For all our days are passed away in thy wrath: we spend our years as a tale that is told.—Psalms 90:9.

Bureaucrats Snarl DP Entries

The plight of Europe's displaced persons, which has been pitiable enough at best, now seems to be worse than ever. A few months ago Congress passed a bill to admit 205,000 of these fugitives from communism.

Apparently the trouble lies in the bureaucratic approach to the problem by our consular staffs in Munich, Frankfurt and Stuttgart. President Truman issued a directive last year to facilitate the clearance of some of these unfortunates for passage to the United States.

But, with the new law, the consulates insisted on doing the whole job over again. The consulates do not accept the security clearance of the U. S. Army Counter-Intelligence or the eligibility clearance of the IRO.

Meanwhile the refugees, many of whom are high-type, well-educated persons who possess a variety of valuable skills, exist in a state of semi-freedom. They have no homes, few possessions, and few adequate jobs.

It would be to the advantage of all concerned if the machinery for getting them out of Germany could be speeded up. But as delay continues and time passes, the job that this machinery must do becomes harder.

Ironically, this sorry situation is not the fault of the American people. On the contrary, immigration authorities in this country say that there is a great demand for DPs from many communities and employers.

Yet, an observer in Germany says that it is easier for a former Nazi to enter this country than it is for persons who have suffered under the dictatorships of both Hitler and Stalin.

Capitalism In A Crisis

Once again the Soviet government has fallen back on the hated ways of capitalism to get out of a jam. It happened in 1921 when the New Economic Policy (NEP) restored some private ownership of industry, business and farms to solve a financial crisis.

The proud Russian owners of new houses will be lucky if they escape the fate of the "Nepmen," who found themselves operating with government blessing one day and branded as traitors the next, when government policy changed.

WASHINGTON COLUMN

Hoover Study May Turn Up Good Ideas For Government

By DOUGLAS LARSEN, NEA Staff Correspondent. WASHINGTON—Just what's cooking inside the super-secret Hoover Commission is the source of great speculation these days.

The job of the commission is to make a report at the end of this year on how the executive branch of the government can be reorganized to operate more efficiently. There have been several of these commissions assigned to do the same job but they never accomplished much.

Former President Herbert Hoover, who heads this commission, created one himself for the same purpose when he was in the White House and so did Franklin Roosevelt.

But this one looks like it might really do a good job, for several reasons. Most important, Congress had a hand in its organization and appointed eight of the 12 members.

The irony of the thing will be if what started out as President Truman's pet idea ends up becoming the basis of Dewey's reorganization of the government.

Also on Uncle Sam's payroll are "swineherdmen" who have the job of tending herds of pigs at Veterans' Administration hospitals.

Just that glance at the complexity of government today gives an idea of the size of the job which the Hoover Commission has tackled.

Another pretty well-founded report is that a special Department of Administration will be suggested. It will be a sort of "housekeeping" agency and will probably also include the present bureau of the budget.

Church Of Christ Missionary Will Speak In Midland

Delmar Bunn, missionary to Germany from the Churches of Christ in America, will lecture on conditions in Germany at a meeting at 7:30 p. m. Tuesday in the Church of Christ, North A. and Tennessee Streets, here.

Mr. Bunn, a graduate of George Pepperdine College in Los Angeles, went to Europe two years ago to better prepare himself for helping the German people.

Mr. Bunn reports that more than 600 persons are attending the teaching and preaching services of the Mission in Frankfurt.

Colored moving pictures of actual conditions in Germany will be shown. Mr. Bunn will speak in 20 different cities from coast to coast and will return to Germany about October 1. The public is invited to the lecture.

McCAMEY SCHOOL NAMES BAND, CHEER LEADERS. McCAMEY—Cheer leaders, drum majors, and majorettes have been elected by the McCamey High School band and student body.

BACK FROM OKLAHOMA. Mr. and Mrs. A. D. Duncan and daughter, Dora Ann, returned Thursday from a visit with relatives in Duncan and Chickasha, Okla.

Questions and Answers

Q—Why are countries south of the United States called Latin America?

A—They are so called because the prevailing language is of Latin origin. France, Spain, Italy and Portugal are called Latin countries from the fact that their languages were derived from the Latin. Spanish is the principal language of Latin America; Portuguese in Brazil.

Q—When did the first marriage in the White House take place?

A—The first marriage in the White House was on March 11, 1811, and united Justice Thomas Todd, of the Supreme Court, and Lucy Washington.

Q—How can a Constitutional amendment be repealed?

A—The only way any part of the Constitution can be altered is by passing an amendment, which in turn becomes part of the Constitution. The only way, therefore, to repeal an amendment is by another amendment.

Q—What is a pylon?

A—It is one of a series of towers erected on the field of an aerodrome to mark the course and guide the aviators.

Q—Are the Belgians a Latin or Semitic people?

A—The Belgians are neither a Semitic nor a Latin people. They are descendants of German and Celtic tribes with an admixture of Latin.

Uncle Sam's Draft Law

(One of a series of questions and answers on the second peacetime military training program. The information was prepared under the direction of Maj. Gen. K. L. Berry, Texas Director of Selective Service.)

SELECTEE VOTING RIGHTS. Q—Can a man inducted into the armed forces vote while in the service?

A—Yes, if he is entitled under the laws of his state to vote.

Q—Does he vote in person or by absentee ballot?

A—He can vote within or outside his state at the time of such election. He cannot be granted a leave or furlough for more than one day to permit him to vote in person.

Q—Just what kinds of elections will he be allowed to vote in?

A—In any general, special, or primary election of the state in which he is a resident.

Q—Will he have to pay the poll tax in a poll tax state?

A—He will not be required to pay any poll tax or other tax or payment to any state or political subdivision as a condition for voting in any election for President, Vice President, Senator, or member of the House of Representatives.

So they say

The time has come when there are no frontiers. A hostile army would not necessarily have to invade our shores.

—Maj.-Gen. Lewis B. Hershey, National Director of Selective Service.

In America, young girls are allowed to kiss young men. If they were not allowed to be with men until after they were married, like in Europe, they would really appreciate men.

—Carmen Torres, Spanish opera singer, on tour in the U. S.

I should be working on percentage. —Batches Paige, ancient Cleveland pitcher, noting that 78,000 fans had come out to see him pitch.

God made the (movie) stars. A good producer finds them. —Samuel Goldwyn, movie producer.

Today those practical weapons needed to repel a totalitarian advance—liberty, dignity and opportunity—now safely rest in Japanese hands and the nation has become an asset upon which a free world may confidently count.

IN HOLLYWOOD

Bogart Is Screen Exec Now But Still As Tough As Ever

By ERSKINE JOHNSON, NEA Staff Correspondent. HOLLYWOOD—Baby Bogart was at home posing for a national magazine photographer who wanted a picture story titled "How to Be Beautiful Though Pregnant."

Humphrey Bogart, never beautiful, was at Romanoff's eating his morning eggs Benedict and talking about everything from how mad he gets when the studio retouches his photographs—"I stay up late to get those lines in my face and then the studio paints 'em out"—to his reasons for thinking that Hollywood's own censorship makes film gangsters sympathetic underdogs—"and all Americans love the underdog."

"The censors say all the gangster can have is one little gun," Bogie growled. "They throw a hundred cops with tear gas and tommy guns at the guy and people feel sorry for him."

About your new picture? "I asked Title: 'Knock on Any Door.' I'm as tough as ever," he said. Bogie switched the conversation to Baby. "I'm proud of her in 'Key Largo.' She's a human being for a change instead of that frightening monster Howard Hawks created."

"About her suspension at Warner Brothers?" "Still status quo—they're still spitting at each other. And if you want a crusade against an unfair suspension, Baby's in it. They suspended her for refusing to render her services, but there was no picture for her to render her services in. No script, no director, no players. It's fantastic."

Original Tough Guy. Bogie started the heroic tough-guy cycle with "The Maltese Falcon," followed by Dick Powell and now Gene Raymond in "Sofia."

"It's funny ain't it?" Bogie sneered. "I come to work without shaving and with a hangover and I start a big movie cycle."

Bogart laughed. "I used to play juveniles on Broadway and come bouncing into drawing rooms with a tennis racket under my arm and the line 'Tennis anybody?' It was a stage trick to get some of the characters off the set so the plot could continue. Now when they want some characters out of the way I come in with a gun and bump 'em off."

I asked about Bogart's throwing Columbia studio into a panic when he took over Harry Cohn's office. His eyes twinkled. "I just wanted people to know I was on the lot. Harry wasn't in yet. So I went in and sat down and started pressing buttons. There were millions of 'em. Executives came running in like rabbits. You should have seen their faces when they saw me sitting behind Cohn's desk."

Yes Sir, "H. B." Bogie has his own film producing company now (for one film—a year off the Warner lot). It's named Santana Productions. That's the name of his yacht.

"And as president of a film company," he said, "I demand to be treated like an MGM Hollywood executive. I've instructed everybody to call me H. B."

You probably heard about the Bogarts' houseboy, Fred Clark, playing William Powell's houseboy in "Mr. Peabody and the Mermaid."

Since Fred worked as an actor, the Bogarts have noticed a gradual change in him.

"It's funny," Bogart said. "He seems to be mixed up. He starts shining my shoes in the morning. The phone rings. He answers it. He forgets the unfinished shoes and turns on the vacuum sweeper and goes into the garage to polish the car."

"It's too bad. Fred was a wonderful houseboy until he got in that movie. Now I'm afraid he won't be himself again until he wins an Oscar."

NEW SERVICE ADDED! Vacuum Cleaning now added to our SEAT COVER SERVICE. Your car thoroughly vacuumed when seat covers installed.

### Gonzales, Sturges Gain Final Round In National Net Tourney

FOREST HILLS, N. Y. — (AP) — Pancho Gonzales of Los Angeles and Eric Sturges of South Africa — a slugger and a fancy gambler — battled their way to the finals of the National Tennis Championships Saturday before 13,000 addicts.

Gonzales, the husky 20-year-old Mexican American from Los Angeles beat back Jaroslav Drobny, stocky Czech Davis Cup star, 8-10, 11-9, 6-0, 6-3, after a slim-bang duel between the two "biggest services in the amateur game today."

Sturges cut down young Herbie Flam of Beverly Hills 9-7, 6-3, 6-2 in a flawless demonstration of stroking. He is the first foreigner to reach the American final since Baron Gottfried Von Cramm of Germany lost to Don Budge in 1937.

Louise Brough of Beverly Hills and Mrs. Margaret Osborne DuPont of Wilmington, Del., will meet in the women's singles final Sunday for the second straight year. Miss Brough won in 1947.

### Akey Is New Golf Pro Here

Charles Akey, with the Colonial Country Club of Fort Worth for several years, has been selected as pro-manager of the Midland Country Club, is was announced Saturday.

Akey is to take over October 1. The new pro-manager succeeds Warren Cantrell, who resigned recently.

### Dodgers Climb Back Into Pennant Chase; Nudge Redbirds 3-2

BROOKLYN — (AP) — Pinch-hitter Pete Reiser smacked a single in the ninth inning Saturday to score Pee Wee Reese from second with the run that gave the Brooklyn Dodgers a 3-2 victory over the St. Louis Cardinals. The triumph moved the Dodgers back into second place, still six games behind the pace-setting Boston Braves.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 19, 1948-5

### PERMIAN BASIN ROUNDUP—

## Monahans, Andrews Show Power In Friday Games

The Monahans Lobos whipped Rotan 20-7 and Andrews racked Pecos 26-0 for the greatest displays of power in the Permian Basin Friday football games.

Denver City's Mustangs surprised Wink's Wildcats 18-7.

Other scores: Iran edged McCamey 13-7; Sonora slipped up on Fort Stockton 19-0; Crane blanked Jal, N. M., 6-0.

### Monahans Dumps Rotan By 20-7

MONAHANS — Monahans beat Rotan here Friday night 20-7 in a show of football power between the District 5-A and 6-A teams.

Ray Cathey, Monahans back, scored twice in the second quarter, going over from the 19 and the four-yard line.

On the kickoff at the second half, Waldo Young, Monahans halfback, took the ball on his own 10 and ran 90 yards for a touchdown, but was called back on a holding penalty. He had intercepted a pass earlier on the mid-field stripe and had run it to the Rotan four. Young scored the third touchdown of the game by carrying the ball over from the Rotan 10.

Harold Shipp scored the only Rotan touchdown in the third quarter, running the ball over from the 13.

### Andrews Passes Over Pecos 26-0

ANDREWS — The Andrews High School passing attack was clicking here Friday night as they passed for three touchdowns and ran over a fourth to blank the Pecos eleven 26 to 0.

### Denver City Taps Wink Wildcats 18-7

DENVER CITY — The Denver City Mustangs took an 18-7 win over the Wink Wildcat here Friday night.

The Mustangs scored first on a 20-yard pass to Blass who handed off to Bill Price who went over the final stripe. Jack Pritchard broke loose and rambled 55 yards for the second Denver City tally.

Pritchard also climaxed a 55 yard

march in the third period with a plunge to pay dirt from the 4-yard marker.

Wink's lone touchdown came in the third quarter on a 20 yard run by Armistead.

### Iran's Redskins Trim McCamey 13-7

McCAMEY — The Iran Braves took a tough one from McCamey Badgers here Friday night 13 to 7 in a non-district football game.

The deciding factor was an 82-yard-touchdown run by J. W. Cummins.

### Sonora Is Tricky To Beat Stockton

SONORA — The Sonora Broncs pulled the old end around play successfully three times here Friday night to defeat the Port Stockton Panthers 19 to 0. The game was played on a heavy field.

### Veteran Oklahoma Cowpoke Wins Crown

PENDLETON, ORE. — (AP) — Veteran cowpoke Everett Shaw, 40, of Stonewall, Oklahoma, won the all-round cowboy championship of the Pendleton Roundup here Saturday.

He captured the coveted Sam Jackson Trophy and top money by winning a first in steer roping, a second in calf roping and piled up a total of 1600 points in three days of competition.

### Mize's Round-Tripper Gives Giants 12-7 Win

NEW YORK — (AP) — Johnny Mize's 16th home run of the season, coming in the sixth inning with one aboard, snapped a 7-all tie and sent the New York Giants on their way to a 12-7 victory over the Cincinnati Reds Saturday.

The score: R H E Cincinnati . . . 010 006 000—7 8 1 New York . . . 052 002 03x—12 10 2 Wehmeier, Blackburn, Burkhart, Cress and Williams; Hartung, Hansen and Yvares.

### Brack Overpowers Abilene By 26-7

SAN ANTONIO — Brackenridge Eagles parlayed three first-half touchdowns into a convincing 26-7 victory over the Abilene Feathered Flock here Friday night to further strengthen the local school's ranking as one of the state's prep prep powers.

It was a story of too much weight in the line and too much speed.

### Bobcats Upset Lubbock 21-13

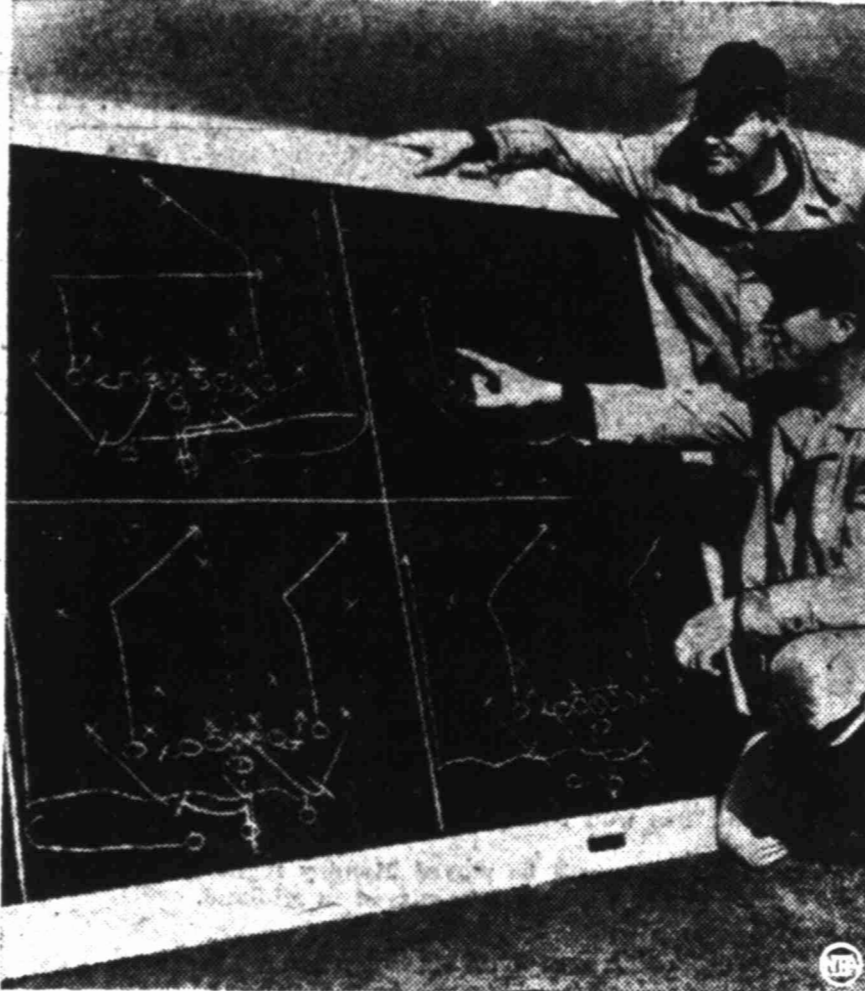

LUBBOCK — San Angelo's Bobcats, rated in pre-season predictions as likely candidates to usurp the District 3-AA crown from Odessa, proved they have plenty of power by drubbing the Lubbock Westerners 21-13 here Friday night.

\*Last Friday, Lubbock tied the Odessa Bronchos 7-7.

### Naval Strategy

Middies head coach George Sauer, right, points out a few maneuvers to backfield coach Vic Bradford at practice session in Annapolis, Md. Navy opens with Univ. of California in an interseasonal contest at Baltimore, Sept. 25.

### Red Sox Stretch Lead Over Yanks

ST. LOUIS — (AP) — The Boston Red Sox extended their lead over New York to two full games by defeating the St. Louis Browns 11 to 6 Saturday while the second-place Yankees were losing to Detroit.

Bobby Doerr drove in four of the Sox' runs with a home run, a double and single.

### Newshour Hurls Six-Hitter As Tigers Nose Out Yanks 4-3

DETROIT — (AP) — The Detroit Tigers hung a 4-3 setback on the New York Yankees Saturday to throw a monkey wrench into their charge towards a possible American League pennant.

Hal Newshour yielded only six hits to earn his 18th decision at the expense of Ed Lopat.

### Arizona Teams Chalk Up Winning Mark

TUCSON, ARIZ. — (AP) — University of Arizona athletic teams recorded 103 victories, 44 defeats and 1 tie in the 1947-48 season.

Most victories were piled up in baseball, with the varsity squad winning 19 of 29 games and the "B" team 21 out of 31. In basketball, the varsity won 19 of 29 games and the "B" team dropped only one contest in 19.

### Carl's Hat Designer Has Suggestion

By TANNER LAINE

This is a story about a woman and hats.

This is a story on Men's Official Felt Hat Day in Midland about a woman who has a suggestion about men's hats "I know they won't take."

Mrs. Ethel Melton is a hat designer here. She says "Men should wear hat bands of colors to match their ties or suits, but they won't."

Her shop is at a residence at 301 1/2 North Marfield Street. She designs men's hats.

Mrs. Melton was a hat designer at a large department store in Houston when she made the statement she was returning to West Texas.

At Houston they said: "Why go to West Texas? Women don't wear hats in West Texas."

But she knew they did. Mrs. Melton was born in Haskell County, West Texas.

She told 'em at Houston: "West Texas women used to wear bonnets but they wear hats now." And she came to Midland.

That's Not Done

She has designed many hats here. Her requests, she says, are for special hats for social functions in the main. She furnishes material for the hat she is designing or the customer may do so.

Mrs. Melton likes to be known as a business woman. She has a son in the Navy. "His hat problem is taken care of," she says.

Midland women have a discriminating taste for hats, the designer states.

She wouldn't say any woman's hat was ridiculous. "Shall we say overdone in some cases," Mrs. Melton joked.

"Hats are an important part of the wardrobe and also of the personality of the wearer," Mrs. Melton says.

So Sunday, she will be looking at the men's hats but thinking of hats for women—Midland's hat designer, Mrs. Melton.

### Odessans Rack North Side 20-7

ODESSA — The Odessa Bronchos powered to a 20-7 triumph over North Side of Fort Worth here Friday night before a home opening crowd of 10,000 persons.

The kinglys of West Texas schoolboy football for the past two campaigns tallied once in the second quarter and twice in the third to clinch the decision.

The Steers, depending almost entirely on an aerial offensive, scored in the final chapter. The North Side counter came on a 17-yard heave from Dave Hooper to Kenneth Wilson to the ground practically all of the way—racking up 403 yards for 17 first downs.

Quarterback Carl Beard plunged for the first Odessa touchdown.

Fullback Howard Dye knifed through right tackle for 18 yards and the second counter, and Joe Howell, sub halfback, added the final Broncho score.

Jimmy Patterson, who came through with the night's longest run of 46 yards, converted after the first and third touchdowns.

### Bulldog B Loses To Owls

BIG LAKE — The Reagan School Owls of Big Lake beat the Midland "B" Bulldogs here Friday night 25-0.

The Owls, sparked by Boots Armstrong, 145-pound scat back, racked up six points in the first quarter, added 13 in the third, and tacked six points in the last stanza.

Failure to punt on fourth down twice backed the Bulldogs up in their own backyard in the third quarter and this led to Owl scoring.

Showing a lot of fight were the Midland third and fourth strings. The visitors poured four teams into the fray in a vain effort to turn the tide.

Starting lineups: MIDLAND — Mackey, Bush, ends; Steinberger, Coker, tackles; Byerly, English, guards; Burks, center; Gilmore, Burris, Chaucey, Medart, backs. BIG LAKE — Roach, Johnson, ends; Fell, Nutter, guards; Shattuck, center; Holt, Seals, tackles; Davis, Kelly, Armstrong, Shook, backs.

Midland reserves included: Garvin, Dickerson, Brooks, Throckmorton, Mooney, Connors, Trauber, J. Culp, Bivens, Kennedy, Frazier, Leaton, Locke, Clark, Thomas, Woods, Burrow, Ratcliff, Johnson, Wallace, Baker, Lynn, Estell, Morningstar, McConal, Black, Moore, Hatfield, Lineberger, Lands, Reed, Weiss and Weathered.

### Jack Hart Named Manager Of Country Club At McCamey

McCAMEY — At a meeting of the McCamey Country Club directors recently, John E. "Jack" Hart was elected club manager.

Hart comes to McCamey from Independence, Kan., where he was a golf instructor at the Golden Acres Country Club.

The new manager will operate all club facilities and will be in charge of the maintenance and upkeep of the greens and fairways. Also, he will be in charge of all arrangements, upon the recommendation of the directors, for all club dances and other activities.

Hours for the country club were released as follows: Tuesday, Wednesday, Thursday and Friday, the club house will be open from daylight until midnight; on Saturday, from daylight until 2 a. m.; and on Sunday from daylight until midnight.

### Big Spring Steers Edge Cisco 14-12

BIG SPRING — The Big Spring Steers scored two touchdowns within the first six minutes of play and then held on to take a 14-12 victory over the Cisco Lobos here Friday night.

The Big Spring eleven displayed a powerful overhead attack to take the victory. Fumbles hurt both teams. Cisco tried to run over both of its extra point tries.

MIDLAND — ODESSA — BIG LAKE

CARL SAYS:

## "It's a Pleasure, I Assure You!"

To have a man (or woman) step into Carl's and ask to be shown some suit or coat samples these days is a real pleasure, for we are now showing, and very proudly, too, the most wonderful line of samples we have had the pleasure of displaying in 5 or 6 years. You may be as choosy as you wish... we can still please you.

Time was, though (and not so long ago) that we felt like ducking under the counter every time we saw a customer coming. We had such a limited choice of samples (if any at all), and delivery date was very uncertain. But that is all just a bad memory now... we hope those days are gone forever—at least they are for the present. So you can well understand what we mean when we say, "It's a pleasure to show you."

Our sample lines are of the best: Ed V. Price & Company of Chicago, and Kay-Dee of Cleveland, Ohio. Suit prices are from \$67.50, topcoats from \$50.00, single trousers from \$17.50.

And may we remind you, it is high time you selected those fall and winter clothes. Come in Monday.

"Where The Elite Meet..."

# Villanova Tramples Texas A&M 34-14

PHILADELPHIA — (AP) — Villanova's visions of a highly successful 1948 football season took on a tinge of reality Saturday when the Wildcats whipped Texas A&M 34 to 14 in the opening game of the season.

A crowd estimated at 35,000, probably the largest ever to see a Villanova home game, watched the game in shirt-sleeve weather.

Although the score almost reversed the Aggies' 83-7 count in their only previous meeting, it wasn't the size of it as much as the way the team performed that made the big, experienced Wildcat team look impressive.

Off Saturday's performance, the Wildcats, with Andy Gordon, Bob Follmer and Ralph Pasquariello spearheading the attack behind a huge line, loom as a distinct threat to Army next Saturday.

Pasquariello, a 228-pound, line plunging fullback from Everett, Mass., scored three Villanova touchdowns. Gordon passed to John Bogan and Joe Rogers for the other two.

Highlight for the Aggies was Charlie Royalty's 93-yard runback of a punt for their second tally. Royalty, a 155-pounder from Freeport, Texas, was playing his first game of college football. Wray Whitaker, a tall end from Houston, galloped 46 yards for the other Aggie score after intercepting Gordon's first pass.

Villanova, trailing 0-7 after only a minute and 50 seconds of play, improved visibly as the game progressed. The Wildcat line play was ragged and their attack stodgy in the early stages. At the finish it was a smooth-working machine that could gain on almost any kind of play.

Villanova tied the score in the second quarter when Pasquariello's plunge climaxed a drive that began when Turley's attempted field goal for the Aggies was blocked.

## PLAY FOURTH TILT OF PLAYOFF SUNDAY

# Dusters Tip Indians 5-4 In Overtime

The Midland Indians and the Vernon Dusters meet at 4 p. m. Sunday in Vernon for the fourth game of their Longhorns League Shaughnessy playoff finals.

Midland has won two games and Vernon one in the hotly-contested series.

The fifth game will be played Monday night in Vernon and if more are necessary, they will be played in Midland.

**VERNON**—The law of averages and a good Vernon baseball team caught up with the Midland Indians here Saturday night when the Dusters took a thrilling 11-inning battle 5-4.

The victory was Vernon's first in the playoff finals between the Dusters and the Indians. Midland has won two contests.

A stinging blow by Ehlinger, Duster centerfielder, against the boards in left field in the last of the 11th inning scoring Gonzalez (single) after two were out, gave Vernon the victory and broke up a thrill-jangling ball game.

Gonzalez led off the last of the 11th with a single which fell between Jakes in centerfield and Collins, second base. Huntley sacrificed Gonzalez to second. Jakes fouled out. Then Ehlinger, who got three hits for the night, rapped out his money blow.

It was a ding-dong scrap. Both clubs garnered fair runs in a torrid seventh inning.

**Scoring Reviewed**

Here is how Midland got its runs in the seventh: Melillo walked. Prince errored on and went to second on the overthrow at first while Melillo went to third. Fiarito singled scoring Melillo and Prince. Pressley grounded out sacrificing Fiarito to second. Perry hit scoring Fiarito, went to second on an overthrow. Jones grounded out but scored Perry. Nelson grounded out.

Vernon came back thusly: Rigby flew out. Gonzalez doubled. Huntley singled scoring Gonzalez. Jacone singled. That was all for starting pitcher Nelson of Midland. Van Hoozer came in to hurl for the Indians. Scherling walked (batting for Simons). McCaskey walked scoring Ehlinger. Cowser fled out, and Holliday was caught at the plate.

The deeply contested game rocked along scoreless until the last of the 11th, with many tense moments in inning after inning.

**Four NY Ranger Hockey Marks Topple**

NEW YORK — (AP) — Four all-time New York Ranger hockey records were broken and another tied during the 1947-48 season. Two of the new marks were team standards while the others were individual achievements.

Phil Watson rapped the Ranger lifetime Stanley Cup assist mark to 30, with three, and his 33 points during the regular season gave him seven years over 30 to tie a team mark. Don Raleigh, rookie center, set a National Hockey League as well as Ranger standard for fastest three assists when he aided in three goals in 81 seconds against Montreal. Team records set were most goals on the road in one season, 86, topping by two the 1943-44 mark, and most ties in a season, 13, one above the high of 1935-36.

# Longhorns Gore LSU's Tigers 33-0

AUSTIN — (AP) — The Texas Longhorns showed power and speed aground as they whipped the Louisiana State Tigers 33 to 0 here Saturday before 47,500 shirt-sleeved spectators.

With Quarterback Paul Campbell filling the shoes of Bobby Layne in capable fashion, the Longhorns smacked across the goal line in every period except the second and made good three of five extra point attempts.

The Tigers did not make a serious scoring threat, and it was the fine punting of their fullback, Rip Collins, that kept them from perhaps a worse defeat.

A brilliant punt return by Right Halfback Billy Pyle from the Texas 42 to the LSU 23 set the stage for the first tally. Pyle splashed through to the 11. Fullback Tom Landry covered for six more yards. Pyle added four, then Landry ripped through center from the one-foot line. Frank Guese kicked the extra point and Texas led 7-0 late in the first quarter.

**Samuels Sprints Over**

Another punt return of 30 yards by Perry Samuels, substitute halfback, put the ball on the Tiger 30. Guese carried to the 14, and substitute fullback Ray Borneman roared off left tackle to hit pay dirt with one second remaining in the initial period. Guese' try for point was short.

Midway of the third quarter, after Campbell's pass to end George McCall put the Longhorns on the Tiger 28, Samuels went around right end, turned on the steam and cut across the corner as he was tackled. Guese converted and Texas led 20-0.

Substitute quarterback Bill Allen came in and started connecting on passes. He hit Samuels for 27 yards, carrying to LSU's 17, and four plays later, Pyle plowed left guard for 20 yards and a touchdown. Guese' kick went wide.

Procter scored the Longhorns' final six-pointer.

**TED WILLIAMS HITS 'EM ANYWHERE**

BOSTON — (AP) — An analysis of Ted Williams' hitting throughout his seven year major league career shows an impartiality in the home run department. He hits 'em anywhere.

Of his first 213 homers, Ted hit only 96 at home and spread the others all around the league. His worst year was 1941, the season when he posted his 406 mark. That year he missed at Yankee Stadium and Washington in 1942 and the only other parks ever to go a whole season without seeing a single Williams home run.

# Tech Slugs West Texas State 19-0

LUBBOCK — (AP) — A sluggish Texas Tech football team took an entire half to get started here Saturday night, before beating out the West Texas State Buffaloes 19 to 0.

Left tackle John Andrews blocked a Buffalo punt with three minutes left in the first quarter, the ball rolling over the end zone for an automatic safety for Tech's lone count in the first half.

In the third period, however, Coach Dell Morgan's Red Raiders caught fire for two quick touchdowns and added a field goal late in the fourth period for their opening victory of the season.

Tech held a wide edge in statistics, gaining a net 217 yards rushing to 85 for the Buffs and holding a 12 to 7 edge in first downs.

**Sugar Bowl Jinx Hovers Over Texas**

AUSTIN — (AP) — The Texas Longhorns, Sugar Bowl grid victors over Alabama last January 1, now face the jinx that dogged the two previous winners of that classic, Oklahoma A&M, winners Jan. 1, 1946, lost seven games in the Fall of that year including one to Texas, 14-6.

Georgia who downed North Carolina Jan. 1, 1947, lost four contests last season. The Longhorns hope to avoid similar disaster during their ten-game card this campaign.

## Razorbacks Run Wild Over ACC In 40-6 Contest

LITTLE ROCK—(AP)—Arkansas' Razorbacks, though sluggish at times, outclassed Abilene Christian College 40 to 6 Saturday as they opened the 1948 football season and dedicated the state's \$1,250,000 War Memorial Stadium here before a 20,000-crowd.

With Clyde Scott, their great tailback, setting the pace and turning the scoring over to lesser lights, the Razorbacks flashed a powerful running attack which netted 307 yards. The Arkansas defense held the out-manned Wildcats to 26 yards rushing but looked ragged against punt returns.

It was a 71-yard punt return by V. T. Smith in the third quarter which gave Abilene its only touchdown.

Scott gained 119 yards on ten rushes, passed for one touch-down and set up three.

Roger Prichard, fast, pass-catching wingback, scored the Razorbacks' first two touchdowns. Another first-quarter tally was attributed by fullback Leon (Muscles) Campbell, but from then on the point-making was handled by reserves.

Although the tilt was billed in advance as a breather for the Razorbacks, the crowd was the largest ever to see a football game in Arkansas.

## GEN STOLEN

De Kirby Van Horn reported to Midland police Saturday a gun was stolen from a car at service station here. The car was being serviced.

# DOWN SPORTS LANE

with TANNER LAINE

You'll not hear the last of this one. Harold Webb was the leading batter in the Longhorn League for the 1948 season. According to final statistics from the league statistician, Webb hit 1,000.

Here's Webb's record: games 1, at bat 1, hits 1, total bases 1, runs batted in 1.

And so it is that early in the season the old skipper put himself in a game as a pinch-hitter and came through with a single, which punched in a run.

Webb retired after that. But the records still remain and the Round Man is at the top.

However, the true batting leader played in 100 or more games. Under that classification, here is the "Big Ten" of the Longhorn League:

| Name           | AB  | R   | H   | BA   |
|----------------|-----|-----|-----|------|
| Stacey (BS)    | 404 | 157 | 389 | .517 |
| Williams (Bal) | 465 | 172 | 370 | .516 |
| Calola (DR)    | 538 | 192 | 357 | .515 |
| McCaskey (Ver) | 511 | 181 | 354 | .517 |
| Prince (Mid)   | 453 | 157 | 347 | .519 |
| Fernandez (BS) | 586 | 203 | 346 | .503 |
| Cowser (Ver)   | 461 | 154 | 334 | .508 |
| Brinkopf (Od)  | 492 | 164 | 333 | .514 |

| Peacock (SW)   | 544 | 173 | 318 | .511 |

Individual department leaders of the Longhorn League for the season of 1948 include: runs, Rheingans 203; hits, Fernandez 307; doubles, Sweetwater 318; triples, Calola of Del Rio, 18; home runs, K. Peacock, 33; sacrifice hits, McAteer of Del Rio, 16; stolen bases, Mendez of Del Rio, 40; walks, Rheingans, 128; hit by pitcher, Dunlap of Sweetwater, 25 times; runs batted in, K. Peacock, 160; strikeouts, Mendez, 128.

Within a few days we will give you the individual performances of the Midland Indians.

For the second consecutive year the Hardin-Simmons football team will be the flying cowboys. The team will fly to all of its five road games. The Pokes will fly in five states. The flying schedule: to Cincinnati (Cincinnati U); to Tucson (Arizona U); to Albuquerque (New Mexico U); to El Paso (Mines); to Lodi, Calif. (College of Pacific); to the Texas Longhorns will make a flying trip to Chapel Hill, N. C. The Longhorns will fly in a pressurized cabin DC-6. And there will be plenty of "back-seat driving" as four of the Steers were bomber pilots during the war—Tom Landry, Peppy Blount, Lewis Holder and Bobby Lee.

Last year a number of Texas high school football teams flew to ball games. Austin made the first air trip. The Odessa Bronchos flew to Dallas for a go (that fatal one) with Highland Park.

—SL—  
We received this card:  
"Dear Mr. Laine:  
I am a loyal Midland baseball fan and believe in fair play. Why don't you be that way instead of lambasting everyone from opposing towns. The Big Spring Cubans are as good or better sports than you and Merle Coleman is certainly more of a credit to baseball than you and Webb."  
(Signed)  
"Wm. McCabe."

We guess Mr. McCabe, that you and we learned different definitions of good sportsmanship and fair play. Under our definition, spitting to doctor the ball or using illegal methods to doctor the ball are NOT acts of good sportsmanship or fair play.

Thank you for the letter. You certainly are entitled to any opinions that you desire. We remain in our contention—they displayed poor sportsmanship here and it is our trust to remind the readers of such. We will continue to do so.

## ROUND'N' UP THE STRAYS...

The North Side Steers of Port Worth hoteled in Midland before playing Odessa Friday night... every Longhorn League team was represented in the "Big Ten" batters... Friday night baseball scores: Shreveport 7, Port Worth 1; Houston 7, Tulsa 6 (Texas League Shafternessy)... Doctor Johnson and the Mrs. saw the McMurry-Texas Mines game in Odessa Saturday night... Doc is an ex and thus cheered for the Indians... Any Midlander wanting a season ticket to Texas Tech games may contact Gerry Simmons on South Main Street... Sh has one or two tickets left and can let them go to anyone. Tech ex or no... Port Neches, playing its first year in AA football, made an impressive start by trimming Longview... Neches is coached by Gene McCollum, ex-worth of Ballinger and Collins of Midland are reported to be the only two Longhorn League players taking part in all 140 games of their teams this season... Only nine runs were scored against Midland pitching in the first six games of the playoffs. Because of a mixup the Vernon Dusters had to hotel in Big Spring for nights of the two games here. No space here in hotels or courts with a lot of stuff in drills last week... Here's a warning to the Bulldogs: the Austin High Panthers of El Paso have a 225-pound tackle and a 202-pound fullback... Wow! Sals Angelo recently organized a downtown Quarterback Club... Nine Odessans are on the Texas Mines roster... Joe DiMaggio hit his 300th home run in a recent crucial battle with the Detroit Tigers... His blow won the Yanks a 1-0 victory... It was his 36th of the season... Ten members of the 1948 Texas University football squad of 43 members are married... Quarterback Paul Campbell and End Dale Schwartzkopf... The Midland Coils, Latin American baseball team, ended up with a fine season record of 22 wins and five losses... 30 for strays, a hazer isn't necessarily a college upperclassman, it's a cowboy who rides alongside a steer to keep it running straight for the bulldozers.

## Braves Trin Pirates To Stretch NL Lead

BOSTON—(AP)—Boston's Braves moved six games in front of the rest of the National League Saturday by defeating the Pittsburgh Pirates 3-1 behind the classy pitching of Warren Spahn. Tribe left hander, who went to the mound after only two days rest.

The score: R H E  
Pittsburgh 000 000 001—1 4 3  
Boston 001 001 000—2 9 1  
Ostermueller and Klutts; Spahn and Mast.

**F. R. Stapp Is New Manager Of McCamey C. Of C.**

**MCCAMEY**—Fletcher R. Stapp, Sr., of Galena Park, Texas, has been named manager of the recently organized McCamey Chamber of Commerce, and has assumed his new duties here. The appointment was announced by President Claude Brown.

His wife and son, Fletcher R. (Bobby) Stapp, Jr., accompanied the Chamber of Commerce executive to McCamey.

Stapp was born Dec. 24, 1903, in Hamilton, Ala., and graduated from Baskin High School in Baskin, La. He attended Louisiana State University, majoring in mechanical engineering.

After being employed by the General Motors Corporation in Pontiac, Mich., he was associated with the Pontiac Chamber of Commerce from 1927 to 1928. From 1928 to 1930, he was with the Chamber of Commerce in Flint, Mich. He became refrigeration engineer for Louisiana Refrigerated Products at Shreveport, La., in 1930, serving until 1932 when he became associated with the Federal Oil Company as district superintendent until 1940.

From 1940 to 1945, he was personnel manager of the Lone Star Defense Corporation. Following this, he served a year as field director of the Southwest Research Corporation at Houston. He was named manager of the Galena Park Chamber of Commerce in 1946.

**Woman Killed, Three Others Hurt When Car And Train Collide**

**LUBBOCK**—(AP)—One woman was killed and three persons injured, one seriously, Friday night when their car collided with the engine of an incoming freight train at a crossing just north of the Lubbock city limits.

Mr. Lee C. Van Hooser, 27, was killed in the accident. Her husband suffered a compound fracture of the left leg and severe shock. Two small children, Laura Jean, 3, and Carla Gale, six months, received minor injuries.

The Van Hooser family, reportedly from Denver, Colo., was coming into Lubbock to visit Mrs. Van Hooser's parents, Mr. and Mrs. E. C. Westerman of Lubbock.

**Midland Building Pushes Steadily On For Record-Breaking Year Pace**

Midland building pushes steadily along in 1948, breaking the record weekly by adding to a total figure already well over a record established in 1947.

Building permits for the week ending Saturday totaled \$88,500 to bring the year's figure to \$4,632,760.

J. C. Hall received five permits, each for \$5,000, total \$25,000, for five frame residences in the 900 block on North Dallas Street. Size of each will be 34 by 20 feet.

A permit for \$11,000 to build a brick veneer residence with attached garage at 1118 North Big Spring Street was issued to J. C. Perryman. Size will be 48 feet.

M. S. Ware received a \$7,500 permit to build a frame residence with attached garage at 1301 North Whitaker Street, size 42 by 26 feet.

Other permits of the week included: James K. Boyce, \$6,000, frame residence at 2310 West Kentucky Street, 40 by 34 feet; Mrs. Pauline Kirk, \$6,000, frame residence at 1119 North Colorado Street, 24 by 29 feet; J. B. Hanks, \$6,000, frame residence at 2403 West Kentucky Street, 26 by 36 feet; A. A. Williams, \$5,500, frame residence with attached garage at 209 West Estes Street, 42 by 32 feet; Amerada Oil Company, \$5,500, sheet iron on steel frame store room at 604 South Pecos Street, 40 by 70 feet; Mrs. E. N. Daily, \$5,000, masonry residence at 402 West Kansas Street, 28 by 32 feet.

Church of Christ, \$3,000, frame church structure at 903 South Terrell Street, 25 by 48 feet; Loy Mashburn, \$2,500, frame residence at 306 East Mississippi Street, 18 by 26 feet; W. M. Ford, \$1,800, frame storeroom at 712 Cuthbert Street, 14 by 20 feet; Kirby Thompson,

\$1,200, frame residence at 1401 South Main Street, 18 by 26 feet; Lee McKenzie, \$1,000, frame residence at 309 South Jefferson Street, 14 by 28 feet; The Western Company, \$750, alter brick office in Leggett Building, 15 by 60 feet; G. C. Ponder, \$750, alter frame residence with added porch at 212 Ridgely Drive, 14 by 20 feet.

A permit for \$11,000 to build a brick veneer residence with attached garage at 1118 North Big Spring Street was issued to J. C. Perryman. Size will be 48 feet.

M. S. Ware received a \$7,500 permit to build a frame residence with attached garage at 1301 North Whitaker Street, size 42 by 26 feet.

Other permits of the week included: James K. Boyce, \$6,000, frame residence at 2310 West Kentucky Street, 40 by 34 feet; Mrs. Pauline Kirk, \$6,000, frame residence at 1119 North Colorado Street, 24 by 29 feet; J. B. Hanks, \$6,000, frame residence at 2403 West Kentucky Street, 26 by 36 feet; A. A. Williams, \$5,500, frame residence with attached garage at 209 West Estes Street, 42 by 32 feet; Amerada Oil Company, \$5,500, sheet iron on steel frame store room at 604 South Pecos Street, 40 by 70 feet; Mrs. E. N. Daily, \$5,000, masonry residence at 402 West Kansas Street, 28 by 32 feet.

Church of Christ, \$3,000, frame church structure at 903 South Terrell Street, 25 by 48 feet; Loy Mashburn, \$2,500, frame residence at 306 East Mississippi Street, 18 by 26 feet; W. M. Ford, \$1,800, frame storeroom at 712 Cuthbert Street, 14 by 20 feet; Kirby Thompson,

**Octopus, Penguins And 10,000 Roaches Are Needed By Theater**

Currently looking for such items as an octopus and four penguins, the property committee for the Community Theater production, "The Man Who Came for Dinner," consider the historical searches of Diogenes for an honest man and De Leon for the fountain of youth were mere trivia.

The "prop list" for the comedy which will open Thursday also includes 10,000 cockroaches and a mummy case, as well as more conventional stage furnishings. Mrs. J. M. Fitzgerald is chairman of the committee.

### Women Urged To Take Lead In Personalizing Home Exteriors

Frederic H. Rahr, New York color consultant, urges women to take the lead in making use of color to personalize the exteriors of their homes as much as they personalize the interiors.

In selecting colors for herself—clothes, cosmetics, dress accessories—and colors for interior decoration of her house, a woman tries to create individuality of appearance, he says.

"Why not do the same thing for the outside of a house?" Rahr asks. "Why not make it look different than all the other houses on the block? Why not give it the extra touch of attractiveness which color makes possible?"

Because the roof is the main element of color on the exterior of a

house, he recommends "letting the roof set the color pace." The roof is the largest area of a house, he explains, and the roof color should be selected first, just as a dress or suit is selected first when a woman builds a wardrobe.

After choosing a particular solid or blended color for the roof, Rahr advises, choose colors for window trim, shutters, doors and other elements of the exterior color plan. The color consultant, who is head of the Rahr Color Clinic, says other colors should blend with the roof, contrast with it or accent it.

He points out that a wide variety of colors is available in asphalt roofing, thus giving opportunity for expression of individual preferences. Some colors are solid, he says, and others are blended, harmonizing mixture of two or more colors in each shingle.

"Traditional Besting" Rahr defines his work as "tradition-busting in color." He recently directed a survey in which 115,000 women were interviewed concerning the colors they want in the future. He uses this information in advising business firms about color, appetites.

"Well-chosen color is one of the few things which make a house genuinely distinctive," he says. "Don't be afraid to use your ingenuity. Be daring and creative. Consider all the colors you can, and then pick the one you honestly like the best."

### New Regulations Of National Housing Act Cited By FHA

WASHINGTON — New rules and regulations that put into effect amendments to the National Housing Act, signed by the President on August 10, are already in the hands of lending institutions. Federal Housing Commissioner Franklin D. Richards announced.

Commissioner Richards stated that efforts will be directed towards stimulating residential construction for lower price range. He expressed the opinion that there is a growing realization in the building industry that lower cost dwellings must be provided for the vast market of millions of families that cannot afford to pay the present prices required to obtain housing accommodations.

**Regulations Listed**

Richards outlined new FHA plans with regard to which new regulations have been sent out recently:

- (1) New provisions for mortgage insurance on small homes (under Section 203 of the National Housing Act), including loans up to 95 per cent on lower cost dwellings;
- (2) Special aids to stimulate the production of rental housing and veterans cooperatives (under Section 608 and 207);
- (3) Incentives for site fabrication on large scale projects of single family homes (under Section 611);
- (4) Insurance of loans to manufacturers of prefabricated housing and the insurance of loans to the purchasers of such homes from the manufacturer authorized (under amendments to Section 609);
- (5) New aspects with regard to the insurance of loans for the purchase of war and other housing being sold by the government (in accordance with Section 610);
- (6) Small homes and property improvement loan plans under Title I.

The only new provisions of the Housing Act of 1948 upon which the Commissioner has not issued rules and regulations is the new Title VII dealing with yield insurance.

**DISTRICT SUPERINTENDENT WILL SPEAK HERE**

The Rev. Homer Sheets, West Texas District superintendent of the Assemblies of God, will be the guest speaker at the Pecos Section fellowship meeting to be held Tuesday at the First Assembly of God Church here.

Services are scheduled at 10 a. m., 2 p. m. and 8 p. m. Luncheon will be served, the Rev. Earl Rice, pastor, announced.

### Butane Users Urged To Check Installations

With the coming of cool weather, J. E. Walling, Jr., president of the Texas Butane Dealers Association, issued a warning to users and prospective users of butane and propane gas against trying to convert natural gas appliances to the use of butane and propane, due to the radical differences in the two gases, and the difference in design of the two types of appliances.

"Not only is this practice illegal according to the regulations of the Gas Utilities Division of the Texas Railroad Commission, but it also is unsafe and minimizes the efficiency of such appliances," he explained.

"Since butane and propane both have certain characteristics which require special engineering adaptations in burner construction, it is considered unwise and hazardous for inexperienced and non-licensed persons to install or adjust appliances using these fuels. Persons getting ready for the winter should have a licensed fuel dealer check their installations and appliances first."

Walling pointed out that all crews will be extremely busy after the first cold spell and suggested all persons have their equipment checked early.

The payroll of the United States government exceeds \$11,000,000 a day.

### Class Plans Rummage Sale To Swell Fund

The Young Adult Fellowship Class of the First Methodist Church will sponsor a rummage sale at the Old Heidelberg Inn on the Stanton Highway beginning at 9:30 a. m. next Saturday.

The sale will benefit the class welfare fund. The welfare committee, headed by Mr. and Mrs. William Johnson, is in charge and all class members are assisting in collecting and sorting material to be sold.

Birds cannot move their eyes like human beings to look at objects, but must turn their heads.

### Pecos City Official Dies Of Heart Attack

PECOS—Marvin Cowan, 56, Pecos city secretary for 13 years, died Friday afternoon of a heart attack at his home here.

Although ill for several months, Cowan had remained active in business and civic affairs. He formerly was engaged in ranching, and his parents were pioneer Trans-Pecos

ranchers. Survivors include the widow; a daughter, Mrs. Buff Douthitt of Brownwood; and two sons, Marvin Cowan, Jr., of Arizona, and Thomas Cowan of Pecos.

### Farmers' Assets Reach \$122,300,000

WASHINGTON (AP)—Farmers' assets reached \$122,300,000 this January, a sharp jump over the \$30,700,000 of Jan. 1, 1947.

Liquid financial assets—currency, bank deposits, and U. S. savings bonds—edged upward to \$22,300,000 from \$21,200,000 last year.

Other physical assets on farms totaled \$37,000,000, a sharp jump over the \$12,000,000 of Jan. 1, 1947.

On Jan. 1, 1948, farm real estate values totaled \$63,000,000, as compared with \$58,600,000 on that date in 1947.

Other physical assets on farms included:

- 100,000 species of plants dependent on bees for pollination.
- 350,000 bees are color-blind to red they seldom visit red flowers, and so some plants have to be fertilized artificially because bees do not like them.

## Dirt, Squirt and Quirt

— FARM, DAIRY AND RANCH NEWS —  
By STANLEY FRANK

Cattle receipts at Midland Livestock Auction Thursday totaled 400 head. The market was steady and active, with butcher cattle selling at 25 to 50 cents per hundredweight higher than the previous week.

One little package of heifer calves weighing 425 pounds sold at \$29.25; and 19 pairs of good cows with big calves at side brought \$258.

Fat calves and yearlings scored \$25.50 to \$28.50, with medium offerings going at \$22 to \$25.50. Fat cows brought \$19 to \$23, medium kind \$17 to \$19. Canners and Cutlers brought \$13.50 to \$17, fat bulls \$21.50 to \$23, and medium bulls \$19 to \$21.50.

Stocker steer calves and yearlings sold at \$25 to \$28.50, with comparable heifers going at \$22 to \$26.

Top steer ropers of the universe will meet at Levelland September 26 for the annual steer roping and branding contest, official of the event proclaim.

Ropers reported to have entered include Everett Shaw, Stoneham, Okla.; Choate Webster, Lenapaha, Okla.; Carl Arnold, Buckeye, Ariz.; Dick Truitt, Stoneham, Okla.; Cotton Lee, Fort Sumner, N. M.; Jack Skipworth, Clovis, N. M.; Howard Westfall Sheffield, Texas; Clark McIntire, Kiwa, Okla.; Buddy Neal, Rankin, Texas; Ike Rude, Dodge City, Kan.; and Jack Shaw, Ruidoso, N. M. Jack Hilton of Fort Sumner is furnishing the stock.

Midland County's cotton crop now is being guessed at all the way from 2,000 to 3,000 bales, which is quite a drop from the 1947 crop of around 10,000 bales.

Premature opening of bales is reported in some fields especially hurt by the heat and drought.

On some irrigated farms, however, excellent crops are in prospect. Charley Hall, for example, is said to have on his farm at Warfield a well-nigh perfect cotton crop.

F. E. Lichte, cotton gin specialist with the Texas A&M Extension Service, recently furnished County Agent Hubert Martin with figures showing the county cotton crops since 1905. These statistics show the county produced 109 bales in 1905. In 1925, production was 4,182 bales, biggest crop up to that time. In 1932, another banner year and one of the best in history, production was 10,397 bales, but in 1933 it fell to 2,001. Biggest crop in history was in 1941, when 10,968 bales were made. Then, in 1940, production dropped to 2,802, only to jump back to the 10,000 mark in 1947.

Looking over Texas range conditions, the Department of Agriculture observes that pasture feed deteriorated over the entire state last month, except in the Northern Panhandle counties.

Condition of all range feed in the state was figured at 73 per cent on September 1. This was a decline of five points from the August 1 percentage figure. The 10-year average condition for September 1 is 79 per cent.

However, though these estimates show Texas ranges generally were below average around the first of the month, it is admitted that good rains in some parts of the state in early September gave a strong boost to pastures in the Southern, Central, Edwards Plateau and Upper Coastal counties.

As for livestock, the Department of Agriculture survey indicates cattle are in excellent flesh in the Northern Plains counties, where range feed is generally abundant. In most other areas cattle are holding flesh fairly well on cured grass except in some Eastern, Central and Southern counties where dry feed is very short. In the latter areas, cattle are reported to have shown considerable shrinkage in spite of supplemental feeding. Demand for stocker cattle continues very strong despite short grass.

All cattle in Texas were reported at averaging 80 per cent in condition September 1, compared with 82 per cent a month earlier. The 10-year average is 84 per cent.

Sheep and lambs in Texas showed a sharper decline in condition during August than cattle, the Department of Agriculture reports. They were in only fair flesh in much of the Plateau country and in poor flesh in much of the Trans-Pecos region. Rain still is urgently needed in most of the state's principal sheep-raising sections.

However, if rains come soon, solid mouth ewes and lambs will be in strong demand for replacements, and if the present winter wheat prospects in the Panhandle materialize, demands for lambs to put on fields there will be very high.

The condition of sheep and lambs in the state was reported at 77 per cent as of September 1. A month earlier, the percentage was 80; a year earlier it was 83, and the 10-year average is 82.

Over the Western United States, according to the Department of Agriculture, range feed conditions show about average condition though they reflected more than the usual seasonal decline during August due to dry, hot weather.

Range feeds and grazing conditions are generally good to very good in Montana, the Dakotas, Nebraska, Kansas, Colorado, Oklahoma, Idaho, Oregon, Washington, the Texas Panhandle, and Northern New Mexico.

Southwestern and other local areas of New Mexico have dry ranges and short feed. California has ample range feed. Dry, short feed is forcing early movement of livestock from some parts of Wyoming as well as Texas, parts of Nevada and Southwest New Mexico.

Where August rainfall was light, high mountain ranges have good feed which is drying early. Winter wheat pasture prospects are generally favorable in Western Kan-

### New Midland County Well

James Barron, son of Mr. and Mrs. Elliott Barron, watches water gushing at the rate of 900 gallons per minute from a well recently completed on the M. F. King ranch about eight miles northwest of Midland. The well made this amount of water on a 24-hour test. Charles Barron, son of Mr. and Mrs. T. Paul Barron, took the picture.

**Lear To Attend El Paso Celebrations**

EL PASO (AP)—Lt. Gen. Ben Lear, (ret) will attend celebrations of two of his former commands.

Fort Bliss is to observe its hundredth anniversary November 5-7. The First Cavalry Division will hold its first reunion here November 8-9. Lear formerly commanded Fort Bliss and the First Cavalry Division.

Cattle and calves over the country as a whole are generally in good condition and are making satisfactory gains except in dry areas of Wyoming, Texas, Nevada, Southwestern New Mexico and limited local areas in some other states.

August marketing of Western cattle was smaller than in August of 1947, though there was relatively heavy movement of cattle from Kansas and Oklahoma pastures during the month.

## Those in the Know - pick DYNAFLOW

THIS is simple fact: No automotive development in a generation has received acclaim so nearly unanimous as that accorded Dynaflo Drive.\*

And the reasons are plain as the fact:

First — when you handle a ROADMASTER with this new transmission you find a silkiness, a versatility and ease that win your heart instantly and without further explanation.

Then — when you look into the principles of Dynaflo — into how it works — it stands out as the logical engineering answer to what a modern transmission should be.

Here oil takes the place of both the clutch and the usual low, second and third gears.

Here five ingenious elements in a tightly sealed drum automatically give you the power step-up you need for every driving condition.

You just press the gas treadle — and whether you are starting, climbing or cruising, the power plant itself picks the precise power-ratio that's called for.

You cruise — you stop — you start up — and no gears ever shift, either manually or automatically. In all your normal forward driving, your pressure on the gas treadle does everything.

So the technical expert and the typical motorist get together on Dynaflo Drive.

In theory and in practice it's so far ahead that the smart move is obvious:

See your Buick dealer now — with or without a car to trade — and get a fast order in!

\*You get Dynaflo Drive, all extra cost, on Roadmasters only.

Tune in HENRY J. TAYLOR, Mutual Network, Mondays and Fridays

WTCC Head Gets Grain Report

Fred Eilston, Texas Electric Service engineer, presents to President C. P. Dodson of the West Texas Chamber of Commerce, the survey of grain sorghum industrial potentialities in West Texas. The report was prepared for the WTCC-Burlington committee in an effort to show industrial possibilities in this leading West Texas crop.

Industrial Utilization Of Grain Sorghums Studied By Area Chamber

ABILENE—A program for the industrial utilization of grain sorghums produced on the thousands of acres of land in West Texas is one of the work projects of the West Texas Chamber of Commerce to be launched this year. The project will be carried out in a series of meetings beginning September 28 and continuing through the first week in October.

A complete survey of the industrial utilization potentials of grain sorghum has been completed as one of the tasks of the Burlington railroad committee of the West Texas chamber.

Substantially the report points out that sorghum grains and corn are kindred botanically, agronomically and in chemical composition, and with more than 1,000 derivatives of sorghum grains they can mean to West Texas what corn does to Iowa.

Grain sorghum acreage and yield throughout the 132 counties making up West Texas have increased during recent years, especially with the prices of sorghum grains falling only a few cents below those of corn.

New industrial uses for grain sorghums may well mean a sustained market and new payrolls for West Texas communities, according to the 80-page report, which was prepared by Fred Eilston, Texas Electric Service engineer for the WTCC committee.

Since West Texas produces 40.2 per cent of the nation's sorghum grain, and 78.7 per cent of all produced in Texas, the program now is to industrialize the use of the products in the area. It already has been shown freight rates can be made competitive for the area, with the nearest producing rivals in Kansas and Oklahoma.

In the survey are listed more than 1,000 products of sorghum grains. Initial use would be for starches, but also can be used in confections, explosives, and particularly industrial alcohol.

While sorghum grains have been used for many years for livestock feeding, it also has been found that it has great potentialities as a food for human consumption. Already it has been made into flour which contains high food value.

Formal Hearing On Highway Collision Scheduled Thursday

An informal hearing in connection with the collision September 12 of automobiles driven by Allen Olson, 16, and Mrs. Rose Lee Cartaway, 37, was held Saturday morning in the commissioners courtroom here.

Five Midland youths, 14 to 16 years of age, and three adults appeared at the hearing. County Judge C. C. Keith, County Attorney Joseph H. Mims, Justice of the Peace B. C. Girdley, Highway Patrolman W. B. Dixon and City Policeman Dick Hemingway also were present.

After lengthy questioning, the court concluded no satisfactory decision could be reached without testimony of other witnesses, and 8:30 a. m. Thursday was set tentatively as the time for a formal hearing.

Neither Mrs. Cartaway nor the Olson boy, both of whom were injured in the collision, were present at the hearing Saturday. Highway patrolman Dixon explained to the court that his department is determined to enforce driving regulations more stringently than ever and to ask for removal of drivers licenses of all motorists charged with reckless driving.

McMURRY EXES ATTEND GRID TILT AT ODESSA

Twenty-five ex-students of McMurry College went from Midland Saturday to meet with McMurry exes from Odessa and Monahans for a picnic supper at the home of Mr. and Mrs. James Couch in Odessa. After supper, the group attended the McMurry College-Texas College of Misses football game in the Odessa High School stadium.

Read the Classifieds.

Eighty-Six High School Graduates Attend College

Eighty-six of the 151 students who graduated from Midland High School last May have enrolled in various colleges and universities over the nation, Charles F. Matthews, high school principal, said Saturday.

Texas Technological College at Lubbock attracted 19 of the graduates, by far the largest number going to any one school.

Those enrolling at Tech include Don Anderson, Patsy Bates, Tula Bates, Bill Bissell, Kingsley Blackman, Richard Clark, Kenneth Coughlin, Maurice Cox, Maurice Denton, James Drexlerman, Betty Joyce Gerald, Joe Tom Hood, Fred Lamb, Walter Lane, Mona McOrav, Bennie Scott, Marianne Tidmore, Billy Velvin and Don Whigham.

Other Schools

Other graduates whose credit records have been forwarded to colleges and universities include: Betty Bobo, Baylor; Waco; Barbara Brashears, Sul Ross; Abilene; Cenora Brown, Hardin-Simmons; Abilene; William Howell Burton, John Tarleton College; Stephenville; Helen Caffey, Hardin-Simmons; Carole Casselman, Stephens, Columbia, Mo.; Patricia Collings, TCU; Fort Worth; Oscar Joe Cooper, John Tarleton; Shirley Cooper Goucher College, Baltimore, Md.; Emma Sue Cowden, Christian College, Columbia, Mo.; Marylee Cowen, Gulf Park College, Gulfport, Miss.; Joe Brown Davis, Hine Business School, Midland; Jeanne Devre, Christian College; Clyde Frederick Dunn, TCU; Frederick Hick, English, Michigan State College, East Lansing, Mich.; John Francis Schreiner Institute, Kerrville; Al German, New Mexico Military Institute, Roswell; Bill Gilmore, Texas University, Austin; (Navy School) Dunny Goodie, Rice Institute, Houston; Kenneth Goode, Sul Ross; Tec Roy Hall, Abilene Christian College, Abilene; Donald Hamblett, Abilene Christian; Herman Hank's Sul Ross; Susan Hemphill, Monticello College, Altamont, Mo.

More Graduates

Norma Jean Hubbard, Gulf Park College; Bobby Hunter, John Tarleton; Sarah Hunter, TCU; Virginia Ireland, Colorado Woman's College, Denver; Dicky Jackson, Southern Methodist University, Dallas; Bob Johnson, Austin College, Sherman; Janice Jones, Abilene Christian; Jo Ann Lee, Stephens College, Little Rock, Mo.; Margaret Little, School of the Art Institute, Chicago; Lee O. Manning, John Tarleton; Betty Jean Mason, Hine Business School; George Mayes, Texas A&M, College Station; Charles Moncrief, Texas University; John Morrow, Texas A&M; Betty McCain, Christian College; Rita Joan McDonald, Hardin-Simmons; Jean McMillan, Ward Belmont, Nashville, Tenn.; Fred McMurry, Austin College; Patsy Pettison, Texas University; Beverly Pemberton, Texas University; Edwin Prichard, SMU; Frances Puett, Gulf Park College; Alfred Reeves, Wayland Baptist College, Plainview; Dennis Rhodes, Texas A&M; Eddie Richardson, McMurry College, Abilene; John Richardson, Texas A&M; Charles Rushman, Schreiner Institute; Loreta Russell, Shanton Hospital School of Nursing, San Angelo.

Others Listed

John Scrogins, Schreiner Institute; Ada Secor, Christian College; Lois Shelburne, Hardin-Simmons; Frank Shepard, Schreiner Institute; Felix Sommers, Sul Ross; B. H. Spaw, John Tarleton; Mary Thompson, McMurry College; Charles Tom, North Texas Agricultural College, Arlington; C. C. Tall, Schreiner; Dorothy Turner, Christian College; Anne Upham, Mary Hardin-Baylor; Mrs. Lucille Wemple, Hockaday College, Dallas; Ed Wheeler, Scripps College, Claremont, Calif.; Shirley Winter, Texas University; and Jerry Young, Hine Business School.

The report from the school principal's office shows six of the graduates have married, and three have joined the Armed Forces. A number of the graduates are employed by Midland business concerns.

Reporter Finds Little Evidence Of Gambling In Rounds Over City

By STANLEY FRANK

"Everybody gambles. Fortunes are made and lost overnight... The first person I talked to when I arrived in Midland recently was a waitress in a small lunchroom where I bought a cup of coffee. As she served it, she automatically pushed a punchboard in front of me along with the cream and sugar, and I noticed that most customers also had punchboards and were casually gambling as they ate..."

"Gambling is prohibited legally in both Midland and Odessa, but no one pays much attention to the law. In poolrooms, cafes and drinking places in both cities you can see money changing hands over cards, dice and dominoes. At the Midland Country Club there is a whole battery of slot machines for the convenience of members. Society matrons often play blackjack instead of bridge when they get together for an afternoon tea party. It takes at least \$1,000 to get into some of the big poker games that take place in hotel rooms and private homes. One Midland rooster bet \$20,000 on a high school football game last Fall..."

Widespread Protest

These are excerpts from an American Magazine story, September 15, about Midland, the trouble publicized city in America. They are words which have excited widespread protest from Midland citizens who, though they appreciate the possible value of publicity their city has gained from nationally-circulated publications, are none the less opposed to the creation of what they believe is a false impression of their hometown's morals.

Peace officers, civic leaders, and runoff-of-the-citizens have voiced vehement denials—not that there is gambling in Midland, but that there is enough to warrant such emphasis as Clarence Woodbury, author of the American Magazine story, gave it in his article.

Woodbury was here a week or so, and he says he was offered a punchboard to play with.

No Punchboards

I've been here about 18 months, and nobody has ever hustled me to play a punchboard. I eat in Midland cafes three times a day, drink coffee in them every few hours. Maybe it's pure coincidence, but I don't even see any punchboards at the places where I eat.

At Midland poolrooms, you can bet on baseball games, football games or on your skill at dominoes. During the football season you can get cards listing a number of college football games and, if you can pick enough winners, you can win folding money.

The dice and poker games in Midland. Also gin rummy games. I haven't seen them, but I know men who play regularly. By asking a lot of questions, I've learned there are two or three professional gamblers in the city.

Let me emphasize these things in writing of Midland is about like trying to make something of the fact that in this city the law of gravity causes a pound to weigh 16 ounces.

No Pinball Machines

There's gambling in every city in America. There's less gambling in Midland, considering its size, than in most cities. There's probably less gambling here, considering the general level of income, than in any city its size you can mention.

For example:

There are no pinball machines in Midland. County and city officers have kept them out, though never doubt they've been under plenty of pressure to let them in. In cities where pinball machines are admitted, you can see marble maniacs playing them constantly. You also can see free-lance gamblers betting on who makes the highest score. I've seen gangs of men in other West Texas cities betting \$5 to \$100 a game on pinball scores.

Never, in the year and a half I've lived here, has anybody approached me with a tip on a race or an invitation to a crap game. Nobody has suggested a poker game. Nobody has "hustled" me for a \$1 pool game. As one who formerly traveled a good deal in various parts of Texas and other states, I say this is unusual.

Far from being a sort of frontier boom town where gambling is rampant, Midland is a city where you must go to considerable trouble to place a bet. As for the big-money games in hotel rooms and at the

The automobile struck a residence after colliding with the truck. The dead were Ira D. Cartwright of Plainview and Johnny Rainwater, 19, of Eden.

The injured were Wesley Cartwright, son of the dead man; A. H. Noel, driver of the truck, and Mr. and Mrs. George McGahey. Wesley Cartwright's condition was considered very serious.

MARRIAGE LICENSE ISSUED

Clarence E. Essary and Dorothy Ramsey have received a marriage license from the county clerk's office.

Key Investment, Insurance Opens Midland Offices

The opening of the Midland offices of the Key and Wilson Insurance Agency and the Key Investment Company at 212 South Lorraine Street was announced Saturday by Jim Key, president of both firms.

Complete insurance, mortgage loans, automobile loans, and real estate are among the numerous services offered by the concerns, which are well-known in West Texas. Each department is complete in itself.

Jimmy Wilson, who moved here recently from San Antonio, heads the insurance, auto loans and real estate divisions. He has had 20 years experience in the business, and for the last 13 years was branch manager of a leading fire and casualty insurance company in San Antonio.

He has purchased a home here and is to be joined soon by his wife and son.

The firm represents capital stock fire and casualty insurance companies, offering unlimited facilities for the handling of all classes of insurance and bonds.

The company also specializes in the financing and re-financing of both new and used cars and trucks. This is a new branch of the oldest independent financing company in the Permian Basin.

Wallace Milburn is in charge of the mortgage loan division of the Key Investment Company, which is an approved lending institution under the Federal Housing Administration, and is servicing agent for many of the major purchasers of mortgages in West Texas. Milburn has had more than 20 years experience in the real estate and mortgage loan business in Texas. He formerly resided in Abilene and Dallas.

Jim Key, founder and president of the two area concerns, is a native West Texan and has been in the insurance and financing business 18 years. He also operates firms in Odessa, Monahans and Kermit.

The management of the new Midland business invite friends and customers to visit the offices at their convenience.

NEW YORK — The cotton market closed irregular Saturday with final prices 40 cents a bale lower to \$2.25 a bale higher. October, 31.38, December 31.06-07 and March 30.88-90.

Your newspaper — Serving freedom by serving you.

'49 Kaiser On Display

Massive horizontal bars which blend with a new one-piece wrap-around bumper feature the front-end styling of the 1949 Kaiser DeLuxe sedan. Extra large parking and directional turn lamps, plus a new hood-mounted "Buffalo K" emblem, distinguish the simplified grille design. The 1949 models, which will be on display Monday in the showrooms of the Noble Holt Motor Company in Midland, embody more than 100 improvements.

Rubin Not Opposed To Remodeled Scout Office

Randy Rubin, Midland businessman who appeared before the City Council Tuesday night to protest the locating of an Air Terminal building in its present state, at a site in the 300 block of North Colorado Street for use by the Buffalo Trail Council, Boy Scouts of America, as its headquarters offices, said Saturday he is not opposed to the proposed building if it is remodeled, bricked and made fireproof as planned.

He said he so advised the council when he learned of the Scout council plan to beautify the structure to conform with other business buildings in the area.

Sizes 12-20. \$3695 Use our convenient Lay-a-Way Plan! WILSON'S

Thousands of migratory birds, flying over midtown New York, were mysteriously felled and for more than four hours the bodies of the dead and injured littered rain down onto buildings and into the streets. The same phenomenon happened in Philadelphia the next day. Here Thomas Barnshaw, ASPCA agent and Patrolman William Mason, right, pick up some of the dead birds. Crate at right contains birds that were still alive.

Builders are now putting up skyscrapers with lightweight concrete—some of it so light it floats on water. The new building material may do away with much of the dead weight in tall buildings, and provide better insulation in all kinds of masonry structures.

### Grave Robbing For Indian Gold Brings Arrests

**MADILL, OKLA.—(AP)**—Stories of a 13-month hunt for an Indian coffin reportedly lined with gold bullion were disclosed here Saturday. The report came out with the filing of charges against four Texans of molesting two graves in a cemetery near Kingston, south of here.

The four were J. B. Wright, 61; Sid Hall, about 60; Gene Jackson, 24, all of Sherman, Texas, and E. J. Jackson, 66, Denison, Tex. Preliminary hearing was set for October 15 by Charles S. Grider, Madill justice of the peace.

A negro woman also is being held at Sherman pending extradition proceedings by Oklahoma.

County Attorney O. C. Brown of Marshall County said the search started more than a year ago when the government removed a group of coffins from land due to be inundated by Lake Texoma.

Coffins for which there were no markers were opened in an effort to learn identity of the persons. It was then the remains of the gold-lined coffin containing the body of an Indian woman began circulating.

**Unable To Find Coffin**  
Gene Jackson told county officers he had seen the coffin lined in gold but that the woman was unidentified.

Brown said workers were not able to find the coffin Saturday but that they were checking further. He was unable to estimate the value of the reported gold.

The charges filed followed disclosure that two of the removed coffins had been opened.

One steel vault, Brown said, had been uncovered and the lid removed. A hole 24 inches long, apparently cut with a welding torch, was found in the other. Brown said about a dozen holes of various depths were found in the cemetery.

Brown said he has asked representatives of the U. S. Army Engineers in Tulsa to confer with him since the cemetery is believed to be under federal jurisdiction.

### Guardsmen Establish Trust For Children

**SAN ANTONIO.—(AP)**—About 450 National Guardsmen have volunteered to give one day's pay each to establish a trust fund for the two small children orphaned recently when their parents, Mr. and Mrs. Richard Henry Armstrong, were killed in a plane crash.

Maj. H. A. Silverman, adjutant of the 141st Infantry, in which Armstrong was a first sergeant, announced the plan. He added that several of the guardsmen expressed a desire to adopt the two children—Jimmy, 2 1/2, and Christina, one.

### Elevator Girls Must Be Understanding

**MEMPHIS, TENN.—(AP)**—The elevator girl in Baptist Hospital waited pointedly for the man to call his floor.

"What's yours?" she said at last. He beamed.

"It's a boy."  
She left him off on seventh floor. Maternity.

### 13 Indictments Charge Galveston Vote Frauds

**GALVESTON.—(AP)**—Warrants for the arrest of nine Galveston defendants are to be issued by County Clerk John Platte Monday in connection with 13 grand jury indictments charging voting irregularities in the August Democratic primary election.

Six of the indictments charge two defendants with procuring illegal votes. The other seven indictments allege illegal voting.

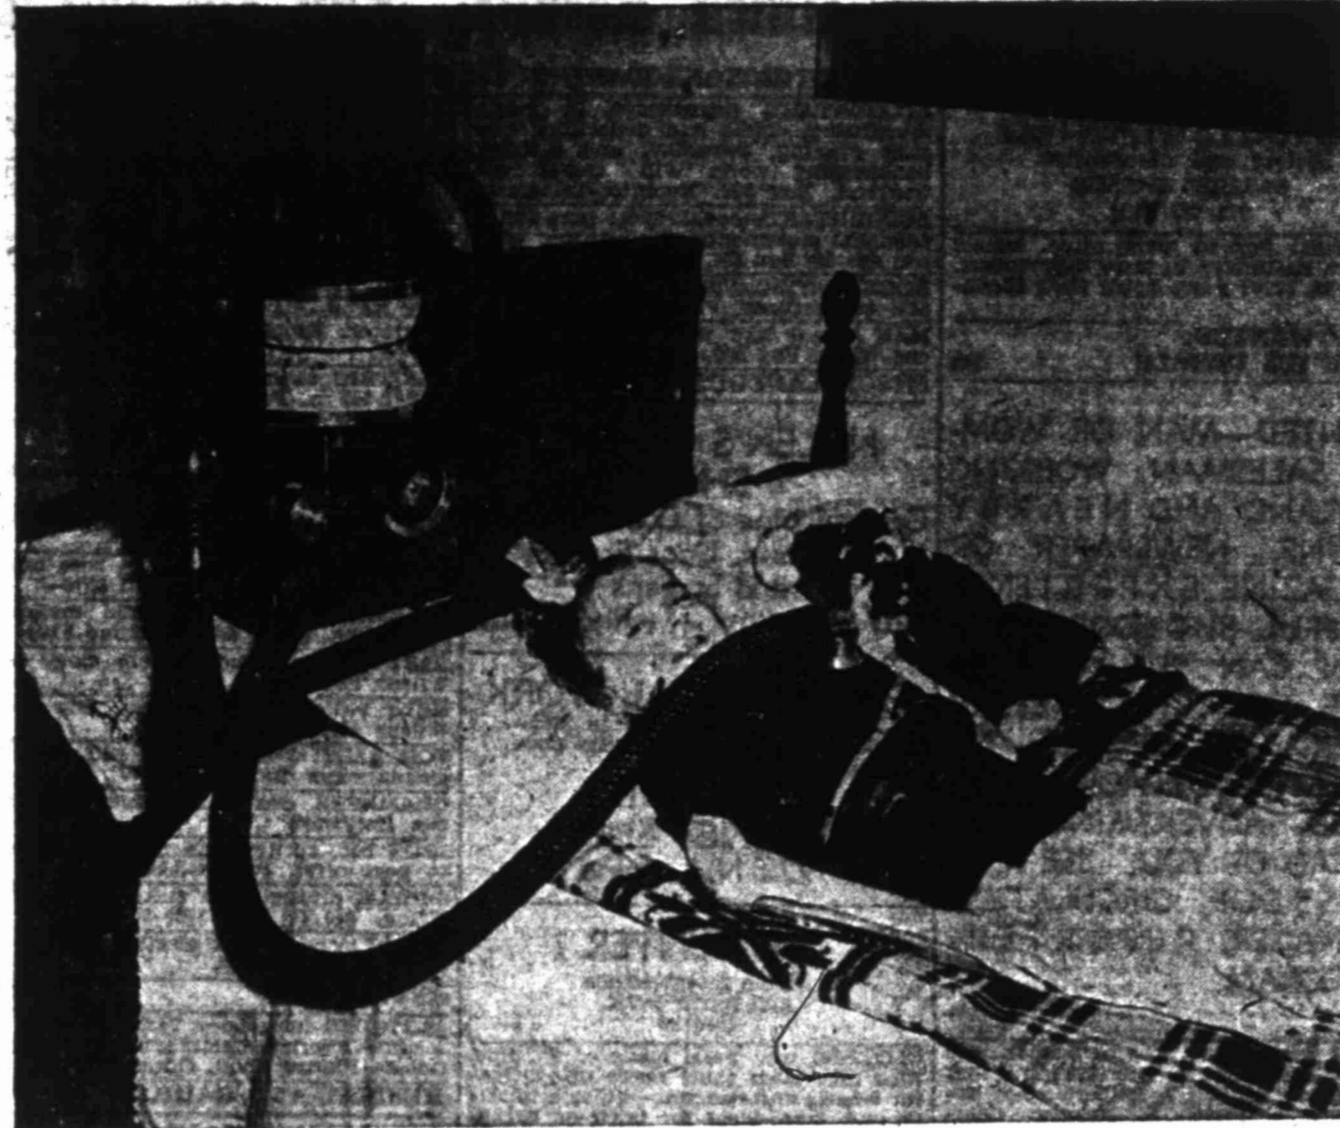

**CARTOONIST AND JEWELRY MAKER DIE IN CRASH**  
**NEWHALL, CALIF.—(AP)**—Ernest H. Nix, 46, newspaper cartoon collaborator, and Eugene Joseph, maker of much of the ornate costume jewelry used in the movies, died Saturday in a flaming plane crash.

Two other men also died in the accident. It occurred when Joseph's single-engine plane crashed and burned shortly after taking off for his Prescott, Ariz., ranch.

**HITCHCOCKS HONEYMOON**  
**MIAMI, FLA.—(AP)**—Polo player Francis Hitchcock and his bride from the Pennsylvania coal fields left Saturday for a honeymoon in Rio De Janeiro.

**MEXICO TIGHTENS NATIONAL BELT**  
**MEXICO CITY.—(AP)**—Mexico is tightening her belt to compensate for the 40 per cent fall of the peso. She hopes to sell more abroad to get dollars and she appears determined to cut costs at home.

### Midland Needs One, Firemen Drive

The Midland Fire Department reported Saturday it was half-way over in its drive to raise funds to purchase a portable iron lung for the city. The lung, of the type shown here, was demonstrated here during the past week. Firemen are receiving contributions daily from businessmen and other citizens. Cost of the lung will be about \$1,200. The lung is known as a Mullikin Respirator. It can be taken easily to emergencies.

### Hope Dawns for Czechs Fleeing Reds

Having found sanctuary in the U. S. Zone of Germany after fleeing from Czechoslovakia when the Communists seized power, 1600 Czech refugees recently arrived in Rome. Cared for in International Refugee Organization camps in Italy, they will await resettlement in Canada or the U. S. Above, during the Rome stopover, a Czech father urges his children to wash up. Youngster at left takes a dim view of the idea.

### Paris Meeting May Settle Berlin Crisis

**WASHINGTON.—(AP)**—Secretary of State Marshall flies to Paris Sunday for a United Nations Assembly meeting that may produce a fateful showdown with Russia over the blockade of Berlin.

Whether this showdown actually occurs probably was determined at a considerable degree in Moscow Saturday at a meeting between Soviet Foreign Minister Molotov and the envoys of America, Britain and France.

Molotov, as well as Marshall, Britain's Foreign Minister Bevin and the French foreign minister all are due to be in Paris at the same time.

### AMBASSADOR PROPOSES REGIONAL DEFENSE SETUPS

**WASHINGTON.—(AP)**—The new Turkish ambassador Saturday proposed the establishment of two new defense systems to help guard against aggression in the European area.

Feridun Cemal Erkin, the envoy, said it is his "strong wish" to see Democratic governments set up two regional defense organizations—one in the Mediterranean and the second in Northern Europe.

### Hoopee And Dare Now Reporter-Telegram Comic Page Features

More laughter and adventure are in store for Reporter-Telegram readers Monday when two new nationally known comic strips make their debuts in these pages.

We want you to know these comics and their principal characters, so here's a quick look at them.

Homey Hoopee is the original fellow who opened his mouth and put his foot into it. He is also an outstanding armchair athlete, after-dinner strategist and parlor commando.

As our story opens, this dynamic blunderpus has managed to create the impression in town that his wife, called off and CIO stevedores began loading struck Army cargo at Seattle.

Although no headway was reported in efforts to end a 16-day strike of CIO oil workers in six California refineries, an oil industry official said the state's reserve supplies were increasing.

Industry spokesmen attributed the increase to stepped-up production by independents and non-strike companies, reassembling of supplies, removal of gasoline from picketed areas and stepped-up production by supervisory workers at struck plants.

Special equipment makes it possible to take a "still" picture of an artillery shell traveling at a speed of over 1800 miles an hour. The moving projectile triggers the lightning-fast flash that makes the photograph possible.

### Nation's Strike Picture Brightens

**By The Associated Press**  
The CIO United Automobile workers union intervened Saturday in an effort to end a strike of plant guards at the Briggs Manufacturing Company that has made nearly 60,000 automobile work idles.

Elsewhere on the labor front, work stoppages involving 8,000 CIO production workers at two International Harvester Company plants were called off and CIO stevedores began loading struck Army cargo at Seattle.

Although no headway was reported in efforts to end a 16-day strike of CIO oil workers in six California refineries, an oil industry official said the state's reserve supplies were increasing.

Industry spokesmen attributed the increase to stepped-up production by independents and non-strike companies, reassembling of supplies, removal of gasoline from picketed areas and stepped-up production by supervisory workers at struck plants.

Special equipment makes it possible to take a "still" picture of an artillery shell traveling at a speed of over 1800 miles an hour. The moving projectile triggers the lightning-fast flash that makes the photograph possible.

Hoover has been ill since Monday. Your newspaper—Serving freedom by serving you.

### Israel Seeks—Frank Sees Cole Brothers Circus, Front To Back

(Continued from page 1)  
prevents suspects from slipping out of the country.

Meanwhile, U. N. officials in Haifa disclosed that a recommendation may be sent to the Security Council in Paris calling for the creation of a 6,000-man international army.

Such a force, the informants said, is the minimum now believed to be required for the job of compelling Jews and Arabs to accept the authority of the UN over the Holy City.

Jewish authorities said none of the persons picked up thus far in the manhunt was a member of the Israeli Army.

**Notes Admit Killing**  
There were no outbreaks here such as threatened civil war last June when the government moved against Irgun Zvai Leumi in the case of an arms ship landing.

Stern leaders were noticeably absent from their usual haunts in offices and cafes.

Notes signed by the "Fatherland Front" were slipped under the doors of consulates in Jerusalem Friday night saying "We killed Bernadotte because he was working for the British." The organization has been unknown heretofore.

Leaders of both the Stern and Irgun bands in Jerusalem vigorously denied responsibility for the killings.

A government statement declared it regarded the assassinations as an appalling outrage and an attack on the sovereignty of the UN and the sovereignty of Israel.

The government statement was made after Ralph Bunche, American acting mediator since Bernadotte's death, telephoned that the assassination was "a breach of the trust of the utmost gravity." Bunche said Israel's government "must assume full responsibility" for it.

### Frank Sees Cole Brothers Circus, Front To Back

By STANLEY FRANK  
If you ever have to write a story about a circus, don't ask Florence Galt, only living female advance circus press agent in the world, what to say.

It's like asking for a drink of water and getting Niagara Falls.

Florence met us, meaning me and a Very Nice Young Lady at the main entrance of Cole Brothers Circus Friday night and showed us the works from front door to back. She told us so many things I can't remember any of them.

She told us so many things I can't remember any of them. She V. N. Y. L. who has an infinite capacity for information, waited until Florence talked herself completely out of breath and then asked the female press agent a thousand more questions.

But the only suggestion the V. N. Y. L. could venture when I asked her what to say about Cole Brothers Circus was "Why don't you interview an elephant?"

**Head To Foot**  
We visited the tattooed lady. She has pictures from head to foot. As far as I could see, and I could see pretty far, she has gone about as far in her profession as she can ever hope to go. There's no room for improvement.

We saw the clowns in their dressing tent—"Clown Alley" it's called. It takes a clown as long as two hours to apply his funny face with grease paint and talcum powder. It takes him 10 minutes to remove it. Each clown's makeup is a professional trademark, not to be copied by another. Clowns traditionally are sad. Wouldn't you be that way, too, if it took you 10 minutes to wipe a grin off your face?

Elephants are called "bulls" by circus folk, though they're all cows. Papa elephants cause so much trouble they aren't used by shows much any more. A circus elephant gets a scrubbing every day, which is more than a lot of circus people can boast.

**Obedient Wife**  
The Great Daviso, who balances a trapeze apparatus on his shoulder while the wife does tricks on it far above his head, is a happy man. Mrs. Daviso is an obedient wife. Her only fear is that someday her husband will merely shrug and walk away.

Hubert Castle makes a pretty good living at portraying a drunk. Not only does he imitate an inebriate in his act, but he's billed as "the world's greatest tight wire artist."

A trained seal in a circus gets 200 fish per week. That's more than a trained seal on a newspaper gets.

All in all, Cole Brothers presented a good show here Friday night.

**HOOVER'S CONDITION SERIOUS, BUT UNCHANGED**

**WASHINGTON.—(AP)**—The condition of J. Edgar Hoover, FBI director who is suffering from bronchial pneumonia, was described by an associate Saturday night as serious but unchanged for some time.

Hoover has been ill since Monday. Your newspaper—Serving freedom by serving you.

### 'Barricade Against Death'

Residents of a Chicago housing project fought unsuccessfully for four years to have their street closed to traffic. When a year-old child was killed by a truck, they took matters into their own hands and erected this roadblock. Sign on dead baby's crib says "Keep Out—A People's Barricade Against Death."

**Retail Credit School Opens Monday Night**

The first session of the Retail Credit Procedures course opens here Monday night under the instructor-

Sterling S. Speake

ship of Sterling S. Speake of the University of Texas Division of Extension cooperating with the State Board for Vocational Education.

Mrs. Agnes Park, manager of the Retail Merchants Association, said a large number of business men and women is expected to enroll for the 10-hour course which is considered to be especially helpful in the methods of handling charge accounts. The course here is sponsored by the Retail Merchants Association, the Distributive Education Department of Midland High School, of which Ruth Donnell is coordinator, and the Chamber of Commerce, Delbert Downing, manager.

Merchants doing business on a credit basis, together with their employees, are invited to attend the first meeting Monday night without obligation. Those who wish to enroll for the full course may do so. All phases of retail credit operations will be covered during the course, which will be held from 7:30 p. m. to 9:30 p. m. each night, Monday through Friday, in studio A of KQRS.

Speake is a graduate of the University of Texas School of Business Administration and has had several years actual experience in the retail credit field. He has been conducting credit schools since World War II.

**Lady Golfers Plan Games And Dinner At Club**

At the luncheon which followed their weekly golf games at the Midland Country Club Friday, members of the Ladies Golf Association discussed the Scotch foursomes and buffet dinner which they plan for Sunday afternoon.

Scotch foursome play will start on the country club course at 3 p. m. and dinner in the clubhouse at 6 p. m. All country club members are invited, and are asked to make dinner reservations.

Purple gladiolus and white chrysanthemums made a striking table piece for the luncheon, at which Mrs. Mark Sunstrom of New York was a guest.

Members present were Mrs. Bob Franklin, Mrs. D. R. Dickson, Mrs. Robert Jones, Mrs. A. Knickerbocker, Mrs. Charles Sherwood, Mrs. B. R. Schabarum, Mrs. Nelson Puetz, Mrs. W. D. Cantrell, Mrs. C. C. Cool, Mrs. W. W. Barker, Mrs. Raymond Leggett.

FIRST WITH THE NEWS

MIDLAND, TEXAS, SUNDAY, SEPTEMBER 19, 1948

SECTION TWO

## Bride Is Entertained

Mrs. Courtney Holt Cowden, who returned to Midland recently after a trip to Colorado, which followed her marriage here August 25, has been complimented at several parties. She is the former Montez Downey, daughter of Mr. and Mrs. Frank Downey.

## Will Marry Midlander

Patsy Ruth Jackson of Big Spring is the bride-elect of Milton Lee Pannell of Midland, with the wedding planned for October 10. Her parents, Mr. and Mrs. Frank Jackson of Big Spring, announced the engagement, and plans for the ceremony in the First Methodist Church of Big Spring, with the Rev. Aisle Carleton officiating. Pannell is the son of B. C. Pannell of Midland.

## Engagement Announced

Peggy Holt's name was added to the list of Fall brides-elect when her parents, Mr. and Mrs. Jerry Holt, 801 West Michigan Street, announced her engagement and approaching marriage to James C. Johnson, son of Mr. and Mrs. J. C. Johnson of Midland. The wedding is to be in the Holt home on October 2.

## Bride In Church Wedding

Mrs. Gerald Edward Self, before her marriage in the Trinity Episcopal Church Saturday evening, was Miss Charlotte Kimsey. She is the daughter of Mr. and Mrs. Roy Edwin Kimsey of Midland.

## August Bride Feted At Series Of Parties

The honoree at some of the prettiest parties in Midland recently was Mrs. Courtney Holt Cowden, who was Montez Downey before her marriage in a home ceremony here August 25.

## PEO Chapter Of Midland Starts Initial Season

Beginning its first season after organization last May, the BS chapter of the PEO sisterhood, national social organization for women, entertained with a picnic supper on the lawn at the home of Mrs. Paul Kohn, president, Friday.

## RETURNS TO OKLAHOMA

Mrs. Irene Stultz left Saturday for Okemah, Okla., after a two week visit in the home of Mr. and Mrs. O. L. Stultz here.

before going to the Cross Bar Ranch where they will be at home. Courtesies for Mrs. Cowden last week included a breakfast and kitchen shower at the Midland Country Club Wednesday, with Mrs. George McEntire, Jr., and Mrs. Evans Dunn as hostesses, and a tea Thursday afternoon in the home of Mrs. Frank Williamson. Mrs. Homer Spley, Mrs. H. G. Bedford, and Mrs. Aldredge Estes were hostesses with Mrs. Williamson.

The kitchen theme was carried out in decorations for the breakfast. A pumpkin shell held chrysanthemums for the centerpiece, wreathed with fruits, vegetables and leaves in a colorful arrangement. The same flowers were used on the other tables. Gifts for the bride's kitchen were heaped around a doll cleverly made of kitchen utensils and dressed in tea towels. Place cards were halved potatoes, with names written across the cut surface.

Corsages of white carnations were presented to the honoree and her mother, Mrs. Frank Downey; her mother-in-law, Mrs. Frank Cowden; and her sister, Mrs. Anson Nash of El Paso.

Guest List  
Another out-of-city guest was Mrs. B. G. Craig of Odessa. Places were marked also for Mrs. Howard Ford, Mrs. Ronald Jarrett, Mrs. Bill Chancellor, Mrs. Howard Chamlee, Mrs. Bill Beckers, Mrs. Lamar Eschberger, Mrs. T. P. Tarwater, Mrs. Bill Walmsley, Mrs. Lynn Durham, Mrs. Frank Essex.

## Married Recently

Mrs. Bob King was before her recent marriage Miss Kathleen Brown. She is the daughter of Mr. and Mrs. A. J. Brown, 504 North Pecos Street. Mr. and Mrs. King, married September 9 in a home ceremony, are living at 1009 West Louisiana Street.

## Couple Living In Alpine

Mr. and Mrs. Robert E. Dozier, married in the First Christian Church at San Benito on September 11, are at home in Alpine, where both are students at Sul Ross State College this year. The bride is the former Ann Caroline Agar, of San Benito, and the bridegroom is the son of Mrs. Thomas E. Dozier of Midland.

## Coffee Brings AAUW Members Together In Autumnal Setting

Music and gay Fall flowers helped to create a friendly atmosphere for reuniting old members and welcoming new ones, at a coffee Saturday morning for the Midland Chapter, American Association of University Women.

Work is exhibited. Guests were invited to view exhibits of work from local AAUW study groups and material of local and national interest, displayed on the terrace with Mrs. L. S. Thomas and Mrs. R. L. Clarke in charge.

Hostesses included members of the social committee, Mrs. Reigle, Mrs. Lee B. Park, and Mrs. J. V. Hardwick; and the hospitality committee, Mrs. H. C. Bosarth, Mrs. Lloyd Mills, Mrs. R. K. White, and Mrs. R. E. Seifert.

Mrs. White was at the registry, where each guest's name was written on a green or yellow leaf-shaped card to pin on her shoulder for easy introduction to the other members present.

BACK FROM NEW MEXICO  
Mrs. G. A. Churchill has returned after a visit with relatives in Alamogordo and Cloudcroft, N. M. Her mother, Mrs. W. H. Brewster of Moran, is spending this weekend with her.

## Ann Caroline Agar Of San Benito Is Bride Of Robert E. Dozier Of Midland

Children's Service League Provides Clothing For Pupils  
Clothing which has been collected by the Children's Service League was sorted by members who met in the league's workroom Friday afternoon, and some garments were delivered to families in immediate need of them.

ENROLLS AT SUL ROSS  
Barbara Brashears, daughter of Mr. and Mrs. R. S. Brashears, and a 1948 graduate of Midland High School, left Saturday to matriculate at Sul Ross College, Alpine. Mrs. Leiland S. Brashears accompanied her to Alpine.

Sewing ... Expert dress making and fur-repairing. Exclusive line of buttons. Phone 3211-J. (Adv.)

## Charlotte Kimsey And Gerald Self Are Wed

Charlotte Kimsey and Gerald Edward Self were married in a candle-light ceremony in the Trinity Episcopal Church at 7 o'clock Saturday evening. The single-ring service was read by the Rev. Robert J. Snell, rector.

The bride is the daughter of Mr. and Mrs. Roy Edwin Kimsey, and the bridegroom is the son of Mr. and Mrs. Marion D. Self.

White gladioli, asters, and chrysanthemums set in a background of woodwardia fern decorated the church. Six-branched candelabra holding white tapers were arranged with the flowers. Baskets of white gladioli were in the windows, and bouquets of white asters and white ribbons marked the family pews.

As pre-nuptial music was played by Wallace Wimberly, organist, Roy Edwin Kimsey, Jr., brother of the bride, and Phillip Slough lighted the tapers. Songs precede Rites. Mrs. DeLo Douglas sang "O Perfect Love," Burleigh, and Malotte's arrangement of "The Lord's Prayer," with accompaniment by the organist, who also played the Bridal Chorus from Wagner's "Lohengrin" as a professional and the Mendelssohn wedding march as a recessional.

Attending the bride were Mrs. John A. Matthews, matron of honor, and two bridesmaids, Miss Eula Anne Tolbert and Miss Shirley Culbertson. The bridegroom's father served as best man. Ushers were Ronald Jarrett, John W. Rettig, Jr., Peter B. Tyson, William D. Kennedy, John A. Matthews, and Russell Wright.

The bride, given in marriage by her father, was gowned in white satin. The bodice was shaped to a point and the full gathered skirt was cut to form a long train. Just below the high round neckline, studded with seed pearls, was an inset of (Continued On Page Two)

## Leaders' Coffee And Girl Scout Roundup Slated

Girl Scouts of all Midland troops will have their annual round-up next Saturday, with a new plan that calls for a full day of play and outdoor activities. The Girl Scout leaders also will have a special day this week, when they are honored with a coffee at the Midland Country Club Wednesday morning.

The round-up will continue from 8:30 a. m. to 3 p. m. Saturday, on the high school campus. Games and varied activities for Brownies, Intermediates, and Senior Scouts are scheduled. Each girl will bring a picnic lunch, and drinks will be served by the Midland Girl Scout Council.

Girls who are to attend the round-up will register Tuesday through their home rooms at school. Mrs. Charles Snure and Mrs. L. H. Michaelson are in charge of plans for the day.

The Girl Scout Council will be host to leaders at the coffee at 9:30 a. m. Wednesday.

## New Principal Will Speak For P-TA At North Elementary

W. D. Ladd, who is starting his duties this term as the new principal of the North Elementary School, will be the speaker when the North Elementary Parent-Teacher Association has its first Fall meeting at 3:45 p. m. Tuesday.

Members will meet in the school auditorium. Mrs. Stanley Erskine, president, has announced that a nursery will be open for small children who accompany their mothers to the meeting.

The speaker's subject will be "Evaluation of Our School." New officers of the association, and members of the faculty will be introduced. The program is in charge of Mrs. Robert Donnell.

In addition to Mrs. Erskine, officers of the P-TA unit this year are Mrs. Brutus Hanks, first vice president; Mrs. Donnell, second vice president; Mrs. E. N. Spiars, treasurer; Mrs. F. D. Breedlove, secretary, and Mrs. Charles Edwards, parliamentary.

Handbag essentials from lipstick and mirror to spare keys and coins are neatly organized in new billfold used by co-ed.

By ALICIA HART  
NEA Staff Writer

The bewildering clutter which causes women to search frantically in their handbags for carfare and keys is a problem which inventive minds are determined to solve.

One neat solution is offered by the makers of a billfold for women in which everything from lipstick to spare keys may be efficiently organized. Planned so that no bus schedule may be held up or taxi driver irked beyond his endurance, this billfold provides on the outside

of the case a change purse for readily-reached cash. This outside purse is extra-sized and has secret space for two spare keys or for what-are-you-searching? Inside of the billfold, which comes in lady-like colors, are fittings for photographs, bills, coins, keys and charge-plates. Billfold equipment includes a comb and mirror. A three-sided, zip-around closing completes the billfold's utility features which seem to overlook nothing in helping the fumbling female to reach and quickly find what she needs in transit.

### Community Theater, With New Head, To Open First Fall Play Thursday

The Midland Community Theater, which will present its initial 1948-49 production, "The Man Who Came to Dinner," Thursday, Friday and Saturday, is starting the season with a new president and without the

services of three persons who have been among its active workers.

Paxton Howard is taking up the duties of president, succeeding Ronald DeFord, the first head of the civic organization and a major contributor to its success. DeFord has accepted a position as a professor in the department of geology at the University of Texas.

Also leaving to take a position with a college is Dr. H. A. Ireland, who, with Mrs. Ireland, has been a valued worker in the Community Theater as well as in other Midland organizations. They have gone to Lawrence, Kan., where Dr. Ireland will be in the department of geology of the University of Kansas.

Howard, who will serve the unexpired term as president, has a background of experience in work with the Tulsa Little Theater from 1926 to 1933. He served as vice president three years, then as president in 1931 and 1932, and as chairman of the building committee in 1932 and 1933 when the foundation of the present Tulsa Little Theater building was laid.

Mr. and Mrs. Howard and their children, Paxton, Jr., 11, and Martha, Ann, five, came to Midland in January of 1947 and became members of the Community Theater. Last January Howard was elected to the board of governors. He is general attorney for the Shell Oil Company, and claims "a little golf" as a hobby.

Ticket Sale  
Frank Ashby is serving as vice president of the Community Theater now, and Norris Creath and William H. Pomeroy, Jr., have been elected recently to the board of governors.

Ticket sales for "The Man Who Came to Dinner" will begin Wednesday at the Tailorline Shop, 113 North Colorado Street. Director Art Cole and the large cast are putting finishing touches to the Moss Hart-George S. Kaufman comedy, and have asked for help Monday night in readying the show for production.

There are 36 persons in the cast, eight of whom have appeared in Community Theater plays previously. Leon Valdes has the title role, and the others are Gretchen Estes, Myrtle Hatcliff, Doyle Roberts, Billie Reid, Robert Fitting, Virginia Flood, Ann Page, Carolyn Scooby, Lee Flood, Elizabeth Pennebaker, Richard Connolly, Edelle Dalley, Tracy Ansell, Art Cole, Waldemar Dressel, Sally Hull, Joe Moore, Tom Brown, Bill Joyce, Walter Beardley, Jim Wilson, and Vic Chancellor.

Reminder notices continue to be sent as a courtesy to patrons who have material which has been overdue as long as seven days.

The West Texas Geological Society's collection of over 3,700 cataloged items in geology, paleontology, and petroleum subjects is housed in the basement next to the children's department and is open to the public.

A story hour for children is held each Saturday morning at 10:30 in the children's department.

### Recent Changes In Library Rules Are Announced

Several changes have been made recently in the few regulations of the Midland County Library, Mrs. Lucille Carroll, librarian, announces. She calls attention of county residents to these facts:

1. All residents of the county are eligible to borrow library material upon registration. A branch library for negroes is located across from the Carver School.

2. There is no set number of volumes which a patron may check out at one time. He may take what he needs from the library's collection of 24,000 books, pamphlets, and the 150 magazines to which the library subscribes, excepting only the reference collection and the current issue of each magazine.

3. Renewals and reservations of material may be made by telephoning number 1812.

4. All borrowers who have not re-registered and received a blue identification card are asked to do so at once.

5. The library staff will appreciate a prompt report of any change of address or telephone number.

6. Needed material not available at this library may be borrowed on inter-library loan from other libraries in this country.

7. The library cannot attempt to answer contest questions over the telephone, but will gladly provide the necessary reference material for the patron who will come to the library.

8. Reminder notices continue to be sent as a courtesy to patrons who have material which has been overdue as long as seven days.

9. The West Texas Geological Society's collection of over 3,700 cataloged items in geology, paleontology, and petroleum subjects is housed in the basement next to the children's department and is open to the public.

10. A story hour for children is held each Saturday morning at 10:30 in the children's department.

### Tired, "All-In"—Listless, Feeling Brought To Halt

As Vibrant Energy is Released To Every Muscle, Fibre, Cell

Do you get up in the mornings still tired, feel down-and-out all day? Have you checked-up on your blood strength lately? Overwork, undue worry, cold, flu or other illness often wears down the red-blood-cells.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juices when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloats and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater firmness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—Sss Tonic will help you feel better. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

### Open House For Stanfords Held In Avery Home

Mr. and Mrs. Pat Stanford, who came home to Midland last week after their marriage in Wichita Falls and a trip to Colorado, were honored with an open house Thursday night in the home of Mr. and Mrs. H. C. Avery, Jr., 508 North Loraine Street. Mrs. Stanford is the former Dauphine Mohan.

Bronze chrysantheums decorated the living room, and in the dining room candlelight fell on more of the Fall blossoms in shades of purple and pink. A white cutwork cloth covered the table where Miss Louise Cox served Oakes and Mrs. Frank Thompson poured coffee. Miss Ann Bates assisted in serving.

Recorded music made a background for conversation through the evening.

Guests who greeted the newlyweds were Mr. and Mrs. James W. Mims, Mr. and Mrs. Arnold O'Neill, Mr. and Mrs. E. C. Buffington, Mr. and Mrs. Frank Thompson, "Er" and Mrs. Jim Forrest, Mr. and Mrs. Louis Gromart of San Angelo, Mr. and Mrs. Max Schumann, Mr. and Mrs. Jim Puckett, Mr. and Mrs. A. E. Pettit, Mr. and Mrs. I. B. Ridgway.

Miss Lila Stewart, Miss Ruby Millard, Miss Joyce Melancon, James Horton, Whit Phillips, Walter Norris, Andrew Saos of San Angelo, Allen Wemple, Fred W. Wemple, Cecil Eider, and Vic Williams of Tulsa.

### AMAZED AT QUICK ACTION OF MERTOX

"For the past ten years I have been troubled with severe gas pains which seemed to press against my heart and made it difficult to breathe. I had a pain under my heart that was almost unbearable at times," writes Mrs. Alma Cummings of Waco.

"My food would not digest and soured on my stomach. I had had dizzy spells and when these attacks occurred I felt all wadded up. My appetite has greatly improved and I can now eat lots of things that I couldn't eat before taking this wonderful medicine."

"Since taking Mertox I feel like a different person. It certainly is wonderful to get up in the morning and do a day's work, without that tired, worn-out feeling. I certainly was amazed at the quick action of the medicine."

You can get Mertox from any Texas drugist at the new REDUCED price.

### Clothing Student Is Major Problem Of Texas Mothers

COLLEGE STATION —(AP)— For Texas youngsters this is back-to-school time.

Some returned to the classrooms last week. But whether it was this week or last, mothers of school-age children have to figure out what to clothe their youngsters in.

Nena Robertson, associated extension clothing specialist of Texas A&M College, says the clothing problem is just as big for mothers of little tykes not yet in school.

Often mother picks out clothes for the kids because she takes a fancy to the little red jacket or the yellow striped dress. It's going to be the kids that wear the clothing, so it should be picked out to meet their needs.

Comfort, freedom of movement, allowance for growth and attractiveness are points to remember when buying slacks, shirts or dresses for the children. Buy clothes that fit well, and be sure they aren't too tight. Allow for plenty of movement. Maybe the boy plays football with the gang after school. Perhaps the little girl goes skating with her friends. Whatever they do, they'll need clothing that gives them freedom of movement—and still isn't too loose.

Allow For Growth

The clothing should also allow for growth, too. Five to eight inches for girls' dresses and five to six inches on the tails of boys' blouses should be left so there will be room for lengthening the children's clothes as they grow.

Fabrics should be selected for the child's comfort, happiness and protection, and for long lasting in wear and laundering. Attractiveness is important, too, but don't have too many decorations, says Miss Robertson. They will be easier to care for with fewer decorations.

Youngsters want to be comfortable and dressed up, too. They can be both these and still stay inside the family budget, says Miss Robertson.

### Federation To Present Book Review Tuesday

Top interest in club events this week is held by plans of the City-County Federation of Women's Clubs for presenting Mrs. Herbert Emery of Dallas in a benefit book review Tuesday.

The review is scheduled at 10 a. m. in the Tower Theater. Mrs. Emery, who has been heard several times previously in Midland, will review this time a humorous book, "My Uncle Jan," by Joseph Austerlitz and Audrey Wurdemann. She is probably the best known reviewer in Texas now.

She was presented last Fall by the federation, choosing then a romantic novel, "Prince of Foxes." Other organizations have sponsored her appearances here, but the books she has discussed always have been in a more serious vein.

"My Uncle Jan" is the story of Jan Horak, who came from Czechoslovakia to Wisconsin in the "twenties and wrote so enthusiastically of the new country to home folks that a host of his kin and friends joined him. Told from a boy's viewpoint, it is a series of incidents in small-town life of a few decades ago, most of them amusing and some downright funny.

Tickets On Sale

Tickets for the review have been on sale through the clubs which make up the federation, and also will be sold at the box office. Mrs. John B. Mills is ticket chairman.

Mrs. Ernest Neill, ways and means chairman for the federation, is general chairman of arrangements for the review and has been assisted by Mrs. W. G. Epley, federation president, and other members. Mrs. Neill will introduce Mrs. Emery, who comes to Midland through the courtesy of Sanger Brothers of Dallas.

### Dorothy Ramsey And Gene Essary Wed In Ring Ceremony At Church

In a candlelight ceremony in the First Methodist Church Friday night, Dorothy Ramsey and Gene Essary were married with the Rev. H. H. Hollowell officiating for the double ring service.

The bride is the daughter of Mr. and Mrs. Charles Lynch of Midland, and the bridegroom is the son of Mrs. Gene Essary of Oklahoma City.

Baskets of white flowers and greenery flanked the altar, with candelabra holding tapers that were lighted by Bob Essary of Sweetwater and Don Miller of Odessa.

The bride's twin sister, Mrs. Charles Alken, was the pianist. Before the ceremony she played "Because," "D'Hardelo," and "An Sweet Mystery of Life." Herbert, and also played the traditional marches, and "Always," Berlin, as the vows were repeated.

Other Attendants

Mrs. Don Miller was the matron of honor, and the bridegroom's brother, Dub Essary of Kermit, the best man.

A street length frock of pink satin, with mist grey accessories were chosen by the bride. The dress was accented at the neckline with two rhinestone clips, the gift of the bridegroom. She carried a white Bible and an orchid with a shower of white ribbons and baby-bush.

Mrs. Miller wore an all-brown ensemble with white carnations in a corsage. The bride's mother was dressed in black and grey costume with a corsage of red carnations, and the pianist wore black and pink with pink carnations.

Supper was served to the wedding party at the Roski Club in Odessa. Mr. and Mrs. Essary left on a trip through New Mexico, and on their return will reside at 705 North Fort Worth Street.

He is employed at the Midland Post Office and she with C.I.T. Corporation here. A graduate of Midland High School, Mrs. Essary attended Hardin-Simmons University at Abilene. Essary is a veteran of World War II.

Mr. and Mrs. Jim Harding of Odessa were among the out-of-city guests here for the wedding.

Focus, Colo., was so-named because a fine view of the Sangre de Cristo range "comes into focus" at this point.

### Record Volume Of Business Reported By Franklin Stores

Franklin Stores Corporation, which operates a Midland branch at 100 North Main Street, had net earnings of \$1,311,945 on an all-time sales peak volume of \$23,546,301 for the fiscal year ended June 30, Frank Rubenstein, president, reported to stockholders in the company's annual financial statement.

The consolidated net profit is equal to \$1.75 a share, and compares with a net for the preceding year of \$1.070,874, or \$1.47 a share.

The annual sales reflect a gain of \$2,507,197 over the previous year. Current assets, including \$3,450,251 in cash and U. S. Government Securities, were \$6,789,564 at the end of the fiscal year, on which date current liabilities totaled \$1,922,673. The net worth of the company is reported at \$6,989,301, an increase

of \$950,189 over the previous year. The concern ended its fiscal year with 103 stores in operation. Eleven new units were opened during the year, and other new outlets are to be opened this year.

The Midland store was opened in May of 1947, with a constant increase in business reported by the management.

The president of the women's specialty chain said the concern this year hopes to achieve a \$26,000,000 sales volume.

**Stanton News**

STANTON—Mr. and Mrs. Azy Simpson of Amherst, parents of Mrs. Elmore Johnson, visited the Johnsons recently.

Bessie Dunagan of Big Spring visited her sister, Mrs. Windall Centers, recently.

Mr. and Mrs. Perry Ross and son of Tyler visited his parents, Mr. and Mrs. P. T. Ross, and her grandparents, Mr. and Mrs. Tank White. Perry Ross will enroll in Tyler Business College soon.

Mr. and Mrs. Joe Bissard and their daughter and son-in-law, Mr. and Mrs. Neil Fryer, have returned from Louisiana where they have been visiting Mr. and Mrs. Bissard's daughter and Mrs. Fryer's sister.

Mr. and Mrs. Jack Turner and son, Larry, of Midland Air Terminal visited Stanton relatives recently. Mrs. Turner was appointed postmistress of the new post office at Terminal, Texas.

**Return From Dallas**

Mr. and Mrs. Edmond Tom and Mrs. Brown Davenport and son, Bob, have returned from a visit to Dallas.

Mr. and Mrs. John T. Atchison and children of Midland spent Tuesday night with his mother before leaving on their vacation. Junot Atchison accompanied the John Atchisons to Dallas to get a medical check up.

Nancy Roquemore, St. Joseph Academy student, is spending the weekend here with her father.

Thursday night dinner guests of Mr. and Mrs. Lewis Gregg were Mr. and Mrs. Coy Gregg of Coahoma and Mr. and Mrs. Frank Gregg of Gorman.

A diamond cube 9 feet on a side would equal all the gem diamonds mined in the world since they were discovered 2500 years ago. To represent all the cut diamonds, the cube would be only 2 1/2 feet on a side.

**Cafeteria Menus For Week Are Announced**

Menus for public school cafeterias for this week were announced Saturday by Mrs. Edith Wilson, supervisor, as follows:

**Monday**—Baked ham, potato salad, green beans, hot rolls, stewed figs and milk.

**Tuesday**—Meat loaf, creamed potatoes, buttered beets, lettuce salad, hot rolls, cake and milk.

**Wednesday**—Chicken and noodles, English peas, combination salad, hot rolls, Jello and milk.

**Thursday**—Barbecued beef, mashed potatoes, Boston baked beans, cabbage and carrot salad, cornbread, stewed peaches and milk.

**Friday**—Cheese and macaroni, buttered carrots, lettuce salad, hot rolls, pudding and milk.

**Personals**

Miss Lana Bradford is visiting her parents in Rock Springs.

Mr. and Mrs. Ralph Ebeling of Round Mount and Alfred Ebeling of Hale Center are weekend visitors of Mr. and Mrs. J. A. Ebeling, Lamesa Road.

Mr. and Mrs. E. L. Phillips will spend Sunday in San Angelo as the guest of their son, Maj. Charles R. Phillips, and family.

Mrs. F. H. Lanham accompanied her daughter, Stella Mae Lanham, to Los Angeles, Calif., where Miss Lanham plans to make her home.

Mrs. Dewitt C. Haskins, 104 Ridge Drive, has returned from a visit with her father, W. E. Routcahan, of Frederick, Okla. Mr. Routcahan has accompanied his daughter home a visit here.

Mr. and Mrs. Edwin C. Dunn of Houston returned Thursday after a several days visit in the home of Mr. and Mrs. Henry F. Oliver, Andrews Highway.

It's ready for you now—the new Fall and Winter FASHION contains 63 pages of style, color, special features—plus a free doll pattern printed inside the book. Send 25 cents today.

**TB Association To Hold Annual Meet In San Angelo**

SAN ANGELO—Problems and procedure in tuberculosis control will be the subject of the thirty-eighth annual meeting of the Texas Tuberculosis Association in San Angelo Friday and Saturday. The meeting will be attended by physicians, public health workers and lay leaders from every section of the state.

Meeting simultaneously with the association will be its medical section, Texas Chapter of the American Trudeau Society, and also the Texas Conference of Tuberculosis Secretaries.

John J. Redfern, Jr., president of the Midland County Tuberculosis Association, and a director of the state association, will preside at the Friday morning session of the public health section.

A banquet, barbecue and an exhibition of square dancing will highlight the entertainment features.

An outstanding array of speakers will be present to address the various sessions of the convention.

The program will cover such subjects as surgery in tuberculosis, results in the use of streptomycin, X-ray, unusual cases of pulmonary tuberculosis, community organization of health services, community needs, newspapers and radio in community health work, programs of health in schools, colleges, for patients and for the general public.

**Mrs. Jack Creswell Is Coke Party Honoree**

Mrs. S. C. Giesey, 608 West Louisiana Street, entertained with a Coke party Friday morning, honoring Mrs. Jack Creswell, who moved here recently from Jackson, Miss.

Guests attending included the honoree, Mrs. Leonard Swords, Mrs. Theodore Jones, Mrs. John M. Hills, Mrs. J. A. Jorgensen, Mrs. L. S. Page, Mrs. R. L. Clarke, Mrs. C. C. Thomas, Mrs. F. L. McFarland, Mrs. E. S. Hitchcock, Mrs. Bill Colburn, Mrs. J. B. Coulter, Mrs. R. D. Madland and Mrs. J. A. McCutchin.

**Midland Pastor Is University Speaker**

The Rev. Vernon Yearby, pastor of Midland's First Baptist Church, Friday delivered the convocation address to the first chapel assembly of the new school year at Hardin-Simmons University, Abilene.

While there, Mr. Yearby also attended the annual all-day meeting of H-SU trustees, of which he is a member.

Scientists are working on a new kind of "watch." It is a tube of colorless gas through which passes a continuous radio impulse. The great advantage is that it will never run down.

**Past Time Circle Names New Officers**

New officers, headed by Mrs. Althea Woods as president, were elected by the Past Time Sewing Circle at a meeting in Mrs. LaHoma Wilson's home Thursday afternoon.

Mrs. Emily Shultz was named vice president, Mrs. Lorene Robinson secretary and treasurer, and Mrs. Wilson, reporter.

The club's next meeting will be at a different hour, 2 p. m., on September 30 with Mrs. Shultz, 306 West Florida Street.

After the business session, housewarming gifts were presented to the hostess, Mrs. Charlie Maulden, unable to be present, sent a gift.

Mrs. Homer Lowe was a guest. Other members present were Mrs. Lena Weathered, Mrs. Dock Miller, Mrs. Lena Huff, Mrs. Helen Harris, and Mrs. Ethel Cavitt.

**Economists See Some Price Cuts By Christmas**

WASHINGTON — (AP) — Cheaper eggs and chickens by Christmas. Cheaper bacon and pork by next Spring. Cheaper beef—but maybe not until next year this time.

Those are the only possible lights on the high price horizon which three sets of government economists—Federal Reserve Board and Commerce and Labor Departments—can see now. They are indicated because of a general slip downward in the prices of grain due to bumper crops.

There are three signs which these economists look for to herald a general drop in the cost of living. None of them on the horizon yet, they are:

1. A fall in wholesale prices.
2. A pile-up of surpluses somewhere.
3. Unemployment.

Dropping wholesale prices could mean lower prices to stores so the stores could cut. But the Labor Department's Bureau of Labor Statistics (BLS) finds that wholesale prices are still going up, some of them faster than retail prices.

**Food Price Jumps**

Food has been jumping upward most rapidly in retail price.

As for surpluses—if they should pile up somewhere—on wheat, washing machines, eggs, men's shirts—and stores couldn't sell such articles, they'd cut prices. Then they'd either force lower prices from wholesalers or they'd stop buying. Wholesalers would have to cut. They would turn around and demand lower prices from the raw material people—cotton growers, cattle men and the like.

But few surpluses appear in the figures which flow into BLS. Experts hear that some textile mills have cut back to four days work a week. Wholesale textile products have dropped, but only one-half of one per cent.

Unemployment? No sign of it.

### Terminal Post Office To Open October 1

The "Terminal, Texas" post office at Midland, Air Terminal will be opened October 1, Mrs. Jack Turner, postmistress, reported Saturday.

Mrs. Turner said she had been instructed to open the fourth-class post office on that date.

The post office will be located in the west end of the Airway Cash Grocery, which is operated by Mr. and Mrs. Turner.

### THAD STEELE HERE

Thad Steel of El Paso, former Midland resident, visited friends here Saturday. He was to attend the College of Mines - McMurry College football game Saturday night in Odessa. Steele is president of the Mines Ex-Students Association.

Approximately \$715,000,000 is spent annually in the U. S. for drugs, including home remedies and patent medicines.

### 940 Persons Board Pioneer Planes Here During Last Month

August was another record-breaking month for Pioneer Air Lines after some 9,244 passengers boarded the company's planes in Texas and New Mexico, company officials announced.

Pioneer flew some 2,559,504 revenue passenger miles or the equivalent of 103 flights around the world at the equator without ever leaving the Southwest, they said.

Dallas headed the list of Pioneer cities boarded by passengers with 1,443, while Houston was second with 1,316; Midland, third, with 940; Austin, fourth, with 728; and Abilene, fifth, with 718.

Another aspect of the record was the 93,167 pounds of air mail; 12,277 pounds of air express and 25,493 pounds of air freight handled by Pioneer.

Your newspaper - Serving freedom by serving you.

## EAT PLENTY AND TAKE OFF UGLY FAT

Many people have reported amazing results with this home recipe. It's easy—no trouble at all and costs little. Just go to your drug store and ask for 4 ounces of liquid Barcostrata. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Take two tablespoonfuls twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic, from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back.

### Lost 47 Pounds

"When I commenced to take Barcostrata, I weighed 212 pounds. I now weigh 145. I lost 25 pounds on the first two bottles. I feel so much better after losing that weight. I think it is a wonderful medicine and thanks to Barcostrata."—Mrs. George Groves, Chalmers Courts 4, Apt. 1, Austin, Texas.

### Lost 20 Pounds

"I lost 20 pounds taking four bottles of Barcostrata and I feel fine."—H. M. Gibson, 912 24th Street, Corpus Christi, Texas.

### Morning Wedding In Home Unites Merle Scott And Scott Slaughter

A morning wedding at home was read at 9:30 Saturday for Merle Scott, daughter of Mr. and Mrs. H. T. Scott, and Scott Slaughter. The Rev. R. Matthew Lynn, pastor of the

First Presbyterian Church, officiated for the double-ring ceremony at 500 East Florida Street.

Palms and baskets of white gladiolus and fern formed a background for the ceremony. Mrs. Melvin Haney attended her sister as matron of honor, and James Slaughter, brother of the bridegroom, served as best man.

Mrs. J. R. Smith, pianist, played a medley of wedding music as a prelude to the exchange of vows.

Miss Scott was married in a street length frock of medium blue, in draped design, with silver accessories and a corsage of white gardenias. Mrs. Haney wore a dress of blue crepe. Her corsage was also of gardenias, as was that of the bride's mother, who was dressed in a tiered gown of wine crepe.

Reception held  
An informal reception followed the ceremony. A bouquet of roses was on the buffet, and flowers wreathed the wedding cake which was set in the center of the table. The bride cut the cake, and the bridegroom's sisters, Mrs. Don Peters and Mrs. Margaret Baker, served punch.

Mr. and Mrs. Slaughter left Saturday afternoon for a three-weeks trip through New Mexico. They will reside for a time at Stanton, where he is employed at present with the Southern Geophysical Company. Mrs. Slaughter, a graduate of Midland High School and who later attended a business college at Abilene and St. Louis University, has been employed with the Shell Oil Company in Midland.

Out-of-city guests for the wedding included the bridegroom's mother, Mrs. Beulah Slaughter of Sweetwater; Mrs. Roy Abell of Ralls, Mr. and Mrs. Clarence Hamm, Earlene and Jack Hamm of Big Lake.

### Colorful Trim

8354  
2-6 yrs.

Don't miss the latest issue of FASHION. The Fall and Winter book has a wealth of sewing data for the home dressmaker. Smart, easy to make styles, fabric news-free gift pattern printed in the book. 25 cents.

### Commissioners Court Sets Upton Tax Rate

McCAMEY—A 99-cent tax rate for the coming year has been set by the Upton County Commissioner Court. The tax is based on a decreased valuation of property in the county.

In setting up the budget on which the rate is based, the court included the recently voted bonds for construction of community buildings in Rankin and McCamey. Commissioners pointed out that considering that 14 cents of the 99-cent rate is to be used to meet new bond obligations, the rate, although the same as last year, represents an actual decrease of 14 cents.

The tax rate is based on a \$17,000,000 valuation.

### DAUGHTER BORN TO McCAMEY COUPLE

McCAMEY—Mr. and Mrs. Charlie Young announce the arrival of a daughter on Thursday afternoon. She has been named Barbara Ann, and weighed six pounds, 10 ounces. The paternal grandparents are Mr. and Mrs. Smally Young of McCamey, and the maternal grandparents are Mr. and Mrs. Jack George of Rio Pecos.

### Training Course For Girl Scout Leaders Closes

Certificates were presented in an investiture ceremony Friday to women who completed the Girl Scout Leadership Training Course which was conducted through last week by Mrs. I. A. Searles, area trainer.

Leaders who received Brownie pins were Mrs. Fred H. Speers, Mrs. R. H. McKay, Mrs. John McCutchin, Mrs. E. B. Dilly, Mrs. E. J. Murphy, Mrs. Fred E. Rylee, and Mrs. Victor Horn. Pins for completion of intermediate training went to Mrs. Joe Chastain, Mrs. G. A. Grimm, Mrs. W. W. Wilson, Mrs. H. W. Mathews, Mrs. E. R. Andres, and Mrs. Tom Cole.

Attending some of the training classes but not receiving certificates were Mrs. W. M. Spiars, Mrs. Bill Colyns, Mrs. Victor Bottoms, Mrs. H. H. Redding, Mrs. L. M. Frels, Mrs. James B. Cochran, Mrs. Paul Anderson, and Mrs. George Johnson.

Troop Committees  
In the final class Friday morning in the Children's Room of the Midland County Library, Mrs. Robert E. Morgan discussed formation of troop committees and their function; Mrs. Stanley Erskine displayed publications from the Girl Scout shelf in the library, told of their value and of the use of leadership books and council supplies. Mrs. C. E. Bissell explained the program consultant service set up last year by the Progressive Study Club, under the leadership of Mrs. Otis Baggett, to provide a list of specialists in various skills and crafts whom Girl Scout troop leaders may call upon for program aid.

### Reporter-Telegram Employees Get Blue Cross Memberships

All employees of The Midland Reporter-Telegram have been given membership in the Blue Cross Plan for hospital care and the Blue Shield Plan for surgical protection by James N. Allison, publisher, as a recognition of employee efficiency and as a contribution to the employee security which is important to efficiency.

Much of the rapid growth of Blue Cross and Blue Shield has been made possible by the enthusiasm of newspapers in telling the story of the democratic way of pre-paying health care—of voluntary cooperation of the public, the hospital and the doctor in helping people to help themselves. The Blue Cross idea, which was started by a small group of school teachers in Dallas, now has spread until 31,000,000 persons in the United States, Puerto Rico and Canada are protected. The Blue Shield Plan, a younger organization, now serves 8,000,000 people nationally.

Blue Cross Plans have the approval of the American Hospital Association, which requires certain standards for approval: non-profit organization and control, hospital-guaranteed services, sound accounting practices, adequate financial reserves, a record of community service, hospital care everywhere and a comprehensive hospital service. The Blue Shield Plan has the approval of the Associated Medical Care Plan of the American Medical Association.

### Senator Criticizes WTCC Amendment Aid

BALLINGER—(P)—The West Texas Chamber of Commerce was criticized Friday by State Senator Dorsey Hardeman of San Angelo for its endorsement of the proposed constitutional amendment which would abolish state ad valorem taxes.

Hardeman said abolition of the ad valorem tax certainly would lead to a sales tax as it has in other states. He was speaker at the Ballinger Lions Club.

### Dates Announced For Visit To Midland Of Mobile X-Ray Unit

Dates for the visit to Midland of the Texas Tuberculosis Association's Mobile Chest X-ray Unit were announced Saturday by John J. Redfern, Jr., president of the Midland County Tuberculosis Association, as September 28 through October 1. The unit will be located in the basement of the courthouse, with the visiting hours scheduled from 8:30 a. m. to noon and 1:30 p. m. to 4:30 p. m. daily.

F. H. McQuigan was appointed by Redfern as chairman of the X-ray unit committee. He is in charge of all arrangements for the unit's visit here.

The X-ray pictures are made free of charge, the cost being defrayed by the annual Christmas seal contributions. The public is invited and urged to take full advantage of the free and life-saving service. Appointments for the free chest X-rays may be made by telephoning the association office, No. 2310.

Mrs. Ethel G. Peerman, field consultant for the Texas Tuberculosis Association, was in Midland last week to complete final arrangements with the Midland chapter for the unit's visit.

The mobile unit, which already has visited scores of Texas cities, was to have been in Midland earlier this year, but the visit was postponed until fall.

### Baptist Training Course Planned

The annual Fall Sunday School Training Course at the First Baptist Church is scheduled to start Monday and continue through Thursday. This training course is for adults, young people, teachers, class and department officers.

The classes for the course, and teachers will be: "Adult Department of the Sunday School," the Rev. W. B. Billingsley; "Young People's Department of the Sunday School," Mrs. Hubert Driggs; "Personal Factors in Character Building," for Intermediate - Senior workers, Miss Maurine McKinzie; "Guiding Junior Boys and Girls," Mrs. E. Dickson; "Guiding the Primary Child," Mrs. O. E. Farris; "Beginner Sunday School Work," Mrs. G. E. Massey and "Nursery Department of the Sunday School," Mrs. C. C. Boles.

There will be a study hall for the school children and a nursery for youngsters.

Mrs. Driggs is director of the school.

### Dr. Walker Speaks On YWA Program

Dr. Glenn Walker was a guest speaker to tell of his experiences as a medical missionary in Africa, when the Margie Schumate, Young Women's Auxiliary of the First Baptist Church met in the home of Mrs. J. S. Griffith, 200 Club Drive, Thursday.

Several girls who are interested in organizing a High School YWA met with the group, Margaret Smoot and Sybil Husted were welcomed as new members.

Plans were discussed for the annual YWA installation tea, to be held later this month. The devotional talk was by Dorothy Baines. Other members present were Dorothy Routh, Ruby Gilbert, Nellie Clark, Norma Middlebrooks, Anna Joyce Streeter, Dixie Lou Wilson, Wilda Drake, and Clara Belle Johnston.

High school girls present were DePhane Tabor, Jo Anne Glass, Joan Montgomery, Martha Scharbauer, Peggy Greenhouse, Lynn Griffith, and Inell Kinnard.

Eggs that were started in the body of one hen have been transferred to another, fertilized, and finally laid and hatched.

More than 534,000 business concerns, or one-sixth of all firms, in the United States are in automotive fields.

### Band-Aides Begin Year's Program

The Band-Aides Club, organization of parents and friends of Midland High School band members, had its first meeting of the term Thursday night in the band hall.

Earl Chapman, president, directed a discussion of plans for the year to which H. N. Lawton, director, contributed an outline of band plans. He said the group will attend all out-of-town conference football games.

The club voted to be hosts at a social gathering for each visiting school band that comes to Midland during the year. Some plans were also made looking forward to the annual band banquet at the end of the school term.

### Senior Scout Troop 5 Elects New Officers

Officers were elected by Senior Girl Scout Troop No. 5 at its meeting Friday in the home of Mrs. J. J. Black. Patsy Bray was named president, Jo Anne Glass vice president, Lois Black, secretary; Carolyn Schaeffer, treasurer; Arlene Ann Ekbold, sergeant-at-arms, and Janis Slough, reporter.

The troop planned an investiture ceremony for Troops 1 and 12, which will become Senior Scout troops. Members present, other than the new officers, were Joan Montgomery, Dorothy Wolfe, Sara Crisler, Peggy Whitson, Melba Clark, Billie Prothro, Joy Guyton, Nell Cole, Pat Fryer, and Sarah Lev Link.

Golden yellow and green combination or tan and brown combination.

# THE BULLDOG

Written By The Journalism Class Of Midland High School

## Gold Jackets Perform At Season's First Football Game

The Midland High School Gold Jackets performed at the first football game to be held in Memorial Stadium, September 10. Sarah Lew Link, drum major, and six prancing majorettes lead the drill squad on the field.

## Midland High Eleven To Make El Paso Trip

Friday, the Midland Bulldogs will meet the Austin High Panthers at Austin High Stadium in El Paso.

Members of the Gold Jackets are: Evelyn Adams, Dianna Anderson, nonrout, Marian Ake, Willie Mae Baker, Lynette Barlow, Lavon Baxter, Murphy Jane Baxter, Jane Beakey, Patricia Benedict, Camilla Birchhead, Patricia Boles, Billy Jean Boykett, Jo Anne Boykin, Patsy Bray, Anna Lee Brooks, Virginia Brooks, Shirley Bunt, Barbara Burham, Melodeese Burris, Peggy Ann Caffey, Martha Campbell, Betty Campbell, Patsy Carrell, Margie Carter, Melba Clarke, Nell Cole, Bobbie Jean Collins, Estelle Conolly, Glorif Crowe, Carolyn Curd, Diana Lynn Daugherty, Sallie Dea-man, Nora Helen Deel, Dorothy DeWolf, Donna Rae Dunn, Patricia Lou Emmons, Jean Ferguson, Joni Nell Ferris, Marjann Forrest, Sue Francis, Joanne Glass, Anna Beth Graham, Margaret Green, Wilma Green, Dorothy Ann Grissom, Wanda Hankla, Sarah Harrison, LaWana Havins, Inez Hedges, Melissa Heidelberg, LaWanda Kindley, Donaldalyn Knight, Kaylene Kindley, Katherine Lewis, Sarah Lew Link, Darlene Livingston, Myra Ann Lumpkin.

## 'Remember The Day' Named Junior Play

"Remember the Day" by Philo Higley and Philip Dunning has been selected by Miss Verna Harris, MHS dramatics coach, for the annual junior play to be given in the High School Auditorium November 4 and 5.

## Let's Go (An Editorial)

### Let's Go

The Bulldog is the official paper of Midland High School. It belongs to you, the students. It should reflect your views and your interests. It should be beneficial to the largest possible number of students.

Do you have a swell idea, startlingly new, or an old but interesting one? Tell us about it! The members of the journalism department are trying to improve the school paper by obtaining new ideas. Beginning Monday there will be a box outside the principal's office. Drop your suggestions into this box. Please respond! This school year can be the best our school has ever had. Our football team gave us a rousing start. Keep it going! Here is your chance to have a part in the school paper. Make sensible suggestions, please, and let's get on the ball!

## MHS Gets Nine New Teachers

By PATRICIA PRYOR

Eight new teachers have been added to the faculty of Midland High School. They are Miss Elizabeth Cope, Miss La Vera Riley, Miss Fannie Reeves, Mrs. Martha McAdams, Miss Jane Jordan, Carl Knox, Joe Akins, Mrs. Helen Penn and Mrs. W. D. Roberts. Miss Elizabeth Cope, whom we have all seen leading the songs in assembly, teaches music and English. Miss Cope received her Bachelor of Music from North Texas State Teachers College in Denton. She is originally from McCamey. Miss La Vera Riley teaches senior English. Miss Riley, whose home is in Rotan, Texas, attended Texas Tech in Lubbock. Miss Fannie Reeves, who is from Gainesville, Texas, attended North Texas State Teachers College. Miss Jane Jordan teaches typing, shorthand, and bookkeeping. Mrs. Martha McAdams teaches biology. Mrs. McAdams, who attended Sam Houston State Teachers College, is from Huntville, Texas. Mrs. Helen Penn, who is from Denton, attended North Texas State Teachers College. Mrs. Penn teaches chemistry and general science. Miss Jane Jordan, who teaches algebra and commercial law, is from Beckville, Texas. Miss Jordan attended Texas State College for Women. Carl Knox teaches physical education and history. Coach Knox, who is from Arlington, attended TCU. Joe Akins teaches mathematics. Coach Akins, who is from Sweetwater, attended Abilene Christian College. Mrs. W. D. Roberts, who teaches sophomore English, attended NSC. Mrs. Roberts is from Natchitoches, La.

## MHS Grad Assists Gold Jacket Squad

Jerry Roberts, former student of Midland High School and former drum major of the band is directing the Gold Jackets until a permanent director is selected. Since he has been directing the drill squad various changes have been made. One of the first changes was the election of new officers. They are Tina Williams, captain; Darlene Livingston, lieutenant; Jo Anne Boykin, Marie Olliff, Nova Rogers and Ruth Streun, sergeants. Officers elected last year were Sarah Lew Link, major; Carolyn Schaeffer, lieutenant; Peggy Lou Whitson, head majorette, and Lavon Baxter, property manager. Roberts is employed by the Superior Oil Company. He came to Midland two years ago after serving in the United States Navy and attended Midland High School his senior year. He served as drum major of the band in 1946 and 1947.

## Enthusiastic Seniors Receive Class Rings

The long awaited senior rings arrived last week and were issued to the seniors in class meeting Friday morning. The stones for this year's rings are amethyst instead of the blue used the last few years, with the traditional lettering, Midland High School and the year written around the stone. The left side of the ring has a steers head with the motto, "Not Failure, But Low Aim Is Crime" inscribed around it. The right side of the ring has a Bulldog's head with the schools fields of study, Arts, Sciences, Languages and Industries listed. The rings vary greatly in size, running all the way from 1 1/2 to 12 1/2. Students who did not receive rings and wish to order one should see a representative of the Star Engraving Company who will be at school in the next few weeks. Seniors will be notified of the representative's arrival.

## 660 Pupils Enroll In Midland High School

The enrollment of Midland High School has reached the 660 mark, making an increase of 103/10 per cent when compared with the enrollment in September of 1947. At that time the enrollment was only 552, while this year the enrollment shows an increase of 68 students. The freshman class of 1948, consisting of 196 students, is the largest freshman class ever to enter Midland High School. Thus, the total student body is composed of 293/5 per cent of the total student body.

## Doctor De Tempin Speaks To Gathering

Dr. Lucinda de Tempin, principal of Radford School for Girls in El Paso, spoke to the student body Wednesday on the San Francisco Conference. Dr. de Tempin had the privilege of staying in the same hotel as many of the foreign delegates. She told the students little bits of "gossip" about the conference such as the politeness of the Chinese to the dining room waitresses, the translator who took no notes, yet translated the speech perfectly, of V. M. Molotov's one hundred and fifty bodyguards the most anyone else had and of the miraculous smoothness with which the conference ran. Mrs. J. Howard Hodge introduced the speaker. Doctor de Tempin was formerly principal of Lindenwood School in Missouri before assuming her present position in El Paso.

## Club News

Clubs will meet for the first time this year Wednesday and Thursday of next week. Midland High School is offering the students twenty clubs, out of which each student may choose two. The group of clubs which meet on Wednesday include FFA, Business, DE, Model Airplane, Camera, Theopian, Student Council, Las Hab-laboras, Future Homemakers of America, Future Teachers of America and Geology. Clubs which meet on Thursday are Science, Gold Jackets, National Forensic League, National Honor Society, Band, Slide Rule and Number Sense, Latin, Stamp and Football.

## Maybe A State Dog For Texas

Senator Roger Kelly of Edinburg, Texas, has announced he will introduce a bill in the next session of the Texas Legislature to make the "Chihuahua" the state dog of Texas. Here three of the little Chihuahuas find a resting place in one of the senator's shoes.

## New Students Taste School Life At MHS

By Patsy Bray. Many new faces are being seen around old Midland High as the 1948 Fall term rolls on. Students from all over the United States (and Texas, too) are learning of and experiencing the true fun that Midland High School students enjoy. The new seniors are Anna Lee Brooks, from Stanton; Richard Lee Bruce, Branson, Missouri; Estelle Connolly, Pittsburgh, Pennsylvania; Jimmy Gregory, Noodle; Carl Buford Harding, Texasarkana; O'Neil Horton, Brownwood; Marvin Allen Knight, Seneca, Kansas; Deloris Jean Keyes, Dallas; Joe Johnson, Patterson, Rochelle; Mary Sturch, Amarillo; Robert Collins Turner, Horatio, Arkansas; John Brent Wood, Lorain, Ohio.

## Exes' Column

Midland High School will be represented in various colleges throughout the United States this fall. Some of the students and the colleges they are to attend are listed: Gulf Park College, Gulf Port, Mississippi; Marylee Cowden and Frances Puetz. Christian College, Columbia, Missouri; Emma Sue Cowden, Jeanne Devereux, Norma Jean Hubbard, Betty McCain, Mable Secor and Dorothy Turner. Stephens College, Columbia, Missouri; Carole Casselman and Joan Lee. Goucher, Baltimore, Maryland; Shirley Cooper. Ward-Belmont, Nashville, Tennessee; Jean McMillan. Scripps, Claremont, California; Enid Wheeler. Monticello College, Godtry, Illinois; Susan Hemphill. Chicago Art Institute, Chicago, Illinois; Sonya Little. Schreiner Institute, Frank Ashby, Billy Burns, Dick Morrison, Charles Ruckman, John Scrogin, Frank Shepard and George Sams. Texas A&M, George Mayes, John Morrow and Dennis Rhodes. Texas University, Billy Gilmore, Charles Moncrief, Patsy Brown and Bernal Pemberton. Hardin-Simmons, Genora Brown, Helen Caffey and Joan McDonald. Austin College, Fred McMurtry, John Tarleton, Oscar Cooper, B. H. Spa, and Leo Manning. Baylor University, Betty Bobo and Lucille Wempie. Abilene Christian College, Donald Quay Hamblin and Janice Jones. Colorado State Women's College, Denver, Colorado; Virginia Ireland, Sul Ross, Kenneth Goode. Tulane University, New Orleans, La.; Dunny Goode and R. A. Whitson. Southern Methodist University, Dicky Jackson and Red Prichard. McMurry, Mary Thompson. Texas Christian University, Patsy Collins, Fred Dunn and Sarah Hunter. New Mexico Military Institute, Roswell, New Mexico; Camden Chancellor, Al German and Bobby Holt.

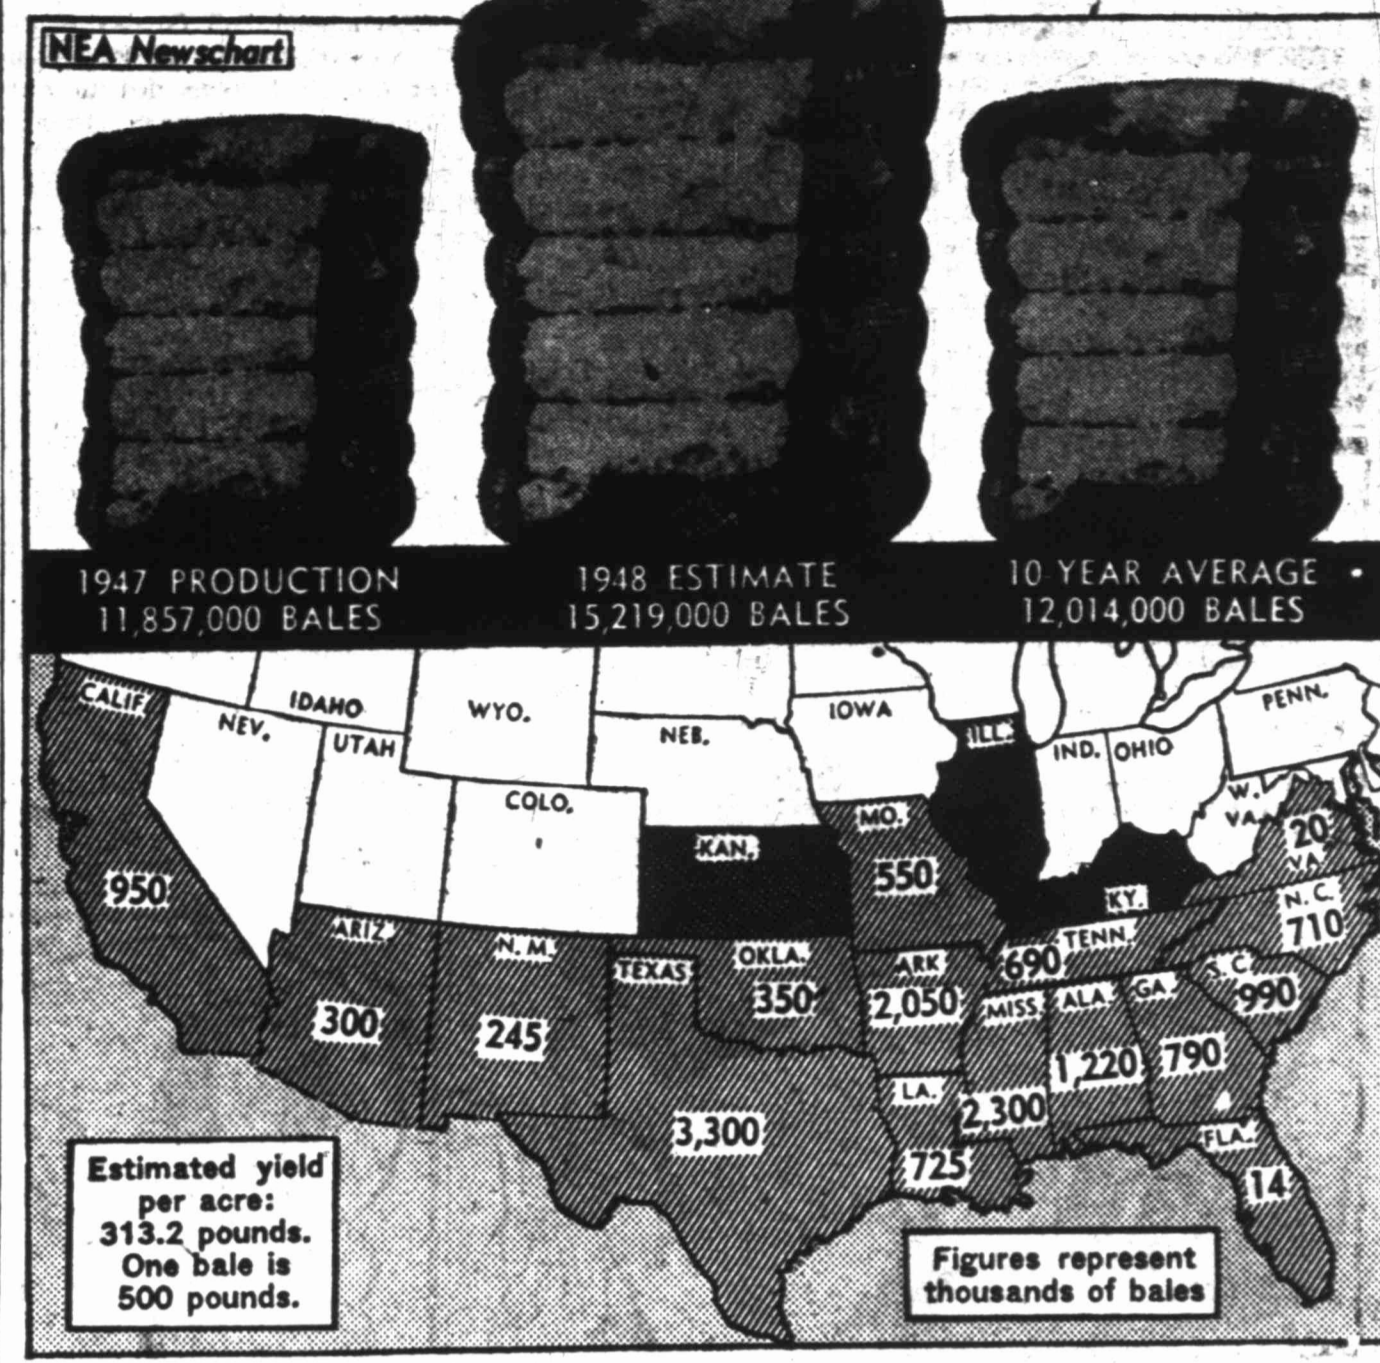

## Work On Catoico To Be Started Soon

Work on the 1949 Catoico will begin in the near future, according to Miss Louise Boyd, sponsor of the '49 yearbook. Helping Miss Boyd will be Neal Adams, editor; Dan Dickinson, assistant editor; and Goss Yeager, business manager. The staff was elected by the student body at the end of the 1947-48 school year.

## WE WILL

Finance the purchase of your car. Sell you a good used car. Advance you money for car repairs. New Motor, Commercial, etc. YOU WILL FIND "Financing is Best" at MIDWEST INVESTMENT CO. 2300 W. Wall (187-88) PH. 329

See Biggest Cotton Crop Since 1937

The Department of Agriculture's September estimate puts the 1948 cotton crop at 15,219,000 bales, the largest yield since 1937. On Newchart above, expected 1948 crop is compared with last year's and the average of the 10 years 1937-46. Figures on map are 1948 estimate for individual states, except three in dark shading. Their combined production is estimated at 15,000 bales.

## New Kaisers On Display Monday

WILLOW RUN, MICH.—The first extensive model change in an American automobile designed since the war was announced Saturday by Kaiser-Frazer Corporation, with the introduction of the 1949 Kaiser Special and DeLuxe sedans. Incorporating more than 100 improvements in styling and mechanical features, the four-door models are in full production at the Willow Run plant and Monday will go on display in K-F dealer showrooms throughout the nation. Edgar F. Kaiser, vice president and general manager, said that engineering and tooling costs involved an expenditure of more than \$10,000,000. He described the 1949 models as representing "far more than the auto industry's traditional 'facelifting'."

## New Use Discovered For Texas Petroleum

HOUSTON—(P)—Texas petroleum is finding a new use at Shell Chemical Corporation's new Deer Park plant near here. The \$8,000,000 plant is the first to use petroleum for the commercial production of glycerin. The manufacture of glycerin from petroleum represents a new development. The new process has been acclaimed by organic chemists as one of the outstanding research discoveries of recent years. Glycerin has heretofore been obtained only from fats and oils, much of which had to be imported. The new Shell process, according to Costermeyer, president of the chemical corporation, requires only petroleum, salt and water. The Houston plant has made test runs and is now making glycerin from petroleum.

## T&F HAS BEST ANNUAL REPORT

DALLAS—In the final ratings of an independent board of judges for the Financial World Annual Report Survey, the Texas and Pacific Railway Company was judged as having the best 1947 annual report of the southwest railroads industry. The bronze "Oscar of Industry" trophy will be presented by J. B. Shores, director of Public and Employee Relations, representing W. G. Vollmer, president of Texas and Pacific Railway Company, at the Annual Awards Banquet in the Grand Ballroom of the Hotel Pennsylvania in New York October 21.

## Church School Banquet Slated By Methodists

The annual Church School banquet of the First Methodist Church has been scheduled for 7 p. m. Tuesday in the Scharbauer Educational Building. Teachers and officers are expected to be present. Delbert Downing will be the speaker, the Rev. H. H. Hollowell, pastor, announced.

# AN URGENT APPEAL TO MIDLAND CITIZENS---

DEAR FELLOW CITIZENS: Your City Council addresses this appeal to you, the citizens of Midland, soliciting your personal assistance in reducing traffic accidents—many of which are readily preventable, so useless, and so filled with human tragedy. While a minimum of regulation is the goal of a free people, it can only be obtained by a maximum of self-government. Under our Democratic Form of Government, the basic unit of self-government is the individual or the family. Laws and ordinances are effective to the extent that a substantial majority of our people personally support them for the common welfare. The only justification for traffic laws is our mutual protection against careless, thoughtless, selfish, willful, reckless and over-tired drivers of high-powered cars on highways and streets increasingly congested with fast-moving traffic. The rapidly increasing traffic mortality is evidence that the enactment of regulation is insufficient in itself. The cooperation of each individual in self-government is required to insure our safety. Traffic laws are not a set of rules whereby you match your skill against the other fellow and the enforcement agencies. While you may be sufficiently smart to play tag with the law, perhaps your neighbor is not so fortunate and you may meet him head-on. "Ditchmen" is a thrilling but exceedingly hazardous game which too often ends in tragedy. Periodically, this game gets beyond the control of your local Government. It behooves each parent to consider the possible consequences of permitting his child the uncontrolled use of his automobile. As our children are our greatest asset, help us to protect them. It is difficult, but so worthwhile. Please drive carefully.

(Signed) ... R. H. GIFFORD, Mayor  
and  
BEN BLACK S. M. ERSKINE W. F. HEJL R. S. DEWEY R. I. DICKEY  
Councilmen

Senator Roger Kelly of Edinburg, Texas, has announced he will introduce a bill in the next session of the Texas Legislature to make the "Chihuahua" the state dog of Texas. Here three of the little Chihuahuas find a resting place in one of the senator's shoes.

## Texas Prison Board Members Are Busy Overhauling State System

By TIM PARKER  
HUNTSVILLE—(AP)—If you want a soft, cushy government job, don't get appointed to the Texas State Prison Board.

Because these nine men who are overhauling the state prison system are hard workers and probably would brook no shirking if a ny board member tried it.

Obviously, there was a lucky break in the various appointments by Texas governors which brought together this board. The men like each other. They unanimously

named O. B. Ellis as general manager to oversee reorganization of the prison system and they have been pulling like a well-trained team ever since to bring the plan to fruition.

W. C. Windsor of Tyler, after he was reelected board chairman at the September meeting, had this to say:

"I want to take a few minutes to say a few words to members of the board. I want to say I've never been on a board before where everybody works. You are the most unselfish and hard-working men I have ever known."

Windsor, a big, kindly man, did not need to say the obvious thing—that his reelection as chairman means the praise he piled on other board members is also due him.

The prison system is looking up under their administration, and under the progressive steps being taken by Ellis, strapping former football player and coach now graying at the temples.

Fewer infractions  
Escapes, escape attempts, self-mutilations (tendon-cutting to avoid work) and mutinies are fewer.

New blood is being pumped into the administration. A good example of this is the youthful looking man newly named as Ellis' assistant for farm operations. He is H. Leon Slaughter, an agricultural expert who has come a long way in his 31 years.

Until he accepted the prison system post, Slaughter had been working as secretary of the Edgewood Truck Growers Association, which he helped organize three years ago. He also was teaching agriculture to GI trainees.

He has worked for the soil conservation service, as a vocational

agriculture teacher, and in farm machinery.

The Texas Prison System has 73,010 acres, mostly farm land. One of Ellis' principal targets is to improve operations on these farms so as to make the prison system self-supporting.

That's where Slaughter will come in. He is going to work for soil conservation, improved farming practices, greater use of machinery and all those other things which will make the prison farms more efficient and productive.

Before leaving on a system-wide tour of several months, Slaughter said "I think I have a wonderful opportunity to do something for humanity." You could see he meant it.

Ellis told the board he wanted Slaughter at his side as part of a program of training capable administrators. He said Slaughter has a tough job cut out for him.

Slaughter is used to tough jobs. He worked his way through Texas A&M, "doing everything from pouring concrete to waiting tables." He married the former Nola F. Knight of Dallas while at school, then went off to war in the Navy. He has a son, 11, and a daughter, 8.

Redee Sponsor  
One of the hardest-working board members today is French Robinson of Abilene, a youthful-appearing lawyer and oilman who shows up at board meetings in sport shirts and slacks.

Robinson is in charge of the 17th Annual Prison Rodeo, one of the southwest's biggest rodeos. And he is really in charge. He must make all arrangements for concessions, for feeding guests, for getting the ornery bulls the convicts will ride, for advertising, etc.

There will be six rodeos this year—one each Sunday in October and one on October 13. The new stadium, which probably arouses the envy of many colleges, will be ready for use.

Most vocal member is Bronson Moran, vice chairman from Jasper, where he is a banker and lumberman. A man of action, Moran is likely to climb to his feet and cut red tape quickly when a problem arises. He offered to pay out of his own pocket if it becomes necessary to hire a couple lawyers to rewrite Texas Prisoner Laws, which the board agrees are conflicting, cumbersome, and outdated.

Soft-spoken, on the other hand, is Attorney Eimer L. Lincoln of Texarkana, who spends part of his time telling the board "you can't do that." There are many things the board can't do, such as sell or lease state property.

B. A. Stufflebeme of Grand Prairie had to pass up the July meeting because he was ill. J. E. Wheat of Woodville missed the September meeting; he was hospitalized following an operation.

But Stufflebeme made up for it. He toured the entire system recently and was able to make a comprehensive report to the board on crops, buildings, and other facilities.

Advisor On Strategy  
Scholarly T. R. Havins of Brownwood is board secretary, and also a sort of advisor on strategy. When the board was laying plans to rewrite prison laws, several members said the laws could set the policy and leave administration up to the board and Ellis.

"I'm afraid you won't get that, gentlemen," interposed Havins. "Legislatures are becoming increasingly distrustful of administrative units. The tendency is for the lawmakers to take on more of the actual administration them-

selves." And he had several examples to prove his point.

The other board members are T. N. Whitehurst of Beaumont, B. L. (Barney) Harrison of Greenville. To them fall the more prosaic, but equally burdensome duties, of overseeing such things as budgets, prison properties and agriculture.

What kind of men they are can be seen when they handle a personal problem, in contrast with the heavy subjects of prison reform.

Recently the state auditor wrote Ellis, calling attention to the fact that some prison-owned homes were renting for \$10 to \$15 a month whereas the law called for their rental at the going rate.

Ellis told the board: "These houses are the homes of under-paid prison personnel—people who can't afford the \$45 or \$50 the houses would bring on the open rental market. Their salaries are low. For years they have looked on these low rents as part of their regular compensation."

"We're going to lose some valuable people, men with long experience, if we jack up those rents. But I've got to tell the auditor something. What do you say, gentlemen?"

The gentlemen of the board said nothing for a few moments. Finally, Robertson spoke up: "I say let's not answer the letter."

In 1931, 1898 deer were killed in accidents, in Pennsylvania. Most of the animals were struck by automobiles and trains.

## Variation on an Old Theme

A boy with his little dog has always been sure-fire as a popular picture subject, but three-year-old Jimmy Wolford, of Milford, Kans., gives it a new twist. He rides astride Lass, two-year-old Irish wolfhound his parents bought for him while the family was in England.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 19, 1948-9

## British Students Plan Debate Tour

BRISTOL, ENGLAND—(AP)—Two British students are setting out in October on a 10,000 mile trip which will take them from coast to coast in the United States debating at American universities. They are James Anthony Cox, 24-year-old ex-marine and son of a Bristol lawyer and Reginald Galer, historian of Indiana and Ohio.

The tour, arranged by the English Speaking Union and the Institute of International Education in the United States, calls for 23 debates, mostly on political subjects at the Universities of California, Oregon, Washington, Wyoming, Nebraska, Iowa, Kansas, Oklahoma, Indiana and Ohio.

# TRUST

By Elswyth Thane

THE STORY: Dying in the Indian desert, British secret agent Hilary Shemstone feels a desperate need to get back to England and to Nuns Farthing, his family home. He doesn't know the home has been let and that dreamy, 17-year-old Sabrina, whom he has never met, has adopted his old room and eagerly awaits his return. Hilary does return to England and to Nuns Farthing—after death. When he sees Sabrina, he realizes she is the girl he would have loved if he had lived. Hilary's room is locked after George, his brother, brings word of his death. Sabrina broods until Mrs. Filton, the housekeeper, unlocks the room again for her. Sabrina knows that Hilary has come home. But Aunt Emma, beginning to feel a strong dislike for Hilary, is upset when she finds out that Sabrina is once more using the room. She persuades Sabrina's father that they must move from the home and that Sabrina should be sent to a school in Switzerland.

XXVI

SABRINA went down to breakfast the next morning in a very cautious state of mind, expecting to hear more about the lights in Hilary's room. But Father was behind the "Times," as usual, and Aunt Emma seemed quite normal, remarking as she left the table that she had letters to write. Sabrina went out into the garden to cut fresh flowers for Hilary's vases, and collected Muffin on her way upstairs. When she jumped up inside the door he went at once to the window seat, settled him down on the sun-warmed cushions, rolled over to have his stomach rubbed, and began to purr loudly. She watched him a moment, amused. His passion for Hilary's society endeared him to her. She envied him too, in his complete familiarity with the invisible presence which roused in herself no fear or strangeness. "You can tell your friend Hilary to be more careful about these lights," she addressed Muffin severely, as she spread down yesterday's newspaper to lay the faded flowers on, and began to

"We haven't read this one, Muffin," she remarked very casually, and only her eyes betrayed her large and brightly blue, with languid lids. "I wonder if it's any good."  
"Well, I didn't find it very helpful," Hilary admitted, adoring her gameness. "I was hoping to learn something about the technique. The trouble is, they all take their haunting so seriously. It's too bad I haven't got some chains to rattle!"  
She searched the shelves briefly and returned the book to the empty space it had left, then went on with her dusting, silent and very thoughtful.

THE misplaced and forgotten book was the third tangible evidence of his actual presence in the room, without counting Muffin's behavior. And each time the same suffocating excitement pervaded her, which contained no element of fear. Each time too he seemed almost to emerge a little from invisibility.

The days went by uneventfully, and she kept house for him. No dust collected on the polished surfaces of his mahogany, and the cushions were always shaken up and set by the ears at the proper housemaid's angle. He found that if he persistently left the same book off the shelf he would read it. Or sometimes she had already read it, and would tell Muffin what she thought of it. Most of her conversation with Muffin included Hilary as well. And Hilary, watching her, knew that he was in love with this little earthling, as surely and as deeply as though he had come back whole in his man's body and found her living here in his home—a love so strong and inevitable that even death had not robbed them of each other. A mistake had been made somewhere and one bullet got astray to drop him in the desert. Then reparation was swiftly made, too, as far as it could go. He had returned to Nuns Farthing, and slowly the distance between them was narrowing, by her instinctive trust and faith in him, by his increasing comprehension of himself as he was.

**Thief Steals Years Of Work On Hobby**

PITTSBURGH —(AP)— There's a thief in Pittsburgh who has a good start on a hobby. Merle Morgan of Frederick, Md., reported recently that someone took his suitcase while he was in a bus terminal. When officers asked him to itemize his \$400 loss he had no trouble—the suitcase contained hundreds of matchbook covers he's been collecting since 1935.

America's first model airway, between Washington, D. C. and Dayton, O., was established by the Army Air Service in 1921.

**Woman Alcan Boomer Plans Big Project**

FAIRBANKS, ALASKA —(AP)— Swapping a bacon for the handle bars of an ice cream car wasn't what Marion Luther, formerly of Monrovia, N. Y., expected to be doing in a frontier boom town.

But sweltering temperatures in the nineties here in July and August weren't in mind either when she "came in" over the Alcan highway last February during the arctic winter.

The job is fun, she says, gets her around town and gives her a chance to get ideas for a business of her own.

Her dream stake—turning adventure into a living—is a skating rink. Not ice skating—roller skating. The prospects are better than digging for gold. Thousands of young service men at nearby Ladd field—and more draftees to come—are idling their hours on Fairbanks curbs when off duty. Their pockets jingle with silver dollars and the choice of entertainment is limited.

**Strange Passengers Ride From Singapore**

SINGAPORE —(AP)— There's no telling what type of fellow passengers you may meet on an airplane—especially when it's from Singapore.

A Malayan sun bear, three lemurs, and four pig-tailed monkeys recently left here by air. Their destination—the London Zoological Society.

A customer, however, is a customer. Discrimination was no part of this airline's policy. The four-footed passengers were served meals as dainty as their fellow travelers. The menu for the wild cargo included condensed milk, sandwiches, and water, with bananas for the lemurs and plain tea instead of water for the monkeys.

**President Will Campaign With All Comforts Of Home**

President Truman travels in a handsome private car, but he pays his fare just like Joe Doakes. His special car, which took him to Detroit for his Labor Day speech and will carry him to most parts of the country during the forthcoming election campaign, is a combined office and home on wheels. Named the "Ferdinand Magellan" after the great navigator, it is a former private Pullman, rebuilt for presidential use by the Association of American Railroads and "sold" to the U. S. government for the nominal sum of \$10. It contains a dining compartment, sleeping quarters, a lounge and office. The Presidential Special to which it is attached, takes precedence over all other rolling stock. Following or preceding trains must maintain a certain distance from it. Everyone on board pays regular passenger fare, plus Pullman tolls when the train is traveling. But the railroads lose money on the deal because of the heavy expense involved in special routing, special and extra crews and elaborate security precautions. These pictures give an idea of the spacious comfort aboard the Ferdinand Magellan. At right is the dining compartment. Below, left, is the lounge, with the presidential seal on the wall. Next is the President's bedroom. The radio-telephone on the dresser gives him direct communication with Washington.

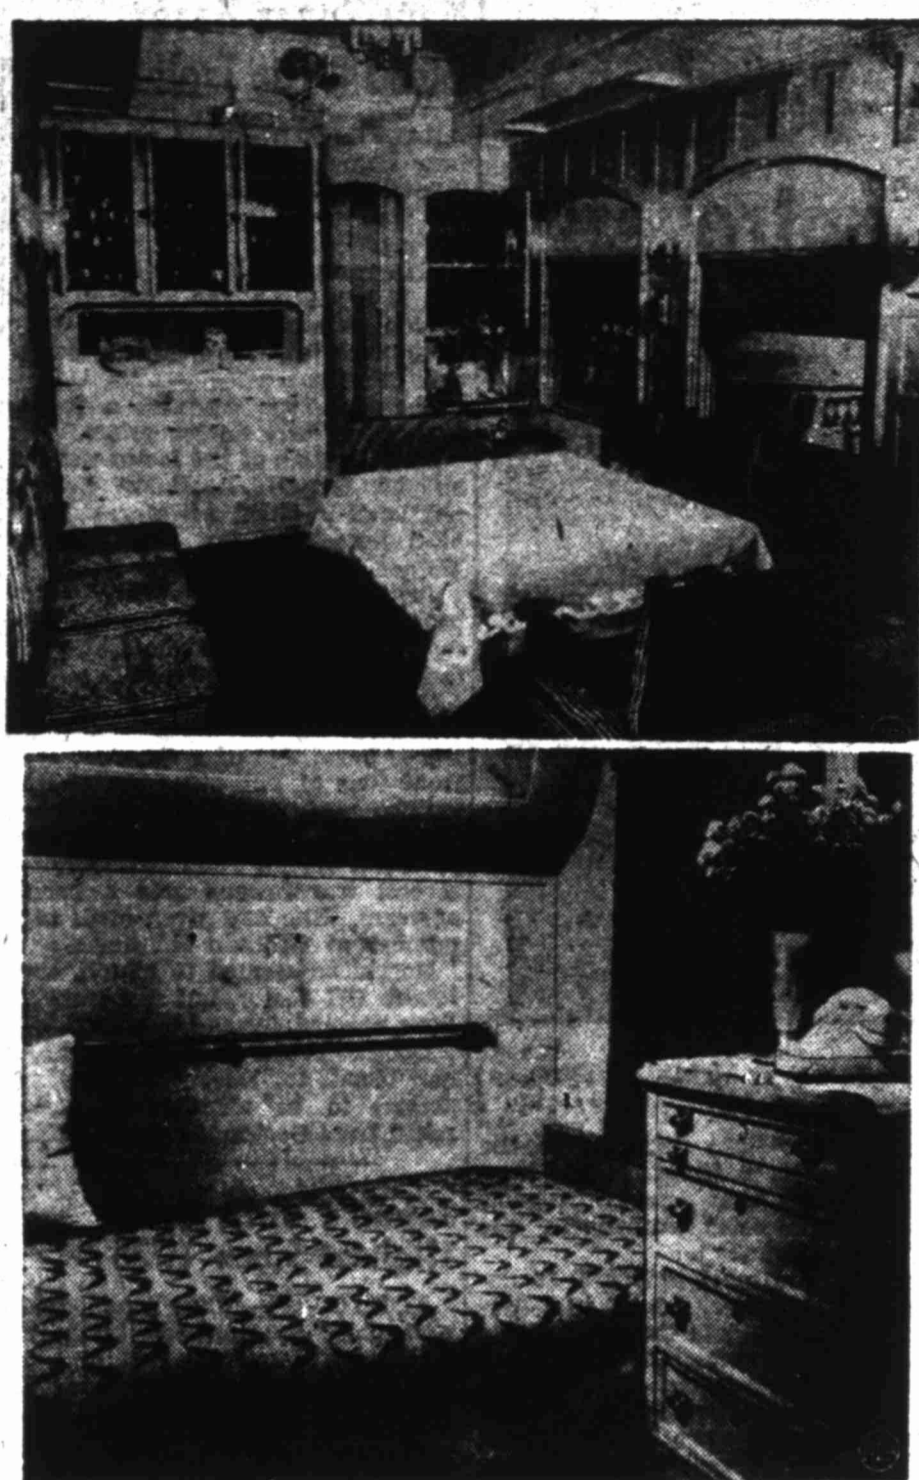

They're Happy Family Now

(NEA Telephoto)

Congressman and Mrs. Preston Peden and son, Robert, age two, receive guests at the home of the congressman's parents in Altus, Okla. Peden has just announced his wartime marriage in December, 1945, to the former Ursula Wendt, Bavarian nurse. The congressman and his family have been living at Paul Church, Va., several months, during which time Mrs. Peden and the child have been recovering from the effects of survival during the rigors of occupation conditions.

**Four-Way Video Seen For Crowded Rooms**

CINCINNATI —(AP)— A television model, suitable, it is claimed, for bus and railway terminals, hotel and theater lobbies, or anywhere where people congregate, has been developed at the University of Cincinnati by E. Burton Benjamin of Brooklyn, N. Y. It has four screens in one-fourth normal size and can be encircled with chairs so that up to 100 persons may see the action, according to Benjamin. Another set, twice as large, can be made, he declared. Compliments of people who like television but "found the set crowded when more than six people were in the room," gave Benjamin his idea for the four-screen model, he said. Benjamin, a recent industrial design graduate at the university's college of applied arts, said the multi-screen model incorporates a relay system of remote control of volume and station selection. A series of semi-silvered mirrors duplicates the projected image from the cathode ray tube, he added.

**Government May Be Looking For Jelly Bean Man**

By ARTHUR EDSON  
WASHINGTON —(AP)— My, my, the opportunities a growing boy has nowadays!

When I was a squirt in Monett, Mo., there didn't seem to be many careers to choose from.

At various times I seriously considered such interesting careers as driving a delivery truck for Florenz's Hardware, being a switchman on the railroad, or beating a bass drum in a circus band.

I don't recall that at any time I ever thought much about working for the U. S. government.

That may have been a mistake. For the government today, with more than 2,000,000 employees, is the world's greatest employer. And a boy, or girl, can look forward to being anything from a community management specialist to a zone senior chief cost auditor.

Government is so complex and varied there is almost no end to the types of jobs at which the growing boy can aim.

**Track Inspection Career**  
Like to inspect tracks? The Interstate Commerce Commission has a track inspector. He peers at railroad tracks.

Want to be a copyright clearance specialist? See the Library of Congress.

Have you a yen to be a chief of estimation and jacket preparation? No, this has nothing to do with gents' clothing. The job is in the government printing office.

Your government worries about you all the way. For the Social Security Administration has these jobs:

For the baby—consultant in maternity and infant nursing service.  
For the child (good)—child welfare analyst.

For the child (erring)—juvenile delinquency consultant.

For the parent (good or erring)—consultant in parent education.

And when we grow old, the Federal Security Agency totters in. It has a gerontologist, a specialist in the characteristics of old age.

One government job should especially appeal to the young. Over in the Commerce Department there's a man whose chores include counting the nation's annual output of jellybeans.

But whoa, there! I saw it first.

Thanks for the land of America  
For reasons a little child knows,  
Its springtime, its warm summer  
sunshine,  
The peace of its white winter snow.

Thanks for the wealth of America  
Its forests, its prairies and hills,  
For the challenge to build and to  
conquer,  
For its farms, and its mines, and  
its mills.

Thanks for the spirit of America,  
That shines far out over the sea,  
A proof to the world and all  
nations,  
That a land can grow great and  
be free.

Thanks for the strength of  
America,  
A giant that has slumbered so long,  
And now stirs in its might and its  
vigor  
A nation awakened and strong.

Thanks for the love of America,  
Love of family, of home and of  
land,  
While we cherish and guard and  
defend these  
The America dreams shall yet  
stand.

# How Big Can You Build A Bomber? That's The Key To B-36 Controversy

On the ground at Carswell Air Base, Fort Worth, Texas, the B-36 shows its size as Eighth Air Force men line up beneath its wings. The one in the air looms mighty large, too.

WASHINGTON—(NEA)—How big can you build a bomber? That's probably the key question behind the dispute over the most controversial airplane which the Air Force has ever had—the 139-ton Consolidated B-36.

Is it a \$200,000,000 white elephant? Or is it the cornerstone of America's strategic bombing defense? High ranking Air Force officers and military aviation experts can be found to take either side of this argument with equal vehemence.

Those who argue that the B-36 is a colossal clunker reason something like this:

First, they say, the plane is too slow. They claim that it's a "200-mile-an-hour plane," meaning that top speed might be a little over 200 and cruising speed a little less. This would make a large number of them in the air a virtual turkey shoot for enemy fighters. And the B-36 is built to fly so far that no fighter protection could possibly be furnished for it.

They point out that some of the troubles with the planes which the Air Force has admitted, like the wrinkling of the skin during flights, landing gear weakness and propeller failures indicate that the plane is just too big. Today's engineering, they say, isn't up to producing a plane of that size which will perform according to military standards.

In addition, B-36 critics say that the plane is so big that it can land on only three airports in the world, which obviously limits its usefulness.

Cost \$1,250,000

In ordering 97 B-36s, the Air Force spent a whale of a lot of the taxpayer's money. Each one costs about \$1,250,000. And in over-selling the plane as the first 10,000-mile, 10,000-lb.-bomb-load plane before this performance had actually been proved they also put themselves out on a limb. So obviously the top USAF men who made the decision to put all their eggs in the B-36 basket are now its most vocal defenders. And

Yeah! You'll like EVERY-THING served at THE SPOT! Next time, try them!"

## New Super-Rare Blood Type Isolated

BALTIMORE—(AP)—A new, super-rare human blood type has been isolated by scientists.

It is so rare that it occurs through the arteries of only about one person in each 240,000 it is estimated. But it has given the medical profession another clue as to why some blood transfusions cause death or stillbirths.

The new type contains a factor dubbed an "HR double prime."

Identification of the factor was set up by Dr. H. Raymond Peters, physician-in-chief of Mercy Hospital here, and Dr. Alexander S. Welner, serologist of New York.

Just two "HR double prime" cases have been turned up in medical history so far, one in England and the other here.

Dr. A. E. Mourant, a London authority, found a patient there whose blood was of a different type from that of any other person examined until that time.

Recently, Doctor Peters had as a patient a woman who had undergone several transfusions over a period of years. She had given birth to a number of stillborn children.

Her blood seemed to match, even to the RH factor, but the transfusions harmed, instead of helped, her. Doctor Peters sent a sample of her blood to Doctor Welner. It proved to be identical to serum taken from Doctor Mourant's patient.

## Japan's Birth Rate Highest Since 1926

TOKYO—(AP)—Allied headquarters announced the Japanese birth rate is the highest since 1926 and the death rate is the lowest ever recorded.

Last year there were 1,562,587 more births than deaths in Japan. Japan's population Oct. 1, 1947, was 78,090,991.

## New Chief For Boys Town

The Rt. Rev. Magr. Nicholas H. Wegner, chancellor of the Omaha archdiocese, will become director of Boys Town, Neb., succeeding the late Father Flanagan. He's pictured at Sun Valley, Idaho, with Danny Movitz, a fellow baseball fan. Father Wegner turned down a big league contract with the Cleveland Indians to enter the priesthood.

## Blood Switch Helps Defeat Kidney Ailment

BUFFALO, N. Y.—(AP)—Successful treatment of a serious kidney disease in adults by giving them new blood for old was reported by a French physician.

The patients are given a long transfusion which swaps their blood for new healthy blood. This kind of swap in adults is unusual. It's frequently done in babies born with a dangerous blood condition caused by a substance known as the RH factor.

The exchange of blood in 180 adults and older children was described by Dr. Marcel Bessie of Paris at the closing session of the International Society of Hematology.

persons is fed continuously into the vein of one arm while the patient's blood is drawn off from the other arm, he explained. Ten quarts of blood, or double the normal amount circulating in the body, are used to assure a nearly complete swap in the patient.

# Drama of Diamonds

Première Presentation in this city! Rare Diamonds! Dazzling Diamond Jewelry! A Fascinating Show of Diamonds-in-the-Making! Direct from New York, and the House of Winston—Owners and Cutters of the famous "JONKER," "VARGAS" and "LIBERATOR" Diamonds!

## Communist Probers To Check Colleges

NEW YORK—(AP)—The New York Star reports that college teachers and magazine staffs will come under scrutiny of the House Committee on Un-American Activities.

The committee "this Fall and Winter will embark upon two of its most formidable and challenging investigations," the newspaper said in a copyrighted story by Joseph Kugelmann.

"One will take the form of attempting to determine just how much headway has been made on U. S. college campuses by Communists," the story said. "Teachers will be summoned from most of the leading universities in the Eastern U. S. A."

"The other will be a full-scale, full-cry probe into so-called left-wing staffs of U. S. magazines."

"There is some possibility that certain eastern newspapers will be brought into the publications investigation, but this has as yet not been ironed out, simply because of its hazardous nature and the anxiety of the committee to retain cordial relationships with the press."

The Star said it had learned from a source close to the committee's chief investigator, Robert E. Stripling, that many ranking professors at such universities as Columbia, Yale, Harvard, New York, Dartmouth, Duke, North Carolina, Pennsylvania and Princeton and the College of the City of New York, "will be subpoenaed to testify at both secret and public hearings."

The story said "There is some possibility that Albert Einstein may be called to present his views, but it was said that he would be invited and not subpoenaed." The famed physicist now is at the Institute of Advanced Studies at Princeton, N. J.

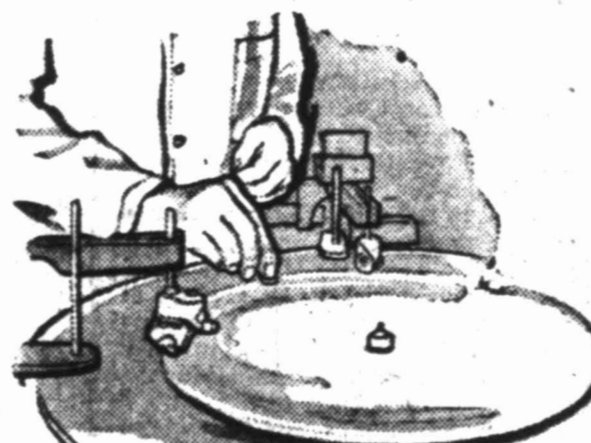

You can talk all you wish while fishing, and the fish won't hear you.

SEE... A MASTER DIAMOND-CUTTER ACTUALLY AT WORK! It takes years to produce such a craftsman as this expert from the House of Winston! The diamond-cutter's art is usually handed down from father to son, and some families have been at it for many generations. Come, watch this master technician at work... see him transform a rough "pebble" into a dazzlingly brilliant gem!

"ROUNDING" THE DIAMOND... the diamond is imbedded in molten lead to hold it securely. It must be examined every few seconds to see what results are being obtained during the process. The final cut of a diamond is always determined by its original crystal structure.

"DIAMOND CUTS DIAMOND!" Here the Winston expert impregnates the cutting wheel with diamond dust. The abrasive in this process must be diamond dust because only a diamond can cut a diamond. Watch the cutting process yourself... it's a fascinating one!

## A CORDIAL INVITATION

Is extended to you and your friends to visit Vosatko's. Beginning Monday morning, September the 20th, Vosatko's will stage the largest, most elaborate and fabulous show of diamonds and rare jewels ever to be seen in the Permian Basin area. In all there will be over a million dollars worth of jewels shown.

This show of fabulous gems from the House of Winston of New York will last through September the 25th.

Come in soon and feast your eyes on gems never before seen in this area. There is no obligation.

Private showings can be arranged.

**They're World Famous!**

The "CULLINAN," the world's largest diamond... 3 times the size of any known stone! The ORIGINAL is now among Britain's Crown Jewels!

The "JONKER," large as a hen's egg—726 carats in the rough. Called "The Diamond of Connoisseurs"!

The "VARGAS," 4th largest ever found, 726.60 carats!

The "HOPE," of romantic history! Blue brilliant, cushion-shaped, 44 carats!

The "NASSAK," a pear-shaped beauty, shrouded in Africa's dark mystery!

See these... and countless others... in resplendent replica!

**Dazzling Diamond Rarities!**

See... a fabulous hexagonal pink diamond! Magnificent pear-shaped diamonds! Fancy "triangle" diamonds! Breath-taking, beautiful diamond jewelry—great masterpieces—designed and executed by the famed House of Winston in New York!
