Northeast Glasscock To Get Deep Wildcat

Shell Oil Company, Inc., is to start operations at once on its No. 1 TXL, to be a 10,000-foot wildcat in Northeast Glasscock County. The exploration will be 918 feet from north and 660 feet from east lines of section 3, block 32, TP survey, T-4-S. That will make it about two and one half miles northeast of the same concern's No. 1 Clark, discovery for small production from the Mississippian, above 9.750 feet. That well was completed about three years ago. It is the only producer in the Garden City field. The slated destination of 10,000 feet for the new prospector is due to take it into the Ellenburger.

Actually, he said, the State Department has stated publicly many times that this is not the case. He recalled that when the State Department officials testified before the Senate Foreign Relations Committee on the pact it was stated specifically that the military clauses of the Italian Peace Treaty-drastically limiting Italy's military strength-would not be upset. The Russian protest therefore, he declared, is "utterly without foun-

Shivers Says Texas **Will Continue Good Neighbor To Mexico**

AUSTIN-(AP)-Gov. Allan Shivers and County Judge Tom Brookshire has assured the Mexican governsaid Garza will remain free us ment of a continuing good neighlong as he makes payments on bor policy on the part of Texas, the bill. About \$1,400 remains to particularly with reference to treatment of laborers entering the state from south of the border.

Copies of a telegram sent by Shivers to American Ambassador Walter Thurston in Mexico City were released by the governor's office Tuesday.

Shivers recalled in his telegram that the late Gov. Beauford H. Jester had messaged Thurston last February with reference to negotiations for an agreement between Mexico and the United States under which nationals of Mexico might be contracted for farm work in the United States. Foster Friendly Relations

Shivers said Jester referred to the procedure of the Texas Employment Commission for "assuring prompt consideration and action on any complaint of discrimination which may develop, and assuring the nationals from Mexico entering for farm work will have equitable

and non-discriminatory treatment." "Will you now for Texas and for me assure the Mexican government that I propose to continue this and other policies of Governor Jester with which they are already familiar, to foster friendly relations with the Republic of Mexico," Shivers requested Thurston.

Baruch's Warning

Bernard Baruch, 77-year-old adviser to Presidents, had some blunt advice for President Truman the other day. It was this: Get a plan for total mobilization in event of war, and get it fast.

The elder statesman largely blamed the President for the fact that "with the cold war dragging into its fourth year, we still lack any effective plan for the swiftest possible mobilization of our resources to insure reaching our Allies in time."

Any further delay, Baruch said, would be a "needless | gamble with our national security, a needless invitation to

Baruch speaks with authority in this field. In World War I, he headed the War Industries Board, an agency comparable to the War Production Board in the recent war. His experience and wisdom as a mobilizer of resources were put to frequent use during World War II.

Baruch, in a commencement address before the Industrial College of the Armed Forces, pointed out that a National Security Resources Board was created by Congress to develop stand-by plans for industry in case of war.

"When this agency attempted to act, it was, as you know, prevented from doing so," he said. "It has still to be heard from."

Baruch explained later to a reporter that he had reference at that point to a mobilization plan actually drafted by the resources board but turned down by Tru-

The Administration denied any plan ever won full board approval or was considered by the President. But even if Baruch should prove wrong on this score, the Administration's statement amounts to a confession of

inaction that supports his main complaint. Moreover, several months ago, the board chairman, Arthur M. Hill, resigned and has not been replaced. The President did nominate Mon C. Wallgren, his old Senate berg, protesting the plan to award erony and former Democratic governor of Washington, to a special \$50,000,000 gift to Spain.

CHUCK off that coat, good sir - and loosen that tie.

Call to mind the coolest, pleasantest spot within a couple of hundred miles — and let's so find comfort.

Here's the big broad seat that will carry you there in sofa-like ease. At your toe is the treadle that brings to life 150 eager Fireball horsepower.

In your hand is a wheel, neat and tidy, friendly and obedient. And under it the Dynaflow lever that's key to a whole new experience.

Set it once—and you can forget it. Until you park or back up, you won't need to touch it again. Find a comfortable spot for your clutch-foot too - that's just going along

for the ride - and smoothly feed gas. No jar, no jerk, no sudden lurch. Just one smooth crescendo of power, soft and silky and forever free of direct-geared harshness!

Traffic slides by, no longer a headache. Open roads spread their welcome, tall hills bow meekly to the power at your command. Cares fall away with the dust-clouds of your going, and you've forgotten the world and the weather.

You know now why scores of thousands wouldn't be without the sweet luxury of Dynaflow Drive - or the velvet power of ROADMASTER. You know why the Buick ride sets the standard for the industry above all, why Buick's the buy.

For it isn't just what the price tags say nor what a demonstration shows that makes Buick such a satisfying investment.

It's in the way a car grows on you when it's planned to please in many ways, and not just through a single feature.

In such a car, any trip's "a breeze." How about breezing around to your Buick dealer to see how quickly you can get a ROADMASTER?

Ninth Inning Rally Gives Second Division Lefty Hayes Fourth Win Softball Leaders

The second game of the Midland-Ballinger series will be unreeled in Indian Park here Wednesday night. Starting time will be

Ralph Blair, ace of the Indian staff, will seek his thirteenth victory of the season. Norton or Reberto Rodriquez probably will pitch for Ballinger.

Several former Midland Indians returned here with the Ballinger Cats Tuesday night to haunt Manager Harold Webb and Midland fans but they got the tables turned on them. The reverse haunting was done by the present ly are tied for second in the league, three victories and two of them Midland Indian lineup as the Tribe nudged the Cats both one game off the pace.

It took a two-run rally in the last of the ninth to turn the trick and make Bill Gilliam, former Indian hurler, the loser. The loss broke a nine game-winning streak for Ballinger.

Lefty Lcon Hayes was a little shaky at times but managed to come through for his fourth win of the season against no defeats. It was

Jerry Rodriquez, former Big Spring tosser, started for the Cats but never was effective. The In-Mitchell—State 350, 6.559 miles of dians climbed him for five runs in

leftfield wall to open the Ballinger half of the inning. Young walked, jones singled him to third and a ong fly to left brought him in. The Cats added the tying run in

the seventh on a single by Higgins and a double by Stu Williams. They pushed across another in the eighth on a single by Dellis and a double by Dossey to take the lead.

In the ninth, the Indians found their betting eyes and shelled Gilliam from the mound. Rose opened with a single. Hughes forced him at second. Sliter singled Hughes to third and Julian Pressley drove nome the tying run with a single, Sliter going to third. Dawson was purposely walked to load the bags. Austin Comes Through

Ben Dean Sheats continued to do fine job behind the plate. He turned in the fielding play of the night when he took a pop fly in foul territory far to the left of home plate and doubled a runner off first. Marty Filigamo re-injured his trick knee midway of the game and was forced to retire.

More Hot, Dry Weather In Store For All Of Texas

By The Associated Press More hot and dry weather is in store for Texas.

It was partly cloudy Wednesday along the coast and in the Austin-San Antonio area. Elsewhere skies were clear.

A southerly breeze was blowing across most of the state. In West Texas it was fairly strong, ranging up to 25 miles an hour at Abilene. Henrietta with 109 degrees was the hottest place Tuesday. Presidio had 107. Laredo and Wichita Falls had 102 degrees, Childress 101, and Mineral Wells and Fort Worth 100. Elsewhere readings were in the middle and upper 90's.

Early morning minimum temperatures Wednesday ranged from 69 at Marfa to 80 at Galveston. The Weather bureau said there would be little temperature change

Another Prisoner Takes French Leave Of Lamesa's Bastile

LAMESA -(AP)- Officers hunted Wednesday a young man who lowered himself from the third floor of the Dawson County Jail while a dozen people stood gawking. It was the third escape from the

jail this month. George E. Miller, 23, used a rope made of mattress covers to lower himself to the ground and walk to freedom Tuesday afternoon. Deputy Sheriff Lawrence West

said Miller, a former Big Spring taxi driver, was charged with burglarizing a Lamesa grocery. He was accused of having opened the store with keys taken from the store manager's car in Florida, where the manager was vacationing.

Three Ada, Okla., men indicted on charges of armed robbery of a Lamesa filling station made the two previous escapes. In each case the men were recaptured without resistance. Now they are being held at Lubbock for safe keeping. Sheriff At Convention

West said Miller is "a very friendly young fellow" whose left arm and hand are withered, apparently by polio. Miller has dark hair and eyes. weighs 130 pounds and is five feet, nine inches tall.

All available officers were pressed into the search for Miller. Sheriff Roy King is in Dallas, attending the Texas sheriffs' convention. Miller pried the bars of his cell

open with a chair leg, put together a rope of mattress covers and lowered himself to freedom from a balcony on the jail building.

B-36 Bomber Flies Only Three Engines

FORT WORTH —(P)— A B-36 bomber made a 20-mile flight home Tuesday after it dropped one engine and the other two engines of the same wing quit working.

A Carswell Air Force Base public relations officer said he believed it was the first time the huge, six-engine bomber had flown on the en-

gines of only one wing.

The pilot of the B-36 was Capt. Harold Barry of Hillsboro, Ill. The plane was believed to have carried normal crew of 15. The Air Force did not say how high or how fast it was flying.

The inside engine on the bomber's left wing caught fire, burned itself free and dropped near Justin, in Denton County. This cut the electrical connection to the other two engines, the public relations officer said.

This occurred at least 20 miles north of Carswell. The B-36 landed at Carswell 23 minutes after the engine started burning.
