

## Star Lites

By Bill Ellis

**HAVE YOU EVER** thought about the mountain of paperwork that is caused by all of the government forms that various businesses and individuals have to fill out from time to time?

It scares you to realize the amount of paper that goes into Washington, D.C. Personally, we can't figure out where they put it all, if even for a short time.

Ten years ago, a congressional committee concluded that if one government record were burned every second, it would take 2,000 years to destroy them all. It has, of course, multiplied since that time.

A new commission has been appointed to try to cut down on the number and length of forms that the government sends you to fill out and return.

The new commission won't have an easy job. In fact, historically speaking, they are in for it. Earlier attempts at reducing the tremendous pile of paperwork have not succeeded.

In 1956, the Commerce department studied its paper problem, and found that it was producing enough to fill 12,000 four-drawer filing cabinets in a year. Commerce officials proceeded to inaugurate a "Paperwork Month" program.

Ever since, records and papers have continued to proliferate throughout the government. But let's not fault the Commission for having another try, even though the job will be tougher than before. As new regulatory agencies have been born, and got to their feet, they've promulgated new regulations that in turn have produced new mountains of paper.

The new paperwork commission of 14 members, including government and non-government people, was authorized by Congress last December. They met for the first time recently and are to continue meeting for a couple of years.

**THEIR JOB** is to recommend to the various agencies how paperwork can be reduced. Current laws that require cooperatives, businesses, and individuals to submit lengthy reports to the federal government will be reviewed.

Reports some businesses have to make "are a foot or two across," said Rep. Frank Horton (R-N.Y.), temporary chairman of the group. "We've got to see if we can do away with some of this information, or get it into simpler form."

Besides three cheers, the commissioners can use some sympathy. Their task is monumental. Consider, for example, that—

+ American business enterprises are now spending an estimated \$18 billion every year on government paperwork;

+ The government itself spends almost that much printing the paper, and processing it;

+ Washington sends out each year 5,164 different forms that have to be filled out and returned;

+ A recent survey showed that American enterprises spend the equivalent of 35.6 million man hours annually to fill out reports required by federal agencies;

+ Ten billion sheets of paper flow into federal offices annually from across the country, an estimate made in 1972 which probably means the present number is at least a couple billion more;

+ The paper is enough to fill a major league baseball stadium from the playing field to the top of the bleachers 50 times, according to the calculations of Sen. Thomas J. McIntyre (D-N.H.), a member of the commission.

McIntyre tells of a Wisconsin farmer who recently sent him a package of just a few of the government forms he fills out. They included W-2s and W-3s, to report on employees' wages; 940s and 941s, to report on Social Security and unemployment taxes; 1099s, dividend reporting forms; 1096s, to report on the number of 1099s filed; WTs and W2s, for the state tax bureau; corporate income tax forms; capital stock transfer forms; and quarterly withholding tax forms for household employees.

There were only the farmer's income tax forms. His stack did not include forms from the USDA, the Census Bureau, the Equal Employment Opportunity Commission, and new regulatory agencies such as the EPA (Environmental Protection Agency) and OSHA (Occupational Safety and Health Administration).

REGULATIONS MULTIPLY like rabbits in Washington. Forty-five thousand, four hundred and twenty-two pages were required in the official "Federal Register" last year to publish the government's new regulations, in very small type and tortured prose.

Lawmakers and even some bureaucrats are becoming alarmed at the rapid increase in federal rules

## Corn Harvest Picks Up Steam

Given an assist by beautiful weather during the past two weeks, harvest of the area's record corn crop really picked up steam, and was more than one-third finished after Thursday of this week, according to elevator officials.

"Judging by our receipts, I'd say that about 35 per cent of the crop is harvested in the Hub area," said O.L. (Mac) McMurtrey, manager of Hub Grain Co. late Thursday.

McMurtrey said that the corn around Hub was averaging 7,500 to 8,000 pounds per acre, with some fields running up to 10,000 pounds per acre. However, there was a strip near Hub that was hit by hail early in the growing season, and yields on these crops has been cut to around 5,000 pounds of grain per acre.

"We're beginning to pick up steam," McMurtrey said about the pace of the harvest. He indicated that virtually all of the corn being received is having to be dried. Moisture content was running around 19.7 per cent on Thursday.

"It is supposed to dry at the rate of a half a point per day, but I don't think it's drying that fast," McMurtrey said about the crop's maturing pace. McMurtrey indicated that if the perfect Indian Summer weather that has prevailed so far during harvest will hold for awhile, the corn harvest could be over the hump in another 10 days to two weeks.

"Of course, some of the late planted corn is still green. But if we could have another 10 days of nice weather, we could pretty well wrap up all the 'old corn' in this area," McMurtrey said.

It was indicated that less than three per cent of the corn that has been marketed has been sold. Farmers are waiting for the most part, watching the market.

Market price on corn in Friona was \$4.78 per hundred pounds on Thursday. This was six cents per hundred less than the previous day, when the market had closed at \$4.84 cwt.

The corn price has been bouncing

up and down in the neighborhood of Thursday's quotation for the past several days.

Market price on milo Thursday was \$4.55 per hundred pounds. Wheat was \$4.07 per bushel.

Maize harvest is yet to get started on any kind of scale. It is estimated that maize, once the backbone of the Friona area, makes up only about 15 per cent of this year's grain crop.

Except for the strip that suffered hail damage, the 1975 crop has been aided by extremely favorable weather for the most part, including some timely rains during the growing season, and at least through the first ten days of October, an extremely pleasant harvest season.

### Star Early For Holiday

The Friona Star reverted back to its Friday press day this week due to the upcoming Columbus Day holiday on Monday which meant no mail delivery for those subscribers receiving their papers on the rural routes or city delivery.

By printing early, the Star could not carry the results of the Friona-Dalhart game Friday night at Dalhart. The game report will be carried in next week's paper.

### Few Will Close Here On Monday

A few Friona businesses will close on Monday, October 12, in observance of Columbus Day.

A Friona Chamber of Commerce poll revealed that those planning to close include the U.S. Post Office, Soil Conservation Service, Friona State Bank, Tri-County Savings & Loan Assn., Production Credit Assn., and The Friona Star.

According to those polled, virtually all of the downtown stores, as well as farm-related businesses, plan to be open for business as usual.

### FOR LIBRARY BUILDING

## Council Tables Request

The Friona City Council debated at length at its monthly meeting Monday about the request from the library board that the Rushing Building (former Ben Franklin store

location) be purchased for use as a municipal library.

After considerable discussion, the council voted to table the request, pointing out that the city was faced with considerable costs on the nursing home project, and that the fate of the city's revenue sharing monies is not definite.

Don Gatlin, president of the library board, presented the council with a printed statement listing the proposed price of the building, located at 718 Main Street.

The action followed an earlier attempt by the board to get the

FRIONA BANDSMEN...Three of the freshmen members of the West Texas State University band hall from Friona. They are shown recently during a break in their drill work. From the left are Phillip Duggins, Janice Hayes and Diane Hamilton. (WTSU Photo-See Accompanying Story)

## Three Frionans New To WT Band

After beginning the year early, the 104 freshman members of the West Texas State University Marching Band have settled into band routine.

The freshmen began rehearsals one week before school and the remaining 146 members started, according to Dr. Gary Garner, WTSU professor of music and band director.

Band members are currently involved in marching during the halftime shows at Buffalo home football games.

Freshmen participated in a freshman marchdown and a freshman skit in which the members sang their individual high school alma maters for the upperclass members of the band.

Freshman members of the band from Friona are Diane Hamilton, daughter of Mr. and Mrs. Glyn Hamilton of Route 3; Janice Hayes,

daughter of Mr. and Mrs. Howard Hayes of 1303 Jefferson Drive, Plainview, formerly of Friona; and Phillip Duggins, son of Mr. and Mrs. Baker Duggins of 1403 W. 7th.

### "Saucer" Is Only Balloon

Several Friona area residents saw what they thought might be a "flying saucer" Thursday afternoon, but the object turned out to be a weather balloon which had gone astray.

The balloon was observed by law officials, who were advised of its identity, and was thought to have come to earth somewhere southeast of Friona.

CHEERLEADERS...The Friona Junior High School cheerleaders posed recently for the Star photographer. At the top are Pam London and Karen Patterson. Kimber Britting

and Diana Gustin are in the center, and at bottom are Myra Veazey, Dana Miller and Kayle Britting. The seven girls may be seen at all the junior high games, doing their thing.

### Post Office Schedules Open House

Open house for Friona's new post office facility has been scheduled for Saturday, October 18 from 3-5 p.m., it was announced this week by Friona Postmaster Wright Williams.

Refreshments will be served. All postal customers of the Friona area are invited to come in and inspect the new building.

"We are real proud of our new facilities, and urge you to attend this open house," Williams said. He said that postal employees would be on hand to show visitors through the building and explain the operations involved in moving the mail.

Postal officials from throughout the area are being invited to attend the open house.

Refreshments will be served.

WORK BEGUN...Lewellen Construction Company has begun preliminary dirt work at the Friona

Nursing Home site. Here, a machine is shown doing some levelling work.

# Friona Flashbacks

....from the files of The Friona Star

## 45 YEARS AGO—OCTOBER 17, 1930

A deal was consummated the past week and contract signed whereby E.V. Rushing becomes owner and proprietor of the Wentworth variety store in this city. Mr. and Mrs. A.N. Wentworth established this store about two years ago and have owned and managed it since. The new owner will take charge Monday of next week. It is understood that he purchased the complete property, including lot, building and stock.

## 40 YEARS AGO—OCTOBER 18, 1935

The first bale of 1935 cotton was brought to the Friona gin last week by C.R. Owens, one of our leading cotton farmers of the Homeland Community.

## 35 YEARS AGO—OCTOBER 18, 1940

On Tuesday, representatives of pump building concerns for irrigation wells were here in the interest of

installing irrigation wells in this locality, and it seems to be an assured fact that a number of irrigation wells will be sunk here within the next few months.

## 30 YEARS AGO—OCTOBER 19, 1945

A splendid concrete tennis court is now owned by the Friona Schools, thanks to the generosity of Leo Potishman of Ft. Worth. The court is south of the high school building and runs north and south. It is in the plot set off for three tennis courts and is surrounded by a hedge of elms. The court is complete except for lines and a net, which will both be added next week. This is the only concrete court in the county.

## 25 YEARS AGO—OCTOBER 12, 1950

Structural steel is being lifted this week as work on the auditorium-gymnasium at the Friona Schools

progresses on schedule. Most materials are now on the ground, including face brick, and completion is expected in the spring. Contract was let last June for 320 days completion. The new bleachers at the football field are now complete with exception of painting.

## 20 YEARS AGO—OCTOBER 14, 1955

In the face of rising prices on every hand, the Board of Directors of the Deaf Smith County Electric Cooperative, Inc., met and agreed that for the month of March, 1956, electricity for irrigation would be 1 cent per KWH. This is a trial run for the month of March. At the present time, irrigation rate is 1 cent per KWH from October 20 to February 20 and for the year 1956, the month of March will be added, making 5 months at 1 cent per KWH and 7 months at 1½ cents per KWH.

## 15 YEARS AGO—OCTOBER 13, 1960

Frionans went fleeing about 4:40 p.m. Tuesday with the tornado siren screaming in their ears as a twister bore down on the community. The crazy twisting clouds were first spotted southeast of Friona by Ben Moorman and Ralph Shirley, who warned the city hall by radio of the impending tornado. Floyd Dameron, about 45, who farms near Friona, was the only person reported injured during the twister. Dameron was driving his truck on Highway 60 when he spotted the twister. His truck was caught just south of the Frio Draw bridge near Friona and was sent spinning into J.T. Gee's grain field and came to rest about 45 feet from the highway. The cloud touched down at the Elk Drive In and this was deemed a complete loss following the storm. Across the highway at the old Chief Drive in the screen is gone and Tuesday night seven trailer houses lay stacked upon one another. About one mile west of town at the Leo McLellan residence the house suffered damage to the northwest corner where the twisting winds pulled the frame loose from the roof spilling the furnishings onto the ground. Several outbuildings at the McLellan place were destroyed or damaged. On west of the McLellan place about a quarter of a mile a tenant house was damaged and outbuildings hit at the Eric Rushing farm.

## 10 YEARS AGO—OCTOBER 14, 1965

Final approval of the city's participation in the paving of Ninth Street from Grand Avenue to Etta Avenue on the north side of the new high school was granted at the regular meeting of the Friona City Council Monday night. The city is to participate in the amount of \$1,350.28 or 15 per cent of the total cost.

## 5 YEARS AGO—OCTOBER 15, 1970

A record-breaking early freeze last Thursday morning put an end to the 1970 growing season, and caused farm leaders to speculate as to the effects the freeze had on area crops. With temperatures dropping to an official low of 28 on October 8, this year's freeze was six days ahead of last year's, which came on October 14, and was the earliest in several years.

## W.H. COOKE in the ROCKDALE REPORTER....

I remember an interesting talk Calvin Cobb, farmer from over around Cameron, made at the Rockdale Rotary Club a few weeks ago, Calvin was talking about cotton farming and was wearing his striped suit (overalls). He looked like a farmer and talked like a Philadelphia lawyer with a Harvard accent except Calvin's accent was more earthy.

He recalled a bumper sticker he saw a short time ago on a farm pickup. It read "Crime Doesn't Pay—Neither Does Farming."

Calvin also told about how cotton farming gets into a man's blood sort of like printer's ink gets into a newsman's blood. Once this sort of thing happens, no man is responsible.

Calvin recollected a bit and told about a cotton farmer who kept trying so long he went broke, lost his life's savings, and he and his whole family were starving. A banker friend refused to finance him further on cotton farming and suggested he try peanuts. So this cotton farmer planted peanuts in a big way, hit it big with government support—and made a bundle. He bought a new car, new clothes, plenty of food for his family and had money left over. His banker friend was aware of all this and real proud the farmer had had such success. On the street one day the banker asked the farmer, "Well, I guess you're going to plant peanuts again this year?"

"Heck, no," the cotton farmer grown rich on peanuts said: "I've got my own money now. I'm going to plant cotton this year."

This is reminiscent of the old story of the town bum who finally got a county job polishing a brass cannon on the court house lawn. It didn't pay much, but even that was a whole lot more than he had ever made in his life. After a couple of years he told the court house official who had befriended him by giving him the job that he was quitting. "Why, I thought you were happy with your job," the official said. And this bum who had got himself so involved with cannon polishing replied, "I was; but I'm going into business for myself. I've bought my own cannon."

JIM HUGGINS in the LOCKNEY

BEACON....This story is from Jimmie Taylor's "Just Ramblin'" column in The Paducah Post. She got it from somebody who got it from the column of Bill Howe in The Shamrock Texan. (Aren't you glad to be reading first-hand stuff?)

A newly married couple were looking for a home in the country in order to get away from the rat race of city living.

After a long search, they found a home they thought suitable so they moved into it and made it their home.

Upon arriving, the wife soon noticed that the new home did not have a bathroom commode, so the couple decided to write the landlord about the situation.

A shy and modest woman, the wife hated to spell out the words bathroom commode so after a lot of thinking, she decided to use the initials "B.C."

Upon receiving the letter, the landlord pondered for quite awhile over the initials "B.C." and ultimately arrived at the conclusion that the wife must have meant "Baptist Church."

So having deciphered the initials as meaning Baptist Church, the landlord penned the following letter to the wife of the new tenant.

Dear Madame:

I regret very much the delay in answering your letter, but I take great pleasure in telling you the BC is located nine miles from your home and is capable of seating 250 people.

This is very unfortunate indeed if you are in the habit of going regularly, but, no doubt, you will be interested to know a great number of people take a lunch and make a day of it.

They usually arrive early and stay late. The last time my wife and I went was six years ago and we had to stand up the whole time.

It may interest you to know a supper has been planned to raise money to buy new seats.

I would like to say it pains me very much not to be able to go more regularly but it is surely no lack of desire on my part. As we grow older it seems more of an effort—particularly in cold weather.

May I hope to see you there! Sincerely, The Landlord.

# REMEMBERING... Witching for Water

By BILL D. BROOKS

The most vital thing in settling any area of land was a good water supply. Springs were available in many areas as well as streams and natural ponds. But where water was not so plentiful, wells had to be dug or drilled. Well location was pretty much a hit-or-miss proposition with dry holes being as numerous as rocks or rabbit tracks. Dug wells were hard work and very discouraging if water was not found.

Water witching came to be relied upon by many as a sure fire way of getting a good well. Witching was done in several different ways because each witcher had his own belief as to what the correct way was. Generally a forked limb from a willow or peach tree was used. It had to be a

green limb, freshly cut. The main branch was about two feet long and each of the smaller ones about a foot in length. The limb was held out in front of the witcher by the forked end. It was held horizontally about waist high. The witcher would walk over the area where the well was needed and, if water was there, the front of the limb would dip downward toward the ground. The better the water supply, the more vigorously the limb would bend. No matter how much the witcher tried to control the stick, it bent itself toward the water below the ground.

Does that make sense? It does to some. It doesn't to most. A geologist was once asked if there was any scientific basis for witching to work. His reply was

"Absolutely not! But if I were going to drill a well, I'd have it witched." People believe in witching because they have seen it work many times or maybe only once. Others are certain it doesn't work because they have seen it fail. Witchers say that in witching for water you have to have a feeling for it and a lot of faith. Those who don't have faith cannot be convinced even if they observe a successful witching. "Just a coincidence," is their reaction.

A more modern technique for witching makes use of two metal rods bent in an "L" shape. The rods are held loosely in front of the witcher in a sort of pistol fashion. They are held parallel to each other about a foot apart in a horizontal position. The

witcher walks around as with the old limb method. Supposedly, when underground water is present the rods swing together, crossing over each other at the best water location. I have used this method to find underground water lines, sewer lines, large metal objects, etc. but cannot vouch for it for locating a good well.

Witching for water may or may not work. I know of no way to prove it and consequently I respect both views. The thing is, if you employ a witcher to find you a good spot for a well and it turns out to be a dry hole, you have him to blame for your failure. If you do not employ a witcher, and it turns out to be a dry hole, you can only blame yourself.

## Services Held For Mrs. Opal Buchanan

Funeral services were held here Monday for Mrs. Opal Ray Buchanan, 72, a resident of the Friona area for the past 50 years. Mrs. Buchanan passed away Saturday night, October 4, at Parmer County Community Hospital after being hospitalized for a week. She was born July 26, 1903 in Knox County, Texas. Mrs. Buchanan married M.B. Buchanan on February 14, 1927 in Clovis, N.M. Survivors include a daughter-in-law, Jo Buchanan of Friona, three grandchildren, Mike, W.Y. (Chief) and Lisa Buchanan. Also surviving are three brothers, Otho Whitefield of Friona; Mike Whitefield of Houston and Heard Whitefield of Clayton, N.M. One great-grandchild survives. Services were held Monday, October 6 at the First United Methodist Church of Friona. Rev. Bobby McMillan officiated, assisted by Rev. Paul Mohr. Interment was in Friona cemetery, under the direction of Parsons-Ellis Funeral Home. Mrs. Buchanan was a member of the Methodist Church, the Friona Order of the Eastern Star, Friona Federated Woman's Club and Daughters of the Nile. Pallbearers were Russell O'Brian, Dee Chitwood, Douglas Stephenson, Melvin Lloyd, Wayne Jones and Wayne Rogers.

### WOODSY OWL FOR NATURAL BEAUTY!

We just can't depend on the other guy to keep our outdoors beautiful. It's up to each and every one of us to prevent sight pollution and to make America a better place to live. For ways you can help, send for Woodsy Owl's anti-pollution poster. It's yours free when you write Woodsy Owl, Forest Service, U.S.D.A., Washington, D.C. 20250.

And remember, give a hoot, don't pollute. Don't be a dirty bird, no matter where you go.

## Vaughn To Speak At PPP Meeting

Jack H. Vaughn

A former Peace Corps director and former Assistant Secretary of State, Jack Hood Vaughn of New York City, will be speaker this fall for the annual meeting of the Panhandle Planned Parenthood Association.

Dr. Mitchell Jones, president of the PPP board of directors, said that Vaughn, president of the Planned Parenthood Federation of America, will be speaker Friday, Oct. 17, at a public meeting at the Amarillo Country Club.

Reservation deadline, at \$5 a person, is Monday, Oct. 13, said Mrs. Karli Kaufmann, executive director of PPP. Reservations may be made by contacting the clinic at 614 W. Eighth Street in Amarillo.

Vaughn, a native of Columbus, Mont., was named president of the national Planned Parenthood federation in March, succeeding the late Dr. Alan Guttmacher in that position.

His career with planned parenthood organizations follows an extensive career in international diplomacy and in the field of education.

A graduate of the University of Michigan, with graduate study at the University of Pennsylvania and University of Mexico, Vaughn taught Spanish and French at the University of Michigan from 1946 to 1948 when he went to the University of Pennsylvania to teach Spanish.

He was director of Binational Centers in Bolivia and Costa Rica from 1949 until 1952, where his background in foreign languages was helpful as it was in his job as

economics with the AID Missions to Panama and Bolivia from 1952 until 1958.

Between '61 and '70 he served in several positions: Peace Corps regional director for Latin America, U.S. Ambassador to Panama, Assistant Secretary of State for Latin America and U.S. Coordinator for the Alliance for Progress, director of the Peace Corps and U.S. Ambassador to Colombia.

He was president of the National Urban Coalition for a year and then went to Florida International University as Dean of International Affairs. He also has been a director of International Development for the Children's Television Workshop.

As president of the Planned Parenthood Federation of America, Vaughn directs 187 PP affiliates throughout the country with nationwide expenditures of more than \$50 million and a headquarters staff of more than 100 professionals.

Goals of the organization are to assure that all couples and individuals have the education and the means to effectively regulate fertility, and to help bring about an orderly reduction in the world population growth.

In 1974, the national organization provided medically-supervised planning service and education to more than 900,000 persons in 44 states and the Dist. of Columbia.

In 1974, the Panhandle Planned Parenthood Association, in which the Parmer County PPA is included, provided family planning services for about 6,500 persons in a 26-county area.

## REC Honors Employees With Safe-Driving Mark

Representing 75 years of driving Deaf Smith REC vehicles without an accident, 15 employees were honored with a breakfast at the Caison House in Hereford.

Bud Eades, representative for the insurance company covering the vehicles, presented certificates to the drivers. An award was also presented to the cooperative listing

the 15 men's names.

Total mileage of all vehicles from Lloyd Collins and Bill Feagley were cited for driving 14 years without an accident. Others receiving awards included: Dick Montgomery, Don Cox, Lonnie Noyse, Tom Weemes, Sam Garrison, David Pruitt, Don Rieves, Al Schumaker, Ed Hartley, Max Griego, Lee Jones, Jim Holmes and James Hill.

## LEGAL NOTICE

**NOTICE SALE OF LANDS**  
The undersigned, having been appointed Receiver by the District Court of Parmer County, Texas, in Cause No. 3620 upon the docket of said Court, by order dated September 18, 1975, and being ordered to sell at public auction the herein-after described lands, hereby gives this public notice that, as such Receiver, the following lands, to-wit:

All of the North Half (N½) of Section 16, Harrah Subdivision, Parmer County, Texas, containing 160 acres of land, more or less, will be offered for sale at public bid at 10:30 A.M. Tuesday, November 4, 1975, by the undersigned at the Courthouse door of Parmer County, in Farwell, Texas. Terms shall be all cash, with 10 per cent deposit

required by the successful and highest bid upon the date of sale. The highest bid shall be subject to approval of the District Court of Parmer County, Texas, and the remainder of the cash bid shall be required to be paid at time of approval of sale by the Court and delivery of Receiver's Deed. Sale of the land shall be subject to all visible and recorded easements and such other matters as may be revealed by examination of the land. An insured title shall be otherwise furnished to the purchaser with the Deed. The purchaser shall be required to settle with the tenant for his plowing of the land at time of sale.

J. B. Sudderth,  
Receiver appointed in Cause  
No. 3620, District Court,  
Parmer County, Texas.

**two phones are better than one**

...to save you steps, to bring more pleasure, convenience and security to your home. Now, for that second phone you really know you need, there's a fascinating selection of functional, colorful, clever, crazy, sophisticated, new-fashion old-fashioned designer/decorator telephones in General Telephone's Extension Extravaganza. Like the STYLELINE® telephone... the phone that puts the works so lightly in the palm of your hand... handset, dial and recall button, too. Could anything be easier (and come in 10 exciting colors, too)?

**CRADLEPHONES** are the very last word in sophisticated styling. Mediterranean, Brocade, Antique White, all resplendent with gold trim and fingerwheels. Conversation pieces right out of another world.

**CANDLESTICK PHONE** the new-fashion old-fashioned phone styled right out of the roaring '20s. It's the only phone that's jazzed. Except that we did away with the separate big old bell box.

**STARLITE®** telephone is a practical luxury for "her room." Dainty high-style with dial that glows. Ideal for night table or vanity for after-dark dialing, or as a friendly adjustable-brightness night light.

**GTE GENERAL TELEPHONE**

**HOMECOMING BONFIRE**...Friona High School students are silhouetted against the blazing bonfire held at a special pep-rally as part of the Homecoming activities Thursday night at Reeve Lake. Members of the football team were introduced. The FHS band also took part.

## Alumni Band Provides Homecoming Highlight

A Friona High School alumni band performed during halftime ceremonies at the Friona-Hart Homecoming game last Friday.

Fans attending the game were entertained as some 37 Friona alums who were members of the band from 1949 through 1974, joined the current Chieftain Marching band for the musical halftime show.

A spokesman for the Band Parents said it was hoped to make the alumni band an annual affair. This year's performance was gotten up as a "spur of the moment" idea. With more publicity and planning, they hope to make next year's turnout "really big."

Included in the halftime alumni group were two sets of two generation band members, Gladys Young and Jan Spencer, and Betty Louise and Rickey Rector.

The alums who turned out for the festivities were:

Cornet—Phillip Duggins, 1974; Rickey Rector, 1972; Bill Ruzicka, 1970;

Tuba—John Taylor, 1966; French Horns—Phila Mae Weatherly, 1958; Alto Sax—Glenda Hardgrove, 1973; David Hardgrove, 1973; Harold Taylor, 1956; Von Edelman, 1949.

Tenor Sax—Robby Osborn, 1960; Clarinets—Jeanine Jarboe, 1974; Jan Spencer, 1974; Vandra Milloy, 1973; Karene Jarecki, 1968; Jacquelyn Hight, 1960; Janet Woodard, 1960; Gladys B. Young, 1957.

Flute—Dorothy Johnston, 1974; Janice Hayes, 1974; Diane Hamilton, 1974; Marilyn Jones, 1974; Hope May's, 1974; Sylvia Hernandez; Kitty Gallman, 1961; Sharon White, 1963.

Drums—Gary Stone, 1974; Mickey Harrelson, 1974; Carl Evans, 1973; Kathy King, 1972; Troy Bass, 1970 and Becky Weatherly, 1968.

Trombones—Gary Mings, 1973; Joe Jones, 1973; Johnny Miller, 1958; Betty L. Rector, 1949; Lunell Horton, 1949; Diane Spencer (baritone) 1974.

## Mail Improvement Plan Announced

The U.S. Postal Service First Class Mail Service Improvement Program will go into effect at Friona Post Office on October 11, Postmaster Wright Williams said today.

Under the new program, First Class Mail will receive service that is equal to or better than airmail.

The major new service step will extend to all first-class mail weighing 13 ounces or less. "In practical terms, what this service improvement means is that domestic first-class postage now will purchase the level of service that previously only air mail could buy," said Postmaster Williams.

"Under the program, there no longer will be an advantage in purchasing air mail postage for domestic delivery," he said.

Priority mail (now starting at weight in excess of 13 ounces), which includes air parcel service, and

international air mail are unaffected by the implementation of the improvement program and continue in their present form, the postmaster said.

Air mail stamps will be sold for use on priority mail and international air mail. They can also be used in various combinations with other stamps for first class mail, he said.

Customers can exchange air mail stamps, and stamped envelopes and cards at full postage value for ordinary stamps, stamped envelopes and cards. Stationery bearing air mail indicia will be allowed to be mailed at the first class rate, Postmaster Williams said.

To aid postal customers, maps showing the cities and areas targeted for next and second day delivery for mail from Friona will be on display in the post office lobby soon, the postmaster said.

## Star Lites ...

(Continued from Page 1)

and added paperwork being generated by the regulatory agencies, old and new. Typical of what Congress hears about this from home was the response received by Rep. Richard Nolan (D-Minn.) to a questionnaire.

The replies indicated, he reported, "that the federal government and federal agencies are choking small business with volumes of seemingly arbitrary regulations."

Concluding that "the situation is critical," Nolan told the folks back home that he is backing a bill to require congressional approval "for any agency regulation that carries with it a criminal penalty." The legislation would be used by Congress, he said, "to examine each federal agency, remove unreasonable and useless regulations, and clearly and absolutely limit what the bureaucracy can and cannot do."

## Acteens Honored At Brunch

The Acteens of Friona's First Baptist Church had a "benchwarmers brunch" Saturday morning, October 4, honoring the girls and their mothers.

The brunch was held at the home of Mrs. Phillip Weatherly. The menu consisted of crepes sausage, rolls, fruit bowl and hot chocolate.

Assisting Mrs. Weatherly with hostess duties were Mary Joyce Barnett, Jacquelyn Hight, Aundrea Frye and Becky Weatherly.

## School Menus

- Week of October 13-17
- MONDAY**—spaghetti-o's, black-eyed peas, hot rolls-butter, buttered beets, peanut butter and honey and milk.
- TUESDAY**—enchilada casserole, buttered corn, crackers, tossed salad, peaches and milk.
- WEDNESDAY**—frito pie, pinto beans, cherry cobbler, lettuce and tomato salad, cornbread-butter and chocolate milk.
- THURSDAY**—corn dogs, French fries, catsup, mustard, chocolate cake and milk.
- FRIDAY**—hamburgers, potato chips, catsup, mustard, lettuce, tomatoes, pickles, fruit salad and milk.

**For Rent**

You're doing without a Zimmatic center pivot. Saving your hard-earned capital for other improvements. Don't want to borrow right now.

But it's costing you money every year you wait. Two ways. First, you're losing the extra crop production you get under irrigation. Second, inflation is at work. Boosting prices, dropping the value of your dollars.

Why not rent a Zimmatic under our new lease plan? Let the system pay for itself and put some extra money in the bank for

other "above ground" items in one flexible package, tailored to your needs. Why wait to irrigate? It's just costing you money. Call us today for details on our new lease plan.

**LINDSAY**

Our rates are reasonable. You can include freight, installation, pump...

## Kickoff Is 7:30 Here Next Friday

When the Friona Chieftains host the Abernathy Antelopes in football next Friday, the game will mark the time change for the kickoff to 7:30 p.m., the format to be followed for the remainder of the season.

The Antelopes are sort of a mystery team so far this fall. Although holding only one win prior to Friday, Abernathy showed their potential last week in a 12-10 loss to strong Olton.

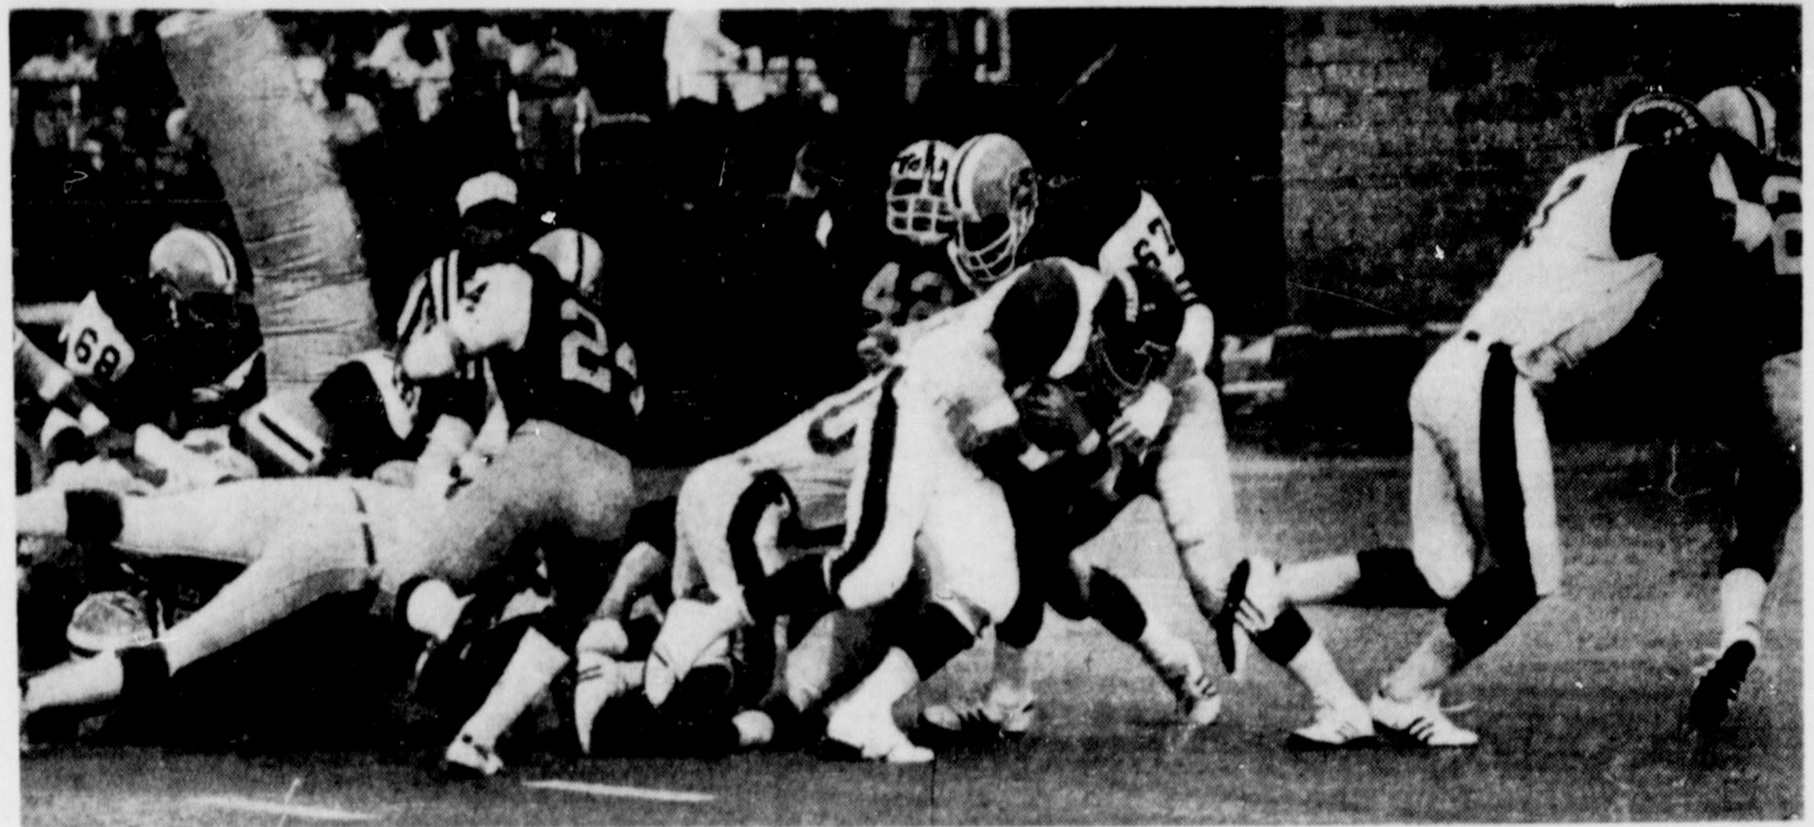

The Antelopes were tough for Friona last season, breaking out into an early lead. Abernathy scored the first touchdowns against Friona's tough 1974 eleven, and their 14 points were the most scored against Friona, although in a 28-14 loss.

Abernathy returned 15 lettermen this season, including quarterback Wayne Riley and runningback-safety Ken Davenport. Lineman Ruben Cuevas, 5-9, 210, was all-district last year as a sophomore.

Davenport gained 250 yards rushing in Abernathy's 1974 windup game against Tulla. He is only a junior.

The game should serve as a more than adequate final tune-up contest for the Chieftains, who will begin District 3-AA play the following week. The other four district teams will be opening district play while Friona hosts Abernathy.

Don't forget the new kickoff time, 7:30 p.m. in Chieftain Field.

Perea is Number 42 (Dark jersey) in action photo against Montreal

## Tony Perea Playing With Pros

FRIONAN IN PROS...Tony Perea, one of Friona's all-time stars in football, is playing professional football with the Hamilton Eagles in the professional Canadian Football

League. Perea, who holds individual scoring and rushing records for Friona High School, went on to star for the University of Texas at El Paso following graduation. Perea's

one-game rushing record at Friona is 258 yards, as a senior against Crosbyton. He gained over 200 yards rushing in six games his senior year, and finished up with 1,761 yards that

year and 2,823 yards for his high school career. His parents, Mr. and Mrs. Jake Perea, live at 904 West Fourth. He is a 1969 graduate of FHS.

ZETSCHE GAINS...Bobby Zetsche (40) of the Friona Chieftains is shown picking up yardage in the game here last Friday against Hart.

Zetsche took over the team's rushing leadership along with being the leading scorer with four touchdowns.

## Freshmen Fall To Bovina JV, 20-8

Friona's freshman Chieftains got off to a better start than usual in their game against the Bovina Junior Varsity here Thursday evening, but their hard luck continued, as the freshmen lost their fifth game of the season, 20-8.

The local eleven got on the scoreboard first, when Kevin Kothmann ran 46 yards in the second quarter. Mike Hutson passed to Kenny Walters, and Friona enjoyed an 8-0 lead.

Prior to the touchdown, Hutson had passed to Chris Barnett on a 17-yard play to the Friona 44.

Bovina tied the score on a weird play with 24 seconds left in the half. A Bovina player intercepted a pitchout intended for a Friona back and ran 24 yards for a touchdown. A two-point conversion was good, and the halftime score was tied, 8-8.

The visitors took the lead in the third quarter. Bovina took the second half kickoff out to their 34, and began a 66-yard drive downfield, climaxed by a two-yard run for a touchdown and a 14-8 lead.

Early in the final quarter, Bovina had the ball again, after intercepting

a Friona pass at the 46. A ten-play drive was climaxed by a 25-yard pass for a touchdown and the final margin of 20-8, as the PAT try failed.

Friona's chances were hurt throughout the game by interceptions or fumbles.

## Boosters To Meet Frosh Players

The Friona Booster Club will meet the freshman football players at their regular meeting Tuesday, October 14.

In addition, the club will view the films of the Friona-Dalhart game. The meeting begins at 8 p.m. at the high school cafeteria. All members are urged to attend.

## Zetsche Leading Scoring, Rushing

The Friona Chieftains, although sporting only a 1-3 record prior to their game at Dalhart Friday, still were sporting a lead in total offense over their first four season opponents.

Season statistics showed that Friona had gained a total 1100 yards through their first four games, an average of 275 yards, to 1065 yards for the four opponents, an average of 266.3 yards per game.

All but 58 yards of the Chieftains' offense had been gained on the ground, as Friona rushers had averaged 6.2 yards per try.

Thanks to his best night offensively, senior wingback Bobby Zetsche took over the individual rushing lead on the team, with 284 yards in four games. The little speedster is averaging 8.1 yards per carry on 35 attempts.

Sophomore Glen London, who had been the leading rusher through three games, missed the Hart game due to a leg injury, and went into the Dalhart contest in second place with 231 yards on 45 attempts, a 5.1 average per carry.

Three Chieftain fullbacks have gained 477 yards in four games: 231 by London, 139 by Davy Carthel and 107 by Kelwin King.

Zetsche is also the team's leading scorer with 26 points on four touchdowns and two PATs. Zetsche also went into this week's game as the second leading scorer in District 3-AA to Littlefield's Bill Turner, who had scored an even 50 points.

plating and bringing into the city two half-blocks of intervening property. However, after receiving the city engineer's estimate on the cost, an adjacent property owner who likewise was interested had backed out, and Mr. and Mrs. Jones likewise decided not to proceed with the project at present.

City Manager Jake Outland pointed out that fencing was needed at the new sanitary landfill site, and had secured an estimate on doing the work. Outland recommended that half of the area be enclosed. Motion was passed to allocate \$2,740 for the fencing work.

Police Chief Bill Denney pointed out to the council that the installation of citizens band radios in teenagers' cars had made it very difficult to enforce traffic regulations. He also pointed out that the highway patrol and county law officers have installed CB sets to act as "scanners." The council passed a motion authorizing the sets to be installed in the city patrol vehicles.

City Attorney Richard Collard, noting that he had served for ten years in his capacity, tendered his resignation as city attorney. The council accepted his resignation with regret, pending efforts to find a replacement.

Miscellaneous items included the monthly gas rate adjustment; correspondence in relation to future of Revenue Sharing program, and the status of the nursing home project.

SEMINAR OFFICIALS....Dr. Gary Cash of Friona, left, was a participant recently in a seminar sponsored by the West Texas-Eastern New Mexico Veterinary

Medical Association. Dr. Cash is president of the association. Dr. L.T. Jessen (center), of Omaha, Nebraska, was the speaker for the seminar. Dr. Jack Murphy of Clovis, right, is

secretary-treasurer of the association.

(Photo courtesy Clovis News-Journal).

## Dr. Cash Has Role In Seminar

The West Texas-Eastern New Mexico Veterinary Medical Association conducted a seminar in Clovis recently featuring Dr. L.T. Jessen, chief immunologist for a major laboratory in Omaha, Nebraska.

Dr. Gary Cash of Friona is president of the association.

Dr. Jessen reported on the new types of vaccines available to the veterinary profession and stressed the importance of a good vaccination program both for the economy of meat-producing animals and from the public health and emotional standpoint of pet animals.

He also emphasized the need for lifelong vaccinations against the communicable diseases in all animals. Dr. Jessen reported on the strict governmental control under which all vaccines are manufactured and told how present-day vaccines are so much more efficient and uniform in their production.

Attending the seminar were Dr. Cash; and Drs. Les Morrow, Jim Marsh, Vic Anspaugh, Jim Williams and Jack Murphy, all of Clovis; Howard Head of Littlefield, Texas; Mark Brihart of Slayton, Texas; and W.E. Merritt and M.V. Hinderliter, both of Portales.

### SECOND IN SERIES

## Know Your UF Agencies: Girl Scouts Of America

(Editor's note: Between now and the kickoff for the Friona Area United Fund drive, a series of articles will be presented which will tell about the various agencies which benefit from the drive. The second such article follows.)

Did you know that Friona Girl Scouts are a part of an 18 county area known as the Caprock Girl Scout Council?

That our own Geneva Riethmayer is first vice president of this Council, and will be going to Washington, D.C. to the National Convention?

That four of our local Girl Scouts have attended National events because of their Girl Scout background?

That Friona has 142 registered Girl Scouts and 48 registered Adults working with these girls?

It is through the United Fund that we are able to belong to the Caprock Council. That is where we get our training and materials.

Each month an area advisor comes from Lubbock to bring Leadership training and all types of skills enjoyed by all Girl Scouts. Caprock Council provides for our Day Camp held for 5 days each summer and for Troop Camping enjoyed by all Girl Scouts.

★ ★ ★ ★

Girl Scouting provides fun for girls while teaching them to be resourceful and patriotic. Scouting is for all girls ages 7 to 17. This character building organization is depending on you to support the United Fund so that more girls may be reached and that Scouting will continue to grow in Friona.

Everyone should be careful about prolonged exposure to the sun warns the American Cancer Society. Skin cancer is an extra hazard to persons with fair complexions.

**SAVE GAS**  
Improving gas mileage 10 percent will save the average car owner 77 gallons a year, according to the Automotive Parts & Accessories Association.

**RELAX!**  
A comfortable position with good posture while driving makes it easier to keep a light foot on the accelerator.

**OVERLOOKED**  
One of the most important — and one of the most overlooked — items in an automotive tune-up is the exhaust manifold damper, says the Automotive Parts & Accessories Association. The damper must rotate freely and should be cleaned if the car is at least three years old or is a high-mileage vehicle. The stove is located between the carburetor base and the intake manifold.

**INSUR-MATION**  
By MILTON EVANS  
Parmer County Farm Bureau Insurance  
Phone 247-3280

Can life insurance compare favorably with a savings account as far as the return on investment is concerned?

Certainly. The unknown which you don't mention and maybe haven't thought of is time. For example, \$100 a month invested in a savings account for 120 months equals \$1,200 plus interest. At today's rate of interest this could very well amount to \$20,000 to \$25,000. This is great... if you have the time. Conversely, assuming a male, age 35, a company could write a whole life insurance policy for around \$40,000 a month. If the insured dies at the end of 12 months, the total investment would be approximately \$480.00 and the company pays the total \$25,000.

# Town Talk

By June Floyd

Phone 247-3681

With Your News Item

At this time of year many Frionans begin to plan foliage tours. Right now it would be nice to go to the northeastern part of the Texas Panhandle and take the fall tour planned for Canadian and other towns in that area or to go to Northeastern New Mexico.

However, those of us who are unable to do either of these may see some beautiful color within our city limits. The flame bushes in the yard of the A.L. Outlands or the Giles Cobbs are most colorful right now.

Then one could drive around and look a bit farther. There probably isn't a prettier tree in New Mexico than the one in Lucille Collier's front yard.

If you drive out on West Sixth to see that one, just keep driving and turn right at the next corner. Then look on your left and see fall colors combined with pyracantha berries and an evergreen at the corner of Leta Tannahill's house.

The vines on the east side of the old Congregational Church are also real pretty this week.

After having lived many years in the Messenger Community, Lewis and Frances Smith are moving into town. They have purchased a house at 1704 West Tenth from the James Mabrys and will soon be at home there.

Lewis may not be a native of the Show Me state, but he has that attitude about the impending birth of twins to David and his wife. David is the couple's youngest son and will reportedly become the father of twins soon.

When Lewis was questioned about the coming event, he replied, "That's what I've been told, but I'll have to see them to believe it."

His middle initial is L., so he couldn't be named Thomas.

Mrs. Nora Welch of Abilene, a former Friona resident, has been visiting in the homes of local relatives. She is the sister of Mrs. Lucy Welch and aunt of Nelson and Louis Welch and Seva Struve.

These two sisters were the original owners of LuNora's, which is the forerunner of Ruthie's.

One of our oldest residents, Mrs. Eva Jones, 95, widow of the late Uncle Charley Jones and mother of Opal and Corrine Jones, is a patient in the local hospital.

Several of our residents, including Mrs. Edward Spring Sr. and Mrs. Rodney Dunnam, are patients at High Plains Baptist Hospital in Amarillo.

Visited briefly with Mildred Guinn of Hereford Wednesday afternoon. She's a former Friona resident and a very talented artist. She plans to have a booth at our gift show and sale, which is scheduled for next month in the Community Center, and is looking forward to being here.

The Star's feature writer, Jan

## Son Born To Sneads

Mr. and Mrs. Jimmy Snead of Red River, New Mexico, became parents of a baby boy at La Jara, Colorado, Tuesday, September 30. He was named Clinton Chad and weighed six pounds, thirteen ounces.

The Sneads have one daughter, Layle, who is four.

Grandparents are Mr. and Mrs. R.E. Snead and Mrs. Dick Homer, all of Friona.

Mrs. Hattie Snead and Mr. and Mrs. E.H. Bradshaw, also of Friona, and Mr. and Mrs. Ivan Gray of Groves, Texas are the great-grandparents.

Turner, is in the process of moving into the Hub Community. She and her husband, Jay, and young son have been living west of Hub. They must have been in the Bovina community because they were too far west to get a telephone on the Hub exchange.

As soon as they get through painting and get moved, they will be at home on the Howard Fleming farm, which is just across the road north of the Leo Balls farm.

"And," says Jan, "We will be able to have a telephone on the Hub exchange, which will seem like a luxury."

You never miss the water until the well runs dry.

S.D. and Joan Baize, the Floyds across the street neighbors, are doing some re-modelling inside their house.

Then Calvin Martin, who lives next door north of them, has put in a new lawn, which is luxuriously green and plush right now, and painted the trim on his house.

Buster and Nell Davis, who also live in our block, have a new storage house and have done some re-decorating inside their house.

All this in one block and it isn't even "Clean up-Paint up Week."

The Rudolph Renners-seniors and juniors have been to Dallas to see the newest member of their clan. According to Granny Renner's report, "Gary and Phyllis have one of the most beautiful little girls you'd ever hope to see."

Jennifer is the granddaughter of Junior and Betty and the great-granddaughter of Grandad and Granny.

She's also the granddaughter of Ray and Jean Murphree, former Frionans, who now live in Tucumcari.

Mr. and Mrs. Walter Loveless have had visitors from England. Two of Kitty's nieces, Rosalind Young and Julie Silience, spent a week or so here then went on to Albuquerque to visit another sister, Mrs. R.K. Williams.

Rosalind, whose home is in Winchester, spent six months in the United States in 1956 and visited her aunt at that time. She was also here with her parents, Mrs. Dan McEvoy and the late Mr. McEvoy, in 1949.

Mrs. McEvoy and Mrs. Loveless are sisters and many Frionans remember her from extended visits in 1949 and 1956. She was unable to make the trip this time.

Mrs. Young was amazed at the growth which Friona has experienced since her last visit. She and her sister enjoy walking and hiked all over town almost daily. Mrs. Silience who lives in Kingston, London, had never been to Texas before.

Mrs. Lee Spring had lunch for the Englanders and their aunt; Mrs. Sloan Osborn honored the visitors with a coffee and one day Mrs. Loveless and her nieces had coffee at the bank with Jane and Wright Williams.

This trio also drove to Boys Ranch one day and Mrs. Loveless reports that her nieces were very favorably impressed with "everything they saw in this area."

Mrs. Clyde Woodard, Mrs. Rene Snead, Mrs. Jerry Loflin and Mrs. Robert Neelley took a "quickie" look at the colors in Northeastern New Mexico early this week.

They did some sightseeing in the Red River-Taos area, visited briefly with Jim and Sheryl Snead and children, Layle and Clinton Chad, then came home late Wednesday.

Mr. and Mrs. Bill Johnson

## Johnsons Celebrate Sixtieth Anniversary

A host of relatives and friends gathered at the Community Room of Friona State Bank on Sunday afternoon, October 5 on the occasion of Bill and Jennie Johnson's Sixtieth Wedding Anniversary.

The Johnsons have been residents of the Friona area for fifty of their sixty married years, coming to this area in January of 1925. They settled 15 miles south of Friona in the Jesko Community.

The couple had three children, two boys and a girl. The youngest of the three, David, attended Friona High School until his entry in the Merchant Marines in 1944. He later married Billie Chiles, also of Friona. David was killed by lightning on a farm in Hereford, Texas on April 18, 1949.

Truett, a resident of Friona, married Thelma Bogges, daughter of Mr. and Mrs. Ed Bogges in April of 1946.

Mary Haile, the couple's daughter, now resides in Anaheim, California.

They have ten grandchildren and seven great-grandchildren.

Johnson is an active member of Masons of Texas, Lodge No. 1332 and is currently employed at Cocannouer's Auto Wash in Friona.

Out-of-town guests were: Mr. and Mrs. Jim Haile of Anaheim, California, their daughter; Mr. and Mrs. Ed Peterson and sons, David and Kenny of La Palma, California, their granddaughter; Mr. and Mrs. Larry Johnson and son Josh of Dallas, Texas, their grandson; Mrs. Mark Wombel of Canyon, Texas, their granddaughter.

Also, Mr. and Mrs. Hiram Whitner, Mr. and Mrs. Gordon Whitner and Mr. and Mrs. Bud Vanpool, all of Wheeler, Texas; Mr. and Mrs. Slim Schwinder, Mrs. Mary Stapp and Mrs. Lula Frost, all of Amarillo; Mrs. Thelma Pond of Canyon; Mrs. Lorene Tucker of Shamrock; Mrs. Ola Cooper of Optoma, Okla.; Mr. and Mrs. Henry Stovall of Clovis; and Mr. and Mrs. John Johnson of Muleshoe.

Also, Miss Alleme Stovall of Canyon; Mr. and Mrs. Arthur Stovall of Panhandle; Mrs. Esta Pearl Voyles of Vega; Mr. and Mrs. Woodrow Bice of Tulia; Mr. and Mrs. LeRoy Johnson and Mr. and Mrs. Ronald Johnson, all of Hereford; Mr. and Mrs. Charles Woods of Clovis; Mary Watkins of Shamrock; Mr. and Mrs. Larry Stewart and son, Jeff of Dallas; Mr. and Mrs. Ray Landrum of Sulphur, Okla.; Mr. and Mrs. G.W. Duncan, Mr. and Mrs. R.C. Shaw, Mr. and Mrs. Frank Duncan and Mr. and Mrs. Joe Jesko, all of Hereford; and Mr. and Mrs. Hugh Moseley and son David of Farwell.

Attending from Friona were: Mr. and Mrs. W.T. Johnson and sons, Rickey and Tony, the couple's son; Bob Riethmayer, Glen Stevick, Dick and Lucille Rockey, Jim and Sally

Cocannouer, Ray and Rosella Landrum, David Moseley, Eugene and Doris Bogges, Ed Bogges, Melba and Charles Allen, Marie Hinds, Mrs. F.E. Jarecki and Susie, Jinx Snead, Hattie Snead and Robbia Hughes.

Look what we have for you during the PIONEER.

More farmers planted more Pioneer brand seed than ever before and it looks like their harvest will break all records. To celebrate that victory we have special incentives for Pioneer brand corn or sorghum producers.

Ask your dealer about these premiums.

## Library Book Sale Continues In October

Approximately 4,000 hardback and paper back books have been placed on sale by Friona Friends of the Library.

The sale will begin October 10 in the Hut Building on Main Street and continue throughout each weekend in the month.

Books placed on sale are those books which the library has been circulating which have old copyrights, those which the library has in duplicate and those books which are too fragile for further circulation use.

Book lovers will find the Life World Library Books, Bible dictionaries, classics and current fiction.

"Airport," "Christie," and "Moby Dick" are priced at twenty cents. Books by Michener, Dr. Spock and Taylor Caldwell look new.

"Profiles in Courage" by J.F. Kennedy would be enjoyed by young or old. "Madam Curie" and "Death of a President" are both enjoyable and educational.

Magazines, sets of encyclopedias, Reader's Digest Condensed Books, Cookbooks, devotional books, gar-

dening books, fiction, biographies and books of poetry are made available by Friends at the used book sale.

## Ex-Students Hold Parley

Twenty-eight people attended the recent meeting of the Friona Ex-Students during the Maize Days Festival.

Scott and Kathy Wooley from San Antonio were the couple coming the farthest for the meeting.

Patsy Bandy won the Chieftain Blanket, which was the door prize.

Bill and Becky Weatherly were elected to hold the office of secretary for the coming year.

Next year's meeting will be held following the Homecoming Game, it was decided. Clarence Martin, representing the Class of '48, was the oldest grad present. Carl Evans, from the class of '73, was the youngest.

The class of 1955 was honored on its 20th anniversary. Zelma Thorn gave a report on the class members.

## The Electric Heat Pump - The "Most" in Year 'Round Comfort Conditioning

If you're thinking about the comforts of electric heating and air conditioning, consider the advantages of the electric heat pump.

• ONE UNIT comfort-conditions your home all year long with no seasonal equipment changes.

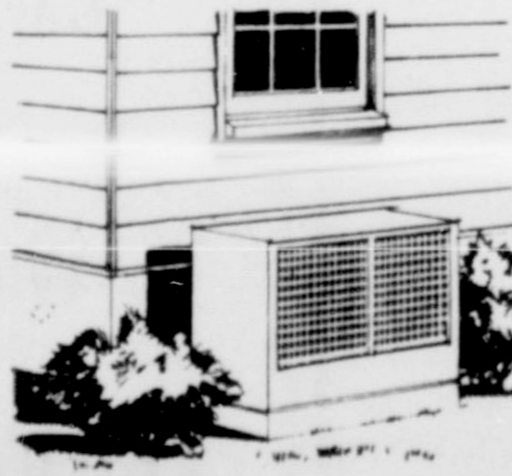

• ALL YEAR ROUND, it provides both heating and cooling for comfortable living.

• INSTALLATION is a simple job since only one unit is involved.

• SAFE. Unlike flame operations, there are no fumes, pilot lights or storage tanks.

• ECONOMY. It uses less electricity than separate electric furnace and air conditioning systems.

Electricity is too important to waste. Contact Deaf Smith Electric for money saving, electric efficiency hints.

## District Official Visits Rebekahs

Friona Rebekah Lodge meets every Monday night but this meeting was of special interest to the Lodge members. The District Deputy President of District 4, Mrs. Ocie Bolton, of Dimmitt, Texas gave a short school of instructions which was enjoyed by all Lodge members. Other business attended to was concerning proceeds from the Maize Day food booth. This is a mutual project with the Oddfellows and two Lodges participate in these funds. The Rebekahs donated \$150 to our local Nursing Home Project. The Rebekahs over the State of Texas support a children's home at Corsicana, Texas. At present there are approximately 35 or 40 children in the home. New cottages are being built and the campus modernized and this is financed by all Lodges of the State of Texas. These Lodges also maintain Home for the Aged and a Nursing Home at Ennis, Texas. A new nursing unit has been built by the Oddfellows and Rebekahs of the State of Texas, during the past 2 years. There is

approximately some 50 people in these two units.

To assist with these expenses the local Lodge designated a part of the Maize Day Fund to this project. Future plans are made to contribute other funds to our local Nursing Home.

Members present for this meeting were: Jewel Claborn, Noble Grand; Lillie Taylor, Vice Grand; Karen Zachary, Recording Secretary; Thelma Jones, Financial Secretary; Geneva Williams, Treasurer; Fern White, musician; Wilma Wise, color bearer.

Also, Jewel Wells, warden; Lauretta Brookfield, conductor; Pat Fallwell, chaplain; Juanita Reed, Right Support to Noble Grand; and Nola Adams, inside guardian.

Guests were Ocie Bolton, District Deputy President, Connie Ivey and Jennie Bruton all from Dimmitt Rebekah Lodge, Dimmitt, Texas.

Any Rebekahs in our community are invited to meet with the Lodge every Monday night at 8 p.m.

TO HOLD CLINIC...Elizabeth Peak, a member of the Friona Young Homemakers, demonstrates to Felix Guzman, a Friona kindergarten student, how the speech and

hearing clinic will operate. The Young Homemakers will conduct the clinic, which is free of charge, on Saturday, October 18.

## Young Homemakers Discuss Projects

The Friona Young Homemakers met on Thursday, October 2 in the Friona High School cafeteria.

The projects for the year and the month were discussed. The on-going project for the year is Story Hour at the public library for children ages four and five each Thursday at 10 a.m. Projects for October are the Halloween parties at school and sponsoring of the Panhandle Speech and Hearing Clinic on October 18. Sherry Atwell gave the devotional

and members answered roll call giving their favorite house plant.

Twenty members and five guests were served banana split pie and hot punch by hostesses Cherry Wells, Linda Black and Tonya Gober.

Guests present were Pat Nuttall, Teresa Buske, Diane Tatum, Alice Autrey and Leandra Byrd.

Next meeting for the group will be Thursday, November 6 at 4 p.m. in the High School cafeteria.

## FHA Sponsors

### Fiesta Supper

Friona's Future Homemakers of America chapter held a Fiesta Pile Supper on Friday, October 3 before the homecoming game.

Class parents of FHA members served the food, while different girls from the organization served iced tea and pie or cake.

Background music was provided by Lisa Edelman, Linda Anthony, Jaton Widner, Diane Bennett, Rhonda Parsons and Melodi Dixon.

A meeting will be held on October 14 at 7 p.m. Mrs. Louisa Wilson will give a program on crafts. All FHA members are urged to attend.

## Clinic Scheduled On Speech And Hearing

A team composed of speech and hearing specialists from the Panhandle Regional Speech and Hearing Association will visit Friona on Saturday, October 18 to provide free speech and hearing examinations for those children in the area who are 3, 4, 5, and 6 years old.

The team will be at Sixth Street Church of Christ from 10 a.m. to 12 noon and again from 1 p.m. to 3 p.m. in the afternoon.

It is now commonly understood that all types of speech, language, and hearing problems can be dealt with far more effectively when

diagnosed at an early age. Some of these problems are subtle and not easy for parents or teachers to identify.

For these reasons the Association recommends that every child in the 3 to 6 year age range be evaluated by this visiting team. There is no charge for this service. Those children found to have significant problems will be referred to appropriate professionals for complete diagnosis and recommendations.

This visit of the evaluation team to Friona is being sponsored by the Friona Young Homemakers.

## DKG To Host Area Director

Delta Kappa Gamma members from throughout the Panhandle-Plains area will gather at Friona High School Oct. 18 for a regional meet of the educators' sorority.

The meet will be from 9 a.m. to 2 p.m., with "A Future to Mold" as the program theme.

In charge of the regional event will be Bess Church McDonald of Odessa, area director, and Co-director Faye Reeve, president of Iota Eta chapter.

Mrs. McDonald is a counselor in Odessa Permian High School, and has taught in Borger, Corpus Christi, Abilene, Coahoma and Iraan. In Delta Kappa Gamma state activities, she has served as a member of the ceremonials and nominations committees, chairman of state achievement awards, and the ad hoc committee for the state headquarters.

Mrs. McDonald received a BA

BESS CHURCH McDONALD Area Director, D.K.G.

degree from McMurry College in Abilene and a master's degree from Texas Christian University.

## Letters To Editor

Dear Editor—I thought you might be interested in the following:

### A PRODUCER'S PARABLE

There was once a land of plenty. The government became very eager to help all the people, even those who didn't want to be helped.

There was one segment of production which had supplied the nation at low cost for many years. I've been so confused lately I'm not sure whether it was food or manufacturing. Do you remember?

The planners had done such a fine job of fuel planning, they had no doubt of their own skill.

The Secretary of Manufacturing, Mr. Rearendz, decided that in order to pay for imported oil, we should export more cars. So, Mr. Secretary told the manufacturers to plant fence to fence—excuse me, I mean he told them to manufacture 4 times domestic need, and use the export sales to balance oil purchase deficits.

This sounded both patriotic and profitable. World market price was \$5-\$6,000, and cost of production about \$4,000. Producers worked, invested and produced, and were about ready to sell.

Then Mr. Rearendz began to tell foreign and domestic customers that we had too many cars, and if they would wait a while they could buy cars cheaper. Car prices dropped to \$3,000, then came up a little.

There was also a very patriotic leader named George Ornerly. He decided his followers would be proud of him if he could get cars for them at \$3,000 each or less. He reasoned that if dock workers would not load cars on ships for export, there being 4 times too many here, cars would sell for \$3,000 or whatever was offered for them. This would help stop the terrible inflation?—That spending without producing had created.

Mr. Secretary Rearendz chuckled and said Leader Mr. George Ornerly was being ornery, so he would embargo car exports until the loading dispute could be settled.

Mr. Secretary Rearendz and his boss Mr. Edsel were amazed that their actions did not make car manufacturers happy.

No one mentioned that:

1. High labor, fuel and taxes were the main expenses in the cars \$4,000 cost of production.

2. To remove most of the market after requesting maximum production would bankrupt most of the manufacturers.

3. If people get \$3,000 cars that cost \$4,000 to produce, no one will be

left to produce cars tomorrow.

The planners were not worried. They had used the same wisdom on the beef manufacturers the year before. There were still plenty of cheap calves for sale and hardly anyone had noticed yet, that the cow was dead.

I don't know the end of the tale. I suppose Mr. Secretary Rearendz and Mr. Ornerly walked happily together ever after, and had little difficulty dieting. It was a land whose only plenty was plenty of planners.

A Confused Food Manufacturer  
Bruce Coleman

## Girl Scouts

### Earn Badges

Troop 235 met Tuesday, October 7 and had a badge awards ceremony.

Two new members, Debbie Dickie and Beatrice Telles, received their Girl Scout pins. Thirteen members received their membership stars for last year's membership. Eleven of the girls received from one to eight badges each that they have earned in Junior Scouts.

Lynda Grimsley, who was a leader with the troop last year was a special guest and presented the badges.

Mrs. Kenneth O'Brian was also a guest. There were fifteen girls present and two leaders.

## Black Club Discusses Quilting

The Black Study Club met in the home of Mrs. Charles Hamilton on Thursday, October 2.

Mrs. Roscoe Ivie was in charge of the opening exercise. The roll call was answered by members showing their favorite quilt.

Mrs. T.A. Kelley presented the program, on quilting and piecing quilts.

One guest, Mrs. Tom Lewellen, attended.

Members present were Mesdames Travis Stone, Ethel Bengler, Tommy Tatum, Glyn Hamilton, Helen Fangman, Dick Rocky and Roscoe Ivie.

## Farm Bureau Head Urges Boycott End

The president of the Texas Farm Bureau has urged President Ford to call off his moratorium on grain sales to Russia.

Carrol Chaloupka of Dalhart said the ban on grain sales is a serious blow to agriculture. Extension of the moratorium until mid-October was announced by the President following a meeting with George Meany, head of the AFL-CIO.

"Farmers resent being used as pawns in a political chess game," the grain and livestock farmer said. "When agricultural markets are involved, we feel you should consult farmers, not the AFL-CIO. Labor union leaders do not feed this nation—farmers and ranchers do."

Chaloupka said farmers had responded with bumper crops to the government's request for all-out agricultural production to help fight inflation and earn dollars abroad. He reminded the President that farmers had been promised access to world markets.

"Now with government stepping in to interfere with normal sales, we feel that we have been short-changed," Chaloupka said. "This action could have results not anticipated in your negotiations with labor union leaders. Instead of resulting in more domestic supplies of grain and lower consumer prices, the opposite may be true."

In his letter, Chaloupka said Texas wheat farmers are getting ready to plant their 1976 wheat crop.

"If they feel they cannot count on normal export sales, they may cut back on their acreage, or not plant wheat at all," Chaloupka said. He added that even the most patriotic farmer must make a profit to stay in business.

"We know you understand the problems of agriculture as well as the contributions of farmers and ranchers—as you have so eloquently stated so many times," Chaloupka said.

"We urge you to call off your moratorium, then go to the American people and explain the economics of agriculture. They need to know who puts food on their table."

## County's Pensioners Better Than Average

NEW YORK, Sept. 13—Of the billions of dollars that pour out of Washington each month in the form of social security checks, how much goes to residents of Parmer County?

How do their checks compare in size with those going to people in other communities?

According to the latest official figures, released by the Social Security Administration, the pension payments locally are relatively large.

And they will be raised automatically from their present level, from time to time, to adjust for increases in the Consumer Price Index, to which they are now tied. They went up 8 percent in July, because of this arrangement.

As of the beginning of this year, the report shows, payments to Parmer County beneficiaries were at the

rate of \$1,746 per year, compared with \$1,207 three years ago. It was more than in many parts of the country.

Elsewhere in the West South Central States, the average was \$1,720.

The amount of money that people become entitled to when they retire is based upon their contributions to the pension fund during their working years.

The comparatively large benefits now going to local beneficiaries indicates that their earnings, and therefore their contributions, were above average.

Eligible to receive social security benefits are retired or disabled workers and their dependents. Each year more and more people qualify for such protection.

The total on the receiving end in Parmer County, as listed in the latest report, is 1,065. Three years ago there

were 974.

Because of the steady increase in the number of beneficiaries and the frequent hikes in the scale of payments, social security money has become a major force in the national

economy. This year, some \$62 billion will be paid out to nearly 31 million retirees and their families.

Currently, the annual amount going to local residents is approximately \$1,860,000. Three years ago,

it was \$1,176,000.

Although the payroll tax to pay for these benefits remains at 5.85 percent each for employee and employer, the tax is now being applied to incomes up to \$14,100, instead of \$13,200, as before.

## Texas Taxes

By BOB BULLOCK, State Comptroller

Austin—Most merchants are required to pay their sales taxes to the state every three months, but many small businesses should be aware that they may qualify to pay only once a year.

There are some simple rules by which we determine who is eligible to report annually.

—A merchant must have been in business one year.

—The business must have total annual sales taxes of \$100 or less.

—The merchant must have a good taxpaying record.

The annual reporting system is frequently used by such businesses as barber shops where the sale of taxable items is only a small part of the income.

\$100 a year in sales taxes would represent only \$2,000 a year in taxable sales.

Some 50,000 of the 225,000 sales tax permit holders in Texas are using the annual system. This aids both the merchants and the state in cutting down the paper work on small amounts of money.

But surprisingly, many small merchants choose to stay on the quarterly reporting system—kind of with an attitude that it's easier to come up with something small like \$25 every three months than \$100 once a year.

I can certainly understand that, especially when the annual reporting date is January 31, a slow time for most businesses and a time when all of us are having to get ready to pay our federal income tax.

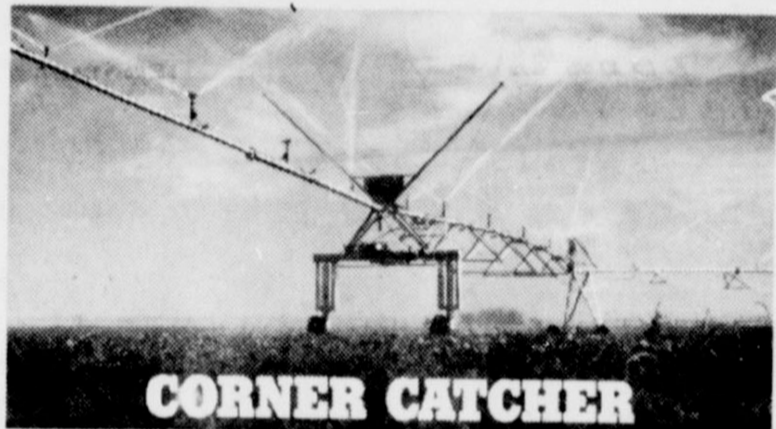

Businesses which go over the \$100 limit in their annual report are then required to go back to the quarterly reporting system.

By the same token, our larger sales tax payers are required to report and pay monthly.

These monthly reports are required of any taxpayer who handles more than \$750 a month—or \$2,250 a quarter—in sales tax money. That would represent \$15,000 a month in taxable sales.

**Antiques are collected in the Yellow Pages**

### CORNER CATCHER

The only center pivot in the world that hits the corners.

In a typical quarter section where a regular center pivot is irrigating 132 acres, you can now do about 150 acres. But the new Valley Corner System isn't limited to squares. Irrigate both ends of a rectangle. Irrigate odd shaped pieces of land too. It's the answer to getting valuable productive land that's been wasted, back under center pivot irrigation.

For flood irrigators, it's also the answer to automatic water and labor saving center pivot, without wasting valuable acres. No monitoring, no labor problems, no night work. But you have all the advantages of precise irrigation and fertilizer application through the system, that produces higher yields than ever before. It's a simple concept, precise in operation and engineered with quality of all Valley-built Center Pivots.

### Questions and Answers

VETERANS ADMINISTRATION

FOR WHAT PURPOSES CAN A VETERAN USE HIS OR HER GI LOAN?

- A. To buy or build a home.
- B. To buy a readmission home.
- C. To repair, alter, or improve a home.
- D. To buy a mobile home and/or a vehicle for it.
- E. To refinance an existing home loan.

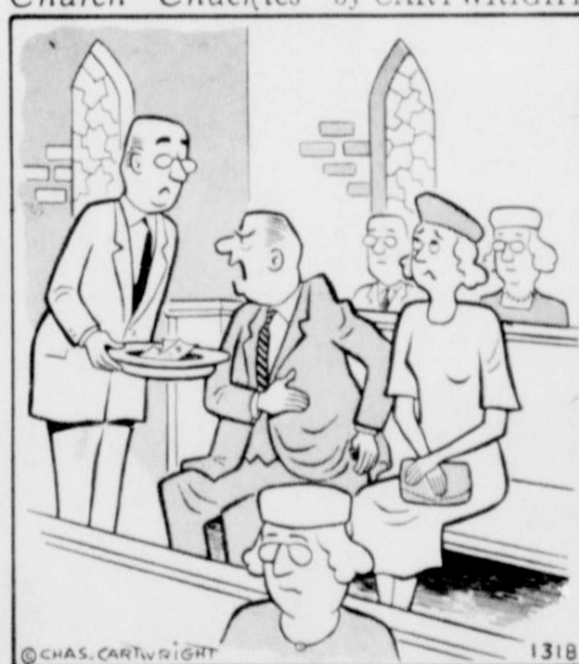

For information, contact the nearest VA office (Mark your phone book) or write: Veterans Administration, 271A, 810 Vermont Ave. NW, Washington, D.C. 20420

### Little Girl

Little girl, if you are old enough to take The Pill, if you know what life's all about, then it's time for you to start having a Pap test regularly for cancer of the uterine cervix. It's the best way to safeguard against this form of cancer, says the American Cancer Society.
