Lubbock Man Found Shot To Death

Robbery Believed Motive

Raymond Shook, 46, Lubbock tire dealer, was found shot to death in his car on the Garden City highway early Thursday morning, and officers of Midland and adjoining counties were pressing a wide search for the killer.

Shook's body was found in the blood-stained front seat of his 1947 Buick sedan, about 18 miles southeast of Midland. He had been shot once in the chest, but no gun was found.

First news of the shooting came here about 6 a. m. when an unidentified man telephoned the City Funeral Home saying there was a dead man on the highway. Shook's body was brought to the funeral home, and officers quickly established road blocks in all directions from the scene.

Shook's pocketbook was missing. A statement from a Lubbock garage in the car's glove compartment gave investigators the only clue to his identity until Jerry Fulton, son of Lubbock and an associate in Lubbock in the tire business, positively identified him.

In San Angelo it was reported Shook spent Wednesday night in the St. Angelo Hotel and checked out early Thursday morning. Interested in a chain of events in Lubbock, San Angelo, Abilene and Sweetwater, he had been working in the San Angelo territory, it was said. His car contained several suitcases, and clothes were piled in the back seat. He had left Lubbock about a week ago.

Statewide alert. While officers of Midland, Martin, Glasscock and Sterling counties were busy around the scene of the shooting, a statewide search has been set on foot for the killer. Officers theorized the killer may have been a hitch-hiker.

The car's tank was almost full of gasoline and officers checked filling stations to find where it had been filled in an effort to learn whether Shook had a companion.

Survivors include the widow, a son and daughter of Lubbock; three brothers, Melvin of San Angelo, O. H. of Captain, N. H. of O. A. of Plainview, and three sons, Mrs. M. M. Herring of Dallas, Mrs. J. W. Patton of Olvis, N. M., and Mrs. J. M. Wells of Lubbock.

Jews Condemn U. S. Plan For Holy Land Peace

LAKE SUCCESS — (P) — The Jewish Agency charged Thursday the new U. S. plan for a Palestine high commissioner is an attempt to set aside the United Nations partition plan.

A Jewish Agency spokesman said in a formal statement that the American proposal would increase disorder and conflict in Palestine instead of bringing peace.

The plan was announced Wednesday night after President Truman and Secretary of State Marshall conferred in Washington on Palestine.

The U. S. plan, brought forward less than two days before the British end their League of Nations mandate rule over the Holy Land, calls for appointment of a high commissioner to represent the UN in Palestine.

Under the American suggestion, the high commissioner would have no governmental authority. He would attempt to mediate, arrange for common services in the Holy Land, provide for protection of the holy places and promote Jewish-Arab agreement on a future Palestine government.

Jews Mobilize All Forces To Defend State In Palestine

JERUSALEM — (P) — Jewish forces called upon all trained men and women of fighting age Thursday to mobilize for the "zero hour" in Palestine when a Jewish state is proclaimed.

The state will be proclaimed early Friday night, effective one minute after midnight, when the British mandate ends. The Jewish provisional government decided in Tel Aviv to proclaim the state early in the evening to avoid such action on the Jewish Sabbath.

The Jewish mobilization call, issued in Haifa, ordered all men and women between the ages of 18 and 35 who have had any previous military training to report immediately for duty. These include not only those who have had training in Jewish forces, but also those who had any type of previous military training.

Observers said this was a precaution against possible invasion by neighboring Arab countries. Egypt has imposed a state of siege to prepare for possible Holy Land action. Syria and Lebanon are clamping down martial law when the mandate ends Friday midnight.

At the same time the seven-nation Arab league prepared to set up what it called an Arab Civil Administration, as distinguished from a state, to function in cooperation with occupying Arab forces.

Haganah, the Jewish Army planned to take over all Arab Jaffa, which adjoins Tel Aviv. Jaffa's Arab Emergency Committee, set up when the port city's municipal government collapsed last week following Jewish attacks, surrendered Jaffa at 11 a. m. in Tel Aviv, accepting all Jewish terms.

Forces of Egypt, Iraq, Trans-Jordan and perhaps other Arab states were camped near the borders of Palestine. The Arab leaders, however, were split by dissension. They were worried by the possibility of upheavals at home in case of defeat. And in each country there was powerful opposition ready to spring at the Arab regimes if they refused to invade Palestine.

Pioneer Midland Resident Dies

M. S. Hines, 85, retired Midland County farmer, died suddenly about 3 p. m. Wednesday at his home, 507 South Main Street, here.

He was born March 25, 1863, in Missouri and moved to Midland County in 1906. He was a member of the Baptist Church.

Funeral services will be held at 3 p. m. Friday in the Ellis Funeral Home Chapel, with interment in Fairview Cemetery.

Survivors include the widow, Mrs. Susie K. Hines of Midland; five sons, John S. Hines, Merritt F. Hines, Marion O. Hines and Robert W. Hines, all of Midland, and H. H. Hines of San Angelo; two daughters, Miss Althea Hines of Midland, and Mrs. Robert E. Stone of San Angelo, and four grandchildren.

Rival Pickets Clash

Fighting flared in front of the Roxy Theater in New York as Catholic War Veterans, mounted police, and avowed Communists tangled. The fighting occurred when pickets identifying themselves as "members of the New York Committee Against War Propaganda" marched in front of the theater protesting the movie, "The Iron Curtain." Members of the Catholic War Veterans endorsed the movie and it took more than 200 police to break up the resulting disturbance.

Southern Solons Ready For Battle On Rights Issues

WASHINGTON — (P) — Southern Senators "defiantly" they will take on a civil rights fight in the Senate now if backers of anti-segregation laws want to force the issue.

Fifteen Dixie Senators agreed at a meeting that they will try to keep their regional education compact bill before the Senate. A Senate vote was scheduled for Thursday afternoon on a motion to send the measure back to the judiciary committee.

The civil rights issue is tied in because of a threatened move to add an anti-segregation amendment.

Senator Russell (D-Ga.) said 16 Democrats held a conference in the office of Senator Byrd (D-Va.). He said all except one announced he would oppose the move to send it back to committee.

That would be killing the plan for this session," Russell said. "We are relying upon the innate sense of fairness and decent procedure by the Republican Senate leadership for a fair test on the merit."

The bill seeks congressional approval of an education compact entered into by 15 Southern states as the first step toward creating a series of regional universities.

Senator Morse (R-Ore.) has moved to send the measure back to the judiciary committee for further study. He contends that under the constitution such pacts do not require approval of Congress.

Morse has announced that if his motion is defeated, he will call up an amendment intended to prevent segregation of negroes from white students in the proposed regional schools.

He also threatened to tack the rest of President Truman's civil rights program to the compact bill.

Senate Panel Kills Moore-Rizley Bill

WASHINGTON — (P) — The Senate Commerce Committee voted 9 to 4 Thursday to kill the controversial Moore-Rizley Bill to amend the Natural Gas Act.

The measure was passed by the House last Summer. It would exclude the Federal Power Commission from jurisdiction over the production and gathering of natural gas in the field.

The committee acted behind closed doors after the Senate sponsor, Senator Moore (R-Okla.), had argued that passage of the bill was essential to assure and adequate supply of fuel for defense purposes and other needs.

TP Motor Transport Workers Get Pay Hike

DALLAS—(AP)—Three hundred AFL employes of Texas and Pacific motor transport in Texas and Louisiana Thursday had been promised pay raises.

M. R. Dixon, union business representative, announced Wednesday that the union and the company have agreed on increases ranging from nine cents to 18 cents an hour for city freight handlers, road drivers and helpers.

Almost half of the patients in U. S. veteran's hospitals are mental and nervous cases.

Bootleg Labeler Gets One-Year Probation

DALLAS—(AP)—Donald L. Breneman, 40, of Wichita Falls was on a probation, one-year federal sentence for helping paste labels of fine bonded whiskeys on junk liquor to be sold in the dry areas of North Texas and Oklahoma.

Breneman was sentenced in federal court here Wednesday. He was accused of helping a group bring labels from Louisville, Ky., to be pasted on the bootleg whiskey.

Authorities say that more than 172,000 forest fires occur every year.

Truman Opposes Anti-Communist Bill

WASHINGTON—(AP)—President Truman expressed opposition Thursday to outlawing the Communist Party in this country.

He gave this view at a news conference during discussion of the Mundt bill to require Communists to register with the government.

Truman said he was not forecasting his action on that bill if it should reach him, but that he thought that there were ample laws to deal with persons who advocate overthrow of the government.

He added that he thought legislation outlawing a political party is contrary to American principles.

Grapefruit Circuit Offers Beef Competition

ATLANTA, Fla.—(AP)—Good-natured cattle can be fattened on grapefruit diet.

But, an expert warned in a talk before cattlemen Wednesday night, it won't work if the animals have a trace of wildness. Dr. W. G. Kirk, vice director of Florida's cattle experiment station, said undue excitement seemed to disturb the wild ones. This keeps weight down.

The cattle like the taste of grapefruit—even more so if it's fermented a bit, he said. Kirk added that meat from grapefruit-fed cattle is as good as Western beef.

Cleveland Couple Finds New York Pretty Wonderful

NEW YORK—(AP)—A Cleveland couple standing in the heart of Times Square were taken for a ride—but it was a pleasant ride and ended with a free meal.

Mr. and Mrs. Stanley Keltner were standing at Forty-second Street and Broadway wondering what to do for excitement. Then a crowd of some fifty persons eddied around them and they were swept aboard a sight-seeing bus.

The ride turned out to be amusing and instructive and no one asked the Keltners for their fare.

The couple was mystified when the bus poured out its occupants into a dine-and-dance spot on Fifty-second Street, where they were served an excellent dinner.

The Keltner curiosity got the better of them. Mr. Keltner asked a member of the party what it was all about. He got the following explanation:

The Cleveland pair had joined a group of plane passengers being entertained because their plane had been delayed for six hours.

The air line representative in the party declined to accept payment for the tour and dinner. "New York is wonderful," said the Keltners.

Veteran Washington Employe Has 'Private Stock' Tomato Juice

WASHINGTON—(AP)—The friends who beat a path to the office of Leslie Biffle in the Capitol are often treated to a swig of "Biffle's Private Stock."

The staff director of the Senate Democratic Policy Committee and former Secretary of the Senate is no teetotaler. He is a favorite figure at social affairs around town.

But this "private stock" is nothing more than tomato juice. It's extra-special, though. Seems Biffle is an imaginative putterer over the kitchen stove. He likes to cook. Makes up recipes. He says he began experimenting with tomato juice three years ago and came up with a new concoction.

"I am very fond of tomato juice," he says. "I drink lots of it."

He began adding things to it . . . like Worcestershire sauce, herbs, vegetables. After he added about 10 different vegetables, he smacked his lips and allowed as how he was through.

Keeps Confidences
Biffle is a man who is noted for keeping confidences. He would no more give away the secret for his tomato drink, than he would reveal the things that scores of important persons tell him every day.

Biffle likes his tomato drink so well, he has it made and packed into tins in a nearby Virginia canner . . . about 400 cases at a time, 24 one-quart tins to a case. Every can carries his autograph on a blue and white label. "Biffle's Private Stock," it reads; and the four stars over "Yours very sincerely, Leslie L. Biffle" are indication of its quality.

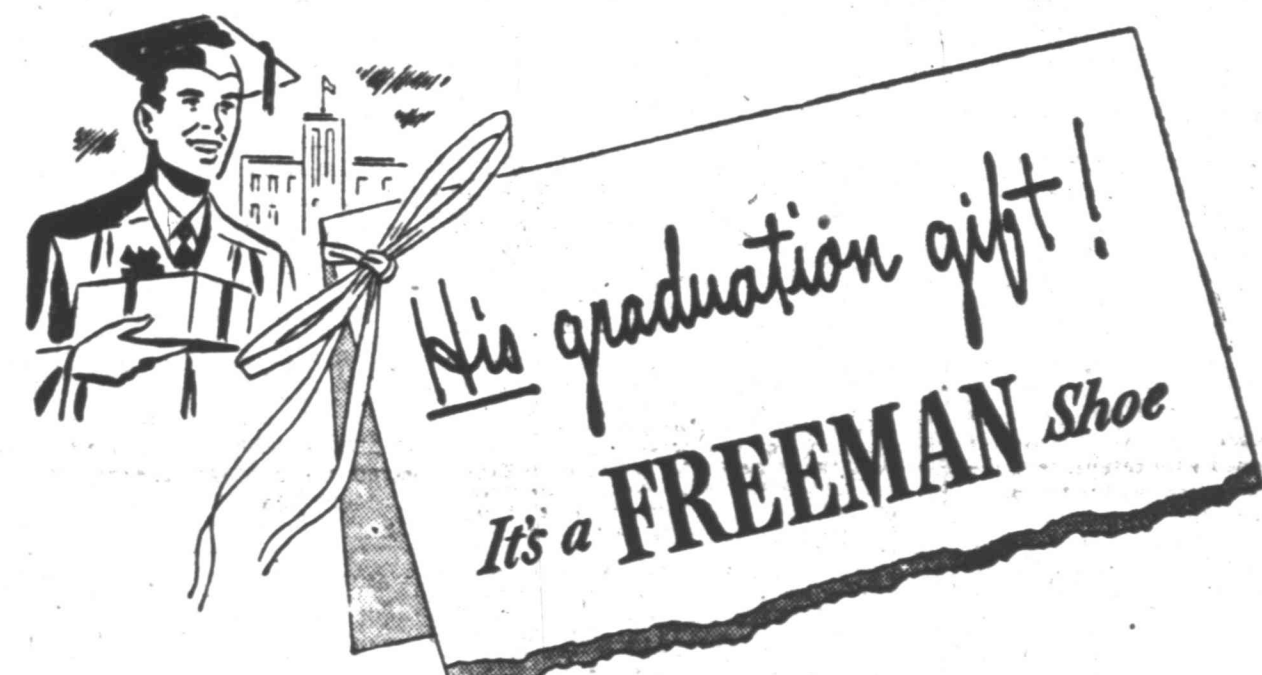

"I give it to everybody from my White House friends on down," he says. "I don't get paid for the stuff. I just give it away."

Leslie Biffle, who is nearly 60 and has served under the Capitol Dome for nigh onto 41 years, has held his present post since January, 1945. Since 1913, he has held various positions in the Senate. He became assistant secretary to the Democrats in the mid-1920's. He advanced to Secretary in 1933.

Eyes And Ears
Biffle has a reputation for being the eyes and ears of President Truman on Capitol Hill. He is the aids and counselor of many Senators (Democratic or Republican), the guiding hand for beginner members and "the man to see" at the Capitol.

He estimates that during the course of a day he talks to more than 200 people in person, or by telephone.

Mrs. T. A. Golladay Named Garden Club Council Chairman

Mrs. T. A. Golladay of the Midland Garden Club was named garden club council chairman at a Tuesday morning meeting in the home of Mrs. A. P. Shirley, 211 South L Street.

The slate as presented by the nominating committee, headed by Mrs. W. B. Neely, also included Mrs. C. P. Yaden of the Midland Garden Club as second vice chairman and Mrs. B. R. Mathews of the Yucca Garden Club as treasurer. First vice chairman will be announced later, officials said, and a secretary will be appointed by the council.

Mrs. Neely was assisted on the nominating committee by Mrs. M. S. Dickerson, Mrs. J. D. Dillard and Mrs. Neta Stovall.

Midland's annual flower show will be held October 28, it was decided during a business session, and the annual event featuring a professional speaker will be held November 4.

The committee planning the May 22-27 flower show judging school includes: Mrs. Shirley, chairman; Mrs. J. C. Smith, vice chairman; Mrs. L. C. Link, publicity chairman; Mrs. Dillard, registrar; and Mrs. Mathews, treasurer.

Attending the council session were Mrs. J. C. Smith, Mrs. Dillard, Mrs. J. L. Smith, Mrs. M. M. Conn, Mrs. Arch Clevering, Mrs. Rex Russell, Mrs. Stovall, Mrs. Golladay, Mrs. Neely and Mrs. Shirley.

What To Do For That Sluggish, Down-and-Out Feeling

Remember the time when you could eat like a horse, bubbled-over with energy, felt happy as a lark? Was it not because you felt—didn't know what in digestion was, felt strong as an ox? As you advance the "old stomach and the ever-changing blood" need help. Now you may again release vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, and a host of doctors, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juices. Thus it is non-organic, it too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh all over hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

Comical Plot, Pleasing Cast Delight Audience At 'Dear Ruth' Opener

A recent survey appearing on the Dallas Morning News' entertainment page indicates that comedy, for the majority of the 19 most successful movies of 1947 were of the lighter caliber. Midland theater-goers are no exception. The Community Theater gives them a break this week by breaking away from hysterical phycho-neurotic women and mysterious settings and producing a delightful comedy. And the small first-night audience "loved" it.

"Dear Ruth," which opened a three-night run in the City-Country Auditorium at 8:30 p. m. Wednesday, produced a delightful laughter from the audience—a comedy which was applauded heartily enough to bring the amateur, but smooth and well-coordinated, cast back for more than several curtain calls.

Few members of the cast have ever appeared on a theater stage before, but they knew their lines well and their facile movements allowed them to keep pace with the fast-moving action of the plot.

Clever Catch-Lines

"Dear Ruth" is not the type of play to miss success, regardless of the cast. It is a series of clever catch-lines, and although the plot is relatively simple many complications beset the war-time Wilkins home during the two acts. What would you do if you had a 16-year-old daughter who occupied herself with the promotion of womanhood, who liked to send night letters and telegrams to the Secretary of War and who wore hats too small for her face as a protest to the objection of drafting women? Miriam Wilkins, the precocious young thing in question, also wrote letters to the American men overseas—her contribution to the war effort and to the play.

Miriam is the motivating character—and really the star. Or rather, Patricia Pryor as Miriam is the star. Pat, a junior in Midland High School, has appeared on the Community Theater stage in previous productions—she acts with perfect ease and appears to like it.

The obvious delight which each member of the cast received from his part added to the pleasure of the audience. Since all of the cast turned in stellar performances, one can't be placed on a higher pedestal. Bill McCormick, however, as Ruth's and Miriam's father, the judge, had choice lines, and Bill, who appeared on a stage previously.

Comely Marjorie Cagwin in the title role shows promising ability for future Community Theater productions. The role didn't give her a chance to "emote," but she gives the impression that she could be a success as well in a more dramatic part.

One of the most convincing and amusing performances was presented by Juanita Galloup in the role of Edith Wilkins, the mother of the "three-ring circus" (the pleasant home following the appearance of a lieutenant with his gifts "every hour on the hour.") Mrs. Rex Galloup is no amateur, however; for she has appeared in Illinois productions. Thursday and Friday night audiences should agree that they would like to see Juanita Galloup in another Midland role. She took her place with first-nighters immediately.

The Ideal Maid

Probably the most difficult role in the play was Kire Scott's as the maid, Dora. Her lines were few, but her impression was so strong she moved and acted like the ideal maid that any housewife would wish to "have around."

The men in question (about Ruth), were George S. Cone, Jr., as Lt. William Sawright and Vincent as Albert Kummer. Both presented pleasing performances.

Smaller parts were played by Gwen Horn as the lieutenant's sister, Phil H. Hayes as Sgt. Chuck Vincent and Bill McCutcheon as Harold Klobbermeyer.

"Dear Ruth" should go down in Community Theater annals as one of its most successful productions, and any improvements Thursday and Friday nights should be record-breaking.

Renewal Of Faith

For a stimulating, pleasant evening of entertainment plus an incidental renewal of faith in the future of American youth, here's a suggestion:
Hear the Midland High School A Cappella Choir in the school auditorium at 8 p. m. Friday.

To attempt to preserve love of pure beauty in a young person by piously intoning "man lives not by bread alone" is simply to bore the listener. To enable the youngster to find for himself the beauty in music, to encourage him to find pleasure and self satisfaction from the development of that part of his nature farthest above mere animal impulses or even ordinary human desires—that, forsooth, is an important project.

And to see such a thing coming to pass before your eyes, meanwhile thoroughly enjoying an evening of delightful music by a talented, well-directed group of Midland youth, is to get a boost of morale you'll hardly find elsewhere for so small an admission charge.

Fright And Full Employment

During the war, a peacetime goal of 60,000,000 jobs seemed improbable, if not unattainable. But it was reached, and now the U. S. Bureau of Labor Statistics says that that number of employed may be substantially increased this Summer. The news has generally been received with "cautious optimism."

The prophets of gloom say that the bust after the boom is only delayed, and that it will be worse. Even the cheerful are also a little fearful. They want to know how long it will last.

It would be comforting to have the answer. But the best that can be said now is that our mild inflation, while no better, is no worse. There has been some effort again to cut prices. And ECA Director Hoffman doesn't think that European aid will bring any severe shortages or rationing. So maybe the present good times aren't so fear-inspiring, after all.

Mid-Season Form

Certainly the Spring training season's most impressive performance in exhibition games was turned in by a rookie named Harold Stassen. Against sharp major league opposition, he pitched a shutout in Wisconsin and gave up only two runs in Nebraska while winning by a lopsided score.

If the Republicans don't sign him up, the Giants can undoubtedly use him.

Tenderizer

In Champaign, Ill., some forgotten asparagus plants grew through two inches of asphalt and are causing cracks in a new driveway. A few tips from those plants ought to go well with some bride's biscuits that we've tackled.

Congress Stalls Many Bills As They Wait Till Next Year

By PETER EDSON
WASHINGTON—(NEA)—If recent developments in Congress give any clues, politicians are counting heavily on an entirely different kind of administration in Washington for the next four years. This new trend in government is really the old, old trend. It comes from the ultra-conservative Republican majority. But it gets plenty of support from the ultra-conservative Democrats.

In general, the drift is to let things drift. Don't do anything this year that can be put off until next. For after inauguration day, there may be a new President. The only Republicans, old guard—think of it—left in the House are the GOP. And right-wing Democrats from the South say now that it isn't going to be Harry Truman. So things like these are noticeable:

There's a move on to extend appointments of the five-man Atomic Energy Commission under David Lillenthal for one or at the most two years. The law calls for instituting a five-year stagger system in the appointments. By approving short-term appointments, the Republicans hope to replace Lillenthal and maybe some others with men of their own choosing.

Instead of trying to write a new long-range farm program, as the Republicans promised in 1946 and '47, the House Agriculture Committee under Cliff Hope of Kansas has ditched the idea. It merely wants to extend the present law for another year. The Senate may force the issue by passing Vermont Senator George Aiken's bill to set up a new price support schedule on farm products. But the House side wants to put off decision until after election. The theory seems to be that since farmers are happy and prosperous now, there's no use stirring them up.

Instead of coming to grips with the Reciprocal Trade Agreements Act renewal, the majority in Congress apparently wants to procrastinate. The act expires June 12. President Truman has asked for the usual three-year extension, previously granted four times. Under this act, agreements may be made with other countries by the private gross apparently wants to procrastinate. The act expires June 12. Questions and Answers
Q—Did O. Henry, the author, actually serve a prison sentence?
A—This well-known writer was sentenced to the Federal Penitentiary in Columbus, Ohio, for embezzlement and wrote a number of short stories while there.
Q—How deep are the Carlsbad Caverns in New Mexico?
A—These caverns, probably the largest in the world, have been only partly explored (32 miles). There are three levels, 754, 900 and 1320 feet below the surface.
Q—Where did Mary Ludwig acquire the nickname of "Molly Pitcher"?
A—At the Battle of Monmouth, New Jersey, by bringing pitchers of water to soldiers who called for "Molly Pitcher."
Q—How long did John L. Sullivan fight with James J. Corbett?
A—They fought 21 rounds. This bout, which took place Sept. 7, 1892, was the first time big gloves were used.
Q—In what range of mountains is Mount Everest?
A—Mount Everest, highest mountain in the world, is in the Himalayas, India.

Bridge Expert Says Impotent UN Plays Into Russia's Hands

WASHINGTON—(AP)—By Culbertson said Thursday American leaders are boosting Russia's chances of world conquest by defending an "impotent" United Nations and letting the Soviet build atom bombs "with impunity."
This, he said, is "fantastic unreality" in foreign policy.

The famous bridge expert, who has turned to the field of international politics, told the House Foreign Affairs Committee that Russia will have enough atomic bombs by 1950 to threaten the destruction of scores of American cities.
On the Senate side, the Foreign Relations Committee split over how far this country should go in pleading military backing for non-Communist Europe.

That is why the "working paper" resolution Chairman Vandenberg (R-Mich) has drafted to advise President Truman on possible moves within the United Nations failed to clear the committee on schedule Wednesday.
A senator familiar with the full background gave a reporter the details Thursday on the understanding he would not be named.

Vandenberg's resolution: (a) stresses the idea of regional defense treaties within the framework of the UN charter; (b) calls for this country to take the lead in trying to bring about voluntary disarmament of the big power veto on most issues short of the use of force; and (c) advises against attempts to revise the UN charter itself until all other efforts to strengthen the organization have failed.

Rail Brotherhoods Set To Strike When Ownership Returns

WASHINGTON—(AP)—The three railroad brotherhoods which called off their threatened nationwide strike Monday night will run the trains as long as the government has control of the railroads.
But the minute the lines are turned back to the carriers, whether in two weeks or two years, they'll call another strike unless an agreement is reached meanwhile in their wage-rules dispute.

That was the word Thursday from one of the top brotherhood men. He talked to a reporter on condition his name would not be disclosed.

M. M. Conn, of Midland, district superintendent in West Texas and Southeast New Mexico, for Trinity Drilling Company, was named chairman of the Permian Basin Chapter of the American Association of Oilwell Drilling Contractors at a meeting in Midland Wednesday.
H. W. Davidson, of Odessa, with the C. J. Davidson Drilling Company, was selected as vice-chairman, and C. K. (Ted) Lowe, of Midland, with the Ralph Lowe Interests, and also an officer in the W. H. Black Drilling Company, was made secretary.

George McQueen, of Fort Worth and Midland, with McQueen & Cleveland, and vice president of the national association for the Permian Basin, presided at the meeting held in the Hotel Scharbauer.
Approximately 30 persons attended the session. It was decided to hold a meeting of the chapter on the second Wednesday night in each odd month. The next gathering will be at Odessa on July 14.
Conn takes the place formerly held by Guy Mabee, of Midland, as head of the district chapter of the contractors' organization.

Congress To Hear Truman Farm Program

WASHINGTON—(AP)—President Truman said Thursday he hopes to send a farm program message to Congress Friday.
He told his weekly news conference, however, that he is not ready to announce the appointment of a new secretary of agriculture.
Truman gave no indication what he will propose in Friday's message, regarded as a bid for the farmers' vote.

Man Forces Entry In House; Arrested

An Amarillo man was arrested here Wednesday for forcing his way into an East Dakota Street residence and trying to break into a South Main Street residence.
Officers said the man was an acquaintance of the East Dakota Street residence but they said he was acting strangely. A neighbor reported his trying to enter the South Main Street residence.

Odesan Injured As Car Overturns

Police reported early Thursday that a car overturned on Highway 80 near Midland Air Terminal injuring Bobby Keller of Odessa.
Keller was brought to a Midland hospital by ambulance and his injuries were reported "not serious."

From where I sit... by Joe Marsh
Job Had the Folks in Stitches!
At the Friday Night Social, Joe Marsh had the audience in stitches—doing a take-off on the blustering character who belittles everybody and everything that isn't from his own home town.
Well, we can laugh at that sort of character because from where I sit, Americans are just the opposite. We like to boast a bit perhaps, about the paint job on the new barn, or the missus' style of cooking—but we aren't intolerant of people who don't think of act exactly the same way we do.

The DOCTOR Says
Too Frequent Use Of X-Rays May Bring Harm To Patient

By EDWIN P. JORDAN, M. D.
Written for NEA Service
X-rays, which are also called Roentgen rays after their discoverer, Wilhelm Roentgen, are now taken for granted. Actually, however, it is only in the last 50 years that they have been of value in medicine.

At first many people, including physicians, were afraid of what harm X-rays might do. This fear was justified, since they have to be used with caution. Too much is harmful.
The X-rays pass through the soft tissues of the body, but are stopped by bone, metal or other hard substance. This is the basis of a specially prepared film. This makes X-rays particularly helpful in treatment of broken bones, where not only the original break can be seen, but also the progress of healing can be observed.

Uses Vary
X-ray films are extremely useful in the diagnosis of many other conditions, such as tuberculosis of the lungs. In diseases of the stomach, such as ulcer, X-rays are also helpful. An outline or silhouette of the stomach can be obtained by having patients drink a bismuth solution. The solution fills the stomach and stops the X-rays just the way bones

Johnston Announces For U. S. Senate But Pappy Loses No Sleep

WASHINGTON—(AP)—Senator W. Lee O'Daniel says he plans to go back this week to Texas—where Rep. Lyndon Johnson is the latest candidate to announce for O'Daniel's job in the Senate.
While he is in Texas he may say whether he will seek re-election, O'Daniel said Wednesday night.
Johnson announced Wednesday—on the eve of the 11th anniversary of his going to Congress from the 10th District of his state.
A reporter roused O'Daniel at his home here to ask about the Johnson announcement.
O'Daniel yawned over the phone. "You can see I'm not losing any sleep over it," he said.
Candidates in the Texas U. S. Senate race include former Governor Coke Stevenson and George Peedy of Houston.

Midlander Selected For NROTC Program

NEW ORLEANS—Willis H. Gilmore, Jr., 511 North D Street, Midland, has been selected for training in the Naval Reserve Officers Training Corps in the 1948 Fall term of college, Eighth Naval District headquarters here announced.
From 24,117 candidates who completed the Navy's aptitude test for the program, 1,786 were finally selected as principals and 560 as alternates.
The NROTC program gives successful candidates four years of college education at government expense. Regular courses leading to baccalaureate or higher degrees are augmented by Naval Science subjects, two Summer cruises and one Summer period of aviation indoctrination, the Navy said.

Normal coal output of the Rhur in the late 1930's was more than 100,000,000 tons annually.

Southwestern Royalty

Miss Dorothy White, left, of Fort Stockton was chosen Water Carnival Queen of 1948, and Miss Anne Mims, Sul Ross College student from Fort Davis, was named Miss Southwest of 1948 in the All-Southwestern bathing Revue held last weekend at Comanche Springs in Fort Stockton.

World Federalists Movement Will Prevent War, Church Speaker Says

Outlining the aims and objectives of the United World Federalists, Inc., and declaring the adoption of the movement by the United States and other countries will prevent an almost inevitable war with Russia, Ephraim Evans, executive secretary of the organization, addressed Presbyterian Men of Midland at a dinner-meeting Wednesday night in the church. He was accompanied to Midland by William H. Taylor of Austin, head of the Federalist program in Texas.

Ray Lynch, president of the men's group, presided, and Bob Payne, program chairman, introduced the speaker.

Evans, who painted a dark picture concerning possibilities of an almost immediate war unless something is done, said the world today is facing three new facts of enormous proportions—(1) thirty-five years of war have made world peace impossible under the former balance of power system; (2) the entire economy of the world has been diverted from peaceful war to war time pursuits; the new weapons of mass destruction.

The world today has only two

Actress Gets Bargain In Bank Money Orders

SAN FRANCISCO — (AP) — A horrified bank official discovered Wednesday that a young woman who wanted only \$116 in bank money orders had been given \$11,500 worth.

At the behest of the Crocker First National Bank, San Francisco police put out an SOS and an all-point bulletin. They want to tell Helen Leamon of Jamaica, Long Island, about it before she mails the orders.

The bank said she bought the money orders a couple of days ago, that her stage name is Helen Elson. She has a sister-act, and is due soon in Waco, Texas. That, they said, is all they know.

Director Sick, Music Lost, Show Goes On

FAIRBURY, NEB. — (AP) — The Fairbury Junior College mixed choir belongs to the old theatrical school which contends that come what may, the "show must go on." The choir was about to leave on a one-day four-town concert tour when the director became too ill to make the trip.

Jim Chatalein, a singer in the bass section, had done some directing of other groups so he stepped in as pinch hitter. All went well at the first concert. But a few minutes before the second concert was to start at another town, someone discovered the director's director who had no music to follow.

Dean D. S. Overturf, meanwhile, drove back to the first stop to pick up the missing portfolio. Car troubles developed and he couldn't make it back. The choir was undaunted. It sang the remaining two concerts as scheduled, with a music-less, pinch-hitting director.

After reaching maturity, trees lose vigor and eventually, subject to diseases and pests, die.

Australia Takes Firm Stand On Desertion

SYDNEY — (AP) — The Australian Government is going to be tougher with seamen deserting overseas ships in Australian ports. Immigration Minister Arthur A. Caldwell issued a reminder in a recent statement that deserting seamen can be declared prohibited immigrants, and held in prison until they are deported.

Such desertions totaled 1300 in 1947. Today an estimated 40 men a week are leaving overseas ships in Australian ports.

An officer of an overseas ship told a reporter: "Many British seamen plan months ahead to desert in Australia. They have been here before, and like the country. In many cases they have made arrangements to take jobs when they desert. Many have become engaged to Australian girls, and they desert to get married and settle here."

It took seven days and nights for the army of Xerxes, the Persian general, to cross the Hellespont in 480 B. C. Distance covered: seven-eighths of a mile.

Labor Sought For Britain's Textile Mills

LONDON — (AP) — The British government is sending booklets on living conditions in Lancashire to displaced persons in Austria, hoping to lure them into jobs in the undermanned textile industry.

The pamphlets describe the life of European volunteer workers, some 5,000 of whom now are at work in Lancashire spinning mills. The ministry of labor wants at least 20,000 more foreign workers in the industry before the end of the year.

TEXAS SCHOOL DISTRICTS GET PER CAPITA PAYMENT

AUSTIN — (AP) — Checks totaling \$8,800,722.05 were sent to Texas school districts Thursday. The amount represented a 68 per cent apportionment of the available school fund. It brought the total paid thus far on the \$65 per capita allocation to \$65.

COLUMBUS HAIR CUTTERS GET PENAL FARM TERM

COLUMBUS, IND. — (AP) — Three Columbus men were sent to the state penal farm for 30-day terms Wednesday for cutting off a woman's hair.

Police said Mrs. Hazel Campbell, 29, Nashville, Ind., told them the men cut off all her hair except the forelock. She said they accused her of informing authorities about stolen car.

Esther Williams Says Swim Suits Too Brief
Mormon Tabernacle Organ To Be Enlarged

HOLLYWOOD—(AP)—The new scanty bathing suits are too scanty for Esther Williams.
 Esther, a gal with more curves than the Boston post road, should know whereof she speaks. The movie actress who was national swimming champion, says the scanty-waisties are "unflattering, immodest, impractical."
 "Why they come off in the water," she confides. "You can't swim in them, what good are they? They don't do anything for the female figure. If the object is to get more skin exposed to the sun. I say sun-bathing should be done in the backyard, not at the beach or pool where men have nothing to do but look."
 Esther said she thinks women should have their swim suits tailored to their figure as they do a dress.
 All the while she was saying this, she was wearing a swim suit that looked like it had been sewn on her.

Senior Boys Are Rotary Guests
 Eighty-ONE boys, members of the Senior Class of Midland High School, were honor guests of Midland Rotarians at their meeting Thursday noon in the Crystal Ballroom of Hotel Scharbauer. Members of the class presented the program.
 Percy Bridgewater, a trustee of the Midland Independent School District, introduced the seniors and presented B. A. Whitson, Jr., class president, who was in charge of the program. Supt. Frank McGroes and Principal Charles Mathews were special guests.
 A quartet, including Donald Hamblet, Alex Oates, John Richardson and Charles Moncrief, sang two selections, accompanied by Bernard Pemberton. Pemberton also played two piano numbers. A humorous skit was presented by Leroy Hall and Bob Short. John Scrogins, Jr., thanked the Rotarians for inviting them to the luncheon.
 Three new members, Buddy Kyle, Carroll Thomas and L. T. Miller, were welcomed into the club by W. Ly Pratt.
 Ralph Smith, vice chairman of Boy Scout District 19, presented the charter for Rotary-sponsored Boy Scout Troop 154. Members of the troop committee are Hank Avery, Randy Rubin, John Perkins, Wallace Wimberly, L. A. Patterson and H. A. Thompson. Ray Upham is Scoutmaster.

Big Steel Declines To Make New CIO Contracts
BOSTON—(AP)—CIO President Philip Murray said Thursday the major steel companies have refused to negotiate new contracts with the CIO steelworkers unless the union complies with the Taft-Hartley Act.
 Murray said the problem of whether or not to obey the non-Communist pledge in the law has made the union's situation "extremely grave." But he pleaded with the 3,200 steelworkers delegates to give their executive board "the power to make this enormous determination."

HOW ADVERTISING AFFECTS YOUR JOB
Raises, Cuts, Promotions, Layoffs Often Depend on How Much the Firm Sells

NEXT time you hear or read advertising, just stop and analyze how it affects you.
 Its purpose is to sell goods or services. More sales mean more work to be done. That means more jobs in the firm that advertises... and more jobs in the hundred and one firms with which it does business. It's a never-ending chain.
 Now when more jobs open up, that means more security for everyone. It means promotion to many, with wage increases. It means opportunity—particularly for friends and sons and daughters of present employees.
 Whether or not you work for a firm that advertises, remember that this modern method of mass personal selling affects your company's business and its future. Hence it affects your job and your future.
 Advertising, by selling goods, starts businesses humming, makes them bigger. That's how advertising affects your job. For tomorrow, it creates opportunity... for today, it makes your job more secure.

Other Ways Advertising Helps You:

1. Brings you better goods for less money.
2. Makes shopping more pleasant and easier.
3. Has given us the world's highest standard of living.

Advertising... BY SELLING MORE GOODS TO MORE PEOPLE
Makes your job more secure

CAN A nice figure BE A problem figure?

Indeed it can! You can't always gauge figure problems with a tape measure... and even a normal figure can be in poor shape—from posture strain and fatigue. That's why so many women, who are not problem figures in the ordinary sense, turn to Camp Supports.

These scientifically designed supports help the fatigue problem—by encouraging better posture. You conserve energy by sitting, standing or walking properly. And you feel more fit for doing things.

Let a trained fitter help you choose just the right support.

Tribe Home For Three

The Midland Indians with three straight wins on their scalp-belt meet the Del Rio Cowboys at 8:15 p. m. Thursday in Indian Park here.

It is homecoming for the Redskins after a road trip on which they won four out of five, one by forfeit.

Midland's win Wednesday night parked them in fifth place in the Longhorn League, just one-half game out of the first division. The Tribe has won 10 and lost 10.

Del Rio will be here for three battles—Thursday, Friday and Saturday nights. The Cowboys are lowly in the league, resting in last place.

Dick Willenberg (when he is good, he is very, very good and when he is bad, he is—wild, but he wasn't Wednesday night) pitched a four-hit winner for the Indians over the San Angelo Colts 6-2.

Harold Webb was back on the scene and got into some high jinks. He was ejected from the game in the third frame. Webb chastised Umpire Tondrick for a decision at third base. Webb contended Phillips of the Colts was out when he slid into the sack because Eddie Melillo, third baseman, had cleated cuts on his tag arm, proving the out.

It was a hard-fought game. San Angelo tabbed a run in the second stanza to take the lead. Midland tied it up in the third, went one ahead in the fourth and added three in the fifth and one in the ninth. San Angelo got a run in the ninth. The box score:

Kermit Oilers Beat Midland Black Indians

The Kermit Oilers (white) broke the winning streak of the Midland Black Indians at seven straight in Indian Park Wednesday night, defeating the locals 13-9. It was the first loss of the season for the Midlanders.

The Indians got off to an early two-run lead in the second inning but were overtaken by the visitors in the third when the count was 10-2. Kermit then went on to win.

The tall, handsome young man who was one of the American League's best pitchers less than two years ago, the fellow who threw more pitches than any other hurler, is on his way back to a Class "B" minor circuit.

"Sure, it's a blow," said score-keeper Tex Hughson after he had been informed that the Red Sox were sending him out.

"It's a blow to any ball player to be sent down. But I'll be back. I'll be around here again."

It is the hope of Sox officials that the hot sun of his native Texas—Hughson is going to Austin of the Big State (Texas) League—and the idea of pitching against 1-2 skilful opponents, where the pressure on his arm will be easier, will help the 32-year-old pitcher.

The May issue of the Humble Lubricator (company publication) carries a pic of the Humble Oilers Independent basketball team of Midland.

The Midlanders took third place in the Odessa city league and won consolation honors in the loop tourney. They won 10 and lost 6 over the season. The Oilers scored 547 points to their opponents' 447. Highlight of the season was holding the famed House of David team to a 49-36 score.

Shown in the picture are Ken Heid, Mike Kreidel, Charlie Kelly, Lee Huffman, Ralph McCleskey and Hoot Harris. Other team members not shown are Dwight Fleming, Bill Smith, Chub Ewell, Rod Koontz, Bill Wilson, Chet Skrabec, Raleigh Hargraves and Owen Blexrude.

The college baseball player getting the most attention from big league scouts these days is a guy playing out his string on a tail-end ball club.

Jim Busby hasn't allowed the lowly estate of his team to give him an inferiority complex. He's clouting a fine .551 in the Southwest Conference and is the fastest man in the circuit.

The Texas Christian University outfielder has six major league clubs and Buffalo of the International League bidding for his services. "I don't know which team I'll join, but I figure to finish the Summer in a professional baseball uniform," he says.

Texas League—
Rebels, Shippers Stage Hot Race For Loop Cellar

By The Associated Press
Dallas and Beaumont are putting on a lively race to see which can reach the Texas League cellar first. It now looks like a dead heat.

Houston won from Dallas 11-1 Wednesday night behind the fourth pitching of Pete Brant, while Tulsa and Beaumont played far into the night, having to start at 9:30 o'clock when a college game of seven innings being staged on the same field ran too long. Harry Perkowski drove in two runs in addition to doing some fine pitching in a 9-4 Tulsa triumph.

Port Worth's Cats used a couple of home runs by George Schmees and Dee Fondy to edge San Antonio's Missions 3-2. Shreveport lambasted the Oklahoma City pitchers for 13 hits and a 9-2 victory.

Bulldogs Will Engage Steers

The Midland Bulldogs travel to Big Spring Friday for a set-to with the Big Spring Steers (high school). It will be the next-to-last game of the season for the Midlanders.

Other 3-AA games Friday are: Abilene at Lamesa; Sweetwater at San Angelo.

The standings:

Longhorn League—
Tribe, Oilers Win, As Cats, Sports Split

Harold Webb's Midland Indians did a little climbing Wednesday night by beating San Angelo 6-2 in a Longhorn League set-to at San Angelo.

Odessa registered seven runs in two innings to beat Vernon 9 to 3. The Sweetwater Sports and the Ballinger Cats split a doubleheader, the Cats taking the first game 3 to 2 and the Sports taking the nightcap, 12 to 5. Both of the games were seven-inning affairs.

Big Spring romped on Del Rio 12-6. Seven Cowboy errors helped greatly the cause of the winning Broncs. Ace Mendez hit a home run for Big Spring.

WT-NM League—
Borger, Pampa, Clovis, Abilene Win Loop Tilts

By The Associated Press
Borger and Pampa roll along in a deadlock for the West Texas-New Mexico League lead. Wednesday night Pampa won its sixth straight game by edging Lamesa 5-4. The Oilers took the lead in the third inning with a four-run spurge and the game rocked along that way to the end.

Clayton Fries turned in a seven-hit pitching job to bring Borger an 8-5 win over Albuquerque. It was his fifth straight victory.

Cellar-dwelling Clovis clipped Amarillo 9-5 to knock the Gold Sox out of the first division, with Abilene advancing by downing Lubbock 7-2.

Chuck Novotney hit a three-run homer and Clovis got five runs in the eighth to beat Amarillo. Fred Fazio pitched a six-hitter in Abilene's triumph.

Commencement Exercises Scheduled Friday In Garden City High School

GARDEN CITY — Commencement exercises for members of the graduating class of Garden City High School will be held at 8:30 p. m. Friday in the school auditorium, with Dr. R. M. Hawkins, president of Sul Ross College, Alpine, as the speaker.

The baccalaureate service was held Sunday morning when the Rev. R. O. Browder spoke on "Goodly Fruits." The Rev. A. C. Durrant gave the invocation, and the Rev. H. P. Ashby, the benediction. The High School Girls Chorus sang.

The commencement program: Processional, Mrs. R. Ricker, invocation, Principal G. O. Griggs; presentation of speakers stand, William Weyman, senior class president; acceptance, H. A. Haynes, school board president; salutatory, "Today A Dream Comes True," Susan Schaefer; address, Doctor Hawkins; class history, Geraldine McNew; class prophecy, Juanita Ratliff; class will, Basil Keathley; song, "Golden Days," Barbara Lu Currie; Valedictory, "Can Education Make Men Free?" Jerry Currie; presentation of graduates, Principal Griggs; presentation of diplomas, Supt. C. G. Parson; class song; benediction, Mr. Browder; recessional, Mrs. Ricker.

Class Motto
"We sail on the ship of ambition, may we anchor in the harbor of success" is the class motto.

Senior class officers are William Weyman, president; Leroy Linney, vice president; Charlie Joe Schaefer, secretary-treasurer; and Basil Keathley, reporter. Mrs. C. H. Neely is the class sponsor.

Junior ushers at the Friday night exercises will be Frances Robinson, Barbara Harris, Joe Cunningham and Marion Wilkerson.

Members of the class are Loren Baker, Anita Calverley, Jerry Currie, Bruce Hanson, Basil Keathley, Leroy Linney, Claude McDaniel, Geraldine McNew, Juanita Ratliff, Lael Roberts, John Robinson, Charlie Joe Schaefer, Susan Schaefer and William Weyman.

STEAMROLLER TRIP
SYDNEY, AUSTRALIA—(AP)—C. Johnson of Maryborough recently bought a steamroller from the Melbourne City Council. He drove it the 112 miles home to Maryborough, averaging five miles an hour and taking a week for the trip. His steamroller burned up 18 bags of coke, two tons of wood and a lot of patience.

The American mandrake is known as May apple, wild lemon, umbrella plant and, scientifically, as podophyllum.

Swan Gives Bus the Bird

"What a glorious day for stopping traffic," this swan must have said to itself, as it flew in from a river and alighted on a busy street in Mitcham, England. And stop traffic it did, until a policeman took it into custody. The bird was returned to the river, its yen to be a traffic cop presumably cured.

Robins Take Over New Tennessee U. Building

MEMPHIS, TENN.—(AP)—Even though the University of Tennessee's new dental college building still is under construction, a family of six is living on the third floor "penthouse." Workmen had just finished putting in overhead water-pipes when a robin chose one of the pipes as a likely spot for her nest.

While workmen swarmed over the building, the mama robin warmed her four blue eggs. She wouldn't budge when the men with an electric drill began to bore holes in the ceiling three feet from the nest. Even a photographer and his exploding flash bulb couldn't make the robin lose her poise. And papa robin paid no mind to all the folks while he fed the youngsters.

Crawfish Industry Planned For Island

CAPETOWN—(AP)—A half million dollar crawfish industry is planned for Tristan Da Cunha, one of the loneliest islands in the world. A recent expedition to the island in the middle of the South Atlantic checked the possibilities.

The initial target for an enterprise planned by a union of five fishing companies is 50,000 annual cases of frozen crawfish tails. This will mean catching about 1,800,000 crawfish. Two cold storage plants and a broad social program for the island population are envisaged. A farm program to maintain a healthy diet for the people is planned.

The mandrake plant mentioned in the Bible is the so-called European mandrake.

Red Devils Banned In Russian-Held Germany

BERLIN—(AP)—Red devils are banned in the Communist-run Russian occupation zone of Germany. The newspaper Telegram says that the city of Potsdam had undertaken a traffic safety campaign which it planned to illustrate with thousands of posters on which danger was represented by a red devil.

"But when the posters were brought to Russian censors for approval," the Telegram says, "they were banned. The censors said the devils were all right but they must not be red. It was suggested that (Nazi) brown would be a better color."

Present Tankers Equal Four Of Prewar Type

NEW YORK—(AP)—It would take at least four prewar type tankers to match the performance of one new American oil ship.

Increased speed, greater efficiency and larger size make the 21 oil tankers now on order or under construction, equal to 84 prewar tankers, according to the American Merchant Marine Institute. One out of every six large ships built in the world today is an oil tanker. In the United States, however, virtually all new construction is made up of ships for the oil transportation industry, the AMMI says.

The prewar American tanker averaged 11,800 tons as compared to the average of 25,500 for the 21 new vessels. Average speed of the 1939 oil tanker was 10 knots. The ships building today average 16 knots in speed. The American tanker fleet is the world's largest, being twice the size of its nearest rival, the British.

DNEPR BOATS RECOVERED
MOSCOW—(AP)—The newspaper Soviet Lithuania says 2000 vessels have been raised from the river Dnieper since the war. The ships include the powerful motorships Caspenko and Krupskaya which were sent to the bottom by the Germans.

Tamerlane, 14th Century Mongol conqueror of the Near East and India, introduced tile floor and wall coverings to Turkestan and parts of India which later became centers of artistic tile making.

German Cops Deal In Black Market Goods

BERLIN—(AP)—Black marketing and scrounging in beat-up, hungry postwar Germany are virtually universal practices in which even the police get caught.

Recently the chief of railway police at Wismar, in the Russian-occupied province of Mecklenberg, was arrested and deported when he was convicted of complicity with black-marketers and smugglers.

This incident caused a German woman in Mecklenberg to tell the newspapers of their own experience with the province's police.

It was at the station in Schwerin, she related, that she was searched by railway police for blackmarket goods. They found and took from her a pound of butter. The policeman, she said, placed the butter into his leather pouch.

"But I watched him," she continued, "and I lingered until he went off duty. Then I noticed that he deposited his pouch in a waiting room of the railway police station while he went into headquarters to report. I stealthily entered and stole his pouch. Imagine my joyful surprise when I reached home, to find that the pouch contained not only my pound of butter but also two large sausages, a pound of bacon and a loaf of bread."

Canning Is Answer To Heavy Food Demand

A sound bit of advice to all housewives now is to make home canning plans, obtain supplies of glass fruit jars and caps, then be prepared to can plentiful supplies of food the instant they come to market.

A heavier demand for food both at home and abroad is predicted for the future. What this will do to the supply and prices is anybody's guess, but the housewife who does home canning won't have to guess. She will know her family will be well-fed. Her food supply will be assured, and it will be put up the way she likes it!

All types of jars and caps for home canning are available, including porcelain-lined zinc caps and two-piece metal lids for Mason jars. Newest thing in home canning is the two-piece metal dome lid which gives a sure test of a perfect seal. It is only necessary to press the center of the lid. If the dome is down, the jar is sealed.

GRIMY FINGERNAILS CAN SPOIL MANICURE

By ALICIA HART
NEA Staff Writer

The young girl who claims she is old enough to add nail polish to her grooming aids disproves her claim if she neglects to keep her fingernails well-manicured. Nail polish is the frosting on the cake, so to speak. Colored enamel will do nothing to enhance the beauty of hands if nails are grubby or unkempt; if cuticle is not pushed back or if hangnails go untended.

If you want polish to do justice to your nails, adopt the weekly manicuring habit. File, massage in oil and push back cuticle to keep nails cleanly rimmed. Daily care of the nails should also include brisk scrubbing with a stiff-bristled brush to keep tips immaculately clean.

Short, rounded tips also look nicer on busy young hands than nails of exaggerated length. Here's another word of caution to the young manicurist: If you don't want to be bothered repairing your polish at the first signs of chipping or peeling, better apply the lacquer only for special occasions. In the meantime rely upon a polish applied with a chamomile-showered buffer to put a shine on your pinkies.

Crane Banquet Honors Mrs. Georgia Lewis

ORANGE—One hundred fifty persons attended the annual mother-daughter banquet Friday evening in Community Hall.

Georgia Lewis, 85, was honored as the oldest mother present and Mrs. T. Hargrove, 22, the youngest.

Mrs. A. E. Galloway presented a musical prelude to the dinner. Mrs. Cecil West gave the invocation and Mrs. Tom Coffield extended the welcome. The High School Sextette sang two numbers. Jane Clark gave a toast to the mothers and Mrs. P. O. Vines responded. Mrs. M. B. Clancy gave a toast to the daughters. Sylvia Sullivan gave a reading, "So Was I," and a clarinet quartette presented "The Rosary." Mrs. H. G. Bell gave the benediction. Mrs. Coffield served as mistress of ceremonies.

Czech Trade Moves Out Of Polish Ports

GDNYNIA, POLAND.—(AP)—The newspaper Dziennik Baltycki says Polish ports have grabbed off the lion's share of Czechoslovakia's imports and exports business. The journal said the Belgian port of Antwerp alone had counted upon handling 1,000,000 to 2,000,000 tons of Czechoslovak shipments in 1948. These, it added, now will move through the Oder river, port of Stettin to the Baltic since a part of the port has been set aside for exclusive use of the Czechoslovaks. With the granting of the Stettin facilities, the Czechoslovaks also have abandoned using the German port of Hamburg which handled much of their shipments before the war, the paper says.

Tongue Is Welcome Budget Meat

By GAYNOR MADDOX
NEA Staff Writer

Tongue is one of the budget meats that can be served with confidence for Sunday's family dinner. To make doubly sure of its acceptance with all the family, serve barbecue sauce with it.

Beefed Tongue
(Serves 6—Plus Leftovers)

Wash a 4-5-pound smoked tongue carefully and arrange in deep kettle. Cover completely with cold water, cover kettle, and bring water to boil. Remove scum from surface, then reduce heat and simmer gently about 3 1/2 hours, or until you can pierce it easily with a fork. Remove, pull off skin carefully and trim off thick end where there are small bones. Serve, sliced, with barbecue sauce. It can be served cold, also, with the sauce.

Barbecue Sauce
(2 Cups)

One-third cup minced onion, 1

Applications For 63 Oil Tests Filed In Midland District During Last Week

During the past week a total of 63 applications, covering the drilling of petroleum explorations were filed at the Midland district office of the Oil and Gas Division of the Railroad Commission of Texas. All these projects are in District No. Eight.

Included were three wildcat ventures, all of which have previously been reported in The Reporter-Telegram Oil & Gas Log. These prospectors were in Mitchell, Cochran and Hockley Counties.

Hockley County was listed for 20 of the new locations. Andrews County was credited with 10 new projects. Pecos County had nine, Crane, Ector, Gaines, Hale and Howard Counties, each with three new developments. Dawson County had two applications—one covering deepening a well on which the original permit had previously been granted.

Cochran, Lamb, Mitchell, Reeves, Scurry, Winkler and Sterling Counties, each received one new location. The Sterling exploration is a semi-wildcat, being a stepout from a recently completed discovery.

The locations, by counties:

Works Here For \$30 A Week

(NEA Telephoto)
Once, Jonas Cernius wore a uniform with lots of medals and gold braid. That was when he was premier of Lithuania. Today, Cernius is a \$30-a-week factory hand in Newark, N. J., wearing grimy overalls and shaping mica for radio parts. The ex-premier, who worked as a farm hand in England to earn enough for his passage here last month, says, "There was a war, and I need money."

Norwegian Motorists To Give Official Car
OSLO—(AP)—Norwegian motorists are not exactly in love with the Secretary of Finance, Erik Brofoss. Because of his rigid regulations he has been called "Motorism's Public Enemy No. 1."

Recently a motorist suggested that the bike-riding minister should be given a car. The suggestion was given spontaneous approval, and the motorists already have started contributing.

Englishwoman Finds It Helps To Protect Eggs
LONDON—(AP)—Careful Mrs. Annie Sumner did not put all her eggs in one basket, and it helped—but only a little bit.

When she left Chicago for short-rationed England she put her three dozen eggs in three boxes. During the trip she dropped two of the boxes. When she got to London Airport she dropped the other one. Six eggs survived.

Boss Says Employee Is Needed More At Work
AUSTIN—(AP)—Found by District Judge Charles Betts: one honest boss.

The boss called Judge Betts in 98th District Court. He wanted an employee excused from jury duty. Judge Betts replied there might not be enough jurymen if he granted the request.

"If that's all that's worrying you," said the boss, "I'll be right down. This man's worth more important to my business than I am."

Girl Sells Aprons In Court To Pay Fine

NEW YORK—(AP)—A pretty blonde set up shop in a courthouse and sold three dozen aprons to cops, reporters and lawyers to pay a \$30 fine.

Mrs. Cornea Synhorst, 22, formerly of Pella, Iowa, pleaded "guilty with an explanation" when she came to traffic court on six parking charges. The explanation: She loaned her car to her best girl friend and went to Havana. While she was gone Mrs. Synhorst's boy friend squirreled the girl friend around in Mrs. Synhorst's car—and parked it illegally.

When Magistrate Peter M. Horn fined her \$30, she said she only had a few cents. But she was the inventor of an apron with a plastic clasp, she said, and had some in her car. She would sell them cheap. The sale lasted 10 minutes and brought her more than enough for the fine.

Passenger's Faces Go White As Bus Is Hit
DALLAS—(AP)—The accident victims weren't exactly pale from fright but they had white faces anyway.

A dump truck loaded with freshly made mortar, trying to avoid an accident with a city bus, tilted against the passenger vehicle. Fresh mortar sloshed through the open windows on the passengers.

"They looked like ghosts as the mortar dried on their faces," a police accident investigator said.

Wheeler family.

Mrs. Tom Workman, Mary Ann and Jimmy spent Saturday in San Angelo.

Mrs. R. C. Garrett of Iraan was a Rankin visitor Monday.

Mrs. M. J. Edwards and Mr. and Mrs. Clay Taylor were San Angelo visitors Monday.

Mr. and Mrs. C. R. Hallmark and family have moved from Rankin to their former home near Trent, Texas.

Mrs. E. G. Anderson and daughter, Glenda Gayle, of Coleman were weekend guests in the home of the D. S. Andersons. The Andersons attended the Water Carnival in Fort Stockton Saturday.

The Rev. R. L. Herring, Jr., of Fort Worth arrived in Rankin Sunday night for a visit with his parents, the Rev. and Mrs. R. L. Herring, Sr.

WAR DEAD DUE FRIDAY

NEW YORK —(AP)— The Army Transport Barney Kirschbaum is due at the Brooklyn Army Base Friday morning with the remains of 2,530 American soldiers killed in North Africa.

The five major causes of fires in the home are careless smoking, smoking in bed, children playing with matches, children left alone at home, and clothing ignited by open fire place or bonfire.

Greek Guerrillas Captured

(NEA Telephone) One hundred forty-one men, women and teen-age guerrillas were captured by Greek Army forces in Gravisa, Greece. The Greek Army has a Spring offensive under way to remove all threats to the Athens-Salonika rail line. These guerrillas face court-martials and possible execution.

Australia Works On Huge Power Project

SYDNEY —(AP)— The Victorian state government is pushing a vast hydro-electric scheme to supply one-third of the state's power. Known as the Kiewa project, the hydro-electric installations are being built in the mountains, 200 miles north of Melbourne. It will cost an estimated \$80,000,000 and is scheduled to be finished in 1956.

Rapid industrialization of India took place during World War II. More than a million tons of steel a year are now produced there.

Czech Schools Ask Political Questions

PRAGUE —(AP)— If you want to go to college in Czechoslovakia you have to have the right political answers. Students registering after the political changes in February which made the country Communist dominated, had to answer a questionnaire.

Here were five questions, among others, asked of students in one college of Prague University:

Were you organized in some political party in 1947? Did you take part actively in political life in 1947? Did you work for some newspaper or journal, etc., during 1947?

Was your mind changed in any way by the political events of February this year? What was your opinion on the February events and on the situation that resulted thereafter? Make three or four statements on this subject.

The questions were framed by student action committees which governed the political thinking of students. In student elections before the February changes, conservative students, chiefly allied with the Czech National Socialist Party, won most of the posts.

He's Too Old for His Job

Robert Lis, left, 16-year-old leading soprano with Chicago's Paulist Choristers, is retiring because of "old age." Old for a boy soprano, that is. Lis' successor, Robert Prince, right, 12, will take over the lead soprano parts. He's been understudying Lis for two years.

DIRECTED READING HELPS TIMID TALKER

By ALICIA HART
NEA Staff Writer

The teen-agers whose lack of ease with people is due to the fact that she can never think of anything to say should stock up her mind with conversational material.

If a girl reads newspapers, magazines and books, she is bound to have subjects on tap about which she can talk. To read with the idea of turning the material into conversational topics is not a bad idea for the timid talker.

Is that your problem? If so, try stocking up your mind so as to be ready for the challenge of holding your own with a group of talkers. Knowing that you have something to say will give you the courage it takes to sail into a conversation. When you really have something to say, people will be inclined to listen with interest. That is all the encouragement any person needs—even a timid person.

While you are busy informing yourself, take the trouble to get your facts straight. The risk that you take, if you don't, is contradiction from the people with whom you talk, especially from those who are annoyed by misstatements of fact. There are few situations more embarrassing to a timid talker than that of being contradicted or argued down by some person with a superior knowledge of the facts.

All-White Policy In Australia Attacked

SYDNEY — (AP) — The Australian section of the World Council of Churches has issued a statement criticizing the white Australian policy.

The statement said Australia's immigration policy proved a constant irritant in Pacific and world affairs.

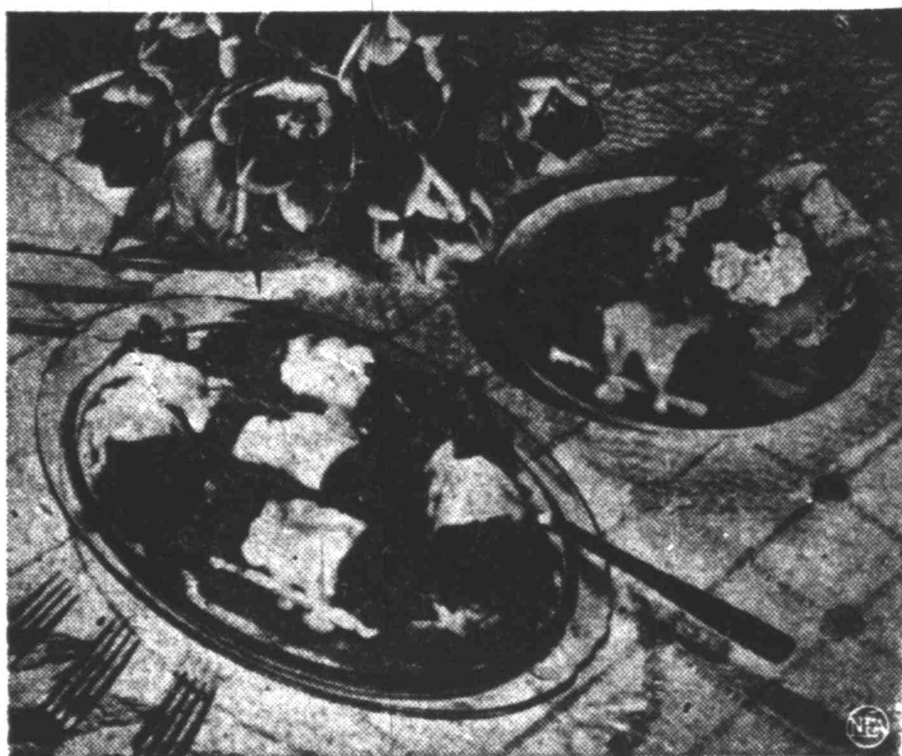

"From the standpoint of expediency, we cannot afford to antagonize adjacent peoples with populations exceeding ours fifty-fold, and with enormous potentialities for development," the statement declared.

"We suggest, therefore, that a quota system be considered as a substitute for the present immigration policy."

In reply, Vice President C. Anderson of the Australian Labor Party said that white Australia policy is "one of the most vital principles of the Labor movement."

The Australian section of the World Council of Churches comprises the Church of England, the Methodist, Presbyterian, Congregational, and Baptist Churches, the Church of Christ, the Salvation Army and the Society of Friends.

Los Angeles Visitor Finds Smart Pigeons

LOS ANGELES — (AP) — For a while W. H. Smith thought Los Angeles had the craziest pigeons he ever saw. Later the visitor from Chicago was convinced they're pretty smart.

Smith left his hotel, went around the corner and brought some handkerchiefs. They kept at his heels like two bird dogs. If he stopped, they did, too.

Smith reached an intersection, was halted by traffic. The pigeons circled him several times, looking up at him. People began to laugh. Smith felt absurd. He returned to his hotel. There, a bellhop explained everything.

People are forever feeding pigeons in a square near the hotel. Smith had his handkerchiefs in a little paper sack. The pigeons thought he was carrying popcorn or peanuts.

Runaway Horses Give Tavern Boys A Start

MOLINE, ILL. — (AP) — At first, the boys gazing through the window of a tavern here thought they were seeing things. And they were.

A team of horses dashed out of an alley. They cut across the sidewalk, knocking off the rear wheels of the wagon on the curb, side-swiped an automobile and toppled a stop sign before they came to a halt in a tangle of wreckage. Police dug out an 1872 ordinance and charged the driver with leaving horses unattended.

ROCKET DEVELOPMENT

WASHINGTON — (AP) — Aviation engineers suggest that rockets at the end of World War II were in about the same stage of development as were airplanes at the end of World War I.

Father, Daughters Make Housing Team

MEMPHIS, TENN. — (AP) — Two sisters and their 80-year-old father are busy building houses here—in the \$14,500 class.

Mrs. Evelyn Jehl gets up early in the morning to order cement. Her sister, Caroline Meadows, pays off the carpenters, plumbers and painters in the family kitchen. And their father, J. B. Meadows, handles the other angles.

The trio teamed up before the war in construction business but quit. Now they've started again. They already have completed two homes, three are nearly finished and five are in the planning stage.

MEET ATOMIC AGE WITH SUPER BABIES, SAYS MEDIC
 LONDON—(AP)—The way to meet the threat of the atomic age is to develop super-babies, the senior medical officer of the London County Council says.
 Dr. Letitia Fairfield told the National Baby Welfare Council: "The very future of the universe depends upon our breeding a people so able to control their instincts and to regard the welfare of others as well as of themselves, that they can even overcome the menace of the atom bomb."
 Rhur coal accounted for three-quarters of Germany's total production before the war.

Mushrooms Thrive In Sheep-Raising Sections
 SYDNEY, AUSTRALIA—(AP)—A mushroom gathered recently at Mullengandra (New South Wales) in the Riverina, that big expanse of Australian sheep country enclosed between the Murray and Darling Rivers, measured 10 inches in diameter. Its trunk was four inches thick.
 Good mushrooms, though not of course, of this size, invariably are found in sheep country. The animals not only manure the ground in which the mushroom spore thrives, but their sharp hooves cultivate it.

Special Bread Balances Salad

By GAYNOR MADDOX
 NEA Staff Writer

A whole wheat nut bread made with molasses and baking powder is a balancing accompaniment to a Spring luncheon salad. It is simple enough to make and it is "different" and nutritious as well.
Molasses Whole Wheat Nut Bread
 Two tablespoons brown sugar, 2 cups whole wheat flour, 1/4 cup sifted all-purpose flour, 3/4 teaspoon baking soda, 2 1/2 teaspoons baking powder, 1 1/4 teaspoons salt, 3/4 cup milk, 3/4 cup water, 3/4 cup molasses, 1 cup chopped walnut meats. Mix together sugar, flour, baking soda, baking powder and salt. Com-

bine milk, water and molasses; add to dry ingredients. Mix smooth. Add nut meats. Pour into 9 1/2 x 5 1/2 x 2 1/2-inch greased loaf pan. Let stand 30 minutes. Bake in moderate oven (350 degrees F.) 1 1/2 hours. Cool 5 minutes. Remove from pan. Cool. Bread will slice in uniformly thin slices if stored overnight.
 Gingerbread goes well with Spring berries or stewed dried fruits. But too often recipes are so large they become impractical for the smaller family. However, this recipe was created especially for the small family, as it yields 8 portions.
Small-Family Gingerbread
 (8 Portions)
 One-quarter cup shortening, 1/4 cup sugar, 1 egg, 1 1/4 cups sifted all-purpose flour, 3/4 teaspoon baking soda, 1/2 teaspoon cinnamon, 1/2 teaspoon ginger, 1/4 teaspoon cloves, 1/4 teaspoon salt, 1/2 cup molasses, 1/2 cup hot water.
 Cream together shortening and sugar. Add egg; beat well. Sift together flour, baking soda, cinnamon, ginger, cloves and salt. Combine molasses and water; add alternately with flour mixture to creamed mixture. Line 9 1/2 x 5 1/2 x 2 1/2-inch greased loaf pan with greased waxed paper; pour in batter. Bake in moderate oven (350 degrees F.) 45 minutes. Cool 5 minutes. Remove from pan.

HIGH PRICE DOESN'T INDICATE SUPERIOR VACUUM CLEANER
 (NEA Newsfeatures)
 In the market for a new vacuum cleaner? The shopper who knows her stuff about cleaners should compare the different types offered to her in all price brackets in order to find the one best suited to her needs. High price does not necessarily indicate superior cleaning ability.
 Cleaners designed for general household use are of two types: those which depend on powerful suction to remove dirt and those which combine suction with brushing and beating. Either type can be an efficient cleaner.
 In brush and suction cleaners, brushes are mounted on a motor-driven cylinder located inside the nozzle. For maximum brushing action, bristles should be thick-tufted and should extend nearly the length of the nozzle. Long bristles are apt to need replacement less often than short bristles.
 Straight-suction cleaners are easily distinguished because the nozzle through which dust is pulled contains no moving parts. For ease of operation, some cleaners of this type have the nozzle mounted on a long flexible tube that is connected to a tank into which dust is emptied. The suction type of cleaner requires more skill on the part of the operator who must maintain a close contact between the nozzle and the rug nap to obtain the best cleaning action.

NOT SO CLEAN AFTER ALL
 It is commonly believed that the raccoon washes its food before eating, but this is not always true because feeding is often done far from water.
