Volume 48, Number 23

Thursday, March 8, 1973

12 Pages

**PAUL HARVEY** has come up with some pretty good statistics on rising costs. . . especially as it concerns food. We quote herewith a portion of a recent column:

"Yes, your grocery bill is higher. And it's going to go higher yet. But let's examine the sunshine side of that ledger. "Wholesale prices increased more during the 14 months of price controls than during the 14 previous months. Most of the increase was food. Last month wholesale prices took their biggest one-month jump in 22 years.

It was the biggest increase in wholesale farm prices in 20 years. Grains up more than 21 per cent in one month. Eggs up 17 per cent.

Inevitable this increase will be reflected in higher 1973 prices in the grocery store; at the USDA they're guesstimating 4.5 per cent more.

When the grocery bill is too high, the consumer screams "What?" not "Why?" But there is a need to know why.

Labor Department blames bad growing weather, too much moisture in the breadbasket. What with all that recent rain, hail and frost in Brazil, your coffee may soon cost another dime!

BY NOW you know the government has taken three steps which should relieve the upward pressure on farm prices.

More land will be released from "the bank" for growing grains; 400 million bushels of stored grain will go to market; pasture land, which had been set aside, will be released for grazing. Objective—to increase grain and livestock production and deflate prices.

City folks should know it is not the farmer who is picking their pockets. Food prices have gone up 44 per cent in the past 20 years but housing costs are up 60 per cent; transportation is up 64 per cent; medical care is up 100 per cent; hourly wages are up 136 per cent!

Further to keep this in perspective—Housewives in most of the nations of the world would love to shop here.

The staple groceries which cost \$10 in Japan, \$12.75 in France and \$16.14 in West Germany are buyable in the United States for \$9.04.

And one thing more. Our groceries cost more than 20 years ago—44 per cent more. But we Americans eat twice as much now as then.

YES, THE wholesale prices of farm products increased 18.7 per cent last year but the farmer got less than 40 per cent of any increase in price and—considering the minimal 1972 crop of most grains—many went backward!

Our farmers are not getting rich; we'd all better hope they get well.

HERE'S A poem we ran across in one of our old issues the other day. It had been printed about 40 years ago, but we thought it was still appropriate today!

**"LIFE"**

To the preacher, life's a sermon;  
To the joker, life's a jest;  
To the miser, life is money,  
To the loafer, life is rest.  
To the soldier, life's a battle;  
To the teacher, life's a school;  
Life's a great thing to the thinker,  
But a failure to the fool.  
Life is just a long vacation  
To the man who loves his work;  
But it's a constant dodging duty  
To the everlasting shirk.  
To the faithful, earnest worker,  
Life's a story ever new;  
Life is what we try to make it,  
Friends—what is life to you?

You've reached old age when you reach down to rub the ink off your leg and discover it's varicose veins.

**ACCEPTS GIFT....**Richard Collard is all smiles as he accepts a gift of \$849.50 from June Spring and the Jan Shirley Memorial Fund, for the Friona Opportunity Plan. The money will be used to provide funds for a student to attend college.

## Opportunity Plan Gets Jan Shirley Fund Gift

Friona's Opportunity Plan budget received an \$849.50 gift the past week from the Jan Shirley Memorial scholarship fund, which has been administered by Mrs. Paul Spring and her Health Careers Club (Future Nurses) of Friona.

The fund has been growing since the tragic death on August 13, 1966 of Jan Shirley, the daughter of Mr. and Mrs. Ralph Shirley. Jan had been an active member of the Future Nurses chapter in Friona.

"We decided that the Opportunity Plan would be an appropriate way to use the fund, since it was not enough to send a girl to nursing school," Mrs. Spring said.

The gift was gladly received by Richard Collard on behalf of the local Opportunity Plan, Inc. chapter.

"It could not have come at a time when it was needed more. We have a couple of applicants for financial assistance, and our funds were all but exhausted," Collard told Mrs. Spring as he accepted the check.

**STARTED IN 1969**

Opportunity Plan, Inc., a brainchild of Milton (Buff) Morris of West Texas State University, was organized on the local level on November 24, 1969. The prime objective is to help those wanting to further their education and needing financial assistance.

The money is loaned to students, and paid back according to a time schedule. The type of courses available under the program are many and varied. Students are enrolled in everything from

**WORK CREW....**Shown are most of the friends and neighbors of the Lloyd Cheshers and Russel O'Brians, who gathered on Monday to help get Cheshers' farm work caught up. Some 37

## ON WEST "60"

# Piggly Wiggly Starts New Building Here

Construction began the past week on a new Piggly Wiggly Super Market Building on West Highway 60 in Friona. Kenneth S. Moore, who has owned and operated the Piggly Wiggly store here for the past nine years, is building the new super market.

Moore says the building will be 75x125 feet, and will feature a 75x230 foot paved parking lot, which he states has been a major problem at his old location at Main and Highway 60.

"We will have parking space for at least 82 vehicles at the new store, compared to only 18 at our present location," Moore states.

The new building will give the local Piggly Wiggly 2,000 square feet of additional space, most of which will be used in the shopping area, as the storeroom, etc. will be basically the same size as at the present store.

The new building, to be located west of the Mobil Station where U.S. Highway 60 makes its curve, will be situated at the back of the lot. It will be 152 feet from the front of the store to the highway.

**MOST MODERN**

Moore says the new store will be one of the most modern to be built in Friona. The Piggly Wiggly Company has assisted in providing the design for the store's interior, which will be colorful and attractive.

The outside of the building will feature a Mansard type roof with natural finish wood shingles. The store will be of steel construction with brick trim.

Adorning the front of the building will be a giant Piggly Wiggly sign of Colonial-style letters in lantern-shaped boxes which will be seven feet tall.

The new store will enable Moore to increase the size of his staff and payroll. He currently has ten employees, and expects to add at least four more, and perhaps three full-time and three additional part-time employees.

Four check-out stands will serve the shoppers, which is one more than the present store has.

"We intend to operate on a

closer margin of profit, and by increasing our volume, we will be able to offer grocery shoppers in the Friona area more savings on their grocery dollar," Moore stated.

Lewellen Construction Company of Friona is building the new store. Completion date is contingent on several factors, including the weather. Foundation was poured at the new site Tuesday of this week.

## City Offers Telephone Company 5% Rate Hike

The Friona City Council voted to offer General Telephone Company a flat five per cent raise in telephone rates within the city, at its regular monthly meeting Monday night.

The city's offer comes after a recent proposal by the telephone company that would have raised rates of Friona telephone users an average of 21 per cent, plus raising the rates on extension phones by 25 cents per month.

All telephones, business and residential alike, would be covered under the proposed rate increase.

In other business, the council passed a resolution approving the participation of Friona Public Library in the Panhandle Libraries reciprocal borrowing system.

Approval was given for siting mobile homes in the 500 block of Cleveland Avenue for a prospective developer.

However, another request for siting a mobile home in conjunction with a commercial lot was denied.

A contract for the collection of delinquent city tax accounts was approved between the city and Rex Easterwood, a Hereford attorney.

No action was taken on a request by Ross Terry for the closing of a part of an alley in the Drake addition. Terry has purchased property which involves a 40-foot alleyway, twice the normal width of city alleys.

A request was heard from the Friona Development Corp. on a proposed city ordinance seeking cost-sharing of utility improvements in certain instances.

Notation was made of the 1.5-cent increase (per thousand cubic feet) in city residents' gas cost with Pioneer Natural Gas Company beginning April 15.

Miscellaneous discussion centered around the city's problem with its solid wastes, and the impending deadline of December 31, 1973, which is the final date on which trash may be burned in the city dump ground. Possible ways of taking care of the city's future trash problems were discussed.

**CLUB BEAUTIES....**Friona Riding Club names its queen and sweetheart along with other officers for 1973 last Saturday night. Joan Pankratz, daughter of Mr. and Mrs. Bill Pankratz, was named queen, and Robyn Zetsche, daughter of Mr. and Mrs. Robert Zetsche, is the sweetheart.

## Club Names New Leaders; Sets Date For Rodeo

New officers were elected, and a date was set for a rodeo to be sponsored by the Friona Riding Club, at the organization's meeting last Saturday night.

Floyd Rector was named president of the group. Jerrell Shavor is vice president; Pat Bass is secretary; Frances Parvin is reporter; Curtis Butler is parade marshal; Howard Love is vice parade

marshall; Bob Zetsche is sergeant at arms, and Bill Pankratz is trail boss.

Joan Pankratz was elected queen of the club, with Robyn Zetsche chosen as sweetheart. The club selected the weekend of May 18-19-20 for its rodeo. Work has begun on the arena, which is being renovated. The club plans to build new chutes, and have completely renovated facilities for the rodeo.

## Annual SFC Luncheon Will Be Served Sunday

Details have been completed for the annual Friona High School SFC Luncheon, which will be served in the high school cafeteria from 11:55 a.m. to 1:30 p.m. Sunday.

Assignments have been made to students, who will provide the food and assume responsibility for doing all necessary work in connection with serving the luncheon.

Prices will be \$1.50 for adults; 75 cents for children under eleven; and \$5 per family.

The menu will be made up of meats, salads, desserts, tea, coffee and bread. All proceeds from the luncheon will go into the Friona Opportunity Plan fund or Foreign Exchange Student fund.

## GOAL ACHIEVED

# Credit Union Reaches \$1 Million Milestone

Friona Texas Federal Credit Union reached a milestone at the close of business on Friday, March 2, when assets for the organization topped the \$1,000,000 mark for the first time.

It was quite an achievement for the local credit union, whose total assets on February 29, 1968 stood at only \$245,875. In only five short years, the Credit Union's assets have increased by over 400 per cent.

The total worth of the local financial institution almost doubled in a year's time, as the assets stood at just over \$500,000 at the beginning of 1972, and reached the million-dollar mark nine weeks into 1973.

Geneva Williams, Credit

Union treasurer, said the achievement was a tribute to the hundreds of Friona area residents who have become a part of the Credit Union.

Early this year she had predicted that the CU would hit the million-dollar mark in assets on March 1. She missed her goal by only one day.

### Fund Drive Kicks Off

The Community Center-Showbarn committee will kick off its drive to raise \$75,000 on Friday, according to Redge Priest, committee chairman.

Residents of the Friona area are urged to dig down deep, and assure an early start for the building, which is to be built north of Reeve Lake in Friona.

## Temperatures

## Neighbors Rally To Assist With Farming

In a touching example of community neighborliness, friends and neighbors of the Lloyd Cheshers and Russel O'Brian families gathered Monday to get Cheshers' farmland prepared for spring planting.

The Cheshers have been at the bedside of their six-year-old daughter, Charla Beth, who is hospitalized in Lubbock's Methodist Hospital with a malignancy. Mrs. Cheshers is the former Linda O'Brian.

Cheshers farms some 500 acres of land southeast of

Friona, and had been hampered in doing his farm work because of the daughter's illness.

So, on Monday, around 70 friends and relatives gathered to help out. Some 37 tractors were brought by neighboring farmers, and 46 workers turned the mammoth chore into a one-day job, covering the 500 acres four times in 6-1/2 hours.

Twenty-two women of the community prepared a lunch and served it to the workers at noon at the Russel O'Brian farm.

Kendrick Oil Company furnished fuel for the tractors.

tractors were brought, and around 50 men volunteered their time for the work, and some 500 acres of ground were covered four times in six and one-half hours.

## Friona Flashbacks

...from the files of the Friona Star

### 45 YEARS AGO—MARCH 9, 1928

The Lazbuddy school is busy preparing a one and a half hour play which will be given as soon as the new brick building is completed, which will probably be about one more week. Raymond and Opal Jones have both moved their houses in from the farm and located them in town. Opal is occupying his house which is located in the northeast part of town. Raymond has been living in the E.B. McLellan house for several months.

### 35 YEARS AGO—MARCH 11, 1938

It is generally agreed that the fourth annual Parmer County Livestock Show, which was held here last Saturday, was the best by far of any that have yet been held. Grand champion prizes were awarded to Albert Cannon, Friona, best sow; Marston Mars, of Lazbuddy, best barrow. In the beef department, young Mars again came in for the honors of grand champion on his hereford calf, while Jack Julian, also of Lazbuddy, was awarded the reserve championship on his Black Angus calf.

### 30 YEARS AGO—MARCH 5, 1943

A four-motored army bomber, enroute from Dallas to Clovis and carrying a crew of nine men, made a forced landing about sun-up Wednesday morning in a wheat field belonging to Russell O'Brian, 13 miles southeast of Friona. The plane had stopped in Lubbock, but developed engine trouble. Six of the men bailed out near Lazbuddy, and were picked up soon after landing.

### 25 YEARS AGO—MARCH 5, 1948

The Friona Squaws basketball team defeated McLean, 30-15 in the finals of the Girls District Basketball tournament at White Deer last Saturday night to walk away with the district championship. The Squaws will enter the State Basketball Tournament at Hillsboro next week for another try at the State Crown. They were runnersup last year. Four Friona girls won places on the all-tournament team. They were Mildred Mingus, Jean Horner, Wanda Robason and Doris Taylor.

### 20 YEARS AGO—MARCH 5, 1953

Granville McFarland has been voted by the Friona Chamber of Commerce and Agriculture Board of Directors as president of that organization for 1953. D.C. Herring continues as vice-president, and Arthur Drake was re-elected secretary-treasurer.

City employees will try out a packer-type garbage truck next week, in preparation for a permanent garbage pick-up program.

### 10 YEARS AGO—MARCH 7, 1963

The Friona Squaws overcame a 12-point halftime lead by Post for a 55-53 bi-district win in a game at Abernathy Monday night. Charlotte Nettles scored 26 points, Tito Jennings 15 and Janet Buckley 14 to pace the Friona comeback.

Ben Moorman was relieved from his duties as Friona Chief of Police Monday Morning. Sheriff's Deputy Bill Morgan was named to replace him by the Friona City Council on Tuesday.

**FOWLER, IND., BENTON REVIEW:** "I'm always impressed by the politician who leaves his \$80 a day hotel suite to climb into a \$9,000 limousine which takes him to a \$20,000,000 jet which delivers him to the city where he has to deliver a speech on economy in government."

Sincerely Yours

By Rev. Albert Lindley

### HOW 'BOUT some random thoughts for today?

I think the Chamber of Commerce Banquet was of extra high caliber this year—from the folksy talk of Bob Murphey right on down to the very delectable steak served....

The Stage Band was of extra quality and the decorations were very appropriate.

I even thought Charles Allen was well primed for his fine presiding....

With so many present it is hard to believe there were some "caterpillars" who didn't attend but I know there were—I've already heard some of their remarks....

Very fine job, Chamber!

### I GOT OUT the lawn mower and checked it over, the other day.

With so much "spring" in the air I just know that grass is beginning to get a little restless. I can almost hear its growing pains, right now.

It's hard to believe there may yet be some snow to fall on Friona....

**I'VE HEARD** of some pretty fine trips that are being planned for the "Easter Holidays" and I hope you have things in such order that you will be able to take advantage of some "family time" together, off somewhere.

One thing we all know, wherever you may be, if you are not here for Easter, there will be some Easter Services at your location. I hope you don't miss that opportunity.

### I'LL CLOSE with this one I heard the other day. You should have some reward for reading....

The pilot of an aircraft was circling an airport and asked the tower for the time since his clock was not functioning properly. "Who are you?" came the reply.

"What difference does it make who I am," retorted the pilot. "I just asked for the time."

"It makes alot of difference," reported the tower attendant. "If you are Air Force, the time is 1300, if you are United Airlines, the time is 1 p.m., and if you are Texas International the big hand is at 12 and the little hand is at 1."

Sorry about that.

Dear Editor,

One of the most pleasant surprises of our life was the announcement by Mr. Duggins that Kay was selected foreign exchange student for the summer months.

We're deeply grateful to everyone concerned with her selection. Among those we would especially like to thank are The American Field Service committee, The Americans Abroad committee, all the wonderful teachers and fellow students of Kay's and others in the town and community who had a part in this project.

All we know to say is Thanks! Thanks! and Thanks! again.

The Cochrans  
Walter, Lottie and Kay

### FRIONA SCHOOL LUNCH MENU

Week of March 12-16

**MONDAY**--pizza, buttered corn, crackers, lettuce and tomato salad, mixed fruit and milk.

**TUESDAY**--cubed beef and brown gravy, mashed potatoes, hot rolls-butter, green beans, chocolate cake and milk.

**WEDNESDAY**--hot tamales, pinto beans, corn bread-butter, mixed greens, peach cobbler and milk.

**THURSDAY**--fish, new whole potatoes, hot rolls-butter, banana pudding, English peas, tarter sauce and milk.

**FRIDAY**--hamburgers, cat-sup, French fries, lettuce, tomatoes, pickles, whipped jello and milk.

## Introducing Our "Employee Of The Week"

Patrick Pace

Patrick Pace has been employed by Friona State Bank as Field Representative since early last summer. He is a graduate of Haskell High School and Abilene Christian

College with an Ag Business major. Pace and his wife, Brenda, both natives of Haskell, live at 1109 Elm Avenue and attend Sixth Street Church of Christ.

**FRIONA STATE BANK**

FFA "STARS"....Those honored at the annual FFA parent-son banquet last Friday included those above. Standing at left is Maron Finley, and at right Kevin Wiseman, who were presented their Lone Star Farmer degrees.

Standing center is Sarah Gammon, the FFA Sweetheart. Seated at left is Johnny Wells, Area I FFA president. At right is Walter Stubblefield, the Area I vice president. Not present was Vickie Pryor, FFA Plowgirl.

### Over 200 Attend FFA Parent-Son Banquet

Some 200 persons attended the annual parent-son banquet of the Friona Future Farmers of America last Friday in the high school cafeteria.

Kevin Wiseman and Maron Finley, who had received their Lone Star Farmer recognition this past year, were presented with their citations by vocational agriculture instructor Benny Pryor.

Special guests included Johnny Wells of Boys Ranch and Clarendon Junior College, the Area I president of the FFA, and Walter Stubblefield of Happy, the Area I vice-president. Both of the area officers spoke briefly.

Entertainment was provided by the Friona High School stage band. Miss Carol Reeve provided dinner music at the piano.

Jerry London was presented an honorary chapter farmer degree.

The FFA chapter members and their fathers and guests enjoyed a barbecue dinner, courtesy of Farmer County Implement Company for the 28th consecutive year.

Plaques were presented to the FFA Sweetheart, Sarah Gammon, and to Vickie Pryor, Plowgirl. Miss Pryor was unable to attend the banquet, however.

### HOSPITAL REPORT

#### ADMISSIONS-

Mrs. Mae Glasscock, Bovina; Mrs. Oscar Guerra, Friona; Maggie Abeyta, Bovina; Kay Neel, Friona; Tammy Hamilton, Friona; Katie Stowers, Friona; Mrs. Hank Outland, Friona; Mrs. James Calaway, Bovina; Mrs. Emelio Degollado, Friona; Don Shipley, Friona; Katharine Eddins, Friona; Druella Paul, Friona; Mike Glenn, Bovina; Jackie Rando, Friona; Mrs. Benito Mejia, Friona; Mrs. John Baxter, Friona; Mrs. Bob Evans, Lazbuddie; Sandra Ensor, Farwell; and Mrs. Rocky Steelman, Clovis.

#### DISMISSALS-

Jena Short, Glenda McGlothlin, Arvelle Cooper, Beatrice Gonzales, Lillie Mae Hughes, Arvilla Elmore, G.A. Bandy, Maggie Abeyta, Mrs. Oscar Guerra and baby girl, Marie Venable, Tammy Hamilton, Mrs. Mae Glasscock and baby girl, Kay Neel, Katie Stowers, Mrs. Hank Outland and baby boy, Mrs. James Calaway and baby girl, Mrs. Emelio Degollado and baby boy and Mike Glenn.

#### PATIENTS IN HOSPITAL-

Mrs. John Baxter and baby girl, Sandra Ensor, Mrs. Bob Evans and baby girl, Katharine Eddins, Mrs. Benito Mejia and baby girl, Druella Paul, Jackie Rando, Mrs. Rocky Steelman and Don Shipley.

#### Sausage Feed

##### Set In Bovina

The annual sausage dinner is scheduled for Sunday, March 11 from 11:30 a.m. to 2:30 p.m. at St. Ann's Catholic Church in Bovina.

Price will be \$2.00 per plate. The dinner will be served at the Church Hall, on Third Street in Bovina.

#### Bovina Sets

##### Game Night

The Bovina Band Parents have scheduled a game night, featuring bridge and 42, at the Bovina High School band hall Friday at 8 p.m.

Admission of \$2.50 per person will be charged. Trophies will be awarded to winners in each division. Coffee and pie will be served during the evening.

Purpose of the fund-raising drive is to send the Bovina band to Colorado.

## Building Activity Up Locally In February

Building permit activity picked up considerably in Friona during February, as indicated by the building permits issued by the City of Friona.

Five building permits were issued during the month for construction worth an estimated \$105,500.00.

Included in the figures was a new commercial building (to house Piggly Wiggly Super Market), for \$55,000; a new residence to cost an estimated \$33,000, and three additions/alterations to cost a total of \$17,500.

One new water tap was made during the month, bringing the total number of active taps in the city to 1299.

In other business involving the City of Friona during February, the contract for the annual maintenance of streets was signed February 22 with Jake Diel Pavers. Included will be 15 blocks of sealcoating, with several street intersections to be patched, due to potholes caused by the freezing weather this winter.

City Manager Jake Outland reported that 181 delinquent

tax notices were mailed on February 14. Collections during the month amounted to \$1,694; still leaving over \$18,675 on the delinquent tax roll.

### WATER USE

A total of 11,867,800 gallons of water were pumped during the month, an average of 423,850 gallons per day—comparable to the preceding month.

Nine fire alarms were reported during February—considerably above average. Greatest losses were recorded at Bingham Trailer Park, where a trailer home estimated at \$10,000 was lost; at the James Procter farm, where damage was estimated at \$5,000, and at Hi-Plains Feed Yard, where an ensilage loader sustained \$1,000 worth of damage.

Seventy-one arrests were reported during the month, with 58 for traffic violations. Nine automobile accidents were investigated, although there were no injuries in any of them.

The library report showed 1167 books checked out during February by 623 patrons, including 16 new readers.

PLANE WRECKAGE...This is the plane in which three young Muleshoe residents were killed in a crash near Friona last Tuesday night. The pilot of the plane remains in critical condition.

## Mrs. Charles Carter Is Teacher Of Week

Mrs. Charles Carter has been named "Teacher of the Week." She is a special education teacher and this is her first year with the local school system.

Mrs. Carter, the former Karen O'Brian, is a native of Parmer County, a graduate of Friona High School, and the daughter of Mr. and Mrs. Russel O'Brian.

She is also a graduate of South Plains Junior College, Levelland and West Texas State University, Canyon, from which she holds a bachelor of science degree with a major in elementary education and a minor in English. She holds a kindergarten certificate and taught in the Dimmitt school system three years immediately prior to beginning her present assignment.

Mr. and Mrs. Carter and their two children, Rusty, 10, and Jennifer, 10 months, live at 807 West Fifth Street and attend Friona United Methodist Church.

Mrs. Carter especially enjoys travelling and has made one trip to Europe. She also enjoys cooking and reading.

Mrs Charles Carter

Among other things, short efficient use of existing duration grazing systems vegetation; better livestock accomplish the following—faster control; less labor; and range improvement; more increased total forage value.

## Marijuana Legislation Brings Capitol Crowd

Marijuana legislation, and two relating bills, brought approximately 300 persons out to testify before committees of the House of Representatives last week.

One of the two bills would legalize marijuana, and the other would lower the felony penalty for possession to a misdemeanor.

Concerning the bills, Rep. Bill Clayton stated that he opposed legalizing marijuana but felt like it would make the law more enforceable if the first possession penalty was reduced to a misdemeanor.

"If it is coupled with a misdemeanor offense for simple possession, I feel there is a real need to make punishment more

harsh for anyone caught pushing the drug," Clayton said.

Clayton also indicated he felt a mandatory life prison sentence should be imposed on anyone convicted of pushing marijuana.

Legislators paused from a busy week of legislative matters for the appearance of World Heavyweight Boxing Champion George Foreman last week. Foreman, from Houston was praised for his patriotism and his ability to rise from a lowly background by hard work, determination and faith in God. He spoke briefly to a joint session of the House and Senate, and shook hands with Clayton and other well-wishers after the ceremony.

## State President Attends Woodmen Meeting Locally

State president Ray McKinney of Littlefield was a special guest Monday night at the Friona Woodmen of the World meeting.

The Woodmen's district drill team, which includes Hop Lewis and Glendel Jones, practiced for their appearance in the state jurisdiction convention March 25-28 in Fort Worth.

Approximately 30 Woodmen and their wives attended. Three new members of the drill team were initiated, Mr. and Mrs. Charles Peace of Friona and Mrs. Bart Holbrook of Hereford.

The drill practice was held at the Congregational Church. Refreshments were served following the practice at Friona State Bank's Community Room.

### The Library Corner

BY MRS. BILL ELLIS

Attendance at last week's Story Hour was very good. The children especially enjoyed a session of finger plays, which was conducted by Mrs. J.G. Baker.

Readers for Thursday's Story Hour will be Mrs. Gene Wright, Mrs. Floyd Wilkins and Mrs. Dale Cary.

One new addition to the library shelves which will be especially helpful to readers is the National Geographic Index. This index is for National Geographic Magazines and its use will enable persons to find needed material more rapidly.

The Will Rogers Book has also been added to the Library. This book, which was written by Paula McSpadden Love of Chelsea, Oklahoma, will be of special interest to persons who enjoyed Will's wit, humor and philosophy in newspapers, magazines and on the radio and movie screen.

People of any age who like to travel should enjoy "Big Bend Country" and "Chihuahua," by F.M. McCarty.

At the regular meeting of Friona Public Library Board a report was made that during the month of February 1167

books were checked out by 623 patrons, sixteen of them new.

A report was also made that new shelving would be needed to take care of new books which are being purchased.

**NOW!**

5 YEAR OR 3500 HOUR WARRANTY ON THE

**ZIMMATIC**

MODEL 310 ELECTRIC

Dependable! Efficient! The World's "No. 1-Selling" Electric!

The big, rugged, dependable ZIMMATIC MODEL 310 ELECTRIC now gives you a 5 year or 3500 hour warranty on Gear Boxes (Pat. Pending), Gear Motors and Micro Switches. (A written warranty will be furnished). ZIMMATIC has many exclusive features! Specially-designed External Collector Ring (Pat. Pending) is the only collector ring that keeps power wires outside of vertical pivot water pipe. Uni-Knuckle Joints (Pat. Pending) give unlimited flexibility on hills and have new split metal couplers with rubber boots to save many hours if maintenance is needed. Floating Towers (Pat. Pending) rotate in special sleeves that eliminate any stress on mainline pipe when operating on uneven ground.

The ZIMMATIC was developed under some of the most adverse field conditions and was put through tests that no farmer would run into during normal farming operations. Pivot stands 12 ft. high with more than 9 feet of crop clearance. ZIMMATIC has double-wall, moulded plastic electrical boxes—eliminates condensation formed in metal boxes used by other systems.

- SPECIAL GEAR BOXES (Pat. Pending) designed with special metallurgy and developed over the years for ZIMMATIC. Don't confuse with "off-the-shelf" gear boxes used on other systems.
- STURDY UNDER-TRUSS DESIGN adds strength to system to prevent sagging.
- ELECTRICALLY DRIVEN—Completely reversible by pushing one button. For part circle irrigation.
- POSITIVE LINKAGE CONTROL ARMS keep towers in perfect alignment.
- FEWER TOWERS — Only 10 towers on 1/4 mile system. Less maintenance. Less crop loss.
- EXTRA-LONG 14 FOOT WHEEL BASE provides the stability for operation over uneven ground.
- FLEXIBLE SPLIT METAL COUPLERS (Pat. Pending). No rubber hoses to stretch, twist, bulge out and break.

63 YEARS OF SERVICE—These three ladies have put in a total of 63 years as Girl Scout Workers in Friona. They are Geneva Riethmayer, Lillie Mae Baxter and Louisa Wilson.

TEXAS HERITAGE PROGRAM—Scenes such as this will be included as a part of the Texas Heritage Program which will be put on by the local troops this coming Sunday afternoon at 2 p.m. in the Grade School Auditorium.

# WHAT'S IT ALL ABOUT?

**W**hat's Girl Scouting all about? Is it just a program—an activity? Or is it an ideal, a philosophy, a way of life? In other words, is it what happens to the girl during the activity, and not the activity itself?

We are a value-rooted, people-centered MOVEMENT, and "movement" means "a series of acts working toward some desired aim." Our aim is better people; *not* better knot tiers; *not* better fire builders; *not* better artists, but better people.

To be sure, when a Girl Scout has completed a part of the program, her badge of proficiency says she is competent and can be relied upon in that, but that is a bonus. Our reason-for-being is not fire-building, but character-building.

Our informal, educational program centered around the interests and abilities of girls is the vehicle in which we keep and stretch the girls and transport them along the journey towards becoming self-realized, courageous, compassionate, concerned, and committed mature women.

Through Troop Management, girls learn to make decisions and to abide by the decisions of others (learning to follow as well as to lead).

Because of the Citizenship and International aspects of our program, girls are more aware of and involved with the people around them and throughout the world, seeing their differences and similarities.

Through Health and Safety, girls learn to respect and preserve human life.

Through Service and Social Action, girls have opportunities to stretch themselves and to invest themselves in the enterprise of mankind.

No matter what the age level or however seemingly simple the activity, it holds true that our pro-

gram is a device for this process of becoming.

Every game they play and song they sing and day they camp involve for our girls their learning to live with others and with themselves; winning; losing; understanding; responsibility; an affirmation of life.

Our purpose is not for our girls just to look, but to see; not just to hear, but to listen; not just to touch, but to feel.

Our girls are NOT adorable saleswomen of baked goods.

We are NOT a baby sitting society.

We are NOT an after school recreation group.

We are NOT a girls' club.

We are NOT an adult-imposed, constricted, inflexible activity.

We are a way of life. A program-with-a-purpose based on ideals and a code of conduct.

I firmly believe that any Girl Scout leader who is helping any part of the Girl Scout program to happen can find in EVERYTHING she does with her girls this movement (this underlying, hidden agenda, if you will) toward BECOMING better people. People who, through their experience in Girl Scouting, we hope are better able to care, to cope, to cooperate. Who carry with them, beyond their days in Scouting, the qualities of civilization.

We hope that because of Girl Scouting life will be an adventure, not an assignment.

Let us not forget that "a Girl Scout leaves a place better than she finds it." That is what this movement is all about.

GIRL SCOUTING—  
WHAT IT CAN  
AND SHOULD  
MEAN  
TO TODAY'S GIRL  
AS SHE PREPARES  
FOR THE FUTURE

by Audrey Finkelstein

\*Girl Scouts will attend the church of their choice Sunday Morning, March 11.

\*\*"Our Texas Heritage," a program by local Girl Scout Troops, 2 p.m. Grade School Auditorium.

## Bandy, Cleveland Pace Chieftain Basketball Stats

Senior Johnny Bandy and sophomore Dale Cleveland divided up the individual team leadership categories for the 1972-73 Chieftains, according to season statistics released this week by Coach Ray DeBord.

Bandy led the team in scoring for the third straight year, scoring an even 500 points while compiling a 17.8 average for the 28 games. Cleveland was runnerup in scoring with 332 points and an 11.8 average, and James Bartlett also was in double figures, with 277 and 10.7.

Bandy also led the team in free throw shooting, edging out another senior, James Bartlett, in that department. Bandy hit 68 of 94 shots from the foul line, or 72.3 per cent. Bartlett, meanwhile, made good on 31 of 43 tries, for a 72.1 per cent accuracy.

Cleveland led the Chieftains in field goal percentage, connecting on 52.5 per cent of his shots from the floor, 144 of 274 attempts. Cleveland won this department by almost nine percentage points over his nearest competitor, Willie Bailey, who made 46.6 per cent of his shots. Reserve Kent Patterson, not figuring in as much action, hit an even 49 per cent of his shots from the field.

Cleveland also led the team in rebounding, with 310 to his credit. Of this total, Dale had 221 defensive rebounds, and 89 on the offensive end. Bandy was second with a total of 248.

Bandy also led the team in assists [passes leading directly to scores], with 117. Gene

Strickland was runnerup in this department with 106.

Cleveland had the honor of drawing the most personal fouls, although this category was close. Dale had 82 fouls, to 81 for Bandy and 79 for Willie Bailey. The 1972-73 Chieftains did not foul as much as teams in recent years.

The new free throw rule, which eliminated free throws on the first five team fouls in each half, cut down considerably on the number of free throws made by the teams this

year. With their 17-11 season record, the Chiefs compiled the most successful record in a number of years at FHS. They also were one of the highest scoring teams, averaging 59.3 points per game.

The team outscored their opponents, 1428-1226 in field goals, but opponents had the most free throws, 309-233.

The Chiefs had good team averages, hitting 42 per cent of their field goal shots, and 61.3 per cent of their free throws.

**CHIEFTAIN STAR...**Kevin Wiseman was a double winner for the Friona Chieftains in their opening track meet of the season last Saturday, winning both the shot put and discus events. Wiseman's effort, 48-6 1/2, ranks him in the top ten for all classes in the Panhandle.

### City Hosts

#### Track Meet

Friona will host a freshman track meet at Chieftain Stadium.

Six schools will take part, with Olton, Farwell, Bovina, Dimmitt and Littlefield visiting and the freshman Chieftains as hosts.

Events will get underway at 1 p.m.

## No Unbeaten Teams Left In LD Loops

The last remaining unbeaten team was taken care of on Monday of this week when the Lakers downed the Bucks, 30-18 in the major division of Friona's Little Dribbler program.

Going into the game, the Bucks were standing 4-0, and the Lakers were 1-3, but the lowly team downed the undefeated team and set up virtual ties for first, second and third place in the league.

The Bucks had edged the Hawks, 31-29 last Tuesday to remain unbeaten. Randy Patterson had 13 points for the winners, and Toby Strickland 12 for the Hawks.

The Lakers downed the Knicks, 31-26 last Tuesday for their first win. Jeff Peak scored 21 points for the winners. Standings in the Minor League are practically all tied up, with two teams standing at 2-2, one at 2-1 and another at 1-2.

### STANDINGS

[Through Monday, March 5]

## Volleyball Meet Slated

The Friona Noon Lions Club's annual volleyball tournament will be played March 12-17.

Twenty-three teams are entered, 12 in the men's division and 11 in the women's. There are three more teams than last year, according to Carrol Gatlin, publicity chairman.

The tournament will be held in the Friona High School Gym, beginning at 6:30 each night. Admission of 50 cents for adults and 25 cents for players and students will be charged each night.

A concession stand will be open daily.

Teams entered are: Men-The Dizzy Gang, Walcott Men, Lumber Jacks (Muleshoe), Tiders (Labuddie), Jolly Jumpers (Umbarger), Friona Jaycees, Evening Lions, Smoke Eaters, Kiwanis, F.C.A. Hubbers and Noon Lions.

Women-3 J's Plus (Hereford), Lazy Daisy, Jaycee-ettes, Tasty Cream, Earth Oil & Gas, Friona Teachers, Clovis National Bank, Bouncing Belles (Umbarger), Treider Electric (Labuddie), Friona Star and White's Auto.

**WORLD CHAMP AND CLAYTON...**World Heavyweight Boxing Champion George Foreman and State Rep. Bill Clayton exchanged handshakes and a few laughs when the popular champ was honored by the House and Senate in a joint session last week.

ZEMAN WINS...Alan Zeman, Pecos High School FFA student, exhibited the first place yearling heifer, a Brangus, at the Houston Livestock Show which concluded last week. With Zeman, a former Friona student, is his father, V.J. Zeman.

### Bovina Youth Has Top Entry At Houston

Farmer County 4-H members from Farwell, Bovina and Lazbuddie participated this past week in the 41st annual Houston Livestock Show. Showing a total of 14 barrows, these youngsters competed in the last major livestock show of the spring season.

Al Kerby of Bovina and Joe Haseloff of Farwell entered three barrows, with the remaining eleven being shown by Dennis and Charleson Steinbock, Ronnie and Mickey Powell, Russell and Mike Windham, Terri Clark and Sherrie Seaton, all of Lazbuddie.

Al Kerby was the most successful one of the group by showing the champion Chester White barrow. His 212 pound lightweight entry won its class before receiving the breed champion honor.

The barrow sold in the premium sale on Friday for \$4.00/lb. Al also showed the 11th place heavy weight Duroc. Joe Haseloff's medium weight Duroc placed seventh. Sherrie Seaton's heavy

### Former Friona Youth Is Winner At Houston Show

A former Friona boy showed a first-place heifer at the 1973 Houston Livestock Show & Rodeo, which was concluded last week.

Winner of first place in the Brangus Summer Yearling Heifer Class was Alan Zeman's Katie Justrene. In addition to the blue ribbon a handsome trophy and \$50.00 was awarded Zeman's entry at the 1973 Houston Livestock Show.

Breeder of the winning Brangus heifer is Justin Poeschel of Haskell.

Grass roots build soil through growth and decay.

weight Poland China was fourth, as was Mike Windham's heavy weight Hampshire. Russell Windham's medium weight cross also placed fourth. Russell's medium weight Chester White was 17th and Terri Clark's light weight Chester White was 20th. Ronnie Powell's light weight Duroc also placed 20th.

The Southwest Junior Livestock Show in Lubbock next week will be the last one on the circuit for the spring season.

Alan Zeman, formerly of Friona, is a senior in Pecos High School and in his fourth year of Vocational Agriculture and FFA. His Vocational Agriculture teacher is Bailey Wheelers.

Alan began FFA and Ag in Friona with Benny Pryor, instructor. Alan attended Friona schools from first grade to mid-year of his Freshman year. He is the son of Mr. and Mrs. V.J. Zeman of Pecos.

More than 10,000 junior show animals belonging to some 5,000 FFA and 4-H boys and girls came to the 41st annual Houston Livestock Show. The \$8 million Livestock Exposition Building covers 18 air conditioned acres and is adjacent to the famed Astrodome.

There are 2,000 volunteer committeemen who work tirelessly on 48 committees for this show "with a heart"—the largest livestock show in the world. There are more than 2,000 volunteer committee members who work unnumbered hours on 48 committees for this show "with a heart"—the largest livestock show in the world.

### SCS Warns That Soil Is In Condition To Blow

The Soil Conservation Service in Parmer County has just completed their second wind erosion report for the present "blow season," according to Herb Evans, District Conservationist.

"We consider the blow season from November to May," Evans said.

This report shows that conditions in Parmer County are the worst in years for blowing to occur. We have good moisture conditions, but the soil surface has been "fluffed up" by freezing.

Also the moisture we have

has come as snow and has not packed the surface at all. Another reason for the blowing conditions is that there has been more burning of crop residues than normal. It is common knowledge that the worst wind erosion is in burned fields.

Another point covered in this report was the wind storm of January 27, 1973. It was the worst in years. "We are all thankful for the large amounts of residues still on the surface in the County," Evans concluded.

**On The Farm In Parmer County**  
**MACK HEALD**  
County Agent

### IT'S JUST GOOD "HORSE SENSE" to vaccinate all horses, mules, donkeys and other equine animals against Venezuelan Equine Encephalomyelitis (VEE) as soon as possible.

Mosquitoes which carry this deadly horse sleeping sickness will soon be emerging as spring weather arrives. Although no cases of VEE were confirmed in Texas or other states during 1972, the potential danger of the disease still threatens all horses and other equine because VEE did strike in northern Mexico during the past year.

Although most horses were vaccinated for the disease in 1971 when it first hit the United States, few animals have been vaccinated since that time. Thus it's extremely important to vaccinate these animals again as immunity from the previous vaccination has diminished.

I recommend vaccination for horses that will be subjected to interstate travel to shows, races and similar events. Foals that were vaccinated before six months of age should be revaccinated to assure a longer immunity.

Pregnant mares may also be vaccinated. Experience to date has indicated no hazards following the vaccination of such animals.

One only needs to look back to 1971 to see how fast this deadly disease can strike. A horse owner just can't afford to play a guessing game with VEE—hoping that 1973 will be the same as last year. It's just too great a risk when you consider that a vaccine is available to protect your animals.

### FERTILIZER IS ESSENTIAL for green, healthy lawns and gardens. And it's available in two forms—liquid and granules or dry. Each type is applied differently and either will do the job if precautions are taken and directions are followed.

Liquid fertilizer can be added along with irrigation water or separately through a garden hose sprayer.

Some granular fertilizers are water soluble and can be dissolved in water and applied as liquid fertilizers. But others do not completely dissolve and leave a residue that can clog applicators.

Granular fertilizers are usually applied with a fertilizer spreader. Adjustments on these spreaders allow a certain amount of fertilizer to be applied to the lawn or garden, depending upon the nutrient content of the fertilizer and the plants' needs. A spreader is an accurate method of fertilizing.

With a properly-adjusted spreader, fertilizer can be applied uniformly with no skips or overlapping. For more uniform application, divide the recommended amount of fertilizer into two lots and set the fertilizer distributor at one-half the recommended rate. Apply the first half by going back and forth in one direction, then apply the other half at right angles.

Regardless of the method you use to apply granular fertilizer, water heavily after the fertilizer is applied. Granular fertilizers can kill or burn plants if they are not watered into the ground.

With liquid fertilizer, read the directions to see if watering is necessary after application.

### THE U.S. HOUSEWIFE may have rising food prices to contend with, but she still has a few advantages over her European counterpart.

In the U.S., for example, an average income family spends about one-fifth of its income on food. In Italy and England, however, a third of the total consumer income goes for food. Similarly high figures hold true in other European countries as well, with France spending a quarter of her average income and Germany, 30 percent.

It also takes proportionately less work to buy food in the U.S. than in Europe. Paying for a pound of roast beef takes 30 minutes of work in New York but more than an hour and 20 minutes in Moscow. The same amount of beef costs 54 minutes of work in London, 85 minutes in Paris and 70 minutes in Munich, West Germany.

Even buying such a basic as bread requires 13 minutes of work for one pound in Moscow and 12 minutes in Paris but only about half as much in New York.

Another way of looking at the total cost of food is the "food basket," a figure that shows the theoretical weekly food expenditures for a family of four. In 1969, the latest figures, a U.S. food basket costs \$32 and required 12 hours of work. France's cost was close to the U.S., \$31, but required almost three times as much work, 36 hours.

In England the basket actually costs less, \$29, but took 27 hours of labor by the breadwinner. Russia, on the other hand, ranked among the highest with the basket costing \$56 and 82 hours of work needed.

Another plus the American housewife has going for her is the quality and ease of U.S. products. American food quality is the highest in the world, and often the easiest to prepare.

**HAVE YOU EVER CONSIDERED** sheets when decorating on a budget—they're economical, colorful and versatile? Today's sheets are available in a wide variety of colorful solids, prints and designs.

Home decorators should find several possibilities to fit family tastes and finances.

Sheets make numerous decorating accessories—indicating their versatility.

For example, they make excellent cafe curtains and full draperies. In fact, a home decorator can achieve complete window coordination by cutting a motif from a sheet and appliqueing it onto a windowshade.

**Chair and sofa cushions, extra pillows and throw pillow covers all can be constructed from sheets.**

They're ideal covers for round and oval tables since they're wide enough for circular, floor-length tablecloths.

Turning to bedroom accessories, the agent noted that dust ruffles add a dressy appearance.

To make dust ruffles, cut an old sheet the size of the box springs. Cut the ruffle from a new sheet, allowing enough width to reach from floor to top of box springs. Attach ruffle to old sheet and place between springs and mattresses.

In addition, sheets make attractive quilts. A decorative sheet is used as the quilt top, with machine stitching around the major motifs—as in doing quilted upholstery.

A luxurious appearance can be accomplished simply with creative thinking and a little effort.

## hybrid corn

PROVEN PERFORMANCE DURING 1972

**SX 520** This is a NEW medium maturing yellow corn that was number one in yield tests conducted by Ronnie Geller, agronomist, on the Dan Heard Farm, 1 mile south of Dimmitt during 1972. With a yield of 221.5 bushels per acre P-A-G SX 520 stood well (0% lodged stalks) and still out-yielded the late varieties of corn. This P-A-G single cross is another of the fast germinating, vigorous, high yielding "new breed" of P-A-G custom hybrids. SX 520 is an excellent dual purpose corn for high grain yield—high quality, top tonnage silage.

**SX 98** Distinctive because of its dark green color and relatively up-right leaf for maximum light utilization. SX 98 yields and yields and yields. (208.2 bushels per acre in 1972 Dimmitt tests.) A fairly short hybrid corn (7 ft. 3 in. in tests) with good ear placement. Has a bred-in "digestive system" that gives it the capacity to make full use of large amounts of fertilizer.

**344** A very attractive 3-way cross with dark green color and large, girthy ears. The grain is a medium dent of high quality. A real producer, outstanding performance in tests in Dimmitt area during 1971, and produced 190.8 bushels in the 1972 tests. 344 is a proven high yielder.

**SS 402** P-A-G Single Cross Super Silage 402 unlocks the door to improved silage quality for the livestock feeder who demands tonnage of top TDN feed. Outstanding seedling vigor gets Single Cross Super Silage 402 off to a fast start. Rugged stalks withstand the strong winds in the high and western plain areas. An abundance of ears on tall stalks with dark green foliage contributes to high tonnage of quality silage.

Get one free with ten by booking before March 31, 1973.

**GROUP ACCEPTS HONOR....**These thirteen people were honored in Gregory Gym during the recent Girls State Basketball Finals. It had been nine years since the same group were in Gregory Gym to win the state finals. Superintendent Alton Farr is on the extreme left, and former coach Baker Duggins is on the extreme right. Others in the picture are Mrs. Pug Collier, Carolyn Herring Carson, Linda Jo David Harding, Wessie Gee Hand, Tito Jennings Milner, all of Friona; Charlotte Nettles Neece, Dallas; Carol Struve

Richardson, New Orleans, Louisiana; Merylene Massie, Richmond, Virginia; Rose Ann Greeson, Ray and Kay Neel, Friona; and Cheryl Long Snead, Clovis, Duggins, who is presently counsellor of Friona High School, said, "We accepted the honors for the rest of Friona and regret that everyone who attended the tournament in 1964 could not be on hand to enjoy this year's trip with us." Others making the trip to Austin were Mrs. Alton Farr, Mrs. Baker Duggins, Mrs. James Procter and Pug Collier.

## Two Squaws Chosen For All-Star Games

Two members of the district and bi-district champion Friona Squaws were tabbed this week for all-star games to be played in the near future.

Sharon Smith, senior forward, was chosen to the "North" squad for the annual Texas High School All-Star game to be played the night of July 14 in Brownwood.

Guard Cindy Hutson was chosen to play in the Third Annual Panhandle Girls High School All-Star basketball game March 24 in conjunction with the Fifth Annual National Women's Invitational Tournament.

Both of the selections are three-year lettermen, and were All-District 3-AA picks.

Another honor going to Miss Smith during the past week was her selection to the second team Panhandle Plains Super Girls Team, chosen the past

week by the Amarillo Globe-News, and comprised of players from classes AAA, AA, A and B.

Sharon was one of six forwards chosen for the mythical squad, which was quite an honor, considering all of the high-scoring and talented forwards playing this year in the Panhandle and High Plains area.

SHARON SMITH

CINDY HUTSON

### The Lonely Heart

SWEET HOME, ORE., NEW ERA: "...what would happen if the ecologists had their way and new power generating plants of all kinds--coal or nuclear powered, were ruled out in the future. . . it wouldn't take long before we wouldn't even have the energy supply to operate any of our industries, or even the household items that are considered necessities. . . there has to be a balance between need just to stay alive, and the idea that we can turn our backs on everything that isn't perfect ecologically. . . Environment is great, but we still like to eat and live at least somewhat in the manner to which we have become accustomed. Personally we don't mind a little ecological interference as long as the lights don't go out too soon."

### ON THE TAX SCENE

**USE SHORT FORM?**

**QUESTION:** Filbert was undecided as to whether he should file a long tax Form or use the new 1040A short form this year.

Then someone told him that filing the short form would save him time and energy, was he right?

**ANSWER:** The short form is, essentially, easier to fill out, but Filbert should consider the consequences. Besides being limited to certain taxpayers, the short form eliminates claiming itemized deductions such as medical, interest, contributions, taxes, and other expenses, including the greatly increased child care provisions. Also, this form does not provide for excludable sick pay, moving, and employee business expense adjustments, nor for direct tax credits such as retirement income and investment credits. Filbert should make sure he is not costing himself money by taking the easy way out.

### From Around The Country

WHEATON, ILL., JOURNAL: "The disagreements over territorial waters can be settled only in the top echelons of national governments. Most participants in the struggle involving fishing rights are agreed that the United States has the leverage necessary to demand a halt to the harassment and stiff fines. . . The United States and international law recognize a 12-mile limit. . . A permanent, workable understanding must be reached. . ."

CORVALLIS, ORE., HERALD: "Seems strange that the taxpayer who pays for the care and medical or hospital expense of most of the alcoholic boozers and drug addicts in the U.S.A. is forced to give a lengthy financial statement and personal history, plus practically give the old homestead as security, to get past the front desk in a hospital for his own care. Discrimination it calls it."

### Buskes Tour Bible Lands

Mr. and Mrs. G.B. Buske joined Dr. Mike Gilchrist of Lake Charles, Louisiana, and Music Evangelist Felix Snipes of Atlanta, Georgia, and a large group of other people in Dallas January 7 for a tour of Bible Lands and Athens by way of New York City.

The group spent one week in Jerusalem and made side trips to the Garden of Gethsemane, the Mount of Olives, the Dead Sea, the Jordan River and other places of interest.

They also took a cruise on the Sea of Galilee and attended church services at East Jerusalem Baptist Church Sunday, January 14.

The Buskes returned home January 18.

### Surprise Party Honors Paces

A surprise party in the home of Mr. and Mrs. Patrick Pace Friday evening was a house-warming for the couple.

Host couples were Mr. and Mrs. Danny Black, Mr. and Mrs. Dale Gober, Mr. and Mrs. Jim Roy Wells and Mr. and Mrs. Mickey Wilson.

Others attending were Mr. and Mrs. Jerry Hinkle, Mr. and Mrs. Gary Brown, Mr. and Mrs. Charles Allen, Mr. and Mrs. Dale Smith, Mr. and Mrs. Robert Neelley and Mr. and Mrs. J.B. Douglas.

Following the gift presentation refreshments were served by the host couples.

### Relatives Visit Matlock Home

Weekend visitors in the home of Mr. and Mrs. E.D. Matlock were Mr. and Mrs. Sam Woodall, Martinez, Colorado; Mr. and Mrs. Tommie A. Thompson, Newark, Ohio and Mr. and Mrs. Arthur Hatcher, Borger, Texas.

Also Mrs. Cecil Lune, Midland and Glover Akers, Grand Junction, Colorado.

The visitors are nieces and nephews of the couple.

TEX. MR. SNOWMAN AND MRS. TEX....This picture of Mr. and Mrs. G.B. Buske was made in Jerusalem in January. Snowfall in that area was unusual and residents of the town helped tourists build the giant snow man. Buske, who wore his usual headgear—a Western hat on the ten day tour, was soon tagged with the nickname, "Tex."

### Mrs. Glenn Reeve Sr. Presents Club Program

Mrs. Glenn E. Reeve Sr., who was a special guest at the Thursday evening meeting of Progressive Study Club at Federated Club House, presented a program on White House Brides.

Mrs. Reeve has done a lot of research and study about different women who were married in the White House and has dressed dolls to depict different brides. She displayed the dolls and gave a brief sketch about each one.

Piano selections were presented by Carol Reeve, who was also a special guest.

Roll call was answered with "My favorite first lady."

The serving table was covered with a white linen cloth and centered with a bridal bouquet on a white Bible and

surrounded by pink and white roses. Silver candelabra and serving pieces completed the table setting.

Cookies and punch were served by Mrs. Jimmy Mabry and Mrs. J.C. Beck, hostesses.

Other guests present were Mrs. Don Reeve and daughter, Julie, Mrs. Grady Nelson, Mrs. Duane Kirchner, Melissa Prutt and Sandy Spring.

### Eight Attend Baptist Retreat

Eight Frionans spent last weekend in the mountains of New Mexico.

The group went from Friona to Glorieta Baptist Encampment for a retreat with a group from Amarillo.

Following the retreat, the two groups went to Santa Fe for some skiing.

Those making the trip were Mrs. Doyce Barnett, Carolyn Murphree, Teresa Bingham, Vicky Pryor, Lisa Taylor, Dorothy Johnston, Gary Mings and Pam Lewellen.

The Frionans returned home late Sunday.

### Texas Heritage Is Club Program Theme

"Texas Heritage" Special Emphasis on Farmer County," was the theme of the Wednesday afternoon Friona Woman's Club program. This was presented by Hugh Moseley of Farwell, who was a special guest.

The meeting, which was held in Federated Club House, was called to order by Mrs. Charles Russell, president. Roll call was

answered with unusual names of Texas towns.

Mrs. Roscoe Parr Sr. led the group in the pledge to the Texas flag. The meditation was presented by Mrs. C.W. Dixon. Sheri Rector, pianist, was also a special guest. She played several selections.

Refreshments of angel food cake and ice cream were served by Mrs. Ellis Tatum and Mrs. Charles Russell, hostesses.

### Club Program Features Hawaiian Trip Reports

Highlight of the Thursday afternoon meeting of Black Study Club in the home of Mrs. Ellis Tatum, 610 Arrah, was a report of a recent Hawaiian trip.

Mrs. F.W. Barnett, Mrs. George Frye and Mrs. Tatum reported on different incidents, which took place on the trip, some sightseeing trips and other events. Colored pictures were also shown.

Following the opening exercise, which was a matching game of flowers and stones for

each of the twelve months directed by Mrs. Tommy Tatum, roll call was answered with "Your own choice."

Mrs. Tatum served refreshments to Mesdames Johnny Mars, Ethel Benger, Travis Stone, Lois Weatherly, Emma Elmore, Harry Lookingbill, T.J. Presley, Helen Fangman, Clyde Hays, Ted White, Tommy Tatum, Dick Rocky, F.W. Barnett, Bill Carthel, George Frye and Roscoe Ivie.

Also Holly and Wendy Tatum and Bill White.

### Seniors Will Present "Absolutely Murder"

Members of the senior class of Friona High School have chosen "Absolutely Murder," as the senior play. This three act mystery comedy will be presented at 7:30 p.m. on the evenings of March 15 and March 16 in the high school auditorium.

Kate will be played by Cindy Hutson, Jayson will play the part of Sky, the role of Auntie Bess will be played by Cindy

Barnett, Carl Evans will play the part of Lane and Dr. Hooker's part will be played by Pat Phipps.

Others in the cast and the characters are as follows—Lorna, Susan Martin; Dottie, Debbie Benge; Nan, Sarah Gammon; Charlie, Matt Garth; Emeline, Carol Reeve; nurse, Vandra Nichols; Mrs. Cordyee, Davey Hill and Mrs. Cordyee, Sharon Smith.

### Landrum-Maurer Vows Exchanged In Amarillo

A double ring ceremony at 3 p.m. Saturday, February 24 in Avondale Baptist Church, Amarillo, united Jeannette Landrum and Gaylor Maurer. Rev. Jerry McFather, pastor, was the officiant.

Mrs. Elton Clark, sister of the bride, sang "The Twelfth of Never," and "The Lord's

Prayer." She was accompanied by Mrs. Earl Jones, organist.

Ushers were Bryan Landrum and Gary McIntosh. Candlelighters were Ben and Jeff Landrum. Jessica and Gwendolyn Maurer were flower girls. Mr. and Mrs. Maurer and children are at home at 1500 South Jackson, Friona.

### C. H. Veazey Wins Trip To Nassau Beach

C.H. Veazey of Friona, Texas, is one of 33 dealership Parts & Service Managers being recognized nationally for management excellence by the Ford Customer Service Division.

Veazey, parts manager at Friona Motors has been awarded an all-expense-paid trip-for-two to the Nassau Beach Hotel in the Bahamas as a result of his winning performance in a recent service merchandising program conducted by Ford and Lincoln-

Mercury dealerships across the country.

Veazey and his wife, Joyce, made the trip to Nassau the weekend of February 23-26.

They flew by way of Dallas and Miami and were in a group of other Ford employees, who had been awarded trips, and their wives.

The group spent two days sightseeing on the island and made one boat trip to other islands in the Bahamas.

### Five Frionans Make Tech Honor Roll

Five Friona students were among the 2,377 students in the College of Arts and Sciences qualified for the dean's honor list for the 1972 fall semester, according to Dean Lawrence L. Graves.

To qualify for the honor list, a student must be enrolled in 12 hours of courses, excluding pass-fail courses, and have at least a 3.0 grade point average. Texas Tech uses a 4.0 grading system.

The College of Arts and Sciences is one of six colleges and two schools at Texas Tech University, which will be observing its Fiftieth Anniversary 1973-75. The fall enroll-

ment was more than 21,490. Students recognized for their high academic achievement in the College of Arts and Sciences are—Jane Rushing, junior; and Sheila Struve, Denise Frazier, Vicki Beck and Carolyn Martin, who are freshmen.

**ATTENTION LADIES!!!** Riata Cowbells will meet at 8 p.m. Thursday in Community Room of Friona State Bank.

Mrs. Lee Britting, president, encourages all members to attend. She also cordially invites every woman in the area, who is interested in beef to attend the meeting.

### Baby Girl Born To John Baxters

Mr. and Mrs. John Baxter became parents of a baby girl at 12:08 p.m. Monday, March 5, at Parmer County Community Hospital.

She was named Janet D'John and weighed 8 lbs. 13 ozs. Janet is the first child for the couple.

Grandparents are Mr. and Mrs. Oscar Baxter and James A. Wyly, all of Friona. Mrs. Irene Pope and Mrs. Alta Wyly are the great-grandmothers.

AWARD WINNERS....Mrs. Jim Roy Wells, left, received the Friona Young Homemakers Outstanding Club Woman of the Year award from Mrs. Danny Black, president, at the Thursday noon meeting of the club, which was

held in the Community Room of Friona State Bank. Mrs. Black also presented the Willing Worker of the Year award to Mrs. Ray DeBord, right. These two awards are made annually to two deserving members of the organization.

### Son Is Born To Outlands Young Homemakers Name Outstanding Club Members

Mr. and Mrs. H.L. Outland Jr., 1404 Columbia, became parents of their second son at 2:22 p.m. Thursday, March 1 at Parmer County Community Hospital.

He was named Cory Lance and weighed 7 lbs. 12 ozs.

Cory's brother, Lon, is two. His grandparents are Mr. and Mrs. H.L. Outland Sr., Friona, and Mr. and Mrs. Norbert Schueleer of the Rhea Community.

Great-grandparents are Mrs. E.C. Dearing, Arnett, Oklahoma; Mrs. Robert Schueleer Sr. of the Rhea Community and Mr. and Mrs. S.J. Jarrell, Clovis.

Mrs. Outland and Cory were dismissed from the hospital Sunday.

Highlight of the Thursday noon salad luncheon of Friona Young Homemakers was presentation of awards to the Outstanding Club Woman of the Year and Willing Worker of the Year.

Mrs. Danny Black, president, presented the awards to Mrs. Jim Roy Wells and Mrs. Ray DeBord.

The devotional was presented by Mrs. Patrick Pace. Special guests were Mrs. Bill Ellis, Pat Phipps, who is the

club's Little Sister, and Mrs. Ernest Osborn and Mrs. Dale Gober, club advisors.

Flower arrangements were presented to Mrs. Osborn and Mrs. Gober in appreciation of their efforts and time spent in behalf of the organization.

During the business meeting, a report was given on the success of the recent concession stand at the Stock Show and plans were made for selection of a Little Sister for the coming club year.

**The Truth Will Make You Free**

Terry Brown, Minister  
Sixth Street Church of Christ

According to Acts 2, Jesus' church was established on the first Pentecost after Jesus ascended into heaven. This would make the date around 33 A.D., since Jesus was 30 years old when He began His ministry. His ministry lasted about three years before He was crucified.

Is it possible in 1973 to be a member of Jesus' church? It is possible and essential. God has made it possible for us to be in Jesus' church today by revealing what is necessary in the Bible. The New Testament reveals to us the characteristics of Jesus' church. It is our responsibility to discover from a study of the Bible what characterized the church of Jesus in the first century. If a church today has those characteristics revealed by the Bible, we can be sure it is also Jesus' church.

This results in a practical problem for us. There are many churches in existence today. These churches teach different doctrines, but they all claim the Bible as their authority. It is impossible that all of these doctrines are true, since they differ. Thus, it seems a logical conclusion that many doctrines that are taught today are wrong.

It is essential that we examine for ourselves individually what the Bible teaches about Jesus' church. This is the only way we can find Jesus' church in 1973.

Next week, we will begin examining characteristics of Jesus' church revealed in the New Testament.

### Jill Riethmayer On Dean's List

Jill Riethmayer, daughter of Mr. and Mrs. W.R. Riethmayer, Route 3, has been named to the dean's honor roll for the 1972 fall semester at Abilene Christian College.

She was one of 486 students who enrolled in at least 12 semester hours and had at least a 3.45 grade average on a 4.0 scale. She had a 3.56.

Miss Riethmayer is a freshman physical education major and a 1972 graduate of Friona High School.

### GAMES RE-SET

Next Tuesday's Little Dribblers games have been rescheduled for Friday, due to the band concert which involves many of the players.

### Getting It All Together

A complete checkup once a year — including important cancer tests — is the best way to protect your health, says the American Cancer Society.

**Jack D. Wardlaw is Gifford-Hill in this area.**

He's new in this area, but not to irrigation. He's a specialist. And he's highly qualified to help you with any irrigation problems you may have. He's got the very best equipment available to do it with, too.

Gifford-Hill's 360, Gifford-Hill's Side Wheel Roll, Gifford-Hill's Water Gun, Vanguard PVC Plastic Pipe and Clad Aluminum Pipe. Plus a long list of accessories.

If you haven't already met our new irrigation expert, drop by soon and get acquainted. And while you're there, let him show you the latest additions to Gifford-Hill's line of irrigation equipment.

**It's A Boy For Mickey Wilsons**

Brady Lance is the name Mr. and Mrs. Mickey Wilson chose for the baby boy, who was born to them at 5:05 a.m. Wednesday, February 28, at Northwest Texas Hospital, Amarillo.

The Wilsons have an older son, Cody Lane, who is two. Mr. and Mrs. Elvin Wilson, Friona, are the paternal grandparents. Maternal grandparents are Mr. and Mrs. E.G. Phipps, also of Friona.

Great-grandparents are Mr. and Mrs. Grady Wilson, Sturgis, South Dakota; Mr. and Mrs. George Robertson, Hereford; Mr. and Mrs. Charlie Phipps, Muleshoe; and Mr. and Mrs. G.E. Elliott, Midland.

Mrs. Wilson and Brady returned home Saturday after being dismissed from the hospital.

**James Proctors Have Visitors**

Weekend visitors in the home of Mr. and Mrs. James Procter, 1403 West Sixth Street, were Mr. and Mrs. Ronnie Procter and children, Jeff and Jenny, of Beeville, Texas, and Mr. and Mrs. Dwayne Procter and children, Daran and Wade, of Lubbock.

Ted Procter, who is a student at Lubbock Christian College, was also at home.

Other Sunday visitors in the Procter home were Mr. and Mrs. J.O. Peterson, Susie Peterson and Roger Brown, all of Lamesa; and Mr. and Mrs. Billy Lynn Marshall and daughter of Bovina.

The Petersons are Mrs. Procter's parents, and Miss Peterson is her niece.

**Jimmie G. Nall Is Outstanding NCO**

U.S. Air Force Technical Sergeant Jimmie G. Nall, son of Mrs. Geraldine Greer of Friona, Texas, has been named Outstanding Noncommissioned Officer of the Quarter for the Tactical Communications Area at Holloman AFB, N.M.

Sergeant Nall, a supply supervisor, was selected for his exemplary conduct, leadership and duty performance. He is a member of the Air Force Communications Service.

The sergeant, a 1954 graduate of Seminole, (Okla.) High School, has served in Vietnam and the Republic of Korea.

His wife, Betty, is the daughter of Harry W. Hale of Clovis, N.M.

**Engagements Announced...**

**ESTHER GAIL SMITH...**Mr. and Mrs. Ralph Smith, 612 Woodland Avenue, have announced the engagement and approaching marriage of their daughter, Esther Gail, to Danny Gene Baize, son of Mr. and Mrs. Selwyn Duane Baize, 507 West Fifth. The couple will be married in First Baptist Church Saturday, April 28, at 7:30 p.m. Wedding invitations are not being mailed locally, but friends of the couple are invited to attend.

**SHARON CROFFORD...**Mr. and Mrs. F.G. Crofford, 1001 West Sixth, are announcing the engagement of their daughter, Sharon, to Mike Mills, son of Mr. and Mrs. Wayne Mills, 510 East Ninth. The couple plans to exchange wedding vows at 7:30 p.m. Friday, June 22, in First Baptist Church, Friona. They are 1971 graduates of Friona High School and students at Texas Tech University, Lubbock. Invitations will not be mailed locally, but friends are invited to attend.

**St. Teresa Society Views Christian Film**

St. Teresa's Ladies Society met February 28, after the evening Mass for the regular monthly meeting.

Sylvia Roth, president, reported that a speaking system for the church had been purchased.

Reports of the Senior Citizens of Friona were given. The society decided each member should receive approximately five names of persons to honor throughout the year.

Matilda Caballero was elected

Mrs. Nita Webb and Mrs. Bonnie Coy, both of Lubbock, were Sunday visitors in the home of Mrs. Vickie Minshew and daughter, Katye. Mrs. Webb is Mrs. Minshew's mother and Mrs. Coy is her sister.

ed the society's representative in Parish Council.

The society voted in favor of taking the Educational Program as its project. It is in need of a sixteen millimeter film projector.

The hostesses for the meeting will present the offering during the Mass Tuesday evening preceding the meeting.

Hortencia Bermea, Irene Bermea and Angela Bermea volunteered to prepare the meat for the tamales to be sold March 18 after the 10:30 Mass. Toni Castillo and Olivia Ortiz will be hostesses for the next meeting.

Mella Castillo and Irma Raymond will be in charge of church cleaning this month. A retreat for the Knights of the Altar was discussed and planned.

Sylvia Roth gave a demonstration on the laundering of the church linen.

The film "Christians and Jews and Jesus," narrated by Thomas Klise was shown by Rev. John Coppinger.

Members present were Matilda Caballero, Mella Castillo, Olivia Ortiz, Irma Raymond, Evelyn Ball, Susie Perez, Toni Castillo, Sylvia Roth and Helen Fangman.

Also three new members Wanda Eakins, Angela Bermea and Hortencia Bermea.

After the meeting adjourned, cake and coffee were served.

**Martha Bates Honored With Party**

Sixth grade pupils who attend a Sunday morning Bible class at Sixth Street Church of Christ, which is taught by Mrs. Martha Bates, surprised her with a birthday party Wednesday evening.

The party was in the home of Mr. and Mrs. Walter Cunningham.

Following the gift presenta-

tion, refreshments of birthday cake, ice cream and punch, were served.

Others present were Mr. and Mrs. Sterling Graham, Mrs. A.L. Reznik, Mrs. Larry Fairchild, Jan Mason, Christy Lundy, Christy Cunningham, Tammy Fairchild, Jeff Peak, Ky Graham, Pat Reznik and Darcy Renner.

**National Girl Scout Week Will Be Observed Locally**

National Girl Scout Week for 1973 will be March 11 through March 17.

The Caprock Girl Scout Council will have exhibits and demonstrations of troop programs at South Plains Mall, Lubbock, Saturday, March 17 from 10 a.m. to 5 p.m.

Seventy troops from the council have registered for a part in the "Malvelous" Celebration. Songs, games, first aid, pantomines, needlecraft, yoga and quilting will be among the demonstrations and exhibits from the fourteen service units represented.

One section of the event will be centered around the international friendship aspect of Girl Scouting.

Friona residents, who are on the cable, will be able to see Girl Scouts in living color and to listen to the Caprock Council

Chorus, hear the new wording of the Girl Promise and Law and to see two Girl Scouts from foreign countries by tuning in Channel 8 or 9 at 6:30 p.m. Sunday, March 11.

This will be a thirty minute program.

Local Girl Scouts will begin observation of the special week by attending church services Sunday morning.

At 2 p.m. Sunday, March 11, a program will be presented in the Grade School Auditorium. Jill Riethmayer, a 1972 graduate of Friona High School and a student of Abilene Christian College, will show a film entitled "Our Cabana."

Miss Riethmayer visited this special Girl Scout meeting place in Cuernavaca, Mexico last summer and will relate some of her experiences on the trip.

"Our Texas Heritage," written and narrated by Troop 24, will be presented.

The background murals featuring grassland, an XIT cowboy, irrigation and feedyard areas and a homestead were made by members of Troop 211 with the assistance of Mrs. Bill Ellis, local artist.

Refreshments will be served at Girl Scout House following the program.

Everyone in the area is invited to attend.

**ESA Has Regular Meeting**

The regular monthly social meeting of Epsilon Sigma Alpha was held Tuesday evening in the home of Mrs. Martha Upton, 717 Pierce Avenue.

Following a game and record playing session, the hostess served refreshments to Mrs. Joyce Parker, Mrs. Keith Lynn Blackburn and Mrs. James Andrews.

**Fourth Child For Thompsons**

Mr. and Mrs. Davey Thompson became parents of a baby boy at 9:30 a.m. Thursday, February 22, at Parmer County Community Hospital.

He weighed 8 lbs. 2 ozs. and was named Davis Madison IV.

Older children of the couple are Brandon, Tawnie and Jeffery.

Grandparents are Dave M. Thompson Jr., Friona; and Mr. and Mrs. L.E. Dollar, Dimmitt.

**The Lutheran 'A Gospel-Centered Church'**  
Rev. Duane Kirchner

**"YOUR FAITH-A RESPONSE"**  
Lutherans believe that God tells us how He loves us by what He has done for us in Jesus' death and resurrection and then God's Holy Spirit works to change our lives.

**THE LAW.** God created perfect people and expects people to be perfect. God's Law (God's requirements, for example, the 10 commandments) tells us what God expects of us and shows us that there is no way we can be perfect (Romans 7). We can't even attempt to keep God's commandments to gain back perfection (Romans 7:19-20). We are sinners who are helpless; we need help from someone else.

**THE LAW DOES NOT SAVE.** Some people think they can do things for their salvation. This contradicts Ephesians 2:8-9. I'm surprised how many people tell me they'll go to heaven because they keep God's commandments. According to Romans 7 the Law shows us sin and leads to more sinning against God.

**GOD'S GOOD NEWS.** The Gospel tells us what God has done and will do to save us from our separation from God caused by our sin. It tells us how God loved people so much that He sent Jesus to conquer sin and death so that we can have life with God forever.

**FAITH-A RESPONSE.** God's Spirit causes us to accept Jesus as our Savior. When Jesus died and rose again He obtained forgiveness of sins and peace with God for us. The Holy Spirit gives that forgiveness and peace to you when you hear God's Word or when you receive Baptism or the Lord's Supper. Faith is a gift from God which accepts, believes, trusts, relies upon, and claims this gift from God. See 1 Corinthians 8:11. Faith is letting God into your life and accepting Jesus. That's the response the Holy Spirit causes in us when we hear about Jesus of Nazareth.

**Trust In God Matters Most In Life**

Read Mark 8:34-38

*What shall it profit a man, if he shall gain the whole world, and lose his own soul?* --Mark 8:36

The great impact of this observation by Jesus has often been lost in an effort to apply it to trivial things. These words put the clincher on His previous advice: "If any man will come after me, let him deny himself, and take up his cross, and follow me." Some of life's choices are either-or! There is no neutral answer to them.

Jesus did not deplore the need or place of material things. He simply said no amount of material gain can answer the real questions of life.

Stewardship is a matter of giving the spiritual priority over the material. It means facing the choices of life within the framework of the question. How will this decision affect my spiritual life and the kingdom of God? Once that is clear, the question of how much shall I give or even how little is no longer the primary one. Instead we ask, "How much shall I keep?" Approaching it this way changes one's whole idea of what is secure and real. It makes trust in God the one thing that matters most.

*PRAYER--Our Father, teach us to know the difference between what we think is important and what we know is essential. So may we always put first in our lives that which is essential. Amen.*

**THOUGHT FOR THE DAY**

*Life is a gift to cherish and be thankful for.*

### 'Phone Co-op Annual Meet Is Thursday

Three directors will be elected at the 19th Annual Meeting of West Texas Rural Telephone Cooperative, Inc. at 7:30 p.m., Thursday, March 8, 1973 in the Community Center at Hereford.

Directors will be named to the three exchanges of Hub, Parmer and Dawn.

Nominees for the positions are Charles Myers and D.L. Carmichael-Hub Exchange, James W. Dixon and Raymond Schueler-Parmer Exchange, Robert R. Strain and Raymond Schlabs-Dawn Exchange.

Present directors are Jimmy Cokerham-Tharp, James Dixon-Parmer, Keith G. Brock Hub, Edwin Morrison, Sr.-Westway, Robert R. Strain-Dawn, James Ensor-Oklahoma Lane, and George L. Olson, Frio Exchange.

The meeting is being held in the Community Center at Hereford, with election of directors, reports on the General Operations of the Cooperative, and report on the status of the Department of Agriculture's announcement that the REA electric and telephone direct loan programs were being converted to insured and guaranteed loan programs and interest rates are being increased to five per cent. An invitation to attend this Annual Meeting is extended to all patrons of the Cooperative.

ENTERTAINS....The 1972-73 Maize Queen, Carolyn Murphree, entertained guests at the annual Chamber of Commerce banquet last Tuesday. Miss Murphree, a senior at Friona High School, presented two vocal selections.

### Conservationist Tells Of Year's Activities

[Editor's note. Following is the first of a two-part article on the work of the local Soil & Water Conservation District during 1972].

1972 was an active and diversified year for presenting conservation to the farmers in the Parmer County Soil and Water Conservation District.

The high point of the year was the Final Acre Ceremony, Held at Parmerton, a central

point in the county, it signified the completion of the field work for the Standard Soils Survey in Parmer County.

An attractive brochure was prepared to publicize the event and was distributed throughout the county. The Master of Ceremonies was A.L. Black, former president of the Texas Association of Soil and Water Conservation Districts.

Keynote speaker was Ed Thomas, Texas State Conservationist. At the close of the program the district directors presented each FFA Chapter in the district an attractive soils display of the seven major soils in the district.

Service to district cooperators was improved due to the added efforts of the district's clerk, who has been employed for the entire year. The Board of Directors also cooperated with the local high school by hiring a Distributive Education student to assist with office work.

The weekly radio program brought all phases of conservation news to local farmers. To finance its work, the Parmer County Soil and Water Conservation District participates with the State in the matching funds program.

#### SPONSORS AWARDS

The district sponsored four entries in the Texas Conservation Awards Program for 1972. The Outstanding Conservation Farmer Entry was presented a plaque by the local Lions Club. The Outstanding Weekly Newspaper had a good presentation.

The Parmer County Soil and Water Conservation District itself was an entry. There were over sixty essays entered locally. The district winning essay was sent to Fort Worth for statewide competition.
