## Explosions Block Holland Tunnel

### 30 Persons Hurt; Telephone Lines Are Knocked Out

NEW YORK (AP)—Thirty persons were overcome when drums of chemicals exploded on a truck in the Holland Tunnel Friday, filling the two-mile long underwater highway with carbon disulphide fumes.

The series of explosions, touched off when the big trailer truck caught fire, halted all traffic in the heavily traveled tunnel under the Hudson River.

Vital communication lines were disrupted. Other vehicles, stalled behind the truck, caught fire. Walls and ceiling of the tunnel were damaged badly.

### Reds Accuse West Of Torpedoing Pact For Ending Blockade

By DANIEL DE LUCE

BERLIN (AP)—The Russians accused the Western Allies Friday of "torpedoing" the agreement to lift the Berlin blockade.

A Western spokesman promptly labeled the accusation "a lot of nonsense." The spokesman was Lawrence Wilkinson, economic adviser to the U. S. military governor.

"We were told by our governments to remove all restrictions put into effect since March 1, 1948," he said. "We've done that and more."

The Soviet protest was voiced through the mouthpiece of the Soviet Army newspaper in Germany, Tagliche Rundschau.

The accident occurred in the eastbound tube at 7:48 a.m. (EST), at the height of the early-morning rush hour.

The blast knocked out telephone service to New England and the West. The American Telephone and Telegraph Company said five of its long lines cables and one cable of the New York Telephone Company were affected.

The Western powers are evading the lifting of their restrictions until a final pact is signed.

Some observers say in those words an implied threat to reimpose the blockade—but such a step would be a matter of policy for higher authorities than the Russians in Germany, he said.

But the Rundschau statements did lend emphasis to the Russian need for getting supplies from Western Germany for her nearby bankrupt occupation zone.

However, one source of friction (Continued on Page 9)

Manhattan Borough President Hugo E. Rogers said at noon after returning from a trip in the tunnel that 10 or 12 trucks still were smouldering there. Rogers said the damage was so heavy the tube might have to be closed for "the better part" of a month.

The heavily traveled highway, connecting New York and New Jersey, is a main link in transcontinental traffic.

The chemical drums began exploding while the truck—16-ton trailer vehicle—was near the Jersey side of the tunnel. The flames spread rapidly to a dozen other trucks. Motorists blocked by the barrier of flames and toxic fumes were seen in the tube and fled to safety.

The stranded vehicles hampered efforts of firemen to fight the blaze effectively. Wearing gas masks and communicating with the outside by walkie-talkie, they attacked the fire with flame-extinguishing chemicals.

Harry Harris, an Associated Press photographer, who hitched a ride on a fire department truck to take pictures in the tunnel, said the concrete and walls for about 100 yards had been blasted away. The debris lay in the roadway.

Harris said he saw three trucks jammed together, disabled and resting on their axles.

The American Telephone and Telegraph Company estimated 2,600 long lines circuits were put out of service.

The nation-wide Associated Press wires to radio stations were disrupted for about two hours. The AP wirephoto wire, which carries pictures by wire to its member papers, was out 45 minutes.

Red Pincers Push Closer To Shanghai

SHANGHAI (AP)—The roar of battle could be heard Friday at Woosung Harbor and Lungwa Airfield, Shanghai's remaining links with the world.

Two Communist prongs crept closer to the city. Government troops resisted stoutly. Chen Yi was driving hard to take Shanghai or close a siege ring around it.

Nationalist headquarters said 5,000 Reds became casualties at Luho, a nearby village, when the Communists were trapped in a mine-field.

One battle raged southwest of the city some 15 miles from Lungwa Airport. Lungwa is at the southwest edge, some 10 miles from the heart of the city.

Another developed to the north-west around the village of Tain-sang, a stone's throw from the south bank of the Yangtze and just north of the Shanghai-Nanking Railroad. Red lines there appear to be about 20 miles from Shanghai and somewhat less from Woosung.

Woosung is where the narrow Whangpoo River pours its flood into the Yangtze and where ships from Shanghai pass through a narrow channel to the Yangtze and the sea.

Lungwa's loss would cut Shanghai's air link.

House Panel Okays Military Pay Hike

WASHINGTON (AP)—The House Armed Services Committee unanimously approved Friday a bill to boost the pay of members of the Armed Forces.

The vote was 38 to 0 after Chairman Vinson (D-Ga.) read a letter from Defense Secretary Louis Johnson approving the measure and stating that the Budget Bureau, speaking for the President, has no objection.

The bill, estimated to cost \$406,000,000 a year, probably will go before the House for debate late this month.

It is expected to run into a barrage of opposition from members urging economy on all federal spending fronts.

The bill would boost pay for the next to lowest enlisted grade by about three per cent, and soon up to almost a 50 per cent raise for generals and admirals.

The raises would average approximately 14 per cent, with everybody but the bottom enlisted grade getting an increase.

Elephants Downtown Attract Attention

Attracting plenty of attention in downtown Midland Friday morning were seven elephants of the Peacock Brothers Circus, which were shown on North Main Street in front of Midland Hardware.

Two of the elephants were small ones, which have just been brought to the United States.

Youngsters enjoyed the look at the elephants and to add the excitement.

The Peacock Circus shows Friday and Saturday at Midland Memorial Stadium.

Light Earthquake Shakes California

LOS ANGELES (AP)—Los Angeles was shaken early Friday by an earthquake that startled residents out of bed but apparently caused no damage.

The tremor was a distinct one, being felt the hardest in cities throughout the San Gabriel and San Fernando Valleys such as Alhambra, Pasadena, Burbank and Glendale. Long Beach, scene of a disastrous quake in 1933, reported there was a gentle rumbling there. It shook buildings in downtown and Western Los Angeles.

First Man Gets The Business

THE engineer of the first train to enter Berlin gets the business from an unidentified German lass, who plasters him with flowers and kisses. The train was a combined Anglo-American sleeper carrying the Western nationals, British troops and seamen.

### Landlords Are In Majority At Rent Decontrol Hearing

Landlords far outnumbered tenants at a public hearing Thursday night in the Midland County Courthouse when the City Council heard statements and evidence for and against the proposed decontrol of rents in the Midland area. More than 100 men and women attended.

Twenty-one persons spoke in favor of the decontrol proposal and only three against. Two would-be renters made statements concerning Midland's housing condition.

Mayor William B. Neely, who presided, read provisions of the housing act concerning rent decontrol and outlined the city's authority. He said the hearing was called in accordance with procedures established by the new act.

The mayor informed the group the duty of the council is to determine from the testimony whether a shortage of rental housing now exists in Midland. He asked those present to confine their remarks to that particular question.

Vacant Dwellings Cited

Councilman W. F. Heil, Stanley Erskine and Robert I. Dickey attended the hearing, as did City Manager H. A. Thomason, City Secretary J. C. Hudman and City Attorney John Perkins.

R. W. Hamilton, represented a group of landlords at the session. He said surveys made recently show more than 100 vacant dwellings in Midland. He read a copy of a letter written early this year by the city manager to the Federal Housing Authority stating that the Pennman Village housing project no longer was needed here.

Hamilton said rent control was necessary during the war, but the emergency is over, the housing situation has eased and tenants should be lifted.

Only on one or two occasions did tenants flare at the hearing and only once did Mayor Neely have to step in for order. Applause followed one statement against decontrol.

A representative of the Midland Rent Control Office said that of 2,511 rental units, bedrooms, apartments and houses, now are under decontrol here. The figure, it was stated, does not include any living units made available for the first time since February 1, 1947, or any rent houses erected between February 1, 1945, and February 1, 1947.

It was pointed out that landlords (Continued on Page 9)

### Wife Of Fugitive Communist Jailed By Justice Department

WASHINGTON (AP)—Mrs. Gearhart Elser Friday was re-arrested for deportation while the Justice Department laid plans to bring her husband back from his flight across the seas.

The department announced Mrs. Elser was taken into custody in New York Friday morning. She had been at liberty, without bond, on charges of being in this country illegally.

One reason for her re-arrest was that the government wished to question her about the flight of Elser, 52-year-old admitted Communist, as a stowaway on the Polish vessel Batory. The Justice Department said Immigration Service officials in New York had been instructed to detain Mrs. Elser on Ellis Island.

Cases Here In 1941

Mrs. Elser, listed in official records as Brunhilde Rotstein Elser, is a native of Poland.

She first was arrested in early 1942 on charges she had overstayed her time in this country as a "legal" alien.

She then was deported to New York in June, 1941, on a transit visa. This simply permitted her passage through this country to Mexico. However, this was later changed to a temporary visiting permit.

She and Elser were married in New York City in 1942, and since have resided there.

Mrs. Elser originally surrendered herself on deportation warrant in March, 1944, and was paroled without bond pending a hearing.

The FBI has asked Britain's Scotland Yard to meet the Batory when it docks at Southampton on Saturday and take the stowaway into custody.

### Texas Company Pays \$280,000 For Lease On 2,500-Acre Tract

AUSTIN (AP)—The Texas Company Friday paid \$280,000 for a mineral lease to a tract of 2,500 acres of University of Texas land in Andrews and Martin Counties.

It was the highest bid opened during the morning by the University Land Board in its lease sale of 4,900 acres located in Andrews, Martin, Crane, O'Connell, Crockett, Reagan, Pecos and Ward Counties.

Total bids on the first 18 tracts offered amounted to \$1,250,000. Bids on other tracts still were to be offered.

The second highest bidder during the morning was the Phillips Petroleum Company with a bid of \$110,000 on a tract of 322 acres in Andrews County.

Revenue from the leases goes to the University Permanent Fund.

### Friday 13th And Superstition; To Be Or Not To Be

By TANNER LAINE

So says Encyclopaedia Britannica—"Superstition is the acceptance of beliefs or practices groundless in themselves in the inconsistency with the degree of enlightenment reached by the community to which one belongs."

That being the case, we would imagine Midland had a high degree of enlightenment. Because there wasn't much stir about Friday the 13th, we heard more comment about the circus elephants on the street than we did about an unlucky day.

On the other hand, maybe Midland isn't greatly enlightened at all. The good book Britannica sees fit to say: "Now the belief that on certain days certain occupations are particularly unlucky (or lucky) is quite common at far higher stages."

Maybe Midlanders are just normal citizens after all and we believe seriously in the superstition of Friday for starting any work and are not dissimilar in consideration which apply to the wide-spread avoidance of the number thirteen.

When you get the two together, Friday and the 13th, well—how was your luck?

### Conservatives Win Thumping Victories In British Voting

LONDON (AP)—Conservatives scored thumping victories over the ruling Labor Party in Friday's results of town council elections.

City voters throughout England and Wales turned sharply to the right in the voting regarded as a dress rehearsal for Labor's general election test next year.

British Press Association returns from 392 boroughs outside of London showed the Conservatives held 2,245 of the 3,213 council seats and Labor had only 294. This was a gain of 670 for the Tories, a loss of 580 for the Labor Party.

In London, Labor held on to re-elected majorities in the night boroughs but lost four to the Conservatives.

### Mrs. S. H. Hudkins Dies; Rites Sunday

Mrs. S. H. Hudkins, 47, of 1200 West Kentucky Street, died at her home early Friday. She had been a resident of Midland the last 12 years.

Mrs. Hudkins was born Feb. 6, 1902, in Shawnee, Okla.

Funeral services are to be held at 2 p. m. Sunday in the First Methodist Church. Rev. Howard H. Hollowell, pastor, will officiate.

Interment will be in Resthaven Memorial Park, under direction of Ellis Funeral Home.

Survivors are the husband; a daughter, Mrs. Dan W. Finlayson, Austin; the parents, Mr. and Mrs. W. W. Cole, Dallas, and a nephew, Jackie Hudkins, Midland.

### Who Said 13 Is Unlucky?

Here's proof that the old "13" superstition is strictly bugaboo. In the Great Seal of the United States, emblem of American heritage, the number 13 appears in six different symbols, as noted on this sketch. Despite this multiple "thirteenth," Uncle Sam's nieces and nephews seem to have done all right since the seal was designed for the Continental Congress in 1782.

### Matthews Named Secretary Of Navy

WASHINGTON (AP)—Francis Patrick Matthews, Omaha lawyer, was named secretary of the Navy Friday.

The White House announced that Matthews, 62, widely known Catholic layman, has been picked to succeed John L. Sullivan.

Sullivan quit recently with a blast at Secretary of Defense Johnson for halting work on the Navy's super aircraft carrier.

President Truman also announced he is promoting Daniel A. Kimball to undersecretary of the Navy. Kimball, now is assistant secretary. He is a Californian.

Kimball succeeds former Undersecretary W. John Kenney, whose resignation was announced last week.

Presidential Press Secretary Charles G. Ross made the announcements for a President. Later formal nominations were sent to the Senate.

Truman also nominated Vice Adm. John L. McCrea to be director of the staff of the Personnel Policy Board of the defense establishment.

Matthews is a Democrat and was a member of the President's Committee on Civil Rights in 1946. He is a graduate of Creighton University and a native of Albion, Neb.

Ross said the President is not yet ready to name a new secretary of the Navy. He said he would like to see Kenneth C. Royall, who also resigned.

The President told a recent news conference he still hoped Curtis E. Calder, New York utilities executive, would accept the Army post.

Election of Matthews followed the refusal of Jonathan Daniels, North Carolina editor, to accept the Navy job.

### Cmdr. E. O. Rigsbee Found Shot To Death On Aircraft Carrier

SAN FRANCISCO (AP)—Cmdr. Everett O. Rigsbee, Jr., of Fort Stockton, Texas, skipper of the Aircraft Carrier Antietam, was found shot to death Thursday in his quarters aboard ship at Hunter's Point Naval Shipyard. His widow said he had been "terribly overworked and under great strain."

The Navy immediately summoned a board of investigation to the ship and declined to make a detailed statement until the board makes public its findings.

Unofficial Navy sources, however, said there appeared to be no foul play. The death weapon was reported found near the body.

Homicide inspectors from the San Francisco Police Department said since last July.

Rigsbee attended Texas A&M and was graduated from the U. S. Naval Academy in 1930.

During the recent war he commanded Patrol Bombing Squadron 117 and won many decorations with it in the Pacific.

He was public information officer at Corpus Christi two years before leaving last June to become executive officer of the Antietam.

He leaves his widow of Alameda, Calif., and four children: Barbara Jean, 12, of Kalamazoo, Mich.; and Susan Ann, 11; Everett III, seven; and Jeanette Elizabeth, two, all of Alameda.

### Abilene Fetes 702 Deathless Days In Friday, 13th, Event

ABILENE (AP)—Abilene hopes Friday, the 13th, will be its lucky day for motorists and pedestrians.

The West Texas city already has had 701 lucky days in a row—701 days without a traffic death, enough to tie the record of Schenectady, N. Y. The tie came official Thursday midnight.

Congratulations a steady were pouring in. Philip B. Fleming, general chairman of President Truman's Highway Safety Committee, wired:

"This is a remarkable record."

And by midnight Friday, Abilene expects to be taking bows as the new champion.

A 100-unit, six-section parade was scheduled to begin at 6:30 p. m., with the entire police force assisted by Boy Scouts supervising the marchers.

Harley Sadler, former showman and state representative, will introduce guests of honor: Homer Garrison, director of the State Department of Public Safety, and Roy Wade, assistant managing director of the Texas Safety Association.

After they had their say, Betty Case's Do-Si-Do Square Dance Team from Lorate and a team directed by I. E. Witt of Hamlin will stage an exhibition.

The program will end with a gigantic fireworks display—including safety slogans spelled out in 10-foot letters.

### Gulf Finishes Crane Devonian Discovery

Gulf Oil Corporation has completed a new discovery for commercial oil and gas production from the Devonian, in Northeast Crane County, at its No. 4-HH-D Texas.

The project is located 1,900 feet from east and 607 feet from south of section 3, block 31, University survey. It was finished from the Devonian section at 8,988-9,250 feet, for a 24-hour potential of 530 barrels of 34.8 gravity oil, flowing. Gas-oil ratio was 1,211-1.

The production was from open hole, which had been treated with 1,000 gallons of acid.

This exploration drilled to 11,480 feet in the Eilenburger. That zone was barren. It plugged back to 8,250 feet and cemented a string of 1 1/2-inch casing at 8,258 feet. (Continued on page 9)

### Communist Gearhart Eiser, who fled America as a stowaway aboard the Liner Batory, told a CBS correspondent by radio Friday he hid out aboard the vessel after paying 25 cents to tour it as a visitor.

TOKYO (AP)—The United States' move in halting reparations shipments from Japan drew Japanese applause Friday and opposition from the Chinese and Philippines.

DETROIT (AP)—An authoritative source, who declined use of his name, Friday said the Ford Motor Company "flatly refuses" to open 1949 labor contract talks with the CIO-United Auto Workers until its workers end their present strike.

SEOUL (AP)—President Syngman Rhee Friday said his special envoy of Washington has proposed a military alliance between the United States and the Republic of Korea.

Location Made For Rogos Deep Wildcat

A 7,800-foot wildcat has been staked in extreme North-Central Pecos County, one-quarter mile south of Imperial, as Richardson & Bass No. 1 Texas Cotton Industries.

The drillette is 660 feet from south and east lines of the southeast quarter of the northwest quarter of section 13, block 3, H&TC survey. Elevation is 2,395 feet.

Drilling will be with rotary tools, starting immediately.

Barrett, Russe!! To Drill Culberson Test

A. T. Barrett, Jr., of Midland and M. W. Russell of Monahans, are starting by May 15 on a shallow wildcat in East-Central Culberson County, about 22 miles northwest of Toyah.

It will be their No. 1 Phillips-Neely, staked 1,500 feet from west and 1,900 feet from south lines of section 14, block 43, psi survey.

Projected depth is 2,000 feet with cable tools to test the Castile.

Crane Scheduled For 6,000-Foot Wildcat

Location was made for a 6,000-foot wildcat in extreme Southeast Crane County as Callery & Hunt of Houston No. 1 J. M. Mosely.

It will be 990 feet from north-east and northwest lines of section 18, block 6, H&TC survey, which puts it approximately six miles north of Grivin.

Rotary tool drilling is scheduled to begin immediately.

Scurry Pay Opener Flows On Potential

Magnolia Petroleum Company No. 1 Eicke, wildcat discovery from the Canyon-Pennsylvanian lime, four miles west of Snyder in Central Scurry County, has proven for commercial production.

During the first 17 hours of a 24-hour official potential test, the new field opener flowed 117 barrels of clean oil, through a 10/64th inch tubing choke. No water was reported. Gas-oil ratio was 945-1. The well was continuing to flow for a full 24-hour test. It will then be completed and put on production.

The oil is coming from the zone between 6,710 feet and the total depth at 6,778 feet. That interval had been washed with 200 gallons of mud acid.

Magnolia No. 1 Eicke is 660 feet from south and west lines of section 206, block 97, H&TC survey, and about one and one-half miles northwest of the nearest Canyons producer.

Pacific Western To Set Casing In Gains

Testing of the Northwest Gaines County Devonian is scheduled for Pacific Western Oil Corporation No. 1 Oil Development Company fee, deep wildcat between the Seminole and Russell fields.

Following a core showing porosity and fluorescence, the venture cut a core from 11,553 feet to 11,571 feet and recovered 11 feet of dark gray, dense dolomite. As with the preceding core, material was lost which was believed to be extra soft and porous.

Operator was preparing to run surveys and set pipe for production tests. No satisfactory examination has been secured in the formation as yet. Several attempts at drillstem tests resulted in packer failures.

This prospect is 660 feet from south and east lines of section 315, block G, OS&DRNG survey.

Lea Strike Has Big Flow In Eilenburger

Prolific oil flow has been reported at Stanolind Oil & Gas Company No. 1 South Mattix unit, Eilenburger discovery on the east side of the shallow Langlie-Mattix field of Southeast Lea County, N. M.

The prospector was shutdown for a fishing job. While flowing on tests, a faulty connection was detected and operator killed well. During the process of killing the flow, the development flowed 148 barrels of oil per hour for four hours through open two-inch tubing and casing.

Production is from perforations at 9,506-9,705 feet, opposite the Eilenburger section which had been acidized with 5,000 gallons.

Equipment was lost in the hole while attempts were being made to repair the connection. When junk is recovered, testing will be resumed.

Location is 1,980 feet from south and east lines of section 15-24-37e.

**Movietown Discovers Diamond Mine In Baseball Vehicles**

By **ESSKINE JOHNSON**  
NEA Staff Correspondent  
**HOLLYWOOD**—What with "The Babe Ruth Story," "Take Me Out to the Ball Game," "The Stratton Story" and now the forthcoming film about the Bill Yack's nine little Indians and how they grew into a world's championship team, Hollywood seems to have been doing some intensive prospecting in diamond mines.

Speaking of "The Stratton Story," the film's advertisements all stress the love angle (don't they always?), but fans will recognize the opus as one of the best baseball movies ever made. It looks like a natural at the box office, and if it clicks as predicted, it will go a long way toward killing the old Hollywood superstition that "a baseball picture never made any money."

Danny Thomas chuckle: "Al Johnson has the greatest insurance policy ever written. If he should die, they bury Larry Parks."

"The Green Promise" is doing knockout business around the country, thanks to that Houston ballyhoo (and fine performances by Bob Paige, Walter Brennan and Marguerite Chapman).

Betty Grable is grateful to Tony Leader for giving her a chance to prove she can really act without depending on leg-glamor. She appeared as a hard-boiled murderess on Leader's "Boulevard" airshow. His "Own Story" airshow.

If you want some inspiring reading, curl up with Harold Russell's "Victory in My Hands," recently published by Creative Press. Russell, you'll remember, is the war veteran who lost both hands when a two-pound charge of TNT, in which he was inserting a detonator, exploded.

After the war he starred in the Goldwyn production, "The Best Years of Our Lives" and walked off with two Academy Awards, the first actor to cop a deuce for one picture. The story of his comeback is, as mentioned above, inspiring.

But his recital of the financial shenanigans he underwent at the hands of the studio's smart business office boys is something less than that. They seem to have given him the business—only half of what he recounts is true.

They started Russell off with \$500 a week. After his outstanding performance the contract just

gling started and when the merry-go-round slowed down, the veteran found himself with a peanutty \$120 a week and a commitment for personal appearances that forced him to give up his plan to return to college.

"Victory in My Hands" should be an inspiration to disabled veterans—and a face-reddener for certain Hollywood gentry.

Clay Compton, Shelley Winters about her dates with Robert Stack, the big outdoor man and skeet shooting champion. Said Shelley: "To tell you honestly, I was so busy toasting up clay pigeons we never had a chance to get really acquainted."

"The Lost Island," by Nordhoff and Hall, is penciled in on producer Sol Lesser's production schedule. It's the story of war's aftermath on a Pacific paradise.

Mary Pickford's plans for film production in Italy are off because of her growing interest in television. Busy Rogers already has his own show.

Alan Hale spotted Sonja Henie wearing a truckload of diamonds and later told his wife, "She was wearing enough ice to skate on."

Maybe the mothers of Hollywood moguls were all frightened by pretzels. At any rate, said moguls seem under inescapable compulsion to give everything a new twist. For instance, there's United Artists' forthcoming "Home of the Brave."

Originally written as a slashing attack on anti-Semitism, the script has been given the old Hollywood twist, so that when it comes out on the screen, it will blast anti-Negro bigotry.

It's all very hush-hush, the lid has been clamped on publicity, but the word is that the film is a very daring presentation of the highly controversial subject. Incidentally, it is said the picture has no outstanding stars.

You'll soon be seeing George Raft again—all dolled up in a French Foreign Legion uniform in "Outpost in Morocco." Maybe they ought to re-title it, "Deadpan in the Desert." Funny thing, though there may be wide differences of opinion over Raft's histrionic ability, there's general agreement on the fact that "the guy's pictures make money."

**Music To Entertain Guests At Circle's Silver Tea Sunday**

The program for the silver tea which will be sponsored Sunday afternoon by the Irene Nix Circle of the First Methodist Women's Society has been announced by Mrs. John Tice, program chairman.

Held in the Educational Building of the church, the tea hours will be from 3 p.m. to 5 p.m. The program will begin at 3 p.m.

Mrs. E. L. Phillips will open the program with two dramatic readings. A vocal duet will be given by Lavern Estes and Alex Oates. Frances Ruth Hefren, Carol Ann Wilkinson and Obis Stalcup, students of Homer Meek, will play piano selections.

Background music, preceding and following the program, will be played by Rosalynn Leggett.

Silver offering contributions from the tea will be donated to the foreign mission fund of the Women's Society of Christian Service.

**Modern Mystery Is Next Program For Community Theater**

After two productions which offered unusual staging and other features, the Midland Community Theater will present on May 14, a modern mystery play, "Laura," which depends upon a tightly-knit plot for its audience appeal.

There will be only one stage set, a room in a city apartment, and there will be no dialect, no period costumes and no eccentric characters to bolster the lines.

As in most Community Theater productions, several new actors will be introduced to Midland audiences, appearing with some who have proved themselves in past productions.

J. W. Hunt, who made his Community Theater debut as the elderly, blustering Uncle Chris in "I Remember Mama" last Winter, will have an opportunity to act his age in one of the leading roles, that of the detective, Mark McPherson.

The title role in the play, that of an assured young career woman, will introduce June Griffin Windham. She had considerable dramatic experience in high school and college in Los Angeles, and with the Los Angeles Thespian Club in which she played leads in "Icebound" and "Meet the Family."

Appearing as Shelby Carpenter, Laura's fiance, is Charles Berg, Jr., and Waldo Lydecker, long-time friend of Laura, is played by William L. Adam. Both are Community Theater newcomers who claim no previous acting experience.

The remaining newcomer in the cast is Mrs. Charles A. Shaw, who did her last previous acting in high school plays. Her role is that of Mrs. Morgan, a housewife who believes she gave up a musical career for marriage, and wants her son to have the career.

The son, Danny, who had an entirely different role as Tallant, an opportunistic art dealer, in "The Late Christopher Bean," and also a bit role as an expressman in "The Man Who Came to Dinner," previous plays of this season. Danny is a youth who prefers jazz to his mother's favorite classics, and covers a sensitive nature with a bias city-boy front.

Edelle Daily, who will appear as Beatie, the forthright New York Irish maid, gave a memorable performance last Fall in "The Man Who Came to Dinner" as Harriet Stanley, a sentimental maiden lady who was revealed as a notorious murderer. She also portrayed Elizabeth in "Angel Street" last year.

**HD Clubs Arrange To Order Berries**

Purchase of a shipment of strawberries from Lavinia, Texas, to be delivered in Midland May 19, is announced by the marketing committee of the County Home Demonstration Council, which has arranged a pooled order for the fruit.

Persons who are not members of home demonstration clubs may join in making these purchases, and any interested persons may notify Mrs. Nettie Meesick, county home demonstration agent, Friday.

**Musical Recital At Terminal Planned**

Mrs. C. A. Holt invites the public to attend a musical recital by her pupils, to be held at 8 p. m. Tuesday in the Terminal Baptist Church auditorium.

Those to participate will include Virginia Dunn, Ann Richman and Skippy Clemmons of Midland; Mary Lou Wanda Sue and Patricia Collier of Odessa; Sherry Lanier, Joyce Allen, Sandra Clark, Patsy Johnson, Luquita MacNeal, Patricia Nance, Lois Lovett, Patsy and Sarah Segrest of Terminal.

**Tri-Deltas Now Have National Affiliation**

Mrs. R. E. Throckmorton, Jr., president, announced at the Thursday meeting that the Delta Delta Delta Alumnae Club of Midland has been affiliated with the national Tri-Delta organization.

The meeting, which was preceded by a luncheon, was held in the home of Mrs. George S. Turner, 2003 West Indiana Street. Mrs. Throckmorton was co-hostess.

It was decided by the group that regular meeting date would be the second Thursday of each month. Mrs. C. R. Grice was appointed reporter.

Any Tri-Deltas living in this area are urged to contact the president or any member, Mrs. Throckmorton said.

Klan Is Unmasked

The City Council of Atlanta, Ga., has restored to masks their original function as the trappings of pageants and buffoonery. It has ordained that they shall be worn, at least in Atlanta, only on festive occasions such as Hal-lowe'en.

This decision was late in coming. But when it did come it couldn't have happened in a better place. For a gang of Atlantans, some 30 years ago, began wearing masks on occasions that were far from festive.

Their treacherous idea spread. Soon many states had similar gangs of men, and women, too—craven, ignorant, bigoted, cruel people who aped the terrorism and childish ceremonies of the Atlanta founders.

These people who claim to be 100 per cent Americans may no longer hide their proud faces from other Americans. They still may prefer to carry on their brave work under the protection of darkness.

Another 'First' For Soviets

Russians are reported transporting from Siberia to Moscow a tremendous slab of glacial ice in which there has been preserved, for thousands of years, the complete body of a mammoth, apparently in perfect condition.

No doubt we soon shall see a dispatch in Pravda, citing this find as proof that aboriginal Russian scientists invented the deep freeze, only to have the idea stolen by decadent, imperialistic western capitalists.

Back To The Two-A-Day

New York's Palace Theater, once the mecca of vaudeville, is going to bring back the two-a-day. The only reasonable guess why this dormant art is being revived would seem to be that vaudeville acts on television have convinced showmen that people again will pay to see those acts in the flesh.

Thus the fear that every new entertainment medium will destroy an existing one seems to be refuted once again. We doubt that television is going to kill anything. We even doubt that vaudeville will kill television.

The U. S. Army has added a bagpipe band and among the members are soldiers Chatel, Logan, Orenstein, LeDuc and Katzman. Typical Scots.

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

Drew Pearson says: Secretary Brannan offered to get out of cabinet to make room for fellow townsman; although one of the first ladies of Washington, Mrs. Brannan washes husband's shirts; mild of manner, Brannan fights for principles.

Editor's note—The brass ring, good for one free ride on the Washington Merry-Go-Round, today goes to Secretary of Agriculture Charles Brannan.

WASHINGTON—Bald, bespectacled Charles Brannan, author of the much debated farm program, is the most unusual member of the cabinet. He is the only cabinet member who has offered to drop out of the official family if it would help Oscar Chapman's chances of becoming secretary of the interior.

This gesture was not grandstanding by Brannan. He really works good for one free ride on the Washington Merry-Go-Round, today goes to Secretary of Agriculture Charles Brannan.

Steady as a plow horse, Brannan endeared himself to Truman by stumping the hinterlands and winning the farm vote for the Democrats. Although a youngster in the cabinet, Brannan was rewarded with the job of coordinating the President's economic stabilization program in Capitol Hill.

THE DOCTOR SAYS

Improper Elimination Of Bile Is Cause Of Jaundice Ailment

By EDWIN F. JORDAN, M. D. Written for NEA Service. When the bile is not eliminated normally, the pigment contained in it is carried in the blood stream to all parts of the body and produces a typical yellowish color of the skin and mucous membranes, most conspicuous in the whites of the eyes. This is called jaundice.

Jaundice can be a complication of several different kinds of infectious diseases or the result of anything which blocks the outflow of bile, such as a gallstone lying in the passageway, or a clump of parasites.

When the jaundice is caused by obstruction of outflow from the gallbladder, surgery is usually necessary, at least if the condition has lasted for any length of time. Sometimes the obstructing gallstone or other substance can be removed and drainage restored. In other cases the entire gallbladder may have to be taken out or some other operation employed.

Jaundice can be produced also by certain poisons or infections. Some poisons, such as trinitrotoluene (TNT) act on the liver so that bile pigments are not passed through and accumulate in the blood. In other cases, accumulation of bile coloring matter in the tissues is caused by increased destruction of red blood cells which are the original source of this pigment.

Tidelands Dispute Halts Development, Says Shell Official

HOUSTON—(AP)—Development of valuable properties is being held up by the tidelands oil dispute, the president of Shell Oil Company said Thursday.

H. S. M. Burns of New York said the tidelands should go to the states but Shell "would like to see the thing settled, one way or another, if necessary, by compromise."

Only Question About General Fleming Is 'Can He Cook, Too?'

By PETER EDSON NEA Washington Correspondent

WASHINGTON—They'll soon be calling Maj. Gen. Philip Bracken Fleming, "General Fixit." Ever since about 1933, whenever there is a tough trouble-shooting job to do around here, they call on General Fleming.

He says he doesn't know anything about the Maritime Commission. All he knows about ships is what he learned as an Army engineer officer. He has seen duty in the Canal Zone, the Philippines and on every district of the Mississippi River. He mentions with a quiet chuckle that before the war the Army engineers had more shipping tonnage afloat than did the U. S. Navy.

In October, 1939, as a lieutenant colonel he was holding a hearing on upper Mississippi navigation at St. Paul when he was called to the phone by General "Pa" Watson, Roosevelt's secretary. He said the President wanted Fleming to come down to Washington and administer the Fair Labor Standards Act.

This scholarship piece is one he has made in half a dozen pieces this year. He has found that the top generals and leaders from his class at West Point all came from the top 25 per cent, scholastically.

General Fleming himself probably would have been a four-star general but for a physical injury sustained in earlier service. This barred him from field command. The Army's loss was government gain elsewhere.

Questions and Answers

Q—Has any official explanation been made of the "flying saucers?" A—The Air Force states that to date the Air Force has seen no tangible evidence which would support a theory that any of the saucer incidents are attributable to activities of a foreign nation. On the other hand there is no evidence to deny categorically such a possibility.

Q—How many of the seven wonders of the ancient world are still standing? A—One. The Great Pyramid at Gizeh, which covers 13 acres of ground and is about 450 feet in height. It served as a tomb for Cheops and contains several exceedingly well-hid 'en passages.

Q—Is the prairie dog a real dog? A—The name "dog" as applied to this animal is inaccurate, as it is a true rodent.

Q—Reports on egg laying by American hens show that on the average the hens in large flocks of 400 or more lay more eggs than hens in smaller flocks.

ISLAND OF ESCAPE

THE STORY: Four new arrivals on Spars Island have complicated enough "hardship" attempts to establish a colony. Fred has been puttin' four lonely women, selected through a matrimonial firm, to tests to determine which would become his bride. Now Fred still has a secret producer, George Bascombe, his sister, Melba, and Nona McGuire, actresses, have discovered there. Having just now informed the new arrivals that they are expected to follow "Spars Island rules of conduct."

"Harding would miss it eventually. Besides I don't even know where it's stored."

"I do," Lilly said. "And you could take a bottle or so out of a bottom case. It wouldn't be missed for a long time so nobody'd know you took it."

"So that's what you and Nona McGuire were talking about this morning?"

"You don't miss much," Lilly grumbled. "But it's the truth. She was telling me how irritable Fred gets."

"I'd like to help you out, Lilly," Bea said. "But why should I stick my neck out for Sillwell?"

"Mrs. Warren eyed her speculatively. "It could mean something—but never mind. I can handle it myself. At least I suppose I can count on you not to blab!"

"That's something a school-teacher learns early in life," Miss Cosgrove said.

At dinner that evening Sillwell's glumness was replaced by a vivacity which told of both accomplishment and not too strict rationing. Bea Cosgrove was not positive it was an improvement.

THE third morning after the wreck of the Gullwing, Bea and George Bascombe walked along the trail to Fisherman's Beach. George stumbled over a rock. "As if it wasn't bad enough, being stuck on this dirtpile with a bunch of freaks, but to lose all my glasses!"

## Midlander Is Active In Sul Ross Affairs

ALPINE—William (Bill) Pate of Midland, retiring president of the Future Teachers Club at Sul Ross State College, was the toastmaster at its annual Spring banquet Monday night when he handed the gavel to Miss Dorothy Alam of Sioux City, Neb., incoming president.

Pate, a junior student at the Alpine college, is the son of Mr. and Mrs. R. F. Pate, 417 South Fort Worth Street, Midland.

He is active on the school campus and is a member of Mask and Slipper, Gavel Club, Hard Rock Club and Glee Club. He also is a class officer.

## General Sticks To Guns In Opposing Decontrol Of Rents

SHREVEPORT, LA. (AP)—The deputy commander of the Air Force Training Command is sticking to his guns on the question of statewide rent decontrol in Texas.

Major General Robert W. Burns thinks statewide decontrol would be a bad thing for the Air Force. He set out his reasons in a letter to Texas Governor Beauford Jester on May 6 and repeated them Thursday.

But the general added: "Above all, I wish to reiterate that we of the Air Force are not attempting to tell the people of Texas how to run their business x x x."

The author of Texas' decontrol bill, Rep. Carlton Moore, charged in Austin Wednesday that the general was forced by Washington officials to oppose the bill. General Burns called the charges "unheard of."

He said Air Force personnel need to find living quarters reasonably in line with their pay, if they are to have their families with them.

ELLIS AT CONVENTION  
Newbie Ellis, of the Ellis Funeral Home, will return Sunday from Galveston where he has been attending a meeting of the State Embalmers and Funeral Directors Association.

If they can't do that, the general said Thursday, airmen have "no alternative but to sever their enlistments in the Air Force on the grounds of hardship or to await the expiration of their current enlistment and retire from Air Force service."

USE LARGER NEEDLE  
To stitch soft leather by machine, use a larger sized needle than for ordinary sewing, and lengthen the machine stitch so that the needle holes will not be so close that they weaken or tear the leather.

Mr. Clara Atchison has returned from Electra where she attended funeral services for her brother-in-law O. J. Richardson.

Millions of books have been written since man first learned to record his thoughts in written symbols. Many of these have been valuable; others were hardly worth reading, and few possessed the qualities of literary permanency.

The book most essential to the happiness and welfare of humanity is the Holy Bible. It is educational in itself, touching every phase of human thought and knowledge, and is the only book that bridges the gap between man and his Creator.

Writing may be educational, inspirational, promotional or merely entertaining. Books deal with the arts and techniques of life, the lives of people and the movements of history. Essentially the Bible deals with the spiritual elements of life and man's relations to God.

Wise men keep their hands on the Bible as the source of ultimate truth and an infallible guide to right living. They know that beyond the material is the spiritual, beyond today is tomorrow, and beyond the world is God.

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

# Monty Stratton Undecided On Future Baseball Plans

GREENVILLE, TEXAS.—(P)—Monty Stratton, whose courageous return to professional baseball despite the loss of a leg made the headlines and a movie that paid him a small fortune, isn't sure whether he's through with the game.

He's certain he doesn't want to manage a ball club although he's had some Class AA offers.

Resting here after working in Hollywood as technical advisor on the picture "The Stratton Story," Monty said: "I've said before I was going to quit but I've always gone back. So let's just leave that question open."

Stratton was the toast of the majors in 1938 as he pitched for the Chicago White Sox. In the winter of that year he went hunting at his farm near here. He tripped over some brush and fell. The gun accidentally discharged into his leg. They had to amputate.

That ended the baseball career of Monty Stratton, said everybody—except Monty Stratton. He got an artificial leg. He worked hard. Finally he organized a semi-pro team around Greenville. Soon he was pitching again. His big moment came at Houston in a semi-pro game where he hurled a four-hit, 2-0 victory.

That was what he wanted to know. He signed a contract with Greenville of the Class C Lone Star League. He won 18 games while losing five. And he fielded in acceptable manner. The only concession was that he could have a runner when he got on base.

The next year he pitched with Waco of the Class B Big State League. He won seven and lost seven with a tail-end club. The only nights Waco drew a crowd was when Monty was going to pitch.

Then came the movie and Stratton dropped out of baseball. It's been a year.

Baseball men think Monty will return. It will have to be something besides a manager, though. He won't say why but he just doesn't want that job. "I think I could teach young pitchers some tricks," he says. "So if I go back to baseball it probably will be as a coach."

Stratton owns a 43-acre farm east of here and another of 250 acres north of town. He lives on the 43-acre place.

Monty will ride in a parade here Saturday. It has been designated as "Stratton Day." Then he will star in "The Stratton Story" at a Greenville Theater.

He says it adheres as closely to facts as any picture Hollywood ever made. Except, that that four-hit, 2-0 game is changed to 2-1 and the other team got more hits than it actually did. "The movie people said audiences wouldn't believe the true story because it was just too good to be true," he says.

Ken Heintelman of the Phillies and Vic Raschi of the Yankees turned in the first shutouts in the National and American Leagues, respectively, this spring.

Johnny Palmer Sets Goodall Spree Pace

NEW ROCHELLE, N. Y.—(P)—Fifteen other pro stars took up pursuit of a high-flying Johnny Palmer in the second round of golf's annual mathematical spree, the Goodall Tournament, at the Wyckoff Country Club.

With a score of plus 14, the stocky youngster from Baden, N. C., led the field at the end of the opening round Thursday, although his medal score of 70 was not the best of the day.

Byron Nelson, the semi-retired Texan who said after a shanking, hooking practice round, "They'll murder me in this tournament," and Dr. Cary Middlecoff of Memphis shared that honor. Each turned in a 69, three under par for the rugged, three-holed layout. Each also finished with a plus nine score for the first day.

The competition provides that each of the 16 entrants will meet each of the other entrants over 18 holes once during the five rounds of play, with scoring being on a medal basis—plus for the number of strokes lower than any particular opponent and minus for those higher. A man plays three opponents, simultaneously in each foursome.

## MAJOR LEAGUES—Parnell's Pitching Sole Bright Spot For Red Sox

By JACK HAND  
Associated Press Sports Writer

Mel Parnell's pitching is the only bright spot in the dreary Spring showing of the mighty Boston Red Sox. It took Parnell's brilliant, 11-inning victory over Chicago Thursday to pull the Sox up even with last year's sorry opening month.

In 21 games, counting one tie, Boston has had only eight complete pitching performances. Parnell threw five of them. He has gone the route every time, losing only once in 12 innings.

Parnell struck out 11 White Sox hitters Thursday but needed an 11th inning homer by Vern Stephens to get off the hook 2-1.

Washington's nine-game winning streak finally was snapped by Detroit's Virgil Trucks 2-1.

The St. Louis Browns blasted three home runs to rout Lou Bristie and the Philadelphia A's 9-3.

The New York Yankees and Cleveland were not scheduled.

Cincinnati, which stopped the New York Giants' winning surge after seven in a row, made it two straight on a 3-0 shutout by Ken Raffensberger.

Brooklyn's Ralph Branca became the National League's first five-game winner with an 11-6 verdict over Pittsburgh.

Hank Borowy, traded to the Phillies by Chicago last winter, whipped his old club mates the first time he faced them, 4-3.

Tom Rodrock Hopes For Beginner's Luck With Sun Bahram In Crack Preakness Field

BALTIMORE.—(P)—Trainer Tom Rodrock is hoping to have "the winner's luck" in the Preakness Saturday.

Tom has been training horses since 1912, but Sun Bahram will be the first starter he will saddle for

Pimlico's classic for three-year-olds. The horse was entered officially early Friday morning.

Tom almost made the 1931 Preakness. He had Sun Meadow ready to go. But the colt got a sore throat the week before and had to be withdrawn.

Sun Bahram is "going to have to run" against the crack Preakness field but Rodrock feels the colt is ready for it. Sun Bahram got a taste of two of Saturday's probables at Haver de Gueux.

He was beaten a nose by the Pincher in the Chesapeake Trial in which Noble Impulse, one of the likely Preakness starters, was fifth.

In the Chesapeake Stakes, won by Capot, a probable favorite Saturday, Sun Bahram wound up fifth but Rodrock blames himself because he took the blinkers off the colt for the first time and he "ran bad."

Noble Impulse, Ponder and Capot are among nine entries expected to be made Friday. However, Christians Stable plans to scratch Parliament unless there is an unexpected rain. Noble Impulse may stay in the barn in that event.

The others set to make the parade to the post at 3:15 p. m. (CST) are King Ranch's Curandero, Isidor Bieber's Palestinian, Clifford Moore's Old Rockport and Mrs. Ada L. Rice's Model Cadet.

Eight starters would make the gross value of the Preakness \$109,870. Pimlico chopped its share down this year from \$100,000 to \$75,000.

Rifle Club To Hold Shoot Here Sunday

The Permian Basin Rifle and Pistol Club will hold a series of big bore rifle matches on the club ranges at Midland Air Terminal Sunday. Shooting is scheduled to start at 10 a. m. and will continue into the afternoon.

Competition will be mostly in the class for big game rifles and some events are scheduled in the varmint class. Running deer target shooting will be a feature of the event.

All deer hunters and other shooters have been invited to enter the matches. Prizes will be awarded.

Presbyterians Plan Dallas-Atlanta Shift

ATLANTA, GA.—(P)—All functions of the General Assembly of the Presbyterian Church, U. S., now located in Dallas would be shifted to Atlanta under a proposal to be submitted at the assembly session in Montreat, N. C., May 26.

In proposing the shift, an interim committee said Atlanta is "a recognized transportation and distribution center for the area now served by our church."

Texas League—Lowly Exporters Clip Eagles' Wings; Indians Win Again

By The Associated Press

The Texas League clubs were cutting down to the limit of 19 active players Friday and they also were cutting the Dallas Eagles down to size.

The Eagles took another lacing Thursday night and got outslugged—something that was unheard of until lately.

From down near the cellar the Beaumont Exporters arose with fury to batter Dallas pitching for 18 hits and an 11-6 victory. The once-fearsome Eagle bats were pretty impotent—only six hits.

Oklahoma City continued its sensational surge. The Indians won their tenth game in 11 starts by licking the Houston Buffs 9-6.

Tulsa beat San Antonio 5-4, and Shreveport whammed Fort Worth 6-5 in other games.

Beaumont pitchers gave up 10 bases on balls but Dallas couldn't do much about it. Jerry White hit a homer with the bases full but that was the best the Eagles could do.

Houston and Oklahoma City hooked up in a free-hitting battle which saw six pitchers toil for the Buffs and two for the Indians.

Walter Cross, sent to Tulsa on option by Cincinnati, made his debut and beat San Antonio by scattering 10 hits in eight innings.

Fred Bacewski got credit for his fifth win of the season in Shreveport's victory over Fort Worth but he lasted only seven and a third innings. Howie Auman finished.

Quite a few players were optioned or released as the clubs got inside the 19-player limit.

Proof that the Cardinals made an error in selling Murry Dickson to Pittsburgh came in Dickson's first start against his former mates. He beat them 7-1.

## Lubbock Cage Coach Asks To Be Relieved

LUBBOCK.—(P)—Roy Morris, Lubbock High School's basketball coach, has asked to be relieved and the Lubbock Avalanche-Journal says it has learned of a variance between Morris and Pat Pattison, head football coach and athletic director.

"Morris wanted all basketball candidates to report for early training and to give up football," the paper says. "Pattison wanted the players to take part in football, then play basketball."

Superintendent R. W. Matthews praised Morris for his work but said he would recommend to the school board that his request be granted and that he remain as a full-time teacher.

North Carolina State will play 10 football games next fall, opening with North Carolina's powerful forces at Chapel Hill on Sept. 24.

## Howard Payne Sets Qualifying Pace At Brownwood Event

BROWNWOOD — (AP) — Finals were being run off Friday in the annual Texas Conference Spring meet.

Howard Payne of Brownwood dominated the qualifying preliminaries Thursday.

Eugene Carter of Howard Payne, sophomore from Littlefield, topped 100-yard qualifiers with a 9.8-second performance. He anchored his team to lead the 440-yard relay in 42.8.

Elvin Sparks of Austin, also of Howard Payne, led the 120-yard high hurdles in 14.9 and the 220 low hurdles in 26 flat.

Leon Leppard of Big Spring, Abilene Christian College freshman, led the 440-yard run in 49.8. Frantz Myatt of McMurry topped the 220-yard dash in 22.5.

Others qualified from Austin College, Texas A&M and Southwestern University. Howard Payne is defending champion.

# Ballinger Cats Nip Indians 3-2; Tribe Off For Week On Road

## Stewart To Hurl Vernon Opener; Gilliam Is Next

The Midland Indians pulled out of Indian Park headed for Vernon Friday morning for a three-game series with the Dusters. The Tribe will return to Odessa for the first series of the year with the Oilers Monday, Tuesday and Wednesday.

Manager Harold Webb announced Weldon Stewart as the starting hurler against Vernon Friday. Bill Gilliam was named for the Saturday night tilt.

The Ballinger Cats put a mighty fair hurler on the mound in Indian Park Thursday night and walked off with a 3 to 2 decision in one of the top ball games of the year. Hurler Garcia of the Cats hooked up with Lefty Ernie Nelson of the Indians in a long pitching duel.

Curiously enough, both hurlers showed up the weakest in the third inning. Ballinger picked up two runs off Nelson when he walked two men and gave up two singles. Midland garnered one tally in the inning on two walks and a single.

The Indians played one of the smartest games of the season Friday. A double play, Hughes to Rose to Slicer, cut off a Ballinger rally in the sixth but only after the winning run had scored. Carriel Nipp saved Nelson two runs in the seventh when he made an outstanding running catch of a fly ball in right field with two men on base.

Jones Leads Hitting  
Kenny Jones led Midland's eight-hit attack at the plate, going two for three and batting in both Indian runs. He drove in Rose with the first run in the third inning after Rose had walked. Nelson had walked and Hughes had singled.

In the fifth frame, Jones singled home Hughes. Hughes had singled to open the inning and Slicer pumped one into leftfield for a single to move Hughes around to third. It was the only time during the contest the Indians were able to bunch their hits.

Just before Thursday night's contest, Manager Harold Webb announced the release of four pitchers. Morgan Terrell, Forrest Martin, and Clyde May, all rookie hurlers were given their outright release. Levi Jones, a limited service pitcher who had been here two years, was released and sent to Longview.

The Indians now have on the roster Pitchers Ernie Nelson, Ralph Blair, Sam Van Hooker, Weldon Stewart, Glenn Patton, Bill Gilliam and Rudy Kellee. Infielders include Warren Slicer, Bob Rose, Stanley Hughes and Gus Penna. Outfielders are Lowell Adams, Ray Coss, Carriel Nipp and Martin Filigamo. Kenny Jones is the only catcher on the roster.

Boys Alvis has been placed on the disabled list due to weak ankles and Julian Presley currently is on the temporary suspended list while visiting his wife in Fort Worth. He'll be back with the club probably Sunday.

District 3-AA Baseball Race To End Friday  
The District 3-AA baseball championship was to be decided one and for all Friday afternoon. The San Angelo Bobcats, already eliminated from the race, were scheduled to battle the surprising Abilene Eagles in the final game at San Angelo.

Lamesa, currently on top in the standings, completed its schedule by dropping a 5 to 3 decision to Abilene. The Tornados had beaten San Angelo earlier in the week.

San Angelo is the key team in the race. If the Bobcats stop Abilene, Lamesa gets the title. If Abilene wins, the Eagles will carry home the bunting.

Duke Snider, No. 3 hitter with the Dodgers this spring, was groomed for the spot two years ago when Brooklyn trained in Havana.

# SPORTSLANTS

BY SHORTHY SHELburnE

Baseball, truly the great American game, scored another victory for the betterment of the national pastime here Thursday morning. But for the loyal support of the game and the willingness of those involved to do everything they could to help it, there would have been much undesirable scandal arising from a situation brought to the attention of the civil courts.

Sports Slants is giving you the full story on the Stu Williams affair as it happened according to testimony rendered in the court and the commendable action allowed by City Judge J. M. DeArmond.

Credit also goes to Manager Harold Webb of the Midland Indians, Tanner Laine of this newspaper, Leonard Proctor, Robert K. White, John Hughes, J. A. Tuttle, and Manager Charlie English of the Ballinger Cats all of whom were parties to presenting baseball's side of the question.

Stu Williams was brought into Corporation Court Wednesday morning on a complaint filed by a Midland fan which charged the Ballinger outfielder with abusive language in the presence of several individuals in such a degree as to create a breach of peace.

Judge DeArmond accepted the charge and proceeded to the point of taking action.

Tuttle, Proctor, White and Hughes all were called to testify as to what took place at the time Williams was charged with committing the offense.

Substantially the same. They said in effect Williams, after having struck out at the plate in a game between the Midland Indians and the Ballinger Cats in Indian Park the night of May 4, did use profane language to a group of fans who included Tuttle, Proctor, White, Hughes and several others, some of whom were women.

Harold Webb took the stand to enlighten the court on baseball's ways and means of handling such cases and expressed a desire to have the matter handled by the National Association of Baseball.

All of the parties involved in the incident agreed to such a course of action if Williams would make due apologies to the offending parties, especially the women. Manager Charlie English assured the court and fans Williams would apologize.

The court then expressed a desire to give baseball a chance to take care of its own and keep the game clean and wholesome within itself.

Judgement in the case was withheld awaiting notification of the action taken by the Longhorn League and the National Association. Williams was to apologize.

Sports Slants sincerely hopes the matter will be justly thrashed out in baseball circles. It is highly embarrassing to us and to the players for such matters to find their way to the courts. Williams definitely was in the wrong, assuming that testimony given is true and there is no reason to doubt it. But the offender should be punished by baseball methods because it's been proved over and over again baseball has the

### Ranchers Notified Of Grazing Program

James A. Boyd, Midland County PMA Supervisor, Friday requested all ranchmen interested in the deferred grazing program to make application before June 1.

The deferred grazing program begins on that day. Those persons interested may make application at Boyd's office on the second floor of the courthouse.

It will be possible to defer 25 per cent of grazing land at 12 cents per acre, or not to exceed the individual limit of \$750.

## Crane News

CRANE — The Crane County grand jury recently returned four true bills, according to records in the county clerk's office.

They Leaman and John Bindman are in Dallas attending the national shoe market.

Tuesday night has been designated as Ladies' Night by the Brotherhood of the First Baptist Church. A trio from the First Baptist Church in Midland is to present vocal numbers.

Mrs. J. M. Johnston suffered a fractured collar bone when the automobile in which she and her husband were riding turned over during a rain storm near Dunice, N. M. last week. Mr. Johnston received only minor injuries.

Mrs. Selman Cooke and daughter, Vicky Lynn, departed for Lubbock Saturday. They will remain there until he completes his studies this school term.

The Crane County Commissioners Court has accepted the bid of Schwoppe Brothers of San Antonio for paving 108 blocks in Crane. Work is to start May 25 and be completed within 90 days. The project will run more than \$100,000 in cost.

## Daddy Ringtail

### Daddy Ringtail And Monkey Mice

Sammy and Bobby, the monkey boys, always liked to wake up early in the morning. They would get out of bed and play, and that was all right with Daddy Ringtail—as long as Bobby remembered to use his quiet voice. But when Bobby used his loud voice, which he did most of the time, Daddy Ringtail would wake up too.

One night, right after the little monkey boys had climbed into bed, Daddy Ringtail said: "Bobby! Please remember to use your quiet

voice in the morning. I want to sleep late. And Sammy! Don't let Bobby forget!"

Bobby said he would try to remember, and Sammy said he would help Bobby do it.

Said Daddy Ringtail: "Be as quiet as a little mouse!"

And the monkey boys said they would.

And Daddy Ringtail thought that would be such a good idea, he said: "Be as quiet as two mice. 'Monkey mice!' said Bobby, which meant that he would try to use a voice as quiet as a mouse would use if the mouse were a monkey.

The boys were very quiet indeed when they awakened the next morning. They talked in whispers, which was the quietest voice they could think of. But as they talked about using his quiet voice, his quiet voice became louder and louder.

"Bobby!" said Sammy. "Use your quiet voice!" And Bobby did—until he forgot again. Why? It wasn't two minutes later that Bobby was talking in a play-like voice as loud as the one a monkey boy uses when he forgets to be a monkey mouse.

Then Sammy said: "Use your quiet voice!" And Sammy said it real loud, because he was beginning to be a little bit angry with Bobby's forgetting. But Bobby, lit-

the monkey that he was just couldn't remember.

"USE YOUR QUIET VOICE!" Sammy shouted, and up Daddy Ringtail jumped in bed to hear it.

That is what awakened Daddy Ringtail, and Bobby didn't do it at all—not that time, Sammy did. But no one can sleep late in the morning, if there are monkey boys in the house. And you might remember that, if you ever get some to live with you. Happy day!

Stars Of Midland Shrine Circus

Cheerful Gardner, veteran animal trainer, commands 65-year-old Jennie to sit up and pose for a group of wide-eyed children. Gardner's herd of Hollywood elephants is featured in the Polack Brothers Shrine Circus which opened a two-day engagement here Friday. Three baby elephants, including a set of twins, will be on exhibition during the circus engagement at Midland Memorial Stadium.

In Memorial Stadium— Shrine Club Circus Opens Two-Day Engagement Here

The circus came to Midland Friday. Polack Brothers Circus moved into the Midland Memorial Stadium Friday morning for the first annual Shrine Club Circus. The two day engagement will offer two shows daily. Performance times Friday are 3:45 p.m. and 8:15 p.m. On Saturday the matinee will start at 2:15 p.m. and the evening show will be at 8:15 p.m. Stadium gates will be open one hour ahead of all performances. The stadium was a scene of bustling activity as riggers and technicians turned the grounds into a three ring circus lot. Special care was taken with the high rigging for the daredevil thrill acts such as the spectacle presented by the Sikorskas, who perform while suspended by their teeth from great height.

A search of two continents has resulted in obtaining the outstanding attractions from European and American circuses, with many of the artists making their first American tour. Among them is the darling equestrian exhibition of Melitta and Wiconas, newly arrived from Sweden. Wiconas balances a tall steeple-like rod from his shoulder, without the aid of his hands, while his attractive partner ascends to the top of the shaft doing a startling upside-down walk out the end of an extension bar, by putting her feet through a series of inverted loops. Others whose apparatus went up quickly was that of Miss Malinkova, high-wire aerialist; the Charltons, high wire artists; the Four Flying Wards, trapeze stars; Billy Barton's giant cloud swing and the trappings for the all-girl aerial ballet.

'Who Gets Swindled By Swindle Sheet?' Hal Wants To Know

By HAL BOYLE  
NEW YORK—(AP)—It is night out and a cold Spring rain is falling. And the darkness outside is matched by an equal darkness in my mind.

Before me on our antique walnut desk (Grand Rapids, Circa 1938) is spread a paper of doom. It is covered with scrawled figures of financial disaster.

Across America at this moment, in homes and hotel rooms, probably 100,000 fellow citizens are staring at such papers.

And they have the same problem I do. They are filling out expense accounts. And what they are trying to do is to reconcile lifelong principles of honesty with a selfish desire to stay out of bankruptcy. The object is to break even. But how can you?

I have just come back from a trip. And where did the money go? For the life of me I can't figure it out. I must have been throwing it away with both hands and kicking it away with my feet. Two Standards of Honesty

I can't account on paper for much more than half the money I drew for the trip.

All roving newspapermen and traveling salesmen have the same trouble. Who started this nonsense about calling an expense account a "swindle sheet"? The difficulty is in keeping it from swindling you. With me the point of no return starts when I sit down to fill out an expense account.

They should teach in school how to fill out expense accounts. And the teacher ought to be "Yellow Kid" Well, the retired confidence man.

There should also be taught two standards of honesty. One would hold in all general dealings with your fellow man. The other, a more elastic standard, would hold in accountings you have to wives and employers.

House Passes Last Money Bill Before The Weekend Rest

AUSTIN—(AP)—The Senate can go to work on all the big money bills next week if it desires, and the House hopes it will do so. The House polished off the last of the four measures Thursday when it finally passed 108-17 a 60-million dollar appropriation for state-supported colleges during the next two years.

Both Houses adjourned until Monday. As sent to the Senate, the bill is almost two million dollars larger than when it came from the Appropriations Committee. But it is approximately five and one-half million dollars less than the Senate Finance Committee's version.

All of the major appropriation bills as drafted by the Senate committee are larger than the companion measures finally passed by the House—to take care of state departments, hospitals, courts, and colleges the coming biennium.

Hikes Outweigh Slashes  
That means a compromise bill will be the final answer. The economy faction chipped a little bit off two items in the bill for higher education, but other members tacked a lot more on.

The increases were made in two large allocations, a \$1,350,000 provision for an atomic energy laboratory and radiological institute at M. D. Anderson Hospital for cancer research and a \$1,000,000 outlay for a new building for the School of Dentistry.

Both establishments are at Houston and are branches of the University of Texas. The greatest cut in the bill resulted from elimination of the Cotton Research Committee of Texas as budget. Wiping out of the agency at Texas Tech in Lubbock would save the state \$348,000 for the biennium.

Senate opposition to abolition of the research committee was considered likely. The House debated at length an amendment which would have given the Prairie View Agricultural and Mechanical College of Texas, a negro institution, \$470,682 more for the next two years, then killed it 66 to 57.

Immigration Officer Charged With Beating

CORPUS CHRISTI—(AP)—Mrs. Margarita Martinez says a beating given her during questioning about her citizenship caused her to lose an unborn child.

She filed a charge of aggravated assault Thursday against U. S. Immigration Officer Robin Clark. Mrs. Martinez accused him of beating her during questioning April 19. She has a birth certificate showing her a U. S. citizen.

The government has been asked to investigate by her doctor and the League of United Latin American Citizens.

Social Situations

SITUATION: A woman asks you a question concerning your husband's business affairs. You are not sure he would like to have you discuss them.

WRONG WAY: Answer the question but impress on her the fact that you prefer not to have what you say repeated.

RIGHT WAY: Sidestep the question. A wife can always feign ignorance of her husband's business affairs if she wishes.
