## Anderson Stakes Wildcat In Garza

P. W. Anderson of Midland, and associates will start in a few days on their No. 1-A TXL. Clyde Miller will test the upper Permian line. It is to be a 2,500-foot rotary wildcat, five miles southwest of Justiceburg, in the southeast sector of Garza County. Location is 440 feet from north and east lines of the Southeast quarter of section 41, block 6, H & GN survey.

## Midland Venture Low On Pegasus-Devonian

Magnolia Petroleum Company No. 2-30 Glass, South-Central Midland County exploration to about 13,300 feet to test into the Ellenburger, topped the Devonian at 11,220 feet, on an elevation of 2,853 feet. That makes it 107 feet low on the top of the Devonian to Magnolia No. 1-A TXL, discovery of the Pegasus multi-pay field. No. 2-30 Glass was only 25 feet low to the No. 1-A TXL on the top of the Pennsylvanian. It is drilling ahead below 11,226 feet in hard lime and chert. Informed sources say the project will have to drill to about 11,700 feet before it can be expected to find any possibilities of production in the Devonian. The venture is a long northeast outcrop to the Pegasus field opener, and 1,800 feet from west and 660 feet from south lines of section 30, block 40, TP survey, T-4-S.

## Magnolia To Flank Pegasus On South

Magnolia is to start operations in the near future at south operations in the Pegasus field of North-Central Upton County. The new prospector, Magnolia No. 1-B TXL, is slated to go at least 13,000 feet, to explore into the Ellenburger. It is located 1,990 feet from south and 660 feet from west lines of section 31, block 40, TP survey, T-4-S. That makes it one-half mile south and a little east of the same company's No. 1-A TXL, the discovery for production from the lower Permian, the Pennsylvanian, the Devonian and the Ellenburger to open the Pegasus field. It was completed only from the Ellenburger.

## Skelly To Test Nolan Pay Opener On Pump

Skelly Oil Company No. 1 Ater Ellenburger discovery in Northwest Nolan County, was rigging up pumping equipment, to complete as a producer and the opener of a new field. This venture, located five miles southwest of Roscoe, and 330 feet from north and 2,500 feet from west lines of section 87, block 23, TP survey, had a recovery of 285 barrels of oil, and 10 barrels of water, in 24 hours of swabbing on perforated section in the top of the Ellenburger at 7,997-7,110 feet. The section had been treated with 500 gallons of acid prior to the swabbing test. This venture drilled to 7,155 feet. It developed formation water between 7,120 feet and the total depth. Casing was cemented on bottom. The bottom water, which broke in on early tests, has apparently been eliminated by cement squeeze jobs below 7,124 feet.

## Faint Signs Made In Upton Devonian

Very faint signs of gas developed from the Devonian on a 45-minute drillstem test at Republic Natural Gas Company No. 1 Powell, wildcat two miles southeast of the Pegasus discovery in North-Central Upton County. The examination was taken at 11,675-790 feet, using a 3,000-foot water blanket. While the tool was open, a slight air blow held at the surface 24 minutes. Recovery was the water blanket, 12 feet of gas cut drilling mud. This prospector, 660 feet from north and west lines of section 44, block 40, T-4-S, TP survey, was drilling ahead.

## CSOC Skids Rig For New Hole In Crockett

Rig has been skidded 50 feet north and 20 feet west and a new hole spudded at Citrus Service Oil Company No. 1-B Shannon, Ellenburger wildcat in Northwest Crockett County. The old hole was junked on total depth of 330 feet, where a fishing job was encountered. Operator was unable to recover the fish. At the new derrick, 710 feet from south and 840 feet from west lines of section 40, block BB, TORR survey, hole was being made from 255 feet in time.

## Sprabery-Deep Well Set For Completion

After an extensive exploration through the Sprabery Permian pay section, Seaboard Oil Company of Delaware was to complete its No. 6-D Sprabery as the third producer in the Sprabery-Deep field of East-Central Dawson County. This project, 660 feet from south and east lines of section 38, block 34, T-N-S survey, was running Schlumberger survey on total depth of 7,234 feet, bottom of core hole. A string of seven-inch casing is (Continued On Page Nine)

## Senators Applaud Clark's Selection For High Tribunal

WASHINGTON—(AP)—President Truman's surprise choice of Attorney General Tom Clark for the Supreme Court and Senator J. Howard McGrath for attorney general gained general approval of senators Friday. Although the President told his news conference Thursday Clark and McGrath hadn't finally agreed to the shift, there seemed little doubt the two will accept. Clark, 49-year-old Texas lawyer, would fill the court place left vacant by the death of Associate Justice Frank Murphy.

## Alice Radio Man Shot; Killer Flees

ALICE, TEXAS—(AP)—W. H. (Bill) Mason, program director of radio station KBKI, was shot to death Friday. Mason, shot near the heart, crawled 50 yards for help following the shooting. Shot at 10:50 a. m., he died thirty minutes later at an Alice hospital. Clad in slacks, nothing more, she jumped into an ice delivery truck and almost caused the driver to wreck the vehicle. She was charged with disorderly conduct.

Officers were seeking a definite man in the shooting of the crusading radio executive. They said Mason drove to the industrial district of Alice on radio business. Officers seek slayer. He parked his car and got out. It was then another man shot him, officers said. The other man left the scene in a car. Mason crawled 50 yards to the front porch of the Alice Pipe and Supply Company. An ambulance was called. It took Mason to the hospital. Sheriff H. T. Sain, chief of Police George B. Clegg and Texas Ranger Ben Kruger immediately began a search for the killer. Mason was managing editor of the Alice Echo from 1947 until December of 1948, when he went to the radio station. He came to Alice from the San Antonio Light. At the hospital, it was reported that the bullet which killed Mason passed completely through his body.

## Hospital Will Have Memorial Record

Dr. John B. Thomas, president of the Midland Memorial Foundation, Friday said the new Midland Memorial Hospital will have a permanent "Memorial Record Book." In this book will be listed every contributor and donation to the hospital fund. "It will be kept in perpetuity in the hospital's permanent files," he said. "Many persons who signed pledges have not yet made their contributions," Dr. Thomas said. "This hospital is a community undertaking and surely everyone wishes to be recorded as having a part in its construction. More Friends Needed. "If you are in arrears on your obligation, won't you please now bring your pledge up to date? More funds are being required than had been contemplated originally, consequently more donations are solicited. Persons interested in memorializing rooms or other facilities are invited to ask for details and they will be assisted in making the most desirable selection. "It still is hoped that the hospital can be completed without being burdened with mortgage or debt."

## Troopers Raid Gambling House

New Jersey state troopers raided a secluded gambling casino in Maple Shade, N. J., Thursday, arrested 156 men and seized \$40,000 in cash. It was one of the biggest raids in the history of South New Jersey. Here, part of the 156 men arrested raise their hands on orders from the troopers.

## Acheson Testifies For Arms Program

Secretary of State Dean Acheson, left rear, testifies before the House Foreign Affairs Committee in Washington. He urged approval of President Truman's \$1,450,000,000 arms program. On Acheson's right is Rep. John Kee, chairman of the committee.

## Police Furnish Cooler To Put Chill On Georgia Gal's Tropical Heat Wave

ATLANTA—(AP)—The hot weather in Atlanta apparently was just too much for a 21-year-old girl Friday. Clad in slacks, nothing more, she jumped into an ice delivery truck and almost caused the driver to wreck the vehicle. She was charged with disorderly conduct.

## Testimony Of Beck Heard In Trial For Murder Of Patient

WICHITA FALLS—(AP)—David Beck, 40, charged with murder in the death of a mental patient at the Wichita Falls State Hospital, testified Friday. Beck, former attendant at the institution, gave his version of what happened immediately after Thomas H. Gibbons was admitted to the hospital. Gibbons, 47, a resident of Sulphur Springs, died 20 minutes after he was admitted last March 4. T. C. Saucier, another guard, has been convicted of murder in Gibbons' death, and given the death penalty. Beck testified that immediately after Gibbons was admitted he heard a struggle going on in the institution's reception room and went to the room and found Saucier and Gibbons engaged in a struggle. "I hit Gibbons three or four times with my fists," said Beck, "to break him loose from Saucier." Then Saucier asked him to get an electric shock machine to be used in subduing Gibbons and he went to a nearby office and phoned three wards trying to find the machine, Beck testified. After making the phone calls, he returned to the reception room and found Saucier with his hands around Gibbons' neck. "Turn him loose, Saucier, that's enough," Beck said he shouted to the attendant. Saucier released Gibbons and struck the patient twice on the side of the head, knocking him to the floor, Beck said. "Don't do that," he told Saucier again, Beck testified. But Saucier then went ahead and stomped Gibbons, Beck said. The state Thursday night rested its case against Beck.

## First Asphalt Laid In Paving Program

Brown and Root, Inc., paving contractors, Friday morning laid the first asphalt in Midland's current paving program. The asphalt was placed on Tennessee Street, and the work will progress to other streets in that area. Officials said the Tennessee Street paving will be completed and open to traffic this week. The prime coating of several streets was started early this week. The prime coat forms a seal and bond between the base and top of the paving. Brown and Root has the contract for the paving of approximately 130 blocks included in Group A of the city's 500-block paving program. A contract for Group B streets is expected to be let by the City Council August 23.

## Splinters Present Problem To Nudists

DENVER—(AP)—Early arrivals to the National Nudist Convention were busy Friday—sandpapering. Denver nudists thought they had things in pretty good shape until they took a second look at the 60 benches built for open air meetings. The benches had splinters. Some of the nudists put on their clothes and came in to Denver for sandpaper. Mountain View Drinking Water. For home delivery call J. B. Hanks, 3047—J.—(Adv.)

## Johnson, Defense Chiefs Tell Facts At House Hearing

WASHINGTON—(AP)—Secretary of Defense Johnson told Congress Friday that U. S. arms aid for friendly nations may have to be given for four or five years, at diminishing annual costs. He made the estimate before the House Foreign Affairs Committee. He set the pitch before that group for a chorus of backing from the military high command for President Truman's request for a one-year, \$1,450,000,000 program to help European nations arm themselves. Johnson emphasized that "no man can give you an answer" when asked by Representative Mansfield (D-Mont) for an estimate of the overall cost and duration of the proposed program, now projected on a one-year basis up to June 30, 1950. "Personally," he said, "I think that you'll find a program that may run four or five years." The costs should decrease each year, he said, as the nations receiving help improve their own ability to help themselves. Scheduled to follow Johnson on the stand were Gen. Omar N. Bradley, Army chief of staff, and others of the high command. That group, making up the joint chiefs of staff, was ready for a quick takeoff for Europe Friday afternoon after giving the committee their views. The joint chiefs are going abroad to discuss the arms program and general defense plans with European military chiefs.

## Shirley May Arrives For Channel Try

LONDON—(AP)—Blonde Shirley May France received a movie star's ovation Friday when she arrived to try to swim the English Channel. Flash bulbs popped and reporters surrounded the pretty, 16-year-old high school girl from Somerset, Mass., as she arrived at London's Waterloo Station for Southampton. "I have brought along four one-piece swimming suits to wear in training," she told newsmen, "but I will swim the channel nude. I probably won't even be wearing a suit when I enter the water." Shirley wore a mauve silk dress and a fawn coat with a fox collar. About her neck hung a piece of gilt and rhinestone jewelry which she called "my good luck charms." Accompanied by Father "I'll need it," she said. Shirley disembarked from the Liner Nieuw Amsterdam and came to London by boat train. Her advisers—including her father, J. Walter France—have not decided where she will train. They may go to Torquay, a Southwest seaside resort, or to Dover. Dover is the target of most channel swimmers, who start the long battle with the chill waters and the currents from Cap Gris Nez on the French side. Two rivals of Shirley now are training at Dover. They are Philip Mickman, 18-year-old English schoolboy, and Mrs. Willy Groes Van Rijssel of Holland. Both already have made unsuccessful tries this month.

## Officers Charged In Probe Of Hollywood Police-Vice Tie-Ups

LOS ANGELES—(AP)—Ex-Police Chief C. B. Horrall's vacation has been cut short. The big bluff chief, who stepped down a month ago because of "ill health," is on his way home from Montana to face a county grand jury indictment charging him with perjury. Four of his aides surrendered Thursday on similar charges. The indictments shared the limelight with the death of Mickey Cohen's henchman, Edward (Neddie) Herbert, one of the quartet shot in the ambush of the little gambling czar last week. "But before Cohen can leave for Herbert's funeral in New York he must get Superior Court permission to do so. He is under \$100,000 bond in the assault case which touched off the grand jury investigation into Police Department vice tie-ups with the underworld preying on Lush Hollywood. Perjury, Bribe-Taking. The inquiry led straight to Brenda Allen's bordello. After weeks of check-and-double checking, the jury Thursday charged Horrall, Assistant Chief Joseph P. Reed, Capt. Cecil Wisdom, Lt. Rudy Wellpott and Sgt. C. V. Jackson with not telling the whole truth before the investigating group. Morever, Wellpott and Jackson are accused of accepting five bribes from Call House Brenda. Thus far, Wellpott and Jackson contend they dealt with the Hollywood call house madam only to elicit information about narcotics traffic and other crimes in the movie colony.

## Truman Assured Foreign Aid Snarl To Be Untangled

WASHINGTON—(AP)—President Truman Friday got assurance that the snarl over foreign aid will be straightened out and some sort of bill will be brought back before the Senate. Secretary of the Interior Krug told reporters about it after a cabinet meeting at the White House. He said Vice President Barkley spent some time explaining "the mess on the ECA bill" to Truman. Barkley, Krug said, assured Truman the matter would be straightened out and some kind of measure brought out before nightfall Friday. "The job on the \$5,723,000,000 money measure for European recovery fell to the Senate Appropriations Committee, which got it back as the result of a technical tangle on the Senate floor."

## LATE NEWS FLASHES

WASHINGTON—(AP)—Chairman Vinson (D-Ga) of the House Armed Services Committee said Friday a \$613,000,000 military public works bill has been shelved until next year.

PARIS—(AP)—The upper house of the French Parliament ratified the Atlantic Pact 284-20 Friday. The treaty now goes to President Vincent Auriol for formal ratification.

MUNCIE, IND.—(AP)—The Muncie Board of Health Friday asked Mayor Lester Holloway to declare a "state of emergency" which would prohibit all public gatherings in an effort to check the spread of infantile paralysis.

BERLIN—(AP)—American and British Military Governments announced Friday the combined Berlin airlift will be reduced by gradual stages starting next Monday.

Deaths from effects of a late July heat wave mounted Friday, with at least 27 fatalities in Eastern cities. No immediate break in the hot and humid weather was in sight for the area. But some relief came to parts of the Midwest. A mass of fresh Canadian cool air moving southeastward brought lower temperatures into the Upper Mississippi and Missouri Valleys. It headed eastward into Michigan and the northern parts of Illinois and Indiana. But the outlook for further movement of the cool air into the sweltering East and South is not good, Federal Weather Bureau forecasters said. See the Autograph, world's finest dictation instrument. ### Okinawa Typhoon Damage Estimated At \$20,000,000

TOKYO.—Two of the Americans injured on Okinawa Saturday in a typhoon still are receiving hospital treatment, Far East Air Force Headquarters said Friday. They are Stephen, 3, and Julie, 5, children of Air Force Lieutenant Pat Brown. Their sister, Patty Joy, 7, was killed when their guest house collapsed in the storm. The other injured Americans—nine Air Force men and five Army enlisted men—have been released. A Filipino workman and 36 Okinawans were killed, and 236 Okinawans were injured in the typhoon. It caused an estimated \$30,000,000 damage to U. S. military installations. Except for the Brown children, no names of injured have been received here by General Headquarters of the Far East Command or the Air Force.

### Hollywood Joneses Lost Plenty To Keep Up With—O'Keefe

By ERSKINE JOHNSON  
NEA Staff Correspondent  
HOLLYWOOD—Sure, movie stars get terrific salaries.

But, oh, those taxes—and keeping up with the Joneses. All the Joneses get five-figure salaries in Hollywood and keeping up with 'em can become expensive. But it's part of the racket of being a movie star. It's a must, a legitimate business expense, yet not considered as such by Uncle Sam's income tax boys.

Dennis O'Keefe got me on the subject today because his big home in Beverly Hills is for sale. He doesn't need a big home any more. His stepdaughter has gone home to live with her father, the O'Keefe child is old enough now to get along without a nurse and besides, Mrs. O'Keefe's leg is ailing and she wants a one-story instead of a two-story home.

"But do you know what the Joneses of Hollywood are saying?" Dennis wailed. "They're saying the house is up for sale because I'm cutting down expenses, digging in, retrenching."

"I'm not retrenching, digging in or cutting expenses. I just want a smaller home." Dennis was hot. I kept him talking about keeping up with the Joneses in Hollywood. Fascinating subject. But first he wanted to put me straight:

"I'm not complaining. I make a good salary. But now it's a game with me to see if I can save \$2.50. I even add checks at drive-in restaurants. It's fun. Bar Means Broke.

There was the night Dennis was having fun in the bar the Mocoambo. Next day a friend called him and said:

"Dennis, next time you go to the Mocoambo or Ciro's you better get a table."

"Why?" asked Dennis. "I don't like to sit at a table." "Better get one anyway," said the friend. "Some studio people saw you in the bar and said, 'Dennis O'Keefe must be slipping. He's in the bar.' Guess he can't afford the cover charge in the dining room."

### Complete Information On Newly-Created Council For Delinquents Received Here

Full details of the newly-created Youth Development Council have been received by Mrs. Willie Harding, supervisor of the Midland County Child Welfare Unit.

Creation of the council was authorized in the passage of House Bill No. 705 by the 51st legislature and was signed into law by the governor on July 8, 1949.

The act has as its purpose the reforming of Texas system of dealing with juvenile delinquency. First meeting of the board was held at Austin last Wednesday.

Following are some of the most pertinent facts on the setup, as received by Mrs. Harding:

The purpose of the act is to develop the state's most precious resource, its children and youth, by creating a Youth Development Council, to coordinate the state's departments and facilities in helping all communities develop and strengthen all child services, and to administer the correctional facilities by providing a program of constructive training.

The council shall carry on a continuing study of the needs of all children in the state and seek to focus public attention on such major needs.

Also a duty of the council is to inquire into and make recommendations to the appropriate agencies on any matter affecting the care, welfare or behavior of children.

The council shall assist local authorities when so requested by the governing body to survey the needs of their youth and to aid in coordinating programs.

Also a duty of the council is the administering of diagnostic treatment and training, and supervisory facilities and services of the state for delinquent children committed to the state, and to manage and direct state training school facilities and for the creation of new facilities within the total appropriations provided by the Legislature.

The council shall succeed to and be vested with all rights, powers, duties, facilities, personnel records and appropriations for the care and custody of delinquent children now held by the Board of Control.

When any child is adjudged delinquent and the court does not release such child unconditionally, or place him on probation or in a suitable public or private institution or agency other than a state training school, the court shall commit him to the council, but may suspend the execution of the order.

When a child has been committed to the council, it shall, under rules established by it, examine and study him and investigate all pertinent circumstances of his life and behavior.

The council shall make periodic re-examination of all children within its control, except those on release under supervision or in foster homes.

Rules and regulations for the government of state schools for delinquent children shall be established by the council and it is to see that all education, work, training, discipline, recreation and other activities carried on in the schools and other facilities shall be to restore and build up the self respect and self reliance of the children and to qualify them for good citizenship and honorable employment.

It also shall be the duty to see that religious training is provided for the children under its jurisdiction.

Establishment and operation of additional treatment and training facilities shall be a duty of the council. This may include forestry or parks maintenance camps and boys' ranches.

The council may establish forestry or parks maintenance camps independently or in cooperation with the State Parks Board or with federal departments and officials in charge of national forests and parks within the state.

The council may, in cooperation with federal and state departments, provide for wages to the boys while housed in the camps.

### Excavation Reveals Old Tunnel Possibly Leading To Alamo

SAN ANTONIO.—Was there a tunnel leading to the Alamo? What appeared to be one to the Alamo Compound was discovered Thursday in excavating for the Menger Hotel addition, just a short distance from the historic shrine. Bits of earthenware and some bones also were discovered. The tunnel, although filled in with dirt and debris, was outlined clearly in the side of the excavation, approximately eight feet below ground. It runs almost due north under the Menger and toward the Alamo. Jason Dean, Jr., co-manager of the hotel, said the discovery supports theories that a tunnel once ran from La Villita into the Alamo. The first attack on the Alamo in 1836 came from the tunnel side, Dean said. The Menger Hotel was built in 1857, 21 years after the small band of men were killed by soldiers of General Santa Anna in the Texas Revolution. Their bodies were buried by the Mexican soldiers.

### AMERICA AT PLAY

VACATION! They've picked time and place, and they've planned and saved for months. That's the American way—the way of free choice—so familiar we take it for granted. A man picks his job, leaves it freely for a better one. He chooses the town he'll work in, the house where he'll live. He saves or spends as he wishes, with only his income and his wife to dictate to him. It's not that way everywhere. In some countries, the government puts a man in a city, a house, a job, with no choice in the matter. He can't quit, leave town or move around the corner without permission. If he gets a vacation, he is told where and when to go. The government runs everything, the people nothing. That's what happens when a free people turn over their responsibilities to their government. They also turn over their freedom of choice. Socialism is the result. How does Socialism happen? Not overnight. It is woven slowly, a thread at a time, into the bonds of slavery. Little by little the government assumes powers other than governing—until it finally assumes all power. In this country, the government has already entered the electric light and power business—and is aiming at medicine, steel, railroads, and other industries. That is how Socialism got its start in other countries. Talk to your friends and neighbors and see how they feel about this creeping Socialism that threatens your way of life.

## Music Hall Atmosphere, Able Cast Make "The Drunkard" Entertaining Stage Fare

Summer drama that is entertaining and different is offered in "The Drunkard," a melodrama done in the style of music halls of the 1850's, which was presented to an almost-capacity audience Thursday night in the first of six performances by the Midland Summer Mummies.

It will be repeated Friday and Saturday nights, then on Thursday, Friday and Saturday of next week in the American Legion Hall. The opening night was designated as "Shell Night" and employees of that oil company helped fill the hall to see a competent cast enact the "moral domestic drama," and the following olio divertissement.

Although the performance is howlingly funny, the humor is in its dated, hackneyed lines, which were written in all seriousness, and in the stilted expressions and gestures typical of the popular theater of the mid-nineteenth century.

**Drama Played Straight**

The Summer Mummies cast, directed by W. H. Pomeroy, Jr., played the melodrama seriously with only a few lapses into burlesque, as when Art Cole purposely muffed his lines and the prompter's arm extended from the wings with the script.

Just as they were written, the grandiloquent speeches and improbable situations are funny to modern audiences. Some of the heartiest laughs were for scenes which probably brought tears to the eyes of spectators at the play's early performances—when little Scotty Engel as the drunkard's child manfully urged his mother not to weep, and when Cole as the hapless drunkard emerged from a gutter or launched into reminiscences of family deathbed scenes.

Scenery made by the production cast especially for the play is in the theatrical style of the past century, and the music hall atmosphere is carried into the audience with seating arranged at tables where refreshments are available before and during the performance. Tables not reserved.

Hisses for Villain

Period touches include souvenir programs decorated with woodcuts of mustached gentlemen and ladies in bustles, bearing such notes as:

"Members of the audience are cautioned not to use cuspidors as foot-rests" and "Babes in arms are not admitted."

The play is the kind which invites boos and hisses for the villain, cheers and advice from the audience for the hero. Thursday night's audience supplied these without the self-consciousness which usually accompanies response to requests for boos and cheers. No requests are made concerning audience response to "The Drunkard;" the play naturally calls for it.

**Others In Cast**

Patricia Pryor has the feminine lead opposite Cole, and Norris Creath as the villainous lawyer complete with top hat and opera cape also has a major role. Lew Hoey as a stolid but heroic young farmer, Mrs. Charles E. Marsh, II, as his sister driven insane by the villain's machinations, Elizabeth Kimbrough as a spinster who is the only admirer of her own charms and Mrs. Francis B. King as the heroine's upright mother each contribute a characterization familiar to the melodramatic tradition.

Paxton Howard is playing a bit as a bar-keeper this week, and the same role will be taken next week by John Ed Cooper. Other bit players are Walter Beardsley, Ken Alplinger, Bill Adam, and Stan Shaeffer. Mary Williams is the pianist who supplies appropriate music through the play and accompanies young Engel for "Father, Dear Father, Come Home With Me Now," a song that won him a curtain call Thursday.

Songs of the same vintage were featured in the olio entertainment, with the can-can and other dances. The olio cast includes Becky Huff, Anne Speers, Scott Slaughter, John DeFord, Nadyne Griffin, Jane Kimbrough, M. O. Gibson, Liz Pennebaker, Mrs. C. E. Brusenhan, William Cobb and Toby Hillard.—S. C.

## Added Classes Are Arranged In Art Center

The enlargement of the Midland Art Center began Thursday night with the addition of Tuesday night ceramic classes to the regular schedule of the group. These classes will be held for the next month at 8 p.m. Tuesday evenings with Mrs. W. M. Thompson in charge.

Decision to begin these classes was made at an organizational meeting of the Art Center held in the Palette Club building which now houses the center. It was also decided at the meeting to have the regular art classes on Thursdays. These classes will be at the studio and will be during the day and in the evenings.

Those interested in landscape painting may meet with others at the studio before leaving to do their painting. A model for portrait painters will be provided each Thursday night and there will also be work in still life.

Anyone interested in any type of painting or in the ceramic classes is invited to come.

The Art Center is continuing its drive for new members with Mrs. H. L. Swords as chairman. The drive will continue into the month of September at which time the formal organization will take place. In the past the number and variety of classes will be increased and it is planned to bring an out-of-town teacher to the center.

## Rev. Pickens Leaves To Resume Studies

The Rev. Jim Pickens, who has been associate pastor of the First Methodist Church since June, 1948, will leave Monday on a trip to the East before returning to Southern Methodist University to complete his ministerial training.

He will visit in Philadelphia and New York and will go into Eastern Canada while in the East. On returning to SMU in the Fall, he will attend the Perkins School of Theology.

While in Midland, Pickens has, in connection with the duties of associate pastor, been the director of Christian Education. This post will be filled by Hughie Pressly. No associate pastor will be named for the remainder of this conference year.

## Card-Smith Nuptial Date Is Announced

PECOS—Nita Card, daughter of Mrs. Earl Card, will be married to David Allen Smith, son of Mr. and Mrs. Hollis Smith, August 13 at the First Baptist Church with the Rev. W. M. Turner officiating.

The engagement was announced recently at a breakfast given by Mrs. W. L. Card and Mrs. E. C. Card, Jr.

Miss Card attended Pecos schools and is employed in the law offices of Starley and Preston. Smith was graduated from El Paso High School and attended Texas Western College. He is employed at the Pecos Furniture Company.

## Rainbow Girls Will Hold Rummage Sale

Rainbow Girls of the Midland Assembly will conduct a rummage sale in the Benito Juarez Hall from 9 a. m. to 5 p. m. Saturday to raise funds for work of the new year which is beginning in the chapter.

Winter clothing will be featured in the sale, and contributions of usable garments for men, women and children are asked by the sponsoring organization. Members will be at KCRS studios until 6 p.m. Friday to receive contributions.

Peggy Whitson, worthy advisor of the chapter, has appointed Beverly Keisling as chairman of sale arrangements. Members of the Masonic and Eastern Star orders, which sponsor the Rainbow Assembly, will assist the girls with the sale.

## COUNTRY CLUB DANCE FOR JULY SCHEDULED

The regular monthly formal dance will be held at the Midland Country Club Saturday night. It will be held in connection with the golf tournament, and Jack Free's orchestra will play. This dance is for Country Club members and their out-of-city guests.

## Luncheon In Country Club Compliments Dorothy Turner

A luncheon in honor of Dorothy Turner, bride-elect of Clarence Scharbauer, Jr., was given by Mrs. Roy Parks, Sr. and Mrs. Roy Parks, Jr., Thursday in the Midland Country Club.

The wedding for the couple will be solemnized in Midland, August 27. Miss Turner is the daughter of Mr. and Mrs. Fred Turner, Jr., and Scharbauer, the son of Mrs. Clarence Scharbauer, Sr.

A motif of white was carried out in all of the decorations. Favors of handmade white wedding bells tied with lilies of the valley appointed the individual place settings. Place cards with a portrait of the wedding march and a silver bell handpainted on them marked the guests' places. The table was centered with an arrangement of white feverfew and Shasta daisies.

Soft background music of familiar love songs was played by the club organist, Onan Vaudell, during the luncheon. The hostess presented the honoree with a gift. Guest List Included

The guest list included Mrs. Scharbauer, mother of the prospective bridegroom, Mrs. Turner, mother of the honoree, Mrs. Essie Stafford, Mrs. George McEntire, Mrs. Evans Dunn, Mrs. Tom Sealy, Mrs. Nelson Puett, Frances Puett, Marylee Cowden, Elizabeth Ann Cowden, Norma Jean Hubbard, Dorothy Faye Holt, Emma Sue Cowden, Mrs. Al Cowden, Enid Wheeler, Shirley Cooper, Mrs. Gerald Nobles, Mrs. Alvin Bauman, Mrs. Joe Crump, Mrs. J. T. Butler, Mrs. Marvin Ulmer, Mrs. Lynn Dur-

ham, only sister of the honoree, Alma Faye Cowden and Betty McCain.

This is the second in a series of pre-nuptial courtesies to be extended to the bride-elect before the marriage, which will be of interest to persons all over West Texas. Both the bride-elect and the prospective bridegroom are members of prominent West Texas families.

True Liberalism

What does it mean to be a liberal? In the nineteenth century, liberalism meant a high degree of freedom from government restrictions in both the economic and political realms. It set the stage for the commercial and industrial growth that made over much of the world.

In the twentieth century, by an odd twist, liberalism seems to symbolize the very opposite tendencies: bigger government, more restrictions, less room for free choice. How can the term "liberalism" have any worth if it can be stretched to cover these extremes?

Let's wade into the confusion surrounding this sadly overworked term and see if we can't determine whether it still has any value. To have any continuing meaning, liberalism clearly must be defined in a manner that will make it adaptable to changing times and conditions.

To define it thus means to free it from any permanent association with a fixed pattern of ideas, whether social, economic or political. In other words, it can't be identified with a pat political doctrine, for political philosophies become outmoded and die.

Obviously, if liberalism means just the nineteenth century variety, it is practically dead today. If it means big government, it might wither away in some future time when trends perhaps veer in another direction.

Couldn't it be possible that liberalism is really an attitude, a way of thinking that shifts to meet the varying circumstances of an always changing society? But what sort of an attitude? The record of history suggests an answer. The men who have earned the liberal label seem to have had in common a bold willingness to experiment, to try the new, to shatter old frameworks in quest of solutions to pressing human problems.

By contrast, conservatives appear most often to search for answers within the existing structure of society. They may be no less concerned with solving human problems; they simply are pre-disposed to solve them without breaking new ground.

Little Waldo's Political Education

POP, WHAT'S A LIBERAL? WELL, SON, ACCORDING TO THE REACTIONARIES HE'S ONE WHO DISTRIBUTES LIBERALLY OF THE TAXPAYER'S MONEY TO ANY PRESSURE GROUP WHICH IS LOOKING FOR SOMETHING FOR NOTHING!

OH, HIM? THAT'S THE LABEL THE LIBERALS TACK ON THE GUYS WHO OPPOSE SUCH TENDENCIES!

The Washington Merry-Go-Round

(Copyright, 1949, By The Bell Syndicate, Inc.) Drew Pearson says: President's military aide champions company which used forged export licenses; General Vaughan's Black Eagle proposed German cigarette deal; Distilling ocean water might change western deserts.

WASHINGTON — No one begrudges the President of the United States a White House Jokester to relieve the strain of office, and Gen. "Happy" Harry Vaughan is not the first to hold such a job. FDR also had a military aide, General "Pa" Watson, whose great asset was a glib sense of humor.

However, "Pa" Watson didn't meddle in Army contracts and back-stage lobbying. Pa did put in his oar to get George Marshall appointed chief of staff, but on the whole he kept out of politics, and stuck to his chief function—relaxing the President of an evening.

General Vaughan, his successor, also has a contagious sense of humor which brings healthy relaxation to his chief. But the public has little conception of how deeply Truman's military aide has dabbled in things that have no business of his, and how powerful his influence has been in obtaining favors for interested parties.

Take, for instance, export licenses. These permits to ship U. S. goods abroad have not the remotest connection with the Army. They concern the Commerce Department, not the President's military aide. Yet last year, General Vaughan intervened in these matters which he knew nothing about to help the Crescent Trading Company which had been using forged export licenses.

The Crescent Company not only had been buying licenses, which is contrary to regulations, but was buying forged licenses. The Commerce Department caught it and started an investigation. However, General Vaughan, without investigating, wrote a letter on White House stationery, May 17, 1948, asking the Commerce Department to issue Crescent a license. Vaughan had never met the applicant or the company's responsibility.

In other words, favors were asked for the company, which had violated regulations as against companies which respected the law—thanks to the jovial, indiscriminating White House aide.

McKenney on Bridge

By WILLIAM E. MCKENNEY America's Card Authority Written for NEA Service

Years ago I read an article that left a deep impression on me. It was entitled "Burning Your Bridges Behind You." The article referred to a young fellow who started out in life with one profession in mind. Later he changed to something else, and later on, in his fifties, he switched again. It pointed out that so many people get entrenched in one job and are afraid to switch.

There was quite a group of us sitting around a table at the pre-view party given by Guy Lombardo at his new Long Island restaurant. Among those present was Tony Cazanovi, a chap who has not been afraid to build some new bridges during his life.

On the other hand, the wise old man figures that if he holds on to his job right up to the end, the period of public mourning which will accompany the transfer of power may put a brake on rebellion.

Diaz won the office last year in a hotly disputed election contest with Dr. Arnulfo Arias, former president who was forced out of office in 1941 because of alleged pro-Nazi sympathies. Arias' supporters still claim he actually received a majority of last year's votes, but the former candidate himself is now in jail for his part in the supposed Holy-week plot against the government, last March.

important isthmus republic has refused to resign or even to delegate more than limited powers — although he knows the full truth about his own condition. Reason is that Diaz knows just how potentially explosive the present situation in Panama is. He knows that if he relinquishes the presidency now, the republic's three vice presidents would not be able to prevent a revolution.

North America has suffered repeatedly in the past from yellow fever (also called yellow jack) which was brought in from the West Indies by ships. Between 1668 and 1821 there were about 20 epidemics in Philadelphia and seven in Baltimore. In 1788 an epidemic in Philadelphia took 4,044 lives and \$400 more in 1803. In 1805 there was an epidemic in New York with 608 deaths.

THE DOCTOR SAYS DDT Now Can Help Fight Once Dread Yellow Fever By EDWIN P. JORDAN, M. D. Written for NEA Service

THE STORY: A wealthy widow, Mrs. Everson, is feeling in two giant trailers from disaster. An atomic war, she believes, will end civilization. None of her party, consisting of her employees, her maid, the chauffeur, but her appeals to hurry heighten the fear that the catastrophe will happen soon.

THE DOCTOR ANSWERS By EDWIN P. JORDAN, M. D. QUESTION: Is a lump in the groin which gets larger and smaller a rupture? Could it be cancer? ANSWER: It is extremely unlikely to be cancer if it changes in size. It is impossible to tell from the description whether it is a rupture. It could be a lymph gland, since there are many lymph glands in the groin area.

WASHINGTON COLUMN

Reorganizing Government Won't Save U. S. 'Billions'

By PETER EDSON NEA Washington Correspondent

WASHINGTON—How much money is going to be saved for the taxpayer by reorganization of the federal government? There has been some loose mention of possible savings of from \$3,000,000,000 to \$4,000,000,000. These hopeful assurances have been made following publication of the score of reports by ex-President Hoover's Commission on Organization of the Executive Branch of Government.

Anyone interested in playing a little game of "Who Said That?" finds trouble in pinning down the answer. In one broadcast, Hoover did say he thought minimum savings of \$3,000,000,000 might be made. But nowhere in the reports of his commission and his task forces is it explained where these savings are coming from.

It has been generally understood that the biggest savings will be made through further reorganization of the armed services. Hoover has testified he thought savings of from \$1,000,000,000 to \$1,500,000,000 might be made here. The economies are expected to come through centralization of functions, elimination of duplication and waste.

CHARLES MCADAMS NAMED CADET FIRST LIEUTENANT CHARLESTON, S. C. — Cadet Charles Armstrong McAdams, formerly of Midland, Texas, has been appointed a cadet first lieutenant in Company I of the infantry ROTC unit at The Citadel, the Military College of South Carolina, effective September 18, when the fall quarter opens.

By MILDRED CRAM and HARWOOD WHITE REFUGE Copyright 1949 by NEA SERVICE, INC.

THE STORY: A wealthy widow, Mrs. Everson, is feeling in two giant trailers from disaster. An atomic war, she believes, will end civilization. None of her party, consisting of her employees, her maid, the chauffeur, but her appeals to hurry heighten the fear that the catastrophe will happen soon.

THE DOCTOR ANSWERS By EDWIN P. JORDAN, M. D. QUESTION: Is a lump in the groin which gets larger and smaller a rupture? Could it be cancer? ANSWER: It is extremely unlikely to be cancer if it changes in size. It is impossible to tell from the description whether it is a rupture. It could be a lymph gland, since there are many lymph glands in the groin area.

Social Situations SITUATION: You drop by to chat with a neighbor and find her hard at work. WRONG WAY: Sit down and tell her to go right ahead with her work. RIGHT WAY: Tell her you'll come back later.

Strength and durability are added to metals used in automobile shafts and levers by a process employing principles similar to those used to make safety glass stronger than ordinary window glass.

## Helping Hands

This little boy is practicing the best of all social traits as he reaches out a helping hand to his timid companion. As he grows older, he is apt to learn that cooperation and mutual helpfulness are the basis of human happiness and human progress.

People who live for themselves alone, who have no concern for the welfare of others, can never achieve life's highest purposes nor realize its fullest joys. These are reserved for the people who have helping hands.

The Bible teaches us to love our fellow-men, to share their burdens, enter into their joys and sorrows, and help them over the rough and difficult places of life. When we do this we emulate the character and spirit of God himself—the spirit of love and helpfulness.

Worshipful hearts and helping hands! These are the teachings of the Church—the precepts of God. The world would be much happier and much brighter if all of us would practice them.

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For the sake of his community and nation. (2) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

# SPORTSLANTS

BY SHORTY SHELburnE

We expected it. Sports Slants has received a letter from Red Roberts of the Optimist baseball team in answer to the one Copper Daugherty penned a day or two ago.

The letter covers a lot of ground and we presume—it covers the points Copper had reference to. Here it is:

"Dear Copper:  
After seeing your first workout I can hardly see how you would call that outfit a baseball team. You are in the wrong club. You definitely should be an Optimist for ever entertaining the idea that you could beat the Optimist Club.  
"As far as the rain and equipment are concerned, I had nothing to do with the weather and the equipment was yours for the asking.  
"I am glad to see you promised to show up for the game on August 9. Until I read your letter in SPORTS SLANTS, I had my doubts.  
"You mentioned the Trail Days. I believe the score on this game for your side will be about the same as that of the Trail Days Event—if you get what I mean."  
—SS—

Coach Tubgot Jones has notified us of a mistake in the football schedule released early this year before final drafting of same had been completed.

The game with Ysleta will be played at Ysleta September 9 instead of September 16.  
September 16 is an open date.  
Tubgot also announced the Bulldogs will play a 10-game schedule instead of an eight-game card, as had been planned.

The junior golfer who defeated Graham Mackey in the National Junior Championship Tournament in Washington, D. C. Wednesday is Ray Terry, 12-year-old son of Bill Terry, the former New York Giants first baseman.

The age is quoted as it was released by one of the major wire services. We hesitate to take it as correct but no change has showed.

# Favorites Survive First Round In Invitation Golf Tournament

## Second Round, Consolation Tiffs Are Underway Friday

Red Roden, the favorite in the Midland Country Club Invitation Tournament, continued to make way Thursday as he downed Dr. R. L. Spencer of Midland 3-2 in the first round of match play. Most of the other golfers considered for a chance at the title also stayed up.

W. W. Barker of Midland whipped Bobby Maxwell of Odessa 2-up to draw more attention as a tournament threat. Barker fired a 70 in the qualifying Wednesday, just one stroke back of Roden, who is the medalist.

Play was underway in the second round Friday and the first matches in consolation were scheduled. Semifinals will be played Saturday and the finals will be unreeled Sunday afternoon.

The tournament will tighten up considerably after Friday's matches. Some of the top-seeded players will start battling each other.

Dusters, Broncs, Cats Win; Oilers Sweep Bargain Bill

By The Associated Press  
The Vernon Dusters tightened their grip on second place in the Longhorn League by trouncing the third-place Midland Indians Thursday night 10-2.

Vernon trails first-place Big Spring by 13 games, while leading Midland by three games.

Big Spring edged Ballinger 8-7. San Angelo downed Sweetwater 14-4, and Odessa swept a double-header from Roswell 8-7 and 9-0 to take over fifth place in the standings. The loss dropped Roswell from fifth to sixth place.

Only 18 of the 38 players on the Spring roster of the Chicago White Sox are with the club.

**Hurdling Ends At 42**

Don Finlay, nearest camera, won this heat and the final to close an illustrious career by taking the 120-yard hurdles in Amateur Athletic Association's Championships at London's White City Stadium. The stout-hearted wing commander, now 42, fell after clearing the last hurdle in front of an Olympic Games best last summer. He plans to retire.

## Gives Up

Mrs. Willie Croes van Rijnse, a 30-year-old Dutch mother, gave up her attempt to swim the English Channel after spending 14 hours and 16 minutes in the water. Mrs. Van Rijnse chats with her trainer, E. H. Temme, who swam beside her as she started her attempt.

## Crane Takes Two Playoff Ball Games

CRANE—The Crane Golf Oilers, one of the state's top softball teams, bopped the potent Mackey Sporting Goods club of Abilene in both ends of a doubleheader Thursday night. Crane took the first tilt 2-0 and the second 3-1.

It was the initial go-round of the Shaughnessy playoff of the Texas Softball League. By eliminating the Abileneans, the Oilers gained the right to meet the winner of the Stamford-Lubbock series for the state championship. Lubbock meets Stamford at Stamford Friday and Saturday nights.

The scoring definitely was limited in Thursday night's tilt here. In the first setto, the Crane Oilers managed to put over two tallies in the third, but that was all for either team. Crane collected for five hits and made one error, while Abilene was held to three hits and made one error. Williams lined one to left field in the third inning to score Stewart, who had gotten on on an error, and Weeks, who had walked.

**Don Cherry Beaten In Fort Worth Tourney**  
FORT WORTH—(AP)—The Glen Garden Invitation Golf Tournament went into the second round Friday with only one upset on the books.

Billy Erfurth of San Antonio knocked out Don Cherry of Odessa 6 and 5.

Morris Williams, Jr., of Austin, the tournament medalist, beat Marion Pringer of Austin, one up in 19 holes.

## MAJOR LEAGUES—

### Cards Meet Bums In Crucial Series

By JACK HAND  
Associated Press Sports Writer

Bring on the Dodgers! That's the cry in St. Louis, where the sizzling Cards, on an eight-game winning streak, welcome another showdown with Brooklyn for the National League lead.

The Cards nudged the Brooks out of first place at Ebbets Field last weekend. They open a three-game series at Sportsman's Park Friday night with a game and a half lead. The park is sold out.

Howie Pollet draws the opening game assignment against Preacher Roe. The Cards warmed up for the Dodgers by smothering the Phillies Thursday 10-2.

Brooklyn drew hope from Ralph Branca's route-going job against the Chicago Cubs, 7-1, his first complete game and first victory since June 29.

The New York Giants again picked their heads into the first division, displacing the Phils, with an 8-6 edge over Pittsburgh.

Boston's Warren Spahn coasted to his twelfth win, beating Cincinnati 11-2.

Yanks Edge Tribe  
The dependable Allie Reynolds-Joe Page combination pitched the New York Yankees to a 3-2 decision over Cleveland.

Joe McCarthy's team lost a win Thursday when American League President Will Harridge ordered the Sox and Washington to complete a six-inning game of July 7. Boston led 3-3 when the game was called to permit the Sox to catch a train.

Tulsa bunched its runs in the first two innings, then withstood Beaumont's strong finish. Russ Burns had a two-run triple for the Oilers in the first and a two-run double in the second.

It took Port Worth just one hour and 39 minutes to beat Houston. Manager Bobby Bragan's two-run homer broke a 1-1 deadlock in the fourth inning and put the Cats on the downhill road. Dick Williams homered in the eighth.

The St. Louis Cardinals suffered 33 shutouts in 1908.

## Colleges Frown On Sports Czar, Tryouts

NEW CASTLE, N. H.—(AP)—Athletic commissioners governing more than 100 of the nation's colleges were on record Friday as opposed to a supreme national supervisor for intercollegiate sports.

The college sports czars voiced unanimous disapproval of a commissioner with the broad powers professional baseball has given A. B. "Happy" Chandler as the eleventh meeting of the National Association of Collegiate Commissioners closed Thursday.

Earlier, the commissioners pledged their assistance to the NCAA "Sanctity Code," designed to curb eligibility violations.

The college sports heads agreed with Victor O. Schmidt of the Pacific Coast Conference who declared, "There is a need for legislation by the NCAA against tryouts of prospective student athletes by colleges and subsidized trips to campuses by prospects."

"It is agreed," Schmidt said, "these practices tend unduly to place prospects under obligation to attend the colleges to which such trips are made."

## Dusters Smother Tribe Again, 10-2

The Midland Indians will try again to beat the Vernon Dusters in the final game of their three-game series in Indian Park Friday night. Starting time will be 8:15 p.m.

Claude Horton or Buck Austin will hurl for Midland. Darwin Charisco is the probable starter for Vernon.

The overworked, out-of-order Midland Indian pitching staff took another working over from the Vernon Dusters here Thursday night. The Dusters piled up a nine-run lead in the first four innings and coasted to an easy 10 to 2 victory, their second of the three-game series. Lefty Leon-Hayes who hurled six innings in relief Wednesday night, started the ill-fated contest Thursday.

His flipper just wouldn't stand the punishment. Vernon dusted him for 10 hits and eight runs in less than four frames. Fasten Pitches

Glenn Patton who pitched eight innings Wednesday night, relieved Hayes, but he was worn to a frazzle from over work and couldn't get his stuff on the ball. He gave up two hits and one run in less than an inning.

Ralph Blair relieved Patton and finished the contest. He hurled shutout ball until the ninth, when Vernon got its final tally.

Stanley Hughes and Lou Dawson carried all the weight for Midland. Hughes rapped out two hits in four trips and scored both of the Indian runs. Dawson went four for four, including a double.

Hughes singled in the first, advanced on a wild pitch and passed ball and scored on Siler's fly to center.

He doubled in the third and scored on Dawson's two-baser.

All other Indian threats failed to materialize.

## Midland's Swim Team Wins Meet

The Midland JayCee Swimming team, coached by Wade Whiteley, annexed the championship of the Odessa Invitation Swimming Tournament Thursday night by stacking up 129 points. El Paso finished second and Fort Stockton was third.

Odessa won fourth and Andrews, with only one entry, was fifth. Shirley Culbertson won an individual award for first place in the diving contest.

Marjell Heenan was high-point maker in the junior girls division and was awarded a medal. All teams in the Odessa meet will be joined by an estimated 10 more teams from throughout West Texas for the JayCee Invitation Swimming Tournament here Saturday, August 6.

El Paso, Fort Stockton, Odessa and Hobbs, N. M., have placed entries in the Midland tournament already. Confirmation from other cities is expected by August 2, the deadline for entering. The tourney will be held at the VFW Pool nine miles West of Midland. Preliminaries will be held at 10 a.m. on August 6 and the finals will be at 2:30 p.m. the same day.

## Rotary Engineers To Play Big Spring As Loop Tilts Cancelled

All regularly scheduled games in the Midland Softball League for Friday night have been postponed due to some teams being entered in the Andrews Invitation Softball Tournament.

The Rotary Engineers team will play the Big Spring Merchants in an exhibition contest at Wadley Field at 8:30 p.m.

Regular league play will resume Monday night.

## Texas Tech Exes Can Obtain Grid Season Tickets

Ex-students of Texas Tech in Midland have until August 10 to mail orders for the same reserved seat-location season football tickets possessed last year. Cost of these tickets for home games of the college at Lubbock is \$14.58 per ticket.

Exes desiring to purchase season tickets for the first time should contact Dick Storey at telephone number 310.

Homecoming game individual tickets will be the subject of a later announcement.

Reserved seat repeat orders go to: Morley Jennings, athletic director, Texas Tech Station, Lubbock.

## Exploratory Atomic Talks With Britain, Canada Are Planned

WASHINGTON—(AP)—A series of "exploratory" talks is being arranged to attack the controversial problem of what atomic information the United States should share with Britain and Canada.

President Truman announced Thursday the discussions would be aimed at setting up long range cooperation among the three World War II atomic partners in a couple of highly important fields:

(1) Exchange of scientific and technical information, and (2) supplying of raw materials.

The President's statement, delivered to his weekly news conference, noted that atomic arrangements made in January, 1946, with Britain and Canada are "limited in scope and duration." Now, he said, it is "necessary to consider the future."

One agreement, involving the sharing of the Belgian Congo's uranium supply, reportedly will expire within the next few months. The United States now is largely dependent upon the Congo and Canada for its supplies of uranium—material that makes the A-bomb work.

Truman's statement was his first public utterance on atomic energy since the ultra-secret Blair House conference July 14, at which the issue of sharing information first was discussed by top state, military, congressional and atomic leaders.

## Legislation Set To End Hawaiian Strike

HONOLULU—(AP)—Legislation to end Hawaii's 90-day dock strike by putting the territorial government in the stevedoring business Friday appeared set for enactment Saturday.

CIO Longshoremen countered with a call to spread the tieup to the Pacific Coast.

A special session of the Hawaiian Legislature came out of a closed session late Thursday with Senate-house agreement on what is believed a precedent-smashing bill: Government entrance into a strike-bound industry without seizing the measure.

The measure simply would empower the territory to start its own stevedoring business. Hiring of any of the 2,000 striking members of the International Longshoremen's and Warehousemen's Union would be prohibited. So would use of the union's "black list" of employees and equipment "unless necessary."

## COTTON

NEW YORK—(AP)—Friday noon cotton prices were 15 cents a bale higher to 10 cents lower than the previous close. October 29.75, December 29.69 and March 29.65.

## TRUMAN WILL SPEND WEEKEND IN MOUNTAINS

WASHINGTON—(AP)—President Truman will spend the weekend in "Shangri-La," presidential hideaway in the Catskill Mountains.

The White House announced that the President and members of his staff are driving to the retreat Friday afternoon and returning Sunday afternoon.

## JOB SCARCITY BOOMS MILITARY ENLISTMENTS

PITTSBURGH—(AP)—The military services Friday reported an enlistment boom is underway here. Army enlistments are up 400 per cent. Navy officials report a 200 per cent increase.

Recruits say a job scarcity is the reason they are joining up.

## Linderman, Hurt By Bull, To Ride Again At Cheyenne

CHEYENNE, WYO.—(AP)—Rodeo Veteran Bill Linderman was battered around by a Brahman bull Thursday but he was ready for action again Friday in the 53rd Cheyenne Frontier Days.

Linderman, star performer from Red Lodge, Mont., was crushed between the arena fence and the head of a charging bull ridden by Jim Shoulders of Tulsa, Okla.

After sedatives and X-ray examinations at a hospital, Linderman said he would compete Friday in the bareback bronc and saddle bronc riding events. Judges held up the payment of first go-round money for those events until Linderman finishes his ride.

The Brahman riders got their first swag of go-round money Thursday with Bill Bockman of Virginia Dale, Colo., pocketing the top \$438. Billy Weeks of Roy, N. M., collected \$322.50. Jim Shumaker, Piekens, Okla., \$215, and Harry Thompkins, Ardmore, Okla., \$107.50.

## Oil Curbback Chills Oklahoma Drilling

TULSA, OKLA.—(AP)—A five per cent cut in the August and September oil allowable was announced this week, chilling Oklahoma drilling activity.

Although the permitted production total will remain unchanged from July at 390,000 barrels, the five per cent curtailment is placed on present wells to take care of expected output by new discoveries.

Exploration and production faded promptly. Completions for the week were down to 73 from last week's 85. The Tulsa Week reported:

Included were 40 oilers, one gasser and 32 dry holes.

MacIntosh, a Scotsman, found that cloth could be made water-repellent by impregnating it with rubber, in 1823.

### July 3 Visitors Set Record At Carlsbad

CARLSBAD, N. M. —All records for the number of visitors going through the Carlsbad Caverns were broken on July 3, when 5,944 persons visited the famous site, Supt. D. S. Libbey said. Previous high day was Sept. 5, 1948, when 4,840 persons made up the tour, Libbey said. "We expect another record breaking crowd on Labor Day," Libbey admitted, "and already are making plans to handle the visitors."

The report was drafted by a 56-member "Committee of the South," organized as part of the Planning Association, which is a private organization devoted to planning in business, agriculture, labor and other fields.

### Daddy Ringtail

By WESLEY DAVIS

#### Daddy Ringtail And The Falling Star

Early one night, Daddy Ringtail was climbing along through the Great Forest with his monkey boys, hurrying home to the monkey house, there in the top of the very tall tree, right in the middle of the forest. At last they climbed up to the porch, but the night was so beautiful—they sat there a moment to look at the stars. "If you watch closely," Daddy Ringtail said, "maybe you will see a falling star." There were more stars in the sky than there were leaves in the forest. There were so many stars

that the monkey boys didn't know how one could fall without hitting the others. But Daddy Ringtail said, "Just look up at the sky. Whoever sees one must say 'there it is!' very quickly, before the star has fallen." "There it is!" said Sammy. "Where?" Bobby asked. "Where is it?" But the star was gone before Bobby ever saw it. "There it is!" said Daddy Ringtail, because he saw another star that was falling. "Where?" Bobby asked. "Where is it?" But that star was gone too, before Bobby ever saw it. "Daddy Ringtail," Bobby said, "please make a star fall for me." He was a very little monkey on the far away night—I am telling you about. "All right," the monkey daddy said. "Look right up there." And he pointed where Bobby should look. "There it is!" said Bobby. It

looks like somebody was striking a match across the sky!" And that's what the falling star really looked like. Then Daddy Ringtail took his monkey boys in the house before they asked him to make another star fall, because he wasn't sure he could do it again. But I'm sure that I can tell you about Daddy Ringtail and the Big Scissors, and I will do it Sunday. Happy day!

Helicopters And Parachutists Help Forest Service In Tremendous Job Of Fire-Fighting

WASHINGTON—(NEA)—The U. S. is prepared to meet this summer's forest fire threat through the air.

There are two aerial weapons against fires that blacken and destroy our forests—"smoke jumpers" and helicopters.

The U. S. Forest Service has been developing the technique of dropping men in parachutes to fight fires for 10 years. Its corps of 300 expertly trained men is always ready to be flown to practically any part of the country.

SMOKE JUMPER heads for blaze in Montana. Dangerous part of his mission is the fire, not the jump.

ready to be flown to practically any part of the country. They constitute one of the most efficient outfits of their kind in the world.

These smoke jumpers spearhead all of the paid and volunteer efforts which are marshalled when a big blaze is first discovered.

Oil And Gas Log—

(Continued From Page One) cemented at 6,511 feet in the top of the Sprberry sand.

The venture has shown considerable oil on drillem tests and has indicated production on cores through the horizon.

On the current bottom, operator ran a one-hour drillem test with packer at 7,234 feet, showing a very slight air blow for part of the period.

Coke Wildcat Makes No Shows In Strawn A formation thought to be Strawn-Pennsylvanian yielded no shows on a drillem test at Humble Oil & Refining Company No. 2 Saille Odum, et al, Northeast Coke County wildcat, 690 feet from southwest and 6,348 feet from southeast lines of Felix Sosa survey.

The test was for one hour at 5,269-5,300 feet, recovering 175 feet of drilling fluid. There were no signs of oil, gas or water. Drilling was continuing from 5,400 feet in sandy lime.

Pecos Valley Deep Test Makes Signs Fullerton Oil Company No. 1-D Kona, Ellenburger wildcat in the Pecos Valley area of North Pecos County, ran a two-hour and twenty-minute drillem test at 5,247-5,325 feet in basal Permian.

Gas came to the surface in 25 minutes, the volume of gas was not gauged or estimated. Recovery was 375 feet of very slightly oil and gas cut mud. No signs of formation water developed. Operator is to deepen to at least 8,000 feet.

Shell Spots Test On Benedum North Side Shell Oil Company, Inc., has started its No. 1-B Barnett, as a 12,000-foot Ellenburger exploration on the north side of the Benedum multiphase field of East-Central Upson County.

Drilling with rotary tools, will begin immediately. Drillem is 660 feet from south and west lines of section 3, block Y, GC&SF survey.

Strawn Dry In North Snyder Deep Wildcat Preparations were being made to core after drillem testing in low-lying Strawn-Pennsylvanian at Standard Oil Company of Texas No. 2-B Brown, Ellenburger wildcat on the north side of the North Snyder field in North-Central Scurry County, where production is from the Canyon lime of the Pennsylvanian.

Farmers Promised Parity Previews On Four Major Crops

WASHINGTON—(AP)—The Agriculture Department Friday will give Southern farmers a fair idea of levels at which the government will support prices of four of their major crops.

Those crops are cotton, cottonseed, peanuts and rice. The department has announced it will support prices of the crops at 90 per cent of their August 1 parity.

There is a price calculated to give farmers a fair purchasing power in relation to the cost of things they must buy.

A report to be released Friday afternoon will give the parity prices of farm products as of July 5. Usually there is little change in parity prices within a 15-day period.

Former New Dealer Urges Wage Hike For Steelworkers NEW YORK—(AP)—A one-time New Dealer economist Friday urged the steel industry as a highly profitable one that can easily afford to pay more money to its workers.

Robert R. Nathan, former War Production Board official, appeared as the third witness for the CIO United Steelworkers before the three-man panel named by President Truman to try to avert a steel strike.

### SIDE GLANCES

"I used to have a crush on Bing Crosby, too, but I finally had to add him to the list of fellows who stay married!"

### Tom Clark, Great Joiner, To Enter Most Exclusive Group

By JAMES MARLOW  
WASHINGTON—(AP)—Tom Clark's been doing all right, all his life. No rags-to-riches story, his. Father was a lawyer. He's a lawyer. Finished college, finished law school, practiced in Texas. Worked for the government 12 years. Been U. S. attorney general since 1945.

Big smile, quick handshake. Picture in the papers often. Wavy hair. Wears Texan hats, bow-ties. Has 150 of them. The ties, that is. Always tells visitors: "Come back and see me any time. The door is always open."

### Black, Slimy, But No Monster

MIAMI BEACH, Fla. —(AP)—Carol Kreig was swimming in the ocean Thursday when something big, black and slimy moved alongside her.

President's loyal to his loyal friends. Clark's been loyal. Stuck with the President when fair-weather friends ducked out last Fall, thinking political campaign was lost and Truman's eggs were cooked.

### Competition, Price Support, Synthetics Termed Cotton Woes

DALLAS —(AP)—Cotton men apparently have a nagging headache that stems from three causes: synthetics, competition in the world market, and price support and production.

Clark can't make it, though, unless Senate members approve. This seems a lead-pipe cinch. Senators said at once the nomination seemed all right to them; some said very good, excellent.

### Crane News

CRANE — A membership award plaque from the international organization was shown at a recent meeting of the Crane Lions Club. Discussion centered on a Crane Day celebration when a hospital, court-house and school buildings would be dedicated.

Going to be interesting, seeing what happens next Fall when court justices come back, sit down, start business, and Clark sits down as one of them.

### Mrs. Penn Leaves For State League Meet

Mrs. William Y. Penn of Midland, a vice president of the Texas League of Women Voters, was to leave Friday afternoon for Galveston, where she will attend a board meeting of the state association Saturday, Sunday and Monday.

Clark and Truman several years ago appointed another great friend, Fred Vinson, famous as pourer-of-look-and-trouble-water, to be the court's chief justice.

### Process For Drying Rice Is Announced

BATON ROUGE —(AP)—Louisiana State University has announced the beginning of research on a process to dry grain in a few seconds.

### Process For Drying Rice Is Announced

The experimenters will run rice under an electronic wave like that used in radar. The ray heats the rice internally, expelling moisture from the inside out and preventing cracking.

### We Repair ALL MAKES OF ELECTRICAL APPARATUS

Bring your toasters, waffle irons, irons, lamps, etc., to our shop at 183 N. Pecos.

### Process For Drying Rice Is Announced

The object of the research, the university said, is to determine what effect the process has on the product's vitamin content, starch, fat, germination and palatability.

### GIRL BORN IN WASHINGTON TO JEFF MONTGOMERY

Mr. and Mrs. Jeff Montgomery of Washington, D. C., former Midland residents, have announced the birth of a daughter on July 25. She is Bethany Rebecca and weighed seven pounds, 15 ounces.

### Process For Drying Rice Is Announced

Her seriousness in leading her squirming audience never deserts her. Her answer to the discipline problem is, "I just start talking and they keep quiet."

### Process For Drying Rice Is Announced

Every service ends with the distribution of religious literature and a "treat," a cold drink and cookies. Linda's church and some of the neighbors help her with the expenses.

### WE, THE WOMEN

Men Who Put Off Marriage May Wind Up Regretting It  
By RUTH MILLETT  
NEA Staff Writer  
Perhaps the men are learning what girls have always known. That if you put off marriage too long—the cream of the crop has already been skimmed off when you get around to looking for a mate.
