UP TO 3 INCHES

Beneficial Rains Received In Area

The Friona area has been visited by rain showers during the past week, with measurements ranging from a half inch up to three inches in places.

One series of showers came across the area on Monday afternoon. To the west, Bovina reported an inch Monday afternoon, and some scattered areas to the east received an equal amount. Official measurement in Friona for Monday evening came to .17 inch.

Monday's rain was of the "fence row" variety. The eastern part of town received a good rain, with Little League ball games rained out. However, the western part of town didn't get to turn off their lawn sprinklers.

Another cloud Wednesday night left an average of a half inch in the general area, although the amount was heavier in the city with .68 inch reported.

Wednesday's shower started out with an electrical display. The rain fell in sheets to begin with, then tapered off to a gentle rain that lasted most of the night and into the early morning hours.

Farmers in the Lazbuddle area have received around 2.5 inches of rain during the past week. That area received good rains two different nights. Muleshoe also had good rains both nights.

A few scattered showers were noted on Friday, July 4th. The Hub area got a nice shower that day, but about all that fell in Friona was enough to drive the line inside the building at the Fourth of July Catfish Fry.

Rainfall amounts that were reported to the Star, representing totals for the past week, were as follows: Clarence Monroe, one inch; Doyce Barnett, one inch; Ernest Mingus, one inch; Jimmy Grimsley, three inches; Bobby Broyles, two and one-half inches; Ted White, 1.5 inches; Kenneth McLellan, 1.5 inches.

TEMPERATURE READINGS

Date	Hi-Low
Saturday, July 5	80-59
Sunday, July 6	88-63
Monday, July 7	92-63
Tuesday, July 8	92-61
Wednesday, July 9	91-63
Thursday, July 10	90-64
Friday, July 11	80-62
Precipitation: .17 July 8; .07 July 9; .68 July 10; .06 July 11. Total for week: .98. Total for July: 1.03.	

City Makes Offer On 'Phone Rate

After request for reconsideration of a telephone rate adjustment request by General Telephone Company, the Friona City Council made a counter proposal during the regular monthly meeting here Monday of the City Council.

Mayor R.L. Fleming proposed the establishment of 25-cent pay telephones in Friona, an increase of \$1.00 per month to the business rate, making it \$10.90 per month, and a 50-cent increase in resident telephone service, making it \$5.75 per month.

E.R. Richardson, district manager for General Telephone Company, is to present these adjustments to his company's board of directors and discuss the situation further at the next regular meeting.

In other business, City Manager Jake Outland reported on the city engineer's estimates on costs of extending utilities to the nursing home site, and paving of the adjacent streets.

The cost of extending the utilities was estimated at \$13,902.60 for water and sewer.

Paving costs will be between \$37,224 and \$38,386. Representatives of the board of directors of the Project Nursing Home stated that while they could not say for sure what the construction cost would be until bids are opened July 28, they felt sure the bond money will not be sufficient to pay the paving.

The city officials voiced the opinion that the city could take care of the utility extension without undue difficulty. Further arrangements may be necessary for paying the paving costs.

City Receives Pressure From State Agency

Friona City Council met in special session Wednesday night to discuss the city's sanitary landfill situation with Tom Grimshaw of the Texas Department of Health Resources.

Grimshaw pointed out that while the city is making efforts to establish a new landfill site, that it was still in violation of state law by burning its trash at the old dump site, and that according to law, the old site could be closed.

After much discussion, the city was offered opportunity to apply for a permit to continue to use the present site until obtaining a new landfill.

New Track In Works At FHS

A new track is being built at Friona High School, with a number of individuals and organizations joining to donate time, labor and material to assure the completion of the track.

When completed, the track will have a cinder surface, similar to those at Littlefield and Olton.

Work was begun this week hauling in caliche. A six-inch caliche base will be installed, and a three-inch "shell" base will be added.

Among the organizations instrumental in getting the job underway are the Chieftain Parents, the Booster Club and the school board.

Any group or individual desiring to help is assured that their help will be welcome. It is estimated that the total cost of the project will be \$3,000.00.

The desirability of improving the appearance of North Main Street was discussed—particularly the two old service stations on the corner of Main and Highway 80. One of the stations is adjacent to the new post office building.

Negotiations are to be made with the property owner for the possible renovation or removal of the buildings.

In other business, the city's 1975-76 budget was discussed.

Ross Terry presented a request for the city to close an alleyway in Block 11 of the Drake Addition.

SPEED DEMON....13-year-old Stan Powell proudly holds the "Fastest Turtle in the West," which won the 1975 Fourth of July Turtle Race in

the blazing time of 8.5 seconds. Powell's turtle won out over a dozen entries in the annual event.

Bloodmobile Slates Visit On Wednesday

The St. Teresa's catholic Church will sponsor a blood drive in the Friona area on Wednesday, July 16 from 4 to 6 p.m. at the Friona State Bank.

This is the first such drive in Friona this year.

The Bloodmobile will park in the Friona State Bank parking lot, a localized point in the city, and will take donations from there.

Donor requirements are important to remember for anyone interested in giving blood. Donors must be between the ages of 18-65, weight minimums for women is 110 pounds, for men, 125 pounds. Donors cannot be accepted if they have an infection or illness.

After blood is drawn, it is typed, tested, labeled, and used to supply the hospitals in the Friona area. It is not shipped away but is used in this community to protect the people in this community.

Every pint of blood will provide all the blood your family needs in a year. If you have any questions, call 247-3381. Help yourself, your family, and your fellow man.

DESIGNS MEDAL....Bobby Wied, right, entered the design chosen for the Parmer County's official Bicentennial Medallion. Allo Reeve,

chairman of the project, is shown holding the winning sketch with the Friona artist.

Services Slated For Jimmy Fallwell, 15

Funeral services are set for Sunday afternoon at 3 p.m. for Jimmy Fallwell, 15, who passed away early Friday morning in Amarillo following a short illness.

Services will be held at the First United Methodist Church of Friona, with the pastor, Bobby McMillan officiating. Young Fallwell was hospitalized in Friona on June 26. On July 2 he was transferred to High Plains Baptist Hospital in Amarillo.

The youth was preceded in death in December of 1973 by a sister, Nanette, who was 16. He would have been 16 on October 27 of this year.

Fallwell would have been a sophomore at Friona High School this fall. Survivors include his parents, Mr. and Mrs. Joe Fallwell, a sister, Jenisu Morris of Seymour and a brother, Jody of Friona.

Also surviving are grandparents, Mr. and Mrs. T.C. Rardon of Caney, Kansas and Mrs. Pat Fallwell of Friona.

Chamber Starts Labor Survey

The Friona Chamber of Commerce and Agriculture has instigated a labor survey of the Friona area, to determine how big a work force is available, if a manufacturer should decide to locate a plant here.

Those who feel they would be available for work are urged to fill out the questionnaire and return it to the Chamber of Commerce, P.O. Box 905, Friona, Texas, 79035.

The forms are printed in both English and Spanish. Forms are being reproduced in this issue of the Friona Star.

Forms are also available in several locations in Friona.

Included on the survey form are questions about the prospective employee's family status, work experience, educational background, work experience, and distance from Friona, if they do not live locally.

JIMMY FALLWELL

Burial will be in the Friona Cemetery. Parsons-Ellis Funeral Home is in charge of arrangements.

Bike-A-Thon Set By ACS

The American Cancer Society's Parmer County chapter is sponsoring a Bike-A-Thon Saturday, July 19.

Those wishing to participate will secure sponsors to pay a certain amount per mile. A trophy will be given for the rider going the farthest, and for the most money collected.

Riders are to meet in front of the high school building at 8 a.m. that morning, with riding to be from 9 a.m. to noon.

Badges will also be awarded to the team riding the most miles. Youth baseball teams are eligible for this prize.

Entry blanks are available at the Main Place, Bi-Wize Drug or Friona State Bank. For further information call Ron Cain or Johnnie Massey.

GM, FPC Attorneys Back Farmers' Side

(From the Amarillo Daily News)

The biggest surprise in what has been more than two months of testimony before the Federal Power Commission came June 26, when the FPC's staff counsel and the attorney for General Motors recommended that farmers have a No. 2 priority for irrigation gas.

"I'm greatly surprised and greatly elated," said John Aiken of Hereford, lawyer for Plains Gas Users Association. "I'm greatly encouraged. You can't bat better than this."

That was pretty much the reaction from agricultural leaders from throughout Texas, some of whom had already testified, both in Washington and during a hearing in Lubbock, Texas, that a lowering of priorities for irrigation gas would bring economic disaster to the farming sector.

The FPC, which said last December that irrigation gas should be in the same classification as industry, rather than its old commercial status, softened its position earlier this month when it ruled that any curtailments would be stayed until June 15, 1976.

Although the initial decision had been to change agriculture to a lower ranking, the power commission agreed that irrigation might fit under a "process gas" category, a slot for a fuel when it is not feasible to switch to another energy source. Much of the testimony in Washington and during field hearings pointed to the prohibitive costs of converting to another energy source, even when other fuels are available.

"I'm delighted that the FPC and GM reviewed its positions and recognize the importance of irrigation to the general public in receiving food and fiber in

the future," said Elbert Harp of Lubbock, executive vice president of the Grain Sorghum Producers Board. Letters to Harp, threatening to boycott GM products, were funneled to the Detroit corporation, the GSPA executive said.

"They may have had some input as to why GM changed its mind," Harp said.

Van Green of Morton, president of the Southwest Natural Gas Consumers, another group of farmers protesting the FPC action, said the announcement Thursday, made during oral arguments, was pleasing but not surprising.

"I'm pleased, but not very surprised because of the overwhelming evidence confirming the need for agriculture to remain in a high priority," Green said.

"That's what our goal is—to make this a permanent priority for the best interest of everyone," said Warren

Newberry, executive vice president of Texas Farm Bureau in Waco. "We welcome anyone who will help us."

U.S. Rep. Jack Hightower of Vernon also expressed pleasure at the surprise move by the FPC and GM.

"I'm hopeful the commission will take appropriate action to retain the category No. 2 classification," Hightower said.

Aiken said the only group now questioning a No. 2 priority for irrigation gas is the San Diego Electric Co.

After oral arguments are concluded, the FPC's administrative law judge, Curtis Wagner, Jr., will report his decision to the federal agency by July 27.

Judge Wagner urged the curtailment delay until next June, citing the problems farmers will encounter in obtaining wheat crop financing without guarantees of irrigation gas.

COUNTY MEDALLION....Bobby Wied entered the design chosen for the county's official Bicentennial medallion, which is to be coined by the Parmer County Historical Society. The front design shows a bust of Martin Parmer, who gave the county its name. The county's location is also shown. Dates listed are 1776, 1876 and 1976. Parmer County was organized in 1876.

Youths Set Car Wash

The youth of the First Baptist Church in Friona have scheduled a car wash to be held Saturday, July 12, from 8 a.m. to 6 p.m. at the Texaco Station on Highway 60. All proceeds from the car wash will go toward a youth retreat, August 2-5, at Camp Summerlife near Tres Ritos.

The price per car is \$5. This includes a complete wash job, cleaning of windows and vacuuming the inside of the car.

Gerald Shavor, owner of the station, said that the youth will also man the gas pumps all day long under his supervision. For every gallon of gas that the youngsters sell they will receive 1 cent to go toward their trip.

Rick Son, summer youth and music director at First Baptist Church, promised that a good job will be done and invited anyone with a dirty car to drive out to the wash.

Bond Sales

Released

May sales of Series E and H United States Savings Bonds amounting to \$3,014 in Parmer County were reported recently by County Bond Chairman, Frank A. Spring.

Sales for the five-month period totaled \$52,254 for 52 per cent of the 1975 sales goal of \$100,000.

Sales in Texas during the month were \$19,223,287, while the year-to-date sales totaled \$101,591,941 with 43 per cent of the \$234.3 million 1975 sales goal achieved.

Friona Flashbacksfrom the files of The Friona Star

45 YEARS AGO—JULY 18, 1930
Parmer County now has a population of 5,868, according to the Bureau of the Census, compared to a total of 1,699 on January 1, 1920. The population of Justice Precinct No. 2 as shown by the preliminary figures, is 2,765, which lacks just 338 being one-half of the county's total. The Friona precinct numbered just 408 in 1920, so the precinct has quintupled its population in 10 years, while the city has quadrupled its total.

40 YEARS AGO—JULY 20, 1935
At a mass meeting of panhandle citizens in Amarillo last Saturday, for the purpose of arousing enthusiasm for the completion of Panhandle highway projects, considerable progress was reported. Parmer County was represented by Mayor F.W. Reeve and Hadley Reeve of Friona and Judge J.D. Hamlin and Hamlin Overstreet of Farwell. At the meeting, Judge Hamlin expressed himself as being fully in accord with the project of completing Highway 60 across Parmer County, including the placing of the highway on the north side of the Santa Fe Railroad, as recommended by highway engineers.

35 YEARS AGO—JULY 19, 1940
A.N. Wentworth, commonly and affectionately known as "Uncle Andy" departed from Friona Tuesday afternoon for his former home in Cresco, Iowa. Mr. Wentworth is one of the oldest citizens of Friona, both as to years of residence here and his actual age, having come here from Iowa in 1908. He will reach his 88th birthday on the 29th of this month.

30 YEARS AGO—JULY 20, 1945
Seven brothers in the service is unusual enough, but to find three of them at one place at one time—on Okinawa—is something else again. Gilbert R. Baker, radarman, 2nd class in the U.S. Coast Guard, said that while he was at Okinawa, one brother, Pfc. Duke M. Baker, was fighting there with the Marines, and 1st Sgt. Oliver Baker was fighting with the Army. He did not get to see them, but does have hopes of soon seeing two other brothers, still in this country. They are Captain Elmer Baker, who is in Omaha, and 1st Sgt. Raymond, who is at Fort Leonard Wood, S. Sgt. Arthur B. and Captain George Baker are serving in Europe. They are the sons of Mr. and Mrs. George Baker.

25 YEARS AGO—JULY 14, 1950
With the Korean War situation becoming more and more serious, Friona citizens, like others all over the United States, are talking and thinking of global war possibilities. When several people were asked the question "What do you think of the United States taking part in Korean fighting?" the answers were unanimously in favor of the step taken by the U.S. Those quoted were Mrs. Henry Lewis, Wesley Hardesty, P.L. London, Charles Allen, Bill Stewart, Weldon Dickson, Leo McLellan, Guy Latta, Ernest Osborn, W.H. Jobe and Rev. B.T. Allen.

20 YEARS AGO—JULY 15, 1955
Formal opening of the Rockway-Hurst Department Store has been set for Tuesday, July 19, according to an announcement this week by Andy Hurst. Hurst stated that the store would carry nationally advertised merchandise and complete lines of men's, women's, and children's shoes and clothing, household goods and piece goods.

15 YEARS AGO—JULY 14, 1960
Near-record rains last week succeeded in flooding a goodly portion of the north section of Parmer County this past weekend, as waters from the swollen Frio Draw came out of the banks and came across croplands from the Rhea Community across Parmer County and into Castro County. In Friona, official rain gauge at Friona Consumers totalled 7.61 inches for the week, with the heaviest recording being 2.43 inches on July 7.

10 YEARS AGO—JULY 15, 1965
Wade Wright, who has served as office manager for Friona's branch of Plainview Production Credit Association, since October of 1963, has left Friona for a promotion within the company, and has been replaced by Robert Neelley. Neelley formerly lived in Friona, and

attended public schools here.
+++
5 YEARS AGO—JULY 17, 1970
According to Postmaster Wright Williams, Friona is due to join the trend already underway in other parts of the area, whereby all mail to be sent out of town will be shipped to a sectional center, in this case Amarillo, where they will be given the postmark of the sectional center, rather than their originating office.

Local Firemen Receive Insurance Check

The Friona Volunteer Fire Department received a check for \$75 recently from Texas Farm Bureau Insurance Companies as an expression of thanks for the Department's work on the property of Van E. Nichols, Route 1, Friona. The money will be used for their loss prevention program. The Texas Farm Bureau Insurance Companies pay volunteer fire departments this amount when

the department works at a fire in rural areas, involving property insured by them. The insurance company believes volunteer fire departments have contributed to reduce the amount of loss involved by fire and more important, to prevent fires. It is their hope this money will help the Friona Volunteer Fire Department in their program.

WELCOME TO FRIONA

Recent newcomers to Friona are Gale and Linda Warren. The Warrens moved here from Lubbock. He is an Attorney at Law, associated with Richard Collard.

Linda is employed by Friona Industries. The Warrens are at home at 901 West 6th Street.

**Hog Cholera Found
In Texas Panhandle**

An outbreak of hog cholera—the first in the United States in more than a year—has been confirmed in the Texas panhandle, the U.S. Department of Agriculture (USDA) reported July 4.

USDA Animal health officials warned hog farmers throughout the nation—but particularly in the southwest—to remain alert for signs of this costly and often fatal virus disease, which has the potential for rapid spread. Hog cholera is a disease of swine only; it does not affect other animals or humans.

Hog cholera has been the object of a highly successful state-federal eradication campaign that began in late 1962. The last previous cases of the disease were reported in Puerto Rico on May 4, 1974, and in Mississippi on February 7, 1974. Prior to the start of the eradication program, the disease affected an estimated 5,000 to 6,000 swine herd annually and cost hog producers around \$50 million a year.

The current outbreak was found in a herd of about 170 hogs owned by Louis Woodford and located near Hereford, Texas, in Deaf Smith County, according to officials of USDA's Animal and Plant Health Inspection Service (APHIS).

The diagnosis was confirmed at the APHIS Veterinary Services Laboratories in Ames, Ia., from tests on specimens which had been flown by courier from both the hog farm and from the Texas

A&M University veterinary diagnostic laboratory, where earlier tests had indicated the presence of hog cholera.

"Of course we are deeply disappointed at finding hog cholera when we are this close to eradication," said Dr. F.J. Mulhern, APHIS administrator. "But this does illustrate the difficulty in eliminating the last trace of a disease and the importance of remaining alert until the task of eradication is complete."

The affected swine herd had been placed under quarantine by the Texas Animal Health Commission. Additional state and federal quarantines will be placed as necessary to control the disease. Contact with infected or exposed swine is one of the primary ways hog cholera is spread to healthy hogs.

A state-federal task force has been established in the area to eliminate the disease and investigate the source of the outbreak and any possible spread. The infected herd has been destroyed and the owner will be indemnified for the loss of his hogs.

Signs of hog cholera include loss of appetite, fever and hogs that are just "sick all over." Other signs include abortions and abnormal death losses among young pigs. Hog farmers are urged to contact their local veterinarian or state or federal animal health officers immediately if they suspect hog cholera.

FLYING SAUCERS?...It looks like a thousand flying saucers, or maybe ducks or boomerangs. But it

actually is one of the attractive fireworks displays presented by the Friona Chamber of Commerce and

the Friona Volunteer Fire Department at the annual July 4th fete last Friday. (Photo by Hal Blackburn)

Senior All-Stars To Host Tucumcari

Friona's Senior League all-stars are slated for playoff action this coming week, and coaches are optimistic about the chances for the team in the playoffs.

The Friona Senior Leaguers went to the New Mexico state tournament two years ago, and coach Ron Cain says "I feel that this year's team is better balanced than the team was in 1973."

The local all-stars will host the Tucumcari all-stars in the first of a best two games out of three series at Friona Wednesday, July 16 in a game commencing at 8 p.m.

The second game of the series will be played in Tucumcari on Thursday, and the final game, if needed, will be back in Friona on Friday.

Gary Stone, fast-balling right-hander from Sherley Grain's team has been given the nod by Cain to start the opening game. Stone has a 3-1 record for the season.

Selected to the 14-man all-star team were Terry Wilcox, Jesus Mata, Leslie White, Joe Bermea and Kyle Barnett of league champion Cattle Town.

From runnerup Sherley Grain, five players were chosen. They are Ronnie Cary, Steven Stevenson, Gary Stone, Don Cox and Doug Roming.

Benger Air Park, which made a late-season surge, furnished three players on the team. They are Cipi Aragon, Paul Ortiz and Ruben Dominguez. Pioneer Cattle Buyers landed one player, Jeff Whiteside, on the team.

Named as first alternate to the team was Jeff Peak, also of Pioneer. Eddie Brailif of Cattle Town was named as second alternate. Giving you an idea of the battle for all-star spots is the fact that Mike Hutson, the league's only undefeated pitcher with a 4-0 mark, didn't make the team.

Major Stars To Play At Clovis

All-Stars were recently chosen from the four Major League teams. The 14-man team will compete in a District Tournament, July 23, at Clovis. The all-stars first game will be against the American League All-Stars, a team out of Clovis. This particular tournament that the Friona boys will be playing in will field nine teams.

The championship team, Friona State Bank, landed four players on the team. They were Tony Rios, Anthony Brady, Martin Mercado and David Bermea.

The second place team, Reeve Chevrolet, placed three boys on the elite squad: Robert Caballero, Hector Castillo and Salvador Saldona.

Juan Fuentes, Pilo Castillo and Kirk Wright were chosen from the Friona Star team. Mark Tucker, Joe Ortiz, Rudy Mendoza, and Mark Zachary were selected from the Friona Feed Yard team.

CONFIDENTIAL LOANS

Winners Listed In July Fourth Events

The various races that took place the afternoon of July Fourth at the Community Center were one of the highlights of the holiday weekend for many competing youngsters. The races began at 2 p.m. with winners taking prizes soon after.

The winners of the foot races, sponsored by the Friona Fellowship of Christian Athletes, in boys division ages 6-7 were: first place, Brent Gatlin; second place, Jerald Kothmann; third place, Peter Malouf. Winners in the boys age group 8-9 were: first place, Rudl Bermea; second, Eloy Caballero; third, Matthew Loftis. Boys' winners for ages 10-11 were: first place, Rocky Nichols; second, Jay Hight; third, Joey Howard. For age group 12-14 the winners were: first, Davy Howard; second, Jack Ball; third, Marty Ulen.

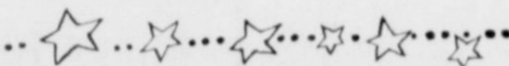

In the girls' division foot races the winners for ages 6-7 were: first place, Carie Cain; second place, Gina Wright; third place, Laura Jesko. Winners for ages 8-9 were: first, Wilma Cruze; second, Jessica Maurer; third, Lisa Ulen. In the 10-11 age group, winners were, first place, Jill Hight; second, Shawn Osborn; third, Sammi Adkins.

The bicycle races, sponsored by the Friona Evening Lions Club, contained three divisions. Winners of the boys standard bike race, ages 6-8 were: first place, Rodney Allen; second, Ben Neelley; third, Brent Gatlin. Age 9-12 winners were: first place, Rocky Nichols; second, Stan Miller; third, Brian Edelman.

In the girls' division of standard bikes the winners were, for ages 6-8: first place, Stacy Loftis; second, Wendy Hinkle; third place, Carie Cain.

The final division that raced was the boys speed bikes. First place winner for ages 6-8 was Brent Hinkle. For the age group 9-12, winners were: first place, Davy Howard; second place, Jay Hight; third place, Brian Edelman. The winners for ages 13-15 were: first, Jimmy Taylor; second, Joe Ortiz.

The famed turtle race, sponsored by the Friona Noon Lions, announced their winners as follows: largest turtle, Jessica Maurer; smallest turtle, Richard Malouf; best decorated turtle, Brandy Ray, and the turtle that came in first in the race belonged to Stan Powell; second place went to Brandy Ray's turtle; and third to Daylon Gallman's turtle.

Ted Sanders Elected Education Official

The New Mexico Board of Education has approved the appointment of Ted Sanders as the education department's Assistant State Superintendent for Administration.

State Superintendent Leonard J. De Layo recommended Sanders, who has been director of the department's Mutual Action Project, which provides administrative and educational assistance for local school districts.

Sanders joined the state agency in 1971 as the mathematics specialist. He also has taught at Cleveland Junior High School in Albuquerque, headed the mathematics and science department for the Bureau of Indian Affairs at Crownpoint, N.M., taught at Mountain Home, Idaho, and served as graduate teaching assistant at West Texas State University in Canyon, Texas.

He has a B.S. degree in mathematics from Wayland College, Plainview, Texas, and an M.A. in teaching from Washington State University at Pullman.

Sanders is the fourth assistant superintendent to be named by De Layo in his reorganization of the state education department.

The administrative unit will be responsible for supervision of data management, public informa-

tion, adult education, school food services, teacher education certification, data processing, school transportation, statistics, veterans training approval and processing of federal funds which compensate local schools for students whose families live on federal property.

He is the son of Mr. and Mrs. Jay Sanders, former Friona residents, and a 1959 graduate of Friona High School.

Gov. Extends Deadline For Food Stamps

Food stamp recipients can use 50-cent, \$2 and old \$5 food stamps until Aug. 31, the U.S. Department of Agriculture (USDA) announced recently.

USDA introduced a new food stamp series—\$1, \$5 and \$10—on March 1 with a deadline of June 30 for spending old series food stamps at authorized retail food stores and meal services. The deadline was extended to allow recipients who were issued old coupons in March, April and May adequate time to use them.

Grocers and meal services can redeem old coupons at commercial banks through Sept. 30.

Friona Delegation to state FFA Convention is shown as they departed for Houston this week.

INSUR-MATION

By MILTON EVANS
Parmer County Farm Bureau Insurance
Phone 247-3280

What is "Whole Life" Insurance?

Whole life is permanent insurance which accumulates cash value and paid-up values. This will last as long as you do. Usually the premiums are level. The increase of the above benefits, which are called Non-Forfeiture Values, becomes greater the longer the policy is in force. You have the option to continue the premiums for the rest of your life but are not required to do so. To illustrate, using an example company, a \$10,000 policy purchased at age 35, the insured could at the end of 20 years cease paying premiums and be insured for nearly \$6,000.

IF YOU CAN LEARN A SKILL, YOU CAN WORK FOR US.

Once we train you, you can have an extra job working for us. Find out what's available. Call us.

THE ARMY RESERVE. IT PAYS TO GO TO MEETINGS.

Red tape is so called for the practice of tying of official documents with tape of that color in 17th century England.

SWPS Surveys Expansion Plans

The Area Development Department of Southwestern Public Service Company has completed a survey of industries in the area served by the electric company.

The first phase of the survey, completed in March, was made in all of the towns that SPS serves in Texas except Amarillo and Lubbock. The second phase of the survey covers these two metropolitan areas.

"The purpose of the survey is to assemble information that will aid in the design of programs to assist existing manufacturers expand their production

facilities," commented Larry Milner, Area Development manager for SPS in Amarillo.

The survey, representing 23 communities on the North and South Plains, reveals that 52.4 percent of the existing industries responding to the survey plan future expansion. Forty-seven of the companies surveyed plan expansion within the next 12 months, while another 61 plan expansion in the next three years. During the next five years, 25 more companies plan expansion.

Employment expansion for the near future was projected in the range of 43

percent. The survey covers general manufacturing, agri-related and oil and gas related industries, with a total employee representation of more than 14,000. Of this number, about 9,000 are production workers, 1,000 are management employees and the remainder work in clerical or administrative jobs.

"Helping all the towns in our service area with new and existing industries is one of our primary functions. We feel that the information in this industrial survey will aid us in providing that help," Milner concluded.

SCS Report

Any of the Parmer County farmers that are planning an extensive change in their irrigation or dryland farming methods are welcome to come by the SCS office in Friona.

Herb Evans states that there is cost-share assistance available to farmers in Parmer County for conservation work through the Great Plains Conservation Program, commonly referred to as GPCP.

Some of the practices available for cost-share are: terraces, waterways and grass plantings. If you are interested in just irrigation pipeline there is assistance available through the county ASCS office in Farwell. You need to contact Prentice Mills or one of his staff to see about this assistance. There are other cost-share practices available.

FALL FROM UNBEATEN

Bankers Lose 'Zero' To Feed Yard Nine

By HAL BLACKBURN
Staff Writer

If Friona State Bank had had their rathers, Thursday, July 5, wouldn't have existed. With their perfect record of eight wins, no losses on the line, the Bank team was beaten 17-15 by Friona Feed Yard.

The win gave the Feeders a 2-6 record for the year. Rudy Mendoza was the winning pitcher for the Feeders, and his team picked up 18 hits that night. Catcher Mark Tucker had four of those hits.

After the first inning, Friona Feed Yard must have thought they were in for a long night as the Bank clean-up man, Tony Rios, belted a home run with a man on base. This gave the Bank a 2-0 lead, but their luck just didn't hold up.

With their first loss of the year looming over their heads, the Bank team came back on Tuesday to defeat their closest rival, Reeve Chevrolet, very convincingly.

The Bank team got their old form back and overwhelmed Reeve, 27-10. With Robert Garza doing the pitching, the Bank held Reeve to just five hits during the game, and in their half of the first inning picked up eight runs.

The Bank team finished with 14 hits. Tony Rios and David Bermea got credit for eight of the 14 hits.

SENIOR LEAGUE

Benger Air Park's hopes for the league crown went down the drain this week, as they fell into a second place tie with Sherley Grain. Both teams stand at seven wins, four losses for the year.

Benger captured an 18-7 win over the Pioneer Cattle Order Buyers last Thursday night, and upped their mark to seven wins, three losses. Cipi Aragon picked up his fourth win of the year for Benger Air Park.

Monday evening came, and with a win Benger could move into a tie with Cattle Town for first place, but things didn't happen that way. The Bovina team clipped Benger 12-8. Sherley Grain pitcher Ronnie Cary was credited with his third win of the year against one defeat.

The Benger hitters just didn't seem to be with it, being held to just seven hits for the night. Paul Ortiz's third inning triple gave Benger some life, but Bovina seemed to be determined to take the game and did so.

Cattle Town defeated the winless Pioneer Cattle Order Buyers 15-6 Tuesday night, to all but wrap up the league championship. Cattle Town will face Pioneer this Friday in the season finale.

MINOR LEAGUE

Last Thursday evening, the cellar

team in the Minor League, Hi-Pro, came up with a big win over Ethridge-Spring Agency, coming out on top 20-10.

Hi-Pro pitcher, Mex Perez, allowed nine hits as his team played one of their finest games of the year. Perez had 1 the bat well as he tagged a single and a double.

Opposing Ethridge-Spring pitcher, Mike Maynard, hooked up with the ball for three base hits, while first baseman Jeff Taylor did the same. Consistent hitting from all the Hi-Pro players proved to be the difference in this contest.

Ethridge-Spring Agency came back on Tuesday evening and raised their seasonal record above 500, by taking an 11-9 win over Parmer County Implement.

Ethridge-Spring is now 5-4 on the year. Mike Maynard was on the mound once again for Ethridge-Spring and this time his team backed him up with fine play. Ethridge-Spring never trailed in the game, although it was close all the way.

+++

T-BALL LEAGUE

Last Thursday evening, Tasty Cream and Piggly Wiggly got together and really put on a show. After a see-saw battle, the league-leading Tasty Creamers came out of the fire with a 22-21 victory.

Friday's games were cancelled due to the 4th of July holiday. Monday's T-Ball game between Tasty Cream and the United Commercial Travelers was postponed because of rain.

Piggly Wiggly came back on Tuesday with a few fireworks of their own, as they defeated the Friona Credit Union 35-11. In a makeup game played Wednesday, Piggly Wiggly rose to the occasion again by knocking out the United Commercial Travelers by the identical score of 35-11.

By taking these two wins, Piggly Wiggly remains only one game out of first place. Tasty Cream stands at 8-2, with Piggly Wiggly close behind at 8-3. Piggly Wiggly has one game left to play, while Tasty Cream has two.

SACK RACERS....Entrant. In the mother-daughter sack race are shown hopping down the trail. Those attending the annual July 4th events

were treated to foot races, bike races, water polo, turtle races, an air show and fireworks in the evening.

TAAF Slates Lubbock Meet

The TAAF (Texas Amateur Athletic Association) will hold its regional track and field meet for boys and girls from 9-18 years of age at Lubbock Coronado track Saturday, July 19.

Those desiring to participate should report between the hours of 8 and 9 a.m.

Registration fee is 50 cents per event. Contestants are limited to five events each.

The events will be divided into age groups pitting 9-10, 11-12, 13-14, 15-16 and 17-18 age groups together.

Those taking part must provide their own transportation and equipment.

BIKE RACE....Some of the younger entrants in the bike race are shown volleying for the lead in last Friday's 4th of July events. Jerry

Hinkle and Robert Neelley, members of the Evening Lions, sponsors of this particular event, are shown in the right background.

McLellan Signs For Wayland Track Team

Dr. Bill Hardage, Wayland Baptist College track coach, has recently announced the signing of six tracksters for the 1975-76 season. Among the recruits is Ronnie McLellan, a former track star for the Friona Chieftains. Ronnie is a 1975 graduate of Friona High School, and will attend Wayland this fall. He plans to major in physical education or agriculture.

While at Friona High School, McLellan participated in football

and track, and was also involved in Friona's Fellowship of Christian Athletes program.

McLellan holds one of the top 880 times in the area, as he was clocked at 1:59.0 at the regional meet this year.

It was announced that McLellan and Mark Smith, a returner who ran 1:55.9 in the 880 and 49.2 in the quarter two years ago for Wayland, will be running cross country this coming season for Wayland.

RONNIE McLELLAN

FRIONA CONSUMERS

Nittlers Enjoy Rare Bottle Collection

BY CINDA JOHNSON
Star Staff Writer

A lot of time, money and experience must be a permanent part of a person who is seriously into collecting. He may collect something as everyday as rocks, or, as in the case of a Friona couple, as uncommon and unique as specialty bottles.

Mr. and Mrs. A.C. Nittler first began their searching and collecting of Limestone bottles in 1950.

"We give the credit to our children," claims Mrs. Nittler. "They first got my husband and I interested by their collection of salt and pepper shakers. Everytime we would go on vacation the children would pick up unusual shaker sets.

soon the collection grew to be quite large. Friends began giving them sets and large."

What started out to be a "casual collection of salt and pepper shakers" turned into a serious collection, ranging to 2500 in number.

"In our last count, anyway, that's how many we had," Mr. Nittler says.

Soon the salt and pepper shaker collection led to bigger projects.

"Our first Limestone whiskey bottle was the glass figure of an Indian, Proud Indian," says Mrs. Nittler. "He was followed by these many Limestone bottles."

Eyes scanning the many shelves, a visitor to the Nittler home stands

in complete awe at the sight. Bottle after bottle designed into the figure of some character of common work or of celebrity fame is the collection one dreams of seeing, but never actually realizes exists in Friona.

"The Limestone whiskey bottle collection is very unique," Mr. and Mrs. Nittler tell. "Only 200 are made to sell from one mold, then the mold is broken, never to be used again."

The designed bottles are made in Canada then shipped to Kentucky to be filled. From there they are shipped to buyers, the Nittlers being one.

It is very fascinating to stand and gaze at the bottles standing in their positions on the shelves. There is the Proud Indian, the first bottle of the collection, and the Country Doctor, his dress depicting the very job the old western doctors had to do.

The story of the character is on the back of each and this visitor found Annie Christmas' Story the most fascinating. It is ironic that a girl with such a beautiful name could be so rough and tough. This woman lived in the western era when the lives of true pioneer people wasn't easy. Annie could out-fight any man she knew and could drink most under the table. The roughness and determination can be seen in the lines of Annie Christmas' face.

Besides the figures in the Limestone whiskey collection, Mr and Mrs. Nittler have also another set of figures on their shelves which come from the McCormick Bottle

Collection. Most of these are heroes of the Old West—in the 1880's to be exact: Wild Bill Hickock, Bat Masterson, Jesse James.

The next items to intrigue this visitor are two western scenes, the Mint Bar scene and the Mini Bar scene. The Nittlers first collected the Mint Bar scene, four bottles that form the stage for an old west night in town, the cowhands spending the money they earned the week before. The Mini Bar scene is much like the larger scene but only three bottles fit together instead of four.

"We are expecting the Shoot-Out At OK Corral scene very soon," says Mrs. Nittler. "It has been two years in the making and should be a very good piece for our collection."

The last stop in the visit is in front of a long dark wood shelf mounted high on the wall of the Nittler living room. Here, poised as if in full flight are five sets of birds from the Ski Country Bottle Collection.

"These are my favorite," Mr. Nittler says.

The birds' wings make a span of about five inches and are so detailed they could be taken as real. The most beautiful and most valuable is the Majestic Eagle.

And so, the collecting goes on. "We have the full collection of Limestone Bottles," Mrs. Nittler says, "but they are always coming out with new figures. They aren't as choosy in their subjects as they used to be. We are now limiting ourselves to the more beautiful bottles."

"I'm just glad that we got into the

AMONG THE BOTTLES....Mr. and Mrs. A.C. Nittler stand with some of their many rare Limestone Bottles. The Friona couple began collecting the unique bottles in 1950 and have the full collection to date.

MINT BAR SCENE is shown here. This pictorial scene consists of four bottles fitted together to show the typical Saturday evening for many cowhands of the Old West.

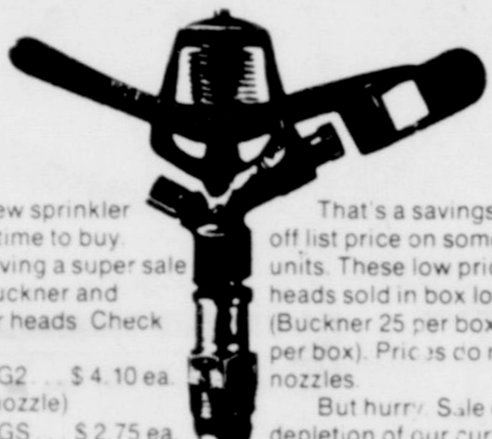

collecting of these bottles when the western series came out. They are my favorite."

"But it's getting hard to find the bottles," Nittler says. "We can't find them in Texas anymore, and now we have to sometimes go as far as Albuquerque to get them."

"We are proud of our rare collection," adds Mrs. Nittler. "Through the years, it has been such

an enjoyable pleasure watching our collection grow and having something in our home of which to be proud."

Now's the time to get a head.

If you need new sprinkler heads, now's the time to buy. Because we're having a super sale on high quality Buckner and Rainbird sprinkler heads. Check these prices:

- Buckner 860 G2 . . . \$ 4.10 ea. (double nozzle)
- Buckner 860 GS . . . \$ 2.75 ea. (single nozzle)
- Buckner 180 G . . . \$ 3.30 ea. (single nozzle)
- Rainbird 30 TNT . . . \$ 4.18 ea. (double nozzle)

That's a savings of up to 40% off list price on some of these units. These low prices apply to heads sold in box lots only (Buckner 25 per box, Rainbird 60 per box). Price is do not include nozzles.

But hurry! Sale ends with the depletion of our current inventory.

The Total Electric Mobile Home - There's One Just Right for Your Family.

If you are thinking about the economy and comfort of a mobile home, keep these thoughts in mind when you shop:

- SIZE: With an abundance of styles and sizes available, be sure you choose a home that's right for your family.
- COST: Compare the costs of a single electric connection with the individual costs of separate gas, oil and electric lines. A total electric home is more economical. Safer and cleaner, too!
- INSULATION: Very important when you consider electric heating and air conditioning. Make sure the insulation is adequate.
- COMFORT: Total electric living is the comfortable, safe way to enjoy life more!

Electricity is too good to waste. Contact Deaf Smith REC for money saving, electric efficiency hints.

Town Talk

By CINDA JOHNSON

Phone 247-2211
with your news item

I guess there are a lot of people in the same situation that I am in. We either don't have enough money to travel or have not time to get away. The summer months are just too busy for anyone's good. But I am making the best of my time at home. Learning of all the people who are visiting in Friona or of Friona folk traveling to new vacation spots, then reporting my finds is a pleasure for me. I am enjoying this reporting job as much as if I were out traveling to far corners of the world. All I have to do is sit at my desk, answer the phone, and hear about the visitors coming to Friona.

Mr. and Mrs. Henry Lewis have visitors this week. Their son, Don Lewis, and his family, are visiting from Madison, Wisconsin. Don is in Friona directing the summer drama workshop, involving nearly 50 youngsters, now in progress at the High School. Don has done this every summer for several years and enjoys it very much. At present, Don is teaching drama at the University of Wisconsin and also working on his Masters of Fine Arts degree. This fall he will be teaching an advanced drama class at the university and will also be a director at the Madison Repertory Theater.

Mr. and Mrs. Clyde Garrison of El Paso visited this week in the home of Mr. and Mrs. Mike Garrison, Friona's new football coach. While in Friona, the Garrisons came by to subscribe to the Star.

"That way, we can keep up with the Chieftains and other events in Friona," Mrs. Garrison said.

The Garrisons formerly lived in Dalhart for 17 years, and said they are basically "small town folks." Garrison manages a Sprouse Reitz store in El Paso.

Mrs. Claude Moore had her children visit in her home over the July 4th holiday weekend. Her daughter, Patsy Coody and granddaughter April Ann, visited from Hereford. Mrs. Moore's two sons also visited. They are Mr. and Mrs. Wendell Moore, stationed at Fort Bliss and Mr. and Mrs. Gary Moore of Snyder.

Mr. and Mrs. R. W. Parr were busy entertaining guests all week.

Visiting from Michigan were their daughter, Sandra Ruth, and her four children, Rutheta, Rachel, Tim and Tom. From Lubbock, came grandchildren Phil, Rene and Greg Brock. Also, Mrs. Mabel Reece from California visited. She is Mrs. Parr's sister.

The H.K. Kendricks traveled to Mt. Vernon, Ohio, on business beginning June 15. They returned July 3. Even though the trip was intended for business, they had an enjoyable time.

The Oscar Baxters returned June 25 from a very enjoyable trip which took them to Washington, D.C., for their final destination. Then they attended the National Federation of Independent Business Convention. But the highlight of the trip was the visiting of various relatives along the way. The Baxters traveled by car and stopped at Blunt, South Dakota, to visit the Miles Roberts children. Also, in Faith, S.D., they visited the J.W. Baxters and Bill Baxters. The couple then traveled through the beautiful Black Hills in South Dakota and into Ohio where they stayed with Mr. and Mrs. Chester Dewbre and daughter Jill of London, Ohio. Coming home they took time to stop and visit relatives in Nebraska.

With this trip, Mr. and Mrs. Baxter have traveled and seen all 50 states.

Charles and Melba Allen have just returned from attending the Lions International convention in Dallas, at which Charles was involved with the program.

Allen has served the past year as district governor of Lions District 21-1, and he was in charge of the "Texas Breakfast" which was held Saturday at the International convention.

For his program at the breakfast, Allen secured Mary Rando to do her inspiring recitation, "I Am The Nation." It was reported that Mary received a standing ovation from the crowd of Lions and their wives, and received many compliments.

Remember to call my number, 247-2211, if you are traveling or have visitors.

PRESIDENT ATTENDS.... Patricia Jones, President of the Rebekah Assembly of Texas, was a special guest at the regular meeting of the organization on Monday night, July 17. Shown left to right, are Juanita Reed, Noble Grand, Friona 308; Ole Bolton, District Deputy President, Dimmitt 54; Patricia Jones; Susie Curtisinger, Lodge Deputy, Dimmitt 228; and Karen Zachary, Lodge Deputy, Friona 308.

State President Attends Meeting

Friona Rebekah Lodge No. 308 opened in regular session Monday night, July 7 with Mrs. Juanita Reed presiding.

Friona hosted the District No. 5 meeting with the official visit of Patricia Jones of Smithville, Texas, Rebekah Assembly of Texas President. She presented the program and school of instruction. A

covered dish supper followed. Visitors included five from Dimmitt Lodge 54; six from Hereford Lodge 228; two from Muleshoe Lodge; and five from the Clovis Lodge which included Mrs. Edna Fulham a past president of the Rebekah Assembly of New Mexico. Twenty-one persons attended from the Friona Lodge 308.

Montessori Method Helps Pre-Schoolers

One of the most talked about methods for teaching children is the Montessori Method. To better understand how this method applies to pre-school children Friona Public Library recommends "Teaching Montessori In The Home--The Pre-School Years."

The author, Elizabeth B. Hainstock stresses "that this book comes not from a teacher, though I am a teacher, but from a mother. Parents do not have to have a teaching background to work with this book, nor must they have any talent in order to make the materials used. The only requirements are that they be parents interested in the development of their children."

The book is an attempt to help the

mother who is serious about helping her pre-schooler build a social foundation on which the child's future learning can grow.

Sections of the book deal with specific exercises, for suggested ages, with step-by-step instructions for the mother's easy comprehension and execution. Each exercise is illustrated and designed to teach the child a specific skill or fact.

In addition to fifty exercises, the book shows the mother how to make all the Montessori equipment used in exercises.

This and many other books are in the Friona Public Library to help parents help their children. Come by and browse and find something for each member of your family.

Mrs. Russell Earns 50 Year Service Pin

A salad supper for all Eastern Star members at the Masonic Hall on Monday, July 14 at 7 p.m. will honor Mrs. Martha Russell for fifty years service in the Order of the Eastern Star.

Mrs. Russell will be presented her pin at the regular monthly meeting of the organization to be held at 8:30 p.m.

A patriotic program, "I, The American Flag," will be presented to recognize Independence Day. All members are urged to attend.

MRS. MARTHA RUSSELL

Five Frionans Attended Upward Bound Course

July 11 marked the completion of the summer Upward Bound course at West Texas State University in Canyon. Thirty-four area students were involved in the six weeks of concentrated study, which should be helpful in long range educational and vocational pursuits, as well as next year's senior courses.

Friona High School students attending the session were Cosme Constancio, Alberto Rodriguez, Rolando Caballero, Alex Guerra and Waymon Lee.

Roger Scott, director of Upward Bound at West Texas State University, calls the federally-funded program "an investment in young people." Upward Bound is another step forward by America toward investing in its youth. Emphasis in the summer course is primarily on the communication skills of reading and writing, with instruction in mathematics and arts and crafts also included.

When the day's academic tasks have been completed, the recreational facilities of the Student Activities Center are available. Swimming, bowling, tennis and volleyball were enjoyed by the students. Among weekend activities for Upward Bound students have been a trip to Lubbock for the Coaches' All-American Game, picnics, movies and a performance of "Texas."

Director Roger Scott states, "America is one of the few countries that invests in its young and reaps the rewards later. I hope we'll have the rewards later."

"I hope we'll have an impact on these students," says assistant director Jimmy Diaz. Evidently, the

students greatly appreciated the effort made by Upward Bound and West Texas State University.

"Because Upward Bound classes are smaller and I know everybody, I can express myself to the class and teacher better," states Rolando. With the smaller classes in mind, Cosme adds, "The teachers work with us more personally, and more information on our mistakes is given." Says Waymon, "I've improved by ability to write, especially organizing my sentences--and I can also read faster."

Much thanks goes to the Upward Bound program and to WTSU for a job well done.

JUDY LYNNE MASSEY graduated from Timberline High School in Olympia, Washington on Saturday, June 7. She attended Friona Schools from 1963-68 and in Olympia from 1968-75. She was one of 250 graduates. Judy Lynne is the granddaughter of the late Otis Massey.

Hinksons Elected To Assn.

Frank and Marilyn Hinkson of the Lazbuddie Community, have been elected to membership in the American Angus Association at St. Joseph, Missouri, announces Lloyd D. Miller, executive secretary.

There were 259 memberships issued to breeders of registered Aberdeen-Angus in the United States during the past month.

SUNNY DAYS

Sunny days can mean trouble, warns the American Cancer Society. Repeated overexposure to the sun can cause skin cancer.

By Mike Chaney

Officials are predicting a decrease of no more than 20 percent in domestic purchase of feed grains during the current marketing year. Others are saying that an improved livestock market will cut the decrease to even less. USDA projections are for the production of about 220 million short tons of feed grains with about 165 million tons sold in the United States and another 42 million tons exported to foreign countries. According to the figures released by the Department of Agriculture, total carryover of feed grains by the end of the marketing year should not exceed 30 million tons. Although that's a lot of grain, records show it to be only about 60 percent as much as the carryover at the end of 1971. Officials citing these figures are predicting relatively stable prices for grain sorghum. Major factors which could produce a change in the situation include the extent of recovery of the cattle market and, as always, the most variable of all, the weather.

Family Film To Be Presented By Church

"Time To Run," a film that is a mixture of problems and solutions, will be shown at First Baptist Church in Friona on July 13. The feature, filmed in Eastmancolor by World Wide Pictures, will be shown once beginning at 7 p.m.

Filmed on location in the Southern California area, "Time To Run" stars Ed Nelson, Randall Carver, Barbara Sigel, Joan Winmill and Gordon Rigsby. Nelson plays Warren Cole, a hard driving success-oriented industrial and scientific engineer who, because of over-involvement with his work, has failed to communicate with his wife Fran, played by Joan Winmill, or their son Jeff, played by screen newcomer Randall Carver.

The film allows the viewer to become involved on any one or more of the three different levels. Viewed purely as entertainment, it's the successful story of Jeff's attempts at sabotage in the nuclear generating plant conceived, designed and managed by his father. Jeff strongly feels that the plant is a threat to the environment, and he puts his feelings in action.

Viewed on an emotional level, "Time To Run" is the deeply moving drama of the conflicts that are tearing a family apart—conflicts that develop between husband and wife, and between father and son. In an attempt to find freedom from the ever-growing hostilities, Jeff takes to the road, hoping to discover some meaning in his confused life.

Approached from a religious perspective, it is also a story of friction between Jeff and his girlfriend, Michelle, played by Barbara Sigel, who is a familiar face to television viewers. Michelle has discovered a spiritual dimension in

her life, and this aspect is very confusing to Jeff, who has little time for "a God who would allow war, hatred, and suffering on earth." But his life is shattered by an avalanche of personal problems, and he finds himself at a Jesus people gathering with Michelle, where he glimpses

the possibility of a new life-style based on love and understanding.

"Time To Run" is a film that can help strengthen love relationships between people. It's a film that was made for families to attend-together.

June Activities Reviewed By City

With the passing of the month of June, the City of Friona reviewed its activities.

The Nursing Home Bond money arrived at the Friona State Bank, Friday, June 20. The money was put on a certificate of deposit for a three month period before construction on the home begins.

The city water department reported 33,937,400 gallons of water pumped during June. This averaged

1,131,000 gallons per day and is pretty much an all time high in water usage. The rainfall of June amounted to 1.92 inches.

The fire department answered five alarms during the month with the greatest losses recorded at the Joe Talley and Huck Nichols farms. Also, several members of the department represented Friona at the State Firemen's Convention in Houston, June 9-13. Young Mark Blankenship was designated "State Firemen's Mascot" of the convention.

Paving work began on the Staley Addition in west Friona and around the Community Center building June 25.

The sanitation department reported that the first mosquito mission in Friona was flown June 29.

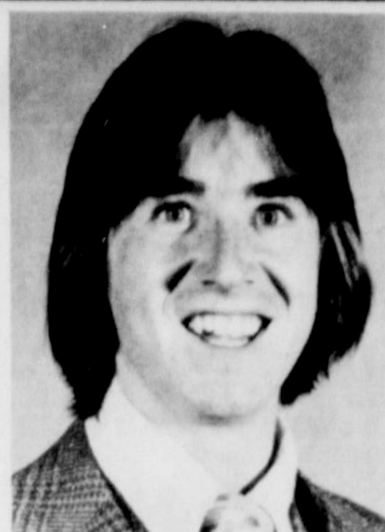

The city purchased a new vacuum pump for the swimming pool. Participation in swim activities continues to be good during the recent hot weather.

McFarland Graduates

John Bill McFarland, the 25-year-old son of Mr. and Mrs. J.G. McFarland, graduated last May from the University of Texas Law School in Austin. John was one of 300 students who were candidates for the Doctor of Jurisprudence Degree.

John attended Yale University the first four years of his college career where he received his Bachelor's degree in history. He then moved to Austin where he was enrolled in the Law School at the University of Texas.

He will begin working in Austin this fall as a lawyer under a Federal Judge.

DAVID ANDERSON

MARK RYAN

Frionans' Kin Are Employed By "TEXAS"

Two young people working in the musical drama "TEXAS" are related to families living in Friona. Mark Ryan, currently a student at WTSU, is the nephew of Mr. and Mrs. Dave Thompson. He is a member of the stage and technical crew.

David Anderson, related to the Paul Fortenberry family, is a member of the hospitality crew. This will be David's fourth summer with "TEXAS."

St. Teresa's Society Has Golden Age Tea

The women of St. Teresa's Ladies Society held a Golden Age Tea Sunday, June 29, at St. Teresa's Parish Hall in honor of several senior citizens in our community.

The social began at 2:30 p.m. with a welcome to all guests given by the president of St. Teresa's Ladies Society, Angela Bermea.

The group sang songs and read a poem, "Happiness," by Robert E. Ferley. Refreshments of cookies, nuts, mints and punch were served and games were played.

Walter Loveless, 93, received the prize for being the oldest person present.

Present at the tea were Amy Turner, Mr. and Mrs. James

Shaffer, Mr. and Mrs. Oliver Regan, Howard Mayfield, Minnie Dixon, Alta Presley, David Moseley, Lula May Hyde, Goldie Smith, Mabelle Hartwell, Hattie Snead, Kattie Osborn, Ann Shackelford, Susie Perez, Emma Elmore, Mary Lou Venhaus, Kitty Loveless, Orma Flippin, Irene Bermea.

Also, Viola Treider, Melinda Schlenker, Lester Roth, Opal Strickland, Lura Bradley, Neva Knight, Zelma Habbinga, Martha Carter, Luella Maurer, Robbie Hughes and Angela Bermea.

Regrets in not being able to attend were sent by Mr. and Mrs. A.W. Anthony, Sr., Mr. and Mrs. Ed White, Sr., and Bertie Doak.

Drama Workshop Productions Set

The students attending the 1975 summer drama workshop have begun work to ready themselves for the two staged productions they are scheduled to present Saturday, July 19 at the Friona High School Auditorium.

The first show, channeled toward young and old alike, will be a production entitled "13 Clocks," by James Thurber. Although it is a children's show, the play contains adult humor that will make it enjoyable to parents as well. It is scheduled to begin at 2 p.m.

The night production, set at 8 p.m. that same night, will be a unique collection of Grimm's Fairy Tales and Aesop's Fables. The collaboration of these two classics is entitled "Story Theater," a musical story play.

During the first week of work 32 students attended the workshop. It is expected that around 50 students will be attending the second week of three daily sessions of three hours each. Included in this number are seven out-of-town children who

heard about the famous workshop through Friona relatives and decided to get in on the "fun."

Ticket prices charged to see the day show are 50 cents for adults and 25 cents for children. The night show tickets are \$1.00 for adults and 50 cents for children.

Baby Boy Born

To Bob Manns

Mr. and Mrs. Joe Bob Mann are the parents of a baby boy born Wednesday, July 2 in Parmer County Community Hospital in Friona.

We weighed nine pounds, nine ounces and was twenty and one-half inches long at birth. The baby boy was named Steven Paul.

Steven Paul has one older brother, Michael, three years old.

Grandparents are Mr. and Mrs. Joe Mann of Friona and Mr. and Mrs. Vernon Bleeker of Muleshoe.

Great-grandparents are Mr. and Mrs. D.P. Mann of Friona.

Two Named On

WB Dean's Roll

Two Friona residents were named to the Dean's Honor Roll for the 1975 spring term at Wayland Baptist College.

Listed were Kevin Wiseman, son of Mr. and Mrs. Buddy Wiseman of 905 West Sixth Street in Friona and Carolyn Murphree, daughter of Mr. and Mrs. Curtis Murphree of 1607 West Tenth Street, Friona.
