Wishinsky Says Russia Ready For Atomic Checks

Suspects Released In Alleged Plot To Kill Federal Judge

NEW YORK—(P)—New York police said Saturday night an investigation had showed there was "nothing to" a reported plot against the life of Federal Judge Harold R. Medina.

Two Brooklyn girls who were picked up during the probe were released later, they said. "There is absolutely nothing to it," a detective lieutenant said.

"We are convinced that these people have nothing to do with any plot against Judge Medina."

A flurry of investigation started Saturday night when two young men told the FBI here that the two girls had said the judge would be "done away with sometime in the next few weeks."

Medina himself was skeptical about the whole thing, and after thorough questioning of the four young people police turned them all loose with a warning.

"They are just talking like big shots," the detective said. "As soon as the FBI got the information, it called the New York City Department and asked for a local investigation."

The Brooklyn officers took over immediately, and FBI agents were not involved directly, police said.

Judge's Home Guarded. Police said the two girls, sisters, were Audrey Gordon, 17, a student at Abraham Lincoln High School, and Mariene Gordon, 18, a sales girl in a lingerie shop.

The informants were named by officers as Dennis Schuster, 24, and Melvin Cohen, 23, both of Brooklyn.

When police first heard of the "plot," they immediately sent a patrolman and two detectives to guard the judge's Manhattan apartment.

During the nine-months Communist conspiracy trial, over which Medina presided, he regularly was guarded after receiving a flood of abusive mail, in the early days of the trial.

After the 11 Communist defendants were convicted, the judge fined them each \$10,000 and gave them prison sentences up to five years.

Gift Thermometer

Community Chest Campaign Reaches Three-Quarter Mark

Community Chest contributions hurred the three-quarter mark Saturday as campaign leaders reported cash gifts totaling \$24,054. The goal of the 1949 drive is \$32,000.

'Shopping Night' Plan Is Announced By Retailers Group

Saturday night closing hours will prevail in most Midland retail stores the first four Thursdays in December, Henry Murphey, chairman of the Retailers Committee, announced Saturday.

Sub Postoffice To Accept Packages

Beginning Wednesday, packages will be accepted for mailing at Post Office Station A, at 314 North Marienfeld Street, it was announced by Postmaster N. G. Oates.

Lewis Destroying Markets For Coal, Operators Charge

WASHINGTON—(P)—Coal operators said Saturday another strike December 1 is "unthinkable." They counseled John L. Lewis that his own men are "willing and eager" to dig coal—and so are a lot of others.

Steel Mills Fire Up As Strike Ends

PITTSBURGH—(P)—Back to work parades of cheering thousands put America's economic lifeline steel back in business Saturday after a 55-day strike costing nearly a billion dollars.

Some of the little fellows haven't signed. But Union President Philip Murray predicts 90 per cent of the industry will be under contract by Monday.

Contract Talks Continue. Sub-freezing weather is the outlook Sunday for the Texas Panhandle and the Upper Red River Valley.

Freezing Weather Forecast In North, West Texas Areas. The Midland Junior Chamber of Commerce this year will present the largest and most complete Christmas activities program in the organization's history.

JayCees Map Plans For Big Christmas Activities Program. The Midland Junior Chamber of Commerce this year will present the largest and most complete Christmas activities program in the organization's history.

Two Wichita Falls Youths Drown When Wind Capsizes Boat. SEYMOUR—(P)—Two Wichita Falls High School boys drowned in Lake Kemp here Saturday when their boat overturned in a wind.

Poll Taxes Are Not Assessed But Remain Voting Requirement. Midland County residents have until Feb. 1, 1950, to meet a major voting requirement—the payment of poll taxes.

Chapman Succeeds Krug. Undersecretary Oscar L. Chapman, left, succeeds Julius A. Krug, right, as secretary of Interior. Krug announced his resignation after a day of denials by the White House that such a step was imminent.

Germans Convicted Of Evading Allied Dismantling Orders. HAMBURG, GERMANY—(P)—The owners of Germany's largest shipyard, which turned out Nazi submarines and flying boats during the war, were found guilty Saturday of lying to dodge Allied dismantling orders.

Contributes \$5 To Joan Edwards Fund. A \$5 contribution to the Joan Edwards Recovery Fund has been received from Alma Williams of Midland.

Wichita Falls — (AP) — Twenty-four thousand bushels of wheat spilled here late Saturday when a 60-foot elevator collapsed at the Berend Brothers Feed-Seed-Grain Plant and pushed another elevator down.

NEW YORK—(AP)—Gen. Omar N. Bradley said Saturday night this country's military plans were based not so much on when another nation would produce an atomic explosion as on when it would become a weapon of war.

For Identification

President Truman—rather, Colonel Truman of the Field Artillery Reserve—proudly displays his new ORC identification card. The card, first of more than 500,000 being issued to reserve personnel, might help him cash a check in a strange town.

All Aboard Saved When Luxury Yacht Piles Up On Rocks

ACAPULCO, MEXICO—(P)—The "Corsair," once the \$3,000,000 yacht of the late J. Pierpont Morgan, had a midnight harbor shipwreck here with 46 passengers aboard.

The passengers, few of whom had gone to bed, were taken off in life boats to the beach a few hundred yards away. The 63 officers and men of the crew shepherded the passengers to their boat stations, helped them don life preservers and lowered the boats quickly to the calm bay water in bright moonlight.

The Corsair arrived Wednesday on one of its periodical cruises with 55 passengers, nine of whom decided to remain here longer.

It used unheard of methods in its official communications. It prevented Yugoslavs owning border property from crossing the frontier to their holdings on the Albanian side.

It organized a group of traitors and deserters to provoke frontier incidents and carry on subversive activities.

It was the first to start a "provocative trail aimed at slandering" Yugoslavia.

It constantly is organizing frontier incidents.

It pointed out further that persons paying poll taxes should retain their receipts to show that this voting requirement for 1950 has been met.

Poll tax payments for next year are being accepted now, Speed added.

Chapman Succeeds Krug. Undersecretary Oscar L. Chapman, left, succeeds Julius A. Krug, right, as secretary of Interior. Krug announced his resignation after a day of denials by the White House that such a step was imminent.

Soviet Spokesman Speaks In Riddles To UN Committee

LAKE SUCCESS—(P)—Andrei Y. Vishinsky asserted Saturday the Soviet Union offered two years ago to open wide its doors to international atomic control and inspection—and the offer still stands.

Yugoslavia Junks Treaty With Albania

BELGRADE—(P)—Yugoslavia junked her treaty of friendship and alliance with Albania Saturday, ten days after delivering a virtual ultimatum to her little Southern neighbor.

Marshal Tito's government charged that Albania, goaded by Russia and her Eastern European dependents, committed unfriendly acts.

In a note November 2, Yugoslavia sharply told her to stop these hostile gestures and to live up to their 1947 friendship treaty. A reply was demanded "within the shortest possible time."

Albania ignored the demand. It was the first time Yugoslavia had broken for months by Russia and her Balkan followers, has taken the initiative in scrapping one of the alliances which formerly bound them together.

Specific Grievances. Earlier, following campaigns of mutual abuse and accusation, Russia, Czechoslovakia, Poland, Rumania, Hungary, and Bulgaria severed treaty ties with Belgrade. Diplomatic relations, however, continued.

Saturday's formal note listed specific grievances against the tiny Communist nation.

It had carried on a furious and hostile press and radio campaign against Yugoslavia.

It used unheard of methods in its official communications. It prevented Yugoslavs owning border property from crossing the frontier to their holdings on the Albanian side.

It organized a group of traitors and deserters to provoke frontier incidents and carry on subversive activities.

It was the first to start a "provocative trail aimed at slandering" Yugoslavia.

It constantly is organizing frontier incidents.

It pointed out further that persons paying poll taxes should retain their receipts to show that this voting requirement for 1950 has been met.

Poll tax payments for next year are being accepted now, Speed added.

Chapman Succeeds Krug. Undersecretary Oscar L. Chapman, left, succeeds Julius A. Krug, right, as secretary of Interior. Krug announced his resignation after a day of denials by the White House that such a step was imminent.

Germans Convicted Of Evading Allied Dismantling Orders. HAMBURG, GERMANY—(P)—The owners of Germany's largest shipyard, which turned out Nazi submarines and flying boats during the war, were found guilty Saturday of lying to dodge Allied dismantling orders.

A British court ordered Rudolf Bloehm, senior partner of Bloehm and Voss, to pay a fine of 50,000 marks (\$12,000) for having five years in prison. His brother, Walter, was fined 10,000 marks (\$2,500) with an alternate prison sentence of 10 months.

Four other defendants were sentenced to prison.

All sentences were suspended pending an appeal.

President Honors Unknown Soldier

In observance of Armistice Day, President Truman places a wreath at the tomb of the unknown soldier in Arlington National Cemetery in Washington, D. C.

Gregg Sheriff's Son Shoots Self To Death In Pistol Accident

BURNET, TEXAS—(AP)—James Crawford, 17, son of Sheriff Noble Crawford of Gregg County, accidentally shot himself to death with a pistol near here Saturday. Justice of the Peace Ham Hefington said young Crawford was shot while he was "twirling or playing with his father's pistol in some manner." Hefington's verdict was "accidental death." The shooting occurred on the Alfred Barton ranch, 15 miles northeast of this Central Texas town. Crawford, his son, and a number of other Longview residents had come to the ranch for a deer-hunting trip.

Firemen's Benefit Ball Slated Here Saturday Night

The annual Firemen's Benefit Ball is scheduled Saturday night in the American Legion Hall with music to be furnished by E. D. Fitzgerald and his Lone Star Ramblers. Firemen this week will intensify their ticket sales campaign in order to assure a large crowd for the annual event. Dancing will be from 9 p.m. until 1 a.m. Tickets may be purchased from any fireman or at the Fire Station. Read the Classifieds.

Fire Destroys Cotton Gin At Blackwell

BLACKWELL—(AP)—Fire caused an estimated \$50,000 damage as it destroyed the Blackwell gin. It broke out shortly after noon Friday and firemen from Sweetwater still worked Saturday to extinguish the blaze in 100 tons of cotton seed. The fire was believed to have started from sparks from a cotton burr inclinator. About half the area's cotton crop has been gathered. Farmers now must transport their cotton 15 miles to the nearest gin at Bronte. Blackwell is about 35 miles south of Sweetwater. HERE FROM EASTLAND Mr. and Mrs. H. J. Tanner of Eastland are visiting their son-in-law and daughter, Dr. and Mrs. R. Spencer, here.

East Germans Wait News From Acheson On Allied Policies

BONN, GERMANY—(AP)—West German politicians waited anxiously Saturday night to hear from U. S. Secretary of State Dean Acheson what the future holds for their fledgling republic. Acheson will visit President Theodore Heuss and Chancellor Konrad Adenauer in this capital city Sunday. So far the Germans were as much in the dark as the rest of the world concerning the decisions reached by the foreign ministers of the United States, France and Britain at their Paris conference ending last Friday. The Germans would like to know: Is dismantling of their factories to stop? Is the West German Republic to have a foreign minister like the East Communist Republic? What wider powers of self-rule will be given? What evidence of peaceful intentions do the occupation powers want from the Bonn Government? Will the Western Germans be rearmament to add to the defense forces of Western Europe? These are just some of the questions running through the minds of politicians here. Many rumors attempt to answer the questions. Some newspapers sounded a note of alarm at rumors that the West German powers may want to rebuild a German army. Sueddeutsche Zeitung of Munich said "One cannot expect enthusiasm for a crusade (against the East) from a people which has to overcome not only a political and a military surrender but also an ideological surrender." The newspaper protested that the Allies preoccupation with "tentative actions of the Kremlin" should not divert their attention from the dismantling program. American officials declined to confirm Paris rumors that Germany's Elbe River running along the line of the Iron Curtain would be regarded as the West's defense line in event of any attack. Hereafter the Rhine generally has been regarded as the Western defense line, but Adenauer has shown impatience at such ideas. He has reminded that there are millions of Germans living east of the Rhine who would not want to be abandoned to invasion.

Five Officers To Attend Course At Training School

In line with a new training policy for personnel adopted by the City of Midland, five members of the Police Department this week will attend a special officer training school at Camp Mabry, Austin, City Manager W. A. Oswalt announced Saturday. Police Chief Jack Ellington said Capt. Jack O'Brien, Sgt. Dick Hemmingsway, Willard Opp, Jim Wilkerson and Clyde Allison will be the men in the first quota to the school. They will go to Austin Sunday and enroll in the course which opens Monday. Traffic direction will be covered in the week of classes. The course ends Saturday. Ellington said another group of five officers will be enrolled in a course of criminal investigation starting November 22. Oswalt said the city plans to take advantage of every opportunity which presents itself for the continuous training of personnel of all departments. "We want City of Midland employees to be the best-trained and most efficient of any city in the Southwest," Oswalt said.

Reds Drive To Split Nationalist Forces

CHUNGKING, CHINA—(AP)—The Chinese Communists drove ahead Saturday in their campaign to split the Nationalist holdings on the mainland. Official Nationalist reports said the Reds were within 75 miles east of Kwei-chow, capital of Kwei-chow Province. If the Reds take Kwei-chow, 200 miles by air south of Chungking, they will have divided the Nationalists for all practical purposes. PATTONS HAVE HOLIDAY GUESTS FROM LUBBOCK Dr. and Mrs. C. B. Batson and son, Robert, and Dr. and Mrs. Lehr Jones, all of Lubbock, were guests of Dr. and Mrs. Doyle Patton Friday. The Pattons joined their guests for the trip to Odessa to see the Lubbock-Odessa football game. Dr. Batson is Dr. Patton's uncle. Read the Classifieds.

Crosby—After Patient Wait—Gets Screen Revenge On Hope

By ERSKINE JOHNSON NEA Staff Correspondent HOLLYWOOD — Exclusively Yours: Bing Crosby finally is getting revenge on the screen, for all those barbs hurled at him by Bob Hope. As the songwriter in "Mr. Music," his favorite relaxation is throwing darts. The dart board has a portrait of Hope instead of a bull's-eye. Kirkwood, who works with Hope on the air every Tuesday, just went to work with Bing in the same film. Wired Hope: "Okay if he saddles you, but you can't run at Santa Anita on Tuesdays." Ava Gardner gets another sex-charged role opposite Dick Powell in "M-G-M's" prize-fight story, "Right Cross."

Rod Cameron just signed for another western at M-G-M but swears it will be his last even if he has to quit pictures. He says: "I was tricked into making my first western and now every time a horse goes by, the studio puts me on it." Warner Brothers are looking for a slingshot period background for Milton Berle's next film... Sam Goldwyn has a hit in the Dana Andrews - Susan Hayward costar, "My Foolish Heart." The year's best tear jerker... Prediction: Frank Lovejoy for "Home of the Brave," and Ludwig Donath, for "Jolson Sings Again," will be leading contenders in the Oscar - supporting - role - performance race... Conversation of the week: French actress Denise Dacot trying to explain a football game to German actress Hildegard Neff. Lost In The Rush Note from scenarist Ken Englund: "My daughter, Audrey, will play the comedienne role in 'As You Like It,' starring Hepburn. My son is playing with Sarah Churchill in 'The Philadelphia Story' in Atlanta. My wife, Mabel Albertson, is playing the Helen Hayes role in 'Happy Birthday' in Pasadena. "They are the only three who can afford the theater. I have to write pictures."

Ruth Hussey just turned blonde—via a wig—for "Mr. Music." Anna May Wong just checked out of a local hospital. She suffered a nervous breakdown following death of her father... Pat O'Brien completed his gangster role in "Johnny One Eye" just in time to make a series of recordings for the kiddies called "The Little Brown Door Mat." Douglas Gilmore stadium clown, and Darleen Morton, the Grace Downs model, are an item. Gertrude Lawrence, checking the movie script of her life, made one consistent change throughout. She crossed out the name "Gertrude" and replaced it with "Gertrude."

Alfred Drake, now starring on Broadway in "Kiss Me Kate," came to Hollywood during the war for a movie career at Columbia. When he signed the contract Harry Cohn promised that his first film would be a costume story. His first film was "Tara of Spars." He reminded Cohn about the promise for a costume film. "Well," yelled Cohn. "Isn't a sailor suit a costume?"

Clifton Webb, whose crisp manner of speaking made him right for Belvedere, is taking dictation lessons to soften his bite. He plays the father of 12 kids in "Cheaper by the Dozen" and is having the devil of a time trying to sound paternal. Memories department: Ann Southern dated two ex-husbands, Bob Sterling and Roger Fryer, on her recent trip to New York. The tuxedo Montgomery Clift rented for "The Heiress" premiere has become a "celebrity." High school boys, prodded by their girlfriends, have been coming into the tuxedo shop where Clift rented it to ask: "Could I please rent the same tux Montgomery Clift rented?" Last Saturday the shop rented 14 tuxedos to teen-agers and each boy was assured: "Yes, this is the tuxedo Clift wore."

Denise Rumors Report Cedric Hardwicke denies the report that he got a divorce from his long estranged wife while in Switzerland making "The White Tower." He told me: "I like my separation and have no plans to pursue a divorce either here or abroad." New romantic team at M-G-M may be Lana Turner and Bob Young. Bally Haines (one time wife of Bart Wheeler) recently shed her eighth husband. Now she's thinking of remarrying her fourth, Lew Lindsey, one of Orson Wells' aides.

Angora Goat Breeders Reelect All Officers

ROCKSPRINGS—(AP)—Robert W. Reid, Hillsboro, N. M., has been reelected president of the American Angora Goat Breeders' Association. Headquarters of the association are located here. Other officers reelected for 1949-50 include: Joe Brown Ross, Sonora, first vice president; L. A. Clark, Rocksprings, second vice president; and Mrs. Thomas L. Taylor, Rocksprings, secretary-treasurer.

Engineers To Visit West Texas Projects

SAN ANGELO—(AP)—U. S. Army Engineers will inspect two West Texas water projects this week. They will visit Ford's Creek Reservoir at Coleman Tuesday. They will see the North Concho River Dam and Reservoir Wednesday. On the trip will be Col. Louis W. Prentiss, Dallas, division engineer, and Col. Ellsworth I. Davis, Galveston, district engineer.

Insanity Trial Set Monday For Student Who Shot Sweetheart

DALLAS—(AP)—Keith Lewis Petersen, 21, college student who shot his sweetheart to death, goes to trial Monday for insanity. Assistant District Attorney Henry Wade made known the trial date Saturday. Petersen's mother last month filed an affidavit in district court claiming the former Southern Methodist University student was insane September 3—the day he killed Carolyn Schofield, 20, Dallas secretary, in a downtown office. Petersen said she told him she planned to marry someone else. The insanity hearing was postponed late last month. Wade said Defense Attorney Maury Hughes had told him he would be ready for trial Monday. A murder charge is pending against Petersen. U. S. oil and gas wells now produce about two million barrels of crude oil and six trillion cubic feet of gas yearly.

MAGNAVOX ALONE BRINGS YOU FULL BENEFIT OF THE NEW LONG-PLAYING RECORDS!

4 FULL HOURS of Glorious Music—Automatically—
With Complete Reproduction of LP's Extended Range!

SEE these superb new Magnavox radio-phonographs now! Instruments that play not just one, but a dozen of the new LP (long-playing) records at a single loading, yet switch in a twinkling to play a full program of conventional records. In today's great new Magnavox, recorded music reaches new heights of beauty and convenience. Remember—no record sounds better than the instrument that plays it. That's why LP records—and conventional records, too—are a new and thrilling listening experience when played by a Magnavox. For Magnavox

is the one instrument with a speaker system and power amplification that are capable of faithfully reproducing today's extended recording ranges! Come in and prove these claims to your own satisfaction. Hear recorded music, AM and FM broadcasts as you've never heard them before... and learn, too, how Magnascope Television can be added to the Magnavox radio-phonograph of your choice whenever you wish. Yes, today more than ever, Magnavox is truly a lasting investment in gracious living!

Here's why you get more from the new Long-playing records with Magnavox!

- 1. DYNAMIC CHANGER**
Exclusive with Magnavox. Plays LP and standard 78 rpm records automatically—delivers 4 full hours of music with one loading!
- 2. POWER**
Magnavox gives you super-power amplification—from 10 watts in lower-priced models to an amazing 45 in the Windsor Imperial!
- 3. FIDELITY**
No reproducing instrument is better than its speaker system. And Magnavox speakers are world famous for high fidelity!
- 4. ACOUSTICAL "BALANCE"**
Beyond its beauty, every Magnavox cabinet is scientifically built to "balance" acoustically with the components it houses.

The Windsor Imperial, in mahogany or honey pine finish... \$795.00

The Belvedere, in mahogany or walnut finish... \$395.50

The Berkeley, in mahogany finish... \$285.00

The Commodore, in mahogany or white oak finish... \$485.00

the magnificent Magnavox radio-phonograph + television

U. S. Fails Again In Efforts To Get Word Of Red-Held Consul

WASHINGTON (AP)—The State Department Saturday disclosed new failures in the efforts to get information from Chinese Communists about American Consul General Angus Ward in jail at Mukden. A message received from Vice Consul William N. Stokes at Mukden said he had been able to send new packages of food and clothing to Ward and the four consulate employees held with him. However, he had not been able to obtain information on the health, treatment, date of trial or date of release of the jailed men. He has been pressing local authorities for the facts. Requests for information have likewise been made to Communist China's national leaders at Peiping by Consul General O. Edmund Clubb. He also has been rebuffed.

Ward, two American citizens on his staff and two European citizens he employed were arrested October 24 on charges of having beaten a Chinese employe of the consulate two weeks earlier. Ward's early telegrams on the alleged incident and Stokes' reports on it filed after the arrest apparently have been suppressed by the Chinese Communists. State Department officials suspect that the whole thing may have been a frame-up by the Mukden Communist authorities to discredit the American government among local Chinese. The frame-up suspicion which is being talked about increasingly by top officials here arises from the fact that Ward and all consulate personnel had been under police guard since the Communists captured Mukden a year ago, and the complete blanket of silence which the Communists have thrown over Ward's side of the story.

Underwriters Hear Fort Worth Speaker

Twenty members of the Permian Basin Life Underwriters Association Saturday heard John B. Koontz, superintendent of agencies for the Century Life Insurance Company of Fort Worth, giving his advice on techniques of selling at the regular meeting of the underwriters in Hotel Scharbauer.

Koontz also devoted particular attention to methods of encouraging prospects to give their reaction to a proposed plan of insurance, in order that the underwriters may guide his campaign from the prospect's remarks.

Best Salesmen Of All
Koontz pointed out that selling enters into the lives of everyone—doctors, who must sell patients on the value of prescribed treatment, and wives, who, Koontz said, are among the best salesmen of all.

Joe Hullum, of Century Life, introduced the speaker. At the meeting a voluntary collection was taken. A sum of money was voted from the treasury to aid the state organization in a lawsuit which is being carried on at Austin.

Czech Reds Refuse To Accept Reservations In Oaths Of Priests

PRAGUE, CZECHOSLOVAKIA (AP)—Catholic priests were told the government will accept no reservations in their oath of loyalty.

Vaclav Nosek, Communist minister of the interior, in effect rejected the offer of Czechoslovakia's bishops for priests to swear allegiance to the Communist government on the condition they would violate no divine or church laws or human rights.

Nosek boasted that the government is winning its fight with the church. "Even the West is recognizing this," he said.

The papal decree of excommunication of active Communists had been a failure in Czechoslovakia, and any Catholic churchman who tries to execute it will be arrested, he declared.

Now that the priests are paid by the government, Nosek indicated, it expects them to obey the law to the letter, no matter what their bishops tell them.

About 300,000 square feet of glass is being installed in the permanent Secretariat building of the United Nations in New York, making it the greatest proportionate user of glass in the world.

State Of Siege Of Bogota

First pictures out of Bogota, Colombia, after a state of siege was imposed by President Mariano Ospina Perez show armed military squads patrolling the streets of the capital of the little republic.

Negro Driver Dies When Dallas City Bus Hits Ambulance

DALLAS (AP)—A city bus rammed into the side of a negro ambulance here Saturday, killing the ambulance driver and injuring his companion critically.

It was Dallas' eighth traffic death in 12 days. The ambulance was crushed between the bus and a power pole after a collision at an intersection in East Dallas. The ambulance burst into flames before the driver, Howard Smith, 21-year-old negro, could be rescued. He died half an hour later. Ocie Johnson, 28-year-old negro riding with Smith, is in a critical condition from burns and injuries. Ruth Carter, 14, a passenger on the bus, suffered a broken shoulder blade.

Some of the giant redwoods in California are believed to be more than 4,000 years old.

T&P Offers Plan To Break Bottleneck In Cotton Crop Storage

BIG SPRING (AP)—A bottleneck in the storage of a bumper cotton crop in Howard and neighboring counties appeared near solution Saturday.

The West Texas Compress and Warehouse Company, only approved storage concern here for government loan cotton, announced Friday it could handle no more cotton. Officials said the company had 60,000 bales in storage and the embargo could not be lifted until some of the cotton was shipped.

Saturday G. L. Brooks, general agent for the Texas & Pacific Railroad, said the line would supply ample cars for the transfer of cotton to Commodity Credit Corporation storage points. Officials of the CCC are due here Monday to complete details for handling the cotton.

Meanwhile, the Howard County Farm Bureau sponsored a movement to provide temporary storage for cotton submitted for CCC loans. A

special committee asked for subscriptions of \$100 each from farmers in an effort to raise \$10,000 capital, the amount required by the CCC for establishing a temporary warehouse concern. Saturday the committee had arranged for more than \$10,000.

Spokesmen for the bureau said the temporary storage concern would ship cotton as rapidly as possible and would be terminated as soon as the storage bottleneck clears.

Production records are expected to fall in most of the counties at the edge of the South Plains this year as the big cotton crop harvest nears completion.

Dawson County is due to gather a whopping 150,000 bales. Howard and Martin counties each have ginned about 35,000 bales. Mitchell County has about 28,000 bales. The total yield in Howard County is estimated between 90,000 and 55,000 bales. Martin County is expected

to hit 50,000 and Mitchell more than 25,000. Cotton pickers for the area are needed. An estimated 4,000 pickers are at work in Howard, Mitchell and Martin County fields, and 2,500 more are needed. Wages range from \$1.50 to \$2.

1 GIFT SUPPORTS 6 AGENCIES!

- ★ BOY SCOUTS
- ★ GIRL SCOUTS
- ★ YOUTH CENTER
- ★ U.S.O.
- ★ GOODFELLOWS
- ★ SALVATION ARMY

Be Generous—Give NOW

\$32,000⁰⁰ NEEDED
\$7,946.00
STILL LACKING!

YOUR Community Chest is SHORT \$7,946.00 from the amount needed to provide these six deserving agencies with funds for the coming year. Have you given all you feel you can toward the \$32,000 goal? Honestly, have you given ENOUGH? Perhaps you want to give more... it is needed. Just mail your check to Community Chest, Midland.

IF YOU HAVE NOT BEEN APPROACHED for your gift, do not wait. Mail your contribution to Community Chest, Midland. Your donation is essential to the six agencies serving Midland County in welfare work, youth training, and character building. Let's put this drive over with a bang! Give now... and remember that your one gift serves six agencies, so give enough!

Easy Out For WTCC

J. A. Krug's resignation as secretary of the Department of Interior, effective December 1, affords the West Texas Chamber of Commerce an easy way out of a ticklish situation.

Krug was scheduled to address the annual meeting of the regional organization in Fort Worth, November 22, discussing West Texas water rights and problems.

That should be welcome news to WTCC officials who have been criticized severely for their dealings with the Interior Department concerning West Texas water rights, and for booking the secretary of Interior as the speaker at the organization's principal meeting of the year.

The West Texas Chamber of Commerce now is in position, if it so desires, to schedule a speaker who would be acceptable to West Texans in general.

Krug's withdrawal also might have taken the WTCC out of a rather embarrassing situation. The WTCC directors are scheduled to meet in business session on the afternoon preceding the night banquet.

A number of WTCC directors in this section reportedly do not favor the organization's water program and some doubtless will state their opinions in no uncertain terms at the Chamber's annual gathering.

Some local chambers of commerce also have discussed the WTCC dealings with the federal government and the comments generally have been none too favorable, according to reports.

Other organizations, particularly the Red Bluff Water Power Control District at Pecos, have been outspoken against turning West Texas water rights over to the government.

West Texas Chamber of Commerce officials might well consider a change in its convention program and plans now that the opportunity presents itself.

There Oughta Be A Law...

Like screen stars, many senators and congressmen have been passing out autographed pictures of themselves in the happy thought that nothing but good could come of it.

Now they are chagrined to learn that some of these little mementos are decorating the office walls of a so-called "five percenter," who allegedly shows them off to customers as proof of his enduring friendship with men of importance.

The legislators may pass a law limiting distribution of their autographs to small boys. Even though this means getting into a market where it may take six Vandenberg signatures to equal one Joe DiMaggio.

To Him That Hath Shall Be Given

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

Drew Pearson says: Newsmen play down antimonopoly hearings; General McNarney's ghost writer haunts him; American Indians from Washington lobby.

WASHINGTON — With Congress absent and little news competition in Capitol Hill, the press for some reason has pretty much glossed over the scorching, no-holds-barred attack on big business monopolies staged by Congressman Celler's House Judiciary Committee.

Stockholders of General Electric and General Motors have about the same control over company management that the Russian people exercise in the Politburo, he asserted.

It wasn't the U. S. government that sold Bolivia the P-35 which helped kill 35 people, but Paul Austin, an Air Force aviator, who sold surplus military planes to hot-blooded South American governments.

General McNarney's Ghost: Hardboiled General Joseph McNarney, who yields the economy car for Secretary of Defense Johnson, tore up his prepared speech and spoke of the outfit the other day at Camp Lee, Virginia.

Forty Japanese-American scientists and technicians, doing research on the effect of the atom bomb, have been shut out of Australian housing, hotels and clubs otherwise open to white Americans.

McKenney on Bridge

By WILLIAM E. MCKENNEY America's Card Authority

Today's hand is one that I saw played during my recent visit one evening at the Cavendish Club in New York in a rubber bridge game.

The Blackwood four no trump convention is without doubt used to a great advantage in number of hands, but there are times when direct bidding and ace-showing prove more beneficial.

Over the two heart bid by North, if South was using the Blackwood Convention, he would now jump to four no trump. When his partner bids five diamonds, showing one ace, South would realize that to bid six hearts would be truly a gamble.

Lesson hand on bidding—All vul. South West North East 3♥ Pass 2♥ Pass 4♥ Pass 5♦ Pass 6♥ Pass Pass

A doubtful slam. South knows his side is going to make a game in hearts, which would finish the rubber. If he jumped to six hearts and his partner had the ace of clubs and West the ace of diamonds he might go down on the hand.

However, if ace-showing had been used on the hand, South never would have been in doubt. Over two hearts he simply bids three hearts. Remember that his partner in bidding two hearts has shown at least a trick and one-half.

John Daly, 197 West Nobles Street, Saturday reported the death of his Irish Setter by poisoning. He said he returned home from a deer hunt to find members of his family in tears.

Daly said there apparently is nothing he can do about it but tell the police and to caution other dog owners to watch their pets closely as long as the poisoners are on the loose.

So they say Russia has gone to unbelievable lengths to assure that its citizens shall have the least possible contact with the outside world.

We must either learn to live together like civilized beings or consent to be written off the face of the earth as a wayward species which, endowed with a remarkable inventive skill, unfortunately lacked the things that led to its preservation.

Respect for human rights, promotion of economic development and a system of control of weapons are requisites to the kind of world we seek.

THE STORY: Hagar Blair, seeking to buy a valuable cameo from a Russian collector, goes to his home and finds him murdered. She searches for the collector's something worn when she found the cameo's box, open and empty.

THE girl's eyes were lowered to the cameo: "She doesn't know it, of course, she hasn't seen me since I was a little girl. I despise Nelly, even if she is my mother's sister. She stole this cameo from my mother. My mother was dying then. She lived only a few days after she left us."

Arnold saw Hagar plump down on the bed opposite Stephanie and said: "Hold on, girl. The cameo's not really yours yet, you know. We can't play finders-keepers when there's just been a murder because of that brooch. Or, at least, we're assuming that's why somebody stuck a knife into Falter."

Arnold stiffened. So they knew about Marjorie? "Another thing," Hagar continued. "What's the story on this cameo? As far as you're concerned, I mean. You act like a Crusader holding the Holy Grail. I've got to know whether to aid and abet you or turn the thing over to the police." She brooded.

Arnold stammered. What would be the police find? "Then Stephanie began to talk. 'You can't, Hagar!'"

WASHINGTON COLUMN

Washington Newsmen Tell How They Grew Up With City

By DOUGLAS LARSEN NEA Staff Correspondent

WASHINGTON—Some of the more ambitious members of the National Press Club have written themselves a book called "Dateline: Washington."

It's a pretty interesting account of the history and problems of covering the Washington beat, written by men who should know their subject pretty well.

In his introduction, New York Times reporter Arthur Krock sums up the increasing complexity of reporting national affairs in this way: "By 1928 the Washington reporters who 15 years before were writing of simple political encounters and the tariff were being called on to illuminate the complicated legal issues raised by the World Court procedure."

Of particular interest to Washington reporters who arrived here during and since the war is the "chapter" called "The Press and the War," written by Fletcher Knebel, correspondent for a Cleveland paper. He writes, "The formal press conference had become standard practice at the White House, but this journalistic mass-production technique had yet to intrigue whole battalions of cabinet officers, agency heads and lobbyists."

Questions and Answers Q—What causes rot in trees? A—Rot or decay, sometimes termed dot or pocket, is caused by the action on the wood by fungi, low forms of life related to the mushrooms. The fungus threads penetrate the wood and break it down.

Q—Is it true that most of the paper that we use today is made from wood? A—Yes. Only small quantities of paper now are made from linen or other such rag. The reverse of 150 years ago, when little, if any, paper was made from wood.

Q—When was the National Educational Association organized? A—This voluntary organization of teachers began in 1857 in Philadelphia, Pa. It now has an active membership of more than 400,000.

Q—Where did the first battle of the Civil War take place? A—Phillip, West Virginia, was the scene of the first land skirmish of the Civil War.

Q—Which is the largest public trust fund in the United States? A—The Ford Foundation, with funds amounting to \$208,000,000, is the largest public trust. It was established in 1936 for scientific, educational and charitable purposes, all for the public welfare.

Social Situations SITUATION: A friend performs a professional service for you and refuses to send you a bill. WRONG WAY: Send him a check for an amount you think should be about right.

BONAPARTE RETIRES CHICAGO—The Rock Island railroad sends word that Napoleon Bonaparte has retired. Bonaparte, 84, has worked with a maintenance crew since 1920.

The New York Giants, with 13 pennants since 1900, lead all other National League teams in that department.

Stephanie looked troubled. "I don't know how to open it. My mother used to open it and show me the pictures. You press something and the cameo springs away from the frame. I think I can learn how it opens if only I can keep the cameo long enough."

Arnold ducked as Hagar stood abruptly and faced the window. "What happened to your father?"

"My father received word that he was killed in Russia during the revolution. He was trying to escape and come to her. He was captured and shot."

"Then how do you intend to get it away from Nell?" "She'll sell it. We know that."

Stephanie gave a short, bitter laugh. "A ballerina! One must have a soul to be a ballerina. My mother was dancing the ballet in Moscow when she was only nine years old."

The CAMEO By Virginia Teale

was a locket. It contains a picture of her and of my father. "Let me see."

(To Be Continued)

New Guns For The Navy

The experimental ship, USS Mississippi, carries this new twin-barreled, six-inch gun mount, designed for both surface fire and anti-aircraft. A minimum crew of five can operate the mount. The plastic bubble, giving all-around vision (arrow), allows one officer to control the fire direction.

Atomic Inspection—

(Continued From Page One)
Hickerson said after the committee adjourned. "He now says he merely levels mountains. I said Friday that if a country has a device that will level mountains, it has in its possession a device that will level cities. He did not answer that. He indicated some willingness to limit his claim of mountain moving but he did not indicate a willingness to limit the unimpairment exercise of sovereignty, no matter what the requirements of world security might be."
The special committee will vote Monday on several proposals. Indications now are the committee will favor a Canadian plan for the Big Five and Canada to continue secret talks on the atom.
Vishinsky made it clear the Russians and the Western powers speak a different language when they talk of the meaning of control. "That is the nub of the atomic problem here."
In saying that the Russians are willing to open up for atomic inspection and control, Vishinsky referred to the Soviet proposal for an International Atomic Commission presented June 11, 1947.
That Russian plan was debated thoroughly in the UN Atomic Energy Commission and was turned down. It went on up to the assembly by way of Soviet proposals for a control system and was defeated there.
Answering Hickerson's speech Friday that the West considers the Soviet proposal inadequate and without provision for sufficient inspection, Vishinsky said this reasoning is erroneous.
"Gesturing as usual and shaking his head, the Soviet foreign minister said:
"There is no warrant for his stating that we refuse to open up our territory for inspection. . . . We open our doors wide to control."

Commuter 'Copter

This shows how a dozen passengers can be carried by the new feeder-line helicopter developed by Bell Aircraft at its Buffalo, N. Y., plant. The craft, which cruises at 100 mph, is designed for rapid transportation between heavily populated and traffic-congested areas. In place of the 12 passengers, it can carry an equivalent weight of mail or cargo.

Cotton Council Names Field Representatives

MEMPHIS, TENN.—(AP)—Carlton H. Power of Dallas was named Friday to head National Cotton Council field service activities in Texas.
C. E. McDaniel of San Antonio will continue as field representative in South Texas, R. H. McRae of Lubbock in West Texas and I. J. Bohsulav of Ennis in Northeast Texas.

NAVY DROWNING VICTIM IDENTIFIED AS TEXAN

PORTSMOUTH, VA.—(AP)—The Navy identified Saturday the body of a man found in the James River as Billie H. Hebron of Ben Franklin, Texas.
Hebron, who had been missing for about 10 days, was a boatwain's mate second class on the older USS Salomoe, the Navy said.

Austin Symphony Orchestra Slates Ranch Style Fete

AUSTIN—(AP)—A drive-in symphony concert—ranch style. That's the program for the Austin Symphony Orchestra Sunday. Dressed in blue jeans, they'll give a concert at a drive-in movie.
Pretty girls—on horses—will sell programs.
A flat price of \$1.50 "per car, wagon or mule train," will let the customers in.
The music? A mixture of high-brow, lowbrow and middlebrow. It will be piped to vehicles through individual loudspeakers.
Ezra Raehlin will conduct the orchestra. Betty Jean Kimble, formerly of the Philadelphia Chamber Opera, will be a soloist.

JayCees Map Plans For Big Christmas Activities Program

Col. Russell R. Loudon, senior instructor for the Midland Organized Reserve Unit, and the Rev. Robert J. Snell, rector of Trinity Episcopal Church, were featured speakers for a special Armistice Day program at the regular meeting of the Midland Junior Chamber of Commerce in the Crystal Ballroom of Hotel Scharbauer Friday noon.
Colonel Loudon stressed the need of a strong reserve to preserve the peace. He said a strong and well-trained reserve force will tend to stop aggressor nations from singling out the United States as a nation weak in military strength.
The speaker urged a stronger reserve unit here as a part of a large national reserve force.
Mr. Snell urged JayCees to seek peace through the churches. His address brought out the need for stronger religious faith on the part of all nations as a means of preserving the peace.
Dick McKnight was in charge of the program.
Frank Hawk, second vice president, presided in the absence of President Irby Dyer.

Jostling Gent With Slick Fingers Has Big Week In Dallas

DALLAS —(AP)— Police are looking for a pickpocket who has picked up more than \$2,800 in two days work here this week.
Officers say the slick fingered gentleman also is believed to operate in Fort Worth and San Antonio.
Last Wednesday, R. E. Blankenship, vice president of a wholesale jewelry company, left a bank with a \$1,813 payroll in his pocket. A man dropped his glasses, and as Blankenship halted to avoid bumping into him, another man jostled Blankenship. A few minutes later the bankroll money was missing.
Mrs. Ray Johnson started to a bank Saturday with \$1,020 her father, T. L. Moon in Childress, had asked her to deposit for him.
"A man jostled me while I waited for a red light to change," she said. "A few minutes later I missed the money from my purse."
Police say the victims in Dallas, Fort Worth and San Antonio all describe the same "jostling" gentleman.

COTTON

NEW YORK —(AP)— Cotton futures closed 10 to 15 cents a bale lower Saturday, December 29, 1948. March 29.88 and May 29.83-43.

THE HOME OF GREATER VALUES

207 W. Wall Phone 1644

Northwest Kent Wildcat Is Set By Ryan, Hays & Burke

Drilling is to be started in the near future on a 7,500-foot wildcat to explore into the Canyon reef line in extreme Northwest Kent County.

The prospector will be at Ryan, Hays and Burke of San Antonio, No. 1 Faustina Kenny. It will be 10 miles southwest of Spur, and 600 feet from south and west lines of the southeast quarter of section 27, block 2, H&GN survey.

Several oil companies and oil operators hold leases in the vicinity of this new exploration. It is understood that some of those concerned and individuals have agreed to contribute to the drilling of the wildcat.

Garza Prospector Is Scheduled By Callihan

George Callihan of Abilene is to begin drilling soon at his No. 1 C. G. Dorward, contracted 3,100-foot wildcat in extreme Southeast Garza County, six miles southeast of Justiceburg.

The prospector will be located 320 feet from north and west lines of the southwest quarter of section 114, block 5, H&GN survey.

Cable tools will be used to dig the venture.

Diamond-M Extender Completed By CSOC

Cities Service Oil Company has completed its No. 1-H Johnson as a one-half mile northwest extender for the north side of the Diamond M-Canyon field in South-west Scurry County.

The well was calculated 34-hour potential of 64,188 barrels of 42.8 gravity oil, flowing through a three-quarter inch tubing choke. Gas-oil ratio was 685-1. The pay section was treated with 2,000 gallons of acid.

The 24-hour potential figure was based on an actual six hour flow. There were no signs of formation water. The new producer is now on production.

Top of the Canyon reef was at 6,850 feet, to test the well datum of minus 2,553 feet. Total depth is 6,808 feet.

Stanotex Spots Two N-C Scurry Projects

Two new projects to test the Canyon reef line have been planned for the North Snyder field of North Central Scurry County by Standard Oil Company of Texas.

Both of the explorations will be drilled to 7,000 feet.

Standard No. 4 L. S. Terod will be 680 feet from east and 1,980 feet from north lines of the west half of section 39, block 97, H&TC survey. That makes it eight miles north of Snyder.

The company's No. 5-4 J. W. Brown is to be 1,980 feet from west and 680 feet from south lines of section 441, block 97, H&TC survey. It is on the northeast side of the field. The drillsite is ten miles north of Snyder.

Operations are to begin immediately.

Upton Deep Wildcat Makes Further Hole

Republic Natural Gas Company No. 1 American Republics Corporation Central-North Upton County wildcat, three miles south of the initial Ellenburger producer in the Pegasus field, had reached 11,225 feet in Pennsylvanian shale, and was drilling deeper.

This venture is slated to dig to 13,000 feet to test the Ellenburger. It is 680 feet from north and west lines of section 6, block 40, TP survey, T-5-S.

Magnolia Petroleum Company No. 1-3 TXL, one-half mile south of the discovery for Ellenburger production in the Pegasus field, and located in the Central-North Upton County side of the field, had reached 10,427 feet in Pennsylvanian shale, and was drilling deeper.

This exploration, located 660 feet from north and west lines of the southwest quarter of section 31, block 40, TP survey, T-4-S, has already shown gas flowing production from two higher sections in the Pennsylvanian. It is to continue until it tests the Ellenburger.

Kent Wildcat Logs Oil, Gas And Water

Drilling & Exploration Company No. 1 Connell, Southwest Kent County wildcat to 7,200 feet to explore into the Canyon reef line, had reached 3,438 feet in lime and shale in the middle Permian.

It ran a one and one-half hour drillstem test at 2,940-70 feet, which was likely in the San Andres.

Permian Basin OIL & GAS LOG

James C. Watson
Oil Editor

SW Midland Venture Nears Pennsylvanian

General American Oil Company No. 1 Peck, Southwest Midland County wildcat which is projected to 13,000 feet to test into the Ellenburger, had reached 9,719 feet in lower Permian lime and shale and is expected to enter the Pennsylvanian at any time.

This development has shown interesting signs of possible production from the Wolfcamp section of the Permian.

It is 30 miles southwest of the city of Midland and at the center of the northwest quarter of the northwest quarter of section 21, block 41, TP survey, T-4-S.

Central Midland Test Gets Small Gas Show

York & Harper, Inc., No. 1-A TXL, Central Midland County deep prospector, 12 1/2 miles south of Midland, and 690 feet from north and 660 feet from east lines of section 25, block 39, TP survey, T-3-S, was making hole below 12,486 feet in an unidentifiable lime and chert.

It developed some signs of gas in a drillstem test at 12,280-444 feet. The tool was open 23 minutes. The packer appeared to have leaked and to have let in 720 feet of drilling mud in the top of the drill-pipe.

In addition to the 720 feet of mud was 1,200 feet of gas cut water blanket and 1,230 feet of gas cut drilling mud. No signs of oil or of water were developed.

Scurry Deep Strike Continues Swabbing

R. W. Baxter, and associates No. 1 Feldman, Central-East Scurry County Ellenburger discovery, ten miles east of Snyder, was swabbing to test and complete on the total depth of 7,357 feet.

The zone between 7,308 feet and the bottom of the 5 1/2 inch casing which is cemented at 7,340 feet will be tested through perforations which now cover the full section. The open hole between 7,340 feet and the total depth at 7,357 feet is also included in the testing.

The well had previously swabbed and flowed at the approximate rate of nine barrels of oil per hour from perforations at 7,314-36 feet, and from the open hole at 7,340-57 feet. No formation water has developed. The well so far has failed to flow regularly and consistently. It is expected that operators will install a pump during the current week to agitate the fluid and make it come to the surface steadily. Up to now no pump has been installed. The new field opener is 660 feet from north and east lines of section 63, block 3, H&TC survey.

Flanagan Offset Has Further Indications

More signs of possible production have been developed in Central-South Gaines County at Magnolia Petroleum Company No. 1 H. T. Wolfe.

This venture is one mile west of the nearest completed producers from the Clear Fork in the Flanagan field. The latest show was in a drillstem test at 7,165-7,240 feet in the Clear Fork.

The tool was open two hours. Recovery was 210 feet of heavily oil and gas cut drilling mud. The project is now bottomed at 7,290 feet in lime and is taking another drillstem test.

Other Project Digs On
This venture had its first show of oil and gas in the Clear Fork below 6,415 feet. The section from there down to the present level of operations had had fair signs of possible production.

The development is 660 feet from north and east lines of section 7, block A-23, psl survey.

Magnolia No. 1 Williamson, another Flanagan area exploration to about 7,500 feet to investigate the Clear Fork, had reached 7,046 feet in lime and was making more hole.

Kent Wildcat Logs Oil, Gas And Water

Drilling & Exploration Company No. 1 Connell, Southwest Kent County wildcat to 7,200 feet to explore into the Canyon reef line, had reached 3,438 feet in lime and shale in the middle Permian.

It ran a one and one-half hour drillstem test at 2,940-70 feet, which was likely in the San Andres.

Central Pecos Given Three Shallow Tests

Hunt Oil Company has filed an application with the Railroad Commission of Texas requesting a permit to drill three shallow wildcats on its large block in Central Pecos County, near Chancellor. All of the projects are to be drilled to 3,200 feet.

No. 17 Esinore Ranch will be 1,320 feet from south and east lines of section 83, block D, GC&SF survey.

Location for No. 18 Esinore Ranch is 1,320 feet from south and east lines of section 80, block D, GC&SF survey.

The other project, No. 19 Esinore Ranch will be 1,320 feet from south and east lines of section 56, block D, GC&SF survey.

Three Projects Abandoned
The company has also filed application to plug three prospectors drilled in that area. It is understood that where possible the wells will be used as water wells for the ranch.

No. 6 Esinore Ranch was abandoned at a total depth of 1,340 feet. Location is section 31, block C, GC&SF survey.

The company's No. 15 Esinore Ranch was abandoned above a total depth of 1,120 feet. It is location in section 41, block D, GC&SF survey.

No. 16 Esinore Ranch was abandoned after drilling to a total depth of 1,566 feet. It is in section 16, block D, GC&SF survey.

Humble Drills Ahead At Upton Prospect

Humble Oil & Refining Company No. 1 Gswat, East-Central Upton County wildcat, four and one-half miles northwest of the Benedum field, and 2,640 feet from south and 660 feet from east lines of section 12, block B, OCS&RNGC survey, had reached 11,779 feet in an unidentifiable shale, and was drilling deeper.

This venture has shown possibilities of discovering production from the Fusselman section of the Permian between 11,595 feet and 11,594 feet. That zone developed considerable gas and recovered some free oil and a fair amount of oil and gas cut drilling mud during a recent drillstem test.

It is going on down to locate and test the Ellenburger.

North Outpost Has Water
Hiawatha Oil & Gas Company No. 1 Barnett, three-quarters of a mile north outpost on the northeast side of the Benedum field, and 660 feet from south and west lines of the west half of section 41, block Y, TORR survey, was taking an electric log survey to total depth at 12,591 feet in the Ellenburger.

A drillstem test at 12,194-561 feet, open two hours, recovered 1,500 feet of water blanket, 3,000 feet of drilling mud and 7,000 feet of salt water. There were no shows of oil or gas.

This venture has shown only slight signs of oil and gas in the Ellenburger.

CORNERSTONE CEREMONIES

AUSTIN—(AP)—Cornerstone ceremonies are to be held here Sunday in the construction of the \$125,000 new Hillier Foundation building near the University of Texas campus to serve Jewish students there.

Storage For Uncle Sam's Corn

At Winterset, Iowa, the government is building storage bins to receive about 740,000 bushels of corn acquired by the Commodity Credit Corporation. Eighty cylindrical steel bins, like those above, hold 3,380 bushels each. 15 wooden bins will hold 60,000 bushels, and six Quonset-type buildings will hold another 60,000. As each storage unit is completed, it is filled with corn from the 1948 crop, freeing farmers' own bins for this year's big crop.

In The Pink

Twenty-months-old Tony Green, of Atlanta, Ga. shows his delight at being "pink" baby after heart surgery saved him from almost certain death as a "blue" baby. Tony underwent the operation October 28 and has surprised the doctors with his rapid recovery. He should grow to be a normal boy, they say.

Prospectors Claim Pitchblende Strike In California Hills

LOS ANGELES—(AP)—Discovery of a rich pitchblende deposit source of radium and uranium has been reported by two Los Angeles prospectors.

Richard E. Darnell and George Taylor claim ore from a giant slab between California's Panamint Mountains and Death Valley had been assayed at \$16,000 to \$17,000 a ton. Darnell said rods of ordinary camera film taken into their mine shaft had been exposed by radioactive rays.

A spokesman for the Atomic Energy Commission said that if the claim is substantiated, it will be the first major pitchblende strike in California. The mineral is not being mined in the state at present, he said.

Hobbs Youth Dies In Car-Train Crash

BROWNFIELD—(AP)—Sammie James, about 18, of Hobbs, N. M., was killed and his father and brother injured seriously Friday night in a car-train wreck on the outskirts of town.

Injured were Dwain James, about 12, and Norman James, about 40. The automobile in which they were riding was struck by a Santa Fe freight train.

95 Wells Added To Texas Oil Empire

AUSTIN—(AP)—Another 95 oil wells were added to Texas' petroleum empire last week.

The Railroad Commission reported the new completions brought the year's total to 7,361, up 877 over the figure for the comparable period a year ago.

Eleven gas well completions during the week boosted the year's total of new gas wells to 604, trailing the year-ago figure by 23.

Six of the week's oil completions were wildcats. No gas wildcats were reported for the week.

Total average crude oil daily allowable as of Saturday was reported at 2,518,277 barrels, an increase of 8,442 barrels since last week.

60 Wells Added To Texas Oil Empire

WASHINGTON OIL—

Paul G. Hoffman Demands Unlimited Crude Imports

WASHINGTON—Unlimited crude oil imports to the United States are demanded by Paul G. Hoffman, head of the Economic Cooperation Administration.

Breaking a long silence on petroleum problems, Hoffman forecast that "as much (crude oil) will be imported to the United States as this country is willing and able to take, and the remainder simply will not be produced."

Although Middle East production shapes up as an ever greater competitor and threat to American producers, already losing millions of dollars weekly from oil imports, Hoffman said:

This area never can be "more than a marginal supplier to the United States because of the high transportation cost. Its natural market is Europe, Asia or Africa." To Rep. John E. Lyle (D-Texas) who had seen "disaster" for American producers if world oil plans of Hoffman's agency are carried out, the ECA chief has just written:

The production, refining and marketing expansion planned by British, Dutch and American companies abroad will be shined down somewhat to conform with reasonable estimates of demand. But the foreign aid chief insisted that without oil imports, American production would be "disaster" for American producers if world oil plans of Hoffman's agency are carried out, the ECA chief has just written:

The impact of ECA on American producers rarely has been considered. To do just that, however, Rep. Eugene J. Keogh (D-N.Y.), chairman of an oil imports subcommittee, plans hearings in Washington November 28. Government and industry witnesses are to testify.

Break 'em up!

That's what Rep. Emmanuel Celler would do with major oil companies if he had his way. They are no influential in the nation's economy, and too powerful in determining prices for gasoline and fuel oil, he says.

The Brooklynn, N. Y., congressman is in a position to do something about the oil companies. He has House Judiciary Committee, which writes the antitrust laws.

"A handful of majors by price leadership and sometimes by price manipulation, set the prices for oil products," he told this correspondent in an interview. "This has evils and tends to give the public a rooking."

To curb these powers, the New Deal congressman proposed "a tentative measure" that big companies be broken up into smaller competing units.

He named these companies among the "too big" ones: Standard Oil Company (Ind.), Standard Oil Company (Calif.), The Texas Company, Gulf Oil Corporation, Shell Oil Company, Cities Service Oil Company, Atlantic Refining Company, Socony-Vacuum Oil Company, and Sinclair Oil Company.

From Otis H. Ellis, committee counsel, the executives may get a hard grilling.

That's what the British, Assistant Secretary of State Perkins gaggled the oil company executives. They are not to talk until after U. S.-British meetings are under way, he said.

The coming talks will see the British trying to sell more oil in the U. S. and buy less for dollars. Next go-round on oil imports is set for Tuesday when officials of nine importing companies go before the Keogh oil imports subcommittee in New York. A tenth, Jersey Standard, already has testified.

The companies, which are expected to argue that imports do not displace domestic oil and Standard Oil Company (Ind.), Standard Oil Company (Calif.), The Texas Company, Gulf Oil Corporation, Shell Oil Company, Cities Service Oil Company, Atlantic Refining Company, Socony-Vacuum Oil Company, and Sinclair Oil Company.

FARM, DAIRY AND RANCH NEWS

The approximately 1,600 bales of cotton ginned here last week...

The \$500 shoots the total well above the approximately 3,800 bales for the entire season last year.

There was no Armistice holiday at the gins here as crews worked feverishly in an attempt to "catch up"...

Terrell Stewart has joined the Martin-Howard Soil Conservation District...

Rancher George Glass says he hasn't seen Leonard Proctor since the latter asked about the price of some Glass bulls recently.

The Texas weekly crop and Weather Bureau reports all classes of livestock doing well on the unusually good supply of range and pasture feed.

Walter Thompson of Midland has purchased the registered Jersey, Design Vol. Beauty Fern, from the herd owned by J. M. Prothro of Midland...

Purebred Jerseys are registered by The American Jersey Cattle Club which has its national headquarters in Columbus, Ohio...

Hugh Woody is off up in New Mexico helping in the Fall roundup on the ranch of his cousin, James Kinney...

Government loans to help farm owners build or repair houses and other farm buildings during a four-year period were authorized earlier this year when the Housing Act of 1949 was signed.

Mesquite, the invading weed tree, which has infested some 55 million acres of Texas range land soon may be shivering to its bud zone.

Those attending the field day were told that 5,000 mixtures of various chemicals had been tested on mesquite at Spur during the last few years.

ceased servicemen having preference. To be eligible, a farmer must be unable to get needed credit for housing improvements for other sources.

Most of the loans will be made to those with income from farm and other sources sufficient to repay the loan, plus interest.

Loans are repayable in a maximum of 33 years at four per cent interest. A moratorium on payments may be granted when the borrower is unable to meet his repayment schedule because of circumstances beyond his control.

All applications for housing loans to be recommended by local committees of three farmers in the county in which the loan is being applied for.

April 16 and 23 have been set as the dates for the Second Annual Sheriff's Posse Futurity in Big Spring. The race, for two year old colts, will be held in two divisions.

Livestock shipments in Texas showed a monthly increase of 17 per cent in September, the University of Texas Bureau of Business Research reported.

In comparison with September 1948, total livestock shipments declined 24 per cent. Shipments of calves decreased 34 per cent; cattle, 28 per cent; hogs, 14 per cent; and sheep, one per cent.

The first annual San Antonio Livestock Exposition, to be held in the Alamito city February 17-20, officially opens the new \$2,000,000 Joe Freeman-Bexar County Coliseum.

The Texas Agricultural Experiment Station's research work on mesquite control has been concentrated at the Spur station since 1938.

Kerosene, which works fairly well on sandy and porous soils, but usually costs too much, and sodium arsenite which is cheaper but dangerous to both man and animals have been the chemicals most widely used and recommended in the past.

Results so far indicate that 2, 4, 5-T and formulations thereon are far superior to any formulations of 2, 4-D for mesquite control or eradication.

Top kill of mesquites is running up to 95 per cent and root kill 85 per cent with solutions of 2, 4, 5-T applied in diesel oil and water in May of this year.

A Texas cotton crop of 5,600,000 bales of 500 pounds gross weight is forecast by the crop Reporting Board of the Bureau of Agricultural Economics, based upon indications as of November 1.

The detective business has spread to the woods and plains of Texas. Clues are needed to help identify the mysterious factors which cause numbers of game animals to rise and fall from year to year.

One item of great value is the proportion of young animals in the population of game species. This proportion indicates the approximate success of the previous breeding season.

It is possible, in quails and turkeys, to distinguish birds born the previous Spring from older birds by the shape and color of certain wing feathers.

All that need be done is to cut off the outer portion of the right wing at the sharp bend of the wing. Only the right wing from each bird is wanted.

Texas farm cash income for September total \$233,107,000, rising 42 per cent over August and 10 per cent over September 1948, the University of Texas Bureau of Business Research reported.

Cotton was the greatest source of income bringing Texas farmers \$163,980,000 during September. Income from cotton consumption totaled \$22,855,000; and cattle, \$14,591,000.

After adjustment for seasonal variation, the bureau's index of farm cash income rose to 677 per cent of the 1935-39 base period in September from 475 in August and 569 in September, 1948.

The session will be held December 9-11. All members of the organization, together with their wives, or escorts are invited to attend. Music will be by the Jimmie Furman orchestra.

Charles H. Tennyson, public relations director for the association, said here Saturday that the teachers will hear nationally-known leaders in education, business and government fields and explore every phase of education of interest to Texas instructors at the convention's sessions.

TEXAS OIL ROUNDUP—

Oil Industry Facing Unsettled Situation In Supply-Demand

By MAX R. SKELTON HOUSTON (AP)—Oil refinery workers are being kept busy these days turning on valves and then turning them off again.

The industry's supply-demand problems look good one day, not so good the next.

For the week ending October 26, the nation's refineries were operating at 83.3 per cent of capacity. A week later it was 85.3.

By MAX R. SKELTON HOUSTON (AP)—Oil refinery workers are being kept busy these days turning on valves and then turning them off again.

Lane-Wells Official To Address AIMME At Monday Meeting

John L. P. Campbell of Houston will address the November meeting of the Permian Basin section of the American Institute of Mining and Metallurgical Engineers at 7 p.m., Monday night.

The session will be held at the Roski Club in Odessa. A fellowship dinner will start at 6:30 p.m. and the program will follow.

By MAX R. SKELTON HOUSTON (AP)—The oil industry is now a peak load industry in the winter and the peaks are apparently going higher and higher with the passage of time.

Normal winter demands of the industry, Brown explained, now are about 500,000 barrels daily ahead of the preceding summer.

Greater seasonal influence on the oil market, he said, is a long-time operating problem "and our thinking should be developed with that in mind."

Foreign crude oil imports have been sharing the blame for the necessity of domestic production cutbacks.

The Bureau of Mines reported this week that imports increased 29.3 per cent the first eight months this year over the same period last year.

Richard J. Gonzales, economist for Humble Oil and Refining Company, also warned this week that the United States will become a larger net importer of oil.

The increase, however, will not be abrupt and should not disturb seriously the incentive for domestic development or to endanger national security.

Gonzales said rapid changes the past three years resulted in the concern over imports.

The Bureau of Mines reported this week that imports exceeded exports by 145,000 barrels daily and in 1949 the difference will be about 275,000 barrels daily.

Net imports are still less than five per cent of domestic demand but the rate of change has been disturbing.

Standind Drilling Department Gets Award For Safety

Standind Oil and Gas Company has been notified by the National Safety Council that it had the lowest accident frequency record of any other oil company in drilling operations for the year 1948-49.

The NSC Bulletin listed the award winners in the four main divisions of the National Petroleum Safety contest between 253 major oil companies in the country.

Besides the first place in drilling, Standind also received awards for second, third and fifth place in the other three divisions.

In producing division—Group A, Standind was named as second place winner with a frequency of 2.48.

Features On Geophysical Work To Be Presented At Dallas Regional Meeting

An interesting and diversified program dealing with various features of geophysical work in connection with petroleum development will be presented at the regional exploration meeting to be held in Dallas Thursday and Friday of this week.

The affair is being sponsored by the Dallas, Fort Worth, Tulsa and Ark-La-Tex Geophysical Societies. All geophysicists and geologists in the Permian Basin region are invited to attend.

The program will include: Thursday morning: "Geologic Responsibilities in Directing Geophysical Exploration," by E. W. Beebe, Anderson Frichard Oil Corporation, Oklahoma City, Okla.

"History of Upper And Lower Cretaceous Formations of Ark-La-Tex Area," by T. H. Philpott, Carter Oil Company, Shreveport, La.

"The Part Helicopters Are Playing in Geophysical Exploration," by E. Gustafson, Bell Aircraft Company, Buffalo, N. Y.

"Application of Electric Logging to Ground Water Exploration," by F. E. Jones and T. E. Buford, Department of Interior Geological Survey, Baton Rouge, La.

"A Single Shot Seismograph System," by L. C. Pasley, Marine Instrument Company of Dallas.

"Examples of Aeromagnetic Surveys And Their Interpretation," by Joseph A. Sharpe, vice president, Frost Geophysical Corporation, Tulsa, Okla.

"The Photographic Survey Corporation's Airborne Profile Recorder," by B. I. McCaffrey, Photographic Survey Corporation, Toronto, Canada.

"Air Shooting Symposium of Tulsa Geophysical Society," by a member of the Tulsa Geophysical Society.

"Public Relations in Geophysical Prospecting," Symposium of Fort Worth Geophysical Society.

"Can Refits Be Found With The Seismograph?" by E. D. Alcock, National Geophysical Company in Dallas.

"Structure Forming Role of Reef Masses in West-Central Texas," by Gerson H. Brodie, petroleum geologist, Adilene, Texas.

"Seismic Exploration For Refs Has No Unique Solution," D. Ray

PBLA To See 1948 Football Highlights At Wednesday Meet

The Permian Basin Landmen's Association will hold its November meeting at 7 p.m. Wednesday night at the American Legion Hall in Midland.

A barbecue dinner will be served. The program will feature the showing of a technician moving picture of the highlights of various football games in the Southwest Conference during the 1948 season.

Membership in the association includes landmen and lease men for oil companies and oil operators in the territory between San Angelo and Plainville and between Abilene and Roswell, N. M.

Advance reservations for the dinner and for the meeting should be made with Maurice W. Kennedy, secretary-treasurer of the PBLA, at his office in the district headquarters of The Texas Company in Midland.

Harry H. Lawson, president of the organization will preside at the Wednesday night meeting. An attendance of more than 100 persons is expected.

O. McCaffrey, Seaboard Oil Company of DeSoto, Dallas. "Reflection Shooting in The North Snyder Area, Scurry County, Neal Clayton, Republic Exploration Company, Tulsa, Okla.

"Case History Henry Compton Block, Stephens County, Texas," by D. R. Campbell, G. H. Harrington, Independent Exploration Company, and R. J. Dilger, Fred Manning, Inc., Fort Worth.

"Gravity Survey Redwater Field, Alberta, Canada," John L. Sibbe, Tideland Exploration Company, Houston.

"A Progress Report on Devonian Reef Exploration in Canada," Wentworth J. Tellington, Bear Oil Company, Edmonton, Alberta, Canada.

Odessa Bronchos Hold Lubbock To 7-6 In Title Battle

By SHORTHY SHELburnE
Reporter-Telegram Sports Editor

BRONCHO STADIUM, ODESSA—A full house of more than 23,000 fans sat amazed here Friday afternoon as the underdog Odessa Bronchos battled the powerful Lubbock Westerners to a standstill and made the state's No. 1 rated team dig hard to take a 7-6 decision. The Odessa team wearing the red togs of grid warfare Friday made the awesome South Plains eleven come from behind to annex the close and hard-played game for the championship of District 3-AA.

John Ed Giles, an unknown, jumped into the limelight as he sparked the Odessa offense. Behind a hard-charging Odessa line, he made dazzling runs on quick opening plays and otherwise kept his head in the game all the way.

But for a fumble on a try for point after touchdown, the Bronchos would have come away with a tie.

Heads-up play by Paul Erwin, Broncho end, broke the ice for Odessa's touchdown.

Odessa Holds On Five
Lubbock had driven to the Odessa five-yard line with the flashy running of Wayne Stroud and the pin-point passing of Bobby Brown and it looked like a sure scoring march.

But the Odessa line planted itself like the proverbial "tree by the water" and would not be moved.

GAME AT A GLANCE

Odessa	first down	Lubbock
143	yards gained rushing	256
68	yards gained passing	39
3	of 5 passes completed	4 of 10
1	for 166 yards	No. Yds. 5 for 138
0	for 0 penalties	No. Yds. 3 for 38

Score by periods:
Odessa 0 6 0 0—6
Lubbock 0 0 7 0—7

Malcolm Young, 185-pound Westerner fullback, was stopped cold on two line plays and the ball went over on downs.

Dawton Hughes punted out for Odessa on the first play of the second quarter. The ball went high and came down in the arms of Lubbock's talented Bobby Brown. But Brown let it slip through and Paul Erwin recovered the fumble on the Odessa 42 to give the Bronchos a break.

The Red Horses took their cue and started a savage offensive assault. Joe Childress, Bobby Jackson and John Ed Giles alternated at carrying on line plays. Giles made a 14-yard run to place the ball on the Lubbock 25.

Charles Clover tossed a 15-yard pass to Paul Erwin on the 10. Coach Joe Coleman inserted T. W. Harvey and Howard Dye in the Odessa backfield for added scoring punch. It was enough.

Harvey cut through tackle for seven and hit the middle for one more. From there Dye punched over for the touchdown.

Dawton Hughes was to attempt the extra point but he never got a chance. A bad pass from center caused the ball to be fumbled and it was downed out on the 10.

Giles Intercepted
The Bobby Brown passing game, the best we have seen all season, worked some for Lubbock before the half ended but came John Ed Giles again to stop it. He intercepted on the Lubbock 47 and returned to the 32.

An exchange of punts just before the half produced nothing exciting.

Coming out in the third quarter, Lubbock looked like the team it is rated to be. The Westerners took the kickoff from their own 36 straight up the field to the Odessa 19. But there the Bronchos held again and the ball went over.

Odessa ran three plays then

Walker Leads Ponies To Win Over Arkansas

DALLAS —(AP)— That man Doak Walker shocked Arkansas into a 34-6 defeat Saturday as Southern Methodist clung to a bare chance of the Southwest Conference football championship.

The great one scored three touchdowns and passed for another with a typical Walker show. He also booted three extra points.

A crowd of 42,000 roared approval of the All-American's mighty play.

Second-stringers made the final Southern Methodist counter against a hard-fighting but sometimes confused Arkansas team.

The Methodists stormed to 240 yards on the ground and 177 passing to pulverize the Razorbacks throughly.

Arkansas did well on the ground with 128 yards as Geno Mazzanti showed driving power over guards and center. In the air the Razorbacks netted only 55 yards on four completions.

Kyle Rote, the hardest-running back in the conference, gave Walker valuable aid in strapping the Razorbacks but it was three touchdowns engineered in nine minutes of the first quarter by the Methodist All-American that broke Arkansas' back.

It was a vicious but clean ball game.

Walker led the gainers with 98 yards rushing and 113 passing. The chief ball-carrier, however was the bull-like Mazzanti, who plowed the Methodist line 16 times for 110 yards. Rote made 90 yards rushing.

SMU Scores Fast
The first SMU score came after passes from Walker to Raleigh Blakely and Zohn Milam had eaten up 38 yards and put the ball on the Arkansas Razorback one-foot stripe. Walker blasted right guard for the score but missed the conversion.

A short Arkansas kick into the wind gave SMU the pigskin on the Razorback 44 to set up the second score. Rote cut over right tackle for a touchdown. He converted. The next score came like lightning. Arkansas had to kick, and from the SMU 48 Walker lofted a long pass to Johnny Champion on the Razorback 15 and he ran across for the touchdown. Walker kicked the point.

Arkansas was not an impotent ball club at all. The Razorbacks started out like they would blow SMU from the Cotton Bowl, parading with the kickoff down to the SMU 36 before being halted.

In the second period the Porks got to the SMU 34 after intercepting a pass but bogged down. Then came the 50-yard scoring drive.

Hogs Fight Hard
SMU was touchdown bound early in the second period, driving to the

After the game, as the bruised Vicksburg, Mich. players trot to the showers, they are serenaded by the rousing marches of the band, plus the inspired, but tired toots from guard Fred Hunt's trumpet.

SPORTSLANTS

BY SHORTHY SHELburnE

L. W. (Bud) Taylor of Midland is due a lot of credit for his fine work in the Wink-Kermit grid battle Friday night. Taylor was umpire for the tilt.

Points who never have seen Wink and Kermit play a ball game probably can't appreciate the work of the officials as much as those who have seen one of the annual clashes.

Friday's game was more important than any in the history of the affair. The winner was to gain the district crown.

Believe me, brother, every man was out for keeps. The tackling and blocking were the hardest we have seen all season. The game was rough as all get-out.

All the officials had to be on their toes to keep it from getting out of hand.

We didn't detect anything much in the way of fouls on either side. There could have been some slugging down in the line.

All we saw was just hard football. But every player was keyed up and short of temper.

Without the masterful officiating, it could have developed into a wide-open fight.

Taylor worked the Lamesa-Brownfield game in Lamesa before going to Kermit for the night encounter.

We probably saw the Wink Wildcats at their best Friday night. They showed as much offensive power as we have seen from any Class AA school this year. They showed a stout defense.

Now that we have seen them, we will go so far as to say they can annex the regional title and possibly even the state crown.

We can't think of a team in the area that could have topped the Wildcat Friday night.

The Wink backfield, led by 185-pound Bud Rollins, will come close to matching Lubbock's.

Al Smith displayed the same evasiveness, the same accuracy and the same ability as Lubbock's Bobby Brown in passes. Neither threw a bad pass in Friday's game.

Rollins can match Lubbock's Wayne Stroud on the ground. He is fast, has power and is a great broken field runner.

Pat Drumm, a scabback, and hard-running Don Hoskins round out the Wink backfield. And there a few other Wink backs who can give a good account of themselves, including Don Dow.

The Wink line probably couldn't match Odessa's or Lubbock's. It played great ball against Kermit, however.

We estimate the Wink team of this season is on a par, if not better, than the Monahans team which won the State Class A title last season.

In fact, it's on the same order. Monahans had Waldo Young and

Ray Cathey as offensive weapons. Wink had Rollins to match Cathey and Drumm to go where Young went for the lobos.

Wink lost its only game of the season to Andrews, a 19 to 13 tilt. Possibly the Wildcats were having a bad day just like Lubbock had Friday in Odessa.

Any team is likely to have such days. Wink isn't beyond having another but we don't believe it will.

The district title is won now. Everything from here in will be bigger and better for the Wildcats. Those great Wink teams of a few years back could go only to the regional. Now it's to the state title, no less.

The Midland Bulldogs disposed of Big Spring 19 to 0 Thursday night in a game that proved they can win against most any team of their same speed and size.

Every man played his best. The defense was stronger. The pass defense, with Reed Gilmore and L. C. Thomas in top performance, was air tight.

We have heard several fans expressing opinions on a play Gilmore called at one point of the game.

The Bulldogs were in Steer territory with about a foot to go for a first down. Fourth down came up and Gilmore called for a pass.

It was smart quarterbacking when we learn just what was behind the call.

Last week, Coach Tugboat Jones worked out several "check-off" plays to be used against the Steers when they shifted into an eight or nine-man line.

And an eight-man line was what Big Spring was in when Gilmore called the check-off pass play. The receiver was wide open and it would have been a touchdown had the play worked. The passer didn't get the best of protection.

Coach Jones, commenting on the play, said, "I think it was smart quarterbacking. That's exactly what I would have called had I been in Reed Gilmore's shoes."

Chances are the eight-man Big Spring line would have held on a plunge and there was greater chance for a fumble.

Had the pass worked, it would have gained at least 20 yards.

Pups Bop Odessa

The Seventh Grade Bullpups of John M. Cowden Junior High School ended their season with a stunning 20 to 0 victory over an Odessa Junior High eleven at Memorial Stadium Saturday morning.

Jack Harris, a guard, took the opening kickoff and raced 55 yards for the Pups first touchdown. He got nice blocking all the way.

William Brooks, ace of the Bullpup offensive corps, went 40 yards on a pitch-out for the second counter.

Brooks passed to Tommy Johnson on the 10-yard line and Johnson went on from there for the final touchdown. Brooks plunged the point.

The Pups led 6 to 5 in first downs and were within the Odessa 20 yard line five times.

A stout defense kept the Odessa Juniors from threatening seriously.

Lake View Breaks Iraan Win String

IRAAN—The Class A Lake View Chiefs broke Iraan's long undefeated string here Friday by downing the Braves 40 to 12 in a non-conference game.

It was the first defeat of the season for Iraan.

Bud Rollins, Rick Spinks Star In Offensive Circus

By SHORTY SHELBURNE
Reporter-Telegram Sports Editor

WALTON FIELD, KERMIT—The Wink Wildcats, playing football of the highest type and hardest brand, cut loose with all barrels here Friday night to blast the Kermit Yellowjackets 34 to 12 and win the District 5-A title. Wink outclassed the 'Jackets in the last three quarters after both teams had scored quick touchdowns in the first period.

Bud Rollins, the fastest thing in a football suit in West Texas, was the difference in the two teams. Pat Drumm and Don Hoskins matched the work of Kermit's Rick Spinks well while Rollins literally took over as if he owned the Yellowjackets.

The smart and sterling defensive play of Wink's Al Smith helped the Wildcats no little.

The game broke open with a bang. Both clubs had counted TD's with less than three minutes elapsed. However, Kermit missed its point after and never could tie or go ahead after that.

Carman recovers fumble

The opening kickoff went to Kermit and was downed on the Jacket 30. B. Carman recovered a fumble for Wink on the first play from scrimmage.

Rollins ripped off 20 yards to the 15 and Smith hit Drumm in the end zone for the touchdown. Drumm added the point.

Kermit fumbled back like a buzz saw. Jim Carr returned the kickoff 31 yards to the Kermit 41. G. Madison broke through tackle for 24 yards to the 35.

Rick Spinks, flashing the speed and form that has made him a District 5-A scoring leader, shot through the middle on a quickie and sprinted 35 yards to the goal line. The point after was no good.

Things settled down some for the remainder of the first period. Wink drove to the Kermit 10 once but the Yellowjackets held for downs. Carr punted out the 'Jacket 46 as the period ended.

Rollins got into gear along with Hoskins early in the second. Hoskins went 28 yards on a pitchout to the 28. Drumm picked up 9 and Rollins went all the way on a quickie through the middle. Drumm converted.

Kermit fumbled back again in a bid for victory.

Madison recovered a fumble on the Wink 22 to set up the score.

Spinks picked up 23 yards on three plays and Jim Horry added four. A five-yard penalty against Wink put the ball on the one.

Following the kickoff, Carman recovered his second fumble for the Wildcats, this one on the Kermit 33. But the Yellowjackets held tight on the 27 to gain possession of the ball.

A 15-yard penalty put Kermit in the hole. Horry attempted to punt but it was blocked by a host of Wink players on the five.

Smith passed to Drumm for a TD but both sides were off-side, nullifying the score. Rollins plunged across but again a penalty, 15-yards against Wink, erased the score. Smith fumbled a bad pass from center and Kermit recovered on its own 19, killing the Wink scoring chance.

But two plays later Al Smith intercepted a 'Jacket pass on the Kermit 39 and Wink was on the offensive again.

Hoskins moved the ball to the 25 on a powerful run and Rollins got four yards on two carries.

Smith passed to End Denton Wood on the five and Wood went over standing up for the score. Drumm missed his only conversion of the game.

With only seconds remaining, Rick Spinks broke into the clear and raced 70 yards before he was hauled in by Drumm on the Wink 20. Two plays netted only seven yards before the game ended.

The starting lineups:

KERMIT
ENDS—Culvahouse and Smith.
TACKLES—Garrett and Ives.
GUARDS—Almond and Terry.
CENTER—Brown.
BACKS—Horry, Spinks, Hopkins and Carr.
WINK
ENDS—Wood and Bell.
TACKLES—Blackburn and Williams.
GUARDS—McBee and Sanders.
CENTER—Scogin.
BACKS—Smith, Drumm, Hoskins and Rollins.
Substitutes:
KERMIT—Krusc, Garrett, Carlisle, Madison and Moore.
WINK—Armistead, Carman, Dow, Jette and Tidwell.

Abilene Smothers Brownwood 48 To 0

BROWNWOOD — The powerful Abilene Eagles continued their march toward a District 5-AA title here Friday by smothering the Brownwood Lions 48 to 0.

Freddie Martin scored three touchdowns for Abilene. Bill Gushua, Joe Youngblood, Robert Jones and Gene Boyd counted one each. The Eagles scored 27 points in the second quarter.

Scouting Report

Oklahoma Smashes Missouri

COLUMBIA, MO. —(AP)—Oklahoma's methodical football powerhouse bulldozed to its second straight Big Seven Conference football championship Saturday, 27-7 over an undermanned but stubborn Missouri Tiger eleven.

An all-time record Missouri home crowd of 37,152 jammed Memorial Stadium for the battle of the split-T offensive specialists.

Oklahoma rolled to its eighteenth successive victory since losing to Santa Clara in a 1948 opener.

Oklahoma won on sheer power over a Missouri team that refused to crack against the nation's number one team in rushing offense.

Coach Bud Wilkinson's Sooners gained 257 yards rushing and its defense, also tops in the nation, held Missouri to a net total of 45 yards.

Oklahoma broke a scoreless, bruising battle in the second quarter with Halfback Lindell Pearson going over from the three-yard line for his first of two touchdowns in the period.

Ken Tippis kicked the point for Oklahoma. Missouri hurried back to knot the count at 7-7 on little Phil Klein's fourteen-yard pass into the end zone to Fred Hulse.

Johnny Gortoso kicked the point, last of the day for Missouri.

Oklahoma engineered another touchdown before the half ended, and again it was Pearson, this time from the two after a sustained drive of 69 yards.

The Sooners wound up their scoring in the third, Pearson passing seven yards to End Frankie Anderson for six points and Fullback Leon Heath slugging through from four yards out for the other counter. Tippis was good on three of four attempts from placement.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, NOV. 13, 1948-9

Rice Owls March Over A&M Toward Cotton Bowl Date

HOUSTON —(AP)—Two scampering halfbacks and a stout second-half defense gave the Rice Owls a 13 to 0 victory over Texas A&M Saturday before a capacity crowd of 81,000. It was Rice's fourth consecutive Southwest Conference victory in as many starts.

Monahans Lobos Down Crane 12-7

MONAHANS — The Monahans Lobos scored two first-half touchdowns here Friday night and held on to defeat the Golden Cranes from Crane 12 to 7 in a District 5-A game.

Gloyd Walsh plunged from the three-yard line for the first score in the opening quarter, climaxing a 30-yard drive.

Jimmy Jenkins went over from the three in the second period after an 80-yard march by the Lobos.

Neither conversion try was good. Richard Lightfoot scored Crane's touchdown on a plunge in the third quarter. Crane had gained possession of the ball on the Monahans 35 after a punt into the wind traveled almost straight up. Clark Presley kicked the point.

Stanton Buffs Edge Robert Lee 12 To 7

STANTON—The Stanton Buffs kept their hopes for a share of the District 8-B title alive Friday night by whipping the Robert Lee Steers 12 to 7.

Leroy Gibson, Buff fullback, was the big offensive gun. He raced 30-yards for the first score in the first period. Late in the third quarter he crossed from the six after Stanton had completed 6 of 8 passes to eat up 66 yards in a scoring march.

Robert Lee scored late in the fourth quarter.

One try may have as much as 80 gallons of water evaporated from its leaves in a single day.

Army Barely Noses Out Underdog Penn

PHILADELPHIA —(AP)— Army ran its unbeaten string to 19 games Saturday by edging underdog Pennsylvania 14 to 13 in a football melodrama that was settled by Jack Mackmull's unerring placement kicks.

Pennsylvania, bottling up Army's great quarterback, Arnold Galiffa, twice came within bare yards of additional touchdowns.

The throng of 75,000 saw Pennsylvania, expected to lose by three touchdowns to the nation's number two team, score first on a 75-yard drive in the second period with Bob Deuber smashing one yard for the touchdown.

Herb Agos, the big Penn end who played a mighty defensive game, sent try for extra point far wide of the goal posts and this proved to be the deciding factor.

Quakers Fight Hard

Army struck back immediately with a 64-yard march with Jim Cain carrying over from the five. It added its second touchdown in the third period with a 67-yard campaign. Gil Stephenson counting on a two-yard drive. Both times Mackmull kicked the points.

Pennsylvania came back with a 71-yard punt in the first period, and this time it was a nine-yard pass. Francis (Red) Bagnall to Warren Horton, that did it.

Pennsylvania made 23 first downs to 10 for Army, and twice put on drives that folded tragically near the Army goal line.

REAGAN COUNTY OWLS END LOSING STREAK

ELDORADO — The Reagan County Owls ended a long losing streak here Friday by beating the Eldorado Eagles 13 to 6.

Robert Childress counted two touchdowns for the Owls.

FORMER STATE AUDITOR DIES OF HEART AILMENT
PORT WORTH—(P)—The body of Thomas Currie King, 51, Dallas attorney and former state auditor who died here Friday night, was sent to Brownsville, Tenn., Saturday for interment.
 King was found dead beside his car in the parking lot at the Rivercrest Country Club. Justice of the Peace Frank Hurley said he died of a heart ailment.

Basketball Or Wrestling?

Bill Van Breda Kolff of the New York Knickerbockers wrestles with Wah Wah Jones of Indianapolis Olympians in game at Madison Square Garden, New York City. Paul Nook of Knicks stands by as the Olympians won 12-10. With football season not yet over, Eastern cities are turning to professional basketball for their evening sport.

Sul Ross College Wins College Rodeo By Heavy Margin

KINGSVILLE—(P)—Sul Ross State College's rodeo team more than doubled the score of its nearest opponent as it won the National Intercollegiate Rodeo which ended Saturday.
 The Alpha winner amassed a total of 551 points. In second place was Texas A&M with 245. Oklahoma A&M was third with 237, and Texas A&M College was fourth with 177.
 Hard riding Harley May, Sul Ross star, won all-around championship cowboy honors with 254 individual points. To May went the \$2,000 quarter horse put up by the King Ranch for the all-around champion.
 May also won the saddle bronc riding championship, was second in bareback riding, and second in bull riding. He is from Deming, N. M.
 Gene Newman, also of Sul Ross, scored 155 points for second place in individual honors. Thrift was Buddy Regan of Oklahoma A&M with 127.
 Bob Roberts of Oklahoma A&M received a possible concussion in Saturday's competition when the saddle bronc he was riding fell on him.
 Kleberg County Hospital officials said his condition was good, but he would remain in the hospital for Saturday's competition when the saddle bronc he was riding fell on him.

Rankin Falls To Sterling City
STERLING CITY—The Sterling City Eagles clinched a tie for the District 8 Six-Man grid title here Friday by rolling over the Rankin Red Devils 40 to 14.
 Zachery scored both touchdowns for Rankin.

Andrews Runs Over McCamey Badgers

ANDREWS—The potent Andrews Mustangs took another step in District 5-A grid competition here Friday night, running at will through the McCamey Badgers to score a 33 to 0 victory.
 The Mustangs piled up a 20 to 0 halftime lead and added two more touchdowns in the last half.
 Enoch Reid, 150-pound halfback, scored two TD's for the Andrews eleven. He broke around end and scooted 35 yards to the first one. He counted the last one from the nine-yard line late in the third quarter.
 G. I. Madison passed to Bob Summerville, who lateraled to Jack Smith, on a play that covered 50 yards and counted a touchdown late in the first period.
 Jack Smith sliced off tackle into the clear for a brilliant 72-yard run in the second quarter.
 After Reid's third-period score, G. I. Madison circled end for 35 yards and the final Andrews counter. Madison also booted three extra points.
 McCamey was badly outclassed by the powerful Andrews crew which has fought its way along near the top of the district standings all season.

Bulldogs To Open Drills For Lubbock

The Midland Bulldogs, fresh from a 13 to 0 victory over the Big Spring Steers, Monday open drills for their toughest game of the season next Friday night. It'll be the Bulldogs against the number one rated Lubbock Westerners in Memorial Stadium.
 Against such a team as Lubbock, the slower and less experienced Bulldogs must gamble wildly all through the game.
 Coach Tugboat Jones will attack with a defense for the accurate passes of Bobby Brown and the running of Wayne Stroud, Charles Williams and Dale Young.
 The Bulldogs came out of the Big Spring game with the usual number of minor injuries but nothing serious has been reported.
Coker To Return
 Stan Coker, defensive tackle who has been out with a sprained ankle, is expected to return to the lineup in time to see action against the Westerners.
 Al Base, although playing some this week, will be in better shape when he recovers from a very bad cold. He was used sparingly against Big Spring.
 One possible change in the starting lineup may be the insertion of Ralph Brooks in the backfield. He was outstanding against Big Spring, the only game in which he has done much ball carrying.
 Hard drills will be conducted Monday, Tuesday and Wednesday before tapering off Thursday.
 The permanent secretariat building of the United Nations in New York is 544 feet high, 287 feet long and only 72 feet wide.

The permanent home of the United Nations in New York City is expected to be completed by the Fall of 1951.

Cornell, Boston U, Wyoming Pushed Out Of Nation's Unbeaten Grid List

By HAROLD CLAASSEN
NEW YORK—(P)—Notre Dame and Army got the scare of their football lives before winning Saturday but that was nothing compared to what happened to Cornell, Boston University, Wyoming and Michigan State.
 Cornell, Boston U and Wyoming all were pushed from the ranks of the unbeaten while Michigan State, rated one of the nation's best on its showing against Notre Dame, bowed to Oregon State 25 to 20.
 Even with Charlie Justice on the sidelines, an aroused North Carolina eleven held vaunted Notre Dame to a 6 to 6 deadlock before 67,000 cheering fans in the first half. The good thing couldn't last, however, and when Bobby Williams' passes began clicking it was all over. The Irish won their 35th game without a defeat 42 to 6.
 Jack Mackmull personally brought Army its 14 to 13 verdict over a battered Pennsylvania outfit. He converted both touchdowns.
 Dartmouth pushed Cornell out of the unbeaten ranks and also off the top rung in the Ivy League with a 16 to 7 verdict. Cornell got its touchdown at the start of the game, then apparently tucked its offense away for use on Thanksgiving Day when Penn is the foe. The Quakers now lead the league with Dartmouth and Cornell tied for second.
Oklahoma Rolls On
 Maryland, beaten only by Michigan State, burst Boston U's bubble 14 to 13, and Wyoming was manhandled by Baylor 32 to 7. Both were inter-sectional contests with the victims suffering their first losses of the year.
 Oklahoma, rated No. 3 in The AP's weekly poll, won the Big Seven crown and its eighteenth straight game by crushing Missouri 27 to 7 before the largest crowd ever to see a game in the Missouri Pit.
 A blazing Yale last-half drive fell short and Princeton won its third straight Big Three championship. The score was 21 to 13. Meanwhile Harvard, Yale's remaining foe, lost to Brown 28 to 14. It was the seventh defeat for Harvard—the poorest record in almost 75 years for the Crimson.

Ohio State trounced Illinois 30 to 17 and set up the Big Ten title and possibly the Rose Bowl nomination as the prize for next week's tussle with Michigan. The Wolverines trounced Indiana 20 to 7 to stay on top with the Buckeyes.
 Other games saw Minnesota dump Pittsburgh 24 to 7, Purdue valley Marquette 41 to 7 and Northwestern spill Colgate 39 to 20 in non-conference affairs. Wisconsin bashed Iowa 35 to 13 in a game that had a vague Rose Bowl tinge.
 There was little up for decision.

California Wins No. 5
 California and Oregon, who shared the Pacific Coast crown a year ago, mixed before 78,000 and the Golden Bears annexed their ninth straight this season, 41 to 14. That all but clinched a Rose Bowl spot for the Californians.
 A trio of inter-sectional games all brought surprising results. New Mexico polished off Colorado of the Big Seven 17 to 15; Georgetown traveled to Denver for a 28 to 13 win, and Tulsa clipped San Francisco 19 to 6.
 In the Southwest Circuit, Doak Walker brought Southern Methodist a 34 to 0 victory over Arkansas but Froggie Williams and his Rice playmates kept on top in the league race with a 13 to 0 victory over Texas A&M. Texas Christian spilled Texas 14 to 13.

McCamey Will Seek Formation Of New Class B Conference

MCCAMEY—The McCamey School Board has approved a plan through which McCamey High School would drop to Class B sports competition. A discussion of the proposed change was held at the last regular meeting.
 McCamey now has 155 students enrolled in high school. The number which makes it mandatory for a school to go to Class A is 200.
 Supt. Howard Stoker was instructed by the board to contact school officials in Crane, Iranan, Fort Stockton, Big Lake and Rankin concerning the possible formation of a Class B football conference including those schools and McCamey.
 It is believed McCamey may request entry into some other nearby Class B conference if these schools are not in favor of forming a new district.
 At the same meeting it was announced tickets and hotel reservations have been obtained for the McCamey football team in Fort Worth, where it will go for the TCU-SMU grid clash November 26. Police Chief P. D. Belcher and the Police Department were given a vote of thanks for assistance in handling traffic at football games.

Walker Nominated For Sullivan Award

DALLAS—(P)—The Southwestern AAU has nominated Doak Walker, Southern Methodist University's football great, for the 1949 Sullivan award.
 It is the second year for the Southwestern AAU to place his name in the running for one of sport's top honors—an award that goes annually to the outstanding amateur athlete in the nation from the National Amateur Athletic Union.
 Bob Mathias, youthful Olympic decathlon champion, was the award winner last year.

The Styline De Luxe Sport Coupe

Only one low-priced car brings you all these **EXTRA VALUES**

... and it's the **LOWEST PRICED LINE IN ITS FIELD!**

Longer, Heavier, with Wider Tread. It looks like it... it rides like it... it is the BIG car in the low-price field! With its extra size Chevrolet gives you more riding-comfort, road-steadiness and safety—more car for your money! It's an extra value exclusively yours at lowest cost in Chevrolet!

Center-Point Steering
 Steering control is centered between the wheels to give you amazing new ease and sureness of control with minimum driver fatigue and road shock. Center-Point Steering is another important extra value exclusively yours at lowest cost in Chevrolet!

World's Champion Valve-in-Head Engine
 The trend's all to valve-in-head design for more efficient and economical high-compression engines. But Chevrolet's proved and extra-efficient engine is the only valve-in-head engine in its field... an extra value exclusively yours at lowest cost in Chevrolet!

Curved Windshield with Panoramic Visibility
 That large windshield sweeps back to narrower corner posts to provide a safer view ahead and at the sides. Alone in its field, Chevrolet has the functional beauty of a curved windshield—another extra value exclusively yours at lowest cost in Chevrolet!

Fisher Body Styling and Luxury
 Long, low lines... smooth, graceful curves... extra conveniences like Push-Button Door Handles... super-size interiors with "Five-Foot Seats"... this superbly styled Body by Fisher is an extra value exclusively yours at lowest cost in Chevrolet!

Fisher Unisteel Body Construction
 Slam the door and hear the difference! That solid, muffled thud speaks of steel welded to steel all around you. Fisher Unisteel Construction brings you unsurpassed solidity, quietness and safety—an extra value exclusively yours at lowest cost in Chevrolet!

5-inch Wide-Base Rims, Plus Low-Pressure Tires
 You get the widest rims in the low-price field—plus extra low-pressure tires as standard equipment on all models. And that's another reason for the extra smoothness, softness and stability of the Chevrolet ride... another extra value exclusively yours at lowest cost in Chevrolet!

Certi-Safe Hydraulic Brakes
 Chevrolet's exclusive brake design is more outstanding than ever for swifter, safer stops. And new Dabi-Life, rivetless brake linings last up to twice as long. Extra safety and extra economy are in this extra value exclusively yours at lowest cost in Chevrolet!

Thanksgiving

THIS MONTH WE CELEBRATE a day inaugurated by our forefathers to give thanks for the harvest, wrested from a hostile land at the sweat of their brows and often the risk of their lives.

We in the insurance business know of thanksgiving days which come to some every day in the year. They are the people who, with worldly possessions damaged or destroyed, have been saved from financial loss or even ruin by the blessing of insurance.

They are the frugal people who have had the foresight to guard themselves against the hostile elements and the other hazards which threaten our daily existence, against which our forefathers fought and had no such protection.

Yes, we have many things to be thankful for in this great country of ours — and one of them is the institution of insurance.

MANY NEW HOMES IN
PARKLEA PLACE
Located West of The Indian Ball Park
The public has been waiting five years for this addition to be developed.
Ten new FHA and GI homes have already been built and sold to the public on 100% GI basis and less than \$1000.00 down payment on a FHA basis. Some 37 homes are to be started immediately, 10 of which will be completed within the next 45 days.
We suggest that if you are interested in buying one of these homes that you drive out and see for yourself the kind of home you can buy with a very small down payment.
The purchaser has the privilege of choosing their location and the privilege of selecting their own color scheme and linoleum patterns.
For your home with a small down payment and decorated according to your ideas, drive out today and look this sub-division over. Field office is located on the premises.

Each night the workers will meet at 8 p.m. in the Educational Building and a dinner will be served then by circle members of the Woman's Society of Christian Service.

Ice Cream With No Screams

Your ice cream man soon may be equipped with an ultra-modern tri-cycle delivery wagon, such as this plastic-top model exhibited recently at a dairy show in London. The vehicle was designed to eliminate customer complaints about dirty ice cream sold in London streets.

SHOPPING 'ROUND TOWN with BARBARA

Serene Elegance—

Your Thanksgiving table will glow in serene elegance if you set it with the richly textured, delicately beautiful china from KRUGER'S. This china combines individuality with superb quality. You'll find Rosenthal, Winfield, Lenise, Haviland, Lenox, Castleton and French Limoge. The lovely lustre and delicacy of this exquisite china belies its durability which pledges years of service and true elegance. See all the gorgeous patterns and choose for your own the one that pleases you most.

Thanksgiving Flowers—

Choose your Thanksgiving bouquet from BUDDY'S FLOWERS. They always have fresh, happy flowers, Chrysanthemums, the traditional Thanksgiving flower, are available in delightful arrangements. Send flowers to your friends on Thanksgiving with a personal message on the card that accompanies them. Buddy's Flowers is an authorized F.T.D. florist and prepared to send flowers by wire anywhere. Flowers by wire can brighten someone's lonely Thanksgiving. Send them to your hostess. It's the nicest way to say "Thank you." Call 466.

"Bath of Beauty"—

When you feel tired, worn out from a busy social season, overworked or rundown, try the famous "Bath of Beauty" featured by THE AMERICAN BEAUTY AND SLENDERING SALON, 407 West Wall. Relax in a vapor bath that relieves the body of poisons by opening the pores. This is followed by an invigorating shower, then a toning of the muscles by massage. The massage is accomplished through electric or hand manipulations. This treatment has been recommended for persons suffering from arthritis and skin problems. Nervous people also find great relief through this treatment.

Pays For Itself—

Think of the stunning wardrobe you can have when you own a Singer Sewing Machine. Leisure moments can be fascinating fun and a Singer Sewing Machine pays for itself in savings. Designed not just to sew, but to sew beautifully, surely, easily—a Singer is easy to use, has wide range of speeds, non-glare sewing light, quick threading and tension indicator. It saves basting, sews right over pins. SINGER SEWING CENTERS has many models in period or modern design. In desk or cabinet style. There are notions to help make your sewing "professional looking."

All The Traditional Thanksgiving Dishes—

Make this the most exciting Thanksgiving you've ever had. Celebrate with a feast at THE MANHATTAN RESTAURANT. The chefs have planned a feast to delight everyone, with all the traditional Thanksgiving dishes. Take your friends and family there for an unforgettable, delicious dinner before the ball game. Such a dinner surely puts you in the big game. You'll enjoy ordering your holiday dinner from their attractively illustrated menus.

To Complement Your Decor—

Let your light fixtures complement your decor by harmonizing in color and design. WEST ELECTRIC COMPANY, Andrews Highway, has a varied selection with any style you might prefer. There are fixtures to harmonize with any architectural design, either period or modern. Large overhead lights that fit close to the ceiling, casting softly diffused light over the rooms, and pin-up lights that are decorative as well as practical. Swinging type fixtures blend with your colonial or ranch-type decor. You'll find any type incandescent lighting for residential purposes.

Cash In A Hurry—

A friend in need, MIDWEST INVESTMENT COMPANY, is a friend indeed if you need cash in a hurry it's thrifty to get your money there. Personal loans are made quickly and courteously. You pay it back on easy terms. It's cents-able to borrow when you're in a strain. Every transaction is handled in strictest confidence. Don't be embarrassed by lack of cash when you can arrange for a confidential loan this easy way. See Midwest Investment Company, 207 East Texas, telephone 899.

For That Special Gift—

A beautiful satin, electric comfort would be a gift for which the receiver would have occasion to thank you many times. These colorful satin comforts, featured by MAYES ELECTRIC COMPANY, 1013 North Lavigne, provide soothing warmth and luxurious sleep. They are designed by Westinghouse and can be safely dry cleaned by removing the satin cover. Mayes Electric Company also features decorated wrought iron for walkways, rails and posts to give your yard a friendly, homey appearance.

Takes An Encore—

A festive finale to your Thanksgiving dinner is a holiday-inspired mould of flavorful ice cream. Order appealing, creamy fantasy from BANNER CREAMERY and take the bowl for it later. Top off your feast with Cherry Festival, a specialty featured now by Banner Creamery. Ice cream is looked forward to as much as turkey and the other holiday fixins. Have a supply for second helpings for that rich, wholesome ice cream always takes an encore. Three kinds of cherry ice cream are available, mint cherry, subonnet and red cherry.

Your Choice Of Electrical Appliances—

See the Warring Blender at PHILLIPS ELECTRIC COMPANY, 177 West Wall, for your choice of electrical appliances for your home. It's a liquidator and a mixer. It solves the problem of left-overs—makes baby foods, chops, grates, blends, mixes, stirs, whips, blends, whips, and liquidizes in seconds. It does jobs no other appliance can do. It's easy to use, easy to clean—beautifully designed to save work and time.

Child Development—

PROGRESSIVE TIN TOT ART SCHOOL does not aim to develop artists but to help children, when they have enough experience in the creative arts under proper supervision they have an excellent foundation for a career in any of the fine arts, including painting, drawing, modeling, sculpture, etc. Creative arts are used to help us understand children, their needs and desires and to help them understand themselves and grow up with an inner feeling of satisfaction coming from self-realization. Call 798. Mrs. W. M. Thompson, B.S. degree, first grade, kindergarten and nursery school.

Heading For Holiday Excitement—

Holiday headlines that will make news over and over again through all your dress-up occasions, are featured at COLBERT'S MILLINERY DEPARTMENT. Elegant hat creations in beaver felt, velvet and vicuña are sprinkled with stardust—frosted with feathers and designed to make you lovelier with a smart headstart for the holiday season. Tiny head-bugging creations are featured in luscious pastels of pink, gold and white, priced \$3.95, \$5.00 and up.

Hospitality Gifts—

Those exquisite sachets at PALACE DRUG would be delightful gifts to remember your many friends with. Hospitality gifts are featured in dainty pastel satin covers to tuck among lingerie or pin to clothes hangers. Fragrances include rose, lavender and Hesperay Gardens. Your friends will be delighted with them and you'll want a supply for yourself. Include them on your Christmas shopping list but hurry before they're all gone.

Artists' Supplies And Gifts—

Whatever hobby, craft or art you pursue, you'll find the necessary supplies at R. M. METCALF, INC., 321 North Colorado. Oil paints, pastels, crayons, brushes, canvas and canvas boards are featured. For crafts and hobbies, Prang's textile paints and DEX-All are available. With DEX-All you can paint pottery, china, glassware, porcelain and metal. It is especially adapted to making Christmas decorations. Paint those odd plates, bottles and jars for fine gifts or decorative objects. Woodburning and woodcarving sets would make welcomed gifts for the artistic people on your list.

The Best Gift Of All—

The "favorites" on your gift list will treasure a portrait of you that lasts the year. Call MIDLAND STUDIO, telephone 1003, and make your appointment for a sitting. Have your portrait in time for Christmas wrapping. Add a personal touch to your Christmas Greeting Cards by having them made from your favorite snapshots. Take your negative to Midland Studio, select the design and they'll do the rest. Your friends will appreciate these personalized greeting cards.

Double Duty Walls—

Lack of storage space is a common problem, but A. L. CAFFEY has the answer—built-in storage units. You can utilize wall space with drawers for blankets, sheets and towels. These can be built in the bathroom or living room. All the miscellany of the household can be stored in a certain cabinet. Mr. Caffey specializes in custom built kitchens. He will help you plan a kitchen to fit your particular needs with built-in provisions for your appliances. Charm and friendliness are expressed in fine wood, so have your kitchen cabinets built to your order. Call 3255-J.

Extra Clean Washing Performance—

Thinking of buying a new washing machine? See the grand new Maytag, featured at COX APPLIANCE, 615 West Wall. You'll especially like the extra fast, extra clean washing performance of Maytag's famous Gyraform action—and the way clothes dry so much faster because so much water is taken out by Maytag's exclusive Roller Water Remover. You'll get a lot of satisfaction out of Maytag's all-around excellence and complete dependability.

Handmade Gifts Most Appreciated—

The young bride on your list will be delighted with a gift from FRIBERG'S GIFT SHOP, 1507 North Big Spring. You'll enjoy browsing there and selecting gifts for your friends. There are handmade items that are exquisite in detailing. Handmade bath sets, gorgeously designed, luncheon sets elaborately worked, pillow cases and towels. Small items, such as potholder sets and tea towels would be just the gifts for your friends. There are also vases, Mexican chili bowls, bakeware and figurines that would be treasured by the homemaker.

Fashion-Right Styles And Colors—

Fashion follows through—with your home as the background for you, to complement your sense of style in all things. Smart women of Midland are investigating the lovely carpets featured at PERMIAN CARPETS, 308 North Main. There's never been such a selection in fashion-right colors and styles. Karastun, Frisette, a hard twist weave, beautiful and serviceable, and Artloom. This is featured in many gorgeous designs, floral, scroll and solid colors.

Catering To The Crib Crowd—

Is heavy washing and ironing taking the joy out of life with Baby? Modern mothers are taking advantage of the diaper service offered by DAINTY DIDY SERVICE. Just call 1727 and they'll pick up and deliver. You'll know the diapers are completely sterilized and immaculately clean. The service is efficient and prompt. Don't wear yourself out washing when you can have this advantage. You'll have more time

Your Holiday Hair-Do—

You want your new hair style to be attractive, adaptable—just the sort required by this season's exciting fashions—yet the sort skilled operators at POSTER'S BEAUTY SHOP, excel in. Be ready for the gay whirl of the holiday season—call 3460 and make your appointment. Let Poster's Beauty Shop, 505 North Main, style your hair in an easy-to-care-for manner. Be sure to see their gorgeous costume jewelry, to brighten up your winter suits. Select ideal Christmas gifts in costume pins, necklaces, bracelets and earrings.

For The Original-Minded Decorator—

If your home is decorated in the modern theme you'll be delighted with a pair of those ultra modern, custom made lamps at GATES CABINET SHOP. They are specially designed to complement your modern furniture. Have them designed from oak, mahogany or walnut. The base of the lamp is of wood which encloses a block of glass. The light from the lamp is caught in the glass creating an unusual effect. You can have coffee tables, end tables, radio and record cabinets and bookcases custom built from your choice of fine wood.

Gifts For Smokers—

You'll be sitting pretty if you light Santa with the famous-painted cigarette lighters, featured at CAMERON'S. Put your shopping plans into action and choose from the handsome precision built lighters in silver or gold—table or pocket models. There are Ronson, A.S.R., Evans and Ripstip Lite. Anyone would love the gracefully styled silver or gold plated table lighters and the pocket lighters will serve your loved ones well—adding to their smoking pleasure.

Kitchen Fresh—

Surprise your friends and family this Thanksgiving by serving them that ever-welcomed treat—delicious homemade candy. Get it fresh from the candy kitchen at the Colony Restaurant. DEB BARBERIE'S HOMEMADE CANDY is made from pure cream. All your favorites are there for your selection—creamy, rich fudge, caramels, and brittle. Get a supply for the holidays and to give for Christmas.

Her Gift—Charming Novel—

Among the beautiful gift packages by Dorothy Perkins featured at DUNLAP'S, is this cute little "Lady of the Bath," a colorful pearlescent plastic figurine packed full of fragrant, water-softening bath salts. Wonderfully re-usable, the figurine may be used for dressing table or bathroom. It is gift packaged. Choose now for your own use and your gift list, from these novel, attractive figurines will make delightful Christmas gifts.

Hobby House—Opening Soon—

Have you had difficulty pursuing your favorite hobby because you were unable to find the necessary supplies? You'll be happy to learn about the HOBBY HOUSE, opening soon at 405 West Wall. Botany and Beret knitting yarns will be featured. Rug yarns and rug kits will be available with patterns and yarn to make the designs. All you'll need is the yarn for the background. Susan Bates knitting needles will be among other supplies. For leather craft, a stock of fine leather will be featured. Watch for the opening soon.

For A Carefree Holiday—

Your best linens will be on exhibition during the holiday season. Take your clothes to MIDLAND WASHATERIA, 315 South Main, and wash them in a modern machine with plenty of soft hot water and steam. They'll come out sparkling clean. Many housewives have discovered this easy wash way that eliminates drudgery. Get set for a carefree holiday by washing all your soiled clothes and linens this convenient way. For a few cents rent a machine and do your whole wash in an hour or less.

For Your Holiday Feast—

Your Thanksgiving feast won't be complete unless you serve delicious barbecued ham. Get your traditional holiday ham already prepared from CECEL KING'S, 418 West Texas, Call 3229 and put in your order tomorrow. The fame of Cecil King's specially barbecued hams has spread far. You'll want to get your name on the list, so hurry and call in your order. You'll be delighted with the superb flavor due to the special process of barbecuing.

In The Grip Of Winter—

What the poets write about Winter is one thing! What it calls for in preparation is another. Don't be a poetic dreamer—face the fact that you need a reliable automatic heating system. Enjoy secure comfort of a modern General-Electric Furnace, featured by THE FITZGERALD COMPANY, 104 South Colorado. The G-E Furnace is a cast iron unit, completely assembled and ready to install. Clean, complete and efficient combustion is accomplished through use of raised port atmospheric burners.

New Light—New Charm—

A new light fixture can add new charm to a room. Why not brighten up the house for the holiday season by adding new fixtures from BURTON ELECTRIC COMPANY, 308-A South Main? There is a tremendous selection by Littel. Fixtures can be decorative as well as practical. Burton Electric Company has them in period or modern design for every lighting purpose. Large overhead fixtures, pin-up lights, Colonial or Western

Store All Surplus—

You can entrust those valuable Christmas gifts and wedding gifts to ROCKY FORD'S bonded warehouse. Get ready for the holidays by storing all surplus. Their storage facilities are safe and reliable and their Berlioz Moth-Proofing Service protects from moths. If you are planning a move, whether across the street, or across the nation, Rocky Ford's spacious vans will move your most treasured possessions without damage. Call 400.

Collectors' Gift Items—

Beautiful figurines are the center of attraction wherever they stand. ANN'S ANTIQUE SHOPPE AND ART GALLERY, 1006 West Wall, is featuring Dresden figurines—lovely ladies in colorful gowns. These would make treasured gifts. A miniature piano of ebony is a real music box with a charming melody, a superb gift, astonishing in every exquisite detail. Other items include a goldleaf French console, a complete set of Warwick china with service for eight, wine sets of 22 carat gold overlay, Sterling silver desk sets and a banjo clock.

A New Approach—

If you want your yard to be pretty as a picture, select fresh, first quality foliage from the fine stock of evergreen shrubs at WALKER'S NURSERY, on Andrews Highway. Your lawn is noticeably improved by passing shrubs. If you want it to do justice to your home, landscaping is to a house what a frame is to a fine painting. Your landscaping problems are made easy when you consult Walker's Nursery. They have fine, fast growing shrubs. Call 3010 for orders.

Your Thanksgiving Feast—

Take the family to the RENDEZVOUS for the greatest Thanksgiving feast ever! Every one of the traditional goodies of this wonderful holiday is included on the menu—from soup to a grand turkey. You'll enjoy the home type cooking—their most efficient service. Plan for a truly memorable Thanksgiving lunch or dinner in the attractive surroundings and congenial atmosphere of the Rendezvous. This is a wonderful holiday treat you won't want to miss.

Practical, Time-Saving Gifts—

Santa is chuckling over the delightful surprises in store for everyone. For the most thrilling and practical gifts this year, give exciting, time saving electrical appliances. See the modern electrical miracles in waffle irons, toasters, grills, mixers, coffee makers and other appliances for every household use, displayed at WESTERN APPLIANCE, 210 North Colorado. These are gifts the entire family will appreciate. Make your selection early while there is a complete stock to choose from.

A Flair For Travel—

Whether you're driving around town or across country, there's great satisfaction in knowing your car upholstery is protected with seat covers of Suskana Saran. Saran seat covers have a flair for travel—and for coming home bright as ever! Saran is immune to hard wear, staining or soiling. A whiff of a damp cloth cleans it and those sparkling colors won't fade or become dull, because they're built in. See MILLER BROTHERS TRIM SHOP, 114 East Wall (rear). Choose your seat covers from their broad selection of smart patterns and colors. Golden Bullfighter Plaid is a brilliant new pattern and there are the more conservative checks.

A Priceless Gift—

All your friends want your photograph—school friends, business friends, social friends—and, of course, your family will cherish a good portrait of you. Act immediately—have it made now. Remember they make priceless gifts. FRANK MILLER STUDIO will make a portrait that is you at your best, one that captures the pleasing qualities of your personality. Call 677 and have it taken now and avoid the Christmas rush. You'll take a better picture if you're not tired out from rushing around.

Warmth That Pleases—

Does your house "shiver its timbers" in cold weather? You needn't fear Old Man Winter's blasts if your home has the proper heating facilities. Let ALVIN SILBERT HEATING CO., 2301 West Wall, help you with your heating problems. Enjoy warmth that pleases with automatic heat. G-E Payne and Mueller Heating Systems are the last word in comfort and dependability. They can be placed anywhere in your home and will warm comfortably every room in the house with evenly distributed warm air.

Mirrors Enhance Your Decor—

Winter evenings at home are more pleasant when your living room is cozily and attractively decorated. A beautiful mirror over your mantle adds charm to your room. Mirrors lend beauty to your home that is always in fashion. Mirror-paneled walls and doors double the effect of your decorative scheme. In the dining room let mirrors enhance your decor and form a backdrop for your fine silver and china. Let MID-WEST GLASS AND PAINT COMPANY, 315 South Mainfield, show you their varied selection of mirrors.

Get Off The Sideline—

We are fast becoming a nation of spectators—watching from the sidelines, while a few champions perform. Though shocked by the number of 4-F's in the last war, we quickly forget it's more important to play poorly than not at all. Bowling at PALMER PALACE provides a pleasant pastime and a healthful sport for all ages. Remember people don't stop playing because they grow old—they

Colbert's
IS READY
FOR

Christmas WITH A
"TREASURE-HOUSE" of the
MOST BEAUTIFUL GIFTS YOU'VE EVER SEEN!

But DO lay-away early.

Yes, DO... we URGE you, DO shop early and lay-away at Colbert's... You'll be ever-so-glad you did.

Your shopping tour at Colbert's will be a thrilling and delightful experience... We have searched the fashion markets of the world to bring you the most beautiful... the most fabulously exquisite creations available.

Early Colbert's shoppers will be rewarded by choosing from a most complete stock.

Early Colbert's shoppers will be afforded a most complete variety of the very latest fashions... the most important fashions in a complete array of sizes and colors.

But, DO, DO, DO shop early and lay-away at Colbert's.

Mail and phone orders given special attention. If it isn't convenient to shop personally, let us know your wishes and we'll be glad to select for you, subject to your approval.

ROBES So right for Christmas giving... and we have any number she'll love and wear with pride.

SUITS The very latest, the most desirable, the very important styles of suits are yours at Colbert's.

COATS Colbert's are famous for coats. We have a most complete collection of the most wanted styles and fabrics.

DRESSES If "She" has not hinted that she wants a Colbert dress, choose one anyway. She'll be thrilled beyond words.

A SMALL DEPOSIT HOLDS YOUR GIFT 'til CHRISTMAS

BLOUSES Always a welcomed gift. We have styles to match or mix. See them soon.

SWEATERS Colbert's sweaters are famous for their color, their quality and style.

LINGERIE We indeed have a collection of beautiful and dainty lingerie comparable to any available in Texas.

FOOTWEAR The most famous brands. In a complete array of styles and sizes.

GLOVES The answer to your Christmas-giving-question. Lay-away now for Christmas giving.

Undersized, Barefoot Cigarette Girl Symbol Of Child Delinquency In Spain

BARCELONA, SPAIN.—(NEA)—Eight-year-old Juanita, an undersized and wimpy little girl, sidled up to the cafe terraces on the Ramblas, Barcelona's equivalent of the Paris boulevards.

She was selling American cigarettes—two packs in an old cigar box—and she also was willing to talk. But before she could say much more than that she was "alone in the world," the man who was obviously her boss sauntered by and socked her for spending so much time talking on sale.

Juanita shrugged her thin shoulders, murmured "adios," and walked away to join the rest of the ragged, undernourished and barefoot children who roam the streets of Barcelona—and the rest of Spain—looking for an "extranjero," a foreigner. Appear Like Magic

Spain's Juanitas are one of the first sights that greets a visitor.

Youngsters without homes find haven in organizations like this, run mostly by religious groups, to combat juvenile delinquency in Spain. Actual delinquents, however, are sent home on probation wherever possible.

Probation for delinquents often means going home to a haven like this one on the outskirts of Madrid.

They appear like magic when a foreigner turns up, and either beg for pennies or try to sell American cigarettes. And the only Spaniards who seem to object to the children

Chickens And Turkeys Don't Like Spud Diet

DAVIS, CALIF.—(AP)—Experiments here have dashed hopes that surplus potatoes could be used to fatten the large western turkey and chicken crops.

Potatoes, both raw and dried, have been fed to gobblers and chickens in extended experiments at the University of California College of Agriculture here. But the birds don't respond, reports poultry expert Frank Kratzer.

The trials were based on a tip from Europe, where potatoes sometimes are fed to chickens.

are the decrepit old men, who rush to open the door of your taxi, also in the hope of a few pennies.

They are the children who give poverty-stricken Spain a grave problem in juvenile delinquency. There are no figures on the children of the streets, or on those being taken care of by various welfare agencies. Statistics are one of the most difficult things to obtain in Spain.

Officials blame the post-Civil War increase of delinquency on a tremendous shift of population from poor rural districts to the cities, plus an acute housing shortage and a large number of broken families in a country where divorce used to be unknown among the working classes.

Today, every city and large town has an organization for the "protection of minors" as well as a child's welfare center and a children's tribunal. These are run by psychiatrists, doctors and trained social workers, who have to battle ignorance, superstition, insufficient probation staffs, and an inherent tendency on the part of adults to evade rules and regulations.

Five On Staff

Senorita Rosario Rodriguez, who heads the "protection of minors" organization in Madrid, has five workers on her staff to cover a population of 1,800,000, plus volunteers from church relief groups.

Their work is to try to stamp out exploitation of youngsters like Juanita, a job complicated by emigrating peasants who have flocked to cities where there is not enough work for qualified labor.

"They get odd jobs here and there," explains Senorita Rodriguez, "but they are not entitled to unemployment benefits, and in the intervals they starve. The children are left to shift for themselves. The most frequent charges against boys are stealing and begging—usually to buy something to eat and then go to the movies or a football game. Girls generally are arraigned for immorality."

Despite the attempts to re-educate delinquent youth in the welfare organizations, there is nothing of a permanent nature, such as Boys' Town in America. Whenever possible, children are returned to their parents under probation—a probation which often means going back to a family living in caves and hovels on the edge of a city.

Midland Stores To Distribute Tickets For Treasure Hunt

Tickets for the Treasure Hunt being sponsored by most retail stores in connection with the opening of Midland's Christmas shopping season, Tuesday, November 29, will be available for distribution starting Wednesday, Delbert Downing, Chamber of Commerce manager, announced Saturday.

The Treasure Hunt will open with the unveiling of downtown store windows at 6 p.m. November 29. Numbers will be placed in front of prizes displayed in the various store windows, and it will be up to the ticket holders to match ticket numbers with the prize numbers. Lucky ticket holders will have until the following Saturday to claim their gifts.

The tickets will be distributed free of charge or obligation by the stores and business firms participating in the Treasure Hunt, Downing stated.

The hunt last year was a popular feature of the Christmas opening event.

Pupils Appear In Armistice Program

An Armistice Day program was presented by children of the Latin American School Thursday, directed by the teachers and Mrs. Lucy Mashburn, principal.

A flag drill opened the program, and Manuel Munoz led in the pledge of allegiance. Socorro Reyes told briefly the history of Armistice Day. The group sang "America" and a group of songs which were popular during World War I.

Bath May Be Costly To Florida Resident

DAYTONA BEACH, FLA.—(AP)—A hot bath may cost Fred Dinsel-koen \$800.

He hid \$800 in an envelope in the water heater at his home while he went fishing. Back from the fishing trip, he hit the heater to take a bath. A few minutes later, he recalled hiding the money. He opened the heater and found only charred remains of the currency.

A bank advised him to send the remains to the U. S. Treasury in Washington. Bank officials said government experts might rule in his favor and send him new bills to replace the charred fragments.

Willie Anderson won three consecutive U. S. Open golf championships in 1903, 1904 and 1905, a mark never equaled.

"BUT IT CANNOT BE FOUND IN THE BIBLE" !!!

It is not the question "Can It be Found in The Bible?" but the fact "It Cannot be Found in The Bible" that causes indignation by men who fail to find their peculiar faith there. It is then that they seek to discredit the Bible as an inadequate "rule of faith."

But the Bible is complete. Check to see. 2 Tim. 2:16-17 show the Scriptures to be profitable "for doctrine, for reproof, for correction, for instruction in righteousness; That the man of God may be perfect, thoroughly furnished to all good works." They contain "all things that pertain to life and godliness, 2 Pet. 1.3, and "were once delivered to the saints." Jude 3. Hence the message came from God, not from the church, and is a finished product and not a matter of continuous revelation in later dreams, visions or church traditions.

But our Catholic friends would have you believe that Christianity began without the word of God, else they deny that the Bible is the word of God. In this paper last Sunday they stated plainly, "Christianity did not begin with the Bible." But the word of God is the "seed of the kingdom." Lk. 8:11, and that is what we have in the Bible. It is true that the New Testament, God's Word through Christ was not placed in book form till later, that the church had its beginning in the day of the spoken word, as men "spoke from God, being moved by the Holy Spirit." In the presence of inspired men there was no need for an inspired book, but since the apostles could not be everywhere nor live always they wrote the message for our guidance. The inspired word they spoke is the same inspired word they wrote, and it came from God, not from church tradition. 2 Thess. 2:15 shows the oral and written teaching to be the same. The difference is not in what these inspired men spoke and in what they wrote, but the difference is in what they spoke and wrote from God and in the doctrines of men which came by tradition, dreams and visions. Thus we have in the Bible what God spoke thru Christ and given by guidance of the Holy Spirit. To deny this is to deny that the Bible is the word of God.

And as to Eph. 4:4-5, it is agreed that we should have unity. But religious division does not come from the rule of faith given by Christ. He prayed that we might be one and the apostles preached that we must be one. John 17:21; 1 Cor. 1:10; Phil. 2:16. "Let us walk by the same rule—". We are not divided over what the Bible says, but over what it does not say to customs, traditions, manuals, disciplines, rules, dreams, and so-called continuous revelations to guide them in some different or peculiar faith. So then, let us be guided by the Bible, the word of God and not by the speculations, judgments and interpretations of men. 1 Pet. 4:11.

Why not investigate the church as revealed in the New Testament. It is neither Catholic, or Protestant as the world counts such, but really is both catholic (that is, world-wide) and protestant (that is, protesting all errors in all religion). It is the church that Christ built, Matt. 16:18. It wears his name, Acts 4:12, and continues by His teaching, not by human tradition. Seed always produces after its kind. God's word is the seed and will make nothing but Christians, members of Christ's church. Visit a congregation at North A and Tennessee in Midland. Address any correspondence to Box 292.

Hasty Arrest Gets Suspect Freedom

WASHINGTON.—(AP)—Detectives in a cruiser car saw a known numbers operator on the sidewalk with a paper bag in his hand. They told him to "come over here" and asked him what he had in the bag.

"You know what I got," the man replied. "I got numbers slips."

The officers arrested him—but Judge Thomas D. Quinn set him free. He held that the man was under arrest the moment the officers called him over—and that at that time they did not have evidence of a misdemeanor.

Ideas For Headboards

By MARJORIE SCILKEN NEA Staff Writer

Slipcovered Board

One of the simplest headboards is made of a plywood frame cut to the width of the bed which is padded and slipcovered with a gay cotton fabric.

The cotton padding is held in place over the front of the plywood board by muslin stretched over it, then tacked to the back of the headboard.

To make the slip cover, cut material to fit plywood frame, allowing an extra inch at sides and top. Allow for the thickness of the

plywood board by cutting a separate strip two inches wider than the width of the board.

For perfect fit, pin the material smooth and shape it directly on the padded headboard as the homemaker does, inset. The binding is pinned between the front and the back of the material to form a width of about 1 1/8 inch all around.

When pinning operation is finished remove slip cover and seam-up. Then slip it over the padded headboard, picture, right, and tack below bedline. It can be removed for washing.

Simulated Canopy

Another headboard treatment that will glamorize an ordinary mattress-and-spring is to rig up a simulated canopy which, as shown left, duplicates glass window curtains and over-drapes. This can be handled as inexpensively as curtaining a window.

The wall behind the mattress-spring is treated like a window. Glass curtains are hung from the

molding above, gathered tautly by a rod run through the lower hem and secured to the baseboard line behind the bed. Bright chintz urapes are pinch-pleated and hung on either side. A chintz valance that may be tacked to a plywood board or hung free, finishes off this window treatment.

If the gay chintz pattern is repeated in the bedspread ruffle, the high-fashioned bed will look decorator-finished.

Studio-Style Decor

An easy - to - make headboard treatment will turn a studio-style mattress-and-spring into a Chinese decorated sofa at the cost of a few pennies.

Handyman husband can make a head, foot and backboard for the mattress out of plywood, which is painted to pick up one of the colors of the room.

Bright-colored, enamel-finished, adhesive-backed tape, bought at

the dime store, is then applied in a geometric design. Wide tape is used for a double frame around the edge and two rules of tape in different widths and colors are used to work out the three-dimensional Chinese molding effect on the back and sides. The adhesive-backed tape may be lifted easily and reapplied if changes have to be made.

Two Chinese decals framed on either side of the studio bed, above, heighten the oriental effect of this headboard.

Make Holiday Clothes Glitter

Gold braid and threads can be laced through holiday togs to provide high-fashion glitter at low cost. Gold embroidered nylon sheer, made into a festive dress-up apron by hemming at top and bottom, takes "strings" of gold braid that wrap around the waist (left). With gold braid wound around the heels black daytime pumps are turned into Cinderella slippers (lower right) and remnants of the gold braid is laced through this girl's hair to carry holiday glitter to the top of her head (upper right).

By ALICIA HART
NEA Staff Writer

The girl who is high in hopes but low in funds for holiday glamor can swing a lot of glitter at little cost.

She can transform her old black dress, for example, by making a pert peplum apron of glitter-lit nylon sheer. Embroidered with motifs of gold, silver, or copper lurex thread, this fabric is fit for a princess. All that's needed of it to make a dazzling apron are 14 inches of fabric, if she picks one with 54-inch width.

To make the apron, the fabric needs only to be hemmed. Through the top hem, lurex braid can be laced through to make apron strings. If a girl wants these to continue as a glitter belt, she

can use enough braid to wind around her waist. Little gold tassels, also made of braid, will make the ends of apron "strings" look more festive.

More of the same braid can be used to turn an every-day pair of black suede pumps into Cinderella slippers. That trick is turned by winding braid solidly around the heels to turn black into gold. Braid is anchored at the bottom of the heel with transparent scotch tape before winding starts. Another snip of adhesive tape glued inside of the heel will make the braid stay put after it is wound.

If there are any remnants of gold braid left—there should be enough on a spool to carry glitter to the top of the head—it can be laced through a hair braid. As gala an effect for holiday parties can be achieved by twisting gold braid in and out of strands of hair before they are twisted into a chignon.

Ancient Drama Read And Discussed For Xi Theta Program

As part of their year's study of the theater, members of Xi Theta chapter of Beta Sigma Phi enacted a play at their meeting Thursday night in the home of Mrs. J. K. Doran, Andrews Highway.

Mrs. W. I. Pratt visited the group. The play was "Lysistrata," written by Aristophanes in 411 B. C. Each member had a part in the play and after reading it the group compared it to present day plays. They discussed the phrases used then and today and compared the characters and their characteristics to those of modern dramas.

Members attending the meeting were Mrs. Howard Atwater, Mrs. Art Dimney, Mrs. Ford Pullingim, Mrs. R. H. Frizzell, Jr., Mrs. L. H. Gollwitzer, Mrs. Lucille Johnson, Mrs. S. R. McKinney, Jr., Allen Maxwell, Carolyn Oates, Mrs. Arnold E. O'Neill, Maedelee Roberts and Mrs. Lloyd Zellner.

Class Entertained In M. D. Long Home

The First Baptist Lois Class had an all-day quilting and covered dish luncheon Thursday in the home of Mrs. M. D. Long, teacher. Mrs. L. P. Krutcher gave the devotional during the meeting.

Attending were Mrs. D. H. Dawson of Sulphur Springs, Mrs. Kenneth Fuller, Mrs. O. R. Phillips, Mrs. W. E. Spauldin, all visitors, and Mrs. J. D. Webb, Mrs. J. A. Cox, Mrs. Bob Mints, Mrs. W. H. Wesson, Mrs. W. P. Hawkins, Mrs. E. B. Spears, Mrs. Gene Shelburne and Mrs. C. W. Kerr.

TREATED FOR BURNS

William M. Thrash of 306 South Dallas Street suffered second degree burns Friday when a kerosene stove exploded. He was treated at Western Clinic-Hospital where his condition Saturday was declared to be satisfactory.

Advertise or Be Forgotten

Girl Scout Badge Presented Executive In Pecos Ceremony

PECOS—Presentation of the first Girl Scout Thanks Badge ever to be awarded in Reeves County was made to Mrs. J. E. Starley at a Girl Scout cookout in the Little House recently.

Mrs. Starley, executive secretary for Girl Scouts of the Permian Basin Area, was given the badge in appreciation for her volunteer work in the past and her present assistance to Girl Scouts of Reeves County. The presentation was made by a Girl Scout, Jane Keesee, assisted by a Brownie Scout, Cheeka Gates.

Promotion to the post of executive secretary came to Mrs. Starley last September, after she had served a year as assistant secretary. She had been commissioner of the Girl Scout Council in Pecos for four years. The area which she heads now includes 15 counties. Mrs. Starley was active in the campaign to obtain an area camp site in the Davis Mountains, which was used for the first time as an established camp last Summer.

Powder Blends Highlight Winter Skin

By ALICIA HART
NEA Staff Writer

Summer's tan powder doesn't have to be discarded during the Fall when a girl needs to switch to a paler shade.

An economy trick is to continue to dust on any suntan shade of face powder that's in use, but to "lift" color by blending in a lighter shade. A small box of powder that's not much larger than a sample size used for blending will not only lighten the shade of a dark powder but will stretch a girl's supply.

This blend-your-own procedure is also one of the best ways to accommodate a face powder to skin as it gradually loses its lustrous color. If a fading tan leaves skin looking sallow, as it so often does, the powder-blender should mix a good bit of out-and-out pink powder into the dark powder shade which she wants to lighten.

OUT OF HOSPITAL

Herbert McKinley who underwent surgery recently in Western Clinic-Hospital was discharged Saturday.

Judith Ann Lassell Has Birthday Party

Judith Ann Lassell was honored Thursday with a party celebrating her first birthday. Her mother, Mrs. Lou Annice Lassell, and her grandmother, Mrs. Carl S. Reeves, were hostesses. The small guests played outdoors and received favors from a mock fishpond.

Birthday cake was served to Tommy and Donnie Haney, Silas and Vicki Johnson, Judy Jester, Connie Atwater, Susie Webb, Vicki Wilson, Jacque and Sus Nelson, George and Sally Lindsey, Bob McClendon, Judy Upchurch, Steve Russell, Lana Kay Talkington, Brenda Brennan, Bill and Frances Bain, Sherry Kay and Robin Reeves, Maurya Cathey.

Mrs. M. M. Haney, Mrs. Johnson, Mrs. Haden Upchurch, Mrs. Harry Russell, Mrs. N. W. Talkington, Mrs. Malcolm Brennan and her house guest, Mrs. Jessie Anderson from South America, Mrs. J. E. Bain and Mrs. J. A. Cathey.

small TALK

By SUE COLEMAN

So many cartoons are based on whatever humor is to be found in club women's hats, that it's interesting to look at those worn to any club meeting. Really, though, they are no funnier than the hats to be seen wherever women gather—in church, or at a football game, or at a dollar-day sale.

Want to know what was most conspicuous about the hats at the Woman's Club meeting Thursday? Feathers. A lot of different kinds, but all feathers.

Of the 29 hats in one room at one time (that's counting out the bare-headed hostesses) only five were without feathers of some sort. The guest speaker, Mrs. L. E. Dudley of Abilene had tall brown ones in the draped hat which she wore with a darker brown dress. Veda Hodge, who introduced her, had feathers on the front of her new bonnet, which was in interesting shades of soft green, and Helen Goldsmith, who presided, had on a black hat—feathered, of course.

Some bright spots around the city these Autumn days are scarlet geraniums in the porch urns at the home of Mrs. W. A. Black and the B. P. Blacks; the display of chrysanthemums in Mrs. N. A. Lancaster's yard, and a small tree in a backyard at the corner of North Marlenfield and Kansas Streets, which is the blazing color that trees are supposed to be this time of year, but seldom are in West Texas.

A lot of color was scattered over the yard at the Anton Thesla home Thursday afternoon, when the pyracantha bushes, along with the other shrubs, were being trimmed.

Laura Jesse and Maurine Mims feel that maybe they can qualify for a track team after their sprint across a street the other day. They took note of the traffic flashing a caution signal, waited, looked up and down the street and then started across, cautiously. Midway, they observed a fire truck whizzing around a corner and bearing down on them, and they found that they can travel at exceptional speed if they have enough incentive.

A pleasant sight of the week was a window-shopping couple, Betty Swords and her small son, both wearing gay red jackets and the boy clutching a bright red top truck in one hand.

A pleasant sound anytime is Dell Steel's voice on the telephone. Another telephone voice that gives a life with her club reports is Mrs. John Sewall, which is cheerful even when she is called early in the morning.

Winnie Morgan's friends will have an opportunity to meet her mother, who is to "speak" at an open meeting of the Modern Study Club Wednesday, before time for that program. Mrs. Judd A. Deterrick is already here and will be a guest in the Morgan home this week. She is from Las Vegas, N. M., and is president of the Federated Women's Clubs of her state. Her gracious personality and apparent interest in people promise a good program when she

Slick Ski Styles Stand Out On Wintry Slopes

High fashion styles will shine on ski slopes this winter season. For riding a ski-low or for warm-ups at the lodge, a coat of blanket-plaid fleece is lined with white alpaca from hemline to helmet (far left). Skiing experts will approve a peplum pleated Byrd cloth jacket, worsted gabardine ski-pants and a matching white helmet lined with white jersey (center). A fiery red wool cloak, poncho-styled, is weather-proofed by lining of navy nylon taffeta (right).

By ERSIE KIMMARD
NEA Fashion Editor

NEW YORK — What ponchos, blankets and miners' helmets have in common this Fall is their influence on ski fashions.

The difference between the poncho designed for ski runs and the swashbuckling Spanish-American cloak which inspired it is a lining of nylon taffeta that repels wind and water. Navy blue nylon makes the lining fiery red wool the poncho which is link-buttoned at its cape sides to create the effect of sleeves.

Shown in a recent "Fashion of the Times" revue, this Fred Plard design shared honors with other ski styles which this year stress maximum warmth, minimum bulk. A coat of blanket-plaid fleece lined from hem to helmet-shaped hood with white alpaca is slimy-out to eliminate bulk.

The miners' helmet that goes to skiers' heads goes courtesy of George Thielers. This designer lines a helmet of white Byrd cloth with white jersey, pairs it off with a matching jacket, peplum pleated. Teamed with these are pants of beige worsted gabardine.

DeMolay Chapter Granted Charter

A charter has been granted for the Midland DeMolay Chapter, and initiation ceremonies will be held November 19 and 20, according to J. M. McDonald, president of the Midland Shrine Club, sponsoring organization of the DeMolay here.

The Midland DeMolay Chapter already has exceeded the national requirement of 25 boys between 14 and 21, McDonald said. At the ceremony, officers, selected by a board of advisers for DeMolay, headed by Lester Short, will be installed.

Invitations have been issued for the ceremonies, and answers are awaited from many prominent men, including Governor Shivers and Congressman Ken Reagan, McDonald said.

Program Announced For Teachers' Meet

AUSTIN—Nationally-known leaders in education, business and government fields will be the principal speakers at the three-day annual convention of the Texas State Teachers Association to be held in Fort Worth, November 24-26.

An estimated 12,000 teachers will give up their Thanksgiving holiday to attend the general sessions and numerous special meetings, Charles H. Tennyson, public relations director of the association, said Saturday.

In addition to the general sessions, teachers will have some 70 sectional meetings and 20 breakfasts, lunches and dinners from which to choose. Every phase of education of interest to Texas instructors will be explored in these sessions.

Heading the list of educators who will address the general sessions are Dr. Andy Holt of Nashville, Tenn., president of the National Education Association; Dr. Henry Hill, president of Peabody College, Nashville, Tenn.; and Dr. L. D. Haskew, dean of the School of Education, University of Texas.

Governor Te Spiek
Gov. Allan Shivers, Price Daniel, attorney general, and Senator Lyndon B. Johnson are among the leaders in government circles who will address the convention.

Eric Johnston, president of the Motion Picture Association, Inc., and former president of the United States Chamber of Commerce, is the principal representative of the business world who will speak at the general sessions.

The theme of the convention is "Individual Responsibility—Heart of American Democracy."

Interested Persons Invited To Attend Painting Group

All professional persons are invited to make a hobby of painting and attend the weekly sessions of the Contemporary Painting Group of the Midland Palette Club Art Center. This is the group which prefers to meet at night and meets at 7:30 p.m. each Tuesday in the Palette Club Studio, 804 North Colorado Street.

Silk-screen equipment also is available in the studio and the Center recently has added a work room which is used by those interested in ceramics and silk-screen work.

The three Center groups are sponsoring a game party Saturday at 7:30 p.m. and all who wish to attend the party and art exhibit are invited. Bonny Bogardus, a member of the Contemporary Painting Group, is making the posters for this event.

The U. S. Supreme Court, established in 1789, first occupied quarters in the basement of the Capitol and after 1860 met in the Old Senate Chamber. The court didn't get its own building until 1937.

The Question Is: Above Or Below?

HENRIETTA, TEXAS — (P) — There's a difference of opinion among Henrietta Parent-Teacher Association members.

The issue: Shall the elastic in the bloomers of the P-TA volleyball team be worn below the knee or above the knee.

This fascinating question must be decided before Monday night. That's when the Henrietta P-TA and the Midway P-TA teams will play a volleyball game.

The Clay County Leader said: "Some of the prospective players say that when they went to school they definitely were worn below the knee, while others say the 'hemline' of the bloomers (with four yards of material gathered in) was worn just above the knee."

Year Construction Total \$4,295,899, For Week \$32,200

Building permits in Midland amounted to \$32,200 for the week ended Saturday to bring the 1949 mark to \$4,295,899.

Mountain View Homes, Inc., building firm was issued permits for 37 frame residences, each \$4,000, total \$148,000, on Roosevelt and Franklin Streets. But only the permits for three residences were new ones. The others were re-issued. So the new construction permits totaled only \$12,000. The other permits previously had been reported and added to the year total. Size of each of the Mountain View residences will be 40 by 30 feet. Locations are in the 2800 block of Roosevelt and the 2700 and 2800 blocks of Franklin Street. More Permits Listed

Douglas Nix received a permit for \$9,000 to build a frame with asbestos siding residence at 1510 North Edwards Street. Size will be 74 by 38 feet.

Other permits of the week included: Church of God in Christ, \$8,000, addition to church structure (masonry and frame) at 209 South Tyler Street; Vernon Stewart, \$4,000, addition to frame with asbestos siding office structure at 1506 West North Front Street, 28 by 28 feet; O. J. Hubbard, \$500, add to frame residence at 2001 West Texas Street, 10 by 10 feet; Juan Chavez, \$400, move frame residence to 709 South Dallas Street; Athel Cole, \$300, add to frame structure at 604 North Big Spring Street, 10 by 14 feet.

Ascots And Ruffs Encircle New Necklines

Movie star Gale Storm models two of the new neckwear styles that cover up necklines bared by short hair: A vivid, tailored, triple Windsor tie of silk (left) adds just the right tri-color touch to a white shirt. For a low cut gown, a velvet ascot (center) tipped with ermine tails, breaks the bareness between low neckline and high hair-line. Polka-dotted net, pleated layer-on-layer, fashions neck ruff which ties with long ribbons to make a new type saucy collar (right).

By EPSIE KINARD
NEA Fashion Editor

NEW YORK — Chopped-off hair-do's are responsible for the rash of little neckties which are the high climbers of Fall fashions. The "string" or Windsor tie, ascot, Pierrot-styled neck ruff, and the little triangle that's hardly larger than a diagonally-cut hand-

kerchief are neckwear fashions that solve a problem. They cover up some of the expanse of neck which a short haircut leaves bare.

The smaller the necktie, the more of a splash it makes against a white neck or a white collar. One of the most vivid is the triple Windsor tie of multi-color silk. This set of three little Windsors blazing out from a

white collar can pack a wallop like a rainbow popping out of white clouds. As much can be said for small but vividly printed "triangles."

The velvet ascot carries the velvet touch to Fall clothes. When the ascot is ermine-tipped, it can step out with a low-cut gown. If tied high, it can break up a lot of bare-

ness between hairline and neckline. One of the sauciest fashions which short-cropped hair has inspired is the Pierrot-styled net ruff.

Designer Brooke Cadwallader cartilage pleats layer on layer of black polka-dotted net to make this ruff which ties with long ribbons of moss green grosgrain.

WHERE COMANCHES CAMPED—

Story Of Plains Indian Life Preserved In Relic Collection

By FRANCES HAGAMAN
Indian hunting parties of long ago roamed the plains country around present day Midland, leaving innumerable relics which today are collectors' items.

C. E. Bissell, who has been an amateur archaeologist and collector of Indian relics for almost 40 years, said he has found many of the pieces of his collection near here. As an example, he cited a

stretch of land between Crane and McCamey which is sheltered by the surrounding mountains. In this protected place he found evidences of Indian camps of many, many years ago. The boulders were camp evidences because they are not found elsewhere in that area and apparently were brought in by hunting parties which camped there.

Another camp spot he found was between the sand hills where the wind had blown away some of the top soil. Camping parties would bring their squaws with them, he said, and they would make camps in places such as these. Camping tools as well as tools for cleaning the meat the hunters brought in may be found there.

Squaw's Grave
Bissell found a squaw's grave in the hills between Crane and Grandfalls. The fleshing tools which were used on buffalo proved that it was a squaw's grave. Other things in it were a dried lima bean and a spoon which had been fashioned out of a fossilized scallop shell. A matade, broken in half and with a hole in it, was on top of the grave. Bissell said he could not define the significance of the bean but that the broken matade had the hole punched in it to lead the squaw's spirit out. Also in the grave was a tiny, beautifully carved awl or needle.

From Signal Mountain near Big Spring, Bissell got a mass of flakes, knives and arrowheads off of the southwest side and two frames of relics from screening the dirt in a pit on top.

Bissell said the Comanche Indians were the plains Indians who lived and hunted around this area. The Apaches lived in the Davis Mountains and came down onto the plains to hunt, but did not stay long as they were deadly enemies of the Comanche and the two tribes did not encroach on each others' lands.

He added that West Texas is rich in Indian relics and culture which form a large part of our heritage and that some city in this area should have a museum to house these relics. There are many private collections in and around Midland, Bissell said, and many of them would be glad to give or loan their collections to such a museum, thereby keeping the relics in their native section.

If such a place is not provided, he said, soon the collectors may move away and take their collections with them. They then will be permanently lost to West Texas.

From Every State
Although a large part of Bissell's collection is of pieces that he has acquired in West Texas and New Mexico, he has something from every state in the union. The large majority of the items he has collected himself and almost all the rest have come from other collectors through trades of wanted pieces.

While he was in the Air Force during World War II, Bissell was stationed at Rapid City, S. D., which is near the Pine Ridge Reservation of Sioux Indians. He became friendly with the Sioux and acquired many pieces for his collection from them. A war bonnet and a tom-tom were made for him and he also has a Sioux flute and a very rare and very old hammer stone which has a wooden handle. The stone and handle are covered with rawhide. Bissell said the hammer stones themselves are not so rare, but that it is practically impossible to find one with the rawhide intact.

A picture album filled with photography taken while he was in the service includes several pictures of the Sioux in South Dakota. One is a group of very old men, some

Margarette Whitaker Is Complimented At Shower In Andrews

ANDREWS—Honoring Margarette Whitaker, the 15-month-old newly adopted daughter of Mr. and Mrs. Travis Walker, a shower was given in the home of Mrs. George Lewis in the El Paso Gas Camp Tuesday.

Gifts for the honoree were presented, and refreshments were served to Mrs. Melvin Hampton of Eunice, N. M., Mrs. W. E. Hardaway, Jr., Mrs. A. D. McGraw, Mrs. P. L. Lowder, Mrs. D. G. Driver, Mrs. J. H. Redman, Mrs. C. E. Mayfield, Mrs. James Lackey, Mrs. Adell Galle, Mrs. John Curry, Mrs. J. E. McKendie, Mrs. F. E. Jones and Mrs. Bill Beavers.

of whom fought at Custer's Last Stand.

He also has many Sioux arrowheads and other stone pieces such as knives, some of which were found in the Bad Lands of North Dakota. Contrasting these with the Comanche and Apache arrowheads, he pointed out that each tribe's pieces have distinctions which separate them from all others. For example, the Sioux arrowheads are from the dark brown flint found in North Dakota while those of the Comanches are from much lighter and duller tan and light brown stone. Also, the way arrowheads are made is distinctive.

He pointed out that the depth at which relics are found helps to set the time of their origin. For example, the Yuma and Fulson men, who made the finest implements which ever have been found, lived, as well as archaeologists can determine, between 15,000 and 25,000 years ago.

Fulson arrows are channeled down the center and always can be identified by this characteristic. The arrowheads, knives and other implements of the Sandia man, who is older than either the Fulson or the Yuma, all have a little half-twist in them as their distinctive feature. Bissell's collection includes pieces of this type.

In the time he has been interested in archaeology, Bissell has worked with many well-known archaeologists such as Warren K. Moorehead of Phillips Academy at Andover and R. M. Guernsey of Peabody at Harvard. With him, archaeology is a hobby and a diversion from his work. He said he believes every person should have something in which he is interested and on which he may work for relaxation.

And, he said, in addition to serving as a diversion, his hobby is interesting in that it helps in putting together a picture of early life on the North and South American continents. After all, Bissell added, this is our history and our heritage and if we do not study it, what have we to build on?

P-TA Study Group Discusses Emotions

Mrs. H. C. Rowland discussed "Emotions of Pre-School Children" at a meeting of the West Elementary Parent-Teacher Association Pre-School Study Group Thursday in the home of Mrs. Marshall Bagwell.

This was the group's first meeting and it was announced that the next session will be at 9:30 a.m. Thursday with Mrs. James T. Windham, 2010 West College Street. Topics discussed will be "Boldness and Timidity" and "Keeping Up with the Joneses."

Present for the Thursday meeting were Mrs. J. H. Moseley, Mrs. Windham, Mrs. John Johnson, Jr., Mrs. Ruth E. Stumbo, Mrs. C. L. Wristen and Mrs. Marvin Bryant.

DIDN'T BELIEVE IT
English art critics ridiculed the work of American landscape painters showing the brilliant colors of American autumn. The Britons believed the colors to be pure imagination, since English foliage does not change to brilliant hues in the Fall.

Heads New Union

James B. Carey, above, secretary-treasurer of the CIO, heads the new "International Union of Electrical, Radio and Machine Workers" that replaces the old left-wing United Electrical Workers Union, expelled from the CIO at the organization's convention in Cleveland. Carey immediately laid claim to 230,000 members of the old UE and all its major contracts with employers, thus setting the stage for what may become one of the bitterest membership wars in labor history.

House Building Project Underway At Parklea Place

A \$148,000 building project was underway last week at Parklea Place in West Midland, when permits for the construction of 37 dwellings were issued to Mountain View Homes, Inc., which plans the erection of at least 300 new homes in the addition. The permits were for \$4,000 each. Some were re-issues.

Parklea Place is located west of the Midland Baseball Park and north of U. S. Highway 80.

C. E. Slavens is president of Mountain View Homes, Inc., and Dean Slavens is vice president and project manager. The firm is erecting the dwellings.

The four-room (two-bedroom) houses will be priced from \$6,600 to \$7,400, and may be purchased under GI, 100 per cent financing or FHA financing, with a down payment of less than \$1,000. The dwellings have attached garages.

Ten homes already have been built and sold in the addition. Ten more now are under construction, with five of them already sold. Development will continue at a rapid pace, the contractors stated.

C. E. and Dean Slavens moved to Midland recently after having been located in Denver, Colo., and Little Rock, Ark.

C. Of C. Directors To Consider WTCC Water Proposals

The November 22 water meeting of the West Texas Chamber of Commerce will be discussed by directors of the Midland Chamber of Commerce at their meeting at 7:30 p.m. Monday in Hotel Scharbauer. R. D. (Bob) Scruggs, president, said Saturday. The WTCC gathering will be held in Fort Worth in connection with the organization's annual convention.

The annual Christmas program will be outlined, and a highway committee report will be heard. Committees also will be named for arranging and staging of the Chamber's annual banquet and membership meeting in January.

Scruggs urged a large attendance of directors for the important meeting.

Paint Can Works Like Bug Bomb

CLEVELAND — (NEA) — Now they've made painting as easy as killing bugs.

With a spray, that is. This time the spray is built right into the paint can, like an insect "bomb."

All you have to do is approach whatever it is you want to paint, give the self-pressured paint can a good shaking and turn it upside down, then open the nozzle and aim.

When you shut off the nozzle, it seals the unused paint in the can for future use without letting it dry out, says the Ronor Corporation of Cleveland, which just put the self-spraying paint on the market. And you can use it all, right down to the last drop.

As in any spray paint job, work should be done outdoors or in a well-ventilated, draft-free room. A painter's mask, or a homemade one of gauze, is a wise precaution. At present, only enamels are available in the spray cans. There are 10 colors, plus white, black and aluminum.

And if you get it mixed up with your insect "bomb," it may kill the flies by giving them painter's colic, but it will also leave a colorful splash to mark the spot.

Public Invited To View Mullins Home

An invitation has been issued to the public to attend an open house at the newly-completed home of L. F. Mullins, building contractor, from 2 p.m. to 6 p.m. Sunday. The new Mullins home, at 307 West Jax Street, embodies the latest developments in home construction and decorating.

Mr. and Mrs. Mullins, who supervised the building and interior decoration of the new home, will be on hand to show visitors through the house.

Carpeted throughout, the home also features indirect lighting for pleasing illumination. All of the doors, including closets, slide into recessed panels in the walls, leaving wall space clear. A wood-burning fireplace augments the heating system.

In the nursery, hand-painted murals by Mrs. Mullins will keep the two Mullins children wide-eyed. A patio, for gracious Summer living, and a completely fenced backyard add to the living space in this modern and comfortable home.

Australian Beach Yields Sea Serpent

BANBURY, AUSTRALIA—(AP)—A rare great oar or ribbon fish, commonly called a sea serpent, was washed up on the beach here. Fifteen feet long and 13 inches at its widest point, the fish has a small head, long sucker mouth, big gills, a long crest and two long thick feelers protruding beneath its mouth. A pink fin runs the length of its body, which is coated heavily with phosphorus and dotted with large black spots. It has no scales.

West Elementary Parent-Teacher Pecos Woman Feted On 91st Birthday

PECOS—Mrs. W. D. Hudson of Pecos celebrated her ninety-first birthday Wednesday when her children were hosts at a dinner here.

Sarah Martha Tudor was born Nov. 9, 1858, in Madison County, Ky., and was married to W. D. Hudson on Jan. 4, 1877, at Red Lick, Ky., moving to Texas shortly afterwards. The couple lived in Wise County for a time, and moved to Reeves County in 1885. They lived on a ranch until they moved to Pecos to put their children in school.

She has four children, 11 grandchildren, 10 great-grandchildren and one great-great-grandchild, Linda Alice Nugent of Pecos.

Present at the dinner were Mrs. Hudson and her children, J. B. Hudson of Pecos, Mr. and Mrs. W. D. Hudson of Big Lake, Mrs. Charley Boyd of Balmorhea and Mrs. Della Barclay of Pecos.

MIDLAND STUDENT TOURS MANUFACTURING PLANTS

AUSTIN—C. Deane Anderson of Midland was one of 69 senior students in mechanical engineering at the University of Texas who last week visited manufacturing plants in the Fort Worth-Dallas area and at Itasca and Waco.

Three faculty members accompanied the students on the four-day tour.

Association pre-school study group will meet at 9:30 a.m. in the home of Mrs. James Windham, 2010 West College Street.

FRIDAY
Children's Theater, Group III, County Auditorium.

P. E. O. will meet at 12 noon for luncheon in the Private Dining Room of Hotel Scharbauer and afterward for business with Mrs. C. M. Dunagan, 1506 West Missouri Street.

Ladies Golf Association will meet at 1 p.m. in the Midland Country Club for luncheon and a style show.

Children's Service League will meet at 2 p.m. with Mrs. C. H. Atchison, 940 North Baird Street.

SATURDAY
Children's Theater will meet at 9:30 a.m. in the City-County Auditorium.

Children's Story Hour will be at 10:30 a.m. in the Children's Room of the Midland County Library.

Moment Musical Junior Music Club will meet at 11 a.m. in the Watson Studio.

Jessie Myers Named H-SU Campus Queen

ABILENE — Jessie Myers, 1948 champion of Stamford Cowboy Reunion and rider of one of the six white horses of Hardin-Simmons University since 1946, was elected the queen of the university campus. Miss Myers was chosen from among 13 nominees. She defeated Fay Huff, Brady, in the finals which were held Friday. Results were announced Saturday.

Miss Myers, daughter of Mr. and Mrs. R. M. Myers, formerly of Hamlin and now of Abilene, has ridden as favorite for Hamlin and Stamford in scores of rodeos in West Texas. She has been at the Fort Worth Stock show, Stamford Cowboy Reunion, TCU Rodeo, and also at Breckenridge, Snyder, Post, Archer City, Colorado City, Big Spring, Coleman, Midland, Hamilton, Baird, and Kerrville.

She is vice president of the senior class, vice president of the Hardin-Simmons Rodeo Association, and a member of the Cowgirls, the service organization of Hardin-Simmons.

Nominees for the queen's race were: Virginia Bush, Childress; Ann Givens, Texarkana; Ruth Hamilton, Abilene; Fay Huff, Brady; Earlene Singleton, Beaumont; Sue Ann Duncan, Gilliland; Wanda Baker, Wilson; Libby Sumral, Palestine; Virginia Dunagan, Midland; Kitty Ritter, Anson; Virginia Randal, Wichita Falls; Ganelle Newman, Brownfield, and Miss Myers.

Advantages Of V-6 U. S. Reserve Navy Program Are Cited

GMC Franklin Stewart, U. S. Navy recruiter from San Angelo, will be in Midland Monday to confer with persons interested in Navy careers. He will visit here again on November 28. He may be contacted at the post office.

Stewart asked veterans and non-veterans to investigate the opportunity now offered them to affiliate with the new V-6 Reserve Navy. He cited 13 points which warrant the consideration of all interested persons. They are:

1. Retain the rate you held at discharge.
2. No drills, no meetings, no cruises.
3. Longevity piles up while in inactive reserve.
4. Four-year enlistment.
5. Inactive reserve time counts toward advancement.
6. May be discharged at any time upon request.
7. No physical examination for veterans.
8. Keep in touch with latest developments in the Navy by mail correspondence.
9. Age limits are from 17 to 64.
10. If they desire, members of the V-6 Inactive Reserve may request a two week's training cruise each year and receive full pay and allowances, including transportation to and from home, for the period.

11. Will not be called to active duty without written request, except in the case of war or national emergency.

12. Men enrolling in the V-6 make their own choice of joining the Organized Reserve or remaining inactive.

13. Modern training courses are available for advancement in rating and change of rating.

PATIENT IMPROVED
The condition of Richard Cambie, a medical patient at Western Clinic Hospital, was reported Saturday to be improved.

Oberlin's 30,900-Piece Chinese Puzzle: What To Do With Gold-Shingled Temple

OBERLIN, OHIO—(NEA)—Oberlin College is worried about the Chinese problem, but it hasn't anything to do with the Nationalists and the Communists. Oberlin's problem is what to do with a Chinese Lama Temple.

Four years ago, the Archaeological Trust of Chicago donated the temple to the college. The structure is a painstaking replica of the Summer Jehol palace of ancient Manchu emperors in Inner Mongolia. It had been built for the Century of Progress Exposition in Chicago in 1932, and later shown at the World's Fair in New York.

When the temple became Oberlin property, the college received a \$75,000 donation from Dr. H. H. Huns, former vice-premier of China and an Oberlin alumnus. The sum was for construction purposes.

In Freight Cars
But the temple arrived in 29 freight cars, and about 30,900 pieces. It was a construction job that far exceeded the available funds. So the temple was put in a warehouse—in 173 crates covering two floors. There it has reposed, getting dusty and expensive to maintain.

Plans are underway again to raise the funds necessary to erect the exotic structure, and the college faculty is divided into two opposing factions on the question of whether the ultimate end justifies the expense.

Those on the faculty who favor erecting the temple feel it will serve as a center for Chinese studies. But the opposition wants no part of the building, feeling that it would be just a waste of money to put it up.

"The temple represents a de-based form of Chinese Buddhism and I seriously doubt that it would be a good influence on students," said Prof. Frederick Artz, head of the history department. "In addition, you can't heat it, you

This is just a scale replica of Oberlin's Chinese problem—the gift temple they can't afford.

can't see in it, and it's filled with tinkling bells."

Adjoins Property
Supporters of the temple feel that the bells are Prof. Artz' big worry, since the proposed temple site adjoins his property.

But Professor Artz has further objections, feeling that the temple would not make a decent museum.

"There's no wall space to hang a picture or accommodate pieces of art," he said. "The entire structure is fancy lacework. It would cost \$100,000 to erect it and the maintenance would be immense. Everything on it is hand-painted."

Another of the anti-temple faction feels that construction costs could be put to better advantage for other projects. "The college is strapped for finances and salary increases," this professor said. "It would start a campus revolution if the board approved construction of such a curiosity. Far better to establish a chair at the college for Chinese studies."

More than 28,000 pieces of the temple were made in China—hand-carved and hand-decorated. Another 2,900 pieces were added by American craftsmen. The temple is roofed with 25,000 shingles of 23.12 carat gold leaf.

"There was gold all over our clothes and the floor when we stored the shingles," said Robert Barber, warehouse manager. "It was some job!"

Men Of El Paso Presbytery Slate Midland Meeting

The Fall meeting of Men of the Church of the El Paso Presbytery will be held Wednesday in the First Presbyterian Church, with Presbyterians Men of Midland as hosts.

Delegates from most Presbyterian churches of West Texas and Southeast New Mexico are expected to attend the conference, which will open with a meeting of the Executive Committee at 3 p. m. in Senior Room of the church's Educational Building. Shelby Read of Big Spring, president, will preside. R. F. Peters of Midland is vice president.

The first general session is scheduled at 4:15 p. m. in the Adult Assembly Room. A business meeting and reports of the recent Presbyterian Men's convention in Atlanta, Ga., will follow a meditation to be delivered by L. E. Milling of Big Spring. Officers for 1950 will be elected.

A dinner will be served by Women of the Church at 6:30 p. m. in the Fellowship Hall. A vocal solo by George Van Heusen, accompanied by Wallace Wimberley, will feature the program.

Dallas Man To Speak
Jack B. McMichael of Dallas, regional director of the Presbyterian Synods of Texas and Oklahoma, will be the principal speaker at the concluding session scheduled at 7:30 p. m. in the church sanctuary. Officers will be installed by Dr. William H. Foster of Lubbock.

Bill Collins is president of Presbyterian Men of Midland, and A. H. Vineyard is vice president. Bill Blackman is secretary-treasurer.

Harry Gossett, chairman of the First Presbyterian Church's Board of Deacons, will be in charge of the registration desk for the area gathering. Ernest Sidwell and Vineyard are chairmen of the Fellowship Committee.

All members and friends of the Presbyterian Men's group are invited and urged to attend the business sessions and the dinner-meeting of the area gathering.

Penicillin Is Boost For U. S. Farmers

WASHINGTON—(AP)—Development of penicillin has proved a boost for farmers, says the U. S. Department of Agriculture. Corn steep liquor and milk sugar are used to make penicillin.

Studies are being pushed to develop other fermentation products in antibiotics, feed yeasts, vitamins and alcohol, the department says. One project is growth of mushroom spawn which is said to have as good food qualities as yeast and tastes better.

Other projects now try to find ferments that will use fruit pulp, dairy byproducts and cannery wastes.

SOLDIERS WEIGH IN
JOHNSTON CITY, ILL.—(AP)—The National Guard is signing up new members here with an eye on their weight. The American Legion Post promised to pay five cents into a Guard fund for each pound of new recruit. At a recent count, the totals stood at 4,000 pounds and \$200.

Noted Educator To Address Midland Groups This Week

Dr. Lucinda de Lettwich Templin, principal of the Radford School for Girls in El Paso, will arrive here this weekend to address a number of service clubs and other groups during the week. She will remain in Midland until Saturday.

Dr. Lucinda Templin

A doctor of philosophy from the University of Missouri, Dr. Templin is widely known as one of the Southwest's most outstanding scholars and speakers.

She will address the Midland Kiwanis Club at its regular meeting Monday noon in the Crystal Ballroom of Hotel Scharbauer. L. A. Bartha, program chairman, extended an invitation to other Midlanders to attend the luncheon.

Wednesday morning the distinguished visitor will address Midland High School students at their regular assembly period, and that afternoon she is scheduled to speak at a meeting of the Junior Wednesday Club.

Members of the Junior Chamber of Commerce will hear Dr. Templin at their meeting Friday noon in Hotel Scharbauer. Other speaking dates may be arranged.

Youth And Education
"Modern Youth and Education" will be the general theme of Dr. Templin's addresses here. She is convinced that education should not be static but constantly shifting to meet the demands of the civilization which in the long run it both serves and directs.

Dr. Templin has achieved nationwide fame for her progressive educational viewpoint. The responsibility of parents in the field of education and training usually is stressed by the noted educator in her lectures.

SAFE FOILS BURGLARS

CHICAGO—(AP)—There are thieves, they say, who will take anything that isn't nailed down. A couple of burglars of that type got into the Seng Teaming Company garage. They fastened one end of a chain to a truck and looped the other around the safe. The truck growled but didn't move. The burglars growled and did. The safe was bolted to the floor.

Square Dance Class Planned For Novices

A square dance class for members of the Midland Officers Club will start Monday at 7:30 p. m. in the Officers Clubhouse, with Jay Johnson as instructor and caller. Johnson has been in charge of the class, open to the public, which met on Monday nights in the Officers Club, but it was completed last week. A new open class, to meet on Friday nights in the Parish Hall of St. George's Catholic Church, will start as soon as 16 couples, enough to form four squares, are enrolled.

It will continue through ten lessons, and is planned to teach beginners the square dancing and folk dancing steps that will enable them to participate in square dance clubs' activities. Persons interested in enrolling are asked to call Johnson at telephone number 2336-J or Juanita Henderson at number 890 during the day or 3121-W at night, or to enroll in persons at Wemple's.

New Jersey Student Aid Is Effective

NEW BRUNSWICK, N. J.—(AP)—Money aid to students who do not have to pay back loans has been tried by Rutgers University. Most students do pay back the money and effective aid is given, a report on the project says.

The aid is given students who need small sums—\$25 to \$50—to stay in school. Such a loan often can fix money troubles and put the student at ease. There is no interest and no time limit on repayment. He is not compelled to pay it back. Sometimes years pass before payment. But very few loans are not repaid, Rutgers says.

AMIDSHIP MEN

Midshipmen as a name for students at Annapolis originated in the British navy more than 200 years ago. It arose from the fact that in the early days of the navy, seamen studying to be officers were stationed amidships, where they transmitted messages and ammunition.

Trucks Rolling On Water-Not Air

LIVERPOOL, ENGLAND—(AP)—The trucks of a cartage firm here are rolling on water instead of air. T. Beard, the firm's chief engineer, said he began experimenting with water-filled tires a year ago and "the results are excellent."

Blacksmith Doesn't Wait For Customers..

CAMPBELL, ILL.—(AP)—This, so far as Roy Schnaare is concerned, is the horse-and-truck era. Schnaare is an ex-GI and a blacksmith. Not enough horses came to town to make his shop profitable. So he decided to shoe the horses on the farms. He makes his rounds in a panel truck equipped to carry a forge, anvil, tools and a stock of horseshoes.

THE BEST INVESTMENT FOR YOUR ADVERTISING DOLLAR

FIRST WITH THE NEWS

MIDLAND, TEXAS, SUNDAY, NOVEMBER 13, 1949

SECTION THREE

Cutbacks For Armed Forces

Comparative strengths of the Army and the Navy (including Marine Corps) after proposed cuts are made are shown on the newschart above. The Navy expects to lose 56,200 men from its current strength of about 516,000. The Army's release of 30,000 draftees will bring its strength down to about 630,000. Silhouettes of soldier and sailor are in proportion to symbolic figures showing peak wartime strength.

Pecos Plans New High School Plant

PECOS—Bids will be asked on a new high school building for Pecos about December 19, Wesley McCree, chairman of the school board, has announced. Construction probably will begin soon after January 1, and it is hoped the building will be ready for use in the 1950 school term, McCree stated.

Preliminary sketches of the building were approved at a meeting Monday night, when it also was voted to add four new classrooms to the Earl Bell elementary school for Latin American students.

The new building will include 10 classrooms, band hall, science room and commercial department. Plans originally were to build a junior high school building, to be converted into a high school in the future. However, the new building now will be used for grades nine through 12. Grades five through eight will be moved into the present high school building. The home economics and shop building will be converted into classroom space.

Some Catching Up Due-War Is Over

TOKYO —(AP)—Hideo Sato and Taihei Ikeda got back from the war recently—four years late.

Here's the story they told after their arrival on the British ship Yunnan:

They were on Manus, largest of the Admiralty Islands, when the Americans landed in 1944. They hid.

They built and lived in palm-thatched huts, ate snakes, lizards and coconuts. They caught fish with hooks made from old pistol springs and lines woven from wood fiber.

They didn't know the war was over until last March when they were found by Aborigines and turned over to Australians.

'Cowboy Joe' Evans Will Be Speaker To Baptist Brotherhood

"Cowboy Joe" Evans of El Paso will be the speaker at a meeting of the First Baptist Brotherhood at 7 p.m. Monday.

Evans is known as the "Will Rogers of the West" and is the author of two books which he says "are worth a Mexican quarter but I get a dollar for 'em." They deal with the early West and cowboy camp meetings and the Bloy's Camp Meeting held each year in the Davis Mountains.

He is one of the few men who has attended all the Bloy's Camp Meetings and he has been instrumental in founding a series of such meetings in Wyoming, Colorado and New Mexico.

Each year, Evans attends these camp meetings for about six weeks, starting in Wyoming and working down, ending his tour at the Bloy's meeting.

Evans is active in the Baptist Church and other religious circles and is a member of the El Paso Chamber of Commerce.

The Brotherhood program Monday also will include several musical numbers and a business session.

Seagraves Man Is New Hobbs CC Head

HOBBS, N. M.—Harry Nunan, manager of the Chamber of Commerce at Seagraves, Texas, has been named manager of the Hobbs chamber, effective Monday. He will succeed Glen Scanlan who resigned October 17.

Nunan was stationed at the Hobbs Army Air Field during World War II, serving as special Service Officer. He later served in the South Pacific.

The Washington Merry-Go-Round

By Drew Pearson
(Copyright 1949, By The Bell Syndicate, Inc.)

Drew Pearson says: American arms, without American friendship, won't help Europe; Restlessness of Soviet satellite countries is most encouraging sign on horizon; Many Americans work hard to assure peace.

ENROUTE THROUGH MIDWEST—On Armistice Day at Hays, Kan., Friday, I relaxed from the alleged crouching position under the cabinet table to tell something about people-to-people friendship.

I hope tolerant editors will forgive me if I devote a second column to the manner in which the American people, with no prompting and little encouragement from their government, have become, in effect, their own ambassadors.

What our diplomats and our military don't seem fully to realize are the following fundamental truths about human nature:

You can put all the arms in the world in Europeans' hands, but that doesn't necessarily make 'em fight.

You can send food and Marshall Plan money to Atlantic Pact nations, but they don't particularly appreciate it if it lacks the human touch.

We can keep on building A-bombs and 70 air groups and even giant airplane carriers until our pockets are empty and the American people are blind with hate. But this won't prevent war unless the people of Europe—especially those behind the iron curtain—are so friendly toward the American people that they oppose war.

Now in this columnist's humble opinion, the most optimistic developments in the world today are, first, the fact that certain of the iron curtain countries—Poland, Czechoslovakia and Yugoslavia—are now restless and leaning more toward the United States. And second is the fact that the American people, tired and discouraged as some of them may be, still are working at wooing friends on a people-to-people basis.

Wars and revolutions make headlines, but man's groping efforts toward peace don't. Sometimes they don't even make the inside pages of the big newspapers. Nevertheless when the Junior Chamber of Commerce at Charleston, W. Va., adopts a plan to bring 20 European young men to West Virginia for one year of employment and study, it's news—important news.

It's also news when the national headquarters of the Junior Chamber writes the State Department proposing that it finance the trip of 100 young Russians to study in the United States.

This is news first because it takes considerable courage to make such a proposal. It might be misinterpreted as pro-Communist by some people. But the young businessmen who later will be helping to run this country have enough confidence in their country to know that once you get a group of young Russians over here—even though Communists—they're pretty sure to understand the American people and like them. And if you could get enough young Russians here on regular visits, it eventually would make a real dent in the iron curtain.

The State Department, replying to the Junior Chamber, as usual was evasive. But meanwhile the Junior Chamber of Commerce of Texas has launched a plan called "JayCee Universal Understanding" under which, for example, Amarillo, Texas, is cooperating with Salzburg, Austria, first by correspondence, later by financing the trip of a Salzburg citizen to Amarillo where they can swap ideas with him and discuss problems firsthand.

Labor Leaders Help
This urge for more contact between peoples isn't confined to little business or to educational groups. It exists also among big business and labor unions. The Amalgamated Clothing Workers established a factory in Italy to demonstrate American mechanized methods to Italian workers. Irving Brown, of AFL representative in Brussels, has done more than many American ambassadors to give European labor leaders a true picture of American democracy. And Henry Ford, with no commercial advertising for his cars, is helping the American public to understand the United Nations by televising UN sessions every day.

Again, American Airlines selected 30 key newspapermen from key European countries, even including iron curtain Finland, and took them on a complete tour of the U. S. A., all expenses paid. U. S. mayors, governors, and cabinet members were delighted to cooperate.

But when it came to the State Department, Stanley Woodward, a stickler for protocol, refused to let them see President Truman. Finally wiser head Michael McDermott of the State Department prevailed, and the European editors did see Truman.

As a result of American Airlines' thoughtful patriotism, this group will interpret correctly the U. S. A. to the European press for years to come.

Cities Adopt Cities
The above examples of individual American initiative are a mere cross-section of a great story that would take many columns to tell. Scores of towns and even villages in the U. S. A. are adopting or cooperating with cities in Europe. Butler County, Kansas, is working with Beaune, France; Meocho County, Kansas (my mother's old home) with Zevembergen, Holland; Monroe, La., with Ingolstadt, Germany; Greensburg, Ky., with Staloch, Germany; and Worthington, Minn., with Crailsheim, Germany.

In the latter case, Worthington news actually is published from time to time in the Crailsheim papers, and a Worthington float is appearing at the Crailsheim Fall festival.

When Barber County, Kansas, established contact with Clervaux, Luxembourg, the latter sent the Kansas a painting by their famous artist, Lily Uden. At first the folks

A Woman's Intuition

"If I only knew how to drive this thing, I'd crank 'er up and scam!"

Mrs. Turk, a socially prominent resident of Adam Guth's farm at Valley City, Ohio, has a feeling that something's cooking and whatever it is, it bodes her no good.

Andrews News

ANDREWS — Hattie G. Owens, Ector-Andrews County Home Demonstration agent, conducted a training school on making aluminum trays here Monday. The school was held in the American Legion Hut. Attending were Mrs. C. L. Leisure, Mrs. C. O. West and Mrs. Ben Maher from the Phillips 6666 Club; Mrs. Joe Cook, Mrs. H. V. Carlson and Mrs. C. L. Dean from the Magnolia Club; Mrs. Ivan Patterson and Mrs. V. Sanders from Andrews Proper; Mrs. T. J. Waldrop and Mrs. Norwood, representing the Sunshine Club, and Mrs. Buck Epler and Mrs. J. F. Stephenson from the Fullerton Club.

Kenneth Phillips, 10-year-old son of Mr. and Mrs. Ray Phillips, is reported to be Andrews County's second polio victim. Following examinations and observation in an Andrews hospital, the boy was sent to Abilene where his case was diagnosed as polio. The child has been returned to his home in Andrews.

Mrs. Elah Broom, worthy matron of Andrews Chapter No. 949, Order of the Eastern Star, Mrs. Cora Heath, Mrs. Charles Roberts, Sr., and Mrs. Ona Beatenbough attended the 67th Grand Chapter session of the OES of Texas held in Dallas last week.

Bill Hughton and son, Carl, have returned from a deer hunt west of the Pecos, with an eight point buck on their car.

P. L. Peoples, O. D. Huckabee, Chic Campbell and Bill Dagley will be among the candidates from the Andrews Masonic Lodge, No. 1024 AF&AM to go to El Paso this week to take their 32nd degree.

Mr. and Mrs. Joe Sheldon from Seminole, Okla., were guests the last week of a brother, Dearge Sheldon, and family.

Little Viki Ulmer, son of Mr. and Mrs. C. M. Ulmer was taken Monday to a Big Spring Clinic for examination and observation.

Doyle St. John of Wichita Falls was a Midland business visitor Tuesday and drove to Andrews that night for a visit with his sister, Mrs. Percy Morrison, and family.

Mrs. Cletus Samples and Mrs. W. Hammock of Midland were visitors Wednesday with friends and neighbors in the Magnolia Production Camp.

Virgil Lester, worshipful master of the Masonic Lodge No. 1024 AF&AM, announced recently that W. B. Reed, vice president of the W. W. Virtue Company, had signed a 15-year lease for the lower floor of the Masonic Building when completed.

The building is to be erected just south of the Andrews County Hospital and will cost approximately \$48,000.

Midlander's Brother Dies At San Angelo

SAN ANGELO—W. B. Johnson, 30, San Angelo resident since 1902, died Friday night in a hospital here. He had been ill several months.

A truck operator, Johnson moved to San Angelo from Bell County.

Survivors include the widow; two sons, Wallace of San Angelo, and Don Johnson of San Antonio; two daughters, Mrs. Malcolm Reimers of McCamey, and Mrs. Jim Porter of Snyder; three sisters, Mrs. Charles Walraven and Mrs. E. S. Bright of San Angelo, and Mrs. Walter Walraven of Midland; a brother, Clyde B. Johnson of Quepos, Costa Rica; and two grandchildren.

Even The Hounds Ate Scrumptiously

SANTA MONICA, CALIF.—(AP)—Everyone, including the hounds, ate scrumptiously at the Howard Hawks.

That seemed clear as superior court ordered Hawks, the movie director, and his former wife, Nancy, to pay a grocer's bill of \$3,590.48, covering one year.

An almost daily item: Three pounds of hamburger for the Hawks' dogs.

McKenney On **CANASTA**

By WILLIAM E. MCKENNEY
America's Card Authority
Written For NEA Service
Over 20 years ago, when I first started to write about bridge, each community had its own variations on rules. Soon the bridge players of the nation found it desirable to adopt standard rules, and now the experts on Canasta are working along the same lines.

The other day I met with John R. Crawford of Philadelphia, Pa., the outstanding Canasta player, whom I interview each week, and Oswald Jacoby, the recognized authority on the laws of Canasta. We discussed some of the most controversial problems that have come up in the game, and I plan to give you their interpretation of the laws on these points in this and succeeding articles.

Question: The other night we were playing two-handed Canasta (in which a player must have two canasta down on the table, also a number of melds. He had nine cards left in his hand, three kings, three queens and three jacks. He put them all down on the table and said, "I am out." I said that he had only one canasta. We did not know what to do.

Answer: There are no penalty cards in two-handed Canasta, for the reason that in showing your hand to your opponent, you do him no damage, but rather, you harm your own cause. Therefore, the player may pick up any or all of the nine cards he laid down on that particular play. He may meld any of them or none of them, and make his discard. Some clubs do enforce the penalty law in two-handed Canasta.

Question: I read in one of your articles that if I discard a card that can be added to an opponent's canasta, he has the right to pick it up and play it on his canasta if the pack is not frozen. I have been told that this rule is wrong or has been changed; that if I discard a card that hits my opponent's canasta, he cannot take the discard pile; that such a discard acts the same as a black trey. What is the situation here?
Answer: This misapprehension exists in many parts of the country, but it is wrong. If the top card of the discard pile hits your canasta, you have the right to pick up the pack and play the top card on your canasta, if the pack is not frozen. Some writers have said this could not be done, but this has been corrected.

Probably the real reason that the misinterpretation gained a foothold is the opinion that a player should not meld more than seven cards of a canasta unless he wants to go out. He should retain in his hand any additional cards matching the canasta because they are practically as good as black treys to throw on top of the discard pile.

This is not because of any rule, but because if you have melded a canasta of six or seven five-spots, let us say, and you have an extra five-spot in your hand, you may discard it with little fear that your opponent will be able to pick up the pack.

Jacoby and Crawford pointed out that if you could not take a discard that hits your canasta, it would reduce the excitement of the game and your opportunity to get a pack to which you are entitled.

TEXANS IN WASHINGTON—

Solons From Texas Take Pride In Large Families

By TEX EASLEY
WASHINGTON —(P)—Texas members of Congress are doing their part to keep up the population.

They definitely are an exception to the general rule that college-educated family heads have the smallest number of children, that the highest birth rate is among those with the lowest incomes.

A new addition to the family of Rep. Wingate Lucas of Fort Worth and Grapevine, on November 4, makes five children for the strapping, six-foot World War II veteran and Mrs. Lucas. The eldest is an eight-year-old daughter. The youngest is also a daughter eight pounds at birth.

It's a tie between Lucas and his colleague, Rep. Ed Gossett of Wichita Falls, among the Texas delegation.

The Gossets also have five children, and their eldest is an eight-year-old boy. There are three girls and two boys in each family. The older children of both families are enrolled in public schools here. The Lucases wanted the newest child born in Texas, so they went home for the occasion. Mrs. Lucas' mother is taking care of the other children.

Four Are Childless
As for the rest of the Texas delegation of 12 representatives and two senators, only four have no children. House Speaker Sam Rayburn is single; the others without children are Representatives Poage, Burleson and Regan. Everyone of them, incidentally is fond of children and they are favorites with the children of their colleagues.

Those with grandchildren are Senator Tom Connally of Marlin and Reps. J. M. Combs of Beaumont and Clark Thompson of Galveston.

Around The Capital
Progress report on the campaign of Rep. Lindley Beckworth of Glade-water to get the Armed Services to use black-eyed peas on regular menus:
Maxwell Air Force Base, Alabama—Over a period of six months, canned black-eyed peas have been served periodically on field ration menus and have been very acceptable, reports Col. Charles W. Starr, commanding officer.

Elgin Air Force Base, Florida—Test at a noon meal one day in October showed black-eyed peas were accepted by 533 to 620 men served 141.4 pounds were prepared, only 2.5 pounds left over. Report submitted by Maj. Gen. W. E. Kepner, commanding officer.

To Be Served Often
Kelly Air Force Base, San Antonio — Black-eyed peas will be served 23 times during November, 29 times in December, and 32 times in January, according to Maj. Gen. Clements McMullen, commanding officer.

Army Quartermaster General's office—a thorough test of acceptability of black-eyed peas being undertaken. Selected stations throughout the United States will be or-

Gauche Wagged His Way Out Of Trouble

CHICAGO —(P)—Two gunmen spotted an Alaskan husky asleep in the corner of a South Side book store and warned the clerk: "Don't wake that hound. If he gives us any trouble we'll shoot him." But Miss Clarinda Duck, the clerk, said they spoke too loudly in ordering her to hand over \$50 and roused Gauche. But Gauche wagged his tail as he walked over to the robbers and followed them to the door. The gunmen fled.

Written By The Journalism Class Of Midland High School

New Fire Escape System Explained

Details of the new fire escape system for MHS were announced this week by Mr. Charles F. Mathews, principal.

The regular fire signal indicates that students are to leave the building immediately by the regular exits. In case the stairways are blocked by fire, however, the second floor classes will leave by means of the fire escapes.

The signal to use the outside escapes will be the regular alarm and three bells in addition.

Students from rooms 201, 202, 203 and 204 will use the west wing escape located between rooms 201 and 202. The other fire escape in the west wing is located between rooms 215 and 218 and will be used by 215, 216, 205, 218 and 219.

The classes in rooms 207, 206, 208 and 212 will exit by the escape next to the teachers' lounge, in the east wing of the building. Rooms 210, 211, 209, 213 will leave by the regular exit located next to room 210.

Students will exit in the order that rooms are listed and descend the fire escapes in single file. They will return to the classrooms by means of the regular stairways.

The fire escapes are to be used for this purpose only and students are requested to use the regular stairways at all other times.

Love's Lane

By BILLIE LOVE

Twirl season ends today, so now things can settle back to normal.

If the Junior play isn't nice than any yet, it won't be Mr. Slight's fault. He and a crew of boys have been painting flats in anticipation of the Junior play to be held Monday and Tuesday nights.

This week has been American Education Week. A week that has made most of us realize what it means to be in a free public school system, and what it means to have our own free choice of school subjects and religious doctrine instead of being told exactly what we must believe.

Paris for the Christmas pageant are being cast by Miss Harris. This year it is to be a double cast.

Possibly you have been wondering what a clown, an old woman, a witch, a distinguished Southern gentleman, and a pirate have been doing roaming the halls of MHS. Relax. The dramatics class has been studying make-up and these are the results.

Z. O. Tabor recently mangled his fingers over one of the shop machines, but just the same he is coming along nicely.

Can you realize that the end of the second six weeks is almost here? But don't despair, there is still a chance to give a little effort and make the A and the A-B Honor Roll. If you "dig."

Here is a little thing that might make all teenagers stop and think a little:

Famous last words: "By golly, it's my right of way." If the shoe fits, wear it.

Students, Teachers Take Long Weekend

Many MHS teachers and students took advantage of the long weekend provided by the Armistice Day holiday. Numbers of them made weekend trips.

The Southwest Conference football games prove an attraction as Richard Hull and Carolyn Cook attended the Southern Methodist and Arkansas game in Dallas. Mrs. W. J. Parr went to Austin for the Texas-TCU game.

Bob Wood, Harris Smith, Jack Mobley, and John "Jasper" Ratcliff were digging for oil in front of the school. Find any oil boys? Norma Jean Hubbard and Marie Secor, graduates of '48, have been elected to the Vesper Board at Christian College, Missouri.

David Dickinson—class of '47—is home for the weekend from TCU where he is a journalism major. Rosemary Schott has been in Iowa for about two weeks.

Introducing The Twirling Corps—

The Twirling Corps of MHS, a new organization, was begun this fall by Carolyn Curd to enable more girls to participate in the performances at football games and in parades.

The drum major of the corps is Carolyn Curd. Miss Curd, a high school junior, plays the clarinet in the band.

Jo Ann Monroe is the captain and assistant drum major. Miss Monroe, who is in the eighth grade, plays the melophone and is drum major of the Junior High School Band.

Other members of the squad are Shirley Pulliam, sophomore, Lynn Griffith, sophomore, Shirley Robinson, seventh grade, and Wanda Lou Steele, eighth grade.

These girls can be seen marching behind the Gold Jackets in parades and twirling on the field during the half-time of both "A-squad" and "B-squad" football games.

The major's uniform consists of gold satin blouse, gold and white short skirt, white satin vest, gold tights, and white boots with gold tassels.

The other uniforms are white satin blouse, purple and white skirts, purple vests, white satin

- Katherine Lewis, editor; Peggy Mince, assistant editor; Helen Cartwright, copy reader; Densel Ann Kemp, exchange editor; Billie Love, class editor; Carol Glahn, club editor; Jo Anne Boykin and Chalk Murray, photographers; Maggie Murphy, Miss Edgerly; Tina Williams, business manager; Dan Dickinson, sports editor; Rosemary Schott, and Cynthia Parker, reporters; J. J. B. Student, and Charles Harris, reporters; Mrs. W. J. Parr, sponsor.

LOOKING AHEAD

- Monday: Home rooms.
 - Tuesday: In-service training at 2:30 p.m.
 - Wednesday: Assembly at 2:30 p.m.
 - Thursday: Clubs.
 - Friday: Pep rally and parade at 9:45 p.m.
- The record winning share for World Series players was the 66-77.05 pocketed by each Cleveland Indian in 1948.

Mr. Bohn Is Answer Man

By CAROL GLAHN

If you're looking for the atomic weight of nitrogen, the specific gravity of a compound, or an explanation of Einstein's theory of relativity, you should inquire in the science lab, Room 208. The person in MHS most likely to have that information is Louis A. Bohn, who teaches physics, chemistry, and general science.

Mr. Bohn was born in Perry, Texas, and attended school there for nine years. After completing the nine grades of Perry school he went to nearby Marlin High School for two years before his graduation.

He says that Midland High School reminds him of his alma mater as the Marlin team was

Louis A. Bohn

called the MHS Bulldogs and their colors were purple and gold.

After graduation from high school, he attended the University of Texas, but his college education was interrupted by four years spent in the U. S. Navy.

For one and one-half years he was stationed in Miami, Florida, as a pharmacist's mate before he applied for midshipman's training. This training was received at Northwestern University and he then took a four month communications course at Harvard University.

The remainder of his navy career was spent in the South Pacific where he served as a communications officer. He was stationed in Honolulu for 6 months and Guam for 18 months. He said he found the traveling very interesting.

He was married soon after his discharge and returned to Texas University where he received his degree in Bacteriology in June, 1948.

Mr. Bohn came to Midland this year from Navasota, Texas, where he spent his first year of teaching. He says he enjoys teaching and plans to make it his life work.

Junior High Has New School Paper

This year for the first time, Midland Junior High has a school paper. Miss Veta Watson, sponsor, started the new paper here.

After school started, the student-body elected Sherry Page as editor and Carol Ann Fitting as associate editor. The home room reporters made up the rest of the staff with a few others that were interested in journalism. When they met as a group, the class chose Carolyn Davis as circulation manager; Dana Smith, society editor; Shirley Henderson, sports editor; Ann Ashby, feature editor; Joe James, art editor; A. L. Teaff, publisher; Frank Green, Ann Williams, and Carroll Thomas, pressmen; Virginia Kroenlein and Edythe Tanner, copywriters and Sara Cameron and Nona Lynn, typists.

There was then a schoolwide contest to name the paper. Leading as suggested names were "Bull Pup," "Herald," and "Times" so the staff combined two names and came up with the "Bull Pup Times." Printed on Mimeograph.

Publisher Teaff and his three press men print the paper on an electric mimeograph machine bought by the school's business manager. The students paid 20 cents at the beginning of the year for the entire school season. They receive the paper every Wednesday.

The staff has sold about 435 copies of the paper this year.

Already this year the Bull Pup staff has helped the school by campaigning against waste paper on the school grounds and for fire drills. The art department helped on the waste paper campaign by making posters for the halls.

As Miss Watson says, "Our purpose is to report news and at the same time to entertain the students, and to train the staff in journalistic principles."

Shower Honors Adele Deavenport

Mrs. Jim Deavenport was the honoree at a shower given Saturday, November 5, by Vi Jean Fuglar, Ann Brown in Miss Fuglar's home on the Cloverdale Road.

Mrs. Deavenport, the former Adele Blackman, is the daughter of Mr. and Mrs. W. S. Blackman, of 1011 West Illinois Street, Midland. A tiered white wedding cake, trimmed in blue and topped with a bride and bridegroom, was cut by the bride. Mrs. C. R. Fuglar poured the orange-pineapple punch. Guests present included Toya Chapple, Jean Blackwell, Shirley Harrison, Wanda Burnside, Maggie Munhey, Janis Slough, Vi Jean Fuglar, Ann Brown of Big Springs, Marjann Forrest, Margi Carter, Jean Ferguson, Gloria Anguish, June Haslip, Joyce Howell, Martha Price, Beverly Keating, Peggy Charlton, J. Ann Nelson, Sue Johnson, Rosalynn Leggett, Tina Williams, Mrs. Joe Deavenport, Mrs. H. L. Deavenport, Mrs. C. R. Fuglar and Mrs. W. S. Blackman.

48 Per Cent

(An Editorial)
Forty-eight per cent of our student body attended some sort of church service last week. This is only 334 of the 716 students in high school.

The Pilgrims founded this country because they wanted religious freedom. Since that time our countrymen have fought and died to protect this right. Few of us realize what it would be like to have this right denied us. We have had religious freedom all our lives and never think of the sacrifices our forefathers made to gain this privilege for posterity.

Will YOU be in church today and help make it 100 per cent rather than 48 per cent?

Outstanding DE's To Receive Awards

Plans for awards to be made to the outstanding D. E. boy and girl have been made by the Distributive Education advisory committee, composed of local business men and faculty members. The awards will be the following study of job reports cards for each D. E. student.

and an "on the job" visit by the committee to the six outstanding D. E.ers.

All D. E. students will be graded by a committee of teachers on their regular semi-annual job report card, and the three boys and three girls whose records are outstanding will then be paid an "on the job" visit by the D. E. committee. Following this visit, a choice will be made of one boy and one girl to receive the awards. Details of the awards have not been announced.

Factors to be considered in the selection will be scholarship, leadership, initiative, responsiveness to training, application on the job, and citizenship.

The objective of the distributive education program are:

- 1) Teaching youth the responsibility of working at an adult job.
- 2) Acquainting school youth with how and where to look for a job.
- 3) Teaching youth what is meant by "a fair day's work for a fair day's pay."
- 4) To offer the high school youth an opportunity to learn and possess a marketable skill that will qualify him for full time employment after graduation.
- 5) To give school youth "job conditioning" necessary for success.
- 6) To give school youth proper guidance and counseling on how to learn to adjust themselves to a work schedule.
- 7) To help our young people bridge the transition period between school and adult life and of the adult business world.

Committee members are: Gerome G. Grayum, manager of J. C. Penney Co.; Mr. John B. Mills, manager of Midland Hardware Co.; Mr. Richard Kitchens, manager of White's Auto Store; Mr. Roy McKee, manager of McKee Insurance Co.; Mr. O. L. Darden, Jr., manager of Pur Food Stores; Mr. Charles H. Mathews, MHS principal, and Miss Donnell, co-ordinator.

A Poetess In Our Midst

Many MHS students have been unaware of a poetess in their midst. She is Verna Jones, a sophomore. Verna has lived in Midland for three years, having moved here from Wickliffe, Arizona. She was educated in Phoenix, Arizona and has lived in New Mexico and Arizona and has also lived in Midland before.

Verna has made a book of her best poems. There are thirteen at present, all printed in very neat and precise form. Verna wishes to have published. Her family plans to move to California soon and there she believes she will have a better chance to have her poems published.

Verna first had the desire to write poetry while she was in the fifth grade when she was assigned to write about an object of nature. Verna chose to write a poem about a waterfall.

Though Verna's life is filled with poetry, her hobby is music. She has entered the guitar and likes the song "Annie Laurie" especially well. Margaret O'Brien heads Verna's list of movie favorites and she relishes french fried potatoes for any meal—breakfast, lunch, or dinner.

CUB CLUB NEWS

In a meeting Monday afternoon, the members of the Cub Club elected their officers for the year. Elected to office were: Max Schaefer, president; Emily Hamilton, vice president; Peggy Greathouse, secretary-treasurer; Eddie Juan Darnell, sergeant-at-arms; Swan Hagler, reporter.

After the elections were completed, Mrs. V. J. Parr, Jr., sponsor, passed out exchange papers for the students to look over. The members of the club were asked to get a list of words which they find used in the newspapers which they read. Membership of the club is made up of reporters from all classes, clubs and homerooms. The purpose of the club is to train the reporters to know how to recognize and report news.

Bus Drivers Get Thanks From MHS

Thanks this week go to the bus drivers who drove the drill squad buses, band buses and the chartered bus to the out-of-town games this year.

Many pupils who went on these trips wouldn't have been able to attend the games held out of town if it hadn't been for these drivers. The drivers of the buses were Carl Langley, Roy Strickland, C. B. Price, Herman Gunter and James Witt.

NHS Holds Initiation

The National Honor Society held initiation of new members Thursday, November 10.

President Margi Carter gave a short speech of welcome to the new members after which Tina Williams, Maggie Murphy, Joann Ragan and Fay Montgomery each explained one of the four qualifications for membership, citizenship, leadership, scholarship and service.

The new members took the pledge to the National Honor Society.

Following the initiation, refreshments were served.

New members are: John Klingler, Paul Dickinson, Obie Stalcup, Nick Harrison, Bill Robertson, Nichole Bolin and Chalk Murray.

Junior Play To Be Staged This Week In Auditorium

The Junior play, "Meet Me in St. Louis," will be presented Monday, November 14, and Tuesday, November 15, in the Junior High School Auditorium with curtain time both nights at 8 p.m.

This popular play by Sally Benson was adapted by Jerry Lewis. It is directed by Miss Verna Harris with Swan Hagler as student director.

In the cast are: Clint Dunagan as Mr. Smith; Jo Ann Nelson as Mrs. Smith; Bill Franklin as Lon Smith; Toya Chapple as Rose Smith; Susanne Young as Esther Smith; Shirley Harrison as Agnes Smith; Jean Ferguson as "Tootie";

Clifford Wilcox as Grandpa Prophater; Lynn Nicholson as John Shepard; David Anguish as Fred Gregory; Wilma Like as Lucille Pentard; Roy Mann as Mr. Dodge; Joe Barnett as Mr. Duffy; Bobby Collins as Mr. Tobin; Betty Lippincott as Miss Gandy; Alvin Owsen as Mr. McGuire; and Glenda Hamblin as Mrs. Waughp.

The stage crew is composed of R. D. Slight, Tommy Vannaman, Raymond Leggett, Don Drummond and the LI class.

On the make-up committee are Betty Wilson, Jimmy Chauncey and Barbara Burnham.

The advertising committee includes Mary Lee Brown, Betty Clark, Lynn Griffith, Maxine Hill, James Johnson, Betty Lettich, Katherine Lewis, Cynthia Parker and Peggy Read.

Ushers are Gloria Anguish, Joyce Howell, Mary Nell and Adele Blackman Deavenport.

New Commercial Club Is Formed; Fielder Gives Talk

Secretaries and business executives of the future, now students of MHS, have formed the Commercial Club, sponsored by Miss Fannie Reeves, typing, shorthand and bookkeeping teacher. The meetings are held on Mondays during activity period.

The main object of the Commercial Club is to aid teachers in typing and clerical work. Students are called from study hall to do this work at any time and will receive credit and recognition upon the recommendation of teachers. Some members are not experienced typists yet but as soon as they are capable they will be given a chance to obtain this experience.

Mr. Fielder of the Texas Employment Service, accompanied by the Social Security representative of the Midland area, talked to the commercial group Monday, November 7. Mr. Fielder gave students pointers on applying for jobs, the "do's" and "don'ts" of the applying process, and warned of employers' expectations and pet peeves.

Miss Reeves plans to enter the top shorthand and typing student in Inter-scholastic League contest probably to be held in April. Bookkeeping students will take tests put out by Southwestern Publishing Company. These tests will be sent in after completion and the rating of each student will be returned.

The club has 18 members. Leading the organization are: Ann Wells, president; Jimmy Kennedy, vice president; Wilma Green, secretary, and Frances Claybrook, reporter.

Parties Given By Homemaking Class

"Plenty of food and fun for all" has been the motto in Miss Parnell's fourth period homemaking class for the past two weeks.

The class was divided into four groups and each entertained with a special type party. The first to be given was a popcorn party. Refreshments, consisting of popcorn balls, cookies, and candy, were served by Clara Coleman, Camilla Ochoa, Dorotha Colburn, and Francis Moreno.

A Red, White, and Blue party was next, with hostesses Eva May McElrath, Marian Axe, and Wanda Lou White serving tuffanif sandwiches, cookies, and fruit punch from a table decorated in a patriotic motif.

Refreshments were served by this group by Dorothy Colburn who was voted the tuckiest girl.

Last Tuesday evening at 6:30 in the kitchen of the homemaking department Elizabeth Walton, Wilma Fuqua, Martha Campbell, Patsy Hamman and Betty O'Neal gave a tacky party. Dorothy Colburn was voted the tackiest girl.

The refreshments prepared by this group were deviled ham sandwiches, cookies, apples, and hot chocolate. On Wednesday, Ruby Sage, Peggy Vineyard, Shirley Boyett, and Betty Landrith gave a tea and served pimento cheese and deviled ham sandwiches, candy and tea.

In giving these parties the girls have gained valuable cooking experience, and have learned how to be more gracious hostesses, according to Miss Parnell.

Teamwork Is Theme Of P-TA Meeting

"Teamwork Between Parents" will be the theme of the next regular meeting of the Senior High School Parent-Teacher Association which will be held in the MHS Band room on November 22 at 7:30 p.m.

Following a short business meeting and program there will be an open house. During the open house parents can meet their children's teachers. This "Back to School" program is being held as a "National Education Week" celebration.

Miss Verna Harris is the director of the program, "Demonstrations in Acting," which will be presented by the high school dramatics class. In this program will be demonstrations of an English dialect and imitations of inanimate objects.

Refreshments will be served by the students of the Home Economics Department of MHS.

Second 'Apples' Pep Rally Held

Midland High School had its second "apples" pep rally Thursday, November 10, in the high school gym.

Apples were given to the football boys at the first pep rally held at the Brownfield stadium. The apples are to give the boys a taste of victory. Mr. Monroe presented the apples.

The cheerleaders led yells and the pep band furnished music. The pep band introduced Bill Collins, editor of The Reporter-Telegram. Mr. Collins said, "With the price of beef what it is, we can't afford to see the Steers go back alive."

Lubbock To Renew Feud With Bulldogs

Lubbock number one team in the state, comes to Midland for a conference game with the Bulldogs next Friday night.

Lubbock will be a very heavy favorite in this game, of course. They have been rated in the number one spot in the state again. They have a powerful offense and a stern defense which is illustrated by the 256 points the Westerners have scored and by the scant 51 points scored against them. Their line averages 189 pounds which is 18 pounds per man heavier than the Bulldogs.

Lubbock has many fine ball players but Wayne Stroud, 160-pound halfback, is the Westerners outstanding back. He is one of the leading scorers in the state. Sam McDrall is the line slacker at Lubbock. He is a 230-pound guard. All of the Lubbock team has looked great this year.

Midland will be in fair shape for the game as Al Base, Stan Coker, and Luther Mooney will all probably be ready to play again. The picture may look absolutely hopeless but the Bulldogs have as good a chance to upset Lubbock as any team in the district.

Exchange News

Just passing a glance over the Plainview High School Plainman (the high school paper) we saw where their junior play cast has been selected for the play, "Big Hearted Herbert."

In The Pantherette, of Paschal High School, Fort Worth, there was an article about Burl Ives appearing at Will Rogers Auditorium.

Quote, "Austin High School has at last reached its quota of nineteen hundred students," from the Austin High Pioneer, El Paso, Texas.

In Colorado City, at Colorado High School, even the girls play football—band girls that is—and all the proceeds made from the game go for band uniforms, or so says their paper, The Howl.

Jim Ball, junior class vep of Monahan High School, Monahan, Texas, broke his leg in his PE class. That's too bad, but it will give him a good chance to read the high school newspaper, The Sandstorm.

Short Named Cheerleader

MHS is proud of another of its exes, Bob Short, who has had continuous success while a freshman at the University of Oklahoma.

Bob, son of Mr. and Mrs. L. M. Short of 1011 W. Louisiana, was elected cheerleader of the University of Oklahoma, at elections held October 20, 1949. This will make the total number of cheerleaders three. The students tried out for the honor and four were elected. Selection of the four cheerleaders was made by ballots of representatives from the Sooner band, IMA, IWA, IPC, Panhellenic council, athletic department, student affairs office and the Oklahoma Daily.

Bob also has been elected vice president of the Freshman Y organization which is one of the largest organizations on the campus, and Social Chairman of his fraternity, Kappa Alpha. He is a candidate for the Freshman Student Senate but the outcome of that election has not been announced.

During his days in MHS, before graduation in 1949, Bob was active. He was Friendly Boy, secretary of the Senior Class, cheerleader two years, and on the Student Council three years, and was a member of the National Honor Society, National Thespian Club, Quill and Scroll, National Forensic League, Geology Club, Science Club, Debate Club, and won the 1947 Texas Inter-scholastic League Award.

Legion Sponsors Oratory Meet

The American Legion is sponsoring an oratorical contest for high school students on the subject of "The Constitution of the United States."

Each contestant must write a prepared speech of ten to twelve minutes on some phase of the Constitution. He must also be prepared to discuss one of twelve topics on the Constitution extemporaneously. Many valuable prizes are offered. The first place winner in Midland will be awarded a \$50 savings bond. National prizes include: first place, \$4,000 scholarship; second place, \$2,500 scholarship; third place, \$1,000 scholarship; and fourth place, \$500 scholarship.

Anyone who is interested please contact Maggie Murphy for further information.

CAFETERIA MENU

- Monday: Baked ham, mashed potatoes, green beans, raw carrots, hot rolls, apple milk.
- Tuesday: Hamburger loaf, pinto beans, cole slaw, cornbread, peach halves, milk.
- Wednesday: Beef with gravy, baked potatoes, peas and carrots, apple and celery salad, hot rolls, apple sauce cake, milk.
- Thursday: Vienna sausage with cream gravy, potatoes au gratin, beans, lettuce salad, hot rolls, Brown Betty, milk.
- Friday: Cheese, scalloped potatoes, baked beans, pepper salad, hot rolls, cornbread, baked apples, milk.

Title One Property Improvement Loans Extended By FHA

A four-month extension of FHA Title I property improvement loan insurance operations and a similar extension of FHA authority to insure rental housing mortgages under section 608 of the National Housing Act are provided for in legislation approved by the President, Commissioner Franklin D. Richards of the Federal Housing Administration announced.

The authorizations covering these two features of the FHA program previously were scheduled to expire October 31. In addition to authorizing their continuance through February 1950, the new act increases by \$25,000,000 the amount of the net insurance liability that may be outstanding at any one time as a result of Title I operations.

Further, subject to Presidential approval, the aggregate mortgage principal which may be outstanding at any one time under Title II, on both 1-to 4-family homes and rental housing, is increased by \$750,000,000, and that under Title VI by \$500,000,000.

Other Provisions
Provision also is made for payment of nonadministrative expenses of the agency for mits insurance funds, subject to the limitation that such expenditures made in any fiscal year shall not exceed 35 percent of income from fees and premiums during the preceding year. The purpose of the agency from its insurance FHA to make adjustments in its operating staff and expenses required by fluctuations in the volume of insurance written from year to year.

The Federal Reserve Act is amended to permit national banks to make or purchase mortgages insured by the FHA under Title VIII of the National Housing Act. These mortgages cover rental housing for use by military personnel.

Bones Of Dinosaur Found In Australia

SYDNEY, AUSTRALIA—(AP)—An Australian woman paleontologist looking for fossiliferous strata (microscopic shells which usually indicate oil-bearing strata) found instead the fossilized skeletons of five giant dinosaurs. She was Mrs. Irene Crespin, an Australian scientist, who was searching for oil near Roma, in Queensland.

The dinosaurs, creatures up to 100 feet long, apparently browsed in the swamps which existed near Roma in Mesozoic times. As the swamps dried out and mud became stickier, the ungainly animals weighing between 40 and 50 tons were trapped and died.

Ancient swamps always are good hunting-grounds for fossils and for oil. Recently at Lake Callabonna, in South Australia, a rich store of fossilized remains of giant wombats (Diprotodon Australis), an extinct marsupial the size of a small elephant, was found.

Distinctive Home At Reasonable Cost

This distinctive California ranch house may be built at a very reasonable cost. Note the large size of all rooms, and the ample closet space throughout. The house features a lavatory off the service porch; a stall shower in the bathroom. In the den, the space behind the fireplace may be used as a bookcase or another fireplace. If this room is used as a den, a French door may be substituted for the middle window. This attractive house occupies an area 2,357 square feet, width 45 feet.

Pick House Colors To Suit Setting, Architect Advises

Royal Barry Willis, noted architect, believes a house should be color-styled in keeping with its architectural design and landscape planting, says American Builders magazine.

Giving advice on color selection for home exteriors, the building industry magazine recommends colors on which dirt is least likely to show. Gray and gray-green are mentioned as examples.

For houses on tree-lined streets in small towns or city suburbs, sidewalks painted white or a light color would be preferable. White, which continues to be the top preference for houses with board siding, contrasts pleasantly with the darker hues of the natural environment.

Oil Wells, Refinery In Spare Bedroom Are Kansan's Hobby

WICHITA, KAN.—Got a couple of oil wells and a refinery in your spare bedroom? Frank W. McCurry has.

They're models, of course, but real oil gushes out of one of the wells.

Oil from the other is pumped to the refinery and turned into gasoline, kerosene, distillate and diesel fuel.

The models are McCurry's hobby but it's hard to tell where his hobby leaves off and his business begins. He's a vice president in the Derby Oil Co., a leading Kansas independent petroleum firm. Nearly 40 years have gone into the building of the miniature oil field and refinery, McCurry says.

Close To Discovery
"I started working on it when I was a 12-year-old farm lad living near Peru, Kan," he relates. "Our farm was close to one of the early oil discoveries in Kansas and I would sneak away from home to watch drillers working on a new well."

Several years later he enrolled at the University of Kansas and began to study oil and gas. He had to build equipment for some of his experiments and that gave him the idea of constructing a complete model refinery to add to his simulated oil well.

Today after nearly continuous remodeling and improvement, his hobby simulates practically every phase of the oil industry.

Demonstrations Given
McCurry has carried his showpieces over much of the Midwest to give demonstrations before school children, college students and even oil industry and Army officials.

"There are a lot of model refineries but this is the only working model," McCurry explains.

He makes one exception. Several years ago he built a similar plant for the University of Nebraska but he doesn't know if it is still working. McCurry says he has since turned down "fancy offers" from persons and even foreign governments desiring a similar model.

How much does he figure his plant is worth? McCurry says money could not buy it. However, he estimates it would take about \$10,000 to duplicate it.

Ride In Patrol Car Proves Expensive

ALBUQUERQUE, N. M.—(AP)—When told he could not ride to the police station in the patrol car along with his friends, Nash Werner, 24, used obscene language, says Policeman Frank Avila.

Avila had arrested the friends for fighting. When he heard Werner's remarks, he arrested him too.

Werner got to ride in the patrol car, all right. But it cost him just \$20—for disorderly conduct.

Stumps Quiz Master

CHICAGO—(AP)—Ed Cooper, the man who does the talking on a radio quiz show, placed one of those random telephone calls. The fellow who answered turned out to be the sponsor of a rival quiz show, Cooper asked the quiz question. The other gent didn't have the right answer and the incident ended on a chuckling well-it-had-to-happen-sometime note.

INTERMITTENT DE-ICER

LOS ANGELES—(AP)—De-icers for airplanes work best if the heat is intermittent, says Dr. Myron Tribus of the University of California. His experiments show that when ice is formed heat is released. This heat can be used to aid de-icing if the heat is turned on only at proper intervals.

Color Also Can Be Used Psychologically
Color also can be used psychologically to accentuate the best architectural features of a house and to suppress its less appealing aspects. A dark roof makes a tall house appear lower and a light-colored roof makes a low house seem taller. A house with white trim appears considerably larger than it would if it were painted a dark color.

Lecturer To Study Tibetan Language

CALCUTTA—(AP)—R. K. Sprigg, lecturer in the school of Oriental and African Studies, University of London, is now on his way to Lhasa on a year's research mission on the Tibetan language. For the past year he has been studying Tibetan script with a Tibetan research assistant in the University.

Tibetan script is an early development of Devanagari which India has adopted as its national script. It is written from left to right, unlike the Chinese who write from top to bottom and whose nominal political suzerainty the Tibetans had acknowledged until recently.

Although it is easy to read the Tibetan script it is difficult to pronounce it the way the Tibetans do. Sprigg therefore carries with him recording apparatus to make a series of records of Tibetan pronunciations.

Rangoon Will Ban Use Of Rickshaws

RANGOON—(AP)—The Municipal Corporation of Rangoon has decided to ban rickshaws from the city with effect from Jan. 1, 1951, following representation on humanitarian grounds by the Indian Embassy here.

Rickshaw-pulling is not regarded as a permanent profession in Burma, but one adopted by casual dockside laborers, solely South Indians, during off-seasons. According to an Indian Embassy spokesman, the government of India has forbidden rickshaw-pulling in India. He said the task caused the early mortality of men even briefly engaged upon it.

Heads AAA

Lou E. Holland of Kansas City, Mo., above, prominent businessman and civic leader, is the new president of the American Automobile Association. He was elected at the AAA's forty-seventh annual meeting in Cleveland. Holland is a former president of the Kansas City Chamber of Commerce and has been senior vice president of the AAA for the last two years.

Comfort In New Home Depends On Efficient Heat

For fullest enjoyment and satisfaction in your new home, plan your heating at the same time, and with as great care, as you plan your home. Of the many exciting new things which will contribute to your comfort—streamlined kitchens, sparkling bathrooms, rugs, furniture, draperies—few insure your comfort every hour of the day as the heating system.

One of the dangers to avoid is the temptation to cut costs at the expense of your heating comfort. A low first-cost system may be the most expensive system you can buy because, in service, it costs more to operate and gives less than maximum comfort.

Keeping Shingles Even Is Easy; Here's How

Asphalt strip shingles should overhang the rake edges of a roof 3/8 inch. Here, as shown in American Building magazine, is a simple way of keeping the shingle edges uniform.

With small finishing nails, temporarily fasten a 3/8-inch-thick strip of wood to the ends of the

roof deck sheathing so that the wood strip is flush with the top of the deck. Then place the shingles flush with the outer edge of the strip. The strip easily can be removed and moved to a new position as work progresses.

NICKEL PARKING PENALTY

LAWRENCEVILLE, ILL.—(AP)—Folks who ignore parking meters used to get off with a warning. But no more. Violators will be summoned to the City Hall to drop a nickel in a parking meter set up in police headquarters.

CHAMBERS' A-WASTIN'

DADDY RINGTAIL

By Wesley Davis

Daddy Ringtail And Time To Go

Daddy Ringtail was walking along through the forest one day, looking for someone who might need his help. He saw some monkeys that he had never seen before. They were climbing through the trees, going somewhere—Daddy Ringtail didn't know where. But he saw that they didn't need any help, and so he sat down on the ground to watch them. Then they saw him.

"Look at the funny monkey!" one of them said, pointing at Daddy Ringtail. "Look at his funny tail!"

"Look at his funny hat!" another one of the strange monkeys said. He pointed at Daddy Ringtail's hat and began to laugh.

All of the strange monkeys laughed. There was really nothing wrong with Daddy Ringtail's tail.

of course, or with his hat either. The strange monkeys only wanted to be unkind.

Daddy Ringtail knew it was time for him to go. He stood up and started to walk away through the forest without saying another word. It doesn't do much good, you know, to try to talk to people when they want to be mean.

But a lion came along through the forest just then. He was a stranger himself, but he was very

big and very strong. The lion was a gentleman, one who never said unkind things to anybody, but he saw that the strange monkeys

Czechs Use Old Tricks To Foil Communists

PRAGUE—(AP)—Tricks they used to foil the Nazis are now being resurrected by some Czechs to beat the Communists. During the height of the arrest roundups staged by the Communist-controlled police this month, it was surprising to learn how packed the hospitals and clinics were. They couldn't ship a sick man off to the labor camps or uranium mines, could they?

Those hiding out in this way were mostly business men and other propertied elements, the main targets of the roundups. And, as in the days when they feared the Nazi Gestapo, many men wore winter underwear out of season. Some went to bed fully clothed. One man explained:

"If they grab you during the night the police don't give you time to put on or pack heavy clothing. And it takes a long time before you get a package from home in the work camps." Such packages were made up by numerous Prague people to send to arrested relatives. If a request came for "high boots and a water-proof coat" it usually was the tip-off that the arrested person was in the Soviet-operated uranium mines near Jachymov.

"Does your radio give you static? Avery's Service will operate. Getta look in it, and not at it. Recovery is certain. Why hesitate?"

PUG'S DATING THE BUDDY YOUNGESTER AGAIN THIS EVENING?

YEAH... IT'S BEEN PUG'S WEEK-END TO HOWL, ALL RIGHT!

SHE HAS, TOO! BUT POOR ROSIE...

PUG'S SUCCESS AT THE FESTIVAL WAS SUCH A BLOW TO HER EGO, HER MOTHER HAD TO CALL IN DOCTOR BLACK TODAY!

I THINK THE ONLY MEDICINE ROSIE NEEDS IS SOME OF HER OWN!

Has No Use For The Firewood-Uses Gas

JOLIET, ILL.—(P)—Paul Holmstrom has two tons of kindling wood on his front lawn that he does not want. Paul is looking for Peter Holmquist, who presumably ordered the firewood.

A truck driver dumped the wood Friday when Holmstrom, a refrigerator salesman, was not at home. A neighbor said the driver had inquired for Peter Holmquist but concluded there was an error in the order and left the wood for Holmstrom.

Holmstrom does not know who delivered the wood, which he can't use. He heats his home with gas.

NEW MEXICO POPULATION INCREASES 10.8 PER CENT
WASHINGTON—(P)—The Census Bureau says New Mexico's population has increased 10.8 per cent since 1940.

Estimates gave New Mexico's population last July 1 as 589,000, which is 57,000 more than in 1940.

Witch Weigh

Four hundred years ago this scale at the little town of Oudewater, Holland, was used for weighing suspected witches. If the suspect weighed less than normal ("light enough to travel on a broomstick") she was accused of witchcraft and tortured to death. If her weight was normal, she got a certificate stating "I am not a witch." The old scale has been preserved intact for tourists to see.

NEEDS START
The man-of-war bird cannot take off from water, or from level ground. It can get into the air only by leaping from cliffs or trees.

Soldier Tells How He Talked His Way Out Of Beheading

SAN ANTONIO —(P)—Silence isn't always golden.

A Lackland Air Force Base soldier from Guam kept his head by convincing a Japanese general he was too stupid to execute.

Pfc. Juan Salas, 22, vividly recalls life under the Japanese after their invasion of Guam in 1941. Because of his facility in languages he was given a job as clerk and interpreter with an intelligence unit.

However, when the Americans were about to return to the Pacific Island, the Japs decided Juan knew too much to be left behind.

An impromptu court martial sentenced him to death. Juan watched a Jap truck driver prepare a sword.

But as the young man knelt at the chopping block he started talking—fast. He convinced a Jap general he was too young and stupid to remember anything and too smart to talk.

When the Americans landed Juan slipped away at night and enlisted in the U. S. Air Force. Now he works as a records clerk in the 3725th orderly room.

Alexandria Benders Really Something

LOS ANGELES—(P)—When Alexandria, Egypt, went on a bender in the second century B.C. the city was really equipped for it. This fact was dug up by Dr. Arthur Patch McKinlay of the University of California.

In Bacchic festivals, giant wine containers were drawn through the streets by the faithful. One great cart was drawn by 600 men and carried 30,000 gallons of wine.

METEORITES, NOT STARS
Shooting and falling stars are not stars at all, but meteorites, which are comparatively small masses of rock or iron flying about in space.

Secretary Is Real Boss Of U. S. Navy

WASHINGTON—(P)—The recent change in the Navy's top command serves to point up one fact: The Navy's real boss is the secretary. No man in uniform can overrule him once he has made up his mind.

When a man is made chief of naval operations he becomes the highest ranking active officer in the Navy. He has command of the fleets and has the responsibility for keeping them ready for war. But the secretary always has command of him.

The job of chief of naval operations is a relatively new one. It wasn't created until 1915. Before then the secretary personally exercised control over all the fleets and bureaus of the Navy Department.

The office of secretary was created in 1798. The bureaus were established in 1842.

When the office of the Chief of Naval Operations was created, by law, this country was following the British pattern. At the head of the British navy is a civilian, the first lord of the Admiralty. Under him is a professional sailor who manages the navy for him. His title is first lord.

Vague At First
The powers of our chief of naval operations were at first rather vague. The law said that he should, "under the direction of the secretary of the Navy, be charged with the operations of the fleets, and with the preparation and plans for its use in war." But the CNO was not clearly in command of the Navy.

To correct this, during World War II the CNO was made commander-in-chief of the U. S. fleet. Fleet Adm. Ernest J. King held the dual position.

Shortly after the war was over, President Truman abolished the office of the commander-in-chief of the U. S. fleet and in an executive order gave a new, clearer definition of the powers of the CNO. The order stated flatly that the secretary of the Navy was the commander of the Navy, under the president, but that the CNO "shall have command of the operating forces comprising the several fleets, seagoing forces, sea frontier forces, district and other forces, and the related shore establishments of the Navy, and shall be responsible to the secretary of the Navy for their use in war and for plans and preparations for their readiness in war."

Most of the orders to the various bureaus and other units of the Navy issue from the office of the CNO. In one field, however, he does not actually have command. In matters concerning the procurement of materials he exercises only an advisory function. This is considered a type of work which can be best done by civilian specialists. So it is handled primarily by the assistant secretaries and the secretary.

Oldtime Cowpoke Notes Big Change Has Taken Place

DALHART —(P)— Eighty-year-old Mack Johnson who used to herd cows on the EIT ranch says things aren't the same anymore.

When he was chief of police of Dalhart between 1906 and 1910 there were 13 saloons in the town, open day and night.

And one time he himself got arrested. "The Humane Society had me here," Johnson remembers. "There was an old burro staked out near the railroad tracks, and I told the folks they'd just have to get rid of it, because it couldn't be kept in town that way. When it caused a horse to run away with a woman one day, I decided to take the burro to the pound."

Case Dismissed
"That burro 'sulled,' and I had to rope and drag him on his side about 200 yards over grass to the pound. I was ridin' old Turkey Track, the best cowhorse you ever saw, and we had made three trips to Montana," Johnson recalls that the late Ed Hyde was prosecuting attorney, and the late Charlie Stepp defended him. After much arguing, he said, the case was dismissed. Johnson said Turkey Track was about 37 years old when he left Dalhart, and he left him with W. S. (Daddy) Woods, a preacher here.

Johnson was back visiting his old hometown this month from his home now in Vallejo, Calif.

He is an oldtime fiddler, and has kept it up through the years. Until his hearing became bad, "I was a fiddler, not a violinist," he said. "Since I played entirely by ear, it has ruined by fiddlin' since I don't hear so well."

Handicapped Youth Tries Cattle Raising

ONECO, FLA. —(P)— Rheumatic fever made sports impossible for Burdette Parent, so he has substituted cattle-raising.

The 10-year-old fifth grade student had the illness when he was six, and it left him with a heart murmur which ruled out sports, although he still likes to watch them. He's also a Cub Scout working on his Bear Badge.

He has raised steers "cooperatively" with other members of his family before but now he is doing a solo with a 540-pound Aberdeen Angus steer, looking for laurels in 4-H Club work.

Holland Hankie

On a "thank you" visit to Memphis, Tenn., Mayor Meine van Veen of Enschede, Holland, displays a souvenir handkerchief made in Holland from mid-South cotton. His audience is Betty Fay McAllister and Hugh Allan, Jr., representatives of all Memphis school children who sent boxes to Enschede after the war.

Attempt At Robbery 'Brings Down House'

CHICAGO—(P)—A robber strode into Hiram Bloodgood's grocery. He shoved Bloodgood against a shelf. Down came a deluge of canned goods.

The robber tried to hurdle the counter, but tripped. Down with him went a pile of boxed eggs and doughnuts. The robber yanked out the cash drawer. The money rained down on the litter of merchandise on the floor.

The robber stooped, plucked a \$20 bill and left, without throwing a single custard pie.

Fruit Fly Control Is Being Prepared

RIVERSIDE, CALIF.—(P)—If the Oriental Fruit fly ever invades the United States, the University of California hopes to be ready to fight it.

Prof. Harry S. Smith, specialist in biological control has been sent to Hawaii to mass produce several of wasps that prey on the fly. Breeding stock for the wasps has been gathered in China and Formosa.

NOT NECESSARY
The United States Constitution does not require political parties to frame platforms, the practice growing out of the development of the party system in the nation.

The American Way of Life Depends Primarily on One Factor . . .

FREEDOM

- UNDER FREEDOM of RELIGION
Americans attend more churches than any nation.
- UNDER FREEDOM of SPEECH
We have more newspapers, more radio stations than any country in the world.
- UNDER FREEDOM of OPPORTUNITY
Our children attend more schools, have more chances to succeed in life.
- UNDER FREEDOM of ENTERPRISE
We make almost one-third of the world's goods, mostly for our own use. It is the manly urge that has led millions of Americans to launch their own ideas into action.

Men achieve their goals through . . . INITIATIVE, COURAGE, THRIFT and WORK . . . and in doing so make OUR NATION STRONGER!
