Truman's Threats

Harry Truman is the first President since Warren G. Harding to graduate to the White House from Congress.

This Congress, or any Congress, is highly conscious of its prestige and dignity. Its members have their differences.

Yet Truman seems to take periodic delight in rubbing his former colleagues the wrong way. He has cast aspersions at the Republican 80th Congress and the Democratic 81st.

And now, unless the national commander of the American Veterans Committee has deliberately misquoted him—which seems most unlikely—Truman has obliquely invited Virginians to oust their senior senator with the remark that there are too many Byrds in Congress.

This is surprising for two reasons. One is that Truman surely knows the hazards of trying to purge a rebellious Congress of its disobedient members.

The second reason is that Truman has seen that more congressmen are captured with sugar than with vinegar. The President has tried toughness with this Congress, and he also has tried a little cajolery.

Somehow Truman just doesn't seem to be the tough type. He is apparently a down-to-earth, agreeable man whom his former colleagues on Capitol Hill instinctively want to like.

President Truman accomplished the seemingly impossible last Fall by winning the voters who seemed so surely committed to another candidate. He did it partly by exhorting the last Congress and promising better things from the next one.

Now, to fulfill his promise, he must win the present Congress to his way of thinking. However much he may disagree with individual members, he certainly is aware that the Congress, as an institution, is the dignified organ of his own office.

Blue-Ribbon Mink

The Federal Trade Commission has ruled that fur coat manufacturers may not advertise their products as being made from "prize-winning minks" unless it can be proved that they really are.

This fine distinction had never occurred to us. We always had supposed that the lady who got the coat, not the animals that went into it, was the prize-winner.

Children are little people constantly bawled out for acting as their parents did at that age.

Crocodile tears seldom fool anybody—except the one who sheds them.

Whittler's Paradise

DREW PEARSON ON The WASHINGTON MERRY-GO-ROUND

(Copyright, 1949, By The Bell Syndicate, Inc.) Drew Pearson says: Mrs. Roosevelt helped prevent U. S. vote in UN on Spain; American ambassador in China irate at British compromise; Senator O'Mahoney investigates blanket atomic contracts.

WASHINGTON—Inside reason why the American delegation to the United Nations abstained from voting on Spain was because Mrs. Eleanor Roosevelt, threatened to denounce the State Department publicly if it voted for Franco.

The British have concluded that they never will be able to hold out on Hong Kong against the Communists even with the new land, air and sea reinforcements that have been rushed there, hence their willingness to compromise.

Warren Austin, the U. S. delegate, was all set to vote for sending ambassadors back to Spain when Mrs. Roosevelt found out about it. Immediately she telephoned Secretary of State Acheson and gave him her very blunt views on getting cozy with a dictator who had played ball with Hitler and Mussolini during the war.

In 1946 the Atomic Energy Commission signed a contract with General Electric for atomic energy work at Hanford, Wash., and Schenectady, N. Y., under which GE was paid all its costs plus a fixed fee of \$1. The total amount obligated under this contract was \$70,000,000, of which \$7,000,000 was paid to General Electric.

The two women who are fighting over Senator Harry Cain, Republican of Washington, actually came face to face the other day. Mrs. Cain, who was put on notice by her husband in a public press conference that he was divorcing her, nevertheless turned the other cheek and went to the hospital to visit the sick senator.

Meanwhile, Senator O'Mahoney points out that it has become a common practice of the Atomic Energy Commission to appropriate around Congressional appropriations by authorizing blanket contracts in such a way that Congress cannot judge their validity.

One of the public-opinion gimmicks put out by some of the real estate boys is that a state temporarily can get rid of rent control, then later restore it—under the Rent Act recently passed by Congress.

U. S. base on Cyprus—The United States and Britain have started to build a defense installation on the island of Cyprus as part of the master plan of sea and air bases under the Atlantic Pact. Two shiploads of the latest American radar equipment have arrived at Cyprus in the past ten days.

Without telling Stuart a word, British representatives talked with the Chinese Communists twice last week. By accident Stuart has discovered that what the British have proposed is this: If the Chinese Communists let the British keep Hong Kong, the British government then will be willing to extend formal recognition to the Communist regime.

SITUATION: A young man, just starting to date, wonders whether he should suggest a place to go, or let the girl he's dating decide how she will spend the evening.

McKenney on Bridge

By WILLIAM E. MCKENNEY America's Card Authority Written for NEA Service I have taken today's lesson hand from an article written by Geoffrey Mott-Smith in the April issue of the Bridge World, the title of which is "Think! Think! Think!"

He gave today's hand, which was one that he had prepared for a private Olympic game in Trinidad. He went so far as to say that the contract must be played at six spades and that West must open the eight of spades.

With the spade opening the declarer wins it with the ten spot. You can see that he can ruff only one diamond, so he cashes the ace and king of diamonds and ruffs the third diamond. Now he should lead the king of hearts.

TODAY AND TOMORROW By John P. Butler Chairman, Midland County Savings Bonds Committee

MAY 19, 1949 306 years ago, 1643, The New England Confederation was formed by Connecticut and Massachusetts Bay for the purposes of defense.

MAY 19, 1959 10 years from today, you'll realize, if you invest in U. S. Savings Bonds NOW, the wisdom of the saying "Only the thrifty can be strong."

THE DOCTOR SAYS Calories Measure Amount Of Body Heat Food Will Produce

By EDWIN P. JORDAN, M. D. Written for NEA Service The amount of heat produced by the body is measured in units known as calories, just as distance is measured by the inch or the foot.

Fats have the highest caloric value in relation to their bulk. In other words, a pat of butter will supply more calories than a square of the same size of lean meat, potato or bread.

So they say

Our country will never keep its strength, will never remain a world power—our enemies will win the cold war—if we do not keep the cost of our government within the ability of our citizens to pay.

Should another war be forced upon us, there would exist a more extensive scope for amphibious warfare than ever before in the military history of the United States.

(President Truman's medical program) is the discredited system of decadent nations which are now living off of the bounty of the American people.

Historically, the peanut plant is believed to have migrated from Latin America to Europe and then to the United States.

WASHINGTON COLUMN

Uncle Sam Shells Out Plenty In Various Subsidy Programs

By PETER EDSON NEA Washington Correspondent

WASHINGTON—U. S. government subsidies paid to private business and the farmers for the 15 years of 1934 through 1948 total more than \$14,500,000,000. This figure comes from a new Budget Bureau tabulation. It does not include the cost of the food and cotton stamp plans of 1939-43 nor the school lunch program of 1936-40 and 1947-49.

This new subsidy total does not include the programs for grants in aid to the states. In 1947 Senator Harry F. Byrd's Joint Congressional Committee on Expenditures issued a Budget Bureau tabulation on that score showing 85 of these grants-in-aid programs in operation in 1948.

Not included in either of these tabulations are the indirect or hidden federal subsidies. They go for such things as crop insurance losses, low grazing fees on public lands, postal deficits, aids to aviation, flood control, housing developments, government loans to business, payments to veterans and pensions.

The U. S. government got into this direct subsidy business in a big way in the early days of the New Deal. It was completely a depression, farm-relief program then. It ran from \$300,000,000 to just under \$1,000,000,000 a year from 1934 to the start of the war.

Of the 40-odd programs classified as subsidies in the new Budget Bureau tabulation, only nine are not of direct benefit to the farmer. He has had 11 out of every 15 subsidy dollars.

Main purpose of these subsidies was to keep down the cost of living so that wages could be held down as part of the wartime anti-inflation program.

Warime Shipping Costs The New Deal's Maritime Commission subsidies began in 1938 at \$4,000,000. They rose to \$22,000,000 in 1946. Total Maritime Commission subsidies, 1936-48, were \$390,000,000.

Government subsidy operations have been considerably reduced since 1948. For the fiscal year ending June 30, 1949, and for the fiscal year ending June 30, 1950, the total cost of these subsidies was \$2,334,000,000.

George Bascombe and Fred Sillwell helped him lower the stiffened canvas-wrapped body of Lilly Warren into the grave. The women, with the exception of Mollie, stood and watched.

Harding picked up a shovel and tossed in some dirt and rock. "Aren't you—going to say something?" Agnes Firth asked hesitantly.

Harding rapped on the table sharply. "Ladies and gentlemen of Spars Island, you have heard the facts of the case. It has been proven no one on this island could have been near Mrs. Lilly Warren at the time of her death.

There was no doubt in Bea's mind that the gun was the one she had smuggled onto Spars Island and had hidden among the sugar sacks on the night of her arrival.

BEA'S pencil point broke. She re-sharpened it quickly, looked up to meet George's glance. He returned quickly toward Sillwell, his lips twisted down at the corners.

Oilers Win Finale 16-7; Colts Next

The Midland Indians open a five-day home stand at Indian Park Thursday night against the San Angelo Colts. It will be the first meeting of the two teams this season. Manager Harold Webb has named Glenn Patton to start on the mound for Midland.

By SHORTHY SHELburnE
ODESSA—Someone opened the gate in Oiler Park here Wednesday night and all the screwy antics of baseball walked in accompanied by 16 Odessa runs, an outfielder and an infielder turned pitchers, and 20 bases on balls. On top of that, the outfielder and infielder out-pitched two supposedly first-line Midland hurlers.

Glenn Patton started for Midland and couldn't get anybody out. He allowed four runs on two hits. Rudy Kellee followed him and was even worse. He allowed three hits for three runs and didn't get an out. So, with Odessa leading seven to two in the first inning and with no one out, Julian Pressley took the hill. You won't believe it, but it's the truth. Pressley struck out eight of the first 12 men to face him and didn't allow a run for three innings. He worked like a seasoned hurler for six full innings, allowing only four hits. The infield and outfield behind him fell to pieces in the sixth and seventh more Odessa runs crossed the plate on one hit, four walks and three Midland errors. He worked like a man who is in his last frames, Pressley barged out a home run and two singles in five trips and drove in two runs.

Rose Huris
Bob Rose worked the last two innings on the hill and turned in a creditable performance. He allowed only two hits and one run. The other Odessa run came in the sixth on two walks, a balk by Pressley and a stolen base.
Midland scored two in the first on singles by Warren Sliter and Kenny Jones and two Odessa errors. They got two more in the second on a walk to Adams, a single by Pena and an Odessa error. Pressley's homer accounted for another in the fifth.
The final two runs were given to the Indians by Pitcher Jim Carson. He walked in both of them.
The box score:
Midland A B R H O A
Hughes, ss 5 0 1 1 1
Sliter, 1b 4 1 1 4 0
Jones, c 4 2 1 10 0
Pressley, 3b-p 4 2 0 0 2

Longhorn League—Dusters Gain Notch On Stasey's Cubans Oilers Tag Indians

By The Associated Press
The Vernon Dusters now are within two and a half games of the first-place Big Spring Broncos, following Vernon's 9 to 1 victory Wednesday night over Ballinger in the Longhorn League.

Big Spring's game with San Angelo was rained out in Big Spring with the Broncos leading 4-3 in the first of the fifth inning. Odessa moved into a tie with Midland for third place with the Oilers walling the Indians 16-7. And Roswell licked Sweetwater 15-7.
San Angelo had two men on base and one out in the top of the fifth when rain halted the game against Big Spring.
Four walks, three Ballinger errors and two hits gave Vernon six runs in the first inning.
Odessa counted seven runs each in the first and sixth innings.
Roswell scored six runs in the fifth and four each in the second and seventh to overwhelm Sweetwater.
Barney McCosky batted .326 for the Philadelphia As in 1948 but he failed to hit a single home run for the first season since he entered the majors in 1939.

The first game in the Boys Softball League, sponsored by the Optimist Club, will be played at 6 p. m. Friday on the high school diamond. It was announced Thursday by Jerry Monroe, chairman of Optimist Boys Work Committee.
Participating teams for the initial game were being decided Thursday and will be notified.

WT-NM League—Dukes, Abilene And Lubbock Win; Rain Idles Berger, Pampa

By The Associated Press
The Albuquerque Dukes sport a two and a half game lead at the top of the West Texas-New Mexico League Thursday after second-place Berger was idled in Pampa by rain Wednesday night.
Albuquerque beat Lamesa 3-2. Third-place Abilene trounced fourth-place Amarillo 9-3. And sixth-place Lubbock defeated the cellar crew from Clovis 8-6.
Babe Fuhrman's single in the eighth, scoring Cliff McClain, was the winning blow for Albuquerque. George Sturdivant's three-run homer in the first inning started Abilene on the road to victory over Amarillo.
Lubbock counted five runs in the first two frames and three in the fourth to down Clovis.

Goldsmith Hotel Is Destroyed By Fire
GOLDSMITH—Fire Tuesday night destroyed the Top Hotel here. Fire departments from Goldsmith, Midland Air Terminal and Odessa battled the blaze about two hours.
The structure was a remodeled Army barracks. A small two-room apartment also burned, but the Baptist Church, located nearby, was not damaged.
No injuries were reported.

Mrs. Fanny Blankers-Koen broke her own world record of 11.3 seconds winning the Olympic women's 80-meter hurdles in 11.2.

Yanks Send Keller To Minors In Cut To 25 Man Roster

NEW YORK—(P)—Major league club rosters took on a permanent look Thursday after some last minute scrambling to meet a midnight deadline on the 25-man limit.
The veteran Charlie Keller of the New York Yankees topped a list of 15 players who were sent down to the minor leagues in the final hours Wednesday night. Two others were placed on inactive lists and a third was given his outright release.

Eight of the 16 teams had reached the limit before the final day, which comes annually one month after the season opens.
Keller, who had been a regular outfielder with the Yankees from 1939 until he suffered a spine injury in 1947, was sent to Newark. The St. Louis Cardinals gave up on Third Baseman Whitley Kuroski's right arm and placed him on the disabled list. That puts him out of action for at least 60 days.
Philadelphia, Washington, St. Louis and Chicago in the American League already were down to the player limit as were Boston, Pittsburgh, New York and Chicago in the National League. The Cubs, however, engaged in two last-minute deals. They sold Pitcher Jess Durner to Cincinnati and bought outfielder Herman Reich from Cleveland.
Cleveland sent outfielder Orestes Minoso to San Diego and placed outfielder Hal Peck on the inactive list.
The Boston Red Sox moved Pitcher Harry Dorish and Jack Robinson to their Louisville farm on 24-hour option.
In addition to Keller, the Yankees released Pitcher Frank Hiller to Kansas City, sent Catcher Ralph Houk to the same club on option and assigned Infielder Mickey Witk to Newark.
Pitchers Ken Burkhardt, who had been around the majors since 1945, and Millard Howell and Catcher John Pramese were sent by Cincinnati to Syracuse.
Brooklyn sent Pitcher Ezra (Pat) McGlothlin to Montreal.
The Philadelphia Phils sent Catcher Hal Wagner and Pitcher Jocko Thompson to Toronto.
Detroit gave Utility Man Jimmy Outlaw his unconditional release, sent Pitcher Saul Rogovin to Buffalo and sold Outfielder Don Lund conditionally to Toledo.

Texas Star Buys Argentine Ponies

SAN FRANCISCO—Twenty-eight Argentine polo ponies were sold for \$45,450 at auction Wednesday night.
The ponies were flown up from the Pampas for recent West Coast matches between Argentine all-stars and U. S. teams.
The highest price was paid by the 10-goal polo star, Cecil Smith of San Antonio. Smith bought Tito, a nine-year-old chestnut horse, for \$2,800. He also bought a seven-year-old chestnut mare, Paulette, for \$2,850, and Chilton, an eight-year-old chestnut horse, for \$2,800.

Stage Is Set For West Texas Skeet Shooters' Event

Skeet shooters from throughout West Texas and New Mexico are scheduled to start firing at the Midland Gun Club ranges here Saturday morning in the first championship shoot of the newly organized West Texas Skeet Shooting Association. It will be a registered shoot.
A total of 46 trophies will be awarded to winners and placers in all divisions of the tournament. Awards will be made to high scorers from the Midland club in each event of the meet and they will be declared 1949 champions of the Midland Gun Club in their respective divisions.
All bore, 20-gauge, small gauge and sub-small gauge shooting will be held. Competition for ladies, junior and sub-junior shooters also will be held.
Don Maxwell of Odessa is president of the West Texas association and George Glass, Sr., of Midland is vice-president.
Shooters are expected here from Odessa, Clint, San Angelo, Lamesa, Lubbock, Sweetwater, Dallas, Roswell, Clovis, Midland and possibly other cities.
George Glass Thursday announced the Midland skeet ranges will be open for practice shooting Friday afternoon.
Scotland's floral emblem is the thistle.

South Elementary Is Third Place Winner In Softball Program

South Elementary boys and girls won over North Elementary to clinch third place in the Elementary Softball League here Wednesday.
South girls went on a scoring spree throughout the game to smother North's girls 20 to 5.
Brownlow Parmley hit a home run with one on in the sixth inning to give South a 14 to 12 victory in the boys' game.
Bill Dillard led the North hitters with four for four.
West Elementary and Latin American were scheduled to battle for first and second places Thursday afternoon at the high school diamonds.
North's loss to South dropped them to fourth place.

First Game In Boys League Set Friday

The first game in the Boys Softball League, sponsored by the Optimist Club, will be played at 6 p. m. Friday on the high school diamond. It was announced Thursday by Jerry Monroe, chairman of Optimist Boys Work Committee.
Participating teams for the initial game were being decided Thursday and will be notified.

Four Sen Hurlers Share One-Hitter

By JACK HAND
Associated Press Sports Writer

How about that zany Washington club? Now they come up with a one-hitter shared by four different pitchers. Monday they beat Boston when a Red Sox baserunner over ran second while the tying run was scoring in the ninth. Wednesday night they got a one-hitter from their pitching staff but had to win it the hard way.

This latest dilly involved Paul Calvert, Dick Weik, Forrest Thompson and Dick Weltroth. They served up a total of one hit—a single—yet they needed a three-run homer by Eddie Robinson to top Detroit 6-3.

Of course, there's a gimmick. Nine bases on balls and three errors made it close. It turned out that the hit—Aron Robinson's single in the fourth—didn't figure in the scoring.

Bumpy Feller took another beating as the New York Yankees thumped Cleveland's altering ace 6-0 behind Vic Raschi's two-hit pitching.

The Boston Red Sox made it two in a row over Chicago 7-4.

Home runs by Stan Spence, Roy Sievers and Sherm Lollar enabled the St. Louis Browns to down Philadelphia 8-6.

Cincinnati knocked off the Boston Braves 13-9 on Grady Hatton's homer with the bases loaded in the last of the ninth. As the New York Giants bowed to Pittsburgh 5-3, Boston had a chance to gain the undisputed lead by a victory.

Brooklyn went on a 20-hit spree to thump Chicago 14-5.

The Phillies made it two in a row over the St. Louis Cards 3-2.

Something New Has Been Added

Gus Zernial, left, and Gordon Goldsberry are new faces lending a touch of respectability to the White Sox. Outfielder Zernial and 21-year-old First Baseman Goldsberry are among the early American League batting leaders with rousing .360 and .345 averages, respectively. Zernial is from Hollywood, Goldsberry up from Memphis.

Veteran Of Three Wars Being Evicted

HOLLYWOOD—(AP)—William A. Magee saw military service in three wars, starting with the Civil War. Thursday was a tougher spot for him than any during his 102 years.

The retired master sergeant, who began 34 years of service as a 13-year-old drummer boy under Gen. William T. Sherman during the Civil War, says he has received an eviction notice.

He and his sister, Miss Isabelle Magee, have lived in the apartment 3 years. Magee, who also saw action in the Indian and Spanish-American wars, hopes to find a new home before his 103rd birthday, three months hence.

Undercover Agent Bares Communist Boast During Trial

NEW YORK—(AP)—"You little rat," cried a Red leader as an FBI undercover agent testified for the government Wednesday, only a few hours after he attended a Communist meeting as a trusted party member.

The new surprise witness—Bank Clerk Balma Hidaigo, Jr.—caused one of the tensest scenes since the Communist conspiracy trial opened January 17.

Hidaigo stepped from the witness stand in federal court to identify Robert Thompson, New York State Communist chairman and one of 11 Red leaders on trial.

"Now keep your hands off," Thompson snapped as the witness approached.

Hidaigo, pointing at the angry defendant, said: "This is comrade Thompson."

"You're no comrade of mine, you little rat," Thompson shot back.

Hidaigo, a war veteran, was the seventh FBI undercover agent among the 13 witnesses the prosecution has put on the stand so far.

The witness testified against the Red leaders on charges of conspiracy to advocate violent overthrow of the government. He said he had been a member of the party since 1946, as an informant for the FBI.

Hidaigo testified he had heard a party official boast that "Ten thousand good communists can rule New York City" and say the party "must use youth as Hitler did." He said the statements were made by an organizational secretary, Mortimer Kamen, at a meeting in New York last June.

Cotton

NEW YORK—(AP)—Thursday noon cotton prices were unchanged to 15 cents a bale lower than the previous close. July 32.44, October 29.12 and December 28.90.

OUT OF HOSPITAL

Mrs. William Orson, who underwent major surgery recently at Western Clinic-Hospital, was discharged Thursday.

Record Number Of Premature Babies

Four premature babies, believed to be a record for the Western Clinic-Hospital, are now in the nursery and three of them in incubators.

Three of the four "premies," as the hospital staff calls them, arrived in the last few days, while the other was born about a month ago. All are doing nicely.

SPORTSLANTS

BY SHORTY SHELBURNE

Anyone who thinks the horse racing element is gone from Texas is strictly out of the know. A development in the House of Representatives in Austin this week proved that to be the case.

Rep. A. J. Vale of Rio Grande introduced a bill in the House under the camouflage title of a "livestock bill" and a "minimum standards act for animal husbandry."

The House voted at first to allow the introduction of the bill. But a little later someone looked beyond the title and found it to be a bill to legalize pari-mutuel betting at horse races in Texas.

The legislators then reversed themselves on the second vote and defeated introduction by a 68 to 32 majority.

Just think what could have happened if the bill had passed both houses. Business might have picked up around here.

—SS—

Another Midland service club has come up with a highly desirable program for the youth of the city. The newly organized Optimist Club already has started to work with the younger boys here.

A softball league for boys under 15 years of age has been organized under the sponsorship of the Optimist Club. The first game will be played at the high school diamond at 6 p.m. Friday. Jerry Monroe is chairman of the Optimist Boys Club Committee.

We credit you with an assist, Optimists, for your interest in the younger lads. It's much better to see them on a softball field than in the streets, alleys—or jalls of our city. Your work definitely will be returned to the good of the community in better and stronger youngsters.

—SS—

Sometimes we in the Longhorn League cities think everything happens here that happens anywhere in baseball. That is to 11, three hour and eight minute game between Midland and Odessa Tuesday would lead us to believe it. But here's one better (or worse) that happened in Clovis, N. M., this week.

The Clovis Pioneers took an early lead over the Lamesa Lobos in the contest. In the second inning it was Clovis 7, Lamesa 0. But Lamesa pushed across 11 runs in the seventh to go ahead.

Eddie Mellilo hit a grand slam homer to help Lamesa along. The payoff came from two pitchers who were used to pinch-hit, however.

Stan Gryzwacz, Lamesa's iron-man of the mound, banged out a pinch double to drive in two runs. Then, not to be outdone, old Paul Dean, former major league great and present owner of the Clovis club, inserted himself as a pinch-hitter and produced a double to drive in two runs.

To cap it all off, Clovis scored six times in the ninth inning to win—16-15.

—SS—

The New York Yankees next week are to find out whether they are \$90,000 loser or have a chance of being a few hundred thousand richer this season. Joe DiMaggio is scheduled to return to the lineup for a final try.

If the DiMag fails to stay aboard with his \$90,000 set of heel spurs, the Yankees will just be out that much. If he rides the injury bronco to the finish line, he'll draw enough cash customers to the stadium to more than repay his salary.

Manager Casey Stengel is fed up with the whole thing. He says it's enough to drive a guy crazy, this wondering if DiMaggio will be back next week, next month or next season—or not at all.

It's easy to see Ole Case's side of the question. That lead he has in the American League race is narrowing down.

—SS—

HALF SLANTS... Pat Murphy, former Big Spring High School football coach, has been named business manager of Big Spring Independent School District... Mrs.

Hotel Man Charges Big Spring Players With Disturbance

The San Angelo Standard-Times reports Thursday that a Ballinger hotel man has charged various members of the Big Spring ball club with "disturbance of the peace" and "destruction of property."

Tex Bullock, manager of the Central Hotel in Ballinger, reported the action by the Big Spring athletes, according to the San Angelo newspaper.

Big Spring's ball club is made up almost entirely of Cubans.

Texas League—Eagles Retain Edge Despite Licking By Third-Place Padres

By The Associated Press

The Dallas Eagles retained their four-game lead in the Texas League Thursday, despite a 2 to 1 loss Wednesday night to the third-place San Antonio Missions.

Second-place Shreveport also lost 5-2 to the Oklahoma City Indians. Fourth-place Fort Worth edged Houston 6-5, and Tulsa shut out Beaumont 2-0.

A fastball pitcher from Mexico, Procopio Herrera, Jr., took the mound for San Antonio in the eighth with the bags loaded with Dallasites, only one out and the score 4-2 in favor of the Missions. He got the next five men out in order to give the Missions the victory.

Oklahoma City made it eight straight in defeating Shreveport. Southpaw Dick Rosek allowed only two hits in five innings of a game called because of rain.

Houston went ahead with a two-run homer by Larry Migginis in the first inning and the Buffs counted three in the third inning, but Fort Worth handed them their eighth straight loss. The Cats scored one run each in the first and seventh and two tallies each in the third and fifth innings.

Tulsa's Dave Jolly hurled two-hit, no-run ball to down Beaumont.

American Glovers Lick European Team

CHICAGO—(AP)—Europe's top amateur scrappers Thursday prepared to leave for their homelands convinced winning in the Olympics is one thing, and trying to beat American Golden Glovers is another.

The Americans Wednesday night scored a 5 to 3 team victory over the Europeans in the 12th International Golden Gloves.

Three of Europe's losers were among the five Olympic-seasoned scrappers who tangled with an American squad comprised mainly of midwesterners.

Lloyds Of London Writes Golf Policy

LONDON—(AP)—Lloyds of London now is prepared to insure a golfer against a hole in one. He pays 12 shillings sixpence (\$2.50) a year against the chance of an ace. If he does it he gets 10 pounds (\$40), which will cover his traditional round of celebration drinks at the clubhouse.

BRITONS EVACUATE HONG KONG

HONG KONG—(AP)—The motor vessel Tjibadak sailed for Shanghai Thursday to give Shanghai Britons another chance to leave the threatened city.

Two weeks pass between the first-quarter moon and last-quarter moon.

Americans, Reds Join In England's Presentation Party

LONDON—(AP)—Americans and Russians queued up together Thursday to bow to the king of England and curtsy to the queen.

East West at the sovereign's second presentation party at Buckingham Palace, for the diplomatic and social elite of countries from M to Z.

Politics got lost in the frills.

U. S. Minister Plenipotentiary Julius C. Holmes, substiting for ailing Ambassador Lewis Douglas, were used to pinch-hit, however.

Soviet Ambassador Georgi Zarubin and his wife headed the delegation from the land that frowns on monarchies. Twenty-eight Russians had invitations.

Sleek limousines cluttered up approaches to the palace, where 1,700 were sipping tea all afternoon in this modern version of the oldtime royal courts.

Those with diplomatic status actually were being presented to George and Elizabeth. Rank-and-file types could only crane for a glimpse of them in the well-packed, stadium-sized state apartments.

Intense Exploration Set As Midland Areas Gain Drillsites

Applications covering 75 new locations for oil and gas development projects in district 8 were filed last week at the Midland office of the oil and gas division of the Railroad Commission of Texas. Included in the list were seven wildcats. Pecos and Scurry Counties each had two of these prospectors. Crane, Loving and Culberson Counties were given one wildcat location each. Pecos County led the list of new explorations with 14 and Ector County followed with 11 new drillsites. Ector County also reported one amended application. Scurry County reported 10 new prospects. Six new locations were staked in each of Cochran and Hockley Counties. Garza and Andrews each reported five new drillsites. Crane listed four new locations. Gaines and Howard Counties each gained two new prospects. The remaining locations were divided one each among Dawson, King and Winkler Counties.

PRIZE-WINNING RECIPE FOR BLACKBERRY JELLY

Crush two quarts blackberries and place in boiler. Bring to boil very slowly. Cook 15 minutes, strain and measure. Bring to boil again. To each cup of juice, stir in one cup of Imperial Pure Cane Sugar. Boil until it makes a good test (slides off the side of a spoon or falls from the center of the spoon in one place). Pour in glass jars and cover with paraffin. The above recipe was used by Mrs. O. C. Goodwin of Corsicana to win a blue ribbon at the Texas State Fair. Mrs. Goodwin says: "I never have preserving failures when I use Imperial Pure Cane Sugar. 104 out of 105 prize winners in 1948 State Fair Culinary Contest used Imperial Pure Cane Sugar. For prize winning results in your home preserving demand Imperial Pure Cane Sugar and get what you ask for."

Takes Clay's Job

Lt. Gen. Clarence Huebner, above, replaces Gen. Lucius D. Clay in Germany. He will be acting U. S. military governor and acting commander of U. S. armed forces in Europe. General Huebner, deputy and chief of staff to General Clay, is a veteran of both World Wars, rising from private to general. He commanded the famous First Division in invasion of Normandy.

Moscow Planning New Skyscrapers

MOSCOW—AP—Architectural designs of new Moscow "skyscrapers" have begun to appear in the Soviet press. According to plans these new 16- to 25-story buildings are to be erected during the next few years. Their construction was provided for in a special postwar decree of the Council of Ministers of the USSR. One of the tallest of the new buildings is scheduled to be erected at the highest point in Moscow—Lenin Hills. This skyscraper, which will be visible from all over the capital when illuminated, will be a part of the new Moscow University campus which is being created out of several hundred acres. Another large building which will be erected at the Red Gates opposite the present Railways Ministry building. The central section of this new building will be used for additional space for the Railways Ministry, and other portions will provide nearly 300 two, three and four room apartments. Modern conveniences. Among modern conveniences the building is scheduled to have air-conditioning, electric refrigeration, vacuum cleaners, television facilities, in some offices, fluorescent lighting, incinerator chutes, a subway station, and store and service facilities.

The apartment sections are to be from 10 to 12 stories. The central administrative section is to contain 350 offices and will be about 25 stories high. The project was designed by A. N. Dushkin, B. S. Mezentsev, and V. M. Abramov, architects in the employ of the Railways Ministry. At present the tallest buildings in Moscow are 15-story structures. One is the Moscow Hotel in the center of the city, which in 1947 housed the American, British and French delegations to the Council of Foreign Ministers.

Dead Whale Points Up History Facts

PORT WASHAKIE, WYO.—AP—A dead whale seen on the Pacific coast by the Lewis and Clark expedition 143 years ago is claiming attention in Wyoming these days. Sacajawea, the Indian woman who was with the expedition, was impressed by the whale, historians agree. Wyoming people believe she was buried here in 1884. They want Congress to build a big memorial for her. But other historians say she died in South Dakota in 1812. Wyoming people say that the woman buried here in 1884 often spoke of the whole and other incidents of the Lewis and Clark expedition. They are using these reports to back their claim for a memorial. Sacajawea was the wife of Charbonneau, a guide for Lewis and Clark. But Wyoming people say Charbonneau had several Indian wives. The woman who died in South Dakota in 1812 was another of these wives, they say. Sacajawea was the one who went along on the expedition and she died and was buried in Wyoming in 1884 when she was 100 years old, they insist. Dairy products make up 44 per cent and poultry about 13 per cent of the total value of New York state farm products. (Continued on Page 4)

Marble Donuts Quick Dessert

Marble donuts are an easy party surprise.

By GAYNOR MADDOX
NEA Staff Writer

Youngsters aren't the only members of the family who will welcome this quick and special dessert.

Marble Donuts
One cup marshmallow whip, 2 tablespoons semi-sweet chocolate pieces, 6 donuts.
Heat marshmallow whip in top of double boiler, stirring constantly until smooth and syrupy. Add chocolate pieces and allow to melt to form marble effect. Top each

donut with Marble Sauce.
While we're on the popular American subject of donuts (they used to be called doughnuts—remember?) let's see what else can be done with them.

Donut Floating Island
Place a donut in each dish and pour chilled soft custard around it. Top donut with golden brown meringue. (Make meringue as usual, drop by spoonfuls on baking sheet lined with wax paper. Bake in moderately slow oven (325 degrees F.) for 15 minutes or until richly browned. Remove from wax paper immediately.)

ELBLING, POLAND—(AP)—Sixty Polish girls, employees of state-owned farms, are learning to operate tractors in the area of this Baltic port.

Mormon Irrigation Is 100 Years Old

WASHINGTON—(AP)—Modern irrigation as practiced by the Mormon pioneers in Utah began two years before the establishment in 1849 of the U. S. Interior Department. On July 24, 1847, the followers of Brigham Young established an agricultural pattern in the arid West which was to be repeated and improved through the next one hundred years of conservation development.

Many of the century-old Mormon canals or ditches are still used by the prosperous farming communities and suburban areas to the south and southeast of Salt Lake City. The "Big Ditch," for example, was begun during 1848, the "Big Cottonwood Tanner Ditch" and the "Green Ditch" that same year, the "Walker Ditch" during 1849, and the "Hill Ditch" in 1851.

QUICKLY MADE CANDY
You can make peanut candy at home quickly by melting a cup of sugar over low heat, stirring as you do so, then adding a cup of chopped peanuts.

New Faces at Big Four Paris Parley

Three new faces will appear at the conference table in Paris when the Big Four Council of Foreign Ministers tries again to unravel the German problem. Left to right in this photo montage are U. S. Secretary of State Dean Acheson; British Foreign Secretary Ernest Bevin; French Foreign Minister Robert Schuman; and Soviet Foreign Minister Andrei Vishinsky. Only Bevin was present in London in December, 1947, when the Big Four last considered Germany.

"All this stuff about boys in my last year's diary—was certainly very silly when we were kids!"

Soviet Spy?

Mrs. Josef Winiewicz, above, wife of the Polish ambassador to the U. S., was named a possible spy by Lt.-Gen. Izidor Modelski, former Polish military attache, in testimony before a Senate Judiciary Sub-committee. Modelski said he had been informed Mrs. Winiewicz is a member of the Soviet secret police. He quit his post after charging the Polish embassy was a hotbed of espionage.

Daddy Ringtail

By WESLEY DAVIS

Daddy Ringtail And Another Chance

All the animal-people, as I was telling you yesterday, gathered around the monkey who said he was a Rainmaker. They wanted to see him make it rain. He climbed up on a rock, pointed his finger at the sky and said: "Eeen teen, leather feather drip!" But the Rainmaker had made a mistake. It was Wednesday, and "Eeen teen, leather feather drip!" will never make the rain fall down on Wednesday. You can try it yourself if you don't believe me.

Well, it may be that "Eeen teen, leather feather drip!" won't make the rain fall down whatever day it is. That's what Daddy Ringtail thought, and he was beginning to think that the Rainmaker wasn't

a Rainmaker at all. But Daddy Ringtail did want to be fair to the monkey who said he was a Rainmaker. "Let's give him another chance," Daddy Ringtail said. "Let him try again. Let's see if he can make it rain tomorrow!"

And now I'll tell you a secret. The Rainmaker wasn't a Rainmaker any more than you or I. He hadn't learned to be one, and he could have tried all day, and all the next day, but he could never in the world have made it rain, until he had learned how to do it. He just wanted a lot of attention, and all the animal-people did make a fuss over him—when he said that he was a Rainmaker. So all that night he worried and worried. "What will everyone do?" he asked himself. "When I try to make it rain tomorrow, and the animal-people find out I can't?"

But he should have thought about that before. Oh, the trouble that people talk themselves into! Even monkeys do it—monkeys like the Rainmaker, I mean.

And the next day, all the animal-people came together again. Again the Rainmaker climbed up on a rock—and pointed his finger to-

wards the sky. "RAIN!" the Rainmaker cried. "Please rain!" But it didn't rain! When it didn't, everyone knew that the Rainmaker wasn't a real Rainmaker at all. Instead of fussing at him, the animal-people walked away. They didn't say a word, and that was a horrible punishment for the monkey who had said he was a Rainmaker, but wasn't. Someday maybe he'll learn to tell the truth, but tomorrow it's Daddy Ringtail and the Rolling Stone. Happy day! (Copyright 1949, General Features Corp.)

Run Boys, It's A Four Alarm Snake

McALESTER, OKLA. — (AP) — They boys at the fire station were sitting around enjoying their checkers when all of a sudden it happened. . . . Some one yelled, and the fire ladders jumped up and started running as if there were a four-alarm fire. . . . A snake had slithered into the station!

Auckland To Plant Trees As Memorial

AUCKLAND — (AP) — Auckland plans to plant trees typical of allied countries. The city's \$4,000,000 War Memorial Museum, built after World War I, will be enlarged, and made a memorial for the two wars. The Auckland City Council soon will write to World War II allies asking for trees. It thinks that among the trees that can be included are oaks from Britain, sugar maples from Canada, wattles from Australia, silver trees from South Africa, redwoods from the United States, white beams from France, Spruce for Norway, ginkos from China, ficus from India, and olives from Greece.

WEIGHT REDUCERS

The average human body loses weight at the rate of one pound every eight hours by evaporation of moisture through the lungs and the pores, and through exercise.

Hitler's Prize Becomes Russian Memorial

A line-up of high-ranking Russian brass gets into the act during the dedication of a huge war memorial in the Soviet sector of Berlin. The monument, made out of marble from Hitler's torn-down Reich chancellery, was dedicated to the 7000 Red Army soldiers who lost their lives in the battle for Berlin in April and May, 1945. Five thousand Russian troops attended the ceremony.

Onion Song Writer Plugs Own Product

By HAL BOYLE
NEW YORK—(AP)—Alexander Anagnos is a stubborn young grocery clerk who wants to write the nation's songs.
This is all right with Tin Pan Alley—so long as it doesn't have to share any of the responsibility. Unlike most of America's 7,000,000 amateur songwriters, Alex doesn't rebuff easily. He's in the midst of a one-man guerrilla campaign against the entire music industry.
"On my days off I ever carry a sandwich board along Broadway advertising my songs," he said.
Alex is the son of a Greek who came to this country 43 years ago and opened a grocery store in Greenway Village. It is a friendly store. If a customer has mice in his home, the store will lend him a cat to catch them.
Alex always had dreamed of being a songwriter. When he got out of the Army after the war, he decided to give it a try.
So he went to one Tin Pan Alley publisher with a ditty he had written, a song about the "New Look."
Alex Declares War
"Why do you want me to do about it?" said the crusty publisher.
Alex went to another publisher. He announced he had written a song about Bobo and Winthrop Rockefeller called "Cinderella Wears the Shoe."
"Oh, you did?" snapped the hard heart. "Well, keep it quiet."
It was then Alex declared war. He formed his own song publishing company and his own record firm. The major opus he is pushing at present is called "An Onion and You." It is a tuneful little ditty about a housewife phoning her husband to bring home an onion.
He hired a band and a vocalist to record the song. They persuaded half a dozen neighborhood gimmils to put the record in their jukeboxes. He also employed a man named Frank to carry a sandwich board plugging "An Onion and You" along Tin Pan Alley.
The big trouble with his distribution system is that so far the only place people can buy his song is at his father's grocery store.
He has a tie-in deal with his dad. Customers who buy a 50-cent record get a big onion free. If they buy a pound of onions, they get a sheet music copy for nothing.

CARNIVAL

"What kind of first aid kit do you want—the sixty-nine cent job or the large pedestrian size?"

Russians Jibe At Bureaucrats

MOSCOW—(AP)—The Soviet humor magazine "Crocodile" continues to lampoon bureaucrats and inefficiency wherever it finds it.
"Crocodile" was reorganized last year by order of the Central Committee of the Communist Party and told to improve its artistic and literary work sharply.
The magazine is now larger and appears three times per month. The quality of the paper on which it is printed has improved somewhat as has the quality of the reproductions of drawings and in many cases the drawings themselves.
Many of "Crocodile's" cartoons and humorous articles attack the "Anglo-American imperialists and warmongers" as they are termed in the Soviet press. Sometimes they deal with phenomena of life abroad which are considered to be silly by the editors.
However, a good half of the magazine continues to be devoted to caricatures and satirical comment on the failings and faults of certain types of Soviet citizens and organizations, particularly "bureaucrats" and those trade organizations which fail to carry good quality merchandise.
4,412,000 DISPLACED PERSONS
NEW DELHI—(AP)—A census recently taken by the rehabilitation ministry places the total number of displaced persons from west Pakistan at 4,412,000. On the basis of claims filed, these displaced persons have abandoned properties worth \$11,787,000,000.

More people use Morton's

When it rains it pours

Pakistan Border Causes Trouble

NEW DELHI, INDIA—(AP)—Afghanistan and Pakistan are fighting a propaganda war over a strip of tribal territory which gave the British no peace during their reign in India.
The area, known as "Tribal Territory" or "Independent Territory," lies along the so-called Durand line between Afghanistan and Pakistan. The question of whether the territory should become part of Pakistan, be independent or join Afghanistan has severely strained relations between the two Moslem nations. Informed sources say the severance of diplomatic relations may result and that the possibility of an armed clash cannot be ruled out entirely.
The tribal territory is a mountainous land inhabited by tall, light-skinned Pathans, trigger-happy tribesmen whose fees for murder run considerably below those of the western world.
No one has ever controlled the Pathans. While the British held India, military outposts were maintained within tribal territory and attempts were made to keep the Pathans at peace through bribes. Frequently, however, the British officials were abducted and killed, which called for punitive action. Another concern of the British was to prevent the tribesmen from staging raids into India proper.
Upset The Afghans
Recently, Pakistan's governor-general, Khawaja Nazimuddin, declared the tribal areas an integral part of Pakistan, a statement which upset the Afghans.
Landlocked Afghanistan also renewed its demand for an outlet to the sea through Pakistan. "Anis," the semi-official newspaper published at Kabul, Afghanistan's capital, suggested that the question of tribal independence and the matter of the outlet be placed before the United Nations.
Observers say the propaganda campaign may subside, as others have in the past. However, they add that the tribal territory probably will be a cause of bitter argument for years to come.

India Studies Its Mineral Problems

NEW DELHI, INDIA—(AP)—Independent India is giving its mineral wealth attention it has never received before. Exploratory work has been pushed through the expansion of existing agencies and the creation of new ones. Plans are being studied for the processing of larger quantities of minerals in this country. A broad national mineral policy has been drawn and legislation has been passed giving the central government powers over the development and control of mining in the provinces.
Minister of Works, Mines and Power, N. V. Gadgil is particularly interested in plans to increase facilities for processing minerals within the country. He says that nearly 50 per cent of India's imports of minerals are of goods manufactured from minerals mined in India.
India is not exceptionally rich in minerals. M. S. Krishnan, director of the Bureau of Mines, describes known resources as "very moderate in size and variety" when taken in relation to the area and population.

Squirrel Hunt Is Long Distance Event

CORSICANA—(AP)—Two Corsicans men sought since leaving Sunday morning on what was thought to have been a squirrel hunt telephoned Tuesday they are safe—at Warrenton, Va.
They are J. A. Glass, 33, and I. J. Mann, 23, both employed by a tractor company. A widespread search had been conducted for them in the belief they disappeared during the squirrel hunt.

If curtains are to be starched, it's a good idea to dip all the curtains from one room in starch at the same time so that you get an equal amount of crispness in the fabric.

Stanton News

STANTON—Mrs. Dale Smith, former Ellie Faye Rhodes, was honored with a shower at the home of Mrs. J. W. Blocker recently. Hostesses were Mrs. A. L. Ledbetter, Mrs. A. T. Angel, Mrs. J. E. Angel, Mrs. Oliver Vaughn, Mrs. L. C. Hazlewood, Mrs. Lila Flanagan, Mrs. Joe Stewart, Mrs. J. B. Harward, Mrs. W. W. Clements, Mrs. Earl Blocker, Mrs. M. I. Yell, Mrs. J. G. Smith and Mrs. Leon Hull.
Pvt. Taylor R. Cross, son of Mr. and Mrs. Sid Cross, is stopping here for a visit with his family prior to going over seas.
The Eighteenth Anniversary of Beta Sigma Phi was observed with a Founders Day Banquet here last week. The sorority colors and flowers were used in decorations. Mrs. Leo Turner was toastmaster for the event. On program were Mrs. Glen Brown, Mrs. W. E. Milam, Clara Hood Rugel, Mrs. Millard Hall, Mrs. Ed Robinson, Mary McClesky, Mrs. W. H. Houston, Mattie Flanagan, Billie Chrietberg and Dorothy Renfro.
Officers Installed
Officers of the Beta Sigma Phi were installed at the last meeting. They are Dorothy Renfro, president; Mrs. Millard Hall, vice-

TEEN-AGERS ENJOY SUNDAES

Teen-agers enjoy making their own sundaes at a party. Serve one or two kinds of ice cream plus a help-yourself tray. On the tray can go small bowls of chocolate sauce, sliced peaches, shredded coconut, chopped nuts, marshmallow topping and raspberry syrup.

WHEN YOU HAVE A "FULL HOUSE"

Serve the dressing BROCKLES

Men like to eat this special dressing right out of the jar on warm crackers, or with cheese, cold meats and of course, on salads. Yes, wherever men gather, who love to eat, serve BROCKLES SPECIAL DRESSING.

EYES WILL POP AT YOUR Surf-Clean DISHES

More than "Soap & Water Clean"—

Yes, Indeed—**Surf-Clean!**

Surf-Clean is Right—because no other dishwashing product has Surf's exclusive *Dirt-Removing Ingredient!*

THREE TIMES each day you have to wash the dishes. That's quite a chore. Surf can save up to half the time you've had to spend in this disagreeable work because Surf washes even the greasiest dishes, pots and pans Surf-Clean without any wiping at all.

Surf-Clean dishes shine like mirrors. Not a speck of grease, stale food or dirty soap scum is left on them. They don't have to be polished—just rinse in hot water and they'll sparkle without wiping.

Try Surf for your dishwashing and see how much work it saves you—how much shinier your dishes are. Even in the hardest water Surf dishes come up instantly and they last and last. No soap will wash so many dishes for so little cost as Surf.

Licks *Dirty Soap Scum* even in Hardest Water!

Surf GIVES MORE SUDS THAN ANY SOAP KNOWN

WASHES MORE DISHES THAN ANY SOAP KNOWN

HARDER-WORKING SUDS THAN ANY SOAP KNOWN

NO WIPING—JUST RINSE— DISHES DRY SPARKLING

Surf is ANOTHER FINE PRODUCT OF LEVER BROTHERS COMPANY

DISHPAN SUDS SENSATION EVEN IN HARDEST WATER!

Cook Up A Country Kitchen For Only \$50

The before picture (inset) of tiny kitchenette in apartment of Leora Dana, New York actress, provides startling contrast with the cheerful-looking room pictured after inexpensive decorative changes were made.

By KAY SHERWOOD
NEA Staff Writer
"The kitchenette in my apartment is drab, tiny and too limited in storage space to take another

can of soup. I would love to have a cheerful, functional, country-style kitchen. But what can I do with only \$50 to spend?"

This question was put by Leora Dana, a young actress making her Broadway debut in "The Madwoman of Chaillot" to Hugh Evans, New York interior decorator, who came through with the answer. With his advice and help in making every penny count, the Dana kitchen underwent the transformation shown before and after.

Using this project as your guide, you can do as much as a small expense to make an inadequate kitchen more attractive and functional, and to enlarge its storage space. Here's how:

If your kitchen, like Miss Dana's, is an oversized cupboard that opens into a living room or dining room, use wallpaper as she did to turn its doors into sprightly murals. Doors paneled with wallpaper patterns with colored roosters of lime and red swing open, as shown above, to reveal a cheerful, country-styled kitchen. It gleams with white enameled woodwork, lime-colored curtains and spiky red accessories. More shelves for storage, more work-counter space and plastic curtains that wash, fulfill Miss Dana's dream of a functional and adequate kitchen.

Wallpaper panels came from marked-down remnants. Pasted on inside surfaces of doors that close off the kitchenette, panels are framed with striped wallpaper borders and coated with clear plastic for easy washability.

A two-section storage unit curtained with inexpensive lime-colored plastic fabric encloses the sink, hides unsightly pipes, provides shelf space under the sink for dishwashing and cleaning equipment and small garbage pail. The unit was made with the help of a carpenter friend from lumber salvaged from an old cabinet plus a few feet of new shelving. Under-sink shelves were grooved to fit around pipes and made removable for possible pipe repairs.

Leftover pieces of wood were used to box in the pipes beside the sink and to give a back to the unit. To protect the work surface top, white plastic tiles were cemented over the wood.

The sink "cabinets" and exterior woodwork of overhead china and glass cupboards were enameled white. Cupboard interiors were painted lime to match the curtains. The refrigerator was sanded, primed and freshened up with white metal paint.

To cover old wooden flooring, a short strip of green linoleum was used.

Bike Safety

DON'T hitch to moving vehicles of any kind. This is one of the most dangerous bike stunts, takes many lives and brings countless injuries.

The peanut plant, Arachis hypogaea, was believed to have originated in Latin America.

Schick Test For Children Is Urged

AUSTIN—With 14 reported cases of diphtheria within the past week, and a total of 397 cases reported in the first 19 weeks of this year, Dr. George W. Cox, state health officer, is urging Texas parents to have their immunized children Schick tested to determine immunity, and if inoculation is necessary, to have it done immediately.

"There is a widespread belief that once immunity is established, it lasts forever," the state health officer said. "This is not always true. In some cases it diminishes and finally dies out, and reinoculation is necessary in order to protect the child."

"Every child who will enter school next term should be inoculated or Schick tested now, because it takes from three to nine months for immunity to be completely established after the injection is administered."

As long as cases of diphtheria occur, a child is in danger unless protected by immunization. The germs throw off a powerful poison which goes all through the body. It is particularly harmful to the heart, blood vessels, nerves and kidneys, and serious complications often accompany the disease.

HD Agent Offers Preserves Recipe

With strawberries now available in plentiful quantities, a recipe for strawberry preserves is offered by Mrs. Nettie Messick, Midland County Home Demonstration Agent.

The recipe, which is popular with HD Club members, is as follows:

Three (rounded) cups of strawberries.
Three cups of sugar.

One teaspoonful of lemon juice. Wash berries and pick stems. Add sugar and lemon juice. Bring to boil slowly and cook for 15 minutes, or until it gives jelly test.

Four into a crock and let set overnight to plump. Put into clean containers when berries cool and cover with hot paraffin.

For the frozen food locker the following method is suggested: Wash berries and remove hulls and soft berries. Leave fruit whole. Sweeten to taste and pack in airtight containers. In sugaring the berries a good method is to use a paper sack. Place berries and sugar in sack and agitate. This prevents bruising of berries, which is likely in other methods.

Says We Know How To Build, But Not Keep

WASHINGTON — We know how to design and produce good highways but we're careless about keeping them up, says Public Roads Commissioner Thomas H. MacDonald. The excessively heavy truck, he adds, is the major maintenance problem.

"We are overloading our highways in their traffic volume capacity and in their structural capacity," MacDonald said in an interview. "The only way to proper use of the highways is to limit axle and wheel loads."

"Axle loads in excess of 18,000 pounds should not be authorized," he said, "and any revision of laws governing gross weight of vehicles should relate that weight to the number and spacing of axles." The 18,000 axle-load limit generally has the support of state highway, motor vehicle manufacturer user organizations, MacDonald said, and it has been written into the laws of a majority of the states. But he said that movements are under way in many states to ease the restrictions.

"Today the volume of truck traffic is nearly three times as great as it was in 1930 and even more significant is the proportion of trucks that carry heavy loads," MacDonald continued.

The result, he said, has been a gradual increase in damage to pavements.

MacDonald said truck operators insist that highway damage is a technical matter, that engineers must find a remedy, but that "this is true only to the extent that the design of roads fails to provide for loadings within the legal limits."

+Pecos News+

PECOS—The Rev. L. L. Kirkpatrick, pastor of the West Park Baptist Church, will deliver the Baccalaureate sermon to the Pecos High School graduates at 8 p. m. Sunday in the high school auditorium.

Commencement exercises will be held Thursday evening, May 26, when Dr. W. H. Elkins of Texas College of Mines will speak to the graduates.

Problems pertaining to the refund of taxes were discussed when supervisors of the Pecos District of the State comptroller's department met in session here two days this week.

Supervisors included, Charles Shepherd of Coleman, George Barnes of San Angelo, O. McWilliams and Charles Levy of El Paso, Page Carson of Fort Stockton, A. E. Hatcher of Wink, Steve Gardner and Jack Reed, both of Austin, all of the motor fuel division; and Jack Long of Odessa, Wylie Thurwinger of San Angelo, and D. Bland of Abilene, all of the cigarette tax division.

R. V. Nabers of Pecos is district supervisor.

'Make It Yourself—With Mohair' Contest Open To Texas Girls

FORT STOCKTON—The Women's Auxiliary of the Texas Sheep and Goat Raisers' Association, in co-operation with the Angora Breeders' Association, is sponsoring a state wide home sewing contest for which all Texas girls interested in sewing with Texas' own product, mohair, are eligible. Mrs. Dolph Briscoe, Jr., state contest director of Uvalde, and Mrs. Sayers Farmer, Junction, co-director, announce the official opening of the "Make It Yourself—With Mohair" contest for 1949.

This contest, "Make It Yourself—With Mohair," should not be confused with the "Make It Yourself With Wool" contest which also is being sponsored by the Women's Auxiliary of the Texas Sheep and Goat Raisers' Association, in co-operation with the National Wool Growers' Association and the American Wool Council. The details of the "Make It Yourself—With Wool" contest will be announced later.

The "Make It Yourself—With Mohair" contest is primarily a Texas contest, designed to interest Texas girls in sewing with a TEXAS product.

Entry blanks and rules for the contest may be obtained during May from either the state contest director, Mrs. Briscoe, or from the area chairman, Mrs. M. C. Puckett, Fort Stockton.

To help meet shortages of fats and oils, Britain is operating a huge project for growing oil-rich peanuts in East Africa.

Youth Center Chatter

JUNE HAZLIP-JOYCE HOWELL

Hi, folks. Here we are again ready and waiting to tell you what's been happening around the Youth Center this week. So, settle back and get set for some "heavy reading."

This week has been a busy one and is just the start for a busy bunch of "Teeners." With all the social events, commencement practice, Gymboree, and loads of other things, most "teeners" are too busy to do much more than just run in and out of the Youth Center.

The numerous "Teeners" pouring out of the Gym last Thursday night had been practicing for the Gymboree, which was held Tuesday. We saw several of our members in the Square Dance dresses which we hope they will wear to the next Square Dance held in the Youth Center.

There were quite a few members present at the Youth Center last Saturday night. Someone left his bike outside and Benny Stanley had a very nice time riding it. All the boys seemed to be in a very good mood and everyone was enjoying themselves.

Clean Up Planned

Say, "Teeners," our yard is getting rather messy and it is sadly in need of a clean up! So, Saturday morning, anytime between 8 and 12, come on down and help us pull a few weeds! Also, bring a hoe, rake, or lawn mower. If you don't have anything to work with, come down anyway 'cause there'll be plenty of extra tools. We have nearly 500 members and if everyone came down and worked for just a few minutes, we would have the Center looking Epic and Span in no time at all. Remember now, 8 a.m. Saturday, and don't forget. Mrs. Roy Miner will be at the Center Saturday morning.

The Seniors are going away—we don't know whether we should be happy or sad. Senior Day, Senior trip and all the Senior parties really make everyone else wish that they were Seniors, too.

Don Deel and Ronny Estell were seen at the circus having quite a time. Ray Leggett, with his mouth full of "cotton candy," said some-

thing to us—we supposed that it meant to be "Hi." Jean Ferguson, Sidney Smith, Dorothy Black, Jane Beaky, Joan Turner, Betty Pitzer, Ann Kiebold, Frank Roberson, "Hoot" Harris, Goss Yeager, Joel Sims and several others were seen there, too.

We wondered about the size of Neal Adams shoes after seeing the picture of him in the Catalco. But don't let it bother you Kids—They're only size nine. And if you think that sounds large—ask Jerry Webb his shoe size!

And speaking of Catalcos, that was a cute picture of Joe Dorsey in the annual. We mean the one in which he has his hair in his face and a rather odd look on his face.

We saw Bobby and Billy Evans playing for the Gymboree. We just wonder, when we see them, how two boys can be twins and yet look so little alike.

Concert Stated

The A Cappella and Choral Club are all excited about the concert which they will present Monday. Both choirs are First Division choirs and the pride of Midland High School. So if you want an evening of good music, just run over and get a ticket.

Last week our congratulations went to Dunny Goode on his marriage, and this week we want to congratulate either of our members, Ray Hanway. We hate to say good-bye to you fellows, but we are glad to say "Best of Luck" and "Congratulations!"

We saw several of the QVV girls running around showing off their new sweaters which really are very nice looking. They are white and somewhat like the basketball sweaters, which we see around the Youth Center on the Boys (and Girls) if you want to know who these various girls are. Just look on the pockets, and there are their names. The A Cappella also has ordered sweaters and before long the members will blossom out in their "letter sweaters."

We Prophesied

That we'll be seeing all of the members at least once a day at the Youth Center this Summer.

That there will be some "serious cramming" done by the "Teeners" soon. Final exams are only a week off.

That the swimming pools will be quite crowded when they open.

That badly sunburned backs are going to be sported by many of our members.

That the Seniors will have quite a lovely time this weekend.

That there will be a lot of "Street painting" this weekend by the Seniors of '50, '51, and '52.

That there will be lots of really interested "Teeners" at the Youth Center Saturday morning to help "Clean Up."

That the "Eks" will start drifting home most anytime now for the Summer.

That there will be a lot of "friendly murders" over the Senior who will make its appearance before long!

Wandering Thoughts

We saw "firebugs" Gall Black and Richard Van Landingham trying to burn some gunpowder. Rather dangerous, but fun!

The Youth Center was open Thursday. The Teeners found out quick and there were the usual number of members there.

Dennis Rhodes was home last weekend and he seemed to be having quite a time.

Bobby Stanley was seen whinning like mad on the Goalie machine this week.

Congratulations go to Enid and Bill Little who won a second and an honorable mention in the Art Festival last week.

There was a fire extinguisher-water pistol fight between several cars in front of the Youth Center Saturday. Get wet, Kids?

Well, since we just can't think of anymore witty (?) remarks and the clock says the market says it's getting late, we'll just say, So Long till next week!

Please, after taking off, turn and travel tail-first through the air.

McKinley Wished Violinist Bon Voyage; Now Truman Wants To Bring Him Back To U. S.

BERLIN—(AP)—Fifty years ago President McKinley patted a little boy violinist on the head and wished him bon voyage to the European concert stage.

Today, President Truman wants to know what can be done to bring the violinist back.

In the intervening half century about everything possible has happened to the violinist, Florizel Reuter.

Now pushing toward 60, Reuter lives in a bare, tiny apartment in Berlin with a small American flag tacked onto the door. He is broke and hungry.

Applauded by kings, knighted by the Rumanian throne, impoverished by war, about all Reuter has left are his two highly valuable violins, a Maggini and an Obici.

The Germans say he is an American so they can't help him. The Americans say he has to live on the German economy. This is what happens to an American who is away from home too long and winds up in an enemy country.

Born in Iowa
Into his lost soul existence there crept a new note a short time ago. Some distant relatives in Reuter's home state (he was born in Davenport, Iowa) heard about his plight. They wrote to the White House. The President instructed Secretary of the Army Royal to look into it. Royal sent it on to Gen. Lucius D. Clay, commander in Germany.

American military government investigated Reuter thoroughly. They found he had been stuck here in 1941 after war's outbreak through no fault of his own. He elected to remain here with his Swiss-born wife rather than leave her.

Through the decade, Reuter ignored the Nazis though Furtwaengler played Reuter's own compositions. He taught violin and managed well enough.

The inquiry showed also that Reuter now known as Von Reuter because he had been made a baron by Queen Elizabeth of Rumania had helped Jews out of Berlin. Nazi files also revealed numerous quizzings by the Gestapo and a 500-mark (then \$200) fine for possessing British leaflets.

Requires Job
The United States consul gave his stamp of approval to Reuter and has drawn up a passport for him. The only rub now is that somebody in the U. S. has to offer him a job either as a concert violinist or as a music teacher. That is required for an American to be re-

patriated after such a long absence. "I would like the American people to hear me play again," Reuter said. "Especially in Iowa where I was born."

Love Still Has Its Dark Side

CROYDON, ENGLAND—(AP)—Members were of two minds when the Croydon Council debated whether to put more lights in side streets.

Mrs. Ethel Cook said, "If we don't improve our street lighting, we are going to have an influx of young lovers from other adjoining areas which are well lit."

But A. L. Boddington said, "Some of us in our younger days liked shady spots." The council voted against more lights.
