Supreme Court Upholds Rail Board

Injunction In Heyser Field Is Dissolved

AUSTIN—(P)—The State Supreme Court Wednesday upheld the Railroad Commission's order to halt the flow of flare gas in the Heyser oil field.

The court was divided 7 to 2. It dissolved an injunction granted in 98th District Court, restraining the oil and gas regulatory body from enforcing a close-down order in the field.

Wednesday's court action grew out of a Railroad Commission order issued November 22, shutting down the Heyser oil field of Victoria and Calhoun Counties effective December 1.

It was part of the Railroad Commission's statewide campaign to put a stop to what it called the wasteful flaring of gas produced along with oil.

The order, upheld by the Supreme Court, alleged oil well gas was being wasted in the field, and directed that production be halted until conservation measures were put into effect.

The Sterling Oil and Refining Company obtained a district court injunction against enforcement of the order. The direct appeal to the Supreme Court was by the Railroad Commission.

Other fields involved in injunctions were also granted enforcement of the commission order. Operators in another 26 fields appeared before the commission January 25 to show cause why shut-down orders should not be issued for them.

The majority opinion by Associate Justice John H. Sharp said: "We hold that the order of the Railroad Commission in this case is reasonably supported by substantial evidence and that it is valid."

"We further hold that the order is not discriminatory, unreasonable or arbitrary, and it is affirmed. The judgment of the trial court is reversed, and the injunction restraining the enforcement of the order under consideration is dissolved."

Dissenting from the majority, Associate Justice G. B. Smedley wrote: "This court is without jurisdiction and the appeal should be dismissed."

Associate Justice W. St. John Garwood agreed with Justice Smedley's dissent.

Each Separate Problem
Justice Sharp, in ruling in the Railroad Commission's favor, noted that the Supreme Court has held that each oil field presents a separate problem.

"This court is here passing only on the order relating to the Heyser field, and the decision in this case does not prejudice the issues that may be involved in other fields," he wrote.

The commission's order was issued last November 22 and was to have become effective the morning of December 1.

Sterling Oil and several other Heyser field producers brought suit alleging that the order was illegal, unjust, unreasonable, arbitrary and discriminatory in that the commission had no statutory authority to adopt and enforce it. They also argued that they were shut in until the order within the time set by the commission was a physical impossibility.

They contended that irreparable damage would be done to those wells in the field which have a water drive if they were shut in until the order could be complied with. There were numerous other objections of similar nature.

15 Similar Cases Will Go To Trial

CORPUS CHRISTI—(P)—Attorney General Price Daniel said here he is "gratified" over the decision Wednesday of the State Supreme Court upholding the Railroad Commission's order to halt the flow of flare gas in the Heyser oil field. Daniel said he would "proceed immediately to trial in 15 other similar cases which are now pending." The attorney general, who argued the Heyser case before the Supreme Court, said: "It will be an important milestone in the conservation of natural gas and the stopping of wasteful flaring of millions of cubic feet of gas each day."

U. S. Policy In Japan Unchanged, Acheson Insists

WASHINGTON—(P)—Secretary of State Acheson said Wednesday American policy on the occupation and defense of Japan still is the same and no change is planned. Acheson told a new conference the statement applied specifically to reports from Tokyo that: (1) American troops would be pulled out of Japan in the event of war, and (2) the United States considers Japan to be indefensible. Acheson was asked to comment on a series of published reports from Tokyo saying U. S. policy has undergone a change as a result of Communist advances in China.

Asks Repeal Of Taft-Hartley Law

William Green, president of the AFL, in testimony before the Senate Labor Committee in Washington, denounces the Taft-Hartley Law as "impracticable" and "unworkable," and asks Congress to "repeal it in its entirety."

Remarks About Hero Bring Verbal Lashing To Senator

AUSTIN—(P)—Rep. Davis Clifton of Farmersville Wednesday verbally lashed Senator Jim Taylor of Kerens for "belittling" the heroism of Audie Murphy, the most decorated American soldier of World War II.

Clifton told the House: "I am taking this mike on personal privilege for the first time because a distinguished guest we invited to the Legislature has been needlessly and ruthlessly insulted."

"Any of you who have looked at the morning papers saw Senator Taylor's statement that he has 'seen men buried who deserved more medals than Audie Murphy ever got.'"

"Yesterday, the senator from the Northern Midland County Devonian was proven for Gulf Oil Corporation No. 135-E Keystone, wildcat discovery from that formation 14 miles northeast of Kermit."

"The development kicked off and flowed 17 1/2 barrels through a 1/2 inch choker, producing 1,239 barrels of fluid which had a breakdown of 1.217 barrels of oil, 15 barrels of wash water and seven barrels of mud and sediment."

"Gas volume was at the rate of 1,816,000 cubic feet per day. Gas-oil ratio was 1.148-1. Gravity of the petroleum was 37.5 degrees."

"Production was natural from the open hole section at 9,535-9,744 feet. This is the best showing the well has made."

"The venture was continuing to flow to cleanout and test. A potential test is scheduled to be taken shortly."

"Location is 680 feet from north and 1,980 feet from west lines of section 2, block B-1, pal survey."

Gaines Dolomite Zone Yields Sulphur Water

An unidentified dolomite formation below the Devonian in Southeast Gaines County made water for Magnolia Petroleum Company No. 1 Hicks, deep wildcat 14 miles southwest of Lamesa and 660 feet from north and west lines of tract 18, league 273, Loving CSL survey.

"On a two and one-half foot drillstem test at 12,585-618 feet, using a 2,500-foot water blanket, the exploration recovered the water blanket followed by 810 feet of sulphur water. There were no shows of oil or gas."

"Preparations were being made to drill ahead. The venture is projected for an Ellenburger test."

Stanotex To Finish North Snyder Well

Standard Oil Company of Texas No. 1-3 Brown, south outpost to the discovery for flowing production from the Canyon lime, to open the North Snyder field, in North-Central Scurry County, 10 miles north of Snyder, and 1,980 feet from west and 1,880 feet from south lines of section 440, block 91, H&TC survey, was preparing to drill plug and test and complete.

"This development is bottomed at 6,825 feet, and was still in the pay when it stopped drilling."

"Another Drillstem Test
The 7-inch casing had been cemented at 8,849 feet, the top of the pay, with 600 sacks."

"That gives the well almost 500 feet of pay section, and no water has been encountered in the formation."

"All of the open hole had been investigated by drillstem tests, and each section showed good, flowing oil, natural, the well should be completed for a heavy flowing production."

Czech Spy Trials Begin At Munich In Strictest Secrecy

MUNICH, GERMANY—(P)—Strict secrecy surrounded the opening Wednesday of the first of five "Czech spy trials" before an eight-man U. S. Military Commission.

The chairman of the commission, which is empowered to impose the death penalty, has ruled that revelation of the trial testimony or even of the identity of the accused would endanger the security of the United States.

The chairman, Brig. Gen. John L. McKee, said the court would not make public its verdict. The charge is sale of important secret information to the Communist-dominated Czech government.

He said the same rules would apply to the fifth case, but the second, third and fourth trials would be public.

The series of trials has been known in Germany as the "Czech spy trials." When the U. S. Army reported the arrest of about 20 alleged agents last Fall they were identified as members of the Czech intelligence ring, although most of them were not of Czech nationality.

Defendant Handcuffed
Five military policemen Wednesday brought a slight, dark-haired man of about 30 into the building where the commission is sitting.

He was handcuffed and his hands twitched nervously as he climbed the three flights of stairs to the small military courtroom. He wore Army fatigue clothes, the usual garb issued to prisoners in Army stockades.

It is believed he is a Czechoslovakian. It was understood the prisoner was brought from Dachau, former German concentration camp.

Once, when the courtroom door swung open, he was seen standing white-faced and grave at the end of the room.

The trial was the second in a series of Czech spy trials. Military Police were sent from the front. Four guarded the doors and corridor, however. All Army officers taking part in the hearing wore side-arms.

McKee said at a news conference Tuesday that the secrecy, which is (Continued on page 13)

Fight Brews On Veterans Pension Bill

WASHINGTON—(P)—Angry disagreement developed in Congress Wednesday over a multi-billion dollar veterans pension bill. It barred relief through the House Veterans Committee Tuesday amid cries of "dictatorship."

Disputing charges of dictatorial methods in obtaining committee approval, Chairman Rankin (D-Miss) endeavored to override Administration opposition and force a quick House vote on the pension proposal.

Rankin predicted it would carry by a landslide in both House and Senate if brought to a vote. The bill would pay \$90 a month to the 18,800,000 veterans of both world wars when they reach 65 years of age, provided they served at least 90 days and were not dishonorably discharged.

\$4,000,000,000 A Year
The first year's cost of the pension in its present form has been estimated at \$129,000,000, increasing annually to an ultimate peak of \$6,000,000,000 a year by 1960.

The measure was approved in an uproarious "closed-door" session of the committee lasting a little more than an hour.

Midway of the deliberations, six members of the committee—all Democrats—staked out in protest against what they charged were Rankin's "closed-door" tactics.

Representative Huber (D-Ohio), one of those who took a walk, said the dissenters were considering writing a minority report to "set forth our views."

Walking out with Huber were Representatives Mack (Ill.), Patten (Ariz), Donohue (Mass), Chudoff (Pa), and Rodino (N. J.). Rankin held an ace in the hole in the form of a new House rule authorizing committee chairmen to call a bill to the floor if it has been bottled up more than 21 days in the Rules Committee.

Russian Mission Ordered To Leave American Zone

FRANKFURT, GERMANY—(P)—Gen. Lucius D. Clay has requested the official Soviet Reparation Mission in the U. S. zone to leave American-occupied territory, it was announced Wednesday.

The "request" virtually amounted to an order, it was said. Army authorities said Clay, U. S. military governor in Germany, had asked the Russians to leave, but they had contended the mission was "indispensable."

Following this, the Army announced: "Because the voluntary repatriation of displaced persons who are Soviet citizens has virtually ceased, the Russian Reparation Mission in the U. S. zone will not operate after March 1."

Dimes March Returns Now Total \$10,043

Contributions for the March of Dimes, which turned into a March of Dollars here, continue to pour in although the campaign ended officially February 1.

Paul L. Davis, campaign chairman, said Wednesday receipts now total \$10,043.66. The total was in excess of \$2,500 the first of the month.

The Midland returns matched the funds sent last year by the National Foundation for Infantile Paralysis to care for 11 Midland youngsters who were struck by polio.

C. Of C. Schedules Committee Sessions

Meetings of committees of the Midland Chamber of Commerce are in full swing this week, and will continue until all groups have met to plan work programs, President Bob Scruggs announced.

The Trade Territory Relations and Retail Committees were to meet Wednesday afternoon. Members of the Sports and Recreation Committee are to meet at 2:30 p. m. Thursday in the Chamber office. The committee includes Harlan Howell, chairman, Harold Webb, Tex. Carleton, B. Dykstra, Dr. Homer B. Johnson, Fred Girdley.

A meeting of the Dairy Cooperation Committee will follow at 4:30 p. m. The members are H. E. Schauer, chairman, Paul Brooks, M. A. Roberts, John B. Mills and Sam Preston.

Anna Louise Strong, American journalist who organized the English-language Moscow Daily News, has been arrested by Russian State Security Police and accused of being a spy. Mrs. Strong, 64, a correspondent for various newspapers in the USSR since 1921, is to be deported from Russia.

Acheson Defends Alliance

WASHINGTON—(P)—Secretary of State Acheson insisted Wednesday that the United States intends to make the proposed North Atlantic Pact an effective security alliance.

He denied that this country is backing away from its declared policy to do that.

At his news conference Wednesday, Acheson cited as a principal statement: of American policy President Truman's inauguration speech of January 20.

In that speech, Truman said the primary purpose of regional defense agreements under the United Nations Charter "is to provide unmistakable proof of the joint determination of the free countries to resist armed attack from any quarter."

Opposition Growing
Acheson said he thinks the Senate's foreign policy leaders, Senators Connally (D-Texas) and Vandenberg (R-Mich) and the State Department all are seeking the same thing in the Atlantic Treaty pact.

The secretary also reported that he hopes soon to have a completed treaty text. He said the text will be made public.

Opposition appeared to be growing steadily stronger in the Senate against approving any kind of pledge which would automatically involve this country's armed assistance to another member of the alliance.

Senator Rogers Kelley of Edinburgh relinquished the floor after seven hours and 35 minutes, but other opponents of the bill held out until the early morning hours.

Mrs. Erskine Is Honored With Life Membership By P-TA

A life membership in the North Elementary Parent-Teacher Association was presented to its president, Mrs. Stanley Erskine, at a meeting in the school auditorium Tuesday afternoon. The unit thus honored Mrs. Erskine for her service in leading its program.

Mrs. Dan R. Carter and Mrs. J. J. Black were guest speakers to the unit Tuesday, and boys of Cub Pack #1, sponsored by the school, opened the program with a flag ceremony.

Mrs. Carter, a teacher in Stanton schools and district chairman of educational relations in the P-TA, discussed the subject, "Meeting the Needs of Girls and Boys of Elementary School Age." These needs she listed as love, a feeling of security, and supervision of work, and play to prepare them for life, all to be given with understanding by parents and teachers.

Mrs. Black, district P-TA vice president and Midland High School P-TA president, was the Founders Day speaker, who sketched the early history of the Parent-Teacher movement in the nation.

After the talks, the audience formed in groups of six and presented questions which were answered by the speakers and by Mrs. O. L. Stalcup, president of the Midland Parent-Teacher Council.

Pupils from Mrs. Marvin McCree's first grade and Miss Lila Stewart's fifth grade room demonstrated the record player which the P-TA unit purchased for the school this year.

Royalty Crowned At Sweetheart Banquet In Baptist Church

Anna Joyce Streeter and James Kerr were crowned queen and king at the annual Sweetheart Banquet of the First Baptist Church Monday night. The attendants for the king and queen were Dephane Taber, Dow Scott, Jr., Lavonne Clark and James Weathered.

The "royal party" acquired these places as the result of attaining the highest number of points in a training union contest for the Intermediate Department and young people of the church.

The recreation hall, where the formal banquet was held, was decorated in midnight blue crepe paper. Streamers of fringed paper overhead made a canopy and silvered stars hung from the ceiling.

A large framed heart of red paper trimmed with "angel hair" made the stage where skits were presented.

Visitor Speaks
Music was given from a gateway in a picket fence which was decorated with greenery and flowers. The queen and king were crowned underneath the arch. A large white heart of quilted satin trimmed in red stood behind the gateway, and above the heart was an arrangement of red and white carnations.

A Valentine motif was used for the table decorations. A large red heart, forming an arch, was placed over the queen's table.

Toastmaster of the Valentine Dream Banquet was Rollins Senter. The Rev. Sterling Price, pastor of the University Baptist Church in Abilene, spoke on "Dreams Come True." The invocation was by the Rev. Vernon Yearby, pastor of the First Baptist Church of Midland.

"Am I Dreaming," magic stunts was presented by Jimmy Thomas. Skits Depict "Dreams"

First of "Six Valentine Dreams" was "First Sweethearts" acted out by Harriet Yearby and Gregor Smith while "School Days" was sung by Nellie Clark, Anna Joyce Streeter and Verla Lee Goin. "Teen Age Love" was performed by James Weathered and Pat Boles and the musical arrangement was by the Glee Club which sang "Let Me Call You Sweetheart."

"Girl of My Dreams" was the selection Johnny Murray and Peggy Greathouse used to accompany Faye Powers and Bill Tiemann in "The Real Thing."

Clara Belle and Bill Johnston acted "The Death Do Us Part" as soloist Fred Carroll sang "Through the Years." The harmony choir sang "Mighty Like a Rose" in connection with the skit of "A New and Tiny Sweetheart" given by Betty, Bob and Robbie Goff. The last of the Valentine dreams was presented as "Old Sweethearts" by Mr. and Mrs. C. G. Murray. Verla Lee Goin, soloist, sang "When I Grow Too Old to Dream."

The assistant pastor of the Midland First Baptist Church, the Rev. Raymond Hall, gave the benediction.

Book Is Reviewed In Baptist Circles

Each circle of the First Baptist Woman's Missionary Society had a program based on the mission study book, "Shining Like the Stars," at meetings in homes of members Monday afternoon.

Mrs. John Alexander reviewed a chapter for the Rebekah Circle, meeting with Mrs. O. R. Phillips. The program closed with a prayer by Mrs. Clint Duncan. Twelve members were present.

Mrs. W. L. Johnson was hostess to the Mary Elizabeth Truly Circle and gave the opening prayer. After study led by Mrs. O. L. Bevil, she served refreshments to nine members.

The Annie Barron Circle, meeting with Mrs. Harry Rhodes, had Mrs. A. J. Boyd and Mrs. D. W. Brown were guests who enjoyed the program and refreshments with six members. The closing prayer was by Mrs. Fred Wyoff.

Mrs. Neal Dilday was hostess for the Lockett Circle, and also the study leader for completion of the book. Prayers were by Mrs. J. E. McCain and Mrs. Dilday. Five members attended. Mrs. W. H. Measures was a guest of the Lottie Moon Circle, which met with Mrs. T. A. Pylant. Mrs. Mae Ward reviewed final chapters of the mission book for the six members present.

FRESH BLOOD A MUST FOR FREE ENERGY

Do you feel like you are tied to a drag everytime you try to do something? If so, don't let a low blood count hold you down when you may release vibrant energy to every muscle, fibre, cell.

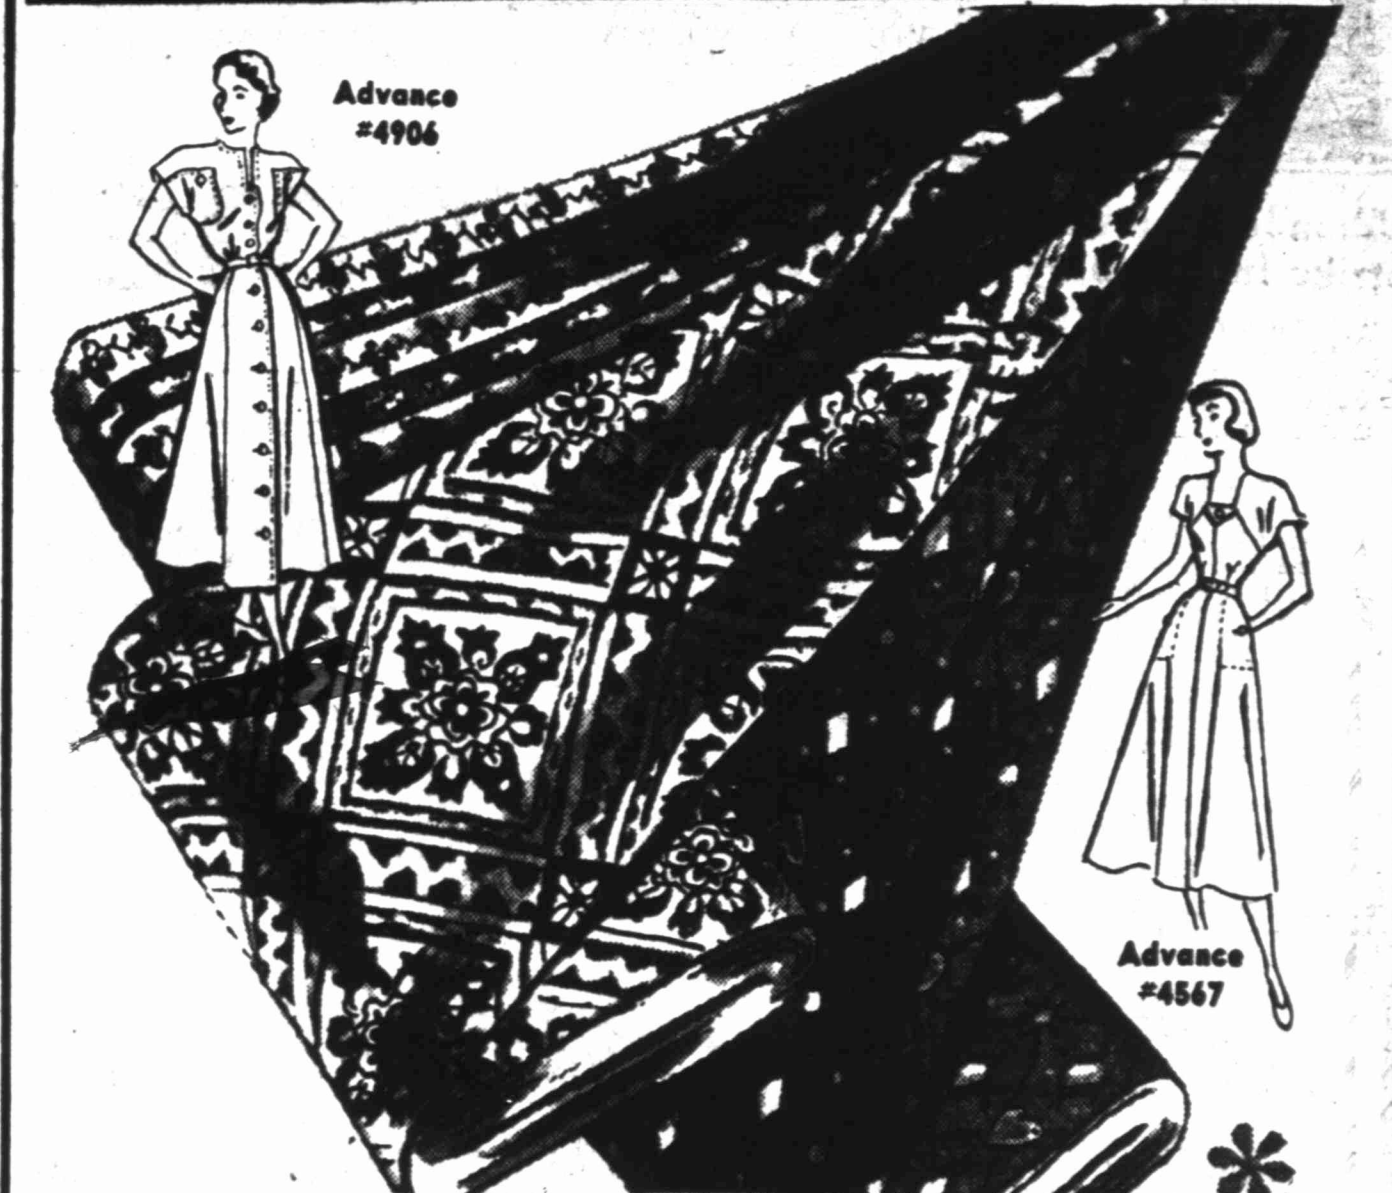

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty. Thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As a vigorous blood course, throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh, bright eyes, a hallow place. Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barcostrale. Pour this into a glass bottle and add four spoonsful of juice to fill bottle. Then take two table-spoonfuls twice a day. That's all there is to it.

If the very first bottle doesn't show the results, easy way to lose bulky fat and help regain slender, more graceful curves; if redouble pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back.

Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bulk disappears—how much better you feel. More alive, youthful, appearing and active.

10 pounds lost in 10 days

Mrs. M. C. Britton, 264 W. Wildwood, San Antonio, Texas, writes us as follows: "I am a faithful user of Barcostrale. I had dieted for weeks without your product and needed so badly to lose 10 pounds, so I started using Barcostrale and my worry was over for I lost the 10 pounds in 10 days. I now weigh 135 pounds. "I eat most anything I want and hold my same weight."

Barbecue Supper, Square Dance Given For Church Group

A barbecue supper and square dance entertained approximately 300 persons, members of St. Ann's Catholic Church and their guests, in the American Legion Hall Tuesday night. Women of the church's Altar Society were hostesses.

Officers of the society, Mrs. Albert Kelley, Mrs. Hugh Mann, Mrs. E. Kent, Mrs. O. C. Arnold and Mrs. J. E. Beakley, headed hostess committees, as did Mrs. Fred Burleson, Mrs. M. L. McGee, Mrs. Joe Cannon, Mrs. Dan F. Lillis and Mrs. Jim Price.

Old-time dances followed the supper, with music by the Graham Orchestra of Odessa. Several mem-

Mixed Foursomes And Dinner Slated For Country Club

Mixed foursomes are scheduled to start at 2 p. m. Sunday on the golf course of the Midland Country Club, to be followed by a buffet dinner at 6 p. m. in the clubhouse. The entertainment is sponsored by the Ladies Golf Association, of which Mrs. A. Knickerbocker is president and Mrs. F. A. Ashby golf chairman.

The mixed golf foursomes have been a monthly entertainment feature of the association, being resumed now after an interruption during the holiday season.

Members of the Sashaway Square Dance Club were among the guests, to give a demonstration of square dancing and to teach the steps to beginners.

Member Tells B&PW Club Of Life In Japan

Hazel Clark, a new member of the Midland Business and Professional Club who has spent two years in Japan since World War II, was the speaker at a club dinner Tuesday night in the Private Dining Room of Hotel Scharbauer.

Miss Clark was employed as a secretary under civil service during some of the war crimes trial in Japan, and was there long enough to observe the customs and attitudes of the Japanese people. She spoke of Japanese characteristics, and showed colored slides of places and people which she photographed there.

Laura Self modeled a ceremonial gown used for Japanese weddings, and Miss Clark explained the symbolism of the dress and its decorations. An informal period of discussion and questions followed her talk.

Approximately 25 members of the Midland club will go to Crane Wednesday night for a dinner to which the Crane club has invited representatives from over the district. Midland members have been asked to present a part of the program.

New Members Of Beta Delta Are Welcomed

Two transferees were received in the Beta Delta Chapter of Beta Sigma Phi at a meeting Tuesday night in the home of Mrs. Noel D. Cason, Mrs. W. W. Weems was transferred from the San Angelo Chapter, and Sarah Johnson is a former member at Big Spring.

Jane Marie Johnson reported on a recent meeting of the City Beta Sigma Phi Council, emphasizing the sorority plan of the chapter, and a contribution to the proposed Woman's Club Building fund.

A new phase of the chapter's study course on "Beauty" was started, with the general subject, "Beauty in Nature." Mrs. Raymond Aytes discussed "The Garden," and Margaret Mims illustrated with music her talk on "Nature's Landscape."

A nominating committee has been appointed in the chapter, to submit a ticket of officers at the first March meeting. Members are Ruth Simmons, Dell Steel and Verda Bartlett.

Others present Tuesday night were Mrs. Johnnie Myer, Frances Morton, Joyce Melancon, Elizabeth Knox, Mrs. Gerald Keeler, Mrs. W. S. Kitch, Jr., Mrs. J. S. Hullum, Mrs. H. N. Wings Over Jordan Receives Acclaim Of Midland Audience

Wings Over Jordan, one of the world's best known negro choirs, captured the fancy of a packed auditorium Tuesday evening in the Midland High School.

The group presented a program of negro spirituals of every description, some sad and others gay and spirited. The choir, which sings each Sunday morning over a national radio network, was well directed and very responsive to the director's commands.

A young baritone soloist, Gerald Hutton, received tremendous applause and was called back for an encore of his "Amen." His presentation of the melancholy "Sweet Little Jesus Boy" also received an enthusiastic applause.

A tenor soloist from Waco, Joseph Cabines, and the choir sang a well-arranged version of "Rock My Soul" that the audience especially liked. The rocking rhythm of the song had a majority of those listening patting their feet.

The baritone soloist was called back later in the program to sing "Old Man River" to the accompaniment of the choir.

The audience got in on the singing on the spiritual "Take Me to the Water to Be Baptized."

Dedicated Medley
To the choir of the First Methodist Church, sponsors of the concert, the group dedicated a medley of "Steal Away" and "Swing Low Sweet Chariot."

From the intermission until the conclusion of the program, the Rev. Glynn T. Settl, president of the choir, was in charge and the concert proceeded in an informal vein. He introduced the members and the numbers and gave interesting sidelights as the program progressed.

Other spirituals presented were: "There is Joy in That Land," "Pray On," "In the Kingdom of the Lord," "I've Been Boked," "Just a Closer Walk With Thee" and "Plenty Good Room." Each was marked by fine arranging and skillful presentation.

The director, who has been with the choir only two months, handled the group especially well. The regular director became ill before the concert tour and was unable to make the trip.

The program concluded with a rousing presentation of the "Hallelujah Chorus."—D. M.—

Mrs. Hodge Speaks On Cancer Society Work To P-TA Unit

Mrs. J. Howard Hodge of Midland, leader of women's activities in District 2 of the Texas Division, American Cancer Society, was a speaker for the Terminal Parent-Teacher Association Tuesday night, and the Midland County Tuberculosis Association presented an educational film.

The P-TA met in the Terminal School for the health program. Mrs. Linnie Davidson and F. B. Rhodes represented the Tuberculosis Association at the meeting.

Mrs. Hodge discussed cancer, a universal disease, as it affects the individual. She cited the facts that present knowledge could prevent a third of the nearly 200,000 deaths from cancer each year, if that knowledge could be put into practice in many of its forms is highly curable but only if it is treated early and adequately.

Constant research, she said, is discovering new methods of diagnosis and treatment for the disease, but it is up to the individual to notice the early signs of cancer and to seek prompt treatment.

Party Marks Holiday Theme

A George Washington's Birthday theme was introduced in decorations for Les Convivantes Club's party Tuesday afternoon, when Mrs. David C. Chambers and Mrs. Gene L. Weger were hostesses in the Ranch House for a luncheon and bridge.

Place cards and tallies were marked with symbols of the patriotic holiday, and centering each of the four tables was a cake iced in white, with the table number indicated by cherries placed on top.

At the close of the party the cakes were given for cut prizes.

High score in the games went to Mrs. Chambers, second to Mrs. Clarence Symes, Jr., and the traveling prize to Mrs. W. E. Lyle, Jr.

Guests playing with club members were Mrs. Joe Beane, Mrs. C. E. Dorsey and Mrs. R. N. Watson. Other members present were Mrs. Alvin L. Attaway, Mrs. R. E. Morgan, Mrs. John K. Massey, Mrs. G. P. Crawford, Mrs. H. L. Huffman, Mrs. Jack M. Moore, Mrs. Clyde Davidson, Mrs. M. A. Murphree and Mrs. William W. Ranck.

Scandinavians Think

If Norway's dilemma could be considered in the abstract it would be simple to solve. The country has two offers. It may join a North Atlantic alliance for mutual protection against possible Russian aggression.

The choice would be easy if abstract reasoning applied. Why join an alliance against aggression when you have a solemn treaty guaranteeing that such aggression will never take place?

But Norwegian Foreign Minister Lange took off for the United States to discuss the possibility of joining the alliance almost as soon as he had received the Russian offer.

Reduced to essentials, it meant that Soviet policy is a fabric of lies, that the men who make that policy are untrustworthy, and that the Norwegian government knows it.

There was a time, between the wars, when Communist apologists could boast that the Soviet government had never wrenched an international agreement. But that was in the days when it was expedient for the Bolsheviks, as newcomers to the community of governments, to be on their good behavior.

But the war with Germany gave the Russian leaders a chance to win respect by their people's valiant fight against a common enemy. It gave them a chance to arm, and their victories gave them a chance to expand.

So the promises to let the people of occupied countries choose their governments by free elections quickly were broken. In one Central European country after another the Russian-directed Communists took over.

Norway's understanding of all this and more is evident in Lange's trip to Washington. That understanding contains an element of potential danger, for it is possible that if Norway joins the North Atlantic alliance, the Soviet government might retaliate with some measure short of war.

But, at that, Norway aligned with the west should be in a happier position than Sweden and Denmark, which apparently have chosen to put their faith in strict neutrality.

A Back Stiffener

The Washington Merry-Go-Round

(Copyright, 1949, By The Bell Syndicate, Inc.) Drew Pearson says: Being lady senator has embarrassing moments; real estate lobby gets helping hand from Reader's Digest; gamman irks brass hats.

WASHINGTON — Being a lady senator isn't the easiest job in the world—as gracious Mrs. Margaret Chase Smith of Maine has found out. It has its embarrassing moments.

Mrs. Smith, however, is equal to almost any occasion, and recently wrote to Arizona's shy Senator Carl Hayden, requesting women's lavatory accommodations somewhere within easy range of the Senate.

Actually, Senator Smith is much more interested in getting her office painted green. Three other senators—Theodore Green of Rhode Island, Warren Magnuson of Washington and Milton Young of North Dakota—had green offices, she told Senator Hayden out, however, that only their private offices were painted green, not their complete suites.

"Anyhow," she added, "painted green throughout." At first Hayden denied this, but later discovered it was true.

"Well," he explained, "Senator Green is an exception because his is green." Compromise Victory Mrs. Smith dug deeper into the case, and reported back that the office of Senator Green's offices had nothing to do with his name.

Worried over turning down a lady, Senator Hayden called back three times to explain his reasons for refusing her. Finally she compromised by having her private office painted green—upon the insistence of her staff, who agreed to leave their rooms a dull cream.

Spain has far outreached the value of exports to those areas. Argentina was forced to suspend import and exchange permits for its products sent former clients in the U.S., Sweden, Belgium, Uruguay, etc.) nine months ago.

Called "No Vacancies," this amazing pamphlet doesn't even deal with rent control in the United States but in France, where conditions are altogether different.

Without offering to present the other side of the case, the editors wrote: "No Vacancies" describes the tragic effect of rent control upon French housing—and draws a moral which is particularly pertinent at this time in our own country.

WASHINGTON COLUMN

Editor Defends England's 'Economic Policy Making'

By PETER EDSON NEA Washington Correspondent

WASHINGTON—Geoffrey Crowther, the boy-wonder editor of the erudite London Economist, is now in America on what has become to him something of a regular pilgrimage.

On that most controversial and most feared—in America—subject of "Nationalization of Industry," Crowther said that the change in organization has made little difference to anyone not directly in the business taken over by the government.

Eight nationalization schemes have thus far been presented to the British Parliament. Three of them were minor and meant nothing to the average Britisher. They were the Bank of England, cable, and wireless, and civil aviation.

The other five nationalization moves are major projects. The coal industry was first and now has been nationalized for two years. The transport industry—railways—has been nationalized for a year.

Nothing Happened Overnight In summary, nothing happened overnight after nationalization. There is no increase in the morals of labor. If anything, there is less discipline, and management is in a weaker bargaining position.

The British coal industry, for instance, has needed technical modernization for two generations. But to say that the government, now in charge of the industry, was not to say that it would do it.

Other things far more important than nationalization have been going on in the British economy, says Crowther. Foremost is the attempt to run the world's second largest business country as a planned economy.

As a result, starting in the Fall of that year, flax was sown for the first time on a large scale in the United States. By last spring, we were able to meet domestic demand for the seed and even had a small exportable surplus.

"That's no fun." The lady retorted and the door swung open smoothly, revealing dim cool reaches beyond. A battered face peered at them from the gloom. Crushed lips grated. "Won't you come in?"

So they say

I believe this country has reached the saturation point by way of taxation. —Former President Hoover.

The people in November didn't "buy" the record of the GOP-controlled 80th Congress, but it was well publicized. It is true that a "selling" campaign can be a good product; but no amount of canned speeches, radio recordings and fine words can sell a bad product.

Let's face it—if we (Republicans) are considered representing the cream when most of the nation considers itself milk, we'd better homogenize.

When we can afford it (a 70-group Air Force), I think it's essential to the security of the United States. Air Secretary Symington.

THE DOCTOR SAYS If Heart Is Normal, Ordinary Athletics Shouldn't Hurt It

By EDWIN F. JORDAN, M.D. Is there such a thing as "athlete's heart?" On this question differ years ago. Dr. J. W. Wilcox, famous health director of Ohio State University, studied the heart size in 233 American male athletes.

Competitive athletics like football, baseball, and field sports are unlikely to injure the hearts of any participants who are in good health. In these sports the muscular effort is intermittent. In crew racing, middle distance track events, and basketball, on the other hand, heavy physical exertion is continuous over comparatively long periods of time.

Proper training before engaging in strenuous competitive sports is desirable. Those who take part in the most active sports should have physical examinations beforehand and at frequent intervals so that they are sure that their hearts will stand the strain.

Adolescents who are growing rapidly ought to be particularly careful not to overstrain their hearts because at this age the heart is almost certainly not able to stand as much as it can later on.

McKenney on Bridge

By WILLIAM E. MCKENNEY America's Card Authority Written for NEA Service

A survey made by the Association of American Playing Card Manufacturers brought to light the fact that there are playing cards in 23 per cent of the homes in the United States—that is more homes than have telephones, radios or automobiles.

I often wondered when I would get into one of the 17 per cent of the homes in which there is no deck of cards, and it finally happened. It was at the home of Maj.-Gen. L. C. Shepherd, Jr., Commandant of the Marine Corps Schools at Quantico, Va.

I wanted to do a card trick for his son, Wilson Shepherd, only to find that the general did not have a deck of cards. Never let it be said, however, that the general is not a sporting man.

He spent five dollars for tickets for a raffle at the Potomac Hunt Club, and, proving again that the Marines are winners, he won a riding horse, named "Potomac."

The horse now belongs to Wilson. Talking about horses, all it takes to make today's hunt a little bit of horse sense. The opening lead of the king of clubs wins the first trick, and the queen of clubs holds the second trick.

Now there is nothing the opponents can do to hurt him. If a heart is led, dummy's ace wins the trumps are picked up and all of declarer's diamonds are good.

Appear As Daughters In 'I Remember Mama'

The three daughters in the Hanson family, leading characters in John Van Druten's "I Remember Mama," will be played in the Midland Community Theater production opening Wednesday night by Gail Peters, Mary Bizzell and Sylvia Metz, left to right. Gail has the role of Dagmar, baby of the family and proud owner of the cat, Uncle Elizabeth. Mary is cast as Katrin, the daughter who grew up to write the family's story, and in the prologue plays the grown-up author. Sylvia appears as Christine the practical member of the trio who is amused by Katrin's flights of fancy as well as Dagmar's propensity for stray animals.

Rosemary Black Is New ESA President

Rosemary Black was elected president of the Epilon Sigma Alpha Chapter here at a meeting Monday night in the home of Jo Moffet, 2408 West Brunson Street. She will succeed Fio Locke, who resigned the office.

To replace Miss Black in the corresponding secretary's office, Beverly Layman was elected, and LaVera Riley was designated to act as reporter.

Edna Grigaby's name was presented as a member-at-large. It was announced that the next meeting, on February 28, will be held in the home of Anne Tolbert.

Others present for the business meeting were Pat Brewer, Joyce Crawford, Billie Walker, Dorothy Watson, Barbara Wheeler, Shirley Akins, Anne Rush, Emilie Long, Jan Knickerbocker, Betty Skrabacz, Pat Withers, Barbara Huyck, Leita Moore, Betty Pickering and Billie Loveless.

Community Theater's Initial Production Of 1949 Slated To Open Wednesday Night

Curtain time is set for 8:20 p.m. Wednesday for the opening performance of "I Remember Mama," the John Van Druten comedy which will be the first 1949 production of the Midland Community Theater.

The boxoffice in the City-County Auditorium will be open at 7:50 p.m. The play is scheduled for four performances, following a preliminary showing Tuesday night to a negro audience for the benefit of the negro youth center.

Heading the large cast is Addilee Penn in the title role. Other members of the family whose story the play tells are Uncle Chris, played by J. Wilmont Hunt; Papa, by Waldemar M. Dressel; the son, Nels, by Robert Short; the daughters, Katrin, Christine and Dagmar, by Mary Bizzell, Sylvia Metz and Gail Peters; the aunts, Trina, Sigrid and Jenny.

by Marian Gibson, Betty Swords and Yolanda Meador; and the cousin, Arne, by Danny Page.

Also in the cast are F. H. Pannill as Trina's bashful suitor, John DeFord as a posing actor, W. A. Waldschmidt as a doctor, Dorothy Perkins and Nadyne Griffin as nurses, Grace Waldschmidt as a famous writer, Gail Baker and Shirley Harrison as girl graduates, and Loyd McSpadden as a soda clerk. Art Cole is directing.

The intricate staging and lighting, which will be as interesting to many in the audience as the play itself, is directed by Elizabeth and Bill Pennebaker. Klondike Johnson is in charge of lighting; Francis Kingon supervised the set construction and E. J. Elliott the painting. Floy Hedden is chairman of the costumes committee which had the task of dressing the players in garments of the 1910 period.

Properties which also had to reflect the period were gathered by Ann Spears, Dorothy Melzer, June Kingon, Gretchen Estes, Louise Bushnell and Dorothy Perkins. Mrs. G. R. James is the prompter, and Elizabeth Williams has charge of publicity for the show.

Awards Made At Tea For Methodist Women

Members honored with awards of special memberships were introduced and presented pins and certificates they have earned in work with the Women's Society of Christian Service of the First Methodist Church, at a tea Monday afternoon in the Scharbauer Educational Building of the church.

The program director, Mrs. George P. Bradbury, announced the special membership awards to Mrs. Sam Preston, Mrs. C. L. Crooks, Mrs. L. C. Stephenson, Mrs. T. A. Pannin, Mrs. M. D. Johnson and Mrs. Mary Lou Snodgrass.

Pins and certificates were presented by Mrs. E. A. Crisman, vice president, to Mrs. Crooks, Mrs. Stephenson, Mrs. Johnson and Mrs. Preston. A memorial for Mrs. Mary S. Ray was a part of the program. Mrs. J. L. Tidwell, president of the society, was hostess with Mrs. Crisman and Mrs. Bradbury for the tea. Mrs. Preston was at the guest register, and guests were greeted by Mrs. W. A. Butler and Mrs. H. H. Hollowell.

The tea table, covered with a lace cloth, had a large white candle in the center and around it miniature boxes addressed to homes, hospitals and missions in various nations, with dolls dressed in costumes of the countries.

Program On Publications Mrs. S. H. Hudkins poured tea from a silver service. Mrs. George Glass at the piano played while tea was served.

The program opened with a prayer by Mrs. B. P. Haag. The subject was "Literature and Publications" and Mrs. Tidwell discussed the two publications, "The Methodist Woman" and "The World Outlook." Other topics were "Study and Action," by Mrs. W. E. Chapman; "Program and Worship Studies," Mrs. Crisman; "Missionary Studies for Youth," Mrs. W. F. Prothro; "Missionary Studies for Children," Mrs. C. J. Matthews; and "Supplies," Mrs. Bradbury.

Baylor Bruins Claw Owls To Gain Tie In Southwest Cage Race

By The Associated Press
Baylor and Arkansas are tied in the race for the Southwest Conference basketball championship.

The Baylor Bears went into a tie with Arkansas Razorbacks Tuesday night when the Bears edged Rice 55 to 54.

Baylor won the game in the last 40 seconds when Odell Preston sank a free throw.

The game in Houston was tighter than a dollar shirt in a thunderstorm. The score was 25-25 at halftime and the lead changed hands 23 times. Rice led 29 to 28 at the half.

Bill Tom, Rice, was high scorer with 21 points.

Don Heathington, Bear forward, contributed his share of the scoring in the last half with five field goals and crucial points. He finished with a total of 19.

If Rice had won the game the first place tie would have been between the Owls and the Razorbacks.

Wednesday night the only conference game in Austin, where the University of Texas meets Texas A&M.

Dough Comes First, Say College Seniors Snubbing U. S. Posts

By JAMES MARLOW
WASHINGTON—(AP)—Looks like dough comes first when college boys pick a job.

You mean they'd put pay ahead of doing a public service, like working for the government? Sure.

That's what the Hoover Commission found after sending questions to 3,448 seniors in 94 colleges.

The commission is headed by former President Herbert Hoover. It's been working 16 months to find ways of making the government better.

And it told Congress it learned these things from questioning the college seniors:

Over half the seniors said salary is the most important thing to them in choosing a job.

And the pay in the government, they said, isn't as good as in private business.

Promotion Chances Poor
That fact isn't new, of course, but it's one of the main reasons why only one out of four of the seniors said he was interested in a government job.

And what's the second most important thing to the seniors in looking for a job?

Almost half said chances for promotion. And on that one, too, they think private business is better than the government.

On three less important counts they said government work was better than private business:

Their job in the government would be safer; the government would give them more chance for public service; and there would be more benefits like leave, or time off, and retirement pay.

This is one of the reasons why the commission told Congress it had better do something about making government jobs more attractive.

Government Merry-Go-Round
This will give an idea of what a merry-go-round the government is in hiring and keeping people:

In 1939 only 900,000 people were working for the government. The war came and by 1945 there were 3,700,000 people on the payroll. There still are 3,100,000.

This drop from 3,700,000 was due to the government's getting back on a peacetime basis and dropping temporary, or wartime, workers.

But—since 1946 the government has released or lost 3,900,000 employees and hired 2,800,000.

When you add the 3,900,000 dropped since 1946 to the 2,800,000 hired since then, you wind up with a total of 6,700,000 people who moved in and out of government jobs in only three years.

This is a pretty sad story for people who may be thinking of trying to make a career out of government work.

Five Of 18 Giant Bombers Fall Out On Capital Flight

FORT WORTH—(AP)—Three of the 18 B-29's which saluted President Truman in Washington Tuesday had trouble on their return to Fort Worth, while the other 13 thundered to roost at Carswell Air Base on schedule throughout Tuesday night.

Two more of the 18 which originally took off for the mass "parade" had turned back on the trip east—Col. Charles D. Farr because of landing gear trouble and Capt. George Benedict after his ship was struck by lightning near Texas.

Those failing to return were Capt. L. N. Walker, who landed at Perrin Field, near Sherman, as a precautionary measure after engine trouble developed; Capt. John W. Hanly, landing at Wright-Patterson Field in Ohio when his No. 4 engine failed; and Capt. J. B. Upton, who set down at Maxwell Air Base in Alabama with no explanation reported by Wednesday morning.

In an orchard at the mission of San Juan Batista, Calif., pear trees more than 130 years old still are producing fruit.

Indictments Charge Murder Against Pair

STEPHENVILLE—(AP)—Murder indictments against a youth and his uncle are on the records here Wednesday while the two are in the Erath County Jail.

The indictments were returned by the grand jury Tuesday against Robert Bagwell, 17, and his uncle, Dan White, 47. White also is charged as an accomplice to "the offense of murder."

The slaying resulting in the indictments was that of Crockett Ross, service station operator, who was killed here January 28. Officers believe Ross was killed during a hijacking of his station.

Bagwell and White were arrested in Vernon. Officers there have quoted Bagwell as admitting the slaying.

Grace Mathis, 38-year-old common-law wife of White, was indicted by the grand jury for "receiving and concealing stolen property of over \$50 value." She is in jail at Vernon.

White also is indicted for "robbery with firearms and accomplice to robbery with firearms."

Rain Threatens As Houston Open Nears

HOUSTON—(AP)—Cloudy skies with threatening rain faced 150 amateur and professional golfers Wednesday as they took final practice shots at Pine Forest Country Club, site of Thursday's opening of the \$10,000 Houston Open tournament.

Fifty-seven amateurs and professionals, with only two scoring even par, Tuesday qualified for the Open in elimination rounds at the crosstown Brae Burn Country Club.

Injuries Hit Aggies In Spring Practice

COLLEGE STATION—(AP)—Injuries are hitting the Texas Aggie football team months before next season.

They join 93 other pros and amateurs who held exemptions for entrance in the four-day Pine Forest meet.

Rod Munday, York, Pa., and Ned Cooper, Charlotte, N. C., two Winter circuit tourists, banged out par 72's on the 9756-yard Brae Burn course.

Only 10 Under 75
There were only ten scores under 75 for the 18-hole qualifying round. Among the qualifiers were 13 amateurs.

Pre-tournament activities were to close late Wednesday with a driving contest and with a golf clinic to be conducted by such star professionals as Jimmie Demaret, Lloyd Mangrum, Sam Snead, Jimmy Thompson, Chick Harbert, Henry Ransom and Dutch Harrison.

Most of the leading golfers have been here since Monday, taking their first practice rounds on the new Pine Forest course, a 6710-yard layout with par 72. The course features narrow fairways and has numerous pine trees, rough areas and traps.

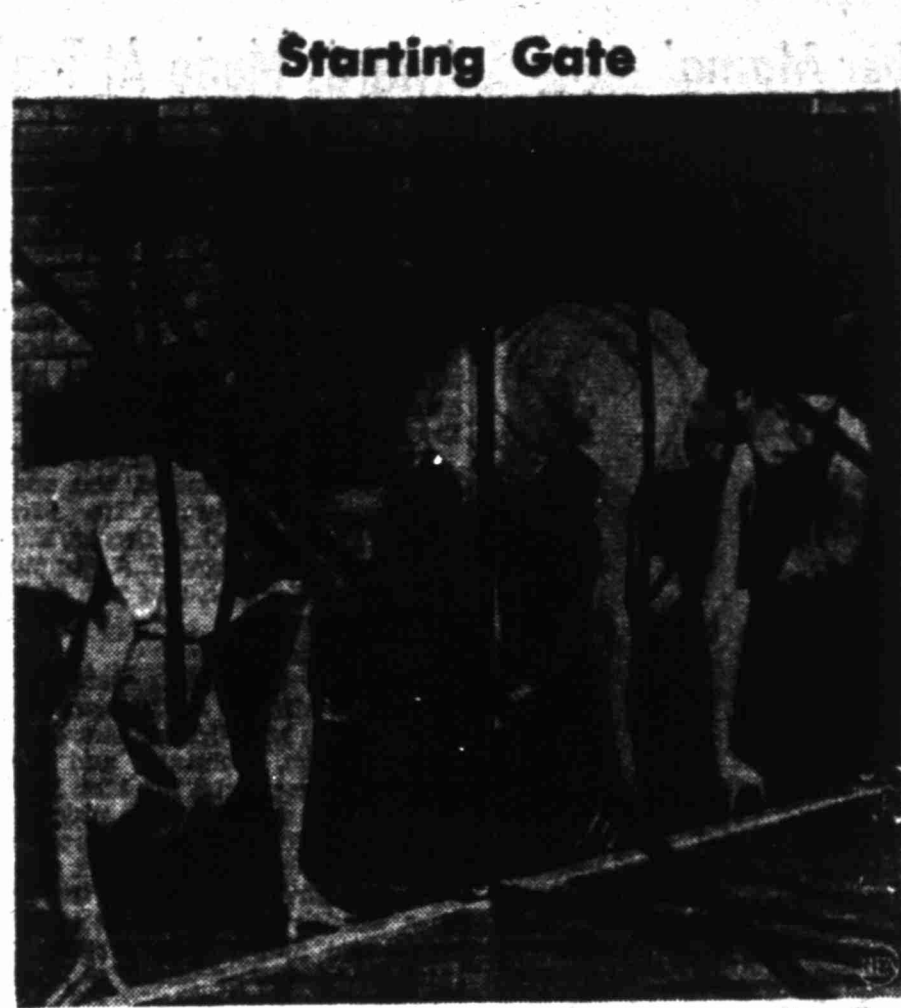

First transcontinental airmail day-and-night flight, completed in February, 1921, was made in 38 hours and 21 minutes.

Southerners Gain Breathing Spell In Filibuster Scrap

WASHINGTON—(AP)—Southern Democratic senators apparently will have a chance to catch a good deep breath before being plunged into debate over an anti-filibuster change in Senate rules.

Senator Knowland (R-Calif.), who has been prodding for action on the proposed new rule, said Wednesday he is willing to wait until the end of the month for the Democrats to bring it up.

The rule, which would permit Senate debate to be shut off at any time by a two-thirds vote, will be reported officially to the Senate Thursday by Chairman Hayden (D-Ariz.) of the Rules Committee.

Once it is thus put on the calendar, any senator can move to bring it up for action.

But Senate Majority Leader Lucas of Illinois said after a meeting of the Senate Democratic Policy Committee that "any important Administration measure" will be put ahead of it.

Phillips Man Given 10-Year Sentence On Armed Robbery Count

BORGER—(AP)—Conviction on charges of armed robbery resulted in a sentence of 10 years for Winston James Lemons, 30, of Phillips. He awaits trial on charges of rape.

An 8th District Court jury sentenced Lemons Tuesday.

Lemons had been indicted for robbery of a car from a young Berger housewife last November.

The rape charges were filed in connection with the same series of incidents which led to the armed robbery conviction.

George Glass, Sr., has returned from Houston, where he shot some of the best sport of his life. And George's life has been some pretty good sport shooting.

Glass broke a perfect 100 straight target but lost to Grant Hoang in a shoot-off. He was runner-up champion in two gauge divisions. Hoang is a national champion.

"The old man" is not a bad shot shooter in his own right. This is said because George Glass, Jr., is both state and national champion shot shooter.

Another Babe Didrikson? Well, Norma Nelson of Talco, Texas, is showing promise.

Miss Nelson, a sophomore physical education major at East Texas State College, holds medals or ribbons in almost every sport played in public schools today.

She started her athletic career at Texarkana by pitching her fifth grade softball team to the city championship. In that same year she won the 50-yard dash championship of Miller County.

"I've been interested in sports as long as I can remember," she smiled. "After my first actual sports participation, I knew that I had found my life's career."

In junior high school she pitched her softball team to the county championship, set a record in the 50-yard dash and captured the softball distance throw. In addition, she won second in the high jump and her relay team took third place in the county meet.

In senior high school she won three letters in basketball, was a member of the county championship team which won 22 out of 23 games, set a record in the 50-yard dash, won the softball and baseball distance throw and pitched nine victories out of ten starts while leading her softball team.

Next she went to Texarkana Junior College and played on a basketball team that won the city league championship with 13 victories and two losses.

Her ambition is to be the best girls' basketball coach in Texas.

If you're like us, you have trouble pronouncing the name of Bill Veck.

More than frequently it is mispronounced.

Because his name is in the news so often, what with his showman tactics and the success of the Cleveland Indians, here is a key to pronouncing his name correctly.

"Every week, some guys say Veck. Says Bill: by heck my name is Veck."

The rhyme helps you get it right, heck and Veck.

Hamline's Pipers, the last college basketball team to be beaten this season, are a home-grown band from the North Star State (Minnesota).

A family-affair angle on the

team is that Coach Joe Hutton's son, Joe, Jr., is the team's star guard. Tommy Hutton, who is eight, is the present water boy and manages his own team of midgets, who perform between halves of varsity games.

Catherine Hutton, a sophomore at Hamline, is a cheer leader. Hamline is a little school but it has a big basketball team. It won 15 straight this year before succumbing to St. Thomas, a member of its own circuit. St. Thomas won 45-43. They are members of the Minnesota Intercollegiate Conference, a tough league. Hamline previously shaded St. Thomas 52-46.

Hamline has 1,100 students.

Arizin's 85 Points In One Game Cited As Cage Record

NEW YORK—(AP)—Columbia beat Harvard; Holy Cross dumped Georgetown of Washington; Baylor nipped Rice; Kansas walked Missouri; and American University upset Baltimore Loyola, but the prime news in collegiate basketball Wednesday is the controversy over the 85 points scored by Villanova's Paul Arizin on Saturday night.

Is this or is it not a new collegiate individual scoring record for one game?

The Rev. Edward P. McKee, faculty moderator of athletics at Villanova, announced Tuesday night Arizin's feat against the Naval Air Material Center would not be submitted to the National Collegiate A.A. for recognition. Father McKee made the announcement after the Philadelphia Writers Association passed a resolution recommending that only inter-collegiate games be counted in individual scoring and games won and lost.

Recognized Automatically

Wednesday Homer F. Cooke, Jr., director of the National Collegiate Athletic Bureau, which compiles NCAA statistics, said Arizin's 85

points "is recognized automatically as a new record by a collegiate player."

"The controversy over whether the 85 points is a new national collegiate record actually is without basis under present rules," Cooke declared.

"The simple reason is no national ruling exists limiting scoring and won-lost records to competition against college rivals."

Hamlin, Butler and North Carolina State were the only teams in the first 20 in the recent Associated Press poll to play Tuesday night.

Hamline, No. 8, whipped St. Olaf 50-34; Butler, No. 11, nipped DePauw 56-46, and N. C. State, No. 18, took Davidson 62-34.

RECOVERY IN GERMANY—

Former 'Nazis' Furnish Technical Brains Behind Giant Task Of Rebuilding

By DANIEL DE LUCE
ESSEN, GERMANY—(AP)—The keenest production brains of the Nazi Reich are rebuilding Germany west of the Iron curtain.

In Europe's mightiest workshop—the Ruhr—Germans who know best how to dig coal and forge steel are in high authority.

Denazification, grandly expounded by military decrees in 1945, was to have turned German society upside down and washed it snow white of the stain of Hitlerism. Thirty million of the 46,000,000 Germans in

the western occupation zones were hit by the Allies' original definition of a Nazi.

But in 1949, most Allied officials seem as weary as the Germans of being reminded that the nation was once mobilized in the Nazi Party and its auxiliary formations, which went so far as to include school children in the Hitler Jugend and the Bund Deutscher Mädel. The common attitude is let bygones be bygones.

Different Type of German
The casual foreign visitor may carry away the impression that West Germany is inhabited chiefly by scrubby urbanites begging Allied charity, bahnhof fruitless, exchanging love for foreign visas, and maimed veterans collecting cigarette butts from the gutter.

But here, in the Ruhr, is a different type of German. He is an executive, engineer, scientist or lawyer. In the aggregate, he is the management and technical brains behind what used to be the No. 1 heavy industries of Europe.

Regardless of 10 years of hot and cold war since 1939, he has retained his ambition, energy and skill. He belongs mostly to the age group 40 to 55.

You could have put all the Ruhr barons in jail for life after the war, without affecting industrial output one ounce. It would have been a different story if you had liquidated the production men.

Soft Coal Industry
Back in 1945, liberated Western European countries needed all the coal they could get, but they got practically nothing from former German sources. Now West Germany is producing at the rate of 10,000,000 tons a year, and 21 per cent is marked for export.

In the center of bomb-smashed Essen, you find the bustling office of the Deutsche Kohlenbergbau-union (DKBL), which is the working boss of Western German coal industry under broad Allied directives.

Upstairs in a big conference room is Jolly Heinrich Kost, general director of DKBL and principal owner of the Rheinpreussische coal mine.

He offers you a good cigar, mentions the excellent hunting that you're welcome to join on his country estate, and awaits the inevitable question: Was he a member of the National Socialist Party?

Kost's answer is authenticated by Allied intelligence. He was arrested in 1934, he says, for having balked at a Nazi membership campaign among his workers. Ever after the party had purged that year, he joined but stayed as inconspicuous as possible.

In the final war months, he sabotaged the scorched earth order of the Nazis that was to have destroyed all collieries including his own.

One-Third Once Were Nazis
Deputy Fuehrer Martin Bormann signed his death warrant. American troops captured the Gestapo agent who had been sent to arrest him.

Taken had shooting stopped, the Americans reinstated Kost as president of the Duisburg Chamber of Commerce. The British named him general director of DKBL in 1947.

DKBL admits that one-third of executives in the German coal industry belonged to the Nazi party. More than 80 per cent were formally cleared by denazification. A small percentage was classed as "followers," the least objectionable Nazi type. Only two per cent were held liable to long imprisonment and heavy fines.

In the American zone, 64,500 units of property were sequestered after the war from Nazis and black-listees. Fifty thousand have been turned back to denazified owners. More are in prospect.

In the British zone, which includes the Ruhr, Nazi property owners have fared as well or better, although the largest steel and coal firms are in trusteeship.

Production, ever more production, is the keynote of West German life today. The men who know how are enjoying power and prosperity.

Pre-School Group To Be Formed By P-TA

Mothers of pre-school children are invited to a meeting at 10 a. m. Thursday in the home of Mrs. J. J. Black, 801 West Kansas Street, for organization of a Pre-School Group sponsored by the Midland Council of Parents and Teachers.

Mrs. O. L. Stalcup, council president, announces that all mothers who are interested in a study of pre-schoolers' needs and problems are invited to be present.

Church Women Note Brotherhood Month

Emphasis on February as Brotherhood Month was noted in all circles of the First Presbyterian Women of the Church Monday afternoon, when each group also had a Bible lesson.

Mrs. E. P. Wheelson was hostess to a Bible study, Mrs. D. A. Campbell led the Bible study, "The Answer of All Men Everywhere: The General Epistles," and Mrs. Andrew Faskan discussed the monthly emphasis on "Christian Relations." Refreshments were served to 10 members.

Meeting with Mrs. William Osborn, Circle 2 had a business meeting conducted by Mrs. J. M. Devereux, Bible study by Mrs. C. S. Britt from the book, "Fifty Framed Together," Joekel, and an article from the "Presbyterian Survey" read by Mrs. Devereux.

Two guests, Mrs. Lena Osborn and Mrs. R. L. Prothro, and seven members were present. The hostess served refreshments.

Eleven members of Circle 3 met in the home of Mrs. J. H. Roberts. Mrs. Thomas Newbold presented the Bible lesson.

Mrs. Harry Adams and Iola Hopkins were hostesses to Circle 4 in Mrs. Adams' home. The Bible study was led by Roy Davis and the "Survey" article was discussed by Mrs. D. W. St. Clair. Refreshments were served to nine members.

Mrs. Ludie Bridge, Mrs. Olive Brown, Mrs. Walter Freeman and Mrs. Don Hitchcock were guests of Circle 5, which had 12 members present in the home of Mrs. J. L. Greene. Mrs. Lee Thackrey presented the "Survey" article and the Bible topic by Mrs. Richard Peters.

The Training Circle, meeting with Mrs. M. A. Murphree, had the Bible lesson with Mrs. D. N. Johnson in charge and the "Survey" article as outlined by Mrs. William Carter. Mrs. Sol Bunnell presided for business and gave the closing prayer. The hostess served refreshments to seven members and three guests.

Mr. and Mrs. Selman Cooke and daughter, Vicky Lee, left Friday to meet her husband, a student at Texas Tech.

Ray Maxwell and R. D. Bonner are spending several days fishing on the Hudspeth Ranch below Ozona.

Visiting in Snyder on business recently were Mrs. and Mrs. Don Chaney.

Mr. and Mrs. Bob B. Glass are the parents of a son born Thursday.

Honorary pallbearers will be Harry Howard, Walton Poage, Ed Guy Branch, Walton Harrel, Clint Shaw, Pete Brown, Boyd Cox, W. H. Holcombe and Andy Mitchell.

Barfield's father, the late J. O. Barfield, was a former sheriff of Dpton County.

All Texas Basks In Mild, Clear Weather

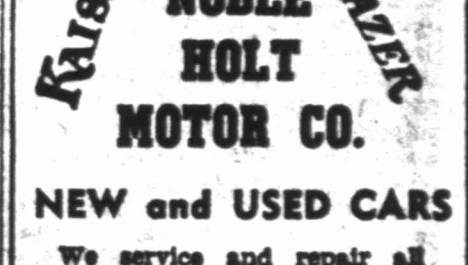

By The Associated Press
The weather in Texas Wednesday was made to enjoy and not to talk about.

It was comparatively mild all over the state. Skies were clear except along the coast. Amarillo, Wink and Van Horn with 29 degrees were the coldest spots. Elsewhere it was above freezing. Brownsville had a 66 minimum, San Antonio 46, Dallas 46, El Paso 33, Texarkana 38, Beaumont 52, Wichita Falls 35 and Houston 53.

As for the present mild temperatures, the weather man says they will continue through Wednesday, but that it will be somewhat colder in the Panhandle and North Texas Wednesday night and Thursday. Clear skies also will give way to increasing cloudiness.

Chief of Police Jack Ellington and city Manager H. A. Thomson are in charge of arrangements.

Tommie's Electric Shop Does Any Motor Repair Work

E. N. Thomson, owner of Tommie's Electric Shop at 207 South Pecos Street, says he hasn't learned near all there is to know about electrical work during his 30 years experience, but he has learned enough to find out what he needs to know when he runs up against a particularly difficult problem.

Tommie began his electrical work in 1919 and the last 15 years of that time have been spent working on electric motors. He can fix any type of electric motor. He has repaired motors that range in size from the smallest ones in general useage to 50-horse power motors.

He has portable and stationary test equipment. He can find the trouble with your motor if taken to his shop or he can find the trouble right where the motor sits.

Turned Out Adapter

The jobs that Tommie is able to do never could be mentioned in one article. One afternoon this week he was called on to make an adapter that would permit a change of generators for an automobile motor. Tommie went to work on his metal lathe and in due time turned out an adapter that was custom made for its particular job.

So while there are many jobs he can do that he probably doesn't know about himself, there are a few standard ones that can be listed. The shop does motor rewinding. Tommie does work on his metal lathe and also does arc and acetylene welding. He is installing new equipment and recently purchased an electric metal saw.

The shop carries a good stock of small motor parts and has new and used electric motors for sale. If the motor you need is not in stock, Tommie will obtain it for you.

All in all, you would be surprised at just what Tommie can do for you.

Yellow Pine Lumber Company
Furnishes Building Materials

The person planning to build or remodel a home can find all the lumber he needs for the job and at a very reasonable price at the Yellow Pine Lumber Company, 1203 East Highway in Midland.

The firm can furnish the builder or remodeler anything in pine or fir lumber.

Fred Cobb, owner of the company, says he is able to furnish anything in lumber from pine logs just right for making log cabins to the finished product. He can furnish lumber in several patterns. Excellent connections with lumbermen in East Texas, Arkansas, Louisiana, New Mexico and Old Mexico enable Cobb to furnish these products.

These connections also serve the customer in many other ways. One is a great saving in price. Cobb can haul a truckload of lumber directly from the mill to the building site. He does his own hauling and saves the customer more money there. The costly middleman is cut out along with a lot of surplus overhead, all at a saving to the customer.

Cobb will deliver large orders of lumber anywhere in the city limits free of charge. He has been in the lumber business more than 15 years and has worked in it all the way

Grafaland, One Of Finest Residential Areas, Enlarges

Grafaland, the beautiful residential district in Northwest Midland which has been praised not only by Midlanders but also by visitors from other cities as one of the finest developments of its kind in the state, soon is to be expanded.

Barney Grafa, developer of the district, already has surveyed the tract of land immediately north of the present Grafaland. Prospective home sites in this new area are being sold to actual home owners at this time. Several homes ranging in prices from \$20,000 to \$100,000 will be under construction soon.

Section Two of Grafaland will comprise residences as good as, or better than, those in Section One, Grafa said. Which means the expanded Grafaland will continue to stand as one of the finest residential areas to be found anywhere in the Southwest.

Wichita Falls Left Without Bus Service

WICHITA FALLS—(AP)—Apparently Wichita Falls will be without municipal bus service, at least until Thursday.

Milton Nutt, attorney for the bus company, told city officials he has no authority to effect a settlement. He said the only man who could authorize a final settlement was Thomas Reece of Dallas. Reece is in Denver, Colo., and will not be here until Thursday.

Drivers of the bus company went out on strike early Tuesday morning after negotiations for a wage increase failed.

An effort to disenfranchise the bus company was balked when the council learned an ordinance revoking the bus franchise would require separate reading on three successive days.

addition to Grafaland will be developed. This is the Bedford tract, which joins with Section Two at its Northwest corner. Together, these new additions to Grafaland will provide room for 140 beautiful new homes in Midland.

Among restrictions which assure builders they can be completely confident of the proper development of the new additions to Grafaland is one which requires that purchasers of lots must use the land for their own home sites; land definitely will not be sold for speculation, Grafa said.

All of the wide, beautifully winding streets in Grafaland will be paved as soon as possible. All utility lines will run down the alleys, and Grafa assures all purchasers absolute protection against less costly homes being built in the addition.

Daddy Ringtail

Daddy Ringtail And The Red Bicycle

By WESLEY DAVIS
One day Daddy Ringtail and his monkey family were visiting their monkey grandmother. Everyone had gone out in the forest to climb some trees for coconuts except Grandmother Ringtail and Bobby, who had stayed at home.

grow too big to ride a bicycle. "Now, now," Daddy Ringtail said with a laugh, "a monkey boy is never too big to ride a bicycle—even though maybe he is a monkey daddy like I am."
Having said those words, Daddy Ringtail got on the bicycle and rode it around and around. Everyone laughed to see him do it, because he was so big and the bicycle was so little. But I hope that your daddy will always play with you—like Daddy Ringtail played with his boys! Happy day!

Questions and Answers

Q—For whom is the dahlia named?
A—This flowering plant was named in honor of Andreas Dahl, Swedish botanist. Dahlias belong to the thistle family and are indigenous to Mexico and Central America.

Q—What is the oldest city under the American flag?
A—San Juan, the capital of Puerto Rico. It was settled half a century before St. Augustine, the oldest city on the mainland.

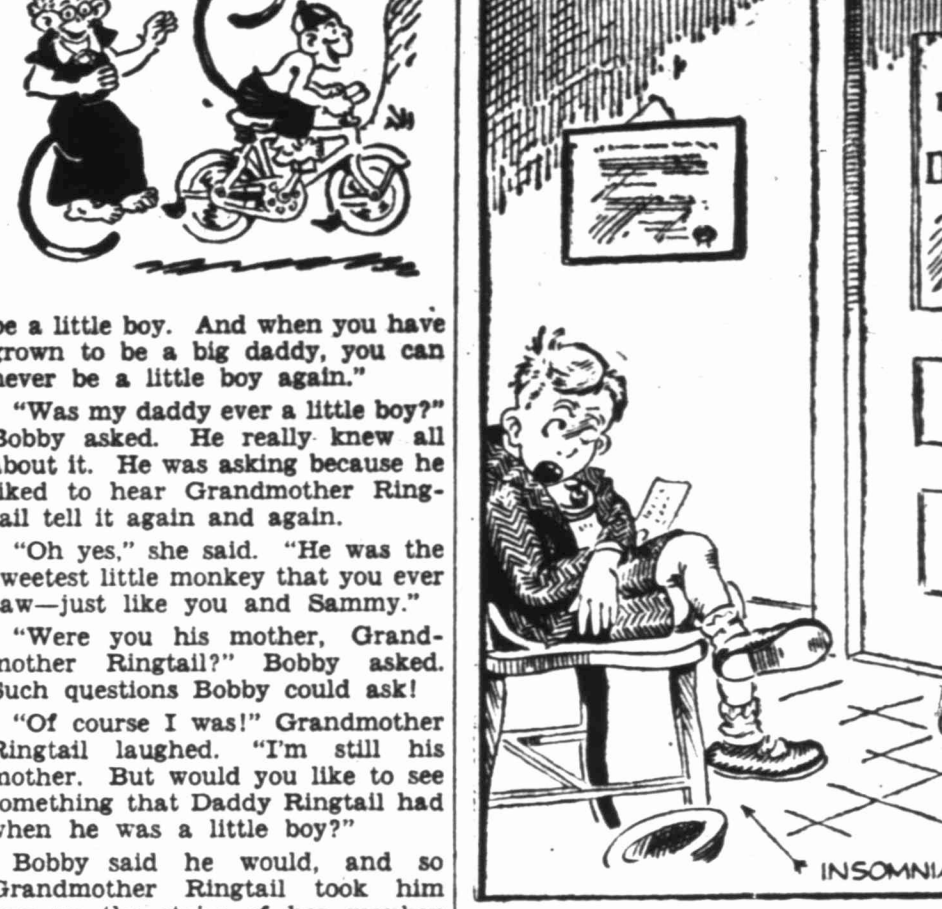

be a little boy. And when you have grown to be a big daddy, you can never be a little boy again.
"Was my daddy ever a little boy?" Bobby asked. He really knew all about it. He was asking because he liked to hear Grandmother Ringtail tell it again and again.
"Oh yes," she said. "He was the sweetest little monkey that you ever saw—just like you and Sammy."
"Where was his mother, Grandmother Ringtail?" Bobby asked.
"Of course I was!" Grandmother Ringtail laughed. "I'm still his mother. But you like to see something that Daddy Ringtail had when he was a little boy?"
Bobby said he would, and so Grandmother Ringtail took him way up the stairs of her monkey house—way up where she kept things that she didn't use every day. And there was a beautiful red bicycle! It was Daddy Ringtail's bicycle, when he was a little boy. Grandmother Ringtail let Bobby take it out in the forest and ride it.

"You may take it home with you," she said. "And aren't you glad you're a monkey boy, instead of a big daddy, so that you can ride a bicycle?"
Bobby said he was very glad he was only a boy, but Daddy Ringtail heard him say it. Daddy Ringtail had just walked up with an armful of coconuts, and he had also heard Grandmother Ringtail say the words about maybe boys can

Williamson Purchases Black Angus Cattle

Frank Williamson, Midland cattleman, said Wednesday he has purchased 150 head of black Angus cattle from the Higginbotham Cattle Company of Gaines County.

The purchase price was \$250 for cows and calves and \$1,000 per head for bulls.

The cattle will be shipped to Williamson's ranch in Colorado.

The British, who have been complaining about the way English pictures are treated in their country, can throw away their crying towels.

Charles Bickford nixed another stage offer—a big role in the Broadway bound, "Tales of the South Pacific."

A producer whose name we shall not mention was going through a stack of audience reaction cards after the sneak preview of a male star's latest picture.

One of those snooty movie dolls was driving a waiter in a Hollywood cafe out of his mind by her arrogance and demanding whims.

Walter, why don't I get what I keep asking for?

The waiter replied: "Only madame, because I'm too much of a gentleman."
