

# Russia Puts New Pressure On Norway

## Collisions Near Midland Injure Seven Fire After Crash Burns Elderly Man

William W. Bailey, 64, believed a transient, was in an extremely serious condition in Western Clinic-Hospital here late Saturday night from injuries received in a three-automobile collision which turned into a burning inferno about six miles east of Midland on U. S. Highway 80 at 7:30 p. m. Saturday. Dan Landers of Midland and T. L. Scott of Denver, Colo., also were injured in the accident.

The crash occurred when the old model car driven by Bailey collided with the car of Scott. Landers' car crashed into the other two. The cars of Scott and Bailey burst into flames after being sprayed with gasoline.

Wreckage from the crash was scattered along the highway for more than 200 yards.

Landers received burns about the hands and arms when he tried to pull Bailey from the flaming wreckage. He also suffered a broken rib and head and leg injuries. Landers lives at 1801 West Illinois Street.

Scott suffered a slight knee injury. Mrs. Scott and their three-year-old daughter, Jane Lynn, escaped injury.

**Third-Degree Burns**  
Doctors said Bailey is suffering from third-degree burns of the body, multiple fractures of the right leg, head injuries, neck injuries, severed tendons in the right arm and is in state of extreme shock.

Landers and the Scotts were traveling to Midland when the accident occurred. Bailey was going east. Bailey's vehicle is believed to have been traveling without lights.

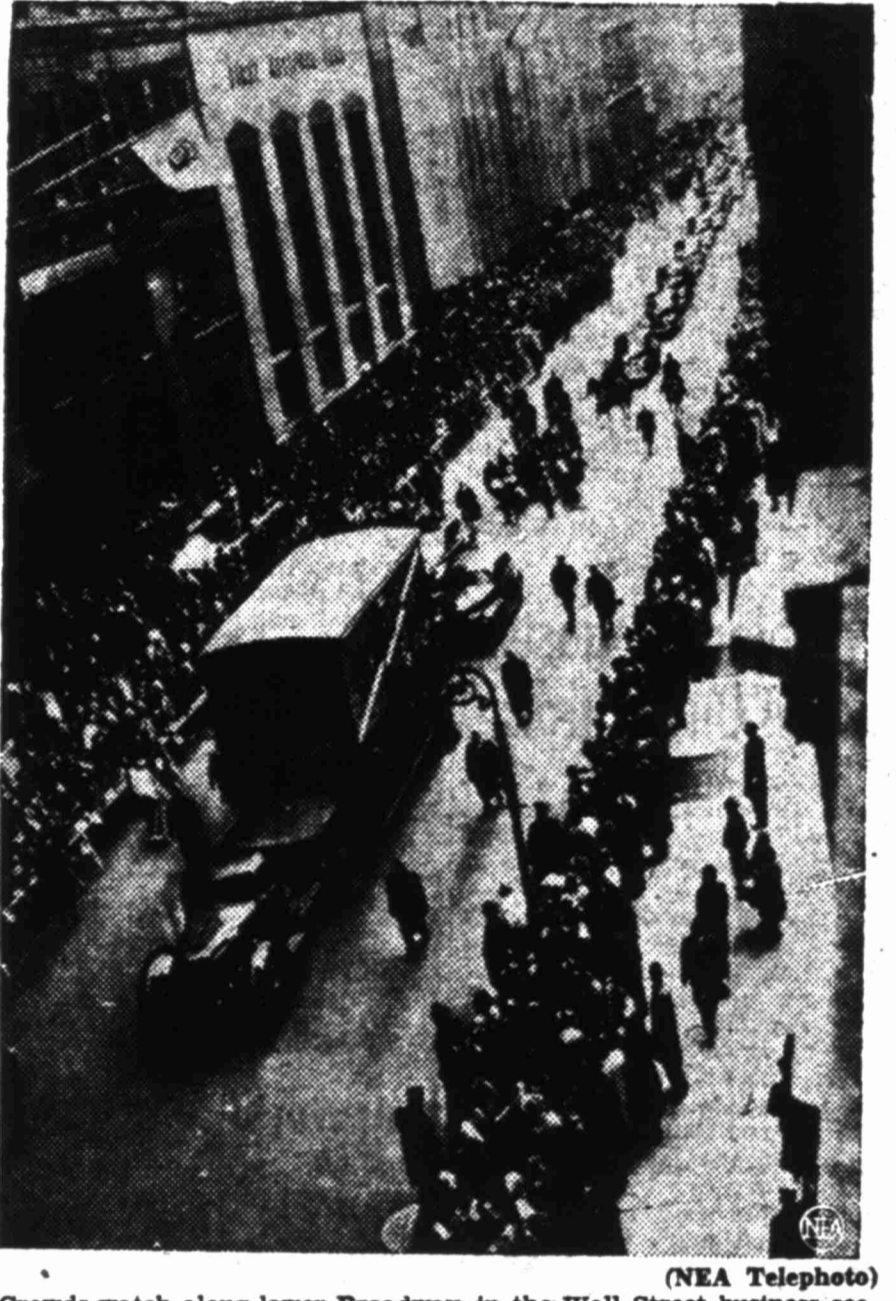

Scott said "something black" cut across the road in front of him and his automobile struck it.

Landers, traveling behind the Scotts, collided with the other two cars before he could pull to one side.

The car driven by Bailey had been converted into a crude panel truck and was loaded with bedding, cooking utensils, food stuffs and clothing. The car and all its contents were destroyed by the fire.

Three trucks from the Midland Fire Department were dispatched to the crash to extinguish the blaze.

## Gratitude Ship Parade

Crowds watch along lower Broadway, in the Wall Street business section, as the French "40 et 8" freight car, loaded with gifts and art treasures for New York, passes during the "Gratitude Ship" parade. Other freight cars are being sent to the various states with gifts.

## Stay Out Of Atlantic Pact, Soviet Warns

LONDON —(P)— Russia offered a non-aggression pact to Norway Sunday after tacitly warning the Scandinavian country against joining an Atlantic Pact with the United States and Western Europe.

The Soviet Ambassador to Norway handed Dr. Halvard Lange, Norwegian foreign minister, a note Saturday containing the offer, the Moscow radio said in a broadcast heard in London.

On January 29 Russia asked Norway's attitude toward the Atlantic Pact, pointing out that the two countries had a common frontier. Norway's reply was made February 1.

The latest Russian note said the Soviet Union could not agree with Norway that the Atlantic Pact would meet the aims of the United Nations.

Russia also declared Norway "failed to give a clear reply" as to whether Norway would permit foreign bases to be established on Norwegian territory.

The Soviet note said the inclusion of Norway in the Atlantic Pact "can lead to Norway being involved in a policy of particular grouping of powers pursuing far-reaching aggressive aims."

Russia declared the nations envisioned as members of the Atlantic pact to be "a restricted grouping of states which do not aim at consolidating peace and international security."

To End Any Doubts  
The projected pact would include the United States, Canada, Britain, France, Belgium, The Netherlands and Luxembourg. Norway, Denmark and other nations had been spoken of as joining it.

The Soviet note said Norway's February 1 reply contained a "suggestion that the threat of attack could emanate from the Soviet Union." Russia said such a suggestion "is void of any foundation" and bespeaks her friendly attitude toward Norway.

The note said Russia, "in order to eliminate any doubts as to the intentions of the USSR, in connection with the Norwegian government's conclusion of a non-aggression pact with the USSR and thus to put an end to any doubts."

## Stocks Crash To New Low Levels

NEW YORK —(P)— Stock prices cracked to the lowest average level of the year in a fast two-hour session Saturday.

It was the second drop in a row. Friday, \$800,000,000 was chopped off the market values of all shares and Saturday another \$1,200,000,000 was lopped off.

Saturday's dive was the steepest since November 9. On that day the market was swamped with post-election selling orders.

Seventy-one stocks plunged to new lows for 1948-49 and individual losses ranged from fractions to more than three points. Hardest hit were the stocks of such basic industries as steel, oil, rubber, and railroads.

Wall Street blamed deflation and falling commodities. Professional elements in the financial district accounted for most of the activity. Sales amounted to 790,000 shares, largest for any Saturday since November 6.

Commodities Tumble, Too  
The Associated Press average of 60 stocks lost 1 1/2 points at 6:34, the widest drop since two full points were clipped from the average on November 9. The average now is at the year's low first established on January 3, which in turn was a low since November 30.

Some of the larger losses included U. S. Steel, National Steel, General Motors, Chrysler, Goodrich, U. S. Rubber, Montgomery Ward, Oliver Corporation, Consolidated Natural Gas, Kennecott Copper, American Smelting, du Pont, Dow Chemical, American Tobacco and Skelly.

At Chicago prices of cotton, lard and some other commodities tumbled also, continuing a trend which started earlier in the week.

## Legislature To Get New Plans To Curb Juvenile Delinquency

AUSTIN —(P)— A double-bared pioneering plan aimed at preventing and curbing juvenile delinquency in Texas will be laid before the Legislature this week.

The plan is that of the Texas Training School Code Commission—a Legislature-created body which has just ended 18 months digging into interwoven problems of delinquency and the state's institutions for correction.

The finding that the state is making "mockery" of juvenile rehabilitation and recommendation for immediate creation of a youth development council were termed by Gov. Beauford H. Jester as "forthright and challenging." The report says the state training schools are failing to do the job.

The commission's proposal would have the youth council consist of six "influential citizens recognized for their interest in the welfare of youth," eight state officials whose duties touch on child life, and two other members recommended by the first 14. Law would specify the state officials. The governor would appoint the others.

## Big School Bond Issue Is Approved By Kermit Voters

KERMIT —(P)— Voters of the Kermit Independent School District Saturday approved the issuance of \$1,400,000 worth of bonds for school improvements in a special election held here.

The vote, exceptionally light, was 137 for the issuance of the bonds and 18 against, according to complete but unofficial returns.

Proceeds of the bond issue will be used to erect a new senior high school plant and to double the size of the Primary Building. The present junior and senior high school buildings will be modernized and remodeled for use as a two-building junior high plant. Other improvements also are planned.

## Liquor-By-Drink Bill Readied For Calendar Of House

AUSTIN —(P)— A bill permitting sale of liquor by the drink was filed Saturday for introduction in the House of Representatives.

By Rep. A. J. Vale of Rio Grande City, the measure would authorize the Liquor Control Board to issue "dispenser's permits" for establishments which could sell for consumption in excess of 14 per cent alcohol but not more than 50 per cent alcohol.

That would open the door on highballs and cocktails now barred under Texas liquor laws.

## Never Thought Of Using Own Product

NEW YORK —(P)— Burglars Saturday broke into a Queens firm which manufactures bullet-proof and burglar-proof glass by smashing a glass panel in a door.

Said Louis Beckenstein, president of the firm:

"I never occurred to us to put our own glass in the door."

## Suspect Arrested In Houston Axe Slaying

HOUSTON —(P)— A 36-year-old man was arrested at Victoria Saturday for questioning in the Thursday mass axe attack upon four members of a Houston family.

One member of the family, Mrs. Paula Rodriguez, 52, was killed. The husband and two daughters are in critical condition at the City-County Hospital.

## Verbal Fireworks Spark Hearing On Taft-Hartley Law

WASHINGTON —(P)— The Senate Labor Committee climaxed eight hours of public squabbling Saturday night with Senator Neely (D-W.Va.) roaring "You keep your mouth shut" to Senator Taft (R-Ohio).

Thus ended the sixth day of one of the bitterest hearings in recent Senate history—a hearing on the Taft-Hartley Act and the Truman Administration's proposal to replace it with a new labor law.

During the long day and evening:

1. Democrats accused Republicans of dragging out the hearings to make it impossible to finish by the February 10 deadline they have fixed.
2. Senator Aiken (R-Vt.) shot back that the Democrats were treating the proposed bill purely as "a political measure."
3. Senator Murray (D-Mont.) angrily accused a witness—Gerald D. Reilly, who helped write the Taft-Hartley Act—of "double crossing labor" and said Reilly "got in on false pretenses."
4. Democrats ridiculed Senator Taft (R-Ohio) and disputed his prediction Congress will keep most of the Taft-Hartley provisions on the books.

**Neely's Exchange**  
One of the Democrats was Neely. During his exchange with Taft, Taft said Neely was trying to "blackguard" a witness—Ludwig Teller, a New York lawyer—who had some good things to say about the law which bears Taft's name.

Just before Saturday night's 10 p. m. closing time, Neely said he had not heard Taft use the word "blackguard" but had read it in a newspaper.

Neely: "If he said that, he shamefully violated the rules of the Senate."  
Taft: "I—"  
Neely: "I have the floor. You keep your mouth shut until I get through."  
Several senators exclaimed in protest. Taft tried to speak. Neely said: "If he will apologize, it will save me having to call the senator a name I don't want to use."  
Taft: "I meant to say bulldoze. If I said blackguard, I withdraw it and ask that it be retracted from the record."

## Directors Will Consider C. Of C. Committee Lists

Personnel of the 25 standing committees of the Midland Chamber of Commerce for 1949 will be submitted to the directors at their first regular meeting of the year February 14, President R. D. Scruggs said Saturday.

Scruggs, Manager Delbert Downing and Assistant Manager DeWayne Davis have been working on the appointments the last several days.

The new committees will be called for meetings soon after the assignments have been approved, Scruggs said. They will adopt their own individual programs of work. The series of committee meetings will extend over a period of two weeks.

Downing said the sessions will constitute a clinic inasmuch as each committee will be asked for suggestions for the entire organization to consider.

The overall program of work submitted by chairman of last year's standing committees also will be considered by the directors at their February 14 meeting, Scruggs stated. He urged members to study the program which was included in the annual report distributed recently to the members. He invited suggestions on additional projects. "The recommendations may be made in writing or by contacting the Chamber's office."

## Colder Weather Is Due In North Texas

By The Associated Press  
Skies cleared over most of Texas Saturday. Temperatures were comfortable.

Colder weather was due in the Panhandle and South Plains by Sunday afternoon. The U. S. Weather Bureau said a front was moving down on the state from the Northwest. Present indications are it will not bring much moisture, the Dallas bureau said.

The official forecast called also for occasional rain in Northeast Texas and along the Upper Coast Saturday night and Sunday, and a return to mostly cloudy skies in extreme East Texas, with partly cloudy elsewhere.

Wichita Falls 27 degrees was the coldest minimum Saturday.

## Property To Be Sold At Tax Sale March 1

Official notices have been issued here on the scheduled sale of a large amount of city property at a tax sale March 1. The property includes lots and parts of lots on which city, county, school and state taxes long have been delinquent.

A total of 21 tax suits, some of them covering more than one piece of property, have been filed and sale of the property has been approved by the District Court.

Most of the property up for sale is owned by persons who can not be located.

## Windy Blizzards Strike Again At Northwest States

By The Associated Press  
New wind gusts swept into the South Dakota-Nebraska-Wyoming disaster area Saturday, churning up ground snow and hampering rescue work.

Visibility dropped to zero at Rapid City, S. D., as north wind velocity reached 41 miles per hour. At Chadron, Neb., gusts of 30 miles per hour were reported in mid-afternoon, blowing snow which sifted into freshly cut roadways. A 40-mile wind hit Sinclair, Wyo., and visibility was cut by snow to one half mile.

Colder weather was moving into the area with the winds, sharpening the already bitter temperatures. To the North, the Saturday daytime readings did not go above four below zero at Grand Forks, N. D., and two below at Bismarck, N. D.

## Proclamation

WHEREAS, February 8 is the 30th anniversary of the founding of the Boy Scouts of America, chartered by the Congress of the United States, as a program for all the boys of America, and

WHEREAS, the Boy Scout Program has effected the lives of 15,500,000 American boys and men since 1910, and now has an active enrollment of 2,300,000 and

WHEREAS, the Movement is launching a two-year program to "Strengthen the Arm of Liberty" by giving more boys a richer experience and increase its usefulness to the nation and

WHEREAS, the Boy Scout Movement is a great factor in the proper training of youth in light of today's domestic and world-wide problems, and marks this anniversary with the theme, "Adventure — that's Scouting!" and seeks to provide more fun and adventure as boys grow to face the problems of manhood;

NOW THEREFORE, I, R. H. Gifford, Mayor of the City of Midland, Texas, do hereby proclaim the week of February 6 to 12 as Boy Scout Week and urge our citizens to recognize the patriotic volunteer service being rendered to our community by these unselfish Scout leaders, and to help, in all possible ways, to further this wholesome youth program.

(Signed) R. H. Gifford, Mayor.

## Repeal Of Gasoline Tax Is Proposed

AUSTIN —(P)— A bill to repeal the four-cent per gallon sales tax on gasoline and replace it with a one-cent per gallon tax on processing combustible fuels was prepared Saturday for introduction in the House of Representatives.

Rep. Davis Clifton of Farmersville is author of the measure.

He holds one of the top priority numbers for introduction of his bill, which means it will be in line for early consideration.

Clifton said his bill would bring the state approximately \$118,000,000 annually compared with \$72,000,000 realized from the 4-cent gasoline tax paid by automobile and truck drivers.

World Yield More Money  
Clifton said the one-cent per gallon tax on processing combustible fuels would yield more money than the four-cent sales tax because "this new tax would apply not only to gasoline but also to such things as naphtha, butane, propane and all other combustible fuels."

He noted also that "a large majority of the gasoline produced in Texas is not sold in Texas; therefore, no tax revenue is realized by the state on gasoline going out of the state."

"The processor would pay one cent on every gallon of combustible fuel they produced," continued Clifton. "Naturally, they will pass that tax on to the consumer, but the motorist will still save three cents because he won't be paying a sales tax on gasoline."

## American Leaders Prepare To Refute Soviet Allegations

WASHINGTON —(P)— American leaders were reported ready Saturday to assure Norway that the price of its membership in the proposed North Atlantic Pact will be reasonable.

In substance a responsible authorities predicted, Foreign Minister Naivard Lange will be told here this week the Atlantic powers look to his country mainly to bolster its own defense and coordinate its strategy with the grand defensive scheme of all the Allied western nations.

These same officials rejected the suggestion—posed by the Russians in a note to Norway last week—that the United States might require Norway to provide forward military bases against the Soviet Union.

It was said that insofar as the Western grand strategy rested on base establishments, "these actual centers of striking power would be located more to the rear, away from the Soviet-Western frontier."

Secretary of State Acheson conferred Saturday with Senator Connally (D-Texas), chairman of the Senate Foreign Relations Committee, and Senator Vandenberg (R-Mich.) ranking minority member of the committee on the Atlantic Pact project as the Norwegians winged toward Washington to find out about it.

## Byars Gets Five-Year Sentence For Murder

BROWNSVILLE —(P)— Michael H. Byars was found guilty here shortly before noon Saturday of the strangulation and suffocation slaying last August of his wife, Juanita Byars.

Judge Arthur A. Klein of 107th District Court, pronounced sentence of five years after the jury brought in their verdict of guilty of murder without malice.

Travis Smith, a member of the defense counsel, said he was preparing a motion for retrial which he plans to introduce Monday.

The indictment against Byars charged he strangled his wife and then set fire to the bed upon which her prostrate form lay last August 10.

Prosecutors contended there was enmity between Byars and his wife. They also contended he killed her to collect on a \$10,000 life insurance policy which he had taken out on her and which named him as beneficiary.

Carbon monoxide caused the death of Mrs. Byars, according to testimony of Derwood Nollner, State Department of Public Safety chemist.

## Scores Arrested In Alleged Plot Against Polish Red Leaders

WARSAW —(P)— The Polish Security Police said Saturday they have crushed a foreign-financed plot to kill government leaders.

The announcement did not name the men said to have been married for death. Neither did it identify the country alleged to have supplied the conspirators with money. Communist leaders, however, often have accused the United States of intrigue in Poland.

State Department officials in Washington continued silent on the latest announcement by the Polish Security Police.

An intensive roundup of former members of the Home Army smashed the plot, the police said. They reported "several scores" of suspects (that could mean up to more than 200) have been seized in the biggest security roundup in more than a year.

The roundup carried over the banners of the Home Army in the 1944 uprising against the Nazis. After the war they opposed Russian domination of their country.

An unconfirmed report said a time bomb had been found near the meeting place of the Council of Ministers.

## \* LATE NEWS FLASHES \*

OMAHA, NEB. —(AP)— Like regiments of an army, snow battlers were dispersed Saturday night on a broad new blizzard front covering three states—Wyoming, South Dakota and Nebraska.

WASHINGTON —(AP)— The Senate-House Joint Economic Committee Saturday scheduled public "round-table discussions" beginning Tuesday to study how far recent price and employment drops "are going to take us."

WASHINGTON —(AP)— Economic Cooperation Administration shipments of cotton to China have been stopped pending clarification of the situation there, it was learned Saturday night.

MINNEAPOLIS —(AP)— The Minneapolis Sunday Tribune in a copyright article Sunday said it had been informed by two fugitive Russian airmen that Premier Stalin is too "feeble" to visit President Truman in Washington.

**Executives Visit Oil Concerns In Midland**

The offices of Standard Oil Company of Texas, Phillips Petroleum Company and Gulf Oil Corporation, in Midland, were extra busy last week.

**McCullum Promoted To Ponca City Post**

S. V. McCullum, formerly regional petroleum engineer for Continental Oil Company at Fort Worth, has been promoted to be assistant purchasing agent for the concern at Ponca City, Okla.

**Murphy Schedules Wildcat Test Into Gaines San Andres**

A wildcat test into the San Andres formation of the middle Permian in South-Central Gaines County is to be started during February by C. H. Murphy & Company. It will be that concern's No. 1 E. T. O'Dont 660 feet from north and east and 1,980 feet from north lines of section 16, block C-44, pal survey, which puts it about two miles south-east of the town of Seminole.

**Reagan Pay Opener To Begin Potential**

A potential test was started Saturday at Plymouth Oil Company No. 1-46 Elliott, discovery from the Bend line of the Pennsylvanian in West-Central Upton County, one mile northeast of the Benedum area.

**Gulf Will Set Casing In Winkler Devonian**

An oil string was to be run into the Northeast Winkler County Devonian at Gulf Oil Corporation No. 135-E Keystone, recent flowing discovery from that formation, 660 feet from north and 1,980 feet from west lines of section 2, block B-1, pal survey, 14 mile northwest of Kermitt.

**Devonian Develops Shows In Andrews**

Slight shows developed from the Devonian in Central-Southwest Andrews County at Champlin Refining Company No. 1-1 University, wildcat between the West Parker-Devonian and the Block 12 fields.

**Stanotex 1-3 Brown Finding More Pay**

Standard Oil Company of Texas No. 1-3 Brown, one location south of the discovery well for flowing production from the Canyon line of the Pennsylvanian, to open the North Snyder field in North-Central Scurry County, continues to find more pay.

**East Lea Wildcat Exploring McKee**

HOBBES, N. M.—Stanotex Oil & Gas Company No. 2-B Alexander, wildcat in East Lea County, about midway between Hobbes and Burnie, was in the spotlight at the end of the week, as it drilled ahead in the McKee section of the Simpson, below 9,818 feet.

This venture located adjacent to the Skaggs field, where the production is from the lower Permian above 8,000 feet, is 3,189 feet from north and 1,980 feet from west lines of section 5-215-37e.

It entered the McKee sand at 9,660 feet. The tool was open for 40 minutes, but with no shows of oil, gas or water.

Operator deepened to 9,790 feet and tried another drillstem test. The effort was unsuccessful. The hole was then drilled on to 9,813 feet and a one-hour and 45 minute drillstem test was taken with the packer at 9,665 feet.

Recovery was 90 feet of drilling mud, 180 feet of gas cut drilling mud, 80 feet of oil, water and gas cut mud, and 1,350 feet of gas cut salt water.

It is expected that this prospector will be continued until the Ellenburger is found and tested.

On Geopline No. 1, Norsworthy, Jr., No. 1-U State, six and one-half miles south of Hobbes, and 660 feet from south and east lines of section 2-308-38e, was on a plugged back 7,149 feet in lower Permian lime, and was taking potential tests to complete a small oil well and a new discovery.

In the last test taken before the pumped gauge was started the well pumped 40 barrels of oil and 26 barrels of water in 24 hours.

The section making the oil, between 980 and 1,149 feet had been treated with acid.

This development drilled to a total depth of 10,005 feet in granite. None of the formations between 7,149 feet and 10,005 feet logged any indications of possible production.

Extension Sets Casing—Amerada Petroleum Corporation No. 6-D State, one-half mile southwest of the Wichita-Albany production in the Monument-Paddock field in East-Central Lea County, and localities near north and 1,980 feet from west line of section 1-205-36e, was bottomed at 7,205 feet in the lower Permian and was drilling out cement in 5 1/2-inch casing which had been set at the total depth.

This project is being opened for an extension to the Wichita-Albany producing area of that region.

During a drillstem test at 7,176-7,205 feet the project flowed 79.40 barrels of 37.9 gravity oil in five hours. Gas-oil ratio was 1,637-1.

Top of the Wichita-Albany was called at 6,955 feet.

Stanotex No. 1 South Mattix unit, a possible discovery from the lower Permian in Southeast Lea County, and located 1,980 feet from south and east lines of section 15-346-37e, was making hole below 6,971 feet in lime and dolomite.

To Make More Hole—Cities Service Oil Company No. 1-V State, outcrop to J. C. Glover No. 1 State discovery from the upper Permian in South-Central Scurry County, when at a total depth of 3,966 feet in upper Permian lime, swabbed six hours.

Average recovery was 24 barrels of fluid per hour during that period. The fluid was half oil and half water. The operation is being drilled deeper and try to find more and better pay in the Permian.

That venture is located 1,980 feet from north and east lines of section 16-214-34e.

Phillips Petroleum Company No. 1 Shipps wildcat in East-Central Lea County, 660 feet from north and 1,980 feet from east lines of section 20-18-37e, and three miles west of the northwest side of the shallow Hobbs field, was boring ahead from 9,811 feet in lime.

Deep Frees in Limestone—Keweenaw Oil & Gas Company, et al, No. 1-36 Balsh, deep wildcat in West-Central Lea County, surrounded by producers in the shallow Mal-jamar field, 354 feet from north and west lines of section 28-176-32e, had reached 10,300 feet in Pennsylvanian lime and shale, and was drilling ahead.

This exploration had shown some interesting signs of oil and gas in some of the formations below 9,000 feet. Some observers think that if no better indications of production are found some sort of a discovery might be completed from the oil zones already drilled through at this venture.

The last drillstem test reported was at 10,210-10,300 feet. The tool was open 30 minutes. Recovery was the 1,000-foot water blanket and 10 feet of drilling mud, with no shows of oil, gas or water.

Operator, have not revealed how much deeper it will be carried.

Sets Casing—Humble Oil & Refining Company No. 1-X State, slated 12,000 foot wildcat in North-Central Lea County, 17 miles southwest of the Crossroads-Devonian field, and 660 feet from north and 1,980 feet from east lines of section 31-115-35e, had reached 330 feet in bed. It had cemented 3 3/8-inch casing at that point. It will drill the plug and start making new hole in a few days.

Stanotex No. 1 Leonard-Federal, in extreme South Lea County, and 660 feet from south and east lines of section 11-266-37e, and also contracted to at least 12,000 feet, to try to find the Ellenburger, had progressed past 3,402 feet in gypsum and was drilling ahead.

**Regan Goes To Bat For Small Operators; Asks Law Revisions**

WASHINGTON (AP)—Rep. Ken Regan, Midland, Texas, told a Senate committee Friday he did not believe reports of oil shortages in this country and added that if one threatens the situation can be corrected by giving "the small operators a chance."

Regan told the Senate Interior Committee small operators in Texas complain that shipments of oil to the Far East injured their business.

He said that after the war the small operators were denied pipe which went to the Far East and as a result oil from that area now is coming into this country at a rate of "600,000 to 800,000 barrels a day."

"The operators, he said, 'should be given the same treatment now as they were during the war.'" Regan also urged that the leasing laws of the United States be modernized.

Obsolete Lease Laws—He said under the "obsolete" laws oil exploration by responsible concerns is being retarded.

"The present conditions 'some sharp shooter' lie up federal land by leasing up to 5,000 acres at 80 cents an acre for two years in hope of finding oil, or in hope of selling the lease."

Regan interrupted the testimony of James Boyd, director of the Bureau of Mines to make his statement.

Boyd urged the committee to provide for more exploration of mineral and oil resources. He said it is necessary to mine ore and produce oil and gas scientifically to conserve the supplies.

**GOP Solon Suggests Caution On Controls**

WASHINGTON (AP)—A top-ranking Republican said Saturday that employment controls may not be needed much longer.

For the same reason, he urged Congress to await developments before handing President Truman anti-inflation powers he asks.

The lawmaker, Rep. Wolcott of Michigan, senior GOP member of the House banking committee, suggested a six-month "as is" continuation of rent ceilings. The President wants the law strengthened and extended two years.

"I believe," Wolcott told reporters, "we should give consideration to extending the controls 'as is' to October 1, to see what happens to the economy in the next 90 days. This should have a bearing on whether we need to continue the controls at all."

The same attitude should apply, he added, to Truman's call for other controls, such as stand-by powers over prices, wages and allocations.

**Discovers Miniature Device For The Deaf**

Chicago, Ill.—A big improvement has been made in a new device now welcomed by thousands of deafened. It is so small it fits in the palm of the hand. Its clear, noiseless tone is so efficient that even faint voices are understood. With it thousands now enjoy music, sermons and friendly companionship. Finger tip controls permit you to adjust it instantly to changing sound conditions. Accepted by the American Medical Association's Council on Physical Medicine. The makers of Beltone, Dept. 33, 1450 W. 19th St., Chicago 8, Ill., are so proud of their achievement, they will gladly send you free descriptive booklet on how to overcome deafness and explain how you may try this miniature device in the privacy of your home without risking a penny. Write Beltone today.—(adv.)

**TEXAS OIL ROUNDUP— Winter Weather Plays Tricks On Oil Industry**

HOUSTON (AP)—The weather has been playing tricks on the oil industry. Weather that had been expected in the East turned up in the West.

Eastern blizzards of a year ago brought many headaches, to say nothing of criticism from Congress, and definite steps were taken by the industry to prevent supply and demand problems this winter.

Particular emphasis was placed on increasing heating fuel oil stocks. When the first cold spell hit a few weeks ago stocks were well above earlier figures.

There was confidence any oil shortages this Winter would be temporary conditions resulting only from such matters as transportation hardships caused by the weather itself.

So far, however, Winter has been abnormally severe in the West and Southwest and many residents in the East have been wondering if snow would ever arrive.

The situation has been a tonic to oil men. The severest cold spells have hit areas where petroleum and refined products are the most plentiful.

Two of the few warnings of possible heating fuel supply troubles to be made this Winter have been in Texas, a state that in 1948 produced over 3,000,000,000 cubic feet of natural gas and over 40 per cent of the nation's crude oil.

North Texas areas prices have been warned to take it easy on consumption of natural gas during record low temperature periods.

This shift in "danger areas" permits the industry to make adjustments in production and refinery operations with greater certainty while planning for future months.

Automobile mileage is expected to break all records next summer. Each additional mile will require additional gasoline.

All fuel oil stocks continue well ahead of a year ago. Gasoline, gaining rapidly during the winter season, is 12,000,000 barrels ahead, light fuel oil 27,000,000, heavy fuel oil 24,000,000 and kerosene 11,000,000.

Meanwhile, the industry's cycle of cutbacks is picking up speed. Additional crude oil production reductions became effective in Texas, Oklahoma and Mississippi last week.

Refinery operations are being reduced gradually, and American Petroleum Institute reports that for the week ended January 29 crude oil runs to stills dropped an average of 66,000 barrels daily.

The cutbacks still are being attributed to an end of supply shortage of 44,000 barrels of propane declines within the next two or three months grow lower and lower.

OIL LEGISLATION—Illinois—members of the Illinois Petroleum Marketers Association have been asked to mobilize against a possible attempt to hike the state's gasoline tax.

Texas—the State Senate has received a second bill which would authorize cooperative agreements for developing and operating oil or gas fields.

Washington—three "divorcement" bills in the Senate would forbid producers of oil from participating in marketing operations, and would sever pipe line and water transportation from production and marketing.

HERE AND THERE—Kansas has recorded its twelfth new oil pool of the year—Dyer and Rice, Tulsa, plan a 6,000 foot wildcat in Weld County, Colorado.

Phillips Petroleum, along with Stanolind Oil & Gas, Magnolia Petroleum, Gulf Oil, Skelly Oil, and Oklahoma Natural Gas has completed plans for a 15,000 foot wildcat test in Southwestern Grady County, Oklahoma.

Shell Oil has budgeted \$24,000,000 for a world-wide research program, much of which will be concentrated in laboratories in Texas, Illinois, and California.

You will not have to worry about getting a wound infected if you wear a new plastic film dressing. The new dressing is made of a nylon derivative film. It is bacteria-proof but, at the same time, keeps the wound dry in spite of body perspiration.

**CLINIC REPORT**

**NERVOUSNESS**  
Case No. 1628 is a matron, age 24, who had an appendix operation and afterward began to develop nervous symptoms, grew worse because fearful, had desire to "un-ans" cream; imagined dreadful things; had crying spell; couldn't sleep or eat; had nausea, faint spells, headaches, pressure-feeling in back of head and neck; extending to top of head; was weak and trembling; was badly constipated; had rheumatic pains in her left hip and left leg, and trouble at period time. She grew worse while under the usual professional care and finally came to the Chiropractic Clinic. A spinal neurocalometer analysis revealed nerve wave interference and X-Rays causing the interference adjustment restored alignment and this patient, when last seen, reported all previous symptoms had disappeared and that she felt fine.

**AGRED!**  
"There was a time when I looked at Chiropractic through a pair of bifocal lenses, the upper plus prejudice, the lower plus lack of investigation. But because medicine with all its adjustments had failed to reach the complicated ailments of my invalid wife, I like a drowning man, grasped for anything in sight. I learned of Chiropractic through a friend of mine. I went at once to a school of Chiropractic and remained two weeks investigating the science of Chiropractic and to my surprise, they were actually getting results on cases that were hopelessly incurable from the standpoint of medicine. I soon saw that a theory that they were working on was plausible and that the approval of common sense all this opened up a new field of thought to me which had never been presented through the study of medicine. The sooner the medical profession recognizes the work of the Chiropractor, the better. He is doing a work that medicine cannot do; he belongs exclusively to the class of specialists and should be recognized. M. E. King, M.D. (Therapeutic Review, 1918).

**HIGH BLOOD PRESSURE**  
Case No. 1103 is a lady, age 50, who came to the Chiropractic Clinic unable to work after suffering from high blood pressure, constipation and urticaria for seven years. A spinal Neurocalometer analysis and spinal X-Rays located the subluxated vertebra causing the nerve frequency interference and adjustments were given to correct the spinal misalignment. Upon discharge this case reported normal blood pressure and no uncomfortable symptoms of any kind and enough energy for two persons.

**Discovers Miniature Device For The Deaf**  
Chicago, Ill.—A big improvement has been made in a new device now welcomed by thousands of deafened. It is so small it fits in the palm of the hand. Its clear, noiseless tone is so efficient that even faint voices are understood. With it thousands now enjoy music, sermons and friendly companionship. Finger tip controls permit you to adjust it instantly to changing sound conditions. Accepted by the American Medical Association's Council on Physical Medicine. The makers of Beltone, Dept. 33, 1450 W. 19th St., Chicago 8, Ill., are so proud of their achievement, they will gladly send you free descriptive booklet on how to overcome deafness and explain how you may try this miniature device in the privacy of your home without risking a penny. Write Beltone today.—(adv.)

# West Texas Oil & Gas Log

(Continued from page 2)  
 The flow through a one-quarter inch tubing choke, was at the rate of 37 barrels per hour. No water was developed. This well has shown for production since it reached 6,356 feet. It is located 1,960 feet from west and 1,960 feet from south lines of section 440, block 97 H&TC survey, had penetrated under 6,530 feet in lime and shale, and was making more hole. Up to now it has not developed any petroleum production.

## Texaco Taking DST At Andrews Venture

A drillstem test was underway in the Central-Southwest Andrews County Clear Fork section of the lower Permian by Texaco. The company No. 1-W State, wildcat one and one-half miles north of the West Parker-Devonian pool. Total depth was 7,176 feet. No results of the examination were available at the time this report was prepared.

Location is 665 feet from east and 62.8 feet from south lines of the north half of section 35, block 12, University survey.

## Gulf Acids Open Hole At 1-E Bryant

Gulf Oil Corporation No. 1-E Wilson Bryant, 14 miles south of Midland, and 660 feet from north and 1,960 feet from west lines of section 36, block 39, TP survey, T-3-S, washed the open hole zone at 11,114-225 feet, in the Pennsylvanian with 500 gallons of acid.

After swabbing out the load and residue the project swabbed for eight hours. It recovered an average of one-quarter barrel of fluid per hour, which was half oil and half drilling mud.

Operator was going in to under-drill cement off of the formation at 11,156-225 feet. When that is done more swabbing will be undertaken. The cement was set on the walls of the hole when pipe was run through that formation. That pipe has now been shot off.

All sections in this project, between the current level of operations at the total depth of 13,822 feet in the Ellenburger had proved barren of petroleum on extended tests. The bottom of the Ellenburger had water.

## Drilling Continues At Crane Deep Wildcat

Drilling was continuing at Humble Oil & Refining Company No. 1 Jax Cowden, East Crane County deep wildcat, six and one-half miles west of the town of Crane.

The venture, 660 feet from south and east lines of section 58, block X, COB&RONG survey, was below 10,480 feet, penetrating unidentified lime. No shows have been logged.

## Union Drilling Ahead With Coke Venture

In North-Central Coke County four miles west and a little south of the town of Blackwell, Union Oil Company was making new hole with its No. 1 Jack Frost, wildcat, 1,960 feet from south and 660 feet from east lines of section 369, block A-1, H&TC survey.

Last report had it under 6,099 feet in lime with no shows of oil, gas or water.

Company was making new hole with its No. 1 Jack Frost, wildcat, 1,960 feet from south and 660 feet from east lines of section 369, block A-1, H&TC survey.

Last report had it under 6,099 feet in lime with no shows of oil, gas or water.

## Seaboard Testing In Vealmoor Area

Seaboard Oil Company of Delaware was making production tests of its No. 1 Hodnett, north offset to the Vealmoor field of North-Central Howard County.

That prospect, 1,960 feet from north and 660 feet from east lines of section 29, block 32, T-3-N, TP survey, was gauged for 179 barrels of oil in 24 hours, flowing through a 24/64-inch choke. Tests were continuing.

Total depth is 7,870 feet in Pennsylvanian lime, regular pay in the Vealmoor pool.

A tank battery was being hooked up at Seaboard No. 1 H. N. Zant, east flanker to the Vealmoor, 1,960 feet from south and 660 feet from west lines of the south half of section 28, block 32, T-3-N, TP survey.

After that unit is installed, production tests are to be made in the Pennsylvanian, where the venture has shown for commercial production.

Seaboard was still trying to regain circulation on its No. 1 Mae Zant, west extension attempt to the pool.

Operator was drilling cement at 3,750 feet on a 300-sack plug back. When circulation is restored, the prospector is to drill ahead toward 8,900 feet.

It is 1,980 feet from south and west lines of section 29, block 32, T-3-N, TP survey.

## Possible Discovery In Borden Deepens

H. L. Hunt No. 1-B Clayton & Johnson, possible wildcat discovery from the lower Permian in North-west Borden County, was making hole from 6,395 feet in shale, continuing to around 8,000 feet in a Pennsylvanian test.

It is 660 feet from north and west lines of the northeast quarter of section 22, block 31, T-6-N, TP survey, about 11 miles northwest of the town of Gall.

In the Vincent area of extreme Northeast Howard County, Magnolia Petroleum Company No. 1-A Herman Gartner, slated 8,500-foot wildcat, 660 feet from north and west lines of section 67, block 20, Lavaca Navigation survey, was bottomed on 7,211 feet in lime and shale.

Drillpipe is stuck on approximately 3,000 feet. Efforts were being made to loosen and recover the pipe. More hole is then to be made.

## Magnolia Has Stuck Drillpipe In Howard

In the Vincent area of extreme Northeast Howard County, Magnolia Petroleum Company No. 1-A Herman Gartner, slated 8,500-foot wildcat, 660 feet from north and west lines of section 67, block 20, Lavaca Navigation survey, was bottomed on 7,211 feet in lime and shale.

Drillpipe is stuck on approximately 3,000 feet. Efforts were being made to loosen and recover the pipe. More hole is then to be made.

## Jenkins Is Now With Studdert Engineers

D. H. (Doc) Jenkins has recently joined Studdert Engineering Company and has been named chief engineer of that concern. W. W. (Bill) Studdert is the owner.

Jenkins was formerly with the civil engineering department of Shell Oil Company, Inc. Offices of the company are at 210 West Indiana Ave. in Midland.

The Studdert organization had formerly specialized in pipe line location work in Texas, New Mexico and Oklahoma.

It is to continue to handle that type of survey work, and will also do well location, block, lot and topographical surveys.

## Shell Companies Adopt 24-Million Dollar Worldwide Petroleum Research Program

Record budgets totalling \$24 million have been adopted for worldwide petroleum research during 1949 by the various Shell Companies. This large sum is intended to finance research in all phases of operations, from seeking new sources of crude oil to improving fuels, lubricants, and chemicals. A substantial part of this amount will be devoted to advancing the broad based research programs carried on by the Emeryville, Calif. laboratories of the Shell Development Company.

## Special Pullmans To Run From Midland To St. Louis Meet

Special Pullman cars will be operated from Midland to St. Louis by the Texas Pacific railroad for the annual meeting of the American Association of Petroleum Geologists which is to be held in that city on March 14-17.

The cars will be run directly from Midland to the convention city and passengers who ride them will not have to make any changes.

Details of the Pullman arrangement can be secured from Robert N. Watson, at the Atlantic Refining Company division geological office in Midland. He is in charge of the West Texas Geological Society's transportation committee for the St. Louis meeting.

In addition to the AAPG meeting, two other associated groups will hold their annual meetings in St. Louis at the same time, and in conjunction with the gathering of the geologists. Those organizations are the Society of Exploration Geophysicists and the Society of Economic Paleontologists and Mineralogists.

## New Mexico Lease Auction Scheduled

A sale of oil and gas leases covering 16,491.34 acres of Navajo allotted land and 1,000 acres of executive order land in San Juan County, N. M., is to be held March 4 in Window Rock, Arizona.

The leases are all located off the reservation and in what is known as the Kimbeto area. They are in units of from 320 to 800 acres each, on which separate bids must be submitted.

A stipulated royalty rate of 12 1/2 per cent and annual rental requirements of \$1.25 per acre will apply to all leases.

Sealed bids will be received at the Navajo Agency in Window Rock until 2:00 p. m. (MST) on March 4, and then opened publicly.

## Yost New Stanolind Production Manager

F. R. Yost of Tulsa has been named to the newly-created position as manager of the producing department of Stanolind Oil & Gas Company. This post assumes responsibility for Stanolind's producing operations covering 11 states.

He started with the company in 1935 and was promoted to operating superintendent of the producing department in 1947.

Frank Lindeman, Jr., is replacing Yost as operating superintendent in Tulsa.

## Slentz And Slack Join Midland RRC

L. J. (Les) Slentz of Kilgore, and Charles T. Slack of Taylor are new engineers with the Midland district office of the Railroad Commission of Texas.

Both were members of the January, 1949, graduating class of mechanical engineers at Texas Agricultural and Mechanical College. Slentz is assigned to the Lubbock branch office and Slack is located in Midland district headquarters.

Both new men will give most of their time to field.

Read the Classifieds.

## Permian Basin Oil Field Index Issued

The 1948 Oil Field Index for West Texas and Southeast New Mexico has been issued by Barton McCaffrey of Levelland.

The publication contains 154 pages and carries listings of oil companies and oil operators, drilling companies and service and supply concerns.

It also contains a map showing all oil fields in the Permian Basin. The map also shows all pipe lines, highways, railroads, refineries, carbon black plants, county lines and county seats.

If permianans are available in your market they are delicious used for desert. Wash, dry, cut in half and serve with a spoon. Or use them in a salad by combining with diced celery and French dressing.

## Officers Of Permian Basin API For 1949

Officers of the Permian Basin Chapter of the American Petroleum Institute are headed by W. D. Lane, Midland, chairman. He is West Texas manager for Plymouth Oil Company. Early N. Spiars, Midland, is first vice chairman. He is one of the owners of Spiars & Wells Equipment Company, West Texas oil field supply company. Howard R. Markley, Odessa, is second vice chairman. He is an executive of the gasoline department of the West Texas district of Phillips Petroleum Company. Robert C. Tucker, Lubbock, is third vice chairman. He is executive vice president of George P. Livermore, Inc. Tom W. Flewharty, Midland, is secretary-treasurer. He is with the Western Company's headquarters staff in Midland.

## TM-CO&GA Sets Annual Meetings

Annual meetings for the next three years of the Texas Mid-Continent Oil & Gas Association have been scheduled and dates announced.

The 1949 session is slated for October 13 and 14 in Houston, with headquarters at the Rice Hotel.

The association will meet October 4 and 5, 1950, in Dallas. The 1951 meeting, observing the fiftieth year since the Spindletop discovery, is to be held in Beaumont at the invitation of its citizens.

The early announcements were made to avoid conflicts with Fall meetings of other organizations of the petroleum industry, according to Charles E. Simons of Dallas, vice president and general manager.

Advertise or be forgotten.

## Wilt And Harp Now On Western Staff

Two new men have been added to the geological and engineering department of The Western Company in Midland.

M. J. Wilt has joined in the chemical engineering section of that department. He graduated recently from Texas Technological College at Lubbock with a degree of bachelor of science in chemistry. While in school, Wilt was a member of several honorary scholastic societies.

Laddie Harp, of Fairview, Okla., is the new man in the geological section. He obtained his bachelor of science in geology degree from the University of Oklahoma.

The Western Company's geological and engineering department is under the direction of W. M. Osborn.

## Kitley Is District Engineer For Ohio

D. V. Kitley has been promoted to be Midland district petroleum engineer for The Ohio Oil Company. He came to Midland in 1947 as a petroleum engineer for the concern.

A graduate of Texas A&M, he joined Ohio in 1936 in the construction department at Henderson.

Kitley succeeds R. E. McMullen, who has been appointed to division petroleum engineer for Ohio at Tulsa.

## Deep Rock Opens Office In Midland

Deep Rock Oil Corporation has opened a division office in Midland. It is located at 166 Wilkinson-Foster Building.

F. E. Melott is division manager and geologist. Phillip R. Grant is division landman. Miss Alma Sheppard is office secretary.

The office in Midland will supervise Deep Rock's operations in West Texas and New Mexico, and also in North and West-Central Texas.

The company has producing leases in the Wesson field in Yoakum County and in the Foster field inECTOR County. The concern owns undeveloped acreage in several other Permian Basin counties. It is understood that it will shortly start trying to acquire more properties in this region.

The office now located in Midland was moved here from Wichita Falls. The company will not maintain any organization in that city. At present the Deep Rock production department is located at Graham.

Melott, Grant and Miss Sheppard came to Midland from Wichita Falls where they held the same positions with the company that they will have here.

Both Melott and Grant will move their families to Midland as soon as they secure residential accommodations.

## Warren President Visits In Midland

D. L. Connolly of Houston, president of Warren Oil Corporation spent several days in Midland last week.

He was here visiting with John Gialn, district landman for the company in the Permian Basin.

Conference On Indonesia

All the recent news from Asia has not been of Communist advances and colonial strife. The Asian Conference on Indonesia, just closed at New Delhi, India, was marked by a calm dignity and determination which were in encouraging contrast to the war in China and the violence in Java.

Many had thought, some had hoped, and others had feared that the 19 governments which met at New Delhi would set up a sort of "Eastern Union" and enunciate a "Nehru Doctrine" for their part of the world.

The accounts of the conference and the resolution it adopted were notable for two things. One was the mature, responsible statesmanship which clearly marked the proceedings. The other was the unity of purpose which joined these delegations from Africa, Asia and the Pacific.

Most of those countries are poor and backward. But the war showed them that they were important. Invaded, threatened or cajoled by the Axis powers, they were wooed in turn by the Allies. Promises of independence were freely given in return for resistance to the enemy and friendly cooperation.

Now they want those promises fulfilled. How and how soon this happens can have a profound effect on the world's political trend. Thus far the attitude of the conference governments toward communism has ranged from cautious to hostile.

New Strategy

Preliminary skirmishes to the Republican National Committee meeting at Omaha finally revealed the new strategy adopted since the GOP's fifth straight failure to elect a President.

What's There To Get Excited About?

McKenney on Bridge

By WILLIAM E. MCKENNEY America's Card Authority Written for NEA Service

Years ago the average family might boast of one good bridge player, but today it is not unusual to find the whole family in a bridge game.

Bridge hand diagram showing cards in West and East hands, and a dealer's hand.

diamond king with the ace, and now I wonder if she would go over to the ace of clubs in dummy and take the jack of hearts finesse. It would be an easy mistake.

Questions and Answers

Q—Is the eucalyptus tree native to California? A—Although this tree is grown extensively in California, all the eucalyptus family are native to Australia.

H. W. Hull Re-elected District Director Of Cancer Society

H. Winston Hull of Midland has been re-elected lay representative director of the American Cancer Society, Texas division, for District 2, Frank C. Smith, president of the Texas division, announced.

H. WINSTON HULL

Midland is the Field Army commander heading activities of lay women in the counties of District 2. Hull said a similar triangular leadership is being organized in the district which includes the following counties: Andrews, Borden, Dawson, Dickens, Ector, Fisher, Gaines, Garza, Glasscock, Howard, Kent, King, Lynn, Martin, Midland, Mitchell, Nolan, Scurry, Stonewall, Terry, and Yoakum.

Hobby Dragon

The hobby-horse has been scratched, and replaced with its hobby-dragon. At an exhibit of modernistic toys in Milan, Italy, this creation was one of the star displays.

WASHINGTON COLUMN

Why Vice President May Not Have To Buy A Meal For Years

By PETER EDSON NEA Washington Correspondent

WASHINGTON—Vice President Alben W. Barkley made his inaugural off-the-cuff address as America's Public-Luncheon-and-Dinner-Guest-Speaker-Number-One before the General Federation of Women's Clubs the other day. It was a lulu.

Real purpose of the luncheon was to launch the GFWC "Build a Better Community" \$60,000 prize contest. This is a most worthy enterprise under which the women's club that does the most to improve its community in the year ending Jan. 15, 1950, can win up to \$10,000.

The President is obviously too busy to attend all these prizes-vice president, it is therefore Barkley's job to be the honored guest at as many functions as can be crowded into his schedule. As some was remarked, "There wasn't any need to raise the vice president's pay because he won't have to buy a meal for himself from now on, as long as he holds the job."

It Goes On And On Sentences roll on and on and on and on in regular rivers of words flowing endlessly, tirelessly towards the period which they sometimes never seem to reach because they are laden with prepositional phrases, dependent clauses modifying the original meaning to make sure that his listeners understand exactly what he means, and in such a way that there will be no embarrassment to the Democratic Party, to which he is ever loyal to such an extent that he managed to get in a plug for everything in the platform, so that by the time you reach the predicate you have entirely forgotten what the subject was or what relation it had to the verb, if any.

That was the way it was when he opened his vice presidential career at the club women's luncheon. The Senate wasn't in session that day so he could get away, and the ladies snuggled him.

Q—Who first announced that the world is round? A—The discovery that the earth is round was undoubtedly made by Pythagoras. Aristotle accepted and taught this theory; the arguments in favor of which are essentially those in use today.

POP Goes the QUEEN

By Bob Wade and Bill Miller Distributed by NEA SERVICE INC.

Ship of the Desert creaked, stirred and got under way again. The waiters and musicians faded away and the cooks bobbed their round hats over stoves and assembly tables, with only occasional surreptitious glances at the dead man.

JOHN HENRY, his comforting arm around Sin's shoulders, had turned her away from the morbid view. "There, there, honey. Everything's all right now." Her eyes were less shocked but her tan face still picked up some of the green from her dress.

Barzelou paced the narrow aisle between table and alley exit, his face uncivilized and angry. He pulled up by the Conovers and his voice was barely controlled thunder. "What do you know about this man?"

DREW PEARSON ON The WASHINGTON MERRY-GO-ROUND

(Copyright, 1949, By The Bell Syndicate, Inc.)

Drew Pearson says: Whitney pledges Labor support for Truman's "Fair Deal" program but other leaders irked by proposed use of court injunctions to prevent strikes; test of no-patronage-for-Dixiecrats coming up.

WASHINGTON—A. F. Whitney, bustling chief of the Railway Trainmen, assured President Truman the other day that organized labor will support his "Fair Deal" legislative program as vigorously as it backed him in the recent election.

Truman replied he could ask for no more, since "no living man could write a legislative program" that would suit everybody.

Other Labor leaders, including Whitney, Arthur Goldberg, chief of the CIO and Lew Hines of the AFL, didn't commit themselves on the injunction crackdown—aimed chiefly at Lewis. But Whitney endorsed the proposed ban on jurisdictional strikes, which, he said, would reduce union membership "trailing."

Most interesting test of the no-patronage punishment for Dixiecrats will come up almost immediately in regard to postmasterships for Congressman Gene Cox of Georgia.

Although Chairman McGrath has laid down the rule that Dixiecrats get no postmasterships for patronage, and though President Truman snubbed Governors Thurmond and Tammidge in the inaugural parade, some of the Dixiecrats are betting a ten-gallon hat to a one-gallon hat that they will be able to get choice jobs at the public feed-trough just the same.

Several postmasterships are open in Gene's district and he is going after them, despite the fact that he was one of the bitterest Dixiecrats of all. Cox is relying on his buddy, Speaker Sam Rayburn, one of Truman's best friends but with a weak spot for an old crony. Cox repeatedly has defied Sam as a member of the House Rules Committee, but the speaker never deserts a friend.

Will Rogers, Jr., California politico and son of the famous humor-

POWERFUL TURTLE

Alligator turtles reach a weight of about 140 pounds and their strength is enormous. A large specimen can sever a human arm or leg with one bite.

A new device measures irregular areas, like those of skins or hides, by sweeping light beams across them and recording the result by means of photocells. Each light beam is of known width, and the number of sweeps across the piece being measured adds up to the total area.

Advertisements or be forgotten.

## Red Hot Battles Promised In City Loop During Week

There will be a hot time in the MHS gym Tuesday night. At 8 p. m., the undefeated leaders of the City Basketball League collide. Something must give. It's the VFW vs. Ranch House—a clash of teams with four wins each.

The public is invited. Admission fees are 25 cents

### Coaltown Runs Wild At Hialeah Park

MIAMI, FLA. — (AP) — Calumet Farm's Coaltown Saturday scored an impressive two and a half length victory at Hialeah Park before 18,200 spectators.

The speedy four-year-old son of Bull Lea beat his stablemate, Free America, and paid \$2.40, \$2.10 and \$2.10 across the board.

Free America was second. A. F. Plock's Tavistock was third, paying \$2.10.

## West, Latins Take Cage Wins; South And Latins Win Volleyball Contests

West Elementary beat North Elementary 16-2 and Latin America beat North Elementary 10-6 in sports program boys' basketball games in the MHS gym Saturday morning.

Latin American beat North 53-11 and South beat West 36-13 in girls' volley ball contests.

Gary Dee Howard scored 10 points, Stu Chancellor four points and Coy Hudson two points, in the West cage victory. Other Westerner players were: Bill Harris, H. C. Peemster, Mike Milam, Barry Cummings and Billy Carpenter. The South's two points were made by Johnny Cutbirth.

### Dallas Texas League Baseball Park Sold To New Corporation

DALLAS — (AP) — Purchase of the Dallas Baseball Park by a corporation which includes among its stockholders R. W. Burnett, owner of the Dallas club in the Texas League, was announced Saturday night. The name of the club also will be changed from Rebels to Eagles.

The corporation will be known as the L. and W. and now is in process of formation. The park was purchased from the Republic National Bank of Dallas, acting for the McJunkin estate. Prentice Wilson, attorney for the purchasers, said the price was \$231,250. The L. and W. Corporation derives its name from C. A. Lee and Ralph C. and Elsie Lou Weiser, the principal stockholders. Others holding stock are Burnett and Robert Bozeman, treasurer of the Dallas ball club.

### Sixth Grade Pups Form Baskeleers

The sixth grade Bullpups of junior high have organized a basketball squad and it is working out nightly in the MHS gym.

First scheduled game for the Pups is February 17 at Colorado City. They will play in a tournament at Rankin February 25-26.

Cosch is Lloyd Curlee. Coaches working include Myron Harris, Jerry Green, Jimmie Hunt, Bud Lea, Bill Brooks, Don Stringer, James Claiborne and Dwight McDonald.

### 300 Divot Diggers Expected To Start In \$10,000 Texas Open

SAN ANTONIO — (AP) — The oldest golf tournament on the Winter Divot digging circuit—the \$10,000 Texas Open—will celebrate its 27th birthday starting Thursday, when the 72-hole championship gets underway at Brockenridge Park and Fort Sam Houston golf courses.

It's the first time since the tournament was inaugurated in 1922 that the event will be played on two courses. Tournament Manager

### McCamey Wins Three From Pecos Teams

McCAMEY — Cagers of McCamey won three games from Pecos teams here Friday night. The varsity game was won 34-26, the "B" game 31-29 and the Junior game 18-16 in overtime.

McCamey's Badgers are defending champs in basketball of District 5-A.

Reuben Albaugh expects a starting field of close to 300 players. Included among the players already in the field are all of the leading professional stars except Ben Hogan and Lloyd Mangrum.

Siammin' Sammy Sneed, who shot a record-equaling 264 in the worst kind of weather last year, is the defending champion. Odds are against him repeating as only one player in the history of the tournament has ever turned the trick. That was Wild Bill Melhorn in 1928 and 1929, also the only player ever to win the Texas Open more than once.

Sneed is one of six former Texas Open winners scheduled to tee off. Others are Johnny Revolta, Chick Harbert, Lawson Little, E. J. (Dutch) Harrison and Denny Shute. Jimmy Demaret of Ojai, Calif., formerly of Houston, who finished second in the event the last two years, rules a strong pre-tourna-

ment favorite. British Amateur Champion Frankie Stranahan and Skeie Riegel, former U. S. amateur king, top the simon-pure entries.

### Brumbelow Talks At Grid Banquet

Mike Brumbelow of Midland was guest speaker at the Garden City Football Banquet held in the Crystal Ballroom of the Scharbauer Hotel Friday night.

Members of the Garden City High School Pep Squad sponsored the banquet honoring the entire football squad.

The Garden City superintendent of schools was master of ceremonies. A sextet, composed of pep squad members, sang musical numbers.

The banquet group went from Midland to Sterling City to a March of Dimes dance.

Houston Stock Show Poultry Champs Sell For \$75 Per Pound

HOUSTON—(AP)—Attendance and sale records fell Saturday as the seventeenth annual Houston Fat Stock Show attracted the largest crowd in history for a single day. W. O. Cox, general manager of the exposition, said a record-breaking 40,000 persons, including thousands of school children, passed through the Sam Houston Coliseum gates. The day's program included three rodeo performances and auctioning of fat poultry in which approximately 3,600 entries were auctioned at prices as high as \$75 a pound. Bill Williams, Houston restaurant man, paid a record \$1,500 for the champion pen of five fryers. The champion were raised by Vernon Weber, 16, of Houston. Champ Capon Brains \$950 Another record fell when the grand champion capon, owned by Glen Forsand, Elmar, sold at \$950 to J. Howard West, Houston. Overall totals were not available immediately but show officials said hens sold at an average of 60-cents a pound. Earlier in the day show officials had announced that exhibitors in the market division for fat steers, lambs and swine received a total of \$244,750 in auctions that were completed Friday. A new record was set for steers as 304 were sold at an average price of 51 cents a pound. The previous record was 48 cents for 1948. The prevailing market price is 27 cents a pound.

Down SPORTSLANE -With TANNER LAINE

We fans in Midland should appreciate Harold Webb. He brought us baseball. He staffed his teams with clean, young ball players. He gave us a pennant winner last season and was in the playoff the year before that. His teams make the nearest appearance in the loop. Webb keeps those uniforms epic and span himself. His Indians even polish their baseball shoes.

Webb is sound financially. He has never asked for donations to keep his team going. He pays rent for his ball park. He spends his own money, a lot of it, maintaining this park. He and his teams are welcomed wherever they go and stay at the best hotels or courts. He's no hand-to-mouth manager.

There is no telling how many kids in Midland Harold Webb has given baseballs, also bats. He cooperates 100 per cent with the American Legion Junior Baseball Team. He encourages the high school baseball team and lends it equipment. He cooperates with the Midland Black Indians. All of these teams use his park. He doesn't put an upkeep fee on them.

Webb gives color to the entire league. He does not tolerate cussing where spectators may hear it. It's true he scrapped for every run his Indians could get. But that is because he likes to win. And when he wins, Midland gets prestige.

Women may be assured of pleasant surroundings and the cleanest of atmosphere at the Webb-run Indian Park. You can take your wife or girl friend to Midland games and be certain of perfect safety.

We know for a fact that several West Texas cities would like to have Harold Webb at the helm of baseball in their respective locations. Just last week, he gave of his time to helping Sweetwater get baseball for next season. He drew praise of that city's citizens for it. He's really working at the heart of being vice president of the league, which has fined him more than any other individual.

When the Longhorn League was being organized, it was Harold Webb who gave more assistance than he got credit for.

His boys swear by him, not at him. They like the old rasel because he is one of them, but he knows when to draw the line. They write back they would like to be back with Harold when they have gone. Often times his heart is even too big when he should be a hard-boiled man.

But back of Webb and his boys is Lois Webb, business manager, who is the smartest Indian of them all. To his "black-haired gal," as Webb says, goes all the credit.

The first statewide amateur sportsmen's competition in Texas will be staged in Brownwood on the old Camp Bowie grounds April 3-9 under the direction of the Texas Wildlife Federation.

Sportsmen of all ages, novices and experts, are invited to attend the week-long meeting and to participate in any of the competition will include individual and team championships in the following events: plug casting, fly casting, skeet, pistol, small bore rifle, large bore rifle, row boat race, and bench show for all classes of hunting dogs. Clubs which are members of the federation are eligible to send individuals and teams to enter the plug casting championship, fly casting championship, trap shoot, pistol shoot, small bore rifle shoot and large bore rifle shoot.

The machinery that will make the dream of 42 Texas schoolboy football stars become a reality has already been set in motion. The committees who will select the players to participate in the fifteenth annual All-Star football game, which is held in conjunction with the Texas High School Coaches Association meeting in Brownwood, Tex., is ready to announce their choices shortly after the state basketball tournament in March. In addition to the honor of playing in this game of games in Texas, each participant receives an all-expense paid trip to Beaumont, the site of the 1949 school, and a beautiful engraved watch symbolizing the honor. The game will be played in Beaumont High's Purple Stadium August 5.

Grady Hester of Corpus Christi is working in the dual capacity of Chairman of the Southern All-Star Committee and as the representative of the Class AA schools. The other members of his committee and the classes they represent are: George (Red) Forehand, Brackenridge, San Antonio, City Conference; Tom Bridges, Hondo, Class A; and L. B. Russell, Baird, Class B.

Paul Snow from Fort Worth's North Side in the City Conference heads the committee to select the Northern all-stars. He will be aided by Pat Patterson, Lubbock, Class AA.

6—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, FEB. 6, 1949

Mancuso, Hudson To Hold Diamond Clinics In Area

COLUMBUS, OHIO—(AP)—Scouts from 13 major league clubs are ready to tell managers of amateur teams how the game is played under baseball's Big Top. Thirty-eight representatives of the professional game will give the "inside" details at more than 100 clinics spread over 13 states, starting Saturday.

With the state high school athletic associations and the American Legion cooperating as sponsors, week-long clinics are booked in California, Washington, Texas, Alabama, Kentucky, Tennessee, Georgia, North Carolina, Pennsylvania, Ohio, Michigan, Indiana and Iowa.

The program, first of its kind, is the brain child of Bob Finch, publicity director of the National Association of Professional Baseball Leagues, headed by President George M. Trautman. Odessa, Lubbock, Abilene Clubs which have assigned principal scouts to the two-man teaching teams are Boston, Brooklyn, Chicago, Cincinnati, New York, Pittsburgh and St. Louis of the National League, and Cleveland, Detroit, New York, St. Louis, Washington and Boston of the American League.

Mangrum Pulls Far Out Front At Tucson TUCSON, ARIZ.—(AP)—Lloyd Mangrum of Chicago "salvaged" a 68 from what he called a "bad" round of golf Saturday to hang on to a two-stroke lead over the field at the end of the third round in the \$10,000 Tucson Open with a record 12-under par 198.

In posting his third straight sub-par round over the par 70, level 6,500-yard El Rio Country Club Course, the ex-GI out of Los Angeles shattered a record of 54 holes of 199 strokes. Clayton Heafner of Charlotte, N. C., and Jimmy Demaret, Ojai, Cal., clubbed out scores of 66 and 67, respectively, for 54-hole scores of 203.

Father Of Former Tech Gridiron Star Is Traffic Victim DUMAS, TEXAS.—(AP)—George A. Schlinkman, 58, father of a former Texas Tech football star, died here Saturday afternoon of injuries received when struck by an automobile Friday night. Bogart, Schwab And Bette Davis At Top Of 'Big Money' List

WASHINGTON—(AP)—Big-eyed Bette Davis made \$328,000 to edge out film songstress Deanna Durbin and gain top billing for their sex Saturday night on a Treasury list of the nation's leading money earners.

But filmdom's scowling Humphrey Bogart finished in front of both. The list, second issued calendar 1946 and business fiscal years ended in 1947, showed he pocketed \$467,361. The big bite taken from these top bracket earners by taxes is not shown in the report.

Miss Davis drew her pay from the same film concern as Bogart, Warner Brothers. Miss Durbin was paid \$328,477 by Universal Pictures. She is Dorothy Shaver, 51-year-old, Arkansas-born president of Lord and Taylor, New York department store. The store paid her \$110,000.

Seven From Movie World The top ten in the second salary list, seven of them from the movie world: 1. Bogart. 2. Jacob W. Schwab, New York textile magnate, who pooled \$340,542 from the United Merchants and Manufacturers, Inc., and \$100,000 from Cohn-Hall-Marx Company, for a \$440,542 total.

Mangrum Pulls Far Out Front At Tucson TUCSON, ARIZ.—(AP)—Lloyd Mangrum of Chicago "salvaged" a 68 from what he called a "bad" round of golf Saturday to hang on to a two-stroke lead over the field at the end of the third round in the \$10,000 Tucson Open with a record 12-under par 198.

SETTING A NEW WORLD STANDARD OF LOW-COST MOTORING

CHEVROLET is the only car bringing you all these fine-car advantages at lowest cost! The Most Beautiful BUY for STYLING Chevrolet's New Leader-Line Styling is lower, wider, taller... is the most beautiful development of the new "functional form" for motor cars... The Most Beautiful BUY for COMFORT The new Chevrolets have Super-Size interiors with plenty of head, leg and elbowroom; extra-soft, ultra-comfortable "Five-Foot Seats"; and giant luggage space in rear seats... The Most Beautiful BUY for RIDING EASE A new, even finer Unitized Kneep-Action Ride, combined with new direct-acting airplane type shock absorbers on all four wheels and extra-low pressure tires, provides the highest degree of riding-smoothness; and new Center-Point Steering, with front and rear seats centered on the chassis, gives all passengers a preferred riding position—true cradled comfort—and much easier entrance and exit, as well... The Most Beautiful BUY for DRIVING EASE New Center-Point Steering (available elsewhere only in much higher-priced cars); new Panoramic Visibility, with wider, curved windshield and more window area all-round; and new Hand-E-Gearshift with Synchromesh Transmission—all combine to give a degree of driving ease and driving safety exclusive to this one low-priced car... The Most Beautiful BUY for PERFORMANCE with ECONOMY The famous Chevrolet Valve-in-Head Engine gives a world of power, acceleration, smoothness and dependability... together with all of Chevrolet's remarkable economy of operation and upkeep... and this is the world's champion engine, mind you, for it has delivered more miles of satisfaction, to more owners, over a longer period, than any other power-plant built today... The Most Beautiful BUY for ALL-ROUND SAFETY Here's fivefold safety protection found in no other low-priced car: (1) New Curved Safe Hydraulic Brakes providing even faster stops with safety; (2) Extra-Strong Fisher Unitized Body-Construction; (3) New Panoramic Visibility; (4) Safety Plate Glass in windshield and all windows; and (5) the extra-safe Unitized Kneep-Action Ride. Yes, only this new Chevrolet brings you all these advantages at lowest cost; and that's why it's the most beautiful buy of them all, from every point of view and on every point of view.

...in all these features and in all these ways! for performance and safety... because it offers feature after feature of costlier cars at the lowest prices and with all the economy of operation and upkeep for which Chevrolet is famous. You'll find that now more than ever before Chevrolet merits the title of being "first for quality at lowest cost"; and that it is, indeed, the most beautiful buy of all, in all these features and in all these ways.

First for Quality at Lowest Cost AMERICA'S CHOICE CHEVROLET FOR 18 YEARS ELDER CHEVROLET COMPANY 701 West Texas Midland, Texas

## Clever Davids Beat Ranchers

With Clown Bobby Roth keeping up a rapid-fire chatter and performing extra-curricular antics on the side, the bearded House of David cagers beat a good Ranch House team of Midland 46-39 Saturday night in the MHS gym. It was a benefit tilt.

## Civilian Chairman Over Armed Forces May Be Proposed

WASHINGTON.—(P)—The Hoover Commission Saturday was reported weighing plans to propose a civilian chairman over the United States joint chiefs of staff to cool off inter-service rivalries.

## DOES YOUR CAR NEED BODY REPAIRS OR PAINTING?

Our body shop is one of the most up-to-date shops in Midland and we are equipped to make any and all repairs necessary to make you proud of your car.

## Abilene B Wins 51-36—Eagles Pop MHS Five

The Midland Bulldogs fought to the finish and were in a stirring rally but the Abilene Eagles' long-range gunners were too hot and the Warbird visitors won a 3-AA basketball game Friday night in the MHS gym 52-46.

It was luck on the long, looping shots from way out near the center mark which brought victory to the Eagles. Time after time, the Eagle gunners nonchalantly let fire from the fringe of the Midland guarding zone and time after time the doggone pellet meshed.

At close range mixing, the Bulldogs held their own despite Abilene's height advantage.

Abilene bucketed two quick field goals as the game got underway and this lead was passed only once although the Bulldogs pulled up to 6-6 and 8-8 deadlocks during the first quarter. Midland was ahead briefly 9-8 midway of the first quarter. Abilene held a 15-10 advantage at the end of the first quarter and 20-16 at the half.

The Davids were ahead 14-9 at the end of the first quarter, 24-18 at the half, 38-22 at the end of the third quarter. They kept a four-point margin throughout, except in the early stages when Midland's Ranchers were close at 2-1, 6-3, 8-5, 10-7. The Davids watched the scoreboard and allowed it to be right interesting at intervals.

Roth, the clown, was high scorer of the game with 12 tallies. His mate, Sarkisian scored 11 tabs. Smith was nigh for the Ranch House with nine. Brahaney tabbed eight marks for the locals.

The game was a benefit for Midland High School. A full house saw the show-game.

H. of D. (46)	FG	FT	FT	FT
Roth	6	0	1	12
Scott	3	0	2	6
Ludka	4	0	0	8
Drew	4	1	2	9
Sarkisian	5	1	1	11
Totals	22	2	6	46

## Webb At League Parley

Harold Webb Sunday is attending a Longhorn League meeting at Big Spring.

The Midland skipper is vice president of the loop. The parley is scheduled at 2 p. m. in the Settles Hotel.

Most important item of business on the agenda is the 1949 schedule. Sweetwater's status in the league also is up for much discussion.

Webb announced Saturday he had signed a new ball player. The new Indian is a right-handed pitcher from Diamond Hill, where he was four-year letterman in three sports. His name is Robert E. Martin. He is a young, clean ball player, according to Fuss Ervin, Cleveland scout.

Ervin says Martin can throw harder than Ossie Kelwe, hard-throwing Indian of 1947. When Webb heard that he phoned Ervin to "look him, cage him and ship him to me."

Approximately 146 box seats have been sold for the 1949 season, Webb said.

## Crane Roping Club Names Directors

CRANE.—Organization of the Crane Roping Club was perfected at a recent meeting here.

President C. C. Swift presided, and the following directors were elected: W. D. Gooch, Johnnie Rogers, Sr., and Q. M. Sharp. Paul Lowe, Jr., was named secretary-treasurer.

A \$50 membership fee was established.

Those signing up for active membership were: Frank Craig, Vernon Pettis, W. T. Cowden, C. C. Swift, Harry Cowden, W. D. Gooch, G. M. Cockerel, J. B. Rogers, Jr., Billy Henderson, Elliott Moore, Roy Pilgrin, Jerry Cowden, George Teague, Dawn Stacy, Don Kilgore, Bill Decker, Bill Lowe, James Ward, Billy Edwards, Bill Teague, Oscar Kinsey, Wilson Barr, R. L. Darnon, Honorary members include M. E. Lear, Q. M. Sharp, R. V. Wilson, Sr., Johnnie Rogers and the News Publishing Co.

## SHOX WARRIORS TO PLAY MCCAMEY FIVE

MCCAMEY.—The News Publishing Company basketball team will play the colorful Shox Warriors-Warriors in a March of Dimes benefit game Thursday night in the McCamey High School gymnasium.

The McCamey team is undefeated in season play, and won the championship of the recent Crane Tournament.

A \$50 membership fee was established.

Those signing up for active membership were: Frank Craig, Vernon Pettis, W. T. Cowden, C. C. Swift, Harry Cowden, W. D. Gooch, G. M. Cockerel, J. B. Rogers, Jr., Billy Henderson, Elliott Moore, Roy Pilgrin, Jerry Cowden, George Teague, Dawn Stacy, Don Kilgore, Bill Decker, Bill Lowe, James Ward, Billy Edwards, Bill Teague, Oscar Kinsey, Wilson Barr, R. L. Darnon, Honorary members include M. E. Lear, Q. M. Sharp, R. V. Wilson, Sr., Johnnie Rogers and the News Publishing Co.

## Carver Hornets Sting Mustangs

The Carver Hornets of Midland stung the Sweetwater Mustangs 24-16 in a recent basketball game at Sweetwater.

Posed with a strong starting five and ample reserves, Midland was never in danger. Sweetwater never got within four points of Midland as the game progressed.

The starting Hornet lineup included Taylor, Storms, Morris, Sams and Billy Joe.

Next game for the Hornets is a return battle with Sweetwater here in the MHS gym.

# Dirt, Squirt and Quirt

FARM, DAIRY AND RANCH NEWS  
By DON McGRIGOR

A couple of Midlanders entered Quarterhorses in the Southwestern Exposition and Fat Stock Show last week and came home with a good many honors.

Buster Cole came back with a big grin and nothing but praise for his horse, "Babe Mac O," grand champion of the show in the stallion class. Earlier the horse had won the championship of the three-year-old halter class.  
Roy Parks, Jr., showed a three-year-old filly, "Powder Parks," to the reserve championship in the filly division. This horse was champion three-year-old filly. Parks also placed fifth in the stallion class with "Powder Horn."  
Parks' cutting horse, "Will James" split fourth and fifth places with another horse in the cutting horse halter class. "Will James" was third in one day's cutting contest.  
The trophy cone won for the grand championship is on display in the Chamber of Commerce window.

A large group of Midland County farmers, ranchers, dairymen and others interested in agriculture attended a district Farm Bureau meeting in Big Spring recently.  
Attending from Midland were B. T. Graham, T. J. Howard, O. C. Collins, Oswald Raggett, Roy D. Jones, W. M. Bramlett, Ben Golladay, Howard Brooks, Plamer Evans, Joe Heideburg, E. P. Lawson, J. B. Harvard, Roy Prrazier, Hubert Martin, Mrs. Nettie B. Messick and R. C. Vest, Jr.  
The meeting was primarily a Farm Bureau clinic for the new member counties of District Six and to acquaint all members with the organizational function of each county.  
The principal speaker was J. Walter Hammond, president of the State Farm Bureau Federation. He has just returned from Washington, D. C., where he had been studying agricultural conditions and said things look good for agriculture for at least another year.  
Vest said the interest of those at the meeting from Midland County was very high and spoke well for the future of the bureau here. An effort is being made to enlist members from the ranch, dairy and farm industries of the county.  
There are now 115 members of the Midland County Farm Bureau. The quota set for this county at the clinic was 200 for the next year. An intensive membership drive will begin soon, Vest said. The directors will hold a special meeting at 7:30 p. m. Tuesday in the West-Tex Equipment Company Building to discuss the drive.

The Midland Auction Company reported 250 head of cattle sold Thursday. The market was fairly active but around 50 cents to \$1.50 lower than two weeks ago. Reports are that due to bad weather the sale January 31 was confined to just a few head.  
Last week fat calves and yearlings sold at \$21 to \$23.50; medium calves and yearlings, \$16 to \$20; fat cows, \$16.50 to \$17.50; medium cows, \$15.50 to \$16.50; canners and cutters, \$10 to \$15.50; medium bulls, \$16.50 to \$18.50. There were not enough stockers to establish a market.  
Leonard Proctor was reported to be tagging sheep last week on his ranch south of Midland.  
James A. Boyd, Midland County

## John Dale Kelly Sweeps Dry Lot Honors In Martin County Junior Livestock Show

By CLEDDIE SHELBOURNE  
STANTON — The two-day annual Martin County Junior Livestock Show closed here Saturday with an auction sale for champion barrows and capons. Champions were named in each division with judging taking place Friday afternoon and Saturday morning. The show was acclaimed the largest and most successful ever held here.  
John Dale Kelly, Stanton 4-H Club boy, made a clean sweep of high honors in the Dry Lot Division for show calves. He took both Grand Champion and Reserve Champion honors with calves bred by J. C. Sale, Martin County rancher. Kelly also showed calves which placed fourth and sixth in division, the sixth place winner being from Chuck Houston's herd.  
Dewayne Peterson took third place in the division with a calf bred by Cole Sheaffer of Lamessa and fifth place went to Johnny White who showed a calf from the Tom Brothers Ranch in Martin County.  
**Milk-Fed Division**  
W. D. Chandler took Grand Champion and Reserve Champion awards in the Milk Fed Division for club calves with stock from the J. C. Sale ranch.  
Third place in the Milk Fed Division went to Fred Church who showed a calf bred by his father, Steve Church.  
Other winners and the breeders were: R. L. Hull, fourth, breeder J. P. Carter of Childress; Fred Church, fifth, breeder Raymond Glascock of Stanton; R. S. Higgins, sixth, breeder Courtney Mellard of Marfa; Gerald Koonce, seventh, breeder Tom Brothers of Stanton; Earl Koonce, eighth, breeder J. C. Sale of Stanton; Billy Ray Hamm, ninth, breeder Bob Cox; Bob Cox, 10th, breeder Bob Cox.  
Calves were judged by George W. (Stud) Barnes, district extension agent, of Fort Stockton.  
The only sheep in the show was exhibited by Reggie Church of Stanton.

Calves exhibited were not sold at the auction. Many of the choice entries will be entered in shows at El Paso, Midland, Odessa, and other places.  
Judging of barrows and capons was held Friday afternoon with John Baugardner, professor of animal husbandry at Texas Tech officiating. Entries in both divisions showed outstanding work and care on the part of exhibitors.  
Grand Champion barrow was shown by Bobby Carlisle, bred by Duroe Jersey stock bred by T. M. Robinson of Knott. The champ weighed 273 pounds.  
Reserve Champion barrow was shown by John Dale Kelly. B. J. Peterson of Stanton was the breeder and the hog weighed 283 pounds.  
Elmer Stroud of Courtney took third place with a 245-pound barrow bred by Wayne Arrot, and Wayne Holcomb won fourth with a 213-pound hog from the same breeder. Fifth place went to Ray Simpson, Jr., who showed a 175-pounder bred by Roger D. Brown.  
**Other Winners**  
Others winners, listed in order, were: Derwood Blagrave, Sadler Bridges, Sarah Louder, Lee Graves (ninth and 10th), Larry Clements, Juggy Britton, James Glynn, Dewayne Peterson, Darrell Folklock, Roy Koonce, Johnny White, Roy Koonce, Joe Blasingame, and Juggy Britton.  
Showing barrows, but failing to

win the first 20 were John Paul Cave, Billy Ray Clements, William Carrol Hull, Miller Curtis, Loyd Milnes, James Paige, Jerry Don Paige, Marlin Springer, James Tunnel, Malcolm Tunnel and Leon White.  
Harriet Higgins stole the show in the capon division, showing 14 birds and taking seven places in the first 15 including Grand Champion and Reserve Champion. Phil Foreman of Lamora showed the third place winner.  
Fourth and fifth places also went to Miss Higgins as did ninth, 11th and 15th.  
Others placing in the first 15 were Sue Standefer, sixth; Dwain Jeffcoat, seventh, 12th and 14th; Phil Foreman, eighth and 10th; and Montie Castleberry, 13th.

## Rankin Girl Shows Champion Lambs At Upton Stock Show

By BILL MOORE  
McCAMEY — Mona Sue Branch, Rankin 4-H Club girl, showed the grand champion and the reserve champion lambs at the 12th Annual Upton County Livestock Show here Saturday, as Rankin youths swept a majority of the first place honors in the various classes.  
The grand champion lamb, which was the winner of the Mutton Class, brought \$2.50 a pound at the auction which followed the judging. C. W. Brown Motor Company of McCamey was the purchaser.  
The reserve champ also was champion of the Heavyweight Rambouillet Class.  
The grand champion horse was shown by Charlie Black of Odessa. P. C. Furner of Odessa had the reserve champ. Black also had the grand champion mare and Furner the reserve champ.  
**Winners Listed**  
Results of the judging in lamb classes:  
Rambouillet Lightweight — Fields Branch, Rankin, first; Mona Sue Branch, second; Janet Pauley, McCamey, third and fourth; Barbara Hartzl, Rankin, fifth.  
Rambouillet Heavyweight — Mona Sue Branch, Fields Branch, Janet Pauley (third and fourth), Sybil Patton, Rankin.  
Heavyweight Crossbred — Gentry Holmes, Rankin; Fields Branch, Holmes, Lloyd Yocham, Rankin; Mona Sue Branch.  
Lightweight Crossbred — Barbara Hartzl, Fields Branch, Elbert Eckols, McCamey; Bob Johnson, McCamey; Joveta Yocham, Rankin. Mutton — Mona Sue Branch, first and second.  
Pen of Three Rambouillet — Janet Pauley, Mona Sue Branch, Fields Branch, Sybil Patton, Barbara Hartzl.  
Pen of Three Crossbred — Gentry Holmes, Fields Branch, Amaryllis Hartzl, Rankin; Ted Yocham, Rankin; Mona Sue Branch.  
Winners in the horse show:

**Hardy And Johnson Form New Hat Shop**  
Kenneth C. Johnson, who returned to Midland recently from Alpine has joined O. H. Hardy, owner of Hardy's Hat Shop, in forming a new company known as Hardy and Johnson Hat Company. The business is located at 119 East Wall Street.  
Johnson, son of Mrs. Bertha Johnson, resided in Midland from 1914 to 1932. He has been engaged in the cleaning and dyeing business at Alpine the last several years. He is a graduate of the National Associated Institute of Dyeing and Cleaning.  
**Cotton**  
NEW YORK —(AP)—Cotton futures Saturday suffered the heaviest losses in many weeks. At one time prices tumbled as much as \$2.80 a bale before buying halted the decline. Final prices were 99c to \$1.30 a bale lower: March \$2.25, May \$2.08 and July \$0.90-92.

# WEST TEXAS GAS COMPANY COMPLETED ALL 1948 PROJECTS ON SCHEDULE... 1949 EXPANSION PROGRAM IS STARTING

1948 PROGRAM COST 2 1/4 MILLION  
Last winter we experienced an unusually heavy demand on our gas system... a demand which briefly exceeded the capacity of our transmission facilities. At that time we told the people we serve that we would make every effort possible to correct this situation before the next winter.  
Certain definite projects were required to increase capacity. Some had already been planned... others were added. Reproduced at left is a newspaper advertisement in which we reported to our customers what we planned to do during 1948.  
We are happy to say all of the projects outlined were completed by mid-December. West Texas Gas Company invested about \$2,280,000 in additional facilities.  
In November, we began purchasing substantial quantities of gas at Amherst and at Umbarger from El Paso Natural Gas Company.  
**2 1/4 MILLION MORE IN 1949**  
Already our 1949 expansion program is beginning. Preliminary work is under way now for one important project. It is estimated that we will invest another \$2,250,000 or more during 1949 in additional facilities in order that we may provide a dependable, efficient and economical gas service to our customers.

**A REPORT TO OUR CUSTOMERS ... WHAT WE ARE DOING TO INCREASE OUR GAS PIPE LINE CAPACITY**

**TWO NEW SOURCES OF SUPPLY ARRANGED**

We have signed an agreement with El Paso Natural Gas Company to purchase gas from that company at two points. Barring unforeseen contingencies, this gas, which will benefit all towns on our system, will be available by November 1, 1948.

Thus, by next winter, we will be receiving natural gas from FIVE sources, as follows:

1. From Panhandle Gas Field, through our own transmission lines.
2. From El Paso Natural Gas Company line at point of intersection with our line near Hereford.
3. From El Paso Natural Gas Company line at point of intersection with our line near Amherst.
4. At a point 25 miles south of Lamessa, from Empire Southern Gas Company, whose line from Andrews County to Big Spring intersects our line there.
5. From Cities Service Oil Company's compressor Station in North Cowden Field, Ector County.

**NEW FACILITIES TO BE INSTALLED ON PIPE LINE SYSTEM**

Here are the new facilities expected to be installed before next winter, with estimated month of completion:

1. Near Turkey Creek Compressor Station will be installed a 300 hp. booster compressor. (September.) Main plant is 2350 hp.
2. At McSpadden Compressor Station three more 400 hp. compressors, increasing capacity to 2850 hp. (July.)
3. At Plainview Compressor Station one more 300 hp. compressor, increasing capacity to 2400 hp. (December.)
4. At Littlefield Compressor Station one 80 hp. compressor, to increase capacity to 330 hp. (August.)
5. Between Littlefield Compressor Station and Whitworth also miles of 6 1/2-inch pipe will replace 3 1/2-inch pipe. (A.M. lines remainder when pipe may be ordered as received.)
6. From Littlefield to point of intersection with new El Paso Natural Gas Company line, ten and one-half miles of 6 1/2-inch pipe will replace 4 1/2-inch pipe. (Pipes expected in July, will be installed soon as received.)
7. At Tohoka Compressor Station one more 400 hp. compressor, to increase capacity to 780 hp. (September.)
8. Between Tohoka and Brownfield, ten miles of 6 1/2-inch pipe will replace 4 1/2-inch pipe. (Pipes on order will be installed soon as received.)

HELPING BUILD WEST TEXAS SINCE 1927

## Outlook For Building Points To Continued Heavy Demand

Although there may be a period of readjustment in the months ahead for all types of business, the general outlook for building points toward continued heavy demand until at least 1960, Don Thompson of the A&L Housing & Lumber Company said Thursday.

Thompson has just returned from Dallas, where he attended a conference of building authorities held by the Johns-Manville Corporation. Reports at the meeting covered studies made throughout the United States.

In this period of competition we are entering, Thompson was advised, consumers will turn from products which do not measure up to their standards for quality and service, and conceivably there may be a falling off of consumer demand.

"Insofar as prices are concerned there would appear to be definite limits to any prospective decline as purchases are adjusted to income. Even though the saturation point is reached for certain items, demand promises to continue strong for many items with a combination

## Hubam Clover Crop Pays Off In Cotton

COLLEGE STATION—(AP)—A 1947 crop of hubam clover paid off in cotton.

It worked this way on Jack Davis' community farm in Ellis County. Davis used the same planting and cultivating methods on eight rows of cotton in the same field. But four rows were planted following hubam clover and four following cotton. He kept a record throughout the picking season of weights harvested from all eight rows.

The record book shows that the planting following hubam yielded 750 pounds of seed cotton an acre. The planting following cotton yielded 210 pounds less—540 pounds an acre.

But that didn't satisfy Davis. He took the cottonseed to a laboratory where analysis showed the chemical content of cottonseed from the hubam plot ran a little higher in everything except moisture content.

Seed Analyzed

Here's how the seed from the hubam land analyzed: 19.9 per cent oil, 4.34 per cent ammonia, 4 per cent free fatty acid in the oil, and 7.50 per cent moisture. The grade calculation on this bunch of seed ran 110.5, and the estimated yield of oil and cake was 335 and 975 pounds, respectively.

The cottonseed from the other plot had 18.9 per cent oil, 3.95 per cent ammonia, 3 per cent free fatty acid in the oil, and 8.30 per cent moisture. The grade calculation was 104.5, and the estimated yield of oil was 318 pounds. The cake was 886 pounds.

F. C. Elliott, extension cotton specialist of Texas A&M Co., says agronomists already had found that better quality planting seed can be grown from the hubam-cotton combination. He says germination generally runs at least 80 per cent as compared to 80 or 85 for other types.

But that didn't satisfy Davis. He took the cottonseed to a laboratory where analysis showed the chemical content of cottonseed from the hubam plot ran a little higher in everything except moisture content.

## Heating Experts Offer Suggestions For Fuel Saving

Now that many homes have been winter-conditioned to make them snug and warm, the advantages gained by closing cracks, installing storm-sash and insulating will be minimized unless home-makers cultivate fuel-saving habits carefully through the cold months. Here are some important suggestions by government agencies and heating experts:

Set the thermostat no higher than 70 degrees. This is comfortable; five degrees higher wastes as much as 20 per cent of the fuel.

Don't keep doors open and hold long conversations with someone outside. For every minute a door is open the house cools one degree.

Draw Shades

Don't obstruct radiators or warm air grills with furniture, drapes, dishcloths or drying laundry. Dust radiators regularly to permit maximum heat output.

Draw window shades at night, also in the daytime in very cold or windy weather.

At the house only at mid-day when it is warmest outside; turn down the thermostat during that period.

When bedroom windows are open at night, keep bedroom doors closed to prevent cold air circulating through the house.

Bedroom doors should be weather-stripped to seal the crack between door and floor.

## New Science Product Aids In Heating Home At Low-Cost

By EDWARD S. KITON

CHICAGO (AP)—A new product of science—electric radiant heat—now is available to the consumer.

Its development may be an indication of things to come in low-cost radiant heating for the home. Carl F. Roester, a heating and electrical engineer, of LaFayette, Indiana, devised an electrically heated shield. He said his product of the laboratory utilizes for the first time a flat foil heating element.

Roester fitted his two story home with ceiling panels of which the foil heating element was placed. The elements were connected to a 115 volt A.C. circuit. After two years of successful tests, he decided his experiment was practical.

Available For Homes

Forming a business partnership with Oliver F. Johnson, of Chicago, Roester set up manufacturing facilities in this industrial center. His product was introduced this month to homeowners.

It is a four-paneled hinged screen. The decorative shield contains foil heating elements. It is designed for home, hospital and industrial use. A person can be protected from cold surfaces by placing the electric heat shield near him.

Metallurgical qualities of the foil—special alloy aluminum—enable safe operation, Roester said. Temperatures rise no higher than 104 degrees F. No thermostat or moving parts are necessary to control steady temperature.

Handy For Baby

Using about one-half kilowatt an hour, or about half as much as a hand iron, the heat screen discharges heat waves similar to those radiating from the sun.

The heat shield can be set near the infant's crib or behind the chair of a person whose body does not generate enough warmth for his needs.

Radiant heat shields have been used in factories. Tests were made in buildings with low temperatures where workers were forced to wear heavy clothing. The operators enjoyed shirt-sleeve freedom after the heat shields were set up near their machines.

Art schools have found the electric heat screen useful. The unclothed artist's model basks in sun-warm temperatures while the artist in smock and beret works in a cooler climate.

Londoner Coming To U. S. To Form Party For Atlantis Search

LONDON—(AP)—If you have \$25,000—or any reasonable part thereof—to spend on a legend, here's your chance.

It's a good legend. It has been circulating around the civilized world ever since Plato gave it playing time on his ancient Greek conversational circuit.

More than 5,000 books in 17 languages are in print on the subject. Artists have a picnic with the fantastic forms it conjures up.

It is, in brief, the legend of lost Atlantis.

People who believe in it—they call themselves Atlantologists—say it was a continent about the size and shape of Australia. It was supposed to have been inhabited by a partly civilized race. Something cosmic happened—the Biblical flood is the best guess. About 9,600 B. C. Atlantis disappeared.

From there on you pay your money and you take your chances.

Which brings us to Mr. Egerton Sykes of London. Mrs. Sykes would like you to choose him. He says he is going to the United States next September in an attempt to raise \$25,000 for a new search for Atlantis.

Sykes is a tall, loose-framed, middle-aged Englishman with a ready smile and a 25-year-old yearning. He used to be in the British diplomatic service. But his heart is under the sea.

That's where he thinks Atlantis is. He has collected 1,400 books on the subject, organized a society of fellow believers and publishes a bi-monthly magazine devoted to the legend. His qualifications give him membership in the Royal Geographical Society. And although the Society will not sponsor an Atlantis hunt, Sykes says he is confident that if he can make the search he will have his "silent blessing."

He belongs to the school that believes Atlantis was located in the Atlantic Ocean about midway between the Straits of Gibraltar and the American continent. Some German and French believers argue that it was in the Mediterranean or off the west coast of Spain.

The members of the Sykes School also believe that Atlantis did not disappear altogether in the great deluge. The Azores, he thinks, are what's left of the lost continent. So, Sykes explains, the place to look for Atlantis is near these Portuguese islands. He proposes to do this on the simplest possible scale.

First, get Syke's picture of that part of the ocean:

The Azores are a mountain top. The mountain slopes downward beneath the sea to the ocean floor. This floor was once the plains of Atlantis. Now it is covered with a thick layer of mud, the accumulation of thousands of years. Anything that might have survived there is now buried so deeply it cannot be recovered.

But the sides of the mountain, Sykes explains, should have kept comparatively free of mud. So he hopes to find on this slope the remains of some pre-historic town or temple. He figures that if he goes about 15 miles off the east coast of the Azores and down about a mile below sea level, he should reach the mountain side. If the original Atlanteans, as he contends, were sun worshippers, then they should have built the temples on the eastside of the mountain.

Sykes plans to do his hunting with a camera. He would just let down photographic equipment, snap a few views and repeat at intervals. He figures he would need only the help of Mrs. Sykes, a photographer, an engineer, an archaeologist and a Portuguese liaison professor.

The one barrier to immediate operations is a little matter of international finance. The Azores are Portuguese. Most of the expenses would have to be paid in Portuguese escudos. The escudo is a "hard" money.

"I don't think it would even be worth while wasting time asking the British government at a time like this to let us exchange our pounds for hard currency to carry out our project," Mr. Sykes said ruefully. But American dollars will buy plenty of escudos. And the way to get dollars, Mr. Sykes is firmly convinced, is to give a series of lectures in the United States.

## Underground Dam Controls Seepage

HOUSTON—Subsurface seepage, one of the chief causes of loss or pollution of water, now may be controlled by constructing a permanent underground dam. The size and shape of an asphalt emulsion, it was announced by Shell Oil Company. The subterranean barrier is built without excavating, by injecting the asphalt emulsion into the earth through a pipe. The new method already is used to check serious loss of irrigation water through an earth dam on the Santa Ana River in California.

The process represents a landmark in the control of subsurface flow, it was declared. The underground barrier may prevent serious leakage of water through banks or reservoirs, check contamination caused by infiltration, and prevent sea water from seeping into fresh water wells. Aside from its role in water conservation, the process can be used to check seepage around tunnels, road beds, or other subsurface structures, without the use of such relatively expensive techniques as sheet piling. The new process is especially significant, according to a Shell spokesman, because heretofore control of underground movement of water has been costly and difficult at depths of more than a few feet.

The process employs an emulsion of asphalt in water which is pumped under low pressure through a metal pipe driven into the ground. Emerging from the pipe, the emulsion spreads out roughly in the form of a ball. Chemicals mixed with the emulsion then cause the asphalt to coalesce, producing a mass impermeable to water.

Leftover cake may be spread with jam, topped with soft custard and chilled in the refrigerator for several hours before serving. Top with a dab of coconut or a cherry for each portion.

## Distinctive Small Home

This attractive ranch style home features an exceptionally large glass area, with a large loggia or covered porch to the rear. Alternate kitchen provides breakfast room space in the kitchen and permits the use of one of the new combination dish washing and washing machines, eliminating the need for a service porch. The plan calls for exceptionally large closets throughout the house. Another feature is the access from entrance hall to the guest bedroom. The house has 1,231 square feet of livable area.

## Floors Establish Effectiveness Of Room Decorations

Floors, according to home maintenance experts, play the role of "the power behind the throne" in establishing the effectiveness of a room's decorative plan. They dominate unobtrusively, being in effect the basic part of a home interior.

No matter how expensively furnished or how well arranged, a room will appear uninviting and dreary if handicapped with drab flooring. Conversely, even a modestly furnished room takes on an inescapable note of charm when floored with such quality material as oak, for example.

Many home owners prefer oak because of its natural beauty, combined with extreme durability which enables it to serve a lifetime without losing its original splendor. Another characteristic which appeals to home owners is its adaptability to seasonal and style changes in furnishings and color plans.

## India Plans Census In 1951

NEW DELHI, INDIA—(AP)—Printing presses will soon start turning out the first of nearly 400 million forms to be used in the 1951 census. The census tentatively is scheduled to begin March 31, 1951. Preparations are being made on an estimate that the population will total about 340 millions.

In 1941, six years before this subcontinent was partitioned, the population totaled 389 millions. Census officials estimate that 330 millions now live in India and about 60 millions in Pakistan.

**Building Permits Gain To \$189,200**

Building permits in Midland amounted to \$189,200 for the week ended Saturday to bring the year's mark to \$189,200.

Southwestern General Construction Company took two permits, one for \$8,000 and another for \$10,000, total \$18,000, for two brick veneer residences with garages attached at 2100 and 2122 West Michigan Street. Size of the \$10,000 structure will be 30 by 53 feet and of the \$8,000 structure, 30 by 40 feet.

Powder & Stanley firm was issued a permit for \$8,000 to build a Permanstone residence with detached garage at 1803 West Louisiana Street, 24 by 40 feet.

P. H. Lofton received a permit for \$6,500 to build a brick veneer residence at 408 West Parker Street, 28 by 30 feet.

Hays Construction Company was issued a permit for \$5,000 to build a frame residence at 400 West Nobles Street, 31 by 36 feet.

Laura Vestal took a permit for \$1,200 to alter a frame structure at 104 South H Street, making a garage apartment.

**Tulsa Landlords Warned To Recall Eviction Notices**

TULSA, OKLA.—(AP)—Uncle Sam tipped his hand Saturday in the growing rebellion of landlords against federal rent controls.

"The allegation will be that the evictions are not in good faith," he declared.

Individual property owners will be given five days next week to withdraw tenant eviction notices here or face government-instituted injunction suits, C. E. Marshall, Tulsa area rent director, said.

He named no specific landlords. The injunction suit, if any come, will be based on official complaints received by his office from tenants, Marshall explained.

Each suit will be filed individually. "No class or group action is intended as far as I know," the rent director said.

Slices of cooked smoked tongue coupled with slices of Swiss cheese make good sandwiches to put in a lunch box; spread the bread with mayonnaise, chili sauce or pickle relish.

**Rev. Nicholas Dies In Abilene Hospital**

ABILENE — Funeral services for the Rev. W. A. Nicholas, 94-year-old Baptist minister, will be held Sunday afternoon in the First Baptist Church here.

Mr. Nicholas, well-known throughout West Texas as a "friend of the child," died Friday in a basement room of Hendrick Memorial Hospital where he had lived since Dec. 6, 1946.

Brother Nicholas, as he was affectionately known, was a foster father to more than 1,000 persons whom he helped while they were homeless children. He was superintendent of the West Texas Children's Aid and Welfare Association and spent some 35 years of his life helping children since he came to this area in 1913.

He was born June 2, 1854, in Virginia. He was a graduate of Southern Baptist Theological Seminary, Louisville, Ky.

Before the Spanish-American War, he and his wife went to Cuba to do missionary work. His wife died in Cuba at the birth of a daughter. He then returned to the United States, and later did mission work in New Mexico and Oklahoma.

He came to Abilene in 1913 to enroll his two daughters in Simmons College, now Hardin-Simmons University.

Survivors include two daughters, a son and a foster son.

Brother Nicholas visited Midland often in former years, placing numerous children here and elsewhere in this section. Until illness forced his retirement a few years ago, Brother Nicholas, with his infant basket, was a familiar sight in most West Texas cities.

**Party Leaders To Overlook Squabble On Wright Morrow**

DALLAS —(AP)—W. H. Kilgore of Dallas said Saturday a meeting of Democratic leaders in Fort Worth discussed success of the party's campaign for runoff, "not Mr. Morrow's political fortunes."

The meeting Friday left up to Wright Morrow of Houston, state national Democratic committeeman, whether there would be one or more Jefferson-Jackson Day dinners in Texas. The dinners will raise money for the party.

The State Democratic Convention at Fort Worth in September voted to replace Morrow with Byron Skelton of Temple as national committeeman. Such replacement apparently can be carried through only by action of the entire national committee. Morrow has been accused of party disloyalty, which he has denied.

Kilgore is a former secretary of the State Democratic Executive Committee who was active for the Truman-Barkley ticket.

Fatman Speaks Out

In Washington Friday night Rep. Wright Morrow said "if Wright Morrow won't resign" then the state party officials should choose a liaison man to represent them in dealing with the Truman Administration. He suggested that perhaps Skelton should be named by the state committee as spokesman for the party before government and National Democratic Party councils in Washington.

Morrow retorted: "I don't intend to take his advice. He (Fatman)

**18-Year-old Youth Marries Widow, 67**

HUGO, OKLA.—(AP)—Eighteen-year-old Donald D. Conway and Mrs. Mollie Hall, 67, were married here Saturday at the end of a five-day courtship.

"It was love at first sight," friends of the couple said after the ceremony, which was performed by the Rev. Charles M. Barrett of the Church of God.

The marriage was delayed one day because of reluctance of the bridegroom's mother, Mrs. Clara Sellers, to give her written consent.

**Civil Suits Filed To Halt Evictions**

FORT WORTH —(AP)—The office of Housing Expediter filed two civil suits Saturday asking injunctions against eviction notices sent by Fort Worth landlords.

Complaints were filed in the U. S. district clerk's office. They named as defendants Mr. and Mrs. Hansen E. Boydston and P. E. Staggall and his son, Robert E. Staggall.

The complaints charged violation of the National Housing Act of 1947.

One petition asserted the Boydstons did not act "in good faith" in seeking to recover apartments, assertedly to remove them from the rental market.

**Conditional Pardons Granted Area Men**

AUSTIN —(AP)—Gov. Beauford H. Jester Saturday announced clemency actions upon recommendations of the Board of Pardons and Paroles which included the following conditional pardons granted: Henry Rogers, sentenced to four years in 1947 from Tom Green and Howard Counties for forgery and passing. To Howard County, J. B. Cousins, sentenced to two years in 1948 from Tom Green, Winkler and Taylor counties for forgery and passing. (On Jan. 20, 1948, subject was convicted in Lubbock County for theft from person and sentenced to five years in the penitentiary; this sentence now on appeal.)

**Unions Seek Repeal Of State Labor Laws**

HOUSTON —(AP)—An American Federation of Labor official will seek repeal of "punitive" state labor laws before concentrating on an intensive Southwest organization drive.

J. L. Rhodes, Atlanta, Ga., new Southern director of organization for AFL, said repeal of laws which labor considers punitive is the union's first objective.

Included are the nine labor laws passed by the Texas Legislature in 1947, he said.

"This comes ahead of organization because the laws restrict organization," Rhodes explained.

**Signs Of Slowdown In Wage Spiral Seen In Textile Decision**

NEW YORK —(AP)—The first solid signs of a check in labor's steady drive for higher wages appeared—perhaps significantly—this week.

In the woolen textile industry two large groups of CIO and AFL workers were denied 10-cents-an-hour wage increases by arbitrators who ruled the time had come when the business could not support the higher pay.

Earlier, on January 17, a group of cotton textile workers received a similar setback.

And industrialists and labor chiefs are wondering whether workers in other industries may soon run into the same wall as the buyer's market spreads.

**'JEEP' TRUCKS AND 'JEEPS' BECOME MOBILE WORK-SHOPS**

with Equipment Run by the Power Take-Off

The Universal 'Jeep' and 4-wheel-drive 'Jeep' Trucks offer a double advantage—all-wheel-drive traction that gets you to jobs anywhere in any weather, plus power from the economical 'Jeep' Engine to operate equipment. Let us show you how these mobile work-shops can serve you:

**"GENERAL ELECTRIC" 200-300 AMP ARC WELDERS**

General Electric builds two compact, light-weight arc welder generators of single-operator type especially for installation in the 'Jeep' and 'Jeep' Truck. The 200 amp. DC unit handles electrodes from 1/16" to 3/16" (1/4" occasionally)—current range from 30 to 250 amp. The 300 amp. DC unit handles electrodes from 1/16" to 1/4" (5/16" occasionally)—current range from 45 to 440 amp. Both units are quality-built for efficient, fast-welding performance under all conditions.

**"SCHRAMM" 60 CFM COMPRESSOR**

A Schramm Compressor mounted in the 4-wheel-drive 'Jeep' Truck or Universal 'Jeep' gives you a mobile unit for operation of air tools at hard-to-reach locations. Powered by the 'Jeep' Engine, the compressor needs no auxiliary motor. Compressor is a 4-cylinder, single stage cycle unit that delivers 60 cubic feet per minute at 100 lbs. pressure. Also made in 105 c.f.m. capacity.

**FOR SALE**

**20-YEAR COTTON BOWL STADIUM REGISTERED TICKET PURCHASE OPTIONS**

**PRICE \$5000 EACH**

THE DEMAND throughout the Southwest for tickets to the more important football games in Cotton Bowl Stadium far exceeds the seating capacity. Many who have wanted to see the games have been disappointed. State Fair of Texas proposes and offers for sale 20-Year Cotton Bowl Stadium Registered Ticket Purchase Options at \$50.00 each. It is hoped that this plan of financing will permit the building of a sufficient number of seats on the East side of the Stadium to meet at least a part of the excessive demand for seats. The number to be built will be determined by the number of Options sold and will be announced later.

For each Option sold a new seat will be built, which we expect to have ready for the 1949 football season starting October 1, 1949, with the SMU-Missouri game.

The registered holder of an Option will have the right to purchase one ticket, for each Option owned, to each football game played in the Cotton Bowl Stadium for which reserved seats are sold, for a period of twenty (20) years, at the regular printed ticket price, subject to the terms of said Option. The Option may be sold or assigned, but must be registered in the name of each new owner, for which a charge of \$1.00 will be made for each new registration.

Allocation of seats will be made by public drawing once each year. Notice will be mailed to the registered holder of each Option, giving him the right to exercise his option to purchase one ticket to such game or games as he may wish for each Option owned and registered, subject to reasonable rules and regulations as to the manner and time for the exercise thereof. The Options may be registered in the name of any person you designate.

There is no limit on the number of Options that you may subscribe for; however, State Fair reserves the right to reject all or any part of any subscription.

\* ADDITIONAL APPLICATIONS MAILED ON REQUEST. TEAR OUT ENTIRE APPLICATION AND MAIL WITH YOUR REMITTANCE.

This offering is scheduled to close Monday, February 28, 1949, however, the right is reserved to withdraw it at any time before that date.

**STATE FAIR of TEXAS**

P. O. BOX 7755 DALLAS, TEXAS

**APPLICATION**

For State Fair of Texas, P. O. Box 7755, Fair Park Station, Dallas, Texas

The undersigned hereby subscribes for \_\_\_\_\_ of the 20-Year Cotton Bowl Stadium Registered Ticket Purchase Options which the State Fair of Texas is presently offering for sale to the public at a price of \$50.00 per Option. It is understood that such Option shall be assignable, but must be registered in the name of each owner in accordance with rules and regulations with respect thereto, to be promulgated by State Fair of Texas. It is further understood that the net proceeds to be received by State Fair of Texas from the sale of said Options are to be used for the erection of additional seats on the East side of Cotton Bowl Stadium and for such additions and improvements as may be necessary in connection with the erection of such new seats.

It is understood that the registered holder of each such Option shall for a period of twenty (20) years, subject to the provisions thereof, be entitled to purchase at regular established prices (plus an additional mailing charge of 35¢ to cover the cost of clerical and postage expense in connection with each such transaction), one ticket to each college or professional football game which may be played in said Cotton Bowl Stadium at which tickets for reserved seats are sold, such Option to be subject to such reasonable rules and regulations as may be prescribed from time to time by State Fair of Texas, including regulations as to the manner and time for the exercise of such Option, and such Option to refer only to tickets for reserved seats to be built in the proposed new section of Cotton Bowl Stadium on the East side thereof.

I understand that State Fair of Texas has outstanding two issues of bonds, the unpaid principal balance on one of which is \$190,000.00 and on the other of which is \$1,200,000.00, and that such Options will be issued subject to the terms and conditions of the indentures of mortgage pursuant to which such bonds were issued.

Reference is here made to said written Option for a further and better description of its terms and provisions.

I understand that the Purchase Option applied for herein is not an obligation of the State Fair of Texas to redeem, but simply an Option to purchase a ticket.

Check or money order for amount of subscription payable to State Fair of Texas must accompany application.

It is understood that you reserve the right to reject all or any part of any subscription.

### Livestock Roundup

**FORT WORTH**—Receipts of all classes of livestock were larger than the previous week. Fed steers and yearlings made up most of the cattle run and slumped 1.50-2.00, with exception of light yearlings and common grades 60-1.00 off; cows strong to 50 cents higher; bulls unchanged; slaughter calves strong to 50 cents higher; stockers steady; butcher hogs 1.00 lower, sows 50 cents lower; feeder pigs weak to unevenly lower; lambs around 50 cents lower; aged sheep steady.

Slaughter steers and yearlings sold from 17.00-22.50, a few choice yearlings to 1.50; beef cows 15.00-18.50; canners and cutters 11.00-15.00; bulls 15.00-20.00; slaughter calves 16.00-24.50; stocker calves and yearlings 18.00-23.25; stocker cows 15.00-18.00; closing top on butcher hogs 19.50; sows 15.50; feeder pigs 17.00; shorn lambs 20.00-22.00, top 23.00; woolled yearlings 18.00-20.50; aged sheep 9.00-11.50, top 12.00; fleshy feeder lambs 20.00-21.50.

### Boy Scout Week

## ADVENTURE

### 39th Anniversary

#### FEBRUARY 6 TO 12

### BOY SCOUTS OF AMERICA

More than 2,200,000 boys and their adult leaders in every part of the nation Sunday will launch the observance of Boy Scout Week which will continue through Saturday, marking the thirty-ninth anniversary of the Boy Scouts of America. The theme of the celebration is "Adventure—That's Scouting." This year the movement is emphasizing the fun and fellowship its members get out of the game of Scouting. More high adventure is planned in the out-of-doors. Their adventure in citizenship will find Scouts emphasizing civic service activities, emergency service training and world Scouting relationships. Scouts, their parents and countless communities this week will honor the volunteer adult leaders of the nation's 70,000 Cub Packs, Scout Troops and Adult Units. The official poster marking the Scout birthday is pictured.

### 43 Semester Honor Roll Pupils At Junior High

Forty-three students of John M. Cowden Junior High School are listed on the semester honor roll. They are, by grades:

**Eighth grade**—Shirley Pugh, Kay Stalcup, Robert Stubbeman, Clayton Tatom, Jean Waddill and Keys Turry.

**Seventh grade**—Patricia Allen, Dwayne Chesnut, Elaine Conger, Nancy Creswell, Ellen DeChicchio, Frances Hefren, Estelle Hooper, Gail Hoover, Paxton Howard, Ann Hughes, Virginia Kroenlein, Donald Lee, Patsy Lineberger, Jimmy Mashburn, Frances Page, Bill Robitsek, Sue Skaggs, Betty Sivalis, Roberta Stewart and Carol Tompkins.

**Sixth grade**—Betty Acker, Margaret Arledge, Carol Fitting, Charlotte Hill, Janice Hill, Harry Hinkle, Peggy Hoover, Kay Little, Sylvia Metz, Pickens Moore, Myrna Morris, Diane Nichols, Peggy O'Neal, Janice Stalcup, Carol Wilkinson, Virginia Wilkinson and Mary Helen Zant.

**Fifth grade**—Betty Acker, Margaret Arledge, Carol Fitting, Charlotte Hill, Janice Hill, Harry Hinkle, Peggy Hoover, Kay Little, Sylvia Metz, Pickens Moore, Myrna Morris, Diane Nichols, Peggy O'Neal, Janice Stalcup, Carol Wilkinson, Virginia Wilkinson and Mary Helen Zant.

**Fourth grade**—Ruth Greenwald, Ruth Kuyendall, Kay Stalcup, Clayton Tatom and Jean Waddill.

**Seventh grade**—Patricia Allen, Dwayne Chesnut, Elaine Conger.

### Kermit Citizens Favor Home Rule; Oppose Parking Meters

KERMIT—Voters of Kermit, within the next few months, will vote on adoption of a home rule charter form of city government, according to Mayor Joe Arledge. This announcement was made after a group of chamber of commerce members and business men appeared before the city commission with a proposal such an election be called. At the same time, the commission was presented petitions signed by business men asking the City of Kermit to rescind its recent action whereby parking meters were to be installed and parallel parking required.

Don Tracy, chamber of commerce president, was spokesman for the group. He requested the commission declare Kermit's population to be 5,000, appoint a 15-man charter commission, and call the election as soon as possible. Kermit now operates under the general laws of the State of Texas.

Under consideration. All members of the city commission, including Mayor Arledge, and Commissioners Cecil Atwood and H. A. Coulter, expressed approval of the proposal and stated consideration of such action had been underway for some time.

The parking meter and parallel parking objections resulted after announcements were made that the city had entered into a contract for installation of 200 meters. The businessmen expressed opinions that meters would hinder far more than they would help in building Kermit into a trade center.

### Bud Garner Death Inquest Is Closed

Justice of the Peace B. C. Girdley Saturday closed the inquest in the death of Morrison M. (Bud) Garner of Rankin, who died suddenly in an ambulance while enroute to a hospital here January 30.

"In view of the evidence from all sources, the court can find nothing to support any verdict except that Garner died from natural causes," Girdley said.

A report from chemists at the laboratory of the Texas Department of Public Safety said "no poisons were found in the material submitted." Specimens from Garner's body were taken to Austin for examination.

Girdley ordered an autopsy performed shortly after Garner's death and the doctor reported he could find no signs of violence.

Written By The Journalism Class Of Midland High School

## Apply This Test!

(An Editorial)

True sportsmanship and honesty are ideals set forth in Midland High School.

Much has been said about playing basketball fairly, honestly, and above-board, and the student body points with pride to the athletic department of MHS. BUT can the athletic department point with pride to the student body? That is a question only you, the student, can answer. One may say yes and one may say no. Perhaps you aren't guilty of being unsportsmanlike. Perhaps no one you are acquainted with is. Still, there are people attending the games who are.

You may say, "Well, if it's someone else, there's nothing I can do about it!" That's where you are badly mistaken. It's up to each individual to see to it that he, as well as everyone around him, even those he may not know, are good sports. Basketball is not a game played on the court alone. Every spectator is a part of it.

Let's see that the boy down the row, the girl behind you, the adult seated on the other side of the gym, the player on the court—all are true sports. Let's prove that good sportsmanship and honest dealing are characteristic of Midland High School.

## Gordon, Jackson To Be Consultants

Miss Gwen Gordon and Miss Minnie Jackson, two Midland High School teachers, have been invited to be consultants in the Child Growth and Development program directed by the University of Texas. Miss Gordon will meet with a group of teachers in Kerrville and in San Antonio February 7 and 8. Miss Jackson will be in Abilene February 9 and 10. Both were participants in the workshop offered by the University of Texas last Summer. Midland schools are now in the second year of the Child Growth and Development Program. This work has gained widespread interest in Texas and other states. Odessa, Abilene, San Angelo, Dallas, Corpus Christi and Harlingen are but a few of the schools that have added this in-service study of children for the teachers.

## Band Students To Attend State Clinic

Five Midland High School students will leave Tuesday to attend the all-state band clinic in Galveston. The best players from all the class AA and AA-1 schools in Texas will play in the hundred piece Blue Band. All of the five from Midland will play in this band.

Those to attend this clinic from MHS are Ronnie McFadden, Raymond Doyle, W. L. Thompson, Bill Emmons and P. D. Smith. These five were decided on by Frank Hoffmann, band director, by means of a test on music theory given to any student in the Midland High band who wanted to go.

The Midland representatives will arrive in Galveston Tuesday night, but will have until Wednesday afternoon to themselves. Wednesday noon, registration starts and continues all afternoon. Wednesday night and Thursday and Friday mornings are set aside for practice of the bands. Friday night, the Blue Band will give a concert for the people of Galveston. After the concert there will be a big dance for all the clinic members.

## Coronation Of Catoico Queen Old Custom At Midland High

By SHIRLEY BUNT

One of the most anticipated events at Midland High School is the annual coronation of the Catoico queen. This custom has been a yearly event at MHS for many years.

The nominees for queen are nominated in assembly by members of the student body. Each student purchasing a Catoico, the MHS yearbook, is then entitled to one vote for queen. The nominee receiving the largest number of votes is queen, and the runners-up are attendants. For several years they have had three attendants, but this year for the coronation, the queen and her attendants choose their own escorts.

The first record of a coronation which could be found was in 1929 when Martha Louise Nobles was queen. There probably were coronations before this but no record could be found before that of 1929. Ida Beth Cowden was the queen in 1930. Janelle Edwards was elected queen in 1931.

The queen in 1932 was Jean Wolcott and Evelyn Phillips was queen in 1933.

Eddie Blanche Cowden was Catoico queen in 1934. No theme was used in this coronation.

The theme still was crowned queen in 1935 at the coronation, which also had no theme.

The theme of the coronation in 1936 was Court of Jewels when Freddie Mae Turner was queen.

Eddie Gene Cole was crowned queen in 1937 and the theme for the coronation was Texas Under Six Flags.

The theme of the 1938 coronation was Court of Hearts at which time Jeanne Davis was crowned queen.

Jean Lewis was queen in 1939. The theme chosen for the coronation was Court of Music.

In 1940 Marjorie Warner was queen and the theme was Court of the Rainbow.

The theme in 1941 was Court of Waltzes when Sue Cowden was queen that year.

The coronation in 1942 repeated the theme, Court of Waltzes. Sue Shephard was elected as 1942 queen.

Bella Jo Knight was queen in 1943 and the theme for the coronation was Court of Good Neighbors.

Patsy Warren reigned as queen in 1944. The theme, Texas Under Six Flags, was repeated that year at the coronation.

The queen in 1945 was Ann Ulmer. The court of Holidays was the theme.

With Ann Cleveland reigning as queen, the coronation of 1946 used the theme, Court of Stars.

With Court of Flowers as the theme of the coronation, Alma Faye Cowden was crowned 1947 queen.

Betty McCain reigned as queen in 1948 and the Court of Dreams was the theme.

A pillow owned by Mrs. Ulmer has been used for several years in the coronations.

Royce Raye McKee will reign as the 1949 queen. The theme of the coronation is not to be disclosed until the time of the coronation. The 1949 coronation has been scheduled to be at 8 p. m. February 11 in the Midland High School Auditorium.

The Bulldog would like to have any information concerning the coronation. Please write or call the Editor of the Bulldog, Midland High School if you have any information on the above items.

## Joe Winkler Elected FHA Favorite of Midland High

Joe Winkler was elected Favorite of '48-49 by the Future Homemakers of America. This brown-eyed, brown-haired junior was born July 21, 1930, in Abilene. Joe is five feet, eight inches tall. He moved to Midland in 1938, having spent the first six years of his life in Abilene.

History, algebra, PE, typing and English complete his schedule. Joe is in Miss Parnelly's homeroom.

He likes to hunt, swim and ride horses in his spare time. Chicken

## Freshman English Classes Hear Voices

Freshman English II classes, sponsored by Mrs. W. J. Parr are indebted to the Rev. and Mrs. H. H. Hollowell for interesting and beneficial lessons in improving their speech.

Mr. Hollowell furnished the classes with a wire recorder. Students talked for 30 seconds and were surprised, pleased, and dismayed in degrees when their voices were played back to them. A period of self criticism was beneficial in improving pronunciation, enunciation and indistinct, unnatural talking. Great improvement in speech was denoted the second day the recorder was used.

## Down Bob's Boulevard

By BOB SHORT

The students of MHS are generally saying something. What they say could sometimes move mountains, but at other times they couldn't move a mole-hill. Whether in a study hall or history class, every student can nearly always be found discussing any number of topics ranging from the shape of mongoose eggs to the possibilities of Eskimos getting snake-bitten. They talk of the weather, politics, the international situation, best sellers, what they had for breakfast and even sometimes, their lessons.

Whatever the students are found saying, each individual has developed his or her own personal expression or saying that usually makes up the better part of their conversation.

On touring down Bob's Boulevard this week your inquiring reporter encountered everything from "natch" to "hell it like it is!" The question he was asking: "What is your favorite saying or expression?" Jimmy Chauncy—"You got that right."

Harry Loskamp—"Popcorn and peanuts to you."

Duane Fries—"Well, I'll be."

Patsy Bray—"How could you?"

Joan Wycbe—"Oh! It wasn't easy."

Ernest Thompson—"Hot dawg."

Harry Harrison—"Well, bless my soul."

Betty Wilson—"Rigor."

Charles Wheat—"Bat baloney."

Carroll Bird—"I don't know."

Frank Merritt—"Yes, I guess."

Alan Olsen—"You're full of beans."

Jerry Webb—"How are things in A Capella?"

Fat Pryor—"Just about, practically, almost."

Shirley Bunt—"Really."

Sarah Link—"Good night."

Faulline Norwood—"Good gracious."

Therese Finch—"I d' know."

Ann Armontrout—"Jeepers."

Jackie Statton—"I'll never tell."

La Verne Estes—"Judge not lest ye be judged."

Darnell Johnson—"I doubt it."

Thomas White—"Gee whiz."

Denver Blansette—"Jimmy crickets."

Goss Yeager—"What a dud."

Bill Seor—"Check."

Buster Buckingham—"Watch it."

Chis Krause—"Natch."

Dee Bivens—"Please little Earl-stop crying."

Charles Trauber—"Bull."

Arnold Drake—"Twister."

Jimmy Locke—"About yes long."

Donald Des—"What's pokin'?"

Lloyd Handler—"You lie."

Phil Slough—"A penny earned is a penny saved."

Charles Parris—"Honey child."

Carl Harding—"That's what I like about the South."

Carolyn Schaeffer—"What do you mean, 'Jelly bean?'"

Royce McKee—"Goodness."

Mary Ann Finch—"You and who else?"

La Jean Johnson—"Love 'em and leave 'em."

Dejhane Tabor—"My plates are slipping."

Gloria Anguish—"Gosh."

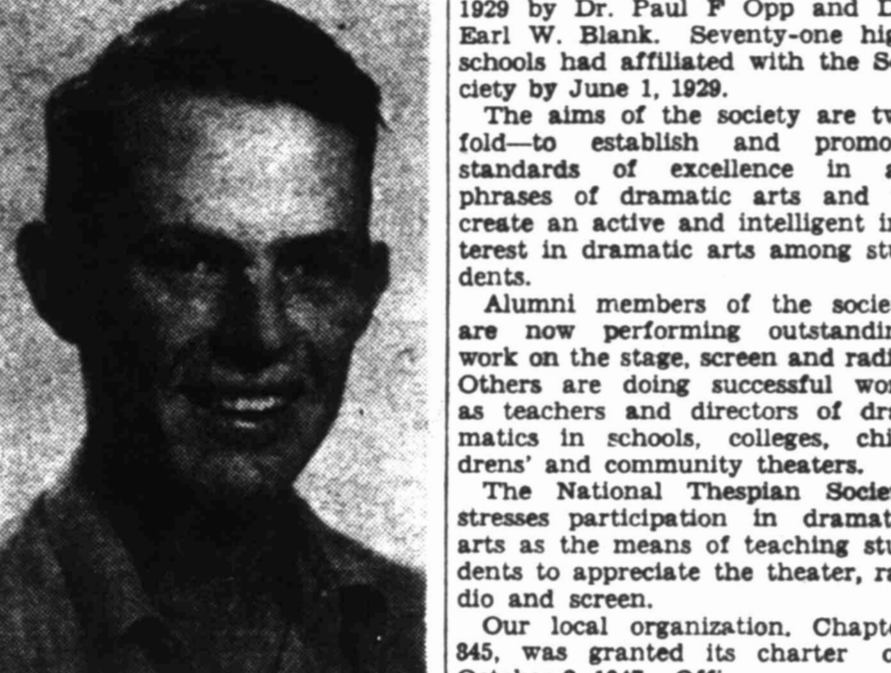

Joe Maboo—"Crunch."

Helen Cartwright—"Oh gad, woman."

Suzanne Young—"Blast."

Dan Brantham—"Hay, man."

Jo Anne Hoykin—"Doggonit."

Joe Winkler is first in food and blue is his favorite color. "Under the Double Eagle" is the song he likes to listen to most.

Coach Gill rates highest among Joe's teachers and PE first in his many subjects. Baseball is his favorite sport.

His ambition seems to be working for an oil company. His ideal girl, he says, must be pretty and friendly. Joe's clubs and activities include Student Council, treasurer of FFA and 4-H Club.

Congratulations from MHS, Joe, for your election of FHA Favorite of '48-49 and for being the first FHA Favorite of our school.

## Nation's Thespians Observe Birthday

The National Thespians Society is observing its twentieth anniversary throughout the nation during the week of February 6 through 13. The National Thespians Society was established in the Spring of 1929 by Dr. Paul F. Opp and Dr. Earl W. Blank. Seventy-one high schools had affiliated with the Society by June 1, 1929.

The aims of the society are to establish and promote standards of excellence in all phases of dramatic arts and to create an active and intelligent interest in dramatic arts among students.

Alumni members of the society are now performing outstanding work on the stage, screen and radio. Others are doing successful work as teachers and directors of dramatics in schools, colleges, children's and community theaters.

The National Thespians Society stresses participation in dramatic arts as the means of teaching students to appreciate the theater, radio and screen.

Our local organization, Chapter 845, was granted its charter on October 2, 1947. Officers were president, Marylee Cowden; vice president, Sarah Lew Link; secretary, Genora Brown.

The eighteen charter members were Emma Sue Cowden, Shirley Cooper, Maurine Denton, Donald Drotteman, Jimmy Fitzgerald, Sarah Lew Link, Royce Raye McKee, Fred McGraw, Jimmy McGraw, Mona McGraw, Dennis Rhodes, Shirley Harrison, Dennis Jones, Elna Wheeler and Charles Wheat. Marylee Cowden was elected Best Thespian.

On April 15, 1948, fourteen new members were initiated. They were Patsy Bray, Eddie Jo Bryan, Maurine Denton, Patricia Pryor, Janice Jones, Donald Kirk, Billie Prothro, Patricia Pryor, Frances Puett, Carolyn Schaeffer, Frank Shepard, Lucille Wemple, Peggy Lou Whitson and Betty Bobo. The officers for this year are president, Jim McGraw; vice president, Sarah Lew Link; secretary, Patricia Pryor.

On January 11, 1949, sixteen new members were initiated making a total of thirty active members. They were Lois Black, Margie Carter, Helen Cartwright, Jimmy Chauncy, Dan Dickinson, C'ind Danagan, Shirley Harrison, Dennis Jones, Kemp, Arliss Anne Klebold, Norma Jean Krause, Harry Loscamp, Mary Lynn Manning, Richard Patton, Dow Scott, Betty Wilson and Tina Williams.

The Dramatics program for the 1948-49 school term includes the Junior Class Play, two nights performance of one-act plays, the Christmas Pageant, the Senior Class Play, the coronation of the Catoico Queen, the contest play and a choric drama. All these are under the direction of Miss Verna Harris, sponsor of the local troupe.

## Future Farmers And Homemakers

The FFA members gave a dance in the Civic Auditorium Friday night. Future Homemaking members were invited to attend, also.

A film "The Fast Worker" by Procter and Gamble was shown to the Home Economics and family relations classes. The picture was on the home and family.

## How Dumb Can One Get

Although most of us spend approximately 179 days out of every year in the dear old MHS building, I doubt if many of us know that there are 213 windows; 645 students; 98 door-knobs; 612 seats in the auditorium; 1,450 ears; 31 teachers; 249 boys; 296 girls; 7,200 toes; 149 Senior, two nights performance of one-act plays; the Christmas Pageant, the Senior Class Play, the coronation of the Catoico Queen, the contest play and a choric drama. All these are under the direction of Miss Verna Harris, sponsor of the local troupe.

Second year clothing classes have been studying appropriate clothes for all occasions by using pictures through the opaque projection machine.

The Junior High School P-TA enjoyed a panel discussion on "The Home, a Practical Laboratory for Homemaking and Economic Independence." Miss Parnelly introduced the program. Vi Jean Fugle, Barbara Nichols and Darlene Livingston second year Home Economics girls, Mrs. Faye Massey and Mrs. Waldo Leggett participated in the discussion.

Much appreciation and many thanks go to Service Drug for a display of 12 brands of deodorant for demonstrations in the clothing classes.

A study of make-up and choice of colors for the individual was made last week by clothing classes.

The FFA members played volleyball during their club meeting Wednesday.

For especially good merrings use brown instead of white sugar; one cup to an egg white, then when beaten until stiff fold in chopped pecan nut meats, and bake as usual.

## Pastors Speak On Assembly Programs

The series of assemblies held this week have been in connection with Youth Week and was presented by the Midland Ministerial Association. Monday morning Jim Pickins, assistant pastor of the First Methodist Church introduced the Reverend George Peters from Ohio who is a retired Methodist preacher and spoke on his interest in youth and how the church is closely related with youth.

Tuesday morning the Methodist church presented a moving picture on the organization of a youth assembly and how they can be organized to promote the interest of youth and to break down fences between different races.

This showed that we must all stay united to keep a world of peace and happiness.

Wednesday morning the Reverend Mr. Hester from the Asbury Methodist Church presented a brief talk on "sad society" of life in which we are now living and what we need to do to prevent a fear of God and life.

Thursday morning the Reverend Mr. Rogers of the Nazarene Church brought a brief talk in connection with Youth Week.

Friday the Reverend Howard H. Hollowell of the First Methodist Church spoke to the students on the Youth programs which were held last week at the First Methodist church for all young people who were interested in this program.

These series of programs have been greatly enjoyed and appreciated by the students of MHS and we hope that the next time they need help in their work we, the youth, can help them.

## Sport Spoutings

By NEAL ADAMS

The girls of Midland High have earned the sports spotlight this week. They were scheduled to meet in the Odessa invitational volleyball tournament. The starters were undecided upon at the time of this writing but the coaches, Mrs. Chestham and Mr. Boyd, had substantial material to choose from.

Marion Aze, Darlene Livingston, Ruby Hudgins, Marie Olliff, and Wanda Moore were all "A" squad players of last year. "B" squad players of last year are Dorothy McQuery, Frances Tredaway, Joy Webb and Patsy Fyle. Two new volleyballers are Dorothy Allen and Jo Ann Jones.

The 34 candidates for the volleyball squad have been consolidated into the second-period PE class. As yet, the girls have not had after school practice because the basketball squads have use of the gymnasium.

Darlene Livingston is captain of the squad. Marie Olliff is co-captain and Wanda Moore is secretary. Incidentally we saw these ladies thoroughly drub a boys' team in a second period practice period. So let's turn out and support our volleyball team.

The spotlight was on the girls last Tuesday night, also, when they presented an interesting tumbling act during the intermission of the San Angelo basketball game.

The boys were scheduled to stage a similar show in the Friday night game with Abilene.

This column wishes to extend congratulations to the cage squad for the fine way they bore up under the pressure of that catch-up game with San Angelo. We especially offer a written handshake to Buster Buckingham for the non-chalant manner in which he tossed in the free shot for Max Harris after the latter was fouled out of the game.

The proceeds from the House of David vs. Ranch House basketball game went toward an inter-communication system for our new high school.

Coach Joe Akins' freshman basketball squad will beat the Odessa fish there Tuesday night announces Coach Joe Akins. You can tell at a glance that Coach Akins is very proud of this group, as he very well has a right to be.

Remember, 8 p. m. next Saturday night.

Be seeing you!

## J. R. Cuffman Able Ag Boys Advisor

This week we have the pleasure of featuring J. R. Cuffman, our hard working agriculture teacher. Perhaps some of our student body don't know Mr. Cuffman personally, but everyone in high school has seen him and the boys he teaches know and like him very much. He not only teaches them agriculture but also acts as their personal advisor and friend.

Mr. Cuffman was born in Collin County, Texas, on June 7, 1913. He attended high school in McKinney, Texas, where he lettered in basketball, track and football. He graduated in the spring of 1934.

In the Fall he entered Texas A&M as a freshman and after four years he received his Bachelor of Science degree. This, however, was not the end of his schooling for he attended A&M during the following Summers up until 1948 when he was awarded his master's degree.

Mr. Cuffman is married and has two children, Berry, who is nine and Buddy who is five.

Mr. Cuffman has big plans for the agriculture department of MHS in the next few years. This department has been hampered during past years for lack of space and a shop. This will be remedied next year and we may expect big things from "ag" students under the capable direction of Mr. Cuffman.

**TEETH CARE**

It has been estimated that 85 per cent of the boys and girls in the first five grades of the Hwallian public schools have dental care annually.

## Calendar

Monday—Home rooms meet.

Tuesday—Assembly. Basketball game with Sweetwater there.

Wednesday—Clubs meet.

Thursday—Clubs meet. Basketball game with Lamesa there.

Friday—Home rooms. Coronation at 8 p. m.

Saturday—Student Council Dance in gym at 8 p. m. Plan to attend.

"Lady, can you use an extra 2 hours a day?"

YOU CAN DO THIS

..With a CHAMBERS in your kitchen

Yes, you can have this extra time in freedom from kitchen drudgery when you have a Chambers Range. You can start the evening meal at your convenience, burn the gas 10 minutes for each hour's cooking time, then turn OFF the gas! Food continues cooking on retained heat until you are ready to serve. A Chambers-Range saves fuel cost, saves food shrinkage, reduces food costs, gives perfect baking results... in short it even saves enough to pay for itself and then pays dividends in continued economy and convenience. Let us show you this wonder Range.

### Nation-Touring Cyclist Stops in Midland Overnight

Walter K. Devine, 28, of Portland, Ore., who is touring the nation on a bicycle, stopped Saturday night in Midland and planned to attend both services Sunday at the First Baptist Church.

Devine, who joined the Baptist church in Miami, Fla., during this trip, always carries a Bible and never travels on Sunday.

The Oregon cyclist has traveled more than 6,000 miles since leaving home and has been in Detroit, Boston, New York City, Miami, Fla., and Key West, Fla. Since leaving Florida he has traveled through Georgia, Alabama, Mississippi, Louisiana and into Texas.

Arrived in Midland

He took U. S. Highway 80 out of Dallas and arrived in Midland about 8 p. m. Saturday.

His handlers have broken three times, the pedals have broken seven times, and he said he has had too many flats to count. He has worn out four sets of tires and two sets of bearings on his second hand bike. Devine weighed 185 pounds when he left Portland. He now weighs 165 pounds. He expects to be home in three months.

Dave Morren of the Midland Police Department took Devine to supper in a downtown cafe. When he left Portland, Devine had \$150. He travels about 75 miles a day on good roads.

His advice is, "Don't do it unless you know what you're doing." He never hangs out on the backs of trucks.

It's too dangerous, he says.

His only luggage is a suit of clothes, a leather jacket, his Bible and a map.

### DIVER RECOVERS BODY

McALLEN, TEXAS—(AP)—The body of Willard Hill of Littlefield, who drowned Tuesday, was recovered Saturday by a professional diver. Hill and G. W. Fall, also of Littlefield, drowned when their boat sank in Marte Gomez Lake, 18 miles southeast of Roma, Texas.

Steer wrestling: Carl Olson, Alberta, Canada 14.6; B. H. Tucker, Fort Worth, 25.5; Whit Keeney, Stephenville, 28.4; Jiggs Burk, Comanche, Okla., 29.1.

### Russians Once Held Democratic Election

AUSTIN—(AP)—Once upon a time the Russians had a democratic election, and it was so unusual a University of Texas history professor is preserving the record for posterity.

Dr. Oliver H. Radkey has completed a 100-page monograph on "The Election to the Russian Constituent Assembly of 1917," which has been accepted for publication by the Harvard Press.

The monograph concerns the election held in November, 1917, under free conditions. Dr. Radkey says it is the only free election in Russian history, but it had an unhappy ending... the constituent assembly was bludgeoned by force after meeting for only one day.

### Mindszenty Prays For His Judges

BUDAPEST, HUNGARY—(AP)—Josef Cardinal Mindszenty, aware the prosecution has demanded his death, asked Saturday night that God grant guidance to his judges so their verdict will help promote peace between church and state.

He also besought the love of the Roman Catholic Church for the state which is trying him on treason charges.

"May the Lord give wisdom to the court, when they pass their sentence, which may help a settlement at home and abroad," the slender Roman Catholic primate said in his final plea.

Earlier prosecutor Gyula Klapi called for a verdict "hard and inexorable"—death on the gallows—for Cardinal Mindszenty and his six co-defendants. Defense pleas were entered for "leniency, and a wise decision." In addition to treason, all are accused of espionage and illegal money dealings.

Verdicts Due Tuesday  
Presiding Judge Vilmos Olthay adjourned the trial Saturday night until Tuesday, when the verdicts will be announced.

Cardinal Mindszenty made a 15-minute appeal to the court.

He said he had been held more than 40 days by the police and the court.

"They ask me (questions) and I answer," he said.

The questions and the answers are not only for those who question me, but in the meantime the man also gives an answer for his own soul. From these answers which I give myself, I can draw the conclusion that I did not lose my good will in the course of my life and I am thankful for that to my God.

The cardinal said again he regretted past conflict with Hungarian laws.

"I state that, according to my belief, I am not, and I have never been the enemy of the Hungarian people," he said. "I have no controversies with the workers and with the peasants, to whom I and my family belong, x x x."

"And may the Lord give wisdom to the court, when they pass their sentence, which may help a settlement at home and abroad."

### Standings really are close in the Major Bowling League of Midland

Major Bowling League of Midland. Only five games separate the first-place Tommie's Electric team from the fifth-place Pabst Blue Ribbon team.

Results in recent matches at Plamor Palace: Tommie's nabbed two from Banner Creamery; Pabst Blue Ribbon captured two from Haney's Humble Service; Reporter-Telegram took two from Houston Hill; and Odessa Shell Club swept three away from Scharbauer Hotel.

Banner team took series honors with 2,634 and high game with 962. Baker of Houston Hill rolled 586 to take individual series honors. Mitchell of the same team keged a high game with 232.

The standings:

TEAM	W	L
Tommie's Electric	35	22
Odessa Shell Club	35	22
Haney's Humble	30	27
Banner Creamery	30	27
Pabst Blue Ribbon	30	27

### Public Hearings on Senate Bills Crowd Legislative Calendar

AUSTIN—(AP)—First public hearings on bills tagged "urgent" and first reading of many House measures will keep the Legislature busy four days next week.

The hard-working Senate Finance Committee leads off with a hearing on several prison reform bills Monday at 2:30 p. m. but more public interest centers in Tuesday's public airing of the first three Gilmer-Alkin public school measures.

This will be held in the Senate Chamber at 7:30 p. m. and the outlook is that there will be a big turnout of citizens with firm views for or against the revolutionary proposals.

Both House and Senate have a mounting stockpile of work, but they will knock off Thursday for another three-day week-end. Arrangements have been made for a junket including wives and children to the Houston Fat Stock Show. The big party leaves here Thursday night and returns Saturday.

Certain Head-Knocking  
Dozens of bills sure to produce some of the head-knocking predicted by Gov. Beauford H. Jester for the 51st session were ready for introduction in the House. It formally received its first three bills this week while a steady flow of proposed new laws, constitutional amendments or statute changes came before the Senate.

Jester said Saturday he would submit the Legislature next week a report on the state's system of juvenile correction as failing to do its job. This was the product of 18 months of first hand study of the Juvenile Oods Commission authorized by the last session.

The Senate had a long lead over the House in work done as the session wound up its fourth week. It has finished committee work on more than a dozen bills, including a favorable report on a measure making a \$9,000,000 emergency appropriation for rural schools.

Other Hearings Stated  
Some of the other important public hearings set for the coming week here:

February 7, Senate Education, 3 p. m. Uniform teacher contract and multiple textbook bills.  
February 8, Senate State Affairs, 3 p. m. bills to standardize wages and hours of city firemen and policemen, and to make civil service mandatory for firemen and policemen.

### Eight Airmen Die In Bomber Crash

NEW ORLEANS—(AP)—Army and Navy surface craft with grappling hooks late Saturday located the main section of a B-25 bomber which crashed into Lake Pontchartrain here with eight airmen aboard.

No trace of survivors were found in the explosion-crash Friday and all aboard are presumed to have been carried to their deaths.

The plane was on a training flight from Keeler Air Force Base in Biloxi, Miss., to Grenada Base near Fort Worth, when it caught fire and exploded about a mile and a half from the shore over the broad but shallow lake.

Capt. M. R. Roht, Keeler public information officer, said the eight men aboard were "presumed to be dead." He said they included one Texan, Pfc. E. L. McManus, son of Mrs. Mary Galloway Juliet of Port Arthur.

Eastern Claims New Commercial Record  
NEW YORK—(AP)—Eastern Airlines Saturday night claimed an official record for a commercial transport flight across the country west-to-east—six hours, 17 minutes and 39 and two-fifths seconds.

The airline said the official timing of the Lockheed Constellation's flight was done by timers of the National Association of Aeronautics.

REMAINS UNCONSCIOUS  
Miss Joan Edwards' condition remained "unchanged" Saturday night, attendants in an Odessa hospital reported. She was injured critically January 17 in an automobile accident near Odessa and has not regained consciousness.

In cutting waxed paper to fit the bottom of cake pans, place the pan on the paper and trace around it with a pencil, then cut out. Or trace around with a small sharp knife and it will not be necessary to use a scissors. Grease the pan before putting in the paper.

men in cities of more than 100,000 population.

February 6, Senate Finance, 2 p. m. a bill to establish a branch of the University of Texas Medical College at San Antonio.

February 10, Senate Constitution, 9 a. m., to abolish poll tax as pre-requisite to voting.

### New Dog Tags Going At Slow Pace Here; Dog Owners Warned

Over 24 new dog licenses have been issued at the Midland Police Department Saturday and Police Chief Jack Ellington issued a warning to dog owners that 1949 tags must be purchased immediately.

More than 500 dog tags were issued here last year, according to officials.

Ellington said certificates of vaccination which are not over a year old will be honored for licensing purposes. If a dog hasn't been vaccinated within the last 12 months, he must be vaccinated and the certificate presented at the time a new tag is obtained.

All dogs caught off their owners' premises after Monday will be picked up if they are not wearing 1949 dog tags, Ellington said.

LODGE NOTICES

Midland Lodge No. 623, A. F. & M. Monday 8 p. m. 7:30 school at 7:30 p. m. Friday Feb 7, work in the EA degree at 7:30 p. m. Perry Collins, W. M.; L. C. Stephenson, Sec'y.

PUBLIC NOTICES

"OLD AT 40, 50, 60?" Man! You're crazy. Thousands peep at 70. Oweez tablets pee up bodies lacking iron. For rundown feeling many men, women could "New get acquainted" in Midland, at Midland Drug.

ATTEN: Everyman's Bible Class (A non-denominational Sunday School) Crystal Ballroom, Scharbauer Hotel, 7:30 p. m. Starting, teacher.

PERSONAL

DO YOU

Have a lovely, graceful figure that draws the admiration of all? Or does your figure "date" you, perhaps beyond your age? Perfect Body Tablets, 509 West Texas Avenue, might solve your problem.

Here you will find the famous Battle Creek automatic exerciser, the reclining vapor and shower bath, and massage being used for body contouring.

The Battle Creek machine exercises practically all the muscles from the neck down, at the rate of from forty to eighty times per minute. This causes a break-down of fatty tissues, increases metabolism, and firms the muscles. This is the only automatic exerciser recommended by the medical profession.

Fifteen minutes in the reclining vapor and shower bath causes the body to throw off accumulated poisons.

Hand massage on the spots that need reducing, is followed by electric massage for muscular soreness. Results obtained are surprisingly pleasant and effective. You leave the studio feeling refreshed and invigorated.

You are cordially invited to visit the studio for an inspection of this modern equipment. Of course, this will oblige you in no way whatsoever.

## Jackie Logsdon, Back From Polio Center, Is Happy Boy; Plans For Birthday Party

By CLEDDIE SHELBERNE  
The happiest boy in Midland is little Jackie Logsdon, five-year-old son of Mr. and Mrs. L. R. Logsdon, 811 North Carriso Street. Jackie, as well as his parents, has plenty to

be happy about. He returned home Thursday night from the West Texas Polio Center in Abilene where he has been under treatment for five months.

When Jackie left for the polio center last September 26, he was in critical condition and couldn't walk a step. He returned home in fine health and can walk anywhere he likes.

Little Jackie has lost no time in ransacking every desk, closet, chest of drawers and everything else in the house. His mother says he is afraid he'll miss out on something that has happened since he went away.

Jackie is having a wonderful time digging through the family belongings and his parents are getting just as much pleasure out of watching him.

**Surprise For Mother**  
Jackie's return carried a wonderful surprise for his mother. She knew he was coming home but she didn't expect him to be walking. Logsdon went to Abilene to visit the lad home. When they reached the house, Jackie opened the door and dashed across the room to his mother. She sat dumbfounded—unable to believe what she saw.

Jackie doesn't have much to say about the treatment he went through. He "liked the nurses very much but they did bring the thermometer around too often."

Mrs. Logsdon spoke highly of the entire staff at the polio center at Hendrick Memorial Hospital.

"I don't know what people would do if the center wasn't there," she said. "It was nothing short of amazing, the way they saved Jackie and restored him to good health."

**One Of Eleven**  
Jackie figured very prominently in the recent March of Dimes campaign here. His picture was used in the "Midland Story," a pamphlet published as part of the campaign literature. He was one of 11 Midland children who received treatment at the polio center last year.

Yes, the L. R. Logsdon home probably is the happiest in Midland this weekend.

Jackie probably won't have much time for outside activities for a while. He's making great plans for his sixth birthday anniversary which falls on Valentine's Day.

In the words of his mother, "it'll be the biggest birthday anniversary he has ever seen."

## YOU ARE INVITED

**SUNDAY—2:30-6:00 p.m.**  
Tea Dance—25¢ per person.

**MONDAY—Closed.**  
**TUESDAY—Rumba Nite**  
8:00 Rumba Class, taught by ROGER KIRBY and 2 hours dancing to records in our front room.

MIDLAND, TEXAS, SUNDAY, FEBRUARY 6, 1949

SECTION TWO

## Contribution Made For Woman's Club Here

Mrs. James O. Simmons, Jr., president of the Twentieth Century Study Club, presented a copy of the club's cookbook, "What's Cookin' in Midland," to Mrs. W. O. Epley, president of the City-County Federation of Women's Clubs, when the books went on sale Thursday. The gift symbolized the club's contribution of cookbook project proceeds to the fund for a Woman's Club Building which is being established by the federation this year. With them are members of the committee which compiled the book, the Ways and Means, and the Publicity Committee responsible for its distribution. Seated on the floor at left is Mrs. M. S. Metz, and at right, Mrs. H. H. Redding. Others, left to right, are Mrs. W. H. Rhodes, Mrs. Harlan Howell, Mrs. Simmons, Mrs. Epley, Mrs. J. B. Bain, Mrs. B. R. Mathews, Mrs. Ray Howard and Mrs. Raymond Leggett. Total proceeds of the cookbook sales is expected to reach approximately \$1,000, the first substantial contribution made to the club building fund.

## Theater Officers Elected

Faxton Howard was reelected president of the Midland Community Theater for 1949, at the reorganization meeting of the Board of Governors Friday night in the City-County Auditorium. Norris Crenit, was named chairman of the board.

Mrs. Oliver Haag was chosen to serve as secretary and Francis Kingon as treasurer. Howard became president of the organization last September, serving out the unexpired term of Ronald DeFord, who moved to Austin in the fall.

Starting a policy of assigning each standing committee chairmanship to a member of the board who will be in charge of that phase of Community Theater activities during the year, the following appointments were made:

W. H. Pomeroy, Jr., chairman of production; Mrs. Robert Pitting, chairman of "The Prompter" program publication; Mrs. W. A. Waldschmidt, chairman of invitations; Mrs. J. P. Butler, chairman of hostesses and ushers; Mrs. I. A. Searles, chairman of the Children's Theater and of public relations; and Mrs. Coe Mills, chairman of tickets.

Other members of the board who were present at the meeting are Art Cole, director of productions; W. A. Waldschmidt and G. C. Keith.

### LT. PERKINS IS VISITOR

Lt. John Perkins, III, has arrived in Midland from Okinawa for a visit with his parents, Col. and Mrs. John Perkins. After the visit here he will be stationed at Camp Gordon, Georgia.

## Cookbook With Regional Flavor Produced By Twentieth Century Club To Aid Fund

Appearance of the book, "What's Cookin' in Midland," compiled by the Twentieth Century Study Club last fall and now on sale by club members, is different enough from the usual cookbook to gain the interest which increases with inspection of the contents.

The club had the book published and is distributing it to raise funds for a contribution to the Woman's Club Building Fund which is being started this year in the City-County Federation of Women's Clubs.

Since it is made up chiefly of the favorite dishes of Midland cooks, many of the recipes have a regional flavor which is reflected by the cover design of cattle brands and oil wells and a preface which gives some Midland highlights in humorous style.

Sections are arranged in alphabetical order to make any recipe easy to find, with vari-colored name tabs. The binding is the strip-style plastic which allows the book to lie flat when it is open.

One of the most interesting sections of the book is that of recipes contributed by men, although the average housewife may quarrel at such offhand instructions as "Skin a little goat" which opens Raymond Leggett's recipe for barbecued caribou.

Most of the men's recipes are for game, fish, or meat dishes, although there are a number of men-style salads and J. H. Fine's mouth-watering recipe for old-fashioned vanilla ice cream. The masculine cooks give a choice of breads, too, from John Scroggin's sour-dough biscuits to Everett Shipp's waffles.

Recipes Are Varied

The variety of recipes is evident at a glance through the book—Mrs. O. S. Barnard's gamacole canapes,

## Mrs. Waldrep Is Honoree At Bridge Party

Mrs. Cecil Waldrep, who will leave soon to make her home in Artesia, N. M., was complimented with a bridge-luncheon Friday when Mrs. J. B. Bain and Mrs. A. A. Jones entertained in the Jones home, 403 Holmes Street.

Hearts and flowers in the Valentine tradition appeared on appointments for the bridge games, and the luncheon tables were decorated with red carnations. Mrs. W. H. Pomeroy, Jr., scored high at bridge; Mrs. C. E. Bissell received the bingo award, and the honoree was presented a gift from the hostesses.

Guests included Mrs. Waldrep's mother, Mrs. W. R. Jarrell of Childress, Mrs. Frank L. True, Mrs. W. P. Z. German, Mrs. D. G. Roberts, Mrs. D. E. Jimsen, Mrs. J. W. Thomas, Jr., Mrs. Paul Anderson, Mrs. J. J. Black, Mrs. Ernest Neill, Mrs. S. R. McKinney, Jr., Mrs. Howard Stanley, Mrs. Lucille Johnson and Mrs. Juanita Sherrod.

Mrs. Waldrep and children will join Mr. Waldrep, who has gone to Artesia to become cashier of a bank, as soon as living accommodations can be found in the New Mexico city.

ALUMNAE LUNCHEON SLATED

Kappa Alpha Theta Alumnae Association will meet for luncheon at 1:30 p. m. Tuesday in the Ranch House, and all Midland women eligible for membership are invited; no personal invitation is necessary. Reservations are to be made by Monday with Mrs. W. N. Little, telephone number 2201-J.

On the return trip a stop will be made at Louisville, and after they reach Columbia the group will return to the campus by bus.

## Twentieth Century Club Will Present Member In Review

A book review by Mrs. Ray Howard will feature the guest day program of the Twentieth Century Study Club Tuesday afternoon when the president, Mrs. James O. Simmons, Jr., will be honored at 210 North Big Spring Street. The meeting is scheduled at 3:30 p. m.

Mrs. Howard will review "Smile, Please," by Mildred Spurrer Topp, a volume of family reminiscences in informal, and often humorous, vein. The author's mother was a pioneer woman photographer in Mississippi, and recollections of her work and of the family's doings make an entertaining book.

HOLDENS HAVE SON

Friends here have learned of the recent birth of a son, Phillip Allen, to Mr. and Mrs. O. B. Holden of Hobbs, N. M., former residents of Midland.

Midland Drug Co. Walgreen Agency Drug Store

## Will Tour East

Norma Jean Hubbard, Dorothy Turner, Betty McCain, Emma Sue Cowden

Four girls from Midland are among the 21 students of Christian College, Columbia, Mo., who will leave Friday from the Columbia Municipal Airport in a Monarch Air Service DC-3 on the first leg of an Eastern tour sponsored by the college.

The Midland students are Betty McCain, daughter of Mr. and Mrs. A. B. McCain; Emma Sue Cowden, daughter of Mr. and Mrs. Al Cowden; Norma Jean Hubbard, daughter of Mr. and Mrs. O. J. Hubbard; and Dorothy Turner, daughter of Mr. and Mrs. Fred Turner.

Itinerary of the trip includes New York City, Washington, D. C., Annapolis, Alexandria, and Louisville, Ky.

President and Mrs. James C. Miller of the college will accompany the girls. They are scheduled to arrive at 9:30 p. m. at the Idlewild Airport, where buses will be waiting to take them to the Astor Hotel in the heart of Times Square, New York City.

By way of a specially chartered bus the girls will see various points of interest about New York. Included will be Fifth Avenue, "Millionaires' Row," the Public Library and Art Museum, Central Park, Riverside Drive, Grant's Tomb, Columbia University, Lower Broadway, the Little Church Around the Corner, the Empire State Building and a trip to the Battery, where a ferry will take them to New Jersey.

They will make a tour of the broadcasting and television studios in the RCA Building. Radio City then attend a Radio City Music Hall Theater matinee. A dinner has been arranged for them at the Town and Country Dining Room on Park Avenue on Monday, and they will have luncheon in the dining room of the Empire State Building.

They also will dine and see the show at either the Latin Quarter or at Billy Rose's Diamond Horseshoe in New York.

The group will go next to Washington, D. C., arriving at the National Airport. Luncheon will be served in the private dining room of Speaker Sam Rayburn in the House of Representatives.

Sight-seeing in Washington will take the students to the business and residential sections, government buildings, embassies and legations, the Lincoln and Jefferson Memorials, the Capitol and the Supreme Court Building, where the court will be in session.

They will be conducted through the Naval Academy at Annapolis and also the capitol of Maryland. A bus will take them to the United States Bureau of Engraving, then to the office of the Federal Bureau of Investigation. They will have luncheon at the Old Club in Alexandria, and will attend a dance in one of the ballrooms at Georgetown University.

## Eastern Tour From College Is Anticipated By Midland Girls

Friends of Mrs. O. S. Barnard told her goodbye at a pretty Valentine tea Friday afternoon, and presented gifts to keep them in her memory. Mrs. Barnard, who has been active in Midland women's organizations, is leaving for Austin to spend some time visiting, and then will go to a home in another city.

Mrs. J. G. Chauncey, Mrs. W. F. Chesnut, Mrs. Arlo Forrest, Mrs. Tom Edrington and Mrs. J. A. Sewell were tea hostesses in Mrs. Chauncey's home, 725 West Kansas Street.

## Farewell Tea Compliments Mrs. Barnard

Valentine decorations were used in the rooms, and on a reflector in the center of the tea table was a crystal bowl holding red carnations arranged with fern and tall white tapers.

Serving tea from an antique red and white china tea set was Mrs. C. S. Britt during one hour, and Mrs. J. H. McClure for another. Guests, who included fellow-members with Mrs. Barnard in the Twentieth Century Study Club, Las Caracaras Club and Boone Bible Class, spent the tea hours in informal conversation.

## Decorate For Valentine

Refreshments will be served by the club hospitality committee, Mrs. E. E. Reigle, Mrs. I. E. Daniel, Mrs. German, Mrs. Clevenger and Mrs. Mascho.

## Mrs. Kaderli Will Give Demonstration Of Fur Make-Up

Highlighting a week of activities for Midland County home demonstration and 4-H clubs will be a meeting of the Home Demonstration Council at 2 p. m. Friday in the Assembly Room of the courthouse.

At this meeting Mrs. Allen Kaderli, Mrs. Stanton will present a demonstration of making bags and hats from Karakul fur. Karakul is a rare breed of sheep and the Stanton herd is one of the few in the country.

The Greenwood 4-H Club will meet at 2 p. m. Monday in the Greenwood school and County Home Demonstration Agent Mrs. Nettie B. Messick will demonstrate cutting and fitting.

Buddy Pulliam of Buddy's Flower Shop will lecture on topics concerning flowers to representatives of all the home demonstration clubs at a meeting at 2 p. m. Monday in the courthouse Assembly Room.

At 4 p. m. Monday, the Sunshine Mothers 4-H Club will meet in the Assembly Room.

The Terminal 4-H Club will meet at 2:30 p. m. Tuesday at the Terminal School and all members are urged to be present.

## District Program Outlined

A preview of the program for the annual convention of the Eighth District, Texas Federation of Women's Clubs, is given by Mrs. C. M. Goldsmith, general chairman of local convention arrangements, in announcement of the tentative schedule for the three-day meeting.

Federated Women's Clubs of Midland will be hostess to the convention April 7, 8 and 9. Mrs. J. M. Montgomery of Fort Stockton, district president, and district program committees are responsible for working out details of the programs. Mrs. James O. Simmons, Jr., is local chairman of programs.

Registration of delegates and visitors will begin at 4 p. m. Thursday, April 7, on the mezzanine floor of the Scharbauer Hotel. The district executive board will meet at 5 p. m. in the Private Dining Room of the hotel, but the convention will formally open with the presidents' dinner at 7:30 p. m. in the Crystal Ballroom.

Church Session

An early-morning coffee on April 8 in the Private Dining Room will precede the first general convention session in the auditorium of the First Baptist Church. Another general session will follow luncheon at 12:30 p. m. in the Crystal Ballroom.

The Fine Arts Club of Midland will honor one of its members, Mrs. J. Howard Hodges, who is a candidate for president of the Texas Federation of Women's Clubs, when it entertains with a tea at 5 p. m. The district fine arts program which is traditionally a part of the annual convention is scheduled for 8 p. m. in the church auditorium.

Closing the convention, a breakfast in the Crystal Ballroom at 9 a. m. on April 9 will honor junior clubs of the district.

## Bridge Party For Benefit Of Midland Garden Club Slated

A benefit bridge party is announced for the afternoon of February 26, to increase its fund for park beautification and for a future Garden Center. Tables will be set up for the games on the mezzanine and in the Crystal Ballroom of the Scharbauer Hotel.

Flowers on sale by all members of the club in charge of a committee including Mrs. Jack Hanks, Mrs. J. C. Smith and Mrs. T. A. Golladay. Reservations may be made by calling Mrs. Smith at telephone number 1548-W. Players are asked to arrange their tables and make their reservations early.

## Prizes Will Be In Charge Of Mrs. R. T. German and Mrs. J. A. Mascho

Prizes will be in charge of Mrs. R. T. German and Mrs. J. A. Mascho. There will be 15 prizes, ranging from a silver bowl to electric appliances, given by Midland merchants. The prizes will be displayed in the window of the Midland Hardware and Furniture Company soon.

## Presidents Of The Five Garden Clubs Of Midland Will Act As Hostesses

Mrs. Smith is president of the Midland Club, Mrs. Jack Prothro of the Perennial Club, Mrs. C. M. Chase of the Pyraantha Club, Mrs. J. D. Dillard of the Tejas Club and Mrs. Rex Russell of the Yuuca Club.

## VISITING RELATIVES

Mrs. Lucy Heard and Mrs. Lee Cook are spending this weekend with relatives in Garden City.

Janice Jones

## Janice Jones Reveals March Wedding Plans

A March wedding date for Janice Jones, daughter of Mr. and Mrs. O. H. Jones of 2011 West College Street, and Jonny Rhodes of Plains, son of Mr. and Mrs. H. W. Rhodes of Texarkana, was announced to close friends of the bride-elect Saturday at a luncheon.

Mrs. T. A. Golladay was hostess in her home for the buffet luncheon, and had the announcement, "Janice and Jonny, March 26," written in red on a white satin heart which centered the serving table. A red ribbon ruffle bordered the heart, and it was set in an arrangement of red flowers and candles on a white cutwork cloth.

## Miss Gordon, W. E. Sullins Are Married

A morning wedding ceremony was read Saturday for Jonnie Lois Gordon and W. E. Sullins, both of Midland, by the Rev. Howard Hollowell, First Methodist minister, in the church parsonage.

The bride is the daughter of Mr. and Mrs. John B. Gordon of Grandfalls, and Sullins is the son of Mrs. N. E. Sullins of Fort Worth. Miss Ginger Gentry was Miss Gordon's only attendant for the ceremony, and M. E. Church of Odessa acted as best man.

Dressed in a suit of blending brown and tan shades, the bride carried a bouquet of yellow roses. Brown accessories completed her costume.

She attended school at Grandfalls and Hardin-Simmons University at Abilene, and has been employed with the Lario Oil and Gas Company here. Sullins is an employee of the Noble-Holt Motor Company.

The couple will live in Midland, and the bridegroom's mother, out-of-city guests for the wedding included Mr. and Mrs. Sherman Iness and son, Cary Lee, and Mrs. Walter Iness of Grandfalls. Mrs. Sherman Iness is the bride's sister.

## VISITORS FROM DALLAS

Mr. and Mrs. Sol Lasky of Dallas were visitors in Midland Saturday. They left here for San Angelo.

**Antique Admirers Inspect Show Wares**

Antiques representing the types of furniture, lamps, china and glassware to be on display in the antique show and sale which opens Sunday in the City-County Auditorium are being admired in this picture by, left to right, Mrs. L. M. Teague of Fort Worth, manager of the show, Mrs. Earl Jenkins and Mrs. Russ Marvin. These articles, including Dresden and Meissen ware, belong to Mrs. Joy King, Midland antique dealer, who is assisting Mrs. Teague. The show is sponsored locally by the Palette Club, which will add its share of the proceeds to its building fund.

**Four-Day Antique Show And Sale Opens Sunday With Palette Club As Sponsor**

Opening at 1 p. m. Sunday, an antique show and sale in the City-County Auditorium will continue through Wednesday. Open hours for the weekdays are 11 a. m. to 10 p. m.  
Mrs. L. M. Teague of Fort Worth is manager of the show, assisted by Mrs. Joy King, Midland antique

dealer, and the event is sponsored by the Palette Club for the benefit of its building fund. All the articles shown will be for sale.  
Dealers who will have exhibits include Mary Lou Kelly and Ruth Johnson of Dallas, Dr. Harry Newton of Austin, Mr. and Mrs. J. A. Gillette of El Paso, Monahan's An-

tique Shop of Phoenix, Ariz., A. G. Knobbe of Minneapolis, Mrs. Maude Lashbrook of Oklahoma City, who will show complete sets of hand-painted china, and Mrs. Shannon's Antique Shop of Midland. There also will be a display of silver from the Harris English Silver Company of Los Angeles.  
Exhibitors from other Texas cities and from other states make up the total of 18. The articles on display will include furniture, jewelry, metals, lamps, china and glassware.

**Midland Musicians Will Perform With All-State Group**

Five Midland High School Band members have been named to play with a Texas high school all-state band, and will leave Tuesday for Galveston for the Texas State Music Educators Convention and Clinic where the band will perform.

Members of the Midland band who will make the trip and the instruments they play are Ronnie McFadden, trombone; Raymond Doyle, drums; Bill Emmons, tenor saxophone; W. L. Thompson, cornet, and P. D. Smith, cornet. Peggy Min-car, an oboe player, will make the trip to receive instruction from the band masters and teachers at the clinic.  
The all-state band members named from Midland will play with the Blue Band which will include musicians from bands of Classes A-1 and AA-1. They were selected by tests given recently by Midland Band Director Frank Hoffman.  
The clinic band will play all the contest numbers which will be used during the state band contests this Spring. Midland will participate in the Region II contest beginning April 2 in Alpine.  
Accompanying the group to Galveston will be Hoffman and Mrs. Roy Miner.

**School Cafeterias Cite Menus For Week**

Public school cafeterias this week will feature the following menus:  
Mrs. Edith Wilson, cafeteria supervisor, said:  
Monday—Franks, creamed potatoes, sauerkraut, combination salad, hot rolls, apple pie, milk.  
Tuesday—Pinto beans with chili con carne, cornbread, cookies, milk.  
Wednesday—Tenderloin tips with vegetables, combination salad, hot hot rolls, apple pie, milk.  
Thursday—Roast pork, mashed potatoes, carrots, lettuce salad, hot rolls, stewed prunes, milk.  
Friday—Baked ham, corn and cheese soufflé, wax beans, combination salad, hot rolls, cake squares, milk.

**Clubs And Business Firm Give Books To Memorial Section**

Clubs, individuals and a business firm contributed memorial books to the Midland County Library the last week. Mrs. Lucille Carroll, librarian, announced.  
Given by the Texas Garden Club, "The Story of the Olympic Games," edited by John Kieran, memorializes H. Frank Johnson and Roy Douglas. The Junior Woman's Club gave "The Book of Great Conversations," edited by Louis Biancollini, in memory of Mrs. J. M. Caldwell, who assisted in founding the club.  
A four-volume set, "Thomas' Register of American Manufacturers," was presented by the First National Bank in memory of deceased officers of the bank.  
Mrs. L. O. Byerley gave four memorial books, "A Treasury of Stephen Foster," edited by J. T. Howard, in memory of Marion Flynn, Jr.; "Miracle on 34th Street," Valentine Davies, in memory of John Thawley; "Alles in Wonderland" and "Through the Looking-Glass," a special two-volume edition of the Lewis Carroll books with the John Tenniel illustrations, to commemorate the children of Midland and the Midland Youth Center, respectively.  
Books given by individuals are "George Washington," Freeman S. Douglas, a two-volume set from Mrs. Ida Fay Cowden in memory of her father, Dr. J. W. Woodruff; "The Meaning of Christ for Paul Andrews," from Mrs. Dunn Reiger in memory of Mr. and Mrs. E. H. Estes, Sr.; "Dresden China," an introduction to the study of Meissen porcelain by William B. Honey, from Mr. and Mrs. Erle Payne in memory of H. Frank Johnson; and "Elas Animals of the World," William Bridges, from Edwin Magruder, Jr., in memory of his brother, Teddy Magruder.

Lieut. J. F. Lane

The citation commended Lieutenant (then Ensign) Lane for "heroic achievement" while serving in the USS LCS (L) 115 during the assault on Okinawa April 1, 1945.  
When an LST had been struck by a Japanese suicide plane, forcing the crew to abandon ship, Lieutenant Lane boarded the vessel and entered smoke and gas filled compartments to fight fires. According to the citation, Lane helped save the ship and averted an explosion and possible loss of lives.  
A veteran of 20 wartime months overseas, Lieutenant Lane participated in the liberation of the Philippines and the occupation of Japan.  
Son of Mr. and Mrs. William D. Lane, Midland, Lane and his brother, William C., a former Naval Reserve ensign, are truck contractors in Midland. Lieutenant Lane attended Brownfield high school and Texas A&M College.

**Midland Man Gets Bronze Star Medal**

NEW ORLEANS, LA.—A permanent citation for the Bronze Star medal has been sent to Lieut. (1st James F. Lane, USNR, Midland, Texas, Eighth Naval District headquarters here announced.

**Slight Increase In Unemployment Seen**

Unemployment rose slightly in Midland during the latter part of January due to bad weather, according to J. D. Bechtel, manager of the Texas State Employment Service office here. A majority of the unemployed were construction workers and the increase is believed to be temporary, he said.  
The office continued to do a booming business during December and January. New applications received at the office increased and job referrals and placements continued high.  
Bechtel said the office has many good positions listed for office workers, many of them in upper pay brackets.  
At least a dozen contractors are ready to employ men now that the weather has cleared, he said.

Choose a beautifully detailed chairman to look cool and charming on a torrid Summer day. Linens and cords for tailored smartness, white pique to flatter your Summer tan and calico print for quaint charm.

A woman's kitchen is her private domain, her sanctuary, her pride and joy. When the kitchen runs smoothly all's right with her world but if it isn't operating at peak efficiency, it becomes her most distressing burden. GATES CABINET SHOP designs efficiency kitchens to fit the individual needs of the housewife. Think of having a kitchen especially designed for you with time saving, work saving units for your individual requirements. You'll love these tested and proved ideas—these convenient built in work units that make cooking an adventure.

Have that favorite hunting rifle equipped with a new Weaver scope mount. MR. CURTIS ROGERS has a complete stock and gives one day service on this type work, at 2011 W. Missouri. He is also the dealer for the Shooting Master Compensator that is available in four gauges, 12, 16, 20 and 410. He is temporarily located at this address until he sets his shop establishment, Call 757-W. Mr. Rogers does expert repairs and even builds rifles to suit the individual.

Linen is the fabric that blooms in the Spring, with the promise of gaiety and sunshine woven into its crisp texture. Choose a new Spring cotton from the colorful assortment at FASHION SALON. The trim two piece linen dresses are tailored with outstanding smartness. There are chambrays that are wonderfully wearable and washable in new Spring colors and styles. Stonecutter cords that are crisp and charming and artists' color prints that are so refreshing with the early Spring look.

Any time of the day, morning, noon or night, you'll find delicious food at RODEO TEL on East Highway 90. The menu is chockful of nourishing foods and the service is always cheerful and polite. Try their tempting fried chicken and steaks, plate lunches and delicious wholesome sandwiches. They make their own pastry. You order it—they have it! Rodeo Tel is always open and you'll appreciate the curb service.

Men don't admire the "helpless maiden" type any more. The girl who is most admired is the girl who beats them at their own game. Now and then, this is bowling, of course. If you can match your skill with the best of them, the score is in your favor. Bowling has become a nationally popular sport that everyone can enjoy at PLAMOR PALACE, you'll find the best alleys and most modern bowling equipment found anywhere. Capable instructors will teach you the art of bowling and soon you'll be among the champions.

Good food is a subject that is always popular. If you're looking for a good eating place, let me tell you about the CHICKEN SHACK on East Highway. There's fried chicken that is all crisp and buttery brown, specially prepared steaks just the way you like them, home made pies and hot biscuits or rolls. You can always get a good meal at The Chicken Shack. The menu is full of tempting suggestions.

Does your bustline make you look years older? Figure beauty is achieved in an attractive bustline and is the secret of fashionable loveliness. Now you can have a bra especially designed for your individual requirements. See MRS. BOLES, Spencer representative, at 1310 West Wall. She will fit you in this individual bra that is recommended by doctors. Your clothes will look better on you and glamorous curves can be yours with the aid of this Spencer designed bra.

Candy is the traditional Valentine gift. For your Valentine—nothing but the best. At WOODFORD DRUGS, you'll find famous King's Chocolates, beautifully packaged in heart shaped boxes with gorgeous Valentine motifs. If you want to make a good impression, choose her gift from this special line of candy. She'll admire your good judgement and be delighted with such a lovely gift. Choose King's Chocolates for the queen of hearts.

Nylon, the fabric that saved a nation, is now available for many domestic purposes. You can even get nylon automobile seat covers in beautiful colors including wine, gold and grey. They are smooth and long wearing and ideal for Summer use. Their bright colors will do an excellent job of interior decorating for your car. You'll get a thrill of pride every time you drive your car. Drive by MILLER BROTHER'S TRIM SHOP, 114 East Wall (rear) and see this marvelous fabric. Ask for an estimate on custom made seat covers.

After the show, the dance or skating party, stop at KING'S DRIVE INN for a tasty snack. Just drive up and honk the horn. A waitress immediately appears to take your order. You'll appreciate their prompt, courteous service. Have a delicious sandwich, barbecue-on-a-bun, chicken-in-the-basket, hamburger or what-have-you. Also, there is a pert fountain service. Order your favorite fountain special. What ever it is King's has it.

The gleaming silver pieces at KRUGER'S are destined to become heirloom pieces for they are especially designed for your individual requirements. Their neatly sculptured shapes give them unusual appeal. Among Kruger's tremendous assortment are tea sets, trays, gravy boats, shells, platters, water pitchers, coffee services, salt and peppers, candle holders and covered vegetable dishes. Fine silver such as this has always been an American tradition. This silver is created by silversmiths with many years of skill and experience behind their craft.

Is your car becoming shabby? Do you drive it down the alley instead of the thoroughfare? Then let MURRAY-YOUNG MOTORS apply a new coat of paint that will give it that "just off the assembly line look." Murray-Young Motors has skilled mechanics to do any type of body repair and repaint jobs. Dented fenders can be straightened and matching paint skillfully applied to make them good as new.

Whether you're a genius or an amateur who "dabs" around for fun, you'll find everything you need in artists' supplies at SIMMONS' PAINT AND PAPER COMPANY. "Nupastel" sets, pastel paper and pencils and a wonderful new disposable palette that ends bothersome cleaning. You simply tear off the used sheet and throw it away. You have a clean, workable palette, no left over pigments to interfere with your painting.

Spring will be here before you know it. You'll want to get ready for a wardrobe change of scenery. A word to the wise—let HABIT CLEANERS put your clothes in good condition for the new season. Fresh up Spring suits and have Winter woollens properly processed for storage against moths. Spring is a "suit season" so keep your suits immaculate with frequent trips to Habit Cleaners. You make a happy choice when you choose a good dry cleaner.

February offers such an opportunity to the hostess in party decorations that carry out the Valentine motif. Even refreshments can be unusual and attractive in colorful decorated cookies and Valentine cakes. CHRISTINE'S PASTRY SHOP, 508 Cowden Street, decorates beautiful cakes and heart shaped cookies especially for your parties. Next time you entertain your bride's club surprise your friends with cleverly decorated sweets from the pastry shop. It's no trouble to be a successful hostess. Just call 2855 and have your cakes and cookies delivered.

Combinations are "going steady" this Spring. Take pure Irish linen mixed in the manner of a Spanish bolero with one part grey, one part navy and a dashing red cummerbund and you have a two-look dress by Johara, featured at DUNLAP'S. Johara also, cleverly combines faille and printed crepe, the jacket and skirt of brown faille with buttons to create interesting details, the printed crepe blouse with printed crepe cummerbund to emphasize a tiny waist.

Here's a "wash line" you won't be able to resist, especially during these cold Wintry days. Just take your wash to THE LAUNDERETTE, 413 West Texas, and you'll have more time to enjoy life. There need be no more tedious hours over the washboard when you wash the modern way. You can have your clothes washed and dried. Attendants carry the clothes to and from your car. All you need to do is put your clothes into the machine. The attendant adds soap and turns on the machine.

A complete new program for the public is being sponsored by the TFW HALL ROGER KIRBY, dance instructor, conducts rumba classes and practice night every Tuesday. Wednesday's there is square dancing, popular in this region. Beginners dancing classes are conducted before the regular dance on Saturday evenings, a part of the new and interesting program. Tea dances are sponsored every Sunday from 2:30 till 5 p. m. Complete reorganization with additional features and conveniences assure wholesome entertainment.

Be sure to see the new Singer Iron at SINGER SEWING CENTER. A marvel for pressing! Only three pounds, fabric dial, right or left thumb rest. Singer Cord control prevents loops and tangles. It has all the time saving features to make ironing easier. It has even heat distribution with no hot or cold spots. It is light weight, modern in design, excellent in performance. You'll want the Sunlite Silver Seal ironing pad set also. The pad provides a firm, resilient, pad protected under a patented heat reflecting and steam proof surface.

Plant roses now for beautiful Spring blossoms! WALKER'S NURSERY, Andrews Highway, has some exceptionally beautiful, hardy, well developed roses that will give you loads of beauty year after year. Also, they have a supply of fruit trees. By next week they will have a supply of different kinds of trees including a variety of shade trees. Let Walker's Nursery help you with landscaping. This is no problem when you have sturdy, healthy plants.

Merrily we roll along at the new skating rink—THE WIGWAM, 2418 West Wall. Roller skating has become a popular indoor sport during these Winter evenings. It's great fun and exhilarating exercise. Take your friends to the Wigwam this evening. There's plenty of excitement and everybody will have a good time. Whether you're an expert who can "cut a fancy figure" or just learning, you'll have the time of your life. Make it a party.

Crane News

CRANE—New arrivals at the Crane Hospital include a son born to Mr. and Mrs. W. E. Hartman of McCamey. The young man tipped the scales at six pounds 11 ounces. An accident at the rock crushing machine working on the new road between Crane and Grandfalls cost W. S. Miller his right arm, when his sleeve reportedly caught and pulled

the arm into the machinery. The accident occurred Thursday and Miller was brought to a Crane hospital. Miller, formerly of Holdenville, Okla., is making his home with his daughter, Mrs. Albert Willard, in Crane.

Mrs. James Bryan honored her little daughter, Pat, with a party on the occasion of her fourth birthday Wednesday. The party was held in the home of Mrs. Bryan. Ice cream and cake were served to the following: Roddie Rhinehart, Nancy Clare Williams, James Luther Adcock, Mikie Jobbins, Darrellene Havens, Judy Simmons, Glennette Jones, Connie Sue Bryan and the honoree, Patty Bryan. Adult guests at the party were Mr. and Mrs. H. A. Stroupe, grandparents of Patty, from Brownfield, Mrs. R. D. Rhinehart, Mrs. Glenn Jones, Mrs. J. W. Robbins, and Mrs. J. E. Simmons.

Ben F. Gray and son, Ben, Jr., have been visitors in the home of Gray's sister, Mrs. Bill Nabour. They left Friday, in company with Mrs. Nabour, for Marlowe, Okla., where they will visit their mother. Mr. and Mrs. E. N. Beane were business visitors in Midland Wednesday.

Bixler To Address Presbyterian Men

George Bixler will be the speaker at the February meeting of Presbyterian Men of Midland at 8:30 p. m. Thursday in the cafeteria of the West Elementary School. President Ray Lynch said Saturday. Bixler will tell of his experiences while serving as an agent of the Federal Bureau of Investigation.

A meeting of the church's Board of Deacons will be held following the dinner at 8 p. m.

A new drier for photographic prints, designed for the small shop or home, has a combined electrically driven, variable-speed drum and a balanced heater unit.

Married At McCamey

Mr. and Mrs. David Thomas Sites

Brown-Sites Rites Are Performed In Church At McCamey

McCAMEY—Neil Brown, daughter of Mr. and Mrs. Ralph L. Brown, and David Thomas Sites, son of Mr. and Mrs. H. I. Sites of Austin, were married January 20 in the First Baptist Church of McCamey. The Rev. W. L. Lee, pastor, read the double ring, candle light ceremony. The altar was banked in green with lemon leaf, huckleberry, woodwarta fern with baskets of orchid glads and stock. White iron floor standards held orchid tapers. Wedding music was played by Miss Claudine Brown while Miss Ann Hawkins sang "Because" and "The Lord's Prayer."

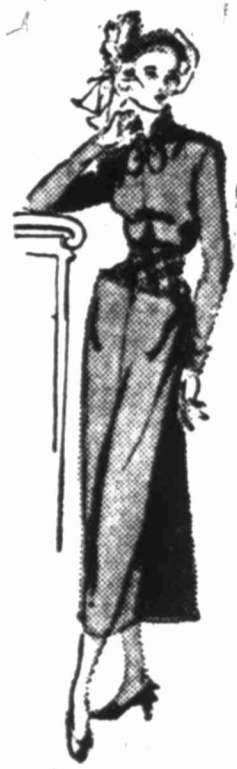

were Jack Lambeth and Kirby Dawkins.

The bride was given in marriage by her brother, Ralph Brown, Jr. Mrs. Jack Lambeth, the bride's sister, was her only attendant. Harvey Gammage served as best man for the bridegroom. Ushers

Reception Held Following the ceremony the couple greeted approximately 150 friends at a reception in the Brown home. The table was covered with a floor length cloth of orchid draped with white lace. Ferns and baskets of white gladioli and stock were used in decorating the room. The three-tiered wedding cake, topped with the traditional bride and groom, was served by the bride's sister, Jane. Punch was poured by Miss Ann Hawkins. Miss Georgia Mae Brown, cousin of the bride, presided over the bride's book.

Mr. and Mrs. Sites left after the reception for a trip to South Texas and Mexico. The bride graduated from McCamey High School and finished Draughon's Business School in Abilene. She has been employed by the Shell Oil Company the last three years. The bridegroom finished high school in Austin and was in the U. S. Armed Forces three years. He is employed by the West Texas Utilities Company.

### Cluster Of Tiny Pins Suggests Some Clever Ways To Scatter Sparkle

Cluster pins scatter glitter over the hat band of the sailor (inset) and make sparkling shirt studs and cuff links for blouse mirrored (below).

By ALICIA HART  
NEA Staff Writer

That cluster of tiny pins which almost every girl can dig out of her jewelry box may be used in ingenious ways to scatter their sparkle. Don't limit the use of your glittering little day bugs, "insect" pins or what-have-you to a lapel cluster.

Did you ever try, for example, wearing such pins as unusual shirt studs? Or of twinning up four little sparklers to make glamorous cuff links?

To give cluster pins a whirl as shirt studs, simply remove buttons from a blouse and replace these with your tiny jeweled ornaments. If cluster pins are equipped with spring-back fastenings, simply

force the point of the coiled spring into the shirtband where the buttons once lodged and press the spring. The spring backs of four matching pins may be hooked together in pairs to make cuffs links.

A cluster of tiny pins may also be used to scatter glitter over a hatband. The slickest trick is to line up all of the tiny pins that you can find in your jewelry box and use as sparklers for the hatband of your favorite sailor.

In slicing refrigerator cookies for baking, use a thin bladed, very sharp knife; cut with a sawing motion and do not press too hard or the shape of the roll will be lost.

### Cub Scout Plans Mapped At McCamey

CRANE—Plans for a program of activities for the Cub Scouts in the District for the next two years were mapped at the meeting held recently in the Methodist annex in McCamey. John Deaton, field executive, outlined the work to be accomplished in Cub work under this plan.

A six day course of study is the first objective for all Cub Masters, assistants and Den mothers. The first of these study meetings will be held in McCamey February 25 and 26, with the next to be in Crane March 4 and 5. The last session will be held in either Rankin or Truman on the following Friday and Saturday.

Those present from McCamey were Mrs. M. A. Hopper, Mrs. R. D. Denny, Mrs. Loren Bower, Mrs. William Franklin, James Price, B. F. Coster, W. L. Vanant, and Robert C. Ewell. Those representing Sandhills were James C. Kinsey, T. F. Baker, J. M. Moody and F. C. Plummer.

Rankin was represented by the Rev. D. G. Hardt, with Crane representatives including Mrs. Howard Evans, Mrs. Leonard Barker, Mrs. Jimmy Hollis, Mrs. F. W. Hester, Mrs. W. H. Delaney, Mrs. O. B. Curry, Oran Faircloth, R. N. Hester, D. M. Holcomb, Howard Evans, J. G. Bronson and J. N. Whetstone.

### WTCC Takes Water Fight To Austin

ABILENE—The fight for West Texas water will be taken to Austin Monday, as announced by John C. Mitchell, Odessa, president of the West Texas Chamber of Commerce, which last week, blasted 17 amendments to the new water code proposed by the Texas Water Conservation Association.

Representatives of the organization will spend most of the week in Austin girded for the fight they will make on the passage of the new code, unless amendments are accepted, which will guarantee recovery and prior water rights for domestic purposes in the West Texas area.

In a statement issued by WTCC Manager D. A. Bantzen and members of the legal counsel of the Municipal Rights Committee an analysis of the proposed surface water code is offered, in which it is pointed out contradictory features of the bill as well as making nugatory present prior rights of municipalities. The statement, made to Mitchell and Mayor Lawrence Hagy of Amarillo, chairman of the WTCC Municipal Legal Water Rights Committee, took up the proposed code section by section and listed the 17 objectional points, offered criticism and an amendment to replace them.

More Objections

Previously the group had attacked only Section 13. J. E. Sturrock, general manager of the TWCA had indicated a willingness to compromise on this issue, but when the WTCC committee studied the measure fully, the additional objections were raised.

In doing this the group urged the adoption of an engineering formula. "When we find our Texas cities ranging in water appropriations from one-eighth acre foot per capita to approximately 10 acre feet per capita, a procedure enabling this sort of inequality is against the public welfare, and it is time for Texas to arrive at and formulate an equitable formula for distribution and appropriations of its water," the statement said.

### Button Front

By SUE BURNETT

Nicely tailored and so versatile—the ever popular shirtwaister in a buttoned front version with a new looking shoulder treatment and a choice of sleeves. Welcome as the first crocus.

### Visitor Teaches New Steps To Sashaway Square Dance Club

Sashaway Square Dance Club members brushed up on their steps and learned new ones under the tutelage of Herb Gregerson of El Paso, their teacher-guest, at a dance in the American Legion Hall Friday night.

In addition to squares, with Gregerson calling, they practiced folk dances including the Virginia Reel and Black Hawk waltz. Music was by Buddy Graham's band of Odessa.

Members extended a Western welcome to J. Brown of Houston, a traveler who was spending the night in Midland and, since he is also a

square dance enthusiast, dropped in to visit the Midland dancers.

**Youth Center**

While Gregerson was in the city, the club sponsored his visit to the Midland Youth Center Friday afternoon for a teaching session. A large crowd of teen-agers greeted him and responded enthusiastically to his coaching. He was urged to return, and promised that he would make another visit soon to the Youth Center.

Sashaway members present for the dance were: Mr. and Mrs. E. W. Halfast, Mr. and Mrs. Russell Hays, Mr. and Mrs. B. R. Mathews, Mr. and Mrs. R. L. McCormick, Mr. and Mrs. Roy McKee, Mr. and Mrs. Roger Northup, Mr. and Mrs. Frank Paup, Mr. and Mrs. John Ruwe, Mr. and Mrs. H. M. Shade, Mr. and Mrs. H. L. Straughan, Mr. and Mrs. John Sewell.

### Three Are Hostesses At Party And Shower

Mrs. R. C. Frazier, Mrs. W. N. Locklar and Mrs. E. D. Byerly were hostesses in Mrs. Frazier's home Wednesday afternoon at a pink-and-blue shower honoring Mrs. C. W. Vest.

Gifts were presented and games and refreshments were enjoyed.

Those present or sending gifts were Mrs. Emilie Collins, Aulie Ruth Phillips, Mrs. Gerald Hyde, Mrs. J. E. Wallace, Mrs. N. T. Vest, Mrs. Victor Harris, Mrs. P. F. Herrington, Mrs. Sidney Bose, Jane Vest, Mrs. Marie Robertson, Mrs. J. L. Carr, Mrs. Cecil Davis.

Mrs. W. B. Franklin, Mrs. L. D. Jones, Jr., Mrs. Harold Heit, Mrs. Jimmy Smith, Mrs. Delion Hanna-ford, Mrs. B. E. O'Neal, Mrs. Tinnie Franklin, Mrs. W. T. Locklar, Mrs. Gertrude Otho, Mrs. Dave Bizzell, Mrs. N. B. Larsh, Mrs. Edward Franklin, Mrs. Barney Collier, Mrs. Truman Harris, Mrs. P. H. Harris, Mrs. George Elliott and Mrs. Kenneth Walls.

Mr. and Mrs. Fred Bayless, Mr. and Mrs. F. A. Cummings, Mr. and Mrs. Earl Chapman, Mr. and Mrs. Max David, Mr. and Mrs. Jim Daugherty, Mr. and Mrs. Bob Estes, Mr. and Mrs. John Fletcher, Mr. and Mrs. W. P. Z. German, Mr. and Mrs. Don Thompson, Mr. and Mrs. Ralph Troseth, Mr. and Mrs. Ernest Neill, Mrs. Ed Reigle, O. S. Barnard and Gene Watts.

### PRESBYTERIANS SLATE CONGREGATIONAL MEET

A congregational meeting will be held following the 11 a. m. Sunday worship service of the First Presbyterian Church in the West Elementary School Auditorium, the Rev. R. Matthew Lynn, pastor, announced.

A proposed budget for the church year beginning April 1 will be submitted to the congregation for adoption. A report from the Building Committee also will be heard.

### Marriage Announced Recently

Mrs. Grady Allen, Jr., the former Alice Marie Dorman whose marriage was announced last week by her parents, Mr. and Mrs. J. B. Dorman, has returned to Midland after a trip to San Diego, Calif., to attend Allen's graduation from the United States Naval Electrical School. She is a senior in Midland High School and plans to continue her studies. Allen is the son of Mr. and Mrs. Grady Allen of Odessa.

### Neighborhood Group Of Presbyterian Women End Study

The close of a season of study and prayer for foreign missions, in which the First Presbyterian Church here has been cooperating with other Presbyterian Churches, U. S., was marked by Women of the Church with neighborhood meetings Friday.

Extending from January 1 through the first week of February, the season had as its subject, "China." Approximately 90 women attended the neighborhood programs, some of which were held in the morning and some in the afternoon.

For the morning meetings, Mrs. J. H. McClure was hostess and Mrs. D. M. Secor program leader for one

group. Mrs. J. C. Hall hostess and Mrs. R. F. Carroll leader, Mrs. J. B. Wilkinson hostess and Mrs. J. M. Ratcliff leader, Mrs. Tom Sealy hostess and Mrs. John Drummond leader, Mrs. Frank Stubbeman hostess and Mrs. W. H. Harris leader, Mrs. Matt Hays hostess and Mrs. John Hill leader, Mrs. Robert L. Wood and Mrs. Frank Downey co-hostesses and Mrs. L. G. Byerley and Mrs. Thornton Hardie leaders for other groups.

In the afternoon meetings, Mrs. W. C. Fritz and Mrs. Max David were co-hostesses and Mrs. Matthew Lynn leader, Mrs. N. B. Winter hostess and Mrs. E. S. Hitchcock lead-

er, Mrs. Daniel H. Griffith hostess and Mrs. Ralph L. Cray leader, Mrs. J. A. Mathews hostess and Mrs. L. C. Link leader.

Typical of the programs was that given in Mrs. Wood's home, with prayers by Mrs. Byerley, Mrs. C. E. Bissell and Mrs. J. E. Dickinson, a discussion of "The Meaning of Prayer" by Mrs. John Perkins, and topics on China by Mrs. Hardie and Mrs. Paul Anderson.

In measuring liquids in cooking use a cup that has a space above the one cup mark. This will prevent spilling and you are less likely to skimp in measuring liquids.

### Dinner Celebrates Birthdays Of Two

STANTON—Two birthdays were celebrated Wednesday when Mrs. Penny Straud of the Courtney community was hostess at a dinner honoring her son, Wayne, and also Mrs. Lizzie Tomason of Stanton. Guests included Doris Marie Snodgrass, Mr. and Mrs. Harry Glass and J. E. McKee, all of Midland, as well as friends from the community.

A delicious dressing for seafood is prepared from thick sour cream to which chili sauce, minced green pepper and pimento are added. Serve with shrimp or crabmeat.

### P.E.O. Members Tell Of Current Reading In Round-Table Talk

Samples of recent reading by members of the BS Chapter, P. E. O., were exchanged in a round-table discussion of current books which made up the program at a chapter meeting Friday in Mrs. F. C. Cummings' home, 1002 West Missouri Street.

The program and a brief business meeting in Mrs. Cummings' home followed a luncheon in the private Dining Room of the Scharbauer Hotel at which she was hostess. Yellow jonquils gave a Springtime air to the tables.

Guests were Mrs. Mittie Norman, Mrs. L. E. Patterson, Jr., Mrs. Elliott H. Powers, Mrs. James E. Sprinkle, Mrs. Horace Skinner, Mrs. Vernon Yearby, Mrs. George Turner, Mrs. James N. Allison, Mrs. John Casselman, Mrs. Tom Flewharty, Dr. Louise Fillman, Mrs. Tom Head, Mrs. W. D. Henderson and Mrs. G. E. Mershon.

### Ladies Golf Association Has Guests

Five guests from other cities and eight from Midland had luncheon Friday with the Ladies Golf Association in the Midland Country Club dining room. Mrs. Earl Wilson and Mrs. W. P. Goodman were the hostesses.

Luncheon was served at a table with a centerpiece of ranunculus in lively red and yellow shades, blended with white stock.

The out-of-city guests were Mrs. J. P. Lester, Jr. of Mineral Wells; Mrs. Frank Redfern of Jersey City, N. J.; Mrs. Dave Harris of Dallas; Mrs. W. J. Wilkins of Tulsa, and Mrs. Curtis Inman of Balboa Island, Calif.

**Other Guests**

Other guests were Mrs. Burt Gillham, Mrs. George Phillips, Mrs. Lennie Davidson, Mrs. Donald Johnson, Mrs. B. R. Schabarum, Mrs. D. A. Pass, Mrs. Ralph Cooley and Mrs. Walter Collins.

Members at the luncheon were Mrs. N. B. Garner, Mrs. L. M. Freels, Mrs. L. E. Stewart, Mrs. H. H. Watson, Mrs. J. O. Vance, Mrs. A. Knickerbocker, Mrs. Nelson Puett, Mrs. Henry Oliver, Mrs. Henry Mack, Mrs. Tex Carleton, Mrs. Mike Brumbelev, Mrs. John Redfern, Jr., Mrs. Hugh Munn, Mrs. J. D. Dillard, Mrs. C. E. Prichard, Mrs. M. Ligon, Mrs. Leland Davidson, Mrs. J. J. Travis, Mrs. George Putnam, Mrs. Charles R. Ervin, Mrs. Bob Franklin, Mrs. E. E. Reigle, Mrs. V. C. Maley, Mrs. J. O. Hathaway, Mrs. F. H. Pannill, Mrs. J. H. Conine, Mrs. Frank Ashby, Mrs. V. M. Ligon, Mrs. C. C. Cool, Mrs. Harold Shanks, Mrs. J. L. Smith, Mrs. Bert Goodman and Mrs. Richard Gile.

### Club Will Repair Building, Clothe Child In Projects

Two projects were chosen for 1949 in the Valley View Home Demonstration Club at its meeting in Mrs. Tyson Midkiff's home Friday afternoon. One is repair of the teacherage in the Valley View community; the other is to "adopt" a child from a foreign country to clothe.

A forty-two tournament and bingo party were planned for next Friday night to raise funds to repair the building. The party will be in the Valley View School, and members will meet there Thursday afternoon to prepare the building.

"The Great Fisherman," Douglas was selected as a book to be given for the Memorial Section in the Midland County Library in memory of Mr. and Mrs. C. E. Branham.

**Demonstrators Named**

Mrs. Binnie Bizzell was named clothing demonstrator and Mrs. J. C. Stevens, Jr., clothing leader for the year. Mrs. I. J. Howard will be home improver demonstrator and Mrs. D. M. Bizzell leader.

Mrs. Nettie B. Messick, county home demonstration agent, presented the program on altering patterns. Mrs. Binnie Bizzell was measured for a foundation pattern.

The club will meet with Mrs. Will Long on February 18, when an apron contest will be the program highlight. Members are to bring flower cuttings and seed to exchange.

Mrs. C. H. Coffey and Mrs. Charlie Haupt were guests for the meeting and nine members were present.

**Jeanette Messick Has Kidnap Breakfast**

Jeanette Messick was host to a group of her friends Saturday at a kidnap breakfast given in the home of her mother, Mrs. Nettie B. Messick, 200 West Kentucky Street.

Guests included Roberta Stewart, Gail Hoover, Mary Jess Dickinson and Mary Ann Hill.

Gail Hoover was awarded a prize for being the most uniquely dressed of the guests.

**TO UNDERGO SURGERY**

Mrs. W. H. Spaulding of 1204 North Main Street Monday will undergo surgery in Western Clinic Hospital, attendants said Saturday.

Positively Monday Only!

### After-School Valentine's Day Treat

By NEA Service

An after-school party for your children on St. Valentine's Day is an extra-special treat which their Mom can swing with little effort. You can, if you'll serve simple refreshments in a festive party setting.

### Students Contribute To ACC College Fund

ABILENE—Ninety-two per cent of the student body, including every member of the Church of Christ, has contributed to the Development Fund of Abilene Christian College. "Ninety-two per cent is an A grade in any college," said Don H. Morris, president. "I believe our students have made some sort of record with this generous expression of their loyalty." The gifts of 1,459 students totaled \$8,296.

### Making a Concerted Effort

Margaret Truman, the soprano of the musical Trumans, is making an all-out bid for a concert career. In New York, her agent, James A. Davidson, finds the President's daughter is a red-hot attraction. His desk is covered with telegrams requesting her appearance. Among his other clients are Lily Pons and Jeanette MacDonald.

## Sears And Ward Differ On Enormous Expansion Plans

By WILLIAM FERRIS

CHICAGO (AP)—Who is right, Sears or Ward's?

That question confronts the financial community today more strongly than at any time in the last three years. It is based on the fact that the two largest retail merchandising firms have adopted opposite policies since the war ended. Sears used these years for an enormous expansion program. Ward's sat tight.

Reduced to personalities, the question is: who is right, Gen. Robert E. Wood or Sewell Avery? The General (which is what his employees call him) runs Sears. Avery runs Ward's. The two men are nearly as dissimilar as their postwar policies. Avery, 76, is well-dressed, trim, suave. He's the sophisticated type, like those in all the best travel and retail clothing advertisements. Homespun Type Wood, 69, is well enough dressed, but retains what an associate describes as a "cracker-barrel" appearance. He's the homespun type.

Wood set the postwar expansion program of Sears, Roebuck and Company. "Let's charge!" he cried. And Sears has charged by opening 39 new stores since Feb. 1, 1946, remodeling others, enlarging and relocating still more. Sears even charged into the Latin-America market.

Wood set the postwar expansion program of Sears, Roebuck and Company. "Let's charge!" he cried. And Sears has charged by opening 39 new stores since Feb. 1, 1946, remodeling others, enlarging and relocating still more. Sears even charged into the Latin-America market.

The program has cost the company heavily, and, thus far, has paid rich returns. Sears did it all out of its own pocket—no money borrowed from banks or insurance companies, no preferred stock issued, no increase in the number of common shares outstanding.

The question puzzling financial circles is whether the presidential election result, carrying with it the possibility of higher corporation taxes, has changed Sears expansion plans. On this the company is mum. Wood, who makes the plans, won't comment.

Sears, Roebuck started as a little mail order house, in 1886. Today it

is the largest retail merchandising firm in the country. Its volume is nearly twice as large as that of its nearest competitor—Ward's.

Today, Sears obtains more revenue from its retail stores than its mail order business. It has almost 650 stores. Since the war, its major expansion has been in the Gulf and Pacific Coast area. Wood is enthusiastic about the growth prospects of those territories.

Important Reading Matter Sears catalogue, more than 1,000 pages jam-packed with items, still is important reading matter to rural America. It does all right in urban order offices, too.

Sears sales have boomed. So have profits. In 1947 sales totaled \$1,981,536,749 and net profit \$107,739,252. In the year ended Feb. 1, 1948, before Sears started "charging," sales were \$1,048,250,832 and net profit \$36,834,836. But in November sales were a bit lower than in November, 1947—the first decline in the year-to-year comparison since Septem-

ber 1945. Ward's had the same experience.

Montgomery Ward officials have watched Sears' program with interest—even, on the part of some, with envy. It is widely believed one reason for Chairman Avery's troubles with his president and vice president was that they wanted to do a little expanding too. Avery didn't.

Avery likes to look at price graphs. They show that after every big war this country has had a price boom. The company's postwar record, it has followed by a price bust. On the company's postwar record, it has been accepted that Avery didn't want to go in for building, remodeling and relocating while costs were high.

### SEMINARY SCHEDULES SERIES OF PROGRAMS

AUSTIN (AP)—A series of weekly programs entitled "The Presbyterian Hour" will be broadcast by the Austin Presbyterian Theological Seminary to answer any questions in the public's minds concerning the education of students for the ministry. Dr. David L. Stitt, president, announced. The series begins Sunday and continues through February 27.

### NO PROOF

Though Asia often is termed the cradle of mankind, there is no proof that earliest man developed on that continent according to the Encyclopedia Britannica.

Roll slices of bologna and they will form cups that may be filled with creamed potatoes; sprinkle with paprika and garnish with parsley.

**'Wings Over Jordan' Concert Tickets On Sale By Sponsors**

Tickets are on sale by members of the First Methodist Choir for a concert by the "Wings Over Jordan" choir at 8 p. m. February 15 in the Midland High School Auditorium. Sale of tickets also is being conducted at Wemple's and the Book Stall.

The famous negro choir, which is known over America through its broadcast series and concerts given in almost every state, is directed by two persons, the Rev. Glynn T. Settle, who founded the choir and

supervises its activities, and Gilbert Allen, conductor.

Organized in Church Settle, whose voice guides the choir in radio broadcasts, organized a singing group in the church at Cleveland, Ohio, where he was pastor, and saw it become nationally known after it started broadcasting first from a Cleveland station and then over the Columbia network.

He became a Baptist minister after growing up in poverty, gaining an education in spite of difficulties and working up from a job as truck driver to that of plant superintendent for a steel company. Always interested in religion, he was active in the church, served as superintendent of a Sunday school and studied for the ministry while he worked.

He was ordained in 1927 and his first pastorate was in Fainesville, Ohio. After serving other churches, he became pastor of the Gethsemane Baptist Church in Cleveland in 1935. There he developed the

church, choir which grew into the "Wings Over Jordan" chorus.

Allen brings to his job as conductor of the choir a background of musical training and experience. A native of Indianapolis, he attended schools in California and then at the Julliard School of Music in New York. For two years before he became conductor of "Wings Over Jordan" he was director of music in the Samuel Houston College at Austin, and the college choir under his direction was the first negro musical group to be guests of the Government of Mexico on a tour of that country.

He has directed choirs for several radio broadcast series, and in concerts with the Los Angeles, San Francisco and Hollywood symphony orchestras.

Bodies Of War Dead Returned To States

The remains of five World War II heroes from this area are among those of 5,205 Americans being returned to the United States from the Mediterranean Area aboard the USAT Corporal Eric G. Gibson, the Department of the Army announced Saturday. A total of 290 remains were returned upon instructions of next of kin residing in Texas.

Those from this section and next of kin are: S/Sgt. Charlie G. Buntin, Rupert M. Buntin, Wickett; Cpl. Roy G. Franklin, Roy I. Franklin, Big Spring; Sgt. Burke B. Hunt, Oscar L. Hunt, Odessa; Pvt. James L. Pearson, Mrs. Maudie Pearson, Wink; Pvt. Henry R. Vaughan, Mrs. Mittle Anderson, Odessa.

**Hook Secures Handbag To Table**

HANG your handbag from the table if you are tired of rescuing a purse that slides off lap or trips up waiters when you dine. Ready to keep your purse safely anchored is a new folding hook which clamps to the edge of a restaurant table. As pictured, you can hang up a purse by its strap to a hook which takes up no space at all on a table top. When dinner is finished the gadget may be folded into its own tiny case and carried in the purse. —ALICIA HART NEA Staff Writer.

**AAUW Print Exhibit Is Available To Groups For Showing**

An exhibit of silk screen prints or serigraphs, brought to Midland by the American Association of University Women's exhibition committee will remain here next week, and is scheduled to be shown to Progressive Study Club members at a meeting Wednesday in the home of Mrs. Buri E. Self.

Available to other interested groups, the display may be scheduled through arrangements with Mrs. W. M. Thompson, exhibition chairman of the AAUW.

Members of the Midland AAUW Branch saw the prints Saturday at their luncheon meeting in the Crystal Ballroom of the Scharbauer Hotel. They were shown to the Modern Study Club last Wednesday, and to the Palette Club Thursday. The exhibit remained in the Palette Club Studio through Friday, when it was viewed by members of Rene Masza's art classes meeting there in the afternoon and at night.

Medium Is Unusual Persons informed on art technique are interested in the prints for their medium, since use of the silk screen process is not common, but the method of making does not produce a strange effect, and those who enjoy art only for its pictorial values will find the exhibit entertaining.

Pictures in the exhibit are for sale, and the AAUW committee recommends them for those who want original works of art in their home but cannot afford expensive paintings. The print is an original work,

not a reproduction, as all the work on it, from stencilling to printing, is done by the artist himself and a limited number of prints is made from each subject.

Cover Many Subjects The pictures are not confined to any one style or subject matter; Hulda Roberts' "Beacon" has more than a hint of formal pattern; strong feeling is evident in Sylvia Wald's "Dawn to Dusk," Lena Gurr's "Displaced Persons" and Roy DeCarava's "Los Angeles" while Leonard Pytlak's "July Fourth," Bernard Steffen's "Haying Time" and Hyman Warrager's "New York Nocturne" are frankly romantic.

Various moods in abstractions are portrayed in "Black and Blue," by Morris Blackburn; "Summer Windows," Louis Bunce; "Two-Masted Schooners," Bernard A. Kohn; "Still Life," Edward Landon; and "Textural Invention," James H. McConnell.

There are 30 of the prints in all, from the National Serigraph Society of New York, and several in the collection are prize winners.

**Kansas Ex-Students Invited To Meeting**

Former students of Kansas University who live in this area are invited to a meeting called by a group of Kansas exes living in Odessa for 7:30 p. m. Tuesday in the Ector County Library, Seventh and Lea Streets in Odessa.

The invitation to Midland was sent through Mr. and Mrs. John M. Fitzgerald, both of whom have studied at Kansas University. Plans are to organize an ex-students' association to include members from over the Permian Basin.

## Reds To Get Books By Western Authors

MOSCOW—(AP)—The Publishing House of Fine Literature will put out 40 books by western authors in 1948.

These include: The selected works of Mark Twain in two volumes. A collection of short stories and separate novels by Theodore Dreiser. The latest works of Sinclair Lewis. Other American writers also will be represented.

The English classical writers will be represented by: Dickens, Fielding, Smollett, Sterne and Godwin.

The Indian writer Mulk Raj Anand "Coolie," is to be published in Russian this year.

The Chinese classical poetry will be published extensively.

According to A. Kotov, director of

the State Publishing House for Fine Literature a six volume edition of Pushkin's complete works will be issued in 1949.

"In spite of the huge book printing programs which increase from year to year," says an announcement, "the market is still far from glutted. It is only a matter of hours for new books to be sold out in Soviet book stores. (Moscow alone has about 400 bookstores). Everywhere in the country the demand is greater than the supply."

The year's biggest editions are scheduled for the works of V. I. Lenin. The final volumes of a 40-volume edition of his collected works are to appear in 1949. The edition is a half million.

Advertise or be forgotten.

## Coming Events

Air Force Cadets To Get New Uniforms

WASHINGTON—(AP)—The Air Forces' cadets will wear blue uniforms after next April 4, replacing the standard khaki used since early in the war.

The uniforms for the fledgling flyers will be similar to that worn prior to 1942. A service coat of medium dark blue, single-breasted, silver buttons, will match trousers of the same material. Battle jackets will be issued for informal wear. Shirts will be of light blue, with dark blue necktie and black shoes and socks. The cap will match the uniform's color.

Advertise or be forgotten.

★ WE, THE WOMEN

By RUTH MILLETT  
NEA Staff Writer

Children's Dental Health Day Stated

One woman I know made these resolutions for New Years. It seems to me a good many other women could benefit by adopting them.

To spend more time with the people she really likes and less time on people who don't really matter to her.

To trim down her list of activities so that she can really enjoy the things she does, instead of rushing breathlessly from one thing to another.

To put family life above keeping up with the crowd and doing the things that are "expected" of her.

To learn how to turn down an invitation or refuse to take on new duties.

To be happy with what she has, instead of kidding herself that she would be happy if only this or that were different.

To arrange her life so that she feels she is doing the important things, and never mind what other people think about the way she chooses to live.

To refuse to hurry.

To be content with less than perfection in herself and in those she loves.

Not to care too much about the opinions of people who aren't really close to her.

AUSTIN—Observance of the first Children's Dental Health Day Monday has been approved and commended to Texans by an official memorandum signed by Gov. Beauford H. Jester.

Pointing out that dentistry is a health service profession dedicated to the preservation of oral health through research, prevention and various operative procedures, Governor Jester said various component societies of the Texas State Dental Society have made plans to hold meetings the second week in February with programs on dentistry for children.

**Year-Round Program**

"I urge all agencies, organizations and individuals to consider the purpose for which this day has been set apart and to observe it by conducting such programs as will awaken the people of Texas to the need of year-round community dental health programs for the protection and development of our children," Governor Jester's memorandum said.

He stressed the fact that tooth decay, especially in the mouths of children, is a prevalent physical disorder which, if not given proper attention, will lead to more serious consequences.

Dr. George W. Cox, state health officer, also commended the observance and said that early training of children in good dental hygiene will aid them in keeping their teeth and gums in good condition.

Novelty Handbags Swing For Spring

This round-up of novel designs for smart spring handbags includes the hand-woven reed basket with printed cotton straps (top left); the hand-braided raffia bucket (bottom left), and a quilted bandana

**By EPSIE KINARD**  
NEA Fashion Editor

NEW YORK — Those baskets, buckets and bandanas soon to be seen swinging from wrists will at second glance turn out to be smart handbags.

The bandana bag is actually a workman's red cotton print handkerchief fashioned to resemble a child's sand pall.

What turns the bandana into a smart handbag of Richard Koret's design are quilting and piping with leather, and a stitched handle of the cotton print piped with leather and looped

through rings of brass.

The bucket bag is shaped like a bucket and hangs from a rope-like handle. But all resemblance to a bucket ends there, thanks to fine natural raffia hand-braided in Italy and woven into a delicate band pattern embossed with bow-knots.

Basket bags of hand-woven reed boast as fine a look of craftsmanship. The flaring round sides of a basket, compartmented for hand-bag needs, are closed in by gaily printed cottons with wide zipper openings.

Other novelties designed by Richard Koret include drawing string bags

McCAMEY—Mr. and Mrs. D. Breeding returned Wednesday from San Angelo where they have been staying the last three weeks while their home is being remodeled.

Little Donna Rose Everett has been dismissed from the hospital. Mrs. Harry Dibrell and Mrs. E. A. Asher were Odessa visitors Friday.

Jack Dibrell is visiting relatives and friends in Coleman this week-end.

Dr. E. B. Knollhoff of Los Angeles, Calif., arrived in McCamey February 4. Mrs. Knollhoff, the former Margaret Perdue, has been staying with her grandparents, Mr. and Mrs. J. G. Lorenzen, the last two months.

Mr. and Mrs. R. A. Barger had as their guests recently Mr. and Mrs. "Mitch" Mitchell and daughter, Mandy, of Midland.

Next time you make a white frosting for a chocolate cake try adding a drop or two of peppermint flavoring. This also makes a good spread for sandwiching thin crisp chocolate cookies together.

**Does Stomach Gas and Bloat Make You Feel Miserable?**

If so, here is how you may get blessed relief in freeing your stomach from this nervous distress. It works this way: Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that 888 Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the 888 Tonic formula which contains special and potent activating ingredients.

Also, 888 Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of soda and other alkalis to counteract gas and bloating when what you so dearly need is 888 Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people 888 Tonic has helped. Millions of bottles sold. Get a bottle of 888 Tonic from your drug store today. 888 Tonic helps Build Sturdy Health.

### Midland's Boy Scout, Cubs Announce Scout Week Plans

Scouts and Cubs of Midland and the Buffalo Trail Council will join more than 2,000,000 other members of the Scout movement in the nation in observing the thirty-ninth anniversary of the Boy Scouts of America this week. Dr. H. Glenn Walker, chairman of the El Centro District (Midland County), said Saturday.

Scout Sunday will launch Boy Scout Week here. Several Midland troops will attend church in a body. On Tuesday (Anniversary Day) Scouts and Cubs will listen in on national radio programs dedicated to the movement.

A Court of Honor will be held Thursday night.

Scout and Cub displays and live exhibitions will be shown in a number of downtown store windows during the week.

A torch lighting ceremony will be conducted at 11 a. m. Saturday, simultaneously with a similar ceremony at the Statue of Liberty and in every state capital of the nation, as the official launching of the two-year crusade to "Strengthen the Arm of Liberty." Gov Beauford Jester will take part in the ceremony at Austin and the Buffalo Trail Council will be represented by Eagle Scout Tommy Longbotham, Jr., of Monahans.

In addition to these planned events, troops, Senior units and Packs will conduct unit affairs such as parents' meetings, banquets, Pack meetings and "Good Turns."

Ed Edwards, chairman of activities in charge of Midland's participation in the week's observance.

A new-type electrical control has been developed to speed up oil well drilling operations through automatic control of the pressure on the bit as it bites into the earth.

Blueprint for Beauty:  
**Stage a Pretty Show of Hands**

For a prettier show of hands over her tea table, this young woman relies on the three-step routine of care shown above. Hand massage (left) works cream over skin, keeps fingers flexible. Cuticles are smoothed with special lubricant (center). At bed-time hands are gloved (right) to keep cream confined to skin.

To simplify are nail lacquer and a foolproof undercoat designed to give you a longer-lasting manicure for that show of hands over bridge, buffet or tea table.

By ALICIA HART  
NEA Staff Writer

Best protection for hands and nails menaced by winter weather are rich emollient creams.

The practice of never leaving the wash basin until hands have been thoroughly dried and creamed is one of the best beauty routines you can adopt. But hand-creaming shouldn't stop at the basin. Make a habit of laying one your rich emollient again before you go to bed. A cream for hands and another one for cuticles, which also ruffle up when the temperature drops, are recommended by one famed beautician.

She points out the importance of using massage when you apply a hand cream. Massage rids fingers of stiffness which cold weather seems to induce. Skin warmed up by hand manipulation is made more receptive to the cream.

Sheathe those creamed hands with gloves before you tuck them under the covers. There are pink ootanknit gloves which look almost as glamorous as a pretty pink night-

gown. By keeping cream confined in gloves, your hands will be made softer and your bed clothes kept cleaner.

Before you put your hands to bed, cream your cuticles. To simplify this little ritual is the purpose of a hand-care package containing hand cream and cuticle cream. Thoughtfully tucked into the package also

### Look Pretty While You Work

Dear Sue: How can I look neat and well groomed while I'm doing my housework and still have a dress that's smartly made for home wear and easy to take care of? Your patterns are so easy to follow—won't you help me out? So says Mrs. Gregory Waters of Virginia. Gladly, Mrs. W. Frocks for wearing about the house can be fresh and attractive and still efficient. Two styles are illustrated—I think either one will solve your problem. Pattern No. 8356 comes in sizes 36, 38, 40, 42, 44, 46, 48, 50 and 52. Size 38, 4 5/8 yards of 39-inch. Pattern No. 8405 is for sizes 14, 16, 18, 20; 40, 42, 44 and 46. Size 16, 4 5/8 yards of 39-inch. Two separate patterns, 25 cents each. For these patterns, send 25 cents in COINS, for EACH pattern ordered, your name, address, sizes desired, and the PATTERN NUMBER to Sue Burnett, The Reporter-Telegram, 530 South Wells Street, Chicago 7, Ill. Send an additional 25 cents for a copy of the Spring and Summer issue of FASHION, our complete pattern magazine. It's smart, fresh, informative—and bigger and better than ever! Gift pattern printed in the book.

#### ★ IN HOLLYWOOD ★

### Kirk Douglas Scorns Force; He Prefers Mental Cruelty

By ERSKINE JOHNSON  
N.E.A. Staff Correspondent

HOLLYWOOD—I've got news for you ladies. There's a new school of thought in Hollywood about the heavy heroes slapping dolls around. It's in a movie titled, "Champion," from the Ring Lardner story about a prizefight champ who trains in the boudoir.

Kirk Douglas is the champ, but you don't catch him slapping any of his three leading ladies around. See. This guy just breaks their hearts instead of their heads. Loves 'em and leaves 'em—but not black and blue. Good old mental cruelty.

Kirk thinks it will be much

more effective and that the ladies will prefer it. As he says, "I always winced thinking about a movie hero walking into a bar and saying, 'I can lick any dame in the place.' What's with that? Any guy can beat up a girl."

Marilyn Maxwell, Ruth Roman and Lois Allbright are the gals Kirk double-crosses in the picture. The film, "Kirk's eighth," but his first starring part. He liked the script so well he turned down a role in M-G-M's "The Great Sinner" (Melvyn Douglas got the part) so he could play it.

Extravagance:  
Ever, Hollywood lifted its eyebrows on some new styles, which include dresses with \$20,000 price tags I'll never forget the movie queen who once told me, "Any one who pays over \$5,000 for a dress is crazy." RKO is paying Dennis Day for a movie.

Have you heard about the acrobat who made a living walking on his hands? Bookings fell off and for weeks he tramped from one agent's office to another looking for work. Finally his feet began to bother him and one day he met his doctor. "Doc," he said, "just as soon as I get back on my hands, I want you to look at my feet."

One theater in snow-bound Omaha is getting yacks with a lobby sign-ard reading, "20 degrees warmer inside." Stan Margulies, touring the country for the Jack Benny-March of Dimes covered wagon idea, writes that all the leading hotels in Memphis, Tenn., advertise television sets installed in your room for \$3 a day. "That's another cut into movie audiences 'cause we hotel transients normally spend evenings in some movie house."

Heartbeats  
Aside to the ladies again: Clark Gable who caused a few heart-throbs in his time, will have the sound of his heart recorded and amplified for a scene in "Any Number Can Play."

Good thing it's Gable. I know a couple of movie heroes who would have to get dabbling jobs—they don't have any hearts.

Adv-tise or be forgotten.

### STANTON NEWS

**STANTON**—Pvt. Leroy Gregg, stationed at San Antonio in the Air Force, is visiting his parents Mr. and Mrs. Lewis Gregg.

Mr. and Mrs. Delmar Hamm of the Lenora Community are the parents of a son born in Martin County Memorial Hospital Thursday.

Paul Odell is visiting his parents at Lenora while on furlough from his base in Kansas.

Mr. and Mrs. Orval Keel returned home from Dallas Thursday. She has been under medical observation there.

Mr. and Mrs. Bernice Camp and family have moved to Littlefield.

Plans for the senior trip were made at a meeting of the Senior Class of Stanton High School last week. The group will be gone eight days and will visit New Orleans, Vicksburg and possibly Biloxi, Miss. Billy Morrow, captain of the high school basketball team, suffered a knee injury in a fall recently. Doctors say he may not be able to play again this season.

Out-of-town relatives attending funeral services for William B. Stovall here last Wednesday were Mr. and Mrs. J. G. Swint, Mrs. Richard Ritz, Mrs. Bill Smith, all of Hobbs, N. M.; Mr. and Mrs. J. E. Caffer of Abilene; Mr. and Mrs. William I. Curry of Alpine; and Mrs. Ted P. Gross of Big Spring.

The annual iceberg "census" was made from the air for the first time 1 1/2 years. By counting the thousands of icebergs, scientists can predict the number that may invade shipping paths during the next three years.

### Featured In Concert

### Splendor, Troupe To Present Concerts Monday, Tuesday

Tickets for the Monday night performance of the Splendor concert of well-known music in the Midland High School Auditorium are almost sold out, agents at the Chamber of Commerce and Wemple's said.

The programs will begin at 8 p. m. each night.

The programs will open with "Warsaw Concerto" played on double pianos featuring Greta Whittell and Eunice Steele. Johnny Downing, tenor, will follow with "A Little Bit of Heaven" and "Softly as in a Morning Sunrise." "Tico-Tico" on the organ played by Miss Steele will be next. Two baritone solos, "Without a Song" and "Through the Years" by David Stevens will follow.

**King's Guards Quartet**  
The King's Guards quartet will sing "Sea Chanties" and Splendor will make her first appearance to sing "Traviata" and "Il Bacio." Miss Whittell will be at the piano for "Pagliaccio Excerpts" and the first part of the programs will conclude with Splendor and the King's Guards presenting "Oklahoma Medley."

Part II will open with "Showboat" played on the organ by Miss Steele. Two baritone solos, "Old Man River" and "Song of the Open Road" by George Saunders will follow. Next will be "Greig Concerto" on double pianos by Miss Whittell and Miss Steele. Carl Schlaegel, tenor, will follow with two solos, "Recondita Armonia" and "The World Is Mine Tonight."

Splendor will sing a medley of Victor Herbert songs and Splendor and the King's Guards will conclude with "Romany Life" and "Let My Song Fill Your Heart."

In the one-act play contest of her junior year she won the "best actress" award for her part in "Ringing in the Broom," and she was an actress or student director of many other plays. Now she is employed as a secretary in R. R. Herrell's office.

The second daughter, Christine of the practical turn of mind, is enacted by Sylvia Mae Metz, 11-year-old sixth-grader, who acted in "The Discriminating Princess" and was student director of "Many Moons" in the Children's Theater.

Art Cole is directing the cast of 22 persons and one cat in John Van Druten's drama of family life in the early years of this century. It will be presented in the City-County Auditorium, with staging more elaborate than any previous Community Theater play has required.

**Type Is Changed**  
The title role has been assigned to Addie Penn, who appeared as a "Mama" of another type in last year's Community Theater production of "Papa Is All." She may not be recognized as the same person by the audience, however, because her costumes were padded to make her look 40 pounds heavier in "Papa Is All," but her hair in that play was her own, and in "I Remember Mama" she will appear as a blonde.

Long a participant in dramatic efforts in Midland, she was a director in the Little Theater which was a predecessor of the Community Theater here, and she has served the present organization in various capacities in addition to that of actress. Another of her major interests is politics; she is president of the Midland League of Women Voters and is active in the league's state program.

Playing opposite her as Papa will be Waldemar M. Dressel, who was introduced to Community Theater in the bit part of the rather eccentric expressman in "The Man Who Came to Dinner." His stage experience includes a succession of parts, large and small, in high school and in the Missouri School of Mines, where he was a member of Alpha Psi Omega dramatic fraternity.

**Student Actors**  
He came to Midland some three years ago, is a geologist with the Gulf Oil Corporation, and considers his experience with his own four-year-old daughter an inadequate preparation for being "Papa" to four nearly-grown children in "I Remember Mama."

Although this will be her first role in the Community Theater, Mary Bizzell, who plays Katrin, the daughter with writing ambitions, appeared in "Spring Green," the 1945 senior play of Midland High School, then participated in stage and radio dramas at Texas Wesleyan College, Fort Worth, during her three years there.

In the one-act play contest of her junior year she won the "best actress" award for her part in "Ringing in the Broom," and she was an actress or student director of many other plays. Now she is employed as a secretary in R. R. Herrell's office.

**West Elementary P-TA To Observe Founder's Day**

Observing the fifty-second birthday anniversary of the Parent-Teacher movement in the United States, a candle-lighting playlet will be presented by members of the West Elementary Parent-Teacher Association at their meeting at 3:45 p. m. Tuesday in the school's auditorium.

The special program is in connection with Founder's Day events being held this month by all P-TA units. Mrs. W. Gerald Keeler, program chairman, said.

A birthday cake with 52 candles will be on display at the meeting. Cub Scouts of Pack 8 (West Elementary unit) will present a special demonstration.

Mrs. Noel Cason is president of the West Elementary P-TA. Members of the unit's executive board will meet at 2:45 p. m. in the principal's office.

**Nimble-Thimble Club Has Crane Meeting**

CRANE—Mrs. Vernon Bennett of the Phillips Camp was hostess to the Nimble-Thimble Club Thursday, using the Valentine motif for decorations, napkins and refreshments. The club members plan to have a Valentine party for their husbands February 11 in the Recreation Hall.

The hostess served heart-shaped sandwiches, cookies and hot chocolate to the following members: Mrs. K. L. Gray, Mrs. Homer Hunter, Mrs. Victor Patterson, Mrs. M. A. McCasland, Mrs. Chandler, Mrs. H. O. True and Mrs. Tom Phemister.

**TEXAS COLONEL HEADS RHEIN PHONE SYSTEM**

FRANKFURT, GERMANY—(AP)—The telephone equipment in Frankfurt's huge Rhein main air base in the heart of the Berlin air lift is as large as that of a city of 5,000.

Yet the phone system, plus the radio and teletype networks, is maintained by only 130 officers and men under command of Lt. Col. John W. Ashley, of Palestine, Texas.

### Experienced Actors, Some From Children's Theater, In Cast Of 'I Remember Mama'

Typical of the Midland Community Theater, a number of its audience favorites from its past productions and also introducing actors new to Midland in each play, the cast of "I Remember Mama," the comedy scheduled for February 16-19, in addition has recruited players from the Children's Theater.

Art Cole is directing the cast of 22 persons and one cat in John Van Druten's drama of family life in the early years of this century. It will be presented in the City-County Auditorium, with staging more elaborate than any previous Community Theater play has required.

**Type Is Changed**  
The title role has been assigned to Addie Penn, who appeared as a "Mama" of another type in last year's Community Theater production of "Papa Is All." She may not be recognized as the same person by the audience, however, because her costumes were padded to make her look 40 pounds heavier in "Papa Is All," but her hair in that play was her own, and in "I Remember Mama" she will appear as a blonde.

Long a participant in dramatic efforts in Midland, she was a director in the Little Theater which was a predecessor of the Community Theater here, and she has served the present organization in various capacities in addition to that of actress. Another of her major interests is politics; she is president of the Midland League of Women Voters and is active in the league's state program.

Playing opposite her as Papa will be Waldemar M. Dressel, who was introduced to Community Theater in the bit part of the rather eccentric expressman in "The Man Who Came to Dinner." His stage experience includes a succession of parts, large and small, in high school and in the Missouri School of Mines, where he was a member of Alpha Psi Omega dramatic fraternity.

**Student Actors**  
He came to Midland some three years ago, is a geologist with the Gulf Oil Corporation, and considers his experience with his own four-year-old daughter an inadequate preparation for being "Papa" to four nearly-grown children in "I Remember Mama."

Although this will be her first role in the Community Theater, Mary Bizzell, who plays Katrin, the daughter with writing ambitions, appeared in "Spring Green," the 1945 senior play of Midland High School, then participated in stage and radio dramas at Texas Wesleyan College, Fort Worth, during her three years there.

In the one-act play contest of her junior year she won the "best actress" award for her part in "Ringing in the Broom," and she was an actress or student director of many other plays. Now she is employed as a secretary in R. R. Herrell's office.

**SEAWOOL TO FLEECE**  
Some of England's finest fleeces come from the Orkney and Shetland Islands, where seaweed forms a large part of the sheep's diet.

The possibility of seeing disease-causing virus at work in living cells is suggested by experiments with the new kind of microscope that uses contrast of phases in the light.

## WHY CATHOLICS "Keep Running to Church"

You've probably heard people comment at times on the fact that their Catholic neighbors go to church so often. Perhaps you have wondered yourself... is all this necessary?

Catholics, you may be sure, have good reasons. Going to Mass on Sunday is, of course, an obligation for every Catholic, Confession and Holy Communion at least once a year are a sacred duty. But most Catholics go to Confession and receive Holy Communion oftener... some every month, some every week, some every day.

There are also many other special services and devotions for which Catholics go to church. In the average city, the Catholic Church is always open—and seldom empty. Many will enter the church at any hour of the day to visit Jesus Christ present on the altar, mindful of His invitation: "Come to Me, all you who labor and are burdened, and I will give you rest."

But, you ask, is all this necessary? Catholics believe it is. They believe that Christ not only called upon us to honor and serve God... but prescribed the ways in which we should do so. He did not say how often we must go to church... nor how many prayers we were to recite. But He did establish a Church with the power and authority to carry on His work... and He promised

that His Church would last to the end of time—that it would have God's protection in teaching all men to observe all things He had commanded, especially to believe and to be baptized and thereby become members of His Church to attain the purpose of their lives.

And how do Catholics know their is Christ's Church? Because it possesses the distinguishing marks Christ gave His Church. It covers the earth as Christ said it would. Unchanged after nearly 2,000 years, it continues to live and grow, in fulfillment of His promise that His Church would last to the end of the world.

But the most convincing mark that He gave it is its unity of faith, worship and obedience under the authority of the lawful and historical successor of Peter, the first Bishop of Rome and the "rock" upon which Christ built His Church. Just as Peter was the first Pope and the first Vicar of Christ, so also is Pius XII the 26th Pope and the Vicar of Christ today.

If you would like to know more about the distinguishing characteristics which Christ declared His Church must have and which the Catholic Church possesses today, we'll be happy to send you without cost or obligation an interesting and enlightening pamphlet. Write today... ask for Pamphlet No. 2-N.

**Partnership In Women's Shop Announced**

Announcement is being made by Maurine Newsom of the association of Pauline Crow as her partner in the ownership and management of the Myrna-Lynn Fashion Shoppe, which Mrs. Newsom established here last November.

Miss Crow came to Midland June 1948 as manager of another store and had previous experience in merchandising and store management. She calls Albuquerque, N. M., her "home town," but she had lived for several years in Dallas and South Texas.

To her new position she brings training in styling, designing and figure analysis as well as experience

in the tastes and needs of Midland women. She is a charter member of the Midland Altruism Club, and has assisted in the Girl Scout program here, conducting a recent training course in merchandising for a group of Senior Scouts.

Mrs. Newsom opened the Myrna-Lynn Shoppe on November 12, in a new building especially constructed and furnished for the purpose. She came to Midland from Brownfield.

The shop deals in women's clothing exclusively, offering dresses, suits, coats and costume accessories. Leading lines are featured.

**Twelve Boy Scouts Represent Regions At Washington, D. C.**

Twelve outstanding Boy Scouts, representing each of the nation's Boy Scout Regions, will represent America's 2,200,000 Scouts and leaders in ceremonies at Washington, D. C., and New York City during Boy Scout Week, opening Sunday, and closing February 12.

Boy Scout Week will mark the 39th anniversary of the incorporation of the movement at the nation's capital. On Tuesday, the actual birthday, the entire membership will recommit themselves to the Scout Oath or Promise at 8:15 p. m., in the four time zones.

Observed in every city and town throughout the nation and its territories by 70,000 units, the celebration is the largest birthday observance of young America.

**Two-Year Program**

Federal officials and national Scout leaders will greet the twelve representative Boy Scouts when they arrive at Washington, Tuesday. There the Scouts will share in ceremonies opening a new two-year program to "Strengthen the Arm of Liberty" by giving more boys in Scouting a richer experience. Scout leaders expect the organization to be at the peak of its usefulness to the nation by the end of 1950, near the close of its 40th anniversary year.

While at Washington the Scouts will make a "Report to the Nation of the Scout Citizen at Work" in 1948, summing up the service projects and activities of America's 70,000 Scout units.

After their stay in Washington the Scouts will go to New York to meet United Nations officials and take part in ceremonies at the Statue of Liberty in New York Harbor Saturday morning. Torches will be lighted to symbolize the start of the two-year crusade.

Taking part in the ceremonies at the Statue of Liberty will be the United Nations Boy Scout Troop, comprising sons of U.N. personnel of many lands, and some New York Scouts whose parents are of foreign origin. The entire group will then go to the greater New York Scout Camp near Alpine, N. J., nine miles north of the George Washington Bridge, for an overnight camp.

**Services For Rankin Man In McCamey**

McCAMEY—Funeral services for William P. Bailey, 66, were held Saturday afternoon in a McCamey cemetery. He died of a heart ailment Thursday in his room at Rankin.

Bailey had resided in Rankin about a year. He moved to Iran from Oklahoma in 1927.

Survivors include two sons, Donald Bailey of Iran, and Jack B. Bailey of Hobbs, N. M.; a brother, and a sister.

**Area Girl Scout Council Debt-Free But 'Flat Broke'**

"The books are in order and all bills are paid, but we are practically 'flat broke,'" was the report given this week of the Fort Worth Area Council of Girl Scouts by its treasurer the Rev. R. J. Snell of Midland.

Unpaid quotas ranging from McCamey's \$275 to Odessa's \$3,000 total \$6,165.

"Payment of your quota will enable us to meet this budget and keep our area going," said Mr. Snell. Harshening news appeared in the announcement that only \$1,500 is owed on the Girl Scout Camp at Mitre Peak in the Davis Mountains.

Unpaid quotas include Odessa \$3,000; Alpine \$750; Fort Stockton \$300; Pecos \$450; Kermit \$400; Wink \$300; and McCamey \$275.

The Girl Scout Camp definitely will be operated this summer. A budget of \$1,000 has been allotted for its maintenance.

Bible Conference Slated At H-SU

ABILENE — The necessity for understanding and acceptance of the Bible for modern day living will be emphasized and discussed at the annual Hardin-Simmons University Bible Conference which will be held Monday, Tuesday, and Wednesday.

Dr. W. W. Melton, former executive secretary of the Texas Baptist Convention, Dr. Ray Summers, professor of New Testament and Southwestern Theological Seminary, and Dr. Kyle Yates, pastor of the Second Baptist Church, Houston, will be among the speakers.

POSSIBLE LIFE

Possibilities of life are greater on the Galilean moons of Jupiter than on any of the other planets of the universe, according to many astronomers.

When the British invaded Washington in the war of 1812, and set fire to buildings, Dolly Madison, the President's wife, carried some of the great White House treasures, including Washington's picture and the original draft of the Declaration of Independence, to safety.

IT'S A FACT

AND WE CAN PROVE IT. (PROOF NEXT SUNDAY) PROOF OF LAST WEEK'S AD: LINCOLN DID NOT ORIGINATE "OF THE PEOPLE, BY THE PEOPLE, FOR THE PEOPLE." Cleon of Athens, who lived about 400 B.C. expressed the same idea. In an address on May 29, 1850, Theodore Parker said—"A government of all the people, by all the people, for all the people." "Popular Questions Answered"—Geo. W. Stimpson. "Handy Book of Literary Curiosities"—W. S. Walsh.

Daddy Ringtail

Daddy Ringtail And The Egg Basket

By WESLEY DAVIS

When Daddy Ringtail was walking home to the monkey house one day, carrying a basket of eggs, who should come along but the Quidnunc.

"Happy day, Quidnunc," Daddy Ringtail said. "Happy day to you, Daddy Ringtail," said the Quidnunc. "That's a mighty fine basket of eggs you are carrying there, but you shouldn't be carrying them all in one basket."

Daddy Ringtail looked at the basket of eggs, brown and white, and

very large. And the basket too was quite beautiful. It was a brown and yellow basket, one that Granddaddy Ringtail had made and given to Daddy Ringtail once for a birthday. It was made of reeds that grew by the Whispering River.

"You shouldn't be carrying all your eggs in one basket," Quidnunc said again.

"Why shouldn't I carry them all in one basket?" Daddy Ringtail wanted to know. "Because," the Quidnunc said, "as you are climbing along through the trees, or walking along through the fields, or walking along through the forest, carrying your basket of eggs—if you should drop the basket, all your eggs would be broken."

"Hrm!" Daddy Ringtail said, and thought about this. Then he looked at his beautiful basket again. "Hrm!" I want to carry all my eggs in one basket. If I had two baskets, I couldn't be as careful not to drop this one. Happy day, Quidnunc! Happy goodbye until next time.

Happy day to you, Daddy Ringtail! Happy goodbye until next time," the Quidnunc said. The two friends shook hands, and Daddy Ringtail walked away through the forest, on his way home to the monkey house, carrying the eggs in the brown and yellow basket. He was very careful not to drop them. While he could have got some more eggs somewhere, he knew that he could never again have as beautiful a basket as the

one that Granddaddy Ringtail had given him; and Daddy Ringtail wouldn't have had anything happen to that basket for anything in the whole forest.

Sometimes, you see, it is a pretty good idea to carry all your eggs in one basket; and Monday I'll tell you about Daddy Ringtail and the Humbird. Happy waiting until then!

### Ceylon To Clean Up For Tourist Trade

COLOMBO, CEYLON—(P)—Ceylon, youngest of Britain's dominions, is out to sell itself as "the playground of southeast Asia." The idea is to boost annual tourist revenues in three years from the present six million rupees to 60 million rupees (nearly \$20 million).

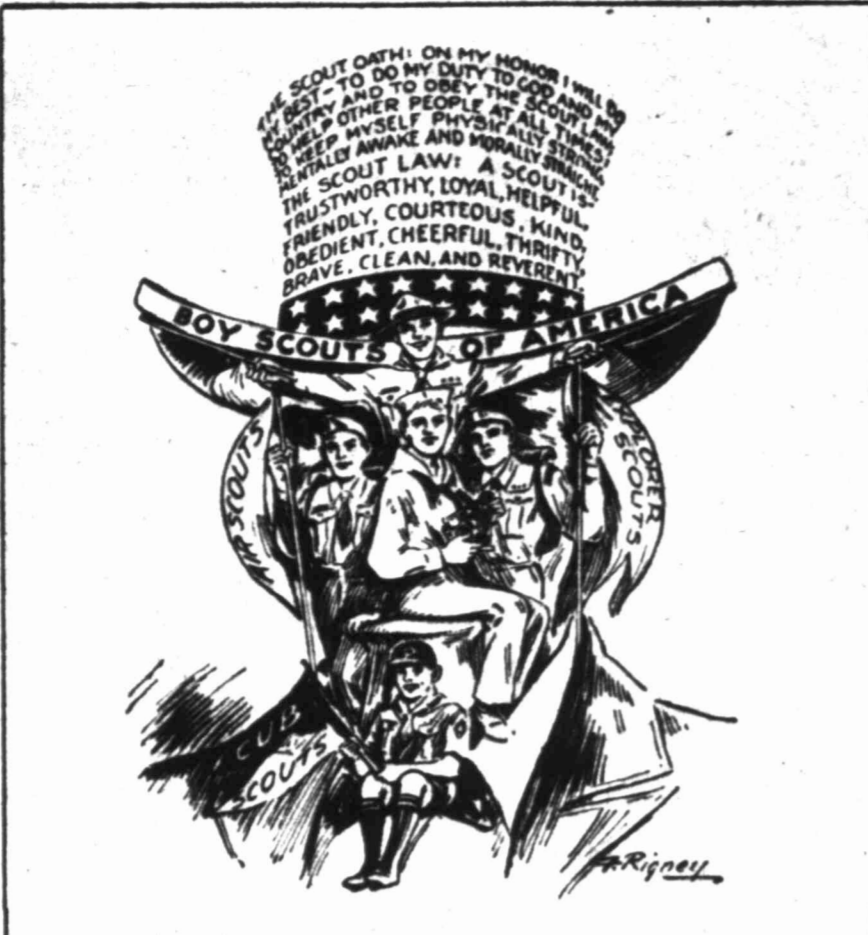

The program calls for a large advertising campaign, provision of more accommodations for tourists, a clean-up of hawkers and dishonest dealers in gems and, in general, efforts to find tourists, wherever they may be.

For instance, an attempt is being made to interest Americans working in Saudi Arabia's oilfields in spending their holidays in Ceylon. Cedric Senaratna, secretary of the government tourist bureau, says he hopes to have 400 of them arrive every two months to cool off at Nuwara Eliya, a 2,000-foot-high resort 112 miles east of Colombo. Senaratna also is working for stopovers by passenger vessels which now pass up Ceylon.

The government is extending its system of resthouses, where a couple may get food and lodging for 20 rupees a day. There are 115 resthouses now, spotted at tourist centers throughout the island.

Peanut butter may be mixed with mayonnaise and a little sweet pickle relish for sandwiches. It is also good mixed with chili sauce for a sandwich or cracker spread.

### True Cross Section of U.S. Boyhood

The Boy Scouts of America, observing its 39th anniversary from Feb. 6 to 12, has influenced the lives of 15,500,000 boys and leaders since 1910. Boys of all walks of life, from every city, town and most villages and hamlets as well, enjoy the game of Scouting. Here is a veritable cross section of American boyhood.

## The Washington Merry-Go-Round

(Copyright, 1949, By The Bell Syndicate, Inc.)

Drew Pearson says: Los Angeles takes lead in ending discrimination against Japanese-Americans; Bill Benton personally backed 18 candidate-friends in election, all of whom won.

WASHINGTON—It hasn't been overly advertised, but a racial revolution has come to the Far West.

Few groups have taken a worse showing-around from their neighbors than the Japanese Americans of California. Laws were passed forbidding them to own land or to practice some 500 professions. Signs were hung in windows, proclaiming "No Japs Allowed." Newspapers and citizens' leagues took up the cry of "yellow peril" and peaceful Japanese-Americans were shunned and taunted and even terrorized by hysterical neighbors.

Climax came after Pearl Harbor when 110,000 American citizens of Japanese ancestry were thrown bodily off the West Coast and herded inland behind barbed wire fences.

But, almost overnight, this bitter sentiment is changing. Los Angeles, once the capital city of Japanese hatred, now is taking the lead in ending discrimination. The chamber of commerce not only welcomed the Japanese-American colony back to the West Coast, but formally urged the United States to permit first-generation Japanese, now citizens, to become naturalized and even to grant immigration quotas to Asiatic countries.

"The elimination of this special Asiatic racial discrimination," declared the Los Angeles Chamber of Commerce, "is of significant importance in the light of the present struggle between free people living under the democratic system and those of state-controlled governments. It is recognized that any discrimination legalized by democracies provides powerful ammunition for propaganda on the part of the Communists."

A Few Incidents  
Discrimination incidents still occur, but they are few and far between. When hoodlums burned the home of a Japanese returning to California, neighbors who had once refused to speak to him helped build his house and care for his family.

Meanwhile, Utah quietly repealed its alien property law, setting the pattern for the West to restore equal property rights to the Japanese. Also, after pressure from the West, the 80th Congress reimbursed Japanese evacuees for personal and property losses suffered as a result of their wartime exodus.

President Truman by executive order revoked "limited passports" which for 4½ years had prohibited Japanese residents of Hawaii from coming to the mainland except for limited stays. Congress also opened the doors to oriental brides who had married GIs overseas.

Back from battle, the Japanese-American 442d Central Postal Directory Regiment marched in honor down Washington's Pennsylvania Avenue. Known in Italy as the "Purple Heart Regiment," this outfit won more decorations than any other comparable unit in World War II. On one occasion alone, charging to the rescue of the lost Texas Battalion, 442d lost more men than it rescued. But it pushed through, and Texas made every member of the regiment an honorary citizen of the Lone Star State.

So now Japanese-Americans have discovered the true meaning of democracy—regardless of "race, color or creed."

Note: Scattered incidents of discrimination, however, still crop up. The latest was a refusal by Chicago cemeteries to bury Japanese-Americans—including the bodies of Japanese-American war heroes, being shipped home from Italian battlefields.

### Merry-Go-Round

President Truman has ordered the War Department to curtail purchases of Argentine beef, favor the West instead. The order came after George Luckey of California urged Truman to let American cattlemen supply Army meat. Luckey is the California cattleman who handed Truman the 10-gallon hat during the inaugural parade. . . . Interesting quote from George Kennan, State Department expert on Russia, in a recent meeting with congressmen: "Too many people interpret the Russians by their experience with other people. You have to live with these people (the Russians) to know how they think. Then you know that the only thing that impresses them is firmness and power. They interpret being a good fellow as a sign of weakness." . . . Chief Pentagon spokesman for congressional appropriations before the House Armed Services Committee recently was not Secretary of Defense Forrestal but Prof. Dwight Eisenhower. Apparently Forrestal thought he was more popular. . . . Just as big business claims there is no need for regulating steel, Great Lakes Steel—subsidiary of National Steel—hiked the price of steel for quonset huts 10 per cent.

### Long-Shot Benton

During the recent political campaign, Bill Benton, former assistant secretary of state, made out personal checks to aid the campaigns

function. Many of the people running the dinner also were surprised, but said nothing.

Two hours after the dinner started, a woman rushed into the room and demanded of the orchestra leader: "Were you hired for the Dale Carnegie dinner?"

"Isn't this the Dale Carnegie dinner?" said the orchestra leader.

"No," replied the lady from the Dale Carnegie Institute, and almost dragged the musicians out by their ears.

An electric throttle holder for the auto has been developed to save gasoline and make things easier for you on long trips. All you do is set it for any speed desired. It will set the pace until you apply the brakes or press the accelerator.

### Scientific Gadgets Detect Drunks

CHICAGO—(P)—A growing number of cities and states are using scientific gadgets to find out how many sheets, if any, a drinking driver has in the wind. The American Municipal Association reports at least 130 cities and 22 state law enforcement agencies now use drunk-o-meters or chemical devices in drunken driving cases.

With the meter, a suspect blows a balloon full of air. The breath is passed through a series of tubes containing chemicals. The tests determine the alcoholic content of the blood.

### Push Button Economy Reaches Dairy Barn

STILLWATER, OKLA.—(P)—It's all come by levers in Oklahoma A&M's new \$248,000 dairy barn. Milkers stand in a pit. The cows walk in and the milking machine is attached. Cows are milked in three minutes. The milk goes into a glass tank on the wall. It is automatically weighed and then, at the pull of a lever goes woosh, down a pipe to the cooling room.

There are places in the big barn for 1,000 tons of hay and 4,000 bushels of grain. Four silos hold 600 tons. There are quarters for eight attendants and the dairy herd.

## Boy Scout Week Feb. 6th to 12th

Boy Scouts' 39th Anniversary

WE SALUTE YOUR BIRTHDAY!

And the achievement and advancement you have made down through the years.

We salute the Boy Scouts of Midland during this Boy Scout Week. We hail the fine record you have made under such able leadership. You are the citizens of tomorrow and you are making a splendid start. Keep it up.

INVEST IN YOUNG AMERICA

# WILSON'S

MIDLAND

### Custodians of Tomorrow's World!

Whether it will be one world or many small ones . . . a world of plenty or privation . . . and whether it will be led by wise men, humane and principled, depends upon the guidance . . . the education . . . the ideals instilled in our youth today

On their young shoulders will fall the mantle of leadership. We pay tribute to the Boy Scouts of America . . . citizens at work . . . and pledge our continued support to an organization which has

produced and will continue to produce, to give us men who are leaders . . . IN THE HOME . . . THE COMMUNITY . . . THE NATION . . . AND THE WORLD.

### ADVENTURE

39th Anniversary  
FEBRUARY 6 TO 12  
BOY SCOUTS OF AMERICA

## BOYS TODAY ... LEADERS TOMORROW

For our youth, "to live and learn" is not enough. To live and learn in freedom and cooperation is the promise of a bright future for our community. That's why we are proud of the work of our Boy Scouts, helping others and keeping "physically strong, mentally awake and morally straight." We take this occasion, the 39th anniversary of their founding, to wish the Boy Scouts of America "happy adventures in Scouting."

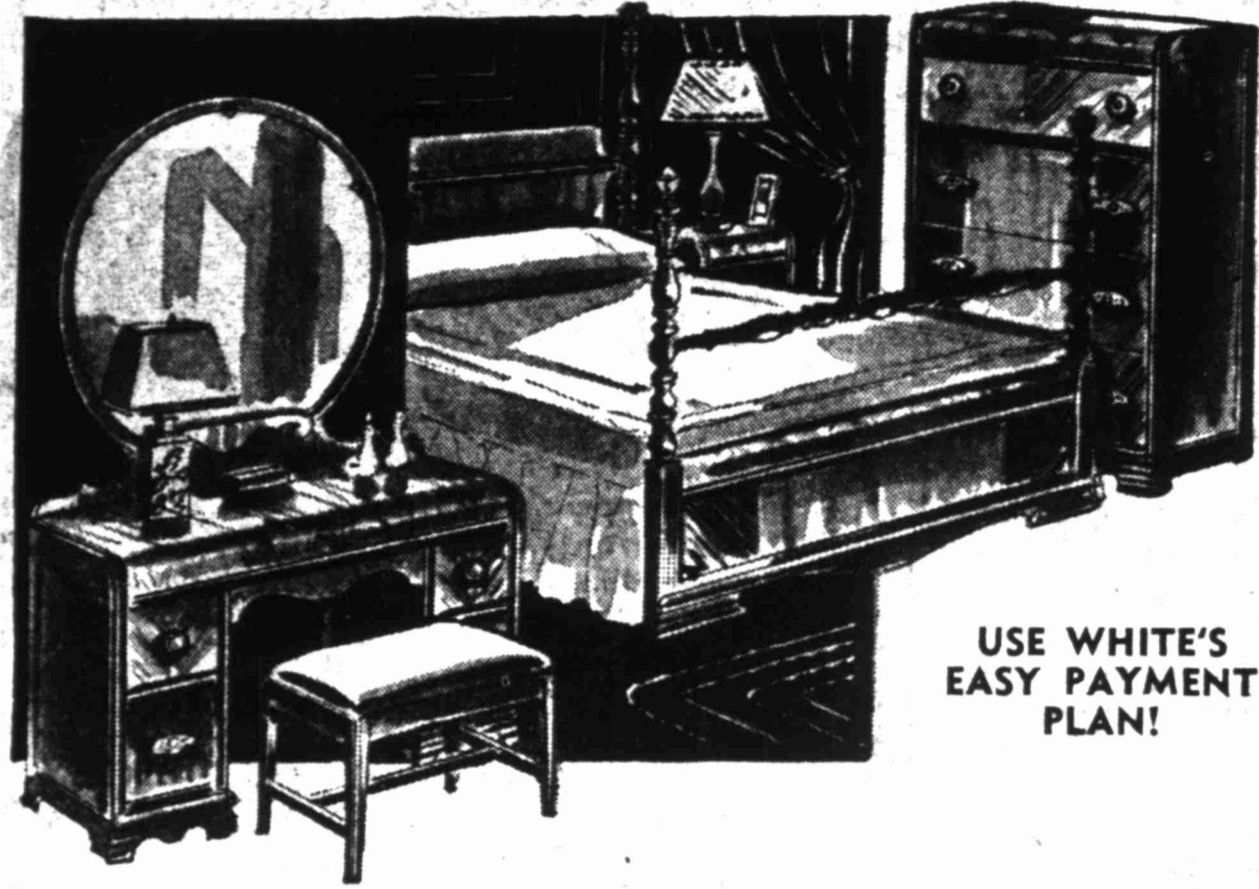

Around a camp-fire . . . feeling the vitality of the Great Outdoors! Working and building as a group. To be prepared, loyal and friendly, helpful and courteous. These are the things that are preparing over two million American Boy Scouts today for active citizenship tomorrow
