

300 Believed Killed In Race Rioting

Gone, But Not Forgotten

Few trees in Midland escaped damage in last week's ice storm, the worst in the city's history. Scenes such as those above and worse were common throughout the city during the cold spell. Limbs, large and small, snapped under the weight of the clinging ice, cluttering lawns, sidewalks and streets. The scene was anything but beautiful as the ice melted and the full effect of the ice storm was realized. The job of pruning the trees and cleaning up the litter started Saturday, but will take weeks to complete. And the trees long will show the effect of the burdensome ice.

Streets Named In First Unit Of City Paving

A list of the streets included in the first unit of Midland's 400-block paving program was released Saturday by the city's engineering department.

Bids on the 120 blocks will be received and opened by the City Council at 7 p. m., February 22. The council last week approved plans and specifications for the paving job, ordered advertising of the program for bids and set the date for the bid opening.

Reds Seize Great City Of Tientsin

SHANGHAI —(P)— The great commercial city of Tientsin, battered by Communist shells and afire in several places, fell to Chinese Reds Saturday in what may be the crowning blow to Chiang Kai-Shek.

Victorious troops of Red Gen. Lin Piao, conqueror of Manchuria, and the burning city after a fierce artillery barrage that devastated old landmarks and many buildings.

Radio reports from the "Gateway to North China," described the city of 1,500,000 as one of death and desolation.

Many civilians were killed. Hospitals were jammed with wounded.

Robert Smyth of Berkeley, Calif., U. S. consul general, radioed that all of his staff was safe. Consul Willard O. Brown, Atlanta, Texas, was reported a member of his staff.

"So far as can be ascertained all other Americans (about 50 in number) are safe," Smyth radioed.

News To Nationalists

Confirmation of Tientsin's fall came in messages received in Nanking, where the blow to the Nationalist cause is certain to have terrific repercussions.

Victory at Tientsin freed Lin's troops for an all-out assault on the port of Tangku, 77 miles down the River. Tangku, a rail terminal opposite Tangku on the river front.

Peiping may be the next big city attacked by the infuriated Reds whose leader, Mao Tse-Tung, only Friday laid down an eight-point peace program and punctuated it with the boast that more military victories would bring Chiang's government to its knees.

The Communist radio Friday broadcast the terms for peace—punishment of "war criminals" including President Chiang, knock out the constitution, junk the Kuomintang (Chiang's party), split up the Army, and set up a Red-dominated government.

Program Announced For Annual C. Of C. Meeting

The program was announced Saturday for the annual membership meeting and banquet of the Midland Chamber of Commerce to be held Tuesday, January 25, in the Crystal Ballroom of Hotel Scharbauer.

Oswald Ryan of Washington, D. C., vice chairman and the only remaining original member of the Civil Aeronautics Board, will be the principal speaker. "Aviation and Peace" will be the subject of his address.

Tom Sealy, president of the Chamber of Commerce, will preside, and Mayor R. H. Gifford will lead the group in singing "America." The Rev. Vernon Yearby, pastor of the First Baptist Church, will give the invocation.

The South Plains Male Quartet from Lamesa will sing several numbers as a program feature. Members are Esbie Moore, O. A. Roberts, Jr., Robert Millikan and Joe Landreth.

T. Paul Barron will recognize out-of-city visitors and special guests, and Bill Collins will present the "Top Wrangler" awards.

Officers and directors will be elected following the report of the nominating committee by Chairman John P. Butler.

Sealy said Saturday the presidents of the three airlines serving Midland have been invited to attend as special guests. Gen. Robert Smith, president of Frontier, has advised Sealy he plans to attend.

Tickets for the annual banquet will go on sale this week at the Chamber of Commerce. The number of tickets is limited to the capacity of the ballroom. The price is \$2.50 per plate.

City Will Pick Up Broken Tree Limbs

City Manager E. A. Thomsen said Saturday city trucks will pick up the tree limbs broken by last week's ice storm if residents will have them worked up and stacked on the street free—not in the alleys. The free damage was extensive over the city and the cleanup job will require considerable time.

Texas Senator Has New Plan To Assure Tidelanders To States

AUSTIN —(P)— A call for a federal constitutional amendment to assure state ownership of tidelands was sounded here by State Senator John J. Bell of Cuero.

Bell said he would introduce a resolution Monday petitioning Congress to call a convention to draft and submit the amendment to the states.

His resolution calls for a joint approval by the Texas Senate and for submission to each state legislature in the nation.

Bell said that when the Supreme Court of the United States ruled that the government held paramount rights over submerged lands of California it based its claim on the constitutional authority of the United States to conduct foreign relations.

Proposed Amendment

"The powers of the United States for conducting United States relations with foreign nations shall not be extended to include matters of internal sovereignty. The decision of the Supreme Court of the United States in the case of United States v. California, 332 U. S. 18, insofar as it announces the doctrine of paramount rights and dominion on the part of the United States as against the state of California, is hereby repudiated."

General Marshall And Wife Depart On 'Vacation Trip'

PINEHURST, N. C. —(P)— Secretary of State George C. Marshall and Mrs. Marshall went by plane Saturday to San Juan, Puerto Rico.

The general, whose resignation is effective January 20, and Mrs. Marshall left their resort home here for Pope Field, where an Air Force Constellation plane awaited them.

General Marshall is recuperating from a recent kidney operation.

The Marshalls said they planned to remain at San Juan several weeks. They will be housed at Tenth Naval District headquarters. Arrangements for the "vacation trip" were made while the general was a patient in Walker Reed Hospital last December. He said Saturday President Truman suggested the trip.

Poll Tax Payments Total 1,059 Here

A total of 1,059 poll tax receipts had been issued in Midland County Saturday as the "Pay Your Poll Tax" campaign sponsored by the Midland Jaycees and the League of Women Voters got into full swing.

The county-wide drive, which opened last Monday, was sponsored by the Jaycees and donors plan to intensify their efforts this week. The county last year had record poll tax payments totaling more than \$500.

January 31 is the deadline for poll tax payments.

Three Arrested For Car Prowling Here

Police arrested three out-of-state men about 10 p. m. Saturday for car prowling on West Texas Avenue. Chief Jack Ellington said they had taken some property from a pickup parked near Kings' cafe.

Ellington said one man admitted license plates on the car they were driving were stolen.

Pay your 1948 City and School Taxes before February 1 to avoid penalty.—(Adv.)

Funeral Services For Mother, Soldier Son, Set At Seminole

SEMINOLE —(P)— A Seminole resident and her soldier son will meet again Sunday afternoon but it will not be as either had planned.

Mrs. Gracie Everett, 52, had been making plans the last few days to bring the body of her son, Pfc. Johnny B. Everett, back home for re-interment services. He was killed in action in Europe on April 19, 1945.

But Wednesday morning, Mrs. Everett died in a clinic hospital from injuries suffered in an automobile accident near Cisco Tuesday. Family members have arranged double funeral services for the two Sunday afternoon here.

Mrs. Everett, another son, Herbert, and her sister, Mrs. W. L. Rivers, were enroute to Seminole from Lufkin, where they had attended the funeral of a relative. News of the accident was delayed because telephone lines were down because of the ice storm.

But Wednesday morning, Mrs. Everett died in a clinic hospital from injuries suffered in an automobile accident near Cisco Tuesday. Family members have arranged double funeral services for the two Sunday afternoon here.

Mrs. Everett, another son, Herbert, and her sister, Mrs. W. L. Rivers, were enroute to Seminole from Lufkin, where they had attended the funeral of a relative. News of the accident was delayed because telephone lines were down because of the ice storm.

Herbert was not seriously injured.

Senate Committee Approves Acheson

WASHINGTON —(P)— The nomination of Dean Acheson to be secretary of state won unanimous approval of the Senate Foreign Relations Committee Friday afternoon.

An excerpt from Acheson's secret testimony, released by Committee Chairman Connally (D-Texas), declared:

"It is my view that communism as a doctrine is economically fatal to a free society and to human rights and fundamental freedoms. Communism as an aggressive factor in world conquest is fatal to independent governments and free peoples."

\$3 Gift—Community Chest Campaign Still Needs \$4,800

Midland's Community Chest now needs only \$4,800 to meet the \$33,923 quota in its current financial campaign.

The Chest last Wednesday announced the Chest lacked only \$4,800 of being filled, and urged citizens to forward contributions promptly.

A \$3 contribution was received the next day, Chairman Reese Cleveland said, but the \$4,800 still is lacking.

He still urges Midlanders who have not given or who wish to make an additional contribution to send their checks to him or to Robert I. Dickey, Chest president. Contributions also may be left at the Chamber of Commerce.

Receipts in the campaign, which started about two months ago, now total \$29,123.

Organizations participating in the Community Chest are the Girl Scouts, Boy Scouts, Youth Center, Goodfellows, Salvation Army and USO.

Dealers Seek To Legalize Sale Of Liquor By Drink

HOUSTON —(P)— More than 18,000 signatures have been obtained on about 900 petitions asking legalization of liquor by the drink sales in Texas extension of the present curfew on sale of alcoholic beverages, Ernie Taylor, executive secretary of the Texas Retail Beverage Association, said Saturday.

In addition to the liquor by the drink and curfew change, the association also will advocate legislative approval for the stabilization of the price of beer, Taylor said.

The association has set February 7 as the date for a huge fundraising banquet to be attended by more than 1,000 of the association's 1,500 members from over the state.

Under the proposed legislation a dealer's license will cost \$1,500 with \$1,000 of that amount going to the state police fund and an additional five-cent tax on each drink going to the same fund, Taylor said.

It was estimated a mixed drink will cost the consuming public about 40 cents a throw.

Hot House?

This, ladies and gentlemen, is a house dress, 1949 style. The off-the-shoulder model, worn by Royce Kane, was shown at the National Association of House Dress Manufacturers meeting in New York. Note that Royce is wearing gloves. Very chic for dish-washing.

Midland Recovers From Ice

Midland and the Permian Basin Saturday were getting back to normal with a firm footing after one of the worst ice storms in history.

Rain Friday night and early Saturday amounted to .07 of an inch to bring total precipitation or moisture in the last five days to 1.72 inches.

Communications still were not restored although the situation was somewhat improved. The telephone company had established one circuit to Port Worth and to Lamesa. Crews of the company were working at full speed. Texas Electric Service Company had won its fight to maintain power and was mopping up. The telegraph company still was practically isolated and was dispatching messages by air to relay points.

Citizens had begun to clean up the tree damage. Armed with saws and pruning equipment, many citizens were at work Saturday on the damaged trees.

Sun Dries Streets

Transportation, disrupted and halted by the storm, was back in operation Saturday by air, by train, by bus and by automobile.

A bright sun shone Friday on Midland and the territory and melted the last of the ice. A heavy fog lifted Friday afternoon after hanging during Thursday night and early Friday. Saturday the sun also shone and assisted the drying of runoff water spots in the city. Unpaved

Indians And Blacks Wage All-Out War

DURBAN, UNION OF SOUTH AFRICA —(P)— Three hundred Indians and native blacks are believed to have been killed in two days of race rioting in the Durban area. Nearly 400 have been injured.

The rioting ebbed somewhat Saturday after the intervention of South African armed forces but sporadic outbreaks occurred in several suburbs.

Officials in Johannesburg made the casualty estimate. They said a majority of the Indians are evacuating Durban, fleeing to surrounding villages with their few remaining possessions.

Clark Asks Tightening Of Spy Laws

WASHINGTON —(P)— A sweeping revision of the espionage laws has been proposed by Attorney General Clark as protection against the treacherous operations of those who would weaken our nation internally.

He asked Congress for unprecedented peacetime power to press spy charges no matter how long ago the offense occurred, and said law officers should have the legal right to tap wires for evidence in such cases.

The bill Clark sent to House Speaker Rayburn (D-Texas) and Chairman McCarran (D-Nev) of the Senate Judiciary Committee embodied the unanimous recommendations of an interdepartmental committee made up of FBI, Army and Navy Intelligence experts.

Possession A Felony

Besides the request for power to get evidence by tapping wires and bypass the statute of limitations in spy cases, he asked changes in the espionage laws to:

1. Make the unauthorized possession of restricted government documents a felony.
2. Require the surrender of such documents to proper authorities without demand.
3. Make illegal the unauthorized handling of national defense information which could be used "to the advantage of any foreign nation."

(Continued on Page 7)

First News Contact With 'Outside World' Made Saturday Night

Midland's first direct news contact with the "outside world" since last Tuesday, when the ice storm took out all communication lines in this section of West Texas, came at 10:15 p. m. Saturday when The Reporter-Telegram contacted the Dallas Bureau of The Associated Press by long distance telephone.

The call was placed by way of McCamey, Fort Stockton, Sanderson, Del Rio, San Antonio and Houston.

News dispatches of the AP wires in the Dallas bureau were given over long distance to a Reporter-Telegram newsmen.

Service over the AP news wires to West Texas is expected to be restored Monday.

Midland's March Of Dimes Opens As Big 'Shower Of Dollars'

Midland's annual March of Dimes campaign opened Friday with a "shower of dollars"—jubilation leaders reporting receipts totaling \$1,090.30 the first day. The figure was more than half the total amount contributed in last year's drive. The 1948 campaign will continue through January 31.

Paul Davis, campaign chairman, said Saturday letters with the word "Look" in the left upper corner of the envelope have gone out to thousands of citizens. He urged persons getting such letters to study the information contained and then to make their contributions accordingly.

One citizen, according to Davis, looked over a booklet which pictures news of the Midland police victims under treatment in the Abilene Police Center and promptly forwarded his check for \$200 to campaign headquarters.

The 1949 drive for funds to combat infantile paralysis is close to the hearts of Midland citizens since 11 children of this city were afflicted with the dread disease last year, Davis said. Five of the youngsters still are under treatment in an Abilene hospital.

Midlanders last year contributed approximately \$2,000 in the March of Dimes drive, half of which went to the National Foundation for Infantile Paralysis. In turn, the Midland County chapter received \$10,200 which was used in the treatment of Midland police victims.

Need Is Great

Ray Gray, chapter chairman, estimates \$25,000 will be spent for the care and treatment of Midland patients the first six months of this year even if additional cases do not develop.

The cry of chapter leaders is "Let's take care of our own Midland County children in 1949."

Davis stressed the fact that no door-to-door canvass will be made, but every citizen is urged to mail contributions to March of Dimes Headquarters, Midland, Texas.

A "wishing well" for contributions will be set up in the downtown section Monday, with Jay Coonmaning in the first two days of the week. Members of other organizations are assisting in various ways.

Coin jars also have been placed in most downtown business establishments.

LATE NEWS FLASHES

DALLAS —(AP)— A new cold front pushed down on Texas late Saturday night from the Northwest, and its first effects were expected to be felt in the Panhandle early Sunday. The Weather Bureau said apparently it would not be anything like last week's ice storm.

AUSTIN —(AP)— Attorney General Price Daniel Saturday filed a brief in the United States Supreme Court asking that U. S. Attorney General Clark be denied permission to file suit seeking ownership recognition of tidelands by the federal government.

ALBANY, TEXAS —(AP)— The body of J. W. Thomas, Jr., of Big Spring was found Saturday under his crashed plane on a ranch near here. He had been missing since last Sunday.

WASHINGTON —(AP)— Leaders put action on school aid and rent control at the top of the list Saturday for a post-inaugural legislative drive in Congress.

CHICAGO —(AP)— Another January blizzard swept into the mid-continent area Saturday from Canada.

OZONA, TEXAS —(AP)— Murder charges were filed Saturday against Olin Northcutt, 44, Amarillo, in the fatal shooting late Friday night of J. D. Freeman, 40, also of Amarillo, in an argument over wages on a construction project.

Yates Is To Drill Another Prospector In S-C Chaves

HOBBS, N. M.—Martin Yates, Jr., has started operations on a wildcat test to a possible depth of 3,000 feet in the Permian in the Drinkard field of East-Central Lea County, was preparing to make production tests, and complete as an oil well and an extension to the field.

The prospector will be Yates' No. 2 Mullis. It is located 660 feet from south and 1,280 feet from west lines of section 28-15a-29e. It had spudded to 200 feet in red beds at last report and was due to resume making hole in a short time.

The new location is one mile west of the Martin Yates, Jr., No. 1 Key, recently plugged and abandoned at a total depth of 1,775 feet in gray sand, after failing to encounter any signs of oil or gas down to that point.

Continue To Core
Barnsdall Oil Company No. 1-A State, in the East-Central Lea County, is drilling a 660-foot well from north and east lines of section 23-21a-22e, had cored to 11,913 feet in lime and shale and was coring ahead.

In West-Central Eddy County, approximately 30 miles west and a little north of the Magnolia No. 1 Petroleum Company was drilling ahead on two wildcats.

Magnolia No. 1-X Crosby-BHU, 660 feet from north and west lines of section 23-21a-22e, was digging deeper below 1,142 feet in gray dolomite.

Magnolia No. 1 Golden-BHU, 1,980 feet from north and 660 feet from east lines of section 26-21a-22e, had reached 3,761 feet in black lime and was continuing.

Preparing To Start
Stanford Oil & Gas Company No. 1 Leonard, in the extreme Northeast Lea County, and 660 feet from south and west lines of section 26-29a-36e, was preparing to complete and put on production, as an extender to the field.

It flowed 130 barrels of oil plus 28 per cent drilling mud, through an 11/64-inch choke, from open hole between 12,240 feet and the total depth at 12,263 feet, on a recent eight-hour test. Production was natural.

Top of the Devonian is at 12,221 feet. The Devonian is 1,030 feet. No formation water has developed. The drilling mud which was recovered with the oil was lost into the formation before casing was cemented at 12,240 feet.

No Oil Shows Tapped
Mid-Continent Petroleum Corporation No. 1-B U. D. Sawyer, a south flanker to the Crossroads discovery, and 660 feet from north and 1,980 feet from west lines of section 34-9a-36e, had reached 12,269 feet in shale and was drilling ahead. It has had no oil or gas and is reported by some observers to be low geologically.

Mid-Continent No. 1 Dessie Sawyer, 1,980 feet from west and south lines of section 27-9a-36e, and a west outpost to the discovery well of the field, was coring below 12,021 feet in Devonian lime and was continuing. This well has already shown for commercial production from the Devonian.

Skelly Oil Company No. 1 Sawyer, 660 feet from north and east lines of section 23-21a-22e, and a southwest flanker to the Crossroads field, had penetrated past 12,370 feet in lime and shale, and was boring deeper. It has not logged any indications of oil or gas, and is also said to be low on the structure.

Wildcats Drill Ahead
Amerada No. 1-C State, in Northeast Lea County, three miles south of the Crossroads field, and 660 feet from south and east lines of section 9-10a-36e, had penetrated past 7,903 feet in lime and was continuing to drill. It is to go to about 12,500 feet to test the Devonian.

Magnolia No. 1 Cox-Federal, slating more hole.

Permian Basin OIL & GAS LOG
James C. Watson
Oil Editor

Collins Is To Start Wildcat Test Into Scurry Ellenburger

An Ellenburger wildcat is to be started by January 19 in North Scurry County, eight miles north of the town of Snyder, by J. L. Collins, et al. of Corsicana.

It is to be their No. 1 G. E. Parks, located 1,980 feet from north and 330 feet from west lines of section 442, block 97, H&TC survey. Elevation is 2,300 feet.

The deep zone is expected to come in above 7,900 feet. However, the venture may encounter production on a lesser depth in the Pennsylvanian, in which pay was opened one and one-half miles west of this drillsite by Standard Oil Company of Texas No. 1 Brown, discovery well of the Dermott field.

Reagan Deep Zone Yields Salt Water
First project in the Benedum area to drill into the Ellenburger and get water before any signs of oil or gas is Plymouth Oil Company No. 1-2 Johnson, West-Central Reagan County wildcat, one and one-quarter miles southeast of the Benedum, which recovered salt water on a drillstem test.

The tool was open three hours and 20 minutes on the Ellenburger section at 11,966-12,057 feet. A 1,300-foot water blanket was used.

The test recovered the water blanket, followed by 180 feet of drilling mud, 180 feet of salt water and 180 feet of mud-cut salt water.

Shafter Lake Field Gets Long Outpost
George Etz and E. H. Robertson of Fort Worth, have filed an application with the Railroad Commission asking for permission to start operations at once on their No. 1 University, to be a 10,000-foot exploration in North-Central Andrews County, three-quarters of a mile west of the north side of the Shafter Lake multi-pay field.

The prospector will be located 330 feet from south and east lines of the northeast quarter of section 14, block 13, University survey.

The proposed destination of 10,000 feet is calculated to take the venture into the Devonian. It has possibilities of finding petroleum in the Clear Fork and Wolfcamp of the Permian, in the Pennsylvanian and in the Devonian.

TeePee Runs Pipe To Andrews Ellenburger
Texas Pacific Coal & Oil Company was running pipe into the Shafter Lake-Ellenburger horizon at its No. 1-F University, second North-Central Andrews County wildcat to reach the deep zone in that area.

The 5 1/2-inch casing was being run to 11,595 feet, total depth. After securing the pipe with a cement job, operator is scheduled to drill out and make hole before testing.

Scurry Test Swabs Small Show Of Oil
Magnolia Petroleum Company No. 1 Moore, Central Scurry County possible discovery three miles southwest of Snyder, and 660 feet from south and west lines of section 207, block 97, H&TC survey, swabbed an average of 15 gallons of oil per hour during a two-hour test on perforated section at 6,845-50 feet, in the Canyon lime of the Pennsylvanian. That same had been washed with 200 gallons of acid.

Operator has now perforated at 6,850-55 feet, and is swabbing to test.

Texaco Has Water In Gaines Glorieta
The Texas Company found the water section of the Glorieta-Permian with its No. 1 Wharton, South-Central Gaines County possible wildcat discovery from the top of the Glorieta.

A drillstem test was run at 6,459-6,535 feet, with the tool open two hours. A strong blow of air held at the surface throughout the test.

Boys And Curls Together—No More

Little Billy Gilbert, three, his long blond curls hanging well below his shoulders, looks at a picture of his father, left, taken when the old man had curls, too. His mother and father, Mr. and Mrs. William Gilbert of Chicago, reluctantly decided that little Billy was old enough to have his curls clipped. At right, Billy seems to think that the change is a decided improvement for a he-man.

Texas Gulf Wildcat Finds Production In Eastern Texas Area

ORANGE — (AP)—The Orange Leader said Saturday that a wildcat test blew in in new territory, 10 miles north of Orange Friday. The well is the Texas Gulf Producing Company and Rowan No. 1 Morgan and Lindsey.

It is situated about 10 miles west of the nearest production near Starks, La., in the W. B. Elliott survey of Newton County, about one-half mile north of the Orange County line.

The well blew in during a drillstem test. The Leader announced, and added: "Information from observers is it is producing a heavy flow of 42-gravity oil with a tremendous volume of gas and no salt water. The unofficial depth is 7,480 feet with production reported from about 40 feet of Frio sand.

Several Companies Interested
Observers say production was encountered last month but the well was shut in pending an agreement concerning division of production among several major companies interested. Among these companies, according to reports, are Standard of Texas, Gulf, Pan American and the Sun Oil Company.

Most land in the immediate vicinity is under lease with many large and small operators involved. The last drilling in this survey was about 1925, when the Humble Company sank a 4,000-foot test before abandoning the area.

LOSING PROPOSITION— Ambulance Driver Leads Exciting Life; Expects Anything On Emergency Calls

By CLEDDIE SHELBURNE
A screaming siren on a speeding ambulance probably draws more attention and arouses more curiosity than anything else that takes place in Midland. The curiosity of the man behind the wheel in the ambulance, usually Newell W. Ellis, Jr., also is aroused since he learned long ago to expect anything when he reaches the scene of an emergency.

Ambulances from the Ellis Funeral Home made 46 emergency runs last year and they were for assorted reasons.

Along in the wee hour of the morning one day last winter, the telephone rang and a man's voice told this story: "My car is stalled 26 miles out on the Garden City highway and my wife is in it—expecting a baby any minute."

Ellis rolled the ambulance out in the four inches of snow that covered the ground and headed for the stranded automobile. Arriving safely, Ellis opened the car door just in time to see the youngster had made his appearance—with seven brothers and sisters in the car to greet him. After giving aid to the mother and new born baby, Ellis delivered them safely to a Midland hospital.

Many False Alarms
Many of the runs are made only to find someone has become excited and called an ambulance when it really wasn't necessary. Most of these "dry hauls" come on minor automobile accidents and brawls.

Usually there's no way of tracing the person who called the ambulance and it is impossible to collect a fee for the trip.

Emergency calls are a losing proposition from the dollar and cents standpoint. When an ambulance is called in an emergency case, it almost positively has to be called by someone other than the one it is to be used by. In many cases, the person being hauled does not have the money to pay for the trip and the person who made the call doesn't feel obligated to pay the fee. So, emergency runs usually are on the house.

Last year, Ellis picked up a man who had been injured in a highway accident and hauled him safely to the hospital. The fellow recovered and Ellis sent him a bill. His ungrateful reply was, "I don't owe you anything. I didn't call an ambulance."

Some intelligent individual once said, "It takes all kinds of people to make the world go 'round."

Likewise, it takes all kinds of ambulance runs to keep Ellis Funeral Home in business. Persons injured in automobile accidents, accidents at home, homicide victims, and those injured in the mill and one other way are hauled under the classification of "emergency calls."

Many Mothers And Babies
About 80 per cent of the ambulance trips made by Ellis are for non-emergency patients going to and from the hospitals.

A greater part of this type service is for people who are sick and in need of hospitalization. Many of them are returned to their homes by ambulance when they have recovered sufficiently while others get well and go home by other means of transportation. Ellis made 338 runs of this type last year.

Practically all of Midland's babies get an ambulance ride at a very early age—usually 10 days or less—when they leave the hospital with their mothers to go home.

Of course, one of them is lucky enough to be the first born of each new year and gets the ride free of charge.

From the time Ellis gave Larry Bruce Holderman his free ride home for being the first baby born in 1947, until it was time to hand out a free ride to Janet Lee Murray as Midland's first this year, 176 babies and their mothers rode home from the hospital in Ellis Funeral Home ambulances.

Things Have Changed
There has been a big change in everything here since Newell, Jr.'s grandfather, Newell H. Ellis, established the Ellis Funeral Home in 1889. The record of deaths at that time shows most of them were by shooting, being killed by a horse, pneumonia and from poisoning.

Newell W. Ellis, Sr. operated Ellis Funeral Home for many years prior to his death.

The business now is operated by Newell W. Ellis, Jr., and his mother, Mrs. Newell W. Ellis, Sr.

Tom Green Wildcat Is Changing Motors

American Republics Corporation was shut down on its No. 1 Elmer Harrington, South Tom Green County wildcat projected to the Ellenburger, to change motors before drilling ahead.

Total depth was 4,910 feet in lime. On that bottom, with packer at 4,895 feet, a 30-minute delistest was run. A slight blow of air was evident for part of the period. Recovery was 25 feet of drilling mud, with no shows of oil, gas or water.

Test Attempt Fails At Magnolia 1-A TXL
Magnolia Petroleum Company No. 1-A TXL, North-Central Upton County possible discovery from the Ellenburger, 30 miles south and slightly west of Midland, and 660 feet from north and west lines of section 31, block 77, TP survey, T-4-S, was bottomed at 13,192 feet in Ellenburger dolomite, and was taking a drillstem test.

This project attempted a test at 13-114-189 feet. The packer failed after one minute, and there was no test. Operator deepened to 13,192 feet, and went in early Saturday to make another effort to get a satisfactory test.

The venture entered the Ellenburger at 12,830 feet. The top section (Continued on page 3)

Try Hudson!..See why ...it's lower...it's better!

Here's the only car you step down into—the lowest on the highway—a stunning beauty with the liveliest, smoothest and safest way of going you've ever known!

The whole world knows that the lower a car is built, the more graceful its lines can be made, the better it rides, handles and performs, and the safer it is. And now you are invited to see and drive the lowest-built car on the highway—the New Hudson!

The New Hudson—and only Hudson—has recessed floors. Thus, lounge-size seats are lowered to harmonize with the new, lower top.

Because you step down into Hudson, you get more head room and roomier seats than in any mass-produced car built today... and all of this along with ample road clearance!

But you'll soon find that amazing roominess is only one of the wonderful things you get in this unique new kind of car.* We believe you'll want to read about more of them in the column to the right. Then see your nearby Hudson dealer who will gladly arrange for you to drive this sensationally low-built automobile.

BETTER design: Because the "step-down" principle is so basically right, it enables Hudson to achieve pleasing proportions and symmetric, free-flowing lines.

BETTER performance: Hudson's all-new, high-compression Super-Six engine—or the masterful Super-Eight, perform at their best because this car is so thoroughly streamlined.

BETTER roadability: With the lowest center of gravity in any American stock car, Hudson really hugs the road, especially on curves. Hudson's Fluid-Cushioned Clutch, Center-Point Steering and Triple-Safe Brakes contribute mightily to a wonderful feeling of assurance.

BETTER value: One look, one ride will quickly tell you that here is an automobile so far ahead it is a protected investment.

Tugboat Jones Is New Midland High Grid Coach

By TANNER LAINE
A new era in Midland High School football begins. It was announced Saturday that Thurmon (Tugboat) Jones has been hired as athletic director and head football coach at Midland High School.

The two coaches will report for duty this month. Both are married and have children. Both need places to live immediately. This need is urgent. Citizens are asked to cooperate.

Tugboat Jones was an all-Texas Conference backfielder at Abilene Christian College two years in 1940 and 1941. He was the leading scorer in the conference two straight years and made the Little All-America team in 1941.

He played professional football with the Brooklyn Dodgers of the National Football League in 1941 and 1942.

Jones moved to Hardin College as athletic director and head coach in 1948. His first year team there won nine and lost two in Texas Junior Conference play. Hardin became a senior college in 1947 and was a member of the Texas Conference.

Jones played four years of college football at ACC from 1937 to 1941. He played guard and was all-Texas Conference in 1940-41. He lettered in basketball and played baseball.

Beauchamp was president of the Student's Association at ACC and was listed in "Who's Who in American Colleges and Universities."

He was line coach at Abilene Christian three years and served in the Navy 18 months. The school board, which had considered Jack Mashburn for the coaching position, stated that Mashburn chose to continue as head basketball coach and dean of boys at Midland High with an increased salary.

BOWLING

League-leading Shell Club still is in the driver's seat of the Major Bowling League with two wins over The Reporter-Telegram in matches at Plamor Palace. Pabst Blue Ribbon swept all three games from Banner Creamery. Haney's Humble Service grabbed two from Houston Hill. Tommie's Electric beat Scharbauer Hotel two games to one.

Results in the Women's Bowling League: Haynes took three from Kruger Jewelry for forfeit; Periman Drilling swept three from Falling: Everybody's beat Permutit Water Softener 2-1; and Dunagan Sales bested Heath & Templeton twice.

With the naming of Thurmon (Tugboat) Jones as head mentor at Midland, the coaches of Districts 3-AA and 5-AA appear well set for next season.

Pat Pattison at Lubbock, Tracy Kellow at Brownfield and Bob Harrell at Lamesa. The 5-AA coaches are Pat Gerald at Sweetwater, Red Ramsey at San Angelo, Pete Shotwell at Abilene, Mule Stockton at Big Spring and John Houston at Brownwood.

Off-Tackle Smash?

Precisely like a T-formation quarterback in football, six-foot four-inch Hans Tenzler slips the basketball to Capt. Bill Akins, whose only aim is to score for Florida.

Sports

6—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, JAN. 16, 1949

Webb To Start Taking Orders For 1949 Boxes

Harold Webb, owner-manager of the Midland Indians, will start taking box seat orders for the 1949 season Monday. Webb has returned to the city and is opening his business office at Indian Park. Office hours will be 10 a. m. to 4 p. m. The first week the office will be open on Monday, Wednesday and Friday. Thereafter, it will be open daily.

Holders of boxes in the 1948 season will be given first choice for 1949 but they should notify Webb immediately of their orders. The baseball skipper wants to renew his box seat orders as soon as possible and to determine new orders so more boxes can be constructed if needed.

Meadowbrook Club Names Committees

The board of directors of Meadowbrook Country Club have named various working committees to serve for a period through June 30, 1949.

Committees, with chairmen named first, are:

Charter—W. P. Z. German, Delbert Downing and E. A. McCullough.

By-laws—Floyd Bales, W. H. Conkling, DeWayne Davis, James Love, V. H. Van Horn and H. E. Bahr.

Membership—Olin Prather, Walter Seelye, A. A. Jones, W. H. Rhodes, J. P. Carson, Jr., and Robert Oviatt.

Planning and development—O. H. Beshell, John Hughes, R. E. Estes, Early Spires, Pat Stanford, Cliff Hall, Charles Snure, Al Borling, Frank True, Joe Graybeal, Vernon Red, Ben Bland, Cecil Hodges, R. L. McCormick and Clyde Pederson.

Publicity—David Cole, Tanner Laine, C. P. Stapleton and Thurman Pylant.

Finance—D. G. McKibbin, Maynor Murphree, Bob Scruggs, B. C. Girdley, Sr., W. H. Black and O. J. Hubbard.

All committee members will meet Wednesday in the studios of KORS. All are urged to attend.

Southwest Coaches Express Approval Of Rules Changes

By The Associated Press

New changes in collegiate football rules found favor with at least three Southwest Conference coaches and the conference's executive secretary.

"I favor all changes. I think they are definite marks of progress," said Leo (Dutch) Meyer, Texas Christian coach and president of the National Football Coaches Association.

Baylor Coach Bob Woodruff said the new rules changes would put more emphasis on offensive play.

James H. Stewart, executive secretary of the Southwest Conference, said he believed the new rules changes would cut out the use of specialists on the scale used last year and would benefit the team on defense. He said he thought the defense could stand a break.

Blair Cherry, coach of the University of Texas, said he believes the new rules will allow players with special talents to play more and that he is in favor of them.

Visits Here

Marion Gibson, manager of the DuPont Nitrolycerin Plant at Stanton, was a Midland visitor Saturday.

The number of U. S. farm houses with modern bathrooms more than doubled between 1940 and 1947.

WHAT YOU THINK, IS IMPORTANT

Your good will, and the continued patronage of other West Texans is the real core of our business. That's why we conduct our business to merit respect and confidence. That's why we're trying to distribute new cars as fairly as possible and why we're working with other responsible franchised dealers to stamp out the unwholesome black market practices that hurt us even though we refuse to participate in them. That's why we're interested in what you think ... and interested in talking with you about automobiles ... today, tomorrow and again next year. That's why we urge you to have your car safety-checked regularly ... for your own protection, for the protection of the community.

Coach Jack Mashburn's Midland High Bulldogs had a tough go with the Sweetwater Mustangs in the MHS gym Friday night but when the war was over, the Purple was on top 36-34.

It was a thrilling 3-AA conference game. It marked Midland's fourth straight triumph after losing the opener to Lamesa. It was Midland's sixth win in nine starts this season.

Sweetwater came determined to sabotage Larry Messersmith, ace of the Bulldogs. And this the visitors were able to do until the fading minutes of the game, although their tactics were not the best ethics of basketball. The Mustangs got extra rough and used a four-man zone defense with one man-to-man player on Messersmith.

Messersmith's mates fired from the edge of the zone and kept Midland ahead all of the game until the late fourth quarter. Then Messersmith's shadow fouled out and the Purple ace managed to get a bucket or so and sew up the contest for Midland.

The officiating was poor. Midland lost possession of the ball once for merely holding it awhile away from Sweetwater's zone. There wasn't a defender in five yards of the Midlander holding the ball.

Rough-Ready Mustangs

All in all, the Bulldogs were not up to their best standard and but for a show of determined drive in the last four minutes might have lost to the rough-and-ready Mustangs, who were deadly on their long lucky shots.

Midland thumped along ahead until midway of the fourth quarter when the wild Hooses pulled up and tied the tilt at 31-31. And even went ahead 32-31 on a free shot. Messersmith got busy and sank a fielder, which put Midland on top by 33-32. He was fouled and added another tally to make it 34-32. But Riley Cross looped in a fielder for Sweetwater to knot the count 34-34.

Then, with four Mustangs riding them, Messersmith won the game with a backward under-basket shot and field goal. This was three minutes before the final whistle. In all, the Bulldogs had two chances and Midland missed two or four. Midland stalled the last minute.

Midland was ahead 9-6 after the first quarter, 19-12 at the half and 31-26 going into the fourth quarter. Messersmith was high pointer with 12 tallies. He finally got three field goals and sank six out of nine free shots. Don Biszell made eight Bulldog points with some fine shots from away out. Cross and Tom Gill, Millan led Sweetwater scorers with nine points each.

Gill's "B" Wins 40-27

Coach Audrey Gill's B Bulldogs rest rooms will be built for the patrons as will a new concession stand and an improved pressbox.

This building program will not call a bond issue for this program, as the expense will be taken from the school funds now on hand.

Contracts will be let at the earliest possible time in order that the program might start and be completed in time for the football season next fall.

McCamey Stadium Will Be Enlarged

McCAMEY—Members of the McCamey Independent District School Board voted approval of a \$25,000 improvement program for the McCamey High School football stadium in a regular meeting held recently at the high school.

The program calls for the extending of the gridiron south for some distance, but still using a portion of the present site. The bleacher section on the East side of the field will be torn down completely and the stands on the West side of the field will be moved to the East side and elevated some five feet from the ground.

A new stadium with a seating capacity of 2,000 will be erected on the West side of the field. Plans at the present call for a large portion of the new stadium to be a reserve section with numbered seats. The new stadium will call for specifications for the convenience and the comfort of the football fans.

A quarter-mile track will be built around the new football field.

Rest rooms will be built for the patrons as will a new concession stand and an improved pressbox.

This building program will not call a bond issue for this program, as the expense will be taken from the school funds now on hand.

Contracts will be let at the earliest possible time in order that the program might start and be completed in time for the football season next fall.

Elementary Sports Program Has Cage, Volleyball Games

West Elementary defeated the Latin American school 14-3, and North Elementary best South Elementary 14-11 in sports programs boys basketball games Saturday in the MHS gym. These games opened the season.

Girls volleyball winners were: Latin American 3, West Elementary 7; North Elementary 24, South Elementary 17.

Gary Dee Howard with nine points sparked the West basketball triumph. Stu Chancellor got three counters and Coy Hudson two. Other West players included H. C. Peemster, Barry Cummings, Billy Ray Carpenter, Billy Harris, Arthur Mayhew, Mike Millam and James Barron. Latin American players were Manuel Carrasco, Andres Ramirez, Abundio Reyes, Pat Menchaca, Julian Lopez, Ramon Acosta, Remundo Sanchez and Cecely Laine. Ramirez made the three points for the Latins.

Bill Dilard tabbed six points to lead the North eagles to their win over South. Dickie Mills got four points, Jerry McGee got two, Pat McBride got two, for the North. Johnny Outbrith scored four points for the South, Ray Phillips got two, Forest Sanders got two, Tommy Booth notched two and Larry Sapp one. Other North players were Frank Midkiff, Donel Towery, Odell Skelton, Billy Summers, Clay Carson and Ernest Dorman. Other South basketballers were Billy Walker, Loren Standley, Bobby Rotan, Prentice Blansett and Howard Harris.

Girls Volleyball Players

The winning North volleyball team included Jo Ann Sutton, Patsy Guyton, Mary Bell TenEyck, Adie Joyce Copeland, Shannon McEachern, Ann Hamilton, Janice Robertson, Mary Jane Cox, Wanda Towery, Jerry Gale Mathews, Sharon Fink, Susan Altrin and Marjorie Wise. South girls who put up a great battle, were Beth Welch, Janice Worley, Lanell Horn, Janeth Danner, Joanna Roberts, Nancy Suther, Roanna Moore, Beulah Collier and Dorothy Johnson.

The winning Latin American girls volleyball team included Beatriz Heredia, Lydia Reyes, Virginia Heredia, Emilia Heredia, Sylvester Reyes, Matilde Ochoa, Josephine Reyes, Elia Gonzalez, Mary Henel Moreno, Romona Sanchez and Alice Perez. West girls were Zella Creswell, Jill Ledebur, Gerry Hughes, Mary Johnson, Diane Darden, Jackie Creswell, Eleanor Wheeler, Lina Reed, Tiny Drake and Iva Livingston.

Your good will, and the continued patronage of other West Texans is the real core of our business. That's why we conduct our business to merit respect and confidence. That's why we're trying to distribute new cars as fairly as possible and why we're working with other responsible franchised dealers to stamp out the unwholesome black market practices that hurt us even though we refuse to participate in them. That's why we're interested in what you think ... and interested in talking with you about automobiles ... today, tomorrow and again next

Oklahoma Fugitive Reported Traveling In West Texas Area

FORT WORTH—(P)—Two "tips" that Roy Frank Godbey was seen in Fort Worth Friday were received by the sheriff's office, but the manhunt failed to disclose the whereabouts of the ex-convict charged with the murder of Earl Pruet, Oklahoma City lawyer, last Tuesday. Chief Deputy Sheriff A. B. Carter disclosed Saturday that Godbey was reported seen on a downtown street corner and in Liberator Village near the giant Conair B-38 plant. He was not found at either place when deputies investigated, Carter said. The manhunt, meanwhile, was continued here by Fort Worth police and Tarrant County deputies, while State Highway Patrolmen worked on a report that a man answering Godbey's description drove from a Weatherford service station "in a big hurry" about 8 p. m. Friday. The highway patrol received a report that the Oklahoma license plates on the man's car were stolen about three weeks ago.

Jester Believes Voter Registration Necessity In Texas

AUSTIN—(P)—Gov. Beauford H. Jester considers an "urgent necessity" an adequate registration law for Texas voters. The governor said Texas is "out in front" in removing poll tax restrictions from its ballot boxes but that lack of a registration law might leave the state in quite a plight. The comment was aimed at reports from Washington that a proposed U. S. Constitutional amendment would prohibit states from denying a person the right to vote in federal elections because he had not paid a poll tax. Resolution Offered "The proposal at Washington does point up the urgent necessity of providing an adequate registration law for Texas. If the poll tax were repealed as a means of identifying eligible voters, under present statutes Texas would have no means of compiling voters' lists," he said. The governor in his message to the 51st Legislature this week suggested submission of the question of poll tax repeal to the voters. Less than an hour later Senator Rogers Kelley of Edinburg introduced a resolution in the Senate that would give voters a chance to repeal the poll tax requirement for voting. "If the question is submitted by the Legislature and acted on favorably by the people, the proposed federal amendment would have no practical effect in Texas," Jester said. Barn owls for years have inhabited the northwest tower of the Smithsonian Institution in Washington, D. C.

Beechcraft BONANZA SETS ANOTHER FLIGHT RECORD

With Bill Odom at the controls, the Beechcraft Bonanza has just broken the Russian flight record of 2061,735 miles for sustained flight in a light plane. Odom took off from Honolulu and landed at Oakland, Calif., after staying aloft for 22 hours and six minutes! For those who like economy as well as flight performance the Bonanza has a direct operating cost of as low as 1 cent per passenger mile.

The BONANZA is delivered complete for day, night and instrument flight... it cruises at 175 mph, carries four 170-pound people and 100 pounds of baggage, lands at 46 mph. We cordially invite you to inspect the BONANZA — We will gladly explain how easy it is to own.

GIs Aid Japanese Rice Farmers

With Japan's rice production drastically cut down during the war, because of a manpower shortage, American occupation forces are helping the Japanese to revive their once-great industry. A quota system was introduced, and this has served to boost rice production over prewar figures. Above, some of the bumper crop is shown being dried on racks at Niigata. Trees, latched with straw rope, hold the grain. The rice must be thoroughly dry before it is turned in at the collection point. Below, Sgt. Charles W. Callahan, of Buckley, W. Va., and the civilian chief inspector at the Yamagata rice collection point examine the rice. If any is green, it will be turned back to the farmer for further drying.

ELIMINATE LIGHTNING

The possibility of preventing lightning-caused forest fires by eliminating lightning itself is suggested by a weather scientist. The scheme includes the transformation of lowering cumulus clouds in the area to snow by the use of dry ice. The tiniest hummingbird is known as Helena's hummingbird of Cuba and is between two and one-quarter and two and one-half inches in length.

Sam Hurt Funeral Is Held At Odessa

ODESSA—Sam Hurt, prominent Ector County rancher, and president of the Odessa school board, died at 2 a. m. Friday in a Lubbock hospital. He had been ill several months and underwent surgery about two weeks ago. Funeral services were held at 3 p. m. Saturday in the First Christian Church here, with the Rev. C. A. Johnson and the Rev. Lawrence Fugit officiating. Hurt was well known in cattle circles of Southwest Texas and was president of the American Agricultural Association. Survivors include the widow; two sons, Lieut. Sam Hurt, Jr., Randolph Field, San Antonio, and James Hurt, a freshman at the University of Texas.

U. S. Files Suit To Break Alleged AT&T 'Monopoly'

WASHINGTON—(P)—The government sued Friday to force the gigantic American Telephone and Telegraph Company to abandon its billion dollar equipment-making business. Attorney General Tom Clark said this could lower telephone rates throughout the country. The suit demanded that AT&T and its manufacturing subsidiary, the huge Western Electric Company, be broken up. It asked that Western Electric be split into three competing companies. AT&T then would have to go into the market for its equipment. Filed by the Justice Department, the suit charged the firms with a "conspiracy to monopolize" the nation's telephone business. It said lack of competition keeps telephone equipment costs higher.

Midland—

(Continued from page 1) streets still were muddy and slow Saturday. Texas Electric Service Company still had work to do in the Andrews area. Southwestern Bell Telephone Company was concerned with breaking complete isolation as well as increasing service. Its work is cut out for days with restoration to normal having to overcome more than 2,500 fallen poles and many miles of ruined lines. Western Union had hard work ahead to restore service and establish normal facilities. The news wire of The Reporter-Telegram was dead Saturday for the fourth straight day. Associated Press service copy was dispatched here from Dallas by air.

Courageous Men, Radio Communications Help Restore Power Service

The story behind the scenes in the fast restoration of service to homes and businesses by the Texas Electric Service Company during the emergency caused by the severe ice storm last week, must be written about a bunch of courageous men and a radio communications system. Without them, Midland and many other areas definitely would have been in the dark probably several days longer. The company recently was granted a permit to operate a frequency modulated car-to-car, station-to-car radio communications system on an assigned frequency of 37.66 megacycles. When the storm was approaching, only one service car in Midland was outfitted with equipment for communications. Two additional cars quickly were equipped with the necessary radio units and the original car was parked at the distribution station here to be used as a transmitter unit. With this emergency setup, Texas Electric was able to keep partial service up at all times while the storm was at its peak and thousands of power lines were snapping under a heavy burden of ice. Many Calls Calls from company patrons were received by telephone at the rate of two calls per minute when the lines started breaking. Service cars and crews were assigned to certain areas and were dispatched to points where trouble had developed by means of the radio communications system. Crews were on the job 24 hours a day during the emergency, being dispatched here, there and yonder throughout their assigned areas. Without the radio facilities, countless miles would have been driven on icy streets and hours of valuable time would have been lost because repair crews would have been forced to return to headquarters to receive new assignments. The line breaks were so numerous many occurred only a few feet apart and within a few minutes of each other. Crews had to return to one place five times in less than two hours when new breaks occurred. Much time was saved by use of the radio to contact linemen already in the vicinity of the trouble. Emergency Basis The entire Midland force of Texas Electric Service Company went

Tested and Proved...
ON THE WORLD'S TOUGHEST PROVING GROUND!

Mile after mile they put it through its paces... proved its speed, its acceleration, its economy!

Proved on the toughest grades... its stride, its power will thrill you.

The punting granite blocks... the new Chevrolet takes little punishment.

The snow where Chevrolet for 1949 was PROVED to be weather-proof and waterproof.

At the General Motors Proving Ground there are men who are experts at ruining cars! "Find the flaws... get the facts" is their motto. And so, when Chevrolet for 1949 was delivered to their "tender" mercy, they put it through its paces so vigorously and so thoroughly that there was no chance for basic weaknesses to go undetected. What a break for the buyer... instead of an experimental or untried car, he gets a car that has PROVED economy, PROVED stamina, PROVED comfort, PROVED handling-ease! Only Chevrolet, in the low-priced field, has passed through the rigors of the "World's Toughest Proving Ground" and comes to you thoroughly TESTED, thoroughly PROVED and thoroughly APPROVED!

Monahans Livestock Show Dates Are Set

MONAHANS — Date for the 10th annual Monahans Livestock Show has been set for Friday and Saturday, March 18 and 19.

Meeting recently, directors of the show heard Ward County Agent Jake Holmes tell them that over 55 entries are expected to be made this year by 4-H and FFA members in the county. Holmes said 26 lambs will be shown, 10 hogs, and 20 calves.

Show classes will include breeding cattle, lambs, fat hogs, horses, and 4-H club baby beef and lambs. A total of \$975 in premiums will be offered.

Texas Cattle Theft Ring Thought Broken

GONZALES, TEXAS—(AP)—The Gonzales County grand jury, meeting in special session, indicted four men on charges involving cattle theft.

The arrests were made last Sunday by Sheriff T. D. Kridler of Gonzales County. They were part of what Texas Ranger Quincy J. Lowman said at Austin was expected to be a series of arrests involving widespread cattle activity in Central Texas.

Indicted on charges of cattle theft were John Martin, 38, two counts; Newt Harris, 28, six counts, and John Richter, 22, eight counts. Clarence Smith, 21, was indicted on two counts of receiving and concealing stolen property. The four men are from Gonzales County.

VISITS BROWNFIELD
W. N. Orson, business manager of Western Clinic-Hospital, is visiting over the weekend in Brownfield.

Dirt, Squirt and Quirt

— FARM, DAIRY AND RANCH NEWS —

By DON McGRIGOR

Looks as if the predictions of various weather prophets are proving true and 1949 will be a good year for rain. There are those who say rain comes in cycles and 1948 is the year for lots of moisture. We hope they are right and indications are they may be.

As an alternative the seed may be fumigated with methyl bromide in an approved chamber or delinted in an approved chamber and done under the supervision of an inspector.

The department will obtain from a record of all persons owning or having in their possession untreated seed produced in the boll-worm area and will require a full report of the disposition of such seed.

The producer may sell his seed to an oil mill if he wishes to plant seed from outside the area. If he has fed part of his seed to his stock, a certificate so stating must be furnished.

Jasbo Fulkerson, famed cowboy clown who was killed late Tuesday when his pickup overturned near Watauga, Texas, was well known to Midland Rodeo fans, having performed here on numerous occasions. He also had clowned most of the other big-time rodeos of the nation, and had survived "more broken bones than a rodent count."

Jasbo was a favorite of rodeo spectators here and elsewhere. He was best known for his skill in baiting Brahman bulls away from fallen riders. He had been with the Everett-Coburn-Gene Autry rodeos for several years. At the time of his death he was preparing for his first 1949 performance at the Houston Stock Show and Rodeo next month.

Jasbo Fulkerson will be missed at the 1949 Midland Rodeo. The scheduled meeting of the Midland Livestock Show directors to determine the date of the 1949 show was postponed because of the weather.

The Sand Hills Hereford Association directors are taking assignments for the annual sale to be held in March during the Odessa show.

Buck Jackson of Pecos is reported to be doing a lot of cattle trading despite the weather. He recently bought more than 1,000 head of cattle and sold more than 700 head.

The Bureau of Animal Industry reports that foot and mouth disease has been held to an area in Mexico slightly smaller than that originally quarantined. The vaccine laboratory is running ahead of its schedule for most months. In December it produced 1,750,000 doses of vaccine.

The fifth annual Hereford Breeders Sale will be held in Big Spring, February 14.

The breeding of top blooded Herefords has gained many followers in West Texas since this and other organizations in the area have by their efforts emphasized the importance of our economy of producing better animals and this sale will place on exhibit some 50 choice pure-bred Herefords.

Texas A. and M. College has granted leave of absence to one of her top research men to organize the research program in the field of animal sciences for the Atomic Energy Commission. The college board of directors has granted leave for this purpose to Dr. Paul B. Pearson, dean of the graduate school and head of the biochemistry and nutrition department here.

In his new job at Washington, D. C., Dr. Pearson will work in the division of biology and medicine of the Atomic Energy Commission. Specifically his work will center around the use of isotopes in biological studies and the effect of radiation on animals.

Fifty new bucking horses, including four ranked with the famous "Five Minutes to Midnight," will be among the 150 displaying their heel-flying, back-arching talents at the Southwestern Exposition and Fat Stock Show rodeo in Fort Worth January 28 through February 6.

Four specialty acts featuring performers never before seen in the Fort Worth arena will add zest to the rodeo menu.

Roy Parks, Jr., of Midland is preparing five cutting horses and colts for the Fort Worth show. He will enter one or two in the performance class.

Buster Cole plans to enter his cutting horse, Baby Mac.

The Washington Merry-Go-Round

By Drew Pearce

Drew Pearce says: Palestine has become Soviet-British battleground; Ohio congressman rebuffs real estate lobby; Texas Senator Connally has no sympathy for Chiang.

WASHINGTON—Tragedy of the Palestine situation is that two sides—Soviet agitators and British imperialists—have been using it as a battleground. Meanwhile, the United States has been vacillating all over the lot regarding Palestine peace.

Soviet aid to Israel has come in the form of arms from the giant Skoda works in Czechoslovakia, down to Tel Aviv frequently in American private planes. This was first reported by this columnist July 18, 1948, and has been going on for a long time.

British aid to the Arabs, to counterbalance this, has taken various forms. Not long ago a British field-artillery regiment moved from Palestine through the Suez Canal to Cyrenaica. When it got to Cyrenaica, it was minus weapons, but the Egyptian army had more weapons.

Meanwhile King Abdullah has announced the organization of a "Royal Trans-Jordan Air Force." There is only one place where he has secured arms in the past—England.

Meanwhile, also, six tanks manufactured for the British in the U. S. A. have been captured by the Jews in the Negev; the SS Derrycree unloaded British war equipment at Basra, and British "Fury" fighters have been delivered to Rashid Airfield in Iraq.

Latest arms deal, however, is the most alarming. The Arab Army of Iraq has just completed a deal with Czechoslovakia to buy small arms and airplanes. These will come largely from the Russian-controlled Skoda works—with Moscow's enthusiastic blessing. In other words, Russia is using the Palestine fighting as an excuse to arm not only the Jews but the Arabs throughout the Near East.

This can lead to only one thing—continuous and perhaps contagious war.

John Wiley, U. S. ambassador to Iran, has been in Washington pleading with the State Department to send more arms to Iran. He reports that the Red Army is now concentrating on the oil-rich Iranian border.

Real Estate Lobby Rebuffed
Here is the way one congressman answered the real estate lobby when invited to a gala real estate dinner in the Presidential Ballroom of the Statler Hotel.

The lobby carefully arranged to have the congressman—Steve Young, representative-at-large from Ohio—receive his invitation from a local Ohio realtor. But when Ivan H. Gore, president of the Ohio Association of Real Estate Boards in Columbus wrote him, Congressman Young declined as follows:

"This is my 'No, Thank You' to your invitation to attend your banquet on Wednesday, January 12, in the Presidential Ballroom of the Statler Hotel, Washington.

"The last Congress left homeless veterans still homeless and only the real estate lobby happy. Citizens, generally, in my state did not like that. They said so. They made some changes.

"In electing me as their congressman, I am sure they expect me to do my own thinking, make my own decisions and pay for my own meals. After all, our government pays me to do that.

"Yours truly,
"Stephen M. Young."

Resources Board Fries
Wall Street members of the National Security Resources Board aren't at all happy under new Chairman John Steelman, the Alabama-Arkansas boy whom Truman put in charge of this key defense organization.

This is the board supposed to make sure that never again will the nation be caught short without rubber, quinine, tin, manpower and production, so it was immediately after Pearl Harbor. Though Republicans under Arthur Hill, head of Greyhound Bus, have run the Resources Board, Republican members of Congress recently wrote a scathing report criticizing the board's failure to stockpile strategic materials.

Hitherto, Resources Board personnel was appointed by Secretary of Defense Forrestal—largely from Wall Street. However, Steelman, assistant to the President, and especially assigned this cleanup job, already has fired George E. Felton, director of production, and is suspiciously eyeing Matt Robinson, New York investment banker.

Two groups inside the board are pulling in opposite directions. One is the Wall Street group, hitherto in complete control and now led by the amiable, ambitious Robinson, former assistant to deposed Chairman Hill. On the other side are Kenneth Johnson, also a Republican, and James O'Brien, head of the manpower division.

Although manpower was one of the most important factors in the recent war, it largely was neglected

Passengers Injured In Railway Blaze

HONG KONG.—(AP)—More than 50 passengers on the southbound train from Wuchang to Canton Saturday were injured by the second railway fire within a week.

The fire was believed to have been caused by chemicals carried by some of the passengers.

heated son of an Italian immigrant, who has seen the inside of a pair of overalls more than he has ever worked at a desk—Pete Rodino of Newark, N. J., Democrat.

Pete started out as a dirty-faded kid on Drift Street in the heart of Newark's tenement district. He had to sweat for what he got. But, working in a factory by day and studying by night, he finally struggled through law school.

This put him in a position which his immigrant forebears had dreamed of but never expected a member of their family to attain. Pete became a white-collar worker. But this new-found distinction didn't last long. As the first war clouds began to gather, Rodino enlisted—several months before Pearl Harbor.

The war caught him up and swept him overseas where he was commissioned the following year in the field. After fighting through the North African campaign, he was named liaison officer between the Allied and anti-Fascist Italian armies.

Rodino won his seat in Congress, with no help from Mayor Hague, boss of New Jersey politics, who didn't contribute as much as a postage stamp. When he stood up in the gloomy House chamber to be sworn in, 80 excited Italian-Americans clamored to get into the gallery. Their boy had finally come to Congress, elected to the august law-making body of the United States.

Most of them were turned away, but they threw a party for him afterward. One was his ex-boss in the factory where the congressman used to make cigarette lighters.

Thank You, Folks, for Your Kind Forbearance During My Recent Troubles

Texas Electric Service Company engineers tell me that the ice storm which hit last Tuesday was the most wide-spread in their memories. Not just a few communities, but a large area of West Texas was covered with a sheet of ice. Ice-laden limbs crushed down my electric wires, ice-sheathed wires either broke or pulled down the poles. Or three inches of ice, or pulled down the two. Many miles of electric lines must be rebuilt, much of it from the ground up, to repair the storm damage.

I appreciate the fine attitude and patience of my friends in our many hours of trouble. When the word first came that icing conditions threatened, men, equipment and materials were mobilized from other cities and towns to help out our

local folk. Many of these men worked day and night so that the interruption to your electric service would be as short as possible. Some of them risked their lives traveling ice-covered highways and even flying planes to locate and repair breaks in our lines. I wish I could tell you of the many heroic and self-denying tasks they accomplished in their stride.

Although electric service generally has been restored, many more days of work will have to be done to replace the emergency repairs with permanent construction.

My hat is off to the folks who worked so tirelessly and so long so that I could resume serving you.

Your Electrical Servant

Cottage-Type House

The Durwood is a cottage-type, story-and-a-half home with a one-car attached garage. This home has a bedroom on the first floor, making it convenient to leave the second floor temporarily unfinished. When completed, the second floor plans include two bedrooms. The plan of The Durwood provides easy access to all rooms. There is a large dining space in the compactly-cabineted modern kitchen, and convenient connection to the garage. There are closets near both entrances, a linen closet on each floor and large wardrobes in all of the bedrooms as well as a storage closet in the garage. Construction of the house is of frame, with an extra fireproof wall between the house and attached garage. The exterior of the house is siding. The roof is covered with asphalt shingle. The dimensions of the main body of the house are 32 feet wide and 26 feet deep. The net area, without the garage, is 799 square feet.

Building Figure Hits \$125,000 In First Two Weeks

Building permits issued in Midland during the week ended Saturday amounted to \$64,800 to bring the 1949 figure to \$125,000. Largest single permit of the week went to A. E. Cole, Jr., to build a brick, pumice tile and concrete food store building at 316 North Marfield Street. Size will be 60 by 120 feet. The permit was for \$20,000. O. H. Carr received three permits, each for \$5,000, total \$15,000, to build three concrete and tile residences at 105 and 107 West Nobles Street, and at 1400 North Loraine Street. Sizes range from 45 by 38 feet to 50 by 32 feet. J. C. Velvin was issued a \$6,500 permit for a frame residence at 1404 North Loraine Street with garage attached. Size will be 30 by 44 feet. A \$6,500 permit went to G. C. Ponder for frame residence with attached garage at 1407 North Loraine Street, size 28 by 52 feet. \$6,000 Residence Permit. Roy J. Terry received a permit for \$6,000 to build a frame residence at 201 West Jax Street, size 25 by 32 feet. W. L. Savage took a \$1,200 permit to alter a frame residence at 1005 North Whitaker Street, 12 by 19 feet. I. W. Hynd received a \$800 permit to construct a frame and sheetrock warehouse at 1308 West Front Street, 20 by 40 feet. Permits of the week at \$64,800 are compared with permits of \$60,800 for the previous week.

Trend Is Toward Larger Windows

TOLEDO, OHIO—Probably not since the mansard roof era has there been any more distinguishing architectural characteristics than the prevailing trend toward larger windows. The picture window, which became popular during the last great building spurt, is continuing in popularity today. Many of the picture windows going into new homes now are considerably larger than the pre-war style. In fact, talk now frequently is in terms of window walls almost as often as of picture windows. If a house is properly designed and engineered, glass can be used to open up an entire wall to sunlight and a pleasing outdoor view, at the same time minimizing temperature control problems. Large window areas now are far more acceptable than in the past because engineers at the Libbey-Owens-Ford Glass Company, Toledo, have developed an insulating type of windowpane known as Thermopane. This factory-fabricated double glass unit eliminates the need for storm sash and provides adequate insulation for year-round comfort, even when used in large window openings of homes in northern climate. In the south Thermopane is becoming increasingly popular to provide insulation for greater efficiency of air conditioning units. In April, 1947, two-thirds of U. S. farm houses still had no running water.

Materials Seen In Ample Supply For '49 Building

Widespread serious building materials shortages are not expected to develop during the year 1949. Building materials production reached record levels in 1948, according to latest U. S. Department of Commerce figures, and although the Department has made no prediction on the supply situation for 1949, material industry will adequately fill the needs. The Department of Commerce forecasts that despite near-record building volume, supplies of materials, except some steel products and possibly cement, will balance demand during coming months. As 1948 closed over-all production ran six per cent ahead of a year earlier when building material output set an all-time record. Shortage Ends Expected large-scale lumber shortages failed to develop in 1948 and lumber output rose two per cent over 1947, the Department said. The lumber industry believes all shortages have ended as production is keeping well ahead of shipments from the mills. Even millwork, often a bottleneck during last summer's high volume of building, is now readily available in most sections. Douglas fir, Southern pine and plywood have dropped in price during recent weeks between 10 and 15 per cent. A check on a field of clover recently showed that more than four-fifths of the pollinating insects were honey bees.

Stanton News
STANTON—The severe ice storm last week took its toll of injuries here. J. C. Scott suffered three broken ribs in a fall; A. W. Keating received fractures to several ribs in a fall; Mrs. Georgia Zimmerman slipped on the steps at her hotel and suffered back injuries and Mrs. C. V. Shelburne suffered a head injury when she slipped on the ice and her head struck a door step. Mrs. Robert White and daughter have returned from a visit to points in Oklahoma. Mr. and Mrs. T. E. Green and sons of Klondike recently visited friends here. Mr. and Mrs. Dick Madison of Monahan visited here last week. Dale Hancock, brother of Mrs. John Epley, is seriously ill in a Big Spring hospital. Mrs. Frank Kill attended funeral services for her brother, Jack Roberts of Knott, in Big Spring last week. Mr. and Mrs. S. J. Foreman are in Temple where she is receiving treatment at a clinic. Recent Visitors Recent visitors of Charles Stone who is under treatment at Stanton Memorial Hospital, were his mother, Mrs. Mary Alice Stone, a brother, George Stone, and a sister, Mrs. Troy Pannell, all of Aurora, Mo. Another sister, Mrs. Margaret Tisdal of Amarillo, is attending him as nurse. Mrs. Morris Zimmerman visited her husband in Monahan last week. He is a deputy sheriff there. Mr. and Mrs. Jack Estes, Martin County ranchers, were business visitors here last week. Mr. and Mrs. L. C. Gregg visited in Midland Thursday. Mrs. Jerry Cook left Thursday for Dekalb to visit her mother, Mrs. C. B. Davis, who is to undergo surgery there. Mrs. Bob Latimer is employed as bookkeeper at the Alsop Chevrolet Company. She replaces Jack Bentley who resigned recently. Recent visitors of Mrs. Cora Turner were Mr. and Mrs. Willard Turner and family of Odessa. Mr. and Mrs. Elmer Criswell and daughters, Linda and Lura, visited here last week. They are former residents of the Lenora community. Four-fifths of U. S. farm houses were without modern bath rooms in April, 1947.

Built-In Cabinets Add To Convenience Of Home Bathroom

COLLEGE STATION — It's fun to bathe the baby—but it's more fun and easier on mother and child, if the bathroom is arranged for the convenience and comfort of both. Mrs. Bernice Claytor, extension home management specialist of Texas A&M College, says that built-in cabinets and a dressing table will save time, steps, stooping, lifting and carrying. They can be built in the average-size bathroom at a small cost. "Plan the equipment at a comfortable working height for the mother," Mrs. Claytor suggested. "Put all the supplies within easy reach and sight. If the mother is right-handed, arrange the built-ins so that she will work from right to left." Handy Arrangement One of the handiest built-ins, Mrs. Claytor says, is a canvas covered frame which makes a safe comfortable, economical bath tub. A shelf below provides space for the tub, while the diaper rail can be set beneath. This piece of equipment is most convenient if placed at the left of the washbowl. An adjoining base cupboard can be built, with a top large enough to hold the tub of water and with space below for the baby's clothes. Narrow shelves above the working space, set, perhaps, between medicine cabinets, may hold soap, powder and other bath supplies. "If you're interested in built-ins for baby," Mrs. Claytor concludes, "housing specialists of the U. S. Department of Agriculture have designed simple built-in equipment, and county extension agents may be able to help you plan for them."

Betty Grable Angling For Set-Up Like Clark Gable's

By ERSKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD—Darryl Zanuck is dangling a terrific new contract under Betty Grable's nose. It's comparable to the one Clark Gable has with M-G-M—a lifetime deal... Kay Thompson's sensational act with the four Williams Brothers is about to break up. Two of the Williams boys have been drafted for the Army. Arnold Kirkeby, owner of the Beverly Wilshire Hotel, was able to get a deferment until the act finishes its local engagement, but for her London tour Kay will go it alone... Sterling Hayden will star in "Mission for Sam Houston" for producers Pine and Thomas.

Those cracks about Sessue Hayakawa working for the Japs during the war are strictly off the beam. He spent the war years in France and Humphrey Bogart got a 100 per cent clearance from the State Department before casting him in "Tokyo Joe."

Double Bill
Audie Murphy's book, "To Hell and Back," will hit the bookshelves just about the time his movie, "Bad Boy," is released... Wanna feel old? Terry Kilburne, the British kid who played in "Goodbye, Mr. Chips," was tossed a surprise birthday party by June Havoc and the local cast of "Rain." He's 22 now... Spike Jones is off for 41 days of one-night stands. He'll hit nine states from Arizona to Florida... Joe E. Brown has found an annuity. He's starting his fourth year on the road in "Harvey."

Blazing guns are old stuff to George Raft, so they're giving him something new in "Hounded." The villain packs a bow and arrow.

Plenty of unfiled drama behind the signing of French actress, Florence Marley, by Steve Brody of Allied Artists. She did one lead opposite Ray Milland, then was dropped by Paramount and couldn't find another job. Her U.S. work permit had only 10 hours to go when Brody signed her and almost immediately loaned her to Bogart to complete his cast.

Big Cast
Dore Schary's new deal for M-G-M apparently is the biggest cast in town. "The Great Sinner" co-stars Ava Gardner, Gregory Peck, Ethel Barrymore, Walter Huston, Frank Morgan, Melvyn Douglas and Agnes Moorehead... Greer Garson gets three leading men: Errol Flynn, Walter Pidgeon and Robert Young for "The Forsythe Saga." This picture, by the way, is Flynn's first loanout since he went to work for Warner Brothers 13 years ago.

Van Johnson and his Elvis are plotting a South American trip. Provided Van can combine work with the holiday. He told me: "I've got to be busy to have fun. I'd like to see the sights—and do a club or stage show act at night. (Not to mention that it's easier on the bank account.)"

Jury Considers Photographer's Fate

BEAUMONT—(P)—A jury Saturday deliberated the fate of Sam Varnado, Jr., Beaumont photographer charged with the slaying of his former wife.

Varnado, 28, is charged with fatally shooting his divorced wife, Mrs. Geraldine Virginia Varnado, on September 29. Fatally wounded was Lloyd White, another photographer. The shooting took place in White's studio here.

DEATH MESSAGE
Police Friday relayed a radio message to Mrs. Sally Williams that her father had died.

Crash Victim's Body Returned To Angelo For Funeral Rites

The body of William Melvin Kolb, truck driver killed in a collision 15 miles southeast of here on the Garden City highway early Friday, was taken to San Angelo Friday night by the Ellis Funeral Home. Funeral arrangements were pending there Saturday.

J. L. Danford of San Angelo, who suffered head and shoulder injuries in the so-called "sent," was released from Western Ch. Hospital Friday afternoon. He was not seriously injured.

The accident occurred when the wholesale grocery company truck Kolb was driving crashed into the rear of a truck from the same company, driven by Danford. Kolb died instantly in the crash.

Kolb is survived by four sons, two daughters and his parents, Mr. and Mrs. J. T. Kolb, all of Christoval, four sisters and five brothers. His wife and two other children burned to death in San Angelo in 1944.

County Agent Gives Advice On Pruning Damaged Trees

The trees of Midland will need extra special care if they are to recover from the damage done by the ice storm and return to normal growth, County Agent Hubert Martin said Saturday.

A careful pruning job will be necessary on almost every tree to insure its health, he said. The worker should cut every limb that has been split by sawing it off so as to leave the smoothest surface possible. Jagged edges allow decay for all types of fungus to gain a foothold in the tree. Also, smooth cuts heal more easily.

Cuts should be made as close to the trunk or a main branch as possible, Martin said. This will allow the bark to grow over the wound and heal it. A cut made farther out on a limb will not heal as easily, Martin added.

Pruning should be done soon to insure that the wound is healed before new growth starts in the Spring. This is true especially in the case of Chinese elms as they should be pruned before the sap starts to rise. Cover With Paint

After the cut is made it is advisable to cover the place with white lead paint or some other good tree dressing. This keeps out water and hastens healing.

Sharp pruning tools should be used if possible. Wrong tools can damage the tree. A pruning saw allows sawing from any angle and leaves a smooth edge. Use of an ordinary saw tends to leave slightly jagged edges.

However, it is better to use an ordinary saw than to leave the job undone for lack of tools, Martin said. In using an ordinary saw, extreme care should be taken to make edges smooth.

Don't cut off too much of the tree, warned Martin. If there's any doubt about what to cut, leave it, he said. A limb can always be taken off later, but can never be put back on. A shade tree can be ruined in minutes that took 10 years to grow, he concluded.

Brother Of Midland Woman Dies At Tyler

Funeral services were held Tuesday at Tyler for William Rudolph Skeen, 51, prominent Tyler independent oil producer, and a brother of Mrs. Q. M. (Shine) Shelton of Midland, who died of a heart ailment late Monday.

Skeen was born Jan. 16, 1897, at Sand Springs in Anderson County, and was married June 4, 1919, to Miss Irene Day of Slocum. He had been a resident of Tyler since 1932. He was a Mason and a member of the First Baptist Church.

Survivors include his widow, his mother, a son, a daughter, two brothers, two sisters, and four grandchildren.

Mr. and Mrs. Shelton were in Tyler for the funeral services.

Mollie McCormick's Condition Improved

The condition of Mrs. Mollie McCormick, one of Midland's earliest citizens, is reported improved after a serious illness.

The pioneer woman expressed appreciation to the numerous persons who visited her and for the hundreds of messages she received. Many gifts of flowers were received, she said.

Kermit And Wink Plan Paving Jobs

KERMIT—Work plans for 1949 were laid last week when members of Winkler County Commissioners Court and officials of the cities of Kermit and Wink met in the courthouse.

The commissioners court agreed to assist with the paving of 160 blocks of Kermit streets, doing the grading and in some instances providing the caliche base.

Wink's plans call for 20 to 30 blocks of paving.

Kermit Public Schools Plan Big Bond Election

KERMIT—Decision was made here Wednesday afternoon to call an election for a proposed \$1,400,000 school bond issue for construction of a complete new senior high school unit and other school buildings, according to announcement by G. E. Thompson, superintendent of Kermit schools.

Plans for the bond election were made, Thompson stated, at a meeting of tax representatives of oil companies operating in Kermit Independent School District, members of the school board, and a number of interested citizens.

Petitions calling for the election are to be presented to the school board Tuesday afternoon, when date for the election will be set. In the meantime, I. D. Farley, Houston, with Gulf Oil Corporation, who was delegated to represent oil interests, and representatives of the bonding company will work out suggested retirement schedule of the proposed bonds. This report also will be presented to the school board.

F. L. Ledbetter, president of the Kermit school board, presided at the meeting. Superintendent Thompson pointed out that, even when buildings now under construction are completed, facilities still will be inadequate, and a number of classes will have to be continued in temporary buildings. The proposed new plans, Thompson stressed, are based on present enrollment, despite the fact that this enrollment is 200 more than that of a year ago, and a continued comparable increase is to be expected next year.

A bond issue of \$407,000 for Kermit school was approved in May of last year. Funds from these bonds have been used to purchase more acreage in the east part of town; construction is nearing completion on a new, modern, eight-room primary building, and other construction and modernization.

Varied Observances Listed In Calendar Of Special Days

EL PASO—A calendar of specially designated days, weeks and months to be observed during 1949 has been released by the United States Department of Commerce.

T. U. Purcell, the Commerce Department's district manager in El Paso, says that the compilation is intended to serve as a guide to businessmen in coordinating their advertising with special observances.

The days, weeks and months listed are set aside for special promotions and for celebrations of interest to business. In addition to legal and religious holidays, and such well-known events as Mother's Day, Arbor Day, Columbus Day and Buddy Poppy Week, the listing includes Honey for Breakfast, Large Size Week, Apple Day, Printing Week, Spring Cleaning Drive, and well more than a hundred others, including National Leave Us Alone Week.

National Donut Week, according to the sponsors, is designed to promote good cheer and good fellowship through dunking and National Laugh Week seeks among other things to "help put a smile on the face of America."

The current issue, entitled "Special Days, Weeks and Months in 1949," may be obtained from the El Paso office of the Department of Commerce for 10 cents a copy.

Legislature Opened By J. T. Rutherford

AUSTIN—Rep. J. T. Rutherford of Odessa introduced the motion Tuesday that placed the 51st Legislature "open for business."

The freshman legislator, representing the largest district in the state, grew impatient at the prolonged oratory and organization slowness that has prevailed in previous sessions.

"I thought it was time to get down to business and stop gabbing," Rutherford said.

The representative introduced the resolution declaring that "the House be opened for business and both the Senate and governor be so informed." The resolution was adopted and the newly elected speaker, Durwood Manford, placed Rutherford on the committee to inform the governor and ask him to address the first joint session of the 51st Legislature.

Rutherford is co-sponsoring one of the early bills of the session to set up a committee to revise the election laws. The bill calls for one member to be appointed by the governor, lieutenant governor, and speaker of the house.

Rankin News

RANKIN—Two modern dwellings are nearing completion one-half mile north of Rankin on the Midland Highway, making four at this location which H. F. Neal recently has erected.

Twelve apartments are being completed in West Rankin by E. C. Higday of Big Lake, formerly of Rankin. Six of the apartments will be furnished.

L. B. Menelle, of the Plymouth Oil Company, who has been located at Texon for a number of years, is now in the Benedictum Field north of Rankin.

Louise Merriman of Odessa, visited relatives in Rankin recently.

G. W. Young of Paso Robles, Calif., is visiting in the home of his son, Jim Young, and family.

H. L. Robertson of Rotan has purchased the Hwy. Cafe from Alben Moore.

Mr. and Mrs. Jim Vermillion of LaForte visited recently in the homes of S. O. Langford and L. Z. Titeworth.

Kermit Gets 200 Parking Meters

KERMIT—Ten years ago there was no such thing as a parking problem in Kermit. There wasn't much else but parking space. Recently Kermit city had ordered installation of 200 parking meters on a nine-months trial basis.

Total expenditure for the 200 meters will run \$14,450, with the city paying them out with 50 per cent of the revenue, according to Fred Pearson, city administrator.

Four 10-minute meters will be placed in front of the post office, and the others, ranging from 15 minutes to two hours, will be on both sides of the street west of the courthouse, on Austin Street, and certain sections of South Mulberry and South Pine.

Most of the states of the Union have small deposits of tin, but none of them has a sufficient quantity to mine profitably.

Bodies Of Area War Dead Are Returned

The remains of 10 war heroes from this area are among those of 270 Texans, who lost their lives in World War II, returned to the United States from the Pacific area aboard the USAT Sergeant Jack J. Pendleton.

Listed, with next of kin, are: Cpl. Bradford, Army, Merrill Burgess, Odessa; Sgt. Raymond L. Ely, Air Force, Sam J. Ely, Big Spring; S/Sgt. Thomas D. Francis, Army, Nellie F. Francis, Lamesa; S/Sgt. J. D. Hamrick, Army, H. G. Hamrick, Lamesa; Pfc. Raymond E. Jackson, Army, Mrs. Alonzo Jackson, Big Spring; Sgt. John D. Latimer, Army, Lon M. Latimer, Odessa; Pvt. Denver B. Matlock, Army, Mrs. Ida C. Matlock, Lamesa; Cpl. Richard V. Miesher, Army, Mary Nancy Patton, Big Spring; Pvt. Carl W. Simmons, Army, Stella Lee Simmons, Odessa; and Pfc. William E. Stovall, Navy, Mrs. Lonnie C. Stovall, Stanton.

Mrs. J. Howard Hodge

Mrs. Hodge Seeking Presidency Of TFWC

Mrs. J. Howard Hodge of Midland announces her candidacy for the presidency of the Texas Federation of Women's Clubs, subject to the vote of members in the 1949 state convention next fall.

She is presented as a candidate to the board of directors and member clubs of the federation in letters mailed Saturday by the Fine Arts Club of Midland, of which she is a member. She is the first resident of the federation's Eighth District to ask for the state presidency.

A resident of Midland since she came here as a bride 18 years ago, Mrs. Hodge is a native Texan, born in Rising Star. Her father was a pioneer Baptist preacher of the state.

Experienced Club Officer
Her qualifications for the state office are named in the letter of announcement, which reads as follows:

"The Fine Arts Club of Midland is proud to present Eighth District's first candidate for the presidency of the Texas Federation of Women's Clubs, Mrs. J. Howard Hodge. We feel that the club women of Texas will be fortunate to have as their president such a far-sighted, capable and efficient leader as Mrs. Hodge.

"Having served as president of the Fine Arts Club, president of the City-County Federation, first vice president and president of

Eighth District, first vice president and at the present time an appointed member of the Executive Committee of the Texas Federation of Women's Clubs, her experience includes every step in preparation for this higher office.

Trustee of Alma Mater
A graduate of Howard Payne College, Mrs. Hodge is completing her seventh year as a trustee of that institution. Her education includes graduate work at the University of Colorado. She has served as an instructor in Howard Payne College and as instructor in three Texas high schools. She has taught an adult Sunday School class for 13 years in the Midland First Baptist Church and is a district commander for the American Cancer Society. She has made valuable contributions to her community and state through her service on numerous prominent civic and state committees.

"Mrs. Hodge, through Christian living, vision, community, state and national interests, offers to our Texas Club Women the qualifications of leadership necessary to assist the women of this great state (Continued on page 13)

Fine Arts Club To Honor Candidate At Silver Tea-Review

The Fine Arts Club will present one of its members, Mrs. Roy Parks, in a book review-musical program at a silver tea Tuesday in the home of Mrs. J. Howard Hodge, and also will take the occasion to honor Mrs. Hodge, a member whom the club has just endorsed as a candidate for next president of the Texas Federation of Women's Clubs.

All members of the club will act as hostesses for the tea, and each will invite guests. The Hodge home is at 1301 West Missouri Street, and the program is to begin at 3 p. m. Mrs. Parks is to review the biography, "Enrico Caruso—His Life and Death," written by Dorothy Caruso, widow of the famed Italian singer. She also will play original recordings by Caruso, her own prized possessions.

The reviewer was one of the founders of the Fine Arts Club, which she served as its first president. Her education included study at Kidd-Key College, noted pioneer Texas school, and under Dr. S. S. Currie of Boston.

FINDS ROMANCE?

"Having always had a soft, clear complexion," writes Miss M. A. H. of Florida, "it was hard to see it become sallow and dry. Now thanks to Endocrine, my skin is soft and clear again. Perhaps I can thank Endocrine, too, for the romance that has recently come to me!"

Plans Spring Wedding

Faye Marie Powers

Faye Powers To Be Bride Of W. D. Tiemann

Faye Marie Powers of Midland and William D. Tiemann of Lubbock are engaged and plan an early Spring wedding in the First Baptist Church here. The definite date has not been revealed.

The engagement is announced by Mr. and Mrs. H. T. Powers of Waco, parents of the bride-elect. Miss Powers, who attended the University of Texas, is employed by The University of Texas Lands, geological department, in Midland. She is member of the Xi Theta Chapter of Beta Sigma Phi.

Tiemann is customer engineer with the International Business Machines Corporation in Lubbock, where the couple will reside. His home formerly was in Houston.

Miss Gibbins, Bride-Elect, Is Party Honoree

First of a series of parties planned to honor Bobbie Jean Gibbins, whose approaching marriage to Gene E. McDaniell of Austin has been announced for January 30, was a coffee given Saturday morning by Mrs. W. P. Knight and her daughter, Mrs. Dayton Bliven, in the Knight residence at 1201 West Missouri Street.

The honoree and her mother, Mrs. J. P. Gibbins, were in the receiving line with the hostesses. Guests were greeted at the door by Mrs. Don Davis during the first hour, and by Mrs. George Sientz the second hour.

They were shown first to the sun porch, where ivy and growing plants made an attractive setting for the registry table. Mrs. C. W. Chancellor, Jr., and Mrs. Bob Dry took turns presiding at the guest book.

Doll Bride On Table
Mrs. Sientz and Miss Alberta Smith, and later Mrs. Davis and Mrs. Retta Cummings, poured coffee from the silver services at either (Continued on page 13)

Miss Wilson To Wed In Denton

Announcement is made of the engagement of Letha Wilson of Midland, daughter of Mr. and Mrs. R. M. Wilson of Pottaboro, to Charles Edward Baxter of Sherman, son of Mr. and Mrs. T. A. Baxter of that city. Miss Wilson is a teacher in the West Elementary School here.

The wedding is planned for January 29, in the Little Chapel in the Woods on the campus of Texas State College for Women, Denton. The couple will live in Sherman.

Miss Wilson will leave Midland for her parents' home Friday, at the close of the first semester of the school term.

Episcopal Parish Meeting Scheduled

The annual parish meeting of the Trinity Episcopal Church is scheduled for 7 p. m. Tuesday in the Parish House, the Rev. R. J. Snell, rector, announces. Three vestrymen are to be elected, and reports from various departments of the church will be heard.

The meeting will be at a dinner. Reservations may be made by notifying Mrs. Carl Westlund, telephone 1387. The nursery will be open during the hour.

STUDY GROUP TO MEET
The Social Studies Group of the American Association of University Women will have its January meeting at 8 p. m. Wednesday in the home of Mrs. Ralph E. Lee, 904 North Big Springs Street. Mrs. Frank Paup will be the speaker on the subject, "Emotional Stability."

Engagement Announced

Norma Jean Bramlett

January 28 Wedding Date Is Set

Mr. and Mrs. W. M. Bramlett announce the engagement of their daughter, Norma Jean, to J. S. Patton of Midland, son of Mr. and Mrs. Richard Patton of Bastrop, and grandson of Mrs. Maggie Patton of 907 South Main Street, Midland.

The wedding is planned for the evening of January 28 in the Greenwood Baptist Church. The Rev. Cecil Rhodes, Baptist minister of Big Spring, will officiate.

Miss Bramlett will be attended by her sister, Nada Bramlett, as maid of honor, and Patton's brother, Richard Patton, is to act as his best man. Ushers will be Earl Branch, Ed Stevens, James Beggs and Rodney Baker.

The couple will reside at 300 North Baird Street. The bride-elect, a graduate of Courtney High School, is an employee of Shell Oil Company's Midland office. Patton attended Midland schools and served two years in the U. S. Marine Corps, a part of the time on overseas duty. He is employed in the composing room of The Midland Reporter-Telegram.

LEAVES HOSPITAL

O. C. Stevens was released from Western Clinic-Hospital Saturday after undergoing treatment 12 days for an injured finger.

Parents Reveal Betrothal

Fannie Mae White, whose engagement to Eugene Monstve of the United States Navy is being announced by her parents, Mr. and Mrs. Thomas D. White, 302 North Carrizo Street, is to be a February bride. Her fiancé, stationed now in Guam, will return soon to the United States. Miss White will leave this week for Butte, Mont., where his mother, Mrs. W. H. Flatlers, resides, and on his return they will be married there. They plan to live in Oakland, Calif., until his period of service in the Navy expires in August.

Betty Johnson, James Moore Married In Church Ceremony

A double ring ceremony in the First Methodist Church Friday evening united in marriage Betty Johnson of Midland, daughter of Mr. and Mrs. Leslie Johnson of Iraan, and James H. Moore, son of Mr. and Mrs. J. T. Moore, 905 West Dakota Street.

The Rev. J. Lennol Hester, pastor of the Asbury Methodist Church, read the ceremony as the wedding party stood before an arch of fern studded with white gladiolus. On either side of the arch a candelabrum, with fern and white flowers at the base, held white tapers and there was a basket of white and shell pink gladiolus.

Matching baskets in front of the chancel rail had bouquets of white stock. Family pews were marked with fern and white ribbons.

Bride Given By Father
Mrs. F. B. Hale was the bride's only attendant, and Jack Taylor was the best man. Ushers were F. B. Hale and Hubert Drake, Jr. The bride was given in marriage by her father.

Mrs. Charles Reeder, organist, played "Ah, Sweet Mystery of Life" as the candles were lighted by Mrs. Tucker Johnson and Miss Frances Jordan. Her other pre-nuptial selections were "Memories," "I Love You Truly" and "Poem of Love" and she played the marches and, during the ceremony, "Always."

Miss Verla Lee Gotsch sang the wedding solo, "Because."

The bride wore an ankle-length frock of pastel blue satin with long pointed sleeves buttoned at the wrists, a sweetheart neckline and full skirt gathered to a low waistline. Her slippers of blue satin matched the dress, and her only ornament was a single strand of pearls.

Carries White Bible
White carnations in blue mulline made her halo headdress and also the bouquet which she carried on a white ribbon with a shower of narrow white ribbons.

The matron of honor was dressed (Continued on page 13)

To Marry February 9

Sally Lou Hull

Bridal Attendants Named For Hull-Pierce Wedding Ceremony

Sally Lou Hull, whose engagement to Charles H. Pierce was announced at a tea Wednesday, has chosen her attendants for the wedding, which will be solemnized at 6 p. m. on February 9, in the First Methodist Church.

Mrs. F. W. Barnett will be the matron of honor, Miss Shirley Culbertson the bridesmaid and Ruth Elliott McIntire the junior bridesmaid.

Mrs. E. H. Duffin and Mrs. Barnett entertained with the announcement tea in the Midland Country Club, with a guest list including 260 friends of the couple.

The bride-elect is the daughter of Mr. and Mrs. Winston Hull, 400 West Kansas Street. She has attended Texas Technological College at Lubbock and Colorado University. Her fiancé, an independent oil operator of Midland, is the son of Mrs. G. L. Wotkyns of San Francisco, and is a graduate of Leland Stanford University. He is an active member of the Sigma Chi Animal Chapter here.

City-County Woman's Club Federation To Meet On Thursday
The Midland City-County Federation of Women's Clubs will have its first 1949 meeting Thursday, with the Progressive Study Club as hostess in the home of Mrs. George J. Byrne, 1607 West Holloway Street. The meeting is to begin at 3 p. m.

As a speaker, the club will present Mrs. William Y. Penn, president of the Midland League of Women Voters, who will discuss Texas election laws. The Progressive Study Club's program committee, Mrs. W. E. Cox, Mrs. Ralph Hickman, Mrs. James C. Clary and Mrs. John W. Thomas, Jr., is in charge of arrangements.

Tea will be served by the hospitality committee, Mrs. Sol Bunnell, Mrs. Lindley Latham, Mrs. W. B. Yarbrough and Mrs. Clint Buffington. Mrs. W. C. Kimball is president of the hostess club.

In addition to the program, there will be a business session conducted by the federation president, Mrs. W. G. Epley. Further plans for the annual convention of the Eighth District, Texas Federation of Women's Clubs, which will be held here in April, are to be outlined.

TERMINAL CLUB TO MEET

All members of the Terminal Home Demonstration Club are urged to be present for the first meeting of 1949 at 2:30 p. m. Wednesday in the home of Mrs. Bill Savage, Building T-36. Mrs. Walter Sneed, who was re-elected president of the club for the new year, will appoint her chairmen for 1949, and a program will be given.

Mrs. S. C. Stone Gossard Representative Will Be In Our Store Monday, January 17 Until 12 Noon Only

Everybody's NATIONALLY FAMOUS FASHIONS FOR HER

It's easy to recover the beauty of a favored sofa or chair. Have them redone with handsome custom made slipcovers from THE DRAPERY SHOP, 1008 1/2 West Wall, Mrs. Franklin Mallors them to perfection.

When HOOPER BODY SHOP gives you car a clean bill of health you may be sure it's ready to take to the road on all cylinders and to give you many miles of riding ease.

A flattering portrait of you is always a thrill to you and to anyone to whom you send it. You are photogenic when you are smiling.

No more rainy day "washouts"! THE POWELL WASHATERIA, 505 South Baird, is open from 8 a. m. 'til 6 p. m. Monday, Wednesday and Friday. Tuesday, and Thursday it is open from 8 a. m. 'til 8 p. m., closing Saturday at 2 p. m.

It's something more than food you want these cold days. At the end of a day folks need a peppy, tangy dish to look forward to, and home-made chili from KING'S DRIVE INN is spiced just right. When you sniff that delicious aroma heating up in the kitchen you'll beam with pleasure.

In arid weather, appetites demand exciting foods with tang and flavor. You'll look forward to those peppy Mexican foods at PRONTO PUP. Chili's just right! And that rich sauce that's in it. Um-m-m! An evening's get-together is a lot warmer when you're eating part of the party. That delicious barbecue has the most tantalizing aroma, too.

Guest-welcome homes are easy to acquire. At MIDLAND HARDWARE LINEN DEPARTMENT, you'll find sheerest nylon in every color you would desire to make beautiful glass curtains. You can select the material and have them made up right in the store or buy it by the yard for home sewing. There are the most exciting array of colors to match any of the unusual drapery fabrics you'll find at Midland Hardware Linen Department.

What a beauty—the new 1949 Servel Refrigerator at WESTERN APPLIANCE COMPANY, 219 North Colorado. It has a food compartment, with plenty of ice cubes, moist and dry cold for fresh foods, two big salad fresheners and a special egg tray. And best of all its freestanding system will stay silent, last long—er. For only Servel has no moving parts, no motor—no machinery. Nothing can wear, grove, or noisy. Just a tiny gas flame does the work silently and efficiently.

If you're looking for a rare plate pleasing meal, try those specially cooked steaks at COZY CAFE, on West Highway. You'll say they're the tastiest morsels you ever sunk a fork into. Take your friends to Cozy Cafe. They'll be impressed by your good taste and think you're quite the man-about-town, to make such a wise choice of an eating place. Family parties are also welcome. Take the family there for Sunday dinner.

Make your washing just another stop on your shopping list. Many smart housewives are doing their wash in this automatic way and finding the most economical in a workless way to whither—brighter clothes. THE LAUNDERETTE, 413 West Texas, is sanitary and economical. Located conveniently in the shopping district it enables you to do your marketing while your laundry is being done and tumbled damp-dry. Courteous attendants will carry the damp clothes to your car.

It's not hard to be a carbon copy. If you purchase a suit at MYRNA LYNN FASHION SHOPPE, you'll get a perfect original—the only one of its kind. Myrna Lynn's models are exclusive originals. Her better lines are of the finest quality fabrics, latest and newest colors and designs. Fashion wise women recognize the labels that represent the most exclusive designs and fabrics.

It's just like money in the bank to shop at KRUGER'S during their big January clearance sale. Now you can get that long wanted watch, ring or other coveted piece of jewelry at a great saving. Make your selections now for future gift items and save money. Everything in the entire stock is offered at a tremendous reduction. With graduation coming up in the Spring, you'll be wise to buy a gift now.

The quaintly charming "Town and Country" pottery by Redwing, featured at MIDLAND HARDWARE GIFT DEPARTMENT, instantly creates a feeling of intimacy in a table setting. Its rustic beauty seems to radiate the effect of warmth and hospitality. Its versatility lends itself to modern color schemes and outdoor settings. Handsome and functional, each piece is designed to fit the hand. In colors of metallic brown, rust, charriseau and sand, it is practical and unusual.

There's fun for the whole family, for it's easy to paint with Devor artists supply featured at SIMMONS' PAINT AND PAPER COMPANY. You'll also find Al-phacolor Textile paint sets for painting landscapes or portraits and individual crayons. There is color paper and color boards and all kinds of oil painting supplies including brushes and sketch books. There are Grumbacher sign writer brushes and books of instruction on sketching and designing.

Bring new color and life into your home. Discard those out-moded, shabby lamp shades. PHILLIPS ELECTRIC COMPANY has the most charming assortment of new shades awaiting your selection. There are all silk shades with piggy ear ruffle for vanity lamps, shades for table lamps in new dark colors, swirl taffeta shades, floor lamp shades—in new decorator colors to blend with any color scheme.

When you're in the driver's seat human lives are in your hands. That's why it's so important to keep your car in perfect mechanical condition. Art Class At Work

A part of one of the classes formed last week for instruction in painting by Rene Mazza, Dallas artist, is shown at work in the Palette Club Studio where all the groups meet. Standing at the easel is Mazza, with Billie Hogan intently watching him demonstrate a point. Others seated, left to right, are Lucy Moore, Nell Shaw, A. Morzanni, Dan Holland, George Putnam and Mrs. Tommy Thompson. These are members of the class that meets at night, for students whose jobs prevent their taking part in daytime classes.

Alathean Class Is Entertained By Two Hostesses With Tea

A "white elephant" sale with Mrs. Grace Wallace as auctioneer supplied amusement for Alathean Class members of the First Baptist Church at their meeting Friday afternoon, and also swelled the class treasury.

Mrs. T. Paul Barron and Mrs. Percy Mims were hostesses in Mrs. Barron's home for the tea and business meeting. The program opened with a prayer by Mrs. Harlan Howell and a devotional talk by Mrs. Jack Jones.

In the business session with Mrs. C. M. Goldsmith presiding, reports were made on class work by the vice presidents, Mrs. Wallace on enrollment, Mrs. J. E. Hill on fellowship, Mrs. Jones on class ministries and Mrs. Elliott Barron on stewardship. Mrs. J. O. Nobles' group was announced as holder of the attendance record for the month, and Mrs. W. B. Preston's group for last month.

Book Month
Mrs. Goldsmith announced that February has been designated as "Memorial Book" month in the Midland County Library, and explained how books are presented to the library in memory of friends or relatives.

She poured tea at the refreshment hour, from a table covered by a Normandy lace cloth and centered with a snowball candle surrounded by pink daisies and candytuft.

Present were Mrs. Goldsmith, Mrs. B. C. Girdley, Mrs. Preston, Mrs. M. D. Cox, Mrs. Howell, Mrs. Wallace, Mrs. G. G. Hazel, Mrs. Lenton Brunson, Mrs. Josephine Ligon, Mrs. Jones, Mrs. Elliott Barron, Mrs. Nobles, Mrs. V. L. Red, Mrs. Dot Price, Mrs. C. A. Barton, Mrs. James Vance, Mrs. Hill, Mrs. Clyde Cowden, Mrs. Zeb Wilkins and the hostesses.

PATIENT IMPROVING
Mrs. G. A. Black, who has been seriously ill of pneumonia in a Big Spring hospital, is reported improving and is expected to return this week to her home, 1001 West Louisiana Street.

Aspirin is a derivative of coal tar.

Mrs. Johnson Takes Leadership Again In Girl Scout Troop 8

A former leader who recently has been an assistant in directing the activities of Girl Scout Troop 8, Mrs. Don Johnson, assumed the leadership again at a meeting Friday succeeding Mrs. J. B. Cochran, who is moving to New Mexico.

Mrs. Johnson served the troop as leader beginning in 1944, but this year has been acting as assistant to Mrs. Cochran.

The senior troop met in the Walter Anguish home for a business session, and discussed suggestions for a work program of the year. Lamar Eschberger has volunteered to assist in a program of wing Scouting, which includes ground courses in aviation. Other suggested projects were aid to Brownie troops, library aid, study of child care with a practical application to baby sitting, and study of home-making.

Dephane Tabor was named as troop representative to the Senior Scout Planning Board. Membership cards were distributed. Wanda Burnside, Adele Blackman and Peggy Charlton were appointed as a program committee.

Others present were Jerelen Jewell, Toya Chapple, Sus Johnson, Joan Nelson, Virginia Breedlove and Joyce Howell.

Teen-Age Dancing Classes Slated In Community Theater

Dancing classes for teen-agers, a phase of the Midland Community Theater program which proved popular last year, will start with a meeting at 4 p. m. Tuesday in the City-County Auditorium. Art Cole, director of the theater, will teach the classes.

After enrollment, the group will be divided to form classes for beginners, which will meet on Tuesday afternoons, and for advanced pupils, to meet on Thursdays.

A teen-age dancing class was held last year, and 65 girls and boys learned the fundamentals of dancing. This is one of the activities of the Community Theater which is offered to children of the members. Others may enroll, but there will be a small charge to non-members.

Membership, open to all residents of the county, includes admission to the six major productions of the year, enrollment of children in the Children's Theater as well as the dancing classes, stagecraft classes for adults and a part in the administration.

The first production of 1949 will be the Van Druten comedy, "I Remember Mama," scheduled for February 16-18.

Girl Scout Leaders Course Slated Here

A Girl Scout Leadership Training Course will begin at 9:30 a. m. Monday in the Children's Room of the Midland County Library, with sessions scheduled from 9:30 to 11:30 through Friday. Mrs. I. A. Searles, volunteer trainer for the area, will be the teacher.

Leaders and prospective leaders and assistants for Brownie, Intermediate and Senior Girl Scout Troops are invited to enroll for the classes. Mrs. J. C. Rinker, training chairman in the Midland Girl Scout Association, announced. It will be a standard 10-hour course on the various phases of troop organization and administration.

Make gingerbread waffles and serve for dessert with applesauce and whipped cream.

Mrs. Ayres Gives Tea For Visting Daughter

Mrs. Louis C. Ayres complimented her daughter, Mrs. Donald O. Crookham, a visitor from Austin, with a tea Saturday afternoon in her home, 1610 West College Street. She was assisted by her other daughter, Mrs. Paul Jordan.

Mrs. Paul Anderson and Mrs. David Cole poured tea the first hour, and Miss Jane Johnson and Miss Shirley Culbertson took their places at the silver services. White candles lighted the table, which was covered with a white linen cloth as a background for the crystal and silver.

The honoree wore a corsage of gladiolus, and the hostesses and their assistants had corsages of nandina.

Guest List
The guest list included Mrs. J. O. Conkling, Mrs. G. M. Graham, Mrs. Charles Snure, Mrs. John DeFord, Mrs. Tom Cole, Mrs. Art Cole, Mrs. Clyde Pederson, Mrs. Coy Warren, Mrs. Frank Hawks, Mrs. Mary Ellen Conner, Mrs. Marjorie Caywin, Mrs. G. C. Tompson, Mrs. Wayne Moore, Mr. Jack Huff, Mrs. Dayton Bliven, Mrs. J. O. Keyser, Mrs. F. W. Barnett, Mrs. Tom Ingram, Mrs. K. Anderson, Mrs. J. R. Story, Mrs. Lamar Eschberger, Mrs. Charles W. Chancellor, Jr., Mrs. Evans Dunn, Mrs. P. Crawford, Mrs. Clem C. George, Mrs. O. D. Weaver, Mrs. R. E. Davis, Jr., Mrs. R. Ragsdale of Slaton.

Miss Bobbie Jean Gibbins, Miss Lillie Mae Stovall, Miss Alene Maxwell, Miss Ruth Simmons, Miss Phyllis Chancellor, Miss Sally Hull, Miss Jan Knickerbocker, Miss Dorothy Watson, Miss Billie Walker and Miss Jenine Stevens.

Spring Is Nearly Here; Style Show Plans Are Budding

Trees are splintered; courthouse birds are seeking new homes; Midland gas bills are higher, but Spring is in the air—but definitely. Along with the precocious meadow larks and robins comes the Trinity Episcopal Church's Auxiliary to herald the approach of Spring. Monday at 2 p. m. the auxiliary's committee for the annual Spring style show meets to form plans for the production.

The session will be held in the home of Mrs. R. W. Hamilton at 1110 West Texas Street directed by the three co-chairmen, Mrs. Hamilton, Mrs. Paxton Howard and Mrs. William Kerr.

the junior college from Ector County public schools. Fly announced he had signed a five-year contract with a salary of \$10,000 per year.

W. A. Miller was named by the Board of Education to succeed Fly as superintendent. Miller now is assistant superintendent of schools. Miller has been serving as dean of the college and director of athletics for the JC in addition to his regular school duties. He came to Odessa as high school principal in 1943 and became the first assistant superintendent in 1947.
 Fly long has been active in civic affairs and is one of the state's best known school men.

Telephone Company Makes Progress On Line Repairs Here

Southwestern Bell Telephone Company repair crews were making definite headway in the fight to establish long distance communications from Midland to outside points Saturday. One line to Fort Worth has been opened and lines to Lamesa have been repaired.
 Line crews were working at top speed throughout this area in an effort to restore service to normal within the next few days. A telephone company official said 86 crews have been at work in Midland and vicinity.
 Telephone lines were hit harder than power lines by the severe ice storm. More than 2,500 poles were brought down by the storm and countless miles of wires were broken and damaged.
 Communication facilities here suffered heavier damage in last week's storm probably than ever before.

Food Handlers School Opens Monday Morning

A short course for public food handlers and anyone else who is interested will begin at 9:30 a. m. Monday and last five days. Classes will be held in the city-county auditorium.
 An afternoon class will be held at 2 p. m. and credit will be given for the course upon attendance at one class daily for four days.
 At the end of the course food handler's certificates will be presented those successfully completing the school. These certificates are city requirements for all public food handlers.
 Anyone who handles food either in cafes or at home is invited to attend the free course.

Japan had more than 1,000 earthquakes in the single month of September, 1923.

Services For Crane War Hero Are Held

CRANE—Funeral services for Staff Sgt. Jack A. Florence, killed in England July 18, 1946, were held Saturday afternoon at the Church of Christ here. E. E. Meyer, minister of the church of Christ at Odessa, officiated. Interment was in the Crane Cemetery.
 Survivors include his parents, Mr. and Mrs. Lee Florence, Odessa; a brother, Pfc. Joe Florence, Hampton Field, Calif.; and grandmother, Mrs. C. M. Hartwell of Crane.
 Sergeant Florence was born in Reed Springs, Mo., June 13, 1926. He attended Crane High School, and enlisted in the Air Force in El Paso in 1941. He was in the Ninth Air Force as an aerial engineer on a B-26, and went overseas Dec. 26, 1943.

Season veal outlets with a little powdered rosemary, saute in a little fat, and then simmer until tender.

Midland's All-State Band Members

The Midland High School Band will be represented by five of its members at the State Clinic in Galveston next month. The Midlanders have been accepted as members of the clinic's Blue Band, which corresponds to an all-state football team. Pictured, left to right, are: Bill Emmons, P. D. Smith, Ronnie McFadden, W. L. Thompson and Raymond Doyle.

MHS Band Members Selected To Play At State Clinic

Five members of the Midland High School Band have been accepted as members of the Blue Band at the All-State Band Clinic in Galveston, February 9-12. Director Jerry Hoffman said Saturday. They are Ronnie McFadden, W. L. Thompson, Raymond Doyle, P. D. Smith and Bill Emmons. Hoffman will accompany them to the state-wide clinic.

The bandsters were accepted on the Blue Band upon the recommendation of Hoffman after they had passed a stiff examination to compete for band places.

All-State Unit

The Blue Band, which corresponds to an all-state football team, is composed of the 100 top players in Texas' AA and AA-1 high school bands.

Hoffman explained the selection of the Midland players on the All-State Band is an honor not only to the boys, but to the school and the city as well. He said it is the first time Midland High School ever has been so honored.

The Midland director is well known in band circles of the state. He came to Midland several months ago from Alice to assume the band directorship.

Rankin News

RANKIN — Fire, presumably caused by electrical wiring, caused considerable damage late Wednesday night at the R. L. Bell property. A washhouse burned to the ground, destroying laundry equipment and personal belongings stored in the building.

Belonging to Mrs. Elizabeth Rains was damaged, but occupants were not injured when it left the highway near Brownwood Tuesday night on the icy pavement. Mrs. Rains and daughter, Mrs. Stanley Kozimor and Mrs. L. L. Word were returning from Dallas at the time of the accident. The car plunged across a ditch and a fence before it was brought to a stop.

C. H. Cowden of Orane was a Rankin business visitor Thursday.

Mr. and Mrs. Norman Elrod of the Elrod Headquarters Ranch east of Rankin are the parents of a six-pound two-ounce daughter born Wednesday in a San Angelo hospital. The baby has been named Judy.

Painful Decisions Reflect Tired Feet In Ill-Fitted Shoes

By **BETTY CLARKE**
AP Newsfeatures Beauty Editor

Aching feet can cause painful decisions. A housewife, office boss or factory foreman whose feet hurt may be responsible for making miserable all with whom they come in contact.

Many a man has been fired by a boss with aching feet. Many a mother wonders why her youngster develops a whining voice when he may only be reflecting her own bad temperament caused by aching feet.

High heels or broken down old slippers in which she may attempt household chores will tire her arches quickly. Also in cramping the foot, they may contribute to corns, callouses and even bunions. Open-toed shoes which may be fitted too short also can be annoying to the worker who stands up on a job.

If you tire easily during a work day take an inventory of how you prepare yourself for your job. Tight garters should be avoided as they may impede circulation. Long dresses with long sleeves also may prove cumbersome—particularly when laundering, waxing or scrubbing the floors.

The best costume for a household worker is a short-sleeved dark dress, preferably one that buttons to the side, housecoat fashion, a band of cloth wound around the head to protect the hair and keep annoying wisps from straggling out of place.

Shoes should give plenty of toe room—experts say they should be about one-half inch longer than the longest toe. Stockings should have "give" to them, too. Wear a Cuban or low heel leather soled shoe for more comfort.

Bathe the feet several times during the work day. If you are at home, soak your feet in a small wash basin and scrub them with soap. This will only take a few seconds. Dry them thoroughly and shake on some talc or foot powder. Change your stockings every day. Rotate the use of your shoes.

Lemon, parsley, tomatoes or butter sauce do a lot to point up the flavor of fish dishes; watercress is also an excellent addition to a fish platter.

Cafeteria Menus For Week Are Announced

Midland public school cafeterias this week will feature the following menus.

Monday—Meat balls with spaghetti, turnip greens, cabbage and carrot salad, cornbread, cake squares, milk.

Tuesday—Braised tenderloin tips, hash brown potatoes, buttered beets, lettuce salad, hot rolls, cookies, milk.

Wednesday—Roast pork and dressing with gravy, green beans, apple and celery salad, hot rolls, apple sauce, milk.

Thursday—Country sausage with cream gravy, mashed potatoes, buttered carrots, combination salad, hot rolls, cup cakes, milk.

Friday—Cheese, baby lima beans, combination salad, cornbread, stewed prunes, milk.

McCamey HD Club Has Regular Meet

MCCAMEY—The Garden Home Demonstration Club met in the home of Mrs. Wilbur M. Harris Wednesday afternoon.

Mrs. C. E. Harris was elected finance chairman and Mrs. J. T. Gibbs was named recreation chairman.

Miss Myrna Holman, home demonstration agent, gave a demonstration on remodeling, cleaning and blocking old hats.

Refreshments were served by the hostess to Mrs. T. L. Fuller, Mrs. J. T. Gibbs, Mrs. C. E. Harris, Mrs. J. R. Sumrall, Mrs. W. T. Thomas, Mrs. L. Burnett, Mrs. C. N. Anderson, Mrs. Margaret Littlejohn, Mrs. Jimmy Hayes and Miss Holman.

\$1,400,000 Issue School Construction At McCamey Delayed

MCCAMEY — Supt. Howard E. Stoker has announced that construction on the three new school buildings has hit a snag and completion delayed due to a delay in material shipments.

The three buildings—band, home economics and cafeteria—were delayed for some five weeks before the Christmas holidays.

The buildings were scheduled for completion by January 1, but due to the delays, it will be the last part of February before the work will be completed.

New Chevrolet To Be On Display Saturday

DETROIT—The 1948 Chevrolet, to be introduced nationally at dealer showrooms Saturday, January 22, will be the most sharply advanced model in company history. T. H. Keating, general sales manager, said. "It will be the first passenger car in several years in which we have made broadscale improvements in both body and chassis," said Keating. "Under experiment since V-J Day, the model actually offers the culmination of three years of design development and engineering research."

If the meat to be pan-broiled is very fatty, pour off the fat as it accumulates.

Rankin Bridge Club Has Wednesday Meet

RANKIN—One table of the Wednesday Bridge Club played in the home of Mrs. Walton Harral this week. High score was held by Gertrude Smith and second high by Mrs. Clint Shaw. Mrs. D. S. Anderson was a tea guest.

Mrs. Harral served salad, cake and coffee to Mrs. Smith, Mrs. Shaw, Mrs. Anderson, Mrs. Roy Priest and Mrs. C. G. Taylor.

Serve leftover slices of roast veal with an interesting sauce—tomato and mushroom, perhaps, or a brown sauce with capers and parsley.

Bank At Rankin Reelects Officers

RANKIN—Officers and directors of the First State Bank of Rankin were reelected at the annual stockholders meeting held Wednesday afternoon. The bank has enjoyed a profitable year.

Officers of the banking institution are J. M. Lackey, president; F. Rankin, vice president; D. Lowery, executive vice president; D. S. Anderson, cashier; and A. Adams, John D. Hurst and O. Edwards, assistant cashiers.

Directors are Lackey, H. Noelke, O. W. Parker, Lowery, C. Taylor, J. F. Rankin and H. F. N.

Guilds Of Episcopal Auxiliary To Begin New Year Monday

First meeting of a new year will be held by Guilds of the Trinity Episcopal Women's Auxiliary Monday, including the recently organized Catherine's Guild which will meet at 9:30 a. m. in the Parish House.

Officers of the group will be hostesses. Mrs. John Stille is the chairman; Mrs. W. S. Nelson, co-chairman; Mrs. Frank Whitaker, secretary-treasurer; and Mrs. Hallock, program chairman.

Afternoon meetings at 3:30 are scheduled for St. Margaret's Guild the home of Mrs. Eric Bucher, 61 West Brunson Street; and for St. Cecilia's Guild in the Parish House with Mrs. Duncan Aldridge as hostess.

New officers are in charge of the guilds and of the auxiliary will meet at the start of a new calendar year.

The Irish River Shannon is the longest river in the British Isles.

College Girl Needs Plan For Skin Care

By ALICIA HART
NEA Staff Writer

Any college girl with an acne condition should go back to school with a doctor-approved program of skin care.

Skipping that visit to the doctor before she leaves home for a line-up on what's needed in the way of general health improvement as well as skin care while she's away at school may lead to regrets.

One of the most important aids to clearing up a troubled skin is a diet that excludes many of the college-shop confections which are so tempting to the school girl. With her doctor's "No!" fresh in her ears, the girl who wants to clear her skin of acne will be firmer in her resolve to resist temptations.

A school girl who knows that she is committed to a medically approved program of skin care will not be apt to fall for this or that remedy suggested by well-meaning friends which may be more harmful than helpful in getting rid of acne.

Mary Alice Boyd, daughter of Mr. and Mrs. Jimmie Boyd of McCamey, is the bride-elect of George Frank Barfield, son of Mr. and Mrs. E. E. Barfield of McCamey. The wedding will be held January 20 in the Boyd home. After a wedding trip, the couple will return to McCamey where Barfield is employed at the post office.

MHS MID-TERM EXAMS BEGIN WEDNESDAY
Mid-term exams are due to begin at Midland High School at 1 p. m. Wednesday, Principal Charles Mathews announced Saturday. Examinations will continue until 11 noon Friday. The new semester will begin with the opening of school January 24.

Gene O'Sullivan Of Nebraska May Be House Asset

By DREW FEARSON
Copyright, 1949, By The Bell Syndicate, Inc.

WASHINGTON—One member of the 80th Congress who won't be missed in Washington is bombastic Rep. Howard Buffett of Omaha, Neb. The big broom that swept Buffett out of office on November 2, swept in his opposite number—an affable, six-foot, two-inch Irishman named Eugene D. O'Sullivan, who got himself elected by plumping for the liberal program of Harry Truman.

Folk out Nebraska way claim that Gene O'Sullivan is the greatest criminal lawyer since Clarence Darrow. And he has a heart as big as his reputation, with the result that his fees frequently go uncollected. O'Sullivan has fought numerous cases for impoverished clients, including several that went to the higher courts, at his own expense.

"Fair Dealer"
Politically, he is a 100 per cent "fair dealer" on both domestic and foreign policies. The new Nebraska congressman got his start in big-time politics at the 1924 Democratic Convention, where he was given chief credit for putting over Charles W. Bryan, former Nebraska governor, as the running mate of John W. Davis.

There was strong opposition to Bryan because of the grape-juice crusade of his famous brother, William Jennings. The hostility centered in the big New York delegation. So when O'Sullivan was drafted at the last minute to make the Bryan nominating speech, he ad-libbed a glowing tribute to the late Tammany Hall boss, Charles Francis Murphy.
His quick thinking appeased the New Yorkers and clinched the vice presidential nomination for Charles Bryan.

STANTON MEN BUY McCAMEY STORE

McCAMEY—Cleveland and Wieland Atchison, twin brothers, have announced the purchase of the Friendly Food Store here. The Atchisons came to McCamey from Stanton.

Texas' Lyndon Johnson Is Called Asset To Washington

By DREW FEARSON
Copyright, 1949, By The Bell Syndicate, Inc.

WASHINGTON — Texas' newly elected Senator Lyndon Johnson is by no means new to Washington, but whether new or old, his colleagues agree, he will be an asset. The lanky, soft-spoken Texan was elected despite one of the worst mudslinging campaigns in the stormy history of Texas politics, in which the mud was bought and paid for by the oil lobby. Johnson was chairman of the House subcommittee that forced California Standard Oil to give Elk Hills back to the government, and the oil boys have been waiting to get even ever since.

They fought him first in the Democratic primary, then subsidized his opponent, Ex-Governor

Coke Stevenson, in the run-off. (Stevenson had renewed a valuable lease with Magnolia Oil Company only last summer.) Then, when Johnson won the nomination by an 87-vote margin, the lobby—most of its members Democrats—threw their weight to the Republicans. The oil lobby not only went over the legal limit in campaign contributions against Johnson, but did its politicking through a dummy corporation, despite the fact that it's illegal for any corporation to contribute to a political campaign.

The dummy corporation was called Honesty, Inc., but was almost laughed out of business when Neal Campbell, formerly indicted for embezzlement, was picked to head it. Hastily the lobby ditched him in favor of L. B. Clegg, a San Antonio printer.

Another active figure in the movement was W. B. Luce, a Dallas oil man, who sent out petitions pleading for a million names to protest Johnson's nomination. "What he wants," wrote Luce, with amazing frankness, "is an oil senator, not a New Deal senator."

Fiery-spirited but gentle-mannered, Johnson has always been a champion of rural electrification, public housing and a strong defense. He took the lead in fighting for a 70-group Air Force in the House, and halted the sale of surplus war plants by hammering President Truman. He also got the first slum-clearance project in the United States built in his congressional district.

Johnson first came to Washington as a secretary to Congressman Richard Kleberg, later went back to

Texas to become state administrator for the National Youth Administration. When Congressman James Buchanan died, Johnson won his seat over 10 other candidates in a special election. That was in 1937, and he has come back every term thereafter.

Johnson was born and reared in Johnson City, Texas, which was founded by his grandfather, a Confederate soldier. The first log cabin in town was built by his grandfather and is now a local shrine.
(Copyright, 1949, By The Bell Syndicate, Inc.)

Brussels sprouts, for holiday meals, may be cooked whole or quartered. Be sure to remove wilted and discolored top leaves before washing; the tough core-like center should be snipped off, too.

New County Attorney Moves In At Stanton

STANTON—Tom B. Adams formerly of Albuquerque, N. M., has assumed his duties as Martin County attorney. He recently was appointed to the position by the commissioners court after the office had been vacant several months. Adams has been a practicing attorney 11 years. He is married and has three children.

Ferrell Back From Nashville Meeting

C. B. Ferrell, Reporter-Telegram classified advertising manager, has returned from Nashville, Tenn., where he attended the annual convention of Southern Classified Advertising Managers. Ferrell said many new ideas and methods for giving the advertiser better service were discussed, as well-known advertising men on the convention program. Ferrell said he will try to add a little shredded lemon orange rind.

Zoology Museum Has Rare Mexican Rodents

AUSTIN—A pigmy mouse, hardly larger than a new-born mouse of ordinary species, and a rat with spines instead of hairs were added to the University of Texas Zoology Museum after a recent field trip to Hebronville and McAllen.

The pigmy mouse and the spiny rat are Mexican species which rarely get farther north than South Texas. Dr. W. Frank Blair, associate professor of zoology, and two students, Wilmet Thornton of South Norwalk, Conn., and William L. Gustafson of Austin, spent two weeks along the border collecting specimens of mammals, and studying birds.

Business Session Is Slated Sunday For Officers Club Here

Members of the Midland Officers Club will meet at the club headquarters at Midland Airport at 3 p. m. Sunday for the purpose of electing new officers and handling other club business.

Frank Whitaker, club president, urges all members and prospective members to be present.

Membership is open to officers and former officers of all branches of the armed services.

Add a little dry mustard to the flour, salt and pepper that is used to pound into Swiss Steak.

Nephew Of Midland Trio Gains Fame As Arkansas Architect

Irven O. McDaniel of Hot Springs, Ark., a great-nephew of C. C. Ned and Miss Lydia Watson of Midland, is the subject of an illustrated story appearing in a recent issue of a Little Rock, Ark., newspaper.

The Hot Springs man is a successful and prosperous architect at 25 years of age, and in the last three years has designed numerous modernistic buildings in his home city. He has been appointed to design a new \$1,000,000 high school building in Hot Springs. He plans to develop his own school of architecture, according to the newspaper story.

The crash of a Royal Air Force bomber in the North Sea off Kiel, Germany, in 1942 led to McDaniel becoming an architect, according to the story. After being rescued by a Danish fisherman, he was captured by the Germans and eventually was interned in a prison camp near Berlin. While there he became acquainted with Kasimierz Zakrewski-Ruchnaki, an RAF flyer and native of Poland, who had been associated with the University of Warsaw Department of Architecture. The Pole took an interest in the young American when he learned his father was an architect and that the son had been interested in the profession.

Condensed training of the Polish architect worked with him 16 hours a day, seven days a week while they were interned together. He estimates, according to the Little Rock newspaper story, his architectural training during 34 months of internment is equal to 12 years of college training.

McDaniel became something of an "escape artist" while he was a prisoner, and the news story relates some of his experiences.

He returned to Hot Springs in 1943 to join his father's architectural firm.

His maternal grandfather, the late Dr. W. C. Watson, was a member of the Little Rock Methodist Conference more than 50 years. He was a brother of the Midland Watsons and visited here on numerous occasions.

Baptists To Ordain Six Deacons Sunday

The First Baptist Church will ordain six members as deacons Sunday night, in a service beginning at 8 p. m. in the church auditorium, the Rev. Vernon Yearby, pastor, announces.

Eight deacons recently were elected in the church. The six to be ordained are T. Paul Barrow, Clifford Hogue, Duke Jimeron, Charles Mathews, Martin Neil and Harlan Howell. The Rev. A. W. Smith of the First Baptist Church of Roscoe will deliver the ordination sermon.

The charge to the church and the deacons will be given by the Rev. G. W. Parks of Roscoe, and the local pastor will lead the ordination prayer and conduct the examination of the candidates. All ordained ministers and deacons present will participate in the laying on of hands' ceremony in the ordination service.

Hodge-

(Continued from page 1) In assuming their rightful place of responsibility in the restoration of world order.

Endorsement Unanimous

"Our candidate has the unanimous and official endorsement of the Fine Arts Club, subject to the rules governing elections, which includes endorsement by the District Board of Directors and convention delegates at the Spring convention 1949.

"Your support and your vote will be appreciated."

Some of Mrs. Hodge's services to her community and state which were not detailed in the letter include acting as a trustee of the Midland Memorial Hospital, the fact that she has been a district committee woman of the Democratic Party and last year was a delegate from this district to the National Democratic Convention, and her recent appointment by the Texas Federation of Women's Clubs to serve on Gov. Beauford Jester's committee on revision of the state constitution. On the latter committee she is to work with Margie Neal, former state senator, on educational phases of the proposed revision.

The Twentieth Century Club of Midland claims Mrs. Hodge as organizer. She is a non-resident member of the El Paso Woman's Club and the Woman's Breakfast Club of San Antonio.

Grated yellow cheese is delicious on many dishes and helps add good food value to a meal. Sprinkle it over a casserole dish, on a mound of fluffy mashed potatoes or over a cream soup.

Oak Ridge Scientist Is Visiting Professor

GALVESTON—Dr. Marshal Bruer, recently appointed director of the Oak Ridge Cancer Research Laboratory Biology division, has been named visiting professor of physiology at the University of Texas as Medical Branch here.

TIME SAVER

Rinse starchy foods such as potatoes, rice and cereals off dish surfaces while foods are still hot and moist if you want to save dishwashing time. Starchy foods tend to shrink as they dry and to cling more stubbornly to dish surfaces than when moist.

EXCLUSIVE WITH

CHAS. A. **Haynes** COMPANY

Bettye Johnson

(Continued from page 1) in grey crepe, long sleeved, with softly bloused bodice and a peplum skirt. Her corsage was of pink gardenias and her hair headpiece of white carnations in pink mallow.

The candle-lighters' frocks, Johnson's of rose and Miss Jordan's of aqua, had full, ankle-length skirts, fitted bodices and long sleeves. Both wore pink carnation corsages.

The bride's mother was dressed in a suit of skipper blue with grey accessories, and Mrs. J. T. Moore wore a brown suit with accessories in a blending shade. Their corsages were of white gardenias.

Wedding guests from out of the city were Mr. and Mrs. H. B. Williams, Mr. and Mrs. Roy Roberts, and Mr. and Mrs. L. C. Halbert of Crane; Mr. and Mrs. E. M. Bowen of El Paso; Mrs. C. T. Calk of Iraan and Kennard Cody of McCamey.

Couple On Trip

After the ceremony an informal reception was held in the home of the bridegroom's parents, where the candle-lighters served the wedding cake and punch. The white cake, decorated in pastel blue, was set on the lace-covered dining table which was centered with white flowers.

Mr. and Mrs. Moore left on a trip to Ruidoso, N. M., the bride wearing a green gabardine suit with grey accessories, the flowers from her wedding bouquet pinned on the shoulder. After the trip the couple will be at home for the present at 905 West Dakota Street.

Mrs. Moore is a graduate of Crane High School and has been employed with the Trinity Drilling Company here. Moore was graduated from Midland High School and served a year and a half in the Navy, and is now a student in the Hine Business College.

A quarter pound of liver that has been cooked lightly and put through the meat chopper may be added to a meat loaf for extra nutrition.

Miss Gibbins

(Continued from page 1) end of the dining table.

A blue linen cloth covered the table, and in the center were dolls dressed as a bride and her four maids, standing on a reflector. A fern-covered arch with a white bow in the center, flanked with vases of candytuft and white hyacinth, made the background for the dolls. Two of the tiny bridesmaid dolls were dressed in pale green and held bouquets of cerise split carnations; the others, in cerise frocks, held hyacinth blooms as did the doll bride.

Cerise Flowers Used

A fan-shaped arrangement of white gladiolus was placed on the buffet. In the living room, a large bouquet of cerise carnations was on the piano, and an arrangement of white stock and candytuft on the mantel. Godetias in the cerise shade made a bouquet in the adjoining room.

Miss Gibbins and her mother were presented corsages of Camellias to wear during the coffee hours, and members of the house party had corsages of cerise carnations.

Others in the house party were Mrs. Paul Bigelow, Mrs. R. T. German, Mrs. G. E. Mershon, Mrs. C. G. Campbell, Jr., and Miss Dorothy Watson.

The guest list included approximately 200 friends of the bride-elect, who plans to live in Austin after her marriage. McDaniel is a student in the University of Texas there. His parents reside in Houston.

The hostesses' gift to Miss Gibbins was an antique china cup and saucer.

Area Students Get Business Degrees

AUSTIN—Candidates for University of Texas Bachelor of Business Administration degrees at the January 31 mid-session graduation include: John Paul Bizell, Jr., and Edwin Leo Branahney of Midland; Harry Rea Sindorf of Kermit.

In making frosting, sift the confectioners' sugar used if it is lumpy to insure a smooth topping.

Tired, "All-In"—Listless Feeling Brought To Halt

As Vibrant Energy Is Released To Every Muscle, Fibre, Cell

Do you get up in the morning still tired, feel down-and-out all day? Have you checked-up on your blood strength lately? Overwork, undue worry, cold, flu or other ailments often wear down the red-blood-cells.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. SSS Tonic is a positive proof shown that SSS Tonic is especially effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood stirs throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

CARNIVAL

"That's right, Pet—I'll be home pretty late! Sitting up with a slick friend!"

Winkler County Officials Get Salary Increases

KERMIT—Salary increases for most county officials were ordered when members of Winkler County Commissioners Court met recently. Salaries of the county judge, sheriff-tax assessor-collector, county-district clerk, county auditor, and county attorney were increased \$400 per year, from \$5,000 to \$5,400. Commissioners salaries remain the same as of last year, \$3,600, plus \$25 per month for car expenses. The county engineer will receive \$500 per month, plus \$25 for instrument rental and \$25 for car allowance. Last year this position paid \$425 per month with \$25 for instrument rental. The county agent's salary was increased from \$1,700 to \$2,000 annually, and the home demonstration agent's pay went to \$125 from \$100. All office deputies received salary increases, but outside deputies, who received increases last year, remain the same.

About 140,000,000 tons of coal are burned annually in England.

IT'S A FACT

AND WE CAN PROVE IT.

Daddy Ringtail

Daddy Ringtail and Mr. Too-Tall

By **WESLEY DAVIS**
"Sammy," Daddy Ringtail said to the monkey boy one day, "please go to the lemon tree and bring home some lemons. I want to make some lemonade. Someone is coming to see me."
"Who is it?" Sammy asked.
"It's Mr. Too-Tall," Daddy Ringtail said. "You don't know him."
"Oh!" Sammy said, because he had never heard of Mr. Too-Tall. Sammy started off through the forest, and when he came to the lemon tree, he climbed up the tree and began to fill his arms with the big

yellow lemons. When he had all the lemons he could carry, he looked off through the forest, over the tops of some of the trees that weren't nearly as tall as the lemon tree.
"Ooh!" Sammy said. "Oh me! Oh my!" And he hurried down to the ground and ran home as fast as he could, dropping lemons as he went. "Oh! Daddy Ringtail!" Sammy called out. "I saw something awful! I saw him over the top of some trees, when I was getting the lemons!" Because he was out of breath, Sammy stopped a minute; and then he said, "He was as big as a church!"

Daddy Ringtail looked at Sammy very carefully. Daddy Ringtail knew that no animal is as big as a church. And yet, Sammy had said he'd seen one, and Sammy was very, very excited. Certainly Sammy had seen something.
Daddy Ringtail said, "How could you see him, if he was behind those trees?"
"Oh, I didn't see all of him," Sammy said. "I just saw his head. He was peeking over the trees and so he must be as big as a church!"
And Sammy's eyes were very big and very round. You can imagine how big and round your eyes would be if you thought you'd seen an animal as big as a church.
But Daddy Ringtail began to smile. "That was just Mr. Too-Tall," Daddy Ringtail said. "He isn't as big as a church. He's just very tall. He's not nearly as big as he is tall. And he's a nice,

friendly animal. He wouldn't hurt anybody." And Daddy Ringtail smiled again, because Mr. Too-Tall was really a giraffe, an animal that Sammy had never seen.
A giraffe, you know, has very long legs and a very long neck. He's very tall, but a giraffe isn't nearly as big as he is tall. If he were, he would indeed be as big as a church, almost. Sammy decided he wouldn't do one thing ever again. He wouldn't say how big anything was, until he'd seen all of it. Happy day!

Exploits Of Bravery Won Congressional Medals Of Honor For 30 Texas Heroes

By **TEX BASLEY**
(Last Of A Series)
WASHINGTON (AP)—Col. Neel E. Keerby of Dallas and Wichita Falls, fallen World War II ace, is conspicuous among Texans awarded the Congressional Medal of Honor.

Keerby was credited with destroying 24 Japanese planes between September, 1943 and March 4, 1944, when he crashed in the Pacific and was reported missing.

The exploit that won Keerby the Medal of Honor is described in a book just published by the Army, covering all that service's recipients of the honor since it was established in 1962. Keerby also held

the Distinguished Flying Cross, the Silver Star and the Air Medal.

The Medal of Honor citation said: "Colonel Keerby volunteered to lead a flight of four fighters to reconnoiter the strongly defended enemy base at Wevok on October 11, 1943. x x x Col. Keerby brought down six enemy aircraft in this action, undertaken with superb daring after his mission was completed."

Excerpts from citations accompanying awards to other Texans who received the Medal of Honor in World War II follow.

Reopened Supply Line
Lucian Adams, born in Fort Arthur and entered service there . . .

"On October 28, 1944, near St. Die, France . . . when his company was stopped in its effort to drive through the Mortagne Forest to reopen the supply line to the isolated Third Battalion, Staff Sgt. Adams braved forward dodging from tree to tree firing a borrowed BAR from the hip. x x x In the course of the action he personally killed nine Germans, eliminated three enemy machine guns, vanquished a specialized force which was armed with automatic weapons and grenade launchers, cleared the woods of hostile elements, and reopened the severed lines to the assault companies of his battalion."

Robert G. Cole, lieutenant colonel, born at Port San Houston and entered the service at San Antonio. "On June 11, 1944, in France Lieut. Col. Cole was personally leading his battalion in forcing the last four bridges on the road to Carpentras when his entire unit was suddenly pinned to the ground by intense and withering enemy rifle, machine gun, mortar, and artillery fire placed upon them from well-prepared and heavily fortified positions. x x x With utter disregard for his own safety and completely ignoring the enemy fire, he rose to his feet in front of his battalion and with drawn pistol shouted to his men to follow him in the assault. x x x His heroic and valiant action in so inspiring his men resulted in the complete establishment of our bridgehead across the Douve River."

Forrest E. Everhart was born in Brainbridge, O., but entered service at Texas City. "He commanded a platoon that bore the brunt of a desperate enemy counterattack near Korling, France, before dawn on November 12, 1944. When German tanks and self-propelled guns penetrated his left flank x x x he ran 400 yards through woods churned by artillery and mortar concentrations to strengthen the defense. x x x He left the gun, boldly charged the attackers and, after a 15-minute exchange of hand grenades, forced them to withdraw leaving 30 dead behind. x x x In the light of bursting mortar shells, he again closed with the enemy in a grenade duel, and, after a fierce 30-minute battle, forced the Germans to withdraw leaving another 20 dead."

James H. Fields, born at Caddo and entered service at Houston. "On

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, JAN. 16, 1948—12

commanding a platoon of mobile weapons at Komerscheidt, Germany, November 4, 5 and 6, in 1944. "Although wounded early in the battle, he continued to direct fire from his advanced position until he was disabled by a high explosive shell which shattered his arm, forcing him to withdraw. He was last seen at a medical aid station which was subsequently captured by the enemy. x x x"

James M. Logan, born at McNeil, Texas, entered service at Luling. In action near Salerno, Italy, September 9, 1943, "as a rifleman, he landed with the first wave of the assault echelon on the beaches of the Gulf of Salerno. x x x The conspicuous gallantry and intrepidity which characterized Sergeant Logan's exploits proved a constant inspiration to all the men of his company, and aided materially in insuring the beachhead at Salerno."

Edward S. Michael was born in Chicago but entered service in Dallas. "While serving as pilot of a B-17 flying fortress over Germany, April 11, 1944, he was attacked by a swarm of fighters. His plane was riddled from nose to tail with exploding cannon shells x x x and he was seriously wounded in the right thigh. When one of his crew found his parachute riddled and useless, after Michael had ordered the crew to bail out of the plane, he decided to crash land the plane if necessary. The crippled craft finally staggered back to England and Michael safely landed it."

James E. Robinson, Jr., was born at Toledo, O., but entered service at Waco. He was a field artillery observer, near Untergrishelm, Germany. On April 6, 1945, when the territory was swept by severe German machine gun and mortar fire. "He took charge of a badly decimated company. x x x In the advance he was seriously wounded in the throat by a shell fragment, but, despite great pain and loss of blood, he refused medical attention and continued the attack, directing supporting artillery fire even though he was mortally wounded."

Lubbock Man
Herman C. Wallace was born in Marlow, Okla., and entered service at Lubbock. "While helping clear

enemy mines from a road, near Prunshurley, Germany, February 27, 1945, he stepped on a well-concealed anti-personnel mine. Hearing the characteristic noise indicating the mine had been activated, and knowing it would wound or kill nearby comrades if he stepped aside, he deliberately placed his feet on it even though his own best chance for survival would have been to fall prone. Private Wallace was killed when the charge detonated, but saved his fellow soldiers from death or injury."

Dress For Bride's Mother Is Problem

By ALICIA HART
NEA Staff Writer

The bride's mother, according to the experts, is harder to dress than the bride.

The reason that Mom presents a problem, says Wilma Allen, bridal consultant of a swank New York shop, is that she's too young to wear gray lace, yet as the hostess of the day she must dress with dignity.

Better than an all-lace dress which is aging, says Miss Allen, are dresses of crepe-and-lace combinations and changeable taffetas. This consultant claims that she has been successful in outfitting both the bride's mother and the groom's mother in satin suits, which she says look even more festive for September wedding when worn with lace blouses.

Important to the harmony of the wedding party is the need for the bride's mother and the groom's mother to know what each other is going to wear. If the type and color of these ladies' dresses are not in harmony, Miss Allen warns that there will be a discordant note, which can spoil the lovely effect which every bride wants her wedding party to achieve.

Texan's New Book Follows Dim Trails Of Pioneers

By DAVE CHEVANS
AUSTIN—(P)—Worth S. Ray of Austin is an amateur historian whose hobby is following the dim trails of the little people—the unsung farmers and merchants—among Texas pioneers.

Straining his eyes to read the faded records in dusty books and tearing his pants on briars in abandoned cemeteries to make out eroded inscriptions, Ray has filled in some big gaps in his new book, "Austin Colony Pioneers," privately printed here.

He started with the names of the original 300 Austin colony pioneers who settled early in the 1830s in Bastrop, Fayette, Grimes, Montgomery and Washington counties. Ray's book tells what happened to them, especially the individuals whose names failed to rate notice by what he calls the "big history books."

In his own words, Ray "drags forth skeletons in the closets, stories of human interest and exciting experiences . . . of love under the Live Oaks at Old Independence; of strutting bridegrooms married in Santa Anna's old brocaded vest; of Old Webberville, the first hot spot on the banks of the Colorado whose wild denizens broke for cover when Warren Burleson stalked down Main Street."

There was four-year-old Mary Ann Alcorn, for instance, daughter

of Elijah who spelled it "Eligah." She arrived with her father, mother and brothers on the banks of the Brazos south of the spot where Washington-on-the-Brazos was built. It was the last day of the year 1831, antedating the formal establishment of Austin's colony, but the Alcorn-McNeese-Boatright party were among the first Anglo-American group-breakers in Texas. As Ray puts it:

"Young Stephen P. Austin only a few days before at the little Mexican town of Nacogdoches had told them that somewhere in between the Brazos and Colorado Rivers good home-sites and productive lands lay ready for the occupancy of settlers."

Ray, who makes his living as editor and publisher of the Texas Supreme Court Reporter, goes on to tell what happened to the Alcorns, the McNeeses and the Boatrights. Mary Ann married Parrott W. McNeese, son of John, in 1839. Parrott became sheriff of Washington county and died in 1885 at Brenham, five years after Mary Ann's death.

Family Trivia
The book's 378 offset-printed pages are packed with such family trivia sharpened a hundred times with spicier items gleaned from the old newspapers, county records and locally-written histories.

From Noah Smithwick's "Evolution of a State" he relays the story of Capt. James B. (Brit) Bailey, a squatter who refused to be evicted from the Austin lands and a rebellious soul who declined to be buried lying down. When Brit was in his last illness, he is quoted as having told his wife:

"I have never stooped to any man, and when I am in my grave I don't want it said there lies old Brit Bailey." Bury me so the world must say there STANDS Brit Bailey, and bury me with my face to the setting sun. I have all my life been traveling westward and I want to face that way when I die."

And so, Ray relates, they had a hole dug like a well and they lowered the coffin feet first so that Old Brit would be facing the setting sun in his last resting place.

Crowded Conditions
Then there is the story of Wayne Barton who felt he was being crowded when settlers moved within a dozen miles of him, and who moved into the vicinity of what is now Austin. Famed Barton Springs, the story goes, was named for him. His son Wayne—a son-in-law of General Burleson, the former vice-president of the Texas Republic—died in early-day feuding.

In this category is the numerous Black family, original settlers of Grimes county which was hewed from Washington county. Ray lists the 13 children of Gavin Ringley Black who married Margaret Anna Moore. One of their children was Tom C. B. Black who moved to Hill county and whose son is Charles L. Black of Austin, one of Texas' top lawyers.

★ TEEN TALK ★

When a half-dozen baseball fans shed red salty tears, you might ask "what's this tough old sports world a-cousin' to?" But when those fans are teen-age girls and happen to be probably the most loyal fans any baseball team ever had—it should be understandable.

Here's why. The girls have a perfectly swell organization—The Mel Ott Fan Club—with 140 members including movie-star Tullulah Bankhead, Ronald Reagan and Bill Bendix.

The club was dedicated to the proposition that—all other things being equal in the baseball world—the New York Giants' Mel Ott was the most terrific, stupendous, colossal manager that ever walked in a ball park. "So what happens?" The girls say "we were hit with a foul ball and how Mel Ott is out and Leo Durocher, former manager of the Dodgers, is in."

What to do? Lennie Goodkin, 19, co-president and one of the club's founders, has been going to the ball park since she was't much bigger than a baseball bat. She says: "We'll keep rooting for the Giants but will retain the Ott name for our club. Mel was such a perfect gentleman it will be hard for anyone else to understand the enjoyment he gave us—a bunch of city kids who rarely see a bird or a bee—in the good American game of baseball."

The club's spokesmen say they think more girls should interest themselves in baseball. It will give them an opportunity to be in the outdoors. "But pick yourself a nice, conservative team like the Giants," is how they plug their team.

A group of Milltown, Ind., teenagers used their baby-sitting money to buy an electric organ for their church.

The pastor of the Milltown Christian Church said that 10 young people raised \$1,595 since January to buy the organ for his church which has a congregation of less than 100 persons.

Plaid is the big news in back-to-school luggage for college girls. It is made of plastic and can be washed with soap and water.

A group of West Coast girls have made a good business from beach-combing. They collect shells of various sizes, color them and make them into various articles which they sell. Large shells are used in combination with wood for bookends. Smaller shells are used to make necklaces and bracelets. They are graded for size and the tiny shells which are used for bracelets make very chic wrist decorations.

Icy Weather Is Embarrassing To Kermit C. Of C.

By MAUD GREEN
KERMIT, TEXAS—It would have to happen to the Chamber of Commerce!

The Chamber of Commerce has spent quite a bit of time and money telling weather would listen about the ideal weather which prevails in Kermit. It has bragged of the 300 sunlit days of the year, the lack of cold weather in Winter and hot weather in Summer. It has even boasted of the approximate seven inches of annual rainfall—just seldom is there ever bad weather.

If a stranger had asked the Kermit Chamber of Commerce about the local weather, the reply probably would have been, "The heck with it."

One of the biggest occasions of the year, the annual Chamber of Commerce Kermit dance which draws more than 300 local persons plus the out-of-town guests, had to be postponed because—of all things—the weather!

To make matters worse, electric service was off for hours, and it also was impossible to telephone or telegraph. The Chamber of Commerce could only hope for success in its various ways of notifying Dr. Wilson H. Elkins, president of El Paso's Texas College of Mines, principal speaker, that the affair had been cancelled. The same applied to Bailey Ireland's band of Lubbock.

Adding insult to injury, citizens are bemoaning the damage which heavy ice coatings have done to the big Chinese elm trees throughout the city. Trees don't grow by accident in Kermit, and it will be years before the thousands of broken limbs can be replaced.

The C. of C., in typical fashion, is taking an optimistic attitude. Temperatures hovered just around the freezing mark, and a couple more degrees could have resulted in the three-day fall of moisture piling on enough ice to have completely ruined every tree in town. And, despite the ice which did form, streets and sidewalks never did freeze over.

As things stand this weekend, annual banquet-dance of Kermit Chamber of Commerce tentatively is set for next Thursday night—that is providing the speaker and the orchestra can come—and, the weather permits.

Fruit is always a good dessert to serve after a spaghetti dinner; choose fresh apples or pears, or use canned yellow cling peaches or blue plums.

MEETING OF McCAMEY P-TA IS SCHEDULED
McCAMEY—Mrs. Dee Lockin, president of the McCamey Parent-Teacher Association, has announced a meeting of special interest in the High School Auditorium next Thursday.

Mrs. L. W. St. John, county health nurse, has been selected as guest speaker, and will discuss the subject "Health." Also a film will be shown on Communicable Diseases.

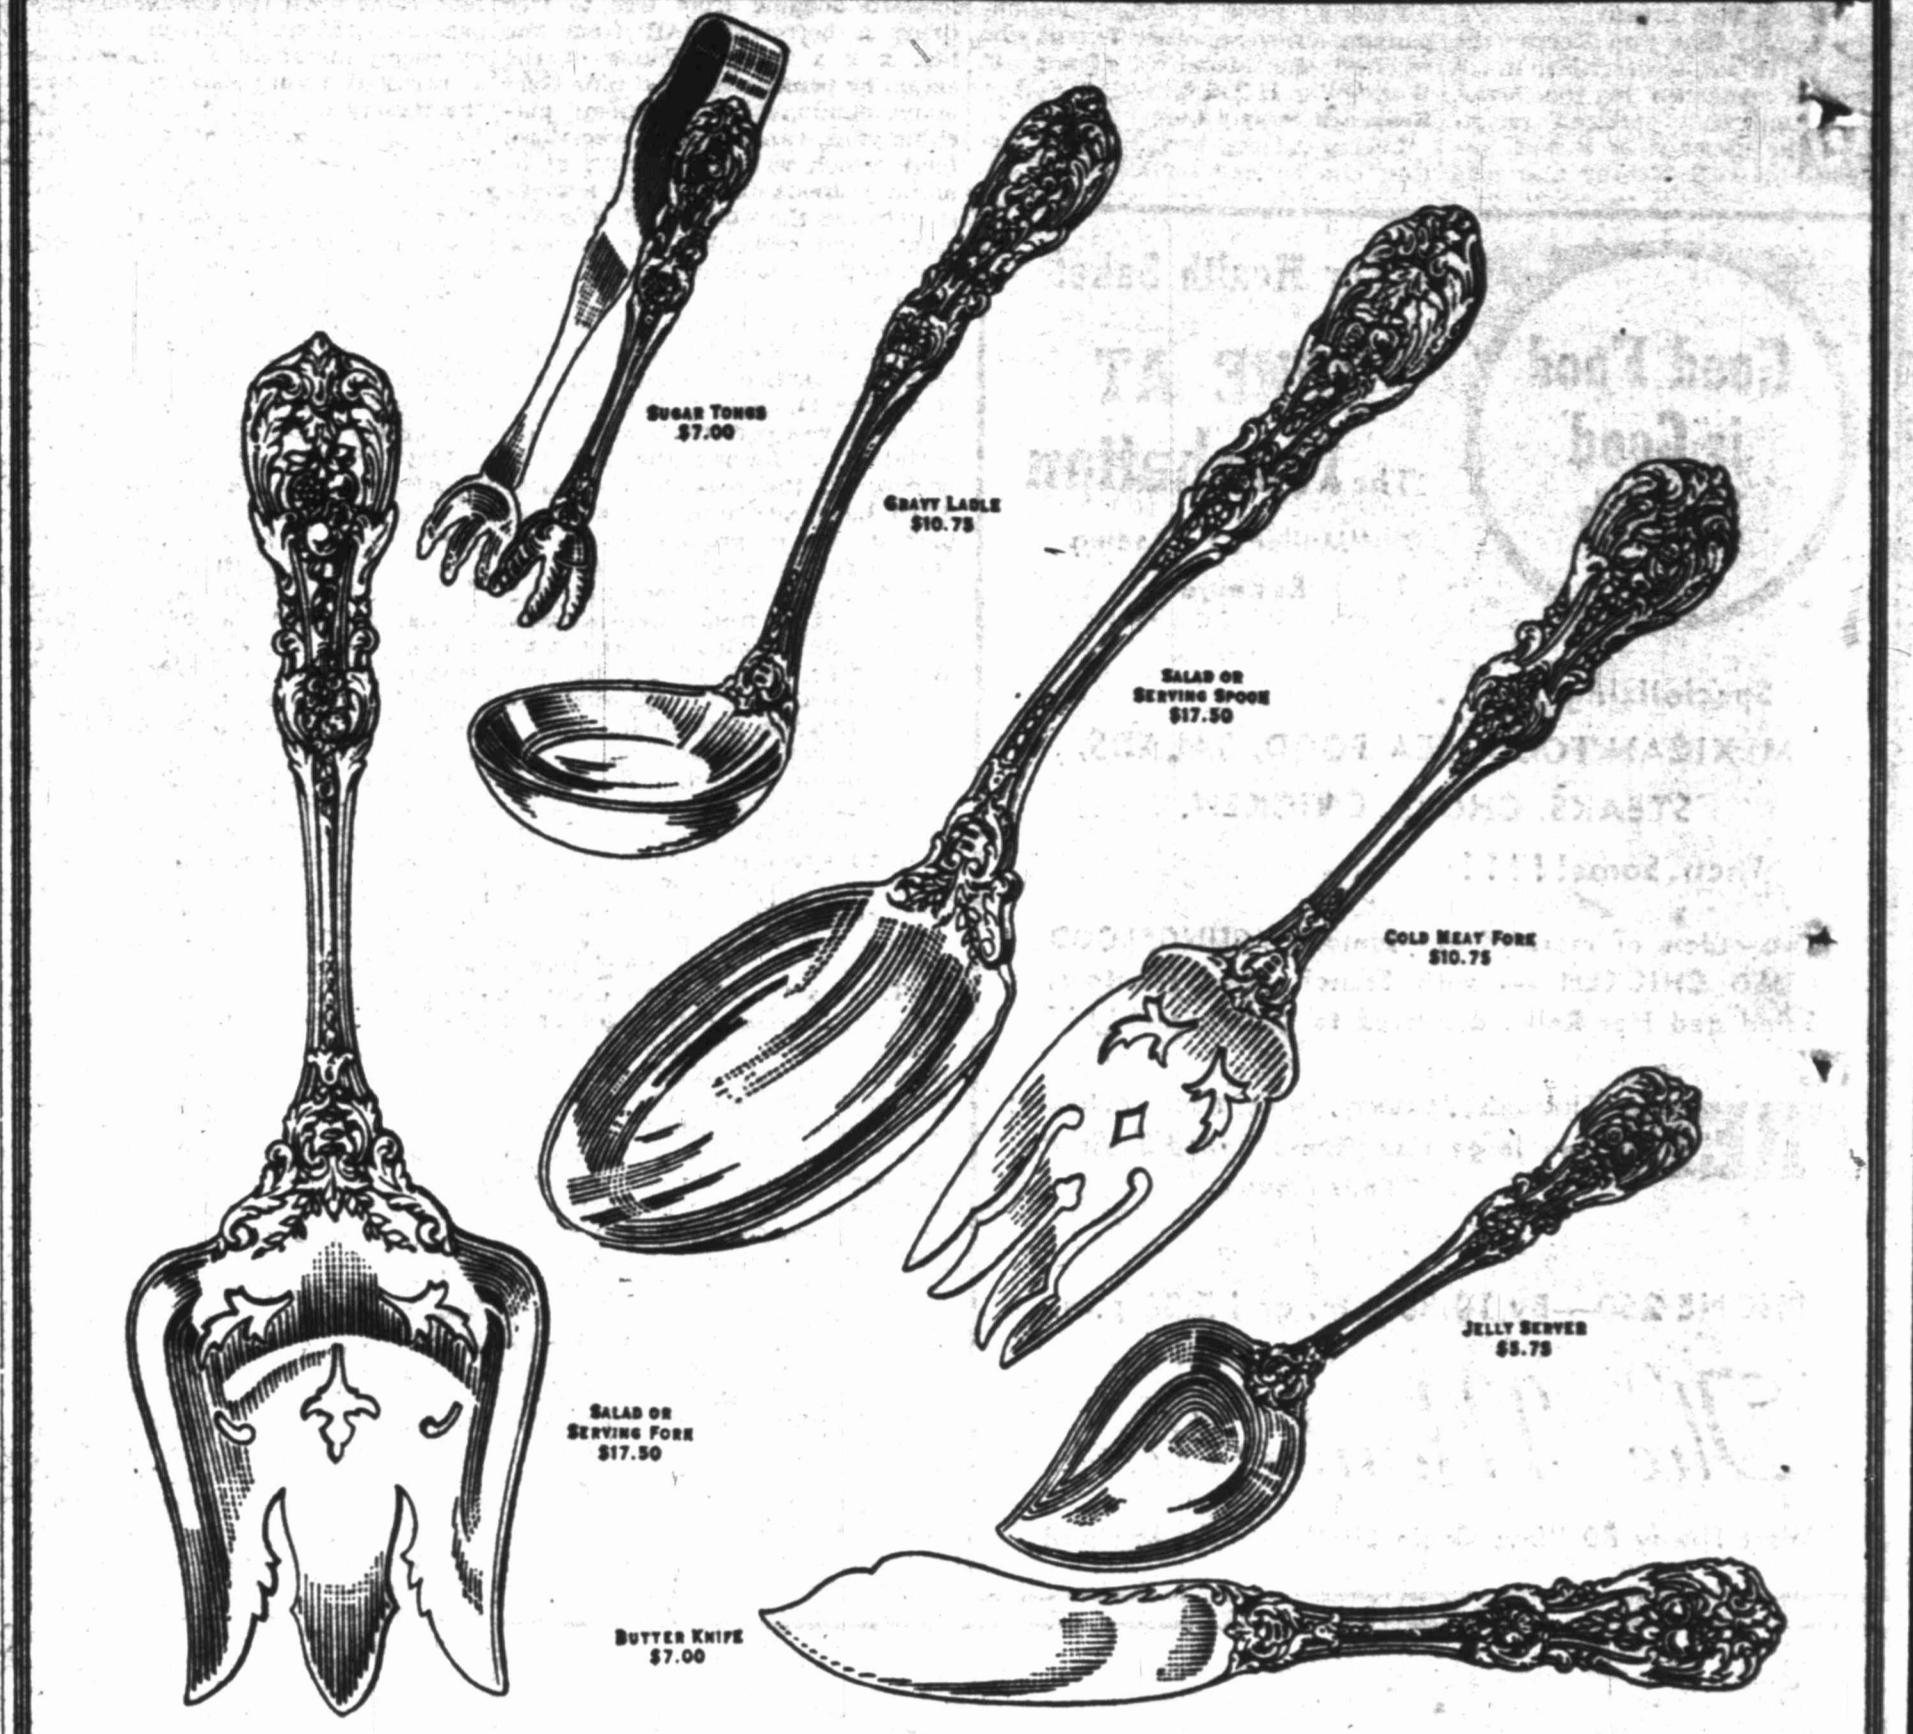

Upton Commissioners Approve Bond Sale
McCAMEY—Approval for the sale of the road and airport bonds was made by the Upton County Commissioners Court in its last regular meeting in Rankin.

The \$155,000 worth of bonds were sold to the Central Investment Company of Dallas.

Read the Classifieds.
