## Talk Of U. S. Action In Coal Strike Revived

### Indiana Rejection Of Separate Talks Jolts Lewis' Plans

WASHINGTON—(P)—John L. Lewis Thursday asked Gov. Henry Schricker to renew his effort for a separate coal strike settlement in Indiana—a proposal rejected by the state's mine owners Wednesday.

Such a settlement might break the way for ending the nationwide strike of 400,000 United Mine Workers.

Lewis, in a telegram to Schricker, declared the UMW is ready to meet the Indiana operators "on a few hours' notice."

He called the refusal of Indiana operators to hold separate peace talks—announced Wednesday by Harvey Cartwright, secretary of the Indiana Coal Producers Association—a "brutal" rejection of the governor's peace efforts.

The UMW chief made his new move amid revived reports that the government soon may step into the coal strike.

Peace efforts in the companion steel strike meanwhile were apparently at a standstill with company negotiators reported marking time and awaiting United Steelworkers moves.

Weekend Business  
One highly-placed official closely watching the steel-coal strike crisis said: "We can't let Lewis go much beyond this weekend."

He indicated that unless there is some progress toward settling the 46-day coal strike the government will invite Lewis and operators to Washington negotiations, probably some time next week.

Failure of such federal talks would put the coal problem up to President Truman. Truman has held the matter the coal nor steel strikes has reached the national emergency stage.

The Indiana operators Wednesday night turned down a proposal by Schricker for a separate settlement covering Indiana. Lewis had accepted Lewis' offer, but the operators submitted an tentative offer to his union's Policy Committee at its meeting in Chicago Monday.

How To Lewis  
This evident decision to stick to industry-wide bargaining was a blow to Lewis' plan, but Stevenson confined himself to a plea to both sides for a quick peace plan.

Minnesota's Gov. Luther W. Youngdahl also called for an end to the strike, but he addressed his appeal to President Truman.

Youngdahl, Schricker and Stevenson said their states are suffering from fuel shortages with cold weather starting.

### Appeal Bond Allowed For 11 Top Reds

NEW YORK—(P)—The U. S. Court of Appeals ruled Thursday that the 11 top American Communists convicted of conspiracy may be released in bail pending appeal of their case.

The court ruled that seven could be released in \$20,000 bail each and four in \$30,000 bail apiece.

The government originally asked that their total bail be set at \$1,000,000.

An opinion handed down by Judges Learned Hand, Thomas W. Swan and Jerome N. Frank said that bail was being set because the government "conceded that the appeal herein raises substantial questions."

Bail of \$30,000 was set for Eugene Dennis, John B. Williamson, Jacob Stachel and Irving Potash.

A \$20,000 bail was fixed for Robert G. Thompson, Benjamin J. Davis, Jr., Harry Winston, John Gates, Gilbert Green, Carl Winter and Gus Hall.

The 11 were convicted of conspiracy to advocate violent overthrow of the U. S. government.

### New Areas To Get Foot Mail Delivery

Midland homes on South Baird, Weatherford, Fort Worth and Dallas Streets now will get foot mail delivery, according to an announcement made Thursday by Postmaster N. G. Oates. The change from jeep delivery in this area was made Tuesday.

The change affects the 200 to 1000 blocks on Baird, Weatherford and Fort Worth Streets and the 100 to 1000 blocks on Dallas Street. All cross streets in the area also will be served by foot carrier, and residents are required to have house numbers and mail boxes.

Those now having curb boxes may continue to use them, according to E. B. Farrell, station superintendent, who arranged the change, after an OK from the postal inspector.

Two deliveries daily are scheduled under the new arrangement.

### Greek Seamen Defy Authorities

Three Greek seamen perch on the mast of the tugboat Antioch in Baltimore, Md., where they climbed to avoid immigration authorities. The men, ordered ousted because officials do not think they are bona fide seamen, were to have been sent to New York for deportation.

(NEA Telephone)

### New Navy Chief Laughs Out Loud

Adm. Forrest P. Sherman, left, and Secretary of Navy Francis P. Matthews, right, have a big laugh during a press conference at the Pentagon Building in Washington. The conference was held following White House announcement that Sherman would succeed Adm. Louis E. Denfeld as chief of naval operations.

### Truman Returns To Battle

ABOARD TRUMAN TRAIN, ENROUTE TO ST. PAUL—(P)—President Truman, making his first rear platform talk since the election, told a crowd at Savannah, Ill., Thursday he is trying his best to carry out Democratic campaign pledges.

A crowd of several hundred turned out in the cold to greet the President aboard his old campaign train on the anniversary of his greatest political victory.

He carried with him what he jokingly described as a "non-political, bi-partisan" speech for delivery at St. Paul, Minn., at 9:30 p.m.

His aides said it was a renewal of his blasts at "reactionaries" and of his championship of the "Fair Deal" program for which he campaigned in 1948 and which he presented to the 81st Congress last January.

And they emphasized he will send the program back to Congress again in January and back to the voters in next year's congressional elections.

Truman Day Program  
It was a year ago Thursday—the result was long in doubt in the November 2 voting—that Truman received the news of Thomas E. Dewey's concession of defeat.

He started the 1950 Democratic campaign Ball rolling last Labor Day with speeches at Pittsburgh and Des Moines. What he calls the "reactionaries" and "selfish interests" are his targets again.

He was due in Minneapolis at 1 p.m. for a parade into St. Paul, a reception, a banquet and then his speech in the Civic Auditorium.

It all is part of "Truman Day" celebrating the celebration of Minnesota's Centennial.

### Community Chest Workers To Report At Meeting Friday

Midland drilling contractors will be hosts to Community Chest finance campaign workers at a report meeting scheduled Friday noon in the Crystal Ballroom of Hotel Scharbauer, Bert Ryan, general chairman, announced Thursday. The contractors also have made substantial gifts to the campaign fund, Ryan stated.

### Chest Drive, Paragraphs

The Community Chest Thursday received a substantial contribution from J. Holt Jowell, Midland school board member and native Midlander, who is contributing from a recent illness in Charlottesville, Va. Jowell, who has participated as a worker in numerous finance campaigns here, wrote that he wished he could be here for this one. He said he was feeling fine.

Students in all public schools are participating in the Chest drive—contributing their nickels, dimes, quarters, halves and dollars. The school drive started Thursday and will be concluded Friday.

Thirty chests located in the toe of a shoe stored back in a closet constituted one Chest contribution by a Midland housewife Wednesday.

The woman told the volunteer worker she would contribute all the money she had in the house. That was it.

Another housewife contributed the money she had been holding back to pay a Reporter-Telegram newboy Saturday. The carrier doubtless will be willing to wait as long as the money went to the Community Chest.

Workers in both business and residential districts Friday said they are having few turnouts as they make their calls.

Worker ribbons are being worn by scores of Midland men and women. One resident said it is a good thing the ribbons are being used. Otherwise the solicitors would be working each other.

Mrs. L. W. Leggett, chairman of the drive in the residential districts, Thursday announced the following additions to her committee: Mrs. H. L. Helbert, Mrs. Cora Stephenson and Mrs. James E. Redden.

### Government Buying Of Hogs Looms As Prices Slip Lower

CHICAGO—(P)—Uncle Sam soon may have to add some pork to his hoarded groceries.

Hog prices are slipping. They now are at the lowest level in more than three years. They are not far above the point at which the Agriculture Department must buy pork to help hold up the farmer's price for live hogs.

Uncle Sam's hoarded groceries include eggs, milk, potatoes, grains and many other items. But there's no meat in the larder. Many livestock traders think the last thing Uncle Sam wants to do is buy meat, taking it out of the consumer's market.

However, he won't be able to help himself if prices continue to slide.

Price Near Bottom  
The top price for hogs here Wednesday was \$17 a hundred pounds. That was the lowest since OPA ceilings were removed Oct. 15, 1948. The old ceiling was \$16.25.

A highly complicated formula exists for determining at what price the Agriculture Department must step in and buy pork to support live hog prices.

The guide price this week is \$16.25. Actual average price Chicago Wednesday was about \$16.90—or only 55 cents above the level at which government buying must start.

### U. S., Britain Ease Ban On Aviation Equipment To Tito

WASHINGTON—(P)—The United States and Britain have eased their ban on the sale of commercial planes and aviation equipment to Yugoslavia. The first shipments—limited quantities of gasoline and lubricants, were cleared by the State Department Thursday.

Diplomatic officials, reporting the U. S.-British move just before the fuel and lubricants sale was announced, said it marks the latest step by the West to bolster Marshal Tito in his fight with Moscow and her Eastern European allies.

The State and National Defense Departments are reported to have decided on the move as another of the "calculated risks" of the cold war.

The matter was agreed upon with the British. Then the two countries decided to notify other Western governments of their action in the hope they will do the same.

One idea is to clear the way for an "airlift" to Yugoslavia if that rebel against Moscow domination of world communism should be cut off by guerrilla attack from normal transport.

### Kemper Quits As GOP Treasurer

CHICAGO—(P)—James S. Kemper quit Thursday as treasurer of the Republican National Committee because the GOP's reserve funds have dwindled from \$832,000 in 1948 to only \$90,000.

He said he is resigning because he feels the GOP should have collected more money or cut expenses and because he wants to get rid of a political plug "handicap" so he can help elect a Republican Congress in 1950 and a Republican president in 1952.

### New Chief Moves To Tighten Ship In Navy Command

WASHINGTON—(P)—Adm. Forrest P. Sherman moved swiftly Thursday to tighten ship under the new Navy top command by assigning Rear Adm. John J. Ballentine, Pacific war hero, to his own old post in the Mediterranean.

Sherman pulled out of command of the Sixth Fleet in the Mediterranean to take over as chief of naval operations, was sworn in only Wednesday after a shakeup growing out of the inter-service row over war roles.

Sherman, pulled out of command of the Sixth Fleet in the Mediterranean to take over as chief of naval operations, was sworn in only Wednesday after a shakeup growing out of the inter-service row over war roles.

### Resident Overcome By Heater's Fumes

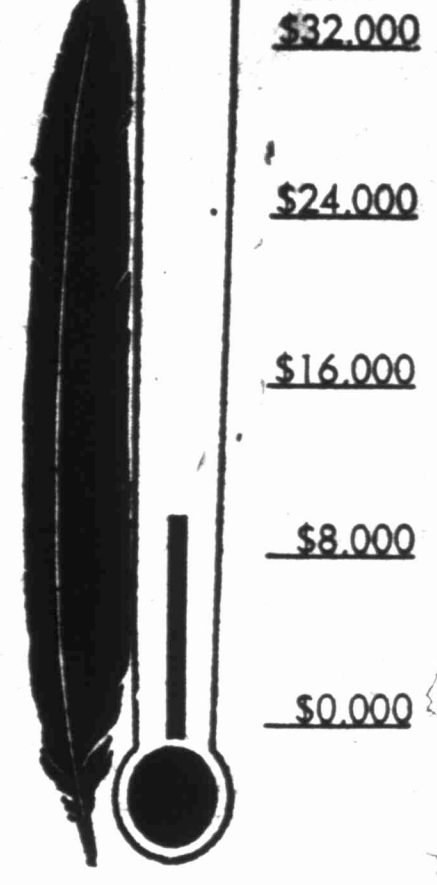

Dick Ragan, Jr., of 1800 West Illinois Street, was treated at Western Clinic-Hospital Thursday morning for asphyxiation. His condition was described as good.

According to reports, Ragan was overcome by fumes from a gas heater.

### Runnels Prospector Planned By Strake

G. W. Strake of Houston No. 1 E. M. Oatley is to be a 6,000-foot rotary wildcat in Northwest Runnels County.

### Gift Thermometer

### New Voting Precincts Are Listed

Sketches showing division lines for the four voting precincts in Midland were being prepared Thursday and are to be distributed to precinct election officials for use November 7.

Midlanders heretofore have voted at two boxes, in Precincts One and Five.

Two additional election precincts for the city were created recently by action of the County Commissioners Court, making a total of seven for the county.

Precincts One, Five, Six and Seven, in the City of Midland, will serve the following areas. Also listed are the polling places.

Precinct One, Courthouse—Ferry Building east of Big Spring Street and North of Wall Street.

Precinct Five, City-County Auditorium—Persons residing east of Big Spring Street and Rankin Highway and south of Wall Street.

Precinct Six, West Elementary School—Persons residing west of Big Spring Street and the Rankin Highway and South of Wall Street.

Precinct Seven, Junior High School—Persons residing north of Wall Street and West of Big Spring Street.

Vote At Greasewood  
No changes were made in rural Precincts Two, Three and Four except that persons who formerly voted at Stephenson School will cast their ballots at Greasewood Chapel.

A total of 15 absentee ballots had been cast Thursday morning. Absentee balloting ends Friday, according to Mrs. Lucille Johnson, county clerk.

To be voted on are 10 proposed state constitutional amendments, two county propositions and two candidates for the State Board of Education from the 16th Congressional District.

The county propositions are on the issuance of \$200,000 in bonds for the construction of a Midland County Park Building, and on the levying of a road improvement tax not to exceed 15 cents on the \$100 valuation.

The two men seeking the education posts are Herman Roach of El Paso and A. H. Demmon of Odessa.

Polls will be open from 8 a.m. to 6 p.m., officials said.

### North Snyder, Kelley Allowables Are Raised

Allowables for the Canyon lime producers in the North Snyder and in the Kelley fields of Scurry County are to be increased to 220 barrels per day, effective November 1.

That production will be permitted for 20 producing days during the month, according to instructions received by the Midland district office of the oil and gas division of the Railroad Commission of Texas, from the commission's headquarters in Austin.

Allowable for the North Snyder and Kelley fields during October has been at the rate of 140 barrels of oil per day for 19 producing days.

No changes have been reported for the allowables of the Diamond-M and Sharon Ridge-Canyon fields for November, according to Railroad Commission executives.

### Roberts Drills Plug To Test In Canyon

S. B. Roberts of Abilene, and associates No. 1 Lewis Canyon field, West Scurry County wildcat, seven miles west of Snyder, and 467 feet from south and west lines of the southeast quarter of section 256, block 97, H&T survey, was drilling plug on a string of 5 1/2-inch casing which had been cemented at 6,941 feet, over total depth of 6,883 feet.

When the plug is punctured operator will test the open hole and if it fails to develop commercial production the venture probably will be abandoned.

Top of the Canyon reef was at 6,838 feet. Elevation is 2,638 feet. That interval developed 90 feet of drilling mud with a rainbow show of oil during a one and one-half hour drillstem test.

The exploration is two miles northwest of the Kelley-Canyon field and one and one-half miles northeast of the nearest producer on the northeast side of the Diamond-M field.

### Vealmoor Outpost Is Scheduled By Cosden

Cosden Petroleum Corporation No. 1 T. J. Good is to be a stepout to production from the Pennsylvania line in the Vealmoor field of Southwest Borden County, two miles east of Vealmoor.

No. 1 Good is to be drilled to 7,900 feet, using rotary tools.

The drills will be 600 feet from south and 1,900 feet from west lines of section 21, block 32, T-3-N, TP survey.

Drilling is to begin by November 12.

For FRIDEN Automatic Calculators call Baker Oil Equipment Co., Phone 2634, 511 West Texas. (Adv.)

### C-S Sterling To Get 5,500-Foot Operation

The Vickera Petroleum Company, Inc., has filed an application with the Railroad Commission of Texas requesting a permit to drill a 5,500-foot rotary wildcat in Central-South Sterling County, eight miles south of Sterling City.

The prospecting No. 1 Nora E. Coulson, is located two and one-half miles southwest of the Marvin field, where there is production from the Wichita-Albany section of the lower Pennsylvanian.

Started to begin operations November 15, No. 1 Coulson will be 690 feet from north and east lines of section 14, block 13, SPRR survey.

### C-S Gains Project Finished By Texaco

The Texas Company has completed its No. 1 E. D. Harris, Central-South Gaines County wildcat, 12 1/2 miles southwest of Seminole, for a daily pumping potential of 41 barrels of 31.9-gravity oil, plus two per cent basic sediment and drilling water.

Gas-oil ratio was less than 100-1. Completion was through perforations in the 5 1/2 inch casing between the top of the pay at 4,965 feet and the total depth at 6,042, plugged back in the Glorietta. The project was drilled to a total depth of 7,520 feet. The pay section was treated with 5,000 gallons of acid.

The new well is 661 feet from north and 662 feet from east lines of section 17, block A-22, psi survey.

### Ellenburger Top Has No Shows For Olson

Olson Drilling Company No. 1 Green, Central Scurry County wildcat, two miles north of Snyder, and two miles south and three-quarters of a mile east of the nearest completed producers from the Canyon reef line, failed to develop any shows of oil, gas or water in a drilled to a total depth of 6,941 feet, over total depth of 6,883 feet.

The venture is making hole past 6,013 feet. Top of the Ellenburger was picked at 7,920 feet. Elevation is 2,447 feet.

Location is 900 feet from north and west lines of the northwest quarter of section 257, block 3, H&T survey. No. 1 Green failed to develop any possibilities of production in the Canyon line or any other section of the Pennsylvania.

### North Snyder, Kelley Allowables Are Raised

Allowables for the Canyon lime producers in the North Snyder and in the Kelley fields of Scurry County are to be increased to 220 barrels per day, effective November 1.

That production will be permitted for 20 producing days during the month, according to instructions received by the Midland district office of the oil and gas division of the Railroad Commission of Texas, from the commission's headquarters in Austin.

Allowable for the North Snyder and Kelley fields during October has been at the rate of 140 barrels of oil per day for 19 producing days.

No changes have been reported for the allowables of the Diamond-M and Sharon Ridge-Canyon fields for November, according to Railroad Commission executives.

### Roberts Drills Plug To Test In Canyon

S. B. Roberts of Abilene, and associates No. 1 Lewis Canyon field, West Scurry County wildcat, seven miles west of Snyder, and 467 feet from south and west lines of the southeast quarter of section 256, block 97, H&T survey, was drilling plug on a string of 5 1/2-inch casing which had been cemented at 6,941 feet, over total depth of 6,883 feet.

When the plug is punctured operator will test the open hole and if it fails to develop commercial production the venture probably will be abandoned.

Top of the Canyon reef was at 6,838 feet. Elevation is 2,638 feet. That interval developed 90 feet of drilling mud with a rainbow show of oil during a one and one-half hour drillstem test.

The exploration is two miles northwest of the Kelley-Canyon field and one and one-half miles northeast of the nearest producer on the northeast side of the Diamond-M field.

Seashell Swirl Cues Curls

SEASHELLS are calling the cues for latest hair-do's. The mollusk in particular has inspired Berthold, a style director of the Hair Fashions Council of America, to give fashion-wise girls their new "shell cuts."

The mollusk's graceful curves and clean-out outlines have further inspired New York's Berthold to mould girls' hair into shell-like contours, as the style pictured (right) shows.

For this shell style, hair is parted at the side. From the narrower side of the parting, hair is curved back sleekly toward the neck. From the other side of the parting hair is rolled to curve with the head. This curve was inspired by the seashell's shapely contours (left).

To duplicate this shell's one and only curl, a strand of hair, coiled to match, is lodged above the model's ear.

DRT Plans To Open Old French Embassy Building To Public

AUSTIN—(AP)—Restoration French embassy here, one of the two buildings built in the United States especially to house foreign representatives, was planned Thursday by the Daughters of the Republic of Texas.

Huge keys—one to the front and one to the back door of the 110-year-old structure—were turned over to the DRT Wednesday by the State of Texas.

Hall Logan, chairman of the Board of Control, presented the keys to Mrs. Henry R. Wofford of San Antonio, DRT state president.

H. J. Job, French consul at Houston, and about 50 members of the DRT from throughout the state attended the ceremony.

Purchase of the building by the state for \$24,256 was authorized by the 49th Legislature in 1946. The bill specified that the building was to be used by the Daughters of the Republic but was to remain state property.

"This is one of the most important events in state history," Logan said at the presentation. He recalled that France was the first world power other than the United States to recognize the Republic of Texas.

Mrs. Wofford said her organization would attempt to beautify and preserve the rambling building in which much Texas history was made.

The DRT plans to restore the embassy to its appearance when Count Alphonse de Saligny built it in 1840 to house the French Embassy. Then it will be opened to the public.

Job represented the consul general of France in New Orleans. He expressed France's gratitude for the friendship of the United States and for the Texas veterans "whose bravery in the last war was surpassed by none."

Girl Scout Music Consultant To Give Training Session

Janet E. Tobitt, music consultant for the Girl Scouts of the United States, will give a training session on music, folk songs, dances and singing games, at 2 p.m. next Thursday in the City-County Auditorium.

Troop leaders and co-leaders are invited to take part in this training and it will be open also to interested persons who work with Boy Scouts, 4-H Clubs and church groups.

Miss Tobitt serves as consultant on music and folk dancing to various groups in addition to the Girl Scouts, and gives frequent sessions in schools and camps.

Native of England, she has a degree from St. Andrew University in Scotland and has studied in France and Switzerland. It was in those countries that she began her collection of folk songs and dances, which she used as a teacher and as a Girl Guide leader in England.

She came to the United States on a visit in 1930 and remained to become a citizen. On trips back to England she has supervised musical recreational activities and assisted Girl Guide leaders with musical programs.

Her training sessions for youth leaders emphasizes group work rather than individual skills, in keeping with her belief that any adult equipped with a little recreational material plus sound teaching principles can find fun in leadership. Persons who attend the session will all be expected to participate in the activities which she teaches.

RANKIN VISITORS

RANKIN—The Rev. and Mrs. R. L. Herring of Miles visited in Rankin Monday on their way to the state convention of Baptist Churches in El Paso.

Leaders Fill Most Important Place In Girl Scout Program

While Girl Scouts here join those over the nation in observing Girl Scout Week, they call attention to their program and also to their leaders, the volunteer workers who make the program possible.

Each of the 46 troops in Midland has a leader and most have at least one assistant. In addition, officers and chairmen in the Midland Girl Scout Council work with the leaders to plan programs, learn methods and supply materials which the girls use.

Typical of troop leaders, but with a longer record of service in Midland than the others, is Mrs. Don Johnson, who works with Senior Troop 8.

After experience as a troop leader began in October, 1944, and her interest in Girl Scouting was due to that of her daughter, Sue, who is still a member of the troop she directs.

Had Many Tasks Mrs. Johnson was present of the Girl Scout Leaders' Club in 1945 and 1946, when it included all leaders of the city before the present plan of clubs in each school was started.

She was business manager of the first Girl Scout Day Camp in Midland and has directed the annual May Festival. This year she is serving as registrar in the Girl Scout Association.

The troop she leads is composed of girls who are starting their tenth year of Girl Scouting. Last year they formed the first Wing Scout group in Midland and they have received numerous badges for work accomplished. Some hold the curved bar, the highest Girl Scout honor award.

Troop attendance has been almost perfect and very few of the members have dropped out. Mrs. E. W. Anguish is the assistant leader. Mrs. Johnson believes that work with the troop members who were earning badges has been the most interesting part of her experience as a leader, and she repeats the view of most leaders when she speaks of the enjoyment that has come from her association with the troop and with the Girl Scout organization.

Through publicity and program exchange the local group has been noticed over the nation. Many participants in the plays here have been associated with theater groups in other parts of the country, and notices sent to newspapers in their former homes have gone to many cities.

Persons who wish to be members for 1950 are asked to mail their checks to the Midland Community Theater, 301 West Missouri Street, and Mrs. W. A. Waldschmidt will mail membership cards. Memberships are in three classes, ranging in price from \$15 to \$60, or more.

Advertise or be forgotten.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, NOV. 3, 1948-3

## Mrs. Koegler And Mrs. Shirey Winners Of Sweepstakes Prizes In Fall Flower Show

Sweepstakes winners in the annual Fall Flower Show of Midland's six garden clubs Wednesday were Mrs. J. A. Koegler in the arrangement division with five blue ribbons, and Mrs. A. P. Shirey in the horticultural division with two blue ribbons. Each received a silver cup.

The Texas Garden Club took first place in a new division, club competition for arrangements suitable for Thanksgiving dinner tables. Yucca Garden Club placed second and the Midland Club third.

In the Junior display, sponsored by the Little Diggers Club, first place was won by Mrs. J. A. Koegler, school division was Ramona Hynd with Marcell Shock and Harold Bahr, Jr., in second and third; while Marie Spiars, Jerry Mathews and Patty Spiars placed in that order in the Junior High division.

The arrangement division had 211 entries, divided into classes named in keeping with the "Fall Flower Harvest" theme of the show.

A special class was limited to entrants who had won blue ribbons in previous shows. Mrs. Hal Rachal took first place, Mrs. C. F. Henderson second and Mrs. M. S. Dickerson third. Mrs. Dickerson, sweepstakes winner in the 1948 show, made only this one entry.

Awards in other arrangement classes were made as follows: "Roadside Harvest," country grown grasses, grains and seed pods—Mrs. Shirey first, Mrs. S. M. Slay second, Charles F. Henderson third.

"Last Rose of Summer," roses in silver or glass container, suitable for table—Mrs. Koegler first, Mrs. J. D. Dillard second.

"Bountiful Harvest," vegetable arrangement suitable for kitchen table—Mrs. Koegler first, Mrs. Winston Hull second, Mrs. Joe Birdwell third.

Arrangement of Branches

"Branches in Motion," branches with no foliage—Mrs. Shirey first, Mrs. V. A. Kelsey second, Mrs. Koegler third.

"Autumn Abundance," zinnias in arrangement suitable for terrace table—Mrs. Ernest Sidwell first, Mrs. Koegler second.

"Indian Summer," marigolds and/or gallardias in copper or brass—Mrs. Henderson first, Mrs. George Phillips second, Mrs. Sidwell third.

"Harvest Moon," all yellow chrysanthemums in arrangement suitable for dinner table—Mrs. C. A. Pierce first, Mrs. Phillips second, Mrs. I. W. Hynd third.

"Frosty Morn," white flowers in white containers—Mrs. Koegler first, Mrs. Shirey second, Mrs. R. L. Spencer third.

"Solo Bow," arrangement using one flower and foliage—Mrs. Shirey first, Mrs. Charles Chase second, Mrs. B. Hanks third.

Monochromatic arrangement, flowers and container in shades of one color—Mrs. Spencer first, Mrs. I. E. Daniel second, Mrs. Frank Stubbeman third.

"Summer's Grand Finale," any combination of materials, any container—Mrs. Slay first, Mrs. Ralph Legg second, Mrs. C. M. Chase third.

Novice arrangement, by exhibitor who has never taken a prize in a flower show—Mrs. Koegler first, Mrs. Charles H. Pierce second, Mrs. Mitchell first, Mrs. L. C. Link second, Mrs. Daniel third.

Miniature arrangement—Mrs. Koegler first, Diane Perkins second, Mrs. J. L. Tidwell and Mrs. Ralph Lowe third.

The winning entry in the table competition, arranged by Texas Club members, featured a T-shaped arrangement of yellow chrysanthemums with lemons, limes and winter squash at the base. The cloth was dark brown, the napkins of lime shade. The Yucca Club table had a turkey made of bronze chrysanthemums as its centerpiece, set in a wreath of autumn leaves. More leaves bordered the deep green cloth. The Midland Club table

showed a blend of pink and purple tones, from the blush pink damask cloth to the arrangement of pink and burgundy mums with grapes and pomegranates and the lavender candles in silver holders.

More Handsome Tables

Light green linen covered the Perennial Club table and an eggplant was the holder for the burgundy mums, surrounded by green grapes and pears on a reflector in the center. The Pyraeantha Club used a cover of monk's cloth, rust candles in copper holders, rust chrysanthemums and cotton balls in a copper bowl with sprays of Virginia Creeper. A silver bowl of fruit with rust chrysanthemums and purple salvia, flanked with silver candles, centered the Senia Club table, which had a white cutwork cover.

The horticultural division had 83 entries and was judged on the merit system rather than a competitive basis. This system of judging, rather than comparing the entries, uses a perfect specimen as the basis for grading. Therefore, rather than giving a first, second and third place for each class, the judges may award as many ribbons as the entries merit.

Close entrants were limited to one specimen bloom one-half to three-fourths open. Mrs. J. C. Smith and Mrs. Ed Shakely won third place for red roses and Mrs. J. C. Tidwell, first place for two-toned blooms. Mrs. S. B. Roach placed first for climbing roses; she and Mrs. J. L. Green second for polyantha roses; Mrs. Phillips second and Mrs. J. C. Smith third for a collection of mums; second place for the same type, Chrysanthemum Winners.

Mrs. Shirey's blue ribbons were won for chrysanthemums, first place for both the large flowered exhibition type and spoon, spider and feather varieties. Mrs. Phillips and Mrs. Sam Preston each won a second place for the latter type; Mrs. Dewitt Hasken second and Mrs. Neta Stovall third for the former.

Second places were awarded to Mrs. Mitchell, Mrs. Phillips, Mrs. Chase and Mrs. Frank Aldrich for three rose blooms; first place to Mrs. C. W. Mathews, second to Mrs. Roach, Mrs. W. C. Kimball, Mrs. Daniel and Mrs. Ed Shakely for hardy type mums; first place to Mrs. Preston and Mrs. Stovall for a collection of three large flowered mums; second place to Mrs. J. C. Smith for a collection of three hardy type mums.

For marigolds, Mrs. Daniel placed first, Mrs. Preston and Mrs. E. W. Cowden second and Mrs. H. M. Glass third for the large flowered type. Mrs. Stovall, Mrs. Mitchell and Mrs. Chase received second place on large flowered decorative dahlias.

Mrs. Roach took a second place on dwarf zinnias; Mrs. Sidwell second and Mrs. Terry Tidwell third carnations to complete the horticultural classes.

Mrs. R. H. Thomason of Fort Worth, a nationally accredited flower show judge; Mrs. William Daugherty and Mrs. L. P. Johnson of Abilene, state accredited judges, judged the show. Mrs. M. R. Hurt, Mrs. J. B. Kuykendall and Mrs. R. A. Clark of Odessa assisted in judging.

Officers Named In Brownie Troop 23

Vina Mayfield was elected president of Brownie Troop 23 at its meeting Wednesday. Donna St. Clair was named secretary and Sarah Pickett reporter. Leaders of this troop are Mrs. A. T. Barrett, Mrs. R. E. L. Taylor and Mrs. Rutledge.

Other members present were Joan Kitley Sally Jo Taylor, Marcell Shock, Miriam Parkinson, Billie H. Donnell, Judy O'Neil, Kay Sadler, Ardis Griffin, Janet Hutman, Mimi Green and Betty Barrett.

## Trio Honored With Bridge And Luncheon

Mrs. George Lee of Longview, a former Midlander; Mrs. Troy Dees, a visitor from Olney, and Mrs. Jack Jones, who will leave soon to make her home in Houston, were honor guests at a luncheon Thursday in the home of Mrs. George Oliver.

Mrs. D. A. Pass and Mrs. Oliver, Mrs. Dees' sister, were hostesses.

Pumpkin candles surrounded by pyraeantha were the centerpieces of the tables and Autumn leaves and yellow and purple chrysanthemums were used throughout the house.

The guests played bridge after the luncheon.

Guests were Mrs. H. E. Hensley of Odessa, Mrs. Oliver Haag, Mrs. Daniel Griffith, Mrs. Ray Seifert, Mrs. E. Fred Forward, Mrs. E. N. Gideon, Mrs. J. Alfred Tom, Mrs. C. G. Cooper, Mrs. C. H. McCall, Mrs. Charles Rudd, Mrs. Alton Brown, Mrs. Dave Hoover, Mrs. T. S. Edrington, Mrs. H. W. Hensley, Mrs. T. Corbett and Mrs. A. H. Flaherty.

## P. E. O. Hears Report From Delegate To National Convention

Mrs. W. B. Price of Lubbock told about the P. E. O. supreme convention in Chicago in September at a meeting of BS chapter Wednesday night. Mrs. Clark Mathews was hostess to the group in her home.

Mrs. Price, who was one of the 1,349 delegates attending the convention, told of the work that was done there.

After the program, tea was served and Mrs. John Casselman, president, poured. Deep maroon dahlias were used with candles, for the centerpiece and table appointments were silver.

Mrs. Margaret Bailey was a guest of the group and members attending were Mrs. Mittie Norman, Mrs. Tom L. Ingram, Mrs. Herbert Hemphill, Mrs. F. C. Cummings, Mrs. Tom Head, Mrs. Tom Flew-harty, Mrs. G. S. Mershon, Mrs. C. M. Dunagan, Dr. Louise Pillman, Mrs. L. E. Patterson, Jr., Mrs. Paul Kolm and Mrs. James N. Allison.

The Thanksgiving meeting of the group will be held November 18 in Mrs. Dunagan's home, 1508 West Missouri Street.

## Coming Events

**FRIDAY**

First Christian Women's Council executive board will meet at 3 p.m. with Mrs. R. H. Frizzell, Jr., 202 West Kansas Street.

Bridge tournament for women of the Midland County Club will begin at 2 p.m. in the clubhouse, sponsored by the club and the Ladies Golf Association.

Children's Service League will meet at 2 p.m. with Mrs. L. S. Page, 1305 West Wall Street.

North Texas Exes Club dance will begin at 8 p.m. in the Midland Officers Club.

Sashway Square Dance Club will meet at 8 p.m. in the American Legion Hall.

**SATURDAY**

Trinity Episcopal Confirmation classes for children will be at 10 a.m. in the church.

Children's Story Hour will be at 10:30 a.m. in the Children's Room of the Midland County Library.

Junior Theater will meet at 10:30 a.m. in the City-Country Auditorium.

Moment Musical, junior music club, will meet at 11 a.m. in the Watson Studio.

American Association of University Women's monthly luncheon meeting will be at 12:15 p.m. in the Crystal Ballroom of the Schaeffler Hotel. Any changes in reservations may be made by calling Mrs. W. P. Von Osnaki, telephone No. 1965-W, by Friday noon.

## Brownie Troop 21 Initiates Members

Six new members were initiated into Brownie Troop 21 at a meeting in South Elementary School Wednesday. They are Mary Revel, Glenda Brookshire, Peggy Crabtree, Deanna Darr, Pamela Miles and Bernice Barron. Marquita Wells joined the troop as a new member and Sammy Morgan was a guest.

Also present were Glenda Jo Lesley, Charlotte Craig, Beverly Burleson, Brenda Gouchie, Zeba Flynt, Sharon Shaw, Barbara Miller, Sue Thompson, Joyce Morgan, Frances Cavitt, Marjorie Davis and the leader, Mrs. Fred Burleson.

## Lucky 13 Christmas Party Is Scheduled

Plans for a Christmas party were made by members of the Lucky 13 Club at a meeting Tuesday in the home of Mrs. Ellis Conner, president.

Present were Mrs. Houston Sikes of Odessa and Mrs. H. B. Collings, Mrs. Bill Cole and Carolyn K. Cole, Mrs. J. C. Hudman, Mrs. Sidney F. Hall, Mrs. C. H. Shepard, Mrs. B. L. Hays, Mrs. Jack McChugh and Brenda, Mrs. Ollie Jones and Mrs. James L. Daugherty.

## Mathews Discusses School System For Junior Woman's Club

Charles Mathews, high school principal, explained the Midland Public School system to members of the Junior Woman's Wednesday Club at a meeting Wednesday in the home of Mrs. Donald M. Oliver.

Mathews explained the workings of the school system and told of the new vocational courses for students whose inclinations do not run along academic lines. He explained the visiting teacher and other plans which have been added to the system and told also of plans to alleviate crowded conditions.

During the business session, club members voted to give \$25 to the Community Chest. Mrs. C. V. Coleman of Oklahoma City was a guest of the group.

Other members attending were Mrs. Irbly Dyer, Mrs. Charles Edwards, Jr., Mrs. W. P. Z. German, Mrs. Frank Miller, Mrs. D. G. Roberts, Mrs. Olin Prasher, Mrs. Cole, Mrs. H. W. Hensley, Mrs. T. Smith and Mrs. Louis Thomas.

## Symposium Is Program For Modern Club

A symposium on "New Threats to America's Freedom" was the program for the Modern Study Club at a meeting Wednesday in the home of Mrs. G. C. Hughes.

Mrs. Lamar Lutz was the leader and read a paper written by Mrs. W. S. Nelson on "Communism." Mrs. Hughes spoke on "Socialism" and Mrs. C. C. Keith on "Labor Troubles." The audience also participated in the discussion.

Mrs. H. S. Garrett of Fort Worth was a guest and other members attending were Mrs. Al Boring, Mrs. J. W. Carroll, Mrs. John Casselman, Mrs. Earl Johnson, Mrs. F. R. Schenck, Mrs. Harrie A. Smith, Mrs. J. W. Brown and Mrs. Bert Goodman.

The next regular meeting of the club will be a guest day November 18, with Mrs. E. Morgan as leader. The meeting will be held in Hotel Scharbauer, and Mrs. Jund A. Detterick of Las Cruces, N. M., president of the New Mexico Federation of Women's Clubs, will be guest speaker. Her topic will be "What Kind of Government Ahead?"

## Friendly Builders Members Meet In Home Of Mrs. Bush

Demonstrations of bound button-hole and corsage making were given for the Friendly Builders Home Demonstration Club at a meeting Wednesday in the home of Mrs. Charles Bush.

Mrs. Guy Creighton gave the business demonstration and Mrs. Bush showed the group how to make corsages.

White and orchid chrysanthemums were used throughout the house.

Mrs. Bush presided at the meeting in the absence of the president, Mrs. T. Lineberry.

Mrs. L. B. Wood was welcomed as a new member and others attending were Mrs. L. B. Berry, Mrs. H. Pope Stearns, Mrs. William Maxwell, Mrs. Theo Ferguson, Mrs. H. C. Solomon, Mrs. E. Storey and Mrs. R. R. O'Neal.

## MUSIC ON PROGRAM After Luncheon Of Lion Tamers Club

Music made up the program for the Lion Tamers Club after a potluck luncheon in the home of Mrs. F. A. Forrest Wednesday. Mrs. James L. Daugherty, Mrs. Carl O. Hyde, Mrs. John H. Biggs and Mrs. Bill Collins were hostesses with Mrs. Forrest.

Songs by Jackie Station with Diane Daugherty as pianist were introduced by Mrs. Ray Howard, program chairman. In a business session members discussed a proposed constitution and by-laws for the club.

Present were Mrs. William O. Stallings, Mrs. H. S. McPadden, Mrs. L. B. Smith, Mrs. J. C. Mayer, Sr., Mrs. J. C. Mayer, Jr., Mrs. John B. Mills, Mrs. L. V. Baasham, Mrs. C. A. West, Mrs. J. P. Carson, Jr., Mrs. John Sewell, Mrs. R. L. McCormick, Mrs. Glenn Shoemaker, Mrs. W. M. Garney, Mrs. W. G. Keeler, Mrs. W. C. Kimball, Mrs. Harlan Howell, Mrs. J. W. Williams, Mrs. P. J. Inman, Mrs. C. A. Churchill and Mrs. E. R. Andres.

## Mrs. Christian Is Named Candidate

Collyria Christian, immediate past president of the Midland Business and Professional Women's Club, was named a candidate for a place on the nominating committee of the Texas Federation of Business and Professional Women's Clubs at a meeting of the club here Tuesday night.

The program stressed jury service for women, but included discussions of all the state constitutional amendments to be voted on next Tuesday. Dorothy Thompson, chairman of the legislation committee, led the discussion.

Ruby Burns was voted in as a new member. Approximately 20 persons attended the meeting in KORS studio.

## Box Suppers Are Activity Of Scout Week

Father-daughter box suppers, another event of Girl Scout Week, were held Wednesday night in North, South and West Elementary and Junior High School.

E. L. Bradberry was master of ceremonies at the North Elementary supper and Bert Cole, Jr., A. A. Jones and Ernie Ericks judged the boxes. Hope Russell won first and Mary Gelsey, second. Jack Hawkins, Cecil Hawkins and O. J. Lawrence judged the hats and awarded Diana Dorsey first prize and Carolyn Kay Cole, second.

As part of the program, the fathers sang nursery rhymes for the daughters.

Jackie Collie and Jan Bell were box prize winners at West Elementary, with Marilyn Elder, Marian Fay McGowan, Jessie Fay Oliver and Judy Orson receiving honorable mention. Janice Halton and Sandra Burkett won the hat prizes. Art Cole was master of ceremonies and Glenda Ruth Brown, pianist.

A folk dance by Intermediate Troop 18 and a flag ceremony by Brownie Troop 21 were on the program at South Elementary, with Mrs. J. A. Sealer as master of ceremonies. Mrs. Bill Roush was program chairman, assisted by Mrs. C. O. Fredregill.

Kay Leaton won first prize for the prettiest box and Pamela Miles, second prize for the most unique box. Beverly Sue Adams was first prize winner for the prettiest hat and Sandra Kay Norwood, second, for the most unique.

Brownie Girl Scouts who participated in the flag ceremony were Deana Darr, Beverly Burleson, Marjorie Payne Davis, Eleanor Sue Thompson, Zeba Flynt and Frances Cavitt.

## Bridge Tournament Slated For Midland Country Club Women

Beginning at 2 p.m. Friday, a two-day bridge tournament will be held in the Midland Country Club for members. Those who plan to enter are asked to telephone their reservation to the clubhouse by noon Friday.

The tournament, first of its kind for women of the club, is sponsored by the Ladies Golf Association and the country club. Mrs. Nelson Puett, social chairman of the Golf Association, is in charge of arrangements.

Tables will be arranged for canasta, if some members prefer that game to bridge, and the canasta players will be eligible for some of the awards. Refreshments will be served both Friday and Saturday afternoons.

## Mrs. Patton Honored At Birthday Party

Honoring Mrs. J. S. Patton on her birthday, open house for members of her family and friends was held Wednesday in the home of Mr. and Mrs. John Spurgers. The callers wished her many more happy birthdays as they presented gifts.

Refreshments were served to Mr. and Mrs. Wade Patton, Mr. and Mrs. George O. Carr, Mrs. Oscar White, Mr. and Mrs. Bruce Goode, Mr. and Mrs. Elmer Patton, Mrs. John Spurgers, Jr., Mr. and Mrs. J. S. Patton, Mrs. Lucy Heard, Mrs. P. E. Smyres, Donald Ray Carr, Sherry and Lane Patton and Betty Lou Patton.

Gifts were sent to the honoree by Mr. and Mrs. E. F. Penick, Mr. and Mrs. Don Oliver and Mr. and Mrs. Bob Woods.

## Pi Beta Phi Alumnae Meet For Business

A business meeting of Pi Beta Phi alumnae was held Wednesday afternoon in the home of Mrs. E. F. Alstrin.

Attending were Mrs. H. E. Chiles, Mrs. C. J. Conkling, Mrs. E. K. Dodson, Mrs. A. H. Hedden, Mrs. M. H. McKenzie, Mrs. Donald M. Oliver, Mrs. Emil Rasmann, Mrs. Leiland Thompson and Mrs. W. C. Tillet.

## Deadlock Shelves 1949 Nobel Prize In Literary Field

STOCKHOLM—(AP)—The Swedish Academy decided Thursday to shelve this year's Nobel Prize for literature because it was deadlocked, hopelessly over four top candidates, including Winston Churchill and the Italian philosopher, Benedetto Croce.

The tug-of-war on the prize decision was reported to have been greater than any time during the half-century in which the 18-member academy has been making the award.

The decision was taken at a brief session Thursday afternoon. It was announced that, in no candidate had been able to obtain the absolute majority necessary, the award will be withheld until 1950.

## Clampdown On Fur Coat Taxes Delayed

WASHINGTON—(AP)—The Interstate Bureau Thursday postponed until March 3 the effective date of a ruling clamping the 20 per cent sales tax on all-fur coats without exception.

The postponement was in response to protests from manufacturers and merchants. They claimed they would suffer loss unfairly unless less given time to dispose of stocks acquired before the ruling.

The original ruling, made known Wednesday and intended to be effective immediately, was designed to plug a loophole in the law under which some all-fur coats had come tax free along with fur-trimmed cloth coats.

## Films Supplement Talk On Texas Flora For Wednesday Club

A discussion of Texas Flora and Fauna, with the emphasis on the flora and fauna of West Texas was given by Mrs. C. W. Chancelier at a meeting of the Woman's Wednesday Club Wednesday. The group met in the home of Mrs. W. L. Kerr with Mrs. Kerr and Mrs. C. R. Steinberger as hostesses.

Colored movies belonging to Mrs. Ralph Lowe augmented the discussion, as did colored slides of the Tyler Rose Festival, taken and shown by Mrs. M. S. Dickerson.

After the program, refreshments were served to Mrs. B. F. Black, Mrs. Clyde Cowden, Mrs. Guy Cowden, Mrs. Ida Faye Cowden, Mrs. Paxton Howard, Mrs. N. D. McKee, Mrs. R. L. Miller, Mrs. Erle Payne, Mrs. L. W. Sager, Mrs. Tom Sealy, Mrs. Ernest Sidwell and Mrs. R. M. Turpin.

## Mrs. Stowe Reads Play For Club In Mrs. Martin's Home

Mrs. Wilmer Stowe, member from Odessa, was the reader Wednesday afternoon for two guests and members of the Play Readers Club who were entertained in Mrs. James D. Martin's home. Mrs. Marsh of Amarillo and Mrs. Robert Pitting were the guests.

Other members present were Mrs. Harvey Herd, Mrs. Ray Howard, Mrs. Wallace W. Irwin, Mrs. Charles Klapproth, Mrs. William Y. Penn, Mrs. W. F. Pennebaker, Mrs. W. T. Schneider, Mrs. R. D. Scruggs, Mrs. DeLo Douglas, Mrs. R. L. Gaster, Mrs. E. H. Barron and Mrs. R. M. Barron.

## Men Stage Program For Rankin P-TA

RANKIN—Male members of the Kathryn Secret P-TA were in charge of the regular monthly meeting of the association Tuesday night in the High School. A piano solo prelude was played by the Rev. Cochran.

Supt. Hamilton Still was acting president; G. C. Fitzgerald, secretary, and D. S. Anderson, program leader.

The report of the treasurer given by R. H. Johnson revealed the sum of \$1,088.88 was earned at this year's Halloween carnival.

Mrs. Pete Pollard of the yearbook committee announced the books are ready for distribution.

Delegates elected to the State P-TA convention in Waco, November 16, 17 and 18, are Mrs. D. O. McEwen, Miss Nelson of the school faculty and Mrs. Leola Hurn, faculty member, alternate.

It was announced the local association now has 205 members.

Following the business meeting Mr. Cochran played several piano selections and the Rev. Mr. Mann of McCamey spoke of "Teamwork Between the Home and School."

# Clampdown On Fur Coat Taxes Delayed

WASHINGTON—(AP)—The Interstate Bureau Thursday postponed until March 3 the effective date of a ruling clamping the 20 per cent sales tax on all-fur coats without exception.

The postponement was in response to protests from manufacturers and merchants. They claimed they would suffer loss unfairly unless less given time to dispose of stocks acquired before the ruling.

The original ruling, made known Wednesday and intended to be effective immediately, was designed to plug a loophole in the law under which some all-fur coats had come tax free along with fur-trimmed cloth coats.

U. S. Experts Worry

The United States is a nation built upon steel. And most Americans probably don't give too much thought to the problem of where the steel comes from.

The truth is that our reserves of high-grade iron ore, from which steel is made, seriously are depleted. Some steel firms face a shortage of raw material within a few years.

Since before the turn of the century, this country has had an amazingly cheap source of iron ore: the famed Mesabi Range in Minnesota.

But while the second great conflict was in progress, a steel man said: "This is the last war that will be fought off the Mesabi."

This realization is food for sober thinking. The dwindling of our top-grade ore stocks means this: Either we must find new sources of supply or we must see one of the stoutest props of our economic strength knocked out from under us.

There are two main possibilities before the nation. One is to turn to foreign sources. Fabulous undeveloped reserves of iron ore exist in Brazil and Labrador, and Venezuela is a secondary prospect.

The other course is to dip into America's own vast holdings of low-grade ore—a material hitherto largely untouched because of the high cost of mining it.

Some eastern mills already rely on Venezuelan sources. And development work now is going forward in Labrador on a considerable scale.

But American steel companies understandably are reluctant to plan a wholesale switch to foreign ores. The problems are many: keeping friendly political relations with the supplying country, protection of the raw material lifeline in case of war, possible costly shift of plants from present inland centers to coastal cities to reduce overland transportation costs.

Experimental plant operations with low-grade ore have thus been undertaken in the hope the domestic alternative will offer a better, safer answer.

The move looks wise and it is to be hoped that other big firms follow suit. Even though the domestic development of new supplies might prove costlier than reliance on foreign ores, it would be worth the expense if we thereby avoided grave new political and military difficulties.

McKenney on Bridge. By WILLIAM E. MCKENNEY. America's Card Authority. Written for NEA Service.

This is the fourth of a series of articles taken from Fred L. Karpin's new edition of the Point-Count System of Bidding in Contract Bridge.

Lesson Hand—Neither vul. South West North East 2♠ Pass 2♣ Pass 2♦ Pass 2♥ Pass 2NT Pass 4NT Pass 6♣ or Pass Pass Pass (6NT.) Opening Lead—A♠

opening two-bid in a suit. While this chapter has nothing to do with the point-count system of bidding, nevertheless it is worth your while to become thoroughly familiar with the convention, as a greater part of it has been used by many of the country's good players.

It will be a rare occasion when you hold a ace and two kings opposite partner's opening two-bid. When you do you can tell him exactly what you have, thereby eliminating the guess in the hand.

North's response of two spades showed the ace of spades. It denied any other ace. With two aces the first response would have been four no trump. North's second bid of four no trump showed two kings, which now permitted South to contract for a small slam.

If you should happen to have an ace and king in one suit, and the king of another suit, jump in the ace-king suit first, then rebid four no trump (which is a force to slam). For example:

Opener Responder A♠ A♠ Q♠ 7♣ 8♠ K♠ 7♣ 8♠ A♠ K♠ 7♣ 8♠

Showing the AK of diamonds, Small slam, now assured—looking for a grand slam. Another king. The grand slam—13 tricks can be counted.

It does not matter who has the atomic bomb. Developments in germ warfare have made child's play out of the atomic bomb.

There is only one thing worse than one nation having the atomic bomb. That's two nations having it.

Health Officials Start Out To Streamline Nation's Hospitals

By DOUGLAS LARSEN NEA Staff Correspondent WASHINGTON—One of the small parts of the President's long-range national health program which did get through Congress has the potential of making U. S. hospitals much better places in which to be sick.

Inefficiency and varying standards are notorious in the management of hospitals. And it has been only recently that public health officials and doctors have awakened to this fact. It is keeping patients from getting full benefits out of medical progress.

The new law involved simply spells out in detail the authority of the U. S. Public Health Service in doing research on hospital management. It directs the agency to try to send hospitals on adopting the findings of this research might produce until now PHS has been confined to a "brick and mortar" function. It has run the various federal aid plans aimed at spurring local hospital construction.

Little money is involved in doing this new job. PHS officials, in the process of trying to coordinate all U. S. hospital facilities, have the problem pretty well sized up. Congress appropriated \$1,200,000 for the agency to farm out special research jobs on the problem to universities and health groups if they are needed.

Dr. J. R. McGibony, PHS official who will direct the work, explains that the annual hospital bill to patients in the U. S. is about \$3,000,000,000 and that another half billion dollars each year is being spent on the construction of new hospitals. He says that less than one-tenth of one per cent of that huge sum has been spent on research to improve hospital service. And that, he claims, is less research money than is being spent trying to improve automobiles, radios or clothing, for instance.

Improving Diet Planning Getting hospitals to serve better food is one of the things Dr. McGibony hopes to accomplish. Food is almost as important in getting a patient well as the medicine he is given. Yet, Dr. McGibony says, a big percentage of hospitals don't have their kitchens as efficiently operated as the average restaurant. And frequently there is scant attention paid to serving well-balanced and nutritious meals.

What he hopes to be able to do in this particular field is find out how the hospitals with the best kitchens operate, and make the information available to all of them. Part of the job is to show smaller institutions how to prepare and serve food with

Questions and Answers

Q—Why is the golfer's "caddy" so called? A—Golf originated in Scotland. Caddy is a Scotch corruption of the French caddie. The original Scotch meaning of caddy was, "an errand boy; one who does odd jobs."

Q—Which planet is closest to the sun? A—Mercury is the closest planet to the sun, and it moves faster than any of the others. In one second it travels 30 miles on the average.

Q—Was the North or South victorious at the Battle of Antietam? A—The North called it Antietam and claimed a victory; the South called it Sharpsburg and also claimed a victory. The verdict of history is that it was a draw.

Q—By whom was the first atlas used? A—Ptolemy, an astronomer and geographer who lived 150 centuries ago, is believed to have made and used the first atlas.

Q—Do birds and animals have color vision? A—Color vision, highly developed in birds, is lacking in other animals, and in dogs is different from human recognition of tints; bees are color-blind.

Texas Veterans Land Buying Programs To Start In December

DALLAS —A state financed land buying program for veterans will get underway December 1-10, Land Commissioner Bascom Giles announced.

"We'll soon be ready to go," he told the Dallas Rotary Club Wednesday. He said \$5,000,000 worth of bonds for this purpose had been sold, adding that a total of \$25,000,000 in bonds will be sold.

He estimated that because of the program, Texas will have 5,000 new land owners.

BAKER TO RETIRE FROM YOUNG DEMOCRAT POST CHATTANOOGA, TENN.—Roy Baker of Sherman, Texas, says he will not be a candidate to succeed himself as president of the Young Democratic Clubs of America. He has been president two years.

The GAMEO By Virginia Teale Copyright, 1949, NEA SERVICE, INC.

THE STORY: Martin Falter, after failing to sell a valuable case which he had obtained through undisclosed channels, has asked Martin Pfeiffer, a friend, to sell it to a San Francisco dealer. When Martin refuses, Arnold threatens to expose a scandal in the past. Pfeiffer, however, had offered the case to Hagar Blair, a local collector, at a price Pfeiffer could not stand.

Arnold bowed elaborately. "Martin leaves Arnold Pfeiffer's place," he said. "He'll be a wealthy resident of the Dolores art colony, calls on Pfeiffer, asking for Martin."

IV AN UNOPENED pack of cigarettes into Nell O'Neill's lap. She picked them up, giving him a mocking smile: "Genuine Old World courtesy always rampant at the Pfeiffer weaving studio," she remarked in her hoarse, unpleasing voice.

"Did Martin say anything to you about going away? About taking a trip or anything like that?" "Trip? Him, or me?" Arnold kept his eyes on the cigarette he was fitting into his holder.

"Don't be funny, Arnold," she rasped. "Did he say anything about going away himself?" Arnold lit his cigarette. "Not that I remember."

She tapped her long nails on the arm of the chair. Arnold stared at her hand as he would at a beached jellyfish. It was long, with narrow palm and slender fingers oddly squared off at the ends.

Nell stood up abruptly. She surveyed him from her almost-six-foot height, her flat blue eyes meeting his contemptuously. She meeting his contemptuously.

"If you see Martin before I do, tell him I want to see him immediately. Immediately, got that?" Arnold turned his back on her. He had her down the hall and slam the front door. He whirled and spat out a word that was not in his everyday vocabulary.

When his temper had simmered down, he went again to the cabinet and took out the cameo. Was the pin actually Martin's property? What if he had stolen it? And who was this prospective buyer in San Francisco? An honest man or a fence? Arnold bit his lips—he could ill afford to bring himself to the attention of the police!

The best thing to do right now was to take this wretched bauble up to Hagar Blair, the old scarecrow who ran the Three Wishes Gift Shop. She owned quite a famous cameo collection—there had even been an illustrated story about it in a recent Sunday supplement of a Los Angeles newspaper. She certainly would know whether such a cameo had been reported stolen.

enunciation, "to take our new and valued friend, Mr. Yakov, a fine artist like he is, up to Martin Falter's so-called studio. I can think of a thousand better ways of entertaining a stranger in our midland than to take him to see a lot of clap-trap junk that masquerades as art."

Andy gave Nell a secret, understanding smile. "The studio of our artist friend," he asked cheerily, "which house?"

Leaning forward, Nell pointed to a small house with a redwood shingle exterior. "Yakov turned off the ignition and set the handbrake against the incline of the hill. Yakov climbed out on the other side, and waited for Nell and Tom. He looked up at the drawn blinds and fingered his mustache.

Nell led them up the splintery, gray steps across the narrow porch to the door. Grasping the handle of a brass knocker, she struck it clattering against his knob. She impatiently tried the knob and the door swung open.

"Martin?" she called. "Martin, are you in there?" She turned to the two men with a disappointed gaze. "Well, he's not here, but he must be coming right back or he wouldn't have left the door open. Let's wait."

TOM shuffled in and Yakov followed. The Russian's eyes darted interestedly over the interior of Falter's cluttered studio. The paint-splattered but vacant easel, the table nearby—its top pilled with brushes, paint rags, tubes of color. A pullman-type table was unfolded from the wall and propped on its one leg—on a wine, a half loaf of French bread, a block of cheese on which a fly had settled, and an empty sardine can.

"Tom came to stand beside Andy. "Frop," he said. "He thinks this is the way artists are supposed to live. How long do we sit in this den of iniquity and wait for the iniquitous?"

Nell tilted her chin and looked down at Tom through narrowed eyes. She opened her mouth to speak, then, glancing at Yakov, she closed it. She walked to a curtained corner cupboard, passed the fabric brushes, paint rags, tubes of color. She helped herself to two books, carelessly tossing one to Tom.

His face glowed dull red as he beetled down at the initials on the cover. On a background of gold, the initials N O N were inscribed in clear satin black. His upper lip twisted back against his teeth.

"So? You even supply him with matches?" Nell exhaled cigarette smoke slowly so that it partially obscured her face with a moving gray veil. "You bore me today, Tom O'Neill," she drawled. "Tom mimicked. "That's funny. I can't understand that at all. How could you be bored, even by me, here in these familiar and beloved surroundings?" (To Be Continued)

Five Negroes Die When Fire Sweeps Chicago Apartment

CHICAGO —Five negroes, including two boys, died and about 20 others suffered injuries Thursday in an early morning fire which swept through a three-story South Side apartment building.

So they say

It does not matter who has the atomic bomb. Developments in germ warfare have made child's play out of the atomic bomb. There is only one thing worse than one nation having the atomic bomb. That's two nations having it.

It's "Round-Up" Time for the Boy Scouts

Through its annual "Round-Up" now under way until the end of December, the Boy Scouts of America is re-checking its membership, its adult leadership and reviewing plans of its various Unit programs. "Round-Up" time finds new Units being organized and invitations are extended to countless boys to participate in and enjoy the program of Scouting. Part of the "Round-Up" is the annual Roll Call which includes the inspection of every Unit's members, a check of its equipment, its advancement program, damage plans for the next few months and a personal effort of each member to bring new boys into Scouting. Above are depicted some of the Scouts' many activities.

# WINTERPROOF Now!

Don't mind us, Joan. Whether you eventually unearth Dad's credit card or those elusive dollar bills, it's well worth the search. For our Winterproof Service is the *soudest value* in weather protection money can buy... "red earmuffs" for your car that mean trouble-free transportation: quicker starts on cold mornings; less wear and repair; smoother rides; freedom from freeze-ups; and greater ease in steering, shifting and handling. You get all this with four essential Winterproof services:

### PROTECT THE RADIATOR

Clean out all accumulations of rust and scale with Mobil Radiator Flush; check the fan belt and hose connections. Then guard against freeze-ups with the correct amount of Mobil Freezone to insure radiator protection.

### PROTECT THE GEARS

with tough and flexible Mobilube Gear Oils to minimize repairs and make shifting easy. Regardless of temperature extremes, Mobilube Gear Oils retain their rich lubricating properties giving full protection to moving parts.

### PROTECT THE ENGINE

Cushion your rides over slushy, rutted streets or icy pavements with Scientific Mobilubrication. Vital under-car parts are inspected. Squeaks and rattles vanish; repair is minimized, and your car steers easier and handles better.

### PROTECT THE CHASSIS

Locasio was termed by City Detective Emanuel Schein "the biggest distributor of narcotics in the country." The 33-year-old prisoner described himself as a truck driver. But police said he paid \$20,000 cash two weeks ago for the two-story home. They seized a sporty new Cadillac convertible parked in front of it. Agents said the arrest nine months ago of 17 small-time Manhattan dope peddlers set off a search for the source of the narcotics. The raiders said they found a pound of heroin in a second-floor linen closet of Locasio's home. A secret compartment beneath a kitchen sink, they said, yielded four more pounds of heroin plus 6,000 vials of morphine and equipment to dilute raw dope for human consumption. Peddled at retail through underworld sources, police said, the dope was worth a million dollars. The actual value in legitimate trade channels is much less. The officers said Locasio admitted serving a two-year federal prison term before the war on an illicit alcohol charge.

### Formation Of Indonesian Republic Marks Dawning Of New Day For Smaller Nations

By DeWITT MACKENZIE  
AP Foreign Affairs Analyst

The day of small nations has passed away; the day of empires has come. The famous British statesman, Joseph Chamberlain, made that statement in 1904 during a speech

### S. R. Guggenheim, Copper King, Dies At Home Thursday

PORT WASHINGTON, N. Y.—(AP)—Solomon R. Guggenheim, 88, senior member of America's great mining family, died here early Thursday at his Long Island estate, Trilora Court.

The multi-millionaire copper king was active in the family business until three weeks ago, when his health suddenly began to fail. His condition worsened early this week and his three daughters were called home.

His wife, Irene, was with him when he died, and a daughter and son-in-law, Mr. and Mrs. Henry Obre, of Baltimore, also were present. His eldest daughter, Countess Castle Stewart, was reported flying home from England.

Guggenheim was the senior member of the firm of Guggenheim Brothers, and was the last survivor of the seven sons of Meyer Guggenheim, who started the family in the mining business in North and South America.

He also was a generous art patron, and had been a collector since his marriage in 1895 to Irene M. Rothschild, a young art follower.

In 1937 he formed the Solomon R. Guggenheim foundation to encourage and popularize art—especially in its modern form of non-objective painting. His own personal collection ranged from American landscapes to the Barbizon school and primitives.

As head of the family firm, Guggenheim was a director of a number of metals corporations, including Kennecott Copper, Braden Copper, Pacific Tin, and the Nevada Northern Railway Company. He also has one of the major stockholders in the huge Anaconda Copper Mining Company.

### FALSE TEETH Rock, Slide or Slip?

FASTESTEETH, improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No gummy, sticky taste or setting. FASTESTEETH is alkaline (non-acid). Does not wear. Check your dentist (denture teeth). Get FASTESTEETH at any drug store.

### Alleged Kingpin Of Narcotics Racket Is Arrested By Police

NEW YORK—(AP)—Peter J. Locasio's concern for his two expensive dogs has landed him behind bars, accused as a kingpin of the American traffic in narcotics.

He was called into Queens Felony Court Thursday on state charges of illegal possession of an estimated \$1,000,000 worth of dope.

Federal and police agents raided Locasio's lavish Queens home Wednesday. They lay in wait until they saw him leave the house to walk his two handsome Boxer dogs.

"I wouldn't have been home this afternoon if I didn't have to take these dogs out for an airing," he told police.

Locasio was termed by City Detective Emanuel Schein "the biggest distributor of narcotics in the country."

The 33-year-old prisoner described himself as a truck driver. But police said he paid \$20,000 cash two weeks ago for the two-story home. They seized a sporty new Cadillac convertible parked in front of it.

Agents said the arrest nine months ago of 17 small-time Manhattan dope peddlers set off a search for the source of the narcotics.

The raiders said they found a pound of heroin in a second-floor linen closet of Locasio's home. A secret compartment beneath a kitchen sink, they said, yielded four more pounds of heroin plus 6,000 vials of morphine and equipment to dilute raw dope for human consumption.

Peddled at retail through underworld sources, police said, the dope was worth a million dollars. The actual value in legitimate trade channels is much less.

The officers said Locasio admitted serving a two-year federal prison term before the war on an illicit alcohol charge.

### Chartered Bus To Transport JayCees

A chartered bus will transport Midland JayCees to Odessa Friday for a luncheon meeting at which Cliff Cooper, national president will speak.

The bus will leave Hotel Scharbauer at 11:15 a.m. JayCees may bring along guests if they desire. The bus will return to Midland immediately following the luncheon.

### Managing Editors Hear AP President

PORT WORTH—(AP)—Robert McLean, publisher of the Philadelphia Bulletin and president of The Associated Press, spoke early Thursday afternoon before the 18th annual meeting of the Associated Press Managing Editors Association.

Arriving here Wednesday night, the 58-year-old McLean called the managing editors' group—"which brings the working newspapermen closely in contact with the management"—the most important development during the 25 years he has served with the AP. McLean has been president of the AP since 1938 and a director for 25 years.

Lyndon B. Johnson, U. S. Senator from Texas, addressed the APMEA Wednesday night.

The national meeting opened Wednesday and will run through noon Saturday. William F. Steven of the Minneapolis Tribune is president of the APMEA.

### 'Shaking Palsy' Victims Should Shy From Strenuous Exercise

By EDWIN F. JORDAN, M. D.  
Written for NEA Service

Paralysis agitans, Parkinson's disease or "shaking palsy" are different names for a rather common disorder of the nervous system. The symptoms generally begin gradually, usually in one hand. At first the typical shaking movement may not be present all of the time. A loss of muscular strength and stiff feeling may be the first signs. The muscular movements become less rapid and more difficult to carry through. The trembling movements at rest are not long delayed.

Two kinds of Parkinson's disease are common. One is that which develops in older people and more often in men than in women, the cause of which is not known. It probably is related to the aging process. Sometimes severe anxiety or shock brings on the symptoms but the real cause probably is something else.

Second Variety  
Some infections, especially what is called epidemic encephalitis, which is a virus infection of the brain, sometimes spoken of as American sleeping sickness, is responsible for the second variety. When Parkinson's disease develops from this cause, it comes about as frequently in women as in men. Of course, it is likely to occur at younger ages also.

People who have either kind of paralysis agitans usually are advised against becoming overworked. A reasonably active life with some work is good for most; however, strenuous exercise usually is taboo. Cold-water treatments, special exercises, sun baths, massage and vitamin preparation all have been tried without much success.

There are several drugs which

#### THE DOCTOR ANSWERS

By EDWIN F. JORDAN, M. D.  
QUESTION: Do alcoholic drinks make a bronchial asthma worse?  
ANSWER: This is possible, although not necessarily the rule. If alcohol does make attacks worse in an individual case, it would be wise to discontinue such drinks.

often are helpful in controlling the "shakes" too, but there is no single treatment which will cure the condition. Nevertheless many, many people get along with it for a long time without serious difficulty.

### Japanese Products Exhibited At Fair In Italy This Fall

AP Newswriters  
BARI, ITALY—East and West this Autumn brought their most prized goods from the far corners of the world to exhibit them in Bari's great "Fair of the East."

Some of them were brought along the old route that Marco Polo traveled centuries ago to bring to Italy goods and tales of the then fabulous East.

This year's "Levant (Eastern) Fair" marked the return of Japanese products to European markets. From Japan came a display of furs, pearls, silks and varied oils.

China, Japan and the Philippines. While the Philippines attended the Fair last year, China and Japan are newcomers. It was the first time after the war that Japan sent its goods to a European exhibition.

Egypt, Cyrenaica, Tripolitania, Tunisia, Algeria, and Morocco sent their handicraft and agricultural products to the fair.

It is calculated that over 45,000 different products and manufactured goods were exhibited.

Two years ago—the first post-war edition of the fair—only 13 nations and 156 exhibitors participated.

Trade missions from many European and Asiatic states visited the show. A special Italian mission expressed regret it was not able to attend the exhibit this year, but promised to bring a complete show to Bari next year.

The first rebroadcast of a London radio program was made in this country in 1925.

### Oil Fundamentals To Be Discussed

Lieut. Cmdr. James D. Martin, commanding officer of Volunteer Petroleum Unit No. 4-1, USNR, will discuss the fundamentals of drilling and producing oil wells at the drill session Thursday.

The drill is to be held in the Navy Building at Midland Airport, beginning at 8 p.m.

The address will be directed primarily toward members whose general knowledge of drilling and producing is not as complete as that of members more experienced in the subject.

### Missing Tot Found After Long Search

LANHAM, MD.—(P)—It was dark and cold down under the railway fill where seven-year-old Claire Marie Haurraty sat under a bush calling to her "mommy."

Three of the some 1,000 men who joined in a search after the blonde tot failed to return from school Wednesday, scrambled down the 50-foot embankment and found her there at 1 a.m. Thursday.

"I got lost," she told her rescuers, "but I wasn't worried."

Seabrook from Washington Sunday. Claire Marie was entered in the Lanham School Wednesday. Her mother gave her a note to her teacher, explaining where the school bus driver was to let her off on her way home.

But Claire Marie got on the wrong bus. After getting off at West Lanham, she wandered about all afternoon and through the night. Then she got tired and sat down under a bush.

She was not harmed by her experiences. She laughed and talked with her rescuers. She was "awfully hungry," she said.

### Educators Favoring Change Of Designs In School Buildings

NEW YORK—(P)—If educators have their way the school house of the future will have outer walls of window panes and glass blocks.

The buildings will be functional rather than traditional in design. They will be sprawling structures, liberally splashed with color, even to "blackboards" of yellow, green and white.

The catch is, educators don't know where the \$10,000,000,000 experts estimate will be needed in the next 10 years to house America's bumper crop of children is coming from.

School Management Magazine queried 10,400 city, county and diocesan school superintendents on the type of buildings and equipment they would like to have. Their replies show typical forms such as Colonial, Early American and Gothic are out. There is a marked tendency to conserve taxpayers' dollars by eliminating such unessential detail as the old fashioned pitched roofs.

Double-Pane Glass  
The greatest external change would be window treatment. Instead of single-pane windows, which offer little insulation against temperature extremes, double-pane glass is wanted. Glass blocks, used primarily for directional lighting is favored also.

The educators want a room designed for television reception and other visual education media. Music rooms, gymnasiums, auditoriums, a dispensary and cafeterias are considered essential also.

On the question of heating equipment, most educators prefer a central-type system utilizing either steam or hot water. They want unit ventilators as a means of keeping classroom air healthfully fresh as well as comfortable. Air conditioning also appears on the list of desirable items for modern schools.

### Midland Oil Man Is On Executives Tour

E. E. Reigle, owner-manager of the Richmond Drilling Company here, left Wednesday night for Fort Worth, where he will join 50 other Southwest business men in making a business executives tour sponsored by the Fort Worth Chamber of Commerce.

The 10-day tour will be made in a Braniff Air Lines DC-6, leaving Fort Worth Friday and returning there November 13.

Stops are scheduled in Miami, Nassau, San Juan, Puerto Rico; Ciudad Trujillo, Port Au Prince, Kingston, Jamaica; Havana, Cuba, and New Orleans.

### Braceros Who Jump Jobs Being Deported

SAN ANTONIO—(P)—The U. S. is shipping 68 bracero laborers back to Mexico for violating employment contracts.

A group of 58 workers were due here Thursday from Memphis. They will be put on ten buses held here for return to Mexico via Laredo.

H. P. Brady of the border patrol said the braceros were contracted to work on farms under the agreement between the United States and Mexico. These men, he said, have abandoned their jobs.

### Social Situations

SITUATION: You have house guests in a stranger's home.

WRONG WAY: Feel you must not let them help with the work, even though they offer to do so.

RIGHT WAY: Let them help you, since it will make them feel less of a burden to you if they can help out.

ONE KILLED, ONE HURT IN MEREZON ACCIDENT  
MEREZON—(P)—One man was killed and another injured critically Wednesday when their automobile hit a culvert about two miles east of here.

Dead was Seth Oland Burison, 63. Injured was Thomas Jefferson Newton, 65.

Yes, they'll really sing about genuine LEVIS

# Yank Pilot Casey Stengel Is Chosen Manager Of Year

By JOE REICHLER  
NEW YORK—(AP)—Casey Stengel, who hit the jackpot in his first year with the New York Yankees after nine unsuccessful seasons as National League pilot, is the major league's "manager of the year."

The grizzled veteran, who overcame a fistful of obstacles to lead the Yankees to an American League pennant and a world championship last season, was the overwhelming choice of the baseball writing fraternity which voted in The Associated Press poll.

Stengel grabbed 101 of the 116 votes cast. Only four other pilots received recognition with Detroit's Red Rolfe and the Philadelphia Phillies' Ed Sawyer tied for a poor second at six votes apiece.

Joe McCarthy, Boston Red Sox skipper, who was named for the pennant two straight years on the final day, received two votes. Jack Onslow, freshman pilot of the Chicago White Sox, got the remaining vote.

Riddled by injuries Stengel received the accolade for his tremendous job with a club that didn't figure to win in the first place, and was crippled by a record number of injuries and illnesses from the start of the season right down to the final day. In addition, he had to live down the reputation as a clown and court jester.

He came to the Yankees as a stranger after five years in the minors. Even before the club concluded its Spring training program in Florida, he was accepted by his players as a sound tactician, a keen student of the game and a smart handler of men.

It was Stengel's proud boast that he didn't levy a single fine on any of his players. Nor was there a single squabble between player and manager all year.

# Sports

8—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, NOV. 3, 1948

## Bulldogs Get Last Hard Drill Before Brownfield Joust

Coach Tugboat Jones Wednesday afternoon sent his Bulldogs through their last hard workout at Memorial Stadium before their coming tilt with Brownfield. The team looked sharper than it has in a long time.

Stan Coker, 200-pound tackle, is showing more and more that he will be a great lineman before the season is over. He was the outstanding blocker and tackler on the field in Wednesday's workout and may land a starting berth Friday night.

The Bulldogs sharpened their running and passing game all afternoon. Some new twists were added to several pass plays and they worked nicely for several "touchdowns" in the drill.

Ralph Brooks showed improvement on his short passes Wednesday. He was more accurate and tossed them easier. Brownfield's Cubs probably will see a lot of him Friday night.

Jack Burris and Charles Crowley worked down field better than they have in weeks.

Luther Mooney picked up speed enough to outrun the defensive secondary on a couple of plays.

Reed Gilmore, besides throwing nice blocks for other ball carriers, made yardage on short pass plays.

First string linemen got in some ticks on the defensive side of things and stopped line plays cold.

Defensive Formations Coach Jones went over several defensive formations the Bulldogs will use against the Cubs. Most of them are pointed toward stopping quick opening plays through the line and pitchouts.

The Bulldogs will leave Midland at 2 p. m. Friday for Brownfield. They will return home after the game.

Spirit is running high among the players. They are pepped up for the game and show determination toward winning.

The tilt is scheduled at 8 p. m. and will be the second District 3-AA clash for the Bulldogs.

DURHAM, N. C.—(AP)—Blaine Eaton, Duke's sophomore end who was a regular member of the team at the beginning of the season, is the lineman of the week.

The 20-year-old lad from Altoona, Pa., won first honors in the weekly Associated Press poll for his solid play against Georgia Tech.

His spectacular defensive play helped Duke come from behind in the second half to beat Tech 27-14.

Bernie Barkouskie, Pitt guard, was runner-up. He blocked a punt in the closing seconds for a safety that gave Pitt a 22-21 upset victory over Pennsylvania.

Others who received high praise were Chuck Stone, Baylor guard; Dick Hightower, SMU center, and Joe Watson, Rice center.

Californian Wins Mexican Amateur MEXICO CITY—(AP)—Mac Hunter will be heading back to his Santa Monica, Calif., home shortly with a load of trophies topped by the Mexican Amateur golf championship cup.

The California state titleholder, in his first Mexican expedition, won his tourney in this country Wednesday.

Hunter had to put on a sensational exhibition to nip Earl Stewart of Dallas and Longview, Texas, one up, in the 36-hole final match of the amateur championship.

The winner had five-under-par performance of 139. Stewart was almost as hot with a job of 141.

Read The Classifieds.

Giles Declares Monahans Fleas Biggest, Wisest DALLAS—(AP)—The world's biggest and smartest fleas live in Texas.

That's what State Land Commissioner Bascom Giles says. He spoke to the Dallas Rotary Club Wednesday, and somehow got the itch to talk about fleas.

"Monahans out in Far West Texas is now the mecca of wild flea hunters," he said.

"Hunters from five states are coming there in droves. The Monahans country raises a flea that is exceptionally large and intelligent. A Monahans flea learns tricks in half the time of an ordinary flea."

Baylor Recognizes Army Center Course WACO—(AP)—Students completing a prescribed course at the U. S. Army's Brooks General Hospital at San Antonio will receive a master of science degree from Baylor University.

President W. H. White of Baylor announced affiliation of the Army center as a teaching unit of the graduate school.

## Headwork

Southern California halfback Pat Duff bounces off the head of Oregon fullback Chuck Missfeldt after a seven-yard gain in the second period at the Los Angeles Coliseum. The Trojans scored six touchdowns in the last half to smack the Webfoots 40-13.

## SPORTSLANTS

BY SHORTY SHELburnE

Tommy Hart of the Big Spring paper says one big reason the Abilene Blue Sox didn't join the Longhorn League is because of a working agreement with Papa Joe Cambria and the Washington Senators.

If Abilene joined the league, it would lose that working agreement. Evidently, they figure if they don't get the Cubans from Cambria, they can't win.

In an open session at Abilene, Sports Slants pointed out to the league directors Midland fans have seen all the Cuban ball players they want.

But, just as it does every time it is brought up in a league meeting, the Cuban question faded quickly.

Several Midland fans have written Commissioner G. Trautman asking what is to be done about the Cubans. Here is a reply Trautman's office dispatched to Mr. F. C. Dale:

"Thank you very much for your letter of September 30. I appreciate the interest that prompted you to write it."

"It is probable that some legislation will be considered at our Baltimore Convention in December in connection with this matter."

That proves even more than ever the Cuban question is a hot potato in baseball.

Not once in his letter, you will notice, did Trautman mention the exact situation. He didn't use the term Cuban.

We'll lay two dozen pairs of sky hooks to a nickel nothing is done at the Winter meeting.

We received a notice last week of several former McCamey and Crane players being on the Sul Ross College team which will play McMurry in Monahans Saturday night.

Now we discover there are five former Monahans stars on the rosters of the two teams.

Tackle Weston George, Guard Virgil Pleading and Manager Hartwell Martin are carried by McMurry and Ted Scown and James Cleveland play for Sul Ross.

The Rio Grande Valley League Wednesday voted to raise its classification from Class D to C.

The loop is expanding to include Alice and Harlingen to make an eight-team league.

The old members are Corpus Christi, Robstown, McAllen, Del Rio, Laredo and Brownsville.

Dave Bauer, father of Marlene and Alice, has been the girls' con-

## Bauer Sisters Break Even With Ligon, Smith Here

Marlene and Alice Bauer took on two of Midland's top men golfers in an 18-hole match at Midland Country Club Wednesday and battled them to a standstill.

Jimmy Smith and Vann Ligon opposed the famous sisters. The match came out all-even after 18.

It took a championship performance by Alice Bauer to enable the girls to split with the men.

Alice birdied five of the last nine holes to gain the tie. Marlene was a little off her game Wednesday, coming out with a 36-35 for a 73. Alice made up the difference, however, shooting a 37-33.

Pro J. C. Hardwick Thursday announced the Bauer sisters will appear in one more exhibition here.

Hardwick will team with Vann Ligon to battle Alice and Marlene in an 18-hole match at Midland Country Club Friday.

The match is slated at 2 p. m. Admission will be \$1 with all proceeds to be donated to the Community Chest.

Smith fired a 37-34 and Ligon matched his total with a 36-35. The Bauer sisters shaded the men a little on driving. Alice hit the ball well over 200 yards most of the time and always was in good shape on the fairway.

In shooting a 33 on the last nine, Alice bested her sister's course record for nine holes. Marlene did it in 34 Tuesday.

The girls were scheduled in an exhibition in Big Spring Thursday.

## Southwestern Loop Gridders Taper Off For Saturday Games

By The Associated Press Southwest Conference football teams started tapering off Thursday for Saturday's games.

Texas Wednesday worked on a defense to stop Baylor's potent passing attack. Three Longhorn backs—Randall Clay, Byron Townsend and Billy Pyle—missed the practice because of injuries.

Southern Methodist University also stressed pass defense, while Texas Christian players started a daily tackling practice.

Baylor Trainer Delmar Brown said Center Gene Huebner may not be able to play against Texas. He has a back injury. Several other Bear players are ailing.

## Houston Considers Building Of Giant Gridiron Stadium

HOUSTON—(AP)—The City Council has a recommendation that a 75,000 to 100,000-seat stadium be built.

A council committee Wednesday recommended construction of the stadium and said Oilman Glenn McCarty has offered to underwrite \$3,000,000 in bonds for the project. This is about one-half the estimated overall cost of the stadium.

The committee said Rice Institute and the University of Houston have agreed to play all home football games in the stadium for 20 years.

An oval double-decked structure was recommended. The council took no immediate action on the report.

### Courageous Scout

Scout Don Lee, 13, who has had no legs since he was nine months old, beams with pride as his foster mother pins an Eagle Scout badge on his chest. The Salt Lake City youth, who lost both legs in an accident 17 years ago, completed all the tough physical requirements for the badge, including a 14-mile hike. Don is saving his money for the trip to the next Scout jamboree at Valley Forge, Pa.

### Understaffed State Hospital At Terrell Makes Good Record

By DAVE CHEAVENS  
TERRELL (AP)—If you can imagine such a thing, Texas has a state mental hospital with no graduate nurses for its 2,000 patients. It is the Terrell institution, where seven practical nurses are doing a job that should have the trained attention of twelve registered nurses. Texas newsmen on a tour of inspection of the state hospitals and special schools did not believe they heard correct when Dr. A. D. Padillo, superintendent, said he had no registered nurses. They asked him to repeat and he said that's right. There have been no applicants because salaries and living quarters did not compare favorably with those offered by private institutions. Dr. Padillo hoped raises recently authorized would result in some applications. Likewise, there are seven doctors where there should be 12 by minimum standards, and 20 by first-class standards.

Outlook Bright  
The Terrell State Hospital long has been noted in the Texas elementary system as one where the buildings were about to fall down, but the outlook for improvement here is good. Work has started on new units costing \$2,000,000 dollars to house 500 patients under conditions approaching the ideal, and there is hope the Legislature will authorize additional buildings that will bring the total to 818. Meanwhile until 1951—at least 77 patients will be living in a 47-year-old dormitory that has been condemned as a structural hazard and as a fire trap. Others will be in remodeled laundry. And other here as in many institutions, will have their beds on porches open to all kinds of weather. But with all the shortages here, the statistics show this hospital apparently is doing a good job. For 140 to 80 per cent of its patients subject to treatment are channeled back into society.

### Shoemaker Wanted

Photographs taken at the opening of Philadelphia's Community Chest drive—with a loud-speaker "message" by William Penn, atop City Hall—revealed that the founder of the Common-wealth has a poorly shod right foot (see inset). The toe was removed two years ago to strengthen the statue, and will be replaced.

### Baptists Pick State Board Members; Speakers Blast At Statism, Divorce

EL PASO (AP)—The Baptist General Convention of Texas ends its 64th annual convention Thursday night. Delegates already have adopted a \$10,000,000 budget, agreed not to accept any federal or state offers of aid for its schools and institutions, and set up a committee to speak for it on any matters of state interest. The budget was adopted Wednesday night. Two and a half million dollars was earmarked for Texas, a like amount for the Southern Baptist Convention and the remainder was tagged for buildings and endowments for Christian education and youth institutions. The new committee will be the voice of Texas Baptists on such matters as state finances, labor problems or any other matters on which the convention wants its stand known. Members of the committee are Dr. T. B. Maston, professor of social ethics at Southwestern Baptist Theological Seminary, Fort Worth; Dr. W. R. White, president of Baylor University, Waco, and A. C. Miller, minister to minorities in Dallas, Shun Government Aid. The agreement to shun federal or state aid was made in approval of an executive board report. Fort Worth is expected to be picked as the site of next year's convention. Delegates to the three-day convention have heard reports covering every phase of the convention's activity. They also heard Dr. White deplore the "rise of statism" and Dr. Maston say no Baptist minister should perform a marriage ceremony for a person who has been divorced, unless the cause of divorce was adultery. "The greatest enemy of Democracy today is the rise of statism," Dr. White declared.

Dr. Maston also said that placing of divorced persons in any position of leadership in church set a bad example for young persons. Divorced persons should not be denied a rightful place in church activities, he said, but condemned ordination of persons who had been divorced and divorced in a pastor's marriage. One Woman, One Man "The Christian ideal for marriage is one woman and one man joined together for life," he said. The convention elected these new executive board members to serve three-year terms: J. W. Bruner, Jr., Hillsboro; Raymond Floyd, Decatur; J. P. Lancaster, Granbury; J. H. Wright, Levelland; Herbert Dolahite, Port Arthur; J. B. Dolan, Odessa; Irby Bates, Corsicana; E. D. Carver, Pampa; J. M. Sibley, Beaumont; Louis Henna, Round Rock; Louis Newman, Santa Anna, and Jack Southland, San Antonio. Re-elected to three-year terms were: Forrest Pesor, Waco; H. L. Flickett, Galveston; Harry Hamblin, Harlingen; A. L. Jordan, Baytown; L. E. Lamb, Nacogdoches; J. H. Landes, Wichita Falls; J. B. Leavelle, San Angelo; M. J. Lee, Graham; G. E. Meredith, Arlington; Grady M. Maston, Temple; J. N. Morgan, Fort Worth; L. D. Morgan, Pasadena; Melvin Rathel, Spur; W. H. Andrew, Bryan; Julian Atwood, Lamesa; J. R. Balch, Seymour; Carl Bates, Texarkana; A. Brian, Brownfield; J. I. Cartledge, Corsicana; E. D. Carver, Pampa; Herman Cole, Jasper; W. Marshall Craig, Dallas; E. S. Cummings, Abilene; O. C. Curtis, Perryton; Arthur DeLoach, Odessa; E. D. Dunlap, Belmeade; Wallace Bassett, Dallas; Avery Rogers, Victoria; T. O. Sparkman, Delton; H. J. Starnes, Weatherford; R. C. Tennison, Hamilton; Hal Upchurch, Pampa; H. M. Ward, Huntsville; A. L. Wason, Big Spring, and Perry F. Webb, San Antonio. Elected to fill one-year terms were: W. E. Brown, San Benito; J. Kelly Simmons, Glimmer, and D. W. Mantooth, Crystal City. Board members previously elected are: Sterling Price, Abilene; Guy Moore, Fort Worth; Straus Atkinson, Kermit; Roy Shahan, Memphis; Earl Hankamer, Houston, and Barton Craig, Plainview. Paines Encampment Trustees for Baptist hospitals and encampments were named for three-year terms. Terms on the board of each institution are staggered to permit a third of the appointments each year. Elected were: Paines Encampment—J. M. Waddell, Kermit; A. C. Hoover, Ozona; Don Littleton, Alpine; Sim Reeves, Fort Stockton; J. F. Provine, Galena; County Judge Victor B. Gilbert, El Paso. Hendrick Memorial Hospital, Abilene—T. N. Cartwell, E. S. Cummings, O. D. Dillingham, Victor E. Behrens, all of Abilene, and Rev. C. A. Powell, O'Brien. Speakers reporting on the Baptist Foundation were George J. Mason of Dallas; William H. Fleming of Fort Worth, chairman of the foundation board, and Roy McKnight, vice president and controller of Baylor. Members of the foundation board are J. M. Nash of Waco and J. M. Waddell of Kermit.

### George A. Hill, Jr., Widely Known Texas Oil-Executive, Dies

HOUSTON (AP)—George A. Hill, Jr., 67, nationally known independent oil man, died late Wednesday in a Greenville, S. C. hospital. The president of the Houston Oil Company and Houston Pipe Line Company had been in critical condition several days. He was stricken October 24 while on a train enroute from Houston to Washington, D. C. Physicians at the hospital described his illness as a "cerebral accident." Hill, a native of Corsicana, Texas, had been prominently mentioned as a possible nominee for president of the American Petroleum Institute, which meets next week in Chicago. Texas Law Graduate Houston relatives said Hill's body would be flown here Thursday. Survivors include his widow and three children, all of Houston. Hill received a law degree from the University of Texas in 1911. He worked with the legal department of the International Great Northern Railroad, then joined a Houston oil firm, where he remained until 1931 when he became vice president of the Houston Oil Company. He had been a director of the Houston Pipe Line Company since 1926 and had been general attorney for the Houston Oil Company since 1916. He became president of the Houston Oil Company and the Houston Pipe Line Company in 1932. In the early part of the 20's all vacuum tube radio receivers operated on batteries. "Plug-in" sets didn't begin to appear until 1926.

### Unification Works In War Games, Say Army, Navy Leaders

HONOLULU (AP)—Army and Navy commanders of the recent Pacific war games suggest "establishment of a permanent joint staff to supervise future exercises." The proposal was made in a press release by maneuver headquarters covering a military critique on "Operation Miki." The exercise concluded recently with a "counter-invasion" of Hawaii. At a news conference, Lt. Gen. Henry S. Aurand, the Army's Pacific commander, declared: "There is no real, honest-to-God command structure at the top today. As the (unification) law stands now, there is no authority for the joint chiefs of staff to exercise command." Maj. Gen. Walter M. Robertson, deputy commander of the maneuvers, and Vice Adm. Gerald F. Bogan, commander of the First Task Fleet, said the command structure for Operation Miki was cumbersome. Bogan was author of a letter on Navy morale under unification that created a furor in the dispute between the Navy and Air Force. The Honolulu Star-Bulletin quoted both generals and admirals as saying unification had worked well in the field regardless of disagreements in Washington. An eight-unit coaxial cable, designed primarily for television, can handle as many as 1800 long-distance telephone conversations at the same time.

### McCamey News

MCCAMEY — The Chamber of Commerce has announced November 11 as an official holiday. Most of the business houses will close, and McCamey schools will be dismissed at noon. An Armistice Day program by the American Legion, VFW and the auxiliaries of the two organizations will be held at 10:45 a. m. in the McCamey High School auditorium. J. T. Rutherford, State Representative of the 88th District, will deliver the main address. He will be introduced by Bill Moore, commander of the American Legion. The McCamey High School Band will play during the program. Mr. and Mrs. R. L. Thomas and daughter of Florey spent last Sunday here visiting their son, Curtis Thomas, and Mrs. E. A. Barger left Tuesday for Temple, where Mrs. Barger will be given a physical checkup in the clinic. Mrs. J. Edd Smith returned recently from Temple after undergoing minor surgery. Mrs. O. J. Napier, who suffered a severe heart attack last Thursday, is reported to be slightly improved this week. Mrs. Lee Grigsby of Sanderson, is visiting her son, L. R. Grigsby. He recently was dismissed from a San Angelo hospital after surgery. Mr. and Mrs. Russell Rambo are visiting relatives and friends in Brownwood. Guests From California Mr. and Mrs. Donald Smith had as their guests last week Mr. and Mrs. Sam Galbreath of Auburn, California. Galbreath and Mrs. Smith are brother and sister. Mrs. C. G. Forester returned recently from a trip to Los Angeles, Calif., where she has been visiting her sister, Mrs. Elizabeth McKee, who was ill. Attending the homecoming of Baylor University graduates last week was Mrs. Dan Warren. She returned from Waco Sunday. Mr. and Mrs. A. D. Duncan returned Sunday from a vacation spent in Mineola. Mr. and Mrs. Duncan also visited their daughter Wanda, a student at SMU in Dallas. Mr. and Mrs. L. L. Edwards had as their guests last week Mr. Edwards' father, L. B. Edwards of Rising Star, and Mr. Edwards' sister and husband, Mr. and Mrs. Frank Ballard of Goldsmith. Otho Edleman, McCamey businessman, remains in a "serious condition" in a San Angelo hospital, it was reported here Wednesday. Edleman was injured seriously October 14, while cranking a motor. He was then taken to Shannon Hospital for an operation. C. L. Edleman, his brother, has remained with him. Visiting him Sunday were Mr. and Mrs. Merle Edleman, Mrs. C. L. Edleman, Mrs. Kenneth Babcock and daughter, Sherry Gene.

### Brother Of Midland Man Dies At Abilene

ABILENE — George Washington Whiteaker, 67, died Wednesday at his home here following a long illness. Born Jan. 2, 1882, in Bell County, he moved to Nolan County in early manhood. He was married to Nettie Hawkins of Nolan in 1904. The couple moved to Abilene in 1936. Funeral arrangements are pending. Survivors include a son, Alton Whiteaker of Hamby, two daughters, Mrs. Charlie Ware, Silverster, and Mrs. Novis Whiteaker, Abilene; two brothers, Carl Whiteaker, Blackwell, and Mark Whiteaker, Midland; a sister, Mrs. Crosha Lynes of Wichita, Kan., and three grandchildren.

### Ducks Plentiful In Texas For Season's Start Friday Noon

DALLAS (AP)—Noon Friday will see thousands of nimrod welcome to the 1949 duck season with blasts from thousands of shotguns. From all indications they'll have plenty to shoot at. Reports from sportsmen throughout the entire state show that ducks and geese have invaded Texas by droves. The first half of the split season, which opens at noon Friday, continues through November 21. The season reopens on December 21 and closes again on January 7. Shooting must close on all days one hour before sunset. The daily limit on ducks is four including not more than one wood duck. On geese it is five, all of which may be snow geese, or two Canada geese or two white-fronted geese, or one each of Canada and white-fronted geese. The daily bag limit on coot is 10.

### Gimmick Uses Old Razor Blades To Manicure Lawn

NEW YORK (AP)—Men, does your lawn have five o'clock shadow? Do you have bristles among your whiskies? Or whiskers among your hibiscus? When you lie in the backyard, does the grass scratch you? What your lawn needs is a good shave, and among the new gadgets on display at the 1949 National Hardware Show here is just the little item for the job. It's a gimmick called the Grasshaver, dreamed up by Cornelius Hubner and it employs used razor blades for the cutting process. Hubner, a man obviously obsessed with the idea that it is a great waste to

throw old blades away, figured that blades too dull to slice whiskers could still slice grass. Gadget Is Born So the Grasshaver was born. It looks like an overgrown straight razor. You insert your old blades in it and start swinging. The nice thing is that you don't have to lather the lawn first. For after-shave lotion on your Kentucky blue, fertilizer still is recommended. The Grasshaver was only one of \$2,000,000 worth of products displayed by almost 600 exhibitors at New York's Grand Central Palace. It may be the most novel item, but it's a close race. Hubner invaded the hardware field in a big way. Tools are colored, brooms are colored, mowers

### Brazilian Rubber Production Down

RIO DE JANEIRO (AP)—Production of natural rubber for the first six months of this year ran about 1,856 tons. It may go over 4,000 for the entire year. Official figures bounce up and down violently. A total of 4,000 would be just a record low. Last year it was 5,446 tons, after a dizzy dive from 14,510 in 1947. Record high in 22 years came in 1944 with 21,192. In 1905 rubber was second only to coffee as Brazil's leading export product. The United States and, a long stretch behind, England, France and Germany, are the main buyers of this year's crop.

### Gas Shortage No Problem For Sailors

HONOLULU (AP)—Two sailors ran out of gas in a rented airplane over Maui Island. Carlton B. Sumner and Roy Jennings (home towns unavailable), both yeoman first class from the aircraft carrier Valley Forge, set their craft down on a highway. They walked to an airport nearby, bought a five-gallon can of gasoline, walked back to the plane and gassed 'er up. The lads took off as police cleared the highway. Didn't even get a parking ticket.

### Housekeeper Sets Pace For Cutting Horses At 'Frisco

SAN FRANCISCO (AP)—R. H. Corbett's Housekeeper of Breckenridge, Texas, is living up to his reputation as the top cutting horse in the nation at the Grand National Livestock Exposition. Heading towards Thursday night's championships, Housekeeper, ridden by his owner, took first place Wednesday night in his arena specialty event. He was followed by Skeeter, owned and ridden by Phil Williams of Tokio, Texas. Poco Bueno, owned by E. P. Waggoner of Fort Worth and rated third nationally, was third Wednesday night.

### Fires, Drought Cut Brazil Coffee Crop

SAO PAULO (AP)—Forest fires and a long drought are ruining next year's coffee crop, Silvio Pacheco, of the farmers' association, reported after a tour of the interior areas of Sao Paulo. There are forest fires almost everywhere, he said, and the continued heat has killed flowering coffee plants. He said it has not rained in two months. If by next month it does not rain, farmers told him, prospects for next year's crop will be none. Sao Paulo is the greatest coffee producer in Brazil. A reported crop of seven and half million bags has been estimated now at only five.

### Search For Airmen Renewed Near Troup

RUSK, TEXAS (AP)—Sheriff Frank Brunt says he has asked the Civil Air Patrol to send search planes to an area where a plane was reported in distress October 21. He said the area is in a section three miles east of Troup. A search has been on for George Harrington, Houston geologist, and his pilot, Orville Switzer, missing since they took off on a flight from Tulsa to Houston.

### Terrell County Rancher Dies Of Heart Ailment

SAN ANGELO (AP)—Mortley M. Scott, 62, widely known Terrell County rancher, died Wednesday of a heart ailment. He was stricken in his hotel room and died on the way to a hospital. Survivors include his widow and a brother.

### Guardsmen To Take Physical Exams

Members of Midland's National Guard unit will take physical examinations at 7 p. m. Thursday in Western Clinic Hospital. Capt. Max Schumann, Jr., urged all members to be present for the examinations. Canning and bottling of tomato juice has increased tomato consumption per person in the U. S. four or five times in a decade.

### Once Over Lightly?

The colored tool that may present a technicolor tool chest is a hammer with a French blue handle. Actually, the hammer is designed for women by a Pennsylvania firm. The company figures women do a lot of puttering (especially if Daddy is the kind of a guy who aims at the nail and hits the thumb) so why not bring out a line of tools for girls only? The lightweight hammer is the first, but by Christmas there'll be a plastic tool chest with lady-sized tools. The colored mouse trap—and the inventor even now is waiting for the path-beaters—is also of plastic and is shaped and colored like a cat's head. The mouth is open and the mouse, his curiosity piqued, is fully expected to walk in and get caught. There were no available mice for a trial run. The gadget is called the Kitty Got-Cha. Brooms in colors may not be new, but the brooms on display at the show are. They, too, are plastic and they are designed to apply static electricity to the object swept. A few swipes and the electricity begins to make the joint jump—and the dust jumps right into the broom. Since they are plastic, they can be washed in the kitchen sink. And they also are exceptionally lightweight. The brooms come in standard colors—red, green, blue, yellow—to fit in with the housewife's kitchen color scheme. There are similarly designed whisk brooms, too. The thumbtack people, who've been spattering color about the land for years, say that the trend nowadays is toward such hues as peach and burgundy. Red and green are still selling pretty good, they report, but some colors like yellow, are getting to be old hat. No Design Change They report no change in the design of the thumbtack. After all, they say, what can you do to a thumbtack? A New York cutlery concern, which makes household knives, has come up with a new standard for knife nomenclature. Their bread knife is called Doughboy; the ham slicer is Galley Slave; the roast knife, Rib Tender; skinning knives are Epi-demia Jr. and Sr.; and "a whole of a good knife" for vegetables and fruits is now known as Moby Dick. The hardware show was not open to the public, so it is only for the education of members of the trade. But a quick trip through the acres of displays brings promise of better days ahead for the man (and woman) of the house.

**Smooth-Riding Tractor Seat**

How to take the jerks and bumps out of tractor driving has plagued engineers for years. This new tractor seat with a pair of rubber torsional springs mounted underneath was developed by U. S. Rubber to solve the problem. The springs are the cylindrical objects mounted below the arrow. As the tractor rides over rough ground, these springs—rather than the rider—twist and turn with each jolt, cushioning the shock for the operator.

**Chest Drive—**

(Continued From Page One)  
 Scores of volunteer workers actively engaged in the fund campaign throughout the county. Worker ribbons are much in evidence, both in the residential and business districts.  
 Gerome Grayum, Commercial Division leader, Thursday announced additions to his list of workers as follows: Rocky Ford, C. A. Churchill, Bill Kimball and George Phillipus. Bill Kimball, A. B. Cole, Zack McElroy and Jack Ellington were appointed to the Unclassified Division by Jack Huff, leader.  
 Schools Cooperate  
 The drive Thursday was in full swing in all Midland public schools. Ryan stated that although an effort is being made to contact every county resident, some naturally will be missed by the workers. He urged those not solicited to send their contributions to Community Chest, Midland, Texas, or leave them at the Chamber of Commerce.  
 The all-out drive this week has held the spotlight in civic affairs of the community.  
 Work of the Big Gifts Division was underway last week, but the general campaign was launched following a Tuesday breakfast in Hotel Scharbauer. No let-up is contemplated until the goal is reached, leaders emphasized.  
 Sharing in Chest funds are the Youth Center, Girl Scouts, Boy Scouts, Salvation Army and USO.  
 Advertise or be forgotten.

**Committee To Plan Council Meeting**

Five members of the program committee of the Buffalo Trail Council, Boy Scouts of America, will meet Tuesday in the Settles Hotel in Big Spring to make plans for the annual council meeting to be held in January, according to P. V. Thorson, chief Scout executive.  
 In addition to Thorson, committee members attending will be Nat Shick, Big Spring, chairman; Dr. H. Glenn Walker, Midland; Roy Carter, Kermit; and J. M. Lawrence, Sweetwater. At the meeting, the date and location for the annual meeting will be set, and the principal speaker will be selected.

**Texan Convicted In Nevada Slaying**

RENO—(AP)—Mark J. Donnelly of Houston Thursday faced a life sentence for the slaying June 17 of Walter Hempel, wealthy Pasadena and Lake Tahoe real estate man.  
 An all-male jury deliberated four hours Wednesday night and convicted the ex-convict of first degree murder. The jury recommended life imprisonment, not the death penalty.  
 Donnelly will be sentenced November 7.  
 Hempel, 73, was found shot to death in his parked car near Lake Tahoe. The prosecution contended he died in a robbery.

**TEEN TALK**

By VIVIAN BROWN  
 AP Newswriter

You can make your school classes glamor sessions, if you want to, advises beauty expert Ann Delafield. She says there are lots of exercises that can be done at your desk while you concentrate on the medieval history or chemistry.

Today's teen-ager, says Miss Delafield, has a triple-fold problem because he is, he is and he is. He is all going up. Girls in her beauty success school are being taught to get exposed necklines in condition and to be more conscious of legs and ankles, long hidden under dungarees.  
 Here are some exercises suggested by Miss Delafield. You will push up neck at spot where your tonsils are (or were) towards the ceiling, all the while holding chin. Push right temple up toward ceiling, then left. This exercise sounds a little startling at first, but you'll find that if you do it just that way, and as often as possible, it will give your neck a new lift.

**Waistline Exercise**  
 A waistline desk exercise suggested by Miss Delafield is this: Become conscious of your ribs near backbone. Lift left ribs up away from left hip, then right away from right hip, then left, right, left, right and hold. If you can hold this lift during the rest of the class period, you can't help but make school a charm session.  
 Girls who sit with legs crossed are asking in later years for hollow thighs says Miss Delafield. Says she:  
 "When young girls sit with legs crossed, they compress tissues and ruin legs for bathing suits. This congested tissue results in bunched, baggy thighs and knees when older."

**Heels Help Ankles**  
 Actually, now that girls are wearing heels on their shoes, they will notice their ankles look much prettier. Flat shoes throw more weight on the inside of the foot and make the ankle look thicker, Miss Delafield says. Ankle look much prettier in a medium moderate heel, (not a spike of course).  
 Put your foot flat on the floor, then throw weight on the outside of the foot. You'll notice how much slimmer the ankle looks in that position.  
 If your legs already are large or bumpy, lie on the floor and massage them from foot to hips with your hands. Also, advises Miss Delafield, if you have a tendency towards large legs, stay away from ballet dancing, skating or skiing, all of which tend to make muscles heavier.  
**Put Book On Head**  
 Whenever teacher disappears from the room and leaves you with time on your hands, or even when you are walking down a corridor to the next class is a good time to balance a book on your head, a good way to train yourself to keep chin up, head high, back straight.

**Fred Wemple Is Rotary Speaker**

Fred Wemple, chairman of the Texas Highway Commission, former Rotary district governor and a 20-year member of the Midland Rotary Club, addressed Rotarians at their meeting Thursday noon in Hotel Scharbauer. "Rotary" was the subject of his address.  
 The speaker was introduced by W. Ily Pratt, a charter member of the club here. President Hilton Kaderli presided.  
 Addressing his remarks primarily to the younger members of the club, Wemple listed things which he wished Rotary clubs would and would not do.  
 "Would Not"  
 He said he wished clubs would not take up collections; would not take action on policy matters before the proposals are acted upon by the directors; would not trespass on the speakers' time; and would not permit propaganda programs.  
 Wemple said he wished the clubs would use the standard method of electing members, and would instruct new members thoroughly in the fundamentals and philosophy of Rotary.  
 He advocated classification surveys, vocational service surveys and community service surveys for the betterment of the club and the community.

**McClure Services Held In Muskogee**

Funeral services were held Thursday morning in Muskogee, Okla., for Mrs. E. W. McClure, who died Tuesday at the home of her son, J. Hugh McClure, in Midland.  
 Mrs. McClure, a Midland resident for 20 years, had lived in Muskogee until 1929, when she moved to Midland. In addition to her son, survivors are her brother, Mart McGrannham of Lima, Ohio, and four grandchildren, Phil and Hugh McClure of Midland, Mrs. Dean Baker of Greenville and Charles Patterson of Los Angeles, Calif.

**AUTOMOBILE REPORTED STOLEN FROM MIDLANDER**

Midland police Wednesday received a report that a 1937 Plymouth belonging to James Moore had been stolen. A suspect was named.  
 The car had not been recovered at noon Thursday.

**DIG UP PRISONER**

CHICAGO—(AP)—Detective work, like mining, requires a bit of digging. Take the case of the shadowy figure reported in Fred Banasch's drug store on a dark fall night. Police searched the building and found a body. Then Officers Arthur Swensky and Stephen Palmer took a look at the coal bin. They saw a shoe, began to dig and soon had uncovered one prowler.  
 Found cake, sliced thin, may be served with cherry sauce and a garnish of whipped cream for quick and delicious dessert. Use either the frozen bottled red pie cherries or the canned black cherries for the sauce.

 WHO WANTS TO PICK UP A GOOD JOB?  
 Will I be working with other interesting, attractive girls? Will the boss be friendly, helpful, interested in my work? Is the work important—something I'll be proud to do? Do I get a vacation with pay? Are the surroundings pleasant, cheerful? Will I have good, sound training—in a special group? Is the pay good? Am I paid while I learn? Can I expect regular raises?—The answer "Yes" to every question if you're talking about a job as telephone operator. Find out more about this exciting work. See Mrs. Ruth Baker, Chief Operator, 123 Big Spring St.

**SOUTHWESTERN BELL TELEPHONE COMPANY**  
**Coffee Continues On Price Upswing**  
 By The Associated Press  
 Retail coffee prices continued their long climb upward this week, top grade eggs turned higher after last week's steep price decline, and pork dropped several cents a pound in many stores. Most other foods held about unchanged price-wise. On the produce shelves the only item generally a little higher was tomatoes, most of which were reaching the big marketing centers from California and Mexico. Celery was down slightly.  
 The coffee markups this week amounted in most cases to only two or three cents a pound compared with last week's five to six cents. But the end of the price climb was not yet in sight.  
 Spokesmen for large coffee roasting concerns said their wholesale selling prices still were several cents a pound behind their coffee bean buying market. Wholesale increases of at least four or five cents a pound are probable by early next week, they said.  
 Carrots may be left in the ground until the time of the first freeze without damage.

**LEGAL NOTICES**  
 THE STATE OF TEXAS  
 COUNTY OF MIDLAND  
 Notice hereby given that the partnership between Otis A. Kelly and C. A. Brown, under the firm name of Kelly's Laundry, was dissolved on the 4th day of October A. D. 1949. **Oil And Gas Log—**

(Continued From Page One)  
nels County, 1 1/2 miles west and slightly south of Wingate.  
The drillsite will be 500 feet from north and west lines of a 183.5-acre lease in league 449, J. Early survey. That makes it six miles northwest of the North Winter pool, opened by Strake.  
Contracted depth should carry the prospector into the Pennsylvanian lime.

**North Snyder Gains Two New Explorations**

Claud B. Hamill has staked location and is to begin drilling soon at his No. 2 Lois Sears Sentell, contracted 7,000-foot exploration to test the Canyon reef lime in the North Snyder field of North-Central Scurry County, six miles north of Snyder.

The proposed drillsite is 359.3 feet from south and 467 feet from west lines of section 26, block 1, J. P. Smith survey.  
Rotary tools will be used.  
Standard Oil Company of Texas also made location for its No. 2-8 J. W. Brown in the North Snyder field.

No. 2-8 Brown will be 467 feet from north and 680 feet from east lines of section 440, block 97, H&TC survey.  
To Test Canyon Reef  
It is projected to 7,000 feet to test the Canyon reef lime.  
Standard completed its No. 9-8 J. W. Brown in the North Snyder field for a calculated 24-hour potential of 1,716 barrels of 44-gravity oil, and no water.

Flowing natural through a 32/64th inch tubing choke, the new producer was completed from open hole between the 7-inch oil string set at 6,591 feet and the total depth at 6,931 feet in the Canyon reef.  
Flowing casing pressure was 550 pounds and the flowing tubing pressure was 750 pounds.  
This new source of oil is 680 feet from north and east lines of the lease in section 449, block 97, H&TC survey.

**Diamond-M Pool Adds Two More Ventures**

Lion Oil Company plans two new projects for the Diamond-M field of Southwest Scurry County, both of which are to drill to 6,800 feet to try for production from the Canyon reef lime. Operations are to begin immediately.  
The company's No. 2 Clarence is to be 1,511.64 feet from east and 1,892.22 feet from south lines of section 183, block 97, H&TC survey. It is 11 miles southwest of Snyder.

Lion No. 24-McLaughlin is to be ten miles southwest of Snyder and 660 feet from north and 1,984.30 feet from east lines of the south half of section 201, block 97, H&TC survey.  
Lion No. 24-McLaughlin is to be ten miles southwest of Snyder and 660 feet from north and 1,984.30 feet from east lines of the south half of section 201, block 97, H&TC survey.

**S-C Scurry Wildcat Abandoned As Failure**

Bert Fields of Dallas is preparing to plug and abandon his No. 1 Winston, South-Central Scurry County wildcat, one mile southeast of the Kelley-Canyon field and 660 feet from north and east lines of section 77, section 10, block 1, J. P. Smith survey.

The prospector drilled to a bottom of 7,415 feet in Pennsylvanian lime. It found no possibilities of production.  
Top of the Canyon reef was at 6,950 feet, which gave it a datum of 4,511 feet. That was low to the Kelly producers.

**Nehru Steers Clear Of Cold War Stand**

VANCOUVER, B. C. —(AP)—India's Prime Minister Jawaharlal Nehru lashed out Wednesday night at those who ask which side he favors in the cold war.  
"It seems to me these are very crude questions and very naive questions," Nehru declared in a speech. And again he told the world he does not intend to "tie his newly-freed nation to any bloc in international power politics."  
His North American tour will end officially Friday at Madison, Wis.

**West Texans Named In 4-H Club Awards**

COLLEGE STATION — (AP)—Twenty-three 4-H club award winners have been announced by Floyd Lunch, club leader for the Texas A&M College Extension Service.  
Among them are:  
Field corps—Lowie Rice, 16, Big Spring.  
Recreation leader—Patsy Elizabeth Scales, 18, Brownfield.

**Lions Plan Big New City On Empty Illinois Prairie**

CHICAGO — (NEA) — Twenty-seven miles south of Chicago's Loop, a new city is about to be born.

Surveying has already begun on "Liondom," a multi-million-dollar project of the International Association of Lions Clubs. Three to four hundred acres of now-vacant prairie will soon sprout forth homes, shops, office buildings, a parking

**35 New Cases Of Polio Reported**

AUSTIN — (AP)— Texas had 35 new polio cases last week, bringing the year's total to 2,138.

Twenty-four counties reported polio, Deaf Smith and Johnson reporting their initial cases of 1949. The disease has struck in 196 of the state's 254 counties this year. For the same period a year ago, 158 counties and 1,612 cases, the state health department reported.

Other counties listing new cases last week were the following: Harris and Tarrant, four each; Wichita, three; Dallas, Taylor and Travis, two each; Brazoria, Coleman, Denton, Fannin, Floyd, Gray, Hale, McLennan, Midland, Nueces, San Patricio, Tom Green, Wheeler, Williamson and Young, one each.  
A Veterans Administration hospital also reported one case.

**Livestock**

PORT WORTH — (AP)— Cattle 1,600; calves 1,100; slaughter cattle and calves ruled about steady here 16.00-20.00; lightweights 21.00 and below; stock steers 17.00-17.00; 23.50; heifer calves 22.00 down; stocker cows 13.00-16.50; stocker yearlings 17.00-21.00.  
Hogs 400; butchers steady to 25c higher; sows unchanged; feeder pigs 1.00 lower; good and choice 200-270 lb. butchers 17.00-50; good and choice 280-350 lb. and 180-190 lb. butchers 16.25-17.00; sows 15.00-16.00; feeder pigs 15.00 down.  
Sheep 1,700; slaughter lambs and ewes were fully steady with other classes of sheep scarce; good and choice shorn slaughter lambs 23.00-50, latter price for lambs with No. 2 pelts; medium and good wooled slaughter lambs 22.50; cull to medium slaughter ewes 8.00-9.50.

**Houston Bus Drivers Strike, Then Ballot On Management Offer**

HOUSTON — (AP)— Bus drivers in Texas' largest city went on strike Thursday but the work stoppage may be short-lived.  
The strike of 1,100 members of the CIO Transport Workers Union began at 12:01 a.m. At 9:30 a.m. the strikers began voting on a last-minute management offer.  
Voting was completed shortly before 11:30 a.m. It was not indicated how long it would take to tabulate the secret ballots.

**Opening Must Have Been For Fresh Air**

CHICAGO — (AP)— The new Monroe Street Police Station had just been completed—or so everybody thought until Police Commissioner John C. Prendergast made an inspection visit. He stopped in the midst of his round and stared into space. For there, between the ceiling and the top of the bull pen bars, was a three and a half foot opening.

**Sounds Off**

NEW YORK — (AP)— Thursday noon cotton prices were 15 cents a bale higher to five cents lower than the previous close. December 30.92, March 29.98 and May 29.96.

**COPS GO FEMININE**  
CHICAGO — (AP)— You can tip your hat to a lot of cops in a lot of places these days.  
The International City Managers Association says there now are matrons and school crossing guards, 1,004 policewomen, not counting in U. S. cities of more than 10,000 populations. Largest numbers are in Pittsburgh (166), New York (154), Detroit and Los Angeles (72 each).

**MEDICAL TREATMENT**  
Sus Hollenbeck of 2205 West Holloway Street received emergency treatment at Western Clinic-Hospital Wednesday night.

**CARDINAL MARRIAGE DIES**  
ROME — (AP)— Francesco Cardinal Marmaggi, 73, one of the top administrators in the Vatican, died Thursday following a heart attack.

**AUTOMOBILE RECOVERED**  
An Odessa man reported to Midland police his automobile had been stolen Wednesday night. The car was recovered a short time later.

**Chill Morning, Mild Day Forecast Friday**

By The Associated Press  
Frosty mornings and evenings and fair and mild days are predicted for Texas through Friday.  
Over the state Wednesday no rain was reported. Though temperatures dropped below freezing in the Panhandle and West Texas Thursday morning, daytime temperatures were mild.  
Austin and San Antonio had high readings of 81 Wednesday. The highest minimum was 61 at Guadalupe Pass.  
Dalhart had an overnight low of 28 and El Paso had 32. Readings in the lower 30's were taken at Odessa, Clarendon, Lubbock and Junction.

**Policewomen Find Her Silver Lining**

LOS ANGELES — (AP)— There is a silver lining to this sad little story about the 86-year-old woman arrested on a charge of begging.  
The woman is Miss Louisa Schmidt.  
Policewomen found the silver lining pinned to her undergarments—\$2122 in currency.

**Louisiana Boy Dies Of Rare Blood Ailment**

DALLAS — (AP)— A two-year-old Louisiana boy, John Tip Collins, died Wednesday night of a rare blood disease.  
Doctors said he suffered from reticulo-endotheliosis — a disease similar to leukemia, a disease in which the blood's white corpuscles get out of control and destroy the red corpuscles.  
Mr. and Mrs. M. D. Collins of Lafayette, La., brought their son here for treatment.

**Four-State Sewing Machine Thefts May Reach Total Of 300**

DALLAS — (AP)— Four men have signed statements admitting they stole more than 128 sewing machines in four states, Deputy Sheriff Bill Binford announced.  
The men were arrested here three weeks ago.  
"I think the list of stolen machines will hit 300 before everybody has been heard from," Binford said Wednesday.  
He said charges probably will be filed against all four when the full extent of the burglaries has been determined.  
The men admitted taking 108 machines in Texas, 20 in Shreveport, La., and others in Oklahoma City and St. Louis, Binford said.  
He said one man believed implicated in the burglaries still is at large. A sixth is in the Army in San Antonio.  
Binford said all six either are former sewing machine mechanics or salesmen.  
Stolen machines have been recovered in Oklahoma City, St. Louis, Shreveport, Dallas, Fort Worth, Houston, Wichita Falls, Amarillo and Shamrock.

For All Interiors  
**FREE**  
REGORATORY GMA  
Paint right over your old paper with **LUMINALL**

★ Want beautiful flat paint where you now have wallpaper? No need to remove paper if it has fast ink and is tight to wall. Simply paint over it with LUMINALL—the castin paint in paste form. LUMINALL is the water-thinned paint recommended so highly by decorators. Use on best rooms for better decorative effect, including truer colors and better lighting. Use in halls, etc., basements because of low cost. One coat coverage in most cases over plaster, old paint, wallboard or masonry, hence, big saving in material and labor. LUMINALL dries in 40 minutes. No strong paint odor. Does not yellow with age. Recommended by master painters.

**New Oil Projects For W-T Areas Include 13 Wildcats**

Among the total of 59 applications to drill petroleum explorations in district 8 which were filed in the Midland office of the oil and gas division of the Railroad Commission of Texas during the past week, 13 covered the drilling of new wildcats in the territory.

Borden and Scurry Counties each had three of the new ventures. Two prospectors were filed in each of Kent and Pecos Counties. The remaining wildcats were listed one each in Cochran, Crosby and Mitchell Counties.

Scurry again led in field locations with a total of 15 new locations. Pecos was second with six. Four new drills were staked in Ector County. Andrews, Garza and Howard Counties each had three new projects. Two new explorations were reported in each of Cochran, Crane and Crockett Counties.

The remaining locations were staked one each in Gaines, Hockley, Reeves, Ward, Winkler and Yoakum Counties.

Thirteen amended applications were filed. Three of these were on wildcat locations in Scurry County. Eight amended locations were listed in Scurry County on field wells previously reported. Two amended applications went to Andrews County and the remaining three were listed one each in Ector, Garza and Pecos Counties.

Andrews County

**CARNIVAL**

"I liked that part where she asked for the fur coat and he refused—and stuck to it!"

**Stanton News**

STANTON—A Halloween carnival was held Saturday night in the Courtney gymnasium. The event was opened by the coronation of two queens, Margaret Lewis was crowned as the Grade School Majesty and Bernice Hale was given the High School title.

Mr. and Mrs. Jack Turner and son Larry of Terminal were Sunday visitors here.

Carl Atchison of Odessa was a weekend visitor of his parents, Mr. and Mrs. John Atchison, Jr.

Mr. and Mrs. George Herzog are the parents of a son, born Saturday. He weighed 7 1/2 pounds and has been named Carl Lee.

Mary Ivy Henson entertained friends with a Halloween Party Saturday in the home of Mrs. Lillie Douglas. After games were played refreshments were served to Sylvia Holloway, Mary Lynn Hamilton, Ruby Eita Ratliff, Ella Belle Mott, Betty Puquay, Jean Bickley, Norman Blocker, Mary Frances Hedrick, Eldon Hopkins, Leonard Hedrick, Beannie McCoy, Mary Beth White, Glenn Cross, Wayne Petree, Janice Houston, W. A. Douglas, Larie Fisher, Billy Rowden, Harriet Higgins, Jo Jon Hall, Yvonne Ory, Fred Church, Gerald Koonce, Earl Koonce and Scooter Polk. Also present were Mr. and Mrs. Forry Atchison, Mr. and Mrs. Ted Henson, and Mrs. Douglas.

A Halloween Carnival was held in the school gym here Monday night. More than 350 persons enjoyed the festivities. Mary Ivy Henson and Sue Standefer were crowned Queens of the grade school and high school, respectively. Frances Linney and Shirley Shoemaker were the runners-up.

Cotton Pickers  
Stanton High School Seniors are going all out to make money this year. Last Saturday, 10 members of the class and the sponsor picked cotton, making \$47.50. At noon Mrs. Frieda Carille had a huge lunch of fried chicken and the trimmings. The pickers were Anita Shankle, Becky Bentley, Betty Bennett, Lurline Hogue, Peggy Ross, Lewis Riggan, B. G. Lewis, Bobby Hedrick, Travis Haynie, R. S. Higgins, Richard Rill, Billie Carille, and Mrs. Pat Orren, sponsor.

**Glass Foam Is Used As Cork Substitute**

DENVER—The University of Denver Industrial Research Institute is making glass foam, which in effect is a mass of tiny vacuum bottles. The purpose is improved insulation against heat. A chunk about as big as an ice cream cone may contain about a million of the tiny jugs.

This new glass material is white, strong and about as light-weight as cork. It is intended to be a substitute for cork and is a development for the U. S. Army Quartermaster Corps. Powdered glass, mixed with a little powdered cadmium is melted. The glass becomes fluid. The cadmium vaporizes. This cadmium vapor forms minute bubbles all through the glass. The hot glass rises like baking bread. When the glass loaf cools, the cadmium bubbles condense to metal again. The metal coats the inner surface of the bubbles, leaving a vacuum the size of the bubble.

**Roving Tailor Cuts Cost Of Outfitting**

SPRINGFIELD, ILL.—A roving tailor cuts the cost of outfitting the 500 Illinois State highway patrolmen.

A mobile truck carrying the tailor visits each of the 14 division headquarters on the day patrolmen gather for monthly inspection. As the need demands, the men are measured for new uniforms, shirts, caps, and coats.

Public funds are saved since neither state vehicles or gasoline is used to transport the men to Springfield for periodic outfitting as in the past.

**McKenney On CANASTA**

By WILLIAM E. MCKENNEY  
Writer's Card Authority  
Written For NEA Service

John Crawford, of Philadelphia, is rated as one of the greatest bridge players in the country. He is one of the experts who has taken up the game of Canasta and today most of the fine Canasta players consider him as the country's leading player.

In each of my Canasta articles I am going to bring you the benefit of his experience with the game.

Question: Mr. Crawford, what strategy is employed to make it difficult for the opponents to freeze the pack on you?

Answer: Remember that freezing the pack is primarily a defensive action, therefore if you have apparent control of the game, play your hand so as to embarrass your opponents.

If you have a great many melds on the table you will find that the opponents will be forced to freeze the pack as a defensive measure. In other words, they do not want to continue giving you cards which you can play on one of your melds, in addition to letting you pick up the pack. Therefore the offensive strategy against a freeze is for you not to put down too many of your melds.

For example: If you had picked up the pack and your hand now consisted of five 6's, five 10's, three 7's, and three 4's, only meld three of the 6's and the three 10's. Hold the three 7's and the three 4's. Hold the two 6's and the two 10's in your hand. This is a protection against the possibility of the pack being dealt to your Canasta. Many people have the idea that when a Canasta is formed they can throw one of these cards and it will act as a stop card, like a black tray. It probably would if the pack was frozen, because you would need two natural cards to make a pack in your hand to pick up the top card on the discard pack. That would be rather unlikely if you already had made a Canasta with the same cards as the up-card on the pack.

But if you have an extra card of the same rank as those in a Canasta which you have formed, it will act almost the same as a stop card for you to throw to your opponent, because he will probably not have two to match the one you discard.

Question: Must a player have a card to discard in order to go out?

Answer: No. You may either make a discard or meld all of your cards when you go out.

**ALWAYS A WELCOME TREAT!**

**ORIENTAL SPICE CAKE**

Spices from over the world are skillfully blended into this two layer cake to make it the most tasty of all. You'll thrill to the "different" taste captured in this wonderful creation by Snowwhite!

**Fruit Pie Uses Plentiful Pecans**

**FRUIT PIE DE LUXE**—Make peach and pecan pie fluted with whipped cream, now that pecans are plentiful.

**By GAYNOR MADDOX**  
NEA Staff Writer

Here's a fruit pie de luxe which uses pecans, now so plentiful.

**Peach Pecan Pie**  
(5 to 6 servings)

**Crust:** One cup sifted flour, 1/4 teaspoon baking powder, 1/2 teaspoon salt, 1/3 cup shortening, 2 to 3 tablespoons ice water.

Sift together 1 cup sifted flour, the baking powder and 1/2 teaspoon salt. Cut in shortening with fork or pastry blender until it is the size of peas. Add ice water a little at a time, mixing only enough to hold ingredients together. Place dough on lightly floured board and roll to about 1/8-inch thickness. Line a 9-inch heat-resistant glass pie plate.

**Filling:** One cup sugar, 3 tablespoons flour, 2 tablespoons corn-

**Monarch Of Old Country Will Visit U. S. This Month**

**AP Newsfeatures**

**TEHRAN, IRAN**—A glamorous monarch from one of the oldest countries in the world will visit the United States in late November.

He is Mohammad Reza Pahlavi—the 29-year-old shah of Iran. The Persian ruler's title is really shah-in-shah, which means king of kings, but by usage he is referred to as just plain shah.

The shah is a tall, dark and handsome man with a serious mien and a royal poise. Since he inherited the ancient crown of Darius in 1941 he's had more than his share of troubles.

He's a king who loves flying and has a deep interest in sports. He pilots his own plane here—a B-17—and is an accomplished horseman, skier, soccer and tennis player.

He owns about 20 palaces scattered about, some of them elaborate Oriental affairs in the tradition of the East. He has an immensely valuable treasury of crown jewels and heirlooms.

**Single Man**  
The shah's a single man now, having earlier this year divorced Princess Fawzia, sister of Egypt's King Farouk and reputedly one of the most beautiful women in the world.

He narrowly escaped death in February of this year when a would-be assassin fired five shots at him from close range. One hit the shah's cheek and another penetrated his side. Three others went through his hat. The shah suffered only slight injury.

The shah became Persia's ruler back in 1941 when he was 21 years old. He was 30 years old October 28.

The Allies accused his father of being pro-German and the old shah was forced to abdicate. He had been elected shah by a constitutional assembly in 1925 after leading a coup d'etat in 1921.

The young shah inherited immediately all the difficulties of a country caught between the millions of war.

Persia with its vast oil resources was a tremendous prize. The Allies—the United States, Britain and Russia—moved in troops to safeguard the vital southern land-sea supply line to Russia. The shah formerly entered Iran in the war on the side of the Allies.

**Problems Of War**  
The war brought great economic and social problems to Iran—problems still confronting the country.

Right after the war Russia, making its first move toward expansion southward, encouraged setting up of puppet peoples' republics among the Azerbaijanis and the Kurds in northern Iran.

World disapproval, voiced by the United Nations with the backing of the United States, forced withdrawal of Russian assistance, followed by the collapse of the puppet governments. They lasted less than a year.

The shah had some more trouble with Russia over Soviet demands for an oil concession in northern Iran. The Anglo-Iranian Oil Co., controlled by the British government, has a concession in the south which furnishes a large part of Iran's income.

The Iranian majlis, or parliament, voted overwhelming disapproval of the Russian concession. Besides worries over Russia, the shah has had internal troubles to cope with. The war put Iran back

**Faked Pedigrees Dogging Singapore**

**SINGAPORE (AP)**—The Malayan Kennel Association protests that dogs with faked pedigrees are being imported into Singapore from Australia.

It has decided to accept no more registrations of Australian-bred dogs without an export pedigree from the Royal Agricultural Society Kennel Club of New South Wales.

on its heels. Bad crops the last two years are said to have brought about a food shortage.

Because of his "interest in internal improvements in Iran, the shah plans to spend much of his two or three weeks in the States looking at agricultural and other projects. He wants to see places like TVA and Boulder Dam.

**Austin College Sets Centennial Meeting**

**SHERMAN**—Austin College students will return to the campus here Saturday for the Centennial Year homecoming, to be featured by the last home game of the Austin College Kangaroos who will meet the Southwestern University Pirates in a Texas Conference battle at 3 p.m. Many of the returning stars will be seeing Ray Morrison's air-minded Kangaroos for the first time since Morrison's return to Texas as Austin College coach.

Homecoming festivities will begin Friday afternoon with a barbecue at 4 p.m., and this will be followed by the traditional homecoming bonfire program at 7:30.

The Red Cross has a total of 3,739 chapters in this country.

**Dental Atom Makes Teeth Radioactive**

**PALM SPRINGS, CALIF.**—(NEA)—Open wider, please. Here comes the dentist with a Geiger counter.

But it won't hurt a bit. He's not going to drill with it, and he

**Designer Asserts Even Drab Items Possess Color**

**AP Newsfeatures**

**NEW YORK**—An ordinary window pane is color, says industrial designer Henry Dreyfuss. Here comes the dentist with a Geiger counter.

Now 46 years old and recognized tops in his field, Dreyfuss' brain children are hard to escape in everyday living. He has had a hand in designing and coloring typewriters, vacuum cleaners, refrigerators, cameras, alarm clocks, 106-millimeter ack-ack guns and fly swatters. Dreyfuss also helped design today's telephone.

Dreyfuss thinks that the secret of good color is using monochromes for the most part with one or perhaps two other colors to "spark" the area.

"For instance," Dreyfuss says, "most persons make a mistake in their dining rooms. They think the walls have to be bright, never giving a thought to the fact that the tablecloth, napkins, silverware and fumbler all serve as light reflectors. As a result, you have too much light."

**Three Basics**  
Taking a piece of fabric, he can demonstrate how various light combinations could change the original color. "That's why in designing the 20th Century Limited that went into service a few months ago we used only three basic colors," Dreyfuss said, "grey, soft green and rust. In this case, rust is the spark."

Dreyfuss does much work on trains, ships and other transport. In trains he must deal with varied light as the time of day and the train's location change. In ships he must find colors that passengers will like on long voyages. And all these colors must be easy to maintain.

Women, he says, are more sensitive to color than men. They go to places with colors that complement their clothes.

Dreyfuss started designing when he was 17 years old—on stage scenery.

Australia is the largest wool-producing country in the world, with the United States ranking second, and Argentina third.

doesn't suspect you of hiding an atom bomb in your molars. He just wants to see where the mouthwash went.

The Geiger counter, which measures radioactivity, is being teamed up with radioactive isotopes as a new "eye" for the dental profession in its fight to combat tooth decay.

Dr. Harold Copp, a radiation specialist, has been collaborating with the College of Dentistry at the University of California to put the by-products of the atomic age to work for your aching teeth.

He'll show how it works at a seminar for 150 of the nation's dental, dental researchers and practitioners, to be held at Palm Springs.

One way atomic energy is helping the dentist in clinical tests is to determine the effect of fluorine on tooth enamel. Fluorine is an element believed helpful in resisting decay.

Radioactive phosphorus or similar "tracers" are added to the fluorine, and after the combination has been swished around in the patient's mouth, the Geiger counter tells the dentist how much of it was picked up by the teeth.

Nobody expects you'll ever brush your teeth with isotopes, or that the Geiger counter will replace the familiar dentist's mirror. Experts hope, however, that this branch of nuclear energy may show how to cut down the number of cavities the dentist finds when he goes to work with that old-fashioned mirror.

**Medieval Village Is Artists' Colony**

**SAFED, UPPER GALILEE (AP)**—This medieval town of Biblical learning is to become an art center in Israel. Several leading Jewish painters left noisy Tel Aviv to settle in this little mountain town northwest of Tiberias and the sea of Galilee. It is the rocky area where, according to an old Jewish legend, the Messiah will descend from heaven.

The painters say the whole atmosphere of the Safed tradition, the unique beauty of the landscape and the lightness of the air constantly inspires them.

**CAIRO HOUSES FALL**

**CAIRO (AP)**—Many of the dwelling places in old Cairo are more than 1,000 years old. Almost weekly one collapses. Usually there are a number of deaths. The most recent collapse came when a four-story house fell down in the Sayeda Zainab district, killing six and injuring seven.

## Papal Messages Recorded

To send his words to Roman Catholic churches everywhere, His Holiness Pope XII uses an American-made wire recorder. The pope is seen in conference with visitors at the Vatican, while the wire recorder makes a record of the discussion.

## Youth Center Chatter

By June Hazel-Joyce Howell

Greetings and salutations from the "Land of Idiots!" And we do mean the Midland Youth Center! As usual, chaos reigns around Midland and we're here to tell you all about it!

First off, to prove the intelligence of Midland High students and Youth Center members we would like to repeat this sharp repartee we overheard a few days ago. A discussion was being held on olive oil and Dale Sisco asked where it came from! Amood Drake immediately answered, "From whales, of course!" However, Shirley Harrison didn't agree. "No," said Shirley, "olive oil comes from olives. I know!" Say, just where does olive oil come from? Have you noticed our "new" furniture? Two chairs and a divan were re-upholstered and now they look like new. Quite comfortable, too! For they have new springs.

Madelon Schabarum was home last weekend from St. Mary's in Austin. Marion Sevier also was home from Our Lady of Victory in Port Worth. The girls were here in time for the Odessa game and left for school Monday! It really was good to see them all around for a little while, at least. George Glass, Jr., also was home for a few days, from New Mexico Military Institute. (We heard several girls remarking on "how cute George looked in his uniform!")

"Who are you asking?" "Please do get a date." "The dance will cost only 50c!" "Hi there!" "My, you look nice today!" Now the boys are saying these things! And it all adds up to... Yes, you guess—this "Twirl" (The Woman Is Requested to Pay) season is here again! This weekend the Journalism Class is having a dance and next weekend the Junior Class is sponsoring one! Girls are counting their pennies and trying to get the family car, and the boys are wondering if the telephone ever will ring! (Guess we'll have to do without sundaes for a couple of weeks!)

Second Childhood

Was every one in his second childhood Saturday night? Nope, they were just in their "party clothes." All dressed up for the big Halloween dance at the Youth Center. Maggie Murphy had on a black and yellow clown suit. We half expected to see Maggie turn a great big flip. Mrs. Boone, Dan'l Boone's wife that is, was at the dance too. (Tena Williams looked very realistic.) Betty Wilson and Jimmy Lock came in matching clown suits. Betty made the costumes and colored them with big purple polka-dots. Instead of wearing masks, they used white make-up and "designed" their own faces.

Margi Carter, in a purple costume and Zoe Underwood in a bright red dress came as chorus girls. Later in the evening a real chorus girl came in. Shirley Harrison, who was in the minstrel "Up 'n Atom," stopped by the dance for a few minutes. Russian dancers were there, too! Yes, Emily Hamilton, JoAnn Regan and Joan Turner came dressed as Russian dancers. (They too, were in the minstrel show.)

Yipee-hi-yi bang, bang! We even had cowboys at the dance. A mystery lady was there and very few people knew who she was. Dressed in a black dress with a matching hat and rubber mask, she looked very nice. Unfortunately, the lady got a little hot and after "changing clothes," we discovered that SHE was Bill Simmons.

Well Decorated

The Center was decorated with black and orange crepe paper and jack-o-lanterns were hanging over the Snack Bar. Our thanks go to David Anguish and his decorating committee. Refreshments were served.

Toys Chapple's ears probably will be hurting when she reads this, but

## Oldest Cotton Mill To Be Reconditioned

PAWBUCKET, R. I.—The first successful cotton mill in America soon will hum again, this time as an historic exhibit. Established in 1793 by English-born Samuel Slater, who employed locally hewn lumber, the mill now is being reconditioned by the Old Slater Mill Association.

The association plans to re-equip the sturdy structure with ancient machinery and set it in motion early next year.

The machine most desired, however, is in the Smithsonian Institution—Slater's first machine of its kind made in America. Slater brought it in his head. Its mechanism was a carefully guarded secret in England.

So Rich...  
So Mellow...  
So Fragrant...

## Collector Uncovers Mormon Folk Songs

LOS ANGELES—A—Hundreds of Mormon folk songs have been unearthed by Dr. Austin E. Fife of Occidental College, America's leading collector of Mormon folk lore. For 15 years Dr. Fife and his wife have spent their spare time touring "Mormonia" (chiefly Utah) asking youngsters and oldsters alike to sing into their recording microphone.

Some Mormons, Dr. Fife says, are unwilling to use his recorder for fear church officials may disappear. But most are flattered to be asked. As a result, the Fifes have added more than 300 transcriptions of Mormon folk songs and tales to the Archive of American Folk Songs, Library of Congress. Other fruits of their hobby are the more than 13 volumes of notes on hundreds of interviews, letters, private journals and obscure publications.

Some days it's just plain work gathering folk lore, say the Fifes. But sometimes there's a windfall, too. Like the day recently when Mrs. Ettie Manser, Carmack, of Atascadero, Calif., recorded 63 songs. And they were only part of her repertoire of 200.

## Cool That Battery For Better Hearing

NEW YORK—Hearing aid batteries should be kept in the refrigerator. That is the caution from one of the country's biggest dry cell battery makers. Winter or Summer, when not in use, surplus dry cell "A" batteries for hearing aids will last longer when kept at about 45 degree Fahrenheit temperature of the average refrigerator, according to W. S. Allen, general manager of the electrical division of Olin Industries, Inc.

The batteries also should be kept in a tightly sealed glass container which will reduce humidity, he said. It is a good idea to let a battery rest from two to three times longer than it is used. It has the power to recuperate. A full battery's use is the maximum for any "A" battery to be used without rotation, Allen said.

Bloomers first were introduced for public sale on July 19, 1848.

*A McCall's Magazine Fall-Deaf Recipe*

1 small onion	1/2 lb. ground beef
1 small tomato	1/2 lb. chopped beef
1 No. 296 can tomato paste	1/2 cup onion mince
2 1/2 cups water	1/2 cup tomato mince
1 teaspoon salt	2 eggs, unseasoned

Place mince pork in skillet over low heat until fat is melted. Add chopped onion to fat and brown. Mix in tomato paste, water, salt and cook slowly for 15 minutes.

To make meat balls, mix all ingredients together thoroughly and shape into balls. Drop into sauce and simmer 1 hour and 15 minutes in uncovered pan. Serve sauce and meat balls over freshly cooked spaghetti. You'll be surprised at the good flavor the mince give this recipe, a gift to us from one of our Italian friends. Enough sauce here for 6 spaghetti lovers.

# DADDY RINGTAIL

By Wesley Davis

## Daddy Ringtail And The Reason Why

Pattycake, the little monkey girl, was sitting with Daddy Ringtail in a chair, out on the porch of the monkey house, watching the sun go down to the other side of the world. The shadows of the trees and Pattycake, like Daddy Ringtail, found happiness in everything that was beautiful. She was happier still when he told her how

It was a beautiful thing to see, and Pattycake, like Daddy Ringtail, found happiness in everything that was beautiful. She was happier still when he told her how

key house?" Daddy Ringtail had to think about this, to tell her really the reason why. And why do you love the ones at your house, your Mother or Father or Brother or Sister? Not because they're pretty, I'm sure, for you would feel the same way about them no matter how they looked. Daddy Ringtail was thinking this very thing, and while he was thinking, Pattycake said, "I guess you're not very pretty."

### FUNNY BUSINESS

"Darling, from now on I'm gonna drink milk!"

glad he was to have a little monkey girl at his house. And then she asked a question she had often thought about. "Daddy Ringtail," she said, "why are you glad that I live at the mon-

"Oh no," Daddy Ringtail said. "I would be unhappy, if you weren't a good girl, but I wouldn't love you any less."

And he wondered what was really the reason why he loved her. Not because she was pretty, although she was a good girl, although she was that, too. "I know!" Daddy Ringtail said at last. "I love you because you're you."

And I think you can tell anyone you love that that is the reason why you do. "Because you're you" is the best reason in all the world, I am sure, aren't you? Happy day! (Copyright 1949, General Features Corp.)

### Court In Lithuania Goes To New Citizen

WASHINGTON—(AP)—Mrs. Ida Rose, 60, a native of Lithuania, went to court to get her first citizenship papers, but when it came time for her to get her final certificate she had become bedridden.

District Court rules were relaxed to allow Judge Henry A. Schweinhaut to go to her home to conduct naturalization proceedings.

### British Plan Long Parachute Jumps

LONDON—(AP)—Do you want to know how it feels to fall more than 30,000 feet? Four 23-year-old British youths hope to have the answer next year by attempting delayed parachute jumps above 35,000 feet. Among them the four men have chucked up more than 300 training jumps from low and medium altitudes. For their big attempt—in which they plan to drop from 35,000 feet to below 3,000 before opening their special parachutes—they will use oxygen masks and carry various recording instruments.

### Openings in Civil Service Announced

The Civil Service Commission has announced examinations for staff nurse, head nurse, inspector (strategic materials), telephone operator, and telephone supervisor. The staff and head nurse positions pay \$2,974 and \$3,727 a year respectively and are located in Washington, D. C., throughout the United States, in Alaska, and in the Panama Canal Zone. Inspector (strategic materials) positions which pay from \$2,974 to \$4,235 a year are in the Bureau of Federal Supply, Washington, D. C. Telephone operator positions pay \$2,284 and \$2,498, and telephone supervisor positions, \$2,724 a year; these positions are in various Federal agencies in Washington, D. C., and vicinity. Interested persons may obtain detailed information and application forms from Wayne Campbell, commission secretary, at the Midland post office.

### TAX COLLECTIONS AT ANDREWS ON INCREASE

ANDREWS—October tax collections by the City of Andrews are running ahead of last year by more than \$1,400, O. G. Weatherby announced. Collections at the end of last week totaled \$6,650.15, as compared to \$5,241.17 the same time last year.

### Prima Looks To Comeback For 'Bananas'

By HAL BOYLE  
NEW YORK—(AP)—If you want your boy to be a great violinist, don't make him study the violin. A lady named Mrs. Prima made this mistake down in New Orleans about 30 years ago. She had a little boy, Louie, who made a violin out of a cigar box and a borrowed mandolin string. Mrs. Prima, sure her son was a genius, rushed him off to a violin teacher. For eight miserable years, unwilling Louie sawed through endless Hungarian Rhapsodies. "All the time ah wished ah had made a cigar box out of a violin instead of a fiddle out of a cigar box," he recalled.

One day he picked up a cornet belonging to his older brother, Leon. He blew a few intoxicating notes—and hung up his fiddle and bow for life. He went from the cornet to the trumpet, and has dwelt ever since in the kingdom of jazz. "For years mah mother still wanted me to be a violin virtuoso—had her heart set on it," said the hand leader. "But she's happy now—very happy."

Prima's Sits Pretty  
For now Prima has a 16-piece band, a recording firm, two sheet music publishing companies and a racing stable of 11 horses. He and his brother also own a New Orleans night club. His various enterprises have grossed as high as \$500,000 a year. "If you want a kid to go into music," said Louie, "the best thing is to let him learn a little piano first—so he'll get a basic knowledge of chords and harmony. Then, as he grows older, let him take up whatever special instrument he decides himself he likes best."

Philippines Dollar Reserves Take Dip  
MANILA—(AP)—The Philippines reserves in U. S. dollars dropped to a new postwar low of \$279,000,000 at the end of September. The decline is due largely to a heavily adverse balance trade and a gradual reduction in the U. S. aid program. Reserves were \$400,000,000 January 2. Economists at the U. S. embassy and the Philippine government have urged heavier import controls on luxuries and non-essentials to halt the dollar drain.

POTATO HERE TO STAY  
MAHOMET, ILL.—(AP)—The local American Legion decided, after a record crowd attended its potato festival this Fall, to make the spuds the main attraction at an annual event.

### Costumed Choir Will Sing Here

The Wayland College International Choir, which will sing here Thursday, wears costumes representing Latvia, Brazil, Mexico, Japan, China, Hawaii and the Philippine Islands. The Junior High School Choir is sponsoring the concert, which will begin at 8 p. m. in the Junior High School Auditorium. The admission charge will be \$1 for adults and 50 cents for students. Children under six years of age will be admitted free. Proceeds will be used for Junior High School A Cappella Choir robes. Shelby Collier, director of the Wayland Choir, wears a Mexican Charro suit made in Guadalajara, Mexico. He has a bachelor of music degree from Southern Methodist University, a master of music degree from the University of Texas and has studied at the College of Music in Cincinnati and the Southwestern Theological Seminary in Fort Worth.

### Teen-Ager's Girdles Shouldn't Constrict

By ALICIA HART  
NEA Staff Writer  
Next best to having been born with a perfect figure are a good girdle and bra which can slim a girl to Miss America's proportions. Teen-agers out shopping for just such undergarments mustn't let an array of fancy beribboned edges, glamorous colors and trick fastenings carry them away too far from the plain down-to-earth requirements of a good girdle and bra. Comfort should be your guide. Try on the bra and girdle and walk, sit, stand and bend in the undergarments before you decide. Shouldn't Constrict  
A bra and girdle which do a proper job mustn't constrict or bind the figure. The teen-age waistline and hipline must be molded gently. This means no stays, solid panels or heavy boning. A pantie or regular two-way stretch should give the kind of easy control that an active schoolgirl needs. When bra sizes have you baffled, remember that size 34, 36, etc., refers to the "around the body" measurement, while cup size refers to the depth of the bra "pocket." For the junior figure a bandeau bra is usually best. This is the bra that has no banding beneath the bustline. Once the bras and girdles are bought you'll get better wear and better slimming service if you wash and change undergarments regularly. After washing and rinsing in lukewarm water, remove excess moisture from garments, shape and hang over clothesline. Do not iron elasticized sections in bra or girdle.

### Search For Largest Mammal Is Joined By Modern Industry

AP Newsfeatures  
A modern industry is chasing the world's largest animal—the whale. Several countries use whale oil as a margarine base, and the high prices paid by a fat-hungry world keep the modern equivalent of "thar she blows" crackling over whaling fleet radios in several different languages. The prospect of quick-freezing whale beef for human consumption is another lure for the businessmen in Europe who are sinking millions into whaling fleet operations. Ninety-six per cent of today's boat-based whaling now goes on in the Antarctic. The new look in whalers is one of highly organized efficiency developed by European whalers and engineers. No American ships take part. Today's whaler is an ultra-modern floating factory, expressly designed to process and preserve the haul of satellite catcher boats, all coordinated by radio-telephone. Among Most Modern  
One of the most modern whaling ships is a 21,000 deadweight ton behemoth named the Balena, built in England since the war at a cost of about \$6,000,000. Her flensing deck where the whales are carved up is slightly longer than an American football field and half as wide. She has hangars and catapult for three amphibian planes—to spot whales and scout weather and icing conditions. Power winches haul the whales up and power derricks and saws help the flensers handle the huge carcasses. On the deck below are pressure boilers for rendering the blubber and extracting oil from whale-bones, a liver-extraction plant, a meat-meal plant, and an oil purifier plant. There is a quick-freezing plant to preserve the best meat for human consumption. The Balena's tanks carry 19,000 tons of fuel oil on the way out, and whale oil on the return trip. She is entirely electrified and carries a crew of 444 men. Bigger And Faster  
Today's catcher boat also is bigger, stronger, faster, and better equipped than before the war. However the total whaling fleet of all nations dominated by Norwegian and British vessels—is smaller than before the war and may stay that way because of increased efficiency. Whaling reached a pre-war climax in the 1938-9 season after a way to make margarine out of whale oil had been discovered in 1930. As World War II opened, the fleet had 36 floating factories, 14 land stations, and 353 catcher boats operating with 12,000 men. The oil yield of the 1938-9 season was more than half a million tons. Governments already had begun stockpiling it as edible fat, and during the war it became a top priority item. The value of whale oil is enhanced by its keeping properties. One cargo of British whale oil stored in the United States in 1941 was not made up into margarine until 1947, when it produced enough to supply the fat ration for the entire British population for five weeks. Whale beef also looms as an important commodity, although the oil its use for human consumption does not extend to the United States. In 1947 one-fourth of all red meat in Japan was whale meat, and in the same year 20,000 tons were readily sold in England for human consumption.

### Field Mouse Search Is Made By Airplane

HAMILTON, MONT.—(AP)—Dr. J. K. Frenkel, pathologist at the federal laboratory here, needed some field mice for experiments. Ferd Fullerton and Lawrence Humble said they'd go hunting for them. Fifteen minutes after they took off in Fullerton's plane, they spotted harvesters working in a hay field. They landed in the field, borrowed a jeep and soon had a bag full of mice for Dr. Frenkel. The Mason and Dixon Line was surveyed by two Englishmen, Charles Mason and Jeremiah Dixon, 1763 to 1767, to settle disputes between the Lords Baltimore and the Penn family.

### Large Screen Movie Television Not New

SCHENECTADY, N. Y.—(AP)—What is regarded as the first demonstration of large screen theater television was presented here two decades ago. The system used, a projector with a motor-driven scanning disc, was developed by Dr. E. F. W. Alexanderson. In the test, an orchestra in the theater was directed by the enlarged image on the screen of the conductor who was in the studio some distance away. The screen was seven feet high. Since then theater projection had advanced to the point where the pictures are movie screen size. The record books say that the Dempsey-Carpenter fight on July 2, 1921, was the first heavyweight championship to be broadcast.

### PERSIMMON MENACE

WASHINGTON—(AP)—The Citizens Association of Anacostia, a section in Southeastern Washington, is petitioning the District of Columbia government to do something about fruit falling from persimmon trees planted along three streets. "Have you ever stepped on one?" asked Mrs. Carrie Smith, first vice president.

### WINE GOES TO FRANCE

CRETE—(AP)—The people of Crete are thanking France for half a million dollars but they're worn out after putting in 24 hours a day for almost a month to earn it. The money represents the sale of wine under a "deadline" contract with hard-pressed French wine importers, whose own domestic grape production had been cut badly by this year's drought.

Neon tubes comprised the light source of television receivers in the early experimental days.
