

McCamey B&PW Club Holds Meet

McCAMEY—The Business and Professional Women's Club met for its regular monthly business session and program in the Girl Scout "Little House" Monday evening. Mrs. Ruby Braly presided at the business meeting.

Miss Julia Tullis, Miss Jane McLean, Mrs. Stella Lee and Mrs. Helen Cooper were named to the nominating committee for this year. Following the business session, a program styled after a radio panel discussion was presented. Mrs. Crystal Jacobsen and Miss Ruby Nible Braly were in charge of the program. Oliver Jacobson interviewed several club members. Miss Jane McLean presented the music for the program.

Muffins should be removed immediately from their pans, when they have finished baking, and should be served at once.

Variety Of Hobbies Will Be On Parade In Modern Study Club Show March 20-22

Hobbies varying from painting to collecting stamps, Indian relics and souvenir spoons will be on display at the Antique-Hobby Show which the Modern Study Club will sponsor March 20-22 in the City-County Auditorium.

Mrs. C. C. Keith, chairman of the hobby displays, reports approximately 30 entries already are assured. They come from Big Spring and Odessa, as well as from Midland. Others are invited to enter collections or displays of any type of hobby.

Spoons, Glass, China
Stamp collectors who have promised entries are Robert Clarke, who will show a variety of United States airmail stamps, and Albert Kelley. The Indian collection is that of C. E. Bissell, who has some interesting archaeological specimens and authentic Indian gear.

The souvenir spoons, a hundred of them, will be shown by Cordelia Taylor. Mr. and Mrs. G. E. Mer-shaw have entered a large collection of glassware, which includes ten patterns. Antique cups, all the same shape, with saucers and plates will be placed on display by Mrs. J. Howard Hodge.

Mrs. Edwin Boggs' collection of glass and china slippers will be seen, as will Mrs. DeLo Douglas' figurines, cups and saucers and the doll collection of her daughter, Carol Anne.

Two hobbies will be exemplified in Mrs. F. H. Lanham's display of antique picture frames holding paintings which she has done. Hand-work will be shown by Mrs. J. O. Estes of Fort Worth, Mrs. Whitmore and Mrs. N. E. Larsh.

Old Reading Matter
Bound copies of Harpers Bazaar, some more than a century old, and equal antiquity will be entered by Mrs. Don Strala. R. W. Richardson of Odessa will show a number of curios, including a hand-made Turkish knife and a meat grinder hewn from hickory wood.

In addition to the hobby display, the show will include antiques from dealers in Midland and nearby cities. Ten dealers already have reserved space.

Tickets for the show are on sale by members of the Modern Study Club, of which Mrs. F. R. Schenck is president. Proceeds of the show will be used for club projects, including a contribution to a Woman's Club Building.

Leftover potatoes, finely diced, may be added to a curry of lamb to stretch it.

Fine Arts Club Has Hobbies As Program Topic

Crafts, collections and other types of hobbies supplied the program topic for the Fine Arts Club at a meeting Wednesday in the home of Mrs. B. R. Schabarum. It was one of the year's series of programs on the subject, "Romance of Fine Arts."

Mrs. J. Clifford Hall, discussing "Romance of Crafts and Hobbies," emphasized that everyone has a hobby, sometimes in connection with his everyday work, sometimes as a relief from that work. Even so ordinary a pastime as reading may be a hobby, she said. She also spoke of the psychological effects of hobbies.

Examples of various kinds of silver were shown by Mrs. B. R. Schabarum as she spoke on "Romance of Old Silver." Pieces of Sheffield plate, sterling coin silver and silver plate, most of them from her own collection, were displayed and became the subjects of general discussion.

Mrs. Harry Miller was presented as a new member, and Mrs. N. J. Taylor of Elgin, Ill., was a guest. Refreshments were served to them and to Mrs. Nelson Fuest, Mrs. Roy Parke, Mrs. Ralph Oberholzer, Mrs. Y. D. McMurry, Mrs. George Kidd, Mrs. J. Howard Hodge, Mrs. Dewitt C. Haskin, Mrs. J. O. Carner, Mrs. Wilson Bryant, Mrs. L. G. Byerley, Mrs. E. H. Barron and Mrs. Hall.

West Elementary Girl Scout Troops Hold Birthday Meet

A birthday cake with 37 candles was the center of attraction Wednesday afternoon when members of the six Browline and Girl Scout troops of Midland's West Elementary School met jointly in the school's auditorium to celebrate the 37th birthday anniversary of Girl Scouting in the United States. More than 100 Scouts participated in the program, which was arranged by Mrs. E. B. Dilly.

Mothers of Girl Scouts and Brownies attended as guests of honor.

Mrs. Harold Huffman, organization chairman of West Elementary, welcomed the party visitors. Mrs. E. B. Morgan, president of the Midland Girl Scout Association

Board, told of plans for the annual Girl Scout Summer Camp in the Davis Mountains and distributed camp folders. She also announced the Girl Scout poster contest being sponsored by the Modern Study Club in connection with its antique-hobby show. Mrs. Jack Bliss was another guest speaker.

Flag Ceremony

The Scout program opened with a Flag Ceremony by members of Troop 20 under the direction of Mrs. H. H. Redding. Mrs. Otto Deas and Mrs. George Bennett, leaders.

The history of Girl Scouting was presented by Troop 19, of which Mrs. Dilly and Mrs. Ed Murphy are leaders.

"Sandy Land" was the title of a folk dance presented by Troop 19, of which Mrs. Dilly and Mrs. Ed Murphy are leaders.

Troop 6, led by Mrs. Morgan, Mrs. F. H. Speers and Mrs. C. E. Horton, staged an investiture ceremony.

The Brownie Smile Song was presented by members of Troops 34 and 35. Mrs. Victor Horn is the Troop 34 leader, and Mrs. Fred Riley is the leader of Troop 35.

"When Nellie Was A Baby" was the number presented by Troop 17 of which Mrs. Bill Collins and Mrs. Howard McKay are leaders.

Friendship Fund

The presentation of gifts to the Juliette Low World Friendship Fund was a highlight of the program. One girl from each troop participated in the presentation ceremony. Juliette Low founded the Girl Scout movement in the United States.

The refreshment table had as its centerpiece the birthday cake, which was iced in yellow, with green trefol. Yellow jonquills and greenery were at either end of the table, further accentuating the Girl Scout color motif.

Green punch was served with the cake. Mrs. Vernon Bottoms, city organization chairman, presided at the punch bowl.

Articles made by the various troops were on display during and following the birthday party.

Pre-School Parent Study Group Meets

Two phases of the development of a pre-school child were discussed at a meeting of the Parent Study Group sponsored by the Midland Parent-Teacher Council Wednesday morning. Mrs. O. L. Stalcup was hostess in her home.

Mrs. G. W. Herring presented the topic, "Playtime is Growing Time," and Mrs. J. B. Bain, "Freedom From Fear." Others present were Mrs. Ralph Lowe, Mrs. Carl Covington, Mrs. Norman Dawson, Mrs. E. B. Ray, Mrs. W. O. Stallings, Mrs. R. C. Sennig, Mrs. J. J. Black and Mrs. J. H. Doran.

The next meeting, at 9:30 a. m. March 23, will be in Mrs. Lowe's home. Mrs. Stalcup will speak then on "How Intelligence Develops" and Mrs. Black on "Thumbs Down on Prejudice."

Zeta Tau Alpha Chapter Will Get Charter

The Zeta Tau Alpha Alumnae Association of Midland will become a chartered alumnae chapter at its April meeting, members learned at a business meeting in the home of Mrs. R. B. Lambert Wednesday. Mrs. Thornton Hardie will be hostess to the group in her home on April 13 for the charter program. Officers for the 1949-50 year were elected Wednesday with Mrs. L. O. Thompson as president. Mrs. Lynn Durham was named vice president; Mrs. A. E. Pettit, recording secretary; Mrs. Lambert, corresponding secretary; Mrs. William Bird, treasurer, and Mrs. Erle Payne, historian.

Other members present were Jane Ferrell, Mrs. L. M. Freels, Mrs. W. S. Nelson, Mrs. W. W. Walsley and Mrs. Hardie.

Showers Honor Janice Jones

Janice Jones, whose marriage to Jonny Rhodes of Plains is to be an event of March 26, is being commemorated with a series of parties this week. Miss Jones returned the first of these from Abilene, where a shower was given for her Sunday afternoon by former schoolmates in Abilene Christian College.

Mrs. T. L. Dunlap and Rita Dunlap were hostesses in their home, 301 North Pecos Street, with a Tuesday-planned kitchen shower for Tuesday night. Each guest was asked to bring a gift suitable for a bride's kitchen, an article beginning with the same letter as the giver's last name.

The honoree was presented a corsage made of gold-colored potscrapers, tied with yellow ribbon. Each guest hemmed a tea towel to be presented to Miss Jones, and she was also given the dishcloths which served as napkins when the "kitchen snack" of beans, cornbread and coffee was served for refreshments.

Shower Guests

Guests were Mrs. Addison Young, Mrs. Paul Jackson, Mrs. Shirley McGlaun, Mrs. A. G. Bohannon, Mrs. J. C. Mann, Mrs. Fred Schooler, Jean Schooler, Mrs. W. E. Wicker, Mrs. Ernest Hanks, Mrs. John Barnett, Mrs. L. A. Euykendall, Mrs. D. V. Mitchell, Mrs. D. E. Gabbert, Mrs. Woody Holden.

Mrs. Raymond Hines, Mrs. Jack Hanks, Mrs. W. F. Hejl, Mrs. O. P. Wallington, Mrs. E. W. Wallington, Mrs. Tommy Wallington, Mrs. Roy Tuggle, LaVella Tuggle, Mrs. Joe Atkins, Mrs. Goodrich Hejl, Mrs. Quay Hamlett, Mrs. T. A. Golladay, Mrs. Cleve Cullers and Mrs. Garvin Beauchamp.

The party at Abilene Sunday was a lingerie shower with Beverly Hale, Gwen Bankhead and Joy Gale Petty as hostesses in the parlor of McKenzie Hall at ACC. Miss Jones was a student at ACC during the Fall semester.

Gift packages had been hidden about the room, and the honoree was sent to find them all. Refreshments were served from a lace covered table centered with Spring flowers.

VACATION IN MEXICO

Mrs. and Mrs. R. B. Cowden and Mr. and Mrs. W. M. Blevins are spending a vacation in Mexico, after a trip to Mexico City by plane. They planned to spend a few days in the capital city and then go to Acapulco for deep sea fishing before returning about March 15.

Fight Is Right Word, Girls, That's A Rough Rut To Dodge

By RUTH MILLETT
NEA Staff Writer

A group of college girls recently interviewed by a New York World-Telegram reporter admitted marriage was their number one ambition but all declared they were going to fight against ever slipping into the "bridge playing, garden club rut."

Well, girls, it's going to be a long, hard fight.

It may be fairly simple at first to steer clear of the clubwoman routine, especially if you have a job during the first year or two of your married life.

But every year the fight will get tougher. As you and your husband settle down to take your place in your community all sorts of pressures will be brought to bear.

For instance, there are all those auxiliaries made up of women who have nothing in common except that their husbands have something in common.

And, though you may have sworn never to join a bridge club, there'll come a day when you oblige a friend by filling in for an absent member of her club. First thing you know you'll be asked to join and you won't even be able to plead that you don't know how to play bridge.

Bonnie Bogardus To Teach Art Classes At Palette Studio

An art class for children was started Wednesday by Bonnie Bogardus, who plans to conduct a class for adults later, teaching various branches of art. She will teach in the Palette Club Studio.

Mrs. Bogardus studied art extensively in her native England. She has lived in the United States about a year and a half, and came to Midland shortly before Christmas. She and her husband, Robert Bogardus, reside at 406-A Estes Street.

Their home was in Abilene before they moved to Midland, and Mrs. Bogardus was a member of the Art Group there. She was invited to speak on art to the group, and also at Abilene Christian College, and she painted several portraits there.

Her training as an art teacher was gained chiefly during her five years study in the Arts and Crafts School of London. There she studied life drawing, composition and other phases of painting, and related crafts.

Birthday Story Is Told Brownie Troop

A story about the beginning of Girl Scouting and its founder in the United States, Juliette Low, was told to Brownie Troop 36 by Mrs. L. M. Freels, leader, at a meeting in South Elementary School Tuesday. Plans were made to complete posters for the Modern Study Club's antique-hobby show at the next meeting.

A birthday cake given by the Midland Girl Scout Council in honor of the anniversary of Scouting, was served with milk. After the program, the troop attended the South Elementary Parent-Teacher Association meeting.

Girls present were Gwendolyn Thompson, Brenda Douglas, Nancy Ann Brooks, Billie Helbert, Barbara Grimes, Cynthia McDonald, Patricia Nix, Juanita Jones, Myrtle Jean Rhoden and Wanda Payne.

Mary Graham Is Featured In Recital

DALLAS—Mary Catherine Graham, daughter of Mr. and Mrs. W. T. Graham, 102 Butler Street, Midland, was featured in a student music recital at Southern Methodist University Monday.

A junior majoring in music education, Miss Graham played piano selections. The recital was held in Fondren Auditorium.

Before coming to SMU, Miss Graham attended Christian College at Columbia, Mo. She was graduated from Midland High School in 1946.

The young pianists do not neglect the masters, but they present also the works of Hindemith, Copland, Martinu, Bartok, Milhaud, Reiger and Bowles. Their program here will be presented in the Midland High School Auditorium, beginning at 8:15 p. m.

EAT PLENTY AND TAKE OFF UGLY FAT

When you buy Barostrate, you buy a preparation for taking off weight. You do not pay for any printed diet or for vitamins to fortify you against weakness while on starvation diet. You need never know a hungry moment while taking this preparation. Barostrate is the original grapefruit juice recipe for weight reduction.

Just go to your druggist and ask for four ounces of liquid Barostrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take just two spoonfuls twice a day. That's all there is to it. If the very first bottle doesn't show you the simple, easy way to take off ugly fat, return the empty bottle for your money back.

Lost 56 pounds

Here is what Mrs. L. J. Bryant, P. O. Box 54, Whitesboro, Texas, wrote us: "I want to tell you what Barostrate has done for me. I weighed 268 pounds when I started taking it. I now weigh 212. I have taken my dress size down from size 50 to 44 and never felt better in my life and everybody tells me how much nicer spoonfuls twice a day. I look like I did. I am still taking Barostrate as I want to get my weight down to 180 or 170 pounds."

Committees Named In VFW Auxiliary For Benefit Party

Committees for the party which the Veterans of Foreign Wars Auxiliary will sponsor in the City-Country Auditorium Friday night have been announced by Mrs. Wilburn Ray president.

Mrs. Erle Cecil will be in charge of tables. The committee on prizes includes Martie Miller, Betty McMullen and Frances Bird. On the concession committee are Mary Jones and Lois Carter. Mrs. C. B. Taunton is directing publicity.

The party is planned to benefit the auxiliary's general fund. The public is invited.

First Baptist WMS Schedules Luncheon

A luncheon in the Recreation Hall of the First Baptist Church Monday will precede a Bible study program and a period of visits for members of the Woman's Missionary Society. Each circle of the society will be responsible for its own table at the luncheon.

Bible study will be in charge of Mrs. J. M. White, Mrs. R. O. Walker, Mrs. Clint Dungan and Mrs. Richard Hinkle. The luncheon is scheduled to begin at 12:15 p. m.

Social Situations

SITUATION: When you and your husband are guests in a friend's home you notice that he sits still when you think he should be offering to help the hostess.

WRONG WAY: Tell him what to do.

RIGHT WAY: Realize that it is not good manners to correct your husband's manners in front of others. If you think the hostess needs help, offer to help her yourself, which probably will act as a gentle hint to your husband.

Kremlin Has Problem

Not long ago the Communist leaders in France and Italy made some conciliatory statements. They said, in substance, that there was no reason to fear war between the East and the West in Europe.

United States policy has had its own spells of uncertainty since the war. It hesitated between softness and firmness toward Russia. It vacillated in its attitude toward the new state of Israel.

This firm policy may be reflected in the reaction of the French and Italian governments to the latest Communist tactics. France is cracking down hard on the Communists in retaliation, and Italy seems in a mood to follow suit.

Of course, the tactics in question can scarcely be classed among the more adept creations of the Communist master minds. They are tactics that could only appeal to those who already owe their allegiance to Moscow.

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

(Copyright, 1949, By The Bell Syndicate, Inc.) Drew Pearson says: Navy Secretary Sullivan serves resignation notice if unification bill passes; Congressman Douglas grills ECA Chief Hoffman; Electric company lobbyist lectured by McKellar.

WASHINGTON—Sitting in front of President Truman the other day, Secretary of the Navy John Sullivan gave virtual notice that he would resign if the new armed forces unification bill is passed by Congress.

After the new unification bill finally was complete, and after Sullivan had registered all his objections, Secretary of the Treasury Stuart Symington turned to him and said: "Are you going to support this bill when it goes up to the hill, John?"

Senator McKellar promptly put the ad in the committee's record. Then, turning to Smith, he almost roared: "Is this put in as a threat to congressmen that CIO workers are not going to support them unless they adopt your views about this plan?"

Our Uncle Sam Is Operator Of World's Largest Motor Fleet

WASHINGTON—In addition to being the world's biggest spender, lender and giver-awayer, your Uncle Sam is also the biggest owner and operator of motor cars, trucks and buses.

This is revealed by a new Budget Bureau motor vehicle report covering operations of the U. S. government's fleet of motor vehicles for the fiscal year 1948. While the report gives no breakdown by make of car or truck, it does provide good figures by which commercial fleet operators and even the owners of family jalopies can compare cost and upkeep data.

Midland County's quota is \$1,555.

Basic Science Bill Left Dangling After Long House Session

AUSTIN—(P)—The House could begin debate all over again Thursday on the basic science bill it left dangling about 8 o'clock Wednesday night.

Opponents of the bill bombarded amendment after amendment for more than six hours Wednesday. Backers withstood the siege and left only six amendments which made minor changes get by.

Still more amendments were on the speaker's desk when a motion to adjourn carried by one vote, 69-68.

The bill would set up a state board to examine and issue licenses to all practitioners of the healing arts. It is sponsored by the State Medical Association. Chiropractors have fought it tooth and nail.

The House had begun to smell like fried chicken and hot coffee an hour before adjournment came. Members milled about eating snack lunches pages had gone after. Nerves were fraying.

The bill would set up a state board to examine and issue licenses to all practitioners of the healing arts. It is sponsored by the State Medical Association. Chiropractors have fought it tooth and nail.

The House had begun to smell like fried chicken and hot coffee an hour before adjournment came. Members milled about eating snack lunches pages had gone after. Nerves were fraying.

Rep. H. A. (Salty) Hull of Fort Worth urged the House to adjourn. "You're tired and I'm tired to a point that is silly," he said. "I like this bill but I object to a majority holding my feet to the fire."

Tidelands Fund Pushed.

The basic science bill has been approved by a Senate committee but has not yet been debated on the floor there.

Unanimous approval by the Senate Finance Committee Wednesday sent a \$100,000 appropriation bill for the state's tidelands fight to the Senate floor. Immediate printing of the House bill was ordered so the Senate could give it quick attention.

Attorney General Price Daniel said he needed to hire six assistants to help prepare the state's case against the federal suit claiming Texas tidelands. The U. S. Supreme Court hearing begins this month.

How's Your Throat? Smoke-Free America Pictured In Address By Atomic Scientist

GALVESTON—(P)—A University of Chicago scientist looked into the future Thursday and speculated on what an atomic-powered America might look like.

T. R. Hogness, director of the Institute of Radiobiology and Biophysics, visualized a smoke-free nation studded with 100 or more electrical generating plants, each with a capacity of a million or more kilowatts.

Large metropolitan areas might be equipped with atomic heating piles to produce steam for heat. The more isolated homes would be heated by electricity. There would be no smoke problem.

Hogness spoke before the opening business session of the Spring meeting of the Southwestern District of the American Petroleum Institute's Division of Production. Auto Fuel Not Affected.

But, he told the oilmen, fuel for vehicle transportation would not be affected by atomic energy.

He explained the radioactivity emitted by a large atomic pile is thousands of times greater than that of all the purified radium in existence.

"To protect the workers about such a pile, a shield of quite a few feet of concrete is necessary. Concrete is the material chosen since it is cheapest . . .

Imagine driving a car or a locomotive with an engine housed within five-foot walls of concrete on all sides.

Such considerations do not apply to ships, the scientist said.

He said, however, that railroads operating by electricity could easily find it more economical to get their power from the atomic power producers.

Within 20 Years

Hogness said his subject, "Nuclear Fission as a Source of Competitive Energy," is highly speculative in that there is as yet no such thing as atomic power.

"But surely we shall have this power and in the not too distant future," he said. "Let us take it for granted, we shall have an atomic energy pilot power plant of at least some hundreds of horsepower within five years, and one or more plants of 100,000 horsepower or more in 20 years."

He made his brief look into the future after assuming there will be no atomic war.

Wants In Heads Of Wild Tigers Not In Mouths

By HAL BOYLE
NORTH MIAMI—(P)—There is a man here who has spent most of his life trying to get inside the heads of wild tigers—to understand them better.

And at the least a dozen tigers in the last 34 years have obliged him by trying to get him into their heads—a big job at times.

But they were not looking for better understanding, smiled Capt. Roman Proske Wryly. "They were looking for nourishment."

Proske, 50, breeds and raises tigers and lions at his North Miami Zoo here. He sells them to zoos or trains them for circus acts. For two decades he has been internationally recognized in his field.

The captain, a short, chunky, kindly man, holds an honorary membership in the Association for the Prevention of Cruelty to Animals. It was granted him because he trains his tigers without guns, prods or other pain or fear-evoking devices. He uses only a light whip.

"It is not courage that counts in wild animal training," said. "Those with courage alone simply don't survive.

Think In Tiger Terms

"You have to think in terms of the animal to stay alive. You have to understand him. You have to teach him to have confidence in you—confidence that you don't want to hurt him."

Proske understands tigers so well that he holds no grudges against the twelve that have tried to make a meal of him. People who live in an arena of death become either neurotic or philosophic. And this tiger has made Proske a philosopher.

"I can love tigers," he said, "but tigers can never become tame and love people. To them a man is something to try to avoid—or something to try to eat."

One day the trainer has a headache or an upset stomach, says Proske. He isn't up to par physically, and the big cats sense it instantly. If he glances away or turns his back—one pounces and grabs him.

"But how can I be mad at a tiger merely because he tried to eat me?" asked Proske. "After all I shouldn't be in a cage with tigers, and tigers don't belong in a cage either. We both have no business there.

But only one ever embarrassed him. During an act in his van a tiger made a swipe at him—and tore off his trousers.

"Luckily," said Proske, "I was wearing shorts."

Committees Named For Cowden Class St. Patrick's Tea

Committees for the St. Patrick's Day silver tea which the Eva Cowden Class of the First Baptist Church plans for next Thursday have been announced by Mrs. Joe Mims, general chairman. The class invites the public to this tea in the social building of the church at 2:30 p. m.

Mrs. Russell Cotton, a guest, will be presented in a review of Lloyd Douglas' novel, "The Big Fisherman."

Mrs. J. M. White is teacher of the class. Appointed on the invitation committee for the tea are Mrs. F. A. Nelson, Mrs. W. L. Johnson and Mrs. Tommy Withrow. Hall decorations will be in charge of Mrs. E. Storey, Mrs. E. B. Richardson and Mrs. J. W. Durham, and the tea table of Mrs. Floyd Boles, Mrs. L. E. Patterson and Mrs. Raymond Leggett.

On the tea plate committee are Mrs. E. D. Williams, Mrs. Gabe Massey, Mrs. Lester Boone, Mrs. D. G. Roberts, Mrs. Vernon Yearby and Mrs. Earnest Neill. Mrs. Bob Pine will have charge of the registry.

The serving committee includes Mrs. Iah McKnight, Mrs. Floyd Smith, Mrs. Tommy Henderson, Mrs. W. N. Orson, Mrs. M. T. Bryant and Mrs. J. B. Cuffman. Mrs. Mims is making program arrangements.

High Clouds Over State Disappear In Crisp Weather

By The Associated Press
Texas weather was crisp and fair Thursday. High clouds were clearing rapidly over most of the state.

The lowest temperature reported was 27 degrees at Glendon, in the Panhandle. Wichita Falls had a low of 28 degrees.

Light rains fell Wednesday and Wednesday night along the Gulf Coast.

The mercury soared to 84 degrees at Brownsville and to 82 at Corpus Christi.

But a cool wave that moved southward through the state to the Gulf broke the high temperatures.

Readings Thursday included: Corpus Christi 49, Amarillo 39, Abilene 32, Big Spring 34, Dallas 35, El Paso 37, Houston 43, San Antonio 38, Waco 36, Beaumont 41, Galveston 47, Fort Worth 31, Texarkana 35, Presidio 51 and Brownsville 57.

Warmer weather is forecast for both East and West Texas.

Texas Pushed For Committee Vacancy

WASHINGTON—(P)—Texas congressmen worked quietly Thursday for the appointment of one of their number to the House Foreign Affairs Committee.

They are pushing Representative Burleson to fill the vacancy created by the death of Chairman Bloom (R-N Y). Representative Keefe (W Va.) moves up the committee seniority ladder to chairmanship.

A former FBI agent, county judge and naval officer in World War II, Burleson is in his second term in the House. At present he is on the House Administration Committee.

Five Texans Injured In Arkansas Accident

SALLISAW, OKLA.—(P)—Five Texas people were in a Fort Smith, Ark., hospital Wednesday night recovering from highway crash injuries. An Oklahoma man was also injured in the accident which occurred near here.

A. C. Rayburn, state trooper, identified them as:

Carl Hammer of Pampa, fractured ribs and back injury; his wife, internal injuries and multiple fractures; Lester Hathaway, Moebette, possible skull fracture; and the Rev. John Freeman, Lubbock, Van Bonneau, Dodson, and Ernest Blackwell, Shawnee, Okla., all minor injuries.

Lyndon B. Johnson Makes Maiden Speech In Senate Filibuster

WASHINGTON—(P)—Texas' rangy junior senator, Lyndon B. Johnson, made his maiden speech in the Senate Wednesday, as part of the Southern filibuster.

Mrs. Johnson sat in the gallery while her husband delivered his unemotional 7,500-word script opposing the move to limit debate.

Several Texas representatives came across the Capitol to hear Johnson.

When he finished, Senator Connally was among the long line that formed to shake his hand.

Stegall Services Scheduled Thursday

Funeral services for Dalton Doyce Stegall, who died at his home here at 11:55 a.m. Wednesday from injuries received last November in an automobile accident near Thurber, Texas, were scheduled at 4 p.m. Thursday in the Ellis Funeral Chapel. The Rev. Howard H. Hollowell, pastor of the First Methodist Church, was to officiate and interment was scheduled in Fairview Cemetery.

Stegall, a 17-year-old grocery clerk, had lived in Midland two years. He was born June 15, 1931.

Survivors include his parents, Mr. and Mrs. Dick Stegall; a brother, Joe Dick Stegall, and two sisters, Mrs. Kenneth Hines and Mrs. Tommy Davis, all of Midland.

Palbearers at services were to be Jerry Davis, Richard Davis, Johnny Brewer, Ed Jones, Clarence Patterson, Tommy Cole, Leroy Reasoner and Dale Busell.

District Court Acts In Two Cases Here

Two men, indicted for desertion by a 70th District Court grand jury here Monday, were arraigned before Judge Paul Moss Wednesday.

The judge ordered John Howard Pittman to pay \$75 a month support for his family, Cosme Heredia, a Latin American, was ordered to pay \$50 a month support.

Attorneys for both sides were making final arguments to the jury Thursday in the damage suit of Jordan Drilling Company versus J. W. Starr. The case was expected to go to the jury sometime during the day.

Big City Conference Cagers Start First Championship Joust

HOUSTON —(AP)—Texas school-boy basketball enters its final phase of the 1948-49 season Thursday as eight Big City Conference teams complete preparations for the new circuit's first tournament.

With three state champions determined last week in Austin, the Interscholastic League's busy basketball calendar will conclude here Saturday night as the big city boys determine their champion.

Six teams—district titlists and runners-up from Fort Worth, Dallas, and San Antonio—arrive in town Thursday in time for late afternoon workouts at the Houston Public School Field House.

By the time the visiting teams arrive, the Houston entries—Champion Milby and second-place San Jacinto—will have completed their last minute preparations.

Dallas Teams Lead Off
North Dallas and Sunset, the Dallas representatives, take over the field house court at 4:30 p. m., followed an hour later by Lanier and Brackenridge of San Antonio.

Faschal, the pre-tournament favorite, and Polytechnic, the Fort Worth district runner-up, move in at 6:30 p. m.

The Fort Worth champions tangle with Sunset in the tournament's second game Friday afternoon at 3:30 p. m. The 2 p. m. opener will be between Lanier and San Jacinto.

Friday night North Dallas tangles with Brackenridge and Milby takes on Polytechnic.

First round winners meet in the semi-finals Saturday morning, with the championship tilt set for 9 p. m. Saturday.

East Chambers, New Home Paired In Top Quarter-Final Game

HILLSBORO —(AP)—The state girls' high school basketball tournament moves into quarter-final play Thursday night with New Home and East Chambers playing the feature tilt.

New Home Wednesday walloped Cranfills Gap 63-33, and East Chambers, 1947 state champion, swamped Millsap 38-18.

In other first-round games, Seagoville came from behind to defeat Post 30-26; Tenaha downed Law 33-15; McLean beat West Columbia 34-7; Rogers rolled over Hucksaby 38-28, and Forrester nosed out Roosevelt 30-27.

Coleene Savage tossed in 30 points to lead New Home to its one-sided victory and Ozell Collins starred in East Chambers' easy win by scoring 20 points.

The schedule Thursday in the championship bracket:

6 p. m.—East Chambers vs New Home.
7 p. m.—Rogers vs Forrester.
8 p. m.—Tenaha vs Dalhart.
9 p. m.—McLean vs Seagoville.
Pairings for first-round consolation games:
Noon—Millsap vs Cranfills Gap.
1:10 p. m.—Hucksaby vs Roosevelt.
2:30 p. m.—Law vs Kildare.
3:30 p. m.—West Columbia vs Post.

Kentucky Lands Two On AP's All-American Quintet

NEW YORK —(AP)—Two players from the South, and one each from the East, Midwest and Rocky Mountains make up the 1949 Associated Press All-America basketball team.

This geographically representative quintet contrasts sharply with the 1948 five which was dominated completely by the Midwest.

Last year four cagers from the Midlands were on the first team.

Kentucky's NCAA champions and the nation's No. 1 team contributed the two players from the South—Alex Groza and Ralph Beard. Ed Macauley of St. Louis is the Midwest representative. Tony Lavelli of Yale represents the East and Vince Boryla of Denver the Rocky Mountains.

Beard and Macauley are repeaters from the 1948 team. Kevin O'Shea of Notre Dame and Jim McIntyre of Minnesota, selected on the 1948 first team, only made the third team in this year's voting by 404 sportswriters and broadcasters throughout the nation.

Groza and Lavelli, seniors like Beard and Macauley, each moved up a notch from the 1948 second team.

Wah-wah Jones, another member of the Kentucky team and the U. S. Olympic squad, was named on the second team along with Dwight Eddleman of Illinois; Bob Harris of Oklahoma A&M; Bob Cousy of Holy Cross and Ernie Gardner of Utah.

Ernie Vandeweghe, Colgate star, topped a third team which also includes Dick Schmittler of Ohio State, Meyer Skoog of Minnesota, and O'Shea and McIntyre.

Thirty-five others earned honorable mention, including Slater Martin of Texas.

Hamline Is Next Foe Of Texas Tech

KANSAS CITY —(AP)—Hamline University's Pled Pipers emerged as a slight favorite Thursday to win the NAIB title—mainly because of center Verne Mikkelsen and forward Hal Haskins.

Mikkelsen, a six-foot, seven-inch scoring marvel, and Haskins, 6-2, each is making his third start in a National Association of Intercollegiate Basketball tournament. They will lead the St. Paul, Minn., team against Texas Tech at 9:05 p. m. in the feature of Thursday night's four-game quarter-final card.

Mikkelsen, used sparingly as Hamline beat Indiana Central of Indianapolis 83-66 in second round play Wednesday, still scored 13 points. Raiders Trip North Dakota.

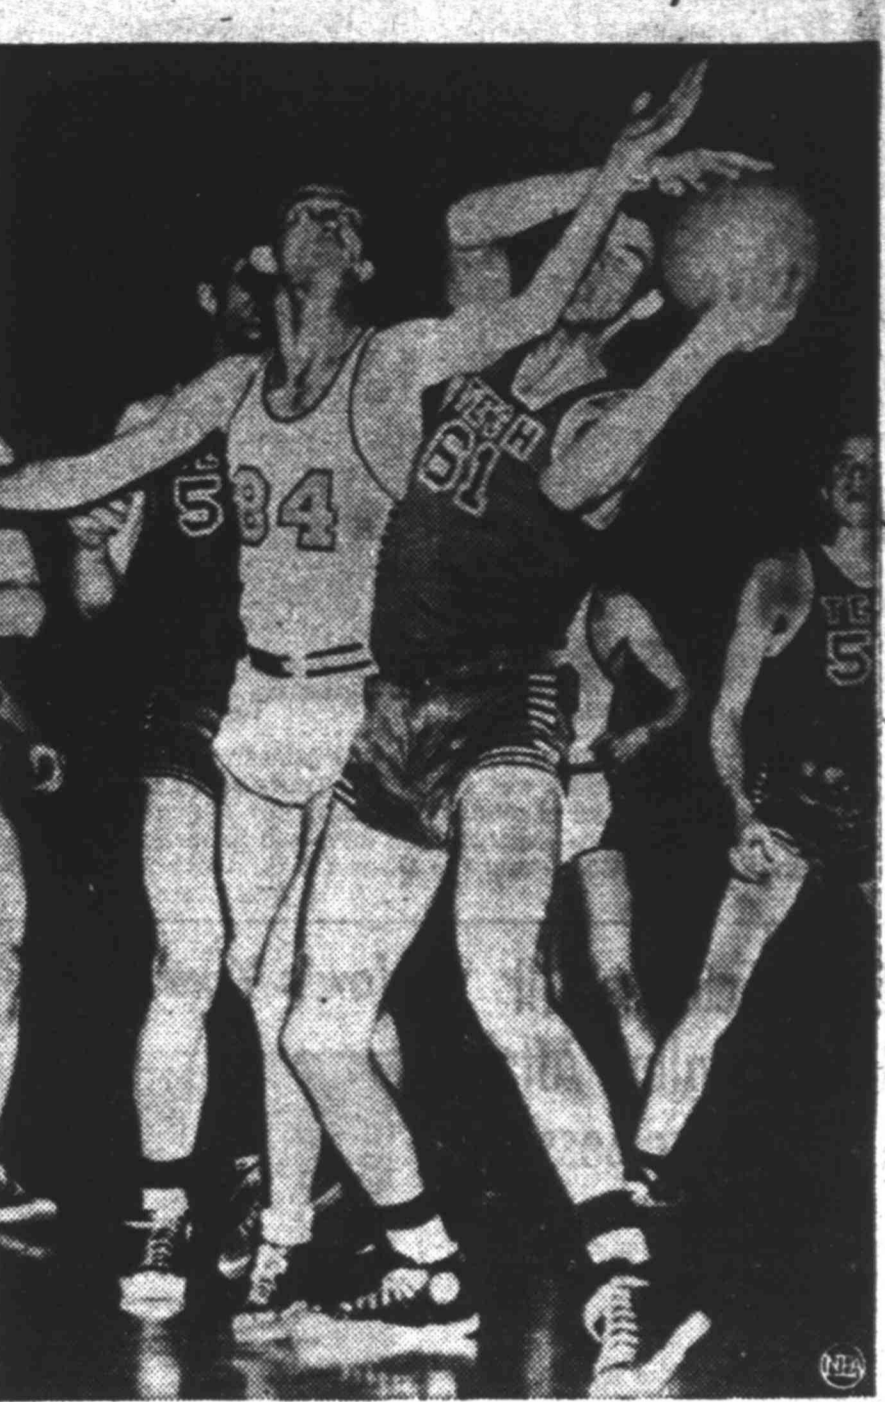

Haskins poured in 12 field goals and five free throws for 28 points. Texas Tech, which has plenty of height in its own lineup, advanced to the quarter-finals by beating North Dakota University 62-57.

Beloit (Wis.) College, Hamline's outstanding rival in the upper bracket, will take on the surprisingly strong Eastern Illinois College quintet.

Regis College of Denver, one of the taller teams in the meet, beat St. Thomas of St. Paul 53-52 Wednesday night and will play the Northwestern Louisiana State Demons of Natchitoches. Northwestern eliminated Brigham Young University 59-57 Wednesday.

The rugged Emporia (Kan.) State Hornets meet Indiana State of Terre Haute in Thursday night's final game.

The directors plan to build 7,758 seats. That leaves 2,758 still for sale at \$50 apiece.

NIB Joust Winds Up With Oversize Field Of 12 Teams

NEW YORK —(AP)—The National Invitation Basketball Tournament, which finally left almost everyone into the act, will open here Saturday afternoon with 12 teams, four more than ever before.

The oversized field includes six of the nation's first 10 clubs and three of the five players on The Associated Press All-America first team.

This is the lineup: Kentucky (29-1), St. Louis (21-3), Utah (24-7), Western Kentucky (25-3), Bradley (25-6), San Francisco (21-5), Bowling Green (21-6), Loyola of Chicago (22-5), City College of New York (17-7), Manhattan (18-7), St. John's of Brooklyn (15-8) and New York University (12-7).

Kentucky, which also is trying for the brass ring on the NCAA merry-go-round, is the No. 1 team in the country. St. Louis is No. 3, Western Kentucky No. 5, Bradley 7, San Francisco 8 and Bowling Green 10.

The All-Americans are Alex Groza and Ralph Beard of Kentucky and Ed Macauley of St. Louis.

Listen in on an Associated Press discussion of the new starting gate for sprinters and hurdlers: Horses and dogs use it. Why not people?

That's the argument of the AAU track and field committee as it tries to still the beefs of sprinters (human) who are balking like mules at the idea of starting races out of a gate like horses and greyhounds.

The whole controversy is raging over the starting gate for sprinters and hurdlers devised by Ben Ogden, Temple U. track coach. The gate has been approved by the AAU and used this season for the first time in the indoor championships.

The AAU says the gadget will practically eliminate the sometimes endless, always annoying false starts. Some sprinters have made careers of trying to grab that extra foot on the get-away. The AAU says the gate will stop all that.

But the runners themselves, with rare exceptions, are pretty bitter about the gadget. It is a tubular affair with metal straps hanging down in front of the runner as he crouches on his mark. When the gun goes off the straps lift up out of the way and the sprinter takes off.

The runners claim that sometimes the straps don't get out of the way in time—they have the bristled shoulders to prove it. Harrison Dillard, the great Baldwin-Wallace hurdles champion, says "it's like hitting a football bucking machine." Dillard says he also starts further back from the restraining line than usual to give the straps a chance to get out of the way.

Most athletes feel that the gadget is a mental hazard. When they first see the thing they are tempted to enter the mile run instead. "After all," says Ira Kaplan, NYU's top sprinter, "horses are schooled in the starting gate from the time they are yearlings. We're expected to step right into this gate without practice." The first time Kaplan ran from the barrier in the Philadelphia Inquirer Games, he stumbled and fell when he leaned too hard against the straps. "How was I to know?" he says.

Of course, some runners get over their initial fright and grow to like it. George Eastman, Manhattan's coach, is one of the few who is optimistic about it. He says the first time his sprinter, Joe Ciacciabella, ICA4 champ, saw the gate he was ready to give up and take up shot.

putting. After a couple of races Joe became enthusiastic.

Jim Gehrdts of Penn State, who is Dillard's closest competitor in the sticks, also likes the gate. "It gets everybody off even," he says.

ROUNDUP UP THE STRAYS...
Sweetwater High won nine out of 10 tennis matches with Odessa recently. No wonder Tyler Junior College is dominant in football and basketball and other sports—the school has 1,100 students.

This is more than some senior colleges. And not only that, betcha some SWC powers "farm out" athletes at Tyler. . . . William (Buzzer) Bill Whittaker, one of the old Fort Worth Cats, died the other day. . . . Buzzer was a right-hander and starter along with Joe Pate, Lefty Jones and Paul Wachter. He was the hero of the 1920 Dixie Series. . . . The TCU Horned Frogs, who last Fall lost all of their four home football games while losing only one of six on the road, have dared the "home jinx" to hit them next Fall. . . . For the first time in a decade, the Frogs will play five games in Fort Worth in 1949.

Baylor got its baseball campaign off with a 4-3 win over Austin State College. . . . Joe Louis ran into trouble as a promoter when the New York State Athletic Commission failed to sanction his proposed title fight between Ezzard Charles and Jersey Joe Walcott. . . . Armed with his first race in more than a year at Hallandale, Fla., the other day. . . . It was a seven-furlong event. . . . The Reverend Yearby, please note: Baylor did not lead the SWC in personal fouls during the 1948-49 season. . . . Texas furnished the bad boys with 213 fouls in SWC play. . . . However, Baylor made 211, just two less. . . . SMU (we are a Methodist) had the fewest fouls with 177. . . . And the Mustangs had the least yardage lost from football penalties. . . . The Stanton invitational tourney for independent quintets is underway and teams entered were: Magnolia of Midland, American Legion of Big Spring, Wersan, Stanton Preps, Stanton All-Stars, Lamesa, Grapette of Big Spring and Ackerly. . . . More than 250,000 flowers are budding in the Gulfstream Park infield of Hallandale, Fla. . . . Blood red hibiscus is blooming in all areas. . . . A race meet in progress there will run to April 19 after opening March 4.

. . . How will they fare this season—seven American League pitchers turned in victories against every rival during 1948. . . . They were Hal Newhouse, Virgil Trucks and Dizzy Trout of Detroit, Bob Lemon and Bob Feller of the Indians, Joe Dobson of the Red Sox and Ed Lopat of the Yankees. . . . Herman Reich, Cleveland outfielder, is a rarity who throws left-handed and bats right-handed. . . . Rough on scouts: A total of 10,064 running and passing plays were executed in 72 football games played within the Southwestern Conference last Fall.

Television will mean some changes in baseball terminology, examples: "good field, no hit" revised to "good field, no photogenic;" and pinch-hitters must be stand-ins. . . . When American women won the world table tennis championship in a Stockholm tourney, some wag had this observation—"Just like the American gals, to be first at the table". . . . 30 for strays, how do you tell when a spur is jingling or jangling?

Pitching Is Giant Problem

PHOENIX, ARIZ.—(AP)—The New York Giants' pitching is still their biggest problem. The eight pitchers who probably will be the only ones on the final roster worked in an intra-squad game Wednesday and yielded 19 hits. The pitchers are Larry Jansen, Sheldon Jones, Monte Kennedy, Clint Hartung, Sam Webb, Dave Koza, Ray Post and Andy Hansen.

LETTY LOPAT BOOSTS YANK HURLING HOPES
ST. PETERSBURG, FLA.—(AP)—There were hopes in the New York Yankees training camp Thursday that Letty Ed Lopat may have conquered his "hot weather" complex. He is the best conditioned finger in camp this year.

CINCINNATI STARTERS SLATED IN EXHIBITIONS
TAMPA, FLA.—(AP)—Manager Bucky Walters of the Cincinnati Reds announced Thursday four hurlers who made up his starting four—some in 1948, would work against the Boston Red Sox in the Reds' first two exhibition games.

Ken Rafensberger will start against the Sox at Sarasota Saturday, Walters said, with Herm Wehmeier relieving. Howard Fox and Johnny Vander Meer will oppose the Boston team at Tampa Sunday.

ATHLETICS' PITCHERS NEAR MID-SEASON FORM
WEST PALM BEACH, FLA.—(AP)—The Philadelphia Athletics' training camp pitching is good enough for mid-season competition.

In Wednesday's intra-squad game, Carl Scheib allowed two hits in three innings and Dick Fowler only one in the same number of frames.

PHILLY CRIPPLES BACK
CLEARWATER, FLA.—(AP)—Outfielder Richie Ashburn and pitcher Russ Meyer have returned for workouts at the Philadelphia Phillies training camp—apparently recovering from their recent injuries.

Arkansas, Arizona Upset Rice, Baylor In NCAA Playoffs

DALLAS —(P)—Arkansas and Arizona, who were picked to take the count in the first round, meet Thursday night for the right to represent District 6 in the National Collegiate Athletic Association basketball tournament at Kansas City.

It was a night for the underdogs to howl as Arkansas trounced a nemesis, Rice, 50-34, and Arizona upset Baylor 55-47.

Rice was a heavy favorite, having beaten Arkansas twice during the season. Baylor, which wound up in a tie with Rice and Arkansas for the Southwest Conference championship, was the general choice to trim Arizona, title team of the Border Conference.

Decisive Victories
Both games were rough with a total of 34 fouls in the Arkansas-Rice tussle and 38 in the Arizona-Baylor engagement. Bob Ambler, Arkansas center, was put out of the game before it was five minutes old for hitting Bob Foley, Rice guard.

Only once was Rice ahead. That

was a brief period midway of the first half. Ken Kearns, all-Southwest Conference guard, paced the Arkansas attack with 15 points. Big Mike Schumchik, Arkansas guard, did a great job of guarding Bill Tom, Rice's high-scoring center, and also got in some grand work under the basket taking the rebounds.

Little Leon Blevins rammed in 25 points, scoring from all angles, to give Arizona its upset triumph over Baylor. The Bears were ahead only once, also, and it was in the first half. After the intermission the Wildcats were out front all the way except when the score was once tied.

A crowd of 3,700 turned out to see the two games at the Recreation Building.

Thursday's game will be at 8 o'clock and the winner will go to Kansas City March 18 and 19 for the Western Regional NCAA Tournament.

Trautman To Look Over Umpire Plan Used In Longhorn

DALLAS —(P)—The six-league alliance formulated by Milton Price, president of the West Texas-New Mexico League, for development of umpires, is spreading into a national program.

Price has received inquiries from George Trautman, president of the minor leagues, indicating he is considering using the plan for his organization and naming a supervisor of umpires in each area.

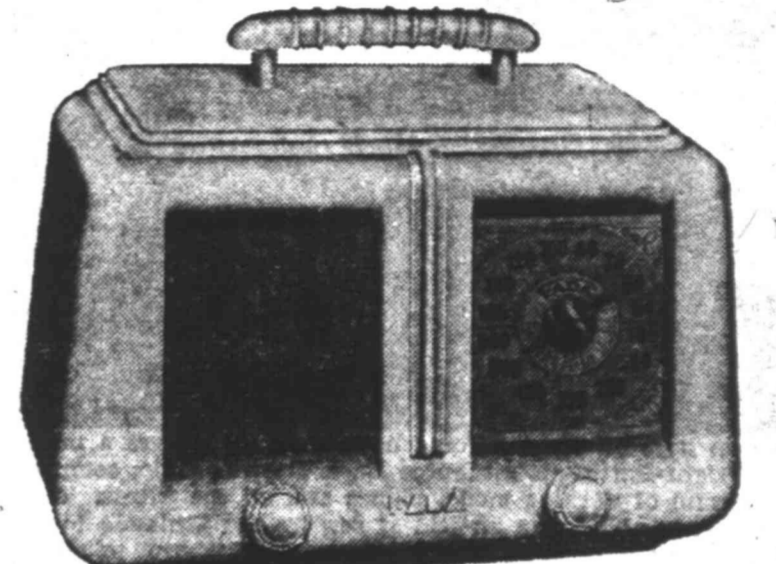

E. F. (Lefty) Craig, who has been supervisor of umpires for the six-league alliance—taking in the Big State, West Texas-New Mexico, East Texas, Sooner State, Longhorn and Evangeline leagues—has been asked by Trautman to attend a conference of supervisors at Columbus, Ohio, April 8 and 9.

A nationally known non-profit institution with headquarters in Washington, D. C. Science Service is headed by a Board of Trustees composed of some of the nation's outstanding scientific leaders, nominated by the great national academies and councils for advancement of science and research. Each year they select the 10 leading scientific accomplishments. White's Auto Stores is proud to learn that one of the 10 great achievements for 1948 is one in which they had a part in pioneering.

- 10 Leading Scientific Achievements Named for 1948 by Science Service**
- Creation artificially in world's largest cyclotron of sub-atomic particles, called mesons, that may unravel mystery of composition of matter.
 - Achievement by jet plane of speed well beyond the sonic barrier, opening a new air age.
 - Demonstration that a single penicillin pill, swallowed a few hours after exposure, can prevent one of the two major venereal diseases, gonorrhea.
 - Synthesis of glycine from petroleum, making its commercial production independent of fat supply.
 - Discovery of auremycin and polymyxin, drugs effective against diseases unconquered by sulfa drugs and other antibiotics.
 - Completion of the 200-inch world's largest telescope on Mt. Palomar, Calif.
 - Authorization of two gigantic atom smashers, to produce three to five years hence sub-atomic "bullets" rivaling cosmic rays, vastly extending scope of nuclear physics.
 - Commercial production of "low temperature" rubber, giving chemical rubber superiority over natural rubber.
 - Discovery of the fifth moon of the planet Uranus, with 30-hour orbit.
 - Use of neutrons to explore the structure of matter by production of diffraction pattern photographs.

Air Force Plays With Model Planes

The grown-up boys of the Air Force have built themselves a model airport at Wright-Patterson Air Force Base, Dayton, Ohio, complete with a hangarful of working model planes and all the extras. Only it's all for science. The tiny airfield is run by the Dynamic Model Unit, which uses the replicas, like the dwarf B-17 above, to obtain pre-flight data on various types of planes. Below, Adam Stolzenberger, unit chief, inspects a baby helicopter prior to a test flight.

California Pair To Make New Try At Flight Record

FULLERTON, CALIF.—(AP)—Big Spring, El Paso and Fort Worth will be circled by two flyers attempting to set a world's endurance flight record.

The pair, Bill Barris and Dick Riedel, plan to make their flight a cross-country hop from here to Miami, Fla., and back.

They are to take off at 10 a. m. Sunday. They will spend succeeding nights circling Phoenix, El Paso, Big Spring, Fort Worth, Meridian, Miss., and Jacksonville, Fla.

Barris, 35, and Riedel, 34, will attempt to stay aloft longer than the 726-hour record set in 1939 by Wes Carroll and Clyde Schliepper.

The endurance plane will be refueled by cans of gasoline handed up from speeding jeeps.

Barris and Riedel attempted an endurance flight last December 14. It ended after 568 hours and 47 minutes when their carburetor iced up.

Engineer Points To Texas Highway Building Record

COLLEGE STATION — (AP) — Texas has built more miles of paved road than any other state in the union since the end of the war, said Highway Engineer D. C. Greer.

Speaking Wednesday before 371 city and state engineers, Greer said, "This was done with an overhead cost of less than average in the United States."

He said Texas has built 12,000 miles of paved highways and has under contract and financed 3,000 more. The paving includes highways and farm-to-market roads.

Also appearing on the program were Fred A. Wemple of Midland, new chairman of the State Highway Commission; R. J. Potts of Harlingen and A. F. Mitchell of Corsicana, new members of the commission, and Fred Knetch, Seguin, a retiring commissioner.

Both male and female pigeons furnish "pigeon milk" for their young.

Sons Of Pioneers Scheduled Here

The famous Sons of the Pioneers will play a big Western Jamboree March 16 in the VFW Hall at Midland Airpark. The original Sons and their guests stars are shown. Two full hours of entertainment by these musicians and singers are promised by the sponsoring VFW unit.

Crane News

CRANE—Billy Joe Dutton, son of Mr. and Mrs. Joe Dutton, is home on a furlough, having served since last November in the Army Air Corps stationed at Wichita Falls. He graduated last May from Crane High School and had worked for contractors until his enlistment. Billy Joe is the grandson of Mrs. Lou Strain and nephew of Mrs. George McCorkle.

E. V. Hubbard of Fort Worth spent Monday night with his parents, Mr. and Mrs. R. T. Hubbard. Mrs. Gordon Smith and children and Mrs. Donna Thorpe spent Tuesday in San Angelo visiting friends and attending to business.

Dr. and Mrs. Gordon Smith will spend this weekend visiting with friends in Amarillo. They will be met there by Dr. Smith's mother of Oklahoma City, who will accompany them to Crane for a visit.

Secretary Brannan Plans Visit To Texas

WASHINGTON —(AP)— Secretary of Agriculture Brannan will visit Texas this summer, probably in May.

He accepted an invitation to meet with Texas farm leaders.

Rep. Poag, (D-Texas), head of the group which saw Brannan, said the meeting probably will be in May.

Waco and Temple citizens are sponsoring the meeting. It will be held probably at Waco or the Blue Bonnet Agricultural Research Center of Texas A&M College.

Midlanders Will Get To Sink Teeth In Those Prize Steaks, Chops And Mutton

By CLEDDIE SHELBURNE

Folks in Midland will get a chance to "sink their teeth" into some champion caliber beef, pork and mutton when the restaurants and meat markets here start offering choice cuts from the stock they bought at the annual sale in connection with the ninth annual Midland Livestock Show Tuesday. A majority of the prize calves will go on sale in local stores probably Thursday. The prize lambs are expected to show up in some markets

here in the form of lamb chops, etc., within the near future.

The market at Piggly Wiggly, operated by J. C. Rinker, purchased one calf at the sale and six more on a resale basis.

The Morris System acquired six of the prize steers through resale by the original buyers.

Four calves went to the Triangle Food Market which bid them in at the sale.

Furr's Super Market bought two calves and the Airway Grocery at Terminal bid one in at the sale.

The Scharbauer Coffee Shop will be serving steaks from a prize calf bought at the sale.

The Ranch House stocked up on pork chops when it bought the champion fat barrow. The concern also bought a lamb.

Other markets and cafes here probably will have choice cuts from the show calves for sale also.

Work With Comics Is Zany Business, Says Georgia Gibbs

By GEORGE TUCKER

NEW YORK—(AP)— Life is a zany business for a girl who spends all her time with comedians.

After working with Danny Kaye, Jimmy Durante, Milton Berle, Bob Hope, Ralph Morgan and Red Skelton, Georgia Gibbs has found this out.

"They're fun, but I'd never marry one," Georgia said. "You'd have to laugh at all their jokes, and be a straight man the rest of your life."

There's another reason, too.

"Everybody hears about comedians. But who ever hears of a comedian's wife?"

Georgia, known as "Her Nibbs," is a tiny redhead from Worcester, Mass.

As Danny Kaye's sparring partner, his eerie behavior on stage is part of her business.

"He changes his routine anytime, anywhere, without prior notice to anybody. Maybe he roams the audience for food, picking up a banana here, a bag of peanuts there. I've seen him hold up a show half an hour."

Miss Gibbs, Her Nibbs

Of Bob Hope Miss Gibbs remembers:

"Bob is restless. Like a flight referee. He says, 'Come out punching. Punch hard. Don't lag. Sometimes he sounds breathless and excited, but he isn't excited. That's just his way. His gags sound impromptu and up to the minute, as if he's just thought of them. But they're carefully rehearsed. He's like a cat, too; always lands on his feet. He has two or three gags for every situation."

It was Jimmy Durante who introduced her one night as "Miss Gibbs, Her Nibbs"—and the name stuck.

"Eddie Cantor, he's quieter. He'll sit down and block out a joke. He'll test it until it's perfect. He knows when to laugh, and when not to laugh. Gags just don't happen. They may seem that way, but you know they're coming. And you sweat them out."

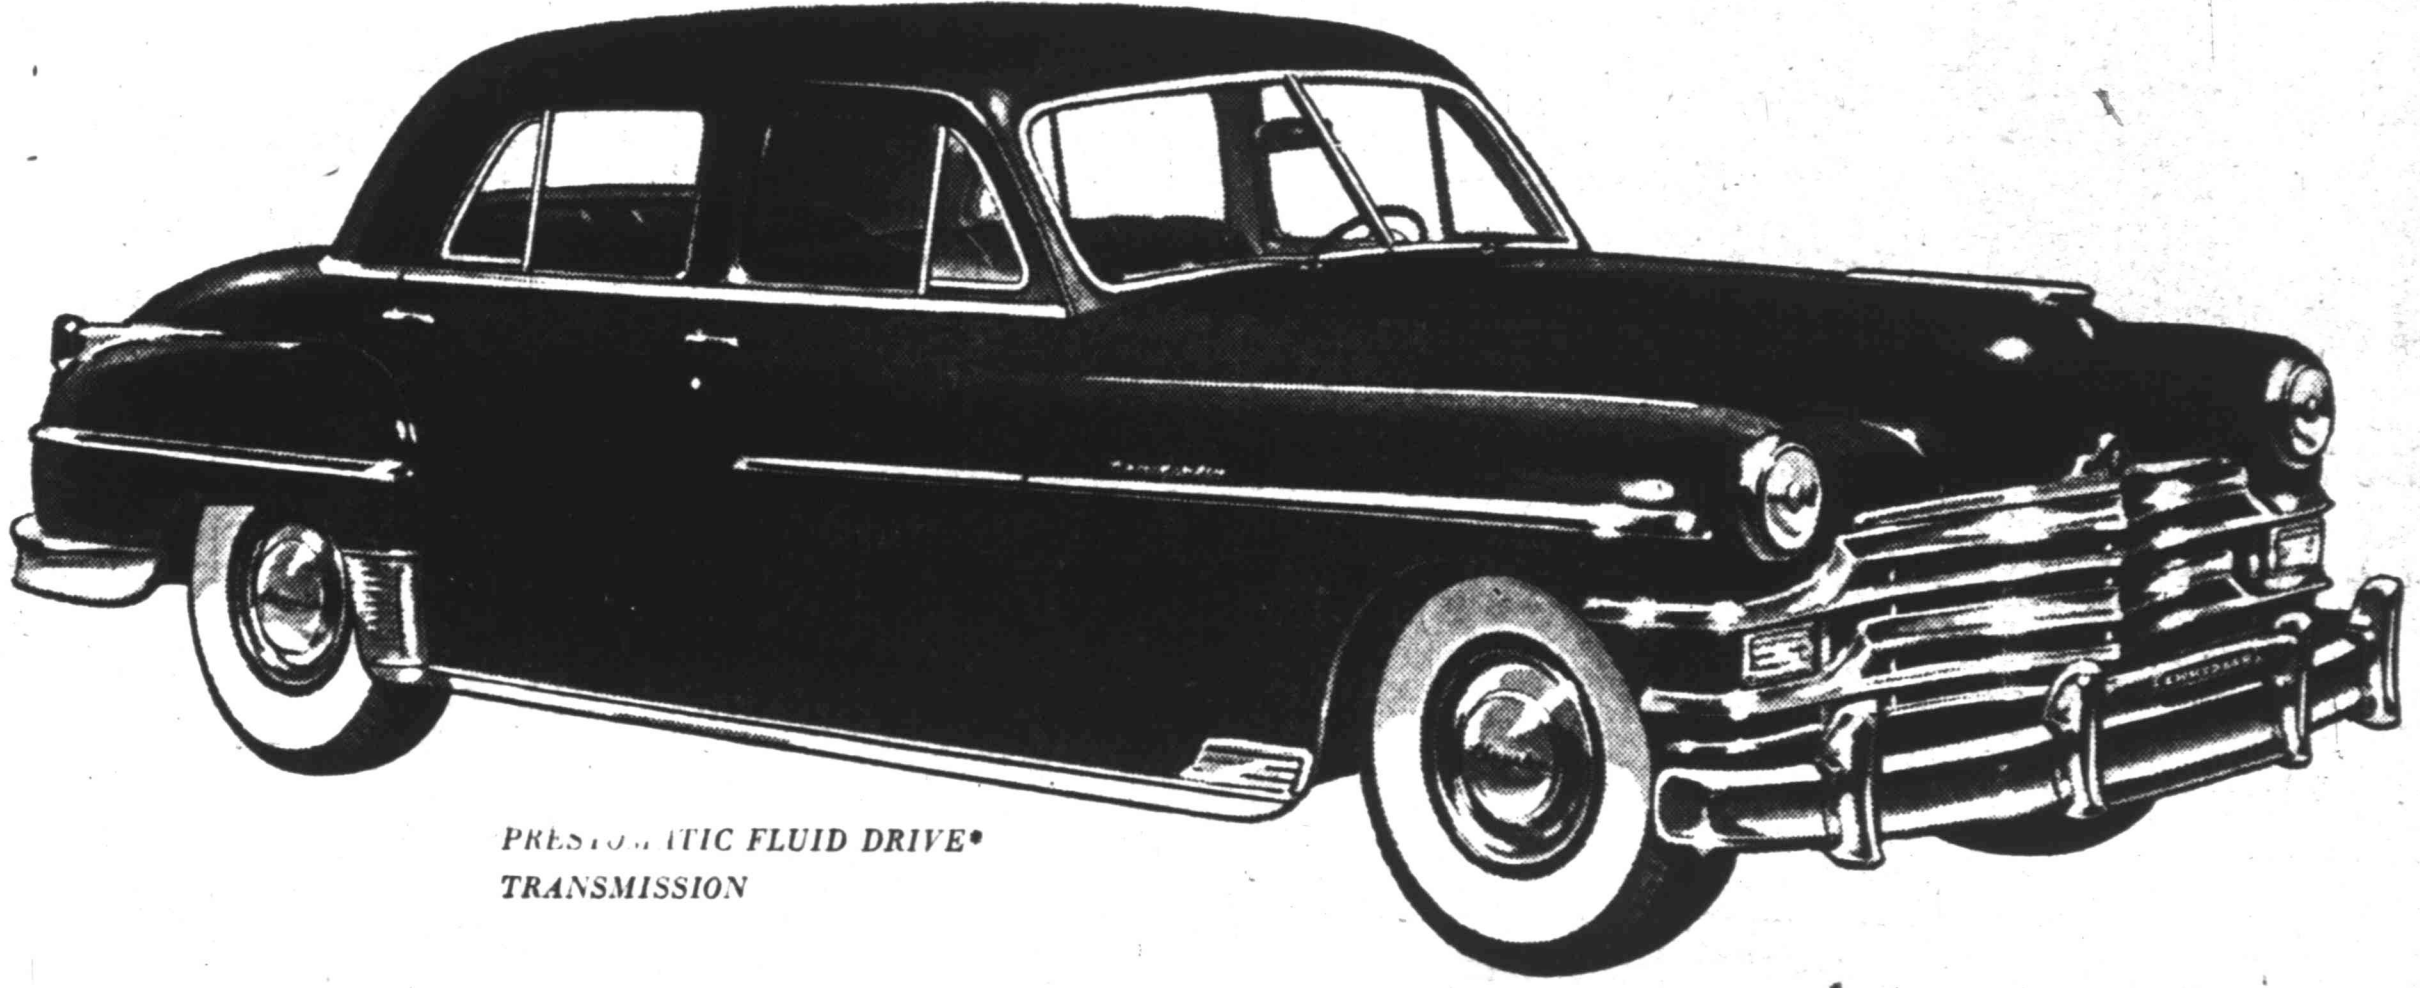

Sweetheart Banquet Is Held At Crane

CRANE—The Sweetheart Banquet of the First Baptist Church was held recently in the church annex.

The tables were decorated with a centerpiece of red carnations, with two cupids on one side and a large heart on the other. Identification badges were twin hearts joined with an arrow in red paper with the names written in white. The nut cups were red crepe paper covered and tied with white ribbon. The program were heart-shaped and topped with white paper lace doilies.

Attending were Norris Crownover, Martha Cook, Billie Russell, Chloe Boothe, JoAnn Fisher, Evelyn McKay, Mary Crownover, Bobby Jack Russell, Geneva Baker, Dolores White, James C. Garrison Points To 1948 Progress In Traffic Safety

HOUSTON—(AP)—Texas made more progress toward traffic safety last year than ever before, members of the Texas Safety Conference were told Thursday by Col. Homer Garrison, Jr., director of the Texas Department of Public Safety.

In a "1948 inventory" of the state's traffic control program, Col. Garrison expressed hope similar progress will be made this year.

"The Texas Highway Patrol," he told several hundred safety-minded conferees meeting here, "has adopted the goal of holding traffic deaths in the state during the year to 1948."

"This would be a substantial reduction from the 2,073 we had in 1947," he added.

Col. Garrison pointed out that the issuance of drivers' licenses last year totaled 1,700,000, an increase over the previous year of 40 per cent.

The conference was due to close Thursday afternoon.

Austin High School Boys Deny Abduction Charge By Companion

BROWNWOOD—(AP)—Two Austin High School students who deny accusations they held against his a third youth, were held here Wednesday night by officers awaiting return to Austin.

They were arrested near here late Wednesday after a wide search. No charges had been filed.

In sworn statements they denied they had forced the third youth to accompany them from Austin to near San Saba.

Phillip Waters of Austin had told police they had forced him to accompany them.

All contributors to the recent March of Dimes campaign here are invited to attend a meeting of the Midland chapter of the National Foundation for Infantile Paralysis in the City-County Auditorium at 7 p. m. Thursday. Officers for the year will be elected.

Report on this year's campaign will be given and a Midland doctor is scheduled to address the meeting on the symptoms of infantile paralysis.

House Investigators Dig Into Longoria Re-Interment Case

THREE RIVERS, TEXAS—(AP)—A group of investigators from the State Legislature met here Thursday in Felix Longoria's home town to find out who told the truth about the Latin American soldier's interment.

The investigation by five picked members of the House of Representatives may continue several days, Rep. Cecil Storey of Longview, chairman of the committee, said.

"Looks like there will be a long line of witnesses," Storey said.

He obtained the services of an interpreter from Cuero to help in questioning Latin American witnesses who do not speak English.

The people of Texas and the nation first heard of Felix Longoria when his body was shipped back to the United States from the Pacific in January. It was reported the director of Three Rivers funeral home "discouraged" the use of his chapel for burial rites. Certain Latin American groups charged race prejudice.

Longoria was killed in fighting on Luzon.

T. W. Kennedy, Jr., Director of the funeral home, denied the charges.

After several delays Longoria was interred February 18 in Arlington National Cemetery.

Members of the House Committee investigating the controversy are Storey, Rep. Tom Cheatham of Cuero, Rep. James Windham of Livingston, Rep. Frank Oltorf of Marlin and Rep. Byron Tinsley of Greenville.

The group must report back to the House by March 15.

Oil & Gas Log-

(Continued from page 1) from south and 660 feet from east lines of section 269, block 1-A H&TCo survey.

Tunstill Pool Gets Outpost In Loving

Hill & Hill of Fort Worth have filed an application with the Railroad Commission of Texas requiring a permit to start drilling at once on a northwest stepout from the Tunstill-Delaware field of North Reeves County.

The new exploration will be just across the Pecos River in Northwest Loving County. The drill site will be 330 feet from south and 990 feet from east lines of the northwest quarter of section 47, block 56, T-2 survey. Drilling to 3,300 to test the Delaware sand, will be with rotary tools.

Yoakum Prospector Has Best Oil Show

Murchison & Fikes No. 17-C Ellenburger in Southwest Yoakum County, in the southwest side of the Wasson-5,100 field, and 1,312 feet from south and 1,070 feet from east lines of section 832, block D, John H. Gibson survey, swabbed 40 barrels of oil in 10 hours from perforated section at 8,103-13 feet.

The project is on a plugged back depth of 8,730 feet in lime. It drilled to a total depth of 11,209 feet in granite and has tested from that point back up to the present zone of operations.

The oil recovered on the latest test is the best show for production so far developed. Swabbing is continuing.

Plymouth Gets Salt Water In Garza Test

Plymouth Oil Company No. 1 Sims, South-Central Garza County widened to 8,500 feet to test into the Ellenburger, and located 1,980 feet from south and 860 feet from west lines of section 8, block 2, T&NO survey, was to drill ahead from 5,575 feet in after running a one and one-half hour drillstem test in the lower Permian at 5,495-5,575.

There was a strong blow of air during the investigation. Recovery was 1,000 feet of drilling fluid and 2,100 feet of gas cut salt water. There were no indications of oil.

Outpost To Shafter Lake Flows To Test

Gulf Oil Corporation was making production tests of the Wolfcamp-Permian one-half mile west of the Shafter Lake field in North-Central Andrews County with its No. 1-KK University, 330 feet from south and east lines of section 14, block 13, University survey.

Following a 500-gallon acid injection in the Wolfcamp oil formation, the well kicked off and flowed 24 hours through a 1 1/2-inch choke, producing 435 barrels of clean oil. Tests were continuing. Total depth is 8,550 feet.

Magnolia 1-A TXL Tests; Cleaning Out

Last gauge reported at Magnolia Petroleum Company No. 1-A TXL, Ellenburger, discovery North-Central Upton County, showed 968 barrels of oil out one per cent mud in 24 hours of flowing through a 3/8-inch choke. Gas-oil ratio was 1,541-1.

This development, 660 feet from north and west lines of section 31, block 40, T-4-S, TP survey, about 30 miles south of Midland, was continuing to flow to clean out and test.

Humble Acidizes In Crane Ellenburger

Humble Oil & Refining Company No. 1 Jax Cowden, East-Central Crane County widened, six and one-half miles west of Crane, and 860 feet from south and east lines of section 58, block X, CC&D-RONG survey, tried to treat with 2,000 gallons of acid through perforations at 10,823-822 feet opposite a section of the Ellenburger at the well.

The acid finally went into the formation. Operator was swabbing out, and developing no possibilities of production from the formation.

The same zone is to be re-perforated and tested further.

Postmaster Aims To Give Service

A woman's wrist watch found in the post office lobby may be reclaimed if the owner will call for it and describe it, N. G. Oates, postmaster, said Thursday.

The watch fell when the band broke and Oates has even repaired the break.

McCormy Gets Added Student Center Gift

ABILENE—(AP)—The fund for a student center at McMurry College here is \$300,000 richer because Mrs. J. M. Radford matched her previous gift to the center.

Mrs. Radford, of Abilene, gave \$300,000 in 1947 and now has added a like amount, College President Harold G. Cooke said.

The building will be known as Radford Memorial Center.

GASOLINE SEEPAGE ENDANGERS SALT LAKE CITY

SALT LAKE CITY—(AP)—"Enter at your own risk" signs hung in business establishments on Salt Lake City's West Side Thursday as city and state inspectors combed the area seeking the source of gasoline which has collected in sewers and sumps over an area nine blocks long and four blocks wide.

Officers for 1948-50 will be elected by Presbyterian Men of Midland at dinner meeting at 6:30 p. m. Thursday in the West Elementary School Cafeteria. Ray Lynch is the retiring president.

A meeting of the church's deacons will be held following the dinner at 8 p. m.

RAILROAD CONFEREES GO BACK INTO SESSION

CHICAGO—(AP)—Conferees in the railroad labor dispute went back into session Thursday, still apart on a five-day week agreement.

RUSSIAN CONVERTIBLES

MOSCOW—(AP)—The convertible top is being added to Russia's automobile selection. Pravda announced Thursday.

Robbers—

(Continued from Page 1) stature toward his hip pocket as if to produce a wallet. Instead, the policeman said, he came out with a pistol.

Ramsdell's condition was reported at the hospital as undetermined. Ashton was held at a police station, less than two blocks from the scene of the shooting.

Both Carry Pistols Police said they took a .38 caliber revolver from Ramsdell, with four exploded shells and one loaded cartridge. From Ashton they said they took a .48 caliber pistol, also loaded.

Detectives who searched the scene, about five blocks from the White House, soon after the shooting said they found several hundred dollars in the men's pockets, in bills ranging from \$1 to \$20 denomination. The \$1 bills were said to be part of the train robbery loot.

The detectives said they asked both men directly: "Did you help rob the train in West Virginia last night?"

"Yes," was the answer in both cases, the officers said.

The first tip that the train robber suspects had backtracked to Washington came from Martinsburg police, who were informed that two suspicious looking men had been questioning bus passengers at the station. The latter, unaware of the train robbery, let the pair go after they explained they had been in an automobile accident.

The Leesburg policeman told Martinsburg authorities the men boarded a bus for Washington.

On arriving in Washington, the driver of the bus reported his two Leesburg passengers had left the bus at 21st and K Streets, N. W. Shades Of Jesse James

Police patrol cars in that area were alerted immediately. Forces of police from West Virginia, Virginia and Maryland had been searching the Blue Ridge Mountain country for the men when the "break came."

They were looking for two men about 25, one with a mustache and the other wearing a sports jacket.

Jesse James and his Western cronies would have been proud of the technique. The raid netted as much as some of the Missouri gang's forays except when they happened upon a money shipment in the express car.

Some officers thought this job was pulled by drunken amateurs. The victims were so dazed they couldn't tell exactly what happened. The plot went something like this:

The Ambassador, with 100 or so passengers, was picking up speed out of Martinsburg and was about two miles northwest.

Someone pulled the emergency cord and Engineer C. C. Moore stopped the big diesel locomotive. Engineer Investigates

The two men pulled guns and started through the cars. The gunmen slumped and shoved hesitant passengers around. They used their revolver butts on some.

The pair moved through the coaches to the club diner, which had been locked by a trainman who saw what was going on.

Engineer Moore went back to see why was the delay. When he did not return immediately, diesel mechanic Robert L. Mort of New Castle, Pa., went back.

The two gunmen rounded them up and shooed them to the locomotive cab. Moore was forced to back the train up to a grade crossing.

The two men commandeered an automobile which had been stopped at the crossing. They took fireman R. B. Perdue of Baltimore with them.

The car turned up at the nearby Clover Rail Tavern, which was robbed of about \$200 as some 75 to 100 customers sat by as dazed as the train victims. Perdue got away there.

The B&O said it had reports of two men boarding the train at Washington with tickets from Miami, Fla., to Youngstown, Ohio.

Stunned passengers told in graphic words of how they were faced with an unbelievable situation and how the men ranged from the diesel locomotive through the coaches and a Pullman—stealing what they could find.

Passengers Gunwhipped The robbery occurred two miles west of Martinsburg shortly before 8 p. m.

The signal cord on the train was pulled and the Ambassador stopped. All witnesses agreed that the robbers forced it to back up a considerable distance to what is known as Warm Springs crossing.

In the few hectic minutes which followed, the crewmen and passengers were cowed, gunwhipped and relieved of what money they had.

The B&O had reports of \$787 taken from coach passengers along with a \$100 ring and an \$85 watch. The crew lost \$128. Ten Pullman passengers also were robbed but there was no estimate of their losses.

After threatening and injuring some of the people, two men left the train and commandeered an automobile which had been halted at the crossing by the train.

Charles H. O'Roke and his wife were in the car. He told police he was beaten painfully when he protested against the men pulling his wife from the automobile.

POPE ACCEPTS TEXAS BISHOP'S RESIGNATION

VATICAN CITY—(AP)—Pope Pius XII accepted Thursday the resignation of Msgr. Emanuel Ledvina, bishop of Corpus Christi, Texas, and appointed him titular bishop of Pitane.

Msgr. Ledvina resigned for reasons of advanced age and poor health, an informed Vatican source reported.

OHIO PUBLISHER DIES

RAYMONDVILLE, TEXAS GREENVILLE, OHIO—(AP)—William A. Brown, Jr., 76, editor and publisher of the Greenville Daily Advocate, died of a heart ailment early Thursday in Raymondville, Texas.

The publisher and Mrs. Brown had left here February 17 on a vacation.

Get-Acquainted Program Enjoyed

Cal Boykin and Albert H. Vineyard were welcomed as new members of the Midland Rotary Club at its Get-Acquainted program Thursday noon in the Scharbauer Hotel. Roy McKee welcomed the new members.

Carroll L. Thomas was in charge of the program, which was designed so all Rotarians would be better known to each other.

James T. Smith, president, appointed a nominating committee composed of past presidents of the club. Ily Pratt heads the committee. Other members are T. Paul Barron, McKee, R. L. Miller, Percy Bridgewater and the Rev. Howard Hollowell.

Pratt said 30 Midlanders have made reservations to attend the Rotary International convention in New York City June 12-16.

Approximately 34 Midlanders plan to attend a chuck-wagon dinner in Odessa Tuesday evening, honoring Angus Mitchell of Sydney, Australia, president of Rotary International.

E. D. Fitzgerald and his Lone Star Ramblers entertained for the program.

And Usually New Poppa Is Fit To Be Tied Anyway

Add a new twist to the various ways of announcing new births in Odessa.

S&Q Cheekers give each new Midland mother a tie, which she in turn is to give to the new poppa. The ties are inscribed "It's A Boy" or "It's A Girl."

There's a catchy verse with the tie and congratulations from the clothing firm.

The ties are maroon colored with cream-colored lettering. According to E. C. Jones of S&Q, they are the rage in other cities.

So they say

In the world today for the first time there is knowledge enough, skill enough, and there can be produced equipment enough to relieve the suffering people of the world.

—Agriculture Secretary Brannan.

In spite of discouragements, in spite of drawbacks, in spite of handicaps, in spite of the intransigent attitude of the enemies of democracy, I believe it is but the truth to say that the prospects (for world peace) are brighter today than they were a year ago and it may be they are brighter than they have been since the end of actual fighting in 1945.

—Vice President Barkley.

The final preciousness of life is found in individual experience. We can dignify humanity in the abstract only if we recognize its value in the single human being.

—Dr. C. W. de Kiewiet, provost, Cornell University.

If anybody thinks that we (Republicans) can win elections by merely opposing every bit of social progress that has been made in the last 20 years, I say he is crazy.

—Gov. Thomas E. Dewey of New York.

We have complied with, and are complying with, all our economic objectives. The economic situation (in Argentina) is as good, as secure, and as flowering as in the best of times.

Baylor Ministerial Student Speaks To Bible Class Group

McCAMEY — Richard Brannon, Baylor University ministerial student, was guest speaker at the Tuesday Bible Class banquet held recently in the basement of the First Baptist Church.

Color scheme for the banquet was blue and silver and the theme for the occasion was astronomy. Beneath a blue crepe-paper sky studded with silver and blue stars and a silver moon, the banquet tables were set with white cloths and blue candles in crystal candelabra centered with blue and silver star trees and sprinkled with tiny silver and blue stars. Napkins were blue with the name of the class printed in silver and the blue menus in the shape of a star contained the menu and the program written in silver ink.

Those attending were Mr. Brannon, Rev. W. I. Lee, Mr. and Mrs. Jack Ott, Mr. and Mrs. W. E. Walker, Mr. and Mrs. Newton Key, Mrs. W. B. Reed, Mrs. John Reed, Gwendean Acuff, Helen, Sharp, Mr. and Mrs. Eddie McAnally, Rita Johnson, Ann Key, Barbara Simmons, Lorraine Lynch, Bernice Weddie, Betty Weddie, Wallace Hudson, Rusty Kedzora, Claudyne Brown, Dale Williamson, Bobbie Hightower, Yvonne Williamson, Larry Bagley, Ovella Huffman, Mrs. Ann Carroll, J. Brunet Marilyn Maxwell Can't Get Over Being Movie Blonde

By ERSKINE JOHNSON
NEA Staff Correspondent
HOLLYWOOD—Sh-h! Don't tell anyone, but there's a beautiful doll in Hollywood who is leading a double life. Grl by the name of Marilyn Maxwell, who sports a figure that looks like it should be subject to an excess profits tax.

There's one Marilyn of the movies. And there's another Marilyn in private life.

On the screen you see Marilyn, the luscious blonde. Au naturel, however, she confessed to me, she's a brooding brunette.

Marilyn is removed from coast to coast, off the screen, as a terrific songstress, which was one of the big reasons she was brought to Hollywood originally.

But do they let her sing in pictures, new? No.

Marilyn's chief occupation on the screen has become a blonde gold digger, brash, shifty and with a miner's eye for rich pockets.

In real life she's an extremely shy young lady, who fidgets like a 5-year-old during an interview.

Again in Marilyn's latest picture, Screen Plays "Champion," she's a blonde, nonchirping, glue-fingered gold digger. She says it's the best role she's ever had. She plays fast and loose with Kirk Douglas and winds up weeping.

"But my family is sore as the dickens about it," she says. "They want to know when I'm going to get around to being myself. They have a tough time convincing old friends that I'm really making good in Hollywood. What they see up there on the screen isn't really me."

Marilyn doesn't know what they'll think when they see her in "Champion," slapping Douglas in the face, heisting him for his bankroll, slugging down martinis and sporting that luscious figure.

For 14 pictures Hollywood has kept Marilyn a blonde. Only once in "Race Street," did she hit the screen in brunet tresses, and then it wasn't her own hair but a wig. There wasn't time for the growing out process.

When time came for her to step into "Champion," Marilyn pleaded with producer Stanley Kramer to let her go brunet.

"Well," said Kramer, "do you change personalities when you're a blonde?"

"Sure," Marilyn said. "When I'm a blonde I feel like whitening back."

"That keeps you a blonde," the producer said. "It's exactly what we want."

Blondes Limited
There is, however, good reason for Marilyn's wanting to hog over to the darker side. Blondes, she explains, have their thespian limitations.

"Nobody takes a blonde too seriously in Hollywood or anywhere else. I don't know why it is, but she's supposed to be a light-headed, gay and an easy gal to make a date with."

"For the heavy sighs and curtain-tearing department, it takes the girls with dark hair. I want to widen my range of roles and go in for some block-busting dramatics."

Marilyn's career in Hollywood, over a period of five years, has been a steady climb. She thinks it is good that the pace has been unhurried.

She says she is learning and still has much to learn about that impersonal "grunt," the camera. Only lately has she really become aware that the most important factor in film acting is to ask one's self, "Why am I saying those lines?" not "What are they?" or "How shall I say them?"

Shot! Takes: Time crawls out! Ten years ago Francis Lederer worked in a Paramount film, "Midnight." He's just been cast in a new Paramount picture, "After Midnight." Benny Goodman will take his band abroad this Summer.

Steady Decline Shown in Oil Activity Of Midland Areas

A steady decline has shown in the number of new locations staked in the Midland oil areas during the last few weeks. The past seven days brought only 37 new drillsites, a drop of 20 from the previous weekly report.

Wildcat activity was confined to Mitchell and Scurry Counties, where one outside venture was staked in each. Scurry also received a field exploration.

Most increase was Cochran County gaining nine. Crane County came up with seven. A total of five locations were made in Andrews County.

In Ector County, three drillsites were spotted, and in Pecos, two. The remaining new locations went one each to Gaines, Hale, Hockley, Howard, King, Lubbock, Reeves and Winkler Counties.

Figures are based on files of the Railroad Commission of Texas. That office also listed seven amended applications to alter previously staked drillsites in the Midland district.

One of these was to deepen a wildcat in Gaines County. The rest, distributed equally among Cochran, Crane, Scurry, Winkler, Dawson and Ector Counties, were for projects in proven territory.

Federal Government Was Texas' Customer

DALLAS—(AP)—The Federal government was a big customer of Texas manufacturers and dealers last year. William J. Rogers, a Federal official, said the government bought \$54,964,923 worth of goods in lots over \$10,000 from Texas companies in 1948. Rogers, regional director of the Labor Department's wage and hour and public contract division, said the purchases were made under the Walsh-Healey Public Contracts Act. The act applies to amounts over \$10,000, he said.

Officers After Club Of Reckless Drivers

DALLAS—(AP)—Now there is a club dedicated to reckless driving. Dallas County Sheriff Bill Decker and Texas Highway Patrol Captain George W. Busby identified it as the "Seven-Tenths Club."
Decker said high school students make up the membership. The club holds car races every Friday and Saturday night on a stretch of road, seven-tenths of a mile long, just outside Dallas. Decker added.
Officers are trying to break up the club. Members have arranged a light blinker system to warn of the approach of officers, the sheriff continued.

(2-4 servings)
Two pounds spareribs, 2 teaspoons kitchen bouquet, 8-ounce can tomato sauce, 1 tablespoon vinegar, 1 clove garlic, minced, 1/2 cup finely diced onion, 1 teaspoon salt, 1/2 teaspoon sugar, 1/8 teaspoon pepper, 1 tablespoon horseradish.
Have meat dealer split ribs. Cut in serving size pieces. Brush pieces on both sides with kitchen bouquet.

Families, Homes Both Smaller Units

NEW YORK (AP)—American homes, like the families they house, are getting smaller, according to a Title Council of America report on postwar home building trends.

The size of the American family dropped from 3.7 in 1940 to 3.5 persons in 1948. Size of the average home decreased accordingly, the report says. Most popular new postwar dwelling is the two-bedroom unit suitable for a family of two to four persons. This coincides with Department of Commerce statistics that show 31.3 per cent of American families consisting of two persons and 25.6 consisting of three. One reason for the decrease in dwelling sizes is housewives' insistence on compact homes that can be run easily and with a minimum of work hours, according to the Council. Home makers also want such "time savers" as dinettes, smaller streamlined kitchens, more easily cleaned floor and wall coverings such as tile, and electric dish washers in their homes.

With smaller families and fewer children, more American women are combining careers with home life. In 1948, there were about 2,400,000 more married women than single women in the labor force. Eight years ago, single female workers outnumbered working wives by 1,700,000. Today's housewife-career girl, able to devote only part time to household management, adds to the demand for smaller, more easily managed dwellings.

Place ribs, meat side up, on shallow baking dish and bake, uncovered, in moderate oven until browned, about 30 minutes. Combine remaining ingredients and pour over ribs. Cover and cook for about 20 minutes, turning ribs once. Remove cover and continue baking until meat is tender, about 20 minutes longer. Serve immediately.

Braised Spareribs With Vegetables
(Serves 3-4)
One sheet spareribs (2 pounds or more), 1/2 teaspoon onion salt, 1/2 teaspoon celery salt, 1/4 teaspoon garlic salt, 1/4 teaspoon pepper, 1/2 teaspoon ground sage, 1/4 teaspoon marjoram, 1 cup water, whole carrots, onions and potatoes.

Place spareribs in baking pan. Mix seasonings together and sprinkle on both side of the spareribs. Brown in hot oven (425 degrees F.) 10 to 15 minutes. Add 1 cup water and reduce heat to moderate (350 degrees F.) and bake one hour, with cover on pan. Arrange vegetables around meat in pan and baste with stock in pan. Cover and bake 30 minutes longer. Remove cover and steam 30 minutes. Turn vegetables several times during baking. It may be necessary to add a little more water from time to time. Remove meat and vegetables from pan and make gravy from liquids in the pan.

Chile Makes Plans For Belgian Colony

SANTIAGO, CHILE (AP)—Chile's lonely but fertile southland is to have a Belgian hamlet of 38 souls. The Belgians are on their way to their new home in Murta River valley from the southern tip of Chile and from Argentina, where they arrived some weeks ago. Their overland journey in motor trucks started after they received permission from Buenos Aires to pass through Argentine territory. The Chilean government has rented them 10,000 hectares of land and is considering their request for 90,000 hectares more. There the Belgians will grow livestock and saw lumber in the virgin forests.

The colony is the result of a visit one of its leaders, Paul de Smet, made to Chile about a year ago. De Smet came from his home in Eppeghem, surveyed the possibilities and chose the site. Now he is back with co-leader, Gabriel de Halleux, of Brussels, and 36 other men, women and children. Some arrived at Punta Arenas on a British ship, others at Buenos Aires on a Belgian ship. They brought everything they need to live independently—a priest, a doctor, a schoolteacher, motor trucks, tractors, electric generators, a saw mill, even their household utensils. For there is no town near the site of the new colony.

The Belgians have chosen to settle in an Andean valley near the large Lake Buenos Aires which straddles the Chile-Argentine frontier. The site lies in wooded, rainy Aysen province whose 8,898,000 hectares are populated by only 18,000 persons.

President Gabriel Gonzales Videla is especially anxious to colonize Aysen province. His minister of agriculture, Victor Opatos, estimates it could produce a million head of cattle and two million sheep in five or six years. Carlos del Rio, director general of lands and colonization, has ordered that every facility possible be given the new Belgian settlers, whose colony may set an example for others.

Japanese Lepers To Build Observatory

TOKYO (AP)—After eight years, lepers on Nagashima, tiny island in the Inland Sea, are going to get the observatory they want. The lepers of the colony bought a British-made telescope in the Spring of 1941 and planned an astronomical observatory to help spend interminable hours. The war intervened, but they saved the telescope.

When the Japanese astronomer Minoru Honda began his recent series of comet discoveries, the lepers remembered their project and asked his advice.

Most Japanese fear and shun lepers, but Honda went to the island, cleaned the telescope and selected the best hilltop site.

The lepers now have started their building, and Honda says "they may reap substantial rewards" from their stargazing.

Foolproof Defense Against Submarines Is Termed Top Western Allied Security Task

By DEWITT MACKENZIE
AP Foreign Affairs Analyst
Among the major security tasks of the Western Allies is that of providing a fool-proof defense against any such submarine menace as that with which the Germans all but defeated them in the two World Wars.

One of England's foremost newspapers, The Manchester Guardian, calls attention to this in connection with the current debate on British Naval estimates in the House of Commons. The Guardian points to two vital defense problems:

1. To see that all reasonable steps are taken to ensure that the sea links between America and Western Europe, and between America and the Near East, can't be cut.
2. To make sure the Royal Navy and the U. S. Navy are working

hand in glove, and that neither will find itself engaged in major sea warfare without the other at its side.

Sea Control Important
The value of any partnerships between America and European nations of course hinges heavily on their control of the sea. The proposed North Atlantic Alliance would be an empty gesture if an enemy controlled the ocean lanes between the two hemispheres.

Those who date back to the first World War will remember the terrible days of 1916 and 1917 when the Kaiser's unrestricted submarine campaign brought Germany close to victory.

Not only were the Atlantic lanes being cut, but those in many other parts of the world. I went from India to London by sea in February, 1917, and thirteen vessels were sent to the bottom by submarines

near my ship in the Mediterranean. No shipping was safe anywhere.

Things got so bad Britain's Admiral Jellicoe took the unusual step of writing direct to the prime minister, warning that loss of shipping alone might soon force the Allies to make peace. Various proposals for dealing with the submarines were put into effect, and then America came into the war. By the end of 1917 the menace was reduced by intensive convoying of cargo vessels.

Hitler Sees Success
Again in World War II Hitler for a time was able to duplicate the Kaiser's success.

Early in 1942 the Axis powers shifted their submarine warfare to the Western Atlantic and in 10 months the loss of more than 800 ships was reported. More than 7,000,000 tons of Allied shipping was lost.

By the end of the year the German U-boat campaign was the major threat to an Allied victory.

However, the fates were kind to the Allies. The U-boat menace was curbed by a combination of ex-

pedients. These included improved methods of detecting the submarines, and the use of special boats and aircraft to track down the subs and destroy them with depth bombs. Youth Center Chatter

By JOYCE HOWELL and JUNE HAZEL

Back again, and with more news of the idiotic things going on around the Youth Center.

Say you all, why not sign the register when you come in. It certainly would make it easier for Mr. Engel to check on who comes in, and if your parents or someone else is looking for you, then they would know if you had been there.

Have you noticed our "lawns"? The grass is coming up slowly and there are the plain brown oxfords, too.

Wandering Thoughts

What was Pat Bray doing all tangled up with the garden hose the other day?

How does one go about telling Therese and Margaret Finch apart? How many people have loaned Mike Brunner nickels for cokes?

Where were Joy Guyton, Nell Cole, Reed Gilmore, George Glass, and Peggy Charleston for so long a few days ago? Patsy Bray was looking for you all.

Why does Moe Price wear that sun visor all the time?

What was Gloria Anguish carving up the other day?

Nan Gray was here this week-end. Let's hope she will stay in Midland this time.

What in the world was Bill Secor doing with his feet caught in the movie seat Sunday afternoon? How long did it take to get out, Bill?

We've noticed the starting of several beards lately. Could this be preparation for the "beard contest"?

Could that be German Nan Grey and Anne Gelbold have been speaking? What does it mean, girls? Mr. Engel has been quite busy lately, giving lessons in German.

We hear Ronnie Estel caught a rabbit bare-handed! Well, almost, anyhow. Is this a new method Ronnie?

Try out the length of the handle before buying cleaning equipment to make sure the equipment will be comfortable to use and not require an unusual amount of bending over.

Have you ever stopped to notice the hair styles around the Youth Center? Particularly among the boys! It seems that the latest thing is to cut off as much hair as possible without shaving the head! Charles Wheat, David Weaver, and Ronnie Estel are, at present, sporting the "shortest cuts" we've seen! Medal of Honor.

This week's Medal of Honor goes to Moe Price. He allowed himself to be used as a human swing for a few minutes last Sunday afternoon. This was a brave act because there's no telling what might have happened, and a generous act, because he let the other boys have something to play with. We still need some more brave deeds as we certainly have enough medals.

We lost another of our faithful members Saturday. Bill Franklin moved away for good. Before leaving, Bill brought several records by the Youth Center which soon will be put in the juke box.

At long last the **SKY KING RINGS**, the only ring that writes under water, has a magnifying glass, a secret compartment and ever so many other things, has arrived. Peggy Simmons and Marion Sevier were the first to receive them. Jo Dean Downing, Diane Anderson, Nancy Roberts, and Camilla Birkhead are still waiting for these wonderful rings.

Did you all see the three cowboys that came in the Center Saturday? Tom Sloan was home from Country Day in Dallas for the weekend and he and George Glass and Fayne Wilkes had on their boots and ten-gallon hats.

Sewing Courses

A sign has been put up announcing a class in dressmaking, embroidery, knitting, and crocheting.

There certainly are a lot of racquets around the Center lately—tennis that is. Jean Ferguson, Joan Wyche, Marion Sevier, Pat Boles, Jo Ann Nelson, Sue Ann Francis, Peggy Charleston, and Carolyn Schaefer made the sixth period tennis class and they seem to practice all the time!

Don't some boys have the prettiest shirts? Or have you ever noticed? Charles Sims was sporting a very pretty raspberry colored one Saturday. Lew Grounds has a very pretty violet one and "Uppy" Wallace has an orange shirt that certainly puts your eyes out! And did you see the pretty football shirt Bill Secor had on?

The girls were wearing everything from woolsens to Spring options. No one seems to know just when Spring begins.

While we're on the subject of clothes, have you ever thought about

the various types of shoes the girls wear? Lois Black, has a very pretty pair of red loafers, Carolyn Claborn a pair of yellow moccasins; Peggy Charleston a pair of white tennis shoes; Camilla Birkhead, gold sandals; Joy Guyton a pair of maroon sandals; Nell Cole, a well-polished pair of black moccasins, and Melba Clarke, a pair of silver sandals. Of course you see saddle oxfords with red, blue, green, brown, and black saddles on them and then there are the plain brown oxfords, too.

Where were Joy Guyton, Nell Cole, Reed Gilmore, George Glass, and Peggy Charleston for so long a few days ago? Patsy Bray was looking for you all.

Why does Moe Price wear that sun visor all the time?

What was Gloria Anguish carving up the other day?

Venice Runs Into Dispute On Pigeons

VENICE —(P)— Venice is stirred up about the municipal action against pigeons of St. Mark's Square, beloved by tourists and Venetians. Their daily ration of 35 pounds of city corn, the town council has decided, will be cut down to 22 pounds.

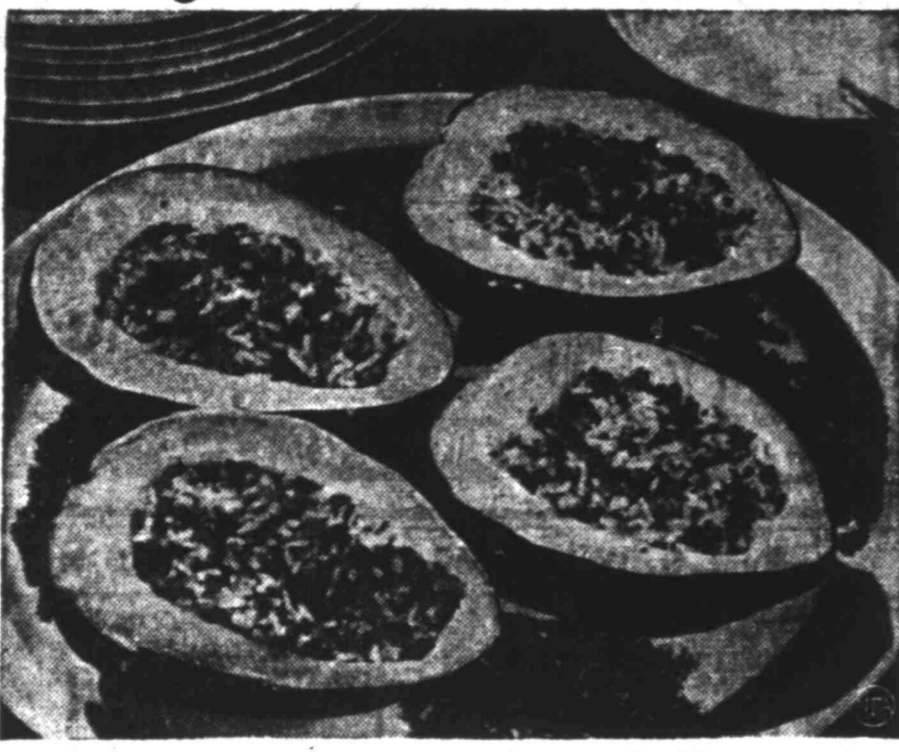

The city's fine arts division also stated that the pigeons were spoiling the roofs of St. Mark's basilica and has put sharp steel edges on one of the favorite resting places.

It is calculated here that the pigeons a Venetian landmark—number about 2,000. Since the war many have become accustomed to seek their food elsewhere and do not rely entirely on municipal corn. Kind Venetians who love the pigeons put food for them in their gardens or on window sills.

Protests are coming from pigeon lovers against the "sanctions" imposed by the city fathers. "Gazzettino Sera" published an angry letter from a Venetian, "against this inhuman treatment to the symbols of peace." But the town council has not budged. The pigeons will get short rations from now on.

Indian pudding may be topped with shredded coconut before serving.

Acorn squash stuffed with ham and rice, served with cream sauce.

By GAYNOR MADDOX
NEA Staff Writer

Acorn squash, stuffed with rice and ham, with a smooth cheese sauce—how does that sound? Or fluffy creamy mashed yellow tur-

nips, delicately seasoned—that's good, too.

Stuffed Acorn Squash
(Serves 4)
Two acorn squash, 1 cup ground cooked ham, 1 cup cooked rice, 1 tablespoon minced onion, 1 tablespoon minced parsley, 1/2 teaspoon Worcestershire sauce, dash Tabasco sauce, 1/4 cup fine bread crumbs, 4 tablespoons fortified margarine, 1 cup cheese sauce.

Cut the squash in halves or thirds depending on size. Steam until tender. Mix the ham, rice, onion, parsley, Worcestershire and Tabasco sauce. Fill the centers of the squash. Top with bread crumbs. Dot with margarine. Bake in moderate oven (350 degrees F.) until lightly browned. Serve with cheese sauce.

Cheese Sauce
Two tablespoons fortified margarine, 2 tablespoons flour, 1 cup milk, 1/4 teaspoon salt, dash of

pepper, 1 cup grated American cheese.
Melt the margarine; add flour and blend. Pour in the milk and cook over low heat until thick, stirring constantly. Season with salt and pepper. Stir in the grated cheese until melted.

Mashed Yellow Turnips
Two pounds yellow turnips, water, 1/4 teaspoon black pepper, 1 teaspoon salt, 1 onion, minced, 2 tablespoons butter or fortified margarine, 2 tablespoons cream or evaporated milk, 1/8 teaspoon cayenne pepper, 1/8 teaspoon paprika, 1 tablespoon sugar, 1/2 teaspoon Worcestershire sauce (if desired).

Wash and peel turnips. Cut into small pieces. Cover with water. Add salt, pepper and onion. Boil until tender, about 30 minutes. Drain thoroughly, then mash. Add butter, cream or evaporated milk and remaining ingredients. Beat vigorously until light and fluffy. Serve very hot.

Sketches at right show how policemen rescued Mrs. Lillian Paul, 39, as she dangled by her coat from the eighth floor window (circled) of the Wacker Hotel in Chicago. Sketch 1 depicts Policeman Francis Sherrier leaning out of an adjoining window trying to reach Mrs. Paul, caught by the window which fell as she leaped after leaving a suicide note. Then (sketch 2), Policemen Henry Dahm and Leonard Anderson hold Sherrier's legs as he reaches out for the woman. A hotel employe (sketch 3) raised the window and Mrs. Paul and Patrolman Sherrier were hauled back to safety.

Border Paving Job Nears Completion

PECOS—Paving of U. S. Highway 285 to Sanderson, down on the Mexican border, will be completed before too many months, according to present indications.

A paving project now underway begins at a point 38 miles south of Fort Stockton and extends south 14.5 miles to the Terrell County line. This job will be completed this Spring or Summer.

Another job, authorized for bid on March 23, covers construction of a sector of US 285 from 19 miles south of Fort Stockton to north end of the present job. When the two projects are completed some 34 miles between Fort Stockton and Sanderson will be paved, leaving only 19 miles just south of Fort Stockton and about 12 miles just north of Sanderson yet unpaved.

Construction of those unpaved sections has been authorized for the near future.

EYE AND BLOOD BANKS, NOW "CARTILAGE BANK"

COPENHAGEN—(P)—Eye banks and blood banks have become well known factors in modern medical science. Danish doctors now plan a "cartilage bank."

The idea is to store cartilage, removed after death, and use it in operations. Tests have proved highly successful, doctors said.

Macaroni And Cheese Souffle

Souffle of macaroni and cheese—a new idea

By GAYNOR MADDOX
NEA Staff Writer

Here's an old favorite with a new look—macaroni and cheese souffle.

Macaroni and Cheese Souffle
(6 servings)

One cup uncooked macaroni, 1 teaspoon salt, 3 cups boiling water, 1/2 cups soft bread crumbs, 1 1/2 cups milk, 3 eggs, 1 1/2 cups grated cheese (about 4 ounces), 1 teaspoon salt, 1/4 cup diced pimiento, 2/3 cup chopped almonds, few sprigs parsley, 5 small pieces pimiento.

Add macaroni and one teaspoon salt to the boiling water and cook for about 20 minutes or until macaroni is done. Drain macaroni.

soak bread crumbs in milk while macaroni is cooking. Separate eggs. Mix together beaten egg yolks, cooked macaroni, bread crumbs soaked in milk, grated cheese, one teaspoon salt, diced pimiento and almonds. Beat egg whites until stiff but not dry. Fold beaten egg whites into macaroni mixture. Pour mixture into a well-greased two-quart heat-resistant glass open baking dish. Bake in moderate oven (325 degrees F.) for one hour. Garnish for serving with parsley and pieces of pimiento.

Cheese and tomato sauce can be made into a delicious souffle also. For a good meal menu try this tomato-cheese souffle, parsleyed potatoes, green peas, mixed green salad, apple Betty, light cream, coffee, milk.

Magpies Go Modern With Metal Nests

SYDNEY, AUSTRALIA —(AP)—A nest of an Australian magpie, a row-shrike, was recently found by a naturalist to contain 342 feet of wire of various lengths and gauges. Ninety-five per cent of the material in the nest was metal, ranging through one piece of fancy wire five feet long, three pieces four-fifths feet long, 16 pieces three-fourths feet long down to brass and metal rings. In all, according to W. Martin, of East Kew, Victoria, who made the count, there were 227 pieces of metal. With their strong beaks the magpies had interwoven many of the pieces of rough wire into a circular nest and then lined their metal home with fibrous material. The nest was 20 feet up in a Norfolk pine.

The magpie's liking for metal materials in nest-building is responsible for many electrical breakdowns in Australia. The bird, with a length of wire in its beak, flies into overhead supply lines or builds its nest in the cross-trees of transmission poles. In some Australian states repair gangs are required to gather up all scraps after a job and spikes are placed on cross-trees to discourage the birds from nesting there.

Buyers' Market Shapes Up For U. S. Government

By CLARKE BEACH
WASHINGTON —(AP)—Engineers in charge of the bulk of government construction are finding contractors a lot more eager for work than they were a few months ago. "At one time we had to get the work taken off our hands," says an official in the Atomic Energy Commission. "The builders were leery of taking on new jobs. They didn't want to get tied up with government contracts and then find they couldn't get the materials to finish the work."

Sometimes contractors used to include in their big contingency fees as high as 30 per cent. That is, if material scarcities, rising prices or other factors increased his cost, the contractor could boost his price as much as 30 per cent. Today, however, Uncle Sam's engineers find themselves in the happier position of buyers in a buyers' market. This is true not only in the AEC, but also in the Federal Works Agency, the Office of Army Engineers and the Reclamation Division of the Interior Department.

Varies Geographically

Furthermore, the contractors' costs are diminishing. Various trade surveys differ, but the Commerce Department combines all their reports into a composite construction cost index. It indicates that costs rose to the all-time peak in September 1948—to 117.2 per cent above the average in 1939. Then they fell steadily until in December 1948 they stood at 113.9 per cent above the 1939 average.

The department also has an index of the prices of all construction materials. In September, the peak month, they averaged 124.4 per cent above the 1939 average. This dropped to 122.4 per cent by February 15. The big decline was in lumber, which fell from 241.4 per cent above the 1939 average in August, the peak month, to 227.4 per cent in December.

The trend toward a buyers' market in light construction than heavy construction, probably reflecting lower lumber costs. You don't need as much lumber to construct roads, dams and bridges as in the erection of buildings.

The situation varies geographically, too. In the District of Columbia, for example, there was less public construction last year than in the year previous. Contractors here apparently needed work more than contractors in many other areas. As a result the eagerness of bidders and their lowered quotations has been especially noticeable here.

Keener Bidding

They say that in most sections of the country the bidding on government contracts is keener than it has been in years. More contractors submit bids, they say, and their bid prices are more closely bunched, showing a sharper interest in getting contracts.

In some cases the prices quoted are below the costs the government had estimated it would have to pay. But none of the agencies reports that prices are far enough below the estimates to make it likely that they will have any money left over from the funds appropriated. As to what this trend means, the opinions of the government men differ.

For one thing, this has been a slack season in the construction industry. Sellers' market might return in the Spring or Summer.

The chief factor, according to most of the engineers, is that conditions in the construction industry are becoming better stabilized. Shortage of materials of all kinds used to be a nightmare. Now most items, except cement and steel, are plentiful. The shortage of skilled labor has been largely alleviated by the government's apprentice training program.

All this makes it easier for the contractor to estimate his costs and trim his profit margin. He doesn't have to allow for a heavy cushion to compensate him for losses which are likely to be caused by scarcities and delays.

Needleworkers Are Following Gold Rush

By DOROTHY ROE,
Associated Press Fashion Editor

There's a brand new gold rush of 1949, and smart prospectors are finding the glitter stuff in hats, bags, dresses, coats, shoes and gloves. Girls who are handy with the crochet hook or knitting needles can produce their own gold standard at pin money cost, with the new lurex yarn, an aluminum based metallic yarn now available in elasticated as well as cord form, for home needlework.

The new yarn is washable, cleanable and non-tarnishing. It works up quickly into such trick accessories as jerkins, weskits, gloves, belts, bags, founching slippers and caps.

Grated cheese is good mixed with sweet pickle relish and a little mayonnaise or mayonnaise-type salad dressing and used for a sandwich spread.

Closer Treasury Supervision Of Lending Agencies Recommended By Hoover Panel

WASHINGTON—(AP)—The Treasury should have closer supervision over government lending, the Hoover Commission said Thursday.

It also told Congress the department could operate more efficiently and economically if freed from "political appointments," particularly those of Internal Revenue and customs collectors.

The government reorganization group headed by former President Herbert Hoover split 8 to 4 in recommending direct Treasury supervision over two multi-billion dollar agencies: Reconstruction Finance Corporation, chiefly a lender to U. S. business concerns, and the Export-Import Bank, chiefly a lender to foreign governments.

"The President," said the majority report, "cannot give the time necessary for their supervision. Practically, they are accountable to nobody. The Treasury should again be made the real fiscal center of the government."

While there was discussion on that point, the commission called unanimously for "thorough" reorganization of the Treasury to rid it of politics, "obsolete organization and methods" and irrelevant functions.

"Considerable savings can be accomplished by the reorganization of the Treasury's field services and the elimination of political appointments among them," the group said. It added that such appointments are "one of the chief handicaps to effective organization," and "are regarded by some as sinecures."

To get politics out, the commission said, all Treasury officials below assistant secretary "should preferably be appointed from the career service without Senate confirmation."

The commission's biggest split came on a recommendation that the Federal Deposit Insurance Corporation be put under Treasury supervision to "insure the continuation" of cooperation in bank examination work.

Five members dissented, saying the FDIC, supported by bank assessments rather than tax money, should be left just as independent as the Federal Reserve Board is.

All 12 members agreed that the Narcotics Bureau, which fights the illicit drug traffic, should be shifted from the Treasury to the Justice Department, and that the Treasury should give up its role as chief supply buyer for the government.

The commission's greatest difficulty appeared to be in figuring out how to simplify lending activities without putting some 30 agencies, besides the RFC and Export-Import Bank, directly under the Treasury.

Its 11-to-1 solution was creation of a National Monetary and Credit Council of Domestic Financial Agencies under the secretary of Treasury as chairman, with members named by the President from the Federal Reserve Board, Housing and Home Finance Agency, the Farm Credit Administration and others.

The commission recommended that the Treasury be made a central agency to "inspect" 10 other once-active lending agencies still holding more than \$1,000,000,000 in assets, and speed up their liquidation.

It mentioned such agencies as the Federal Farm Mortgage Corporation, holding \$127,000,000; Home Owners Loan Corporation, \$452,000,000; and Defense Homes Corporation, \$54,000,000.

Pomade Gives Lips Wind Protection

Medicated lip pomade protects lips against dry winds.

By ALICIA HART
NEA Staff Writer

Science has not yet tried to take the sharp edge off the wind, but it has gallantly turned its efforts to protect a woman's lips from the knifing cuts.

The result is a new lip pomade in a swivel stick which protects lips with a medical coating.

One of the main ingredients of the pomade is a pain-stopping anesthetic, the most stubborn cold sore wind-cracked lip tissue responds promptly to a thin application.

The use of the stainless and colorless pomade before rouge is applied in no way interferes with the cosmetic appeal of lipstick or alters its color.

Sour cream may be flavored with salt, sugar, and lemon juice and served as a dressing for fruit salad. Orange, grapefruit and banana slices on romaine or watercress makes a particularly good salad for this dressing; sprinkle the banana slices with a little of the citrus juice to keep them from turning color.

"What to do when your family doesn't want you to go out" is one of the subjects recently discussed by a teen-age club in Brooklyn, New York City.

If the parents of those bright young teen-agers are smart, they'll get together and discuss "How to make your 'stay-home-night' order stick."

That's the trouble with parents. They don't get together on their problems.

But the kids always seem to. They decide what the gang is going to do and then go home to tell their parents. Met with opposition they can always plead—and usually do—"Well, everybody else in the crowd is going. I don't see why you won't let me."

Lack Unity

Parents are pretty helpless against that kind of plea—simply because they haven't the strength of unity.

If they could answer right back with something like: "All the other parents say their kids can go if they promise to be home at such-and-such a time," they wouldn't be in such a helpless position.

But parents try to fight the battle alone. And they usually lose.

If they were just as smart as their children, they'd have their own meetings to decide how best to out-talk the young folks.

If unity works for one generation, there's no reason why it shouldn't work for another.

British Are Told Tradition Handicaps

LONDON—(AP)—Prof. Willis R. Worlich, chief of the scientific office of the American Embassy, thinks Britain would be more prosperous if its people kowtowed less to tradition. He said so at an Engineering Industries Association luncheon.

"Britain might need to place less reliance on history and more responsibility on her creative young men," he declared. "That has brought dividends to other English speaking nations. I sincerely believe it will do so to you."

"If the British are determined to do so," Worlich said, "they can compete in almost all articles of small plant production with the United States. Your labor is not as highly paid. The cost of your raw material is rather more in some instances. Your men work diligently."
