Nothing is more palatable for those who cannot raise their own meat, nor more profitable for those who can, than good old home-cured products.

A few killing hogs will not only care for home consumption but will add materially to the income as well.

If you would like to try it and can use us in your plans, you have a standing invitation to do so.

BOOSTERS READY FOR COLORADO TRIP

HARRY NEBLETT SELECTED AS MARSHALL IN CHARGE OF MIDLAND PARADE

It looks as if everybody's going to Colorado to attend the Mitchell County Fair next Thursday. Next Thursday, September 25th, is Midland County Day.

Harry Neblett is marshal of the day. He will ride in the lead car, and will give directions for the monster Midland parade. The cars will line up between the First National Bank and Midland National Bank at 6 o'clock next Thursday morning, and go in a body to Colorado.

The Midland boosters will halt on the west side of the Colorado River bridge to form in line of parade, and will then invade Colorado to let Mitchell County know all the "dope" on Midland County.

More than 50 cars have already signed to make the trip, and at least 50 other autos are expected to be in the parade. Elmer Bizzell and Secretary Vickers of the Chamber of Commerce worked only a few hours, and visited only the business houses signing up people for the trip. They failed to see many farmers, ranchers and professional men as well as boys and girls who will make the trip. They want everybody in Midland County to go to Colorado next Thursday.

Elmer Bizzell will take the Midland County exhibit to Colorado in a truck Wednesday. He will also have a big supply of Midland literature. Mr. Bizzell knows scores of Mitchell County farmers personally. Midland wants Mitchell County farmers. It is a matter of good business for Midland to have a great parade in Colorado. The Mitchell County people seeing the parade will say, "By gosh, Midland is showing off so here today, let's go down to the fair grounds and see if 'old' Elmer Bizzell has got anything to prove all these claims about what will grow on that cheap farm-

ing land in Midland."

Then, they'll go to the fair, and Mr. Bizzell, a former Midland County man will shoot them full of Midland propaganda.

Whereupon, ergo, they'll flock here and buy these lands.

The Chamber of Commerce is furnishing Midland hat bands to everybody. Business men should have their own signs and banners made to boost their own business houses among the prospective new farmers.

Get in the band wagon! Let's all go. If there ever was a time to boost Midland it's now.

Over 50 men have already said they'd go, and this is only half of the desired number, for everybody is not only welcomed but urged to get in the Midland parade, boost, and have a good time at the fair. The parade will be at 11 a. m. Autos will line up here at 6 a. m. and meet at the Colorado river bridge at 10:30 a. m. Get your hat bands from Harry Neblett at his drug store.

Here's a partial list of men who say they'll go; if your name isn't here, it's just because the committee didn't get to see you, you are as welcome as these:

Dewey Stokes, Clifford Hill, J. B. Wilkinson, W. R. Chancellor, Frank Dale, Lon Roberts, B. S. Davies, M. D. Johnson, Don Davis, "Cap" Wallace, Bratcher Runyon, Bill Collins, Marvin Holcomb, Harry Tolbert, Harry Neblett, T. A. Fannin, Thomas Inman, R. V. Lawrence, Porter Rankin, Addison Wadley, E. D. Brooks, W. C. Campbell, J. V. Stokes, Jr., Arthur Johnson, Earl Moran, Elliott Barron, J. V. Gowd, Fred Leonard, W. H. Williams, J. Wiley Taylor, Charles Watson, Joe Roberts, F. A. Early, E. B. Early, Sam Weinstein, B. H. Blake, Rube Clayton, J. F. Barber, Melvin Hill, John Dublin, T. B. Little, Judge J. M. Caldwell, Percy Mims, Ben F. Whitefield, W. P. Bodine, Foy Proctor, Dr. Pemberton, George D. McCormick, Andrew Fasken, Audie Francis, Jax M. Cowden, H. B. Dorsey, J. V. Hobbs, and Frank Cowden.

Mrs. John Edwards was here last week from Odessa, shopping.

PROFITS AND LOSSES DURING YEAR 1921

BY GEO E. ROBERTS, ISSUED BY NATIONAL CITY BANK OF NEW YORK

Lumber, Paper and Pulp
Corporations making saw and planing mill products reported to the number of 3,366, of whom 1,475 reported incomes aggregating \$38,722,938, upon which they paid Federal taxes amounting to \$5,762,634. The remaining 1,891 companies reported losses aggregating \$76,359,114.

All corporations manufacturing lumber and lumber products, including furniture, auto, carriage and wagon bodies, numbered 6,743, of whom 2,984 had profits aggregating \$70,511,051, upon which they paid taxes aggregating \$1,247,073, leaving them a net of \$59,263,978. The remaining 3,749 companies had net losses aggregating \$120,219,887.

In paper, pulp and paper products, 1,676 companies reported, of whom 730 had net incomes aggregating \$44,881,837, upon which they paid Federal taxes aggregating \$7,584,062, while the remaining 946 companies reported losses aggregating \$49,178,592.

Logging companies reported to the number of 364, of whom 138 reported profits aggregating \$2,816,401, and 226 reported losses aggregating \$6,666,787.

Leather, Rubber and Products
Corporations reporting in the leather and leather products industries, including boots and shoes, gloves, saddlery, valises, etc., numbered 2,154, of whom 981 had net incomes aggregating \$57,064,636, upon which they paid Federal taxes aggregating \$11,814,847, leaving them a net of \$46,249,789. The remaining 1,203 companies reported losses, aggregating \$105,909,355. Moreover these companies had about the same kind of a year in 1920, when the profit-making group had net incomes aggregating \$46,216,818 after Federal taxes, and the remaining companies had net losses aggregating \$103,921,945. The leather industry has made but slight recovery since 1921.

Clothing and Textiles
In the clothing industry, 6,161 corporations reported, of whom 2,819 reported net incomes of \$65,050,616, upon which the Federal taxes amounted to \$12,954,843, leaving a net of \$52,095,773. The remaining 3,342 companies reported losses aggregating \$80,788,402.

The total number of corporations reporting in textile fabrics and products other than clothing was 10,872, of whom 5,312 reported net incomes aggregating \$327,356,083, on which they paid Federal taxes aggregating \$67,216,070, while the remaining 5,560 reported net losses aggregating \$189,439,330.

Public Service Corporations
Corporations engaged in selling services, as distinguished from commodities, as railroads, street car companies, lighting and power companies, etc., do not show as heavy losses as manufacturing companies generally, for one reason because they did not suffer as much from the depreciation of inventories. Other reasons are that they met the falling off of receipts in part by drastic reduction of maintenance expenditures, and in some instances were able to get prompt permission to increase charges. The gross earnings of the steam railroads fell off about 2 per cent and of the 609 companies reporting, 268 reported net incomes and 341 reported deficits. The net incomes aggregated \$291,113,607, upon which they paid Federal taxes aggregating \$29,650,857, and the deficits aggregated \$323,364,793.

The grand total for transportation and all other public utility corporations shows 19,105 returns, of which 11,831 reported net incomes aggregating \$821,871,454, upon which the Federal taxes were \$101,021,766, while 7,274 reported deficits aggregating \$323,364,793.

Banking, Insurance, etc.
In "banking and related business" the number of reporting corporations 77,920, of whom 51,293 reported net incomes aggregating \$573,873,438, upon which the Federal taxes were \$69,071,000, while 26,627 reported that the net results of their year's business had been losses, aggregating \$189,626,660.

The insurance companies did not fare so well as the banks. The number reporting was 2,010, of whom 1,110 had net incomes, aggregating \$127,797,828, upon which they paid Federal taxes aggregating \$12,670,544, while the remaining 1,209 all had net losses, aggregating \$142,453,429.

Jack Edwards left Odessa Tuesday for Terrell, where he will again enter the Texas Military School. He finished his academy work there last year, and is beginning his college work this term.

If you love color— you'll be captivated by the new Fall frocks!

Colors for Fall are ravishing enough to fairly make one's mouth water—rich, spicy shades—dark tones of brown just the shade of caramels! Deep reddish chestnut brown and pinetark—warm tints of rose tans—and that lovely golden brown shade! Soft tints of olive and bottle green. Rich sparkling shades of claret—the new expression of the scarlet which was so popular this Spring and Summer. And, of course, for afternoons you'll see much use made of the ever popular black and white!

For evening, colors varying from the pale flower tints of Spring to the riotous garden colors of Summer—soft lemon yellows, delicate greens, soft shades of mauve, Olympiads, shrimp, coral, powder blue, natter, Furlana, Venise green, Orient blue, fire, Bordeaux and merlot—the most exquisite colors imaginable!

Can you imagine those rich dark shades in the lovely new silks—bangelines, ottomans, crepe marocain and satin crepes, with touches of bright color found in fancy buttons, gay embroidery or touches of lace and ribbon? All in those slender, straight silhouettes—which give such delightful play to the depth of color and richness of texture of the fabrics!

And those evening shades—imagine them in lovely brocaded and metallic silks mated with chiffon and georgette—all aglitter with beads or alitter with ostrich!

If you love color—you'll be captivated by the new Fall frocks!

ANONYMOUS LETTERS

The thug who would hurl an infernal machine into the room of some person he desired to kill would not care to have his identity disclosed.

The bandit who carries away small children of rich parents and holds them for ransom, does not sign his name to the letter in which he offers to deliver the child for a fabulous sum of money.

Masked bandits who "stick up" bank cashiers at the point of a pistol and hurry away with all currency within reach have never been known to leave their address.

The burglar who slips into your house in the wee small hours of the night and loots the silver drawer does not go out of his way to make himself known.

In the same way, the man who writes an anonymous letter, even though it be clothed with polite phrases and friendly advice, evidently has some sound reason for keeping his identity secret and is not sent in the friendly manner it sometimes assumes.

In the opinion of the editor, such letters are a menace to civilized methods of communication, and their contents should be completely ignored. Any man who has something worthwhile to write does not hesitate to affix his name thereto.

MORE THAN JUST A NEWSPAPER

There are publishers who issue each week a certain number of printed pages, containing a certain amount of advertising, news or clippings, and call it a newspaper.

Others issue the same number of pages, but their product is called an institution.

It is the desire of The Reporter to be a real Institution, an indispensable factor in the life of the community that assists materially in the development of everything that is worthwhile.

Although the primary object of the paper is to print the news, there will be something interesting in the editorial columns each week. There will be advertising of a high grade that will offer bargains to the readers in every issue. There will be little articles about interesting people in Midland and the neighboring country, and about interesting things that are being done.

But in addition to being a newspaper, The Midland Reporter is going to be a factor for good in the community, an indispensable institution. The readers are invited to offer suggestions at any time that might be instrumental in making a better paper.

PRODUCE POULTRY FOR PROFIT

Midland does not raise enough poultry. There are times when eggs are so scarce that the majority of the people have to depend on those that are shipped in. It is true that the opposite condition sometimes prevails, when there are more eggs and chickens than there is market for; but this should be a year round state of affairs.

Midland is on the main line of the T. & P. railroad, and there are markets for poultry and eggs everywhere. There is one county about a hundred and fifty miles north of Midland that is in the wheat belt. About two years ago the county produced more poultry and eggs than the wheat production of that county and another wheat county adjoining it. And the poultry and eggs brought in the money. It was produced on a much smaller acreage than the wheat was, and paid several times as much.

Within five miles of Midland, there are several ten, twenty, and forty acre tracts of land belonging to non-residents. They are too small to farm, and their owners are holding them in the hope that they will realize a fair value in a few years. Those

little tracts of land would make ideal poultry farms if properly developed. Turkeys, chickens and eggs could be marketed the year round, with a good truck patch to help pay the living expenses. A few dairy cows would help materially also, as it is a question of only a few months until cream stations will be located out this way, where the cream can be shipped to Fort Worth or El Paso; or even to Abilene, Sweetwater and other towns where there are ice cream factories and plants that consume a volume of cream.

But getting back to poultry, there are few industries that pay so well on the amount invested and the acreage taken in, provided the owner of the poultry farm is willing to work. Midland could handle a number of such farms, and they would contribute a great deal toward the rapid development of this diversified farming country.

To The Democrats Of Midland County

Another presidential campaign is on. We have in John W. Davis, of West Virginia, and Charles W. Bryan, of Nebraska, a ticket of which we may justly be proud.

Our National leaders believe this ticket will be elected if the voters in doubtful states can be made fully acquainted with the real issues of the presidential campaign and the superior merit of the Democratic candidates.

This will require much money. It is necessary, therefore, for every loyal Democrat in Texas to respond as generously as possible. At least \$250,000.00 is expected from Texas, the banner Democratic State of the Union.

The Democratic party must look to the people alone for funds to meet its actual campaign expenses. The Republican party as a party, of privilege has long since been financed by big business which profits as a result of Republican tariff legislation.

The Democratic National Committee of Texas has divided the quota of this State among the several counties and has asked Midland County to contribute \$500.00 as her part of the quota fixed for the State.

I therefore appeal to every loyal Midland County Democrat, who desires to see a return of Democracy to power in the fight may be aggressively waged and that Midland County may occupy a place in the front ranks with the other counties of the State making victory possible.

Let's make Midland County the first county to raise her quota in the State.

Yours for success in November,
 J. M. DeARMOND,
 Chairman of Finance for Midland County Democratic National Committee.

Laboratory To Be Located At Big Lake

It is announced by E. H. Seilards, geologist of the University of Texas, that a field laboratory will be opened in the Big Lake oil field on University lands by the Bureau of Economic Geology. Examinations of cuttings from wells being drilled on University lands, which heretofore have been made in Austin will now be conducted by the field laboratory.

Kennimore Grows Fine Sweet Potatoes

N. R. Kennimore brought some fine sweet potatoes to town yesterday morning grown on his truck patch in the north part of town. They are smooth and well formed, and he has a good early crop. He also had some fine old and tomatoes.

Henry George is here this week from San Diego, California. His father was formerly a part owner of the Five Wells ranch, and Mr. George lived in Midland several years ago. All of the old timers know him.

DEPENDABILITY	RADIOLITE	RADIOLITE ENDS BATTERY TROUBLES
SERVICE		
SATISFACTION		

Reg. at U.S. Pat. Office. Reg. at the Pat. Office, Ottawa, Canada

RADIOLITE preserves the life of your new battery. Rejuvenates old, weak, sulphated and sluggish batteries. Makes them full of life, vigor and pep. Removes and prevents sulphation.

RADIOLITE prolongs the life of an old battery. Will not overcharge. Prevents crystallization and hardening of plates. Preserves plates and insulators. RADIOLITE gives you better lights. Gives better ignition. Gives better starting. Gives you more power. Never need to store your battery in the winter.

RADIOLITE is a liquid, not a jelly. After a battery is charged with RADIOLITE just add distilled water about every twenty days. RADIOLITE has been on the market since 1920 and is a thoroughly proven product.

RADIOLITE is not a cure for generator troubles, defective wiring or other ignition and starter troubles outside the battery, and in order for RADIOLITE to function right these other things must be corrected.

Don't buy a new battery because you are told your battery is "shot." Try Radiolite first.

Give your battery a chance by using Radiolite. We save your battery, and save you money.

We absolutely guarantee that Radiolite will do everything that we claim for it.

LIBERAL SELLING PLAN McCormick-Deering Tractors

GOOD NEWS FOR THE MAN WHO WANTS REAL POWER ON EASY TERMS

Start a McCormick-Deering tractor now, and pay for it as you go along, while it is earning its way.

If you already have a small tractor that is unsatisfactory for any reason, come in and get our proposition.

Remember that McCormick-Deering 10-20 and 15-30 tractors are the long-lived kind and by far the most economical per year of service. In a couple of years, when the cheap tractor of today will be pretty well worn out, your McCormick-Deering will be at the top of its efficiency, with years to go. Don't be misled by false economy. Power is a big investment; it has a bearing on all your farming operations and your profit for the future. Buy a complete tractor with ample power—at the drawbar and the belt, and specially designed for adding the power take-off whenever you want it.

LIFE GUARANTEE

McCormick-Deerings are the only tractors with which you can get a life guarantee against breakage of the crankshaft and the main ball bearings. Not for a year, but for many years—for life. That ought to tell you something about quality, durability, and reliability, and about good design and construction.

Buy your tractor for keeps. Buy a McCormick-Deering 2 or 3-plow tractor, and be in a position to say "I told you so," next year and the year after, etc. Buy it now and let it earn its way.

Blinding Headaches

"For about twenty years," says Mr. P. A. Walker, a well-known citizen of Newburg, Ky., "one of our family remedies has been Black-Draught, the old reliable. I use it for colds, biliousness, sour stomach and indigestion. I was subject to headaches when my liver would get out of order. I would have blinding headaches and couldn't stoop about my work, just couldn't go. I used

Theford's

BLACK-DRAUGHT

and it relieved me. "About eight years ago my wife got down with liver and stomach trouble. We tried all week to help her, but she didn't get any better. One day I said to the doctor, 'I believe I will try Black-Draught, it helps my liver.' He said that I might try it and to follow directions. She was nauseated and couldn't eat or rest. She began taking Black-Draught and in two days she was greatly improved and in a week she was up. Try Black-Draught. It costs only one cent a dose. Sold everywhere. E-99

Sewer Construction Will Begin Soon

Actual construction on the sewer system should have started in the next two or three weeks. The city council still has some purchases of materials to make, after which the laborers will be hired, machinery will be unloaded, and actual work will be begun. The Municipal Engineering Company's men are expected to arrive almost any time to complete the preliminary work incidental to beginning the construction.

The following article emphasizes the need of the system in Midland:

That rural districts are more unhealthy than well regulated cities is a fact to which attention is called by Dr. Malone Duggan, State health officer. Dr. Duggan states that this condition is caused by the DEADLY open pit closet. How many of these menaces have you in close proximity to your home? Thousands of families build homes each year without making proper provisions for the disposal of night soil; this being especially true of homes in small towns and country communities. No man would knowingly have his family exposed to contagious diseases, then it is indeed strange that he will build a home, provide for parlor, sleeping rooms, dining room, kitchen and in many instances a bath room, then in the rear of this comfortable building, construct DEADLY open pit closet, which is a direct menace to the health of the ones he loves best, and for whom he has spent much time and money in providing the comforts of life.

There were approximately 20,000 cases of typhoid fever in Texas last year. It is little less than criminal negligence that conditions are allowed to exist that contribute to the spread of this disease. The source of typhoid fever has many times been traced to dairies that had in their employ typhoid carriers. When buying milk, it is your duty to ascertain whether the dairy patronized requires health certificates from all employees.

Among the major activities of the State Board of Health for the following year will be the control of typhoid fever. This can be accomplished by abolishing the DEADLY open pit closet and the control of typhoid (human) carriers. Every man having a case of typhoid fever in his family, should insist on the doctor sending specimens to this department for examination to determine whether the convalescent patient is capable of disseminating this deadly germ.

The DEADLY open pit closet must go. There is no excuse for its existence with the present knowledge of sanitary science; it is unsanitary, unsightly, and may be the cause of the spread of not only typhoid fever, but dysentery, hookworm and other infectious diseases. There are now several approved types of privies for rural homes. Plans for the construction of a closet of this approved type will be furnished by this department on application.

WORLD FAMOUS HUMORIST TO BE HERE

GEORGE BINGHAM COMING TO LECTURE UNDER AUSPICES OF CIVIC LEAGUE

Get ready to laugh!

George Bingham is coming! Bingham probably brings more smiles and laughs daily to the people of America than any other man living. He is the author of Dog Hill Paragraphs and Punkinville Paragraphs.

The world-famous humorist will speak in Midland the night of September 20th under the auspices of The Civic League, Mrs. Harry Tolbert having made a contract this week for the laugh-maker to appear here.

Bingham created such characters as Clab Hancock, Washington Hocks, Miss Peaches Sims and others.

Bingham once wrote that Clab Hancock's ma got to wantin' to see him after he'd been working in the city a spell so she set down and wrote him she'd cut another ham.

And again: "Washington Hocks accompanies Miss Peaches Sims down the Main street of Bounding Billows yesterday as far as the front door of the ice cream parlor."

Bingham's lectures are said to be funnier than his writings. He daily makes millions all over America laugh. He will make Midland laugh so hard the night of September 20th that a lot of sides will ache happily—if there is any happiness in aching sides caused by hearty, honest laughter.

T. H. Stephenson Dies In Dallas

John Dublin received a telegram Sunday morning advising him of the death of T. H. Stephenson, of Dallas, a prominent life insurance company organizer, and well known in Midland.

He has visited the Dublins on various occasions, and they paid him a visit in his home in Dallas last spring.

The following clipping from the Dallas News tells of his funeral:

Thomas Henry Stephenson, 39 years old, organizer of the Southland Life Insurance Company, died at his home, 2215 Moser avenue, Saturday morning. The funeral will be from the residence at 10:30 o'clock Monday morning, with Dr. William M. Anderson, pastor of the First Presbyterian Church, officiating. Burial will be in Grove Hill Cemetery.

Mr. Stephenson was born near Waxahachie, Ellis County, and spent his youth on the farm. He came to Dallas in 1904 with Col. J. F. Strickland and was connected with Col. Strickland's interests for four years. In late years Mr. Stephenson has been connected with the Great Southern Life Insurance Company. He is survived by Mrs. Stephenson, two brothers, John B. and Joe Stephenson, of Dallas, and a sister, Mrs. Elizabeth Knight of Wichita Falls.

Ben Mitchell was in from the Davis ranch Tuesday.

Don Davis went to the ranch last Tuesday.

Hoping that the columns of the Midland Reporter are open to me still, I have the opportunity to offer to tell my many Midland people and friends that I am still in Texas, and in the most complete, the most slightly small city I have seen in the great State. They claim 22,000. It is verdure clad throughout; its streets paved, its public buildings of majestic proportions and modern characteristics. Several fine structures are now in process of building. It has illimitable space, in which to spread, and is destined to be the monumental city of the vast cattle industry that has made it what it is.

In the home of J. W. Puckett, I find luxury, comfort and comradeship. Jack says he is not growing old. Oh no, but it can be safely said he is growing portly. The same old hail fellow well met, characterizes his greeting.

His home is spacious, luxurious and attractive; he has domain large enough for garden, orchard and berry patches. He has his business office in his own large brick building; evidently he is more or less busy collecting rents from his properties. However, his home and family has his first attention.

Also in this city I find another good citizen and family man. Will D. Owen, my own cousin whom I have never seen before. He is all and more than I pictured him. He is of Revolutionary stock. His ancestors (and mine) helped to establish American Independence.

In a few days I shall Mrs. S. F. Culberson in her home at Gaibon, N. M. Please to send me there or here, a Midland Reporter. I find here Midland citizens.

Very truly,
 AUNTIE STERLING.

**Breezy News
 From Odessa**
 By E. L. Kelly

Col. W. N. Waddell, returned last week after having been in Ft. Worth, his former home, for several weeks. He also attended the State Convention, and reports having a splendid time while down there.

Mrs. Earl Brown and children, left last Thursday for Bisbee, Ariz., visiting friends and relatives. Mr. Brown expects to move to the new town of Best, near the Texon Oil Well, in Reagan County. Mr. Brown has acted in the capacity of chemist for the Farmers Oil Co., of Lancaster, Pa., together with their interests here for the past two years. The Browns are real fine people, and Odessa hates to give them up, however, they have the good wishes of their many friends left behind, and Best can congratulate herself on winning them.

Mrs. Daisy Kelly, was over last week from Alpine, making a visit with her brother, Dr. R. G. Wilson, at the same time selling her cattle and leasing her pasture to Buck York, at private terms. Two of her sons, Eugene and R. G., accompanied her back to Alpine, where they will again enter Sul Ross.

Mr. D. A. Thomason and family are to move to Toyah, Dave having purchased the Henderson barber and tailor shop there. Ye roundhouse boys and ye real cowboys, need have no fear of his tonsorial abilities, for he is an artist at his game.

Mr. and Mrs. Dick Bagley, are rejoicing over the arrival of a young son, which made his appearance last

that stood for the development of the community. Dr. Gibbons was ready to go to the aid of the sick or injured at any time, regardless of weather conditions, or personal comfort, and many people owe their health or even their lives to his efficient care and skill. It is hoped that they will find their new location a pleasant one, and will continue to prosper and render service wherever they may go.

Mr. Simpson, who is the Peyton Packing Company's local beef buyer, was in Odessa last week on his way back to El Paso. He reports range in good shape in and around Midland, and has shipped quite a few cars from there.

Mr. W. M. Grover, the Texas & Pacific local pumper here, is on the sick list this week, however, we hope to report him back on the job within a few days.

Mrs. L. E. Johnson, of Loving, N. M., is here visiting friends and relatives. L. E. Johnson, who was our sheriff for several years, is engaged in the garage business at Loving.

Paul Slator and Geo. Waggoner, were down from the upper ranch last week, on their way to lower ranch, and reported a nice rain on his home place, but that it was much better on the lower place.

W. H. Rhodes was real busy the first of the week getting a crew of men together to build a concrete tank down on O. P. Jones' ranch.

A tourist, headed west, who was driving a Ford coupe, and who was also unaware of the fact that gasoline and these abrupt turns are incompatible, turned turtle near Carl Akin's home, sometime last night. There was no one hurt, however the car was considerably damaged.

Mrs. E. S. Martin has returned home after several weeks visiting

Miss Lorraine Davis left last Friday evening for Dallas, where she will again teach in Dallas city schools this year.

Hub Castleberry, Ben Kelton and Buck Kelton were in from the 5 Wells ranch north of Midland the first of the week.

Henry Cummins and wife were in from the ranch last week. Ed Cole, with his wife and children, was also in. They report their country doing fine.

J. E. Goodell, chairman of the exposition auto committee of the El Paso Automobile Club, wants Midland to run a motorcade to the International Exposition at El Paso, Sept. 18 to 28.

I. N. Wilkinson, cashier of the First State Bank, of Ovallo, was here Monday and Tuesday visiting his father, J. B. Wilkinson. He was accompanied by Mr. McElroy, of Ovallo.

A Mineral Wells man wrote here this week seeking a job on the Midland & Northwestern Railway as engineer, in the event of its rehabilitation.

Harve Mayfield, who is manager of the "Y" ranch for Jno. T. McElroy, had the misfortune to have a horse fall on him last week, thereby sustaining some pretty severe bruises, then just a few days following this accident, he was roping calves out with the wagon on the range, and his horse was jerked down on him spraining his ankle. So the two accidents has almost put him out of commission for the present.

The "Old Reliable" Spence Jewell, of Midland, was seen on Odessa's streets last week. When you have any live stock for sale, see "Spence" for he is authority on their market value and a square shooter.

W. H. Rhodes, and two cow buyers made a business call over to Pecos last Friday. Mr. Rhodes has a buyer for 1500 good cattle, so you sellers get busy and see him.

Dr. Thomas, of Midland, was called to Odessa last week on professional business. While here he was called to see Paul, the young son of Mr. and Mrs. Red Graham, who has had quite a seige of it here lately with a nightly fever, however, he is reported to be much better.

Left Over From Last Week

The citizens of Odessa are regretting the loss of Dr. F. E. Gibbons and his wife, who left here last week to make their home in Best, Texas. They became firmly established in Odessa while they lived here, and made many friends. They were progressive people and were behind every movement

friends and relatives at Marfa.

Mrs. Harve Mayfield, who has been down on their ranch in Crane County, has moved back into town so the children could attend school.

Mr. Harve Gann made a flying business trip up to Lovington, N. M., the first of the week. Lovington is the county seat of Lee County, where Mr. Gann's ranch is located.

Mr. John H. Edwards, who is manager of the Keystone Cattle Company's interests, was called to Fort Stockton the first of the week on business.

Our county clerk, Carl Akin, also Mr. W. E. Carter, who is Burton Lingo's local representative, were called to Fort Worth last Sunday as witnesses in the Hatfield case, which is being tried there.

Jay McGee and wife, of Crane County, were seen on the streets again this week, sporting a new model Maxwell. Jay reports cattle in fine shape down his way.

Mr. Harve Mayfield, who is and has been manager of the McElroy ranch for the past quarter of the century, is gathering fat cattle to ship to El Paso, to McElroy's Packing Co.

Mrs. Jno. T. McElroy, who has spent the summer at their NAN ranch, near Deming, N. M., has returned to their famous "Y" ranch in Upton County.

Mr. A. G. McKee, who is working for the State Highway department, was transferred from the Pyote and Monahans district to Marathon district last week.

Jim Dublin and wife were here from Jal, N. M., last Saturday.

THE PASSING DAY
By Will H. Mayes, Department of Journalism, University of Texas

The State Democratic convention at Austin proved that it is possible to keep Texas "dry, sober and clean," to use the words of Governor Neff. In advance of the convention Neff announced through the papers of the State that rangers would be on hand to see that the prohibition and other laws were enforced. There were about 3,000 persons in Austin for the convention either as delegates or as visitors. About a dozen rangers mixed freely in the crowds wherever they were congregated in the city. They were dressed like convention delegates and talked and acted like delegates, but all the time with eyes and nostrils alert for liquor. They arrested two delegates on whose breaths they detected the liquor smell, but they were afterwards released because it could not be established that they were intoxicated. One Austin citizen was arrested on a charge of having a quart and a half of whisky in his office, and a hotel bell boy was charged with peddling booze. That was the sum total of law violation so far as vigilant officers could find.

xxx

The convention crowd was to all appearances as well behaved as if it had been a church conference and was just as orderly except for occasional outbursts of political enthusiasm, and that despite the fact that it was expecting a "bear fight," and most of the delegates and visitors were out for a good time. What was done in Austin can be done anywhere if only the local officers will be vigilant enough. When the people know that the law will be enforced most of them try to observe the law. If they think that law breaking will be overlooked, they are encouraged to go just a little beyond the limit of the range. When they come to learn that Texas expects its laws to be observed all the time and everywhere, they will show respect for laws, and not until then.

xxx

Prohibition laws in Texas have been reasonably well enforced from the time of their passage, despite the oft-repeated assertion that they have not been, and certainly drinking has been reduced to almost nothing. We hear more of liquor selling now than formerly because when a person is arrested for making, selling or drinking booze, it is a news item and the papers publish it. Before prohibition such things were not matters of news because they were the ordinary and expected do not make news. To have published such matters before prohibition went into effect would have filled more than the space of an ordinary newspaper and the papers would have appeared ridiculous. Now the public eagerly reads and talks about such news items and gets the impression that there is still a great deal of drinking.

xxx

One of the most elemental passions, and one hardest to overcome, is hatred. Many persons, who might otherwise be classed as Christians, are full of hate toward some one or more persons. They seldom are willing to admit it, even to themselves, for they know that hatred is the antithesis of Christianity, which is universal love. Often they try to save their conscience by saying that they do not hate any one, though there are some whom they dislike exceedingly. There is so little difference between hatred and exceeding dislike that the latter term is given as one of the definitions of the former. Christ clearly taught that his followers should love one another and that love should be all-inclusive. Measured by this standard, which after all was about the only doctrine Christ taught, have you the right to believe yourself a Christian?

We often talk about "serving God," as though we could render some direct service to the Omnipotent Being. The only way we can serve Him is by rendering helpful service to our fellow men, His children, and that must be a loving service of a kind that can not be given to those we hate. We can't serve God while hating any one.

The papers report that a Brown-wood man went to sleep on a train going to Fort Worth and when he awoke he was in a hospital in Fort Worth. He had been walking in his sleep. Knowing that railroad as I do, I am tempted to ask how much he beat the train into Fort Worth.

Mr. and Mrs. Fred Middleton and son, Fred Gordon, returned this week from Sulphur Springs, where they went to visit his parents. Mr. Middleton carried Midland propaganda signs on his car, and said he had many inquiries about Midland farming lands. He distributed 200 pieces of Midland literature.

It is surprising how quickly a Buick owner accepts, as a matter of course, the dependability of his car. He thinks no more of setting off for a thousand-mile jaunt than he does of driving down town ~ so complete is his confidence in Buick's continuous performance.

A boy left the ranch at Elida, N. M., and got a job in Denver. He wrote a letter to his brother, who elected to stick to the ranch, telling the joys of city life in which he said: "Thursday we autoted out to the Country Club where we golfed until dark. Then we motored to the beach for the week-end."

The brother on the ranch wrote back: "Yesterday we buck-boarded to town and baseballed all afternoon. Then we went to Jim Hunt's and poked until morning. Today we muled out to the kaffir field and gawgawed until sundown. Then we suppered and piped for a while. After that we staircased up to our room and bedsteaded until the clock fived."

C. I. A. Ex-Students Endorse Dean White

Dean E. V. White, of the College of Industrial Arts, has been endorsed for the presidency of the College to take the place of Dr. F. M. Bralley, who recently died, by the local C. I. A. Ex-students Association. The following letter has been sent to the Board of Regents by a committee representing the local association:

September 15, 1924.

Board of Regents,
College of Industrial Arts,
Denton, Texas.
Gentlemen:

The undersigned committee representing the C. I. A. Ex-Students' Association, of Midland, Texas, desires to convey herein the deep regrets of all the local ex-students on account of the death of our esteemed Dr. Bralley.

We realize the great responsibility that has fallen on the board of regents in selecting a competent president to fill his place.

In our opinion, there is not but one logical successor, and that is Dean E. V. White. We believe he is equipped in every respect to carry forward the great work of the College and will have the hearty support of all former students, patrons, State authorities, and the present student body.

It is with great pleasure that we give him our unqualified endorsement. Yours very truly,
Mabel Holt,
Margaret Caldwell,
Mrs. T. Paul Barron,
Lillie B. Williams,
Mrs. Percy Mims.

J. Wiley Taylor and wife went to Austin last week, where Mrs. Taylor will stay through the coming school term. J. Wiley, Jr., will attend State University this year.

Visited Davis Mountains and El Paso

Herman Spaulding and his wife returned Tuesday from a honeymoon trip to the Davis Mountains, and also to El Paso. They went by way of Ft. Stockton, making visits in Alpine and Fort Davis, then drove to El Paso. They stopped in Midland to rest a few days before going on to their home in Midland.

Information Poisoning Leaf Worms Available

Farmers desiring information on poisoning leaf worms either by the dusting or spraying process can get full information at the Chamber of Commerce office.

A large supply of calcium arsenate, considered generally to be the best poison obtainable is now on hand in Midland and can be bought by farmers at 16 cents a pound.

Miss Heulah Graves returned to Ft. Worth last week where she teaches in the city schools.

DR. H. S. THACHER
Do You Feel All Tired Out?

When your appetite is gone and your digestion bad; when your food scours on your stomach, causes gas to form and makes you nervous and feel like smothering; when you feel all tired out and unfit for work you need Dr. Thacher's Liver and Blood Syrup.

Miss Forrest Deese, Route 9, Cullman, Ala., says: "My health was falling fast; I felt tired and worn out and could hardly get my breath. Dr. Thacher's Liver and Blood Syrup is our family medicine and it soon relieved my sufferings."

Dr. Thacher's Liver and Blood Syrup is now being used by countless numbers of men and women because it not only improves digestion but helps to soothe the nerves, wake up the sluggish liver, relieve constipation and send purer, healthier blood coursing through your veins. Your money returned if it fails to bring relief.

Fred Middleton returned Sunday from an automobile trip to Sulphur Springs. On account of the muddy roads, Mrs. Middleton and Fred Gordon came back on the train. Fred reports lots of mud all the way back.

Mrs. M. L. Moody and her six month old baby arrived Sunday evening, and will live in Midland this year. Mr. Moody had been here for over a week beginning his duties as principal of South Ward school.

I. H. Bell and wife arrived Monday from Wichita Falls, where they have been for some time, and went on to El Paso the following day.

Thomas Burwell Aycock is in for the school term, after spending the summer on the ranch.

Judge M. C. Lindsey, a member of the firm of the C Ranch Cotton Lands Company, was over from Lamesa last week.

Ralph Barron and Elliott Barron motored to Lamesa last Sunday. They reported about 40 new dwellings under construction, as well as several brick mercantile buildings.

Mrs. Stokes Entertains Bridge Club

Mr. and Mrs. J. V. Stokes Jr., honored a number of their friends Thursday evening of last week with a chicken barbecue and bridge party.

The guests gathered on the lawn at 7 o'clock for the sumptuous feast where Mrs. J. V. Stokes and Miss Juliette Wolcott and Miss Cecil Peyton served one plate consisting of real barbecued chicken and sauce, toast, tomatoes, olives, and iced tea, and another of watermelon.

The party was then invited into the house where nine tables were arranged for bridge. The rooms were made attractive by large baskets of autumn leaves and colors.

Mrs. Chas. Goldsmith won ladies high score, Mrs. Guy Cowden low, and Mr. Billy Bryant low.

Another plate consisting of cherry nut ice cream and angel food cake with pink icing was served to the following guests: Mesdames Joe Youngblood, Ellis Cowden, Elliott Cowden, Harry Neblett, John B. Thomas, Allen Tolbert, Guy Cowden, Frank Cowden, Homer Rowe, Lane Dupree, Chas. Goldsmith; Misses Leona McCormick, Juliette Wolcott, Lorraine Davis, Clifford Heath, Anna Merle Moran, Fannie Bess and Cordelia Taylor, Emma Graves, Leon Hanson; Messrs. Cleve Baker Becoming Noted Singer

Cleve Baker's many friends will be pleased to hear of his good success. A program has just been received by some of his friends here, which shows that he sang a solo last Sunday in one of the large churches of Fort Worth. The leader of the choir there happened to discover him and his splendid voice, and has offered to give him special training in voice and has invited him to sing in the choir regularly. We congratulate Cleve upon this splendid opportunity, and predict for him an enviable career among some of our better singers.

New Grocery Store To Open Soon

M. R. Hill is preparing to open a bright and shining new grocery store about October 1st. It is to be located in the Garrett & Brown building next door to Wadley-Wilson's, and he is now making extensive improvements there.

The building is all white inside, and the front has been painted white. All of his fixtures are of the same hue. He states that cleanliness will be maintained to the highest degree at all times.

Mr. Hill advises that the store is to be operated as a self service grocery, where the customers wait on themselves. He believes that his customers may get the pick of the market by making their own selections and that shopping will be a pleasure in this new store.

It is to be managed by Clifford Hill, who has had considerable experience in the grocery business, being associated with the Hill & Youngblood store for several months, and also with other stores at different times.

Cleanliness and service will be the motto of the new store, according to Mr. Hill, and he states that his prices on standard products will be lower on account of the reduced operating cost.

Miss Bradford Secures Good Position

Miss Freddie Bradford has recently accepted a secretarial position in Phoenix, Ariz., at a salary of \$125.00 per month, or about \$1500.00 per year. Miss Freddie is a graduate of our high school, and taught successfully last year in the public school at Monahans, where she was offered reelection for the second year. Her many friends here will be glad to hear of her success, and we join with them in extending heartiest congratulations and best wishes.

Mrs. Chas. Edwards was in from the ranch near Monahans, the first of the week.

Mrs. G. R. Brumley and Miss Revie Brumley are here this week.

Bill Proddy, of Marfa, was a business visitor to Midland Tuesday.

Record Giving Midland Good Publicity

Midland is receiving a great deal of publicity during the past two weeks in the Fort Worth Record. From two to three stories are appearing nearly every day. Wednesday's paper carried the well known domino playing picture in which Messrs. Wesson, Smart and Glenn are battling for the title. The Chamber of Commerce which has taken over correspondence for this paper solicits Midland people to give in all information they have that can be converted into a newspaper story. The Record is a Hearst paper and is especially keen for feature and freakish news of the sensational character.

Arthur Taylor is here this week from Breckenridge, visiting his sister, Mrs. Alvin McKee. His people are still in Breckenridge, and he reports that all of them are doing well. He is going to Big Lake for a few days before returning to Breckenridge.

Miss Alice Haley has returned from a vacation spent in Mineral Wells, a guest of her sister, Mrs. West Aycock.

Glenn Allen was over from Judkins Thursday.
