Partly cloudy with scattered showers in the South Plains and from the Pecos Valley eastward Monday night. Slightly cooler in the Panhandle, South Plains and Upper Pecos Valley. Maximum temperature Sunday 89 degrees. Minimum Monday 67 degrees.

All-German Trade Parleys Collapse

Berlin Issues Thrown Back To Big Four

BERLIN—(AP)—The four occupation powers ended all-Germany trade and transport talks late Monday with no indication of an agreement.

Representatives immediately sent separate reports to the Council of Foreign Ministers in Paris. There was every indication the Russians had refused to yield on several major points.

As a result, the question of reviving East-West trade in Germany and re-uniting the divided city of Berlin fell back into the laps of the Big Four at Paris.

There was hope the 24-day-old rail strike might come to an end soon, perhaps Wednesday, despite the fact that top German union leaders rebuffed an American appeal for an immediate end to the transport-jamming stoppage.

The settlement terms were worked out by the United States, in consultation with Britain and France, and agreed to by Russia. The American commandant in Berlin, Brig. Gen. Frank L. Howley, asked the strikers to accept the offer and get a promise to do so from top union officials.

The terms, left to the membership for decision by the 600 lower-level leaders, called for payment of 75 per cent of wages in west marks, worth four times as much as the east marks previously used to pay wages, and no reprisals by the Soviet-controlled railway management against the anti-Red union leaders.

Far-reaching Effect Likely

The management would pay 60 per cent of the wages in east marks and the west Berlin city government would exchange an additional 15 per cent of the men's salaries into the more valuable western currency.

The strike, marked by violence which caused two deaths, has blocked rail delivery of supplies to Berlin and prevented an East-West accord on German trade.

The delay in settlement of the walkout may have the far-reaching effect of stalling the Council of Foreign Ministers meeting in Paris.

The foreign ministers of the Big Four powers had set Monday as the deadline for a report from four-power negotiators seeking to write a trade agreement in Berlin.

American spokesmen have declared bluntly, however, that no agreement could be reached until the railway strike is settled.

American officials have said a four-power agreement could be reached in a short time if the rail strike were settled.

Meeting On Pageant Set For Monday

The gigantic "Frontiers of Progress" pageant to be presented as a feature of Midland's Trail Days celebration, July 1, 2 and 4, will go into the rehearsal stage immediately following a meeting of persons interested in participating in the production at 7:30 p.m. Monday in the City-County Auditorium.

Art Cole, director of the Midland Community Theater, is directing the pageant for the Gelder Corporation of Hollywood. A cast of 400 Midlanders is needed.

Reagan Legg is the executive chairman of the celebration, and C. E. (Bud) Bissell is vice chair-

(NEA Telephone)
Doris Ann Weaver, 18, above, student at the University of Colorado, received a six-inch gash in her forehead when she was struck with an iron pipe by an unknown assailant who killed her companion, Roy G. Spore, Jr., as she ran screaming for help. Boulder, Colo., police could find no apparent motive and few clues in the slaying. Miss Weaver described the assailant as "tall and thin."

Big Four To Seek Partial Agreement

PARIS—(AP)—A qualified Western diplomat said Monday Soviet Foreign Minister Andrei V. Vishinsky agreed in a private weekend talk with British Foreign Secretary Ernest Bevin to seek limited agreement on a way of life for Germany.

Vishinsky agreed in his talk with Bevin, this informant said, to try to reach agreement on Berlin currency, trade between East and West Germany, and road and rail traffic.

When it appeared likely the West had given up hope of reaching overall political accord on Germany now, these were believed to have been the main "limited" aims of the West.

At Sunday night's meeting, U. S. Secretary of State Acheson abandoned.

T-H Repeal Bloc Concedes Reverses

WASHINGTON—(AP)—Senators who favor scrapping most of the Taft-Hartley Law figure they lost ground in an uphill battle during the first round of Senate labor law debate.

They are saying privately that the backers of the Taft substitute for the Administration's T-H repeal bill are in an even stronger position now than they were a week ago.

Even then, at the start of the debate, most foes of the T-H measure considered the odds to be against them.

The Senate set labor legislation aside temporarily Monday to take up the international wheat treaty. The leaders expect to return to the labor issue by Tuesday.

Now They Say It Rains Every Day; Trace Reported

Oh yes but it did rain again Sunday night, too.

Citizens have been cracking about how it rains every day here now.

CAA communications at Midland Air Terminal reported a trace of precipitation during Sunday night.

Brannan Pegs New Farm Plan As Bar To World's Greatest Economic Crash

DES MOINES—(AP)—Secretary of Agriculture Charles F. Brannan called Monday for public support of Truman Administration farm policies to help prevent the "greatest economic crash in history."

America's farm productive power, he said, is like atomic energy—it can be used for either good or bad.

But the nation need not fear this power, the cabinet officer said, if it supports the Democratic Party. That party, he added, has been the only one in history to support "effective farm programs" aimed at serving the whole country.

Brannan made these claims in a speech at a two-day mid-Western Democratic conference to lay plans for 1950 congressional campaigns.

The talk was broadcast by NBC at 11 a.m.

He offered a new farm plan advanced by himself recently as the best means proposed yet for preventing a "farm-led and farm-fueled" depression which, he added, could destroy democracy.

"Our great productive power makes possible the biggest surplus—the most colossal waste, and the greatest economic crash the world has ever seen," he said.

"If we allow depression, if we allow abundance to become a curse, we open wide the door to the sign and native totalitarianism who stand ready to proclaim the end of the great American experiment of Democracy."

He said his proposed plan asks for "absolute" new type of authority or control over agriculture. The only real controls proposed, he said, are marketing quotas.

Brannan said the second major criticism was the cost of his plan. Some have predicted, he said, it would cost five, ten and twenty billion dollars a year.

"Nobody bothered to give any economic analysis to back up the question, but it is obvious that they were based on a belief in depression," he said.

LOST in Midland Sunday—very light blonde male Cocker Spaniel. Great sentimental value as was graduation gift. Liberal reward. Ph. 911-W or 121-Ad.

480,000 Coal Miners Begin Work Holiday

PHILADELPHIA—(AP)—The nation's 480,000 coal miners quit work Monday for a week under orders of John L. Lewis.

The boys of the United Mine Workers moved to Philadelphia for contract talks with the U. S. Steel Corporation.

The meeting is without precedent. U. S. Steel never before has met with Lewis while a walkout was in progress.

Selling Tips Stock Prices Down Again

NEW YORK—(AP)—Fresh selling hammered the stock market near to a five year low Monday.

Key issues dropped a few cents to more than \$2 a share.

Trading volume stepped up as prices steadily gave ground.

The Associated Press average of 60 stocks broke through its low for 1947. This, in turn, was but a short distance from a low since 1944.

Wall Street reported nothing startling in the weekend news to account for the latest decline.

The stock market, though, is blanketed with a mood of pessimism created in recent weeks by a steady flow of unfavorable business developments. Layoffs at industrial plants are spreading, unemployment is increasing, price cuts are more and more the order of the day, and total personal income is lower.

That is only one side of the picture, but apparently the only side to which the Street is paying much attention.

Among some of the hardest hit stocks were U. S. Steel, Chrysler, Sears Roebuck, Kennecott Copper, Du Pont, International Paper, Santa Fe, Southern Railway, Nickel Plate Railroad, and Standard Oil (NJ).

Eastland Couple Believed Killed In Mississippi Crash

MERIDIAN, MISS.—(AP)—Two persons were killed Sunday night in a crash of a private plane at Topton Airport, 10 miles northeast here.

Deputy Sheriff Willie B. Francis of Meridian said the dead had been identified tentatively from papers found on the bodies as Dr. and Mrs. Marion Bailey Murdock of Eastland, Texas.

There were no witnesses to the crash, the deputy said.

The wreckage was found by Barney Gunn, Jr., of Topton, who saw the plane's tail assembly sticking up from the ground. The plane's engine had been driven back into the cockpit by the crash.

The woman's body was found partly clear of the wreckage. A dash-dog was thrown clear and killed.

The couple was traveling in a Luscombe single-engine plane bearing the license number NC 2526-K.

MacArthur Charges Reds With Inciting Disorder In Japan

TOKYO—(AP)—General MacArthur told Russia Monday she was inciting "disorder and violence" in Japan. The supreme Allied occupation commander also accused the Soviet of "inconsistent demagoguery."

So far the UMW hasn't notified the big Northern bloc of operators it wants to start contract talks. But that's expected soon, possibly before the end of the week.

WASHINGTON—(AP)—Senators who favor scrapping most of the Taft-Hartley Law figure they lost ground in an uphill battle during the first round of Senate labor law debate.

They are saying privately that the backers of the Taft substitute for the Administration's T-H repeal bill are in an even stronger position now than they were a week ago.

Even then, at the start of the debate, most foes of the T-H measure considered the odds to be against them.

The Senate set labor legislation aside temporarily Monday to take up the international wheat treaty. The leaders expect to return to the labor issue by Tuesday.

Truck Driver Faces Charge Of Raping Stepdaughter, Seven

DUMAS—(AP)—Lonnie Lee Nugent, charged with raping his seven-year-old stepdaughter, was to be arraigned Monday.

Nugent, 32, was charged in justice court in a complaint filed by his wife. She alleged the offense occurred last Monday night in a Dumas tourist court where the family lived.

Amarillo doctors examined the girl and said she had been assaulted but a Dumas physician who examined her did not comment.

Nugent, a truck driver, came here two months ago from Amarillo.

Mrs. Nugent alleged the girl was assaulted while she was in an Amarillo hospital with an infant child.

American GI's Held As Czech Spies Are Tried By U. S. Army

FRANKFURT, GERMANY—(AP)—Two American soldiers who were imprisoned in Czechoslovakia for more than six months as "spies" have been tried by an Army court martial, the U. S. Army announced Monday.

The announcement did not give the court verdict for recruits George Jones of Owensboro, Ky., and Clarence R. Hill of Tampa, Texas. It simply said Hill and Jones were charged with absent without leave and for breaking arrest after they had been placed in quarters.

Diamond For Truman

(NEA Telephone)
President Truman accepts a paper-weight containing an Arkansas diamond from Gov. Sidney McMath, as a gift of the governor and people of Arkansas, in Little Rock. The diamond came from the mine of Mrs. Ethel W. Pontius. The President attended the dedication of a World War Memorial Park and made a major foreign policy address.

Contempt Convictions Upheld By Appeals Court

WASHINGTON—(AP)—The U. S. Circuit Court of Appeals ruled unanimously Monday that a congressional committee has the right to demand that a witness say whether or not he is a Communist.

The decision upheld contempt convictions of Screen Writers John Howard Lawson and Dalton Trumbo.

They were among ten Hollywood figures cited for contempt for refusing to answer questions of the House Un-American Activities Committee during its Communist-in-the-film-capital investigation last year.

Both Lawson and Trumbo declined to state, in answer to questions of the committee, whether they were or had ever been a member of the Communist Party, or whether or not either was a member of the Screen Writers Guild.

Each was sentenced to one year imprisonment and a \$1,000 fine. They have been free on bond pending the appeal, which now appears certain to go to the Supreme Court.

The Lawson and Trumbo cases are the only two of the so-called "unfriendly ten" which have gone to trial.

Other Cases Pending

The cases of the others have been held up by an informal agreement pending outcome of the appeals.

Still awaiting trial are Ring Lardner, Jr., Albert Maltz, Alvah Bessie, Samuel Ornitz, Herbert Biberman, Edward Snytryk, Robert Adrian Scott, and Lester Cole.

Lawson and Trumbo declined to answer the committee's questions and based their court fight on the contention the committee was seeking to invade their constitutional rights.

The decision does not close the door against a witness' refusing to say whether or not he is a Communist on grounds that to answer would "incriminate" or "degrade" him. That is another matter coming under a section of the Constitution saying, in effect, that no man can be forced to testify against himself.

The movie figures did not give that as a reason for their refusal to answer. They simply took the position Congress had no right to ask the question.

Senate Amendment May Have Stymied Rent Decontrol Bill

CORSICANA—(AP)—A Senate amendment that would allow cities to put rent controls back after they are removed has stymied the statewide rent decontrol bill.

Gov. Beauford Jester says he may not sign the bill at all since Housing Expediter Tighe E. Woods said the amendment probably makes the bill contrary to federal law.

The governor made his announcement here Sunday.

He said he had written a letter in which he told Arthur E. Biard, a San Antonio real estate man, he would sign the bill when it came to his desk. Biard had written Jester recommending that controls be taken off Texas rental housing.

The governor said he wrote the letter before the Senate put on the amendment but now he can't make a formal decision until he has a chance to study the bill as amended.

Woods and Jester conferred in Austin Friday and the former asked the governor to veto the bill. The housing expediter said later that if Jester doesn't block rent decontrol in Texas the federal government will try to. He added that some cities in other states had tried to reinstate their own controls and had been blocked in court.

New 118th District Not Effective Now

AUSTIN—(AP)—The bill creating the new 118th Judicial District does not become effective until 90 days after final adjournment of the Legislature, records in the secretary of state's office showed Monday.

The Senate vote (16-5) was short of the necessary majority to make the bill immediately effective upon signature by the governor.

The secretary of state's office said that while officers for the newly-created district have been appointed, they will not qualify until the bill becomes effective.

★ LATE NEWS FLASHES ★

WASHINGTON—(AP)—The Senate approved Monday the appointments of Gordon Gray as secretary of the Army and of John J. McCloy of New York as high commissioner for Germany and chief of the United States Mission there.

WASHINGTON—(AP)—The Supreme Court Monday decided the Standard Oil Company of California violated federal antitrust laws by contracting with independent gasoline dealers to buy all their fuel from Standard.

DUESSELDORF, GERMANY—(AP)—Belgian troops with armored cars and machine guns Monday seized a synthetic oil works at Bergkamen, where German workers had defied British attempts to dismantle the plant.

BUFFALO, N. Y.—(AP)—The Bell Aircraft Corporation was struck Monday by about 1,500 CIO United Auto Workers whose demands center on a 15-cent hourly wage boost. More than 3,000 employees were idled as Bell ceased operations.

Sunray Tops Scurry Reef 100 Feet High

Sunray Oil Corporation No. 3 Brown one-location stepout to the east from production from the Canyon line reef on the south side of the North Snyder field, in North-Central Scurry County entered the reef approximately 100 feet high to the same point in the closest well, the same company's No. 1 Brown.

Sunray No. 3 Brown picked the top of the reef at 6,400 feet. Elevation is 2,464 feet. It is 467 feet from north and 660 feet from east lines of tract 9, section 20, J. P. Smith survey, and five and one-half miles north of Snyder.

It is now bottomed at 6,416 feet and operator is preparing to cement casing at approximately 6,395 feet, and complete the well.

No drillstem tests have been taken since the reef was entered, but samples show oil and gas and operator expects to finish the project as a good producer.

North Snyder Test Offset To Run DST

Barnes Oil Company No. 1 Wren, one location west of the Sunray No. 1 Brown, on the south side of the North Snyder field, and 660 feet from north and east lines of tract 9, block 20, J. P. Smith survey, bottomed at 6,900 feet in the Canyon reef, and is taking a gamma ray survey, and is taking a gamma ray survey.

It has provisionally a Schlumberger survey. It is to follow the gamma ray by taking a drillstem test on the bottom 45 feet of hole.

This venture entered the reef at 6,522 feet, which made it 13 feet high to Sunray No. 1 Brown. It has not run any drillstem tests since getting the pay zone, but it has shown by samples that it will make an oil well.

TP Finishes Well In McCamey Deep Zone

Official completion has been reported for Texas Pacific Coal & Oil Company No. 63-E-A Lane, from the Ellenburger in the McCamey shallow field of Southwest Upson County.

This venture, located 1,980 feet from south and west lines of the lease in section 5, block 1, GC&SF survey, made a 24-hour potential of 145.80 barrels of 46.4 gravity oil, flowing through a 32 5/16 inch tubing choke. Gas-oil ratio was 39-1. The top of the pay was at 7,948 feet. Total depth is 8,022 feet. A string of 7-inch casing is cemented at 7,928 feet.

The open hole section has been treated with a total of 13,000 gallons of acid prior to the potential test gauge.

This new deep producer is one location west of the same company's discovery for production from the Ellenburger and from the Ellenburger.

No. 63-E-A Lane showed considerably amounts of distillate in the Ellenburger, which informed observers think could be developed for commercial production.

However, operator has left that zone cased off and will not attempt to produce it at present.

Ellenburger Wildcat Slated For Crockett

Michaux & Kidd of Houston, are to start drilling by or before July 1 on their No. 1 C. E. Davidson, as a 9,000-foot wildcat in Central-Crockett County.

The venture will be 660 feet from north and east lines of the south half of section 50, block GH, GC&SF survey. That makes it eight miles east of Ozona.

The project's destination of 9,000 feet is calculated to take the prospector into the Ellenburger.

Sinclair Swabbing In Borden Strike

Sinclair Oil & Gas Company No. 1 Williams, Northwest Borden County discovery for what appears to be a commercial oil well from the zones between 9,830 feet and 10,000 feet, is swabbing on perforated section at 9,830 feet.

Most of the fluid being swabbed out at last report was drilling mud. It was carrying a slight cut of oil and gas. There was considerable more drilling fluid in the casing to be swabbed out.

The interval between 9,830 feet and 9,928 feet showed several thousand feet of free oil in drillstem tests. The horizon at 9,940-10,000 feet showed 20-75 barrels of clean oil in 30 minutes, and then recovered 1,200 feet of salt water in the bottom joints of the drill pipe.

The section at 9,945-10,000 feet, and the zone at 10,000-10,035 feet, both showed salt water and no indication of oil.

There is a string of 7-inch casing cemented on bottom in this prospective new field opener.

An extended period of testing likely will be required to fully determine the full producing ability of this wildcat.

It is 11 miles northwest of Gall and 660 feet from north and east lines of section 45, block 32, EL&RR survey, T-4-R.

Andrews Pay Opener To Test Lower Zone

Magnolia Petroleum Company No. 12-B Cowden, wildcat discovery in Southeast Andrews County, two miles east and a little south of the Dollarhide field, flowed 182 barrels of oil, 22 barrels of drilling mud, (Continued on Page 2)

Hit-And-Run Storm Strikes Gainesville As Rains Continue

By The Associated Press

The latest in Texas' hit-and-run storms struck Gainesville on the Red River Sunday night. The only damage to Gainesville itself was from the 3.15-inch rain, but the North Texas city's airport was damaged by winds up to 65 miles an hour. Ten planes were wrecked; that loss alone was estimated at \$88,000.

Finances Present Top Worry To Lawmakers; \$25,000,000 State Bond Issue Is Proposed

AUSTIN—(P)—Committees working on the four appropriation bills needed to run the state for the two years had hopes Monday of getting three of them out for House and Senate consideration in another week. But legislators weren't talking about running through them all, getting the state government costs fixed up and then ending this session.

Scientists Defend Exports Of Isotopes As 'Sound' Program

WASHINGTON—(P)—Nine scientists who advise the Atomic Energy Commission sent Congress a statement Monday saying the AEC had developed "a sound and forward looking program."

Weather observers in the Lubbock area thought the week-long rains there were ending. But the U. S. Weather Bureau in Dallas predicted more thunderstorms through Tuesday in much of the state—including the South Plains. The cooler weather which prevailed over most of Texas Monday was expected to continue through the night. Sunday's high temperature was 101 at Presidio, Monday morning's low 60 at Amarillo.

West Texas Oil & Gas Log

(Continued from Page 1) and five barrels of salt water, in eight and one half hours from section 11, 11,000-26 feet in the top of the Fusselman zone of the Silurian. The flow was through a one-half inch tubing choke.

The section at 11,056-82 feet in the lower Fusselman had flowed around seven barrels of oil per hour when it was tested about two weeks ago. Operator is now preparing to set a retainer between the two perforated intervals and check the lower section again.

No. 18-B Cowden is 660 feet from north and east lines of section 12, block A-55, psi survey. After the Fusselman is tested thoroughly operator will go up the hole and investigate the Devonian, which showed for good flowing production when drillstem tested.

W-C Gains To Get Two Semi-Wildcats

Locations were made for two semi-wildcats in West-Central Gaines County, one flanking the West Seminole field and the other, the North Riley field.

The venture drilled to 13,186 feet, finding the Ellenburger barren plugged-back to the Devonian and developed water, and then tested the Pennsylvanian and recovered water. It was left following the Pennsylvanian examination.

The dry hole is 1,650 feet from south and east line of section 8, block H, D&W survey.

Pageant—

(Continued from Page 1) by special commentators over a public address system. Colorful Production "Frontiers of Progress" will depict the long and interesting history of Midland and the Permian Basin from Indians days until the present time.

Cities Service has staked a third outpost to the North Snyder field of North-Central Socorro County. It will be the company's No. 3 July, spotted 1,980 feet from east and 467 feet from north lines of section 393, block 97, H&TC survey.

Finances were the main worry of the Legislature went into its twenty-first session Monday. Rep. Jimmy Horany of Archer City still had hopes of getting his veterans bonus measure out on the floor.

Stanolind Offsets Yarborough & Allen

An outpost to the Yarborough & Allen field of Southwest Ector County is to be started by June 15 as Stanolind Oil & Gas Company No. 1 Clifton Lind.

The Devonian yielded signs of water on a drillstem test at Texas Pacific Coal & Oil Company No. 33 Schaubauer, exploration on the west side of the Goldsmith pool in North-west Ector County, where production is basically from the Clear Fork-Permian.

The tool was open two hours and 45 minutes at 5,106-8240 feet, showing a good blow of air throughout. Recovery was 1,020 feet of slightly gas and salt water cut drilling mud. A small amount of clear water was present in the bottom of the drill-pipe.

This project, located 660 feet

Softball Schedule

Midland Colts Bop Monahans 28-4

The Latin American Midland Colts lowered the boom on the Monahans Lobos at the home of the Colts here Sunday afternoon, blasting the visitors 28 to 4.

Crane Youth Wins Stockton Roping

PORT STOCKTON—Bill Teague, 16-year old Crane cowboy, won the matched roping contest of the annual Port Stockton Water Carnival Celebration here Saturday, with a total time of 165.4 seconds on 10 calves. His opponent, Clay Cade of Alpine, had a total time of 306.3 seconds.

After defeating Cade, the Crane roper was challenged to a six-calf contest by Johnny Fitzgerald, Port Davis, whose time was a spectacular 94 seconds. Teague's time was 180.4 seconds.

Raymond Quigg of Marathon and Speedy Cockerell of Crane won the two jacket roping. Quigg's time was 1:28 and Cockerell's 1:15 seconds.

Neil Powers of Ozama won the bareback bronc riding contest.

Five Plaques Added To Baseball Shrine

COOPERSTOWN, N. Y.—Five plaques were to be put in place Monday at the National Baseball Hall of Fame commemorating two heroes of olden days and three modern greats.

Honored were Mordcael Peter Brown and Charles A. (Kid) Nichols, pitchers from baseball's misty past, and Herbert J. Pennock, Charles L. Gehring and Harold J. (Pie) Traynor of more recent times.

Dog Owners May Feel Bite Of City Stray Dog Pickup Midland dog owners who feel that vaccination and tagging of their pets give the animals full freedom of the city are due to change their opinion as their stray pets are removed from the streets by a city dog pound. The pickup of strays, while going on now, will be redoubled after the June 20 deadline on vaccinations. Many dogs are still without licenses, according to the city pound man. E. O. Stewart would like to attempt to estimate the number of canine pets within the city and only a small number have met the city requirements," he stated. Dr. Tom C. Bobo, city health officer, stressed the fact that all dogs must be vaccinated for rabies even though they are kept in pens. In order to speed up the roundup of stray animals a second man is being assigned to the dog pound truck.

Governor Signs Bill To Speed Up Election Returns AUSTIN—(P)—A bill to speed up official election returns was signed into law Monday by Gov. Beauford H. Jester. It was House Bill 926 by Rep. William R. Stump of Georgetown. The measure provides that official returns must be made and ballots delivered to the county officials immediately after completion of the vote count. It also provides for second primaries in county and precinct races. The law is effective immediately. Other bills signed by the governor include: SB 95—Hudson and Corbin - Makes it optional with directors of water improvement districts to constitute themselves a board of equalization. SB 314—Hudson—Authorizes the Board of Regents of the University of Texas to fix terms of all surface leases on University lands; exception made to grazing leases, which are to be limited to 10 years; and right-of-way easements.

Youngsters Of All Ages Find Activity A-Plenty In Vacation Bible School Day

By FAYE SHELBERNE
Mother and Daddy of that little boy who is attending one of the Vacation Bible Schools in Midland this summer, you'd be amazed at the many things your child does during those two and one-half hours each morning.

Perhaps you don't realize this if you are judging by the little things he has brought home to you. The notebook with its self-applied multi-colors and surplus of paste or that little paper "church house" is only a small indication of the varied activity of the school.

Let's follow the Everett Smith family as they attend a typical day of Vacation Bible School, in classes starting a second week in the First Baptist Church. Yes, it is the whole family except Mr. Smith, for Mrs. Smith is working with the intermediates. Gregor, 10, is in the junior department; Lanny, 8, in Primary 2; Allen, 7, in Primary 3; and Sharon, 2, in nursery.

Make Dolls, Animals
As time comes for handcraft the boys and girls put away notebooks and receive supplies to complete their soap carvings. The girls are making dolls to represent all the nationalities of the world. The boys are working on animals—nearly enough to supply a zoo. With these models completed, the next project is textile painting. The girls will work on cup towels and the boys paint cowboy handkerchiefs.

While the Smith boys are busy, Mrs. Smith is working in the intermediate department, where they are studying Paul's journey. Sharon is being well cared for in the nursery, where there are plenty of toys and clean beds in case she wants to take a nap.

Bible School is quite involved, but Midland churches consider it a valuable part of their Summer program. There will be at least five in progress through this week. They are being held in the First Baptist Church, First Methodist Church, Calvary Baptist Church and First Baptist Church.

Stories and Handwork
The juniors and intermediates continue their service. After several songs and their memory scripture, comes the character story. These stories are designed to create a desire in the boys and girls to form such character building habits as truthfulness, honesty, kindness and courtesy. This morning the Rev. Vernon Yearby is telling a story about a new boy who learned that it paid in his number of sales to say "thank you."

At another musical chord the boys and girls march to their departments for their notebook work and handcraft.

Let's see what Lanny and Allen, our two primaries, have been doing while we were in the assembly. Although they have gone to differ-

ent departments, they are doing essentially the same work and exercises. Stories, songs with motions and words easily understood by six, seven and eight-year-olds, and notebook work occupy their time. The notebooks include Bible pictures, pictures to be colored by the children, mimeographed scriptures and other material to be remembered.

Gregor and the other nine and ten-year-old boys and girls eagerly rush to their department for notebook work and then for interesting handcraft. Memory work and mission study are included in the coloring project. Today they are coloring maps of the Southern Baptist home mission field with many colors to represent the various racial groups. To supplement this study, slides of the corresponding racial groups are projected on a movie screen.

Granddaughter Of Kaiser Wilhelm Will Wed Texan

LANGEN, GERMANY.—(AP)—A royal princess of Prussia will soon be at home "deep in the heart of Texas."

Princess Cecile, 31, hazel-eyed granddaughter of Germany's late Kaiser Wilhelm, will trade her family's medieval castle for an apartment in Amarillo when she marries Texas Clyde Harris, 31. He is the son of Konowa, Okla., banker Bert Harris.

The princess numbers among her ancestors Queen Victoria of England, the emperors of Germany and innumerable reigning princes, grand dukes and margraves. Her father is the former Crown Prince Wilhelm.

She is a sister of Prince Louis Ferdinand of Prussia, who worked for the Ford Motor Company in Detroit between the two world wars and visited the United States last year.

The wedding plans, secret until Sunday, call for a marriage June 21 in the bleak Hohenzollern castle at Hechingen in the Bavarian Alps.

Then "We will settle down in Texas," says the blonde princess who is listed in the Almanach De Gotha—royalty's "Social Register"—as Cecile Viktoria Anastasia Zita Thyra Elisabeth. Last name Hohenzollern. There has been no announcement whether she will keep her title after the marriage or be known the "Mrs. Harris."

Harris said he met the princess in 1948—soon after V-E Day—when, a captain in the U. S. Army, he was tracing looted works of art. The Texan is an interior decorator in Amarillo.

In the course of his job he went to the Schloss Wolfsgarten, picture gallery hunting lodges belonging to Prince Ludwig of Hesse, where Princess Cecile had taken refuge when she fled burning Berlin.

Miss Wait Entry Permit
"We knew each other, for a year and then I went home, for he said last month Harris, after corresponding for four years, returned to Germany."

"We made our plans after I got back," he said.

The couple will be separated after the wedding. Harris returns to the United States, but his wife, royal as she is, will have to stay here and wait for an entry permit. The princess says she is excited about the prospect of living in America.

"People tell me all sorts of stories about Texas," she said.

"Many Germans think it full of cowboys and Indians and they can't imagine the princess going to live there. But from what Clyde tells me, I think I will like it."

Pecos Girl Named 'Miss Southwest' At Stockton Event

PORT STOCKTON.—(AP)—Velma Cummings, 18-year-old Pecos blonde, was named "Miss Southwest of 1949" at the final performance of the annual Port Stockton Water Carnival Saturday night. She was selected from a field of 28 candidates.

The young lady will receive an expense-paid trip to Hollywood. She is the daughter of Mr. and Mrs. Herman Cummings of Pecos. She also holds the title of "Miss Pecos Catechoupe," which she won last year in a Pecos beauty contest.

Entries winning honorable mention were Dotie Stephenson of Port Stockton, Greta Cumby of Pecos, Emily Livingston of Alpine, and Jean Whitfield of Iran.

Eisenhower Opposes Federal School Aid

WASHINGTON.—(AP)—Gen. Dwight D. Eisenhower said Monday those seeking to centralize power in the federal government are "more dangerous to our form of government" than any foreign threat "that can possibly be arrayed against us."

The former Army chief of staff, now president of Columbia University, made the statement in opposing federal grants to help schools in all states.

MARRIAGE LICENSES
Marriage licenses have been issued by the county clerk to Robert L. Smith and Mrs. Irene Glover, and Carl R. Brooke and Mrs. Alice Frost.

Lawn Picnic Supper Entertains Class At Methodist Church

The Young Adult Class of the First Methodist Church was entertained with a picnic supper on the lawn of the church Saturday night.

Bridge, rummy, and other table games were played during the evening.

The supper was substituted for a scheduled weekend outing to Abilene State Park, which was called off because of the weather.

Those present were Myra McReynolds, Charlene Walker, Carolyn Oates, Van Peterson, Billy Wolfe, Harold Longino, Jim Pickens, James Merrell and Mr. and Mrs. Tom Edgington.

AAUW Convention Is Scheduled Next Week

The American Association of University Women will hold its biennial convention at Seattle, Wash., June 19-23, and members of the Revere of Austin, who will collect material on the status of women.

Dr. Althea K. Hotel, Dean of Women at the University of Pennsylvania, is national president. She will be a convention speaker, as will Judge Dorothy Kenyon, delegate to the United Nations Commission on the Status of Women.

Mrs. Carter, a past president of the American Information Service of the British Foreign Office, and Mrs. Dorothy Lee, mayor of Portland, Ore., will be invited.

The AAUW recently announced the award of 27 fellowships for advanced research by women scholars. One, given by the Southwest Central Unit, went to Dr. Gertrude Rees of Austin, who will collect material in England for a book on Browning's early work.

Rural Mail Carriers Elect Evans Family

BROWNWOOD.—(AP)—Earl C. Evans of Big Spring heads the Texas Star Route Mail Carriers Association. And his brother, M. N. Evans of Ballinger, is vice president. His wife is secretary-treasurer.

Officers were chosen Sunday at the association's annual convention. Earl C. Evans, Carl Hogue of Lamesa, Clyde Pain of Big Spring, Arnold Schubert of Fischer's Store and J. C. Champion of San Marcos were named delegates to the National Association of Star Route Mail Carriers at Harrisburg, Pa., July 26-30.

Quick Test For Polio Seen As Possibility

NEW YORK.—(AP)—Likelihood that there soon will be a simple, quick test for polio was stressed Sunday in the eleventh annual report on the National Foundation for Infantile Paralysis.

Development of a quick test for polio would remove the present serious handicap delay before a doctor can be certain of its presence. Early treatment is essential.

MEETING POSTPONED
A called business meeting of the Modern Study Club, scheduled for Sunday in the eleventh annual report on the National Foundation for Infantile Paralysis.

Reception Presents Artist Who Starts Summer Class Here

Introduced to Midland residents at an informal reception Sunday night in Mrs. N. A. Lancaster's home, Bror Utter of Fort Worth is meeting prospective students Monday and enrolling pupils for the six-week Summer classes in art that he will start Wednesday.

The Palette Club is sponsoring the classes, which will be held in the club studio, 604 North Colorado Street. They are open to Senior High students and adults. Each student will have two class periods a week, and Saturday morning criticism classes will be open to all.

Morning, afternoon and night classes will be held daily from Wednesday through Saturday each week, and the instructor emphasizes that enrollment at the start of the course will give the pupil the best advantage. He will teach work in oils, watercolors and gouache (opaque watercolor). Instruction in landscape painting will include outdoor sketching followed by indoor painting from the sketches, and there will be work in figure painting and portraits.

Enrollment will continue from 7:30 to 9:30 p.m. Monday in the Palette Club Studio.

FRIDAY
Weekly luncheon of the Ladies Golf Association will begin at 1 p.m. in the Midland Country Club, with Mrs. W. W. Barker and Mrs. L. H. Anderson as hostesses.

Do-It-Do Square Dance Club will meet at 8 p.m. in the Midland Officers Club building.

Executive Board of the Midland Service League will meet at 10 a.m. in the home of Mrs. Lynn Durham, 1707 North Holloway Street.

Promenaders Square Dance Club will meet in the City-County Auditorium at 8 p.m.

SATURDAY
Children's Story Hour in the Children's Room of the Midland County Library will begin at 10:30 a.m.

QVW Club will entertain with a dance in the City-County Auditorium, beginning at 8 p.m., to honor members who were graduated from high school this Spring.

Lion Tamers Invite Husbands To Supper

Entertaining the husbands of the members, the Lion Tamers Club will have a picnic supper Monday on the lawn of the John B. Mills home, 500 East Broadway.

Meat, bread and drinks will be supplied by the club. Each member is to bring a salad, vegetables or dessert to complete the picnic supper.

Mrs. L. V. Basham, Mrs. E. R. Andres, Mrs. John Sewell, and Mrs. Mills, newly elected officers, are in charge of the arrangements, with Mrs. W. O. Stallings, Mrs. Frank Paup and Mrs. J. P. Carson, Jr., assisting.

TRUTH
Chiropractic is a new truth about health. If Chiropractic was not filling a need it would have succumbed years ago to the pressure which continues against it. This new truth about health belongs to you the people. Do not permit anyone to deny you the right to use it when you need and want it.

HEADACHES
Case No. 274: A girl of 17 suffered from severe headaches which she attributed to her eyes. She had worn glasses for five years, changing to a stronger type of lens every six months. An analysis revealed that the headaches were caused by nerve pressure at the base of the skull. After correcting the cause of her condition the headaches ceased. Eyesight so improved that, within a short time, glasses were no longer necessary.

Let your conversation be without covetousness; and be content with such things as ye have; for he hath said, I will never leave thee, nor forsake thee.—Hebrews 13:5.

An Old Question

The election of Franklin D. Roosevelt, Jr., to Congress by a whopping margin promptly stirred talk that he might some day try to follow in his father's footsteps by seeking the presidency.

There was a quick rejoinder. It was said the Constitution bars him from that office because he was born on foreign soil, at his family's Summer place on an island off the coast of Canada.

Now on one knows, of course, whether young Roosevelt would ever get a crack at the presidency or whether he would want it. But reporters fishing in Supreme Court files have raised doubts that he or anyone in similar circumstances would necessarily be barred.

Let's see first what the Constitution says. To be eligible for the presidency, a person must be at least 35 years of age, must have lived in this country 14 years or more and must be a "natural born citizen."

It does not explain what "natural born" means. But the view has grown through the years that the term includes children of American parentage who are born on foreign soil.

The Supreme Court never has expressed itself on the issue as it relates to the presidency. In 1898, however, Justice Horace Gray handed down a decision noting that three distinct nationality laws declare that foreign-born children of U. S. parents "shall be considered as natural born children."

And court attaches refer pointedly to a case decided by a Maryland court under the 1940 nationality act. The court held there are only two types of citizens—native-born and naturalized. It said children born of American parents abroad are in no sense naturalized, and hence must be considered native-born.

With this background of law and judicial opinion, it would be no surprise were the courts to decree some day that children born under such circumstances are indeed eligible for the nation's highest office. American children born abroad are as much Americans as any born in Chicago or Dallas.

Provided they live in the country long enough to know it well, as the Constitution seeks to assure with its 14-year residence requirement, why shouldn't they have a chance at the highest office?

Still, until this matter is settled more definitely, we might well advise all expectant mothers:

If you think your child will be a boy and you want him to be President some day, don't go skipping off to foreign lands until after the big event.

Credit By Degrees

In the old days, a man generally could boast to his wife about his college achievements without fear of contradiction. It's likely to be different now. As often as not, the little wife is right there on the college scene, watching the record shape up.

And if there's any credit to be claimed for a job well done, she apparently wants part of it. Witness what happened during graduation week at the University of Colorado this year:

Wives of graduating veterans received a special award called P. H. T., for "Putting Husbands Through." The award certified that the wife is a "graduate from the trial and tribulation of putting her husband through the university, and is entitled to all the rights and privileges thereunto appertaining."

Presumably this includes the privilege of not listening when he starts to unwind about what a great figure he was in the old college days.

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

(Copyright, 1949, By The Bell Syndicate, Inc.) Drew Pearson says: State Department hands Israeli government a brusque note; Army fails to restrict lobbying activities of ex-officers—an open "invitation" to lawyer lobbyists.

WASHINGTON — One of the hottest notes in recent diplomatic history has just been handed the Israeli government by the State Department. It threatens to "revise the entire American attitude toward Palestine."

Diplomatic insiders consider the language of the note to be almost as blunt as the famed Frank B. Kellogg note of 1927 putting Mexico "on trial before the world" because of Mexican seizure of American oil lands.

In fact, U. S. Ambassador James G. MacDonnell seemed to consider the note so brusque that when he delivered it to Foreign Minister Moshe Sharett in Tel Aviv, Minister Sharett, half smiling, read the note aloud and cryptically remarked:

"These are the instructions of my government."

Then he left. Last blunt paragraph of the warning reads:

"If the government of Israel continues to reject the basic principles set forth by the Council of the United Nations and the friendly advice of the United States government for the purpose of furthering the cause of peace in Palestine, the United States government will regretfully be forced to the conclusion that a complete revision of its attitude toward Israel has become unavoidable."

One amazing feature of the peremptory diplomatic message is that President Truman takes personal responsibility. The first paragraph of the note states that the message is being sent at the request of the President of the United States.

The note deals with two main subjects: 1. Boundaries between Israel and Arab lands. 2. Arab refugees.

The question of boundaries is dealt with only briefly, the United States demanding that Israel compensate the Arab countries for additional lands seized by Jewish armies after the date of the United Nations decision of November 29, 1947.

The main body of the note pertains to the 600,000 to 800,000 Arab refugees who seek to return to their homes and territory now held by Israel.

These refugees fled Palestine during the Arab-Jewish war, partly because they were urged to do so by the Mufti of Jerusalem, partly because they feared Jewish terrorism.

Since the war, the Israeli government has said that it would be willing to assist in taking care of these refugees provided the Arab governments assist also. However, Israel has refused to bring them back to their former homes, first because it would automatically cut off further Jewish migration for Europe, second because the cost would be prohibitive.

At present, Jews are migrating from Europe to Israel at the rate of 30,000 to 30,000 a month. A total of about 80,000 Jewish immigrants have been placed in new camps, due to lack of housing elsewhere in Israel. And the new government faces the basic fact that it cannot have both Jewish and Arab migration. It must take one or the other.

Recently, the United States made a financial survey of the Arab refugee situation and decided it would cost an average of \$500 per head to resettle the Arabs. And the State Department now demands that the Israeli government will not repatriate the refugees, it must bear the cost of resettlement—approximately \$300,000,000.

Israel is willing to pay for the land and belongings which the refugees left behind, but has not been willing to pay the huge resettlement

'Burned Up' Women Picket Source Of Odorous Smoke

UNIONTOWN, Pa. — (AP) — Approximately 100 "burned up" women were to protest Monday against "odorous smoke" given off by burning trash at the city's incinerator dump.

The irate housewives halted garbage collection in Uniontown for two days and planned to picket the incinerator plant Monday further to demonstrate their ire.

"We are going to stay on the picket line until something is done," said Mrs. Mary Kovach, spokeswoman for the group.

City Solicitor W. Frank Lane filed suit in Fayette County Court Saturday seeking an injunction to halt the picketing.

The city plans to dump its refuse elsewhere pending court action on the injunction suit.

Young Mother Dies As Services Held For Four Offsprings

SOMERSET, Pa. — (AP) — A 24-year-old pregnant mother who died while a minister was conducting funeral services for her four children was to be interred with them Monday.

The children—Mary Ann, one; Charles, two; Barbara, four; and Gilbert, six—burned to death in a fire that swept the farm home of Charles Faidley near here Thursday morning.

Faidley was burned slightly. His wife, Alice, was left in critical condition and on Friday gave premature birth to a dead son.

Funeral services were being held Saturday for the children when the minister and the grieving Faidley were informed Mrs. Faidley had died.

About the town's only protective weapon is a milky fluid it gives off which is obnoxious to dogs.

McKenney on Bridge

By WILLIAM E. MCKENNEY American's Card Authority

It is always pleasant to talk about card games with Alfred Drake, who is now singing the lead in "Kiss Me Kate" in New York. He is one of a singing and card-playing family, and I think he likes to play cards as much as he likes to sing. Arthur Kent, the concert singer and formerly a member of the Metropolitan Opera Company, is Alfred's brother.

Alfred is a typical New Yorker. He was born in the Bronx, raised in Brooklyn and now lives in Manhattan. Shortly after finishing at Brooklyn College, he happened to be passing the Adelphi Theater one day, and saw a sign on the

Drake's hand: ♠ 943, ♥ 943, ♦ 987, ♣ 9542. Dealer: ♠ A773, ♥ QJ5, ♦ 810, ♣ A98. Rubber—Neither vul. South West North East 1 ♠ 1 ♥ Pass 1 ♠ 13. Opening—♠ 9.

door, "Singers Wanted." He walked in and got a job in the chorus. He understudied the leads in four Gilbert and Sullivan operas, but, as he says, he was only kibitzing. He never got the chance to sit in and take a hand. In 1938 he started to "kibitz" Bill Gorton in the play "White Horse Inn." Bill took sick, and Drake was finally given his first opportunity to play the game for himself.

He won fame in "Oklahoma" and is riding high on Broadway today, but he still finds time for a game of poker and a hand at bridge. I liked the way he played today's hand.

South won the opening lead with the king of diamonds and cashed the ace, then led back the third diamond which Alfred won with the queen (West). Some players now would have made the mistake of leading the seven of clubs, and when the finesse failed, they would lose a club, two diamonds and a spade.

Alfred decided to pick up the trumps and try for the spade break. If this failed, he still could take the club finesse. When the spade suit broke, he was able to discard a club on dummy's long spade, thus making his contract.

More than 75 tragedies a day are caused by children playing with matches, says the U. S. Office of Education.

THE DOCTOR SAYS Danger Of High Blood Pressure Increases As You Grow Older

By EDWIN F. JORDAN, M. D. Written for NEA Service

High blood pressure, called hypertension in medical circles, is one of the most dangerous enemies of modern man. About six hundred thousand men and women become afflicted in the United States alone every year. There are several different conditions which lead to high blood pressure. One of the most important is hardening of the arteries, or arteriosclerosis.

Practically all of the different kinds of high blood pressure as well as hardening of the arteries, bear condition related to high blood pressure or arteriosclerosis.

So far as is known, there are several different causes involved in the development of high blood pressure. Some of them are known, can be discovered, and can be remedied. However, in the majority of cases, the cause or causes are not yet fully understood by medical scientists.

What can be done about these great killers? Today one of the best things is to have an examination, including measurement of the blood pressure, taken at regular intervals so that the first signs of an increasing blood pressure can be recognized. If found early some patients can be cured; in other diagnosis makes it possible for the physician to give advice which slows down the development of the symptoms and complications of high blood pressure.

One organization, the American Foundation for High Blood Pressure, located in the Marion Building in Cleveland, is collecting funds, principally from generous businessmen, to attack the problems of hypertension and allied diseases.

This foundation already has provided financial support and encouragement for needed research

work in many parts of the country, and the exchange of information by the investigators. This kind of help is an invaluable stimulus to the solution of a difficult problem.

"DON'T come any closer to me," George said. "I'm willing to talk it over, but keep your distance."

"How do you figure it was my gun?" Bascombe relaxed. "I was watching you when Fred went into his song and dance about buying a second-hand automatic the last minute before we sailed. You knew he was lying. I knew he was lying, because I was with him every minute for days before we were ready to sail. The only way you could have known he was lying was by knowing something about the gun. It must have been yours."

"You couldn't tell well enough alone. Oh, you pretended not to be satisfied, but that was a cover for the smooching you felt you had to do to make sure there weren't loose ends, that you were in the clear." George shook his head. "It was a good act, but it didn't go over with me. And Nona told me how upset you were. You let down when you were alone with her."

"The obvious thing to say," Bas said dryly, "is that all this is a red herring. An attempt on your part to prove your innocence, or Nona McGuire's innocence."

George Bascombe snapped, "Leave Nona out of this."

"I can't. She's in it up to her neck. And so are you. What sort of a cut were you two supposed to get from Silwell when he said 'So you know about that too,' George said. "You and Fred really got together. Two of a kind, and don't correct me. But that deal off. It doesn't matter now."

There's still Fred Silwell. There's still the reason you and Nona agreed to his scheme in the first place. Does he have something on you?" "You'll never know from me."

WASHINGTON COLUMN Plan To Convert Fuel Supply May Land AEC In Hot Water

By PETER EDSON NEA Washington Correspondent

WASHINGTON—There's another thing that Atomic Energy Commission Chairman David E. Lilienthal will probably be beat over the head with by Senator Bourke B. Hickenlooper of Iowa. It's the AEC plan to convert the Oak Ridge, Tenn., uranium plant from coal to natural gas for its primary fuel supply.

Federal Power Commission already has approved this project, and construction of the \$10,000,000 pipeline to supply the gas to Oak Ridge is all ready to begin. But the fight isn't over yet.

The issue has raised something of a rumpus not only in Tennessee, but in New York, Pennsylvania, Ohio, Kentucky, Virginia and West Virginia. Gas companies supplying consumers in those states claim that permitting Oak Ridge to burn natural gas in steam boiler will reduce the supply of cooking and heating gas in some cities and towns, including Washington, D. C. A petition has been filed to reopen and reconsider the case before the FPC.

The Joint Congressional Committee on Atomic Energy already has issued a report criticizing the Oak Ridge switch from coal to gas. The Atomic Energy Commission's position is therefore not too good on this issue, even though it claims the action was necessary to assure national security by providing for continuous operation at Oak Ridge.

The uranium plant was located at Oak Ridge in the first place because it was close to big coal supplies in Kentucky, Tennessee and West Virginia. The plant now consumes 800,000 tons of coal a year.

Fear Of Coal Shortage The Atomic Energy Commission and the Army's Manhattan district engineer office believe it has been worried about coal supplies. During the miners' strikes of 1946 and 1947, the Oak Ridge coal stockpile was cut from 200,000 to about 85,000 tons. At one time coal was being moved in trucks from nearby wagon mines. After this experience, AEC decided to switch to gas.

The issue was presented to the Federal Power Commission as necessary for the national defense. This also influenced the Department of Commerce in making an allocation of steel for the pipeline.

AEC lawyers think the atomic energy act is broad enough to have authorized construction of the pipeline by the Atomic Energy Commission itself. But it was felt this expenditure and activity would have met with considerable public and congressional disapproval. So contracts were made with existing private utilities.

Tennessee Gas Transmission Co., in which Stone & Webster have big stock, operates the main transcontinental pipeline in this area. It runs from San Salvador, Texas, to Charleston, W. Va. Along this line the company sells gas wholesale to retail distributors. Thirty miles north of Nashville, the East Tennessee Gas Co. cuts in.

The new FPC permit would authorize East Tennessee Gas to build a 22-inch pipeline running 17 1/2 miles to Oak Ridge. Capacity of this line would be 100,000,000 cubic feet a day. When gas starts to flow, the Oak Ridge plant will for a time use both coal and gas as fuels. Eventually it will use only gas as primary fuel supply.

Economy The arguments given here are that gas is the more dependable fuel and also that it will save the government \$1,200,000 a year. Under present operations, 60,000,000 cubic feet of gas per day will be consumed. Under planned plant expansion, consumption will be 80,000,000 cubic feet a day.

Federal Power Commission says this consumption will not impair service to other consumers burning Tennessee Gas. But companies further up the line—East Ohio Gas, Columbus Gas and Electric, and Hope Natural Gas—claim this will deprive them of enough gas for a potential 140,000 customers. Also, they point to past natural gas shortages and future limited supplies. Heretofore the FPC has had a fixed policy of denying the use of natural gas under industrial steam boilers when other fuels were readily available.

National Coal Association, United Mine Workers and Railway Labor Executives Association—also fearing the loss of business and less of jobs—have joined with the eastern gas companies in what they call "The Fuels Research Council."

The council's argument is that adequate coal supplies can be stockpiled at Oak Ridge to keep the plant going for longer periods than any coal strike ever lasted. The Oak Ridge reservation covers 70 square miles and has plenty of space for coal piles.

A further argument is that the present Taft-Hartley labor law could be invoked to prevent a strike that would tie up operation of the government plant at Oak Ridge. To this the reply is made that the law may be repealed or amended and AEC can't take this chance.

Questions and Answers

Q—Why is the United States Senate referred to as the "House That Never Dies?" A—Senators are elected to six-year terms at two-year intervals which overlap. So in any election year, only one-third of the Senate changes, the remaining two-thirds being members whose terms have not expired. Hence the Senate is referred to as the "House That Never Dies."

Q—What one of our 13 original states was named for Queen Elizabeth? A—The state of Virginia was named for Queen Elizabeth, called "The Virgin Queen."

Q—Who were the Anti-Popes? A—An Anti-Pope was elected rather than canonically chosen and was not recognized by his successors as having had rightful dominion. There were 37 Anti-Popes.

Q—Where is the highest point in Europe? A—Elbrus in the Caucasus mountains in southern Russia is the highest peak in Europe. It has an altitude of 18,468 feet.

Q—Can magnetic compasses be used at the magnetic poles? A—Remember compasses are of no help in the areas above Hudson Bay and below the Straits of Magellan, close to the magnetic poles. Nor can a sun compass, which indicates the direction of flight by direct sighting on the sun, be depended upon because of the many hours of twilight in these regions. The same is true of the astro compass, which measures direction by the stars or other heavenly bodies.

The upper half of the nose of the African Leaf-nose Bat has the shape of a leaf. The lower half is shaped like a horseshoe.

or you're so involved in your emotions and sloppy thinking you couldn't see the sun on a bright day. Do you think you could answer a question without besting your chest in defense of Nona?"

"What is it?" George asked humfly. "Have you told Mollie you suspected me?"

"No, I wouldn't tell her the time of day." "Mollie and Silwell are pals again. Why?"

"Why don't you ask Fred? You might have noticed he and I aren't on the best of terms."

SHE disregarded his sarcasm. "Yesterday Fred and Mollie weren't pals either. When I came to see him last night, he brought a couple of bottles. I wondered at the time why Fred was so generous, passed it around without too much urging. He wanted the others to sleep. We made this little excursion. I got the rifle. Fred must have another little deal on the fire to join up with Mollie again."

"Money," George said. "Look for money somewhere and you'll have the reason for anything Fred does." "But where would Mollie get money?" Miss Cosgrove stopped. She remembered suddenly what Miguel Oak had said to her in the tunnel that night. "George, where did Mollie sleep in the cave?" As George started to protest, Bas added, "I'm not interested in your morals and I don't mean that the way you think." George said stiffly, "Mollie slept in the right fork of the cave, and I do the other."

"Look," Bas said. "We have a reception committee waiting for us." George hurried ahead then, went directly to Nona McGuire and took her hand. Bas could see Nona's soft query, "Was all right, George? What did they do to you?" Miss Cosgrove did not bear his answer. She was more interested in watching the expression on Agnes Fitch's face. (To Be Continued)

Indians Divide Double-Header With Sweetwater

Sport

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, JUNE 13, 1948—5

George Glass, Jr. Wins State Junior Title In Shootoff

HARLINGEN—(P)—Grant Iseng of Houston, national skeet champion, won the grand prize—the high over-all title—of the annual Texas State Skeet Meet Sunday.

His victory wound up the seventeenth annual tournament.

Iseng broke 590 targets out of 600.

He also took the high-over-all for the Galveston Cleander championship, which was left unfinished more than a month ago with a four-way deadlock. Tied with Iseng were Col. Pete Reed of San Angelo, Herman Ehler of Dallas and Mickey Michaels of Galveston with 396 of 400. Iseng went through 100 shots without a miss as Michaels broke 98 and Reed and Ehler hit 97.

Other championships determined included:

All-bore champion, Michaels, 80 straight in shootoff; second, Capt. Mig Brown, Waco, 49x50.

State 30-gauge champion, Michaels, 50 straight in shootoff; second, Brown.

New Officers Chosen

Class A all-bore, Scott McGill, Alice; Class B, Hill Sheppard, Arkansas Pass. Sheppard nosed out Colonel Reed, Galveston, in the shootoff with a straight 200.

Class C, M. R. Wooley, Longview, 74x75 in shootoff; Class E, Jack Rogers, Palestine, 46x50 in shoot-off.

Junior division all-bore, George Glass, Jr., Midland, national junior champion, 80 straight in shootoff.

At the conclusion of the meet J. T. Turner of Houston was elected president of the Texas Skeet Association. Michaels was named first vice president and Luke Barnett, Jr., of Houston, secretary.

New directors named included Roy Wilson, Longview; George Stratton, Waco.

Longhorn League—Rockets Climb Into Fifth Position As Broncs Kick Oilers

By the Associated Press
The Roswell Rockets have moved into fifth place in the Longhorn League and now are only a game and a half out of the first division. Roswell defeated the Ballinger Cats Sunday 12-11 to climb over the Odessa Oilers into the fifth slot.

Odessa was trounced by League-leading Big Spring 9-1. San Angelo defeated second-place Vernon 5-3, dropping the losers six and a half games behind Big Spring.

Third-place Midland and seventh-place Sweetwater divided a twin bill Sunday.

Midland won the opener 10-2 while Sweetwater copped the nightcap 12-10 in the first extra inning.

MAJOR LEAGUES—Brooks Explode Home Run Power

By RALPH RODEN
Associated Press Sports Writer
Brooklyn's new found home power played havoc with Cincinnati over the weekend. The league leaders socked two homers in a 10-5 win Friday night, belted three more in a 11-3 victory Saturday and Sunday exploded four in a pulverizing 20-7 rout that stretched their unbeaten streak to seven games. The 20 runs were the most scored in one game by a major league team this season.

Both the second-place St. Louis Cardinals and the third-place Boston Braves fell two games back of the Dodgers as they split double-headers.

The Cards divided with the Philadelphia Phillies, winning the opener 7-3 and dropping the nightcap 8-3. The Braves split with the Chicago Cubs, copping the second game 2-0 after losing the first 6-2.

Ralph Blair In Top Form; Filigamo Leads Hit Attack

The Midland Indians will open a two-game series with the San Angelo Colts in San Angelo Monday night. Blair will be hitting for the Indians.

The Redskins return to Indian Park Wednesday night to meet the Big Spring Broncs in a two-game series.

By SHORTY SHELburne
Harold Webb's explosive Indians exploded for 20 runs in two ball games in Indian Park Sunday afternoon but were able to garner only a split in a twin bill with the Sweetwater Swatters. Midland took the first game 10 to 2 and dropped the nightcap by a 12 to 10 count in eight innings.

The heaviest display of batting power this season was loosed by the Tribe in both games and they showed the world they'll be in there fighting all the way. The victory in the first tilt extended the Midland winning streak to six straight.

Ralph Blair hurled his best game of the season in the seven-inning opener. He gave up just five hits and walked only one. Both of the Sweetwater runs were unearned.

Filigamo Homers
Marty Filigamo went on a hitting spree like we haven't seen before this season. He clouted two singles, a triple and the longest home run that has been knocked in Indian Park this year.

Filigamo's homer was the big blow in Midland's five-run fourth inning. Carriel Nipp had doubled and Julian Presley had gained first on a Swatter error just before Filigamo drove his four-mas-ter over the extreme centerfield fence.

Pat Romanello got on by a Sweetwater error following Filigamo's homer. Kenny Jones doubled him around and scored on Walter Blair's single.

Julian Presley homered to open the fifth but the bags were empty. Singles by Filigamo and Jones and another Swatter error added two more in the fifth.

The Cards divided with the Philadelphia Phillies, winning the opener 7-3 and dropping the nightcap 8-3. The Braves split with the Chicago Cubs, copping the second game 2-0 after losing the first 6-2.

Roswell Rockets exploded four in a pulverizing 20-7 rout that stretched their unbeaten streak to seven games. The 20 runs were the most scored in one game by a major league team this season.

Both the second-place St. Louis Cardinals and the third-place Boston Braves fell two games back of the Dodgers as they split double-headers.

The Cards divided with the Philadelphia Phillies, winning the opener 7-3 and dropping the nightcap 8-3. The Braves split with the Chicago Cubs, copping the second game 2-0 after losing the first 6-2.

French Wins Crown

BROWNWOOD —(P)—Bobby French won the twenty-first annual West Texas Association tournament Sunday.

French, 22-year-old vice president and secretary of the French Tool and Supply Company of Odessa, defeated Don Cherry, his Odessa golfing pal, 6 and 5 in the finals.

He never before had won a tournament but in this one he turned in some sensational putting to go to work over Cherry in the morning round with a three-under-par 33 and in the afternoon round was four under regulation figures through No. 13, where he closed out the match.

SPORT SLANTS

BY SHORTY SHELburne

Sports Slants has had many requests for information on various records in the Longhorn League. President Hal Sayles' office recently published all that are available at this time.

There is a possibility some of these records may not be 100 per cent correct but until such time as they are proven incorrect they will be accepted as official.

Here they are, baseball fans. Clip them out where you will always have them at hand when a discussion arises:

LEAGUE TEAM RECORDS
Most games won Big Spring 1948, 84.
Most games lost Del Rio, 1948, 98.
Best percentage, team, Big Spring 1947, 628.
Most times at bat, team, Big Spring 1948, 4,927.
Most runs scored, team, Sweetwater 1947, 1,143.
Most runs for opponents, team, Sweetwater 1947, 1,151.
Most hits, team, Sweetwater 1947, 1,587.
Most total bases, team, Sweetwater 1947, 2,385.
Most two base-hits, team, Big Spring 1947, 285.
Most three base-hits, team, Odessa 1948, 94.
Most home runs, team Sweetwater 1947, 143.
Most sacrifice hits, team, Del Rio 1948, 122.
Most stolen bases, team, Ballinger and Big Spring 1948, 177.
Most men left on base, Odessa 1948, 1,178.
Most base on balls, team, Midland 1948, 703.
Most hit by pitchers, team, Sweetwater 1948, 329.
Most strikeouts, team, Midland 1947, 773.
Most runs-batted-in, team, Sweetwater 1947, 959.
Best percentage for batting, team, Sweetwater 1947, 329.

INDIVIDUAL RECORDS
Batting
Most times at bat, Fernandez, Big Spring 1947, 586.
Most runs scored, Moreno, Big Spring 1947, 185.
Most hits, Bob Cowser, Sweetwater, Pat Stacey, Big Spring 1947, 208.
Most total bases, Cowser, Sweetwater 1947, 375.
Most two-base hits, Stacey, Big Spring 1947, 45.
Most three-base hits, Calois, Del Rio 1948, 18.
Most home runs, Cowser, Sweetwater 1947, 37.
Most sacrifice hits, McAtter, Del Rio 1948, 16.
Most stolen bases, Pearce, Odessa 1948, 127.
Most times hit by pitcher, Dunlap, Sweetwater 1948, 25.
Most runs batted in, Cowser, Sweetwater 1947, 176.
Most strike outs, Mendez, Big Spring 1948, 130.
First Base
Fielding
Most games played, Pardue, Odessa 1948, 136.
Most put outs, McCaskey, Vernon, 1948, 1,216.
Most assists, Pardue, Odessa, 1948, 60.
Most errors, Prince, Midland, 1948, 35.
Most double plays, Prince, Midland 1948, 88.
Best percentage, Chapetta, Vernon and San Angelo 1948, 987.
Most games pitched, Collins, Midland and Gonzalez, Vernon 1948, 130.
Most put outs, Collins, Midland 1948, 380.
Most assists, Mellilo, Midland 1947, 399.
Most errors, Collins, Midland 1948, 74.
Most double plays, Collins, Midland 1948, 83.
Best percentage, Wells, Odessa, 1948, 961.

THIRD BASE
Most games played, Neuendorf, Ballinger 1948, 135.
Most put outs, Neuendorf, Ballinger 1948, 185.
Most assists, Brinkopf, Odessa 1948, 287.
Most errors, Mellilo, Midland 1948, 50.
Most double plays, Neuendorf, Ballinger 1948, 94.
Best percentage, Smithhart, San Angelo 1948, 387.

SHORT-STOP
Most games played, Proulx, Odessa 1948, 138.
Most put outs, Rigby, Vernon 1948, 211.
Most assists, Proulx, Odessa, 1948, 428.
Most errors, Proulx, Odessa 1948, 77.
Most double plays, Proulx, Odessa, Perry, Midland 1948, 86.
Best percentage, Rigby, Vernon, 1948, 933.

OUTFIELD
Most games played, Wadsworth, Ballinger 1948, 139.
Most put outs, Jakes, Midland 1948, 343.
Most assists, Simons, Guinne, Vernon 1947, 37.
Most errors, Ramsdell, Midland, 1947, 37.
Most double plays, Mendez, Big Spring and Wadsworth, Ballinger 1948, 6.
Best percentage, Sim

Latin Americans To Meet In El Paso

SAN ANTONIO (AP)—El Paso was picked for next year's convention and Raoul A. Cortez of San Antonio was reelected president as the League of United Latin American Citizens closed its annual meeting here Sunday.

Other officers elected included Francisco Flores, Laredo, trustee; George J. Garza, Laredo, was elected to head the Junior LULAC for 1949-50.

HEALTHFUL—REFRESHING—DELICIOUS

Unplanned Spraying Campaigns Useless, Says Health Officer

AUSTIN (AP)—Spraying a city dump that ought to be covered is like using toilet water to hide body odor, State Health Officer George W. Cox said.

Dr. Cox warned that indiscriminate and unplanned spraying against flies doesn't do any good in control of such diseases as polio. "Why spray a garbage heap that not only invites but actually breeds flies, when it should have been removed?" the state health officer said.

He praised chambers of commerce and other civic organizations for their Summer enthusiasm in getting rid of flies, but coupled it with a warning that without year-round sanitation the results are not so good.

Year-Round Program

"In some areas this has given rise to rumors flies are DDT resistant," Dr. Cox said. "The State Department of Health heartily endorses a fly-spraying program, provided it includes a general clean-up program carried out during the entire year."

In a well-planned fly control program, Dr. Cox declared, all places where flies gather, such as dumps, rubbish piles, garbage piles, decaying vegetation should be cleaned up by hauling away and burying. Proper garbage and rubbish containers with fly-tight covers should be demanded from all.

It does little good to spray the center of the street, the ball diamond, or the sidewalk. Spray the surfaces where insects light or breed.

A residual spray remains active until the DDT washes off or is covered with grease, dirt or soot. This usually lasts four to six weeks. After that, a second spray is recommended provided the item of clean-up still is being carried on.

Daddy Ringtail

By WESLEY DAVIS

Daddy Ringtail And The Bear Cave

One day the Monkey Catcher let Uncle Bunkum out of the cage where he lives at the zoo so Uncle Bunkum could go for a visit with Daddy Ringtail in the Great Forest.

Now Uncle Bunkum liked to live at the zoo, but he knew that Daddy Ringtail didn't want to live there. He also knew that the Monkey Catcher would like to find Daddy Ringtail's monkey house, and maybe catch Daddy Ringtail, or Sammy or Bobby, and take them away to live at the zoo.

So as Uncle Bunkum was walking along, walking along through the forest, on his way to the monkey house, he kept saying to himself: "I'll look back, and look back."

and be sure that the Monkey Catcher isn't following Uncle Bunkum. And because he was afraid of bears, he kept saying to himself: "I'll look ahead, and look ahead, and be sure that Uncle Bunkum isn't following a bear."

Uncle Bunkum was almost to Daddy Ringtail's monkey house, when he looked back and saw the Monkey Catcher sure enough. "Oh no!" said Uncle Bunkum. "I must hide. If the Monkey Catcher finds me now, he'll also find the monkey house."

Now right there, by Uncle Bunkum, was a bear cave in the side of a hill. A bear cave is a hole in the ground where a bear lives. The bear was at home. Uncle Bunkum saw him, but Uncle Bunkum jumped in the bear cave, just the same.

Uncle Bunkum was shaking all over. He was afraid of the bear, but he didn't run. He didn't make a sound. He didn't want the Monkey Catcher to hear him or see him, and maybe catch Sammy or Bobby. Uncle Bunkum just stood there, and shook with fright.

The bear was really one of Daddy Ringtail's friends. He knew about Uncle Bunkum's being afraid of bears, but the bear didn't laugh. He kept very still until the Mon-

key Catcher passed. Then the bear said: "Uncle Bunkum, you are about the bravest monkey I ever saw, popping into a bear cave, when you're scared of bears." But Uncle Bunkum only did it for Sammy and Bobby, to keep the Monkey Catcher from catching them, and an uncle is a happy thing to have. Happy day! (Copyright 1949 General Features Corp.)

The slogan, "Don't smoke in bed, that last cigarette may be your last cigarette" is displayed in many hotel rooms today.

Hitler's Luxury Yacht To Dock In Gotham

NEW YORK (AP)—Adolf Hitler's \$4,000,000 yacht, considered the world's largest and most luxurious private yacht, is due here Wednesday from Gibraltar.

Its new owner, George Arida, Middle East industrialist, said Sunday he is scheming to find a way to use the yacht that would have caused Hitler the greatest possible displeasure.

The yacht, named the Grille, was bought by Arida from the British Admiralty. His 22-year-old son, George, Jr., is bringing it from Gibraltar.

Victim

(NEA Telephone)
 The bludgeoned body of Roy G. Spore, Jr., 19, University of Colorado sophomore, was found in a creek near Boulder, Colo., 150 feet from the spot where a maniacal attacker struck his comrad companion with a length of iron pipe. Hampered by a plaster cast on his leg, Spore was beaten to death.

Making FBI Secret Files Public Is Held To Be Bad Practice

By JAMES MARLOW
 WASHINGTON —(AP)— Some innocent people and the FBI both will suffer if secret FBI files continue to be made public.
 A man accused of Communism now, when there's so much excitement about it, is smeared in the public mind and may be ruined. The accusation of an informant in an FBI file, that a man is a Communist doesn't necessarily mean he is one or even that the FBI thinks he is.
 He may or may not be. Some of the FBI information is true, some is false. It's gathered in various ways: From Regular FBI agents, secret undercover agents, and strangers who may be sane, crazy, bright, stupid, loyal or revengeful.
 The FBI checks on Communism to prevent spying, smash conspiracies, and be ready for a nationwide crack-down in case of emergency.
 All kinds of information, true or false, go into its files. Nobody suffers while it remains secret, no one is hurt. But when it's thrown wide open the public can't tell what's true in this collection of truths, untruths, suspicions and accusations.
 And that's when innocent people and the work of FBI both get damaged.
 At the trial of Judith Coplon, charged with spying for Russia, the judge ordered certain secret FBI information made public. The FBI said it had found it on her.
 The judge did this to give her a fair trial so the jury wouldn't have to act on hearsay.
 The files were opened and out tumbled the names of many people not connected with Miss Coplon at all but accused of Communism. They made denials. But now they're linked in the public mind with Communism.
 The work of the FBI suffered a blow. Undercover agents were exposed, not by their right names but by code names.
 But some of their information was so intimate that the accused people now must know it could have come only from "So-and-So," even though he's disguised in the files under a code name.
 Thus the usefulness of some of those agents is destroyed. And, in cases where they had true or dangerous information, this exposure may endanger their lives.

Livestock

FORT WORTH —(AP)— Cattle 5,000; calves 1,200; very slow; most classes trending lower; good and choice fed steers and yearlings 24.00-27.00; 975-pound steers 27.00; common to medium grassers and warmed-up heaves 16.00-22.00; over 1,200-pound steers 22.00; beef cows 15.50-17.50; stocker steer calves 25.00.

Dr. W. W. Lackey Is Visiting In Midland

Dr. W. W. Lackey of Fort Worth, formerly of Midland, arrived here Sunday for a visit with friends. He was superintendent of Midland public schools for 35 years, resigning in 1941.
 The veteran educator, poet and author recently has published another book, "Golden Horizons," which contains stories of famous Texans, 100 poems and 125 portraits. The chapters are My Philosophy, Eminent Clergymen, Renowned Statesmen, Distinguished Educators, The Lackey Family, Other Great Women, Pioneer Empire Builders, Casual Poems, Christmas Greetings.
 Dr. Lackey is the author of several other volumes.

COTTON
 NEW YORK —(AP)— Monday noon cotton prices were five to 15 cents a bale lower than the previous close. July 32.88, October 29.13 and December 28.92.

INJURED IN FALL
 MILTON David Johnson, III, son of Mr. and Mrs. M. D. Johnson, 403 North Baird Street, was treated at Western Clinic-Hospital Sunday for injuries received when he fell from a tree.

U. S. Savings Bonds Mature In 10 Years

U. S. Savings Bonds, Series E, mature at the end of 10 years rather than at the end of 20 years as was stated inadvertently in an advertisement in Sunday's issue of The Reporter-Telegram. Bond purchases in Midland County in the Treasury Department's Opportunity Drive are nearing the \$150,000 mark, Chairman John F. Butler reported. The goal is \$250,000. The Opportunity Drive ends June 30.

Triple Services Held For Midland Man And Parents

Triple funeral services for Oscar S. Bishop, of Midland, and his parents, Mr. and Mrs. O. L. Bishop of Trent, were held Sunday afternoon in the Church of Christ at Trent. Interment followed in a Trent cemetery.
 The three members of the Bishop family were killed about 12:30 a. m. Saturday in a head-on automobile collision two miles east of Merkel on U. S. Highway 80.
 Leon Chapman, 21, of Grandfalls was the fourth victim of the crash. His body was forwarded to Monahans for services and interment.
 Four persons were injured in the crash. They are Mrs. Oscar S. Bishop of Midland; Mrs. Essie Bolin of Corpus Christi, a daughter of the elder Bishop; her daughter, Dena, 8, and Robert H. Long, 24, of Hobbs, N. M.
 Minor Injuries
 First reports stated Long was killed in the accident, but it later developed he suffered only minor injuries.
 Long, according to Highway Patrolman G. G. Fitzhugh, was driving east in a station wagon. Chapman was riding with Long. The Bishop party was driving to Trent from Waco where they had attended funeral services for a relative. Fitzhugh said their car apparently was forced to swerve suddenly to avoid a torn up section of the highway.
 O. S. Bishop was employed by the Phillips Electric Company of Midland.
 Mr. and Mrs. H. N. Phillips and others personnel of the Phillips Electric Company attended the funeral services in Trent Sunday.

Lesinski To Offer Unadorned 75-Cent Bottom Wage Bill

WASHINGTON —(AP)— Chairman Lesinski (D-Mich) said Monday he will ask his House Labor Committee to approve a straight, unadorned 75-cent minimum wage bill this week.
 He said attempts to get a measure nearer to terms of the Administration's bill have failed in the face of unyielding opposition from Republicans and Southern Democrats.
 The Administration bill would raise the national minimum wage from its present 40 cents an hour to 75, and would extend the wage-hour law to about 5,000,000 workers who are not now covered.
 The bill Lesinski said he will recommend to the committee would boost the minimum to 75 cents and do nothing else.

Charles P. Skouras, Betty Grable, Head Big Salary Earners

WASHINGTON —(AP)— A new Treasury list shows America's best paid corporation employes in 1947 (or fiscal years spilling over into 1948) got \$810,000—\$175,300 less than he got to be No. 1 the previous year also. The list showed salaries as they stood before payment of heavy taxes.
 The top man, and it's his third straight year as such, is Greek-born Charles P. Skouras, president of National Theaters Amusement Company, Inc. and of Fox West Coast Agency Corporation.
 The top salaried woman for 1947 was Movie Star Betty Grable, although the \$208,000 listed for her was a \$31,833 comedown from her earnings the previous year.

Amarillo Colts Top Black Indians 18-11

The Midland Black Indians dropped an 18 to 11 decision to the Amarillo Black Colts in Amarillo Sunday afternoon. Harry Dooley was charged with the defeat.
 Yancey Batis hit a grand-slam home run for Midland but even that was not enough to overcome the Colts' lead.

Dr. R. M. Hawkins May Quit Sul Ross College

ALPINE — Dr. Richard Melvin Hawkins, president of Sul Ross State College, has been offered the presidency of Central College at Fayette, Mo., according to reports circulated here.
 Dr. and Mrs. Hawkins left Alpine Sunday for Fayette, where he will visit the Missouri school. He said he will make a decision concerning the offer upon his return in about 10 days.
 The Sul Ross president stated he "is reluctant to leave Texas."
 CHILD IS INJURED
 Janice Doepenschmidt, 3 1/2 years, 608 Mineola Street, was treated at Western Clinic-Hospital Sunday for a lacerated chin, received while playing at her home.
 SLIGHT INJURY
 Dora Gonzales, five years old, was treated at Western Clinic-Hospital Sunday for mouth injuries received in a fall while playing.
 SUTTONS RETURN
 Dr. and Mrs. W. L. Sutton have returned from a vacation trip to Weatherford, Fort Worth, Dallas and Brownwood.

LEGAL NOTICES

NOTICE IN PROBATE
 OF THE STATE OF TEXAS
 To the Sheriff or any Constable of Midland County—GREETING:
 YOU ARE HEREBY COMMANDED to cause to be published once, and said publication shall not be less than ten days before the return day hereof, in some newspaper published in Midland County, the following notice:
 THE STATE OF TEXAS
 To all persons interested in estate of Maude Cole Hudkins, deceased, Executor, Hudkins Executor, filed an application in the County Court of Midland County on the 7th day of June, 1948 for appointment as executor of the estate of said deceased, and for letters testamentary.
 Which said application will be heard by said Court on Monday the 29th day of June 1948, at their Court House of said County, in Midland, at which time all persons interested in said estate are required to appear and answer said application, should they desire to do so.
 HEREIN FAIL NOT, but have you before said Court, at the time aforesaid, this writ with your return thereon, showing how you have executed the same.
 WITNESS my hand and official seal, at Midland, Texas this 7th day of June, 1948.
 LUCILLE JOHNSON, Clerk, County Court, Midland County, Texas.
 By Lynette Maddox, Deputy.
 I hereby certify that the above is a true copy of the original writ now in my hands.
 ED DARNELL, Sheriff, By Marguerite Floyd, Deputy (June 13, 1948)

NOTICE TO THE PUBLIC

Pursuant to the provisions of Article 1207, Revised Civil Statutes, State of Texas, notice is hereby given of the intention of that partnership variously known as and called United Tile Co., Inc. of Midland, Texas, and United Tile Company of Midland, Texas, and composed of W. A. Love of Midland County, Texas, and O. M. Johnson of Midland County, Texas, and which partnership has been doing business out of and established its principal office in Midland, Texas, to incorporate under the laws of the State of Texas and under the name UNITED TILE CO., INC. OF MIDLAND, TEXAS.
 Notice is further given that the principal business office of this corporation shall be and it is Midland, Midland County, Texas.
 (May 23-29, June 6-13)

Open-Air Revival Services Underway

The first service of the North Big Spring Street revival was held Sunday night in the auditorium of the First Baptist Church. The Rev. Cecil Rhodes of Big Spring is conducting the revival. The Monday night service, and each service following, will be held at the site of the First Baptist mission in the 1800 block on North Big Spring Street. It will be an open-air meeting lasting two weeks with Mr. Rhodes preaching and Yates Brown of Midland conducting song services. In case of rain, services will be held in the First Baptist Church auditorium, the Rev. Vernon Yearby, pastor, announced Sunday night. The site of the meeting is just north of the city limits where light poles have been erected and wiring strung to provide lighting for the services. There is a building on the property in which a nursery will be maintained for the benefit of those with small children. The Brotherhood of the First Baptist Church is sponsoring the revival. Duke Jimerson is president of the Brotherhood, and Dr. H. Glenn Walker is mission chairman. The public is cordially invited to attend each service.

John Mircovich, Famous As 'Two Brothers,' Dies

CORPUS CHRISTI —(AP)— John Mircovich, 92, widely known in the Gulf Coast area as "Two Brothers," died Sunday of a heart ailment. Mircovich was a native of Long Island, Yugoslavia. He came to this country 78 years ago and to Corpus Christi 10 years later. With his brother, Mateo, he built a schooner and founded a fishing business. The two became known as the "Two Fishing Brothers" from Yugoslavia and John retained the nickname "Two Brothers" after Mateo's death. He built up a small fortune from fishing, grocery and restaurant interests and had extensive property holdings in Corpus Christi, Beeville and Ingleside. Funeral services were to be held Monday afternoon.

So they say

We have to work for peace, both the Americans and the Russians. They can work together if they want to. —Andrej Gromyko, first deputy Soviet foreign minister.

The Democratic Party is split into three factions. They are the Democrats, the Dixiecrats, and the "Dizzycrats"—who don't know where they're going. —Sen. Owen Brewster (R) of Maine.

Just as surely as Judas Iscariot betrayed his Master with a Kiss, the American Stalinists are using American liberty to mock and destroy American liberty. —Motion picture producer Cecil B. DeMille.

A Tory victory at the next election would be almost as grave as the results of an atom bomb. —War Minister Emanuel Shinwell of Great Britain.

The U. S. would be much better off if it were building 15 new dispersed cities every year, instead of adding their equivalent to the congestion that makes our big cities more attractive as targets for attack. —Gayle W. Arnold, assistant director of production, National Security Resources Board.

Eight Midlanders Enrolled At H-SU

ABILENE—Eight students from Midland are enrolled in Hardin-Simmons University classes for the first Summer term. Classes will continue through July 9, and the second term will begin July 12. Enrollment has reached an all-time high of 1165 students for the Summer term. The Midland students are Leonard Lettich, Gene Shelburne, Elvis Wayne Roberts, Garland Lee Erwin, Bert Conly, David Bizzell, Billie Jack Boles and Joe Snow. Lettich is the son of Mr. and Mrs. G. O. Lettich of Midland. He is a member of the Ministerial Council and the Radio Club. Shelburne is the son of Mr. and Mrs. T. F. Shelburne, Sr. He is a member of the Alpha Chi, the Cowhands and the Midland Club. Roberts is the son of Mr. and Mrs. J. E. Roberts of Midland. He is a senior at the university. Erwin is the son of Mr. and Mrs. W. E. Erwin, is doing graduate work. Conly is the son of Dr. and Mrs. J. O. Shannon of Midland. He is a member of the senior class. Bizzell is the son of Mr. and Mrs. D. M. Bizzell. He is a member of the Art Club and the Midland Club. Boles is the son of Mrs. Oia Boles. He was a member of the 46, 47 and 48 football teams. Snow is the son of Mr. and Mrs. J. F. Snow. He is a member of the Science Club.

Post Office Clerks Elect Plainview Man

SAN ANTONIO —(AP)— Jack P. Campbell of Plainview, former vice president of the Texas Federation of Post Office Clerks, was elected president of that organization at the close of its 28th annual convention in the Gunter Hotel here Saturday. R. M. Collier, Tyler, was elected first vice president; W. H. Taylor, San Antonio, second vice president; Walter H. Hill, Jr., Austin, secretary; H. T. Spake, Fort Worth, legislative representative, and William Silverman, El Paso, treasurer. Mineral Wells was chosen as the site for next year's convention. Mrs. Oliver Proffitt, Austin, was re-elected president of the women's auxiliary to the federation. The three vice presidents also were re-elected. They are Mrs. W. M. Deatherage, Wichita Falls; Mrs. Clem Prino, Galveston, and Mrs. Paul Young, Tyler. Mrs. O. P. Whaley of Dallas, last year's secretary of the auxiliary, was elected treasurer, and Mrs. Glenn Ridge, Lubbock, was elected to the secretary's post.

Eagles Will Meet Here Tuesday Night

Members of the Midland unit of the Fraternal Order of the Eagles, now in the process of organization, will meet at 7:30 p. m. Tuesday in the county courtroom of the Midland County Courthouse. Eddie Jones announced Monday. He urged all members and prospective members to attend. A motion picture film will be shown.

MIDLANDER GETS IOWA STATE DEGREE

AMES, IOWA—Douglas S. Robson, son of Mr. and Mrs. C. G. Robson, Midland, Texas, was among more than 1,000 graduates who received degrees and certificates at the seventy-eighth annual commencement of Iowa State College Friday. Douglas was awarded the degree of bachelor of science in statistics. Dr. Charles E. Frazier, president of the college, delivered the commencement address and presented the degrees and certificates at ceremonies held in the college armory. The area of Norway is 124,556 square miles.

Murder Charged In Roadside Stabbings

AUSTIN—(AP)—H. H. Hetzel of Austin is under charges of murder Monday in the stabbing death of Fred Darity, 19, of Cedar Valley in what police said was a highway fight involving 10 persons. The affair occurred Sunday. Darity was stabbed on the right side under the arm. His body was found near a highway about seven miles west of Austin. Hetzel, 34, was charged in Justice of the Peace Frank W. McBee's court with both murder and assault to murder. Morene Glass, about 19, of Cedar Valley is in a hospital for treatment of knife wounds in the side and was reported in a serious condition. Richard Bible, 20, of Oak Hill was treated for cuts and released. Deputy Sheriff Perry Miller said the stabbings occurred after the group left a tavern on the Fredericksburg highway.

20 Or More Persons Are Violence Victims

By The Associated Press Twenty or more persons met violent death, 13 in traffic accidents, over the weekend in Texas. Five drowned, one man was killed by lightning and one was stabbed to death. Automobile collisions Friday night killed six. Four were killed near Merit and one in traffic accidents, died in a crash near Mineral Wells. Nelda Dunford, five-year-old girl, was injured fatally when struck by a truck at Alice Sunday night. Fred Darity, 19-year-old Cedar Valley youth, was stabbed to death near Austin. Billy Wayne Fitzgerald of Dallas drowned in Mountain Creek Lake. Cpl. Layton D. Savage of Lexington, Ohio, an 18-year-old airman from Ellington Air Base at Houston, drowned while swimming in the San Jacinto River. Berry Appling is Reporter-Telegram News Staff Member Berry Appling, recent graduate of Hardin-Simmons University in journalism, is a new reporter on the staff of The Reporter-Telegram. Appling, a Navy veteran, is single and his home town is Park Springs, Texas. He worked on the H-SU newspaper and in the college publicity department while in college.

Relative Of Midlander Dies At Abilene

ANSON—Funeral services for Mrs. Alice P. Neatherlin, 86, were to be held here Monday afternoon. She died Sunday afternoon in an Abilene hospital. Interment was to follow in the Mount Hope Cemetery at Anson. Survivors include five children, Mrs. G. E. Tabor of Wingate, Dr. R. V. Sarrels of Abilene, Mrs. C. R. Howard of Tucson, Ariz., J. A. Neatherlin of Wichita Falls, and Wyle E. Neatherlin of Long Beach, Calif.; two stepchildren, G. J. Neatherlin of Anson and Mrs. Iva Brown of Midland.

Chamber Directors Meet Monday Night

Directors of the Midland Chamber of Commerce will meet at 8 p. m. Monday in the Private Dining Room of Hotel Scharbauer for their regular monthly session. President R. D. (Bob) Scruggs will preside. Manager Delbert Downing said several matters of interest and importance are scheduled for discussion and action. A number of committee reports will be heard. All directors are urged to attend.

OPTIMISTS TO MEET TUESDAY IN HOTEL

Boy's work will be discussed Tuesday noon at the regular meeting of the Midland Optimist Club in the Crystal Ballroom of Hotel Scharbauer. President W. F. Z. German, Jr. announced Monday. He urged a full attendance of club members.

Blast From Shotgun Barely Misses Union Chief; Clues Meager

MARION, OHIO —(AP)— Police Monday worked with only a few clues—bullet and wadding from a shotgun shell—in an effort to learn who shot at Union Organizer Thomas S. Mitchell Sunday. Mitchell, 30-year-old Cleveland, is director of the 67-day-old strike against the Ohio Associated Telephone Company here. The organizer is recuperating from an appendectomy. He was asleep in a first-floor room at Marion City Hospital early Sunday when the single blast was fired through a window. The shot missed him by inches. A few pellets lodged in his pillow. The bulk of the charge splattered the ceiling above his head. Resemblance Seen The shooting resembled closely attempts on the lives of the brothers Walter and Victor Reuther, president and educational director, respectively, of the CIO-United Auto Workers. Both were hit by shotgun blasts fired through windows of their homes—Walter last year, and his brother a few weeks ago. He told of receiving a get-well-soon card which had been revised to read: "I hope you never get well." But he attributed that to a "crank" and doubted it had any connection with the shooting. The telephone strike began April 7. Eighty members of the Ohio Federation of Telephone Workers, an independent union, are seeking wage boosts of 15 cents an hour and a union shop. The company has offered a five-cent raise.

We Are Pleased

to announce our new business location and permanent home of Lincoln-Mercury sales and service in the building formerly occupied by the Willis Sales Co., corner Baird and Missouri Streets, here in Midland, Texas.

We Wish To Offer

to discriminating buyers of automobiles in this territory the Newest and Finest in transportation in the new 1949 Mercury, Lincoln and Lincoln Cosmopolitan. Our new, modern service facilities are now available and we pledge you at this time our best efforts in offering the type of service you will be pleased with.

We Invite Customers

who have purchased cars from the Willis Sales Co., to continue bringing their cars in for service. We will have parts for these cars and mechanics who have been trained to service this particular car. During the time there is no Kaiser-Frazer dealer here, we also will be glad to service these cars in our new location.

Broken Love Affair Results In Death Of Soldier, Sweetheart

SCRANTON, PA. —(AP)— A 27-year-old Army corporal and his girl are dead in what Lackawanna County Coroner Paul E. Kubasko described as a murder and suicide brought on by a broken love affair. The victims were Cpl. John Manka, 27, Scranton, stationed at Fort Wadsworth, N. Y., and Ruth Klimke, 21, West Scranton. The shooting occurred at nearby Dickson City. Kubasko said Miss Klimke's father told West Scranton police his daughter had been threatened by Manka when she broke off their romance. The coroner told this story of the shooting: Ruth was enroute to a Dickson City swimming pool with three friends when Manka drove up and forced the automobile in which the girl was riding to halt. Manka jumped out and asked Ruth to go with him. When she refused he took out a gun and shot her in the chest. She died at Mid-Valley Hospital in nearby Pecksville a few hours later. The shot was heard by Dickson City Patrolman Michael McCool, who was riding in a police car. He trailed Manka's car to a dead end street where the soldier stopped and then pumped a bullet through his left temple. He died instantly.

Marine Reservists Called To Meeting

An important meeting of Marine Corps reservists and others interested in the reserve program has been called at 8 p. m. Monday in the high school auditorium. Joe Akins called the meeting. He urged attendance by all reservists and others interested.

NEW POWER FOR OLDER BUICKS

Now you can enjoy once again the thrilling eager power of a new car! Smooth, quiet, responsive horse-power, surging from a mighty new Fireball engine at the touch of your toe.

Yes, it's yours! Current production of Buick Fireball engines is surpassing the manufacture of chassis. If your Buick is a 1937 model or later, we can install one of these all-new motors in a matter of hours—and the cost is no greater than a major overhaul.

Worth looking into? You bet it is. Why not come see us this week, and let us give you the exact figures?

USE THE G.M.A.C. PLAN FOR MAJOR REPAIRS.
