Pennsylvanian Flows At Pegasus Outpost

Magnolia Petroleum Company No. 1-36 Glass, southwest flanker to the discovery of the Pegasus field in North-Central Upson County, flowed 14.5 barrels of 46.2 gravity oil in 25 minutes from the Pennsylvanian lime at 10,207-260 feet.

No water was indicated. Operator plans to drill deeper and if the samples show more indications of petroleum will run another drillstem test after making 50 feet of new hole.

On the test at 10,207-260 feet, gas showed at the top in five minutes. Mud flowed out in nine minutes. Oil started flowing out of the top of the drill pipe in 13 minutes. It was flowed to pits to clean for 11 minutes and then turned to tanks.

After the 14.5 barrels of oil had been produced in 25 minutes, through a five-eighth inch bottom hole choke, the packer failed. The hole was circulated out and the packer pulled and deepening has been started.

Gas-oil ration was 4,501-1. Shake-out was two per cent drilling fluid. This exploration is being drilled by unofficer observers to be approximately 110 feet low on the top of the porous zone in the Pennsylvanian to the same point in Magnolia No. 1-A. This is the Pegasus discovery.

No. 1-36 Glass is 1,980 feet from north and 690 feet from east lines of section 36, block 41, TP survey, T-4-S.

Seaboard Wildcat On Test In Borden Reef

Seaboard Oil Company of Delaware No. 1 J. B. Clayton, South-West Borden County wildcat to test the Pennsylvanian, five miles east of the Good field, was running a drillstem test in the top of the Canyon reef lime section at 8,060-8,110 feet.

A good flow of air, and some gas showed at the surface soon after the test was opened. The tool was still in the hole at the time this report was prepared.

The venture is 862.5 feet from east and 660.3 feet from south lines of the southwest quarter of section 47, block 32, TP survey, T-4-N.

Howard Sprabery Develops Gas Signs

C. L. Norsworthy, Jr., No. 1 Christian, North-Central Howard County wildcat to 5,500 feet, ten miles north of Big Spring, took a 36 minute drillstem test in the top of the Sprabery sand of the lower Permian at 5,890-6,080 feet.

Recovery was 540 feet of slightly gas cut drilling mud. There was no formation water.

South bottomhole pressure, after 15 minutes was 2,740 pounds. Top of the Sprabery was called at 5,890 feet. Elevation is 2,630 feet.

The venture is to drill 100 feet deeper and run another test.

Location is at the center of the southeast quarter of the southwest quarter of section 48, block 32, TP survey, T-2-N.

No Shows Made In Andrews Devonian

George P. Livermore, Inc., and Deeprock Oil Corporation No. 1 Mayhew, Southwest Andrews County wildcat, six miles north of the Dollarhide multi-pay field, and 1,980 feet from south and 690 feet from east lines of section 20, block A-51, T-2-S, TP survey, was tested.

It topped the Devonian at 8,930 feet on an elevation of 3,779 feet. During a two and one-half hour drillstem test at 9,829-76 feet, gas showed at the surface in 21 minutes. Considerable oil was recovered was clean 41 gravity oil.

Smith Sets Flanker To TXL-Clear Fork

A south outpost to production in the TXL Upper Clear Fork pool of Northwest Sector County has been staked as H. R. Smith, et al., of San Antonio No. 1 TXL-American Republics Corporation.

It will be 440 feet from north and east lines of the south half of section 45, block 45, T-1-S, TP survey.

SMC Runs Pipe To Schleicher Strawn

An attempt at production in the Strawn line of the Pennsylvanian in East-Central Schleicher County is to be made at Southern Minerals Corporation No. 1 Webster, wildcat 28 miles east of the town of Eldorado and 1,800 feet from south, 690 feet from east lines of section 36, block 41, TP survey, T-4-S.

Pact Approval Clears Way For Arms Program

Midland Air Stop Essential

AUSTIN—William D. Stewart, Jr., American Airlines economist from New York, Thursday afternoon opposed the proposal in the Civil Aeronautics Board's "show cause" order that American's service to Midland be suspended.

At the same time, he urged that the CAB grant the company's application seeking authority for a temporary suspension of its services to Abilene and Big Spring. He testified at a CAB hearing in Austin, closing American's case on patterns for commercial transport in Texas.

"This position is the result of long study by American of its service problem between Dallas-Fort Worth and El Paso," said Stewart, the company's manager of regulatory proceedings. "American's application to suspend at Abilene and Big Spring was filed in December, 1948, before this proceeding was initiated."

"Simultaneously, American had analyzed Midland and had concluded that the same conditions did not apply to this point and, on the contrary, Midland was an essential airline stop in the efficient operation of Route 4 in order to give the best possible service to the area T-4 local Dallas-Fort Worth to El Paso."

Stewart pointed out that American's traffic at Midland has shown a substantial increase since service was introduced in November, 1947, and that the traffic carried by American from Midland has been increasingly long-haul in character. He added the long-haul character of the traffic also is emphasized by the fact that when American changed its schedule pattern to Midland in October, 1948, from two local Dallas-Fort Worth El Paso flights, to a single such flight and a stop at Midland on through DC-8 flight to and from the West Coast the traffic at Midland showed a conspicuous rise.

The increasing proportion of Midland traffic carried by American shows that Midland needs the rapid service to Dallas-Fort Worth and El Paso, and through service to points beyond these cities which American alone is in a position to provide, Stewart testified.

The testimony of Pioneer Air Lines was interrupted to hear the New York economist, who was American's only witness. After conclusion of the American case, Pioneer called its fifth and last witness, W. Bailey, the firm's secretary-treasurer.

NSLI Applications Are Due In August

Merritt F. Hines, Midland County service officer, Friday was notified by the Veterans Administration office at Lubbock that application forms for National Service Life Insurance special dividends will be available sometime in August.

A total of \$2,800,000,000 is to be paid veterans in the U. S. as a special dividend on National Service Life Insurance.

The dividend will be distributed on the basis of contribution to surplus to all persons who had insurance in force for a minimum of three months up to the anniversary date in 1949.

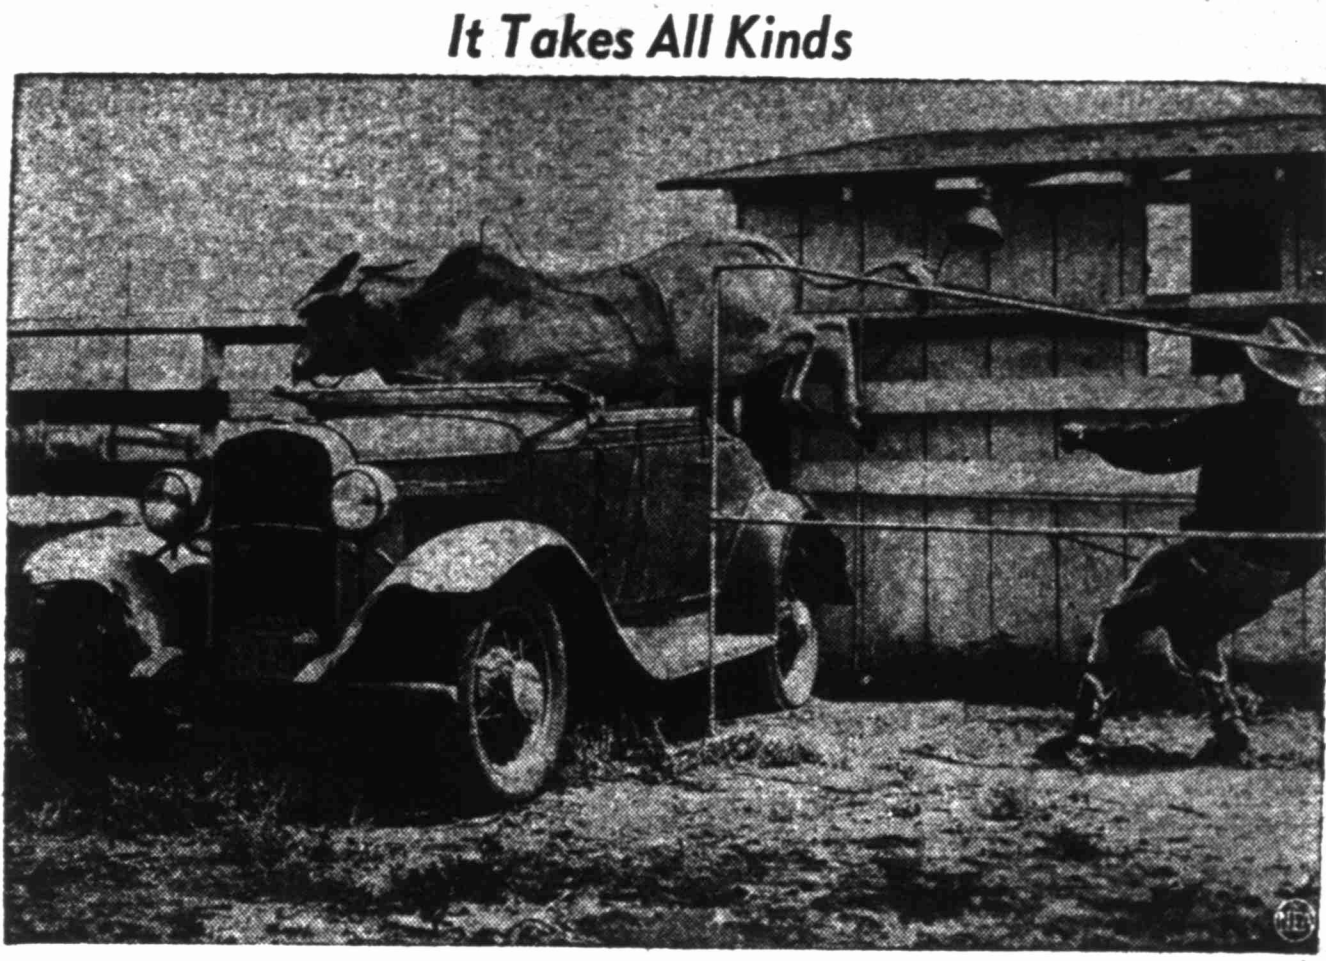

The letter from the Lubbock office advised Hines that application forms will be available in post offices, veterans' service organizations and Veterans Administration offices.

County service officers will be furnished an initial supply by the VA regional office.

Distribution of the dividend checks is planned to begin next January, with the expectation that it will be substantially completed during the first six months of the year, the letter stated.

Judge Keith Gives Highway Report

County Judge Clifford C. Keith, speaking at the regular meeting of the Midland Junior Chamber of Commerce in Hotel Scharbauer Friday noon, gave a wide coverage of the plans being made to improve highways in Midland County.

Keith revealed \$70,000 of farm-to-market road money has been assigned this county by the state under the new Senate Bill No. 287, voted by the State Legislature.

He said a meeting of highway committees and the county engineer court recently was held at which several desirable farm-to-market roads were designated for paving within the near future.

One strip, termed as the old Stokes Road, is earmarked for paving to the Midland County line. It will be a total of 4.8 miles of road when completed and will serve the Stokes Community. The State Highway Department has approved the plans, Keith said.

Another strip, 3.1 miles long, running off of State Highway 42, four miles south of Midland, also is included in the plans.

A loop of farm-to-market road starting near the Chief Drive-In Theater on the Andrews Highway and running one and one-half miles north and turning east to North Big Spring Street near Midland Airport also is proposed for paving.

Keith said plans for the possible paving of rural roads nearer to the city are being made.

In reviewing the progress on the proposed four lane highway between Midland and Odessa, Judge Keith expressed the opinion good progress is being made in obtaining the right-of-way. He said deeds for three miles of the desired land have been obtained and commitments for another six miles are in the hands of the Commissioners Court. He said about four miles are yet to be obtained from property owners.

The judge said the proposed U. S. Highway 80 will be a "super highway" when completed. He said plans call for the present two lanes to be used for east bound traffic. About 40 feet to the north another two lanes will be constructed for west bound traffic. A surfaced road also will be provided to the north of that to serve as an inlet for side roads.

Keith said the remaining right-of-way should be obtained during August.

Commissioner Sherwood O'Neal accompanied Judge Keith to the meeting.

Herschel Ebell announced the Bi-Regional Jaycee Meeting to be held in Odessa Saturday and Sunday. Riley Parr made an announcement concerning the Child Welfare Program in the Jaycees for the year.

Warning Issued On Shooting Dogs Here

The shooting of a dog here Wednesday night while it stood in its owner's yard Friday brought a stiff warning from Police Chief Jack Ellington to anyone else who has ideas of taking the law into his own hands.

Ellington warned, "The shooting of dogs in Midland is punishable by the full extent of the law. We have received several reports of dogs being shot in the last few weeks. It must be stopped."

Brannan Plan, Defeated In House, Goes To Senate

WASHINGTON—(P)—A crushing House defeat of its controversial farm plan set the Administration to work Friday on salvage operations in the Senate.

With a powerful combination of Democrats and Republicans in control, the House late Thursday voted 239 to 170 to kill a proposed "trial run" of the farm subsidy plan of Secretary of Agriculture Brannan on eggs, potatoes and wool.

The coalition was led by Representative Gore (D-Tenn), normally an Administration follower. It triumphed despite a plea from Speaker Rayburn (D-Texas) to give the plan a try.

Instead, the House voted 333 to 225 to continue for another year, 1950 to 1952, the rigid wartime farm price supports at 90 per cent of parity.

Friday Senator Elmer Thomas (D-Okla), chairman of the Senate Agriculture Committee, indicated he would support the plan.

Some other farm-minded senators forecast defeat for the plan in the Senate, too.

They said a possible Senate-House deadlock may toss the whole issue into next year's political campaign while a flexible farm-price support program, enacted last year, becomes law January 1.

Repeal of this law, even before it goes into effect, was another action voted by the House Thursday, this one without a record ballot. It would allow levels of government price supports to decline if surpluses developed, but would not require it.

Brannan's proposal was to allow market prices of milk, meats and other perishable foods to drop freely without support of government loans and purchases, and then keep farmers' incomes at fair levels by direct subsidies from the Treasury plus planting and marketing controls.

Wemple Retained In Highway Post

AUSTIN—(P)—Fred Wemple of Midland submitted his resignation as chairman of the Texas Highway Commission Thursday but was reappointed immediately by Gov. Allan Shivers.

"I appreciate Mr. Wemple's courtesy, but I certainly want him to stay on as chairman," Shivers said. "I told him I wanted to see the Highway Commission, under his chairmanship, continue its present sound and efficient policies that have resulted in one of the finest highway programs in the nation," the governor added.

Llano Constable Found Shot To Death

LLANO—(P)—Llano's constable and night watchman was found dead on the main street here at dawn Friday, a bullet hole in his right breast.

He was E. V. Casper, 68, constable for 27 years and night watchman for 14 years.

Tidelands Compromise Is Opposed

AUSTIN—(P)—The Texas School Land Board Friday objected unanimously on five main points to proposed compromise legislation on Tidelands.

The board agreed not to oppose the bill growing out of a recent Washington conference between House Speaker Sam Rayburn and representatives of Tidelands states "insofar as it affects other states which are satisfied with its terms."

The land board's jurisdiction is over public domain claimed by Texas, including offshore lands to the continental shelf.

Without directly revealing all the provisions of the proposed federal bill, the land board raised these objections:

"1. The bill does not vest ownership or title to any part of the property or minerals in the state.

"2. The bill treats Texas the same as all other coastal states, limiting its boundary and proposed rights of access to three miles, in spite of the fact that its gulfward boundaries have been fixed and defined at three leagues (10 1/2 miles) since Dec. 19, 1836.

"3. The right of the state to conduct by court action for seaward boundaries beyond three miles, and ownership of the lands and minerals therein, and the resulting exemption of such property from the act by a favorable court decision, is not clearly stated in the bill.

"4. The rights of the state to sand, gravel, shrimp, oysters and other marine life are not confirmed or vested by the bill.

"5. The bill does not provide for acceptance or approval by the Texas Legislature of the terms which require affirmative action by state officials."

The bill discussed at the Washington conference was submitted to the legislatures of Louisiana, California, Maryland and Texas, a resolution noted, and "the substance was agreeable to a majority of the states represented."

The resolution then set forth Texas' objections.

Attending the land board meeting were Gov. Allan Shivers, Attorney General Price Daniel and Land Commissioner Bascom Giles, chairman.

If the bill is introduced by other states, the resolution said, Texas should try to have it amended to include a special provision relating to Texas, "fully recognizing and respecting the rights of this state to the lands and resources within the original three leagues boundary in accordance with its annexation agreement, correcting the above objections."

Exchange Compromise
The resolution put the land board on record as compromising to the extent that Texas would receive half of all oil or other revenues from its original boundary to the continental shelf in exchange for an equal share of revenue from the part of the Tidelands within the original boundaries.

Texas, by an act of the Legislature, claims title to land beyond the original three leagues to the continental shelf—an average of 60 miles offshore.

Heroic Engineer Saves 150 Aboard Streamlined Train

MONTBELLO, CALIF.—(P)—A heroic engineer who brought his streamlined train through a seething wall of flames was near death Friday.

The driver of a gasoline truck hit by the train died Thursday night. He was Harry G. Heaton, of Bell, Calif.

The engineer, H. E. Byers, 55, Las Vegas, Nev., was credited by officials with saving some 150 passengers by staying at the controls and rolling the Union Pacific's "City of Los Angeles" through the flames, which roared several hundred feet high as the 700-gallon truck exploded.

Byers was burned critically on his arms and upper body.

Truman Will Ask Billion Plus For Use In 12 Months

WASHINGTON—(P)—Overwhelming Senate approval of the North Atlantic Treaty cleared the way Friday for President Truman's formal request that America help arm its European Allies.

This highly controversial plan calls for more than a billion dollars' worth of arms during the next 12 months.

Original plans called for the message to go to the Capitol Friday, but the White House announced it will be held up until Monday. Charles G. Ross, presidential secretary, said it is already prepared and the delay was decided on solely to suit the convenience of Senate leaders.

Ross denied the communication had been held up to write in atomic references in response to questions raised on the Senate floor as to whether the pact obligates this country to furnish atomic weapons to its new allies. He would not say whether there are any atomic references.

Vice President Barkley said after a cabinet meeting that the plan is to push the whole thing through Congress at this session, including an appropriation to finance it. He said he sees no reason why Congress cannot handle it and still go home by September 1.

The 20-year treaty won through ratification late Thursday by a vote of 82 to 18 after Administration leaders had given repeated assurances that senators who voted for the pact would not be obligated to vote for the arms bill. This means that now, in urging passage of the bill, the Administration apparently will not be able to use any suggestion of obligation as an argument for favorable action.

On its face the treaty is not a specific defense against any particular aggressor but its primary purpose is to provide security for the Western Hemisphere against any attack by Russia.

The 12 signers agree they will resist any attack on one as an attack on all. For the first time in history, the United States is joining with European nations in a military alliance.

All the member nations are to join together in developing, as soon as possible, a grand strategy of defense for the West.

Storrs by Senators Taft (R-Ohio), Wherry (R-Neb) and Watkins (R-Utah) to tack reservations to the treaty were defeated badly. The big majority of the Senate went along with Senators Connally (D-Texas) and Vandenberg (R-Mich). The 82 to 18 vote required for two-thirds approval.

Two Democrats and 11 Republicans voted against ratification. The Democrats were Senators Edwin J. Johnson (Ohio) and Taylor (Idaho).

The Republicans were Senators Cordon (Ore), Donnell (Mo), Flinders (Va), Jenner (Ind), Kern (Mo), Langer (ND), Malone (Nev), Taft, Watkins, Wherry and Young (ND).

Most of the arguments were whether the United States should state by reservation that in joining the treaty this nation was under no obligation to furnish arms, including atomic weapons, to other members. This was the gist of the Taft-Wherry-Watkins demand, which was rejected, 74 to 21.

Two other Watkins proposals were treated even rougher. One, defeated 84 to 11, would have declared the U. S. not obligated to defend the North Atlantic area without approval by Congress. Another, turned down 87 to 8, would deny that the treaty obligated Congress to declare war or use U. S. armed forces to defend a pact nation.

President Truman, having obtained Senate consent to the treaty in accordance with the Constitution, is expected to ratify the pact formally early next week by signing it. Only two other ratifications, those of France and The Netherlands, then will be needed to put the 12-nation alliance into force. These are expected by the State Department in about two weeks.

CIO Union Moves Toward Ford Strike

DETROIT—(P)—Final moves are underway to enable the CIO United Auto Workers to pull the Ford Motor Company production employees out on a wage strike.

Michigan's Labor Mediation Board is preparing for a secret strike poll of the 75,000 Ford workers in this state.

The UAW filed a 10-day strike notice with the mediation board Thursday, but said it would take no action until the vote was completed. That may require three weeks, Board Chairman Wood E. Fox said.

RADIO OFFICERS' STRIKE GANGES FLIGHTS

The strike, called Thursday, caused cancellation of all Europe-bound flights. The dispute involves insurance and overtime pay.

LATE NEWS FLASHES

WASHINGTON—(AP)—The Senate Labor Committee Friday voted unanimously to keep for another year the "52-20" program of unemployment benefits to veterans.

AUSTIN—(AP)—Curtailed of contracts for new work on the state's primary highway system will be necessary until additional funds become available, Highway Commission Chairman Fred Wemple announced Friday.

NEW YORK—(AP)—Henry A. Wallace said Friday he would wage an all-out fight against any arms program to implement the North Atlantic Pact.

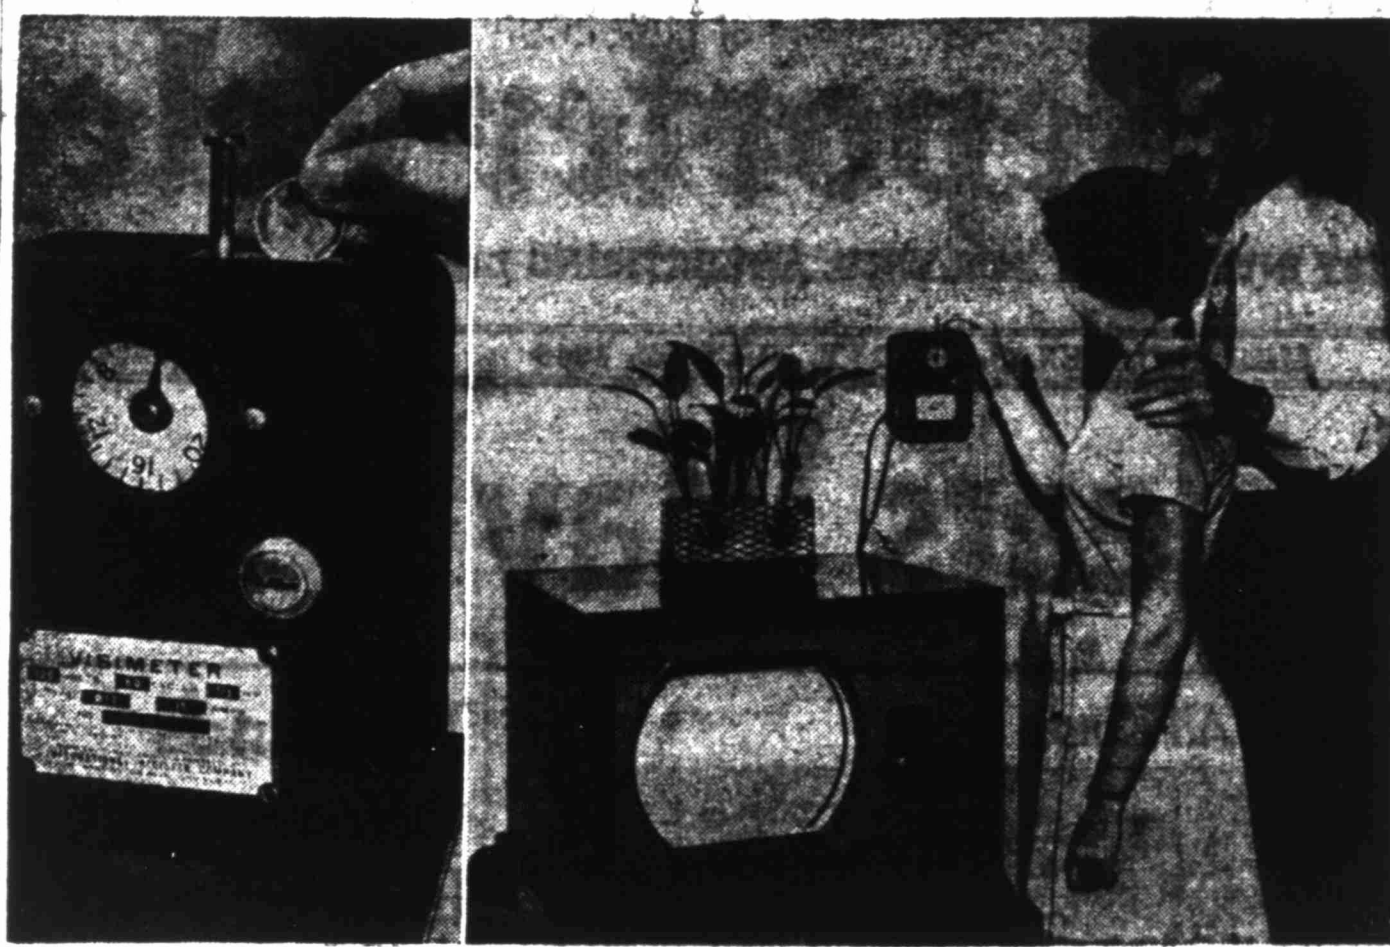

LOS ANGELES—(AP)—Sheriff's deputies Friday sought a mystery blonde who may have put the finger on Mickey Cohen in the attempted assassination of the filmland gambling czar.

Easing Of Drivers License Renewal Rules Announced

AUSTIN—State Police have made it easier to renew your lapel auto driver's license. Public Safety Director Homer Garrison Thursday announced a new temporary plan under which renewals will not require new examinations. A shortage of personnel in the license division was given as the reason. Garrison outlined these steps in the new procedure: First, if you have a license that was issued since Jan. 1, 1944, you may get a renewal by mail from the Department of Public Safety, without examination. Second, if you have a license that was issued prior to Jan. 1, 1944, you may renew by presenting the old license to a drivers license examiner in your locality and execute an original application. License in latter case will also be issued without examination. Formerly, those applicants for renewal who had allowed their licenses to expire were required to stand a re-examination.

Kerrville Minister Named Chairman Of Texas Youth Council

AUSTIN—Citizens who will try to work out a better deal for Texas' delinquent children were named to the newly-created Youth Development Council Thursday. Gov. Allan Shivers' appointment of six members included three who had served on the commission that made an 18-month study of youth problems. The commission's work resulted in legislation intended to give Texas a modern plan of dealing with children, including delinquency and its correction. They were the Rev. Walter Kerr of Kerrville, Methodist pastor, designated as chairman and member of the executive committee; Leslie Jackson of Dallas, lawyer and former dean of the Baylor University Law School; S. L. Bellamy of Houston, chief probation officer of Harris County. Also appointed were the Rt. Rev. Paul J. Ehinger of San Antonio, Lewis Nordyke, Amarillo newsmen and author, and Mrs. R. J. Turrittine of Denton, long active in Texas public affairs. She is chairman of the Board of Public Welfare.

Odd Job Lady Devises Own Color Career
By HAL BOYLE
NEW YORK—P—Mrs. M. M. Hohnacker is a real odd job lady. She earns a living turning her hair different colors—as many as eight to ten times a day. So far as she knows she is unique in her field. This chameleon-like existence is her own idea. She thought up the job of color rinse tester herself. Five years ago she went to work as a technician in the Nestle-Lemur Laboratory at Meriden, Conn., which manufactures hair rinses. She was assigned to help mix colors. Mrs. Hohnacker is something of a perfectionist. After a time she went to her boss and asked: "How can we be absolutely sure we are getting the right shade in each color when we're mixing chemicals? Why not test each vat of color rinse on real hair?" It was pointed out to her that if different models were used the varying texture of their hair would make it difficult for the laboratory experts to maintain exact color standards. "Then just use one girl," suggested Mrs. Hohnacker. "Well, I'll volunteer," she said hesitantly, hardly realizing what this would let her in for. Since then she has tested some 5,000 vats of color. In each case she applies the rinse to her hair, submits the results to the critical gaze of a chemist, shampoos out that color—and goes on to the next. When a color is imperfect the vat goes down the drain—300 gallons of it. Getting the color perfect is important, as an estimated 85 per cent of American women use a color rinse regularly or occasionally. There are about ten standard colors in the trade. Just A Guinea Pig Her work isn't without its social hazards. She has a habit of leaving on overnight the last color rinse tested during the day. But one afternoon something went wrong and she emerged from the hair dryer to find her tresses flaming green. "There wasn't time to do anything," she said. "I had to leave immediately for a dinner engagement. So I marched out, hoping it wouldn't be too noticeable." Shortly afterward, when she was at dinner, a man at the next table kept staring at her green hair. Then he held a policeman who came over and tactfully asked her if anything was wrong. "No, I'm just a guinea pig," said Mrs. Hohnacker. It took a little talking to her companions then to assure the policeman she wasn't a fugitive from a psychopathic ward. Fleury Mspiet who set up Montreal's first printing plant in 1778 was sponsored by Benjamin Franklin.

Convicted Murderer Is Shot To Death
RICHMOND, TEXAS—P—Jose Juarez, convicted murderer of the wife of a Texas prison farm sergeant, was shot to death Thursday in a cell in the Fort Bend County jail. Deputy sheriff Ray Owens said he shot Juarez when "he attacked me with a knife made from a spoon." Both he and Sheriff Rue Lincoln said Juarez attacked Owens about 4:30 p.m. as they prepared to move Juarez out of the cell. Juarez, a convict at Hazlem Prison Farm, was given a death sentence in district court here July 12. He was convicted of slaying Mrs. R. P. Stovall, wife of a guard at the farm, with a paring knife he used in kitchen work.

Schumate YWA Will Not Meet During August

The Margie Schumate Young Woman's Auxiliary of the First Baptist Church voted to discontinue regular meetings for the rest of the summer in a meeting in the home of Martha Jane Preston, 707 North Marienfield Street, Thursday night.

The next meeting will be held September 1. A nominating committee was appointed by Mrs. W. F. Chumney, president, to bring a report to the next meeting for officers for the coming year, who will be elected some time in September. Dorothy Raines, chairman of the committee, will be assisted by Jean Godfrey and Nellie Clark.

It was voted to devote the YWA Focus week, August 7-13, to visitation for the revival, which will be in progress August 7-21. Members will cooperate with the Training Union in these plans.

The theme of the program was "The Spread of Isms." Miss Preston discussed "Communism," "Nadine," "Spiritism," "Lola Farnsworth," "Russellism," "La Moynie Tabor," "Mormonism," and Miss Godfrey, "Christ Is The Answer To All."

Others present included Verla Lee Goins, Estelene Warren, Ruby Gilbert, Edith Collins, Artie Dwight, Mrs. Rollins Senter, Dorothy Routh, Wilda Drake and Mrs. J. S. Griffith, the sponsor.

Mrs. W. B. Preston and Seaman Apprentice Alma Ruth Streeter were visitors.

WE, THE WOMEN

One-Sided Divorce Decision Based On False Assumption

By KATH MILLETT
NEA Staff Writer

Here's a legal decision that ought to make the women of the county fighting mad.

It was handed down by a justice in New York County Family Court and it involved the matter of chastity before marriage.

The justice decided in a divorce case brought before him that a man is justified in leaving his wife when he discovers she had had an affair before marriage. Not only that, said his decision, but the woman is not even entitled to support. The case on trial involved a couple, both of whom admitted having had premarital experience. Yet the husband was allowed to divorce his wife for her misstep. His own practicality was condoned in the justice's explanation of the decision. Said he:

"It is taken for granted that at marriage the major number of men are not continent. Not so women—it is assumed the large percentage of women are pure."

Taken for granted by whom? Not by trusting girls who marry men who swear they've never loved another woman. Not by the girls who have stuck to a rigid, self-imposed moral code in order to be good enough for a man they need to believe is good enough for them.

May Be Assumed By Men
If it's taken for granted by anyone, it is by men who thought up the term "fallen woman" for a girl who doesn't wait for marriage and the "boys will be boys" phrase "sowing his wild oats" for a young man who also doesn't wait for marriage.

The justice who made the decision probably prides himself on the fact that he has been high-mindedly old-fashioned. Actually such a decision is old-fashioned

Program For Story Hour Is Announced

Party Loyalty

How much party regularity should an intelligent lawmaker in Congress be expected to demonstrate?

If he goes down the line for his party 100 per cent, critics may refer to him contemptuously as a "rubber stamp." On the other hand, if he pursues a wholly independent course he opens himself to charges of party disloyalty.

Is there any middle path that might permit him to recognize the realities of politics and still show some free-thinking statesmanship?

It is the fashion in some circles to dismiss party programs and platforms as worthless. Undoubtedly they have been on many occasions. But that doesn't mean they always are—or should be.

When the people elect a President or a Congress, they are voting for some sort of program, even if only vaguely. True, they often seem to pick a President because they trust him as a man, but implicit in such a choice is a belief he will produce a satisfactory program.

Political parties developed not merely to give the people a choice among men but clear alternatives in national policy. If a party means anything, it must be devoted to the attempt to carry out the policies it stands for.

Therefore, it seems entirely fitting that a definite measure of party regularity should be required of a lawmaker. How else can a President or a group of party leaders translate programs into law?

To achieve results, party chieftains naturally need a working majority in Congress. A President is stymied if the opposition holds the edge. The opposition then will try to enact its own program over his objections.

But if a President does have party numbers in his favor he can enact his policies so long as his party members in Congress remain loyal. As we have suggested, the question is how much loyalty they should offer.

The best plan we have seen for drawing the line on party regularity is this:

Let a party caucus decide what five or six proposals are crucial to the execution of its program. The leaders then would indicate that these "must" items and these alone were to be regarded as a test of party loyalty.

Failure to support them would place a lawmaker in peril of losing patronage and other party favors.

Other planks in the platform the congressman could support or oppose, as he wished. And he would likewise be a free agent in all lawmaking beyond the limits of his party's expressed program. His chief guides in that area would be his general political bent, his wisdom, his integrity and his special interests.

This system would tend to balance political responsibility against personal responsibility, and perhaps to make our parties more effective instruments for governing.

TVA Lends A Hand

Television finds itself in the odd position of lending a helping hand to its tottering older brother, radio.

About a year ago the FCC let loose a blast against radio's give-away shows, saying some are circular lotteries and probably ought to be barred from the air. An inquiry was begun and it produced many conflicting ideas.

But before the FCC could sift these notions, it had to turn full attention to television's growing pains. Now the agency seems too busy to get back to the give-away problem, so radio's biggest drawing card looks safe for a long while.

Safe, anyway, until some show takes up Fred Allen's suggestion that a prize-winner be left alone with a shovel for half an hour in the gold vaults at Fort Knox, Ky.

Pulling the shades down on a dark past makes it a lot easier to find a bright future.

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

(Copyright, 1949, By The Bell Syndicate, Inc.)

Drew Pearson says: White House threatens Congressman Shafer after he criticizes General Vaughn; Vaughn demoted a general when he offended friend; John Maragon of Kansas City was more important five per cent than James Hunt.

WASHINGTON—Early this week, Congressman Paul Shafer, Republican of Battle Creek, Mich., publicly urged that Gen. Harry Vaughn, military aide to the White House, be suspended. He charged that Vaughn was just as guilty as two other suspended generals who had unwarranted contacts with "five per cent lobbyists."

A few hours after making this statement, Congressman Shafer got a telephone call from a White House spokesman demanding that he "lay off." Shafer was reminded that unless he "piped down" on the Vaughn charges, he could expect no "favors" in his district from the White House.

Some even nastier, though indirect, threats were made to Shafer, coupled with a more friendly reminder that Shafer, Truman and Vaughn once had traveled to Port Sill, Okla., together when Truman was chairman of the Senate War Investigating Committee, and that Shafer had taken some nice pictures of Truman firing World War I artillery.

Whether this combination of White House cajolery and threats had any effect on Shafer is not known. But it is known that he shut up like a clam, declined to elaborate to the press on his charges against General Vaughn.

Vaughan and S.O.B. It is a safe prediction that similar threats and pressure will be brought against the Senate subcommittee now investigating "five per centers" James Hunt and his connections with Harry Vaughn. For whoever pries into the life of the president's loyal military aide is certain to be either privately repressed or publicly called an S.O.B.

Nevertheless, here are some unwholesome facts which Senate probers and the Army Department might scrutinize carefully.

First, there was excellent reason why Generals Walt and Feldman played close to Vaughn's friend, five per center James Hunt. For General Vaughn had demonstrated how he went to bat for his friends who got rebuffed by Army generals. He could and did influence their promotions and demotions.

Medical Knowledge 700 Years Ago Held Interesting Fallacies

By EDWIN F. JORDAN, M. D. Written for NEA Service

It is sometimes interesting to look backwards to see what kind of medical care patients of long ago received from the best which could be offered at the time.

There lived, probably about 1200 A. D., a physician known as Gilbertus Anglicus, or Gilbert of England, who was one of the leaders of his profession. Gilbertus wrote a book which preserved some of his views on the symptoms, diagnosis, and care of certain diseases.

Some of his observations or suggested treatments sound quite all right today; others, however, are hardly intelligible in the light of present knowledge. He said, for example, that the hair was a "dry fume" escaping from the body through the pores of the scalp and condensed by contact with the air into long, rod-like cylinders.

Many Views Wrong Diabetes he defined as an immoderate passage or attraction of urine from the liver to the kidneys and the passage through the kidneys as the result of a warm or dry distemperature of these organs. This, of course, doesn't make sense in the light of what we know today and also revealed a tremendous ignorance of anatomy.

Wounds of the nerves Gilbertus said should be treated with a dressing of earth, worms lightly beaten in a mortar and mixed with warm oil.

The views expressed by Gilbertus were among the best of his time, and we can only be thankful that patients today receive so much better treatment and that most diseases are so much better understood.

McKenney on Bridge

By WILLIAM E. MCKENNEY America's Card Authority Written for NEA Service

It is true that bridge is a scientific pastime, but it is not a game of perfection. Businessmen say the correct procedure in business is to buy an article and try to sell it at a profit. If it does not sell, take your loss quickly. Get as much of your money back as you can, so you can reinvest in a profitable article.

I. W. Simon, a resident buyer in New York, brought this point home in today's hand, which was played at the New York Bridge Whist Club. Six spades can be made easily because the queen of spades drops doubling.

When South bid four hearts, which he used as a mild slam try, he had no idea that his partner would pass. Too often when the

Bridge score table showing hands, dealer, and results.

dummy goes down and a player finds that his partner has bid the hand badly, he becomes so angry that he throws all of his profits away. But not today's dealer.

He won the opening lead of the king of clubs in dummy, played a small heart and finessed the ten, West winning with the jack. Hoping to shorten dummy's trump, West led the queen of clubs. However, declarer discarded a spade from dummy and ruffed in his own hand with the deuce of hearts.

A small diamond was played to the dummy's queen. East won with the ace and returned the six of diamonds which declarer won with the jack.

The ace of hearts was cashed and the third round of diamonds taken. A small spade was led and won with the ace. The king of spades was cashed, and now all that declarer had to do was to continue leading spades. There was nothing West could do except make his king of hearts.

North and South were in the wrong contract, nevertheless South displayed sound business judgment and made his contract of four hearts.

workers who have come since are the one, who are responsible for the improvement.

WASHINGTON COLUMN

German Diplomats Are Back For First Time Since War

By PETER EDSON NEA Washington Correspondent

WASHINGTON—The first "Advance Country Mission" from the new West German government quietly was brought into Washington last month. It consists of two men and a woman—Edward Schneider, Herr Bantzner and Gertrud Keller.

This marks the first step towards resumption of official diplomatic relations with the German people.

These relations were broken when Hitler's Germany declared war on the United States after Pearl Harbor's Hans Thomsen, German charge d'affaires in Washington, and his staff of 150 then were interned at White Sulphur Springs, W. Va., until arrangements could be made for their exchange with American diplomats caught in Berlin.

The three members of the new advance German mission were hand-picked for their jobs by U. S. Military Government and Marshall Plan officials in Germany. There was no secrecy about their coming. It just wasn't announced apparently through some concern that there might be an unfavorable reaction against resuming relations with Germany before the new German government was set up and the peace treaty signed.

First job of the new mission is to understudy operations of the Marshall Plan, as it relates to economic recovery of Western Germany. To that end, the three Germans are undergoing a training program arranged by the U. S. State Department, the Army and ECA.

The Germans temporarily have set up headquarters in a downtown Washington hotel, but they are looking for other office space. In the meantime they have been assigned desks in the Pentagon, U. S. Experience

Head of the German mission, Edward Schneider, a 53-year-old businessman with four years experience in the U. S. before the war. From 1924 to 1928 he was an accountant and personnel manager for Guranate Trust Company of Detroit.

Returning to Germany in 1929, Schneider became chief of finance for Opel Oil Company for seven years. Then he became chief of finance for Bittel and Sachs, ball bearing manufacturer in Schweinfurt. These Schweinfurt ball-bearing plants were particular targets for American and British strategic bombing missions during the war.

Since the end of the war, Schneider has been a trustee for the ball-bearing industry in the Schweinfurt area, working with the British-American Bismarck military government, and the ECA mission working on German economic recovery programs.

Second member of the advance German mission, Herr Bantzner, 50, is an agricultural economist and statistician. Since 1947 he has been on the staff of the Biologic Food and Agriculture Administration.

The third member, Gertrud Keller, a graduate economist, is serving as assistant to Schneider and as secretary of the mission.

A similar advance German mission has been assigned to OEEC—the Office of European Economic Cooperation—Paris headquarters for Marshall Plan operations in Europe, under Ambassador Averell Harriman.

Start Of Slow Process No schedules as yet have been announced for the arrival of other German officials in Washington or Paris, though eventually these mission staffs will be increased and other missions appointed. These developments will be the natural evolution in the long, slow process of turning over to the Germans the operation of their own government.

Gradually, as Germans can be trained of specific jobs, more and more responsibilities will be put on their shoulders.

In the American zone of Germany

and to a lesser extent in the British and French zones, practically all local government functions have been turned over to Germans.

Adoption of the new German constitution by German representatives of these three western zones paved the way for the first German "national" elections, now scheduled for August 14. They will choose members for the lower house of the Bundestag, which will be the chief law-making body. Upper house members will be chosen by the West German state governments. By law, the Bundestag must meet within 30 days after the elections at the capital in Bonn.

Eventually this provisional German government will have its own foreign office, its own diplomatic missions to other countries. There is a strong feeling among many American officials that because of Germany's importance to the whole Western European economy, German representatives should be admitted to full participation in all international conferences dealing with Europe's problems. Naming of the first German mission to Washington is a start in that direction.

Q—What is the estimated number of times a refrigerator is opened in a day?

A—The American housewife with a refrigerator opens it an average of 62 times a day, a manufacturer's research staff estimates.

Q—Does it injure a watch to turn its hands backward?

A—It is not harmful to a conventional watch to set the hands backward.

Q—Is Shinto, the ancient religion, a one-god religion?

A—Unlike the one-god religions of Christianity, Mohammedanism, and Judaism, Shinto has countless deities, including 8,000,000 nature gods. They range from the simplest objects of nature and everyday life, such as the family rice paddy to the "great heaven shining deity," or sun-goddess.

REFUGE

By Mildred Cram and Harwood White

THE STORY: Mrs. Everson, believing that an impending atomic war would see the end of the world, is being to "a place of safety" in a motor home with her two young girls, with her servant, and a companion. Mrs. Margaret Malone, a book lover on vacation, just learned that Mrs. Everson just decided to be "one of the survivors of the catastrophe. Convicted that Mrs. Everson is crazy, Mrs. Malone decided to run away. Mrs. Malone is a former nurse and a well-educated Philippine who is Mrs. Everson's neighbor at a sailing station near Honolulu.

She thought "I suppose I warned them. They'd think I was crazy. They'd give me the big Yankee razzberry."

Suddenly Mrs. Malone, against her conscience and against her strict determination, felt apart from these others. They weren't on their way, as she was, to a place of safety. They were traveling in ignorance of their fate, straight toward annihilation.

She thought "I suppose I warned them. They'd think I was crazy. They'd give me the big Yankee razzberry."

She stepped quickly back into the trailer, threw her coat and purse on her bed, and smoothing her hair with both palms went into the kitchen.

Over the voyagers in the two trailers hung a haunting, paralyzing idea: they might—just might—be witnessing the last few revolutions of the globe.

Employer Objections Halt Planned Talks On Hawaiian Dock Strike

HONOLULU—(AP)—Employer objections halted plans for peace talks on Hawaii's waterfront strike in Washington Friday.

The Senate Labor Committee had hoped this 53rd day of the tieup could mark the start of negotiations in the nation's capital for a settlement.

Senator Douglas (D-Ill) had proposed a down-to-brass-tacks session by Harry Bridges, president of the CIO Longshoremen and Warehousemen's Union to which Hawaii's 2,000 striking dockworkers belong; a representative of the islands' seven stevedoring firms; and Cyrus S. Ching, director of the U. S. conciliation service.

Bridges and his union said yesterday that the employers said no.

Father Sentenced To Prison For Rape Of Near-Infant Daughter

LOS ANGELES—(AP)—The brutal rape of his two and a half-year-old daughter has brought a prison term for Carl M. Hott, 28, a 220-pound boilermaker's helper.

Hott was convicted Thursday and sentenced to from one year to life in San Quentin Prison. Superior Judge Stanley Barnes heard a statement from Hott's wife, now in Keyser, W. Va.

"I don't think he should ever be let out in this world again. He has always been cruel and brutal to the children, to myself and to dumb animals," she said.

Hott admitted the morals offense against his daughter, Carol Elaine, while he was caring for her and her twin brother, Carl, in a trailer. The judge ordered him to undergo psychiatric treatment while in prison.

HUNDREDS ATTEND—Presbyterians Accept New Church In Special Service

The completely remodeled and enlarged sanctuary and new two-story educational building of the First Presbyterian Church of Midland were accepted by the congregation at a special worship service and open house Thursday night—49 years, one month and 24 days after the dedication of Midland's first Presbyterian Church building, May 27, 1900.

The first church was located at the corner of Wall and Big Spring Streets. The present site, purchased in 1936, is at West Texas and A Streets, where a modified modernistic building was erected in 1937. The church then had 100 members. The membership now is 875.

Hundreds of members and friends of the church attended the Thursday night event, overflowing the large sanctuary for the acceptance ceremony and service which preceded the open house.

Dr. R. Matthew Lynn is pastor of the church, having assumed the pastorate here in October, 1947.

Rev. Hopper Speaks

The Rev. Hubert Hopper, pastor of the First Presbyterian Church of McAllen, will be the guest speaker Monday noon at the meeting of the Kiwanis Club in the Crystal Ballroom of Hotel Scharbauer. Mr. Hopper formerly resided in Midland and was active in civic affairs here. He is a past president of the Midland Lions Club and the Midland Junior Chamber of Commerce.

Kiwanis Club officials, in announcing the special program, invited members of other civic and service clubs and others to attend the luncheon.

Spur Youth Named Top Future Farmer

DALLAS—(AP)—A boy with a yen for cotton, Reuben Waddel of Spur, is Texas' best farmer of high school age.

He was named Thursday night by the state convention of Future Farmers of America as the best winner of the Lone Star Farmer degree, the highest honor the state FFA can confer.

Joyce Surrat of Jefferson, Marion County, was chosen as the first sweetheart of the Texas FFA.

Warren Peek of Katy, Harris County, was chosen as the State FFA's nominee for the National Star American Farmer Award.

Winners of the state-wide chapter contests were units at Alpine, Clifton, Katy, Victoria and Nacogdoches.

WACO MAN LOSES LEG IN BOATING ACCIDENT

AUSTIN—(AP)—Harold H. Hicks, 21, of Waco tumbled from a motor boat into Lake Austin Thursday night and his right leg was cut off by the propeller of the 17-foot craft.

Hicks is in serious condition in an Austin hospital.

His wife, Goodson McKee of Waco, and two Austin men were in the boat when the accident happened.

BUSES ROLL AGAIN AS UNION ENDS WALKOUT

NEW YORK—(AP)—Buses were rolling again Friday after an eight-day strike on two major transit systems with a daily passenger load of 1,125,000.

Members of the CIO Transport Workers Union voted Thursday to end the strike.

CRANE—Mrs. W. M. Virdell has returned from Bowie where she underwent major surgery. She still is confined to her home but is improving.
Mrs. A. E. Galloway has returned from a trip to Dallas, Fort Worth and Corsicana. She was accompanied on the trip by Mrs. Georgiana Lewis and Mrs. Lula Scott, her grandmother and mother, respectively. They took Mrs. Lewis' son, T. E. Lewis to Dallas, where he is hospitalized in the Gaston Avenue Hospital.
While in Corsicana the group attended the funeral of Governor Beauford Jester.
Mr. and Mrs. Howard Morrison

and daughter, Maurine, of Odessa and Mr. and Mrs. O. C. Avent of Crane were recent guests in the Arnold Watkins home in Crane.
Mr. and Mrs. C. C. Hoenehs had recent guests including Mr. and Mrs. Lester Clark, sister of Mrs. Hoenehs, and E. F. Moore, brother, all of Odessa. Bill Smith of Midland also was a guest.
Mrs. J. L. Browning has returned after a six-weeks course at Sul Ross State Teachers College in Alpine and has as her guests, Mr. and Mrs. W. B. Bishop and children, Jennie Mae and Jay Dea, and Mrs. F. W. Belcher and Mrs. C. G. Carter of Stephenville. Mrs. Bishop is a sister of Mrs. Brown-

ing and the other women are close friends.
Mr. and Mrs. Virgil M. Keyes left Monday for Alpine where they will attend Sul Ross College for the six weeks.
Mrs. Mildred Cloud and sons, George and Roger, were recent guests in the J. L. Browning home in Crane. They now are living in Fort Worth.
WMO Meeting
The Rev. H. D. Christian taught the Bible study lesson at the meeting of the WMO of the First Baptist Church Tuesday. Those attending were: Mrs. R. B. Boothe and Chloe Boothe, Mrs. R. G. Taylor, Mrs. Vernon Hagler, Mrs. John

THE OLD FAMILY BIBLE
There are few who realize what an important part the old family Bible has played in American life and history.
It lay on the table in the living room or parlor, usually beside a large, shaded reading lamp, and was a ponderous volume, printed in large type and bound with heavy ornate covers.
In addition to the text, it contained a number of blank pages on which were inscribed the vital records of the family—births, deaths, and marriages.
In many families it was the custom of the head of the house to read a passage from the holy volume before the family dispersed for bed. It was regularly used for funerals, marriages, and the periodic visits of the minister.
The old family Bible has for generations set the moral and spiritual pace of America. It has inspired the faint-hearted, comforted the distressed, counseled the penitent. We cannot afford to lose its influence upon our lives.
Go to church on Sunday, and hear God's message from the Old Family Bible.

THE CHURCH FOR ALL... ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

TEXAS WHEAT ACREAGE IS CUT 22.5 PER CENT
WASHINGTON—(AP)—Texas was allotted a 22.5 per cent cut in wheat acreage for 1950 under a program setting the national planting goal at 68,944,099 acres.
The sharpest cut was about 35.5 per cent for Colorado—a state where much grass and pasture land was plowed up in recent years to help meet abnormal post-war overseas demands for wheat.
But that demand is declining, says Secretary of Agriculture Brannan, and there are dangers of troublesome surpluses.
The smallest cut for the 17 major producing states was 12.5 per cent for Indiana. Oklahoma's allotment was 20.5 per cent less than its 1949 acreage; that for Kansas 14.8 per cent less.

Those Yanks Again! Send Flies To Texas

COMMERCE, TEXAS — (AP) — Those dam Yankee flies are invading Texas. John Harwell of Marshall, biology student at East Texas State, caught several strange dragon flies at Springview Lake, near Mineola. He sent them to Cornell University, Ithaca, N. Y., for identification. They turned out to be a rare species never before reported as far south as Texas.

Crane County Gets Farm-Market Road

CRANE—John Davenport, administrative aide in the State Highway Department, has notified authorities of Crane County of the designation of a farm to market road to be built under the provisions of Senate Bill 287, passed by the 51st Legislature. Funds for building this road will become available in September. Plans now are underway here for it. The road will be from State Highway 51, 5.5 miles North of Crane; South and West to State Highway 51, 2.5 miles North of Crane. Crane County will be required to furnish right-of-way. Estimated cost of the road is \$43,000.

RESIDENCE FIRE

Midland firemen extinguished a blaze in the residence of John Dell at the corner of West Kentucky and Elm Streets about 3 p.m. Thursday. Damage was termed "considerable." Firemen said the fire apparently started from a hot water heater.

Daddy Ringtail And The Lazy Loafer

The Huffen Puffen is a friendly wolf. He lives there in the Great Forest—on up the Elephant Path from the very tall tree where Daddy Ringtail lives in his monkey house. One day he stopped to talk with Mugwump Monkey. After Mugwump and the Huffen had said a "happy day" to each other, the Huffen said: "Mugwump, old friend, old pal, your old friend the Huffen needs to talk with you, he does."

Mugwump listened. Said the Huffen: "I was talking to Old MacDonald, I was, and he said I was a lazy loafer, he did." Said Mugwump: "Was it Old MacDonald who has a farm?" The Huffen said yes and yes indeed it was Old MacDonald who

thought it was very wonderful until Mugwump explained that a job is work to do. That's when the Huffen said no and no indeed. He wasn't about to take a job if it meant work to do. He wasn't lazy, oh no. He just didn't like to work. Silly boy. But happy day! (Copyright 1949, General Features Corp.)

James Sweeps All Opponents As He Nabs Junior Title

Dilmus D. James, the talented golfer from Abilene, carried home the top prizes in every division of golf in Midland's junior competition this week. He finished the job Thursday by winning the Midland Country Club Junior Invitation Tournament crown. Arlyn Scott of Odessa was his finalist victim by a 3-2 score.

James started the whole thing when he fired a two-under-par 71 to lead the field in the Sectional Qualifying Round for the National Junior Championship Tournament Tuesday. Scott of Odessa, no slouch at this golfing proposition, went down in a hard-fought battle.

He came back to take medalist honors in the invitation event and bowl over Joe Ed Black and Graham Mackey to reach the final. Scott of Odessa, no slouch at this golfing proposition, went down in a hard-fought battle.

John Ward Wins

John Ward of Midland won the championship consolation with a 4 to 3 victory over Roane Puetz, also of Midland.

Rex Baxter, Jr. of Amarillo, son of Amarillo's Chamber of Commerce manager, finally came through to save his trip from being a complete loss. He beat Ted Kerr of Midland 7 to 5 to win the first flight.

Doyle Patton, Jr., whipped Paxton Howard, Jr., 2-1 for first flight consolation honors.

Thursday the second flight and second flight consolation did double duty compared to the other flights.

In the semi-finals, Donnie Koonce of Lamesa defeated Frank Green of Midland 5-4 and Buzzy Bray of Midland beat Bobby Presley of Midland 1-up.

The Lamesa better came back in the finals to nip Buzzy Bray 2-1 for the second flight crown.

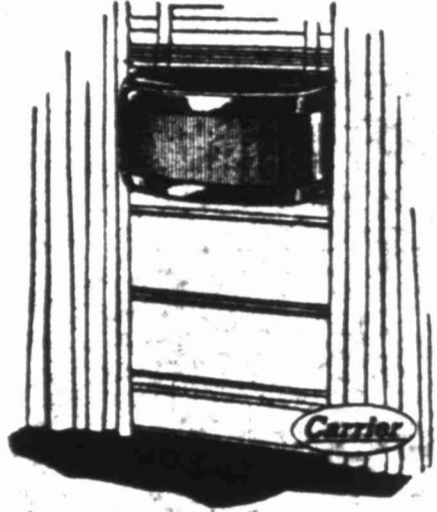

Patton vs Patton

Mike Patton beat Bill Dillard 9-8 for the right to meet his brother, Paul Patton, in the second flight consolation final. Paul won over Dickie McHargue by an identical 9-8 score in the semi-finals.

Mike got the best of things in the finals, however, winning 1-up over Paul.

All entries were honored at a hot dog supper at the Country Club following the tournament finals. Winners were recognized and awards were presented.

The invitation tournament was the last of major golf events for juniors here this season.

SPORTS SLANTS

by **SHORTY SHELburnE**

Manager Harold Webb of the Indians was to depart for Fort Worth following Thursday night's game to pick up Claude Horton, who will hurl the opener against Vernon Friday night.

Webb had a few things to announce and a few things to say just before departing.

He let it be known Julian Presley will be a permanent fixture at third base from now on unless Lou Dawson falls completely in the outfield.

Webb hopes the change will do Dawson enough good to bring him up to the expected standard by the time the playoffs roll around.

Dawson has taken a beating from the fans on several occasions in Indian Park. They seemed to forget he is just a rookie trying to learn the finer points of playing the game.

The squawking from the stands unnerved the youngster more than it appeared. He showed it plenty in the clubhouse following several games.

Webb also announced the release of Forrest Martin and the return of Marty Pilgamo to Longview.

Martin, a young hurler with promise, just doesn't have enough seasoning to help the Indians this year. He may be back next year if he shows enough improvement.

Marty Pilgamo is one of the greatest prospects ever to wear a Midland uniform, the way Webb looks at it.

The serious injury to his knee following on the injury to his back early in the season rendered him practically useless to the Indians in the last six weeks.

The only time Pilgamo was in the lineup for any length of time, he was a whiz in the field and dangerous at the plate. His coverage of centerfield and leftfield won't soon be forgotten by Midland fans.

Sports Slants shares the opinion Webb has of Marty. He is a major league prospect. He will go far if he can get his injuries cured permanently.

Pilgamo said before leaving he expects to return to his home in Boston for the remainder of the season.

In winding up his parting message, Webb served notice he is taking steps to keep the Indians from suffering the same fate as many think the New York Yankees suffered last season. That is, having the ball players keeping late hours and otherwise breaking training.

Webb says he already has discovered one pitcher who is paying more attention to his girl friends than he is his pitching. In fact, Webb thinks the hurler must be leaving his fast ball in the clubhouse every time he pitches.

Webb says training rules will be strict from now on. He even indicated he might hold back check if necessary to enforce the ruling.

To the group of Midland Indian fans in Oklahoma City who request same, here is the dope we have on Sam Van Hooser and Weldon Stewart.

Van Hooser recently was traded to the Lamesa Lobos of the West Texas-New Mexico League but so far has refused to sign with the new club. He is scheduled to sign a more permanent pact July 29, however, when he takes the leap into matrimony.

Weldon Stewart was sent to Borger for a 30-day look early this year but was returned at the end of the specified time. He has been placed on the restricted list by Harold Webb. We do not know where he is living at the present time.

When it was over we asked him how Longhorn League baseball compares to that in Greenville. He replied, "Your boys show more fire and hustle than the players in our league. The few errors they made in this game were overshadowed by their hustle." We have learned since writing this column that Manager Harold Webb suffered a heart attack late Thursday. He may not be able to go to Fort Worth. Nevertheless, his announcements written here still go for the most part.

Ernie Nelson Returns To Notch His Eleventh Win

The Midland Indians move to Vernon Friday night to open a two-game series with the Dusters. Claude Horton, veteran righthander, is scheduled to hurl the opener for Midland.

The Indians move to Big Spring for three games, opening Sunday.

Crafty Ernie Nelson, veteran lefthander of the Midland Indians, came out of a three-week retirement Thursday night to whip the Ballinger Cats 7 to 6 for his eleventh victory of the season. The win gave Midland the series, two games to one.

Nelson had been sidelined with a shoulder injury. The effects of the ailment didn't show up at all until the late innings and even then he was able to nip the Cats in time.

As usual, Ballinger scored first. A triple by Young and a single by Lorenzo gave them a one-run lead in the second.

The Indians took advantage of the "wildness" of Roberto Rodriguez to count one in the last of the second. Rodriguez walked three men in order to load the bags. He then shifted two but Bobby Rose worked him for another pair to force in Warren Sitter with the run.

Rodriguez Melted Out

Midland climbed on Rodriguez for two more in the third. Lou Dawson drew the sixth walk in three innings off the Cat hurler to open the Midland third. Sitter slashed a double to center to score Dawson. Gus Pena clouted another two-baser to count Sitter and chase Rodriguez.

Nelson, with a lot of help from both his infield and outfield, put the Cats down without damage until the eighth. Meanwhile, the Indians were packing away. They counted one on the fifth on a single by Julian Presley. Sitter, Buck Austin and Ben Dean Sheets. Julian Presley ran the score to 5-1 for Midland when he clouted his 21st home run of the season in the seventh. The pitcher was a Nelson lost his stuff momentarily in the eighth and Ballinger scored four runs to knot the score at 5-5. Manager Red Brown opened with a single, Carriel Nipp singled, Ballinger tripled and a Midland error helped them out.

Midland came back with two runs in the eighth to ice away the contest. Rose walked, Lou Dawson singled, Lanham home, Carriel Nipp fled to center to end the inning.

Stanley Hughes, even though he made two errors, deserves a lot of credit for his fine defensive work. Warren Sitter and Gus Pena also showed a work of hustle and played great defensive ball.

Bobby Rose was awarded a Bulova wrist watch from Hughes Jewelry for being voted the player of the week.

MAJOR LEAGUES—Cards, Bums Meet In Crucial Series

By JACK HAND
Associated Press Sports Writer

Erv Palica is hailed as "the new Casey" in Brooklyn, where the hard-pressed Dodgers Friday open a vital four-game series with the St. Louis Cardinals.

Day after day Palica is waved from the bullpen to save the skin of a regular Brooklyn starter just like Hugh Casey used to do. Erv worked in seven of the last 11 Dodger games, winning four and losing one.

Ironically he copped his seventh victory of the season Thursday because Casey, the old Brooklyn fireman, now with Pittsburgh, failed to stop a Dodger uprising. Luis Olmo nicked Casey for a same-winning "pinch" single that supplied Brooklyn's 7-6 edge over the Pirates.

The Dodgers really needed that win over the Pirates because the 3-1 Cardinal victory over Boston already was posted on the scoreboard. Now with a two and one-half game lead, they can't lose first place unless they blow the whole series.

Bobby Thomson led the New York Giants to their fourth straight win, three in a row over Cincinnati, with a pair of homers and a double. He drove in six runs in the Giants' 9-5 triumph.

Yanks Clip Tribes Again

The Phils' Hank Borowy turned back his old Chicago mates for the fifth time 6-4.

The New York Yankees took the rubber game of the Cleveland series 3-3, stretching their American League lead to five and one-half games.

With Roy Sievers hitting a grand slam homer, the St. Louis Browns scored 11 runs in the sixth inning of their 15-2 twilight decision over Philadelphia. They were nosed out in the second game 3-2.

Detroit slammed out 14 hits, including homers by Pat Mullin, Dick Wakefield and George Vio to whip Washington 6-3.

The Boston-Chicago game was rained out in the American League.

Down SPORTSLANE with TANNER LAINE

Sportslane appears again for a day in The Reporter-Telegram. We had a personal word for Harold Webb and the Midland Indians.

If you know Harold Webb—you know how he lives. He's a dynamo, round the clock. Every minute has 60 seconds for him and about that many uprisings and activities. The sportswriter who coined the term "fighting heart" must have known Webb.

It all adds up that the end of the active string comes somewhere. And Harold Webb may be near that end—at least on the diamond. We dare say he would never completely leave baseball. He has too much invested in it. And we mean more than dollars and cents. We are talking about things like heart and soul and love.

The most severe of Webb's critics, even Odessa's misinforming co-owner, and all the second guessers cannot deny the contribution to baseball this jolly, round-faced rasputin has made.

The list of what he has done for Midland and baseball is too long to review here. His greatest reward was when his boys won him a game. Because in so doing, they win honor for themselves and for the fans. Or is he greater pleased when he can help a kid along by giving that kid a baseball or a bat that's "slightly cracked?"

If Webb has completed his rich and full life in active baseball (as a participant), we wanted him to know there are many of us who cheered for him all the way. We never changed when we made mistakes. He was the skipper, we were his fans.

—SL—

To the Midland Indians of 1946, we would say: keep after 'em. Do your best whether Webb is directing or someone else is pinch-hitting for him.

You may think you are little orphans out there on some nights when you are getting the daylight licksed out of you. But not so! There are multiplied many of us Midland fans, who are with you—win, lose or when it rains.

Webb had just completed a workout for himself when he collapsed. He took a dril of catching because he figured he might have to fill in for Kenny Jones before the great little backstop returns to action after an appendectomy.

Day With Duties

Webb had quite a day with the medical profession Thursday. Before his collapse he had been examined and found to have a broken back. X-rays showed the old injury. He was given shots for this condition prior to going out to the field and working out.

There was wide speculation about Webb's future baseball activity after the Thursday incident.

Again, he was strongly advised—to take it easy.

Webb Collapses At Indian Park

Harold Webb collapsed at Indian Park Thursday afternoon.

He was rushed to medical attention and doctors had him on his feet quickly. But he did not suit out in uniform for Thursday night's ball game.

The skipper had been warned by his physician near the end of last season—to take it easy. His heart had been acting up.

He plunged right into the battle of baseball this season.

Scruggs, Pat Stanford and Jeff Williams.

First baseman Johnny Mize of the Giants was the veteran of the National League All-Star team this season. It was his ninth appearance in the dream game.

Longhorn League—Colt-Oiler Contest Is Wildest Scoring Marathon Of 1949

By The Associated Press
The San Angelo Colts scored 15 runs in the first inning and went on to wallop the Odessa Oilers 26-15 in the wildest game in the Longhorn League Thursday night.

The hectic first frame of the San Angelo-Odessa game took 50 minutes. The 15 runs came on nine hits, six walks and two Odessa errors. Four Odessa hurlers toiled on the mound during the frame.

Sweetwater downed league-leading Big Spring 7-5. The Swatters tallied four runs in the sixth and led the game on Bill Peeler's two-run double in the seventh.

Second-place Vernon defeated Rowell 10-6. Three Vernon runs in the seventh was the winning margin.

Third-place Midland edged Ballinger 7-6.

Three Teams Tie In Inverness Four-Ball Low-Scoring Start

TOLEDO, OHIO.—Fifteen of golf's finest professionals and one of the top amateurs teed off in two rounds of play Friday, locked in the lowest scoring duel in the 12-year history of the Inverness Invitational Four-Ball Tournament.

Only four points separated the top from the bottom as three teams tied for the lead with a plus two rating, one point ahead of the fourth place team as they squared off Friday morning.

Lloyd Mangrum of Chicago and Johnny Palmer of Baden, N. C., firing a record-equalling best ball of 50, eleven under par, were at plus two after their two-up victory over Bob Hamilton, former PGA champion, and Chick Harbert, Detroit, who were nine under regular figures with 62.

Also at plus two were Sam Snead, PGA Masters champion, and Dick Metz, who beat Dutch Harrison and Jim Turnesa, and Clayton Heafner and Skip Alexander, who came in with a two-up win over Jimmy Demaret and Frank Stranahan. Stranahan is the only amateur ever to play in this tournament. He is supplanting the injured Ben Hogan.

Freddy Haas and Dave Douglas, the long shots of the tournament, supplied the first surprise when they downed the heavily favored combine of the National Open champion, Dr. Cary Middlecoff, and Jim Ferrier one up.

Michigan State's track team this season won the ICAI triple crown—the cross-country, indoor and outdoor championships.

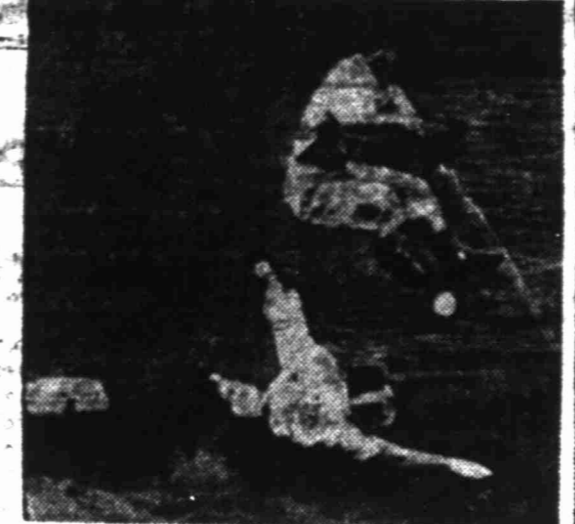

Blocking Is Good Strategy In Baseball, Too

When a baserunner sees he is out at second base nowadays, and there is a double play in sight, he doesn't slide for the bag. He throws a block on the shortstop or second baseman. There was a typical example of this in the fourth inning of the All-Star Game at Ebbets Field. Red Schoendienst was plainly forced at second, but slid into

Eddie Joost instead of the bag. The Athletics' shortstop leaped after setting the ball away, came down in front of the Cardinals' second baseman to find that his throw to the Senators' Eddie Robinson was too late to double the Dodgers' Pee Wee Reese. It's time to eliminate the rolling block from baseball.

It's time to eliminate the rolling block from baseball.

When Good Hitters Get Together

Ted Williams of the Red Sox and the Yankees' Joe DiMaggio have a good laugh. Perhaps they are thinking about the distance—or lack of it—to the right field fence and left field stands at Brooklyn's Ebbets Field, where they played in the All-Star Game.

Left-handed Pitchers In Major Leagues Have Changed Since Days Of Waddell, Gomez

By RALPH RODEN

NEW YORK.—Left-handed pitchers today are not living up to old tags of daffy, screwball and erratic.

Most of today's lefties are all business. There isn't a Rube Waddell or Lefty Gomez in the bunch.

On nine major league teams southpaws either are the top men or are tied for the club lead for most victories.

Six of the 14 pitchers who have won ten or more games are left-handers. Four of them, Howie Pollet of the Cardinals, Ken Heintzelman of the Phils, Alex Kellner of the Athletics and Mel Parnell of the Red Sox, have won 12 games. Only Vic Raschi, New York Yankee right-hander, has won more. Raschi tops the majors with 14 triumphs.

Parnell, Kellner, Heintzelman and Pollet are the top winners on their clubs.

Other lefties who lead their clubs in victories are Bill Wight, White Sox, nine; Ken Raffensberger, Reds,

nine; and Bill Werie and Cliff Chambers, Pirates, six.

Southpaw Warren Spahn is tied with right-hander Vern Bickford at 11 victories apiece for the leadership on the Boston Braves. Lefty Joe Ostrowski is deadlocked with Ned Garver for top honors on the St. Louis Browns at five wins each.

Brecheen, Newhouse Off

The left-handed brigade would be twice as powerful if such gents as Harry Brecheen of the Cards, Hal Newhouse of the Tigers and Gene Bearden of the Indians were living up to their past performances.

Newhouse has won ten games but hasn't gone the distance since June 29. Brecheen and Bearden, 20 game winners along with Newhouse last year, have won only six games.

Waddell and Gomez, with their antics on and off the field, provided plenty of laughs during their stay in the big time. Waddell was eccentric while Gomez always was ready with a gag. Both, however, were A-1 pitchers.

Waddell used to leave the athletics for periods of time and Connie Mack usually found him around a fire department, fishing, or leading a parade.

One of Gomez' best remembered stunts occurred in a world series against the Giants when he stepped off the mound in a tense game and watched the flight of an airplane.

Williams TKO's Enrique Bolanos In Fourth Stanza

By BOB MYERS
LOS ANGELES.—(P)—The championship dream of Mexico's Enrique Bolanos was shattered by a fourth-round technical knockout from the furious fists of Deadpan Ike Williams, but the result brought a quick charge of "foul" from the Latins' manager.

Bolanos went down and out before a fusillade of punches in the fourth round of their scheduled 15-round clash for the lightweight championship of the world Thursday night. Some 18,999 spectators paid \$108,274 to see the fierce beating, promoted for the benefit of the Lou Costello, Jr. Youth Foundation. Williams weighed 135 pounds and Bolanos 133.

Early Friday, George Parnassus, manager of the defeated challenger, said his boy had been "thumbed" in the eye and thus blinded by Williams, a charge which the champion quickly denied.

Referee Jack Dempsey, likewise, said he didn't see any foul play with the thumb. But Parnassus said he would take his accusation before the California Athletic Commission.

Bolanos Complains Early
It is no secret that Bolanos' left eye, trouble marked the beginning of the end. It started closing early in the third and was shut completely by the end of the round.

Parnassus said Bolanos complained as early as the first round that Williams was giving him "the thumb." Parnassus protested to Dempsey in the third, who relayed it to the referee.

Dr. R. J. Carreon, Jr., an eye specialist who looked at the damaged eye after the fight, said the injury was serious. The damage to the retina, he said, was such that it would have to be kept under observation for at least 10 days to prevent permanent damage.

The doctor commented that the bruise on the eyeball would have been difficult to inflict with a gloved fist.

Champion Ike started winging at the opening bell. He had the end in sight at the close of the third canto when Bolanos' left eye was shut tighter than a miser's purse.

Bolanos persuaded his corner to let him go out for the fourth. He tied on even terms for the first minute. But then the sky fell on him.

A withering left hook to Enrique's chin dropped him to both knees. He was up at nine, but Williams, with rocking blows to the head and body, sent him to the canvas again.

Referee Dempsey and Bolanos' handlers halted the proceedings simultaneously with 20 seconds left in the round.

Crane-Houston Go In Softball Series

SAN ANGELO.—The Crane Gulf team of Crane, winners of the Texas Softball League, will meet a softball team from Houston in a playoff series here Saturday night. The teams are scheduled to keep playing until one has registered two wins. First game will start at 7:30 p. m.

Red Denham, veteran hurler and the TSL strikeout leader, will pitch the opener for Crane.

RETURN FROM OKLAHOMA
Mr. and Mrs. J. A. Richardson and family have returned from a two week trip to Oklahoma. They visited relatives and friends in Tulsa, Oklahoma City and Shawnee. Richardson also did some fishing and hunting.

Shell Tries Western Plastic Friday Night

Only one game is scheduled in the Midland Softball League Friday night but it is important to both teams. Western Plastic, riding atop the standings with a full game lead over Standard and Joe's Gulf, takes on fourth-place Shell.

Shell has beaten some of the best teams in the league and could do it to the leaders.

The other game scheduled between Rotary Engineers and The Rendezvous has been postponed until next Thursday night.

Hutcheson Boosted For Supreme Court

FORT WORTH.—(P)—Seventy Fort Worth attorneys have asked President Truman to appoint Judge Joseph C. Hutcheson to the Supreme Court.

He is chief justice of the Fifth Circuit Court of Appeals. The court vacancy was created Tuesday by the death of Justice Frank Murphy.

ing County from the San Andre-Perman, to extend the Water Valley field one and one-quarter miles to the west and north.

The new exploration will be the joint operators No. 2 Clark. It will be 2,418 feet from east and 2,340 feet from south lines of section 6, block A, R. R. Wade survey.

It is slated to dig to 2,000 feet, using cable tools, unless it develops production before reaching that level.

Operations are to start by August 1.

York & Harper and Gibbins No. 1 Clark, 2,418 feet from east and 2,333 feet from north lines of section 6, block A, R. R. Wade survey, had tested for a daily production of 15 barrels of oil per day yielding from pay at 868-73 feet in the San Andre.

No formation water was developed. Pumping equipment is being installed to complete the extender. It has 7-inch casing cemented at 839 feet, with 25 sacks.

Cardinal Spellman Criticizes Mrs. FDR

NEW YORK—(AP)—Francis Cardinal Spellman Friday criticized Mrs. Franklin D. Roosevelt for her opposition to federal funds for parochial and private schools.

In a letter to the former first lady, the Catholic prelate said: "Your record of anti-Catholicism stands for all to see—a record which you yourself wrote on the pages of history which cannot be recalled—documents of discrimination unworthy of an American mother."

The cardinal's attack was based on articles written by Mrs. Roosevelt in her column, "My Day."

CREATING: You are hereby commanded to appear before the District Court in and for Midland County, Texas, in the Court House of Midland County, Texas, at or before 10 o'clock A. M., on the first Monday after the expiration of forty-two (42) days from the date of issuance of this citation, that is to say, at or before 10 o'clock A. M., on Monday, the 29th day of August, 1949, then and there to answer a petition filed in said court on the 14th day of July, 1949, in a suit numbered 3776 on the docket of said court, wherein Lupe Cadena and husband, Gabriel Cadena, are plaintiffs, and those persons are defendants who are first named in this citation and to whom it is directed, the nature of which suit is as follows:

Plaintiffs allege that plaintiff Lupe Cadena is the owner of the land, property, tenements and premises situated in Midland County, Texas, described as follows: to-wit: All of Lot 9, in Block 19, Original Town of Midland, according to the map or plat thereof recorded in Deed Records of Midland County, Texas, pages 232 and 233, Deed Records of Midland County, Texas. Such actions as will trespass to try title on the part of the plaintiffs for title and possession to the above described land and property, plaintiffs alleging title in plaintiff Lupe Cadena through peaceful, continuous and adverse possession under the 3, 5, 10 and 20 year statutes of limitation. The action is brought as well to try title as for damages in the sum of \$100.00.

Plaintiffs pray in said petition that they recover title and possession to and of the land and property hereinbefore specifically described, together with damages, costs of suit, and for further relief, general and special, as law in equity to which they may be entitled.

If this citation is not served within 90 days after date of issuance, it shall be returned unexecuted.

Issued this 14th day of July, 1949.

GIVEN UNDER MY HAND AND SEAL OF SAID COURT at office in Midland, Texas, this 14th day of July, 1949.

DIAMOND M Spread On South Indicated

South extension to Canyon-Pennsylvanian production in the Diamond M field of West-Central Scurry County has been indicated at Ellsworths Oil & Gas Company No. 4 L. M. Wilson, outpost to the field, 1,980 feet from west and 960 feet from south lines of section 183, block 97, H&TC survey.

The exploration topped the Canyon reef at 6,728 feet by Schlumberger survey. Drilling ahead to 6,769 feet, operator driller tested for one hour with packer at 6,730 feet and recovered 550 feet of clean oil. Gas reached the top 11 1/2 minutes after the tool was open.

A second test of the formation was run with the tool open one hour at 6,764-84 feet, showing gas in 24 minutes. Recovery was 740 feet of clean oil and 40 feet of oil cut drilling mud. The development probably will drill ahead before attempting completion.

Pecos Wildcat Sets Intermediate Casing

C. H. Murphy & Company No. 1 Ford, slated 5,500-foot wildcat in North Pecos County to test into the Ordovician, was bottomed at 2,845 feet in time and was waiting for plug to cure on 9 5/8 inch intermediate casing, before drilling deeper.

The casing was set at 2,844 feet with 450 sacks of cement.

The exploration is one and one-half miles south of the Abell-Silurian-Montoya field, and is 660 feet from south and west lines of the northeast quarter of section 3, block 3, H&TC survey.

OIL AND GAS LEASE

Notice is hereby given that the Commissioners' Court of Travis County, Texas, will receive sealed bids on Wednesday, August 3rd, 1949, at 10:30 o'clock A. M. at its office in the Courthouse for the leasing of approximately 16,800 acres of the Travis County School Land, situated in Throckmorton County, in the State of Texas, in tracts of approximately 320 acres each, together with therefor, for the production of oil and gas therefrom.

Bids will be received only on bidding forms adopted by said Commissioners' Court. Leases will be separately executed on the tracts, or portions thereof, which are bid on, which tracts are numbered 1 to 39, inclusive, as shown by plat thereof recorded in the County Clerk's office of Throckmorton County, Texas, and of Travis County, Texas, Tracts numbered 28, 33, 42, 52, 53, 54 and 55 under lease, and are not here-with offered.

Lease form as provided by law for the leasing of the University of Texas lands for the production of oil or gas therefrom, revised only to provide use of said form by said Commissioners' Court, will be used in the leasing of each numbered tract, or portion thereof, of said Travis County School Land.

All bids shall be accompanied by cash or certified check payable to Tom E. Johnson, County Judge of Travis County, Texas, in the amount of \$2,000.00, which shall be retained by Travis County, Texas, for the benefit of the Permanent School Fund of said county, in case of a successful bidder, or to be returned to the bidder if he fails to comply with his bid and accept lease or leases. All bids shall be addressed to Tom E. Johnson, County Judge of Travis County, Texas, and shall be marked "Sealed Bid-Oil and Gas Lease."

The Commissioners' Court reserves the right to reject any and all bids. Bidding forms, plats, forms of leases to be used, and any additional information needed, may be obtained, upon request, from the undersigned.

By order passed by the Commissioners' Court on July 9th, 1949.
