Production Test Due  
At E-C Upton Wildcat

A production test is to be started at once on a possible discovery from the Fusselman section of the Silurian in Northeast Upton County.

This prospect, Humble Oil & Refining Company No. 1-Fembrook, six miles north of the Benedum field, is to test at 12,270-340 feet, through perforations in a 5-inch liner which is cemented at the plugged back depth of 12,350 feet.

That some showed for a natural flowing production of four barrels of distillate per hour and had a gas volume of 2,100,000 cubic feet per day on a drillstem test taken before the liner was run.

It drilled to 12,660 feet in the Ellenburger. That section showed only water, with slight signs of gas. The project then plugged back for the completion try in the Fusselman.

Location is 680 feet from north and 2,247 feet from east lines of block X, C. C. DeWitt survey.

Shell Dually Finishes  
C-S Ector Operation

Shell Oil Company has dually completed its No. 1-C Connell from the Ellenburger and Connell sands in the Jordan field of Central-South Ector County.

From perforations in the casing between 8,466-96 feet in the Connell sand, the well flowed 95 barrels of 44.3-gravity oil in a 24-hour period. It had a shut-off of one-tenth per cent drilling water and basic sediment. Gas-oil ratio of that oil was 943-1.

From the Ellenburger completion was from open hole between the 5 1/2 inch oil string cemented at 8,846 feet and the total depth at 8,882 feet.

From the Ellenburger it flowed natural through a one-half inch tubing choke to rate a calculated 24-hour potential of 717 barrels of 44.7-gravity oil, and no water. Gas-oil ratio was 724-1.

The new producer is a one-location stepout from production on the northwest side of the Jordan field, and 1,969 feet from south and 663 feet from east lines of section 13, block B-16, psi survey.

Diamond-M Extension  
Is Completed By Lion

Lion Oil Company has completed its No. 1 Frank Strom as a one-mile west extension to the proven limits for production on the Canyon reef line in the Diamond M field of Southwest Seury County.

This new producer was finished for a daily potential of 352 barrels of 43.4-gravity oil, flowing through a 16/64th inch tubing choke. Gas-oil ratio was 702-1.

The production was natural and came from perforations in the casing at 6,686-8,710 feet. Total depth is at 8,715 feet. Casing is cemented on bottom.

Top of the Canyon reef was at 6,636 feet, which was 100 feet less to the closest completed oil wells in the Diamond M field.

The well is 662 feet from south and 1,836 feet from west lines of section 198, block 97, H&T survey. It is an old dry hole to 2,903 feet drilled in 1946, which was re-entered and deepened to the Canyon.

SW Ector Extension  
Fined By Stanolid

Stanolid Oil & Gas Company has completed its No. 1 L&K Realty Company for a one location northwest extension to the producing area from the Ellenburger in the Yarbrough & Allen field of Southwest Ector County.

The project was completed for a 24-hour potential of 447 barrels of oil and no water. It also made three-tenths per cent drilling water and basic sediment.

Gravity of the oil was 41.8 degrees, and the gas-oil ratio was 825-1.

It was completed from open hole between the five and one-half inch oil string cemented at 10,845 feet and the total plugged back depth at 10,750 feet in the Ellenburger.

The field extends 1,660 feet from south and east lines of section 14, block B-14, psi survey.

Ellenburger Has No Shows For Seaboard

Seaboard Oil Company of Delaware and Republic Natural Gas Company No. 1 OS Ranch (Connell), Southeast Garza County wildcat, 15 miles southeast of Post, has failed to develop any indications of production in the Ellenburger in the section so far drilled of that formation.

Tentative, unofficial top of the formation was called at the top of a drillstem test was run at 8,014-19 feet. The tool was open for one hour. Recovery was 30 feet of gas out mud.

Another drillstem test was taken at 8,050-8,084 feet. Recovery was 30 feet of drilling mud, with no shows of oil, gas or water. The tool was open for one hour.

Location is at the center of the southeast quarter of the southwest quarter of section 2, block 5, GH&H survey.

North Snyder Offset  
Logs Some Oil Shows

M. Lockhart of Corpus Christi No. 1 B. M. McHoney, one mile south of the nearest completed producer on the southeast side of the North Snyder field in North Central Seury County, reported some shows of possible production in a drillstem test. The tool was open two and one-half hours. Gas of an unreported (Continued on Page Nine)

Strike Crisis Goes To White House

Stinging Cold Follows Heavy Rains In Texas

Floods and cold hit Texas stinging blows Tuesday. Sub-freezing weather prevailed in parts of the Panhandle while sections of North, South and West Texas were worried with overflowing streams.

At least three deaths were attributed to storms that brewed Sunday and Monday.

The Trinity River at Dallas had reached 32.34 feet, four feet above flood stage. Rains ranging up to five inches on all of the river's forks sent it overflowing thousands of acres of lowlands.

The U. S. Weather Bureau issued flood warnings along its upper reaches.

Heavy rains in South Texas sent two creeks at San Antonio out of banks. Johnny B. Ford, 27, and his brother, Rittles, 25, drowned when a homemade boat capsized. Their bodies were recovered.

The third death occurred at Dallas. E. T. Spain was killed when a cement plant roof fell under the weight of dust soaked with rain.

The South Concho River went on a rampage Monday at Christoval, near San Angelo. A highway bridge was flooded.

South Concho Subsidies

San Angelo reported Tuesday, however, that West Texas streams had subsided under clear skies and that four days of rain had greatly benefited ranges. The heaviest rainfall in the San Angelo area was a total of nine inches at Eola, a farming section on the Tom Green-Concho County line. It will take three days of sunshine and wind to dry fields sufficiently for further cotton picking.

The first real cold of the season gripped the Panhandle. Dalhart had a low of 26 degrees Tuesday morning. Clarendon recorded 32 degrees and Amarillo 33.

Rainfall for the 24-hour period ended at 6:30 a. m. included: Victoria 2.19 inches, San Antonio 2.07, Texarkana 1.96, Austin 1.93, Lufkin 1.78, Wichita Falls 1.99, Tyler 1.80, Palacios 1.19, Bryan 1.15 and Corpus Christi 1.17.

Clearing weather and rising temperatures are due to return to the west of Texas by Wednesday, the weatherman said.

Czech Priests Bow To Church Control By Red Government

PRAGUE —(AP)—Czechoslovakia's Roman Catholic bishops backed down in their bitter church-state fight Tuesday and told their priests to swear loyalty to the Communist government to stay out of jail.

The Catholic hierarchy told the priests they may accept their salaries from the state and swear loyalty to the government—a move they said would support the Communist government to stay out of jail.

The bishop's new stand, declaring that they still "regretted" the recent enactment of the church control law, was expressed in a statement to the nation's 7,000 Catholic priests and made available to Western newspapers. The bishops said they were allowing priests to comply with the law because they would be open to arrest and prosecution if they did not.

But the bishops told the priests to make these reservations:

In swearing allegiance to the "People's Democratic Regime" and taking the oath to "support the creative effort aimed at the welfare of the Czech and Slovak people," priests are to add the words: "Unless it is in contradiction to the laws of God and the church and the rights of man."

In taking salaries from the government, priests are to declare they do so without assuming "any obligations which would violate my conscience as a priest or the church laws."

Telephone Wage Hike Talks Start Tuesday

ST. LOUIS —(AP)—Workers of Southern Bell Telephone Company are seeking wage increases in negotiations that opened here at 10 a. m. Tuesday.

The employees are represented by the CIO Communications Workers of America, which claims a membership of 50,000 in Missouri, Arkansas, Texas, Oklahoma, Kansas and part of Illinois.

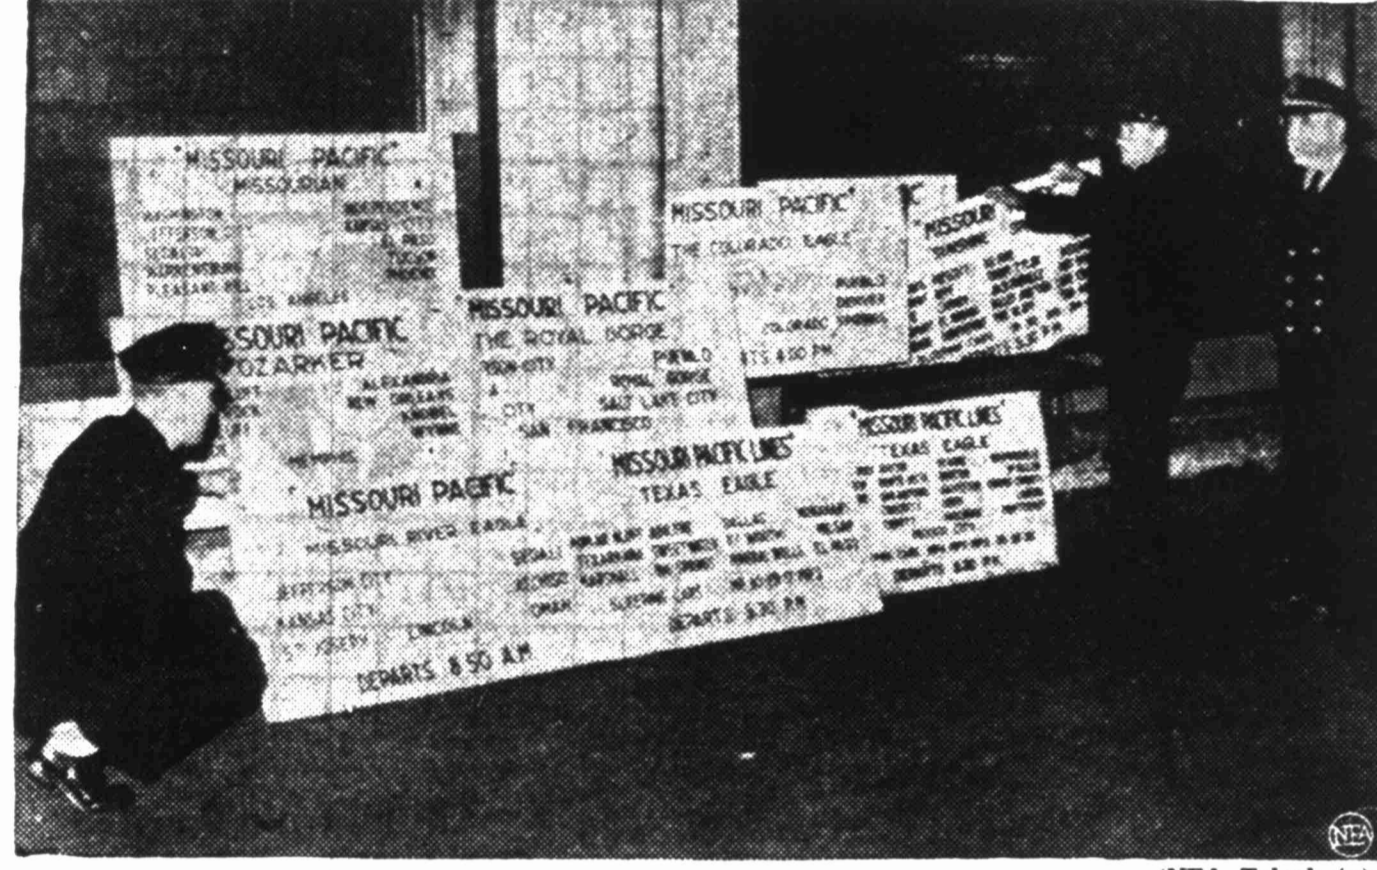

Officers Make 'Sharp' Catch

Sgt. Dick Hemmingway and Officer Leroy Stewart of the Midland Police Department made the prize catch of their law enforcement careers here Monday night.

They apprehended a porcupine in the 1000 block on West Wall Street.

The "suspect" is being held at the SPCA animal shelter. It is believed he may be a pet strayed from his owner.

Rail Strike Settled

Missouri Pacific Railway officials and spokesmen for the four striking brotherhoods have announced in St. Louis that the strike, longest for the railroad in the nation's history, has been settled. Here, in the St. Louis station, conductors put up signboards with train schedules.

Air Chief Delays Top Brass Meeting

WASHINGTON —(AP)—Hurry-up calls went out to Puerto Rico Tuesday to get the Air Force's Gen. Hoyt Vandenberg back to Washington for the first regular meeting of the joint chiefs of staff since their public row over unification.

The meeting was put off from 9 a. m. to 2 p. m. in the hope Vandenberg could fly here in time.

Vandenberg had gone to Puerto Rico for a conference with Air Force Secretary Symington, who was there.

The military heads of the other services—Gen. J. Lawton Collins of the Army and Adm. Louis Denfeld of the Navy—were in the capital.

Gen. Omar Bradley, chairman of the joint chiefs, and other defense officials were reported anxious to have all the top men present.

Denfeld was one of a parade of admirals who told the House Armed Services Committee that sea power is being weakened in the Pentagon to the detriment of national defense.

Bradley Draws Fire

That charge was denied by an equally impressive list of Army and Air Force officers—including Bradley, Collins and Vandenberg—as well as by Secretary of Defense Johnson.

Bradley, who offered the main rebuttal argument for the Army and Air Force, deplored the personal attack made on the admirals which also is an attack on the Navy itself.

Bradley had no comment.

Memorial Fund Established By Service League

The establishment of a Memorial Fund here was announced Tuesday by the Midland Service League, originator and sponsor of the project. Plans for the continuing program were completed Monday by members of a special committee.

League officials said the fund was established so persons desiring to make contributions as lasting tributes to friends or loved ones may do so through a central agency.

The contributions will be used in providing memorials which will benefit the community at large.

Hospital Equipment

The committee, after making extensive inquiries, determined the greatest current need is for equipment for the Midland Memorial Hospital. The purchase of a precision infant incubator for the hospital will be the initial goal.

Names of donors as well as those of persons memorialized will be kept as a permanent record. Personal cards of recognition and appreciation will be handled by the league.

The incubator to be purchased is of the latest design and model, providing up-to-the-minute features.

Hospital officials with whom Service League representatives conferred termed it the best available at this time.

Contributions to the Memorial Fund may be made by contacting Mrs. Jack Wilkinson, treasurer, at No. 765; or Mrs. W. A. Hoyer II, corresponding secretary of the league, at No. 2681-7.

Hearing On Zone Changes Moved To County Courthouse

The district courtroom in the Midland County Courthouse will be the scene of the hearing on three proposed zoning ordinance changes at 7:30 p. m. Tuesday.

City Secretary J. C. Hudman announced. A regular meeting of the City Council will follow the hearing.

The meeting place was changed from the council chamber in the City Hall because of the large attendance expected at the hearing, which involves proposed changes in zone classifications.

The areas involved are on North Baird Street, 2100 Block of West Wall Street, and 100 and 200 blocks of North A Street. Property owners within 200 feet of the affected areas have been advised of the hearing, Hudman said.

Several matters of importance are scheduled for discussion at the council meeting.

Walker May Play Against Longhorns

DALLAS —(AP)—Doak Walker, Southern Methodist's flu-ridden football star, may be discharged from the hospital Wednesday, his physician said Tuesday.

Matty Bell, SMU coach, said he is not banking too strongly on Walker's return to the lineup in time for Southern Methodist's Southwest Conference game Saturday with the University of Texas.

Whether Walker will play depends on how rapidly he regains his strength, Bell said. Even if he is available for play Saturday, he will be used "sparingly," Bell said.

Civil Damage Suit Goes Into Second Day

Hearing of testimony in a civil damage suit was continuing Tuesday in 70th District Court here.

Selection of a jury was completed Monday morning and the afternoon session was devoted to testimony.

A. B. Cole, Jr., is plaintiff in the suit and David L. Harmon is defendant.

Direct Talks By Principals Get Nowhere

WASHINGTON —(AP)—The government's top labor troubleshooter, Cyrus S. Ching, carried a direct report to the White House Tuesday on the deadlocked coal and steel strikes.

His report of lack of progress toward settling either of the economy-damaging walkouts may prompt a revision of Administration strategy in dealing with the crisis.

Until now President Truman has given Ching a free hand in trying to wangle agreements. Neither management nor labor in the twin disputes seems to have yielded in any respect from their positions.

So Truman faced a decision of taking a personal hand or asking Ching to try again. The President could put Taft-Hartley Law emergency provisions into motion, with their eventual strike-ending court injunctions. Or he could make a personal appeal to the parties, or summon them to the White House.

Ching suspended his talks with the U. S. Steel Corporation in New York Monday night and returned here. From all reports, the meetings had gotten nowhere after more than a week. Ching asked U. S. Steel officials to remain in New York, however, for possible further talks later.

Little Progress Seen

One informed government official said little progress in steel or coal negotiations can be expected as long as Truman's policy is undecided.

Doctors found it and fought it. But their, and her own, gallant fight for life ended in the early morning hours of Tuesday.

Three in November

Wanda would have been three years old November 24.

Her story was told to the public in a Reporter-Telegram news story recently. It resulted in a literal shower of money to help her. Kind-hearted persons from Midland, Pecos, Kermit and other West Texas cities contributed \$1,087.88. They sent in pennies, dimes and dollars in a free-will campaign to help the little girl.

Her grandparents, who kept her, had gone deeply in debt to provide medical care. The contributions helped to relieve the press of increasing indebtedness. They provided money for badly-needed treatments.

The rally of persons who didn't even know the little girl—to help her—was heart-warming. The deep gratitude of the grandparents was expressed.

Generous West Texans

It was the story of generous West Texans told again in their response to the aid of a little girl in her fight for precious life. That she did not make it, did not dim the brightness of the spirit of brotherly love, among us.

Funeral services will be held at 2:30 p. m. Wednesday in Ellis Funeral Home Chapel with J. Woodie Hollen, Minister of the North Side Church of Christ, officiating. Interment will be in Resthaven Memorial Park here.

Survivors include the father, Herman Nasworth of Hart, Texas; the mother, Mrs. Mary Lucille Howard of Tulsa, Okla.; maternal grandparents, Mr. and Mrs. Fred Osborn of Midland, and paternal grandparents, Mr. and Mrs. H. D. Nazworth of Friona, Texas.

Middle-Aged Farmer Wounds 10 Persons, Then Kills Himself

WATERFORD, MICH. —(AP)—A crazed, middle-aged farmer shot up two taverns Monday night, then killed himself after wounding ten persons.

On a mad spree with a shotgun, Joe Runyon, 57, terrorized this sleepy little resort village in a be-guiling farewell to the world.

Two of his victims, both women, were wounded critically.

Tramping back and forth across a street, Runyon fired seven or eight charges from a 12-gauge shotgun through windows of the two taverns, witnesses said.

At the end of a violent 10 or 12 minutes, he walked a short distance up the street and fired a final charge through his own chest.

This was the last in a series of rapid reloadings. Runyon's gun was a single-shot weapon.

Reported in critical condition Tuesday at Pontiac General Hospital were Mrs. Irene Zurawski, 35, and her mother-in-law, Mrs. Helen Paculik, 50.

Former Auto Worker

It was at the Zurawski family's small bar that Runyon made one attack.

Six persons were wounded there and another four at the bar of the Waterloo Hotel across the street before Runyon shambled away to kill himself.

The shootings recalled the recent Camden, N. J., mass killing of 13 persons by Howard Unruh, young former service man who later was found insane.

Runyon, a former auto factory worker in nearby Pontiac, lived alone on a farm he was said to have bought a year ago.

At his tidy farm house was found a note saying: "Take over Joe. Dad's quit work. (Obscenity) 'em all."

Assistant Oakland County Prosecutor George Taylor said the note apparently was meant for Runyon's son, Joe, Jr., a Pontiac resident.

Midland's Tiny Tot Pronounced Perfect At Dallas Hospital

DALLAS —(AP)—A two-month-old incubator baby was just fine in a Dallas hospital Tuesday after a plane ride from Midland.

Hospital authorities said they did not know why the baby was sent here. There wasn't a thing wrong with the child.

The parents are Mr. and Mrs. Ramon Porro, tenant farmers who live near Midland. The baby weighed one pound, 12 ounces at birth in a Midland hospital and weighed in here at four pounds, nine ounces.

### Former Delta Sheriff Sentenced to Serve Five Years in Prison

GREENVILLE, TEXAS.—(P)—Former Delta County Sheriff Nolan Maynard was sentenced to five years in prison Monday night for the murder of Dorothy Palmer of Cooper.

Maynard's attorney said he would file a motion for a new trial. If that is denied, W. H. Crunk said, he will appeal the sentence.

The jury received the case shortly before 7 p. m. and returned its verdict shortly before 10 p. m.

Miss Palmer, 22, was shot to death on May 26, 1948. Maynard testified Saturday she shot herself with his pistol as they rode in his car between Cooper and Sulphur Springs.

The cars of the Eurasian long-eared bat are almost as long as its body, according to the Encyclopedia Britannica.

#### Youngsters Get Big Bang Out Of 'Hopalong's Parade'

By ERSKINE JOHNSON

HOLLYWOOD—I've covered a lot of parades but I'll never forget the one Bill Boyd led in Glendale, kicking off the Community Chest drive there. There were bands, tanks and pretty girls, but 50,000 kids focused their attention on one man—Hopalong Cassidy. I asked one little boy how he liked the parade. He replied: "What parade?" Several new movies with 1920 backgrounds are giving Hollywood fashion designers quiet chuckles. Fashions then were just about the same as they are today.

Sterling Hayden, who made his film debut as a blond Adonis, will become a tough gunman for M-G-M's "Asphalt Jungle."

Look out, Errol! Vaughn Monroe, the radio warbler turned movie cowboy for "Singing Guns," will be brave, too. The script says he wins five fist fights, rescues some trapped miners in a blazing mine shaft and rides 78 miles on horseback. To the tune of "Ballarina" or "I Said It Again?"

Charley Ruggles will be the first film star on a regular weekly TV show from Hollywood. He'll star in a family comedy series for ABC. Gary Cooper gets both Pat Neal and Lauren Bacall as his leading ladies in "Bright Leaf." It's a tobacco plantation story... That stunt of having a seal swim the English channel cost Ralph Edwards \$400... Sight of the week: Keenan Wynn and his blonde wife arriving at the Beverly Tropics on separate motorcycles!

### Taft Advocates Monroe Doctrine For West Europe

TOLEDO, OHIO.—(P)—Senator Robert A. Taft believes the United States should make clear to Russia that if she attacks Western Europe "she will find herself at war with us."  
The Ohio Republican senator, who addressed the United World Federalists here Tuesday, made that proposal in a speech Monday night before the Toledo United Nations Association.  
"This, he said, would amount to a Monroe Doctrine for Western Europe and would be far more effective than the Atlantic Pact, which arms other nations."  
The Monroe Doctrine, one of the United States' main foreign policies in the Nineteenth Century, warned Europe that war against South America would mean war against America.

### Lawsuits To Enforce Statute Requiring School Fire Escapes

AUSTIN.—(P)—Texas school children are going to have fire escapes even if the state has to go to court to get them.  
State Fire Insurance Commissioner Paul H. Brown announced at the opening session of a fire instructors conference here Tuesday that the state will file mandamus suits against school boards which refuse to build fire escapes in compliance with the law.  
Letters have been sent to school boards all over the state reminding them the law requires the safety device on all school buildings more than one story high.  
Brown said all but a few boards have promised to comply with the law.

**Make This Home Recipe To Take Off Ugly Fat**

It's simple, it's amazing, how quickly one may lose pounds of bulky, unattractive fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugist and ask for four ounces of liquid Baracenate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two table-spoonfuls twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose bulky fat and help you remain slender, more graceful curves; if you lose pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back.

Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly blood disappears—how much better you feel. More alive, youthful appearing and active.

**10 pounds lost in 10 days**  
Mrs. M. C. Britton, 306 W. Wildwood, San Antonio, Texas, writes us as follows: "I am a faithful user of Baracenate. I had dieted for weeks without your product and needed so badly to lose 10 pounds, so I started using Baracenate and my worry was over for I lost the 10 pounds in 10 days. I now weigh 145 pounds."

"I eat most anything I want and hold my same weight."

The "House of Abounding Grace" in Seoul, Korea, was discussed by Mrs. Carmel Pirtle, "Northern Korea" by Mrs. Clyde Gwyn and the principal college in Korea by Mrs. C. W. Hollman.

Mrs. Moore reported on the Methodist-supported Hospital in Alaska and Mrs. Edith Wyatt on the Harrison Memorial Hospital in Japan.

Mrs. Moore also gave the scripture lesson.

Others attending were Mrs. George Damon, Mrs. John Henderson, Mrs. J. T. Pollard, Mrs. Katy Williams and Mrs. Preston Pirtle.

At its next meeting Monday, the WSCS will be host to the Midland Council of Church Women, who will observe World Community Day with a "Pieces for Peace" program and by sending bundles of materials to Europe.

**Club Competition Is New Feature Of Fall Flower Show**  
An added feature in this year's Fall Flower Show sponsored by the garden clubs of Midland on November 2 will be inter-club competition in flower arrangements as well as the individual competition in cultural and arrangement divisions.

Each of the six adult garden clubs here is to arrange a table suitable for a Thanksgiving dinner. Committees to prepare these entries are being appointed from the Perennial, Pyraantha, Seneca, Midland, Yucca and Tejas Garden Clubs.

Mrs. Sam Preston has been named to be in charge of the table decoration for the Tejas Club, assisted by Mrs. W. M. Ford and Mrs. C. A. Henderson. The Yucca Club table will be arranged by Mrs. Joe Koehler and Mrs. Ralph Lowe.

Open To Public

The tables, as well as other arrangements in the show, will be in keeping with the theme, "Fall Flower Harvest." The show will be staged in the City-County Auditorium. Entries will be made and judging completed in the morning, and it will be open to the public in the afternoon and night.

The staging committee, with Mrs. Charles Sherwood as chairman, is making its plans after a recent meeting which was attended also by Mrs. Winston Hull, general chairman; Mrs. Vann Ligon, judging chairman; Mrs. Roy Minear, education chairman; Mrs. Charles Henderson, classification chairman, and Mrs. Zeb Wilkins, representing the decoration committee.

**Birthdays Honored By Club At Crane**  
CRANE—Mrs. Jewel Mulvey was hostess to the Friendship Club in the Clyde Orr home recently. Birthdays of three members, Mrs. Quay Clark, Mrs. P. O. Vines and Mrs. Alvin Titus, were celebrated and gifts presented. In games of 42, Mrs. Vines scored high, Mrs. Clark received the traveling prize and Mrs. W. D. Gooch consolation.

Others attending were Mrs. A. B. Earp, Mrs. Marion Clancy, Mrs. Anice Green, Mrs. Vida Green, Mrs. W. G. Slator, Mrs. M. E. Lear and Mrs. Orr.

**ON OIL AND GAS LAW**  
A new book in the Midland County Library is titled "Proceedings of the First Annual Institute on Oil and Gas Law and Taxation as It Affects the Oil and Gas Industry," Mrs. Lucile Carroll, librarian, announces.

Basis of the book is the four lectures presented at a meeting last March of the Southwestern Legal Foundation in cooperation with the Southern Methodist University School of Law. The original lectures have been expanded by the authors to make the book more complete.

Nourse's Warning

Edwin G. Nourse, chairman of the President's Economic Advisory Council, has spoken his mind in a fashion which ought to command the attention of all Americans.

Nourse criticized industrial management for not trying harder to cut prices in the national interest.

Farm, labor and other groups came in for censure for squeezing the U. S. economy in their own special interests.

Nourse quickly was assailed by Senator O'Mahoney, Wyoming Democrat, for making what he called "merely a political argument against progressive policy."

We find it increasingly tiresome that those who do not understand the relation between productive wealth and security should see fit to attack as unprogressive everyone who does appreciate the connection.

We are approaching the time when elections will become contests to reward the party which provides or promises the greatest favors to the greatest number of pressure groups.

For the genuine welfare of America's citizens, that time had better not come. We ought rather to heed Nourse's advice.

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

(Copyright, 1949, By The Bell Syndicate, Inc.) Drew Pearson says: Vice President Barkley may "spend some time" in Missouri; John L. Lewis' chickens hatched recent coal-steel strikes; General Bradley scolds senators.

WASHINGTON—Still coy about his St. Louis romance, Vice President Barkley blushing admitted to the Senate before adjourning that he "may" spend some time in Missouri instead of heading right back to Kentucky.

The question was brought up by Missouri's usually humdrum Senator Forrest Donnell after a fellow Republican, Senator Wayne Morse of Oregon, assured that the vice president would be welcome in his state any time—even if he is a Democrat.

With a twinkle in his eye, Donnell broke in: "I should like to invite the vice president most graciously to visit Missouri occasionally."

"The present occupant of the chair appreciates that invitation, and in view of its sincerity, the chair may accept it," smiled Barkley.

"I will say to the vice president that I was quite confident that he would, when I extended the invitation," replied Donnell.

"The chair would like to state," replied the vice president, "that if he does accept the invitation, it will not be in his capacity as vice president of the United States."

Social Situations

SITUATION: You invite a friend who lives in another city to visit you.

WRONG WAY: Be vague about just what time you want the friend to come and how long you want him to stay.

RIGHT WAY: Invite him for a definite period of time—such as a week or a weekend—and suggest a date that is satisfactory to you.

Questions and Answers

Q—Which are the three leading coal-producing states? A—The states of West Virginia, Pennsylvania and Kentucky lead in coal production.

Q—What peace treaties have been completed since the end of World War II? A—The Italian, Hungarian, Rumanian, Bulgarian and Finnish peace treaties have been signed.

Q—How long have bells been used on churches? A—The first bell to be used atop a church is believed to have been placed by the Bishop of Nola about 400 A.D.

Q—Where do most of the migratory birds winter in the United States? A—During the Winter months 85 per cent of the migratory birds remaining in the United States stay in a strip bordering the Atlantic Ocean and the Gulf of Mexico and north up the Mississippi or on the West Coast from Puget Sound southward into California.

Q—Which of our presidents belonged to the political party known as the Whigs? A—William Henry Harrison, John Tyler, Zachary Taylor and Millard Fillmore. The Whigs were more of a coalition than a party.

So they say Take it from me, these people are determined to improve their productivity. They are working hard not only to earn their way by day, but also to build for the future.

I hope the Republicans now will develop party principles so that even a person as dumb as I will be able to tell the difference between the Republican and Democratic Parties.

In the long run, the atomic bomb may prove a blessing in disguise by literally forcing us to outlaw war. A well-founded fear of the bomb may prove to be its greatest ultimate boon.

## Square Dance Group Entertains Guests

## Presbyterian Women Present Gifts For Nursery In Church

A shower for the nursery was held after the First Presbyterian Women of the Church met in a general session Monday afternoon in the church.

Mrs. J. C. Hall conducted the short business session and Mrs. J. A. Matthews, secretary of assemblies home missions, was in charge of the program. Her topic was "A Responsible Society" and she read from Second Peter and Second Corinthians for the devotional.

As part of the program, Mrs. William Y. Penn spoke on citizenship and Mrs. Ernest Sidwell on cooperation between church and school. Mrs. A. P. Shurey centered her talk on the thought that through a spiritual life we can make our society a more responsible one.

Mrs. R. L. Foulks was a guest of the group and spoke on family worship.

Mrs. J. J. Travis, Mrs. W. N. Little and Mrs. H. C. Hood were hostesses to the 50 women who attended and served tea in the women's parlor.

## Officers For Baptist WMU Are Installed

An installation service for officers of the Woman's Missionary Union was held Monday afternoon at a meeting in the First Baptist Church.

Mrs. George Johnson was installed as president, succeeding Mrs. J. E. McCain. Mrs. Charles Mathews is the new recording secretary, Mrs. Billie Gilbert, the corresponding secretary and Mrs. Noel Cason, young people's secretary.

Also meeting Monday in the church were the Sunbeam Bands and the Girls' Auxiliary groups.

The Jovelina GA's studied "Standards of Excellence." Present were Lallajo Wright, Harriett Yearby, Mary Louise Erskine, Eloise Conger, Jane Rae Neill and Retta Jo Gunter.

The Rachael Fong GA's studied "Christ Is the Answer to Modern Life" with Roberta Donnell, Patricia Gilbert, Rozanne Yearoy and Gall Peters taking part in the program.

Others attending were Mary Jane Cox, Georgia Marshall and Margie Gunter.

## Office Changes Made In WSCS Business Hour

Resignation of Mrs. O. M. Lutan as president of the First Methodist Woman's Society of Christian Service was received at a business meeting in the church Monday afternoon, following a morning and an afternoon program in observance of the annual week of prayer and self-denial.

Mrs. Lutan, who was injured recently in an automobile accident at Henryetta, Okla., has recovered sufficiently to go to Bonham, where she plans to live. To replace her, the nominating committee of which Mrs. Joe Birdwell is chairman will name a candidate to present for vote of the society in its November general meeting.

Mrs. Ray Seiter's resignation as chairman of literature and publications was accepted, and Mrs. W. F. Shafer was named to serve in that office. Mrs. E. A. Crisman, vice president, was in charge of the business meeting.

The WSCS district, WSCS president, announced the district meeting in Lamesa, scheduled November 3.

Mrs. B. F. Haag directed the week of prayer programs and acted as leader for the morning program. The subject was "The Work That I Do," and discussions were of institutions to which Methodist women are contributing this week.

Mrs. Stacy Allen told of work in the Maynard-Columbus Hospital at Nome, Alaska; Mrs. Fred Promhold of the new Wesley House in Knoxville, Tenn.; and Mrs. Shafer of Hiroshima College. Mrs. Howard Holloway read the Bible lesson; Mrs. Sam Preston was song leader, and Mrs. W. F. Prothro pianist.

For the afternoon program, Mrs. W. E. Chapman was leader. Mrs. Dell Taylor spoke of a dormitory in Manila, Mrs. Bob Baker and Mrs. John Tice of social centers in Korea.

Mrs. C. H. Shepard was at the guest book where approximately 50 women registered. The Bell Bennett Circle served refreshments, directed by Mrs. J. L. Tidwell.

Kate Oates and Irene Nix Circles of the WSCS met Monday night and continued study series.

Tom L. Ingram spoke on customs and life in Japan at the Kate Oates meeting in the home of Mrs. Dell Taylor with Mrs. Norman Dawson as hostess. Ingram showed souvenirs that he got in Japan including a kimono, several ivory figurines, pieces of silk and pictures he took there.

Mrs. Jack Fleider opened the meeting with prayer and Mrs. Clarence Cardwell gave the devotional. Mrs. W. H. Harrison read a collection of Japanese poems from the book "Land of Dawn," and Mrs. Russell Lynn gave the closing prayer.

During the business meeting the group decided to give to the Community Chest.

Others attending were Mrs. O. B. Jackson, Mrs. John C. Luccous, Jr., Mrs. N. N. Wakefield, Mrs. Arvid Augustson, Mrs. Paul H. Bowman, Mrs. Tom Cowan, Mrs. Hugh Bliss, Mrs. Bernice Seeger, Mrs. H. E. Carver, Jr., Mrs. Don Moore, Mrs. Harold Webb and Mrs. Ingram.

Mrs. Charles McDonald was hostess to the Irene Nix group in the Scharbauer Educational Building. Mrs. W. E. Nance gave the devotional and Mrs. Edwin C. Hall the second chapter from "Missions at the Grass Roots," the current study book.

A skit from the book was also part of the program with Mrs. Glenn Richers, Mrs. Ralph McClesky, Mrs. John Tice and Mrs. Jeff Montgomery taking part.

Others present were Mrs. A. V. Johnson, Jr., Mrs. Billy C. Johnson, Mrs. W. M. Johnson, Mrs. R. F. Frantz, Mrs. Lloyd Campbell and Mrs. J. C. Mays, Jr.

## Starting Time Set For P-TA Carnival At South Elementary

Final plans for the Halloween Carnival, which will begin at 6:30 p.m. Monday, were made at a meeting of the South Elementary Parent-Teacher Association room mothers Monday afternoon in the school auditorium.

Mrs. Vinton Newberry, carnival chairman, was in charge of the group of 50 mothers that attended.

Locations for the booths were assigned and are as follows: movie—room 102, bingo—room 108, museum—room 107, fortune telling—room east of the office, beauty shop—east stage room, kitchen—caterer, cake walk—stage, and fish pond, snack bar, grab bag, novelty stand, country store, and king and queen—auditorium.

The king and queen contest will end at 9 p.m. and the coronation will be held shortly afterward on the stage.

## Had RHEUMATISM So BAD That He Had To Quit Working

Mr. Jerry Watkins, chief of detectives of the city of Hot Springs, Arkansas, suffered with rheumatism so much and the aches and pains were so terrible that he had to quit working in an effort to regain his health after he had tried everything which his friends recommended.

Detective Watkins is well known and his countless number of friends throughout the country will rejoice to know that he is now healthy, free of rheumatic aches and pains and now working hard.

So, it matters not where you live—no matter who you are—if you have tried all the medicines under the sun, you should be fair to yourself and give this wonderful preparation, HADACOL, a trial. And if your disease is caused by a lack of the B vitamins and minerals which HADACOL contains, then don't go on suffering—don't continue to make your life so miserable. Temporary relief for you is not enough. Take HADACOL. Sold at all leading drugstores. Trial size only \$1.25, but save money; buy the large family economy size, only \$3.50. If your drugstore does not handle HADACOL, order direct from The Le Blanc Corporation, Lafayette, La., and when the postman brings your package, just pay the amount plus the c.o.d. and postage. If you remit with the order we will pay the postage.

Then, if you don't feel perfectly satisfied after using HADACOL as directed, just return the empty carton and your money will be cheerfully refunded. Nothing could be fairer.—Adv.

## Working From 8 to 12 hours daily and I am able to sleep as any normal person. I have taken six large size bottles of HADACOL and all my friends know I owe my good health to HADACOL.

Mr. Watkins is one of the many thousands of people who suffered from a deficiency of the B vitamins and the minerals that HADACOL contains and who, therefore, found relief in HADACOL.

It is a well-known scientific fact that the lack of only a small amount of the B vitamins and certain minerals in your system will cause certain bodily disorders such as nutritional neuritis, which causes the aches and pains commonly known as rheumatism, and there is no known cure for the ailment except the administration of the needed vitamins and minerals. This is why people who suffered for years and years never were able to obtain any relief until they took the vitamins and minerals the lack of which was causing the disorders.

HADACOL does not contain only one but has five of the B vitamins and four necessary minerals. It comes to you in liquid form so that it will be easily absorbed by the blood and, therefore, carried to the parts of the body which need them most.

Trinity Episcopal Holy Communion will be at 10 a.m. in the church.

By the time the Longhorn League directors got together in Abilene Sunday, most of them apparently forgot about the Cuban situation in the league. The subject was brought up one time by Harold Webb and was dropped quickly. We had expected the subject would be one of the major topics for discussion.

The only action taken of much importance was the raising of the class man limit to three.

Some clubs, including Roswell, wanted four class men and it even was mentioned that six could be used.

Webb came up with the three-man idea as a sort of compromise and it was voted in.

Roswell wasn't well pleased with just three but raised no opposition when the other member clubs voted for it.

All clubs in the league showed interest in swapping Roswell for Abilene. And Roswell was ready for the swap.

Abilene's representatives never did say definitely it would come into the league.

They did say Abilene would not be interested in joining the Longhorn if it remained a Class D loop.

That put an end to the matter pretty quick.

At least two clubs—Ballinger and Sweetwater—said they could not field a Class C team.

So, if the classification had been raised it more than likely would have caused the withdrawal of the two teams.

It was decided to leave everything just as it is for the present.

Harry Faulkner, general manager of the Lubbock club in the West Texas-New Mexico League, opposed Roswell making the swap. He said he didn't feel that it would do anything but weaken the WT-NM.

Bob Huntley has offered his ball club for sale in Vernon for \$32,000.

A group of citizens from Vernon representing those interested in purchasing the club, were present.

In a nut shell, all they wanted was for the league to appraise the Vernon club. They think Huntley is asking too much.

If the club doesn't sell, Huntley more than likely will move it.

Bill Gwyn of San Angelo was elected to the vice president's post.

He got the job before he knew it.

Hal Sayles was reelected president by a unanimous vote of the directors.

Troy Kegans is to be retained for the present as secretary and league statistician.

The matter of Sunday baseball was discussed. Some clubs want to play it at night while others favor the afternoon games.

It was voted to leave the matter up to each individual club.

Roswell reported Sunday night baseball had increased attendance at Sunday games more than 80 per cent.

The matter of broadcasting came up but was shelved with no action taken.

The rule requiring a \$25 forfeit to accompany all protests was voted out.

Sayles is setting up a new plan for umpires through which it is expected better umpiring will be gained. Salaries, among other things, are to be raised.

An effort to hire more experienced arbiters next season will be made.

That's just about the way the meeting went. The same ball used last season will be used again in 1950.

Aside from the business end of the meeting, there were a few interesting notes.

Bill Gwyn said San Angelo would be in favor of having 16 class men if that's what it's going to take to beat Big Spring.

Cy Fawcett represented the Sweetwater club and shed much light on several subjects. He has been operating a club several years and knows the ins and outs of minor league baseball. He got a lesson to the tune of about a \$10,000 loss in Sweetwater last season.

We learned one thing for sure. Look out for Roswell in 1950. Forsey Allen and Bob Cross both are gone and we wouldn't be surprised to see Big Tom Jordan at the helm of the Rockets next season.

Bill James and Larry Gilchrist are running the club. They aren't wasting any time in the off season.

If ball players are to be had, they'll get 'em.

**Joe Kirkwood Slated In Trick Show Here**

Joe Kirkwood, Sr., nationally famous trick shot golfer is scheduled to appear at Midland Country Club Friday.

Kirkwood will play a nine-hole exhibition round, starting at 2:30 p.m., and will follow it with his trick show.

All club members will be admitted free. The show is open to the public. Non-members will be admitted for \$1 and all proceeds will be donated to the Community Chest.

**Showdown Games Do Weekend Class A Grid Race**

By The Associated Press

Showdown games are scheduled this week for several districts in Texas' vast Class A high school football race.

Dalhart meets Hereford in what may well be the championship game of District One.

New Braunfels plays Gonzales for the top spot in District 24.

Kermit faces a tough foe in Monahans, defending state champion but not a contender this year in District Five.

Grand Saline and Wills Point get together with the winner a big favorite to win in District 18.

There are plenty of other crucial games as the Single A clubs move toward the stretch of the 1949 season.

Dalhart last week knocked off Phillips 39-20 in a battle of undefeated, untied teams. Hereford, another club with a perfect record, roared over Perryton 32-0.

Lefors and McLean, District 20 leaders, both are in action this week. Lefors, undefeated, untied, plays Clarendon while McLean meets Memphis. Last week, Lefors had to score twice in the fourth quarter to beat Tulla of 3-A 20-12.

Floydada gets a new lease on life in District Three, thanks to an inept ruling that wiped out its only loss. It leads the district, even though tied by Matador 12-13 last week.

Sudan and Littlefield appear heading for a showdown in the north zone of District Four. Sudan beat Morton 32-13 last week as Littlefield rested.

In the south zone of this district, Head and Post are tied for the lead.

Kermit, 20-7 victor over Seminole, needs but two more victories to wrap up the District Five title.

Mount Vernon, which has scored 311 points to 38 for the opposition, is an easy favorite in District 15.

Leverett's Chapel is on top of big District 16, though it had a narrow squeak with New London last week, winning 2-0.

Robert Spears, plunging fullback for Yale, is the son of Clarence (Doc) Spears, former football coach at Wisconsin, Minnesota, Oregon and West Virginia.

**TCU Gridders Set Pace In Southwest Statistics**

By HAROLD V. RATLIFF

DALLAS—(AP)—Texas Christian may not win the Southwest Conference football championship—in fact, no one figures it will—but the Horned Frogs did fair to sweep by most of the individual titles.

Frog gridders lead in four departments and also show a third place in one of those. In another department they have a second.

There are only six statistical championships.

The Frogs lead in the offensive departments only, however. When it comes to stopping the opposition, TCU just tries to outscore them.

After the TCU 33-27 victory over Mississippi last week, Coach Dutch Meyer remarked: "It looks like football is all offense and no defense these days."

Berry is Busiest

Anyway, Lindy Berry is the busiest Horned Frog of them all—the busiest player in the conference.

The Christian quarterback leads in both passing and total offense. He has rolled up 1,032 yards in the air and 131 on the ground for a total of 1,163 on 211 plays.

Dan Wilde of Texas Christian leads in punt returns with an average of 22 on five runs while Berry is third with 18.6 on 11 carries. Rex Proctor of Rice is second with 20.2 on seven returns.

Morris Bailey, Texas Christian end, is the leader in pass receiving, taking 28 throws for 412 yards.

Wilde is second in punting with a 39.1 average on 18 kicks.

The only department in which TCU fails to figure is ball-carrying, where Bob Smith of Texas A&M is the leader with 410 yards on 86 runs. Leon Campbell of Arkansas is

second with 384 on 44 carries and Gordon Wyatt of Rice is third with 378 on 65 rushes.

Paul Campbell of Texas is second to Berry in passing. Berry, in getting his 1,032 yards, has tried 142 and completed 79. He has passed for eight touchdowns. Campbell has attempted 106 and connected on 55 for 881 yards and four touchdowns.

Adrian Burk, Baylor's sure-shot, has attempted 89 and completed 58 for 877 yards and eight touchdowns. He ranks third.

Behind Bailey in pass-receiving is Ben Proctor of Texas with 21 catches for 373 yards. J. D. Ison of Baylor is third with 24 snafes for 260 yards.

Paul Campbell is second in total offense with 803 yards on 121 plays. He's 390 yards behind Berry in this department.

Team offense goes to Texas with 2,466 yards in six games—an average of 411. Rice is second with 344 average in five games. Texas also is the defensive leader, giving up only 218 yards per game. Baylor is second, allowing 220.

**Bulldogs Go Through Offensive Session In Mud; Look At Odessa Plays On Blackboard**

The Midland Bulldogs splashed through an hour and a half of offensive drills at Memorial Stadium Monday afternoon and followed with a lengthy blackboard session in the field house. Coach Tugboat Jones was the ring master for both sessions.

The offense displayed, even on the muddy field, looked better than it has since the Plainview game.

Jack Burris and L. C. Thomas, two of the key men in the backfield, took their steps better and handled the ball nicely.

The offensive blocking of Dalton Byerley and Jackie Mobley, guards, was better.

Ralph Brooks handled his assignments well. He did some passing and broke away for good yardage on ground plays.

Look At Odessa Plays

The first good look at Odessa plays was given the team in the clubhouse session.

Coach Jones diagramed more than a dozen Broncho offensive patterns on the blackboard. He pic-

tured a possible defense for each play, pointing out to each player his assignment.

Scouting dope on the Odessa backs and ends was given.

The first round of defense against the Odessa offense was scheduled Tuesday. Scouts say the Bronchos have used a double wing, straight-T and split-T in games this season.

The cast has been removed from Bob Wood's hand and he is wearing a special glove for protection now. He is expected to be ready for a starting berth against the Bronchos.

Charles Overend is nursing a leg injury, but it is not expected to keep him out of battle, if he is needed.

**Lubbock Westerners Top Schoolboy Poll**

DALLAS—(AP)—Lubbock has replaced Fort Arthur as Texas' top high school football team.

Sportswriters participating in the Dallas News' weekly poll gave the Westerners a four-point margin over Fort Arthur, No. 1 for many weeks.

Both the top two teams are undefeated and untied. So is Wichita Falls, in third; Corsicana and Henderson, fourth and fifth. Baytown, Grand Prairie, Highland Park (Dallas), Abilene and Austin round out the top ten teams.

### Midlanders Included As Officers In New Odessa Church Group

Members from Midland are included among officers chosen for the American Lutheran Church at Odessa, which completed its organization Sunday. The congregation has been meeting since September 11 and services are held in Odessa's San Jacinto Elementary School, with the Rev. John G. Kueste, S.T.M., as pastor.

Ralph Evans, Ben J. Krueger and O. F. Sebasta of Midland were chosen as deacons with A. D. Austin and R. J. MacLean of Odessa. Charles Luther Fisher of Odessa was elected president.

The congregation adopted the constitution recommended by the American Lutheran Church and officially is a member of the Texas District of the American Lutheran Church, which is affiliated with the National Lutheran Council.

### Mustangs Win Hard-Fought Battle

The Southern Methodist University Mustangs, playing without the help of All-American Doak Walker, played a hard-fought game against Kentucky in the Cotton Bowl at Dallas. One of the reasons for their 20-7 victory was the excellent pass defense they set up. Here, in their anxiety to break up a Kentucky pass, No. 41, Frank Payne, and No. 84, Bobby Folsom, crash into each other. No. 80, Ben Zaranka, Kentucky, can't quite reach the ball however, and the pass falls incomplete.

### Baylor Joins Rice In AP's Best Ten

NEW YORK—(AP)—Four Southwest Conference teams are rated in the top 20 of the nation in the fourth weekly Associated Press poll.

Rice and Baylor were voted among the 10 best, Southern Methodist and Texas in the second 10.

Notre Dame, Army and Oklahoma rate 1, 2, 3 in the opinion of participating sports writers. California is fourth.

Rice grabbed the No. 5 spot with its last-minute 17-15 win over Texas. The writers gave the Houston club 468 votes.

Baylor blanked Texas A&M to enter the top 10 ranks with 261 points. Southern Methodist, which upset favored Kentucky 20-7, was ranked eleventh, scoring 148 points. Texas dropped from tenth to nineteenth with 81 points.

120 Ptek Army

Only three of last week's top 10 retained the same places in the latest voting participated in by 143 sports writers and broadcasters. Notre Dame and Army remained first and second and Cornell stayed in eighth position.

The Irish received 120 of the first place votes to hold the top spot for a third straight week. Army drew only 12 and Oklahoma 10. Notre Dame had 1,387 points, compared to Army's 1,218 and Oklahoma's 1,143. Army, of course, received many second-place votes following its 63-6 slaughter of Columbia.

Back of the three current leaders come California, Rice, Michigan, Minnesota, Cornell, Pennsylvania and Baylor.

### Moanin' Matty Sets Pitch As Southwest Mentors Sing Blues

By WILBUR MARTIN Associated Press Staff

Southwest Conference coaches were as gloomy as the weather Tuesday.

They ticked off the names of injured players and the strength of opponents this week in a most unhappy manner.

Southern Methodist University Coach Matty Bell reported Quarterback Frank Payne has a broken finger.

"We are really in a fix," he declared. "Doak Walker still is in a hospital and won't play against Texas and now my passer has a broken finger. How are we going to stop that bunch? My scouts tell me Texas has a better team than Rice and should have won Saturday. You know what Rice did to us."

Bell said Payne would be able to play Saturday against Texas but obviously will be handicapped. He had no hope that Walker, hospitalized with the flu, would be able to get into the game.

Texas Coach Blair Cherry said he needed better kicking and that an effort to secure same would be made this week. "Our punting got us into trouble in our last two games," he said.

Owls Nerve Injuries

Jack Gray, chief scout for the Longhorns, told the players Monday that SMU "is just as good as last year, if not better, with Doak Walker in the lineup."

Jess Neely, whose Rice team already has looked what were considered the two toughest clubs on his schedule, gave his regulars a day of rest. He did this after looking over this injury list:

Van Ballard, right halfback, may be out for the rest of the season with a broken collarbone.

Gerald Weatherly, center and line backer, badly swollen ankle.

Carl Schwarz and S. J. Roberts, starting guards, nursing a sore knee and rib separation respectively.

Bill Howton, reserve end, swollen knee.

Rice plays Texas Tech in a non-conference game this week.

Baylor and A&M came out of their game with nothing more than a bunch of bruises. But neither Coach Bob Woodruff of Baylor or Harry Suteiler of A&M had any optimistic predictions for games this week.

**Frogs Boost Baylor**

Baylor plays Texas Christian University, the only team it has run against this year that does not use the T formation.

A&M plays Arkansas.

Arkansas had two first stringers out of action—Fullback Leon Campbell and End Frank Fashel—but no new injuries were reported.

### Halted T&P Trains To Resume Thursday

DALLAS—(AP)—Four Texas & Pacific passenger trains, halted since September 10 by the Missouri Pacific Railroad strike, will start running again Thursday. The trains operate east of Dallas.

The announcement came from R. C. Parker, assistant vice president in charge of operations. The 48-day-old MoPac strike ended Monday.

About 400 T&P employees idled by the strike will be called back on the job as traffic gets back to normal and the need for their services develops, Parker said.

# DADDY RINGTAIL

By WESLEY DAVIS

## Daddy Ringtail And Train Walker

Fatherman is the old, old man with long white whiskers who lives there in the Great Forest. All he can think about is feathers, feathers and more feathers, because he lives in a nest instead of a house. Now the Featherman has a brother who is a Train Track Walker.

Daddy Ringtail, your monkey friend, had never seen the Train Track Walker. He hadn't seen him at all, until one day, Daddy Ringtail was over on the other side of the river from the monkey house, looking for an adventure. Then he saw Tracker come walking along the railroad track. Daddy Ringtail sat down on the tracks to wait for him.

"Happy day there, Monkey Man!" Tracker said when he was near enough for Daddy Ringtail to hear him.

"My name is Daddy Ringtail," Daddy Ringtail said, and then he waited for Tracker to say who he was.

"It's no secret," Tracker said. "My name is Tracker, and I'm a Train Track Walker. I'm the only Train Track Walker that I ever heard about."

Well, of course, Daddy Ringtail wanted to know all about a Train

Track Walker—what they do and why, and all about them. And when you want to know about Train Track Walkers, who can tell you more than the one and only Train Track Walker whose name is Tracker? Nobody.

Tracker told the long, long story. He had been a Train Track Walker ever since he was a little boy. All his life he had walked along the railroad tracks, always

walking, walking walking on and away. That's what a Train Track Walker does. Tracker told Daddy Ringtail.

"But why do you do it? Why are you a Train Track Walker?" Daddy Ringtail wanted to know.

"Why do people do anything?" said Tracker. "Because they have to or because they want to." But Tracker smiled when he said it, and the smile seemed to say that he was a Train Track Walker because a Train Track Walker is what he wanted to be. He waved a happy goodbye, and away he walked down the train tracks, on with his business of Train Track Walking. Lucky fellow. Lucky fellow indeed to be so happy with the thing he is doing. Happy day!

## Electricity Protects Frozen Water Pipes

NEW YORK—(AP)—Electricity has stepped to the fore as a protector against frozen water pipes.

A special type heating cable has been developed which either can be wrapped around the pipe or buried along side it. Connected to a house lighting outlet, it holds the temperature in the vicinity of the pipe high enough to prevent freezing. Current consumption is low.

## Television Devotes Space To Westerns

LOS ANGELES—(AP)—Motion picture films are getting plenty of space on television.

For example, this community now with seven TV stations estimates that 700 westerns and features were transmitted within a single year.

Few late release films have been made available to television, however.

## Barbecue To Honor Midland Wranglers

Members of the Wranglers Club, membership division of the Midland Chamber of Commerce, will meet at 6 p.m. Tuesday at the Dunagan Farm south of Midland, where they will be the guests of R. D. (Bob) Scruggs at a barbecue and party.

Scruggs, president of the Chamber of Commerce, is entertaining the Wranglers as a result of their having obtained more than 105 new C. of C. memberships this year.

The affair also will honor DeWayne Davis, assistant manager of the Chamber, who is leaving Saturday for Tulsa to assume his new duties as manager of the Chamber of Commerce there.

Experts Say Atomic Death Radius Not Large As Pictured

MEXICO CITY (AP)—You do have a chance against the atomic bomb—if you are at least half a mile away from the explosion.

But from four miles in toward the center, the safety percentages drop off sharply. From a half-mile out to a mile inner circle, there will be almost complete destruction.

Bauer presented this report with Capt. John R. Hogness of the U. S. Army Medical Center Tuesday before the twelfth International Congress of Military Medicine and Pharmacy meeting here.

And what to do about a bomb attack? Bauer and Hogness recommend preparedness measures not much different from those for any other kind of bombing.

They also call for education and planning for an atomic emergency to prevent hysteria.

CRANE—Myrtle Kelson of Alpine underwent an emergency appendectomy here at Crane Memorial Hospital. His mother, Mrs. Buck Kelson lives in Crane. Mr. and Mrs. M. J. Jones of McCombs are parents of a son born October 21 in Crane Memorial Hospital. He weighed seven pounds, 15 1/2 ounces. Mrs. A. G. Moore, who recently was injured seriously in an automobile accident, has undergone corrective surgery. Mr. and Mrs. Kirk Moore of Wichita Falls were recent visitors in Crane when returning from a New Mexico trip. They visited the A. G. Moore family. Also a guest of the Moores was Mrs. R. P. Tooley of Henderson. Little Carolyn Moore has gone to Henderson with her aunt, Mrs. Tooley. She will remain there until her mother is out of the hospital.

DISCIPLES OF CHRIST OPEN CENTENNIAL MEET CINCINNATI—(P)—Representatives of the Disciples of Christ Church—the fifth largest Protestant body in America—opened their annual convention Tuesday in Cincinnati, where they met for the first time just 100 years ago. Approximately 8,000 persons, representing a church membership of 1,850,000, were expected.

**Pilot Admits Clark Death Crash Plane Carried Overload**

SANTA MONICA, CALIF.—(P)—Pilot James L. Hayter admits the plane was overloaded which he crash-landed on a busy Los Angeles boulevard and which cost the life of Crooner Buddy Clark. Hayter has been grounded since October 4, charged with reckless and careless flying in failing to carry sufficient fuel and carrying more than the allowable number of passengers. The two-engine aircraft crash-landed the night of October 1 en route back from Palo Alto, Calif., where Hayter and his five passengers had watched the Stanford-Michigan football game. Hayter told a Civil Aeronautics Administration hearing Monday that he calculated the plane was overloaded 390 pounds, but insisted it was not dangerous.

**Minimum Wage Bill To Add \$150,000,000 To South's Payrolls**

WASHINGTON—(P)—The new 75-cent minimum wage bill awaiting President Truman's signature may increase Southern payrolls as much as \$150,000,000 a year. Wage-Hour Administration officials estimate that half the 1,500,000 workers expected to get raises because their pay is below 75 cents an hour are located in the South and Southwest. They say approximately 570,000 of them are in eight Southern states—Tennessee, Virginia, the Carolinas, Georgia, Florida, Alabama and Mississippi. They estimate another 270,000 are in five Southwestern states—Texas, New Mexico, Oklahoma, Arkansas and Louisiana.

**Workman Heads Texas Used Auto Dealers**

HOUSTON—(P)—Legitimate used car dealers are victims of a false publicity, brought about by a few unscrupulous "fringe" operators, a Michigan dealer declares. Marvin McCollum, Detroit, president of the National Used Car Dealers Association, spoke Monday before the Texas branch. R. W. Workman of Lubbock was named president of the Texas association. Other officers include Claude Glasscock, Tyler, vice president; Damon Salter, Fort Worth, secretary-treasurer, and Carroll Dickerson, Abilene, Bill Southworth, Amarillo, and Vic Vickers, Houston, directors.

**Sandefer Elected Parks Board Chairman**

AUSTIN—(P)—The State Parks Board Tuesday had its first new chairman in six years. J. D. Sandefer, Jr., of Breckenridge was elected by the board Monday for a two-year term. Raymond L. Dillard of Mexia was elected vice chairman. The board presented J. V. Ash of Bastrop, who has been board chairman for the last six years and a board member for 12 years, a desk set as a memento of his long service.
