Midland City Manager Resigns

New Policies Suggested At City Hall

H. A. Thomason, city manager here since Jan. 1, 1948, resigned Thursday, effective October 1. His resignation was submitted in letters addressed to Mayor William B. Neely and City Councilmen Robert I. Dickey, S. M. Erskine, W. F. Hejl, H. E. Chiles and Frank N. Shriver.

Thomason's letter of resignation follows:

"In view of the existing recommendation in change of policy in the operation of the City of Midland, I hereby give you my resignation effective October 1, 1949.

"I consider these policy changes a lack of confidence in the administration and, to a certain extent, critical of the way we have been operating.

"I have enjoyed my work with you and the fine citizens of Midland and hope for you the best in the future administration of your city.

Resignation Accepted
The council at a special meeting Thursday afternoon accepted Thomason's resignation with regret.

The mayor said the recommended policy changes referred to by Thomason had been discussed by the council in executive session Tuesday night. He said his suggestions Wednesday were agreed and mailed to council members at their request, for further study. No action had been taken on the proposals offered by the mayor at the Tuesday meeting. The manager and city secretary, J. C. Bishman, joined in the discussion. Neely said Thomason came to Midland from Marshall, where he served three years as city manager. He previously had been city manager at Livingston 17 years. He is a former president of the Texas Association of City Managers. He is Midland's second city manager.

No Plans For Future
Thomason Thursday said he had no plans for the future other than to hunt down and rest for a while after his resignation becomes effective. He said he feels better than he has in a long time.

One of the best-known city managers in Texas, Thomason has been responsible for numerous improvements and expansion programs here during Midland's greatest period of growth and development. The city government was departmentalized completely by Thomason. Improvements in water and sewer programs have been carried on under his supervision. He also launched the 800-block paving program which now is underway here.

Thomason announced his resignation to department heads at a called meeting at 11 a. m. Thursday.

The recommended 13-point program for changing the city's policy was outlined by Mayor Neely Thursday.

"It is proposed that the following general policies be adopted by the council and carried into effect by the city manager:

1. That the city discontinue the practice of contracting capital improvements with city personnel and that contracts be let on a competitive basis for all additional capital improvements, except in the case of additions or extensions to existing facilities.

2. That the city discontinue the practice of contracting capital improvements with city personnel and that contracts be let on a competitive basis for all additional capital improvements, except in the case of additions or extensions to existing facilities.

3. That the city discontinue the practice of contracting capital improvements with city personnel and that contracts be let on a competitive basis for all additional capital improvements, except in the case of additions or extensions to existing facilities.

4. That the city discontinue the practice of contracting capital improvements with city personnel and that contracts be let on a competitive basis for all additional capital improvements, except in the case of additions or extensions to existing facilities.

5. That the city discontinue the practice of contracting capital improvements with city personnel and that contracts be let on a competitive basis for all additional capital improvements, except in the case of additions or extensions to existing facilities.

6. That the city discontinue the practice of contracting capital improvements with city personnel and that contracts be let on a competitive basis for all additional capital improvements, except in the case of additions or extensions to existing facilities.

7. That the city discontinue the practice of contracting capital improvements with city personnel and that contracts be let on a competitive basis for all additional capital improvements, except in the case of additions or extensions to existing facilities.

8. That the city discontinue the practice of contracting capital improvements with city personnel and that contracts be let on a competitive basis for all additional capital improvements, except in the case of additions or extensions to existing facilities.

9. That the city discontinue the practice of contracting capital improvements with city personnel and that contracts be let on a competitive basis for all additional capital improvements, except in the case of additions or extensions to existing facilities.

10. That the city discontinue the practice of contracting capital improvements with city personnel and that contracts be let on a competitive basis for all additional capital improvements, except in the case of additions or extensions to existing facilities.

11. That the city discontinue the practice of contracting capital improvements with city personnel and that contracts be let on a competitive basis for all additional capital improvements, except in the case of additions or extensions to existing facilities.

12. That the city discontinue the practice of contracting capital improvements with city personnel and that contracts be let on a competitive basis for all additional capital improvements, except in the case of additions or extensions to existing facilities.

13. That the city discontinue the practice of contracting capital improvements with city personnel and that contracts be let on a competitive basis for all additional capital improvements, except in the case of additions or extensions to existing facilities.

Truman To Keep Vaughan

WASHINGTON — (AP) — President Truman said Thursday he will keep Maj. Gen. Harry H. Vaughan as his Army aide.

That was just about all the comment Truman would make at a news conference about the Senate investigation of Vaughan's activities.

To other questions, Truman said he would not say whether he would resign since he received his letter of August 10, tendering his resignation. He delayed this acknowledgment of your letter of resignation in the hope that we could prevail upon you to continue.

The work of the commission and of each of its members has benefited the city immeasurably. Please convey to each member of the commission our appreciation for their work and their contribution to the city.

(Continued On Page 11)

WASHINGTON — (AP) — Drew Pearson testified Thursday that Maj. Gen. Harry H. Vaughan telephoned the Justice Department in 1946 "asking some intervention" in the income tax case of a New Orleans oil man.

Pearson identified the case as that of "W. T. Burton, New Orleans oil man," and a "very good friend of William Hella."

The columnist said Burton had been tried twice on income tax fraud charges, and on both occasions the jury failed to agree.

He testified that Burton subsequently was indicted and convicted of a charge of jury bribing.

"There was a lot of maneuvering to prevent his conviction," Pearson said.

to keep Vaughan as his military aide would amount to endorsing not only the "New Deal" and the "Fair Deal" but also "all of Harry Vaughan's deals."

Vaughan himself has indicated that one former White House aide (Continued On Page 11)

Planning Group Resigns

Mayor William B. Neely Thursday revealed that Midland's City Planning Commission had resigned.

Resignations of the members of the commission were received by the mayor more than two weeks ago. The group has served in an advisory capacity with the mayor, City Council and city officials for more than a year on all matters concerning master planning for the municipality.

These included the present paving program, drainage, sewerage disposal and other matters of concern to all citizens of the municipality.

The commission has worked closely with the municipal engineering firm of Koch & Fowler of Dallas, employed to work out a master plan for the City of Midland.

Friction has been rumored several times between the commission and the City Council over the commission's duties and functions and several closed door meetings have been held by the council. But the mayor's announcement Thursday was the first word of the resignations of all members of the planning group.

Appointed by Council
Members of the Planning Commission were appointed by the City Council. They were Fred T. Hogan, chairman; John P. Butler, vice chairman; H. Winston Hull, secretary; Frank A. Smith, Barney Greathouse, J. D. Hunter and Charles D. Vertess.

Chairman Hogan in his letter of resignation dated August 10, merely said: "I hereby resign from the Midland City Planning Commission, this resignation to take effect immediately."

Thursday Mayor Neely in a letter to Hogan thanking him for his "unflinching services." The mayor's letter read:

"I want you to know that the City of Midland is deeply appreciative of your plan commission and as chairman of the City Plan Commission and that all of us regret that you have found it necessary to resign.

"You have served the city as a councilman, as its mayor, as chairman of its plan commission and also as acting city manager. Few, if any, men have equalled your record of service. All of us who have had the privilege of working with you know how much we owe to you for your guidance and advice during the period when the city has experienced its greatest expansion and growth.

"As you know, the other members of the plan commission have resigned since we received your letter of August 10, tendering your resignation. We delayed this acknowledgment of your letter of resignation in the hope that we could prevail upon you to continue.

The work of the commission and of each of its members has benefited the city immeasurably. Please convey to each member of the commission our appreciation for their work and their contribution to the city.

Softball Nines To Play Baseball For Joan Edwards Fund

The hottest two rivals in West Texas softball circles are going to "get together"—in baseball—for the benefit of the Joan Edwards Recovery Fund.

This change of tactics will be staged by the Western Plastic and Gult Oilers teams in Indian Park at 8:15 p. m. next Wednesday.

But! Both teams are going all out to win. No holds are barred. Colonel Wright, the sheriff and chief of police are expected to be on hand to keep Leroy Henley of the Plastics and Joe Robertson of the Gult nine apart!

It's all in fun but a good ball game is promised. Harold Webb, skipper of the Midland Indians, is donating the complete use of Indian Park, including lights.

Figaro bands are expected to be popular but most are conventional in size—two and a half to two inches.

There are shades of light tan, gray, silver belly, green, silver tan and sea-tone. The Western boys hold pretty closely to the lighter colors, but the darker ones are in stock if you prefer.

There is a suede finish hat which you can sit upon without causing any wrinkles. It immediately springs back to its original shape.

Whatever the preference in size, color, style or cost it is stocked in Midland stores which extend invitations to "come in" for a preview.

Double-deck plastic coated Gennaco cards, with score pad and rule book, \$1.99, tax inc. Midland Drug Co.—(Adv.)

SURRENDER

PEARL HARBOR

10 YEARS LATER—War-Racked Berlin Still Capital Of World Hatred

BERLIN — (AP) — Grass grows on some of the war ruins of Berlin, but this is the capital of world hatred.

On the tenth anniversary of the bloodiest conflict in human history, which Adolf Hitler started and lost, people are trying fearfully to guess when the next war will break out.

The Russians are just tapering off their summer military maneuvers east of the Elbe. The Americans start a mock campaign with 110,000 troops in the West next week.

Germany, where the bloody conflict was spawned, now is a land divided.

This correspondent arrived in Europe in the Spring 10 years ago, when hopeful souls still talked of "peace in our time."

For the next six years millions of men fought with the most destructive weapons the world had ever known. Cities were ruined and people shattered throughout the continent and elsewhere in the world.

I watched a German Army march through Slovakia to the Polish frontier while Hitler's foreign minister, Joachim Von Ribbentrop, was packing to go to Moscow.

When Hitler's infamy was launched, I headed for Poland through (Continued On Page 11)

'Showering Around' In West Texas Area

It was "showering around" in West Texas Thursday.

Midland got morning sprinkles after strong winds and a trace of moisture Wednesday night.

The CAA communications station at Midland Air Terminal reported .63 of an inch of precipitation.

More moisture was in prospect from clouded skies at noon Thursday.

Oil pipe line companies reported Thursday morning: Raining at Andrews; heavy rain at Dal, N. M.; heavy rains at Hobbs, N. M.; rain at Wink; raining in the Dolarhide Field.

Ablene got an inch of rain during a wind storm Wednesday. San Angelo reported storms and rain that night. Sweetwater got two inches of rainfall from an afternoon deluge Wednesday.

There were some communications disruptions in West Texas. Thunderstorms were reported at Big Spring.

Ranchers here said: "Rain will be good. It can't help but benefit us."

TO MATCH COAT
About the only new departure in color is the new shade of maroon in men's dress felts, which no doubt will go well with the popular maroon corduroy sports coat.

Brown, it is agreed by haberdashers, will be the predominant color as usual for fall, with green making a bold bid.

Pastel shades no doubt will get a good play, merchants evidently think, as there is a goodly supply of these stocked.

Now for those who regard the hat as a leathome burden being toled on the head there is the extremely light weight felt which they said weighs exactly the same as a package of cigarettes, and they don't mean king-size.

TO BE POPULAR
Figaro bands are expected to be popular but most are conventional in size—two and a half to two inches.

\$5 To \$75—Scrap That Katy, Gents; Fall Felts To Shine Saturday

You can doff that old straw now. The new felts are on the shelves in Midland stores, fresh out of the boxes, for official "felt hat" day which is Saturday.

The accent this year is on quality, rather than any startling change in styles. And hats are getting back down to earth where price is concerned.

That \$5 felt which became a very scarce item during and after the war, is back on the shelves in most stores, but in case you are in a more expensive mood there are others available to \$75.

The \$75 jobs are in the Western hat which is guaranteed to last through many a roundup and is fancy enough even to wear to the Fort Worth Fat Stock Show for those who care to range that far.

Devonian Thins For C-S Midland Project

Magnolia Petroleum Company No. 2-30 Glass, Central-South Midland County flanker to the Pegasus field picked up an ideal structural position between the top of the Devonian and the top of the Fusselman section of the Silurian.

It called the top of the Fusselman at 11,900 feet, on an elevation of 2,900 feet. The top of the Devonian at that marker to the same company's No. 1-A TXL, the discovery for Ellenburger production to open the Pegasus-Ellenburger field.

No. 2-30 Glass had reached 12,000 feet and was boring deeper in the lime.

Low To Pegasus Opener
This northeast stepout from the Pegasus opened under 11,771 feet in the No. 1-A TXL on the top of the Devonian. That difference had originally been reported to be 107 feet low—but an electric log corrected it to be 87 feet low.

Magnolia Petroleum Company No. 2-30 Glass has shown for flowing production from the Pennsylvania and has also indicated it probably will make an all well in the Devonian.

Informed sources say it should make a good producer from the Ellenburger when that horizon is reached.

It is 1,300 feet from west and 600 feet from south lines of section 30, block 40, TP survey, T-4-S, Magnolia 1-30 Glass, south-west flanker to the Pegasus discovery, and 1,300 feet from north and 600 feet from east lines of section 30, block 41, TP survey, T-4-S, had progressed under 11,771 feet in Devonian lime and chert, and was digging deeper.

High school students in the Greenwood District will attend school in Midland. The Greenwood School includes grades one through eight.

Preparations have been completed for the opening of school at Greenwood Tuesday.

Faculty Members Meet Thursday

A general faculty meeting of all teachers and department heads of the various schools of the city was held Thursday morning.

Delbert Downing, manager of the Chamber of Commerce, and George Abell, president of the school board, were speakers.

A second session was scheduled Thursday afternoon for the faculty members as they entered the second day of the second annual pre-session conferences.

Friday a meeting to discuss administrative procedures is scheduled for school directors.

Sponsor Objects To Canned Hope, Soap

LOS ANGELES — (AP) — Bob Hope's sponsor wants the comedian to keep alive on his radio program, apparently figuring that Hope and soap don't sell well in cans.

Ever Brothers Company asked court confirmation Wednesday of an arbitration decision that under his contract Hope must do his broadcasts in person, not by transcription.

Hope's eight-year contract ranges from \$20,000 to \$25,000 per program.

The word, meander, comes from the winding Meander River of Western Asia Minor.

'New' Joan Caulfield Lands Curvaceous Petty Girl Role

By ERSKINE JOHNSON NEA Staff Correspondent

HOLLYWOOD—Miss Joan Caulfield was wearing a plunging neckline clear down to see level, a smug expression and a new title, "The Petty Girl," she announced.

"It's the new Joan Caulfield," she announced. "I liked the old Joan Caulfield but Joan said she didn't."

"Too dull and too sweet," she said. "On the screen that is," she added, hastily. "Someone had to be lady-like at Paramount and I was it."

But now, Joan said, things will be different. She's going to take off that halo and most of her clothes for the role of the model with the interesting curves in Columbia's "The Petty Girl."

"Isn't it wonderful?" Joan sighed again. "Whenever I got into shorts at Paramount I was playing tennis like mad with my muscles showing. I guess I had about as much sex appeal as Fred Allen."

The script of "The Petty Girl" sounds like just a big plot to undress the lady. She wears 12 different model bathing suits, does a modified strip tease at a formal reception, climbs in and out of filmy night gowns and is trapped in a night club raid wearing only her lingerie.

All this happens to sweet little Joan Caulfield, who frowned on leg art and chesecake when she first arrived in Hollywood five-and-a-half years ago?

Big Surprise Hollywood lifted its eyebrows when Joan was announced for the role. But Columbia studio had lifted them before that—when her agent, Harold Rose, suggested her for the role.

"You mean that sweet little girl without the curves?" the studio said to Rose.

"I mean," said Rose to the studio, "that sweet little girl with the curves."

"You'll have to prove it," said the studio.

Rose telephoned Joan and said: "Have you got any bathing-suit pictures?"

Joan replied: "I think there are a couple at Paramount. Taken when I was up at Carmel on vacation."

"Get 'em over to Columbia quick," said Rose. "You may be 'The Petty Girl.'"

Joan was so excited she went to Paramount herself. "I went through about 400 photographs in the pub-

licity department library and found three. I was in a white two-piece bathing suit. I delivered them to Columbia myself."

Columbia looked 'em over. Hmmm! The lady's curves were all right. The studio sent the photographs to George Petty in New York for his approval. Two days later Petty wired back his okay and Joan was signed for the role.

Next day Joan spent eight hours in the studio still gallery posing only for bathing-suit pictures. There was a man from the John-Stone censorship office approving every shot.

Whistles Were Wonderful "It was wonderful," Joan said. "To walk on a set and have somebody whistle. It never happened to me before."

Joan has since bought a new wardrobe of 12 gowns.

"I think it's important to look like a new Joan Caulfield off the screen as well as on."

Joan's performance in "Dear Wife," her last picture at Paramount, didn't hurt her, either. When Columbia was considering her for the Petty film, the front office looked at the picture and was surprised. It's the first time in five-and-a-half years that Joan has shown some fire in a performance. She admits that herself.

"But really," she said, "it wasn't me. It was the roles. I started playing a nice but dull girl in my first picture (Miss Susie Slagle) and I never got out of the rut."

Getting the Petty girl role reminded Joan of one of her first stage roles.

She played Veronica, the gold-digger in "Beat the Band," for George Abbott. The first time she walked on stage Abbott threw up his arms in disgust and said:

"Young lady, you're walking into a boudoir—not onto a tennis court."

Dana Andrews is getting his yacht tuned up for an extended vacation down South America way. The Mrs. and four kids go along too. Cary Grant is house-hunting again, this time in Bel-Air Betay Drake.

A movie company on location was constantly amazed at the un-failing weather predictions made by an old Indian who lived near the filming site. He was consulted every day and his forecasts proved very reliable. One day, however, he refused to predict the weather.

"Is anything wrong?" asked the film's producer.

"Yes," replied the Indian. "radio broke."

Automobile Safety Contest Sponsored By Ford Motors

Harry S. Murray of Murray-Young Motors, Ford dealer in Midland has entered his dealership in a \$100,000 car safety contest sponsored by the Ford Division, Ford Motor company.

Murray is one of 6,400 Ford dealers throughout the nation who has entered his dealership in a \$100,000 car safety contest sponsored by the Ford Division, Ford Motor company.

Seven-hundred prizes totaling \$100,000 will be awarded winners of the safety contest. The prizes are 25 new Fords including five Ford trucks, 25 \$1,000 U. S. Savings Bonds, 100 \$100 bonds, 200 \$50 bonds and 350 \$25 bonds.

The contest has the support of the National Safety Council, the Inter-Industry Highway Safety Committee and other safety organizations.

Check And Double Check Ned H. Dearborn, president of the National Safety Council, in a letter to L. D. Cruise, vice president and general manager of the Ford Division, said:

"Certainly every motorist should check and double check the mechanical condition of his car for safety's sake, and you at Ford are making such a check easily available for all drivers throughout the country."

RANKIN—H. M. (Dad) Roberts, who suffered a stroke several weeks ago, remains seriously ill at his home here.

Mr. and Mrs. Earl VanZandt and little daughter of Austin are visiting in the home of Mrs. VanZandt's parents, Mr. and Mrs. W. H. Burlison.

A garage owned by W. E. Stephenson and located at one of his rent properties was destroyed by fire at noon Friday. Cause of the fire was undetermined.

Mr. and Mrs. Lewis Jordan and baby daughter of Denton are visiting in the home of Mr. and Mrs. R. O. White.

The Executive Committee of the Kathryn Secret Parent Teacher Association, Rankin, announce the first meeting of the organization at 3 p. m. Tuesday. Announcement will be made at that time of a "get acquainted" meeting to be held later in the week for the faculty and parents.

Two-year-old Kay Rankin, daughter of Mr. and Mrs. Billy Rankin, who has been seriously ill with polio in a San Angelo hospital, is reporting convalescing satisfactorily. Her father stated Wednesday the baby was able to move her legs some and was showing improvement.

David Jacobs, son of Mr. and Mrs. Paul Jacobs of Big Lake and grandson of Mrs. Dave Centry of Rankin, was taken from San Angelo to the Polio Foundation at Gonzales, Texas, by plane Wednesday. David, ten years old, has been in a San Angelo hospital several weeks with bulbar type polio and will receive further treatment at the Texas Foundation. Mrs. Sam Holmes of Rankin and Mrs. Dee Locklin of McOamey are aunts of David and have spent some time in San Angelo recently with the family.

Mrs. E. D. (Mom) Yates, who was hospitalized earlier in the week, was reported Wednesday as showing improvement.

Mrs. Mary E. Blue of Amarillo is visiting in the home of her son, T. H. Blue, and family. Mr. and Mrs. Jerrill Russell and little daughter, Cindy, of Tulsa, Okla., are newcomers to Rankin. Russell is employed in the Benedict Field and Mrs. Russell will open a school for children's ballet and tap dancing in Rankin the first of October. The Russells are living in a Smith duplex on Upton Street.

MRS. TEXAS CHOSEN BEAUMONT — (AP) — "Mrs. Texas" is Mrs. Fay Moore, 19-year-old blonde Beaumont housewife. She was chosen Wednesday night to represent the state in the national "Mrs. America" contest in Asbury Park, N. J., September 10. She was unopposed.

Shopping 'Round Town —with Barbara

Auto Storage — The parking situation that has become such a gigantic problem in other places, has been neatly taken care of in Midland by THE MIDLAND AUTO STORAGE, 107 North Baird. You can store your car while you shop and have it serviced in the meantime. Leave it by the day, overnight or for a few hours. The auto storage is open 24 hours and will wash and grease your car any time you want to leave it.

Monogrammed, Leather Notebooks — Make CAMERON'S your headquarters for school supplies. Smart, genuine all leather slipper notebooks are featured at amazingly low prices. You'll be proud of a bright leather notebook when you go back to school—and they are sturdy enough to last a lot of wear. Get them in black, brown, tan, red and green leather. Prices range from \$1.85, \$2.45, \$3.80, \$4.44, \$5.34 and \$5.95. There are ten varieties to select from. You can have them monogrammed, absolutely free.

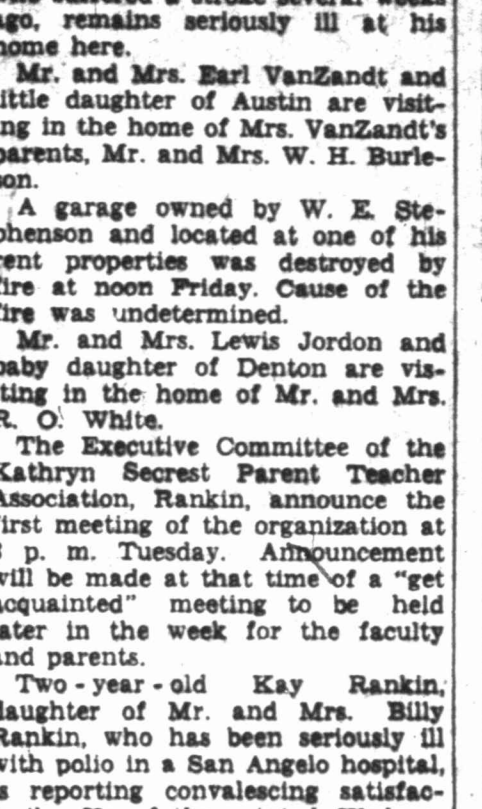

Automatic Laundry Service — School days mean more laundry—more work for Mom. Smart mothers have discovered the many advantages of the automatic laundry service at THE LAUNDERETTE, 413 West Texas. Save those back-breaking hours over the wash tub by taking advantage of this service. Just place your clothes in the machine. In a few minutes they are washed clean and damp dry. You can have them dried, ready to take home. Starching facilities are also available.

Equipped With Fabric Dial — Don't let the endless task of washing and ironing spoil the joy of life with Baby. G-E Electric Iron makes ironing easier and faster. The G-E Automatic Iron, featured at PHILLIPS ELECTRIC COMPANY, is equipped with a fabric dial. Just set it for the material you wish to iron. Safety light indicators when the iron reaches selective temperature. Heel stand saves tiresome lifting. G-E Travel Iron is easy to pack and takes up little space.

When The Lights Go Out — If you ever have trouble with your lights, you might be interested to know that PERMIAN ELECTRIC COMPANY makes service calls where there's lighting trouble in the home. When the lights go out, call 2840. Permiar, Electric Company, located at 508-A South Main, is the friend in need. They'll come promptly and are equipped to handle the emergency. Light'ing is their business and they are competent electricians.

Handpainted Picture Plates — Picture plates with all the nostalgia: charm of antiques are displayed at MIDLAND HARDWARE GIFT DEPARTMENT. Whether you are a collector or just want something beautiful to add to your home, you'll find a wonderful selection in handpainted plates here. Each plate is a work of art bearing the artist's name. Hang them on the wall or put them in your china cabinet. Some have plain borders while some have lattice effect that can be used with ribbon.

Bikes Along Road To Recovery

Japan is working hard to regain its vital export business. This scene, in a Tokyo factory, shows bicycle parts piled high, awaiting assembly. The country already has regained about a third of its prewar bicycle export business, despite serious material shortages.

Band Box Bright — Expert dry cleaning and skillful pressing are required to have that "just-out-of-the-band-box" look. The suit season is practically here again. You'll make a wise choice to choose a good dry cleaner. HARBET CLEANERS can keep those woollens in perfect wearing condition. The best of solvents, skilled workmanship and careful attention to details are guarantees that you'll be pleased with the work.

First Showing Of Fall Woolens — You get more wearing pleasure from clothes made to measure. CARLE'S, Midland's only exclusive tailor, now is featuring a Fall showing of fine woolens in a host of beautiful patterns. You'll find a wide variety of patterns in domestic and imported fabrics. Included are gabardines, worsteds, sharkskins, flannels and tweeds. A custom tailored suit is indeed one of your best investments—longer wear, better appearance and more economical. See the fine array of samples for men and women, to be tailored to your measure.

SON BORN TO DEFORDS

Mr. and Mrs. John H. DeFord announce the birth of a son, Jeffrey Alan, weighing eight pounds, seven ounces. The baby was born Wednesday in Big Spring.

VISITOR FROM GRAHAM

Mrs. J. J. Callahan of Graham is visiting Mr. and Mrs. F. E. Melott, 308 1/2 North O Street. Mrs. Callahan and Mrs. Melott are sisters.

Do You Really Want to Take Off That Ugly Fat?

Recently there has been a number of new reducing preparations on the market, some of them based on the diet and vitamin "plan." It is obvious that vitamins will not reduce the body weight, so one must depend on diet to reduce. But it is also obvious that one cannot go on a strenuous diet over a protracted period, and any weight lost will be restored if the former eating habits are gone back to.

So what to do? Well, here is a tip to you "overweight girl" who want to fight "the Battle of the Bulges" in a different way. Ask any well stocked Texas druggist for four ounces of Barcentrate. Mix with 12 ounces of grapefruit juice and take two tablespoonful twice a day.

This preparation contains nothing harmful and the makers agree to refund your money on the very first bottle if it does not show you the way to lose ugly fat and help regain slender, more graceful curves. Barcentrate is low in cost and is not based on the diet and vitamin "plan." You need never know a hungry moment while reducing with Barcentrate.

FDR, Jr., Marries New York Socialite

NEW YORK—(AP)—In a simple ceremony attended by a few relatives and friends, Rep. Franklin D. Roosevelt, Jr., was married Wednesday to socialite Susanna Ferrin, wartime Marine reservist.

The ceremony joining the late President's third son and the 28-year-old Miss Ferrin was held at the bride's apartment. The couple met last Spring and had been engaged six weeks.

It was the second marriage for 30-year-old Roosevelt, and the first for his bride.

Roosevelt's marriage in 1937 to the former Ethel du Pont ended in divorce last May.

Mrs. Franklin D. Roosevelt, the bridegroom's mother, attended the ceremony. Roosevelt's brother, Elliott, was best man.

The Rev. Lee Vaughan Barker, pastor of the Broadway Tabernacle, performed the ceremony.

Georgian Dictionary Planned in Moscow

MOSCOW—(AP)—The Academy of Sciences of the Georgian Republic of the Soviet Union is issuing a definitive dictionary of the Georgian language. It was recently announced in the "Tbilisi" paper that this dictionary would consist of six volumes and contain 125,000 words.

The Georgian language is the principal language of the Japhetic group of tongues. It is exceedingly ancient and no languages in Europe are related to it.

MEDICAL PATIENT
H. D. Eger was admitted to Western Clinic-Hospital Wednesday night as a medical patient.

Committees Listed For September Event All-University Dance

Ed Prichard has been named chairman of decorations and arrangements for the All-University Dance to be held September 9 in the VFW Hall.

Tickets for the dance are now available for \$2.40 per couple and no stag tickets will be sold until the night of the dance.

Persons from whom tickets may be bought are Bob Payne, McClintic Building or 714 West Kansas Street; Clarence Symes, Jr., 1010 North Lorraine Street; Matt Kirwan, First National Bank or 1101 A North Carrizo Street; Jack Doran Produce; Thomas Fricke, Atlantic Refining Company or 1903 West Ohio Street; DeWayne Davis, Chamber of Commerce; Mrs. C. W. Pederson, 2402 West College Street; Harry Hill, Seaboard Oil Company of Delaware or 2905 West College Street; Ed Prichard, Texas-New Mexico Pipeline Company or 501 West Holmaley Street; Mrs. Lloyd Whitely, 2310 West College Street; Dick Story, 310 West Louisiana Street; and C. C. Boles, 508 West Texas Street.

The dance will be from 9 p.m. to 1 a.m. and Jimmie Furlan's orchestra will furnish the music. Mrs. Pederson, president of the Texas Christian University Exes, is general chairman for the dance, which is open to all college and university exes and their dates, wives or husbands. Semi-formal dress has been requested by the arrangements committee, with women wearing formal dresses but tuxedos not required for men.

Teacher Barbecue Scheduled Friday At Cloverdale Park

Attendance at the third annual Chamber of Commerce-sponsored barbecue honoring teachers of the Midland public schools and their families at 8:30 p.m. Friday at Cloverdale Park is expected to exceed 500 persons, Chamber Manager Delbert Downing said Thursday.

Arrangements for the outing were completed at meetings of the committees Wednesday afternoon.

The General Membership and Education Committees of the Chamber of Commerce will be hosts at the barbecue to which all Chamber members and their families and all school personnel and their families are invited.

The purpose of the affair is to welcome the faculty members to Midland and to afford them the opportunity of meeting and visiting with other residents.

Informal Program
Jack Jones, chairman of the Education Committee, will be master of ceremonies at an informal program following the barbecue. The popular Midland Lions Club International Convention Band will furnish the music.

Smilo Mallison is in charge of the barbecuing of the top West Texas beef. Members of the Wranglers Club will serve the food. Sponsors said the event will be strictly informal.

Picnic Supper Given For OES Families

CRANE—Mrs. Ethel Owens, worthy matron, was in charge of a basket picnic supper for members of the Order of the Eastern Star and their families held recently in Gulf Park.

Those attending were A. B. Owens, Brovada Owens, Mrs. Arrie Owens, Mrs. C. M. Bell, Mr. and Mrs. C. A. Carroll, Mr. and Mrs. Fred Fields and family, Mrs. R. V. Wilson and family, Mr. and Mrs. Mike Alexander, Mrs. Freda Harold, Mr. and Mrs. Gayle Hill and Tommy and Penny and Mr. and Mrs. Jack Mills and Eugenia and Jerry.

Rampy Maxwell Has Party On Birthday In Home At Crane

CRANE—Rampy Maxwell was honored by his mother, Mrs. Ray Maxwell, on his fourth birthday recently with a party. Mrs. E. R. Stephens of McCarney, Rampy's grandmother, was an out-of-city guest.

Guests were Sheila Virdell, Judy Warren, Barbara Lou Tennyson, Mickey Chaffin, Charlotte Griffin, Billy Joe Ayers, Carol Ann and Billy Paul Lowe and Ginger Maxwell.

McKee-Hines Troth Announced At Tea

Announcing that Marjorie McKee and Cleas Hines are planning an October wedding, a lovely tea was given by Mrs. E. C. Crabb and her daughter, Helen, in their home, 1001 West Missouri Street, Wednesday afternoon.

Miss McKee is the daughter of Sun and Mrs. Newton David McKee. Hines is the son of Mr. and Mrs. C. R. Hines. They are to be married in a ceremony in the First Presbyterian Church.

The announcement was made at the tea table in the dining room, where decorative gold wire outlined the words, "McKee and Margie, October 1, '48." The letters were arranged with the white shaggy asters and clover, fern which made the centerpiece.

On either side, three tall white tapered vases held in silver candelabra. Red gladioli in a fan arrangement and Nita Clemens of West Palm Beach, Fla., friends at the University, as bridesmaids.

Bervin Hines of Abilene will be his brother's best man and groomsmen will be James Mims, Foster Hedrick of Baytown and a fraternity brother, Van Cayton of Borger. The bride's aunt, Mrs. W. P. McCammon of Corsicana, will be the organist.

Parents May Help Find Reason For Child's Stuttering

By DAVID TAYLOR MARKE
AP Newfeatures

We hear much nowadays of speech defects in children. Stuttering is commonly included among them, but not accurately so. As Professor Amy Bishop Chapin points out in the National Parent-Teacher magazine, the stuttering child usually has a deeper trouble of which his stuttering is a symbol and symptom. What can his parents and teachers do to help him? Is there any known formula that will work for all?

Dr. Chapin, who is assistant professor of speech at Western Reserve University; assistant chief of the hearing and speech therapy division of the Cleveland Hearing and Speech Center; and consultant to the Cleveland Heights Board of Education, in an article entitled, "When A School Child Stutters," undertakes to answer these questions.

Much to be done to eliminate the irritations that make stuttering worse, she says. An environment can be arranged, both in the home and the school, that will help to prevent stuttering. Finally, the child can be helped to make a better personal adjustment. This usually aids in reducing the tendency to stutter, which is only a symptom of some deeper trouble within.

The child most frequently begins to stutter in the second or third year. It is a time when most children are greatly concerned with language and when they are probably more often criticized for their speech than at any other age. If they are concerned too much, they find themselves very conscious of their errors, even ashamed of them.

Don't De These Things
Here are some Do's and Don'ts for parents and teachers, says Dr. Chapin:

Don't try to correct the child by asking him to "say it over" and so forth.
Don't tell all the children to stop teasing him.
Don't be afraid to let the child confide his problems to you.
Don't shield him from his father or other critical relatives.
Don't worry about his speech without doing anything constructive.

Don't call too much attention to his speech difficulty.
Don't be too critical of his little childish imperfections.
Don't swamp him with sympathy and superior responses.
Don't ask the teacher to treat the stuttering child as if he were sick.

Some Things To Do
Do ignore the stuttering as such but look for undue tension at home and in school.
Do discuss stuttering calmly with the child if he brings it up, and let him do his own explaining.
Do help him to solve his social difficulties as you would help any other child.
Do help him to become a pal to his father.

Do teach him how to accept criticism without despair.
Do try to build his confidence by praising his strengths and understanding his weaknesses.
Do let him see that you regard his problem without fear.
Do urge everyone to accept him as he is—including his stuttering.

Let's Face Cause
Recognize stuttering for what it is, urges Dr. Chapin. It may be brought about when a child enters kindergarten or first grade and must suddenly adjust himself to the increased complications of school life. Tensions that arise at the beginning of adolescence may also play an important role. Sudden tensions at home, such as a serious illness in the family, the coming of another baby, or a sudden frightening incident, may cause it. Anything in the home situation that increases tension and pressure on a sensitive child is likely to increase his difficulty. Arguments at home, inconsistencies between grandmothers' methods of discipline and mother's, or between mother's and father's, may leave a feeling of insecurity that results in greater speech difficulties. Probably the most serious factor of all, says Dr. Chapin, is the nagging perfectionism that characterizes some homes.

1. See if he is interested in other things besides holding hands in the moonlight. Try to get him to discuss his family—sisters if he has any. Observe his attitude and respect when he talks about them.
2. Find out if he likes to play other than wolfing games. He should be interested in some sport or have a hobby of some kind if he is normal.
3. After you have determined that he has other interests besides girls, see if he enjoys describing them to you or if he just sets you apart for prospective necking parties.

4. Does he eye every girl he passes, and become distracted to your presence when a more attractive girl is around?
5. If his chin tucks up conversation is cut off, don't waste your time with him.
6. Don't let him control your interest completely while you are on vacation. Remember there might be silver pebbles on the beach and you'll never get acquainted if you sell out dates to the first bidder.

And it came to pass, that, as he was praying in a certain place, when he ceased, one of his disciples said unto him, Lord, teach us to pray, as John also taught his disciples.—Luke 11:1.

An Alarming Symptom

Maj. Gen. Alden H. Waitt, suspended chief of the Army Chemical Corps, now has confirmed by his own Senate committee testimony that he dictated a secret memorandum branding as incompetent eight men who were eligible to succeed him.

He says he prepared this document in the office of James V. Hunt, alleged peddler of influence among government officials. It was turned over to Maj. Gen. Harry Vaughan, President Truman's military aide, presumably for the guidance of the President in picking a successor.

Waitt declares this memo was his "honest evaluation" of his subordinates. But it was in violent contrast to the praiseworthy accounts he set forth in official Army "fitness" reports on these same officers.

Furthermore, he says he sat as one member of an Army appointment board which recommended three officers as his successor, including two of the eight he secretly had criticized.

This strange resort to a sort of "double entry" system of appraisal, this combination of out-in-the-open maneuvers and behind-the-scenes techniques is perhaps the most shocking revelation yet to come out of the "five percenters" inquiry in Washington.

The "double entry" evidence was what led Secretary of Army Gordon Gray to suspend Waitt, and we think with good reason. Waitt will not find it easy to convince authorities in the Department of Defense that he should ever get his old job back.

Apparently that is what he wanted most—another four-year term. And he may actually have been the best man for the post. But his devious method of soliciting favorable consideration ought to have eliminated him permanently as a possibility.

Of course there was more to the incident than simply Waitt's ambition to stay in office. He has confessed to the committee that he was using his influence to "expedite" a contract desired by one of Hunt's clients. That Hunt and Vaughan were closely linked with Waitt's job maneuver makes it particularly questionable, for testimony has thrust them both deep in the influence game.

We cannot stop at merely deploring the activities of these wielders of influence. It is more important to understand them and the atmosphere that produced them.

Are we dealing here with weak figures of men? Or are we seeing the corrosive effect of power—power perhaps held too long by one group? The nation needs to know. The true story of the five percenters, set in its full framework, may govern voters in elections to come in 1952 and beyond.

For if these are indeed the corruptions of power, the American people might decide that Thomas Jefferson's idea about rotation in office is pretty sound stuff.

At 102 a Virginia man has never had a doctor. Wouldn't you think he'd get sick of eating apples?

A dog show is where folks spur dogs on to put on the dog.

Answer to Previous Puzzle: Bovine Creature crossword puzzle with clues and grid. Clues include 'HORNET', 'JOKER', 'ITALIAN CITY', 'MUSICAL NOTE', etc.

Preparing For The Next Campaign

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

Robert S. Allen says: Anti-monopoly congressmen irked by "lobbying" of one of Truman's economic advisers, John Clark; would McCarran make DP's of Patutes?; New York lawyer has inside track as civilian head of CIA.

WASHINGTON — President Truman, who has complained repeatedly about lobbying, is due to get a similar complaint against a member of his official family.

He is John D. Clark, of the White House Council of Economic Advisers. The former Standard Oil of Indiana official has aroused the ire of a group of anti-monopoly congressmen. They charge he has been quietly lobbying to restore the basing-point price system outlawed by the Supreme Court.

Chief complainers are Reps. Wright Patman (D-Texas) and John Carroll (D-Colo.) who largely were instrumental in putting through the House recently the bill barring business mergers. This measure is the most important anti-trust legislation enacted in many years.

Patman and Carroll are taking their lobbying complaint against Clark direct to the President. Their contention is that it is futile for them to seek to strengthen the government's hand against monopoly when a member of the White House staff is opposing them. They want the President to muzzle Clark.

His position on this issue is curious. Last Summer, he vigorously backed the Federal Trade Commission when a committee headed by Senator Homer Capehart (R-Ind.) tried to brow-beat the agency into approving basing-point legislation. Clark strongly upheld the FTC in its refusal.

Four months later, the Supreme Court ruled against Standard Oil of Indiana in an anti-trust case brought by a group of Michigan small-business men. Following this favorable ruling, Clark, apparently, reversed his attitude. Since then, he has been quietly pressuring for restoration of the basing-point system.

Native DP's Senator Pat McCarran (D-Nev) is not only vehemently opposed to foreign displaced persons out of a group of native Americans. That is the charge made against him by the Pyramid Lake Paiute Tribe in his home state.

A resolution adopted by the tribal council charges that a bill introduced by McCarran would turn over valuable reservation land to cattlemen. The Interior Department has denounced the measure and the Supreme Court has upheld the tribe's claims.

McCarran's bill would circumvent that decision. Note—Despite his intransigent opposition to liberalizing the obstructive displaced persons laws, McCarran sought to obtain special permission to bring in several hundred Basque shepherders for Nevada. Intelligence Agency.

Alfred McCormack, wartime Pentagon intelligence colonel and New York attorney, has the inside track as new civilian head of the Central Intelligence Division.

Shakespeare Proves Popular In Russia

MOSCOW — (AP) — Shakespeare continues to be a popular author among the peoples of Central Asia. The paper "Soviet Art" announced recently that Hamlet had been put on at the Uzbek Theatre of Drama in Tashkent.

In Moscow when the fiftieth anniversary of the founding of the Moscow Art Theatre was celebrated last Fall, a group of actors from Central Asia put on a scene from "The Taming of the Shrew" in their native language.

Shakespeare plays are presented in many of the national languages of the peoples of the USSR—and of course in Russian also—in Moscow and elsewhere.

The wild pigs found on some Bahamas Islands are amphibious; they swim from island to island in search of food or to escape hunters.

By EDWIN F. JORDAN, M. D. Written for NEA Service. We have all heard or perhaps used the expression "Don't be hysterical" or "Don't be hysterical about it."

Hysteria from the medical viewpoint is something quite different. It is used to describe a condition which usually cannot be controlled by conscious effort. The patient in sensation, perhaps convulsions, is unable to move certain muscles.

In hysteria, an attack of convulsion may be started because of some emotional situation. The convulsions allow the victim of hysteria to escape from a difficult situation. Of course, not all convulsions are caused by hysteria and they must be distinguished from the convulsions produced by epilepsy or from other nervous conditions.

The change in sensation often present in hysteria is a most interesting condition. The ability of some part of the skin to "feel" is generally lost entirely; a pin can be stuck deep into the arm without causing any pain.

The treatment of symptoms of true hysteria is often difficult. The cause of the mental strain must be sought and studied. Gradual persuasion and re-education is helpful for some, but other methods must be used on many occasions. The successful treatment of hysteria is a challenging and difficult problem. It cannot always be successfully solved.

So they say

This year and next year, more of us, perhaps many more of us, will go broke individually than in the years just past. Because, in the first place, there are more of us. But, more important, customers are back in the saddle where they belong, and they are again making distinctions between horses, jackasses and mules.

I am firm in my belief that there shall be no protest brought to bear by any church against the proper operations of the government and that there shall be recognition of the fact that all citizens may express their views freely on questions of public interest.

It's a personal thing between me and the channel. —Shirley May Francis, 17-year-old American schoolgirl, reflecting on her attempt to swim across the English Channel.

McKenney on Bridge

By WILLIAM E. MCKENNEY America's Card Authority. Written for NEA Service.

Today's hand involves one of the finer points in the play of the hand. The bidding is normal.

When East leads the queen of hearts, North must hold up the ace until the third round. Now the question is, should North give up a club trick? If he does he is automatically down, losing three hearts, the ace of spades and a club trick.

North's first play, after winning the third heart with the ace, should be a small spade to the king, hoping to find East with the ace. East will play low and North will win the trick with the king.

Lesson Hand on the Play: South West North East. 2 ♠ Pass 1 ♠ Pass. 3 ♠ Pass 3 N.T. Pass. 3 N.T. Pass 3 N.T. Pass. Opening—W-Q 1

discard a club or declarer's entire club suit will be set up. If he discards a heart he will not have a long heart to cash, when he gets in. Therefore, the only play he can make is to discard the nine of spades.

North already has marked East with the ace of spades, so when East discards a small spade, North should play a small spade from dummy toward the queen. West will put on the ten spot. North must play low and East is forced to take the trick with the ace.

Playing the hand this way, declarer will make two spade tricks, four diamonds, one heart and two club tricks, thus making his contract.

Social Situations

SITUATION: A young man who has asked you for a date says "When would you like to go for dinner?"

WRONG WAY: Name the most expensive dining place you know so that he will see you are used to the best.

RIGHT WAY: Name a moderate-priced place, if you name any. If he feels like splurging he can always say so.

THE DOCTOR SAYS

By EDWIN F. JORDAN, M. D. QUESTION: What is the cause of sores on my feet which look like blisters and water comes out of them when they break? They are also itchy.

ANSWER: There are several possibilities, the most likely of which is some form of what is commonly known as ringworm. Probably the diagnosis can only be made by taking scrapings from them and examining them under the microscope.

Steps to the Moon

THE STORY: Until Harry Belding's millions were the life of Gaynel Turner's younger sister Pat, she was a girl who had a proposal of marriage. Then came the money he spent to save Pat's life, and she was left with the money he spent to save Pat's life.

"Not right off," Fritz gave her a wide grin, as he sat down beside her on the bench. He took her hands in his, pulled her around so that she must look into his eyes. "You don't seem to be taking this the way you should. With some-saults and one war whoop, at least."

"I'll turn them in a minute," she promised. But the way her heart behaved when he looked at her made other acrobatics impossible at the moment. "It kind of struck me in the middle. All of a sudden. The way you feel when something hits you and you lose your breath."

"I KNOW. It did me the same way. I almost got tight last night. In fact, my grin was useful. That's why this celebration is being held here today. I spent my first week's salary in advance. Today, my love, we dine on a couple of hamburgers. You don't mind?"

Gaynel shook her head. How could she mind, as long as he was so near, his tweed sleeve brushing her own, his hair all rumpled and shiny in the sun, his eyes so blue that the sky above looked faded in comparison? Yet she knew she should mind; that was just it. Part of those sober cold facts that would have to be stared out of countenance.

"These are exceptional hamburgers, of course," Fritz said. "Just wait till you think your teeth in them!" He crunched his own in anticipation, wet his lips. "That's why I've been dragging you for miles all over this island; to whip your appetite into shape. Boy! He stretched his legs in front of

WASHINGTON COLUMN

Congress Wins Our Devotion By Resolving Crucial Issues

By PETER ADSON NEA Washington Correspondent. WASHINGTON — The 81st Congress has been panned so much that it's high time somebody gave the lawmakers credit for the many fine, upstanding and constructive things they have done this year.

There is no better gauge on this than to look at the list of laws they have passed. After all, that's what they're here for. So what have they done? Up to August 15, after seven months of work, 220 bills had been passed into law and duly signed by President Truman. That's roughly 30 a month, or one a day. What more could you ask?

On the principle that first things should come first, you would expect that the 220 new public laws would cover the most important subjects, settle the most vital issues, do the most good.

Public Law No. 1, passed January 18 after one day of work, made January 20 and January 21 holidays for all federal employees in Washington. This was so they could attend the inauguration.

Having passed this miracle, the next day Congress raised the salary of the President, vice president and speaker of the House. This was Public Law No. 2.

It would be boring to just list all the laws passed, one after another. To get the spirit of the thing, let's just hit some of the legislative high spots. February 25, after Congress had been in session five weeks, it passed Public Law No. 10, a commemorative stamp on the 200th anniversary of Alexandria, Va.

March 15, P. L. 19 authorized another commemorative stamp for the 300th anniversary of Annapolis, Md. Thoughtful Planning 23, extended an invitation to the International Olympic Committee to hold the 1956 games in Des Moines. There's far-sighted planning for you.

Next day P. L. 23 authorized the Marine Band to attend the GAR encampment. There was a very important piece of legislation passed on P. L. 23, which permitted fourth-class postmasters to be upgraded to third-class postmasters, and third-class postmasters to be downgraded to fourth-class postmasters, without examination.

P. L. 32 gave the District of Columbia daylight-saving time again. Spring got into the congressional blood on April 21 when they passed P. L. 51, regarding the processing of certain visas for admission into the U. S. of alien fiancés and fiancées of G.I's.

A couple of laws later, Congress authorized the payment of \$100 per capita to Red Lake and Chippewa Indians for timber sales. And the next law conveyed certain public lands to the Churntown, Calif., elementary school district.

P. L. 61—May 12 now—actually did it. It passed P. L. 74, authorizing the President to designate Memorial Day as a national day of prayer for peace.

By May 26, Congress was really worried about the international situation. It passed P. L. 74, authorizing the President to designate Memorial Day as a national day of prayer for peace.

Following the advice of a Roman emperor— "Don't win it?— who gave the people circuses when they cried out for reduction of the cost of living index, Congress on May 31 authorized the National Capital Sesquicentennial Commission to proceed with plans for the 150th anniversary of establishing the Capitol in the District of Columbia.

P. L. 88 authorized the Marine Band to go to Little Rock, Ark. Congress did better after that, and passed its second 100 laws in only six weeks. P. L. 200 extended this time for construction of a toll bridge across the Rio Grande at Rio

Questions and Answers

Q—How many national holidays are observed in the United States? A—There are no national holidays in the United States. Each state has jurisdiction over the holidays to be observed. The President and Congress designate for the District of Columbia.

Q—How do the tusks of Asiatic elephants compare with those of African elephants? A—Both sexes of the African species, with few exceptions, carry well-developed tusks, but in the Asiatic form the tusks of the females are so small as scarcely to protrude beyond the jaw. In Asia, too, tusks built elephants are common, while males of the African species without tusks are extremely rare.

Q—What was the first waltz to be composed? A—It is said that "Ach du lieber Augustin," composed in 1776, was the first waltz.

Q—Where was the land that the government gave to General Lafayette? A—In recognition of his services to this country Congress granted to Lafayette a township of land in Florida.

Q—What is one of the earliest known libraries? A—The Library of Alexandria, Egypt, founded in 334 B. C. It was burned 47 B. C. and 640 A. D.

Q—What is one of the earliest known libraries? A—The Library of Alexandria, Egypt, founded in 334 B. C. It was burned 47 B. C. and 640 A. D.

Q—What is one of the earliest known libraries? A—The Library of Alexandria, Egypt, founded in 334 B. C. It was burned 47 B. C. and 640 A. D.

'Old Men' May Star At Air Races

ABOVE: Ernest A. Hoeler, 47, of Cleveland, O. At left, as he appeared in 1939, in the All American transcontinental derby. At right, as he appears today. LEFT: Steve Wittman, 43, of Oklawaha, Fla. CENTER: Al Novotney, 46, Glendale, Calif. BOTTOM: Wilson Newhall, 49, of Chicago.

Anybody who insists flying is a young man's game will get an argument from the quartet above. All contestants in the gruelling National Air Races at Cleveland, Ohio, their combined ages total 187 years, and they boast of 42,849 hours in the air. So they figure they'll give the youngsters a run for their prize money. Newhall and Hoeler will battle eight other pilots, most of them in their twenties, in the Thompson Trophy Race on Labor Day. Wittman and Novotney will pit their experience against youth in the flashy Good-year Trophy Race for midjet planes.

Acheson Promises To Re-Examine Oil Imports Situation

WASHINGTON—(P)—Seven Texas congressmen have won from Secretary of State Acheson a promise to "re-examine" the situation on oil imports. They had protested the State Department's stand on the matter. A department release several weeks ago minimized the dangers of foreign importation of oil. The Texans told Acheson Wednesday imports of foreign oil were causing the domestic oil industry to suffer greatly. After a conference with the secretary, Rep. Gossett (D-Texas) said the Texans would seek help in Congress unless the State Department gives some relief. Reps. Fisher, Poage, Thomas, Worley, Lucas, and Mahon were in the delegation with Gossett. Gossett said in a statement they urged on Acheson the "necessity of administrative relief and protection."

Crash Proves Fatal To Amarillo Pastor

MUSKOGEE, OKLA.—(P)—The Rev. C. W. Lipsey, 38, pastor of the West Amarillo Christian Church, died early Thursday of injuries suffered Wednesday night in an automobile accident. The car he was driving collided with another at a downtown intersection, throwing him from his machine and under the other car. The driver of the second automobile was not injured. Lipsey was here as guest speaker at Muskogee's First Christian Church, which he was pastor for seven years ending in October, 1947. He is survived by his widow and three children. Mrs. Lipsey was reported enroute here.

Midland, Kermit Men Get Guard Positions

Appointments and assignments in the Texas National Guard, announced by the Adjutant General's Department, include: Capt. Edward N. Gideon of Midland (Comm Off and Asst S-3 for Air, Hq. 124th Cav Ren Sq.) and Capt. Robert S. Shults of Kermit (Trp Comdr, Trp E, 124 Cav Ren Sq.).

JET BOMBER CRASH VICTIMS IDENTIFIED
SHREVEPORT, LA.—(P)—The Air Force has identified two fliers who died Wednesday in the crash of their B-45 jet bomber near here. They were Maj. Paul B. Neufus, 29, Omaha, Neb., and First Lt. Donald A. Paulson, 22, Webster, S. D.

Justice Department Will Get Evidence Uncovered In Probe

WASHINGTON—(P)—What are the chances of somebody's getting a jail sentence as a result of the Senate's investigation of "five percenters"? The subcommittee making the investigation, headed by Senator Hoey (D-NC), says it is prepared to pass along to the Department of Justice any evidence which seems to be the basis for federal prosecution. The business of the five per centers in itself seems to be legitimate. Brig. Gen. Ernest Brannon, assistant judge advocate of the Army, has told the subcommittee there is nothing illegal about paying or taking fees for help in getting government contracts. (The fee is normally five per cent.) The trouble will come if it is proved that some government official was promised or received money or gifts from a five per center and in return did favors for him or his clients while performing official duties. That would be bribery. Conviction could carry a three-year prison sentence and a fine amounting to three times the value of the bribe. A man giving a bribe is as guilty as a man receiving one. A gift of some articles can be as much a bribe as money. A request for a bribe or a promise of a bribe makes a man as guilty as if the bribe had actually been passed. The big difficulty in bribery cases, however, is proving intent: (1) a desire to influence an official in the performance of his duties or (2) a determination on the part of an official to act in the interest of a briber rather than in the best interests of the government. The defense of bribery defendants usually is that the money or article they received was given in pure friendship or as a mere courtesy and that no favor was given in exchange. There are not many bribery convictions. One federal official concerned with such matters says that securing bribery evidence is extremely difficult. He suspects that there are a great many undetected instances of bribery perhaps more in state and local governments than in the federal government. Not Only Charge The last federal bribery case was the conviction of Secretary of the Interior Albert B. Fall as a result of the Teapot Dome Scandal of the 1920s. But bribery isn't the only charge that can be placed against officials who work in cahoots with private interests. Former Rep. Andrew J. May (D-Ky) was convicted under a section of the U. S. code which makes it a crime for any federal employe or contractor to accept compensation from private sources for services rendered in any matter in which the U. S. government is directly or indirectly interested. (May's appeal is pending.) When this crime is alleged the prosecutor doesn't have to prove, as in the case of bribery, that the accused was influenced in his official acts or decisions by the money he received. The mere fact that he received compensation is enough. And the compensation can be anything from a bicycle to \$1,000,000. The maximum sentence for this offense is two years, the top fine \$10,000. One of the five per centers involved in the current Senate probe James V. Hunt, was formerly connected with the War Assets Administration (WAA). The 1944 Surplus Property Act provides restrictions on the activities of former WAA employes for a period after they leave the agency. But Francis D. Flanagan, committee investigator, says Hunt did not violate this law since his status in WAA was not that of employe but of consultant at \$50 a day. Another section of the U. S. code deals generally with fraud against the government. Already one reform has resulted from the investigation. On August 9, an information office was set up in the Pentagon to give free advice and information to businessmen who want to get government contracts. And two bills have been introduced in the Senate to discourage the activities of five per centers.

Yugoslavia Charges Reds With Spreading Lies To Break Tito

BELGRADE, YUGOSLAVIA.—(P)—Yugoslavia charged the Russian news agency, Tass, Thursday with spreading "made-up" reports in order to build up pressure against Marshal Tito's government. The Ministry of Information charge came after days of rumors about Russian troop concentrations on Yugoslavia's borders, reports of massing of Yugoslav troops in border areas and stories of sabotage inside Yugoslavia. The official organ of the Yugoslav government returned to the Yugoslav battle with Russia Thursday, saying the Kremlin was trying to force Yugoslavia "into an unequal and subjugated position."

The statement was made in an editorial in the Communist newspaper Borba. The Ministry of Information released the editorial before publication. Borba listed charges against Russia and her satellites in the war of nerves, including an economic blockade against Yugoslavia, provocation of border incidents, sending spies into the country and threats against the Tito regime. The Yugoslav remarks about Tass stemmed specifically from a report that the City of Fiume was in a state of siege because of sabotage. The Ministry of Information commented: "It is officially announced that this news is completely made up. It is obvious that Tass is spreading such made-up news in the framework of the anti-Yugoslav government campaign and pressure upon this country."

The statement confirmed there had been a small fire in the large oil refinery at Fiume but denied published reports the plant was sabotaged.

Midland Pastor To Preach At Crane

MCCAMEY — Dr. R. Matthew Lynn, pastor of the First Presbyterian Church of Midland, will deliver the sermon at the evening services of the new Crane Presbyterian Church Sunday evening. He also will moderate a congregational meeting for the purpose of the church acting on a proposed budget and the consideration of issuing a call to the Rev. Jack C. Ramsay to become minister of the congregation. W. F. James, an elder in the church, will speak at the morning worship hour, with the Session in charge of the service. The Rev. Walter Guin, pastor of the First Presbyterian Church at Odessa, will preside at the ordination and installation of elders and deacons at the service last Sunday night. The elders ordained were C. D. Birdsong, J. R. Frazee, L. M. Pitman, James and Grady Kidd, H. G. Hale, Eugene Demmler, R. L. Hudson and E. H. Garner were installed as deacons.

Jupiter, the largest planet moving around the sun, is more than 1,300 times bigger than the earth.

Chicago's Gasoline Truckers End Strike

CHICAGO—(AP)—The 21-day strike of tank truck drivers which had brought a near gasoline famine to the Chicago area ended early Thursday.

The 1,600 members of the AFL Teamsters Union voted unanimously shortly after midnight to accept a wage boost of 10 cents an hour and improved vacation benefits.

The union originally asked for a 17 1/2 cents hourly increase.

The union said trucks would start rolling immediately with supplies for the approximately 3,000 gasoline service stations which had been shut down since several days after the strike began.

HOW TO PLAY CANASTA: 4
Score Canasta By Melding Cards

By WILLIAM E. MCKENNEY
America's Card Authority
Written for NEA Service

Scoring in Canasta is done in several steps. First, score all bonuses as per the following table:

| | |
|--|--------------------------|
| Melding out | 100 points |
| Melding out concealed | An additional 100 points |
| Each natural Canasta (no wild cards) | 300 points |
| Each mixed Canasta (1 to 3 wild cards) | 200 points |
| Each red tray | 100 points |
| 4 red trays for one partnership | 800 points |

A side cannot meld out unless it has at least one Canasta. This may be a natural or a mixed Canasta.

Red trays on the table do not count as melds. As a matter of fact, if your side fails to make a legal minimum meld before the other side goes out, the red trays of your side become a minus value.

When it is your turn to play, if you fail to remove a red tray from your hand and place it face up on the table, and the other side melds out and catches you with one or more red trays, your side is subject to a penalty of 500 points for each red tray.

However, if a player melds out before it has become your turn to play, then you are only subject to a 100-point penalty for each red tray. These points are deducted from your score.

After scoring bonuses, do not mix the cards together, as these cards have additional scoring values.

The next step is to add the value of each card left in the hand of the partner of the player who went out, and for the opponents to add the value of each card left in their hands. The cards are valued according to the following table:

| | |
|--|-----------|
| Each joker | 50 points |
| Each deuce and each ace | 20 points |
| Each king, queen, jack, ten, nine, eight | 10 points |
| Each seven, six, five, four | 5 points |
| Each black three | 5 points |

The total points left in the hands of the partner of the player who went out and of the opponents are a minus value for their respective sides.

Next, each side adds the value of all their cards that have been melded on the table. These cards are a plus value for the respective sides. Subtract the minus value from the plus value to determine the net score.

Points required for game are 5,000. There is no extra game bonus.

Minimum points required for first meld:

| PREVIOUS SCORE TOWARDS GAME | MINIMUM POINTS |
|-----------------------------|----------------|
| 0 to 1495 | 15 |
| 1500 to 2995 | 30 |
| 3000 or more | 120 |

and two sevens, which counts (50-5-5) 60 points, and three eight-spots, which counts (10-10-10) 30 points, giving you a total for both melds of 90.

After a side has made its initial legal meld, either partner may add to their melds or make any other legal meld without reference to any minimum count.

TOMORROW: Canasta's irregularities.

Police Arrest Youth In Explosives Theft

SAN ANTONIO—(AP)—The sheriff's office said Wednesday night a crowbar found in the car of a youth had been identified as that used to gain entrance to a dynamite warehouse robbed Monday night.

An 18-year-old youth was arrested in connection with the theft.

The Southwest Research Institute identified the crowbar as the one used in prying open a corrugated steel wall at the storehouse.

Vandals were unsuccessful in attempts to blow up both the dynamite storehouse, which contains about 31,500 pounds of explosives, and another storehouse containing 50,000 caps and fuse.

They stole a quantity of dynamite.

A clay tablet unearthed in ruins 200 miles north of the site of Babylon and now preserved at Harvard University, is believed to be the oldest map in the world.

Lobbying Charges Against McDonald Are Scaled Down

WASHINGTON—(AP)—Lobbying charges against James E. McDonald, Texas state commissioner of agriculture, were scaled down from a felony charge to a misdemeanor Wednesday by the Justice Department.

McDonald, Tom Linder, commissioner of agriculture in Georgia, Ralph W. Moore, Granger, Texas, of the National Farm Committee, and the Farm Commissioner's Council were accused by a District of Columbia grand jury June 16, 1948, of lobbying for higher farm commodity prices for the benefit of personal gains.

The grand jury also indicted them for not registering and filing financial statements as lobbyists—a violation of the Lobbying Registration Act—which carried a penitentiary term as punishment.

Defendants challenged the validity of the indictment on numerous grounds and moved to dismiss it. The Justice Department agreed Wednesday, and then filed a misdemeanor charge, charging a series of misdemeanors.

All the defendants have denied any violation of the lobbying act and said the prosecution was "politically inspired."

Senate Panel Okays Power Plant Project

WASHINGTON—(AP)—The Senate Foreign Relations Committee approved a bill to authorize negotiation of a U.S.-Mexican agreement to build and operate a hydro-electric plant at Falcon Dam on the Rio Grande.

Chairman Tom Connally (D-Texas) made the announcement Wednesday. This sends the measure to the Senate. Estimated construction cost is \$12,858,000, and the power would be divided between the two nations.

286-POUND USHERETTE
SINGAPORE—(AP)—The United Nations advertised for usherettes for its forthcoming meeting of Economic Commission for Asia and the Far East. The first applicant was a 286-pound male wrestler.

SAN ANGELO OIL MAN SEEKS EDUCATION POST

SAN ANGELO—(AP)—Dr. George D. Morgan, former regent of the University of Texas and San Angelo oil man, is a candidate for the State Board of Education from the 21st Congressional District.

Morgan announced Wednesday.

The longest barrier reef in the world parallels Eastern Australia for more than 1,200 miles.

Horton, Bob Rose Deliver At Plate

The second-place Vernon Dusters move into Indian Park for a three-game series this week. Opening games will be Wednesday night. Starting time for all night games is 7:15 p.m.

Ernie Nelson gets the nod for mound duty in the first game. Claude Horton, Midland's commuting pitcher, hurled and helped the Midland Indians to a 5 to 4 victory over the Roswell Rockets here Wednesday night. Bob Rose delivered a single to drive in the winning run in the eighth inning and gain a co-hero spot with Horton.

The tilt was well-played on both sides and the outcome was in doubt until the last out.

The Rockets opened with a single run in the first on a double by Bell and a single by Bob Crues. Midland knotted the count in the last half of the inning on a single by Hughes, a fielder's choice by Rose, a sacrifice by Warren Sitter and a wild pitch.

The teams battled through four scoreless innings before either counted again. Roswell Moves Ahead. In the sixth, Roswell put together a walk to Crues, a single by Mel Neundorff, a walk to Mann and a long fly by pinch-hitter Roy Hill to move ahead.

Midland's sixth and Claude Horton's big blow. Lou Dawson opened with a single and was forced by Kenny Peacock. Gus Pena singled. Horton waited until Dean Franks burned in a fast ball and pounded it half way to Andrews over the leftfield fence for a three-run homer. Everyone, including Harold Webb and Horton, were highly pleased with the blow. The fans chipped in \$83 to prove it. But Roswell wasn't through by a long shot.

Mel Neundorff led off the eighth with a homer in just about the same place Horton hit his. The bases were empty. Mann followed with a foul-line double to right and Dean Franks, Roswell pitcher, singled him home with the tying run.

Rose Comes Through in a Fast Ball. The Indians just wouldn't stay whipped. Kenny Peacock opened Midland's eighth with a double and moved to third on Pena's infield out. Horton was hit by a pitched ball as he attempted to squeeze Peacock home. Stan Hughes went down to make it two away.

Bob Rose stepped in and worked Franks for a three-two count. When the sugar pitch came in fast, Rose pumped it over second for a single to plate Peacock.

Horton mowed down Roswell's "murderers' row" — Jackson, Bell, Crues and Neundorff — without damage being done. Bell reached base on an error but died there when Neundorff whiffed. The win extended the Indians' streak to three games and gave them a clean sweep of the Roswell series.

Schoolmarm

School enrollments in Picketon, Ohio, should reach a new peak when the kids get a look at their teacher for the current year. Virginia Justice will throw open the doors of the little red schoolhouse after her return from a three-month tour of Europe. Relaxing in New York, the young schoolmarm is mightily anxious to get back to the books again, too.

Austin Unbeaten In VFW Softball Tourney

AUSTIN—(AP)—The Austin club carried Texas' colors through the third round of play undefeated in the National VFW Softball Tournament. Only Austin and Wichita, Kan., remained in the winners bracket Thursday. Wednesday, Wichita defeated Fort Madison, Iowa, 1-0 after earlier downing defending champion Toledo. Austin's Julian Kujawa hurled a no-hitter as the Texans defeated Sabina, Ohio, 1-0.

Midland JayCees To Try Odessa JayCees In Donkey Baseball

The Midland JayCees have accepted a challenge to meet the Odessa JayCees in a "Donkey Baseball Game" in Gabriel Park at Odessa Thursday night. The tilt will start at 8:15 p.m. The Odessa JayCees will play the Midland team in a return engagement here later this season. The Stanford Indians have 20 lettermen returning from the 1948 football squad which was four, lost six.

Turnesa Favored To Repeat In Amateur; Odessan Is Beaten

ROCHESTER, N. Y. —(AP)—The forty-ninth U. S. Amateur golf championship stacks up as a battle between Willie Turnesa and a flock of "dark horses." The defending titlist from Elmford, N. Y., stood out Thursday as the tournament swung into the fifth and quarter-final rounds. Robert (Skeet) Riegel and Frank Stranahan, two of the hottest favorites, went out one right after the other and the last of Britain's golfing sons surrendered Wednesday.

Two of the leading younger stars left to challenge the "old guard" were Charlie Coe, the 28-year-old thin man from Oklahoma City, and Harvie Ward, 23-year-old National Intercollegiate champion from Rocky Mount, N. C.

Wednesday Jimmy McHale of Philadelphia ousted Riegel, the No. 1 favorite, 3 and 2, after Riegel had put skids under Stranahan in the featured third round joust, also 3 and 2. Turnesa gave par a whaling in disposing of two opponents early. Rufus King of Wichita Falls, Texas, stayed in the running and will meet H. MacGregor Hunter of Pacific Palisades, Calif., Thursday. Lloyd R. French of Odessa, Texas, was eliminated Wednesday.

Racing at the Long Branch Race Track in Toronto will be held September 28 to October 21.

Longhorn Loop Parley Slated

ABILENE—A meeting of the Longhorn League directors will be held in Big Spring Friday to discuss the league Shaughnessy play-off. Hal Shirley, league president, announced Thursday. The meeting will be held at 2 p.m. in the Settles Hotel. In addition to the discussion of the league play-off, the directors will also discuss the inter-league play-off with the Rio Grande Valley League. Both the Longhorn and Rio Grande Valley Leagues already have agreed on a series between the two league champions at the end of the season to determine the Texas Class D champion of 1949.

Run Tests For Air Forces

(U. S. Air Force Photo From NEA) Roy Cochran, an Olympic track star, makes a test run on 15-mph treadmill at Randolph Field. Cochran has been at the field with Dr. Laurence E. Morehouse, associate professor of physical education at Southern California, setting up a physiology laboratory to test the fitness of future Air Force personnel. Cochran, a civilian, is a graduate student in physical education at the University of Southern California and will return there for the Fall term.

TEXAS LEAGUE—

Turk Lown Elbows No-Hitter For Cats

By The Associated Press
The second no-hit, no-run game of the season was in the Texas League records Thursday and chances of Fort Worth being dislodged from first place were slim. Omar (Turk) Lown, Fort Worth right-hander, twirled the no-hitter Wednesday night as the Cats licked Tulsa 14-0 to run their lead over the second-place Oilers to seven games with only 12 left to play.

Except for wildness, Lown pitched a perfect game. He walked nine, having the bases filled

twice. Meanwhile, the Cats battered five Tulsa pitchers for 17 hits. The first no-hit, no-run game of the campaign was in mid-season when Clarence (Hook) Iott of Beaumont allowed one. The big bat of Jerry Witte provided the punch again as Dallas won its third straight over Oklahoma City 10-4. Witte bashed his forty-fifth home run of the year with two in the second and Oklahoma City never could get close. Five Homers Off Pace

Witte now is five homers behind the pace set by Clarence Kraft of Fort Worth when he hung up the league record of 36 in 1924. Kraft got his fifty-first August 31. The Dallas first baseman has 12 games left in which to slug 40 homers in order to tie Kraft's mark. He has eight in the last 14 days. Shreveport's Sports stayed two and a half games back of fourth-place Dallas despite a 5-2 victory over Beaumont. Time is running pretty tight for the Sports in their battle to get into the play-off. Only 233 paid admissions were recorded as Jack Kraus left-handed the Exporters into submission and sank Beaumont a game and a half away from seventh-place Houston.

Houston edged San Antonio 3-2 as Pete Masar limited the Missions to three hits. Houston got its three runs in the first inning.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 1, 1948-9

West Texas Open Skeet Tournament Is Underway Here

The first round of the Third Annual West Texas Open Skeet Shoot got underway at the Midland Gun Club ranges at Midland Airpark Thursday morning with a star-studded field entered. State and national champions are here in number to shoot for the \$1,500 in cash prizes and awards in the four-day event.

The shoot opened with the sub-small gauge event first on the program. Shooters were to fire at 100 targets. It required most of the morning to complete this event.

The afternoon session brought the small gauge shooters to the line for one of the most popular phases of the shoot. It also is a 100-target event.

A "quail shoot" is planned to Thursday if firing in the first two divisions has been completed. Wind, Cool Weather

Shooters had to battle a slight wind and chilly weather as the shoot opened. Both added to the test of finishing high in the field of top skeet shooters.

The 20-gauge, another popular event, is scheduled to open the day Friday. It will be followed by the 200-target all-bore event Friday afternoon.

The all-bore class carries one of the top prize lists of the tournament and will attract a large number of shooters. If the all-bore shooting is not completed Friday it will continue Saturday morning.

All shoot-offs will be held Sunday, the final day of the meet. Trophies will be awarded at the clubhouse Sunday afternoon.

Among the several hundred shooters here are individual champions and team champions.

LONG RUN
FOXBORO, MASS.—(AP)—Bay State Raceway at Foxboro, Mass., has the largest and richest harness race meeting in New England history this season, operating 50 nights from Aug. 22 to Oct. 18 with purses totaling more than \$200,000. Ed Keller, currently at Laurel Raceway, has been named racing secretary, with Harvey Hartman and Dr. A. C. Goff of Ithaca, N. Y., sharing the starting assignment.

Moanin' Matty Says SMU Has Outside Chance To Win
DALLAS.—(AP)—Coach Matty Bell of Southern Methodist University reversed his field Thursday. The celebrated moaner of football came right out with the assertion that SMU has a chance to win the Southwest Conference championship.

It was almost startling until Bell added: "All seven members of the conference have brought in some fine athletes and each has a chance at the title. I would say that the other six have a better chance than we have."

Bell made the statement as his squad of 60 went to work aiming at a third conference title in a row.

The other six members of the conference—Big Six, Texas, Texas A&M, Baylor, Texas Christian and Arkansas—also opened Fall practice with more than 430 huskies answering the call.

Bell wouldn't pick the team he thought would take the championship. "I am like those guys up before Congress—I refuse to incriminate myself," the Methodist mentor said.

Cites Squad Losses
He didn't agree with the view that Southern Methodist, which has lost only one game out of 22 in two seasons and been in the Cotton Bowl twice, should be the favorite. "We lost Gil Johnson, Paul Page and Dave Moon from our backfield. We lost Joe Ehrhardt and John Hamberger, our starting tackles for two years, and we lost Brownie Lewis, our best guard. I don't see how we can replace them, particularly Johnson, whose passing was a third of our games. Everybody will be pointing for us. How could we be the favorites?"

Vernon pilled up seven runs in the second inning to trounce the Broncs. The score was 12-1. Midland gained on San Angelo in the battle for third place as the Indians edged Roswell 5-4. San Angelo was idle because of rain. Midland now is a game and a half ahead of the Colts.

Bob Rose singled in the winning Midland run in the eighth inning. Odessa strapped Sweetwater, 6-3, getting eight hits—four less than Sweetwater—but doing its hitting in the clinches.

WICHITA, KAN.—(AP)—Fort Wayne still is the team to beat in the National Semi-Pro Baseball Tournament.

The Indiana club, winner of the last two national tournaments, defeated the top seeded Bellingham, Wash., 6 to 4 Wednesday night. It was Fort Wayne's fourth victory against no defeats in the double elimination tournament.

In other contests Wednesday night, the Tuscaloosa, Ala., Indians trounced the Hummelstown, Pa., Motormen 11-0, and the Weimar, Texas, Herder Truckers blanked Sycamore, Ill., 5-0.

Thursday night's schedule includes Milwaukee, Wis., vs. Weimar, Texas. (Fifth round, loser eliminated).

Longhorn League-Dusters, Indians, Oilers Win Tilts; Rain At San Angelo

By The Associated Press
Big Spring, the Longhorn League leader, took a licking from second-place Vernon Wednesday night but the Dusters are a trifle late.

If Big Spring lost all its remaining games it still would finish in first place by a comfortable margin. The Broncs have a bulge of 17 1/2 games over Vernon with only 12 to play.

Vernon pilled up seven runs in the second inning to trounce the Broncs. The score was 12-1. Midland gained on San Angelo in the battle for third place as the Indians edged Roswell 5-4. San Angelo was idle because of rain. Midland now is a game and a half ahead of the Colts.

Bob Rose singled in the winning Midland run in the eighth inning. Odessa strapped Sweetwater, 6-3, getting eight hits—four less than Sweetwater—but doing its hitting in the clinches.

17-Year-Old Texan Paces Caddie Tourney

COLUMBUS, OHIO.—(AP)—The National Caddie Golf Championship went on a man-to-man basis Thursday—with 17-year-old Wesley Ellis, Jr., of San Antonio as the man to stop.

The torrid Texas Wednesday won the 36-hole medal honors in the qualifier with a par 144.

Pair Of Champions

George Glass, Jr., of Midland, twice Texas State Junior Champion and former National Junior Skeet Shooting Champion, stands a foot taller than Charles Prentiss, Jr., of Fabens, former Texas and National Sub-Junior Champion, but their shooting is of the same caliber. Both Young sportsmen are entered in the West Texas Open Skeet Shoot here this week.

Thursday Is D-Day, D For Dove, In North Zone Of Texas As Season Opens With 'Bang'

By The Associated Press
AUSTIN—Thursday is D-Day, Dove-Day, for most of Texas.

The mourning dove season opened in Texas' North Zone at one-half hour before sunrise. It continues through October 14.

The season doesn't open in the smaller South Zone until October 1. Twelve Rio Grande Valley counties have a broken season beginning September 16.

Howard Dodgen, executive-secretary of the State Game, Fish and Oyster Commission, said Tuesday the number of birds migrating into Texas is about normal. He estimated the total between half a million and 750,000.

State law sets the bag limit at 10 per day, with no person permitted to be in possession of more than 10 at any time. Shooting hours are one-half before sunrise to sunset.

Only a shotgun may be used. Repeating shotguns must never be loaded with more than three shells, including one in the chamber.

North Zone Outlined
The North Zone includes all of Texas down to (but not including) the following counties: Maverick, Guadalupe, Caldwell, Bastrop, Lee, Burleson, Brazos, Madison, Trinity, Angelina, San Augustine and Sabine. Those counties and all south or east of them are in the South Zone.

The only change in zoning this year was the transfer of Bexar County from the South to the North Zone.

White-winged doves may be hunted in 21 counties only on September 16, 18 and 20 from 4 p.m. to

Frank (Pinkie) Higgins holds the major league record for hits in succession—12 made in 1938.

Midland Gun Club West Texas' Best

The Midland Gun Club, host for the West Texas Open Skeet Shoot, is one of the largest and most widely known in the state. The club facilities at Midland Airpark are among the finest anywhere. The layout is ideal for a shoot as large as the West Texas Open.

The plant includes four skeet fields and one 16-yard trap. The clubhouse is adequate and is surrounded by ample parking space and facilities for a large gallery.

George W. Glass, one of West Texas' top skeet shooters, is president of the club. James A. Mascho is vice president and C. K. (Ted) Lowe is secretary-treasurer.

Directors of the club include Allen Cowden, Paul Davis, Phil Yeckel, Bob White, Carl Westlund, R. R. Harrell, Mascho, Lowe, R. B. Cowden, Wright Cowden, W. G. Epley, Pat Ruckman, H. J. Phillips, Jack Goddard, Watson La Force, George Glass, Jr., George Glass, Sr., J. C. Bertrand, W. C. Chancellor and Ish McKnight.

Visiting shooters will assist the officers and directors in various phases of the shoot by serving on committees.

Members Listed
The complete membership of the Midland Gun Club follows:

Harry Adams, Peyton W. Anderson, M. E. Arick, J. C. Barnes, J. E. Beakey, J. C. Bertrand, Glenn A. Black, C. W. Blalock, Bill Blevins, Dr. Tom C. Bobo, H. T. Brady, John P. WT-NM League—Abilene, Lamesa Drop Tilts; Clovis, Gold Sox Divide

By The Associated Press
The Albuquerque Dukes didn't get to play Wednesday night in the West Texas-New Mexico League but added a half-game to their lead anyway.

High winds caused postponement of Albuquerque's clash with Borger. Meanwhile runner-up Lamesa lost to Pampa 4-1 and third-place Abilene took it on the chin from Lubbock 6-2.

George Payte pitched six-hit ball in bringing Pampa its win.

Pitching also told the story in Lubbock's conquest of Abilene. Charley Willis scattered eight hits well.

Amarillo and Clovis split a double-header. Bob Monis homered in the last of the seventh to give Clovis a 5-4 win in the first game.

Doug Lewis doubled in the fifth to drive in two runs to bring Amarillo a 3-2 decision in the night-cap.

Conway, Clint; Mrs. Gilly Pfluger, San Angelo; Jim Mascho, Midland; Charles Prentiss, Fabens; Ish McKnight, Midland.

Bulldogs Overpower Stanton Buffaloes In Hot Scrimmage

Sports

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, AUG. 28, 1948—

Western Plastic Stops Joe's Gulf

Western Plastic pushed across all its runs in the third inning Wednesday night to take a 6 to 0 win from Joe's Gulf in the third game of a three-out-of-five series for the Midland Softball League championship. The victory was the first for Western against two for the Gulfers.

John Daylong tossed a five-hitter for the winners as he blanked one of the toughest teams in this area. He received good support in the field.

Walker Triples
A bases-loaded triple by Jimmy Walker highlighted the six-run third for Western Plastic. They banged out seven hits in the frame.

Jerry Matejek, making his fourth playoff mound start for Joe's Gulf, was charged with his first defeat. The series will continue at 8 p.m. Thursday on Wadley Field. Clay Henderson is due to pitch for Plastic. Roy Price gets the nod for the Gulfers.

Hermann Takes GOP Committee Position

WASHINGTON —(AP)—A former professional baseball player took over a \$20,000-a-year job Thursday as executive director of the Republican National Committee.

He is 47-year old Albert B. Hermann, of Milltown, N. J., who Wednesday gave up his \$10,000-a-year post as administrative assistant to Senator Smith (R-NJ) to accept the new assignment.

WEST EUROPE EDITORS TO VISIT FORT WORTH

FORT WORTH —(AP)—Western European newspaper leaders will visit Fort Worth on an air "discovery" tour of the United States.

American Overseas Airlines, hosts for the flight, said the 50 publishers, editors and writers will be here September 11.

Lowest score ever posted in the U. S. Open is the 67-72-68-69-72 recorded by Ben Hogan in 1948.

Defense Stops T Formation; New Backfield Looks Better

The Midland Bulldogs put their new backfield combination to work against outside competition for the first time Wednesday afternoon and powered their way to a one-sided scrimmage victory over the smaller, over-matched Stanton Buffaloes at Memorial Stadium.

Coach Tugboat Jones sent every man to the front line in the practice session and every one gave a good account of himself.

L. C. Thomas, running at full-back only his second day, followed the vicious interference of the Bulldog linemen and backs for slashing gains through the Stanton line on power plays. He alternated with Bob Conner and Larry Friday at the spot.

Friday broke into the clear more than once on "touchdown" runs. Conner was flashy at times as he picked a hole and drove through for nice yardage.

Burns Passes
Jack Burrus was pin-point accurate with most of his passes and brought a smile to the faces of coaches and observers as he hit Graham Mackey, Duane Bush, Harrie Smith and Jimmy Lineberger time after time. The ends inserted a razzle-dazzle theme at times by getting off perfect laterals going down the field.

Charles Crowley, a new halfback, did some passing duty and ripped off good yardage on several time plays.

Reed Gilmore was in good form both offensively and defensively. He has been moved to a blocking back position.

Linemen Look Good
Tackles Bob Wood, Pete English, Stan Coker and Alfred Baze were opening holes big enough to drive a truck through all afternoon. Dalton Byerley carried out blocking assignments better than ever on everything on defense.

Jack Mobley, an agile and quick guard, was in there all the way. Robert Keisling and Roy Kimsy, youngsters up from the junior squad of last season, showed much improvement in the scrimmage.

Defensively, Jimmy O'Neal continued to shine as he moved in fast from the linebacker position to nail ball carriers with crushing tackles. Jerry Culp and Al Scroggin came off the ground to nip the Stanton backs from behind several times.

Mooney Drives Hard
Luther Mooney, still limping slightly with a leg injury, worked mostly on reverses and end runs. He always drives ahead at the point of tackle to pick up that extra yard or two. Although very light and small, he is a "war horse" on offense.

The entire Bulldog secondary looked better on pass defense. A number of interceptions could have been turned into touchdowns had

MAJOR LEAGUES—Lowly Brownies Clip Yanks Again

By JACK HAND
Associated Press Sports Writer
Disaster in St. Louis, following the shocking loss of Tommy Henrich, has rocked the league-leading New York Yankees back on their heels.

Two straight drubbings by the upstart Brownies while Boston was cooling off the surging Detroit Tigers, has cut the Yanks' lead to two games.

Bumping Vic Raschi in a four-run first inning Wednesday night, the Browns soundly thumped the Yanks 10-3.

Cleveland missed a chance to nick a game and a half off the Yank lead when it lost to Philadelphia 3-1 in the second game of a twilight-night double-header after winning the opener 7-6.

Homers by Bobby Doerr and Ted Williams, each with a man on, lifted the Red Sox to a 7-4 win over the Tigers.

The only American League game that did not involve contenders at Philadelphia and Brooklyn-Cincinnati games. Thus the Dodgers remain 1 1/2 games behind the Cardinals.

Eight home runs were hit, five by the New York Giants, as Leo Du-rocher's club thumped Pittsburgh 12-5.

The Boston Braves tightened their grip on third place by edging the Chicago Cubs 4-3 in 10 innings.

Thomas Platt, breeder of Arah, has bred winners of 2,057 races and \$2,941,268 in purses at his Brookdale Farm, Lexington, Ky., in the last 10 years.

Meet Binac, 'The Brain'

The portable "electronic brain" above, called Binac, can solve mathematical problems 12,000 times faster than a human brain. Its co-designer, J. Presper Eckert, Jr., left, and James R. Weiner, right, chief engineer, look over their brainchild in Philadelphia. Besides solving complicated engineering problems, Binac can work out military strategy, compose music and play chess. For something like \$250,000, you can buy one to do Junior's homework.

West Texas Oil & Gas Log—

(Continued from Page One) The Pegasus discovery on the top of the Simpson.

Interested observers expect No. 1 Powell to find the Ellenburger around 12,950 feet.

This prospect has indicated possible production in the Devonian and in the Fusselman zone of the Silurian.

It is 300 feet from north and west lines of section 44, block 40, TP survey, T-4-is.

Midland Due To Get 8,000-Foot Venture

Drilling is to be started soon on a 8,000-foot exploration in East Midland County. The venture will be led by the Eilenburger around 12,950 feet.

The new venture will be the Ramsey Petroleum Company of Dallas No. 1 L. S. Senter. It is located 487 feet from north and west lines of tract 4, section 22, block 1, J. P. Smith survey.

N-C Scurry Wildcat To Finish In Canyon

Standard Oil Company of Texas No. 2-B Brown, Eilenburger wildcat on the north side of the North Snyder-Canyon field in North-Central Scurry County, has plugged back to 6,885 feet in the Canyon and will complete as a producer from that zone.

It had only slight shows of oil and gas in the Eilenburger and found sulphur water in the bottom of that formation in a drillstem test at 6,094-8,114 feet. It bottomed at 8,146 feet.

The Canyon line topped at 6,252 feet showed for commercial production when tested, prior to deepening to the Eilenburger.

None of the formations between the Canyon and the bottom of the hole showed any possibilities of production.

The exploration is 467 feet from north and 1,980 feet from west lines of section 44, block 97, H&TC survey.

LeRoI Executives Visit Permian Basin

A group of executives of LeRoI Company, manufacturers of industrial engines, were visitors in Midland and Odessa Thursday.

In the party were E. A. Longnecker, president, and Tom Shea, general sales manager, both from the concern's headquarters at Milwaukee, Wis.; L. G. Valdes of Tulsa, manager of petroleum industry sales, and F. O. Weidon of Waxahachie, manager of cotton industry sales.

Checking On Oil Industry They came to this region primarily to visit with General Machine & Supply Company, LeRoI distributor for West Texas and New Mexico, and to get better acquainted with the oil industry activity in this region.

While in the Permian Basin the LeRoI executives will visit several oil field drilling rigs and other industrial operations where their products are in use and they will confer with several oil industry executives and other persons using industrial engines.

They were accompanied on their visit to Midland by Ben O. Morgan, general manager of General Machine & Supply Company, and J. Ed Erwin, sales manager of that company, both of Odessa.

Condition Of Phillips Geologist Is Serious

Paul A. Schlosser of Bartlesville, Okla., a research geologist for Phillips Petroleum Company, was admitted to Western Clinic-Hospital Wednesday night as an emergency medical patient.

Schlosser's condition was termed serious on admittance to the hospital and attendants Thursday said he had shown little or no improvement.

Schlosser formerly resided in Midland.

Undergoes Surgery

Mrs. E. H. Hale underwent surgery Wednesday night at Western Clinic-Hospital.

Naming Of National Commander To Close Legion's Convention

PHILADELPHIA—(AP)—The American Legion's thirty-first national convention demanded Thursday that the United States "curtail as far as possible any further immigration" at this time.

The Legion view was expressed in a resolution adopted shortly before the legionnaires were to begin balloting to choose a new national commander, major item at the final session.

The Legion convention also approved a resolution backing a self-help plan "based on the initiative of the people in their own communities without reliance of the federal government in solving unemployment problems."

Under the proposal, town and city councils would confer with industrial and civic leaders and pool their resources on a community plan. It is a key part of the Legion's 1950 domestic program.

The election of a new commander was the main item of business on the last day of the four-day convention.

Indiana Man Out Front Four candidates, all World War II vets, are in the race for the \$15,000-a-year job now held by Perry Brown of Beaumont, Texas.

An Associated Press survey shows George N. Craig, 40-year-old Brazil, Ind., attorney, leading James Green, 33, of Omaha, Neb.

The unofficial tally gives Craig 1,657 votes and Green 1,278. Craig, 28-year-old Dawson, Ga., legionnaire, trails with 68 and Donald Wilson, 31, Clarksburg, W. Va., has 53.

Missing are 288 votes. It takes a minimum of 1,670 votes to elect.

The Legion's 40 and eight society—a funmaking group—ended its four-day convention Wednesday night after electing Clarence E. Smith of Raleigh, N. C., chef d'chemin de fer (national commander).

Ken Regan Explains Big Bend Park Act

Rep. Ken Regan said Thursday a bill approved by President Truman would square up some survey lines in the Big Bend National Park of Texas.

Regan is at his home here while the House is in recess in Washington.

Two days ago the President signed a bill authorizing expenditure of up to \$10,000 for purchase of such land as is necessary to straighten out the park lines.

Regan explained the bill was in reality not a land purchase bill. He said he understood there still were some small, scattered privately owned tracts within the park confines.

A bill passed by Congress in 1948 and accepting the park land from the State of Texas prohibits the outright purchase by the government of Big Bend Park acreage.

Robbers Take \$3,000 From Jewelry Store

FORT WORTH—(AP)—Two armed robbers held up a South Side jewelry store Thursday and escaped with more than \$3,000 in cash and jewelry.

The robbers escaped in an old model car after binding E. A. Tanner, jewelry clerk, with fishing cord. Fred Leo, owner of the store, was away.

Hospital Patient

S. D. Elliott of Bartlesville, Okla., was admitted to Western Clinic-Hospital Wednesday for medical treatment.

Bechtol In Hospital

J. D. Bechtol left Wednesday night for Amarillo, where he was to enter the Veterans Administration Hospital for medical treatment.

Burglary Complaint

A complaint charging burglary has been prepared by County Attorney Joseph Mims against a Midland man. The defendant allegedly broke into a home and took several articles of personal property.

Rutledge Relapses

YORK, MAINE—(AP)—Supreme Court Justice Wiley B. Rutledge was reported resting comfortably Thursday after a relapse. He has a "circulatory condition," doctors reported.

Border Incident

WIESSBADEN, GERMANY—(AP)—A West German border policeman was wounded Wednesday night by tommy gun fire from two Russian soldiers who crossed into the American zone, border police said Thursday.

Divorces Granted

Three divorces were granted Wednesday by Judge Paul Moss in a civil session of 70th District Court here.

Truman—

(Continued from Page One) ure—John Maragon—won't be seen around there in the future.

Vaughan said Wednesday that Maragon was his "lovable" friend, but ought to be "fumigated" before he re-enters the White House.

The reporter wanted to know what the President thought about that. It was then that Truman asserted that the committee hearing was being held at the Capitol and it would not be continued at the White House.

The word that Vaughan would stay on as the President's aide came when a reporter asked Truman if he contemplated any change in Army aides.

The President said: I do not. Vaughan, in be-ribboned Summer uniform was standing behind the President at the meeting with reporters.

One question put to Truman was whether he had barred Maragon from the White House by saying "Go Now, Do Likewise."

The President replied to it by again saying the hearings were being held at the Capitol.

McCarthy told reporters at the Capitol after the press conference that Truman, in retaining Vaughan, is saying in effect that it is "proper" for Vaughan to "peddle influence."

Furthermore, he said, the retention "not only encourages other government employees to follow in Vaughan's example, but says to them that what Vaughan has done is proper—go now and do likewise."

And while Chairman Hoy (D-NC) said the Senate Investigations subcommittee had investigated "about everything that we had any basis for" concerning Vaughan's activities, he added:

"But of course other things might crop up."

The check was reported still in progress as the committee was called for Thursday's session to hear from Jess Larson, the government's chief purchasing officer, and Newspaper Columnist Drew Pearson.

Bolivian Rebels Now Control Four Important Cities

LA PAZ, BOLIVIA—(AP)—Rightist rebels held at least four key centers Thursday as the government confirmed the fall of two more cities.

The government announced that the rebels had taken Yacumba, an important oil center on the Argentine frontier, and Sucre, 250 miles southeast of La Paz.

The National Revolutionary Party (MNR), which launched a revolt against the current government, also holds the important centers of Santa Cruz on the Eastern Bolivian oil fields and Potosi in the tin mining South.

Earlier, however, they had been forced to surrender their stronghold at Cochabamba.

President Expresses Hope For Early End Of 'War Of Nerves'

WASHINGTON—(AP)—President Truman said Thursday the war of nerves between the Communists and Democratic nations is slackening up very much. He expressed hope it would end in surrender as did the World War II shooting conflict.

The President made the comment at his news conference on the tenth anniversary of Hitler's invasion of Poland. He did not say so but implied that the surrender he hoped for would be that of the foes of the Democratic nations.

Reds Push Nearer In Drive Toward Canton

CANTON—(AP)—Communist irregulars Thursday bit a huge kunk out of Northeastern Kwangtung Province.

News dispatches conceded the fall of Hsingning, 125 miles east northeast of Canton, to irregulars who slashed down from Kiangsi Province.

Mehsien, 30 miles northward, was abandoned without a fight. In Hunan Province the Reds appeared to be regrouping for a massive drive toward Canton.

Visiting Parents

Mr. and Mrs. Hugh Corrigan, III, and son are visiting her parents, Mr. and Mrs. M. C. Ulmer here. They are enroute to their home in Lero Beach, Fla., from Colorado.

Laceration Treated

Diana Yates, two years old, was treated at Western Clinic-Hospital Wednesday night for a lacerated foot.

Six Die In Barge Crash

COPENHAGEN—(AP)—The 7,176-ton Danish steamer Nevada collided Thursday with a channel dredging barge near Aalborg and six of the 11 crewmen on the barge were killed.

Flood Threat Faces 66,000 Homeless In Typhoon-Hit Tokyo

TOKYO—(AP)—Dead and injured piled up Thursday in Tokyo's typhoon-flood ravaged area with 66 known dead, 223 injured and 50 missing in the Central Honshu storm area, which includes Yokohama.

Some 100,000 men worked feverishly to sandbag river levees against a repetition of property damage from wind and water mounted steadily after the blow which lashed the Tokyo Bay metropolitan area Wednesday night, leaving 66,000 homeless.

The big danger was to come when the Tone River and other streams—swollen by 13 inches of rain—raged down onto the Kanto Plain north of Tokyo.

It was here, authorities feared, that the 1947 devastation to the Tokyo area might be repeated.

Waters of the Tone already lapped at the bridge of the main rail line. And the flood crest was yet to come.

Americans Are Safe All the dead were Japanese. The only American mentioned in either casualty or missing lists was an Eighth Army soldier hospitalized by flying glass cuts.

Less than 24 hours after the typhoon whipped Tokyo Bay into 50-foot waves with 100-mile winds this was the dismal picture:

In Tokyo alone, 49,000 persons were being fed and sheltered by the Japanese Red Cross and government agencies. Many left damaged homes but most fled rising waters.

In Kanagawa Prefecture, more than 10,000 were homeless. To a lesser degree, it was the same through a total of nine prefectures on Central Honshu Island.

The storm did extensive damage to U.S. military installations, housing areas and aircraft.

Manager—

(Continued from Page One) ing facilities which are too small to attract economical bids and which can be carried out with regular maintenance personnel.

2. That the work of city employees, except as above stated, and with the exception of the departments engaged in collections, accounting, law enforcement, fire protection and inspections, be confined to operating, maintaining and repairing existing facilities.

3. That all engineering, plans, specifications, supervision and inspection of major capital additions, such as the sewage system, street paving, and water works, be done by qualified consultants on a negotiated contract basis, including the balance of the engineering supervision, inspection and surveying on current paving program.

4. That no additional capital improvements of any nature or size be made or constructed until the proposed addition has been specifically approved by resolution of the council and that such additions be paid for insofar as possible out of existing bond funds, or bonds hereafter authorized, until such time as there is a surplus of general funds which may be used for that purpose. In the latter connection, the council should attempt to accumulate a reserve out of general funds to cover emergency additions, and improvements which can not be planned for in bond issues.

5. That the work of the consulting engineers in connection with the sewage disposal plant, the additional paving, and the work already contracted for with the firm of Koch & Fowler be so arranged that the council should attempt to accumulate a reserve out of general funds to cover emergency additions, and improvements which can not be planned for in bond issues.

6. That all additional capital improvements be made and scheduled in accordance with the aforesaid plan and the funds available therefor.

7. That a revised budget be adopted to reflect the aforesaid general policies, this budget to be effective as of October 1, 1948, and to be changed so as to begin October 1 and end September 30.

8. That the personnel of the city be changed to conform with these policies.

9. That all purchases of material, equipment and supplies and contracts for services, other than professional services, where the amount is in excess of \$100 be made on the basis of sealed competitive bids to be approved by the Council, except in cases of emergency where the emergency is reported to and approved by the council at its next meeting following the purchase; any purchases or contracts involving less than \$100 to be made by the city manager on sealed bids where possible or after inquiries as to prices from as many suppliers as possible.

10. That the books and records of the city be revised in accordance with accepted municipal practices so as to reflect from month to month and at all times the extent to which actual receipts and disbursements by departments and budget classifications are in line with budget allocations, therefor and estimated income. In this connection, a budget should be based upon definite work plans and anticipated services and supplies incident thereto so that it should be possible, if the budget is a forecast of the work to be done, to show the estimated receipts, or the funds which can be allocated to it if it produces no specific revenue, and schedule the purchases of supplies, equipment and services and the performance of the work in harmony with such a plan. If this is done, the monthly records and reports would then show to what extent the yearly program is progressing as planned or is falling behind the plan, either as to work or receipts.

11. That no disbursement of bonds funds be made until specifically approved by the council and that monthly reports be made to the council showing the status of each bond account, including the original amount authorized, the sums expended currently and to date, the amount thereof encumbered and unencumbered, the amount thereof on hand, the cash in investments, and the progress of each project undertaken.

12. That each department submit a detailed monthly report of the progress of all projects under its jurisdiction which have been completed during the month and which are in progress and which are not yet started.

Rotarians Discuss Club Classifications

Membership preconcans and classifications held by members of the Midland Rotary Club were discussed by Rotarians at their regular meeting Thursday noon in the Scharbauer Hotel.

James Mims was program chairman and Glenn Mershon told of the membership procedure of Rotary. A study of members' classifications followed.

Free A. Bird was elected to membership in the club. Hilton Kaderli, president, presided at the meeting.

Typhoon Brings Food To Hungry Japanese

TOKYO—(AP)—Hungry Japanese smacked their lips Thursday in the wake of Wednesday night's typhoon. The blow kept sparrows clinging to tree branches.

Thursday morning the exhausted birds fell to the street. Passersby, hungry for fowl, fish and beef, picked them up and rushed them to the stew pot.

Glassblowers take pride in being called "blow-hards" because it is their enormous breath pressure that shapes much of the fine hand-made American glassware. Checks of some glassblowers distend until their faces are as large as cantaloupes.

1,560,000 Miles; Never Left Town

You'd think a railroad conductor who has traveled 1,560,000 miles in the last 50 years would have seen a lot of country. But not R. A. (Buck) Ewing of Cleveland, Ohio, left above. Ewing, a yard conductor for the New York Central, logged all his mileage in the yards of Greater Cleveland. In fact, during his 50 years of travel he never left town. Supt. W. H. Leahy of Cleveland gives Ewing a gold pass in honor of his long service. The pass entitles him to ride anything that rolls on the Central. In the future, the veteran conductor plans to get around a bit.

Planning—

(Continued from Page One) tion to the sound growth of the city.

"We will continue to call upon you for help. You have our sincere thanks for all of your work and our best wishes."

Butler Resigns Vice Chairman Butler, in his letter of resignation dated August 8, said he was "compelled to resign" due to the "pressure of other duties."

In his letter to Mayor Neely, Butler said: "I want you to know that I have enjoyed thoroughly working on this commission and I am sure I have gained more useful information from my attendance at the meetings than I have been able to put into them."

"You have an excellent group of men on the commission, and it has certainly been a pleasure to work with you and with them."

In thanking Butler for his service, Mayor Neely Thursday wrote: "I want you to know that the City of Midland is deeply appreciative of your untiring services as vice chairman of the City Plan Commission, and that all of us regret that you have found it necessary to resign. In the years of hard work that you have devoted so unselfishly to the city as councilman and as a member of the City Plan Commission, all of us have come to rely upon your advice and trust your judgment and we know that we shall continue to call upon you from time to time for further assistance."

"It was hoped that we could prevail upon you to continue as a member of the plan commission and therefore this acknowledgment of your letter of August 8 tendering your resignation was delayed. Please accept our sincere thanks for your splendid work and our best wishes."

The mayor also sent letters Thursday to other members of the commission expressing "deep" appreciation for their "fine services" and "excellent work" which he said "has contributed much to the sound growth of the city."

Several other members of the commission expressed belief that they do not have sufficient time to serve properly on the commission due to the press of their business interests.

Place For Terminal Lions Social Changed

A Terminal Lions Club social, originally planned as a barbecue to be held Thursday evening in Cloverdale Park, will be held instead at the Officers Club, building T-184, Midland Air Terminal.

The change is due to threatening weather, according to S. J. Clark, club president. The affair, for club members and a few of their families, will get underway at 6:30 p.m.

Guest speaker will be Jim Daugherty, governor of district 2-T-2. Other entertainment will be furnished for the children.

1950 Maid Of Cotton Contest Gets Underway

MEMPHIS—(AP)—The National Cotton Council announced the opening of the 1950 Maid of Cotton contest Thursday.

It is the beginning of an 18-state search. The eligibles: Any single girl between 19 and 25, at least five feet, five inches tall and a native of a cotton-growing state.

Mexican Oil Industry Progressing, Aleman Declares In Address

MEIXCO CITY—(AP)—President Miguel Aleman told Congress Thursday that the position of the government-backed Mexican oil industry is promising and the stabilization of the peso is "giving the good results we expected."

In his annual state of the nation address, President Aleman noted that discrimination against Mexicans in his country is decreasing.

The President said Mexico was well able to paddle her own canoe on the world's troubled economic waters. He made no mention of the recent denial of a \$203,000,000 oil loan from the United States.

All Aboard Killed In Flying Boat Crash

SAN DIEGO—(AP)—A 30-ton Navy flying boat crash into the fog-enshrouded sea off the harbor Wednesday killed the four officers and six enlisted men aboard.

A crash boat and Coast Guard rescue flying boat recovered three bodies. Search for others continued.

The first victims identified by the 11th Naval District were: Lt. Mark H. Colmorgen, 29, pilot; Coronado G. Kollmorgen, 29, Chief Machinist's Mate George Oliver, 30, National City, Calif.

War-Racked—

(Continued from Page One) the back door of the Carpathian Mountains. I had never heard of Stuka dive bombers. I got acquainted with them in a Polish city called Lvov.

It is written that they who take the sword shall perish by the sword. But many more innocent are slain. I saw Polish women and children die in the streets of Lvov when all the defense that city had against Nazi air attack was a few old machine guns.

In the next terrible years, as the holocaust spread over the land, an estimated total of 22,000,000 persons perished. Another 34,000,000 were wounded and maimed. Lively Ghost Arises

What has happened to Poland? Divided upon by Hitler and Stalin, cut up again by Russia, America and Britain, Lvov now is under the Soviet flag.

World War II was supposed to have been fought to crush German militarism. But the lovely ghost of the German Army—at least 100,000 troops strong—has arisen east of the Elbe under Soviet sponsorship. It bears the alias, "People's Police."

And in Western Germany certain politicians speculate not too discreetly on the day when the West German army will bear arms.

Two German generals were hanged at Nuerenberg, but there are plenty of other German generals still around to serve either side in the next war.

Forty-two per cent of American farms now have telephone service, highest percentage in history.

Second Red Refugee Flier Determined To Remain In U.S.

NEW YORK (AP)—Unlike his buddy who went back to Russia, Peter Pirogov, refugee Soviet flier, says he is determined to stay in America.

In Pirogov's words, Anatole Barsov, with whom he fled from the Soviet, is a "swine and a scoundrel" for going home.

Pirogov said Wednesday that the Soviet Embassy in Washington had used threats and offered bribes to try to get him to go back, too.

But he said he has "not been disillusioned" here and intends to stay.

Pirogov, who with Barsov deserted the Soviet Air Force last October 9 in the U. S. Zone of Austria, now is living in New York and writing a book.

Blames Spy Network

Barsov was returned to the Russians in Austria by American authorities at his own request Wednesday.

Pirogov told a news conference he had done his best to persuade his companion to remain here. He said he told Barsov he would "die in six months like a dog in Russia" if he went back.

He said that while here Barsov "got into a net of Soviet spies whose purpose was to confuse him to such an extent he would be willing to go back."

"Perhaps he was lonesome for his family," Pirogov said. "I am certain he never was a Soviet agent because our flight from the Soviet Union was all on my initiative and on my preparation."

"If Soviet authorities had 'planted' a man," he said, "they would have chosen some one a little less stupid."

STOPGAP FINANCING

WASHINGTON (AP)—A stopgap bill supplying operating funds for scores of government agencies was hustled through the Senate Wednesday. It was made necessary by the two-month congressional delay in setting on regular money bills.

FALL TERM Begins Tues., Sept. 6

In view of the unprecedented opportunities and the tremendous demand for Hine graduates, early enrollment will be to your advantage.

Many have already been enrolled.

ENROLLMENT WEEK Aug. 29 thru Sept. 3

DAY COURSES

Truman Predicts Final Passage Of 'Fair Deal' Program

WASHINGTON (AP)—President Truman predicted Thursday that his "Fair Deal" program ultimately will be enacted in full.

The President told a news conference he is confident the 81st Congress will catch up at its next session on matters he has been unable to get through at the current session.

He reminded the conference that the 81st Congress is in two parts and that there still is a long way to go, even on the present session.

The second session starts in January.

Truman said he stands full tilt behind the \$41,900,000,000 budget he submitted to Congress in January.

This was his reply to a question about congressional attempts to write into appropriation bills a rider directing him to make percentage cuts in overall funds voted by the two Houses.

He said he was very pleased that such an economy rider by Senator McClellan (D-Ark) was defeated.

Board Visits All Plants Of System

Members of the board of education of the Midland Independent School District met Wednesday for a short business session and then visited school plants of the system.

Routine business was handled at the board meeting including the authorization of the purchase of cooking equipment for junior and senior high schools cafeteria. Regular bus drivers were elected.

Teachers elected included Miss Frances Ann Eubanks, South Elementary; Mrs. Pat Owens, Terminal Elementary and Miss Marcia Smith, Junior high school.

Resignations were accepted from Miss Margaret Smoot, Margaret Hillman and Mr. and Mrs. John F. Wright.

School department heads joined the board members for a dinner meeting after the visitations.

Congratulations To:

Mr. and Mrs. E. F. Mills on the birth Thursday morning of a daughter, not yet named, weighing seven pounds.

Mr. and Mrs. W. D. Jones on the birth Thursday of a son, Don Cooper, weighing four pounds, eight ounces.

Mr. and Mrs. C. J. Kerth on the birth Thursday of a son, Clarence Jerome, Jr., weighing six pounds.

Mr. and Mrs. A. J. Armstrong on the birth Wednesday of a daughter, Beverly Kay, weighing six pounds, six ounces.

Mr. and Mrs. Paul D. Anderson on the birth Tuesday of a son, Kenneth Donald, weighing eight pounds, 14 ounces.

Mr. and Mrs. Dayton Swails on the birth Wednesday of a daughter, Barbara Jean, weighing six pounds, eight ounces.

Senators Plug For Prompt Passage Of Anderson Farm Bill

WASHINGTON (AP)—Senators of both parties plugged Thursday for passage of a compromise farm program, apparently with President Truman's backing.

The measure, written by Senator Anderson (D-NM), was sent to the Senate for action Wednesday soon after Democratic farm leaders returned from a visit to the White House.

Truman was asked at a news conference Thursday just what he told the farm conferees that got such fast action from the Senate Agriculture Committee.

He said it wasn't anything he told them—that when they sat down together to talk things over they found that they were not as far apart as they thought they were.

He said that usually is the case.

Senator Aiken (R-Vt) reported that the Senate Agriculture Committee had been informed the President would support the Anderson bill.

"I think this assures that the farmers will be in pretty good shape for another year," Aiken said. "This is a long range farm program that is not in conflict with the 1948 act now on the books."

Few Changes Expected

Aiken and other Republicans cooperated with Anderson in developing the compromise, which would keep the present high-level rigid supports for 11 important crops, but substitute flexible supports for the others.

The unanimous vote within the committee indicated it probably will go through the Senate with few, if any, major changes.

Then the measure must go back to the House, which has passed a far different bill.

Anderson would assure price props near present levels for wheat, cotton, corn, peanuts, tobacco, butterfat, milk, Irish potatoes, soybeans, wool and mohair.

His bill would give Secretary of Agriculture Brannan wide authority to support other farm products at varying price levels. The amount of funds Congress provides later also would be a major factor.

Business Conditions Mixed, Report Shows

DALLAS (AP)—Business conditions were mixed in this Federal Reserve district during July, the Dallas Federal Reserve Bank's monthly report shows.

Consumer buying was about 10 per cent less than in July, 1948. It also was about the same amount under June—but that is consistent with the usual seasonal decline.

However, cotton production prospects are bright, the report issued Wednesday said. The Texas crop may reach as much as 1,300,000 bales more than last year.

Livestock, Oil Active

Livestock prospects are good, and oil drilling activities continued at a high level.

The demand for gasoline continued strong in the face of a crude oil production decline in July.

The decline in commercial, industrial and agricultural loans was broken in July, the Federal Reserve Bank said.

But demand deposits of member banks were almost \$119,000,000 less than a year ago.

In retail business, the Federal Reserve survey covered Dallas, Fort Worth, Houston, San Antonio, Corpus Christi and Shreveport, La.

It showed department store sales down six per cent for the first seven months of the year compared to the same period in 1948. For the last month, sales were down 10 per cent compared with July, 1948.

Livestock

FORT WORTH (AP)—Cattle 1,100; calves 300; cattle slow, steady; calves steady to weak; good fed steers 24.00; common and medium steers and yearlings 15.00-21.00; beef cows 13.50-18.00; good and choice slaughter calves 20.00-23.50; common and medium 14.00-19.00; stocker cattle scarce; good steer, alive 22.00-23.00.

Hogs 600; steady; good and choice 190-270-pound butchers 21.00-25; good 160-190 pounds 18.00-21.00; good 280-375 pounds 19.75-31.00; sows 16.00-17.50; feeder pigs 14.00-17.00.

Sheep 1,000; steady; medium grade slaughter Spring lambs 20.00-21.00; other grades scarce; common and medium yearlings 15.00-17.00; medium and good feeder lambs 14.00-20.00.

COTTON

NEW YORK (AP)—Thursday noon cotton prices were five to 50 cents a bale higher than the previous close, October 29.89, December 29.99 and March 29.84.

FATHER OF MIDLAND MAN DIES AT TEAGUE

D. L. Coleman of Midland was notified Wednesday of the death of his father, W. E. Coleman, at Teague, Texas.

Mr. and Mrs. Coleman left Midland immediately for Teague. Funeral services had not been set when they left.

TRUMAN PREDICTS OIL LOAN FOR MEXICO

WASHINGTON (AP)—President Truman predicted Thursday that eventually the United States and Mexico will reach a satisfactory agreement on an oil loan for Mexico.

He said negotiations on the project will continue.

PRINT STALLIN WORKS

PRAGUE (AP)—Czech Communists are pushing a three-year printing plan to publish all the works of Stalin, so that every worker can be armed "with the means of defeating reaction." The official Czech press agency said that the first 100,000 copies of Stalin's books to be printed here were hardly enough to stock the libraries, information centers, and factory reading rooms. In the second 100,000 some were available for sale to individuals.

TO UNDERGO SURGERY

George Sell, Jr., was to undergo surgery Thursday at Western Clinic Hospital.

Felt Hat Day is Saturday, September 3rd...

as usual, Dunlap's is ready with a full line of Fall Hats styled by Dobbs, Stetson and Champ. Don't wait. Buy yours Friday.

For Men Who Like Western Styles...

The STETSON Open Road

You'll like the smart lines of the Open Road, and you'll like its comfortable, light weight. But most of all you'll like the fact that it's a Stetson. See the Open Road today.

\$12.50 and up to \$50.

Dress And Conventional Styles...

DOBBS Guild Edge*

Men who know the value of a fine appearance instinctively select Dobbs hats. They cannot afford to gamble with style or quality.

Whatever the current fashions—they trust the Dobbs interpretation to be correct... authentic... smart. And they trust the Dobbs label for the greatest measure of quality!

These and other Dobbs styles \$8.50 to \$20.

Champ Felt Hats In a pleasing variety of styles \$5.95 and \$7.50

DOBBS

If You Hanker After the Open Spaces... Go

Westward

If you're a city-bound fellow who yearns for the ranch life, release your inhibitions in the "Westward." Dobbs tailored this lightweight, fine-textured hat to be jaunty as a cowboy and easy as an old saddle. Wherever men get together, "Westward" is a stand-out style...yes sir, with a capital "S."

\$10. and up to \$75.

The STETSON Whippet

The sleek, trim lines of the Stetson Whippet...and the bold sweep of its brim...help to give you that confident, up-and-coming look that says you're "going places." And the Whippet is going places, too—it's America's favorite hat!

These and other Stetson styles \$8.50 - \$10. - \$12.50

Dunlap's

Midland's Complete Department Store

Czechs Get Business Lessons From Russia

PRAGUE (AP)—Business is business, even among the professed adherents of the strict Marxist-Leninist line. Czechoslovaks got further proof of this recently when the Russians handed them a bill—in dollars—for the transport of a Czechoslovak track and field team to an invitational meet in Moscow.

Upon their return some of the athletes said that, although they lost on points, they had profited in "a great lesson in socialism." A month later the Russians also gave them "a whacking stiff bill" for the ride—to Moscow and back—in Russian transport planes. The Russians asked dollars, no Czech crowns or Soviet rubles.

Minimum-Wage Hike To 75 Cents Virtually Assured

WASHINGTON (AP)—An increase in the minimum wage from 40 to 75 cents an hour was virtually assured Thursday.

The Senate voted for it Wednesday; the House did so earlier. All that remains now is for the two branches to compromise other points in the bills.

The principal issue to be settled concerns employees covered by the law. The House bill would remove about 1,000,000 workers from coverage. The Senate provided exemptions for an estimated 250,000 or so, mainly in retail stores.

With the Senate taking a week's rest, and the House on vacation until September 21, efforts to iron out the differences will be delayed. Some 22,000,000 workers are covered by the law, but Senator Pepper (D-Fla), floor manager of the bill, said that only about 1,500,000 of them now are being paid less than 75 cents an hour.

MARRIAGE LICENSES

Marriage licenses have been issued by the county clerk to Augustina Pens and Betty Triantzas, and Clifton B. Manning, Jr., and Frances Ann Rush.

Change Of Costume Clears Up Obstacle

CHICAGO (AP)—Bathing beach attire is banned at Chicago's Museum of Science and Industry. So the museum added a stock of a half-dozen wrap-on skirts for women visitors wearing bathing suits or shorts.

Bathers from nearby Jackson Park Beach on Chicago's South Side frequently entered the museum in scanty wear.

Mrs. Martha McGrew, of the museum staff, said that, although officials aren't against such brevity, they didn't consider the museum a proper place to wear play clothing.

But on one occasion the spare skirts weren't needed. Girl guides at the museum entrance halted six teenage girls. Children under 12 are permitted to enter wearing brief apparel.

One girl, Mrs. McGrew said, was average. A younger girl was appropriately dressed. None would enter unless all were admitted. The girls went into a huddle. They disappeared and soon returned.

All were passed through the entrance. The older girl had exchanged costumes with the appropriately clothed 12-year-old.

Australian's Pony Just Won't Take Rest

CHATSWOOD, AUSTRALIA (AP)—Maurice Woodward, builder, decided his pony had grown too old to carry him to work, so bought a utility truck.

But it just didn't work out. Prince fretted, appeared on the doorstep every morning to let the boss know it was time to get going, couldn't understand when Woodward went off in the new "wheeled" vessel and left his faithful old-sider behind.

It got so pathetic that Woodward now hitchhikes Prince beside the truck and takes him along at a few miles per hour.

Sore Throats In Family At Crane

CRANE—There are a lot of sore throats in the L. H. Barker family of Crane.

Mr. and Mrs. Barker marched their three children, Mary Ann, John and Leonard, into the Crane Memorial Hospital Wednesday morning and had all their tonsils removed.

Sale of soap in Crane grocery stores should be on the rise.

DOES NOT CHOOSE TO RUN

WASHINGTON (AP)—Republican Senator Taft said Wednesday night he's not a candidate for the 1952 presidential nomination.

LIFTED TO SAFETY

KALGOORLIE, AUSTRALIA (AP)—A gold miner here, was incautious. There was an explosion 70 feet away. His mates rushed in expecting to find him shattered. He was merely dazed. The explosion had lifted him bodily, and the flying rocks had passed under him. He was, however, severely peppered by small bits, which had forced pieces of dungaree and flannel beneath his skin. Blood poisoning resulted but he recovered.

Eleven W-T Counties List 38 New Oil Explorations In Week

During the past seven days 11 West-Texas counties shared the 37 new locations for petroleum explorations which were reported to the Midland district office of the oil and gas division of the Railroad Commission of Texas. During the previous week 44 new locations were filed in 12 counties.

Included were locations for five wildcats.

Scurry County led the list of field locations with 11 projects. Ector County gained six new explorations and Andrews County followed with four.

Three new locations were listed in Pecos. Drillists were established for two new explorations in each of Cochran and Crane Counties.

The remaining locations were staked one each in Borden, Hockley, Loving, Ward and Winkler Counties.

Pecos County reported three wildcat locations. Andrews and Scurry gained a wildcat each. One amended application on a wildcat location was reported in Scurry County.

Eight amended applications were filed. They were distributed three to each of Andrews and Scurry Counties and one each to Cochran and Crane Counties.

Andrews County

Kansan, 74, Beard Still Stepping Out

LEAVENWORTH, Kan.—(NEA)—Kirby McRill, who calls himself the "World's Champion Walker," came back home after seven months in a Kansas City hospital. But he took a bus.

Kirby says he isn't quite up to snuff yet, which is why he didn't walk it. Not because he's 74, but because, he claims, someone laid him low with a dose of strychnine.

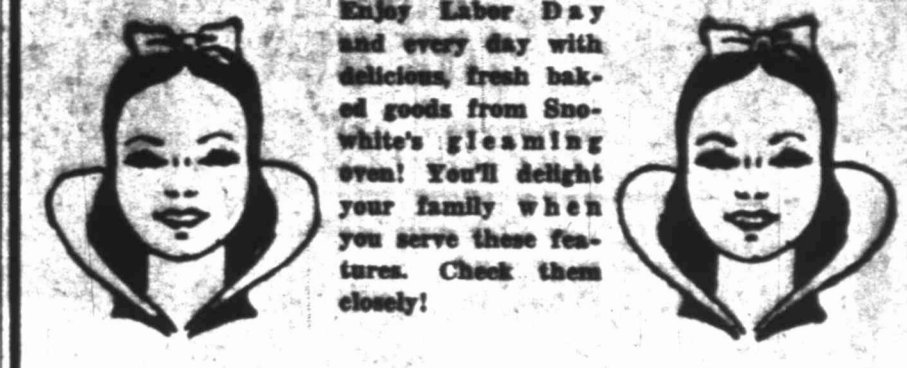

"The fellow said he was going somewhere, and didn't have time to eat his lunch. Well, I'm a big eater. Polson musta been in a hunk of cheese. A few days later, I just keeled over, right there on a main street in Kansas City."

He's out now "walkin', gettin' the blood back to goin', gettin' in practice." He's practicing up for a long walk this Fall. He plans to hike up to Chicago to take in the railroad fair.

All Over Country

Kirby McRill first attracted attention by walking into Leavenworth from his farm every time he had business in the city. It was a

Labor Day Features!

Enjoy Labor Day and every day with delicious fresh baked goods from Snowwhite's gleaming oven! You'll delight your family when you serve these features. Check them closely!

Bonn Solons To Get Private Restaurant

BONN, GERMANY.—(P)—One of Europe's tightest restaurants is rising here on the green banks of the Rhine just for the new West German parliament. You'll have to get elected to parliament—or know one of its members—to dine in it. Public and press will be banned—so the parliamentary deputies can at least get some rest while they are eating," says Manager Paul la Roche. The east side of the restaurant, facing the Rhine, is built entirely of glass. Enclosed in green-leather chairs, deputies can gaze across a poplar-studded terrace at the storied Rhine river.

Newsmen assigned to cover the new parliament will get a spacious establishment all their own. Several two-story buildings with sound-proof rooms are going up near the parliament building just for the press. Newsmen also will have a special restaurant for their use.

Russian Political Group Is Growing

MOSCOW.—(P)—The All Union Society for the Dissemination of Political and Scientific Knowledge is disseminating a lot of political and scientific knowledge. Membership has reached 40,000—almost doubling since 1948.

In 1947 the Society had organized about 1,000 lectures a month in towns and villages. In 1948, 7,000 lectures were given in a month, but in 1949 the total had grown to about 20,000 lectures a month.

An aluminum car, weighing only 770 pounds, with a battery-charged electric motor, was invented in Paris.

Here's all you have to do to be eligible to win in WHITE MAGIC SOAP'S MAGIC QUIZ

THE QUESTION OF THE WEEK
September 5 to September 10
WHAT IS A BOB-WHITE?

1. Be prepared to answer the Question of the Week if the White Magic Soap Quiz Man should call your home on the telephone.
2. And be prepared to answer a second question which will pertain to some part of the printed portion appearing on a package of White Magic Soap... Featured in all SAFEWAY STORES.
3. If you live within a 20-mile radius of a SAFEWAY STORE, in any of the following States you are eligible to receive a telephone call from the White Magic Soap Quiz Man: California, Oregon, Washington, Utah, Idaho, Kansas, Wyoming, Arizona, New Mexico, Western Texas, Nevada.
4. Telephone numbers to be called will be selected on an impartial basis by the Ruben H. Donnelly Corporation, to insure absolute fairness in the selection of numbers to be called. Anyone in your home may answer the questions.
5. The contest will open on July 25, 1949, and will run for 8 consecutive weeks, closing on September 17, 1949.
6. The White Magic Soap Quiz Man will place all calls from contest headquarters in Los Angeles on week days—Mondays through Fridays—excepting holidays—between the hours of 9 A. M. and 4 P. M. Pacific Standard Time.
7. You may have a package of White Magic Soap available at Safeway! handy for quick reference, or you may use a facsimile of the illustrations and copy appearing on a White Magic Soap package, or you may remember what appears thereon. Remember, you do not have to buy anything to be eligible for a prize, but a package of White Magic Soap will certainly make it easier for you to answer the second question—if you are called.
8. Contest subject will Federal and State regulations.
9. Employees of Safeway Stores, Inc., their relatives and divisions, advertising agencies, and the contest judging organization—and their families—are not eligible as contestants.

+ McCamey News +

McCAMEY—Mr. and Mrs. W. T. Thomas left Tuesday for House, N. M., after receiving word of the death of Mrs. Thomas' sister, Mrs. A. L. Morrow.

The McCamey Garden Club will meet at 4 p.m. September 7 in the home of Mrs. W. K. Ramsey of the West Texas Utilities Camp.

Mr. and Mrs. Guy Burton, Jr., are parents of a daughter, born August 17 in a San Angelo hospital. The baby, Kristie Lee, weighed eight pounds and four ounces at birth.

Mrs. R. A. Barger returned last week from a vacation in California. She visited her son, Jack Tilson, and family in Los Angeles and visited other points in California.

Miss Billy DeBusk left Wednesday for Dallas to enroll for a three-year nurses' training course at Parkland Hospital. Miss DeBusk is a 1948 graduate of McCamey High

School and has been employed by Dr. Hal Cooper for the past year as office nurse.

Jim Smith of Girvin has returned from San Angelo where he underwent major surgery in the hospital there.

Mrs. A. D. Duncan and daughters, Wanda and Carolyn, and Donna Smith spent Tuesday night in San Angelo as guests of Mr. and Mrs. Houston Oney. Mrs. Duncan's mother accompanied the group to San Angelo enroute to her home in Dallas. She has been a guest in the Duncan home for a month.

Miss Eunice Fae Griswold will leave Friday for Toledo, Ohio, to begin her second year as teacher in the Toledo school system.

Mr. and Mrs. Bunk Foster had as their guest this week, Mrs. Foster's cousin, Jack Taylor of Fort Smith, Ark.

Mrs. Dale H. McCoy of Hobbs, N. M., is a guest in the home of her parents, Mr. and Mrs. Lovie Burnett.

James Rutherford will leave Friday for Austin to attend the State Bankers Conference there.

Mrs. G. C. Pauley left last week for Kansas City, Mo., after receiving word of the illness of her daughter, Mrs. Paul T. Coker.

To Fete Faculty

Members of the McCamey school board will be host at a barbecue for all school employees and their families Thursday. The barbecue will be held at 6 p.m. in the City Park.

The Lovie Burnett family members spent last weekend in Lubbock, where they attended a reunion of the Burnett family. This is an annual affair and was held in McKenzie State Park. Forty-eight members of the family were present for the occasion.

Mr. and Mrs. H. R. Dooley are parents of a son born in a Bonham hospital, August 22. He has been named Harold Ray, Jr.

Frank Driskill is visiting in the home of his parents, Mr. and Mrs. H. W. Driskill, during the between-semester period. He plans to return to Sul Ross College September 14 to continue his studies. He will begin his junior year majoring music.

Charles Cox is visiting his parents, Mr. and Mrs. C. H. Cox. Charles has just finished work for his masters' degree in Sul Ross College and has accepted a teaching position in the college for the coming semester. He will teach radio, debating and business and professional speaking.

Mr. and Mrs. Ellsworth Mayer and daughter, Patricia, of Cisco were guests in the home of Mr. and Mrs. H. H. Qualls Tuesday night and Wednesday. Qualls and Mrs. Mayer are sister and brother.

322 South Main St.

USED FEED BINDERS FARM TRAILERS

TO OUR SUBSCRIBERS...

Perhaps you do not understand fully your newspaperboy's little business problems.

You are interested in his work.

He is an independent dealer, purchasing his papers from The Reporter-Telegram and retelling them to you. His time for business again is limited between school and home. He also has only a small amount of business; therefore, only a small bank with which to operate. He pays in advance for all papers he receives. He MUST COLLECT before he realizes any returns from his investment.

His collection dates are the Saturdays nearest the first of each month.

It is his aim to see that you are served properly. We feel that you will cooperate by PAYING your bill on HIS FIRST CALL. Or, better, mail us your check for the entire year for \$9.00. He will receive full credit each month, the same as if he had made the collection.

We try to teach our Carrier-Salemen and Newspaperboys that good service and punctuality are the stepping stones to a sound, successful business in later life and that . . .

"BUSY BOYS ARE BETTER BOYS"

Different Tune

A featured attraction of a Washington stage show was Tony Lavelli and his accordion. The four-time Yale All-America basketball forward making up rejected an \$11,000 contract with a Syracuse professional team in favor of a musical career.

Stanton News

STANTON—Mr. and Mrs. Chuck Houston visited relatives in Ozona recently.

Bell Jones and Edith Davie are home from West Texas State College at Canyon where they attended the Summer term.

Mrs. Lizzie Thompson has returned from Abilene where she has been for several days under medical treatment. Mrs. Howard Price and children are visiting her.

Mr. and Mrs. George Shelburne visited in San Angelo Sunday.

Mr. and Mrs. B. B. Roberts and children of Alvarado were recent visitors in the home of Mr. and Mrs. E. M. Massey.

Mrs. Cora Pierce, Mrs. Wells, Mr. and Mrs. Wishard and Mr. and Mrs. Bert Finley are visiting in the home of Mr. and Mrs. Jack Arrington.

Mr. and Mrs. J. D. McCree attended a reunion in Colorado City last week.

Teacher Returns

Mrs. Pat Orren, a teacher in the Stanton schools, has returned from Commerce where she attended Summer school.

Mr. and Mrs. C. C. Kelly visited their daughter, Mrs. J. N. Clark, in Colorado City recently.

Mr. and Mrs. Arley Hull and family of Andrews were recent visitors in the home of Mr. and Mrs. Bill Hull.

Mr. and Mrs. Ernest Mims and Mr. and Mrs. C. C. Kelly are vacationing in New Mexico.

California Visitors

Mr. and Mrs. A. W. Williams and daughter, Nancy Kay, of California are visiting relatives here.

The S. E. Jones family was united in a reunion at the home of Mr. and Mrs. M. H. Nance last weekend. Present were Mrs. S. E. Jones, Mr. and Mrs. Jack Jones, Mrs. Mae Howard and Billy, Mr. and Mrs. Bill Rhodes and family and Mr. and Mrs. Nance, all of Stanton; Mr. and Mrs. Casey Jones and family, Mr. and Mrs. Ray Wright and family and Mr. and Mrs. Bob Howard, all of Midland; Mr. and Mrs. Carl Albert of Ackerly, and visitors, Mr. and Mrs. Finley Rhodes, Edith Davis and Mrs. Grace Nance. One daughter, Mrs. Henry Stoger of Kerrville was not present.

Company Adds Rock Wool Insulation

Rock Wool insulation service has been added by the Shu-R-Pit Venetian Blind Manufacturing Company here, it has been announced by L. H. Pittman, manager.

Pittman returned Wednesday from Mena, Ark., with new equipment for insulating. The equipment also includes a new specially-equipped truck.

Pittman said the Shu-R-Pit insulation service is the only home-owned and home-operated setup of its kind in Midland.

Antarctic seas have more icebergs than the Arctic.

Milkshake Makes A Healthful Cooler

TALL, FROSTY MILKSHAKE—Is an ideal cooler for the "dog days"—and nourishing, too.

By **GAYNOR MADDOX**
NEA Staff Writer

The more milk and other dairy foods your family uses, the better will be their health and stamina. Milkshakes, cool right now during the August, hot weather, are one way to bring up your family's dairy food consumption.

Use fluid milk, evaporated milk or dry milk solids (reconstituted). They all furnish nutritional constituents needed in the average diet.

For mixing a good milk shake, use either a glass fruit jar with a close-fitting cover, a milk bottle (with a cap), a shaker or an electric mixer—you have a wide choice of equipment! Be sure the milk is well chilled. If ice is used, crack it rather fine, and strain the milk shake as soon as mixed so it will not be too diluted by melting ice.

Hawaiian Milk Shake
(2 to 4 servings)

One cup chilled pineapple juice, 2 tablespoons orange juice, 1 teaspoon lemon juice, 3 tablespoons sugar, 1/3 cup chipped ice, 2 cups chilled milk.

Mix fruit juices and sugar and stir until sugar is dissolved. Add ice and then milk. Shake vigorously or beat until well blended and frothy. Strain into tall glasses and garnish with a spoonful of whipped cream or with a small scoop of vanilla ice cream (both optional).

Mocha Frost
(4 servings)

Three tablespoons cocoa, 3 tablespoons sugar, 2/3 cup hot water, 1 tablespoon instant powdered coffee, 3 cups chilled milk, 1 pint vanilla ice cream.

Mix sugar and cocoa, add hot water and boil for 3 minutes. Stir

THE NEED IS KNOWN THIS IS OUR ANSWER

DRAFTING CLASSES COMMENCING Sept. 13 Registration Begins Monday, Aug. 29

N. B. Dunnam will instruct 10 week courses in beginners and advanced drafting. Due to vast actual experience Mr. Dunnam will teach drafting as used in Oil and Industry. Telephone 945 for further information.

HINE BUSINESS COLLEGE

Elephant Has Cash But No Crackers

A coal miner from the Charleroi area was pulling his wallet out of his pocket to give his son a little money to buy crackers and nuts for an elephant in the Antwerp zoo. The elephant picked up the wallet and quietly swallowed it. The elephant got no nuts or crackers. The mine worker got his money back from insurance.

STRAIGHT BOREE

A pinus fur beetle is said to have "penetrated" directly through 27 large book volumes in so straight a line that a string could be passed through the opening and the whole series suspended.

About 50,000,000 tons of ice are produced yearly in 6,000 plants throughout the United States.

CANS FOR AMERICANS
NEW YORK — (AP)—Americans now open more than 75 million cans a day, says the American Can Company. The estimate is based on government reports which indicate the equivalent of 28 billion standard-size fruit and vegetable cans are being made annually.

Some Japanese say that their practice of counting a baby as one year old at birth is based on the idea that life begins at conception.

Taste the Difference

Finer Flavored
MEADOLAKE
may cost a few cents more but it's THE Margarine with the

MULTI-MILLION DOLLAR GUARANTEE

If you do not like my Meadolake Margarine (colored or uncolored) better than ANY margarine you have ever tasted, return unused portion to your DEALER and I will buy you two pounds of ANY margarine you prefer.
Mrs. Tucker

Yes, Meadolake Margarine is backed by the Multi-Million Dollar resources and reputation of the Mrs. Tucker's organization.

All-Around Pig

Besides being round all around, Barney's extremely versatile as pigs go. Not only does he stand in for a horse for eight-year-old Dick Hough, Barney also points game birds for his master in Portland, Ind. The porker's career as a hunter soon is to be ended, though—it's a tight squeeze trying to get 325 pounds of pork-on-the-hoof through a fence.

Traveling Teenager

By JUNE HAZLIP-JOYCE HOWELL
Greetings, Guys and Gals! You just can't get rid of us. Here we are again with the latest "dope" on the Youth Center.
With the starting of school the Youth Center will begin its winter hours. On Mondays, Tuesday and Wednesdays, the hours will be from 11:45 a.m. to 1 p.m.; 3:45 p.m. to 5:30 p.m., and from 7 p.m. to 9 p.m. The Youth Center will be closed on Thursdays as usual and on Fridays the same hours as on other week days will apply. However, it will be open until 11 o'clock on Friday nights, excepting the nights when the football team will play at home. On those nights the Youth Center will be closed until after the game. On Saturdays the Center will be open from 2 p.m. until 5:30 p.m., and from 7 p.m. until 11 p.m. The hours for Sundays will remain the same. There will be sandwiches, candy, gum, ice cream and cold drinks for sale at the Snack bar, during the lunch hour each day, except Thursday.
We want to thank all the kind people who have donated magazines to the Youth Center. These magazines are in constant demand and are read until they fall apart. (Which is why we always can use any old magazines.) If you happen to have some books or magazines that you have finished reading, just bring them down, and we'll make good use of them!
There will be a movie, "Beyond Our Own," at the Youth Center Saturday night. Two comedies, "The Ice Carnival" and "The Bug Carnival," also are scheduled. The first comedy will begin at 8:15 p.m. and the second showing about 9:30. We would like to thank the First Methodist Church for the use of its projection equipment. Come on down, "Teeners!" This will be a movie you won't want to miss. (Hint: to you fellas: Bring your girl, it won't cost you a cent!)
Membership Drive
The Youth Center will launch a Membership Drive about the middle of September. We hope that before long ALL Midland Teeners will belong to the Center.
Well, the "migration" to schools all over the nation has started. Several Midland High "Exes" already have gone and many more will be leaving soon. Nancy Warren and Gail Black, high school freshmen and sophomore, respectively, will leave this week for El Paso where they will attend Rad-

ford School for Girls. Madalene Schabarum, sophomore, will leave soon for Our Lady of The Lake. Marion Sevier is leaving us, too. Marion, a sophomore, will attend OLV at Fort Worth. Mary Ann, Margaret and Theresa Finch will leave soon for Milwaukee, Wis., where they will attend school. "Moe" Price has left for Tulsa, Okla., where he will spend a few days before going to Texas University, where he will be a freshman. Bill Little has gone to Tulsa where he will attend Tulsa University. We will miss all you fellas and gals... but, we'll see you on Christmas.
We'll miss Sidney Smith, who is leaving us soon. Sidney is moving to Little Rock, Ark. She will spend the next year going to school at Mount St. Marys in Little Rock. We also have lost Jerlein Jewell. "Jerry" left Tuesday for an extended trip with her folks. She probably will attend private school, but as yet, she doesn't know where! We really hate to see you girls go and we hope you'll be back to see us soon!
Office supply concerns seem to be well represented in the Youth Center. We noticed West Texas Office Supply, Bob Pine's Office Supply and Ray Gwyn's Office Supply trucks parked side by side outside the Youth Center the other night.
Bulldog Support
The scrimmage between Midland and Wink attracted a large crowd of "Teeners." Everyone is proud of our football team and everyone is backing them!
Bill Morningstar Monday underwent surgery for the removal of a bullet from his leg. We hope you're up and around again soon. Bill, a few of the FFA boys took a short trip last weekend. They left on Thursday and returned Saturday. The group went to Fort Stockton "just to have fun." They slept in bedrolls and had a good time "swimming, fooling around and flirting with the girls." Sounds as though they had a good time.
Mary Lou Price stopped over in Midland for one day recently.
Another "ex-Midlander" was here this week, too. Jeanette Forbes was in the Youth Center with Don Downing. We also saw her at Sue Johnson's house.
Which is Which
It is much easier to tell the Finch twins apart now that one of them has short hair. One cut her hair a few weeks ago, but the other's is still long. (P.S. We still don't know which is which!)
Peggy Charlton and Corky Moss were seen carrying on a very important conversation on the couch. Corky seemed quite disgusted when he had to stop talking to answer the phone.
We noticed another group of "Teeners" in one corner of the Youth Center. James Weathered and Dan Black were surrounded by Marion Sevier, Peggy Simmons, Camilla Birkhead and Diane Anderson.
My, aren't the seniors lucky! They all have full sized lockers! Could this be the reason Virginia Breedlove, Ann Boring and several others have re-registered as seniors!
Wandering Thoughts:
Peggy Minear and Dub Thompson certainly had a nice time this Summer. Mr. and Mrs. Minear, Peggy and Dub went to Montana. Mary Webb had a visitor from Ballinger this week. Her name is Charlene Olfak and she will be a majorette this year. Hope we will see you back in Midland soon, Charlene.
We saw Bobby Petres and a couple of his friends over here from Stanton last Monday. When we saw him he was shooting down the street... in reverse!
Did you notice the white carnations the hostesses wore at the Youth Center dance? Diane Daugherty, Emily Hamilton and Jo Dean Downing were the hostesses. Jerry Webb brought the flowers for the girls.
Ronny Estel, Howard Ischar, Graham Mackey, Dan Dickinson and Corky Moss seemed to be in quite a hurry to get somewhere the other night! They dashed in and out of the Youth Center and the car they had parked on the curb.
Help! Help! We've got to find someone to protect Peggy Simmons! It seems that Dan Black really was giving her fits by chasing her around with a bug! But as we've said before... "In the Midland Youth Center, anything can happen, and usually does!"
Well, as a closing note... see how many of these nicknames you recognize! "Fronto," "Red," "Nose," "Bunt," "Bull," "LITTLE Bull," "Nose," "Jasper," "Corny," "Epy," "Carlo," "Hink," "Mabe," "Bada," "Lah," "Gorilla," "Moe," and "Burger." See anyone you know?
Guess that's all for this week, so "Goober" till next week! (If we live thru the first day of school!)

It's A Wise Habit...

Make Corn Bread A Versatile Treat

TOASTED CORNBREAD SQUARES—Are delicious topped with shrimp, melted cheese or vegetables in pepper rings.

By GAYNOR MADDOX
NEA Staff Writer

A lot of Americans vote old-fashioned corn bread their number one choice. Your food editor is one of them and here are a few of our favorite corn bread uses:
Prepare it by a new quick method with your rotary beater and mix it together in only one bowl. Corn bread left over from other meals is also readily adaptable to everyone of these thrifty combinations:
Lightnin' Golden Corn Bread (Makes 9 servings)
One cup yellow corn meal, 1 cup sifted enriched flour, 1/2 teaspoon salt, 3 teaspoons baking powder, 2 tablespoons sugar, 1 egg, 1 cup milk, 1/4 cup shortening which must be at room temperature.
Sift together dry ingredients into medium-sized bowl. Add egg, milk and shortening. Beat with egg beater until smooth, about 1 minute. Do not overbeat. Bake in greased 8-inch square pan or greased muffin pans in hot oven (425 degrees F.) 20 to 25 minutes.
Garden Medley Sandwich
Two-thirds cup grated American cheese, 1/2 cup chopped tomato, 1/4 cup chopped celery, 2 tablespoons chopped onion, 2 teaspoons vinegar, 1/2 teaspoon salt, 1/4 teaspoon chili powder, dash pepper, green pepper rings, corn bread.
Combine cheese, tomato, celery and onion. Add seasonings. Place green pepper rings on buttered corn bread squares. Fill with vegetable mixture. Place in broiler about 3 inches from source of heat. Broil 3 to 4 minutes.
Deep Sea Special
Spread corn bread squares generously with chili sauce; sprinkle with grated cheese and top with two cooked shrimp. Brush shrimp lightly with melted butter. Place in broiler about 5 inches from source of heat. Broil 2 to 3 minutes. Serve hot.
Olive-Cheese Squares
One cup grated American cheese, 1/4 cup chopped stuffed olives, 2 tablespoons catsup, 2 teaspoons vinegar.
Combine ingredients thoroughly. Spread on buttered corn bread squares. Place in broiler about 5 inches from source of heat. Broil 2 to 3 minutes or until cheese is melted.

Volcanoes In Pacific Play Strange Tricks

AUCKLAND—(AP)—Seen and unseen volcanoes play strange tricks in the South Pacific. The latest stunt doubled the size of Matthew Island, a tiny spot on the Pacific 200 miles east of New Caledonia.
The change in Matthew Island was found by the New Zealand naval frigate Pukaki. Until recently, Matthew Island was 30 acres of land with a single volcanic peak. Now it has a second volcanic peak, 800 feet high, beside the first. It is 1200 yards long today and 800 yards across the widest spot.
The sides fall steeply to the sea. Crew of the Pukaki saw wisps of steam and smoke coming up from the rock, but there was no sign of volcanic action from the new peak. Matthew Island was discovered in 1788. No people live there, but countless sea birds make their homes on the island.

Refugees In Arabia Move With Seasons

SUHKNE, HASHEMITE JORDAN — (AP)—Sixteen thousand Palestine Arab refugees have returned to the Suhkne camp from which they fled last winter. Sub-zero temperatures and heavy snow and rainfalls had chased them from the barren windswept plateau, 30 miles north of Amman. They took their winter quarters in the Jordan river valley, around the Biblical towns of Jericho and Shune.
But with Summer came an intolerable heat and malaria. So they were forced back to Suhkne. Now Jordan government authorities and International Red Cross representatives—jointly responsible for the refugees' maintenance—are faced with the problem of moving them again soon.

Grandma Has Vital Railroad Position

STANHOR, ENGLAND — (AP)—Railroad trains just couldn't get through this Norfolk village without Mrs. Allen White, 48-year-old grandmother and mother of six. For eight years she has been station master, signalman, ticket taker, porter and lamplighter.
She is on the job 17 hours a day and watches a dozen trains pass through. She also finds time to send four children to school or work, keep house and tend a flowerbed.
The cost of stripping and re-striping 100,000 miles of highway each year is estimated at \$2,800,000 or \$28 a mile.

Squirrel Worries Good-Natured Cat

MOSCOW —(P)—Antics of one of the younger members of her family have driven a good-natured mother cat at the Moscow zoo to the edge of a nervous breakdown. It's an ever-continuing puzzle to her as to just how her smallest "off-spring" can scamper along the ceiling of the cage they live in without mortal danger. But just wait till she sees him crack a nut!

FRECKLES AND HIS FRIENDS

False Accused

The goldenrod has been accused falsely as a hay fever source. A person could get hay fever from it only by burying his nose in the blossoms, since the pollen is not carried about by wind. Its pollination is carried on by insects.
