WEATHER

Considerably cloudy Friday night and early Saturday. Scattered thunder showers. Maximum temperature Thursday 96 degrees. Minimum Friday 66 degrees.

Upton Wildcat May Extend Ellenburger Zone Two Miles

Possibilities of extending production from the Ellenburger zone to the southeast from the discovery of the Pegasus field in Central-North Upton County, have been indicated at Republic Natural Gas Company No. 1 Powell.

That prospector tapped the Ellenburger at 12,900 feet, by samples. It drilled to 12,975 feet, and was to run an electric log survey, and then cement 7-inch casing at 12,900 feet, before penetrating more of the Ellenburger.

The 15 feet of the formation which has been bored into drilled at the rate of eight to 12 minutes per foot. It showed good oil fluorescence and appeared to be fractured.

Lead To Discovery
With an elevation of 2,862 feet, No. 1 Powell found the Ellenburger 452 feet low to the top of that horizon in the Magnolia Petroleum Company No. 1-A TXL, the opener of the Pegasus field.

Magnolia drilled more than 700 feet of Ellenburger before stopping and completing the No. 1-A TXL as a good flowing producer from that deep horizon.

Many interested observers expect Republic Natural to be able to make a commercial oil well from No. 1 Powell from the Ellenburger. This exploration indicated gas and distillate production from the Devonian and it has also shown possibilities of making petroleum from the Fusselman zone of the Silurian.

Could Be Major Extension
Republic Natural No. 1 Powell is 660 feet from north and west lines of section 44, block 40, TP survey, T-4-S. It is about 25 miles north of Rankin, 25 miles south of Midland, and approximately the same distance southeast of Odessa.

Should it be completed as an oil well from the Ellenburger it would be a major extension to the Pegasus field, and would stimulate activity in that region and interest in the territory surrounding it.

Fullerton Prospector Swabs, Flows New Oil

Fullerton Oil Company No. 1-D Kone, North Pecos County wildcat, four miles east of the Santa Rosa-Ellenburger gas and distillate field, and adjacent to the Pecos Valley shallow field, swabbed and flowed 130 barrels of oil in 15 hours, from open hole in the Ellenburger at 7,971-83 feet.

The well did not show any formation water. It is understood that the prospective discovery is to be drilled 10 feet deeper and tested again.

It is 680 feet from southwest and southeast lines of the east quarter of section 36, block 3, H&TC survey.

In a drillstem test in 7,969-83 feet, recovery was 5,723 feet of clean oil and 330 gallons of black water. Source of the water was undetermined.

That test was run before casing was cemented at 7,971 feet. Top of the Ellenburger is at 7,968 feet. Elevation is 2,455 feet.

Mitchell Test Makes Water In Ellenburger

The Ellenburger showed only salt water for Standard Oil Company of Texas No. 1 Dunn, North-west Mitchell County wildcat, five miles east of Vincent.

The venture took a 30-minute drillstem test in the top of the Ellenburger at 8,300 feet. Mud started flowing out of the drill pipe a few minutes before the tool was closed.

Total recovery was reported by operator to have been 8,325 feet of drilling fluid with salt water. No signs of oil or gas were reported.

Top of the Ellenburger was picked at 8,305 feet. Elevation is 2,249 feet. Top of the Canyon was called at 7,990 feet and top of the Mississippian was at 8,190 feet.

Some signs of oil and gas have appeared in the drilling mud in this project. Operator may determine from the electric log where these shows of petroleum are coming from and test those sections if they can be located.

The prospector is 1,980 feet from south and 680 feet from west lines of section 64, block 20, Lavaca Navigation survey.

Andrews Venture Now Deepening In Simpson

George P. Livermore, Inc., and Deeprock Oil Corporation No. 1 Mayhew, Southwest Andrews County wildcat, five miles north of the Dollarfield field, and 1,980 feet from south and 680 feet from west lines of section 20, block A-31, psl survey, had reached 11,598 feet in Simpson line and sand was being bored deeper.

A pick of 11,570 feet for the top of the Simpson has not been officially confirmed by operator representatives.

The venture is to continue until it finds and tests the Ellenburger.

North Pecos Wildcat Sets Casing To Test
C. H. Murphy & Company No. 1 Ford, North Pecos County deep wildcat, one and one half miles south of the Abel-Silurian-Montoya field, and 680 feet from south (Continued On Page 12)

Committee Approves Arms Bill

Spring-Like Rain Storms Batter State

By The Associated Press
A high pressure area to the Northeast Friday continued to give Texas a touch of Spring-like rain storms and Autumn-like temperatures.

Only the extreme southern sections of the state were yet to feel the effects of the cool front.

A tornado scared residents of a South Plains area late Thursday and downpours of three to four inches struck scattered sections of the state.

Lightning struck and gutted the high school building at O'Donnell, in the Lamesa area.

The tornado struck about 4:30 p.m. near a rural section four miles west of Sundown in Hockley County. However, no property damage or injuries were reported. Several residents told of seeing the tornado funnel.

A few minutes after the funnel was sighted, a heavy rain and some hail fell at Sundown. Last May 6, a tornado killed two persons and injured four others at Sundown.

Rains were fairly general over the state, and continued to fall at a number of points Friday.

Light rain was falling at mid-morning at Lubbock, Salt Flat, Guadalupe Pass, Midland, and in the Dallas-Fort Worth area. Austin had a light drizzle.

The biggest rains were 4.07 inches at Grapevine, 20 miles northwest of Dallas, and 3.85 at Austin. Gainesville had 1.22 inches, Electra 97, Big Spring 1.59, Tyler 1.23, Wichita Falls 94, Port Worth .58, Dallas .81, Amarillo .47, San Antonio .36, San Angelo .34, Mineral Wells .25 and Texarkana .29.

Other rainfall reports were: Lubbock 2.14 inches, Beaumont 1.34, Junction 1.20, Galveston .90, Lufkin .78, Wink .68, Corsicana .52, and smaller amounts at dozens of other state points.

Rains Falling On Midland And West Texas Area Friday
Rainfall at the Midland Air Terminal totaled .65 inch at noon Friday, according to the CAA Weather Station. The reading was taken at 12:30 p.m.

Splashing rain was falling Friday on Midland and its immediate territory. Early reports registered only traces in the city and at the CAA station of Midland Air Terminal but later reports were expected to show good moisture.

Oil and pipe line companies Friday reported:

Heaviest rain in years at Hobbs, N.M., starting at 1 a.m. Friday and still raining at 10 a.m.; Denver City, more than an inch and one half of rain and still raining at 9 a.m.; Odessa, heavy rain and still raining, heavy showers, one-half inch by 6 a.m.; Andrews, about one and one-half inches during early morning hours; Wink, heavy rains began at 3 a.m. and more rain expected; Garden City, no rain at 9 a.m. but threatening; Bronco, no rain but expected; Zephyr, heavy mist and clouds closing in, light showers Friday morning.

There was a hard rain at Goldsmith between 5 and 6 a.m. Penell reported hard rains. Only threatening rain was reported from Coahoma, Roscoe, Clyde and Ranger. It was raining at Fort Worth early Friday and more was expected.

A ball game was rained out at San Angelo Thursday night. Big Spring had a flash flood late Thursday afternoon. More than 100 cars were reported stalled there. The total was 1.59 inches in a short time.

Regan Unable To Address JayCeers
Congressman Ken Regan, who was scheduled to speak at a luncheon meeting of the Midland Junior Chamber of Commerce Friday, said he was called out of the city to Houston and could not fill the engagement.

He will speak at a future meeting of the JayCeers, possibly next week.

Mayor Explains Program
Mayor William B. Neely told Midland JayCeers, at their meeting Friday noon in the Scharbauer Hotel, that changes are being made in Midland's municipal government and that he and the City Council will make even more changes to effect economies.

He declared the City of Midland must effect economies in its operations in order to finance necessary improvements and developments and indicated a \$1,250,000 bond issue for a sewage disposal plant, sewer extensions and water extensions soon may be submitted to the voters.

Discussing the changes he said, "None is political in nature," and "None is to change the form of city government."

"All councilmen agree that the city manager form of government probably is the only type which will work in a city like Midland. All that is being done is directed at strengthening our form of government. We need a strong city manager form of government."

Mayor Neely and the City Council recently released a suggested 12-point program for the City of Midland and City Manager H. A. Thomsen resigned, effective October 1.

"Our city is faced with simple facts of arithmetic," Mayor Neely said at the opening of his address. "We rapidly are running out of money for our various projects."

He said the municipality almost has exhausted bond funds voted in 1947.

"A new bond issue is needed," (Continued On Page 12)

Southwest Misses At Miss America Contest

At a pageant in Atlantic City during the evening dress division of the Miss America contest, the Southwestern states had the following representatives, left to right: Miss Louisiana, Annie Gray Hollingsworth; Miss Arkansas, Barbara Jean Brothers; Miss New Mexico, Shirley Hughes; Miss Oklahoma, Georgia Ruth Leeks, and Miss Texas, Ysleta Laverne Leisner.

Mother Tells Story Of Unruh's Actions Before Mass Slaying

CAMDEN, N. J.—(AP)—Howard B. Unruh lifted a wrench over his head in a gesture threatening his mother a few minutes before the 20-minute tour in which he killed 13 persons, it was reported Friday.

Mrs. Freda Unruh, heart-broken mother of the 28-year-old Bible-reading slayer, related the incident to her brother, Fire Captain Robert Wonsetter.

A Philadelphia Evening Bulletin reporter standing in the doorway of a bedroom watched Mrs. Unruh talk to Wonsetter, who relayed her answers.

This is the story he received: Tuesday morning, not long before the worst mass killing in U. S. police annals, Howard had been in the basement of his home on River Road. He had a target range there. When he returned to the second-floor apartment he was carrying a black wrench.

Howard was in the living room when Mrs. Unruh entered. Hearing her, he turned quickly and raised the wrench. His face was blank. He did not appear to recognize his mother. And she drew back, frightened.

"Howard," she said, "You . . . you can't do this to me."

He did not attempt to harm her, and she ran quickly to the nearby home of her friend, Mrs. Caroline Finner. She still was there when the first shot rang out as Howard began the door-to-door trip during which he shot and killed five men, five women and three boys.

Mrs. Unruh, under a doctor's care since that time, was told only Thursday the full story of her son's killings. Pale and weak, she wept as she talked to Wonsetter.

"All these people . . . these poor people," she murmured. "I know how they feel."

Minor Loops Also—Blinded Veterans Association Produces Solution For Big Time's Umpire Trouble

WASHINGTON—(AP)—The Blinded Veterans Association, whose members can do a surprising number of things, now proposes to take over the umpiring jobs in baseball's big leagues.

Officers Friday announced the adoption in the fourth annual convention here of this resolution, introduced by J. F. Moriarty of Canton, Ohio:

"Whereas this baseball season has seen much discussion because of umpires' decisions in both National and American Leagues, and whereas a multitude of players have pointed out that this condition, caused by blindness in the eyesight of the umpires in said leagues; be it therefore:

"Resolved, That for the season of 1950 umpires be recruited from the members of the Blinded Veterans Association who can call the plays with greater facility than the personnel now employed; and be it further:

"Resolved, That such action will bring infinite happiness to the fans, because when they cry, 'The ump is blind!' they will be telling the literal truth."

Emergency Polio Campaign To Begin In Midland Tuesday

A Polio Epidemic Emergency Drive will begin Tuesday in Midland, according to the state total of 1,621 cases reported as of August 31. Midland County has reported only nine cases to date but has expended its own funds and called on the National Foundation for more than \$7,000 to care for its patients.

Not only is Texas hard hit by the disease but the rest of the country has been struck as well. There are more polio cases in more places now than at any other time in United States history. That is one reason why it is costing more money to care for patients this year, campaign leaders say.

School Enrollment Climbs To 3,796

Enrollment in Midland schools gained 44 students Thursday and the total now is 3,796. Schools officials estimate there will be 4,000 students when the term is further underway.

Here are the enrollment figures by schools:

| | |
|------------------|-------|
| High school | 712 |
| Junior high | 894 |
| North Elementary | 584 |
| South Elementary | 478 |
| West Elementary | 460 |
| Terminal | 131 |
| Latin American | 131 |
| Carver | 320 |
| Total | 3,796 |

Firm Contributes \$15 To Recovery Fund, Now \$4,089

The Joan Edwards Recovery Fund climbed toward the \$5,000 mark Friday with another \$15 contribution reported from a Midland business firm. The total now is \$4,089.77.

Mayes Electric Company came through with the \$15 contribution Friday.

Here is the standing of the fund: Previously reported \$4,074.77
Mayes Electric Co. 15.00
Total \$4,089.77

Agencies Merger Adds 140 Workers, Says Byrd Report

WASHINGTON—(AP)—The first merger of government agencies under the 1949 reorganization program added 140 persons to the federal payroll, the Byrd committee on federal economy reported Friday.

The committee said in a monthly report that the new General Services Agency, which took over the functions of the Federal Works Administration, the Bureau of Community Facilities, the Public Buildings Administration and the Bureau of Public Roads, employed 20,702 persons in July.

This compared with 20,562 who were working for the individual agencies in June, before they were consolidated.

The group making the report is the Joint Committee on Reduction of Non-Essential Federal Expenditures. It has been headed, for years by Senator Byrd (D-Va.).

75 Millions To Be Used In Far East

WASHINGTON—(AP)—A special Senate committee Friday approved a \$1,314,010,000 global arms bill with \$75,000,000 earmarked for anti-Communist aid in the Far East.

By a vote of 19 to 3 the combined Senate Foreign Relations and Armed Services Committees stamped approval on the arms measure which carries \$1,000,000,000 for rearming North Atlantic Pact nations.

Only minor matters remain to be ironed out before the committees take a final vote on the arms bill Monday, Chairman Connally (D-Texas) of the Foreign Relations Committee said.

As the bill now stands, it contains:

\$1,000,000,000 for the North Atlantic Pact nations.
\$211,370,000 for Greece and Turkey.
\$27,640,000 for Iran, Korea, and the Philippines.
\$75,000,000 to be used in the Far East at the discretion of President Truman.

Limited Aid For Britain Is Assured

WASHINGTON—(AP)—Sir Stafford Cripps declared Friday that the "only satisfactory solution" for Britain's economic plight is to sell enough goods for dollars to become self-supporting.

Britain's chancellor of the exchequer made that statement in a speech prepared for a National Press Club luncheon.

Indicating British acceptance of American advice to streamline selling techniques, he said that "on the question of exports to dollar markets, I believe that there is a most urgent need for more intensive salesmanship."

Sir Stafford pictured the solution of his country's economic crisis as essential for the coordinated political and military strength of the West in its struggle with communism.

Remarkable Progress
He said Secretary of State Acheson and British Foreign Minister Bevin have made "remarkable progress" toward building the Western political and defense structure but added:

"All this progress will be in vain if we fail to provide a second economic basis for the combined efforts of the free democracies."

The twin themes of Cripps' address were hard work for the British people in their struggle to live on their income and hope for success in the British-American-Canadian financial talks which opened here Wednesday.

These talks, Cripps reported, "have opened in an atmosphere of mutual determination to bring some more permanent solution as to avoid these recurring crises in the dollar-sterling relationship."

Out of the talks already have come indications of limited American help to Britain in meeting its current dollar crisis. Long-range aid, however, may be slow in developing.

(Continued On Page 12)

Agreed Judgment Of \$1,675 Is Approved

An agreed judgment whereby the plaintiff, Cheryl Ann Lemons, is to receive \$1,675 as the result of a traffic accident was approved Thursday by Judge Paul Moss in 70th District court here.

The defendant, a Midland taxicab operator, also was to pay court costs.

The plaintiff, a minor child, was represented by L. L. Lemons, her father, as next friend.

Cheryl Ann Lemons was struck by a taxicab on South Baird Street here August 21. She suffered lacerations and abrasions which required hospital treatment.

The Lemons family lives in San Angelo.

★ LATE NEWS FLASHES ★

DALLAS—(AP)—The Texas and Pacific Railway Friday asked permission to discontinue four passenger trains daily between Fort Worth and Texarkana during the Missouri Pacific strike scheduled to begin Friday afternoon. Service west of Fort Worth would not be affected.

MONTREAL—(AP)—Canadian Pacific Airlines said Friday one of its DC-3 planes crashed 40 miles from Quebec with 17 passengers and four crew members aboard. So far as is known, none survived.

AUSTIN—(AP)—Gov. Allan Shivers Friday designated the week ending September 15 as Polio Emergency Week in Texas and urged citizens to give generously to the emergency appeal for funds by the National Foundation for Infantile Paralysis.

WASHINGTON—(AP)—The United States Friday ordered closed the American Consulate General in the Communist-held Chinese city of Hankow and ordered staffs cut in half in diplomatic installations in Nanking and Shanghai.

MoPac Rail Walkout Virtually Certain As Deadline Approaches

By The Associated Press
President Truman made last minute attempts Friday to avert a strike set for mid-afternoon on the 7,200-mile Missouri Pacific Railroad.

However, all indications pointed to the scheduled walkout of 8,000 operating employees. The strike is expected to force the laying off of some 25,000 other workers and affect industries in more than 1,000 communities in 11 states served by the Missouri Pacific.

Truman, who also said he may ask for another 10-day truce to delay a steel strike scheduled next Wednesday, said he was making every effort to avert the MoPac strike. He said the government had exhausted nearly all its authority in the dispute.

The Missouri Pacific was ready to halt all operations. The four brotherhoods involved in the dispute went ahead with their strike plans.

Freight service stopped Thursday. Early Friday an embargo was placed on passenger, mail and baggage service. However trains in operation at the strike deadline will finish their runs.

The carrier, the nation's ninth largest, operates in Missouri, Arkansas, Illinois, Kansas, Louisiana, Colorado, Oklahoma, Nebraska, Mississippi, Tennessee and Texas.

Three Missouri Pacific subsidiaries—the Gulf Coast Lines, the International-Great Northern and the Texas & Pacific—have separate contracts with the unions and will not be affected by the strike. The union operates in Texas and Louisiana.

Divorce Suit Halts Constable's Pickup Of Marble Machines

HOUSTON—(AP)—The second round of Constable Dale Richardson's one-man war against Houston pinball machines was delayed Friday as the La Porte crusader was summoned as a divorce suit witness.

The cowboy-attired peace officer had planned to resume his raids on taverns and cafes Friday after hauling away 26 one-ball machines Thursday. A summons from District Judge William Holland's court delayed continuation of the roundup.

Holland did not consider the anti-pinball campaign sufficient cause and declined to exonerate the 300-pound deputy.

But Richardson said he would start picking up the machines again as soon as he could get away from the court room. He was well pleased with Thursday's results.

"I did it all to protect the school kids," Richardson said. "I don't want to see them spending their lunch money on these gaming devices. That's what I call marble machine maintenance."

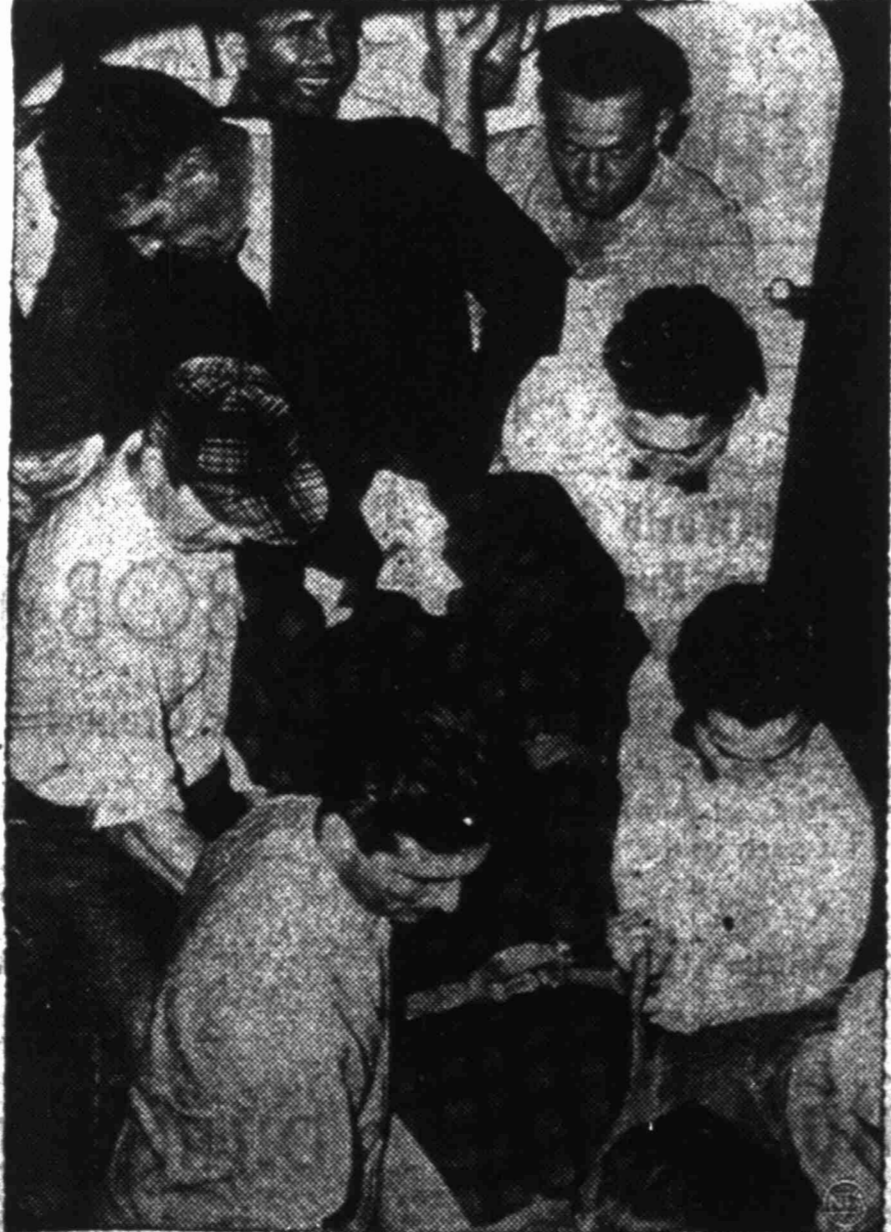

European Assembly Okays Bill Of Rights

STRASBOURG, FRANCE—(AP)—The Council of Europe's Committee of Ministers Friday adopted its historic first session Friday shortly after okaying a bill of human rights.

The resolution guaranteeing 15 specific fundamental human freedoms passed 68 to 1 with 17 abstentions. Most of the British Laborite group, who opposed the measure, abstained from voting.

★ IN HOLLYWOOD ★ British Call Gable Film 'Insult'; Nudists' Meeting Lauds Mayo

By ERSKINE JOHNSON
NEA Staff Correspondent
HOLLYWOOD — Hollywood is talking about: British movie audiences condemning "Command Decision" as an "insult to England's air force." A new agency headed its review, "Gen. Clark Gable Wins the War."
... Milton Berle and Virginia Mayo doing a hilarious take-off of an Astaire-Rogers dance routine in "Always Leave 'Em Laughing." The number is titled, "You're Too Intense." Virginia just replied to being named "best undressed woman of the year" by the Nudists' Convention in Denver. Wrote Virginia:
"I decline without thanks the membership sent me because my bathing suit came off while swimming at Malibu. What happened accidentally is not going to be a pattern for my future personal conduct..."

A new film company dusting off a 15-year-old Swedish film starring Ingrid Bergman. Ingrid will talk in Swedish but the titles will be in English. The title is "The Surf."
Ray Milland and his wife going to New York to sign final adoption papers for their daughter, Victoria, now 6. They've had the child for a year... Alan Hale recreating his role of Little John in Columbia's "Rogues of Sherwood Forest." He first played the part 20 years ago when Doug Fairbanks, Sr. played Robin Hood.

Joan Davis trying to get the film rights to the old Constance Talmadge comedy, "Romance and Arabella," made in 1910... Columbia boss Harry Cohn back from Europe with word that he was assured Rita Hayworth will fulfill her contract with the studio. But she won't report for the picture until after she has her baby. Mentions Harry is doing some wishful thinking.

Car Theft Was Case Mistaken Identity Of Cars, That Is

PECOS—Two cases of "car theft" reported to Sheriff Charles Fitzgerald, Jr., in recent days have proved to be cases of mistaken identity.
Mistaken identity of the cars, that is. Dave Floyd, Pecos, complained to the sheriff that his 1937 model Plymouth had been stolen from his parking place on the courthouse square. On investigation, however, it was learned that another 1937 model Plymouth of the same color still was parked on the square and that a garage attendant had gotten the wrong car.
W. B. Graham, Dallas, turned the key of his 1948 Mercury to a local garage and, you guessed it, the garage attendant got the wrong car. The same key fit both cars. The Mercury was also parked on the courthouse square, in front of the Brandon Hotel.
The sheriff's department still is "batting" more than 1,000 per cent. Nine cars have been lost here and 10 have been recovered.

West Texans Will Manage IOOF Home

CORSICANA—M. M. Madison of Sweetwater has been named superintendent of the Odd Fellows Orphans Home here. His wife will be matron of the home. The couple was elected Thursday at a meeting of the Board of the Trustees.

HOW TO PLAY CANASTA: 11 Here Are Tips For Canasta Tyros

By WILLIAM E. MCKENNEY
America's Card Authority
Written for NEA Service
The chance of making a Canasta is obviously better if you have 20 cards than if you have 11. Paradoxically, your chance of getting rid of all your cards is also greater. The more different sets you can meld, the greater the chance that you will be able to get rid of your last few cards by laying off.
The effect here is double-acting. In drawing from the stock, the abstract chance is better to get one of, say, five ranks, than one of two ranks. At the same time your five different melds limit the opponents' safe discards more than do two melds.
The more melds you have, of course, the more points you score. But a word of warning: do not exaggerate the importance of this reason for wanting to take the pack. If you are a 500 Rummy player, you will perhaps have an impulse to meld everything in sight. But in Canasta, the point values of the melds (usually under 300) weigh relatively little against the big scores—the Canasta bonus (300 or 500), the net gain by going out before the opponents have made a Canasta or before they have melded at all.
Sometimes, as we shall see, the chance of hooking a big score is better served by not melding. The loss in points that you might have melded (usually under 50) is then trifling.

When we say that the paramount object is to get the pack, we mean, of course, a big pack. A pack of, say, 10 or more cards is usually worth taking at some sacrifice, and when the pack grows to 20 or more, the aide that gets it will almost surely have a decisive advantage. But do not scorn the pack merely because it is small. There is often tactical advantage in taking only a few cards; this is most likely to happen (a) when the pack is taken for the first time, (b) to make an initial meld, and (c) when you have only a few cards left and nothing better to do than take cards to lay off and so build toward Canasta.
The first pack is often the biggest, and in any case taking it is likely to give you a lasting "edge." To make an initial meld, you have to deplete your hand and therefore weaken its scoring prospects; if you can replenish it by taking the pack at the same time, this disadvantage disappears.
TOMORROW: Tips to beginners.
No Pay, No Gamble, Rules JP On 'Slots'

TEXAS CITY —(P)—Justice of the Peace G. P. Reddell ruled Thursday that a slot machine which does not pay off is not a gambling device.
He dismissed charges of operating gambling devices brought against five LaMarque cafes by the Rev. Homer Burch.
Witnesses for the preacher testified they dropped coins into slot machines in each of the places. None testified he won.

Billye Jones Complimented At Coke Party

Continuing courtesies for Billye Jean Jones, bride-elect of Bruce Griffiths of New York, Virginia Dunagan and Barbara Brown entertained with a Coke party in the Dunagan home, 1904 West Wall Street, Friday morning.

Miss Jones will be married December 21 in Houston. She will return to Baylor University in a few days to complete her work for her degree, which she will receive in November.

The table was set with a yellow cloth with a centerpiece of sunflowers in a black bowl and yellow Chinese figurines on either side. The figurines were gifts from the hostesses to the bride-elect.

Sunflower On Buffet
Arrangements of sunflowers were on each end of the buffet in a tea pot and a water pitcher of black pottery. A Chinese vase was in the center.

The bride-elect and her mother were presented corsages of yellow gladioli.

Guest list included the mother of the bride-elect, Mary Martha Stivalis, Evangeline Theis, Emily Boyd of Odessa, Pat Ruckman, Shirley Brunson, Joan Chapman, La Juan Dunlap, Mary Ann Goddard, Mariette Cowden, Shirley Lones, Betty Robo, Maureen Denton, Genora Brown, Edwina Hood, Marilyn Miller, Grace Baker, Ann Cleveland, Ruth Hall, Mrs. Al Bauman, Mrs. A. A. Jones, Dorothy Wolcott, Mrs. E. Yates Brown and Mrs. John Dunagan.

Grocery Shower Is Given By Mother's Club For Sisters

A grocery shower was given Sister Mary Gertrude and Sister Roseanne, who recently have come to Midland to conduct religious education classes for children, by the Mother's Club of St. Anne's Catholic Church Thursday morning in the St. George's Parish Hall.

The two sisters are members of the Order of Missionary Sisters of Our Lady of Victory from Big Spring and are teaching in Midland for the first time.

Mrs. Louis Chase, president, led the group in a business session following the shower. Mrs. Charles Turner was named chairman of the calling committee. Mrs. Joe Cannon, program chairman, gave a brief outline of the meetings planned for the coming year.

Members Listed
Father Francis Taylor, OMI, addressed the group. Mrs. L. O. Thompson and Mrs. Turner were hostesses.

Other members present were Mrs. Ed Kent, Mrs. W. D. Trumbly, Mrs. Martin Egan, Mrs. James Price, Mrs. Hugh Munn, Mrs. Pat Manna, Mrs. Ben Thomas, Mrs. Ellison Tom, Mrs. John Whittington, Mrs. G. W. Martin, Mrs. Joseph Brodigan, Mrs. W. J. Sauer, Mrs. Fred Burleson, Mrs. Joseph O'Neill.

Mrs. L. E. Collins, Mrs. Arthur Weber, Jr., Mrs. James Ash, Mrs. John W. Glahn, Mrs. J. J. Kelly, Mrs. William Garney, Mrs. T. R. Wright, Mrs. Ralph Getzler, Mrs. W. A. Hover, II, Mrs. Howard Johnson, Mrs. Ray Kelly, Mrs. C. F. Chambers and Mrs. Tom Eddleman.

Coffee Entertains Delphians Before Year's Study Starts

Mrs. Woodrow Campbell, new president of the Delta Delphian Society, poured coffee in the home of Mrs. Hal C. Peck, last season's president, as a new year opened for members Thursday morning.

The informal coffee in the Peck home, 1201 West Missouri Street, preceded the beginning of another year's study course next Tuesday.

When twice-a-month meetings in the Palette Club Studio will start. Meeting time will be at 9:30 a. m. on second and fourth Tuesdays, as it was last year.

Each member present gave a brief resume of her Summer activities after Mrs. Campbell had greeted the group. Mrs. Dan W. Finlayson was introduced as an honorary member and Mrs. R. S. Krumrey of Beloit, Wis., as a guest.

Mrs. Peck, Mrs. J. P. Ruckman and Mrs. Robert Donnell assisted in serving from a table centered with pink zinnias set on the green cloth.

Other members present were Mrs. E. R. Andres, Mrs. R. M. Barron, Mrs. F. D. Bredlove, Mrs. C. W. Chancellor, Mrs. E. W. Cowden, Mrs. John M. Fitzgerald, Mrs. Brutus Hanks, Mrs. W. F. Hejl, Mrs. F. L. Houghton, Jr., Mrs. Paxton Howard, Mrs. Harold Kelly, Mrs. Charles M. Linehan, Mrs. E. R. Schabarum, Mrs. F. N. Shriver and Mrs. William Waters.

The Delta Delphian Society was organized in 1948 and completed its first year last Spring. It is a successor to other Delphian Chapters which were formed in the past, completed their chosen study courses and disbanded.

Miss Clemens and Miss McKee were friends at the University of Texas while they were students there last year, and Miss Clemens will be a bridesmaid when Miss McKee and Cletas Hines are married on October 1. Miss Crabb and her mother, Mrs. R. C. Crabb, were hostesses for the recent party announcing the McKee-Hines wedding plans.

The luncheon table was decorated with a bouquet of purple and fuchsia asters and feverfew, and sprays of the flowers were fastened to the place cards.

Miss Clemens and Miss McKee included with the honorees including Mrs. Tommy Wilson, Jr., Mrs. Jack Matthews, Mrs. James Mims, Joan Steinberger, Sonja Little and Frances Gibbins.

Coming Events

SATURDAY
Children's Story Hour will be at 10:30 a. m. in the Children's Room of the Midland County Library.

League of Women Voters luncheon will be at 1 p. m. in the Scharbauer Hotel.

Pony Express Rider party will begin at 3 p. m. in the Children's Room of the Midland County Library.

DEPUTY REGIONAL BOY SCOUT EXECUTIVE HERE

George Holland, deputy regional Boy Scout executive from the Dallas office, is in Midland discussing plans for a Fall and Winter expansion program in the Buffalo Trail Council, according to P. V. Thorson, council executive.

LACERATION TREATED
Truman Henley, 14, of 910 East Indiana Street, was given emergency treatment at Western Clinic-Hospital Thursday night for a lacerated chin. The injury was sustained when a horse he was riding fell, according to the hospital report.

La Merienda Bridge and Luncheon Club Meets In Ranch House

Mrs. R. D. Fitting and Mrs. Louis A. Bartha were hostesses to La Merienda Club bridge and luncheon in the Ranch House Thursday.

Mrs. Donald N. Johnson won bridge high; Mrs. Maurice Kennedy, second; Mrs. Burl Self, third, and Mrs. John Norman, Jr., bingo.

The centerpiece on the luncheon table was pyracantha in brown containers. Guests listed

Guests present included Mrs. Jack Creswell, Mrs. Sol Bunnell, Mrs. Richard Story, Mrs. J. L. Brown and Mrs. Allan Leeper.

Other members present included Mrs. Jess V. Lindsey, Mrs. Raymond Snyder, Mrs. John Younger, Mrs. J. R. Cantrell, Mrs. Art Cole, Mrs. George S. Corey, Mrs. Jesse A. Rogers, Mrs. Iby L. Dyer, Mrs. T. S. Edrington, Mrs. F. A. Nelson, Mrs. S. L. Parham, Mrs. Earl S. Ridge and Mrs. Hastings Pannill.

ATTENDS FUNERAL
Frances Hagaman is attending the funeral of her grandfather, M. H. Hagaman, in Ranger Friday. Hagaman, 87, the first mayor of Ranger, died at his ranch home near Ranger Thursday.

Librarian Is Guest Speaker For Iota Beta

Meeting in the Midland County Library, members of Iota Beta Chapter of Beta Sigma Phi heard Mrs. Lucile Carroll, librarian, speak Thursday night on how to use the library facilities. She was the program guest at their first meeting of this Fall.

Dorothy Raines was in charge of the program and introduced Mrs. Carroll. She also opened the season's study course on "Beauty" by discussing "Greek and Italian Ideals of Body Beauty." Melba Knipping, presented the second topic, "Modern Ideals of Body Beauty."

Mrs. Alton Brown was elected extension officer, a new position added to the list of Beta Sigma Phi Chapter officers. Plans were discussed for a rummage sale in October, and for the chapter's part in the annual Beta Sigma Phi Style Show of September 24.

Glenda Brown was a guest. Other members present were Myra McReynolds, Nellivee Clark, Ellen Ewalt, Lafara Harbison, Mrs. Walter Jasper, Lou Lemley, Mrs. Rollins Senter, Cathy Herrington, Mrs. Charles Patterson, Mrs. Joe Mims, Mrs. Ernest Nance, Mrs. J. W. Skrabarek, Clyde Parmely, Mrs. John W. Rhoden, Jr., Mrs. James Rogers, Mrs. Clyde Peterson, Mrs. Otto Wink, Mrs. De Lo Douglas, Mrs. Bryan L. Denson, Mrs. Morris Donaldson, Lili Marie Gilbert and Dorothy Routh.

Parties Are Given For House Guest

Several parties have been given in honor of Pearl Metcalf of Colorado Springs, Colo., house guest of Mrs. J. J. Kelly, 602 West Kansas Street. Miss Metcalf is a former resident of Midland.

Mrs. Kelly entertained with a luncheon in the Ranch House Thursday at noon. Guests present were Mrs. Ray Kelly, Mrs. Walter Anguish, Mrs. Harold Kelly, Myra Nelland, Donna Mae Kelly and Mrs. Iva Noyes.

Mrs. Noyes complimented Miss Metcalf with a rummy party Thursday night in her home, 215 North Colorado Street.

Guests included Mrs. O. M. Lutton, Maud Prather, Mrs. J. J. Kelly, Glenneth Herring, Beth Thurman, Mrs. Hollye Friberg and Mrs. Vera McLeroy.

Miss Jones Is Complimented At Breakfast

A breakfast Thursday morning honored Billye Jean Jones, bride-elect, when Mrs. D. E. Jumper and Mrs. W. H. Rhodes entertained in Mrs. Rhodes' home. Miss Jones will marry Bruce Griffiths of New York on December 21 after attending Baylor University during the Fall semester.

The table had an all-white centerpiece with a triple arrangement of wedding rings. The larger central ring had a cluster of gladioli spikes with white satin bows at the top, and there was a nosegay of the flowers and bows at the base of each ring. White wedding bells decorated the pastel blue parchment place cards.

Miss Jones was presented a corsage of the white gladioli and a gift of sterling by the hostesses.

Breakfast guests in addition to the honoree were her mother, Mrs. Jack C. Jones, and Mrs. Tom Edrington, Mrs. Frank Monroe, Mrs. Vernon Yearby, Mrs. John Scrogin, Mrs. Clint Dunagan, Mrs. Ernest Neill, Mrs. Tommy Henderson, Barbara Brown, Virginia Dunagan, and Emily Boyd of Odessa, who is to be maid of honor at Miss Jones' wedding.

La Merienda Bridge and Luncheon Club Meets In Ranch House

Mrs. R. D. Fitting and Mrs. Louis A. Bartha were hostesses to La Merienda Club bridge and luncheon in the Ranch House Thursday.

Mrs. Donald N. Johnson won bridge high; Mrs. Maurice Kennedy, second; Mrs. Burl Self, third, and Mrs. John Norman, Jr., bingo.

The centerpiece on the luncheon table was pyracantha in brown containers. Guests listed

Guests present included Mrs. Jack Creswell, Mrs. Sol Bunnell, Mrs. Richard Story, Mrs. J. L. Brown and Mrs. Allan Leeper.

Other members present included Mrs. Jess V. Lindsey, Mrs. Raymond Snyder, Mrs. John Younger, Mrs. J. R. Cantrell, Mrs. Art Cole, Mrs. George S. Corey, Mrs. Jesse A. Rogers, Mrs. Iby L. Dyer, Mrs. T. S. Edrington, Mrs. F. A. Nelson, Mrs. S. L. Parham, Mrs. Earl S. Ridge and Mrs. Hastings Pannill.

ATTENDS FUNERAL
Frances Hagaman is attending the funeral of her grandfather, M. H. Hagaman, in Ranger Friday. Hagaman, 87, the first mayor of Ranger, died at his ranch home near Ranger Thursday.

Xi Theta Chapter Offices Are Filled At Opening Of Season

Officers and committee members to fill new posts and vacancies were chosen at the season's first meeting of Xi Theta Chapter of Beta Sigma Phi Thursday night. Members met in the home of Lucille Johnson, 403 North Baird Street.

Mrs. Charles N. Reeder was elected treasurer to replace Mrs. J. H. Pine, who has moved to Bentonville, Ark. Mrs. Howard Atwater was elected to a new position, extension officer, which was created this year by resolution of the sorority's national headquarters.

Added To Committees
As an additional representative to the City Beta Sigma Phi Council, Mrs. James H. Walker was elected to serve with Mrs. Lloyd Zellner, Mrs. R. H. Frizzell and the alternate, Mrs. Jack Doran. Jane Marie Johnson was appointed as custodian of properties.

Two members, Mrs. Frizzell and Mrs. S. R. McKinney, were added to the social committee and Mrs. Johnny Sherrod to the program committee.

A preview of this year's course of study was presented by Mrs. Lee Gollwitzer, program chairman. The study subject is "Theater of Life-Style Show Report."

Tickets to the annual Fall Style Show which all three of the Midland Beta Sigma Phi Chapters will sponsor on September 24 were distributed to members who will assist in the sale. Carolyn Oates, general show chairman who is a Xi Theta member, reported on progress of plans for the benefit event.

In the sorority tradition, Mrs. V. H. Van Horn, who was Lillie Mae Stovall before her marriage last weekend, sent a box of chocolates to the members to announce the marriage.

Members present, in addition to those on program or named to offices and committees, were Mrs. G. B. Hallman, Mrs. Conrad Reeves, Aileen Maxwell, Maedelee Roberts and Carolyn Smith.

Texas Shriners Open Diamond Jubilee Fete

HOUSTON —(P)—The all-star meeting of the Texas Shrine Association opened here Friday with ten Texas temples celebrating the diamond jubilee anniversary of the Shrine.

More than 20,000 Texas Shriners and their families were expected for a weekend of fun and fellowship. About ten parades are scheduled. All temple units will be in a big downtown parade Saturday morning.

Australia is the only continent lying entirely south of the Equator.

Mildred Robbins Is Honored With Party

Mildred Ruth Robbins was honored with a party on her third birthday Thursday by her mother, Mrs. J. D. Robbins, in her home, 801-A South Weatherford Street.

Games were played and refreshments served to Claudia St. John, Linda St. John, Terry St. John, Cynthia Conner, Lindale Conner, Frankie Conner, Paul Gillif, Douglas Hamlin, Sissy Shepherd, Mrs. Elsie Conner, Mrs. Claude St. John, Vivian Lois Robbins and J. D. Robbins.

COTTON

NEW YORK —(P)—Friday noon cotton prices unchanged to 10 cents a bale higher than the previous close. October 29.78, December 29.78 and March 29.78.

DIVORCES GRANTED

Six divorces were granted Thursday by Judge Paul Moss in a session of 70th District Court here.

WILL ATTEND DU

Low Ground, son of Mr. and Mrs. W. H. Ground, returned home Thursday after attending rush week activities at Norman, Okla., where he will be a freshman student in the University of Oklahoma this term. He has pledged Phi Gamma Delta Fraternity. Ground, a graduate of Midland High School, will go back to the university the last of this week.

Better Motion Pictures

Hollywood's standard movie hero hardly ever needs more than a reel or two to achieve dazzling success, whatever his field. Usually his setbacks are minor. If not, the audience understands clearly that the obstacles will be licked before the final fade-out.

In this atmosphere of almost continuous good fortune, the unhappy word "depression" seems to have no place. How reassuring, then, to read that several leading Hollywood executives consider the film capital's business decline largely at an end.

The wailing was pretty loud last Winter, and there appears to have been some basis for it. In February only 22 pictures were in production. Film employment, including actors and all other trades, was down to 12,100 from the 16,300 at work in June, 1948.

The outlook is more cheerful now. Forty-seven pictures are in the making, employment is up to 14,300, costs are down.

Savings have been realized by lopping off excess personnel, paring material expenses to a minimum, speeding up film shooting schedules and cutting salaries everywhere except among the top stars.

Production of several films abroad has helped to consume foreign earnings the companies were barred from taking home to America. The overseas situation, however, is still far from bright.

Perhaps the most encouraging fact of all was that after all the moaning was over the movie makers found their American earnings never had fallen very far below the peak postwar years.

There's a strong feeling in Hollywood that earnings held up because pictures got better as they became cheaper to produce.

Over the years, Hollywood has become so skillful technically that it has learned to impart a slick production polish to many films of average or poor quality. Often these increasingly expensive pictures were not the box-office nuggets they were supposed to be.

Compelled to economize, some producers decided to dispense with slickness and give more attention to developing good stories and better actors. A lot of the acting talent was brand new and it didn't cost as much as did established stars.

The result, in Hollywood's own judgment, was a product that generally outshone the lavish films built around big names. The critics agreed.

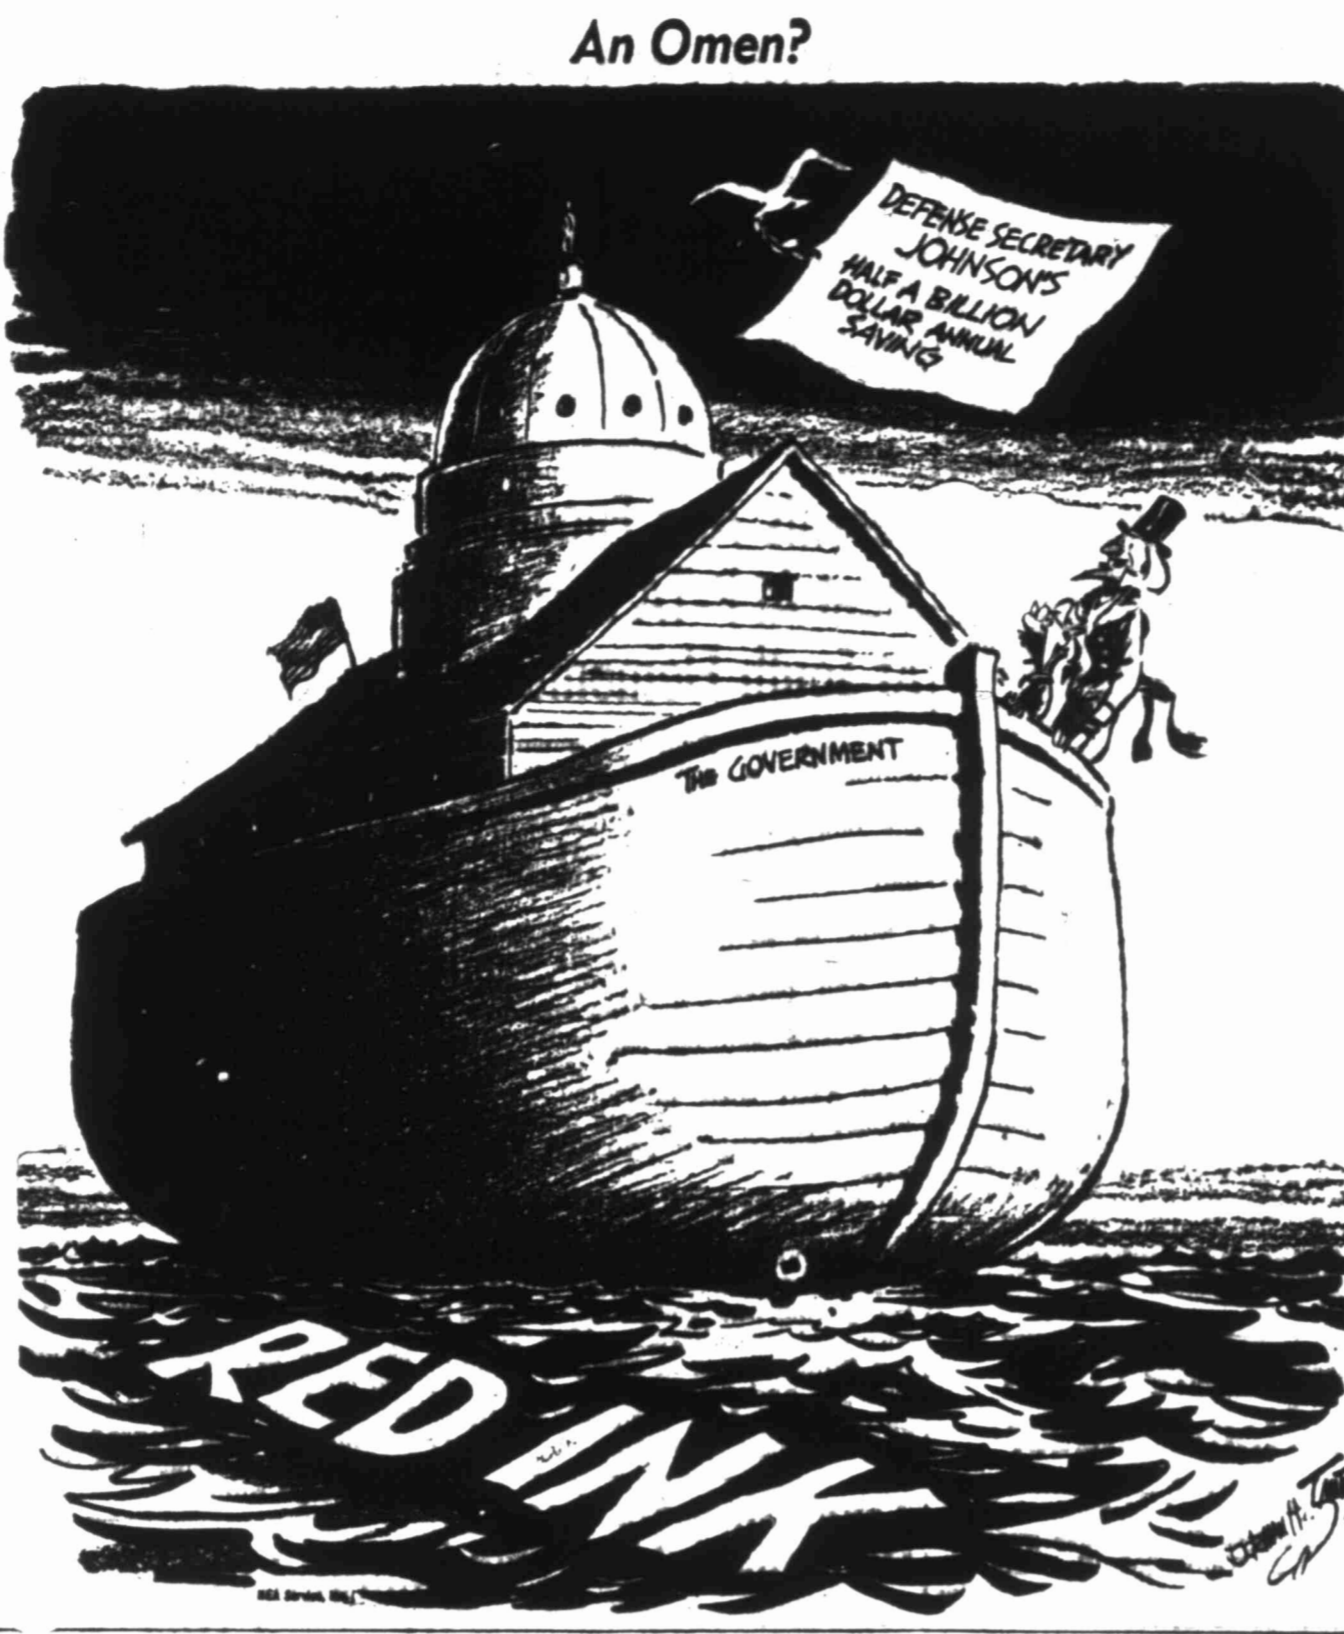

Unfortunately, all major producers probably will not profit from this experience. Evidence suggests they will go on believing that a flimsy story turned out with a high gloss is what the public most wants.

Maybe they've been too busy to read the box-office figures lately. If they had scanned them, they'd be striving for a little more substance and a little less shine.

The best thing to hide slightly worn clothes behind is a nice, pleasant smile.

Advantageous advice: when you meet a pill take a powder.

DREW PEARSON ON 'The WASHINGTON MERRY-GO-ROUND'

Drew Pearson says: Sarajevo may come again to the Balkans; Yugoslavia presents greatest hope against Russia, but also greatest risk; Should Moscow defeat Tito, Greece, Turkey and Suez would become Communist.

WASHINGTON—Soon after the end of World War I this writer stood beside a cracked piece of pavement on the main street of Sarajevo, Yugoslavia. The crack marked the place where a bomb, thrown at the Archduke Franz Ferdinand June 28, 1914, had touched off the bloodiest war so far seen by man.

The bomb had been thrown seven years before I, then a young reconstruction worker in the Balkans, visited Sarajevo; yet in those seven years the cracked pavement had not been repaired. Reconstruction moves slow in the Balkans, idealist—at that time being a very young idealist—but it comes sure. Never again would war come to sick and weary Europe.

Well, another war did come; and today events are shaping up in these same tired but turbulent Balkans which could bring still another Sarajevo almost overnight.

Should Tito be assassinated, should the Red Army divisions on the Hungarian-Yugoslav border start South, should revolt flare in Bulgaria, Hungary, Roumania, Czechoslovakia, then war might come all over again. And war in Europe has a habit of being contagious.

Yet with all its dynamite-laden danger, the Balkan situation also presents one of the most optimistic developments in the cold war against Russia. For, to date, Russia has suffered serious defeats.

There are three phases of the Balkan battle, one laid in Washington, one in Yugoslavia, one in the other satellite countries. Here is how they stack up.

Situation 1—Washington: Without benefit of fanfare, the State Department has been doing an efficient job of boycotting trade to the little iron curtain countries. Several million dollars worth of goods ordered by Poland and Czechoslovakia are on New York docks ready to move.

The Polish ambassador has been beating a path to State Department doors, then to the Commerce Department, then back again. All he gets is the polite run-around. The State Department says export licenses are issued by the Commerce Department and the Commerce Department says policy is fixed by the State Department.

The run-around is no accident. It's deliberate and carefully planned, and it's having real repercussions behind the little iron curtain.

Situation 2—Behind the Little Iron Curtain: Near economic chaos now reigns in Poland, Czechoslovakia, Bulgaria, Hungary, Roumania. This partly is a result of the U.S. trade boycott. People have money but they can't buy. There are no consumer goods on store shelves. And housewives are weary of Russian strangulation.

Mr. and Mrs. Howard Bell and family of Dallas were recent visitors in the home of Bell's parents, Mr. and Mrs. Roy L. Bell.

Mr. and Mrs. David Workman and family spent the weekend near Lubbock with relatives.

McKenney on Bridge

By WILLIAM E. MCKENNEY American's Card Authority Written for NEA Service I had the pleasure recently of meeting the attractive June Williams, who is now Mrs. Fred Kaplan. She was a dancer and for two years was with Warner Brothers in California, and also at Earl Carroll's Club. Then she came to New York and appeared at the Copacabana. Her next engagement took her to the Colonial Inn in Florida, where she met Fred, and shortly afterwards they were married.

Bridge hand diagram showing cards for Declarer (Kaplan) and Dummy (Williams). Cards include: Spades (A, K, Q, J, 10, 9, 8, 7, 6, 5, 4, 3, 2, A), Hearts (A, K, Q, J, 10, 9, 8, 7, 6, 5, 4, 3, 2, A), Diamonds (A, K, Q, J, 10, 9, 8, 7, 6, 5, 4, 3, 2, A), Clubs (A, K, Q, J, 10, 9, 8, 7, 6, 5, 4, 3, 2, A).

country. His control at the bridge table does not always make the greatest number of friends for him; nevertheless you can always expect a lot of action when you kibitz Kaplan.

Recently he was playing in a bridge game and his wife was one of his kibitzers. Today's hand was the last one of the session. After winning the opening lead of the deuce of spades with the king, Kaplan thought for some time. What play would you make at this point? Kaplan's play was the queen of clubs. One of the best players in the country, sitting West, did not cover with the king. Now there was no way to prevent him from making his contract.

Reds Boom Dicken's Volume On America

MOSCOU—(AP)—The State Publishing House of Literature has released Charles Dickens' American Notes.

"Evening Moscow", reporting this, said Dickens describes how quickly his illusions about the so-called "American paradise" were dispelled.

Only as a signal of distress may the American flag be flown upside down.

THE DOCTOR SAYS People Worry Too Much Over 'Symptoms' Common To All

Headache, backache, nervousness, palpitation of the heart, and many similar sensations have been mentioned frequently in this column in association with various diseases. All these feelings which people may have are known as symptoms and almost everyone has something similar at one time or another. It would be a mistake, however, for anyone to feel that every headache meant that some serious disease was present or that any other ache or pain was a sign of the presence of a dangerous condition.

Symptoms are only sensations, that is, "feelings." There can be many symptoms connected with any one disease; it is equally true that the same symptoms can be present without any serious disease. In fact, it is well known that worry alone at one time or another, it can make minor, symptoms which have no real meaning appear to be much worse than they are.

Don't ignore Severe Pain There are some symptoms which should be taken seriously and the presence of a severe pain should not be ignored. Neither should a pain be neglected which does not go away in a fairly short time. The presence of a lump anywhere in the body also deserves to be investigated.

Rankin News

RANKIN—Mrs. Doc Adams and Mrs. Lawrence Holcomb were San Angelo visitors Wednesday.

Hamilton Still, Rankin school superintendent, reported that 316 children enrolled in the public schools Tuesday with more expected in the near future when a second refinery camp of 34 houses in the Benedum field is occupied.

County Agent W. M. Day was returned from a 10-day study course at Texas A.M. College and four days study at the Sonora Experiment Station.

Mrs. E. D. (Mom) Yates was brought home to Rankin Tuesday from a McCombs hospital, where she had been a patient the last two weeks.

WASHINGTON COLUMN Europe Has To Plan To Sell More Goods In This Country

By PETER EDSON NEA Washington Correspondent WASHINGTON—Complete revision of American and European foreign trade practices will be necessary in the next two years if U. S. recovery payments to Marshall Plan countries are ever to be ended.

This in brief is the substance of a report which Assistant Economic Cooperation Administrator Wayne C. Taylor soon will make after a four-month study of European business conditions.

Since early this year, Taylor has been devoting his full time to the problem of how Europe can sell more goods to the U. S. Europe's trade deficit with the United States is estimated about \$4,000,000 a year for the next five years.

What this means is that Europe will have to sell in America goods worth that much more if it is to break even. By breaking even, Europe will earn enough dollars to pay for the machinery, food, cotton and other raw materials needed to keep going and raise the standard of living.

Taylor is a former undersecretary of commerce and ex-chairman of the U. S. Export-Import Bank. He took a seven-man mission of Marshall Plan and Commerce Department experts to Europe with him last May. They visited every Marshall Plan country and consulted with officials, foreign trade associations, businessmen and bankers. The Taylor mission now is completing a huge report, with many statistical annexes and exhibits. It will make specific recommendations on what might be done to increase U. S. imports from Europe.

Have To Be 'Sold' A vast educational campaign to "sell" these ideas to the U. S. Congress, European governments, American and foreign businessmen may be involved. Merely telling the American people that they should buy more foreign merchandise won't be enough. European exporters must learn what the American market is, produce goods for it, get them over here and merchandise them.

This probably will bring a loud yell from many American business firms. But in the main it is believed that European manufacturers can produce lines of goods which American firms don't or won't make, and so will be non-competitive with U. S. products.

In this process, U. S. customs laws, last revised in 1930, may have to be modernized. Customs regulations also will have to be changed by the U. S. Treasury Department. A start on this already has been made, independently.

New bilateral trade agreements between the United States and all European governments may be involved. In return for tariff concessions, European import quota restrictions, which are far worse than any tariffs, will have to be scrapped to make fair trade deals. Negotiation of such agreements now is blocked because extension of the Reciprocity Trade Agreements Act, which expired June 30, now is blocked in the Senate though it has passed the House.

The average U. S. tariff rate now is said to be about nine per cent. A lot of things come in free. But some of these items have duties up to 70, 80 and even 110 per cent. Many are not necessities. The British gave the Taylor mission a list of 55 such items.

Other factors in this situation involve European trade practices entirely. European exporters have been out of the U. S. market 10 years. In the meantime the market has changed. Ignorance about U. S. buying habits and demands is pretty complete.

So far, European exporters have been out of the U. S. market 10 years. Their salesmen have to get out into the Midwest, South and West to drum up more business in the big series of U. S. markets.

American stocks and inventories of foreign goods have to be built up so quick deliveries can be made. The United States needs more free trade zones for stockpiling imports. There now are only five—New York, New Orleans, Los Angeles, San Francisco and Seattle. It is felt there should be several big ones in the Midwest.

Foreign credit lines have to be built up. They must extend right to local banks in cities where retail sales are made. In marketing British cars in America after the war, U. S. finance companies weren't called in. Most sales were for cash. When the sellers' market ended, the British simply were not prepared to sell on credit, so they lost the market entirely.

This revolution in trade practices may sound formidable, says Taylor. But it is by no means impossible. What the Europeans have to do more than anything else is go to work on it.

Questions and Answers

Q—What was the first steamship to cross the Atlantic Ocean? A—It was the Savannah—a vessel of about 350 tons' burden, measuring 100 feet in length. She finally was wrecked off the south coast of Long Island.

Q—Who was successful in the quest for the Holy Grail? A—Many knights errant spent their lives searching for it, and finally Sir Galahad did the trick. According to legend, it was brought down from heaven by angels and given to knights who guarded it in a castle on the summit of an inaccessible mountain.

Q—Why did King Herod order the slaughter of all the children two years old and under in Bethlehem? A—This crime was committed by Herod for the purpose of destroying the infant Jesus, who, he feared, would reign as King of the Jews in his stead.

Q—How was the term "filibuster" first used? A—It was a name originally given to those freebooters that plundered the coast of America during the 16th and 17th centuries. It was later applied to certain lawless adventurers, not from Congress, but from the United States, who attempted to seize upon various countries of Spanish America.

SITUATION: You are spending a social evening with your husband's employer and his wife and a group of other people. WRONG WAY: Single out your husband's boss for your attention and turn your charm on him. RIGHT WAY: Treat your husband's employer the same way that you treat the other guests, except, perhaps, to be a little more dignified with him if he is an older man.

It is warmer to wear two thin garments than one thick one because the air between them serves as insulation.

Steps to the Moon

By Adelade Humphries Oh, don't I grieve thought. This was funny, since I thought when she had planned to tell Denny about Fritz, Denny had beat her to it.

"You must meet her. Sis, Denny was going on. 'You'll like her. She'll like you. Barry's met her.' Denny added, 'He thinks she's swell.' Yes, Barry had made no effort to disguise the fact he had liked Mrs. Day. 'She liked him, too.' Denny glowered; lost his bright mood. 'Too well, darn it. I'm jealous as the devil, Sis.'

"THIS may be the first time you ever asked anyone to be your wife," Gaynel said, rather sharply. "But do you realize, Denny, that you would be Mrs. Day's third husband?" She brought the coffee pot to the table, sat down opposite him.

"I'd be her thirty-first, if she'd have me," Denny said sorrowfully. "You aren't doing much about it," she said, filling his cup for him. "Getting 'puffed,' as you call it, 'Whining'."

"You'd get tight, too. If the person you love laughed at you, I'm gonna go to the dogs, drink myself to death."

"Drink your coffee now," Gaynel suggested dryly. "If I loved someone, and he turned me down, I'd fight for him. As the result to fight for Fritz. Besides, if Mrs. Day could make Denny grow up, that would be something to be grateful to her for."

"You would?" A flicker of hope lightened Denny's dark eyes. He took a huge gulp of the steaming coffee. "That's what I'm gonna do, Sis. I'm glad now I told you about Madeline. I know sure how you'd take it, you know. But I might have known you'd help me. Oh, Sis, his head went down between his hands on the table again, his body shook. "You can't know how I love her, Sis. If you did, if you loved someone like that, you'd understand. Maybe you wouldn't laugh..."

"I'm not laughing," Gaynel said. "He did not know how true that was."

So they say

We won the national election last November without New York, which would soon go Communist. They point out that it was not until Tito cut off supplies to the Greek guerrillas that the Greek army made any real progress in cleaning up the Communists—despite the best brains and supplies the U.S. Army could send.

And if Greece goes Communist, then Turkey, the Suez Canal, plus Near Eastern oil areas and North Africa would follow. That is why a steel mill is being shipped to Tito today; also why he is getting an American loan, plus any supplies which can bolster the man who still remains a ruthless, unscrupulous dictator, but who is the only European who has stood up against the power of the Politburo and gotten away with it.

Helping Tito is, of course, a calculated risk which can have the same result as our 1940 aid to France and England—namely, embroiling us in war. Which is why the Balkans of 1940 could so easily be another Sarajevo.

The thing that people fear the most is something they don't understand, and the one thing the Russians don't understand is strategic bombing. The geographic frontier is gone, but we still have a frontier of development. That frontier is technology.

Economic expansion today presents a strikingly different challenge from that of a hundred years ago. Then, the frontier development was the opening up of our great western resources. The geographic frontier is gone, but we still have a frontier of development. That frontier is technology.

Church Calendar

+ McCamey News +

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 9, 1946

BIBLE BAPTIST CHURCH
715 South Colorado Street
L. Marston Hall, Minister
10:30 a.m.: Sunday School.

Saturday
11:30 a.m.: Radio program.
Sunday
9:45 a.m.: Sunday School.
11:00 a.m.: Church services with the Lesson-Sermon on the topic "Substance."

The Golden Text is: "Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love him. But God hath revealed them unto us by his Spirit" (I Corinthians 2:9, 10).
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variableness, neither shadow of turning" (James 1:17).
The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God's thoughts are perfect and eternal, are substance and Life. Material and temporal thoughts are human, involving error, and since God, Spirit, is the only cause, they lack a divine cause" (page 286).

Wednesday
8:00 p.m.: Mid-week service.
Thursday
2:30-5 p.m.: Reading room will be open.

7:00 p.m.: Evening service with the sermon by the pastor on "A New Religion Cannot Be Patched Onto An Old."
8:00 p.m.: Christian Youth Fellowship.

McCAMEY — The Rev. A. R. Vaughan left last Sunday night for Seattle, Washington, where he will attend the General Council for the Assembly of God Churches. The Rev. Vaughan stated there will be ministers there from all over the United States and foreign countries, as well as several hundred missionaries. Vaughan also plans to visit in Canada before returning to McCamey.
Members of the First Baptist Church who are attending the Baptist State Sunday School Convention in San Antonio this week are: the Rev. W. I. Lee, Mrs. W. T. Collins, Mrs. Jack Ott, Mrs. H. C. House and Mrs. H. R. Braly.

Dr. and Mrs. T. E. McGlish will leave this weekend for Lubbock where they will attend a district meeting of the Naturopathic Society.
Mr. and Mrs. James Nettleton of Pandale are new residents of McCamey.
Mrs. Cecil Caubie of Odessa, and Mrs. Mike Minehan of Crane, were visitors in the home of Mrs. Helen Harding Sunday. Mrs. Caubie and Mrs. Harding are sisters.
Mr. and Mrs. B. B. Ingham and children, who live on a ranch between Ozona and Sheffield, were guests recently of Mrs. Ingham's parents, Mr. and Mrs. Theo W. Johnson.

Mr. and Mrs. Jim Keffer and daughter, Mona Jean, and Mr. and Mrs. Bill Moore and son, Billy, attended the car races Sunday. The track is located between Odessa and Midland.
Mr. and Mrs. George Bullard and children of Electra are new residents of McCamey.
Mr. and Mrs. Robert Thomas of Odessa were recent weekend visitors in the home of Mrs. Evelyn Adams. Donald Ray Coplen of Crane spent a weekend at home with his parents, Mr. and Mrs. A. M. Coplen.
No species of birds now living have teeth.

Walkers Are Honored At Farewell Party
McCAMEY—Mr. and Mrs. C. R. Walker were honored with a farewell party recently in their home. Hosts were staff members of the American National Insurance Company, of which Walker is assistant superintendent. He is being transferred to Odessa and will be replaced by J. M. Medlin.
Out-of-city guests were Mr. and Mrs. J. M. McDonald of Fort Stockton and Mr. and Mrs. H. A. Holmes and sons of Sheffield. Others were Mr. and Mrs. Medlin, J. O. Carl and Dorothy Todd.

A. H. Vineyard Is New Vice President Of Presbyterian Men
A. H. Vineyard Thursday night was chosen vice president of the Presbyterian Men of Midland, succeeding C. E. Bissell, whose resignation was read and accepted with regret at the organization's Fall dinner meeting.
Ernest Sidwell, program chairman, presided in the absence of the president, Bill Collyns, a member. He appointed Nelson Frazier, Tom Frick, Lewis Link and Hugh Tanner to serve with him as program committee for the remainder of the year.
The program for the evening included short talks by three accountants, who discussed accounting terms and methods as applicable to the church. The speakers were Paul Lavery, on assets; E. J. Crays on liabilities, and Daniel Griffith on profits.
Forty-three members attended the meeting, which adjourned at 10:30 p.m. for most of those present to attend the Midland-Big Spring baseball game at Indian Park.

Tungsten has the highest melting point of all metals.

There is something refreshing and wholesome in the sight of this fine boy and girl, chatting in friendly fashion as they plod their way to school.
They are typical of many thousands of boys and girls who are preparing themselves, through study and training, for the duties and responsibilities of life.
Parents are often concerned about the academic progress of their children. But to be mentally alert is not enough; to be able to judge between right and wrong is essential. Progress in the knowledge of God and the principles of right living should be a matter of deeper concern.
True education encompasses the training of the soul along with that of the mind and body. When this training is neglected, life is incomplete, because it lacks the foundation of a vital faith.
Boys and girls should turn to the teachings of the Church and to the precepts of the Holy Scriptures as the most important part of their life training.

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday Psalms 119:9-16
Monday Psalms 19:7-14
Tuesday Matthew 25:1-13
Wednesday Philippians 4:4-9
Thursday Luke 12:42-48
Friday Matthew 25:14-30
Saturday Isaiah 6:1-8

If you desire a schedule of readings for the year write to American Bible Society, Dept. U, 450 Park Ave., N. Y. 22, N. Y.

Bulldogs To Open Season In Ysleta

Probable Bulldog Starters

Here's just about the starting lineup for the Midland Bulldogs when they take the field against the Ysleta Indians Friday night. They will be playing in new game uniforms instead of the practice togs shown here, however. From left to right, front row, Charles Crowley, Harrie Smith, Bob Wood, Al Baze, Dalton Byerley (behind Coach Tugboat Jones), Jimmy O'Neal and Jack Mobley. Backs shown other than Crowley who is blocking Coach Garvin Beauchamp at left, are, left to right, Reed Gilmore, L. C. Thomas and Jack Burris. The end not shown at right will be either Graham Mackey or Duane Bush.

NT-NM League—
Dukes Square With Lobos As Amarillo Edges Abilene 3-2

By The Associated Press
 Albuquerque squared its West Texas-New Mexico League playoff series with Lamesa 20-8 Thursday night, and Amarillo went one up on Abilene 3-2.
 The Dukes pounded out 23 hits in tying the series after two games. Frank Shone slammed out two doubles and two singles to drive in five runs before retiring in the seventh because of stomach pains. Amarillo won the delayed opener of its series with Abilene by coming from behind with single runs in the sixth and seventh innings. Friday night, Albuquerque moves to Lamesa for the third game and Abilene continues at Amarillo.

MAJOR LEAGUES—

Tigers Hit Tribe Near-Fatal Blow

By JACK HAND
 Associated Press Sports Writer
 Red Rolfe's Detroit Tigers, hottest club in baseball with a steaming 16-out-of-18 fever, Friday seemed to have delivered the kayo wallop to the world champion Cleveland Indians.
 The Tribe still has a mathematical chance at the American League pennant. So do the Tigers, but its only a fleeting hope—one that would require a minor miracle to come true.

Detroit vaulted into a near tie with Cleveland for third place by sweeping a day-night double-header Thursday on the pitching of Hal Newhouser and Ted Gray. Both are running out of games too fast to be a real threat. With only 16 games to play, 13 on the road, they trail the Yanks by 10 games on the all-important losing side of the ledger.
 Cleveland's situation is almost as desperate. They play only three of 20 at home and trail New York by eight games.

Rain washed out the New York-Boston game, turning the big series into a two-game set. The worst the Yanks can get is a split. Every day their two and one half game lead looks more comfortable. If the Yanks can take a deep breath, there is no such chance in the national. The St. Louis Cards and Brooklyn Dodgers are separated by a single game.
 Harry Brecheen gave the Cardinals a boost Thursday night with a three-hit, 8-0 shutout of the Chicago Cubs.

Brooklyn staggered home ahead of New York 12-7 in three hours, 20-minute marathon that was delayed 35 minutes by rain in the first inning. Twenty-two walks, only one short of the league record, were handed out in the wild affair.
 Reliever Carl Erskine, following Rex Barney to the hill, earned his sixth straight win since returning from Fort Worth, but needed help from Ery Palica to get home.
 Russ Meyer turned back Boston with one hit as the Phillies dumped the Braves for their ninth straight loss 3-1. The one hit was a double by Connie Ryan in the first inning, scoring Sibby Sisti, who walked.
 Hal Hasis One-Bitter Cincinnati pushed over three runs in the ninth to give Herm Wehmeier a 9-7 decision over Pittsburgh's Viv Lombardi. A homer by Danny Litwiler started the winning rally.
 Newhouser gave Cleveland only one hit and faced but 23 batters in Detroit's afternoon 10-0 romp over Cleveland. Gray followed up Newhouser's fine job with a four-hitter at night to trim the Tribe's Bobby Feller 4-1. Feller hit a homer, but it wasn't enough to save him from his 11th loss.
 The Philadelphia Athletics pulled out of a six-game losing tailspin to left hand the Washington Senators into a double loss, 9-1 and 8-4, in a twilight-night double-header. Al Kellner grabbed win No. 17 in the twilight half at the expense of Rookie Jim Pearce, up from Charlotte. Lou Brissie breezed home in the second.
 Bob Kuzava stopped the St. Louis Browns with five hits in pitching Chicago to a 3-1 victory. Ned Garver was the loser.

Houston May Enter Pro Football League
 CLEVELAND (AP)—The Cleveland Plain Dealer said Thursday night that the All-America Football Conference is expected to be expanded to eight teams next year with Houston, Texas as the new member.
 The circuit was reduced to seven teams last January when the Brooklyn and New York franchises were merged.
 Pointing to a charity game which Glenn McCarthy, wealthy Houston oil man, said conference players would stage in Houston on December 17, the paper added:
 "The game, which will be sort of a public opinion poll, will be the forerunner of a franchise for McCarthy in Houston, it was said. It has been arranged to acquaint Texas as fans with the type of game the pros play."

Midland Heavier, Redskins Faster

The Midland Bulldogs—the New Midland Bulldogs of 1949—take the field at 8 p. m. Friday in their first tilt of the season. The speedy, tough Ysleta Indians will furnish the opposition in Ysleta Stadium.

It'll be the first game for Thurman L. (Tugboat) Jones, new athletic director and head football coach here, also. It's a game he wants more than anything to win.
 "We will be in there fighting all the way," was Coach Jones' promise to Midland fans for the opener.

The Bulldogs will be running from a single-wing formation against the Ysleta box and double-wing. Coaches sent them through drills during the last week against an opposing team lined up in the Ysleta formations. As much preparation as possible has been made to meet and stop the Indian attack.
Bulldogs Heavier
 Midland will have a weight advantage of an estimated 15-pounds per man in the line and the backfields will be just about evenly matched except for speed.
 The Bulldog backfield is rather slow this season but packs a goodly amount of solid punch.
 The Midland-Ysleta tilt will be a renewal of a series that has extended over the last several years. Midland topped the Indians 21 to 20 last year in a thriller.

According to reports, the bulk of Ysleta's experienced men are in the line. Gene Odell, letterman KCRS To Broadcast Grid Game Friday
 Midland's radio station KCRS will broadcast the Midland-Ysleta football game Friday night.
 Kickoff time will be 9 p. m. here because of a time change at El Paso.

Midland's starting lineup follows:
 Ends—Leo Hatfield, 140; W. H. Black, 155.
 Tackles—David Lavery, 185; Guy Vanderpool, 200.
 Guards—Al Scoggins, 130; Glenn Baker, 180.
 Backs—Larry Lynn, 122 or Harold Hensley, 140; Jimmy Adams, 118; Dan Black, 150; Robert Melton, 140.
 Others due to make the trip and see some action are Charles Hendrick, Frank Ingram, Charles Overend, Don Frazier, Mark McKinsey, James Weathered, Jimmy Reven, Bill Spence, John Zant, Ralph Brooks, Robert McKandies, Gaylor Strickland, and Bill Grissett.
 Al Scoggins and Dan Black have been named captains for the tilt. Team managers are Ted Kerr and Tim Cornwall.

Midland Counts On Line
 Like Ysleta, Midland's main power lies in its bulky line—one that can open huge holes for the inexperienced and somewhat slow backs.
 Jimmy O'Neal, center, has more experience than the others. Jack Mobley, guard; Bob Woods, tackle; Al Baze, tackle and Harrie Smith, end, are some action last season but none made the starting lineup.
 The backfield will find Cecil Stephens, a wingback, the most experienced man on the squad, running with L. C. Thomas, Reed Gilmore, Charles Crowley, Jack Burris, Luther Mooney, Bob Conner and possibly others. It'll be the first time for most of them to tote the pigskin.
 The Bulldogs' main scoring threats will be a crushing ground game and an improving passing attack. There will be very little break-away stuff due to the lack of speed.

This year's team has the finest spirit and more fight and hustle than any in many years. It wants to win badly. That alone will make it hard to stop.
 Here are the probable starting lineups, weights as listed:
MIDLAND
 ENDS—Bush, 190; Smith 152.
 TACKLES—Baze, 208; Wood, 170.
 GUARDS—Mobley, 150; Byerley, 172.
 CENTER—O'Neal, 178.
 BACKS—Burris, 160; Stephens, 137 or Crowley, 160; Gilmore, 148; Thomas, 155.
YSLETA
 ENDS—Odell, 167; Loya, 152.
 TACKLES—Cantrell, 180; Phillips, 167.
 GUARDS—Caldwell, 165; Chitwood, 155.
 CENTER—Porter, 168.
 BACKS—Hamilton, 160; Walker, 150; Plumbley, 155; Smith, 165.

Texas League—
Dallas Eagles Now Almost Eliminated From Loop Playoffs
 By The Associated Press
 Texas League teams open final series of the regular season Friday night.
 Shreveport climbed into a tie with Oklahoma City for third place Thursday night, thumping Houston 4-1, as Tulsa dropped the Indians 6-5.
 Dallas slipped almost out of mathematical consideration for one of the playoff places, losing for the third straight night to Fort Worth. The score was 8-5.
 Witte Slams No. 49
 In the circuit's other tilt, San Antonio slugged Beaumont 9-3. Jerry Witte hit his forty-ninth home run of the season for Dallas, but his mates could not solve Eddie Chandler's pitching as well. Chandler won his thirteenth game of the year.
 Vern Petty homered for Shreveport and the Sports bunched four hits in the eighth inning for three more runs.
 Les Stone, 18, held Beaumont to six hits in winning his first victory and Pat Seery hammered out a single and home run for the Missions.
 Three singles gave Oklahoma City three runs in the top of the ninth, but Tulsa erased the advantage its half of the frame on a single, Russ Burns' long fly, a walk and an error.

VETERAN COUPLE HAS FORMULA FOR HAPPINESS
 DECATUR, ILL.—(AP)—A formula for successful marriage was suggested Friday by Mr. and Mrs. R. Robinson, who observed their 66th wedding anniversary. Robinson gets the couple's breakfast every morning.
 But one of the biggest tilts will be unrelieved Saturday when the Odessa Bronchos meet Fort Arthur in a night game at Odessa.
 Thirteen City Conference teams will see action. Intersectional games top the Class AA schedule.
 Games in this area include: Big Spring at Plainview, Pecos at Brownfield, Lamesa at Levelland, Midland at Ysleta, Electra at Brownwood, Breckenridge at Abilene, Vernon at Sweetwater, San Angelo at Denison, El Paso High at Roswell, N. M., and Bowie (El Paso) at Carlsbad, N. M.

City Conference, Class AA Teams To Open Season Friday

Pound Broncs 11-3 In Harold Webb Night Feature

SPORTSLANTS

BY SHORTY SHELburnE

The Midland Indian Pennant Fund grew fairly fast for a couple of days last week but when the Indians left town it started to sag. Midland JayCees, who are sponsoring the fund drive, will make an intensive canvass of the downtown area Monday in an effort to complete the fund.

No one will be asked for much. But an effort will be made to contact all merchants and others who wish to give to the worthy cause.

Gene Brewer, contractor, dropped in a check for \$10 at the Wishing Well at Indian Park Saturday night. We are hoping other business men will have similar checks ready when they are contacted.

The plan still is to contact 160 businesses and individuals and try to get them to give \$10 each. That'll do the job up just right.

One Midland fan handed \$10 to Manager Harold Webb one night last week and one \$5 bill has turned up in the wishing well along with several \$1 bills. The rest has been mostly small change.

The Indians will be at home the remainder of the season—through Sunday.

The playoffs open Tuesday night. Big Spring will meet the fourth-place club in Big Spring in the first two playoff games and the second and third place clubs will meet in the second place city for the openers unless other plans are made.

President Hal Sayles of the Longhorn League will be here Saturday night to award the Rookie of the Year trophy to the finest rookie in the league—Kenny Jones.

Kenny won the prize from all other rookies in the loop in balloting by sportswriters and sportscasters recently.

When the little Midland backstop speaks about winning the award, his face lights up like a neon sign.

It'll mean more to him than anything else—except winning the pennant again.

Let's turn out in big numbers Saturday night, fans, to cheer

Kenny when he takes down the top prize.

—SS—
Sportslants and many Midland football fans will be in Ysleta Friday night for the opening game of the 1949 football season.

It's a fine bunch of Bulldogs we have this season. We will be thrilled like they when action starts at 8 p.m.

Take 'em rank and file and there isn't a better bunch anywhere than the Bulldogs, taking into consideration their lack of experience and speed.

—SS—
Due to see plenty of action in Friday night's game are: Harrie Smith, Graham Mackey, Duane Bush and Jimmy Lineberger, ends; Bob Wood, Al Base, Stan Coker and Jerry Culp, tackles; Dalton Byerley, John Steinberger, Jack Moberly and Pete English, guards; Jimmy O'Neal and Bob Burks, centers; Cecil Stephens, Jack Burris, Bob Conner, L. C. Thomas, Reed Gilmore, Luther Mooney, Charles Crowley, backs.

Larry Friday, Roy Kimsey, Robert Kelsing, Jimmy Locke and Larry Burnside also may see action.

Most of these boys will be playing their first ball game. They undoubtedly will make mistakes. But they will be in there doing their best all the way.

The snappy, fighting, hustling spirit is evident in each one of them. They want to win and they are willing to pay the price for a victory.

We're not predicting but don't be surprised if you'll see Bulldogs come home with an Ysleta Indian scalp in their possession.

Hi-Power Shoot Is Scheduled Sunday

The sixth Permian Basin Hi-Power Rifle Shoot is scheduled on the Permian Basin Rifle and Pistol Club ranges at Midland Air Terminal Sunday. Shooting will start at 10 a.m.

The program includes 16 matches, many of which may be entered with any rifle.

Cash prizes will be awarded in all matches. Shooters will not be classified.

All rifle shooters in this area are invited to participate.

Meet Big Spring Friday; Double-Header Saturday 'With Kenny Jones Night'

Ernie Nelson takes the mound for the Midland Indians Friday night against the Big Spring Broncs in Indian Park. Starting time will be 8:15 p.m.

A double-header with the Ballinger Cats is scheduled Saturday night in Indian Park. The first game will start at 7:30 p.m. and it'll be Kenny Jones Night. Popular little Kenny will be presented the Longhorn League Rookie of the Year award by President Hal Sayles in ceremonies between games.

It was V-Day for the Midland Indians and Harold Webb at Indian Park Thursday night. It also was "Harold Webb Night" and what a night the Skipper had.

The Indians lambasted the Big Spring Broncs 11 to 3 behind the almost untouchable pitching of Ralph Blair to make everything complete for Webb. The win moved

Cuban Kid Favored In Garden Opener

NEW YORK—(AP)—The Madison Square Garden boxing season opens Friday night, after a three-month lapse, with a ten-round bout between Kid Gavilan of Havana, a welterweight contender, and Rocky Castellani, Luzerne, Pa., middleweight.

Although Gavilan will give away some six pounds to Rocky, the flashy Cuban kid is a big one to three favorites.

Sliteler Doesn't Have To Win; Sits Solid In Aggieland

By HAROLD V. RATLIFF
COLLEGE STATION—(AP)—Harry Sliteler is a college coach who can go through a season without winning a game and not be seeking other employment.

Sliteler is the fellow who was given a \$1,500 raise in salary after the team lost its sixth straight game last year.

Talk to Dick Hervey, executive secretary of the Texas A&M College Association of former students, and E. McQuillen, who formerly held the post and still hears from many of the 20,000 who are convinced Sliteler is sitting mighty solid in Aggieland.

Harry doesn't even have a contract. He didn't ask for one last year when he was picked to succeed Homer Norton as coach of the downtrodden Aggies. All Sliteler wanted was to become a member of the A&M faculty—to teach football.

Ex-students Happy
"The ex-students association is well-pleased with what Sliteler has done," said Hervey. "They know he had no material for a winning team but they also know he gave them a fighting spirit that never could be downed. Those boys came back after every defeat last season to fight like they were winning all the time."

The Aggies lost one game by one point, three by six and included in their accomplishments was a great battle with Southwest Conference champion Southern Methodist. The Methodists beat A&M 20-14, but really had to hump to do it.

McQuillen had this observation of Sliteler:
"He came to A&M as one of us. He didn't claim to be a big shot. He was the first A&M graduate ever to be head coach. He didn't want to tie us down with a long-term contract. He chose to sink or swim on his merits. Of course, he must win eventually but he has no worry about it now. He could go for several years without a winning team. So long as the exes know he's doing the best with what he has they'll be satisfied."

Sliteler is sitting mighty solid in Aggieland.

Golden Cranes Meet Seminole In Opener

CRANE—The Golden Cranes of Crane High School go after their first conference victory Friday night when they meet the Seminole Indians in Seminole.

Both clubs are reported to have suffered heavy losses during the last week by injuries to key men.

Crane, however, has a 31-man roster to provide depth. The roster includes:
Ends—Doug Dameron, John Hickley, Harold Hunter, Buster Pendleton, Charles Plemster, Abra Taylor, Robert Sullivan and William Lively.

Tackles—Kenneth Acuff, Henry Cook, Jimmy Heard, Don Smith, Backs—John Clark, Malcolm Garrett, Ernie Higdon, James Kilgore, Rex Knox, Richard Lightfoot, Clark Lee Pressley, Jimmy Neal Stacy and Billy Don Ingram.

Although whale oil candles went out of fashion 100 years ago, skilled American glassworkers are today making glass candleholders by hand by virtually the same methods they used a century ago.

Indians Climb Into Second Place As Oilers Clip Vernon

By The Associated Press
Midland bounced into second place in the Longhorn League standings Thursday night, dropping pace setter Big Spring 11-3.

The Indians hold a half-game advantage over Vernon, which lost to Odessa 9-4, with the season due to end Sunday.

Ballinger and Sweetwater split a double-header. Ballinger won the first game 5-3, lost the second 6-3. San Angelo and Roswell were rained out.

Low Dawson homered for Midland and Carlos Pascual hit one out of the park for Big Spring.

Three hits and four walks produced Odessa's four runs in the sixth inning.

First Japanese Sake Now Enroute To U.S.

TOKYO—(AP)—The first shipment of sake, potent Japanese fermented rice drink, for the United States since Pearl Harbor left last Friday.

The freighter Andrew Jackson loaded 3,300 quarts at Kobe and Yokohama. Some of the sake will go to the Hawaiian Islands.

Carlos Pascual accounted for Big Spring's last two runs with a home run with one on in the last of the eighth.

The win was No. 17 for Blair this season and was one of his best hurling jobs.

\$250,000 TYPHOON DAMAGE TOKYO—(AP)—Officials Friday set damage to U. S. Army installations and vessels at the Yokohama port in the August 31 typhoon at \$250,000.

District 5-A Swings Into Action On All Fronts Friday; Conference Games Top List

One of the toughest Class A districts in the state, District 5-A, breaks loose in full scale action on all fronts Friday night. Three conference tilts and four non-conference tussles are on tap.

The Wink-Fort Stockton clash at Wink tops the conference slate, although the Kermit-Denver City and Crane-Seminole games may blossom into something just as interesting.

Wink opened the season last week with a 13-0 loss to Cathedral High of El Paso. Coaches and players alike have been pointing to the conference opener in workouts during the last week.

Fort Stockton is reported not too strong this season, being in the middle of a rebuilding program.

The Kermit Yellowjackets will present a definite threat to tough Denver City. The Jackets are heavy in the line and break smoothly from a T formation. However, Denver City has its eyes on the pre-season favorites. Friday's tilt will be a night game in Denver City.

Crane, a new member of the 5-A family, tangles with potent Seminole in Seminole in the other district game.

Longhorn League—Indians Climb Into Second Place As Oilers Clip Vernon

By The Associated Press
Midland bounced into second place in the Longhorn League standings Thursday night, dropping pace setter Big Spring 11-3.

The Indians hold a half-game advantage over Vernon, which lost to Odessa 9-4, with the season due to end Sunday.

Ballinger and Sweetwater split a double-header. Ballinger won the first game 5-3, lost the second 6-3. San Angelo and Roswell were rained out.

Low Dawson homered for Midland and Carlos Pascual hit one out of the park for Big Spring.

Three hits and four walks produced Odessa's four runs in the sixth inning.

First Japanese Sake Now Enroute To U.S.

TOKYO—(AP)—The first shipment of sake, potent Japanese fermented rice drink, for the United States since Pearl Harbor left last Friday.

The freighter Andrew Jackson loaded 3,300 quarts at Kobe and Yokohama. Some of the sake will go to the Hawaiian Islands.

DADDY RINGTAIL

By WESLEY DAVIS

Daddy Ringtail And Inside A Drum

Bobby Ringtail had a drum. He was sitting down on the Elephant Path, drumming the drum with a drumstick. "Boom-de-de-boom de-de-boom boom!" said the drum.

It was a tom-tom drum, I think, the kind that natives use to signal far away and through the hills to one another. Of course I don't really know about the natives, except for the stories I have read,

but—yes, the more I think about it, the sure I am that Bobby's drum was a tom-tom. Its voice was deep, and the sound of it carried far away.

Suddenly Bobby stopped his drumming. He was wondering

what was inside a drum. What is there really inside a drum? What makes it go "boom" when you hit it with a stick? Nothing. Nothing is in there at all. The same is true for any drum, whether the drum is a tom-tom drum or not.

That's what Daddy Ringtail said. Bobby went down again to the Elephant Path, down to the ground from the top of the very tall tree.

He looked back up at the monkey house. Yes, Daddy Ringtail was sitting there yet on the porch, right in the very same place where he sat when he had said that the drum was empty inside.

Had he really paid attention to the question? Bobby wondered. Was it true that a drum is empty inside?

Bobby just had to know, and he knew the way to find out. Oh, Daddy Ringtail had said that a drum wouldn't drum any more if once a knife has cut it open. But maybe Daddy Ringtail was mistaken. Besides, what is inside a drum? Something has to be there, Bobby thought—something to make the noise of "boom."

Bobby took the knife from out of his pocket. He opened it up and looked at the blade. It was a play-knife, not very sharp, but the knife was sharp enough to cut the drum. And the knife did, with Bobby holding it, of course.

And there inside the drum—what do you think was there? Nothing. Nothing at all. Just empty inside. For the noise of the drum is from the way that a drum is made, and not from something inside. It is true for any drum.

Well, people have to see for themselves sometimes, and when they do—sorry—no drum. Too bad. How sad.

(Copyright 1949, General Features Corp.)

IT'S A FACT

AND WE CAN PROVE IT.
WATER PIPES OR BOILERS DO NOT "SWEAT" IN WARM WEATHER.

(PROOF NEXT SUNDAY) YOU CAN GET SUNSTROKE WHEN NOT IN THE SUN. The Encyclopedia Britannica defines sunstroke as a term applied to the effects produced upon the central nervous system, and through it upon other organs of the body, by exposure to the sun or to overheated air.

Here's an educational pastime in your mind—put a "BEWARE" label on every source of possible financial loss. Then check how practically everyone can be covered with insurance! It pays to insure adequately.

Speeding Of Victory For Socialism Aim

PRAGUE (AP)—Czechoslovakia now has "Stachanovite" (super producer) teachers whose goal is to speed the triumph of Marx-Leninist socialism. How does a teacher get to be a Stachanovite or shock worker?

Prof. Zdenek Pesek gave the answers to a teachers' conference here recently. "The teachers' shock worker movement," he said, "springs from great constructive enthusiasm and firm will to overcome all difficulties which were and still are in the way of the spreading of Socialistic ideas.

"This work is based on these elements: To teach better—more ideologically. To give attention to the formation of youth groups. To pay special attention to the Socialistic attitude in work."

Water in mist form, applied to the natural surfaces, is used in a new process for cooling large electrical machines. The process is as revolutionary as hydrogen cooling in the twenties.

BOND SET AT \$1,000

Bond for a Midland resident charged with felony theft was fixed at \$1,000 Friday by Justice of the Peace Joseph A. Seymour. The defendant waived examining trial.

Child Hurt Slightly In Auto Collision

Fay Midkiff, seven, daughter of Mr. and Mrs. Frank Midkiff, 108 North G Street, received slight injuries Thursday night in an auto collision at Illinois and C Streets. The child was given emergency treatment at Western Clinic-Hospital for a mild concussion and contusions, and released. The accident occurred about 10 p. m.

Scout Executive To Be Transferred

Rex Palmer, Peos field executive of the Buffalo Trail Council, Boy Scouts of America, is to be transferred sometime this month, according to P. V. Thorson, Scout executive for the council. Palmer will hold an executive position in Denton of the Longhorn Council with headquarters in Fort Worth. "We regret to lose Palmer but the change will be a promotion for him," Thorson said. "He has done particularly outstanding service for the Buffalo Trail Scout Ranch and will be hard to replace." Palmer has served in the Buffalo Trail Council six years. Most of his service has been centered around Peos and in the Scout Ranch located in the Davis Mountains. A replacement will be found for him as soon as possible.

Junior High Band Gives First Concert

An enthusiastic audience was presented a demonstration concert of what the boys and girls of Midland Junior High School have accomplished in the newly-formed band classes in the school auditorium Thursday night. George Gates, band director, was in charge of the program. Although the band has 78 members, places still are open for any students who would like to try out. This is the first time in the history of the junior high school in Midland that a band has been organized. Concerts and other programs will be presented by the band from time to time during the year, Gates says.

Texas Cotton Crop Estimate Raised By 550,000 Bales

AUSTIN — (AP) — The United States Department of Agriculture has revised upward 550,000 bales the expected Texas cotton crop production this year. The bureau reported Friday that it now expects a Texas yield of 6,000,000 bales. If such a production is realized, it will be 50 per cent larger than the 2,150,000 bales last year and 84 per cent larger than the 10-year (1938-47) average. Reason for the revised estimate included ideal August weather for cotton. Near normal rainfall in the late maturing West and Northwest areas maintained soil moisture in excellent supply and plant growth. Heavy fruiting continued throughout the month, USDA said. The final outturn of the crop, however, still is highly dependent upon weather conditions during the remainder of the season, USDA added.

Mother's Tears Mystery To Young Business Magnate

BALTIMORE — (AP) — Flushed with the success of his week-long "business venture," nine-year-old Mike Pearce Friday was getting set to go to work in earnest with a newly-painted shoeshine box. Mike disappeared from home a week ago. When he showed up Thursday, he had a pocketful of silver and a present for his mother — a \$2.75 camera. It seems Mike's mother had been talking all summer about wanting a "really good" camera. So he decided to do something about it. He went out to the municipal airport and, with the backing of some airline clerks, set himself up in business shining shoes. The money came rolling in, Mike blew himself some comic books and ice cream. He made a dollar the first day and decided to sleep in a truck at the airport, which was two miles from home, until he accumulated enough money to surprise his mother with the camera. What with outlays for such necessary items as more comic books and more ice cream, it was a week before he could buy the camera. The police, however, finally escorted Mike back home to his worried mother, she broke into tears. That was something businessman Mike couldn't understand. She had her camera, didn't she?

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 9, 1948-9

LEGAL NOTICES 1-A The nature of said suit being substantially as follows, to-wit: A. To possess to try title suit, to try title to the following described property to-wit: Lots numbered 18 to 24 inclusive, being the South one-half (1/2) of Block 141, Southern Addition of the town of Midland, Midland County, Texas. Plaintiff alleges that on or about August 21, 1917, J. M. Dickey, Jr. died and left said land to William M. Proctor to take M. Proctor, and that said land has been lost and after diligent search is unable to locate same. Plaintiff has especially pleaded that he has had possession of said property since about January 21, 1918, up and until about the 15th day of May, 1948, when the defendant possessed the plaintiff of such premises and withdrew from the possession thereof. Plaintiff prays for recovery of title and possession to said lands above specifically described and costs of suit. If this Citation is not served within ninety (90) days after the date of its issuance, it shall be returned unadvised. Issued this 12th day of August, 1948. Given under my hand and seal of said Court, at office in Midland, Texas, this 13th day of August 1948. D. H. HARRIS, Clerk (Seal) NETTIE C. BOMER, Clerk District Court, Midland County, Texas (August 12, September 7-9)

Frizzell Indicted In Rodeo Slayings

BIG SPRING — (AP) — Herbert Frizzell, 24, Mount Vernon rodeo performer, posted bonds of \$5,000 each on two counts murder with malice Thursday after he was indicted by a grand jury.

Frizzell was charged in the shooting deaths of Rodeo Judge Henry P. Jones, 40, Ranger, and Carl Myers, 23, Abilene college student, on August 4. The shooting occurred before more than 2,500 spectators at the annual Big Spring Rodeo.

Texas Girl's Death Aboard Ocean Liner Is Ruled Accidental

BOSTON — (AP) — An investigation in the death of a Texas debutante was at an end Friday with a medical examiner's verdict that she was killed accidentally in a stairway fall aboard the liner Excalibur at sea.

Shortly after Dr. William J. Brickley announced his finding, the body of Adrienne Atwell, 20, of Dallas, was placed aboard a plane and flown to Dallas by her parents, Attorney and Mrs. Webster Atwell.

Robert M. Willard, 21, also of Dallas, who was injured in the stairway fall early last Saturday, was reported in "satisfactory" condition at Peter Bent Brigham Hospital.

Miss Atwell died from a fractured skull and intracranial hemorrhage three days later. Willard suffered head injuries.

Families Of Smog Victims File Suits

PITTSBURGH — (AP) — The families of 10 persons who died during a smog at Donora, Pa., last October have filed suit for \$556,000 against the American Steel and Wire Company.

The suits, filed in federal court Thursday by Attorney Charles J. Margiotti, charged the U. S. Steel Corporation subsidiary with "willful neglect" in permitting dangerous fumes to hang over the nearby milltown for the five-day period in which a total of 22 persons died.

Margiotti said additional suits for \$1,487,950 will be filed on behalf of 121 persons who claimed injury to their health.

Hundreds were made ill and more than a score of elderly asthmatic and heart sufferers died from October 25 to Oct. 30, 1948, as a choking combination of smoke and fog blanketed the Monongahela River town.

MAJOR SURGERY

Mrs. T. P. Drew underwent major surgery Friday at Western Clinic-Hospital.

When trouble brews anywhere on

the earth's surface, the United States Navy can move within range with a ready-made air base and aircraft, ready for action at a moment's notice.

ONE MORNING ON TAYLOR 8991—

A ring-by-ring description of one morning in the busy life of Mrs. R. E. Sivley, 2115 Rutland St., Houston, Texas, (Taylor 8991).

7:00 Saved my husband's pocket knife with an early call to Cleo. She found it in his navy pants before she started our family washing.

8:15 Dorothy, my sister-in-law, phoned to offer me a lift to the bridge luncheon today. She'll be by at 11:30. That will be a big help!

8:20 Called Mrs. Charlot to see whether she can stay with Beaver (our son, age 3½) while I go to the luncheon. My lucky day! She can.

9:45 Mother phoned from Austin, wanted to hear Beaver's voice, said she was lonesome for her grandson. He was cute, carried on quite a conversation.

10:30 Called a real estate agent about a house I saw advertised in the newspaper. Only five rooms and too high priced. So-o-o-we're still looking!

10:45 My good friend, Jen, called to exchange the latest news. We made a date to spend the day together a week from tomorrow.

11:30 Dorothy had to hunt for her car keys, called to tell me she would be a few minutes late. That gives me a few more minutes to get ready.

"Thanks so much for the lift"

Southwestern Bell Telephone Co.

What also gives so much for so little?

Every year brings further progress in telephone service. New telephones added so you can call more people, more people can call you. Improvements made so you can hear better, get your calls through quicker, enjoy more trouble-free service. The result—a real bargain today that keeps growing in value every year!

Southwestern Bell Telephone Co.

Whether you wish a marker or a family monument we invite you to visit our memorial display. We have many lovely designs in both monuments and individual grave markers to choose from.

More Improvement In Employment Is Seen By Officials

WASHINGTON—(AP)—Further improvement in the unemployment picture is expected this month. This would reinforce August's 400,000 decline in the number of jobless men and women.
Officials predicted that the July setback in industrial production will be wiped out completely when the Federal Reserve Board issues its August index.
Government economists were cautiously optimistic in appraising Thursday's report of the Census Bureau. It showed that civilian employment rose to 59,947,000 last month.
That was tops for 1949, although almost 1,300,000 below the record total of a year ago.

Limited Aid—

(Continued From Page One)
veoping. Congressional action likely will be required on several major proposals.
Months In Making
That means they would be months in the making, even if the Administration definitely decided to go through with them. Such measures include:
1. A substantial further reduction in American tariffs.
2. Modification of the 1946 British-American loan agreement. Britain promised in this agreement not to discriminate against American goods. Now Britain has requested suspension of this provision on the ground that it must discriminate in order to conserve dollars.
3. An increase in Export-Import Bank loan funds.
4. Revision of customs procedures. Britain and Canada both have requested a review of basic customs methods to make it easier for their exporters to get goods into this country.
5. Greater freedom for Britain in spending ECA funds.
Tennessee is bounded by eight states.

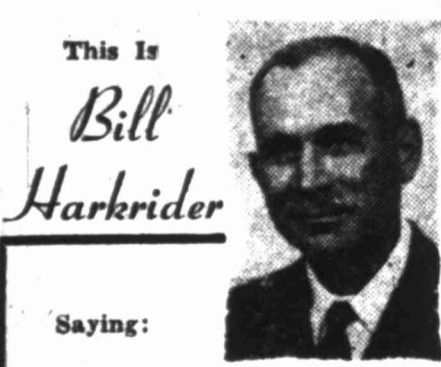

New Douglas Plane May Solve Problems Of Feeder Air Lines

HOUSTON—(AP)—A new airplane, developed especially for feeder airlines. Features speed, safety and economy.
You take your own luggage aboard and enjoy the quiet comforts and speed of larger, four-engine aircraft.
The increased operating efficiency of the new two-engine plane—the Douglas Super DC-3—was demonstrated this week to Pioneer Airlines.
Douglas says it's the safest airplane going. It even has bird-proof windshields, stainless steel engine nacelles and non-inflammable hydraulic fluid.
An 878-mile flight over Pioneer's route lopped off one hour and eight minutes of normal trip time, showing a savings of 24.7 per cent.
More Passengers, Comfort
The sleek, twin-engine plane reduced Pioneer's ground operating time to two minutes. While the new craft's operating cost per airplane mile is essentially the same as the older DC-3, the passenger mile cost has been reduced materially. The fuselage of the plane was enlarged to accommodate more passengers and make them more comfortable.
Max Jacoby, chief pilot for Pioneer, flew the new plane over the line's route. The craft stopped at Bryan, Temple, Waco, Dallas, Fort Worth, Abilene, San Angelo and Austin.
Jacoby says it's the easiest transport plane to fly he ever saw. He thinks the pilot will have an easier time in the new Super DC-3. The cockpit is more comfortable and it is quieter than the older plane.
When you get on it, you just place your luggage in a rack near the door, and pick it up when you leave.
A new cargo space, in the tail assembly, provides for efficient handling and provides for heavier loads.

Mexico Smashes Gold Smuggling Ring

MEXICO CITY—(AP)—Mexican Treasury agents Thursday nabbed five alleged leaders of a band smuggling gold to South America.
One, arrested at the Central Airport, carried \$23,000 worth of gold in a special vest worn under his clothes, the Treasury Department reported.
Angel Gonzalez de la Vega, Treasury undersecretary, said the band employed youths to do the actual smuggling. They traveled aboard commercial airliners and were paid 3,000 to 5,000 pesos (\$50 to \$875) a trip plus the "vacation" abroad.
Shakespeare, according to estimates, never made a continuous journey as far as a round trip from Boston to New York.

West Texas Oil & Gas Log

(Continued From Page One)
and west lines of the northeast quarter of section 3, block 3, H&TC survey, was bottomed at 5,535 feet in Simpson lime and sand, and was to cement a string of 7-inch casing at approximately 5,534 feet.
After the cement sets on the pipe operator will perforate and test in the McKee section. That zone was rather porous and showed some indications of production.
Operator has been troubled with loss of circulation while drilling in the Simpson and the casing has been set so that trouble will be eliminated in testing and possible deeper drilling.

Runnels Wildcat Set By Delaware Drillers

Delaware Drillers, Inc. of San Angelo are to start drilling immediately on its No. 1 D. B. Vick and R. A. Vick, Jr., scheduled 5,600-foot wildcat in Northwest Runnels County, two miles northwest of Wingate.
Rotary tools will be used to drill this venture, located 330 feet northeast and northwest lines of the N. Smithwick survey No. 452.

Strawn Producer Is Finished By Herring

S. C. Herring Drilling Company of Abilene has completed its No. 1 A. L. Aldridge as a natural flowing producer from the Gardner sand of the Strawn in Northeast Runnels County, for a discovery.
Flowing through a 16/64-inch tubing choke it made a 24-hour initial production of 124 barrels of 28-gravity oil, with a gas-oil ratio of 880-1. Flowing casing pressure was 420 pounds and the tubing pressure was 180 pounds.
The production was from open hole between the top of the pay at 3,896 feet and the total depth at 3,915 feet in the Strawn.
This new source of oil is 330 feet from south and east lines of the lease in section 521, David Moses survey.

Kelly Field Offset Spotted By Spartan

Spartan Drilling Company and others, are to start drilling immediately on their No. 2 L. L. Lewis as a northwest outcrop to the Kelly field of Central Scurry County.
With rotary tools, the project is to drill to 6,800 feet to test the Canyon reef line section.
The drillsite will be 660 feet from south and west lines of the southeast quarter of section 210, block 97, H&TC survey and four miles west of Snyder.

Flowing Producer Is Completed By Burdell

Burdell Oil Company of New York and others, have completed their No. 1 A. C. Martin as a natural flowing producer from the Canyon lime in the Kelly field of Central Scurry County. It is three-quarters of a mile north of the Kelly discovery well.
Flowing through a three-eight-inch tubing choke, it made an initial daily potential of 143 barrels of 43-gravity oil, with a gas-oil ratio of 774-1. There was no formation water.
Flowing tubing pressure was 475 pounds and the flowing casing pressure was 200 pounds.
The production came from open hole between the top of the pay at 6,823 feet and the total depth at 6,828 feet.
The new oil is 660 feet from north and east lines of the east half of the southeast quarter of section 190, block 97, H&TC survey.

North Snyder Gains New Oil Exploration

Cities Production Corporation has filed an application with the Railroad Commission of Texas requesting permission to drill its No. 8 Jolly on the south extension of the North Snyder field of North Central Scurry County.
Drilling is to start on this exploration in the near future. It will explore the Canyon reef at about 6,900 feet, using rotary tools.
The new venture is 607 feet from east and 467 feet from south lines of the northeast quarter of section 393, block 97, H&TC survey.

Clear Fork Project Slated In C-W Ector

Forest Oil Corporation No. 2-A TXL is to be a stepout from production from the Clear Fork of the Permian in the TXL Clear Fork field of Central-West Ector County.
Contracted depth of the venture is 6,000 feet. Rotary tools will be used and drilling will start immediately. It is 440 feet from north and 540 feet from west lines of the north half of the southeast quarter of section 45, T-1-S, TP survey, and 19 miles west of Odessa.

Ward Exploration Due By Anderson-Prichard

Anderson-Prichard Oil Corporation is to start drilling soon on its No. 1-A Monroe as a stepout to the Monroe field in West Ward County.
Using rotary tools, the venture will drill to 4,800 feet to test for production from the Delaware lime. The drillsite will be located 330 feet from northwest and southwest lines of the north quarter of the

Mason Pool Outpost Is Set By Intercoast

An outpost to production from the Mason field in Northwest Loving County is to be Intercoast Petroleum Company's No. 2-2 Kyle.
It will test the Delaware line section at 5,000 feet using rotary and cable tools. Drilling will get under way in the near future.
This project is 13 miles northeast of Orla and 1,000 feet from west and 1,800 feet from south lines of section 8, block 65, TP survey.

Chief Of AAOOWDC Speaks At Meeting Here Thursday

Approximately 75 persons attended a dinner meeting of the Permian Basin Chapter of the American Association of Oilwell Drilling Contractors in Midland Thursday night.
Joseph S. Morris of San Antonio, president of the organization, was the speaker. He discussed the conditions of the oil well drilling industry and economic conditions in general in the United States.
Morris also outlined the major projects on which the AAOOWDC is working for the benefit and service of its members and of the oil industry.
Other speakers were J. E. (Ed) Warren of Midland, a past president of the association; John Woodruff of Austin, director of the petroleum section of the University of Texas extension service; and Kye Trout of Dallas, a member of the staff of the contractors' association.
Brad Mills of Dallas, executive vice president of the organization, was president.

Mayor—

(Continued From Page One)
he continued, "We don't want to raise our tax rate, which now is \$1.75 per \$100 valuation. We don't want to raise service costs on water, sewer and other services of the municipality. The only other way to service the proposed bond issue is to not spend the money we don't have."
He estimated the proposed bond issue would require a hike of 35 cents in the tax rate for bond service by effecting needed economies could be effected to assume a 15-cent charge without increasing the tax rate.
The city's tax rate is limited to \$2.00 and the municipality cannot raise a 35-cent increase.
"The City Council and the City Finance Committee believe the municipality can finance the additional million dollar bond issue without increasing taxes or service costs by effecting needed economies. Sewer, water and other extensions should be financed out of bond funds rather than current funds. Contracts for this work should be awarded on a competitive basis. In that way we will know the cost of each job before it is contracted."
"I believe the work can be done cheaper by contractors than by city employees. Contractors are competitive in Dallas. That is the policy of other cities."
He cited Dallas as a good example of efficient city manager government and told of the City of Dallas' switch to the system which he outlined.
Neely said Dallas now owns only two ditching machines and is getting its work done cheaper by contractors. He explained a "vast difference" between the types of machinery necessary for construction and maintenance and asserted that the city's funds should be used in maintenance work, leaving the construction work for contractors.
Neely said the 12 points of the recent suggested municipal program had been adopted in spirit by the council and he predicted formal approval of them in a few days.
The mayor wants the city to get out of the construction business and award it to contractors on competitive bids. In this way developments and improvements will be paid for from bond funds over a period of years rather than from current revenues.
Dallas Saved Money
He believes the economies now being put into effect will provide funds to service the proposed million dollar bond issue. He said by a similar change, Dallas in six months period, Neely said, would effect a saving of \$87,000 and in a six months period, this year reported a saving of \$241,000, describing the competition which has developed between contractors in the last year for city work.
"We get a price advantage in competition," he asserted.
Neely also wants Midlanders who are in a position to furnish services and materials which the city needs to have an opportunity to submit bids and thereby gain some of the work.
He also discussed the proposal to change the city's fiscal year from April 1 to October 1. He described April 1 as the date for the political year as it is the time when new elective city officials take office. It also has been the time for budget approval. Neely believes the fiscal year should begin October 1, the date the collection of taxes starts, and that the budget should be approved at that time.
"This is not a political date," he asserted. "Under the present plan with April 1 the budget date, the budget could become a political football."
"These are the three basic changes which have been made," he explained.
Neely also said he wants no capital improvements made without the approval of the City Council in advance. By this method, he explained, the city's ability to pay can be rationed in relation to the needs.
"The council should know where the improvements, water, sewer ex-

Flier Says Solon Asked B-36 Memo

WASHINGTON—(AP)—A young Navy flier said Friday that a congressman's request for information led to the preparation of the anonymous memorandum which kicked up the B-36 bomber investigation.
Lt. Samuel P. Ingram told a special Navy court of inquiry that a House Armed Services Committee hearing last month that he prepared the document. He promptly was suspended as a special assistant to Undersecretary of the Navy Dan A. Kimball.
The Navy court, headed by Adm. Thomas G. Kinkaid, is trying to find out whether anybody else in the Navy had anything to do with preparing the document.
Ingram said he never saw a copy of the document until after the House hearing started, but did see some of the material in note form in Worth's office.
He never tried to get copies of the document for anybody, Ingram declared, and in fact did not know the names of the author and the House member who introduced the document.
He discussed briefly the proposal to select an engineering firm to study plans for sewage plant and sewer extensions, the proposed Master Plan which is being worked out by an engineering firm, and the recent water study made of the city.
Neely said the council hopes to correlate the three plans and work toward the fulfillment of all demands.
He said the city soon will be considering the employment of a new city manager and he hoped the citizens will accept the program and keep the tax rate at \$1.75.
Iry Dyer, JayCees president, presided at the meeting and Alfred Petty was program chairman.
Thomas G. Kinkaid, who was scheduled to address the meeting, was called to Houston on business and will speak to the JayCees later.
JayCees agreed to assist in the collection of a Pennant Fund for the Midland Indians at the games here Friday and Saturday nights.

40 Vacationers Safe As Wind-Blown Fire Razes Resort Hotel

KING CITY, CALIF.—(AP)—Forty vacationists, turned fire fighters when trapped at Tassa Jara Hot Springs resort, were safe Friday but still surrounded by uncontrollable flames.
The wind-blown fire Thursday night imperiled inhabitants of the scenic mountain valley 20 miles west of here and destroyed a two-story stone hotel building and about 15 of the 35 cabins.
Several hours after a caretaker reported the flames Thursday, the fate of the hotel occupants had been in doubt.
Late Thursday night Forest Ranger Henry Branagh and Jack Curran, a U. S. fire control officer, reached the resort. They drove through half a mile of still-burning woodland. Stopped at a burned-out bridge, they walked the rest of the way through smoldering brush and reported by radio all were safe.
Curran said Actor Phil Terry, owner of the resort, had organized vacationists into a volunteer brigade to fight the flames. He said none was hurt and all were calm.
With Terry—former husband of Joan Crawford, Oscar-winning movie actress—were his wife, the former Helen Myers, and her three children, two sons and a daughter.
The flames had blackened some 1,200 acres in the Los Padres National Forest. The scene is between King City and the Pacific, about 100 miles south of San Francisco.

U.S. Has New Stake In Tito-Soviet Fight

WASHINGTON—(AP)—The United States has a new \$20,000,000 stake in the jousting between Yugoslavia and Soviet Russia.
The Export-Import Bank announced Thursday it was granting that amount in direct credit to Marshal Tito's government.
Yugoslavia may draw up to \$12,000,000 at once for the purchase of American materials and equipment to rehabilitate her mining industry.
The other \$8,000,000 credit may be drawn upon as the bank and the Yugoslav government agree as to the need of specific goods and services.
The Statue of Liberty faces away from shore because she is supposed to be enlightening the world.

Device Registers Air Contamination

LOS ANGELES—(AP)—A new gadget will tell how much the air is contaminated in the atomic energy work. It was invented at the University of California atomic laboratory here.
Jets of air are shot at a revolving glass disc. It is so sensitive it will collect ash in the air from a burning building five miles away.
