Pegasus Assured New Ellenburger Producer

The third flowing of well from the Ellenburger has been assured for the Pegasus field along the line of Midland and Upton Counties. Magnolia Petroleum Company No. 1-38 Glass, a southwest outpost to the initial producer from the Ellenburger in the Pegasus area, flowed 48.8 barrels of clean oil during one hour and 30 minutes in a drill-stem test in the top of the Ellenburger at 12,725-775 feet. Gravity of the oil was 53.1 gravity. Gas-oil ratio was 1,717-1. The flow was through a five-eighths inch bottom hole choke.

The tester was open for two hours and two minutes. Gas showed at the surface in four minutes and mud flowed out in 22 minutes. Clean oil started flowing to pits in 32 minutes. The one hour and 30 minute gauge of 48.8 barrels of oil followed. There was no water in the oil.

Deepening Is Planned
Open flowing bottom hole pressure was between 1,670 pounds and 1,515 pounds. Shut-in bottom hole pressure, after 15 minutes was 3,330 pounds. The well will be drilled deeper.

Location is 1,980 feet from north and 660 feet from east lines of section 36, block 41, TP survey, T-4-S. The well topped the Ellenburger at 12,725 feet, on an elevation of 2,885 feet.

It had shown for flowing production from the Pennsylvanian and from the Devonian and had shown for possible production from the Fusselman some of the Silurian before reaching the Ellenburger. That formation was encountered 200 feet to the point at which it was entered in the same company's No. 1-A XXL, the northeast, the opener of the Pegasus-Ellenburger field.

Magnolia No. 1-36 Glass is to drill deeper into the Ellenburger. It should have at least 500 feet of section between the top of the formation and the water table in the horizon.

NW Mitchell Strike Flows Oil From Reef

Standard Oil Company of Texas No. 1 Dunn, discovery for oil in commercial quantities from the Canyon reef line in Northwest Mitchell County, flowed 242 barrels of oil in 22 hours, through a one-half inch tubing choke.

The production came from perforated section in the Canyon at 7,594-7,600 feet. The oil flow was accompanied by a total of 27 barrels of basic sediment and water. The oil flowed out during the 22 hours was 92.7 per cent of the total recovery for the period. The sediment and water amounted to only .73 per cent of the total recovered during the test. This is a considerable decrease in water from that shown on previous tests.

Yanks Win In Ninth

YANKEE STADIUM, NEW YORK—(P)—Tommy Henrich's dramatic home run clout into the lower right field seats leading off the last of the ninth gave the New York Yankees a 1-0 opening World Series victory over Brooklyn Wednesday, ending a sizzling mound battle between Allie Reynolds and Don Newcombe.

Deepening Planned At N-C Scurry Prospect

Sunray Oil Corporation No. 1 Sentinel, North-Central Scurry County wildcat, two miles east of the nearest completed producers from the Canyon reef on the southeast side of the North Snyder field, and which showed for a possible discovery from the Strawn lime of the Pennsylvanian, is preparing to drill deeper from 7,448 feet.

This venture took a drillstem test at 7,282-7,448 feet, and came to the surface in three and one-half minutes, mud flowed out at the top in eight minutes and oil started flowing to pits in 15 minutes.

The oil was flowed to pits for nine minutes at the estimated rate of 25 barrels per hour. The flow was through a one-half inch choke. No water developed while the section was flowing.

No Shows In Canyon
The tool was closed at the end of 24 minutes and the drill pipe was pulled. Final recovery was 1,700 feet of 38 gravity oil and 50 feet of drilling fluid. No formation water was shown.

An electric log survey has been run. The project will drill a little deeper and then test again. It was low on the Canyon reef of the North Snyder producers and it failed to develop any signs of oil, gas or water in that formation.

Interested observers think that the section which made the 25 barrel-of-oil per hour flow is probably in the top of the Strawn.

The prospective new discovery is seven miles northeast of the town of Snyder and 467 feet from north and west lines of tract 2, Dallas Trust & Savings Bank sub-division of block 1, J. P. Smith survey.

NW Outpost To Y&A Gets Ellenburger Oil

Stanolind Oil & Gas Company No. 1 L&K Reedy Company, on northwest side of the Yarbrough & Allen field in Southwest Ector County, recovered 4,800 feet of free oil in a drillstem test in the Ellenburger at 10,670-760 feet. The tester was open one hour (Continued On Page 14)

Five Escape Jail At Amarillo After Locking Up Jailer

AMARILLO—(P)—Five prisoners overpowered their 67-year-old jailer and escaped Wednesday from the Potter County jail here.

Three were federal prisoners being taken from Santa Fe, N. M., to the El Reno, Okla., reformatory. Sheriff Paul Gaitner said a trusty helped four other prisoners overpower Jailer Jack Burgess. The prisoners then took Burgess' keys and fled. The trusty joined the escapees.

"Keep quiet and you won't get hurt," Burgess quoted the prisoners as saying. "We don't want to hurt anyone but we will if we have to."

The sheriff said Burgess and Marion Moss, 31, a trusty, were making the cell rounds at 3 a. m. when the four other federal prisoners sprang on Burgess. The elderly jailer was found locked in a cell, unarmed, at 5 a. m. by Deputy Phil Darnell.

The escapees, besides Moss, were: James Daniels, 22, Oklahoma City, sentenced at Santa Fe to five years for instigating escape and attempted escape.

Dave E. Early, 19, Denver, sentenced at Santa Fe to five years, attempted escape and violation of the federal stolen car act.

Dwight Richard Butterfield, 21, Seattle, sentenced at Santa Fe, five years, attempted escape, violation of federal stolen car act.

William Lester Eshard, 52, Amarillo, held on federal check charges and also held for authorities at Ballinger on check charges.

67 New Polio Cases Hike Reported Total For State To 1,958

AUSTIN—(P)—Polio continued to strike in 26 Texas counties, one of them for the first time, last week.

The State Health Department Wednesday reported 67 new cases for the week ended October 1, despite official predictions that cooler weather and increased public awareness would team up to halt spread of the disease.

The new incidence brought 1948's total to 1,958 cases, 193 more than occurred during the entire year of 1947, previously the worst year in Texas history.

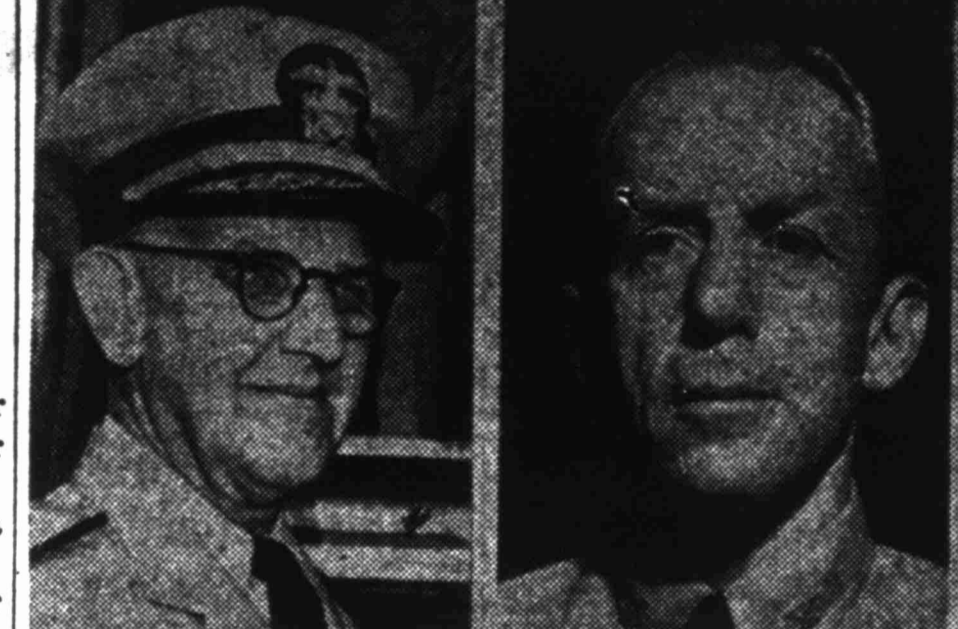

Terry County reported its first brush with polio this year with one case last week. Tarrant County led the weekly report with 14 cases. Harris County trailed close behind with 11 cases. Tom Green had seven and Wichita four.

Other counties reporting were Dallas 3; Hale 3; Cochran, Gray, Howard, Taylor and Throckmorton two each; Collingsworth, Dallam, Ector, El Paso, Fannin, Hamilton, Hardeman, Jones, Lubbock, Moore, Pecos, Potter, Sterling and Wheeler, one each.

State Health Officer George W. Cox, continued to urge advance community planning to combat an anticipated polio outbreak next year.

"A 1950 epidemic may not materialize," Dr. Cox said. "But if it does, we'll be better off if we begin planning a defense right now."

Navy Says Nation's Security Imperiled

Documents secretly given to newsmen in Washington pictured the U. S. Navy's morale as shot to pieces and the nation's security imperiled under the present unified defense setup. The documents included a statement by Adm. Louis Denfield, left, chief of Naval Operations, that a "Navy stripped of its offensive power, means a nation stripped of its offensive power." Also included was a statement by Adm. A. W. Radford, right, commander-in-chief of the Pacific Fleet, that a majority of officers in that fleet concur in views expressed by Naval Capt. John G. Crommelin, center.

State Spokesmen Testify In Hearings On Tidelands

WASHINGTON—(P)—Spokesmen for the states in their fight with the federal government over ownership of submerged coastal lands were ready Wednesday to give a Senate Interior subcommittee their side of the controversy.

Called to testify first on the second day of the hearings was Maryland's Attorney General Hall Hammond, representing the National Association of State Attorneys General.

He was picked as the initial witness to testify to the state governments in general by the Justice Department's solicitor general, Philip B. Perlman.

Urging passage of legislation to give the government clear title to the submerged coastal lands, he declared that state-ownership bills "have had the blind support of state governors and of state attorneys general, most of whom find it much easier to go along with the few states that would be unduly enriched by a wholesale donation of federal assets xxx."

Expected to testify after Hammond in support of his position that the submerged coastal lands are the property of the states were officials of Louisiana, Texas and California.

Texas Attorney General Price Daniel and Land Commissioner Bascom Giles, backing up the general claim that such areas are the rightful property of all states with coastlines, were prepared to stress special circumstances in their case.

One Killed, Three Injured In Collision

CRANE—Clemmons Carman Barrett, 54, of McCamey died at 3 p. m. Tuesday in a Crane hospital three hours after the car in which he was riding was involved in a collision with two other vehicles one-half mile south of here on the McCamey highway.

Barrett's wife was seriously injured and is in a critical condition in a Crane hospital.

Mrs. John Webb of Crane, driver of the pickup truck involved in the crash, suffered head injuries and Mrs. A. G. Moore of Crane, a passenger in the pickup, received numerous cuts and severe head and body injuries. Both are in a hospital here.

The third vehicle involved in the accident was driven by J. N. Wright of Kermit, who was the only one of the five people in the crash able to relate the details.

Barrett had lived in McCamey 17 years and was employed by an oil company.

Survivors include the widow, three daughters, a stepmother, five sisters and two grandchildren.

WASHINGTON—(AP)—The government Wednesday called John L. Lewis and soft coal operators to a meeting Friday in an effort to end the three-week mine shutdown.

WASHINGTON—(AP)—The Senate Commerce Committee Wednesday spurned an appeal from President Truman and voted 10-2 against a third term for Leland Olds on the Federal Power Commission.

Discharge Of Civilian Naval Aide Advised

WASHINGTON—(P)—The House Armed Services Committee Wednesday recommended that the Navy fire Cedric R. Worth, author of the now notorious memorandum which touched off a congressional inquiry into the Air Forces' B-36 bomber program.

The committee approved a report saying Worth should be discharged permanently from Navy employment. A civilian aide to Undersecretary of the Navy Dan Kimball, Worth has been suspended since his authorship of the B-36 memorandum came to light.

The committee announced it will open Thursday an inquiry into reports that Navy morale has sunk to a low point as a result of the way the law unifying the armed services has been administered.

Chairman Vinson (D-Ga.) said the first witnesses will include three admirals whose names were signed to papers that a Navy source gave secretly to reporters on Monday.

They are Adm. Louis Denfield, chief of Naval operations; Adm. Arthur W. Radford, Pacific Fleet commander, and Vice Adm. Gerald F. Bogan, commander of the First Pacific Task Fleet.

The papers were a letter from Bogan to Secretary of the Navy Matthews with forwarding endorsements from Radford and Denfield.

Calling the papers "confidential," the Navy has ordered an investigation of how they became public.

Truman Keeps In Touch
Both inquiries that were spotlighted—the B-36 investigation—the bitter quarrel between the Navy and the Air Force over their respective roles in military planning.

Thus far President Truman has kept hands off the inter-service row. But there were indications he was keeping in close touch with developments.

The schedule of his appointments for Wednesday included an afternoon call from Secretary of Defense Johnson and Secretary of the Navy Matthews.

Denfield, in an announcement Tuesday night, said the correspondence was "confidential" and never should have been made public. He indicated that someone is in for disciplining for turning the letters loose.

Denfield's views of unification were attached to a memorandum written by Vice Adm. Gerald F. Bogan.

Bogan's letter said Navy morale had sunk "almost to despondency" through the belief that the U. S. is being sold this "false bill of goods"; the theory that a single service, like the Air Force, might win wars almost single-handed.

Adm. A. W. Radford, a superior in the Navy's Pacific Fleet Command, sent the letter along after attaching the observation that post Navy officers agreed with Bogan. Denfield added to the correspondence by noting present Navy-wide concern over the situation.

President Truman commented briefly on the row Tuesday. He said in a remark at an Army show in North Carolina that he hopes and believes the Navy and Air Force will "get all their troubles settled," and that "the Army as usual will go along and make its way."

Don't-Care-ism Is Most Dangerous Of Isms—Culberson

"Don't-care-ism is the most dangerous of all the isms to our popular form of government," Olin Culberson, a member of the Texas Railroad Commission, told Midlanders at a meeting of the Lions Club Wednesday noon in Hotel Scharbauer.

"Don't-care-ism crops up when we fail to exercise our precious right to vote," the commissioner said.

"We need to start thinking about what takes place with our tax money. A survey shows that the average taxpayer works 61 days a year to support his governments—14 days for state and local, 12 days for the federal government, 24 days for military defense and 11 days for payment of war debts," Culberson asked sharply. "Now, is it time to be thinking about it?"

"Don't-care-ism might eventually wreck our popular system of government. Our duties are to God almighty, our families and our governments," Culberson said.

"Americans are funny people. We would take our shotgun to someone who tried to say we couldn't vote. Yet we get busy and never exercise that right."

Culberson was introduced by Ray Howard. Roy Miner presided at the luncheon. Burt Self was program chairman. Members of the Midland office of the Texas Railroad Commission were introduced.

Hit By Freight Train

Emer Littlejohn, 43, and his son-in-law, James Murphy, 22, of San Francisco, know how it feels to be hit by a freight train—or at least, by a freight car. The pair was driving along quietly, when suddenly this freight car toppled over on top of their car. Littlejohn, the driver, was unhurt and Murphy received cuts on his fingers. A defective wheel on the freight car is believed to have caused the accident.

IN HOLLYWOOD

Benny Won't Do TV Shows Until He Quits Radio Work

By ERSKINE JOHNSON, NEA Staff Correspondent
HOLLYWOOD—Jack Benny has made his big decision about television.
As long as he's a radio regular he will not do a weekly or even monthly television show.
He told me: "I'm just not interested in television."
After his TV debut last Spring, Jack and CBS agreed he would do a monthly show this Winter. After thinking it over, Jack nixed the idea. "Too much work," he said.
He may do an occasional guest spot. "And I'll still stay in character," but until he gives up radio there will be no TV for Jack.

Jane Greer, who is expecting her second child soon, is staging a one-woman campaign for "nice-girl" roles. She says: "I've been shot or have shot someone in every picture since I can remember. When my children grow up and people ask them what their mother did, they'll have to reply: "Oh, mother was a gangster."
Fox just dropped singer Bill Shirley, who never did get a chance to appear in front of a camera. He was the duetted voice of Mark Stevens in "Oh, You Beautiful Doll." . . . Friends are impressed with Nelson Eddy's new dancing ability. He quietly brushed up on the rumba at Arthur Murray's. . . . America's newest supper club singing star—Rosalind Courtright—is America's most glamorous landlady.
I found her picking out new drapery for the swank Beverly Hills Hotel, which is managed by her socialite husband, Hernando Courtright. She was between engagements and reveling in her hotel landlady role.
There had just been a major crisis.
A man in a second-floor room had left his bath water running. It overflowed the tub and started to drip through one corner of the lobby ceiling. Edgar Bergen noticed it first and called Rosalind and said:
"Have you ever seen Niagara Falls? If you haven't, you can see it now in the lobby."
Rosalind came running.
"I'm not a socialite," she said. "I've worked all my life. I was on the stage at 13 and in motion pictures at 15."
We didn't let her slag
Maybe you remember her. Ten years ago she co-starred with George Raft in "The Glass Key." Her name then was Rosalind Keith. She was studying on the side but Hollywood never would let her sing.
She gave up pictures in 1940. "It would be better," she said, "to say that my film career gave me up." She married Hernando Courtright six years ago, continued her vocal studies and attracted attention singing at Hollywood parties.
Two years ago she got her first professional job at the St. Regis Hotel in New York. Last year she sang in every major U. S. city.

Aside to Roy Rogers: "In one scene of 'The Sundowners' Bob Preston strums a guitar, puffs on a cigaret and whistles simultaneously. In tune? Well, approximately.
Short short: When Dinah Shore landed her first radio job in New York, it was singing on an early morning show sponsored by a New Jersey furniture store. A male singer was there before her. He didn't like her southern accent. Things weren't very friendly and when they sang love duets each tried to out-shout the other until the listeners complained that it didn't sound like love. It wasn't, but all is forgiven now. The male singer was Frank Sinatra.

Margaret Truman Makes Hit in First Southern Concert

CULLOWHEE, N. C. —(AP)—The audience loved Margaret Truman in her first appearance on a Southern concert tour.
The soprano voice of the President's blonde daughter delighted a capacity audience at Western North Carolina Teachers College here Tuesday night.
Her program ranged from an operatic aria to American folk songs. She sang in English, Italian and German.
Miss Truman's party includes Helen Traubel, leading Wagnerian soprano of the Metropolitan Opera.

Conferees Agree On \$634,920,000 Flood Navigation Projects

WASHINGTON—(AP)—After four months of give and take, Senate and House conferees agreed Tuesday on an appropriation of \$634,920,000 for flood control and navigation projects.
The compromise measure, expected to be approved by both Houses in the next few days, allows Texas \$32,724,800 for flood control construction. It also sets aside moneys for rivers and harbors construction and planning.
Originally, President Truman asked for more than \$772,000,000 for the Army civil functions. The House whittled the appropriations to \$393,292,270 with a 15 per cent slash on all construction items. The Senate added a number of projects and passed the bill at a total of \$751,440,690.
Since June 1 House members of the compromise group have failed to yield on some 19 projects added to the bill by the Senate.
The disputed items included the allocation for Whitney Dam construction work. Conferees finally agreed on \$10,500,000.

Big Spring State Hospital Crowded, Governor Reports

AUSTIN—(AP)—Big Spring State Hospital is crowded and understaffed, Gov. Allan Shivers reported Tuesday after a visit there earlier in the week.
The governor said he found 470 patients in buildings designed to care for about 410 and only two doctors to care for the 470 patients. One of the doctors, he said, was also superintendent, Dr. A. M. Bowde, who also has a heavy load of administrative duties.
"Additional buildings can be built and operated economically at Big Spring because the land is available and the power plant was built with expansion in mind," Shivers said.
The governor also visited Wichita Falls State Hospital and the East Texas Tuberculosis Hospital at Tyler last week. He said the Big Spring hospital was the most modern of the eleemosynary plants he has visited.

Texas Oil Industry Ready, Says Thompson

HOUSTON—(AP)—Texas is ready to produce 80 per cent of any needed emergency oil, Railroad Commissioner Ernest O. Thompson declared.
"We have fully recovered all our World War II losses in oil producing ability," he told the Houston Traffic Club Tuesday. He added that 229 new oil fields have been discovered in Texas this year and that the state's 1,630 separate fields now have a total of 115,227 oil wells.
Thompson also said the nation's railroads have turned to oil for fuel because it is more economical and efficient.

German Princess Arrives Enroute To Amarillo Home

NEW YORK —(AP)— A granddaughter of the late German Kaiser Wilhelm is enroute to Amarillo, Texas, to change her title from a Prussian princess to a Texas housewife.
Hazel-eyed Mrs. Clyde Harris arrived here Tuesday and was met by her husband, an Amarillo interior decorator.
They met in 1945 when he was an Army inspector of historic German relics and were married in Germany last June 21.
"It took three years for him to propose," Mrs. Harris told newsmen as she arrived on the liner Queen Elizabeth.
The former Princess Cecilie of the Hohenzollerns said she left Germany with "some regrets."
"I love it very much at home," she said, "but it is very exciting to come to a new country."

Raton Ranchman Kills Brown Bear

RATON, N. M. —(AP)— One of Rancher Tom Talbot's black calves didn't come home the other night.
So when the rancher heard his dogs kicking up a rumpus near his house in Piggy Wigly Canyon, 10 miles from Raton, he took his 12-gauge shotgun to investigate.
All he could see by his flashlight were two eyes in a tree. Five times he blasted at the eyes before they disappeared.
Next morning he found a medium size brown bear lying not 20 feet from his back door.
The calf? Oh, he wandered in the next morning without a scratch on him.

Hayride Planned For ACC Ex-Students

Ex-students of Abilene Christian College, who recently organized here, will be entertained with a hayride and wiener roast Thursday night, Mrs. Bill Prude, secretary, announced Wednesday.
All former students of the college are invited to meet at 7 p.m. Thursday at the North Side Church of Christ, to leave on the outing. Those who plan to go are asked to telephone Mrs. Prude, number 424.

Honey contains approximately 17 per cent water.

DAR Gifts To Organizations Are Planned

At a meeting Tuesday morning, the L. T. William Brewer Chapter of the Daughters of the American Revolution voted to continue contributions to several organizations to which they have given previously.
Members also voted to give DAR baby spoons to the children of Mrs. E. N. Gideon and Mrs. H. B. Arnold, Jr., and answered Errol call with a correct use of the flag. Mrs. John Perkins, regent, opened the meeting, held in the home of Mrs. Jack Wilkinson, by reading the DAR ritual.

Organizations listed by the DAR are Bell Tower, Philadelphia; Texas Room, Texas Memorial Museum, Austin; Warm Springs Foundation, Warm Springs, Ga.; Tammessau Mountain School, North Carolina; Kate Duncan Smith School, Dallas; Texas DAR Museum; DAR National Library; Conservation of Redwoods, Ellis Island; Sul Ross State College, Alpine; Boy Scouts and National DAR Administrative Building Fund.

Speakers, introduced by Mrs. William B. Neely, Jr., were Mrs. George Abell, Mrs. C. L. Davenport and Mrs. E. N. Gideon. Mrs. Abell spoke on the dress of colonial children and pointed out that they were dressed like their elders. Among the colonial business women told of by Mrs. C. L. Davenport were plantation owners, newspaper publishers and a woman doctor. Mrs. E. N. Gideon told the story of an organ in Hope, N. J., that was a gift of Queen Anne of England in 1713.

Out-of-City guests of the group were Mrs. J. R. Fillman, New York City, Mrs. John I. Moore, San Angelo, Mrs. T. S. Galbraith, Seymour, Ind., Mrs. George Giffert, a member of the Tulsa chapter, and Mrs. J. M. Armstrong.

Other members present were Mrs. Claude Houston and Mrs. Jim Tom of Stanton, Mrs. W. B. Stowe of Odessa, and Mrs. Frank Aldrich, Mrs. E. P. Alstrin, Mrs. John E. Cooper, Mrs. Frank Elkin, Mrs. Ben Golladay, Mrs. Dan Hudson, Mrs. G. C. Hughes, Mrs. Earl Johnson, Mrs. John Parker, Mrs. John McKinley, Mrs. W. D. Reiger, Mrs. George Kidd, Mrs. Erma Mancill, Mrs. W. M. Osborn, Mrs. Lee B. Park, Mrs. W. H. Pryor, Mrs. Nelson Puett, Mrs. Eugene Russell, Mrs. Tom Sealy, Mrs. Charles Stovall, Mrs. J. C. Watson, Mrs. J. B. Zant, Mrs. C. K. Lowe, Mrs. John Fitzgerald and Mrs. Emil Rassman.

WE, THE WOMEN

Surefire Tests Prove That Your Marriage Is Cemented

By RUTH MILLETT
NEA Staff Writer

A marriage is safely through the dangerous years when—
She can hear him pay another woman a pretty compliment without seeing green.
He knows when "Yes, Dear" is the wisest answer.
She isn't hurt if he doesn't notice a new dress without a little prompting.
He doesn't have to explain why he's 20 minutes late to dinner.
She has given up trying to reform him.
He doesn't mind when she brings up the name of an old admirer.

She knows when to keep quiet and let him blow off steam at some minor annoyance.
He isn't surprised at anything she does.
She has learned how to kid him out of a grudge.
The Acid Test
He can announce that he's going on a weekend fishing trip without her wondering if he is tired of her.
She no longer worries about the girls in his office.
He is resigned to what seems to him her unbusinesslike way of handling business matters.
She tactfully reminds him of important dates, such as her birthday, their wedding anniversary, several days in advance.
He doesn't feel hurt if she leaves him for a couple of weeks to go home to mother.

Square Dances Will Start For Episcopal Members And Guests

Square dancing for members of the Trinity Episcopal Church and their friends will start at 8 p.m. Friday in the Parish House, where weekly dances are scheduled.
The square dances began last Spring, but were discontinued during the vacation months. Beginners as well as those versed in old-time dancing are invited for the weekly meetings, which are planned as whole-family entertainments, for young and old.

They can quarrel at breakfast and greet each other that evening with sheepish grins that are a signal that each is forgiven and no reconciliation scene needs to be staged.
When a marriage finally settles down to this it may not be terribly exciting—but you can be pretty sure it is going to last a lifetime.

TEEN DREAM COME TRUE

Teen-time is dream-time for that young daughter of yours. And you should do your best to provide her with an attractive room of her own to make those special dreams come true. Of course in doing her room, be certain to consult her first, and follow her ideas about decorating as closely as possible. If she's inclined to be feminine and delicate, frills and bows and crystalline bottles are in order. If she's a tomboy, then it's bright plaids and bold colors. Today we're concerned with the tomboy type room. Simply designed maple furniture goes well in this setting, as should include a double bed (there'll be overnight guests). Plenty of chairs are essential too, but bright-colored bolsters scattered about will easily solve the seating problem.

The illustration above shows the simple draping of colorful plaid . . . carried over to the un-draped dressing table with its separate mirror framed in matching material. The easy chair is slipcovered in one of the dominant colors of the plaid . . . as are the lampshades, for the sake of accent. Cover the floor with a large rag rug. And paint the walls in solid, darker tones. (The essential decor is in the plaid.)
Comfort and harmony are essential here, and above all the reflection of her own personality. Let us help you to make the most of your ideas. We're always glad of an opportunity to talk it over with you.

Carnival Plans Of High School P-TA Completed At Coffee

Final plans for the Halloween carnival which the High School Parent - Teacher Association will sponsor the night of October 31 were made at a coffee Tuesday morning, when Mrs. John P. McKinley, carnival chairman, was hosted at the Ranch House.
Room mothers of the P-TA were guests. They discussed their duties in staging the entertainment, which will be one of the annual carnivals held in all the schools of Midland. The high school event will be in the gymnasium, and responsibility for the various booths was assigned to the respective room mothers.
Another project of the room mothers this month is the membership drive in the P-TA. Plans for it will be made when Mrs. Roy Minear, membership chairman, entertains the group with a coffee in her home at 10 a.m. October 13.

Those Attending Listed
Present Tuesday morning were Charles F. Mathews, school principal; Mrs. O. L. Stalcup, High School P-TA president, and Mrs. H. M. Van Buskirk, Mrs. E. P. Birkhead, Mrs. M. B. Aral, Mrs. L. C. Hambleton, Mrs. E. C. Greathouse, Mrs. J. H. Whitaker, Mrs. W. E. Glass, Mrs. Charles P. Ten Eyck, Mrs. Cecil C. Boles, Mrs. W. F. Shafer, Mrs. W. C. Tatum, Mrs. M. L. Hill, Mrs. Clarence H. Mrs. Van Horn Is Gift Tea Honoree

Honoring Mrs. V. H. Van Horn, who before her marriage last month was Lillie Mae Stovall, Mrs. Rudolph Berg, Mrs. Wayne Moore, Reta Beights and Aileen Maxwell entertained recently with a gift tea in Mrs. Berg's home.
Autumn flowers in yellow and bronze decorated the rooms. The table, lighted with yellow tapers in silver holders, had a centerpiece of chrysanthemums. Mrs. Van Horn's corsage was of yellow roses, and members of the house party wore corsages of bronze and yellow mums.
Jane Marie Johnson poured tea the first hour and Mrs. H. M. Webb, sister of the bride, the second. Also in the house party were Mrs. Riley Parr, Mrs. W. L. Johnson, Mrs. DeWayne Davis, Mrs. Jack Stackpole, Mrs. Worlick Carr of Lubbock and Dorothy Bracewell of Abilene.

Omnibus Appropriation Bill

Next year Congress will make an important advance in its handling of appropriations covering regular government expenses.

This reform was assured recently when Senator Harry Byrd, Virginia Democrat, finally won the Senate over to the idea after four years of trying.

Up to now money for the various regular departments and agencies has been voted in a long series of separate bundles.

But there is far more than time involved in this change. Handling government funds on a piecemeal basis simply doesn't work well in these days of huge expenditures.

For example, many times in recent years lawmakers charged with preparing tax legislation have put off action for months and months on the ground that until they knew how much the government probably would spend they could not fairly decide whether an increase or reduction in levies was justified.

Furthermore, government budget-making ought to be a well-knit process all the way from the Budget Bureau's basic estimates to the final congressional vote.

Money for any particular purpose ought to be considered in relation to genuine need, to the amount of revenue expected at existing tax rates, and to the competing requirements of other activities.

Too often our lawmakers blithely have voted for particular projects as if there were no others bidding for government funds.

The Byrd-Cannon plan is no cure-all for our budget-making troubles. More reforms are needed.

But the plan is welcome as an opening wedge in a field too long neglected.

DREW PEARSON ON 'The WASHINGTON MERRY-GO-ROUND'

(Copyright, 1949, By The Bell Syndicate, Inc.) Drew Pearson says: Mutiny threatens Lewis' autocratic hold on followers; Sulky Southern miners near revolt; Housing bottleneck stymies Alaskan defenses.

WASHINGTON — Word inside labor circles is that John L. Lewis' dictatorial control over his United Mine Workers is the shakiest it has been since the 1933 depression year.

Some Democrats grumbled that "Drew Pearson is costing us a lot of money." The Justice Department is getting ready to tighten up on Am-Long, the Russian government trade agency in the U. S. A. Evidence has developed that at least half a dozen Am-Long agents have been spying in the United States.

So they say. The Allies must give this government a "psychological change" if they want to hold this part of Europe against the Communists.

Today the Communists are being purged out of the CIO ranks. Their power and influence in the organized labor movement in America are now negligible and will soon be nil.

WASHINGTON COLUMN

Pity The Poor Architect Who's Trying To Remodel The Capitol

By DOUGLAS LARSEN NEA Staff Correspondent

WASHINGTON—It has been a tough Summer at the Capitol in more ways than lawmaking.

Putting new roofs on the Senate and House chambers and remodeling the insides has turned into a construction job the likes of which no contractor ever before has faced.

First off, nobody thought the congressmen would be around all Summer to get in the hair of the laborers, carpenters and cement finishers.

As it is the lawmakers have become the most obnoxious collection of sidewalk superintendents ever known in the history of the laborer puts it, "You'd think every one of them was born with a claw hammer in his mouth, the way they throw advice around."

One of the construction superintendents blames the debate on the minimum wage law as the cause of all the labor trouble on the Capitol case. He claims the workers overheard some of their rights being espoused so eloquently, they believed what they heard and struck.

When the job started the carpenters were getting \$2.25 an hour. They negotiated for a boost to \$2.40 and their present rate of \$2.50 an hour. Laborers started at \$1.25 an hour, rose to \$1.35 and now get \$1.45 an hour.

When the Capitol was rebuilt back in 1850 the carpenters and masons on that job received \$2 a day and laborers \$1.16 a day.

Part of the trouble, Capitol architect David Lynn spent years trying to get a compromise between the liberals and conservatives who had a say on the question of how the chambers should be finished inside.

Senator Henry Cabot Lodge, Jr. (R-Mass.) for instance, took one look at the sketches of the proposed new interior and blew up. He made a speech on the floor charging that when the job was finished it would be like legislating in a cocktail lounge.

Lodge suggested that the remodeling be handled like the White House—make everything stronger, but exactly the same in appearance.

Lynn patiently explained that the interior decoration had been decided upon only after studying "motives from the same source as the architecture used by Dr. William Thornton, the man who designed the Capitol in the first place."

Some concessions have been made, however. Instead of brightly painted wood panels on the walls, there will be a natural walnut finish.

The general color scheme for the drapery and trim in the Senate will be blue and gold. It will be quiet blue for the House side.

Completion date for both projects is December 30. Architect Lynn still thinks he can make it by working some crews double time. He predicts that when the job is done it should last for more than 100 years.

McKenney on Bridge

By WILLIAM E. MCKENNEY America's Card Authority

The mail today brought a letter from my good friend, Mrs. Mary Flasher, who is on the staff of the "Columbus Citizen" of Columbus, Ohio. Mary wrote a nice little bridge book some time ago, entitled "You Too Can Play Bridge."

Confirming a thought I have often expressed, Mrs. Flasher pointed out the importance of the play of the first trick. The careless play would be to win the first trick with the ace of diamonds in dummy. But if you stop to think

and count your tricks, you can see that if declarer plays the ten of diamonds on the first trick, and it loses, she still can make four diamond tricks. The ace of clubs will make five, four trump tricks are nine and the ace of spades ten. Now all she has to do is to run two spades to make the contract.

When the ten of diamonds holds the first trick, declarer should then lead the three of spades, win it with the ace, trump the deuce of spades in dummy with the deuce of hearts, lead the seven of hearts, pick up the trumps, take the diamond finesse, and discard three losers on the three good diamonds.

If declarer wins the first trick with the ace of diamonds, the timing on the hand is lost. Even though a second diamond finesse is taken, the contract will not be made.

Mrs. Boone Is Party Honoree

Mrs. Barry K. Boone, a bride who was Miss Joan McDonald before her September marriage, was honored at two party events recently. Mrs. Sam Preston entertained with a gift tea and Mrs. Bates Witt with a Coca party and shower.

Mrs. Preston used white and gold color note for her party, centering the table with chrysanthemums in those colors and placing bouquets of marigolds in all the rooms. The honoree was given a corsage of white mums, and house party members had corsages of yellow mums.

The bride's mother, Mrs. Dwight McDonald; the bridegroom's mother, Mrs. Kenton Boone; her grandmother, Mrs. T. O. Midkiff; and his grandmother, Mrs. Annie Boone, were in the house party with Mrs. Bob Preston, Jr., and Mrs. P. F. Bridgewater, who poured coffee. Mrs. Alvin Bauman and Mrs. Witt. Approximately 30 guests called and presented gifts to Mrs. Boone.

Mrs. Witt was hostess in her home, 1000 Midkiff Drive, which she decorated in fall motif. The dining table, covered with hand-made lace, had an arrangement of bird-of-paradise flowers, and there were white daisies on the coffee table.

Mrs. Boone wore white gladioli in a corsage, and house party members had red gladioli. The honoree with her mother, Mrs. Kenton Boone and Mrs. Witt greeted about 25 guests in the house party were Mrs. Bauman, Mrs. Bobby Girdley, Alice Midkiff and Maydell Midkiff.

DALLAS LADY LOSES 58 POUNDS

The following remarkable story shows conclusively that Barcinate DOES take off fat. It contains nothing harmful. In fact, it contains ingredients that make you feel better. No starvation diet—no weakness—no hunger. Barcinate, the original grapefruit juice recipe, takes off fat quickly, safely and you can eat plenty.

Here is proof

"I want to tell you what weight I have had in 2 1/2 months by using Barcinate. I weighed 262 pounds when I started. I now weigh 204. I am so proud I tried it. I was told that I could not live a year unless I lost some weight. You may use my name any way you wish."—Mrs. J. B. Moore, 1624 Mestor Street, Dallas, Texas.

At all druggists

If you are overweight and want to take off 50 lb. fat, just go to your druggist and ask for four ounces of liquid Barcinate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take just two tablespoonfuls twice a day. If the very first bottle doesn't show you the simple, safe way to take off weight, return the empty bottle for your money back.

Committee On Fair Display Will Meet

The committee which will have charge of the flower exhibit booth at the Midland County Fair this weekend will meet at 2 p. m. Thursday in the City-County Auditorium to complete arrangements for the display. Mrs. Bert Goodman, chairman, has announced.

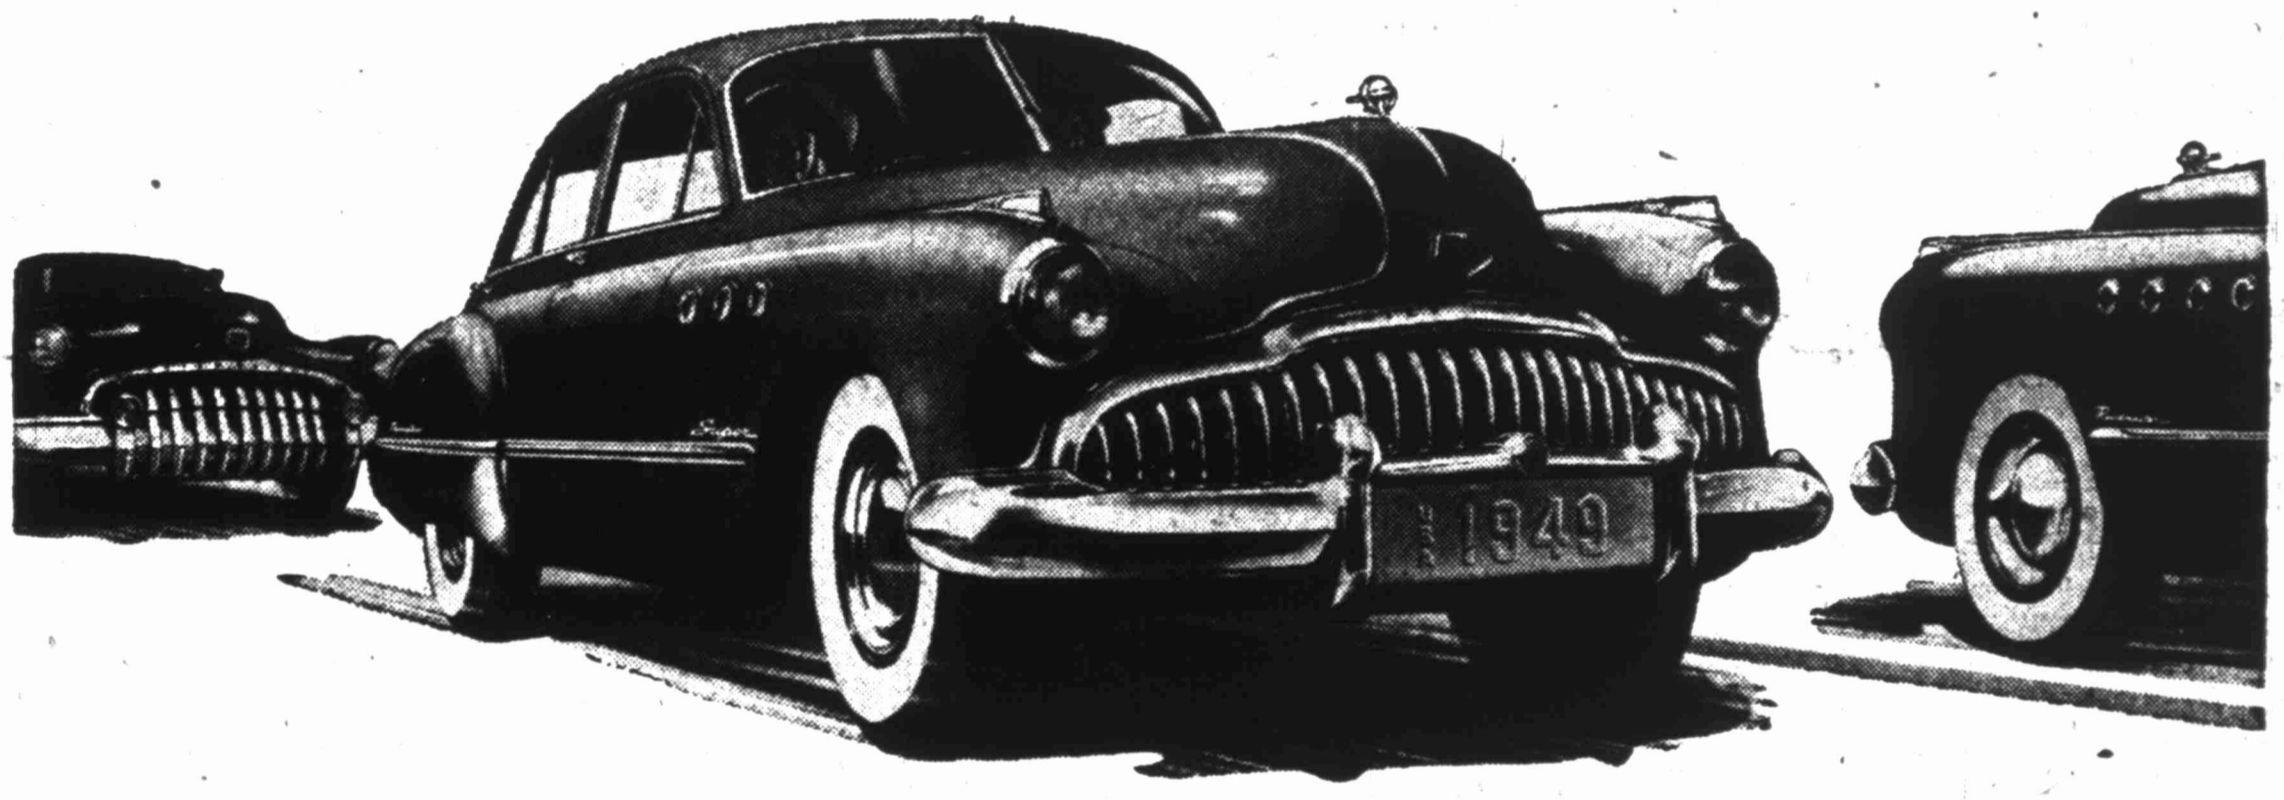

A member from each garden club in the city makes up the committee. Mrs. Clifford W. Matthews of the Pyraeantha Club is co-chairman. Other members are Mrs. A. E. Culbertson of the Midland Club, Mrs. W. P. Goodman of the Senzia Club and Mrs. J. W. Christian of the Perennial Club. Mrs. Goodman represents the Texas Club.

Whatever the Price Class

"Buick's the Buy"

It's part of every street scene—something you see every day.

Car owners in three different price classes—all happy about the same thing.

One of them drives a new Buick SPECIAL, which you see poking forth its new, bold-look forefront at the left of our picture.

Another will tell you there's nothing like the SUPER's "happy medium" of size and comfort, power and easy handling, style and standing.

And if you're looking for prestige, where is your money going to buy so much as in that handsome 18-footer, the ROADMASTER, with its 150-hp performance and really royal bearing?

But all these good folks get together on this:

There's no ride quite so soft and cushiony as the Buick ride, whatever the size and series. There's no power quite so satisfyingly lively as Buick's high-compression, high-pressure Fireball power.

Above all, there's no "buy" like a Buick—no car that gives you such a rich dollar's worth of smartness, handling, comfort and liveliness for every dollar you pay.

So why not look the whole line over? Your Buick dealer has these grand travel-mates in a baker's dozen of different body types and sizes. Start your shopping in his showroom—and you'll find that even on delivery he has exactly what you want.

BUICK alone has all these features

58-smooth DYNAFLOW DRIVE • FULL-VIEW VISION from enlarged glass area • SWING-EASY DOORS and easy access • "LIVING SPACE" INTERIORS with Deep-Cradle cushions • Buoyant-riding QUADRUFLUX COIL SPRINGING • Truly FIREBALL STRAIGHT-THROAT POWER with SELF-SETTING VALVE LIFTERS (Dynaflow Model) plus HI-POISED ENGINE MOUNTINGS • Low-pressure tires on SAFETY-RIDE RIMS • Double-Duty VENTIPORTS • DUREX BEARINGS, main and connecting rods • BODY BY FISHER

*Standard on ROADMASTER, optional on other Buick models.

Communist Menace Is Real, Dies Warns In Address To TMA

"The American people have been taken in by a good, old-fashioned cleaning by Joseph Stalin and his Communist stooges in the United States," Martin Dies of Lufkin, former chairman of the House Un-American Activities Committee, told members and guests of the new Permian Basin Chapter of the Texas Manufacturers Association at its inaugural dinner Tuesday night in the VFW Hall at Midland Air Terminal.

"In the short space of three years, Russia has become the greatest industrial and military threat the world has ever seen," he said, largely because of billions of dollars in aid from the United States and because of "concessions in the Baltic States made by political bungling at Tehran, Yalta and Potsdam."

He likened Communism to a 11 other kind, and particularly to statism which he declared is being foisted upon America by a bureaucratic government. "The challenge is here," Dies declared, "not only in the Soviet Union, power hungry and greedy for conquest and its paid workers, but also in those who believe in statism, an illusion of security that is no security and which challenges the freedom of future generations here and throughout the world."

"Americans, now is the time when you must go to work for your country if your heritage of freedom is to survive," Dies said.

Dies was introduced to the group by Robert E. Stripling of Midland, former chief investigator for the Dies committee. Association objectives were outlined by the executive manager, Lloyd French of Odessa, chairman of the Permian Basin chapter, presided at the meeting and presented C. C. Welhausen of Yoakum, TMA president, and Edd C. Burris of Houston, executive manager.

Burris outlined the objective of the association — to maintain a healthy climate for industry in Texas through the channels of industrial relations, public information and legislative management. Members of the TMA chapter from Midland, Odessa, Big Spring, Monahans, Lamesa, Kermit, Wink, Pecos, McCamey, Crane and other area cities were present, with their wives and guests.

A barbecue dinner was served by the Odessa Chuck Wagon Gang.

Navy Plane Combines Jets And Props

This is the Navy's new patrol plane, the Martin P4M-1 Mercator, first shown to the public at the Cleveland Air Races. The aircraft has four engines but looks like a twin-engine model. Two standard gasoline engines are used for normal flight and the two jet engines, housed in the same nacelles, are used for extra bursts of speed. The Mercator is capable of speeds of more than 300 miles per hour and carries a load of 80,000 pounds over a 3,000-mile range. The Martin Mercator is seen in its first flight over Baltimore, Md.

Howley Says War With Reds Certain

PHILADELPHIA — (AP) — Brig. Gen. Frank R. Howley believes war with Russia is inevitable unless some new method is found to deal with the Soviet Union. "I wouldn't say it was completely inevitable, because I don't think anything is completely inevitable," the former military governor of the U. S. zone in Germany told the Poor Richard Club Tuesday.

The general, making his remarks in reply to a question from the audience, called Russia "a gangster nation comparable to Murder, Inc., and Al Capone."

"Russia has the atomic bomb now and she will not hesitate to use force," he added. He declared the most important question facing this country now is how far does the U. S. wish to go on spending money for armaments.

The Tuesday Study Club approved a plan to improve the City Park at a meeting in the home of Mrs. J. D. Crawford this week. The improvement program will be the club's major project for the year. Mrs. S. C. Hanks and Mrs. J. V. Ogles were on program at the meeting, which was attended by 11 members.

Deputy Sheriff Cheek Brown has been released from the Wink Hospital where he has been a medical patient for several days.

Bright Spot Of The Fair

A flower exhibit booth, displaying blooms from Midland County gardens, is expected to be one of the bright spots of the Midland County Fair. It will be sponsored by garden clubs of Midland, but entries are invited from all residents of the county.

Judging will be on flower arrangements only, not on specimen blooms. Mrs. Bert Goodman, general chairman, has announced. However, flowers used in the arrangements are to be those grown in Midland County, and by the exhibitor.

Agsting Mrs. Goodman in preparation for the exhibit are Mrs. Clifford W. Matthews, Mrs. J. W. Christian, Mrs. W. P. Goodman, Mrs. E. A. Culbertson and Mrs. C. E. Nelson. Each member of the committee represents one of the garden clubs.

Entries in the flower exhibit are to be in place before 9:30 a.m. Friday and are to be removed by the exhibitors by 10 p.m. Saturday. The general, making his remarks in reply to a question from the audience, called Russia "a gangster nation comparable to Murder, Inc., and Al Capone."

Alger Hiss Seeks Change Of Venue For Second Trial

NEW YORK — (AP) — Affidavits by two jurors about threatening letters and telephone calls since they voted to acquit Alger Hiss have been filed in support of his plea to have his second perjury trial shifted out of New York.

Counsel for Hiss, former State Department official, filed a motion late Tuesday, asking that the trial be held in the U. S. District Court at Rutland, Vt.

The petition sought a change of venue "upon the ground that there exists in the Southern District of New York so great a prejudice against the defendant that he cannot obtain a fair and impartial trial in that district."

Extensive and sometimes unfair publicity given the first trial was claimed as cause of the prejudice. The defense move, opposed by government counsel, will be argued in court next Monday, the date set for the start of the trial.

Police Shoot Aged Gunman To Death

NEW BEDFORD, MASS. — (AP) — An 84-year-old man was shot to death by police in the attic of his home Tuesday night after neighbors reported he had fired several ineffective shots at passersby.

Police identified the man as Charles F. Wilcox. He lived alone. He was shot in the neck and chest. Police reported that when they answered frantic calls of neighbors they were met with a burst of shots at the Wilcox home, which was in darkness.

Before retreating to the attic the apparently berserk man turned on several gas jets in the house. Police said Wilcox fired several shots as they followed him into the attic. Two bullets felled him.

Tito Releases 700 Pro-Soviet Prisoners

BELGRADE, YUGOSLAVIA — (AP) — Marshal Tito has opened the jail doors for 713 former pro-Russian sympathizers who repented and now are busy roadbuilding.

Radio Belgrade, quoting Minister of the Interior Alexander Rankovic, said the former supporters of the Russian-led Cominform had "confessed" the error of their ways. It said they had been released from prison, and had volunteered to work on the new road between Belgrade and Zagreb, capital of Croatia.

Release of the political prisoners was interpreted here as evidence of Tito's confidence in the internal strength of his regime. By contrast, Russia's Eastern European satellites have reported a growing rebellion among Yugoslavs against Tito's anti-Moscow Communist regime.

Similar disdain for the Russian bloc was displayed Tuesday by a top-ranking Titoite, Moshé Pijade, vice president of the Presidium and member of the Yugoslav Politburo. Pijade said there was nothing new in the action of the Cominform countries in renouncing their pacts of friendship with Tito. The renunciation, Pijade said, actually happened long ago. For the last 17 months, he declared, Russia and her satellites have been applying diplomatic, economic and propaganda pressure against Tito's government.

Going to get your \$2,064 bait back?

Your shiny new automobile—with prices averaging about \$2,064—has to get you a whale of a lot of use to justify its cost.

Winter wear is the worst bait-snatcher. It can strip your car of plenty of service . . . Unless you OIL-PLATE it!

1. Oil-Plating—a feature of patented Conoco N^o Motor Oil—performs a wear-preventing miracle by fastening a shield of special lubricant to working parts. OIL-PLATING can't all drain down—even overnight!

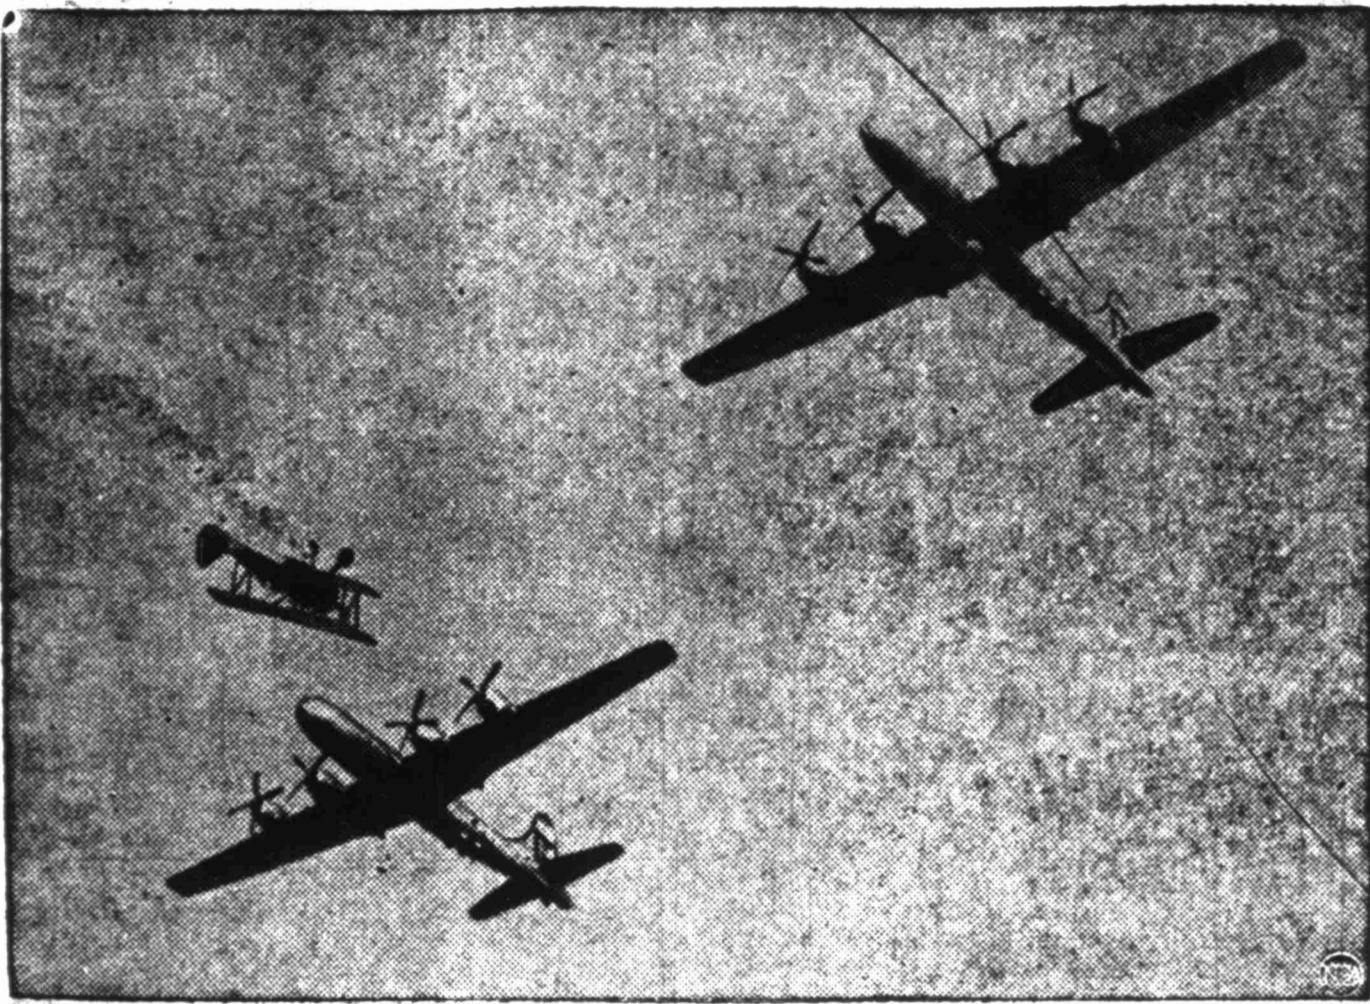

2. Always on Guard! Even when the fine lubricating oil itself isn't covering a part, OIL-PLATING is! It protects your engine against grinding "dry-friction" starts . . . from corrosive combustion acids . . . from sludge and carbon caused by wear.

3. Watch Out for Winter! The frigid months are the most dangerous months for these car-killers. New and old cars both urgently need Conoco N^o. Don't wait . . . drive yours in today and armor it against winter with Conoco N^o.

Rushees Are Guests At Model Meeting Of Beta Delta Chapter

A condensation of "Dark Victory" was read by Virginia Breedlove, Midland High School senior, at a meeting of the Beta Delta chapter of Beta Sigma Phi Tuesday night in the home of Mrs. W. I. Pratt, chapter sponsor.

The model meeting was attended by rushees and each member answered roll call with a fact about Beta Sigma Phi.

The chapter will have charge of the handwork exhibit at the Midland County Fair and Mrs. Leroy Butler was appointed chairman of the committee which will make arrangements for the exhibit. Assisting her will be Mrs. Cecil Elder, Mrs. W. W. Weems, Mrs. Travis Lary, Verda Bartlett, Joyce Hendrix and Reta Beights.

Mrs. Elder was appointed representative to the Midland Woman's Club to replace Mrs. W. G. Keeler, who resigned from the position.

A committee to prepare a booklet to enter in competition for the Beta Sigma Phi Achievement award also was appointed. This national award is presented in May of each year to the chapter that has, in the opinion of the judges, achieved the most during the year. Elizabeth Knox is chairman of this committee and other members are Mrs. Keeler and Lee Ida Pinkston.

Verna Harris, speech instructor in Midland High School, spoke to the group about good speech and introduced Miss Breedlove, who is one of her students.

Girls For Cast Of Minstrel-Revue Are Sought By Theater

The first call for talent for the annual minstrel-revue which the Midland Community Theater and Kiwanis Club will present jointly this fall was made Wednesday when E. J. Elliott asked that girls who will appear in specialty or chorus numbers notify her.

Girls who can sing or dance are needed for the choruses, she said, and those with special talents are invited to try out for places in the production. In addition, there is a need for girls to "stand around the stage" in some numbers, Miss Elliott said.

Prospective members of the cast are to meet at 7:30 p.m. Monday in the City-County Auditorium, where the minstrel-revue will be staged. In the meantime, girls who wish to participate are asked to telephone Miss Elliott at number 2740 or 2654-W.

The minstrel-revue will be the successor to a series of joint Community Theater-Kiwanis Club productions, including "Get With It," "Runnin' High" and the 1948 offering, "Runnin' Higher." The Kiwanis Club uses its share of the proceeds in its work for underprivileged children of the community.

Ann Williams was chosen chairman; Beth Warren, secretary; Theresa Jones, reporter; Ann Beauchamp, scrapbook chairman; Margaret Arledge and Linda Davis, telephone committee and Darlene Aldridge, program chairman.

Miss Williams and Lois Nell West presided at the meeting and Mrs. Clifford C. Cool is troop leader. The officers that were elected will serve for five weeks.

Artists Invited To Show Work In State Association Exhibit

Announcement that the Fall General Exhibition of the Texas Fine Arts Association, open to all artists in the state, will be held in Austin through the month of November has been received by Midland members.

Entries are not limited by membership in the association; the only requirement is that the entrant be a Texas resident and must have executed the work within the past two years. Entries may be made in oils, watercolors, tempera, gouache, pastel, graphic arts, sculpture, ceramics, metal and wood carving, and each person may submit two entries in each medium.

A jury of elimination chooses paintings to be hung in the exhibition, and judges choose the prize winners and a group of the pictures which are sent on a circuit exhibition.

Further information about the exhibit and entry blanks may be obtained from Neil Shaw, who may be reached by telephone at 2694 or 2123-R. Entry blanks and entries must be sent to reach Austin by October 17.

MEXICO CITY—Take it from Joe Burstein, that veterans' student allowance goes a whole lot farther in Mexico than it does in the U. S.

Burstein, studying Spanish literature at the Mexico City College, is only one of about a thousand veterans now enrolled in schools in Mexico. The U. S. government pays their tuition and gives Burstein, his wife, Geraldine, and young daughter, Delilah, \$120 a month to live on.

Burstein won his right to the grant by 31 months of overseas duty in North Africa and Europe with the 591st Engineer Regiment. Contact with Spanish-speaking people in North Africa gave him the idea for his intended career—teaching Spanish in U. S. schools. He had had three years of Spanish in high school "but I really learned to speak it in Africa."

He was born in Shanghai 26 years ago, the son of a refugee white Russian furniture auctioneer. His father brought him to the U. S. when he was 10, stopping two years along the way in Ciudad Juarez, Mexico. But he had forgotten all the Spanish he learned there. He grew up in Marin City, Calif., near San Francisco.

After the war he went back to Marin City, married Geraldine Percy.

Burstein's allowance amounts to 1038 pesos a month. Of this, 300 pesos—about \$35—goes for a penthouse apartment and another 300 goes for food. Other household expenses take up 150 pesos more and the rest goes for books, clothing and incidentals.

The penthouse apartment has a big terrace where Delilah plays and a good view of the snow-capped Ixtaccihuatl and Popocatepetl mountains. The couple had a series of servants, but couldn't find one they liked. They finally gave up and Geraldine does her own housework now. It's harder than it would be in the U. S., since she washes

vegetables in a germinole. And water has to be boiled for drinking. They shop in a super-market, but buy Mexican products to make the food money go farther.

Burstein's day goes something like this:

Up at 6:30; breakfast on orange juice, oatmeal, toast and cocoa or tea. Walk a mile to school and classes until 1 p.m.

Then home for a heavy lunch—the Bursteins find that in Mexico City's 7,500-foot altitude their main meal should be in the middle of the day. Lunch is usually meat and two vegetables and dessert. Also on account of the altitude, a siesta is necessary.

After that, Joe either studies or goes to a sports club nearby for basketball, swimming, tennis or the Spanish game of "fronton," known in Cuba as "jai-alai." He says he's not very good at it.

Supper is a light meal, frequently just tea and cookies or cake. After that comes more study until bedtime.

Burstein will graduate this year and then go to San Francisco State College for a year of pedagogical training to get his teacher's certificate.

Mexico has more GI students than any other foreign country except France. There are 1,322 in Mexico. Incidentally, it is the only Latin American country which has a formal "veterans' attache" in its embassy.

GREAT-GRANDSON OF DAVID CROCKETT DIES

HOUSTON—Funeral services were to be held Wednesday for David Crockett's great-grandson.

Robert Bell Crockett, 79, died Tuesday. His great-grandfather was an Alamo hero.

Willard Brokaw, Shawnee, Okla., and Gustave Brandborg, Tulsa.

New York Landmark Becomes Schoolhouse

NEW YORK—The one-time palatial Fifth Avenue home of the late Andrew Carnegie Wednesday was converted officially into a schoolhouse.

The imposing, 90-room mansion now houses the New York School of Social Work, a part of Columbia University.

The five-story structure at Fifth Avenue and 81st Street, a city landmark for half a century, was turned over to the school by the Carnegie Corporation on a 21-year lease.

New Government In East Germany Seen

BERLIN—(AP)—East Germany's top Communist, Wilhelm Pieck, Tuesday night predicted formation "in the next few days" of a new government for the Soviet section of the occupied country.

In a statement read over the Soviet-controlled Berlin radio, Pieck said:

"The political emergency in our country calls for the immediate formation of a provisional all-German government and the proclamation of a German Democratic Republic."

There were reports here that the Russians, to counter the West German Republic at Bonn, had ordered the Communist-controlled People's Council for East Germany to convene Friday in Berlin and proclaim the new government with claims to speak for all Germany.

Bulgaria Tuesday night joined Russia and Hungary in announcing opposition to the Western German regime. In Sofia, foreign Minister Vladimir Poptonov said his government was solidly behind the Soviet Union's protest against the formation of the Bonn government.

Purple Drills On Offense, Defense

The Midland Bulldogs had a lengthy session on both defense and offense at Memorial Stadium Tuesday as Coach Tugboat Jones drilled them on everything in the book. And the Bulldogs liked it. They still were going strong shortly before dark.

Pass defense and tackling were the main points under consideration on the defensive side. Offensive drills included running, passing, blocking, punting, returning kick-offs and punts, side stepping and proper handling of the ball.

New touches were added to some of the old plays. Luther Mooney used a lot, running trap plays.

Ralph Brooks and Jack Burris got a workout on passing as did the ends on receiving.

Bob Evans, Harrie Smith, Graham Mackey, Dwaine Bush and Jimmy Lineberger alternated as targets for the passers.

Byerley Works Hard

Al Bass showed improvement at breaking up line plays, especially those going off tackle.

Dalton Byerley, although injured in Friday night's game, hasn't missed a down in workouts. He is in there on every play.

Bob Wood got into action for the first time in more than two weeks. He may be ready to go against Plainview.

Information brought back by scouts who watched Plainview in action was introduced during the workout.

Fullback Howton, one of the best backs in the state, is the key man in the Plainview T formation. Wednesday's session stressed plenty of defense at the points Howton usually charges through.

Plainview also uses trap plays and a spread extensively.

The Bulldogs are scheduled to leave early Friday and arrive in Plainview several hours before game time.

The University of Arizona football team under new Wildcat head coach Bob Winslow this season is using a straight T offense for the first time.

Mississippi is a new power in the south, and Quarterback Bobby Jabour runs the works.

Joe prefers to go Continental Air-Freight says it saves money and time.

SHORTLY SHELBURNE

Among the race horses to take the track in a three-day racing meet in McCamey this week will be a string of four owned by the old-time fire-baller, Dicky Dean.

His nags come from his Sunshine Farms at Del Rio.

The races at the Upton County Fair Grounds open Friday and run through Sunday.

In looking at the field of entries, we have decided it will be just about the top racing meet of the year in West Texas.

Seven races daily are on the schedule.

Harold Webb has pulled up stakes and moved to Fort Worth for the winter.

He departed with Mrs. Webb Sunday.

Most of the Indians also have scattered. Kenny Peacock and Gus Pena are about the only ones left here at present.

Ernie Nelson will be back shortly, however.

Webb will spend the winter—or a good part thereof—visiting baseball schools in search of talent for next year's team.

Assistant Coach Jim Crow at Baylor thought something was fishy when the Bears took the field for their first night workout this season.

Somebody forgot to turn on the lights. While they were waiting for illumination, the football players were to take their calisthenics.

Of all the grunting and groaning on a football field, the Bears did it. Crow got suspicious and struck a match.

Capt. Don Mouser, leading the exercises, was working vigorously.

"The other players were moving nothing but their vocal cords."

Ranchland Hill Country Club memberships reached a total of more than 300 this week, assuring the club of an 18-hole golf course within the near future.

A goal of 300 members was set as the minimum to justify an 18-hole layout.

When the club held open house recently, many folks visited it and saw how very inviting the entire club is. That's one reason the membership total jumped.

A proposed club tournament for members has been called off until next Spring. Work of re-seeding the greens now is underway.

While many of the big league baseball clubs are handing their managers the pink slip, the second-place finishing Boston Red Sox say they will stick with Joe McCarthy.

Joe Cronin says there will be no appreciable changes in the playing personnel, either.

With Mel Parnell, Ellis Kinder, Joe Dobson, Mickey McDermott and Chuck Stobbs due to be in good pitching form next year, Cronin well can go along without many changes.

HALF SLANTS . . . While some coaches this week were singing the blues about being beaten by the officials, George Strickler of the Green Bay Packers came up with this one. "We were officiated out of a decision against the Rams Sunday, too. We got one 15-yard penalty and were nose out 48 to 7."

A number 39 has been painted on a tackling dummy being used by the Bulldogs in workouts. That's the number Fullback Howton, Plainview sparkplug, wears and coaches want to make sure the boys are familiar with it.

The TOU Horned Frogs will be out to make a clean sweep of their series with Indiana Saturday. The Frogs won the first two and Saturday's game ends the series between the two schools.

'C' Bulldogs Play Slaton Of Lubbock

The 'C' Bulldogs of Midland High travel to Lubbock Thursday to meet Slaton Junior High in a grid game.

Coach Joe Akins' crew will not be at full strength due to injuries.

Harold Robbins, starting back, and Roy Kimsley, one of the key men in the backfield, both are ailing.

Robbins may be ready but it is doubtful if Kimsley will be ready to start.

The 'C' team defeated Big Spring last week.

The probable starting lineup: ENDS—Paden and Erskine.

TACKLES—Rone and Barnett. GUARDS—Tabor and Cissell. CENTER—Booth.

BACKS — Spencer, Patterson, Keisling and Rose or Robbins.

Dodger Pilot Mum On Mound Starter For Series Opener

By JACK HAND
 NEW YORK—(AP)—Preacher Roe, the angular Arkansas traveler, looked like the Brooklyn starter against Allie Reynolds of the Reynolds-Page Corporation Wednesday in the Dodger-Yankee World Series opener at Yankee Stadium.

Switch to the lefthanded Roe from Don Newcombe, the 285-pound negro rookie, was indicated from Dodger sources although Manager Burt Shotton still held off definite word.

P-TA ASKS CURFEW

CADILLAC, MICH.—(AP)—The Parent-Teacher Association has asked city officials to enforce a 9:15 p.m. curfew for children under 17. The reason: School teachers complain their pupils are falling asleep in the classrooms.

The batting averages give the edge to the Dodgers, 270 to 267. They also have the home run edge as well as the speed for stolen bases.

And, oh yes, Brooklyn never has won a World Series. The Yanks have copped 11 of 15.

Runaway

George Thomas, Oklahoma's right halfback, led the Big Seven in net yards rushing last Fall with 622. He started this season by running all over Braves Field against Boston College carrying the opening kick-off 65 yards for a touchdown.

Magazine Of Southwest Greyhound Lines Pays Tribute To Midland For Its Growth

A spread containing two and one-half pages of pictures and a lengthy article on Midland appears in the September-October Southwestern Roundup, a magazine published in Fort Worth for employees of Greyhound Lines.

The article, entitled "This Is Midland," traces the city's growth from a cowtown to the capital of the Permian Basin Empire.

"Midland's growth has been steady through the years. The torch of progress has been steady through the years. The torch of progress lighted by the early citizens of Midland has been taken up and carried on faithfully by those who came after. In 1910 there was a population of only 1,500. In 1920 it was around 3,500. In 1930, around 5,000 and in 1940, around 9,400. In 1948 it was estimated to be 32,100," the article states.

Growth Remarkable
This transformation is remarkable, is a further comment.

Midland's fine schools, churches, good and beautiful homes and buildings are cited as assets which have contributed to its growth, as well as its people of vision and excellent transportation facilities. These include five bus lines running 45 daily schedules, three airlines and the T&P Railroad.

Midland also is referred to as the center of one of the best cat-erizing sections in Texas.

Pictured are the Midland County Courthouse, Scharbauer Hotel, Petroleum Building, aerial view of the city and highway welcome sign, and the following persons:

Mayor William B. Neely, Police Chief Jack Ellington, R. D. (Bob) Scruggs, Chamber of Commerce president; Delbert Downing, Chamber of Commerce manager; George T. 91 New State Laws Become Effective In Texas Wednesday

AUSTIN —(AP)—Ninety-one new state laws took effect Wednesday. They are the laws passed by the 51st Legislature known as 90-day bills. They take effect 90 days after the session ended because they had insufficient votes to become effective immediately with the governor's signature.

But beginning Wednesday they are just as much the law as one that had every vote in the Legislature.

Under them eight new state agencies come into legal existence: The Real Estate Commission, Joint Legislative Council, Citrus Commission, Naturopathy Board, Board of Regents for the Lamar Technical College at Beaumont which becomes a four-year full-status college, a Waste Law Codification Committee, an Election Law Codification Committee, and the Glimmer-Aikin Central Education Agency which has been existing under a temporary status up until now.

Also effective Wednesday are laws that require pre-marriage exams including blood tests for both men and women, prenatal blood-tests for women during pregnancy, prohibit high school activities, Fraternities, make lynching a crime punishable by imprisonment or death, raise salaries for appellate and district judges, set up a judiciary retirement system authorized by a recently adopted constitutional amendment, provide a voter registration law in the event the poll tax voting requirement is abolished by constitutional amendment at the polls November 8, permit cooperative development of oil fields, provide a standard measurement for natural gas, and permit fishing anywhere in Texas with a statewide fishing license (for \$1.65).

Other new laws include these provisions:
Authority for cities to raise to \$200 the previous \$100 maximum limit on traffic fines.

Adoption by the Board of Education of a multiple text book list for elementary grades as well as high school.

Purchase by counties of fire-fighting equipment for use in rural areas.

State aid totaling \$2,100,000 to supplement local funds for support of public junior colleges.

Reorganization of the 70th Judicial District to be composed of Midland and Ector Counties and creating the 118th District to be composed of Howard, Glasscock and Martin Counties.

Creation of 134th District Court at Dallas.

Authority for the Department of Public Safety to build a new administration building north of Austin.

Lubbock Hubbers Buy Two Pitchers
LUBBOCK —(AP)—The Lubbock Hubbers have purchased pitchers Walt Stenberg and Bob Clodfelter from Austin in the Class B Big State League.

Harry Faulkner, general manager of the Class C West Texas-New Mexico League club, made the announcement Tuesday.

Sybil Flourney Is Tourney Medalist

Sybil Flourney, a former champion, fired an 88 in the qualifying round for the Midland Country Club Women's Championship Golf Tournament Tuesday to annex medalist honors. The slender lady clubber sounded a warning she will be up front with the other prominent golfers in this year's meet.

Essie Stafford, the defending champion, posted an 89 to push Mrs. Flourney in the qualifying.

Gloria Esell was conceded third in the qualifying with a 90. She is a former Women's Invitation champion.

Madeline Pomeroy came in fourth with a respectable 92 and Shirley Culbertson fired a 93.

Evelyn Cowden was just one stroke back with a 94.

Trailing Mrs. Cowden were Dell Shelton, 95; Kay Meschling, 101; Mrs. R. K. White, 106; Emily Cool, 113 and Marie Patton, 118.

Lower Flights
Qualifying for play in the lower flights Tuesday over the nine-hole route were Marion Culbertson, 57; Mrs. R. W. Hamilton, 60; Mrs. M. Olson, 67; Mrs. W. W. Barker, 68; Mrs. R. M. Turpin, 73 and Mrs. S. George, 77.

Match play opened at 9 a.m. Wednesday with the upper brackets slated for 18 holes and the lower flights scheduled for nine. Some of the golfers in the bottom flights qualified Monday.

Play will continue through Saturday with the finals slated Saturday afternoon.

The field is dotted with top-flight tournament golfers and a real battle for the title is expected to develop around defending Champion Essie Stafford.

The tourney is open to club members' wives and daughters only.

Vols Prolong Dixie Series By 3-2 Win Over Tulsa's Oilers

TULSA, OKLA.—(AP)—A stubborn Nashville nine still was in the Dixie Series Wednesday by virtue of Tuesday night's narrow squeak over Tulsa 3 to 2.

The Oilers, leading 3-2 in games, need one more triumph to take home the Southern Association-Texas League winner's money. Both clubs took to the road Wednesday, enroute to Nashville's home park, Sulphur Dell.

Tulsa Manager Al Vincent is expected to pit Frank Smith against Frank Marino, Nashville's announced mound choice, in the all-important sixth contest Thursday night.

DADDY RINGTAIL

By WESLEY DAVIS

Daddy Ringtail And Whisker Trouble

Daddy Ringtail, your monkey friend, would never have guessed that so much trouble could come from long white whiskers. They weren't his whiskers, of course. They belonged to the Featherman and to little Mr. Fixit who is no bigger than your thumb.

want to know whose whiskers are the longest. Daddy Ringtail had thought about it all night, trying to decide what he should say about this. Little Mr. Fixit sat ever so still on a leaf that had fallen to the ground. He was a very little man, you know.

no bigger than your thumb, but he did have long white whiskers. Daddy Ringtail looked at Mr. Fixit with his whiskers, and then Daddy Ringtail looked at the Featherman with his whiskers. The Featherman sat very still on a log that lay there by the Elephant Path. He was really a big old man, and his whiskers were very long and very white, but were they longer than Mr. Fixit's? Or were the whiskers of Mr. Fixit longer?

"Quiet!" the Featherman said. "Daddy Ringtail's going to say something."

"Featherman," Daddy Ringtail said, "your whiskers are the longest, because they are as long as my arm, and Mr. Fixit's whiskers aren't as long as my arm at all."

The Featherman jumped up and down three times when he heard this. He was that happy to hear it, but little Mr. Fixit looked like the unhappiest somebody there ever was.

"Now, now," Daddy Ringtail said. "Mr. Fixit, don't you worry. Your whiskers are the longest too, because they reach all the way down to the top of your shoes, while the Featherman's whiskers only come down as far as his belt."

It was time now for little Mr. Fixit to jump up and down three times exactly as the Featherman had done. Little Mr. Fixit did do the jumping up and down three times. He was just that happy to have the longest whiskers, and so was the Featherman happy all for the very same reason.

And there wasn't any more trouble at all, and so you and I can forget the whole business. I am happy to say. Happy day!

Hurricane Sweeps Across Texas Coast

(NEA Telephoto)

A small hurricane smashed at the Texas Gulf Coast, leaving thousands of towns and disrupted communications in its wake. Damage was surprisingly light despite winds near 100 miles an hour velocity. Here, a light aircraft has torn loose from its moorings and flopped into a big pond of water at the Municipal Airport in Houston.

Former OSS Officer Charged In Gunshot Slayings Of Friends

CANTON —(AP)— Leonard Francis Clark, 42, an American who claims to have found the world's highest mountain in Western China, was charged with manslaughter Wednesday in the gunshot deaths last month of another American and an Englishman.
The former lieutenant colonel of the American OSS was clapped in a dirty Chinese jail cell on a diet of bread and water to await trial. Interviewed in his cell, he steadfastly maintained he did not do the shooting. Likewise he denied he was in love with the pretty widow of one of the victims.
Specifically, Clark, who has a featured article in the current issue of Life Magazine, is charged with the gunshot deaths of Willard Freeman, 41, formerly of Bridge-water, Mass., and Harold Harris, 45, Shanghai-born Englishman who was employed in Chungking by Freeman.
The shooting culminated a drinking bout on September 8 in the Freeman home. It occurred the night before the Freeman wedding anniversary and the pretty Polish-born Mrs. Freeman's birthday.
In jail Wednesday, Clark denied being in love with Freeman's widow, Mrs. Maya Freeman. Previously he had said Freeman had "pulled a jealousy act" and accused him of being in love with his wife.
Describing the events of that night, Clark said Wednesday: "We had one hell of a drunken party."
"Then Bill (Freeman) got his jealousy idea again—it had cropped out once before two weeks earlier," Clark said. "He (Freeman) accused me and Maya of being in love with each other."
Clark said he called Freeman "a damned liar." Harris entered the argument and cursed him, Clark added.
"The next I knew," Clark went on, "Harris and Bill were beating hell out of me. Harris was the real aggressor. He hit me on the head. Then I was knocked to the floor and Bill began kicking me—but he was drunk."
The shooting occurred in the Freeman home on September 8 in the Freeman home. It occurred the night before the Freeman wedding anniversary and the pretty Polish-born Mrs. Freeman's birthday.

LOOK AT ME CAREFULLY
I MAKE YOUR JOB MORE SECURE

I am an "ad." You see hundreds of me every day.
You may think my only job is to sell you goods.
If you do think that, you are only seeing PART of me—like the top of an iceberg above the water.
Look more carefully. See the bigger part of me BELOW the water. For the biggest thing I do is make your job more secure. Yes, YOUR job.
What kind of job do you have? Farmer? Truck-driver? Office worker? Housewife? Almost every blessed penny that goes into your pocket depends on somebody selling something to somebody else.
In fact—all the jobs and all the paychecks in America depend ultimately on people buying and selling.

And "ads" just like me—in the papers and magazines, on posters and on the air—are the fastest, most powerful and the cheapest way yet devised of selling goods.

Suppose somebody should stop you from reading the ads. Should shut off radio advertising.
You'd be all right at first. You'd know where to go for eggs and shoes and automobiles.
But far away, businesses would begin to fail. Pretty soon failures would start striking around you.
It isn't healthy for a nation to stop buying and selling.
Next time you see me, think of that. Think how I make your job more secure.

HERE'S HOW U.S. NATIONAL INCOME ROSE IN THE LAST 36 YEARS—THE GOLDEN AGE OF ADVERTISING

This rise in the standard of living for you and yours is unequalled in all history. Advertising helped raise this standard—is needed even more today to sell industry's new developments.

OTHER WAYS ADVERTISING HELPS YOU AND YOUR FAMILY

- 1 Brings you better goods for less money.
- 2 Makes shopping more pleasant and easier.
- 3 Gears consumer demand to production; to create prosperity.

Permian Basin Oil And Gas Log

(Continued From Page One) and 17 minutes. There was a blow of air throughout the period. Gas came to the surface in one hour and 17 minutes. Recovery was 5,500 feet of free oil, slightly gas cut. There was no formation water reported.

This prospect is 600 feet from south and east lines of section 14, block B-14, pal survey and 15 miles northeast of Monahans. It also has shown for production from the Devonian to indicate a second pay for the Yarrowburg & Allen field. The show came in a drillstem test of one hour at 8,415-8,468 feet. Recovery was 5,040 feet of free oil, and 376 feet of heavy oil and gas cut mud. Tentative top of the Devonian was picked at 8,420 feet, minus datum point of 5,636 feet.

Reef Top Makes No Show For Stanolind

Stanolind Oil & Gas Company No. 1 J. G. Whitley, Central-North Scurry County wildcat three and one-quarter miles north of the nearest completed producers on the north side of the North Snyder field, took a drillstem test in the top of the Canyon reef at 7,206-7,318 feet.

The test lasted for one hour and the recovery was 300 feet of salty drilling mud with no signs of oil, gas or water. Deepening is planned. It is low, geologically to the nearest producers from the Canyon and the fact that there was a salty taste in the drilling mud recovered on this test is not encouraging so far as finding oil in that formation is concerned.

Location is 600 feet from south and east lines of the southwest quarter of section 548, block 97, H&TC survey.

Four New Producers Completed In Scurry

Four new natural flowing producers from the Canyon reef lime in the North Snyder field of North-Central Scurry County have been completed. Standard No. 7-3 Brown, 1,980 feet from east and 680 feet from north lines of the lease in section 439, block 97, H&TC survey, flowed 20 hours through a three-eighths inch tubing choke for a calculated 24-hour potential of 396 barrels of 43.5-gravity oil. Gas-oil ratio was 970-1. There was no formation water.

Flowing casing pressure was 50 pounds and the flowing tubing pressure was 210 pounds. Production from the Canyon was from open hole between the top of the pay at 6,796 feet and the total depth at 6,971 feet.

The company's No. 2 E. Reinhart made a calculated 24-hour potential of 968 barrels of 43-gravity oil, flowing natural through a one-half inch tubing choke. Gas-oil ratio was 933-1. There was no formation water.

Flowing casing pressure was 400 pounds and the flowing casing pressure was 375 pounds. Production was from open hole between the 7-inch oil string set at 6,547 feet and the total depth at 6,843 feet.

This new well is 820 feet from east and west lines and 467 feet from south lines of the lease in section 26, block 1, J. P. Smith survey.

Standard No. 1 L. S. Herod completed for a daily potential of 1,540 barrels of oil, flowing through a one-half inch tubing choke. Gravity of the new oil was 43 degrees and the gas-oil ratio was 930-1. There was no formation water reported.

Flow is natural from pay between the 7-inch oil string cemented at 6,830 feet and the total depth of 6,913 feet in the Canyon reef. This new producer is 467 feet from south and east lines of the lease in section 343, block 97, H&TC survey.

Ryan & Burke No. 1, Musgrove has been completed in the North Snyder field for a daily potential of 1,357.52 barrels of 43-gravity oil, flowing natural through a 32/64th-inch tubing choke. The gas-oil ratio was 972-1. There was no formation water encountered.

Flowing casing pressure was from 1,200 pounds to 900 pounds. Flowing tubing pressure was 820 pounds. Production was from open hole between the five and one-half inch oilstring cemented at 6,716 feet and the total depth at 6,821 feet.

(Continued From Page One) the north half of the southeast quarter of section 122, block 25, H&TC survey.

It is contracted to drill to 7,200 feet to test the Canyon reef. The drillsite is one-half mile south of Knapp.

Runnels Test Slated By Robinson-Puckett

Robinson-Puckett, Inc. of Abilene No. 1 Wayne Roberts is to be a 5,200-foot rotary wildcat in Central Runnels County, five miles southwest of Winters.

The prospector will be located 330 feet from north and 600 feet from west lines of section 53, HT&RR survey.

Sinclair To Abandon NW Borden Outpost

Sinclair Oil & Gas Company is preparing to plug and abandon its No. 1 Rosa Pratt, wildcat one mile west and one-quarter of a mile south of the discovery well of the Borden field in Northwest Borden County.

The prospector recovered 3,800 feet of salt water in a one-hour and 50-minute drillstem test at 10,024-10,070 feet. It drilled to a total depth of 10,070 feet.

This failure is 1,980 feet from north and 680 feet from east lines of section 44, block 32, T-6-N, EL&RR survey.

Another outpost to Sinclair No. 1 Steiner, C. Williams, the deep discovery to open the field, Sinclair No. 1 Ruth Reynolds was drilling ahead after recovering 15 feet of drilling mud and no shows in a drillstem test at 10,022-062 feet. The test lasted one hour.

Others Drill Ahead This project, 1,980 feet from west and 680 feet from south lines of section 33, block 32, T-6-N, EL&RR survey, and one mile north and a half mile west of the discovery, is now making hole past 10,062 feet in lime.

A north offset to the No. 1 Williams, Sinclair No. 1 W. H. Bryan, was coring lime at 9,900 feet. No. 1 Bryan is 680 feet from south and east lines of section 40, block 32, T-6-N, EL&RR survey.

Deepening was in progress at the fourth offset, Sinclair No. 1 T. P. Turner, direct east outpost to the discovery.

A drillstem test from 9,961-996 feet for one hour showed 30 feet of slightly gas cut mud, with no shows of oil.

No. 1 Turner is 680 feet from north and west lines of the north half of section 46, block 32, T-6-N, EL&RR survey.

It is now making hole past 10,066 feet in lime.

Pecos Wildcat Logs Water In Ellenburger

C. H. Murphy & Company No. 1 Ford, North Pecos County wildcat developed sulphur water in the Ellenburger after 100 days circulating while waiting on orders.

The venture topped the Ellenburger at 6,300 feet. Elevation is 2,392 feet. A three-hour drillstem test was made at 6,300-6,340 feet. There was a steady blow of air throughout the period.

Recovery was 5,700 feet of sulphur water. There were no shows of oil or gas. The prospector has not found any signs of possible petroleum production in any of the higher horizons.

TESCO—

(Continued From Page One) have gone a long way down that road of socialism. The price of social security is freedom that has been lost all over the world."

Freuding at the annual party, honoring members of the Quarter Century Club, in the Ector County Auditorium was W. E. Bruce, TESCO manager in Odessa. R. L. Miller of Midland is superintendent of the Midland district.

Employees in the Midland district who have been with the company 25 years or longer are J. W. Deunmond and J. W. Thorne of Midland; C. W. Campbell, F. W. McGuire and R. Steele Johnson, all of Odessa. Employees were present from Midland, Odessa, Crane, Wink, Monahans, Andrews and other points in the area.

The barbecue was served by the Odessa Chuck Wagon gang. Dancing followed the program. With a tribute to veteran employees, Thomas, a TESCO employee for 37 years, declared "Without every fellow doing his job, our company could not be a success. Our organization is made up of seasoned men and women and a rapidly increasing number of younger men. Together they make a team that can't be beaten."

Business Is Public Trust "Our business is a public trust and it is our responsibility to see that this trust is fulfilled. The company is built with the funds of private investors who have been able under our free enterprise system to invest where they choose and to expect a reasonable return on their savings. We have never had a cent of government subsidy and I hope our business will never become a political football or a dumping ground for political patronage."

Using scale models of TESCO power plants, recently completed or under construction, and a series of charts showing company growth Thomas pointed out how both population and the demand for electric power has increased since World War II, and what the company is doing to keep ahead of the demand.

One chart showed that the cost of living is 65 per cent higher than in 1937 while the price of electric service for the average home is down 33 per cent. Thomas declared that electricity is "one of the few commodities, if not the only one, which costs less than before the war."

A number of other officials of the organization from its Port Worth headquarters also attended the event.

Party Planned For Winners Of Recent 'Electric Contest'

A theater and ice cream party is planned Friday night for winners in the recent "Better Methods Electric Contest" sponsored in this area by the Texas Electric Service Company.

Prizes are being donated by merchants of the city to be given as awards, according to Larry Trimble, Texas Electric Service Company representative.

The contest was for the purpose of discovering better methods of doing things on the farm and in the farm home through the use of electricity. The Extension Service of Texas A&M College cooperated in sponsoring the contest.

Winners in the senior girls division were: Lela Norwood, first, and Frances Bond, second. Winners in the senior boys division were: Norman Drake, first, and Leland Howard, second.

Junior division winners were Carolyn North, first and Frances Bond, second in the sewing project; Lena Marie Price, first, and Jerry Fay Bizzell, second in the laundry project; Georgia Ann Gately, first, and Esie Raggett, second in food preservation, and Sarah Lou Segrest, first in housekeeping.

Farm Price Support Bill Tossed Back To Senate Committee

WASHINGTON—(AP)—The Senate Agriculture Committee grappled again Wednesday with the knotty problem of what to do about farm prices after the Senate had failed to find the answer in a day of topsy-turvy voting.

The question was tossed back to the committee Tuesday night with instructions to return with an answer within 48 hours.

Just what the committee might propose was in doubt, but Democratic Leader Lucas of Illinois said that whatever it was the Senate would go to work on it immediately.

"We're going to get a farm bill passed at this session of Congress regardless of how long we have to stay here," he said.

A series of votes Tuesday showed only that the Senate is sharply divided over how far the government should go in holding up prices of major crops.

Lawmakers Change Minds First the lawmakers approved a flexible price support program by a one-vote margin. They then changed their minds on a tie, with the deciding vote cast by Vice President Barkley.

Barkley backed senators battling for high-level price props for corn, cotton, wheat and other basic crops. In doing so he opposed Lucas and Senator Anderson (D-NM), former secretary of agriculture.

Anderson, dismayed at the blow to his long-range farm legislation, then succeeded in getting it sent back to committee for overhauling.

The Anderson bill provided for supporting basic crops within a range of 75 to 90 per cent of parity, depending on the available supply. Parity is a price intended to give farmers a fair return on what they grow in terms of what they have to buy.

Expanded Coverage Of Social Security Due House Approval

WASHINGTON—(AP)—Speaker Rayburn predicted Wednesday the House will pass overwhelmingly, possibly within a few hours, legislation putting 11,000,000 more workers under old age insurance.

The newcomers would include bankers, the baker, grocers, household servants and public employees.

Democratic leaders called the House to meet two hours earlier than usual, to ram the measure through. The Senate is not expected to act until January at the earliest.

The bill, while expanding coverage, would boost old age and survivors benefits by 70 to 80 per cent, create new disability insurance, and increase payroll taxes to finance the broadened program.

The legislation won its first major test Tuesday. The House over Republican shouts of "gag rule," voted 189 to 135 to bar any amendments. Then, although procedures allowed four days of debate, a bi-partisan drive developed—with Congress adjournment in the air—for a final vote on the bill late Wednesday.

The Republicans offered a substitute bill, but some top party members let it be known they have little if any hope that it will pass.

Eisenhower Letter Settles Problem Of 11-Year-Old Youth

TARRYTOWN, N. Y.—(AP)—School? Just a waste of time, complained Glenn Schmidt, 11. He wants to be a soldier, and he thought the sixth grade routine was getting in his way.

Glenn's parents disagreed, so the boy appealed to a well-known military man he'd read about. "Do you like going back to school as much as being in the Army?" he wrote.

Back came an answer: "Dear Glenn: 'I like Columbia very much, although when I was attending school myself there were many times when I would have much rather stayed home. 'I appreciate how you feel, too, but most certainly you must make every effort to excel in your school work, to be quick in your obedience and to be neat—if you ever hope to amount to anything in any field. Does that answer your question?'"

"Sincerely, 'Dwight D. Eisenhower.' Glenn's parents said he plunged into his studies Tuesday with more zeal than ever before.

Midland County Fair Directors

R. L. Miller M. A. Roberts

R. L. Miller, director in charge of the Agriculture and Livestock Committee of the Midland Chamber of Commerce, and M. A. (Red) Roberts, chairman of its Fair Committee, are in charge of arranging and directing the annual Midland County Fair, which will be held Friday and Saturday in the City-County Auditorium. The leaders promise the 1949 fair will be outstanding in every respect.

Fair Leaders Are Citizens

Each person in Midland County, in some way, will be responsible for the success of the annual County Fair here Friday and Saturday. Because it is presented by, and for, our citizens. Attendance is a way in which all can participate.

However, there must be leaders. These are chosen chairmen and committee workers and to other positions of leadership in the staging of a fair.

This year's leaders include: M. A. (Red) Roberts, general fair chairman; R. L. Miller, supervising director of agricultural activities of the Chamber of Commerce and T. Paul Barron, charged with presenting entertainment for the two-day affair.

Fair Committee
Members of the fair committee are: L. T. Sledge, Jr., J. T. Baker, A. G. Bohannon, Mrs. Nettie B. Messick, Sherwood O'Neal, Harlan Howell, R. C. Vest, Charles Green and Roberts.

Exhibit committee chairmen are: Mrs. J. D. Dillard, garden club exhibit; Mrs. F. H. Lanham, art club exhibit; Mrs. Warren Skaggs, clothing exhibit; Mrs. Keith Stuart,

general bake exhibit; Mrs. Herschel Esell, veteran's exhibit; Mrs. Regan Legg, general hobby exhibit; Mrs. S. H. Gwyn, canned foods exhibit; Charley Green, field crops exhibit; and 4-H Club boys; Mrs. Nettie B. Messick, 4-H Club girls; Mrs. A. R. Ayles, elderly women's exhibits; Mrs. Gabe Massey, future homemakers; R. D. Hamlin, fresh fruits and vegetables; Mrs. Messick, 4-H Club education exhibit; and J. R. Cuffman, Future Farmers of America.

Exhibit chairmen will be assisted by the three Midland chapters of Beta Sigma Phi: Beta Delta—Mrs. A. R. Ayles, president; Xi Theta—Mrs. Loyd Zellner, president; and Iota Beta—Miss Myra McReynolds, president.

The Midland County Fair is sponsored by the Midland Chamber of Commerce in close cooperation with the county agent, county home demonstration agent, home demonstration clubs, 4-H Clubs and FFA organizations.

How Educational Exhibits Will Be Scored At Fair

Judges of the educational exhibits at the Midland County Fair starting Friday will score on 11 factors.

These are neatness, attractiveness, originality, balance, color scheme, bulletins for distribution, exhibit within eye range, not overcrowded, no artificial decoration, ideas developed clearly, club member participation and keeping someone with the exhibit.

Each of the features named with the exception of the last three will be scored on a basis of 100 points. Clear development of ideas will be worth 400 points, club member participation 150 points and keeping someone with exhibit is scored on a basis of 150 points.

Total number of points possible is 1,500.

Chamber Of Commerce Officials

R. D. Scruggs Delbert Downing DeWayne Davis

The Midland Chamber of Commerce is the sponsor of the annual Midland County Fair, and officials of the organization, including R. D. (Bob) Scruggs, president; Delbert Downing, manager; and DeWayne Davis, assistant manager, have been kept busy the last several weeks in arranging for the countywide event. Their jobs will not cease until the fair is over, prizes and premiums awarded, bills paid, and the grounds and buildings put back in shape. Then they can go to work on next year's fair. The 1949 fair opens Friday and continues through Saturday.

C. Of C. Livestock And Farm Committee Has Many Workers

Twenty-six persons are listed on the Agriculture and Livestock Committee of the Midland Chamber of Commerce, sponsor of the annual Midland County Fair. The committee is divided into four groups—dairy cooperation, 4-H and FFA Clubs, County Fair and Garden.

R. L. Miller is the director in charge of the overall committee.

Personnel of the four groups is as follows:

Dairy Cooperation—H. B. Schauer, Paul Brooks, M. A. Roberts, John B. Mills, Sam Preston.

4-H and FFA—Gerome Grayson, R. H. Coffey, A. A. (Poosty) Jones, Charles Green, J. R. Cuffman, Paul Barron, Glen Merabon.

Two-Day Event Offers Full Program Of Attraction

Friday is the day and it will be more of the same Saturday as the annual Midland County Fair gets underway in the City-County Auditorium at 1 p. m. Friday and continues through 11 p. m. of the following day.

Residents of Midland County will be pouring into the city Friday afternoon to show the fruits of their soil and hands and see the products of their neighbors.

Many interesting exhibits will be featured and entertainment will be offered by the FFA Band and the Midland High School Band. Organ music will be presented nightly from 8 to 10 p. m.

This year's Fair, sponsored by the Midland Chamber of Commerce, will not offer a parade or an outdoor livestock exhibit. But this in no way will discredit the general attractions offered. Elaborate displays of field crops, educational, clothing and many other exhibits may be seen.

M. A. (Red) Roberts is general Fair chairman. R. L. Miller is director of livestock and agricultural activities of the Chamber of Commerce.

Entertainment will be under the direction of T. Paul Barron and DeWayne Davis, assistant manager of the Midland Chamber of Commerce. Concessions are being sponsored by the Midland County Home Demonstration Club.

Committeemen Named
County Fair committee members assisting Roberts are L. T. Sledge, Jr., J. T. Baker, A. G. Bohannon, Mrs. Nettie B. Messick, Sherwood O'Neal, Harlan Howell, R. C. Vest and Charles Green.

Ribbons and cash prizes will be offered winners in the exhibits. Chits will be issued to the various winners and these may be exchanged at the Midland Chamber of Commerce office for the ribbons or cash prizes.

Rules of the fair are much the same as in previous years and the

decision of the five judges will be final.

The exhibit chairmen will be assisted by three Midland chapters of Beta Sigma Phi: Beta Delta, Mrs. A. R. Ayles, president; Xi Theta, Mrs. Loyd Zellner, president; and Iota Beta, Miss Myra McReynolds, president.

Five Judges Will Decide Winners

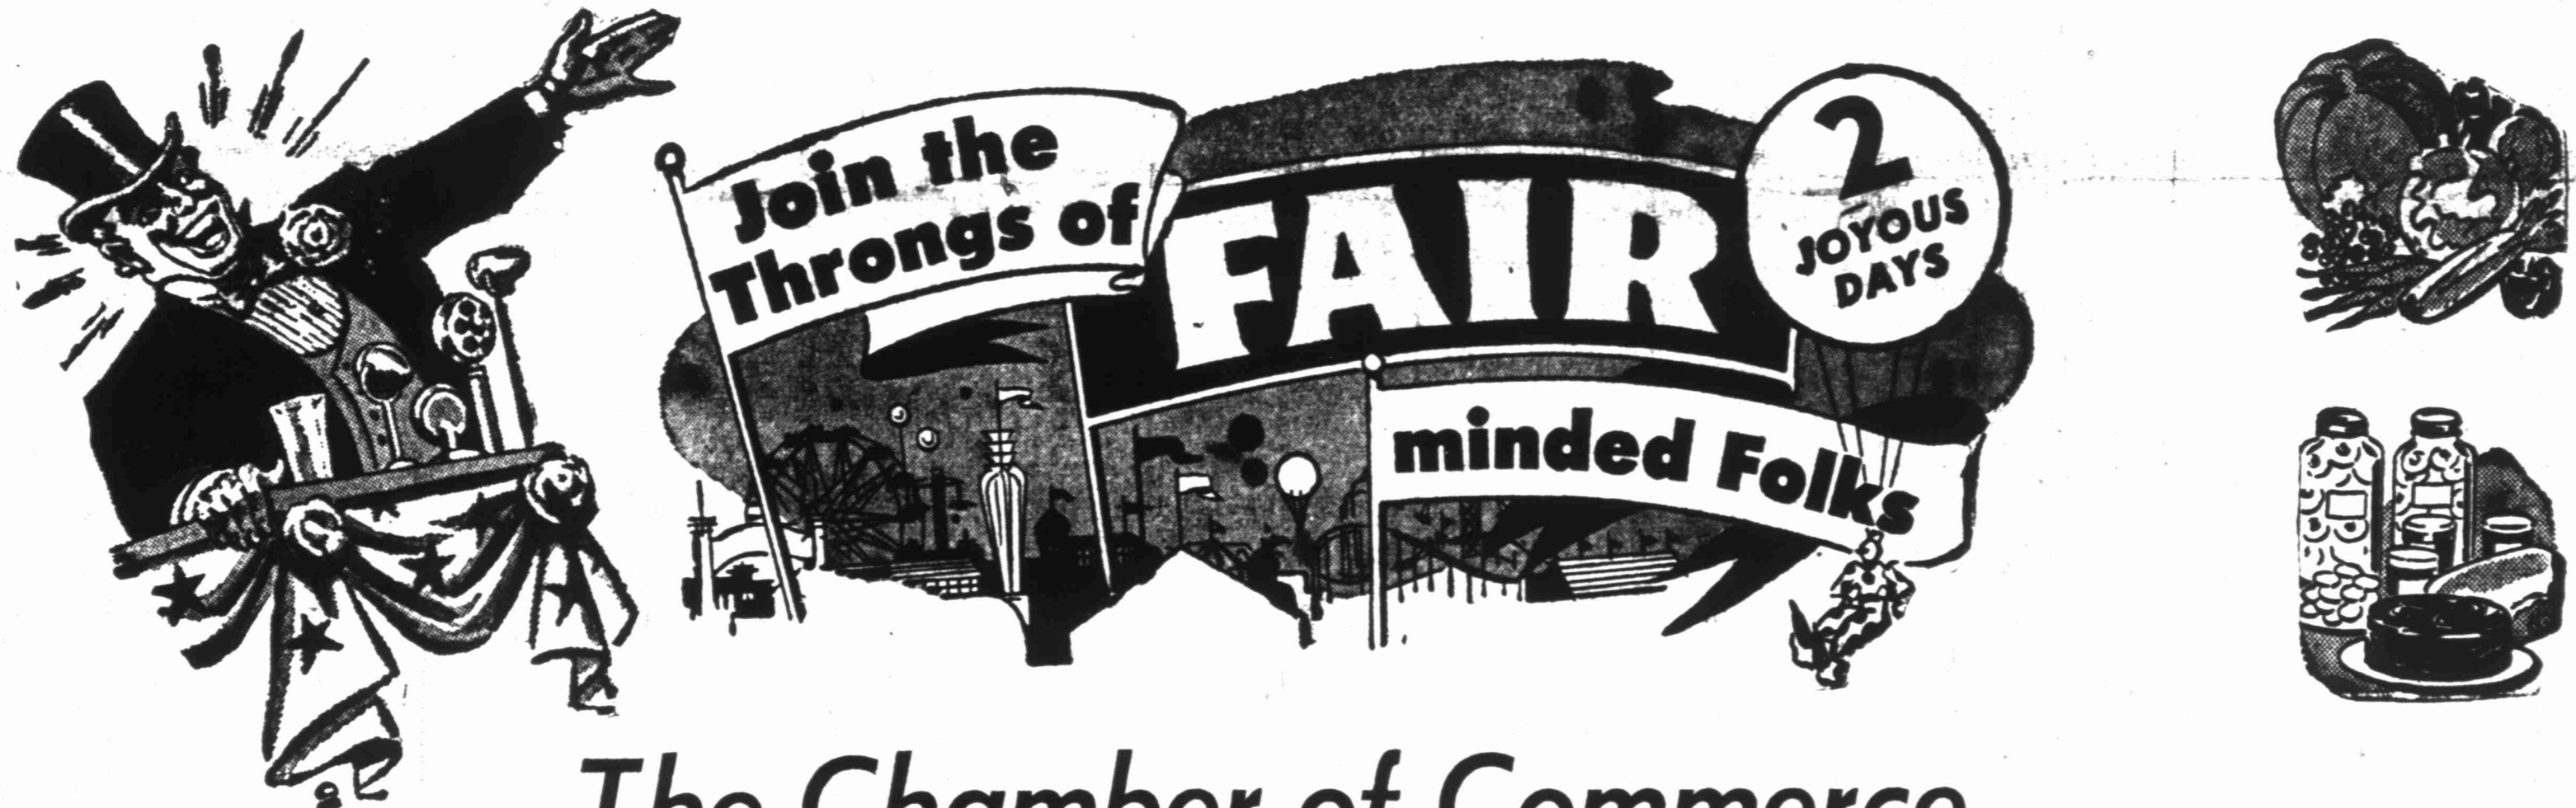

Five judges will decide the winners in exhibits at the Midland County Fair to be held Friday and Saturday. Two women will judge the women's exhibits and three men will judge the remainder.

The women judges, both county home demonstration agents, are Miss Mildred Chapman of Stanton and Miss Myra Holman of Rankin.

Men judges are: H. L. Adkins, Jr., county agent from Odessa; H. M. Fitzhugh, county agent from Garden City and J. A. Booth of Garden City.

Decision of these judges will be final.

Rural Areas' Banks Show Big Increase In Farmer Deposits

WASHINGTON—War time inflation funneled a lot of money into "grass roots" banks—country banks patronized by farmers. That's the conclusion of Fred L. Garlock, economist for the United States Department of Agriculture. Garlock says the more industrialization and commercialization there was in an area, the smaller was the gain in bank deposits. He points to the one-time dust bowl country as his top example. In that region, where farmers are the mainstay, bank deposits are five times what they were before the war.

Garlock studied U. S. bank deposits for the years 1940-48. He found that by 1948 bank deposits in the farming communities were almost four times what they were before the war. But in the large industrial centers they were only about 2 1/3 times the pre-war total. In New York City, the largest financial center, they were only 1 1/2 times the 1940 total.

He gives these reasons, among others, for the gain in country bank deposits:

1. Farm income increased relatively more during the war than did national income as a whole.
2. Farmers' holding of liquid financial assets (currency, bank deposits and United States savings bonds) increased relatively more than did the holding of all individual and business.

But now he says conditions are changing and the inflationary period appears near an end. He adds that in years of "recession" after the first World War, deposits flowed in large volume from agricultural areas to financial centers.

Such an effect can be cushioned by moving more industries to the country communities, he says, giving smaller towns and cities a greater share of the gains from industrialization.

Garlock says the country banks appear to be in good condition and that a substantial part of their assets could be converted quickly to cash. This means that unless a very serious emergency arises the banks won't have to call upon their borrowers to pay up loans, Garlock says. In past depressions the sudden call for payment of farm loans has increased the trouble.

Again he points to the former dust bowl as an example. He says the farmers of the Great Plains not only have built up their bank deposits to an unusually high level but also have been among the largest buyers of government savings bonds.

Emancipation Day Is Near At Hand For Arab Women

By NADEANE WALKER

AP Newstextures
TUNIS—There are only a handful of Arab co-eds in all the universities of French North Africa and less than a dozen women in the medical and legal professions, yet in the few years since the war a slow emancipation has begun. A nationalist leader (male) expressed the firm conviction here that in another two generations the veil for women will have completely disappeared. Already, with few exceptions, the Arab women no longer shares her husband with other wives.

Woman's suffrage movements have been organized everywhere except Spanish Morocco. Real conditions of emancipation are restricted to the young and the wealthy, but they are spreading. One of the heroines of the feminists is the young daughter of the Sultan of Morocco, French-educated Princess Lalla Aicha, who carries out her liberal convictions not only by frequently appearing in public and being photographed without a veil, but by making addresses (she speaks English as well as French and Arabic), attacking "the false conceptions by which some try to limit the horizons of our women."

Perhaps for fear of alienating their potential following, none of the women's groups insists on their members abandoning the veil, though the leaders set an example by going unveiled themselves. They consider this an issue of secondary importance, which will resolve itself in time. Even the young feminists admit the veil still serves its purpose as a "misery hider" behind which old women can conceal their ugliness and the poor can conceal their rags. The question of who or what is guilty of keeping Moslem women in a subservient position is one which brings conflicting answers.

Water-Scarce City Resents Fountains

AP Newstextures

ROME—The famous fountains of Rome shoot eye-filling geysers in the air. But the tap in your bathroom like as not will never fill the wash basin. Entire sections of Rome lack water. Long queues of Romans carrying pails and bottles wait their turn at the public fountains. Dwellers of swank apartments use rusty jerrycans to flush their toilets. It has been this way since the war. Many excuses are heard. There's a power shortage. There isn't enough electricity to run the pumps. Years of dry weather have drunk deep into the available supply. And the population of Rome has increased by 500,000 in recent years.

But the shortage is not uniform. One house has plenty of water. The place next door is out of it most of the time. Luxury hotels have plenty of water. The supply sometimes diminishes with the class of hotel. Bitterness increases when the city fathers turn on the great spouting fountains for the admiration of sightseers. The press has been attacking the privately owned water distributing companies for

THIS IS AMERICA

This is freedom—many religions, many races, living in harmony together. For freedom is more than a way of life. It is a state of spirit—and our richest asset.

Under freedom of religion, Americans attend more churches than any other nation. Under freedom of speech, we have more newspapers, more radio stations than any country in the world. Under freedom of opportunity, our children attend more schools, have more chances to succeed in life.

We are only 7% of the world's people, living on 6% of the world's land. Yet we who live in America have the highest standard of living the world has ever known.

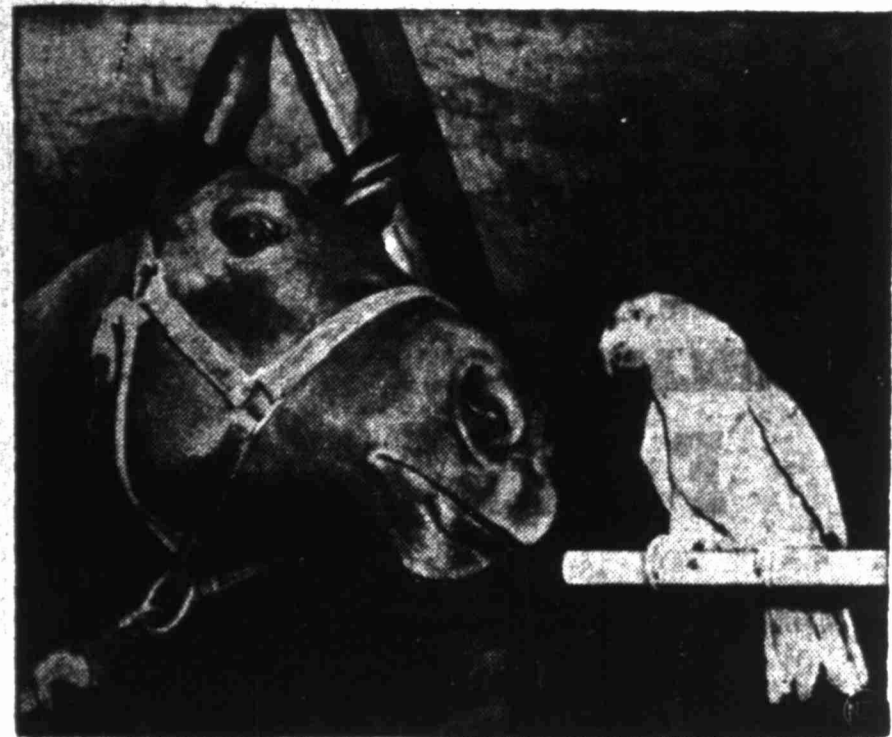

Under freedom of enterprise—you may call it Democracy or Capitalism—we make just about one-third of the world's goods, mostly for our own use. We drive three-fourths of the world's autos, use about half of the world's electricity. Our homes are unrivaled for comfort and labor-saving devices. We eat more meat, buy more clothes, see more shows, own more insurance. We even save more money.

Yes, freedom pays—in the coin of tolerance and understanding, and in the coin of progress and prosperity.

When Culbertsons Say 'Drop In' They Don't Mean It Just Exactly That Way

STERLING, KAN. — (NWA) — When this farmer's wife gives a luncheon it's "on the fly," with her guests literally swooping down on her.

Mrs. Howard Culbertson's social affairs are called "fly-ins" because the air-minded farmers she invites come in their own airplanes. They set their craft down on the 2,000-foot landing strip beside the Culbertson farm home.

Despite washed-out roads and high water, her latest party was attended by 50 persons who arrived in 18 planes. She takes the breath-taking flurry in stride.

Mrs. Culbertson, 44, is the first woman to hold an office in the Kansas Flying Farmers, serving as a vice president of the group.

The Culbertson place is easily spotted from the air. Their name is painted in large letters on the roof of the private hangar on their 450-acre wheat farm near here. The runway is a boon to fliers low on gas and convenient for flying visitors.

Culbertson, who is 47, speeded up his pilot's training a year ago, obtaining his license in time to fly with a group of Flying Farmers to Mexico on a sight-seeing trip.

The Culbertsons' son, Byron, 18,

a student at Ottawa (Kansas) University, is learning to fly. A younger son, Bill, who is sightless (and a sophomore at the Kansas State School for the Blind), is an enthusiastic plane passenger.

Culbertson heads the Civil Air Patrol squadron. He was awarded a trophy for winning an efficiency race sponsored by the Kansas Flying Farmers.

In addition to the pleasure of flying, the couple greatly enjoys "meeting a lot of fine people through Flying Farmers."

The farmer-flier said he had no difficulty in persuading his wife to fly with him.

"But I might have had a hard time buying my own plane—despite her interest in flying—if I hadn't bought it before telling her of my intentions," he commented with a grin.

IMPROVEMENT NOTE

URBANA, ILL. — (AP) — The housing situation at the University of Illinois has improved to the point where the campus ice skating rink once more is being used for skating. The building had been used as a dormitory for three years.

MANGANESE TO U. S.

NEW DELHI, INDIA — (AP) — India's exports of manganese, an industrial metal, have stepped up sharply this year. The Commerce Ministry reports exports in the first eight months totaled \$84,883 tons compared with 194,666 tons in the same period last year. Much of the ore goes to the United States for stockpiling purposes.

Wedding On Record, Portraits In Sound

EVANSTON, ILL. — (AP) — Art Foy figures wedding pictures are okay, as far as they go, but they don't go far enough. So he has gone into the business of recording the words and music of the rites on a tape recorder. He calls them "portraits in sound." Sometimes, of course, there are difficulties.

"Once," he says, "I had the mikes in place, the music started and the bride came down the aisle. It was a perfect ceremony until a barking dog interrupted the soloist. Then an airplane buzzed the church and a fire siren drowned out the couple in the midst of their vows."

Chicagoan Claims Dubious Honor Of Leading Job Seeker

CHICAGO—(NEA)—"There's one thing I have learned in the past few months—jobs are mighty tough to find." So says Howard Hagemann, 23, who calls himself "the most professional-looking unemployed man on Michigan Boulevard."

Howard Hagemann

like manner. First he commanded a desk and a secretary in his father's office. Then he began a rigorous schedule of making contacts, writing letters, seeing people, filling out forms.

Hagemann's "working day" would rival that of a working-for-pay businessman, and his nattily-dressed form, hurrying along to keep an appointment, is becoming familiar along Michigan Boulevard.

Says On Job
But, after two months without missing a day on the job, Hagemann has no prospects of employment.

"Yep," he sighed. "I work as hard as anybody. There's only one difference—no pay. This routine is really getting me. Sometimes when I'm tired at night I find myself saying to my wife, 'Gosh, honey, I don't feel like going to work tomorrow.'"

Hagemann attributes his lack of success so far to the fact that he's trying to connect in a tough business—advertising.

"I know what I'm up against when I see men with two to ten years of experience in advertising pounding the pavement just like me. And all sorts of people want to get into the advertising business because they think it's glamorous, which makes it tough on those who are dead serious about it. This has been one of the main concerns of advertising executives I've talked to."

Not Discouraged
Although he hasn't actually landed a job, Hagemann is not discouraged and considers his eight-hour-day efforts well worth while.

"This has been better than any course I could have taken in school," he said. "I've been able to meet and talk to important people with advertising agencies and trade journals, radio and television stations all across the city. When I couldn't get anywhere talking about jobs I was always able to get some good advice. I feel now that I have a clearer picture of the field."

"Something has to break pretty soon, though. My wife and baby daughter have to eat!"

Oregon Fire District Prepares Strategy Of Guarding Immense Stretch Of Forest

PORTLAND, ORE.—(NEA)—"Round Top lookout tower reporting smoke on the Upper Salmonberry."

If a cigarette lands in the right place on the right day with the wind blowing in the right direction, a quiet, unemotional voice will speak those words into a microphone. And they will launch a well-organized chain of events, designed to prevent another "Tillamook burn."

Old time foresters think the answer to the forest fire evil has been found in northwestern Oregon's "Tillamook burn" area, a vast 8,000-mile square where fire has left tinder-dry snags on the mountains.

Millions of tiny new trees are growing there, and an area of 8,500 square miles, centering around the burn, is loaded with virgin timber. This year could be another dangerous one for the forests. It's been a long, dry Spring and a hot, dry Summer in the northwest. The stage is set. But the rampant forest fires have a new opponent in 1948.

The Oregon fire district has a plan, which they've dubbed "Operation Powder Keg" in honor of its potential explosiveness. The striking arm of the plan is a group of highly-trained crews, ready to "get there quick and douse it."

The 155 men in the crews have 3,500 square miles to patrol. Patrol Constantly

With District Warden Ed Schroeder supervising, every section of the district is patrolled with his headquarters by mobile and lookout-tower shortwave radio. Fire trucks and crews are stationed at strategic spots throughout the district, and radio-equipped fire trucks are constantly on patrol.

Schroeder's huge responsibility, the largest in the state, is divided into nine sub-districts. Each is geared to hit any fire inside its border minutes after the first smoke warning.

But any report of fire within the burn section immediately becomes a district-wide problem. A new forest fire plan, which foresters say may set a national pattern, goes into action automatically.

Alerts Are Sounded
If the call comes through on a day that is not too dry or too windy, all sub-districts are alerted. But they do not go into action until the smoke is verified as a forest fire.

If the humidity is low and the wind is whipping down the mountainsides, the crews don't wait for the verification. A fire could sweep across miles in minutes, so any smoke report gets instant response.

Forest fire trucks converge on the smoke-report-area over 1,000 miles of fire patrol and logging roads plus county and state highways. Initial crews armed with back-saws and pressure hand pumps, fire axes, portable power pumps and tree-felling equipment are on the blaze in less than 30 minutes.

Bulldozers On Job
Another hour will see support fighters from the rest of the district bringing in more power and hand equipment. At least two bulldozers will be on the job via fast truck-trailer units. More will be along shortly.

The headquarters dispatcher, Mitch Mitchell, will have alerted cooperating logging crews, who will move in with 80 bulldozers and several hundred timber-felling crews.

McCamey News

McCAMEY—Mr. and Mrs. Senter of McCamey and Mr. and Mrs. E. E. Senter of Notrees, recently returned from a two-week trip to points of interest in Colorado. They also attended the Indian Fall Festival dances at Taos, N. M., and visited the Grand Canyon and Petrified Forest.

Mr. and Mrs. W. O. Herring of Albuquerque, N. M., and Mrs. M. M. Campbell of San Angelo, visited last Sunday in the home of their sister, Mrs. J. L. Adrian and Mrs. J. L. Werat.

Mrs. Ralph Guyer visited during the weekend in the home of her parents, Mr. and Mrs. Burley McCollum.

Mrs. U. O. Gilliland is reported to be improving at the Cooper Hospital after being injured recently in a car-train accident.

Mrs. F. C. Reimers left Friday for Denver City to visit in the home of her daughter, Mrs. Robert Clark and family.

Mr. and Mrs. J. C. Moore of Killen announce the birth of a daughter, born Friday, September 30. The baby was named Carol Ann. Paternal grandparents are Mr. and Mrs. J. A. Moore of McCamey. Mrs. Moore and her daughter, Mrs. J. L. Roberson returned Sunday from Killen where they went to welcome the new baby.

Mr. and Mrs. H. H. Qualls left last weekend for Columbia, Mo., where they will visit in the home of their daughter, Mrs. Guy C. Burton, Jr.

Quick Action Saves Tots From Tragedy

WASHINGTON—(AP)—Mrs. Richard Mason read a newspaper item about a California boy who was smothered to death in an old ice box.

When two little girls in her neighborhood, Margaret Gorman, five, and Cheryl Bumpston, four, turned up missing, she remembered an old ice box abandoned on a lot behind their homes.

She ran and opened it. The children were inside, unconscious. A fireman who lives in the same block revived them.

Pajamas Resented By British Troops

SINGAPORE—(AP)—British soldiers in Malaya take a dim view of the War Office's latest orders to issue pajamas to all ranks with priority for troops in the tropics. The typical reaction is "Just one more kit to yank around and lay out for inspection."

Seek White Man's Aid

This colorfully dressed Seminole Indian mother weeps as she waits, with her stricken two-year-old daughter, for medical aid in the little Sugarlands Hospital, Clewiston, Fla. They, with 21 other child victims and their families, had trekked in from their primitive village, 60 miles to the south, where a rare streptococcal infection struck down almost all the village children from eight months to 12 years old.

Air Line Accidents Reported Reduced

NEW YORK—(AP)—Scheduled airlines, members of the International Air Transport Association, reported fatal accidents in 1948 to one for every 30,671,576 passenger miles. Forty-three of the member lines reported that they had had no fatal accidents at all during the year.

General Rules For 1949 County Fair Are Listed

General rules to be observed in the Midland County Fair October 7-8 are as follows:

Prize money and ribbons will be given only to entries from Midland County. Other entries will be accepted for their interest only.

Where there is no competition, ribbons will be given at the discretion of the judges.

First, second and third place ribbons as well as cash prizes will be awarded in the following events: garden clubs exhibit, art exhibit, clothing exhibit, general bake exhibit, hobby exhibit, canned foods exhibit, field crops exhibit, elderly ladies exhibit, 4-H Club boys exhibit, 4-H Club girls exhibit and fresh fruits and vegetables exhibit.

Judging Starts October 7

All exhibits are to be in place not later than 10 a.m. Friday, October 7, when the judging will take place. The exhibits are not to be removed before 9 p.m. Saturday but must be removed by 11 p.m. of the same day the fair closes.

Exhibits will be tagged and itemized by the chairman of the exhibit and a watchman will be provided by the directors, and all other precautions will be taken to assure safety of exhibits. The directors will not be responsible for any damage to products while on exhibit.

All winning exhibitors will be given chits for their prizes. These may be exchanged for prizes at the Midland Chamber of Commerce office. Decision of the judges will be final in every case.

The fair will be open to the public at 10 a.m. Friday, October 7.

Lightning Struck Once

Jeweler B. E. Walzel of Houston, Texas, sincerely hopes the old adage that lightning never strikes twice in the same place is true. Because, the place where lightning struck once was Walzel's head. The bolt passed through his body, stripped a watch from his wrist—the shattered parts of which Walzel examines above—and came out his heel. His only injury was a slight burn on the heel.

Shut-In Boys Organize Own Reno Scout Troop

Bed-ridden George Houx of Reno, Nev., who lost his right arm in an accident, belongs to Scout Tribe 110, exclusively for shut-ins. Regular Scout Don Pettycrow is about to give George a lesson in left-handed writing. Cards on the wall were sent by well-wishers.

RENO, NEV.—(NEA)—Paralyzed and crippled boys can now share with healthy youngsters the excitement of being Boy Scouts.

Scout Tribe 110, of Reno, the only unit of its kind in the world, is made up entirely of boys who can't take part in normal activities. It's a Troop for shut-ins.

Boys like George Houx, who lost his right arm in an accident, and the Forbush twins, Ronald and Donald, who have had rheumatic fever, are typical members.

George is being taught to write with his left hand, and the twins are learning handicrafts they can follow without exertion. All activities of the unit are checked with individual family doctors for approval.

Men and women counselors have been trained by the Area Council and visit each of the boys once a week.

Normal scouting rules have been modified so that members can obtain regular awards. After a monthly court of honor, a counselor visits each boy who has earned an award and presents it to him in his home or hospital room.

Special permission from Scout headquarters had to be obtained for the unit. Its charter permits boys who recover and go on to normal scouting to retain their awards.

Like the other scouts, they make radio sets, model airplanes, scrapbooks, and stamp collections. And they learn such scouting stand-bys as tying knots and the Morse code.

He's In Hospital And She's In Jail

SALVADOR, BRAZIL.—(AP)—Antonio Felix, a 50-year-old worker, decided an evil spirit had taken over his body and went to see a female witch-doctor to get him out. She tied him to a chair and beat him with a sword of osum—a tough, leathery palm leaf shaped like a sword.

Then she placed a pot full of black powder under his nose and told him to look at a pretty little thing inside. He looked. She dropped a lighted match in the pot to blow the evil spirit back where he came from.

He is now in a hospital seriously burned. She is in jail.

Baby eels of some species cannot swim for several weeks after hatching. They can only drift with the ocean currents.

PICKPOCKETS TRYING OUT NEW TECHNIQUES

CAIRO.—(AP)—Two men stopped pedestrians on the street, explained they were political police, and searched them. A detective passed by, took one startled look and arrested both men.

They were two of Egypt's best-known pickpockets trying out a new technique.

FLAMINGOS KNOW HOW TO GET BY IN HURRICANE

MIAMI.—(AP)—Flamingos, famed pink birds of Florida, know how to care for themselves in a hurricane. When the great winds come, the birds take to dry land, form themselves into a wedge, with the V pointing into the wind. The point shifts as the direction of the wind changes.

End To Poll Tax As Voting Requirement Is Question To Be Decided November 8

AUSTIN.—(AP)—Should there be a tax on the right to vote?

That 50-year-old question will be decided at the polls November 8.

It will be No. 4 among 10 proposed constitutional amendments on the ballot.

This is the way the proposal will read on your ballot:

"For (against) the amendment to the Constitution of the State of Texas eliminating the provisions in said Constitution making the payment of poll tax a requirement for voting, and providing for a general registration law."

Note especially that it calls for

eliminating the poll tax requirement for voting—not the poll tax itself. If the amendment is adopted, the poll tax will still be due. But you would be able to vote whether you paid it or not.

The poll tax voting requirement has been at question ever since it was written into the Constitution at the turn of the century. It has become a real political issue only in relatively recent years, particularly as one of the civil rights planks splintered the national Democratic party in the last election. The state Democratic convention at Fort Worth last year went on record favoring submission of the issue to the people.

Proponents argue that federal laws eventually will guarantee a free voting privilege, that it's better for the state to handle the matter now than have the federal government do it later. They say that a citizen's vote in a democracy, as a matter of principle, should have no tax strings.

Opponents contend that any change now amounts to throwing the towel to federal government dictates. They argue that the \$1.75 tax doesn't deprive anyone of the right to vote in these lush times. They say few voluntarily will pay the poll tax when the voting requirement is gone, cutting off more than a million dollars a year the tax now spills into the state school fund.

If voters abolish the requirement, a new law to register voters annually has been ready to take effect automatically next year.

Voters would be required to register each year between October 1 and February 1. Their registration receipt then would identify them at the polls in lieu of the present poll tax receipt.

To Be On Receipt

The law would also require that a voter's party affiliation be written on his receipt at the time of registration. Only voters registered as Democrats would be permitted to vote in Democratic primaries. There would be no legal prohibition, however, against persons registering as Democrats from participating in conventions and other affairs of other parties or voting any ticket they please in the general election. Commissioners courts in each county would decide whether or not any fee would be charged in connection with registration. If they decide on a fee, it may be any amount up to a maximum of 50 cents, with half of whatever is levied going to the state. These charges would theoretically cover the cost of holding the elections only. The courts must also decide the matters of fee exemptions for first-time voters and for aged voters.

The proposed constitutional amendment was authored by Senator Rogers Kelley of Edinburg. The voter registration law was written by Rep. Frank Oltorf of Marlin.

Don't Be Tricked By White, Foamy Suds, Says Expert

COLLEGE STATION — White, foamy suds usually are accepted as the sign that soap or a detergent is doing a good job of cleaning. But it isn't always true, a research shows. Foam is an attractive and pleasant indication that a detergent is in the washing solution, but it is not the guide to its cleaning effectiveness.

Mrs. Florence Low, extension specialist in home management of Texas A&M College, says that research recently made at the New York State Experiment Station by G. J. Tucker, indicated that suds don't clean. Washing tests showed that some of the sudsless solutions removed soil in dish-washing better than others with plenty of foam.

Keeps in Writing

The cleaning ability of any detergent depends largely on two things: first, how well it dissolves soil and, second, on how much it aids water in getting the soiled articles wet so that the dirt can be carried away thoroughly. Water alone, the specialist points out, cannot wet material as well as water containing soap or other detergents.

The amount of soapsuds in the dish pan or wash tub has long been used as a rough guide to indicate whether the water contained enough soap for efficient washing. But what holds true for soap does not hold true for all detergents.

The report adds that the synthetic detergents simply remove soil and cannot be counted on as a sanitizer.

The Better Way?

So far as Willie Patrick is concerned, "The Better Way" is to stay awake at the wheel. Patrick, a Navy chief petty officer, dozed off while driving through Los Angeles and awakened to find himself in the middle of a cemetery ad on a splintered billboard. Aside from a few cuts, Patrick suffered mostly from a strong case of jitters.

Midland Art Is Palette Exhibition

Paintings by Midland County artists will be exhibited in one division of the annual Midland County Fair Friday and Saturday. Since they are to be hung in the foyer of the City-County Auditorium they will be the first display seen by visitors to the fair.

The pictures may be in any medium, and times have been paid within the past year. They are to be entered by 3 p.m. Thursday at the auditorium.

Sponsors of the exhibit are members of the Palette Club. They had planned a more extensive art division for the fair, to include ceramics, figurines and china painting, but lacked space to include those subjects this year.

County Fair Entertainment Will Include Concerts By Two Bands And Organ Music

Entertainment for the Midland County Fair will be furnished by the FFA Band, the Midland High School Band and organ music will be presented through the courtesy of Miss Pamela Stone.

The FFA Band under the direction of J. R. Cuffman will play a 30-minute program from 8 to 9:30 p.m. Friday night. It has been chosen as the official band to represent the Texas delegation at the National Future Farmers of America Convention to be held in Kansas City, Mo., October 10-13.

A musical program will be presented by the Midland High School band from 4 to 4:30 p.m. Saturday. Organ music will be presented from 8 to 10 p.m. each night.

TELEVISION WORKS IN DARK

NEW YORK (AP)—The modern television camera, known as the "image orthicon," is so sensitive that it will work under unusually poor lighting conditions. In fact it will function in the late dusk when even the human eye has to strain a little.

STANTON — Neva Sue Fisher, daughter of Mr. and Mrs. Herman Fisher, was a recent weekend visitor here. She is a student at Abilene Christian College.

Mrs. J. J. Mills was called to Lubbock last week due to the death of a sister.

Alvis Fisher suffered an injury to his leg in a football game last week.

Mr. and Mrs. Claude Waters of Dallas were recent visitors with her mother, Mrs. T. E. Mashburn.

Mildred Chapman, formerly of Calneville, has been named Martin County Home Demonstration Agent. She served Cook County in the same capacity for five years.

Francelle Moore, granddaughter of Mr. and Mrs. J. E. Kelly, has enrolled at TSCW.

Suffers Broken Arm

Ronnie Dean, five, suffered a broken arm in a fall here recently. He is the son of Mr. and Mrs. Douglas Dean.

Mrs. J. L. Hall has returned from Sterling City where she attended the funeral services of a brother, J. H. McCabe.

Mrs. Ernest Mims underwent surgery for the second time in 10 days at a Big Spring hospital this week. Her condition is reported to be satisfactory.

The Ben Franklin Store has been purchased by Ira Booth of Lamesa. It formerly was owned by Mr. and Mrs. Charles Stone.

Buffalo Trail Scout Ranch Barbecue To Attract Hundreds From Throughout Area

More than 200 guests are expected to attend the second annual barbecue of the Buffalo Trail Scout Ranch from 4 to 8 p.m. October 13, according to H. Lyman Wren, president of the Buffalo Trail Council, Boy Scouts of America.

Among those invited is Gov. Allen Shivers. No reply has been received from the governor. He has shown great interest in Scouting activities during previous years.

The Buffalo Trail Scout Ranch is located in the heart of the rugged Davis Mountains. High peaks and canyon walls surrounding the ranch site lend a scenic grandeur to the Boy Scout camping ground.

The barbecue will be served at 5 p.m. and the program will begin at 7 p.m. If the governor attends the affair he will be asked to contribute to the program. In any case, however, a capable speaker will be provided and several camp activity demonstrations will be presented.

Among them will be demonstrations of burro packing, skeet shooting, realistic first aid and others. Grand finale of the evening will be a scene enacted on one of the towering canyon walls depicting the theme "Strengthen the Arm of Liberty," a long-range goal of the Boy Scouts concerning their expansion.

An executive board meeting of Council officials will be held following the barbecue. Wren preside at both occasions.

Midlanders who already have indicated they will attend the affair are: Goodrich Hejl, Charles L. Klapproth, P. F. Bridgewater, Richard W. Smith, L. L. Bevil, Mr. and Mrs. Berte R. Haigh, W. T. McGlothlin, J. T. Baker, Malcolm Brennehan, J. M. McDonald, F. H. Jobe, G. A. Brennehan and P. V. Thorson. Guests attending in the company of those named are expected to swell the total attending from here.

Midland Drug Store Has One Cent Sale

Stretching pay checks of thousands of folk, is what the Midland Walgreen Agency Drug Store promises to do when it holds its famous 1c sale Wednesday, Thursday, Friday and Saturday.

"With today's high cost of living, we thought we'd give people a real chance to beat it by letting them stock up on vital home needs such as drugs, cosmetics and vitamins at almost half price," said Barney Greathouse, owner of the Midland Walgreen Agency Store.

He explained that in the 1c sale, shoppers can buy, with only an extra penny, two of any of the hundreds of 1c sale items for the regular everyday selling price of one.

"In other words, you can almost double your money's worth," he said, "and if that isn't stretching a pay check, I'll eat anybody's hat!"

"You can buy as much as you want at these prices, too," he exclaimed. "In fact, all over the United States this weekend, that now-too-short-dollar bill is really going to 'go some' at all Walgreen and Walgreen Agency Drug Stores."
