

Permian Basin OIL & GAS LOG

James C. Watson
Old Editor

Lea Wildcat Flows Oil In Pennsylvanian

Heated oil play continued in Southeast New Mexico as Magnolia Petroleum Company discovered flowing oil production from the Pennsylvanian in Northeast Lea County.

The strike was at the concern's No. 1 Betenbaugh, wildcat five miles northwest of the Crossroads-Devonian field. It is located 660 feet from south and west lines of section 12-34-35.

A one-hour drillstem test was run in the Pennsylvanian at 9,800-50 feet, with 5/8-inch by one-inch chokes and using a 1,000-foot water blanket.

Gas reached the surface in 15 minutes, water blanket in 21 minutes and drilling mud in 25 minutes. Oil flowed at the top in 45 minutes, gauging 12 barrels of oil in tanks in 15 minutes.

Operator circulated out recovery and was preparing to run another drillstem test on the same zone.

This development was originally projected to 12,000 feet as a Devonian exploration. Whether it will be drilled ahead or completed in the Pennsylvanian has not been revealed.

Sunray Completes Scurry Discovery

Sunray Oil Corporation has completed its No. 1 Brown for good flowing production from the Canyon line of the Permian in three miles south of the North Snyder field in North-Central Scurry County.

On a potential test, the well flowed 10 hours through a one-half inch choke, producing 43 barrels of 44.2 gravity oil in the time. This would make a 24-hour initial production of approximately 1,036 barrels of oil.

There was no water. Gas-oil ratio was 1,115-1. Production was natural from the open hole section at 6,835-6,844 feet.

This pay opener is 660 feet from north and west lines of tract 8, section 20, J. P. Smith survey, about six miles north of the town of Snyder.

A report Wednesday that this well flowed 132 barrels of oil in 32 hours was in error.

Lipscomb & DeLange Stake Scurry Test

Lipscomb & DeLange of San Antonio are starting by May 1 on a well outcrop to the Sunray No. 1 Brown Canyon discovery in North-Central Scurry County as their No. 1 A. L. Wren, et al.

The drillsite is 487 feet from north and east lines of Dallas Trust & Savings Bank subdivision of section 20, block 11, J. P. Smith survey.

Projected depth is 7,000 feet. Drilling will be with rotary equipment.

McAlester Finishes Wellcat In Andrews

A small Devonian producer has been completed in the Andrews area in North-Central Andrews County, eight miles north and three miles west of the town of Andrews.

It is McAlester Fuel Company of Magnolia, Ark., No. 1 M. M. Fisher, 660 feet from south and west lines of lease in section 4, block A-36, pa. survey. Elevation is 3,163 feet.

The well was finished on a gas lift for 5.41 barrels of oil per day. Gravity was 29 degrees. Gas-oil ratio was not measured. Total fluid recovered had a shakeout of 40 per cent water.

Total depth was 11,297 feet. Top of pay was 11,005 feet. The venture was plugged back to 11,184 feet. The Devonian pay zone had been acidized with 5,000 gallons preceding the test.

Magnolia Runs Pipe Into Scurry Canyon

Magnolia Petroleum Company has set pipe and was preparing to start tests at its No. 1 E. C. Campbell, Canyon Pennsylvanian prospect in Central Scurry County, four miles west of Snyder.

Following a recovery of clean oil on a drillstem test to 5,778 feet, total depth, operator cemented seven-inch casing on bottom with 125 sacks. The project was waiting on cement to cure before drilling plug and testing.

It is 660 feet from south and west lines of section 209, block 97, H&TC survey.

Runnels Prospector To Test Palo Pinto

Production tests were to be started in the Palo Pinto-Pennsylvanian in North-Central Runnels County at Texas Union Oil Corporation, et al., No. 1 Hugh Campbell, wildcat before they drilled "tight." Operator has just released the official information as to its progress.

It drilled to 4,602 feet in the El-

Jolting Hail Storms Hit Area Cities

Bandit Gang Kills Family Of First Filipino President

MANILA—(P)—Mrs. Aurora Quezon, widow of the Philippines' first president, her daughter and son-in-law were killed Thursday in a bloody machine gun ambushade that brought death to 10 persons.

Ten others were wounded.

President Elpidio Quirino, notified of the ambush in the mountains of Northern Luzon, ordered an immediate campaign against the killers, whom he identified as bandits.

The Quezon party, with an Armed Constabulary escort, left Manila shortly after 5 a.m. for Baler on the north-east coast of Luzon. The 60-year-old widow was to have unveiled a marker in memory of her husband, Manuel Quezon.

Maj. Gen. Rafael Jalandoni, former Philippine Army chief of staff, who was in the first automobile of a caravan with Mrs. Quezon, described the ambush.

"Shots in rapid succession were fired at our car," he said. "We stopped at once. The attack was so sudden that the first thing I knew Mrs. Quezon was slumped over me.

Struck by Rifle Butt

"I pulled my gun and was about to use it when someone suddenly appeared by the side of the car and hit me on the right side of the face with the butt of a rifle. I was knocked unconscious and that was the last I remember. I can not imagine how I escaped."

The general said when he regained consciousness he was buried under the bodies of Mrs. Quezon, her daughter and others.

Constabulary troopers guarding the party returned the fire of the attackers but were forced to retreat.

Later at the scene of the ambush the Constabulary found the bodies of Mrs. Quezon, her daughter, Maria Aurora Quezon and the mortally wounded Felipe Buencamino, III, 28, husband of Mrs. Quezon's youngest daughter, Zenaida.

Other Dead Listed

Also dead were Mayor Ponciano Bernardo of Quezon City (outside Manila), Maj. Primitivo San Augustin and his brother, Max Antonio San Augustin, both noted guerrilla fighters during the war with Japan, a Lieutenant Lizama and three Constabulary privates.

The wounded included Maj. Gen. Rafael Jalandoni, retired Army chief of staff, who notified President Quirino and the Philippine Red Cross.

Patronage Talk Starts Fireworks

WASHINGTON—(P)—The House of Representatives today started a fight over party loyalty. The administration bill would repeal the T-H Law and return to a modified version of the 1935 Wagner Labor Relations Act.

Patronage Purchase Tag

The implication of Truman's remarks was that Democrats who fail to go along with the Administration on a new labor law will have little to say about who gets federal jobs.

Rep. Hebert (D-La.) took the floor to advise my Democratic colleagues that President Truman Continued On Page Eleven

Midland Escapes Hail, Gets 1.15 Inches Of Moisture; Area Rains

Midland got a double dose of rainfall Wednesday night and early Thursday and liked it. Rain sloshed down beginning at 9:30 p.m. for the first dose. The second dose fell near midnight and into Thursday. Intense lightning and winds accompanied the rainfall here.

Total precipitation amounted to over an inch at Midland Air Terminal by the gauge of the C.A.A. station, which registered 1.15 inches. The gauge at the City Barn in Midland registered .65 inch.

Midland escaped the hail and storm damages which hit Odessa and Kermit.

The rain was lighter north of Midland. E. H. Guinn said he got but .7 of an inch, three miles northwest of the city. "But there was plenty of lightning," he said.

Water leveled over some streets in Midland immediately following the two hard rains.

The 1.15 inches of precipitation brought the 1949 rainfall total above the 6.44 inches mark. This pleased the ranchers and farmers no end.

West Texas rains halted two area baseball games at Odessa and Big Spring. A game was completed at San Angelo in threatening weather.

Ablene reported showers and heavier rain in its northern territory. An airline pilot reported hail falling 40 miles west of Abilene. Lines Reported Down

A flash flood was reported in the Barnhart-Mertson area. A hail storm at Big Lake did extensive damage.

Sundown in the Levelland oil district reported a quarter-inch of rain.

Precipitation ranging from light showers to heavy downfalls fell over West Texas.

Oil company communication lines were down in the Garden City and Bronco areas and also north of Midland, they reported.

Pipeline and oil companies with headquarters at Midland reported these area rain conditions: heavy rains at Hobbs, N. M.; no rain at Monahans; light rain at Wink; showers at Denver City; 1.50 inches of rain at Bronco, and rain in immediate sectors to Midland.

Truman Beats Drum For Calder; Denies Navy, Marine Rumors

WASHINGTON—(P)—President Truman said Thursday he hopes Curtis E. Calder, New York utilities executive, will accept appointment as secretary of the Army.

Truman also told a news conference that Jonathan Daniels, editor of the Raleigh (N.C.) News and Observer is under consideration for appointment as secretary of the Navy.

Describing Calder as a very capable man, Truman said he had talked with him three or four days ago and he hoped he would accept the job.

Told a high defense official said Wednesday the utilities executive would take over the post within 90 days—a statement that Calder later denied. Truman smilingly observed that the announcement was not made by him.

No Foundation In Fact

At the same time, the President said there was no foundation in fact for fears the Marine Corps might be eliminated and the Navy's air arm absorbed by the Air Force.

He said that report was like the prognostications people read in columns.

A reporter interjected that the apprehensions were raised by John L. Sullivan when he resigned as secretary of the Navy earlier this week.

The President said he did not read Sullivan's letter to Secretary of Defense Johnson, protesting against cancellation of the Navy's plans to build a super airplane carrier.

Coincidentally, Chairman Vinson (D-Ca.) released a statement from Secretary Johnson denying there are any plans afoot to transfer Marine and Naval Aviation to other services.

A PROCLAMATION

WHEREAS, Spring is here in all its wonders, bringing with it warmer weather, gentle rains, flowering plants, green grass and leafed out trees, and

WHEREAS, the weather will become increasingly warm as the season progresses, and

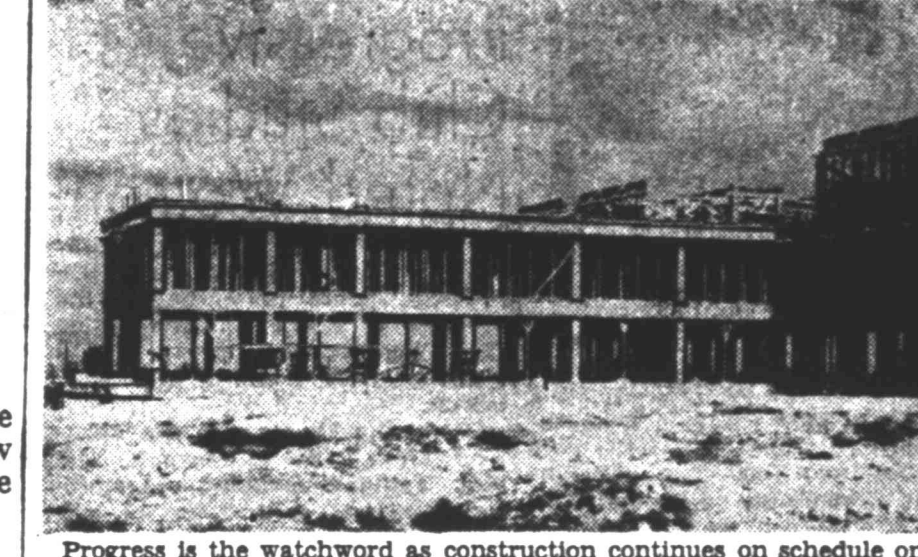

WHEREAS, the stylishly-dressed male citizens of Midland and vicinity are anxious to replace felt hats with smart, cool and more comfortable headgear—stocked in abundant and assorted supply by Midland merchants, and

WHEREAS, "You Can Buy It In Midland," now

THEREFORE, I, William B. Neely, mayor of the City of Midland, Texas, do hereby proclaim Saturday, April 30, 1949, as STRAW HAT DAY in Midland.

(Signed) WILLIAM B. NEELY, Mayor.

Hospital Job Progresses On Schedule

Progress is the watchword as construction continues on schedule on the \$1,250,000 Midland Memorial Hospital at the intersection of Illinois Street and the Andrews Highway here. Laborers have worked long and hard to overcome delays caused by icy weather early this year. Completion of the four-story, 75-bed general hospital is scheduled early in 1950. It will be the largest and finest hospital in the Permian Basin area, officials proclaim. The hospital and nurses' home are being erected with funds contributed by individuals, firms and organizations, plus a \$375,000 government grant. E. E. Cloer of Fort Worth is the general contractor.

World Waits For Russian Answer To Western Note

NEW YORK—(P)—The world waited Thursday for Russia's official reply to a Western request that she state formally and exactly her terms for lifting the Berlin blockade.

There were reports the Soviet already have replied that they will call off the blockade if the Western Allies will end their counter-blockade and fix a mutually agreeable date for four-power discussions of the entire German problem.

Statements of many nations expressed hope the East and West may be on the verge of negotiations which, with careful and patient handling, might bring the cold war to an end.

A dispatch from Associated Press Correspondent Eddy Gilmore in Moscow said diplomats there considered Russia and the three Western powers may have made a start toward a new stage of mutual relations. Nobody was predicting a settlement, he said, but they felt a settlement could result.

Surrounded By Secrecy

Dr. Philip C. Jessup, American ambassador-at-large, submitted Wednesday the request that the Russians say officially and in writing what they have in mind as terms for lifting the blockade.

Jessup's possibly momentous 92-Continued On Page Eleven

Reds Begin Closing Escape Route From Imperiled Shanghai

SHANGHAI—(P)—The escape gate from Communist threatened Shanghai began closing slowly Thursday.

For foreigners, the last ships were preparing to get underway. For the Chinese, Red troops were coming under Red troop domination. Airplanes still took out refugees over land and sea.

The American Liner President Wilson, likely to be the last liner to call here for some time, sailed down the Whangpoo Thursday afternoon. Aboard were 300 evacuees, 150 of them American.

Those Americans who elected to stay in Shanghai—some 1,500 of them—now are here come what may.

May Be Last Boat

One small U. S. Navy craft during the afternoon took a few straggler refugees down the river to the Hospital Ship Refuge. Navy sources hinted that may be the last boat out.

Big Naval craft moored down the river, out of range of Communist shore guns, may depart Thursday night or Friday, one Naval officer said.

British warships still are in the Yangtze and Whangpoo, but the British are not undertaking emergency evacuations.

People who leave Shanghai from now on will move mostly by air. Both the American Northwest Airlines and Pan American still are running regular flights and some special planes to the United States, Manila and Hong Kong.

The approaching Communist's appeared to be at least 30 or 40 miles away in mid-afternoon although they took Soochow (Wuhsien), about 50 miles west of Shanghai, early Wednesday.

Navy Standing By At Shanghai, Says President Truman

WASHINGTON—(P)—President Truman declared Thursday the Navy is amply prepared to remove all Americans from Shanghai.

The President told a news conference he understood there were reports the Navy had run out on American civilians at Shanghai, now threatened by Chinese Communists.

Speaking solemnly, he said there is no foundation in fact for any such report.

The Navy, Truman went on, has done an excellent job at Shanghai and has been ready at all times to take out Americans in the city.

The Liner President Wilson, the President said, left Shanghai with evacuees and the President Pierce and President Van Buren still are available for further evacuations.

"There are no Navy combat ships there, are there?" a reporter asked.

Yes, there are, the President replied.

Senate Passes Uncontested Bills

AUSTIN—(P)—The Senate Thursday waded through a long calendar of local and uncontested bills.

Bills passed included:

A House bill changing the name of John Tarleton Agricultural College to John Tarleton State College. The bill goes to the governor for signature.

A Senate bill setting up special fishing licenses for Lake Texoma.

A Senate bill changing the name of the Texas School of Mines and Metallurgy to the Texas Western College of the University of Texas.

★ LATE NEWS FLASHES ★

WASHINGTON—(AP)—President Truman said Thursday he believes the Russians are acting in good faith in their new moves toward lifting the Berlin blockade.

ATHENS, GREECE—(AP)—Government forces suffered 186 casualties to capture a strategic height near the Albanian border from Communist-led rebels, a communique said Thursday.

AUSTIN—(AP)—Gov. Beauford H. Jester signed the basic science bill Thursday, saying he hoped it ended a "long and sometimes bitter legislative battle."

WASHINGTON—(AP)—Senator Bridges (R-NH) talked with President Truman Thursday about the situation in China, and then demanded a "complete review" by Congress of American Chinese policy.

House Passes Second G-A Measure; Talk Scheduled On Third

AUSTIN—(P)—The House Thursday finally passed the minimum foundation school bill, second of the Gilmer-Aikin measures, 111-22.

Another major piece of legislation was sent to the calendar by the House Appropriations Committee. It was a bill appropriating 50 million dollars for state departments during the next two years.

Debate of the third and final school reorganization bill was expected to begin later in the day.

The departmental money bill was recommended for passage by the Appropriations Committee after a sharp fight by economy forces to slice it by five million dollars. As recommended for passage, the departmental bill calls for a 14 per cent increase over current expenditures.

Proposed Cuts Vetoed

A substitute measure by Rep. William A. Miller of Houston, calling for heavy cuts, was turned down 11 to 7.

The House departmental bill calls for appropriation of \$30,842,312 from the general revenue fund, with the balance of the 50 million coming from special funds.

An effort to guarantee money for the rural road bill passed earlier this session was defeated by the committee. An amendment was proposed under which any shortage in funds available from the clearance pool would be made up from the general revenue. It was defeated 9 to 7. This action came after a warning that the amendment might force a general tax bill.

Slight Changes Noted In Vances' Condition

ODESSA—Little change in the condition of Mr. and Mrs. Roy Vance, who were burned in an explosion at their home Wednesday, was reported by attendants Thursday at the hospital where the couple is confined.

Mrs. Vance was burned critically. Her husband's burns were described as serious.

The blast occurred about 2 a.m. in the bathroom of the Vance home when he attempted to light a cigarette.

The explosion did not injure the Vances' small son, who was aroused from his sleep by firemen.

Senior Play Staged For Two Evenings

The annual Senior Play of Midland High School will be presented Thursday and Friday evenings in the high school auditorium.

The play is titled "Sense and Sensibility." It is a romantic comedy in three acts.

Curtain time each day is 8:15 p.m. and the public is invited.

District Governor To Address Rotary Meet At VFW Hall

Dr. Ira E. Wood of Levelland, governor of District 127, Rotary International, will be the principal speaker at a joint ladies night meeting and barbecue of the Midland and Odessa Rotary Clubs at 7:30 p.m. Thursday in the VFW Hall at Midland Air Terminal. James T. Smith, president of the Midland club, said a record attendance is expected.

Delbert Downing, manager of the Midland Chamber of Commerce, will be the master-of-ceremonies at the program which will follow the serving of the barbecue by the Odessa Chuck Wagon Gang.

An orchestra will furnish music for dancing, another entertainment feature.

The regular Thursday noon meeting of the Midland Rotary Club was not held this week.

Crowds Flock To Hester Trial

A rope and a policeman hold back part of the overflow crowd which tried to witness the trial of Clayton Hester in Cleburne. Hester is charged with the slaying of Dr. John Lord, Texas Christian University dean.

Big Lake And Kermit Suffer Heavy Blows

Jolting hail storms struck several West Texas communities Wednesday night and early Thursday. Hardest hit were Kermit and Big Lake. In each case, the hail, rain and wind were the worst in the two cities' history.

The hail storms took the weather spotlight from Victoria and South Texas, where the swollen Guadalupe River was climbing to dangerous heights.

Every roof in Big Lake was damaged and all west windows knocked out. Big Lake is about 60 miles south-east of Midland.

Big Lake's new elementary school and gymnasium were damaged severely by water. Broken windows allowed the soaking 3.25-inch rain to pour into the building.

The usually-dry Big Lake, near the town of Big Lake, was full of water for the first time in more than ten years.

Meanwhile Kermit in West Texas counted damage in the thousands of dollars after the city's worst hail, rain and wind storm in history.

The storm struck Kermit late Wednesday night. Few houses escaped without broken window panes. Hundreds of house tops were damaged. Some downtown plate glass windows were smashed. Streets were flooded by a hour-long cloudburst.

Blitz At Odessa

A 35-minute blitz of wind, dust, hail and then rain struck Odessa Wednesday night, disrupting power for several hours, smashing windows, but causing only light damage.

Funeral services were held Wednesday at Los Garzas, little farming community five miles west of Rio Grande City, for two brothers drowned Tuesday night in the swollen Rio Grande. The boys, Noe Perez, 10, and Gilberto, 12, slipped into a hole while swimming after school.

Midland, also in West Texas, had 1.15 inches of rain but it was welcomed in the cattle country. Midland and its ranch territory have had 6.44 inches of rain so far this year.

The Guadalupe was rising slowly but relentlessly at Victoria. There was no danger of Victoria itself being flooded, and other

Hester Tells Of Slaying

CLEBURNE, TEXAS—(P)—Arthur Clayton Hester stuck to his story on cross examination here Thursday that he submitted to unnatural sex acts with the man he admittedly killed, Dr. John Lord, a dean of Texas Christian University.

Fidgeting nervously in his chair while District Attorney John A. James, Jr., relentlessly fired questions, the 18-year-old youth said he entered into an unnatural sex act with the 70-year-old educator on March 8, the day Lord was killed.

The state charges Hester bludgeoned his guardian to death about noon on March 8 at Lord's secluded farm home near Burleson. The body was discovered two days later and on March 12 Hester was arrested in Los Angeles.

Can't Recall Dates

James drew from the defendant the testimony that out of 23 months and three days in the Navy, he was absent over liberty four months and 28 days and had spent 13 months and 17 days serving sentences. Hester was dishonorably discharged from the Navy in December, 1948, at Norfolk, Va.

"Since you got out of the Navy, Hester, what are the dates any unnatural sex acts occurred?" the district attorney asked.

"I don't recall the dates exactly," said Hester.

"Did Dr. Lord have any unnatural sex acts with you after you got out of the Navy?"

"Yes, four times."

Two hours before the trial was resumed at 9 a.m. Thursday, the courtroom was crowded. Spectators stood in the windows and lined the walls to hear the youth's testimony.

"Because I Was Mad"

Hester testified in his own behalf Wednesday night, saying "I hit him (Dr. Lord) because I was mad."

He reiterated from the stand Thursday that he entered into an unnatural sex act with the TCU Graduate School dean about 6:30 a.m. on March 8. After that, Hester said, he prepared breakfast for himself and Lord.

Hester said that on March 1 he took Lord's car without permission and went to visit friends at Corsicana, Embouse and Purdon, Texas.

Paris Woman's Club Head Plans Tour To Promote Understanding

Madame Genevieve Jaudoin-Froms is pictured at her desk discussing welfare problems with widowed mother of two children.

By ROSETTE HARGROVE
NEA Staff Correspondent
PARIS — To promote better understanding between American and French women is the ambitious purpose of a month-long visit to the U.S. planned by Madame Genevieve Jaudoin-Froms, who will represent France at the General Federation of Women's Clubs Convention in Hollywood, Florida.

The dynamic 44-year-old Frenchwoman is president and founder of the Club Feminin de Liaison Franco-Americaine, which she organized in 1947.

To accomplish the purpose of her visit, she plans to meet and talk with scores of American women in all walks of life. She will tell them about the lives of average Frenchwomen as well as discuss social welfare problems and club projects such as the revival of abandoned French villages and the development of regional handicrafts.

"The American Friendship Train showed Frenchwomen that American women of all classes felt sympathy for us and were eager to help us," she said. "I hope the Thank You Train showed them that Frenchwomen of all classes deeply appreciated their generosity and reciprocated their sentiments."

"I want factory women and society women, college girls and business women to know that the life of the average Frenchwoman is no more frivolous than that of the majority of American women, contrary to popular beliefs on both sides of the Atlantic."

A study of living conditions of American working women is of particular interest to Madame Jaudoin-Froms because of her social welfare work with working women in Paris.

Club projects which will be explained and discussed with her U. S. sisters concern the care of war orphans and children now being cared for by the state and of "isolated" or lonely women who come under the category of the "economically feeble."

The plan is to repopulate villages by the creation of children's homes which would be placed in the care of "isolated" women. The children would benefit by their maternal care, she believes, in contrast to impersonal state care. It is also her belief that the women would find a new interest in life. Many villages in France, she points out, have suffered sharp declines in population, some because of war casualties; others, because of the migration of workers to cities.

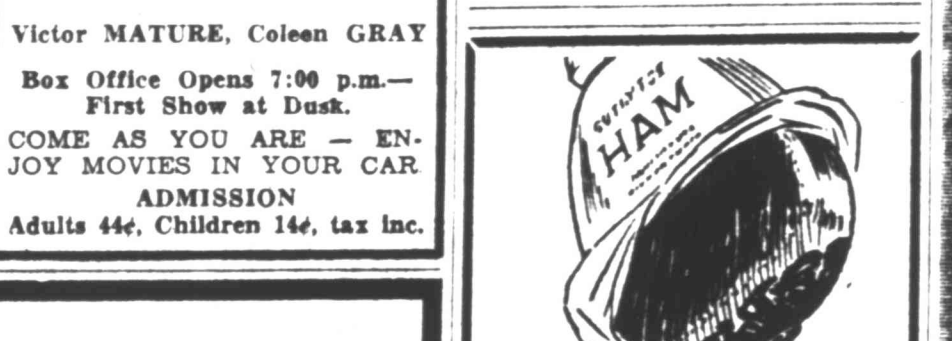

Madame Jaudoin-Froms is confident that the "grafting" of children who would be trained to become useful citizens would contribute to the physical and economic rebirth of such villages.

SOCIETY

2—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, APRIL 28, 1949

Denver Pianist Presented By Altar Society At Silver Tea

A pianist whose brilliant playing pleased a large group of guests, Alice Russell of Denver, was presented by the Altar Society of St. Ann's Catholic Church at a silver tea in the Crystal Ballroom of the Schaubauer Hotel Wednesday afternoon.

Mrs. Russell, concert pianist who was well known musically in New York and Washington, D. C., before she recently moved to Denver, played a varied program of classic and modern compositions. A diminutive woman, she showed a surprisingly powerful and dynamic technique of interpretation and style.

Guests enjoyed her personality as well as her talent at the piano, and applauded her program enthusiastically. She responded with an encore number, Chopin's "Valse in A Flat." From her opening number, the "Waldstein Sonata" of Beethoven, to the close, Dohnanyi's "Capriccio," she held the interest of the audience.

Other selections on the program were "Symphonic Etudes," Schumann; three études and a ballade of Chopin; "Pavane," Medtner; and two Rachmaninoff preludes. The pianist was gown in powder blue lace. She is a sister-in-law of Mrs. Fred Wright and is her house guest.

Tea was served on the mezzanine of the hotel after the concert. Purple and white irls were arranged with white candles to center the table. Mrs. J. E. Beakey, Mrs. J. H. Chapple, Mrs. Albert Kelley and Mrs. Wright poured tea.

Also in the house party were Mrs. B. R. Schaubauer, Mrs. Allen Tolbert, Mrs. Hugh Munn, Mrs. M. L. McGee and Mrs. Henry Wolcott. Serving as ushers were Wendy Wolcott and Lou Ann McGee.

The tea was the final event of the year for the Altar Society.

Progressive Club Studies Noted Women

Two phases of their year's subject, "Woman's Part in World Progress," were presented on the program of the Progressive Study Club Wednesday afternoon at a meeting in the home of Mrs. R. I. Sewell.

Discussing "Women in the Theater," Mrs. John V. Norman, Jr., took Tallulah Bankhead, tempestuous American actress, as an example. Mrs. A. A. Jones had the topic, "Women Executives," and traced the business career of Mrs. Rose M. Knox, who at the age of 31 still is president of the Knox Gelatine Company.

In the business session the club adopted changes in the by-laws governing elections.

Members present were Mrs. W. C. Kimball, Mrs. J. W. Thomas, Jr., Mrs. Haden Upchurch, Mrs. Thomas M. West, Mrs. Kenneth Newton, Mrs. Burns McKinney, Mrs. L. Otis Baggett, Mrs. Sol Bunnell, Mrs. W. E. Cox, Mrs. John DeFord, Mrs. Ralph J. Hickman and those on program.

Project Finished By Girl Scout Troop

Meeting in the home of Shirley Polston, members of Girl Scout Troop 15 completed work Wednesday afternoon on tooled leather notebook covers. They are to meet next week in the home of Nancy Breedlove.

McCAMEY GARDEN CLUB TO HOLD FLOWER SHOW

MCCAMEY—Flowers to be displayed in the Spring Flower Show of the McCamey Garden Club are to be brought by members to a meeting next Wednesday, Mrs. W. E. Pulley will be hostess in her home in the Humble Pipe Lane Camp at 4 p. m.

The curvature of the earth measures approximately eight inches a mile.

Troop 17 Brownies Work With Ceramics

A study of ceramics and actual practice in molding and firing articles of clay featured the regular meeting of Brownie Troop 17 Wednesday afternoon.

The members were divided into two sections, one group going to the home of Mrs. E. J. Murphy and the other to Mrs. J. C. Rink's residence for the study-practice sessions. Ceramic displays were on exhibit at both homes. The project will be continued at next week's meeting.

Brownies attending were Jane Armontrout, Bonnie Gay Blackwood, Betty Sue Bowman, Andrea Bes Cole, Lorraine Collyns, Sharon Evans, Sally Glass, Sue Lynn Gregory, Janet Huffman, Marilyn Johnson, Patsy Kimball, Gretchen Malsenheimer, Kay McKay, Teresa McNeal, Sassy Rinker, Kay Shell and Virginia Warren.

Mrs. Bill Collyns and Mrs. Howard McKay are the troop leaders.

PATIENT DISMISSED

Mrs. Lonnie Jones, who underwent surgery recently at the Western Clinic-Hospital, was dismissed Thursday.

To Hear GENE JAMES prominent young concert organist, and the **Hammond Organ** at the Crawford Hotel Wednesday thru Friday 10 a.m. to 5 p.m. 7 p.m. to 10 p.m.

Only with your own ears can you truly judge the new Hammond Organ. For until you hear its magnificent beauty of tone, its vast range of expression, you cannot imagine that any musical instrument could bring you such rich, beautiful music.

Not until you yourself touch the keys can you realize that it is your own fingers which are calling forth these singing strings... brilliant brassy... murmuring woodwinds, many others.

Even unpracticed hands are soon at home on the Hammond Organ, the instrument of world-famed musicians. Promise yourself to come in and play it soon. No obligation, of course.

The Hammond Organ, no larger than a spinet piano, is the only organ which cannot get out of tune.

School Of Missions Is Being Conducted In Calvary Church

"School of Missions Week" now is in progress at the Calvary Baptist Church with five guest ministers as speakers. The visitors are telling of their work in each particular field.

Thursday night the Rev. M. P. Blair, missionary to Argentina, will speak. He has been a missionary for more than 30 years.

A missionary from Brazil, the Rev. Clem Hardy, will speak in the Friday evening service. Hardy works in the northern part of Brazil along the Amazon River.

The Rev. W. W. Boggan, who works with the Choctaw Indians in Oklahoma, Dr. B. D. South, city missionary in San Antonio, and the Rev. B. R. Hammond, who works with the Latin-Americans in Brownfield, already have spoken at the previous services this week.

A mission book study is held at 7:30 p. m. daily preceding the 8 p. m. service. Different books are used for different age groups.

The Friday service will conclude the week's special meetings.

The Rev. A. L. Teaff is pastor of the Calvary Baptist Church.

School For Flower Show Judging To Be Held In Big Spring

Garden club members and other women of Midland interested in enrolling for Course No. 1 in flower show judging have been invited by the Big Spring Garden Club to attend a judging school in that city May 3 and 4.

Mrs. C. E. Beavers of Fort Worth and Mrs. R. H. Hamilton of El Paso will be the instructors, and those who successfully complete the course will receive credit toward becoming accredited flower show judges.

The school will be conducted in the Settles Hotel with two sessions daily, from 9 to 11 a. m. and from 2 to 4 p. m. The first day will be devoted to horticulture, the second to flower arrangements. Fees will be \$3 for the course or \$2 for one day.

BISHOP TO SPEAK

The Rt. Rev. George H. Quarterman of Amarillo will arrive Saturday to speak in the Sunday morning prayer and confirmation service of the Trinity Episcopal Church. He is Bishop of the Missionary District of North Texas. The service will be held at 11 a. m.

FHA Delegation To Go To Dallas For State Convention

Four girls from the Midland Chapter, Future Homemakers of America, will go to Dallas next week for the state meeting to be held May 5, 6 and 7. Miss Clyde Parnely, homemaking instructor, will accompany them.

Frances Treadaway, Darlene Livingston, Barbara King and Betty O'Neal will represent the Midland chapter at the meeting, which has the theme, "Promoting International Good Will." More than 2,000 girls from schools over Texas are expected to be present.

The three-day session will start Thursday night with recreation directed by Dr. Anne Schley Dugan, head of the Department of Physical Education at Texas State College for Women, Denton. Ruth Hendler of Temple, state FHA president, will welcome the group Friday morning at State Fair Auditorium.

Roberto de la Rosa, cultural agent for the Mexican Government, will speak on "International Good Will" to feature the morning program, and in the afternoon there will be a panel discussion of "Values We Live By as World Citizens." Dr. Bernice Milburn Moore, consultant in home and family relations on the State Board for Vocational Education, will direct the panel.

At a banquet Friday night, Mrs. Joseph M. Perkins of Eastland, member of the State Board for Vocational Education, will speak. Her subject is "Homekeeping Hearts Are Happiest."

Crane OES Group To Attend Supper

CRANE—Several members of the Order of Eastern Star here plan to go to Imperial Friday for a supper and program at the invitation of the Imperial Chapter.

The invitation was delivered Monday at a regular meeting, when memorial services were conducted. Each officer lighted a candle at an illuminated cross. Eleanor Sims and Floy McCorkle sang and Mrs. Vera Birdsong presided.

Contribution of \$50 from the chapter was voted for the Cancer Research Society and the Save the Children Foundation. Norine Garner and Addie Bond of Odessa and Leona Rogers, a Crane resident with membership in the Monahans Chapter, were visitors.

Fleet Street in London is famous for the newspaper offices located there.

'Nothing To Say As Yet'

Movie star Ingrid Bergman collects a few flowers plucked for her by Italian director Roberto Rossellini during a recent visit to the Etruscan ruins in Rome. Now they're on film location on Stromboli Island off Italy; both silent on reports she'll divorce her doctor husband to wed Rossellini. The director insisted he "had nothing to say as yet."

Mrs. Ervin Is Hostess For Fine Arts Club

Mrs. Charles Ervin, hostess to the Fine Arts Club in her home Wednesday afternoon, presented the program topic, "The Romance of Poetry." It was another in a year's series on the subject, "Romance of Fine Arts."

Mrs. Ralph Oberholzer had prepared the paper which Mrs. Ervin read.

Mrs. Eric Payne and Mrs. E. P. Mason were guests, and members present were Mrs. Henry D. Murphy, Mrs. Harry Miller, Mrs. Selman J. Lones, Mrs. George Kidd, Mrs. J. Clifford Hall, Mrs. Wilson Bryant, Mrs. L. G. Byerley, Mrs. Tom C. Bobo, Mrs. T. Paul Barron, Mrs. Roy Parks, Mrs. Nelson Prett and Miss Lydie Watson.

Mrs. Porter Reviews Mission Study For Terminal WMU Group

Circle 1 of the Woman's Missionary Union of Terminal Baptist Church met in the home of Mrs. Paul McNeal Tuesday afternoon.

Mrs. Rex Carter gave the devotional part of the program, and Mrs. L. M. Porter reviewed a part of the book, "The Silent Billions." The book is in connection with the Mission Week being observed with various programs.

Refreshments were served to Mrs. Roy Tumlin, Mrs. Luther Champion, Mrs. W. L. Sheppard, Mrs. Ted Grisham, Mrs. Curtis Rogers, Mrs. Howard Marker, Mrs. J. G. Bean, Mrs. Earl Watson, Mrs. Porter, Mrs. Carter and the hostess.

Lutheran Men Meet In E. O. Voge Home

Members of the Men's Club of Grace Lutheran Church of Midland were entertained in the home of Mr. and Mrs. E. O. Voge of Terminal Tuesday evening.

The meeting opened with a Scripture reading by the Rev. Offbert Becker. A short business meeting was conducted by the president, H. B. Schauer, Pastor Becker then led in a discussion on the subject, "My God and I."

Recreation and refreshments were enjoyed by E. J. Fischer, Lawrence Groth, Leland Hoffman, H. B. Schauer, Earl Fletcher, Bill E. Blair and the Rev. Glen Kollmeyer of Odessa.

The Odessa members will be guests of the Midland Club at the next social.

Methodist Revival Will Start Sunday

The First Methodist Church has scheduled a revival to begin Sunday night with the Rev. Hubert Bratcher, pastor of the St. John's Methodist Church in Lubbock, as evangelist.

The series of special services will be held for a week beginning nightly at 8 p. m.

L. C. GRISWOLDS HOSTS FOR McCAMEY CLUB

McCAMEY—Mr. and Mrs. L. C. Griswold entertained the Friday Night Bridge Club in their home last week. Mr. and Mrs. Claude Brazzell, guests, were high and low scorers.

Members who attended were Mr. and Mrs. Ott Haley, Mr. and Mrs. G. C. Pauley, Mr. and Mrs. Doug Reeves and Mr. and Mrs. Neely Moore.

The lowest body of water in the world is the Dead Sea.

★ WE, THE WOMEN ★

Women Are Nice People Until They Are Observed In A Crowd

By RUTH MILLETT
NEA Staff Writer

Individually and in small groups women are pretty nice people. But something seems to happen to them when they lose their individuality in a crowd.

Watch the women next time you go shopping and see if you don't find them, in general, a pretty unattractive lot. Look closely and you'll spot all of these types, and in numbers, too.

The Stoney-faced Sisters, who, if they happen to catch another woman's eye, give her a freezing, haughty stare.

The Showers who elbow their way through crowds, always are impatient to be served, and don't care how they get what they want just as long as they get it in a hurry.

The Suspicious Sadies who are certain everybody is trying to outsmart them, and are determined not to be outsmarted.

The Hussy Mamies who may be good housekeepers at home but who leave public powder rooms looking like pig pens.

The Lookers who will take up a half hour of a clerk's time when they have no intention of buying. Such women use "shopping" as a means of killing time. But they don't hesitate to kill a clerk's time and the time of waiting customers while they are killing their own.

Complainers Are Prevalent

The Complainers who are never satisfied in restaurants, are forever asking for substitutes on a fixed menu, or sending things back because they aren't right.

The Grim Girls who hurry along the streets with their heads thrust forward and the corners of their mouths turned down. A Grim Girl can't buy a 10-cent gadget without turning it into a major decision.

The Haughty Hannahs who get some sort of satisfaction out of rizzing salesgirls and looking down their uncharming noses at any woman who isn't putting on the same act.

The Mean Mamas who yank their small children along as though the kid's arms were made of rubber, and who meet juvenile protests with belligerent threats.

At home or among friends most

of these women probably have more pleasing personalities. But when they are unknown members of a crowd, something happens to them. Whatever it is, it isn't pretty. They're not pretty either, are they? (All rights reserved, NEA Service, Inc.)

Program For Next Week Is Planned In Brownie Troop 24

A business meeting was held by girls of Brownie Troop 24 in the North Elementary School Wednesday afternoon. Program plans for next week were made and Vicki Anderson served refreshments.

Members present were Susan Hills, Cecelia Hodges, Diane Burnside, Beverly Bradbury, Helen Thompeon, Gloria Webb, Nancy Dickson, Carol Ann Walker, Norma Grimm, Barbara Barber, June Robertson, Carolyn Boles, Joy Davis, Glenda Henderson and the leaders, Mrs. Bill Davis and Mrs. Joe Dickson.

Meeting Time Spent In Games By Girls Of Scout Troop 16

Games entertained members of Girl Scout Troop 16 Wednesday afternoon at a meeting devoted entirely to recreation. Mae Whitson and Connie Kiley served refreshments in the Parish House of the Trinity Episcopal Church.

Other members present were Jonanna Sewell, Sharon Pink, Sharnot McEachin, Roberta Donnell, Gal Peters, Marie Spiars, Vicki Hilltop, Mary Jane Cox, Nancy Kay Mayfield, Mary Belle Tom Brock, Beulah Pittman, Patsy Guyton and Lawertha Hiatt.

Taft Gives Advice

It may be that the Republican Party came to a turning point the other morning at the closed-door conference of GOP senators in Washington.

He is said to have told them that they should support a sound social welfare program or risk political suicide.

That sort of advice to Republicans is not new. But here it wasn't so much what was said as who said it.

The Ohio senator is well to the right on several issues. He is "liberal" on others. He is a strong advocate of federal aid for housing and education and of voluntary health insurance.

Taft's support of the social welfare program will make him guilty of the crime of "me too" in some Republican eyes.

It has been said that Taft has started a "liberal revolt" that has split the GOP wide open.

The younger and more progressive Republicans in Congress should have a chance to speak with a stronger voice.

The GOP can, as Taft suggests, do something for the "low income people" without becoming a carbon copy of the New Deal.

Party Line

Americans are growing more insincere in their phone conversations, according to a New York chief operator.

It also seems that some critics of our manners and morals are overdoing the pastime of listening in on private telephone conversations.

Game Bird crossword puzzle grid with clues for words like 'HORIZONTAL 1 Depicted type of duck', '3 Egyptian sun god', '9 Native of Rome', etc.

Seems To Be A Poor Time To Make A Call

The Washington Merry-Go-Round

By Drew Pearson

(Copyright, 1949, By The Bell Syndicate, Inc.) Drew Pearson says: Senators comb Atlantic Pact for pitfalls; Acheson, Johnson and Harriman showered with difficult questions; Acheson insists on strong arms program.

WASHINGTON (AP)—Terse urgent questions affecting our hopes for peace came boiling to the top the other day behind the closed doors of the Senate Foreign Relations Committee.

The aim of the Atlantic Pact is to bring about an atmosphere to make arms unnecessary. If we are not going to teach the processes of peace, we may as well quit now, because the world knows all the processes of war.

Thomas also warned against building up a "United States Army of Europe." Senator Fulbright of Arkansas, on the other hand, argued that a composite army would be more effective than several miniature armies.

Another question, raised by several senators, was whether to furnish Europe with American-made arms or help the treaty nations manufacture their own arms.

Peron's one purpose was to keep his native Reds flourishing as a first-class bogey, to be used in bargaining with the United States when the moment was ripe.

The Communies, on their part, never had any illusions about Peron's eventual aim. Like their comrades everywhere else in the world, they were ready and glad to accept a deal based on mutual opportunism.

Another problem was how much to tell the press. Vandenberg was against issuing any release until the Secretary of State formally presented the military program to Congress.

Freeman was introduced to the President by Minnesota's quick-moving Senator Hubert Humphrey, who boasted: "Mr. Freeman is one Democrat who was with you before you came into office."

Argentina observers long have suspected that when President Peron set out to use the Communists for his own political ends, he was asking for real trouble.

Back in 1946, the Argentine Communists nominally were lined up with the radical and socialist parties in a so-called National Democratic Union.

Secretary Acheson explained, however, that the only "measures" which are obliged to be reported to the Security Council are whatever measures may be taken jointly after an armed attack occurs.

What I want to know, chimed in Utah's scholarly Senator, Elbert Thomas, "is what do you mean by the rearmament of Europe? Under what Europe knows how to do it is its terms, the Communist Party was

guaranteed relative freedom to operate in return for its promise to refrain from open opposition to the Peron regime.

Peron himself made the overtures which led to this agreement. Under the average person eats between 1454 and 1474 pounds of food in a year.

McKenney on Bridge

By WILLIAM E. MCKENNEY American Card Authority Written for NEA Service

Today's lesson hand is from Fred L. Karpin, of Washington, D. C., author of the booklet entitled "The Point-Count System of Bidding in Contract Bridge."

In the point-count system, an ace equals four points, a king equals three, a queen two, and a jack one. An opening bid of one no trump is made on a balanced hand (4-4-3-2, 4-3-3-3, 5-3-3-2), which contains from 16 to 18 points and has positive stoppers in at least three suits.

In order to make a game, 26 points are needed in the combined hands. For a small slam, 33 points are needed, and for a grand slam, 38 points.

When South opened the bidding on today's hand with one no trump, he showed a minimum of 16 points. North, with 17 points, knew that the combined hands had between 33 and 35 points.

Had the clubs broken 3-3, 12 tricks would have been taken immediately. Or falling that, a successful spade finesse would have assured the contract.

But underneath the surface, this apparently serene modus vivendi was shot through with the same crafty ulterior motives and cold suspicions that existed between Moscow and Berlin during the period of the Stalin-Khrushchev pact.

Peron's one purpose was to keep his native Reds flourishing as a first-class bogey, to be used in bargaining with the United States when the moment was ripe.

The Communies, on their part, never had any illusions about Peron's eventual aim. Like their comrades everywhere else in the world, they were ready and glad to accept a deal based on mutual opportunism.

Another problem was how much to tell the press. Vandenberg was against issuing any release until the Secretary of State formally presented the military program to Congress.

Freeman was introduced to the President by Minnesota's quick-moving Senator Hubert Humphrey, who boasted: "Mr. Freeman is one Democrat who was with you before you came into office."

WASHINGTON COLUMN

Brannan Seeks To Help Small Farms Without 'Plowing Under'

By PETER EDSON NEA Washington Correspondent

WASHINGTON—Department of Agriculture's Commodity Credit Corporation now has on hand vast quantities of surplus potatoes, dried eggs and dried milk.

That by creating a support standard minimum price on most animals, the Brannan plan will contribute to the conversion of U. S. agriculture from a cotton and grain economy to grass.

This is considered essential in long-range farm planning for two reasons: it promotes soil conservation, and it raises living standards by producing more protein foods and less starches and fats.

The Brannan plan would retain the present law's provisions on marketing agreements and production quotas. If two-thirds of the farmers vote for it, acreage and other limitations may be imposed.

The Brannan plan also would introduce another quota factor. It would limit its support standard to the farmers' first 1,800 "comparative units" of production.

Q—Who wrote the hymn "Jesus, Lover of My Soul"? A—Undoubtedly, this is the favorite hymn sung upon the ocean. It is considered the greatest of Charles Wesley's hymns, although it is one of the earliest he wrote.

Q—What Vice president was elected by the Senate? A—Richard M. Johnson of Kentucky has been the only Vice president of the United States elected by the Senate.

Q—Is there any bird that makes no sound during flight? A—One reason why owls are largely such enemies to birds is that their feathers are very soft, in fact each feather is edged with down, which makes it possible for them to fly in absolute silence.

Q—Which system of weights derives its name from a town in France? A—Troy, from the town of Troyes, an important commercial city of the Middle Ages.

Q—What South American country has no passport? A—Bolivia is completely landlocked.

Q—What system of weights derives its name from a town in France? A—Troy, from the town of Troyes, an important commercial city of the Middle Ages.

Q—What South American country has no passport? A—Bolivia is completely landlocked.

Lightning Stroke Kills Cable Splicer SAN ANTONIO (AP)—W. H. Scott, 26, was killed Wednesday afternoon.

John R. Teates and L. K. Cass, fellow cable splicers, said Scott had just put his foot into a manhole when he was struck by a bolt of electricity.

Public Service Board technicians could not explain the accident. Nancy and I've been trying to find a place to live. We've been sleeping and cooking and eating in one room, in a hotel above a downtown store and every day when I finish work, we've been walking up one street and down the next punching doorbells looking for an apartment.

"You do need Mary," I said. "She should be here with you." "She's going to be!" Roger said, his face glowing. "I wired her to fly out with the boys immediately."

"But where'll you put them?" "You'll let us have the basement, won't you, Lee?" Emotionally unstrung, I agreed I would.

At that moment a taxi arrived and began discharging a motley assortment of messes, suitcases, cartons of dishes and groceries. A boy dressed in half-uniform and half-civvies and a pretty girl in slacks were piling the stuff on our lawn.

"Stop!" I called to the boy, as he picked up a couple of bags and started for our basement door. "There's been a mistake. You've got the wrong house."

"No, ma'am, the girl said, "Mr. Roberts told us we could move in." Not waiting to hear more, I stumbled into the house. "Oh, you!" I shrieked at Roger, pointing at Roger, Mary, and the twins were on my conscience. "You've done it again! You've not kept your word!"

Struggling to give reason ascendancy over guilt, Robbie, with unusual meekness, met me in the front hall where I stood trailing by Roger and the young couple, plus a bewildered taxi driver who didn't know whether he was coming or going.

Keep your shirt on, Todds, Robbie said too rapidly to denote any certainty on his part that he would escape with his life. "I did it for you. All for your sake," he repeated, still talking fast. "I couldn't bear to give up living in your house," he explained with his disarming candor. "But I'd live in a tent now to have Mary and the boys with me. I love them. I've truly love them. I found that out

So they say

Freedom of ideas helped produce the atom bomb, which many consider our greatest weapon. Actually, our greatest weapon is freedom itself.

—Lynn A. Williams, Jr., vice president, University of Chicago

The welfare of the world is now our responsibility. Whether we like it or not we have been forced into that position by two world wars, both of which could have been avoided if we had been willing to assume the place which God Almighty intended us to assume back in 1918.

The world reputation of the United States is staked on the Berlin Airlift, and this operation must continue. Neither supply considerations nor weather conditions may be allowed to interfere.

—Col. George P. McGuire, assistant chief of air operations.

Lenses were first used in the time of Nero.

ROGER THE LODGER

By Elizabeth R. Roberts

XXXIV WE didn't have two babies concurrently. While Claudia was still hospitalized, Dick Morgan received orders for Saipan, and Betty took their baby home again.

The basement looked showroom and tired after the so-so house-keeping of the sitters and school girls Betty had employed. I counted on my fingers the number of machines still perked and that the electric iron—though it had fallen on its head a few times, as attested by the bent nose, broken handle and blind light—still heated and that the mangle still worked; and I closed my eyes to the disorder and dinginess of the apartment.

for I had no intention of permitting anyone else to live there as long as the duration lasted. We'd hit the jackpot with our adopted children, and for my money I didn't need anybody else around.

As usual, I reckoned without Roger and, the lifting of the ban on army personnel living in town.

Roger trooped in with his valise, foot locker and musette bag. "Look, Lee," he began, and then hesitated.

"Yes!" I encouraged him.

A square dance will begin at 8 p.m. in the Midland Youth Center.

Officers Club Will Entertain Saturday
 The Midland Officers Club will entertain at the club building in Midland Airport Saturday night, with a party beginning at 8:30 p.m. for members and their guests.

Occasion of the party is to show recent improvements made to the clubhouse in a remodeling program. Walter Beardsley is social committee chairman in charge of arrangements.

Country Club Dance Scheduled Saturday
 Members of the Midland Country Club will be entertained with their monthly formal dance Saturday night, beginning at 8 p.m. in the club ballroom. The members may invite out-of-city guests for the dance.

Arrangements are in charge of the entertainment committee: Tex Carleton, Edwin L. Stephens, George Sientz, Mrs. R. K. White, Mrs. Wright Cowden and Mrs. Charles Pierce.

Delegates Named To Tri-County PTA In McCamey Meeting
 McCAMEY—Mrs. A. D. Duncan, Mrs. D. Thurmond, Mrs. Burt Williams and Mrs. Cahal Clinton were appointed by Mrs. Dee Locklin, president of McCamey Parent-Teacher Association, to serve as voting delegates to a Tri-County PTA Council meeting in Fort Stockton May 6.

Appointments were made at a recent meeting in the high school, where it was announced the association will meet next on May 12 instead of the scheduled date, May 19. Eudora Hawkins of Abilene, home economist with the West Texas Utilities Company, presented the program, a film and talk on proper diet.

Mrs. Leonard Shafer, Mrs. Lawrence English and Mrs. J. M. Poe, committee on the recent rummage sale, reported returns of \$153 from the sale. Attendance prizes went to Mrs. Joe Conger's fifth grade and Miss Ethie Eagleton's eighth grade rooms.

MIDLAND AREA STUDENTS HONORED AT TEXAS TECH
 William T. Ekin and Maurine Denton, both of Midland, are among the 178 students with outstanding scholastic records at Texas Technological College, Lubbock, who will be given special recognition Sunday in connection with the annual Parents' Day on the school campus.

Betty Jo Boone of Kermit also is included in the list of honor students.

MIDLANDER IS ON SCHOOL HONOR ROLL
 Marjorie Cramer, daughter of Mr. and Mrs. Earl J. Cramer of Midland, a sophomore at the Radford School for Girls in El Paso, has been named a member of the honor roll for the last six weeks.

Dr. Lucinda de L. Tempin, principal, made the announcement in a special chapel assembly recently.

TEXAS SOLON URGES RURAL ROADS MILLIONS
 WASHINGTON—(P)—Representative Teague of Texas has urged a Senate Public Works subcommittee to approve a bill which would provide \$100,000,000 to \$120,000,000 federal aid for rural roads.

The Texas congressmen gave the sub-group Wednesday a statement expressing his views and those of the Texas Rural Roads Association.

Art Festival List Of Judges Complete For Opening May 7
 A judging team for the Art Festival of May 7-11 was completed Wednesday when an acceptance was received from Mrs. Maurice H. Martin of the Hardin-Simmons University Art Department, Abilene, to serve as the third judge.

Mrs. Troy A. Lookard of the Art Department of Texas Technological College, Lubbock, previously had accepted an invitation to judge, and Kenneth Loomis, head of the Art Department at the Texas State College for Women, Denton, agreed to judge or, if it is impossible for him to be here, to send a qualified faculty member from his department.

The festival, sponsored by the Palette Club and the American Association of University Women, will be held in the City-County Auditorium. Entries in two divisions, student (pre-school through high school) and adult, are open to any resident of Midland County.

Invitations to county residents outside Midland are being mailed by the Chamber of Commerce with cooperation of Mrs. Nettie B. Messick, county home demonstration agent. Radio programs heralding the festival have been arranged by Mrs. Robert Meador and Billie Walker for 10:06 a.m. Monday and Friday, and 3 p.m. Wednesday of next week.

Mrs. J. C. Rinker and Mrs. Ed Murphy have been named a committee in charge of ceramics, and information concerning that division of the festival may be obtained from them. Mrs. W. M. Thompson, entry consultant, will answer questions about entries and discuss the merits of any work at the request of a prospective entrant.

PASTOR GOES TO RALLY
 The Rev. G. Becker, pastor of the Grace Lutheran Church in Midland, will leave Friday to attend a Mission Rally in Alamo, where he will be the speaker Sunday. The Midlander plans to return home Monday.

Square Dancing Is Slated For Members Of Youth Center
 Square dancing is scheduled for members of the Midland Youth Center Saturday night, beginning at 8 p.m. in the Youth Center Building. This will be one of a series of old-time dance sessions scheduled for members.

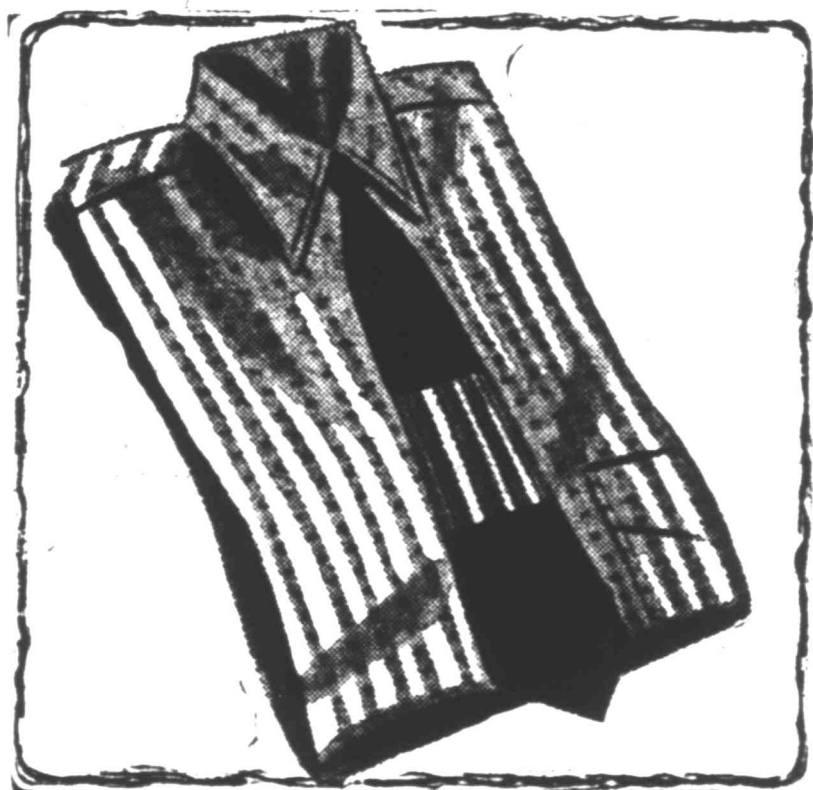

Herb Greggerson of El Paso, well known West Texas square dance instructor, will visit the Youth Center again May 4 and will conduct a two-hour instruction period beginning at 4 p.m. Members who wish to learn square dance steps are invited to take part in this lesson period.

McCamey Women To Start Study Course
 McCAMEY—Mrs. C. J. Mann issued textbooks for a study course to begin next week, at a recent meeting of the Methodist Women's Society in the Church Annex. The book is titled "China, Twilight or Dawn?"

Mrs. Leo Plumlee was leader of a program on "Lights in Latin America," assisted by Mrs. Roy Johnson, Mrs. R. F. Costen and Mrs. R. E. Walton. Mrs. C. F. Yeager of Mineral Wells was a visitor, and 20 members were present.

MRS. DAWKINS HOSTESS
 McCAMEY—Mrs. Claude Brazzell won high score, Mrs. Stephen Carter second high and Mrs. Gordon Fussell bingo when Mrs. Kirby Dawkins entertained the Lucky 13 Bridge Club in her home Saturday. Refreshments were served to members and two guests, Mrs. Collin Gilbreath and Mrs. Charles Adkinson.

Rockets Edge Midland 5-4 On Cruces' Homer

Redskins Leave Nine Men On Bags In Losing Opener

ROSWELL, N. M.—The Roswell Rockets, aided by the booming bat of Manager Bob Cruces, Wednesday night gave an estimated 3,000 baseball fans something to talk about as they turned back the high-powered Midland Indians 5 to 4 in the first Longhorn League game ever played here. Midland out hit the Rockets 12 to 10 but Cruces' home run over the center-field wall with one on in the seventh furnished the victory margin.

SPORTS SLANTS

by **SHORTY SHELburnE**

Ralph Blair went all the way for the Indians and scattered his 10 hits well except for the seventh when four runs crossed the plate. The Indians opened the scoring in the second inning. Four consecutive singles by Gus, Ken, Keny Jones, Stanley Hughes and Bob Ross were good for two runs. Roswell picked up one run in the third on a walk and three singles. Brilliant defensive play by the Midland outfield held the Rockets to the lone tally in this margin.

Webb found out he can throw a curve ball. Since the time he tossed his first one in batting practice, Webb has had him on the pitching rubber. May looked good at the plate early in Spring training. He hit plenty of balls over the infield for singles and occasionally chipped in with a double in workouts. Even though he probably will make the hurling staff, May can be of great value as a relief infielder and pinch hitter.

Unless Webb finds a steady 325 hitter in Pena or Filgamo, the Indians will need at least one man for the outfield. Carriel Nipp has the power to knock balls over the fence but he is on the style of most home run hitters. He may strike out with the bases loaded. Julian Presley is on the same order. He probably will compile a better season average than Nipp because he hits the ball through the holes with more power. Nipp is more on the order of a long-ball hitter, consistently speaking, than Presley.

Midland undoubtedly has one of the better pitching staffs in the league at present. Ralph Blair should win 15 games with ease this season. Sam Van Hoozer is better because he hits the ball through the holes with more power. Nipp is more on the order of a long-ball hitter, consistently speaking, than Presley. Nevertheless, the Indians need another good steady hitter. If they can get him, they'll be up in the standings. If they don't, it remains to be seen where they will finish.

Levi Clay has looked good all year in workouts and in his only appearance on the mound, which was against Big Spring. Ernie Nelson still is somewhat of a question mark but should win well up toward 20 games. Rookie Rudy Kellee has plenty of stuff to be a winning hurler. Weldon Stewart can win over 15 this season when he gets in shape. Then there's Forrest Martin and Clyde May to back up the entire staff and either of them could be sensational even in this, their rookie year.

The Indians need power at the plate to give the pitching staff something to work on. Actually, the Indians lost less than most clubs in the off season. The biggest loss was Jim Prince for hitting and Leland Crisman for pitching. Outside of those two, the replacements have been fairly adequate so far. Just don't sell the Indians short. They'll be up there.

HALF SLANTS . . . Tony Zale, one of the top champions of all time in the boxing rings of the world, has announced his retirement. He was scheduled to meet Marcel Cerdan in a title match in June but apparently saw the light. Zale at 36 is no match for Cerdan even though the Frenchman is aging himself. . . . Tugboat Jones, even though he has a good staff of assistants to handle the sports in Midland High School other than football, is present to see how the boys look every time there's a baseball game, track meet or marble tournament. He wants to know each boy better. . . . Police Chief Jack Ellington had a full audience to view his four-legged chicken Wednesday. Most of us thought it was a sporting proposition when Ellington wanted to bet he had one. We didn't accept his offer to wager a small sum but we did see the chicken. . . . Danno MacDonald, a newcomer to this part of the country, will appear at the VFW Hall Monday night on the weekly wrestling card. Pat O'Dowdy recommends him as a good grappler. . . . The sectional qualifying round for the Junior Amateur Championship of the United States Golf Association to be staged here July 19 should attract near 100 young golfers to Midland. It'll be part of the really big junior golf event of the year.

Longhorn League—Big Spring, Odessa, Roswell, Angelo Grab Loop Openers

By The Associated Press
 The Class D Longhorn League kicked off its third year of operation Wednesday night. Big Spring, Odessa, Roswell and San Angelo won opening games. A crowd of about 4,000 watched big Bob Cruces, who tied baseball's home run record last year, spark a four-run Roswell rally in the seventh inning to give the New Mexico team a 5-4 win over Midland. Johnny Baker held Ballinger to four hits as San Angelo took a 6-2 win from the Cats. Big Spring and Odessa won rain-shortened games. Big Spring beat Vernon 6-0 in five innings. Odessa downed Sweetwater 6-3 in the same time.

BAYLOR CUBS DROP ONE

WACO—(AP)—The Texas Aggie frosh dropped the Baylor freshmen baseball team out of the undefeated ranks here Wednesday night, beating the Cubs 5 to 3.

WT-NM League—Dukes Take One As Rain Cancels Three

By The Associated Press
 The topsy-turvy West Texas-New Mexico League had few changes Thursday. Albuquerque walloped Pampa 9-3 Wednesday night in the only game played. All others were postponed because of rain, wet grounds or threatening weather. A double by Cliff McClain and a home run by Allen Maul started Albuquerque off to an easy decision.

High School Golf Tourney Underway

DALLAS—(AP)—The first round of the Texas High School championship golf tournament got underway here Thursday. Johnny Powell of Sunset (Dallas) won medalist honors Wednesday with a three-over-par 71. Bernard Riviere of Lamar (Houston) and Sid Frink of Freepport tied for second with 75. Sunset had the top team total, a 313. Freepport and Highland Park (Dallas) each had 328.

MAJOR LEAGUES—

Three Clubs Suffer Hurts To Key Men

By JACK HAND
Associated Press Sports Writer

Injuries to Stan Rojek, Bob Elliott and Lou Boudreau, all key men in the major league pennant races, overshadow the scores in Thursday's baseball news.

A pitched ball by Ken Johnson, fifth St. Louis pitcher, struck Rojek, Pittsburgh shortstop, near the left eye in the ninth inning Wednesday night at Sportsman's Park.

Early reports from the hospital indicated no fracture was found.

The incident took most of the sting out of the Pirates' 7-1 victory over the Cardinals.

The Boston Braves' hopes of repeating as National League champs took a sharp drop when Third Baseman Elliott was hit on the knee and carried off the field. The big power man of the Boston attack was felled by a line drive off the bat of Puddin' Head Jones, of the Phillies. Late in the game Elliott's injury was not considered serious.

Despite Elliott's accident, the Braves shut out the Phils 2-0.

Boudreau was forced to leave the Cleveland-Chicago White Sox afternoon game when hit on the left elbow by Pitcher Orval Grove. X-ray pictures showed the injury apparently was only a bruise.

Cleveland went on a batting spree to ruin the Chicago Sox 11-3 with Mickey Vernon, the ex-Washington first sacker, and Ken Keltner hitting home runs.

Senators Bump Yanks

The New York Yankees' march was interrupted rudely at Washington when the win-starved Senators came from behind to break a seven-game losing streak 4-3 in 10 innings.

Another seven-game losing streak was broken when the St. Louis Browns shamed the Detroit Tigers 4-3 in 12 innings.

Vern (Junior) Stephens had a big batting day for the Boston Red Sox in a 10-6 romp over the Philadelphia A's. Stephens hit two homers and a single.

National League day action was featured by the New York Giants' 11-3 win over Brooklyn in a wild contest at the Polo Grounds.

Johnny Vander Meer fell victim of an old ailment—widespread—which Chicago's Cubs turned into an 8-3 victory over Cincinnati.

Fred Johnson, Michigan State's ICAA indoor and outdoor broad jump champion, is the holder of eight school track records in the broad jump, sprints and hurdles.

It has greater PENETRATING Power. With 95% undiluted alcohol base it carries the active medication DEEPLY to kill the germ on contact. Get happy relief IN ONE HOUR or your \$6c back at any drug store. Today at Cameron's Pharmacy.

Sectional Golf Tilt Set Here

A sectional qualifying round for the Second Annual Junior Amateur Championship of the United States Golf Association will be conducted at the Midland Country Club course here July 19, it was announced by Fred T. Hogan, member of the sectional affairs committee of the USGA, Thursday.

The tournament will be open to all junior golfers in West Texas who will not reach their eighteenth birthday by July 30.

Hogan said he has been seeking to locate the sectional qualifying tournament here for some time and only recently was notified of the USGA's approval.

Sectional Place

Participants in the qualifying tournament will be battling for the right to represent this section in the national tournament which will be played at the Congressional Country Club in Washington, D. C., July 27 through 30. There will be 128 places in the national meet.

Practice play for the 18-hole shooting here will be held July 18.

All junior golfers in this area who are interested in entering the sectional competition should contact Hogan in Midland.

PAVING HEARING SET HERE THURSDAY NIGHT

The City Council will conduct a public hearing on paving assessments against property included in the first unit of the city's paving program, at 7 p. m. Thursday in the City Hall.

Representatives of Brown and Root, Inc., which has the paving contract for the initial 130-block project, will start contacting property owners to negotiate paving contracts early next week, officials said.

That Man Stranahan

Frank Stranahan has three passions, or hobbies—golf, weight-lifting and eating, in the order named. Muscles lift a bar bell and flexes his biceps between rounds. The British Canadian and Mexican amateur champion took his most recent workout in connection with the North and South at Pinehurst.

Dopesters Pick Riley As Finalist At New Orleans

NEW ORLEANS—(P)—Who will Polly Riley beat in the finals? That's what spectators at the Women's Southern Golf Association tournament are asking.

The Fort Worth golfer hasn't gotten into the finals yet, but the general opinion is she'll make it without too much trouble.

Margaret Gunther, last year's runnerup from Memphis, has the inside track among most of the fans to play Miss Riley again this year.

Some of the pros watching the tournament think Dorothy Kirby will make the final.

Miss Riley Thursday met Betty Mackinnon of Mount Pleasant, Texas, who qualified with an 80, three strokes off Miss Riley's medal 77.

Synthetic Liquid Train Run Slated

ST. LOUIS—(P)—The first American passenger train to operate on synthetic liquid fuel produced from coal will leave here May 8.

The Diesel locomotive and about eight passenger cars, operated by the Burlington Lines, will carry government officials and guests to Louisiana, Mo.

The Bulldogs had only eight base runners during the contest and just two of them made it around.

Sports

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, APRIL 28, 1949—7

Steers Take 8-2 Win From Purple

By SHORTY SHELBURNE

The Midland Bulldogs had another bad inning Wednesday and when the "dust" cleared away the Big Spring Steers had scored six runs. Outside of the third frame, the Purple battled Big Spring on almost even terms as they lost an 8 to 2 decision.

The Steers parlayed three hits, three Midland errors and three bases on balls to score the six runs in the third. They had picked up two on a pair of hits in the second.

Lefty Max Harris went all the way for the Bulldogs and gave up only seven safeties. He was in trouble in the second when he hit the first batter, walked the second and gave up consecutive singles to the next two. Part of the six-run third also was his fault but he could have gotten out light with more steady backing in the field.

Midland's Runs

The Bulldogs had only eight base runners during the contest and just two of them made it around.

The box score:

	A	B	R	H	O	A
Big Spring	8	2	0	0	0	0
Midland	2	1	0	1	3	0
Washburn, ss	2	1	0	1	3	0
Lee, 2b	3	0	1	1	1	1
Martin, lf	3	1	0	1	0	0

Assault Heads For Big-Time Comeback

KINGSVILLE, TEXAS—(P)—Assault, winner of turfdom's triple crown in 1946, is on his way to Belmont Park on Long Island to make his bid for a comeback, the King Ranch announced Thursday.

The Texas Comet and 15 other King Ranch racehorses left by train Wednesday night and will arrive at Belmont Park Friday.

Trainer William Egan said Assault is in good condition and added that he expected the six-year-old to establish his fitness for big-time competition soon.

In 1946, Assault, son of Bold Venture, won the Kentucky Derby, the Preakness and the Belmont.

Later he was retired temporarily to the ranch stable here because of lameness.

Max Hirsch, King Ranch trainer, will take charge of the horses when they arrive at Belmont.

'Molotov Plan,' Russian Answer To Atlantic Pact, Forges Line From Poland To China

By LEON DENNEN
NEA Special Correspondent

PARIS—Russia's answer to the Atlantic Pact—a "Molotov Plan" for a military and economic bloc that will extend from the Baltic city of Stettin in Poland to the Chinese city of Canton—is being forged in the Kremlin.

The renewed Communist offensive in China may be the first step in activating the plan.

While the Russians spread rumors of new peace gestures in the cold war in Germany, the master plan is being put together by some of the top Politbureau members involved in

ational event since the rise of the Soviet state.

The job of planning the bloc was given to Vyacheslav Molotov, the thin-lipped, antagonistic veteran of 21 years in the Politbureau who turned in his portfolio as foreign

minister in the March 5 cabinet shift, presumably to work on the new "Molotov Plan."

Working with him, according to Cominform sources, have been Marshal Nikolai A. Bulganin, who was minister of Armed Forces in the cabinet until the shakeup; A. I. Mikoyan, who dropped his cabinet post as minister of Foreign Trade; Laurenti Beria, head of the MVD (Soviet secret police); and Georgi Dimitrov, who was recalled to Moscow from his job as premier of Bulgaria.

Dimitrov is in bad health, but reliable informants inside the Iron Curtain say he is neither desperately ill nor in disgrace, as was rumored when he was recalled shortly after the cabinet changes. A former Soviet citizen and a great favorite with Stalin, these informants believe he has been recalled to take charge of an intensified campaign against Tito and to resume his old job as general secretary of a revived and expanded Communist International.

Foundation of the "Molotov Plan" is reported to be military and economic planning on a two-continent scale. Specifically it calls for:

1. Unification under a Central Moscow agency of all military, economic, industrial and financial resources of the countries in Russia's sphere of influence.

2. A five-year-plan for all satellite countries, which will ultimately result in a single system of communications and currencies strictly pegged to the ruble if not identical with it.

3. An expanded Communist International which will replace the present limited Cominform.

4. The creation of an intercontinental Eurasian army, which will be under the direct control of the Soviet General Staff and staffed by Russian officers and political commissars.

Molotov himself, it is said, has been designated as supreme coordinator of the foreign policies of all the satellite countries, while Marshal Bulganin is charged with forming the inter-continental Eurasian army.

Although designed primarily to counteract the Atlantic Pact, it will further tighten Moscow's grip on the satellite countries where the "Molotov" nationalist heresy has of late been assuming alarming proportions.

It is not expected, however, that Russia would court additional trouble with the Western Powers by the outright annexation of the satellite countries—a pattern followed in the case of Latvia, Estonia and Lithuania. Such an act of annexation would be an open violation of the Teheran and Yalta agreements.

Thus, while the "Molotov Plan" does not necessarily imply the formal disappearance of such satellite states as Bulgaria, Romania, Albania, Hungary, Poland and Czechoslovakia, their governments will henceforth function on a purely local basis, directly subordinated to a central agency in Moscow presided over by Mikoyan and Beria.

The Bible, or some part of it, now has been translated into more than 900 languages.

HOUSTON—(AP)—Addition of certain materials to ammonium nitrate increases the danger as a fire hazard, it was related in the Texas City damage suit trial.

The mass trial to determine the United States government's liability for \$300,000,000 in damage suits filed since the Texas City disaster of April 16-17, 1947, entered its fourth day Thursday.

Earlier, a witness testified that fertilizer grade ammonium nitrate involved in ship explosions at Brest, France, and Texas City came from the same factories in the United States.

More than 500 were killed as the result of fire and explosions at Texas City, started when the Freight-er Grandcamp caught fire and exploded.

The SS Ocean Victory exploded at Brest on July 28, 1947. Forty-nine were killed.

A witness Wednesday told Federal Judge T. M. Kennerly first leading to an explosion on the Ocean Liberty started in a hold which had not been opened at Brest.

Coasting Adds To Danger
Another, J. N. Ferris, of the United States, testified by deposition that the coating of ammonium nitrate grains with a substance containing petrolatum, rosin and paraffin makes it more dangerous with regard to fire.

He denied he knew the introduction of these materials made it more explosive.

The several thousand plaintiffs in the 300 individual suits are contending the government was negligent in that it either knew or should have known the dangerous characteristics of the fertilizer and yet did not give proper warning to those who might come in contact with it.

Fire Hazards Cited In Texas City Suits

King Ranch Cattle May Go To Liberia

CORPUS CHRISTI—(AP)—Cattle from the famed King Ranch of Texas may go to Liberia for crossbreeding with native cattle there to improve the strain.

The plans were disclosed here by Frank E. Pinder of the U. S. Economic Mission in Monrovia, Liberia. The negro agricultural production specialist toured the King Ranch to appraise its Santa Gertrudis cattle.

"The Santa Gertrudis," he said, "will fit in exceptionally well in Liberia." He said Liberia's native cattle are "scrubs" by American standards.

Livestock

FORT WORTH—(AP)—Cattle 600; calves 200; steady to weak; common, medium and good slaughter steers and yearlings 17.50-24.00; good and choice kinds 24.00-26.00; beef cows 17.00-19.25; canners and cutters 11.00-15.50; sausage bulls 18.00-21.00; good and choice fat calves 24.00-26.50; plain and medium calves 17.50-22.00.

Hogs 900; butchers 25 cents lower; sows unchanged; feeder pigs 50 cents down; top 18.25; good and choice 19.00-20.00; butchers 18.00-25; good and choice 150-185 pounds 16.00-17.75; sows 13.50-15.00; feeder pigs 12.50-16.00.

Sheep 3,000; around steady; medium to choice Spring lambs 26.00-28.50; good and choice shorn slaughter lambs 27.00-28.00; common to medium kinds 24.00-26.00; medium and good shorn slaughter ewes 10.00-12.50; shorn feeder lambs 22.00 down.

Fatigue Handicaps Child And Causes Failures At School

By DAVID TAYLOR MARKE
AP Newswriter

Fatigue is one of the main obstacles to efficiency in childhood, says the Metropolitan School Study Council.

The council, an organization of more than 70 metropolitan school systems, has prepared a pamphlet, "Parents As Teachers," (Bureau of Publications, Teachers College, Columbia University, 35c) to act as guide for parents of elementary school children.

The problem, says the council, is to see that the children get enough rest. Movies, radio, television, swing bands and stimulating and intensely their reactions. Many children think they cannot sit down to do their homework without the radio blaring beside them.

Playmates Exciting
An only child or one who has no playmates his own age living nearby tends to be overstimulated when he goes to school and associates with large numbers of other children. More sleep than parents realize may therefore be needed. A happy disposition is hardly possible without adequate sound sleep, they say.

When a child is naughty, cross, restless, or hard to manage, the trouble may be that he is physically and nervously tired out. It is unwise and generally useless to try to discipline him when he is tired. Junior can play so strenuously and continuously that he will not eat at mealtime or will burst into tears at the slightest provocation.

The amount of actual sleep (not just hours in bed) required by the average child varies, says the council. For the 2-5-year old, 13 to 14 hours; for the 6-7-year old, 12 hours; 8-10, 11 hours; 11-12, 10 to 11 hours; 13-15, 9 1/2 to 10 hours. These figures can be shaded an hour or so either way.

In practice, sleeping hours should be checked against signs of fatigue.

Cause Of Failures
Studies have found that fatigue or lack of sleep has been responsible for more failures in school than from any one other cause, says the council.

Some families can work out a bedtime schedule by staggering the bedtimes so as to provide the proper amount of sleeping time for each child. Children may be expected to go to bed more willingly on school nights if they are permitted to stay up a half to one hour later on Friday or Saturday nights.

Exciting experiences for the high-strung child should be avoided whenever possible. He needs more frequent rest periods than a placid child. These periods need not be long—ten minutes before lunch or after, or before dinner—but they should furnish an opportunity for real relaxation. A warm bath before dinner; certain exercises and quieting games also are helpful before mealtimes or at other times when needed.

The international race for the Gordon Bennett trophy is the oldest of aviation contests.

Southern Operators Ask Separate Deal With Lewis' Union

WASHINGTON—(AP)—Southern soft coal operators Thursday broke away from the rest of the industry and prepared to negotiate a separate contract with John L. Lewis if necessary.

The board of directors of the Southern Coal Producers Association voted to remain away from further operator meetings—at least for the time being.

Southern President Joseph E. Moody said his directors believed they had formulated a definite policy for negotiating with Lewis and the United Mine Workers this year.

The other operators, meeting here Wednesday and Thursday, have not yet reached that stage, he said.

Moody already has asked Lewis to begin negotiations for a contract to replace the one expiring June 30. Lewis has not yet replied.

The other operators, meantime, scheduled a meeting at noon to consider Lewis' new contract strategy—a gentle plea for a settlement without a strike this summer.

Era Van Horn, temporary chairman, said "No conclusions were reached" at Wednesday's meeting.

That was before they saw the softly-worded statement by Lewis. The United Mine Workers' chief usually blasts the operators in preliminary skirmishing over work contracts.

Rites For Jo Hilton Will Be At DeLeon

The body of Jo Hilton, 72, who died here Wednesday, was returned to her home at DeLeon, Texas, Wednesday night where funeral services and interment are scheduled.

Miss Hilton was visiting a nephew, Robert H. Clark, here when she became ill. She was taken to a Midland hospital.

Survivors, besides Clark, include four sisters.

Molotov: The supreme coordinator tightens Moscow's grip.

the Soviet cabinet shakeup early in March which puzzled the Western world.

I have obtained this information from sources whose inside knowledge of the Cominform has proven trustworthy on repeated previous occasions.

These sources say the military alliance, which will include Eastern Germany, Finland and China as well as the Russian satellite nations, is "the most significant interna-

Bulganin: Inter-continental army.

minister in the March 5 cabinet shift, presumably to work on the new "Molotov Plan."

Working with him, according to Cominform sources, have been Marshal Nikolai A. Bulganin, who was minister of Armed Forces in the cabinet until the shakeup; A. I. Area Doctors Meet Friday At Kermit

KERMIT—Dr. Carl A. Meyer, professor of experimental surgery in Southwestern Medical College, Dallas, who last year was awarded the Dallas Clinical Society's Marchman award for outstanding work, will be principal speaker here Friday night at a special meeting of medical doctors representing a large area of West Texas and New Mexico.

The six-county Medical Society, composed of physicians in Reeves, Ward, Winkler, Loving, Cullbertson and Hudspeth Counties, and the New Mexico Lea County Medical Society are to be the hosts. Invitations have been extended to approximately 125 physicians and their wives.

Officers of the six-county Medical Society are: Dr. Bruce Hay, Pecos, president; Dr. Howard Lindley, Pecos, secretary; and Dr. F. J. Froot, Monahans, vice president.

Invited to members of the host societies, physicians have been invited from Odessa, Midland, Andrews, Seminole, Crane, and from a wide New Mexico area, including Carlsbad, Roswell, Eunice and Hobbs.

Fleming To Head Maritime Group

WASHINGTON—(AP)—President Truman Thursday appointed Maj. Gen. Philip B. Fleming to the Maritime Commission. He said Fleming will be designated as chairman.

The President said Jesse Larson, now war assets administrator, will succeed Fleming as public works administrator. Rear Admiral Paul Luker Mather, now associate administrator, will head the War Assets Administration.

Fleming is a veteran government career officer. Truman described him as an independent with no political affiliation.

On the Maritime Commission, Fleming will succeed Vice Admiral William W. Smith, whose term recently expired.

T&P OFFICIALS VISIT IN MIDLAND
L. C. Porter of Dallas, vice president in charge of operations of the Texas and Pacific Railway Company, headed a group of T&P officials on a tour of inspection here Wednesday. The railroad men inspected the new T&P station now under construction and other facilities and installations here.

Rites Held For 100-Year-Old Woman

DODSON, TEXAS.—(AP)—Mrs. Elizabeth Douglas, 100, Collingsworth County's oldest citizen, was buried here Wednesday.

She died Sunday, April 24, one month to the day after she passed the century mark.

All ministers in Dodson assisted in the funeral service.

Mrs. Douglas remembered the Civil War well and recalled a visit with Gen. Robert E. Lee when the Civil War leader rode by her Tennessee home with a group of soldiers.

From where I sit... by Joe Marsh

How We Licked The Parking Problem

For a while it looked like we'd have to put up parking meters. Folks working in town—including some of the store owners—were taking up all of the space along Main Street.

Farmers coming in to shop never found a place to park, and sometimes had to lug stuff a half mile or so. Some started to do their buying in other towns. Finally, store owners and farmers had a get-together—with the result that the empty field near the depot was fixed up for all-day parkers.

Now farmers get their shopping done comfortably, and the merchants have a better place to park than they had before. Just took a little friendly co-operation to make everybody happy.

From where I sit, most differences can be ironed out by just talking things over—maybe with a cup of coffee or glass of beer—and seeing the other person's side of it. Next time you have a problem or a little difference to settle, why not try just that?

Joe Marsh

Mother Arrested For Beating Children

A 32-year-old mother was arrested in St. Louis for the rubber hose beating of her two children. Officer Oliver Wallace holds the rubber hose, looking at Robert's back, which is black and bruised. The two children, Robert, six, and Betty, eight, were admitted to the hospital after neighbors called the police.

Negroes Can Take Graduate Courses At Houston School

HOUSTON—(AP)—The next step of 24 negroes who seek to enroll for graduate study in Texas may be made in Houston. If they apply at Texas State University for negroes here they can take graduate work in several fields. Dr. R. O. O'Hara Lanier, president of the university, said Thursday. Graduate courses now are offered at the Houston school in education, biology, sociology, economics, music, English, mathematics, and psychology, Lanier said. He added the university is prepared to teach graduate courses in the liberal arts field if students apply for them. Whether full scale schools offering master degrees can be set up in all fields depends on the legislative appropriation, he said.

Archaeologists Probe Ancient London Secrets

LONDON—(AP)—It's now or never for British archaeologists probing the secrets of ancient London. They're appealing for \$200,000 to finance a rush job on 2,000 years of history uncovered by German bombs. They must do it before a new London rises on the ruins. The Luftwaffe blasted to bits the buildings that stood over 50 acres of what formerly was the old 350-acre walled city. Before the new steel and concrete giants go up—and their massive foundations drive deep into the precious, relic-filled soil—archaeologists must dig feverishly. Treasure Will Be Lost Once the rebuilding starts, they say, London's buried treasure will be lost. Steel grabs will smash delicate medieval pottery. Workers' picks will destroy crumbling traces of the Roman wall that shielded the legions of Emperor Claudius from barbarous Britons. What survives of Roman London now is buried 12 to 19 feet below the surface. The history-seekers are racing against time. Reconstruction cannot be delayed. London's future depends upon it. The \$200,000 the council seeks is in addition to \$12,000 already given by the government and \$10,000 from private donors. The council hopes American dollars will swell the fund. Boss of the excavators is keen-eyed William F. Grimes, director of London Museum. "In the last two years," he says proudly, "we've made more discoveries than in the previous 50. Walls, pottery, bones, coins, implements of all kinds. "No city in the world ever had a better chance to trace its history. Our aim is to cross-trench every bit of it. Main search is in the area east of St. Paul's Cathedral where acres were flattened by blast and fire. This region was the center of Roman London. In spite of 19 centuries of recorded existence, the capital's history is still a large extent unwritten. Grimes says lots of questions need answers. Was London's story continuous? What was life like in the prosperous Roman days around A. D. 122 when it had a forum, basilica, statues, shops and markets? What happened after the legionnaires left? What of the dark ages and Saxon days? What traces remain of London's two great calamities—the plague in 1665 and the fire of the following year?

Motion For Mistrial In Coplon Espionage Case Is Turned Down

WASHINGTON—(AP)—Federal Judge Albert Reeves denied Thursday a defense motion to prevent the prosecution from using papers taken from Judith Coplon in her trial here on espionage charges. Judge Reeves also denied a defense motion for a mistrial and another to expunge from the record an FBI statement telling what was in Miss Coplon's purse when she was arrested March 4 in New York with Valentine A. Gubitchev, a Russian. The FBI agent who made the arrest said Miss Coplon's purse yielded: 1. A statement telling of efforts to obtain a top secret FBI report. 2. Background statements concerning three potential recruits for espionage service. 3. More than 30 sheets of paper known as data slips containing extracts from FBI reports on internal security matters and suspected espionage agents in this country. The agent, Robert R. Granville, filed a sworn statement Wednesday in justification of the March 4 arrest of Miss Coplon and Gubitchev with a warrant. Called "Private Papers" It was part of the government's reply to a defense motion to bar the prosecution from using the seized papers in Miss Coplon's trial here on espionage charges. Granville said this is the "exact language" of a statement found in Miss Coplon's purse. "I have not been able (and don't think I will) to get the top secret FBI report which I described to Michael on Soviet and Communist Intelligence activities in the U. S."

Bandits—

Continued From Page One of the ambush. The general returned to Manila late Thursday. In Baguio, President Quirino ordered the Constabulary and Army to rush reinforcements to troubled Nueva Ecija Province to undertake a general campaign against bandits. The president said he could not believe the attack had been led by Communist-directed armed peasants called Hukbalahaps. Bodies Looted He said Mrs. Quizon was loved too much by these people to be harmed by them. There were reports the bodies had been looted of jewelry and valuables. Quirino said this was a further indication the attackers were bandits and not Huks. "Only last week the president had announced that the Huks had broken into small, ineffective bands and reduced to marauding for food. Maj. Gen. Jonathan Anderson, chief of the U. S. Military Advisory Group in the Philippines, termed the ambush slayings "a terrible occurrence." State funeral services will be held. Mrs. Quizon was beloved by Filipinos for her charity work with children, for leading the suffrage movement for Filipino women and as chairman of the Philippine Red Cross.

Hail—

Continued From Page One small towns along the river also are built on high ground. But lowlands around Victoria and near Bloomington south of Victoria were being inundated. Farmers already had evacuated their stock. Young corn and cotton crops in the bottomlands were almost certain to be flooded. Thunderstorms Continue Over the state, thunderstorms continued. Heavy rains fell at San Angelo, 123 inches, and Mineral Wells 102. Chidress reported "36 of an inch. Hail, variously described as "big as hen eggs" and as "big as golf balls," fell at Odessa. Bruce Misk, a staff member of radio station KOSA, said at least one man was injured by the hail. Power was knocked out by the hail and strong winds. Electra, near Wichita Falls, had a thunderstorm Wednesday. Lightning set fire to a hardware store, but the blaze was put out. Damage to the building and stock was estimated at \$2,000. Other places reporting rain Wednesday night were Lufkin, Amarillo, Lubbock, Big Spring, Dallas, San Angelo, Waco and Fort Worth. The Rio Grande had reached 23.2 feet at Mercedes and still was rising. Flood stage is 21 feet, but no serious damage was expected. The Rio Grande was expected to reach 19 feet at Brownsville, where flood stage is 18 feet.

Hester—

Continued From Page One He stated that he returned to Lord's farm on March 4. "Did Dr. Lord pay you off, discharging you and ordering you from the premises when you returned with the car on March 4?" James asked. "No sir, he did not." "Didn't you then go to Fort Worth and tell Miss Tuscun Short (clerk in charge of the drug store) your foster father had run you away from home and that you planned to go to California and reenter the Navy?" "No sir, I did not." Promised Car As Reward In his testimony Wednesday night, Hester said he was talking to the slaying said. "He (Dr. Lord) promised to let me use the car if I would submit to an unnatural act. I did. I hit him because I was mad." The state accuses Hester of robbing the educator of his money, ring and automobile following the slaying. Hester said he met Dr. Lord at a Fort Worth theater in 1945. "He made improper advances to me then," Hester declared. "He played around with my legs." He said the Graduate School dean offered him a job if he would go to his house and live. During his two hours on the stand, Hester described three other unnatural sex acts which he declared he participated in with Lord. Hester said when he first learned about homosexuality he decided to join the Navy. Employed As Caretaker "At first he (Dr. Lord) objected and then later gave his permission. He told how he joined the Navy in January, 1947, and was dishonorably discharged in December, 1948. He said Dr. Lord bought a farm near Burleson in January of this year and asked "me to come and live with him. He said he was to be employed as a caretaker and paid \$50 a month. He said Dr. Lord had paid him only \$35 in salary from the time they went to the farm in January until he was discharged in December. He said after the fight, he threw (metal) rod out in the yard, packed his clothes, got the car and drove to Burleson "where I got a look."

Russian—

Continued From Page One minute meeting with Soviet Foreign Ministers Andrei A. Gromyko and Jakob A. Malik, was surrounded by unusual secrecy. They met on the second floor of the elaborately furnished headquarters of the Russian United Nations delegation on Park Avenue, New York. The Russians sent the single written word "No" to newsmen seeking for their comment on the meeting. The American delegation announced only that Jessup had communicated informally the Western powers' request at the session. Oral Reply Rumored There were persistent reports, however, that the Russians gave an oral reply at the meeting outlining the two provisions they demand as the price for ending their blockade. One report said Malik told Jessup Russia would not ask the Western Allies to change their plans to set up a West German republic, independent of the Soviet zone. There had been a lot of speculation that the Kremlin had sprung the new overtures in an effort to block formation of the Western republic. Jessup returned Wednesday afternoon to Washington, where he is expected to report personally to President Truman and the State Department.

\$192,000 Damage Suit Filed In Girl's Death

LAMESA—(AP)—A \$192,000 damage suit has been filed in 106th District Court here as an outgrowth of the accidental death of Betty Lee Kee, 12. The child's father, J. D. Kee, filed the suit Wednesday against George W. Tucker, a contractor, and the West Texas Gas Company. The child was killed Nov. 19, 1948. The petition charges negligence in allowing a cleaning block being used to clean a gas line to slip from the open end of a pipe and strike the child playing in the yard of her home some distance away. The cleaning block was being forced through the line by air pressure. Betty Lee died several hours after the accident.

FBI Charges Former Georgia Prisoner

HOUSTON—(AP)—A charge of transporting a false security in interstate commerce has been filed here by Federal Bureau of Investigation agents against Paul Lord Stebbins, 36, escaped Georgia prisoner. Bond was set at \$10,000. Stebbins was arrested Wednesday in Fort Worth. Vada Marzoff, 30, identified by FBI agents as a friend of Stebbins, was arrested here April 19 and charged with the same offense. She was released under \$3,000 bond April 20.

Cut In Marine Diesel Fuel Oil Price Posted

NEW YORK—(AP)—Esso Export Corporation announced Thursday reductions of 17 cents a barrel for marine diesel fuel oil and marine diesel medium oil. North Atlantic and Gulf Coast ports and a reduction of 21 cents in marine diesel medium at Morehead City and Wilmington, N. C., and Charleston, S. C. The reductions, effective immediately, are supply for ships engaged in international trade.

Salad Days

As "Miss Natural Health" healthy-looking Elisa Von Osten is the center of attraction at Natural Health Week festivities in New York. That super-salad comes in for a little attention, too, as her sponsors are all vegetarians.

Atlantic Pact Would Strengthen UN, Says Chief U.S. Delegate

WASHINGTON—(AP)—America's chief delegate to the United Nations told senators Thursday the North Atlantic Pact will strengthen the UN and "increase its ability to remove causes of war." Warren R. Austin made the statement before the Senate Foreign Relations Committee in urging approval of the treaty as a step towards peace. He firmly denied the 12-nation alliance would destroy the United Nations or weaken its efforts toward international unity. Austin, who secured for himself, followed Secretary of State Acheson in pleading for approval of the pact. Some senators, however, said part of Acheson's testimony Wednesday may have cost the treaty vital Senate support. They referred to Acheson's statement that to vote for the pact would be to endorse the Administration position "that the United States can and should provide military assistance to the other pact signatories." Senator Taft of Ohio, chairman of the GOP Policy Committee, told a reporter he regards Acheson's testimony as having linked the 12-nation pact "inseparably" to the proposed \$1,450,000,000 foreign arms program. "I'm against furnishing arms now," Taft said. "I want to support the pact, but Acheson has linked it inseparably to the military program. I don't know what my final decision on the pact will be."

Oil & Gas Log

(Continued from page 1) lenburger, topped at 4,350 feet. That formation was barren and the venture was plugged back to 3,400 feet to test the Palo Pinto. When drilling through the Palo Pinto, logs at 3,364-75 feet recovered 35 feet of oil and gas cut drilling mud. This was the only show of consequence reported. Top of the Palo Pinto was called on 3,360 feet. Operator now has cemented 5 1/2-inch casing at 2,360 feet and was drilling out cement plug. The formation is to be acidized and tested. Location is 330 feet from north and 1,650 feet from east lines of J. Bays survey 530, about four miles north of Winters.

LEGAL NOTICES

CITATION BY PUBLICATION
THE STATE OF TEXAS
TO: W. H. Snodgrass, also known as Will Snodgrass, his unknown heirs, their heirs and legal representatives as Defendants.

GRANTING:
You are summoned to appear and answer the petition filed in and before 10 o'clock A. M. of the first Monday after the expiration of 45 days from the date of issuance of this citation, the same being Monday the 6th day of June, A. D. 1948, at or before 10 o'clock A. M. before the Honorable District Court of Midland County, at the Court House at Midland, Texas. Said Plaintiff's petition was filed on the 21st day of April, 1948.

The file number of said suit being No. 2306.

The names of the parties in said suit are: J. M. Speed as Plaintiff, and W. H. Snodgrass, also known as Will Snodgrass, his unknown heirs, their heirs and legal representatives as Defendants.

The nature of said suit being substantially as follows: to-wit: Plaintiff alleges that on or about April 1, 1948, he was the owner in fee simple of the following described land and premises situated in Midland County, Texas, to-wit:

All of the South fifty (50) feet of the Northwest Quarter (NW 1/4) of Block 47, Homestead Addition, in the town of Midland, Midland County, Texas.

That on the day and year last aforesaid defendant, unlawfully entered upon said premises and ejected plaintiff therefrom and unlawfully withheld from him the possession thereof to his damage in the sum of \$1000.00.

Such action is a suit in trespass to try title brought by plaintiff for title and possession of the lands above described, alleging both record title and title in himself through peaceable, continuous and adverse possession of the lands and premises under the three, five and ten year statutes of limitation, and requesting as damages and costs of suit:

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Dated this 22nd day of April, 1948.

Given under my hand and seal of said Court, at Odessa in Midland, Texas, this 25th day of April, D. 1948.
(SEAL) BETTY C. ROMER, Clerk, District Court, Midland County, Texas (April 25, May 12-19)

Midland Oil Man Is Ring Candidate At Shrine Conclave

W. D. (Bill) Lane, Midland oil man, Thursday was reported to be the first to announce as a candidate for the diamond ring which will be awarded by E. Paso's El Estrella Temple May 2, closing day of the Shrine temple's Spring ceremonial.

Extensive West Texas support already has been pledged the Midlander, but more enthusiasm in the campaign will be generated at a barbecue and dance to be staged by the Ward-Winkler County Shrine Club at 7 p.m. Thursday in Kermit. Large delegations from Midland, Odessa and other West Texas cities are expected to attend.

Boy Scout Honor Court Scheduled

An El Centro District (Midland) Boy Scout Court of Honor will be held at 7:30 p.m. Thursday in the district courtroom of the Midland County Courthouse. Charles Klapproth will be in charge of the honor court. R. H. Davis is secretary.

Scouts to receive second class awards, with units listed, include: Donald Sarge of Troop 151; Edward Wooten of Troop 151; Leon Measures of Troop 54; E. P. Birkhead of Troop 54 and Johnny Godwin of Troop 54.

First class awards go to: Buddy McDonald of Troop 54; Wayne Cooper of Troop 54; Clinton Hamlin of Troop 151 and Tommy Brown of Troop 151.

Merit badges, with field listed, will be awarded to: Jimmy Hunt of Troop 54, home repairs; Cliff Wilcox of Troop 54, personal health; Harold Paden of Troop 54, first aid to animals, bookbinding; Leon Sarge of Troop 54, horsemanship, dog care; Leon Measures of Troop 54, home repairs, rabbit raising; Buddy McDonald of Troop 54, home repairs; Jimmy Adams of Troop 54, home repairs, woodwork, rabbit raising; Larry Lynn of Troop 54, first aid to animals, bookbinding; Bill Sommers of Troop 151, first aid; Bill Sommers of Troop 151, first aid; George Sommers of Troop 151, first aid, leatherwork; Donald Webb of Troop 151, public health, citrus fruit culture, agriculture, small grains and cereal crops, farm home and planning, gardening, physical development; Clinton Hamlin of Troop 151, home repairs, first aid; Donald Sarge of Troop 151, first aid, home repairs and Tommy Brown of Troop 151, first aid.

Campers awards will be given to Ernest Thomson, Wade Peemeter and Bobby Stanley, all of Troop 54.

THE DOCTOR SAYS

We Owe Knowledge Of Blood Circulation To William Harvey

By EDWIN P. JORDAN, M. D. Written for NEA Service. Until 1628 when William Harvey published his famous paper written in Latin, the manner in which the blood circulates through the body was not correctly understood.

State Witnesses Testify Lubbock Slayer Is Sane

LUBBOCK—(AP)—The state presented twenty-six rebuttal witnesses Wednesday who testified in their opinion Richard W. McGee is sane.

McGee is being tried for murder in the fatal shooting of R. L. Allison, Lubbock grocery executive.

The defense has called a number of witnesses, including doctors, who said they believed McGee insane.

X-Ray Telescope Will Give Medicos Better 'Inside' View

DALLAS—(AP)—Your doctor hasn't seen anything yet. Wait until he gets a look at your interior with an X-ray telescope engineers now are developing.

Army To Consolidate Recruiting Stations

SAN ANTONIO—(AP)—Army and Air Force recruiting stations in Texas and four other states will be consolidated. The move was announced Wednesday by Col. J. T. Traywick, Jr., chief of Military Personnel Procurement Sections for the Fourth Army move.

Thomas Caruso Held Guilty Of Murder In Slaying Of Seaman

NEW YORK—(AP)—A jury early Thursday found Thomas Caruso, 28, alias Thomas J. Morrow, guilty of first degree murder in the slaying of Kenneth Gray, 45-year-old merchant seaman of Port Arthur, Texas, on Feb. 6, 1948, in the Hotel Flinders.

Caruso was one of four men arrested after Gray was found strangled and robbed in the hotel. One of the men, Florio Peluso, 48, is awaiting sentence after pleading guilty to murder in the second degree.

Peluso, who testified during Caruso's trial, which began April 18, is to be sentenced on May 10. According to Peluso's testimony, two accomplices of him and Caruso—Bruce Bowers, 28, of Camden, N. J., and Chester Grimstack, 23, of Waterbury, Conn.—saw Gray spending money freely in the hotel bar, and they put Peluso and Caruso on Gray's trail as a likely robbery victim.

SEVEN PERSONS DIE IN COMMUNIST RIOT IN CALCUTTA, INDIA

CALCUTTA, INDIA—(AP)—Seven persons, four of them women, were killed in a clash between Communists and police here Wednesday night. Tension still was marked Thursday, but the city was relatively quiet.

Rankin News

RANKIN—Mrs. Tom Workman, president of the B&PW Club, addressed a group of women at a dinner in Big Lake Thursday night.

Word was received Monday of the death of Mrs. Freddie (Edna Mae) Johnson in Salt Lake City, Utah. Mr. and Mrs. Johnson resided in Rankin last year, at which time Johnson was connected with a geophysical crew.

Mr. and Mrs. Max Schultze are the parents of a daughter born in an Artesia, N. M., hospital Wednesday. The baby weighed eight pounds and has been named Constance Kay. The maternal grandmother is Mrs. Elizabeth Rains of Rankin and the paternal grandparents Mr. and Mrs. Max Schultze, Sr., of Artesia.

Mrs. Elizabeth Rains spent the weekend in Fort Worth, where on Saturday she attended an organization meeting of county treasurers of Texas. Sixty-two treasurers attended the meeting.

CUT ON HEAVY CRUDES SPREADS INTO ARKANSAS

EL DORADO, ARK.—(AP)—Lion Oil Company Wednesday announced a 25-cent per barrel reduction in the purchase price of heavy crude oil produced in seven fields.

Denver 'Cowboys' In Need Of Horse

DENVER—(AP)—Four Denver policemen may have won their spurs, but they wrecked a squad car doing it.

Sixty ornery steers broke out of a feed lot. They started grazing along the Platte River, near Riverside Cemetery. The dispatcher sent Patrolmen Merle Huttenhew and Paul Bates out on the range to "get those cows."

They reached the scene, then radioed back for advice. A dead silence followed. They tried cajoling, flattery, threats and sirens. Officers Steve Martin and Mike Torvat went to their aid. Their car bogged down in the mud and the differential ripped loose.

Progress Reported In Fight Against Aftosa

LAREDO, TEXAS—(AP)—The foot and mouth disease vaccination program in Mexico costs over \$2,000,000 monthly but gradual progress has been made against the livestock malady, says the co-director of the Joint U. S.-Mexico Foot and Mouth Disease Commission.

Russian Move To End Blockade Is Change In Method, Not Objective, Of 'Cold War'

By DeWITT MACKENZIE AP Foreign Affairs Analyst. Russia's offer to call off the Berlin blockade continues to hold the limelight in international speculation. The reason is of course that such a move might tend towards (whisper) an ending of the "cold war."

Diplomatic sources in Moscow said Wednesday the reopening of the Berlin question, if handled correctly, could lead to that happy goal.

The United States made a positive move Wednesday. This was delivery of a note by Philip C. Jessup, American ambassador-at-large, to Soviet Deputy Foreign Minister Jakob A. Malik, in New York, asking the Russians for a formal statement as to when and on what conditions they would lift the blockade.

Back of this note is the real hope the Muscovites mean business. There also is the suspicion some ulterior purposes may be hidden in the offer—for instance the scuttling of the new German Republic comprising the three Western zones of occupation. Moscow has opposed this project hotly.

KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Million of Kidney Tubes Flush Out Poisonous Waste. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging headache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning are signs of kidney trouble. It is something wrong with your kidneys or bladder.

'Father And Daughter' Then And Now

Some 12 years ago, a young-looking actor named Robert Young played the father of a tot named Shirley Temple in the movie "Stowaway." Today Robert Young, although 42 and the father of four daughters in real life, wears special make-up in order to appear old enough for his screen paternal role with Shirley Temple in "Adventure in Baltimore," below. Shirley, who will be 21 this month, also has a daughter of her own.

Youth Center Chatter

By Joyce Howell - June Hazlip

Good afternoon, ladies, gentlemen and anyone else reading this week's Youth Center Chatter.

Our grass is really growing. Mr. Engel is seen working after hours on it and you really can see the results. Again, and again and again, we ask you—Please keep off the grass!

Next Friday evening there is to be a square dance at the Center. This has been planned for us and we want to see everyone there. Be sure to wear your square dance shoes and be there a few minutes before eight as it starts promptly at eight o'clock.

Say, "teeners," did you know that new officers were elected for the Senior Council? Hamilton McRae, Mrs. J. J. Black, Mrs. L. W. Leggett, Mrs. Delbert Downing and Mrs. Neta Stovall are the new officers.

This week a poster telling about the square dance and another one advertising the senior play, "Sense and Sensibility," are on our bulletin board.

"Ping Pongers"

James Vaughn, Ted Bivens, Ronnie McFadden and Billy Morningstar seem to enjoy playing doubles in ping-pong. While rocking on two chair legs Larry Clark refereed the exciting game played Wednesday night. Caution: Don't enter through the front door when Ronnie is trying to hit the ball—Anyone is likely to get hit!

Wanda Burnside, Peggy Charleston, Gloria Anguish, Shirley Harrison, Adele Blackman and Jeanie Ferguson were seen in the Youth Center Friday night. The girls were having a "snee" and enjoying themselves completely. Later they had a "Nightmare Party." Bicycles and Don Downing's car supplied the transportation.

This rainy weather certainly has changed the appearance of many of the girls. Straight hair seems to be the new style! Peggy Simmons, Le Vern Estes, Jean Blackwell, Betty Pitzer, Gall Baker, Peggy Whitson and Diana Daugherty are a few of the lucky ones blessed with natural curly hair. Of course a few boys have "natural" curly hair too! James Weathered, Freddy Bilbo and Lauren Roberts are a few.

Orange-sherbert ice cones must be quite good. We saw Jimmy O'Neil, Roy Blackman, Frank Robinson, Ronny Estel and Jim Chauncey eating them the other afternoon.

Charlie Wheat's unusually fancy serves in ping-pong are quite confusing to most opponents, but Neal Adams manages to return them very easily. Neal has a "different" way of playing ping-pong too—he wiggles his eyebrows and nose. Perhaps this, too, is to confuse his opponent.

The small wreck on the corner of A and Texas attracted many of our Youth Center members. Dick Monros, Clint Morgan, Moe Price, Gloria Anguish and Ben Gray were a few of the "teeners" seen there.

Medal of Honor

Dianne Anderson very cleverly averted an accident Sunday afternoon with a certain driver who was passing without honking on a

Police End Paris Fame For Crimes

PARIS—(AP)—Paris, once scene of bloody knife fights between rival speakeasies, is one of the safest cities in the world today, according to Police Chief Roger Leonard.

"We are constantly perfecting our methods," the prefect told The Associated Press, "and most crimes must be committed within the space of two minutes to have even a chance of success. The police are always on the scene within three minutes of any alarm being given."

A giant colored map covering one wall of the prefect's big office in back of his horseshoe desk is key to the network which helps to capture criminals.

With his 20,000 cloaked, white baton wielding, uniformed police, and 2,500 detectives of the Police Judiciaire (the Paris Scotland Yard), M. Leonard is responsible for the security of 6,000,000 people living in the Seine department—an area roughly covering Paris and its nearer suburbs.

Police Better Organized

The two most noteworthy developments in Paris crime since the war have been the great increase of youthful delinquents and the fact that they tend to work in better organized gangs than before. But the police are better organized too, and crime statistics are going down.

"Before the war security in the streets was in the hands of police on foot or bicycles," M. Leonard said. "Now we have mechanized ourselves and greatly improved both mobility and liaison. All the local commissariats are connected by a private telephone system, besides radio and teleprinters, with the central prefecture. Radio-equipped cars patrol the streets in constant contact with headquarters."

M. Leonard is not much like the conventional idea of a policeman. Fifty years of age, of slightly less than average height, he looks in his neat, dark suit, more like a provincial lawyer. He wears heavy horn-rimmed glasses to study his map and an electrical hearing aid when talking with subordinates. He was a member of the Resistance throughout the Nazi occupation period.

The superstition that finding a horseshoe and nailing it over the door brings good luck appears to be merely a modification of a belief in early times when horse-shoes were rare and were believed to have a protective charm.

Dutch Played Into Communist Hands By Indonesian Warfare, Many Think

DUTCH TROOPS IN JAVA: Have they opened the way for the Communists?

BATAVIA, JAVA—(NEA)—Holland unwittingly played into Communist hands by renewing military action in these rich islands many neutral observers believe.

Prior to the second Dutch "police action," the Indonesian Republic held about 30,000 Communists—most of the known Reds in the Indies—in work camps. When the Dutch struck on December 19 the Republicans, although they bitterly hate Communism, released these Communists to fight alongside the Republican Army against the Dutch.

"We took them for allies," a Republican official told this correspondent, "just as Britain and the United States lined up with Russia against the Germans."

Guerrilla Warfare

Today these Communists are fighting guerrilla warfare, shoulder-to-shoulder with the Republicans against the Dutch.

Meanwhile, Communist agitators are busy among the people. They are finding fertile soil for the seeds of Communism in the human suffering accompanying this war. Food is short, and Dutch troops, seeking to root out guerrillas, often burn villages and kill innocent persons who get in their way.

Several high Dutch officials told this correspondent that Communism had gained from the "police action"—but only temporarily. In the long run, these officials claim, their military adventures strike at Communism. Once Holland has restored law and order to Indonesia, they contend, the Communists can be dealt with easily.

But Republican officials are worried about the Communists. "They are gaining strength all the time," one prominent Republican said. "Soon they may be too powerful for us to control."

press fewer Communists than in Indonesia.

Few observers believe that the Dutch can eliminate the Reds. "Only the Republicans can do that," one observer said. "They know who the Reds are and where to go after them."

Slip Into Chaos

Some Americans are afraid that, as a result of the Dutch use of force, the islands may slip into chaos, with the Communists eventually gaining control.

If this occurs, the western democracies will lose an important base, as well as the strategic tin, rubber, oil and other raw materials which come from here.

Dutch militarism in Indonesia has helped Communism in still another way, observers believe. By preferring force to peaceful negotiation, the Dutch have furnished Russia with potent ammunition for its propaganda campaign in Southeast Asia against the "western imperialists."

Clean-Up Campaign Slated At Rankin

RANKIN—The Lions Club is sponsoring a clean-up campaign for Rankin the week of May 1 to 7. The Business & Professional Women's Club is joining forces with the Lions to promote the project.

Trucks for the collection and disposal of trash will be furnished by the county, the Wallace Lumber Company, Ed Guy Branch and Bud Warren.

The youth organizations of the city, under the supervision of County Agent Day, will do the gathering and hauling.

Put Down Reds

The Communists revolted against the Republic in September last year. They claimed that the Republicans should fight the Dutch for independence rather than negotiate a settlement.

The Republic, surprising the Dutch with their strength, put down the Reds within a few weeks.

The speed with which the Republic met the threat was noteworthy in the light of the long, hard struggle which the Burma Government and the British in Malaya are forced to wage to sup-

Sweetheart Cake Is Timely Idea

Pink and white sweetheart cake is ideal for engagement parties.

By GAYNOR MADDOX
NEA Staff Writer

This is the open season for engagement parties. So we asked home economist Barbara Tate, of the Golden State Company in California, to work with us on a western menu and special cake recipe for a wonderful engagement party.

Here is the menu: Tongue in aspic salad, sour cream dressing, radish roses, watercress, and tiny brain muffins, butter, sweetheart cake, tea, coffee, mints.

And here is the pink and white Sweetheart Cake recipe:

Sweetheart Cake
(Serves 8 generously)
One cup finely chopped maraschino cherries, well drained, 1/2 cup finely chopped almonds, 2 1/4 cups sifted cake flour, 2 1/2 teaspoons baking powder, 1 teaspoon salt, 1/2 cup butter or other shortening, 1 1/2 cups sugar, 2 eggs, 1/2 cup maraschino cherry juice (make up to 1/2 cup with milk, if necessary.) Topping and filling: 1 1/2 cups whipping cream, 1 cup coconut, 2 tablespoons maraschino cherry juice.
Shake cherries and nuts in sifter with 1/4 cup of the flour. Sift together remaining flour, baking powder and salt. Cream butter,

add sugar gradually, and cream until fluffy. Beat in whole eggs one at a time. Add flour mixture alternately with cherry juice. Stir in cherries and almonds, and pour into two 8-inch layer pans, well-greased and lined with waxed paper on the bottoms. Bake in moderate oven (350 degrees F.) 35 to 40 minutes, or until toothpick inserted comes out clean.
First coconut by shaking it in a covered jar with 2 tablespoons cherry juice. Spread on paper to dry. Whip cream stiff, sweeten to taste, and spread between layers. Cover sides and surfaces with cream. From center of piece of wax paper. Lay stencil on cake, sprinkle cut-out portion with tinted coconut. Sprinkle sides of cake with coconut. Chill until served.

SALMON STEAKS

If you are buying salmon steaks to serve for a family supper allow about one-third pound for each serving. The steaks are delicious served with sour cream flavored with a little onion juice, salt, and sugar.

A small can of minced clams is an excellent addition to a tomatoe sauce for spaghetti.

Skyscraper Mouse Dairy Aids In Cancer Campaign

Unique dairy at Columbia-Fresbyterian Medical Center in New York has individual cages for each of its milk animals. Here Dr. A. Samuel, dairy director, removes a mouse for milking.

NEW YORK (NEA)—On the 14th floor of a New York skyscraper is located the biggest dairy of its kind in the world, where 610,000-a-quart milk is obtained from more than 4,000 milk animals.

This is the little-known mouse dairy of the Columbia University-Presbyterian Medical Center's College of Physicians and Surgeons. From the mouse milk obtained there, the breast cancer virus has been isolated, giving new hope that this dread and not uncommon disease may, in time, be conquered. Live Better Than Humans.

More than 10,000 mice have lived in this dairy since it was founded 12 years ago, and the technicians in charge say they live better than most humans.

"They have to," says one, "because any early disease would destroy the experiment, since cancer usually is a disease of adult life." There are hundreds of immacu-

late cages, five tiers high. Each is eight inches long, lined with sterile wood shavings. An automatic bottle arrangement supplies the mice with water. The temperature is controlled at 72 degrees, with air conditioning. Special lights shine 12 hours a day. The mice are fed highly nutritious food at the same hour daily.

The laboratory is divided into three rooms. Each is for a different strain of mice.
Each mouse is milked tediously, with a tiny specially-designed suction pump, once for every pregnancy. The yield of each is one cubic centimeter of milk. It takes more than 1100 cubic centimeters to make one quart. All the mice in the dairy together gave about two quarts of milk last year.

At one stage in the cancer study, the cream has to be extracted from the mouse milk, by spinning it in a miniature separator made for the purpose.

Foster Parents Help To Feed War Orphans

NEW YORK (NEA)—For eight years after Thomas Skerlos was killed fighting Italian invaders, his widow, Stassini, and their son, Christos, carried on the little Greek farm. Then, in late 1948, Communist guerrillas looted and destroyed their village.
For eight hours that night 15-year-old Christos and his mother trudged to Kalpacki, where government troops fed them and took them by truck to Athens. Now they live in one damp, unhealthy room in Nikea, sleeping on the floor because they have no bed. Christos has anemia and is in the primary stage of tuberculosis. He hasn't even enough clothing to wear to school.
Life might seem pretty grim and hopeless to Christos and his mother

—but it doesn't. They hope and expect to keep going until the civil war ends, so they can go back to their farm. That hope is inspired and justified by the fact that Christos has been "adopted" by the singing girls of the cast of "Kiss Me, Kate."
Foster Parents' Plan
For at least a year, these girls have agreed to provide \$15 a month through the Foster Parents' Plan for War Children. This goes, partly in cash and partly in supplies, to feed, clothe and house Christos. Out of other funds the Foster Parents' Plan is giving him medical care.
Christos is just one of 6,000 war children who have been "adopted" by individuals and groups since the Foster Parents' Plan was organized in 1937. About 4,900 have grown up, or found other resources, but the plan still has 1,200 wards in 10

countries supported by such contributions, and it is helping thousands more, particularly in China, in other ways.
Among the "foster parents" are some famous names. Tallulah Bankhead recently "adopted" her fourth, the first Greek orphan placed by the plan. Cornelia Otis Skinner's second and current ward is a 16-year-old Chinese orphan.
But most of the foster parents are not stars, or famous persons. They are middle-class, middle-income folk who have become appalled at the terrible conditions in which hundreds of thousands of children all over the world are existing.
Many foster parents, indeed, are persons who cannot spare even the \$15 a month that keeps a war orphan going. So they group together with others like themselves to put up the money.

More than a dozen groups of West Point cadets have taken on war children in this way. So have many college Greek letter fraternities, any number of junior and senior high schools, prep schools and colleges and some Summer camp groups.
Pupils of the Watson High School, in the Bronx, took their first English blits victim four years ago, and also a Dutch boy whose parents were so under-nourished they couldn't care for him. When the Dutch parents recovered, the Watson pupils took on an English girl whose father was killed and whose mother deserted her. They added, a year ago, Tsao Shao-Rao, 16-year-old Chinese orphan.
Recently they telephone Miss Alice Blue, the plan's youth representative, that they had taken up a collection for the special fund for mu-

tilated children. When she went to the school she was handed a check for \$700.
Two years ago Albert Soares, 67-year-old teacher, arranged for 10 groups of Portia Junior High School pupils in San Francisco to adopt war children. But the state education law forbade such collections. Soares wrote the plan that he would make good personally on all 10 pledges, as soon as he sold a house he had built.
Kent On "Colony"
A few months later he mailed a check for \$2,000. Meanwhile, the 10 youngsters had been assigned to other foster parents. So Soares' check was used to pay two years' rent on the Cornet de Greo family chateau at Tournepes, Belgium, used as a "colony" for 80 wards without home or family.
This is run by Madeleine Bogaert,

who managed to get 70 children— from the preventorium where she was nursing—aboard one of the ships that evacuated British troops from Dunkerque in 1940. During the war they were cared for at West Heath, and when peace returned they became the nucleus for the Tournepes colony.
William the Conqueror introduced horseshoeing into England from Normandy in 1066.

Flyers With Families

The two endurance flyers, Dick Riedel and Bill Barris, receive joyful greetings from their families upon landing at Fullerton, Calif. Both men had been aloft for 1,008 hours and two minutes. Left to right: Patty Barris, two; Mrs. Barris and Bill Barris; Steve Barris; Rosemary Riedel; Mrs. Riedel, Dick Riedel, and Dickie Riedel, the 10-year-old lad who is stricken with arthritis and confined to his wheel chair.

Oil Explorations Slacken In Midland Areas Over Week

New locations in the areas surrounding Midland declined the past week, as shown by records of the oil and gas division of the Railroad Commission of Texas. A total of 51 new explorations were staked.

Hockley County received 13 of these new projects. Cochran and Ector Counties each gained seven new locations.

Andrews had six new drillsites. Scurry County reported five new explorations, two of which were wildcats.

Pecos County filed application for four new projects. Three new ventures were staked in Garza County. Crane and Gaines each reported two new locations. The remaining new explorations were distributed one each to Glasscock and Winkler Counties.

Four amended applications were

filed. Pecos had two of these and Garza and Glasscock Counties had one each.

Finnish Dietician Learns In Texas To Feed U. S. Athletes

AP Newstextures
DENTON, TEXAS—American athletes who go to Finland for the 1952 Olympics will get home cooking with a Finnish accent.

Tellervo "Teppu" Hakkarainen will be in charge of food procurement at the games. Right now she's at the Texas State College for Women to learn the secret of the hot dog and ham on rye.

The 32-year-old Finnish woman is on a year's scholarship to watch the American diet.

"Americans are used to having fresh vegetables and fruits all the time," she says. "They are difficult to get in Finland. Also, you have everything in cans."

"Teppu" came to Texas last September on a scholarship sponsored by the TSOV home economics club.

"I have worked for a while in the college bakery, meat shops, cafeteria, dining halls and everywhere they serve food," she explains.

Born in Kolari, Finland, "Teppu" studied in the best Finnish schools of home economics. She has received several degrees, including one from the Pedagogic school for Home Economics at Helsinki, the best in Finnish food education.

"During World War II, she worked as an inspector of provisions for canteens and working places. Then she became managing director of Tyomansuolto Oy, which has charge of meals in industrial establishments all over Finland. This establishment directed the feeding of 50,000 sportsmen who took part in the 10-day long Fin-Festival games in 1947.

"Teppu" wanted to learn the American way of mass feeding before tackling the job of fixing foods at the Olympics. Her job demands that she supply the proper foods to cooks of 57 different nations. So she applied through the

SATURDAY IS THE DAY—Atomic Bands Feature 1949 Model Straw Hats

There's always something new in fashions.

Time was when a man bought a tie to match his suit or shirt. Well, the straw hat manufacturers this year have made bands to correspond with the tie patterns—atomic, that is.

The atomic straw hat band, which sports a splash of loud colors, is the bold look to be seen this Summer in Midland.

Saturday has been proclaimed straw hat day in Midland, which means you are supposed to rack the old felt and blossom out in the lightweight headgear.

But don't be scared off by the atomic patterns, if you are the conservative type. Midland merchants have a complete stock of all types of straw hats, and bands. Sailors, sometimes called Sennits or kadies, have their places along with the bold look on store shelves. These have for years been the favorites of many men, and apparently are holding their own.

All stores have complete stocks of all models and styles and in a variety of prices, ranging from \$1.86 to (hold your kadie) a modest \$75.

Dressy and serviceable straws can be found from \$5 to \$10 with or without the bold look and these probably will be the fastest sellers, one dealer said.

From that medium the customer can either range up or down, depending upon his taste and pocket-book.

High colors of "cocoanut," with high colored pugaree bands no doubt will be much in demand, according to fashion followers, and these too are stocked in plentiful supply.

And, of course, there is the Panama, made from the finest light weight material in all wanted shapes.

There are styles and patterns too numerous to mention and one fact clearly stands out—there is a bigger and more varied selection of straw hats to choose from this Summer than any year since the war.

STANTON NEWS

STANTON—Mrs. Morris Zimmerman of Monahans and Hardin Zimmerman of Iran visited Sue Jane Zimmerman on her birthday Sunday.

Mrs. Alma Thornton has returned from Oklahoma where she attended the wedding of her daughter, Mrs. Unice Morgan.

Mr. and Mrs. Chuck Houston and Mrs. Henry Houston have returned from a visit with relatives in Wichita, Kansas.

Mr. and Mrs. Walter Kelly and Mrs. J. E. Kelly visited in the home of Mr. and Mrs. Dale Kelly in Hereford last week. They also visited Mr. and Mrs. Benny Kelly in Levelland.

Mrs. Rena Rendall and James Pitts accompanied the Stanton High School PFA boys and Home-making Class to Lubbock last weekend.

Miss Brumby of Ropesville visited Mrs. Lily Douglas here recently. The Stanton Boy Scout Troop enjoyed an outing near Big Spring last weekend. Bob Davenport and Bill Polk accompanied the follow-

ing Scouts on the trip: Norman Blocker, Ronnie Kilbreath, James McCoy, Bobby Shankie, Charles Haynie, J. D. Graves, Henry Graves, Saddle Bridge, John Hamilton, Don Winslow, Leo Baker and Wayne Butcher.

Trade Magazine Uses Midland Feature Story

A feature story by Cleddie Shelburne on the life of an ambulance driver, which appeared in The Reporter-Telegram, was reproduced in the April issue of The Southern Funeral Director, trade magazine.

The trade magazine explained: "In Midland, Texas, Cleddie Shelburne of The Reporter-Telegram, prepared a feature story on ambulance calls. Aside from the fact it was good publicity for the Ellis Funeral Home, it also is an interesting story, one that holds reader interest."

Zoo Officials Horn In

It takes a pair of pruning shears to give Kifaru's horn a trim at the Philadelphia Zoo. Assistant keeper Pat Manichini gets ready to do the clipping, while head keeper John Reagan, right, and curator Fred Ulmer jockey the black rhinoceros into position for the operation. Dehorning was a precautionary measure, because tough Kifaru will soon rejoin his mate Kenya.

Slinky Turns Engineer's Idea Into Cash

By HAL BOYLE
NEW YORK—(AP)—If you ever had an idea and tried to turn it into money, the story of Dick James may interest you.
 He taught a piece of coiled wire to walk downstairs. Now it makes him an excellent living.
 James, a 31-year-old former marine engineer, is the inventor of "Slinky," a revolutionary new mechanical toy.
 Slinky is nothing but a 78-foot piece of high carbon clockspring steel wire arranged in 92 coils. He looks like an old-fashioned bed-spring pressed flat—so the coils touch.
 But Slinky can do things. A child can take him in his hands and play the coils back and forth like a silent accordion. Put Slinky on the top of a staircase and flip his top ball over, and Slinky will coil and uncoil his way down the stairs like a rhythmic snake.
 "The coils of round wire wouldn't stand up," he said. "So just for fun I had the company make me up a couple of dozen samples of flat wire."
 Slinky wasn't until the next year that I learned I could make the coils walk downstairs. My son, Tom, and the other kids in the neighborhood were fascinated.
Resistance To New Idea
 "I gave one coil to a boy in bed with the mumps. His parents said he had had so much fun with it I should sell the coils as toys."
 But James found then how much resistance there is in the world against a new idea.
 "Finally, one department store agreed to let me use one end of a counter for an evening."
 "I brought along 400 coils and sold them in an hour and a half. They gave me an immediate order for 5,000."
 James had to borrow money to buy the coils from a factory that made them to his specifications.
 A month later he quit his \$5,000-a-year marine engineering job.
 Now James is manufacturing the coils himself and is arranging to have them made and sold in four foreign countries.

TCU Chorus To Sing Operetta In Midland

Midland will be one of the cities visited by the Texas Christian University Chorus when it tours West Texas.
 The chorus is presenting the Gilbert and Sullivan operetta, "H. M. S. Pinafore." The production here will be at 8:15 p. m. on the evening of May 6.
 The cast includes: Sir Joseph Forter, KCB, by Floyd Lisle; Captain Corcoran, commanding officer of the Pinafore, by James Paschal; Ralph Rackstraw, able seaman, by Lou Marcella; Dick Deadeye, by James Morris; Boatwain's Mate by Walter Holmes; Carpenter's Mate by Don Cobb; Josephine, the captain's daughter, by Betty O'Keefe; Hebe, Sir Joseph's cousin, by Sherry Drennam; Little Buttercup by Georgia Mixon; and members of the chorus as sisters, cousins, aunts and members of the H. M. S. crew.
 William J. Marsh, one of Texas' well-known composers. He is a professor of organ and theory in TCU.

William J. Marsh

Men With Big Hearts Aid Sick Boy With Big Smile

SHAMOKIN, PA.—(HEAD)—Practically everyone likes "Buzz" Whitmer. Maybe it's the broad smile that comes to his face so easily; maybe it's because, to quote his mother, Mrs. Ruth Whitmer, Buzz is a "fine boy."
 But Buzz is a sick boy, too. At the age of 12 doctors found him diabetic; at 17 he was pronounced tubercular.
 Buzz is 25, and he has only one worry. He can no longer aid in the support of the little home his mother maintains for Buzz and a sister.
 His father, a miner, died more than 20 years ago. Buzz is an only son. One sister is married, another is working her way through a special nursing school. The third is working part time in a local textile mill.
Real Name, Russell
 Buzz (his real name is Russell) worked where he had the strength. He dropped out of Shamokin High School for a semester because of ill health, then went back and completed his course.
 The help that Buzz Whitmer needs to fight two deadly diseases is shaping up in the form of the "Russell Whitmer Fund."
 A West End business man who knows Buzz started the whole thing, and soon had several others, including a well known local physician, interested.
 Recently, smiling as usual, Buzz was taken to a convalescent camp, where he probably will spend the next year. His physician friend made the arrangement for Buzz to enter the camp. And he was driven there by another of his new-found friends, a busy business man who is one of the sponsors of the fund to pay the bill. Does't War Charity?
 Young Buzz doesn't pity himself and he doesn't want charity. His buddies at Golden Gas Station, where the "bunch" gathers, will tell you a lot about Buzz. They may heckle and "needle" each other unmercifully, but to them Buzz is "a great guy."
 The kids, with the impulsive generosity of youth, have set up a "Buzz Box" in the gas station. The slot in the top of the box is for coins, and the coins will go into the Russell Whitmer Fund. The kids heard that treatment such as their favorite buddy needs calls for money. They don't have much money, but they're out to do their part.
Always The Big Smile
 At the Whitmer home, a small but brightly cheerful place, Buzz and his mother talked freely of the boy's condition. There was no embarrassment, no whining about their situation. In answer to a question concerning his ambition, Buzz smiled (always the big smile) and admitted he wanted to be a pharmacist.
 The boy's dream must now seem far away to the stricken youth.
 Buzz readily consented when asked if he'd pose for the photographer. He tried to look serious while the bulbs flashed and he made a good job of it. His mother had only a small snapshot of her

BUZZ WHITMER: He tried to look serious, but sure enough, there on the little picture was the unconquerable smile.

Sand dunes of the Bay of Biscay, in France, move at a rate of 15 to 105 feet a year, according to the Encyclopedia Britannica.

Mrs. E. A. Gillis, center, named "Mother of the Year" by the Golden Rule Foundation, has a get-together with as many children and grandchildren as she can, after receiving word of her honor. Left to right: Ellen Piemans, a daughter; Lewis Gillis, a son, holding Jerry Piemans; Mrs. Gillis, holding Robert Gray, a grandson; Evelyn Gillis, a daughter, holding Judy Piemans, and Mr. Gillis.

Crane News

CRANE—The Eighth Grade of Crane Junior High School enjoyed an outing at Port Stockton Saturday. Mrs. Isyl Cox, Mrs. Thomas Knell, Mrs. B. E. McDonald and Mrs. T. N. White accompanied the group.

The Rev. and Mrs. Roy F. George attended the District Council of the Assembly of God Churches in Big Spring Monday.

Mr. and Mrs. Fonce Scott of Oklahoma City and Mr. and Mrs. John Hart of Midland were recent guests in the home of Mr. and Mrs. Vernon Pettis.

Mr. and Mrs. Robert Stokes and daughter, Sandra, visited in Lubbock last week.

The regular meeting of the American Legion Auxiliary was held here last week. Present were Mrs. W. B. Gunn, Mrs. Tom Hogan, Mrs. Roy Hazel, Mrs. A. L. Tanner, and Mrs. Wayne Karr.

Mr. and Mrs. George Stokes visited her brother, Frank Smith, in Coahoma recently.

An eight-day revival closed at the Tabernacle Baptist Church Sunday with 28 new members being added. All-day services were held and dinner was served at the church on the closing day.

Mrs. Tom Hogan, Sr., underwent minor surgery at Crane Memorial Hospital this week.

Wallace S. Johnson of Cities Service Oil Company is in Corpus Christi on business.

Mr. and Mrs. E. W. Hollowell of

McCamy are the parents of a son, Luther Severn II, born last week at Crane Memorial Hospital.

Shirley Ann Chrane, young daughter of Mr. and Mrs. George Chrane, is a medical patient in the hospital here.

Goldsmith Visitor
Mr. and Mrs. Nathan Shoffit of Goldsmith visited here early this week.

Mrs. Jeanie Dempsey of Iran recently underwent major surgery in Crane Memorial Hospital.

Mrs. Nell White, a nurse at Crane Memorial Hospital, is leaving Thursday to make her home in Ardmore, Okla.

Mr. and Mrs. John Stokes and daughters, Kay and Delores, visited Mrs. Stokes' parents in Floydada last week.

Mrs. Georgia Belle Bates has been employed as a nurse at Crane Memorial Hospital. She is the daughter of Mr. and Mrs. John Tilley.

The annual Senior Class Play was presented in two performances here last week. The production was under the direction of Mrs. Elouise Haley and C. A. Carrol.

H. O. True, an employe of Phillips Petroleum Company, is a medical patient in Crane Memorial Hospital.

Mrs. Tom Barnaley is under treatment at a Crane hospital for injuries received in an automobile accident Saturday near Grandfalls. The car in which she was riding turned over.

Undulant fever in humans is traceable to Bang's disease in cattle as well as to brucellosis in swine.

Texas Experiments Suggest Nutrition As Disease Factor

WASHINGTON—(AP)—A theory that a special kind of nutritional deficiency plays an important role in causing cancer, mental disease and other mystifying maladies was advanced Wednesday by a team of Texas researchers.

Dr. Roger J. Williams and two colleagues of the University of Texas suggested that allergies, arthritis, cardiovascular (heart) disease, multiple sclerosis, alcoholism and drug addiction may also fall within the same category.

Their theory is based on the results of a free-for-all booze party they threw for some rats and mice in a laboratory down in Austin.

They told the National Academy of Sciences that as a result of research on alcoholism among the rodents they had developed a new concept of "genetrophic disease"—"geneto" meaning something inherited, and "trophic" referring to nutrition.

Alcoholism is Example
"A genetrophic disease, of which we believe alcoholism is an example," they told the academy's annual meeting, "is one arising from nutritional deficiency which, in turn, has its basis in a genetically-controlled augmented requirement for one or more specific nutritional elements."

"It suggests itself to us with great force that probably many diseases which have an obscure etiology (cause) may be essentially genetrophic in origin."

It's their theory that on the basis of genetic variations, one individual may suffer from nutritional disease on a diet wholly satisfactory for others. They contend the physiological makeup of certain individuals is such that they may require additional amounts of a specific dietary substance in order to keep healthy. And such a substance might be a specific vitamin, amino acid, or a mineral element.

Monahans Speedway Will Open Sunday

MONAHANS—First performances on the new Monahans Speedway will take place Sunday afternoon, when hot rod automobile racing drivers from a dozen or more cities are expected to compete for two trophies.

Time for the races has been set at 2 p.m. The new dustless salt track is located one mile south of Monahans on State Highway 62.

The event will be open to Class B hot rod cars. Monahans Speedway officials said no knobby tires will be allowed.

White mice flown over the "hump" to scientific laboratories in China in World War II were provided with oxygen during the trip.

Friday, 13th—

Deathless Days In Abilene Near 702, National Record

ABILENE—With a rabbit's foot in each pocket and a firm grasp on a pair of horse shoes, Abilene's new mayor, Hudson Smart, issued a formal prediction that the city's traffic safety record would remain intact—at least until the goal of 702 Deathless Days is reached and Abilene officially becomes the safest city in the nation in the population bracket of 50,000 to 100,000.

As fate would have it, the city's goal—the 702nd Deathless Day—falls on Friday, May 13. Plans have been considered by city and Chamber of Commerce officials for circumventing the extra hazard imposed by this traditionally unlucky day. Plans calling for a five mile per hour speed limit or else prohibiting motor traffic in the city

altogether on the fateful day have been suggested at some of the safety strategy meetings.

Good Accomplished
Whether good fortune prevails and Abilene establishes the much sought after record, an inestimable amount of good has been accomplished in the field of traffic safety. Citizens of not only Abilene, but the entire region are now safely conscious and have rallied solidly behind the campaign safety slogan, "702 Depends on You."

Meanwhile, last fate be tempted, in the quietest and most unobtrusive manner possible, a small committee has been making elaborate plans for the biggest celebration in the city's history—if 702 should be reached. From a gigan-

tic safety parade to an evening fireworks display, the celebration plans call for a series of events which will run the gamut of pageantry and spectacular entertainment. However, the civic leaders planning the celebration have made it apparent that sustained traffic safety is their real goal, and that the celebration actually will be the grand opening of a new campaign to improve traffic safety conditions in Abilene.

The term "Fifth Column" originated with Spain's General Franco when he was advancing on Madrid in 1939 and declared he was attacking with four columns outside the city and a "fifth column" within.

Kitchen Magic IN your Home

The most functional room in your house deserves the attention given to it in "YOUR HOME," the supplement devoted to practical ideas for better living. Look for kitchen magic in "YOUR HOME."

Sunday In The Reporter-Telegram

Rankin News

RANKIN—Mr. and Mrs. Clint Shaw and Mrs. Mary Holcomb attended the homecoming at Barnhart last Sunday. They report an attendance of 166 at the "old-timers" reunion.

Supt. and Mrs. H. Still and members of the high school faculty were hosts to Junior Class members and invited guests in the Still home following the presentation of the Junior Class play Friday night.

Miss Cleona Quelt played piano numbers during the party hour and refreshments of sandwiches, frosted punch and cake were served. Bowls of roses were used in colorful decoration.

The Lion's Club met in the Methodist Recreational Building Monday night. President Gene Eckols presided. Lions Day and Ivy presented a program which included piano duets by Mrs. Ivy and Mrs. Nettie and solos by James Gambelin.

The beverage grenadine is made from the pomegranate. The juice is boiled with sugar to produce the red-colored liquid.

When making a speech, President Franklin Delano Roosevelt averaged about 150 words a minute.

Chicken-Asparagus Ideal Mates

There are eye-appeal and tasty enjoyment in this platter of fresh asparagus and broiled stuffed tomatoes. Sauce contains chicken bouillon, sour cream, mayonnaise and hard-boiled eggs.

By GAYNOR MADDOX
NEA Staff Writer

Here's a Spring party dinner with asparagus prominently featured:

Menu: Chicken puff, Asparagus Delicious with sour cream sauce, broiled tomato halves, tossed green salad, corn sticks, butter or fortified margarine, Cherry-Pineapple Refrigerator cake, coffee, milk.

Chicken Puff
Three tablespoons fortified margarine or butter, 1/4 cup flour, 1/8 teaspoon salt, 1 cup milk, 3 eggs separated, 1 cup ground, cooked chicken.

Melt margarine or butter over low heat, stir in flour and seasoning. Bake in a moderate oven (350 degrees F.) about 35 minutes or until center is firm when pressed with the fingertips. Serve at once, while hot.

Asparagus Delicious
(Serves 6)
Two bunches asparagus, 1/4 cup fortified margarine or butter, 1/4 cup flour, 2 cups chicken bouillon, 1/4 cup sour cream, 1 teaspoon lemon juice, 1/4 cup real mayonnaise, 2 sliced hard-boiled eggs.

Cook asparagus, drain. Melt margarine or butter over low heat, stir in flour gradually, mixing until smooth. Add liquid and cook, stirring constantly until smooth and thickened. Add sour cream, lemon juice and mayonnaise. Add

sliced egg whites to the sauce. Sieve yolks. Pour sauce over asparagus. Sprinkle egg yolk over top. Arrange broiled tomatoes topped with buttered bread crumbs on large platter with asparagus.

Cherry-Pineapple Refrigerator Cake
(8-8 servings)

One cup fortified margarine or butter, 1 1/2 cups confectioners sugar, 1/3 cup finely chopped cherries, 1 cup drained crushed pineapple, 2 egg whites, stiffly beaten, 3 dozen vanilla wafers, whipped cream.

Cream margarine or butter with sugar, add cherries and drained pineapple and blend thoroughly. Fold in stiffly beaten egg whites. Line a cake pan with wafers, cover with fruit mixture. Add another layer of wafers and repeat until all ingredients are used, ending with a layer of wafers. Chill in refrigerator overnight or at least 12 hours. Serve with a topping of whipping cream.

Officers Clubhouse Available For Use

Facilities of the Midland Officers Club at Midland Airport are available for use by organizations of the city, club officials say. The clubhouse already is being used by several organizations including square dance groups. The clubhouse has been used by the JayCees, Texas Tech Club, Shrine Club and many others.

An air-conditioning system recently was installed. The clubhouse has kitchen facilities for preparing buffet meals. Private parties may be held at the club. It has game tables. The club plans to build a patio and garden for a Summer dance spot.

"We aim to perform a public service in allowing the use of our club for organizations of Midland," an officer's club official said.

Veil Foot Flaws

Sheer mitten stockings, which veil foot flaws, are deemed for wear with thonged sandals.

By ALICIA HART
NEA Staff Writer

Barefoot sandals which are cool and comfortable can be easy on a woman's feet but hard on her vanity.

If you have flaws which sandal straps shouldn't expose, veil your feet with nearly-nude stockings. There are many Summer styles designed to put an illusory veil over feet and legs without advertising any such intent with heel or toe reinforcements.

Moreover, you can wear gossamer sheers which conceal flaws even if you wear the thonged type of barefoot sandal. The problem of the thonged strap that goes between toes is solved by wearing bare-looking "mitten" stockings. A woman who wants her feet to look bare but at the same time needs the veiling of hosiery can achieve that effect with the mitten or two-toed stockings which allow for complete separation of toes.

+ McCamey News +

McCAMEY—Noble Livesy, McCamey High School senior, has received his Class C amateur radio license. He has built his own transmitter and is able to send more than 13 words a minute.

Eddie Ohlberg recently was honored on his fifth birthday when his mother entertained with a party in the home. After games were played cake and ice cream were served. Later the group went to Humble Production Park where the ladies of the Presbyterian Church supervised further entertainment for the children.

Mr. and Mrs. Walter Hoyer were recent visitors to Carlsbad, New Mexico.

A son was born recently to Mr. and Mrs. E. W. Hollowell. The baby weighed seven pounds and two ounces at birth and has been named Luther. The parents live in the West Texas Utilities Camp. Dale Keneaster has received word of the death of his grandmother, Mrs. Armenda Wood of Wichita, Kan. She was 87 years old.

H. E. Stoker announced recently that the first "presentation plate" of the McCamey seniors has been received. The seniors of 1944 left funds in the class treasury to purchase the plate. It will be placed in the speaker's stand in the auditorium.

Mrs. J. D. Carter and sons, Billy Bob and J. D., went to Lubbock recently where they met their daughter and sister, Mrs. Paul Faulkner of Fritchett, Colo. Mrs. Zaak Gibson and son Larry Jaak of Kermit were visitors in the home of Mrs. Gibson's par-

ents, Mr. and Mrs. Charley Jones, recently.

Mr. and Mrs. J. S. Fletcher spent last weekend in San Angelo.

Mr. and Mrs. Neely Moore were recent visitors to San Angelo.

Mr. and Mrs. Newman Densy of McCamey and Mr. and Mrs. Jay Lane of Rankin have returned from a week's vacation fishing trip. They visited Del Rio, Sugar Lake and Port Isabel.

Visits Daughter
Mrs. Alice Smith of Plano, Texas, is a guest in the home of her daughter, Mrs. J. M. Poe and family, and her son, Jack Smith, and family.

Kirby Dawkins is in Abilene at the bedside of his father, W. H. Dawkins, who is confined to the Hendrix Memorial Hospital.

Mrs. Mary Jones of Lubbock, who has been visiting in the home of her sister, Mrs. Matt Dillingham, has returned to her home.

Mr. and Mrs. O. I. Courtney of Big Lake were visitors in the home of their daughter, Mrs. Roy Dan Gibson, recently.

Residents of Upton County are being asked to invest a total of \$38,000 in Series E Savings Bonds during the treasury department's "opportunity drive." May 16 through June 30. The quota was announced by Dunn Lowery, county saving bond chairman.

Total receipts by the Upton County clerk's office during 1948 were two and one-half times greater than 1947, with an estimated increase of more than three times as many instruments being recorded. Fees for recording legal instruments totaled \$6,377 in 1948.

Auto Makers May Be Over-Producing

DETROIT—(P)—Is the auto industry putting too much emphasis on production?

Right now car and truck output is at the highest level of more than a decade. Many industry experts believe output already exceeds demand for all but a few makes in the lower price bracket.

Up until eight or 10 months ago the industry had a huge backlog of unfilled orders. Dealers were pleading with the factories for more cars. But something happened. Perhaps it was chiefly the steadily mounting prices.

Whatever it was it shook out a substantial part of the unfilled orders. The price cuts that have been made so far this year were encouraging to some extent.

However, for most car buyers the price cuts don't amount to very much. Neither did they stimulate demand very greatly.

The industry is selling a large volume of new cars at present. It will continue to sell heavily 100,000 a week between now and mid-July. But unless there is some serious interruption the assembly lines will turn out far more than that average during the next 12 weeks.

And the sales volume after mid-year cannot keep up with the average of the April-May-June period.

Furr's Super Markets Slate Food Fairs As 45th Anniversary Observance

The Midland Reporter-Telegram

THE BEST INVESTMENT FOR YOUR ADVERTISING DOLLAR

FIRST WITH THE NEWS

MIDLAND, TEXAS, THURSDAY, APRIL 28, 1949

SECTION TWO

\$50,000 In Prizes Range From Food To New Autos

Some \$50,000 in prizes will be given away during the eight days of Furr's Food Fair, extending through May 7, including three 1949 Kaiser Deluxe automobiles! The fair opens Friday.

The exciting array of prizes include Servel refrigerators, Norge ranges, Zenith Radio-Phonograph combinations, bicycles, Zenith portable radios, vacuum cleaners and others, and the most important of all is that one of each of the above will be given away in each store!

On top of all this, 50 years supply of groceries also will be given away, a years supply of each unit in each Furr's store.

Here's the pitch—beginning Friday at 3 p. m. in each Furr's Super Market, a major and minor prize will be given away and six

sal Toaster, valued at \$20.95 and a years supply of Sweetose Waffle syrup, Skiner's Raisin Bran, tea, Helene Curtis Creme Shampoo, Kreml and Boyer Hair Arranger, will go to the lucky winners!

Free Tickets

The way to win is to get free tickets at any Furr's store, drop them in the drawing box and hope for the best! You do not have to purchase anything, nor be on hand for the drawings. You may drop as many tickets-in as many stores as you like!

Only in the case of the three Kaiser Deluxe automobiles and the units of food prizes, a years supply for the normal family of each. For example, Friday at 3 p. m. a bicycle, valued at \$44.20; a Univer-three Coolerator Freezers valued at \$499.95 will one of each not be

(Continued on Page 4)

C. B. Boverie

C. B. Boverie is vice president in charge of sales of Furr's Super Markets. He is a veteran with the firm since the early days in Lubbock. He started as store manager of Furr's second store in that city.

1949 Furr Stores Far Cry From One In 1904

Furr's Super Markets of 1949 are a far cry from the small but influential Kirklund Mercantile Company of Kirklund, Texas, near Childress, the first of the string of Furr's markets.

Here, in 1904, its doors were opened to the public by the late C. W. Furr, father of Roy Furr, president and general manager of Furr's, Inc. It was a combination grocery and department store from the beginning.

He was "Daddy of the Furr's" super stores of today. From this dust and stir of Kirklund's first store, the Furr's string has grown to 46 super markets. Roy Furr heads the 26 units of the Lubbock division in West Texas and eastern New Mexico, while brother Key is key man of the 20 units out of Amarillo. Some of these stores are in Oklahoma and Kansas.

Joined Father

Roy attended elementary and high school at Kirklund, then spent two years at Clarendon college and three semesters at the University of Oklahoma. He taught school four years, before joining his father in business. He was married in 1943. Today Roy and Mrs. Furr reside at 3120 20th street in Lubbock. The couple have a married son, Don, who is in the business with his father; daughter Shelley in Texas Tech and Roy, Jr., "Cor-

Roy Furr

President and general manager of Furr's, Inc., is Roy Furr. He is the son of the late C. W. Furr, founder of the string. He attended school in Kirklund, Texas, and college at Clarendon and University of Oklahoma. He taught school four years before joining his father in the business.

Founder

Daddy of the Furr's Super Markets was the late C. W. Furr. He established the first store of the string in Kirklund, Texas, in 1904. He moved his business to Amarillo in 1925. Four years later he moved to Lubbock.

Customers Will Receive Valuable Prizes During Firm's Thank You Event

Furr's Super Markets in West Texas and Eastern New Mexico will spring wide their doors Friday to a gigantic eight-day Food Fair, celebrating its forty-fifth anniversary. Prizes reaching to \$50,000, which include three 1949 Kaiser Deluxe automobiles and \$10,000 in foods alone, will feature the event which has been scheduled as Furr's way "to say thanks."

Furr's Super Market Established Here On April 6, 1904

The Furr's Super Market in Midland is joining in its organization's observance of a 45th anniversary in West Texas with a gigantic Food Fair.

The Midland store can trace its growth and success with that of the parent firm based on—courtesy to the customer and reasonable prices.

O. L. Darden, Jr., has been with the organization since 1938, with the exception of five years war service, and became manager of the Midland store soon after its opening on April 6, 1946.

The store has twice as many employees as it did in the beginning, which attests the favor of Midland patrons. The addition of employees was not due to added departments but was due to increased volume of business.

Genial Marvin Holley is meat department manager of the Midland store.

All Furr employees have signed a pledge of courtesy to be in effect "before, during and after the anniversary period."

Regarding the anniversary Food Fair, Darden had the following to say:

"Through the years Furr has gained success in the grocery field through loyal patronage of its many customers. For this confidence, Furr wishes to thank all for these favors. It hopes to retain this confidence and is daily stressing low

(Continued on Page 4)

The world's largest salami sausage, 14-foot creature; the world's largest Wisconsin cheddar cheese; drawings each day at Furr's stores at 3 p. m.; and guessing contests are just some of the "gamblers" to be staged for Furr's customers.

"As we of Furr's celebrate this 45th year of business with the good people of West Texas and Eastern New Mexico, our thoughts turn in appreciation to our friends, old and new, who have stood by us loyally, realizing full well that it has been the confidence and support of these good friends, which has made possible the growth and expansion of the Furr's organization," Roy Furr said today.

Throughout the years to come, as in the past, we of Furr's pledge ourselves to carry on the business in such a manner that will continue to merit this confidence and good will. On this anniversary, we feel that the Furr's organization, as an institution, is an integral part of this great section of our country and that personnel of the entire organization contributes both in loyalty and service to its progress," he said.

Stores Decorated

Stores have been decorated, "circusized" to the final degree. A courtesy campaign has been instigated and is proving successful. Personnel have donned red aprons, yellow neckerchiefs and white caps for the event.

All in all, Furr's Food Fair is "the likes of which the Southwest has never seen!"

Brand Food Club Well Known Among Furr's Shoppers

The brand FOOD CLUB is one well known to Furr's shoppers. It is to be found exclusively at Furr's for Furr's is one of the few members of Food Cooperative, Inc. of Chicago, which has advantage of this great buying organization.

It packs the best in 11 products, and is priced for the buyer.

Sales of products and services through vending machines in 1948 in the U.S., were estimated at about \$750,000,000.

C. H. Cummings

Secretary and treasurer of Furr's Super Markets is C. H. Cummings. He, too, is a long-time employee executive.

Does Baby Need Quaker Toy and Mother Prizes?

Does the baby need a quaker toy or does mother need a set of beautiful table mats.

Swift and Company is offering one of each for each six cans of Swift's Meats for babies sold.

These can be had at Furr's during the Food Fair.

Interesting Guess Games Will Spice Furr's Food Fair

Would you like to win a \$39.50 Ever-Hot pressure cooker or a years supply of 3-Minute Popcorn?

Here's how: Just step into any Furr's store during the Furr's Food Fair and make your guess in these two guessing contests.

Pillsbury Mills is giving the cooker in each of Furr's stores to the person guessing closest to the number of kernels in a vile. The nearest to the number wins of course, but the early entry wins in case of ties.

The winner in each store in the Popcorn guessing contest will win the years supply of popcorn, and this winner will be named on the same rules as stated above.

Brand Food Club Well Known Among Furr's Shoppers

The brand FOOD CLUB is one well known to Furr's shoppers. It is to be found exclusively at Furr's for Furr's is one of the few members of Food Cooperative, Inc. of Chicago, which has advantage of this great buying organization.

It packs the best in 11 products, and is priced for the buyer.

Sales of products and services through vending machines in 1948 in the U.S., were estimated at about \$750,000,000.

Midland Furr's Super Market Employees

Here are shown the employees of your Furr's Super Market in Midland at 411 West Texas Street: bottom row, kneeling, left to right, Oscar Otho, C. O. Williams, Marvin Holley, Raymond Scott and Howard Edwards; back row, left to right, Lonzo Pryor, J. B. Terry, T. A. Devore, Lois Allison, Bill Dent and O. L. Darden. These 11 employees are ready to help you, help yourself, from the smiling shelves full of good food at Furr's.

One-Stop Shopping By-Word At Furr's

One-stop shopping is the by-word for Furr's Super Markets. That means a shopper can buy total needs when shopping at Furr's in the grocery department, the meats, the fruits and vegetables, the drugs, frozen foods, bakery goods and tobaccos. Furr's features nationally-known merchandise throughout its grocery department, priced low every day. Its fruits and vegetables come from the richest gardens and fields of the nation, trucked fresh daily. The meats, of all grades, are bought largely on the hoof, killed and packed in Lubbock or otherwise bought from large packers. The drug departments, in a good many of the Furr's 26 stores, are features which have attracted many a shopper. They, too, are priced low for selling. The tobaccos, bakery goods and frozen foods are other departments which have well-known and priced low, good quality merchandise.

The earthworm is blind, deaf and voiceless.

McCamey Women Are Saved From High Waters Near Ozona

MCCAMEY — Mrs. Clyde Ash and Mrs. "Hoot" Gibson narrowly escaped drowning last Friday when they were caught in a flash flood in a draw near Ozona. The McCamey women's automobile was washed more than 100 yards down the draw and was completely submerged by the cloud burst. The women clung to the door handles on the outside of the car until help was summoned by Eddie Bouncaill, an Ozona youth. Both Mrs. Gibson and Mrs. Ash suffered bruises and exposure. They were in the water almost an hour before being rescued by Bouncaill.

KIDNEY BEANS
Flavor canned kidney beans with brown sugar, mustard, vinegar and catsup, season well with salt and freshly ground pepper and serve piping hot with slices of leftover beef or lamb. This is good, too, with minute steaks.

In rich ground there may be a million earthworms in an acre.

And Cheese— World's Largest Salami

The world's largest salami sausage, a 14-foot creature and the world's largest cheddar cheese, — for the largest state in the union — Texas! That's what Furr's Super Markets will parade as one of the features of the Food Fair, Friday through May 7. Built by a major manufacturer, Armour and Company, the salami and cheese will be in Midland, May 4, at the Furr's store between the hours of 11:30 a. m. and 3 p. m. Visitors will guess at the weight of the sausage and the cheese (it is about five feet across the base and comes from Wisconsin). The winner over all the Furr's stores in 14 cities, will win a year's supply of sausage and a year's supply of cheese for the guessing. A year's supply is a pound a month, the winner to get a certificate book allowing this free item each week. The huge salami was packed in North Worth and shipped to Lubbock. There it will be placed in a refrigerated truck and sent on a schedule which will include all cities in which Furr's operates.

Wider Friendships Varying In Degree Of Intimacy Best

By ALICIA HART
NEA Staff Writer
Are you one of those women who counts no one as a "friend" unless that person is completely sympathetic to you? There are many women like that. The trouble with them seems to be that they have very few friends. Of course when a woman demands complete sympathy from her feminine friends, the number is bound to be limited. When you limit your friends to a selected few, you miss the pleasures of casual friendships. The danger of being too intense about one or two friendships is that you may risk putting a burden upon the recipients. The faculty of being able to extend your interest in and enthusiasm for more people is a happy one which can spare your close friends a great deal of emotional intensity. The best plan is to have women friends of varying degrees of "closeness." Usually those friends with whom you have perfect understanding can be shared quite nicely — and with more comfort to all concerned — with people whose qualities can be appreciated in a more casual fashion.

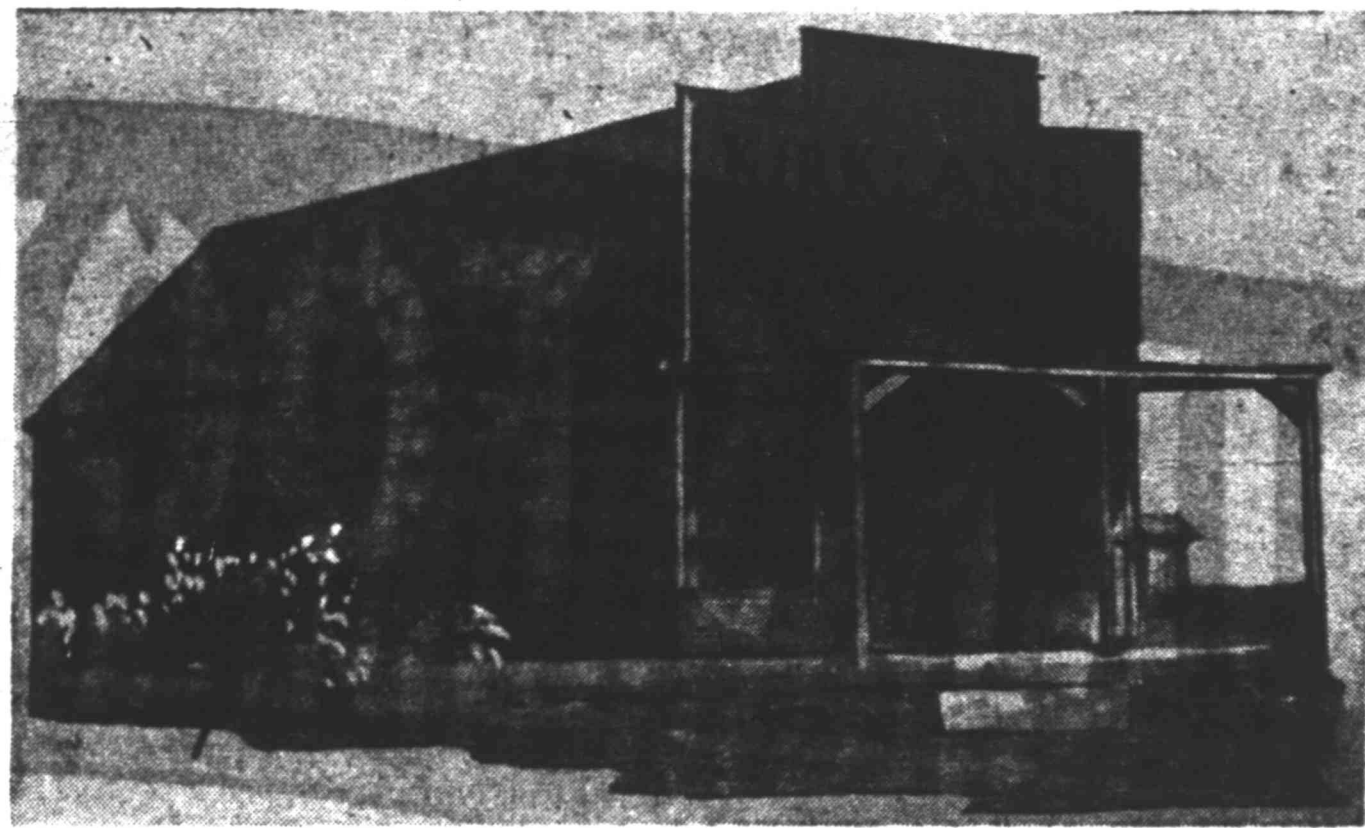

Too-Free Advice Of New Grandmother Is Usually Resented

By ALICIA HART
NEA Staff Writer
One of the most difficult exercises in self-discipline for a new grandmother is to avoid offering free advice on baby care to the young mother. It is a natural impulse, writes a beloved grandmother of eight young grandchildren, for a woman who has raised a family to want to pass along all the advice she can cull from her experience. But, says this wise woman, she should realize that many young parents prefer to seek answers to problems from their pediatricians, from child-care specialists or from books written by unbiased authorities. Best rule for a grandmother to follow in the interest of smooth family relations is to wait until her advice is sought. If it is asked for, she can express her views on health measures or methods of discipline, says our friend who practices what she preaches. This wise grandmother keeps up with new studies dealing with child care and admits openly that the old-fashioned way is not necessarily the best. When her advice is asked for — as it is with flattering frequency — her children are sure that her answers stem from reasoned judgment based on past experience and modern information.

VEAL STEW
If veal stew on the menu and unexpected company comes add a small can of mushrooms to the stew and stretch it with canned or quick-frozen cooked green peas. Serve on toast points.

Plagues of mice were so common in ancient Rome that at one time mouse catchers were on the public payroll.

Original Furr's Store At Kirkland

The original Furr's store was the Kirkland Mercantile Company of Kirkland. It is shown here as it appeared in 1904, year of establishment. Kirkland, is located near Childress. With this store, the late C. W. Furr, father of Roy Furr, founded the company. Fire destroyed the original Furr's store at Kirkland in 1914. A new store was completed in 1915.

Furr '49 Store

(Continued from page 1)
County, Amarillo where he bought the M-System franchise in several counties in the Panhandle. Roy went with his father to Amarillo as a business aide. He saw a fertile field in Lubbock and vicinity and in 1929, he moved there. During that year six stores of the M-System were purchased and in 1934, when there were three stores in Lubbock and six in neighboring cities, they became known as Furr Food Stores. In the intervening years the program of units has expanded. Furr's now operated stores in 14 cities, out of Lubbock; has its own creamery, bakery, warehouse and packing plant in Lubbock; the El Paso Wholesale Co., and seven retail stores in El Paso and single markets in Plainview, Childress, Levelland, Lamesa, Big Spring, Midland, Odessa, and Monahans, in Texas, and Carlsbad, Roswell, and Hobbs, in New Mexico. Seven stores are operated in Lubbock. Two of the latest stores built were in El Paso, opened in November before 40,000 persons in two nights. The latest Lubbock store is the No. 19 unit on Fourth Street. Remodeling of all units is a constant operation for Furr's.

MCCAMEY GIRL MAKES HONOR ROLL AT TEXAS
MCCAMEY — Shirley Rose Pulley daughter of Mr. and Mrs. W. E. Pulley recently was listed on the honor roll at the University of Texas School of Journalism. She was ranked as one of the best 38 students.

Prizes—

(Continued from page 1)
given away in each store. These prizes will be awarded in a group of cities. They will go before the grand drawing at 3 p. m., Saturday May 7. Drawings will be held in the cities of Lubbock and Plainview for one car. In El Paso, the drawings will be telephoned from Carlsbad, Hobbs and Roswell. The remaining cities where Furr's has stores: Childress, Lamesa, Brownfield, Levelland, Big Spring, Midland, Odessa and Monahans, will compete with winners going to Odessa for the finals. In each case, a prominent citizen, will do the drawing and telephoning.

More Prizes Listed
Other big prizes include a Proctor Never-Lift Iron and Cordminder, Woodland Charcoal Grill, Silex Electric Coffee-Maker, Universal Pressure Cooker, Household Institute Silverware set for eight and silverplated Serving Tray.

Food prizes include: Comstock pie apples, Gebhardt Tamales, Heinz Fresh Cucumber Pickles, French's Mustard, Whitson Pork & Beans, P. D. American Beauty Hot Roll Mix, Holum Peanut Butter Crunch, Brooks Catsup, Rolling West Peas, April Shower Peas, Gebhardt Chili Powder, Skinner's Macaroni, Kremel, American Beauty Cookie Mix, W & W Sweet Dill Chips Pickles, Durkee Assortment of Condiments, Moist Coconut, Durkee Famous Dressing Worcestershire Sauce, Bread, Canada Dry Soda Water, Casa Grande Tamales, Food Club Peanut Butter, American Beauty All Purpose Mix, Durkee's Margarine and O'Brien Crystal Nuggets.

FAST-DRYING LIQUID

A fast-drying liquid plastic is said to completely waterproof mother's and daughter's straw chapeaux and leather handbags. The plastic comes in a handy spray dispenser and can be applied in a matter of seconds. It is said to be transparent. There is no chance of discoloration or rubbing off.

Simple Tricks Make Greatcoat Newer

By ALICIA HART
NEA Staff Writer
The junior miss who went all out for the ankle-dusting greatcoat last Spring is faced with the problem of bringing it up to date. Although there have been few radical fashion changes, hemlines this season are just enough shorter to make an ankle-length coat look outdated. By simply turning up the hem to mid-calf length, you will see for yourself how much smarter your coat looks.

Another simple refurbishing device is to change the buttons, adding more to a front closing for a newer-looking display. If you can salvage enough material from the hemline, use the fabric for self-covered buttons which will add a smart "dressmaker" touch to your last year's coat. Or you may use the excess fabric to make a belt which will reef in excessive fullness to give a new and trimmer-looking silhouette. If there is not enough fabric for a belt, a leather belt of a color exactly matched to the color of your coat will provide an equally smart waistline accent.

Historians Present Program At McCamey

MCCAMEY — The Junior Historians, under the direction of Miss Ethis Eagleton, presented the program for assembly at McCamey High School last week. Don Dwight was master of ceremonies for the quiz-type show. Students participating in the program were Ellen Johnson, Nona Johnson, Bob Johnson, Donald Frierison, Bob Joyce and Barbara Baker.

The Pacific is the largest (71 million square miles) and deepest (13,440 feet for an average) of the five oceans. The Hindu custom of a widow throwing herself on the funeral pile of her husband was outlawed 120 years ago by the British government but is not yet obsolete.

Local Store—

1949 KAISER DELUXE AUTOMOBILE

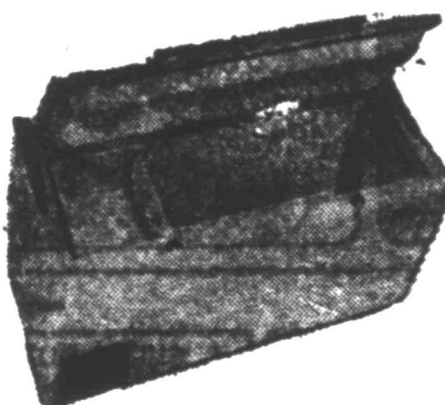

Value \$2493.00 — NOBLE HOLT MOTOR CO., Your Dealer.
Three Kaisers will be given away—one in the towns of Lubbock and Plainview—one in El Paso, Carlsbad, Hobbs and Roswell, and one in Levelland, Brownfield, Childress, Lamesa, Big Spring, Midland, Odessa and Monahans. Tickets will remain in drawing boxes daily and grand drawing will be held Saturday, May 7, at 3 p.m.

COOLERATOR FREEZER

Value \$499.95

Three Coolerators will be awarded, one in each of the divisions listed above under Kaiser rules. Tickets dropped in beginning Monday, April 18, in any Furr's Super Markets will remain eligible for grand drawings. These will be staged, via telephone, at Lubbock No. 3 store, El Paso No. 6, and Odessa.

HOW TO WIN! TICKETS DRAWINGS

Tickets may be obtained FREE at any Furr's Super Market, beginning Monday, April 18, and through the Food Fair, April 29 to May 7. Holders must fill in numbered stub and this will be dropped in any Furr's store drawing box. There is no limit to number of stubs placed in boxes. They will remain throughout all drawings.

Drawings will be held daily, April 29 through May 7, at ALL Furr's stores. Each prize shown on these pages will be given away at EACH store (with the exception of the three Kaisers and three Coolerators). You are NOT required to be on hand for the drawings. Those on hand may claim their prize by showing similar numbered tickets. Tickets MUST be filled in.

RULES

All regularly employed personnel of Furr's Super Markets, and their immediate families, are ineligible for any prize. This is Furr's way of expressing its gratitude, after 45 years of service, to you for your confidence. Furr's has tried hard, in this big event, to bring you a FOOD FAIR you'll never forget!

"Immediate families of Kaiser, Norge, and Servel are not eligible to win respective prizes," and "Stubs of tickets NOT filled out will be declared void." Should stub not be legible, it will be held until May 14 at the store from which it has been drawn, and if a winner or owner does not appear, another drawing will be held at 3 P.M. that day.

This Is Furr's Way To Say
"THANKS" This 45th Birthday!

Here's Suggestion For Mother's Day: Give Her Glamor

By BETTY CLARKE AP Newsfeatures Beauty Editor

There are lots of things on cosmetics shelves to enhance your Mother's appearance. Why not give her a Mother's Day gift that is sweet smelling and daintily wrapped? She'll love it.

You can charm her with glamor from head to toe.

For her hair... there are shampoos and hair treatments and home permanents or a new hair style. She'll enjoy some good tortoise shell combs, plain or with silver or gold trim, hair pieces that she can add to thin locks for glamor evenings, a hair kit containing miniature comb, brush and mirror, that can be carried in the bag for quick brush-ups.

Face beauty gives you a wide choice. In budget brackets there are nourishing creams, lipstick ensembles, makeup kits containing everything from foundation cream to eyebrow pencil, jeweled or plain compacts, gift certificates for specially blended powders or special makeup of facial.

For Pretty Hands

Hand care is especially important to mother. Give her a little kit containing a hand treatment, lotion that can be applied after dishwashing and housework. Then there are nail grooming outfits. You can find inexpensive cutlery sets containing nailfile, scissors and cuticle pushers. There are any number of nailpolish packages which contain nail conditioners as well as the latest shade of polish with matching lipstick.

Bath ensembles rate high with all mothers. Packages containing bath powder, soap and cologne in scents from lavender to lotus. You can find delightful bath salts and bath oils, bathtub trays upon which bath scents can be conveniently placed.

Launch Mom on a reducing or body conditioning program if that's what she wants. You can make her a gift of a course of instruction at a local salon or give her a gift certificate for massages. There are small electric patters or massagers that can be used at home and these, too, will make a hit with Mom.

Foot weary mothers probably would love a foot kit. Get one containing all the props for foot soap to callous soother. You can find these packaged prettily with scented foot lotions or you can find old foot-kit stand-bys in your drugstore. These do an effective job even if the package is not handsome. In this case Mom will be interested in results, so consider her feet.

Daddy Ringtail

By WESLEY DAVIS

Daddy Ringtail And The Bouncing Ball

One afternoon Daddy Ringtail wanted to take a nap, but Bobby Ringtail, the littlest monkey boy, couldn't find anything to play with, and he just couldn't stop his bothering of Daddy Ringtail, his daddy. At last Daddy Ringtail went to the closet and reached in his coat and pulled out a ball that he had found one day in the Great Forest.

"Here's a nice ball for you," Daddy Ringtail said. He held the ball out in his hand and dropped it.

The ball fell down to the floor and then bounced up again—almost as high as Daddy Ringtail's hand.

"Daddy Ringtail," said Bobby, "what makes the ball bounce? Does it have bounces in it?"

"Maybe it does," the monkey daddy said.

Bobby Ringtail went to the kitchen and came back with a knife.

"I'm going to cut the ball open," he said, "and see how many bounces there are inside."

"Oh, don't do that," Daddy Ringtail said, because he knew that if the ball were cut open, it would never bounce again. And if it didn't bounce, Bobby would have nothing to play with, and the monkey daddy could never take his nap.

"Bobby," he said, "why don't you drop the ball, and keep dropping it, and let it bounce, and see how many bounces it has?"

That's what Bobby did. He dropped the ball and it bounced. It bounced every time he dropped it. He kept on dropping it, and the ball kept on bouncing, while Daddy Ringtail took his nap.

When Daddy Ringtail woke up, Bobby said, "Daddy Ringtail, I bounced the ball and counted the bounces until I couldn't count any more. I still don't know how many bounces the ball has in it."

"Well, then," Daddy Ringtail said, "I suppose I should tell you. It has just as many bounces as you can ever drop it." And by

that time, Bobby was so tired from bouncing the ball that he wanted to take a nap, too. And if you have a little brother or sister at your house, one who won't let you play sometime, you might give him a rubber ball and let him bounce it, but tomorrow I'll tell you about Daddy Ringtail and the Hop-Toad. Happy day! (Copyright 1949, General Features Corp.)

Sweet apples contain no more sugar than sour apples, the sweet taste being due to a deficiency of malic acid content.

BREAKFAST MUFFINS
Delicious breakfast muffins may be made by adding one-third cup of coarsely chopped crisp bacon to the dry ingredients in a standard muffin recipe.

BRIDGE LUNCHEON
For a bridge luncheon serve popovers filled with creamed chicken and add a salad of asparagus vinaigrette on salad greens. The dessert might be a fruit cup and crisp chocolate cookies.

SOMETHING NEW
There's a new thermometer on the market designed for a pancake griddle—it tells exactly when the griddle is the right temperature for baking.

There are 8,281,000 miles of highways throughout the world.

SUNDAY NIGHT SUPPER
For Sunday night supper a main dish of creamed chipped beef and waffles is a good choice. You can make enough of the sauce for four four-section waffles by using a quarter pound of chipped beef and two cups of medium white sauce.

Children often enjoy canned apple-sauce when it's turned into the refrigerator and frozen. Do not let it get icy. And let the youngsters prepare the dessert themselves.

Chinese Writer's Advice To Ignore Words Of Woman May Be Key To Trouble
By CYNTHIA LOWRY AP Newsfeatures Writer

The editor of a Chinese daily paper, one Kung Tehpo, recently advised—in print—the acting president of China not to listen to his wife, even if she were right.

Editor Kung went on to say that Generalissimo Chiang Kai-Shek and the late Sun Yat-Sen, first president of the Chinese Republic, had been "disastrous failures" because they had fallen into the pitfall of heeding distaff advice.

When a hen crows to announce the dawn it signifies misfortune for the family," Kung editorialized solemnly. "Similarly, when a woman interferes in the government it presages disaster for the nation."

U. S. Leaders Disagree
It might be a little presumptuous to suggest that maybe many of China's troubles stem from attitudes like that taken by Editor Kung. In a republic called the

United States, it is deemed a sign of virtue for a man to pay attention to the advice of his partner. In fact, he boasts about it openly.

During a recent presidential campaign, a man named Harry Truman appeared on the rear platform of a train many times, and almost invariably brought his wife forward with words like "And now I want you to meet the boss." Then his daughter came forward to his introduction—"Meet the boss' boss." The people loved it, because it was home-spun humor that had more than a grain of truth in it.

At about the same time, Editor Kung, another fellow was barnstorming the country with the idea of becoming president. In press conferences, over the air and on other occasions this man, named Thomas E. Dewey, explained that Mrs. Dewey was his toughest critic and most severe editor. She went over every speech before he gave it, and blue-pencilled things she didn't like. He talked over all his problems with her, he said.

Common Practice
Truman and Dewey are merely rather flashy examples of a common practice in this country, Editor Kung, and it seems to have worked out rather well. Sometimes, in fact, women have been able to come up with suggestions—political and domestic—which made some sense.

Just the other day in my neck of the woods, the hot water boiler of a friend's house refused to heat. The head of the house, who knows about gas and pilot lights, spent most of the morning fiddling with little levers and peering into a little black hole at the boiler base. Still the boiler wouldn't heat water.

His wife came down to the cellar looking for a hand-weeder which had been mislaid earlier. Noting her husband's anguished position on the floor, she remarked in passing: "Why don't you give it a kick? Sometimes that works."

Silly, But Good
He gave the boiler a kick, and pop, on came the gas, and the family have had hot water ever since. And noga-man's bill. That just goes to prove that—in the United States, anyway—you should sometimes listen to a woman's advice, no matter how silly it sounds.

Telephone Operators Wanted

Telephone operators play an important part in everyday life. Positions are open for qualified women in this permanent work. Frequent pay increases, vacations with pay. Apply to chief operator.

It's Here! YELLOW NUCOA!
Now You Can Buy America's Favorite Margarine Already Colored for You!

M-M-M SUCH A TEMPTING GOLDEN YELLOW! AND SUCH HANDY QUARTER-POUND PRINTS... SO EASY TO CUT IN "PATS" FOR THE TABLE

Thrifty, too! Even with the Federal tax added, yellow Nucoa margarine costs you little more than half as much as expensive spreads. And here's hoping that SOON the law will let you have yellow NUCOA at no extra cost.

MY FAMILY AND MY GUESTS AGREE—NUCOA'S SMOOTH, SMOOTH TEXTURE AND SWEET, FRESH FLAVOR ARE AS FINE AS CAN BE BOUGHT AT ANY PRICE!

What's more—Nucoa is as rich in food energy and as fine a year-round source of precious Vitamin A as any other churned spread—no matter how expensive. Nucoa's so good for your family!

Your grocer also has **REGULAR NUCOA**
For extra economy, many women at times buy regular "bowl-mix" Nucoa. It colors so evenly, you'll be delighted. Incidentally, two pounds color almost as quickly as one.

YELLOW or REGULAR—SERVE NUCOA PROUDLY ON YOUR TABLE

BITTER-SWEET FUDGE
For a bitter-sweet fudge sauce melt a package of semi-sweet chocolate pieces over hot water; add three tablespoons of boiling water and blend well. Then add a quarter cup of light cream and blend in well again. This sauce may be served over plain white cup cakes with the addition of ice cream or whipped cream, if you like.

* Sugared, sliced strawberries are delicious served over a custard or with molded snow pudding.

"SEAT COVERS MADE TO YOUR ORDER"
"THE BEST COSTS LESS"

Everything for the Auto: Tyres, Best Covers, Upholstery, Plastic, Cotton; Carpet, Mats, Head Lining, Wind Lace, Weather Strip, Art Leather, Sport Tops, Wood, Mohair, Fiber, Commercial Trucks, etc.
