroyers and to France two detachments of troops.
 Authorized and now enforcing embargo whereby our enemies will receive no more food or material from us.
 Passed a food conservation law.
 Organized many volunteer commissions and boards who are aiding the government and the people in the speeding up of work, conservation of food, and other national movements.
 Drafted by lot 687,000 men for military service.
 While the government was accomplishing these things the American people have loaned the United States \$2,000,000,000 and offered \$1,000,000,000 more, over four million citizens subscribing to the loan.
 In addition they have given over \$100,000,000 to the American Red Cross and \$3,000,000 to the Young Men's Christian Association.
 All these things were accomplished while our soil was not invaded or even threatened with invasion and without any disturbance of business conditions. All was done with the calm determination and judgment of an earnest, patriotic people performing a service for civilization and mankind and maintaining the rights, the dignity and the honor of the greatest nation in the world.
 The German leaders derided America's entry into the war as a bluff. This is our answer.
 The German Imperial Government was nearly fifty years in perfecting its military efficiency. In less than four months the American Republic has made such strides as to indicate that in less than two years' time the boasted superiority of German efficiency will have been discredited. There is such a thing as American efficiency, and time will prove that German efficiency can not withstand it, fighting as it is for liberty, justice, and humanity.
 T. S. Patterson made a business trip to Sweetwater, Monday.

 Texas Editors

We know the story never originated in this West Texas newspaper office. Sometimes we have had the inspiration for such, and even the disposition. However it takes lots of nerve to tell the truth as did one editor, who latterly is said to have been an West Texas one. But the story. It is published, the last time we saw it—which was this week—in the Gulf Coast Lumberman, and handed to us by Mr. Bradshaw, the local manager for the Burton-Lingo Company.

A West Texas editor got tired of being called a liar because of an occasional typographical error or slight disarrangement of the facts in publishing a commonplace news item. In his wrath, he announced in bold face type as follows:

"A lot of people in this town fall out with the editor and brand him as a liar when the ordinary human mistakes of life show up a newspaper. You have a little charity and fellow feeling for every man in town but your editor. You claim that you want the facts, and d—d if I don't give 'em to you. Read the next issue of this sheet and you'll see some facts with the bark off. I'll admit that I have been a liar, an editorial liar, ever since I have been editing this sheet, but I have never printed a lie in these columns except to save somebody's feelings from being hurt. I'm not afraid of any of you and I'll be dad blamed if I don't print the plain truth from now on, or until you get out of the habit of calling me a liar every time I make some little unavoidable typographical error. Watch my smoke."

Here are some paragraphs culled from the next issue:

John Bennin, the laziest merchant in town, made a trip to Belleville yesterday.

John Coyle, our groceryman, who voted with the Republicans in 1896, and consumes more mail-order whisky than any other member of the Baptist church in this country, is dirty and dusty. It is a wonder that he has any business at all.

Rev. Sty preached last Sunday night at the Christian church. His sermon was punk and uninteresting, except some stuff he quoted from Bob Ingersoll, for which he failed to give Bob any credit. He also recited a few passages from one of William Elbert Munsey's sermons and had the gall to palm it off as his own.

Dave Chartier died at his home two miles north of this place, last Thursday night. Dock Holderness, who is an old friend of the family, attended him a few minutes before he expired. He gave it out that Dave died of heart failure. That is a lie. Dave died from drinking too much of the very poor grade of mail order liker. This paper prints the truth.

Tom Sp... married Miss Cordie Meadow last trades' day at the county seat. It ain't generally known, but the marriage was brought about mainly by a Remington shotgun manipulated by the bride's father. Tom concluded that marrying was the healthiest thing he could do until other arrangements could be made.

Roger Lloyd, cashier of the State Bank at Willow Grove, died Wednesday evening and was buried Friday by the Odd Fellows in Pleasant Mound cemetery. He has been taking this paper seven years and so far hasn't paid a cent; we thinking that he, being a banker, would pay some time. We will sell the account for two bits worth of fresh greens.

Married—Miss Susie Scruggs and Horace Guffin, last Saturday, at the Methodist parsonage, Rev. James C. Williams officiating. The bride is a very ordinary town girl who flirts with all the traveling men she meets and never helped her mother three days all put together in her whole life. She is anything but a beauty, resembling a gravel pit in the face, and walks like a duck. The groom is a natural born loafer and bum. He never did a lick of work until his step-daddy run him off from home last fall. He went to the county seat, and just before starving to death, accepted a job as chamber maid in a livery stable. As soon as his ma found out where he was, she went and got him and brought him home. He now resides at the home of his wife's father and says that he has no definite plans for the future. Susie will have a hard row to hoe.

Yes, really, the editor who thus got his mad up had nerve, plenty of nerve. If ever we locate him we are going to offer him special inducements to take over the editorial responsibility of The Reporter—for at least one week. We'd not want to use him longer, even though he'd be fit—which we doubt—for further service.

ENJOYED PLEASANT TRIP TO ARIZONA AND NEW MEX.

Miss Clara, daughter of Mrs. Laura Wright, returned home this week from a six weeks' visit to Deming and Roswell, N. M., El Paso and points in Arizona. The young lady is very enthusiastic in her reports of the places she visited and is about ready to go again.

WILL VISIT THE MARKETS IN CHICAGO

Miss Maggie McCormick, proprietor of the Ladies Store, left yesterday morning to visit the markets in Chicago to select her fall and winter stock of millinery. She will also visit her sister, Miss Loree McCormick, who is in school in Dallas.

KIDD-KEY REPRESENTATIVE WAS HERE LAST SUNDAY

The pastor, Rev. J. W. Cowan, being ill last Sunday, Rev. Spurlock, a representative of Kidd-Key College, of Sherman, filled the pulpit at eleven o'clock. All who attended report an excellent sermon and a good service.

TRIP AROUND THE WORLD IS PLEASING

Carnival of Nations Was Highly Entertaining and Very Instructive in Every Way

The Carnival of Nations, or rather Trip Around the World, given by the Epworth League on last Tuesday night was exceptionally good in every way. On account of so many people being out of town and also not being advertised sufficiently, the crowds that attended were not as large as desired, only between \$25 and \$30 being cleared.

The captains of the various booths are to be commended upon the success of their entertainments, all who attended pronounced them unique in every way. Each young lady and gentleman of the League, with the exception of one or two, worked hard to make the occasion a success and were amply repaid for their labors by enthusiastic comments.

The first place visited was Africa. Ned Watson was manager of this booth and with the assistance of Misses Alma Cowan and Pearl McCormick and Messrs Alvin Johnson and Lee Terry, rendered a very amusing minstrel first part. The decorations here displayed a booth, or an arbor of green vines and yellow flowers and yellow streamers. In the rear was an African flag, which was originally designed by the captain. This flag was a red cloth with the pictures of a watermelon on a chicken, a razor and a banjo pasted on it. Ginger cakes and buttermilk were served here. This was given at the beautiful home of Mr. and Mrs. Phil Scharbauer, who also contributed greatly to the success of the evening.

The next place to visit was China, at the home of Rev. and Mrs. J. W. Cowan. This booth was in charge of Miss Judith Clark and assistants. In one corner of the room was a table behind which sat a Chinaman who dealt out medicine to the guests. The house was decorated in Chinese signs and dragons and Chinese flags. On entering the room you sat upon mats while rice was served.

The next Booth, Japan, at the home of W. W. Brunson, in charge of Miss Ruby Cauthen. This was decorated in the Japanese colors and flags. Here you also sat upon mats while pretty Japanese maidens served you with delicious tea and wafers.

Korea, in charge of Miss Eunice, at the home of M. J. Johnson. The Koreans looked unique and quaint in their flowing costumes and each guest was treated with cordial greeting and served with the refreshments similar to that of China.

Mexico, at the home of W. H. Brunson, was in charge of Miss Esther Klapproth and she, like all the rest of the pretty señoritas, were dressed in beautiful costumes which blended beautifully with the simple but attractive decorations. Hot-ta-males were served by the dashing, dark-eyed daughters of this joining country, and beautiful songs of this land of romance were well rendered. After we had said adios, we next went to Brazil at the home of G. M. Cauthen, in charge of Miss Nannie Terry. The young people displayed such gracious manners and served such delicious coffee that all went away highly pleased.

Last we came to America, the land of the free and the home of the brave. Miss Mable Stilwell had charge of this booth on the Methodist church lawn, and with her assistants served appetizing refreshments. The lawn was decorated in the regulation national colors.

Each one of these booths represented a mission field of the M. E. Church South, and had the missionary represented at each booth. Rev. Cowan gave an interesting talk at the African booth and others that explained the whole situation and the great work that this denomination is doing in the foreign fields.

and Patria are still holding enthusiastic crowds, and will no doubt do so until the close.

Make the program of next week in your column. It is a dandy.

OUR MARKET REPORT FROM KANSAS CITY

Kansas City Stock Yards, July 30, 1917. Cattle receipts were 25,000 head today, a big drop from recent Mondays. Prices opened strong to 15 higher, but later slowed down to barely steady, top \$13.75. Hog receipts were 7,500, market mostly 10 higher, top \$16.10. Sheep and lamb supply was 3,000, market weak to 25 lower, best lambs here \$14.50.

Beef Cattle Missouri beef steers sold at \$13.75, as compared with a top of \$13.90 for best steers here last week. Weighty grass steers were not as numerous today, sales not much changed from the close last week, 15 to 25 below a week ago, best in this class \$12.65, light grass steers down to \$9. Oklahoma shipped lightly, prices around steady, good steers weighing 900 to 1,000 lbs. at \$9.10 to \$9.75, 750 to 850 lbs. at \$7.50 to \$8.75, lighter steers down to \$6.75. Butcher cattle opened with good prospects but lost their advantage. Striking switchmen at Chicago threw the market off its stride, and the reported settlement of the strike this morning did not quite restore the equilibrium.

Stockers and Feeders There was a large hold over from last week, 9,000 head, but more country buyers appeared today, and this in connection with receipts smaller than heretofore resulted in a steady market, recent declines. Some good red Kansas steers sold early at \$8.50, weighing 875 lbs., considered steady. Stock steers range from \$6.25 to \$8.50, including best quality. Some fleshy steers are going out as high as \$11.75, but this trade is not yet dependable.

Hogs Excited markets closed last week, and buyers asked a quarter higher at the start today. Later the situation settled to a 10 higher basis, with that advance gone at the close. Prime heavy weights sold at \$16.10, highest price since May, medium weights \$16, best lights \$15.60. Dry weather and two dollar corn are too much for some raisers, and a certain number of good breed sows are being sacrificed. One Nebraska owner sent on his herd of 12 registered sows. Courageous farmers are able to get brood sows worth the money from timid owners now, one Kansas man today telling of his purchase of two good bred sows, weighing 300 lbs. each, at \$30 a piece at his home last week.

J. VANE SMITH BACK FROM SUMMER VACATION

On his return last Monday, from his summer vacation, J. Vane Smith was accompanied by his sister-in-law, Mrs. N. R. Smith, and the several little Smiths. They drove through in their car from Grand Prairie. During his absence Mr. Smith visited Dallas, Waxahachie, San Antonio and other points. Mrs. Smith and the children had been absent about two months. Mrs. Coker will visit the families of her brothers for some time. She is from Waco and accompanied them on their return home.

TRANSFER TRACKS TO CONNECT WITH M. & N. W.

Assistant Engineer Duval and party, of the T. & P., were here Wednesday from Big Spring to stake out transfer tracks on Pecos street for a connection with the M. & N. W. Ry. Co. Teams will be put to grading and the connection built at once.

Citation by Publication

THE STATE OF TEXAS, To the Sheriff or any Constable of Midland County—Greeting:

You are hereby commanded to summon I. N. Johnson, Jr., by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in the Midland Reporter, same being a newspaper published in your county to appear at the next regular term of the district court of Midland County, to be holden at the court house thereof, in Midland, on the first Monday in September, A. D. 1917, the same being the 3rd day of September, A. D. 1917, then and there to answer a petition filed in said court on the 19th day of July, A. D. 1917, in a suit, numbered on the docket of said court No. 1442, wherein Wilton Brannan is plaintiff, and I. N. Johnson, Jr., is defendant, and said petition alleging in substance as follows, to-wit:

Plaintiff's suit is based upon three promissory vendor's lien notes, which were made, executed, and delivered to plaintiff by the defendant, I. N. Johnson, Jr., on May 30th, 1916, and due one, two, and three years after date. Notes Nos. 1 and 2 being for the principal sum of \$200.00 each, and note No. 3 being for the principal sum of \$175. Said notes bearing 8 per cent interest per annum from date, payable annually and stipulating 10 per cent on the amount of principal and interest then due as attorney's fee in case suit is brought, or in case said notes are placed in the hands of the attorney for collection.

That said notes were given for a part of purchase money of the east one-half of section 14, block K, public school land, same containing 320 acres situated in Terry County, Texas. That said property was on the 30th day of May, 1916, conveyed by plaintiff to the defendant by his deed of writing of that date, and that vendor's lien was retained in said deed of conveyance to secure the payment of the three notes above described. Plaintiff says that said notes are due and unpaid, and that defendant though often requested has failed and refused to pay same, and plaintiff has exercised his option of declaring all of said notes due and matured.

Plaintiff prays for judgment for his debt, interest, attorney's fees, and the costs of suit, and for the foreclosure of his lien on the above described land and premises, and for an order of sale to issue to the sheriff of Terry County, Texas, and that the sheriff in executing said order of sale, shall place the purchaser of said property sold under said order of sale in possession

PLEASANTLY ENTERTAINED SUNDAY SCHOOL CLASS

Mayor H. A. Leaverton has a very interesting Sunday school class at the Presbyterian church. He finds much pleasure in it and its members collectively. Last Friday evening, after supper, the class met at the church for a brief business session, and then repaired to his pretty little home on West Side. On the lawn iced watermelons were served, and music from an Edison machine added to the pleasures of the evening. It was a delightful-social occasion, for other friends came later in the evening and all enjoyed a season of uninterrupted mirth and good fellowship.

MOVING THIS WEEK TO RANCH NEAR ROSWELL

W. C. Massey and family are this week moving to their ranch in New Mexico, near Roswell. Mr. Massey has lately moved his operations to that section, and is raising sheep as well as cattle.

STILL VERY DRY OUT NORTHWEST OF ODESSA

Chas. M. Dublin came in Wednesday from his ranch 20 miles northwest of Odessa. He says that country is still awfully dry, and the calf crop is short. We are all, however, hoping for better reports soon.

Detroit Vapor Oil Stove

Here is a wickless, odorless oil stove that lights and cooks like city gas. Burners are heavy grey annealed iron, last a lifetime, give intense heat, save one-fourth on fuel over gas, coal, wood or ordinary oil stoves. Heat directly under utensils. Two burners in oven assure prize baking results. Splendidly built, beautifully finished, requires no tacking. Makes cool summer kitchen. Extremely simple, safe and quick working.

Basham, Shepherd & Co.

FATHER DIED IN WACO WEDNESDAY

Reporter tenders an expression of sympathy to Mrs. P. R. Mitchell. Friday morning she received a message that her father, Mr. G. C. Mitchell, had died the evening before. Deceased was quite aged and had been sick for some time, and Mrs. Mitchell was just back from a visit to him. She returned from Waco last Saturday, and, apparently, at that time, the father's condition was improved. She received her message too late to go to Waco to see yesterday afternoon.

HAD GOOD RAIN AND WILL NOT SHIP CATTLE

Will A. Martin ranches 25 miles southwest of Midland. Up until the first of the week he had been very busy rounding up, preparatory to shipping to Oklahoma grass. The first of the week, however, he had a fine rain, and he will not now ship. A good many sections of the country have been blessed by fair rains lately, and we are led to hope conditions may soon be greatly improved.

WADLEY WILL EXTEND TRIP TO NEW YORK

Addison Wadley, member of and buyer for the firm, Wadley-Patterson Company, left last Sunday evening for his fall marketing trip. He stopped in Dallas, then on to St. Louis and Chicago, and from there will go on to New York. He will be gone about two weeks.

THE

Volume XXI.
REAL FACTS ABOUT OUR UNIVERS

Something of the Controversy... Has Vexed Many Interested in the Institution.

Recently there was published our paper an authorized statement from the Board of Regents of State University that our University would open this fall as usual. (ing to conditions that have arising during the summer, it is possible to some of our citizenship who choosing schools for themselves their children would like information concerning our University. In writing this article we do desire to raise any political issue, cuse or condemn any person or group of persons. Our sole purpose is give to those who are interested real facts concerning the conditions as we see them in and surround our State University. Before taking up any special charge it might be beneficial to amine what others, who have m investigation, have to say concern corruption in the University, and t ther the attitude taken toward an vestigation, both by accused prosecutors of the University. As appears from the record of investigation of the Board of gents of the University of Texas concerning the conduct of certain m bers of the faculty, Dr. W. J. Est John A. Lomax, Dr. W. J. Mat and Dr. A. Caswell Ellis request the Board of Regents, in the stro est terms, to make a thorough investigation, covering the entire per of their service to the University. the same meeting, at which these quets were made, those mak charges may be quoted as follows: Governor Ferguson to the Board Regents: "We just as well un stand each other, and I will tell now, if you undertake to put th men over me. I am going to exer my constitutional authority to move every member of this bo who undertakes to keep them."

The Chairman: "What sugges have you got to make for proced in this matter?" Gov. Ferguson: "I think it just easy as falling off a log. If simply go to these men—and they guilty of the charge, and there for says about it—if Dr. Vin breft these men—'You made me and I am not to bl for it. I can't include your name that list, and I want to relieve University of this issue'—that is there is to it." Mr. Harrell: "Don't you thin man should have a hearing to thi these charges?" Gov. Ferguson: "Not necessa so." The Board of Regents did not fit to dismiss any member acc and as one member remarked, have seen no evidence of intentic baseness or moral tergiteude, th fore I voted as I did.

Following this investigation, Legislature met, and was urgen petitioned by the Board of Reg of the University, the Ex-Stud Association of the University, (v unanimously) and the students of University, to make thorough, fair, impartial and public inquiry. While this request from the University was pending before the State, Governor Ferguson stated he "did not consider further invest tion necessary."

The action of the Senate was a solution as follows: "Whereas, The testimony taken the Board of Regents of the Unif sity of Texas having been publi and a copy of same having been to each Senator, and members of Senate having had an opportunity read and consider same, that it is sense of the Senate: "First—That the Board of
