Czech Spy Charges Branded False

Two Accused Diplomats To Return Home

WASHINGTON—(AP)—Secretary of State Acheson said Wednesday spy charges brought by Czechoslovakia's Communist government against U. S. Embassy employes in Prague are "obviously trumped up."

He announced, however, that the United States had "acceded to the request" to withdraw two accused American diplomats and their assignments in Prague. He said the embassy is attempting to see a third American representative, who lacked diplomatic status and who was imprisoned Friday by the Czech government on spy charges.

Truman Signs Bill Raising Minimum Pay Rate To 75 Cents

WASHINGTON—(AP)—President Truman Wednesday signed legislation raising the minimum wage from 40 to 75 cents an hour and called it "a major victory" for his Administration.

In a statement, Truman expressed "regret" that the legislation exempts some workers who previously had been covered by the Fair Labor Standards Law.

"But the improvements made by the new law will go far toward achieving our basic purpose of assuring minimum labor standards necessary for health, efficiency and general well-being of workers."

"The enactment of the fair labor standards amendments of 1949 is a major victory in our fight to promote the general welfare of the people of the United States."

The President called labor leaders and others to the White House for the ceremony signing the measure.

The new pay "floor" for workers in interstate commerce becomes effective in 90 days.

Congressmen have estimated the 35-cent-an-hour increase in the minimum rate will hike the pay of up to 1,500,000 workers now getting less than 75 cents an hour.

At present about 22,600,000 workers are protected by the statute. The House voted to exclude about 1,005,000 of these, and the Senate only about 200,000.

The compromise worked out puts the total number excluded somewhere between the House and Senate figures. Sponsors of the bill have said it probably will take years, including court actions, to find just how many workers have been removed.

Armistice Day To Be Holiday In Midland

Armistice Day, Friday, November 11, will be observed as an official holiday in Midland, Chamber of Commerce officials announced Wednesday. Most stores and offices will close that day, they said.

The holiday is one of six agreed upon for observance by Midland retailers at a meeting early this year.

MIDLANDERS APPOINTED

WASHINGTON—(AP)—J. Ed Warren of Midland, Texas, Tuesday was appointed by the National Petroleum Council as a member of a committee to study national petroleum policies.

Reds Map Campaign To Cut China In Two

CHUNGKING—(AP)—The Nationalist capital was disturbed Wednesday by fresh reports of Communist preparations for a massive invasion of Kwangsi Province, key to Southwest China.

Official sources said Communist Gen. Lin Piao has assembled seven armies—or 175,000 men if at full strength—for an attack on Kwangsi from neighboring Hunan on the Northeast in an effort to slice the remnant of Nationalist China in two.

Elevator Balks In Courthouse

Elevators, like mules, generally pick the worst time and place to balk.

Wednesday it was the elevator that balked. It happened in the Midland County Courthouse and right in the middle of a court session.

Witnesses, lawyers, jury, judge and a court official made their exhausted way to the third floor Wednesday morning and possibly were to repeat the procedure at the noon recess.

An elevator expert from Abilene was expected to have the balked machine running again before the close of the day. The mechanics balked. It happened by County Judge Clifford C. Keith and was on his way here before noon.

The balked elevator didn't interrupt the routine on the first or the fourth floor. On the fourth is the county jail and, as it happens, many were coming or going Wednesday.

Wildcat In Borden To Make Third Try

A wildcat in Northwest Borden County is scheduled for its third attempt to develop petroleum production.

Thomas W. Dowell of Dallas has filed an application with the Railroad Commission of Texas requesting a permit to deepen his No. 1 Cantrell from its present bottom of 8,754 feet to 10,100 feet starting immediately.

The venture is four miles north and three-quarters of a mile east of the discovery well and lone producer in the Borden field, and 12 miles northwest of Gall.

It is 863 feet from north and west lines of the east half of the north-east quarter of section 22, block 32, T-6-N, E-4-E-2-R survey.

Rotary tools will be used to drill the project to explore into the Ellenburger.

It was originally drilled to a total depth of 5,024 feet by Dowell in 1945 and plugged as a failure.

Curaway Drilling Company then entered the hole and drilled it out to its present depth of 8,754 feet where it was abandoned in April 1949.

Central Scurry Gets 7,500-Foot Venture

R. W. Sutton of Dallas, has filed an application with the Railroad Commission of Texas requesting a permit to drill a 7,500-foot rotary wildcat in Central Scurry County, four miles northeast of Snyder.

The project, No. 1 M. H. Thornburg, will be located 1,996.3 feet from south lines and 2,618.1 feet from east lines of section 77, block 3, H&TC survey.

It will be four and three-quarters miles southeast of L. M. Lockhart of Corpus Christi No. 1 B. N. McHoney, which is now trying to develop production from the Canyon reef one mile south of the nearest producers on the southeast side of the North Snyder field.

It has been reported in some circles that Rancho Oil Company of Dallas was planning to drill a wildcat at this location.

'Tight' Scurry Test Bigs Past 6,702 Feet

S. B. Roberts, and associates No. 1 Lewis, Central-West Scurry County wildcat, between the center and the Diamond M fields and 467 feet from south and west lines of the southeast quarter of section 246, block 97, H&TC survey, was reported by unofficial sources to have reached 6,702 feet in shale and to be drilling deeper.

At that point it was still in shale according to the best available information. The project is being drilled "tight." Elevation is 2,438 feet.

Scurry Prospector Now Running Surveys

Glasco, Chambers, Zonne and Olson No. 1 Green, Central Scurry County prospector, two miles north and west of Snyder, and 660 feet from north and west lines of the northwest quarter of section 157, block 3, H&TC survey, was bottomed at 7,528 feet in a Pennsylvanian lime, and was running an electric log survey.

This venture was low on the Canyon reef and it had only a thin section of that formation. It has not reported having logged any possibilities of petroleum production.

It is two miles south and three-quarters of a mile east of the closest completed oil well on the southeast side of the North Snyder field.

'Scurry Deep Venture Will Perforate, Test

C. L. Norsworthy, Jr., and associates No. 1 Feldman, East-Central Scurry County deep wildcat, ten miles east of Snyder, is slated to perforate casing between 7,308 feet and 7,340 feet before the end of the week so a production test can be made on that interval.

That section developed several hundred feet of free oil on a drill-stem test before the casing was set at 7,340 feet.

This possible Ellenburger discovery had swabbed small amounts of free oil from the open hole between 7,340 feet and the total depth at 7,387 feet.

The development was allowed to stay shut-in for 60 hours at the first of the week while the rotary drilling rig was being moved out and a cable tool unit was moved in to use in the testing.

Gets Flowing Oil

When the well was opened up after the 60-hour shut-in it started flowing and in 14 hours produced 186 barrels of oil. There was a shakeout of two per cent sediment and drilling water. No formation water was observed for a short time and the flow was then to be killed as the 7,308-40-foot section could be perforated and tested.

Kelley Field Producer Fined By Lone Star

Lone Star Production Company has completed its No. 1 O. C. Boston as a producer from the Canyon reef on the northwest side of the Kelley field of Central Scurry County for a daily production of 46.7 barrels of oil.

Gravity of the new oil is approximately 50.5 degrees.

Berserk Farmer Shoots Nine

A berserk Waterford, Mich., farmer, Joseph H. Runyon, 57, shot nine persons in two bars at Waterford and then killed himself. Undersheriff Don Menzies, left, of Oakland County examines a single-barreled, 12-gauge shotgun used by the crazed man, as one of the victims, Ben Prunty, 49, looks on.

City Council Bats Down Wall Street Zone Change

Ye old Wall Street controversy flared momentarily again Tuesday night during the hearing on three proposed changes in Midland's Zoning Ordinance.

But again the City Council batted down the proposal which would have changed from C to F classification the North Half of Block 87 and the South Half of Block 76, West End Addition, 2100-2100 block of West Wall Street.

It was the third time the council has considered West Wall zone revisions within recent months.

The council, meeting in regular session following the hearing in the district courtroom of the Midland County Courthouse, also rejected a proposal to change from D to H classification Lots 1, 2 and 3, Block 14, and all of Block 1, with the exception of Lots 5, 6, 7 and 8, West End Addition, on North A Street, in the vicinity of the First Presbyterian Church.

North Baird Proposal

A change from B to C classification of Blocks 6, 7, 8, 15, 16 and 17, Homestead Addition, North Baird Street, was approved after no objections were voiced at the hearing.

The Commercial Construction Company plans to erect 300,000 worth of low-rental apartment houses on Block 15, C. C. Boles told the assembly in seeking the change in zoning regulations. The project will include four 12-unit apartment houses of frame and stucco construction.

The action of the council on each of the three proposals was by unanimous vote.

Wanda Nazworth Services Held

Funeral services for Wanda Nazworth, two-year-old cancer victim, were held at 2:30 p.m. Wednesday in the Ellis Funeral Home Chapel, with J. Woodie Holden, minister of the North Side Church of Christ, officiating.

Interment was to be in Resthaven Memorial Park. Pallbearers were to be Clyde Gwyn and Leon Arnett.

The child died Tuesday in the home of her grandparents, Mr. and Mrs. Fred Osborn, Route 1, Midland, after a courageous fight against the tumor. Generous West Texans, reading of Wanda Ruth's plight in The Reporter-Telegram contributed \$1,110.88 to relieve medical and hospital indebtedness of the grandparents.

Sunshine Warms, Dries Out Texas

By The Associated Press

Temperatures were rising and sunshine covered most of Texas Wednesday.

Except for the Trinity River at Dallas, flooded streams were receding.

Low temperatures Wednesday morning ranged from 30 at Dalhart—the only below-freezing mark in the state—to a mild 62 at Brownsville.

Other minimums were 38 at Amarillo, and in Southwest Texas—38 at Junction, 38 at Maria and 37 at Ozona.

Rainfall for the 24-hour period ended at 6:30 a.m. Wednesday was .55 inch at Victoria and .11 at Texarkana.

At Dallas the Trinity had reached 34.2 feet and continued to rise slowly. It was expected to crest around 35 feet later Wednesday.

Drainage Study of Midland, Adjacent Areas Authorized

A contract for developing an overall drainage study of Midland and vicinity and for doing additional topography work in areas adjacent to the city was awarded W. W. Studdert of Midland and Homer A. Hunter of Dallas by members of the City Council at their meeting Tuesday night.

The work will be started immediately and will be the most complete study of drainage problems ever conducted here.

Proposals of two other engineering firms, Cool and Stille of Midland, and A. G. Klassen and Associates of El Paso, also were considered by the council.

Prior to the awarding of the contract, W. P. Goodman, 1005 North D Street, questioned the council as to its proposed program of drainage on D Street. He said the city is making a storm sewer of the street and that under storm conditions water will be from 18 inches to two feet deep in certain spots. He suggested runoff water be carried in a channel around the country club property.

Mayor William B. Neely advised Goodman the problem has been under consideration for some time and the city is attempting to work out a program to serve the best interests of all concerned.

Midnight Session

Drainage in general again came in for considerable discussion at the session, which continued until after midnight.

The council approved the recent hearing on Group B paving, finding that property will be improved by paving at least to the extent of certain units on East Indiana and Lee Streets.

A petition submitted by the North Elementary Parent-Teacher Association and asking that traffic lights be installed at the four corners around the North Elementary (Continued On Page 11)

Auto No. 5,358,421 Of 1949 Joins Pack Of Fender Benders

By SAM DAWSON

NEW YORK—(AP)—The auto industry Wednesday broke another record, and added a little more to one of the nation's problems—traffic.

Wednesday the 5,358,421st vehicle of the year rolled off the production line. This tops, two months ahead of time, the output record for any one full year, extending since 1929. About four and one-half million of these vehicles have been passenger cars.

The new one will join the 32,727,100 others which R. L. Polk and Company, auto statisticians, report were registered in the country as of two weeks ago.

If you don't think there are that many on the streets and highways, just try taking your family out for an automobile ride in or near any big city the next sunny Sunday. Or try to park in almost any city business district.

Another Headache

Traffic jams are now so much a part of our lives that one of the services radio stations offer their metropolitan listeners is a periodic report on just where traffic conditions are worst during holiday rushes.

This is unlikely to endanger in any way the sales chances of Wednesday's new record car. But it is a headache to a lot of people besides traffic officers: to city merchants, to the oil industry, to the railroads, to city planners, and to city dwellers and suburbanites alike.

Highway engineers offer varied and intricate schemes for solving the traffic problem—most of them expensive. City planners see the growing number of cars almost as a Frankenstein's monster. Some are leaning up and widening chief arteries. Others plan huge and expensive city parking garages.

That 32,727,101st car on the highways had better watch its fenders.

First Texas Eagle Train Will Leave St. Louis Thursday

ST. LOUIS—(AP)—The Ozarkier rolled out of Union Station for Little Rock at 7:44 a.m. Wednesday—the first Missouri Pacific passenger train to leave St. Louis since the start of a strike September 9.

Departure of the Ozarkier, 24 minutes behind schedule, marked the resumption of normal operations on the railroad's 10-state network.

Officials said the train failed to leave on time because of a heavy load of mail slowed down loading.

A company spokesman said reservations on Thursday night's Texas Eagle are sold out. But that extra cars would be added for passengers bound for Dallas, Fort Worth, El Paso, Houston, Galveston and San Antonio.

Architects Engaged For Two Proposed New School Plants

Two architectural firms Tuesday afternoon were engaged to develop plans and specifications for two proposed new school buildings here.

George T. Abell, chairman of the Board of Education of the Midland Independent School District, said.

The firm of Wilson and Patterson of Fort Worth was employed to handle the architectural work on the proposed elementary school building in Northeast Midland.

Wyatt C. Hedrick of Fort Worth and Midland was engaged as the architect on the proposed negro high school structure in the Moody Addition.

Both firms said they would expedite the work as much as possible and that plans and specifications would be ready early next year.

School officials hope to have the new structures ready for occupancy by September 1, 1950.

Representatives of 10 architectural firms conferred with school trustees here last week concerning the expansion program.

Trustees and school administrators recently completed a study of the anticipated needs of the school district for 1950 and 1951. The new buildings are deemed necessary in view of current conditions and continued growth.

Abell said it perhaps will be necessary to vote bonds for approximately 50 per cent of the total cost of the new buildings, with the remainder to be financed out of local maintenance funds.

Both structures already are available.

Plans To Discharge Draftees Bring Blast At Selective Service

WASHINGTON—(AP)—Senator Edwin C. Johnson (D-Colo.) said Wednesday that plans of the Army to release its draftees shows the 1948 peacetime draft act never was needed in the first place.

He referred to the disclosure by Secretary of the Army Gray that beginning December 1, the Army will offer discharges to 24,000 draftees and 6,000 21-month enlistees as soon as they have finished 12 months of service.

"That certainly is positive proof that the present draft law never should have been enacted," Johnson told a reporter. "It never was necessary and I was quite convinced of it at the time but could not prove it."

What's more, the blunt spoken Westerner suggested that top military and civilian leaders abandon all plans for extending the peacetime Selective Service Act when it expires next June 30.

Secretary Gray, in announcing the discharge plan, said it was proof that the Army would not abuse the possession of a peacetime draft law on the books. He urged that the law be continued, for use if needed.

However, Johnson predicted that the next session of Congress would turn down any extension of the law. Another congressional veteran, Senator Elbert Thomas (D-Utah), said he will support an extension if the Administration asks for it.

FOOD PRICE INDEX TAKES SHARP UPTURN

NEW YORK—(AP)—In the sharp rise since July, 1948, the Dun & Bradstreet wholesale food price index this week climbed to \$5.72 from \$5.58 the previous week.

★ LATE NEWS FLASHES ★

CHICAGO—(AP)—Cattle prices soared to a top of \$41.50 a hundred pounds here Wednesday, a new 1949 peak and only 10 cents under the all-time record last year.

WASHINGTON—(AP)—Although the coal-steel strike stopped many trains and spread its creeping paralysis further into business, the White House said President Truman Wednesday was not inclined to step into the situation.

LONDON—(AP)—The heaviest October gale in 25 years battered Britain Wednesday. The winds drove small ships aground, smashed fishing craft and swept two fishermen to their deaths.

NEW YORK—(AP)—Russia's Amtorg Trading Corporation, six of whose officials now are under federal indictment, announced Wednesday that it will obey the law requiring it to register under the Foreign Agents Registration Act.

AWOL 41 Years

Pvt. Ray H. Wheaton, 65, above, turned himself in to the Army at Fort Lewis, Wash., after being "over the hill" 41 years. Wheaton said he deserted from Newport News, Va., in October, 1908, while waiting transfer to Cuba. He gave himself up because, he said, "I can't stand it anymore." The Army said Wheaton probably will be given an administrative discharge.

Apartment House Blast Injures 14

DALLAS—(AP)—Fourteen persons were injured, three seriously, when an explosion late Tuesday night ripped apart a four-apartment building in a housing project here.

The blast and what residents of the stucco structure called a flash of flame left a mass of debris-caved-in walls, smashed furniture and crazily crumpled roof.

Buildings in the five-block area were rocked by the explosion about 10:45 p.m. It threw some persons in nearby units in the Cedar Springs Housing Project in North Dallas out of bed. Every one in the building was hurt.

Smelled Gas

Battalion Fire Chief J. W. Owens said he had no idea what caused the explosion.

Leroy Shannon, 28, said the blast occurred in his apartment. He said he had smelled gas several days and had reported it to the maintenance man.

Shannon said "Workmen repaired" (Continued On Page 14)

Midland-Odessa Tilt Tickets Available

Reserved seat tickets to the Midland-Odessa football game to be played in Odessa Friday night, will go on sale here at 9 a.m. Thursday.

Site for the ticket sale is the Chamber of Commerce office. It is first-come, first-served. The sale lasts but one day.

Gold Rush In Alaska

One of the "residences" in the three-day-old community of Fishwheel, Alaska, is readied for occupancy. The city, 100 miles north of Circle, is the site of Alaska's latest gold rush. These prospector tenants flew to Fishwheel from Fairbanks. Left to right, they are: Solomon Ylitt, Joe Peters, Earl Hirt and Sam Gambelin.

★ IN HOLLYWOOD ★

Audie And Wanda Doing Swell —But Not Until Separated

By ERSKINZ JOHNSON NEA Staff Correspondent HOLLYWOOD—You figure out this one: Before their separation, Audie Murphy and Wanda Hendrix played their important love scenes for "Sierra." UI brass hats looked at the film, called it "unsatisfactory," and ordered retakes. Audie and Wanda, meanwhile, had called their lawyers. They replayed the love scenes between glares. The brass hats looked at the new film. Announced the studio: "Wonderful!"

Elyse Knox is bowing out of the Ann Howe role in the Joe Palooka series at her own request. Monogram will stage a nation-wide "For Blondes Only" contest to find a replacement.

There won't be two Valentino film biographies after all. Independent producer Jan Grippo has thrown in the sponge and will join Eddie Small in producing a big-time epic. Small's lawyers convinced Grippo that the former has priority on the picture because he already has \$300,000 invested in the story.

Red Skelton heard about the comedy scenes in "Battleground" and asked M-G-M to see the picture. "How'd you like it?" he was asked. "Great," said Red, "I'm glad I saw it before Milton Berle. Now

I've got six new comedy routines." Don't worry, Red, Milton, according to Warner Brothers, now is stealing from himself. The studio says he's lifting stuff from his recently completed movie, "Always Leave Them Laughing," for his TV show. The Brothers Warner aren't laughing. Fashion prediction from Paramount's Edith Head: "U. S. women will be busting out in sweater silhouettes this Spring. Sweaters, not blouses, will be the thing. We're going to have sweaters made of all kinds of fabrics."

Shelley Winters announced that hospital visit was for a stomach disorder. Now she's confessing it was just a bad case of hives. Shelley and Farley Granger are still an item. He returned from San Francisco by plane the other morning and Shelley was there to meet him. Wonder if Shelley and Montgomery Clift will get together now that they're in "An American Tragedy."

Betty Garrett is out of "The Skipper Surprised His Wife." She surprised the studio with her baby announcement. Gloria de Haven leaves M-G-M to freelance after she completes "Summer Stock."

Susan Hayward has decided that the makeup shades she's been using aren't bright enough to fully complement her light hair. She's had her makeup artist testing at Max Factor's, with special tints formulated to meet the situation. I'll bet Susie gets another Oscar nomination for Goldwyn's "My Foolish Heart."

Steve Hannagan and Ann Sheridan are dating again. Merle Oberon will do another movie for RKO and then return to Paris to make her home. If that girl who thought Bob Walker was flirting with her is reading this, she can set her mind at ease. Bob is taking treatments for a nervous twitch in his eye.

Mimic Arthur Blake is reading a howler on Greta Garbo. He'll comb his hair over his face and sing "Baby, It's Skol Outside."

Prediction: Paul Douglas will get the role of Mack Sennett in Paramount's film biography of the one time king of film comedy.

How old do you feel department: Johnston's censorship office just nixed four Diana Lynn publicity stunts for "Rogues of Sherwood Forest" as being "too sexy." And just the other day, it seems, Diana was playing bobby-soxers on the screen.

Cow Identification For Newsmen

Buddy Davis, right, a resident at the Variety Club's famed Boys' Ranch between Dallas and Fort Worth, gives a lesson in cow identification to a Dallas "cowboy," Joe Cooper, left. Sigma Delta Chi, national journalism fraternity, meets in Dallas on November 16-19 for its national convention and a ranch party will be given for delegates at the Boys' Ranch. The host chapter, headed by Ted Barret (on the fence), couldn't find a real cow ranch near Dallas so settled on Boys' Ranch for the party.

Everybody Gets In Act Except Father

SCRANTON, PA.—The Patrick Naughton family almost could hold a reunion without leaving the Mid-Valley Hospital at nearby Peckville. Monday, Naughton's three sons, Joseph, Patrick and John—had tonsillectomies.

Later in the day, their mother was taken to the same hospital and presented the boys with a new sister.

F. S.—Mr. Naughton is doing fine—at home.

Midland Contractor Gets McCamey Job

MCCAMEY—The J. T. Champion Construction Company of Midland was the low bidder for the construction of the Upton County Airport administration building at the jetting held at the courthouse in Rankin Monday. The bid was \$14,800.

Other bidders and their figures were: Kelly Construction Company, McCamey, \$14,792; and J. R. Fairman Construction Company, Lubbock, \$14,885.

The firm is to enter into contract with the county within 10 days, and the order calls for completion of the project within 60 working days. Work on the airport proper began last week, and the two units of construction are scheduled to be completed about the same time.

Mother Of Late Governor Endorses Poll Tax Repeal

AUSTIN—(AP)—Repeal of the poll tax voting requirement has the endorsement of Mrs. George T. Jester of Corsicana, mother of the late Gov. Beauford H. Jester. Mrs. Jester notified Mrs. Will T. Decherd, chairman of the State Advisory Committee for the poll tax amendment, of her acceptance of appointment on the committee.

"I heartily endorse this amendment," Mrs. Jester wrote, adding: "Beauford was greatly interested in this and doubtless would want to see it adopted by the people."

Pioneer Slates Ten Flights Daily Here

MIDLAND will have daily, round-the-clock air service from Pioneer Air Lines when the company's new Fall and Winter schedules become effective November 1, Dave Clark, company traffic manager here, announced.

Pioneer will provide Midland with ten flights daily, leaving and arriving from 7:05 a.m. until 9:51 p.m., Clark said.

Service from Midland to Dallas-Fort Worth will be based on flights leaving at 7:05 a.m., 10:44 a.m., 1:10 p.m. and 6:00 p.m. while flights from Dallas-Fort Worth to Midland will arrive here at 10:09 a.m., 5:44 p.m. and 9:51 p.m.

Daily flights to Houston, San Angelo and Austin will leave Midland at 7:05 a.m., 10:40 a.m. and 5:25 p.m., while service from those cities to Midland will be based on planes arriving at 10:30 a.m., 6:27 p.m. and 9:51 p.m., Clark added.

"These ten flights will give Midland service to practically every city on Pioneer's 25-city system over its 2,200-mile routes and should provide the best possible dependable service during the Fall and Winter," the official said.

Two Queens To Rule At Stanton Carnival

STANTON—A Halloween carnival in the Stanton High School Gymnasium will be sponsored by the Athletic Council. Feature attraction will be the coronation of the queens of Halloween, one representing the high school and the other the elementary school.

Contestants for the high school queen title are Frances Linney, senior; Jimmie Pearl, Ashley, junior; Sue Standefer, sophomore, and Laneta Adams, freshman. Contestants from the grade school are Mary Ivy Henson, eighth grade; Shirley Shoemaker, seventh; Evelyn Coggins, sixth; Linda Bess Bryson, fifth; Shirley Nowlin, fourth; Betty Berry, third; Sandra Sale, second, and Carolyn Manning, first.

Please, Lady, Just Tell Us It Isn't True

By HAL BOYLE NEW YORK—(AP)—Lady, say it isn't so. Please say it isn't so, lady. Say it isn't true—this report that female fashions are going back to the 1920's for inspiration.

No, no, no! Not that!! What have we done to deserve such eyeball punishment? Don't trade the "New Look" for the "Gunnysack Look." I'll admit there was a lot of foolish male yammering against the "New Look" a couple of seasons back just because it was novel. Every man was surprised to see it turn out better than he had feared.

They call the 1920's the period of "the lost generation" and blame it on the disillusionment of the first world war. But it wasn't the men who were lost; it was the women. It was the time when girls refused to grow up and act like men.

Remember now? Remember how the girls drove men out of their last refuge—the barbershop—to get those close-cropped boyish bobs. Remember the short, shapeless dresses, the hats that fitted like a shield?

Gunnysacks On Streets It was the fond ambition of every fashionable lass then to look like a soda straw, but natural feminine architecture too often decreed that the result should resemble a gunnysack full of sugar on stilts—or piano legs.

And if women do, men will have to dress like the 1920's, too. Recall a thing called "the cake-eater?"

The "cake-eater" wore a jaunty hat, dangling sideburns, a waistlight coat jacket and floppy, bell bottom trousers that were the closest the American male ever came to skirts. Over it all he wrapped a raccoon coat, presumably a manly gesture because it was hairy. The result: a vertical caterpillar.

Would you like to have to go out on dates again escorted by something like that, lady? No? Well, save us from your 1920's look—and we'll keep the cake-eater under glass. It's a fair bargain.

Washington Police Seek 'Bologna Bandit'

WASHINGTON—(AP)—Washington police are seeking a bandit who four times this week has held up business houses after asking for (1) bologna, (2) strawberry soda, (3) cigarettes and (4) greens.

Now being dubbed "the bologna bandit," the man struck three times Sunday, getting a total of \$172. He pulled his requests in the above order, before robbing each place. He never showed a gun but kept his hand menacingly in his pocket while announcing he wanted money.

Tuesday night in the fourth robbery, he got \$60 from a market's cash register while the proprietor was in a back room filling the order for greens.

Rankin News

RANKIN—Mr. and Mrs. Johnny Rankin were injured painfully in Lubbock Saturday night when the pickup they were driving overturned. First aid was given the Rankins in Lubbock and they were brought to Rankin Sunday. Mrs. Rankin suffered a back injury and Mr. Rankin a broken nose and pelvic bone. Mrs. Rankin was taken Monday to a McCamey hospital, where X-rays disclosed a cracked hip bone.

Miss Myrtle Brick of Kerrville spent the weekend with friends in Rankin and attended the Prude-Hicks wedding in Odessa.

Mrs. Don Cochran brought the devotional on prayer when the Rankin WSCS met Monday afternoon in the home of Mrs. D. S. Anderson. The program for the afternoon was in keeping with the week's observance of prayer and self-denial. Plans were discussed for entertaining the Methodist Youth Fellowship and names were drawn for the society's annual Christmas party. Games with a Halloween theme were enjoyed and awards went to Mrs. Cochran, Mrs. D. O. McEwen, Miss Mattie McDonald and Mrs. R. H. Johnson. Decorations and refreshments were in keeping with the Halloween season.

Others attending the program were Mrs. J. F. Lane, Mrs. E. C. Higday, Mrs. S. H. Boyd, Mrs. E. D. Yates, Mrs. Walton Harrah, Mrs. Hamp Carter, Mrs. B. B. Brown, Mrs. A. B. McGill, Mrs. R. O. White and the hostess, Mrs. Anderson.

Boy Kills Brother In Gun Accident

HUNTSVILLE—(AP)—"Daddy, I've killed him," James Hardy, seven, told his father. "Lynn and I were playing with your old gun when all of a sudden it went off."

A. L. Hardy found the body of James' big brother, Lynn, 11, on a bedroom floor Tuesday. Justice of the Peace R. E. Franklow ruled Lynn was killed accidentally.

Toronto, capital of the province of Ontario, is the second largest city in Canada, and is known as the "Queen City."

SPEAKING OF Furniture By GEORGE STEWART

SOMETHING MISSING? Look that living room over. Is there something missing some thing you can't put your finger on? You have a beautiful couch, inviting easy chair, expensive rugs and low tables... so what can it be?

The chances are ten to one it's the background. Just as "Stone wall do not a prison make," plain unattractive walls do little toward creating a truly beautiful room.

Here's a chance for you to use a lot of imagination and only a little money. That's all it took to create the livable, attractive room illustrated above.

Note how beautifully the drapes blend with the design of the wallpaper in the corner of the room and how the white wood paneling sets off the fireplace on the whole side of the room. A few pictures effectively placed complete the picture.

By doing a little thinking and careful planning, you'll be able to come up with something new and attractive in background. Try to be "different"... the result will please you.

If you need any help, stop in and see us. Our experience might be of help to you.

Progressive Dinner Given By Iota Beta

A progressive dinner entertained the Iota Beta Chapter of Beta Sigma Phi Tuesday night. Halloween decorations were used in the four homes where the dinner was served and bridge games were played.

Beginning in the home of Mrs. Charles Patterson, the dinner progressed to Mrs. Jimmie Gaines home for the salad course. A centerpiece of pumpkins, fruit, autumn leaves and candles decorated the table there.

Ellen Evert, Myra McReynolds and Melba Knipping were hostesses for the main course and dessert was served in the home of Mrs. Joe Mims, where Jack-o-lanterns and other Halloween figures were used on the mantel and table.

Mrs. R. M. Minton, Jr. was welcomed as a new member. Others present were Mrs. Alton Brown, Mrs. Bryan Denson, Mrs. Morris Donelson, Mrs. Ernest Nance, La-fara Harbison, Clyde Parmely, Dorothy Raines, Mrs. John Rhoden, Jr., Mrs. James Rogers, Mrs. Rollins Senter, Mrs. Otto Wink, Mrs. George Woody, Mrs. DeLo Douglas, Lillie Marie Gilbert, Mrs. J. F. Godfrey and Cathy Harrington.

Civic Music Club Plans To Sponsor Movie With Music

Plans for sponsoring the showing in Midland November 9 and 10 of the motion picture, "Carnegie Hall," were made by the Civic Music Club in a business meeting held with its first program meeting of the season Tuesday night in the North Elementary School Auditorium.

The movie presents many of the leading musicians of the nation, including Stowkowski, Rubenstein and Lily Pons. It will be shown in the Yucca Theater at popular prices on the two days.

Mrs. B. W. Stevens was elected as the club's delegate to a district convention of Federated Music Clubs in Monahan's next month. Mrs. Delbert Downing and Mrs. Stevens were appointed on a nominating committee to present nominees for the vice presidents' offices, vacated when Mr. and Mrs. Howard Orr left Midland recently.

The program, starting a series titled "Music Through Life," was made up of music for children. Edith Conyers, director, prefaced it with a brief talk, saying that children remember the earliest songs they hear, the lullabies of babyhood, and as they grow older they should have their own record libraries and later be given opportunity to learn music themselves.

During the business session, Mrs. O. L. Stalcup, president, was selected a delegate to the state convention in November in Waco. The other delegate will be a faculty member to be chosen later.

Music for the group was furnished by the Midland High School Chorus, directed by R. C. Michener.

Refreshments were served by the hospitality committee, headed by Mrs. George Gibson. She was assisted by Mrs. C. E. Nelson, Mrs. W. H. Black, Mrs. Leif Olsen, Mrs. Sherwood O'Neal and Mrs. Don Johnson.

SU'S COLEMAN, Editor

Episcopal Women Of Region Elect Mrs. Butler Chairman

Mrs. John P. Butler of Midland was elected regional chairman of the Women's Auxiliary of Episcopal Churches in the closing business session of the annual meeting held in the Trinity Episcopal Church here Tuesday. Monahan was selected for the 1950 convention city.

Mrs. Butler will succeed Mrs. Novelle Harris of Odessa as chairman. Mrs. John Fitzgerald, president of the Midland auxiliary, presided for business in Mrs. Harris' absence Tuesday. Representatives from Big Spring, Odessa and Monahan attended the meeting.

High School P-TA Hears Rev. Snell Talk On Home And Church

The Rev. R. J. Snell, rector of Trinity Episcopal Church and a representative of the Midland Ministerial Association, spoke on "Teamwork Between Home and Church" at a High School Parent-Teacher Association meeting Tuesday night in the Band Hall. The Executive Board met Tuesday afternoon.

Snell was introduced by Mrs. M. B. Arick, program chairman. During the business session, Mrs. O. L. Stalcup, president, was selected a delegate to the state convention in November in Waco. The other delegate will be a faculty member to be chosen later.

Music for the group was furnished by the Midland High School Chorus, directed by R. C. Michener.

Refreshments were served by the hospitality committee, headed by Mrs. George Gibson. She was assisted by Mrs. C. E. Nelson, Mrs. W. H. Black, Mrs. Leif Olsen, Mrs. Sherwood O'Neal and Mrs. Don Johnson.

Eight Guests Attend Meet Of Circle Eight

Mrs. Ed Halfast was caller at a Circle Eight Square Dance club meeting Tuesday night in the American Legion Hall. George Glenn's orchestra furnished the music.

Guests were Mrs. Lily Shanks, Mrs. Rood, Mr. and Mrs. M. C. Ulmer, Mr. and Mrs. Ed Alstrin, Mr. and Mrs. Henry Wolcott.

Members present were Mr. and Mrs. H. A. Shanks, Mr. and Mrs. John B. Mills, Mr. and Mrs. R. F. Rood, Mr. and Mrs. T. S. Edrington, Mr. and Mrs. Dean Corley, Mr. and Mrs. Robert Cox, Mr. and Mrs. W. L. Tatum, Mr. and Mrs. A. C. West, Mr. and Mrs. G. L. Shoemaker, Mr. and Mrs. George Vanaman, Mr. and Mrs. Bob Baker, Mr. and Mrs. O. H. Hardy, Mr. and Mrs. W. T. Webb.

Convivantes Change Bridge Club Name To Tally Hostess

At a business session during their meeting Tuesday, members of Les Convivantes Bridge Club and luncheon club changed the name of the club to the Tally Hostess Club. Mrs. J. C. Williamson and Mrs. Perry Gill were hostesses.

Plans were begun for a Christmas party for members and their husbands. Mrs. H. L. Huffman was put in charge.

Decorations carried out the Halloween motif, with each table centered with a papier-mache witch with the pack on her back filled with pyracantha. Pyracantha was scattered around the witch, and orange and black crepe paper streamers extended to each place. A pipe cleaner figurine, holding a fortune on a piece of paper in his hand, was at each place. The figurines were such things as pumpkin men and little black cats.

Mrs. R. E. Morgan won high score, Mrs. G. P. Crawford, second high and Mrs. W. E. Lyle, the traveling prize.

Mrs. L. H. Daniel was a guest of the group. Other members present were Mrs. David C. Chambers, Mrs. M. A. Murphree, Mrs. Clyde Davidson, Mrs. Jack M. Moore, Mrs. John K. Massey, Mrs. Clarence Symes, Mrs. Alvin L. Ataway and Mrs. J. V. Hardwick.

Mrs. Kerth Elected Head As JayCettes Form Organization

Mrs. Clarence J. Kerth was elected president of the newly-organized JayCettes at a meeting Tuesday night in the home of Mrs. Frank Wood. Mrs. Wood presided during the election of officers.

Others elected were Mrs. Dick McKnight, vice president; Mrs. J. W. Mims, secretary, and Mrs. W. M. Johnson, treasurer and reporter.

Mrs. Kerth appointed Mrs. Reagan Legg, Mrs. Jack Huff and Mrs. Horace Burton to serve as a committee to draw up a constitution.

The group will meet again November 9 in Mrs. Kerth's home, 2012 West Indiana Street. The constitution will be read and voted on and a meeting date, place and time will be chosen. Membership is open to wives of all Midland JayCees.

Others present were Mrs. W. E. Nance, Mrs. Charles Patterson, Mrs. Frank Hawk, Mrs. W. O. Ray, Mrs. John Grimland, Mrs. Bill Pittman, Mrs. A. V. Johnson, Mrs. John Rhoden and Mrs. C. E. McDonald.

Sheen Girls Have Halloween Party

Jayce and Gloria Sheen entertained a group of their young friends with a Halloween party Tuesday night in the home of their parents, Mr. and Mrs. L. J. Sheen. Miss Stella Schubert assisted in directing games and serving refreshments in the holiday motif.

Guests were Linda Hester, Dolores Brashers, Barbara Grimes, Sondra Stewart, James Stewart and Royce Kinsey.

Stanton Study Club Season Under Way

STANTON — The Stanton Study Club opened its year recently with a coffee in the home of Mrs. R. B. Whitaker, president. Mrs. John P. Priddy, district chairman of international relations, reported on a district board meeting held in Pecos.

Mrs. Glenn L. Brown, program chairman, distributed yearbooks outlining the course of study on "The American Home." The club project for the year will be assistance to the Martin County Library, through a committee headed by Mrs. J. E. Kelly.

New club members welcomed were Mrs. Dave Foreman, Mrs. Dee Carter and Mrs. W. A. Stanley. Guests were Mrs. T. E. Greener, Mrs. W. H. Franz and Mrs. W. M. Tottenham.

Twentieth Century Club Has Program On Russian People

Russian people, working conditions and home life were studied by the Twentieth Century Club at its program Tuesday afternoon, one of a series on "International Friendship." Mrs. J. R. Cotton and Mrs. W. H. Rhodes were hostesses in Mrs. Cotton's home.

Mrs. W. E. Shipp, Jr., discussing "What Makes Russia Tick?" gave a synopsis of "Russia and the Russians," a book by an Englishman, Edward Frankshaw. His conclusion was that the western powers could defeat Russia in a war, but that by taking a sane and patient viewpoint they may come to an agreement and avoid war.

Mrs. James L. Daugherty had the topic, "Russia's Homemakers." She said that although women work in many of the industries and do work on farms and factories which is usually left to men in this country, the state considers that their primary job is rearing children, and mothers who work are given every opportunity to care for their children also.

BURN TREATED

Mrs. V. B. Oden, 913 North Colorado Street, was treated at Western Clinic-Hospital Wednesday for a burn on the right hand.

AUTOMOBILE ACCIDENT

Mrs. B. B. Oden, investigated an automobile accident at D and Washington Streets Wednesday morning. Two cars were damaged but no personal injuries were reported.

Coal Industry Declines

Since 1940 there have been 17 strikes in the coal industry. As many as four have occurred in a year. What has been the overall effect of this series of walkouts?

John L. Lewis claims that in that span miners' wage rates have risen from 88 cents an hour to \$1.95 an hour. He points also to a take-home pay of \$73 a week this year as compared with \$24.71 in 1940.

In addition, miners now are promised \$100 a month retirement pensions and are entitled to health and hospital benefits. They get paid vacations that add about \$100 to their individual annual income.

Unquestionably the miners have outstripped other industrial workers in benefits gained during this interval. For example, the average hourly pay boost for all factory employes from 1940 to 1949 is about 30 cents less than the hike won by miners.

But there's another side to the story. Both the Wall Street Journal and the United States News recently have analyzed what is happening to the coal business as result of its labor difficulties.

That coal long has been losing ground to competing fuels like oil and natural gas has of course long been known. Probably a considerable part of this market loss was inevitable.

Yet much of coal's decline in the fuel market—especially in recent years—can be attributed directly to the powerful impact of the United Mine Workers on the industry. The price of coal to the consumer now is double that of 1940. The labor cost that goes into the mining of coal is almost twice that of 1942.

Although price rises have been general in the war and postwar period, coal has tended to race ahead of other products. Thus hitherto more expensive competing fuels have come to look steadily more attractive.

There is more to it, however, than just higher costs. The Wall Street Journal finds the big factor these days is uncertainty over coal supplies. Utilities, railroads, big industrial users simply don't wish to risk any more the prospect that their fuel suddenly will be shut off.

The constant refrain: "I'm fed up with the uncertainty of depending on a fuel the flow of which John L. Lewis turns on and off like a water faucet."

One industrialist says 90 per cent of today's big construction jobs call for installation of oil burner equipment, as against 30 per cent in 1939. Coal men say oil-electric diesel locomotives have killed a market for 25,000,000 tons of coal a year. Oil use by utilities, although still far below coal, jumped 73 per cent in the last year. Gas and oil are heavy favorites as home fuels.

Coal still furnishes roughly half the energy requirements of the U. S. economy. But the deep inroads of other fuels have slashed demand for coal seriously. Lewis found that even dropping to a three-day work week did not cut sharply into stockpiles. Only now that he has gone onto a "no day" work week are industries beginning to feel a pinch.

No one is likely to suggest that miners should have been denied reasonable benefits while other segments of labor were gaining. But the facts raise the question whether Lewis may not have acted from too narrow motives, without due regard for the future of the industry that must support his men. He has tried to move fast, to lead the pack.

In so doing, he may have so harmed the coal business competitively that the miners in the end may not realize the full value of the benefits they have gained.

Will He Try It?

Comdr. Eugene Tatom of the Navy told a House committee a man wearing ordinary clothes would not suffer serious injury from an atom bomb explosion if he stood at one end of a long Washington airport runway and the bomb went off at the other end. That's a distance of a mile and a fifth.

The U. S. Atomic Energy Commission, summarizing data on the atom explosions over Hiroshima and Nagasaki, would disagree with Tatom. It says that flash burns would be serious even at two miles. Moreover, it concludes that anyone that close surely would suffer "radiation sickness" probably resulting in death.

Perhaps Tatom hasn't quite caught up in his reading.

Evil Stamp

The American Federation of Labor's use of the term "black list" strikes us as foreign to American political tradition. It carries with it a suggestion of dark evil which rarely if ever is a proper stamp for our national political figures.

The AFL naturally is free to oppose any candidates it so chooses. If it wishes, too, it can string them together into a "list." But being in the AFL's disfavor should not earn a candidate an automatic label of wickedness.

The most popular brand of cigarets in many homes is pop's.

How To Ruin A Vacation

McKenney on Bridge

By WILLIAM E. MCKENNEY America's Card Authority Written for NEA Service

In Helen Sobel's new book entitled "All the Tricks" there is a chapter called "Girls Can Play, Too." It is like Miss Sobel that the first hand she shows in this chapter was played by another great woman player, Margaret Wagar of Atlanta, Ga.

I have not given you any bidding on this hand. Helen says that due to a misunderstanding, Margaret and her partner, John R. Crawford of Philadelphia, wound up in seven spades. She does not give the actual bidding.

West opened the king of clubs and the dummy went down. Miss Wagar sat there, says Miss Sobel, "as impassively and apparently unworried as a Mississippi River boat gambler. I never saw one believe me, but I've seen illustrations in magazine stories."

Miss Wagar knew there was not a possible chance of making the

Bridge hand diagram showing cards and dealer information

contract unless she could find a singleton king of hearts. Even if the diamond suit broke 4-3, she would be able to get only three discards on that suit.

Miss Sobel goes on to say, "Margie wasn't fazed, however. After winning the club ace, she played four rounds of trumps, discarding clubs from dummy. Then, as if she hadn't a care in the world, she laid down the queen of hearts, acting for all the world like a gal who held the jack and ten, too."

"Put yourself in West's position. He was a pretty good player who by this time had some idea of what the hand was all about. West couldn't know Margaret's exact distribution. Being taken in by Margaret's pose and confidence, he decided that Margaret surely had the jack of hearts as well as the queen."

West properly reasoned that a good player would not risk a finesse so early in the hand at a grand slam contract. Making a quick decision so he would not disclose his holding, he played low on the queen of hearts. Without batting an eye Miss Wagar played the nine from dummy. When the queen held, she spread the hand for the balance of the tricks. As Miss Sobel points out, the cooperation of the opponents was needed—but even though you are a woman, and playing against a man, you should not be afraid to make the play that will put him right on the spot.

Questions and Answers

Q—How many women now are employed by the federal government?

A—The number of women in federal jobs was reported this year to have reached 480,000.

Q—Did George Washington deliver his Farewell Address in person?

A—Washington never read the address in public. This document, full of political wisdom and valuable advice, was dated Sept. 17, 1796. It was first printed in a Philadelphia newspaper.

Q—Is the Rocky Mountain goat a true goat?

A—This snow-white animal is not really a goat at all but rather a goatlike antelope. It is, in fact, most nearly related to the Alpine chamois and the Himalayan serow.

Q—How does the Taft-Hartley Act regulate welfare plans?

A—The Taft-Hartley Act requires joint union-management control of welfare plans.

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

(Copyright, 1949, By The Bell Syndicate, Inc.)

Drew Pearson says: Internal Revenue needs better income-tax enforcement; Many big tax-fraud cases are delayed or sidetracked; Virginia asphalt kings' case is latest example of such delays.

WASHINGTON—President Truman's warning that there must be a tax increase recalls the fact that the Bureau of Internal Revenue experts estimate they could collect close to a billion dollars more annually without increasing taxes—if they had better income-tax enforcement.

Two years ago the 80th Congress chopped off a huge army of income-tax examiners, a group of hard-working, underpaid public servants who have the unpleasant but necessary job of checking on people's income taxes. While part of this cut personnel has been reinstated, the tax examiners still are under a budget that permits to inspect only a fraction of the returns.

On top of this has developed another tax—payment deterrent—namely, delays and wire-pulling in the prosecution of tax-fraud.

When the average taxpayer sees certain big shots getting away with spectacular tax violations, naturally he figures he is entitled to do the same.

This is not the fault of the Treasury tax examiners nor the prosecution officers of the Justice Department, most of whom are diligent public servants.

But when tax frauds are sent to U. S. district attorneys for criminal prosecution, interminable delays sometimes develop. Some district attorneys just do not want to prosecute. Sometimes local politics are involved, and since U. S. district attorneys are appointed under a political spoils system on the recommendation of senators and congressmen, they sometimes are more inclined to take orders from congressmen rather than from the Justice Department.

Delayed Cases. Whatever the reasons, here are some tax-fraud cases which have been delayed or sidetracked between the Justice Department and the district attorneys in the field. In some cases no politics may be involved; but in any case the effect on the rest of the tax-paying public is bad.

Just outside Washington, D. C. the T-men found that the sheriff of Prince Georges County, Md., Earl Sheriff, had collected about \$49,000 from gamblers during four years although he reported a total income of only \$8,400. But when the Justice Department sent this case to U. S. Attorney Bernard Flynn in Baltimore, he sent it back with advice that it was a difficult case to prosecute.

Again out in Kansas City, Kansas, the T-men caught an eminent doctor, Herbert Hessler, failing to report as income 1,000 fees received from patients during three years. The Justice Department sent the case to U. S. Attorney Lester Luther in Topeka for criminal prosecution, but Luther wrote back that he did not want to prosecute, because Dr. Hessler was too prominent in the community. The Justice Department instructed him to proceed anyway, however, and he now is doing so.

Patentees Indicted. Another significant case, reported in this column as early as 1943, was that of Mrs. Eleanor Patenotre and her son over concealed profits made from the sale of the Philadelphia Inquirer, whereby the Patenotres paid a tax of only \$1,867 in 1939 when they should have paid around \$200,000. Thanks to the diligence of one or two Treasury agents and a series of exposures by this column, the Patenotres finally were indicted in August 1948.

However, the significant fact is that the Justice Department had all its information available in 1945, and that Raymond Patenotre was in this country from 1945 on. Yet thanks to Patenotre's ability to hire one of the shrewdest tax attorneys in Washington, Ellsworth Alvord, no indictment was brought until 1948. Meanwhile there were libel threats against this column.

Even after the indictment, however, another year dragged by, with much legal haggling over a compromise. Finally it was arranged that Madame Patenotre would plead guilty and pay a \$2,000,000 cash settlement. If she didn't have to go to jail.

Most folks, of course, can't afford top lawyers or such big cash settlements.

Another interesting tax case was that of Bill Lias, well-known V. Va., gambler who originally pleaded guilty to cheating the government out of almost \$1,000,000. After he entered his guilty plea, however, a considerate judge allowed Lias to withdraw his plea and face a jury.

At the subsequent trial, U. S. Attorney Lee Spillers not only bungled the case, but was put in an extremely bad light when it was disclosed that he once had received a large political contribution from Lias. Incidentally, the Justice Department had wanted to try the case with a special prosecutor, but Spillers insisted on handling it himself.

West Texas Gas Company Expands Midland Office

An increase in the office force of the West Texas Gas Company here has necessitated the utilizing of the upper story of the firm's building at 211 North Colorado Street.

The expansion program started three months ago when Midland was designated as a district office, serving Odessa, Lamesa, Seagraves, Brownfield, Robesville, Seminole, Stanton, O'Donnell and Meadow. Bob Lewis is the district manager.

Eight new employes were added and another five company employes transferred to the Midland office.

The space on the second floor formerly was occupied by an oil company which moved into the Permian Building.

A new IBM system for billing has been installed in the Lubbock office. Central billing for this and other districts in the Lubbock area is being made from that office.

Seven miles of new eight-inch line is to be laid north and west of Midland soon by the firm.

Two-way radios providing crews in the field with contact with the Midland and Lubbock offices have been installed.

PLANE CRASH KILLS FOUR. PORT DEPOSIT, MD. (AP)—A private plane plummeted out of an overcast sky and crashed into the side of a hill Tuesday night, killing four persons, including E. L. Straus, a wealthy horseman.

Surgery Gaining Popularity As Treatment For Varicose Veins

By EDWIN F. JORDAN, M. D.

Varicose veins and varicose ulcers both a great many people in the middle and later years of life. Usually they do not produce pain or discomfort unless they are inflamed, but varicose veins more likely are to be inflamed than normal veins.

The veins near the surface all have folds or valves which prevent the blood from flowing the wrong way. They especially are important in the legs where the pressure of the blood in the veins is heavy.

The pressure on the valves in the veins of the legs especially is great and they are often broken. When this happens the necessary support is lessened and the vein becomes swollen. It is these swollen blood vessels which are called varicose veins. Swollen veins are unsightly and women especially dread them for this reason almost as much as because of the complications which they may produce.

Varicose veins often are removed by surgery. Injections for varicose veins have been used for many years. These act by closing the opening of the varicose vein entirely so that the blood must flow through some other vein which is either normal or lies deeper in the tissue. At present, surgery seems to be becoming more popular as a treatment and injections less so, though

both are used widely.

The treatment of ulcers still is difficult, although several methods are fairly successful. Probably the best method is to try to prevent serious swellings of ulcers by not neglecting the varicose veins at the beginning.

THE DOCTOR ANSWERS. By EDWIN F. JORDAN, M. D. QUESTION: Kindly say something about melanoma or black cancer.

ANSWER: The pigment or coloring matter of the skin is called melanin. When gathered together in one spot there is a black mole. Sometimes the cells containing this black pigment grow wild and produce a cancer which goes to other parts of the body. This is what is known as malignant melanoma.

Navy Hopes Vinson Will Help Tote The Ball For Their Side

By DOUGLAS LARSEN NEA Staff Correspondent

WASHINGTON—An important factor in the big Navy-unification dispute which hasn't been brought out is the personality of Carl Vinson (D-Ga), the big, aggressive, strong-willed boss of the House Armed Services Committee.

Secretary of Defense Louis Johnson put his finger on the crux of a real problem while he was appearing before a recent secret session of Vinson's committee. The two men were arguing over a defense matter when Johnson banged his fist on the table and said:

"I think, Mr. Vinson, that this has boiled down to the question of whether you are going to run this country's armed forces or whether you are going to let them run."

It's plain why Johnson's enemies are trying hard to keep him on the best possible terms with Vinson. If he wanted to, Vinson could make life very miserable for Johnson, as well as blip his record at the Pentagon. Vinson is the key military man on the Hill. It's almost essential that he and Johnson get along at least reasonably well.

But now there's even a stronger motive for Johnson to be on good terms with the big Georgian. Already it is being hinted that Johnson ought to be given another job on the grounds that he has made too many permanent enemies in the Navy Department to do an effective job in the future. If a bitter personal fight between the two men should develop over the Navy ruckus, or anything else, Johnson's enemies would have a potent argument to the President for the best getting him out of the Pentagon.

Both Men Are Alike. One of the difficulties of the situation is the fact that the two men are so much alike. Both are hard drivers, impatient with details and delay, resentful of having their decisions challenged and not too diplomatic in the way they handle people. Vinson runs his committee something like Johnson runs his. Another element in this ticklish situation is the great friendship and respect—amounting almost to reverence—which Vinson had for Johnson's predecessor, James Forrestal. They worked together in the closest and most cooperative manner.

Some Pentagon observers think that this tends to make Vinson resent it when Johnson reverses any policy which Forrestal put into effect.

In 1932 Vinson became chairman of the House Naval Affairs Committee and had served on the committee since 1914, the first year he was elected to Congress.

During those years he was a zealous Navy champion. He now is referred to as the "father" of the modern American Navy. A magazine article in the '30s called him "the loudest, loudest and loudest advocate of a big Navy." This fact also figures in the present fight between Johnson and the admirals.

Two years ago the Navy thought it had lost Vinson as a member in Congress. That was when he devoted so much of his time to leading the fight for the 70-group Air Force, in the face of the President's opposition. Then the admirals were sure that Vinson had deserted their side this Summer during the first B-36 hearings. He hardly gave the Navy a chance to speak before he declared the first section of the hearings at an end, with Air Force officials

clear of any charges of conniving on B-36 contracts. The admirals think they have Vinson back on their team. The way he has handled the Navy's side of the current dispute before Congress, they hope, proves it. Vinson is really the key figure in deciding which side finally will end up winner.

As far as being well informed on military matters, few civilians in the U. S. equal him. In fact, there are few men in the services who have his complete understanding and knowledge of the basic federal laws which govern the American military organization. To Vinson's credit, most military men who have done business with him claim that he has been very careful to keep out of purely military matters, involving tactics, for instance. He always has fought for a stronger U. S. military force and consistently advocated the development of new weapons.

Navy's hopes of eventually getting its giant carrier are planned on this latter fact.

Few people seem to understand that the addition of 17,000,000 users of real estate to our population in nine years is a big thing. Lots of houses are going to be built and lots of builders are going to build them.

Herbert U. Nelson, of the National Association of Real Estate Boards.

New Baptist Station To Go On Air Friday

DALLAS (AP)—The Baptist's new radio station will go on the air officially at 2 p.m. Friday.

The \$75,000 station, MYBS, has been testing the last week. Its main studio is in the Baptist Building here and its transmitter is 23 miles southwest of Dallas.

The station will be operated by the Baptist General Convention of Texas.

A gray-green fish, called the puffer, defends itself when in danger by suddenly assuming the appearance of a balloon.

riest had been decent, like we really should have over split milk. "No use cryin' over split milk, Ma."

He remembered that night, Jenny, her brown eyes eager as she went toward Ma, then the look of hurt surprise on her face. Later in the bedroom she had cried and said they couldn't stay there when they weren't wanted. She had loved him then. It made him feel sick inside thinking about it.

MA was still talking while she ate. "We all got lessons to learn, son. Some of us learn 'em early, and some late—too late. I always thought havin' a lot of money was the beginnin' an' end of bein' happy. I reckon it was because we always had such a tough row after Pa died. But now I know better. Havin' someone to love you and care what happens to you, that's the best of livin'."

Yes sir, if you've got that, you can do without the fancy stuff."

Tod stood up suddenly, showing his plate away. "For goodness sake, Ma!" he cried. "Can't you see I don't want to talk about Jenny?"

"But I wasn't sayin' anything about her."

"All I want is peace. A little peace!" He got his hat and went out of the apartment, downstairs to the small bar, and sat there for a while with a drink in front of him. He knew he shouldn't treat Ma that way. She was right. Having someone to love was all that did matter. But why did he have to have on it? It was too late now. All the time he had thought he was in love with Liz. But it hadn't been love at all. Just infatuation. Funny he couldn't have seen that. But then, he wasn't good enough for Jenny anyway. He was a bum.

And he had used to think he was class. Those days when he was a football hero, the big shot of the State University campus and been man on sports pages all across the country, seemed like a dream.

He sat at the bar all evening, watching the television and drinking. It was better than listening to Ma's talk. It kept him from thinking. As long as he could keep from thinking, he was all right.

(To Be Continued)

Someone to Love

By IRENE LONNEN ERNHART Copyright, 1949, NEA SERVICE, INC.

JENNY was working at the big hat-topped desk in her office when Nina came in. Nina hung up her coat. "Guess who I ran into during my lunch hour," she said.

"Who?" Jenny glanced from the advertising layout she was checking.

"Tod."

Jenny seemed to freeze. She bent her head over the papers.

"I talked to him for a few minutes."

Jenny looked up again, her face quite controlled. Funny wasn't it, she thought, that his name always made her heart start beating fast. But there wasn't anything you could do about your heart. "How'd he look?"

"Dapper as ever." Nina said brightly. She took a cigaret out of a box on her side of the desk, lit it and sat down.

"What did he have to say?"

"Not much. I did most of the talking. I told him about you and Rick. And I was glad to have the chance to tell him. It gave me pleasure to let him hear that you'd gotten over him completely."

"Did he say anything about—"

"About Liz?"

Jenny nodded.

twins filled it with noise and laughter. She was horribly tired, bodily and mentally.

A day or two later she thought she saw Tod, though she couldn't be sure. Her heart had turned over as she caught a glimpse of a tall broad-shouldered man on the opposite corner from the shop. He had been standing there when she came out, but then he had gone into the drug store before she could take a second look. Of course it wouldn't have been Tod, she thought.

BUT it had been. Several times lately Tod had allowed himself the dubious luxury of spending half his noon hour at the corner opposite the shop, watching for Jenny to come out on her way to lunch. He didn't know why he wanted to do such a thing but something inside wouldn't let him have any peace until he had seen her.

Even Ma was concerned about him. "I know I'm a bother to you, Tod. But you're all I've got," she said one evening over the meager supper she'd prepared for the two of them.

"You're no bother, Ma. I'm glad I've got you to come home to."

"You know, Tod," she said hesitantly, while I was in that nursing home, flat on my back thinking maybe I wasn't going to pull through, I did an awful lot of worryin' over a lot of different things."

"Yeah, I suppose so."

"I thought about the mistakes I'd made, raisin' Joe and Harriet, and why they turned out bad like they did. And I—well, I thought about Jenny too, and the way I treated her."

"I wouldn't worry about that, Ma. Tod said. He got up to pour their coffee. "It's my fault the way things turned out."

"Well, I don't know," Ma said as Tod sat down. "When you brought her home, right when you was first married, if me and Har-

Jenny nodded.

"I didn't give him a chance to say much of anything, hon," she lied glibly. "I was too busy impressing him with the fact that you're happy now and looking forward to your marriage with Rick."

"He didn't ask about the children either?"

"Not a word."

Jenny pushed her work aside. She was glad when Nina left her desk to go out into the shop. She wished all at once that she was going to marry Rick immediately. She was tired of the shop; tired of trying to appear bright and cheerful day after day; tired of going home to the emptiness of the house on Riverdale Road. And she did seem empty, even though the

Altrusans Plan For November Trip To District Convention

Plans were completed for a delegation from the Midland Altrusa Club, headed by Grace Wallace, president, to attend the annual Seventh District Altrusa conference in Shreveport, November 11 and 12, at the club's luncheon in the Blue Room of Hotel Scharbauer Tuesday.

Members who wish to make the trip as visitors are asked to notify Mrs. Wallace Wednesday so reservations may be made. The Midland representatives will go to Shreveport by automobile.

Maurine Mims gave an informal report of the recent inter-city meeting at San Angelo, where she was one of four representatives present from the Midland Club, and Willie Walker of Texarkana, Seventh District governor, was guest of honor. Mrs. R. A. Sawyer of Uvalde, Mrs. Wallace's mother, was a guest at the luncheon.

Assembly Tea Held In McCamey By Woman's Study Club

McCAMEY—The Woman's Study Club Assembly Tea, held Saturday in the Park Building, was the group's second social event this fall.

Mrs. Newton Key, Mrs. L. E. Windham, Mrs. M. R. McManigie and Mrs. Gordon Pussell were in the receiving line and Mrs. John Kellerman was at the registry.

Decorations were centered around gold and white, the club colors. Gold and white chrysanthemums were on the registration table and tea table. Baskets of mums and Autumn leaves carried out the color theme. Club officers served, assisted by Ann Key, Freda Marrs and Ann Carter.

Musical Selections

Mrs. Windham, president, welcomed guests and introduced Mrs. Steve Carter, who played two piano numbers. Ann Hawkins sang two selections, accompanied by Mrs. Key, and played during the tea hour.

Clubs whose members were guests at the tea included the McCamey Home Demonstration Clubs, the Garden Club, the VFW Auxiliary, the B&P Club, and the Rankin Study Club. School faculty members also were guests.

Out-of-city guests were Lelyse Harris, Ruby Nell Braly and Mrs. Ralph Guyer, Midland; Mrs. Hamp Carter, Mrs. Henry Neal, Mrs. W. A. Hudson, Mrs. C. G. Taylor and Cleova Quiet, Rankin; Mrs. F. Stephen Carter of Wichita Falls, Mrs. C. P. Yeager of Mineral Wells, Mrs. Earl T. Hays, Mrs. Amos Floyd and Mrs. H. C. Logan of Big Lake and Mrs. C. E. Halley of Gladewater.

Guests Listed

Others attending were Mrs. J. R. Smith, Mrs. W. L. Vanatta, Mrs. C. N. Addison, Mrs. Robert K. Thompson, Mrs. Deward Cook, Mrs. H. F. Curry, Mrs. Don Smith, Mrs. Walter Harris, Mrs. Roy I. Carter, Mrs. A. W. Fisher, Mrs. T. L. Fuller, Mrs. Irby Thomas, Mrs. J. L. Handing, Mrs. S. R. Braly, Mrs. N. Ethie Eagleton, Mrs. Hal Holmes, Mrs. Burley McCollum, Mrs. Roy W. Johnson, Mrs. Horace Slaughter, Mrs. Robert S. Cope, Mrs. E. J. Mann, Mrs. C. E. Harris, Mrs. J. P. Pussell, Mrs. J. A. Rutherford, Mrs. J. W. Gaddy, Jr., Mrs. J. A. Fleming, Mrs. Edward M. Kuhn, Mrs. James C. Via, Mrs. Bess W. Moorman, Mrs. Erle Bone, Mrs. Curtis Thomas, Mrs. Dee Locklin, Mrs. Paul Neal, Mrs. Stanley Cathey, Mrs. Paul Crandell, Mrs. R. M. Carroll, Jr., Mrs. Mary Newton, Mrs. H. H. Qualls, Mrs. W. J. Campbell, Mrs. D. Breeding, Mrs. Charles C. Langdon, Mrs. Baker Ingram, Mrs. Paul McFadden, Mrs. Joe Conger, Mrs. Martin Slaughter and Mrs. R. E. Ruble.

It will take from two to six hours to defrost quick-frozen eviscerated chicken if the package is left at room temperature.

SOCIETY

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, OCT. 26, 1949-5

Group Of New Members In AAUW Feted

New non-professional members of the American Association of University Women were entertained at a coffee Tuesday morning in the home of Mrs. L. C. Thomas, AAUW president, Mrs. Thomas and Mrs. Ray Seifert, membership chairman, were hostesses.

This was one of several coffees which are being given for new members. Plans include one for new professional members and several others will be held. These coffees are for small groups to facilitate members becoming better acquainted.

The serving table was set with a blue satin damask cloth and silver and crystal appointments. White shaggy daisies were used for the centerpiece.

New Members Introduced

Mrs. C. L. Davenport served and Mrs. L. C. Mills assisted in the house party.

New members were introduced and plans for bridge parties which may be held during the year were discussed.

Guests included Mrs. James F. Pliska, Mrs. R. M. Minton, Jr., Mrs. Robert G. Patterson, Mrs. Ralph D. Chambers, Mrs. James O. Simmons, Jr., Mrs. W. H. Carter, Mrs. A. L. Gill, Mrs. C. R. Gaylord, Mrs. H. E. Davis, Mrs. Frank T. Mrs. W. E. Cox, Mrs. R. E. Hubbard, Mrs. J. C. Mayes, Jr., Mrs. Loyd Whitley, Mrs. L. F. Peterson, Mrs. C. K. Lowe, Mrs. A. D. Slover, Mrs. R. E. Greer and Mrs. Donald M. Clark.

Coming Events

THURSDAY

Palette Club studio will be open to members for painting all day and at night.

DYT Sewing Club will meet for luncheon at 1 p. m. in the home of Mrs. Roy McKee, 907 West Michigan Street.

First Presbyterian Sunday School worker's conference supper will be at 8:30 p. m. in the church.

First Baptist young people's Halloween party will be at 7:30 p. m.

Trinity Episcopal confirmation classes for adults will be at 7:30 p. m.

Iota Beta chapter of Beta Sigma Phi will meet at 7:30 p. m. in the parlor of the First Presbyterian Church.

Xi Theta chapter of Beta Sigma Phi will have a regular meeting at 7:30 p. m.

Cub Scout Pack 6 meeting for national troop inspection and graduation will be at 7:30 p. m. in West Elementary School Auditorium.

Forty-Niners Square Dance Club will meet at 8 p. m. in the Midland Officers Club.

American Association of University Women Recent Graduates Group will meet at 8 p. m. in the home of Mrs. Charles Henderson, 1202 West Storey Street.

FRIDAY

Ladies Golf Association will meet for luncheon and progressive bridge at 1 p. m. in the Midland Country Club with Mrs. Tex Carleton and Mrs. Mike Brumblow as hostesses.

SATURDAY

Children's Story Hour will be at 10:30 a. m. in the Children's Room of the Midland County Library.

Moment Musical, junior music club, will meet at 11 a. m. in the Watson Studio.

Junior Theater will meet at 10:30 a. m. in the City-County Auditorium.

Trinity Episcopal Confirmation classes for children will be at 10 a. m.

A Halloween costume dance will entertain members of Ranchland Hill Country Club in the clubhouse, beginning at 8 p. m.

ULMERS WILL ATTEND BANKERS CONVENTION

Mrs. and Mrs. M. C. Ulmer will leave Thursday for San Francisco to attend the annual convention of the American Bankers Association October 29-November 2.

They will board a special train in Lubbock, carrying Texas bankers to the meeting. Ulmer, president of The First National Bank of Midland, is a member of the ABA Executive Council. It has four members from Texas.

December 9 Date Set For Circle Benefit

December 9 is the date chosen by the Irene Nix Circle of the First Methodist Woman's Society for a Christmas sale, supper and entertainment. Announcement of the date was made by Mrs. Lloyd W. Campbell, general chairman. The bazaar will be open from 6 to 10 p. m.

Against a colorful background of Christmas decorations in the Fellowship Hall, booths for selling homemade baked goods, handmade gift items, surprise packages and commercial merchandise will be arranged. Other features are to be announced as committees complete plans.

Mrs. Ralph McClesley will have charge of the grab bag, aided by Mrs. Fred M. Carroll, Mrs. Jeff D. Montgomery will direct the bakery sales with her committee, Mrs. John Tice, Mrs. J. C. Mayes, Jr. and Mrs. Edwin C. Hall. Mrs. Waldemar Dressell, assisted by Mrs. Billy C. Johnson and Mrs. A. V. Johnson, will arrange the hand-made items.

Other Committees

Mrs. William M. Johnson is chairman of the commercial merchandise, aided by Mrs. Harvey Henderson and Mrs. Glenn Richerson. Mrs. Dale McReynolds and Mrs. Charles McDonald will be in charge of the sale of "hot dogs" and beverages for the shoppers' refreshment.

Mrs. Ernest Nance and Mrs. Charles McDonald will create the holiday setting in the hall, and Deneva Metrell will take charge of the nursery for small children.

Mrs. William Sandeen is bazaar treasurer and Mrs. Brandon E. Rea is publicity chairman, working with Mrs. Tice, in charge of posters.

House Guest Is Introduced

Inviting a group of friends to meet her mother-in-law, Mrs. W. B. Price of Fort Worth, Mrs. James Price entertained with a coffee for the visitors Tuesday morning in her home, 1007 North Big Spring Street.

Mrs. Ralph Geisler and Mrs. Tom Abernathy assisted Mrs. Price in serving coffee to the callers, who spent an hour informally. Vases of margoldos decorated the rooms, and the honoree wore a corsage of rosebuds.

Guests included Mrs. George Byrne, Mrs. Joe Canon, Mrs. Henry Wolcott, the Rev. Francis Taylor, the Rev. Edward Murray, Mrs. Ben Dansey, Jr., Mrs. Ed Kent, Mrs. Ray Howard, Mrs. Ben Thomason, Mrs. E. S. Connor, Mrs. C. H. Collins, Mrs. Lamar Lunt, Mrs. William Herndon, Mrs. H. M. Shade, Mrs. Ray Kelley and Mrs. Joe Kelley.

Recent Graduates In AAUW Are To Meet, Hear Book Review

Mrs. Earl Johnson will give a book review at the first meeting of the American Association of University Women Recent Graduates Group Thursday.

The meeting will be held at 8 p. m. in the home of Mrs. Charles Henderson, 1202 West Storey Street. A special invitation has been extended to recent college and university graduates.

SEAYS HAVE SON

Mr. and Mrs. R. A. Seay, 305 South Pecos Street, have announced the birth of a son, Benjamin Murphy. He was born Tuesday at the Women's Hospital and weighed six pounds.

Group Of New Members In AAUW Feted

New non-professional members of the American Association of University Women were entertained at a coffee Tuesday morning in the home of Mrs. L. C. Thomas, AAUW president, Mrs. Thomas and Mrs. Ray Seifert, membership chairman, were hostesses.

Greer and Mrs. Donald M. Clark.

Winning Pupils Are P-TA Movie Guests

Pupils of Mrs. Marivena Kemp's room at North Elementary School enjoyed a movie, "Date With Judy," Tuesday afternoon as guests of the North Elementary Parent-Teacher Association. That room was winner in the annual membership contest of the P-TA.

The membership campaign closed Saturday with 502 enrolled, an increase over enrollment at the same date last year and two more than the total enrollment for last term. The contest between schoolrooms was a part of the week's campaign.

Purpose of the campaign was to enlist as many parents as possible in the organization, to study and improve the educational facilities of the school, Mrs. Stanley Erskine, president, said.

Campaign Leaders

Mrs. H. E. Chiles, membership chairman, was in charge of the campaign, assisted by one room mother from each room. The list included Mrs. Al Cowden, Mrs. R. L. Burke, Mrs. Waldo L. Grossman, Mrs. Edwin Van DenBark, Mrs. John J. Redfern, Mrs. J. A. Jorgensen, Mrs. R. H. Frizzell, Mrs. W. E. Hillpold, Mrs. E. B. Ray, Mrs. F. B. Whitaker, Jr., Mrs. Don Sadler, Mrs. Olympus Young, Mrs. John H. Kelsey, Mrs. Cecil D. Hodges, Mrs. B. H. Spaw and Mrs. P. C. Pogue.

Auxiliary Will Send Clothing To Orphans

A box of clothing will be packed for shipment to a church orphanage when the Women's Auxiliary of the First Free Will Baptist Church meets next Monday in Mrs. Gus Miller's home. The work committee reported that soap was made for the orphanage last week.

Mrs. Jynelle McLeary was hostess to the auxiliary Monday afternoon. Mrs. Miller conducted mission study; the devotion was by Mrs. H. E. Ritenour and prayers by Mrs. Bert Onley. Mrs. McLeary and Mrs. Miller. Members reported making 12 visits to the sick in the last week.

Print And Painting Classes Still Open

Classes are in session each day in the Palette Club Studio where Mr. and Mrs. Arthur W. Hall of Santa Fe are the instructors for a short course in oil and watercolor painting, block and silk screen printing. Students who wish to enroll for instruction may do so at any time.

This is the first time silk screen printing has been taught in Midland, although two exhibits of pictures in that medium last year interested a number of residents who requested the classes. The Palette Club and Midland Art Center ordered the necessary equipment and housed it in the room which has been added recently to the studio in order to provide space for such work.

Mrs. Hall is the teacher for printmaking, with classes on Monday, Wednesday and Friday mornings of each week and also at night. Other classes start at 9 a. m. and 1 p. m. each day. The night hours are 7 to 9 p. m. At 10 a. m. Saturday the Halls will conduct a general discussion and criticism session for their pupils, which is open to any other interested persons.

Stocks Leader Lines

The Western Appliance Company, 210 North Colorado Street, handles leading lines of electrical and gas appliances, Jacuzzi and Myers systems, and operates a butane gas service.
Arlo Forrest and Winston Manuel are owners and operators of the business.
Among the more popular kitchen appliances handled by the firm are Magic Chef and Estate gas ranges, Estate and Admiral electric ranges and Servel refrigerators.
Bendix automatic washers, driers and ironers and leading lines of heaters also are featured.
Dearborn and Radiare gas heaters are among the popular lines of heaters handled.
The Western Appliance Company invites citizens to come in and look over the features of the new Magic Chef range. The new 2300 series is built and styled like the more expensive models, with many special Magic Chef exclusive cooking features.
This full-sized 39-inch model has instant, automatic top burner lighting, with non-clogging, hi-lo control. All burners have a lifetime guarantee.
Another new development in the appliance line is the Bendix Economat automatic agitator washer. This model features the amazing wonder-tub which "revolutionizes" washing. It has undertow washing action, floataway draining and squeeze drying. Western Appliance invites inspection of this washer.
The outline of an oak leaf bears a striking resemblance to the outline of an oak tree.

Pannell Brothers Equipped To Serve

Pictured are trucks and the bulk plant of Pannell Brothers, located at the corner of Pecos and West North Front Streets. The firm is prepared to fill any needs for ready-mix concrete, sand and gravel for residential or commercial work. From the smallest order to the largest, Pannell Brothers' policy of quality, rapid service and moderate cost always is carried out. For estimates on any job, the firm invites you to pay it a visit or to telephone No. 1797.

Midland Iron Works Can Serve Both Commercial And Residential Orders

The Midland Iron Works, specializing in ornamental and structural steel for residential, commercial and industrial purposes, performs a wide variety of services.
Located at 900 West North Front Street, the firm is owned and managed by Oscar and Tom Watlington. The Midland Iron Works was opened here in 1944. The owners had previous experience in this work in Houston and other cities.
The firm is equipped and prepared

latest design is used by the Midland Iron Works.
The firm takes special orders for beams and similar structural steel and will erect it according to the most exact specifications.

Ad For Baby Foods Only 36 Years Late
GRAND ISLAND, NEB.—(AP)—A Grand Island woman opened her mail to find an advertising letter from a manufacturer of baby foods. The first line read: "Your child will be walking in a few weeks."
The letter's recipient was 79 years old. Her eldest son is in the upper 50's. Her youngest child, a daughter, is 37.
The bronze eagle atop Idaho's state capitol building at Boise is 12 feet high.

A Christmas Gift Reminder—Something Leather At Friday's

Floyd Friday and Company, 113 East Wall Street, has been doing fine leather work and boot and shoe repair for Midland and area residents since 1932.
The firm now is taking Christmas orders for hand-made boots and other leather products. Floyd Friday said orders for these gifts should be made soon in order to have them completed and delivered in plenty of time for Christmas giving.
Twenty-four-hour service is given on shoe repairing. There are two experts in the shoe repair department and the same number of boot makers.
Leather novelties, women's hand-tooled purses, handmade notebooks and children's boots also are featured.
Men's leather belts, made to order with the name engraved, are other products of Floyd Friday and Company which are finding increasing favor.
A large stock of Navajo blankets is carried by the firm.
Friday solicits repair business and invites residents to come in and look over the stock for Christmas ideas.
Women's handmade sandals and men's wallets are other fine products which may be obtained here.

Most Of Missouri Industrial Firms Have Full Program

ST. LOUIS—Approximately 75 per cent of Missouri's 3,300 industrial companies have begun programs to provide steady, year-around employment for their workers, according to a survey released by the Associated Industries of Missouri.
The organization, composed of the state's 1,500 major industries, based the estimate on a survey among its own members to determine action taken during the last decade "to level off peaks and valleys, and to eliminate seasonal fluctuations" in employment.
Herbert M. Ramel, president of Associated Industries and vice president of Ramsey Corporation, said management's job stabilization efforts are most pronounced in the fields of sales promotion, production methods, development of new products and training of employees to handle more than one job.
Ramel, who recently returned from the Congress of the International Labor Organization at Geneva, Switzerland, where he served as adviser to the United States delegation's industry representative, said of the survey:
"The fact that approximately three out of every four industrial concerns have taken action to avoid lay-offs and provide steady employment for their workers, should be a morale boost to men and women concerned about unemployment."

Deer Warned About Pesky Motorists

QUINCY, CALIF.—(AP)—Could be that H. O. Williams of the Plumas County Chamber of Commerce is a cynic. In this deer country the usual highway sign reads: "Drive slowly — Deer Crossing." Williams has put signs along a dozen roads that read: "Deer keep off highway—motorists passing."

Deer Warned About Pesky Motorists

The streamlined train, Zephyr, ran the 1100 miles from Denver to Chicago at an average speed of 78 miles an hour.

Knife-Wielding Try At Car Theft Puts Girls In Hoosgow

CHICAGO—(AP)—Four knife-wielding high school girls tried their hands at kidnaping and car theft Tuesday but ended up in the juvenile home.

They told Capt. Walter Healy they were playing hooky from school and wanted an automobile ride because "it was such a nice day."

Mrs. Dorothy Hurley, 41, wife of a packing company executive, told Healy the girls forced their way into her car in front of her South-side home. She said one of the girls pressed "something sharp" against her side and instructed her to drive west.

About five miles away, she said, the girls showed her a knife with a three-inch blade and ordered her out of the car. Mrs. Hurley snatched the keys from the car and ran, screaming for help.

The girls ran into an alley but were seized by police. Police withheld names of the girls because of their ages, but they said one is 16 years old, the others 15.

Whales have a larger amount of blood in proportion to their size than other mammals, according to the Encyclopedia Britannica.

I TAKE IT 'CAUSE I LIKE IT!

Wonderful! It's so easy to get youngsters to take Syrup of Black-Draught for it has a pleasant sweet spicy taste! It's made by a manufacturer of quality preparations for four generations. Next time, buy Syrup of Black-Draught. Just say to your druggist—Syrup of Black-Draught.

Baptists To Discuss Budget Distribution At El Paso Meeting

EL PASO—For the first time in its 101 years, the Baptist General Convention of Texas, meeting in El Paso November 1-3, will hear a recommendation that half of a \$5,000,000 budget be designated for worldwide causes.

Denominational causes within the state, which would receive the other \$2,500,000, generally have been allowed more than 50 per cent of the receipts. Besides the regular budget, the convention is expected to accept another \$5,000,000 goal for individual gifts to Baptist institutions. This would be the second consecutive year for the \$10,000,000 project.

Annual pre-convention meetings of the Women's Missionary Union and the Men's Brotherhood are scheduled Monday and Tuesday. The general convention will begin Tuesday evening. Approximately 3,000 Baptists are expected for the general meeting.

Well-known denominational leaders from Texas, Tennessee, Oklahoma and Louisiana will speak during the three-day convention.

Texas Mental Patient Pleads Innocent To Sex Slaying Charge

SPARTA, WIS.—(AP)—Jose Ramirez, a mental patient at the Tomah, Wis., Veterans' Hospital, changed his plea Tuesday from guilty to innocent in the sex slaying of an 82-year-old widowed grandmother. He then was ordered to undergo a 20-day observation period at the State Mental Hospital.

Ramirez, a 23-year-old itinerant farm worker from Ozona, Texas, is charged with first degree murder in the death last Friday of Mrs. Etta Hoag. An autopsy revealed the frail widow had been raped before her stripped and beaten body was found in a private garage.

Keep Out Of Federal Squabbles, Johnson Advises REA Groups

EL PASO—(AP)—Senator Lyndon Johnson of Texas says rural electrification co-ops ought to steer clear of federal squabbles.

He said Tuesday night co-ops had no reason to get into such fights as the recent Senate battle over nomination of Leland Olds as federal power commissioner.

But, he told a meeting of REA co-ops from Texas, New Mexico and Arizona, "a man purporting to speak for all of you went on record publicly with an endorsement of the nomination."

Gov. Allan Shivers of Texas spoke to the group Wednesday. He arrived by plane Tuesday and accepted for the state two National Guard vehicular storage buildings. Shivers and Johnson were guests of honor Tuesday night at a dinner of the County Democratic Executive Committee.

Johnson had this to say on the Olds fight: "The graveyard of good intentions is filled with the remains of individuals and organizations who nosed into affairs which were not their own."

"Recently, in Washington, a man who represents your co-ops called me to discuss the nomination of Mr. Leland Olds to the Federal Power Commission. As you may recall, I had some interest in Senate action on that appointment. During my discussion with this man who telephoned me, I told him that on the basis of Mr. Olds' record I personally could not approve his re-nomination and that the Senate would not approve it.

Clever Propaganda
"I tried to point out that a clever, but deceitful propaganda campaign was underway to high-pressure me and high-pressure the Senate into confirming Mr. Olds. The propagandists pretended that Mr. Olds was a martyr being crucified by the big power companies and the big gas companies. That was simply not true—it was the same old smokescreen behind which many men hide when they need to hide their records. If Joe Stalin were nominated, I suppose his pals would try to arouse support by shouting that the power lobby was against him. By my standards, however, a man must do more than have one run-in with the utilities to justify confirmation for high public responsibility."

Shortly afterward, the Senate turned down the nomination by a vote of 53 to 15.

The state cooperative groups elected officers late Tuesday. Texas officers include:

C. M. Lester of Stamford, president; Garland Pennington of Tahoka, vice president; M. G. Hyllin of San Marcos, secretary-treasurer; and A. L. Duncan of Decatur. Allen Burditt of La Ward, Weldon Groves of Hamilton and D. B. Lancaster of Douglasville, directors.

ETERNAL CITY
Rome is called the "Eternal City" because the Romans themselves thought that no matter what happened in the world, no matter how many other empires might rise and fall, Rome would go on forever.

Civics Textbook Statement On Communism Brings Action By Houston's School Board

HOUSTON—(AP)—Houston High School seniors still had their civics textbook, "American Government" Wednesday—despite the Houston School Board's vote Tuesday to ban it.

Attorney Ewing Werlein, the member who cited a paragraph which the board found objectionable, said they may have to go ahead and use the book—at least temporarily.

He said no other texts are available and, besides, civics classes for this term already have studied the section which has the paragraph complained of.

The paragraph on capitalism—had references in it that might cause youngsters "to think socialism and communism are good," said Werlein.

Tuesday Mrs. Frank Magruder, wife of the book's author, said her husband "definitely is not a Communist," and "it looks like somebody is on a witch hunt."

Charles Bacon, senior partner of the book's publisher, Allyn & Bacon of Boston, said he believed the board would have been satisfied with the 1948 edition's statement about capitalism.

Most of Houston's students have the 1945 edition—the one adopted after the State Textbook Commit-

tee had approved it. Others have the 1947 edition.

The board took action without noting the fact two editions were being used in the schools.

The paragraph in the 1947 edition says the United States is called a capitalistic society, but does not have pure capitalism. It reads in part: "x x postal system, power projects, and progressive taxes are bits of socialism; and public free education and old age assistance are examples of communism."

Magruder is a retired Oregon State history professor. The Oregon Education Board said the book had been standard for 30 years, and that the current edition doesn't contain the reference to communism.

It cited this passage in a 1948 revised edition of the book: "The country is capitalistic, modified by certain socialistic trends. Among them may be mentioned the postal system, public power projects, progressive income taxes, old age pensions, and free public education. Some of these are so old and well established that we seldom think of them as socialistic."

James Fenimore Cooper, author of the "Last of the Mohicans," wrote 70 books in 30 years.

Two Unbeaten Grid Outfits Face Acid Tests Friday Night

The surprising Henderson Lions, who have gone through six games undefeated and untied and yielded only seven points to the opposition, get the acid test this week in the feature game of Texas schoolboy football.

The Lions, a quick-striking outfit, meet Marshall at Marshall Friday night and if they hurdle that one they'll be top favorites for the District 9 championship of Class AA.

Henderson is one of six unbeaten, untied eleven in the state. Marshall lost the first time last week and it was a surprise, too. South Park of Beaumont took them down. But Marshall still is the most formidable opponent for Henderson.

Another of the teams with unblemished records also gets a rugged test. Corsicana, just as surprising as Henderson, takes on Waco at Waco Friday night and the District 13 championship is on the line.

Other unbeaten, untied teams appear in no danger. Wichita Falls plays Quanah, Lubbock marches against Lamesa and Fort Arthur against Orange while Grand Prairie rests.

Among the unbeaten but tied, Reagan of Houston plays Milby of Houston in District 3 of the City Conference. Baytown engages Pasadena in District 12 conference game in Class AA. Neither expects to lose.

There are 49 games in the state this weekend with 38 of them conference affairs. They involve 18 of the 20 districts of the City Conference and Class AA. It is the first week for conference games to predominate.

The week's schedule by districts (conference games except where indicated otherwise) includes: District 1—Friday: Elk City, Okla., at Borger (non-conference). Yaleta at Amarillo (non-conference).

District 2—Friday: Graham at Electric, Childress at Vernon, Wichita Falls at Quanah.

District 3—Friday: Lamesa at Lubbock, Midland at Odessa.

District 4—Friday: El Paso High vs Bowie (El Paso); Saturday: Big Spring at Austin (El Paso) (non-conference).

District 5—Friday: San Angelo at Brownwood, Abilene at Sweetwater.

James "Froggie" Williams, Rice end, last week's lineman, almost did it again with his performance against Texas. He booted a game-winning field goal with only 10 seconds left. On two other occasions he bumped a Texas runner out of bounds on the Rice two for no gain and intercepted a fourth down pass when Texas again was on the Rice two.

Other nominations included: Ends — Morris Bailey, Texas Christian, Dick Callender, Texas A&M and Carl Wallace, Southern Methodist.

Guard—Chuck Stone, Baylor.

Ralph Kiner of Pittsburgh is the first player ever to lead his league in home runs the first four seasons.

Pitchout Man

Howard Dye, 160-pound Odessa back, is considered the leading man for the Bronchos on taking pitchouts. He is Odessa's leading ground-gainer.

Penn Guard Chosen Week's Top Lineman

NEW YORK—(P)—John "Bull" Schweder, University of Pennsylvania guard, gained national recognition Tuesday by being selected lineman of the week.

Winner of the fifth Associated Press poll, Schweder took top honors for his play against Navy on Franklin Field, Philadelphia. Penn won 28-7 principally because of a better line.

James "Froggie" Williams, Rice end, last week's lineman, almost did it again with his performance against Texas. He booted a game-winning field goal with only 10 seconds left. On two other occasions he bumped a Texas runner out of bounds on the Rice two for no gain and intercepted a fourth down pass when Texas again was on the Rice two.

Other nominations included: Ends — Morris Bailey, Texas Christian, Dick Callender, Texas A&M and Carl Wallace, Southern Methodist.

Guard—Chuck Stone, Baylor.

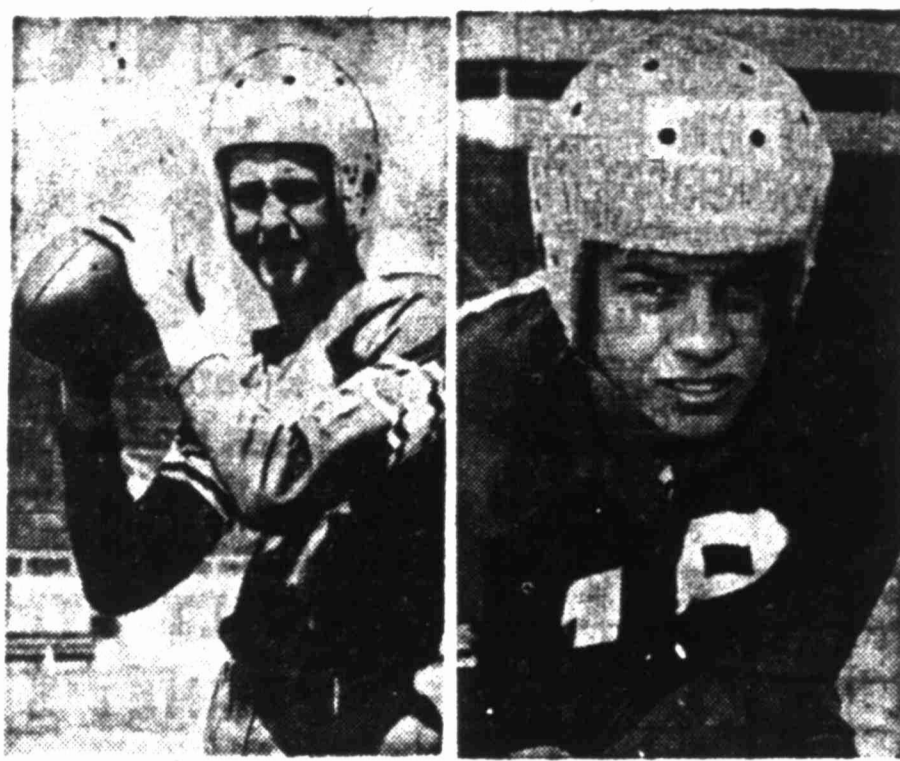

Ralph Kiner of Pittsburgh is the first player ever to lead his league in home runs the first four seasons.

Passing Combination

The Odessa Bronchos use this combination to cover distance through the air. Charles Clover, left, does the chunking. His favorite target is Paul Erwin, right end, pictured at right. They'll be in the lineup against Midland Friday night.

Bulldogs Slate Last Hard Drill Before Odessa Tilt

The Midland Bulldogs were scheduled to take their last contact work Wednesday afternoon in preparation for the grid clash with their nearest rival—the Odessa Bronchos—Friday night in Odessa's Broncho Stadium. Defense and offense received equal attention in Tuesday's session and Wednesday's drill was to follow the same pattern.

Coach Tugboat Jones is pleased with the improvement his boys have shown on offense since the Sweetwater game. The backs, especially Jack Burris and L. C. Thomas, are executing plays much better. Ralph Brooks has come along nicely this week on running plays. He has learned to find his holes and follow the interference better.

Offensive blocking is becoming more and more certain in every workout. Jack Mobley, Pete English and Dalton Byerley are cutting down their men better on trap plays and Tackles Al Baze and Bob Wood are charging lower and harder.

The backs are receiving better blocking from all end candidates. Jimmy Lineberger has developed into a deadly blocker. Bob Evans also is showing power.

Dwane Bush has been snapping the forwards out of the air better than ever. He may land a starting offensive assignment against the Bronchos.

Harrie Smith and Graham Mackey are in good shape for the game.

Defensively, the Bulldogs are looking stronger. Jimmy O'Neal, Reed Gilmore and Robert Burks will present a solid secondary to the powerful Bronchos. They have been worked, along with Thomas and Burris, on ways and means of stopping the Odessa aerial attack.

Indications are the Bulldogs definitely will be at full strength for the tilt. Outstanding injuries have healed well, aided by last week's open date.

Reports have filtered in that several Odessa players have been out with the flu this week. Tiny Etheredge, starting tackle, and Charles Clover, ace passer, are reported to be among them.

However, an Odessa source Tuesday said all hands had returned to workouts and were "on deck."

Coach Tugboat Jones of Midland was among the thousands who flocked to Abilene Saturday night to witness the Abilene Christian-McMurry clash.

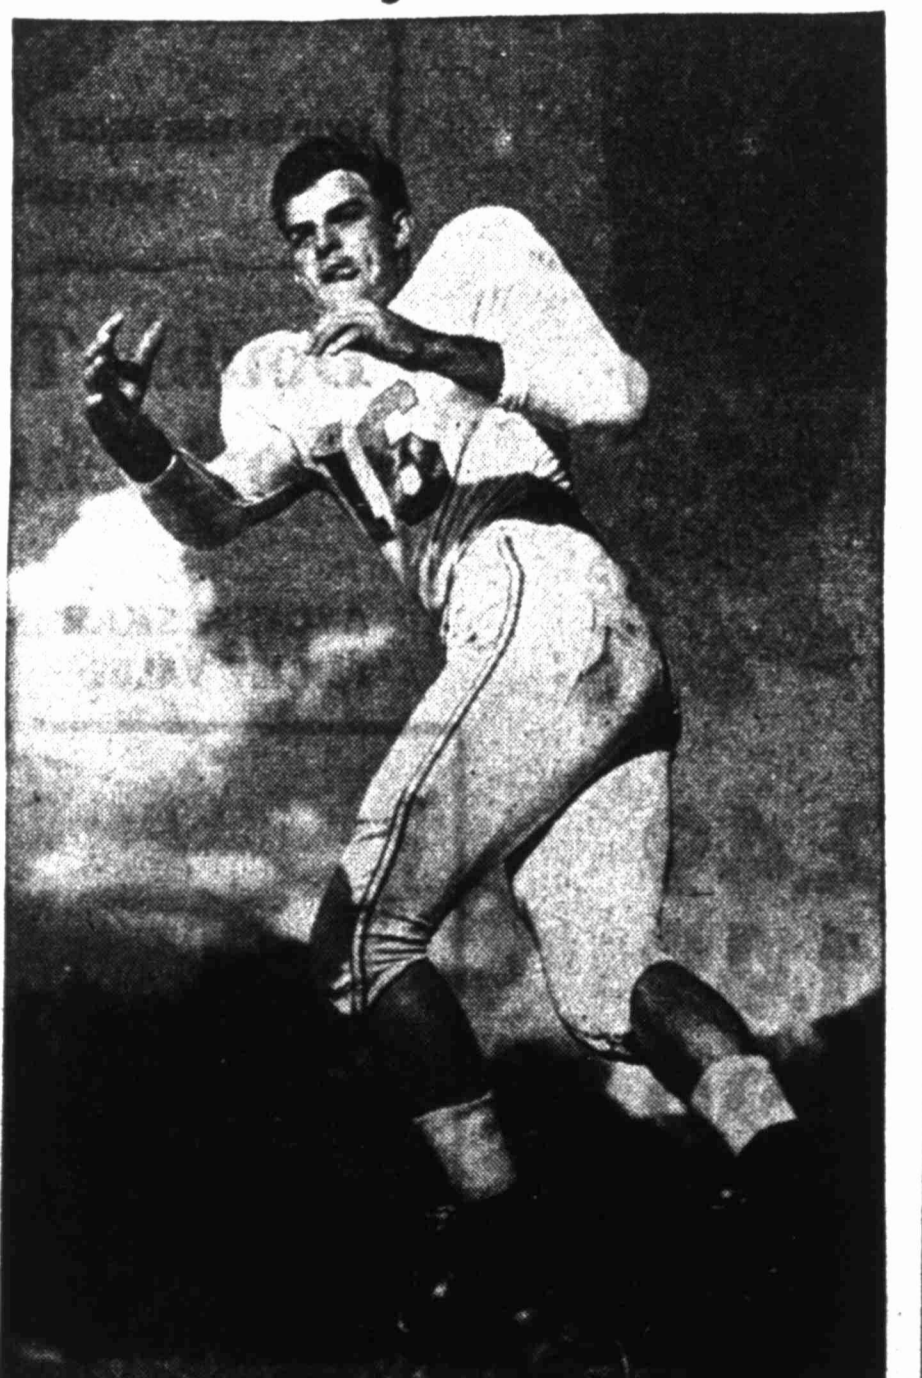

Tugboat says McMurry has one of the finest clubs he ever saw in the Texas Conference.

Considering he played on some fair outfits back in the late 1930's and early 1940's, it must be a whiz. Tugboat packed the pigskin for ACC in his heyday.

He even estimates McMurry could give Hardin-Simmons a good battle.

The "Four Horsemen," probably the greatest backfield combination in the history of Notre Dame's grid campaigns, have been invited to participate in ceremonies celebrating

High Scorer

MARSHALL CLARK, senior right halfback for the University of Texas, is the leading scorer in the Southwest Conference. He has compiled his impressive total with good, hard ball-carrying and accurate kicking on placements. A great competitor and a clutch player, he is a leading all-conference candidate. He is from Pampa.

Sports

6—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, OCT. 26, 1949

Southwest Paces Nation In Rising Grid Attendance

NEW YORK—(P)—The college football boom continues with a four per cent attendance increase for the first half of the 1949 season.

A survey by The Associated Press of 303 games played by 111 teams in all sections of the nation reflects a nine per cent decline in the East but gains in all other sectors including an eye-catching 29 per cent upswing in the Southwest.

Michigan tops the list with 291,717 for the first three sellouts at Ann Arbor, where the stadium capacity has been increased from 87,029 to 97,239.

Southern Methodist, playing its games in the 72,000 capacity Cotton Bowl, has drawn 229,000 for four games. Stanford's total is 258,000 for five games and Southern California has been seen by 209,005 in four home appearances.

Pennsylvania, which usually sells out Franklin Field, dipped from 190,000 to 137,000 for its first three home starts.

The 111 schools, probably about a fourth of all those playing intercollegiate football, totaled 7,068,050 for the 303 games. It is likely that at least 10,000,000 fans saw college games in the first half of the season.

Here is the Southwest attendance:

College	1949	1948
Arkansas	61,000	50,061

Austin Vs. McMurry Tilt At Sherman Is Texas Loop Topper

By The Associated Press Austin College, which won its first game of the season last week, meets powerful McMurry at Sherman Saturday night in the feature game of the Texas Conference this week.

It will be veteran coach vs an up-and-coming new one.

Morrison, whose Southern Methodist University teams made the football world "razle-dazle" conscious, heads Austin College. Willford Moore is skipper of the fast-moving McMurry eleven.

McMurry's season record (4-2) and conference record (2-0) is superior to that of the Kangaroos, who Saturday night won their first game in five starts. It was a non-conference affair, 33-0 over Southwestern Missouri.

Southwestern University is favored over East Texas Baptist in a game at Georgetown, but Howard Payne and Texas A&I have tough assignments.

Payne, in second place, meets Trinity University of the Gulf Coast Conference in San Antonio. A&I goes to Alpine to play Sul Ross of the New Mexico Conference.

Abilene Christian is open.

NEW YORK —(P)—Nineteen of the 35 members of the football squad of City College of New York are newcomers to college football. In addition, 16 of the 35 did not play high school football, mainly because some New York City high schools do not participate in the sport. All the men are from the city—19 from the borough of the Bronx, seven from Brooklyn, four from Manhattan and five from Queens.

Here's The Pitch

Sammy Baugh gives instructions to his sons, Todd, left, eight, and Davey, six. The youngsters saw their famous father in action for the first time, defeating the New York Bulldogs at Griffith Stadium with four touchdown passes, 38-14. Left the Washington Redskins worry about future passers, there are two more little Baughs back home at Sweetwater, Texas.

Payoff For Teams In Dixie Bowl Games To Be Higher In 1950

ATLANTA—(AP)—The payoff for playing in 1950 football bowls will be greater than ever with the adoption of NCAA "proposals" by three of Dixie's major bowls.

The Sugar in New Orleans, Cotton in Dallas and Gator in Jacksonville have approved the National Collegiate Athletic Association recommendation that each competing team be paid at least 40 per cent of gate receipts.

A fourth big bowl, the Orange in Miami, is studying the proposals. Immediate acceptance by the Sugar, Cotton and Gator are premature since the NCAA cannot pass or reject its bowl committee's suggestions until after the January 2 games.

James H. Stewart, Cotton Bowl director, estimates that each team playing in Dallas' 1950 classic will receive in excess of \$120,000. The 1949 games provided Southern Methodist and Oregon with nearly \$100,000 each.

The Cotton Bowl is 8,000 seats larger this year. Capacity was increased from 67,237 to 75,347.

The "80 per cent" regulation will be exceeded in Dallas. Eighty-five per cent of gate receipts always go to teams with the other 15 per cent going to rental on the stadium.

South Elementary To Clash With West In Football Classic

The second round of play in Elementary School flag football is scheduled to open Thursday afternoon with South meeting West on the West field. South Elementary has a clean slate, having whipped West and North in the first round.

In girls' kickball, South plays at West and Latin American plays at North.

The lineups for the grid clash:

SOUTH
 ENDS—Eisenbach and Rone.
 TACKLES—Gladden and Padgett.
 GUARDS—Pirtle and Howard.
 CENTER—Jeffcoat.
 BACKS—Nichols, Vann, Williams and Greathouse.

WEST
 ENDS—Crockett and Lillis.
 TACKLES—Smith and Oeserky.
 GUARDS—Hyde and Pace.
 CENTER—Hoover.
 BACKS—Smith, Adams, Wristler and Collins.

BOWLING

Bob Booth carried off all individual honors and Mabee Drilling took high team honors in the Petroleum Bowling League last week.

Boothe rolled 564 for high series and 222 for high game.

Mabee carded an 896 for high team game and 2546 for high series.

In taking high honors, Mabee swept three games from Core Lab. King's Conoco took three from Standard. West Texas Reproduction won three from Ohio and Seaboard took three from Union.

Rotary Engineers won two from Shell. Humble beat Honolulu in two. Skelly won two from Sun and Phillips 66 garnered two from Browne's Magnolia.

The standings:

Team	W. L.
Humble	14 4
West Texas Rep	13 5
Mabee	12 6
Skelly	10 8
King's Conoco	10 8
Seaboard	10 8
Union	9 9
Standard	9 9
Honolulu	9 9
Phillips 66	9 9
Sun	8 10
Shell	8 10
Rotary Eng	8 10
Ohio	6 12
Browne's Mag.	5 13
Core Lab.	4 14

Amazement Is Nationwide As Major Hoople Takes Bow For Diagnosing The Unexpected

By MAJOR AMOS E. HOOPLE
 Wizard Of Upsets

Gridiron enthusiasts have learned to look upon my sterling forecasts for a number of upsets each Saturday.

Egad! This week is no exception. My three recommended specials are Pitt to defeat Penn. Illinois to overcome Michigan and Washington to upset Southern California.

I have received mountains of letters commending me for my success in diagnosing unexpected results. On a recent Saturday, you know, I picked Northwestern to

Pa. "I thought I had seen a few crazy prophets in my day, such as the goofs who predict the end of the world, and birds who say it's going to rain because the cat sleeps on the left side of the fireplace, but you are positively the weirdest character I ever met."

Such high praise must not be undeserved, eh, readers?

Now just take a look at the grid fare of October 29, as dished out by the king of them all. Heh-heh! I'm joking, of course—but truth is often spoken in jest, remember!

The old boy himself

beat Michigan. Rice to prevail over Southern Methodist, and Santa Clara to beat UCLA.

Amazement was nation wide when these things actually happened.

"How do you do it?" one gentleman wrote from Williamsport,

 Tulane 27, Miss. State 7.
 No. Carolina 20, Tennessee 6.
 Texas 20, So. Methodist 14.
 Rice 33, Texas Tech 7.
 California 21, UCLA 13.
 Stanford 14, Santa Clara 6.
 Washington 13, So. Calif. 7.

In capturing the National League batting championship in 1949, Jackie Robinson became the sixth Dodger to win that honor.

Coach Of Week

(NEA Telephoto) Matty Bell, coach of the Southern Methodist University football team, who has been named "Coach of the Week," relaxes at his office on the SMU campus in Dallas.

STRIKING SOUND
 The ticking sound made by a death-watch beetle, popularly supposed to presage death, results from the beetle's striking its head against a hard surface, according to the Encyclopedia Britannica.

The man in the moon is seen upside down in the southern hemisphere.

'C' Bulldogs Face Lamesa

The Midland 'C' Bulldogs, sporting the best record of any high school team here, are scheduled against the Lamesa 'C' Tornadoes at 3:30 p.m. Thursday in Memorial Stadium.

Coach Joe Akins' eleven battled a tough Thompson of Lubbock team to a 6-6 tie last week.

The probable starting lineup for Thursday's game:

ENDS—Faden and Erskine.
 TACKLES—Rone and Barnett.
 GUARDS—Cox and Taber.
 CENTER—Booth.
 BACKS—Booth, Patterson, Spencer and Kimsey.

You can't hear an echo reflected from an object that is nearer to you than 50 feet.

Date Of Big Spring Game Changed

A non-conference football game between the Midland Bulldogs and the Big Spring Storm, scheduled at Memorial Stadium November 11 has been changed to November 10.

Supt. Frank Monroe made the announcement Wednesday. Officials of both schools have agreed to the change. Several other Armistice Day tilts in this vicinity are scheduled, creating somewhat of a conflict throughout the area.

The game will be played at night.

Eighth Grade Pups To Play In Lamesa

The Eighth Grade Bullpups of John M. Cowden Junior High School were scheduled to engage the Lamesa Breezes on the Lamesa field Wednesday afternoon. The game was moved up to Wednesday due to a conflict with another activity.

Coach John Hidgon announced the following starting lineup for the tilt:

ENDS—Crowley and Davis.
 TACKLES—Ball and Howard.
 GUARDS—Parmley and Cope.
 CENTER—Crites.
 BACKS—Hatfield, Snow, Rutledge and Spivey.

Stewart (Shu) Tisdale, Yale's passing Quarterback, was co-captain of the freshman football team in 1947.

Everything Set For Joe Kirkwood Show At Country Club

Everything is in readiness for the appearance Friday at Midland Country Club of Joe Kirkwood, Sr., of Hollywood, the nation's most famous trick golfer.

Kirkwood and J. C. Hardwicke, Country Club pro, will engage Jimmy Smith and Bill Barker, both of Midland, in a nine-hole exhibition match at 2:30 p.m.

Kirkwood will stage his trick performance at 4:45.

All proceeds from admissions will be donated to the Community Chest. Club members will be admitted free. The public is invited to the show and will be admitted for \$1 each.

Private Who Leaped From Plane Charged

SHREVEPORT—(AP)—Formal charges were filed Tuesday night against Pvt. Howard A. Shinneman, an airman who parachuted from a C-82 cargo plane about two weeks ago in an attempt to escape from Air Force guards.

Shinneman still is in the guardhouse at Barksdale Air Force Base, where he will remain until his general court martial. Barksdale officials said his trial probably will come up in about 10 days.

Charges against Shinneman include being absent without leave, and theft of government property (a .45 caliber automatic revolver). The airman's home is in Clinton, Ill.

This One's Changing a Lot of Minds

MOST people have a habit of setting their sights on cars of a certain "price level"—and making a choice on the basis of what they can afford to buy.

Then, on the scene, came this stunning beauty—and in a few short weeks turned a whale of a lot of decisions in a brand-new direction.

Why not—folks figured—get really fresh style lines and that stout bumper-guard grille that can take any normal impact yet won't "lock horns" with cars ahead?

Why not get good, substantial road-weight and a lot more interior room when they come in a car that's shorter in bumper-to-bumper length for easier parking, garaging and handling in traffic?

And why, the shrewd shoppers asked, take anything less than this straight-eight thriller when it wears a price tag that any new-car buyer can reach, and actually costs less than many sixes?

Truth is, this spanking-new Buick SPECIAL turns a searching light on every car in its price range—and many above and below too—and looks the better for it every day.

Better in its advanced styling and amazing interior roominess and traffic-handly size.

And certainly far better in the lift and life of its valve-in-head Fireball power—the level-going steadiness of its buoyant Buick ride—the silken luxury of Dynaflo Drive, optional here at modest extra cost.

So why not set your sights on this beauty of a buy and let the facts of hardpan shopping comparison open your eyes to a new opportunity?

Your Buick dealer will gladly let you sample its sparkling action on the road—and give you the news on how quickly delivery can be made. Go see him—and get your name on the dotted line.

HEALTHFUL REFRESHING DELICIOUS

DADDY RINGTAIL • By Wesley Davis

Daddy Ringtail And The Rain Game

Our old friend, the Huffen Puffen, was having his troubles. The rain would start to fall from the sky, and then it would stop. Oh, but it would start again every time the Huffen stepped out of his hollow tree house.

The Huffen peeped out a window. He was wanting to go over to Daddy Ringtail's monkey house and

get the raincoat he had left there. But now the rain had stopped, and so the Huffen tiptoed out and out. "Boom! And a rumble-bump!" said the thunder. The rain poured down once more.

The Huffen jumped for his hollow tree. He jumped about as fast as anybody, and only the end of his tail got wet as he jumped through the door. The rain stopped. There wasn't any rain at

maker, to make him think that the Huffen was coming out again. Again the thunder said, "Boom! And a rumble-bump!" Again the rain fell down. The Huffen jerked the hat back in, and again the rain stopped. But the Huffen knew now what was happening. The rainmaker was indeed out there, wanting to tease with a rain game. Then the Huffen remembered something. He remembered the umbrella somewhere under his bed. He found it and opened it up as he walked out through the door. Aha! No rain this time. That was the end of the rain game. No more rain came down, because the Rainmaker saw that the Huffen wouldn't get wet.

And if you ever have trouble with rain that stops and starts and stops and starts—sometimes, but not always—the rain will end if you go with an umbrella wherever it is you have to go. You might tell your folks about it, and if they don't have an umbrella, a raincoat will do, if they have a raincoat.

Happy day! Happy day to all the people at your house, and to the people in the house next door. (Copyright 1949, General Features Corp.)

all. "Aha!" said the Huffen. "Aha! It keeps on happening, it does, every time I walk out."

Was the Rainmaker hiding out there behind a tree to try to tease somebody? The Huffen was going to find out. He put his hat on the end of a stick and held it out the door. He did it to fool the Rain-

One Pound, 12 Ounces At Birth— First 61 Days Hardest For Midland's "Bureau Drawer" Baby, Little Marie Porros

By FRANCES HAGAMAN
Little Marie Porros was two months old Tuesday. During the first 61 days of her life, she has lived in a home-made incubator, survived double pneumonia, had two blood transfusions and has taken a plane trip to Dallas.

Tuesday the premature baby weighed four pounds, nine ounces. Three days after she was born August 25, when she was strong enough to be weighed, she tipped the scales at one pound, 12 ounces. A Midland doctor, who had kept Maria since two hours after her birth, Monday night took her to the Children's Medical Center in Dallas for observation because her lungs have not developed as fast as her body. She requires constant oxygen.

Reclamation Bureau Engineer Condemns Baskin Dam Proposal

ABILENE—(AP)—An engineer from the U. S. Bureau of Reclamation said waters around the proposed Bob Baskin Dam site in West Texas are unfit for domestic and municipal uses.

The engineer, Harry P. Bureleigh from the Austin office of the bureau, said further that the bureau was not recommending use of the water for such purposes.

Bureleigh spoke to directors of the Bob Baskin Dam Association and other civic leaders in the Haskell High School Auditorium Tuesday night.

Bureleigh said his findings were based on a six-year survey of waters of the stream. He said the waters have a high hardness content and a high content of sulphate and chloride.

However, the bureau representative offered another plan. He said that within the area comprised by the Bob Baskin Dam Association there are water sources which could supply the towns with water.

The bureau is conducting a survey among the towns of the area to determine their water needs. On March 1, 1959, when the survey is completed, the bureau will report its findings to the Bob Baskin Dam Association. A water supply site and cost estimate would be presented at that time, he said.

Also in the bureau's proposal, he said, would be an offer to build pipelines from the reservoir to those cities buying water. Money would be allocated by Congress, but would be repaid by the various cities using the water over a period of 40 to 50 years. When the money is repaid, the project would become property of those cities.

Texas Oil Man Plans Education For Huge

WASHINGTON, MISS.—(AP)—A school here, asked by its wealthy benefactor to "teach x x x the superiority of the Anglo-Saxon and Latin American races," is only a pilot plant in a huge educational plan.

Allen Jack Armstrong, son of the George W. Armstrong who proposes endowing 47-student Jefferson Millary College with mineral rights and land worth \$50,000,000, told a reporter that "Jefferson will be a sort of pilot plant."

"My father told me that if Jefferson is a success, he will spend every cent he owns on similar endowments to other schools."

The elder Armstrong at 84 is one of the South's more colorful characters. He is a "Jeffersonian Democrat and States' Righter" who parlayed a Texas oil field banking venture into a fortune. He has vast holdings in Mississippi, Oklahoma and Texas oil lands and has steel and utilities interests in Fort Worth, Texas.

Trustees denied that the 147-year-old prep school would teach white supremacy.

Livestock

FORT WORTH—(AP)—Cattle 3,500; calves 1,800; cattle trade slow; most steers and yearlings weak to lower; cows 50 cents or more down; bulls and stockers about steady; slaughter calves weak to 1.00 off; good slaughter yearlings 24.00-25.00; common and medium steers and yearlings 14.00-22.00; beef cows 14.50-16.50; canners and cutters 10.00-14.50; bulls 13.00-17.50; canners and cutters 10.00-14.50; bulls 13.00-17.50; good and choice fat calves 19.00-22.00; choice heavy calves on yearling order 22.00-25.00; culls, common and medium calves 13.00-19.00.

Hogs 1,300; butchers steady to 25 cents above Tuesday's average with some sales 50 cents above that day's low close; sows were steady to 50 cents lower; pigs unchanged; good and choice 200-270 pound butchers 17.75-18.25; good and choice 180-190 pounds 17.00-18.00; sows 16.00-17.00; feeder pigs 16.00 down.

Sheep 1,600; all classes steady; good slaughter lambs 23.50; medium and good shorn slaughter lambs 19.50; cull to medium slaughter ewes 8.50-9.50; feeder lambs 21.00 down.

Mail Boxes To Get Fresh Coat Of Paint

Mail collection and storage boxes in various parts of the city will get a face lifting, Postmaster N. G. Oates said Wednesday.

Other members of the general committee are Ernest Sidwell of Midland and J. Y. Robb of Odessa.

Franklin Flato of Corpus Christi, general chairman of the campaign in the Synod of Texas, was a special guest.

Principal speaker at the gathering was Ralph Miniker of Wilmington, Del., who discussed "Investments Which Bear Perpetual Dividends."

Opportunities Cited

Mrs. Clifford Hall of Midland discussed "Opportunities for Presbyterian Women at Mo-Ranch," and Fred Babb of Odessa talked on "Inspirational Advantages for Youths."

A Mo-Ranch motion picture film was shown, with Dr. R. Matthew Lynn, pastor of Midland's First Presbyterian Church and a Mo-Ranch trustee, handling the narration.

Mo-Ranch, acquired by the Presbyterian Synod of Texas earlier this year, is located near Kerrville. It will be used as a conference ground.

Presbyterian churches at Barstow, Big Spring, Colorado City, Crane, Lubbock (three churches), Odessa, Pecos, Semotele, Sherman, Corpus Christi, Seagraves and Midland were represented at the rally. Dinner was prepared and served by Women of the Church.

DIED IN OFFICE

Seven men have died while serving as vice president of the United States: George, Clinton, Elbridge Gerry, William King, Henry Wilson, Thomas Hendricks, Garrett Hobart, and James Sherman.

Read The Classifieds.

Flown To Dallas

She continued to improve but was flown to Dallas by American Airlines Monday because she still required constant oxygen.

During the two months she was with the doctor, she also had two blood transfusions, one and one-half ounces each.

Residents Have Helped

Midland residents opened their hearts to Maria, who at first looked like a "little featherless bird," and supplied her with drugs, oxygen, and other things which she needed. Organizations such as the Children's Service League were quick to offer assistance if and when it was needed.

On the flight to Dallas, the airline supplied her with oxygen, and the doctor took her ice chest, three pints of donated blood in it. This was placed in a blood bank to replace any that Maria may need.

Maria's father has worked for William Long since 1928. He and his wife, their other children, his wife's younger sister, her husband and their five children all live together on the ranch. Maria's mother and father came to see her regularly twice each week and supplied her with a basket and clothes.

Their other children are Andrea, 15, Romon, 12, Isabel, 10, Gonralo, 8, Leonardo, 6, Le Pe, 4, and Emilia, 2, all healthy. They go to school when they are not picking cotton.

Proud Of Maria

Four other children died in infancy. The family speaks Spanish at home but can converse in English when it is necessary. However, Mrs. Porros' brother, Silvestre Gomez, who speaks good English, has acted as interpreter for the doctor and other interested persons since Maria's birth.

Mr. and Mrs. Ramon Hernandez live with the Porros family, as do their children, Esmal, 8, Maria, 6, Marguerita, 5, Antonio, 4, and Manuela, 2.

They are all very proud of Maria and will be glad when she can come home from Dallas.

Wranglers Feted By CC President

R. D. (Bob) Scruggs, president of the Midland Chamber of Commerce, entertained members of the Wranglers Club with a barbecue and party Tuesday night at the Dunagan Farm south of Midland.

Presbyterians Hold Mo-Ranch Rally Here

Plans for launching the Presbyterian Mo-Ranch Assembly Fund campaign in the El Paso Presbytery were mapped Tuesday night at a Presbytery rally in the First Presbyterian Church here. More than 100 representatives of 12 West Texas churches attended the dinner and meeting held in the church's Fellowship Hall.

The Rev. Walter Guin of Odessa, a member of the special Presbytery Mo-Ranch Committee, presided. Other members of the general committee are Ernest Sidwell of Midland and J. Y. Robb of Odessa.

Franklin Flato of Corpus Christi, general chairman of the campaign in the Synod of Texas, was a special guest.

Principal speaker at the gathering was Ralph Miniker of Wilmington, Del., who discussed "Investments Which Bear Perpetual Dividends."

Reds Demand Tito's Envoy Be Withdrawn For Alleged Spying

MOSCOW—(AP)—Russia has charged Marshal Tito's ambassador to Moscow with anti-Soviet spying and declared that he no longer can serve as the Yugoslav envoy here.

A Soviet note delivered Tuesday to the Yugoslav Embassy said the Budapest treason trial of Hungary's former Foreign Minister László Rajk had revealed that Yugoslav Ambassador Karlo Mrazovic "had for a long time engaged in spying and subversive activities against the Soviet Union."

Mrazovic left Moscow for Yugoslavia in August and has not returned since, though technically he remains ambassador. It had been presumed he would return to the Russian capital eventually.

Mrazovic came to Moscow last December 16 after serving as Yugoslav minister to Hungary, the scene of the alleged Rajk treason plot on which the Russians based their espionage charge against the Yugoslav diplomat. Rajk and four co-defendants were executed after being convicted of treason.

No Diplomatic Break

The Soviet action does not mean a break in diplomatic relations with Yugoslavia, since the Yugoslavs were asked in effect to recall only their ambassador, not their diplomatic mission.

During the Rajk trial a Hungarian school teacher identified as Mrazovic's mistress testified that the Yugoslav and Rajk plotted against the Hungarian regime with Tito's interior minister, Gen. Alexander Rankovic, during a hunting trip near the Hungarian-Yugoslav border.

The latest development in the feud between the Kremlin and Tito brought Moscow and her satellites close to a full diplomatic break with their former ally. But strained formal diplomatic relations continued.

John Adams and his son, John Quincy Adams, were the only father-and-son combination to become presidents of the United States.

Five-State School Theft Ring Broken

SHREVEPORT, LA.—(AP)—Sheriff Clyde Elliott of Van Zandt County, Texas, said Tuesday night burglary charges have been filed against three men held in jail at Canton, Texas, in connection with a series of thefts of sewing machines, typewriters and cash registers from schools in five states.

Elliott identified them as Joseph Roland Brown, 28, of Dallas; Donald Wayne Hunter, 28, of Oklahoma City, and James A. Benson of Dallas.

A fourth man was arrested in Oklahoma City Monday night in connection with the case, but no charges had been filed at Canton.

Elliott said two other men were involved in the case. Shreveport Chief of Police E. G. Ruckaby said newspaper advertisements offering some of the merchandise for sale led to the arrests.

14 Injured—

(Continued From Page One)
the stove in Mrs. Ballard's apartment Tuesday.

Mrs. Herbert Staton, another of the less seriously injured, said she had been smelling gas several days in the housing unit.

Mrs. Ruth T. Morrel, manager of the project for the Dallas Housing Authority, said she knew of no complaints about leaking gas in the apartment building.

Shannon, 28, said the explosion "knocked us down and covered us up with wreckage. It blew my boy up in the air."

The blast lifted the roof of the building and dropped it back, completely wrecking all four apartments.

Shannon, his wife and child were in the apartment. They were not injured seriously.

E. O. Wilson, who said he lived across the street from the one-story building, said:

"I ran across the street and pulled four people out of the wreckage. They were beat up pretty bad. One was a little girl."

Eight of the fourteen injured were children.

Seriously hurt in the explosion were: Michael Staton, four, head injuries.

Mrs. Virginia Ballard, 28, shock and burns.

David Ballard, seven, head injuries.

The others were not considered injured badly.
