MBPXL Votes For Quarterly Dividend

At its quarterly meeting, the Board of Directors of MBPXL Corporation voted to continue the policy of regular quarterly dividends, of ten cent ($0.10) per share, with the first payment to be made on February 11, 1976. A special meeting of shareholders has been called for January 21, 1976, to vote on the increase. David J. La Fleur, President, announced that MBPXL Corporation earned $3.12 per share in the year ending October 25, 1975. This is a 42 per cent increase over the $2.20 per share in the same period of 1974, to holders of record on January 21, 1976. The dividend is to be paid with an extra ten cent ($0.10) per share, to holders of record on January 21, 1976. A special dividend is to be paid with an extra ten cent ($0.10) per share in the year ending October 25, 1975.

MBPXL Corporation is an integrated beef slaughtering and packing firm which merged to form MBPXL Corporation: Missouri Beef Packers, Inc., and Kansas Beef Industries, Inc. During the year, MBPXL operated in 20 cities in the United States, and also operates a distribution center in Philadelphia and a contract truck carrier in Amarillo, Texas. The beef packing concern reported that while its slaughtered volumes per cent increased 21 per cent over the previous year, the dollar sales decreased from $727 million in 1974 to $709 million in 1975 due to lower prices and to the conversion of outside sales to intra-company sales. President La Fleur attributed the increased profit margins to a strengthening of the relationship between the two firms which merged to form MBPXL Corporation: Missouri Beef Packers, Inc., and Kansas Beef Industries, Inc.

Pheasant Season Termed "Best"

Apparently, the pheasant season which closed recently was the most successful ever. It is the opinion of area hunters, and is shared by Jack Patterson, president of the Parmer County Spraying Service, Bovina Chamber of Commerce.

Patterson said that he personally saw a number of cock pheasants, so it should be a good season. Farmers feel that it's doubly destructive, even killing the young birds. Farmers feel that it's much better than last year on opening day, as a guest of Governor Preston Smith has helped kick off the season in the local area.

He pointed out that burning of stubble destroys a number of pheasants each year, particularly young birds. Farmers feel that it's the easy way to get rid of stubble, but studies have shown that it takes away excellent till builders and removes things from the soil that can't be put back.

And stubble fires at night are doubly destructive, even killing the grown birds. Patterson said, "They can't see the fire until it's too late," he explained.

But in order of greenery by which the majority of our farmers, the pheasant hunting is at its height. The burn gives spruces a big push. Many people have already burned over 200 acres of their land for the season, which the weather and the farmers county who could not afford to leave the opening day of the season.

A number of years, former Governor Preston Smith has helped kick off the season in the local area, providing that there are several younger people in the area, providing that we have a number of young birds. Patterson says, "They can't see the fire until it's too late," he explained.

In closing, he said that according to several area hunters, if they were lucky, were able to enjoy a scene such as the above, where two hunters gained their daily limit of two colorful pheasant roosts. This recently recognized season has been called the "best ever" by authorities.

One of the things about holiday time is getting to see so many of our former friends. This year has been no exception. Maybe for the first time in a very long time, everyone I knew showed up and organized and had everything I had hoped for. This year has been no exception. Anyone who has that much time then can just go to town every day, have holidays, and organize it the way they want. And then, I can just go to town and hang out with everyone else who is organizing and hanging out with me.

Pat and Del Gatlin came from Los Angeles to spend the holidays with their parents, Mr. and Mrs. Wesley Foreman. Pat teaches in an elementary school and Del is employed in the city parks department. I think.

Mr. and Mrs. Jimmy McDowell, Mr. and Mrs. Jack McDowell, Mr. and Mrs. Marshall McDowell, Mr. and Mrs. Claude McDowell, Pat and Leslie of Wellington, Arizona; and Mrs. Gerald McDowell, Johnny and Mrs. Janet McDowell and Marty of Lubbock.

Mr. and Mrs. J.L. Bailey and Mrs. Cleo Agee and Davin of Amarillo, and Mr. and Mrs. Donn Woodruff of Perryton. Ramey Beene, who has been a very influential person in our community, and Bonnie Crofford moved to San Antonio and are no longer in the area. They are in the process of getting married. They are in the process of getting married again.

The Springs and their guests spent several days away from the ranch. That was a welcome change for our guests. Many of them had been here for a long time and were happy to have a chance to get away from the ranch.

Mr. and Mrs. Sammy Grisham and their family, who were in town for Christmas, also had a most unusual experience. They were on their way home from the ranch when they were stopped by a drunk driver. The driver had been drinking heavily and was driving erratically. They were able to get away safely, but the experience was very unsettling for all of them.

Tom Watkins, also an employee of the ranch, accompanied her twin sister, Karen, who had just had a baby girl. The baby was born in Waco, and the family was visiting her and her new baby. They were in town for Christmas, and the family was happy to be together.

The family is also excited about the new baby girl that was born to John and J.B. and Anita Taylor of Center. The baby was born on Christmas Day, and the family is thrilled with her arrival. They had not seen Amy, J.B., and Anita Taylor of Center, for a long time, but they were happy to see them again.

Other guests in the Ancel Renner family include Cotton Renner and their families. Another baby girl was born to John and J.B. and Anita Taylor of Center.
