

Asphyxiation Causes Death Of Ex-Banker

HENRIETTA—(AP)—A former bank official—retired one day—died in his closed garage Thursday. Justice of the Peace O. D. Wortham called it "suicide by asphyxiation."
He said two notes found on the person of Jack J. Scanlon, about 55, "left no doubt of suicide."
Scanlon had been first vice president and cashier of the First National Bank of Henrietta. Scanlon sold his interest in the bank Wednesday to Ernest Lamb, its president.
Deputy Sheriff Tommy Covington said Tom Moore, negro yard man, found the body on the floor behind Scanlon's car Thursday afternoon.
The car's ignition switch was turned on, but the motor wasn't running, the deputy said. There were no marks on the body. Covington said it appeared Scanlon had been sitting in a chair which was found tipped over by the body.

Mother Who Hid Son Is Sentenced

BOSTON—(AP)—A mother accused of hiding her 14-year-old son most of his life to cover the "shame" of his illegitimacy was sentenced Thursday to an indefinite reformatory term.
Mrs. Anna Sullivan, 45, also the mother of two other Marine Corps sons and a daughter, appealed.
The boy, Gerald, was found near the Sullivan home last March 14 wearing tattered girl's clothing, his feet bare and his hair long and curly.
He told of being hidden from the world in the Sullivan home for most of his life. The lad, who had no formal education, was unable even to climb stairs.
The youngster appeared in court Thursday well groomed. His long locks had been shorn and he was dressed in boy's clothing.
He was adjudged a neglected child by Judge Frankland W. L. Miles and was held in \$10,000 bail. The step was taken to assure his return to the state home where he lives with other children.
Mrs. Sullivan told the court she hid the boy to conceal the fact of his birth. She said she meant no harm and wanted to start life anew with the youngster in a neighborhood where they would not be known.
The boy refused, however, to show any interest in his mother.
"Don't you want to go home to your mother?" he was asked.
"No," he replied.
He said he wanted to "live in the country and play with other kids."

Acheson Won't Jump Gun On China Policy, He Assures Senators

WASHINGTON—(AP)—Secretary of State Acheson has assured Senate foreign policy leaders they will be consulted before any decision is made on recognizing a Chinese Communist government.
State Department officials said Friday word has been given Chairman Connally (D-Texas) of the Senate Foreign Relations Committee that Acheson will consult fully with the committee on the recognition question when it arises.
There has been recent criticism from some senators of Administration policy toward China. Twenty-one senators sent President Truman a protest last week against establishing diplomatic relations with the expected Communist regime.
At the moment, State Department officials take the position there is no real issue, because the Chinese Communists have not yet formed a government.
But most diplomatic officials feel that if the Communists are going to run China this government should establish contacts with them and have trained observers in their country as it has done in the Communist nations of Eastern Europe.

IN HOLLYWOOD

'Great Profile, Jr.' Succumbs To Lure Of Grease Paint

By ESKINE JOHNSON
HOLLYWOOD—Meet the "Great Profile"—junior grade.
Seventeen-year-old John Barrymore, Jr., is ready to take the first step into his father's famous footprints by playing a role in a motion picture.
He's becoming an actor even though mama dreamed of a career for him in either law or medicine.
"It was quite a struggle changing mother's mind," he laughed as he nervously lit a cigarette. It was his first press interview.
Mama—Dolores Costello—has some famous footprints of her own but she didn't want him following them, either.
She was sitting across from John, Jr., in the quiet, oak-paneled library of her Los Angeles mansion, built for a California oil millionaire in the roaring twenties.
"She laughed, too, and said: 'I thought I could direct him. But I gave up. I guess he was born to act. I hope the child will be happy.'"
The Barrymore looks and personality are there. The classic profile, the charm, the eyes. The height is almost six feet.
Aunt Ethel and Uncle Lionel have seen it. So have old friends of his father who repeatedly have told him:
"Yes, sir, son, you've got what your father had."
Mother Dolores saw it, too, but at first she refused to recognize it. She remembered John, Sr., telling her that he was often unhappy as an actor. She never wants John, Jr., to be unhappy.
Theatrical urge
It wasn't until two years ago, when he was 15, that Junior himself realized he was born to act.
At eight it was a shiny bugle.
At 10 he wanted to be a famous chemist.
His mother remembers: "He almost burned down the house."
At 13 he was determined to be a lawyer. Dolores was pleased. At 14 1/2 it was football and a month in the hospital and 130 days in a cast with a broken collarbone.
At 15—"The ham came out in me," he said. "I couldn't sleep one night. I went for a long walk. I looked up at the stars for a long time and all of a sudden I knew I had to be an actor."
For two years he's been "working" on his mother. She finally gave her consent and he signed a contract to play the juvenile lead in an independent picture, "Thunder in the Dust," for producers Alan Lemay and George Templeton.
Starting salary \$150 a week.
Options to \$50,000 a picture at the end of seven years.
Dolores and John, Sr., were divorced when he was only 3. John saw him only twice. Dolores remarried—Dr. John Vruwink, the obstetrician who, oddly, officiated at the birth of John, Jr.—John, Sr., and Dolores' first-born, daughter Dolores (now 18), and John, Jr., grew up in the Stadler Vruwink mansion and spent the Summers on the Vruwink ranch near Occidental, Calif.
Daughter Dolores has no acting aspirations at the moment. Her mother said: "She has a flair for writing and art."
The Great Profile (J. G.) admits to being just an average student. Once he was interested in music—violin and piano. "But I never took lessons." His mother corrected him: "You mean you never showed up for them."
He's never had a dramatic lesson or participated in school plays. His early schooling was at Four Mile Valley School for Boys near Colorado Springs. Now he's a junior at Mar-Ken High School in Hollywood.
"He's an avid movie fan—I saw 'The Three Musketeers' 19 times"—and lately has been entertaining school pals with an impersonation of Laurence Olivier as "Hamlet." What kind of roles would he like to play?
"Anything—I just want to act and maybe try to be half as good as my father."
He's seen his father in only one picture, "The Invisible Woman." Not one of Barrymore's best. Now that he's decided to become an actor, he's eager to see them all.
Will Dolores ever resume her career?—her last film was "The Magnificent Ambersons," made early in the war.
"No," she smiled. "I pass it on to him."
Madeleine Carroll will marry again after she divorces Henry Lavelle. Husband No. 4 will be a New York socialist. Seth Miliken—Marriage of Miss McClure (who almost became Mrs. Mickey Rooney) and Marvin Finch is on thin ice. Ditto the romance of Jane Powell and Gary Steffen. Family trouble.

Texas Mileage High In Proposed System

WASHINGTON—(AP)—More than one-tenth of the cost of the proposed \$11,266,271,183 express highway system would be in California, a detailed report of the Public Roads Administration showed Friday.
The greatest mileage of construction—2,784 miles—would be in Texas. But because of lower construction and land-acquisition costs there, that state would rank seventh in the overall expenditure.
President Truman recommended the agency's \$7,700-mile program, called "Highway Needs of the National Defense," to Congress Thursday.
A state-by-state summary of the system, first of its kind to be compiled listing rural and urban mileages and costs, includes:
Texas—rural, 2,573 miles, \$286,863,400; urban, 191.8 miles, \$149,104,200.

Large East Texas Well Is Completed

TYLER—(AP)—A Delta Drilling Company well which passed Railroad Commission test Thursday is one of the biggest completed in East Texas recently.
It's the company's No. 1 Little Little Hoskins in the South Tyler Paluxy field, several miles south of here.
It flowed 559 barrels of 27.1 gravity oil through a 1/4-inch choke from the Paluxy formation through perforations between 7,638 and 7,658 feet.
The gas-oil ratio was 300 cubic feet of gas per barrel of oil. Flowing pressures were 630 pounds per square inch on tubing and 860 on casing.
The well has given a push to development in the area. Humble Oil and Refining Company has staked an offset location to the north. Work on it is expected to start immediately.

Optimistic Picture Of Texas Conditions Is Given In Report

DALLAS—(AP)—The Federal Reserve Bank of Dallas said Friday Texas crop prospects are good, in spite of wild weather in May and the first three weeks of June.
It went on in its monthly review:
"Reflecting the high per acre yields, an average crop of oats has been harvested from a smaller than usual acreage. Rapid progress is being made on harvesting a near-record wheat crop, and a good crop of grain sorghums has matured in South Texas. Corn and hay crops generally have developed satisfactorily and promise fair to good yields. The cotton crop in most sections is growing rapidly, with unusually heavy yields indicated in the lower Rio Grande Valley and in some other areas of South Texas."
The review said the decrease in department store buying from April to May was smaller than usual.
Dollar sales of reporting stores were only one per cent smaller than in April and 5 per cent lower than in May, 1948, it said.
Inventories of reporting stores at the end of May were 7 per cent smaller than a month earlier and 9 per cent lower than a year ago. Outstanding orders showed a further decline of 4 per cent in May and at the end of the month were 51 per cent smaller than on that date last year.
Furniture store sales showed a sharp gain of 22 per cent in May over April and were 5 per cent larger than those in May 1948.
Construction contracts awarded in May were in about the same volume as in April, but were only 62 per cent of the postwar record volume reached in May last year.
Daily average production of crude petroleum showed only a moderate decline in May.
Total receipts of reporting member banks in leading cities of the district increased approximately \$33,400,000 between May 11 and June 15, but total loans and investments decreased \$10,800,000.

Texan Turns Hermit, Says It's Good Life

TYLER—(AP)—Ever think you'd like to leave your troubles, find a secluded spot and turn hermit?
So did Ernest Dudley. But the biggest difference between you and Ernest Dudley is this: He did it.
Dudley, 53, veteran of both World Wars, lives eight miles past of Tyler in a house he built himself. He's a mile from the nearest road and almost that far from the nearest house.
He hasn't been to town in almost three years.
Such a life has its advantages, Dudley says. No alarm clocks, no traffic lights, no neighbors to keep you awake at night, no schedules, no jangling telephones.
The rent? Ten dollars a year.
He's been at it for five years and intends to stay there for the rest of his life.
Why did he decide he wanted to live by himself?
"I've been almost all over the world and I've seen everything I want to see," he says.

Tidelands Parleys Held In Washington

WASHINGTON—(AP)—Efforts by Speaker Rayburn (D-Texas) to settle the Tidelands dispute between the federal government and the states were still stalemated Friday.
Rayburn said he was "not over optimistic" after he held separate conferences Thursday with Secretary of the Interior Krug and Attorney General Clark and representatives of the Tidelands oil states.
He said he plans to talk to the cabinet members again.
African slaves were first introduced in America in 1619, the first shipment going to Jamestown.

First High School Summer Band Camp Planned For August

A summer camp for the Midland High School Band, the first ever conducted by the group, tentatively is scheduled for August 15-19 in Pooney Park at Fort Stockton, at the meeting of the Band-Aides Thursday night.

Band-Aides members voted to sponsor the camp if as many as 40 students register for it. Notices will be mailed early next week to high school band students and prospective band members in Junior High School.

According to the preliminary plans, a small fee would be charged each student, the amount to be determined by the number going to camp. The school has agreed to furnish buses for transportation. The group would be supervised by parents and instructors, an adult to each six students. A cook would be employed for the camp, to be assisted by students taking turns on K. P. duty.

Jerry Hoffman, band director, and O. L. Stalcup were appointed a committee to go to Fort Stockton, inspect the camp facilities and see what equipment would be necessary.

Church Youth Form Programs Of Year

Looking ahead through a year, young people of the First Methodist and Trinity Methodist Churches here are planning programs at final meetings of a series held this week in the First Methodist Church.

After a supper at 8 p.m. Friday in the Schaefer Educational Building, program plans will be discussed in the forum period. A recreation session is scheduled, then a devotional service at 8:30 p.m. which will close the week of activities led by the Youth Caravan, a visiting group of young people who have been trained to lead programs in local churches.

Correlate Plans

The forum discussion will correlate plans which were made Thursday night in four group meetings. These represented the long commissions of the Methodist Youth Fellowship: Faith and evangelism, missions and world friendships, community service, and recreation. After the group sessions, the daily periods of working and recreation were conducted.

The Caravan members, five young people and an adult leader, will go next week to another Methodist Church to lead a similar series of meetings. The group, which had two weeks of preliminary training, will spend seven weeks this summer visiting churches which have requested its services.

CHURCH BROADCASTS PROGRAM EACH WEEK

Sunday Morning Meditation is broadcast over KOBH from the music studios of the First Baptist Church every Sunday from 9 to 9:30 a.m. The Rev. Raymond G. Hall is in charge of the music and the Rev. Vernon "Reddy" of the meditation group.

The radio choir is composed of Verla Lee Gots, Muriel Hamilton, Edith Coyers, LaMoine Tabor, Anna Joyce Streeter, Nellie Clark, Dephane Tabor, Lola Farnsworth, James Kerr, Johnny Murray, George Walters and Doyle Lowrey. Mrs. Raymond Hall is the pianist.

The Virgin Islands consist of three main islands and about 50 inlets.

Mescalero-Indians Open Celebration On Big Reservation

By BILL RAWLINS
MESCALERO, N. M.—(AP)—It's coming out time for a couple of teen-age Indian maidens. And the debutantes have made big plans.

The Mescalero Apache Indians began their annual ceremonial at Sunrise Friday. It lasts until the Sun sets July 4.

All 800 members of the tribe made notorious by old Chief Geronimo crowd around their reservation headquarters in Southern New Mexico. They picked teepees there in lieu of hotel accommodations.

Most of the Indians are farmers and stockmen, living all over the 500,000-acre reservation. But once a year they move into the village of Mescalero for dancing and a feast—coming out party like no White girl ever had.

Guests Of Honor

Guests of honor this year are Caroline Sundayman and Cleo Comanche, who tribesmen believe are ready to settle down and marry.

There are other girls of marriageable age on the reservation, but coming out parties cost money in any language. And the way the Mescaleros do them up, they burn a considerable chunk from the family budget.

There isn't just one day of dancing—there are four. There isn't just one dinner party—feasting lasts through more than 100 hours.

The girls wouldn't be caught dead in some frilly formal. They must be gowned in beautifully beaded, handmade buckskin costumes. They have spent months making their party dresses.

When it is considered that the girls' families bear the chief expense for the 800 Indians and some 1,500 White guests, it isn't surprising that most of the girls must be presented with less fuss.

Religious Tone

The celebration dates way back. Besides the social implications for the debs, the festival has a deeply religious tone.

The ceremonial starts with the raising of the teepee where the debutantes hold forth, a sacred ceremony.

During the morning of the first day, the social dances begin in front of the girls' teepee with visiting Indians, decked out in their tribal costumes, taking part.

Scores of visitors from New Mexico, West Texas and throughout the Southwest come each year to watch the fun. They are welcome everywhere but at the sacred, private initiation rites.

But the White man has done more to the ceremony than just visit. A feature of this year's entertainment is a baseball series between the San Carlos Reservation team from Arizona and Mescaleros.

Five Are Initiated To Membership In First Baptist YWA

A program on China was presented to the Margie Schuman Young Woman's Auxiliary of the First Baptist Church in the home of the president, Mrs. W. F. Chumney, 504 South G Street, Thursday night.

Five new members initiated into the organization are Edith Collins, Nadene Clement, Martha Preston, Artie Dwight, and Polly Pullen.

Miss Clement was appointed community missions chairman to fill the vacancy left by Norma Middlebrooks' resignation.

Dorothy Raines brought the devotional on "Serving God With Joy in Our Hearts." Parts on the program included "Seeing Christian Character Unfold," by Miss Clement; "Mrs. Lee Gives Up Her Idol," Wilda Drake; "Power Over Devils," Miss Pullen; "Is There a God Who Loves the World?" Miss Collins; and "From Talingao Station," Mrs. Chumney.

Prospective Bride Is Honored With Tea, One Of Party Series

A week filled with parties for Dorothy Watson, whose wedding to James P. Lane of Rankin will be an event of July 9, ended Thursday with a tea given by Mrs. W. P. Knight and her daughter, Mrs. D. A. Bliven, in the Knight home, 1201 West Missouri Street.

Parties next week, immediately preceding the wedding, will be fewer and for small groups, chiefly members of the wedding party.

Luncheon, showers, a coffee, Coke party and bride party have complimented Miss Watson recently.

For the tea Thursday, approximately 240 friends were invited. Callers during the first hour were greeted at the door by Mrs. James N. Allison, and Mrs. J. P. Gibbins took her place the second hour. In the receiving line were Mrs. Knight; Miss Watson and her mother, Mrs. James C. Watson; her sister, Mrs. F. E. Forster, Jr., of Odessa; Lane's mother, Mrs. W. D. Lane, and Mrs. Bliven.

House Party Members

Mrs. R. T. German poured punch the first hour; Mrs. C. R. Steinhilber and Mrs. Harris G. Eastman at the service table, and Jan Knickerbocker at the bride's book. Mrs. Frank Johnson and Joan Steinberger also were in the house party.

A unique floral arrangement centered the table. Set on a reflector was a miniature church, its walls covered with white carnation petals and its roof with lemon leaves. A tiny figure dressed as a minister stood at the front door. From the reflector, streamers of pale green satin ribbon with the names "Dorothy" and "Jim" printed in gold, extended across the white cutwork cloth.

On the buffet a long silver container held a fan-shaped arrangement of white gladiolus. The green and white colors chosen by the bride- elect were repeated in the refreshments.

Pale pink gardenias floated in a cut glass bowl on the piano, and there was a bouquet of chiffon daisies on the coffee table in the living room. Shasta daisies and red-colored asters decorated other rooms.

The hostesses presented a pair of china fruit plates as their gift to the honoree, who was dressed for the tea in a frock of brown lace with fitted bodice and full skirt of ballerina length above brown satin slippers.

The Texas League of Women Voters successfully ended its eight-year campaign for a more secret ballot.

The business women scored a victory when the legislature approved the proposed constitutional amendment to allow women to serve on juries.

By far the largest lobby was the school teachers. They packed the galleries every time the Gilmer-Alkin bills providing for reorganization of the state's public school system came up.

They dressed up in their Sunday best and converged on the capitol from all over the state. Waco teachers came down in buses while members of the Parent-Teacher organizations back home took over their classes.

The League of Women Voters also pushed a juvenile court bill which became the law this session.

World friendship and the part women may play in its development is a theme being stressed in a national and an international meeting this week of organizations which have clubs in Midland.

The international convention of Altrusa Clubs is being held in Banff, Alberta, Canada, and board members of the National Federation of Business and Professional Women's Clubs, Inc., are meeting in Jacksonville, Fla.

Dr. K. Frances Scott of Northampton, Mass., president of the B&PW Federation, urged members of that organization to "be constantly aware of the changing and troubled world that exists today," as she also stressed the need of taking a stand on controversial domestic issues.

"The efforts of pressure groups to seek personal advantage regardless of the effect on the public welfare is never ceasing," she warned in her opening address Friday morning, adding, "The behemoth of government, built up of necessity during

Former Midland Girl Weds Lubbock Man

Announcement of the marriage of Robye Jean Gregory and Ray Crenshaw, both of Lubbock, June 15 is of interest to Midland friends of the bride, who lived here as a child and has visited here often with her aunt, Mrs. M. T. Smith of this city.

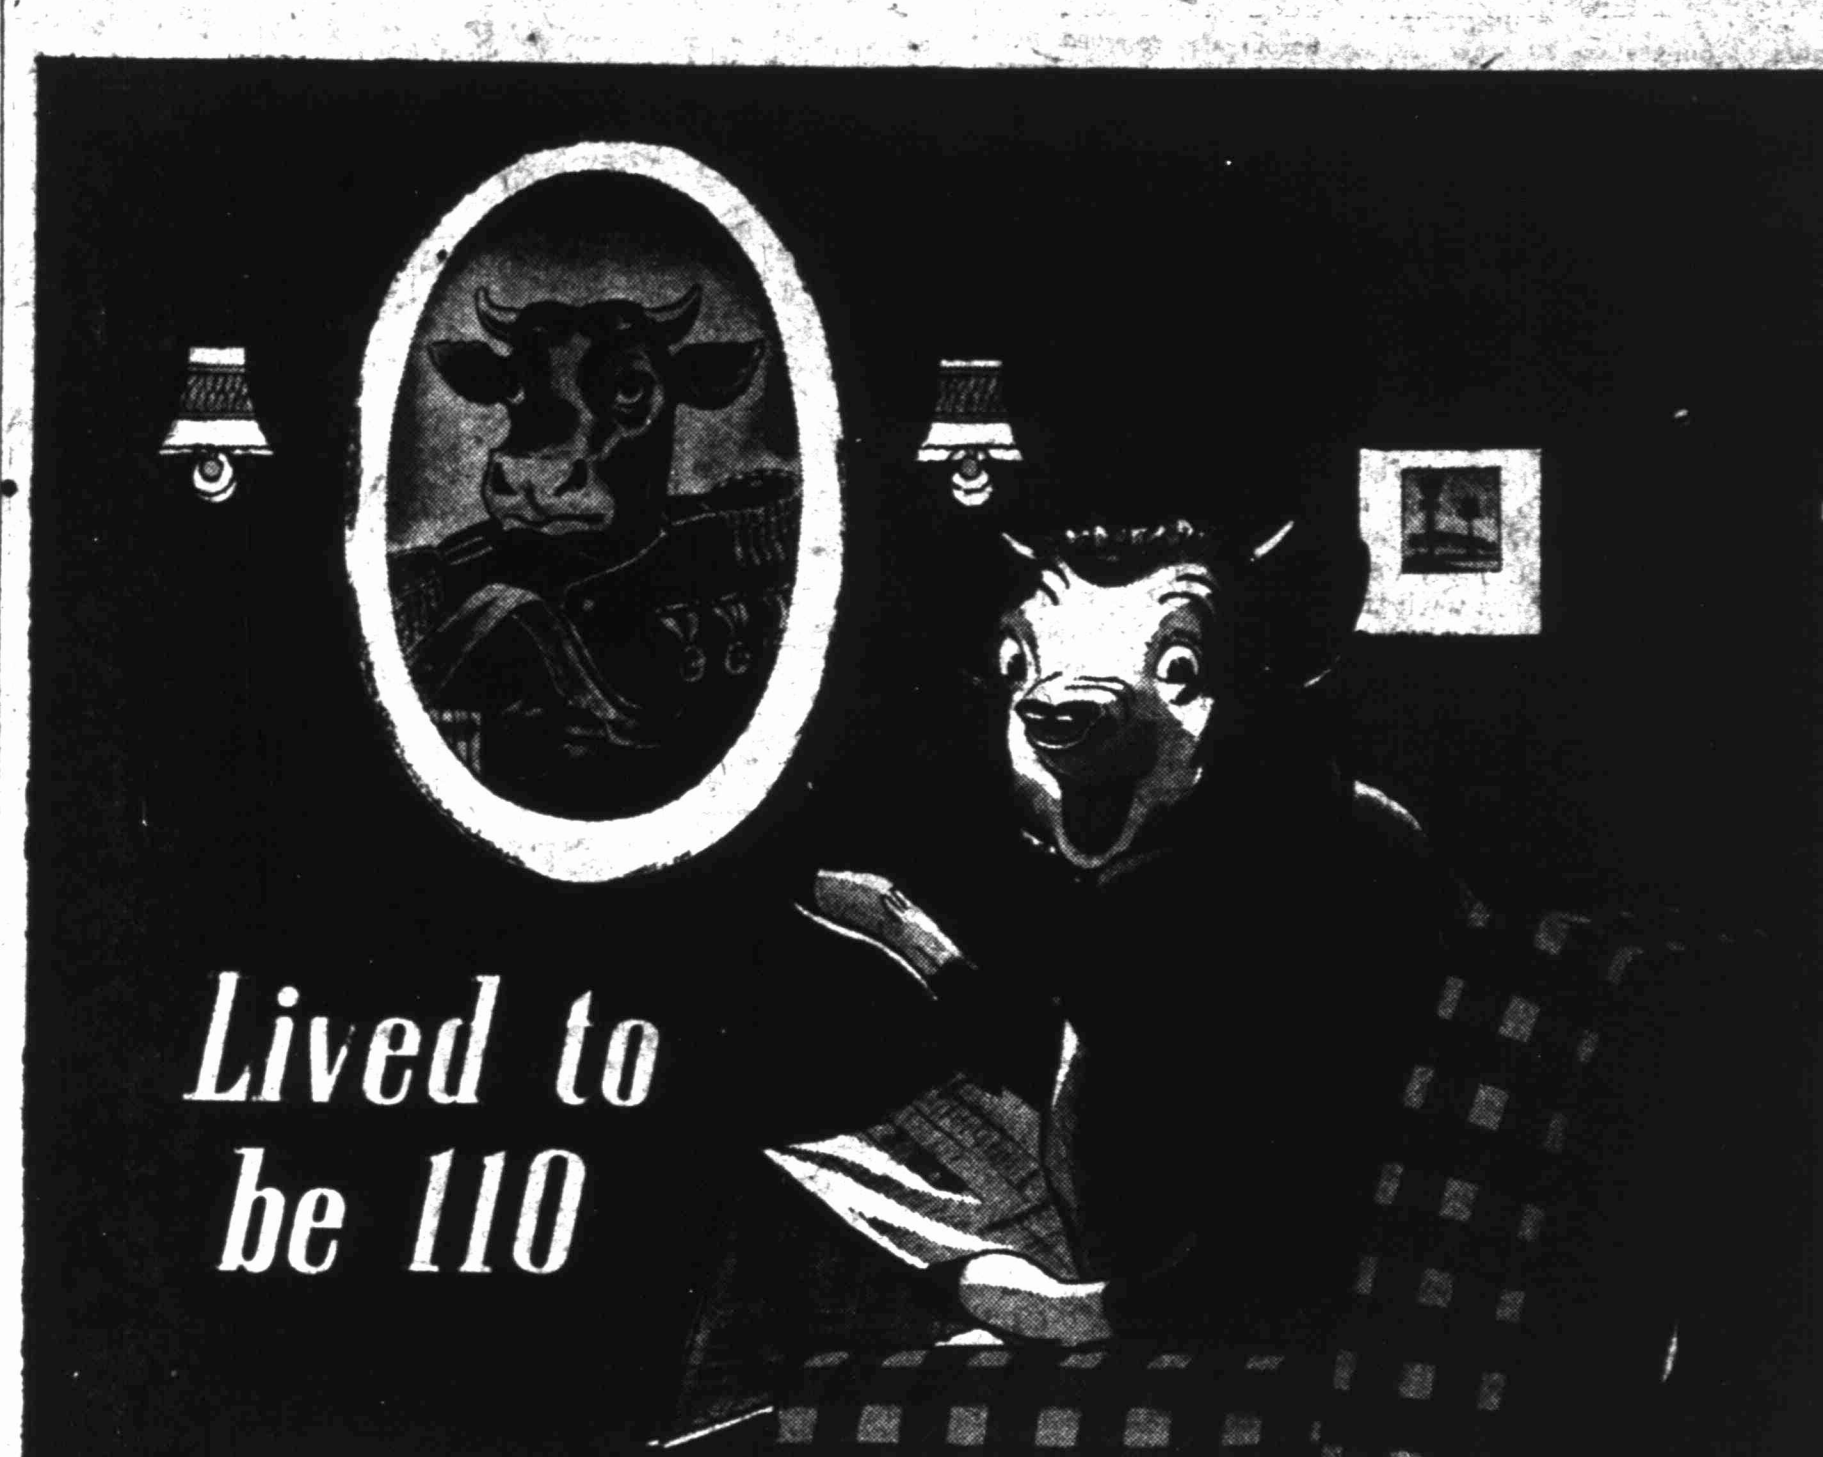

She is the daughter of Mr. and Mrs. J. R. Gregory of Lubbock. Her education started in Midland schools, where she was a pupil in the first three grades. Both she and Crenshaw, son of Mrs. Pearl Crenshaw of Lubbock, have attended Texas Technological College.

The wedding was solemnized in the home of the officiating Baptist minister, the Rev. Hart Castle of Lovington, N. M. The couple's only attendants were Mr. and Mrs. James Terrell of Lubbock. Mr. and Mrs. Crenshaw will live in Lubbock, where he is employed by the Casey Carpet Company.

SUNDAY MORNING BREAKFAST

For Sunday morning breakfast serve an omelet filled with creamed chipped beef. Sprinkle the omelet with a little grated yellow cheese, if you like, and garnish with a parsley sprig. A delicious hot bread accompaniment for this main dish would be muffins and marmalade.

Elmer: When he was 87 he could kick a persimmon off'n a limb six feet high

Elsie: And what's that got to do with Borden's Buttermilk?

Elmer: Plenty. Borden's Buttermilk is rich in invigorating vitamins and minerals that help to keep you feeling young and lively. Tastes good, too. Believe I'll drink a glass right now.

Texas League— Dallas Cops Double Bill From Felles; Sports Lose Ground

By The Associated Press
 Things sure can change overnight in the Texas League. Thursday night, for instance, the Fort Worth Cats boasted a 3 1/2-game lead over Dallas and looked like shoo-ins as host club in the All-Star game July 12. All a club has to do is be the leader as of July 4.
 But wham! Dallas proceeded to lick the Cats in both games of a double header. The complexion is somewhat changed Friday. Fort Worth has a lead of only a game and a half with five to play through July 4.
 It was unusual the way Dallas did it. Until then Eagle pitching had been spottier than a leopard. Only hitting was getting the Eagles by Well, Walt Lanfranconi hurled a four-hitter as Dallas won the first game 2-2. In the second game Hack Miller, a Dallas sandlotter picked up to fill in for injured Catcher Roy Easterwood, blasted a two-run homer to help Dallas win 7-3.
 Houston Wins
 Third-place Shreveport was losing ground. The Sports were trimmed 2-1 by Houston. Clarence Beers and Hank Wyse hooked up in a pitching duel. Beers allowing five hits by Shreveport and Wyse giving Houston only three. Don Bollinger's triple brought in the deciding tally.
 Tulsa continued its climb by beating Oklahoma City for the fourth time in a row 4-3. A wild pitch by Damon Hayes allowed Billy Capps to score the winning run in the tenth. Tulsa moved within two and a half games of Shreveport.
 Beaumont trimmed San Antonio 4-3 with Gene Herbert hitting a three-run homer in the eighth for the decision.

Lefty George Miltstead, one of the greatest characters ever to appear in baseball in Texas, is in his twenty-eighth year of professional participation.
 He started the season with Ballinger of the Longhorn League and now is manager of Henderson in the East Texas League.
 What we are surprised to learn about George, however, is that he never has been tossed from a ball game in his life.
 Miltstead definitely is of the old school if he sports a record like this. Now days in baseball, rookies who have been playing less than a year spend more time yelling at the umpires than they do going after balls hit in their direction.
 Some of the boys in the Longhorn League may be sporting a record just the opposite to Miltstead's when the season is over. We mean — tossed from 28 games in one season.
 Fans in this area who voted in the major league all-star poll were on the right track in most cases, judging from the way the national poll is shaping up.
 An overall check on the votes here shows the following were named by majority vote:
 NATIONAL LEAGUE: Jim Hegan (Cleveland), catcher; Eddie Robinson (Washington), first base; Joe Judge (Cleveland), second base; George Kell (Detroit), third base; Eddie Joost (Philadelphia), shortstop; Ted Williams (Boston), Don DiMaggio (Boston), Tommy Henrich (New York) in the outfield.
 AMERICAN LEAGUE: Andy Semenic (Philadelphia), catcher; Johnny Mize (New York), first base; Jackie Robinson (Brooklyn), second base; Eddie Kaskaz (St. Louis), third base; PeeWee Reese (Brooklyn), shortstop; Stan Musial (St. Louis), Ralph Kiner (Pittsburgh), Richie Ashburn (Philadelphia) in the outfield.
 The Midland Colts are reaching into Mexico to get an opponent for Sunday. The Piedad Negras, Mexico club will be at the home of the Colts for Sunday's tilt. Their lineup reads like some in the Longhorn League:
 Villareal, Cisneros, Asua, Ramos, Herrera, Carda, Rodriguez, Treviño, Diaz, Cisneros and Pena.
 Left Slants . . . Gus Pena saved Glenn Patton at least one run in Thursday night's contest. He went back against the boards to take one off the bat of Peli Gomez. Patton wasn't bad off on the mound. He hurled a good ball game and could have won with a little hitting power. . . . Look for a new pitcher or two to be in the lineup at Indian Park within the next few days. Manager Harold Webb is after a couple. . . . Marty Filigamo is staying home from the road trip to Roswell to try and work the ailing leg into shape. His knee is something to behold. . . . Carriel Nipp is helping the Ballinger Cats in their drive to get out of the cellar. He is hitting more than .400 for the last placers. . . . Bob Hunstey of the Vernon Dusters is just about ready to throw in the towel if it will help his club break its losing streak. He is down in the dumps so far it isn't funny.

Roberts To Head Boosters

M. A. (Red) Roberts, former professional baseball player and an ardent sports follower, was named president of the Midland Building Booster Club for 1949-50 at its annual officer election meeting Thursday night in the high school. He succeeds Jack Jones as head of the high school booster organization.
 Tanner Laine was elected vice president and DeWayne Davis, secretary-treasurer. Laine is manager of the Midland Boosters.
 Bill Collins, retiring vice president, presided at the session.
 Committee chairmen for the year will be appointed later.
 Coach James Speaks
 Head Coach Tugboat Jones expressed appreciation to the Booster Club for its interest and cooperation in high school athletics. He said he and the other members of the coaching staff look forward to working with and for the organization this year. Jones also thanked the club for making it possible for him and other members of his staff to attend the recent coaching school in Colorado Springs, Colo. He suggested weekly meetings be held during the football season.
 Brief talks also were made by Monroe, Erskine and Charley Mathews, high school principal.
 The new Booster Club president has been a Midland resident the last two years. He came here from Port Worth as manager of Banner Creamery. Roberts has been active in civic and sports affairs since moving to Midland, and is well-known throughout the city and section.

Assault To Attempt Comeback Saturday

NEW YORK —(P)— Assault will face his first major comeback test Saturday in Aqueduct's Brooklyn handicap when the classic he won two years ago to become the then world "money-winning horse."
 Robert J. Kleberg's veteran, 1946 triple crown hero and 1947 handicapped king, may not be the horse he was in those days, but his recent training and his race last Friday, his first in 18 months indicate he has a good chance to regain high standing in the handicap division.
 Assault was nosed out a week ago by the little known Argentine horse Michigan 3rd, in a sprint.
 Apprentice Willie Boland apparently lost that race by failing to apply the whip to Assault when challenged.
 Cleveland and Boston both scored 17 runs in the six games of the 1948 World Series.

Broncs Win Again; Tribe To Roswell

The Midland Indians move to Roswell to try for better luck in a three-game series with the Rockets, starting Friday night. Buck Austin is scheduled to do duty on the mound.
 The Indians will return home for an Independence Day double-header with the Odessa Oilers Monday.
 BIG SPRING—It was the same old story at Steer Park here Thursday night. Julio Ramos whiffed 17 Midland Indians to notch his thirteenth victory of the season. He won the contest over a gallant Glenn Patton by a 6 to 1 score.
 The score sounds worse than it really was. Patton was tight with his base hits all the way. The only mistake he made was throwing a home run ball to Manager Pat Stacey. His curve ball was working like a charm and there was nothing he needed except hitting power.
 The Indians collected only one run on six hits off the league leading Ramos. All the bingles were singles.
 One In The First
 Midland opened with one in the first and stopped just as suddenly. Stanley Hughes walked, went to second on a wild pitch and scored on Warren Silter's single. That was it for Midland.
 Stacey's home run in the second tied the score. Single runs in the fifth and seventh and three in the eighth iced the contest away.
 The Indians still didn't lose any ground in their drive for second place. Vernon lost to Odessa.

Longhorn League— Winning Ball Tilts Is Becoming Habit With Big Spring

By The Associated Press
 Big Spring fans probably would welcome a defeat for their team once in a while just to relieve the monotony.
 The Broncs have lost only 18 in 53 played and continue as the winningest pro ball club in Texas.
 Thursday night they not only won again but the other three first division teams all lost.
 Julio Ramos pitched a six-hitter and struck out 17 men as Big Spring beat third-place Midland 6-1.
 Second-place Vernon took an 11-7 drubbing from Odessa. The Oilers slugged 15 hits, including homers by Frank Mormino and Al Monchak.
 Fourth-place San Angelo was beaten by Roswell and dropped into a tie with that team for fourth place.
 Sweetwater licked Ballinger 9-5 in a game that saw 34 hits on both sides.

Tradition Of Free Laws Termed Vital In Anti-Red Battle

FORT WORTH.—(P)—The British and American tradition of "free and equal laws" must be upheld in the fight against Communism, Sir Hartley Shawcross told the Texas Bar Thursday night.

The attorney general of Britain declared:

"We must remember that respect for the law depends on the power to change it. The strength of a country's laws—and here is the distinction between the totalitarian systems and our own—depends not on the elements of force and punishment behind them, but on their acceptance in the consciousness of the people as reasonable and just."

Earlier, Thomas H. Law of Fort Worth was elected president of the Junior Bar of Texas.

Frank E. Holman, president of the American Bar Association, urged members of the state bar in an address to uphold and defend the American heritage.

"Many substantial citizens are too tolerant of the views and activities of those who attack and undermine our institutions," the Seattle lawyer said.

Governor Jester welcomed Shawcross to Texas and pointed out: "The law of the land is the great protector of the American and British way of life."

Baker Hotel Sold To Dallas Concern

DALLAS.—(P)—Sale of the Baker Hotel to Dallas Super & Son, investment bankers here, was announced Friday.

Fenton J. Baker will continue as manager. The hotel will continue to be known as the Baker.

Price was not disclosed. However, the hotel has 640 rooms, valued at a replacement cost of \$14,000 per room, or a total value of more than \$9,000,000. The Dallas Times-Herald said "the purchase price was believed to be considerably below this figure."

Architects have been commissioned to plan a 350-room addition. The entire hotel now is being remodeled at an average cost of \$2,500 a room.

The 17-story Dallas hotel was opened in October, 1925.

How Pop Did It

A huge portrait of the new world middleweight champion in his Bronx, N. Y. home provides a backdrop as Jake LaMotta, two, demonstrates to his baby brother, Joseph, eight months, how daddy stopped Marcel Cerdan in Detroit.

New School System Employs Assume Positions Friday

W. D. Pittman, formerly a member of the faculty at North Texas State College, Denton, Friday assumed his new duties as director of business of the Midland Independent School District. He succeeds L. V. Spain who resigned at the close of the school term to accept a similar position in another city.

Supt. Frank Monroe said the title of the position has been changed from coordinator to director of business.

A director of maintenance for the school system, a new position, also assumed his duties Friday. He is Harold Shook who has been associated with a Midland creamery as maintenance superintendent. He will be in charge of buildings and grounds maintenance at all schools in the district.

Big Spring Bombers Defeat Stanton 7-1

STANTON.—The Stanton Farmers dropped their second Junior American Legion game of the season this week as the Big Spring Bombers pounded out a 7 to 1 victory.

Don Henson hurled the first six innings for Stanton and Rikil finished.

The line score:
Big Spring 300 103 000-7
Stanton 000 001 000-1

12 Texans Received By Pope Pius XII

VATICAN CITY.—(P)—Pope Pius XII received 12 Texans in a special audience Friday.

Among those received was Mildred Kathryn Walton, Houston; Marjorie Lee, Dallas; Cecile Hagen, Elgin; Ann Jackson, Beaumont; Betty Hughes, Dallas; Mary Evelyn Blagg, Denton; Sarah Martha Wedeman, Fort Worth; Mrs. George Preston, Mexia; Mr. and Mrs. H. B. Mobley, Dallas; Mrs. W. A. Strain, Dallas; and Mrs. S. J. Churchill, Dallas.

The group was received in the Pope's reception rooms in the Vatican. The Pope extended his blessing and greeted the group in audience lasting some 20 minutes.

Blount To Join Bulldogs

AUSTIN.—(P)—Ralph E. (Peppy) Blount, who combined a football career at the University of Texas with politics, is going to play with the New York Professional Bulldogs.

It will bring a reunion of a famed passing combination of the Southwest — Bobby Layne to Peppy Blount. But the big fellow, who passes a bill or snags a pass with equal ease isn't going to permit football to still the voice of the people.

Blount is finishing up his second term as a member of the Texas House of Representatives where he is noted both for horse play and good, sound thinking in getting laws passed for the benefit of the masses. Already there are reports that Peppy is considering more political fields to conquer. He has said he may run for state land commissioner if the incumbent, Bascom Giles, campaigns against Blount as expected. Otherwise, Peppy may try for agricultural commissioner.

Urge By Pals

He says he has been urged by many friends to seek a higher office. Peppy probably won't put it like this: "I have been asked by thousands—well three, anyway—to run."

Blount is quite a card. He took the Texas legislature by storm as he periodically introduced a bill to let a sin and another against crop failure. A big, smiling fellow with bridge work he can remove instantly, Blount puts on a show at the drop of a hat.

Texans' Monopoly In Trans Imperiled By Illinois Entry

LINCOLN, NEB.—(P)—A definite threat Friday to Texas' apparent monopoly on the women's Trans-Mississippi golf title was Marjorie Lindsay of Decatur, Ill.

Miss Lindsay came up to her third round, or quarter-final match, with Mrs. George Noble of Dallas, Texas, with the best medal record thus far.

The Illinois girl was six strokes under women's par for 18 holes on the Lincoln Country Club course in defeating the capable Bea McWane of Provo, Utah, 3 and 2 in Thursday's second round.

Runner-up with a 76 to co-medalist Betty MacKinnon of Mount Pleasant, Texas, and Betsy Rawls of Austin, Miss Lindsay has been well under the women's standard 79 in each of her appearances on the 6,330-yard tournament strip.

Deanna Mrs. Marshall, a limpid brown-eyed lass, defeated Mrs. Marshall (Tillie) Becker of Topeka, Kan., 4 and 3 with a steady three-under-par game. Miss MacKinnon, the former Southern Methodist and Louisiana State University star, made the turn four up but one over par.

Betty's foe Friday was Gracie De Moss of Corvallis, Ore., who beat Mrs. Ed Dell Wolfe, Fort Smith, Ark., 2 and 1.

Billy Riley of Fort Worth, Trans champion the last two years, went all the way before eliminating Mrs. H. C. Reidel of Dallas 1-up.

Miss Rawls, the present Texas state champion, was paired against 1941 Trans champion, Mrs. Russell Mann of Lincoln, after having defeated colorful little Corky Major, Ottumwa, Iowa, 3 and 4.

Junior Indians Clip Fort Stockton; Last Home Game Is Friday

The Midland Junior Indians meet the Lamesa Junior Lobos in the final home game of the season at Indian Park Friday night.

Starting time will be 8 p. m.

The Indians hold a record of three wins and two defeats for the season.

Frank Roberson will do the hurling.

The Midland Junior Indians went wild again against the Fort Stockton entry in District Eight Thursday afternoon to take a 21 to 4 decision. The tilt was played in Fort Stockton.

Gorky Moss, Jack Rogers and Ray Williams hurried for Midland with Moss taking the victory.

Rogers, Garvin Williams and Bush hit home runs for the Junior Indians. The tilt lasted five innings.

The line score:
R. H. E.
Fort Stockton 103 00 - 4 2 8
Midland 221 811-21 11 2

Wimbledon Crown Won By Schroeder

LONDON.—(P)—Ted Schroeder, top-seeded favorite from La Crescenta, Calif., won the Wimbledon tennis championship Friday, defeating Jaroslav Drobny of Czechoslovakia in the men's singles finals 3-6, 6-0, 6-3, 4-6, 6-4.

The title thus returns to the United States for the second straight year. Schroeder succeeds Bob Falkenburg of Beverly Hills, Calif., who was beaten in the quarter-finals of this tournament by Australian's John Bromwich.

Schroeder dropped the first set, but captured the next two only to have Drobny square the match in the fourth with two service breaks and prolong it to the limit.

Joltin' Joe Makes Big All-Star Bid

By JACK HAND
Associated Press Sports Writer

Better check those all-star votes. The name Joe DiMaggio seems to be missing.

If there is any legitimate 100 per cent all-star in the baseball business today, Joe is it. What matter that he missed the first 65 games? Off his showing in three ball games, he belongs on the team.

Country Club Sates Fireworks Display

The Midland Country Club's annual Independence Day fireworks display will be held at 9 p. m. Sunday at the club grounds, officials announced Friday.

The date of the event was changed from Monday to avoid conflict with the final performance of the "Frontiers of Progress" pageant that night at the grounds of Midland Fair, Inc.

Eight Golfers Eye Championship Spot In National Tourney

AMES, IOWA.—(P)—Eight sharpshooters set their sights Friday on positions in the championship match of the National Collegiate Golf Tournament.

They were confronted by another double-barreled round of 18 hole contests. By nightfall only two would remain in the race for the collegiate crown.

First off in the quarterfinals were Arnold Palmer, the par busting medalist from Wake Forest, and Tommy Veech, the big boy from Notre Dame.

Then it was Harvie Ward, North Carolina University ace, against Gardner Dickinson, of Louisiana State.

The lower bracket quarterfinals matched Morris Williams, Jr., from the University of Texas, and Buster Reed of North Texas State, and Sophomore Dave Laffin of Purdue and Bill Bartheau of San Jose State.

Williams, three under par in two matches, stopped Bob McCall of Colgate 5 and 4 in the third round and Reed eliminated teammate Palmer Lawrence 2 and 1 Thursday.

WT-NM League—Albuquerque Finds Lead Is Gradually Being Sliced Away

By The Associated Press
The West Texas-New Mexico League is as tight as a \$10 suit in a rainstorm.

Albuquerque's Dukes find their lead slowly being whittled away. Today they are just a single game ahead of the on-rushing Lubbock Hubbers.

Lamesa licked Albuquerque for the second straight time Thursday night, 6-1. Jack Gutierrez let the Dukes down with seven hits and fanned 12.

Lubbock ripped Clovis pitching for 16 hits and a 12-0 decision. Manager Jackie Sullivan clouted two home runs for the Hubbers.

Roy Parker, a durable left hander, pitched both games for Pampa in a double-header triumph over Borger. Pampa won 6-1 and 5-4. A. E. Everett hit two home runs for the winners.

Ablene licked Amarillo 4-2 as Wilfredo Roca pitched a seven-hitter and figured in some fancy fielding and hitting.

Western Plastic, Standard Win In Softball League

Western Plastic and Standard of Texas, the teams to beat in the Midland Softball League, continued to win Thursday night as they notched victories in the pre-Independence Day games.

Standard had to fight for a 5 to 1 win over the Rendezvous. Gerald Rogers was the winning hurler.

Western Plastic bunched its base hits behind Barney Hightower to blank the Rebels 12 to 0. Jim and John Kennedy hurried for the Rebels.

Alexander the Great is said to have been so interested in discovering new kinds of food that he promoted soldiers who brought him an unusual meat, fruit, or vegetable.

Stockton Parents Seek Information On Boys

PORT STOCKTON—Cooperation of citizens of the Southwestern states is asked by parents of two fifteen-year-old Port Stockton boys missing from home since June 22.
 Fred Dees, about 5 feet 6 inches tall, has light brown hair, brown eyes, and two front teeth missing.
 His cousin, Joe Dees, is about an inch taller, but not as heavy, weighing about 125 pounds. Joe has light brown hair, blue eyes, and has one gold tooth in front.
 Mr. and Mrs. Everts Dees are parents of Fred, and Mr. and Mrs. Marvin Dees are Joe's parents. They ask persons who may have information on the boys to contact them in Port Stockton.

General Bradley Says Aggressor Is Now On Defensive

PT. LEAVENWORTH, KAN.—(AP)—Gen. Omar N. Bradley said Friday this country must "anticipate a long period of tension" in its military planning.
 The Army chief of staff, in a talk prepared for graduation exercises at the Command and General Staff College here, said "militarily speaking, the situation is as stable as it is going to be for some time to come."
 "In the four years since V-J Day," he said, "I think the advantage has swung to our side and that the aggressor, who was once a friend, is now on the defensive."
 "Rather than expect a long period of friendly cooperation, however, we

must anticipate a long period of tension, with alternating day-to-day improvements or setbacks, which must not be allowed to unbalance the long-range plans for security."
 Addresses Officers
 The general spoke before a class of 416 officers—368 from the United States and 51 from other countries.
 In our armed forces, Bradley said, "we have reached a stability which in my opinion can be the basis of the combat readiness which will avert disaster."
 In speaking of effectiveness, he said, "our greatest danger is that we will be caught up in the fancy of a futurism and commit ourselves

to unbalanced forces that will not match the forces which might oppose us."
 The chief of staff said long-range policy must be accompanied by long-range budget plans.

Arrest Totals High, Complaints Lower

NEW YORK (AP)—The New York Police Department report for 1948 listed 315 cases of murder and manslaughter for the year, of which 260 were "disposed of."
 All in all, the report showed a four per cent increase in arrests despite decreases of 13 per cent in felony complaints, nine per cent in misdemeanor complaints and five per cent in juvenile delinquency cases.
 There were 2,847 cases of felonious assault, 2,733 burglaries and 5,121 grand larceny cases. More than half were disposed of.

Texas Hotel Men Have Problems

DALLAS (AP)—Hardly any hotels are being built, say leading Texas hotelmen, because:
 It costs too much to build them.
 It costs too much to run them.
 Too few people visit them.
 After agreeing on these points, some 25 members of the board of directors and executive committee of the Texas Hotel Association called a convention for next May 26-30 in Dallas to discuss their problems some more.
 Since the war only two large hotels—the Shamrock at Houston and the Terrace Plaza at Houston—have been built in the United States, the hotel men said.
 A. T. Shays, of Galveston, secretary-treasurer of the National Hotel Company, said "The sheer cost of setting up a schedule that will amortize the investment makes hotel building prohibitive."

VA ANNOUNCES SHERIFF

WASHINGTON (AP)—Dr. George S. Little, manager of the Amarillo, Texas, Veterans Hospital, will become manager of the Wichita, Kan., VA hospital, July 10, the Veterans Administration announced yesterday.

Bells have always played an important role in the course of human events. They have heralded emperors and kings, and have sounded the victories of great leaders. They have tolled a mourning note for the passing of lives, and have pealed joyously to announce weddings and births.

Our own great Liberty Bell is preserved as a memorial of the day when our country became an independent nation. On this celebrated occasion, notes of freedom, equality, and justice were sounded, notes which echo today in the free life of our citizens.

So that we may continue such blessed living and may preserve the country which guards its existence, we must listen to the ringing of other bells.

Throughout this great land of ours church bells are sounding. These are the GOLDEN BELLS of love, mercy, and kindness. Toward them we must hasten to worship and pray. With them we must sing praises to the Lord, our Maker.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

When Midland was Young— It—

OF COURSE, IT'S ELECTRIC

Way back yonder, when Midland and West Texas were pulling themselves up by their boot- straps, there were lots of home-making problems which confronted pioneer housewives. One of the most trying of these problems was that of food preservation. Some folks had only a well where buckets containing perishables were lowered down into the water. Others had covered dug-outs which kept things cool after a fashion. Try what they would, nothing accomplished very much.

Today, the Midland homemaker has at her command the food-storing advantages of both an electric refrigerator and an electric home freezer. When she uses both, she has the best. The electric refrigerator keeps the perishables for daily use fresh and wholesome. The home freezer stores meats, vegetables, berries, fruits, pastries and the like for use any time. Refrigeration for the modern Midland home includes both the electric refrigerator and the electric home freezer.
