Kelly Outpost Shows Canyon Free Oil, Gas

Magnolia Petroleum Company No. 2 Winston, Central Scurry County exploration into the Canyon-Pennsylvanian lime, one-half mile east of the Kelly field, developed some free oil on a drillstem test and is to run casing and make production tests.

This development is three and one-half miles southwest of Snyder and 660 feet from north and west lines of labor 71, section 11, block 1, J. P. Smith survey.

It ran a three-hour drillstem test at 6,339-62 feet. Gas showed at the surface in 23 minutes. Maximum gas volume was 12,000 cubic feet per day.

Recovery was 180 feet of oil and gas cut drilling mud; 810 feet of 42.9 gravity oil; 60 feet of heavily oil and gas cut mud, and 30 feet of salt water. Origin of the salt water has not been determined.

There was no show-out from the clean oil recovered. Open flowing bottom hole pressure was 295 pounds. Shut-in bottom hole pressure, after 15 minutes was 2,800 pounds.

A Schlumberger survey has been taken, and operator is now running casing and will follow that by starting to test.

Magnolia Spots New Kelly Area Venture

Magnolia No. 1 Ida Maxwell is to be a new prospector to test the Canyon line in the Kelly area of Central Scurry County.

It will be 660 feet from south and east lines of section 206, block 97, H&C survey. That makes it three miles southwest of Snyder.

Drilling to a possible bottom of 7,250 feet, using rotary tools, is to start at once.

Oil Shows Rumored At Scurry Wildcat

W. A. Moncrief, Sr., Bob Hope and Bing Crosby No. 1 Dewey Moore, Central Scurry County wildcat, two miles north of the opener of the Kelly field, and 660 feet from north and west lines of lot 58, section 38, Kirkland and Fields survey, is credited by unofficial reports with having developed some signs of oil and gas since it entered the Canyon line.

Top of that formation was picked at 6,335 feet, which makes it 30 feet high to the same point in Magnolia No. 2 Winston.

A drillstem test was run at 6,335-70 feet. The tool was open 90 minutes. Recovery was 115 feet of oil and gas cut drilling mud. Open flowing bottom hole pressure was 175 pounds. Shut-in bottom hole pressure, after 15 minutes was 300 pounds.

Another drillstem test was run at 6,800-6,930 feet. The tester was open two hours. Recovery was 150 feet of heavily oil and gas cut mud. Open flowing bottom hole pressure was 900 pounds.

The venture is to drill deeper. It is two miles southwest of Snyder.

Sinclair Drills Hard Dolomite In Borden

Sinclair Oil & Gas Company No. 1 Williams, Northwest Borden County wildcat, had reached 10,015 feet in hard dolomite, and was drilling ahead. Drilling is reported to be extra hard. The project is scheduled to go to about 10,025 feet and try a drillstem test.

This discovery from the Mississippian, which also flowed 20.75 barrels of 34 gravity oil in 30 minutes from the section at 9,943-10,000 feet, is 11 miles northwest of Gall, and 660 feet from north and east lines of section 45, block 32, EL&RR survey, T-6-N.

The 9,945-10,000 foot section had a recovery of 1,300 feet of salt water in the drill pipe, when the tester was pulled following the 20.75 barrel oil flow.

The report that the project had entered the Ellenburger at about 9,940 feet, has not been verified. Most geologists are now of the opinion that it was Silurian-Devonian and not Ellenburger which was found at 9,940 feet. Operator representatives have not released any official information on that subject.

Gaines Wildcat Tops Ellenburger; Testing

Seaboard Oil Company of Delaware No. 1 Doss, Central-East Gaines County deep wildcat 10 miles southwest of Cedar Lake, and 4,320 feet from east and 7,430 feet from south lines of league 292, Lynn County School Land survey, was on a total depth of 13,791 feet in Ellenburger and was taking a drillstem test.

A Schlumberger survey had been run prior to the start of the investigation. A tentative, unofficial top of the Ellenburger has been reported at 13,560 feet. Elevation is 3,114 feet.

No signs of oil or gas were developed in the drilling samples between 13,560 feet and the present bottom of the wildcat.

Sharon Ridge-Canyon Extension Completes

Extension to the Sharon Ridge-Canyon field of Southwest Scurry County has been completed at Pearson-Sibert Oil Company of Texas No. 1-A R. A. Bishop, fourth well in the pool, 800 feet from north and east lines of section 20, block 10, section 11, block 1, J. P. Smith survey.

U. S. Moves Fast To Provide Wheat Storage

Stock Getting Tough; Third Set-To Friday

The third performance of Midland Rodeo 1949 is scheduled at 8 p.m. Friday. It is "Big Spring and East Permian Basin Night." Sparkling novelty and trick acts will congregate. World champion cowboys again will do battle with the rough, tough rodeo stock of the Everett Colborn string. The world is invited.

By TANNER LAINE

Said the bucking broncs and the mean Brahman bulls one night, "Let's give the cowboys a rough time, let's jar 'em loose and make 'em lose their Bull Durham sack and split their levis."

And so they did Thursday night at the second performance of the Midland World Championship Rodeo, fifteenth annual edition, in the arena of Midland Fair, Inc., to the howling delight of about 4,000 Western fans.

So rugged were the buckers and bulls of the Everett Colborn string Thursday night, three cowboys were injured, none seriously, although Wart Baughman was taken to the hospital by ambulance.

Baughman was spilled by a saddle bronc called "Benzadrine." He left the hospital under his own power. Jim Shoulders and J. B. Bradshaw were injured in riding events but stayed at the arena. Both took nasty spills.

Great Night For Ropers

Although it was rough on cowboys in the riding events, the calf ropers had a great night. Not bothered one bit by a stiff breeze that blew in from toward the T&P tracks, the ropers were fast, snappy and sure in their work.

Toots Mansfield came lapping out and roped and tied his calf in 12.3 seconds to the oh's and ah's of the fans. His perch as top roper of the show was short-lived, however. Two ropers later, Rex Beck of Coleman snared his calf in the same time of 12.1 seconds. Then the next roper, Dan Taylor of Odessa, wrapped up his dogie in 12.2 seconds.

This delighted a large delegation of Odessans here for their special night at this, the World Championship Rodeo of Midland.

Manue of Fort Worth, a great all-around cowboy, posted the best time of the two-day-old show in bulldogging. He wrestled down his steer in 7.4 seconds for tops Thursday night. Enos came along later and earned a 34.6 time for wild-cow milking honors of the night.

In the cowboy's bareback bronc riding event: Jim Shoulders of Tulsa, Okla., rode "Carbine" but couldn't cut the cake on "Shell Hammer." He was tossed, hard and hurt by the latter. "Rim Rocker" tossed off Harry Tompkins of Victoria.

(Continued on Page 9)

Outa Chute Number One

Dignitaries from Odessa introduced Thursday night at the rodeo, which was "Odessa and West-Northwest Permian Basin Night," included Mrs. Ben Jenkins, Mr. and Mrs. A. P. Brown, Mr. and Mrs. Dusty Rhodes, Mr. and Mrs. Nolan McKean and Mr. and Mrs. Choc McCollum.

Lefty Wilken, a fine cowboy roped Ysleta, throws his loop left-handed and ties up a calf right-handed.

Jack Favor of Arlington and Bill McGuire of Phoenix, Ariz., two very capable judges of several cowboy events, are eligible to compete in some events themselves. And they do quite well, too. George Mills, the rodeo clown, a no mean rider and bulldogger himself and in his own right.

J. L. Sawyer of Midland had to "milk" two cows in the wild cow milking event Thursday night. His times were 58 seconds flat and 71.2 seconds.

Mitzi Alley, one of the trick riders, performed a beautiful job Thursday night. All of the girls are good and bring down loud applause, but Thursday was Mitzi's night. With no discredit to the others, who did well also.

Unsung heroes of the rodeo: Alvin Gordon, livestock superintendent; the pickup boys and hangers; the guy in that doggone barrel; the Jay-Cees, who put numbed hands into that ice water to fish out cold drinks (and they ain't paid a cent); cowboys helping each other up after a fall; and many, many others.

Wonder which town they are from when they miss a calf? Toots Mansfield and Benny Edwards (both of whom seldom miss) sign up from both Rankin and Big Spring. Ever notice how many great ropers come from Rankin, by the way.

Things were going along just fine in calf roping Thursday night when the gremislin entered the arena. Sevens. (Continued on Page 9)

Action Per Second

There's a thrill a second at the 15th Annual Midland World Championship Rodeo now in progress. Here are scenes of the first two nights. More extra action is scheduled Friday, Saturday and Sunday nights. At top, a rodeo cowboy stays aboard a bucking Brahman bull and he's doing a good job. Ready to entice the bull away from the rider in case of a spill is Rodeo Clown George Mills. Center, a well-eyed bareback bronc gives a cowboy a rough ride for his money. Bottom, Jim Schumacher, not a bad cowboy in his own right, forks Mills' bronc, "Mighty Mite," which Mills proclaims "Nobody can ride but me."

Pittsburgh, New York Oil Men, Bankers To Visit Area

By JAMES C. WATSON
Oil Editor

A group of executives of the Plymouth Oil Company and associated concerns, which headquarter in Pittsburgh, Pa., together with a number of bankers and investment men from Pittsburgh and New York, will visit the Permian Basin Saturday and Sunday to inspect several oil fields in the area.

Heading the group is Walter S. Hallanan, president of Plymouth Oil. The party is traveling in three airplanes. It left Pittsburgh Thursday, and spent Thursday night in Houston.

An inspection of the Republic Oil Refining Company gas plant at Texas City was to be made Friday. Republic is a subsidiary of Plymouth. Saturday at Beaumont.

Friday night will be spent in Galveston. The group will fly to the Benedict oil field in Upton and Reagan Counties Saturday morning, to inspect Plymouth's properties in that region.

A barbecue will be staged at the Big Lake Oil Company camp at Texas City, in Southwest Reagan County at noon Saturday. Big Lake oil is also a Plymouth subsidiary.

The visitors are scheduled to come to Midland Saturday to spend the night.

The Pittsburgh and New York visitors will attend the Saturday night performance of the Midland Rodeo as honor guests.

On Sunday the group is to fly to Houston.

Vernon Lad Again Amazes Doctors By Fight To Survive

VERNON—(P)—Donnie Woodard survived two sinking spells during the night and Friday tried to smile as he reached out a burned hand to touch hand-tooled holsters sent to him by a Mississippi saddle-maker.

The 10-year-old Vernon farm boy, who has amazed doctors by surviving despite the fact 70 per cent of his skin was burned deeply May 10, was given another transfusion Friday morning.

The hand-tooled holsters, with some toy guns arrived Friday. Chief Deputy Sheriff J. C. Durant of Victoria, Texas, wired he'll have a hand-made saddle and hand-made boots ready when Donnie gets well.

Attendants' hopes rose again. They decided the 10-year-old's sinking spells was caused by reaction to a difficult blood transfusion before his good effects could begin.

* LATE NEWS FLASHES *

McALLEN, TEXAS—(AP)—Brig. Gen. Heron Ramirez, 47, police chief of Monterrey, Mexico, and a prominent Mexican rancher, was shot to death here Friday. Hidalgo County officers said a relative of Ramirez surrendered at Edinburg in connection with the shooting.

LONDON—(AP)—Defense Minister A. V. Alexander told the House of Commons Friday continuing world tension makes it necessary to go on keeping Britain's draftees in uniform 18 months instead of 15.

NEW YORK—(AP)—John W. Gates, one of the defendants in the Communist conspiracy trial, was sentenced to 30 days for contempt of court Friday for refusal to answer a government question.

MOUNDSVILLE, W. VA.—(AP)—Fourteen prisoners, including six serving life terms, escaped Friday in a mass break from one cellblock of the Moundsville State Penitentiary.

Truman Aide Ready For Labor Bill Amendments

WASHINGTON—(P)—Senate Democratic Leader Lucas of Illinois came out Friday for some amendment of the Truman Administration's bill for repeal of the Taft-Hartley Act.

In the first official indication President Truman's hard-pressed forces in the Senate are ready to support a compromise in a last-minute effort to win votes, Lucas said in an interview:

"In principle, I approve of some amendments. He wouldn't go into detail. His statement came as the Senate's disrupted Democrats gathered behind closed doors for what might be an all-day conference on labor legislation. The Senate itself starts its labor debate Monday.

Truman himself has maintained stoutly that he opposes any compromise. The CIO and AFL have announced they aren't dead set against all amendments, but they say they will never agree to anti-strike injunctions.

The Administration measure—which would replace Taft-Hartley with a modified Wagner Act—was (Continued on Page 9)

Polio Precautions Urged For Midland

Dr. F. E. Sadler, director of the Midland County Health Department, said Friday the polio epidemic reported in some West Texas cities should prompt extra precautions here.

Sadler said the origin of two cases at Big Spring had been traced to San Angelo. Two other cases have been reported at Odessa, also, Sadler said, but added that none had been reported here.

He advised parents to keep children away from known polio areas during the polio "season," since children apparently are more susceptible to the disease.

He also urged all citizens to do their part in getting rid of flies and to practice general cleanliness and sanitation.

Sadler also recommended plenty of rest for children during this period and that indoor crowds especially should be avoided.

Berlin Rail Strike Brings Meeting Of East-West Military

BERLIN—(P)—The four military commanders of Berlin met Friday for their first business session in 50 weeks. The crippling rail strike brought them together, but they reached no agreement.

The meeting was held at French Military Government headquarters and Brig. Gen. Jean Ganeval, French commander, presided. Soviet Maj. Gen. Alexander Kotikov, U.S.S.R. representative, presided, the last to arrive.

The strikers voted Thursday 13-477 to continue the walkout. The vote backed up officials of the independent anti-Communist Railway Union (RUCO), who have been uncompromising in asking complete satisfaction of their demands.

The men want payment of their wages in west marks, worth four times as much as the Soviet zone east marks, recognition of their unions and rehiring of men fired for political reasons.

The compromise offer submitted to the men Thursday offered payment of 60 per cent of wages in West marks but did not satisfy the other demands.

The railway management has refused to deal with any but the Communist union in the Russian sector of Berlin.

Monahans Man Hit By Automobile Here

Deputy Sheriff Bill Felts said Claude Brooks was in the Midland County Jail Friday held in connection with an accident on West Wall Street here Thursday night in which Albert Johnson, 54, of Monahans, was injured. Witnesses said Johnson was struck by an auto as he crossed the street.

Felts said bond was to be fixed for Brooks Friday afternoon.

A complaint has been filed out by the sheriff's department charging Brooks with failure to stop and render aid following an accident.

The injured man was admitted to Western Clinic-Hospital for treatment and the full extent of his injuries had not been determined Friday. His condition was described as not critical.

Midland police and officers from the State Highway Patrol and the Sheriff's Department spread a net for the car involved in the accident. Brooks was arrested less than an hour after it occurred.

Pantex Plant Made Available; CCC Is Authorized To Act

DALLAS—(P)—The sprawling Pantex Ordnance Plant in the Texas Panhandle Friday was made available for storage of the fast-ripening 1949 wheat crop.

War Assets Administration, in announcing release of the Pantex plant, also said the world's largest dirigible hangar—at Hitchcock, Texas—also may be used for wheat storage.

The Pantex Ordnance Plant is 18 miles east of Amarillo, capital of the wheat-rich Texas Panhandle. It is a wartime ordnance plant which had been turned over to Texas Tech College of Lubbock for educational purposes.

Announcement of its availability for wheat storage was made by Col. Karl Wallace, regional WAA director at nearby Grand Prairie, Texas. WAA permission for its use was necessary under the national security clause governing its use by Texas Tech.

Each building and 100 acres at the huge ordnance plant will be used, providing an estimated 5,000,000 bushel storage space. WAA said the storage will meet the commodity credit corporation requirements for storage for government loans at \$1.97 a bushel.

Polio Cases Close San Angelo Schools, Churches, Theaters

SAN ANGELO—(P)—With the polio count here already past the 1948 mark, San Angelo was under drastic emergency rule Friday in its anti-polio fight.

Schools, movie houses, churches and the municipal swimming pool were ordered closed Thursday by the city commission.

Polio deaths here stand at four and total cases at 61—four more than in all of 1948.

A rumor San Angelo has been placed under quarantine was unounded.

A new polio ward was being set up at a San Angelo hospital, with the help of 24 hospital cubs and five hot pack machines flown here from Charlotte, N. C., by a C-47 from Goodfellow Air Force Base.

Over the rest of the state the anti-polio campaign picked up speed. San Antonio announced a helicopter will be added to the 16 Texas National Guard planes already spraying DDT there. The helicopter more easily can reach inaccessible areas.

Two Children Die

At Austin, however, Dr. George W. Cox, state health officer, warned that clean-up campaigns must be thorough.

"It won't do much good to spray a bunch of DDT from airplanes if they don't follow up by cleaning up toilets, dump piles, garbage cans, and all breeding places of flies—and keep them closed," Dr. Cox said.

Latest polio deaths included Jared Smith, five, Austin, who died at Austin Thursday, and Kenneth Burns, Jr., four and one-half, of College Station, who died at Waco Wednesday.

Big Spring reported only one current polio case, with one 1949 death already on the records. Plainview reported two mild cases of polio. Odessa's only acute polio case was Donnie D. Woolworth, 32, Odessa, but 19 other patients were under treatment there. Two cases were under treatment at Wichita Falls, and Fort Arthur reported one case.

Covered Bins Get State PMA Okay

COLLEGE STATION—(P)—Farmers who have stored their wheat in tarpaulin-covered bins may get loans. B. P. Vance, chairman of the state committee for the Production and Marketing Administration, said.

Vance said the provision applies only in counties where the farm storage provisions of the loan program have been operating the last year.

This area includes Andrews, Martin, Howard, Mitchell, Nolan, Rains, Coleman, Shackelford, Young, Clay and all the counties lying north and west of these counties.

The Texas State PMA Committee made this decision because of the emergency confronting farmers harvesting the bumper grain crop, Vance said.

Panhandle Area Gets Light Rains; Post Has Hail, Downpour

By The Associated Press

Light rain in the Panhandle Thursday apparently was not heavy nor general enough to hinder the developing wheat harvest.

A squall line from heavier rains in Southeastern Oklahoma sloped over the border into Texas.

There was a heavy rain of four to five inches, however, at Post, which is about 50 miles southeast of Lubbock. Heavy hail accompanied the storm.

But the Post storm apparently was a local affair.

Skies were partly cloudy over Texas Friday except in the Panhandle, where generally fair weather was reported.

Dry, Hot Elsewhere

The forecast called for a few scattered thundershowers in the Panhandle and South Plains through Saturday. Similar showers were predicted for the extreme north part of East Texas.

During the storm at Post, telephone circuits between there and Lubbock went out. Sixty Boy Scouts from Lubbock were camped in the area.

Members of the state was dry and hot. For the third straight day, Freddie recorded the highest temperature—107. Wink, with 101, an Laredo, with 100, were the only other points reporting readings of the nineties.

Truman Not To Visit Texas, Says Secretary

WICHITA FALLS.—(AP)—Hope for a visit here by President Truman was dealt a blow Thursday afternoon by the White House. That was after Mrs. H. W. Weir, state Democratic committeewoman, said she was "almost positive" Truman would come to Wichita Falls for a celebration beginning June 9.

Assistant White House Press Secretary Eben Ayers said in Washington the President isn't planning to visit Texas.

Colman May Be Through With Movies, But He's Still Ahead

By ERSKINE JOHNSON

HOLLYWOOD — Ronald Colman is talking about semi-retirement again. He's telling friends he may never make another film, preferring radio appearances at \$5,000 a crack and overseeing his San Ysidro Ranch at Santa Barbara. He can afford it—he made his money before high taxes.

Doctors are worried about Sonja Henie's terrific loss of weight. She went on a three-week diet six months ago to lose excess pounds but the pounds are still falling off.

The Dick Haymes-Nora Eddington headlines have church groups again talking about a film boycott. Some of the letters of protest to movie czar Eric Johnston are six-liners.

Eddie Cantor's first NBC television show will be kinescoped from Hollywood on October 4. It will be a monthly show with a different cast from his air program.

Reagan but distance has separated them until now.
New Sacks has arranged to spend more time in Hollywood—to give Lew Ayres some competition?

Aside to Van Johnson: Montgomery Clift just acquired a fan club at the Old Folk's Home in Omaha, Neb. The youngest member is 79. The president, Mrs. C. E. Quine, is 93.

Remake Of "Eager"
M-G-M is about to announce a remake of Bob Taylor's big hit, "Johnny Eager," with Kirk Douglas in the Taylor role... Helen Hayes is penciled in for the mother role in the film version of "Glass Menagerie."

Sudden thought: Aren't producer Bill Perlberg and director George Seaton one of Hollywood's prize teams? They've been associated for nine years and are responsible for such films as "Song of Bernadette," "Miracle of 34th Street," "Apartment for Peggy" and "Chicken Every Sunday."

Hollywood has premiered everything except a cookbook—and Jack Bailey will take care of that oversight. His cookbook, "What's Cookin'," will get a typical Hollywood premiere—lights, stars, bleachers and a half-hour radio show at the rear of a food market.

Frances Gifford is describing her role in "Ridin' High" as a new twist. She says: "For the first time in my life I lose my man (Bing Crosby) to a horse."

New twist for an A film maybe, but it's been happening for years in westerns.

It's a new contract, with a big raise, for Susan Hayward. She's under personal contract to Walter Wanger... Ken Murray was interviewing members of his "Blackouts" audience. One customer, said he saw the show six years ago when he was a GI on his way to the Pacific. "Do you notice anything new?"

"Yes," said the ex-GI. "You're grayer."

Sight of the week: Hedy Lamarr, of all people, learning rifle shooting and knife throwing for her role of a western belle in "Copper Canyon."

Movie makers suffering from money shortages and other conditions of economic stress are getting a lesson in success from Hollywood's youngest producer. He's 25-year-old John Champion, a law student before the war and a producer only since his military discharge two years ago. He's made two westerns and is about to start a third.

The first, "Panhandle," cost only \$268,000 and in 10 months its revenue has exceeded \$800,000. The second, "Stampede," is about to be released.

Typical Champion ingenuity: He heard about a big cattle roundup in Mexico, where government agencies were exterminating hopelessly diseased cattle. A big herd was to be stampeded and driven over a cliff. Champion took a camera crew to Mexico and filmed the stampede for \$18,000.

A similar stampede in "Red River," staged for the film, cost \$250,000.

The harness racing enthusiast, 71-year-old Charles Coburn, was asked by Linda Darnell if the sulky sport sometimes didn't prove a little too strenuous.

Coburn assumed a patronizing air, looked Linda squarely in the eye and without a trace of a smile volunteered:
"Young lady, in the harness racing circuit they refer to me as 'that young'un.'"

Cowden-Marek Rites Read In Ceremony In El Paso Church

PECOS — Josephine Cowden of El Paso, daughter of Mr. and Mrs. W. H. Cowden of Kent, and Bruce Edgar Marek of El Campo and Pierce were married Tuesday evening in the First Baptist Church at El Paso with the Rev. Herschel Ford, pastor, officiating.

Mrs. Thomas J. King of Balmorhea was her sister's matron of honor and Bridget M. Melchert, Jr., of El Campo served as best man and W. H. Cowden, Jr., of Kent as groomsmen. Ushers were Roland Marek and Gene Carol of El Campo, R. J. Bauer of Kermit and Alex Carmones of La Grulla, N. M.

Music was by four cousins of the bride, Mrs. Huling Means, Jr., of Estancia, N. M., organist, Mrs. Alf Means of Valentine, Mrs. Bauer and Mrs. Carameros, vocalists. Joyce Gardner of Kent and Jo Ann Newman of Las Cruces lighted the candles.

The bride's gown was of white lace and her finger-lip veil of tulle. Her attendants wore bouffant frocks of yellow marquisette.

A reception in the Garden Room of Hotel Paso del Norte followed the ceremony, and after a trip through Southwest Texas the couple will be at home in Pecos.

Rainbow Girls Install Officers Headed By Peggy Lou Whitson

Peggy Lou Whitson was installed, as worthy advisor of the Order of Rainbow Girls to succeed Royce Rays McKee, in a ceremony in the Masonic Hall Thursday night.

Others who took office for the new year are Beverly Keising, associate advisor; Wanda Burnside,

charity; Eddie Juan Darnell, hope; Betty Marie Nix, faith; Peggy Charlton, recorder; Glenda Hamilton, treasurer; Jean Ferguson, chaplain; Adelle Blackman, drill leader.

Barbara Whitson, love; Virginia Breedlove, religion; Wanel Green, nature; Jo Ann Thomas, immortality; Pauline Norwood, fidelity; Jean Blackwell, patriotism; Swan Hagler, service; Lady Kidwell, confidential observer; Mary Lynn Manning, outer observer; Peggy Minear, musician, and Joan Wyche, choir director.

Mrs. Clyde Hamilton is mother advisor for the chapter.

Mrs. Riley Parr, who has just completed her term as worthy matron of the Order of Eastern Star, acted as installing officer with Mrs. Fred Wycoff, new worthy matron and former mother advisor of the Rainbow Chapter, as installing marshal. Other installing officers were Mrs. J. B. McCoy, chaplain; Mrs. Dewey Pope, recorder, and Vera McLeroy, organist.

The past worthy advisor's pin was presented to Miss McKee by her father, Roy McKee, who is a member of the chapter advisory board.

Mrs. Whitson has chosen for the theme of her administration, "Sharing," and her colors will be purple and white. Those colors, in purple larkspur and white tapers, appeared in the centerpiece for the tea table where refreshments were served after the installation.

Three Hostesses At Crane Give Party

CRANE—Mrs. J. L. Hutchinson of Odessa, Mrs. B. F. Ware and Mrs. L. S. Adcock entertained with a six table bridge party recently at the Adcock home in the Gulf Camp.

Mrs. E. M. Frost won high score; Mrs. Bill Hogsett, bingo, and Mrs. W. O. Bowers the traveling prize. Others present were Mrs. Hugo Huffman, Mrs. Vernon Pettis, Mrs. R. N. Hester, Mrs. Robert Wilson, Jr., Mrs. Roy Moore, Mrs. S. F. Robinson, Mrs. Winton Mitchell, Mrs. B. P. Mitchell, Mrs. Jimmy Foster, Mrs. Dean Culp, Mrs. R. V. Carol Lane Advises Careful Plans For Vacation Enjoyment

"To get the most out of your vacation, make it your year-round hobby," Carol Lane, travel authority, advised two audiences of Midland women Thursday. She spoke at a morning meeting of the Midland Woman's Club in the Tower Theater, and to the Altrusa Club and guests in the West Elementary School auditorium at night.

Speaking on the subject, "Touring Gets a Woman's Touch," Miss Lane advocated long range vacation-planning as the means to increased motoring enjoyment. Specifically, she suggested setting up a vacation fund in the yearly budget and reading up on spots to be visited in advance of trips.

She emphasized unusual sight-seeing goals, and named manufacturing plants as interesting spots often overlooked by the average tourist.

It isn't necessary to take a long trip in order to have a vacation, Miss Lane said. For the busy woman she recommended a "four-ette," a weekend vacation which anyone with a car can take on a limited budget.

The two-day trip, she added, costs as little as \$12 per person, including overnight lodging, special sightseeing fares, tips, gas and oil and five meals away from home. Speaking of food costs, Miss Lane recommended picnics as the best way to cut expenses.

Clara to Miss Lane's talk was her packing demonstration in which she showed how to arrange 43 necessary items for the trip in one 21-inch weekend bag. The necessities included such items as a soap box for carrying jewelry and a traveling iron, as well as extra changes of clothing.

The travel expert is women's travel director for the Shell Oil Company Touring Service in New York. Mrs. C. M. Goldsmith, president of the Woman's Club, and Katherine Shriver, Altrusa Club president, expressed appreciation to the company for her appearance here, and Mrs. Goldsmith also thanked Mr. and Mrs. J. Howard Hodge for use of the theater building.

Pink Clothes Have Youthful Effect

By ALICIA HART
NEA Staff Writer

The prevalence of pretty pink clothes this season will be welcomed by the silver-haired woman for the brightening, youthful effect a rosy shade can have on skin and hair.

But she should exercise discretion in her selection of pink togs. Too pallid a tint may look faded and will have a tendency to make hair and skin appear "washed out." On the other hand, too bright a shade may look garish. When you go shopping for a pink dress, blouse or hat, examine color in outdoor light, preferably in a strong north light. Remember that the soft lighting in many stores may affect the pink tones so that in some cases pink appears gray, and, in other cases, it will look bluer than it does in the daylight.

Pink perhaps more than any other pastel needs the sharpening effects of contrasting dark tones. The use of black or navy contrast helps to relieve the sugary sweet look of unrelieved pink. There are two dependable ways to give pink clothes the look of more sophistication. One way is to band neckline or cuffs of a dress or blouse with black ribbon. The other is to tuck a black-and-white polka dot ascot or gilet into the neckline of a blouse or dress. Summer black accessories will also be of great help in toning down pink.

Keep White Footwear Freshly Clean For Looks And Economy

By ALICIA HART
NEA Staff Writer

White shoes like white gloves give their smart look to immaculate freshness. The slightest smudge which might never be seen on darker footwear will show up with disarming clarity on white shoes.

Second argument for keeping white shoes clean is that regular cleaning actually prolongs the life of the leather. Usually a single application of cleaner is all that is needed to whisk off a film of dust that only soils the whitening on the surface of leather.

When shoes are permitted to become heavily soiled before cleaning, however, there is danger that dirt will be ground into the leather itself. This means that you will have to use harsher cleaners and more scouring action to remove dirt—which tends to wear out the leather.

To clean white leather properly, stretch shoes over shoe trees. This will avert any tendency of dampened leather to shrink. As another anti-shrink precaution don't dry white leather in direct sunlight. Use any type of cleaner sparingly. If one thin application doesn't clean up surfaces, use a second thin coat.

Well Done, General

A tired little man with a soft voice stood before President Truman the other day to receive a decoration for services of supreme value to his country and humanity.

General Clay fully merits the President's tribute, the high praise he won from Secretary of Defense Johnson and the ovation Congress gave him.

For this frail man with the piercing eyes and iron will has been the key figure in Berlin, the hottest spot in our cold war with Russia.

It has not been a relaxing assignment. The general has had to worry about the Russians, the Germans, the French, the British, his own Army superiors and the American civilian authorities.

The tense months of the Berlin blockade were of course his biggest test. When Russian fighter planes buzzed our airlift transports, Clay brushed them aside like pesky mosquitoes.

The lifting of the blockade is a victory for the West, and General Clay is the symbol of that triumph.

No one expects an occupation general to win a popularity contest among the people of an occupied country. To many Germans Clay undoubtedly personified the victorious enemy.

Trained correspondents say the French regarded Clay as too imperious, as a man who didn't understand their history and their undying fears of a revived Germany.

The general firmly believes an economically strong Germany drawn into the western web of nations is vital to future peace.

We can only guess what the Russians think of Clay, but it must be plenty. They provoked him endlessly, but they never stirred him to rash action.

That yielding was the signal for the weary general to seek his rest. He's home now, and all he wants is a bit of catfishing in his native Georgia.

McKenney on Bridge

By WILLIAM E. MCKENNEY American Card Authority Writer for NEA Service

Bridge players will tell you that the game of bridge is not based on luck, but on science. However, Donald Richards, the young harp-toned melvite that luck does play a part in life.

He got his start in singing because an agency called him up one day, thinking he was somebody else. To this day Donald does not know why they thought he was—but they told him they had him booked for six weeks at the Hollywood Beach Hotel in Florida for \$175 a week.

Upon his arrival at the hotel, he handed the orchestra leader four songs. "Where are your orchestra-trations?" he was asked. Donald looked bewildered, but luck stayed with him.

He has gone a long way since then. He was the original woody Mahoney in "Finian's Rainbow," the male lead in "Along Fifth Avenue," and now he is on a personal tour. Donald predicts that "Younger Than Springtime," a recording he made recently, will be one of the big hits of the year.

Some players blame bad luck for losing a contract, but luck will win in most cases. In today's hand, if declarer tries to establish the spade suit first, he can easily be defeated.

Of course, with double-dummy defense, West could jump in with the ace of diamonds, shift to a spade, and when East wins the spade trick, he can lead hearts.

WASHINGTON COLUMN

AEC's Security Is Practically 100 Per Cent Puncture-Proof

By PETER EDSON NEA Washington Correspondent

WASHINGTON—It is charged that under the chairmanship of David E. Lillenthal one-eighth of an ounce of uranium oxide has been lost. This brings up the matter of how AEC is organized to protect its valuable fissionable materials.

Uranium oxide is a salt—a powder. The particular bit of uranium oxide that is lost was in a bottle at Argonne Laboratories, University of Chicago. The bottle also is missing, although most of the uranium oxide it had in it has now been recovered by analysis and reprocessing of waste at Oak Ridge, Tenn.

How much uranium oxide was in the bottle originally, the Atomic Energy Commission refuses to say. Chairman Brien McMahon's Joint Congressional Committee on Atomic Energy may want to bring this out in its current investigation of Lillenthal's management. Pending that disclosure, the commission feels it should not talk about it.

But pure uranium metal is very active chemically. To have uranium content, these fragile, scrap turnings were "burned," or oxidized. Uranium oxide is a more stable chemical compound.

The uranium oxide was carefully accounted for. That is why it was missed. All waste materials at AEC plants are carefully analyzed, however, for just such possible loss.

That is how the loss was traced and that is how detailed and accurate is the accounting system for fissionable materials set up by the Atomic Energy Commission under Chairman David E. Lillenthal. It beats even the precautions at the U. S. mints, where smoke is filtered and dust swept up to recover every grain of gold and silver.

The ore is first crushed and graded into what is known as feed material. Here it is first assayed for uranium content. That is all the government buys and that is all it accounts for.

Second step is to produce "brown salt," uranium oxide. Third step is to produce "green salt," uranium tetrafluoride. Next step, uranium hexafluoride, a gas, for use at Oak Ridge.

At Hanford the feed material is converted into extremely pure uranium metal billets. The billets are then made into rods for use in the reactors, piles. Part of the uranium is here converted into plutonium, which is then separated from the uranium.

Check, Check, Check Both plutonium and uranium hexafluoride are extremely poisonous. So there is extra reason for accountability on every particle, as a safety measure. At every step, wastes are recovered and reprocessed where possible. This means accounting for the salvage of sludges.

It was recognizable even though the 30-30 bullet had entered the mouth. It was the mate of the Stimpette. George Bascombe picked up the rifle which had been hidden and protected by the body. He jacked the lever. A shell flicked out. Bas watched its flight, saw the pale light glint from lead and brass.

Movement broke up the unit. Slowly, each motion a new pang they got to their feet. They stared at desolation. "It's light," Mabel Jones said. "It's time to see what is left."

"It comes to this," George Bascombe said harshly. "It always comes back to this!" Nons put her hand on his arm. "George, please sit down. He flung her hand away viciously. She staggered, slipped in the mud and would have fallen if Bas had not caught her.

Agnes Firth said nervously, "I wish I could get the grime off my face." "I'll join you," said Bas. "The rain should have left plenty of water." Fred Silwell croaked. "Ladies to the right. Gents to the left."

Bea Cosgrove followed Agnes Firth. She shuddered as an accumulation of rain slid down the sides of her neck and traced cold patterns on her shoulders and breasts. The group dissolved. BEFORE many minutes had passed, they gathered again in the scant shelter of the rock. Without words, they started walking toward the place which had meant shelter. They were 400 yards from the promontory where the house had stood when they found the body.

THE DOCTOR SAYS

Pollen From Several Grasses May Cause 'Spring Hay Fever'

By EDWIN F. JORDAN, M. D. Written for NEA Service

Most victims of "hay fever" do not have fever and their trouble does not come from hay. In the early Summer, however, there are some who suffer with sneezing, running noses or watery eyes which goes by various names, including rose cold, Summer cold or Spring hay fever.

Ordinary hay fever is caused by plant pollens floating in the air. A great many pollens can produce the symptoms of hay fever, but the ragweeds and their relations are responsible for more trouble in the northern part of the United States than any others.

Timothy, June grass, and Bermuda grass are the most important sources of this kind of trouble. The first two—timothy and June grass, are the principal pasture grass in America, though it is rarely cut for hay, since it does not grow large enough.

Other the most important grass, Bermuda grass, is sometimes called scutch grass, dog's tail, or Indian chob. It is found as far north as New York and Massachusetts, but it is principally a southern grass. It tolerates the heat very well and pollinates during the early and middle Summer, depending on the geographical location.

As a rule, the symptoms from grasses are not as severe as those from ragweed. The grasses do cause some trouble, however, and many people who are sensitive to grasses are sensitive to ragweed as well.

29 Texas Graduates At Annapolis Given Special Commissions

ANNAPOLIS, MD.—(AP)—The U. S. Naval Academy will commission its new ensigns Friday—but it's old stuff to 29 Texas members of the class.

They received commissions in the Texas Navy from none other than the governor's daughter away back Thursday. Admiral Beauford H. Jester sent his daughter, Joan, direct from the decommissioned Battleship Texas with the officers' ratings. The battleship and a few prairie schooners compose all of Texas' fleet.

ISLAND OF ESCAPE

By Hugh Lawrence Nelson

THE STORY: First, the murder of the "New Hope" of Henry George. Then, the escape of the islanders, and the search for a murderer. The islanders fight the fire but an explosion blasts the house and there comes the fire in its progress.

They were singed. Yet with the light they all made the effort to pull their clothes and themselves together. Movement broke up the unit. Slowly, each motion a new pang they got to their feet. They stared at desolation.

"It's light," Mabel Jones said. "It's time to see what is left." "It comes to this," George Bascombe said harshly. "It always comes back to this!"

Nons put her hand on his arm. "George, please sit down. He flung her hand away viciously. She staggered, slipped in the mud and would have fallen if Bas had not caught her.

He's A Private And The Key Man

HAYESVILLE, ENGLAND—(AP)—David Taylor is the Territorial Army, or National Guard, is a key man in his company. The company consists of a commanding officer, sergeant major, three sergeants, three lance corporals and 60 privates.

The private's duties consist of guard duty, fire watch, kitchen police, clerking in the orderly room—to list a few. And Taylor is the private.

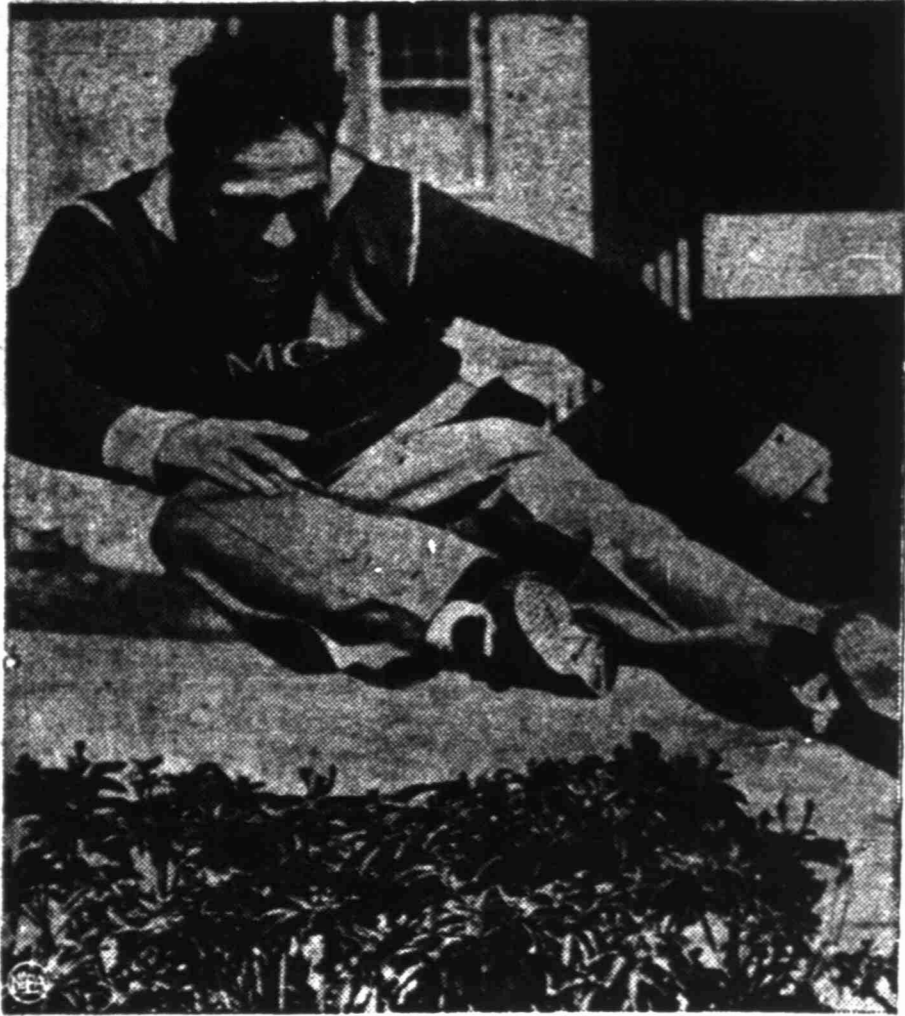

"Some people think it's a great joke that one soldier should have so many superior," he said. Private Taylor made it plain he did not think it funny.

They were smoke smudged. Their wet clothes were scorched and torn. Their hair and eyebrows were singed. Yet with the light they all made the effort to pull their clothes and themselves together.

Agnes Firth said nervously, "I wish I could get the grime off my face." "I'll join you," said Bas. "The rain should have left plenty of water." Fred Silwell croaked. "Ladies to the right. Gents to the left."

Bea Cosgrove followed Agnes Firth. She shuddered as an accumulation of rain slid down the sides of her neck and traced cold patterns on her shoulders and breasts. The group dissolved.

Race Driver Dies Of Crash Injuries

INDIANAPOLIS—George A. Metzler, 38-year-old Indianapolis auto race driver, died early Friday of injuries suffered May 28 when he crashed during a practice run at the Indianapolis Motor Speedway.

Metzler, a veteran dirt track driver, was married and the father of one child. His death marked the 22nd fatality at the Indianapolis track since 1909. His car was the same mount Wilbur Shaw drove to first place in the 1937 500-mile race.

The harness racing Grand Circuit will continue this year until Nov. 28 with Hollywood Park. If it is repaired in time, the final stop.

Appeal Court Denies Suspended Players' Reinstatement Pleas

NEW YORK—Three former major league players who have \$2,500,000 in suits pending against organized baseball have been denied immediate reinstatement in the game from which they are suspended.

But the U. S. Court of Appeals, in upholding a decision of a lower court in turning down the players' petitions, suggested their suits should be brought to trial as soon as possible.

The petitions were filed by Danny Gardella, former New York Giants outfielder, and Max Lanier and Fred Martin, onetime pitchers of the St. Louis Cardinals. They asked that baseball be restrained from enforcing their suspensions pending settlement of the suits.

The three were suspended for five years in 1946 for jumping to the Mexican League.

They are suing for damages—Gardella for \$300,000 and Lanier and Martin for \$2,500,000—on the contention baseball is a monopoly operating in violation of the anti-trust laws and they are being deprived of a chance to earn a livelihood.

Thursday's ruling, written by Chief Judge Learned Hand and concurred in by Justice Jerome N. Frank, did not pass on the anti-trust issue.

Indians Take Upper Berth As Odessa Is Trampled By Angelo

By The Associated Press
Midland crowded into the first division of the Longhorn League Friday, mainly because the Indians were the only second division club able to win.

The Redskins beat Ballinger 7-3 Thursday night to push past Odessa into the upper four.

The one-two-three clubs all won their games.

Top-running Big Spring beat Sweetwater 6-1 as Gumbo Helms notched his fifth pitching victory of the season with a four-hitter.

Runner-up Vernon whammed Roswell 11-3 as two Rocket pitchers gave up 13 bases on balls.

San Angelo strengthened its hold on third place by beating Odessa 9-6, shoving the latter down to fifth.

Three home runs that counted five runs figured the most in Midland's 13-hit attack against Ballinger.

MAJOR LEAGUES—

Fighting Phillies New Fence-Busting Champs

By JACK HAND
Associated Press Sports Writer
Hail the fighting Phillies—new fence-busting champs of baseball.

Five home runs in a smashing eighth-inning rally Thursday night put the 1949 Phillies in the record books alongside the 1939 New York Giants. No more futile Phils.

Only once before in modern baseball did a team hit five homers in one inning.

The Giants did it 10 years ago at the Polo Grounds after two were out. In both cases, Cincinnati was the victim.

It was June 6, 1939, when the Giants unloaded their thunder on the pennant-bound Reds. Harry Danning, Frank Demaree, Burgess Whitehead, Manny Salvo and Joe Moore hit the homers off Peaches Davis and Wes Livengood. They won 17-3.

Anly Semnick, who nicked Cincinnati pitching for three homers during the evening, made the Phils' feat distinct because he hammered two in the same inning. That tied a major league mark shared by several players. The last time it was done was by Joe DiMaggio, June 24, 1936.

Del Ennis Starts It
Del Ennis' homer started the big inning which opened with Ken Raffensberger enjoying a 3-2 lead. Semnick came next. Before it was over 10 runs were home and Puddin' I. Jones, Schoolboy Rowe and Semnick again had hit the ball out of the park. Semnick's second of the inning came with two on.

In addition to the homers, Jones just missed the second time around with a triple and Gran Hamner's double also crashed against the wall, a few feet short of going into the stands.

Raffensberger went into the game with a string of 18 successive scoreless innings. He left in the midst of the eighth with a dazed expression.

The final score was Philadelphia 12, Cincinnati 3, with the decision going to Rowe, who pitched two hitless relief innings after Curt Simmons departed.

Warren Spahn boosted the Boston Braves' National League lead to two full games by defeating Pittsburgh 4-1, while both the New York Giants and Brooklyn Dodgers lost.

Brooklyn's Don Newcombe blew a 4-1 lead in the ninth and the Dodgers finally succumbed to the St. Louis Cardinals in the fourteenth 7-4.

Tommy Henrich Again
Dutch Leonard silenced the powerful Giants with three singles in Chicago's 3-0 victory over Sheldon Jones.

Tommy Henrich, who beat the Chicago White Sox Wednesday night with a homer, added his eleventh homer and a triple to lead the New York Yankees to a 12-7 victory. The win and Boston's night loss to Cleveland increased the Yanks' lead to 1 1/2 games.

Lou Boudreau, playing with a broken finger, backed up Bob Lemon's five-hit pitching with a double and single as the crippled Cleveland Indians topped the Red Sox 8-3. It was the first appearance in three weeks for Lemon, who has been out with a side injury.

Washington, definitely the surprise team of the league, moved to within 5 1/2 games of the lead by handing the St. Louis Browns their eighth straight loss 4-1.

Detroit again nipped Philadelphia in the tenth inning 5-4 with Foot Evers the hero. Evers doubled and scored on Johnny Groth's long single to give Art Houtteman the nod over Carl Scheib.

Shreveport Vaults To Second Place As Padres, Cats Lose

By The Associated Press
There's no such thing as Dallas Manager Jimmy Adair rotating his pitchers. He's lucky if he doesn't have to use the whole gang in each game.

In two nights the Texas League leaders have sent 10 hurlers to the hill, four Thursday night as the Eagles again beat out Tulsa. Few have been effective but it appears Dallas can hit so well all it needs is somebody out there to keep the diamond from looking bare. The Eagles just overpower everybody with their bats.

The Eagles beat Tulsa 10-7 in the series finale and now boast a four-game lead over the field.

Shreveport made the most notable gain in Thursday night's play. The Sports licked Houston 9-6 to vault from fourth place to second as runner-up San Antonio took a 3-2 trimming from Beaumont and third-place Fort Worth fell twice to Oklahoma City. First, the Cats lost 10-8 in the playoff of a game halted more than a month ago by the time limit. There were three innings to make up. In the nightcap, the Indians beat the Cats 7-1, sparked by Milt Nielsen's three-run homer.

Shreveport got all its nine runs in its third inning to bounce Houston. Bill Barni hit a homer with one on in this frame, which saw a dozen Sports go to the plate.

George Elder, a newcomer to Beaumont, made an auspicious start. He drove in the winning run in the eighth to break a 2-2 tie in the defeat of San Antonio.

Lubbock's Hubbers Gain Notch In Win Over Lamesa Lobos

By The Associated Press
Lubbock's Hubbers were knocking at the door to the first division in the West Texas-New Mexico League Friday.

The Hubbs made the only advance in the circuit race Thursday night as they beat Pampa 10-2 to edge past Lamesa from sixth into fifth—just a game and a half behind Amarillo.

Leading Albuquerque, unbothered and flying high, won its eighth game in nine starts by licking hapless Clovis 11-1. Frank Shone gave up only seven hits.

The Ablene Blue Sox, two and one-half games out of first place, held the pace. The Sox beat Lamesa 14-8 for the Lobo's seventh straight loss.

Lubbock rode with Chris Haskins and a four-hit pitching performance in the downfall of Pampa. Seven Pampa errors helped the Hubbers along.

Borger beat Amarillo 12-7, pounding 15 hits and taking advantage of five Gold Sox errors.

Operation Scheduled For Injured Zernial

CHICAGO—Gus Zernial, the Chicago White Sox sensational rookie outfielder, will undergo surgery next Monday on his broken collarbone.

Dr. John Claridge, team physician, said he will operate at Mercy Hospital to remove bone chips and free a muscle that impinged on the bone zernial broke while diving for a fly ball at Cleveland on May 28.

The national clay court championships are scheduled this year for July 11-17 at River Forest, Ill.

Woodcock Kayoes Light Heavy King

LONDON—(P)—Bruce Woodcock, a fugitive from ring oblivion, is being hailed Friday as a worthy foe for American Lee Savold in their September 6 bout which Britain, at least, terms a world heavyweight championship affair.

Woodcock retained his British, Empire and European heavyweight titles Thursday night at White City Stadium by knocking out the world light-heavyweight king, Freddie Mills, also of England, in the 14th round.

That earned him a shot at Savold, Promoter Jack Solomon is advertising the fight as being for Joe Louis' vacated title.

The underdog in the betting and scored by most boxing experts Woodcock virtually had been written off when his jaw was fractured two years ago by Joe Bakst of Kuipmont, Pa. The three victories Bruce scored since starting a comeback last September were unconvincing.

In the opening round Woodcock jarred Mills with a straight right, and using the same punch kept Freddie walking in his sleep most of the time. He sent Mills to the canvas five times.

Savold, who saw the fight told a reporter "Bruce fought like a champion and it's gonna be quite a slam when we meet again."

Woodcock beat Savold on a controversial fourth-round foul last December.

Midland Indians Plaster Ballinger Cats 7-3 To Regain First Division

Julian Pressley Hits Two Homers; Carriel Nipp One

The Midland Indians and the Ballinger Cats will meet in the rubber game of their three-game series in Ballinger Friday night. The Tribe moves to Sweetwater for two games Saturday and Sunday.

They return home to Indian Park to face the San Angelo Colts in a three-game stint, opening here Monday night.

BALLINGER—Julian Pressley and Carriel Nipp led a savage 13-hit assault here Thursday night as the Midland Indians plastered the Ballinger Cats 7 to 3 to even a current series. Lefty Ernie Nelson pitched a shutout through seven innings before allowing the three Ballinger runs in the eighth.

Pressley marched to the plate with a cannon on his shoulder in the second and third innings and blasted consecutive home runs. Both of them came with the bags empty.

Nipp hit his four-bagger with one on to drive across the run that would have been enough for victory for the Tribe.

Webb In Line, p. Manager Harold Webb went into the lineup to relieve Kenny Jones

Bob Rose and Warren Sliiter also chipped in with two hits each. The Indians led all the way. They opened with two runs in the second and continued the attack from there. Two more in the third, one in the sixth and two in the seventh led the tilt away.

Ballinger scored all its runs in the eighth. The win boosted the Indians back into the first division with a half game edge over the Odessa Oilers.

The two teams split a two-game series last season.

I wasn't there, but I am wondering just how Pinky Higgins happened to get that inside-the-park homer at Ballinger Wednesday night.

The new Ballinger ball park isn't any bigger than Indian Park and we doubt if anyone ever gets an inside-the-park homer here.

Ray Coss hit one against the House of David but the David outfielder loafed on the ball.

We wonder if that is what happened in Ballinger.

The line formed to the right in Fort Worth recently as athletes from that city's high schools marched in to return wrist watches they had been awarded for outstanding performance in various sports. There were 19 of them in all.

The school officials issued a hurry-up order on returning the watches for fear the schools would be banned from athletic competition by the Texas Interscholastic League.

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Thine, O Lord, is the greatness, and the power, and the glory, and the victory, and the majesty: for all that is in the heaven, and in the earth, is thine; thine is the kingdom, O Lord, and thou art exalted as head above all" (1 Chronicles 29:11).
The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "He is divine Principle, Love, the universal cause, the only creator, and there is no other self-existence. He is all-inclusive, and is reflected by all that is real and eternal and by nothing else" (page 331).

Crane News

CRANE—Mrs. Myrtle Cherry and Mrs. Annie Earp were initiated into the Rebekah Lodge here this week at the regular meeting. The program committee included Mrs. Garnett Lambrey, Mrs. Hortense Maxwell, Mrs. Ethel Nealey and Mrs. Mabel Glenn.

Mr. and Mrs. Ray Maxwell and family were to leave Friday for a two weeks' vacation in San Antonio, Houston and Corsicana. They plan to spend several days at Lake Texoma, also.

Mr. and Mrs. Luby LeBoeuf and son, Lawrence, are on an extended vacation to New York City.

Tommy Lee Isabell, son of Mr. and Mrs. A. J. Isabell, Jr., died in a San Angelo hospital Tuesday following a lengthy illness. He was six and one-half months old.

Mr. and Mrs. Ray Fraese and Mrs. W. F. James and son left this week for a vacation in California and Oregon.

Mrs. Lou Strain has been ill in Indian Gap where she is on a visit. Mrs. George McCorkle, Mrs. Joe Dutton and sons and Mr. and Mrs. Bob Strain visited there last week.

Mr. and Mrs. H. T. Tanner left this week for Rodessa, La., where they will visit relatives. Mrs. Tanner's nieces, Annis Marie and Paty Lister, will return to Crane with them.

Mrs. Margaret Hughhins has been employed as bookkeeper at Crane Memorial Hospital. She succeeds Betty Fox.

Mr. and Mrs. Buster Pendleton are moving to Hobbs, N. M., where he has been transferred by a pipeline company.

Mr. and Mrs. Winton Mitchell and sons have arrived here and will spend the summer with Mr. and Mrs. B. P. Mitchell.

Mr. and Mrs. W. L. Gregory and sons, Billy and Siah, were to leave Friday for an extended trip to the West Coast.

Mrs. T. J. Vallas and son, Tommy, and J. C. Stephens of Lubbock, R. L. Stephens of Dehran-Saudi, Arabia, and Mrs. E. E. Parkhill of Fort Worth all attended graduation exercises here this week. Their niece, Charlotte Schlittler, daughter of Mr. and Mrs. Herb Schlittler, was a member of the graduating class. Another daughter, Mrs. A. C. McDonald, received her degree from the University of Arizona last week.

Both Barnsley, daughter of Mrs. Margaret Barnsley, formerly of Crane, will sing in the Starlight Operetta to be presented throughout the Southwest during the Summer.

W. A. Havins visited his daughter, Mrs. Nell Stites, in Longview last week. Billy and Jo Stites returned to Crane with him. They will visit here during the Summer.

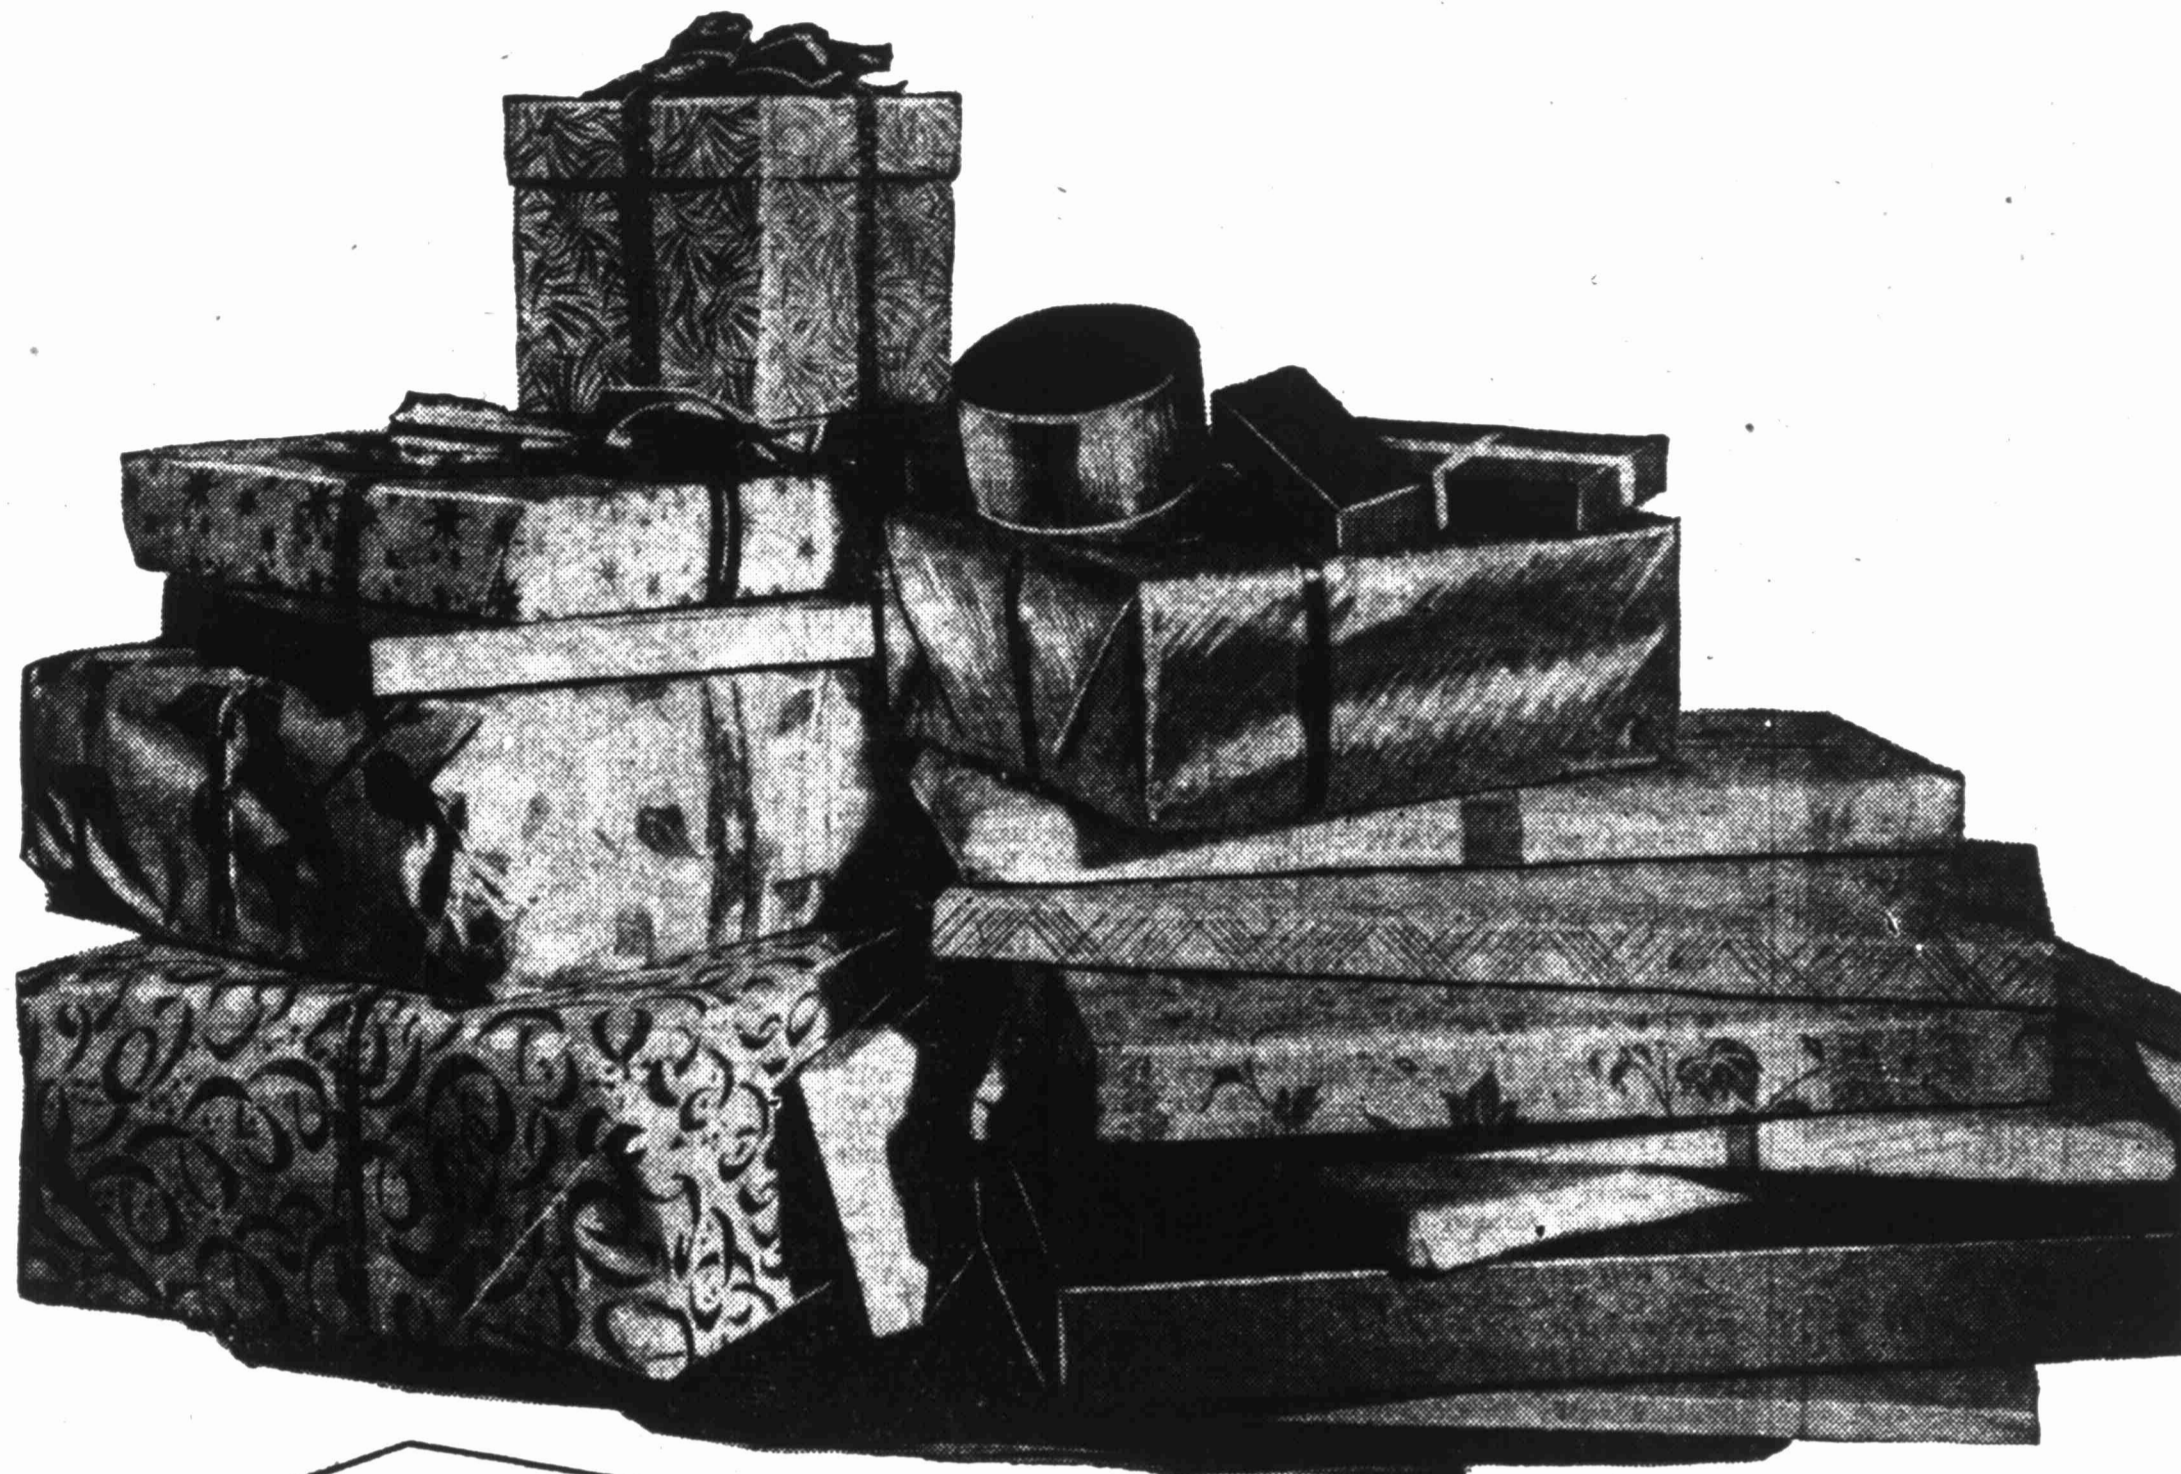

Mrs. Darrell Havins was called to Fort Arthur due to the serious illness of her mother, Mrs. S. G. Garman.

Mr. and Mrs. Warren Robinson of Amarillo visited Mr. and Mrs. W. H. Brents here this week.

Mr. and Mrs. Johnny Poole of Pittsburgh, Pa., visited in the home of Mrs. J. H. Barnett, Mrs. Poole's mother, this week.

L. L. Presley has returned home from a San Angelo hospital where he has been under treatment.

Wayne Young and Billy and Jimmy Preslar were named Cub Scouts of the month here. They will be guests of Cub Commissioner Bob Hester in Odessa for dinner and other entertainment.

Graduation Gift

A gift for the graduate! What shall it be? A pen, a watch, clothes, money? Yes, any of these gifts will bring joy to the young graduate.

And so it's just a matter of choice. We make our purchase, and see that the package is delivered with our congratulations.

It is natural and right that we should yield to these generous impulses. But at a time when young people begin their own careers, with their own decisions to make, we should see that they are fortified with gifts that make for character and good living. At this turning point in life, we should do all in our power to help them establish their careers upon the strong foundations of godliness, love, honesty, charity, and friendship.

Let us give our graduates gifts of lasting quality. By example and advice let us teach them the merits of Christian living. Let us bring them with us to our churches, where they will find the greatest gift of all—the gift of God's love.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Social Situations

SITUATION: You are a guest in another person's home.

WRONG WAY: Complain about the temperature of the room.

RIGHT WAY: Realize that it is rude for a guest to complain about being uncomfortable.

USAF Organizes Medical Service

General Hoyt S. Vandenberg, Chief of Staff, United States Air Force, has announced the organization of a United States Air Force Medical Service.

Its establishment within the Department of the Air Force follows directives issued May 13 by Secretary of Defense Louis Johnson to provide the Air Force with its own medical service and to establish a medical services division within the Office of the Secretary of Defense, according to information reaching Sgt. Shelby Wheeler, in charge of the Army and Air Force recruiting station at the Midland courthouse.

"The new Air Force Medical Service will provide better flexibility and control for Air Force Medical services and requirements, and will provide more efficient and equitable coordination under unification of control within the National Military Establishment."

Daddy Ringtail By **WESLEY DAVIS**

Daddy Ringtail And Easy Does It

Late one night at the monkey house, when Sammy was supposed to be asleep but wasn't, Daddy Ringtail said: "Mother Ringtail, what's the matter with that boy? Why doesn't he go to sleep?"

Mother Ringtail was sleepy herself, but she wanted to sew the patch on Bobby's overalls before she went to bed. "Daddy Ringtail," she said, "Sammy just isn't sleepy. I wish he were as sleepy as I am."

Mother Ringtail tried not to yawn, but when she put her hand

across her mouth, trying to push the yawn back in, Daddy Ringtail jumped up from his chair and said: "I know how to do it! I know how to make Sammy sleepy!"

Mother Ringtail wanted to know. "I've tried to make him sleepy before, and it's very hard to make anyone sleepy when they aren't."

"I know an easy way," Daddy Ringtail said. He quietly opened the door to the children's room, and whispered for Sammy to get up. When Daddy Ringtail had closed the door again, he said: "Sammy, have you tried to sing yourself to sleep, the way you sometimes do?"

"Yes," said Sammy. "I tried, but tonight the singing made me not a bit sleepy at all."

"Well," Daddy Ringtail said, "let's try something else. Mother Ringtail has finished her sewing, so you climb in the chair beside her and watch me."

Daddy Ringtail sat down in his chair and stretched his arms and his legs to get comfortable. Then he sat very still. He yawned. He yawned again—and again and again—each yawn a little bigger than before. And as he yawned, while Sammy said, "Mother Ringtail watched him, they began to yawn too. They yawned and yawned, and the yawns are what made Sammy sleepy at last.

Yawning will do it every time.

Tyson Rites Slated At Corsicana Friday

CORSICANA—(P)—Tom Tyson, 44, one of the strongest links in Texas Democratic chain of command, was to be interred Friday.

The hard-working secretary of the State Democratic Executive Committee died Thursday five minutes after a heart attack at his home here.

The Corsicana lawyer was a leader among Texas Baptists as well as a power in politics.

Funeral services were scheduled at 10 a. m. in the First Baptist Church here with Dr. Jared I. Cartledge, pastor, in charge. Interment was to be at Calvert, where Tyson was born.

Survivors include his widow, a son, his parents, a sister and a brother.

Rankin News Missing Atomic Bottle Found; Search Goes On For Missing Uranium-235 If Contained

RANKIN—The Rev. and Mrs. D. G. Hardt and son left Thursday for their new pastorate in Johnson City, Texas. Mr. Hardt was transferred to Johnson City during the annual conference of the Methodist Church in San Antonio last week after having served the church here the last three and a half years.

Mr. and Mrs. Dunn Lowery went to Lubbock Wednesday to bring their daughter, John Ann, home from Texas Tech for the Summer vacation.

Mr. and Mrs. Wallace Gary and children, Wallace Jr. and Nancy, are moving back to Rankin from San Marcos, where they have made their home the last few years. The Garys will move into their new home on Buckland Street.

Mr. and Mrs. D. S. Anderson and daughter, Mary, spent the weekend holidays with relatives in Wichita Falls. Mrs. Anderson and Mary remained for a several weeks visit.

The Rev. and Mrs. R. L. Herring moved the first of the month to Miles, where Mr. Herring has accepted the pastorate of the First Baptist Church.

WASHINGTON—(P)—A missing atomic bottle has been found, but the search goes on for some of the Uranium-235 which was in it.

Senator McMahon (D-Conn) made that announcement Thursday as his Senate-Atomic Energy Committee adjourned, probably until Monday, its hearings into charges of "incredible mismanagement" made against David E. Lillenthal by Senator Hickenlooper (R-Iowa).

Lillenthal heads the Atomic Energy Commission, whose Argonne National Laboratory in Chicago missed the bottle of fissionable material last February. It contained an ounce of U-235, seven-eighths of which now has been recovered.

McMahon said the commission's general manager, Carroll Wilson, had reported to the committee that the missing bottle was dug out of a large steel box of waste material in the Argonne Laboratory's special radio-active "burial ground."

The uranium apparently had been spilled from the bottle, after which the container was discarded.

McCamey News

MCCAMEY—The WSCS met recently in the church auditorium for the last lesson on the "Study of China." During the business session, with Mrs. Bill Ramsey in charge, plans were completed for the zone meeting. The members also voted to hold a meeting on June 20 before dispersing until the first week in September.

Preceding the program the following officers were installed by the Rev. C. J. Mann:

Mrs. W. L. Brady, president; Mrs. W. K. Ramsey, vice president; Mrs. Derwood Langston, recording secretary; Mrs. C. E. Harris, conference secretary; Mrs. D. C. Burch, treasurer; Mrs. C. W. Brown, secretary of Christian social relations; Mrs. H. W. Adams, secretary of spiritual life; Mrs. C. J. Mann, secretary of mission education; Mrs. Roy Johnston, assistant secretary of missionary education; Mrs. Dutch Culwell, secretary of student work; Mrs. L. C. Partain, secretary of youth work; Mrs. T. L. Fuller, secretary of supply work; Mrs. Frank Coughran, "The Status of Women."

Attend Exercises

Mr. and Mrs. Marlon Crow attended the graduation exercises at Texas Tech when their son, M. J. Crow, received his degree in petroleum engineering. Their daughter, Mrs. Harold Jackson of Monahans, accompanied them. M. J. Crow will be employed in the internal revenue department at Dallas.

Mr. and Mrs. Lloyd Bowden and son visited in Munday, Texas, over the weekend.

Mr. and Mrs. W. E. Walker have returned from an extended visit to Mississippi, Tennessee and Arkansas. They were accompanied by his mother, Mrs. Walters of San Angelo. Mrs. Walker's niece, Martha Ann Neighbors, of Newport, Ark., accompanied them home for a visit.

Nancy O'Callaghan of McCamey received top score in the Upton Reagan bake show in Rankin. She made a score of 97 on her cookies. This was closely followed by Helen Cullen of McCamey, Elsie Miller of Rankin and Nancy Compton of Texas, each with a score of 96.

A total of 94 products was entered.

Margaret Bracher, Pecos County Home Demonstration Agent, judged the products. The highest score on muffins was 95, made by Genevieve Poage and Jan Daugherty of Rankin, Nancy O'Callaghan of McCamey, and Nancy Compton of Texas. Genevieve Poage of Rankin, LaQuita Sharp and Jackie Plumlee of Big Lake tied for first place with a score of 92 on biscuits.

The girls from McCamey, Rankin, Big Lake and Texas took turns serving as hostesses.

Upton County girls taking part were Elaine Harrison, Suzanne Smith, Wilene Fletcher, Helen Coppen, Bobbie Carnes, Johnny Sides, Paula Osburn, Nancy O'Callaghan, Florence O'Callaghan, Clara Lee Roberts, and Joy Spurlock of McCamey; Gloria Morgan, Jan Daugherty, Andra Jane Mitchell, Elsie Miller, Rovena Langford, Kay McEwen and Genevieve Poage of Rankin.

Texas Solons Find New Money Source, Leave For Weekend

AUSTIN—(P)—A source of revenue that would provide nearly \$3,000,000 more than had been expected for legislative spending over the next two years was in sight Friday.

Meanwhile, legislators took off for another long week-end—Thursday to Monday—and Gov. Beauford H. Jester signed more of their bills into law.

The extra revenue source is the permanent school fund.

Attorney General Price Daniel advised in an opinion Thursday that the Constitution provides authority for the Legislature to transfer one per cent of the fund annually to the available school fund.

There presently is a total of cash and investments of \$145,000,000 in the permanent school fund, making \$1,450,000 subject to transfer this year and about that same amount next year.

Jester Signs Water Bill

But the extra revenue source still fell considerably short of supplying the \$50,000,000 shortage legislative leaders forecast tumbled the state into red ink.

Signed into law by the governor Thursday was a bill providing a local option plan for control of the state's underground water.

By Rep. H. B. Holt of Olton, the measure was the first successful action in years for any degree of control over the use of underground waters. State control of surface water has been in effect since 1913. The bill allows property owners of a common underground water reservoir, or a portion of it, to organize an underground water district headed by five elected directors who would set up rules and regulations to prevent waste.

The Citadel and Vanderbilt have replaced Mississippi and Rollins College on the University of Florida 1949 football schedule.

Owens Murder Case Jury Being Chosen

RIVERSIDE, CALIF.—(P)—Attorneys for the state and defendant Agnes Garrier attempted Friday to complete selection of the jury to try her on murder charges in the slaying of wealthy John E. Owen, her boss and friend of Irene Rich.

A tentative panel of 10 women and two men was drawn up Thursday, but further challenges of several of these choices loomed. Testimony was not expected to begin until Monday.

Mrs. Garnier, 52, secretary and real estate manager for Owen, 66, is charged with shooting him at his ranch April 22 after a quarrel over his friendship with the actress.

District Attorney William O. Mackey said Miss Rich's name will be brought up in the trial, but both sides indicated she will not be called as a witness.

Owen was estranged from his wife, Florence of Beverly Hills, Calif. He was president of the National Apartment Home Owners Association.

The harness racing horse of 1948 was R. H. Johnston's Rodney, four-year-old son of Volomite.
