It Was An Ooey, Gooley Mess

Two large trucks escaped with minor damage after jack-knifing on Highway 60 east of Friona this past Monday.

Reason for the accident was a slick stretch of highway caused when some liquid fertilizer was spilled on a stretch of the eastbound lane.

Gene Weatherly was driving a "Big A" machine belonging to Jerry Loflin when a hose busted and caused some of the mixture to spill along about a tenth of a mile on the highway.

The trucks hit the solution, and slid sideways. The highway was blocked for some time, due to the trucks, and until the fertilizer could be washed off the road.

Letters To Editor

Dear Editor:

I would like to know something concerning free school lunches. Does the school demand any proof of financial yearly income?

If it doesn't, I think there could be a lot of freeloaders. Does the school take the school taxes and give these freeloaders an easy ride? Then, have to raise the school taxes because of these freeloaders?

I know times are hard, but I also know there are a lot of free lunches that shouldn't be.

(Withheld because I don't care what

the Department of Health, Education and Welfare says, I bet there are some that would discriminate against me.)

Gather 'round the Holiday Table

The traditional Thanksgiving turkey, carved by father and served in bountiful abundance with all the trimmings to all the family, is just one of the many high points of Thanksgiving Day.

Traditional, too, is the thoughtful pause to remember and to be especially grateful for the many blessings that increase day by day.

SCS News

Last week we mentioned corn residue management and gave some good reasons for not burning residues.

This week we want to continue with our series of three articles on residue management. I guess the best way to continue is to say we believe burning residues is detrimental to the soil. Secondly we believe residues should be left on the soil surface. I was asked just last week for the reasons for my thinking on this.

out this week is that the soil is full of living organisms. A healthy soil has millions and millions of organisms per cubic foot. These organisms make humus. They make soil nutrients in a form the plants can use.

What do these essential organisms live on? Organic Matter! What is organic matter? Crop residues! When residues are burned the food for the organism is gone. What organisms that are not killed by the fire starve to death? Your stomach is full of organisms that keep you healthy.

12 Persons Injured

The Texas Highway Patrol investigated 12 accidents on rural highways in Parmer County during the month of October, 1975, according to Sergeant W.E. Wells, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed and 12 persons injured. The rural traffic accident summary for this county during the first ten months of 1975 shows a total of 108 accidents resulting in one person killed and 65 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for October, 1975, shows a total of 543 accidents resulting in 18 persons killed and 283 persons injured, as compared to October, 1974, with 502 accidents resulting in 19 persons killed and 215 persons injured. This was 41 more accidents, one less killed, and 68 more injured in 1975 at the same period of time.

The traffic deaths (18) for the month of October, 1975, occurred in the following counties: five in Parker; two each in Stonewall, Castro and Randall; and one each in Baylor, Crosby, Lamb, Palo Pinto, Wise, Armstrong and Motley.

PAUL CRUME

Cancer Claims 'Big D' Writer

Paul Crume, front page columnist for the Dallas Morning News and former resident of the Oklahoma Lane-Lariat community, died Sunday at Dallas. Services were held Monday afternoon at the Cochran Chapel United Methodist Church with burial in Hillcrest Memorial Park.

Mr. Crume, 63, joined the staff of the Dallas newspaper in 1936. He had known of his terminal cancer for almost a year, but continued writing his "Big D" column until four days before his death.

His final column appeared Thursday and he wrote of death with his typical Crume humor.

"The courts continue their gradual enslavement of the people. The judge who has been trying the Karen Quinlan case up in New Jersey has now declared that nobody has a constitutional right to die.

"The question of the constitutionality of dying raises some interesting questions about basic law. We have searched the Constitution diligently and can find in it no constitutional right to be born. We are talking about the United States Constitution. Nobody can find anything in the Texas Constitution.

Mr. Crume was born in Alpena Pass, Ark. He moved with his family to Parmer County when he was 11. At the age of 12, he went to work part-time as a printer's devil, sweeper-outer and staff reporter for the State Line Tribune at Farwell.

He was graduated from the University of Texas at Austin in 1936 and joined the News staff in June of that same year. Except for four years as a U.S. Navy officer in World War II, Mr. Crume has worked for the News since that time.

Many of his columns concerned his boyhood in Parmer County and had the flavor of the Panhandle. In the early 1960s, he wrote of Lariat: "...it is about to progress me out of anything to write about. Lariat has matured. It has a population of two hundred. It has a tree, which gives it a gardened look..." And of the Panhandle: "I admit to the richness...of the Panhandle landscape generally now, but not to a

PAUL CRUME

beauty superior to that I knew. For the landscape that moves a man most powerfully is the landscape in his mind..." Many of his thoughts on the Panhandle and his boyhood here are included in "A Texan at Bay," a collection of his columns published in 1962.

Survivors include his wife, Marion; a son, Christopher Paul Crume of Dallas; a sister, Mrs. Mary Lou Taylor of Friona; seven brothers, Joe Crume of Denver, Hugh Crume of Fremont, Calif., Van Crume of Albuquerque, Vance Crume of Hereford, Charles Crume of Orlando, Fla., Barney Crume of Lubbock and Bill Crume of Dallas.

We Cherish The Legacy From Our Forefathers

The Winter of 1620 marked the arrival of the first Pilgrims. They were met with the hardships of a bitter New England winter.

With Spring came the knowledge of productive farming. Encouraged, taught by native Indians, they sowed their first corn crop.

In honor of a fruitful year, a day of Thanksgiving was proclaimed — to show gratitude for their blessings.

Football Race Gets Tight For The Lead

The race for grand prize tightened up considerably in the Friona Star's football contest, with a two-way tie resulting with two weeks of games remaining.

Jack Clark, who held a two-point lead going into last weekend's contests, but found himself tied with Bobby Drake after those games. Each has a score of 166 after 11 weeks.

Don Fortenberry moved into second place, a point behind the co-leaders, with a score of 165. Next comes Fred Barker, Jr. and Marie Fleming with scores of 164. Dan Carthel, Jackie Clark and Moveida Fortenberry are at 163.

From all appearances, the race for the three grand prizes will go right down to the wire. All contestants are reminded that the 13-week contest still has a week to run after the current weekend's games. The final slate of games can be found in this issue of the Star.

Wayne Mills won the weekly prize of \$10.00 with a score of 19. He was the only one of the 145 contestants entering to post a score of 19. His only miss was the Panhandle-Dalhart game.

Second place went to Mike Field, who had 18. Field missed Pittsburgh-Notre Dame and the New York Giants and Philadelphia. He was 21 points off on the Friona-Morton score.

Marie Fleming, who also had a score of 18, claimed third place. Her misses were the Notre Dame-Pittsburgh and Miami-Houston games. She was 25 points off on the tiebreaker score.

Other scores of 18 were turned in by Kay Nuttall and Lee Roy Nuttall. Scoring 17 right for the week were Cindy Carthel, Kathy Cain, Fred Barker, Jr., Jimmy Walker, Larry White, Bobby Zetsche, Herb Seright, Gene Strickland, Joy Morton and Michael Means.

Approximately 100 people attended the Parmer County 4-H Achievement banquet in Friona Saturday night, November 8. This event was attended by 4-H members and parents from throughout Parmer County. As in years past this banquet was sponsored by the Deaf Smith County Electric Cooperative and Bailey County Electric Cooperative.

The banquet activities were conducted by 4-H members from each club in the county. The master of ceremonies was Gary Don Schueler of Rhea. Giving the invocation was Jimmy Rhodes of

Bovina. Jacquelyn Langford of Farwell led the pledge of allegiance and Lezli Williams of Bovina led the 4-H motto and pledge.

The introduction of guests was given by Susan Anderson of Rhea. Evelyn Hart of Friona and Michael Mimms of Lazbuddie spoke on the highlights of the 4-H year. Kathy Williams of Bovina gave recognition to the banquet sponsors and Cheryl Gohlke of Farwell recognized the adult leaders. Johanna Mesman of Farwell gave the benediction. The entertainment for the evening was given by Nell Fulks of Friona, the 1975 Maize Days Queen.

CORNER CATCHER

The only center pivot in the world that hits the corners.

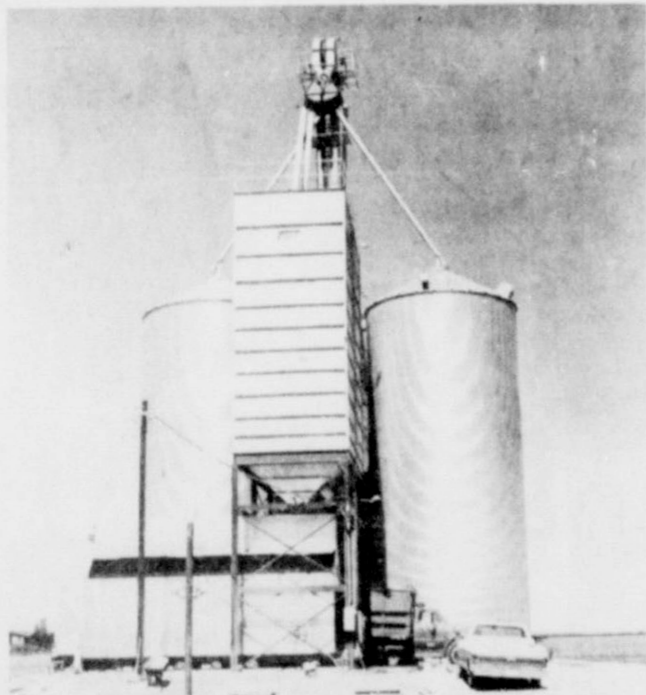

In a typical quarter section where a regular center pivot is irrigating 132 acres, you can now do about 150 acres. But the new Valley Corner System isn't limited to squares. Irrigate both ends of a rectangle. Irrigate odd shaped pieces of land too. It's the answer to getting valuable productive land that's been wasted, back under center pivot irrigation.

For flood irrigators, it's also the answer to automatic water and labor saving center pivot, without wasting valuable acres. No monitoring, no labor problems, no night work. But you have all the advantages of precise irrigation and fertilizer application through the system, that produces higher yields than ever before. It's a simple concept, precise in operation and engineered with quality of all Valley-built Center Pivots.

Chiefs Surprise Tulia; Squaws Win, 56-53

The Friona Chieftains and Squaws started their 1975-76 basketball seasons off on the right foot here Tuesday. The Squaws scored a thrilling 56-53 win over the Hornets, and then the Chiefs raised some eyebrows by popping the Hornets, 59-53.

The Chiefs, cast in a rebuilding year after losing all five starters from 1974-75, surprised the tall and talented Tulia team, which has been tabbed as one of the teams that might win District 4-AA.

The Hornets, with three-sport star Raymond Williams hitting 38 points, held the lead only during the early part of the game, and then briefly in the final quarter after the Chiefs hit a cold spell.

Roy Smith got the first basket of the season for a 2-0 Friona lead, and the teams swapped baskets for most of the opening period. Tulia finally forged ahead 8-6 on a shot by Williams with 3:40 left in the quarter, and a full-court pass to the Tulia star enabled him to sink a last-second basket for a 15-12 Tulia lead at the quarter mark.

The Hornets built a five-point lead, their longest, early in the second quarter on the shooting of their 6-3 star.

However, David Barnett canned a layup shot 3:18 before halftime to put Friona back in the lead at 26-25. Keith Martin followed with a jumper, and then Barnett's tip-in made the score 31-25 inside two minutes. Jeff Whiteside connected on a shot from the side just before the halftime buzzer, and Friona had built a surprising nine-point lead, 35-26.

The Chiefs continued their hot shooting in the third quarter, when Smith hit four baskets and a pair of free shots to pace the team to a 13-point edge at 39-26, 41-28 and again at 47-34.

However, the Chieftains' scoring express derailed toward the end of the third quarter, and Friona didn't score for the first 3:43 of the final quarter, and their 13-point lead evaporated.

Before Barnett clicked on a jump shot from the side, Tulia had pulled to within one, 47-46. When Williams scored a pair of baskets within a minute, Tulia was in front, 51-49.

Mark Nell's layup tied the score at 51-51 with 2:20 left, and Jimmy Murphree's jumper from the side gave Friona the lead to stay at 53-51.

Friona slowed it down with a four-point lead. Smith scored with 30

seconds left, and Barnett made a free shot after being fouled for the final margin.

Barnett's 18 points, and Smith's 16 paced the Chiefs.

+++

The Squaws and Hornets fought it out in a close finish. Friona was ahead most of the way, but the visitors made it uncomfortable in the closing minutes.

The free-throw shooting of Tulia's Christy Stephens cut Friona's lead to 48-47 with 4:21 left in the game. Terri Patterson came in to score

MORTON FALLS 28-0

Defense Is Super In Season Finale

The Friona Chieftains salvaged something for their season in the team's final game of the 1975 football season here last Friday, with an impressive 28-0 win over the Morton Indians.

The win enabled the Chieftains to place fourth in the final district standings, ahead of the Indians.

It was a super defensive effort for the Chieftains, who limited Morton to only 57 total yards, including just 14 for the second half. Friona's pass defense didn't allow the Indians to complete a single pass (out of 11 attempts), and intercepted four of the pass attempts.

For his part in the victory, senior linebacker Davy Carthel was named the "player of the week" for Class AA teams in this area by the Amarillo Globe-News. Carthel was credited with 15 unassisted and 15 assisted tackles during the game.

Sophomore fullback Glen London, who emerged as the team's leading rusher for the season in his first year on the varsity, had his second straight 113-yard game, and scored a pair of touchdowns.

The scores gave London three TDs in his last three games and 32 points for the season.

Friona turned a Morton gamble into their first touchdown drive. Morton faced fourth down and a yard to go on their own 40-yard line.

The Chieftains rose up to stop Morton's quarterback for no gain, and had good field position at the Indian 40.

Bobby Zetsche gave the team a first down with a 15-yard run to the Morton 25, ran nine more yards to the 16, and London made the first down to the 14.

After getting first and goal at the four, London crashed in from the one with the game's first score with 7:15 left in the first half. The Chiefs were going to kick, but the snap went over everyone's head at about the 20-yard line. That left Friona with a 6-0 lead.

Friona forced a punt, then set sail on another drive. Keith Martin passed 11 yards to David Barnett and then ran eight yards on a keeper play to set Friona up first and goal at the five.

London then took a pitchout around the left side and went into the end zone untouched for his second score. Martin then ran a keeper play around the left side and easily went in for a two-point conversion to make Friona's lead 14-0 with 2:49 left in the half.

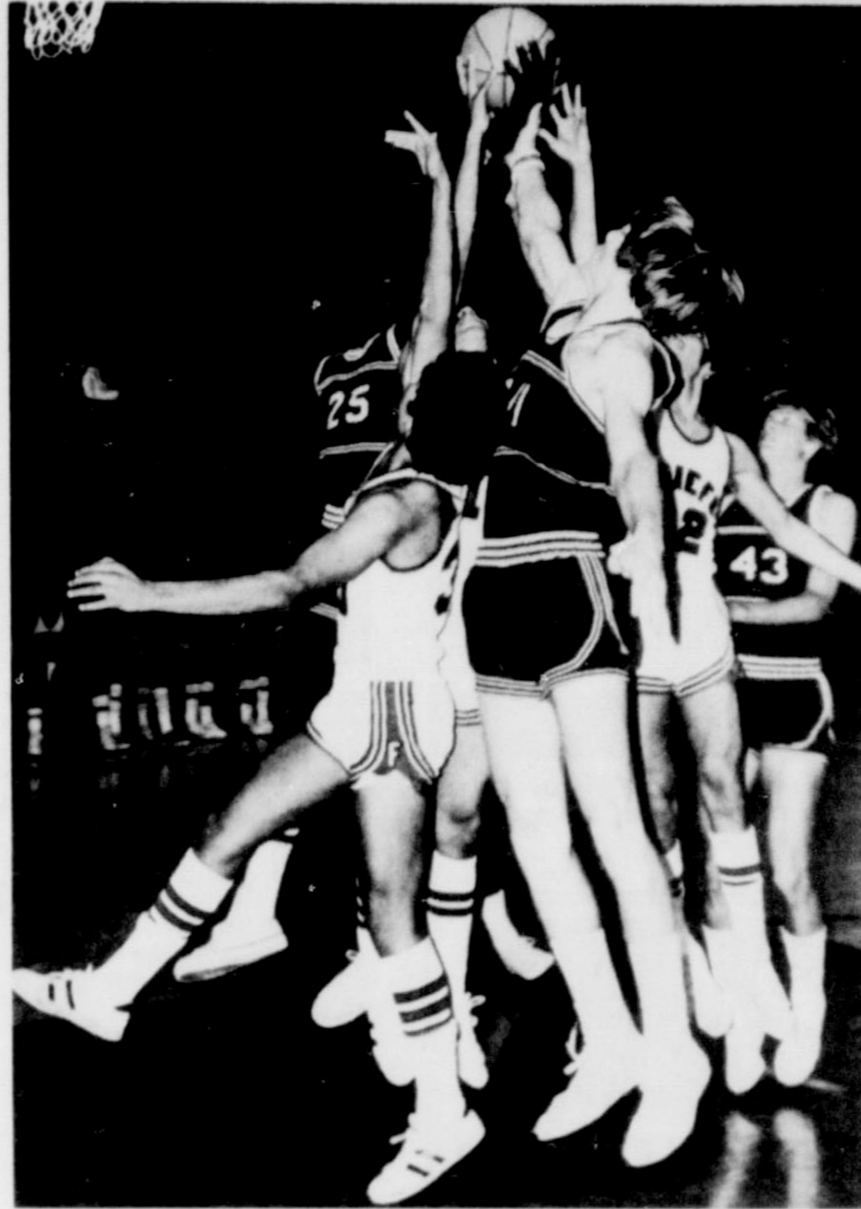

Friona threatened in the third quarter, following a pass intercept-

four timely baskets, to increase Friona's lead to 54-18.

Tulia cut the margin to three points, at 54-51, with 1:27 left in the game, but Miss Patterson, who led all scorers with 38 points, calmly sank a pair of free shots spaced around two timeouts by Tulia, for the final margin.

The win enabled new Squaw head coach Al Lemons to open with a win.

The Squaws, with a good nucleus of returning talent, have been picked to fight it out with the Dimmitt Bobbies for the District 3-AA title.

BATTLE FOR BALL....Edward Castillo, left, Eddie Bermea (almost hidden) and Ernest Mills, right, are shown battling for the ball for the Friona JV in their season opener here against Tulia Monday. The team won the game, 43-41, as Friona took three of the four opening games.

Chieftain JV Tops Tulia, 43-41

Friona's junior varsity boys basketball teams started their season, here Tuesday, Nov. 17 by defeating Tulia's JV, 43-41.

The game was close from start to finish with the score never being more than six points difference. Each team held a six point lead in the game.

Tulia jumped out in front 4-0 before Koty Kothmann put Friona on the board with 5:27 left in the quarter, he tied it up at 6-6 on a free throw with 47 seconds left in the quarter. Cliff McLellan gave Friona their first lead of the game, 8-6, with 12 seconds on the clock.

Friona had a six point lead (13-7) with 4:42 left in the first half but Tulia battled back to within one (13-12) with 3:07 left.

Tulia took the lead 26-25 with 4:42 in the third period.

They went on to lead by six (35-29) with 5:46 left in the game. Friona made eleven points before Tulia could score again and led 40-35 with 2:47 left.

Friona kept the lead the rest of the game and let them have an easy shot, to keep from fouling, with 18 seconds left to put them within two, 43-41.

Koty Kothmann was high scorer for the game with 15, 7 of these from the foul line and four of those when they were trailing by six.

Friona 8 19 27 43

Friona schools will dismiss early on Wednesday for the Thanksgiving holidays, it was announced this week by Superintendent Tom Jarboe. Classes will dismiss and buses will run at 2:45 p.m. Wednesday, November 26. School will be out Thursday and Friday, resuming at the regular time on Monday, December 1.

Squaw JV Falls To Tulia JV

The Friona Squaws junior varsity dropped a 53-33 decision to visiting Tulia here Monday in the team's season opener.

Tulia jumped out to an 8-2 lead early in the game, and were never in serious trouble. Friona pulled to within two at 15-13 early in the second quarter on a pair of free throws by Linda Nelson. But Tulia responded to lead 23-13, and had a 32-17 lead by halftime.

The Tulia girls were tough on the boards, and shot well from the floor and foul line.

Miss Nelson was Friona's leading scorer with 17 points. Barbara Rhodes scored four, Cindy Smiley four and Betty Rando eight for the Friona girls.

Every member of the Friona squad saw action.

Whites Complete Busy Schedule

Saturday, November 8, was a very special day to Mr. and Mrs. Edward S. White Sr. of 201 East Ninth Street. It was their fiftieth anniversary and his 82nd birthday.

Ed was born south of Chester, Illinois, November 8, 1893. He came to Friona in July of 1920 and went to work for the late T.J. Crawford in his general mercantile store in April of 1922.

When asked by a Star reporter about his attraction to Friona, his reply contained only two words, "Uncle John."

Uncle John White was the founder of the Friona Star and edited the paper for many years. He then operated a printing shop until he reached an advanced age.

His nephew, Ed, has been connected with the grocery business longer than any other merchant in town. He worked for Mr. Crawford 25 years, then bought the store, which he operated from 1947 until it moved to its present location about 15 years ago.

Since that time, his oldest son, Edward Jr. has been the manager, but customers still see Ed helping out when his help is needed. He is generally around about closing time.

Thursday afternoon he and Fern took two of his sisters to the Amarillo Airport, but after he got home and rested a few minutes he went back to the store.

Earlier this week the Whites made a trip to Amarillo Airport to take Ed's brother and his wife to catch a plane for their home in Fort Lauderdale, Florida.

The couple has nine children—six daughters and three sons; five sons-in-law; two daughters-in-law; and numerous grandchildren, great-grandchildren and great-grandchildren.

Fern's parents, the late Mr. and Mrs. J.B. Hamm, lived in Kansas, but were here temporarily due to the illness of one of their daughters, Mrs. John Key, and it was during this time that Fern and Ed became acquainted.

These two were married in the Methodist parsonage at Bovina by Rev. I.E. Walker, who served as pastor of the Friona Methodist Church and Bovina Methodist Church.

One of Fern's sisters, Ruby, who was later married to Ernest McIntosh of Topeka, Kansas, attended the wedding ceremony and was present for the Golden Wedding Anniversary reception with her husband.

Ed has been an avid baseball fan for many many years and has attended numerous big league games.

"I love baseball and saw three games in the Astrodome in Houston that were spectacular this year, but I've never made a World Series yet," said Ed. Then he added, "Baseball, yes! But no football!"

The Whites attend Friona United Methodist Church. Fern is also an active member of Friona Rebekahs and Friona Woman's Club.

They are both in good health and travel quite a lot. Generally they alternate the driving.

In summing up his opinion of the Golden Wedding Anniversary reception with all the visitors and excitement, Ed said, "I wondered how we were going to make it, but I really think it made me feel younger."

Then, he speculated, "Walter Key of Amherst is 89 and he drove up here and back by himself. I hope I can do that seven years from now."

Chiefs Hold Stat Lead For Season

In spite of posting only a 2-8 season record, the Friona Chieftains managed a statistical lead over their ten season opponents, it was revealed this week.

The Chiefs held a lead in team rushing, 2,285 yards to 1,925 yards, and in total offense, 2,563 yards to 2,448.

The team's excellent showing in the season finale against Morton enabled them to hold the lead, after they had been close or leading for most of the season.

In individual stats, sophomore Glen London was the team's leading rusher, with 729 yards on 158 tries, a 4.6 yards-per-carry average.

London's totals may be an all-time record for a sophomore running-back. It certainly is the most for a sophomore at FHS in the past 14 years. The closest to that total was Clay Bandy's 456 yards as a sophomore in 1972.

Tony Perea, the all-time rushing leader for FHS, only had 276 yards as a sophomore. He came back with around 800 yards as a junior, then put it all together with a 1721-yard performance his senior year.

Bobby Zetzsche was the team's scoring leader with 48 points, and London chipped in 32.

Senior David Barnett was the leading pass catcher with nine catches for 114, including a touchdown on his last catch.

Does the same kind of policy cost the same with different companies?

No. Many policies may have special features . . . at extra cost. Because of the importance of all types of insurance, and in some cases, the long-term nature, insurance should be purchased with care. The most important single factor is choose a good insurance agent. He or she will be advising you on matters which will affect your security and pocketbook. Every agent must pass a state test to qualify for an insurance license. Check the company. Has it met State Insurance Commission regulations? Compare companies' premium-rate schedules. However, as with anything you purchase, cost is not the only important factor. Service from your agent and the company he represents are of equal value and importance to you.

All our 55 nuclear reactors operating today operate by nuclear fission, which releases enormous amounts of energy, that is safely turned into electricity!

HOW'S The Electric Company DOING?

Let's ask J. T. Burk, stores superintendent . . .

"Crossarms are such a common sight that you probably don't even notice them. But we have thousands of crossarms in our system . . . and they're necessary to bring electricity to you. Ten years ago, one of these crossarms cost \$3.43, but today an identical crossarm is \$11.46."

That's a whopping 234% increase . . . a reason electricity may be costing you more these days. Even so, electricity is still a big bargain . . . because it's always there when you need it.

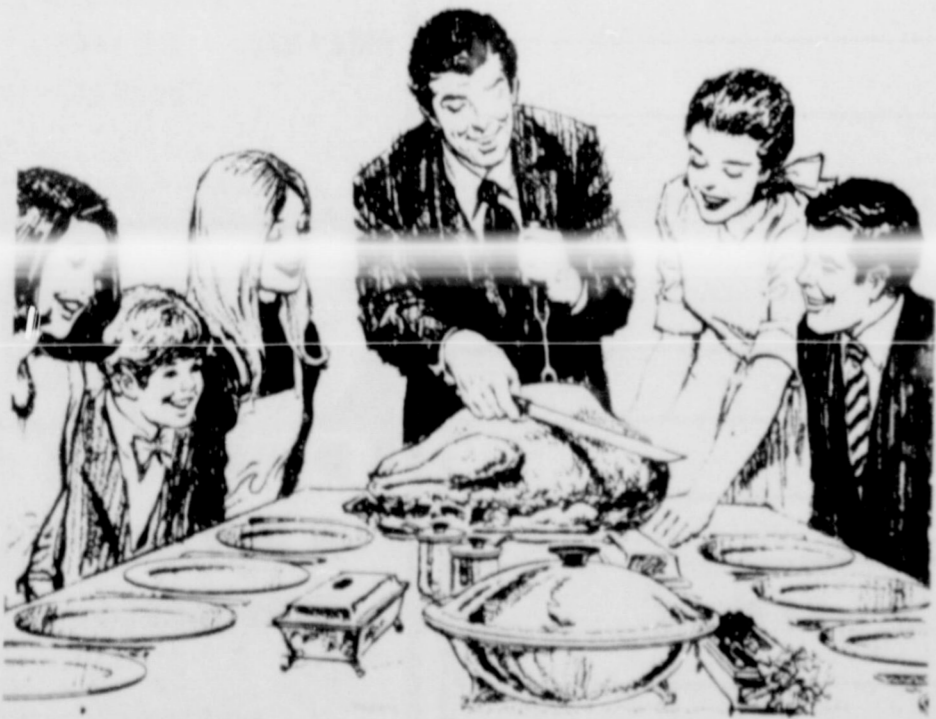

The Future IS Electric!
